## Sena fails to show numbers, Guv invites NCP

### Political musical chairs in Maharashtra continue

TN RAGHUNATHA ■ MUMBAI

In a new twist to the ongoing game of political musical chairs in Maharashtra, Governor Bhagat Singh Koshyari on Monday night eliminated the Shiv Sena from the Government formation exercise after it staked a claim to form a Government but failed to submit letters of support from the NCP and the Congress.

Late in the night, the Governor called a delegation of NCP leaders for consultations. During the meeting, the Governor handed a letter to the NCP leaders asking their party to indicate its "willingness and ability" to form the next Government in the State by 8.30 pm on Tuesday.

Talking to media persons after meeting the Governor, State NCP president Jayant Patil said, "As per the procedure, the Governor has given us a letter being the third single largest party in Maharashtra. We have suggested to him that we will have to talk to our alliance partner. We have assured him that we will get back to him as early as possible."

NCP president Sharad Pawar and central Congress leaders will hold talks on Tuesday on the Governor's letter. Given that the combined strength of the two parties is 98 MLAs and they are 47 MLAs short of the magic majority figure of 145 in the 288-member Assembly, the two parties cannot on their own stake a claim

Shiv Sena leaders Aadiya Thackeray and Eknath Shinde, along with party leaders, address a Press conference after meeting Maharashtra Governor BS Koshyari in Mumbai on Monday evening

to form a Government.

It remains to be seen if the NCP and the Congress will seek the support of the Shiv Sena to form a Government. If the two parties do approach the Sena, will the Sena extend its support to the NCP and the Congress? Lending support to the NCP-Congress means the Sena forfeiting its much-discussed claim on the Chief Minister's post, a post for which the Sena sacrificed its 30-year-long (albeit of an interrupted nature in 2014) alliance with the BJP.

Secondly, the Sena will have to play the second fiddle to the NCP-Congress alliance if it chooses to be a part of the three-party Government. Will the NCP-Congress alliance take the risk of running a Government with an aggressive Sena, which

is ideologically different from the two parties?

On his part, the Governor is going through with the motions of exhausting Constitutional options before him. Once he is through with the process, will he recommend President's rule in the State? This is a question that is bothering all the political parties in the State.

Despite indicating that they would extend their support to the Sena to form a Government, the NCP and Congress remained non-committal on the issue till late in the evening.

Though Pawar held several rounds of talks with his party leaders, he refrained from saying anything on extending support to the Sena all through the day. The NCP's refrain was that it was waiting for an official word from the Congress lead-

ership.

After a Sena delegation met the Governor for staking claim to form a Government, the Congress issue a brief Press release which said, "The Congress Working Committee met this morning and had a detailed discussion on the situation in Maharashtra, after which a consultation was held with Maharashtra Congress leaders. The Congress president Sonia Gandhi has spoken to Sharad Pawar. The party will have further discussions with the NCP."

Earlier in the afternoon, Sena president Uddhav Thackeray spoke on the phone with Congress Interim president Sonia to discuss Government formation. Ud also met with Nationalist Congress Party leader Sharad Pawar at a five-star hotel in Mumbai. Later in the evening, the Shiv Sena virtually forfeited an opportunity to form a Government after they failed to produce letters of support from the NCP and Congress which, it claimed, had in principle extended their support to it form a government.

Much to the Sena's disappointment, the Governor declined to give three days' extension to it to submit letters of support from the NCP and Congress, thus once again plunging Maharashtra into a state of uncertainty.

"A delegation of leaders of Sena met the Governor and expressed their willingness to form the Government. However,

## Sena plans exit from NDA for survival

DEEPAK K UPRETI ■ NEW DELHI

The steady national dominance of the BJP since 2014 has seemingly squeezed the space and whittled the influence of allies in the National Democratic Alliance (NDA), the rippling impact of what is now being felt even by its oldest "ideological partner" Shiv Sena which after making common cause with the former for 25 years, is, interestingly, set to end the alliance and hug the political opponents it fought against till as recently as in the last month's Assembly polls in Maharashtra.

"big-brother" in the western State as the BJP willingly played a second-fiddle in the State.

The Shah-Modi politics reversed the equation in the State as was evident when the two allies contested polls separately in 2014. In 2019, too, the two bitterly fought for greater share of seats before joining hands at the last minute in the Assembly polls that last month did not deliver the "expected" majority for the BJP, giving it 17 less seats than it collected in 2014.

The taciturn Sena was feeling the pressure from the BJP and suspected it of usurping its urban turf and gradually mar-

ginalising it in the State politics. The rules of games had changed and the BJP was now playing big brother in Maharashtra even as it was already at the Centre. And as they say when the shove came to the push, Sena, which was constantly sniping at the BJP and attacking Modi-Shah and at times even praising former Congress president Rahul Gandhi at the cost of the duo, bolted and joined one-time foes the Congress and the NCP to try forming a second Government after Manohar Joshi first helmed the affairs in 1995 to become the first non-Congress Chief Minister in Maharashtra.

they could not submit the requisite letters of support. Further, they submitted a letter requesting for three days of extension of the deadline for submitting the letters of support. The Governor expressed his inability to give further extension," a statement issued by Raj Bhavan said.

Talking to media persons after meeting the Governor and "stating a claim" to form the Government, Yuv Sena leader Aadiya Thackeray said, "Yesterday evening at around 7.30 pm, our legislature party leader Eknath Shinde received a letter from the Governor asking us indicate its "willingness and ability" to form the next government in the state.

## Cong's Catch-22 situation spoils Shiv Sena's chance

DEEPAK KUMAR JHA ■ NEW DELHI

Should we, shouldn't we? This question rattled the Congress brass throughout Monday as it held two separate brainstorming sessions in a bid to reach at a conclusion on whether to back the ideologically-opposite Shiv Sena to form a Government in Maharashtra. And if it did, in what form would it be?

Senior Congress leader Mallikarjun Kharge with Maharashtra unit leaders at 10 Janpath in New Delhi

By the end of the day, the Congress house remained divided on the issue and the question continued to trouble partymen who decided to take a final call on the matter on Tuesday after its Central and State leaders talk to NCP chief Sharad Pawar, who shares a good rapport with Shiv Sena chief Uddhav Thackeray.

In the meantime, as a section of the media said the Congress and the NCP have faxed their letters of support to the Sena to the Maharashtra Governor, Congress' State incharge Mallikarjun Kharge categorically denied having done so.

A statement issued by party general secretary KC Venugopal after the meeting said, "The Congress president has spoken to Sharad Pawar. The party will have further discussions with the NCP."

Hectic parleys started early morning and involved both the AICC and PCC leaders as Congress president Sonia Gandhi took stock of the things and even spoke to Pawar and Uddhav. A majority of the newly-elected Congress MLAs from Maharashtra are in favour of forming a Government in the State by being part of it. Some called for extending an outside support to the dispensation by the Sena. More so, as they wanted to keep the BJP out of power in the political-

ly and financially crucial State. Pawar made attempts to bridge the gap between Sena and a reluctant Congress and Sonia is understood to have conveyed both the parties interested in forming a Government that Congress will get back only after speaking to MLAs. Sources said Uddhav had called Sonia over phone seeking her support in Maharashtra to keep away the BJP. "We will get back to you after speaking to MLAs," Sonia reportedly told Uddhav who made several calls during the day to get past their differences to collaborate.

As the Sena and NCP anticipated that Congress will extend their support by the evening, the unexpected decision of the latter to discuss "once more" put cold waters on the Sena's desire to install their Chief Minister in the State. Given the stalemate between the two former alliance partners BJP and Shiv Sena, the role of Congress with its 44 legislators and NCP with 54 MLAs is crucial. Top Congress leaders, former Maharashtra Chief Ministers Ashok Chavan, Prithviraj Chavan and Sushilkumar Shinde as well as State unit chief Balasaheb Thorat met Sonia. Earlier in the morning, all senior members of the Congress Working Committee (CWC) met at Sonia's residence.

## Sena's Minister quits Modi Govt

PNS ■ NEW DELHI

Fulfilling the NCP's condition that the Shiv Sena should quit the Modi Government, its Heavy Industries Minister Arvind Sawant on Monday announced his resignation from the Union Cabinet, saying there is no trust left and it would not be proper to continue as Minister when a new Government is being formed in Maharashtra. "I have resigned as Union Minister," the Shiv Sena leader said.

## CAPSULE

### CENTRE JUSTIFIES ITS ART 370 DECISION IN SC

**New Delhi:** The Centre justified in the Supreme Court on Monday the abrogation of provisions of Article 370 of the Constitution, which gave special status to Jammu & Kashmir, saying the terrorists and separatist elements, with the support of foreign forces inimical to India, were taking advantage of the situation.

### 16 HURT AS 2 TRAINS COLLIDE IN HYDERABAD

**Hyderabad/New Delhi:** Two slow-moving trains collided at Kacheguda Railway station here on Monday, leaving 16 people injured, including a driver who was trapped in his badly mangled cabin for eight hours, officials said. The driver of the MMTS train, who sustained serious injuries, was initially trapped in his cabin.

## Govt sets in motion formation of trust to build Ram Mandir

PNS ■ NEW DELHI

In line with the Supreme Court judgment to set up a trust for the construction of Ram Mandir in Ayodhya, the Centre has started the process, with a team of officers from the Ministries of Home, Law and Culture to study the SC order threadbare to ensure that the trust is constituted in three months as per the SC verdict in the Ram Janmabhoomi-Babri Masjid case.

The opinion of the Attorney General and the Solicitor General will be taken on how to proceed, said senior officials. The Ministry of Home Affairs or Ministry of Culture will be expected to be the nodal Ministry in creation of the trust, said officials, adding that consultations will also soon start with the Uttar Pradesh Government in this regard.

In a unanimous verdict on Saturday, a five-judge constitution Bench headed by Chief Justice Ranjan Gogoi cleared the way for the construction of a Ram temple at the 2.77-acre disputed site in Ayodhya and directed the Centre to allot a five-acre plot at an "alternate but prominent" location to the Sunni Central Waqf Board for building a mosque.

The Central Government shall within a period of three months from the date of this judgment, formulate a

scheme under the Acquisition of Certain Area at Ayodhya Act, 1993. The scheme shall envisage the setting up of a trust with a board of trustees or any other appropriate body..." said the judgment.

It is understood that the Centre will task the Uttar Pradesh Government to find the five acre for the construction of the new mosque in consultation with the Sunni Waqf Board. The apex court has directed either the Centre or the State Government to hand over the five acre to the Sunni Waqf Board.

## Min stuck for 6 hrs in JNU hostel fee hike stir

### HRD Min assures help

SHEKHAR SINGH ■ NEW DELHI

The hostel fee hike, "curfew timings" and dress code proposed by the Jawaharlal Nehru University (JNU) administration have not gone down well with the students who held a protest in front of the university gate on Monday and clashed with police, leaving HRD Minister Ramesh Pokhriyal "Nishank" stranded for over six hours at the venue of the varsity's convocation.

The students wanted to march towards the All India Council for Technical Education (AICTE), around 3 kilometres from the JNU campus where Vice President Venkaiah Naidu was addressing the university's convocation with HRD Minister at an auditorium, but were stopped a few meters back by the Delhi Police and Central Reserve Police Force. Police used water cannon to disperse the protesters.

"...the situation has been handled. A student delegation, including the JNU student president had met the Minister and they have been given assurance that their demands will be addressed," said a senior HRD Ministry official. The HRD Minister left the AICTE premises around 4.15 pm and had to cancel two events scheduled at Shastr Bhawan.

Police also detained several students who were released after a few hours. The police personnel also formed a 'human chain' in order to facilitate the

safe exit of the students attending convocation.

The protests started in the morning around 11:30 am and escalated as the day progressed with hundreds of students jostling with the police personnel. The protesters also toppled barricades and hurled shoes at the police and CRPF personnel when they were not allowed to march towards the convocation venue.

Police said that barricades were placed outside the north and west gates of the JNU campus, as well as on the route between the AICTE auditorium and the university at Baba Balaknath Marg and in nearby areas.

## Plan to create 2-cr jobs in Delhi-NCR in 20 yrs

RAJESH KUMAR ■ NEW DELHI

Generating two crore jobs in 20 years is what the "Regional Plan 2041" of the National Capital Region (NCR) will envisage. The Ministry of Housing and Urban Affairs (MoHUA) on Monday asked the National Capital Region Planning Board (NCRPB) to prepare a blueprint for the plan by mid-2021 keeping in mind the transport, hospital, hospitality, education, environment, water, sewerage, solid waste and power sectors where the jobs will mostly be created.

"The development of these sectors will increase rural income and reduce poverty," member secretary NCRPB Archana Agarwal said, adding a regional plan with next horizon year 2041 is required to be prepared now.

The regional plan 2021 was notified on September 17, 2005, and is presently in force. Officials said that the Rapid Rail Transit System (RRTS) project will generate huge employments in Delhi and its neighboring States. The RRTS project is worth Rs 30,274

crore and will be implemented in phases, based on its corridors and sections. The country's first regional rapid rail corridor will come up on the Delhi-Ghaziabad-Meerut route, which will eventually bring down the travel time between Delhi and Meerut to

just 55 minutes. "All rapid rail trains will have the 'made in India' mark, which means generation of employment," said officials of NCRPB.

The construction of Eastern Peripheral Expressway and Western Peripheral Expressway has already generated thousands of jobs in the areas. It has given direct and indirect employment to over 10,000 skilled and unskilled workers.

MoHUA Secretary Durga Shankar Mishra asked the NCRPB to notify the regional plan by mid-2021 and focus on how to make cities citizen-centric, liveable, environmentally sustainable and disaster resilient. "The 2041 regional plan should also make the National Conservation Zone more effective, look at ways to integrate rural and urban,

utilise opportunities provided by the Transit Oriented Development policy and redevelopment. Only plans with crucial factors like economic ability and sustainability can succeed," Mishra added.

## 1,500 winged guests found dead around Sambhar Lake

PTI ■ JAIPUR

Hundreds of migratory birds of over a dozen species have been found dead in Sambhar lake area near Jaipur. Water contamination is suspected to be the cause behind the birds' death, said officials, adding, the exact reason, however, would be clear only after testing their viscera.

The birds, numbering around 1,500, were found dead on Sunday in over five to seven square km area, which is a well-known wetland of international importance and is visited by tens of thousands of migratory birds during winter.

After receiving the information about dead birds from local residents, a team of revenue, forest and veterinary officials vis-

ited the area and found around 1,500 carcasses of 15 species, including those of Northern Shovelers, Ruddy Shelduck, Plovers, Avocets, and others.

"Samples were collected by the veterinary team and sent to the National Institute of High Security Animal Disease Center, Bhopal. The result is expected in four to five days," a forest department official said.

Carcasses have been disposed and the area is being thoroughly combed. This is the second incident after a similar incident in Jodhpur's Khinchana area, where thirty-seven demoiselle cranes were found dead on Thursday last week. Their viscera too have been sent for investigation and reports are awaited.

# Himachal Guv opens 400-year-old Lavi Fair

PNS ■ SHIMLA

Himachal Pradesh Governor Bandaru Dattatraya on Monday inaugurated the four-day long International Lavi fair at Rampur town and appealed to the people to contribute towards making the State free from drugs.

The Governor also stressed on 'Beti Bachao Beti Padhao' and the promotion of natural farming in the state.

He said that fairs and festivals play an important role in preserving the rich cultural heritage of state and every effort should be made to preserve it

and to restore their old glory. Lavi fair has its own historical importance and is famous not only for trading activities but also for its age old long traditions, he added.

The Governor also said that such trade fairs provide self-employment opportunities to the rural people.

He said that this fair has remained an important trade fair between India and Tibet for centuries, and was a unique example of the glorious, social, cultural, economic history and legacy of Himachal Pradesh. Even today, the tradition was as vibrant as ever, he added.

The Governor also hoped that all the folk artists of the district and other areas of the State would enthral the audience with their performances and leave an impression on the younger generation about the importance of socio-cultural and ethical values preserved by the hill people.

The fair will conclude on November 15.

The Lavi Fair, which is almost 400 years old, dates back to the time when Raja Kehari Singh of Rampur Bushahr state signed a treaty to promote trade with Tibet. Rampur, 120 km from Shimla, was once a major

trade centre as it is located on the old silk route connecting Afghanistan, Tibet and Ladakh. The traders from Tibet used to bring raw wool, herbs and leather products and take back wheat flour, rice, spices, butter, farm implements and livestock.

A three-day horse trade-cum-exhibition was organised before the beginning of the Lavi Fair. The main attraction during the fair every year is the sale and purchase of Chamurthi horses — an endangered species known as the 'ship of the cold desert'.

Being a surefooted animal, it is mainly used for transporting goods in the Himalayas. The Chamurthi horse traces its origin to the Tibet region. In India, it is bred in the villages of Himachal Pradesh bordering China. According to the livestock census, there are around 1,100 Chamurthi horses in Kinnaur and Lahaul and Spiti districts in the state.

## IN BRIEF

### PUNJAB GUV GREETS PEOPLE ON PARKASH UTSAV

**Chandigarh:** Extending greetings to the people of Punjab and Chandigarh on the auspicious occasion of 550th Prakash Purab of Guru Nanak Dev, Punjab Governor and UT Administrator VP Singh Badnore said that Guru Nanak Dev's philosophy seeking Sarbat Da Bhalla (welfare of all) and his message is relevant to the whole world, transcending all boundaries. The Governor said, Guru Nanak Dev was born at a time when society was ridden with prejudices of caste, creed, social inequalities, discrimination against women and ill-gotten wealth. He called upon the people to follow the steps of Guru Nanak Dev as his teachings continue to inspire us to walk on path of righteousness in the service of humanity.

### UT MAYOR FLAGS OFF 4 WASTE-LIFTING VEHICLES

**Chandigarh:** Rajesh Kumar, Mayor of Chandigarh flagged off four vehicles to carry out the lifting of Municipal Solid Waste in segregated manner from Sector 17 A, B, C & D. The Mayor informed, the four vehicles will collect the MSW in segregated manner i.e. wet and dry separately in different cabins from two Sahaj Safai Kendras. Earlier, the MCC used to lift these 6 bins at two times and 2 tractor trolleys were deployed for carrying out this work. Now with the help of these four vehicles, the MCC will lift around 8-10 tonnes of MSW on daily basis in segregated manner, the Mayor added. 55 vehicles having capacity of 3.2 cubic meter have been deployed for the 13 villages recently transferred to the Municipal Corporation and achieved nearly 100 percent segregation mark, he added.

### KIRRON KHER INAUGURATES RAIL UNDER BRIDGE

**Chandigarh:** Kirron Kher, Member Parliament, Chandigarh, inaugurated Rail Under Bridge (RUB) at Manimajra railway crossing under 126 in the presence of Manoj Parida, Adviser to the UT Administrator, and other officers of UT Administration. After the inauguration, the MP said, this project will bring relief for the residents of Manimajra. It will provide additional connectivity between Chandigarh and Panchkula and will also facilitate smooth movement of traffic between housing board Manimajra and Chandigarh. The construction of RUB at level crossings 126-B has been completed with a cost of ₹7.25 cr.

### ELANTE TO CELEBRATE 550TH PRAKASH PURAB

**Chandigarh:** With great devotion and fervour, Elante Mall is all set to celebrate the 550th Prakash Purab of Guru Nanak Dev. Commemorating the founder of Sikhism, Elante has installed a replica of Gurudwara Darbar Sahib, Kartarpur, Pakistan inside the mall premises. To mark this momentous occasion, Elante will host a series of celebratory activities which began from November 9 and will conclude on November 17. During these celebratory days, Elante will be giving out assured gifts to all shoppers making purchases of Rs 10,000 or above. Anil Mahotra Executive Director, Nexus Malls said, "We are extremely humbled to celebrate and commemorate this auspicious day with great zeal and recognise the three pillars of learning as preached by Guru Nanak Dev. His tenets of learning of Kirat Karo, Vandh Chako and Nam Japo are the values we adhere to in our mind, Body and soul."

### NITS SIGN MOU WITH CSIO

**Chandigarh:** Central Scientific Instruments Organisation (CSIO) signed MoU with four NITs i.e. NIT Kurukshetra, NIT Jalandhar, NIT Srinagar and NIT Hamirpur at its premises here. This MoU will facilitate exchange of staff and students towards co-supervision of Undergraduate, Postgraduate and Ph.D. thesis, participation in research thus promoting interaction among the scientists, professors and research scholars of the four NITs. Further this will help in pursuing joint research programs including externally funded schemes and consultancy activities etc.

### OVER 66.58L MT PADDY ARRIVED IN HRY MANDIS

**Chandigarh:** More than 66.58 lakh metric tonnes (MT) of paddy has so far arrived in Haryana Mandis as compared to over 64.68 lakh MT of paddy arrived during the corresponding period last year. A spokesman said, out of the total arrival of paddy, government agencies had so far procured over 62.02 lakh MT of paddy whereas the remaining quantity of over 4.55 lakh MT of paddy was procured by the millers. Over 33.58 lakh MT of paddy have been purchased by the Food, Civil Supplies and Consumer Affairs Department. Over 19.43 lakh MT by Hafed, over 8.95 lakh MT have been purchased by the Haryana Warehousing Corporation and 4.572 MT have been purchased by the Food Corporation of India.

### TOP EDUCATORS TO GATHER IN CHANDIGARH

**Chandigarh:** The New India Education Summit (NIES) will see top educators, institutions and innovators from across the country in the field of education gather in Chandigarh on November 12 and 13 at Hyatt Regency. VP Singh Badnore, Governor of Punjab and UT Administrator will be the chief guest on this occasion. The New India Educational Summit (NIES) is focussed at strengthening framework and building infrastructure for 'Education 2030'. To ideate the changes necessary and find grounds on which to build up a sustainable education system, NIES will see exceptional leaders in the field of education like and other experts, exchange and brainstorm ideas on holistic, inclusive, sustainable education and much more.

### CHILDREN TO RUN FOR FITNESS IN 'JUNIORTHON'

**Chandigarh:** In an endeavor to promote health, fitness and disease-free lifestyle for the young generation, Northridge International School Sector-46 in collaboration with Sports-13 is organizing a 'running' based sports event 'Juniorthon' in the city. The event will be held on November 17 (Sunday) for the younger kids, where the children in the age bracket of 3 to 11 years can participate. Yadvinder Singh, CEO, Sports-13 briefed, "Juniorthon is all about children running towards a healthier future and supporting a good cause — 'Fit India'. Parents of interested children can register by logging onto townscript or by calling 9877823377, a number specially dedicated to address inquiries about the event."

## Hry: Footfall under 'Know Your Case' continues to maintain upward trend

PNS ■ CHANDIGARH

In Haryana, an upward trend has been witnessed in the number of persons visiting different police stations and units to get the status of their cases or complaints under the 'Know Your Case' scheme, this year.

Around 20,180 persons visited in September which is the highest in the first nine months of year 2019.

Additional Director General of Police, Law and Order, Navdeep Singh Virk said that out of the total, 11,670 persons enquired about the progress in complaints and 8,510 obtained information about criminal cases by paying a visit in different Police stations in September.

He said that maximum footfall was witnessed in district Palwal where 3,101 people directly met the investigation officers or senior officers to enquire about the progress in pending complaints and criminal cases, followed by Gurugram and Faridabad with the figure of 2,745 and 2,514 respectively.

Giving month-wise trend of

footfall, Virk said that 18,887 persons visited different Police stations in the month of January, 18,036 visited in February, 19,396 in March, 18,350 in April, 13,812 in May, 18,746 in June, 19,462 in July and 19,945 persons in the month of August. The rise in footfall shows the steps towards transparent and public-oriented policing in the state, he added.

Notably, Haryana Police had launched 'Know Your Case' scheme with an objective to bring greater transparency and accountability in police functioning. Under this, all Supervisory Officers, Station House Officers, Investigating Officers as well as MHCs are present in their respective police stations and units along with the latest status to attend the complainants. The last Saturday and Sunday of every month between 9 am and 11 am has been fixed as the "Know Your Case" day. This is being done in the presence of concerned Deputy Superintendent of Police and monthly progress of the scheme is also being monitored at higher levels by officers concerned.

## Himachal HC issues notice on cruelty to elderly woman

PNS ■ SHIMLA

Taking suo motu cognisance, the Himachal Pradesh High Court on Monday directed the Government to file a status report in a case related to torture of an elderly woman on the suspicion of being a witch.

A Division Bench of Chief Justice L.Narayana Swamy and Justice Jyotsna Rewal Dua passed the order while treating media reports as a public inter-

est litigation. According to the media, an 80-year-old woman was thrashed and paraded with blackface and a shoe garland in Samahal village in Sarkaghat of Mandi district, on suspicion that she practised black magic.

It was also reported that she was threatened to face the wrath of local deity in case she approached the police to file a complaint. The bench listed the matter for next hearing on November 18.

**DATE-SHEET FOR DEPT EXAM Chandigarh:** The Central Committee of Examinations, Haryana has issued the date-sheet for the departmental examinations of different departments of the State Government to be held in the month of December. A spokesman said, the examinations would take place at Saarthak Government Integrated Senior Secondary School, Sector 12 A, Panchkula in morning and evening shifts. Those who intend to appear in the examination should immediately apply to their Head of the Department or Administrative Secretary with particulars in the prescribed form by November 26. No direct application would be entertained by the Central Committee of Examination, he added.

550TH PARKASH PURAB

# Eliminate social evils like corruption, atrocities: Manpreet

PNS ■ CHANDIGARH/SULTANPUR LODHI

Punjab Finance Minister Manpreet Badal on Monday appealed the people to celebrate the 550th birth anniversary of Guru Nanak Dev by eliminating the evils like corruption, atrocities, and poverty from the society.

Manpreet, who along with Sultanpur Lodhi MLA Navtej Singh Cheema paid obeisance in 'Guru Nanak Darbar', said that the festive fervor of Parkash Purab is not only limited to Punjab as it is being celebrated across the world.

"The life and preaching of Guru Nanak Dev have led a new way for the people to live life by following the message of God. The life on the earth

could not be imagined without the birth of Guru," he said.

Manpreet said that the first Guru has always motivated the people to help the deprived sections of the society without any discrimination. Guru Nanak's preachings have been well received by the followers of different religions, he added.

At the same time, he said that the Kartarpur Corridor has been opened for the pilgrims in the 21st century which is an indication for Punjab to cope with the heavy loss done to the State in the 20th century.

He congratulated the sangat for the opening of the corridor as it was being awaited by the devotees of Guru Nanak from several decades. He appealed to the new generation to follow the message of equality given by Guru Nanak Dev.

## Punjab Police sets new benchmark for foolproof security arrangements through ICCC

PNS ■ CHANDIGARH/SULTANPUR LODHI (KAPURTHALA)

Punjab Police has set a new benchmark by ensuring foolproof security arrangements in Sultanpur Lodhi through the Integrated Command and Control Centre (ICCC).

Punjab Finance Minister Manpreet Badal, who visited the ICCC on Monday morning, said that unprecedented arrangements have been made by the Punjab Police to keep a strict vigil over the law and order situation in the holy city.

He said that this was laudable initiative, which has gone a long way in streamlining the affairs during the commemorative functions to mark the 550th Parkash Purb of Guru Nanak Dev. Punjab Government has taken several path breaking initiatives to make this mega event a huge success, he added.

Manpreet said that while a viable mechanism has been put in place to facilitate the pilgrims coming at this holy city during the commemorative functions, the Punjab Police has also taken these historic initiatives to maintain law and order in the holy city during these functions besides ensuring safety and security to people.

He said that this was a beginning of new era as the Punjab Police has taken step forward towards modernisation and use of technology to combat crime in an effective manner. He assured fulsome support and cooperation to the Punjab Police for this noble cause.

On the occasion, the Inspector General of Police Nainihal Singh briefed the Minister about the salient features of the ICCC. He said that through this centre, the Punjab Police was keeping a strict vigil over each and every thing unfolding in the holy city and its surrounding areas. No stone was being left unturned to maintain law and order in Sultanpur Lodhi, he added.

### SPECIAL MOBILE APP ENSURES 24X7 MONITORING OF WATER SUPPLY, SANITATION

To ensure top-class water supply and sanitation facilities, Punjab's Water Supply and Sanitation Department (DWSS) has developed a special mobile

Source: Agency

app to keep a tab over the smooth operation of entire system.

Superintending Engineer Kuldeep Singh Saini said that mobile app has ensured the regular inspection of the system and fixing up the faults well in time.

He said that the mobile app 'WSS550' has been developed by the Department, which ensures compulsory visit of the field staff to various points. To attend the sea of pilgrims more than 4,000 toilets, 10 water ATMs and 50 Water Stations have been set up by the department.

Emphasising over the smooth functioning of this infrastructure need for the regular checking was felt among the top brass of the Department, said Saini, adding that this led towards the development of this app.

He said that all the public facilities and water points in the city have been equipped with a QR code, which must be scanned by the inspecting officers during the time of their inspection. "The moment they scan the QR code, a new window pop up on their mobile having a questionnaire regarding the working of the system being inspected," he said.

He said that there are more than 100 spots which are being checked after an interval of four hours to ensure the smooth operation of the system. Till date around 1200 issues have been reported in the system out of which 1180 have been resolved by the concerned staff, he said adding that the system is also useful for pilgrims as they can send their complaints cum feedback regarding the system.

He said that the app is covering entire 19 parking, 70 Langars spread across the 1000 acres of land. Six mobile vans have been deployed in the city

to fix minor faults and ensure routine maintenance.

### PSPCL LAYS UNDERGROUND CABLES NETWORK FOR ROUND-THE-CLOCK POWER SUPPLY

Adding a lighting charm to the ongoing celebrations of 550th Parkash Purab of Guru Nanak Dev, Punjab State Power Corporation Limited (PSPCL) has undertaken a mammoth practice to provide 24x7 uninterrupted power supplies to the holy city by laying a vast underground cable network through the narrow lanes of the city besides setting up new substations and feeders.

PSPCL Superintending Engineer Indrapal Singh said that a plan was chalked out by the Department to provide 24x7 uninterrupted power supply to Sultanpur Lodhi, which needed a mammoth exercise in terms of setting up new substations, feeders and transformers to meet the demand of increased load during the celebrations.

"We immediately set up a new 66KV substation at Sultanpur Lodhi to strengthen the existing two substations...The underground cable network was also laid through the narrow lanes of the city to supply the power to every nook and corner of the city, which cost nearly ₹12 crore," he said.

He added that the setting up of new substation ensured reliable and proper voltage to the consumers and the building of the new substation was given a monumental look and the office building was also renovated with the cost of ₹50 lakh.

Indrapal Singh said that earlier the power supply was provided through 220 KV sub Station at village Jhal Laiwal and 66KV substation at village Pandori Jagir.

## DERA BABA NANAK ONLINE YOUTH FESTIVAL

# ₹15.90L prize money awarded to winners

PNS ■ DERA BABA NANAK (GURDASPUR)

The winners of Dera Baba Nanak 'Online Youth Festival' were on Monday honoured with prizes worth ₹15.90 lakhs on the fourth day of the ongoing 'Dera Baba Nanak Utsav' organised on the eve of the 550th Prakash Purb of Guru Nanak Dev and the opening of Sri Kartarpur Sahib Corridor.

On the occasion, various

presentations by the young artists on the religious themes held the sangat spellbound.

The Utsav, being organised courtesy all the institutions of the cooperative sector of Punjab, saw 'Online Youth Festival' being held, the results of which were announced on Monday. The winners were given cash prizes worth ₹15.90 lakh by the State Cooperation Minister Sukhjinder Singh Randhawa.

The overall winner was

Guru Nanak Dev University, Amritsar, which was felicitated with the cash prize of ₹1.01 lakh. The colleges affiliated to the university won 18 prizes while the Panjab University, Chandigarh, came second, and the Punjabi University, Patiala, bagged the third position.

On the occasion, the Digital Museum and the Light and Sound Show (courtesy the Information and Public Relations Department, Punjab) held at Dana Mandi, Dera

Baba Nanak, also saw a large number of people coming to witness both.

Another pandal, named 'Balihari Kudrat Vaseya', was full to the capacity which people thronged to watch the talent showcased by the winners of 'Dera Baba Nanak Online Utsav'. In his address before distributing the prizes, Randhawa said that it was the need of the hour that the modern day youth be sensitised about the philosophy of Sri Guru Nanak Dev.

The Minister added that the opening of Sri Kartarpur Sahib Corridor is the result of the prayers of the entire Nanak Naam Leva Sangat.

Meanwhile, the Minister also honoured 550 students who had won the block and state level academic competitions.

The volunteers of the National Service Scheme (NSS) from Punjab, Chandigarh, Uttar Pradesh, Maharashtra and other parts of the country also performed various kinds of services that included guiding the visitors, distributing literature, performing Sewa in langar, and distributing water bottles to the sangat.

On the occasion, a book penned by eminent scholar Dr Harshinder Kaur titled 'Guru Nanak Diyan Manav Kalyankari Sikhawan' was also released by the Cooperation

and Jails Minister Randhawa and other religious personalities.

### 'KAVI DARBAR' ORGANISED

In a series of ongoing celebrations dedicated to 550th Parkash Purb of Guru Nanak Dev, Punjab Government on Monday organised a 'Kavi Darbar' which saw the presence of huge gathering of famous poets from all over the country who presented their poems dedicated to the teachings of the great Guru.

The Kavi Darbar was unique in itself as it was on the theme 41 words of Gurmukhi lipi and prominent 41 poets presented poems enlightening the audience about the teachings of Guru Sahib about various fields.

The poets, through their poems, highlighted the love of brother-sister, peace and universal brotherhood, while some of the poets touched the present day serious issue of air, water and soil pollution using the quotes from Gurbani, 500 years earlier, was aware of these issues and gave a message to the people.

Punjab Cabinet Ministers Manpreet Singh Badal and Charanjeet Singh Channi, besides Advisor to Chief Minister Capt Sandeep Sandhu were among the prominent people attending the event.

## Devotees visit Sultanpur Lodhi for Prakash Purab celebrations, Gurbani in air

PNS ■ SULTANPUR LODHI

Lakhs of devotees on Monday flocked to the historic Gurdwara Ber Sahib in this holy town as prominent gurdwaras across Punjab reverberated with the sound of Gurbani (hymns) a day ahead of the 550th birth anniversary of Guru Nanak Dev.

The entire state was soaked in religious fervour. Various "nagar kirtans" (religious processions) led by "Panj Pyaras" (five beloved ones) were taken out, with devotees reciting bhajans.

Pilgrims in large number gathered in the town, where the founder of Sikhism spent over

14 years and attained enlightenment, and took a holy dip in "Kali Bein" (rivulet). It is believed that Guru Nanak Dev used to take bath in the "Kali Bein" and then meditate under a "Ber" tree.

Manohar Lal Khattar and Jai Ram Thakur, the Chief Ministers of Haryana and Himachal Pradesh respectively, also paid obeisance at the historic Sikh shrine here on Monday.

Darbar Sahib at Dera Baba Nanak in Gurdaspur, the Golden Temple in Amritsar and Nada Sahib in Haryana's Panchkula were equally crowded as people of different faiths thronged gurdwaras to offer

prayers. President Ram Nath Kovind, Home Minister Amit Shah, Punjab Governor VP Singh Badnore are among the dignitaries who will be here on Tuesday, Shiromani Akali Dal senior vice president Daljit Singh Cheema said.

Several social and religious organisations have made arrangements of "langar" (community kitchen) for the visiting devotees. A light and sound show based on the philosophy, life time events and teachings of Guru Nanak Dev was drawing huge crowds, officials said.

Tight security arrangements have been made ahead of the 550th birth anniversary celebrations, they said.

## HARYANA CABINET EXPANSION

# Induction of new Ministers likely today

PNS ■ CHANDIGARH

The first expansion of the Manohar Lal Khattar-led Haryana Cabinet is likely to take place on Tuesday.

Sources in the Bharatiya Janata Party (BJP) said that Manohar Lal met Union Home Minister and BJP chief Amit Shah in New Delhi on Sunday and discussed with him about the first Cabinet expansion of newly formed Government in the State. Senior BJP leaders were also present in the meeting.

The names of those MLAs to be inducted as ministers were finalised on Sunday itself, said sources, adding the Maharashtra imbrolio, inability of the BJP high command to balance caste, regional and gender factors in the Cabinet and hard bargaining by the Jannayak Janata Party (JJP) for key portfolios are reported to be the reasons for the inordinate delay in the Cabinet expansion.

It may be mentioned here that the BJP had sealed a deal with Dushyant Chautala led JJP to form the Government in Haryana after the saffron party fell short of six seats from the majority mark in the assembly election. While Manohar Lal of the BJP was sworn in as CM on October 27 and JJP leader Dushyant Chautala took oath as his deputy, no other minister has been inducted in the Cabinet till date.

Sources further said that after consulting senior leaders of party in Delhi, Manohar Lal

finalised the names of those MLAs who are to be inducted into the Cabinet. He had also taken into confidence his coalition partner JJP's chief Dushyant Chautala over Cabinet expansion. "If things go as scheduled, the new Ministers will take oath on November 12, which coincides with the 550th birth anniversary of Sikh faith founder Guru Nanak Dev," they added.

Among the frontrunners from the BJP for ministerial berths include six-time MLA and former Health Minister Anil K Vij, three-time MLA and former Speaker Kanwar Pal, MLAs Seema Trikha, Mahipal Dhanda, Deepak Mangla, Ghanshyam Saraf while Ram Kumar Gautam, Ishwar Singh or Anoop Dhanak are probable from JJP. BJP is expected to give a prominent role to senior BJP leader Anil Vij, who was the only minister barring Manohar Lal to win the Assembly polls.

Senior JJP leader and two-time MLA Naina Chautala may not be included in the cabinet berth. The independents likely to be inducted in the Cabinet are Ranjit Chautala and Balraj Kundu. Meanwhile, when the council of Ministers finally takes oath in the State on Tuesday, it will mark the longest gap of 16 days between the swearing-in of the CM and other members of his Ministry in the state. Prior to this, such a situation was witnessed in the state in 2009, when the Congress had fallen short of a full majority and had to take

outside support to form the Government. Then, Bhupinder Singh Hooda took oath as the CM on October 25 but the other Ministers had to wait for 13 days, until November 7, to be sworn in. The present situation in the State is another indicator of the struggles and tribulations that lie ahead for the Manohar Lal Khattar Government.

From the delay in the swearing-in of other Ministers, it is clear that the BJP has been under pressure to accommodate the independent MLAs in the Council of Ministers.

After the post-poll alliance was formed, BJP chief Amit Shah had announced that the JJP would get the deputy CM post. However, nothing was said about other berths it may have been seeking. It is now learnt that the JJP has been seeking some important portfolios including Home, Finance, Agriculture and Transport.

The BJP, which won a complete majority in the State for the first time in 2014, when it won 47 seats in the 90-member Assembly, fell short this time and managed just 40. However, with the support of the JJP's 10 legislators and seven independent candidates, it managed to form the Government.

The Chief Minister had recently announced to set up a panel to monitor the implementation of the Common Minimum Programme of the BJP and the JJP. Both the coalition partners have said they will provide a stable Government in the State.

# Farmers to get incentive for not burning stubble

## Haryana Govt to provide ₹100 per quintal to small, marginal farmers

PNS ■ CHANDIGARH

Haryana Chief Minister Manohar Lal has announced an incentive of ₹100 per quintal to the small and marginal farmers to prevent stubble burning. This amount would only be applicable to the non-basmati paddy procured by the Government and will be given through the Deputy Commissioner.

In addition to this, taking a major step, in the direction of

preventing stubble burning, the Chief Minister has also announced that for the In Situ and Ex Situ management of crop residue by the small and the marginal farmers of non Basmati paddy, the State Government would bear a sum of ₹1,000 per acre as operational cost to the Custom Hiring Centers (CHC) or Straw Baler unit owners.

The Chief Minister has directed the Renewable Energy and Industry and Transport Department to establish a link

for utilising the crop residue balers in industry for the proper utilisation of the crop residue.

Sharing more information in this regard, a spokesman of Agriculture and Farmers' Welfare Department said that the Deputy Commissioner of every district has appointed one Nodal officer in every village for the management of crop residue and its proper Ex-situ and In-situ management.

He further informed that senior rank IAS officers has also been appointed for the guidance and monitoring of this scheme. The officer which have been appointed for the districts included PK Das for Kaithal district, Devender Singh for Fatehabad district, TC Gupta for Sirsa district, Mahavir Singh for Jind district and Anurag Rastogi for Hissar district.

# Haryana Govt to extend time period for passing resolution for prohibition in villages

PNS ■ CHANDIGARH

Haryana Government has decided to extend the time period for passing of resolution from September 30 to December 31 for prohibiting sale of liquor within the area of Gram Panchayat in the State.

A spokesman of Excise and Taxation Department said that an announcement to this effect was made by Chief Minister Manohar Lal during the recent session of Vidhan Sabha.

He had also announced that the resolution for prohibition in the village would be passed by the Gram Sabha instead of majority of Panches to allow more participation in decision making.

In order to implement the announcement made by the Chief Minister on the floor of the House, a proposal to amend

sub section 1 and 2 of section 31 is under consideration of the government. Apart from this, sub section 2 of section 31 is also proposed to be amended to extend the time period for receipt of resolution passed under sub section 1 in the office of Excise and Taxation Commissioner from October 31 to January 15. These amendments would be carried out by the Development and Panchayats Department, he added.

The spokesman said that as per provisions of Section 31 of the Haryana Panchayati Raj Act, 1994, prohibition could be introduced within the local area of Gram Panchayat where a resolution is passed by majority of Panches holding office for the time being, at any time, during the period commencing on April 1 and ending with September 30 of any year.

# U'khand CM receives anonymous call threatening to blow up Har Ki Pauri ghat

Dehradun: Security has been tightened around the famous Har Ki Pauri ghat in Haridwar after an anonymous caller on the mobile phone of Uttarakhand Chief Minister Trivendra Singh Rawat threatened to blow it up, police said on Monday.

Haridwar SSP Senthil Avoodai Krishna Raj said an anonymous caller rang up the Chief Minister on his mobile phone at around 3.30 pm on November 9 and made the threat.

The phone was received by the chief minister's protocol officer Anand Singh Rawat, he said. On the basis of a written complaint lodged by the protocol officer on Sunday, a case against has been registered and investigation launched, the SSP said, adding security has been tightened around Har Ki Pauri ghat while more police personnel have been deployed at Haridwar railway station and bus stand.

Passengers at the railway station and bus stand are being checked round the clock, he said.

People at Har Ki Pauri and adjoining ghats are also being checked by police personnel, and a tab is being kept on any suspicious activity, the official said. **PTI**

# MP: Lawyer files complaint over Owaisi's remarks on Ayodhya verdict

Indore: A private complaint was filed against AIMIM chief Asaduddin Owaisi on Monday at a court in Madhya Pradesh's Indore for his remarks on the Supreme Court's Ayodhya verdict.

The complainant, lawyer Sunil Verma, contended that Owaisi be prosecuted under IPC sections 153-A (promoting enmity between different groups on grounds of religion) and Section 295-A (deliberate and malicious acts, intended to outrage religious feelings) and relevant provisions of the IT Act.

Judicial Magistrate First Class (JMFC) AK Gupta ordered Juno Indore police station to inquire into the complaint against the AIMIM chief and present a report by November 20.

Verma told reporters that Owaisi had insulted the apex court by making 'objectionable' comments on the verdict and had also tried to hurt religious sentiments.

"Owaisi, who is Lok Sabha MP and a barrister, should have observed restraint while commenting on the apex courts decision. But he made inflammatory statements about the verdict," Verma alleged. **PTI**

### ABVP should play pro-active role in checking drug abuse: HP CM

PNS ■ SHIMLA

While expressing concern over the increasing incidents of drug abuse among the students in Himachal, Chief Minister Jai Ram Thakur on Monday said that Akhil Bharatiya Vidyarthi Parishad (ABVP) should come forward and play a pro-active role in checking this social vice.

The Chief Minister while addressing the inaugural function of 40th Prant Adhiveshan of ABVP held at Una said that on his initiative, the neighbouring States of Himachal namely Punjab, Haryana, Uttarakhand and Rajasthan have agreed to frame a joint strategy to curb this vice, which was a threat to the very existence of our society.

He said that ABVP has waged a constant struggle against the increasing commercialisation of education, illegal Bangladeshi infiltration, terrorism, Maoist violence, to create an awakening of the entire society and channelise students' power to remonstrate on such issues.

In addition, ABVP should also come forward to make the cleanliness campaign launched by Prime Minister Narendra Modi, a success.

### Haryana Police seizes 22,300 prohibited pharma pills

PNS ■ CHANDIGARH

In an anti-narcotic drive, Haryana Police have seized 22,300 prohibited pharma pills and 1 gram 45 miligram of heroin in district Sirsa.

Police has also arrested two persons who were in possession of the prohibited drugs.

Giving details, a spokesman of Police Department said that, a team of Crime Investigation Agency during patrolling signalled a motorcyclist to stop. When searched, 22,300 prohibited pharma pills were recovered from his possession. The arrested accused was identified as Preetal Alka Preeta, a resident of village Raghunaa.

In a separate incident, a team of CIA has arrested a person identified as Kuldeep of Alinka alongwith 1 gram 45 miligram of heroin. The spokesman said that cases under NDPS Act have been registered against them and further investigation is being conducted.

# CYCLONE BULBUL

## Didi announces ₹2L to kin of deceased

PTI ■ KAKDWIP (WB)

Leading the administration in South 24 Parganas district for its initiatives to minimise the impact of Cyclone 'Bulbul', West Bengal Chief Minister Mamata Banerjee on Monday announced a compensation of ₹2 lakh for the families of those killed in the storm.

Banerjee also constituted a task force to look into the relief and restoration work.

She urged people to "stay positive" and stand beside those who have been affected by the cyclone.

Cyclone 'Bulbul', which made landfall between Sagar Islands in South 24 Parganas and Khepupara in Bangladesh, claimed at least 10 lives and affected six lakh people in different parts of Bengal.

As many as 1.78 lakh people have been shifted to 471 relief camps set up in the state.

The CM, following an aerial survey of the cyclone-ravaged areas of Namkhana and Bakkhali, held an administrative meeting here to review the work being undertaken in the aftermath of the disaster.

"My administration did a commendable job. The devastation, otherwise, could have been far more... If they (officials) had not rescued 1.78 lakh people, I cannot say what would have happened. They

will be rewarded. Even the central government applauded (the efforts)," she said.

Stressing that restoration of power supply, provisions for clean drinking water and medicines were the need of the hour, Banerjee asked officials to reach out to people and ensure that the aid was evenly distributed without affecting peace in the region.

She appointed Chief Secretary Rajiva Sinha as the head of the task force — which, she said, would be reviewing the ongoing relief work every 48 hours.

Taking note of the damage caused to beetle leaf cultivation and paddy in the district, the TMC supremo directed departments of irrigation, forest and power to work in tandem for

restoring normalcy.

The Trinamool Congress supremo also advised the officials to take help of civic volunteers of Accredited Social Health Activist (ASHA), Integrated Child Development Services (ICDR) to speed up the relief operations.

A total of 323 kitchens have been opened to cater to the cyclone-hit families and 94 boats employed to aid in the restoration work, the CM said.

"As of now, reports suggest that six lakh people have been affected by the cyclone. The number might increase in the days to come," she added.

Banerjee is set to visit cyclone-affected areas of Basirhat in North 24-Parganas on Wednesday.

## Power services in cyclone-hit areas of Odisha, Bengal restored; phones soon

PNS ■ NEW DELHI

Power services in cyclone 'Bulbul' hit areas in West Bengal and Odisha have been restored on Monday, while telecommunication links are expected to be back soon.

This was conveyed at a meeting of the National Crisis Management Committee (NCMC), chaired by Cabinet Secretary Rajiv Gauba, which took stock of the relief and restoration works in the aftermath of the cyclone over West Bengal and Odisha. West Bengal reported seven human casualties, damages to about one lakh houses and standing crops, an official statement said.

While electricity has been restored, telecom services are expected to be restored shortly. Though no human casualty was reported from Odisha, there has been extensive damage to standing crops in over two lakhs hectares. Power and water supplies have been restored barring a few areas where services are expected to be resumed by Tuesday, the statement said.

The NCMC assured all central assistance in terms of additional stocks of food items,

drinking water, health services as well as restoration of telecom and power services. Central teams would be visiting the affected areas in both the states within this week to take stock of the damages.

Both the states indicated that they are carrying out detailed assessment after which they may seek specific central assistance, if required.

It may be recalled that IMD had provided regular and timely alerts on a sustained basis to the states. Concerned central agencies including National Disaster Response Force (NDRF), Coast Guard etc have been fully involved in rescue and relief operations, the statement said.

Senior officers of the ministries of Home, Defence, Power, Telecommunications, Agriculture and Cooperation, Consumer Affairs, Food and Public Distribution, Food Processing Industries, Health and Family Welfare, as well as those from NDRF and National Disaster Management Authority attended the meeting.

Senior officers from West Bengal and Odisha participated in the meeting through video conference.

## Bodies of 4 fishermen missing in capsized trawler recovered

Kolkata: Bodies of four out of the nine fishermen who went missing after their trawler capsized off Mousuni Island in West Bengal under the impact of Cyclone Bulbul were recovered in a joint operation by the Indian Coast Guard and the NDRF, a senior Coast Guard officer said Monday.

The trawler had capsized on Saturday midnight 50 metre off the island when it was caught in the severe cyclone, which made its landfall between Sagar Island in South 24 Parganas and Khepupara in Bangladesh.

The four bodies were recovered after sustained hunt, Commander of Coast Guard, West Bengal and Deputy Inspector General S R Dash told.

The bodies have been handed over to the district administration, he said.

Dash said the search operation will resume Tuesday to locate the other missing fishermen who were onboard the trawler when it capsized off Mousuni Island in South 24 Parganas district under the impact of the high-speed cyclone.

Coast Guard and NDRF teams have been engaged in the rescue operation since the mishap.

Cyclone 'Bulbul' after its landfall on Saturday midnight

had hurtled northeastwards into neighbouring Bangladesh over the Sunderban delta.

Commandant of NDRF 2nd Battalion, Nitish Upadhyay told on Monday that deep divers of the force are searching the sea to locate the missing fishermen as time runs short for the hapless men.

Dash said the Coast Guard has pressed two hovercraft in the search operation. Each hovercraft comprises a pilot, a co-pilot and eight crew men and they are conducting sorties from Frasersganj coast.

Commandant Deepak Singh of Coast Guard, Haldia is commanding the hovercrafts.

According to other sources there were 13 fishermen in the trawler and four of them had swum to safety. The where-

bodies of the rest nine were not known before the four bodies were found.

Dash said the Coast Guard has been bracing for the cyclone situation since November 6 and its personnel had sensitised people of all the coastal villages.

Nadia-based NDRF 2nd Battalion commandant said a total 10 teams of the force have been engaged in three West Bengal districts — North 24 Parganas, South 24 Parganas and East Medinipur before the cyclonic storm made its landfall.

Upadhyay said the NDRF teams are rendering assistance to district administration post-cyclone to remove uprooted trees and in restoration work. PTI

## Make Bengali, other languages as JEE exam medium: TMC

SAUGAR SENGUPTA ■ KOLKATA

The ruling Trinamool Congress has once again demanded inclusion of Bengali as a medium in the All-India Joint Entrance Examinations (Mains) decriing Central Government's "arbitrary" decision to do the same favour to Gujarati leaving aside all the other recognised languages of the country.

All-India examinations are normally conducted in Hindi and English only.

Attacking the Centre for trying to impose one State and its language (read Gujarati) upon the remaining others TMC Member of Parliament Abhishek Banerjee asked, "why should there be a bias for one particular state and language? Why should other States and languages be ignored for that purpose?" reminding, "India belongs all its citizen and not only on particular State," and arguing "such arbitrary

approach of the Centre will not be tolerated."

Addressing a rally against the Centre's "unprecedented decision to provide special status to Gujarati language," he said "we will make a demand to include Bengali too for JEE exams and if our demand is not met then we will snatch our demand from Delhi," the Diamond Harbour MP who is also the nephew of Chief Minister Mamata Banerjee said.

Circuitously attacking Union Minister Babul Supriyo for justifying the Centre's decision to exclude all other languages in favour of Gujarati senior Bengal Minister Subroto Mukherjee said "a young BJP Minister is trying to befool the people of Bengal saying Gujarati was chosen as a medium because Gujarat had made an application for it to be included... either he is befooling the people or he himself had no knowledge of how things function."

Mukherjee said, "such decisions are not taken merely upon an application but upon a policy decision taken by the Government," adding the "Centre should immediately apologise to all other States for this grossly unconstitutional and anti-federal step and introduce all the recognized regional languages as medium of examination."

Earlier the Chief Minister too had condemned the Centre's "partisan" decision promoting one language and imposing it on the other languages of the country.

Refuting the TMC's charges Bengal BJP president Dilip Ghosh said that the Centre was justified in its decision to include Gujarati as a medium of examination as "60,000 students from that State appear for the exams," and asked "how many students from Bengal appear for JEE?"

The TMC was just trying to rake up the issue by playing

with Bengali sentiments in order to get votes, he maintained.

Elsewhere the ongoing tiff between the State Government and Governor Jagdeep Dhankhar reached a new height with the ruling Trinamool Congress severely criticizing his decision to visit administrative units in the districts without informing State Government.

The Governor on Monday had suddenly taken a detour to Singur while returning from Santiniketan before entering office of Block Development Officer where he took information and progress report of various schemes.

"I have read Constitution with great care and have found it unprecedented for a Governor barging into a BDO office to take administrative information without informing the State Government. It does not behove a person sitting on that post."

## Kerala Govt mulling pubs across State, says CM

Thiruvananthapuram: The CPI(M)-led LDF Government in Kerala is exploring the possibility of opening pubs in the State, Chief Minister Pinarayi Vijayan has said.

Vijayan, during a weekly TV show telecast on Sunday, said those who work late, including IT employees, lack space to unwind themselves as there were no facilities like pubs in the State.

"Those who work late do not have good restaurants or other places like pubs in the night. The lack of pubs has come in for criticism against us. The Kerala Government is seriously looking into the matter," Vijayan said.

The Chief Minister said the issue of long queues outside the Kerala Beverages Corporation (Bevco) outlets, which sell liquor, would be resolved as they would get a face-lift soon. The previous UDF

Government's policy had resulted in the closure of 712 bars below the five-star category as part of its aim to ensure total Prohibition in 10 years. A majority of the closed bars were later converted into beer and wine parlours.

## Kuber crew member's widow given ₹ five lakh compensation: Guj to HC

Ahmedabad: The Gujarat Government on Monday informed the High Court that a monetary compensation of ₹5 lakh was paid to the widow of a crew member of fishing trawler 'MV Kuber', which was hijacked by terrorists who carried out the 26/11 Mumbai attacks in 2008.

The compensation, under the Chief Minister's Relief Fund, was deposited in the bank account of Jashiben Bambhanja, whose husband Rameshbhai Bambhanja, a native of Una taluka in Gir-Somnath district, along with four other fishermen, was killed on the trawler.

The money was deposited by the local revenue officials of Gir-Somnath district by way of a fixed deposit having a lock-in period of three years in favour of Jashiben Bambhanja. She will get quarterly inter-

est on this deposit till the expiry of the lock-in period, the Government informed the court of Justice Bhargav D Karia on Monday.

The body of MV Kuber's captain, Amarsinh Solanki, was found on the boat, while bodies of four others, including Bambhanja, were missing. The boat was hijacked by Ajmal Kasab and other Pakistani terrorists in the Arabian Sea who used it to reach Mumbai.

Jashiben, a mother of four, had approached the Gujarat High Court in October seeking compensation from the Government.

In her plea, she claimed that since her husband's body was never found, authorities at the state and central levels were not ready to consider her husband dead and subsequently refused compensation. PTI

## Will fight Assembly bypolls for 15 seats with unity: Karnataka Congress

PTI ■ BENGALURU

Amid talks of differences within the party, Congress leaders in Karnataka on Monday said they resolved to face December 5 bypolls to 15 Assembly seats in the State with "unity".

The list of candidates for the remaining seven constituencies has almost been finalised and would be declared after the Supreme Court verdict on the disqualified MLAs case, which they hoped, would give a 'favourable' verdict.

A meeting of senior Congress leaders was convened by the party's State unit here to

discuss about the bypolls and the candidates.

The meeting also saw leaders expressing strong reservations against taking in disgruntled leaders from the BJP into the party.

"Senior party leaders met today and discussed about the bypolls. Looking at the court order on November 13, we will finalise the candidates for remaining seven seats," KPCC chief Dinesh Gundu Rao said after the meeting.

He told reporters here that the discussions took place in a "cordial atmosphere" and leaders decided to set aside their differences and jointly face the

polls.

Rao said the list cannot be considered final until it comes from the AICC and added that they had decided on probable candidates in most constituencies, except in one or two, where further discussions were needed.

In general there was more or less unanimity on selection of candidates, he said.

However, according to sources some senior party leaders expressed displeasure about not everyone being taken into confidence on selection of candidates.

When CLP leader Siddaramaiah asked senior

leaders to take responsibility of a constituency each, some reportedly voiced discontent about their opinion not being considered while deciding candidates and "unilateral decisions" being taken.

Congress has already announced a list of candidates for eight out of 15 seats that will go for the December 5 bypolls.

Adding credence to the speculation about differences emerging at the meeting was senior Congress leaders K H Muniyappa and B K Hariprasad leaving early.

The KPCC chief however brushed aside questions of discontent among leaders, saying

there was nothing of the sort and discussions at the meet were held peacefully and all present expressed their opinion.

Clarifying on Muniyappa and Hariprasad leaving the meeting early, he said it was the guesswork of the media and not the truth. They participated in the meeting, after which they left. As there are municipality polls in Kolar (Muniyappa's home district) he had to leave urgently, that's all. Unnecessarily don't misrepresent."

Muniyappa, flanked by Hariprasad, also cited a similar reason for leaving early.

He said discussions were held on candidates for the coming bypolls and opinions were shared.

"We have to see to that party wins all the 15 seats. We have given our own suggestions."

Muniyappa replied in the negative when asked whether there was disagreement about candidates already selected for eight seats, saying they had given their suggestions and brought to the leadership's notice who are the winnable candidates.

At a recent party meeting, Muniyappa and Hariprasad had hit

out at CLP Leader Siddaramaiah and Dinesh Gundu Rao for their "unilateral style of functioning" and accountability not being fixed for he party's debacle in Lok Sabha polls.

To a question, Rao said he was 100 per cent confident that the Supreme Court judgment on disqualified MLAs that is likely on November 13 "will go in our favour" and the party would also win the maximum number of seats in the bypolls.

Bypolls to 15 of 17 seats represented by disqualified MLAs, whose resignation and absence from the trust vote led

to the fall of the Congress-JD(S) coalition Government, and made way for the BJP to come to power, will be held on December 5.

Meanwhile, State Congress on Monday held protest in front of Town Hall here against the "anti public policies" of both State and central Governments.

In a memorandum to the President, submitted through the Deputy Commissioner, Congress requested him to intervene and direct the Government to work towards improving the economy, solve unemployment, among other issues. PTI

## Lata Mangeshkar in ICU, sister Usha says she is recovering

PTI ■ MUMBAI

Legendary singer Lata Mangeshkar was admitted to Breach Candy Hospital's Intensive Care Unit in the early hours of Monday after she complained of breathing problems, hospital sources said. The singer, who turned 90 on September 28, is in a critical condition, they said.

"She was brought to hospital at about 2 am. She is critical and in the ICU," a hospital insider told. Mangeshkar's younger sister Usha said the singer had a viral infection and should be discharged by Tuesday. "Lata Didi is still in hospital. She is under observation. She is doing absolutely well and is stable. She will be discharged by tomorrow. "We thought it's better to treat her at a hospital because of the viral infection so she is there for today," Usha

Mangeshkar told amid reports that the musical icon had already been discharged and was recuperating at home.

In a career spanning over seven decades, the Indore-born Mangeshkar has lent her voice to thousands of songs in over 1,000 Hindi films as well as in various regional and foreign languages. The indefatigable Mangeshkar recorded her last song this year. "Saugandh mujhe is mitti ki" was released on March 30 as a

tribute to the Indian Army.

Her last full album was "Veer-Zaara". She started her journey as a playback singer in 1942 with Vasant Joglekar's Marathi movie "Kiti Hasaal". Her first song to release was "Natali Chaitraachi Navalaa" from "Pahili Mangalaa-gaur". She also acted in the movie. Mangeshkar was awarded the Bharat Ratna, the highest civilian honour in the country, in 2001. She was given the Dadasaheb Phalke Award in 1989. PTI

## Over 180 head constables made ASI in Jammu

PTI ■ JAMMU

Over 180 head constables of Jammu & Kashmir Police have been promoted to the rank of Assistant Sub Inspector in Jammu region, a police spokesperson said.

Extending greetings to all the ranks on the eve of Gurburab, Inspector General of Police, Jammu zone, Mukesh Singh on Monday issued the formal promotion orders to 187 head constables.

Singh lauded the efforts of these officers in earning their due promotion well in time.

He further expressed hope that they shall rededicate themselves towards their work with more zeal and enthusiasm to make the department and society feel proud. PTI

## Kerala to begin preventive drive against Nipah virus: Health Min

PTI ■ JAMMU

Thiruvananthapuram: Kerala would begin a comprehensive preventive drive against the outbreak of Nipah virus next month to equip the State health machinery to fight the deadly virus, Health Minister KK Shylaja said on Monday.

A year after two north Kerala districts were hit by the deadly Nipah that claimed 17 lives, the virus had re-surfaced in the southern State in June this year with a 23-year-old student here being infected.

The Ernakulam-based youth was discharged from the hospital after 53 days of treatment and surveillance.

Detailing the initiatives under the preventive drive, Shylaja informed the State assembly that surveillance would be intensified and mock-drills would be held.

"This year's Nipah preven-

drive will begin next month. Mock drills will be held in major hospitals, including those in the private sector.

We contained the spread of virus in a remarkable manner last time through such coordinated efforts," the minister said during question hour.

Fruit bats of the Pteropodidae family are the natural host of the Nipah virus.

Nipah virus can be transmitted to humans from animals (such as bats or pigs), or contaminated food and can also be transmitted directly from human-to-human.

According to the WHO, Nipah virus is a newly emerging disease that can be transmitted from its reservoir (natural wildlife host), the flying foxes (fruit bats), to both animals and humans. PTI

## Train services in Kashmir Valley to begin from Tuesday: Rlys

New Delhi: Train services in the Kashmir Valley, which were disrupted since August 3 ahead of the abrogation of provisions of Article 370, will resume on Tuesday, a Northern Railway official said.

The valley had been under restrictions after August 5, when the Centre revoked the special status to Jammu & Kashmir.

"After appropriate action and assurance by GRP, J&K regarding safe operation of train in Kashmir Valley between 10 AM and 3 PM, the Firozpur Division will commence a limited passenger service of running two pair of trains between Srinagar-Baramulla-Srinagar with effect from November 12," an official said. PTI

# POST AYODHYA VERDICT UP Cabinet congratulates Yogi

**Lucknow:** Members of the Uttar Pradesh Cabinet on Monday congratulated Chief Minister Yogi Adityanath on the Supreme Court's judgement on the vexed Ayodhya issue.

In a historic and unanimous verdict, a five-judge constitution bench headed by Chief Justice Ranjan Gogoi on Saturday cleared the way for the construction of a Ram temple at the disputed site in Ayodhya. The bench also directed the Centre to allot a five-acre plot to the Sunni Waqf Board for building a mosque.

Monday's Cabinet meeting, presided over by the Chief Minister, approved 13 issues, spokespersons of the state government Shrikant Sharma and Siddharth Nath Singh told reporters here.

The cabinet approved the opening of the Raja Mahendra Pratap Singh

University in Aligarh and laying of new transmission lines in Meerut, Simbhavi, Rampur and Sambhal regions that will benefit 13 districts in the State's western part, the spokespersons said.

The work, to be carried out on a public-private partnership (PPP) model, aims to ease electricity-related problems in the region and will be completed by 2021. **PTI**

## UP Govt thanks people for maintaining communal harmony

**Lucknow:** The Uttar Pradesh Government on Monday thanked people of the State for maintaining communal harmony in the wake of the Supreme Court's verdict on vexed Ayodhya issue.

The Government thanked people during a Cabinet meeting, chaired by Chief Minister Yogi Adityanath, the Government's spokesperson Shrikant Sharma and Siddharth Nath Singh told reporters.

Besides approving 13 decisions of the Government, the Cabinet expressed thanks to the people, taking note of their restrained reactions, aimed at maintaining communal amity in the wake of the judgement, they said.

The Cabinet members also congratulated the chief minister for his apt handling of the law and order situation in the wake of the judgement, they added.

In a historic and unanimous verdict, a five-judge Constitution bench headed by Chief Justice Ranjan Gogoi on Saturday paved the way for the construction of a Ram temple

at the disputed site in Ayodhya. The bench also directed the Centre to allot a five-acre plot to the Sunni Waqf Board for building a mosque.

The Cabinet, also approved the selection of firms for building the 296-km Bundelkhand Expressway and 91-km Gorakhpur Link Expressway, they said, adding the projects together are expected to provide employment to around 60,000 youths.

The Bundelkhand Expressway project is to be completed in six phases, while the Gorakhpur Link Expressway is to be completed in two phases.

The Cabinet approved the establishment of Raja

Mahendra Pratap Singh State University in Aligarh.

It also approved the revised E-Stamp rules, removing the limit on purchasing stamps worth only up to Rs 15,000 in one go.

The Cabinet also approved two power grid projects to erect 765 KV and 400 KV transmission lines at Rampur and Sambhal.

A total of 13 districts in western Uttar Pradesh will benefit from this, an official release said.

The work, to be carried out on a public-private partnership (PPP) model, aims to ease electricity-related problems in the region and will be completed by 2021.

The Cabinet also approved the expenditure burden assessment for the Madrasa Modernisation Scheme.

The Centre will contribute 60 per cent, whereas the state will bear 40 per cent of the expenditure for 7,442 madrasas running in the State. The scheme has now been renamed as 'Scheme for Providing Education in Madrasas. **PTI**

## Pilgrims make beeline for holy dip on Kartik Purnima

**Ayodhya:** Lakhs of devotees are thronging the town for taking a dip in the River Sarayu on Kartik Purnima on Tuesday, the first major congregation of devotees here after the historic judgement in the Ayodhya case.

The Supreme Court on Saturday paved the way for the construction of a Ram Temple at the disputed site at Ayodhya, while directing the Centre to allot a 5-acre plot to the Sunni Waqf Board for building a mosque.

Devotees will take the dip in Sarayu in Ram ki Paidi and Naya Ghat and adjoining areas, officials said.

"Over five lakh devotees are likely to take a dip on the occasion of Kartik Purnima in Ayodhya. On normal days, around 8,000 visitors visit Ramjanmabhooni for darshan. On festive occasion, the number crosses 50,000. Now, since the judgement has come on Ramjanmabhooni, the number of visitors may increase as well," Ayodhya District Magistrate Anuj Kumar Jha told.

He said the situation is absolutely normal around the Ramjanmabhooni area.

"We have taken all precautionary steps to ensure security, and also to make sure that devotees do not face problem, and have a safe and hassle-free

darshan. Posting of police officials and magistrates have been done keeping this in mind," he said

For the convenience of visitors coming to Ayodhya, various health, sanitation and drinking water facilities among other have been put in place.

Water tankers have been installed at around 18 places, 20 medical camps with ambulance are ready besides 30 mobile toilets.

Deputy Director, Information, Ayodhya division, Murlidhar Singh said, "The bathing in Sarayu river will commence at 4.00 pm on Monday, and will continue till Tuesday evening, since as per the Hindu calendar Purnima will begin on Monday evening."

Elaborating on the significance of Kartik Purnima, Prayagraj-based convener of organisations Ram Naam Bank and Ram Sewa Trust Ashutosh Varshney, told, "The full moon day during the month of Kartik is known as Kartik Purnima. It is also known as Dev Deepawali — the Deepawali celebrated by Gods. This Dev Deepawali comes 15 days after Deepawali celebrated by us on Amavasya day."

"Earthen lamps are lit at all temples as well as at the bank of River Ganga on the day of Kartik Purnima," he said. **PTI**

## Five-acre land must be allotted in acquired 67-acre area: Muslim leaders, litigant Iqbal Ansari

**Ayodhya:** The five acres of land to be allocated for building a mosque under the Supreme Court verdict in the Ram Janmabhooni-Babri Masjid dispute should be within the 67 acres of acquired land in Ayodhya, Iqbal Ansari, a main litigant in the case, has demanded along with several other local Muslim leaders.

The Central Government had acquired the land including the disputed site in 1991.

"If they want to give us the land, they must give us according to our convenience and only in that acquired land of 67 acres. Then we will take it. Otherwise we will reject the offer, as people are saying 'Go out of Chaudah Kos and construct Masjid there'. This is not fair," Ansari said.

Maulana Jalal Ashraf, a local cleric, said Muslims can buy land on their own to build a mosque as not dependent on the Government for it.

"If the court or the Government wants to pacify our sentiments to some extent, the five acre land must be given in the acquired area as many graveyards and Dargaah including that of 18th century Sufi saint Qazi Qudwah are in that area," he said.

Khalid Ahmad Khan, General Secretary of All India

Milli Council, expressed similar views.

Haji Mahboob, who was also a litigant from Muslim side, said, "We will not accept this lollypop. They must make clear that where they want to give us the land."

Haji Asad Ahmad, Corporator of Ayodhya Municipal Corporation, said the community does not want any land in lieu of Babri Masjid.

"If the court or Government wants to give land for mosque they must give it in the acquired area of 67 acres, otherwise we don't want donation," he said.

Maulana Baadshah Khan, Ayodhya president of Jamiat Ulema Hind, said the Muslim side was fighting the case for Babri Masjid, not for any other land.

"We don't want any land for mosque anywhere. Instead we offer this land also for Ram Mandir," he said.

Yusuf Khan, a social activist, said the issue is closed now after the Supreme Court verdict and no additional land was needed for mosque.

"We have enough mosques in Ayodhya to fulfil our religious needs, the apex court has given its verdict in favour of Ram Temple. The issue is closed now," he said. **PTI**

## HYDERABAD TRAIN ACCIDENT

# 16 injured, ex-gratia announced

**Hyderabad/New Delhi:** Two slow-moving trains collided at Kacheguda Railway station here on Monday, leaving 16 people injured, including a driver who was trapped in his badly mangled cabin for eight hours, officials said.

The Lingampalli-Falaknuma multi-modal transport system (MMTS) apparently overshot the signal and collided with the Kurnool-Secunderabad Hundry Intercity Express (17028) at 10.41 am, South Central Railway officials said.

The driver of the MMTS train, who sustained serious injuries, was initially trapped in his cabin, which was badly mangled, but was rescued after a couple of hours, officials said.

Oxygen and other life-saving medical aid were provided to him during the operation, they said adding he has suffered severe leg injuries. He was rushed to a private hospital, where his condition is stated to

be stable.

Commissioner Railway Safety, Southern Central Circle Secunderabad, Ram Kripal will conduct an inquiry into the incident.

The Railway Ministry has announced ex-gratia of ₹5,000 each to passengers with minor injuries and ₹25,000 each to passengers having grievous injuries.

"Due to collision, 16 passengers were injured and they were immediately rushed to the hospital. Nine of the injured were immediately discharged," a railway release said, adding five coaches of the MMTS service and three coaches of the

Hundry Express have been damaged. Senior officials of the SCR, along with medical and accident relief vans, undertook relief and restoration work, it said. Following the accident, one train was cancelled and another was diverted while five more have been partially cancelled.

Padmavathy, a woman passenger of the MMTS, said the commuters felt a big jolt as the train was nearing Kacheguda station.

"Several passengers' heads and knees rammed into opposite seats due to the impact resulting in bleeding," she said.

Railway Minister Piyush

Goyal tweeted: "Received the tragic news of the train accident in Hyderabad & immediate instructions have been given to the authorities for assistance & monitoring."

"Railway administration is extending assistance & have made arrangements for the treatment of the injured at the accident site."

Several train services were cancelled either fully or partially due to the incident.

Railways said that it had taken the accident very seriously and Member (Traction), Additional Member (Signal & Telecom) and Executive Director, Safety, Railway Board will visit the site.

A high-level inquiry at the level of Commissioner, Railway Safety, South Central circle, has been ordered to investigate into the reasons for the incident, a railway release said.

Union Minister of State for Home G Kishan Reddy visited the spot and made enquiries with the officials. **PTI**

## Seshan had brilliant career as civil servant

**KUMAR CHELLAPPAN ■ CHENNAI**

**Thirunellai Narayana Iyer Seshan**, popularly known as T N Seshan, who passed away late Sunday due to old age related problems was given a tearful farewell on Monday at Basanth Nagar crematorium in Chennai by thousands of citizens who had gathered to bid au revoir.

The 1955 batch IAS officer breathed his last late Sunday night and had desired to be cremated at Chennai itself, where his wife too has the last resting place. Seshan who shot into international fame with his six year stint as Chief Election Commissioner was known for his no-nonsense approach to the job in his hands. After retirement from the post of CEC, Seshan used to tell the people that his final wish was to see the Government of India funding the election process in the country.

When he was appointed as the CEC, the general Election and Assembly Election in the country were manipulated and

muzzled by mafia dons and anti social elements who threatened the voters with dire consequences if they do not vote for the candidates picked by the former. "Appavukku Charayam, Ammavukku Sari and namma verpalarkku vote" was the catchword of the political masters, Seshan used to tell. It meant, alcohol for the family head, sari for the women and vote for the candidate picked up by the local ruffian. But with Seshan assuming office in the Nirvachan Sadan things underwent a drastic change.

Both the DMK and the AIADMK shivered from head to toe at the mention of his name. But don't be under the impression that it was as CEC

he earned the reputation. That started long back, in 1960s when he worked as the district collector of Madurai which saw unprecedented riots as part of anti Hindi agitation. "My officers were beaten up by rioters in a village. Many government officials were set ablaze and were killed. I went to the village with a police force who cordoned off the area. I had a stick with me and ordered all the villagers to line up outside their houses. I told them if they do not reveal the names of the rioters responsible for the gruesome incident, I would beat them to pulp. The woman began to sing and the men spilled the beans," Seshan had told in an interview.

He led various departments in the Government of Tamil Nadu during his tenure in the State. When drivers of the State Transport Corporation submitted a memorandum to him listing their grievances in driving the dilapidated buses, Seshan himself took to the wheels of the buses to get a first-hand experience of the difficulties faced by the

employees and asked the government to replace the buses which was done in hours!

Delivering a lecture in Kochi in 1993 about the economic liberalization initiated by the then Narasimha Rao government, Seshan said there was nothing innovative in the opening up of the Indian economy. "This was what C.Rajagopalachari had told them in 1950 itself. But it fell in deaf ears as Rajaji (pet name of Rajagopalachari) had dark Salem skin. Since it has come from a fair skinned person, it has been accepted now. Let's see whether they would be able to break the logjam and save the Indian economy," Seshan had said.

The uniqueness of Seshan is that each person who had met him has a different story to tell. All good things only. Behind the façade of that roughness and arrogance (which people loved) there was a soft spoken Seshan too. He used to explain his name as Tough Nut Seshan!! Yet another titan has walked away to meet his maker.

## Expedite pending cases relating to SC & ST: Nitish

**Patna:** Bihar Chief Minister Nitish Kumar on Monday asserted that pending cases relating to Scheduled Caste (SC) and Scheduled Tribe (ST) need to be expedited and the law department should appoint special public prosecutors in different special courts for the purpose.

Training and orientation programme should be held regularly for officials concerned to keep them abreast of changes that have been incorporated in the Scheduled Caste and Scheduled Tribe (Prevention of Atrocities) Rules and Act and its provisions over time, Kumar said.

The Chief Minister was speaking at a meeting here convened to review the State-level

monitoring and vigilance committee constituted under Scheduled Caste and Scheduled Tribe (Prevention of Atrocities) Rules 1995 and Amendment Rules 2016.

"The law department should appoint special public prosecutors in different special courts (constituted under SC and ST Act, 1989). Eligible and committed lawyers should be given the responsibility and inefficient special public prosecutors should be relieved so that pending cases (relating to SC and ST) can be expedited," Kumar was quoted as saying in an official release.

The director general of police should carry out police station wise review of all the cases, he said adding that the

meeting of district-level monitoring and vigilance committee should be held regularly.

Kumar said land for habitation should be made available to all the landless families belonging to SC and ST apart from Mahadalits.

The State Government is providing ₹60,000 for buying land for those who have got allotments under Pradhan Mantri Grameen Awas Yojana but do not possess land.

Home, revenue and land reforms, SC and ST departments, the director general of police, IG (Weaker Section), CID and director of prosecution gave detailed report at the meeting on the work being carried out by the departments and agencies. **PTI**

## Mini buses start plying in Srinagar, train service on Srinagar-Baramulla stretch to resume

**Srinagar:** Mini buses began plying on some routes in the city on Monday while railways conducted two successful trial runs on the Srinagar-Baramulla stretch ahead of resumption of the train service on Tuesday, officials said.

The train service has been suspended since 5 August when the Centre decided to abrogate Article 370.

A railway official said that railways conducted the trial run of the service for the first time in over three months since the shutdown in the valley.

"The train service on Srinagar-Baramulla stretch will resume tomorrow (Tuesday), while Srinagar-Banihal train service will resume in a few days after checking the track safety and conducting trial runs," he said.

The railways conducted two successful trial runs on the stretch on Monday after conducting a thorough safety audit of the line.

Train services in the valley were suspended on the morning of 5 August — hours before the Centre announced its decision to abrogate Article 370 of the Constitution and to bifurcate the erstwhile state into two Union territories.

The Centre's decision led to an unannounced shutdown in the valley even as authorities imposed severe restrictions which were later gradually eased out.

Officials said that on Monday few mini-buses plied on Batwara-Batamalo route through the city centre for the first time since 5 August.

Inter-district cabs and auto-rickshaws also plied in the city and elsewhere in the valley, they added.

The officials said private transport was plying unhindered and several areas of the city witnessed traffic jams. **PTI**

## Goa BJP to get new chief by Dec 15: CM Sawant

**Panaji:** The Goa BJP will elect a new State unit president by December 15, chief minister Pramod Sawant said on Monday.

Rajya Sabha MP Vinay Tendulkar is the current state unit chief and has been on the post for two terms since 2012.

Sawant on Monday evening chaired a meeting of party MLAs and office bearers to finalise its organisational election process. Speaking to reporters post the meeting, Sawant said, "The BJP has to elect its new state president by December 15. **PTI**

## Mahabhart of power

The Cong-NCP-Sena alliance for a Government is based on a seasonal hatred of the BJP. Can numbers work?

**M**aharashtra is not Karnataka, where a hung verdict had led to political machinations and a power surge of convenience. Yet in a shape-shifting scenario of permutations and combinations, Government formation is turning out to be a bizarre prospect despite a decisive electoral verdict. The Congress was desperate then, seized the advantage, was one up on the BJP but could not last even with like-minded partners in a

coalition arrangement. It is still desperate for regaining a State that was its stronghold but in Maharashtra is faced between the devil and the deep sea. It cannot afford to settle with its enemy's enemy, namely the Sena, and put its credibility on the line by supporting the latter's Government from the outside. Nor can it afford to lose the heft of its ally, the Nationalist Congress Party (NCP), and play second fiddle to it, now that the latter has been invited by the Governor to stake a claim, and concede to its chief Sharad Pawar's acceptability among both the BJP and Sena. Predicted to be even more unstable than Karnataka, one hopes the Congress' decision doesn't give more ammunition to the BJP's charge that it is better to be *mukt* of it and a single party rule is the only way forward, be it in Lok Sabha or the States. The pre-poll alliance of the BJP-Shiv Sena, which has crumbled under the destabilising weight of egoistic turf wars, has put a question mark on the efficacy of alliance politics that the BJP-led National Democratic Alliance (NDA) has so far prided itself in. Particularly, when it loses a 30-year-old ally, that too one which has significantly helped in pushing a core Hindutva plank and Ayodhya. For all talk of development, the granularity of the BJP's fundamental ideology was left to the Sena to manage while the bigger party could bask in the benevolence of the idea of a grand Bharat Parv. In that sense, Sena was the fall guy for doing things with a fringe, parochial mindset and taking the blame for them with a vision limited to Jai Maharashtra. Now that the BJP has appropriated its only comfort zone and relegated it to secondary space, the Sena is making a desperate lunge to be seen and heard, relevant as it still is as a counterweight. With the election of Sena founder Balasaheb Thackeray's grandson Aaditya, it now feels it can indeed roar like a tiger than be the whimpering sidekick at a neighbourhood park. The BJP, with its Chief Minister-worthy leader in Devendra Fadnavis, the man who even has the RSS' blessings, knows people trust it for providing a stable leadership. It knows the nakedly ambitious Sena could go around with a shopping bag but would not have a natural proximity, nor the leadership, compromised as it would be by the Congress-NCP conditions. In fact, it is sitting back to expose the Sena as a spoiler. And it wants to reap the spoils knowing that a new anti-BJP coalition could be wobbly without mutual convergence of interests.

The Congress is upon its worst moment of reconciliation, one that threatens its ideological consistency even if it were to support the Sena Government from outside, cede ground to the NCP and insist upon a common agenda of governance. How could it have justified itself supporting a Hindutva-driven aggression to its minority votebank or even accepted Sena's chief ministership? Aligning with the Sena would mean drawing attention to its own uncharitable history of using Thackeray to undercut its own dissidents and State leaders. Besides, it has worked with the Sena to get support on its contentious issues like the Emergency. Using the Sena to keep the BJP out, therefore, would be like jumping from the frying pan into the fire. Staying in would be more problematic than staying out. As for Pawar himself, everybody was surprised about the return of the true Marathi warrior, who held on despite BJP-engineered defections and is justifiably angry with the national party despite supporting it in 2014. But by going with the Sena, he would look just like any other greedy regional satrap though the NCP has made support conditional on Sena snapping ties with the BJP. Pawar has always enjoyed being kingmaker but does that mean he won't have a say as a king even with the Congress behind him? That's another ego battle at work. The only thing holding him and the Sena together is their seasonal hatred of the BJP. Maharashtra has anyway proved that arithmetic does not matter. The coalition of convenience may find it difficult to get stability considering the BJP will have the ammunition to stall them at each step and insist one Fadnavis was better than a hydra-headed king. Sad for a State which is dealing with a serious farm crisis. Sadder for a people whose choices do not matter anymore.

## Go for success

Shafali Verma's rapidfire 50 is evidence that the Indian cricket board needs to promote the women's game more

**P**urists might argue that it is a bit unfair to compare men's and women's sport even in the same game. But the recent achievement by teenage sensation Shafali Verma, who at two months short of 16 years struck an international 50 in a T20 international against the West Indies, is quite an achievement. Alongside the spectacular success of the Indian women's team in the last cricket world cup as well as the achievements of various members of the team, maybe it is pertinent to pose the question to the new boss

of Indian cricket, Sourav Ganguly, on whether it is time for the Board of Control for Cricket in India (BCCI) or whatever new name that he wishes to give that organisation, to hold a professional Indian Premier League (IPL)-style contest for the women's game.

Critics might argue that the pool of talent in the women's game is far more limited. For the time being, this is a valid argument but only if there is a eight-team tournament for the IPL. A smaller, four-team tournament with additional slots for international talent may easily meet the competitive marks needed by any such competition. Evidence of the success of the short form of the women's game is seen in Australia, where the Women's Big Bash League (WBBL), which is played alongside the Australian T20 league, the BBL, has been a huge success and has made superstars out of players like Ellyse Perry and Alyssa Healy. Its inaugural games unearthed a 16-year-old gem in Phoebe Litchfield. The tournament has dramatically expanded Australia's women's cricket talent pool and with Cricket Australia committing to pay all its cricketers equally, they have taken the lead when it comes to equal opportunities. It will take a man to change the dynamics between men's and women's cricket in India and bring them to some level of parity. Sourav Ganguly can easily be the one. He was the visionary leader who laid the foundations of the success that Virat Kohli and his men enjoy today, over a decade after he retired. No Indian cricket fan doubts his dynamism and leadership abilities. Now, freed of the burden of the Committee of Administrators, Ganguly can effect lasting change. Change that can mean that girls like Shafali Verma can become superstars for every single Indian, much like the man whose record she broke, Sachin Tendulkar.

# opinion

## Historical reconstruction

The Supreme Court's landmark judgment on the disputed site in Ayodhya rests on historical evidence; the gains of which are civilisational

SANDHYA JAIN

**A** learned member of the five-judge Bench (not Constitution Bench) wisely collated the evidence regarding Sri Ram's birthplace and appended it to the Supreme Court's verdict of November 9, granting the disputed site to Ram Lalla Virajman. The 116-page addendum highlights the Vishwa Hindu Parishad's (VHP) gigantic efforts to collect every scrap of evidence to legally establish Hindu belief in the birthplace of Vishnu's avatar. The evidence is compelling. Critics, who allege that the judgment privileged one community, have not read the 1,045-page document.

As the dispute centres on the destruction of the Ram Janmabhoomi temple at Ayodhya by Babur's general, Mir Baiq, evidence proving the sacredness of the shrine prior to 1528 is critical. The *Janma Sakhsies* (biographies) of Guru Nanak Dev show he visited Ayodhya in 1510-1511 AD, before Babar's invasion of India. Later, Guru Tegh Bahadur and his son, Guru Govind Singh, also visited the temple at Ayodhya. Though the *Janma Sakhsies* do not identify the exact place of the Janmabhoomi, Guru Nanak's visit shows that pilgrims were visiting Ayodhya prior to the temple's destruction. Thus, the faith and belief of Hindus regarding the location of Lord Ram's birthplace, as asserted in scriptures and sacred books, including *Valmiki Ramayana* and *Skanda Purana*, is not groundless.

During emperor Akbar's reign (1556-1605), Tulsidas composed the *Ramcharitmanas* (1574-75). The *Balakanda* shows Brahma urging Vishnu to save the gods, sages, *gandharvas* and Earth from Ravana's terror; Vishnu promises: "Fear not, o sages, Siddhas and Indra; for your sake I will assume the form of a human being. In the glorious solar race, I shall be born as a human being along with my part manifestations." (*Doha* 186-7) Vishnu grants a boon to sage Kasyapa and his wife Aditi to be born in Ayodhya as Dasaratha and Kausalya; Vishnu would take birth in the form of four brothers, "the ornament of Raghu's line."

Akbar's biography, *Ain-i-Akbari*, mentions Ayodhya as the residence of Ramachandra and one of the holiest places of antiquity. Traveller William Finch visited India from 1607 to 1611 AD and mentioned the ruins of Ramachandra's castle.

Father Joseph Tieffenthaler visited India between 1766 and 1771 AD and found in Oudh (Awadh) a famous place called Sita Rasoi on a mud hill. Emperor Aurangzeb got the fortress called Ramkot (Ramkot) demolished and a Muslim mosque, with triple domes, constructed at the same place. Tieffenthaler recounts that some said the masjid was constructed by "Babor" (Babur) and 14 black stone pillars of five span high from the fortress are visible there; 12 support the interior arcades of the mosque. He describes the *bedi* (cradle) of Ram and says Aurangzeb or Babur razed the temple "to deny the noble people, the opportunity of practicing their superstitions." However, the people "go around three times and prostrate on the floor." This is clear evidence that Hindus at the time of Tieffenthaler were worshipping the *janamsthan* as a deity.

The East India Gazetteer of Walter Hamilton (1828) notes that pilgrimage to Oudh are chiefly by the Ramata sect. Montgomery Martin in *History, Antiquities, Topography and Statistics of Eastern India* (1838), mentions the glory of Ayodhya. Edward Thornton's *Gazetteer of India* (1854) and *Gazetteer of the Territories under the Government of the East Indies Company of the native States on the Continent of India* (1858) gives details of Oudh.

Mirza Jaan's *Hadith-e-Sehba* (1856) states, "The above mentioned place is called seat of father of Lord Rama. Places of idol worshiping situated here were demolished...The place of worship is called the birthplace of Lord Rama and the place which is adjacent to it is called 'Sita Ki Rasoi'...At that place, Babar Shah got constructed a very big masjid under the supervision of Sayyad Musha Ashiqan in the year 923 Hijri and its history is still maintained. Today, the above-mentioned 'Sita Ki Rasoi' is called the 'masjid.' The learned judge observed, "The book candidly accepts that at the *janamsthan* of Lord Ram, (a) mosque was constructed by Babar."

In 1858, the British Government annexed Awadh, after which all official reports, correspondences and orders cite the "Mosque" as "Mosque Janma Sthan." The *Historical Sketch of Tehsil Fyzabad, Zillah Fyzabad* by P Carnegie, Officiating Commissioner and Settlement Officer of Ayodhya and Fyzabad (1870), states that Ayodhya is to Hindus what Mecca is to the Mohammedans and Jerusalem to the Jews. Carnegie categorically stated that at the place of *janamsthan*, emperor Babar built a Mosque, which still bears his name, in AD 1528. These facts are repeated in several subsequent Gazetteers.

AKBAR'S BIOGRAPHY, AIN-I-AKBARI, MENTIONS AYODHYA AS THE RESIDENCE OF RAMACHANDRA AND ONE OF THE HOLIEST PLACES OF ANTIQUITY. TRAVELLER WILLIAM FINCH VISITED INDIA FROM 1607 TO 1611 AD AND MENTIONED THE RUINS OF RAMACHANDRA'S CASTLE

The report of the Archaeological Survey of India (ASI) of North West Provinces and Oudh (1889) states, "The old temple of Ramachandra at *janamsthanam* must have been a very fine one, for many of its columns have been used by the *Muslimans* in the construction of Babar's masjid." Alois Anton Fuhrer's report of the ASI (1889), *The Sharqi Architecture of Jaunpur; with Notes on Zafarabad, Sahet-Mahet and other places in the North-Western Provinces and Oudh*, states that Babar's Masjid at Ayodhya was built on the very spot where the old temple *janamsthan* of Ramchandra was standing. Fuhrer reiterates this in *Monumental Antiquities and Inscriptions in the North-Western Provinces and Oudh* (1891). Obviously, Prof BB Lal's excavations followed ASI precedents.

The *Gazetteer of Bara Banki, Vol 48* (1921), mentions that in 1853, the Bairagis seized the *janamsthan* temple land (pg 169), prompting Muslims led by Amir Ali, to march towards Ayodhya. They were intercepted by Col Barlow of the First Regiment of Oudh; the regiment was wiped out and Amir Ali and many others were killed.

On November 30, 1858, Syed Mohammed Khatib Moazzim of the Babri Mosque complained that one Nihang Singh had constructed an earth *chabutra* (platform), written "Ram Ram" inside the mosque, and was conducting *havan* (rituals) there. There are several pleas by mosque officials for the removal of the *chabutra*. In 1866, Bairagis placed an idol inside the premises. In 1877, the Deputy Commissioner, Ayodhya, granted permission to Khem Das, Mahant, *janamsthan*, to open the door in the mosque's northern wall to give Hindus a separate route to the site. In 1934, a dome was damaged in a riot, which the administration got repaired.

These accounts prove that Hindus continuously struggled to access and worship the site; hence the Sunni Wakf Board could not establish possessory rights over it. The judgment rests on historical evidence; the gains are civilisational.

(The writer is Senior Fellow, Nehru Memorial Museum and Library; the views expressed are personal)

## SOUNDBITE

India was once known as *Vishwaguru*. The time has come for the country to once again emerge as a global hub of learning.

Vice President —M Venkaiah Naidu

If I have any claim to the word 'icon' it's only because I was on an iconic show, with an iconic cast, and an iconic haircut. *Friends* was the gift of a lifetime.

Actor —Jennifer Aniston

We welcome the opening of the Kartarpur corridor and hope that both sides continue to show goodwill to resolve differences through dialogue.

Chinese official —Geng Shuang

If Babri Masjid is illegal, then why is Advani being tried for its demolition and if it was legal then why is Advani getting the land?

AIMIM leader —Asaduddin Owaisi

## LETTERS TO THE EDITOR

### Accepting the verdict

Sir — This refers to the report, "Ram gets back his birthplace" (November 10). The historic Ayodhya verdict and the grace with which it was accepted by the people proved the maturity of the Indian democracy, its judiciary and citizens. All apprehensions of post-verdict tension proved wrong as not a single untoward incident was reported. Indeed, there could have been no better solution to the 492-year-old dispute.

The construction of the Ram Mandir in Ayodhya had been on the BJP's poll agenda for long, which helped it consolidate its supporters. On the other hand, Opposition parties left no opportunity to accuse the saffron party for not fulfilling its promise.

BJP president LK Advani's rath yatra from Somnath to Ayodhya played a major role in the party's ascent to power. After the Supreme Court verdict on Ayodhya, it is now expected that party leaders will refrain from politicising this issue and instead concentrate on more serious issues plaguing the nation.

MC Joshi Lucknow

### Welcoming Kartarpur

**D**uring Partition, Shakargarh, a *tehsil* on the right bank of Ravi River where Kartarpur is located, went to Pakistan and Gurdaspur, a *tehsil* on the left bank of Ravi River, remained with India. The opening of the much-awaited corridor, connecting Dera Baba Nanak in Punjab with Darbar Sahib Kartarpur in Pakistan, was a long-cherished dream for the Sikh Panth. Kartarpur Sahib, where the founder of Sikhism, Guru Nanakji, spent almost 18 years of his life teaching and preaching and which was his final resting abode, is what Mecca is for the Muslims. The new corridor will allow Sikh pilgrims holding a special permit to freely visit the shrine.

Immediately after assuming power, Pakistan Prime Minister Imran Khan made a promise to construct the Kartarpur corridor before the 550th birth anniversary of Guru Nanakji, a gesture that found immediate traction with the Sikh community. The BJP-Akali Dal combine, which seemed rather unconcerned initially, reversed its position quickly, sensing a possible Sikh backlash. As is common these days, a section of the electronic media indulged in continuous double-speak on Pakistan and the architects of the corridor, in line with the mood of

the ruling party. Fortunately, Sikhs are sensible and are difficult to sway. Punjab exhibited extraordinary resilience to the mischievous representations unleashed in Pakistan and kept its peace. The Kartarpur passage has within it the spark to convert itself into a "corridor of peace" in the region.

Haridasan Rajan Kozhikode

### A true legend

Sir — As the Chief Election Commissioner, TN Seshan not only ushered in strict electoral reforms for the enforcement of the Moral Code of Conduct but he gave the Election Commission

of India (ECI) the much-needed spine. He took the electoral body to greater heights of authority, credibility and visibility. It is testimony to his strong character and personality that people can relate with him when it comes to elections.

We may not remember him

as the first man to become the Election Commissioner but for his strong character. He took charge in an era of booth capturing and rigging but literally transformed the way elections are now conducted in our country.

Bal Govind Noida

### Stupendous victory

Sir — Kudos to team India for accomplishing an exceptional victory in the third T20 international match played against Bangladesh. The middle order batsmen must be commended for playing responsible knocks in the series decider. After early dismissal of Indian openers Rohit Sharma and Shikhar Dhawan, the need was for a composed partnership between the two batsmen to accelerate the team to a massive total. KL Rahul's scintillating 52 and Shreyas Iyer's outrageous 62 proved to be the one.

Being asked to bowl in the second innings by the toss winning team, especially at a time when there is dew on the ground, it seemed like a strenuous task for Indian bowlers. But Deepak Chahar accomplished the best bowling figures in T20 internationals, taking six wickets for just seven runs in a spell of 3.2 overs. He did something one would never have anticipated.

## Not a coup, just a big blunder

If you are going to rig the vote, do it from the start. Don't wait until the count shows that your candidate is not doing well and then intervene

GWYNNE DYER

Democracy is in danger in Bolivia as the result of legitimate pressures from the poor. We cannot generate economic growth and well-being for a few and then expect that the large majorities that are excluded will watch silently and patiently." A recent President of Bolivia said that, but it wasn't Evo Morales (who has just quit, plunging the country into chaos). It was Carlos Mesa, the man whom Morales tried to cheat out of the presidency in last month's election. Mesa said in 2005, the last time he was President, just before he quit and Morales won a landslide victory in the election triggered by the former's resignation.

Most outside commentators used to stick to a simple script when talking about Bolivia. Evo Morales was the good guy, because he was the country's first indigenous President (he grew up speaking Aymara, and only learned Spanish as a young adult) and because he looked like and seemed to care about the poor majority of Bolivians.

On the other hand, Carlos Mesa belongs to the privileged white minority (15 per cent of the population) who have always controlled both the politics and the wealth, so he must be the bad guy. But his face doesn't fit the frame: He is an historian and television journalist and he resigned from the presidency in 2005 after trying and failing to nationalise the country's gas industry.

Evo Morales took his place, and he did better. Morales nationalised not only oil and gas but the tin and zinc mines and key utilities as well. He got away with it, where Mesa couldn't, because he paid out good compensation to the owners — and he could do that because Bolivia was riding a commodities boom that tripled the country's Gross Domestic Product in 15 years.

The boom has been over for a while now and a more cunning politician than Morales might have decided to let Mesa win this election. Then, as the country's income dropped further, Mesa would have got the blame for downgrading the welfare State Morales built, and Morales could return to power triumphantly in five years, claiming that Mesa had betrayed the poor. Morales' mistake was to believe that he was the indispensable man. He clung to office too long, and now he is toast. He will retain enough of a following to be a permanent political nuisance but he has embarrassed his country and he's unlikely ever to hold high office again. Under the new constitution of 2009, promulgated by Morales himself, a Bolivian President is entitled to only two five-year terms. But as he got closer to the 2019 deadline, Morales changed his mind and in 2016 he held a referendum that proposed to allow the President any number of terms. He lost. So Morales went to the Supreme Electoral Tribunal, which is dominated by his own party. Unsurprisingly, the tribunal agreed that the two-term constitutional limit violated his 'human rights' — so there he was last month, seeking a fourth term as President in a race with eight other candidates.

Everybody knew that Morales would lead and Mesa would be the runner-up in the first round of voting. Many suspected that Mesa would pick up more votes and overtake Morales in the second round — so his advisers decided that he had to win in the first round. He could do that only if he were ahead of Mesa by at least 10 per cent of the votes cast.

On October 20, the 'fast count' of the national vote went smoothly until 84 per cent of all the votes had been counted — at which point it became clear that Morales was not going to have a big enough lead over Mesa. So suddenly the counting stopped, and did not resume for 24 hours. It then showed Morales with a 10.1 per cent lead over Mesa, so no second round was needed. All hail Morales' fourth term!

But the vote-rigging was just too blatant and for almost three weeks the protesters have been in the streets. By last weekend even the police were refusing to defend Morales. When the election monitors from the Organisation of American States delivered their verdict on Sunday, saying that there were "serious security flaws" in the computer systems and "clear manipulation" of the count, Morales resigned. The election results were cancelled and it's pretty clear that he will not be a candidate when the re-run happens.

How much damage has all this done? Not much. Bolivia used to hold the world record for military coups, but everybody behaved reasonably well this time. Most of the good things Morales did, like entrenching the rights of indigenous communities in the constitution, will survive him. Carlos Mesa, who will almost certainly be the next President, has a very different style, but he is not hostile to most of Morales's goals. And here's a take-away for everybody in politics: If you are going to rig the vote, do it from the start. Don't wait until the count shows that your candidate is not doing well and only then intervene to fix it. Amateurs!

(Gwynne Dyer's new book is 'Growing Pains: The Future of Democracy and Work'.)

**POINT COUNTERPOINT**

THE MANDATE WAS FOR A BJP-SENA ALLIANCE. IF THE SENNA WANTS TO FORM THE GOVERNMENT WITH THE CONGRESS AND THE NCP, WE WISH THEM GOOD LUCK.

—MAHARASHTRA BJP CHIEF CHANDRAKANT PATIL

WHERE WAS THEIR IDEOLOGY WHEN THEY FORMED THE GOVERNMENT IN J&K WITH THE PDP, WITH MAYAWATI IN UP AND WITH NITISH KUMAR IN BIHAR?

—SHIV SENNA MP ARVIND SAWANT

# Time to secure South Asia

Regional economic integration remains the only option for addressing the long-standing, protracted interstate tensions in South Asia

M ASHRAF HAIDARI

The South Asian Association for Regional Cooperation (SAARC) Chamber of Commerce recently hosted a conference on "Regional Economic Integration: A Catalyst for Socioeconomic Prosperity in South Asia."

I welcomed this timely forum. Afghanistan, a country-participant and member-State of SAARC, has long been advocating for an acceleration of regionwide efforts to jump-start the process of regional economic integration. Doing so can indeed be a catalyst for the sustainable development of all South Asian nations, which hold so much promise in terms of both natural and human resources that should be harnessed for lifting the whole region out of poverty, disease, environmental degradation, and other challenges that directly feed terrorism, extremism and criminality in the region.

At the same time, regional economic integration remains the only option for addressing the long-standing, protracted interstate tensions in South Asia. We know this from the bitter experiences of Europe during the 18th, 19th, and early 20th centuries, where the pursuit of zero-sum foreign policies and militarism eventually led to the utter destruction of the whole continent in the two world wars.

But, in the wake of World War-II, Europeans realised that what unfortunately remains the status quo in South Asia would no longer serve their shared best, long-term national security and economic interests.

That is why they gradually but steadily moved toward long-term economic integration, which they understood could help address their short and long-term human and protective security needs, which were increasingly intertwined. Those needs could no longer be ensured by the pursuit of the same zero-sum approaches that caused two devastating wars.

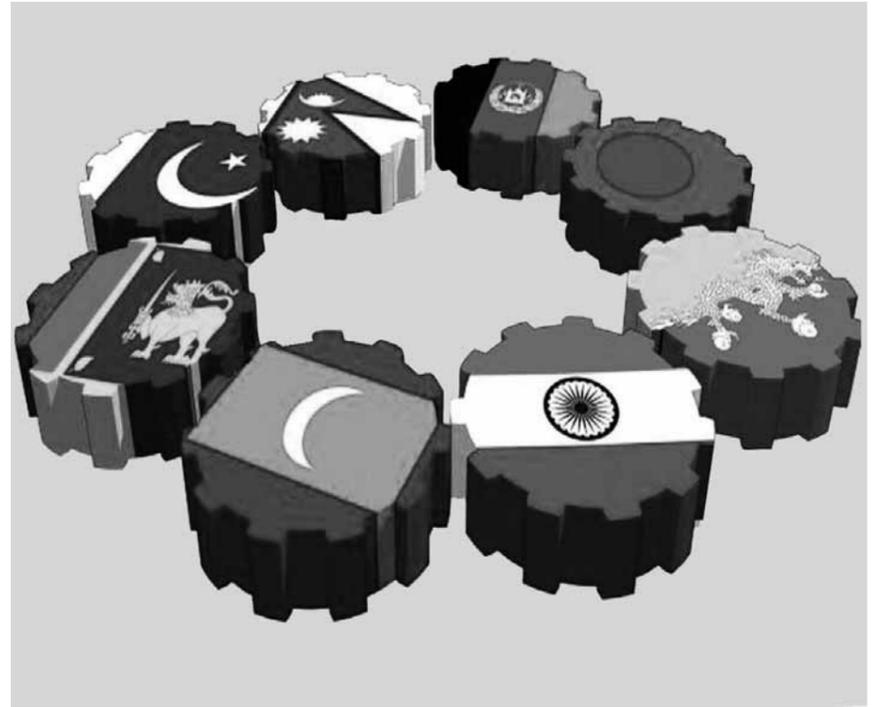

These harsh experiences and Western Europe's resulting adoption of a common economic market soon, began inspiring other regions of the world to form such regional groupings as the SAARC, the Association of Southeast Asian Nations (ASEAN), the Eurasian Economic Community (EEC), the North American Free Trade Agreement (NAFTA), the African Union (AU), and the Union of South American Nations (USAN), to name a few.

As we know, however, not all these regional groupings have achieved their dream of meaningful economic integration on a par with Europe's associations.

SAARC stands out in having lagged far behind others because two of its key member-States remain hostile to each other. This continues to hinder efforts by the other member-States, including Afghanistan and Sri Lanka, to make steady progress toward regional economic integration, which underpinned the vision and mission of SAARC when it was established in 1985.

As we continue advocating for cooperation against confrontation among our neighbours, Afghanistan has consistently pursued a foreign policy that promotes regional economic cooperation against zero-sum hedging strategies.

We strongly believe that the replacement of confrontational policies at the regional level,

“ SAARC STANDS OUT IN HAVING LAGGED FAR BEHIND OTHERS BECAUSE TWO OF ITS KEY MEMBER-STATES REMAIN HOSTILE TO EACH OTHER. THIS CONTINUES TO HINDER EFFORTS BY THE OTHER MEMBER-STATES, INCLUDING AFGHANISTAN AND SRI LANKA, TO MAKE STEADY PROGRESS TOWARDS REGIONAL ECONOMIC INTEGRATION, WHICH UNDERPINNED THE VISION AND MISSION OF SAARC WHEN IT WAS ESTABLISHED IN 1985. ”

with those of cooperative, win-win partnerships would gradually minimise the existing interstate tensions in South Asia. And this would enable SAARC to realise its vision, knowing that South Asia is an extremely young and naturally-endowed region where our youths demand jobs and a secure future in a common, interdependent neighbourhood.

Indeed, this won't come to pass unless South Asian Governments learn relevant lessons from pre and post-war Europe, that would encourage them to make tough but necessary policy choices against the status quo for achieving shared peace and prosperity across the region through economic integration.

The Government of Afghanistan has done its part and continues to do so. Despite the imposed security challenges the nation is facing, Afghanistan has put forth a strategic solution for adoption and implementation by its near and far neighbours: The Heart of Asia-Istanbul Process (HOA-IP) on Regional Security and Cooperation for a Secure and Stable Afghanistan and the Regional Economic Cooperation Conference on Afghanistan (RECCA). These Afghanistan-led processes were established to help secure regional cooperation for Afghanistan's stabilisation and sustainable development, thereby ensuring regionwide stability and prosperity, which SAARC strives to accomplish.

Even though HOA-IP and RECCA remain underutilised so far, it is in the best short and long-term interests of the countries — including India and Pakistan — that participate

in the two processes, to achieve the shared goals of the two platforms. Of course, every tangible step they take to utilise these interconnected processes will help minimise their own and other nations' security and socioeconomic vulnerabilities against the terrorist-extremist-criminal nexus that victimises Afghanistan more than any other country in the region.

This constructive thinking underpins our growing ties with the friendly Government and people of Sri Lanka, with whom Afghanistan shares an ancient civilisation.

Since I took up my assignment as Afghanistan's Ambassador to Sri Lanka last year, we have worked to further expand our bilateral relations with a focus on promoting full-spectrum connectivity that builds deeper economic, defence, cultural, and people-to-people ties between Afghanistan, Sri Lanka and the rest of South Asia.

In this light, we have met with numerous businesses, including members of Sri Lanka's chambers of commerce, to discuss the vast bilateral trade potential that needs to be realised.

More recently, high-powered Afghan delegations have met with the representatives of the Ceylon Chamber of Commerce; the Colombo Chamber of Commerce; the National Chamber of Commerce as well as the International Chamber of Commerce of Sri Lanka to discuss the formation of an Afghanistan-Sri Lanka Business Council to promote exchange of trade teams, business-to-business meetings and business match-making conferences, which should facilitate bilat-

eral investment between the two nations. To this end, we look forward to finalising and signing with Sri Lanka an memorandum of understanding (MoU) on trade and investment promotion and protection.

This step, together with our bilateral air services agreement, should facilitate the establishment of a direct passenger and cargo flight between Kabul and Colombo. When this happens as one of the country's key goals, Afghans and Sri Lankans should be able to reconnect with their shared heritage through tourism, trade, investment, education and cultural exchange.

Indeed, the achievement of this bilateral goal will help South Asia as a least connected region, make a giant leap forward towards regional economic integration — effectively connecting SAARC's northernmost member-State, Afghanistan, with its southernmost counterpart, Sri Lanka.

And this necessary connectivity will undoubtedly benefit the rest of South Asia where the challenges that face our nations and the opportunities that we must exploit to our shared advantage are increasingly intertwined. That is why others in the SAARC should consider doing away with the prevailing zero-sum approaches and join Afghanistan and Sri Lanka to operationalise the vision of SAARC for the common economic benefit of all of its member-States with increased interdependencies.

# Indians voted for reforms in 2019 LS polls

The Finance Minister has indicated that a lot of the market rectifications or some of the other structural changes often on the list of economists are well on the cards, as a mandate of 303 makes them possible

KARAN BHASIN

The year 2019 will go down in Indian history as a critical juncture that changed the country's trajectory. With a switch in our direction, it is evident that we're going to change our eventual destiny. For the first time in 48 years of the country's political history, India elected a second term, full-majority Government in 2019.

It was also for the first time in the country's history that Indians voted for a reformist Government, thereby signalling a new dawn in the nation's politics. The electoral results broke the myth of the citizens voting against reforms, which prevailed in academic discussions for many years. Any analysis of the

developments of different events in 2019 cannot be without a detailed discussion on the significance of 303 seats.

The subsequent full majority Government of Prime Minister Narendra Modi comes with the backdrop of improved numbers for the BJP in the Rajya Sabha and a long list of States where the saffron party is currently in power. All of this opens interesting opportunities for some of the long-standing politically-sensitive, yet important economic reforms. More importantly, it gives the BJP the necessary political capital to take tough decisions.

Be it the issue of triple talaq or of Article 370, we see an unflinching commitment by the Government to its manifesto. Especially the so-called 'core' agenda of the BJP such as the Uniform Civil Code (UCC), Article 370 and the issue of construction of the Ram Temple. The way things stand, in 2019 at least two of these core promises have been delivered, one by the BJP and the other by the Supreme Court. It is important to

recognise the significance of both these achievements, as these were extremely challenging and contentious issues with severe political and social repercussions. The handling of both these issues has been with utmost care and this shows the level of empathy by our executive, judicial and legislative bodies. The Prime Minister's address after the judgment is extremely important as he welcomed the verdict and gave a call for the creation of a 'New India'. The theme of 'New India' seems to be consistent with Modi's agenda to build a more inclusive, dynamic and equitable society.

The focus is on creation of equal opportunities to ensure upward mobility in the nation's economy. The Government has drastically pivoted India's welfare programmes away from the leaky socialist ones. Smart welfare in the form of Direct Benefit Transfer (DBT) must be viewed as a tool that aims at creating a basic and decent standard of living for all. This is also the year when India initiated one of the boldest corporate tax cuts in its history.

In fact, the reductions were one of the largest tax cuts in the 21st century. Their significance is difficult to fathom for many commentators, but the fact that it makes our tax rates competitive amongst other East Asian countries after a really long time, illustrates the importance of the same.

The Finance Minister too indicated that a lot of the market reforms or some of the other structural reforms often on the list of economists are well on the cards, as a mandate of 303 makes them possible. Recall the land ordinance during Modi 1.0, which became a problem because of the lack of numbers in the Rajya Sabha. Now there is no such problem and therefore, critical reforms such as land reforms can become a reality sooner rather than later.

The fact that growth is slower in 2019 is also an important thing that many have ignored. With the slowing coming early in the term of Modi 2.0, we are likely to see a lot of reforms to address some of the long-standing issues that affect the

economy. A bulk of these reforms have become necessary and urgent such as the corporate tax cuts. As it is often said, one should never miss an opportunity for reforms and certainly Modi 2.0 is not a Government to shy away from them. The significance of it all is that as the BJP delivers on its core agenda, Modi has created a new agenda of developing a 'New India'.

This implies an unflinching commitment towards economic growth and development for the next couple of years, which will likely result in a transformation of the country's economy and society.

The manifesto of the BJP seems to have become a form of social contract between the party and the people. It is this form of social contract that has enabled the growth of the party across the country, giving it further political capital to fulfil its promises.

It is interesting to also point out that just as the BJP is expanding, old allies like the Shiv Sena have parted ways. The power struggle between the two old partners over

the issue of rotational chief ministership and the subsequent falling out have plunged the State into a crisis of governance till the vexed *kissa kursi ka* (who will rule) Maharashtra is settled.

Clearly, none of the political parties in the country have learnt their lessons from the Karnataka debacle or the unsuccessful Jammu & Kashmir experience, which showed very clearly that unnatural alliances only result in misgovernance and political instability does more damage to institutions over a period, than anything else.

In the future, when fresh elections are held in Maharashtra, the people of the State will definitely ask all these political parties some tough questions. They will ask why their mandate to the saffron alliance was not respected and why governance in Maharashtra was put on hold for many days after the people had given their verdict.

At the end of the day, politics and economics are always intertwined and that is precisely why one needs to watch out and learn vital lessons from such developments.

No matter, what the result of the political games and machinations in Maharashtra, the fact remains that the sooner the reins of the State come into responsible hands, the faster the beleaguered State that has been reeling under a farm and water crisis, can head on the path of economic development.

More importantly, no matter how one looks at 2019, one finds significant political, social and cultural developments that are likely to have significant consequences for the future of the Indian economy. The BJP has an unflinching commitment to its social contract, which is resulting in further consolidation of its power.

With just another month and a half before 2019 ends, nobody knows what more is likely to happen, but one thing is for sure, Indian politics and the country are likely to have transformed into something better by the end of the year.

(The writer is a New Delhi-based public policy researcher)

# Industrial production posts steepest fall in 8 yrs

PTI ■ NEW DELHI

In signs of continuing weakness in the economy, India's factory output shrank to the lowest level in eight years as all three broad-based sectors of capital goods production, consumer durables, and infrastructure and construction goods contracted.

The Index of Industrial Production (IIP) fell 4.3 per cent in September as compared to a contraction by 1.4 per cent in August 2019 and a growth of 4.6 per cent in factory output in the same month a year back, data released by the Ministry of Statistics showed on Monday.

The second straight month of contraction has taken the IIP to its lowest level since it shrank by 5 per cent in October

2011. On a quarterly basis, the second quarter of 2019-20 fiscal (July-September) saw IIP contracting by 0.4 per cent (Q1 3 per cent expansion and 5.3 per cent growth in Q2 FY19).

In September 2019, capital goods output dropped 20.7 per cent from a year ago, while consumer durables fell 9.9 per cent. Infrastructure and construction goods output fell 6.4 per cent. Intermediate goods was the only use-based classification that grew 7 per cent in September.

The contraction in IIP in September has dampened prospects of a quick recovery in economic growth after it slipped to a six-year low of 5 per cent in the April-June quarter this year.

Gross Domestic Product (GDP) data for July-September

is due on November 29.

"IIP has been very volatile and the small momentum of a couple of months fizzles out soon," said Devendra Kumar Pant, Chief Economist at India Ratings & Research.

"The Indian economy is presently facing a structural growth slow-

down originating from declining household savings rate, and low agricultural growth."

Low agricultural growth is feeding into low agricultural and non-agricultural wage growth in rural areas, which is impacting rural demand adversely, he said, hoping of a

cut in the interest rate in December.

During April to September, the IIP growth remained almost flat at 1.3 per cent compared to 5.2 per cent in same period last fiscal.

A slowdown was witnessed in the manufacturing sector, which declined by 3.9 per cent in September as compared to 4.8 per cent growth a year ago.

The power generation sector output dipped 2.6 per cent in September, compared to 8.2 per cent rise a year ago.

Mining output too fell by 8.5 per cent in September as against 0.1 per cent climb in the corresponding month last fiscal. Capital goods production, which is a barometer of investment, declined by 20.7 per cent in September compared to a 6.9 per cent hike in the year-

ago month.

As per use-based classification, the growth rates in September 2019 over September 2018 are (-) 5.1 per cent in primary goods, 7 per cent in intermediate goods and (-) 6.4 per cent in infrastructure/construction goods.

Consumer durables and consumer non-durables have recorded growth of (-) 9.9 per cent and (-) 0.4 per cent, respectively. In terms of industries, 17 out of 23 industry groups in the manufacturing sector have shown negative growth during September 2019 as compared to the same month last year.

- The Index of Industrial Production fell 4.3% in September
- The second straight month of contraction has taken the IIP to its lowest level since it shrank by 5 per cent in October 2011
- Gross Domestic Product (GDP) data for July-Sept is due on November 29

## BUSINESS CORNER

### NHPC'S NET PROFIT JUMPS 9.93% IN Q2

New Delhi: NHPC Limited has reported a 9.93% growth in the standalone net profit at ₹1339.46 Crore during second quarter of current fiscal FY 2019-20 against ₹1218.51 Crore of the corresponding period. Profit after tax for the half year is ₹2,220.60 Crore against ₹1956.08 Crore of the corresponding period. Sales for the second quarter of the current fiscal FY 2019-20 rose 4.25% to ₹2605.43 Crore, as compared to ₹2499.19 Crore reported in the year-ago period. Revenue is higher mainly due to better operational efficiency, operation of Kishanganga Power Station and revenue from Power Trading Business.

### GADKARI TO INAUGURATE IITF 2019

New Delhi: The 39th edition of the India International Trade Fair 2019 will be inaugurated by the Hon'ble Minister of Micro, Small & Medium Enterprises (MSME), Government of India Shri Nitin Gadkari at 11.00 am on November 14, 2019 at Hamsadhwani Theatre Pragati Maidan, New Delhi. Shri Som Parkash, the Hon'ble Minister of State for Commerce & Industry, Government of India will grace the inaugural function as the Guest of Honour. The theme for the 2019 edition of the fair (November 14-27, 2019) is "Ease of Doing Business" inspired by the unique achievement of India of rising up to the 63rd rank on the World Bank's Ease of Doing Business Index from 142nd rank in year 2014. The history of IITF is closely interwoven with India's struggle for socio-economic empowerment and industrialisation and its emergence as one of the most rapidly growing and dominant global economies. The Fair has been a unique platform for displaying the entrepreneurial skills and ingenuity of the people of India. It has become a part of the collective consciousness of the people of the country and is one of the most eagerly awaited annual events.

## ₹ skids 19 paise amid renewed global trade tiff concerns

Mumbai: The rupee on Monday tumbled by 19 paise to a near one-month low of 71.47 against the US dollar as fresh concerns over US-China trade deal and Hong Kong unrest kept forex market participants edgy.

Investors also played their

bets cautiously in view of India's rating outlook cut by Moody's investors Services last week.

Opening marginally lower, the Indian currency dropped to a low of 71.54 to the US dollar before settling at 71.47, showing a fall of 19 paise.

# Benchmark indices clock marginal gains

## Weak global cues weigh

PTI ■ MUMBAI

Benchmarks Sensex and Nifty on Monday managed to close in the green after a choppy session, with banking stocks saving the day for the indices which were otherwise battered by weak global sentiment.

For a better part of the session, the Indian market was engulfed by bouts of volatility triggered by a sharp fall in Asian equities amid escalating political issues in Hong Kong and uncertainty over US-China trade deal.

After swinging 266 points during the day, the 30-share Sensex ended 21.47 points, or 0.05 per cent, higher at 40,345.08.

Similarly, the broader NSE Nifty closed with a gain of mere 5.30 points, or 0.04 per cent, at 11,913.45.

Yes Bank was the top gainer in the Sensex pack rising 5.80 per cent, followed by Tata Motors, ICICI Bank, IndusInd

# Govt to lift pricing curbs on domestically produced gas

FIANS ■ NEW DELHI

In one of the last reforms in the oil and gas sector, the government is set to free up pricing of all domestically produced gas that would help scale up local production from fields of ONGC, OIL, Reliance and Vedanta and help create a uniform gas where the fuel is freely tradable on exchanges.

Government sources said that discussions on lifting price restrictions on locally produced natural gas have started that would culminate into a decision about the timing of the new reform initiative. The current timing is considered ideal to free up gas prices as oil market and prices have remained stable.

A panel led by the Niti Aayog vice chairman has also suggested free-market pricing for natural gas produced from all fields to boost domestic output.

"We are looking at all proposals on bringing out domestic gas production from pricing regulations. A cabinet note

proposing the changes would be finalised so that new system is put in place at the earliest," said a government official privy to the development.

However, any move to completely lift price regulation in the gas sector will be done gradually as has been suggested by the Kelkar Panel. This would mean that the present system of regulated gas pricing for domestic production would continue for at least three more years but during the period

producers would be given freedom to sell a portion of the total output under negotiated pricing deals (market determined) with their customers.

The NDA government's reform initiatives has already allowed free gas pricing for production coming from small and marginal blocks, difficult high pressure/deep water blocks and all production coming under the newly bid blocks under the Hydrocarbon Exploration Licensing Policy (HELP).

## Turbulence in world politics hurting growth, says Moody's

FIANS ■ MUMBAI

Increasingly unfriendly global political environment with tensions between the US and China over trade, India and Pakistan over Kashmir, EU and the UK over Brexit are "growth-diminishing", Moody's said on Monday.

The antagonistic political environment is weakening global and national institutions, lowering the shock-absorption capacity of sovereigns with high debt burdens and low fiscal buffers, it said.

"While the starkest example is clearly the trade war between the US and China, distracting and, in some cases, growth-diminishing tensions have also risen in the Gulf, between Japan (A1 stable) and Korea (Aa2 stable), India and Pakistan (B3 negative), the US and the EU, and the EU and the UK," the ratings agency said.

The slowdown, Moody's said, partly reflects cyclical factors, partly structural drivers, including demographic trends.

## UK economy avoids recession with 0.3 per cent quarterly growth

AFP ■ LONDON

Britain's Brexit-facing economy avoided entering recession in the third quarter with growth of 0.3 per cent, official data showed on Monday.

Gross domestic product rebounded in the July-September period after a 0.2-per cent contraction in the second quarter, the Office for National Statistics (ONS) said in an initial estimate.

The technical definition of a recession is two straight quarters of negative growth. Economic activity was propelled largely by the construction and services sectors, while the production sector was flat.

"GDP grew steadily in the third quarter, mainly thanks to a strong July," said an ONS spokesman.

"Services again led the way with construction also performing well."

"Manufacturing failed to grow as falls in most industries were offset by car production bouncing back," he added.

## Govt formulating policy on credit ratings for MSMEs, says Gadkari

PTI ■ NEW DELHI

The Government is in the process of formulating a policy on credit ratings for micro, small and medium enterprises to help investors and other players take informed decision, Union Minister Nitin Gadkari said on Monday.

Addressing International Women's Entrepreneurial Challenge Foundation, Gadkari said MSME contributed 49 per cent of India's total export.

The event was organised by Ficci Ladies Organisation (FLO) here.

"We are going to start digital data based credit rating system... We are going to make the rating of the industry... It can give information about the MSMEs. That can be more easy for taking any decision because rating is now very important. So, now we are formulating the policy and we are going to make some scheme for them and that will be very useful," MSME Minister Gadkari said.

## MMTC floats tenders for import of 4K tonnes of onion

PTI ■ NEW DELHI

The minister also said that the government is using technology and innovations to boost agricultural and tribal sectors through new technologies and innovations.

He gave examples of honey and oranges being used in various products, which has resulted in the increased production and market value of these products. The Government is working on backward integration to develop rural industry and create employment, he said, adding that the employment potential is 11 crore.

At the same time, innovations and skill development in the MSME industry are being carried with the collaboration of German government to make Indian products more competitive in the International market, he said.

He emphasised that the international companies should look at India for setting up their manufacturing base as it will reduce their manufacturing cost by 25-40 per cent while ensuring the quality.

## Pradhan woos foreign firms to invest in India's oil & gas sector

PTI ■ ABU DHABI/NEW DELHI

India on Monday wooed foreign companies to invest in its oil and gas sector as the world's third-largest energy consumer is likely to see over \$100 billion spending in energy infrastructure creation to meet rising demand.

Oil Minister Dharmendra Pradhan, who is on a two-day visit to the United Arab Emirates, showcased investment opportunities, promising political and fiscal stability, predictable policies and a huge diverse market.

"Our focus is to attract global investments into the oil and gas sector, as India would invest USD 100 billion by 2024 in refining, pipelines and gas terminals," he said at a conference in Abu Dhabi. "There is no better place to invest (than India) if you are in the business of energy."

India is expanding oil refining capacity to produce more fuel and petrochemicals as also investing in pipelines and terminals to increase the share of natural gas in the energy mix.

## PROCLAMATION REQUIRING THE APPEARANCE OF ACCUSED PERSON

(SECTION 82 Cr.Pc.)

Whereas complaint has been made before me that the accused person **Rajesh Kumar**, S/o, Ajeet Singh R/o H.No. 82, Pkt-06, Sector-25, Rohini, Delhi has committed (or is suspected to have committed) the offence in case **FIR No. 160/19 u/s 33/58 Ex. Act, P.S. Shahbad Dairy, Delhi** and it has been returned to warrant of arrest there upon issued that the said accused person **Rajesh Kumar**, cannot be found and whereas it has been shown to my satisfaction that the said accused **Rajesh Kumar**, has absconded (or is concealing himself to avoid the service of said warrant).

Proclamation is hereby made that the said **Rajesh Kumar**, Under **FIR No. 160/19 u/s 33/58 Ex. Act, P.S. Shahbad Dairy, Delhi**, is required to appear before the court on or before **20.12.2019**.

By order  
Ms Manu Goel Kharb,  
Ld MM North, Room No. 114  
Rohini Courts, Delhi

DP/760/ON/19

## Appeal For Identification

General public is hereby informed that this person **Name : Unknown, S/o : Unknown, R/o : Unknown, Age : Approx 35 Yrs., Sex : Male, Height : 5'8", Complexion : Shallow, Built : Medium, Face : Round, Wearing : Cream Colour Shirt with Black Dots & Dark Blue Lower and bare footed.** has been found dead on 02.11.2019 at 06:13 pm at LNJP Hospital, Delhi. In this regard a FIR/DD No. 07-A Dated 02.11.2019 has been lodged at PS. Bawana, Delhi.

Sincere efforts have been made by local police to trace out information about this person but no clue has come to light so far. Any person having any information or clue about this person may kindly inform to the following.

Ph. : 011-27752534, 8750870321

## China's Jingye forges rescue deal for British Steel

AFP ■ LONDON

Chinese industrial giant Jingye Group has agreed to buy bankrupt British Steel for an undisclosed amount, the official receiver said Monday in a rescue deal that saves thousands of jobs.

Jingye added separately that it would invest 1.2 billion pounds (\$1.5 billion, 1.4 billion euros) over the next decade to place the business, which collapsed in May, on a competitive and sustainable footing.

The Official Receiver and Special Managers from EY can confirm that a sales contract has been entered into with Jingye

Steel (UK) Ltd and Jingye Steel (UK) Holding Ltd to acquire the business and assets of British Steel Limited," read a statement. A source had already confirmed to AFP that a deal was in the works earlier on Monday, amid press reports that Jingye would pay 70 million.

Jingye will purchase British Steel's sprawling steelworks at Scunthorpe, northern England, as well as its other UK mills.

The deal also includes the company's stakes in Dutch steelmaker FN Steel, British Steel France, and specialist UK manufacturer TSP Engineering.

Clock It

Researchers have found that stress hormone, and not neurons, manage the fixed circadian rhythm that controls everything from sleep needs to body temperature. This means that we have two systems — the nervous and the hormonal system that communicate perfectly and influence one another, all in the course of a reasonably tight 24-hour programme

DOCYARD

HOD Neurosurgery
BATRA HOSPITAL, NEW DELHI

The unnerving dilemma

Pain in the face, jaw and the nose area can be devastating, and such symptoms should seldom be ignored. This intense, stabbing, electric shock-like pain can be an underlying cause of some major complication in the head.

The trigeminal nerve is the fifth of 12 pairs of cranial nerves in the head. It is the nerve responsible for providing sensation to the face. One trigeminal nerve runs to the right side of the head, while the other runs to the left.

Trigeminal Neuralgia — Prevalence: While the disorder can occur at any age, it is most common in people over the age of 50. The National Institute of Neurological Disorders and Stroke notes that trigeminal neuralgia is more common in women than in men.

The most commonly reported cause of jaw pain is temporomandibular joint disorder (TMD). The condition affects up to 12 per cent of people. Nearly 5 per cent seek medical treatment due to the severity of the problem.

Pain can also be caused by lifestyle-related factors, including emotional stress, sleep disturbances, a lack of certain nutrients, or tiredness. The cause of the pain usually is due to contact between a healthy artery or vein and the trigeminal nerve at the base of the brain.

Lifestyle strategies to reduce jaw pain long-term. Stress reduction: Try stress-relieving techniques to reduce jaw clenching like yoga, meditation and journaling.

Avoid chewy foods. Avoiding large amounts of caffeinated coffee and tea may help reduce your jaw pain over time, but you may initially feel muscle tension from caffeine withdrawal when cutting it out of your diet.

Mouthguard: A mouthguard is a plastic dental protector worn on your upper or lower teeth that's custom-fitted for your mouth. Although you can purchase one at a pharmacy, a dentist will make you one that may fit better and last longer.

Jaw surgery: In very rare instances, a doctor will recommend jaw surgery to correct TMD problems. This treatment is usually reserved for people with severe pain and pain that's due to structural problems in the jaw joint.

The following tests may help them to find out more about the cause of jaw pain, including: Physical exam, including assessment of the nerves, neck bones, jaw, mouth and muscles.

WARMFOODS

CHILI: Chili, commonly known as chili pepper are widely used in many cuisines as a spice to add heat to dishes. Capsaicin, the chemical in chili peppers that makes them hot, is used as an analgesic in topical ointments, nasal sprays, and dermal patches to relieve pain.

Hot peppers are full of beta carotene and antioxidants that support your immune system and will aid in fighting off colds and flu. Research has found that nasal sprays containing capsaicin reduce congestion. Increased body temperature from the ingestion of hot peppers triggers the immune system into action in fighting the norovirus (cold) and flu viruses. Consumption of peppers fights against 16 fungal strains by reducing fungal pathogens.

NOT A SWEET DEAL

According to the International Diabetes Federation Atlas 2015, 69.2 million Indians are Diabetic. DR ANURAG BANSAL tells you how to keep the disease in check

Diabetes is a metabolic disease which is caused due to high sugar in the blood. The hormone insulin transfers sugar from the blood to the cells which is stored and used as energy.

Untreated high blood sugar from Diabetes can damage your kidneys, eyes, nerves and other organs.

Symptoms: Diabetes symptoms are caused due to rising blood sugar:

- Increased hunger
Increased thirst
Weight loss
Frequent urination
Blurry vision
Extreme fatigue
Sores that doesn't heal

Causes: Multiple causes are associated with different types of Diabetes.

Type I Diabetes: The causes of type 1 diabetes are still not very well known. For some reason, the immune system mistakenly attacks and destroys insulin-producing beta cells in the pancreas.

Type II Diabetes: Type II Diabetes stems from a combination of genetics and lifestyle factors. Being overweight or obese increases your risk too. Carrying extra weight makes the cells more resistant to the effects of insulin in your blood sugar.

Anyone who has symptoms of diabetes or is at risk for the disease are suggested to get themselves tested. Women are routinely tested for gestational diabetes during their second or third trimesters of pregnancy.

Doctors use the following blood tests to diagnose pre-diabetes and diabetes:

The fasting plasma glucose (FPG) test measures your blood sugar after you've fasted for eight hours.

The HbA1c test provides a snapshot of your blood sugar levels over the previous three months.

HbA1c is a test which is generally offered to diabetic people to evaluate their average blood glucose levels over a period of two-three months. Although it has also been recognised as a diagnostic test of Diabetes mellitus but its prime importance is to see the compliance of the patient and long term control over glucose levels.

Glycosylation is an enzymatic reaction in which glucose molecule attached non-covalently to the Hemoglobin molecule. Generally the per-

Diagnosis

centage of glycosylated hemoglobin remains less than 5 per cent of total hemoglobin in normal population. In diabetic people, as the glucose level increases, percentage of glycosylated Hb rises in a linear fashion. Since the RBCs have a life span of around 120 days so HbA1c stays in the blood till old RBCs are replaced by new one. So HbA1c will give us an approximate idea of blood glu-

cose levels maintained by patient in past few months.

Unlike blood glucose levels which keep on fluctuating all the day, HbA1c does not get affected by the last meal and therefore serves a good marker for long term glucose control.

To diagnose gestational diabetes, your doctor will test your blood sugar levels between the 24th and 28th weeks of your pregnancy.

During the glucose challenge test, your blood sugar is checked an hour after you drink a sugary liquid.

During the three-hour glucose tolerance test, the blood sugar is being checked after an overnight fasting and breaking the fast with consumption of a sugary liquid.

The earlier you get diagnosed with diabetes, the sooner you can start treatment. Find out whether you should get tested, and get more information on tests your doctor might perform.

Prevention

Type I Diabetes isn't preventable as it occurs due to the problem in the immune system. Some causes of Type II Diabetes, such as your genes or age, aren't under your control either.

Yet many other risk factors are controllable. Making simple adjustments to the diet and fitness routine can accelerate the prevention strategies.

If you've been diagnosed with

prediabetes, here are a few things you can do to delay or prevent Type II Diabetes:

- Get at least 150 minutes per week of aerobic exercise, such as walking or cycling.
Cut saturated and trans fats, along with refined carbohydrates, out of your diet.
Eat more fruits, vegetables, and whole grains.
Eat smaller portions.

Don't stress out

With today's fast paced lifestyle, stress has become a part and parcel of everyone's life and can affect people differently. According to the International Diabetes Federation Atlas 2015, an estimated 69.2 million Indians are Diabetic, which as per the WHO assessment stood at 63 million in the year 2013.

There are lot of evidences which suggest that stress hormones in the body may directly affect glucose levels which can affect Diabetes Mellitus Type II in terms of both onset and exacerbation.

There are various stressors which can increase a person's risk of developing diabetes, including: Stressful life events or disturbing experiences

- Anger
Work stress
Distressed sleep

Those living in Delhi are constantly inhaling impure air due to vehicular pollution. But the air quality worsens during November. However, a few simple home remedies can minimise the ill-effects, says ROSHANI DEVI

Those living in Delhi are well-aware of the ill-effects of living with poor Air Quality Index. During this time several things combine together to make the air poisonous. But a few simple home remedies can help reduce the ill-effects.

Here's what one can do: We all know the benefits of neem when it comes to treating skin problems. But did you know that the leaf can also be used to reduce the effects. Boil neem leaves in water. Take a bath with this.

It will help to wash off the pollutants that stick to your skin and hair. Though the leaf is bitter to taste, try eating four-five leaves daily after washing them properly.

Tulsi is another leaf that can come to your rescue. If you

don't have a plant buy it today, it absorbs pollution. Also, drink 10 ml of tulsi juice. Eat garlic and onions. You can cook your veggies with it to help you boost immunity. Include ginger in your diet. Add grated ginger to your cup of tea or chew a fresh piece with a pinch of salt. Eat plenty of citrus fruits like oranges. The Vitamin C not only helps boost immunity, it lessens the effects of air pollution as well.

TIPTOP

Ageing is a process where over time an individual experience a decline in performance, productivity and health. Problems of senior citizen usually appear after the age of 60 years and above. At this age, elder citizens face medical, economic, social and psychological problems. A common set of health issues in the elderly population are degenerative diseases like dementia, Alzheimer's, osteoarthritis, Parkinson's disease and eye diseases like age related macular degeneration (AMD).

AMD is one of the important causes of severe visual loss in the elderly population and constitutes 8.7 per cent of blindness in the world. Age-related Macular Degeneration is a disease where abnormal blood vessels grow in the macula (centre part of retina) causing damage to the centre vision. However, early diagnosis and timely

treatment of AMD can help prevent depression and vision loss and quality of life of the patients.

Dr Rajvardhan Azad, Senior Consultant Vitreoretinal Surgeon, Former Chief, Dr R P Centre, AIIMS New Delhi, President of ALL India Collegium of Ophthalmology says: "The common symptoms of retinal disorders like AMD include blurred or distorted vision, dark spots in central vision or straight lines appearing wavy.

Retinal diseases are often underdiagnosed as the symptoms as there is no pain and the other eye compensates for the poor eye. Only when profound loss of eye sight or the patient closes one eye it gets noticed therefore it is imperative to understand the symptoms and seek expert advice as early diagnosis can help prevent loss of vision."

SLIMLINE

Spanish health authorities confirmed last week (November 9, 2019) a case of a man spreading dengue through sex, a world first for a virus which until recently was thought to be transmitted only by mosquitoes.

The case concerns a 41-year-old man from Madrid who contracted dengue after having sex with his male partner who picked up the virus from a mosquito bite during a

trip to Cuba. His dengue infection was confirmed in September and it puzzled doctors because he had not travelled to a country where the disease, which causes severe flu-like symptoms such as high fever and body aches, is common. His partner presented the same symptoms and had previously visited Cuba and the Dominican Republic.

STUDYCENTRE

Weight-loss or bariatric surgeries are not usually performed in people above the age of 65. But researchers, including Indian-origin, have now found that these procedures could lead to successful weight loss and better Diabetes control in older adults.

The study, presented at the Society for Endocrinology annual conference in Brighton, UK, indicates that elderly patients treated with bariatric surgery (gastric bypass or gastric sleeve) can recover well and have a reduced risk of obesity-related complications, including heart disease and diabetes.

"Although based on a small number of patients, our data suggest that successful weight loss and improved diabetes control can be safely achieved with surgery in older patients, which could have real benefits for their longevity and quality of life," said study researcher Nader Lessan from the Abu Dhabi-based Imperial College London Diabetes Centre.

The only adverse effects reported during the two year period were iron and Vitamin D deficiencies, which happen in younger patients too. "Management of obesity and diabetes in old age is challenging. There is a lot of scepticism around conducting weight-loss surgery in patients over 65," Lessan said.

The study suggests these procedures could be considered in older adults as an effective intervention to aid weight loss and associated complications. —IANS

# How Trump's impeachment will unroll

AFP ■ WASHINGTON

The start of open hearings in the impeachment investigation into President Donald Trump on Wednesday will give the American public their first chance to witness live the explosive showdown between Democrats and Republicans over the US leader's future.

The hearing before the House Intelligence Committee

marks the second phase of the impeachment investigation into allegations that Trump abused his powers by seeking help for his 2020 reelection campaign from Ukraine.

Trump is under threat of becoming only the third president in US history to be impeached — formally charged with violating his duties as president or committing crimes, and placed on trial in

the Senate.

With Democrats in control of the House of Representatives, impeachment appears highly likely, as soon as the end of 2019.

But the Republicans hold a majority in the Senate, a bulwark against him being convicted and removed from office — unless they turn against him.

There is still much to do, but analysts believe the entire process could be completed before the end of January.

On Wednesday, the House Intelligence Committee takes the impeachment investigation public after six weeks of closed-door depositions from White House, State Department and other officials.

Those depositions have already painted a fairly complete picture of how Trump and aides, including personal lawyer Rudy Giuliani, pressured Ukraine's President Volodymyr Zelensky to open investigations that could con-

ceivably find political dirt against the Democrats and Trump's possible 2020 election rival Joe Biden.

Some of the witnesses who already testified privately will be recalled to face the public panel, starting with Ambassador William Taylor, Washington's top diplomat in Ukraine, and Deputy Assistant Secretary of State George Kent on Wednesday, and former Ambassador to Ukraine Marie Yovanovitch on Friday.

## Donald has not done anything to be impeached, says Haley

New York: Nikki Haley, the former US ambassador to the UN, has backed embattled Donald Trump, with the Indian-origin Republican leader saying the President has not done anything that warrants an impeachment, which she said is like a "death penalty" for a public official.

President Trump, a Republican, is accused of trying to pressure Ukraine into investigating unsubstantiated corruption claims against his Democratic Party political rival

and former vice president Joe Biden, and his son who worked with an Ukrainian gas company.

On Wednesday, the House Intelligence Committee is scheduled to open hearings in the impeachment investigation.

It will mark the second phase of the impeachment investigation into allegations that Trump abused his powers by seeking help for his 2020 re-election bid from Ukraine President Volodymyr Zelensky. *PTI*

## US urges early Iraq polls, halt to violence against protesters

Washington: The United States on Sunday urged Iraqi authorities to hold early polls and carry out electoral reforms, and called for an end to the violence against protesters that has left hundreds dead.

Washington wants "the Iraqi government to halt the violence against protesters and fulfill President (Barham) Saleh's promise to pass electoral reform and hold early elections," the White House said in a statement.

"The United States is seriously concerned by continued attacks against protesters, civic activists, and the media, as well as restrictions on internet access, in Iraq," it said.

Mass rallies calling for an overhaul of the ruling system have rocked the capital Baghdad and the Shiite-majority south since October 1, but political forces closed ranks this week to defend the Government. *AFP*

## Turkey begins deporting foreign jihadists

Istanbul: Turkey said Monday it had begun sending back foreign jihadists to their countries of origin, with an American already expelled and more than 20 Europeans in the process of deportation.

A "foreign terrorist fighter" from the US was deported early on Monday, with two more — from Germany and Denmark — due to be expelled later in the day, interior ministry spokesman Ismail Catakli told state news agency Anadolu.

Seven more Germans were due for deportation on Thursday, he added, while 11 French citizens, two Irish and at least two additional Germans were also being processed.

Turkey has criticised Western countries for refusing to repatriate their citizens who left to join the Islamic State group (IS) in Syria and Iraq, and stripping some of them of their citizenship.

Interior Minister Suleyman

## Cops probing videos of man set alight

Hong Kong: Hong Kong police said on Monday they are investigating reports that a man was set alight following an argument on a day of widespread protests across the city, as videos of the purported attack surfaced online.

Three videos were posted on messaging channels used by protesters showing a man in a green t-shirt arguing with people on a footbridge, reportedly in the northern district of Ma On Shan. A masked man dressed in black then throws a liquid over the man and sets him ablaze as crowds scatter and the victim frantically tries to remove his t-shirt. *AFP*

# Hong Kong Police shoot protester; man set on fire

AP ■ HONG KONG

Elsewhere, a man was set on fire following an apparent dispute over national identity in the semi-autonomous Chinese territory, which has been wracked by five months of protests. The man was in critical condition in a city hospital.

The violence is likely to further inflame passions in Hong Kong after a student who fell during an earlier protest succumbed to his injuries on Friday and police arrested six pro-democracy lawmakers over the weekend. Monday's video shows a police officer shooting away a group of protesters at an intersection, then drawing his gun on a masked protester in a white hooded sweatshirt who approaches him.

As the two struggle, another protester in black approaches, and the officer points his gun at the stomach area of the second protester, who falls to the ground. The officer appeared to fire again as a third protester in black joined the tussle.

The protester in white manages to flee, bounding up a nearby staircase, and the officer and a colleague pin the two in black to the ground. Police said that only one protester was hit and that he was undergoing surgery.

## GLOBE TROTTER

### FIVE KILLED IN PAK FIRING INCIDENT

Lahore: Five persons, including two policemen, have been killed in Pakistan's Punjab province after gunmen opened fire on a police vehicle, according to media reports. The attack took place on Sunday in Arbi Tibba area of the Rajanpur district where a police team was conducting a raid after receiving information about the presence of the fugitives in the area, the News International reported.

### SOCIALISTS WIN SPAIN POLLS AMID FAR RIGHT SURGE

Madrid: The Spanish Socialist Party (PSOE) of acting Prime Minister Pedro Sanchez has won most of the seats in the country's fourth general election, but fell short of a majority while right-wing parties made major gains, it was reported on Monday.

### WILDFIRES: OZ STATE DECLARES EMERGENCY

Canberra: Australia's most populous State declared emergency on Monday due to unprecedented wildfire danger as calls grew for Australia to take more action to counter climate change.

### 11 MN SAPPLINGS PLANTED ACROSS TURKEY

Ankara: Eleven million saplings were simultaneously planted on Monday across Turkey as part of a mass campaign aimed at contributing to the agriculture while establishing a greener landscape for future generations.

### STRONG FRENCH EARTHQUAKE INJURES FOUR

Lyon: An unusually strong earthquake hit southeastern France on Monday, injuring four people, one of them serious, authorities said.

No.854/2016 dated 17.04.2018 by the Presiding Officer, Debts Recovery Tribunal-II, Delhi, Rs.66,87,071 (Rupees Sixty Six Lacs Eight Seven Thousand Seventy One Only) along with interest @ 13% per annum simple from 23.09.2018 till realization with cost of Rs.69,000/- from the CDs jointly and severally.
- And whereas the undersigned has ordered the sale of property mentioned in the Schedule below in satisfaction of the said Recovery Certificate.
- Notice is hereby given that in absence of any order of postponement, the said property shall be sold by e-auction and bidding shall take place through "Online Electronic Bidding" through the website <https://www.bankelections.com> on 30.11.2019 between 11 a.m. to 12 noon with extensions of 5 minutes duration after 12 noon, if required.
- The sale shall be of the property of the CDs above named as mentioned in the schedule below and the liabilities and claims attaching to the said property, so far as they have been ascertained, are those specified in the schedule against each lot.
- The property shall be put up for the sale as specified in the schedule. If the amount to be realized by sale is satisfied by the sale of a portion of the property, the sale shall be immediately stopped with respect to the remainder. The sale will also be stopped if, before auction is knocked down, the arrears mentioned in the said certificate, interest costs (including cost of the sale) are tendered to the officer conducting the sale or proof is given to his satisfaction that the amount of such certificate, interest and costs have been paid to the undersigned.
- No officer or other person, having any duty to perform in connection with sale, however, direct or indirect, shall acquire or attempt to acquire any interest in the property sold.
- The sale shall be subject to the conditions prescribed in the Second Schedule to the Income Tax Act, 1961 and the rules made thereunder and to the following further conditions.
1. The particulars specified in the annexed schedule have been stated to the best of the information of the undersigned, but the undersigned shall not be answerable for any error, his statement or omission in this proclamation.
2. The reserve price below which the property shall not be sold is Rs. 72,82,000/- (Rupees Seventy Two Lacs Eighty Two Thousand Only) and the Earnest Money Deposit (EMD) 15 Rs. 7,28,000/- (Rupees Seven Lacs Twenty Eight Thousand Only).
3. The interested bidders, who have submitted their bids not below the reserve price along with documents including PAN Card, identity proof, address proof etc., latest by 28.11.2019 before 5.00 PM the Office of the Recovery Officer-I, DRT-II, Delhi, shall be eligible to participate the auction to be held from 11:00 AM to 12:00 Noon on 30.11.2019. In case bid is placed in the last minute of the despatch time of the auction, the closing time will automatically get extended for 5 minutes.
4. The bidders shall improve their offer in multiples of Rs.50,000/- (Rupees Fifty Thousand Only).
5. The unsuccessful bidder shall take the EMD directly from the Office of Recovery Officer-I, DRT-II, Delhi/CH, i.e., ICICI Bank, immediately on closure of the e-auction sale proceedings.
6. The Successful / highest bidder shall have to prepare Demand Draft/Fay Order for 25% of the bid/sale amount favoring Recovery Officer-I, DRT-II, Delhi, A/C R.C. No. 137/2018 within 24 hours after close of e-auction and after adjusting the EMD and send/deposit the same in the office of the Recovery Officer-I, DRT-II, Delhi so as to reach within 3 days from the close of e-auction failing which the EMD shall be forfeited.
7. The successful highest bidder shall deposit, through Demand Draft/Fay Order favoring Recovery Officer-I, DRT-II, Delhi, A/C R.C. No. 137/2018, the balance 75% of the sale proceeds below the Recovery Officer-I, DRT-II, Delhi on or before 15th day from the date of auction of the property, exclusive of such day, or if the 15th day be Sunday or other holiday, then on the first day after the 15th day longwith the postage fee @ 2% up to Rs.1,000 and a 1% on the excess of such gross amount over Rs. 1000/-in favour of Registrar, DRT-II Delhi. In case of deposit of balance amount of 75 through post the same should reach the Recovery Officer as above.
8. In case of default of payment within the prescribed period, the property shall be sold, after the issue of fresh proclamation of sale. The bidder, after defraying the expenses of the sale, if the undersigned thinks fit, be forfeited to the Government and the defaulting purchaser shall forfeit all claims to the property or to any part of the sum for which it may subsequently be sold.
9. The undersigned reserves the right to accept or reject any or all bids found unenforceable on postpone the auction at any time without assigning any reason

## Bolivia's prez resigns amid election-fraud allegations

La Paz (Bolivia): Bolivian President Evo Morales resigned on Sunday under mounting pressure from the military and the public after his re-election victory triggered weeks of fraud allegations and deadly protests.

The decision came after a day of fast-moving developments, including an offer from Morales to hold a new election. But the crisis deepened dramatically when the country's military chief went on national television to call on him to step down.

"I am sending my resignation letter to the Legislative Assembly of Bolivia," the 60-year-old socialist leader said.

He added: "I ask you to stop attacking the brothers and sisters, stop burning and attacking."

Before Morales had even

finished his statement, car horns began sounding in La Paz and other cities, and people took to the streets to celebrate, waving Bolivian flags and setting off fireworks.

Morales was the first member of Bolivia's indigenous population to become president and was in power for 13 years and nine months, the longest term in the country's history.

But his claim to have won a fourth term last month set off unrest that left three people dead and over 100 injured in clashes between his supporters and opponents.

Earlier in the day Sunday, the Organisation of American States said in a preliminary report that it had found a "heap of observed irregularities" in the Oct. 20 election and that a new vote should be held.

## Rohingyas 'threat' to security, says B'desh PM

PTI ■ DHAKA

Bangladesh Prime Minister Sheikh Hasina on Monday said the over 10 lakh Rohingyas who fled from Myanmar to her country in the wake of "persecution" are a "threat to the security" of the entire region as she urged the global community to resolve the issue.

According to the UN, as of May 24, 2018, more than 9,00,000 Rohingya Muslims fled Myanmar's restive Rakhine State since 2017 after large-scale violence following a military crackdown.

The exodus of refugees in large numbers has resulted in a major crisis in neighbouring Bangladesh.

## Trend Slazer

### I am always my worst critic: Anil

After four decades in Bollywood, actor **ANIL KAPOOR** feels he needs to learn how to go easy on himself, and that is his biggest challenge. The actor says he has always been his worst critic.

"I've always been hard on myself and I'm always my own worst critic. So my biggest challenge continues to learn to go easy on myself and to let go when I need to," Anil said.

He says his career goals continue to be the same as they were all those years ago, when he was starting out.

"Strangely enough, my goals haven't changed much! I'm a simple man with a simple plan — to be better than I was yesterday. So that's what I continue to strive towards," said he.

### 'My character in House Arrest belongs to a well to do family. He somehow has not come out of his house for the last nine months. The story starts at that point. He is not trapped. He is not psycho or a murderer. It's a voluntary house arrest and there are interesting reasons behind this, which is what the film is all about. The film is an out and out comedy.'

—Ali Fazal

Veteran actor-director **AMOL PALEKAR** will be returning to the stage after 25 years with a Hindi play *Kusur*.

Palekar will be performing on the stage as retired ACP Dandavate.

"The fast pace story whirled us through the twists and turns disturbing our complacency and overturning our assumptions. The deep subtext will linger in our minds beyond the curtain drop," Palekar said.

"As an actor, the role poses an enormous challenge, demanding tremendous emotional and physical energy at my age," added Palekar.

### I am because of Friends: Aniston

Actor **JENNIFER ANISTON**, who won the People's Icon Award at the 2019 E! People's Choice Awards this year, says she has earned the title of being an icon because of her fans and the still popular sitcom *Friends*.

Aniston said, "This town does out a lot of awards but the People's Choice, this was always something special to me. As actors, we don't do this for the critics or for each other or to make our families proud, we do this for the money."

"I am kidding... we do it for you guys. Come on seriously, we really do," she added.

Diabetes, a lifestyle disease, has been regarded as an incurable and chronic ailment which requires lifelong management through medication and insulin, till now. Only a few people are aware that it is curable.

A recent concept called Diabetes Reversal means that people with type 2 diabetes (when your body cells are not able to respond to insulin the way they should) are able to regulate the disease by changing their lifestyle or food patterns without taking medication. This is also known as putting diabetes into remission.

Dr Anoop Misra, chairman, Fortis C-DOC Centre of Diabetes, Metabolic Diseases and Endocrinology says, "As lifestyle improves, medication can slow down the progression of diabetes and prevent complications. Being obese and overweight are the biggest risk factors among Indians. But if we begin to ensure dietary restrictions, the rate of diabetic occurrence will decrease profoundly. Adopting a sustainable healthy diet that is low in carbohydrates and high in proteins and vegetables can help one to control and reverse diabetes." However, this must be done keeping in mind the weight of the patient and their Body Mass Index (BMI). Another intervention which can help in a diabetes diagnosis is to exercise every day as it boosts metabolism.

Akansh Khurana, CEO and co-founder at THB India also attributes lifestyle modification and balanced diet to diagnose and reverse diabetes. "Reversing impaired blood sugar control in diabetes is particularly troublesome when it remains undiagnosed and untreated for a long

## SWEET NO MORE

Diabetes has almost taken on the proportion of an epidemic in the country. On the occasion of World Diabetes Day on November 14, experts tell **SAKSHI SHARMA** about the practicalities, implications and the role of technology in diabetes reversal

time. It remains asymptomatic for longer durations before any clinical signs and symptoms manifest due to impaired glucose levels or associated complications. In such a case regular blood glucose monitoring is, therefore, necessary," says he.

There are several technological interventions — smart devices, health apps and digital monitors which are increasingly playing an important role in empowering diabetes patients. They provide patients with real-time access to their data — blood glucose status, dietary habits, physical activity, and diabetes-related information which help in promoting a more personalised therapy and encourages patient's active participation in the overall disease management.

Daivam Wellness in collaboration with Eternity Medicine has launched its *Diabetes Reversal Programme*. With the

help of their diabetes mobile app, they monitor the patient's health and continuously tailor the programme to cater to their varying needs. This is like a coach sitting next to you when you learn driving, to make sure that you make no mistake.

The 360-degree approach of the programme ensures that after a detailed counselling from their experts, their advice is followed and discrepancies are reported. "Through their continuous glucose monitoring device, they observe the blood sugar levels for days and suggest a personalised treatment according to their expert observations," says Dr Alok Chopra, founder and medical director, Daivam Wellness.

Another important aspect of the programme is its two-way communication. The digital platform enables patients to put their concerns and experts revert within a set timeframe.

This interactive feature further helps to modify the programme as per the needs of the patients, therefore getting better and quicker results.

With the country reeling under 49 per cent of the world's diabetes burden and expecting to be home to 134 million diabetics by 2025, a holistic approach towards diabetes prevention is certainly important.

"Data suggests that one in every four people under 25 in India has adult-onset diabetes, a condition more usually seen at the age of 40-50. This is mainly because of a sedentary lifestyle and weight management issues that completely spin their metabolism. Such a large number of people suffering from the disease which causes further health complications, will be a huge socio-economic burden on the country. It is high time that medical fraternity should come up with more innovative solutions and help to prevent this epidemic," adds Dr Chopra.

However, there are many doctors who feel that the concept of diabetes reversal is flawed and is a myth. Dr SK Wangnoo, senior consultant-endocrinology, Indraprastha Apollo Hospital says, "It's not permanent. You can reverse

diabetes for a year or two by strict diet control but not more than that."

He adds that a trial is underway in UK which investigates whether offering an intensive programme for weight loss and its maintenance would be advantageous for people with type 2 diabetes. It recruited patients who were given a fixed diet of around 800 calories per day. And it was supervised by medical practitioners. They showed two years interim data where most of the patients had lost liver and pancreatic fat and had lost more than 10-15 kgs of weight, which means that they could reverse the diabetes. But the approach did not work for everyone. So the study is continuing to understand the biology underlying remission and find ways to make it a reality. A short term reversal is usually possible but long term is not.

For people who think that you haven't reversed your diabetes until you can eat a chocolate cake or swig down a cold drink without your blood sugar rising, the concept is flawed. But for the ones who are ready to change their lifestyle under a professional supervision for a prolonged period, diabetes reversal is possible.

## Scorsese's superhero film snub unfortunate: Feige

Marvel Studios president Kevin Feige has opened up on filmmaker Martin Scorsese's criticism of Marvel's superhero films, saying the remarks were unfortunate. Last month, Scorsese spoke with *Empire* magazine about his views towards the Marvel films, expressing that he regards them as "not cinema" and likens them to "theme parks". Since his initial remarks, Scorsese repeated the "theme parks" analogy at the BFI London Film Festival.

In conversation with *The Hollywood Reporter*, Feige, Marvel Chief Creative Officer and the architect of the Marvel Cinematic Universe, opened up about the remarks in public for the first time. "I think that's not true. I think it's unfortunate," Feige says when asked about the notion that superhero films are a negative for cinema.

"I think myself and everyone who works on these films loves cinema, loves films, loves to watch a communal experience in a film theatre full of people," he added.

Since launching with 2008's *Iron Man*, Marvel Studios has reshaped the theatrical landscape. Four of the top 10 highest-grossing films of all time come from the Disney-owned studio, including *Avengers: Endgame*, which in July surpassed *Avatar* to become the highest-grossing film of all time.

In a *New York Times* op-ed, Scorsese went back to his comments and added, "What's not there is revelation, mystery or genuine emotional danger. Nothing is at risk. The pictures are made to satisfy a specific set of demands and they are designed as variations on a finite number of themes."

In response to Scorsese, Feige brought up more recent examples of the risks the studio has taken, saying that Marvel hasn't made an *Iron Man* film since 2013 and instead pitted Robert Downey Jr's Tony Stark against Chris Evans' Captain America in 2016's *Captain America: Civil War*.

"We did *Civil War*. We had our two most popular characters get into a very serious theological and physical altercation," Feige said, adding, "We killed half of our characters at the end of a film (*Avengers: Infinity War*). I think it's fun for us to take our success and use it to take risks and go in different places."

Feige, who does not personally know Scorsese, notes that art is a subjective thing. He said, "Everybody has a different definition of cinema. Everybody has a different definition of art. Everybody has a different definition of risk. Some people don't think it's cinema. Everybody is entitled to their opinion. Everyone is entitled to repeat that opinion. Everyone is entitled to write op-eds about that opinion and I look forward to what will happen next. But in the meantime, we're going to keep making films."

—IANS

# How much are you willing to give?

Here is what to do if your parents need financial help

Multiple surveys have found that most parents provide some sort of financial support to their adult children. But often, financial aid goes the other way.

A 2015 survey by TD Ameritrade found 13 per cent of adults provided financial support to a parent. Millennials were far more likely than older generations to report they were helping their folks. Of people born between 1981 and 1996, 19 per cent helped their parents, compared with 13 per cent of Gen Xers (1965 to 1980) and 8 per cent of baby boomers (1946 to 1964).

Sometimes the money is provided happily or at least without resentment, by those following cultural norms or personal conviction that they owe it to their parents. Other times, financial aid to parents is a source of tension — between parent and adult child, among siblings and between partners.

Certified financial planner Austin A. Frye had no idea when he married his wife four decades ago that they would one day support her parents. The older couple, now in their 80s, cover their day-to-day expenses with a union pension and social security. Frye and his wife cover unexpected expenses and travel for her parents, Frye says, and also pay \$15,000 a year for a long-term care policy. Frye says that though he's

happy to be in a position to help his in-laws, he still wishes they had saved money for their retirement.

"They just spent what they made. They didn't really plan," Frye says.

Certified financial planner Kashif A Ahmed, on the other hand, comes from a culture where younger people get into arguments about who will have the honour of caring for an older relative. Ahmed said he needed a spreadsheet to coordinate the

dozens of relatives who volunteered to help his great-grandparents in their final illnesses.

Ahmed invited his mother to move in with him after his father died in 2001. His wife, Simona, an economist who grew up with similar values in Romania, supported the move, and Ahmed's mother is helping to raise their four daughters, ages 6 to 16.

Ahmed says financial advisers from other cultures often have

trouble grasping the deep sense of obligation. He's heard peers criticize clients who aren't saving enough for retirement or are neglecting other goals while supporting parents, saying the clients don't "get it."

"I'll say, 'No. You don't get it,'" Ahmed says. Balancing competing goals is what financial planning is all about. If you're supporting a parent or think you may in the future, the following steps could

help make the balancing act a bit easier."

#### TALK TO YOUR PARTNER

If you're married or in a committed relationship, it helps to get on the same page about how much you're willing and able to give. Brainstorm different scenarios, such as emergency expenses (how much can you give, and what constitutes an emergency?) or long-term care (can you provide

care in your home or help pay for in-home or nursing care?). If you're not clear what you can afford, a consultation with a financial planner could help. If you don't have a partner, talking to a trusted friend or a financial planner can help you clarify what you can offer and when.

#### TALK TO YOUR PARENTS

Just over half of the people supporting parents in the TD Ameritrade survey had ever talked with them about it. Financial planners say that understanding the parents' financial situation can help you prepare, and might also provide an opportunity for you to reduce their need for your help. You could help them budget, give them a session with a financial planner. You also can let them know how much help you can afford to provide.

#### ROPE IN YOUR SIBLINGS

Even if they can't contribute financially, they may be able to help in other ways — running errands, talking parents to the doctor, handling bill paying and other paperwork, or providing respite care.

#### TAKE CARE OF YOURSELF

You may have to delay retirement, buying a house or having kids to support your parents. Many people do, according to the survey. But you should have a plan to eventually reach your own goals. Unlike your parents, you may have only yourself to rely on when you're older.

The auction shall be conducted on an "AS IS WHERE" and "AS IS WHAT IT" basis and the Company is not making and shall not make any representation or warranties as regards the quality, purity, caratage, weight or valuation of the said gold ornaments. It shall be the sole and absolute responsibility of the potential purchaser to verify, examine and satisfy themselves about the quality, purity, caratage, weight or valuation of the said gold ornaments prior to placing their bid and for such purpose it shall be open to potential purchasers to examine, at their sole cost and expense, and at the address set out herein above, the gold ornaments whether with or without expert advice 45 minutes prior to the time stipulated for the conduct of the auction. All the bid shall be subjected to such minimum reserve price as the company may deem fit to fix in this regard. The auction process and sale (if any) pursuant to such auction shall be subjected to such further terms and conditions as the company may at sole discretion deem fit to impose.  
If the borrower(s) mentioned above pays the amount due to the company in the loan agreement in his individual loan account in full before the auction as mentioned above, the pledged ornaments securing the said loan may be withdrawn from the said auction without further notice. Please note that it is the absolute discretionary power of the undersigned authorized officer of the company, either to postpone or to cancel the auction proceeding without prior notice and without assigning any reason thereof and to reject any or all the bids or offer without assigning any reason for the same.

# INDIA LEAVE FOR WORLD CUP QUALIFIERS

PTI ■ NEW DELHI

He saved India the blushes against Bangladesh and centre-back Adil Khan said on Monday Afghanistan also can pose the Blue Tigers a "heavy challenge" in their upcoming FIFA World Cup qualifier.

Khan, whose last-gasp equaliser salvaged a draw for India against Bangladesh in their last qualifier, said that he'll be happy "scoring a few more goals" for the Blue Tigers in the future.

The team is leaving for its upcoming World Cup qualifying assignments against Afghanistan and Oman. "Afghanistan beat Bangladesh in their only home game so far and they are a respectable side. They can impose a heavy challenge on us," Khan said.

Recalling his strike, he said, "It was the moment of truth for us, and thankfully, I could contribute. It could have been anyone actually. Now, I don't want to look back and reminisce about the goal. I would rather like to score a few more for India."

India are scheduled to clash swords with Afghanistan in Dushanbe, Tajikistan on November 14, before flying to Muscat where Oman will host the Blue Tigers five days later.

On being asked how challenging would the tie against Afghanistan be, he said: "Very tough actually. Afghanistan have

always been a juggernaut for us. We have to be very cautious and stay on our toes throughout to garner a positive result against them.

"We have heard from Sunil-bhai, Gurpreet-bhai and others

how gruelling and taxing it was in the SAFF Tournament final in 2016.

"As I heard, a few Afghani players ply their trade in different European leagues and it underlines

how threatening their players can be."

Adil had made his debut for the Blue Tigers in 2012 before making a comeback seven years later under Igor Stimac in the King's Cup

2019.

"It's a dream-come-true occasion for any footballer to represent his country and I'm no different. I still remember my first match back in 2012 and again getting the

national team call-up in 2019 was something like my reincarnation as a footballer."

India will have a session in Dubai before flying to Dushanbe, and Stimac said it will "immensely benefit the squad".

"We wanted to fasten the recovery process. The morning session in Dubai will also help us in a way or two before reaching Dushanbe," Stimac said prior to departure from the capital.

Sunil Chhetri, the talismanic striker felt, "A good sleep, proper diet and recovery are very important to stay in the right shape before we face Afghanistan on 14th. The rest in Dubai will help all shrug off the fatigue."

## 'NEED TO SCORE MORE'

India goalkeeper Gurpreet Singh Sandhu feels the team has moulded itself into a battle-hardened unit but it still needs to find the back of the net consistently to improve its winning ratio in top-flight football.

"I think, of late, we have turned ourselves into a team which is tough to beat. We just have to add something more to it which is scoring to get the points on the table and we have that quality," Gurpreet said.

Skipper Sunil Chhetri had promised to put their best foot forward in the upcoming qualifiers against Afghanistan and Oman, Gurpreet also said they will have to

get something substantial out of the two matches.

"Both games are difficult. Oman are a very good side and have quality players, whereas Afghanistan will be tough to play against in Tajikistan. But we have to go there with a strong approach to get something out of the two games," the country's first-choice goalkeeper said.

Gurpreet said coach Igor Stimac has been smart in introducing a host of new faces.

"We have grown stronger with the introduction of the young players who will improve with time."

While Chhetri felt the team is still far from fully implementing coach Stimac's vision, Gurpreet said they are gradually getting accustomed to his philosophy.

"Yes, the team is getting accustomed with the system but most importantly getting used to each other as well playing with the ball."

India endured a disastrous campaign in the 2018 World Cup qualifiers, including a shock loss to tiny Pacific nation Guam, and Gurpreet said the team has come a long way from those days.

"I think if we compare it with the 2015 qualifiers that we played, we have come a long way since then. We have two points on the table and have only lost one game which also we could have won. I am happy but not satisfied because I know we have the potential to do more."

SJVN's Profit After Tax (PAT) Recorded an Increase of 44.93 % SHIMLA : SJVN Limited has recorded 44.93% increase in Profit After Tax (PAT) during the second quarter of FY 2019-20. The Profit After Tax (PAT) of the company have increased to Rs. 623.50 crore from Rs. 430.21 crore during the corresponding quarter of last financial year.

With the favourable weather conditions during the first six months of current financial year the projects of SJVN generated 7498 Million Units of electricity while 6342 Million Units of electricity were generated during the corresponding period of last financial year.

While the company's Revenue increased 25.84% from Rs.751.52 crore to Rs. 945.71 crore, the Profit Before Tax (PBT) grew 33.44% from Rs. 561.21 crore to Rs. 748.88 crore. Resultantly, the company's EPS during the quarter has increased from Rs. 1.09 to Rs. 1.58. The financial results of the company were declared at a meeting of the Board of Directors held at New Delhi.

Shri Nand Lal Sharma Chairman & Managing Director stated that 1500 MW Nathpa Jhakri Hydro Power Station, which is the country's largest underground power house and 412 MW Rampur Hydro Power Station are creating new benchmarks, in hydro sector each year.

He further informed that SJVN has recently entered into MoUs with Government of Himachal Pradesh for implementation of Eight (8) Hydro Projects. The total capacity of these projects is 2388 MW and the development of these projects involves investment of Rs. 24,000 crores.

SJVN has also forayed into the fields of Renewable Energy, Power Transmission and Thermal. SJVN has envisaged Internal Growth Targets and is vigorously marching forward for achieving installed capacity of 5000 MW by 2023, 12000 MW by 2030 and 25000 MW by year 2040.

AFP ■ TURIN

Paulo Dybala struck the decisive goal in Juventus' 1-0 win over AC Milan on Sunday after replacing Cristiano Ronaldo as Juventus stayed top of Serie A.

Argentine forward Dybala hit the winner in the 77th minute in the Allianz Stadium having taken the place of Ronaldo 20 minutes earlier.

Defending champions Juventus maintain their one-point lead over Antonio Conte's Inter Milan who had taken pole position after their 2-1 win over Verona on Saturday.

AC Milan's seventh defeat in 12 games saw Stefano Pioli's side drop to 14th position, just four points above the relegation zone.

# DYBALA KEEPS JUVE AT SUMMIT

However Milan had threatened as the former European giants chased their first win against Juventus in Turin in eight years.

Wojciech Szczesny was kept busy in the Juventus goal, denying fellow Pole Krzysztof Piatek, Lucas Paqueta and Hakan Calhanoglu.

Blaise Matuidi missed Juventus' best chance before Dybala's winner when his powerful curling effort flew wide just after the break.

Five-time Ballon d'Or winner Ronaldo, who had also been taken off during the midweek Champions League win over Lokomotiv Moscow, reportedly left the stadium before the end of the game after being substituted

on 55 minutes.

Douglas Costa also came on for Federico Bernardeschi after an hour, with the two substitutions changing the game for the champions.

Gonzalo Higuain fed Dybala, who easily shook off Alessio Romagnoli to beat Donnarumma and claim his third league goal this season.

"Cristiano should be thanked because he made himself available despite not being in optimal conditions," said Juventus coach Maurizio Sarri.

"In the last month he has had this discomfort in his knee and this a little problem for him.

"It's only natural a player is going to be irritated to leave the pitch, especially when he worked so hard to be there."

# Chahar happy to repay captain's faith

Deepak Chahar celebrates with his Indian teammates after completing his maiden five-wicket haul against Bangladesh in T20s PTI

PI ■ NEW DELHI

It almost looked like Bangladesh would run away with the third T20I in Nagpur on Sunday and with it register their maiden series win over India as Mohammad Naim and Mohammad Mithun looked to be in cruise mode. With dew not helping matters, skipper Rohit Sharma handed the ball to pacer Deepak Chahar, hoping for the youngster to rise to the occasion. And that is exactly what he did. Chahar, who had earlier scalped for Liton Das and Soumya Sarkar, delivered instantly in the 13th over and started the collapse. The rest as they say is history. Chahar finished with figures of 6/7 — the best in T20Is — and also became the second Indian to pick a hat-trick in the format. Speaking after game, Chahar said that while everyone is talking about him picking the hat-trick and winning India the game in conditions

not suited for bowlers, it is the faith that skipper Rohit showed in him that makes him happy. "He told me I will use you as a Bumrah today. I will bowl you in the crucial overs and that was motivating for me. I love it when I am given responsibility under pressure because that makes me feel that I am being trusted. I feel bad when nobody trusts me. To get that confidence from the captain felt good at that stage of the game," he smiled. It is not often that you have players liking the fact that he is compared to a teammate, but Chahar says there is no doubt in the fact that Bumrah is the No 1 bowler at present in the format and it is a matter of pride to be compared to the pacer. "Imandar hona chahiye (You should be honest)...I know where he stands and I also know where I stand. He is the No 1 bowler in the format and as a T20 bowler, he has everything, be it pace or con-

trol. He is the No 1 bowler for me and saying that is not a shame. I am not competing with him and my job is to do well. You need to focus on the game and the team should win and that has to be the priority. "When they were cruising at the end of 12 overs, I wanted to walk up to him and ask for the ball from the captain, but I didn't because I knew the captain would have his plan and give me the ball. The whole thought was that we shouldn't lose the game and the series. What matters when you play for the country is to perform and win matches," he explained. Pundits have often spoken about how he is more of a new-ball bowler, but Chahar silenced all with his performance on Sunday. And the pacer says that it was more about people assuming things because he always had variations in his sleeves. "People assumed that and didn't give me a chance to

bowl at the death. Whenever I got a chance, I bowled well. I have bowled before as well, even for my state. Generally you don't bowl those bowlers at the death who bowl at less than 130kph, but I don't have that issue. I have bowled around 135kph even in the IPL and say in CSK I wasn't used because Mahi bhai had other bowlers. "It depends also on the captain. Team requirement is also something that you need to look into. Like on Sunday we had only two fast bowlers in Khaleel Ahmed and me. Shivam Dube isn't a proper fast bowler. So, Rohit bhaiya used me in the death. When I played before, the set-up needed me to bowl at the top," he pointed. Every player is preparing keeping the World T20 in mind and while Chahar too wants to go ahead and represent the country in the showpiece event in Australia in 2020, he wants to keep working on his game and get better with each passing day.

"World T20 is about 11 months away and that is a long time. Obviously I have that in the mind and we are looking to win the trophy, but as a sportsman you can't think so far as there is a lot of international cricket before that as well as the IPL. I want to gain more trust from the management till then and there will be times where I will get hit and I want to still gain the trust of the team so that they support me. Performing in every match is the goal. "I take every game as the last as the competition is very high and the fast bowling unit is doing really well. Cementing your place in this team is very tough, so I look to perform every time I get an opportunity," he signed off.

## 'CSK stint taught me to counter dew & sweat factor'

PTI ■ NAGPUR

Countering the dew in the sultry Chennai heat has been a big part of Deepak Chahar's cricket education and he said it showed during his world record figures of 6 for 7 against Bangladesh in the series-deciding third T20. Chahar, who also became the first male cricketer from the country to take a T20 International hat-trick, has been one of the Chennai Super Kings' successful new ball bowlers, used judiciously by franchise captain Mahendra Singh Dhoni. "Playing in Chennai, I have now realised how to counter dew and sweat. How to keep my hands clean. At times, rub dry soil in your hands and then bowl (so that hands don't get slippery)," the 27-year-old Rajasthan seamer said during

an interview on 'Chahal TV'. Asked what was his strategy considering that there was no nip in the air and the ball wasn't swinging a lot. "Since the side boundaries (at VCA Stadium) were big and that was the plan that we will have to force the batsman to play shots on the sides. I also wanted to vary the pace as the ball was getting wet because of the dew and it was difficult to grip," Chahal explained. For the 27-year-old, never even in his wildest of imaginations, he could have thought about incredible figures of 6 for 7 in 3.2 overs. "I came to know in the end that I got a hat-trick since I got the first wicket off the last ball of previous over. Even if you sit back at home and dream, you will not think that in four overs, you will get six wickets for 7 runs," said a beaming Chahar.

# Given heads up to be India's No 4: Iyer

PTI ■ NAGPUR

The talented Shreyas Iyer has been given a "heads up" by the Indian team management that he will be the designated No 4 batsman in white-ball format after a string of impressive performances in the past few months.

India tried umpire players at the number four spot in the lead up to the 50-over World Cup but none of them could cement their place in the team and it was used as a floating position during the mega event as the experiment with Vijay Shankar fell flat. "For me personally, they (team management) have given me a heads up that 'You'll be there at No 4. So just back yourself and believe in yourself,'" Iyer, who smashed 62 off 33 balls including five sixes in the T20 series decider against Bangladesh, told media-persons after the match. "It has been a really important last few series for me to set the benchmark at the No 4 position, which all of us are competing for at the moment," said Iyer, who scored a couple of half-centuries batting at No 5 in the ODIs against the West Indies. Iyer will have to be one of the "finishers" in case team's top two batsmen — skipper Virat Kohli and deputy Rohit Sharma — are dismissed cheaply. "Even if Kohli and Rohit get out, we need someone to finish the game and bat till the end. That is a No 4's role. That's what I was trying to replicate today and it worked out really well for me," said the 24-year-old, who has overcome the disappointment of missing out on ODI World Cup berth. Asked how significant his knock was considering that team is trying out fringe players like him ahead of the World T20

next year, Iyer said: Yes, obviously there is lot of competition going in the team. I personally feel that I compete with myself. I don't want myself to be judged with anyone or when you say that this position is empty in the team. While he will be batting at number four for some time now, Iyer is flexible and ready to bat at any position that the team wants him to. "I am really open-minded and can bat at any number. So I just like to back myself in tough situations and today's innings showed that I can bat under pressure as well."

In the final T20, Iyer went ballistic after being cautious at the beginning. Four of his five sixes came against the spinners and his knock allowed India to put up a defensible 174 for five. "The support staff have given me the freedom — not just me but all the batsmen — that you need to have that intent when you go in there. And you should feel very positive when you're batting. If the ball pitches in my area, I am not going to control myself. I'll bat according to my instincts."

Iyer will have to be one of the "finishers" in case team's top two batsmen — skipper Virat Kohli and deputy Rohit Sharma — are dismissed cheaply. "Even if Kohli and Rohit get out, we need someone to finish the game and bat till the end. That is a No 4's role. That's what I was trying to replicate today and it worked out really well for me," said the 24-year-old, who has overcome the disappointment of missing out on ODI World Cup berth. Asked how significant his knock was considering that team is trying out fringe players like him ahead of the World T20

## Deepak jumps 88 places in rankings

PTI ■ DUBAI

India fast bowler Deepak Chahar, who returned a world record haul of six for seven against Bangladesh on Sunday, has moved up 88 slots to 42nd in the latest ICC T20 rankings for bowlers. The list, however, continued to be led by slow bowlers. The top five and eight of the top nine are spinners, with Mitchell Santner reaching second place — his best position since he topped the table in January 2018, behind Afghanistan's Rashid Khan.

Rohit Sharma continued to remain India's top-ranked batsman at seventh position while K L Rahul moved up a place to eight after his half-century on Sunday. England's Dawid Malan has made a grand re-entry to the batting chart, grabbing third position in the list led by Pakistan's Babar Azam, while Aaron Finch of Australia has taken second spot after gaining two positions.

England captain Eoin Morgan and New Zealand opener Martin Guptill have also made notable movements to take joint ninth place while Jonny Bairstow has reached a career-best 498 rating points and is in the top 40 for the first time.

Bangladesh batsman Mohammad Naim's 143 runs in three matches saw him at joint-38th position along with Bairstow. Ashton Agar's fine performance against Sri Lanka and Pakistan have seen him move up 57 places to ninth in the bowling list. In the all-rounders' table, Glenn Maxwell's continued absence has enabled Afghanistan's Mohammad Nabi to move above him to take the top spot for the first time.

In the team rankings, Pakistan continued at the top with 270 points but Australia were only one point behind them after winning their three-match series 2-0. England, South Africa and India occupied the next three positions and were within five points of each other.

# Long way to go in T20s: Mahmudullah

PTI ■ NAGPUR

Bangladesh captain Mahmudullah feels his team still has a long way to go in Twenty20s as it is neither learning from its mistakes nor has the big-hitters essential to the format. Bangladesh have come close to victory on many occasions but failed to cross the line, especially against top teams like India losing the just-concluded T20 series 1-2. "We have a long way to go in T20 cricket. We don't have big hitters. We have to be dependent on our skill hitting. So we are working on our game sense and become more consistent mentally," said Mahmudullah following the 30-run loss in the series-decider. "As a batting unit, if we

can improve then we will have more chances to win," he added. Needing 50 runs off the last 30 balls with six wickets in hand, Bangladesh were on course for a memorable series win but lost wickets in a heap to blow it all away. "I am not sure whether it

was composer or not. But if you see, we did similar kind of mistakes probably in few games in recent times. That's where I think big teams are quite good and very consistent in these situations and they can chase down this sort of total. "Having said that, the wicket was very good to chase on. Our bowlers did a very good job to restrict them to 174. We just didn't finish well. "If you analyse these three games, I think we played good cricket. But T20 cricket is such a format, if you lose momentum it's very hard to get it back. We were very close in this game but as we lost three-four wickets in six or seven balls and that's the crucial part of that game," said the skipper.

# Shafali, Deepti power Eves to 10-wicket win

PTI ■ GROS ISLET

Teenager Shafali Verma scored her second consecutive half century after off-spinner Deepti Sharma starred with the ball as the Indian women's cricket team registered an emphatic 10-wicket win over the West Indies in the second T20I. The 15-year-old Shafali continued her impressive run by scoring a quick-fire 69 off 35 balls alongside Smriti Mandhana (30). The duo powered India to a 2-0 lead in the five-match series on Sunday. Shafali, who overtook the iconic Sachin Tendulkar to become the youngest Indian cricketer to score a half-century in international cricket, displayed scintillating form yet again and smashed 10 fours and two sixes. Earlier, the Indian bowlers,

Shafali Verma chats with Smriti Mandhana during 2nd T20 against Windies. BCCI

led by Deepti, who registered career-best figures of 4 for 10, managed to restrict the West Indies for a paltry 103 for seven in the stipulated 20 overs. Deepti accounted for the four wickets in the last four overs. Later Mandhana, who had also smashed a half-century in the series-opener, played second fiddle to Shafali in guiding the team home. The 23-year-old's innings was laced with four boundaries.

West Indies captain Anisa Mohammed had no answer to the Indian duo and used seven bowlers, including herself, with no success. The combined effort saw India reach their target in 10.3 overs. The third T20I will be played at Providence Stadium in Guyana on November 14.

# Shooters continue medal rush

PTI ■ DOHA

Teen shooter Saurabh Chaudhary claimed the Silver medal in men's 10m air pistol event to continue India's surge at the 14th Asian Championship here on Monday.

The 17-year-old World Cup and the Asian Games Gold-medallist shot 244.5 to finish second on the podium behind North Korea's Kim Song Guk, who won the top prize with a world record 246.5.

With 583, both Chaudhary and Abhishek Verma had qualified for the final in seventh and sixth place, respectively.

However, Verma had to be satisfied with a fifth-place finish in the eight-man final, having managed 181.5. The trio of Chaudhary, Verma and Sharvan Kumar bagged the team Bronze with a total of 1740 in the qualifying, finishing behind China (1745) and Korea (1744). Shreya Agrawal and Dhanush Srikanth won the Gold medal in the 10m air rifle mixed team junior competition, while Gurnihal Garha, Abhay Singh Sekhon and Ayush Rudraraju claimed the team Gold in the junior men's skeet. Gurnihal Garha also won an individual Silver with a score of 50 in the finals. Abhay Sekhon, who had topped qualification with a solid 120, was the second Indian in the final but finished fourth, narrowly missing out on a medal.

In all, India picked up eight medals on the day. India won six Olympic quotas across events from the prestigious championship, taking their total to 15.

# Mumbai makes it three in a row

PTI ■ MUMBAI

Domestic giants Mumbai continued its winning run in the Syed Mushtaq Ali Trophy thrashing Madhya Pradesh by nine wickets on Monday.

This is Mumbai's third win on the trot after they beat Mizoram and Haryana in the first two league games of Group D. In the game at the Wankhede Stadium, Mumbai rode on blistering half centuries by openers Jay Bista (68 off 36 balls) and Aditya Tare (74 not out off 48 balls) to chase the 160-run target with ease. Electing to bat, Madhya Pradesh ride on skipper Naman Ojha (22 off 17 balls) and one down Rajat Patidar (25 off 17 balls) before two down Parth Sahani made a quick fire 47 off 36 balls. An unbeaten 31 off 29 balls from Anand Bais and 19-ball 24 from Venkatesh Iyer helped MP

breach the 150-run mark. For the hosts, Shams Mulani (1-17), Ranjane (1-24), Sujit Nayak (1-26) and Tushar Deshpande (1-34) were among the wickets.

Chasing 160, Bista and Tare laid the foundation stone of the win with an 111-run stand for the opening wicket. After Bista was dismissed by Kuldeep Sen, Tare took the onus on himself to complete the match.

He in the company of in-form skipper Suryakumar Yadav (20 not out off 11 balls) took the side home with 4.1 overs to spare.

In the earlier game at Wankhede, Bengal defeated Meghalaya by 55 runs.

Meanwhile, at BKC, India spinner Yuzvendra Chahal joined the Haryana squad but was rested for the game against Assam. Haryana rode on half century by opener Harshal Patel (62) to register a three wicket win against

Assam. DELHI THRASH NAGALAND SURAT: A disciplined all-round effort helped Delhi thrash Nagaland by eight wickets in a Group 'E' T20 match.

Electing to field, Delhi restricted Nagaland to 75 for nine in their stipulated 20 overs before returning to overhaul the target, scoring 78 for two in 12.3 overs.

While left-arm spinner Pawan Negi claimed three wickets, Lalit Yadav, S Bhati and Karan Dagar accounted for one wicket each.

Chasing the target, Delhi rode on some useful contributions from the top-order with skipper Dhruv Shorey top-scoring with a run-a-ball 27 and Nitish Rana scoring 20 not out.

In other Group E matches, Saurashtra registered a comfortable 57-run win over Gujarat at the Lalabhai Contractor Stadium.
