#INDIA SUPPORTS MODI
Modi tweets Sadhuranga video, launches 10-day outreach drive

PONDERING NEWS SERVICE in NEW DELHI

Prime Minister Narendra Modi's BJP's outreach campaign with social media videos started on Monday, with a tweet that said the BJP is "on a mission" to spread its message on the poll agenda. The party's official website launched a special section for the "Mission BJPNationwide" campaign.

A series of videos, curated by the party's social media team, is being planned to highlight the party's vision on a range of issues like national security, development, and governance. The first video, titled "India's Story - The Time is Now," was released by Modi on Monday.

The video, which lasts over 10 minutes, features a narrative that is a mix of historical events and current issues. It starts with the Quit India Movement and the independence struggle, followed by the nation's growth under different regimes.

The video goes on to highlight the achievements of the Modi government under various schemes such as Swachh Bharat Abhiyan, Ayushman Bharat, and the ambitious Make in India initiative.

The message is clear: the BJP is ready to fight against the "negative" forces that have "ruined" the country. The video is a call to action for the people to vote for the BJP in the upcoming elections to ensure a "golden era" of growth and development in India.

The video ends with Modi's message: "This time, vote for a strong, stable government that will bring about a real change for the betterment of the people of India. Vote for the BJP and together, let's build a new India."

The release of this video marks the start of the BJP's nationwide outreach campaign, which is expected to run for the next 10 days. The party has planned a series of videos on various topics to reach out to the electorate.

The campaign is expected to have a significant impact on the upcoming elections, with the BJP aiming to increase its support among swing voters and consolidate its base in traditional strongholds.

---

In terms of the video, it is a well-crafted piece that seamlessly combines historical narrative with modern content. The use of music and imagery creates a strong visual impact, while the textual content is concise and to the point.

However, the video's main message is not entirely clear-cut. While it aims to highlight the achievements of the Modi government, it also tries to paint a negative picture of the opposition, which could be seen as divisive.

Overall, the video is a good start for the BJP's outreach campaign, and it will be interesting to see how it evolves over the next few days.

A DEFINING YEAR

In 2019, a reformist government was brought back to power and that, too, with a huge majority. This shows how electoral preferences are guided by economic expectations.

A LOT OF PROGRESS WAS MADE, BUT SOME OF IT WAS A LITTLE BIT LIMP BECAUSE OF THE TROUBLED STRUCTURAL REFORMS. AS WE ENTER 2020, SOME QUESTIONS WILL CERTAINLY BE ASKED ABOUT THE ECONOMIC AND CORPORATE ENVIRONMENTS.

Pointing the way forward

India should be at the top of the list of countries most likely to recover in 2020, which means it will lead the world from the 2008 crisis. The Indian economy is expected to have a 6% growth rate in 2020-21. What would be the key aspects which would make a difference?

One key aspect is that there would be a slowdown in the world, but India will still grow at a very healthy rate. India's exports will be booming, and India will be doing very well in terms of foreign direct investment (FDI).

Another key aspect is that India has made some important reforms in recent years, which have led to a more business-friendly environment. This will help India to attract more FDI.

A third key aspect is that India has a large and growing middle class, which will help to drive consumption.

India should continue to focus on these key aspects, and it should be well on its way to achieving a high level of growth in 2020-

21.

In conclusion, 2020 is likely to be a very good year for India, and it is expected to lead the world from the 2008 crisis.

With people becoming more cognizant of the fact that the garments’ industry is the second-highest environmental pollutant, 2020 will take us back to the pre-Industrial Revolution production and consumption patterns. Let us take inspiration from our 2,000-year-old textiles tradition and legacy. What we urgently need to do is go back to how our forefathers operated.

Red’s ‘brilliant’ 2019 just a building block for Klopp

West Ham turn to Moyes for second time

Struggling West Ham said they had appointed David Moyes to manage for the second time in a bid to safeguard their place in the Premier League.

Moyes, whose career has never recovered from a deeply unsuccessful spell as Manchester United boss in 2013-14, succeeds Slaven Bilic, who was sacked after guiding West Ham to a 12th-place finish in the Premier League.

The 56-year-old, who was most recently in charge of Besiktas in Turkey, will not return to the dug-out until November after a three-month break to undergo heart surgery.

Moyes was West Ham manager for one season from November 2017-18, when he took over after David Sullivan and David Gold had sacked Bilic.

In his first spell at West Ham he guided the club to Premier League survival in 2017-18, to avoid a return to the Championship, and took them to the FA Cup semi-finals before losing to Southampton.

“I am thrilled to be back,” Moyes said in a West Ham statement.

“I am thrilled to be back. I was here before. I have more importantly been looking at what I can do and what I can offer West Ham.

“I was delighted that David Sullivan and David Gold offered me the opportunity to return and I am looking forward to working with them.

“David Sullivan and David Gold have been the only thing holding me back in the last ten minutes.”

David Moyes was appointed West Ham manager for the second time on Monday.
Test specialist Ajinkya Rahane and young prodigy Prithvi Shaw will turn up for Mumbai in their Ranji Trophy game against heavyweights Karnataka. The two were named in the 15-member squad announced by the association on its website on Monday.

The game will be played at the Bandra Kurla Complex from January 3. Both Shaw and Rahane played the previous games against Baroda and Railways. Shaw had hit a blazing double hundred against Baroda in the lung-opener but faltered in both the essays against Railways at Wankhede Stadium. Rahane also had a horrendous time with the bat against Railways. Mumbai had won the game against Baroda while losing to Railways by 10 wickets.

Rahane, who has played 63 Tests, will be playing consecutive Ranji games after a long time. Shreyas Iyer and Shivam Dube, who were criticized heavily for not playing the last Ranji games, have been not named in the squad as they are away on India duty. Pacer Shardul Thakur, who is also away on India duty, has not named in the squad either.

Meanwhile, young batsman Sarfaraz Khan has been included in the squad. This could possibly be the last game Shaw plays for the time-being as he then heads to New Zealand with the India A squad.

Mumbai squad: Suryakumar Yadav (Captain) Aditya Tare (Vice-Captain) Ajinkya Rahane, Prithvi Shaw, Sarfaraz Khan, Shubham Ranjane, Akash Parkar, Siddhesh Lad, Shams Mulani, Vinayak Bhoir, Shashank Attarde, Royston Dias, Tushar Deshpande, Deepak Shetty and Eknath Kerkar.

Former Australian captain Ricky Ponting on Monday picked India skipper Virat Kohli to lead his all-star Test team of the decade, which featured four English players.

Ponting's Test team of the 2010s doesn't feature any other Indian apart from Kohli, who is currently ranked No.1 in both ICC Test and ODI rankings for batsmen.

The Englishmen in his team include all-rounder Ben Stokes, batsman Alastair Cook, and the pace duo of Stuart Broad and James Anderson. Among the Australians he has opted for Steve Smith and David Warner along with spinner Nathan Lyon.

"Everyone's picking teams of the decade so I thought I'd join in the fun," Ponting wrote on his twitter handle.

"This would be my Test team of the 2010's: David Warner, Alastair Cook, Kane Williamson, Steve Smith, Virat Kohli (c), Kumar Sangakkara (wk), Ben Stokes, Dale Steyn, Nathan Lyon, Stuart Broad, James Anderson."

Kohli was also named captain of the Test XI of the decade by Cricket Australia's official news website.

Indian captain Virat Kohli will end the year at the top of the ICC Test ranking chart for batsmen but five-day specialist Cheteshwar Pujara slipped a place to fifth.

With 928 points, Kohli is way ahead of second-placed Australian maestro Steve Smith (911) and New Zealand's inspirational skipper Kane Williamson (822), while Australia's Marnus Labuschagne, who has amassed 1,085 runs in 11 Tests this year, improved a place to grab the fourth spot.

Pujara was placed fifth with 791 points, while Ajinkya Rahane was joint seventh with 759 points.

With his enterprising 55 against England in the first Test, Quinton de Kock not only set up his team's win, but also shot into the top of the batting rankings. In bowling, India's lead pacer Jasprit Bumrah, returning from an injury layoff, remained static at sixth position with 754 points, while spinner Ravichandran Ashwin (722 points) and opener Mohammed Shami (711) were sixth and seventh respectively in the order.

In bowling, Australia's Pat Cummins was at the top of the standings with 902 points ahead of Neil Wagner (859) and South African paceman Kagiso Rabada (832).
