## Hailstorm, rain pelt down on rabi crops

### IMD predicts more farm damage as raging blizzard likely in J&K, HP, Uttarakhand today

RAJESH KUMAR ■ NEW DELHI

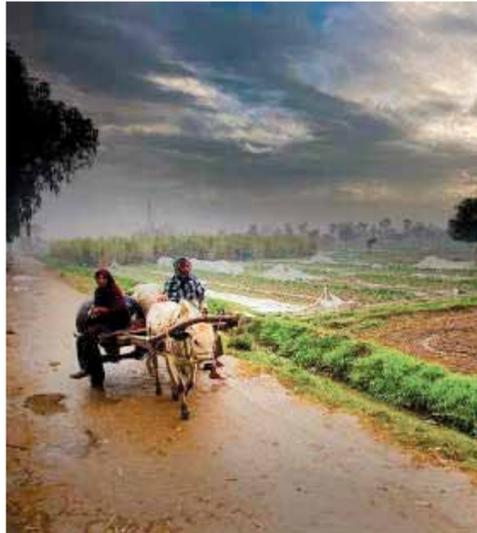

The hailstorm and rainfall that lashed Punjab, Haryana, Uttar Pradesh, Uttarakhand and Himachal Pradesh on Tuesday may damage the ongoing standing rabi crops, including wheat cultivation. The national Capital was also whipped by severe hailstorm and downpour since early on Tuesday.

According to Agriculture Ministry officials, while the production of wheat and other rabi crops was expected to come down this year as the sowing area has reduced as compared to that of the last year, the hailstorm will further damage the rabi crops.

"However, it is too early to estimate the damage from hailstorm. The State Government's Agriculture Department will assess the damage and inform the Ministry," said officials.

The India Meteorological Department (IMD) has predicted widespread rainfall, hailstorm with gusty wind and snowfall along with heavy rainfall over Jammu & Kashmir, Himachal Pradesh and Uttarakhand on Wednesday.

The IMD said rain and thunderstorm will continue on Wednesday in northern and northwestern parts of the country due to intense western disturbance bearing down on North West India and cyclonic circulation developed over Afghanistan and Central Pakistan.

Rain lashed the plains while higher reaches of Kashmir witnessed fresh snowfall for the second day. The snowfall and rain blocked the 300-km long Srinagar-Jammu national highway. The flight operations at the airport here were also affected. Four flights were cancelled and 11 delayed due to poor visibility. The Himachal Pradesh capital and picturesque Manali and Dalhousie on Tuesday witnessed more snow that snapped road links, however tourists made merry by hurling snow-

Haryana, 25.01 lakh hectare are under wheat cultivation.

As per latest Agriculture Ministry's data, sowing of winter or rabi crops, an indicator of the pace of farm activities, is down by nearly 5 per cent compared to last year. A significant fall in sowing in Gujarat, Maharashtra, West Bengal and Rajasthan has affected wheat and other crops, bringing the overall area under rabi crops down by nearly 5 per cent to 588 lakh hectares. The total area cultivated in the corresponding week in 2017-18 was around 618 lakh hectare.

Rabi cultivation data released by the Agriculture Ministry showed the area under rice is about 21.5 per cent lower than the same period last year due to a drop in rice cultivation in Tamil Nadu and Andhra Pradesh. Despite favoured conditions for the rabi crops, wheat cultivation, on the other hand, reported a 2.5-per cent deficit as compared to last year. As against an area of around 304 lakh hectare sown in 2017-18, the area under wheat cultivation is around 296 lakh hectare, mainly because of drop in sowing in drought-hit Maharashtra and Gujarat, as well as West Bengal.

There is nearly a 10 per cent drop in the sowing of gram, a major pulse crop of the season. This deficit has pulled down the overall pulses area by over 5.5 per cent. As compared to the 157.8-lakh hectare covered in the corresponding week

Military police officials ride their motorcycles with headlights on as visibility becomes poor due to rain at 8:27 am, during a rehearsal for the Republic Day parade, in New Delhi on Tuesday

in 2017-18, the pulse has been grown only in 95 lakh hectare so far. Coarse cereals, too, are faring badly, with an overall drop in area of nearly 14 per cent.

The area under jowar cultivation at 24.6 lakh hectare is around 19 per cent lower than the 30.27 lakh hectare last year; maize is down by 9.5 per cent to 14 lakh hectare.

## IPS officer's brother among three ultras shot in Shopian encounter

KHURSHED WANI ■ SRINAGAR

Three Hizbul Mujahideen terrorists including younger brother of a serving Indian Police Service (IPS) officer were killed in an encounter with security forces in Shirmal village of south Kashmir's Shopian district on Tuesday.

The encounter took place a day after three ultras were gunned down in a similar operation in Hapatnaar area of central district Budgam. Clashes erupted at the site of the encounter resulting to injuries to several persons including four journalists.

A police spokesman said that the operation was carried out on the basis of "credible inputs about the presence of terrorists" that followed a cordon and search operation jointly by police and security forces in the area.

Security sources said that one of the slain terrorists was identified as Shamsul Haq Mengnoo, a resident of Draggad village in Shopian district. Mengnoo was pursuing bachelors course in Unani Medicine and Surgery (BUMS) at a Government college here before joining militancy. Belonging to a well-off family of orchardists, his elder brother Inamul Haq is a 2012 batch IPS officer, presently posted in North-East.

Security sources said soon after the cordon was intensified in Shirmal village, terrorists hiding underground in an open area tried to escape while opening fire on the security forces.

During the retaliatory action, three ultras were killed.

Inspector General of Police (Kashmir range) Swayam Prakash Pani said the security forces conducted "two good" operations in Budgam and Pulwama district on two consecutive days. "These were difficult operations to conduct. They (terrorists) were hiding in open area," Pani said.

A large number of protesters gathered around the encounter site in a bid to hamper the operation and help terrorists escape. Reports also said that four journalists were hospitalised after they suffered pellet injuries while covering the gunfight. They received pellets on face, neck and other body parts. Police said six security personnel were also injured in the clashes.

"Only five cases of injuries were reported and three of them were discharged after preliminary medical attention. Separately six security force personnel injured during the clashes have been discharged after medical attention," police said in a statement.

The authorities snapped mobile internet services in the district, apparently to stop mobilisation of people in the area.

The Shopian encounter took place a day after three local cadre of Al Badr outfit were killed during an encounter at Hapatnaar village in Char-e-Sharif area of Central Kashmir's Budgam district.

Meanwhile, the Reporters Sans Frontiers (RSF), an inter-

national body for journalists, called upon the Indian authorities to conduct a thorough investigation into the pellet firing at journalists.

Taking to social networking site Twitter, the RSF said the security forces' violence against Kashmiri photojournalists is 'unacceptable'.

"Unacceptable violence by #India's security forces against photojournalists covering a gunfight in the south," RSF tweeted. "We call on #Indian authorities to conduct a thorough investigation on this blatant attack on press freedom. #JournalistsNotACrime," it tweeted.

Meanwhile, former Chief Minister Omar Abdullah condemned assault on journalists covering the encounter.

Commenting on the incident, Kashmir Video Journalist Association (KVJA) in a statement said that this has become a routine that journalists while performing their professional duties are either being thrashed or showered with pellets.

The KVJA appealed to the Governor and the DGP to initiate strict action against those who were involved in Shirmal incident.

"It has been reported that the journalists were delivering their professional duties during the encounter and the protests in the area when the security forces fired pellets at them. A few photojournalists have received injuries on their faces during this incident," the Kashmir Press Club said in a statement.

## EC orders FIR against expert for 2014 poll rigging claim

PNS ■ NEW DELHI

With controversy erupting over allegations made by a self-proclaimed cyber expert who alleged Electronic Voting Machines (EVMs) can be hacked and the 2014 Lok Sabha polls were rigged, the Election Commission on Tuesday filed a complaint with the Delhi Police, asking it to register an FIR against him for his false claims which, it said, can "create fear" in voters' minds.

In its complaint to the Deputy Commissioner of Police (New Delhi District), the poll panel asked police to investigate the matter "promptly" for violation of certain sections of the Indian Penal Code dealing with spreading rumour to alarm the public and other provisions of related laws. Syed Shuja had on Monday claimed at an event in London that the EVMs can be tampered with and that the 2014 Lok Sabha elections were rigged.

Detailed report on P5

## Cong did nothing to stop loot: Modi

Varanasi: Prime Minister Narendra Modi on Tuesday referred to former premier Rajiv Gandhi's remarks on corruption in the country to attack the Congress, saying the party that ruled for years did nothing to stop the "loot", while his Government put an end to it and transferred about ₹5,80,000 crore directly to the people under various schemes.

Without naming Gandhi, he alluded to the former Prime Minister's remarks that only 15 paise of ₹1 reaches the masses and said Congress Governments over the years did nothing to stop the "leakage".

Addressing NRIs and Indian-origin people at the inauguration of the 15th Pravasi Bharatiya Divas convention in his parliamentary constituency of Varanasi in Uttar Pradesh, Modi described the diaspora as India's brand ambassadors and said they were the symbols of the country's capabilities. The Government has

Prime Minister Narendra Modi speaks at inauguration of the 15th Pravasi Bharatiya Divas Convention 2019 in Varanasi on Tuesday

changed the perception that India cannot change, he said in the presence of Mauritian Prime Minister Pravind Jugnauth, External Affairs Minister Sushma Swaraj, Minister of State for External Affairs VK Singh and UP Governor Ram Naik among

others. Chief Ministers of UP, Haryana and Uttarakhand — Yogi Adityanath, Manohar Lal Khattar and Trivendra Singh Rawat — attended the meet.

Modi said India's contribution was being recognised at the international level, especially its role with regard to

## PM slams Cong at Pravasi meet, says BJP Govt ended corruption culture

environment.

Taking a swipe at the Congress over the issue of corruption, Modi said it got to know about the disease, acknowledged the disease, but neither thought about it, nor did anything in the direction of curing the ailment.

"Many people here would have heard what a former Prime Minister had said about corruption. He had said that the money that the Central Government sends, only 15 per cent of that reaches the people. If one rupee is sent from Delhi, only 15 paise reaches the villages, 85 paise disappear," Modi said, alluding to Gandhi's remarks.

"The party that ruled the country for so many years had given the system to the country, a truth that was accepted by the then Prime Minister. But what is regrettable is that later in its rule of 10-15 years, there was no effort made to end this loot and leakage," Modi said.

## Fire breaks out at CIMS's NICU; 1 infant dead, 5 critical

STAFF REPORTER ■ BILASPUR

A major fire broke out at the Neonatal Intensive Care Unit of Chhattisgarh Institute of Medical Sciences (CIMS), here on Tuesday morning resulting in death of an infant due to suffocation.

Five infants are reported to be critical and around 40 others had a narrow escape as they were timely shifted by hospital staff to other private hospitals in the city.

State Health Minister T.S. Singhdeo while terming the incident 'unfortunate' has ordered setting up of a five-member Probe Committee and has assured of financial assistance to the family members of the deceased.

According to information, fire broke out due to short circuit in power panel because of which smoke spread upwards towards the Neonatal unit. As it was a working hour in the morning so the mishap was sensed and immediately the glass partitions in the unit were broken by hospital staff in a bid to give passage for escape of smoke. Immediately, the infants were shifted to nearby hospitals in the city. However, the hospital staff failed to save life of a seven-day old infant who was admitted to the hospital from Bhatapara.

## 102 one-horned rhinos killed in 10 years

### Assam hogs list of casualties; 209 poachers arrested

PNS ■ NEW DELHI

Poachers killed at least 102 one-horned rhinoceroses during the last ten years with Assam topping the list followed by West Bengal, according to data obtained under the Right to Information (RTI) Act. Two hundred nine poachers were arrested for their involvement in such wildlife crime during the same period.

The RTI reply also showed that incidents of rhino poaching have shown sharp decline in the recent past. While 22 rhinos fell to the poachers in 2013, the number came down to two in 2017.

Data provided by the Wildlife Crime Control Bureau (WCCB), under the Ministry of

Environment and Forests, showed that the maximum number of killing of 84 one-horned rhinoceros was reported from Assam. West Bengal and Uttar Pradesh are the only two States which have reported such killings, with 17 and one deaths, respectively, during the period, according to data. Noida-based lawyer Ranjan Tomar had sought State-wise data on the number of one-horned rhinos killed by poachers in the last 10 years and offenders arrest from the WCCB, a statutory body formed to combat organised wildlife crime in the country. "As per data available in the records of the bureau based on the information from the state forest and police departments, 102 one-horned rhinos have been killed and 209 poachers have been arrested in the last 10 years in India," the WCCB said in a written reply.

## CAPSULE

**14 DEAD AS SHIPS WITH INDIAN CREW CATCH FIRE**  
Moscow: Two ships carrying Indian, Turkish and Libyan crew members caught fire in the Kerch Strait separating Crimea from Russia, killing at least 14 sailors, according to reports.

**31 STRANDED ROHINGYAS HANDED OVER TO TRIPURA**  
Agartala/New Delhi: The BSF on Tuesday handed over the 31 Rohingya Muslims, who were stranded on the India-Bangladesh border since January 18, to the Tripura police, after the paramilitary force and its counterpart, the BGB, failed to reach a decision during talks.

**BENGALI REFUGEES TO BE GIVEN CITIZENSHIP: SHAH**  
Malda: Kick-starting the BJP's campaign in West Bengal, party chief Amit Shah on Tuesday said all Bengali refugees will be granted citizenship with the passage of the Citizenship Bill. Shah said the upcoming Lok Sabha elections will be for restoring democracy in the State.

# EVM hacking claim triggers political storm

## EC orders FIR against Shuja, self-proclaimed cyber expert

PNS ■ NEW DELHI

A day after a self-proclaimed cyber expert claimed that EVMs could be 'hacked', a huge political storm erupted across the country with the Opposition and ruling parties trading charges against each other prompting the Election Commission of India (ECI) to lodge an FIR against the claimant Syed Shuja.

While the BJP and the Government alleged that the Congress had organised the EVM hackathon in London, Congress along with other Opposition parties demanded a proper probe in the matter and reiterated their demand for VVPAT voting.

Senior Congress leader Kapil Sibal, who was noticed

being present at the Press conference where Shuja claimed the 2014 general election was "rigged" through the EVMs, stated that he was there as part of invitation from the organizers and claimed that all the political parties including the election watchdog was invited for the presser in London. The Congress, however, distanced itself from the event.

The BJP dubbed the allegations of rigging in the 2014 polls a "Congress-sponsored conspiracy" designed to "defame" Indian democracy and its Election Commission. Finance Minister Arun Jaitley called the claims 'garbage' and the next 'big lie' after 'Rafale', "Indian Journalists Association London President Ashis Ray told me he has sent

invitations to all political parties including BJP and also Election Commission... He (Ashish Ray) sent me a personal e-mail also. I told him that I will be in London for some personal work and he insisted that I should come as

they are going to make an important revelation. So I went," Sibal said. Ray was one of the organisers of the event.

Reiterating Shuja's claims that a day after the 2014 elections, 11 members of his team which was working on EVMs

were murdered, Sibal sought a thorough probe.

The ruling party launched a stinging attack on the Congress and said it has already started looking for an "alibi" for its certain loss in the coming Lok Sabha polls. Union

Minister and BJP spokesperson Ravi Shankar Prasad said the Indian Journalists' Association is headed by Ashis Ray who is a "committed Congressman and writes for National Herald".

Ray "campaigns" for the Congress on social media and has often attacked Prime Minister Narendra Modi, Prasad claimed, adding that he had also organised Rahul's public event in London.

Prasad also dismissed Sibal's claim that he was present in his personal capacity, saying he was intelligent enough to know implications of his being there. He claimed that Sibal went there by deliberate design. He said the invite for the event had claimed that the hacking of EVMs will be shown but the "gentleman" appeared in the US wearing a mask.

"I could not understand this drama. He (Shuja) offered no proof and nor did he present himself to questioning by the media. No evidence, no cor-

roboration and no question and such big allegations were levelled," he said.

Prasad also expressed his party's "deep pain" at the allegation in the London event that Union Minister Gopinath Munde was "murdered" because he was aware of the 2014 poll "rigging" and was set to disclose it. He dismissed it as rubbish. Munde died in a road accident in New Delhi weeks after the BJP won the 2014 elections.

Uttar Pradesh rivals BSP's Mayawati and SP's Akhilesh Yadav, who have joined hands to contest the Lok Sabha polls, demanded that the upcoming polls be held using ballot papers instead of EVMs. Andhra Pradesh Chief Minister N Chandrababu Naidu too stated leaders of 22 parties would meet the Election Commission soon to discuss the EVMs and the voter verifiable paper audit trails (VVPAT) system.

## IN SHORT

### BSF HANDS OVER 31 ROHINGYAS TO POLICE

**New Delhi:** The Border Security Force on Tuesday handed over the 31 Rohingya Muslims, who were stranded on the India-Bangladesh border for three days, to the Tripura police, ending a standoff with its counterpart, the BGB, on the issue, officials said. They said the border guarding force signed papers and handed over the 31 Rohingyas to the staff of the Amtoli police station in West Tripura district police at 11 am. The decision was taken after the Border Security Force headquarters here obtained an approval from the Home Ministry, they said.

### PLEA IN SC CHALLENGES 10% QUOTA TO EWS

**New Delhi:** A plea challenging the Centre's decision to grant 10 per cent quota to economically weaker people of general category in jobs and education was filed in the Supreme Court on Monday. The plea, challenging the Constitution (103 Amendment) Act, 2019 which paved the way for grant of reservation to poor general category candidates, has been filed by businessman Tehseen Poonawalla and is likely to come up for hearing during the week.

### SC DIRECTS BUS OWNER TO GIVE COMPENSATION

**New Delhi:** The Supreme Court Tuesday directed a bus owner to give compensation to his driver who died after falling from the roof of the vehicle, saying the person stayed with the bus for days on end as part of his duty. A bench of Justices Arun Mishra and Navin Sinha noted that due to the nature of the duty, the victim stayed with the bus and would not go home for weeks.

### 50% DISABILITY LIMIT IN HEARING: APEX COURT

**New Delhi:** A limit of 50 per cent disability in hearing or visual impairment is a legitimate restriction for the post of judicial officer, the Supreme Court held Tuesday. The observation was made by the apex court's Bench of Justice Ashok Bhushan and Justice KM Joseph while dismissing a plea by advocate V Surendra Mohan who had applied for the post of Civil Judge (Junior Division) under partially blind category with 70 per cent disability.

### HUSBANDS GO INSOLVENT, LIVE IN PENURY: SC

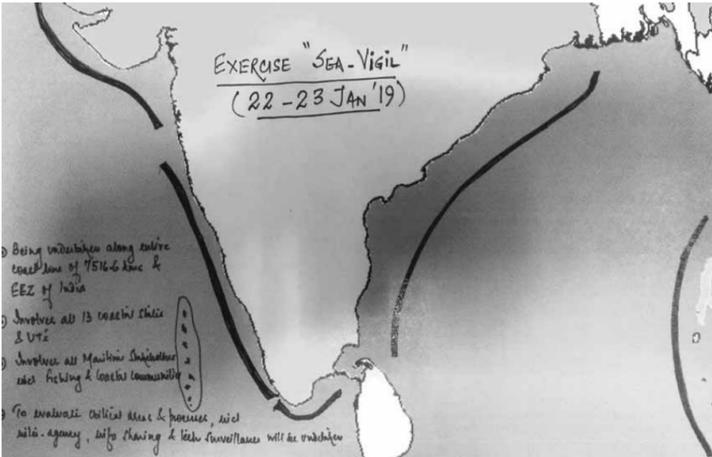

**New Delhi:** When estranged wives ask for maintenance, husbands start saying they are living in penury or have gone insolvent, the Supreme Court has observed. The observation was made by the apex court while asking a Hyderabad based doctor working in a reputed hospital not to leave the job just because his estranged wife was seeking maintenance.

### GOVT APPOINTS 30 JOINT SECRETARIES

**New Delhi:** The Centre on Tuesday effected a mid-level reshuffle in the bureaucracy by appointing 30 joint secretaries in various Ministries and departments including Defence, Economic Affairs and Cabinet Secretariat. The Appointments Committee of the Cabinet (ACC) headed by Prime Minister Narendra Modi issued the orders for the new appointments.

## SEA VIGIL TO TEST STEPS TAKEN SINCE 26/11

### Navy kicks off largest-ever coastal defence exercise

PNS ■ NEW DELHI

In an effort to test the operational readiness of all the stakeholders to ward off any attack like the 26/11 Mumbai terror attacks in 2008 wherein terrorists came in through the sea route, the Navy has commenced the largest ever coastal defence exercise Sea Vigil along the entire 7,000 km coast of the country. The two-day fist of its kind national level exercise starting Tuesday also covers the Exclusive Economic Zone (EEZ). The exercise covers the entire 7,516.6 km coast covering 13 coastal states and union territories and stake holders also include fishing and coastal communities, Navy spokesperson DK Sharma said here on Tuesday.

Explaining the objectives of Exercise Sea Vigil, he said it aims to comprehensively and holistically validate the efficacy of the measures taken since '26/11'. Seaward monitoring during the exercise will entail patrolling off coast, in Offshore Development Areas and off our islands by the Indian Navy, Indian Coast Guard, supported by the State Marine Police.

Closer coast, strategic assets, ports, Single Point Moorings (SPMs) will be patrolled by designated agencies. Seaward monitoring will also entail inputs from technical means, including intelligence sources. Shore-based monitoring will entail enhanced vigil by the State Police along the coast, monitoring of fish landing centres by state fisheries departments as also monitoring of port areas by respective port authorities.

The exercise aims to simultaneously activate the coastal security mechanism across all states and Union Territories. The exercise will cover a wide frontage covering for the first time the entire coast of India, including island territories. The exercise will also go deepened, being spread over seaward, coastal, and hinterland areas. Evaluation of critical areas and processes, including inter-agency coordination, information sharing and technical surveillance will be undertaken.

On the first of its kind drill, he said so far smaller exercises are conducted in coastal states on a biannual basis, including combined exercises amongst adjoining states are conducted. The national level reflects the distance that has been covered since '26/11' and the relative maturing of the organisation for coastal security to take on this large-scale endeavour.

The scale of the exercise is unprecedented in terms of the geographical extent, the number of stakeholders involved, number of units participating and in terms of the objectives to be met. All operational assets of the Indian Navy and Indian Coast Guard are participating in the SEA VIGIL. The conduct of the exercise SEA VIGIL is also being facilitated by the Ministries of Defence, Home Affairs, Shipping, Petroleum and Natural Gas, Fisheries, Customs, State Governments and other agencies of centre and state.

Post '26/11', the Indian Navy was designated as the agency responsible for overall

maritime security, including offshore and coastal security. The Indian Coast Guard was designated as the agency responsible for coastal security in territorial waters, including waters to be patrolled by the State Marine Police.

Coastal security is complex construct since it involves activities both at sea and at land. The targets of the terrorists could be well inland. In the aftermath of "26/11", a whole-of-government approach to maritime security was adopted and a large number of measures were taken by a host of stakeholders.

At the apex level National Committee on Strengthening Maritime and Coastal Security (NCSMCS) with Cabinet Secretary at the helm was established to review important matters pertaining to Coastal Security and for effective centre-state coordination.

Likewise committees have also been established at State and District level. At the operational level, it included setting up of Joint Operations Centres (JOCs) of the Navy and Coastal Security Operations Centres of the Indian Coast Guard. A multi-tiered patrol and surveillance mechanism with focus on technical surveillance and augmenting Maritime Domain Awareness (MDA) through the coastal radar chain and other systems was adopted. Real-time information sharing through the National Command Control Communication and Intelligence (NC3I) Network; greater intelligence and operational coordination were made the focus areas.

## Indian Citizenship won't be given without State Govts' consent: MHA

PNS ■ NEW DELHI

Union Home Ministry clarified on Tuesday that Indian citizenship would not be granted to any foreigner without the consent of State Governments concerned after the passage of the Citizenship (Amendment) Bill. Home Ministry spokesperson Ashok Prasad said every application for Indian citizenship will be enquired into by the deputy commissioner or district magistrate concerned, who will carry out due diligence and submit it to the state Government concerned.

"The State Government also has to conduct an enquiry through its agencies. Only then, an individual will be granted Indian nationality. Without the state government's recommendations, no one will be given Indian citizenship," Prasad told reporters here.

The Citizenship

Amendment Bill 2019, being strongly opposed by a large section of people and organisations in the Northeast, seeks to provide Indian citizenship to persecuted minorities — Hindus, Sikhs, Jains, Buddhists and Christians — from Bangladesh, Pakistan and Afghanistan after they have stayed in India for seven years, instead of 12 years at present. This is applicable to those who came to India before December 31, 2014.

The six religious minorities from Pakistan, Bangladesh and Afghanistan were earlier given a special dispensation for grant of long term visas. People belonging to Hindu, Sikh, Buddhism, Jain, Parsi and Christian religions from Pakistan, Bangladesh, Afghanistan will have to prove they belonged to any of the three countries and were persecuted on religious lines among other things for Indian

citizenship. A large section of people and organisations in the Northeast have opposed the Bill saying it will nullify the provisions of the Assam Accord of 1985, which fixed March 24, 1971 as the cut-off date for deportation of all illegal immigrants irrespective of religion.

Home Minister Rajnath Singh has already said the Bill will apply to all States and Union Territories and the beneficiaries can reside anywhere in the country. "The burden of these persecuted migrants will be shared by the whole country. Assam alone would not have to bear the entire burden and the government is committed to giving all help to the state government and people of Assam," Singh had said.

Home Ministry sources said the ministry is considering a proposal to provide incentives to those people who want to settle anywhere in India, except the Northeast.

## Extensive transfer, posting of CBI officers to cleanse system: Officials

PNS ■ NEW DELHI

The extensive transfer and posting of officials by interim CBI chief M Nageswar Rao is aimed to break the caucus of well entrenched officers posted in the agency headquarters for over three years and restore the professional credibility.

Nineteen out of the 20 transfers executed on Monday comprise cadre officials. The lone officer Prem Gautam is an IPS officer who is the SP of the Economic Offences Wing and has been given additional charge of Deputy Director (Administration/Personnel) after relieving the current incumbent Anish Prasad, who had allegedly put former Special Director Rakesh Asthana's number on surveillance without due procedure, sources said.

More transfers are in the offing in the coming days at various levels in the agency, the sources said.

In a major reshuffle, Rao transferred around 20 officers Monday, including some officers handling crucial cases like the 2G scam. The case of SP Vivek Priyadarshi who was probing the 2G case and was posted in the headquarter for

over a decade has now been transferred to Chandigarh. Likewise, SP SK Nair posted as SP in BSFC, Mumbai who was probing the Mehul Choksi/Nirav Modi case relating to PNB scam has been transferred to Anti-Corruption Bureau in Mumbai. SP OF BSFC, P Balachandran has also been transferred as SP Cochin.

SP Mohit Gupta who was entrusted by then CBI chief Alok Verma to probe the case against his deputy Rakesh Asthana has been brought to the BSFC, Delhi.

"The exercise was aimed to cleanse and purge the system. The purpose was also to fill the vacancies in branches which are handling crucial cases and to restore checks and balances and strengthen vigilance mechanism in the agency," an official in the know of developments said.

Rao after taking over as the interim chief of the agency for the second time on January 11 had undone the decisions taken by Verma, who was reinstated by the Supreme Court on January 8.

The first cycle of transfers was done on October 24, last year, a day after Rao was made acting director of the agency for the first time.

He was appointed to the post after the government divested Verma and Asthana of their powers following a bitter feud between the two top CBI officers.

Verma was removed by the high-powered committee led by Prime Minister Narendra Modi and comprising of Justice A K Sikri and leader of Congress Mallikarjuna Kharge, two days after his reinstatement.

Government again gave the charge to Rao in an interim capacity.

## CCS approves ECHS benefits to Assam Rifles pensioners

PNS ■ NEW DELHI

The Government has approved granting of Ex-Servicemen Contributory Health Scheme (ECHS) to Assam Rifles pensioners. The beneficiaries will include pensioners and their dependents residing in India and Nepal subject to certain conditions. The Assam Rifles, one of the oldest para-military forces mostly deployed in the North-East has officers from the Army and the home ministry has the administrative control of the force. The soldiers are recruited from all over the nation.

Giving details of the decision taken the Cabinet Committee on Security (CCS), officials said here on Tuesday the there are more than three lakh beneficiaries including dependents. As per the home ministry records, there are about 92,000 Assam Rifles pensioners including about 27,000 residing in Nepal.

## Pak forces attacked Indian fishing boat; India lodges protest

**New Delhi:** The Pakistani maritime agency fired on an Indian fishing boat with seven persons on board and sank it on January 17, following which India has lodged a strong protest with Pakistan over the incident, official sources said on Tuesday.

Six Indian fishermen on board the boat 'Sudama Puri' were rescued by Indian Coast Guard while one fisherman was missing after the incident which occurred 64 nautical miles south west off Mitha Port in Gujarat, they said. PTI

President Ram Nath Kovind presents Bal Shakti Puraskar 2019 in the field of innovation to Aswath Suryanarayanan sports to Angel Vijay Deokule during the Pradhan Mantri Rashtriya Bal Puraskar 2019 function at Rashtrapati Bhavan in New Delhi on Tuesday

# 4 iconic monuments to get CISF security soon

ARCHANA JYOTI ■ NEW DELHI

After year-long confabulations, the plan to provide Central Security Industrial Force (CISF) security cover to the four iconic monuments — Sun Temple in Konark in Odisha, Daulatabad Fort, Bibi Ka Maqbara (Tomb of the Lady) and Ellora caves, all three in Aurangabad in Maharashtra — is now all set to see the light of the day.

Sources in the Union Culture Ministry said that a memorandum of understanding (MoU) in this regard will be

signed soon between the CISF and the Archeological Survey of India (ASI). "Nitti gritty has been almost finalized in the matter. The pact can be inked anytime soon," said the sources.

The ASI had approached the CISF personnel in these monuments to meet security challenges such as encroachments and for managing crowds which increase on weekends and festivals.

Presently, Taj Mahal and Red Fort are the only two ASI-protected monuments in the country that are being guarded by the CISF, a central force

set up by the Union Home Ministry for protection of country's industrial units and airports.

Museum in Hyderabad, National Museum in Delhi and Victoria Memorial in Kolkata. When contacted, Superintendent Archeologist (Aurangabad Circle) Dr. Dilip Kumar Khamari confirmed that the three monuments will be under CISF ambit if a proposal in this regard is given the green signal. But he refused to divulge further details of the proposal which was conceived early last year.

However, sources said that the four top heritage sites are facing security threats, encroachments and unman-

ageable crowd flow. "The decision to deploy CISF personnel at these four monuments was taken early last year after completion of a technical survey by the paramilitary force, which figured out the modalities of the new posting such as number of personnel that would be required, the security equipment needed and the kind of security that needs to be provided at these tourist centres," said the sources.

Located on a pyramid-shaped hilltop to the north-west of Aurangabad, Daulatabad fort is considered

as one of the most spectacular forts in the country while the Bibi Ka Maqbara is a tomb built by Mughal emperor Aurangzeb's son Azam Shah in the memory of his mother (posthumously known as Rabiya-ud-Daurani). It bears a striking resemblance to the famous Taj Mahal, the mausoleum of wife of Shah Jahan.

Aurangabad is also home to Ellora — one of the largest rock-cut monastery-temple cave complexes in the world, and a UNESCO World Heritage Site, featuring Buddhist, Hindu and Jain mon-

uments, and artwork, dating from the 600-1000 CE period. Dedicated to the Hindu 'God Surya', what remains of the Sun Temple complex has the appearance of a 100-foot (30 m) high chariot with immense wheels and horses, all carved from stone. Once over 200 feet (61 m) high, much of the temple is now in ruins.

There are 3686 centrally protected monuments/sites under the ASI, majority of which are manned by private security agency. The Taj Mahal has 280 CISF security personnel while the Red Fort has 290.

## '15 pc of villages from every dev. block to be model villages'

**STAFF REPORTER ■ RAIPUR**  
Agriculture and Water Resources Minister TS Singhdeo on Tuesday directed officials to identify 15 per cent of villages from every development block for creating model villages with each having a cow shelter and grazing ground in all

districts. Chairing a video conference meeting at Thakur Pyarelal State Panchayat and Rural Development Institute at Nimora, Singhdeo said that land in the villages have to be identified within 10 days and also allocated through district collector. "To conserve the culture

and resources of the State, the need is for 'Narva, Garva, Ghurva au Baari'. -- it means, for conservation through proper utilisation of available resources by increasing farm production for which Narva means water resources, Garva means animal resources, Ghurva mean biofertilizers

and 'Baari' is development of kitchen garden has to be utilised productively through integrated mode', he said. Additional Chief Secretary, Panchayat and Rural Development R P Mandal directed CEO of Zila Panchayat, Durg to identify four gram panchayats in Patan development

block and develop them as model panchayats. He directed officials that the tasks in villages be linked to MGNREGS and Napier grass should be grown for grasslands. Mandal also stated that 10,978 gram panchayats are to perform the assigned task within two to three years.

## Prioritise water availability for farmers: Min

**STAFF REPORTER ■ ATAL NAGAR**  
Agriculture and Water Resources Minister Ravindra Choubey on Tuesday said that the suggestions made by MLAs who are members of Water Utilities Committee will be incorporated in the upcoming State Budget provisions. Chairing a meeting of the Committee at the Mantralaya here, the members provided details of water availability in their respective regions for the Rabi season. The Minister said that the farmers should get irrigation water on a priority basis. Choubey said that officials need to tour districts on which MLAs have provided suggestions on water availability to take necessary action. Urban Administration

Minister Shiv Daharia and MLA Satyanarayan Sharma provided suggestions on providing canal water to farmers in Aarang development block and Raipur (Rural)

regions. Officials informed in the meeting that Rabi season irrigation target of one lakh hectares had been set for financial year 2018-19.

## Raipur Airport's license extended till year 2021

**STAFF REPORTER ■ RAIPUR**  
Office of the Director General of Civil Aviation (DGCA) has issued extension of the Aerodrome License for Swami Vivekananda Airport, Raipur upto January 23, 2021. The license period was to end on January 23, 2019. The order states that the license authorises the aerodrome to be used as

regular place of landing and departure to all the persons on equal terms and conditions for the operation by aircraft requiring specifications of runway and associated facilities equal to or less than those indicated in the aerodrome Manual. The first license was issued on January 24, 2011 to the Swami Vivekananda Airport after it was upgraded.

Office of Director General has also stated that regular inspection of the Airport will be carried out. With a view to improving quality of service and amenities for passengers, AAI is planning to develop land parcels of approximately 80 acres around the new integrated terminal of Swami Vivekananda Airport in Raipur.

## SECL represents a culture of success: R P Srivastava

**STAFF REPORTER ■ KORBHA**  
South Eastern Coalfields Limited represents a culture of success. No wonder, it is

the largest Coal Producing subsidiary of Coal India Limited, said Ram Prakash Srivastava, Director (P&IR), CIL during his maiden visit to SECL project area based in Korba district. First he visited Dipka area and interacted with area management and union representatives including visit to the dispensary. He also inspected the residential colony of Dipka. He appreciated the efforts of team. Srivastava, then conducted surprise check of Nehru

Centenary Hospital, Gevra Area. During interaction with area personnel managers, he directed them towards welfare of SECL employees and to create a highly motivated work force that would relentlessly work to meet the organizational targets. D (P & IR) CIL then moved to Kusmunda project area and inspected the residential colony and Vikas Nagar Dispensary where he advised for further betterment of

the facilities. Srivastava along with team inspected Regional Hospital (Main Hospital, Korba) where he inaugurated the new Geyser facility at the Korba area and took stock of medical facilities. Towards the end of day of visit, Srivastava participated in the Inter Company Volley Ball Tournament in Korba as the Chief Guest. SECL team won the Inter Company Volley Ball Tournament while MCL was the runner up-

## Industry Minister Kawasi Lakhma assumes charge as CSIDC Chairman

**STAFF REPORTER ■ RAIPUR**  
Commercial Tax and Industry Minister Kawasi Lakhma on Tuesday assumed charge as Chairman of Chhattisgarh State Industrial Development Corporation (CSIDC) here. Lakhma later inspected various facilities at the CSIDC headquarters. Present on the occasion was CSIDC MD Arun Prasad. It may be recalled that Lakhma on January 7 had directed officials that efforts should be made to minimize acquiring private land for industrial use. Addressing a review meeting held at the Mantralaya in Atal

Nagar, the Minister had stated that the industrial units would be allowed to set up in the state only after winning confidence of the locals. He said that the officials need to encourage those industries which employ maximum number of locals. Wherever an industrial unit is established, there must be balanced extraction of natural resources and balance of ecosystem is maintained, he had stated. The State government will encourage setting up of small units and as per the poll manifesto, 200 food parks are to be established, Lakhma had stated.

Regional Office of Bank of Baroda (BoB), Raipur organised a symposium on 'World Hindi Day'. The programme was presided over by Regional Head, Ranjeet Kumar Mandal. In his speech he threw light on purpose and importance of organizing the programme.

## 2 national sports medal winners call on Min

**STAFF REPORTER ■ ATAL NAGAR**  
Sports and Youth Welfare Minister Umesh Patel on Tuesday met the medal winners of 'Khelo India' competition here. The players who met the Minister were- Weight Lifter Reena Thakur and Coach Anita Shinde. Reena Thakur had won silver medal at junior national level competition and bronze medal at All India University

level. Monika Dhruv won bronze medal at 19th School National Competition while Coach Anita Shinde was conferred with Saheed Rajeev Pandey award.

## Rahul to visit State on Jan 28; thank farmers for poll verdict

**STAFF REPORTER ■ RAIPUR**  
Congress President Rahul Gandhi will address a rally in Raipur on January 28 to thank farmers for bringing the party to power in Chhattisgarh. He will also kick start the party's campaign for the Lok Sabha polls in the State. Gandhi had promised to waive farm loans, if Congress party came to power during his election campaign in the State. After coming to power, the newly formed State government had announced the loan waiver just a few hours after the Chief Minister and two other ministers took the oath.

The money was also electronically transferred to the farmers' accounts within 10 days of the formation of the government. During his visit to the state on January 28, Gandhi will also

## Govt declares 3 local holidays for 2019

**STAFF REPORTER ■ ATAL NAGAR**  
The State General Administration Department (GAD) on Tuesday announced three holidays for 2019 for the local State Government offices/ institutions based at Atal Nagar and Raipur City. The three holidays for the year are- Ganesh Chaturthi on September 2, 2019 (Monday), Mahanavami (Ashvin) October 7, 2019 (Monday) and on second day of Deepawali October 28, 2019 (Monday).

# NMDC restarts prod from Sponge Iron Unit

**STAFF REPORTER ■ RAIPUR**  
Sponge Iron Unit (SIU), Paloncha of NMDC Limited has re-commenced its operations on Tuesday with lighting up of plant after a long gap of shut down due to administrative reasons, a company press release informed. The existing capacity of the

plant is to produce 100 T/Day of sponge iron of good quality. At present, the plant is started with 50% of its rated capacity due to long shut down of the plant. However, the plant will be operated at 80% capacity of the above to achieve break even of the expenditure and costs involved. One unit of the

sponge iron plant ie., Direct Reduction Plant (DRP-I) was lighted up by T.S. Cherian, Executive Director of NMDC Limited, Bachel Complex, Chhattisgarh State in presence of R.D. Nand, Head of the Unit at Paloncha along with Senior Executives, Trade Union Representatives and Plant

workers. With lighting up of the kiln, the joy and happiness was visible on some faces due to happiness amongst employees of SIU, local contract workers and nearby people of Paloncha, as the commencement of plant was long awaited by NMDC and stakeholders. This is possible only due to commitment

and sincerity of all the Executives, workers involved at SIU Paloncha and support from the management of NMDC Ltd, the press release stated. With commencement of the plant operations, this will add value to the steel market supported by NMDC Limited. The supply of iron ore is from

the captive mines of NMDC Limited ie., from Bailadila Complex, Chhattisgarh. The coal is being procured from SCCL, Kothagudem. NMDC Ltd at Paloncha is expecting revival of the plant in the long run and to fetch good market return after restart of this Unit, it stated.

## Govt should have consulted us for Budget formation: Raman

**STAFF REPORTER ■ RAIPUR**  
Former Chief Minister Raman Singh on Tuesday said that his party had governed the State for 15 long years and has experienced legislators who at least should have been consulted by the ruling Congress government in preparation of the State Budget. Commenting on paddy procurement in the State, the former Chief Minister said the

State government is unnecessarily displaying aggressiveness over increase of paddy procurement quota, he said. The arrangements at procurement centers are being mismanaged in the State and the farmers are struggling to get the gunny bags, he said. Neither paddy is being transported timely from the collection centres nor there is proper arrangement of transportation, Singh said.

A view of snow-covered city following heavy snowfall in northern hill town of Shimla on Tuesday

## 70 students rescued from snow-bound Himachal road

**Shimla:** Eighty-seven people, 70 of them students, were on Tuesday rescued after their two buses got stuck in heavy snowfall, police said.

The students and the staff from an institute in Lucknow were on a trip to Himachal Pradesh when they were caught in bad weather between tourist town Kufri and Chharabra in Shimla district.

All of them are safe, Shimla's deputy superintendent of police Pramod Shukla said.

The DSP said the police acted on learning that the two buses were stuck in the snow.

Police teams from Kufri and Dhalli then brought the 70 students and 17 staff members to safety. Some of them were taken to a hotel in Shimla and the others put up at the Institute of Hotel Management (IHM) and with a Territorial Army unit in Kufri.

## Centre to set up housing complexes at all Integrated Check Posts: Rajnath

**Attari (Amritsar):** Union Home Minister Rajnath Singh on Tuesday said the Centre has decided to set up housing complexes at all the Integrated Check Posts (ICPs) in the country for personnel of the Border Security Force.

After laying the foundation stone for the Border Security Force residential complex here, Singh said with the opening of an open yard and approach road at the ICP here it will increase trade and employment generation for people of the nearby area.

"It has been decided that the housing complexes at all the ICPs will be set up in the country for the border guarding force who are deputed there," he said addressing the gathering on the occasion.

Singh said construction of the housing complex will boost the morale of jawans. "As far as housing complex for the BSF force is concerned, you all know how our jawans work in diffi-

Union Home Minister Rajnath Singh with the BSF at Joint Check Post (JCP) in Attari on Tuesday

cult conditions. Their job is full of challenges and they have to stay away from their families.

"With the coming up of the housing complex facility, they will also be at least satisfied that their family members are fine and education of their children is going on in the right manner. With this, the morale of jawans gets boosted and their working ability also goes up," the minister said. Earlier, Singh inaugurated the upgraded 'U-shaped' viewers gallery at the Attari border here. The gallery was upgraded at a cost of ₹32 crore to provide enhanced view of flag-lowering ceremony to the visitors, a BSF official said.

## Guj asks school officials to ban students from playing PUBG

**Ahmedabad:** The Gujarat Government on Tuesday issued a circular asking district authorities to ensure a ban on online multi-player game PlayerUnknown's Battlegrounds, popularly called PUBG.

The State primary education department's circular was issued after a recommendation by the Gujarat State Commission for Protection of Child Rights, said officials.

The circular directed District Primary Education Officers to take necessary steps to enforce a ban on the game in primary schools. It said the ban was necessary as children were getting addicted to the game and it was "adversely affecting their studies".

## Uttarakhand receives season's heaviest snowfall

**Dehradun:** Uttarakhand received the season's heaviest snowfall on Tuesday, officials said.

Nainital, Kedarnath, Gangotri and Yamunotri received heavy snowfall. Mussoorie received nearly half-foot snow, while Dhanaulti hill station was also covered with snow from Monday night.

Dehradun received incessant rainfall that started on Monday night. The Rishikesh-Badrinath national highway and some other roads are closed between Kund and Chameli due to snowfall, officials said.

The meteorological department said rainfall and snowfall might continue for the next few days. After the directions of the weather office, most of the schools in many district remained shut.

## TO REDUCE TRADE DEFICIT India presses China to import more Indian products

**Beijing:** India on Tuesday pressed China to import more Indian goods, especially pharmaceutical and IT products, as top commerce officials of the two countries held talks in Beijing on the widening trade deficit, which last year crossed \$57 billion.

Commerce Secretary Anup Wadhawan also discussed the progress made under Regional Comprehensive Economic Partnership (RCEP) during his talks with Wang Shouwen, Vice Minister of China's Ministry of Commerce, the Indian Embassy here said in a press release.

Wadhawan on Monday held talks with Zhang Jiwen, Vice Minister of General Administration of China Customs (GACC) which is responsible for examining market access and quarantine issues for India's agriculture and allied products.

The two sides held a

detailed discussion on the widening trade deficit, the press release said.

The trade deficit in 2018, according to Chinese official data, climbed to \$57.86 billion from \$51.72 billion in 2017 in about \$95.54 total bilateral trade.

India's exports to China went up to \$18.84 billion, an increase of 15.2 per cent compared to 2017.

A series of recent moves by China spoke of liberalisation of sale of foreign drugs, especially the cancer curing medicines, but no announcement was made on allowing the sale of Indian drugs in Chinese market.

The expectation of China stepping up efforts to permit market access for Indian pharmaceuticals and IT was high since last year's informal Wuhan summit between Prime Minister Narendra Modi and Chinese President Xi Jinping.

In his talks, Wadhawan pressed for more actions from the Chinese side to support and promote exports of Indian products to China, the press release said.

He also pitched for more market access to Indian IT companies, pharmaceuticals and agriculture products, including major commodities like sugar, rice, milk and milk products. He noted that as a large producer of these commodities, India can emerge as a most reliable source for China, it said.

His talks also focussed on the progress of the Regional Economic Partnership (RCEP) which is a free trade area (FTA) made up of 10 ASEAN members (Brunei, Cambodia, Indonesia, Malaysia, Myanmar, Singapore, Thailand, the Philippines, Laos and Vietnam) and their six FTA partners, India, China, Japan, South Korea, Australia and New Zealand.

## BJP using EVMs to suppress voice of Opposition: Akhilesh

**Lucknow:** Latching on to the claim by a US-based "cyber expert" that the 2014 Lok Sabha elections were "rigged", Samajwadi Party president Akhilesh Yadav on Tuesday questioned the use of electronic voting machines when even the more advanced nations were not using them.

He said the Bharatiya Janata Party government was weaken-

ing democratic institutions. "It is using them to suppress dissent and the voice of the opposition," he said.

"Why does a country like Japan, which is very advanced in science and technology, is not using the EVMs? The question should be raised among the nation's 130 crore people," the SP chief said here.

His remarks come after a

# Ships with Indian, Turkish crews catch fire off Russia

14 sailors died

PTI ■ MOSCOW

Two ships carrying Indian, Turkish and Libyan crew members caught fire in the Kerch Strait separating Crimea from Russia, killing at least 14 sailors, according to media reports.

The fire broke out on Monday off Russia's territorial waters. Both vessels were flying Tanzanian flags. One of them was a liquefied natural gas carrier and another one was a tanker. The fire broke out as the two ships were transferring fuel from one to the other.

One of the ships, the Candy, had a 17-member crew, including nine

Turkish citizens and eight Indian nationals.

The other one, the Maestro, had 15-member crew, including seven Turkish nationals, seven Indian citizens and an intern from Libya, Russian news agency Tass quoted maritime authority as saying.

Fourteen people were killed in the accident, Crimea's head Sergei Aksyonov told reporters on Tuesday.

"I cannot say anything about the cause of the fire. We currently have information about 14 dead sailors. Other sailors have not reached hospitals yet. Kerch hospitals are expecting to receive them, they will get medical assistance," he

In this video grab, the two vessels, the Maestro and the Candy, on fire near the Kerch Strait linking the Black Sea and the Sea of Azov, in Kerch, Crimea on Monday

said. The minister did not specify the nationalities of persons killed in the accident.

As many as 12 people have been rescued, while six are still missing. Search and rescue efforts are underway.

"Presumably, an explosion occurred (on one of the vessels). Then the fire spread to another vessel. A rescue tug is en route," said a spokesman for the Russian Maritime Agency.

Some three dozen sailors managed to escape the burning ships by jumping off the vessels.

There were no chances to find survivors in the fire, the spokesman said.

"As of 6am, the status of the operation has been reclassified to search from rescue because

there is no hope to find survivors," the spokesperson said.

The fire has not been extinguished. "The blaze is ongoing," he said.

Severe weather conditions at sea have prevented rescue ships from taking victims to the shore for medical treatment, the report added. The Kerch Strait is a key waterway that holds strategic importance for both Russia and Ukraine.

It is an important economic lifeline for Ukraine that allows ships leaving the port city of Mariupol to access the Black Sea.

It's also the closest point of access for Russia to Crimea, a peninsula Moscow annexed in 2014. A Russian-built bridge over the Kerch Strait opened in May last year.

# 27 killed in deadly oil tanker-bus collision in Pak

PTI ■ KARACHI

At least 27 people were killed and over a dozen others injured when an oil tanker collided with a passenger bus in the Hub area of Pakistan's Balochistan province, police said on Tuesday.

The accident took place in the Lasbela district on Monday when the bus, travelling to Panjgur from Karachi and carrying 40 passengers, was hit by the tanker coming from the opposite direction, the police said. "A huge fire erupted after the accident as the tanker was carrying Iranian diesel," a senior official said.

"The passengers started jumping out of the bus to save their lives but many were trapped inside as the flames engulfed the bus and the tanker," he added. The official said 27 bodies have been recovered from the crash site, Geo news reported.

"All of them died from burn injuries," Lasbela Deputy Commissioner Shabir Mengal said.

He said that six of the 16 injured were in critical condition. A rescue official of the Edhi Foundation said due to the absence of facilities and ambulances the injured were shifted to Karachi after a long delay. He said most of the bodies recovered were burnt beyond recognition. Balochistan province, borders oil-rich Iran from where millions of gallons of fuel is illegally transported to Pakistan.

# Harris' 2020 US Presidential bid excites Indian-Americans

PTI ■ WASHINGTON

Kamala Harris' plunge in the 2020 US presidential race has thrilled the Indian-American community which considers the first Indian-origin Senator's "groundbreaking" announcement a "proud moment" and a reflection that Indian-Americans have finally arrived at the centre stage of US politics.

Harris, 54, officially launched her campaign for the US presidential election in 2020 to take on President Donald Trump on Monday, saying she was "honoured" to announce her bid on a day when Americans celebrated Martin Luther King Jr who sought inspiration from Mahatma Gandhi.

A rising party star and vocal critic of President Trump, Harris, who is quite often described as the female Barack Obama in the Democratic party is the fourth Democrat to join the battle for the party's nomination in the next year's election.

While it's too early to say on the results of the grilling presidential primary that would conclude with the Democratic National Convention in July 2020, the Indian-American community leaders said Harris - who is of mixed parental heritage from India and the Caribbean - has a fair and clear shot at the White House.

Sen. Kamala Harris, D-Calif., speaks to members of the media at her alma mater, Howard University on Monday

"It's a proud moment for the Indian-American community to see one of our own announce to run for the president," eminent philanthropist and venture capitalist M R Rangaswami, founder of Indiaspora, told PTI.

Indian-American Impact Fund, a political action committee that supports Indian-Americans candidates, said it was "thrilled" by Senator Harris' "groundbreaking" announcement.

"As the first viable Indian-American candidate for

President of the United States, she is a trailblazer for our community and a champion for our values.

We applaud her decision and look forward to supporting her enthusiastically in the days and months ahead," it said.

Harris would create history by becoming the first woman to be elected as the US President if she wins the 2020 presidential race against Trump.

# GLOBE TROTTER

**PUTIN, ABE HOLD SUMMIT TO BREAK ISLAND IMPASSE**  
Moscow: Russia and Japan's leaders meet for talks in Moscow on Tuesday over the disputed island chain that has long prevented a peace treaty to end World War II. But recent rhetoric has dampened hopes of a breakthrough.

**ISRAEL, US TEST BALLISTIC MISSILE INTERCEPTOR**  
Jerusalem: The Israeli and US defence ministries said on Tuesday they had successfully tested ballistic missile interceptors deployed at Israeli airbases.

**7 TROOPS, 59 MILITANTS KILLED IN SINAI: EGYPT**  
Cairo: Egypt says at least seven troops, including an officer, have been killed in clashes with militants in recent operations in restive northern Sinai Peninsula. The military said in a statement Tuesday that forces have killed at least 59 suspected militants and arrested another 142 suspected militants and criminals.

**NAWAZ SHARIF SHIFTED TO HOSPITAL FROM JAIL**  
Lahore: Pakistan's former Prime Minister Nawaz Sharif, who is serving a seven-year imprisonment in a Lahore jail, was rushed to a hospital on Tuesday after he complained of heart related complications.

# Trump says students 'unfairly treated' over Native incident

AFP ■ WASHINGTON

Boys from a Catholic school in Kentucky were treated unfairly in a rush to judgment, President Donald Trump has said after allegations the students had mocked a Native American elder.

"Looking like Nick Sandman & Covington Catholic students were treated unfairly with early judgements

proving out to be false - smeared by media," Trump tweeted on Monday.

As in many cases, Trump's tweet appeared to be triggered by Fox News, as he cited the network's Tucker Carlson saying new footage showed "media" were wrong about the encounter.

Footage captured on multiple phone camera videos that swept social media on

Saturday showed a white Covington student standing silently with his lips taugth, extremely close to Nathan Phillips, a Native American Vietnam war veteran, who beats a traditional drum while chanting.

The student wears a red cap bearing Trump's slogan, "Make America Great Again." Other students are jumping up and down, chanting.

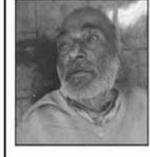

# PROCLAMATION REQUIRING THE APPEARANCE OF A PERSON ACCUSED

SEE SECTION U/S 82 Cr. P.C.

Whereas complaint has been made before me that accused Neeraj @ Sonu S/o Ramesh, R/o K-818, Jahangir Puri, Huts behind ITC, Delhi is involved in case FIR No. 66/16 U/s 457/380/411/34 IPC, at P.S. Aman Vihar, New Delhi and it has been assigned to a warrant of arrest thereupon issued that the said accused Neeraj @ Sonu, cannot be found and whereas it has been shown to my satisfaction that the said accused Neeraj @ Sonu, has absconded (or is concealing himself to avoid the service of the said warrant) Proclamation is hereby made that the said accused Neeraj @ Sonu, in case FIR No. 66/16 U/s 457/380/411/34 IPC, at P.S. Aman Vihar, New Delhi are required to appear on this Court to answer the said complaint on or before 11.04.2019.

# Who let the cranks out?

Constant talk of EVMs being hacked is nothing but a systematic and insidious way to undermine democracy

Let us get one thing straight, even a stand-alone electronic machine, no matter how simple, can be manipulated. If you have the knowledge, expertise and time, you can hack your kitchen appliances like a toaster or blender. If you have a lot of time and an unlimited budget, you might even be able to do so over the air, but the sheer expense and effort required to do that makes it unviable. The reason we are talking about basic kitchen appliances is that they are as simple as an Indian electronic voting machine (EVM). A microwave or advanced food processor is not let alone anything that is connected to

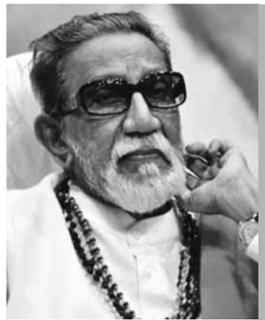

the internet of things. If the question is whether an EVM can potentially be hacked, it might be possible. But can it happen in reality is a different question altogether and the accusations being thrown by random, untrustworthy people have to be dismissed with a degree of condescension.

A basic degree of understanding the way an Indian election is conducted needs to be understood. If you have ever voted in an election, you would have seen the huge number of voting agents of every colour at every contested seat. Most Indian voters are smart enough to look and register who they have voted for. If they notice something grossly out of line, they would immediately find the booth agent for their party of choice and the complaint is forwarded with alacrity. In fact, the biggest risk in Indian elections has always been and will continue to be human intervention. Fake votes are cast in the name of others thanks to corrupt electoral agents and by musclemen. This still happens with alarming regularity in some rural areas and where single political forces dominate. That said, the rise of electronic and online media, which brings such instances to light rapidly in most cases, has managed to reduce the problem. In talking about EVMs being the problem, some folks would rather that you focus on an issue that does not exist and make excuses for their electoral failures. It is also an insidious plot to undermine democracy by some politicians who are out of power and we must see through that.

That said, the Election Commission of India, in addition to denying these allegations, must make a strong effort to show that their voting machines are secure. At the same time they should work overtime to ensure that the machines are securely stored and accounted for. Stories emerged during recent polls across India that EVMs were found in strange places. Again the human element comes into play just like it does in paper ballots. To those who doubt the veracity of the elections in India, including some journalists, we would urge them to learn a bit more. India cannot bear the cost and the time of conducting paper ballot elections, and hopefully the latest issue by some nobody trying to position himself as the Edward Snowden of India should be dismissed. After all, Snowden and Julian Assange have emerged as Russian agents out to undermine American democracy. So we should treat this latest crackpot with the same contempt.

# The memorial push

The Mumbai mayor has now moved to a zoo campus to make way for Thackeray museum

City zoos aren't exactly forests but a reminder of what we've lost out on in our relentless march towards civilised living — the call of the wild. So long these have been dots of biosphere that enable us to experience the animal world in the gush of the Maximum City. But turns out that just like the forests, we will end up encroaching into these as well and prioritise urban living over allowing other creatures the right to co-exist. So it is that the Mumbai mayor is reluctantly moving into a heritage bungalow in the

Byculla zoo as his earlier official residence, also a heritage building, is being converted to a memorial for Shiv Sena founder Balasaheb Thackeray. In other words, one is to safely deduce that no property in the country's commercial capital could be found to accommodate mayor Vishwanath Mahadeswar. It seems he can only live in heritage structures to continue colonial rituals even if we cannot afford them anymore and though he had wanted two on the posh Malabar Hill and Carmichael Road, he had to reconcile to the Byculla bungalow, which, last heard, was renovated at ₹80 lakh. The BMC has used much of this to build a gate on the access road to the bungalow to provide the mayor privacy and install sound barriers to keep the animals away. But given the mayor's busy schedule, the hosting of several events and the newly-created, expansive parking lot, it is difficult to understand how animals can be immune to either noise pollution or human depredations.

Of course, his old Shivaji Park bungalow at Dadar is also a grade II heritage structure though the Thackeray memorial administrators insist that they are complying with the norms, environmental and structural, to ensure that no damage is done to it. Except the working shed and re-imagining the use of the basement space, nothing is being touched upon, they claim. But since the building comes under CRZ 1 (Coastal Regulation Zone), even the slightest changes in peripheral construction require the nod from several agencies, including the Union Environment Ministry. The proposed construction has already been challenged in the Bombay High Court for alleged flouting of norms, so formal construction can begin only when that's settled. But for now a *bhoomij-pan* is sealing that predicted legitimacy with Chief Minister Devendra Fadnavis clearing ₹100 crore for development of the memorial and handing over the bungalow to Sena president Uddhav Thackeray at a token ceremony. The political import of this being an olive branch by both sides in poll season is not lost on anybody. Neither is the fact that by respecting what is an emotional issue for the Shiv Sena, the BJP is keen to heal the recent wounds caused by ongoing public spat and the on-off threats to snap ties of almost two years. The political will to accommodate the Sena's concerns, to the extent of even asking the mayor to vacate his place against his wishes, can be understood considering that the clearance for the Thackeray memorial was given by the Congress-NCP regime. The larger question is do we pursue a memorial mania just because there are precedents of iconisation even in European history? Isn't it enough that contemporary history teaches generations after us what matters the most — the contribution of our movement leaders? The Sena trust could run several welfare programmes for the youth and keep the legacy alive in a far more vibrant manner than simply housing a museum in a heritage bungalow. That's just caging a leader known as the "tiger" once.

# Vote for world peace

Had it not been for the success of the first general and Assembly elections in 1952, the great experiment of democracy would have failed in India and the world would not have been what it is

PRIYADARSHI DUTTA

Sukumar Sen, an Indian civil servant — the first Chief Election Commissioner of India no less — arguably deserved a 'Nobel Prize for Peace' in his official capacity for actually launching this country into the trajectory of democracy. Were it not for the successful completion of the first general and Assembly elections in 1952, the exalted principles of democracy, as enshrined in the Constitution, could have received a rude setback.

Imagine for a moment in 1953, when Sir Winston Leonard Spencer Churchill, to give him his full breadth, got his Nobel Prize for Literature (in absentia) "for his mastery of historical and biographical descriptions as well as for brilliant oratory in defending exalted human values", Sen receiving the same in the Peace category. His citation could read, "for peacefully conducting the world's largest elections in India in 1952 on the basis of universal adult suffrage notwithstanding an abysmally low literacy rate of the electorate, thereby launching the Asian nation on the path of democracy believed to be a preserve of affluent and industrialised nations of the West."

In reality, the Nobel Prize for Peace, 1953, was awarded to General George C Marshall Junior (1880-1959), former US Secretary of State, for his plan ('Marshall Plan') aimed at economic recovery of Western Europe after the World War II. No Nobel Peace Prize was given over the next two years. The free world failed to fathom the significance of independent India's espousing democracy. India spearheaded the struggle for de-colonisation in Asia and Africa. It was also a harbinger of parliamentary democracy in the non-Western world. One fifth of the world's population, enlisted to the cause of democracy, was no mean achievement at the onset of the Cold War. India kept out of power blocs and military pacts.

In early 1975, or 25 years after the Constitution of India came into force, there were only 40 democracies in the world. They were predominantly in rich and industrialised nations of the West. It was not until the 1980s, or more noticeably the 1990s, after the cessation of the Cold War, that significant democratisation happened worldwide. There are around 125 electoral democracies in the world today.

The role of democracies in contributing to regional peace is well-acknowledged. Democracies rarely get involved into conflicts with each other or display hegemonic designs. They also tend to promote an open society. They, thus, have a moderating effect on global situation.

Mao Zedong led China to become a People's Republic within a year of India's independence. It, thus, took a very different political trajectory than India's. Both nations shared cordial ties in the beginning before relationships soured. But China's going over to communism, initially as an ally of the erstwhile USSR, and subsequently as adversary, introduced definite tension in international rela-

tions. Its support to North Korea encouraged the communist regime to attack South Korea on June 25, 1950, thus triggering the Korean War (1950-1953).

The US failed to tame China and had to resume harmonic diplomatic relationship in 1972 after a quarter century of alienation. The then US President, Richard Nixon, visited Beijing to meet Mao Zedong and seal that negotiation between the two politically incompatible. But China never lost its capacity to give headache to its neighbours and the free world in general with its aggressive posturing on geo-political and economic matters.

Our other neighbour, Pakistan, also could not develop genuine democracy. Its record of military dictatorship extends from Field Marshal Ayub Khan in the 1950/60s to General Pervez Musharraf in the new millennium. It has become a hub of Islamic extremism and terrorist groups. Its greatest rebuff to democracy was Islamabad's persistent refusal to accept the result of general elections of December 7, 1970, which sparked off the Liberation War of Bangladesh. The genocide of 1971, mostly of the Hindus in east Bengal, by the Pakistani Army, remained an excruciating chapter of history.

India's democracy is the fruition of Constitutional agitations of the 19th century, followed by mass movements led by MK Gandhi between 1920 and 1942. The first produced a nucleus of men versed in the legislative science and Western democratic principles. The sec-

“  
DEMOCRACY, BASED ON UNIVERSAL ADULT FRANCHISE, IS A GIFT OF OUR CONSTITUTION-MAKERS. TO ENSURE FREE AND FAIR ELECTIONS, THEY ENVISAGED AN AUTONOMOUS ELECTION COMMISSION UNDER ARTICLE 324. HOWEVER, UNIVERSAL FRANCHISE IS AN UPSHOT OF OUR FREEDOM STRUGGLE, WHICH WAS WAGED IN THE NAME OF EVERY INDIAN, REGARDLESS OF GENDER, SOCIAL, AND ECONOMIC STATUS”

ond led to the growth of contact between the leadership and the masses.

The demand for the introduction of elective principles in India long ante-dated the demand for independence. The demand for introducing elective principles (in legislative councils) was raised by the likes of Justice MG Ranade, antiquarian Rajendralala Mitra, Surendranath Banerjee and several other leaders in the last quarter of the 19th century. There was not even remotely a demand for independence then.

Democracy, based on universal adult franchise, is a gift of our Constitution-makers. To ensure free and fair elections, they envisaged an autonomous Election Commission under Article 324. However, universal franchise is an upshot of our freedom struggle, which was waged in the name of every Indian, regardless of gender, social, economic and educational status.

But to implement the same at the ground level posed a huge administrative challenge. The delimitation of constituencies, based on the Census of 1941, creating an accurate voters' list, building capacity and mobilising Government employees on election duty were tough challenges for a newly-independent nation affected by Partition, mass migration and integration of princely states.

There was no dearth of sceptics who predicted that India's first general election would prove to be its last. They argued that a population with a dismal literacy rate of 16.6 per

cent was unfit to handle democracy. Critics, however, were proven wrong. A 51.5 per cent voters' turnout was recorded, which was by no means unsatisfactory. The Election Commission made elaborate publicity arrangements to educate the voters. Sen himself went over to radio and gave a series of talks to enlighten the voters on a range of issues. January 25, 1950, was the day when the Election Commission of India was instituted. Since 2011, the day is being marked as 'National Voters' Day' to motivate and facilitate the voters to exercise their franchise. Democracy is a continuous revolution, which must be fed interruptedly.

"Democracy is by no means a Western institution, it is a human institution. Wherever man has attempted to evolve political institutions, he has hit upon this wonderful institution called democracy," observed Subhas Chandra Bose in his presidential address at the Maharashtra Provincial Conference in Pune on May 3, 1928. Yet like a polar satellite, there was a danger of it going to pieces, if not properly launched. India's first Chief Election Commissioner set an example. Today, the Election Commission conducts elections five times that size. Little do we realise how immensely they contribute to world peace.

## SOUNDBITE

The sense of duty among people before India's Independence has now turned into a sense of entitlement.

Prime Minister — Narendra Modi

A self-reliant diaspora can be an asset in bringing new perspectives, investments and ability to connect home countries with India.

Mauritius Prime Minister — Pravinand Jugnauth

I feel there are people waiting for me to fail. My failure is important to them. I understand their cynicism but I can never be like them.

Actor — Kangana Ranaut

Young people must strive to serve the less fortunate and learn to be empathetic to needs and sufferings of fellow citizens.

Vice President — M Venkaiah Naidu

## LETTERS TO THE EDITOR

### Unanswered questions

Sir — This refers to the editorial, "Didi's headline act" (January 21). The prelude to a mouth-watering political drama has been written for 2019 with an appetiser in Kolkata.

A range of opposition parties came together to address a mega rally there wherein soaring speeches were delivered, gracious gestures exchanged and clever slogans worked to prime the crowds whose expectations were running high. They all had a common target: The Bharatiya Janata Party (BJP) in general, and Prime Minister Narendra Modi and party chief, Amit Shah, in particular.

The election was presented as a binary — the BJP alone on one side with the rest of the country on the other. In the aftermath of Trinamool Congress chief and West Bengal Chief Minister Mamata Banerjee's rally, the pertinent questions that need answering now would be — what would be the role of the Congress in the political near-future?

JS Acharya  
Hyderabad

### Exposing the real culprit of Syrian problems

This refers to the article, "Syria's carnival of treachery" (January 21) by Gwynne Dyer. In their capacities as Presidents of two close NATO allies, both Recep Tayyip Erdogan and Donald Trump are always in constant contact, especially on international issues of mutual concern. Recently, the US President decided to withdraw American troops from northern Syria, exercising his Constitutional prerogative as he strongly believed that the Islamic State (IS) was almost eliminated on the ground. It is expected that the withdrawal should be in full coordination with Turkey so that there would not be any security vacuum on the ground to be filled by terrorists again. The YPG, an affiliate of a terrorist organisation, PKK in Syria, has been awarded with immense support from Pentagon in the name of fighting IS, another terrorist organisation. Therefore, YPG is understandably upset with President Trump's decision. Those in the international media like 'independent journalist Dyer' are also shocked with this decision.

As everybody may recall, Turkey launched two military operations against IS in northern Syria in 2017 and

2018, and cleared thousands of square kilometres from the terrorists. Three lakh Syrians, including Arabs, Kurds and Christians, who fled their villages and sought shelter in Turkey since 2011, returned to their homes after the field was secured, thanks to Turkey's operations. Who were not happy on the ground and among the foreign forces were those who dreamt day and night for the creation of a belt immediately on the other side of the Turkey-Syria border, controlled and administered by YPG terrorists. In brief, it is not Turkey and its democratically-elected President who are against the Kurds, where millions of them are living as equal citizens of the country and have their voice in all walks of life, including politics. It is a terrorist organisation called PKK, masquerading as PYD/YPG in Syria, which does not wish to give any chance of life beyond its totalitarian vision to anyone, including the Kurds of Syria, while continuously staging cross-border attacks in Turkey for the past 40 years. Dyer's article is an insult to intelligence.

Sakir Ozkan Torunlar  
Ambassador of Turkey, New Delhi

### End inequality

Sir — This refers to the editorial, "Wealth inequality" (January 22). Wealth inequality is far greater in India as the masses do not have the right to social security that our Western counterparts enjoy. Inequality is measured in Gini index where higher index value indicates greater

inequality. A Gini of 0 denotes perfect equality and 100 absolute inequality. The Gini coefficient was as high as 48 percentage point in 2013 but jumped to an alarming 63 percentage point in 2016.

After coming out of bottle, the Gini, as it were, had grown 15 percentage points in just three years. The top one per cent

of income tax filers earned 15 per cent of total income in 2013. After three years, the top one per cent of income tax filers were allowed to gulp 45 per cent of all income in 2016.

Not only is India's inequality growing but doing so now at a much faster pace. This glaring inequality must immediately be bridged by inclusive growth,

developing social sectors, adopting labour-intensive technology, empowering Dalits and women and ensuring social security for the needy. Otherwise, such barbaric inequality will force us to live in a dog-eat-dog environment where equality and fraternity are absolute no-no.

Sujit De  
Kolkata

### Prosperous society

Sir — This refers to the editorial, "Wealth inequality" (January 22). It is true that there is a huge gap between the rich and poor in India. And this state is the same across the world. This mammoth gap cannot be curbed immediately but at least we need to make a start to build a society where everyone can live decently and gleefully. The data exhibited by Oxfam is very much similar to the Pareto principle. If the gap widens between the richer and poorer, a prosperous society can't be formulated.

**FIRST COLUMN**

**Ladies, keep a smart purse**

A majority of women today cannot take financial decisions and look up to their counterparts. To ensure a healthy nation, they must start investing

HIMA BINDU KOTA

Over the years, the strategic and influential role of women leaders in the modern economy has increased manifold and they have started contributing to the economy. They have become significant for the advancement of a nation. However, even today, a majority of women are not involved in the financial decision-making process and leave it to the men — their fathers, brothers or husbands. But all of this can change as women are economically independent and have been taking the responsibility of their earnings and investments. With inflation and taxes eating up a chunk of one's salary, savings alone are not enough to meet financial goals of a family. One needs to invest in order to get the best returns. Investments must be linked to goals. So, women have to become savvy about savings, taxes and investments, when compared to old times. In fact, financial needs, and, therefore, investment options of women are also different. When compared to men, they have more breaks in their careers, maybe due to marriage, child birth and because they have to take care of their children or the elderly.

In addition, there is also a rise in the number of single women. Women need to be financially literate in order to stay financially independent and ensure that their goals are always in line with that of their family. So, is there an age when women should start looking at investments? Actually, there is no particular time to start saving or investing. The earlier one starts, the better it is.

**In your 20s:** At this stage, most women choose their career path, which sets the tone for their future. This should also be the time for them to set the tone for investments. One of the basic tenets of investments is to start early. Equities can be a good investment choice in the 20s as one can take more risk when he/she is young. A young woman can choose to invest in equity mutual funds for long-term goals as mutual funds give one the benefit of professionals managing the money. Every working professional will retire sooner or later. Young women in their 20s can open a Public Provident Fund (PPF) account where she can start investing from as low as ₹500 to a maximum of ₹1,50,000 per year. These are the least risk investment products.

**In your 30s:** At this age, women are usually married and some might even have children. Besides, they have the additional responsibility of caring for the family. Women must remain invested in mutual funds and must also hold life insurance policies. One life insurance policy for each earning member in the family is a must. It is also important to invest for the child's future. Systematic Investment Plans mutual funds are a good way to start. A mother should opt for the Sukanya Samridhi scheme, which provides higher interest in order to save if she has a girl child. This is also a good time to invest in real estate or buying a home as well and enjoy the multiple benefits of long-term security, tax benefits, hedge against inflation, and in some cases, rental income. Some banks also give concessional interest rates to women in case they want to avail loans. Women should make the most of it. This is also a good time to invest in a suitable health insurance plan, which will take care of medical emergencies. Having sufficient money market funds or liquid funds is crucial to help tide over emergencies.

**In your 40s:** This is a time to think more in lines of capital protection than capital appreciation. So, fixed deposits should be the flavour as it helps in getting assured returns and one can use them to take loans as well. Most women and their spouses think about funding their kid's higher education. If one hasn't saved enough, they can take educational loan. This loan gives one tax benefits under Section 80E of the Income Tax Act. One should never use the retirement savings to fund one's child's education because it will be difficult to rebuild those savings. Once one has used his/her savings to fund some goals, the money used should be redirected to the retirement savings. Another important point is that some women buy gold jewellery as they consider it to be a good investment. Gold jewellery doesn't have great resale value because of wastage and other charges. Investment in gold should always be in the form of coins or bars. One could even invest in gold mutual funds.

**In your 50s:** As one nears retirement, he/she should start moving some of the risky investments to safer avenues like debt mutual funds. But women shouldn't give up investing in equities yet, and have a small portfolio of their investments in equities to beat inflation, which will most probably have a huge impact on savings once they retire. Investing in Senior Citizen Savings Scheme or fixed deposits for senior citizens upon retirement can also be beneficial. It's high time that women start investing smartly so that they can gain from higher returns and ensure stability for their financial future and in turn, become the backbone and strength of our nation.

THE WEST BENGAL GOVERNMENT IS TRYING TO BLOCK EVERY PROGRAMME OF AMIT SHAH, BE IT A RALLY, YATRA OR THE LANDING OF HIS CHOPPER.

—UNION MINISTER PIYUSH GOYAL

**POINT COUNTERPOINT**

WE BELIEVE IN DEMOCRACY. POLICE GAVE THE PERMISSION TO LAND AMIT SHAH'S HELICOPTER. BJP IS MISINFORMING THE PEOPLE.

—WEST BENGAL CHIEF MINISTER MAMATA BANERJEE

**Giving back to the roots**

India needs to address the concerns of ethnic Indians anywhere in the world, without jeopardising its relations with host countries. A more proactive diaspora policy is required

AMIT SINGH

Then Prime Minister Atal Bihari Vajpayee had conceptualised the Pravasi Bharatiya Divas to acknowledge the existence of overseas Indians in the national narrative, give them a connective tissue to their country of origin and make them stakeholders in the country's development. Significantly, he inaugurated the first conclave on January 9, 2003, to commemorate the "expatriate" Mahatma Gandhi's return to India from South Africa after 20 years. On that date in 1915, Gandhiji set foot on home soil and drew on his experiences to rejuvenate India's freedom struggle. Historically, the overseas Indians funded the activities of the Indian National Congress and the Indian National Army in gaining Independence. They also led the Ghadar Movement against the British Raj. Fifteen editions down the line, the Divas, currently being held in Varanasi, Uttar Pradesh, has even solidified their role in the country of their birth with the theme being the "Role of the Indian Diaspora in Building a New India."

Prime Minister Narendra Modi, who is faced with an uphill task of redefining India as well as global politics, is poised to give equal opportunities to overseas communities. The large presence (more than 25 million) of the diaspora across the world has compelled New Delhi to positively engage its untapped asset in fulfilling its internal as well as external dreams. Indians abroad have the potential to advance the country's profile through their intellect, finance, expertise and enterprise. They played a critical role during the 1990s, when our economy opened up for the first time, and in 1998, when we were faced with Western economic sanctions following the Pokhran II nuclear tests.

Moreover, in the contemporary globalised world, the diaspora has emerged as a powerful factor in developing workable relations between nation states and been a catalyst in strengthening bilateral relations between India and host nations. It is also playing a pivotal role in India's 'soft power' diplomacy, which is one of the major components of New Delhi's foreign policy strategy. The India-US Civil Nuclear Deal would not have happened if ethnic Indians in the US had not lobbied successfully. Our lobby groups, in fact, have done a lot to change the perception of India on Capitol Hill despite regime changes. And at a time when the world talks about how overseas Chinese plough back resources into their home country, it is significant that India retained its position as the world's top recipient of remittances in 2018, too, with \$80 billion. Interestingly, the total remittances are estimated to be equivalent to 2.8 per cent of India's Gross Domestic Product (GDP). According to an Indian Economic Review survey, using National Sample Survey Organisation data, these remittances helped in poverty reduction and changing consumption behaviour in rural areas. Researchers found that receiver families progressed very well in spending on healthcare and amenities that pushed up their ease-of-living index.

Therefore, knowing the potential of the Indian diaspora, Modi deliberately interacted with the overseas community during his trips to the US, Australia, Myanmar, Fiji, Saudi Arabia and UK among others. He even liberalised visa services for them and encouraged them to be partners in new projects.

The Government is also thinking about con-

MANY IN THE PEOPLE OF INDIAN ORIGIN (PIO) COMMUNITY BELIEVE THAT THE GOVERNMENT TOTALLY IGNORED THE INDIAN DIASPORA, EXCEPT WHEN IT OCCASIONALLY ADDRESSED CERTAIN ISSUES AS PER ITS OWN CONVENIENCE. NEW DELHI WANTS TO ENGAGE THE PIOS BUT WITHOUT ANY LIABILITIES. THE REASON IS QUITE CLEAR — THE PIOS AT PRESENT DO NOT CREATE ECONOMIC INFLUENCE FOR THE INDIAN GOVERNMENT AS COMPARED TO THE NRIS

necting diaspora communities across generations, particularly trying to revive ties with original settlers, whom we call People of Indian Origin (PIOs). This is a good step as NRIs, also known as the 'new' diaspora and being more affluent, tend to top the headline acts and seem to project themselves as better influencers.

The push for an inclusive approach can be traced as far back as 2000, when the Government set up a high-level committee on Indian diaspora for assessing issues concerning Indians overseas, suggesting new policy and organisational frameworks and recommending a country-specific agenda to intensify India's diplomatic engagement. On the recommendation of that committee, the government implemented numerous policy initiatives, including the decision to celebrate the Pravasi Bharatiya Divas and institute the Pravasi Bharatiya Samman awards. The most significant initiative announced by Vajpayee at the inaugural edition was that PIOs in certain countries would get dual citizenship. However, his party lost the next general elections.

In 2004, the Manmohan Singh Government adopted two significant measures: Establishing a separate Ministry of Overseas Indian Affairs and introducing the Overseas Citizenship of India Scheme in August 2005 in response to "dual citizenship." During the 10th Pravasi Bharatiya Divas in 2012, the government announced voting rights to NRIs and some of them exercised their franchise for the first time in the 2014 general election.

However, many in the PIO community now believe that the government totally ignored the Indian diaspora, except when it occasionally addressed certain issues as per its own convenience. They were upset by the government's

handling of racial attacks on Indians in Australia, when New Delhi watched the whole episode as a mute spectator and engaged only in lip service to pressurise Canberra. Another example of the government's apathy was in 2007 when the Hindu Rights Action Force (HINDRAF) internationalised the wretched condition of ethnic Indians in Malaysia. The government's initial response was tight-lipped. This came as a shocker considering it had given a stern response in 2003, when nearly 300 Indians, mostly IT professionals in Kuala Lumpur, were "maltreated" and "interrogated" by Malaysian authorities. It had warned that any repeat of such incidents would affect bilateral ties.

Nonetheless, one can also argue that the victims of ill-treatment on March 9, 2003 were Indian citizens/NRIs. On the other hand, the protest of November 2007 concerned Malaysian citizens of Indian descent and, therefore, the government refrained from interfering in what could be interpreted as interference in the internal matters of Malaysia. However, the fact of the matter is that most PIOs still consider themselves as Indians and, whenever they are in trouble in the host countries, look at their motherland in protecting their interests. Interestingly, New Delhi also wants to engage the PIOs but without any liabilities. The reason is quite clear — the PIOs, at present, do not create an economic constituency for the Indian government compared to NRIs. Therefore, one must engage in some form of meaningful reciprocal links with PIOs.

This apathy has led to a lesser participation of overseas Indians in successive celebrations of the Pravasi Bharatiya Divas. Nowadays, the diaspora has realised that the event is more about

"Bharat" rather than the "Pravasi." The Modi Government has realised this predicament and, therefore, has made it a biennial instead of an annual event.

Now, it is high time for the government to revise its almost two-decade-old report and chalk out a proactive diaspora policy. In fact, the ruling BJP should not forget its election manifesto of 2014, where it made it clear that it would work with Non-Resident Indians (NRIs) and Persons of Indian Origin (PIOs) by adopting a proactive diplomacy strategy, to develop what it referred to as "Brand India." It stated that "the NRIs, PIOs and professionals settled abroad are a vast reservoir to articulate the national interests and affairs globally. This resource will be harnessed for strengthening Brand India."

India should be obligated to address the concerns of ethnic Indians anywhere in the world, without jeopardising their relations with the host countries. Only then, the condition of PIOs as well as India will improve globally, as PIOs constitute more than 75 per cent of the Indian diaspora. This is, therefore, an opportune time for New Delhi to substantially, rather than symbolically, recalibrate its diaspora policy that will redefine its terms of engagement. This recalibration can pay rich dividends to its foreign policy objectives and will also help them to be a valuable human resource for developing a new India. As the Prime Minister himself acknowledged, while addressing the first PIO Parliamentarians' Conference in New Delhi, law makers from countries ranging from the US and the UK to Reunion Islands in the Indian Ocean could boost India's economic growth.

(The writer is Assistant Professor, Atma Ram Sanatan Dharma College, University of Delhi)

**The many perils of a coalition**

The impressive show of unanimity among Opposition leaders at a rally in Kolkata for the first time presented a prospect of a pre-poll alternative to the BJP. But for that to fructify, challenges are many. Most important of all is to stay united

KALYANI SHANKAR

Can the Opposition unite to pose a challenge to the Bharatiya Janata Party (BJP) in the coming months? There are so many ifs and buts although West Bengal Chief Minister Mamata Banerjee organised a mammoth rally in Kolkata's Brigade grounds last week.

The who's who of the Opposition gathered to prepare a roadmap for a coalition against the ruling BJP. Addressing the 'United India' rally, Banerjee predicted that the BJP's days were numbered and that the "expiry date" of the Modi-led Government had come. The rally was, perhaps, the beginning of Opposition efforts to oust the BJP Government ahead of the 2019

Lok Sabha election. Though the idea could not move forward earlier, when Karnataka Chief Minister HD Kumaraswamy took oath on May 23 last year. Several Opposition leaders had graced that occasion too.

But this time, it is likely to be followed up with another rally in Amravati, Andhra Pradesh, by Chief Minister N Chandrababu Naidu and another one in Delhi, organised by Aam Aadmi Party (AAP) chief Arvind Kejriwal. An impressive list of leaders from 20-plus parties — including former Prime Minister Deve Gowda, former Union Ministers Sharad Pawar, Arun Shourie and Shatrughan Sinha, Chief Ministers Chandrababu Naidu, Arvind Kejriwal and HD Kumaraswamy, former Chief Ministers Akhilesh Yadav, Farooq Abdullah, Omar Abdullah and Gegong Apang among others — were a part of the Kolkata rally.

From the podium, Banerjee appealed to the country, 'Delhi

mein sarkar badal do' (change the Government at the Centre). Other Opposition leaders, too, echoed similar sentiments. This was the first big effort by the Opposition after the BJP lost badly in the three Hindi heartland States — Rajasthan, Madhya Pradesh and Chhattisgarh — last month.

The Opposition combine boasts a wealth of leaders but as Deve Gowda pointed out, it would be very difficult for different party leaders to forget their differences and come together. There are so many Opposition parties of various hues and ideologies that are pulling in different directions, the possibility of which is not a national coalition but state-specific alliances.

Most importantly, ego of regional chieftains comes in the way of unity. In fact, the Congress is working on this strategy and so are other parties. For instance, in Uttar Pradesh, the Samajwadi Party (SP) and the Bahujan Samaj Party (BSP) have come together, keeping the Congress out. In West Bengal, will

the Congress go with the Trinamool Congress (TMC) or the Left? Will the Telugu Desam Party (TDP) continue its ties with the Congress in Andhra Pradesh, where the party's vote share is almost zero?

In the North-East, an alliance with regional parties is required. Left parties have remained outside as they do not want to share the platform with the TMC. Meanwhile, Telangana Chief Minister, K Chandrashekhara Rao, who was busy mobilising a federal front, was absent at the rally because he did not want to share the dais with Naidu and Congress leaders.

These are the challenges that will come in the way of Opposition unity. Once this issue is resolved, then comes the question of who would be the prime ministerial candidate? This topic has been pushed aside for now. Leaders have claimed that it will be a collective leadership and the candidate can be decided in a post-poll scenario.

"Throw the BJP out. We will figure out who can become the Prime

Minister. Modiji need not worry," said Banerjee. Even the Congress agreed that the decision should be taken only in a post-poll scenario. The Opposition, therefore, will go without a challenger to Modi despite its galaxy of leaders. The BJP will, taking advantage of this scenario, opt for a presidential style of campaign.

The third challenge is for the regional satraps to show an extraordinary determination to sweep the polls in their respective States. They did well in 2014 by winning an impressive number of seats. A repeat performance would go a long way in challenging Modi and his Government.

The fourth challenge is a 'one-on-one fight' against the BJP. This would avoid a division of Opposition votes but it appears difficult. The Prime Minister is counting on a divided Opposition to win the 2019 battle.

The fifth and the most important point is that the Opposition has no new narrative — just Modi-bash-

ing will not fetch them votes. Unless they come up with a new vision, voters will not get enthused. Recently, Modi reacted in his characteristic style: "My stand on corruption has made some people angry as I prevented them from looting public money; they have formed the mahagathbandhan." Modi is simply sticking to his corruption plank.

There is no doubt that Opposition unity is very difficult to achieve but there is no harm in trying. After all, the BJP came to power with just 31 per cent vote share in the 2014 Lok Sabha poll.

As one of the Opposition leaders said, "Manzil bahut door hai, Raasta bahut kathin hai; Dil mile na mile, Haath mila ke chalo" (our destination is far and the path is difficult; despite our differences, we have to tread the path holding hand together). The coming days and weeks will show whether the opposition means what it says.

**OFFER PROTECTION TO THE WORKERS**

Bangladesh is not alone in having a garment sector in which workers are ruthlessly exploited. An investigation found a Chinese toy factory where women were paid on average 1p to make a doll which sells for £34.99 in the UK. So long as such factories are controlled by interests close to authoritarian governments, improvements can only be piecemeal and often cosmetic.

(The Guardian editorial)

# Shah vows to banish TMC, illegal immigrants from Bengal

SAUGAR SENGUPTA ■ KOLKATA

A saffron Government, if it comes to power in the State, will end cross-border infiltration and "syndicate tax raj" in Bengal, BJP president Amit Shah on Tuesday said while launching a venomous attack on the Mamata Banerjee Government.

Shah who was holding a rally at Malda in North Bengal said reminding, the first pre-condition for a State-level changeover is a thunderous victory for the saffrons in the

coming Lok Sabha elections. "Trinamool Congress needs to be uprooted from this State so as to bring to an end its syndicate tax raj," Shah said reminding "in order to see the back of this Government which has promoted gun and bomb workshops in the place of traditional factories we will have to first defeat them in the general elections."

Setting a target of 23 seats Shah said "we will have to win 23 seats from this State so that we can throw them out of power in the next State elec-

tions," adding the coming general polls will not only determine the future of India but also write the history of Bengal in a different way.

"The 2019 elections will determine whether this TMC Government which has murdered democracy in Bengal and set up syndicate tax raj, will remain in Bengal or will be uprooted," Shah adding "in Gujarat you don't have to cough up money to the syndicates for buying cement, bricks and sand to construct a house.

Attacking the Trinamool

Government for providing asylum to the cross-border infiltrators Shah said, "I can assure you that if BJP comes to power it will not let any infiltrator enter Bengal." The TMC Government loves infiltrators, which is why it is allergic to national register for citizens protesting its implementation, Shah said promising to bring NRC to Bengal if it comes to power in this State.

The BJP Government will provide citizenship to all the Hindu, Shikh, Buddhist and Jain refugees during the NRC

regime he said.

Mocking the grand United India rally organized last Saturday by Chief Minister Mamata Banerjee at the historic Brigada Parade Ground in Kolkata and attended by 23 national leaders Shah said "this was a rally where there were 9 aspirants for the Prime Minister's post. This means there were nine Prime Ministers whereas in BJP there is only one, that is Narendra Modi," adding the people will definitely choose the better and later option.

BJP national president Amit Shah waves at supporters during a public rally at Nitayapur in Malda on Tuesday PTI

**NORTHERN RAILWAY**  
TENDER NOTICE (Through e-tendering)

Date : 23-01-2019, Place: New Delhi Sd/-, Authorized Officer, Axis Bank Ltd.

## Maha Govt OK's ₹100 cr for Thackeray memorial

TN RAGHUNATHA ■ MUMBAI

In an effort to keep its aggrieved ruling alliance partner Shiv Sena in good humour in the run-up to the crucial Lok Sabha polls, the BJP-led Maharashtra Government on Tuesday sanctioned ₹100 crore for the ambitious Bal Thackeray memorial, being developed at the erstwhile Mayoral bungalow at Shivaji Park in north-central Mumbai.

The State Cabinet, at its weekly meeting presided over by Chief Minister Devendra Fadnavis, approved the decision to sanction ₹100 crore for the Thackeray memorial.

The State-run Mumbai Metropolitan Region Development Authority (MMRDA), which functions directly under control of the Chief Minister, will make available ₹100 crore for the Thackeray memorial project.

The development came on the eve of the 93rd birth anniversary of Thackeray on Wednesday.

On Wednesday, the Brihanmumbai Municipal Corporation (BMC), which owned Mayor's bungalow-compound land, would hand over the papers transferring the land to the Balasaheb Thackeray National Memorial Public Trust (BTMPT) set up for the construction of a memorial for the late Sena chief.

Meanwhile, while announcing the sanction of ₹100 crore the Thackeray memorial project, Maharashtra

the mayor's bungalow was proposed in 2016 as a site for late Thackeray's memorial. The bungalow plot admeasuring 11,500 sq metre, has been given to the BTMPT at a nominal lease of ₹1 per annum for 30 years.

Shiv Sena president Uddhav Thackeray will perform Ganesh puja at the memorial site on Wednesday.

The BTMPT is expected to lay foundation stone for the construction of Thackeray sometime next month, for which the ruling Shiv Sena might invite Prime Minister Narendra Modi.

Informed Sena sources said that the party may hold a special screening of "Thackeray", a Hindi and Marathi biopic made on the life and times of the late Shiv Sena chief.

Meanwhile, while announcing the sanction of ₹100 crore the Thackeray memorial project, Maharashtra

## Shivpal: SP-BSP alliance thagbandhan, not gathbandhan

**Lucknow:** Pragatisheel Samajwadi Party (Lohia) chief Shivpal Yadav on Tuesday termed the poll alliance between the SP and BSP a 'thagbandhan', or a coalition of cheaters, and alleged that their chiefs are in the habit of betraying others.

"This is not a gathbandhan (alliance) between the SP and the BSP but a 'thagbandhan'," he said about the seat-sharing pact recently announced by the two parties for the Lok Sabha polls.

"While one ditched his father and uncle, the other did the same with her brother," Yadav told reporters at his party office here.

He was referring to Samajwadi Party president Akhilesh Yadav, who allegedly sidelined him and his brother Mulayam Singh Yadav, and

Bahujan Samaj Party supremo Mayawati, who had once tied a 'rakhi' on BJP leader Lalji Tandon. Shivpal Yadav had formed the new party after complaining of being sidelined by nephew Akhilesh Yadav, when he took charge of the SP from party founder and father Mulayam Singh Yadav.

Shivpal Yadav said after the Lok Sabha polls his own party will hold the "master key", without which no Government could be formed at the Centre.

"We will form an alliance with the secular parties, and the talks are on. You all will be told about it soon," he added.

"The PSP is emerging as a force in the state and people are giving it support. Only our party can stand against the BJP," he claimed. PTI

A policeman walks near stranded vehicles on the second day of closed Srinagar-Jammu National Highway during heavy snowfall, at Qazigund, Kashmir on Tuesday PTI

## Avalanche blocks Jawahar Tunnel, J&K highway closed

KHURSHED WANI ■ SRINAGAR

Inclement weather continued to impact the normal life in Kashmir Valley as Srinagar-Jammu National Highway remained closed for the second consecutive day as a massive avalanche hit the vital Jawahar Tunnel blocking its two tubes from the Kashmir Valley side. Hundreds of trucks have been stranded along the 300-kilo-

meter highway even as the authorities issued strict advisories for the passenger and goods vehicles.

The traffic management officials said that landslides have hit the strategic highway at some places in the Ramban district including Digidol, Panthial, Magarkote and Khooni Nallah.

They said that a massive avalanche hit the northern tube of Jawahar Tunnel blocking the

highway completely. They said it would require a massive clearance operation to make the tunnel safe for passage of vehicles. The area around the tunnel has witnessed massive snowfall. There was no report of any loss of life or injuries following avalanche and landslides.

On Monday, the incessant rain and snowfall forced authorities to suspend vehicular traffic on the highway.

## Security threat: PM's public meet venue changed in TN

KUMAR CHELLAPPAN ■ CHENNAI

The venue from where Prime Minister Narendra Modi was to lay the foundation stone for the All India Institute of Medical Sciences (AIIMS) at Madurai on January 29 has been shifted to another place following security threat.

Though Tamil Nadu Police was tight-lipped about the reasons behind the shifting of the venue, persons having access to intelligence inputs told *The Pioneer* that central agencies have taken note of the statements made by Vaiko, leader of the MDMK and leaders of various Tamil chauvinist organisations that they would stage black flag demonstrations against the Prime Minister during his visit to Madurai.

Security agencies do not want to risk any chances as last time the Prime Minister visited Chennai, the

DMK and other Dravidian organisations had flown black balloons against him for the delay in constituting the Cauvery Management Board as per the orders of the Supreme Court. The Prime Minister's visit in April 2018 was to inaugurate the Defence Expo.

"The recent speeches made by the Dravidian leaders condemning the Prime Minister over a series of issues ranging from Karnataka's plan to go ahead with the preparation of detailed project report for constructing the Mokedattu Dam and the 'failure' of the Centre to accept the demand for compensation package for those affected by Cyclone Gaja in November 2018 were highly critical and it is quite natural for central agencies to take note of the same," said a source in Chennai Police who did not want his name to be quoted.

## Another woman seeks HC nod to abort 25-week pregnancy

**Kolkata:** A woman on Tuesday moved the Calcutta High Court seeking permission to abort her 25-week old foetus due to medical complications.

Hearing the plea of the woman and her husband, Justice Tapabrata Chakraborty directed her to appear before a medical board of state-run SSKM Hospital on Thursday for examination and to ascertain whether the pregnancy was to be terminated.

Justice Chakraborty directed Additional Advocate General Abhratosh Majumdar to submit

the report of the medical board before the court on January 25.

The woman got married in 1999 and gave birth to a girl in 2004, their lawyers Kallol Basu and Apalak Basu submitted.

While the woman is a homemaker, her husband works in a private company. She conceived again in October last year and, after four weeks during a check-up, the doctor suspected some abnormality and advised the woman to undergo a serum test.

After the test, it was found that the child was at a high risk

of being affected with Down Syndrome, they submitted before the court. They consulted two more doctors and after several more pathological tests it was found that the foetus was affected by abnormal development of cardiac organs, stomach, umbilical chord, apart from that of the brain which can lead to the child being affected by Down Syndrome following birth. On January 13, when the foetus was aged 23 weeks, one of the doctors said it was a fit case for termination of pregnancy. PTI

# Shut down madrasas across country to crush ISIS roots

## Shia Waqf Board chairman writes to PM

**Lucknow:** Uttar Pradesh Shia Central Waqf Board Chairman Waseem Rizvi has written a letter to Prime Minister Narendra Modi, urging him to shut down primary-level madrasas across the country in order to check terror group ISIS' influence on Muslim children.

Rizvi, who has supported the demand for Ram temple in Ayodhya and uniform civil code, said Muslim children, if they want, can take admission in madrasas after completing high school.

"It can be seen that children are soft targets for running any mission and at this point of time ISIS is a dangerous terror organisation which is gradually getting hold over the Muslim population across the world. "...If madarasas are not

shut down, about half of the country's population will become supporters of the ISIS ideology in 15 years' time," Rizvi said in the letter.

He said the support to the ISIS is clearly visible in Kashmir where children are being alienated from people of other religion in the name of Islamic education.

"In the rural areas of the country also, the primary madarasas in the name of donations are harming the future of our children and promoting fundamentalist thinking... This is damaging both the country and the Muslim children," he said.

Taking admission in madrasas after schooling will not only help them take normal education till the high school-level along with children of different sections of society and religion, but also will deter them from getting easily influenced by fundamentalist thinking, Rizvi said.

He has previously supported the demand of Ram temple at the disputed site in Ayodhya and a mosque, 'Masjid-e-Aman', in Lucknow.

# 31 stranded Rohingyas handed over to police

## Sent to 14-day judicial custody

**Agartala/New Delhi:** The BSF on Tuesday handed over the 31 Rohingya Muslims, who were stranded on the India-Bangladesh border for four days, to Tripura Police, even as 30 more community members were apprehended in Assam, officials said.

The 31 Rohingyas, who had apparently come from Jammu & Kashmir, were stuck in no-man's land, beyond the barbed wire fence along the Indo-Bangladesh border in Tripura since January 18.

The situation had led to a blame game between the Border Security Force (BSF) and its counterpart — Border Guards Bangladesh (BGB) — with the two sides accusing each other of pushing them into their territories.

The decision to hand over the Rohingyas to the Tripura

Rohingya Muslims, who were arrested from Churaitbari village near the Tripura border, being taken to the district court from a police station in Karimganj district on Tuesday

Police was taken after the BSF and the BGB failed to reach a decision during talks on the issue.

The 31 Rohingyas underwent a medical check-up and were later produced before a court in West Tripura district which sent them to 14-day judicial custody, the officials said.

Deputy Inspector General of the BSF Brijesh Kumar said,

"We took the matter up with the BGB and requested them to take the Rohingyas back to Bangladesh. They denied. Several rounds of talks with the BGB had failed. So, we handed them over to police."

A battalion commander-level meeting was held at the Zero Line on Sunday, the officials said.

Officials in New Delhi said the BSF informed the Home

Ministry about the final result of the talks and gave it the situation report.

After receiving the ministry's nod, the BSF signed the papers and handed over the 31 Rohingyas to the staff of the Amtali police station in West Tripura district police at 11 am, ending the standoff with their Bangladeshi counterparts.

The officials added that the state police will verify the details of the Rohingyas, and the BSF has been asked to render assistance for the task.

It is suspected that these people had travelled to the border area from Jammu & Kashmir, the officials said adding, that the truth can only be established after an investigation. Pranab Sengupta, officer-in-charge of the Amtali police station, told PTI that the 31 Rohingyas, including nine women and 16 children, were sent to the Tripura Medical College for a check-up and "were found to be alright".

He said the BSF had been providing them food, water and other essentials.

While the BGB claimed they had come from India, the BSF said they had not as there was no tell-tale sign of breach of the barbed wire fence on the Indian side.

BGB commander in Bangladesh's eastern Brahmanbaria region Lt Colonel Golam Kabir told PTI in Dhaka that the "BSF wanted to push them into our territory but eventually, they took them back".

He said BGB officials held two round of talks with their Indian counterparts during which "we told the BSF that if they were Bangladeshis, bring them to justice in your country in line with your law for trespass charges".

"They (Indians officials) tried to convince us that the Rohingyas entered into India from Bangladesh which we refused to accept as these people were carrying Indian refugee cards," Kabir added.

# 2 more people die due to swine flu in Raj, death toll reaches 54

**Jaipur:** Two more people died due to swine flu in Rajasthan on Tuesday, taking the death toll to 54, an official spokesperson of the State Health Department said.

The two deaths were reported from Bikaner and Karauli.

As many as 54 people have died due to swine flu in the state from January 1 to till date.

The spokesperson said 1,414 people tested positive for the H1N1 virus. Looking at the situation, the medical and health department Monday launched

a three-day screening drive for swine flu and it has now been extended to three more days.

On Monday and Tuesday, more than 55 lakh people were screened in nearly 20 lakh houses across the state, Dr V K Mathur, Director (public health) of the medical and health department said.

He informed that 846 people were found with symptoms of swine flu and they were given the medicine. Nearly 20,000 people were found suffering with fever and samples were collected, Mathur said.

# Maha Brahmin community holds protest for 4% quota

**Mumbai:** An organisation claiming to work for Brahmin rights on Tuesday held a dharna here demanding four per cent reservation for the community instead of inclusion in the Centre's 10 per cent quota for economically backward sections in the general category.

The protest, in Azad Maidan in south Mumbai, by the Samasta Brahmin Samaj Maharashtra, an umbrella body of 24 groups, saw around 1500 people, including priests, from Nashik, Thane, Pune and other parts of the State.

A delegation which met Maharashtra Chief Minister

Devendra Fadnavis later told reporters that the CM was positive on their demands except that of quota. Vishwajeet Deshpande, an organisation functionary said, "All other demands except reservation for the Brahmins were accepted by the Govt. However, reservation is our key demand for which we will continue our protest."

He added that the 10 per cent quota announced by the Narendra Modi Government is for 250 castes and religions.

"We want 4 per cent quota, which is half of the population percentage of Brahmins in Maharashtra. We will intensify

our agitation if the Government fails to give reservation before Lok Sabha code of conduct comes into force," he said.

He added that their demands include creation of a separate financial board for the Brahmin community to help economically weaker sections, a separate 'atrocities act' to protect the community as well as student hostels in every district for the community.

The group also demanded free education from kindergarten to post graduation, completion of the Shivaji memorial and Bharat Ratna for freedom fighter Veer Savarkar.

# Movie buffs to get special treatment at NMIC

It will remain open for public every Sunday, Tuesday between 11-6 am

**TN RAGHUNATHA ■ MUMBAI**

In what will provide an opportunity to movie aficionados to undertake an absorbing journey of over a century of Indian cinema, the newly inaugurated the National Museum of Indian Cinema (NMIC) at the Film Divisions campus will remain

open for public between 11 am and 6 pm every Sunday and Tuesday.

The NMIC — housed in two buildings, the New Museum Building and the 19th century historic palace Gulshan Mahal — which was inaugurated on by Prime Minister Narendra Modi on Saturday — opened for the first time on Sunday and it remained open for the second day on Tuesday.

The NMIC provides a glimpse into Indian film history and help film students, filmmakers, fans and critics to learn and understand cinema as a

medium of artistic expression in the country and globally.

The museum has on display artefacts like vintage cameras, projectors, editing and recording equipments, costumes, photographs and other materials portraying the journey of Indian cinema since the dawn of Indian cinema in 1913 with the first full-length feature film, "Raja Harishchandra" made by the legendary Dhundiraj Govind Phalke, known as Dadasaheb Phalke.

The New Museum Building has four Exhibition Halls which encapsulate: Gandhi & Cinema;

it not only depicts the movies made on the life Mahatma Gandhi but also showcases the deep impact his life had on cinema. The Children's Film Studio in the museum gives visitors, particularly children, an opportunity to explore the science, technology and art behind filmmaking. It offers hands on experience on various facets associated with making cinema like camera, light, shooting, experience of acting, etc. — presented in an interactive format.

The exhibits displayed include chroma studio, immersive experience zone, stop-

motion animation studio, virtual makeover studio, etc.

The NMIC showcases the creative use of technology by Indian film makers over the years to produce cinematographic impact on the silver screen. It also showcases the charismatic kaleidoscopic presence of the vibrant cinematographic culture across India.

Gulshan Mahal is an ASI Grade-II Heritage Structure which has been restored as part of the NMIC project. The displays present here showcase the journey of over a hundred years of Indian cinema.

# Navy resumes operation to retrieve trapped miner's body, not successful

**Shillong:** The Indian Navy on Tuesday resumed its operation to retrieve the decomposed body of one of the trapped miners detected inside a 370-feet deep illegal coal mine in Meghalaya's East Jaintia Hills district but failed to achieve success.

Navy divers, who had suspended their operation on Sunday on the advice of the district administration, along with NDRF personnel, used remote-

ly operated vehicles.

After day-long efforts, they only managed to move the body a few metres from where it was left on Sunday and brought it near the bottom of the main shaft, officials said.

"The body has been pulled near the bottom of the main shaft... The process to bring the body to the top will take some more time due to the presence of some obstructions inside the mine," spokesperson of the

operation R Susngi said.

Efforts to retrieve the body would continue on Wednesday, he added.

The Navy personnel had earlier managed to pull the body, seen 200 ft along the horizontally dug small hole, about half way to the bottom of the shaft. But, it could not be brought out due to apprehension that further moving it could result in its disintegration, Susngi said.

# India may beat US in steel demand: Min

**PTI ■ NEW DELHI**

India is expected to edge past the US with regard to steel consumption this year, Steel Minister Chaudhary Birender Singh said on Tuesday.

Addressing the fourth edition of India Steel 2019, the minister said, "Growth trend in steel consumption in India will continue, due to strong manufacturing sector, diversified demand demographics, accelerated expenditure on infrastructure, anticipated increase in GDP and strong focus on 'Make in India'."

"We are likely to leave behind US in terms of steel consumption this year," Singh said.

A budget of around ₹6 lakh crore was allocated for infrastructure development in the current financial year, he noted.

"So, based on these enabling factors and with huge potential yet to be tapped, the per capita consumption can easily be increased from the current levels," he added.

Steel Secretary Binoy Kumar said that the National Steel Policy 2017 along with the Policy for Preference to Domestically Manufactured Iron & Steel Products have resulted in savings of more than ₹8,000 crore till date.

Underlining the importance of not showing any disadvantage to the sector, he added that the government was also reviewing the DMI&SP policy and trying to find convergence between DMI&SP policy and Public Procurement Order 2017 of DIPP.

"Under the ambit of the policy, 16 more steel products were brought under Quality Control Order, which now covers a total of 53 products. The endeavour is to bring more products under the Quality Control Order in an effort towards prohibiting production, import and distribution of substandard products," he added.

# IL&FS crisis: Govt to seek special dispensation from Reserve Bank

**PTI ■ NEW DELHI**

The Government will soon approach the RBI seeking a special dispensation for deferment of provisioning requirements for bank loans extended to some IL&FS group firms amid ongoing efforts to monetise assets of the crisis-hit group, official sources said Tuesday.

Some companies of the diversified IL&FS group, which has debt burden of over ₹91,000 crore, have failed to repay loans. Following the crisis at IL&FS late last year that raised concerns over liquidity in the system, the corporate affairs ministry had superseded its board.

The sources said efforts to monetise certain assets of IL&FS are progressing and the group is expected to come out of the woods in the next four to five months.

Against this backdrop, the sources said the ministry would soon approach the RBI seeking dispensation for deferment of provisioning of loans with respect to some IL&FS group firms.

The Reserve Bank of India (RBI) has strict norms in place regarding non-performing assets for banks and a relaxation is expected to help the Government in getting more time to resolve problems at IL&FS.

The sources said the Government has identified a few IL&FS subsidiaries having ample funds in their escrow accounts but are unable to service their debt obligations.

The Government is likely to cite the current situation, including availability of funds in escrow accounts of certain IL&FS companies, for seeking the special dispensation, they added.

On Tuesday, the Ministry reviewed the progress made in dealing with the problems at the group.

Following the series of defaults by some group companies, the Government superseded the board and appointed seasoned banker and Kotak Mahindra Bank MD Uday Kotak as chairman in October 2018.

The IL&FS group companies are estimated to have outstanding loans of about ₹60,000 crore to banks and financial institutions, while the total debt is over ₹91,000 crore.

State-owned LIC is the single largest shareholder in IL&FS group with 25.34 per cent while Japan's Orix Corporation owns 23.50 per cent shareholding.

Among others, Abu Dhabi Investment Authority has 12.5 per cent stake, IL&FS Employees Welfare Trust (12 per cent), HDFC Ltd (9.02 per cent), Central Bank of India (7.67 per cent) and State Bank of India (6.42 per cent), at the end of March 2018.

In August 2018, the debt crisis at the IL&FS group came to the fore when one of its companies defaulted on repayment of ₹1,000 crore debt to Sidbi.

# IL&FS effect: Icrs puts 6 funds from HDFC, UTI, Birla under watch

**PTI ■ MUMBAI**

Domestic rating agency Icrs has placed the ratings of six mutual fund schemes under watch with negative implications due to their exposure to the crippled infra lender IL&FS group entities.

The schemes being put under watch include a short term debt funds and banking and PSU debt funds from HDFC, banking and PSU debt fund, dynamic bond funds from UTI, Aditya Birla Sun Life short term opportunities fund, Icrs said in statement on Tuesday.

The rating action is due to the "deterioration in the credit quality" of the underlying investments of these schemes driven by their exposure to special purpose vehicles (SPVs) of IL&FS Group, the agency said.

These schemes have exposure to Hazaribagh Ranchi Expressway, Jharkhand Road Projects Implementation Company, and Jorabat Shillong Expressway, the agency said.

"The default risks by various SPVs of IL&FS have increased after the recent management communication to the trustees expressing to stop future repayments citing their interpretation of an order given by National Company Law Appellate Tribunal on October 15, 2018," the agency explained.

Two SPVs of IL&FS demanded a refund of the debt payment executed by them after October 15, 2018 from their trustees, it added.

## Business Corner

Union Home Minister, Rajnath Singh along with MoS Culture (Independent Charge) and MoS Environment, Forest and Climate Change Dr. Mahesh Sharma, Tejpal Singh Nagar, MLA, Dadri Constituency, laid the foundation stone for new school building of Kendriya Vidyalaya at CISF, Special Security Group (SSG) Campus, Gr. # Unconditional cash transfer to farmer better option: SBI Report

**PTI ■ NEW DELHI**

The Government should opt for the unconditional cash transfer to farmers to alleviate agrarian distress rather than Universal Basic Income (UBI) scheme, the SBI said in a report on Tuesday.

At present, it may not be feasible to initiate Rythu Bandhu Scheme on national level as land data in several states, including Jharkhand, Bihar, Gujarat, and Tamil Nadu are yet to be digitised, the SBI said in its 'Ecowrap' report.

"Hence, it is best to initiate unconditional cash transfer scheme as it will be more equitable (on a per farmer basis) with a meaningful impact and once the problems are ironed out in terms of proper tenancy laws, then make it conditional," it said.

The study said that there have been reports saying that Government is planning to provide direct cash support to the farmers in lieu of various farm level subsidies/support.

"In Budget 2019-20, Government had estimated Agriculture subsidy (plus support) at ₹98,100 crore (Crop Insurance ₹13,000 crore, Interest Subsidy: ₹15,000 crore and Fertilizer Subsidy: ₹70,100 crore)," the report said.

Such move comes on the back of suggestions in public domain by noted agri-economists as well as Niti Aayog that perhaps Rythu Bandhu Scheme that is fiscally prohibitive to launch on a pan India level should be netted against fertiliser subsidies, interest plus and insurance support, it said, adding that instead of this the farmers should be provided the benefit as direct cash in their account.

"We however believe this argument has flaws, though a cash transfer scheme is always a better option than an Universal Basic Income (UBI) scheme. Many countries have found that UBI does not address the structural problems and is at best a solution in interregnum," the report noted.

# Sensex snaps 5-day winning streak on weak global cues

**PTI ■ MUMBAI**

The domestic equity market took a breather on Tuesday after a five-day rising spree as investors booked profits in metal, financials and auto counters, amid weak cues from international markets after IMF lowered its global growth projections for 2019 and 2020.

The 30-share BSE Sensex dropped 134.32 points to end at 36,444.64, while the broader NSE Nifty finished 39.10 points lower at 10,922.75.

Participants were seen taking money off the table after the recent rally, even as the wider sentiment remained positive, underpinned by better-than-expected Q3 earnings by several bluechips.

The BSE Sensex, after resuming higher at 36,649.92, advanced to 36,650.47 on buying by domestic institutional investors (DIIs) as well as retail participants.

# Jaypee Infratech bankruptcy: Lenders may extend deadline to submit revival plan by 15 days

**PTI ■ NEW DELHI**

Lenders and home buyers of Jaypee Infratech may extend by around 15 days the January 27 deadline to submit proposals to revive the debt-ridden firm as shortlisted bidders have sought more time, sources said.

State-owned NBCC, Kotak Investment, Singapore-based Cube Highways and Suraksha group have been shortlisted as bidders for Jaypee Infratech, which is undergoing insolvency proceedings in the National Company Law Tribunal (NCLT).

The Committee of Creditors (CoC) is considering a proposal to extend the bidding deadline by around 15 days and a decision would be taken soon, sources said.

The CoC had last month approved the evaluation criteria to be adopted to select a bidder for taking over the realty firm.

Jaypee Infratech's interim resolution professional (IRP)

Anuj Jain had in October started a fresh initiative to revive Jaypee Infratech on NCLT's direction after lenders rejected over ₹7,000 crore bid of Suraksha group.

He had invited expressions of interest from companies to submit a resolution plan to revive Jaypee Infratech, which has many stuck housing projects in Noida and Greater Noida.

In 2017, the NCLT had admitted the application by an IDBI Bank-led consortium seeking resolution for Jaypee Infratech under the Insolvency and Bankruptcy Code (IBC).

The tribunal had appointed Jain as IRP to manage the company's business and invite bids from investors.

Consequently, Lakshdeep, part of Suraksha group, had emerged as a front-runner to acquire the firm. However, in May last year, lenders rejected the ₹7,350 crore bid by Lakshdeep as they found the amount to be inadequate.

The realty firm has an outstanding debt of nearly ₹9,800 crore, of which ₹4,334 crore pertains to IDBI. Other lenders are IIFCL, LIC, SBI, Corporation Bank, Syndicate Bank, Bank of Maharashtra, ICICI Bank, Union Bank, IFCL, J&K Bank, Axis Bank and Srei Equipment Finance.

Jaypee Infratech, a subsidiary of Jaypee Group's flagship firm Jaiprakash Associates, is developing about 32,000 flats, of which it has delivered 9,500 units.

Balraj Joshi, CMD, NHPC, India's premier hydropower company delivered Keynote address at the 16th Annual Conference on Hydro power in India on 22nd January 2019 in Le Meridien, New Delhi. The two day conference organised by Power Line provided a forum to discuss in detail the issues, solutions and new developments in Hydro Power Sector

Sponge Iron Unit (SIU), Paloncha of NMDC Limited has re-commenced its operations today with lighting up of plant after a long gap of shut down due to administrative reasons. The existing capacity of the plant is to produce 100 T/Day of sponge iron of good quality. At present, the plant is started with 50% of its rated capacity due to long shut down of the plant

# PIRAMAL SARVAJAL PROVIDES POTABLE WATER TO NARELA AND HOLAMBI KALAN COLONIES

**PNS ■ NEW DELHI**

In 2014, Piramal Sarvajal won a first-of-its-kind tender by the Delhi Jal Board, to set up decentralized-drinking-water-solutions across various settlement colonies. Over the last four years the residents of Narela and Holambi Kalan have benefited from the affordable, access to safe drinking water. The available bore well water had Total Dissolved Solids (TDS) as high as 1300ppm, making it unfit for consumption. The situation at another settlement colony Holambi Kalan was similar with the water being delivered in tankers sourced from the stream 'Holambi Kalan Bawana Neher' with Total Dissolved Solids (TDS) of over 800 ppm.

# Kohli sweeps ICC awards

Virat becomes the first cricketer to win Sir Garfield Sobers Trophy, ODI and Test Player of the Year awards in a single calendar year

PTI ■ DUBAI

The peerless Virat Kohli on Tuesday became the first cricketer to make a clean-sweep of the ICC's annual individual awards and was also named captain of the world body's Test and ODI teams of the year, line-ups which were dominated by Indian players.

Kohli became the first player in history to win the Sir Garfield Sobers Trophy for ICC Cricketer of the Year, his second consecutive, the ICC Test and the ODI Player of the Year awards following an extraordinary 2018. Besides, the rapidly-rising wicketkeeper Rishabh Pant claimed the ICC's Emerging Cricketer of the Year award.

"Not only is Kohli the first player to win these three major ICC awards together but he has also been named the captain of the ICC Test and ODI teams of the year for a fabulous run in international cricket," the ICC said in a statement.

Kohli scored 1,322 runs at an average of 55.08 in 13 Tests with five hundreds during the calendar year while in 14 ODIs he amassed 1202 runs at an astonishing average of 133.55 with six centuries. He also scored 211 runs in 10 T20Is.

"It's a reward for all the hard work that you do throughout the calendar year. Having recognition at the global level from the ICC is something you feel proud of as a cricketer because you understand that there are many players playing the game," Kohli was quoted as saying by the world body in a release.

"... Obviously a very proud moment for me and something that gives you more motivation to keep repeating the same things because you have to keep the standard of cricket up and keep bringing in consistent performances," he added.

Three players each from India and New Zealand featured in the ICC's Test team of the year, while four each from India and England are part of the ODI side of the year 2018.

The Test team included Pant, in just his

**KOHLI SCORED 1,322 RUNS AT AN AVERAGE OF 55.08 IN 13 TESTS WITH FIVE HUNDREDS DURING THE CALENDAR YEAR WHILE IN 14 ODIS HE AMASSED 1202 RUNS AT AN ASTONISHING AVERAGE OF 133.55 WITH SIX CENTURIES. HE ALSO SCORED 211 RUNS IN 10 T20IS**

breakthrough Test year, and fast bowler Jasprit Bumrah, who was the only player apart from Kohli to be named in both the sides.

The ODI team has opener Rohit Sharma, spinner Kuldeep Yadav and Bumrah from India along with Kohli, while England are represented by Joe Root, Jonny Bairstow, Jos Buttler and Ben Stokes.

The 30-year-old Kohli, who first came into limelight when he led India to victory at the ICC Under-19 World Cup in Malaysia in 2008, finished the year as the top-ranked batsman in Tests and ODIs.

The highest scorer in both forms of the game in 2018, he was one of only two batsmen to score more than 1,000 runs in Tests

and only among three to do so in ODI cricket.

Kohli was the unanimous choice of the voting academy for the Sir Garfield Sobers Trophy with South Africa fast bowler Kagiso Rabada coming in second to him for both this award and the Test Player of the Year honour.

"This is well-deserved recognition for an extraordinary talent. His regard for the game and particularly for Test cricket is also recognized and appreciated," ICC Chief Executive David Richardson said.

"He is passionate in his support of the longest form of the game and its continued importance...Virat has become a great ambassador for our sport," he added.

Afghanistan leg-spinner Rashid Khan was runner up to Kohli for the ICC ODI Player of the Year award.

India won six Tests and lost seven during the voting period that ran from January 1 to December 31, 2018. In ODIs, Kohli led India to nine victories, with four losses and one tied match.

This was also Kohli's second successive ODI Player of the Year award.

In other awards, the Indian under-19 team's World Cup triumph in New Zealand was declared the Fans Moment of the Year with 48 per cent of votes.

Sri Lanka's Kumar Dharmasena was voted Umpire of the Year by international captains and the ICC match referees, winning the David Shepherd Trophy for

a second time.

The ICC Spirit of Cricket Award went to New Zealand captain Kane Williamson for "continuing to be a shining role model of how our game should be played, his behaviour setting an outstanding example on and off the field."

## THE AWARDEES

**ICC Cricketer of the Year:** Virat Kohli  
**ICC Test Cricketer of the Year:** Virat Kohli

**ICC ODI Cricketer of the Year:** Virat Kohli

**ICC Emerging Cricketer of the Year:** Rishabh Pant

**ICC Men's Test Team of the Year:** Tom Latham (New Zealand), Dimuth Karunaratne (Sri Lanka), Kane Williamson (New Zealand), Virat Kohli (India) (capt), Henry Nicholls (New Zealand), Rishabh Pant (India) (wk), Jason Holder (Windies), Kagiso Rabada (South Africa), Nathan Lyon (Australia), Jasprit Bumrah (India), Mohammad Abbas (Pakistan)

**ICC Men's ODI team of the year:** Rohit Sharma (India), Jonny Bairstow (England), Virat Kohli (India) (capt), Joe Root (England), Ross Taylor (New Zealand), Jos Buttler (England) (wk), Ben Stokes (England), Mustafizur Rahman (Bangladesh), Rashid Khan (Afghanistan), Kuldeep Yadav (India), Jasprit Bumrah (India).

## INDIA start favourites against in-form KIWIS

PTI ■ NAPIER

On a high after a defining tour of Australia, the Virat Kohli-led Indian team faces a trickier challenge when it locks horns with an ever-so-sprightly New Zealand in a five-match ODI series starting on Wednesday.

The Indian team, which has shifted its focus entirely on World Cup preparations, is still searching for the right middle-order combination despite their first-ever bilateral ODI series win on Australian soil.

Mahendra Singh Dhoni's hat-trick of half-centuries has brought joy to the dressing room but the smaller grounds in New Zealand against a better seam attack comprising the wily Trent Boult, the talented Lockie Ferguson and the relentless Tim Southee will be a different test altogether for the 'Men In Blue'.

New Zealand in their own backyard have always been a force to reckon with and the touring Indian teams over the years will testify that, having won only 10 out of the 35 ODIs, including a 0-4 drubbing during the last series in 2014.

The first match at McLean Park, however, will be played in sultry conditions of around 30 degrees.

Skipper Kohli is well aware that the Black Caps, with some of the quality players in their ranks, can be very competitive.

"The fact they are No 3 in the world speaks about their consistency over the last couple of years. We played them in India and got beaten in Mumbai, and all the games were competitive and we felt they had a really good balance."

"They have that energy and that buzz about them and they play their cricket in the right way which is something we always appreciate," Kohli said at the pre-series media conference.

For the Indian team, some of the issues that need to be addressed are Shikhar Dhawan's form, Dhoni's batting position and how to get the balance right till all-rounder Hardik Pandya comes back

IND- NZ ODI ENCOUNTERS

from suspension.

Left-handed Dhawan's position at the top of the order is under no imminent threat but a highest score of 35 in the last nine games doesn't make a pretty picture.

That Rishabh Pant has been instructed by the team management to face the new ball against England Lions in a home series is an indicator that they are trying to get back-up options ready.

An immensely talented Shubman Gill has been selected as a reserve opener but it is unlikely that Dhawan will be dropped after a few failures.

The No 4 position is another area of concern for India as Ambati Rayudu, after an inexplicable retirement from first-class cricket, looked completely out of sorts and is unlikely to regain his place in the side.

Dhoni did well as a No 4 in the final ODI against Australia but Kohli is likely to use him more as a floater depending on

match situations.

With the Napier ODI promising to be a high-scoring affair as per New Zealand coach David Stead, a Dinesh Karthik or Kedar Jadhav could be promoted up the order.

In the bowling department, Bhuvneshwar Kumar and Mohammed Shami will expect a bit more support in case the skipper plays a young third seamer in either Mohammed Siraj or Khaleel Ahmed.

The New Zealand top-order also has a formidable look with one of the world's best batsmen in skipper Kane Williamson and the ever-dangerous Ross Taylor, who is second only to Kohli in terms of batting averages (92) in 2018, holding forte.

"We saw in the last series (vs Sri Lanka) we want to execute a few things better, certainly in the field we want to step up and get back to our old ways which is that real attitude in the park," Williamson said.

## 'We are forced to play third pacer in Hardik's absence'

PTI ■ NAPIER

India captain Virat Kohli on Tuesday stressed on the importance of all-rounder Hardik Pandya's presence in the ODI side in order to get the ideal bowling combination for the World Cup.

Pandya has been suspended pending inquiry after his sexist comments on a TV chat show and already the Indian team has had issues with their third specialist pacer ahead of the five-match ODI against New Zealand starting on Wednesday.

Rookies Khaleel Ahmed and Mohammed Siraj both got a fair amount of stick against Australia in the first two ODIs before Hardik's replacement Vijay Shankar bowled a steady spell of six overs in the series decider in Melbourne.

When asked if there can be an ideal

bowling combination, the skipper said: "Depends on the all-rounder to be honest. If you see the strongest sides in the world, they have two all-rounders at the least, some sides have three, so that gives you a lot of bowling options."

For Kohli, a third fast bowler is an option only when a specialist all-rounder is unavailable.

"Only if someone like a Vijay Shankar or a Hardik doesn't play, then (only) three fast bowlers makes sense. Because if an all-rounder can chip in with a few overs of seam up, then you don't necessarily need a guy bowling 140kmph as the third bowler along with the two fast bowlers," Kohli said ahead of the first ODI at McLean Park.

Kohli indicated that a few players

could be tried here and there, raising hopes of young Shubman Gill getting an opportunity during the series.

"Also to try a few players here and there and see how they react to different situations or different positions in the team. We are open to doing that as well."

"You don't want to be too rigid because you want to be flexible in your mind and in your preparation to be able to competitive during a big tournament like the World Cup," the skipper explained.

"I think we need a good balance of both even if we back a few players to play at some stage, the idea is still to win the games and not just think of it as an experiment," he set priorities right.

## I have moved on: Mithali on spat with Powar

PTI ■ NAPIER

Asserting that her dispute with former coach Ramesh Powar and CoA member Diana Edulji is a thing of past, Indian women's ODI captain Mithali Raj on Tuesday said that cricket has helped her deal with the adversities of life.

The Indian women's team was at the centre of a huge controversy after India's semi-final exit in the T20 World Cup in the West Indies, with Raj accusing Powar of bias and Edulji of trying to finish her career.

"What has happened has happened, I have moved on. Cricket has taught me to move on whether it's scoring a hundred or getting out on zero you have to be prepared for the next game, you need to tune in for the next day," Mithali said ahead of the series against New Zealand.

"As professional cricketers everyone understands what it takes to play international level, we are here to represent the country and want the team to play as a unit and get the best result," she added.

The Indian team's New Zealand tour begins on Thursday with the first ODI at McLean Park. The women will play three ODIs and as many T20 internationals.

Mithali emphasised on the need to bring the focus back on cricket and said winning in New Zealand would help in that direction.

"This is what as international athletes and cricketers we look forward to, and I'm looking forward to the series because it is very important to get back the focus on the sport and on the team performance and this is a great opportunity."

Asked how the team will deal with foreign conditions, Mithali said the side has prepared well.

"Most of the team might be inexperienced to the New Zealand condition but otherwise we are an experienced lot that has been together for 4-5 years. So I don't think we are a troubled tourists but yes we look forward to acclimatising with the conditions."

## Our focus is on how best we can combat Virat: Kane

PTI ■ NAPIER

Expressing his admiration for Virat Kohli, New Zealand captain Kane Williamson on Tuesday said that they will be primarily focussed on how to "best combat" his Indian counterpart in the limited overs series, starting here from Wednesday. Returning the compliment, the Indian run-machine also lauded the prolific Williamson, calling him one of the best in the world.

Williamson said, "Someone like Virat is certainly a player I admire and enjoy watching and he's pushing the boundaries of the game so that's brilliant," said Williamson on the eve of first ODI of the five-match series.

He said Kohli was a passionate and world class cricketer.

"He's a respectful guy and I've known him for a very long time but as a player, obviously, word class and our focus is more about that and his cricketing ability and how we can combat him as best as we can," Williamson said.

Williamson felt that the passion with which Kohli approaches his cricket has made him a crowd puller around the world.

"He's always a challenge to come up against and is someone who is most admired in terms of how he goes about his cricket and he's formidable in his run

scoring so he's definitely a player of note to try to shut down." Kohli, too, was not far behind when it came to acknowledging Williamson's achievements.

"Williamson is easily one of the best players in the world. So easy on the eye, great to watch and I personally enjoy his batting and when he is on song he is easily one of the most attractive batsmen to watch."

"He is always going to be a solid player for NZ purely because of what all he has done over the years in all three formats."

Kohli picked Williamson and Ross Taylor as batsmen his team would look to dismiss cheaply.

"He more or less makes the team win when he is scoring

runs, so that tells you about his awareness about the game and hence he is leading the side and guiding it in the right direction. So Kane will be a factor but at the same time Rosco (Taylor) and other guys as well."

"You can't take anyone for granted and their batting revolves around Kane and Ross in ODIs especially, the other guys bat around them and we are aware of that and working on our plans," Kohli said.

Williamson believed the pitch at McLean Park could aid batsmen.

"...So it's important the batting group puts together a plan that is good but, at the same time, the bowlers have a massive role in that in trying to nullify the strengths in both oppositions."

# RUTHLESS RAFA ENTERS SEMIS

World No 2 Spaniard thrashes Tiafoe in straight sets to set semifinal clash against Tsitsipas

AFP ■ MELBOURNE

Rafael Nadal continued his relentless march towards an 18th major title on Tuesday as an emotional Petra Kvitova swept into her first Grand Slam semi-final since a terrifying knife attack almost ended her career.

On day nine of the Australian Open, the fairytale runs of Stefanos Tsitsipas and Danielle Collins were also extended as they too swept into the last four.

Second seed Nadal inched closer to winning an event he has only claimed once before when he trounced unseeded American Frances Tiafoe 6-3, 6-4, 6-2 in another ruthless display from a man who has not dropped a set so far.

Tiafoe had announced himself by beating fifth seed Kevin Anderson, but was no match for a player at the peak of his powers as he attempts to become only the third man to win all four Slams twice and the first to do so in the Open era.

"I had some trouble at this event all my career, so I'm very happy with the way I played tonight," said the Spaniard, who faces another young gun Tsitsipas in the semi-finals.

"I feel lucky to be where I am."

Greek sensation Tsitsipas powered into the last four with a measured 7-5, 4-6, 6-4, 7-6 (7/2) win over Spain's Roberto Bautista Agut.

The 20-year-old, who ended Swiss great Roger Federer's tournament, became the youngest man to reach the semis at Melbourne Park since Andy Roddick in 2003 and the first player from Greece — man or woman — to get so far at Grand Slam.

"I'm just living the dream, living what I've been working hard for," said the 14th seed, who lives in Cyprus but trains at the academy of Serena Williams' coach Patrick Mouratoglou in France.

"I feel a bit emotional but not too much — I know I really worked hard to get here, playing in semis of a Grand Slam."

Czech Kvitova had not gone past the last eight at a major since a burglar slashed her left hand in December 2016, forcing her out of the game for six months and leaving her with lasting nerve damage in the fingers of her racquet hand.

But the eighth seed has bounced back and is on a sensational 10-match unbeaten streak after claiming the Sydney International warm-up title.

## PAES-STOSUR CRASH OUT IN MIXED DOUBLES

PTI ■ MELBOURNE

Veteran Leander Paes and his partner Samantha Stosur suffered a second round defeat in the mixed doubles event, ending India's campaign at the season's first Grand Slam on Tuesday.

The unseeded pair of Paes and Stosur won the first set 6-4 against Anna-Lena Groenefeld and Robert Farah but conceded the second set with the same scoreline.

The third set went into tiebreak with the fifth

seed German-Colombian duo emerging victorious 10-8.

Paes and Stosur had beaten the pair Dutch-Czech pairing of Wesley Koolhof Kveta Peschke in the round of 32.

The 45-year-old Paes had made a first round exit in the men's doubles event with partner Mexican Miguel Angel Reyes-Varela. Jeevan Nedunchezhiyan and his partner Nicholas Monroe were also knocked out in the opening round of the event.

She proved too much for Ashleigh Barty, crushing the local hope 6-1, 6-4, and was in tears afterwards as she reflected on her long journey back to the top.

"Really, I didn't imagine to be back on this great stadium and play with the best," the two-time Wimbledon champion said.

"I'm calling it as my second career. So it's the first semi-final of the second career. I'm really enjoying it."

Kvitova will face unseeded American Collins in the semi-final on Thursday and she desperately wants to reach Saturday's decider.

"I want it bad, that's right," she said. Collins, the world number 35, had never won a Grand Slam match before entering this

year's tournament but she stunned three-time major champion and second seed Angelique Kerber in round four.

And the 25-year-old from Florida continued her Cinderella run by bouncing back spectacularly to down Russia's Anastasia Pavlyuchenkova 2-6, 7-5, 6-1 in the quarter-finals.

Collins, who has spent long stretches of her career playing small tournaments to build up her ranking points, was in big trouble after losing the first set to the world number 44.

But she fearlessly battled back into the match to again stamp her mark on the tournament. "This has all been a really incredible experience," she said.

## JUVENTUS EASE PAST CHIEVO

AFP ■ MILAN

Cristiano Ronaldo missed a penalty but Italian league leaders Juventus eased past bottom club Chievo 3-0 to pull nine points clear on top of Serie A as AC Milan returned to the Champions League berths with a 2-0 win in Genoa.

Portuguese superstar Ronaldo had sealed Juventus' first title of the season — a record eighth Italian Super Cup trophy against AC Milan last Wednesday in Saudi Arabia.

But the 33-year-old was off-form in the first league game after a three-week winter break and on the eve of his return to Madrid where he will appear in court for tax fraud charges dating back to his time with Real Madrid.

The five-time Ballon d'Or winner missed numerous chances with Chievo goalkeeper Stefano Sorrentino denying Ronaldo, who has scored 14 times in the league, a first goal from the spot this season.

But Juventus were never worried by Chievo with Douglas Costa and Emre Can scoring in the first half and Daniele Rugani heading

in a third six minutes from time.

Brazilian winger Costa got Juventus off the mark with a stunning solo run from midfield after 13 minutes.

Paulo Dybala set up Can for the German international's first goal since moving from Liverpool last summer just before the break.

Juventus were awarded a penalty for a Mattia Bani handball with 39-year-old Sorrentino clearing having also earlier denied Alex Sandro's close-range header.

Ronaldo missed two more chances before Rugani headed in a Federico Bernardeschi free kick to keep unbeaten Juventus, with 56 points from 20 games, on track for an eighth consecutive Scudetto.

## England begin crucial year with Windies tour

AFP ■ BRIDGETOWN

England is solid favourites although history is on the side of the underdog West Indies ahead of the first Test of the three-match series starting on Wednesday at Kensington Oval in Bridgetown.

Riding a wave of five consecutive victories — eight in nine matches going back to the last English summer — which includes series wins over top-ranked India and an historic sweep in Sri Lanka, the tourists appear supremely confident of overturning the disappointments of their last two Caribbean campaigns.

England have only won one Test series in the West Indies in the past 50 years, a 3-0 triumph in 2004, and failed to live up to expectations in 2009, when they lost 1-0, and again in 2015 when a five-wicket triumph inside three days by the unfancied hosts at the same Kensington Oval venue resulted in a shared series.

While the weight of expectation will be on the visitors' shoulders, West Indies face a daunting task to halt a run of four consecutive defeats, all within three days, on a disastrous Asian tour late last year which saw them being brushed aside by both India and Bangladesh in two-Test series.

England have a settled look to their team and took the weekend off training following two satisfactory two-day matches against a Cricket West Indies XI at the 3Ws Oval just outside Bridgetown. By contrast the West Indies squad reflects both a lack of continu-

ity in selection and the parlous state of the domestic game.

John Campbell looks certain to make his Test debut opening the batting alongside the established Kraigg Brathwaite. However the 25-year-old's first-class average of 30 suggests he will face a stern challenge from England senior pace spearheads Jimmy Anderson and Stuart Broad, who need just two more wickets to lift their combined tally of Test victims to 1,000.

### BRAVO BACK AFTER LENGTHY EXILE

Another newcomer in the West Indies squad of 13, 30-year-old middle-order batsman Shamarh Brooks who averages 33 but has endured a poor season so far in the inter-territorial first-class competition, is unlikely to

make the final 11 especially given the return to Test duty of Darren Bravo after more than two years out of the team.

Bravo's Test average of 40 and elegant left-handed style would normally make him an automatic selection except that a Twitter tirade against CWI president Dave Cameron in November of 2016 led to his alienation from the team until now.

England's build-up to the series has been serene by comparison although in a year which includes their hosting of the World Cup, where they are expected to be one of the favourites, followed by the Ashes series against arch-rivals Australia, they can ill afford to stumble so early against a team they will be expected to defeat comfortably.

On a Kensington Oval pitch expected to offer assistance to the faster bowlers, the tourists are likely to go into the opening Test with one specialist spinner in Moeen Ali while seam bowling all-rounders Ben Stokes and Sam Curran should provide ample support to Anderson and Broad.

### TEAMS (PROBABLE)

**West Indies** — Jason Holder (captain), Kraigg Brathwaite, John Campbell, Darren Bravo, Shai Hope, Shimron Hetmyer, Roston Chase, Shane Dowrich (wicketkeeper), Kemar Roach, Alzarri Joseph, Shannon Gabriel.

**England** — Joe Root (captain), Keaton Jennings, Rory Burns, Jonny Bairstow, Ben Stokes, Jos Buttler, Ben Foakes (wicketkeeper), Moeen Ali, Sam Curran, Stuart Broad, Jimmy Anderson.

## Boateng to seize Barca chance

AFP ■ MADRID

Ghanaian forward Kevin-Prince Boateng has vowed to make the most of his shock arrival at Barcelona, after a loan move for the journeyman from Italian side Sassuolo was sealed.

The leaders of La Liga said in a statement on Monday they had agreed a deal to take Boateng on loan until the end of the season, with an option to make the move permanent in the summer.

"The agreement includes an eight-million-euro (\$9 million) purchase option," the club said.

The arrival of Boateng, 31, will provide much-needed cover for Luis Suarez up front in Ernesto Valverde's squad following the departure of Munir El Haddadi to Sevilla.

The fiery forward has been a successful stopgap many times before, which Barca boss Ernesto Valverde valued in his decision to bring him in.

"He doesn't seem to need much time to adapt, he knows his stuff and can start playing straight away," Valverde.

"He's comfortable in many positions, as a central striker or playing off another striker, and even deeper too," Valverde told the club website.

The player himself was upbeat about the move when journalists spoke to him at the airport in Italy.

"Barca, I'm coming! I'm sad to leave Sassuolo but this is a great chance," Boateng said, according to a SKY Twitter feed.

"But don't ask me about Real Madrid. I only want to focus on Barcelona and I hope to score at Bernabeu for the next Clasico," Boateng said.

The player will be presented to press and fans on Tuesday at noon on the Camp Nou pitch, the club revealed.

Born in Germany, the half-brother of Bayern Munich defender Jerome Boateng moved back to Serie A last year after helping Eintracht Frankfurt win the German Cup. He has scored five goals in 15 games this season for Sassuolo.

"With experience of playing in four of the biggest leagues in Europe, the Premier League, the Bundesliga, Serie A and La Liga, he is a man who has scored goals wherever he has been," FC Barcelona said.

The former Tottenham Hotspur, AC Milan and Schalke 04 player has previously had a spell in Spain, with Las Palmas in 2016-17.

## LANGER CALLS ON BATSMEN TO STEP UP AGAINST SL

AFP ■ BRISBANE

Coach Justin Langer on Tuesday said senior batsman Usman Khawaja must convert solid starts into hundreds, as Australia look to bounce back from a crushing loss to India when they face Sri Lanka this week.

Australia axed Aaron Finch, Peter Handscomb and the Marsh brothers, Shaun and Mitch, after the India humbling. But Khawaja survived and Langer is looking for fireworks from his number three.

"I had a good hit with him yesterday actually in the nets up here at Allan Border Field in Brisbane," Langer told SEN radio of Khawaja, who has a top score of just 72 this summer across Tests and ODIs.

"He admitted he's been frustrated."

"But he seems fine. He's in the best physical condition of his life, he's training hard, he's playing well, but that's often the way in Test cricket."

"We need him to stand up. He knows that, he's our most senior batsman. He needs and we need him to turn some of those great starts into hundreds for us."

Australia play two Tests against Sri Lanka, starting under lights and with a pink ball at the

Gabba on Thursday, with all their batsmen under pressure to do better against the sixth-ranked team in the world.

In-form Joe Burns has been recalled to the squad for the first time since the South Africa tour early last year and could open the innings with rookie Marcus Harris, who did enough against India to keep his place.

But they face competition from Matt Renshaw, who has been handed another opportunity despite misfiring in the domestic Sheffield Shield this season.

Langer wouldn't reveal whether the 20-year-old would be in the starting XI, but said he watched him in the nets on Tuesday and "he's a very, very good-looking player".

"There are always those considerations (whether Pucovski is ready for Test cricket) ... Probably the toughest part of the job is selection and you weigh it up and that's all that's on your mind really," said Langer.

"But he's a terrific young bloke. Regardless of if he plays or not, it's a great learning experience for him at the moment."

Despite the 2-1 India series loss, selectors kept faith with their pace attack of Mitchell Starc, Josh Hazlewood and Pat Cummins, with veteran Peter Siddle also included.

But Hazlewood has since been ruled out of the series with a back injury, opening the door for Jhye Richardson, who impressed in the one-day series against India.

Hazlewood and Mitch Marsh were co-vice captains of Australia and with both now missing, Travis Head and Cummins were elevated to the roles on Tuesday.

"It is a fitting reward for their professionalism and dedication to drive the elite standards of the Australian men's Test team," said national selector Trevor Hohns.

**Australia play two Tests against Sri Lanka, starting under lights and with a pink ball at the Gabba on Thursday, with all their batsmen under pressure to do better against the sixth-ranked team in the world**

Young batting prodigy Will Pucovski was the surprise pick for the series and is widely tipped to make his debut this week.

## 'What's going on?': Wade blasts CA over snub

**SYDNEY:** In-form wicketkeeper Matthew Wade has blasted Cricket Australia after he was overlooked for a recall to the Test side to face Sri Lanka, saying he and other players were unclear about the criteria for national selection.

Wade, who whacked an unbeaten 84 from 49 balls for the Twenty20 Big Bash League's Hobart Hurricanes on Monday night, has scored over 1,000 runs across all formats this summer.

The 31-year-old has also been the leading run scorer in the Sheffield Shield with Tasmania.

Despite his performances, selectors opted to add Kurtis Patterson to the squad for the first Test starting Thursday, with national selector Trevor Hohns hailing his back-to-back centuries for a Cricket Australia XI

in Hobart last week.

"I get told one thing, then I see the comments in the paper the next day about Kurtis piling runs on and getting picked," Wade said after the BBL game, cricket.Com.Au reported.

"I'm not sure what's going on. It's just a little bit frustrating that on one hand you can say one thing about one player and on the other hand (say) it's why someone's getting picked."

"I don't think I'm just talking for myself, I think all players around the country... If the criteria is hundreds and scoring runs, then pick the guys that are doing it. If that's not the criteria, then let us know." Wade said he was previously told by Hohns he wasn't gaining selection because he batted too low in Tasmania order. AFP
