## Session from Dec 11, Govt to turn up heat

Ram temple, triple talaq on agenda; Assembly poll results to set tone in Parl

DEEPAK K UPRETI ■ NEW DELHI

The month-long Winter Session of Parliament, the last of the 16th Lok Sabha, is set to commence on December 11 with the Modi Government wanting to give a final push to the passage of the controversial triple talaq Bill pending in the Rajya Sabha and score a "winner" before taking on the Opposition which is working on an anti-BJP alliance across the country. The Cabinet Committee on Parliamentary Affairs (CCPA) on Tuesday night recommended convening of the Winter Session from December 11, 2018 to January 8, 2019.

The Ram temple issue is expected to echo in the Winter Session with the BJP and the Opposition launching attack against each other. The Opposition would go all out to accuse the ruling party of communalising the politics on the eve of Lok Sabha polls which are only months away.

BJP Rajya Sabha member Rakesh Sinha has said he may bring a private member Bill in the Upper House demanding the construction of the temple in Ayodhya. The BJP is hoping that the Bill may force the Opposition parties to take a stand on the sensitive issue. The Bill, if brought on the table, could also be put to vote.

The Winter Session will start on the day (December 11) when the counting of votes is to commence for five State

- ▶ The Cabinet Committee on Parliamentary Affairs on Tuesday night recommended convening of the Winter Session from December 11 to January 8, 2019
- ▶ The Ram temple issue is expected to echo in the Winter Session with the BJP and the Opposition launching attack against each other
- ▶ Triple talaq, which has been made a penal offence by the Government by way of promulgating an Ordinance, would again be tested finally on the floor of the Rajya Sabha

Assemblies with the BJP seeking a repeat mandate in Madhya Pradesh, Rajasthan and Chhattisgarh. The results by the evening would create a political impact on the tempo of the Winter Session with the winner sure to dominate the proceedings in next one month.

Much is at stake for the BJP and the Congress and other Opposition parties in the poll outcome of Madhya Pradesh, Rajasthan, Chhattisgarh, Telangana and Mizoram which may set the narrative for the general elections 2019 and could provide a definite suggestion to the political prowess

of the either side. Triple talaq, which has been made a penal offence by the Government by way of promulgating an Ordinance, would again be tested finally on the floor of the Rajya Sabha where it has been pending after being passed in the Lok Sabha where the BJP has a thumping majority.

The Government would also want the Indian Medical Council Amendment Ordinance and the Companies Amendment Ordinance to be passed as Bills in this session.

The Winter Session will be the "last roar" of the Modi Government on the floor of

Parliament with the Opposition parties likely to put a collective effort to puncture it and set their campaign agenda against the BJP.

Andhra Pradesh Chief Minister Chandrababu Naidu, whose TDP has quit BJP-led National Democratic Alliance, has been touring various Opposition parties-led States to work out a common strategy against the Modi Government in the Lok Sabha poll. The Parliament session will test whether a "grand alliance Opposition parties" would speak in one voice on the floor of Parliament or would experience disarray on the eve of final electoral battle, next year.

Minister of State for Parliamentary Affairs Vijay Goel said the session from December 11 to January 8 would have 20 working days. This would bring down curtain on the 16th long Lok Sabha where, for the first time, the BJP had a majority on its own.

"We seek support and cooperation of all parties for the smooth functioning of Parliament during the session," said Goel.

The session was delayed this year due to the Assembly elections in five States.

The onus of conducting Parliament session from the Government's side would fall on Narendra Singh Tomar and Goel following the untimely demise of Parliamentary Affairs Minister Ananth Kumar.

## No debate on Rafale price if it's not made public: SC

Court reserves order on pleas for SC-monitored probe into deal

PNS ■ NEW DELHI

The Supreme Court on Wednesday said there is no question of a debate on the pricing of the Rafale fighter deal in the court till it comes to the conclusion that the pricing information is to be brought in the public domain.

The court reserved its order on pleas seeking court monitored probe in procurement of 36 Rafale fighter jets. The Government refused to make public details related to the pricing of the 36 Rafale fighter jets in the Supreme Court, saying "our adversaries may get an advantage" by such a disclosure.

A Bench comprising Chief Justice Ranjan Gogoi and Justices SK Kaul and KM Joseph concluded in nearly four hours the arguments advanced by various parties which have also sought registration of FIR in connection with the alleged irregularities in the deal.

India had signed a Government to Government contract with France in 2016 worth over ₹59,000 crore to buy 36 fighter Rafale jets in the fly-away condition.

The apex court also said it is dealing with the requirements of the Indian Air Force and would like to hear from an

Deputy Chief of Air Staff Air Marshal VR Chaudhari and Air Marshal Anil Khosla leave the Supreme Court after a hearing on the Rafale Deal, in New Delhi on Wednesday

Air Force officer and "not the official of the Defence Ministry."

Deputy Chief of Air staff Air Marshal VR Chaudhari and two other officers from Indian Air Force appeared in the Supreme Court on Wednesday to assist it on the issue of the procurement. They told the court that no new aircraft has been inducted in the Air Force since 1985.

On price issue, the SC said, "The decision we need to take is whether to bring the fact on pricing in public domain or not."

The Bench, also comprising Justices SK Kaul and KM Joseph, told Attorney General KK Venugopal that there is no question of any debate on pricing without making the facts public. The Bench clarified that any discussion on price will be considered if it thinks the issue should enter the pub-

lic domain. Venugopal defended the secrecy clause relating to the pricing of the Rafale jets, saying adversaries may get an advantage if the entire details are disclosed. Refraining to divulge details on the pricing aspect, he said he would not be able to assist the court further on the pricing issue.

"I decided not to peruse it myself as in a case of any leak, my office would be held responsible," Venugopal said. The Bench then told him there is no question of any debate on pricing without making the facts public.

He also said these matters are for experts to deal with. "We have been saying that even Parliament has not been told about the complete cost of the jets," he said. At the exchange rate of November 2016, the cost of a fighter jet was ₹670 crore, he said.

## Lankan House says no trust in Prime Min Rajapaksa

PTI ■ COLOMBO

Sri Lanka's Parliament on Wednesday passed a no-confidence motion against Prime Minister Mahinda Rajapaksa, who was installed by President Maithripala Sirisena in a controversial move, a day after the Supreme Court overturned the presidential decree to dissolve the House and hold snap polls on January 5.

Amid raucous scenes, Parliament on Wednesday met for the first time since October 26 when President Sirisena sacked Prime Minister Ranil Wickremesinghe and installed Rajapaksa in his place and suspended the House, plunging the island nation into an unprecedented constitutional crisis.

Speaker Karu Jayasuriya announced that a majority of the 225-member Parliament supported the no-confidence motion against Rajapaksa, the 72-year-old former strongman, who ruled the country for a decade from 2005. "According to the voice, I recognise that the Government has no majority," Jayasuriya announced in the House as Rajapaksa supporters protested.

He gave the ruling after the no-confidence motion was taken for a vote. The Speaker calculated the votes based on the voices he heard.

The passing of the no-confidence motion comes as a major blow to President Sirisena and a victory to ousted Prime Minister Wickremesinghe. The resolution was moved by Left-wing Janatha Vimukthi Peramuna party leader Anura Kumara Dissanayaka and lawmaker Vijitha Herath.

The Tamil National Alliance and smaller Muslim parties supported the no-confidence motion. Three newly sworn Cabinet Ministers and a state Minister also crossed over to the Opposition benches in support. Rajapaksa needed the support of a minimum of 113 lawmakers in the House to prove his majority.

## Rain washes off dust, but Delhi stares at pollution relapse today

SAPNA SINGH ■ NEW DELHI

A brief spell of rain on Tuesday night came to the rescue of the people residing in the national Capital as Delhi's air quality improved "remarkably" and the National Ambient Air Quality Index recorded the level of harmful pollutants as "lowest" of this season.

The contribution from stubble burning to pollution was recorded at three per cent. From severe to poor, SAFAR's trend marked air quality relatively good! However, the forecast said air quality may deteriorate from Thursday.

The major pollutant PM 10, which has remained above 410, was recorded at 280 on Wednesday, whereas PM 2.5 was significantly less on Air Quality Index (AQI) at 127.

According to the Central Pollution Control Board (CPCB), Ministry of Environment, Forest and Climate Change (MoEF & CC), the overall average Air Quality Index was recorded at 312 microgram per cubic which was 642 on the very next day

of Diwali. Citing the local climate trend, SAFAR said air quality has improved considerably due to rainfall early on Tuesday; it washed away bigger particles and created space for faster dispersion without decline in temperature.

"AQI is back to 'very poor'. A slight increase in AQI is predicted in next three days and likely to remain very poor," SAFAR said. "This is mainly due to the fact that surface winds are still low and temperature is likely to cool down. Stubble fire is

unlikely to impact Delhi AQI as fire counts are significantly down and winds are also flowing from other direction," SAFAR explained on Met graph.

The largest contributor to PM 2.5 pollution on Wednesday was power plants followed by diesel generators. Household pollution contributed 15.9 per cent.

Meanwhile, air quality in neighbouring States of Delhi was better.

The restriction imposed by on heavy vehicles' entry to Delhi was lifted on Wednesday.

Bajirao gets Mastani: Guests attend the wedding of Bollywood stars Deepika Padukone and Ranveer Singh at the Villa Balbianello in Lenno, Como lake, northern Italy, on Wednesday. The wedding at Villa Balbianello, a lakeside mansion featured in Star Wars and James Bond films, came on the fifth anniversary of the release of their first movie together, Goliyon Ki Raasleela Ram-Leela

## How to make a monkey out of simians at Parliament

RAJESH KUMAR ■ NEW DELHI

With monkey menace prevailing in the corridors of power in New Delhi, including Parliament, ahead of the Winter Session, the Lok Sabha Secretariat has come out with a circular advising people not to make direct eye contact with monkey and do not cross the path between a mother and her infant.

The Parliament House Complex, along with other nearby buildings, including the North and South Blocks and the Rashtrapati Bhavan around the Central Ridge forest, faces monkey menace. There is no official data on Delhi's monkey population.

The city has thousands of Rhesus Macaque monkeys that break into houses, terrorise people and steal food. The

civic bodies estimated around 30,000-40,000 monkeys in the national Capital. Many people feed monkeys on Tuesdays and Saturdays — days associated with God Hanuman. This practice means that people carrying

food at other times risk being bitten. Around 90 per cent of the monkeys carry tuberculosis.

The circular suggests: "In case a monkey collides with your vehicles (especially two

wheelers), do not stop there. Do not get scared if a monkey makes a 'kho-kho' noise as normally it is a bluff, ignore the monkey and walk away. Be light footed while passing through monkey group i.e. do

**The Lok Sabha Secretariat has come out with a circular advising people not to make direct eye contact with monkey and do not cross the path between a mother and her infant**

not run. Do not irritate or tease the monkey, leave them alone and they will leave you alone," the circular said.

It further suggests that one should not hit a monkey. Keep hitting the ground with a big stick to make monkey leave your house and garden.

Officials of the Municipal Corporation of Delhi (MCD) are clueless about tackling the problem as despite several advertisements none of langur

walas came forward to catch monkeys.

A few years ago, the MCD had tried to relocate the monkeys caught from the Lutyens zone at the Aravalli hills. But the experiment failed as the simians grew in number and fanned out in search of fruits. Locals objected to the place being used for relocation as they faced animal attacks.

In July, the Delhi Assembly had formed a five-member committee to find a solution to the menace of stray dogs and monkeys in many parts of the national Capital.

Earlier, the House committee of the Rajya Sabha, responsible for allotment and maintenance of its MPs' accommodation, wanted to take a different approach to tackle the problem of monkeys and stray dogs. It had sought

public opinion and experts' views to prepare a report after "studying in detail" the issue.

The monkey menace is not entirely a new experience for the MPs. In 2004, when Mani Shankar Aiyar became a Minister, he refused to go to his allotted bungalow on Kamaraj Marg as the unused accommodation had become a night shelter for monkeys.

In 2007, Delhi's deputy Mayor SS Bajwa died of head injuries after falling from his terrace due to attack by a group of monkeys. In 2012, then Finance Minister Pranab Mukherjee once lamented that monkeys were eating his home-grown pumpkins.

In 2016, a simian entered in the reading room of the Parliament meant for MPs and journalists and roamed around for half an hour.

# International athlete hangs self

STAFF REPORTER ■ NEW DELHI

An 18-year-old international athlete allegedly committed suicide by hanging himself from a ceiling fan in his hostel room at Jawaharlal Nehru Stadium on Tuesday evening. The deceased, Palender Chaudhary, hailed from Aligarh in Uttar Pradesh and had represented India in 100 and 200 M races at international level. He also took part in the Youth Asia Athletic meet in Bangkok in 2017 where he won Gold in relay. He also participated in the World Youth Championship last July. As per a senior police official, they were informed about

the case at 9 pm on Tuesday by Safdarjung Hospital.

"Chaudhary was admitted to the hospital in an unconscious state by Coach Harkamaljeet Singh. He has been residing in Jawaharlal Nehru hostel in stadium since November 2016 and was undergoing training for 100 and 200 meter race," said the police official.

"We knew that Chaudhary hanged himself with the help of a crepe bandage in presence of his sister. He was soon rushed by the coach and other guards to the medical centre of Jawaharlal Nehru Stadium. After giving him first aid, he was taken to Safdarjung hospital for further treatment where doctors

declared him dead on Wednesday morning," said the police official.

"No suicide note has been recovered, police said, adding the reason behind taking such an extreme step is being probed. Chaudhary's father Mahesh Pal has arrived from Agra," the senior police official added.

Chaudhary had recently got enrolled in the Indian Army through sports quota and was set to leave for training.

## SPORTS AUTHORITY OF INDIA ORDERS PROBE

Though the police are probing the matter following the death of a young athlete on JLN stadium campus, Sports Authority of India (SAI) has ordered a departmental inquiry in the incident.

"We have ordered a departmental inquiry as the incident happened in our premises. The inquiry will be headed by Secretary SAI Swarn Singh Chabra and it should be com-

pleted within a week," said Neelam Kapur, SAI Director General.

Kapur said, "The enquiry officer will speak to all concerned people-coaches, other athletes and his family members, especially his sister who had come to visit him that evening, to understand what may have led him to take this extreme step. This is a very sad turn of events and we are extending all support to the family. Arrangements are being made to send the body to Aligarh."

"Preliminary investigation showed that the reason behind suicide was monetary issue. On Tuesday morning, Palender had an argument with his father on phone over money. His sister also

came to meet him in the evening on Tuesday. He took the step in front of his sister after threatening her. She came out screaming and our staff immediately went there and brought him down," said Kapur.

However Mahesh Pal Chaudhary, Palender's father said that Palender needed money. "I had assured him that I will give him the money but don't know what happened to him," said an inconsolable Mahesh Pal.

"Everyone on the campus including his roommate at JLN stadium were completely surprised as the entire day he trained and showed no signs of depression," said an SAI official.

# Gzb residents seek penalty on CCIL for making air toxic

SP SINGH ■ GHAZIABAD

The Ghaziabad resident welfare association has sought a penalty on multinational Continental Carbon (India) Ltd (CCIL) for forcing residents to inhale toxic gases such as nitrogen oxide, sulfur dioxide and particulate matter.

The chairman of Ghaziabad RWA, Colonel (Rtd) Tejandra Pal Singh Tyagi, said that the air pollution emitted by CCIL is so intense that the window panes and even surrounding pathways have turned black. "The arteries adjoining CCIL are almost covered with carbon particles," he said.

He also said that approx 200 labourers could be seen every evening coming out from the factory with deposition of black carbon on their face. We have decided to claim damages from CCIL for the inhabitants living areas around Vijay Nagar

and Ghaziabad.

Tyagi, further, said that the firm manufactures a fine carbonaceous powder that is used in tires, plastics, rubber, inkjet toner and cosmetics. "Producing such product creates large amounts of nitrogen oxide and particulate matter of sulfur dioxide which is more than thirty times thinner than the human hair," he said.

PM 2.5 gets accumulated in the lungs thereby reducing the lung capacity by 44 % to the school going children in Delhi. Considering the situation, an immediate action is needed to save the residents, he demanded.

Additional District Magistrate (City) Himanshu Gautam said that the firm has closed its operation temporarily by an executive order. "The request for permanent closure of operation and compensation would be decided at the Government level," he said.

# Top cop launches e-learning portal of Delhi Police

Delhi Police Commissioner Amulya Patnaik launches 'NIPUN' e-Learning Training Platform and Delhi police Training Website on Wednesday. Ranjan Dimri | Pioneer

STAFF REPORTER ■ NEW DELHI

Delhi Commissioner of Police (CP) Amulya Patnaik launched "NIPUN" the e-Learning portal of Delhi Police on Wednesday. Through this initiative, the Delhi Police shall be using advanced technology in imparting in-service training to its personnel.

"The portal aims at giving online training and information through specialised courses designed by experts in the field. With online resource like law, standing orders, investigation checklists, forms for case files, latest High Court and Supreme Court rulings being made available online, it is envisioned that the investigating officers (IOs) will be able to take the benefit of this information during the course of their duty," said Suman Nalwa, Deputy Commissioner of Police (DCP), Training.

Patnaik applauded the efforts of "Training Unit" in

using technology to reach out to a large number of police personnel which is essential to update and keep up with the changes in law. Further, the infrastructure development to cater to training of a large batch of seven thousand constables in a very short span of time was appreciated.

The CP also launched website for 'Training Division' of Delhi Police which aimed at facilitating information sharing between the faculty and the trainees at the Police Training Institutes of Delhi Police. The website provides the training syllabus, study material, sample question papers, manuals, law and much more.

"With more such courses, we shall be able to take 'Yoga' to our police stations for the personnel at the grass root level which shall not only improve productivity but also keep them mentally and physically fit," said the CP.

# 38th IITF begins on rural theme

SUGANDHA ■ NEW DELHI

As the 38th installment of India International Trade Fair (IITF)-2018 commenced in Delhi's Pragati Maidan on Wednesday with the theme 'Rural Enterprises in India', the officials say that the theme commemorates the 150th birth year of Mahatma Gandhi.

"The theme is relevant as India celebrated 150th birth anniversary of Mahatma Gandhi this year. This theme also jells with PM Modi's vision of doubling the income of agriculture community by 2022," said Sanjay Vashista, Manager (PR), India Trade Promotion Organisation.

As one enters Hall-7 of Khadi India, a statue of Mahatma Gandhi is what catches one's eye.

Written above are the words, 'Selfie with Gandhiji'. The statue is once again the main attraction, said other official.

The theme has been depicted in various states pavilions but in the main pavilion at Hall-7, there is a 'theme pavilion', Vashista added.

Hall-7 is totally devoted to Ministry of Micro Small and Medium Enterprises, CAPART, Ministry of Social Justice, Ministry of Minority Affairs, Khadi and Village Industries Commission, Department of area Industrial Policy & Promotion, National Jute Boards, TRIFED etc.

Apart from that, the foreign participants have been given Hall-9 and 10. "This year, participants from 16 countries have come who will be selling stuff to people in Hall-9 and 10," Vashista added.

As per the some officials, this year, the fair has been organised in just 20 per cent of the total area due to some ongoing construction work. This year, the partner country is Afghanistan while the focus country is Nepal. Also, the focus State this time is Jharkhand.

"Due to some construction work, the size of the fair has been reduced. As far as the footfall is concerned, the initial four days being business days will not see many footfalls but people are still showing interest in the fair," said a senior official. The fair will be fully opened for public view from Sunday, Vashista said.

## Lajpat Nagar to Mayur Vihar Metro Pink Corridor to open in Dec

GAYATHRI MANI ■ NEW DELHI

The much awaited 9.7 km Lajpat Nagar to Mayur Vihar section of the Pink Corridor is going to open by December this year. This section will be the first in Delhi Metro to provide a direct connectivity between South and East Delhi by connecting Lajpat Nagar to Mayur pocket-I with an interchange at Mayur Phase-I for Blue Line. Currently, the Pink Line provides connectivity from Majlis Park to Lajpat Nagar and from Trilokpuri to Shiv Vihar.

This stretch is the extension of the operational Majlis Park-Lajpat Nagar section. "Trial runs are in progress on a 9.7-km stretch between Lajpat Nagar and Mayur Vihar Pocket-1. Further, this corridor will cater to a large number of people living in the prominent areas such as Ashram, Mayur Vihar, Nizamuddin, Vinobapuri and other areas. Further, the issues related to Trilokpuri station also solved and the final nod is expected in a week," said a Senior Delhi Metro Rail

Corporation (DMRC) official.

The Hazrat Nizamuddin Metro station on this stretch will connect Hazrat Nizamuddin Railway station as well as the Inter State Bus Terminal (ISBT) at Sarai Kale Khan. Further, 63 metre Foot over Bridge (FOB) has been constructed on the interchange station- Mayur Vihar-I.

"Once the station becomes operational, it will make travel easy for the people going to Noida. This section will be a major boon for this part of the city as it does not have a metro network yet. Also, this

section will become an easier route those who loves shopping as this corridor will connect the two major shopping

hubs of the city-Lajpat Nagar, South Extension, INA and Sarojini Nagar," said the official.

**This stretch is the extension of the operational Majlis Park-Lajpat Nagar section. Trial runs are in progress on a 9.7-km stretch between Lajpat Nagar and Mayur Vihar Pocket-1. Further, this corridor will cater to a large number of people living in the prominent areas such as Ashram, Mayur Vihar, Nizamuddin, Vinobapuri and other areas**

The section will consist of five stations at Vinoba Puri, Ashram, Hazrat Nizamuddin, Mayur Vihar-1 and Mayur Vihar Pocket-1. Among the five stations, Mayur Vihar-1 and Mayur Vihar Pocket-1 will be elevated.

"The opening of this section by the end of the year will mark the completion of the Majlis Park-Shiv Vihar Pink Line at 59 kilometres. After its opening this section will become the longest line of Delhi metro network," added the official.

## Drizzle makes pollution less severe in red zones

STAFF REPORTER ■ NEW DELHI

Most polluted areas in the National Capital that fall in the 'red zone' areas in terms of poor air quality, showed lower values of major pollutants on Wednesday. Anand Vihar, Punjabi Bagh, Mundka and other areas were marked under 'good category' on national ambient air quality (NAQI) index after overnight drizzle that brought down the pollutants in the air.

According to the available data, 21 areas in Delhi recorded 'very poor' air quality while 14 areas showed 'poor' air quality, the Central Pollution Control Board (CPCB) said. Similar conditions are likely to prevail in the coming days, according to SAFAR.

At city's busiest junction Anand Vihar, Values of PM 10 was recorded between 800 microgram per cubic and 1100, however, on Wednesday, values were recorded at 219 and 112 for both PM 10 and 2.5. The overall air quality index (AQI) was recorded at 312 which falls in the "very poor" category, according to data by the CPCB. Ghaziabad, Faridabad,

## Capital sees humid day with minimum temp above normal

It was a humid day in the National Capital on Wednesday with the minimum temperature settling at four notches above normal.

"The minimum temperature was recorded at 17.6 degrees Celsius, four notches above normal, while the maximum temperature settled at 28.5 degrees Celsius, normal for this time of the year," a Meteorological (MeT) official said. The humidity levels oscillated between 94 and 47 per cent.

Delhiites woke up to over-cast skies in the morning following overnight rains in several parts of the city. However, no rainfall was recorded during the day.

The weatherman has forecast cloudy skies for Thursday with the possibility of mist in the morning. "The maximum and minimum temperatures are likely to settle around 27 and 15 degrees Celsius," the official added.

The maximum and minimum temperatures recorded on Tuesday were 29.4 and 14.2 degrees Celsius respectively. Greater Noida and Noida recorded 'very poor' air quality while Gurugram's air quality was recorded in the 'poor' category, it said.

In Punjabi Bagh values were recorded at 180 and 101, in Bawana, the industrial area, PM 2.5 is recorded at 69, Dwarka Sec 8 204 and 70, in Najafgarh PM 2.5-50, PM 10 -

## 27-yr old nabbed for killing rival gang member

STAFF REPORTER ■ NEW DELHI

Delhi Police on Wednesday claimed to have arrested a 27-year-old man for allegedly killing a rival gang member to establish his supremacy in the Uttam Nagar area of National Capital.

The accused was released from jail a month ago after having served a prison term of six years.

The accused is Kaushar alias Babloo who was arrested by Delhi Police on Tuesday.

According to a senior police official, Kaushar shot at two rival gang members-Azaad and Javed-after a quarrel on November 7 night.

"Azaad, who suffered four gunshot injuries, died during treatment in the hospital. On Tuesday, we have received information that Kaushar would come near Vipin Garden to meet someone."

A trap was laid by a police team and he was arrested at around 11:30 pm," a senior police officer said.

A country-made pistol, along with two live rounds, was recovered from his possession.

## 5 men arrested for robbing constable on gunpoint

STAFF REPORTER ■ NEW DELHI

Delhi Police on Wednesday arrested five men for allegedly robbing a constable at gunpoint in a moving auto-rickshaw on highway near Wazirabad in National Capital.

The accused have been identified as Shankar (23), Saddam (24), Ashawani (21), Ash Mohd (23) and Kishan Kumar (44).

According to a senior police official, on the intervening night of Sunday and Monday, a Delhi Police constable was looted by some culprits at gunpoint in a moving auto-rickshaw while he was returning to his training centre at Police Training School at Wazirabad.

"The accused had dropped him near Yamuna Vihar after robbing his purse, mobile, carry bag and other articles. However the constable managed to read some figures of the number of auto-rickshaw which helped police to trace the accused," said the senior police official.

"After registering a case, police apprehended the accused persons near Nand Nagri flyover with their auto-rickshaw where they were searching a person to commit another robbery," the senior police official said.

"One auto, one mobile phone and a bag along with a wallet were recovered from their possession," the senior police official added.

## Challans to women for drunk driving up

GAREN WARJRI PANOR ■ NEW DELHI

Challans issued to women for drunk driving has seen a marginal increase according to Delhi Police records. Compared to nil cases of female drivers booked for drunken driving in the year 2017, 10 females were booked till October 30 of the current year.

While data indicates that women are more disciplined in following traffic rules, some are wondering whether police are showing leniency when dealing with women drivers.

According to police records, in Delhi, the ratio between female to male driving licence holders is 1:75 and only 11 per cent of total vehicles registered at the regional transport offices are reportedly owned and driven by women.

The huge disparity among the sexes in regards to owning and driving a vehicle is clear. However, even after taking this into account, data from January 2018-June 2018 shows that 18,753 men were issued challans for drunk driving. For the year 2017, 33,343 men were booked for drunken driving while no female was booked in the same year.

Data from January 2018 till the month of June shows that only 24 women were issued challans for jumping traffic signals in comparison to 1,15,046 issued to men. In 2017, in comparison to 1,67,867 men who were booked for jumping signals only 44

women were booked.

In cases of over speeding 71,424 men were booked till the month of June this year, while only 138 females were issued challans in this regard. The data of last year shows a shocking disproportion of 1,39,471 men booked in compared to 514 women.

Whether this data simply states that women are better off at following traffic rules and regulations in contrast to men or that there is a disproportion in Delhi Traffic polices' handling of the female drivers' is up for debate.

Special Commissioner of Police (Traffic) Taj Hassan stated, "Generally we do see that there is a large difference between female to male drivers

who are booked for drunken driving. Compared to female drivers, in Delhi, the numbers

**Generally we do see that there is a large difference between female to male drivers who are booked for drunken driving, said Special Commissioner of Police (Traffic) Taj Hassan**

of male drivers are vast. Of the female drivers, it is often seen that only the economically

well-off are caught for drunken driving, which is also very marginal number," Hassan said.

Aakash Chaudhary, a resident of North Delhi stated, "While it is true that in comparison there are less female drivers than male drivers in Delhi. Especially at night, there is a sparse amount of women drivers, and often times they are accompanied by male companions. However, I do believe that generally the police are comparatively lenient to women drivers. I have heard an acquaintance say that when they see police at checkpoints when they come back after a night-out, they have in some instances switched places with female passengers to stop getting caught."

## Delhi HC seeks response from Centre, AAP Govt, Speaker on Anshu Prakash's plea

PTI ■ NEW DELHI

The Delhi High Court on Wednesday sought response of the Centre, the AAP Government and the Delhi Assembly Speaker's office on Chief Secretary Anshu Prakash's plea challenging the fresh breach of privilege proceedings initiated against him on complaints by two House committees.

Justice Vibhu Bakhru, while issuing notice in the matter, declined to pass any interim orders after Delhi government standing counsel Rahul Mehra said nothing was presently happening against the bureaucrat and that his plea was "premature".

Mehra said the instant petition be heard on November 27 with an earlier plea of the bureaucrat challenging another breach of privilege proceeding going on against him.

Senior advocates Siddharth Luthra and Vivek Chib, appearing for Prakash, on the other hand urged the court to pass interim orders staying the two fresh proceedings against him and to direct that his presence be not insisted upon by the Privileges Committee.

The judge, however, did not issue any interim directions and listed the matter for hearing on November 27, saying that nothing has happened till now against the bureaucrat and if anything happens he can approach the court.

Prakash, in his plea filed through advocates Asif Ahmed and Ruchira Goel, has sought quashing of the two new breach of privilege proceedings initiated against him on the complaints by the Question and Reference Committee (QRC) and Protocol Committee of the Assembly. Luthra contended that some members of the two committees, which lodged the complaints against him, were also part of the Privileges Committee which is a "violation of principles of natural justice".

The senior lawyer also argued that MLAs who were chargesheeted in connection with assault of the chief secretary were also part of the two committees.

He said that breach of privilege proceedings were initiated after filing of the charge sheet and alleged that they were biased against the bureaucrat and were trying to "harass and intimidate" him.

Opposing the allegations, Mehra submitted in court a list of the members of the committees and said that none of the chargesheeted MLAs were part of the House panels.

He also said that since the two proceedings were initiated on October 1 and October 11 with no summons being issued till now, the petition was "completely premature".

The chief secretary, in his plea, has also challenged the complaints made against him by the QRC and Protocol Committee on September 7 and

September 14, respectively.

He has contended that the breach of privilege proceedings initiated against him based on the two complaints were "violative of the Constitution of India as well as the Rules of the House and therefore, illegal and unconstitutional".

The petition also seeks quashing of the Speaker's decision to refer the two complaints to the Privileges Committee, saying it too was in violation of the Constitution and Rules of the House.

Apart from his latest petition, the chief secretary had in the past challenged breach of privilege proceedings initiated against him in March this year by the Assembly panels for not appearing before them.

The earlier petition is at the final arguments stage and is scheduled to be heard next on November 27.

During the hearing on his earlier plea, Prakash had claimed that the entire process of summoning him before a privileges committee for questioning over certain issues was "biased" and "premeditated".

Prakash had filed the earlier plea in March this year after he was served a notice by the Privileges Committee, on a complaint by QRC, for skipping a meeting on February 20.

The meeting, in which he was asked to appear, was scheduled a day after he was allegedly assaulted by two AAP MLAs -- Amanatullah Khan and Prakash Jarwal.

## Devotees break fast after offering 'arghya' to Sun

Devotees worship on Chhath in Delhi on Wednesday. Pioneer photo

STAFF REPORTER ■ NEW DELHI

Chhath Puja celebrations concluded on Wednesday morning with devotees offering prayers to the rising sun at several ghats in the national Capital.

A festive look adorned the ghats where thousands of devotees broke their fast after offering *arghya* to the rising Sun. The movement of devotees to various ghats disrupted traffic on the stretch from Kalindi Kunj towards Noida and other areas in the city.

Chhath is a major festival in eastern Uttar Pradesh, Bihar and Jharkhand, although it is celebrated in other parts of the country as well where Purvanchalis are settled in significant numbers.

Chhath Puja relives the age-old tradition of paying

obesance to the Sun God. Political leaders, including Delhi Chief Minister Arvind Kejriwal, greeted devotees on Wednesday and wished them health, success and happiness.

The Delhi Government had declared a public holiday on the occasion of Chhath. Agencies of the Delhi Government had set up ghats for Chhath at around 1,000 locations, officials said.

Arrangements of ghats and facilities for worshippers were made by different agencies of the Delhi Government as well as municipal corporations. A monitoring committee was constituted by the Delhi Government to look after preparations of Chhath including ghats and tents. Municipal corporation officials said over 700 ghats were prepared by the civic bodies.

A symbol of communal harmony and century old common legacy

TRUMP CELEBRATES DIWALI AT WHITE HOUSE

US, India can be a 'bulwark' for peace

Washington: President Donald Trump on Tuesday said US relationship with India can act as a "bulwark" for freedom, prosperity and peace as he celebrated Diwali in the White House along with eminent Indian-Americans.

It is the second consecutive year that President Trump has celebrated the largest festival of India and Indian Americans in the White House.

"I am thrilled to be here for the celebration of Diwali, the Hindu Festival of Lights, and I am honored to host this beautiful ceremony at the White House. Very, very special people," Trump said.

"I'm honoured to host this beautiful ceremony at the White House. Very, very special people. We're gathered today to celebrate a very special holiday observed by Buddhist, Sikhs and Jains throughout the United States and around the world," Trump said.

"This ceremony signifies the triumph of light over darkness and good over evil. It is a jubilant occasion that brings loved ones, neighbours, and

communities closer together," Trump said before lighting the ceremonial diya in the historic Roosevelt Room of the White House.

He said the shining lights remind people to "seek wisdom, to give thanks, and to always cherish and love the ones who grace our lives."

"Our nation is blessed to be home to millions of hard-working citizens of Indian and South East Asian heritage to enrich our country in countless ways. Together we are one proud American family. Do we agree with that? I think so. I think we do. Right? Better, believe it," he said.

"India is the world's largest democracy, and the relationship between our two countries can act as a bulwark for freedom, prosperity, and peace," Trump said, amidst China flexing its military muscles in the strategic Indo-Pacific region.

He said the United States has deep ties with India and he was grateful for his friendship with Prime Minister Narendra Modi.

"Modi is my friend and now her (Ivanka) friend and has great respect for India and the Indian people that I can say," said the US President as he introduced his daughter to the audience, who was present in

the room.

"Absolutely," replied Ivanka, who had visited India last year. She was the first top official of the Trump administration to travel to India to attend the Global Entrepreneurship Summit in Hyderabad in November last year.

Trump also mentioned the ongoing negotiations between the US and India on a trade deal but indicated that the talks were moving though it was tough.

"We're trying very hard to make better trade deals with India. But, they're very good traders. They're very good negotiators. You would say right. The best. So we're working. And it's moving along," he said.

Along with nearly two dozen top Indian-American officials of his administration, Trump invited the Indian Ambassador to the US, Navtej Singh Sarma, his wife Dr Avina Sarma, and his special assistant Pratik Mathur to be present during the White House Diwali celebrations.

ISRO successfully launches satellite GSAT-29 using its heaviest rocket

Sriharikota (AP): India on Wednesday successfully put into orbit its latest communication satellite with its heaviest rocket and the new space mission is expected to serve the communication needs of people in the remote areas of the country.

The textbook launch of the rocket GSLV-MkIII-D, which is dubbed by the ISRO as the 'Bahubali' or 'fat boy' of Indian rockets, is also seen as crucial for the space agency as it would be used for the ambitious Chandrayaan-2 (lunar mission) and the country's planned manned space mission. The 3,423 kg satellite GSAT-29 is also the heaviest Indian satellite to be put into orbit.

Indian Space Research Organisation (ISRO) chief K Sivan said while the rocket's first operational mission was going to be "none other than Chandrayaan" in January 2019, "this fantastic vehicle is going to carry humans to space in three years from now."

ISRO has set a 'target' of achieving the country's ambitious manned mission to space

Sriharikota over 100 km from Chennai.

The satellite carries Ka and Ku band high throughput transponders which will provide communication services to remote places in the North East and Jammu and Kashmir, besides aid the Centre's Digital India programme, Sivan said.

ISRO scientists broke into cheers as the satellite was injected into a geosynchronous orbit, 16 minutes after lift-off.

Sivan said the country had achieved a significant milestone following the successful launch and the injection of the satellite into the intended orbit was 'precise.'

"I am extremely happy to declare that our heaviest launcher in its second mission has lifted the heaviest satellite, GSAT 29 from Indian soil, and after a majestic travel of 16 minutes, it precisely injected it into the intended Geo Transfer Orbit," he said.

Cyclone Gaja had clouded the launch plans but with its changing course and conducive weather conditions prevailing, the rocket blasted off on schedule.

PTI

BJP releases second list of 31 candidates for Raj Assembly polls

New Delhi: The BJP on Wednesday announced its second list of 31 candidates for the Rajasthan Assembly election, dropping 15 sitting MLAs, including three Ministers.

The BJP has so far announced the names of 162 candidates in the 200-member Assembly.

Outgoing Ministers Babul Verma, Rajkumar Rinwa and Dhan Singh Rawat were denied party ticket this election.

BJP MLA Gyandev Ahuja, who hit the national headlines at the height of the JNU controversy in 2016 for his remarks that thousands of condoms were found on the university campus daily, was also dropped.

He represents Ramgarh in Alwar district in the current Assembly.

Assembly election in Rajasthan will be held on December 7.

The BJP is facing a strong challenge from a resurgent Congress in the State with the opposition party winning a number of bypolls in the past couple of years.

Pakistan epicentre of global terror, says Modi

Singapore: Prime Minister Narendra Modi on Wednesday told US Vice President Mike Pence that all the traces and all the leads in the global terror attacks ultimately leads to a "single source and single place of origin", in an apparent reference to Pakistan.

Modi, who held talks with Pence on a wide range of bilateral and global issues of mutual interests on the sidelines of the East Asia Summit here, also expressed concern over the participation of terrorists in the elections in Pakistan.

Briefing the reporters after the meeting, Foreign Secretary Vijay Gokhale said there was some discussion on the issue of terrorism. Pence referred to the upcoming 10th anniversary of the deadly Mumbai terror attack on November 26 and hailed

cooperation between the two sides on counter terrorism, Gokhale said. Some 166 people were killed in the attack carried out by Pakistan-based 10 Lashkar-e-Taiba terrorists. Nine of the attackers were killed by police while lone survivor Ajmal Kasab was caught and hanged after handed down death sentence by an Indian court.

Modi thanked Pence for his words and reminded him that in one way or another all the traces and all the leads in the global terror attacks ultimately leads to a "single source and single place of origin", without naming any country or organisation. He was apparently referring to Pakistan.

A number of terrorist attacks across the world have been carried out by people of Pakistani origin. On December 2, 2015, 14 people were killed in a mass

shooting by a Pakistani origin married couple in San Bernardino, California. A Pakistani-origin man was among three knife-wielding militants responsible for carrying out the brutal terror attack in London that killed seven people and injured 49 in June 2017.

Prime Minister Modi also expressed concern over the Mumbai terror attack mastermind Hafiz Saeed's party contesting the July 25 elections in Pakistan. "He (Modi) did point out that the mainstreaming of people involved in the Mumbai attacks in a political process which has taken place in the recent elections in Pakistan should be a matter of serious concern not just to the two countries - India and US - but to international community," Gokhale said.

Modi invites Pence, says 'India-Ana'

Singapore: There was a light moment during Prime Minister Narendra Modi's meeting with US Vice President Mike Pence in Singapore on Wednesday when he riffed on the meaning of 'Indiana' — the American leader's home state.

Through his translator, Modi said that when he met Pence in the US in 2017 he told him that "Indiana" (INDIA-Ana) in Hindi, meaning "To come to India."

Modi then repeated his invitation to Pence to visit India.

Pence laughed appreciatively. "Thank you, Mr. Prime Minister," Pence said. "I expect I will 'Indiana.'" The US vice president is likely to visit India in 2019.

PTI

App to register snake bites in country

PNS ■ NEW DELHI

The big four snakes — Russell's Viper, Common Cobra, Common Krait and Saw Scaled Viper — are responsible for more than 90 per cent snake bite deaths across India. But, surprisingly, the Government has no incident-related data that could help it frame policies and develop better snake anti-venoms to save the victims.

Taking initiative in this direction to collate the data at the ground level, The Big4 Mapper app has been developed that would register each incident of bites by the big four snakes. The app which is a part of "Indian Snake Bite Initiative," a joint pro-

ject by Madras Crocodile Bank, Global Snakebite Initiative and Indiansnakes.org would help conservationists and herpetologists to map out the distribution of snakes and incidents of bites reported in the country. The app can potentially save lives, once it reaches its critical mass and if received well by the government machinery," Talking about its functioning, he said that the snake rescuers have to download the app and take a photo of the snake every time they go on a rescue trip. When rescuers take a photo of the snake in the place they found it, the app automatically logs in the GPS coordi-

ly save lives, said the brain behind the app, Jose Louies from the Wildlife Trust of India.

He elaborated, "The Big4 Mapper app helps conservationists and herpetologists map out the distribution of snakes and incidents of bites reported in the country. The app can potentially save lives, once it reaches its critical mass and if received well by the government machinery," Talking about its functioning, he said that the snake rescuers have to download the app and take a photo of the snake every time they go on a rescue trip. When rescuers take a photo of the snake in the place they found it, the app automatically logs in the GPS coordi-

nates, time and the date.

The rescuer also logs in which species and whether the snake was found inside the house, or outside or whether it was found dead. To prevent fake entries, photos can be taken only through the app and cannot be uploaded later, said the activist.

"There is no dearth of snake rescuers in the country. There are at least 6,000 of them who are officially registered with the forest department," said Louies who heads the wildlife crime control unit of the WTI.

Presently, the app logs only the Big 4, but it will soon cover 30 more species by December end.

AFTER NEWBORN BABY KILLED

Remove monkeys out of protected species list: Agra activists

Agra: Two days after a monkey snatched a 12-day-old baby from his mother's lap and mauled him to death, a host of social activists and environmentalists on Wednesday sought exclusion of simians from the list of protected species under the Wild Life Act.

The activists made the demand in a conference on monkey menace here.

"For over a decade, we have been demanding permission to transfer monkeys to forest areas and setting up of a facility to sterilise them, but so far we have failed to get the Government's permission," said Satyamev Jayate trustee Mukesh Jain, addressing the conference.

It is high time that the monkeys should be removed from the protected species list

under the Wild Life Act, 1972, he said.

According to the Agra Municipal Corporation officials, the number of monkeys in the city has gone up beyond 25,000. "The number of monkey bites are increasing by the day and citizens are scared of moving freely in the city. Monkey attacks have become so frequent that women and children are

afraid of going out," said social activist Shrayan Kumar Singh.

The conference on monkey menace also passed a resolution, demanding adequate compensation to the victims of monkey attacks.

"It is the duty of the Government to protect its citizens. If it cannot do that, it should pay compensation the victim or his family," it said.

Farmers to stage another protest in Mumbai

Mumbai: Eight months after thousands of farmers marched to Mumbai, another massive protest of farmers has been planned in the country's financial Capital next week.

Lok Sangharsh Morcha, an organisation representing farmers and labourers, announced on Wednesday that an indefinite sit-in will be staged at Azad Maidan in south Mumbai from November 22. It will be led by water conservation activist Rajendra Singh and Swaraj India leader Yogendra Yadav, it said.

In March this year, thousands of farmers had walked all the way from Nashik in north Maharashtra to Mumbai.

Lankan House...

From Page 1

Supporters of Rajapaksa refused to recognise the vote as legitimate, plunging the country deeper into crisis, as fears grow that the political dispute could spill into protracted instability in the island nation. Jayasuriya later adjourned the House until 10 am on Thursday.

Speaker Jayasuriya has written to President Sirisena, asking him to take further constitutional action. A copy of the motion with 122 signatures of lawmakers, who have expressed lack of confidence in Prime Minister Rajapaksa and his Cabinet, has been sent to Sirisena.

The Speaker's office said that the Speaker has requested the President to take the next step under the Constitution. Speaking after the no-trust vote, ousted Prime Minister Wickremesinghe claimed that his Government had been restored after extra constitutional action by President Sirisena to sack him as the premier.

"We will now take steps to ensure that the government in place before October 26 will continue. I wish to inform all government servants and police that you should not carry out illegal orders from the purported government that has failed to demonstrate the confidence of the people," he said.

Wickremesinghe has

denounced Sirisena's attempt to remove him from office and refused to leave the official prime minister's residence, claiming the president does not have the power to take such action. Senior leader of Wickremesinghe's United National Party (UNP) Sajith Premadasa said that the Government headed by Rajapaksa clearly lost the floor test.

He demanded that Prime Minister Rajapaksa must now step down. However, Dinesh Gunawardena and Vasudeva Nanayakkara, both Rajapaksa's senior aides, said the Speaker's action was illegal.

Housing Minister Wimal Weerawansa said the floor test in Parliament was illegal and so Rajapaksa will continue as Prime Minister, further deepening the political crisis that has paralysed the Government for nearly three weeks. The Parliament session on Wednesday comes a day after the Supreme Court on Tuesday overturned President Sirisena's controversial decision to dissolve Parliament and halt the preparations for snap polls on January 5.

In its ruling, the apex court had said Sirisena's dissolution of Parliament will be suspended until December 7 and it will consider all the petitions filed on the President's decision next month before giving a final ruling. After the court verdict, Speaker Jayasuriya summoned Parliament's session for

Wednesday morning.

Sirisena dissolved Parliament after it became clear that he lacked support from lawmakers to install Rajapaksa as the new Prime Minister following his sacking of Wickremesinghe as premier.

While sacking Prime Minister Wickremesinghe, President Sirisena had also suspended Parliament till November 16. He, however, advanced the convening of the House to November 14 amid international and domestic pressure against the move.

Sirisena later dissolved Parliament, almost 20 months before its term was to end, and ordered snap election, plunging the country's into an unprecedented political and constitutional crises.

Sirisena on Sunday defended his move to dissolve Parliament, saying it was taken to prevent clashes among rival lawmakers.

Former President Rajapaksa was unexpectedly defeated by his deputy Sirisena in the presidential election held in 2015 with the support from Wickremesinghe's UNP.

However, the power-sharing arrangement between Sirisena and Wickremesinghe became increasingly tenuous on several policy matters, especially on issues like the economy and security. And subsequently, Sirisena abruptly ousted Wickremesinghe and replaced him with Rajapaksa.

No debate on Rafale price if it's not made...

From Page 1

The top law officer said the Centre has given in a sealed cover the complete details of the Rafale jets, the weapons to be fitted on the aircraft and other requirements. The Centre on Monday had submitted to the apex court in a sealed cover, the pricing details of the Rafale jets. Venugopal also told the apex court that the court is judicially not competent to decide what aircraft and weapons are to be bought as it is a matter for experts.

Venugopal said earlier jets were not intended to be loaded

with the requisite weapons system and the government had reservations as it did not want to violate the Inter Government Agreement (IGA) and the secrecy clause.

He also opposed advocate Prashant Bhushan who wanted to submit information on the secrecy clause of the Rafale agreement. "Secrecy agreement has to be secret and how is he producing it in court?" Venugopal asked when Bhushan raised the issue.

Bhushan, appearing on behalf of himself and former Union Ministers Yashwant

Sinha and Arun Shourie, alleged that the Government is hiding behind the secrecy clause and had not disclosed the price of the fighter jets. The Chief Justice told Bhushan, "We are giving you full hearing. Use this opportunity carefully and cite only those things which are necessary."

Bhushan said the price per aircraft was 155 million Euros and was now 270 million Euros. This shows that there was hike of 40 per cent in its price, the advocate said. He said the CBI was bound to register an FIR in this case. The lawyer alleged that there was a conspiracy with French company Dassault, which tied up with Reliance as an offset partner. He said Reliance had no competence in executing the offset contract.

Bhushan said they filed the petition after the CBI did not register the FIR under the Prevention of Corruption Act. He also quoted former French president François Hollande and other Dassault officials to impute criminal motives in granting the offset contract to Reliance.

The activist-lawyer submitted that the NDA Government had "short circuited" the acquisition process by taking the IGA route. He said there is no sovereign guarantee from the French Government in the deal and argued that the Union Law Ministry initially flagged the issue and later gave in to the

proposal of entering into an IGA.

On the issue of lack of sovereign guarantee, the attorney general said though there is no sovereign guarantee, but there is a letter of comfort by France which would be as good as a governmental guarantee. He also told the court that presently three countries France, Egypt and Qatar are flying Rafale fighter jets.

Bhushan said six foreign companies had applied and two firms were shortlisted during the earlier process, Bhushan said. Later, the deal went to Dassault and State-owned Hindustan Aeronautics Ltd (HAL) was part of it. Suddenly, however, a statement was issued which said there will be no technology transfer, and only 36 jets would be procured, the lawyer told the court.

Bhushan submitted that nobody knows about the alleged change in the deal done by the Prime Minister. Even the Defence Minister was not aware about the change, he said.

information on this," said Additional Secretary Defence Apurva Chandra.

The court had asked the defence ministry why the offset guidelines were changed in 2015. The opposition alleges that the Government scrapped a deal for 126 Rafale jets negotiated by the previous UPA Government and opted for a new deal for 36 jets to help Reliance bag the offset contract with Dassault.

When the court asked about the change in the offset guidelines in 2015, the Additional Secretary of the Defence Ministry explained that the offset contract runs concurrently with the main contract.

During arguments in court, the Government said a political issue was being made out of the offset partner. "We have already said the government has no role in the selection of the offset partner," said the top Government lawyer.

Justice KM Joseph questioned, "If the offset partner runs off, what happens? What about the country's interest? What if the offset partner doesn't do any production?" The court said the Government "can't separate" the main contract from the offset contract. "It may not be in the country's interest if the offset contract is executed later because that may lead to delay in production by the offset partner," the court said.

# GOVT STAFF JOINING RSS ACTIVITIES

## BMS urges PM to remove ban clause

Congress promises to implement ban in Madhya Pradesh

DEEPAK K UPRETI ■ NEW DELHI

As the political fever rises with the Assembly polls for five States underway and the Congress vowing to "implement ban" on Government employees from participating in the activities of Rashtriya Swayamsevak Sangh (RSS), the RSS affiliate Bhartiya Mazdoor Sangh (BMS) has written to Prime Minister Narendra Modi to remove the ban provision from the Government service rules.

The ban on Government officials taking RSS membership and joining its activities was there but some States like Gujarat, Goa, Madhya Pradesh have them in service rules. After Keshubahi Patel Government took over in Gujarat in 2000, the provision was removed from the Service rules but in Madhya Pradesh it is continuing," said RSS functionaries.

Congress manifesto for the November 28 Madhya

Pradesh polls in the State promises to ban 'Shakhas' of the RSS in Government premises and stop Government employees from attending RSS 'Shakhas'. Congress General Secretary Digvijay Singh has said that the rule existed even under the Jan Sangh and BJP Governments in the State in the past, including the regimes of V K Sklecha, Kailash Joshi, Sunderlal Patwa, Uma Bharti and Babulal Guar and that the Congress was "only pledging to continue it."

RSS leaders maintain that it was already in the service rule but it was never implemented in letter and spirit. "Congress is for the first time promising to implement if it comes to power

in Madhya Pradesh", they said. They remind that even during Jawahar Lal Nehru's time, several Congress members in the party's Central Working Committee were also members of the RSS.

The BMS has sought Prime Minister Narendra Modi to have the service rule removed so as to lift the ban on the Central Government employees from working with the RSS.

The RSS outfit has appealed to the Prime Minister to intervene in the matter personally and direct the concerned Ministry to issue necessary amendments permitting the Government employees to participate in nation-building activities. The Secretary-General of

Government Employees National Confederation, affiliated to the BMS, in a letter to the Prime Minister on October 20, pointed out that in accordance with provisions of DP & AR OM No. 15014/3/(S)/80-Estt. (B), dated 28.10.1980, there is a ban on participating in the activities of RSS by the Central Government Employees.

"Through an order dated November 30, 1966, (by the Ministry of Home Affairs), the then Congress Government has imposed the ban on swayamsevaks, who work in various departments under the Union Government. Unfortunately, the order has been evoked time and again by the successive Governments", the letter said.

Pointing out that any person going against the rule invites "imprisonment for a term which may extend to seven years or fine or with both", the BMS maintained that many Government employees interested in the RSS activities hold back on account of the fear of disciplinary action and "are not able to lend their hand in a genuine cause of Nation Building."

# NIA chargesheets Andrabi for waging war against India

PNS ■ NEW DELHI

The National Investigation Agency (NIA) on Wednesday filed a chargesheet against banned terror group Dukhtaran-E-Millat's chief Aasiya Andrabi and her associates, Sofi Fehmeeda and Naheeda Nasreen, before a designated court here for allegedly waging war against the country.

Andrabi and her associates Sofi Fehmeeda and Naheeda Nasreen were actively running a terrorist organisation Dukhtaran-E-Millat which is proscribed under the First Schedule to the Unlawful Activities (Prevention) Act, 1967. DEM as a terrorist organisation is engaged in Anti-India activities and has been inciting the general populace of Kashmir for an armed rebellion against the Government of India with aid and assistance of terrorist organisations based in Pakistan, the NIA said.

The three accused persons were using various media platforms like Twitter, Facebook, YouTube, TV Channels including those in Pakistan to spread insurrec-

tionary imputations and hateful messages and speeches against India. DEM through Aasiya Andrabi and others, openly advocates secession of Jammu & Kashmir from the Union of India and its merger with Pakistan through violent means," the NIA said in a statement.

A case was registered by the NIA on April 27 this year under various Indian Penal Code Sections relating to criminal conspiracy, waging war against the nation and under provisions of the anti-terror law Unlawful Activities (Prevention) Act, 1967.

The trio was arrested by NIA on July 6 in connection with the case and is since lodged in the Tihar Jail here.

Investigation has established that Aasiya Andrabi is heading Dukhtaran-E-Millat as its Chief and has used social media and other platforms to abet waging of war against Government of India. She is spreading seditious and insurrectionary imputations against Government of India. She is promoting ill-will and enmity between different communities in India on ground of religion. Investigation has also estab-

lished that she has close contacts with designated Global Terrorist Hafeez Mohammad Saeed who is head of Jamaat-Ud-Dawah (JuD) and Lashkar-E-Toiba (LeT), internationally designated terrorist organisations that are based in Pakistan," the NIA further said.

Andrabi has used public platforms to incite youth of Kashmir to rise in armed insurrection against the Government of India with an object of achieving cessation of Kashmir from India and its merger with Pakistan, the agency said in its chargesheet.

The agency said investigation has also established that Sofi Fehmeeda, as Personal Secretary to Chief of DEM and also Press Secretary of Dukhtaran-E-Millat, and Naheeda Nasreen as its General Secretary have been instrumental in the use of social media and other platforms for abetment of waging war against the Indian Government besides spreading seditious and insurrectionary imputations against it, and are promoting ill-will and enmity between different communities in India on grounds of religion.

# Twitter removes 2 fake Election body accounts

PNS ■ NEW DELHI

Twitter has suspended two fake accounts being run in the name of the Election Commission (EC). The account used the EC logo as well as the Twitter handle @ElectionComm. Another account used @DalitFederation as its handle. The two accounts have been suspended after the EC asked Twitter to take "decisive action."

The Election Commission's spokesperson confirmed that the Commission does not have its own verified Twitter handle. The fake accounts had a huge following with one of them having 4,751 followers. The EC feared that they could mislead public ahead of Assembly polls in five States and coming up Lok Sabha elections next year. "The EC does not have any presence on Twitter, though it does operate a Facebook handle," said an official of EC on the condition of anonymity.

The media division of the EC asked Twitter to take decisive action against them. Although there were no tweets from these accounts, they had a large following. The Commission has avoided opening an account on Twitter as it does not have the manpower, a dedicated team of professionals or media budget to handle requests and grievances that are likely to flood it once it registers its presence on Twitter," an official said. However, EC has authorised the State chief electoral officers to create a Twitter account of their own.

EC had earlier held talks with Twitter and other social media companies like Google and Facebook to help it track fake news and monitor poll expenditure on social media advertising and publicity. Google, Facebook and Twitter on Monday promised to do more to fight news in India, while refusing to provide any definite timeline for bringing tougher actions that could eliminate the menace of fake news from their platform.

# Database of all Govt, pvt health establishments to go online soon

PNS ■ NEW DELHI

Soon database of country's almost all health establishments, including clinics, nursing homes, hospitals and diagnostic labs whether in private or Government sectors, will be available online with interactive maps.

Aiming to improve health outcomes and create health database, the Union Health Ministry has rolled out the National Health Resource

Repository (NHRR) wherein massive exercise to map all public and private healthcare establishments at the district level is being undertaken in the country. This is the first ever healthcare establishment census, using paperless technology.

A senior Health Ministry official said that a web-based and geo-mapping enabled single platform of all the health resources both Government and private is being developed.

It will comprise of the data on health infrastructure, human resource and the availability and type of medical facilities.

The importance of health mapping lies in the production of interactive and published maps that will link the geography of communities with other dimensions such as availability and accessibility of health services, or disease prevention and control services particularly in rural areas, added an official from the WHO.

# Over 18L foreigners visited India this year on e-Visa

PNS ■ NEW DELHI

Liberalised Visa regime implemented for the past two years witnessed sharp increase of visit of foreigners to India. As per the statistics in 2017 and 2018, more than 35 lakh foreigners visited India, including tourists, business purposes. Before launching of e-Visa and instant visa, in 2015, as per the statistics, around 4.5 lakh foreigners visited India. As many as 26 airports and five sea ports, the Bureau of Immigration (BoI)

has implemented e-Visa system.

"The Electronic Visa Facility now covers practically all the countries of the world. Foreign nationals of 166 countries can now enjoy this facility at 26 airports and 05 seaports. The foreigner does not have to interact with any Indian official till his arrival at the immigration counter. The Bureau of Immigration (BoI) generally decides within 24-48 hours whether or not to grant an e-visa to a foreigner. The popularity of e-visa is sky rocketing. The

number of foreigners who visited India on e-visa has gone up from 4.47 lakhs in 2015 to 17.00 lakhs in 2017. The figure for 2018 is 18.78 lakhs upto 30th October, 2018," said Home Ministry in a statement on Wednesday, detailing the sharp increase of visitors. Currently e-Visa is permitted in five categories like tourist, business, medical, conference and medical attendant. "The local FRRO has been empowered now to extend duration of electronic visas beyond 60 days upto 90 days. Moreover, these e-visas can

now be availed three times in one year against twice in a year earlier. For foreigners who are already in India and who require any consular/visa services like extension of visa, conversion of visa, exit permission or any of the total 27 visa-related services, an online e-FRRO facility has now been launched throughout the country. The foreigners do not have to physically visit the offices of FRROs/FROs. They can apply as well as receive consular/visa services online after making online payment," said Home Ministry.

EC had earlier held talks with Twitter and other social media companies like Google and Facebook to help it track fake news and monitor poll expenditure on social media advertising and publicity. Google, Facebook and Twitter on Monday promised to do more to fight news in India, while refusing to provide any definite timeline for bringing tougher actions that could eliminate the menace of fake news from their platform.

# Govt launches credit scheme for cooperative start-ups

PNS ■ NEW DELHI

In a move to encourage cooperative start-ups and business ventures in agriculture and allied sectors, the Ministry of Agriculture on Wednesday launched a new scheme that aims to provide cheaper loans to start-ups in the cooperative sector and those having innovative projects costing up to ₹3 crore.

The scheme is called 'Yuva Sahakar Cooperative Enterprise Support and Innovation Scheme' will be implemented by the National Cooperative Development

Corporation (NCDC). A corpus fund of ₹1,000 crore has been created to this purpose. The scheme would be liberal to cooperatives in the north eastern region, those registered and operating in 'aspirational districts' identified by think-tank Niti Aayog as well as cooperatives which have 100 per cent women and SC/ST members. The heavily incentivised scheme has component of subsidy as well as interest subvention and cooperative registered even one years ago will be eligible.

Launching the scheme, Union Agriculture Minister

Radha Mohan Singh said that the new scheme aims to encourage newly formed cooperatives to take advantage of innovative ventures, especially by societies having new and innovative ideas. "Cooperatives operating for at least for one year and having a positive net worth are eligible to avail credit under the scheme for new and innovative project ideas", Singh said.

The project cost should not exceed ₹3 crore and there will be two years moratorium on payment of principal amount, he said, adding that the period of moratorium may vary

depending on type of project and ability to generate revenue. NCDC lending so far has been to cooperatives working in fishery, sugar, textiles, food-grains, crops, fruits, vegetables, cold storage, water conservation, dairy, poultry, handlooms, coir and sericulture so far. There are eight lakh registered societies in the country.

As an incentive, the Minister said the credit will be provided at two per cent less than the applicable interest rate on term loan for the project activities. The interest rate incentive would be applicable only for timely repayers.

SABARIMALA ROW

# Trupti to visit temple on Friday with six women

**Thiruvananthapuram:** Woman activist Trupti Desai on Wednesday waded into the Sabarimala issue when she asked for complete police protection during her visit to the temple starting Friday. But temple activist Rahul Eashwar promised to fight her tooth-and-nail to prevent her entry.

Desai wrote to Kerala Chief Minister Pinarayi Vijayan to order police protection for her group when they visit Sabarimala on November 17 when the temple will open for the two-month long pilgrimage.

The temple town has witnessed protests by Hindu groups and temple tantri and officials ever since the Supreme Court verdict on September 28, allowed women of all ages to pray at Lord Ayyappa temple that hitherto banned girls and women aged between 10 and 50.

Desai wrote to Vijayan on Wednesday that she along with six other women would be arriving in Kerala on Friday for a visit at the temple on Saturday. She sought police protection right from the time she lands in Kerala till they leave the State, saying "we will visit the temple whatever be the resistance".

While Eashwar said he and his officials along with Lord Ayyappa's true devotees would ensure that none were able to break the tradition of the temple.

**PROMISING AN EVEN BIGGER RESISTANCE, SABARIMALA TANTRI FAMILY'S RAHUL EASHWAR ALONG WITH ACTIVISTS AND DEVOTEES TOLD THE MEDIA HERE, THAT DESAI WOULD KNOW THE POWER OF THE FAITH OF AYYAPPA DEVOTEES WHEN SHE AND HER GROUP REACHES THE TEMPLE TOWN**

"We will lie down before the women who come to break the temple's tradition."

The temple will open on Friday evening for the Mandala Mahotsavam and she has asked to be escorted right from the airport to their rooms in Kottayam, where they would rest for the day.

The police must then provide protection when they head for the hilltop temple on Saturday.

Speaking to a Malayalam TV channel, Desai said she has written to the Chief Minister, Kerala Police chief Loknath Behra and also Prime Minister Narendra Modi.

"I have written but have not done any online booking for the darshan. The Supreme Court order is now very clear and hence we will be there and we will visit the temple whatever be the resistance," said Desai.

The temple will be open for 66 days till January 20, with a small break in between. Promising an even bigger resistance, Sabarimala Tantri family's Rahul Eashwar along with activists and devotees told the media here, that Desai would know the power of the faith of Ayyappa devotees when she and her group reaches the temple town.

Eashwar was put in jail in October during the first month's protest after the top court's ruling came into existence. "Come, what may, we will ensure that our protest will be in the true Gandhian way and none will be able to break the tradition of the temple."

"We will lie down before the women who come to break the temple tradition and if they have to move forward, they will have to walk on our bodies and once that happens, the police will have to arrest such people," said Eashwar.

# Holistic approach needed keeping sentiments in mind, says Union Min

PTI ■ NEW DELHI

**Asked if an ordinance was required to deal with the situation, Sharma said the Kerala Government had to decide on the matter, adding that the Centre would intervene at the right time if required**

Union Culture Minister Mahesh Sharma called for a "holistic approach" to be adopted on the Sabarimala temple issue on Wednesday so that the sentiments of the people were not hurt, observing that the Centre would intervene in the matter at the "right time" if required.

The Supreme Court on Tuesday agreed to review its verdict allowing the entry of women of all ages into the hilltop shrine in Kerala, which had sparked violent protests in the southern State, but refused to grant a stay.

Asked if an ordinance was required to deal with the situation, Sharma said the Kerala Government had to decide on the matter, adding that the Centre would intervene at the right time if required.

"The State Government has to take a call on that (ordinance) and the Central Government, if required, will definitely intervene at the right time," he told reporters here.

Asked if the contention that the entry of menstruating women would make the temple impure, Sharma said, "Well, I am a doctor, I will not make any comment because the matter is sub-judice, but we have to take a holistic call on it."

The two-month-long Mandala Makaravilakku pilgrimage season that commences on November 17 attracts millions of devotees from all over the country to Sabarimala.

On September 28, a five-judge constitution bench of the apex court, headed by then Chief Justice Dipak Misra, in a 4:1 verdict, had lifted the centuries-old ban on girls and women in the 10-50 age group from entering the shrine, saying it amounted to gender discrimination. The review petitions against the verdict were taken up "in-chamber" by a bench of Chief Justice Ranjan Gogoi and justices RF Nariman, AM Khanwilkar, DY Chandrachud and Indu Malhotra.

# Security upped after miscreants hijack passenger taxi in Jammu

MOHIT KANDHARI ■ JAMMU

Security was beefed up all along Jammu-Pathankot National Highway, dotted with vital Army installations, after four suspected 'miscreants' hijacked a passenger taxi, hired from Jammu railway station, near Madhopur in Punjab, late Tuesday night.

The incident came to light in the wee hours of Wednesday after driver of the passenger Taxi, Raj Kumar, raised an alarm soon after he managed to escape after a brief scuffle with the miscreants.

The miscreants had threatened to kill him and dump his dead body in the nearby canal.

After the alarm was raised, Punjab and J&K police, alerted security check points on possible escape routes to track down the hijackers and prevent possible terror strike in the close vicinity of Pathankot

air base. Jammu Railway Station Taxi Operator's Union, Vice-President, Rajvender Singh told reporters in Jammu, "a group of four people had booked a Taxi from Jammu railway station for dropping at Pathankot late Tuesday evening".

## SEARCH FOR MISSING

# Renaming Bengal: Didi slams Centre for delay

SAUGAR SENGUPTA ■ KOLKATA

A furious Bengal Chief Minister Mamata Banerjee on Wednesday came down heavily on the Central Government for "intentionally delaying" the process of renaming West Bengal to "Bangla" as proposed and passed by the State Assembly in September last year.

"I had personally requested the Union Government and Home Minister Rajnath Singh to hasten up the matter of renaming Bengal into Bangla after the resolution was passed in the State Assembly. But nothing has been done in this regard. The Centre is ignoring the opinion of the majority population because some people who are in a microscopic minority (State BJP leader) want them to do so. This is amounts to defying the federal nature of the Constitution," she said.

"They (the BJP Government) are changing the names of other places but they are delaying the renaming of Bengal when the people of the State want it to be done as was proved by the unanimous support this cause

received in the State Assembly," the Chief Minister said wondering "if the name of Bombay, Bangalore, Orissa and Pondicherry changed into Mumbai, Bengaluru, Odisha and Puducherry, then why West Bengal cannot be changed into Bangla."

The proposal of renaming the State had been in the air since the nineties but it was finally passed in August 2016 when West Bengal was renamed into Bengal, Bangal, Bangla in English, Hindi and Bengali. The proposal was turned down by the Centre which then asked the State to consider a new name.

It was then that the Assembly voted in favour of single name Bangla in September, last year.

"They (BJP) are of the opinion that Bangladesh is also called Bangla so it is not the proper alternative for West Bengal, but these people fail to realize that there is one Punjab each in Pakistan and India without doing any harm to any sentiments," Mamata said.

Warning the present Government which was "cross-

ing its limits in many ways," Banerjee reminded "the Constitution has divided the powers of the State and the Centre and so no one should think itself superior to the other."

"Even the State Chief Ministers were called Prime Minister in the British period but after the Independence the States got Chief Ministers and the Centre got a Prime Minister considering the different roles they played," she said adding there was no reason to think that the State or the Centre were superior to each other.

Instead of upholding the values enshrined in the Constitution the Centre was disregarding India's federal structure she alleged. "It is not a few leaders in Delhi who run this country. In fact India is run by the federal States."

Reacting to Banerjee's charges Bengal BJP president Dilip Ghosh however said that "instead of renaming the State the Government should concentrate on development and restoring democracy in the State."

# LoP Saikia slams Sonowal for failing to protect Assam's interest

ANUP SHARMA ■ GUWAHATI

Assam's Leader of the Opposition, Debabrata Saikia, slammed Chief Minister Sarbananda Sonowal-led Government in the State for failing to protect the State's interest and address the growing insecurity in the State.

Saikia's statement came days after a top brass of the Assam police admitted that the resentment against the Citizenship (Amendment) Bill, 2016 has led young people in some districts to join the anti-talk faction of United Liberation Front of Assam (ULFA).

"This is nothing short of a confirmation of the Sarbananda Sonowal-led Government's failure to protect Assam's interests and its tendency to betray people," Saikia said in a statement issued on Wednesday.

Director General (Special Branch) of Assam Police and the Superintendent of Police, Tinsukia and other senior officials of the police administration have recently stated that the resentment against the Bill

across the State has been fuelling a fresh spurt in young people of the Brahmaputra Valley joining the ULFA faction led by its commander in chief Paresh Baruah.

"The ULFA's popularity had gradually waned during the decade-and-a-half when the Centre was in power in the State. But the Narendra Modi-led Central Government's decision to table the controversial Bill and the Sarbananda Sonowal-led State Government's failure to mount a strong opposition to the proposed legislation are inducing a section of young boys and girls to take up arms against the State," Saikia said.

He said that dwindling employment opportunities and stagnation of development activities like the MGNREGA are also creating frustration and resentment among young youth, who are gravitating towards the ULFA faction.

# Pondy CM holds review meeting on Gaja

Nagapattinam (TN): Puducherry Chief Minister V Narayanasamy on Wednesday held a review meeting with officials of various departments at Thirunallar in Karaikal district and took stock of the preparedness as cyclone Gaja is likely to hit the coastal district on Thursday.

Agriculture Minister R Kamalakkannan, Karaikal District Collector R Kesavan, Senior SP Rahul Alwal and heads of PWD, Health, Electricity, Fisheries, Fire and Rescue Services departments attended the meeting.

The Chief Minister directed the district authorities to keep stock of relief materials. Urging officials to ensure supply of protected drinking water to all areas, Narayanasamy said if needed he would camp in Karaikal to coordinate the activities. Three teams of the National Disaster Response Force (NDRF) have arrived here to provide emergency assistance. Meanwhile, Nagapattinam district collector C Sureshkumar told reporters that the district administration has made all necessary arrangements to meet any eventuality.

Twenty two cyclone shelters have been kept in readiness

to accommodate people, he said adding that a 24-hour control room was functioning at the Collectorate. PTI

## CORRIGENDUM

The Survey Report No. 58/DD/H-D/II/SR/2018-19 for felling of trees at "C/o 120 Nos. # Nehru's legacy

The nation has much to be grateful for, much to be critical of. But we do need a calmer discourse around past leaders

In the sense of a continuum of socio-economic forces unshackled by key figures in history, Congress MP Shashi Tharoor is not entirely wrong when he says that it was Jawaharlal Nehru's endeavour to build democratic institutions and infuse a spirit of egalitarianism in the body politic which provided an opportunity for, in Tharoor's words not ours, even a "chaiwala to become Prime Minister" exactly 50 years after the passing away of India's first Prime Minister. UPA chairperson Sonia Gandhi followed this up on the eve of Nehru's birth anniversary on November 14 by asserting that the current ruling dispensation was out to wreck Nehru's legacy. Neither star-struck hagiographies nor mindless demonising of one of the towering political personalities and public figures of 20th century India, however, does the man justice.

So, let's undertake a quick review of the four meta issues, as it were, on which Nehru cops most criticism: His allegedly cavalier approach to national security including Kashmir, his foreign policy priorities which elided the threat posed by China, his economic policies underpinned by a socialist command-and-control philosophy and his secular politics which while taking on obscurantism within the majority community failed to address the fundamentalist warp and woof of minority politics. On national security, the flak Nehru draws is disproportionate. Yes, he should have been more hard-nosed about Jammu and Kashmir and integrationist in his approach as far as Valley Muslims were concerned, especially after Sardar Patel had managed the crucial accession so admirably, but to accuse the man who kept a multi-ethnic, multi-faith, multi-linguistic post-colonial nation-state from Balkanisation and ensured its territorial integrity was by and large kept intact through the nascent phase of the construction of a modern Indian state is to be terribly unfair. Nehru's foreign policy priorities, especially his adherence to non-alignment reinforced by the 1955 Bandung Conference, were, whether ideal or less-than-ideal in retrospect, in the national interest. Of that there can be no doubt. How he defined the national interest is, of course, up for debate but abuse has no place in that discourse. Even on China, as some recent books have brought out, the first Prime Minister was not the woolly-headed, naive socialist as he is sometimes caricatured. Though the 1962 debacle is correctly characterised as his biggest failure as PM and most of the flak he draws is well-deserved, it must be remembered that Communist China and its expansionist designs were not as apparent then as they are today and Chinese perfidy not to mention an India that did not have the economic heft and military infrastructure to stand up to its northern neighbour both played a role in the disaster.

On economic policy, which led to the infamous Hindu rate of growth for nearly five decades after Independence, Nehru does have a lot to answer for. Not for the first decade or so after 1947 when the country needed capacity-building and industrialisation and a centralised command economy was probably, all things considered, the only viable route of achieving that objective. But for ignoring the warning signals towards the latter part of his tenure as crony socialism, corruption and de-growth stared India in the face but the economy continued to be guided by doctrinaire, ideological commitments even when clearly divorced from the reality on the ground. It is, however, 'secularism' which is the most contested and contentious aspect of the Nehruvian legacy. While we need to applaud his courage in siding with reformers within the Indic dharmic tradition and pushing through progressive legislation relating to the Hindu community, his abysmal surrender to the mullahs and padres when it came to reform in Abrahamic religions is incomprehensible to genuine liberals even today. The rather weak defence that he was a creature of his times (who isn't?) leads us to the conclusion that he had swallowed whole the knowledge claims of secularised Christian i.e. Western social sciences which made no distinction between religions qua religions and the Indic civilizational tradition which had been classified as a 'religion' by the British colonial rulers and earlier invaders only to make it fathomable for themselves. If anyone could have seen past it, it was Nehru. The abiding disappointment remains that he didn't.

# True Avenger

Whenever we try to be our better selves, Stan Lee's superheroes will have life; he will be missed

He was the greatest avenger of them all, standing tall against time itself, ensuring the continuity of a graphic artform, the comic, well into the post-modern world and moulding his characters in such a manner that they emerged out of their cardboard capes to become flesh and blood realities worth emulation. Marvel Comics chairman Stan Lee has captured fans across time and appeal, contributing millions to Hollywood. And much like the mankind's challenger Thanos, who can control and warp every known limit of space and time in the universe, Lee will remain a timeless institution with his forever stones. Whether it was the angst-ridden nerd Spider Man or the genius but angry Hulk or the whimsical and rich Iron Man, he had a hero from all sections of society with their own sets of problems, baggage and frailties. Yet they remained very human and believable while summoning up their superhuman will and potential when life tested them. He coopted every race and creed. Black Panther of Wakanda is an African superhero that has given the Marvel franchise its biggest single hero commercial gain. And he did create Chakra, the invincible Indian who could elevate the potential of all seven chakras in a magic suit. No film yet on him but he did rule TV for a while. And in a world of #MeToo, Marvel women like the Black Widow set fair rules of engagement and stood up to be counted despite the men. While Stan Lee started his career with his fertile imagination using pen and ink, it soon spilled on to the page and evolved beyond anyone's imagination to become everyday inspiration.

Some of the heroes were outcasts and misfits in the real world who were vain about their pimples and slogged at work. But seared by struggle, they became the best versions of themselves and their skills, laying a roadmap of hope in an imperfect world. What Stan Lee created was to tie in childhood with adulthood and ensure innocence prevailed in our robotic lives. The creative empire he left behind is a legacy for the entire human civilisation and it will live on forever.

Some of the heroes were outcasts and misfits in the real world who were vain about their pimples and slogged at work. But seared by struggle, they became the best versions of themselves and their skills, laying a roadmap of hope in an imperfect world. What Stan Lee created was to tie in childhood with adulthood and ensure innocence prevailed in our robotic lives. The creative empire he left behind is a legacy for the entire human civilisation and it will live on forever.

# Hammer and tongs approach

For preventing a democracy from descending to anarchy, it's imperative for citizens to have respect for the rule of law and ensure there are checks on any reckless exercise of power

AJOY KUMAR

Reinhold Niebuhr, a famous American academician once said, "Man's capacity for justice makes democracy possible, but man's inclination to injustice makes democracy necessary." This is a great quote for two reasons: First, because it talks about our humanity and how it craves for justice and equality, which are the foundations of any democracy, and second, because it reminds us of our more base tendencies that can only be kept in check through a democratic system of Government. For a democracy to thrive, there are a few pillars that are at play simultaneously and constantly. These pillars include the judiciary, the executive, the legislature and the Press. Contrary to what this Government would like to assume, a modern democratic society cannot be merely whittled down to the legislature, which makes the laws of the country and are the elected to power. But it also requires the judiciary, the Press, and the bureaucracy to play their important roles. I think someone forgot to tell that to the current Government in power.

While there has been an uneasy consistency with which the Government has targeted these other pillars of democracy, the first real shot was fired by the Finance Minister, who while speaking about the Supreme Court's decision to strike down the National Judicial Appointments Commission (NJAC) said that Indian democracy cannot be a tyranny of the unelected and commented how if the elected are undermined, democracy itself would be in danger. I am afraid that Arun Jaitley has missed the point here because a democracy is not the blind and blank mandate of only the elected but instead, in order to function well, it requires a fine balance between the elected and the unelected.

In this week's column, I will examine how the current Government has tried to minimise the influence of these unelected pillars like the judiciary, the bureaucracy and the Press and demonstrated a tyrannical approach to governance.

For a democracy to prevent its descent to anarchy, it is imperative for citizens to have respect for the rule of law. The primary role of the judiciary is to interpret the law of the land and to state the law as it is. The Supreme Court, as the final interpreter of law in our country, recently ruled that no woman can be restricted from entering the Sabarimala temple in Kerala. The Supreme Court came to its decision based on the principles of equality that have been laid down in our Constitution. Since the judgement was borne out of a religiously charged issue, it is the responsibility of the party in power to ensure that the situation on the ground is not further inflamed resulting in greater violence.

Instead, the Bharatiya Janata Party (BJP), in clear abdication of its responsibilities stoked tensions further. Comments from the BJP president reflect a clear disregard for the judiciary, which is an essential pillar of a successful democracy and only serves to undermine an important part of the State.

The BJP has been brazen in its attempts to exercise control over the bureaucracy as well. The bizarre episode with the CBI director being replaced in the wee hours of the morning and the CBI raiding its own officers, was just the latest indicator of how this Government has sought to maintain a stranglehold on instruments of the state and has lost control of these institutions. While the elected drafts the laws of the country, this Government will do well to recognise that the actual implementation of the laws of our country is through the bureaucracy.

The bureaucracy has a duty to implement the laws drafted by the legislature without any interference. However, there is clear disregard of this tenet by the Government and was further evidenced by the changes that were proposed with respect to the appointment of civil servants to their respective services.

The most recent example of an attack on the institutions and how the Government acts like a spoilt child if things are

CONTRARY TO WHAT THIS GOVERNMENT WOULD LIKE TO ASSUME, A MODERN DEMOCRATIC SOCIETY CANNOT BE MERELY WHITTLED DOWN TO THE LEGISLATURE, WHICH MAKES THE LAWS OF THE COUNTRY. IT ALSO REQUIRES THE JUDICIARY, THE PRESS, AND THE BUREAUCRACY TO PLAY THEIR IMPORTANT ROLES

not going its way, is the current stand-off between the Reserve Bank of India and the Government. The widening rift between the Reserve Bank of India (RBI) and the Government concerns a demand for funds from the RBI that have been collected over decades. The Government would set a dangerous precedence by invoking Section 7 of the RBI Act that would allow the Government to dictate financial policy. This is because through the past four and a half years, this Government has shown how inept it is at handling the economy. From demonetisation to the implementation of Goods and Services Tax (GST), our country has had to suffer a great deal because of Modinomics. Also, with fuel prices higher than ever and the rupee lower than ever, questioning the financial prudence of the RBI by forcing the Central Bank into submission, is another way to substitute the expertise of the unelected with the arrogance of the elected. India must avoid such this scenario.

An independent Press is the primary medium to speak the truth to powers that maybe but this pillar has been badgered by this Government into something unrecognisable. I have written in this newspaper before, while discussing freedom of Press, that there is an environment of fear and repression in the entire country-

where we are unable to raise questions about the Government without attacks on our patriotism. Of these attacks, perhaps the resignation of Punya Prasun Bajpai from ABP News, a few months ago under circumstances that are frighteningly Orwellian, was perhaps the most disconcerting. These attacks coupled with the approach of this Government to shroud itself in secrecy and a Prime Minister who refuses to take unscripted and uncomfortable questions indicate that the Government does not believe that in order for a country to be stronger going forward, it must be able to question its Government.

An examination of the examples I have detailed above shows how this Government has tried to diminish checks on any reckless exercise of its power by whatever means necessary. It is obvious that the Government views any such checks as tyrannical while in reality, it is merely democracy at work that requires the unelected, too, to play an important role. The elected, however, have chosen to adopt a hammer and tongs approach to governance and ignore this basic tenet. The problem, with such an approach, is that if you have a hammer in your hand, everything looks like a nail — even good sense.

(The writer is Jharkhand PCC president, former MP and IPS officer. Views are personal)

## SOUNDBITE

I enjoy being on Twitter, and I've made great friends on this medium where every day I see the creativity of people.

Prime Minister —Narendra Modi

We're trying very hard to make better trade deals with India. But, they're very good traders, you would say, right?

US President —Donald Trump

With the way content is evolving and compelling stories are coming out, there's a need for more stories of stronger women.

Actor —Yami Gautam

Those in power have contempt for Jawaharlal Nehru, we must honour him by safeguarding democracy.

Congress leader —Sonia Gandhi

## LETTERS TO THE EDITOR

### Man of wisdom

Sir — The demise of T N Srinivasan, a distinguished Indian economist marks the end of a journey. He was in some ways a multi-talented personality. Apart from Economics as his major interest, he was efficient in Mathematics as well as Humanities. Srinivasan was a strong votary of free trade and multilateralism.

He was a rather unassuming person and spent his life teaching in the United States till the very end. Srinivasan devoted his entire life in pursuit of knowledge and teaching.

Devendra Khurana  
Bhopal

### When philosophy rules the roost

The word 'philosophy' and 'philosophical' are often used loosely. Philosophy is about thoughts and questions and finding suitable answers. Thought sharing and exploration of innovative ideas and facing a creative touch to these, form the base of philosophy. The UNESCO is observing the "World Philosophy Day" on every third Thursday of November since 2002. It believes that a philosophical approach towards problems plaguing the world can be used for moulding a fair society. In times of one culture being pitted against the other, fair thoughts and unbiased news create an equal platform. Philosophers have stressed the need to shun past animosity and buttress the present.

Introspection of one's own knowledge cannot escape attention because according to that great philosopher Socrates, "I am the wisest man alive, for I know one thing, and that is that I know nothing."

The root cause for all conflicts is people judge soon and talk too soon before actually knowing their surroundings. A day spent well is a day indeed because dawn and dusk are imperative and unavoidable. Though philosophical works are rarely studied with proficiency by the non-professional, its principles should guide us to make this world safe.

Ganapathi Bhat  
Akola

### Faith vs law

Sir— The Congress and the Bharatiya Janata Party (BJP) in the Kerala State fighting against allowing young women to enter Sabarimala has become more aggressive in the light of the Supreme Court agreeing to hear the review pleas on January 22.

It seems that they have forgotten all about gender discrimination in the Sabarimala issue and they are still working hand in glove with the traditionalists of the temple though clear-cut Supreme Court verdict in favour of young women was pronounced.

What is their stand in terms of the verdict? Their stand is a flagrant violation of the verdict of the apex court. But while expressing their stand, they

make it as complicated and complex as ever leaving the people muddle-headed.

They also make a mountain out of molehill on the issue to the advantage of their respective political parties.

People cannot see the truth as long as they are not educated by these parties.

TK Nandan  
Kochi

### Democracy wins

Sir — This refers to the report "Voters defy Naxals in their bastion" (November 13). Over 70 per cent voter turnout in the first phase of Assembly polls in Chhattisgarh is a befitting snub to the Maoists by the people of Naxal heartland.

Maoists believe in violence

and claim to be fighting for the rights of the people. However, they tried to deprive the people of exercising their primary right of ballot for electing a Government.

They called for boycott of polls, reportedly threatened to chop off hands of those on who had polling ink on their fingers and set off improvised explosive devices.

Defying poll boycott call of the Maoists and ignoring the threats, people came out on the street in record numbers and thronged the polling booths. In 4,336 polling booths of 18 constituencies, across eight Naxal-hit districts, 31.80 lakh voters exercised their voting right to elect their representatives from amongst 190 contestants.

Which political party wins the election is immaterial. Democracy has already come out a winner. The Election Commission, security forces and above all, the voters, deserve accolades for the success of the democratic process.

## Fighting under alien skies

The deeds of Indian warriors in World War I are a testimony to their spirit despite colonial discrimination

HIRANMAY KARLEKAR

World War I, dubbed "the war to end all wars", ended with an armistice signed on November 11, 1918. The main belligerents were Britain, France, Russia (until the revolution of 1917), Italy (from 1915) and the United States (after 1917) on one side and Germany, Austria-Hungary and Turkey on the other. A number of other countries like India also became a part of its orbit.

No other conflict until then had involved as many countries. Nor did any till then cause such a staggering number of casualties—about 40 million including about 20 million dead (both sides included) and the rest wounded. Among the dead were 9.7 million military personnel and the rest civilians. This was the first war where technology-based military hardware was deployed on a large scale, and aircraft and tanks, the latter brought in by the United States forces, were used for the first time. The questions are: What did this massive carnage achieve? What was India's role in it?

It did not "end all wars." The League of Nations, emerging in 1919 from the Paris Peace Conference, which led to the Treaty of Versailles officially ending it, doubtless sought to promote disarmament, prevent wars through collective security, settle disputes between countries through negotiation and diplomacy, and global welfare. Unfortunately, it never quite took off. Its credibility and effectiveness were both undermined by the United States' decision to stay away and this despite the fact that its president, Woodrow Wilson, played an important role in setting it up and was awarded the Nobel Peace Prize for his efforts to secure peace. The League of Nations' fundamental weakness, however, was that it was slow to act, and sometimes did not act at all. This was because a decision required a unanimous resolution passed by the council members, initially numbering nine and subsequently 15. Besides conflicting interests, the unwillingness of many members to have their actions externally-determined, accounted for this. As a result, wars, between and within nations, followed. Notable in the first category were the Italian invasion of Ethiopia in 1936 and Japanese invasion of China in 1937. Wars within included the one between communists and the Kuomintang forces in China in the 1930s and the Spanish Civil War from 1936 to 1939.

The League's biggest failure was its inability to prevent World War II, which involved most countries of the world and left about 55 million civilians and 21 to 25 million—including five million prisoners of war—military personnel dead. World War II witnessed, for the first time, the use of nuclear bombs on Hiroshima and Nagasaki in Japan. The conflagration, which saw the emergence of the Soviet Union as a super power, had momentous consequences. If the confrontation between the blocks led by the US and the Soviet Union respectively, led to the Cold War which split the world, a third shooting World War was prevented by deterrence provided by the accumulation of missile-mounted nuclear weapons, capable of wiping out the entire world, on both sides. Post World-War II wars like those occurring in Korea, Vietnam, Afghanistan and between India and Pakistan, India and China, Israel and Arab countries remained regional. As to the second question mentioned at the beginning, India was under British Rule during World War I, which Indian troops fought as a part of British imperial forces. The country made a signal contribution. A total of over 14 lakh men were recruited for the war, of whom over 13 lakh were sent for service in the Middle East and Europe. One of them was Kaji Nazrul Islam, the fiery Bengali revolutionary poet, who served in Mesopotamia.

Indian troops fought with tremendous gallantry in lands they had never known and under climatic conditions to which they were strangers. As many as 74,187 were killed and 70,000 wounded. Twelve Indians received the Victoria Cross, the highest and most prestigious medal awarded by the British Army to officers and men who had performed "some signal act of valour or devotion to duty" in "the presence of the enemy." The recipients were Mir Dard, Fazal Din, Khudadad Khan, Sahamad Khan, Lala, Darwan Singh, Gabbar Singh Negi, Karanbahadur Rana, Badlu Singh, Chhattan Singh, Gobind Singh and Kulbir Thapa. Indians also fought in the air. Four of them joined the Royal Flying Corps, which later became the Royal Air Force. Lieutenants all, they were Indra Lal Roy, Harjit Singh Malik, S.C. Welingkar and ESC Sen. Roy and Welingkar were killed, the former in aerial combat, and the latter in a German hospital after crashing during a dogfight and taken prisoner. Roy was only 19 years old when he died on July 22, 1919, after having performed the incredible feat of shooting down 10 German planes in 14 days. He was posthumously awarded the Distinguished Flying Cross given for "exceptional gallantry during active operations against the enemy in the air." Britain, however, has never adequately acknowledged India's contribution, which did not receive much attention until some years ago. Bias against Indians has been alleged. While Malik claimed six victories against the Germans, he was credited with only two. But then discrimination is integral to colonial rule.

IN THE AFFIDAVIT, MODI ADMITTED TO CHANGES IN THE CONTRACT WITHOUT ASKING THE AIR FORCE AND PUT ₹30,000 CRORE IN AMBANI'S POCKET.

—CONGRESS PRESIDENT RAHUL GANDHI

**POINT COUNTERPOINT**

REALISING THAT THE MODI GOVERNMENT BOUGHT THE RAFALE AT A CHEAPER PRICE, THEY'RE NOW RESORTING TO PETTY HAIR-SPLITTING.

—UNION FINANCE MINISTER ARUN JAITLEY

# A bid to disturb the peace

Given ISI's determination to revive insurgency in Punjab, anti-national elements must be dealt with stringently and those who raise pro-Khalistan slogans should be put behind bars

JK VERMA

On November 3, Army Chief, General Bipin Rawat, while delivering a lecture at a seminar organised by the Centre for Land and Warfare Studies (CLAWS), emphatically mentioned that although at present Punjab is peaceful, but because of foreign linkages, attempts are being made "to revive insurgency in the state." He also stated that "we have to be very careful" and we should take early action, before it is too late. He emphasised that internal security is India's leading problem but it cannot be resolved easily because of foreign assistance to insurgent groups. He also mentioned that foreign powers are trying to revitalise insurgency in Assam. He rightly asserted that only military cannot curb insurgency and all Government agencies, civil administration and police should work in cohesion to restore peace.

The Union Government has also informed Punjab Government that the Inter Services Intelligence (ISI) is trying hard to reanimate insurgency in Punjab through Sikhs settled abroad, especially in Canada, Europe, the United States, and Australia. On August 12, 2018, Sikhs For Justice (SFJ), a pro-Khalistan organisation, promoted the 'London Declaration on Referendum 2020 for Sikhs'. The so-called referendum, which was organised with the financial and logistical support of the ISI, demanded an independent Khalistan.

Gurpatwant Singh Pannun, a resident of the United States is an important functionary of the SFJ. The organisers collected details, including passport copies, college documents, photographs, mobile numbers, email and WhatsApp addresses of Sikhs from Punjab in the name of sponsoring them, to attend the referendum. In this way they have collected details of large number of young Sikhs who were interested in attending the pro-Khalistan referendum. These details can be misused by the ISI as well as by pro-Khalistan elements in future. As the ISI is ready to finance the referendums, the SFJ declared that it will organise referendums in other countries as well.

The SFJ is planning to finance the visit of 10,000 Sikh pilgrims to Pakistan to celebrate 550th birth anniversary of Guru Nanak. The ISI would utilise the visit to distribute anti-India and pro-Khalistan literature and might try to instigate Khalistan sentiments to a large number of Sikhs visiting Pakistan. The Gurdwaras controlled by pro-Khalistan elements in Canada, the US and the UK have prohibited the entry of Indian diplomats, Indian Members of Parliament, et al. The Indian Government urged the Governments of these countries to lift the ban but they refused to help.

Security forces also unearthed a depraved plan of the ISI under which young persons of Pakistani origin and citizens of Western countries were cultivated and trained in Punjabi and Sikh traditions. Later on, they were sent to Punjab and marry Sikh girls and convert them into pro-Khalistan entities. Hence, the ISI is using not only young women to honey-trap but also using young men to allure Sikh women. However, the ulterior motive lies the revival of

AT PRESENT, THE KHALISTAN MOVEMENT IS DORMANT IN INDIA BUT IT IS NOT DEAD AND IT CAN REVIVE WITH FOREIGN ASSISTANCE. A VAST MAJORITY OF SIKHS ARE AWARE ABOUT THE FUTILITY OF THE KHALISTAN MOVEMENT BUT A FEW DISENCHANTED MEMBERS OF THE COMMUNITY MAY BE TEMPTED TO PLAY WITH FIRE FOR THEIR SELFISH INTERESTS

insurgency in Punjab.

The interrogation reports of Sikh terrorists, including Jagtar Singh Chief of Khalistan Tiger Force, clearly indicate that the ISI is fomenting trouble in Punjab and spread concocted reports in Pakistani media. These reports are picked up by international media, which are sympathetic to the intelligence agency.

As the ISI was funding lavishly, pro-Khalistan elements have created several terrorist outfits namely Khalistan Commando Force (KCF), Bhindranwala Tigers Force of Khalistan (BTFK), Khalistan Liberation Force (KLF), Babbar Khalsa International (BKI), International Sikh Youth Federation (ISYF), Khalistan Zindabad Force (KZF), Khalistan Liberation Army, All India Sikh Students Federation (AISSF), Khalistan Armed Force aka Dashmesh Regiment, Shaheed Khalsa Force, Khalistan Guerilla Force, Khalistan Security Force, et al.

However, these forces lack mass support and, hence, sometimes they put few pro-Khalistan posters or carry out terrorist activities. In 2015, three Sikh terrorists killed a superintendent of police, three home guards and three civilians in Dina Nagar police station (Gurdaspur), and Shiv Sena and Rashtriya Swayamsevak Sangh (RSS) leaders were also assassinated. Analysts claim that these incidents happen when the ISI refuses to release funds unless their agents carry out some terrorist activities.

The ISI has given shelter to a few Sikh leaders, including KCF chief Paramjit Singh Panjwar, BKI chief

Wadhawa Singh Babbar, ISYF chief Lakhbir Singh Rode and KZF chief Ranjit Singh Neeta in Pakistan. These leaders propagate Khalistani ideologies to the Sikhs residing abroad. The ISI also uses them to spread anti-India and pro-Khalistan views to Indian Sikh jathas (group of pilgrims) whenever they visit Pakistan.

At present due to close family relationship between Sikhs and Hindus, Sikhs understand that Khalistan is not practicable. However, the ISI persistently sends its agents to Punjab in order to instigate Sikhs.

The ISI has also smuggled drugs in Punjab and at present youth have become drug-addicts. The ISI uses them as support agents to spread hatred towards Hindus. As there is no ideological basis for Khalistan, the ISI circulates news about perceived atrocities and statements of anti-establishment political leaders who denounce Indian system with ulterior motives.

Analysts also claim that the economy of Pakistan is ruined and it is on verge of loan default. Prime Minister Imran Khan returned empty handed from China. The International Monetary Fund (IMF) has put stringent conditions to grant loan and, hence, the Pakistan Government is raising the Khalistan issue to sidetrack the attention of poor and illiterate masses.

India must safeguard its interests. The analysts claim that not only ISI but several intelligence agencies support various terrorist outfits. Hence, Indian security forces must analyse the reason why European countries, Canada and the US never help Indian

security agencies against Khalistani elements.

Pro-Khalistan Sikhs should be blacklisted and they should not be allowed to enter India. At present, the Khalistan movement is dormant in India but it is not dead and it can revive with foreign assistance. A vast majority of Sikhs are aware of the futility of the movement but a few disenchanted members of the community may be tempted to play with fire for their selfish interests.

Sikhs settled abroad may also render ideological and financial assistance to the perceived discrimination and atrocities. Hence, Central as well as State Government should try to sort out simmering issues, including punishment to the executioners of 1984 anti-Sikh riots, Sutlej-Yamuna Link Canal issue, among others. The separatists' allegation that Hindus want to submerge Sikh religion must be countered.

In view of the above, Indian policy planners must be careful and chalk out a comprehensive plan under which the genuine problems of Punjab will be redressed. On the other hand, anti-national elements must be dealt with stringently and those who raise pro-Khalistan slogans should be put behind bars. The Government and the nationalist elements should also formulate a plan to counter the misinformation campaign launched by Khalistan supporters in India as well as abroad.

# Dry riverbeds of tomorrow

Only zero tolerance policies pertaining to pollution and climate change can retrieve our rivers from doom. But do the authorities have the will to see this through? Only time will tell

KOTA SRIRAJ

There is certainly something seriously going wrong with our fresh water bodies, not only in India but also across the world. Is it global warming, or climate change, or failing rains? Or a combination of all these? The scientific and the environmental experts are getting hard pressed to find the exact reason and hopefully the solution for the same. In the meanwhile, the once flourishing rivers in parts of the world are rapidly turning into dry river beds comprising of nothing but sand and quickly falling prey to land sharks and real estate mafia.

In India, the 1990s saw a flurry of hydel projects being approved and built of various capacities; these projects successfully dammed the rivers emanating from the Himalayas at var-

ious points, leading to electricity generation no doubt, but eventually causing the rivers downstream to quickly dry up and adversely affected millions of people and agriculture, which was dependent on the natural flow of the river.

Is this an India-specific phenomenon? Apparently not. It would be of interest to note that of all places, Europe is, as we speak, flummoxed by drying up of its rivers. Water levels in Western Europe and Germany's most important river, the Rhine, is at record low levels currently. More shockingly the water levels in this river is fast approaching zero at several spots. This occurrence is due to a recent drought, which is being blamed on climate change. Needless to say that the development has affected freight supplies, as the river is one of the most important transport routes in the region.

German media reports quoted Germany's Federal Waterways and Shipping Administration as saying that about half of Germany's river ferries had stopped running, and river cruise ships were having to transport their

passengers by bus for parts of their journey. The reports also noted that thousands of fish in the Swiss section of the river had died because of the heat and low oxygen levels. The most important effect of this has been on supplies of freight. Roughly 80 per cent of the 223 million tonnes of cargo is transported by ship in Germany each year travels the Rhine, which links the country's industrial heartland to Belgium, the Netherlands and the North Sea.

As a consequence of the river drying up, petrol stations in the region that rely on tankers to deliver fuel from refineries in the Netherlands have run out of supplies. A number of inland ports are now idle, and millions of tonnes of goods are being transported by rail or road. Media reports have speculated that drying of the Rhine could may be due to climate change. The river's flow relies not just on annual rainfall, but also on long-term water reserves in the Alps. Melting snow and glaciers, as well as Lake Constance, the source of the Rhine, feed the upper parts of the river. These

reserves are substantially lower today due to climate change. And in more bad news, other major rivers on the continent, such as the Danube and the Elbe are also drying up in parts.

Similar to the Rhine, the Ganges is an important river of India and is exceedingly suffering the same fate. The Ganges serves as the source of drinking water for almost 500 million people. It flows all the way from 3,000m above sea level in the Himalayan Mountains to the Bay of Bengal, and is one of the most revered and sacred water bodies. Despite this, it is also under increasing threat from climate change, industrial pollution and unhygienic rituals and waste disposal engendered by its legend. In fact, it was ranked as the fifth most polluted river worldwide.

The Ganges already sustains nearly half a billion people and according to the International Water Resource Management Institute (IWRMI), the demand for fresh drinking water will only increase. It projects the demand will rise roughly by one-third in the coming 15 years, meaning that the

Indians will rely on the river more than ever. However, a recent study surveying 925 rivers worldwide found that climate change posed a serious threat to many of the world's running water sources. Due to its geographical location, the Ganges was found to be particularly at risk, along with Africa's Niger River and the Chinese Yellow River.

Climate change is poised to affect the Ganges in another, more direct way. Water pollution in Asia has long been a subject of concern, and the Ganges is one of the harder hit bodies of water from the effects of the industrial boom in the continent. A report from the World Bank estimates that around 20 per cent of the contaminants in the river come from industrial emissions, and roughly one billion gallons of untreated sewage enters its waterways on a daily basis. Clearly, the situation is a concerning one. Add to this, the deeply religious significance of the river does little to help cleanup efforts. The Observer Research Foundation (ORF), a non-profit NGO from New Delhi, conducted a survey of 500 people and

interviewed 150 more to find out how attitudes to the river affected its cleanliness.

A large number of respondents to the survey felt that the religious value of the Ganga was non-negotiable. The respondents to the survey even suggested that the scale of traditional rituals such as corpse immersions in the Ganga were so low that they did not really upset the ecological balance or biodiversity of the river and that immersion of dead bodies in the river had in no way been found to hinder water management initiatives in the Ganga. The mythological idea of the Ganga is sadly more valued than the river itself.

If this trajectory of destruction continues, our pious and sacred rivers will be starting at becoming dry riverbeds of tomorrow. Only zero tolerance policies pertaining to pollution and climate change can retrieve our rivers from doom. But do the authorities have the will to see this through? Only time will tell.

## CAST AWAY SELFISH AMBITIONS

The Sri Lankan crisis is clearly a power struggle with extremely selfish motivation of politicians which does not involve the interests of the people at all, despite the groups on either side of the current political divide screaming at the top of their voices that they are fighting for democracy. (The Daily Mirror editorial)

# PM Modi calls for early conclusion of RCEP

**We need to make similar efforts to make progress in services negotiations, says PM**

PTI ■ SINGAPORE

Prime Minister Narendra Modi on Wednesday called for an early conclusion of the multi-nation Regional Comprehensive Economic Partnership (RCEP) agreement that should be modern, comprehensive, balanced and mutually beneficial to the people of all countries.

He also called on fellow RCEP leaders to give mandate to trade ministers and negotiators to take the economic grouping forward, said Sudhanshu Pandey, additional secretary, the commerce ministry, during a media briefing here.

The RCEP, involving 10 ASEAN members (Brunei, Cambodia, Indonesia, Malaysia, Myanmar, Singapore, Thailand, the Philippines, Laos and

Vietnam) as well as China, Japan, Australia, India, New Zealand and South Korea, would cover about half the world's population and a third of its GDP.

The RCEP has concluded seven chapters of the total 16.

Prime Minister Modi noted that significant progress has been made in market access of negotiation for goods and called on similar efforts on services sectors.

"We need to make similar efforts to make progress in services negotiations as they constitute more than 50 per cent of the GDP of most of the RCEP countries. In future, services are going to be playing a very important role," he said at the RCEP meeting.

He also stressed that any such multi-lateral agreement which has diverse circumstances and developmental requirements should be modern, comprehensive, balanced

# RBI, Govt trying to reach common ground on key issues

PTI ■ NEW DELHI

The Government and Reserve Bank seem to be veering around to reach an agreeable solution particularly with respect of relaxation of the Prompt Corrective Action (PCA) framework and easing of lending norms for the MSME sector ahead of the RBI board meeting on November 19, sources said.

If not in this board meeting, sources said, the issue of relaxation of PCA framework which the finance ministry has been pitching for would be reached in the next few weeks.

As a result of relaxation, some banks may come out of the PCA framework by the end of the current fiscal.

Of the 21 State-owned banks, 11 are under the PCA framework. These are Allahabad Bank, United Bank of India, Corporation Bank, IDBI Bank, UCO Bank, Bank of India, Central Bank of India, Indian Overseas Bank, Oriental Bank of Commerce, Dena Bank and Bank of Maharashtra.

The PCA framework kicks in when banks breach any of the three key regulatory trigger points namely capital to risk weighted assets ratio, Net non-performing assets (NPA) and return on assets (RoA).

The RBI is also likely to agree to easing of lending norms for the MSME sector including strict rating criteria to improve credit flow to this sector, sources said.

Besides, the central bank is expected to consider special dispensation for micro, small and medium enterprises (MSME) sector and non-bank-

ing financial companies (NBFCs) which have been facing liquidity issues.

The Government feels that the MSME sector which employs about 12 crore people plays a critical role in the economy, and the sector hit by demonetisation and implementation of Goods and Services Tax (GST) needs support.

However, the central bank has been averse to Government demand for special dispensations for MSME and NBFC sectors as it considers them vulnerable.

Last week, Finance Minister Arun Jaitley said there is a need to minimise NPAs in order to maintain the strength of the banking system and enable it to help the economy grow.

It is only a strong banking system that will be able to improve credit in those sectors which really need credit, the Finance Minister had said, adding, "The MSME sector needs credit, several other players in the market need credit. NBFCs today need credit because a large part of lending is done by them."

There are reports of growing tensions between the RBI and the government, with the Finance Ministry initiating discussion under the never-used-before Section 7 of the RBI Act which empowers the government to issue directions to the RBI Governor.

RBI Deputy Governor Viral Acharya had in a speech last month talked about the independence of the central bank, arguing that any compromise could be "potentially catastrophic" for the economy.

# Banks' bad loans under farm loans rise to ₹9K cr

PTI ■ CHANDIGARH

With farmers "stopping" repayment of crop loans because of debt waiver of up to ₹2 lakh, non-performing assets under agriculture loans have risen to nearly ₹9,000 crore in Punjab, bankers said.

"Due to debt waiver for small and marginal farmers up to ₹2 lakh, farmers in the state of Punjab have stopped making repayment of their crop loans and the recovery scenario is being adversely affected," according to the State Level Bankers Committee report which was released on Wednesday.

Notably, under the scheme relief, up to ₹2 lakh would be provided to marginal and small farmers who have crop loans from cooperative institutions, public sector banks and other commercial banks as on March 31, 2017.

A bank official said several farmers were reluctant in repaying their crop loans and it has become one of the reasons in the rise in NPA level under farm sector.

As per SLBC report, the NPA under agriculture sector was to the tune of ₹8,952 crore as on September 30, 2018 as against ₹633 crore in corresponding period of last year.

The NPA amount of ₹8,952 crore was 11.20 per cent of outstanding agriculture advances as against 7.19 per cent in corresponding period of last year.

The NPA level as percentage of total advances also rose from 2.60 per cent in September 2017 to 3.47 per cent in 2018. The total outstanding agriculture advances in Punjab were to the tune of ₹79,963 crore as on September 30, 2018, as against ₹88,122 crore in corresponding period of last year.

# Arunachal signs MoU with investors for projects worth ₹1,200 Cr

**To create over 8000 gainful employment opportunities in the State**

PTI ■ ITANAGAR

The Arunachal Pradesh government Wednesday signed MoUs with 17 private investors for projects worth ₹1,200 crore during the fifth edition of North East Connectivity Scheme at Tawang, an official release said.

The MoUs with private investors across sectors like tourism and hospitality, oil and gas, retail, power, equipment manufacturing and sports has potential to create over 8000 gainful employment opportunities in the state, it said.

The Polo Towers Group, a pioneering hospitality group has identified 11 investable projects in Arunachal worth Rs 419 crore and will generate 1850 employment opportunities.

Jungle Travels India Pvt Ltd exchanged MoU to invest in 20 rooms Jungle Lodge in or near Pakke Tiger Reserve and Wildlife Sanctuary in East Kameng district with invest-

ment of ₹10 crore and generate employment for 60 people.

Sterlite Power signed MoU to invest in detailed study of power system for Arunachal and take upgrade and update project on annuity basis, it said.

They are also interested in supply and installation of OPWG network on entire transmission system.

The project shall garner investment of ₹325 crore.

Alinz Portable Petrol Pump Pvt Ltd exchanged MoU to setup portable petrol pumps in Arunachal and in Northeast, which will be executed in PPP with an investment of ₹500 crore providing employment to 5000 people, the release said.

Archit Electricals Pvt Ltd intends to setup a unit of manufacturing and repairing of electrical items like oil cool and air cool transformers of various type with investment of Rs 10 crore and employing about 100 people.

Mobisoft Technology exchanged MoU intending to setup IT hub with investment of ₹10 crore.

Headkicks exchanged MoU intending to organize football themed festivals with investment of ₹0.25 crore.

Hindustan Aeronautics Ltd exchanged MoU intending to deploy HAL-Dornier-228 Commuter Aircraft and ALH Dhruv helicopter for inter and intra state air connectivity in Arunachal, the release added.

# IHCL records PAT growth of ₹53 crore in Q2 of FY19

PNS ■ NEW DELHI

Indian Hotels Company Limited (IHCL) announced its Quarter 2, FY 18-19 results recording a PAT growth of ₹53 crore with 82% operating EBITDA growth and 14% sales growth for the Quarter.

The company has witnessed a good growth momentum. The company has also added an addition of 15 new hotels, an inventory of 1825 rooms and a 90 percent growth in pipeline over the last one year.

# Spicejet Q2 net loss at ₹389.37 cr due to high fuel cost, falling Rupee

PTI ■ NEW DELHI

Low-cost carrier Spicejet Ltd on Wednesday reported a standalone net loss of ₹389.37 crore in the second quarter ended September 30, impacted by high fuel costs and rupee depreciation.

The company posted a net profit of ₹105.27 crore in the same quarter last fiscal, Spicejet said in a regulatory filing. Net income from operations during the quarter under review stood at ₹1,848.28 crore. It was at ₹1,794.57 crore in the corresponding period of the previous fiscal.

Notes:  
1. The Company had closed production in its sole manufacturing facility during the financial year ended 31-March-2017 and during the preceding financial year following a definitive plan the management of the company decided to monetise all the assets, except certain assets at head office, of the Company to pay off the liabilities, not only to remain solvent to explore some other business opportunities. Consequently, the Company entered into a binding agreement to dispose off the entire land of its sole manufacturing facility located at Sonapat on 9th Jun, 2017. Subsequently the Company has also disposed off the other assets (other than land) as a part of definitive plan and has paid off all borrowing from bank and others and has paid a significant portion of its liabilities like trade and other payables, statutory dues, employees related dues. The net worth of the Company as on date is positive and there is no foreseeable issue that the Company shall not be able to pay off its remaining liabilities which are not significant in current context. However, out of abundant caution and in view of accounting principle of prudence, all the assets have been shown at lower of book value and Net realisable value and all known liabilities have been fully recorded at values at which the same are likely to be discharged. Consequently, all the known losses have been recorded and unrealised gains, if any, have been ignored. In view of improved net worth and availability of funds, the management is hopeful to finalise a new business plan for the Company in near future.  
2. The above Statement of "Unaudited Financial Results" for the quarter and half year ended 30th September, 2018 ("the Statement") has been reviewed by the audit committee and approved by the Board of Directors in its meeting held on 14th November, 2018. The Statutory Auditors of the Company have carried out the limited review of the Statement.  
3. The above is an extract of the detailed format of Quarterly and Half Yearly Financial Results filed with Stock Exchange under Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulation, 2015. The full format of the quarterly and Half Yearly Financial Results are available on the Exchange website www.bseindia.com and the Company's website www.everesttools.com.

# B'desh ready for Rohingya repatriation

**Dhaka:** Bangladesh on Wednesday was preparing to go ahead with the planned repatriation of hundreds of thousands of Rohingya refugees who last year fled a violent military crackdown in Myanmar, despite concerns over their safety.

The plans to send Rohingya refugees back to Myanmar gathered momentum, with reports of Bangladesh armed forces gathering in the Cox's Bazar camps and allegations that refugees were assaulted by the authorities for refusing to cooperate, according to a report in the Guardian.

The first phase of the Rohingya's return to Myanmar will begin on Thursday, according to an agreement signed between the two countries on November 23, 2017.

"We have seen their concerns, but so far the decision has not been changed," Refugee Relief and Repatriation Commissioner Abul Kalam told *Efe news*.

The two governments agreed to repatriate 2,251 of some 723,000 Rohingya refugees living in camps in Cox's Bazaar of Bangladesh.

The Army, police and paramilitary troops moved into several of the camps in Bangladesh, where over 7,00,000 Rohingya have been living after fleeing a campaign of violence, described as genocide by a UN fact-finding mission.

According to the *Guardian*, there have been reports of Bangladesh camp officials assaulting Rohingya refugees who refused to cooperate, in a sign that the repatriations may not be voluntary, despite multiple assurances by Bangladesh that it would not force any Rohingya to go back.

Meanwhile, UN High Commissioner for Human Rights Michelle Bachelet on Tuesday urged Bangladesh to halt the plan, warning that the repatriation would violate international law and put the lives of the refugees at serious risk.

Rohingya leaders echoed those concerns, saying it was too soon to start the repatriation.

"This repatriation is not going to be sustainable," Abdur Rahim, a leader of Arakan Rohingya Society for Peace and Human Rights, said. *IANs*

# Pence says Myanmar's handling of Rohingya 'without excuse'

**Singapore:** Myanmar's leader Aung San Suu Kyi has rebuffed criticism over her government's treatment of its ethnic Rohingya Muslims.

US Vice-President Mike Pence told Suu Kyi on Wednesday that the violence, which led more than 7,00,000 of the country's Rohingya minority to flee for Bangladesh since August 2017, was "without excuse."

Pence also said Myanmar's arrests and convictions of two

Reuters journalists was "deeply troubling" to millions of Americans.

Pence and Suu Kyi met on the sidelines of the annual summit of the Association of Southeast Asian Nations in Singapore. Pence said the meeting was at Suu Kyi's request.

Suu Kyi said only Myanmar was in a position to explain what happened and how it saw things, just as Americans could best understand what is happening there. *AP*

# UK significantly closer to delivering Brexit, says May

**London:** The UK is "significantly closer" to delivering on the result of the Brexit vote, Theresa May has told MPs.

The PM was speaking before a crunch cabinet meeting where she is seeking her senior ministers' backing for the UK and EU's draft agreement. She told the Commons it would give the UK control of borders, laws and money - and also protect business and jobs. But Jeremy Corbyn said the UK would be stuck in an "indefinite half-way house without any real say" over the rules.

Speaking at PM's Questions, the Labour leader said May was putting a "false choice" before Parliament between her "botched deal and no deal". *Agencies*

# Israeli Def Minister resigns, accuses PM of surrendering before Hamas

**Jerusalem:** Israeli Defence Minister Avigdor Lieberman resigned on Wednesday and called for early elections, accusing Prime Minister Benjamin Netanyahu of "capitulating to terror" and surrendering before the Islamist group Hamas over a Gaza ceasefire agreement.

Over 460 rockets and mortar shells were fired at southern Israel in 25 hours on Monday and Tuesday, according to the Israeli army. The Iron Dome missile defence system intercepted over 100 of them. Most of the rest landed in open fields, but dozens landed inside Israeli cities and towns, killing one person, injuring dozens more, and causing significant property damage.

In response, the Israeli military targeted approximately 160 sites in the Gaza Strip connected to Hamas and Palestinian Islamic Jihad terror groups, including four facilities that the army designated as "key strategic assets". As news of a ceasefire between the Israeli government and Hamas - which controls the Gaza Strip - broke, Lieberman's offer put out a statement saying any claim that he had backed ending Israel's offensive was "fake news". *PTI*

# GLOBE TROTTER

**PREGNANT WOMEN KILLED IN UK ATTACK**  
**London:** A pregnant Indian-origin woman in the UK was killed after an arrow pierced through her abdomen in a crossbow attack by her former partner, but her baby survived following an emergency Caesarean section.

**BEIJING HIT BY WORST POLLUTION THIS YEAR**  
**Beijing:** Beijing and several cities in northern China on Wednesday were blanketed by the worst smog so far this year with pollution readings shooting up well above hazardous levels. Readings by the US Embassy's air quality monitor in Beijing showed PM 2.5, the fine particulate matter that causes smog, hit 376 micrograms per cubic meter which meant 'hazardous' levels of air pollution with potential to cause 'serious health' problems to everyone.

**PEOPLE RAISE OVER \$1 BN ON FACEBOOK**  
**San Francisco:** Facebook on Wednesday said its charitable giving tools have helped people raise over \$1 billion in a span of three years. So far, over 20 million people have either donated to or started a fundraiser on Facebook.

**'GHOST' GALAXY HIDING NEXT TO MILKY WAY**  
**London:** A massive but extremely faint galaxy has been discovered hiding near the Milky Way by scientists trawling through data from the European Space Agency's Gaia satellite. Despite its size, the galaxy has very few stars, challenging conventional theories of galaxy formation, said researchers from Imperial College London in the UK.

**NEW SYSTEM MAY HELP REDUCE FLIGHT DELAYS**  
**New York:** Taking the delay costs of both airlines and passengers into account can result in fewer delays and save airlines money, according to a study.

# Peshawar SP found dead in Afghanistan 18 days after abduction: Authorities

**Peshawar/Islamabad:** A top police officer of Pakistan's Peshawar city has been found dead in Afghanistan, 18 days after he was abducted to the war-torn country by unidentified militants, authorities said on Wednesday.

Superintendent of Police (Peshawar) Tahir Khan Dawar left his residence in Islamabad for an evening walk on October 27 but did not return home. His mobile phone's last

location was traced somewhere in Jhelum city of Punjab province.

After being contacted, he said that he was fine and there was no threat to his life.

The Islamabad police had constituted various teams to trace him. Peshawar city police in a statement said that the officer had been on a short leave to Islamabad to meet his family. His abductors released a picture of him along with a let-

ter of the Tehrik-e-Taliban Pakistan's Khurasani group claiming responsibility for the kidnapping and the killing. Information Minister of Khyber Pakhtunkhwa Shaukat Yusufzai said that Dawar was ruthlessly killed by the abductors in Afghanistan. He was in captivity for 18 days.

The Afghan Foreign Ministry has confirmed the recovery of a body with the service card of Dawar. *PTI*

Heavy security shrouds actors' intimate Italian wedding at Lake Como. By TEAM VIVA

**Trend**  
*Slazer*

## Ileana denies quitting Tollywood

Actress **ILEANA D'CRUZ**, who has made a comeback to the Telugu industry after six years with Sreenu Vatta's *Amar Akbar Anthony*, said that she never quit her career in the south to build one in Bollywood. "People have always had misconceptions about my career. After I signed *Barfi*, I was shocked to read reports that I have quit Telugu cinema for Bollywood. These were baseless allegations and it's time to put them to rest. Why will I give up an industry which has given me an identity," Ileana asked. "It's just that I was getting really good work in Bollywood that I didn't have time for Telugu films," she added. Ileana said that she wants to do films that will be remembered for a long time.

## 'With the way content is evolving and compelling stories are coming out, there's a great need for stories of and about stronger women. We have incredible women heroes from the Army and Navy who have done incredible acts in their careers.'

—Yami Gautam

incredible women heroes from the Army and Navy who have done incredible acts in their careers.'

—Yami Gautam

Filmmaker **ANAND KUMAR**, known for directing films like *Delhi Heights* (2007) and *Zila Ghaziabad* (2013), has conceptualised a film around India's ex-captain and football sensation **Bhaichung Bhutia**. He is currently in the process of finalising a director and lead actor for the film. The film's idea hit Anand during this year's football World Cup that was held in Russia. "I'm honoured that people feel my journey is worth capturing to be shown on the big screen. I want my biopic to be close to reality. I am certain that Anand will do justice to my story," said Bhutia.

## Pharell angers Palestinians

Singer **PHARRELL WILLIAMS** has been bombarded with furious messages on social media after performing at a benefit gig for Israeli Defence Forces (IDF) personnel earlier this month. At the event, Williams performed his number *Happy* giving a speech calling for an end to fighting. However, his presence has angered activists who object to the IDF's actions in the long-running Israel-Palestine conflict. "Dear Pharrell, you contributed in raising \$60 million to a nasty army that has killed hundreds of thousands of my people," a Palestinian campaigner wrote on Twitter. Many accused him of hypocrisy as he had tried to ban US President Trump from playing *Happy* at rallies.

After months of speculation, a royal tenor and well-guarded info corridors and spaces, Bollywood actors Ranveer Singh and Deepika Padukone made vows to each other at a dream-like wedding in Italy's Lake Como with a traditional Konkani ceremony. This will be followed by a Sindh ceremony on November 15.

The wedding took place at the Villa Del Belbianello with only intimate friends and family around. Both Ranveer and Deepika chose Sabyasachi white and gold *Kanjevaram* creations, she a sari, he possibly a *kurta* or *sherwani*. Both will go for colour at the Sindh rituals, Deepika in bright red and gold to be precise.

Shrouded in privacy, it was a storytellers' day of how the couple were truly magical. As per insider reports, the couple have done away with the idea of gifts and trousseaus, asking their guests to donate it to Deepika's NGO, the Live, Love, Laugh Foundation. Ranveer Singh reportedly went down on his knees to ask for Deepika's hand on the day of *mehendi*, during which they wore colour-coordinated clothes. He also made an emotional speech professing his love for Deepika which made her all teary-eyed. Ranveer then hugged Deepika and the couple exchanged rings soon after. The ring ceremony was attended by 40 guests, and this was followed by a sit-down dinner. There was also Bollywood music to which the guests grooved to at the party which followed. Ranveer apparently performed to his song *Tu Ne Maari Entry...* from the film *Gunday*. Guests surprised them with a mash-up of instrumentals of songs from the duo's films. Ranveer even reportedly strung up their private pictures as a video story.

The *mandap* was done up in white while the massive villa was

Deepika Padukone and Ranveer Singh at Lake Como's Villa Del Belbianello

AS PER REPORTS, THE COUPLE HAVE DONE AWAY WITH THE IDEA OF GIFTS AND TROUSSEAUS, ASKING THEIR GUESTS TO DONATE IT TO DEEPIKA'S NGO

A file photo

THE MANDAP WAS DONE UP IN WHITE WHILE THE MASSIVE VILLA WAS DECORATED BY MORE THAN 10 FLORISTS FROM ANOTHER SECTION OF ITALY

decorated by more than 10 florists from another section of Italy. The wedding ceremony ended on Wednesday afternoon and was followed by a lunch that would include Indian cuisine. The couple spared no expense and had reportedly flown in Swiss chefs for their wedding cake and desserts.

The villa was wrapped up in tight security to stop paparazzi and the guests were also told about a no-picture policy. So there were no drones, the local boatmen were all paid to not ply other tourists and river patrol was in full swing, the waterway being the preferred mode of transport. Guests were also given identity bands. Invites had QR codes which had to be scanned to enter.

Right after the news of their wedding was announced, their Wikipedia bios were updated to show spouse names.

According to reports, the *sangeet* and *mehendi* rituals, which took place before the engagement, were held on CastaDivia Resort and Villa d'Este, which are close to the wedding venue. The *mehendi* ceremony was followed by a dinner with the family.

At the *sangeet* ceremony, it was reported that Ranveer entered to his *Gunday* song, *Tune Maari Entryyaan*. Singers Harshdeep Kaur and Shubha Mudgal performed at the *mehendi* event. The A-list couple will have two receptions, one in Bengaluru on November 21 and another in Mumbai on November 28. Bollywood congratulated the couple with Nimrat Kaur tweeting, "Huge congratulations @deepikapadukone and @RanveerOfficial!! Here's to the blissful ever after of every step you walk together..." while Karan Johar tweeted "Such a stunning gorgeous and beautiful couple!!! Nazar utar lo! @deepikapadukone and @RanveerOfficial!! Badhai ho!!! Love you both!!! Here's to a lifetime of love and joy!"

# Sex education not on agenda

Only one-third of parents with older kids (15-17 years) claimed to be talking to them about it. By TEAM VIVA

Children's Day may well be celebrated every year on November 14 to commemorate Prime Minister Jawahar Lal Nehru's birth anniversary and increase awareness of rights, care and education of children. But a survey this year shows that we may have well fallen short when it comes to parenting and schooling them about a subject that is sensitive and the knowledge of which would prepare them to face a world of predatory exploitation, that of sex.

A study was conducted across various demographics to understand digital media and its behavioural impact on children recorded some interesting insights. It was found that six out of 10 parents do not talk about sex education with their children. A mere one-third of parents with older kids (15-17 years) claimed to be talking to their kids about sex education, according to a research by a market research and analysis company, Velocity MR. Only one-third of the kids' parents say are exposed to sex education at school.

Seven in every 10 kids across age groups play online games with friends around the world and nine in 10 parents of kids in the age group 6-10 years unanimously agree that the pop-ups expose their child/children to unwanted content. Approximately, one in every two children spends two-three hours daily on the internet. Six in every 10 parents agree that online games have a negative impact on their child's behaviour.

But there are more number of parents who believe that the internet helps in education of the child. As many as nine in every 10 parents believe that. "With the growing presence and usage of digital media, our younger generation has been adopting digital media exponentially. Even though social media may not be a safe place for kids, there is peer pressure for children to have an online identity," said Jasal Shah, managing director of the company. "It's shocking to see that most parents do not talk about sex education with their children. In India, according to our data, 53 per cent of children between the ages of five and 12 have been subjected to some form of sexual abuse. There are numerous misconceptions surrounding sex education in India," he added.

Gone are the days when children loved to indulge in outdoor activities. The influence of technology in the field of gaming continues to grow at a rapid pace. As computer and video games

Mobile phones have become the primary interface to access the internet for children of the current generation and with that comes access to unwanted content that cannot be always monitored

have increased exponentially in popularity over time, they have also caused drastic behavioural changes among the current generation of children. A recent online game called Blue Whale which was causing suicide among children is an example of the adverse effects of online gaming. All these shows that parents must play an active role in monitoring their children online activity.

With access to the internet through multiple points, children are learning to use the internet at a younger age. Close to 55 per cent parents say, their kids started using the internet between six and 10 years of age and three in every

five kids having access to an internet-based TV. But not all parents see the access to be detrimental. Eight of 10 parents of children aged six to 10 years are positive about TV viewing.

Mobile phones have become the primary interface to access the internet and with that comes access to unwanted content that cannot be always monitored. Even though three fourth of the parents say that they have never caught their kids watching unwanted content, two third of them use measures to restrict their internet access.

Parents of young kids (six-10 years) tend to monitor their usage of the internet the most; followed by 11-14 years (nine in every 10) and 15-17 year (eight in every 10).

Access to social media has also become prolific with more than eight in every 10 kids having access and using it for maximum of about 3 hours daily. Eight in every 10 parents discuss the usage and dangers of social media with their kids and nine in every 10 of the parents with minor kids with access to social media monitor their social media usage.

The research was conducted on a sample size of 2,268 covering prominent Indian metros including Mumbai, Delhi, Bangalore, Kolkata, Hyderabad, Chennai, Ahmedabad, and Pune.

As Russian illusionist **ALEXANDER MAGU** performs in India, he tells **CHAHAK MITTAL** how it's all about playing with the mind and pushing its limits

## Inside track to tricks

Be it swallowing a 40-centimetre sword through peristalsis, taking rabbits out of a hat, spreading cards on the table and hypnotising the audience to pick the one that the mastermind had already chosen or probably cutting a man into two pieces in a rectangular box and joining him back to perfect shape... In a magician's world miracles are nothing but illusions.

Illusionist Alexander Magu makes a pit stop in India for the second time to stun audience and share stories of what drove him in the first place to play with the human mind. He narrates his story of how as a 17-year-old boy growing up in St Petersburg, he went crazy over a trick his friend once performed and decided to never return from this winding path of wizardry.

"It isn't a profession very highly preferred or chosen. It's all about ideas, imagination and a story-telling capacity to hold the audience," he told us. The initial years were a struggle for Magu whose parents were reluctant about his career choice. Had it not been for magic, he would "have been working in the Russian Railways."

So is it only about playing pranks that could amuse people? "No," he says. "It takes a lot of training and practice to gain expertise in an act. And it is not magic, it is just a play of psychology and mind-counselling techniques."

Today, Magu loves his job that not only lets him explore the world but also "lets me explore the human mind and its numerous possibilities. The beauty of the human mind is that no matter how fearless it might condition itself to be, it is as fearful, unbelievable yet believable. It's amazing how certain things can amaze the mind." He hugely derives inspiration from the masterminds Derren Brown, David Blaine and "of course, David Copperfield."

For Magu, the art is self-taught and as much about being a seeker. He believes that he is a self-made artist. He says, "I learnt from the internet, books, looking at the

other famous illusionists, TV and films. I am all by myself. I have never taken any specific education for this art. With time, I have developed my own techniques."

Magu even does subtle social messaging. While performing in one of his acts previously, he played with a cigarette and a white scarf, making it disappear and reappear at unexpected places like nostrils and wrist. In the end, the cigarette was magically lit and on his lips. The message was to make cigarettes disappear from people's lives forever. However, this moral shift took a sentimental turn when he said that real magic was all about love, friendship and family.

There was a time when magicians offered the audience a sneak peek into their orchestrated and choreographed acts just to keep the spectacle element alive. This was the reason why shows like *Criss Angel Mindfreak*, *Master of Illusions*, *Doug Henning's The Magic Show*, *Breaking the Magician's Code: Magic's Biggest Secrets Finally Revealed* became major TV hits. Magu, however, believes that the popularity of magic shows and pranks has still not lessened and "neither it will. It is a very special kind of act that has a lot of future. You can reinvent and push the limit to infinity."

His tricks include mind-reading, telekinesis, levitation and gravitational illusions. While all these are merely "illusions" and not "magic," he explains how an illusionist is different from a magician. "An illusionist might leave your eyes wide open and make your jaw drop but a magician can make miracles happen. That's magic," says he. From goosebumps, mind-reading, comic magic to a complete theatrical experience, Magu's show will play "scary pranks" and "play with your memory," making the impossible seem possible.

(The show will be performed from November 15 to 25, 7 pm to 9 pm, at Upstage, Roseate House, Aerocity.)

## OUR FIRST STAR

India has got its first woman Michelin star chef from Bangkok. Mumbai-born Garima Arora, who opened GAA, is an alum of Le Cordon Bleu and has

worked in Gordon Ramsay and Gaggan Anand's kitchens. Anand also maintained his Michelin star in Michelin's guide to Bangkok, Phuket and Phang-nga for 2019.

# INDIA, AUSTRALIA RIDE HIGH ON EDUCATION

Under the leadership of **RAVNEET PAWHA**, the Deputy Vice President (Global) and the CEO-South Asia, Deakin University, Australia became the first international university to establish operations in India in 1994. The continued contribution of Pawha towards establishing the university as a premier choice among Indian students was recently recognised at the India Australia Business Community Award (IABCA) where she was honoured with the 'Business Leader of the Year 2018' award. In an interview with **ANKITA SAXENA**, she shares the University's journey in India and its commitment to strengthen the India-Australia ties in the domain of education. Edited excerpts from the interview:

◆ **What does the IABCA award mean to you and the university at large?**

This award celebrates the Australia-India relationship and the contribution made by people towards strengthening the bond between the two countries. For me, this award is important because it celebrates Deakin's 25 years in India, which has been amazing from both personal and professional perspective. It is also important to celebrate the people behind the success. Be it the team at the India office or the leadership of the university, it is the passion in people that has dictated our fruitful journey.

◆ **What made Deakin University choose India for its first international office?**

The second Prime Minister of Australia, Alfred Deakin, on whom the university is named, had a vision that the Australia-India relationship is going to be very important for the two countries. Concurring with the same, Deakin, being a young and innovative university decided to embark on the journey and establish its presence in India not just to look at student recruitment but to also work with India, in India, for India. The whole idea was to engage, contribute and to exchange excellence in knowledge between the two countries.

◆ **With you at the helm of the operations, how has the 25-year long journey been so far?**

To think of the journey so far, we have to first think of India 25 years ago. The globalisation of the Indian economy and the education sector in particular was a big change. Deakin University was the first of its kind to set up an office abroad and I remember, at that time there was no understanding of the how and why. Thus, we

had to first create that understating in the market and then look at partnerships with the Indian universities. This whole process has been very interesting. We hardly understood globalisation ourselves; leave alone know its implementation in terms of curriculum, degree, decisions on infrastructure requirements and more importantly the impact on the student community. However, we have come a long way, where today, Deakin's South Asia office and its activities are often showcased as a 'case study' of successful model of engagement. We are indeed proud to be featured as a successful case study in the 'India Economic Strategy to 2035' by the Australian government. A document that charts out Australia's vision for economic partnerships in India for next 20 years.

◆ **Please elaborate on some of the partnerships in India**

Over the past two decades, Deakin has established strong strategic partnerships with premier institutions in India, both with industry and academia. The university provides strategic inputs in teaching and learning programs besides offering various options for studies through semester abroad programs, research, internships, mobility and in-country capacity building programs. We have partnered with institutions in India such as All India Institute of Medical Sciences (AIIMS), IIT Madras, National Skills Development Council (NSDC), CII, ISB, Centurion University, CEPT University, NID, VIT University, IITs, IISC, Symbiosis International University, University of Mumbai, Hyderabad University and Amity University. Our strategic collaborations to engage in areas of health science, biotechnology and sports include those with The Energy and Resources

BUILDING PARTNERSHIPS AND ENGAGING WITH THE GOVERNMENT, INDUSTRY AND ACADEMIA IN INDIA HAS PUT DEAKIN UNIVERSITY, AUSTRALIA IN THE SPOTLIGHT AS A PLATFORM FOR KNOWLEDGE-BUILDING AND EXCELLENCE IN EDUCATION

Institute (TERI), Indian Premier League team—Rajasthan Royals, Max Healthcare, NIMHANS and Madras Diabetes Research Foundation (MDRF). We also run various Student Mobility Programs in

collaboration with some of these partners under which, each year, about 200 Deakin students travel to engage in several activities.

◆ **What are some of Deakin's initiatives to encourage research in India and Australia?**

We work closely with premier academic institutions, government bodies, key industry bodies to engage in cutting-edge research in community based topics in the areas of science, material, manufacturing, management, social sciences and CSR. The Deakin India Research Initiative (DIRI) is at the helm of our commitment to build a robust knowledge cohort. Currently, DIRI involves over 80 projects over 20 organisations across India. The establishment of research centres of excellences like the TERI Deakin Nanobiotechnology Centre, the TOBY Playpad Laboratory and the Centre of Excellence in Advanced Materials with IIT Madras, have been some of the key milestones.

◆ **Does the university offer scholarships to Indian students to study at Deakin? Are there any specific student engagement activities?**

In a first of its kind initiative, Deakin has established a scholarship program—'Changing Lives', with NDTV, which offers 100 per cent scholarship on tuition fee. For research programs, the Indian government offers 'Endeavour Scholarships' where the government would spend on students to spend time at Deakin. For the undergraduate and postgraduate students, Deakin offers meritorious scholarships ranging from 10-25 per cent and four 100 per cent scholarships for the best in various fields. We heavily subsidise the education for Indian and South Asian students to encourage them to experience world-class facilities at Deakin University.

CORPORATE BRIEFS

**AAI PARTICIPATES IN INDIA-MYANMAR BUSINESS FORUM**

The Airports Authority of India (AAI), recently participated in the 'India Myanmar Business Forum' organised by the Confederation of Indian Industry (CII) in association with the Ministry of Foreign Affairs of the Republic of the Union of Myanmar and Union of Myanmar Federation of Chambers of Commerce and Industry (UMFCCI) with a focus on bilateral trade and investments in the Rakhine state of Myanmar at the India Habitat Centre in Delhi. AAI officials from business development team headed by the JGM, S D Tiwari along with the AGM, Amit Kumar, attended the event.

**NLCIL DECLARES FINANCIAL RESULTS FOR Q2**

The NLCIL declared its financial results for the quarter and half year, ended on September 30 where the total revenue of the company stood at ₹3,722.18 Cr as against ₹4,459.09 Cr in the corresponding period of the previous year. For this period, the profit was recorded at ₹647.35 Cr as compared to ₹642.97 Cr earlier, registering a marginal growth. The lignite production stood at 99.41 LT as compared to 101.26 LT previously, and the lignite sale was 15.82 LT as against 6.26 LT in the corresponding period of the previous year. The power sale in this quarter was 8,116.98 MU as against 8,617.76 MU in the corresponding period last year.

**MMTC'S FINANCIAL PERFORMANCE IMPROVES**

The Metals and Minerals Trading Corporation of India (MMTC), declared its financial results for the half year ended on September 30. The company has achieved revenue from operations of ₹12,511 crore as against ₹9,969 crore during the corresponding period last year, registering a growth of 26 per cent over the same period last year on YOY basis. The MMTC has posted a net profit of ₹41.62 crore during the period as compared to ₹29.76 crore during the same period last year, registering an increase of 40 per cent.

**IITF BEGINS IN DELHI**

The 38th edition of the India International Trade Fair was inaugurated by the Union Minister of State for Culture and Environment, Forests and Climate Change, Dr Mahesh Sharma, at Pragati Maidan in New Delhi in the presence of the Minister of State for Commerce and Industry, C R Chaudhary, the chairman of Khadi Gramodyog Board, Government of Jharkhand, Sanjay Seth, the Charge d'affaires, Islamic Republic of Afghanistan, HE Mohammad Khairullah Azad, Economic Councillor, Charge d'affaires, Embassy of Nepal, Tirath Rakesh Poudel, the chairman-cum-managing director of IPTO, L C Goyal and the executive director of IPTO, Deepak Kumar.

Lt Gen D Anbu, VCOAS, pays homage to Lance Naik Antony Sebastian KM, who fell to the enemy action during the ceasefire violation along the Line of Control in Poonch on November 12. The mortal remains of the fallen soldier being brought for wreath laying in Palam Technical Area, New Delhi.

**NSIC PROMOTES ENTREPRENEURSHIP**

The NSIC-Technical Services Centre (Howrah) has commenced a six weeks residential Entrepreneurship Development Training Program (EDTP) for 29 trainees from Bangladesh. The programme intends to drive the participants towards entrepreneurship, give an opportunity to acquire skills on basic technical trades and gain exposure in all areas of business operations such as business skill development, identification of appropriate technology, hands on experience on working projects like soya milk extraction, bakery, sock knitting, fashion designing and so on.

**MYOXY TO COMBAT HEAVY AIR POLLUTION**

With pollution levels in Delhi at an all time high, MyOxy by Gupta Oxygen Private Limited, is an endeavour to help people in the city realise the benefits of fresh oxygen. It is the first and only OXYGEN I.P. in portable cans in India approved by FDA and manufactured under a valid drug license, strictly adhering to the Indian pharmacopoeia standards and measuring 5.9 liters at 1200 kilopascal. MyOxy is a seamless, aluminum, disposable can with inbuilt mask, allowing up to 100-150 inhalations per can and will be available at leading pharmacies including the Apollo pharmacy, medical stores across Delhi/NCR and online pharmacies such as NetMeds. Suitable for all age groups, MyOxy is fit for use by children, expecting and lactating mothers and elderly people. It is available at a competitive price of ₹399 per can.

**MOU TO EXPAND STRATEGIC ENERGY PARTNERSHIP BETWEEN INDIA AND UAE**

The Indian Strategic Petroleum Reserves Limited (ISPRL) has signed a memorandum of understanding (MoU) in Abu Dhabi with the Abu Dhabi National Oil Company (ADNOC) to explore the possibility of storing ADNOC crude oil at ISPRL's underground oil storage facility at Padur in Karnataka. Under the MoU, ADNOC is expected to store crude in compartments at Padur. The MoU was signed by the director of marketing for sales and trading at ADNOC, Abdulla Salem Al Dhaheri, and the CEO and MD of ISPRL, HPS Ahuja, on the sidelines of the Abu Dhabi International Petroleum Exhibition and Conference (ADIPEC).

**KATHAKAR FROM NOV 16-18**

The 8th edition of India's only oral storytelling festival, involving raconteurs from all over the world—Kathakar—is going to be hosted from November 16-18, at the Indira Gandhi Centre for the Arts (IGNCA) in New Delhi. The three-day event, organised by IGNCA in collaboration with Nivesh, will witness immersive storytelling sessions focusing on India's rare art forms as well as native tales from Africa, the UK, Greece, Poland, Russia and Iran. This year, the festival will be inaugurated by Sadhguru, the founder of the Isha Foundation along with the Minister of State for Home Affairs, Kiren Rijiju.

# Dance with the deer in Manipur

An annual affair, the Manipur Sangai Festival is back this year from November 21 to 30. The Manipur Tourism Corporation is aggressively promoting the festival in various parts of the country to increase awareness about the significance of this grand extravaganza and eventually drive tourist traffic to the state

An unexplored tourism paradise—Manipur, has a lot to offer to every tourist to the state. This year, the state is back with its grandest festival—Manipur Sangai Festival—to celebrate the rich culture, heritage and culture of this pristine land.

An annual affair, the Manipur Sangai Festival is celebrated from November 21 to 30. The festival takes its name from the state's unique, shy and gentle brow-antlered, Sangai deer or the dancing deer. The Sangai deer is found only in Manipur's floating Keibul Lamjao National Park at the Loktak Lake. The festival has great profundity in showcasing its rich art and cultural heritage and celebrating the various ethnic diversities in Manipur.

The chairman of the Tourism Corporation of Manipur Limited, Dr Sapam Ranjan, informed that the festival will be inaugurated at Imphal on November 21. Two other districts of the state—Bishnupur and Senapati, will also play host to the festival and have a line-up of events ranging from half-marathons, water sports and trekking along with other adventure activities. He was speaking at the curtain-raiser of the festival which was recently organised at the Select CityWalk mall at Saket in New Delhi.

The member of parliament and Padma Bhushan awardee Mary Kom, the former boxing world champion and Arjuna awardee Sarita Laishram, along with the former Indian football team captain P Kennedy Singh, marked their presence at the event to promote the festival in the capital. Officials from Manipur Tourism along with its

stakeholders shared updates on the preparations for the largest tourism festival of the state.

"Taking the festival as an opportunity, we are here to connect with our potential stakeholders in the capital city of the country. We wish to invite them to come to our state and enjoy our cultural extravaganza. Manipur holds great many

surprises for every visitor. The profound natural beauty of the state and the unique attractions that we have, like the floating national park of Keibul Lamjao and Sangai are found nowhere else in the world," said Ranjan.

A variety of dance forms of over 34 recognised tribes of Manipur will be the special attraction of this mega tourism event. The main venue of the festival at Hapta Kangjebung, Imphal, entertains visitors with its mesmerising performances of renowned artists from all over the world every evening. The famous Rass Leela dance of Manipur is a must watch amongst the variety of performances by folk dance artists.

"Manipur receives the maximum number of visitors during this time of the year when

we celebrate our biggest tourism festival. The curtain raiser for this festival is organised in Delhi to create awareness amongst potential visitors about the state's offerings as a tourist destination. Manipur is largely unexplored and offers huge opportunities for adventure, culture and rural tourism aficionados," said the tourism director of the state government W Ibohah Singh.

The director further added, "Our state presents huge opportunities for adventure tourism and we are exploring opportunities to associate with domestic and international adventure tourism associations. It is the right time for us to inform travellers in the region that our side is ready to welcome them to the Manipur Sangai Festival. The state is considered one of the safest state for women travellers. It has a women's only market where many businesswomen run their small vegetable stalls till late at night."

Started in 2010, the festival has grown by leaps and bounds over the years and has become a platform to boost tourist inflow. The domestic tourist inflow during 2010-11 was recorded at 116,652 which increased to 164,483 in 2017-18. Similarly, there has been a manifold increase in foreign tourist figures to the state from 431 in 2010-11 to 3,787 in 2017-18.

**PALLADIUM HOTEL' 1ST HOTEL IN COSTA DEL SOL**

Spain's famous 'sun coast' and a world-renowned tourist destination of Costa del Sol, is set to welcome a gorgeous new beachfront property—the Palladium Hotel Costa del Sol by the Spanish leading chain-Palladium Hotel Group. Slated to open doors in July 2019, the hotel is the group's first outpost in Spain's Costa del Sol region. The four-star establishment with 330 bright and spacious rooms, will offer spectacular views of the Mediterranean, adopting a contemporary and stylish look and feel. The new hotel will be a mere 20 minutes away from the Malaga airport.

# FEDERER FINDS FORM; NOVAK WINS

## Six-time champion Roger upsets Thiem to keep hopes alive; Djokovic eyes semis after dismissing Zverev

AFP ■ LONDON

Roger Federer staved off elimination from the ATP Finals as the six-time champion eased to a 6-2, 6-3 win over Dominic Thiem on Tuesday.

After losing his opening match at London's O2 Arena against Kei Nishikori, Federer would have crashed out if he had been beaten by Thiem.

Only once before has Federer failed to qualify from his group for the knockout rounds in his 15 previous appearances at the prestigious season-ending event.

That lone flop came 10 years ago when the Finals were held in Shanghai and Federer is still in with a chance of avoiding that ignominious fate thanks to his comfortable 66-minute dismissal of Thiem.

Bidding for a record seventh ATP Finals crown and a first in the tournament since 2011 — which would be the 100th singles title of his glittering career — world number three Federer must beat South Africa's Kevin Anderson in his last group match to make the semi-finals.

"It feels good. I am very happy that I showed a reaction after the last match," Federer said.

"Against Kei, instead of seeing things positively, I thought negatively. It was disappointing but it happens.

Roger Federer returns a shot against Dominic Thiem; (right) Novak Djokovic in action against Alexander Zverev AP/ATP

Federer vs Anderson  
Live from 1:30am IST  
SONY ESPN & ESPN HD

"Today I was more positive and happy on the court. I love playing in London and I had to remind myself what a privilege it is. I hope I showed it."

Since winning his 20th Grand Slam title at the Australian Open in January, Federer

has been stuck in a prolonged slump by his sky-high standards.

A quarter-final exit at Wimbledon, blowing a two-set lead against Anderson, was followed by a stunning US Open last 16 defeat to Australian journeyman John

by a hand injury that has troubled him since the grass-court season in June and July.

Having cut a grumpy figure during his error-strewn loss to Nishikori, Federer's spirits were lifted by this solid show, aided by Thiem's 34 unforced errors.

After missing a break point in the opening game, Federer started to find his rhythm and he landed the first break for a 2-1 lead when the world number eight sent a forehand long.

Another break followed in the seventh game as Thiem netted a tame volley as Federer won the first set with ease.

While it wasn't vintage Federer, he was doing enough to take advantage of Thiem's sloppy display as the French Open finalist double-faulted to gift a break in the opening game of the second set.

That was all the encouragement Federer needed as he cruised to the finish line.

### ZVEREV IN DILEMMA

Novak Djokovic moved closer to a place in the semi-finals of the ATP Finals as the world number one dispatched Alexander Zverev 6-4, 6-1 on Wednesday.

Djokovic is chasing a sixth ATP Finals title and his first in the prestigious season-

ending event at London's O2 Arena since 2015.

In his 11th appearance at the Finals, the Serb will be guaranteed to reach the last four for the eighth time if John Isner beats Marin Cilic or if Cilic defeats Isner in three sets later on Wednesday.

Djokovic, who beat Isner in his opening group-stage match, has enjoyed a remarkable renaissance in the second half of 2018 and lifting the trophy on the banks of the River Thames would be the perfect way to finish his year.

Djokovic faces Cilic in his last group match on Friday, while Zverev, who defeated Cilic to kick off his Finals campaign, takes on Isner.

The 31-year-old was assailed by claims he had lost his hunger for success and was past his best after injury and personal issues threatened to derail his career in 2017.

But Djokovic has banished his demons in spectacular style, winning the Wimbledon and US Open titles, returning to world number one and becoming the first player to win all nine Masters 1,000 tournaments.

"I found it more difficult than in the first match against John Isner. I played well midway through the second set and started to swing through the ball," said Djokovic, who has suffered only two defeats in the Finals since 2012.

## MIXED DAY FOR SHUTTLERS

PTI ■ KOWLOON

Olympic Silver medalist P V Sindhu and Sameer Verma notched up contrasting wins on Wednesday to progress to the second round of the Hong Kong Open World Tour Super 500 tournament, here.

Sindhu, seeded third, continued her consistent run as she recovered from a mid-game

slump to surpass Thailand's Nitchaon Jindapol 21-15 13-21 21-17 in the opening round which lasted a little over an hour.

It was Sindhu's fourth win over the Thai player. Sindhu, who won three major Silver medals this season — Commonwealth Games, World Championship and Asian Games — will take on Korea's Sung Ji Hyun next.

The 23-year-old from Hyderabad has a superior 8-5 head-to-head record against the Korean.

In the men's singles, Sameer, who clinched the Swiss Open and Hyderabad Open this year, saw off another Thai Suppanyu Avihingsanon 21-17 21-14 to set up a clash with China's Olympic champion Chen Long.

However, former Singapore Open champion B Sai Praneeth was stunned by Khosit Phetpradab of Thailand in a 62-minute opener.

Praneeth had a 3-0 record against Khosit ahead of the match but it didn't matter as he went down fighting 21-16, 11-21, 15-21 to bow out of the tournament.

PTI ■ MUMBAI

Chief national badminton coach Pullela Gopichand termed the year gone by as a "tough" one, but expressed satisfaction that the target to do well in major events was achieved.

"Overall it's been a tough year for us. We hardly had any time for preparation. Overall we had the Commonwealth Games, the Asian Games and World Championships — the big events," Gopichand told reporters on Wednesday.

"And whatever time we had was not enough to really work end-to-end on the mistake. But having said that we still have (Kidambi) Srikanth ranked high, (P V) Sindhu ranked high.

"We have had medals at the major events, whether it's the Asian Games, CWG or World Championships. So I am happy with the performances (of the shuttlers) and looking forward to the coming year," the chief national coach explained.

Srikanth is currently

Saina Nehwal and PV Sindhu pose with CWG medals along with P Gopichand PTI

ranked ninth among men in the world, while Rio Olympics Silver medalist Sindhu is ranked second among the women.

"In this year, we had the major events — Commonwealth Games, Asian Games and World Championships — and we have been successful (in those) and that was our target for this year. And I'm happy that at the end of the year they (players) are able to maintain their rankings," added

Gopichand. Another top shuttler Saina Nehwal won the CWG Gold in April defeating compatriot Sindhu in the final.

The Indian team also clinched the Gold medal in the team championship at CWG held in Gold Coast, Australia.

Gopichand also stressed that extra effort was needed to be done in all the areas.

"Every area needs work. If you look at the way Srikanth

has played, he has lost to a couple of them (players) quite frequently, whether it is (Kento) Momoto (Japan) or Chou Tien Chen (Chinese Taipei). There have been a few losses there which have been consistent, but if you have to win the big ones, you have to beat them and you have to prepare for them, he said.

"And unfortunately we had back-to-back (tournaments), we had a week after the Asian Games, came back after two tournaments. We had another week now, so this is not enough time for the preparation and I would like to see a little longer stint," the former All England champion said.

Asked whether it was important for top shuttlers to pick and choose events, Gopichand replied, "This year was a tough one, with the Commonwealth and Asian Games. It was tough to pick. And also players in the top 15 have to play a mandatory number of event. So that makes it even more tough. It's easier said than done."

## SINGLES

### B'DESH REDUCE ZIMBABWE TO 76-2

**DHAKA:** Bangladesh reduced Zimbabwe to 76-2 Wednesday on the fourth day of the second Test. Zimbabwe still needs 367 runs or to survive a full day to win its first test series victory since 2011 after the hosts set an improbable target of 443 runs. Bangladesh skipper Mahmudullah was instrumental in leaving Zimbabwe a record chase, hitting his second century as the hosts declared the second innings on 224-6. Mahmudullah, who completed his century in the last ball before the tea session, was not out on 101 and shared two important partnerships to take the side on the verge of winning the test and drawing the series.

### CURRAN AND BUTTLER SAVE ENGLAND

**KANDY:** Sri Lanka's spinners claimed some big-name England wickets on the first day of the second Test on Wednesday before Jos Buttler and Sam Curran rescued the innings. Buttler's 63 and a crucial 64 from Curran at the end lifted England to 285 all out after they had been struggling on 89-4 on the turning Pallekelle stadium pitch. Curran, fast becoming an England hero, said reaching near 300 was a "massive" achievement. England spinner Jack Leach then strengthened England's position, dismissing opener Kusal Silva in the 12 overs Sri Lanka faced as the home side reached 26 for one at the close.

### EYES ON SEMIS SPOT IN WORLD T20

**GUYANA:** Eyeing a semi-finals berth, overwhelming favourites India will have to guard against complacency when they play Ireland in their third Group B match of the ICC Women's World T20 here on Thursday. India are on a roll having convincingly won their first two matches, including against arch-rivals Pakistan two days ago. Skipper Harmanpreet Kaur declared open the tournament with her blazing hundred against New Zealand at the Providence, the same venue where India will face Ireland. Ireland, on the other hand, have lost to both Australia and Pakistan.

### KKR DUMP AUSSIE PACER STARC

**KOLKATA:** A text message is all what Australian pacer Mitchell Starc received from the IPL side Kolkata Knight Riders on his removal from the squad for the 2019 edition. One of the costliest buys in the 2018 auction, Starc was forced to miss the entire season due to stress fracture in his right leg. "I got a text message two days ago from the owners of Kolkata, saying I've been released from my contract. At the moment I'll be home in April," Starc told reporters. The exact reason for Starc's release is not yet known.

### HIMA IS NEW UNICEF YOUTH AMBASSADOR

**NEW DELHI:** Teenage sprint sensation Hima Das on Wednesday was appointed the India's first ever Youth Ambassador by UNICEF. In her role as a Youth Ambassador, Hima will be working towards raising awareness about the rights and needs of children. She will help amplify the voices of children and young people as active participants in decision making, thus contributing to their holistic development. "I feel very proud to be appointed as new UNICEF Youth ambassador. I want every child to be able to access schools that are safe and supportive so that they can learn and thrive," Hima said.

## Mary eyes sixth Gold as World C'ship begins today

PTI ■ NEW DELHI

Celebrated boxer M C Mary Kom will aim for a historic sixth Gold at the AIBA Women's World Championships, the build up of which has been marred by a row over lone Kosovan boxer's participation and poor quality air in the national capital.

The 10th edition of the championships, set to be the biggest ever with more than 300 participants from 72 countries, is being held in the backdrop of boxing's uncertain Olympic future in the aftermath of controversial Uzbek businessman Gafur Rakhimov's election as President.

Commensurate with its status as global power in women's boxing with the third most number of medals in the history of the event, India is hosting the championships for the second time after 2006 when the country topped the table with

Medal	Year & Venue	Category
Gold	2002 Antalya	45kg
Gold	2005 Podolsk	46kg
Gold	2006 New Delh	46kg
Gold	2008 Ningbo City	46kg
Gold	2010 Bridgetown	48kg
Silver	2001 Scranton	48kg

eight medals (4 Gold, 1 Silver, 3 Bronze). The 10-member Indian team, which is a mix of seasoned and young boxers, is unlikely to repeat the 2006 feat but is expecting at least three medals, including a Gold.

The 35-year-old Mary Kom, who is India's biggest hope, is tied with Katie Taylor on five Gold medals and one more will make her the most successful woman boxer in history since the Irish pugilist has turned a Pro.

The 'Magnificent Mary', who will fight in the 48 kg, will also look to win her second Gold in front of the home crowd.

She has enjoyed a stellar year so far, claiming Gold medals at the Commonwealth Games, the inaugural India Open and the International Tournament in Poland.

However, the 2012 Olympics Bronze medalist is aware that the road to Gold will not be easy.

"There are boxers who are still playing in my category since 2001. I know them very well. The new boxers are tougher and smarter, they are faster. I will use my experience. The past boxers are more or less the same, I know them,"

Mary Kom trains ahead of AIBA World C'ship PTI

## MARY, SARITA GET 1ST ROUND BYES

**NEW DELHI:** Kosovo boxer Donjeta Sadiku's chances of competing at the AIBA Women World Boxing Championship are virtually over since her name does not figure in the draw, released on Wednesday. Sadiku, who has not got a visa to travel to the national capital since India does not recognise Kosovo, was to compete in the 60kg category.

Seasoned MC Mary Kom and L Sarita Devi were among seven Indian boxers, who got first round byes even as none of the home boxers will be in action on the opening day of the event, beginning Thursday. Apart from Mary Kom (48kg) and Sarita Devi (60kg), getting the first round byes were Pinky Rani (51kg), Sonia (57kg) and Lovelina Borgohain (69kg), Saweety Boora (75kg) and Seema Poonia (+81kg). Manisha (54kg) and Kachari Bhagyabati (81kg) will compete with Dina Zholaman and Irina Nociletta on November 16 and 18 respectively. Seema will clash with China's Xiaoli Yang, who also got a bye in the opening round in the +81kg. Mary Kom, who is bidding for a historic sixth World title, will be seen in action on Sunday. She awaits winner of first round bout between American JazzelleBobadilla and Aigerim Kassenayeva.

Mary Kom said. Another veteran who will be seeking her second Gold at the championships will be Mary Kom's Manipur state mate L Sarita Devi who will feature in 60kg. She has five Asian titles besides winning Gold in 2006 here.

The other eight in the team are Pinky Jangra (51 Kg), Manisha Maun (54 Kg), Sonia (57 Kg), Simranjit Kaur (64 Kg), Lovlina Borgohain (69 Kg), Saweety Boora (75 Kg), Bhagyabati Kachari (81 Kg) and Seema Poonia (+81 Kg).

The 10-day championships, which run till November 24, will feature a host of Olympic and World Championship medalists.
