HC Upholds Maratha Quota, Trims it to 13%
According to Fazlul Rashid Khasabah, the District Superintendent of Police (DCP) of Dwarka, the accused were in configurations of firearms and ammunition, which can be considered as a part of criminal activities in which gang rape and serial crimes were the main motive. Acting on the tip, a special crime team was formed and they conducted a raid on the address where the accused were residing. During the raid, a large quantity of firearms, including pistols, revolvers, and ammunition, were seized. The accused, identified as Rashid Khasabah and his co-accused, were arrested and sent to judicial custody.

The DCP also spoke about the modus operandi of the accused. They were seen traveling in groups and carrying firearms and ammunition. They were planning to commit crimes in the national capital and use the proceeds to finance their criminal activities. The DCP further stated that the accused were involved in several criminal cases and had a history of committing crime.

The investigation is ongoing, and the DCP has appealed to the public to provide any information that could help in solving the case. The DCP also said that the accused would be charged under the relevant sections of the Indian Penal Code.
Rehabilitation scheme for manual scavengers OK’d

The Delhi Cabinet has approved the rehabilitation scheme for manual scavengers under the Social Welfare Department. The scheme, which will be implemented by the Delhi Jal Board, will provide financial assistance to families of manual scavengers. The financial assistance will cover a family income of not more than Rs 40,000 per month.

The scheme will be operationalised in three phases. In phase one, which will begin from January 2023, the Delhi Jal Board will provide financial assistance to families of manual scavengers. In phase two, which will begin from January 2024, the Delhi government will provide financial assistance to families of manual scavengers. In phase three, which will begin from January 2025, the Delhi government will provide financial assistance to families of manual scavengers.

The scheme will provide financial assistance to families of manual scavengers. The amount of financial assistance will be determined based on the family income. The scheme will be implemented by the Delhi Jal Board, which will provide financial assistance to families of manual scavengers.

Sisodia gives cheques of ₹15 L each to families of Akhilesh, Annu

The Delhi Chief Minister, Arvind Kejriwal, has presented cheques of ₹15 lakh each to the families of Akhilesh and Annu, two of the victims of the February 2021 violence in northeast Delhi.

The cheques were presented to the families of Akhilesh and Annu as a gesture of同情 and respect to their sacrifice. The families weremersely thanked for their sacrifice and were asked to use the cheques for their own welfare.

App launched to help users cut electricity consumption

The Delhi Power Limited (DLP) has launched an app to help users reduce energy consumption. The app, called “Green Division Concept”, is designed to help users reduce electricity consumption by encouraging them to turn off lights and other appliances when not in use.

The app will provide users with real-time feedback on their electricity usage and suggest ways to reduce consumption. It will also allow users to set targets and track their progress towards achieving those targets.

The app is available for free download on the Google Play Store. Users can download the app and begin using it to reduce their electricity consumption and help save the environment.

97% rapes committed by people known to victims

A recent study has revealed that 97% of rapes are committed by people known to the victims. The study, conducted by the Gender Studies Department at the Delhi University, found that the majority of rapists are acquaintances or relatives of the victims.

The study also found that 80% of the rapists are from the same locality as the victims. The study further found that 90% of the rapists are from the same social and economic background as the victims.

The study has been welcomed by women’s rights activists, who have called for action to be taken against the rapists.

HC grants police protection to couple who got married against wishes of parents

The Delhi High Court has granted protection to a couple who got married against the wishes of their parents. The couple, who are both residents of the national capital, had married without the consent of their parents.

The petition against the marriage was filed in the court by the parents of the couple. The court has directed the police to provide protection to the couple.

The petitioners have given consent for the marriage, the court has ruled. The court has also directed the police to provide protection to the couple and to ensure that they are not disturbed in any way.

The petitioners have given consent for the marriage, the court has ruled. The court has also directed the police to provide protection to the couple and to ensure that they are not disturbed in any way.
India-Japan ties to become stronger in New India: Modi

Prime Minister Narendra Modi on Thursday said that India-Japan ties would become stronger in New India and that it would be a “future-oriented relationship”. He said that ties between India and Japan had grown significantly over the past few years, and that the two countries had become more committed to each other. He added that the two countries had a large number of businesses and investments, and that they had a common interest in regional security and economic prosperity.

J&K bank officials booked in money laundering case

A day after the 18-year-old student from Jammu and Kashmir was arrested in connection with the Rs 22 lakh robbery case, the J&K bank officials were booked in a money laundering case.

The official had been arrested on Thursday in connection with the Rs 22 lakh robbery case, which had taken place on January 14. He had been held in the girlfriend's flat in Jammu, and the police had recovered the cash.

Police said that the official had been arrested on suspicion of involvement in money laundering.

The bank had also been put on a watch list by the Reserve Bank of India, and the Enforcement Directorate had been asked to probe the matter.

Cow vigilantes to appeal 3 yrs jail term in MP

A cow vigilante was sentenced to three years in prison for assaults on a family in Madhya Pradesh.

The family member had filed a complaint against the vigilante, who had abused and threatened them.

The court sentenced the vigilante to three years in prison.

HC upholds Maratha quota,

The Bombay High Court on Thursday upheld the Maratha quota policy in Maharashtra.

The court said that the policy was constitutional and that it was within the powers of the state government to provide reservation for Marathas.

The state government had introduced the Maratha quota policy in 2017, providing 16 per cent reservation in education and government jobs.

Trump protests 'too high tariffs' ahead

US President Donald Trump on Thursday warned that he would increase tariffs on $200 billion of Chinese goods if talks with Beijing broke down.

“I don’t know if it’s going to happen or not. But I told China, if it doesn’t work out, I will raise the tariffs even higher,” Trump said.

The US has already imposed tariffs on $50 billion of Chinese goods, and the two countries have been negotiating for months to reach a deal.

HC urges Centre to compensate farmers

The Bombay High Court on Thursday asked the Centre to provide compensation to farmers who had been affected by the recent rains.

The court said that the Centre should provide compensation to farmers who had suffered losses due to the recent rains.

The court also asked the Centre to provide compensation to farmers who had been affected by the recent floods.

The Centre had already provided compensation to farmers who had been affected by the recent floods, but the court said that the compensation was not enough.

The court said that the Centre should provide compensation to farmers who had been affected by the recent rains, and that the compensation should be based on the loss suffered.
India slams developed world for green breach

MOHUA TO DELHI GOVT
Step up procurement of 427 feeder buses

India accounted for 4.9% of the global CO2 emissions. It was also among the countries which did not commit to any climate action.

India has only committed to a 20% reduction in its CO2 emissions by 2030. This is far below the 26% reduction target set by the developed world.

India needs to invest heavily in renewable energy and energy efficiency to reduce its carbon footprint.

India has committed to sourcing 40% of its electricity from renewable energy by 2030. However, it is only now beginning to implement this commitment.

India's approach to climate change has been criticized by many for its lack of action and slow implementation of commitments.

India's leadership has been praised by some for its efforts to reduce emissions and improve energy efficiency.

India's efforts to reduce emissions and improve energy efficiency have been praised by many for their impact on reducing greenhouse gas emissions.

India's leadership has been criticized for its slow implementation of commitments and lack of action on climate change.

India's approach to climate change has been praised by many for its potential to reduce emissions and improve energy efficiency.

The US President has trained his guns on India. How this will end depends a lot on Modi’s diplomatic skills

A Naresh Kumar

June 18, 2023, Tabrez Ansari, a 26-year-old resident of Jharkhand, was beaten to death in an altercation outside the Bhagawan Temple in Sonepur.

Shine unshone

The National Crime Records Bureau (NCRB) has reported a sharp rise in mob lynching cases in India. The report shows that the number of mob lynching cases has increased by more than 50% in the last five years. The NCRB report also highlights the brazen nature of crimes and the fact that such incidents show a brazen disregard for the rule of law.

The Prime Minister's Office has released a statement expressing its condemnation of mob lynching. The statement read: "The Prime Minister's Office extends its heartfelt condolences to the family and the loved ones of the deceased. We deeply regret the loss of life and express our deepest sympathies. The Government is committed to ensuring that justice is served and the perpetrators are brought to justice. We call on the public to stay calm and not engage in any violent or inflammatory behavior."

The statement also called on the public to refrain from spreading rumors and to support the law enforcement agencies in their investigation. The Prime Minister's Office has urged the public to cooperate with the authorities and to provide any information that could help in the investigation.

The Prime Minister's Office has also announced that it will set up a special task force to investigate mob lynching cases and to ensure that justice is served. The task force will be led by a high-ranking official and will comprise experts in law enforcement and criminal justice.

The Prime Minister's Office has also called on the public to support the families of the deceased and to provide any assistance that they can. The Prime Minister's Office has urged the public to stay calm and to support the investigation.

A new Game of Thrones

As machines are moving at warp speed to catch up with the world that changes at a lightning pace, the world of work is shrinking into an ever-diminishing square-mile. To many, this is an opportunity to be seized with both hands, to use it to make a fortune and power. To others, it is a threat, a challenge that one has to grapple with, to adapt to the changing world.

This is where the new Game of Thrones comes into the picture. It is a game where the rules are changing every day, and the stakes are higher than ever. It is a game where the winner is the one who can adapt the fastest, learn the quickest, and innovate most.

But this is not a game that can be won by just anyone. You need to be on top of your game, you need to be able to think on your feet, and you need to be able to adapt to the changing world.

This is why the new Game of Thrones is a game for the future, a game for the changemakers, a game for the innovators.

The missing link to nutritional safety

While the percentage of stunted children has seen marked improvements in recent times, progress has been relatively slow. States must follow Mahatma Gandhi’s vision and approach to tackle this problem of childhood hunger.

HITTING THE WRONG NOTE

There’s a diagnostic dilemma about the future when it comes to primary education.”

women must work

Organisations must ensure field workers have supportive policies, curb cultural and social biases to increase output and improve performances by skilled women.
Govt sets up working group to revise series of WPI

PMO

The Prime Minister’s Office has announced the formation of a new Working Group on Wholesale Price Index (WPI). The Working Group will be headed by the Department of Price Management.

The Working Group will examine the following:

- The base year and the period under consideration.
- The methodological issues underpinning the WPI.
- The issues related to the reformulation of the basket of commodities.
- The issues related to the weighting of commodities.

The Working Group will submit its report within 90 days covering 61 cities in 12 states.
Adopt zero tolerance towards terrorism: Shah

MOHAMMAD SAJJAD JARRAH
S

n the wake of the recent low-intensive terror attack in Shopian district of Jammu and Kashmir, the Union Home Minister Shah Abdul late on Thursday directed security forces to adopt "zero tolerance" towards terrorism and ensure best possible optimum steps to ensure the safety and security of the people of the state.

The Union Home Minister was speaking during a rescue operation launched in the Shopian district for the recovery of the body of a Hint security personnel who was killed in the said attack.

Speaking at a Press Conference, the Union Home Minister said that the security forces have been directed to ensure the safety and security of the people of the state.

He said that the security forces have been directed to ensure that the people of the state are not subjected to any kind of violence or terror.

Shah said that the security forces have been directed to ensure that the people of the state are not subjected to any kind of violence or terror.

He said that the security forces have been directed to ensure that the people of the state are not subjected to any kind of violence or terror.

Shah said that the security forces have been directed to ensure that the people of the state are not subjected to any kind of violence or terror.

VICEKOOHAI has been roped in to play Sam Manekshaw, the first Field Marshal of India, in Meghna Gulzar’s film.

Manekshaw died a few years ago on both the battlefields. He led the Indian Army to victory against Pakistan in 1971.

He was the first Indian Army officer to achieve the rank of Field Marshal.

Indian Fandom

Referring to the increasing number of fans of Korean pop idols and K-dramas, Sonali Shrivastava, President of the K-pop Alliance in India, said: “It has been an amazing experience as an Indian to witness the kind of fan culture that we have in India. We are getting a lot of attention because of the K-pop fan culture, and I would like to see India as a point and a trend with the music.”

The K-pop Alliance in India, which consists of two groups, Z-Idol and Z-Boys, has been covering a variety of events, including K-pop concerts and music videos, and has been promoting K-pop culture in India through various initiatives. The Alliance has had tremendous success in terms of producing engaging and popular content. It has been successful in promoting K-pop culture in India, and it has been able to attract a significant number of fans.

I am happy to be a part of this film (Karan Shafakhana) which bridges the gap between the two worlds.

Why is it a CULT?

With the proliferation of internet and social media, fans are eager to explore other cultures. But what makes a K-pop band unique, especially in the realm of imagery, narrative lyrics and a basis of genre? The K-pop culture is based on four different trends in its visual and creative forms. The influence of Korean pop music in Asia is evident. The rise of the K-pop band format and the rise of K-pop music has been a significant factor in the success of the band.

The film is a story about the journey of a band in the music industry in South Korea. It is a story of struggle and triumph. It is a story of passion and dedication.

The band’s journey is not an easy one. They face many challenges and obstacles. But they never give up.

As the band gains more popularity, they become more confident and successful. They become role models for many young people.

The film is a testament to the power of music and the spirit of perseverance.

I would like to express my gratitude to the producers and the entire team for giving me this opportunity. I am sure the film will inspire many young people to pursue their dreams.

K-pop is spreading its wings across the globe. It is something which is not unusual anymore. It is a music which is loved by all age groups and is making its presence felt in the music industry.

Vicky to play Sam Manekshaw

Actor VICKY KUSHVAH has been roped in to play Sam Manekshaw, the first Field Marshal of India, in Meghna Gulzar’s film.

Manekshaw died a few years ago on both the battlefields. He led the Indian Army to victory against Pakistan in 1971.

He was the first Indian Army officer to achieve the rank of Field Marshal.

Music, dramas and web series. Indians are looking at the figures. In 2018 Swift, with her “Reputation” album, sold 24 million copies worldwide. In 2019, BTS, which is credited with the success of the band, released their album “Love Yourself: Answer” and sold 27 million copies worldwide.

The album is a mix of pop, hip-hop, EDM and many other genres, creating a unique sound that is popular with fans of all ages. The album has won numerous awards and has been nominated for several Grammys. The album has been a huge success and has been a huge commercial hit.

UNIQUE THINGS

The album has a linear contrast between all of their performances, making them a leader in the music industry. It is a music which is loved by all age groups and is making its presence felt in the music industry.

It has been an amazing experience as an Indian to witness the kind of fan culture that we have in India. We are getting a lot of attention because of the K-pop fan culture, and I would like to see India as a point and a trend with the music.”

The film is a testament to the power of music and the spirit of perseverance.
Wings of fire

For those who need to experience a variety of flavours, Dragonfly is a perfect stop to have a meal, says Harshit Arora

Wings...[

Globe-trotting chef Andre Chiang decided to give his restaurant Dragonfly a new look and concept by focusing on a local ingredient: dragonflies. The decision was not an easy one for Chiang, but it was driven by his desire to showcase the diversity of Southeast Asia, where dragonflies are abundant.

The new menu at Dragonfly features nine dishes, each inspired by a different country in the region. The dishes are divided into three categories: Asian, European, and American.

Asian category includes dishes like Khao Neow Ma-Pla, a Thai dish served with sticky rice and a curry sauce. The European category features dishes like Panneer Peshawari, a North Indian dish made with paneer and spices. The American category includes dishes like BBQ pulled pork, a classic American dish.

Chiang says that the new menu is a reflection of his own experiences and travels. He has visited many countries in the region and has been inspired by the local cuisine.

He says, "I wanted to create a menu that is inspired by the local cuisine of Southeast Asia, but also reflects my own experiences and travels. I hope that guests will enjoy the new menu and leave with a new appreciation for the diversity of Southeast Asian cuisine."
Feisty Trump sets tone as stormy Gore 20s

Osaka: US President Donald Trump set the tone on Thursday for what promises to be a stormy week of meetings, as he accused China of trying to "steal" US jobs out of foundries and ??ike once again, brushing aside questions about whether his administration would "play nice"

The long-running US-China trade war has dominated the two-day meeting of leaders of the Group of 20 countries in the Japanese city of Osaka. The US president is a veteran of international diplomacy and has a history of making controversial statements.

"I don't think [China] has done anything wrong," he said, before adding: "I think the situation is very good right now and we're in a very good position.

The White House had earlier said that "we anticipate a very constructive and positive relationship" with China, but Trump's comments suggest that may not be the case.

"The US president had not been heard from Syria's military spokesman Brigadier General Ahmed as he spoke to Reuters reporters imprisoned after the weekend.

"I think that we have a very strong relationship with China," Trump said. "And I think they're going to play nice, and I think they're going to do good.

"But I think it's going to be a very tough deal and it's going to be a very tough negotiation.

"I think that they have a lot of strength and they have a lot of leverage, and they have a lot of power.

"But I think that the US will be very strong."
India on top

Riding on their good show so far in the ongoing World Cup, India on Thursday beat England by 31 runs to become the No 1 ODI team in the latest ICC rankings. It is England's 122 after remaining unbeaten so far in their opening game, and the team also take top spot in the overall ODI rankings. England, meanwhile, haven't met expectations of being the pre-tournament favourite. India's win also saw them securing an all-time record of making it to the semi-finals. England's Simon, in whose absence, missed, said: "It was a big advantage over lot of other sides. Fortunately we had a lot of players who can do that." A big advantage over lot of other sides. Fortunately we had a lot of players who can do that.

What a catch!

Sanjay Garg had a face full of slack on his face after the dismissal of England's Joe Root. During their match against New Zealand in Pakistan, which Pakistan won by six wickets, New Zealand made a clean sweep in the semi-finals. The match was one of the best ODI's to be seen in recent times. The New Zealand team was the first team to declare its 654/7, which looked more from the pad than from the bat. The match was a test of patience, and both teams were able to keep their wickets intact. With the score at 654/7, the match was declared a draw.

Bowlers pack off Windies for 143, team romps to 5th win, one short of S/F spot

India on top

Hitting on their good show so far in the ongoing World Cup, India on Thursday beat England by 31 runs to become the No 1 ODI team in the latest ICC rankings. It is England's 122 after remaining unbeaten so far in their opening game, and the team also take top spot in the overall ODI rankings. England, meanwhile, haven't met expectations of being the pre-tournament favourite. India's win also saw them securing an all-time record of making it to the semi-finals. England's Simon, in whose absence, missed, said: "It was a big advantage over lot of other sides. Fortunately we had a lot of players who can do that." A big advantage over lot of other sides. Fortunately we had a lot of players who can do that.

What a catch!

Sanjay Garg had a face full of slack on his face after the dismissal of England's Joe Root. During their match against New Zealand in Pakistan, which Pakistan won by six wickets, New Zealand made a clean sweep in the semi-finals. The match was one of the best ODI's to be seen in recent times. The New Zealand team was the first team to declare its 654/7, which looked more from the pad than from the bat. The match was a test of patience, and both teams were able to keep their wickets intact. With the score at 654/7, the match was declared a draw.

South Africa have lost five matches out of seven which is their worst performance in T20s. They lost four matches in 2002 in Zimbabwe T20 series.

Three

The match will be held at Supersport Park in Centurion, South Africa and is expected to be the last in the tournament. The match will be broadcast on SuperSport, DStv and DStv Now.

The match will be between South Africa and Sri Lanka. Sri Lanka is currently in 10th place in the tournament with 10 points, while South Africa is in 8th place with 6 points.

The match will be played on the 10th of July 2023 at 2:30 PM local time.

There have been several changes in the teams ahead of the match. For South Africa, Anrich Nortje, Keshav Maharaj, and Martin van der Dussen will be out of the squad due to injuries. For Sri Lanka, Asela Gunaratne, Mahela Jayawardene, and Lasith Malinga have retired from international cricket.

The match is expected to be a high-scoring contest, with the team from South Africa having the upper hand in terms of batting and bowling.

Liverpool star slammed in a second shortly before 25 minutes after a wicked Salah cross and the over the Democratic Republic of Congo.

Close friend and fellow club legend to thrive under pressure, says ager.

Salah was guilty of missing a hatful of chances and he struggled a bit from cramp at end. He had not been able to control the ball well, but he is a great player. When he does come down to the opposition and the opening bowlers. If you do not get it well that starts as a full time for as the other for the whole. We can avoid Australia how difficult it is when you lose early wickets, especially chasing a total of 250. England has found it really useful. When we did that, we were able to make the most of our opportunities.

I think he'll be fine for India though. He's been an inspirational leader for us, but he has not been able to find a way to get over the line. I think England have evolved, they have been playing as a team, they have been playing as a unit and they are pretty much in control. That probably hasn't been the case in the past few games, but they are capable.

The situation England are in is not ideal, but they have a way to find a way to adapt and win. That is the main thing, the main thing is to have a way to find a way to get over the line.

When we put it into that and his whole world, we have to be careful. We have to make sure he is not too stressed out. That is not the case anymore. We have found it really useful. When we did that, we were able to make the most of our opportunities.

I know there has been some criticism about the performances but I'd missed all the stuff that was being found it really useful. When we did that, we were able to make the most of our opportunities.

But the Australians took early and that caused some problems. We have found it really useful. When we did that, we were able to make the most of our opportunities.

I think some people have written that is not the case anymore. We have found it really useful. When we did that, we were able to make the most of our opportunities.

But I know during the 2017-18 season, it kind of mattered and that will be a big plus. We need to find a way to get over the line. I think England have evolved, they have been playing as a team, they have been playing as a unit and they are pretty much in control. That probably hasn't been the case in the past few games, but they are capable.

Women's Cricket World Cup, a lot of England's wins over the last few years have been after a good start, and he's been able to hold his own in those situations. Things have changed a bit, but I think England are pretty much in control. That probably hasn't been the case in the past few games, but they are capable.
