CBI arrests Chidambaram

Ex-FM appears at Cong HQ out of nowhere to address Press conference, CBI-ED sleuths scale walls to enter his house

PNS ■ NEW DELHI

The hide and seek between former Union Minister P Chidambaram and the CBI ended after his dramatic arrest on Wednesday night. The CBI arrested Chidambaram from his Jor Bagh home minutes after he returned there from the AICC headquarters after addressing a Press conference in the presence of a battery of Congress leaders.

Around 8.15 pm, Chidambaram, who was untraceable for over 27 hours, appeared in the party office and told media that he was not evading arrest and asked the CBI to wait till Friday, when his petition is listed to be heard in the Supreme Court.

Along with senior Supreme Court lawyers and senior party colleagues Kapil Sibal and Abhishek Manu Singhvi, he then drove to his residence nearly 10 minutes away from the Congress office. On his trail were CBI and ED officials. A CBI team reached his Jor Bagh residence 115-A within minutes of his return.

The CBI team first knocked at the gates to gain entry but finding no response, they scaled the walls. Once three officers reached inside, they opened the gates to allow other team members waiting outside. Soon a team of officers,

CBI officials arrest Congress leader P Chidambaram from his Jor Bagh residence in New Delhi on Wednesday

PTI

identifying themselves as from ED arrived at the scene.

Delhi Police personnel were posted to prevent any adverse law and order situation. After his arrest,

Chidambaram was taken to CBI headquarters, where doctors from RLM hospital took a routine health check up. He will be produced in the trial court on Thursday.

In the Press conference, Chidambaram put up a strong defence of himself and his family members, saying none of them has been accused of any offence by the probe agencies.

"Until Friday and beyond, let's hope the lamp of liberty will shine bright and illuminate the whole country," he said, suggesting that the probe agencies should not arrest him until

the apex court decides on his bail plea. "I will respect law even if applied with an unequal hand by probe agencies," he said reading out from a written statement.

"I am aghast that I was accused of hiding from the law. On the contrary, I was seeking the protection of the law. I was aghast that I was accused of running away from justice. On the contrary, I was engaged in the pursuit of justice," Chidambaram said while rejecting allegations that he was

evading investigating agencies. He said he was working with his lawyers through the last night, preparing his papers for his bail application.

"I believe that the foundation of a democracy is liberty, most precious article of the Constitution is Article 21 that guarantees life and liberty. If I'm asked to choose between life and liberty, I shall unhesitatingly choose liberty," he said. "To win freedom we must struggle. To preserve freedom too we must struggle," he said.

His son, Karti Chidambaram, who is also accused of "wrongdoing" in the cases by probe agencies, termed the CBI/ED action as "political witch-hunt".

"This is a political witch-hunt. Outrageous media leaks are the preferred tactics of the @dir_ed. I have nothing to do with INX or the FIPB. All my assets and liabilities are duly declared in statutory and regulatory filings. I have repeated this ad nauseam," he tweeted.

Cong stands up for PC, RaGa says Govt misusing agencies

PNS ■ NEW DELHI

The Congress on Wednesday defended its senior leader and former Union Minister P Chidambaram, who is facing corruption charges in the INX Media case.

While Rahul Gandhi alleged the Modi Government is using agencies like ED, CBI, and sections of a "spineless media" to character assassinate a versatile person like Chidambaram, party general secretary and Rahul's sister

Priyanka Gandhi claimed the former Union Minister was being "shamefully hunted down" because he speaks truth and exposes the failures of the Government.

Priyanka said the party will continue to fight for the truth no matter what the consequences are.

"An extremely qualified and respected member of the RS, P Chidambaram ji has served our nation with loyalty for decades including as Finance Minister and Home Minister," she said.

I'll discuss Kashmir with PM Modi at G7 summit, says Trump

India has made it clear there is no role for a third party

PTI ■ WASHINGTON

US President Donald Trump has said that he would discuss with Prime Minister Narendra Modi the situation in Kashmir and help ease the India-Pak tensions when they meet at the G7 Summit in France this weekend. But New Delhi has made it clear to the US that Kashmir is a bilateral issue between India and Pakistan and there was no role for a third party.

Speaking to reporters at the White House on Tuesday while welcoming visiting Romanian President Klaus Iohannis, Trump said he was happy to try and help calm the situation in Kashmir amidst fresh India-Pak tensions after India revoked the special status of

Jammu & Kashmir.

Trump's comments to a question on the tension between India and Pakistan came a day after he made separate phone calls to Prime Minister Modi and Pakistan Prime Minister Imran Khan.

Trump said he was happy to try and help calm the situation in Kashmir. "I'm going to be with him over the weekend in France," Trump said, referring to the G7 Summit in Biarritz during the weekend.

Behave yourself on road or pay through nose from Sept 1

PNS ■ NEW DELHI

With new Motor Vehicles Act (Amended) in place, be ready to maintain road and traffic discipline as heavy penalties will come into force from September 1.

The new MVA provides for strict punishment for various traffic-related offences, including ₹10,000 fine for not giving way to emergency vehicles, ₹10,000 for driving despite disqualification, ₹10,000 for drunken driving, etc. Over speeding, driving without helmet, and not wearing seat belt would invite penalty in the range of ₹1,000-2,000.

Road Transport Minister Nitin Gadkari on Wednesday said steps have been initiated to implement provisions of the Motor Vehicles Act 2019. Sixty-three clauses which do not require framing of new rules are likely to be implemented from September 1 subject to clearance from the Law Ministry. These clauses deal with penalties, licences, registration and National Transport Policy, among others.

"Subject to clearance from the Law Ministry, these clauses are likely to be implemented from September 1," Gadkari said at a Press conference. The Road Transport Minister expressed hope that the MVA will help curb road accidents and bring down fatalities. Regarding the other clauses for which rules have to be framed, Gadkari said steps for this have already been initiated by the Ministry, and rules will be notified as and when the due processes are completed.

Huge stir over razing of Ravidas temple chokes Delhi, many hurt

Thousands of Dalits turn up over shrine demolition

STAFF REPORTER ■ NEW DELHI

A protest by Dalits against the demolition of the Ravidas temple on Wednesday turned violent in the national Capital, prompting police to resort to "mild lathicharge" and use tear gas to disperse the crowd, an official said. According to police, the protesters set two motorcycles on fire and vandalised a police vehicle, causing injuries to a few policemen.

Protesting against the demolition of the temple by the Delhi Development Authority on August 10 on the orders of the Supreme Court, thousands of Dalits from various parts of the country wearing blue caps, carrying flags and chanting "Jai Bhim" slogan, marched from Ambedkar Bhawan in Jhandewalan to the Ramliha Maidan in Central Delhi on Wednesday. Dalit outfit Bhim Army

Members of Bhim Army during a rally to protest against the demolition of Ravidas Mandir in Tughlakabad in New Delhi on Wednesday

PTI

claimed their leader Chandrashekhar Azad was detained. Vinod, 53, who came from Faridabad, said thousands of religious structures have come up on Government and forest land. "Why only a temple of Sant Ravidas was razed? There should be a fixed policy of the Government and that should be implemented on all the structures whether it is temple, mosque or any other illegal building," he said.

"The Centre should immediately allot land to construct the temple. We came here to show solidarity with people of Dalit community. We have been fac-

ing discrimination for long and this need to stop now," said Mahipal, who arrived in the city on Tuesday night from Haryana.

Senior AAP leaders, including Delhi's Social Welfare Minister Rajendra Pal Gautam, Leader of Opposition in Punjab Harpal Singh Cheema, Delhi Deputy Speaker Rakhi Birla, party MLAs Ajay Dutt, Manoj Kumar, MLAs from Punjab Jai Krishna Singh Roddy, Manjit Singh Bilaspur, Kulwant Singh Pandori, Azad and spiritual leaders from the community participated in the protest.

3 die as flood relief chopper hits mountain in Uttarkashi

PNS ■ DEHRADUN

Three persons aboard a helicopter that was returning after dropping relief supplies in flood affected Molde area of Uttarkashi died after the chopper crashed into a mountain on Wednesday afternoon.

The helicopter belonging to Heritage Aviation hit the mountain while trying to avoid overhead wires. Apart from power lines, there are trolley wires installed by locals to ferry apples from orchards.

The mishap resulted in the death of pilot Ranjit Lal, copilot Shailesh — both residents of Delhi — and Rajpal Rana, a resident of Kharsali.

Capt writes to PM for ₹1000 cr flood relief package

PNS ■ CHANDIGARH

A day after Punjab Chief Minister Capt Amarinder Singh maintained that the state suffered a loss of nearly ₹1700 crore in the wake of recent rains, he has written to the Prime Minister Narendra Modi on Wednesday seeking a ₹1,000 crore special package to address the losses resulting from the flooding.

At the same time, the Chief Minister has also urged Modi to instruct the concerned authorities to waive off crop loans of banks or financial institutions availed by the affected farmers in the affected villages during the current cropping season.

The flooding in river Sutlej due to the discharge of water from Bhakra Dam, had caused extensive damage to the stand-

ing crops and inundation of residential areas in the villages, said the Chief Minister, adding that an early estimate suggested the damage to be to the extent of ₹1700 crore.

Realising the gravity of the situation, the State Government had declared it a 'natural calamity' in the affected areas, said the Chief Minister, adding that though necessary assistance was given by the Army authorities, the floods in river Sutlej had severely damaged standing crops, houses and other rural and urban infrastructure at many places, especially in the districts of Ropar, Ludhiana, Jalandhar and Kapurthala covering over 100 villages.

The Chief Minister said that he had instructed the concerned officers of the State Government to prepare the required memorandum for

special package for consideration of the Central Government in due course.

The request from the Chief Minister came amid reports that 326 villages across the

state had been adversely impacted, with loss of standing crops on nearly 1.20 lakh acres of area submerged under water.

Services of the Army, the National and the State Disaster

Response Forces (NDRF and SDRF) had been pressed, especially in the worst affected areas of Jalandhar and Ferozepur district. Chief Minister, who was personally

monitoring the situation, has also instructed the state Chief Secretary to stay in constant touch with Special Chief Secretary and Principal Secretary Water Resources.

A spokesperson said that with rescue and relief operations on war footing, 5,023 people had so far been rescued from the affected villages.

More than 36,000 parathas and 18,000 packets of dry ration, along with water bottles, had been air dropped for the residents of all the 18 affected villages of Jalandhar with the help of the Indian Army.

The relief packets were transported to Jalandhar Cantonment earlier in the day and were then loaded on to six Army helicopters under the supervision of Deputy Commissioner and Senior Superintendent of Police. In Ferozepur alone, 368 persons

were rescued by the jaws of National Disaster Response Force (NDRF) and Indian Army during a special rescue operation.

In Ludhiana, the administration successfully averted a possible breach in Mattewada complex around village Ghadi Fazil, while more than 60 persons had been evacuated from the five affected villages of the district. In Kapurthala district, more than 200 persons had been rescued in 62 villages in the Sultanpur Lodhi area.

In Ropar, 86 multi-purpose health workers, 111 ANM nurses along with 40 fully equipped medical vans had been pressed into service to conduct special health camps for flood affected persons and provide them necessary medical care.

As many as 10 relief centres have also been set up.

CM announces increase in BPL family income limit

PNS ■ CHANDIGARH

Haryana Chief Minister Manohar Lal on Wednesday announced to enhance family income limit for a household for qualifying as a beneficiary under the Below Poverty Line (BPL) list from ₹ 10,000 per month to ₹ 15,000 per month so as to ensure that maximum eligible families get the benefit of various government schemes admissible to them.

Manohar Lal was addressing the people at the State Level BPL Ration Card Distribution function organized at Panchkula near here. Earlier, he inaugurated and laid the foundation stone of nine development projects worth ₹ 93.29 crore for district Panchkula.

On this occasion, the Chief Minister also distributed ration card to 37 BPL beneficiaries of Panchkula and Kalka assembly constituency. In all, ration cards

to 56,315 beneficiaries were distributed at the functions organized simultaneously in all 22 districts and 68 Vidhan Sabhas of the state.

Manohar Lal said that today is indeed a historical day as BPL cards to 56,315 beneficiaries living below poverty line have been prepared and distributed after a huge gap of 11 years. It was in the year 2008 when this exercise was carried out in the state, he said.

The Chief Minister said that these cards would make them entitled for various government facilities like wheat, rice, sugar and mustard oil on subsidized rates. Now, it has been decided that ration card would be prepared of all those families in the state as have monthly income of Rs 15,000 (Rs 1.80 lakh annually) so as to include maximum eligible families under the ambit of the scheme, he added.

While congratulating the beneficiaries, he said that ration

Chief Minister Manohar Lal (center) distributing BPL cards to beneficiaries at a function in Panchkula. He is surrounded by officials and family members of the beneficiaries.

prepared at any E-disha Kendra or Antyodaya Kendra by giving their family details.

Apart from this, directions have also been given for the online registration of 1.40 lakh applications which are lying pending in the state at the level of Deputy Commissioners and Additional Deputy Commissioners. This registration process would remain continued, he added.

He also said that cards of 26 lakh families in the state have been prepared. There were 10.60 lakh AAY card holders in Haryana and after distributing 56,315 more such cards today, this number has increased to 11, 16,315, he added.

The Chief Minister further said that benefits to the eligible BPL beneficiaries are provided by both the State as well as Centre Government. 2 liter of mustard oil per family is provided at the rate of Rs 20 per liter whereas as its market rate

is Rs 116 per liter. The balance amount of Rs 96 per liter is provided by the State Government as subsidy, he said.

The State Government has also started various schemes for the benefit of poor people in Haryana so that the eligible beneficiaries get the benefit of these schemes. To ensure this the State Government has started a campaign for preparing family IDs in the state, he added.

Earlier, speaking on the occasion, Principal Secretary, Development and Panchayats Sudhir Rajpal said that following the directions of Chief Minister, a massive exercise was carried out in the state for preparing cards for those eligible BPL families who were deprived earlier.

He said that proper transparency process has been adopted and cards have been prepared after conducting due physical verification.

IN BRIEF

HARYANA POLICE INSPECTOR BAGS GOLD
Chandigarh: Nirmala, Inspector of Haryana Police, has once again brought laurels to the State by bagging gold medal in the World Police and Fire Games 2019, which were concluded in Chengdu, China. A spokesman said, Nirmala has made the Haryana Police proud by winning gold medal in these games. A recipient of Bhim Award, Nirmala won the gold medal in the 53-kg category wrestling championship. Earlier, she had won gold at the World Police Games 2017 held in USA.

PUNJAB MINISTER FLAGS OFF 81 SCOOTERS
Chandigarh: To provide quality health services at the doorsteps of tuberculosis patients in Punjab, the state Health and Family Welfare Minister Balbir Singh Sidhu flagged off 81 scooters at the Sub-divisional hospital (SDH) in Kharar. A total of 81 vehicles have been provided to the Senior Treatment Supervisors and Senior Treatment Lab Supervisors (STS/STLS) who will visit houses of TB patients to enquire about their well-being and would ensure that the patients were being given essential medicines in a proper way," said Sidhu. Apart from that, these field workers would get information about any suspected TB patient in his house and nearby area, and if any patient is identified, they will facilitate his transportation to the nearest government health facility for proper testing and treatment.

WORKSHOP ON CONSERVING STATE RIVERS HELD
Chandigarh: Punjab Forest Minister Sadhu Singh Dharamsot said that in present times conservation of trees had become vital to safeguard our rivers and environment. The views were expressed by the Minister while addressing a workshop organised by the Himalayan Research Institute, Shimla to conserve main rivers of Punjab namely Satluj, Raavi, Beas by enhancing forest cover around these rivers. Apprising about the plantation of 550 plants in every village of state on the occasion of 550th Birth Anniversary of Guru Nanak Dev he said that 56 lakh plants have been planted in 9000 villages so far while rest of 4000 villages would be covered by September 30.

ACS STRESSES ON COMMUNICATIONS CAPACITY BUILDING

Chandigarh: Presiding over the round table conference on 'Development Communication' with the members of World Bank Communications Team, Vini Mahajan, Punjab Additional Chief Secretary (ACS) Industries Department stressed upon the need of communications capacity building in the government departments. She said, the success of government schemes and projects depends largely on peoples' perception about them and this in turn rests upon how well are they communicated to the stakeholders. Strong Communication helps to overcome public resistance, she said.

BSNL TIES UP WITH UIDIA
Chandigarh: BSNL has tied up with UIDAI (Unique Identification Authority of India) for providing Aadhar enrolment and updation services to Indian citizens. Under this initiative BSNL is going to open 140 Aadhar enrolment centres in different customer service centres of BSNL in Punjab circle. These Aadhar Kendras will be in addition to already working Aadhar Kendras in banks and post offices. First Aadhar Kendra was set up at Customer Service Centre, BSNL Telephone Exchange Sector-17 here on July 10.

CIPLA FOUNDATION FELICITATES 66 STUDENTS
Baddi: In continuance of its efforts to promote higher learning, Cipla Foundation, the social responsibility arm of Cipla Limited, felicitated 66 students from 7 institutions across Baddi as part of its 'Merit Awards'. This annual initiative, instituted a decade ago, recognizes merit-holders of board-examinations of classes 10 and 12 from various government and government aided schools across India. Around 56% of the awardees in this year were girls.

1050 BOXES OF ILLICIT FOREIGN LIQUOR SEIZED
Chandigarh: Crime Investigation Agency of Haryana Police has seized 1050 boxes of illicit Indian Made Foreign Liquor (IMFL) in Sonapat. Police have also impounded a truck being used in smuggling of liquor. A spokesman said arrested accused was identified as Ravinder alias Kala, a resident of Rohana in Sonapat. During preliminary interrogation, accused revealed that he has brought seized liquor from Punjab for supply in different places in the area. A case under the provisions of Excise Act was registered against the accused. Further investigation is underway.

IIT ROPAR ACCOMMODATES FLOOD-AFFECTED PEOPLE
Ropar: IIT Ropar has come to its testing time during the worst floods at Ropar in the last three decades. The heavy torrential rain in the hills during the last week severely affected the entire stretch of the Rupnagar district. Some immediate steps were taken to evacuate the campus, as, institute declared suspension of classes from August 20-25. The students were evacuated and transferred to safer places. All the faculty and staff residing in the main campus quarters were also evacuated and taken to safer places. Also, IIT Ropar accommodated 250 local displaced residents of flood hit area in the hostels of IIT Ropar on upper floors.

BAKERY 'LET'S GO DUTCH' OPENS AT ELANTE MALL
Chandigarh: Tricity's European styled bakery - 'Let's Go Dutch', has been set up at Elante Mall here. The cute place which has been aesthetically designed stands out as a little island of home-made baking goodness, just opposite Fun City on the top floor of Elante Mall. The kiosk is colorfully designed and its ambience gives you a feel of 'Dutch bakeries'.

Bhagavad Gita is best for life management: Haryana CM

PNS ■ CHANDIGARH

Haryana Chief Minister Manohar Lal on Wednesday said that the divine message as delivered in the holy scripture Shrimad Bhagavad Gita is the best in the world for life management.

"This is why the world's top management institutes like Harvard Business School and Kellogg School of Business have included Gita in their curriculum," the Chief Minister said while speaking at the inauguration of Sound, Water and Light multimedia show at Jyotisar in Kurukshetra.

He said that the Holy scripture, Gita, is not only important from philosophical and spiritual point of view but it has vast utility in daily life. The great personalities of India as well as abroad have realized the importance of Gita and adopted it in their lives, he said.

Earlier, the Chief Minister paid obeisance to holy scripture, Gita and then inaugurated Sound, Water and Light

Multimedia Show constructed at a cost of about Rs 8 crore.

The Chief Minister also inaugurated Primary Health Center constructed at a cost of Rs 5.19 crore at Barna, four-lane and extension project of 20 km long Saharanpur-Kurukshetra road from Pipali to Ladwa at a cost of Rs 9 crore, construction of Vidyut Bhawan in Kurukshetra at a cost of Rs 9.81 crore, DI pipeline of about 20 colonies at a cost of Rs 12.62 crore, a sewerage pipeline project of about 20 colonies at a cost of Rs 39.50 crore and 25 MLD sewage treatment plant project constructed at a cost of Rs 27 crore in village Narkartari. Manohar Lal said that once again, the whole world would get an opportunity to remember the message and teachings of holy book, Gita at Jyotisar. These teachings would provide good education and values to the younger generation.

With these objectives, Sound, Water and Light Multimedia Show has been set up in collaboration with TRL

Rice Land Private Limited, Gurugram. The company would also look after the maintenance work for the next two years and after this, the project would be supervised by the Kurukshetra Development Board, the Chief Minister said.

Latest technology has been used in this project and this multimedia show would be loved by tourists, he added.

Manohar Lal further said that during the show, important dramatic episodes of Mahabharata along with the Gita were shown. This unique 34-minute multimedia show would enlighten the tourists through a beautiful combination of film, light, animation, sound and water fountains and lights.

He said that we have started celebrating International Gita Mahotsav to spread the philosophy of Gita to people all over the world. This year in February, International Gita Mahotsav was celebrated in Mauritius and recently in London, he said.

Punjab Floods

Food processing companies to assist in relief operations

PNS ■ CHANDIGARH

Various food processing companies have agreed to donate dry ration for flood-stricken people of Punjab. The companies' agreement came in response to an appeal made by the Union Food Processing Industries Minister and SAD's MP from Bathinda Harsimrat Kaur Badal.

Harsimrat, on Wednesday, announced that the food processing companies had responded generously to her appeal and the dry ration including milk powder, biscuits, ready to eat snacks as well as one lakh liters of beverages and bottled water would be distributed among the affected people in the coming days.

Thanking the food companies for this noble gesture, Harsimrat also appealed to the Shiromani Akali Dal (SAD) workers as well as volunteers at large to assist in distribution of the relief material.

She also urged the people to assist her in identifying the worst affected places so that relief work could be prioritized accordingly.

"Volunteers can share such locations with me," she said adding that she would personally supervise the distribution of the relief material in the next few days.

HIMACHAL ASSEMBLY SESSION

CM: Govt will conduct fair probe in Una case

PNS ■ SHIMLA

Himachal Chief Minister Jai Ram Thakur on Wednesday assured that the State Government would conduct a free and fair probe into the Una incident and the case is already transferred to the CID.

His statement came on the third day of monsoon session of Himachal Assembly, ending the two-day stalemate in the House over the issue.

As the House Assembly on Wednesday, Leader of Opposition (LoP) Mukesh Agnihotri raised the issue, alleging a political conspiracy into the matter.

"We did not attend the House proceedings for the last two days in protest against the Una incident, he said.

Notably, the opposition Congress MLAs led by leader of opposition Mukesh Agnihotri had staged a walkout from state Assembly during the last two days over the arrest of the personal staff of party leader and Una MLA Satpal Raizada.

The Congress had demanded the transfer of Una Superintendent of Police for being part of a "political conspiracy" to defame the lawmaker and the Congress party.

Six heliports to be constructed in HP

Six heliports will be built in Himachal Pradesh at a cost of over Rs 28 crore, the Chief

Minister said while responding to a question by Nadaun MLA Sukhvinder Singh Sukhu in the state Assembly.

Thakur said that six heliports would be constructed in the state at a cost of Rs 28 crore. Three of them will be built in Shimla district at Banredu near Sanjauli-Dhalli bypass, Rampur and Nathpajhakri.

One heliport each will be constructed at Kangnidhar in Mandi district, Baddi in Solan and Centre for Snow and Avalanche Study Establishment (SASE) Manali in Kullu district, he added.

Haryana Government to enhance the scope of NULM

PNS ■ CHANDIGARH

In order to enable the poor and vulnerable urban poor household's access to gainful self-employment and skilled wage employment opportunities under National Urban Livelihood Mission (NULM), Haryana Government has decided to enhance the scope of NULM from 80 urban local bodies (ULBs) to 86 ULBs.

The Chief Minister Manohar Lal has approved this proposal of State Urban Development Authority, said an official spokesman. He said that the state has constituted six more municipal committees of Sadhaura, Ismailabad, Jakhalmandi, Kundli, Saisai and Bass. As NULM being only one scheme or programme to address the livelihood issues of urban poor, thus the components of this mission would be implemented in six newly constituted municipal committees, he said.

The scheme is being run with an objective to reduce poverty and vulnerability of the urban poor households. NULM is a Centrally Sponsored Scheme, which is being implemented by the states/union Territories on 60:40 sharing basis.

Haryana to organise Pension Adalats in every district

PNS ■ CHANDIGARH

Haryana Government will organise Pension Adalats in each district on August 23 from 11 am to 1 pm through centralised video conferencing at Haryana Niwas here.

Giving details, an official spokesman said that the Pension Adalats would be held under the chairmanship of Finance Minister Capt. Abhimanyu for the redressal of grievances of the State Government pensioners. Additional Chief Secretary Finance Department, TVSN Prasad and Principal Accountant General (A and E) Haryana, Vishal Bansal would also be present in the video conferencing.

He said that all the stakeholders of pension like Finance Department, Principal Accountant General, Pension Disbursement Cell, Treasury Officers, Banks and NIC, would be available at a common platform.

Authority letters of pending or withheld gratuities and revision of pension cases of about 350 pensioners would be distributed by Deputy Commissioner or Treasury Officer to the pensioners at district level, the spokesman said.

The Additional Chief Secretary, Finance, Principal Accountant General (A and E) Haryana and Deputy Commissioner Panchkula would distribute such authority letters to the pensioners of Chandigarh and Panchkula district at Haryana Niwas, he added.

Demanded removal of encroachment in river beds: BBMB

MONIKA MALIK ■ CHANDIGARH

Bhakra Beas Management Board (BBMB) on Wednesday claimed that it had all along been asking the district administration across Punjab to ensure the removal of encroachments and in the river beds for ensuring the natural flow of water.

The assertion came amidst the accusations against the BBMB for causing flooding in the downstream areas by releasing excess water in the Sutlej river which surpassed its capacity and overflowed at several places.

"We have all along been asking the DCs (Deputy Commissioners) to check encroachments in the river beds. It is a regular exercise," said BBMB chairman Devendra Kumar Sharma, while refusing to further comment on the matter.

BBMB chairman's assertion assumes significance as the encroachments in the river beds is sighted as one of the reasons or flood-like situations during the monsoons as it has, over the years, reduced the water carrying capacity of the rivers, especially Sutlej.

A senior BBMB official, who did not wish to be named, informed The Pioneer that over the period of time, people have encroached downstream areas of the river by constructing colonies, building farm houses, structures for their livestock, among other things which has resulted in reducing the water carrying capacity of the rivers.

"Take Sutlej, its water carrying capacity is about two lakh cusecs (cubic foot per second) of water. But because of encroachments, it has come down to one-third. It is now carrying around 50,000 to 60,000 cusecs of water," said the BBMB official.

The official said that the BBMB, as a regular exercise, writes to the Deputy Commissioners concerned to clear the illegal structures and encroachments.

Maintaining that it was wrong to blame the BBMB for the flooding, BBMB chairman said that the Board worked in the "most proficient way" to save Punjab's downstream areas from the scourge of floods by "managing the water levels".

The 72-hour incessant rains from August 17 to 19 had resulted in the Sutlej river overflowing and wreaking havoc in around a dozen districts of Punjab, with Jalandhar, Ropar, and Ludhiana among the most affected. The standing crop on over one lakh acres of land has submerged under over four feet of water.

During this period, the water level in the dam raised by over seven feet from 1674.82 feet on August 17 to 1679.33 feet on August 18, and 1681.25 feet on August 19, against the

maximum limit 1680 feet. However, the reservoir height is 1,690 feet. Till 2010, it could be filled up to the level of 1686 feet, but now the upper limit has been fixed at 1680 feet.

In these three days of heavy and continuous rains, the Bhakra dam received around 4.87 lakh cusecs of water, with the outflows of 1.85 lakh cusecs in the same period.

The inflows on August 17 were 96,102 cusecs, while it was "unprecedented" 3.11 lakh cusecs on August 18, and 80,000 cusecs on August 19, against the outflows of 53,000 cusecs, 55,000 cusecs and 77,300 cusecs, respectively.

The maximum water level in Bhakra reservoir on Wednesday was recorded at 1679.5 feet. However, the BBMB, after reviewing the water level situation in the evening, decided to reduce the outflows to 18,500 cusecs from earlier 41,000 cusecs.

"The reduced inflows, recorded at around 45,000

cusecs and as per Indian Metrological Department (IMD) forecast of lesser rainfall in the coming weeks, the BBMB, after analysing the technical parameters, have decided to reduce the releases through spillways from 41,000 to 18,500 cusecs," said the BBMB official.

Accordingly, the spillway gates opening would be lowered down to four feet from the existing eight feet from Wednesday (August 21) midnight.

Since morning, Bhakra has been receiving the inflows in the range of about 50,000-60,000 cusecs of water.

Patting its own back, the BBMB chairman said that despite more than three lakh cusecs of water coming into the Bhakra reservoir, which raised the level up to 1618.33 feet on the intervening night of August 17 and 18, "we resorted to the release of additional 20,000 cusecs only and absorbed the three lakh cusecs, which is huge, into the Bhakra only thus saving flooding in the

INDIA RELEASING WATER INTO PAKISTAN

More than two lakh cusecs of "excess" water from India is flowing into the warring neighbour Pakistan amidst the claims of the Union Water Resources Minister Gajendra Singh Shekhawat of already starting the process of stopping the waters from the Himalayan rivers flowing into Pakistan without violating Indus Water Treaty.

Over the past few days, when the Indian northern states received heavy rainfall, more than two lakh cusecs of water has been released downstream "which has eventually entered Pakistan", and more would be released in the days to come to maintain the water levels.

In fact, the BBMB, after considering the inflows in the river Satluj, had also resorted to release more waters during the months of May and June this year.

Considering the high inflows, the water level was brought down by about 20 feet from 1624.18 feet to 1604 feet by June 25, before the onset of monsoon.

"In last few days, about 2.25

lakh cusecs of additional water has been released from the Bhakra Dam. Out of this, 12,500 cusecs of water went to Rajasthan, and the remaining has gone downstream, which would eventually enter Pakistan," said BBMB chairman DK Sharma.

The Union Minister, a day before, had stated that some reservoirs and rivers, which are outside the catchment areas, can be diverted and its water can be used in the lean season. "Today, all our reservoirs are full but we can use that water flowing into Pakistan now and divert it to the Ravi," he had added.

Shekhawat had added that the dams are built not only to generate electricity but also for use in the lean season.

Notably, the Indus Water Treaty of September 1960 lays down the rules for sharing the waters from the Indus and its tributaries that flow through both the countries. The treaty vests the control of the Beas, the Ravi and the Sutlej with India, while Pakistan controls the Indus, the Chenab and the

downstream areas".

BBMB head Sharma said that this three lakh cusecs water inflow was more than 1988 (when the state witnessed heavy floods) considering that inflows of 8,400 cusec into the river Satluj from the river Beas through Beas Satluj Link Project were stopped completely.

He said that the water level of 1681.33 feet resulted into high deflection in the Bhakra Dam which is "one of the

highest" till date.

"Keeping in view the safety of the Bhakra dam, BBMB had to resort to controlled water release of 19,000 cusecs through the spillway from August 16 which was increased to about 41,000 cusecs at 4 pm on August 19 in addition to the releases for power generation through turbines. The same water release is still continuing, and we are monitoring the inflows into Bhakra reservoir

Civic bodies directed to take aggressive steps to prevent outbreak of any disease

PNS ■ CHANDIGARH

Punjab Government on Wednesday issued strict directions to all the Municipal Corporations, Committees and Nagar Panchayats to take aggressive steps to prevent outbreak of any disease after torrential rains.

Issuing instructions, the state Local Bodies Minister Brahm Mohindra has asked all the civic bodies to ensure comprehensive measures to nullify any chance of disease outbreak in the state, especially in the low lying areas, in view of heavy rains lashing the state in the past some days.

Mohindra, chairing a high level meeting to review the overall preparedness of the department, also instructed the authorities to ensure plugging of open sewage holes to prevent its mixing with the potable water pipes.

Expressing satisfaction over the receding water levels in most of the cities, the Minister also directed the authorities to put the low lying areas under surveillance 24x7 and pump out stagnated water immediately to avoid water

logging.

Underlining the need to maintain high level of cleanliness, the Local Bodies Minister also asked the Commissioners of the Corporations and Regional Deputy Directors of all Nagar Panchayats, Nagar Councils, Municipal Committees and Improvement Trusts to make sure that the stagnated city garbage was being lifted regularly.

He also asked them to conduct the on-spot checking at least twice in a day to ensure that herbal sanitizer was being sprayed on the space from where the garbage had been lifted.

Reiterating the State Government's commitment to provide a healthy atmosphere under its flagship programme Tandarust Punjab, Mohindra asked the authorities to coordinate with the district health authorities to locate the potential high risk vector borne diseases regions in the aftermath of water logging.

He categorically asked them to do the fogging exercise in every nook and corner of cities to prevent the breeding of mosquitoes.

continuously and accordingly release of water from the dam is being reviewed on hourly basis," he said.

Sharma said that heavy rainfall in catchment downstream of Bhakra dam in Bilaspur and Una districts of Himachal Pradesh as well as rainfall in Punjab contributed to generation of more than two lakh cusec of run-off in Punjab areas.

He said that the BBMB's target is to bring down the dam's water level by at least another five feet, that is around 1675 feet, to handle any possibility of future flood event along with control of deflection of Bhakra Dam, as still more than one month of the current monsoon season is left with the official filling period till September 20.

Haryana Chief Minister Manohar Lal Khattar on Wednesday conducted an aerial survey of the flood-affected areas in the State. The State Government had sounded a high alert in Yamunanagar, Karnal, Panipat and Sonapat districts from where the Yamuna passes through before entering the national capital. However, with the decline in rainfall activity in the past two days, the water level in the swollen Yamuna river, which was responsible for flooding in various districts, has reduced. PNS

IOC to set up retail outlets at Gurdaspur, Nakodar and Bhogpur sugar mills

PNS ■ CHANDIGARH

Indian Oil Corporation would set up retail outlets at Gurdaspur, Nakodar and Bhogpur cooperative sugar mills in Punjab.

"The collaboration of the Indian Oil Corporation (IOC) and Punjab Cooperation Department augurs well for the cooperation sector as the latter possesses immense potential waiting to be richly harnessed to ensure the economic turnaround of Punjab," said the state Cooperation Minister Sukhjinder Singh Randhawa on the occasion of handing over of Letters of Intent (LOI) by the Indian Oil Corporation regarding setting up of IOC retail outlets.

Randhawa said that the Cooperation sector is fast emerging as the game changer world over in strengthening the economic infrastructure and "the handing over of Letters of Intent today would lead to the augmenting the income of the cooperation sector institutions

Indian Oil Corporation Limited

INDIAN OIL CORPORATION WOULD SET UP RETAIL OUTLETS AT GURDASPUR, NAKODAR AND BHOGPUR COOPERATIVE SUGAR MILLS IN PUNJAB

able to sell their products at these outlets".

Notably, an MoU had been signed recently between the Cooperation Department and the Indian Oil Corporation for setting up retail outlets on the surplus vacant land available with cooperative institutions.

That was the first such MoU with Cooperation Department of any State in India. It entailed to construct facilities for these outlets by the Indian Oil Corporation. The Letter of Intent with regard to the Morinda Sugar Mill has already been issued.

Govt to install rainwater harvesting systems in various buildings

PNS ■ CHANDIGARH

In order to provide better facilities to the people of the State, Haryana Chief Minister Manohar Lal has accorded administrative approval to four projects in different districts at a cost of ₹ 2423.54 lakh.

Giving details, an official spokesman said that the State Government has emphasized to install rainwater harvesting systems in various buildings. In this connection, the Chief Minister has granted administrative approval to install these systems, at the cost of ₹ 526.82 lakh, he said.

The spokesman said that a revised administrative approval of ₹ 1187.93 lakh has been granted for the construction of road from Railway crossing Nanhari to Ramgarh on Tangri Nadi Bandh in district Ambala.

Similarly, special repair of 30 mm thick Bituminous

Carpet would be carried out on Hansi-Tosham-Behal-Sodhiwad road from 154.20 kms to 178.50 kms in Bhiwani district. For this, administrative approval of ₹ 488.58 lakh has been granted, he said. The State Government has also given administrative approval of ₹ 220.21 lakh for periodical repair of Pehowa-Patiala road in Kurukshetra district, the spokesman added.

SAD: State Govt health insurance scheme is biggest fraud

PNS ■ CHANDIGARH

Shiromani Akali Dal on Wednesday blamed the Congress-led Punjab Government of deceiving 46 lakh families by capping the treatment of 124 diseases only at Government health centers under its Sarbat Health Insurance Scheme launched a day before.

Termed the State Government's health insurance scheme as "the biggest fraud played on 46 lakh families of the state", SAD senior vice president Daljit Singh Cheema said that the beneficiaries were deceived by the government with its "ill-conceived" order of providing the treatment of 124 major diseases only at the government health centers.

"The people of the state as well as the State Government are well aware of the fact that except a few medical colleges and hospitals situated in big cities, the standard of medical care facilities being provided at the government hospitals across the state is not considered satisfactory as these

health centers are battling with acute shortage of faculty, para-medical staff as well as basic infrastructure," he said.

Cheema said that the government has completely left the patients of 124 major ailments at the mercy of these ill-equipped health care centers, besides making this insurance scheme useless for the poor patients who were eagerly waiting to get free quality health care services.

Despite the fact that the people avoid going to government hospitals even for the minor surgeries, the government wants to see people treating themselves in the government healthcare centers for every ailment including high-risk delivery, cesarean section and removal of uterus, he said.

SAD leader said that it was strange that the government has earmarked the government hospitals for treating the mental disorder cases when it was a well-known fact that the government does not have enough number of doctors in its neurosciences department to tackle the drug

addiction problem in the state.

Cheema said that the Government has authorized only 250 government-run hospitals for treating around 46 lakh people of their 124 diseases which is not fair.

"Although, the amount being provided under Bhagat Pura Singh Insurance scheme was ₹ 50,000 during the erstwhile SAD-BJP government, patients had freedom to go to any hospital listed in the panel for better treatment," he said adding that now patients have to go through a lot of mental and physical harassment to get doctor's referral for getting treated at private hospitals, besides doctors would hesitate to give it in writing that their hospitals were not medically well equipped.

Cheema demanded that the Punjab Government should immediately remove the condition of seeking doctor's referral for shifting the patient from government hospital to private hospital so that patients could get better and hassle-free treatment from their choice of health care centers.

Punjab demands ₹100 cr from Centre for 550th Parkash Purb celebrations

PNS ■ DELHI/CHANDIGARH

Punjab Government on Wednesday demanded from the Centre to release ₹100 crore for Guru Nanak Dev's 550th Parkash Purb celebrations, besides releasing immediately ₹ 2,145 crore for Sultanpur Lodhi and other development works.

The demand was made by the State Tourism and Cultural Affairs Minister Charanjit Singh Channi during his meeting with the Union Tourism Minister Prahlad Patel in New Delhi on Wednesday.

Channi, demanding the central assistance, said that the Punjab Government is going to celebrate the 550th parkash purb of Guru Nanak Dev on a grand scale with full religious fervour. "The celebrations would see 'Nanak Naam Leva Sangat' from all corners of the globe, and the Punjab Government solicits wholehearted cooperation from the Union Government with regard to these celebrations," he said.

"I have also appealed to the Union Minister to immediate-

The demand was made by the state Tourism and Cultural Affairs Minister Charanjit Singh Channi with the Union Tourism Minister Prahlad Patel

ly release ₹ 2145 crore (as per a proposal sent by the Punjab Government) for the sacred city of Sultanpur Lodhi and other development projects," said Channi who also took up the issue of expediting the release of Central Assistance under the Swadesh Darshan scheme.

Channi said that the meeting also saw various other issues such as facilitating national and international tourists with web application and Twitter based one stop service providing center by the Union Government.

Initiating a mechanism for grievances redressal, directions in the States and the UTs for Bed and Breakfast or Home Stay, Swadesh Darshan, and PRASAD scheme besides encouraging tourism through social media, being taken up.

Punjab Government signs MoA with UNDP for Sustainable Development Goals implementation

PNS ■ CHANDIGARH

Punjab Government on Wednesday inked a Memorandum of Agreement (MoA) with the United Nations Development Programme (UNDP) for the implementation of the Sustainable Development Goals (SDGs).

As per the agreement, signed in the presence of Chief Minister Capt Amarinder Singh and Finance Minister Manpreet Singh Badal, by UNDP Resident Representative Shoko Noda and Punjab Government Principal Secretary (Planning) Jaspal Singh, a Sustainable Development Goals Coordination Centre (SDGCC) would be set up in the Planning Department with UNDP's support.

"The MoA would result in integration of administrative departments to ensure sustainable and holistic development of the state. I hope these goals would go a long way in achieving the desired results of various citizen centric schemes and development oriented programmes in a time-bound manner," said the Chief Minister.

Responding to a brief presentation on Skill Development, Employability and Livelihoods made by the UNDP senior advisor, Capt Amarinder asked the Employment Generation Department to tie up with the UN agency to explore new possibilities for the skill development as well as self-employment and better employability of the youth in the private sector.

Citing the success of his government's flagship programme 'Ghar Ghar Rozgar', he assured the visiting delegation of all possible assistance in giving impetus to Skill Development and Employability plans.

Earlier, the Finance Minister thanked UNDP for partnering with Punjab for implementing the SDGs, whose framework has already been adopted by the Punjab Government, which has started working on the preparation of a four-year Strategic Action Plan, 2019-23 (4SAP).

Besides laying down clear goals and targets, 4SAP involves determination of the key performance parameters (KPPs) for key functionaries of

the departments. Notably, the State Government has already approved 4SAPs of eight departments after extensive consultations at the level of the Steering Committee headed by the Chief Secretary.

The SDGs are a set of 17 goals which universally call for an action to end poverty, protect the planet and ensure that all people enjoy peace and prosperity.

The Sustainable Goals Coordination Centre being set up in partnership with the UNDP would help State Government deliver on the SDGs by working on the five components — Integrated Strategic Planning and Implementation, Awareness and Capacity Building, SDG localization, Resource Mobilization and Partnerships and Monitoring and Evaluation.

It would also ensure that the State Indicators Framework is developed as per the National Indicators Framework and a comprehensive Monitoring and Evaluation plan is in place to measure performance against targets.

Training on qualitative research

PNS ■ DEHRADUN

A week long training programme on the 'Dimensions of Qualitative Research' started at Academic Activity Centre, Chauras Campus, HNB Garhwal University, Srinagar on Wednesday. The programme is being organised by the Faculty Development Centre of Pandit Madan Mohan Malaviya National Mission on Teachers and Teaching Scheme of Ministry of Human Resource Development.

Speaking on the occasion, the Vice Chancellor (VC) of the Veer Madho Singh Bhandari Uttarakhand Technical University, Dehradun, N S Chaudhary said that the role of computer is important for the coordination between multiple dimensions of qualitative research. "In the current scenario, the conversion of researches in to the computer language and its continuous updating is an important aspect of higher education which needs to be carried out significantly from time to time," he said.

In his address in inaugural session, the VC of HNB Garhwal University Anapurna

Nautiyal said plagiarism should be avoided while writing and publishing research papers. "We must maintain the quality of research work. Multidisciplinary researches are the need of the hour and in such scenario, we cannot afford to take subject and area specific researches without connecting it to social concerns," she said.

Former Dean, School of Humanities and Social Sciences in the

university, J P Pachauri stated that the knowledge ridden age requires the systematic research based on appropriate research methodology and efforts.

The Director, the Faculty Development Centre, Indoo Pandey Khanduri highlighted the contents of short term training programme.

She elaborated the fundamentals of qualitative research, ontology and episte-

mology, data acquisition and analysis, methods of interpretation, report writing and issues related to research ethics. She said that objective of the training program is to enhance capacity and capability of the faculty members. Khanduri informed that 34 faculty members from various higher education institutes from across the country are participating in this programme.

'Kashmir is the citadel of Indian civilisation'

PNS ■ BHUBANESWAR

The Academy of Yoga and Oriental Studies (AYOS) organised a lecture entitled "Cultural magnificence of Kashmir and Nilamata Purana" here on August 18. The meeting was presided over by AYOS president Sudarsan Nayak. AYOS director Dr Indulata Das was the speaker of the

occasion and eminent Sanskrit scholar Arun Kumar Upadhyaya was guest of honour. Dr Das in her lecture said, "Kashmir is the citadel of Indian civilisation. Piplalada branch of Atharva Veda, written in Sarada Lipi, was found in Kashmir. Kashmir might have been the home land of Patanjali, the great grammari-

an as he has, in his Mahabhasya, very fondly mentioned the name of Kashmir. Kalidasa, according to some, might have belonged to Kashmir as he has mentioned 'saffron' and the 'worship of Kamadeva' in his literature which is very famous in Kashmir.

Saiva Daršana of Kashmir is a very famous school of Indian philosophy. 'Rajatarangini', the great historical work is the contribution of Kashmir to the Indian literature. 'Nilamata Purana', similarly, is a book which has detailed descriptions of the formation of Kashmir and every small detail of all the rituals, traditions, festivals of the land of Kashmir.

Coal supply to NTPC Talcher Kaniha hit

PNS ■ BHUBANESWAR

The coal supply to NTPC Talcher Kaniha from the Kaniha Open Cast Project (KOCP) has been stopped since August 18 as villagers have resorted to a strike at the KOCP to press for various demands. Earlier, the NTPC Talcher Kaniha generation was severely hit due to crisis at the Bharatpur Mine from July 23, 2019 and stoppage of MCL, Talcher Coal Field for almost two weeks.

While four units stopped generation and the rest two units generated about 600 MW with using left out yard stock and railway coal receipts. After strike was called off from Talcher Coal Mines on August 7, the station started getting coal from the Lingaraj Mines and Kaniha OCP and the situation improved partially. Still the station is running in critical condition as there is no buildup of coal in the stockyard.

But due to ongoing strike at Kaniha OCP, coal supply has been severely affected. It may lead to progressive shutdown of units, which will affect the power super supply to various States, including Odisha, said sources.

PUBLIC NOTICE

This is general public notice that Mr. Nafee Singh S/O Chhaju Rm (hereinafter referred to as 'customers') have approached AU small Finance bank Karnal branch for availing a Secure business loan of Rs. 18,35,000/- (Rupees Eighteen lakh Thirty Five Thousand Only) and the same has been sanctioned by AU Small Finance Bank vide its application no. STEP TOWARDS MODERNISING ARMED FORCES

Def Min OK's first batch of reforms

ARMY COMMANDERS HAVE GIVEN THE NOD IN OCTOBER LAST YEAR

PIONEER NEWS SERVICE ■ NEW DELHI

With the objective to have a lean and mean Army capable of fighting a modern day war, the Defence Ministry has approved the first batch of reforms including relocation of 206 officers from the Army Headquarters (AHQ) to operational areas, setting up of a separate vigilance cell and having an umbrella organisation to focus on human rights issues. The decision comes following recommendation by the Army after having four in-house studies last year.

The restructuring was given the go-ahead during by the Army Commanders in October last year after Army chief General Bipin Rawat ordered review of the present structure and ways and means to make it more modern keeping pace with fast changing war fighting the world over.

The four groups also studied proposal to increase the retiring age of Junior Commissioned Officers (JCO) to have trained men available for longer period and cut down expenditure on recruiting and training new recruits. The

Defence Ministry has approved the first batch of reforms including relocation of 206 officers from the Army Headquarters (AHQ) to operational areas, setting up of a separate vigilance cell and having an umbrella organisation to focus on human rights issues. The decision comes following recommendation by the Army after having four in-house studies last year

other measures on the anvil include shifting the Rashtriya Rifles head office from the national capital to Northern Command in Jammu and Kashmir. The Rashtriya Rifles, a part of the Army, is counter-insurgency force normally functioning in the state.

Announcing Defence Minister Rajnath Singh's nod to the first batch of restructuring, officials said here on Wednesday, 206 officers will be shifted from the Army Headquarters to the field and operational areas. This move will address the need for filling the crucial gaps in the operational areas. The officers to be relocated include three major generals, eight brigadiers, nine colonels and 186 Lt Colonel/Major.

Another key approval

given by Singh is to set up a separate vigilance cell under the Army Chief with tri-services representation. At present, the vigilance department operates through multiple agencies and there is no single point interface.

"An independent vigilance cell will be made functional under Chief of Army Staff (COAS). Accordingly, Additional Director General (Vigilance) will be placed directly under the COAS for it," the ministry said.

The vigilance cell will have three Colonel-level officers, one each from Army, Indian Air Force and Navy.

Elaborating upon the need for having officers from the Navy and IAF, officials said the vigilance branch will now be broad based and objective.

As regards the umbrella organisation for human rights, they said it will be under the Vice Chief of Army.

Officials said it is being set up to accord high priority to human rights convention and values. A Major General rank officer will head this organization.

The organisation will be nodal point to examine any reports of violation of human rights, officials said adding "to enhance transparency and ensure the best of investigative expertise is available to the section, a Police officer of SSP/SP rank will be taken on deputation."

Besides these measures, some more reforms are now in the final stages before the defence ministry approves them, sources said. The four studies pertained to restructuring of AHQ, force restructuring which includes creation of Integrated Battle Groups (IBG), cadre review of officers and review of terms and conditions of Junior Commissioned Officers (JCO) and Other Ranks (OR).

An official statement issued after the Army Commanders meet in October last year said "the focus of the studies is holistic integration thereby enhancing the operational and functional efficiency, optimise budget expenditure, facilitate force modernization and address aspirations."

PROTESTING AGAINST CENTRE'S MOVE TO CORPORATISE OFB

Ordnance factory employees set aside Govt promise, begin strike

PIONEER NEWS SERVICE ■ NEW DELHI

Despite the Government assuring that the interests of workers will not be harmed, the Ordnance Factory Board (OFB) employees began their one-month-long strike in response to the call given by three recognised Defence Federations. The workers are protesting against the move to corporatise the factories manufacturing weapons and ammunition for the armed forces and are the oldest manufacturing units in the country. There are nearly one lakh workers in OFB.

Workers employed in factories in Madhya Pradesh and West Bengal began their protest on Tuesday followed by more workers joining the stir on Wednesday even as the government emphasised the proposed corporatisation is aimed at providing greater flexibility in day-to-day functioning, increased operational freedom and autonomy in decision making, leading to enhanced productivity. This will enable the Ordnance Factories to respond faster to the futuristic needs of the Armed Forces and provide an impetus to the export potential of its products.

Reports from Bhopal said around 22,000 civilian workers from six ordnance factories in Madhya Pradesh have joined the month-long nationwide strike demanding immediate withdrawal of the government's plans to 'corporatise' the OFB, a union leader said on Wednesday. The ordnance factories in Madhya Pradesh are located in Jabalpur, Katni and Itarsi.

All India Defence Employees Federation (AIDEF) Additional General Secretary B. Guha Thakurta told PTI from Jabalpur that around 82,000 workers from 41 Ordnance Factories (OFs) across the country have struck work since Tuesday.

The Ministry of Defence had earlier clarified that it had no plan to privatise the ordnance factories. Three federations of workers which have called the strike had claimed that 'corporatisation' of the Kolkata-headquartered organisation will eventually lead to its privatisation.

Chairman of OFB Saurabh Kumar had said in Kolkata that the proposed 'corporatisation' move by the Centre was aimed at providing greater flexibility in day-to-day functioning and increasing autonomy in decision-making.

A committee of senior offi-

cial of the defence ministry, led by additional secretary of the Department of Defence Production, along with the OFB chairman, had met the office-bearers of the federations on August 14 and August 16 to discuss the matter.

A joint press statement issued by the three recognised employees' federations claimed that talks with the ministry to resolve the matter have failed to reach a solution. "The strike commenced at 6 am on Tuesday. It is set to continue for one month, till September 20, if a solution is not reached before that."

The federations urge the Centre to reconsider its decision to corporatise the ordnance factories and withdraw the same in the interest of the defence preparedness of our country and also the service life of 82,000 employees," the statement said.

Several committees, over the past two decades, have recommended the conversion of ordnance factories into a public sector company, it claimed. "But the ordnance factories being war reserve and solely dependant on the armed forces cannot function as a commercially viable PSU," the statement added.

CBI ARRESTS PC

BJP rejects 'vendetta' charge, says Govt not interfering probe

PNS ■ NEW DELHI

Rejecting the Congress' charge of vendetta levelled against the Centre over the action of probe agencies against P Chidambaram, the BJP on Wednesday said the Union Government did not interfere in the investigation and he must face consequences for his deeds.

"If he has done something fishy, he must face consequences. Probe agencies do not work at the government's behest. They have powers to act independently," BJP spokesperson Shahnawaz Hussain said.

The Congress general secretary Priyanka Gandhi Vadra's assertion that the party will continue to fight for truth no matter what the consequences, BJP IT department head Amit Malviya took a dig at saying, "Priyanka Vadra's support for P Chidambaram is quite natural. After all she has the experience of standing by Robert Vadra too, who is also facing several investigations for serious economic offences."

he tweeted, in a reference to cases of alleged corruption against her husband.

CBI books NDTV's Prannoy Roy, wife, Vikram Chandra

PNS ■ NEW DELHI

The CBI has booked NDTV, its promoters Prannoy Roy and wife Radhika Roy besides former CEO Vikramaditya Chandra and unknown public servants for allegedly violating Foreign Direct Investment (FDI) rules between 2004 and 2010. The NDTV has denied the CBI allegations.

The accused entity and individuals have been booked on charges of criminal conspiracy, cheating and corruption, according to the FIR. The agency on Wednesday conducted searches at Chandra's residence, officials said.

Under the CBI scanner are investments made by NCBU, a General Electric company at the time, in Network PLC (NNPLC), an NDTV company incorporated in London on November 30, 2006.

According to the FIR,

NNPLC allegedly got approval from the Foreign Investment Promotion Board (FIPB) board in violation of FDI rules in 2009.

NNPLC received total FDI worth USD 163.43 million and invested the amount in various NDTV subsidiaries through a web of complex transactions.

It is alleged that during May 2004 to May 2010, NDTV floated around 32 subsidiary firms all over the world, mostly in the tax havens of Holland, the United Kingdom, Dubai, Malaysia and Mauritius among others.

The CBI said most of these companies allegedly had no business transaction and were meant for financial transactions to bring funds from abroad.

Terming the transactions a "sham", the agency alleged that funds were invested by unidentified public servants through NDTV and laundered back to India through multiple layers of

complex transactions and shell companies.

"Proceeds of corruption of unknown public servants was invested through NDTV Ltd," it alleged.

It is alleged that these transactions are sham and funds are invested by unknown Public Servants through NDTV Ltd and later laundered back to India through multiple layers of complex transactions and shell companies.

"NDTV Ltd through its promoters viz Prannoy Roy and Radhika Roy, KVL Narayan Rao (since expired), Vikramaditya Chandra had entered into criminal conspiracy with unknown public servants with the object of bringing tainted money of unknown public servants through a web of complex transactions through the FDI route," a CBI Deputy SP who is the com-

plainant in the case alleged.

The NDTV came out with a statement saying, "Despite a series of cases in which the investigation is deliberately stalled, agencies have found no evidence of any corruption by NDTV, Prannoy and Radhika Roy, the founders of NDTV, as also the company, have cooperated in all matters filed against them."

"As part of the continued persecution of free press, a new CBI case has been filed about a \$150 million investment in NDTV's non-news business by NBCU, then owned by General Electric, a massive American conglomerate. The case makes the ludicrous charge that the transaction, declared to all relevant authorities in the US and India, laundered money for unknown public servants," it said.

"NDTV and its founders have full faith in India's judi-

AMUL told to formulate plan to recycle plastic milk pouches

PNS ■ NEW DELHI

After Prime Minister Narendra Modi's call to put end on single use of plastic, the Ministry of Animal Husbandry and Dairying on Wednesday asked the AMUL and Mother Dairy Federations to formulate action plan/protocol to recycle milk pouches and share with it for circulation

to other milk federations for implementation. The Lok Sabha Secretariat has also banned the use of non-reusable plastic water bottles and other plastic items within the Parliament complex.

At a high level meeting, the ministry of animal husbandry and dairying asked Major Dairy Federations like Gujarat Milk Federation (Amul),

Karnataka Milk Federation (Nandini), Punjab Milk Federation (Verka), Maharashtra Milk Federation (Mahanand) to encourage reuse of plastic milk pouches, in a campaign mode, with 3R strategy - Reduce, Reuse and Recycle. The meeting also reviewed the availability, supply, prices and export/import issues with the milk processors.

Justice Patnaik completes probe into larger conspiracy against Gogoi, report likely by mid-Sept

PTI ■ NEW DELHI

A Supreme Court-appointed one-man panel, holding inquiry into allegations of "larger conspiracy" to frame Chief Justice of India Ranjan Gogoi, has completed its task and is likely to submit the report by mid-September.

Sources said Tuesday that Justice AK Patnaik, a retired Supreme Court judge who was appointed by the apex court, examined advocate Utsav Singh Bains.

Bains had made several allegations including fixing of benches in the Supreme Court. "The affidavit filed by Bains and other documents were examined by the panel. Now, the panel will complete the report and submit it to the Supreme Court in a sealed cover by second week of September," said a source.

Justice Patnaik examined the lawyer from 11 am to 1 pm and his statement was recorded.

"The lawyer (Bains) was examined Tuesday by the panel

for roughly two hours. He had come to the office of Justice Patnaik," the sources said.

The top court had on April 25 constituted the panel to hold inquiry into the allegations of Bains and had asked the Directors of CBI and Intelligence Bureau (IB) as also the Delhi Police Commissioner to cooperate with Justice Patnaik as and when required by him.

A special bench headed by Justice Arun Mishra had said that on the completion of inquiry, Justice Patnaik will file a report in a sealed cover before the court after which the matter will be heard again.

It, however, had said the inquiry will not deal with the allegations of sexual harassment against the CJ, levelled by an ex-employee of the top court.

On May 6, Gogoi had got the clean chit from the Supreme Court's In-House Inquiry Committee which "found no substance" in the allegations of sexual harassment levelled against him.

BJP to start awareness drive on abrogation of Article 370

PNS ■ NEW DELHI

The BJP has decided to carry out a mass awareness campaign besides a special drive to reach out to 2,000 prominent personalities from the fields of film, sport and academia among others on the Centre's decision to abrogate Jammu and Kashmir's special status under Article 370 of the Constitution.

The party has started working on organising a 'Jan Jagran Abhiyan (public awareness campaign)' on the matter and will hold indoor meetings at state and district levels across the country.

In view of the assembly elections in four states around the corner, the party is keen to keep the emotive issue alive among the masses as it seeks to draw maximum political mileage following the decision which, it believes, has popular endorsement.

At the same time, the party also wants to check the opposition's propaganda on the issue.

Small indoor meetings at 370 different locations across the country with 500-1000

opinion makers at the district level, and 35 big indoor meetings having gathering of 2,000 people will be held at capitals of all states and Union territories in the country, the party leader said.

BJP's top brass, including its president and Union Home Minister Amit Shah, may also address some of these indoor meetings at the state level.

Besides this, a special drive will be carried out to reach out to 2,000 prominent personalities of the country, they said.

A list of such personalities is being prepared which will include people from different walks of life such as film, sport, academia, media and legal fraternity.

The party had formed a committee to carry out this campaign. It includes Union Ministers Pralhad Joshi, Gajendra Singh Shekhawat, Dharamendra Pradhan and Jitendra Singh.

Besides them, former Union Minister Rajyavardhan Singh Rathore, party's MP from Ladakh Jamyang Tsering Namgyal and another MP Tejaswi Surya are members of this committee.

HRD Min launches NISHTHA aimed at training over 42 lakh teachers

PNS ■ NEW DELHI

The HRD Ministry on Wednesday launched the National Initiative for School Heads' and Teachers' Holistic Advancements (NISHTHA) aimed at training over 42 lakh teachers across the country. The basic objective of the massive training programme is to motivate and equip teachers to encourage and foster critical thinking in students, Union HRD Minister Ramesh Pokhriyal 'Nishank' said at the launch.

"The teachers will get awareness and develop their skills on various aspects related to learning outcomes, competency based learning and testing, learner-centered pedagogy, school safety and security, personal-social qualities," he said.

"Inclusive education, ICT in teaching-

"The teachers will get awareness and develop their skills on various aspects related to learning outcomes, competency based learning and testing, learner-centered pedagogy, school safety and security, personal-social qualities"

ing manner, are among the areas that will be covered in the training," he added.

The training will be conducted directly by 33,120 key resource persons (KRPs) and state resource persons (SRPs) chosen by the state and UTs, who will in turn be trained by 120 national resource persons identified from the National Council of Educational Research and Training (NCERT), National Institute of Educational Planning and Administration (NIEPA), Kendriya Vidyalaya Sangathan (KVS), Navodaya Vidyalaya Samiti (NVS), Central Board of Secondary Education (CBSE) and NGOs.

Some of the features of the integrated programme are activity-based modules, including educational games and quizzes, social-emotional learning, motivational interactions, team building, etc.

Onion prices likely to shoot up

PNS ■ NEW DELHI

Onion prices are on the rise and may leave the consumers in tears in the coming days. Due to incessant rains and floods in onion producing states, the prices of the bulb have increased from ₹20-25 to ₹35-40 per kg in the retail market. According to onion traders, the wholesale prices have increased over the past 15 days in major markets such as Lasalgaon and Bangaluru.

Onion was sold at ₹20-25 per kg till the first week of August. But it is now being sold at ₹35-40 per kg in the retail market in Delhi. The sudden price rise has made home-makers sit up and take control of the house budget, as onion is an important ingredient for cooking and serving salads.

In a move to keep onion prices under control, the Centre on Wednesday warned of strict action against hoarding of onion amid supply dis-

ruption fears due to floods in parts of major growing states of Maharashtra and Karnataka. The ministry has also decided to cap the retail price of onion at Safal (a Mother Dairy outlet) at ₹23.90 per kg (for Grade A variety). Safal will receive onions from the government buffer at the same rate.

Rajendra Sharma, who is the wholesale onion supplier of Agricultural Produce Marketing Committee Azadpur, said that the price is expected to increase further in

the coming days. Sharma says farmers mainly in Maharashtra, who are aware of the current situation of floods impacting crops in Karnataka, are holding back their produce anticipating better prices in the days ahead. In Delhi, wholesale rate of onion is between ₹10 and 22 per kg while in Lasalgaon, the wholesale rate is ₹20 per kg.

In Lasalgaon, the largest market for onions, prices have moved up by over 40 per cent since early August. The increase is over 50 per cent over

the past one month. APMC, Lasalgaon chairman Jaidutt Holkar told The Pioneer that this jump in prices will not last long as in the next 60 days a new crop will start arriving from the fields.

Maharashtra is the largest producer of onion, accounting for a third of the country's produce, followed by Madhya Pradesh, Karnataka, Gujarat, Bihar and Andhra Pradesh. Karnataka has the second largest area under the bulb. Madhya Pradesh is the second largest producer of onions due to higher yields. Also the sowing was lower in Central Karnataka due to the delayed start of the monsoon and its slow progress.

All the concerned stakeholders, including representatives of Safal, NAFED (National Agricultural Cooperative Marketing Federation of India Ltd) and NCCF (National Cooperative Consumers' Federation of India) were present in the meeting.

Packaged food in India least healthy: Survey

PIONEER NEWS SERVICE ■ NEW DELHI

Packaged food in India has been ranked lowest in terms of its healthiness in a major global survey of packaged foods and drinks, an observation that should come as a wake-up call for the government, which is battling with providing healthcare to increasing patients of non-communicable diseases such as diabetes.

The survey — of the packaged consumables of 12 countries and territories — conducted by The George Institute for Global Health showed that India has the unhealthiest ie high levels of sugar, saturated fat, salt and calories in many of the favorite packaged food items.

'Obesity Reviews'.

Researchers had analyzed more than 400,000 food and drink products from 12 countries and territories around the world. Countries were ranked using Australia's Health Star Rating system — which measures the levels of the nutrients such as energy, salt, sugar, saturated fat as well as protein, calcium and fiber and assigns a star rating from ½ (least healthy) to 5 (the most healthy).

India's packaged foods and drinks were found to be the most energy-dense (kilojoule content 1515 kJ/100 g) and South African products were least energy-dense at an average of 1044kJ/100 g. The UK had the highest average Health Star Rating of 2.83, followed by the US at 2.82 and Australia at 2.81. India got the lowest rating of just 2.27 preceded by China at 2.43 with Chile coming third from bottom at 2.44. Lead author Dr Elizabeth

Dunford said the results were concerning because packaged foods and drinks are driving a double burden of diet-related diseases in many low- and middle-income countries.

"Globally we're all eating more and more processed foods and that's a concern because our supermarkets' shelves are full of products that are high in bad fats, sugar, and salt and are potentially making us sick," she said.

Co-author Professor Bruce Neal, Acting Executive Director of The George Institute, Australia said: "Billions of people are now exposed to very unhealthy foods on a daily basis. The obesity crisis is just the first ripple of a tsunami of dietary ill health that is coming for us. We have to find a way that the food industry can profit from selling rational quantities of quality food, rather than deluging us with unhealthy junk."

The report notes that many

of the world's major food and drink manufacturers have signed up to the International Food and Beverage Alliance and made pledges to reduce levels of salt, sugar and harmful fat and that these findings could provide an impetus for companies to improve the healthiness of their product ranges.

Reacting to the study findings, Prof Vivekanand Jha, Executive Director of the George Institute for Global Health, India, said: "Policymakers and the food industry needs to work together to reformulate products to reduce the ever increasing risk of obesity and its consequences."

More than 135 million individuals were affected by obesity in India while about 50.9 million people suffer from diabetes, and this figure is likely to go up to 80 million by 2025, making it the 'Diabetes Capital' of the world, according to various studies.

Valley gradually showing signs of improvement

MOHIT KANDHARI ■ JAMMU

While stray incidents of stone pelting are still being reported from parts of Srinagar, the overall situation in Kashmir Valley is gradually showing signs of improvement. The security grid lifted restrictions from Lal Chowk area on Wednesday permitting local residents to move around freely. Markets in the area, however, remained closed and scanty traffic was witnessed during the day.

In Baramulla, a joint team of security forces eliminated a Lashkar-e-Tayyiba (LeT) terrorist identified as Momin Gojri in an overnight operation. A Sub-Inspector of State Police and a Special Police officer (SPO) received serious injuries in the gunfight.

According to police spokesman, SPO identified as

Bilal Ahmad succumbed to his injuries while SI Amardeep Parihar is undergoing treatment in the Army hospital.

On the Line of Control, Pakistani Army initiated fresh ceasefire violation in Sunderbani sector of Rajouri around 3.45 pm.

In response, Indian Army gave befitting reply.

DIG Central Kashmir VK Birdi told reporters in Srinagar, "No major law and order incident was reported from anywhere in Kashmir Valley. He said, all those areas where relaxations was given behaved normally". He said, in few pockets stray incidents of stone pelting were reported and they were dealt with appropriately by the law and order machinery on ground.

Local reporters, while referring to incidents of continuous stone pelting in differ-

A Kashmiri family rides on a scooter past a closed market in Srinagar on Wednesday

ent parts of Srinagar had asked him whether more arrests were made to contain the situation, DIG VK Birdi maintained, "Law and order machinery is handling the situation and monitoring it very closely on

ground zero". Director General of Police Shri Dilbag Singh on Wednesday said effective initiatives have been taken to bring all round improvement in the law and order situation in

Kashmiri children walk towards a teacher's home for private coaching through a deserted street in Srinagar on Wednesday

the Valley to ensure security of the people. He said stringent action will be taken against those disrupting peace and creating panic among masses.

Earlier, DGP attended the wreath laying ceremony of

martyr SPO Bilal Ahmad Magray who was martyred during the Ganai Hamam, Baramulla encounter.

Meanwhile, addressing routine Press conference, Director Information & Public

Relations, Dr Syed Sehrish Asgar told reporters, "With the opening of middle schools across Kashmir Valley, the teachers' attendance was recorded at 60-80 per cent and Government offices also witnessed 90 per cent attendance on Wednesday."

She said the attendance of students also improved over the past two days. On Wednesday, the school education department in Kashmir claimed around 774 middle schools were thrown open in areas where primary schools were functioning since Monday.

Director School Education Kashmir, Muhammad Younis Malik read out a detailed report claiming districts of Kulgam, Bandipora and Ganderbal are showing marked improvement in terms of attendance in schools. The presser was also

informed that hospitals, banks are functionally normally, besides ATMs, transport, and other services are adequately operating across the State. They said review meetings are being held at district and divisional level for harvesting and to transport of horticulture produce to other places. Chief Secretary BVR Subrahmanyam himself reviewed the transport facilities and establishment of mandies across the Valley. There was no shortfall of transport facilities, the officials informed.

The Government urges people not to believe in rumours in this regard, the presser was told.

They also said there was no law and order incident reported from any area in Jammu and no major law and order incident from Kashmir was reported.

Incentives to filmmakers part of I&B Ministry's J&K package

New Delhi: The Information & Broadcasting (I&B) Ministry is planning several incentives for film and television production companies to take their projects to Jammu & Kashmir and Ladakh.

As part of the massive development push for the region by the Government, the I&B Ministry has held closed door consultations with representatives of the entertainment industry to chalk out a plan to encourage them to look at the region as a viable centre.

Among the proposals on table is a corporate package for production houses keen to visit J&K and Ladakh with their units for shooting films and television serials.

The Government is also open to amend the radio guide-

lines for setting up new FM stations in the region. Currently, small number of private FM channels are operating in Valley. A capital investment for erecting new screens in the region is also on the cards along with developing other infrastructure required for film making.

Sources said after taking inputs from the stake holders, the government will roll out its incentive plan so that the

region, known for its beautiful locations, is used extensively for film production. The film crews had almost stopped shooting in the region since the early 1990s when militancy destroyed peace in the Valley.

After the abrogation of Article 370 and reorganisation of the state, Prime Minister Narendra Modi had appealed to film makers to see J&K and Ladakh as potential work areas.

The Prime Minister had appealed to the representatives of Hindi, Tamil and Telugu entertainment industry to look at Jammu and Kashmir as a destination for their projects. Walking the talk, the government now wants to meet all the infrastructure demands of the industry to smoothen bottlenecks.

J&K Govt grants MoS status to its Mayors

Srinagar: In a significant development, the J&K Government has decided to accord Minister of State status to its two mayors, Junaid Azim Mattu is currently mayor of Srinagar while Chander Mohan Gupta is mayor of Jammu.

With this status, both Mattu and Gupta will enjoy expanded power and will be able to take executive decisions. As mayors, their roles and responsibilities were restricted to their municipal jurisdiction.

Typically, a mayor is considered a ceremonial authority with limited power and state governments with all the resources continue to take most critical decisions.

Recently, after the abrogation of Article 370, the Centre bifurcated the valley state into

two union territories — Jammu & Kashmir with an Assembly and Ladakh without one.

The Jammu and Kashmir Reorganisation Bill was passed on August 5 in the Rajya Sabha and then in the Lok Sabha.

The controversial Article 370 allowed special status to Jammu & Kashmir for over 70 years. Barring matters related to defence, foreign affairs, communications and other matters which were specified in the Instrument of Accession of Jammu & Kashmir, the Centre required the approval of the State Government for other laws.

Life in the Valley is gradually returning to normal. While offices and schools re-opened on Monday, landline phone connections have been largely

restored. IANS

Communication blockade fueling anger in Kashmir

Srinagar: It was an emotional reunion for Imran Ahmad with his family. The 32-year-old sells Kashmir handicrafts in Mumbai and returned home to Hawal here on Monday.

He had been unable to get in touch with his family in Kashmir since a fortnight, after security curbs and a communication blockade was imposed in the state following the scrapping of Article 370 that granted special status to Kashmir within the Indian union.

Ahmad broke down on seeing his ageing parents, and tightly hugged his two and three year old nephews.

He is getting married next week. But the communication blackout has complicated his wedding arrangements. While most weddings in Kashmir

stand cancelled given the situation, Ahmad does not intend to do so. Instead, he plans to have low key celebrations.

"Life has become too difficult without communication. In a sad situation like this, how can one even think of celebration? It is going to be a very simple affair," said Ahmad.

Ahmad's neighbours are also angry. "This has never happened in Kashmir, we have been caged," lamented Ghulam Mohiuddin.

Others said the gag order was only fuelling anger. "It is triggering frustration in Kashmir and is a great provocation for the people," said Mohammad Hafeez.

The Government calls the communication blockade "temporary" and has promised

restoration of all landline connections. "Out of 96,000 landlines in the state, 73,000 have started functioning," said Government spokesperson Rohit Kansal.

But some like Abdul Majeed, a resident of Firdousabad in Batamloo area of Srinagar, complain that the landlines which were restored a couple of days ago, have stopped working altogether.

It is a joke, the landlines were restored in our area but were snapped in a matter of few hours. The radio silence is becoming unbearable," he said.

The Government says it is abreast of the situation and the matter is being taken up with service provider BSNL for quick redressal. IANS

Khadi comes out with novel way to bestow dignity on humble 'mochi'

New Delhi: Khadi and Village Industries Commission (KVIC) which is in the forefront of popularising Khadi has come out with a novel way to bestow dignity on the humble 'mochi'. Acting on the principles of Mahatma Gandhi and call of Prime Minister Narendra Modi, KVIC has decided to give recognition to the people from the marginalised shoe-making community popularly known as Mochi.

In this first kind of such initiatives in the country, the KVIC decided to re-christen 'mochi' as 'Charm Chikitsak' at the training programme at the KVIC's e Gandhi Darshan premises in Delhi on Wednesday.

When KVIC Chairman Vinai Kumar Saxena addressed the inaugural session of 100 leather artisan trainees of Delhi as 'Charm-Chikitsak', some of the shoe-makers broke into tears. For 60-year-old Ramsevak, it was simply unbelievable.

"We are getting a sense of recognition and security with this encouraging address of the KVIC Chairman, what we have not ever dreamt of in our lives," he said.

Saxena said that KVIC had always shown its commitment to uplift the social and economic status of the marginalized communities. "After the overwhelming success in Kumhar Sashaktikaran Scheme, we planned to launch this Leather Artisans Development Scheme, in which small time shoe-makers, mostly sitting on footpaths - polishing and repairing shoes and chappals, from all corners of the country, would first be given proper training and then modern Shoe-tools Kit worth Rs 5,000. The kits will be equipped with all necessary articles needed to cure and beautify shoes and chappals," he said.

Saxena said earlier this month, 50 artisans of Sirohi district — one of the aspirational districts identified by the Neeti Aayog — in Rajasthan had been given training with the Shoe-tool Kits.

"We hope to distribute at least 10,000 such kits among our 'charm-chikitsak' by the end of this year," he added. PNS

Uddhav throws weight behind cousin Raj ahead ED'S summons

Says nothing will come out against him in probe

TN RAGHUNATHA ■ MUMBAI

After the Opposition Congress and ANCP, the ruling Shiv Sena on Wednesday came out in support of MNS chief Raj Thackeray on Wednesday, a day ahead of his appearance before the Enforcement Directorate (ED) for questioning in connection with a loan default probe case.

A day after the MNS chief said that he would "honour" the summons issued to him by the ED and exhorted his party workers to maintain calm and restraint on August 22, Sena president Uddhav Thackeray threw his weight behind his cousin Raj, by saying that he did not think anything would come in the case in which the latter was investigated.

At a news conference convened to welcome sitting Congress MLA Nirmala Gavit into his party, Uddhav reacted to the news reports about the summons issued by Raj in a loan default case and said: "I don't think anything will come out in tomorrow's questioning (of Raj Thackeray)".

Reacting to the Sena president's comment, MNS spokesperson Sandip Deshpande — who had earlier dubbed the ED's summons to his party president as an "act of vendetta" — said, "All the people in the state are aware that there is nothing to the case. I am confident that my president will unscathed from this case".

The Opposition Congress and NCP leaders had earlier slammed the BJP-led NDA Government for "misusing" the investigating agencies to "target" its critics. They had said that Raj was being "targeted" as he had campaigned against the Narendra Modi Government in the recent Lok Sabha polls.

Raj, it may be recalled, had also brought the Opposition parties together on one platform on the issue of Electronic

Voting Machines (EVMs) and demanded that instead of EVMs, ballot papers be used to hold the State Assembly polls in Maharashtra.

The ED is investigating the alleged irregularities in the IL&FS's loans and investments worth over Rs 860 crore in M/s Kohinoor CTNL, a company funded by former Maharashtra CM Manohar Joshi's son Umesh Joshi.

M/s Kohinoor CTNL has been under ED scanner for being a prominent defaulter of IL&FS, amounting to an estimated Rs 135 crore.

Unmesh along with son along with IL&FS and Raj Thackeray-owned Matoshree Construction had in 2005 jointly had made a bid and bought for the NTPC's Kohinoor Mill's 4.8-acre property for Rs 421 crore.

In 2008, the IL&FS reneged from the deal and surrendered its shares for only Rs 90 crore, as against an investment of Rs 225 crore made in M/s Kohinoor CTNL. Following the IL &FS's exit, Raj exited from the venture after selling his shares.

In a statement put out in Marathi and English through his official twitter handle, Raj had said on Tuesday that like he did several other cases registered against him in the past, he would "honour" the summons issued to him and asked his party workers not to come anywhere near the investigation agency's office on Thursday.

Miffed by the summons issued to their party president, the MNS workers had earlier threatened to storm the ED when Raj responds to its summons on Thursday.

It had also called for a bandh in a satellite city of Mumbai, on August 22, in protest against the summons issued by the ED.

Following Raj's appeal to its workers to maintain calm, the MNS has called off its plans to take out a morcha to ED on Thursday and also withdrew its bandh call in Thane.

Chidambaram, a paper tiger, charge Congressman, rivals

KUMAR CHELLAPPAN ■ CHENNAI

There is no one in the Tamil Nadu Congress Committee or in Shivaganga who are not happy with the Delhi High Court order refusing to entertain the anticipatory bail application filed by former Union Finance and Home Minister P Chidambaram who is always portrayed as the party's strongman in the State.

"All good things have to come to an end and this is what has happened to Chidambaram and his family," a senior Congress leader in TNCC told *The Pioneer*. The former Finance Minister who was the country's Home Minister for fairly long time is one of the most unpopular politician in Tamil Nadu, said the Congress leader who did not want his name to be quoted for obvious reasons.

"You have been writing about the weakness of the Congress in Tamil Nadu for quite some time. Chidambaram is the root cause of the pathetic situation of the party in Tamil Nadu. He is always known as a weekend politician and has no acceptability among the people of the State," disclosed the leader.

S Rangaraj, author and proprietor of Rare Books, said Chidambaram could be described as a paper tiger. "It

is the media in Tamil Nadu which portrayed him as the State's strongman. For Chidambaram, what matters is his family and nothing more than that," said Rangaraj.

The electorate in Shivganga, the home constituency of Chidambaram, said has alienated the voters because of his arrogance and intimidating nature. "He did not contest the 2014 Lok Sabha election fearing defeat. Please remember that he manipulated to get elected to the Upper House from Maharashtra because of his close association with Sonia Gandhi and Rahul Gandhi," said Rangaraj.

Narayanan Thirupatti, the BJP spokesman said the solidarity shown by some of the senior Congress leaders in New Delhi was just a façade. "In the heart of their hearts, all of them are happy because it is an open secret that Chidambaram's antecedents are not above the board. He camouflages his crimes with the help of that idiomatic English with which he hopes to hoodwink the public," said Narayanan.

Chidambaram's woes are far from over. He has to appear before the Madras High Court on August 30 to face the cross examination in an election petition filed against him by the AIADMK candidate immediately after 2009 LS election.

Further boost to Sena, sitting Cong MLA joins its fold

TN RAGHUNATHA ■ MUMBAI

In further boost to the ruling Shiv Sena ahead of the Maharashtra Assembly polls, sitting Congress MLA Nirmala Gavit on Wednesday joined the Sena in the presence of its president Uddhav Thackeray.

In a development that came four days after former MLA Dhanraj Haribabu Mahale — who had quit the Shiv Sena and joined the NCP and contested the recent Lok Sabha polls — returned to the Sena, Nirmala joined the Shiv Sena.

Welcoming Mrs Gavit into his party, Uddhav said that with Gavit's entry to the Sena would strengthen the party in Nashik district of northern Maharashtra.

A sitting Congress MLA from Igatpuri, Nirmala is the daughter of veteran congressman from north Maharashtra.

Nirmala, who had tendered her resignation to State Assembly Speaker Haribhav Bagade on Tuesday, had said that she was quitting the Congress and resigning as an MLA to ensure development in his constituency.

Nirmala's entry to the Shiv Sena came amid speculation that the Congress' former minister and sitting MLA from Indapur Harshvardhan Patil might also join the BJP.

The Shiv Sena and BJP have been poaching leaders from the Congress and NCP in recent months in the run-up to the State Assembly polls.

First, it was NCP's former minister and once Pawar's close-confidant Jaydutta Kshirsagar from Beed district in Marathwada who quit the NCP and joined the Shiv Sena on May 22, 2019. Later on July 10, sitting MLA from Shahpur Pandurang Barora quit the NCP and entered the Sena. Later, NCP's Mumbai unit president Sachin Ahir quit the party and joined the ruling Shiv Sena on July 25.

Subsequently, former MLA Dhanraj Haribabu Mahale — who had quit the Shiv Sena and joined the Sharad Pawar-led party and contested the recent Lok Sabha polls from Dindori constituency — had returned to the Sena on Friday.

The Sena might field him as its candidate from Dindori in the State Assembly polls.

Similarly, the NCP's three sitting MLAs ShivrAjendra Bhosale (Satara), Vibhav Pichad (Akole in Ahmednagar district) and Sandeep Naik (Airoli in Navi Mumbai) and Congress' sitting MLA Kalidas Kolumbar (Wadala in south-central Mumbai) joined the BJP on July 31, 2019.

EXTENSION OF RUN OF SPECIAL TRAINS

For the convenience of Passengers, Railways have decided to extend the run of the following Special Trains as under :-

Train No.	Station From	Dep. Time	Station to	Arr. Time	Frequency/ Days of run	At Present running up to	Period of Further Extension

SERVING CUSTOMERS WITH A SMILE

Stalin backs Chidambaram, accuses BJP Govt of pursuing vendetta politics

PTI ■ CHENNAI

DMK chief MK Stalin on Wednesday backed Congress leader P Chidambaram, facing action in a money laundering case related to INX Media, and accused the BJP-led central Government of pursuing vendetta politics.

"As regards this issue, I have clearly learnt that these (actions) are happening due to political vendetta," Stalin, whose party has an alliance with Congress in Tamil Nadu, told reporters at the DMK headquarters 'Anna Arivalayam' here.

Responding to queries, the DMK leader said, "Chidambaram is a legal expert. He will for sure face the case legally."

As many as 14 parties will take part in a protest in Delhi to be held by DMK on Thursday, seeking the release of leaders under detention in Kashmir, he said.

The Congress has defended Chidambaram, with Rahul Gandhi accusing the Government of using probe agencies and the media to "character assassinate" the former Finance Minister.

Chandrayaan-2 enters second lunar orbit

PTI ■ BENGALURU

ISRO on Wednesday said it has performed the second lunar-bound orbit maneuver for Chandrayaan-2 spacecraft that is currently in the lunar orbit for its rendezvous with the Moon. All spacecraft parameters are normal, the Bengaluru headquartered space agency said after the maneuver. "Second Lunar bound orbit maneuver for Chandrayaan-2 spacecraft was performed successfully today (August 21, 2019) beginning at 1250 hrs IST as planned, using the onboard propulsion system. The duration of the maneuver was 1228 seconds. The orbit achieved is 118 km x 4412 km," ISRO said. The next Lunar bound orbit maneuver is scheduled on August 28, 2019 between 0530-0630 hrs IST. In a major milestone for India's second Moon mission, the Chandrayaan-2 spacecraft successfully entered the lunar orbit on Tuesday by performing Lunar Orbit Insertion (LOI) maneuver. There will be three more orbit manoeuvres to make the spacecraft enter into its final orbit passing over the lunar poles at a distance of about 100 km from the Moon's surface.

ISRO has said subsequently the lander will separate from the Orbiter (on September 2) and enter into a 100 km X30 km orbit around the Moon. Then it will perform a series of complex braking maneuvers to soft land in the South polar region of the Moon on September 7, 2019. ISRO Chairman K Sivan has said the proposed soft-landing on the Moon is going to be a "terrifying" moment as it is something ISRO has not done before, where as LOI maneuver was successfully carried out during the Chandrayaan-1 mission. The health of the spacecraft is being continuously monitored from the Mission Operations Complex (MOX) at ISRO Telemetry, Tracking and Command Network (ISTRAC) in Bengaluru with support from Indian Deep Space Network (IDSN) antennas at Bylalu, near Bengaluru, the space agency has said. India's Geosynchronous Satellite Launch Vehicle, GSLV MkIII-M1 had successfully launched the 3,840-kg Chandrayaan-2 spacecraft into the earth's orbit on July 22. Following the landing, the rover 'Pragyan' will rollout from lander 'Vikram' and carry out experiments on the lunar surface

for a period of one lunar day, which is equal to 14 earth days. The mission life of the lander is also one lunar day, while the orbiter will continue its mission for a year. The orbiter carries eight scientific payloads for mapping the lunar surface and study the exosphere (outer atmosphere) of the Moon, its South Polar region. While the lander carries three scientific payloads to conduct surface and subsurface science experiments. The rover carries two payloads to enhance the understanding of the lunar surface. India's second lunar expedition — would shed light on a completely unexplored section of the Moon, its South Polar region. According to ISRO, the mission objective of Chandrayaan-2 is to develop and demonstrate the key technologies for end-to-end lunar mission capability, including soft-landing and roving on the lunar surface. On the science front, this mission aims to further expand the knowledge about the moon through a detailed study of its topography, mineralogy, surface chemical composition, thermo-physical characteristics and atmosphere, leading to a better understanding of the origin and evolution of the moon, the space agency has said.

Yogi brings in 23 new Ministers, many 1st timers

SIANS ■ LUCKNOW

In what can be termed as a near-total revamp of the Yogi Adityanath Government, 23 new Ministers were sworn in on Wednesday at the Raj Bhawan by Governor Anandiben Patel. The newly inducted ministers include six Cabinet Ministers, six Ministers of State with Independent charge and 11 Ministers of State. The most significant aspect of Wednesday's reshuffle is that majority of the newly inducted ministers are first timers with almost no administrative experience. Yogi Adityanath will face an uphill task in making these ministers perform. Four Ministers of State, who held Independent charge,

Uttar Pradesh Governor Anandiben Patel and Chief Minister Yogi Adityanath with newly inducted Ministers at Raj Bhawan in Lucknow on Wednesday. PTI

have been promoted as Cabinet Ministers. The Cabinet Ministers, who were sworn in are Mahendra Singh, Bhupendra Chaudhary, Anil Rajbhar, Suresh Rana, Kamal Rani and Ram Naresh Agnihotri. Except for Kamal Rani and Ram Naresh Agnihotri, the remain-

ing four have been elevated. Those sworn in as Ministers of State with Independent charge are Kapil Dev, Ashok Kataria, Neelkanth Tiwari, Ravindra Jaiswal, Shri Ram Chauhan and Satish Dwiwedi — the latter had defeated former Speaker M. Prasad Pandey in 2017. Neelkanth Tiwari, who has been given Independent charge, and Ravindra Jaiswal both belong to Varanasi, which is Prime Minister Narendra Modi's parliamentary constituency. The 11 Ministers of State are Anil Sharma, Mahesh Gupta, Anand Swarup Shukla, Vijay Kashyap, Giriraj Singh Dharmesh, Lakhn Singh Rajput, Nilima Katiyar, Chaudhary Udaybhan Singh, Chandrika Prasad Upadhyaya, Rama Shankar Singh Patel and Ajit Singh Pal. Of the 23 new ministers inducted — six are Brahmmins, four Thakurs, three Vaishyas and 10 Dalits. Western Uttar Pradesh has been given a sizeable representation in the council of ministers. A surprise development was that names of Pankaj Singh, son of Defence Minister Rajnath Singh, Vijay Bahadur Pathak, party General Secretary and Ashish Patel (Apna Dal) were dropped at the last minute. The dropping of Ministers including Chetan Chauhan, Swati Singh and Mukut Bihari Varma was also deferred, following a late night meeting between the Chief Minister, party State President Swatantra Dev Singh and Sangh leaders.

BSY reaches out to sulking MLAs as discontent continues to brew over Cabinet expansion

PTI ■ BENGALURU

As the expansion of the Karnataka Cabinet with the induction of 17 Ministers, discontent among those who failed to secure Ministerial berths refused to die down on Wednesday, even as Chief Minister BS Yediyurappa made attempts to douse the embers. As the expansion brought an end to the nearly month long wait for the Cabinet to take shape, it led to some heartburn in a section of the party as several MLAs continued to make no secret of their displeasure after missing the bus. Yediyurappa has sought to reach out to the sulking MLAs, specifically eight-time Hukkeri MLA Umesh Katti, whom several legislators who could not make it to the Ministry reportedly met. "For one hour yesterday I have spoken to him (Katti) in the presence of Basavaraj Bommai (Minister). Naturally he is pained at not getting an opportunity. I will try to find a remedy," Yediyurappa told reporters in

Tumakuru.

On discontent expressed by Honnali MLA MP Renukacharya about a former legislator Laxman Savadi, who is neither a member of the Assembly nor the Council, being made the Minister, sidelining several sitting MLAs, he said "I will call Renukacharya and friends and talk to them." On his part Katti said he is not discontented and no other disgruntled legislators were with him. He told reporters that he met Yediyurappa and that he cannot reveal internal matters of the party to the media.

Arsalan story twist: Elder brother was driving, arrested

SIANS ■ KOLKATA

In a stunning u-turn, Kolkata Police on Wednesday arrested Raghiv Parwez, elder brother of the original prime accused Arsalan Parwez, for allegedly being at the wheel of the Jaguar that was involved in a gruesome accident here last week that killed two Bangladeshis citizens and left three others injured. Raghiv's maternal uncle has also been arrested for helping him abscond. In a hurriedly convened media meet, the city police claimed that 21-year-old Arsalan Parwez, scion of the family that owns the city's famous eponymous restaurant chain, wasn't driving the car, but it was his elder brother who was at the wheel at the time of the accident. Arsalan Parwez allegedly tried to mislead the police to save his brother by claiming that he was driving. Police recovered the event data recorder (EDR) of the Jaguar Land Rover car that was being driven at a speed between 100-120 km per hour. After thorough examination done by the Homicide Department, as well as the forensic and cyber teams, the sensational case took a sharp turn. "After checking the control panel of the high-end vehicle, the experts found that the infotainment data revealed that a person named Raghiv Parwez had interacted with the vehicle prior to the accident. "After thorough investigation, it was confirmed that Raghiv, Arsalan's elder brother, was driving the car. He has been arrested on Wednesday noon near Beniapur, Murlidhar Sharma, joint commissioner of police (crime) told reporters.

3 IAF personnel killed as truck falls into Barmer gorge

Mangled remains of an Air Force truck that fell into a gorge in Barmer district of Rajasthan on Wednesday. PTI

Three IAF personnel were killed and three severely injured on Wednesday when the truck carrying them fell into a gorge in Barmer district of Rajasthan, police said. "The Indian Air Force has a camp at the hill top (a height of 100 feet) as well as at the base in Chouhatan. This truck was coming down from the camp with six IAF personnel seated inside when it fell into the gorge. Three people have lost their lives, while three are severely injured and have been shifted to a hospital in Barmer," said Ajeet Singh, Deputy Superintendent of Police. "We are investigating if it was due to brake failure or something else," Singh added.

The Executive Engineer, NH Division, Kumarghat, PWD (NH), Unakoti Tripura invites e-tender against press NIT No 1/EE/NH-DIV/PWD(NH)/KGT/2019-20 Dt. 05.08.2019.

For

1. Name of work:- Strengthening and improvement of riding quality of road from Ambassa to Kachucherra Bazar (Job No.CRF /TR /2018-19/031) (3rd Call).

Estimated cost : Rs. 7,28,40,203/-
Earnest Money : Rs. 7,28,402/-

Mukul Roy aide held in bribery case

SAUGAR SENGUPTA ■ KOLKATA

Police on Wednesday arrested close aide of senior BJP leader Mukul Roy for taking bribe. Baban Ghosh, a former TMC Mazdoor Sangh president, was arrested from his south Kolkata residence for conniving lakhs of rupees from the complainant Santu Mandal in the name of getting him a place in the Railway Board, sources said. Police acting on an FIR lodged in 2015 by one Santu Mandal alleging Ghosh had extracted about Rs 70 lakh in tranches arrested Ghosh who enjoys considerable influence in the Tollygunge film city and had recently played an important role in getting a galaxy of Bangla cine personalities to join the saffron outfit. The BJP promptly refuted charges saying it was all being done at the behest of the ruling TMC to malign the party and victimise people who were joining the party. The complainant is known to have also named Roy and another person in the FIR lodged at Sarsuna Police Station in south-west Kolkata. According to Mandal, the accused had lured him into giving lakhs of rupees with a promise of making him a Railway Board member. "I met Baban Ghosh at Nizam Palace in Kolkata where I was told I will be made Railway Board member. Accordingly I was taken to Delhi several times," Mandal said, adding he even visited Parliament and Railway Ministry where I was introduced to some people." Among them was a "stated personal assistant of then Railway Minister Suresh Prabhu," he said. "I was told there that I will have to spend some money in order to become a Board member. To win my trust I was also given some papers. Believing in them I paid them several lakh of rupees some even through cheque."

Kerala women to drive Govt vehicles

PTI ■ THIRUVANANTHAPURAM

One are the days when the post of a driver in Kerala State Government departments and State owned public sector undertakings could be filled only by a male. The State Cabinet, on Wednesday, decided to open this post for women also. After the weekly cabinet meeting held here, the office of Chief Minister Pinarayi Vijayan intimated that it's no longer a male domain.

Appeal for Identification

General Public is hereby informed that a male dead body Name: Unknown, S/o Unknown, R/o: Unknown, Age: 16 years, Height: 5'0", Complexion: Shallow, Gender : Male, Wearing: Black Pant & White Checkdhar Shirt was found Dead at footpath near MCD Office, Civil Line, Delhi, on 12.08.2019. In this regard, DD No. 09-A dated 12.08.2019 has been lodged at PS Civil Lines, Delhi.

Sincere efforts have been made by local police to trace out information about this male but no clue has come to light so far. Any, person having any information or clue about this male may kindly inform to the following.

All payment transactions shall be done through the online payment gateway (No.S438/e-Auction/2019-20 Dated -20/08/2019).
 Deputy Chief Material Manager (Sales)

PROJECT MANAGER

Chidambaram in a spot

Politically motivated or not, the ex-FM must cooperate. Otherwise the Congress can go down a slippery slope

In the end, Palaniappan Chidambaram, the former Home and Finance Minister of India and one who artfully played power games to his benefit so long, should have surrendered with grace to the investigative agencies on the INX media case. For politics is never about right or wrong but smart positioning in a set context. He could have made a virtue of the rather incriminating accusations against him by willfully surrendering under the law, flagged his honour, howsoever fake, instead of hiding out for hours after a lookout notice was issued

against him. Which is why his drive to the AICC headquarters, claiming he was being framed, that the investigative agencies had not filed a chargesheet and that he was the victim of a political witch-hunt, didn't wash with anybody. The drama was not quite stage-managed to suit the image he had carefully cultivated over the years. Earlier in the day, every senior advocate in Delhi was either trying to figure out the whereabouts of or appearing for or against him in the Supreme Court. For a man regularly used to being feted in the media, a source of salacious gossip, himself a senior advocate and one of the cogs of the Lutyens' Delhi machine, he simply winced at a moment of crisis. His role in several scams and scandals has long been suspected and many of them reported diligently in this newspaper for years. His intervention in deals, the extent of its propriety and the legality or illegality of his actions, however is something for the courts to decide. That said, his battery of lawyers — all of whom are his senior colleagues in the Congress — has always managed to ensure that Chidambaram remained on bail for years, free from prosecution. This frustrated the attempts of the Enforcement Directorate (ED) and the Central Bureau of Investigation (CBI) to question him and his son, Karti Chidambaram, who, too, is accused in several cases alongside him. But this sudden rash of actions against Chidambaram now, as the carefully cultivated Congress ecosystem collapses in the capital after a successive election loss, seems to have caught him and his friends off guard, thus making the man nothing more than a common fugitive who feared arrest.

Chidambaram's refusal to surrender on very tenuous grounds actually strengthens the case against him. The man, who accused the Narendra Modi Government of letting economic offenders like Vijay Mallya and Nirav Modi escape, has been doing the same thing. While the Congress has closed ranks and accused the Government of vindictiveness, this argument has been shot down by the Delhi High Court and the Supreme Court as well. And herein lies the rub for the Congress — Chidambaram, while a colossus in his own constituency of Sivaganga in Tamil Nadu, now held by his son, has never been a popular leader. While he was feted by a pliant media, particularly the business Press while he was the Finance Minister, rumours of his escapades, some of which would make Mallya blush, have been damaging to him in the long-run. By not surrendering, Chidambaram looked no better than any other on the wanted list. And if the Congress encourages this, the entire party could be badly damaged at a time where it is extremely weak and ruin any argument against the horrendous handling of the current economic situation by the government. Cases against Chidambaram are not all watertight. He can still be acquitted. It is also true that political winds could one day blow in his favour again. However, for any potential recovery, he had to craft his response to look like a victim yesterday. In fact, if he wants to play up the "political vendetta" theory, he should posit himself as the recipient of a hitback. During Chidambaram's tenure as the Home Minister in 2010, the CBI had arrested Amit Shah in a fake encounter case. When he applied for bail, the CBI opposed the move in the Gujarat High Court arguing that Shah might use his political influence to tamper with the evidence or threaten witnesses. Today, Shah is the Home Minister. Clearly, there is a full circle of an eye-for-an-eye by either side. While we do not see Chidambaram jumping off a dam like Harrison Ford did trying to escape from the law in order to clear his name, the current prognosis is grim.

Delhi roads unsafe

A report reveals how one person dies in an accident every five hours because of rampant behaviour

As a signatory to the Brasilia declaration on road safety, India intends to reduce accidents and traffic fatalities by 50 per cent in the next three years. So when a most damning report on the state of Delhi roads was released by the traffic police, revealing that one person died in a road accident every five hours on an average in 2018, it raised a million eyebrows. Not only that, fatalities rose to a five-year high and remained the highest for any city in the country, the report added. Breaking down the bone-chilling statistics, the report

concluded that nearly half of these crashes, 46 per cent to be precise, were hit and run cases where the vehicle could not be identified. Of the 1,690 deaths, one-third were caused by speeding and 7-10 per cent due to dangerous driving, usually reckless lane-changing and stunts. In other words, driving behaviour and the Delhiite's gross indiscipline were diagnosed as reasons for the nightmarish state of affairs and something which no existing policy or penalty has clearly been able to rein in. The report also highlighted the role played by defective road designs, pathetic street lighting (33 per cent) and callously unguarded civic works (40 per cent) in causing accidents. Shockingly, 20 per cent of road deaths were attributed to bumpy roads and potholes, a severe indictment of the city's planners and the Public Works Department.

While the Delhi government and civic bodies need to hang their heads in shame, the fact remains that the situation in the rest of the country is not much different. As per data given by the government in reply to a question in the Lok Sabha recently, almost 1.5 lakh people lost their lives in road accidents in 2017. This means every hour 17 people died on Indian roads due to an accident. The number of fatalities is one third the number of accidents, which amounts to 53 road accidents every hour. Uttar Pradesh is the worst affected state with 20,124 people losing their lives, followed by Tamil Nadu with 16,157 fatalities. Such alarming figures prompted the Union Ministry of Road, Transport and Highways to announce that 63 clauses of the Motor Vehicle Act, which include stiffer penalties for traffic violations, drunken driving and over speeding, will be implemented from September 1 after due vetting by the Law ministry. Pointing out that road engineering was primarily responsible for road accidents in the country, the ministry said that a ₹14,000 crore project had been prepared by the government to identify accident black spots and plug gaps in highways to reduce casualties. Assuming the Delhi Government and the Union government collectively provide safe, better designed and world-class roads in the national Capital, would the errant driver mend his ways or roadroll every civil corrective?

A haunting silence

It is the telling silence of nations in the immediate east of Pakistan that has given Islamabad a resounding wake-up call to go beyond change in nomenclatures

BHOPINDER SINGH

International diplomacy and issues are expressed in semantics and subtle wordsmithing that require to be carefully deconstructed and deciphered for its real intent. In any dispute, contrarian positions are publically posited by competing parties and a virtual race for endorsement of either of the competing narratives ensues. The cue to reading the reaction to conflicting arguments lies in the deployment of certain keywords, expressions and tonality that is expressed by the receiving audience at the end of the conflicting pitches.

In the tense and hyphenated domain of India-Pakistan realm, the 'K' (Kashmir) word dominates above all. Herein, the operative library of preferred words from New Delhi's perspective has been "bilateral", "cross-border terrorism" and "internal affairs" among others; whereas, from Islamabad's perspective, it has been "international mediation", "plebiscite" and "UN resolution." Even the language syntax, emotions and phraseology in the war-of-words between India and Pakistan is decidedly more escalatory, shriller and beseeching when it emanates from Islamabad. Historically, irrespective of the merits in the topical India-Pakistan arguments, the audience would typically respond in favour or against either of the countries — on the basis of a certain predisposed equation and preference. It's only some unrelated country with negligible stakes which would occasionally partake an unbiased assessment of the arguments involved, as indeed, would some of the multilateral formations. Therefore, the inevitable play of certain "blocs" or realpolitik considerations resulted in a pre-decided tilt at least till now.

Post the recent revocation of the "special status" for Jammu and Kashmir as well as the planned bifurcation of the State into two "Union Territories", diplomats from both sides of the Line of Control have been expectedly scurrying across the global capitals to posit their respective sovereign positions. The lines and angularities of the arguments are standard with Pakistan aggressively goading other nations into either condemning the Indian action or seeking mediation. As usual, India has been posturing "bilateral" note, defending its actions as rote "internal matter", whilst cuttingly alluding to the recurring concerns of "cross-border terrorism." Barring this time, the Pakistanis are caught by surprise by the unfolding script not toying the usual "divide" that accompanied Islamabad's earlier pitches on Kashmir. Global reaction has not only tilted heavily in India's favour or at best elicited bored disinterest and homilies but has hit a new low of "telling silence" or "zero reaction" from the supposed allies of Pakistan.

Undeniably, Pakistan Prime Minister Imran Khan had inherited a country with its economy in shambles and a discredited sovereign perception as the "terror nursery" of the globe. With traditional allies like the US openly castigating Islamabad for its dupli-

ous role in the terror industry and multilateral bodies like the Financial Action Task Force (FATF) breathing down its neck to further "blacklist" it — Imran Khan had gone ahead with ostensible "course-correction", austerity-drive and personal charm-offensives to posture "Naya Pakistan" onto the global stage. Khan made quick dashes to China and to the Gulf sheikhdoms and made sure that he personally drove the visiting Princes from Saudi Arabia, Qatar and the UAE when they visited his country. As money started trickling in and the noose of corruption tightened against his political opponents, Khan felt even more confident of his own position, success and that of his country. He postured reconciliation (whilst still undertaking a Pulwama in parallel), yet his eye on the global map with a changed "Naya Pakistan" was clearly work-in-progress.

Serendipitously, Washington's U-turn in Afghanistan offered yet another opportunity to Islamabad to thaw its freeze with the US and leverage its imminent pivot in Kabul towards its strategic advantage. Suddenly, the move by the Indian Government to revoke Article 370 and 35A in Jammu and Kashmir put the worth of "Naya Pakistan" and its global efficacy to litmus test. Islamabad went into yet another round of

“
EVEN THE UAE HAS INVOKED THE BILATERAL CHORUS. AMID PAKISTANI CALLS FOR BANS, SUSPENSION OF DIPLOMATIC RELATIONS AND SOLIDARITY MOVES FOR OSTENSIBLE CONCERNS IN KASHMIR, SAUDI ARABIA ANNOUNCED MEGA DEALS WITH A MAJOR INDIAN CONGLOMERATE
”

competitive pitching *vis-à-vis* India, brandishing the "K" card.

Khan has been running from pillar-to-post and personally calling up the leaderships in the Gulf sheikhdoms, Iran, Indonesia and various other supposed "allies". He also sought an emergency meeting at the United Nations Security Council (UNSC). But so far, it has come a cropper. The US, the UN and the EU have instead suggested "maximum restraint" and embarrassingly so from Pakistan's perspective, "bilateral resolution and engagement".

Reportage in Pakistan is full of actions taken by the Government to escalate the issue with various Governments but there is a virtual silence, which is attributable directly to the leaderships in pitched countries. Even nations like the UAE have invoked the "bilateral" chorus. Amid Pakistani calls for bans, suspension of diplomatic relations and "solidarity moves" for ostensible concerns in Kashmir, Saudi Arabia announced mega deals with a major Indian conglomerate.

Barring China, which has come out with its loaded statements in favour of its "all-weather friend" Pakistan, it continues grappling with its own imploding destiny in Hong Kong. Basically, Pakistan remains stunningly isolated and ignored. Sabre-rattling by the Pakistani deep state (military) and its local political classes notwithstanding, the reality of a persisting trust deficit and perceptions of sovereign incorrigibility still abound the Pakistani narrative. The transactional equation with China is also premised on the strategic investments of China Pakistan Economic Corridor (CPEC), which necessitates that Islamabad remains reciprocally mum on the fate of Uighur repression in China.

The recent round of tensions between India and Pakistan has driven home the importance of political morality, economic relevance and stability as opposed to regressive pandering to co-religiosity in forums like OIC or charm offensives. These are clearly not bankable levers in times like this.

While China will continue to indulge Pakistan for its own strategic rationale, the Pakistani "model" is an inherent anathema to Chinese sensibilities. Even the US may pander to some Pakistani whims as it will seek to extricate itself from Afghanistan. However, it has been the telling silence of all the countries in the immediate east of Pakistan that has given a resounding wake-up call to Islamabad to go beyond change in nomenclature and its insincere concerns in Kashmir.

(The writer, a military veteran, is a former Lt Governor of Andaman & Nicobar Islands and Puducherry)

SOUNDBITE

Modi Government is using the ED, CBI and sections of a spineless media to character-assassinate Chidambaram. I strongly condemn this disgraceful misuse of power.

Congress leader —Rahul Gandhi

Making music is a creative process, which means you have to leave it to creative people to come up with a good tune. This power must not be stripped away from them.

Music producer —Nucleya

Kashmir is a very complicated place. You have Hindus and you have the Muslims and I wouldn't say they get along so great. I will do the best I can to mediate.

US President —Donald Trump

If you work actively to destroy social harmony and inject venom into society as the BJP has done, there is no chance of any jobs being available.

CPI(M) general secretary —Sitaram Yechury

LETTERS TO THE EDITOR

A garb of concern

Sir — The Indian Medical Association (IMA) has rubbished a *Lancet* editorial ('Fear and uncertainty about Kashmir's future' published on August 17) where the journal expressed concerns about the mental health of Kashmiris, saying that it had no *locus standi* in the matter and that its interference was not welcome. It is unfortunate that the reputed medical journal *The Lancet* — founded by an English surgeon in 1823 — has committed breach of propriety in commenting on this political issue. This amounts to interference in an internal matter of the Union of India.

The vexed Kashmir issue is a legacy that the British Empire left behind. *The Lancet* has unnecessarily reacted to an internal administrative decision of the Government of India under the garb of concern of health of Kashmiris. Where was it when the Kashmiri Pandits were massacred and driven out of Kashmir? Or the Uighur Muslims, who are locked away in China's anonymous prisons? Did it study their mental health, too? At a time when there has been a fair

The evils of bad economics

This refers to the report, "Economic slowdown 'very worrisome', new set of reforms needed: Rajan" (August 19). On finding that the "adjusted" data on economic growth failed to camouflage the "worrisome" economic slowdown, the ruling dispensation shifted the narrative from outright denials to wholesome praise of the economy's resilience to meet the "cyclical" downswings. Did non-linear past events converge to construct the current crisis? Some years ago, when the story of Non-Performing Assets (NPAs) in the banks exploded, it was dismissed as an aberration. In reality, NPAs led to multi-headed problems for the banks.

On a cold night in November, demonetisation of high value currency was announced. Though it was laced skillfully with lofty goals, it strangled small businesses and petty shopkeepers besides blowing away whatever little cash the common man had. On another fateful night, the supposedly monumental Goods and Services Tax (GST) was hoisted on a weak platform, which in effect brought the goods and services to its knees instantly. The liquidity crisis in Non-Banking Financial Companies, now unfolding, sent the monetary situation into a tail-

spin. And the collapse of the IL&FS, Jet Airways, Amrapali Group and Jaiprakash Associates dealt body blows to the economy. While former Reserve Bank of India (RBI) Governor Raghuram Rajan and former Chief Economic Advisor Arvind Subramanian read the Riot Act to the Government repeatedly, it indulged in efforts to cloak the disturbing discords with new hymns on national integration. A new set of reforms remains a far cry.

Haridasan Rajan
 Kozhikode

Controversial preacher

Sir — Utterances of Zakir Naik, the firebrand Islamic preacher who fled India in 2016, are not surprising. Reportedly, he made offensive remarks about the loyalty of Malaysian Hindus, a

minority group. He was rightly gagged for his exertions. As a matter of fact, Malaysia did not invite him but he sought asylum over there, which was granted to him along with citizenship. He embarrassed the Government by calling the Chinese "old guests" and asked

them to return to their land. Naik is known for making inflammatory speeches and is also the most wanted man in India for several money laundering cases. While the Malaysian Government has currently banned him from making public speeches, it should take appropriate action against him. If charges against him are upheld, his permanent residency status could be revoked. This bodes well for India.

SC Panda
 Bhubaneswar

Music genius

Sir — The man behind some of Hindi cinema's most celebrated melodies is no more. Khayyam *sahib* was truly a musical magician. Unlike today's composers, who lack skill to fuse Hindustani classical music with Indian film music, Khayyam was an expert with a midas touch. Even today, the sweet melodies of Khayyam from films like *Kabhie Kabhie*, *Noorie* and *Bazaar* stir the soul of listeners.

Perils of supping with the devil

Even if the Doha talks result in a ceasefire and a pact leading to a Taliban takeover, it may not ensure a conflict-free Afghanistan

HIRANMAY KARLEKAR

Two important developments occurred last week which bode ill — if that is any longer possible — for Afghanistan and its people. The first was the conclusion of the eighth round of talks between the United States and the Taliban at Doha, capital of Qatar, on August 14. The second was the suicide bombing of a wedding in Kabul on August 17, which left 63 people dead and 182 wounded. There are indications that the talks are close to yielding a ceasefire and a peace agreement. According to a recent report by Shereena Qazi in *Al Jazeera*, a Taliban representative, who is a part of the organisation's negotiating team told the channel, "This round of talks has been very productive and we are near to an agreement that will be finalised and hopefully announced in the next coming weeks."

Further, Qazi's report quotes the United States Special Representative for Afghanistan, Zalmay Khalilzad, as saying in a Twitter post, "They (the talks) were productive. I am on my way back to (Washington) DC to consult on next steps." All this may have been regarded as a welcome indication that peace would be coming soon to war-devastated Afghanistan, but for the strong possibility that the outcome of the talks would mean defeat for the United States and a victory for the Taliban who would, sooner than later, take over Afghanistan.

There are three reasons for believing that it would be so. First, the US President Donald Trump's determination to withdraw from Afghanistan at all cost suggests that he may agree to a peace settlement that is tantamount to selling the present democratically-elected government in Kabul down the river. That this is likely to happen is suggested by the fact that his administration has abandoned the resolutely-held US position that the talks would have to include representatives of that government. On the other hand, the Taliban, who have steadfastly refused to have talks with the Kabul government on the ground that it was a "puppet regime," have had their way. Third, the US continues the Doha talks notwithstanding the fact that the Taliban continue to launch vicious ground attacks and terror strikes.

The Trump administration's holding of talks with the Taliban without the Kabul government's participation has further eroded the latter's already diminished authority caused by the Taliban's sustained large-scale offensives from their bases in Pakistan, with the full support of the Islamabad government. According to a report by the Special Inspector General for Afghanistan Reconstruction (SIGAR), as of January 31, 2018, 229 districts were under the Afghan government's control, which is about 56.3 per cent of the total. Fifty-nine districts, approximately 14.5 per cent of all, were under the Taliban's control. The remaining 119 districts, about 29.2 per cent, remained contested — controlled by neither the Afghan government nor the rebels. Even if the Afghan government is still able to maintain its grip over 229 districts, it is to a large extent because of the security umbrella provided by the presence of 14,000 American and 17,000 troops from 39 countries which are the US' NATO allies.

Understandably, the Taliban want these troops out even though they are in a non-combative role. According to Qazi's report, the Taliban representative it had cited had further stated, "The main part of the discussion is the withdrawal timeline and the technicalities of it." The Taliban, according to another report, have made it known that they will make no commitments unless a timeline for troops withdrawal within months is announced. Of course, there still are hurdles in the way. The Taliban are not a monolith. Its military leaders may push for a delay to secure a more favorable situation on the ground. Its more fanatical factions, divided by leadership rivalries and professions of varying degrees of fanaticism, may not want any deal at all unless it is on terms that enable them to re-impose on Afghanistan the fundamentalist Islamist nightmare that had characterized their earlier incarnation in power, which had ended with their military defeat in 2001. Also, the Afghan government may not agree to the settlement on offer.

Besides, even a ceasefire and a peace agreement leading to a Taliban take-over may not ensure a conflict-free Afghanistan. Some of the more fanatical Taliban groups may continue fighting to restore the pre-2001 order which reduced women to domestic slavery and banished all forms of entertainment. Also, the Islamic State has established a growing presence and mounted a number of attacks including that on the Kabul wedding on August 17. Its bitter rivalry with the Taliban is well-known and it is unlikely to leave a government led by the latter in peace.

Far from becoming a land of peace, Afghanistan may, post a "peace settlement," turn into battleground of contesting Islamic fundamentalist groups each with its own sphere of influence. Given their intense hatred for the US, some of these areas may well turn into launching pads for strikes against it. While they may not be able to strike mainland America, they may target Americans and their interests worldwide. In that case, a peace agreement signed by the Trump administration in haste may turn out to be a cause for profound regret later.

POINT COUNTERPOINT

CHIDAMBARAM IS A LEGAL EXPERT. HE WILL FOR SURE FACE THE CASE LEGALLY. THESE (ACTIONS) ARE HAPPENING DUE TO POLITICAL VENDETTA. —DMK CHIEF MK STALIN

THE BJP HAS NO INVOLVEMENT IN THE MATTER. ACTION WILL BE TAKEN AGAINST THOSE WHO INDULGE IN CORRUPTION. —UNION MINISTER KIREN RIJJU

Upping deterrence ante?

Defence Minister Rajnath Singh's statement on revising India's No First Use nuclear policy in the future is open to interpretation

VIVEK MISHRA

The Indian Defence Minister's recent statement, anticipating a possible change in India's nuclear policy in the future, is open to interpretation, and what it means for its nuclear doctrine in coming times is contingent on how the contours of India's conventional escalation with its neighbour Pakistan shapes up.

The statement by Rajnath Singh signals a facile if not deep thought within the Narendra Modi Government for some time now on the need to revise India's No First Use (NFU) policy, especially when seen as a corollary to the former Defence Minister, the late Manohar Parrikar's statement in 2016 about being open to revision of India's NFU policy.

Rajnath Singh's recent statement on NFU seems only a step forward, as unlike previously, it does not come with "personal opinion" caveat.

India first adopted a NFU policy after its second nuclear tests at Pokhran in 1998. Soon after, in August 1999, the Indian government released a draft of the doctrine which asserts that nuclear weapons were solely for deterrence and that India would as a nation pursue a policy of "retaliation only."

The document also maintains that India "will not be the first to initiate a nuclear first strike, but will respond with punitive retaliation should deterrence fail" and that decisions to authorise the use of nuclear weapons would be made by the Prime Minister or his 'designated successor(s)'.
 That the Defence Minister's NFU comment came in Pokhran, the site of the 1998 nuclear tests, gives wings to speculation. It also comes days within the Modi Government's decision to change the status of Jammu and Kashmir, but most noticeably, amidst an ongoing diplomatic and cross-border escalation with Pakistan.

If this is any indication, it shows that the rungs of conventional escalation between India and Pakistan may be reaching the fog end, and the Indian government wants to come out of the retaliation-counter-retaliation cycle with a conventionally inferior power, which is on a quest to gain conventional parity with India. Pakistan's constant threat of battlefield nuclear weapons further complicates India's conventional superiority gap assessment vis-à-vis Pakistan, setting foundations of a strategically revisionist thought process within India.
 Chances of nuclear policy revision seem more plausible in the light of the Bharatiya Janata Party's (BJP) historical assessments about making India a credible nuclear power through a directly proportional relationship between the country's political will to revise its nuclear policy and deterrence-based posturing.

The Vajpayee Government's decision to conduct the 1998 nuclear tests and project India as a credible nuclear power is a case in point. The Pokhran link to Rajnath Singh's comments further underpins this government's conviction about the aforementioned proportionality.

The Defence Minister's assertion has

“ IF BALAKOT LOWERED THE THRESHOLD FOR INDIA'S CONVENTIONAL RESPONSE TO PAKISTAN AND ALTERED THE NATURE OF RESPONSE, A DOCTRINAL SHIFT FROM NFU TO FU MIGHT GO A LONG WAY IN USHERING AN ALTERED DETERRENCE-INDUCED BEHAVIOUR IN PAKISTAN, HOPEFULLY LEADING TO A BETTER FUTURE FOR BILATERAL TIES BETWEEN INDIA AND PAKISTAN ”

reignited the debate on the need for India's nuclear policy revision but whether it means that India is ready for a change in its NFU policy and will move to a First Use (FU) strategy is debatable.

Currently, there are various technological and financial constraints for New Delhi in erecting an effective first strike capability against Pakistan or China. A credible FU nuclear strike capability, before anything, would require significant investments in Command, Control, Communications, Computer, Intelligence, Surveillance, and Reconnaissance (C4ISR) and Target Acquisition (TA) capabilities. The essence of FU strike capability is pre-emption and accuracy, and would require an unfailing intelligence and shorter time-gap in the readiness sequence: passing of intelligence, civil-military decision-making, mating weapons with warheads, leading to final pre-empting strike on the enemy.

India's first strike aspirations also face structural constraints, particularly apropos the decision-making paradigm that exists as of now. The civil-military gap in India's strategic forces decision-making is deliberately made to create a non-provocative yet punitive reassuring second strike stance towards the enemy and, most importantly, to avert any rash decision leading to catastrophe. Such a doctrinal posture makes a lot of sense when viewed in the light of India's non-alignment past, but is increasingly losing currency in the eyes of a revisionist government and a rallying nation.
 India's current civil-military gap is

ideal for a country with a NFU policy. It's a purposeful decoupling to mandate civilian supremacy in strategic decision-making and create checks and balances. In direct contrast to this, the FU force structure would possibly require an ever-vigilant and ready strategic posture with quick and decisive calls for action when needed, which in turn would need a smaller gap between the civilian go-ahead and the military's final call, leading to the targeting and firing of the weapons with nuclear warheads.

New Delhi's lessening of the civil-military gap can be seen in the context of the government's recent decision to appoint a Chief of Defence Staff (CDS), a five-star General with possibly a Cabinet rank whose role would supersede the three armed forces chiefs.
 The centralization of power through the office of the CDS will not only consolidate general decision-making in one office, but is likely to reduce intra-forces rivalry on issues of budget and government favourability between the three wings of the armed forces.

In the strategic context and in relation to the country's nuclear force posture, the office of the CDS is likely to be more in tune with its FU strategy than it will be with its current NFU strategy. As such, the Defence Minister's statement hinting at a possible revision of India's nuclear strategy could also be seen in the context of India's decision to appoint a CDS.

While it is unlikely that India will go for a doctrinal alteration anytime soon, it could serve as an extremely potent plank to fight the next general elections in 2024. Given the kind of

investments needed for readying a FU force structure, a revision anytime soon will be difficult.

However, to the extent that deterrence behavior in nuclear states is as much psychologically induced as it is from concrete, stated and factored capabilities, the Defence Minister's statement has caused visible concerns in Pakistan.

Locating India's overall NFU strategy, its force posture towards hostile neighbours, the number of warheads and the escalatory potential in a comparative context, paints a picture of a benign nuclear giant.

Doing away with NFU will repaint this picture, besides possibly affecting stability in the region.

That is a price this government is considering to pay in the light of New Delhi's increasing fatigue with a rapidly lessening conventional gap with Pakistan, especially with Pakistan's increasing tendency to factor Tactical Nuclear Weapons (TNW) within conventional escalation spectrum, and with the solidifying China-Pakistan axis.

If Balakot lowered the threshold for India's conventional response to Pakistan and altered the nature of response, a doctrinal shift from NFU to FU might go a long way in ushering an altered deterrence-induced behaviour in Pakistan, hopefully leading to a better future for bilateral ties between India and Pakistan.

An overlooked solution to climate crisis

Grasslands are, perhaps, the most neglected ecosystem in the world. However, their ability to meet the climate change challenge must galvanise nations into putting them high on the conservation agenda. The Government must take note

KOTA SRIRAJ

Grasslands across the globe, especially in India, have played a silent but stellar role in reining in the process of climate change. But according to a study by Proceedings of the National Academy of Sciences (PNAS) journal, climate change, pollution and various environmental alterations across the globe are changing their identity. One of the key contributions made by grasslands is their inconspicuous role in containing carbon levels in the atmosphere. It is this storage capacity for carbon that makes grasslands effective warriors against climate change.
 Nearly, 30 per cent of the world's carbon is stored in these grasslands,

which makes them crucial in combating climate change. But their ecology is shifting due to human activities, says a new study.

The PNAS team conducted 105 experiments in different grasslands around the world. Each experiment focussed on particular global change factors like rising carbon dioxide, hotter temperatures and drought. Grasslands showed resilience to these factors in the first ten years of exposure, after that their species began to alter, the study said.

Half of the PNAS experiments, lasting ten years or more, showed a change in the number of species in grasslands. The study also found that their identity can change rapidly without a reduction in the number of plant species but due to the change in individual plants. Even though the grasslands are resilient towards global change for around ten years, they are vulnerable due to the fast pace of global change.

Increasingly, the scientific community across the world is forming the opinion that the role of grasslands needs to be acknowledged. They

should be protected from human intervention so as to arrest their degradation. They occupy more than 40 per cent of all the ice-free land in the world. These assets of nature have sustained humans for the past 300 million years — right from the time when the first homo sapiens appeared in Africa. They also provide food and shelter to various other species, including zebras and giraffes.

Closer home, grasslands happen to be the least understood habitat of nature. There is also a paucity of effective studies on their efficacy. Still, the fact that they play a pivotal

role in keeping a check on climate change cannot be ignored.

Grasslands in India share their existence with some trees, shrubs and herbs. They are found at various altitudes and in various geographical regions under different climatic conditions.

Thus, grasslands are also found in altitudes higher than 2,100 metres where the temperature is cold. Some are found at an altitude between 150 to 300 metres where the temperature is warm. Apart from the climatic conditions where the grasslands exist, there are other variants, mainly five major types.

Each of these has its own characteristic. The most widespread grassland in India are the Imperata type. Our country has no dearth of diversity of greens but there is certainly a shortage of robust policies to protect them against human exploitation. This usually happens when grasslands are misrepresented as barren lands and usurped by land sharks and land mafia.

In a country where standing trees in a forest are being felled to encroach land, grasslands naturally don't stand a chance. But matters such as these are of public knowledge. This is why it is even more puzzling that the National Green Tribunal (NGT) or even the Central Government has not come out with a forceful protection policy.

The apathy can be judged from the fact that semi-arid open areas are now being classified as wastelands, leaving them vulnerable to human intervention and encroachments. These so-called wastelands are, in fact, grasslands but neither are they given due recognition nor proper classification. The Government must

not shift the burden of land requirement to cater to a burgeoning population onto the grasslands by labelling them as wastelands. Unless we course-correct, we will lose many hectares of grasslands forever.

Additionally, the wildlife that is found on these grasslands needs to be recognised and categorised so that it get chances for survival. Currently, there is little or no study or data available for the rich flora and fauna available in India. The Government must also increase awareness and recognise the support of indigenous local people so that India can benefit from their efforts to conserve grasslands. In order to do this, we must take a cue from other nations where vast savannahs have been respected and conserved over centuries. The methods and systems followed by these countries are in public domain and available to be implemented in the Indian context. Grasslands are the life breath in the fight against climate change. They must be protected and conserved.

FOREIGN EYE

VENTING HATRED

The original fury of Gamergate was sparked by the emergence of games as a cultural form which could be used to convey more than the simple pleasures of blasting imaginary enemies — and was beginning to attract newly diverse audiences. This process continues. No one subculture — not even teenaged white boys — now owns games. This opening remains, a source of fury. But perhaps, five years on, it should also be viewed as a reason to hope. (The Guardian editorial)

₹ recovers 16 paise to close at 71.55 a dollar

PTI ■ NEW DELHI

The Indian rupee on Wednesday clawed back some lost ground to close at 71.55, up 16 paise against the US dollar in line with stronger emerging market currencies.

Starting off on a bullish note, the rupee surged to a high of 71.36 per dollar during the day before settling at 71.55, clocking a gain of 16 paise.

On Tuesday, the Indian unit had closed at a six-month low of 71.71 a dollar.

The recovery in the Indian unit was seen despite headwinds in form of economic uncertainties, FDI outflows and rise in global crude oil prices, according to forex traders. Besides, investors continued to fret over long-lasting US-China trade war.

Meanwhile, foreign investors pulled out Rs 770.81 crore from Indian equities on Wednesday, as per exchange data.

Continuing its rise, the global crude benchmark Brent Futures rose 1.6 per cent to trade at USD 60.99 per barrel on Wednesday.

Aiding in rupee recoup, the

dollar index — which gauges the greenback's strength against a basket of six currencies — fell 0.01 per cent to 98.18.

The 10-year Indian government bond yield was down at 6.57 per cent on Wednesday.

"Despite Brent crude price rising for last four consecutive sessions and higher dollar index levels, the rupee managed to recoup some of the losses registered in the previous two sessions," V K Sharma, Head PCG & Capital Markets Strategy, HDFC Securities, said.

Emerging market currencies advanced as investors assessed the latest remarks from the US on trade talks with China, he said adding that

India Inc reports lower revenue, profit growth in Q1: Report

PTI ■ MUMBAI

The ongoing economic slowdown has started hurting corporates as well, with companies reporting a sharp decline in both revenue and profit growth numbers in the June quarter, a report said on Wednesday.

India Inc's net sales growth for the June quarter slid to 4.6 per cent against 13.5 per cent for the same period last year, while the net profit growth moderated to 6.6 per cent as compared to last year's 24.6 per cent.

The findings are based on an analysis of 2,976 companies which have reported their quarterly numbers by domestic rating agency Care Ratings.

"The first quarter of the fiscal year 2019-20 has been marked by disappointing and weak corporate earnings indicative of the overall slowdown in various industries and the economy," it said.

In what can be termed as a silver lining, the broader economic woes do not seem to have had an impact on the organised sector jobs, as the employee expenses growth continued to be stable.

Employees compensation grew 10.6 per cent as compared to the year-ago period, the study showed.

It can be noted that GDP growth slid to a five-year low of 5.8 per cent for the March quarter and is widely expected to come lower for the June quarter. There have also been reports of jobless growth and a skewed nature of economic growth, where the "have-nots" are being left behind.

From the operating profit growth perspective, the Care Ratings study showed a slide down to 4.1 per cent in June quarter as against double digit growth last year.

However, the operating profit margin was stable at about 20 per cent level, it said.

Excluding banks and financial sector companies, a survey of 2,574 entities showed tax outgo declining by 19 per cent during June quarter, as against a robust 52.3 per cent growth in the year-ago period.

The profit after tax for these companies fell by 11.9 per cent during the same period, as against a growth of 52.9 per cent registered in the year-ago period.

It can be noted that a slew of business leaders, including doyens like L&T chairman A M Naik and Bajaj Auto's Rahul Bajaj have been flagging concerns on economic growth and its impact on the corporates as well.

BMW launches 7-generation 3-series

German carmakers new India chief, Rudratej Singh says the country is 'strategically important'

PNS ■ GURUGRAM

German carmaker BMW took the wraps off the seventh-generation of their popular 3-series sports sedan in India. The latest iteration of the global bestseller will be available in two diesel and one petrol option and will be priced between ₹41.4 lakhs to ₹47.9 lakhs. The vehicle will be assembled at the carmakers Chennai facilities and will be the third generation of the 3-series to be assembled in India.

Speaking to *The Pioneer* after the launch of the vehicle, Rudratej Singh, the newly-appointed Chief Executive Officer, BMW Group India said that the vehicle was a critical one for the carmaker, accounting for almost a third of annual sales, even for the outgoing model and just behind the X1 Sports-Utility Vehicle.

"India is a strategically important market for BMW. You can see that in the breadth of investments that we have made across the country from

the national sales company, the factory, the training centre and in financial services. We continue to believe in the India story, but it is important to understand that the India growth story will be uniquely Indian with dips and jumps, it will be an ambiguous growth curve and I feel 'Business

value, so when the tide turns we can get a lion's share of the market."

However, Singh reiterated that the core aspect of BMW's growth strategy was still building great products, "and this new 3-series is a prime example of that." Adding that dealer profitability will play a big

role going forward and how business models will have to change, "it should not be about trying to extract the maximum value from one service ticket but getting more service tickets. We have to grow from the 80,000 car base we have in India today and make it larger." However, he added that currently things for the Indian economy were volatile and uncertain and it might take a time for economic growth to pick up alongside a commensurate increase in sales.

NCLAT asks Jet lenders if they would cooperate with Dutch court administrator

PTI ■ NEW DELHI

The National Company Law Appellate Tribunal (NCLAT) on Wednesday asked lenders of Jet Airways whether they would cooperate with the Dutch court administrator who is also pursuing insolvency proceedings against the debt-ridden carrier. A three-member NCLAT bench headed by Chairman Justice S J Mukhopadhyay asked the Committee of Creditors (CoC) of Jet Airways to file an affidavit within a week in this regard.

The appellate tribunal has also asked the CoC to inform whether they are ready to pay fees and bear costs incurred by

the Dutch administrator.

Jet Airways is facing insolvency proceedings in the Netherlands as well, where it was declared bankrupt after failing to pay two European creditors. Subsequently, a bankruptcy administrator was appointed by the Dutch court.

The appellate tribunal's direction came while hearing a petition filed by the Dutch court administrator against the order of the Mumbai bench of the National Company Law Tribunal (NCLT), which had declared overseas bankruptcy proceedings null and void in the Jet Airways insolvency case.

Maruti launches new XL6 MPV

Country's largest carmaker expects sentiment to pick up in festive season

PNS ■ NEW DELHI

In the midst of the worst sales slump for passenger cars in decades, Maruti-Suzuki took the wraps off their new multi-person vehicle (MPV) the XL6.

The XL6 which is a variant of the popular Ertiga MPV will however be sold through the carmakers premium sales channel Nexa, and features several premium touches such as a second-row of individual captain seats and full-LED headlights in the front in keeping with Maruti's decision to stop production of small diesel engines, the Ertiga is available only in a petrol variant however has both manual and automatic transmission options. Prices

will range from ₹9.8 lakh to ₹11.46 lakh.

Addressing the media after the launch, Kenichi Ayukawa, Managing Director, Maruti Suzuki India Limited admitted that the current environment where car sales have been declining as much 20 per cent compared to figures from a

market to show signs of growth during the festive season as the monsoons have been fairly positive and because some of the uncertainty that surrounded the industry on issues such as the changeover to BS6 emission norms and other issues such as electrification should be cleared.

year ago, is worrying. Stock levels for Maruti dealers is also running 'slightly higher than usual' he admitted, despite plants running at lower than optimal capacity. However, he added that he expected the

That said Maruti executives privately admitted that they did not see sales reaching 2017 levels until 2021 at the earliest and said that the lack of credit is hurting dealers and customers alike.

Trump acknowledges China policies may mean US economic pain

AP ■ WASHINGTON

President Donald Trump acknowledged Tuesday his aggressive China trade policies may mean economic pain for Americans but insisted they're needed for more important long-term benefits. He contended he does not fear a recession but is nonetheless considering new tax cuts to promote growth.

Asked if his trade war with China could tip the country into recession, Trump brushed off the idea as "irrel-

evant" and said it was imperative to "take China on." "It's about time, whether it's good for our country or bad for our country short term," he said.

Paraphrasing a reporter's question, Trump said, "Your statement about, 'Oh, will we fall into a recession for two months?' OK? The fact is somebody had to take China on." The president indicated that he had no choice but to impose the tariffs that have been a drag on U.S. Manufacturers, financial markets and, by some measures, American consumers.

BEIJING APPEALS TO US TO 'MEET CHINA HALFWAY' ON TRADE

Beijing: Beijing appealed to Washington on Wednesday to "meet China halfway" and end a tariff war after President Donald Trump said Americans might need to endure economic pain to achieve longer-term benefits.

A foreign ministry spokesman, Geng Shuang, expressed hope Washington can "get along us" and restore "mutually beneficial" trade.

ZEDBLACK LAUNCHES MANTHAN ZAROORI HAI CAMPAIGN, ROPES IN SURESH OBEROI

PNS ■ NEW DELHI

Mysore Deep Perfumery House (MDPH) and Zedblack, launched "Manthan Zaroori Hai" campaign for Manthan Dhoop with Veteran Bollywood actor Suresh Oberoi as its brand new ambassador. The brand campaign urges every soul to awaken his or her consciousness through spiritual conversations. Today each and everyone is chasing or running behind a goal, be it the millennials with hunger for more or a 40 something common man who is wanting to give a better life to his family.

Govt looks to cut down imports of chemicals, make India mfg hub

New Delhi: The Government is planning to boost domestic production of chemicals and petrochemicals to cut down imports and make India a manufacturing hub for the sector, a top ministry official said on Wednesday.

Net imports of chemicals and petrochemicals touched a whopping Rs 1.21 lakh crore annually in 2018-19, the official added. Addressing an event organised by the Indian Chamber of Commerce (ICC), chemicals and petrochemicals secretary P Raghavendra Rao said.

Sensex tumbles 268 pts; Tata Motors tanks 9 pc

AGENCIES ■ MUMBAI/HONG KONG

Benchmark equity index Sensex slumped 268 points on Wednesday, dragged by losses in ITC, HDFC, L&T and ICICI Bank as investors remained wary of an economic slowdown.

After plunging 305 points, the 30-share Sensex settled 267.64 points, or 0.72 per cent, lower at 37,060.37. It hit an intra-day high of 37,406.55 and a low of 37,022.52.

The broader NSE Nifty too ended 98.30 points, or 0.89 per cent, down at 10,918.70. During the day, it swung between a high of 11,034.20 and a low of 10,906.65.

Tata Motors was the biggest laggard in the Sensex pack, plummeting 9.29 per cent, followed by Yes Bank at 8.21 per cent. Other losers included Tata Steel, ONGC, IndusInd Bank, SBI, L&T, ITC, Vedanta, HCL Tech, ICICI Bank and M&M, which declined up to 4.26 per cent.

Hero MotoCorp, Infosys, Tech Mahindra, HUL, Bajaj Auto, Maruti, NTPC and HDFC Bank bucked the weak market trend, rising up to 1.78 per cent.

Meanwhile, the Indian rupee appreciated 22 paise to

71.49 against the US dollar intra-day.

Brent crude futures, the global oil benchmark, spurted 1.28 per cent to USD 60.80 per barrel.

ASIAN MARKETS DROP AS TRADERS AWAIT POWELL SPEECH

Equities stuttered in Asia on Wednesday as investors took a step back after recent gains, with focus now turning to a key speech by Federal Reserve boss Jerome Powell at the end of the week.

Rising hopes for China-US trade talks have provided a much-needed lift to markets over the past two days but with few fresh catalysts, dealers are keeping their powder dry ahead of Friday's address.

After positive signals from Donald Trump and some of his top advisers on Monday over progress in the talks with Beijing, and an olive branch with the delay of a ban on Huawei purchases, there have been few developments for traders to buy on.

"Our trade-war headline-inspired relief rally appears to have run its course as I suspect there is still a lot of nervousness among US investors as the global economic realities are just too hard to ignore," said

Stephen Innes at Valour Markets.

Hong Kong added 0.2 per cent, Shanghai was barely moved and Tokyo ended down 0.3 per cent. Sydney fell almost one per cent, Singapore shed 0.3 per cent and Wellington was 0.9 per cent lower. Taipei finished flat and Seoul added 0.2 per cent.

In early trade, London rose 0.5 per cent, Paris added 0.8 per cent and Frankfurt was up 0.5 per cent.

The Fed releases minutes of its July meeting later on Wednesday which will provide an insight into its deliberations when cutting interest rates for the first time since the financial crisis.

But Powell's talk at the central bankers' gathering in Jackson Hole, Wyoming, is the key event and will be closely pored over for clues about the bank's plans for next month, with experts unable to agree on whether or not he will announce further cuts.

There has been increased speculation that central banks and governments will step in with stimulus support to head off a global downturn, but analysts warn they could be disappointed by what Powell has to say regarding Fed action.

Gold hits new high of ₹38,820; silver jumps ₹1,140

PTI ■ NEW DELHI

Gold prices on Wednesday appreciated ₹50 to hit a new high of ₹38,820 per 10 gram at the bullion market here on account of consistent buying support from jewellers, according to the All-India Sarafa Association. Silver also soared by ₹1,140 to ₹45,040 per kg on fresh offtake by industrial units and coin makers.

Traders attributed the gain in gold to increase in the domestic spot market demand. However, a weak trend in the international market restricted the gains, they said. Besides, the decline in equity markets also aided the rally in the precious metal as investors moved towards safe-haven assets such as gold, they added.

Gold prices traded weak with international spot gold prices but continue to hover around USD 1,500 an ounce.

In the national capital, gold of 99.9 per cent and 99.5 per cent purity rose ₹50 each to ₹38,820 and ₹38,650 per 10 gram, respectively. Sovereign gold advanced by ₹200 to ₹28,800 per eight grams. Silver surged ₹1,140 to ₹45,040 per kg, while weekly-based delivery gained ₹210 to ₹43,632 per kg. Silver coins were in good demand and traded higher by ₹2,000 to ₹91,000 for buying and ₹92,000 for selling of 100 coins.

India's GDP growth set to slow further in Apr-Jun qtr to 5.7 pc: Nomura

PTI ■ NEW DELHI

India's economic growth is set to slow further in the April-June quarter of this year to 5.7 per cent amid contraction in consumption, weak investments and an under-performing service sector, says a Nomura report.

According to the global financial services major, even though growth is set to slow further in Q2 (April-June) the economy is expected to see some recovery in the July-September quarter.

"High-frequency indicators continue to show familiar pain points — a deep contraction in consumption, weak investment, a slowing external sector and an under-performing services sector," Nomura said in a research note.

The report added that some indicators are showing early signs of bottoming out. Data so far for July show that 53 per cent of indicators have improved compared with 31 per cent in June, the report noted.

Nomura's Composite Leading Index (CLI) for Q3 (July-September) has ticked marginally higher to 99.9 from 99.8 in Q2, led by higher industrial production growth, an improvement in visitor arrivals growth, equity markets and lower policy rates.

"While the concurrent state of the economy remains quite concerning, nascent signs of green shoots and positive performance of leading indicators provide some signs that a recovery may be slowly materialising," the Nomura report said. India's economic growth

slowed to 6.8 per cent in 2018-19 — the slowest pace since 2014-15. There are ominous signs showing that slowdown may be deep. Consumer confidence is waning, foreign direct investment has plateaued and international trade and currency war is further aggravating the problem.

To take stock of the situation, Finance Minister Nirmala Sitharaman held several meetings with officials and industry leaders who have asked for stimulus measure to boost consumer demand and private investments.

Though there are increasing signs of the government taking stock of the slowdown, and possibly announcing some short-term measures to buoy business confidence, Nomura assesses limited fiscal space

for any substantive stimulus. "We currently expect GDP growth in Q2 to slow to 5.7 per cent YoY from 5.8 per cent in Q1, before improving to 6.4 per cent YoY in Q3 and 6.7 per cent in Q4," it said, adding that it was closely watching for signs of sustainability of the growth turnaround.

The Central Statistics Office will come out with the GDP figures for the first quarter (April-June) on August 30.

Meanwhile, the automobile sector is facing its worst crisis in two decades and reports suggest thousands of job losses in the auto and ancillary industry.

In the real estate sector, the number of unsold homes has increased, while fast-moving consumer goods companies have reported a decline in volume growth in the first quarter.

Nippon Life Insurance raises stake in RNAM to 54 pc

New Delhi (PTI): With the closure of open offer, Nippon Life Insurance stake in Reliance Nippon Life Asset Management (RNAM) has risen to 54 per cent. The open offer was part of the stake sale process. Nippon Life floated open offer to acquire nearly 22.49 per cent stake in RNAM for ₹3,179 crore under a deal with Reliance Capital which is exiting the mutual funds business. The mandatory open offer tendering period was from July 23 to August 5, sources said, adding that approximately 11 per cent shares were tendered in the open offer. Nippon Life paid ₹230 per share in the open offer.

P&G Q4 net up 36.45 pc

New Delhi (PTI): Procter & Gamble Hygiene and Health Care (P&G) on Wednesday reported a 36.45 per cent rise in net profit at ₹60.79 crore for the June quarter. The company had posted a net profit of ₹44.55 crore in the year-ago quarter. Total income in the quarter under review stood at ₹646.98 crore, up 21.73 per cent from ₹531.48 crore in the same quarter last year, P&G said in a regulatory filing. "In a challenging market environment, we delivered strong double-digit growth for the year and the fourth quarter... We will continue to focus on delivering balanced and sustained growth in a challenging and competitive macroeconomic environment," Procter & Gamble Hygiene and Health Care MD Madhusudan Gopalan said.

B'desh backs Modi Govt on Article 370

PTI ■ DHAKA

Bangladesh said on Tuesday that revoking the special status to Jammu and Kashmir is India's internal matter and maintaining regional peace and stability should be a priority for all countries.

Bangladesh' reaction on the issue came a day after External Affairs Minister S Jaishankar visited the country and held talks with the top leadership, including Prime Minister Sheikh Hasina.

"Bangladesh maintains that the abrogation of Article 370 by the Indian Government is an internal issue of India," the Ministry of Foreign Affairs said here in a statement.

"Bangladesh has always advocated, as a matter of principle, that maintaining regional peace and stability, as well as development should be a priority for all countries," it said.

Tensions between India and Pakistan spiked this month after New Delhi abrogated provisions of Article 370 of the Constitution to withdraw Jammu & Kashmir's special status and bifurcated it into two Union Territories.

New Delhi has made it clear to the US that Kashmir was a bilateral issue between India and Pakistan and there was no role for a third party.

No complete withdrawal from Afghanistan: Trump

PTI ■ WASHINGTON

President Donald Trump has indicated that the US forces will not completely withdraw from war-torn Afghanistan and America will have "somebody there" to make sure that Taliban does not regain control.

During the presidential election campaign in 2016, Trump had pledged to withdraw US troops from Afghanistan and end America's longest war.

The Trump administration has intensified its efforts to seek a negotiated settlement of America's longest war in Afghanistan where the US has lost over 2,400 soldiers since late 2001, when it invaded the country after the 9/11 terror attacks.

"We will always have intelligence, and we'll always have somebody there," Trump told reporters at his Oval Office on Tuesday.

He was responding to questions on the ongoing peace talks with the Taliban in Afghanistan. Trump said he would like to look at various alternatives.

"One of the alternatives is going on right now. We're talking about a plan -- I don't know whether or not the plan is going to be acceptable to me. Maybe it's not going to be acceptable to them. But we are talking. We have good talks going, and we'll see what happens. This is more than other Presidents have done," he said.

"We have brought it down. We are bringing some of our troops back. But we have to have a presence," Trump said, ruling out a complete withdrawal of troops from Afghanistan.

He was asked, "Could we be back to where we were pre-9/11 with the Taliban in complete and total control of Afghanistan?"

"Well, that's what we have to watch," Trump responded.

And if the Taliban were "really right" in what they're saying, they would stop that from happening, because they could stop that from happening very easily.

Trump said, right now, the US is negotiating with the Afghan government and with the Taliban.

"We will see what happens from it, what's coming from it," he said.

"The Taliban would like to stop fighting us... They've lost a lot. But we'll see what happens," he said.

Afghanistan, he said is a tough place. "The Soviet Union became Russia because of Afghanistan. That's what happened. Very simple. They became Russia because of Afghanistan."

US 'prepared to engage' with N Korea in nuclear talks: envoy

AFP ■ SEOUL

The United States is ready to resume long-awaited working-level nuclear talks, a US envoy said Wednesday. Nuclear discussions between Washington and Pyongyang have stalled since a second summit in Hanoi in February ended without an agreement over differences on the extent of denuclearisation and sanctions relief in return.

But anticipation for renewed dialogue has been on the rise after the US and its security ally South Korea wrapped up their two-week joint military drill on Tuesday. "We are prepared to engage as soon as we hear from our counterparts in North Korea," said Stephen Biegun, the US special representative for North Korea, after his meeting with South Korean counterpart Lee Do-hoon in Seoul.

The comments come amid speculation that Americans could meet with North Koreans at the demilitarised zone dividing the North and South to kick start working-level talks during Biegun's three-day stay in Seoul, which began Tuesday. The US envoy denied media reports he would soon take a diplomatic posting in Russia, saying he remained "focused on making progress" with North Koreans and "fully committed" to the goal of the denuclearisation in the North.

Pyongyang considers the joint military exercise by the allies a rehearsal for invasion and has routinely expressed anger at the war games. The drills are a "grave military provocation" and a "challenge to and mockery of our efforts for peace," the North's official Rodong Sinmun newspaper said Wednesday in a commentary.

'Howdy, Modi' event in Houston sold out, over 50K people register

PTI ■ HOUSTON

"Howdy, Modi!", the community event to be addressed by Prime Minister Narendra Modi here next month has been sold out with over 50,000 people registering for the programme, the organisers said.

"Howdy", is a friendly greeting commonly used in southwestern United States.

Over 50,000 supporters have already registered for the mega community summit in September at the NRG Stadium, the host Texas India Forum (TIF), a Houston-based non-profit body, said. The live audience will be the largest ever for an Indian Prime Minister in North America and also the largest for a foreign leader in the US other than Pope Francis.

Potential attendees can still register for the free event. However, new registrants will be on a waiting list. Registration for the university students is open until August 29th as part of a special allotment, they said.

Prime Minister Modi is scheduled to visit the US next month to attend the United Nations General Assembly on September 27, prior to which he will travel to Houston to meet the leading business, political and community leaders here in Houston, the fourth largest city with a population of over 130,000 Indian-Americans.

The summit, with the tagline of 'Shared Dreams, Bright Futures' will highlight the contributions of Indian-Americans to enrich the American life as well as the key role it has played in strengthening relations between the two nations.

"On behalf of the hundreds of thousands of Indian-Americans in Texas, and as co-chair of the Senate India Caucus, I welcome Prime Minister Modi to Houston," said US Senator John Cornyn.

Minister confirms Canada will not repatriate 'Jihadi Jack'

AFP ■ MONTREAL

Canada does not intend to repatriate the Muslim convert dubbed "Jihadi Jack," who is being held in northern Syria after joining the Islamic State group, Public Safety Minister Ralph Goodale has confirmed.

Jack Letts, 24, who was a dual UK-Canadian national, was captured by Kurdish forces in Syria in 2017 and is languishing in jail there.

Goodale's statement comes a day after Britain stripped Letts of his citizenship, placing his fate in Canada's hands.

"We have no obligation to facilitate his travel from his present circumstances, and we have no intention of facilitating that travel," Goodale said in an interview with the CBC on Tuesday.

Goodale had tweeted the same sentiment Monday before

officially confirming it in the televised interview.

"This individual and others have made the calculated decision to leave the comfortable confines of Canadian democracy, to travel halfway around the world to associate themselves with the most evil and violent terrorism in several generations," Goodale said.

"They need to assume the consequences for their responsibility."

In a recent interview with ITV News, Letts said he had thought that Canada would help him.

"I never grew up being accepted as a British person," he said, adding that losing his British citizenship was "not something I recognise."

Pak submits compliance report to FATF

PTI ■ ISLAMABAD

Pakistan has submitted compliance report on its 27-point action plan to the Financial Action Task Force (FATF), as three separate evaluations currently in progress will determine the country's possible exit from the grey list of the anti-money laundering watchdog by October, according to a media report.

The Asia-Pacific Group — the regional affiliate of the FATF — is currently conducting in Canberra (Australia) five-year mutual evaluation of Pakistan's progress on upgrading its systems in all areas of financial and insurance services and sectors, a senior government official told Dawn.

This round is not directly linked to Pakistan's performance on its commitments with the FATF on money laundering and terror-financing, but its assessment report can indirectly impact the country's position to move out of the grey list.

The assessments, repre-

sented from Pakistan by State Bank of Pakistan Governor Baqir Reza, will conclude on August 23, the daily said.

Pakistan has submitted its compliance report on 27-point action plan committed with the FATF to the APG, which is reviewing its compliance on about seven areas mostly relating to financial and insurance services and facilities as part of an ongoing five-year review cycle.

These areas cover safeguards against money laundering and terror financing by banned outfits and non-government entities through banking and non-banking jurisdictions, capital markets, corporate and non-corporate sectors like chartered accountancy, financial advisory services, cost and management accounting firm, jewellers and similar related services.

The official aid that the five-year review by the APG, which had been under way for nearly two years, would conclude on August 23. As part of this process, he added, the countries were given future targets in view of changing technologies, practices and latest techniques and scopes.

This will be followed by another round of mutual evaluations by the APG starting September 5 in Bangkok (Thailand) that would become a key basis of Pakistan's final review by the FATF at its plenary and working group meetings scheduled for October 13-18 in Paris. The Paris plenary will also take up a separate assessment by the US Treasury Department regarding Pakistan's compliance with global commitments against money laundering and terror financing.

'Every child should have the right start'

Actress **SONAM KAPOOR** has joined the Bollywood bandwagon spreading awareness on children's rights, as part of #WhyTheGap campaign promoted by Save The Children India.

The actress shared a photo of her school days and tweeted, "My school days were the happiest. I believe that education is the path to independence and freedom. We should all be asking #WhyTheGap and working towards #TheRightStart for every child."

She believes that every child should have the right start because true independence can be achieved through education.

'I know that all my films have not made wonders at the box office, but that has not stopped me from experimenting. Even if they don't work, I am glad about the roles I am offered. They are strong and well edged-out. As an actor, I am always looking for something different which is a new challenge and a great learning.'

—Shraddha Kapoor

Ordering food online or getting heavy discounts on meals during a dinner at some outlet has changed the definition of how we look at eating out today. And certainly, Zomato and the likes of it have a huge role to play here. However, even though this might have made ordering and deliveries easier and even increased the popularity of the outlets associated with such platforms, it never gave a clear picture of who actually raked in the profits and who stood at the other end.

Well, picture this. A person called X has started his own venture, conceptualising a tiny, cloud kitchen tucked in the corner of the city, which serves the food only through deliveries via various food apps online. He listed his outlet on Zomato and Swiggy. However, a few months later, the advent of a set of new rules by Zomato, which restricted the food preparation time for restaurants to 15 minutes, disappointed X. He and his team prepare the dishes from the scratch and cannot finish working on them in such a short span. Zomato, to keep up the delivery game, also instructed the restaurants that fines would be levied on them if they delay the acceptance of orders or miss the deadlines. This might have benefited the food delivery service app in increasing its popularity but X certainly believes that such apps cannot dictate what and how he should sell to his customers. Another factor that hurts him and many like him in the industry is the concept of deep-discounting by food aggregators that has made many restaurants realise that they are losing more than they're gaining. And it has started to hurt the margins.

Launching a logging out campaign against the dine-in schemes, around 1,200 restaurants in major cities have delisted themselves from food aggregator apps like Zomato Gold, Dineout, Magicpin, NearBuy, etc. The campaign is led by the National Restaurants Association of India (NRAI). President Rahul Singh recently said, "It's decided that all aggregators will rejig their features, which will allow the restaurant-customer ecosystem to detox from the addition of deep discounts that has crippled the industry." As per the data, Zomato has said that it would consider redesigning its Gold membership, which allows users to avail one or two dishes or drinks free at the associated restaurants. It will also put on hold its Zomato Infinity offer, which enables the 'Eat As Much As You Can' offer. Over the past six days, Zomato has lost one per cent of its restaurant partner base of its membership-based dining-out scheme service, Gold. Zomato founder and chief-executive Deepinder Goyal had tweeted against the campaign, urging restaurant owners to stop it and rather plan out sustainable options together. The tweet also added that the aggregator will make modifications to Zomato Gold, "which will result in a win-win situation for restaurants and consumers."

The online food delivery and dine-in aggregators, including Zomato, have now agreed to tone down and rationalise their offers and heavy discounts. Ankit

DISCOUNTS NOT A PRIVILEGE

As the #Logout campaign is making waves in the food industry, here is a take of restaurateurs, who believe that units are not in the best of shape and as a result, food aggregators are scavenging from them. The latter, too, are now meeting them half way. By CHAHAK MITTAL

Mehrotra, co-founder and CEO, Dineout, tells us that the follow-up decision had been taken after they had an "insightful" meeting with the NRAI and restaurant owners regarding the campaign. He says that NRAI has acknowledged their "restaurant-first approach," and points out that over the past eight years, "we have always believed in sustainable discounting. Each of our 18,000 restaurant partners across 17 cities are free to decide their own promotions depending upon the day of the week and the time of the day and we do not believe in enforcing a common discounting strategy."

He draws comparisons and says that Gourmet Passport acts as a discovery programme for their curated list of 1,700 restaurants, "which restricts the unlimited 1+1 offer to three free dishes every restaurant per year, whereas, other platforms offer 1+1 every day of the year." He says that however, they are currently in constant discussion with restaurant owners to create a "win-win" situation for all.

Zorawar Kalra, founder and managing director at Massive Restaurants, says, "In an industry with already razor-thin margins, the deep discounting being offered by some of the aggregators creates huge pressure on the industry." He points out how the adoption rates were initially high to get on to this aggregate

of platforms due to competitive pressures. "The picture that was initially shown was that of an increasing size of the industry. However, what started out as something that would increase footfalls to the restaurants and in general, increase revenues, enhance the guest experience, has turned into massive discounts that render unprofitable sales. In many cases, it ends up costing the restaurant to service these offers. The restaurant lives and breathes due to its patrons and will go to the ends of the earth for them. We believe in a sustainable ecosystem whereby aggregators help increase the size of the industry in a sustainable manner by focussing on quality rather than discounting," he says and suggests that only then can restaurants and aggregator platforms jointly thrive.

Savar Malhotra, managing partner of The Embassy Restaurant, Connaught Place, believes that it is a great initiative taken by NRAI and they are supporting the campaign because "we feel aggregators are misusing their power and dictating business terms to us."

Certainly, aggregators have built their products without taking into account any inputs from the restaurants. "They need to understand that the restaurant is the star. They are using our products to sell discounting addiction to the customer which is dangerous. Addiction of any

kind is poor and especially, if you give discounts, it only has a negative effect on the industry in the long run," says Kalra and goes on to add that a typical margin of the restaurant is 15 to 18 per cent and some of these discounts amount to more than 25 to 30 per cent. Says he, "And sometimes it is even 50 per cent, which means the restaurant is losing money every time they serve a customer, which comes through one of these platforms."

Pointing towards the GST reforms, where the input tax credit was removed from the restaurant industry, he says, it had even bigger "delusionary and deflationary pressure" on the industry and as a result, restaurants are finding it difficult to stay afloat. "One also needs to understand that the industry is the second largest employee of human capital in the country and contributes to almost two per cent of country's GDP. A few years ago before these aggregator platforms came on, their growth graph was good. The industry was growing at 21 per cent annually, which means every four years, it was doubling and margins were good," he says. It was the time when customers used to be happy when they were given a "complementary dessert or a cocktail."

However, today, the difference has come. Even if the customers liked the place but didn't get a sop, they would walk out. "And restaurants simply cannot

afford this. If the margin is 15 per cent, how can I pay a 25 per cent discount? It would mean I am losing out 10 per cent on every dish that I serve," adds Kalra.

Talking about how they can redesign their schemes, Malhotra says, "Restaurants don't have heavy margins to afford the 'buy one get one free' concept. Also, we are here to make money and not to work for aggregators. Hence, any scheme that will be introduced should take the cost of products in account."

Kalra suggests that the restaurants can serve better only if these platforms "do not come in the way" because Indians love eating out and it's always been a source of entertainment for them. He says, "We spend the highest amount of disposable income in eating out than any other form of entertainment. The restaurant industry is 40 times larger than Bollywood. The removal of discounts might create certain interim problems of some short-lived issues, where people who were addicted to discounts might start eating out less. But this will definitely change because people inherently love going out. Moreover, since the restaurant will be more profitable, it will be able to focus more on high quality rather than dilute quality to serve the discounted customers."

However, there are two questions which arise here. First, if these platforms are completely put away, many people and delivery partners would be left unemployed. What would happen to them? Second, there are many food outlets which had never associated themselves with these food apps. They have run on their original prices. Why did the registered restaurants then accept them in the first place, knowing that this might land them in losses?

Let's express art in motion

Kuchipudi dancer ARUNIMA KUMAR tells SAKSHI SHARMA that she wants to break the traditional notion associated with the dance form and use it as therapy to lift others

As newer dance forms make their way into the art industry, it is important to revive these traditional dance forms and teach the younger generation about their richness too. Ustad Bismillah Khan awardee and Kuchipudi dancer Arunima Kumar feels the urge to fill this void and takes dance to places it has never been before.

She practises dance therapy with cancer patients in hospitals as she is a keen believer of inclusive art. "We tell them stories through dance, do chants, slokas and a lot of rhythm and footwork next to their beds. This brightens them up and helps them validate their existence," says she.

Arunima recalls one of the incidents when a girl, who could sing well, sang with them and the entire ward joined her. It was a treat to their eyes. Such positive activities help them regain their confidence in life. And in a similar way, she makes the cancer survivors dance as they start getting better. Everyone has a state of distress in life at some stage or the other but Arunima feels that when you are involved in art, it has the capacity to lift you up and teleport you to a very different world altogether, where you forget the worries of life.

She believes that art deserves to travel places rather than sticking to the stage. "There shouldn't be any restrictions in dance. It should encompass a diverse range of human activities and their ways of expression," she says and adds, "Folk dance culture began from farmers who danced and celebrated the harvest season. And people enjoyed that together irrespective of the age gap or the differences in financial status between them." But things are different today. She points towards the rigid structure that we are slowly getting accustomed to and it needs to break down. Her first step towards this, she says, was "visiting villages and slums and teach the natives about dance and its diverse applications across the world. When I interact with them and answer their questions, the kind of happiness I see in their eyes is unparalleled."

She is trying to change the dynamics of Kuchipudi and Indian classical dance across the globe by organising festivals that would showcase its richness.

She will be organising the third edition of the Kuchipudi International Festival in November in London, which would provide a platform to 80 to 100 artists to show their talent. It will include her students ranging from the age of four to 60,

Natayanjali group from Cambridge, Bharatanatyam group and various others. She says, "It is a festival where we promote different dance forms and music but the focus remains on Kuchipudi. We also invite guest artists and facilitate inno-

vative collaborations." Through this she wants to inspire children as they see amazing artists perform so beautifully. This generates curiosity in them to know the dance form and its roots. "Otherwise they just perform with each other and get bored after a few years. Through this, they are not just looking among themselves but their seniors as well," she adds. It also helps to inspire their parents and tell them how important it is to teach the child about our traditions and dance forms at an early age. The audience consists of a lot of foreigners also, this in turn is taking Indian classical beyond the borders. The festival also includes dances on mythological tales, the tales of Vishnu and Kalangan Rathna.

Talking about one of the most innovative collaborations with a step chain studio, she says, "They have dancers who perform Latin American style on wheelchair. This year I have integrated Kuchipudi with it." She explains the idea behind this that such a dance form challenges the perception of body. When it comes to a disabled person, we look at them with sympathy as they can't dance. But, sometimes we cannot fathom their potential. "The way they dance with their challenge surprises me because they do

it so beautifully," Arunima adds.

She has collaborated with Baluji foundation, the world's only blind orchestra and created a piece called *antardrishti* (inner vision) with them. It is a blind cast of musicians and four dancers who could see. She did that show in darkness as she wanted the audience to feel it and understand how it feels when your world is dark. Citing the experience as an amazing one, she says, "While I was working with them they could sense when I am well and when I am not. They could figure out my mood."

She developed her love affair with Kuchipudi while she was learning it from Jayarama Rao and Vanashree Rao. Arunima says she found a home in terms of her dance school because she learnt a lot of tradition and history from them. Along with this she used to have make-up and *abhinay* session too. Talking about her journey, Arunima says, "It was a beautiful journey initially but was difficult to manage with my studies but I clinged onto it. I would skip a film with my friends but never skip the dance class." She feels it is this commitment which helped her step the ladder of success.

Talking about the strong identity India is gaining at an international level, Arunima says, "I am very proud of that. I proudly wear my Indian outfits and *bindi* but I am extremely contemporary in my outlook. I understand the aesthetics of my society so that I stay relevant." But there is a huge gap to promote classical Indian art in the UK and Arunima wanted to fill this gap. She is trying to embed her art in the DNA of the British society. Indian art can surpass barriers, even if people don't understand our language they know what we do. She wants to make this art accessible to the global audience. Arunima feels that just like yoga, an entire ecosystem needs to be created to revive dance forms as well. She says, "Indian dance has music and techniques and is an extension of yoga. Our poses, postures and rhythm coupled with mythology offers so much altogether."

She works on social issues like mental illness and domestic violence as it affects her deeply and is close to her heart. Arunima shares further that she loves to integrate with anything that affects her and her performances are making a difference. Arunima says, "I am glad that at least I am provoking debate, I am breaking barriers. It's always difficult for me to do it, when I start I don't know how it will go, but at the end of the day when the artist and the audience have something to say about the performance, I think I have done my bit."

Marvel breaks up with Spiderman

The Marvel Cinematic Universe will no longer produce *Spider-Man* films, after negotiations fell through between Disney and Sony Pictures.

The two studios have been sharing the brand *Spider-Man* across a plethora of films since 2015. As part of the previous agreement, Marvel had also been acting as producer of the 2017 and 2019 standalone Sony *Spider-Man* films starring Tom Holland. Both films were blockbusters.

However, Disney and Sony recently broke the deal as they are unable to reach new terms for funding of future films. Marvel president Kevin Feige, who served as creative lead in the two latest films of the franchise — *Spider-Man: Far From Home* and *Spider-Man: Homecoming*, will not have the same role in the two movies reportedly in the works, unless an agreement is reached.

A statement has been issued on behalf of Sony Pictures on their official Twitter handle. "Much of today's news about Spider-Man has mischaracterised recent discussions about Kevin Feige's involvement in the franchise. We are disappointed, but respect Disney's decision not to have him continue as a lead producer of our next live action Spider-Man film. We hope this might change in the future, but understand that the many new responsibilities that Disney has given him - including all their newly added Marvel properties - do not allow time for him to work on IP they do not own. Kevin is terrific and we are grateful for his help and guidance and appreciate the path he has helped put us on, which we will continue," the statement read.

The news left many Spider-Man fans in shock. *Deadpool* actor Ryan Reynolds also expressed grief. One fan tagged Tom Holland and Reynolds in a tweet, asking them for a crossover film featuring Spider-Man and Deadpool.

"Can we get a Spider-Man and Deadpool movie now," the person wrote. Responding to the tweet, Reynolds said, "You can. But you can only see it in my heart."

Not only this, actor Jeremy Renner, who played Hawkeye in the Marvel films so far, tweeted, "Hey Sony Pictures, we want Spider-Man back please."

The tourism minister of Uttarakhand, Satpal Maharaj, talks about his plans for enhancing Uttarakhand tourism in the coming years. He is exploring possibilities for broadening the trek route and upgrading the infrastructure to facilitate the process of tourism.

Uttarakhand is becoming a destination for winters. Maharaj says, "We will make an Alpine village during winters. At that time many tourists come who are interested in investing." This will help the state in meeting its demands. He has suggested the ministers to hold the next meeting in Kashmir so that they can work together and exchange their inputs which will help each other grow. He has been to Kashmir but was always in between the Armed Forces as the chairman of Defence Committee.

Uttarakhand is hit by landslides and floods too often. Therefore, it is the need of the hour to work on disaster management. Maharaj is making efforts to make the tourism of the state world class. But there are various things that hold him back. He says, "We need to have skilled people and expertise. How many people understand the potential of Uttarakhand?" They need to be aware of its future prospects and there is a dire need to develop the equipment for the training of various water sports too.

To add to the process he has written letters to his MLAs and asked them about "haunted or old houses and hot water springs nearby" so that he can develop and utilise them for some useful purpose. He shares about his idea of air balloons in Kumbh but the authorities denied. "They felt that

WORTH A VISIT

Uttarakhand Tourism Minister SATPAL MAHARAJ talks about his efforts in upgrading the state's infrastructure and tourism

it will collide but it will not. They don't have an understanding of the employment that it will generate," he adds. Talking about the void in the system he shares that he interacted with the

film council and requested them to come for shoots in the state. But when they came, they were questioned by forest authorities. "We need to erode this loophole at various levels. When

people from other states come, we should try to give them a personal touch. It will add charm to the beauty of the state. Local tourism is a good way to open local avenues for employ-

ment but infrastructure and water issues still needs to be worked upon," says he.

The state is looking for alternate Char Dham routes so that it becomes accessible to everyone and will increase tourists also. He has contacted the ropeway firms to provide their facilities at more places and also made a point that Ramnagar and Vikasnagar can become the routes for the yatra. The arrangements are being tightened up and work on infrastructure is being carried out heavily so that pilgrims do not face any difficulties.

Uttarakhand is gradually becoming a high end tourist state. It is planning to introduce mobile caravans which will offer various facilities and give a new sense of tourism coupled with luxury homestays. And as trekking routes are becoming more advanced, it will help in attracting domestic and international tourists as well. The efforts are clearly evident through Uttarakhand Tourism Development Board's (UTDB) campaign, #DoTheNew, which suggests to do something that would connect with the nature. This has helped the state to grab eyeballs from all across. The state is also geared up to hold the car rally and white water rafting in the forthcoming months.

India to compete in WorldSkills

The 48-member Indian team representing the country at the WorldSkills was given a grand send-off at a ceremony. It was organised by National Skill Development Corporation (NSDC) under the aegis of Ministry of Skill Development and Entrepreneurship (MSDE) to motivate the participants as they gear up to pit their skills against the best in the world. India is the sixth largest team that will take part in the competition.

Nearly 1,500 competitors from 60 countries will compete in 56 skill competitions at this mega event in Kazan, Russia, which is on till August 27. Our team will participate in 44 skills, including mobile robotics, prototype modelling, hair-dressing, baking, confectionary and patisserie, welding, brick laying, car painting, floristry and so much more.

Dr Mahendra Nath Pandey, Minister for Skill Development and Entrepreneurship, said, "My heartiest congratulations to the 48 of you. You all will now represent the country at the world's biggest skill competition. My advice to you is to compete in the true spirit of participation and make India proud on the global platform and at the same time learn from your international peers competing with you. Participating at events of such scale adds to the larger cause of skill development, which is integral to Prime Minister Narendra Modi's vision of a skilled India."

Around 75 per cent of participants come from tier II and tier III cities, with 25 per cent from rural areas. Candidates have been exposed to international training with industry support from over 100 companies.

The Government of India has taken major initiatives to bring development in the Union Territories of Jammu & Kashmir and Ladakh. The Institute of Company Secretaries of India aligning with the initiatives of the Government of India has launched a special fee waiver scheme for the students there.

Launching the scheme, Jamyang Tsering Namgyal, Member of Parliament (LS), Ladakh, appreciated the efforts of the Institute and said, "This initiative will immensely contribute towards bringing the students of Ladakh to the main stream."

ICSI launches fee waiver scheme

Informing about the scheme, CS Ranjeet Pandey, president of ICSI said, "The Institute of Company Secretaries of India has always considered itself a proud partner in the varied initiatives of the Government of India. Though

inclusive growth has been an agenda for the Government for long, we at ICSI firmly believe that the achievement of such a goal finds foundation in making available quality education to one and all. We are hopeful that this initiative shall open doors of education and opportunity for the youth of the nation."

Students belonging to J & K and Ladakh, who have cleared their 12th or bachelor's degree shall be eligible for fee waiver while registering for CS Foundation Programme and CS Executive Programme respectively.

It is expected that the above initiatives will not only play significant role in promoting excellence but will also empower the youth of J & K and Ladakh and bring them to the mainstream by nurturing their brilliance.

Sanrakshika celebrates its sixth foundation day

CISF Wives Welfare Association, Sanrakshika, has been playing a significant role in helping the families and wards of CISF personnel to attain their full potential and thereby empowering them to contribute in growth of their family and society at large.

The association celebrated its sixth foundation day at Siri Fort Auditorium. Sonal Shah, wife of Union Home Minister, was the chief guest on the occasion.

Ranjeeta Ranjan, president of the association, said

that it has been our endeavour that every member of the CISF family should become independent and capable so that a strong society can be created. "Since its inception, the association has carried out many activities such as, DG's merit award in academics, DG's scholarship exclusively for wards of martyrs, financial assistance to specially-abled wards of CISF, opening of computer centers and skill development centers at various locations," she added.

SRM TO SET UP A COLLEGE OF AGRICULTURE

With agriculture emerging as a competitive domain to traditional industry driven companies, SRM Institute of Science and Technology plans to set up a college of agriculture in Acharapakkam in Chengalpattu district. The chancellor Dr TR Paarivendhar announced on Monday. The chancellor Dr TR Paarivendhar, who is also the MP of Perambalur, said that 200

acres has been reserved for the college, where students can cultivate their own land in a rural ambience to emerge as agri-entrepreneurs instead of pursuing a career in an MNC. "You have to apply

your mind on how to do agriculture and horticulture with modern technology and earn five times more than what you would earn in an MNC or by pursuing a career in other fields," he said.

Strike at Ordnance Factories

The month long strike in response to the call given by the three recognised Defence Federations commenced on Tuesday. The strike has been undertaken to oppose the proposed corporatisation of the Ordnance Factories.

It is, however, emphasised that the proposed policy of corporatisation of Ordnance Factories by the Government of India is aimed at providing greater flexibility in day-to-day functioning, increased operational freedom and autonomy in decision making, leading to enhanced productivity. This will enable the Ordnance Factories to respond faster to the futuristic needs of the Armed Forces and provide an impetus to the export potential of its products.

As per DFS Government of India directives, a two-day seminar-cum-workshop was organised by AK Mishra, field general manager, Central Bank of India, for initiating bottom-up consultative and ideation process for bringing about required changes in the public sector banking activities to make India a five-trillion dollar economy.

Syndicate bank started the consultative workshops for idea generation at grass root level on Saturday. The objective of the workshop was to provide bottom-up approach to stimulate the ideation process at the bank. The ideas aimed at optimising banking by increasing the use of technology and aligning banking with the national priorities.

A campaign organised by UCO bank talked about generation of ideas and consultation till branch level as per the directions issued by Department of Financial Services, Ministry of Finance. Its primary objective was to align banking with national priorities, stimulate ideas and inculcate a sense of involvement among bankers at the branch level.

RIL joins hands with Neva

R|Elan, the next-gen fabrics from RIL (Reliance Industries Limited), has joined hands with fashion retailer Neva Garments, based out of Ludhiana.

The arrangement will enable R|Elan and Neva to offer the best quality solutions to consumers across the country and meet their ever growing demand for comfortable apparel in activewear, athleisure, sportswear, sleepwear and innerwear.

Speaking about the partnership, Nirmal Kumar Jain, managing director, Neva Garments Limited said, "Neva has been a cotton dominated brand in all its segments. For the last three to four years, we have diversified into active wear category, which is growing at a rapid rate." Further Niti Jain, director of Neva, added, "Our quilted thermals are well appreciated and have a strong presence across the country with a loyal customer base."

R|Elan has made a strong impression by bringing in new generation of micro-polyesters with various functional properties like moisture management, wicking, odour-free antimicrobial and more. The products like kooltex, feelfresh, airtherm have a great potential to combine with cotton and also on a stand-alone basis to form great garments with aesthetics and at affordable prices. Thus there is a great synergy between both the brands.

BJP COUNCILLORS GET A BIG BLOW

Injured by the negative and malicious behaviour of some councillors, additional municipal commissioner Shiv Pujan Yadav has transferred himself to the Lucknow directorate. The transfer is considered a major setback for some BJP councillors and the mayor. This is the first time in the history of Ghaziabad municipal corporation that an officer had written to the UP

government and expressed his desire to transfer. Ghaziabad is considered as kamdhenu district for officers of Uttar Pradesh. Officers use political access to get the goods there. A few days ago, some BJP councillors accused Yadav of taking ₹78 lakh as scam, including financial irregularities in appointments of goods. The committee was made in which the

allegations were found malicious. Despite getting a clean chit from the inquiry committee, some BJP councillors tried to keep the matter intact. Therefore, Yadav wrote to the Uttar Pradesh directorate about his transfer, and the government transferred him. This shows that some councillors keep making ungrateful complaints against the officers to take them under pressure.

Chittaranjan Locomotive Works celebrated the Sadbhavana Diwas on Tuesday. Praveen Kumar Mishra, GM of the CLW, read out the pledge before a gathering of HODs, senior officers and employees.

Projects and Development India Ltd (PDIL) celebrated 73rd Independence day with patriotic fervour. The event began with hoisting of the national flag by the director, DS Sudhakar Ramaiah. The CMD, Partha Sarthi Sen Sharma paid tribute to the martyrs and congratulated the employees on PDIL achieving a turnover of ₹131.50 crore from operations of ₹16.50 crore and Profit after Tax (PAT) of ₹30.36 crore and dividend of ₹11.80 crore.

GAIL chairman and managing director, Dr Ashutosh Kamatak (centre) and company directors at the 35th Annual General Meeting of GAIL (India) Limited

The renowned prosthodontist professor Mahesh Verma took over as the new Vice Chancellor of the IP University. Before joining, he was the director of the Maulana Azad Institute of Dental Sciences. He is a recipient of many coveted awards like Padma Shree and BC Roy Award for his contributions in the field of medicine.

Maa Amba Girls Degree College, Gwalikheda, organised an environmental protection campaign. The students made the conservation campaign successful by planting trees. The school principal, Dr Rajeev Gupta, said that plantation is an important part of our life, we are creating difficulties for our next generations by not paying attention to environmental protection.

Double Delight

Indian men's hockey team hammers NZ 5-0, Eves beat Japan 2-1 to win Olympic Test Event

Indian players celebrate after scoring against New Zealand during Olympics Test event final match on Wednesday. H/Twitter

PTI ■ TOKYO

The Indian men's hockey team won the Olympic Test event here on Wednesday, beating New Zealand 5-0 to avenge the loss it endured in their round robin clash.

Captain Harmanpreet Singh (7th minute) set the ball rolling before Shamsher Singh (18th minute), Nilakanta Sharma (22nd minute), Gursahibjit Singh (26th minute) and Mandeep Singh (27th minute) scored for India at the Oi Hockey Stadium here.

India had lost 1-2 to New Zealand earlier in round robin league-stage.

"We played very well. We managed to score our opportunities at the start of the game," Harmanpreet said after the triumph.

"I think the final was always going to be tough, we

lost to New Zealand earlier. But we had been having practice sessions after that and worked on our mistakes to win today," he added.

Both teams began the match on a cautious note by turning over the ball in the mid-field. India won a penalty corner in the seventh minute, but couldn't capitalise on the opportunity.

However, skipper Harmanpreet didn't miss out on a re-awarded penalty corner. He executed a perfect dragkick to put India in the lead.

The Indian team continued to hold possession and put tremendous pressure on the New Zealand defense as they ended the first quarter at 1-0.

Shamsher scored India's second goal through a penalty corner in the 18th minute. New Zealand managed to make only two circle entries

in the second quarter as the Indian team scored three more goals.

Nilakanta found the back of the net in the 22nd minute before Gursahibjit and Mandeep scored in quick succession.

Vivek Prasad intercepted the ball brilliantly to assist a goal for Gursahibjit and Mandeep converted a penalty corner just before the half-time whistle.

After an action-packed first half, the intensity dropped from both sides. New Zealand tried to make a few inroads in the third quarter as they took a shot in the 37th minute which went wide of the post.

Jarmanpreet Singh saved a penalty corner in the next minute as India and New Zealand played out a goalless quarter but the former held the lead at 5-0.

In the last quarter, India

ensured they stayed in the lead and didn't allow New Zealand to break through their defense throughout the match.

India's attacking approach in the match paid off as they walked off the pitch as winners of the competition.

EVES EDGE PAST JAPAN

The Indian women hockey team also won the Olympic Test event with Navjot Kaur and Lalremsiami leading the side to a 2-1 win over Japan in the final.

Navjot Kaur (11th minute) opened the scoring to put India ahead but the

CAPTAIN HARMANPREET SINGH (7TH MINUTE) SET THE BALL ROLLING BEFORE SHAMSHER SINGH (18TH MINUTE), NILAKANTA SHARMA (22ND MINUTE), GURSAHIBJIT SINGH (26TH MINUTE) AND MANDEEP SINGH (27TH MINUTE) SCORED FOR INDIA

lead was neutralised within a minute as Minami Shimizu (12') scored for the hosts.

Lalremsiami (33') struck the winning goal for India.

India dominated the first 10 minutes, and finally managed to find the breakthrough when Forward Navjot kept her nerves under pressure and produced a fine finish in front of the goal.

However, the next minute saw Japan strike back immediately with a well-crafted field goal which was put into the back of the net by Shimizu to make it 1-1.

The second quarter saw both the teams focus on their defensive structure and

tread carefully in the attacking third.

It was an aggressive start from the Indian team after the half-time break as they won themselves a penalty corner in the 33rd minute.

India's prolific drag-flicker Gurjit Kaur stepped up to take the execution, but her shot was saved by the Japanese Goalkeeper Megumi Kageyama.

However, the rebound fell to India's young Forward Lalremsiami, who did not make a mistake in putting the ball into the back of the net to make it 2-1 for India.

It was a huge blow to the hosts who were finding it difficult to cope up with

India's rhythm, but after some tough battles in the midfield, the Japanese team earned themselves back-to-back penalty corners in the 42nd minute.

However, India's defense was up to the task, and made sure that they protected their lead. India also had a penalty corner in the 45th minute, but could not extend their lead.

The first chance of the last quarter came India's way but Kageyama made a diving save. Japan too got back-to-back penalty corners but Indian Goalkeeper Savita made a great save on the second attempt to make sure that India saw out a 2-1 win.

Sanches, Boateng could leave Bayern

AFP ■ MUNICH

Bayern Munich CEO Karl-Heinz Rummenigge has suggested that Renato Sanches and Jerome Boateng may be heading for the exit door at Bayern Munich, telling Sky Germany that both players will find it difficult to break into the first team this season.

Portuguese midfielder Sanches and German defender Boateng have both pushed for a move away from Bayern in recent months. Both have dropped down the pecking order in their positions.

Sanches, 22, was fined 10,000 Euros (\$11,100) by the club after he publicly complained of a lack of game

time and stated his desire to leave following a cameo appearance in Bayern's 2-2 draw with Hertha Berlin last Friday.

"Renato is a player who wants to play, and I can understand that. We need to find a solution that also suits the coach and the club," Rummenigge told Sky.

The Bayern CEO expressed sympathy for

Sanches, who has made just 17 starts for Bayern since arriving three years ago with a winner's medal and Young Player of the Tournament award from Euro 2016.

"He came to us as a golden boy and newly crowned European Champion three years ago. Now he has lost his place in the national team, and he

play if he wants to get it back," said Rummenigge. Yet the CEO admitted that it would be "not easy" for Sanches to compete with new signing Philippe Coutinho.

He added that the same was true of veteran defender Jerome Boateng, following the arrival of Lucas Hernandez

Benjamin Pavard. "(Boateng) will not find it easy to get regular game time," said Rummenigge.

"If he wants to leave the club, he needs to tell us."

Boateng, 30, appeared certain to leave Bayern at the end of last season after club president Uli Hoenes advised him to "find a new club".

Paine expecting same old Smith

AFP ■ LONDON

Australia captain Tim Paine is expecting the "same old Steve Smith" when the star batsman eventually returns to Ashes action.

"Steve Smith's the best player in the world, he will come back in the next Test, if it's the next Test, or the tour game and we're expecting him to be the same old Steve Smith," said Paine.

"He's a high-quality player and he'll adapt as he always has."

Smith has been ruled out of Thursday's third Ashes Test at Headingley after being concussed by a Jofra Archer 92 mph bouncer in the drawn second Test at Lord's.

Marnus Labuschagne, cricket's first concussion substitute, made a fine fifty in the second innings after being hit flush on his helmet grille second ball by Archer.

Labuschagne is set to take Smith's place at Headingley as Australia look to fill the void left by being without arguably the world's best batsman.

Smith, whose Test average of 63.24 is exceeded only by all-time great Donald Bradman, marked his return to Test duty after a 12-month ball-tampering ban with innings of 144 and 142 in Australia's 251-run win in the first Test at Edgbaston before making 92 at Lord's.

"Steve loves batting. I don't think that's going to change," Paine told reporters at Headingley on Wednesday.

"Marnus is strange, he seems to enjoy getting hit on the head, so he's a different kettle of fish altogether. Marnus has handled himself exceptionally, his innings was unbelievable after that happened."

Smith could return to action in the three-day tour game against Derbyshire from August 29-31, with the fourth Test in a five-match series at Old Trafford beginning on September 4.

The wicketkeeper added: "Clearly they are huge shoes to fill and we don't put all that pressure on Marnus."

Meanwhile, England captain Joe Root said he would

have no qualms about a player withdrawing from a match because of concussion.

"I think you have to give the responsibility to the doctors and if they say he's not fit, regardless of the situation in the game, then that has to stand," said Root during his pre-match press conference.

"Of course this is a huge series and it means so much to all our players, but it doesn't mean that getting in terms of someone getting seriously hurt and potentially ruining the rest of their life."

World Cup-winner Archer's Test debut, which yielded five wickets, also featured a compelling duel with Smith.

"The way Jofra bowled in that spell made for great cricket," said Root.

"It was great to be on the field and be part of that." But Root, who will be back on his Yorkshire home ground this week, added: "You never want to see someone go off injured like that."

"There was a lot of concern in our dressing-room for his (Smith's) health and it's great to see he's up and about and is fine."

England too have been without a star player after James Anderson, their all-time leading wicket-taker, broke down early in his spell at Edgbaston with a calf injury that paved the way for Archer's Test bow at Lord's.

"We had the challenge of Jimmy going down four overs into a Test match and had to manage that without a replacement," said Root.

"You get these swings within a big series like this every now and again and when you get your opportunity you've got to jump on it."

England have not won any of their last eight Tests against Australia but must win at least two of the next three if they are to regain the Ashes.

Root, with England having had the better of a rain-affected draw at Lord's, insisted: "The thing that has to change from the last game is not much, we just need two extra days' cricket, which we lost to the weather."

Prajnesh goes down to Paire

PTI ■ NORTH CAROLINA

A profligate Prajnesh Gunneswaran went down to world No 30 Benoit Paire in the second round to crash out of the Winston Salem Open ATP 250 tournament here.

The left-handed Indian, ranked 89, could convert just one of his five break chances to suffer a 3-6, 5-7 loss to his French opponent in a match that lasted one hour and 10 minutes on Tuesday night.

Prajnesh struggled from the beginning as Paire broke his serve to take an early 2-0 lead. The Indian could not recover from that, conceding the first set tamely.

In the second set, Prajnesh held his serve but faltered in the 11th game giving Paire the match-winning lead.

Serving for the match, the Frenchman made no mistakes and avenged his Indian Wells loss from earlier this year.

Although Paire committed more double faults than Prajnesh, he hit 14 aces compared to the Indian's three.

In the doubles event, wild card entrants Leander Paes and his Israeli partner Jonathan Erlich, crashed out in the first round.

The Paes-Erlich pair lost to the duo of Rajeev Ram and Joe Salisbury 2-6, 3-6.

NAGAL IN 2ND ROUND

NEW YORK: Young Indian tennis player Sumit Nagal earned his first win at a Grand Slam qualifying event, knocking out seasoned Japanese Tatsumi Ito in straight sets at the US Open qualifiers, here.

Nagal, placed at a career-best 190 right now, knocked out the 133rd ranked and 26th seed 7-6 (6), 6-2 in one hour and 52 minutes on Tuesday.

Last year, he had competed in the qualifiers of the Australian Open, the French Open and the Wimbledon Championships but could not win a round.

This is Nagal's first attempt at making the Grand Slam singles main draw this season in which he enjoyed considerable success and broke into the top-200.

Sindhu makes positive start

PV Sindhu prepares to return a shot. PTI/File Picture

PTI ■ BABEL

Two-time Silver medalist PV Sindhu produced a commanding performance in her opening match at the BWF World Championships here on Wednesday.

Sindhu, who had reached the finals of Indonesia Open last month, looked in good touch as she controlled the rallies and outsmarted Chinese Taipei's Pai Yu Po 21-14, 21-14 in a 43-minute contest.

The fifth seeded Indian, who received a bye in the opening round, is likely to face USA's Beibei Zhang, seeded ninth, in the pre-quarterfinals.

Sindhu, an Olympic Silver medalist, had lost to Zhang at the India Open finals last year.

In the first game, Sindhu moved ahead from 5-5 to slowly create a gap and entered the interval with a 11-7 lead.

After the break, Sindhu continued to surge and grabbed six game points when Pai made an error in judgement at the back-

line. The Indian sealed it with a cross court return.

Sindhu zoomed to a 6-1 lead in the second game before Pai started constructing the rallies and narrowed the deficit to 5-7.

Sindhu's unforced errors also made life easy for the Taiwanese girl, who showed some great skills and managed to enter the interval with a 11-10 lead after Sindhu

found the net.

The Indian, however, changed gears after the break, dishing out some good-looking strokes to eventually enter match point at 20-14 when her rival missed a shuttle at the backline.

She sealed the match next with a precise on-the-line return.

Among others, the Indian pairing of Jakkapudi Meghana and Poorvisha S Ram went down 8-21, 18-21 to eighth seeds Shiho Tanaka and Koharu Yonemoto of Japan in the women's doubles competition.

Red ball challenge

India gear up for Test Championship opener against Windies on tricky track

West Indies vs India
Live from 7:00pm IST
SONY TEN 1 & 3 NETWORK

PTI ■ NORTH SOUND

A perfect combination and a winning start will be foremost on skipper Virat Kohli's mind when India take on West Indies in their inaugural World Test Championship opener here on Thursday.

A win in the opening Test will be the 27th for Kohli as skipper and will put him on even keel with his predecessor Mahendra Singh Dhoni. A century in the game (19th as captain) will place him on par with Ricky Ponting.

On paper, a batting line-up that has Kohli, Cheteshwar Pujara, KL Rahul, Rohit Sharma and Rishabh Pant in the ranks should be termed clear favourites but this West Indies team, led by Jason Holder, is no pushover.

England found that out the hard way at the start of the year when they lost a Test series 1-2 in some of the most lively pitches on the Caribbean islands in recent times.

One such pacer-friendly wicket was at the Sir Vivian Richards Stadium in Antigua where Kohli and his men will be facing the Windies first up.

The last Test played here saw England scoring 187 and 132 but that was a different time of the year.

Nevertheless, Kohli and head coach Ravi Shastri, who recently got a fresh contract, will be wary of the challenge that can be posed by the new ball pair of Kemar Roach and Shannon Gabriel along with Jason Holder bowling his steady seam-up spells.

If there is pace and bounce, Kohli is likely to go with four specialist bowlers in which Ravichandran Ashwin and Kuldeep Yadav will be fighting for the lone spinner's slot.

The three pacers, in all likelihood, will be Jasprit Bumrah, Ishant Sharma and Mohammed Shami.

However, it is the batting combination that will be the skipper's primary worry and if he can get it right, that will be considered as a tactical victory.

In an ideal situation, if Hardik Pandya was available, Kohli would have been tempt-

Rohit Sharma defends during India's warm-up game against West Indies A at Antigua. BCCI/Twitter

ed to drop one among Rohit Sharma and Ajinkya Rahane but given the recent record of West Indies in Tests, he might go in with an extra batsman which means both will feature in the playing XI.

If a green-top is provided and Kohli still goes with five bowlers which includes Ravindra Jadeja as an all-rounder, it could well be a toss-up between the two

Mumbaikars.

The other issue will be at the top of the order as to who will open with Mayank Agarwal.

The common logic says KL Rahul, who is a specialist opener, but Hanuma Vihari was sent to do the fire-fighting in Australia and it would be unfair to not give him another opportunity against a relatively easier pace

Head to Head				
Venue	Played	WI	Ind	Draw

FAISEL FEATURES

attack. The West Indies team in the Test format has been an understated one with players who have more talent than what the numbers currently show.

In Shai Hope, John Campbell and Shimron Hetmyer, they have the three talented youngsters.

Roston Chase, during the 2016 series against India, had thwarted Ashwin for a whole fifth day in Kingston after West Indies were staring at an innings defeat. In addition to that, he is a steady off-spinner with 50 Test wickets.

Darren Bravo is their most experienced batsman with 52 Tests and nearly 3500 runs under his belt.

However, the kind of talent he is, an average of 38 plus with only eight hundreds doesn't justify that.

All eyes will also be on whether, the new "giant" of world cricket, Rahkeem Cornwall is given an opportunity.

His imposing physical structure may have grabbed attention but Cornwall has also been a performer with his effective off-breaks and handy lower-middle-order batting.

SQUADS

India: Virat Kohli (captain), Mayank Aagrwal, KL Rahul, Cheteshwar Pujara, Hanuma Vihari, Ajinkya Rahane, Rohit Sharma, Rishabh Pant (wk), Kuldeep Yadav, Ravichandran Ashwin, Ravindra Jadeja, Ishant Sharma, Mohammed Shami, Jasprit Bumrah, Umesh Yadav, Bhuvneshwar Kumar, Wriddhiman Saha (wk)

West Indies: Jason Holder (c), Kraigg Brathwaite, Darren Bravo, Shamir Brooks, John Campbell, Roston Chase, Rakheem Cornwall, Shane Dowrich, Shannon Gabriel, Shimron Hetmyer, Shai Hope, Keemo Paul, Kemar Roach.

Australia rule out bouncer battle

England vs Australia
Live from 3:30pm IST
SONY SIX NETWORK

AFF ■ LEEDS

Australia coach Justin Langer has told his side to avoid being drawn into a bouncer battle after Steve Smith was ruled out of the third Ashes Test against England.

Star batsman Smith suffered delayed concussion symptoms after being hit on his neck by a 92 mph bouncer from England fast bowler Jofra Archer during the drawn second Test at Lord's.

His absence from the third Test at Headingley starting today leaves Australia with a huge hole to fill.

Smith marked his return to Test cricket after a 12-month ball-tampering ban with innings of 144 and 142 during Australia's 251-run win in the first Test at Edgbaston.

He also made 92, having retired hurt after being hit when on 80, at Lord's where Marnus Labuschagne, Test cricket's first concussion substitute, made a brave injury on the grille of his helmet by Archer.

World Cup-winning fast bowler Archer struck several telling blows on a Test debut that yielded five wickets.

Australia also have plenty of fast-bowling firepower at their disposal in Pat Cummins, Josh Hazlewood and Mitchell Starc. But Langer insisted his side would not be sidetracked from their goal of becoming the first Australia side in 18 years to win an Ashes series in England.

"We know what our plans are to beat England," Langer told reporters at Headingley, where the third Test starts on today.

"It's not an ego game," the former Australia opening batsman insisted.

"We're here to win the Test match, not to see how many bruises we can give."

"I'm sure the bouncer will still be part of every bowler's armoury, if it helps us get batsmen out then we'll use it, otherwise we'll keep sticking to the plan."

England are still without James Anderson after their all-time leading wicket-taker broke down with a calf injury after bowling just four overs at Edgbaston.

Smith and England opener Rory

Burns apart, both top-orders have struggled in the face of some quality fast bowling.

But England have stuck by Jason Roy, even though the World Cup-winning opener averages just 10 in four innings this series.

Roy, however, has mainly been a middle-order batsman in first-class cricket with Surrey. England coach Trevor Bayliss hinted at a reshuffle in the batting line-up, if not in personnel.

"We think we've got the best seven batters available to us at the moment in England... Whether we can change it round and make that (order) any better, I'm not sure, but we'll certainly have a discussion about it," he said.

"There's one or two batting spots in the wrong positions but we're trying to do the right thing by the team," England's Australian coach added.

Now the question is can England, who had Australia 122-8 in their first innings at Edgbaston only for Smith to steer his side to 284, take advantage of his absence?

England will look for more heroics from Archer and hope that, with Ben Stokes fresh from an unbeaten century at Lord's, someone can give their attack enough runs to play with.

Kane Williamson, facing camera, chats with teammate Ross Taylor & coach Gary Stead as they inspect the pitch during practice session AP

NZ look to exploit Lanka's weakness

AFF ■ COLOMBO

Sri Lanka vs New Zealand
Live from 10:00am IST
SONY ESPN NETWORK

New Zealand will be hoping to add to Sri Lanka's poor record at their own Oval ground and level the series in the second and final Test starting today.

Unlike the spinner's paradise at Galle and the batting heaven that is the SSC, the Oval — the only ground in Asia where Don Bradman played — favours seam bowlers.

Sri Lanka have been often exposed here by quality seam bowlers and one up in the two-match series, they will have New Zealand's Trent Boult and Tim Southee — and possibly Neil Wagner — to contend with.

In the last 10 years, Sri Lanka have played seven games at The Oval and lost five, including once to New Zealand. In that game seven years ago, Southee claimed eight wickets while Boult finished with seven.

"We have some fond memories from last time, and we managed to win that," New Zealand wicketkeeper BJ Watling said at a pre-match media briefing on Wednesday.

Left-arm quick Wagner claimed nine wickets in New Zealand's last Test match and was unlucky to miss out in Galle as conditions heavily favoured spin. He is expected to make a return possibly at the expense of Mitchell Santner.

The opening Test was a lot closer than the six-wicket margin suggests and the New Zealanders know that fielding lapses cost them dearly after setting Sri Lanka a daunting task of 268 runs.

Sri Lanka, meanwhile, will leave off-spinner Akila Dananjaya, whose action was reported to be suspect for a second time by match officials after the Galle Test.

Dananjaya, who claimed a five-wicket haul in the opening game, was forced to remodel his action after it was first reported in November last year.

Technically he is allowed to play the second Test, but he is likely to travel to India instead to test his action. Dilruwan Perera has been drafted into the squad and is expected to play.

Sri Lanka will move up to the number five of the official ICC rankings if they win the second Test and the series.

More importantly, it will give them a strong start in the World Test Championship.

Kumble can be selector in future: Sehwag

PNS ■ NEW DELHI

Former Test captain Anil Kumble's ability to boost confidence of the players makes him an ideal candidate for the role of chairman of selectors, said Virender Sehwag, who also advocated a hike in remuneration for the job.

Never to mince his words, former opener Sehwag said BCCI needs to pay more for heading the selectors' committee.

The current selection panel, led by MSK Prasad, has faced a lot of flak for it being a lightweight with a cumulative experience of 13 Tests.

"I think Anil Kumble could be the right candidate for the chairman of selectors post. He is someone who has interacted with Sachin (Tendulkar), Sourav (Ganguly) and Rahul (Dravid) as a player and with youngsters as a coach," Sehwag told reporters during launch of a new app 'The Selector'.

"When I made a comeback (Australia series 2007-08), he (Kumble) came to my room and said you will not be dropped for the next two series. That's the kind of confidence a player needs," said Sehwag. However, Sehwag also said that he doesn't think that Kumble will agree to do the job right now since the chairman gets ₹1 crore per annum. "BCCI needs to raise bar as far as pay is concerned. Then a lot of players will be interested," said Sehwag.

Asked if he would also be interested in this post, Sehwag said that he doesn't like too many restrictions. "I write columns, appear on TV and being selector will mean a lot of restrictions. I don't know whether I would like so many

restrictions," the former Indian opener said.

Sehwag, who had lost the race to be India's coach in 2017 to Ravi Shastri, said that he did not apply this time.

"In 2017, the BCCI secretary and (late) Dr MV Sridhar (GM Cricket Operations) asked me to apply so I applied. This time no one asked me, so I didn't apply," said Sehwag when asked if he was amused in the manner Shastri was re-appointed the coach.

As the talk veered towards playing XI for the first Test against West Indies, Sehwag's vote went to Ajinkya Rahane if India played five bowlers.

"Ajinkya Rahane has been batting at No 4 (No 5) so if it is a case of five bowlers then he should play. Rohit Sharma comes in only if you go with four bowlers," Sehwag reasoned.

He also felt that Mahendra Singh Dhoni should have batted at number five in the World Cup semi-final against New Zealand.

"...Players like Hardik Pandya, who can play big shots should have come in at number seven towards the end," said the former India captain.

He also expressed his happiness at S Sreesanth's life ban being reduced to seven years.

"I am very happy for him. He now needs to play domestic cricket," he said.

Sehwag was amused when he was asked about suggestions on wearing neck guards in the wake of Steve Smith recent injury.

"Why do you need to show your neck to the bowler? You have a bat and you are wearing a helmet. In my entire career, I never used chest pads," Sehwag said.
