Arrest PC if needed: Court to ED

Judge allows agency to quiz Chidambaram in Tihar jail today

PNS ■ NEW DELHI

The trial court on Tuesday permitted the Enforcement Directorate (ED) to interrogate and arrest, if necessary, former Finance Minister Chidambaram in the INX Media bribery case. Armed with the order, the ED is expected to take Chidambaram in its custody on Wednesday.

After this development, even if Chidambaram's bail petition in the Supreme Court in the CBI case is favourably disposed, he might end up spending Diwali behind bars.

Trial court judge Ajay Kumar Kuhar on Tuesday evening passed the order allowing the ED to interrogate Chidambaram in Tihar jail on Wednesday and arrest him if necessary. The court said three ED officials can interrogate Chidambaram on Wednesday after 8.30 am and asked the jail superintendent to make arrangements in this regard.

The former Finance Minister's judicial custody in the INX Media corruption case, which was filed by the CBI, ends on October 17. Since his arrest on August 21, he has till Tuesday spent 54 days in custody — both of the CBI as well as judicial — in nine spells.

After the court passed the order, Solicitor General Tushar Mehta and Special Public Prosecutor Amit Mahajan, appearing for the ED, sought permission to question

Senior Congress leader and former Finance Minister P Chidambaram after being produced in the Rouse Avenue Court in connection with the INX Media corruption case in New Delhi on Tuesday

PTI

Chidambaram in some space available on Rouse Avenue court premises. The court, however, said, "It's not in the dignity of this person that you interrogate and arrest him here in public view." The court also rejected Chidambaram's petition against the production warrant.

Chidambaram on Tuesday sought bail from the Supreme Court in the INX Media corruption case saying the CBI wants to keep him in custody to humiliate him. The court

will hear on Wednesday the arguments of Solicitor General Tushar Mehta, representing the CBI. Citing his attempts to meet to two crucial witnesses, the agency reiterated that Chidambaram should not be given bail. Justice R Banumathi headed Bench will resume hearing on this petition on Wednesday morning and the ED is expected to make arrest early in the morning.

After the trial court's permission to the ED, Chidambaram's bail petition in

the apex court has literally become useless. The ED will get maximum 15 days custody of Chidambaram following which he may be remanded in judicial custody till he gets bail in the ED's case.

Senior advocates Kapil Sibal and Abhishek Manu Singhvi, appearing for Chidambaram, told a 3-judge bench headed by Justice R Banumathi that there were no allegations against their party colleague or his family members of having ever tried to

approach or influence any witness in the case.

Sibal told the Bench, also comprising justices AS Bopanna and Hrishikesh Roy, that Chidambaram is in custody for last 55 days and the Delhi High Court had rejected his bail plea in a "strange way".

Chidambaram, 74, was arrested by the CBI on August 21 and is lodged in Tihar jail under judicial custody in the corruption case.

The CBI had registered an FIR on May 15, 2017 alleging irregularities in a Foreign Investment Promotion Board (FIPB) clearance granted to the INX Media group for receiving overseas funds of ₹305 crore in 2007 during Chidambaram's tenure as the Finance Minister.

Thereafter, the ED lodged a money-laundering case in this regard in 2017.

Chidambaram moved the top court challenging the Delhi High Court's September 30 verdict denying him bail in the INX Media case lodged by the CBI.

Sibal told the Bench on Tuesday that earlier the ED had argued before the apex court that they want custodial interrogation of Chidambaram, but later they opposed his application filed in the trial court to surrender in the money laundering case.

"Bail should be granted to him (Chidambaram). They (CBI) want to keep me in jail to humiliate him," Sibal argued before the apex court.

Praful summoned over deal with Mirchi's wife

ED to question NCP leader on Oct 18; Patel claims case 'unsubstantiated'

TN RAGHUNATHA ■ MUMBAI

Another senior Minister from the earlier UPA Government landed in trouble on Tuesday as the Enforcement Directorate (ED) summoned Praful Patel for questioning on October 18 in connection with an alleged property deal between him and Hajra Iqbal, the wife of late Iqbal Mirchi, an erstwhile close aide of Karachi-based underworld don Dawood Ibrahim.

As it readied itself to arrest former Union Minister P Chidambaram on Wednesday for custodial interrogation in the INX Media case, the ED prepared the ground for the questioning of former Civil Aviation Minister Praful Patel on allegations of quid pro quo in a property deal with late Iqbal Mirchi's wife Hajra.

Official sources said that at its office in Mumbai on October 18, the ED would record Patel's statement under the Prevention of Money Laundering Act (PMLA) in connection with a deal between a real estate company promoted by him, his wife and late Mirchi's wife.

The ED documents have revealed that Millennium

Developers Pvt Limited, a company promoted by Patel and his wife, constructed Ceejay House and transferred its third and fourth floors to Mirchi's wife Hajra Iqbal in 2007 "towards beneficial interest of Mirchi in the land on which the structure is built". Patel and his wife own a significant number of shares in Millennium Developers Private Limited.

However, Patel dismissed the case, saying, "It is an old case and since I am on election tour, I am not privy to the documents. But I can tell you that the allegations against me are false and unsubstantiated."

Talking to mediapersons here, he said, "Documents may have been leaked to media. Obviously, you are in possession of some papers which may have never been brought to my attention."

The ED is investigating several property deals, including Ceejay House at Worli in south-central Mumbai, which

was reportedly owned by Mirchi's first wife Hajra Memon. Ceejay House is constructed on a plot allegedly owned by Iqbal Mirchi. The ED's contention is that Patel redeveloped Ceejay House in 2005. The ED considers the property as "proceeds of crime".

The ED's move to question to Patel comes in the wake of the grilling of Mukhtar Memon, an alleged key person who handles various properties of Mirchi in Mumbai. Memon is the brother-in-law of Mirchi.

In his interaction with the media, Patel said that the matter was under investigation and the issue is if the "person at Ceejay House is linked with me". The building, according to Patel, was there in 1970. "After my father's death, there was dispute in the family among 21 co-owners. The Mumbai High Court was asked in 1978 to take charge and look after the property," Patel said.

According to the list of Mirchi's properties located in India and the UK, Ceejay House was constructed in 2006-07 as a joint venture (JV) between Mirchi and Millennium Developers Pvt Ltd.

The ED probe has revealed Mirchi had bought/developed several properties in India and abroad from the proceeds of crime generated through various illegal offences.

The NCP is seeing the action against its leader as "political vendetta" in the run up to the Maharashtra Assembly polls.

CAPSULE

MODI ACCUSES CONG OF BAD-MOUTHING INDIA

Thanesar/Charkhi Dadi: Slamming the Congress over its stand on Article 370 and the Rafale deal, Prime Minister Narendra Modi on Tuesday accused its leaders of bad-mouthing India and showing negativity on matters that bring joy to the people of the country.

INDIA RETAINS FASTEST GROWING TAG: IMF

New York: In the gloomy global economic picture painted by the International Monetary Fund, India retains its rank as the world's fastest-growing major economy, tying with China, with a projected growth rate of 6.1 per cent for the current fiscal year, despite an almost one per cent cut in the forecast.

WILL WIN WAR WITH DESI ARMS, SAYS ARMY CHIEF

New Delhi: Army Chief General Bipin Rawat on Tuesday pitched for greater inclusion of indigenous technology in the armed forces and asserted that India will fight and win the next war with home-grown solutions.

UZBEK NATIONAL HELD WITH DOZEN PARROTS

New Delhi: An Uzbek national was apprehended by CISF personnel at the Delhi airport on Tuesday for allegedly trying to smuggle out a dozen parrots.

Lokayukta raids Khare's properties, unearths assets worth crores in MP

STAFF REPORTER ■ BHOPAL

During the raids at the premises of Excise Department's Assistant Commissioner Alok Khare, the Special Police Establishment of Lokayukta unearthed assets worth crores of rupees including luxury automobiles, posh houses and lands etc.

The Lokayukta on Tuesday conducted simultaneous raids at seven establishments of the officer in Bhopal, Indore, Raipur and Chhatarpur.

The Lokayukta sleuths were shocked by the revelations of the astronomical assets amassed by the officer who despite his humble earnings of around Rs one lakh a month has managed to accumulate over Rs 100 crore properties with close to two dozen places across the state.

As against Rs two crore income drawn by the officer — Alok Khare in 23 years of service joined in 1996, he has amassed assets worth running in several crores, said investigators who carried out raids at seven establishments of Khare including two each in Indore, Bhopal and Raipur and one at

The exterior view of the house of Alok Khare, Assistant Excise Commissioner posted in Indore, in which Special Establishment (Lokayukta) police conducted a raid at the Golden City, in Bhopal on Tuesday

Pioneer photo

Chhatarpur, where the officer has a luxury bungalow built.

His stature and lavish style could be understood from the fact that during the posting in Indore, the officer had ordered Rs 85,000 chair for his office.

The officers have over a dozen luxury automobiles and Rs 15 lakh cash has been seized from his bungalows in Indore and Raipur.

Some foreign currency has also been recovered from Khare's bungalow in

Chhatarpur and his lavish farm house at Raipur had even dazed the investigators, said an officer involved in the probe.

Khare's Jatkhedi based bungalow at Hoshangabad road was raided in Bhopal. The officer presently posted in Indore has served at several districts during his service.

The officer was posted in Indore in June 2018 and from 2014 to 2018, he was in Bhopal. **Continued on P4**

Bharat Ratna for Savarkar in Maha BJP manifesto

Sankalp Patra wants highest national award for Phule also, promises 1 crore jobs

TN RAGHUNATHA ■ MUMBAI

The bestowal of "Bharat Ratna" upon social reformers Jyotiba Phule, Savitribai Phule, and freedom fighter Veer Savarkar, creation of one crore jobs in five years, making Maharashtra "drought-free" in five years and ₹5 lakh crore investment in infrastructure sector are among the promises made by the ruling BJP in its manifesto for the State Assembly polls.

In its manifesto "Sankalp Patra" released three days after its ally Shiv Sena released its manifesto "Vachan Patra", the BJP has also promised houses to all the homeless in the State by 2022, pure drinking water to each household, to set up a grid for Marathwada to solve water problem in the region and to provide job opportunities to one crore women by bringing them under "Mahila Bachat Ghatak" scheme.

Releasing "Sankalp Patra" along with the party's working president JP Nadda, Chief Minister Devendra Fadnis said, "On our return to power in the State, we will recommend to the Centre a proposal to bestow 'Bharat Ratna' upon social reformers Jyotiba

Maharashtra Chief Minister Devendra Fadnis, BJP working president JP Nadda, State BJP president Chandrakant Patil and other leaders release BJP's manifesto ahead of Maharashtra Assembly elections in Mumbai on Tuesday

PTI

Phule, Savitribai Phule, and freedom fighter Veer Savarkar. These three great leaders deserved to be honoured with Bharat Ratna as they spent their whole lives for social activities. The Shiv Sena has also for some time been demanding bestowal of Bharat Ratna upon Veer Savarkar.

The promise to bestow Bharat Ratna upon the Phule couple and Veer Savarkar is being seen as a move to attract Dalit and Hindu votes.

"The focus of our manifesto is three-fold — to address drought, increase availability of water and employment," the

CM said.

The project to link various rivers, uninterrupted power supply, education, economic development, health, agriculture, social welfare, air transport, port development, water supply for irrigation and rural development are the BJP's other focus areas.

In its "Sankalp Patra", the BJP also promised to seek financial assistance from the Centre to invest to the tune of ₹1 lakh crore on infrastructural facilities, to generate solar energy in next five years that is enough to supply electricity to farmers for 12 hours in a day

and to set up a solar power grid.

In a first of its kind initiative, the BJP has promised to set up an independent authority to repair all kinds of roads. The ruling party said it would connect the entire Maharashtra by internet through Bharat Net and Maha Net.

"We will register all kinds of labourers at one place and bring them under the ambit of the social security... We will undertake a special rehabilitation programme for the retired soldiers, families of martyred soldiers and officials who died during the call of duty," the BJP manifesto said.

RBI stopped printing 2K notes since Apr 1 to prevent hoarding

PNS ■ NEW DELHI

The Reserve Bank of India has not printed a single ₹2,000 note from April 1 onward this year. The move is seen an attempt to curb stockpiling of black money.

The RBI confirmed this in response to an RTI reply in which it said that soon after the demonitisation, the Central bank printed 3,542.991 million ₹2,000 notes to match with the demand after the existing ₹1,000 and ₹500 notes were cancelled in October 2016.

As per the RTI reply, the volume of printing of ₹2,000 notes came down drastically in the following year as the bank

went in fast gear to print currency notes of other denominations. In 2017-18, only 111.507 million notes were produced, which was further reduced to 46.690 million notes in 2018-19, said the RBI.

Earlier, the RBI had refuted the reports of withdrawal of ₹2,000 notes but many experts feel that the stopping production in the financial year will lead to withdrawal of the high value note in near future.

Farooq's sister, daughter detained for protest sans order

SMS services in Valley withdrawn after terrorists kill truck driver

MOHIT KANDHARI ■ JAMMU

The police on Tuesday detained a small group of women led by daughter and sister of National Conference president and sitting Member Parliament Farooq Abdullah in Srinagar when they tried to stage an "unauthorised" sit-in protest against the abrogation of Article 370 and bifurcation of State into two Union Territories.

Farooq Abdullah's sister Suraiya Mattoo, his daughter Safiya Khan, former J&K High Court chief justice Bashir Ahmad Khan's wife Professor

A paramilitary woman detains a Kashmiri woman who was among the protesters in Srinagar on Tuesday

AP

Hawa Khan and others were detained by the police from Pratap Park area.

The women arrived at the busy Lal Chowk area on Tuesday morning wearing

black arm badges and holding several placards.

Safiya Khan was seen car-

rying a banner reading "Kashmiri brides not for sale", apparently implying to the statement made by some BJP leaders of Haryana and UP after the abrogation of Article 370. Other protesters were seen holding placards which demanded the release of detainees and restoration of civil liberties.

As they started assembling inside the Pratap Park, women cops, along with paramilitary forces, prevented them from staging sit-in dharna. The cops also demanded them to produce permission letter, if any, issued by the office of District Magistrate.

When these women refused to call off the dharna, women cops pushed them inside the police vans before escorting them to the nearest police station.

In a written statement, these women said, "We the

women of Kashmir disapprove the unilateral decision taken by the Government of India to revoke Article 370 and 35A and downgrade and split the State of Jammu & Kashmir. We feel betrayed, humiliated and violated as people."

"We demand immediate release of detainees. We express our outrage against the national media for their false and misleading coverage of ground realities in Kashmir," reads the statement.

Meanwhile SMS services were withdrawn by the State administration barely hours after the postpaid mobile phone services were restored across the Valley on Monday. The decision was taken after review of the prevailing security situation arising after the killing of a truck driver hailing from Rajasthan by a group of terrorists in Shopian late on Monday evening.

‘Rang-e-Shanti’ ends; Swarn Mrig performed

STAFF REPORTER ■ BHOPAL

Marking the conclusion of three day theatre festival ‘Rang-e-Shanti’, ballet Swarn Mrig was performed. The ballet was staged at Shaheed Bhavan here on Tuesday.

Written by Yogesh Tripathi, the ballet was performed by Shruti Kirti Performing Arts.

The story is about a golden deer. In one forest, there was a beautiful deer named Ruru, and all the animals in the forest loved him very much. Ruru Deer was very kind and was about to help everyone.

One day, a rich man named Mahadhanik was seen floating with the water in the river.

Swarn Mrig i.e. the golden deer saw him floating unconscious and so saved him.

After saving Mahadhanik the golden deer took a promise from him that he will not tell it to anyone about him. Mahadhanik promised him.

On the other hand the queen dreamt of the golden deer. One day she asks the king for a promise. The King promises to the queen. Then the queen asks the golden deer from the king. King knew her stubbornness, therefore he tries to convince the queen that golden deer is only in books, not in reality.

The queen stays firm on this promise. Therefore to earn

some money, Mahadhanik tells king about the golden deer. The king orders to catch the golden deer, but it was not found anywhere.

Then he ordered the ministers to catch all the deer of the forest and kill them one by one. One day it was the turn of a pregnant deer, but king did not listen to anyone. Hence to save her, the golden deer comes in front of everyone to sacrifice his life. Smitten by this gesture, the queen stops killings and takes the golden deer to the palace.

The play was beautifully performed as the artists impressed the audience with their confident acting skills.

MLA who voted for Cong-led Govt now expresses faith in BJP

STAFF REPORTER ■ BHOPAL

In just three months after he voted in favour of the Congress-led State Government in Madhya Pradesh, BJP MLA from Maihar again took a U turn on Tuesday.

On Tuesday afternoon, Tripathi reached the BJP headquarters and expressed faith in the saffron party.

Notably, BJP legislators Tripathi and Sharad Kol from Beohari had defying the BJP voted in favour of the Criminal Law (Madhya Pradesh Amendment) Bill 2019 tabled in the Assembly by the Kamal Nath government.

This is for the first time, Tripathi had reached the BJP headquarters after the Assembly vote. While talking to media persons, he said, “I was and will continue to be with the BJP. I was in contact with Congress ministers and CM Kamal Nath to ensure development in my constituency continues.”

He claimed he and Kol voted for the Criminal Law (Madhya Pradesh Amendment) Bill 2019 believing the BJP was supporting it. At the BJP headquarters,

Tripathi was accompanied by senior leader and former minister Narottam Mishra. On the occasion, State BJP president Rakesh Singh said the Congress’ plans to allure Tripathi had failed and praised the latter for being a dedicated worker.

State BJP spokesperson Rajnish Agrawal called the voting episode in the Assembly confusion, adding that Kol and Tripathi had never resigned from the party.

Congress media cell coordinator Narendra Saluja said, “Tripathi and Kol had supported the Congress during the Assembly session. They are free to go wherever because they had not joined the party (Congress). The two MLAs had even condemned BJP policies while extending support to us.”

‘Rashtriya Putul Samaroh’ to kick off today

STAFF REPORTER ■ BHOPAL

The ‘Rashtriya Putul Samaroh’ will be organized at open air auditorium of Madhya Pradesh State Tribal Museum from Wednesday. The event will be focusing on different styles of puppet art.

The festival is organized by Tribal Folk Art and Language Development (Adivasi Lok Kala Boli Vikas). The artists from different States will present different folk and mythological stories through puppets. It will be a must visit programme for the art lovers of the city.

On October 16 i.e. on the first day of the event, Sudeep Gupta (Kolkata) will stage ‘Taming of the Wild’ in a rods

style with his fellow cast members. In four parts, the artist will present to the audience with his artistic skills in the style of rods.

On October 17, Mithilesh Dubey (Benaras) will stage ‘Mohan Se Mahatma’ in a rooster effigy style with his fellow artists. It will mark second day of the event. On October 18, Pradeepnath Tripathi (Lucknow) will stage ‘Luv Kush and Aladdin’ in the sticks effigy style with his fellow artists.

On October 19, Mohammed Shamim will stage ‘Gulliver Travel and Our Circus’ with his fellow artists in the style of sticks and thread effigies. On the last day of the ceremony i.e. on October 20, the Bharatiya Lok Kala Mandal

(Udaipur) will stage ‘Ramayana and Kabuliwala’ in thread style. All these presentations will be held daily from 7 pm.

Traditional cuisine and traditional clothing fair of Madhya Pradesh, Jharkhand, West Bengal, Assam, Sikkim, Bihar and Odissi states are also held from 2 to 16 pm from October 16 to 20. On October 19 and 20, 2019, from 3 pm to 5 pm, Dilip Masoom (Bhopal) will be performing puppet art in thread thread style with his fellow artists.

On the last day of the ceremony, on October 20, Sarita Saj (New Delhi) along with her fellow artists will sing Suraj songs from 6 pm on the occasion of 150th birth anniversary of Mahatma Gandhi.

Habibganj police book drug peddler, recover brown sugar worth ₹1.5 lakh

STAFF REPORTER ■ BHOPAL

Habibganj police have nabbed a drug peddler near Mansarovar Complex and recovered 14.5 gm of brown sugar worth Rs 1.5 lakh from his possession on Monday.

Police said that acting on a tip-off regarding a man carrying drugs was nabbed near Mansarovar complex and when he was searched 14.5 gm of brown sugar (heroin) was recovered from their possession.

The accused were identified as Israr Raj Yadav and is a resident of Shivaji Nagar slum. He failed to provide details of the drugs recovered from his possession.

Police said that the crystalline powder was recovered from his possession which was later found to be brown sugar (heroin) and quantity which was recovered from his possession was worth Rs 1.5 lakh.

Police said that the source of the drugs and their scheduled delivery to the customer

in the city and nearby areas would be probed. The accused is a habitual criminal and has been involved in drug peddling for the past four years.

Investigating Officer SI Rahul Rai said that the accused has bought the drugs from suppliers who provide the drug near railway stations. The money paid to buy them would be investigated and regarding the suppliers. The accused bought the drugs for selling. The drugs would fetch around Rs 1.5 lakh. He has been booked for assault and other crimes and for drug peddling he is arrested for first time.

The police have registered a case under sections 8 and 20 of the NDPC Act and started further investigation.

Govt’s aim is to increase basic amenities for common man: CM Kamal Nath

STAFF REPORTER ■ BHOPAL

Chief Minister Kamal Nath has said that the aim of the State Government is to continuously increase the basic amenities of the common man, so that he can lead a secure life with dignity.

Kamal Nath was addressing a programme organized for the dedication of 45 new 108 Janani Ambulances to people at Lal Parade Ground today. These vehicles have been replaced with old vehicles. The Chief Minister flagged off the new vehicles of 108 Janani Ambulances to serve the general public. The Minister for Public Health and Family Welfare Tulsiram Silawat and Minister for Public Relations PC Sharma was present on the occasion.

The Chief Minister said that it is our priority that the

citizens of the state get all facilities. An atmosphere should be created in the state in which every category remains happy and our state flourishes. Kamal Nath said that replacing the old vehicles in 108 Janani ambulances is an effort in this direction. He said that the new ambulance vehicles will facilitate people residing in far-flung areas and they will get the service on time.

It was informed that currently 737 Sanjivani 108 Janani ambulances are operating in 51 districts of the state. Out of the vehicles that have covered 2.5 lakh kilometers or are more

than 5 years old, 50 vehicles will be replaced. It was informed that in just six months from April 2019 to September 2019, a total of 2 lakh 94 thousand 595 pregnant women and 39 thousand 299 sick infants were transported from home to the hospital in time for treatment under the Janani Express Scheme. Similarly, 28,024 sick infants and total 2 lakh 64 thousand 513 women were transported home from the hospital. Total 77,446 beneficiaries were transported from one hospital to another bigger health institution under the scheme.

MP players bag title of ‘Over All Champions’

STAFF REPORTER ■ BHOPAL

Madhya Pradesh players bagged the title of Over All Champions after showcasing brilliant performance in Junior National Rowing Competition. Madhya Pradesh Water Sports Academy’s rowing players won four gold and two silver medals in the championship.

Madhya Pradesh became the All-India champions in the 40th Junior National Rowing Competition being held at Bhopal’s Upper Lake from October 11. The team won with four gold, two silver and six medals and 26 points. With two gold, one silver medal and 13 points, Odisha finished second and Kerala with one gold, two silver medals and 11 points secured third place.

These academy players won medals in the junior girls singles skull competition of the competition. Academy player Anshika Bharti and in the boys category Nitesh Bhardwaj gave Madhya Pradesh one gold medal each. In the boys’ double skull event,

the academy’s pair of Pradyuman Mandal and Prabhakar Rajawat earned gold. While in the boys’ class four team event, academy players Vijay Pal Singh, Aditya Singh, Vedanta Kulshrestha and Mehul Krishnani won the gold medal.

Similarly, in the girls’ double skull event of the competition, the academy’s pair of Mohini Rackwar and Monika Bhaduria earned silver medal. While in the Junior Men’s Pair event, the pair of Academy players Gopal Thakur and

Yogesh Thakur gave the silver medal to Madhya Pradesh. The said player is trained under the guidance of Captain Dalbir Singh Rathore, chief instructor of Rowing Academy.

Expressing the contentment on this achievement Director Sports and Youth Welfare SL Thousen said that the players of State are bringing laurels to the State by performing brilliantly at national and international platforms. He encouraged the players to perform similarly in other championships.

50-yr-old man dies as he jumps off truck

STAFF REPORTER ■ BHOPAL

A 50-year-old man died after he jumped from a truck in a bid to save himself at Bagroda under Katara Hills late in the night on Monday.

Police said that the deceased identified as Rewati Prasad Mehar was in the truck which was parked near the under construction Eicher factory and accidentally started to roll which alerted him and he

jumped off the truck and hit stones which were dumped road side.

The deceased was rushed to Noble hospital where he died during treatment. The deceased sustained head injuries which proved fatal.

Body was sent for the post mortem after the preliminary investigation. The police have registered a case under section 174 of the CrPC and started further investigation.

Man kills self by consuming poison

STAFF REPORTER ■ BHOPAL

A 40-year-old man committed suicide by consuming poisonous substance at his residence in Shankar Nagar under Chola Mandir police station area on Monday. According to the police, the deceased Suresh Kahar was found in an unconscious state by the family members and was rushed to a nearby hospital where he died during treatment. Police were informed

and based on the information a police team reached the spot and started investigation. The deceased committed suicide late in the night after he failed to pursue his wife to return home who left house few days ago due to fight.

The body was sent for the post mortem after the preliminary investigation. The police have registered a case under section 174 of the CrPC and have started further investigation.

Himachal sponsored week-long programme inaugurated at IIFM

STAFF REPORTER ■ BHOPAL

A weeklong training programme on Capacity Building-Demand Based Short Term Course on Environmental Accounting on SESA Framework was inaugurated at IIFM on Tuesday.

The two day event is sponsored by Directorate of Economics and Statistics, Government of Himachal Pradesh, commencing from Tuesday will continue till Friday at IIFM Bhopal.

The genesis of the programme begins with a request received from Vinod Rana, Economic Advisor, Government of Himachal Pradesh to conduct a one week training programme for the officials of State.

For this programme 15 participants were nominated by the Directorate of Economics and Statistics, Govt. of Himachal Pradesh. Out of 15 participants 13 participants were registered in this programme.

This training programme

was inaugurated today at IIFM and the occasion was graced by Pankaj Srivastava, IFS, Director IIFM, Prof. CS Rathore, Dean, Prof. Sandeep Tambe, Chairperson-MDP Cell including Programme Directors, SP Singh, Pradeep Chaudhry, IFS, Asha Khanna

It was informed by the Programme Director, this programme has two important and integral course module. Course Module-1 deals with the class room sessions con-

sisting of wide dimension covering various aspects of Environmental Accounting on SESA Framework.

Three days class room sessions would be conducted at IIFM and the Module-2 consists of two days Field Work programme at World Heritage site, Sanchi and eco-tourism site at Halali dam and interaction with the villagers, assessing the cost benefit analysis of ‘gau-kasth’ (conversion of cow dung into

brikket) on machine installed at Anarkali Gau-Shala to reduce the fuelwood dependency from forests.

The field work activity would also be carried out at Betwa River, Vidisha to develop a SESA Framework based on prac-

tical applications and in different dimensions / horizon. Pankaj Srivastava has emphasized the valuation techniques is similar to the banking transaction assuming that natural ecosystem is the bank from where we withdraws the natural capital (debit from the account) and hence environmental accounting on SESA framework also requires that the credit system need to be developed to create supply in the ecosystem services.

1 killed, another hurt as bike hit dog

STAFF REPORTER ■ BHOPAL

A 30-year-old Aman died while his friend escaped with injuries after their bike hit a dog near Piparia Zahir Peer under Sukhisewania police station late in the night on Monday.

Police said that two injured men were rushed to nearby hospital where one of them was declared dead. The deceased was identified as Sitaram Yadav while his friend Bhojraj escaped with injuries.

The deceased and his friend were on their way to Mandideep. The deceased sustained multiple injuries. The deceased was profusely bleeding due to injury and he died of excessive bleeding as the bike was hit with great speed and impact was fatal.

After the preliminary investigation the body was sent for the post mortem. Police have registered a case under section 174 of the CrPC.

Police said that the condition of the escaped men is critical. The dog died at the spot in the accident. The accused tried to save but failed to control the bike and hit the dog.

Meanwhile, a youth who sustained multiple injuries after he was attacked by a dog at Minal Residency lodged complaint with Ayodhya Nagar police against owner of the dog on Monday.

The victim Anshul Singh was attacked by a dog when he was on his way to home after tuition classes in the evening. Anshul was riding a bicycle which fell after he was attacked by the dog and sustained severe multiple injuries. Police would register a case against the owner of the dog.

State to get 8 new industrial units

STAFF REPORTER ■ BHOPAL

The State Government has taken the decision to provide facilities under the Industrial Promotion Policy for the establishment of eight new industrial units and expansion of two industrial units in Raisen, Dhar and Damoh districts of the state. There will be a capital investment of Rs 6013.90 crore in the state through these industrial units. Out of these units, two industrial units will be set up in Raisen district, three in Dhar district and one in Damoh district. Also, two industrial units will be expanded in Raisen district.

Under the Industrial Promotion Policy, a Pharmaceuticals and Health Care Protect Project is being set up with a capital investment of Rs 175 crore and Personal Care Product Project with a capital investment of Rs 300 crore in Simrai village of Gauharganj tehsil at Raisen district. A Radial Tyre Manufacturing unit at

Pithampur Smart Industrial Park in Dhar district with a capital investment of Rs. 1788 crore 50 lakh, Cement Manufacturing project with a capital investment of Rs. 425 crore 40 lakhs and a Bayer Rod Manufacturing Project with a fixed capital investment of Rs 225 crore will be established at Karondia village. An integrated cement plant of 2.20 million tonner per year capacity with a fixed capital investment of Rs 1400 crore is being established in Damoh district. Apart from this, the existing unit of M/s Procter & Gamble Home Products Pvt. Ltd. is being expanded with a capital investment of Rs 500 crore in Raisen district. Along with this, a project is being expanded in Mandideep by M / s HEG Ltd. with a capital investment of Rs 1200 crores.

In the Industrial Promotion Policy-2014 (as amended 2018), industrial units will be provided incentive assistance of 20 to 40 percent on fixed capital investment on

buildings, plants and machinery in the first phase. The incentive assistance amount shall not exceed a maximum of Rs 200 crores. The benefit of employment and export counter will be obtained separately.

The industrial unit will be provided electricity at the rate of Rs 5 per unit for 5 to 7 years from the date of starting commercial production. The balance amount (if any) of the

electricity bill can be obtained by the concerned power distribution company from MPIDC Exemption will also be given for 7 to 10 years in electricity charges.

On obtaining employment in the industrial unit, native residents of Madhya Pradesh will be provided with training facility in the allied courses of National Skills Qualification Framework by the Department of Technical Education, Skill

Development and Employment.

All industrial units will get the benefit of other facilities provided under the Industry Promotion Policy-2014 (as amended 2019) subject to conditions. The stamp duty and registration fee payable on lease land to the industrial units will be reimbursed by the Department of Industrial Policy and Investment Promotion.

‘Master Plan must benefit all instead of a few’

STAFF REPORTER ■ BHOPAL

While preparing the Master Plan of the city, the focus should be on the welfare of the general public instead of a select few. The Plan must include place for labourers and attention should also be paid on facilities to ensure their better standard of living. This will ensure that the slum area does not increase. This was stated by Director General of Atal Bihari Vajpayee Institute of Good Governance and Policy Analysis (AIGGPA) R Parashuram during the training of newly-appointed Assistant Directors of Town and Country Planning.

Parashuram said that the planner should first himself think what would be better for him and accordingly make the plan. The plan should focus on the development of the present as well as the future. Various dimensions of livelihood should be seriously considered. While making the Master

Plan, small common needs should also be taken into consideration along with big projects.

During the training, information regarding Colonizer Rules and development of unauthorized colonies was given by President of SPA Delhi, Architect Amogh Gupta, economy of land use by Prof Binayak Chaudhary of SPA Bhopal and urban governance by Senior Consultant Professor HM Mishra.

Assistant Professor Rahul Tiwari of MANIT Bhopal informed about Transport Planning and Environment and Jaivardhan Rai gave information about Planning Permission Process. An interactive session on the topic ‘City for All’ was also held in the training programme. The Institute’s Chief Advisor MM Upadhyaya, Mangesh Tyagi and Girish Sharma were also present during the programme.

Cabinet approves two key policies

STAFF REPORTER ■ BHOPAL

The State Cabinet here on Tuesday has granted approval to the Madhya Pradesh Real Estate Policy-2019 and Madhya Pradesh Electric Vehicle Policy-2019. This will facilitate in attracting investment in the state. Efforts have been made through digital technology to implement better coordination in beneficiaries’ works and to implement applicants’ friendly system. This will help in bringing clarity, transparency and accountability in the work.

Under the Madhya Pradesh Real Estate Policy-2019, provisions have been cut down for the citizens, colonizers, investors and all. Arrangement has been made to curtail provisions for immediate permission for small houses for citizens, cut down the provisions for Nuzul NOC, Coordination in the documents of Revenue, Town and Country Planning and Urban Bodies, return of excess land through land pulling, procedure for transparent decision for the old schemes, arrangement to release mortgaged property in phases, necessary arrangement has been made to make 5 documents essential by

reducing 27 types of documents. Provisions such as one State one registration for colonizers, elimination of 2 hectares limit to prevent illegal colonization, permission in three phases for development and completion of the colony and exemption from the construction of EWS have been made. Similarly, for investors, many provisions in revenue like free F.A.R. on limit of area and to boost investors involved in

construction of EWS/LIG have been made in the Real Estate Policy.

The Cabinet has granted approval to the Madhya Pradesh Electric Vehicle Policy-2019. To strengthen urban public transport, to reduce increasing air pollution in cities and to promote non-petroleum products, provision has been made in the policy for charging, infrastructure development and exemption in man-

ufacturing of electric vehicles and its components. Hundred percent exemption from motor vehicle tax and registration tax will be given on purchase of electric vehicles. There is also a provision for hundred percent exemption from parking run under the urban bodies for the first five years. Along with this, new employment will be created by imparting training to engineers and technicians.

24-yr-old held for raping teen for 9 months

STAFF REPORTER ■ BHOPAL

Ratibad police have arrested a 24-year-old accused for sexually assaulting a 17-year-old girl for the past nine months at Nai Basti.

The atrocity surfaced after victim reported pain in her stomach and was taken to hospital where it was found that she is one and half month pregnant and later complaint was lodged with the police.

Victim in her complaint stated that accused Kamlesh Raikwar sexually assaulted her and exploited her threatening

her of life. She told the police that in the month of January this year accused sexually assaulted her and later continued to sexually exploit her.

Based on complaint police registered a case under section 376 of the IPC and sections of POCSO and arrested the accused.

The victim who was taken to hospital was operated to abort the fetus as its condition was critical. After the doctors checked the victim she was found pregnant and later abortion was done.

Police said that the accused

after receiving the information regarding the victim's condition went absconding and was later arrested by the police.

The victim told her parents regarding the accused who

used to live in her neighbor and did the heinous act.

She left studies after class 12 and used to stay at home during which the accused came into contact with her and taking advantage sexually assaulted and exploited her.

Details of other crimes by the accused would be investigated in the further investigation. Police suspects that the accused had also sexually assaulted other girls of the area.

Berasia police book two vehicle lifters, buyers

STAFF REPORTER ■ BHOPAL

Berasia police have arrested two vehicle lifters and two buyers from Shamshabad square and recovered 3 motorbikes and 2 water pump motors from their possession on Monday.

According to the police, acting on a tip off two youths were nabbed with a motorbike and failed to provide details of the bike and confessed that the bike was stolen near liquor shop at Deewanganj.

The nabbed miscreants were identified as Anup Ahirwar (24) Jhirkia Kalan and Dinesh Nath (25) of Sukalia. During the investigation police found that the two have stolen two other motorbikes and two water pump motors.

The police have registered case under 41(1-4) of the CrPC and section 379 of the IPC and started further investigation.

The two revealed that water pump motors have been sold to Pritam Nath (38) of Amarpur and Wasim Khan (23) of

Berasia. Based on the details Pritam and Wasim were nabbed. Wasim works as scarp dealer while details of Pritam are investigated.

The bike, which was recovered from their possession, was stolen around 5 years ago and they were using the same bike for commuting, while details of two other bikes and water pump motor are under investigation said police.

Police have started to check the crime record details of the two nabbed accused. More recoveries would be made from Wasim as he deals in scrap and helped accused in disposal of stolen goods in the past. Police said that accused would reveal more stealing and burglaries in the further investigation.

Pothole-ridden overbridge awaits Govt's action

PNS ■ MHOW

The railway over bridge which is more than half kilometer in length running from Rau square in Indore towards Pithampur industrial area is full of potholes and at some places the pot holes are so big that light vehicles cars could not cross these potholes.

Thousands of people working in Pithampur industrial area pass through this road daily besides the big cargo trucks carrying goods from

Pithampur industrial area move on this railway over bridge. After 2 days investor meet is beginning in Indore and lot of investors will move on this railway over bridge thus will face a tough time.

Also the four wheelers to save them from potholes apply sudden brake thus creating an accident like situation. Daily movers on this railway over bridge are surprised why the administration is not doing any effort to fill these potholes.

IIM Indore signs MoU with the Mid-Western University School of Management, Nepal

PNS ■ INDORE

With an aim to strengthen foreign institute collaborations and enhance teaching and research, IIM Indore signed an MoU with the Mid-Western University School of Management (MUSOM), Karnali Province, Nepal on Tuesday.

Professor Sushil Kumar Shahi, PhD, Director, MUSOM and Professor Himanshu Rai, Director, IIM Indore signed the MoU.

Professor Rai said that IIM Indore will extend help to MUSOM to develop their faculty and students through collaborative efforts. ‘This is part of our ongoing efforts to leverage our expertise and knowledge to be a part of the development process of neighbouring countries’, he said.

IIM Indore looks forward to collaborating with various foreign universities in the future, to contribute to the research in a strong way.

CM issues instructions for cultural programmes

STAFF REPORTER ■ BHOPAL

Chief Minister Kamal Nath has issued instructions to organize cultural programmes on a large scale as per the sentiments of the common people, while outlining the history and path of development of the state on the occasion of Madhya Pradesh Foundation Day.

The Chief Minister said that maximum Gond tribals reside in Madhya Pradesh in the whole country. On the foundation day, the art of Gond tribe and their specific works should be publicized throughout the country. He has asked to prepare an outline of the programme on the 550th Prakash Parv of Guru Nanak ji, the birth anniversary of Pt Jawaharlal Nehru on November 14 and the death anniversary of former Prime Minister Indira Gandhi on October 31 in the entire state. The Chief Minister also asked to report on the events organized on the 150th birth anniversary of Mahatma Gandhi.

Kamal Nath was reviewing the activities of the Department of Culture in the Ministry today. Medical Education and Culture Minister Vijaylaxmi Sadho was present. The Chief

Minister approved the proposals to increase the monthly assistance and medical assistance amount given to litterateurs and artists of the state. He directed to put forth the proposal in the Cabinet meeting. The Chief Minister said that Madhya Pradesh's Foundation day is an important occasion when we can connect residents with the legacy of the state. He said that for this we should organize various events to ensure maximum participation of people of the state.

Chief Minister Kamal Nath said that a state level committee should be constituted on the 550th Prakash Parv of Guru Nanak ji and through it the outline of the programmes should be designed. The Chief Minister directed to organize a programme based on activities focusing on child creativity on the birth anniversary of Pt. Jawaharlal Nehru on November 14, as well as on the death anniversary of former Prime Minister Indira Gandhi focussing on her contribution in the development of the country. The Chief Minister told to make proper sound and lighting arrangements to enhance the attraction of the Tribal Museum of Bhopal.

The Chief Minister asked

to establish a reference centre on culture, art, life etc. associated with Baiga, Bharia and Sahariya tribes in the state. He said that Bharia tribe dwells in a large number in Patalkot Tamia of Chhindwara district. He told to preserve their progress and their surroundings. Instructions were given to prepare a DPR for the construction of a memorial museum in the name

of Raja Shankar Shah and Raghunath Shah in Jabalpur and to take immediate action for the construction of Shaurya Memorial in Bhind district as per the announcement of the Chief Minister at the meeting.

It was informed that various cultural programmes will be organized throughout the state for social harmony. Rang Mandal Repertory will be re-established in Bharat Bhavan. To encourage creativity among the youth, they will be linked to different art dimensions. Documentation and preservation of Madhya Pradesh's picture rock shelters and maintenance and development works of Lalbagh Palace, Indore were approved in the meeting. Chief Secretary SR Mohanti, Principal Secretary Pankaj Raag and other senior officers were present.

Cong spreading rumours about Art 370: PM

PNS ■ CHANDIGARH/CHARKHI DADRI /KURUKSHETRA

Back in Haryana for the second day in a row, Prime Minister Narendra Modi kept his campaign pitch focused on national security and took a swipe at Congress leaders, who, he said, were spreading 'rumours' about the Government's decision to scrap Article 370.

He said, "The entire country is standing with Jammu & Kashmir with this decision (to scrap Article 370). But some Congress leaders are spreading rumours about this decision in the country and abroad".

"Bangkok, Thailand, Vietnam... You (Congress) are free to import abuses from wherever you want, say what you want. But please, don't backstab India that is moving forward," PM Modi said.

The Prime Minister did not explicitly explain the reference to the south-east Asian countries. But it is seen a reference to the buzz on social media about Rahul Gandhi's recent trip abroad.

Modi also dared the Congress to announce that it would bring back Article 370 when it comes to power if it was so convinced that the decision to scrap the provision wasn't in public interest.

The PM who spoke about the steps that his Government

Prime Minister Narendra Modi in his rallies in Haryana on Tuesday

Pioneer photo

had taken for ex-servicemen and defence personnel, told farmers that he had started working on stopping water flowing into Pakistan that rightfully belongs to the people of Haryana and Rajasthan. He said India would not allow its water to flow to Pakistan. "For 70 years, the water which belongs to India and the farmers of Haryana flowed to Pakistan. Modi will stop this water (from flowing into Pakistan) and bring to your houses," the Prime Minister said in an election meeting.

He said the farmers of Haryana and Rajasthan have the rights over the water that is flowing to Pakistan and was

not being stopped by earlier Indian Governments. "Modi aapki ladai ladega (Modi will fight your battle)," he assured the people at the rally.

The Prime Minister said that Chinese President Xi Jinping during their informal summit in Mahabalipuram, told him that he had watched the Aamir Khan-starrer Dangal "which showcased excellent performance of daughters of India". "During my recent informal summit with Chinese President Xi Jinping, he said to me that he had seen Dangal which showcased excellent performance of daughters of India. I felt really proud of Haryana on hear-

ing this," he added.

Praising Chief Minister Manohar Lal Khattar, Modi said: "Beti Bachao Beti Padhao' campaign would not have been effective without the support of Haryana villages." Playing an emotional card, the Prime Minister said: "I don't come to Haryana for election rallies, I don't campaign for the BJP in Haryana, I don't ask for votes in Haryana. Haryana itself calls me. I can't stop myself from coming here. You have given me so much love."

Confident of his party's return to the second consecutive term, the Prime Minister said the BJP was going to form the Government again in the State. He said this Diwali should be dedicated to "our daughters".

"We will have two types of Diwali this time. A 'diya' (earthen lamp) Diwali, and a 'kamal' (lotus) Diwali. We should dedicate this Diwali to our daughters and celebrate their achievements."

"It's clear, the BJP has decided to serve Haryana again, these people have decided to let BJP serve them," he added. Haryana has been witnessing change due to a "dou-

ble engine" of development, according to the Prime Minister.

"The double engine of Modi in Delhi and Manohar Lal Khattar in Haryana has resulted in unprecedented development of the State," he said.

In his speech in Thanesar he said the Centre was making all arrangements to celebrate the 550th birth anniversary of Guru Nanak Dev, founder of the Sikh faith, across the world.

"The whole country is busy with the 550th birth anniversary celebrations of Guru Nanak Dev and the Centre is making all arrangements to celebrate this event across the world," Modi said.

"I am happy that the Kartarpur Corridor (project) is going to complete," he said, adding that his Government had got the opportunity to rectify, to some extent, the "political and strategic mistake" that took place seven decades ago. "I am hopeful that Parkash Purb will bring joy," Modi said.

The corridor will connect Darbar Sahib in Pakistan's Kartarpur with Dera Baba Nanak shrine in Gurdaspur district in Punjab. It will facilitate visa-free movement of Indian pilgrims who will have to just obtain a permit to visit Kartarpur Sahib, which is located in Pakistan's Narowal district across the Ravi river.

BJP faces tough battle in Jat, Muslim belts; Cong sees advantage

MANOJ KUMAR ■ CHANDIGARH

The Bharatiya Janata Party (BJP) may have an advantage in the Haryana Assembly polls but the ride to power may not be without hurdles.

The party is facing a tough battle in Jat-dominated central Haryana, Muslim-dominated southern part of the States and areas adjoining Delhi. Understanding the political calculation of South Haryana, Prime Minister Narendra Modi and senior Congress leader Rahul Gandhi recently addressed rallies to woo the voters in their favour. Modi raised national issue while Rahul spoke on local issues like unemployment, farmers' distress among others.

South Haryana is an underdeveloped region and has dearth of water, road, transport and protracted demand of University and educational institutes. Successive Haryana governments have discriminated in development of South Haryana. 'Neglect' of Rewari-Mahendergarh-Gurgaon belt in terms of development works, government jobs, public transport especially roads and supply of water and power are demands from a long time period. While caste still remains the single biggest factor, other major factors are likely to influence the elections to the 90-seat Haryana assembly, which goes to the polls on Oct 21.

Of the 14 seats in south Haryana, comprising Gurugram, Mewat, Rewari and Mahendergarh districts, four of the eight sitting MLAs in the region, including Haryana PWD Minister Rao Narbir Singh, have been denied ticket. Some BJP leaders who have been denied a ticket are also

creating roadblocks.

BJP has always been weak in Mewat as a sizable Muslim population here has either backed Congress or Indian National Lok Dal (INLD) in the past. BJP has little hope in Punahana seat in Nuh district where Nauksham Chaudhary is the candidate. It has pinned all its hopes on Zakir Hussain and Naseem Ahmed in Nuh and Ferozpur Jhirka seats, respectively.

Inderjit Singh, descendant of key 1857 rebellion leader Rao Tula Ram, enjoys huge support in the region, also known as the 'Ahiwal belt', dominated by the Yadavs. Seeking ticket for his daughter Arti Singh Rao from Rewari, Inderjit Singh has been sulking after the high command decided not to field the family and the relatives of the sitting MLAs and MPs. He is also upset over the party not accommodating enough number of his supporters. Amid reports of Inderjit Singh not being happy with the treatment meted out to him in the party, he is also said to have met former Haryana Chief Minister Bhupinder Singh Hooda a few days back. With the sitting MLAs being denied ticket, BJP has sent out a clear message of action against dissidents.

Caste dynamics and priorities, an ever-present factor in Haryana politics have been reflected in the list of candidates for both the Congress and the BJP. Both the parties claim that they have the support of both Jats and Muslims.

The contest is largely two-way between BJP and Congress, as the INLD is now both divided and decimated. While the BJP is flush with resources and the morale is

high, the Congress is unable to remove dissension from its state leadership. Unlike Madhya Pradesh and Rajasthan, where the BJP governments were laden with anti-incumbency and corruption charges, the Manohar Lal Khattar government remains unaffected by either. The Congress faces a very difficult task if it wishes to pose a credible challenge to the BJP.

For long, Jats, who constitute around 27 per cent of the population, have dominated the politics of the state. Hisar, Bhiwani, Mahendergarh, Rohtak, Jhajjar, Sonapat, Jind and Kaithal form the heart of Haryana's Jat belt. In 2014, Congress was restricted to its family bastions of Rohtak, Sonapat and Jhajjar winning 15 seats. Chautala's INLD registered better success by winning in pockets of Sirsa, Fatehabad, Bhiwani and Mewat belt. The chasm between Jats and non-Jats has become more pronounced since the Jat reservation agitation in February 2016.

While Congress and INLD are trying to focus on local governance issues, BJP is banking on Khattar's clean record and PM Narendra Modi's charisma.

Employment is one of the major talking points. BJP has claimed that jobs and educational institutions were earlier cornered by two districts of Rohtak and Sonapat—family boroughs of Hoodas.

"Abki baar, sattaar paar (this time, cross 70)" this is the confident call of BJP which stormed a largely-Jat dominated political landscape of Haryana in 2014. BJP's major gains in 2014 came from this region spread from Chandigarh, Panchkula, Ambala, Yamunanagar, Kurukshetra, Karnal and Panipat. Behind the clear saffron wave was BJP's unique social engineering experiment as give a voice to non-Jat Punjabi-speaking baniya community, which had long been politically insignificant. Once again, BJP is unabashedly banking on upper caste and baniya-khatra votes. This positioning has been strengthened by projecting Khattar as the unchallenged leader in the State. After some initial fumbling during the Jat quota agitation in 2016 and the Ram Rahim case, Khattar has managed to make a mark. BJP is playing the nationalism and

development cards to good effect.

BJP's assessment is that it is facing a challenge in the Rohtak-Sonapat region and may lose some seats to Congress. Union minister Narendra Singh Tomar and BJP general secretary in-charge of the state Anil Jain are camping in this area to improve the party's prospects. BJP candidate Meena Narwal is on a weak wicket in Kharkhauda reserved seat in Sonapat. After losing in the Lok Sabha elections, Congress leader Bhupinder Singh Hooda is giving the party a tough fight in other seats of this region as well.

Anil Jain, BJP general secretary in-charge of Haryana said that nationalism is a big issue as 10.6 per cent of defence forces are constituted by people from the state. "Many of them have made the supreme sacrifice for the country in Kashmir," he added.

The BJP has made national security, nullifying Article 370 in Jammu and Kashmir and corruption-free government its poll agenda. Congress leaders, however, maintain that issues in the state polls are different. Former chief minister

Bhupinder Singh Hooda dismisses the BJP challenge and has trashed the performance of the Khattar Government. "Whatever they may claim, people have made up their mind to oust this non-performing government," he added. The former Haryana chief minister has not only raised development issues of his constituency but of entire Haryana. Hooda claims that the BJP government has shown bias while releasing development funds for his area. He said that the BJP has stopped all development works in his constituency. From 2005 to 2014, when he was the chief minister, the constituency had witnessed unprecedented development. "The BJP government has been working as an event management company which is focusing only on performing events rather than understanding the basic issues. Corruption has increased and jobs have been sold. The BJP government has not completed even a single promise of its 154 promises, he added.

The challenge for BJP remains the 30 per cent Dalit population. Haryana has 14 reserved seats, of which BJP

won nine, ally SAD got one, while Congress got four. Khattar government's action against Ram Rahim Singh and other dera heads may cost BJP some Dalit votes, which have always been divided between Congress and BSP.

Sources in the BJP said the party brass does not want the cadre to get complacent and all efforts are afoot to fight with all its might. BJP chief Amit Shah and working president JP Nadda are holding rallies across the State. Focus has been laid in Jat dominate constituencies and South Haryana. PM Modi will hold four rallies, three of his rallies were organised at Ballabhgarh in Faridabad and Kurukshetra and Charkhi Dadri.

In Hisar, though ex-Congress state unit chief Ashok Tanwar quitting the party will help BJP, the road is tough due to Jannayak Janata Party (JJP) and Indian National Lok Dal (INLD). Kuldeep Bishnoi (Congress) is also a strong candidate against Tik-Tok star and BJP nominee Sonali Phogat. Caste politics has always a part of elections in Adampur which is dominated by the Jat community. Adampur has been a pocket borough of the Lal Clan and a Congress bastion. The politics of Adampur, particularly the Vidhan Sabha, is mostly dominated by the Bishnoi family. The Adampur Assembly electorate has brought in Bhajan Lal and his family members 13 times in a row since 1968.

Though BJP has fielded wrestler Yogeshwar Dutt in Baroda (Jind), sources said it is not an easy battle and the party will have to make a strong effort to pull through. The party is also facing some

rebellion in Faridabad and Gurugram where those who were denied a ticket are covertly opposing the BJP candidates. BJP is faced with the same problem in Rewari and a few other neighbouring constituencies.

The political challenge for the International wrestler Babita Phogat that BJP has fielded in Dadri Vidhan Sabha constituency will be no less than what she faced in the sporting arena. Major contestants in this constituency are Satpal Sangwan of Jannayak Janata Party (JJP), Major Nirpender Sangwan of Congress, Babita Phogat of BJP and Somvir Sangwan of BJP rebel contesting as an independent candidate. Denied ticket by national political parties, including the BJP and the Congress, the unsuccessful applicants of these parties have jumped into the poll fight, making the contest for the Dadri Assembly seat multi-cornered. In 2014, Congress was restricted to its family bastions of Rohtak, Sonapat and Jhajjar winning 15 seats. Chautala's INLD registered better success by winning in pockets of Sirsa, Fatehabad, Bhiwani and Mewat belt. The chasm between Jats and non-Jats has become more pronounced since the Jat reservation agitation in February 2016.

While Congress and INLD are trying to focus on local governance issues, BJP is banking on Khattar's clean record and PM Narendra Modi's charisma. Employment is one of the major talking points. BJP has claimed that jobs and educational institutions were earlier cornered by two districts of Rohtak and Sonapat—family boroughs of Hoodas.

RBI stopped printing 2K notes since....

From Page 1

Recently National Investigation Agency and Intelligence Bureau reported to Government about the tendency of hoarding the `2,000 notes for illegal purposes. The agencies reported that the high value notes, especially `2,000 notes will defeat the purpose of Government envisaged in the demonetisation citing many cases of seizure of such notes during raids.

The Income Tax Department and Financial Intelligence Unit also reported to the authorities that in their raids majority of the notes seized are `2,000 notes, urging for the controlling the circulation of the high value notes preferred by those involved in tax evasion and financial crimes.

Lokayukta raids Khare's properties....

From Page 1

Complaints were lodged by locals against Khare when he was posted in Dhar and Khargone, and local MLA Neena Verma from Dhar too had raised complaints against the officer but with his strong connect with seniors, the officer remained untouched.

During investigation, Khare has been found in possession of several posh residential flats in Bhopal, Indore and Chhatarpur; besides large numbers of plots in these cities and others including Dhar and Ratlam, luxury automobiles, cash and gold-silver jewellery in large amounts.

6-year-old girl student dies in Jh'khand school

PNS ■ JAMSHEDPUR

A class I student of Shiksha Niketan, Telco died during the school hours after she complained of uneasiness on Tuesday. Six year old Vaishnavi Jha, daughter of Tata Motors employee A. K. Jha and a resident of Telco N type quarter had gone to school but did not participate in the morning assembly as she was not feeling well.

After assembly she complained of uneasiness and was brought to the school office by the support staff and was immediately rushed to the Tata Motors Hospital where the doctors declared her dead after initial check up. According to Vaishnavi's relatives she was already a cardiac patient and was undergoing treatment at the Brahmananda Multispeciality Hospital.

PARLIAMENT RENOVATION LS Secretariat seeks MPs' suggestions

PNS ■ NEW DELHI

The Lok Sabha Secretariat has sought suggestions from MPs on changes needed in the present structure of the Parliament and the scale of renovation required in the new scheme of things where Government is set to remodel and develop the whole area in and around it, to be completed by 2022.

The suggestions were sought in a letter sent to the Lok Sabha members on October 11. According to the plan, the Government would also redevelop the 3 km-stretch of the Central Vista spanning from Rashtrapati Bhavan to India Gate.

The letter said, "... There is active consideration regarding either renovation of the existing Parliament building or construction of altogether a new Parliament building within the given premises."

It sought suggestions from the members to "rectify the drawbacks or faulty features" causing inconvenience in their day-to-day functioning in the existing building.

They have also been asked to suggest features or facilities which should be provided in the new building to make it "foolproof".

The Lok Sabha MPs have to email their suggestions within a week. They have also been advised against sending in hard copies of their responses.

The idea to either construct a new Parliament building or to renovate the present structure, which is over 90 years old, has been floating since UPA 1. The idea was given a fresh push under the present Government.

It is also said that the present dispensation would seek to add new structures to the existing Parliament building, round in shape, to make it 'Vastu friendly'.

According to sources in the Union Housing and Urban Affairs Ministry, five Indian architectural firms have submitted bids for the project to be executed by the Central Public

Works Department.

Describing the whole exercise as a "dream project" of Prime Minister Narendra Modi, Union Housing and Urban Affairs Minister, Hardeep Singh Puri has maintained that not a single tree will be cut while the redevelopment takes place until 2022.

A committee of experts will now evaluate the technical proposals submitted by the firms. Financial proposals of only those bidders whose technical proposals qualify will be opened. As of now there is no estimate as to how much would it cost to undertake the entire project in the area which is the nerve-centre of the power structure that controls the country.

CR Patil directs to cut facilities in illegal abode of MPs

PNS ■ NEW DELHI

Putting further pressure on VIP squatters, the Lok Sabha Housing Committee chairman CR Patil on Tuesday issued directions to cut electricity, water and gas supply in the accommodation illegally occupied by MPs. The committee, chaired by BJP MP CR Patil, decided to approach Delhi Police to ensure that the ex-MPs vacate the accommodation allotted to them in Lutyens Delhi.

According to the rules, former MPs have to vacate their bungalows within one month of dissolution of the previous Lok Sabha. As many as over three dozen former MPs are overstaying in their bungalows and flats. Despite several notices, they have not vacated their accommodations.

On May 25, President Ram Nath Kovind dissolved the 16th Lok Sabha with immediate effect on the recommendation of the Union Cabinet after the Modi Government was formed for a second term. With these former MPs not vacating their bungalows, the newly-elected members of parliament have been staying in transit accommodation such as their respective State guest houses or the Western Court, sources said. The panel has been unable to allot houses to the MPs despite their repeated requests, they added.

Art 370 abrogation decisive battle waged by Govt to end Pak-sponsored terror: Shah

PNS ■ NEW DELHI

The abrogation of special status to Jammu & Kashmir under Article 370 is a "decisive battle" waged by the Narendra Modi Government to end years of Pakistan-sponsored proxy war and terrorism, and it will bring long-lasting peace in Jammu & Kashmir, Union Home Minister Amit Shah said at an event of counter-terror body NSG's garrison at Manesar (Gurugram).

Speaking at the 35th Raising Day celebrations of NSG as the Chief Guest here, Shah said the recent decision to repeal special provisions in J & K will help "completely eradicate" Pakistan-supported terrorism from the Kashmir Valley.

The Minister asserted that his government is firm on the policy of "zero tolerance" on terrorism and to defeat all its forms.

The National Security Guard (NSG) is an important instrument to achieve this goal, he said.

"I believe that with the abrogation of Article 370 by PM Narendra Modi, we have initiated a decisive battle against years of proxy war and terror acts perpetrated by our neighbour (Pakistan) and this step will ensure long-lasting peace in Kashmir and the region," Shah said.

India has been facing terrorism for many years and there would be very few countries across the globe who have waged such a long battle against terrorism. Terrorism is a curse on any civilised society and the biggest impediment to development, he said.

"Hence our Government is firm on continuing the zero tolerance policy on terrorism and ensuring victory on terror always," Shah added.

The recent big step of repealing Article 370 taken by Modi is aimed at completely eradicating terrorism from Kashmir and to safeguard the country from this scourge, Shah said.

Shah also lauded the elite commando force saying it has impressed the world with its capability to counter any terror attack as he recounted its stellar operations at Akshardham temple in Gujarat and the 26/11 attacks in Mumbai in 2008.

"This inspires confidence in the minds of the citizens that they are in safe hands," he added.

Army Chief pitches for inclusion of indigenous technology in armed forces

New Delhi: Army Chief Gen Bipin Rawat on Tuesday pitched for greater inclusion of indigenous technology in the armed forces and asserted that India will fight and win the next war with home-grown solutions.

In his address at the 41st DRDO Directors Conference, he also said the development of weaponry and other systems should be done keeping "future warfare" in mind. "And, if we are looking at contours of future warfare, it may not necessarily be contact warfare. So, there is realm of non-contact warfare. We need to start looking at development of cyberspace, space, laser, electronic warfare and robotics. And, along with that Artificial Intelligence (AI)," Rawat said. "And, if we do not start thinking on it now, it will be too late," he said. He praised the Defence Research and Development Organisation (DRDO) for its achievements in the last few decades and said India is making great strides in research and development. "We are confident the services will greatly benefit from it," he said.

"India is one of the largest importers of weapons and ammunition, and after 70 years of Independence, it is not a very proud statement to make. But in the past few years, it is changing. DRDO is striving to ensure our requirements of services are met with home-grown solutions," Rawat said. **PTI**

Shah to be replaced by Nadda as BJP president by Dec

PNS ■ NEW DELHI

Amit Shah will demit his post as BJP president by the year end and is likely to be replaced by a new one with working president JP Nadda expected to succeed him.

Shah, who is holding the crucial portfolio of Union Home Ministry, would only be stressing his party's dictum of one-man-one-post by demitting the post of the party president once organisational polls are completed by December. In an interview to a news channel, he said that the new president would take over by December and rejected the notion that he would remain the "super power" running the party from behind the scene.

"BJP is not the Congress party and nobody can run it from behind the scenes," he said saying it will be run as per its constitution. Nadda, who is already appointed party's working president, is expected to take charge from Shah in December.

To another question, he denied that his party was looking at former cricket captain Sourav Ganguly as the face of the party in West Bengal. He rejected any involvement in the election of the next BCCI chief and that there was any deal with Ganguly, who was elected as cricket body's Chief.

'God save this country': Cong on BJP's demand for Bharat Ratna to Savarkar

PNS ■ NEW DELHI

With the BJP in Maharashtra calling for Bharat Ratna award for Hindutva ideologue V D Savarkar, the Congress on Tuesday said that if the Government considers it on the 150th birth anniversary of Mahatma Gandhi, then "God save this country".

The opposition party's response came after the election manifesto of Maharashtra BJP, released on Tuesday, said the party will ask the NDA Government at the Centre to confer India's highest civilian award on Savarkar.

"In a country where Mahatma Gandhi is being made to commit suicide in examinations, anything is possible," Congress spokesperson Manish Tewari said at a press conference, referring to the row over a question in the internal assessment examination of some schools in Gujarat. Savarkar had faced criminal trial in the murder of Mahatma Gandhi, Tewari said, adding that he was later acquitted.

The Congress spokesperson cited an article which claimed that the Kapur Commission concluded that facts pointed towards a "conspiracy to murder by Savarkar and his group" in Mahatma Gandhi's case.

"If on the 150th birth anniversary of Mahatma Gandhi, this Government considers any such thing (giving Bharat Ratna to Savarkar), then all I want to say is that God save this country," Tewari said.

Asked if there was a contradiction between the recent praise for Gandhi by RSS Chief Mohan Bhagwat and the demand for Bharat Ratna for Savarkar, Tewari alleged that it was a coordinated and well thought out strategy "that on one hand keep praising Mahatma Gandhi and on the other hand make such a demand".

"But if what has been written in the article about the conclusions of the Kapur Commission is correct, then the Government should seriously think that on Mahatma Gandhi's 150th birth anniversary, is this step appropriate," he said.

Cong raises issue of IT raids on its employees with CEC

PNS ■ NEW DELHI

A Congress delegation on Tuesday met Chief Election Commissioner Sunil Arora and raised the issue of income tax raids on some of its employees last week. They alleged that the tax department is behaving like a "department of BJP".

The delegation comprising former ministers Anand Sharma, Kapil Sibal, Manish Tiwari and Pranav Jha alleged that the party was prevented to use its designated bank account to fund its candidates in the assembly polls in Maharashtra and Haryana. The Congress leaders alleged that the Central Board of Direct Taxes (CBDT) officials raiding the opposition across the country without document and warrants.

After the meeting, Congress leader Kapil Sibal said "The position is such that people of CBDT have been sitting at the homes of our employees from Friday to Sunday. There is no warrant and no papers. What is this? We know that they are misusing ED and other agencies. If this is not an attack on democracy then what is it?" The Congress has demanded to the poll body to intervene in the matter as their account have been paralysed.

"The Congress is required

to transfer, whatever funds it has, to its candidates in Maharashtra and in Haryana, in their designated bank accounts by cheque, that is what the elections require and we have been prevented from doing that and that is illegality and we have conveyed to the EC that they should intervene," Sibal said.

The Congress leader said that they have seen it happening in the last elections, it is happening now brazenly. "India cannot be converted into a state where democracy is under perpetual seizure and the Tax department of the Government cannot become a department of the ruling party, the BJP," Sibal added.

Party leader Anand Sharma said "They have (EC) has the constitutional mandate to ensure free and fair elections. There cannot be targeting using and abusing. For three days Congress party's accounts section was totally paralysed. Whatever meagre funds the Congress party has at its disposal considering the BJP is the world's richest political party."

Govt reviews retail prices of essential food items, vegetables

PNS ■ NEW DELHI

The Ministry of Food and Consumers Affairs on Tuesday reviewed the skyrocketing of retail prices of essential food items and vegetables. It was informed that onion prices have stabilised and showing declining trend with the arrival of kharif (summer sown) crops.

The 18th meeting of the group constituted for monitoring cartelisation, hoarding, speculative trading etc with respect to essential food items such as pulses, onion, tomato and oilseeds was held under the chairmanship of Secretary, Consumer Affairs, Avinash K Srivastava. Representatives from Ministry of Agriculture, Intelligence Bureau, Delhi Police, NAFED, Director General of Foreign Trade, Ministry of External Affairs, Delhi Government attended the meeting. The Ministry has also advised the Ministry of Commerce to extend the import licensing deadline for pulses from October 31 to November 30 in view of the expected delayed arrivals.

Retail prices of onion and tomatoes have been ruling high in the country due to supply constraints. Tomato prices reached up to ₹80 per kg while onion was costing ₹60 per kg last week. The representatives

briefed the group about the prevailing scenario with respect to essential food items.

"It was informed by representatives of agriculture sector that arrivals of Kharif onions have started and prices have since shown stable to declining trend." The group decided that appropriate policy interventions might be recommended at the appropriate time to augment availability of pulses across the nation.

"All the Chief Secretaries will be advised again to hold regular meetings with wholesalers, traders, importers, exporters etc. Of onions, pulses, edible oils & oilseeds etc at state and district levels especially during the festive season up to December, 2019," the statement said.

The Committee of Police of NCR States should hold regular meetings under the chairmanship of a senior Delhi Police officer to keep watch on hoarding of stock by the traders near the State borders of Delhi and take suitable action against them.

Scientists warns of wasp causing loss to Jamun tree growers

ARCHANA JYOTI ■ NEW DELHI

Indian Scientists have warned that a Jamun berries and seed-eater wasp, scientifically known as 'A. kerrichi' is fast spreading its wings, threatening to inflict losses on Jamun tree growers.

Commonly found, evergreen Jamun is an economically important tree in India, which also has medicinal properties. Its berries and seeds are much sought after for their antioxidant, anti-inflammatory, anti-microbial and free-radical-scavenging properties.

However, the tiny but a potential pest of Jamun, A kerrichi, an eulohid seed borer which was reported from the agricultural fields in Pune way back in 1957, has been recently found seriously damaging the berries in Jamun trees (S Cumini) in fields in Karnataka's rural Bangaluru too.

The result of the study conducted by the scientists from ICAR-Indian Institute of Horticultural Research, country's leading institute in Bangaluru is published in the latest journal of the Current

Science.

The scientists have called for spraying botanical pesticides as heavy infestation of jamun fruits by the wasp renders the berries unmarketable and hence loss to the farmers.

The authors of the study noted that A kerrichi was initially reported from Pune, Maharashtra in 1957. "Besides this, no reports that highlight the economic importance and nature of damage of this eulohid seed borer in Jamun are available, possibly due to its limited distribution/occurrence and pestilence.

"However, in the recent past, several incidences of A kerrichi attacking S. cumini fruits causing extensive crop loss have been noticed in farmers' fields in rural Bengaluru," says the study that provides experimental details of the critical fruit stages that are susceptible to the pest for planning management interventions.

"In Jamun both whole fruit as well as seed are economically important. Considering the vast damage it can cause and the ability to build up in huge numbers (85 per fruit) in over-

lapping generations, A kerrichi can become a major problem to Jamun growers. Further, larval feeding affects seed viability and rate of germination. As the critical stage for infestation is G2, application of safe botanical pesticides at this stage may help reduce seed borer infestation," said the scientists.

They had randomly collected A kerrichi infested jamun fruits in different developmental stages from the infested trees. The collected fruits were separated into five groups, namely G1-G5 based on their size, colour and hardness. Observations on fruit diameter, length, mesocarp thickness and seed diameter from all the phenological stages (G1-G5) were made and recorded daily.

It was noted that heavy infestation of jamun fruits by A kerrichi had rendered the fruits unmarketable.

The scientists included P D Kamala Jayanthi, BR Jayanthi Mala and Anjana Subramoniam (Division of Entomology and Nematology) and A Rekha (Division of Fruit Crops) from the Bangaluru based institute.

ICAR devise kits to detect, control JE, bluetongue diseases in animals

PNS ■ NEW DELHI

The Indian Council of Agricultural Research (ICAR) has developed diagnostic kits to detect and control 'Japanese Encephalitis' (JE) and 'bluetongue' diseases in animals. These diagnostic kits have been developed by the Indian Veterinary Research Institute (IVRI) under the ICAR. Japanese Encephalitis virus spreads from pig to human.

Talking about JE ELISA kit for swine, ICAR Director General Trilochan Mohapatra, said JE is a re-emerging viral zoonotic disease leading to death of children every year in the country. "India is importing one diagnostic kit for this virus at Rs 1,200-1500. Now, ICAR-IVRI have developed this kit for just Rs 180-200," Mohapatra said. Earlier this year, more than 100 children died in Bihar's Muzaffarpur due to an outbreak of acute encephalitis syndrome (AES).

This diagnostic kit has

been developed as per the 100-day programme of the premium research institute, the DG said.

The government and ICAR would now work towards making this kit available in village and block levels, he said.

Talking about the second kit to diagnose 'bluetongue', Mohapatra said the disease is found in cattle and goats and is even cause of death of these animals.

"We are the first country in the world to develop a diagnostic kit for bluetongue disease," he said, adding that it can also provide export opportunities in long-term.

Mohapatra, who is also the secretary of Department of Agricultural Research and Education, said the two kits would help in controlling these diseases at very early stage and prevent them from spreading.

The disease is widespread among sheep, goats, cattle, buffaloes and camels in the country and is even cause of death of these animals.

SC quashes Delhi HC order restraining IT department taking action against Gautam Khaitan

New Delhi: The Supreme Court on Tuesday quashed the Delhi High Court's interim order restraining the Income Tax (IT) department from taking any action against VVIP chopper scam accused Gautam Khaitan, against whom a separate black money laundering case has been lodged, saying it was "not sustainable in law".

The apex court set aside the May 16 order of the high court which had also said that the black money law cannot be allowed to operate with retrospective effect from July 1, 2015. A three-judge bench headed by Justice Arun Mishra asked the high court to decide the petition pending before it on its own merits and uninfluenced by the observations of the top court.

The bench, also comprising justices M R Shah and B R Gavi, said that the scheme of the Black Money Act is to "provide stringent measures for curbing the menace of black money" and various offences have been defined and stringent punishments have been pro-

AMIT KHARE GETS ADDL CHARGE OF SECY MHRD
New Delhi: I&B Secretary and 1985-batch IAS officer of Jharkhand cadre Amit Khare was on Tuesday given additional charge of the post of Secretary, Department of School Education & Literacy, Ministry of HRD till further orders. He replaces Rina Ray, IAS (1984), who was repatriated to her parent cadre with immediate effect.

PROTECTION OF NAVLAKHA EXTENDED
New Delhi: The Supreme Court Tuesday extended by four weeks the interim protection from arrest granted to civil rights activist Gautam Navlakha in the Koregaon Bhima violence case. A bench of justices Arun Mishra and Deepak Gupta, however, asked Navlakha to approach the concerned court to seek pre-arrest bail in the case.

MEDIA CAMPAIGN UPSETS JUSTICE MISHRA
New Delhi: Supreme Court Judge Justice Arun Mishra took strong exception Tuesday to a social media campaign and news reports seeking his recusal from a Constitution bench which is hearing the interpretation of provisions of the land acquisition Act.

HIGH COURTS FACE 420 JUDGES SHORTAGE: DATA
New Delhi: While the Supreme Court is working with its full sanctioned strength, vacancy of judges is on the rise in the 25 High Courts of the country, according to latest Law Ministry data. The figures released by the ministry on October 1 show that the high courts faced a shortage of 420 judges — the highest till now this year. As on October 1, the high courts were working with 659 judges as compared to the sanctioned strength of 1079.

INDIA, NETHERLANDS HELP EACH OTHER: KING
New Delhi: Dutch King Willem-Alexander on Tuesday said India and the Netherlands complement each other extremely well and have the potential to make each other stronger in the areas of technology and innovation. Speaking at the inaugural session of the India-Netherlands Technology Summit, the king said that for ten years now, the two countries have been close partners in the areas of innovation.

ARMY CHIEF COMPLIMENTS FORCE
New Delhi: Army Chief Gen. Bipin Rawat has complimented his force for steadfastly facing various challenges along the eastern and western border, saying it has responded to difficult operational situations in the most "innovative" manner. In his address at a conference of top commanders of the Army, Gen. Rawat particularly mentioned about the Army foiling operations by Pakistan's Border Action Team (BAT) along the Line of Control, and activities by terrorists in the hinterland in Jammu and Kashmir, sources said.

vided under the law. "It would further be relevant to note that sub-section (3) of section 1 of the Black Money Act, itself provides that save as otherwise provided in this Act, it shall come into force on 1st day of July, 2015. A conjoint reading of the various provisions would reveal that the assessing officer can charge the taxes only from the assessment year commencing on or after April 1, 2016. However, the value of the said asset has to be as per its valuation in the previous year," the bench noted in its 13-page verdict.

"As such, we find that the high court was not right in holding that, by the notification/order impugned before it, the penal provisions were made retrospectively applicable," the bench said.

It noted that the Black Money (Undisclosed Foreign Income and Assets) and Imposition of Tax Act, 2015 was passed by the Parliament on May 11, 2015 and it had received Presidential assent on May 26, 2015. **PTI**

Pakistan slips up

Though it may not be blacklisted, it does slide further on compliances required for countering terror at FATF

Pakistan may not be blacklisted by the Financial Action Task Force (FATF), the inter-governmental forum that links terror funding to freezing international aid, but India's persistent campaign against it nursing terror hubs has clearly paid off. It now appears that Pakistan could slip into the "dark grey" list, a severe warning to take correctives, as it has but fulfilled only six of the 27 conditions of compliance to evade curfew altogether. Besides, the common cause on terror hubs impacting domestic politics that India has managed to drum up around the world, particularly winning US endorsement on this effort, means Pakistan has few friends. In August, the FATF's Asia Pacific subgroup placed it in the "enhanced blacklist" for its failure to meet global standards. Yet its Prime Minister Imran Khan has been lobbying hard for the overall FATF vote, diverting attention from the terror factory at home to Kashmir, forging a new Islamic alliance with Turkey and Malaysia for a crusade-like stance against the Western world, still dangling the Taliban sword to keep the US invested in its relevance for Afghanistan and playing on Chinese anxieties about the Indo-US axis. And while Pakistan may scrape through this time, requiring just three members' support to escape a funding ban, it has still got away by being a strategic counterweight for others' geo-political concerns rather than attempting any course correction at home. What else explains the renewed push for militancy in Kashmir? That problem continues and can only be beaten by now normalising life in the Valley. Discontent cannot be allowed to fester under lockdown for Pakistan's no-risk benefit schemes.

So what are India's obstacles? The recent incremental push in bilateral relations with China has meant that it has come around to agreeing with our viewpoint of combatting terror without referencing Pakistan. How else could it justify its own clampdown on Uighur Muslims? And though it dragged its feet at the UN, it did assent to designating Masood Azhar as a global terrorist. But as the new president of the FATF, China isn't expected to ignore concerns of its all-weather friend Pakistan. It has wriggled a bit here and there but cannot abandon its ally given its strategic interests in the region. Direct transactional benefits with China will frankly take a long time to mature as significant tradeoffs on Pakistan. Of course, there are two more nations, Turkey and Malaysia, to deal with. Both are now spearheading a new-Islamic axis as India has stepped up diplomatic engagement and is building on mutual understanding with the UAE and Saudi Arabia. In fact, India has made significant inroads in the Organisation of Islamic Cooperation (OIC), which has traditionally been opposed to it on Kashmir. But with the UAE and Saudi Arabia inviting India as an "observer" in its last edition, the OIC has warmed up a bit albeit Malaysia and Turkey continue to support Pakistan. In fact, Khan is now advocating a trilateral forum for a neo-Islamic world distinct from the traditional pan-Islamism. This leadership challenge to religious legacies has not gone down well with even Saudi Arabia of late. India, too, has now given up the charm offensive with both Turkey and Malaysia and is hitting back economically. It is reviewing imports of palm oil and other products from Malaysia in response to its Prime Minister Mahathir Mohammed's United Nations General Assembly (UNGA) speech on Kashmir. With that country hosting radical Indian Islamic preacher Zakir Naik, there are some creases of discomfort. Reports say that following Turkish President Recep Tayyip Erdogan's address on the Kashmir issue, India pulled out of discussions with Anadolu Shipyard, which intended to tie up with us for building a 45,000-tonne fleet support ship. Simultaneously, India is also building bridges with the ring states around Turkey and Malaysia — Cyprus, Armenia and Greece around the former and Indonesia around the latter. India is now pegging its diplomacy on sound economic sense and that's delivering results, particularly in one-on-one negotiations in a multilateral world. It is demanding that sensitivities be shown to it in return, considering some of these nations are defaulting on rights records too — Turkey in Syria and China in Hong Kong, Tibet and in Uighur-dominated Xinjiang. In fact, India has stayed away from commenting on these issues until now, when it has condemned Turkey's action against Syria. Smart reasoning and corresponding posturing might change the way the world perceives our concerns.

Wild chase

The aberrant behaviour by a lion at a wildlife park in Karnataka shows why we need a tourism protocol

As if the existing threats to wildlife in the form of illegal poaching, encroachments and culling were not enough, a new provocation comes from intrusive tourism. Unknowingly or out of curiosity, tourists are heckling animals so much during safaris that the latter are now displaying aberrant behaviour. The latest such instance was captured by one of the passengers aboard a jeep at the Atal Bihari Vajpayee Zoological Park in Bellary, Karnataka, in August, which went viral this week. An aggressive male lion is seen chasing a jeep full of visitors until the driver accelerated enough to outpace him. It was sheer luck that the tourists managed to escape the wrath of the lion, who was hellbent on pouncing upon them. Now the king of the jungle is usually gentle when not on the hunt, even unperturbed by human behaviour. Besides, by virtue of park tourism, lions have become quite immune to human attention. So it was quite strange that Keshri, the lion in question, would become hostile unless he was teased or provoked. Turns out he had just been brought to the park and was yet to settle down. Clearly, he was not used to tourist behaviour and should not have been exposed to visitors either. Particularly, when he was yet to demarcate his territoriality and be sure of his limits, he was but expectedly insecure. In the age of daring selfies and their virality, tourists are not just happy taking routine shots but want a dramatic film sequence. And when they cross limits of admissibility, they run the risk of a chase or attack. Be it big cats or elephants, several videos of them raging after tourists have circulated on social media. In July, a similar video was captured as bikers were chased by a tiger at the Muthanga Wildlife Sanctuary in Wayanad, Kerala.

Our big cats are stressed in their fragmented habitats, some of which do not have enough roaming stretches, prey bases or transit corridors to deeper forests. Human encroachment and development have resulted in frequent man-animal conflicts. Hemmed in from all sides, such aberrant behaviour is being reported all too frequently now, even from reserves like the Kruger National Park. Tourist behaviour, therefore, should be respectful of protocol and mindful of the peace any sanctuary guarantees the wild. For example, protocol calls for the visitors to maintain a certain distance from the animals during an encounter, which is definitely not followed either by them or unscrupulous tour operators hellbent on selling a "sighting." With greater interest comes greater responsibility.

The great wall of nature

The proposal for a 1,400km-long green corridor along the Aravalli range, which is still in the planning stage, is a remarkable step forward in greening the country

RK PACHAURI

Former Prime Minister of India IK Gujral was one of the most scholarly and well-read leaders we have had. At a public function organised by this writer, he mentioned that the battle of Panipat took place at that location only because it was the southernmost location, which had an open area suitable for warfare. According to him, right from the Khyber Pass to Panipat, the entire terrain was heavily forested where conventional warfare of that period was not possible.

A recent news report mentioned that the Government is planning to build a 1,400 kilometre-long "great green wall" of India. If this project receives official sanction and is backed by innovative institutional arrangements for its implementation, it would mark a remarkable step forward in greening India because we, as a nation, have failed to seize the importance of greening our degraded and deforested land.

The Green India mission was one of the eight key missions included in the National Action Plan on Climate Change. The purpose of this operation was to protect, enhance and restore India's decreasing forest cover and act on the growing extent of climate change through a combination of mitigation and adaptation measures. Unfortunately, the mission has been grossly under-funded. A report by the Parliamentary Committee, titled, "Performance of the National Action Plan on Climate Change (NAPCC) pertaining to Ministry of Environment, Forest & Climate Change (MoEFCC)", quotes MoEFCC as stating that the "budget allocation of ₹47.80 crore for FY 2017-18 is grossly insufficient. The committed liability of FY 2015-16 and 2016-17 is ₹89.53 crore, which is more than the budget allocation of FY 2017-18."

Expansion of population and encroachments by humans on forest land and the habitat of other species have not only reduced forest cover since independence but has also led to poor forest density even in those areas, which are regarded as forest land. The proposed "green wall" of India is planned to establish a green belt from Porbandar to Panipat and would help restore degraded land through afforestation, particularly along the Aravalli hill range, which covers Gujarat, Rajasthan, Haryana and Delhi.

It is well-known that the Aravallis have been heavily degraded in several areas, particularly in Haryana, as a result of the nexus between politicians and the builders' lobby. The establishment of the "green wall" would provide an effective barrier for dust coming from the deserts in Western India and Pakistan. It is now well-established that dust from deserts can travel large distances as has been seen with dust from Saudi Arabia travelling to northern parts of Europe. This writer has always advised officials in the Middle East, including a former Saudi Oil Minister, "Please convert your oil wealth to soil health."

Recently, the Conference of the Parties (COP 14) of the United Nations Convention

to Combat Desertification (UNCCD) was held in India and as a follow-up to that event, India can and should set an example for other countries that are threatened with desertification.

The UNCCD is an agreement to combat desertification and mitigate the effects of drought, based on long-term strategies and national programmes, supported by international cooperation and partnership arrangements. It was in 2006 that in order to gather support for the convention, the UN declared that year as the "International Year of Deserts and Desertification."

The convention has thus far been ratified by 190 States and the European Union (EU). However, on March 28, 2013, Canada became the first country to withdraw from it but reversed this arrangement on March 21, 2017.

In hosting COP14 of the convention, India made a major impact on this expanding problem in different countries of the world. Prime Minister Narendra Modi in his address to this conference stated: "I call upon the leadership of UNCCD to create a global water action agenda, which is central to land degradation neutrality strategy."

The Intergovernmental Panel on Climate Change (IPCC) recently published a special report on climate change, desertification, land degradation, sustainable land management, food security and greenhouse gas

“IT IS WELL-KNOWN THAT THE ARAVALLIS HAVE BEEN HEAVILY DEGRADED IN SEVERAL AREAS, PARTICULARLY IN HARYANA, AS A RESULT OF THE NEXUS BETWEEN POLITICIANS AND THE BUILDERS' LOBBY. THE ESTABLISHMENT OF THE 'GREEN WALL' WILL PROVIDE AN EFFECTIVE BARRIER FOR DUST COMING FROM THE DESERTS”

fluxes in terrestrial ecosystems. The report states, "The level of risk posed by climate change depends both on the level of warming and on how population, consumption, production, technological development and land management patterns evolve. Pathways with higher demand for food, feed and water, more resource-intensive consumption and production and more limited technological improvements in agriculture yields result in higher risks from water scarcity in drylands, land degradation, and food insecurity."

It further states: "Many activities for combating desertification can contribute to climate change adaptation with mitigation co-benefits as well as to halting biodiversity loss with sustainable development co-benefits to society...Preventing desertification is preferable to attempting to restore degraded land due to the potential for residual risks and maladaptive outcomes."

The UN system, as is widely known, is currently underfunded and is actually facing a serious crisis. For several years now, there has been a growing realisation that the UN system needs to be restructured and reformed, starting, of course, with the composition of the permanent members of the Security Council, of which India should have been admitted as a member years ago.

In the case of the UN Framework Convention on Climate Change (UNFCCC),

the Convention on Biological Diversity (CBD) and the UNCCD, there are distinct overlaps. Clearly, actions under one convention would have implications for the other two. The drivers of change underlying these three conventions are common, namely the increase in human society's ecological footprint as Gandhiji had warned us about all his life. It is to be considered whether a comprehensive convention, which covers climate change, loss of biodiversity and desertification, may be far more effective than fragmented actions being taken under each of these conventions.

As far as India is concerned, the advance of desertification has negative implications for the country as a whole. To that extent, therefore, the "great green wall", which is being considered, would be an excellent initiative. However, just as in the case of acid rain in North America, which crosses national boundaries and, therefore, required a regional solution, it would be important for South Asian nations to cooperate on activities, which involve similar initiatives in Pakistan, Afghanistan and Bangladesh as well. Given that nature respects no political boundaries, we need to promote common solutions to problems that are regional in nature. Terrorism should give way to terra-ism.

(This writer is former chairman, Intergovernmental Panel on Climate Change, 2002-15)

SOUNDBITE

It is biggest irony of our times that while we are celebrating Gandhiji's birth centenary, the BJP is seeking Bharat Ratna for Savarkar, an accused in his assassination case.

LETTERS TO THE EDITOR

Together, we can win

Sir — A large number of climate strikes have recently erupted around the world, directing attention to issues such as climate change and global warming. It is also interesting to note that many indigenous tribes have been praying for the protection of the Amazon rainforest as thousands of wildfires continue to destroy it. People often turn to prayer in difficult times. Such prayers not only lead to positive results but also strengthen relationships among people. The prayers for the Amazon and the protests have attracted the attention of the global population. One hopes that such admirable activities continue to inspire people around the world.

P Senthil

Misleading policy

Sir — Economists have forever been negotiating between the twin poles of wealth and poverty. In 1776, Adam Smith postulated that the existence of economic prosperity, more than the persistence of poverty, must be

The historic China connect

This refers to the editorial, "Finding an old connect" (October 14). The second informal summit between Prime Minister Narendra Modi and Chinese President Xi Jinping was historically significant. The choice of Mamallapuram as the venue of the meet was important on account of its historical links with China, which dates back to the seventh century. Mamallapuram, named after Narasimhavarmam I of the Pallava dynasty, is an ancient port town that has a strong mercantile history with China. It was also part of China's silk route and India's spice route. In fact, the origins of Kanchipuram's silk industry can be traced back to the import of raw silk from China via Mamallapuram. Sino-India links in the region can be traced back as far as 2,000 years. Chinese coins discovered in the region further establish the age-old link between the two nations. This rich history made Mamallapuram a befitting venue for this summit.

China has seen an exponential growth in cutting-

edge technology, leaping far beyond India. Electronic goods manufactured by it, which were once frowned upon, have now become much sought after. As India is a big market for Chinese goods, it is unlikely that Xi will take a harsh stand against India on the issue of Kashmir.

TK Nandan
Kochi

paid attention to. An eon was spent on identifying the conditions necessary for wealth creation. Then an era was spent on the distribution of income between capital and labour.

Finally, Nobel Prize-winning economist Angus Deaton delved into the cause, spread and measurement of poverty. But looks like Indian-American economist Abhijit Banerjee has analysed

the problem with poverty with an experimental approach. The randomised controlled field trials (RCTs) adopted by him has helped find out what works and what doesn't to fight poverty.

The traditional way of measuring wealth on account of the country's Gross Domestic Product (GDP) is misleading. It probably further skews the distribution of wealth and accentuates income dis-

parity. We have journeyed long from exploring the creation of wealth to the distribution of income to now Nobel prize winner Abhijit Banerjee's treatise on poverty.

Strangely, it is seen that deeper the democratic mores, as it is in the US, the sharper has been the turn to the right wing ideology of wealth, inequality. It may take ages for the socio-economists, much less the Governments, to

move away from a trite GDP to even grasp the concept of creation and distribution of happiness.

R Narayanan
Navi Mumbai

Challenges ahead

Sir — This refers to the editorial, "Bangla pride" (October 15). The appointment of former cricket team captain Sourav Ganguly as the head of the Board of Control for Cricket in India (BCCI) is welcome. In fact, he may just be the person the cricket administration needs right now to set things right. It's good to learn that on his priority list are first class players, who are the foundation for a strong pool of talent for the national team. Other issues like the absence of an Indian umpire in the elite panel of ICC and reducing the gulf between women and men in cricket should be given importance. Ganguly must also ensure that financial management in the BCCI becomes more transparent. He has his task cut out.

Fight pollution collectively

Carpooling, using public transport, segregating waste to reduce burning, choosing not to burst firecrackers at Diwali can make a big difference

NAVDDHA MALHOTRA

The Diwali season comes with many debates: Does a ban on firecrackers make a difference? Could we have prepared better? Has the national Capital's air pollution decreased? What can Delhiites do to help bring it down?

This year the Aam Aadmi Party (AAP) Government announced a series of measures to tackle air pollution, including the odd-even vehicle rationing scheme; distribution of masks to prevent PM10 intake; a community pyrotechnic show for Diwali; mechanised road-sweeping; a tree plantation drive and a pollution plan for 12 hot spots. In September, Chief Minister Arvind Kejriwal said that according to the air quality data of the last four years, the pollution levels in Delhi had reduced by 25 per cent. While the data is still being examined, this indicates a positive step in the fight for a cleaner Delhi.

In the past, there have been many claims and counter-claims over the impact of the odd-even scheme implemented in the Capital. While some studies indicated that it was a success, others claimed that there was no impact, and still others contended that it was impossible to isolate vehicular pollution from Delhi's data sets. However, the one thing all studies agree on is that the odd-even scheme will not succeed without a robust public transport system and without restrictions placed on heavy vehicles and two-wheelers, which make up the majority of Delhi's vehicular traffic. In the past, the scheme provided exclusions for two and three-wheelers, trucks, taxis and cars used by VIPs. These exemptions, and the limited hours of the odd-even scheme, made it harder to define the success of the project, especially as two-wheelers have the highest emissions levels. At the moment, the Delhi Metro and bus fleet are not equipped to keep up with the existing demand from commuters, let alone the demand that will be generated during vehicular rationing days. However, the undeniable benefit of the scheme is decreased congestion on the city's roads. This cuts down the number of hours citizens spend in their cars and the pollution caused by congestion. The scheme is a step in the right direction but it alone cannot solve the problems of vehicular pollution.

Given these concerns, the next logical solution would be to consider electric vehicles (EVs) and particularly electric public transport. Several cities around the country have committed to electric bus fleets and feeder buses and should these measures be implemented, they will certainly have a positive impact on air pollution. However, cutting down on tailpipe emissions is only half the battle. As long as EVs are powered by traditional electricity, they still contribute to fossil fuel emissions, just perhaps not in the same city they are driven in. EVs are a step in the right direction but not enough to tackle the air pollution crisis, unless they become solar powered in the future.

Like the different sources of the problem, the solutions to our air quality issues are also varied and complex. Pollution does not acknowledge State or city boundaries and our solutions must transcend these as well. Central and State Governments must work together to ensure heavy industrial and vehicular activity is kept outside cities; equitable and environmental solutions for stubble burning are implemented as quickly as possible; industrial activity is heavily regulated and fuel emission standards for vehicles continue to advance. Most importantly, this Government needs to ensure that air quality is monitored adequately and that the data is shared so that the benefits of schemes like odd-even can be evaluated.

At the moment, the Central Pollution Control Board (CPCB) has a woefully incomplete monitoring network, with data gaps for many pollutants and locations. The newly-released National Clean Air Plan (NCAP) fails to include many of the Indian cities that require policy action and doesn't give local authorities the enforcement power they need to penalise offenders. As citizens, it often feels like there is little we can do beyond voting for the right candidate every few years. Installing air purifiers, limiting physical activity and wearing masks outside allows those who can afford it a break from the air pollution but it does not solve the issue. Each individual can take certain proactive actions: Carpooling and using public transport cut vehicular emissions. Ensuring that waste is segregated before it is discarded cuts down waste burning as does limiting open garbage and leaf burning in the winter. During Diwali, choosing not to burn firecrackers can make a massive difference, as we have seen in the last decade in New Delhi.

However, it is clear that only stringent policy can create the kind of widespread change that is needed to tackle air pollution. To make this happen, citizens must encourage their representatives to take action through their votes and their voice. Elections will be held in several States soon, including Delhi. We must make our priorities known to our leaders by raising our voices and demanding a better standard of air quality from our representatives.

—HARYANA CONGRESS PRESIDENT
KUMARI SELJA

A double-edged sword

While cities that experimented with free public transport achieved positive results for a while, sustaining them beyond a few years proved to be a problem

MEGHA KUMAR

Delhi Chief Minister Arvind Kejriwal's announcement on offering free public transport to women has sparked off a debate across the country about the financial performance and pricing of public transport. As cities across the world struggle to keep the Mass Rapid Transit System (MRTS) and other modes of public transport financially viable, scholars and operators alike are trying to arrive at an economically sound formula for operations.

According to an estimate by the Delhi Transport Corporation and the Delhi Metro, women constitute around 30 to 35 per cent passengers in both buses and the trains. This comes to about 14 lakh women per day on the buses and 800,000 women per day on the metro. The Delhi Government is assuming that the scheme will see a rise of 50 per cent in female ridership, resulting in a decrease in the number of vehicles on the city's roads and improved safety for those vulnerable sections who cannot afford public transport otherwise.

Impact studies in cities that have experimented with a free public transport policy indicate tangible benefits such as higher ridership, less traffic congestion, better air quality, savings on printing, ticket-punching technology and the people engaged in ticket sales. Free public transport promises intangible benefits, too, such as a stronger democracy, higher citizen participation, better liveability and a vibrant economy.

However, it is easier said than done. Cities like Tallinn in Estonia and Châteauroux and Aubagne in France experimented with free public transport in the past and achieved positive results for a while. Sustaining the results beyond a few years, however, proved to be a problem. Also, while the combined effect of free service and happier commuters can significantly increase ridership, public transport can also experience a rebound effect, resulting in crowding and poor service quality due to a large demand response. Such a response can result in a higher tax burden for the transport agency.

The key to operating a free public transport is to identify alternate sources of revenue to finance it. Sustaining a free transport policy in the long-term, especially during times of economic volatility, can be highly strenuous. The city of Châteauroux, France could generate returns on public transport in 2003, 2004, 2005 and 2007. However, 2008 onwards, the returns declined. The city of Hasselt in Belgium had to wind up its free public transport policy after a few years as the Government could no longer support its financing.

So, the big question is, can Indian cities afford free transport for their citizens, given the burgeoning population of the country?

Cities in India face a severe shortage of public transport. City peripheries and low-income neighbourhoods often remain unserved and even if a network of buses and local trains and so on exists, the frequency of service is low, rendering it ineffective. Free or otherwise, the absence of public transport results in last-mile connectivity problems for the poor. Addressing the inadequacies of the country's public transport network will require huge capital investments and considering the amount of expenditure it entails, it could

be too much of a burden on the State Governments to then generate funds for operating expenses.

However, the good news is that, though it appears impossible at present, there are solutions worth exploring. Given that State Governments are finding it difficult to provide even partial support in the form of subsidies and grants to public transport agencies, relying on budgetary support to fund a free transport policy seems very difficult at present. Running free public transport may or may not be possible but every city must have at least an affordable transport system. There are a few strategies for long-term funding and cost-cutting that could be explored for achieving this.

Cross-utility subsidy: Although it's not very popular in the country, cross-utility financing is prevalent in many parts of the world, including Europe and North America.

There are many ways to enforce a cross-utility subsidy like imposing a levy on utility use or cross-subsidising a loss-making utility by a profit-making one. The loss-making transport department of the Brihanmumbai Electric Supply & Transport (BEST), for instance, was, for a long time, cross-subsidised by revenues generated by the profitable electricity department. If implemented in a prudent manner, cross-utility subsidy can offer a long-term solution for funding public transport.

Targeted subsidy: Grants often fail to benefit the desired user groups. So, the solution lies in introducing selective subsidisation for carefully identified beneficiaries. It is a difficult thing to pull off but one can take heart from the fact that over 10 million customers in India gave up their Liquefied Petroleum Gas (LPG) subsidy in response to the Government's plea. If people are made aware about the purpose of a subsidy, there will be many who will give it up if they don't require it. At any rate, the Government should explore targeted subsidies to offer affordable pub-

THE KEY TO OPERATING A FREE PUBLIC TRANSPORT IS TO IDENTIFY ALTERNATE SOURCES OF REVENUE TO FINANCE IT. IF IMPLEMENTED IN A PRUDENT MANNER, CROSS-UTILITY SUBSIDY CAN OFFER A LONG-TERM SOLUTION FOR FUNDING PUBLIC TRANSPORT

lic transport to the needy and the vulnerable.

Dedicated transport fund: Many experts have emphasised the need to exempt public bus transport corporations from the motor vehicle tax. For many bus corporations, the operational losses are almost equal to what they pay as motor vehicle tax. While there is a sound rationale behind taxing vehicles that generate huge negative externalities like emissions and congestion, imposing a similar tax on public buses is draconian. On a "per passenger kilometre" basis, public transport is more efficient and causes lower emission and congestion than private vehicles. Moreover, the tax gets directly passed on to the commuters as part of the fares they pay. Foregoing the tax will also make fares more affordable and improve the financial accessibility of public transport.

New performance indicators: There is also a need to develop new performance indicators for evaluating public transport corporations. These indicators must mainstream social and environmental goals. Currently, public transport operations in the country are guided primarily by financial parameters like earnings and cost-per-kilometre. Now, more emphasis needs to be placed on the intangible socio-economic benefits such as time savings, improved productivity, lower congestion and improved livelihood opportunities that public transport enables. Changing the way public transport corporations are assessed will also change the manner in which they operate and the goals they prioritise in service delivery.

While financial performance is critical for operating public transport, increasing the fare is not the best solution. The approach to the problem will change once it is realised that the objective of operating public transport is not to generate revenue but to offer affordable services to citizens. The need of the hour is to find innovative solutions to make public transport affordable for all.

Will the Thackeray clan see a s(o)nrise?

The timing is perfect for Thackeray scion Aditya to make his electoral debut with the BJP-Sena alliance poised to win the Assembly polls. The young Thackeray represents the changing political scenario and the Sena's evolving culture

KALYANI SHANKAR

How would the late Sena chief Bal Thackeray have reacted to the idea of his grandson Aditya entering electoral politics when the Thackeray clan had scrupulously kept out of it for decades? He would have chuckled.

So far, the family has run a powerful political party in Maharashtra without contesting elections. The youngest Thackeray, Aditya breaks that tradition in the forthcoming Maharashtra Assembly elections by contesting from the Worli seat in Mumbai.

Balasaheb had once told me he had taken three decisions — he would not contest elections, would

not write his autobiography and would not take any Government post and he had stuck to them till the end of his life.

After the first Shiv Sena-Bharatiya Janata Party Government (BJP) was formed in 1995, Balasaheb often quipped that he ruled the State via "remote control." Balasaheb's son Uddhav Thackeray surprisingly not only kept the party alive but also followed the "remote control" policy of his father.

However, the 29-year-old Aditya is different in this sense and he represents the aspirational Maharashtra youth. His image-makers are trying to project him as a suave, English-speaking Sena leader. Nine years ago, Balasaheb himself introduced his grandson to the political world in October 2010 and also named Aditya the head of the party's newly-created youth wing.

The timing is perfect for the Thackeray scion to make his electoral debut, with the BJP-Sena alliance poised to win the Assembly polls this month.

Aditya stated the obvious in an interview recently, "I chose this election because I thought this was the right time." There is a vacuum in the youth leadership in Maharashtra, which he hopes to fill.

As a child, Aditya used to travel with his father and grandfather and became interested in politics from then on. "If you have to do something good for society, politics is the way. I have been thinking of my journey for the last five years. We did several agitations. How to serve Maharashtra better, Shiv Sena style? I have always thought that I should join my party legislators," says Aditya.

Prior to this electoral contest, he had undertaken a *Jan Ashirwad*

yatra in July to thank the voters for the 2019 success but his real intention was to gauge the public mood for his own debut.

The young Thackeray represents the changing political scenario and also the evolving culture of the Sena. Much has changed since the days of Balasaheb. The party's clout in Maharashtra politics has certainly diminished. Politics has changed, the voters have changed and the Sena, too, has become a junior partner in the coalition, as compared to the earlier days of dominating the Sena-BJP alliance.

Aditya is experimenting with a different kind of politics, trying to change the old narrative. The Sena's image has been that of a muscular political party and he would have to change this if he wants to succeed. The Sena is no more a rabble-rousing party.

In the past it used to launch agitations against the South Indians, Gujaratis, Biharis and Muslims. Today, in a bid to woo non-Maharashtrian voters, his campaign

has multi-lingual posters. He does not mention religion or Hindutva and instead prefers to raise bread and butter issues like employment and development.

He talks about the ban on plastic, beach cleaning and the environment. Aditya is more cosmopolitan, modern and open to new-age electoral politics. He is accused of being comfortable with the Page 3 set but he is also trying to appeal to the ordinary youth.

Second, Aditya is emulating his grandfather by building a base among the youth. The senior Thackeray had a devoted youth following all his life. As long as he was alive, every *Vijayadasami* day, thousands of youth had attended his meeting at the Shivaji Park. Now, Aditya is targeting the millennial voters. He is being projected as a sensitive, modern, young leader, who is flexible and open to new ideas.

Third, it was the family's considered decision to support Aditya's electoral plunge. Bal Thackeray could run the Government through remote

control. Uddhav, too, managed to do that but Aditya, encouraged by his mother Reshmi, believes that the days of "remote control governance" are over and one needs to be in the system.

Above all, the Sena wants to strengthen itself on the ground fearing that the BJP might subsume the party. The family feels that the junior Thackeray's presence in the next Cabinet would give them some control.

Aditya is poised to win the Worli seat, if Dame Luck smiles at him, he might even become the Deputy Chief Minister. Though Uddhav says now, "The first step in politics doesn't mean that you have to become the Chief Minister of the State. He has just entered politics, this is just the beginning." He would push for his son when the time comes.

Aditya wants to prove that he is not just another son of a powerful political family but a grassroots leader in his own right. The Assembly contest will be his acid test. (The writer is a senior journalist)

FOREIGN EYE

A TIME OF RECKONING

Though some fossil fuel companies now promote renewable projects, they continue to expand their operations in the face of overwhelming evidence that their actions will drive ecosystem collapse and make much of the planet uninhabitable. It is difficult to confront the full implications of irresponsibility on such a monumental scale. But we, and our politicians, now have no choice but to try. (The Guardian editorial)

Young mother killed in Pak firing, 2 others hurt

MOHIT KANDHARI ■ JAMMU

Twenty days after giving birth to her first child, a 27-year-old young mother was killed in heavy mortar shelling in Noona Bandi area of Shahpur along the Line of Control in Poonch on late Tuesday afternoon.

According to ground reports, "27-year-old Shamim Akhtar w/o Mohd Maqsood was standing in front of her kitchen when she was directly hit by a mortar shell around 3.45 p.m.". Due to impact of the blast, her head was reportedly blown off, local villagers in the forward area, claimed.

Her 20-day-old son, miraculously escaped any grievous injury, as she had kept him on the floor inside the kitchen.

As heavy shelling continued in the forward areas, another couple hailing from Qasba village of Poonch sector received injuries and was rushed to the nearby hospital. The injured were identified as

Minzoor Hussain and Naseema Akhtar.

Meanwhile, large number of children remained stranded for several hours inside a local school (seminary) run by Sain Miran Baksh Educational Trust in Shahpur area of Poonch.

In the wake of intense shelling, which started early Tuesday morning around 9.00 a.m. the children could not be rescued. Local villagers and some parents, later in the afternoon managed to organise two ambulances and ferried children from the forward area to safer locations. "None of the child received injuries during heavy mortar shelling", official

sources said.

Defence PRO in Jammu, Lt-Col Devender Anand said, "Pakistan army initiated ceasefire violation in Qasba and Kirni sectors at about 9.30 a.m. by firing small arms and mortars". He said, "the Indian Army retaliated befittingly".

Late afternoon, the Pak Army also targeted forward areas of Shahpur and Karmara in the forward areas forcing the local residents to stay indoors.

The local villagers of Shahpur—Upper and Lower, Gountrian and Islamabad in Poonch appealed to the district authorities to expedite work on bunkers in the area to ensure safety of school going children and local villagers.

A Local villager, Shabir Rathore claimed, "these villagers were regularly targeted by the Pakistan army but so far work on bunker construction has not started in the area".

Main accused held in Murshidabad triple murder case

PNS ■ KOLKATA

A week after much political hullabaloo the police have finally arrested a mason for brutally murdering a Jaganj school teacher, his pregnant wife and an eight-year-old son.

The mason called Pratik Behera had killed the trio out of personal grudge when victim Bandhu Paul refused to give him a receipt of ₹24,000 which he had taken from him for some insurance policy, he is known to have confessed to the police.

"There was grudge and there was a financial angle," Murshidabad SP Mukesh said adding the triple murder had taken place in a matter of five

minutes.

Earlier the police had claimed that the victim an RSS worker also dealt in some kind of chit fund business in which he used to accept monetary deposits from the people.

The mason was one of such depositors who deposited ₹24,000 with him but failed to procure any receipt for the amount.

When Paul refused to provide with any receipt an altercation followed and the mason killed the threesome.

Harsh measures will isolate people, delay restoration of normalcy in Kashmir: NC

PTI ■ JAMMU

The National Conference (NC) on Tuesday condemned the arrest of party president Farooq Abdullah's sister and daughter during a protest in Srinagar, saying such measures would further alienate the people and delay restoration of normalcy in the valley.

It sought the immediate revocation of detention of political leaders and common citizens, including Abdullah's kin.

The police on Tuesday arrested half-a-dozen women activists during a march to protest the abrogation of provisions of Article 370 and bifurcation of Jammu and Kashmir into Union Territories.

Abdullah's sister Suraiya and his daughter Safiya, who were leading a group of women activists, were first detained and later arrested by the police.

The NC said such harsh measures would further alienate the people and delay restoration of normalcy in

National Conference leaders expressed regret over the continued detention of political leaders and common citizens, saying the situation had touched the lowest depths

Kashmir, which was reeling under "fear psychosis and a sense of insecurity" among the people.

"Being kin of former Chief Ministers should not entail political victimisation, leading to curtailment of liberty and freedom of movement and speech," senior NC leaders said in a joint statement, issued

from party headquarters Sher-e-Kashmir Bhawan here.

The National Conference leaders expressed regret over the continued detention of political leaders and common citizens, saying the situation had touched the lowest depths and even the liberty of relatives of those in

public life was under severe threat. "The detention of Suraiya Mattoo and Safiya Abdullah Khan, respectively sister and daughter of Abdullah and the aunt and sister of Omar Abdullah, reflect the sad state of affairs the State is in for the past over 70 days," the statement said.

Bengal Govt working for empowerment of rural women: Mamata

PTI ■ KOLKATA

The West Bengal Government is working for the empowerment of rural women through various self-help groups, Chief Minister Mamata Banerjee said on Tuesday.

On the occasion of the International Day of Rural Women, Banerjee referred to the success of the 'Anandadhara' scheme aiming for poverty alleviation through social mobilisation.

The scheme, initiated in 2012, is implemented by organising women into self-help groups (SHG).

"Today is #InternationalDayofRuralWomen. Our Govt in #Bangla is working for the empowerment of rural women through self-help groups. The scheme Anandadhara has been very successful in this regard,"

Banerjee tweeted.

"We also distribute animals for rearing by them, ensuring their economic prosperity," she added.

The International Day of Rural Women was first observed on October 15, 2008 to recognise the critical role and contribution of rural women, in enhancing agricultural and rural development, improving food security and eradicating rural poverty.

Rajasthan bypolls to test Cong performance; will win both seats: Pilot

PTI ■ JAIPUR

Rajasthan Deputy Chief Minister and State Congress president Sachin Pilot on Tuesday said Mandawa and Khinwsar Assembly bypolls will be the test of the work done by his party Government and claimed it will win both the seats with "huge" margins.

The bypolls were necessitated after Khinwsar (Nagaur) MLA Hanuman Beniwal and Mandawa (Jhunjhunu) MLA Narendra Kumar (BJP) were elected to Lok Sabha in May this year.

"The bypolls are the test of the work of the Government and we are prepared for that. We will win the seats with huge margin. When the Congress was in opposition for five years, we won all bypolls and this time, we are in the Government and there is no reason for not winning the bypolls," Pilot told reporters here.

The State Government's first and foremost priority is to make the

life of people better. We ought to do whatever is possible to help people at personal, social and administrative level," he said.

Pilot said it is important for every public representative to stay connected with people.

While Congress has fielded former MLAs Rita Chaudhary in Mandawa and Harendra Mirdha in Khinwsar, the BJP has given ticket to Sushila Siga in Mandawa and is contesting the bypolls in alliance with MP Hanuman Beniwal's Rashtriya Loktantrik Party (RLP) on Khinwsar where Beniwal's brother Narayan Beniwal is the alliance candidate.

UP Govt doing away with 25,000 home guards

PTI ■ LUCKNOW

The Uttar Pradesh Government is doing away with 25,000 home guards, saying the State cannot afford the new allowances the Supreme Court has asked it to pay.

The daily allowance for the home guards is now ₹672, up from the ₹500 before the court order in July.

The Government said this would have cost the State an extra expenditure of ₹10 to ₹12 crore every month.

It, therefore, decided not to deploy home guards meant for security at police stations and traffic signals. The home guards are not permanent employees and are recruited on a casual basis.

Officials said a large number were taken on in April. The Supreme Court in July, however, meant a hike in the cost of deploying them.

According to an order issued by Additional Director General (ADG) BP Jogdand, "The decision not to deploy 25,000 home guards was taken on August 28 this year in a meeting chaired by the Uttar Pradesh chief secretary."

The home guards were deployed through a government order dated April

3.

Home Guards do not have any fixed monthly salary and are paid based on the number of days of duty. Till now they have been expected to work for 25 days but the government decreased it to 15 days.

Uttar Pradesh Director General of Police OP Singh said this step has been taken due to the extra financial burden on the police department following the Supreme Court order and it is a temporary one. "After the Supreme Court order, the police department would have had to bear the extra burden of ₹10 to ₹12 crore per month. This decision of not giving postings is a temporary one, and if and when required they will be called for duty," the DGP said.

88 Bru refugee families repatriated from Tripura to Mizoram

PTI ■ AGARTALA/AIZAWL

A total of 408 people belonging to 88 displaced Bru families staying in six relief camps of Tripura have left for their homeland Mizoram since the repatriation exercise began on October 3, officials said on Tuesday.

A total of 4,447 Bru families, lodged in the relief camps at Kanchanpur and Panisagar sub-divisions of North Tripura district, are scheduled to return to the neighbouring state from where they had fled since 1997 following ethnic clashes.

The Bru community, also called Reangs, is among the 21 scheduled tribes in the country. They are scattered across Assam, Mizoram and Tripura.

(SDM) of Kanchanpur, Abhedananda Baidya, said 235 Bru people of 45 families have been repatriated.

His Panisagar counterpart N Darlong said 173 people belonging to 43 families have left for Mizoram till date during the ninth round of repatriation which is termed as the "final" one.

The repatriation is scheduled to continue till November 30. Mizoram officials said 22 Bru families from various relief camps have been repatriated on Monday.

The repatriation is being carried out though some Bru organisations are against the exercise.

On October 4, posters opposing the repatriation and demand for a separate autonomous district council

for the Bru community were found in the relief camps. However, no untoward incident was reported then.

Mizoram Bru Indigenous Democratic Movement leader Phillip Apeto had said they were not satisfied with the rehabilitation package and a district council for the Bru under the sixth schedule of the constitution must be created.

A memorandum submitted by three Bru organisations to Mizoram Home Minister Lalchamliana had also expressed apprehension that the Bru community would lose their identity if they return to Mizoram in the present situation.

During the eighth round of repatriation, the Ministry of Home Affairs had warned that

the relief camps would be closed down from October one 2018 and free ration and money doled to the displaced families would be discontinued.

However, that phase did not bear much fruit.

While the MHA did stop the free ration and cash dole from October one, 2018, the Centre restarted it apparently due to political reasons as Mizoram assembly election was nearing.

The Centre has approved ₹350 crore for the ninth phase of repatriation and the amount covers transportation and rehabilitation package expenses, which include ₹5,000 per month for each resettled Bru family in Mizoram and free ration for them for two years.

Tributes paid to Abdul Kalam on 88th birth anniversary

PTI ■ RAMESWARAM (TN)

Former President APJ Abdul Kalam was remembered here on his 88th birth anniversary with the late scientist's family and the district administration paying tributes at his memorial here.

The leader's memorial at Pekarumbu was dazzling with electrical lights and floral arrangements, as there was a steady stream of visitors including school children who paid homage to the former president.

Ramanathapuram district collector K Veera Raghava Rao paid floral tributes at the memorial while Kalam's relatives led by his elder brother

Muthu Muhammad Meera Maraikkayar held special prayers.

School children also paid floral tributes and took a pledge to follow Kalam's ideals.

An American Indians Association, as part of honouring the late leader's services, presented a prize for Global Peace, which was handed over to Maraikkayar.

Railways initiates 'Sewa Service' train for last mile connectivity

STAFF REPORTER ■ NEW DELHI

In order to provide better travel opportunities to passengers who travel daily from neighbouring cities mainly to earn livelihood and education purposes the Railways has initiated nine new 'Sewa Services' spread across eight States of India.

Minister of Railways Piyush Goyal, Union Minister of Petroleum & Natural Gas Dharmendra Pradhan, Union Minister for Health and Family Welfare Dr Harsh Vardhan, MoS Railway Suresh C Angadi and Meenakshi Lekhi, flagged off the inaugural run of Delhi — Shamli train service in a ceremony held at New Delhi Railway station on Tuesday.

Indian Railways has always strived to provide convenient and comfortable service to its users.

To provide better travel opportunities to passengers who have to travel to neighboring towns and cities mainly for livelihood and education purposes the Railways has initiated nine new Sewa Services spread across eight states of India. These daily or six days a week short distance services will be a boon to the daily

Minister of Railways Piyush Goyal, Union Minister of Petroleum & Natural Gas Dharmendra Pradhan, Union Minister for Health and Family Welfare Dr Harsh Vardhan, MoS Railway Suresh C Angadi and Meenakshi Lekhi, flagged off the inaugural run of Delhi — Shamli train service in a ceremony held at New Delhi Railway station on Tuesday

passengers.

According to the statement, "Inaugural runs of train services in the other six states were also initiated with the flagging off by the dignitaries being received through video conferencing in the respective venues.

Speaking on the occasion Goyal said that based on the hub and spoke concept these trains will provide better rail connectivity between smaller and satellite towns and important cities. "Railway is working on how to be an effective engine of growth in the country. The

'Railway is working on how to be an effective engine of growth in the country. The common passengers will greatly benefit from these services'

common passengers will greatly benefit from these services," he said.

He also shared that Railways is not going to use any

new assets in these trains, with efficient planning and by enhancing operational capabilities the lie-over rakes of trains are to be used for short services during the long stationed time between two services.

This will not only increase trips but also earn revenue from the otherwise stationed coaches, he added. Dr Harsh Vardhan appreciated the work being done in all areas with a special mention of the up-gradation of stations in the National Capital Region.

MAHARASHTRA POLLS

PM diverts attention from issues: Rahul

PTI ■ YAVATMAL/WARDHA,

Congress leader Rahul Gandhi on Tuesday called Prime Minister Narendra Modi a "loudspeaker" of certain industrialists, and said his strategy was like that of a pick-pocket who diverts attention to steal.

On campaign trail in Vidarbha for October 21 Maharashtra Assembly elections, he also targeted the Modi government for "waiving" corporate tax.

Addressing a rally in Yavatmal district, Gandhi said the Prime Minister speaks of the moon mission and abrogation of Article 370 in Jammu and Kashmir, but is silent on issues such as farmers' plight and lack of jobs.

"The Goods and Services Tax (GST) and demonetisation broke the back of small and medium enterprises, farmers, labourers and poor people. As

long as the Modi Government is in power, the issue of joblessness will continue to haunt the country. The problem of joblessness will grow in the next six months," he claimed.

Criticising the Government's decision to "waive" (slash the rates of) corporate tax, Gandhi said such benefits were extended to certain industrialists, but not to the poor.

The Congress leader also alleged that the Union Government was planning to privatise National assets such as ports, coal mines, and public sector units such as Air India.

"Modi is the loudspeaker of (industrialists) Adani and Ambani. Just like a pick-pocket, who diverts attention of people before stealing, his (Modi's) only job is to divert your attention so that he can pass your money to a select few industrialists," Gandhi said.

While the Mahatma Gandhi National Rural Employment Guarantee Act (MNREGA), Right to Food, land acquisition and laws for tribals were being amended, amendment to the GST act was not acceptable to the Government, he said.

"When the poor person gets money, he starts purchasing, when the demand increases, manufacturing gets a boost," he said, adding that the NAY minimum income scheme, proposed by the Congress before the Lok Sabha elections, would

have jump-started the economy.

The annual budget of MNREGA is ₹35,000 crore and the Modi Government cut corporate tax worth ₹1.25 lakh crore in a single day, Gandhi said.

Referring to Defence Minister Rajnath Singh's France visit, he said the latter did a puja of the Rafale fighter jet (while taking symbolic delivery of the first aircraft). "But ₹35,000 crore were stolen from the jet deal. The media will not write about this because it is being controlled by industrial-

ists.

Your money is given to the media so that they publicise Modi," he alleged.

Maharashtra has the opportunity to solve all these problems by voting for the Congress and NCP, he said.

"We will install a government which will work for the poor, farmers, labourers, and small and medium businesses," he added. At a rally at Arvi in Wardha district, Gandhi accused the Modi Government of weakening all pro-poor schemes of the UPA regime, including the MNREGA, RTI Act, Right to Food and the land acquisition bill. "BJP made fun of MNREGA which had given a boost to the economy," he said.

The GST's purpose was to finish off small and medium businesses, the Congress leader claimed. "Don't let this happen in Maharashtra. Let's stop this here," he said.

Maha BJP manifesto repetition of old promises, says Cong's Deb

PTI ■ MUMBAI

The All India Congress Committee women's wing president Sushmita Deb called the BJP manifesto released on Tuesday for the Maharashtra Assembly polls as a repetition of old promises.

Creation of one crore jobs in the next five years, providing houses for all by 2022 and ushering in USD 1 trillion economy are the key promises made in the ruling BJP's "sankalp patra".

"It is a classic case of repetition of old promises. The reason is simple. Promises of 2014 remain unfulfilled. This explains why after five years, BJP-Shiv Sena Government has no concrete achievement to showcase," she said at a press conference here.

Deb said agriculture sector had worsened, unemployment had risen sharply, crimes

against women had seen a severe spike and promise of clean drinking water remain unfulfilled.

While the BJP-Sena Government promised double-digit growth in agriculture, the actual rate was a meagre 0.4 per cent, which had led to eight farmers committing suicide every day, she claimed. "The BJP's manifesto promises one crore jobs over the next five years. This is yet another jumla given sharp rise in unemployment which has tripled under this Government. In fact every third young person in urban areas is today jobless," Deb said. She said 2000 factories had shut down and Maharashtra was no longer the preferred destination and lagged behind Uttar Pradesh and Jharkhand in ease of doing of business.

Crime against women were rising sharply, including a 300

per cent increase in cases of abduction besides 11 rapes registered every day, Deb stated, adding that the Devendra Fadnavis government had not used a single rupee from the Nirbhaya Fund.

Rane-led MSP merges with BJP, Sena miffed

TN RAGHUNATHA ■ MUMBAI

In what came as a snub to the Shiv Sena, the Maharashtra Swabhiman Party (MSP), headed by former Chief Minister Narayan Rane, merged with the ruling BJP, in the presence of Chief Minister Devendra Fadnavis.

Undeterred by the stiff resistance from its ally Shiv Sena to the entry of Rane and his two sons, the ruling BJP went ahead and allowed the MSP's merger with it at an election rally organised for Sr Rane's son Nitesh and the BJP candidate at Kankavli Assembly constituency in Sindhudurg district.

While Nitesh had joined the BJP and filed his nomination from his new party early this month, Sr Rane, his another son and former MP Nileshe and their supporters formally entered the BJP.

Speaking at Nitesh's campaign rally, Chief Minister Fadnavis heaped praise on Sr Rane saying: "Narayan Rane has a special place in Maharashtra politics. He is well-versed in many subjects. In way, he has been a part of the BJP ever since he went to Rajya Sabha early last year with the BJP's support".

"All were waiting for this (merger) for a long time. It has

finally happened today.

There is hardly any competition here. The BJP will benefit hugely with the Rane's entry to the party," Fadnavis said.

Meanwhile, the Shiv Sena leadership has not taken kindly to the MSP's merger with the BJP. Sena President Uddhav Thackeray, who will be campaigning in Kankavli and Savantwadi constituencies, is expected to spell out his stand on the MSP's merger with the BJP. On its part, the Sena - notwithstanding its alliance with Sr Rane - has put up its candidate against Nitesh Rane. In sence, the fight would be between the Sena and BJP in

Kankavli constituency.

Fadnavis said that Nitesh would win the Assembly polls with a thumping margin. He, however, advised Nitesh, known for his losing his cool on some pretext or the other, to restrain himself and learn to remain calm.

There had been speculation in the State political circles that he would join the BJP along with his two son Nitesh and Nileshe. His entry to the BJP was being resisted by its ally Shiv Sena for a very long.

He had earlier announced that he would join the BJP on October 2. Rane made an announcement about merging

the MSP with the BJP, while campaigning for his party candidate Rajan Teli. "The BJP is getting strong in Konkani region. My son Nitesh and his supporters joined the BJP earlier. I will merge my party with the BJP in the presence of chief minister Devendra Fadnavis on October 15," he said.

Having been associated with the Shiv Sena since early seventies, Rane had emerged as a senior leader in the party and was made the chief minister of Maharashtra, a post he held between February 1, 1999 and October 17, 1999 when the Sena-BJP alliance was ruling the State.

NCP MLC, ex-MLA join BJP

PTI ■ MUMBAI

Nationalist Congress Party (NCP) MLC Ramrao Wadkute and former party MLA Bappu Pathare joined the BJP on Tuesday, ahead of the next week's Maharashtra Assembly polls.

Wadkute, a prominent Dhargar (shepherd) community leader from Marathwada region, was appointed member of the Maharashtra Legislative Council in June 2014 from the governor's quota.

He submitted his resignation on Monday evening to Legislative Council Chairman Ramraje Nimbalkar who

immediately accepted it. Pathare is a former MLA from Pune.

Both Wadkute and Pathare were inducted into the BJP in Mumbai on Tuesday in the presence of the party's working president J P Nadda. Wadkute, a native of Parbhani district in Marathwada, was earlier chairman of the Punyashlok Ahilyadevi Sheli-Mendhi Vikas Mahamandal (Goat and Sheep Rearing Development Corporation) before being appointed as the MLC.

Won't allow Bharat to become 'Hindu Rashtra': Owaisi

PTI ■ THANE

AIMIM president Asaduddin Owaisi has said Bharat is "not a Hindu Rashtra" and they will also not let it become so.

His comments came after RSS chief Mohan Bhagwat last week said the Sangh is firm on its vision that "Bharat is a Hindu Rashtra".

Addressing an election rally on Monday night in Kalyan town of Maharashtra's Thane district for party candidate Aiaz Moulavi, Owaisi said a section of society wants to paint the entire country in one colour, but "we see Hindustan in multiple colours, it is the beauty of Hindustan".

"Bharat is not a Hindu Rashtra, and Inshallah, we will not allow it to become so," he said.

Alleging that the Shiv Sena was against the green colour, he said, "Change your spectacles and you will see the green colour in the National flag also".

He said Bharat is unique because of itssecularism and pluralism. There is no other country in the world as Bharat and "we are proud of it". "I want to tell those in the RSS that we are not living here on your sympathy. If you want to measure the index of my happiness or sorrow, you and we should see what the Constitution has given to us," Owaisi said.

Opp claims trees chopped for PM's Oct 17 Pune rally

PTI ■ PUNE

Opposition parties in Maharashtra have alleged that some trees located on the campus of Sri Parshuram (SP) College in Pune were chopped on Monday for Prime Minister Narendra Modi's October 17 rally, which will be held on the college ground.

The college authorities on Tuesday denied the allegation saying only certain branches hanging dangerously were cut for the safety of students who play there, which has nothing to do with the PM's event.

NCP MP Vandana Chavan alleged some 'subabul' trees around the ground, where the rally will be held, were felled by the college administration.

"As per the information with us, trees were cut from the stems which is unacceptable," alleged Chavan.

She demanded stringent action against those responsible for the "cruel act". Maharashtra Navnirman

After Savarkar, BJP may propose Bharat Ratna for Godse: D Raja

PTI ■ MUMBAI

Slamming the BJP for moot- ing Bharat Ratna award for V D Savarkar, Communist Party of India general secretary D Raja on Tuesday said the ruling party may even propose the honour for Mahatma Gandhi's killer Nathuram Godse.

The election manifesto of Maharashtra BJP, released on Tuesday said the party will ask the NDA Government at the Centre to confer India's highest civilian award on Vinayak Damodar Savarkar, popularly known as Veer Savarkar.

"This is biggest irony of our times that while we are all celebrating the birth centenary of Gandhiji, the BJP is seeking Bharat Ratna to Savarkar, who was an accused in his assassination case," Raja told PTI here.

"The day may not be far off for BJP to demand Bharat Ratna to Gandhiji's assassin Nathuram Godse. This is part of their agenda," the CPI leader said.

UNIDENTIFIED DEAD BODY

India retains fastest-growing rank: IMF

IMF revises India's growth projection to 6.1% in 2019

IAN ■ NEW YORK

In the gloomy global economic picture painted by the International Monetary Fund (IMF), India retains its rank as the world's fastest-growing major economy, tying with China, with a projected growth rate of 6.1 per cent for the current fiscal year, despite an almost one per cent cut in the forecast.

However, the IMF's World Economic Outlook (WEO) released on Tuesday projected India's economy to pick up and grow by 7 per cent in the 2020 fiscal year.

The WEO cut India's

growth rate by 0.9 per cent from the 7 per cent made in July and by 1.2 percent from the 7.3 per cent in April.

In contrast to the dark view of the economy within India, when viewed globally, the nation's picture seems brighter despite the cuts.

The world economy is projected to grow only 3 per cent this year and 3.4 per cent next year amid a "synchronised slowdown", according to the WEO.

Explaining the cut in growth projection for India, the WEO said: "India's economy decelerated further in the second quarter, held back by sec-

tor-specific weaknesses in the automobile sector and real estate as well as lingering uncertainty about the health of non-bank financial companies."

It added that "corporate and environmental regulatory uncertainty" were other factors that weighed on demand.

IMF's projected growth rate of 6.1 per cent for 2019-20 is consistent with the Indian Monetary Policy Committee's forecast.

About the international

scenario, IMF's Chief Economist Gita Gopinath wrote in the foreword to the WEO: "The global economy is in a synchronised slowdown, with growth for 2019 downgraded again — to 3 per cent — its slowest pace since the global financial crisis (in 2007-08). This is a serious climb down from 3.8 percent in 2017, when the world was in a synchronised upswing."

WEO projected China's economic growth to slow down to 5.8 per cent next year.

MORE BAD NEWS

Jewellery industry stares at a dark Diwali

PTI ■ MUMBAI

The jewellery industry is looking at a dark Dhanteras and Diwali as it expects sales to decline at least 30 per cent over last year in spite of the ongoing price corrections.

The industry's only hope is in falling prices, which had scaled a record of ₹4,000 a gram last month, to get better footholds. Currently, the metal is trading at around ₹3,800 to a gram.

In 2018, the industry managed to close with flat sales over 2017 Diwali season.

"Gold prices have soared to ₹40,000 per 10 gram last month, just in the beginning of the festival season and still remains high. This has further dampened the already weak consumer sentiment."

"But if prices continue to correct during this week there may be some improvement in retail demand. However, the overall business will still be 30 percent lower than last year," All-India Gem & Jewellery Domestic Council chairman Anantha Padmanaban told PTI on Tuesday.

World Gold Council man-

Global economy is in a synchronised slowdown: IMF

PTI ■ WASHINGTON

The global economy is in a "synchronised slowdown" amidst growing trade barriers and heightened geopolitical tensions, the IMF warned on Tuesday as it downgraded the 2019 growth rate to three per cent, the slowest pace since the global financial crisis.

"This is a serious climb-down from 3.8 per cent in 2017, when the world was in a synchronised upswing," Indian-American Gita Gopinath, chief economist of the International Monetary Fund said in the foreword to the latest World Economic Outlook.

"With a synchronised slowdown and uncertain recov-

ery, the global outlook remains precarious. At 3 per cent growth, there is no room for policy mistakes and an urgent need for policymakers to cooperatively deescalate trade and geopolitical tensions," she said.

Besides supporting growth, such actions can also help catalyse needed cooperative solutions to improve the global trading system, Gopinath said.

Released ahead of the annual meeting of the IMF and World Bank, Gopinath in the World Economic Outlook said that this subdued growth is a consequence of rising trade barriers; and elevated uncertainty surrounding trade and geopolitics.

Man, who lost job at Jet, money at PMC Bank, dies Heartbroken

PTI ■ MUMBAI

A 51-year-old city resident whose deposit of over ₹90 lakh was stuck with the scam-hit PMC Bank died of a heart attack, hours after taking part in a protest by bank customers who are seeking their money back.

Sanjay Gulati, the deceased, had lost his job at Jet Airways when the airline was grounded in April, his family said. He also had a specially-abled child to support.

Gulati and his 80-year-old father CL Gulati participated in

the depositors' protest in south Mumbai on Monday morning. Later, while having a late lunch at his house in suburban Oshiwara, Sanjay collapsed, his family said.

He was rushed to a hospital where he was declared brought dead. The cause of death was given as cardiac arrest.

"He had lost his job recently and was extremely stressed for the last few days after the bank crisis. He feared we will not get any of our money back," wife Bindu Gulati told reporters on Tuesday.

aging director for India Somasundaram PR said this Diwali is not going to be very shiny following very high prices and already poor consumer sentiment dented by the deepening all-round gloom in the economy with every key indicators contracting or plunging month after month for nearly

a year.

"Buying is still happening at the very high-end, but bulk of purchases, that is the low-to-mid range, are affected badly. Looking at the current trend we may have to revise the overall 2019 demand target, which was earlier predicted at 750-850 tonne," he said.

Somasundaram said imports were much higher than demand over several quarters since Q1 of 2017, but July and August saw imports plunging 60 per cent, reflecting the already weak trade sentiment.

Exports decline 6.57% in Sep; trade deficit at 7-month low

PTI ■ NEW DELHI

India's exports remained in the negative zone for the second consecutive month in September contracting by 6.57 per cent to \$26 billion mainly on account of significant dip in shipments of petroleum, engineering, gems & jewellery and leather products.

Imports too declined by 13.85 per cent to \$36.89 billion in September, narrowing the trade deficit to a seven-month low of \$10.86 billion, according to the government data released on Friday.

Gold imports plunged 62.49 per cent to \$1.36 billion in the month. Imports during

the month slipped the most after August 2016, when inbound shipments had contracted by 14 per cent. The trade deficit stood at \$14.95 billion in September 2018.

India's services exports up 10% in Aug at \$18.24 bn

Mumbai: India's services exports rose by 10.4 per cent to \$18.24 billion in August in the current financial year, data from Reserve Bank showed on Tuesday.

The services exports or receipts were \$16.53 billion in the same month of 2018. PTI

BUSINESS CORNER

ERDOGAN ON TURKEY'S SYRIA OFFENSIVE

Op to continue until 'objectives achieved'

Istanbul: President Recep Tayyip Erdogan said Tuesday that Turkey's operation against Kurdish militants in northern Syria would not stop until "our objectives have been achieved".

Turkey is in the seventh

day of its assault against the Syrian Kurdish People's Protection Units (YPG), which it sees as a "terrorist" off-shoot of Kurdish insurgents in its own territory.

"God willing, we will quickly secure the region

stretching from Manbij to our border with Iraq and ensure that, in the first stage, one million, and then two million Syrian refugees return to their homes of their own free will," Erdogan said in a televised speech in Baku, where he was attending a regional conference.

He said 1,000 square-kilometres of Syrian territory had so far been "liberated from the separatist terrorist organisation".

Turkey plans to establish a safe zone stretching across northern Syria, to which it can repatriate many of the 3.6 million refugees that it is hosting from the Syrian conflict. **AFP**

US imposes sanctions on Turkey

Washington: Protesting Turkey's military offensive in northeast Syria, US President Donald Trump has announced sanctions against Turkish officials, raising of steel tariffs and ending negotiations on a \$100 billion trade deal.

Trump has signed an executive order that empowers his administration to slap sanctions on Turkey.

The treasury department has already placed Turkish Defence Minister Hulusi Akar, Interior Minister Suleyman Soyulu and Energy Minister Fatih Donmez on its sanctions list, while Trump in a letter to Speaker Nancy Pelosi of the US House of Representatives has declared the Turkey issue a national emergency.

On Wednesday, Ankara launched a cross-border assault on Kurdish fighters after the US decided to withdraw troops from Syria, a move criticised by the Republicans, with some terming it a "betrayal" of the Kurds.

"This (executive) order will enable the US to impose powerful additional sanctions on those who may be involved in serious human rights abuses, obstructing a ceasefire, preventing displaced persons from returning home, forcibly repatriating refugees or threatening the peace, security or stability in Syria," Trump said in a statement.

Turkey's military offensive is endangering civilians and threatening peace, security and stability in the region, he said, adding that he has been perfectly clear with his Turkish counterpart that his action is precipitating a humanitarian crisis and setting conditions for possible war crimes. **PTI**

Syria Kurds defend key town as Turkey ignores US

Tal Tamm (Syria): Kurdish forces held out in a key border town Tuesday seven days into a deadly Turkish invasion of northeastern Syria that has caused mass displacement and reshaped the political map.

The United States slapped sanctions on its NATO ally in a bid to stop an assault that its own troop withdrawal from the area triggered but Ankara showed no sign of relenting.

Using a dense network of tunnels, berms and trenches, Kurdish fighters from the Syrian Democratic Forces (SDF) have been mounting a desperate defence of Ras al-Ain. **AFP**

PROCLAMATION REQUIRING THE APPEARANCE OF ACCUSED PERSON (SECTION 82 Cr.Pc.)

Whereas complaint has been made before me that the accused person **Vijay Kumar, S/o K.S. Narendra Nathan, R/o H.No. 386, Sec-3, R.K. Puram, New Delhi** and the other address **H.No. F-353, Nanakpura, New Delhi** has committed (or is suspected to have committed) the offence in case **FIR No. 183/12 u/s 363/364 IPC, P.S. South Campus, New Delhi** and it has been returned to warrant of arrest there upon issued that the said accused person **Vijay Kumar**, cannot be found and whereas it has been shown to my satisfaction that the said accused **Vijay Kumar**, has absconded (or is concealing himself to avoid the service of said warrant).

China urges Turkey to 'stop military action' in Syria

Beijing: China on Tuesday called on Turkey to stop its military action in northern Syria and "return to the correct way of political resolution", with Ankara's operation against Kurdish militants in its seventh day.

Turkey launched an assault last week against the Syrian Kurdish People's Protection Units (YPG), which it sees as a "terrorist" offshoot of Kurdish insurgents in its own territory. **AFP**

Qatar defends Turkey's action

Doha: Qatar defended its close ally Turkey's controversial operation against Kurdish forces in northern Syria on Tuesday, saying Ankara had acted against an "imminent threat". Turkey has helped Qatar weather the effects of a two-year regional economic embargo led by Riyadh over claims of support for Iran and Islamist extremism, denied by Doha. But Ankara has faced widespread condemnation for its deadly incursion, with the US imposing sanctions on prominent Turkish leaders while France and Germany have halted arms sales. **AFP**

85 civilians killed, 373 wounded during Afghan election campaign: UN

Kabul: Hundreds of people were killed or wounded in violence related to Afghanistan's recent presidential election season as the Taliban sought to undermine the democratic process, a UN agency said on Tuesday.

The United Nations Assistance Mission in Afghanistan (UNAMA) reported that 85 people were killed and another 373 wounded in election violence during the period from June 8 to September 30.

On polling day alone, 28

civilians were killed and 249 injured. Children accounted for more than one-third of the victims.

Despite the high toll, Afghan security forces said election day was a success because the Taliban failed to pull off any large-scale attacks that stole the headlines.

The majority of Taliban attacks involved the use of rockets, grenades and mortars, as well as homemade bombs planted near polling centres, including schools, the report found. **AFP**

HRW warns against mass transfer of ISIS suspects to Iraq

AFP ■ BEIRUT

Human Rights Watch warned European countries on Tuesday against transferring foreign jihadist suspects from prisons in war-torn northeastern Syria to Iraq. The New York-based watchdog expressed concern that some countries with significant contingents of prisoners in Syria were seeking to move them across the border.

A Turkish invasion of areas controlled by Kurdish forces has sparked deep concern in Europe about the potential for mass breakouts by members of the Islamic State group.

Territory not becoming a police state: Lam

Hong Kong: Hong Kong's leader said on Tuesday that "it's totally irresponsible and unfounded" to suggest the semi-autonomous Chinese territory is becoming a police state as her Government grapples with protests now in their fifth month.

Carrie Lam has defended Hong Kong's 30,000-strong police force, now widely detested by protesters for its riot-control methods and nearly 2,600 arrests.

Responding to criticism from visiting US Senators, Lam

also said that she challenges every politician to ask themselves what they would do if faced by the scale of violence seen in Hong Kong.

The protests started in June over a contested extradition bill that would have allowed some criminal suspects to be sent for trial in mainland China and have snowballed into an anti-government, anti-police and anti-China movement.

The protests have increasingly ended in violence between hardcore demonstrators and police. Police on Monday said

a homemade, remote-controlled bomb intended to "kill or to harm" riot control officers was detonated as they deployed against renewed violence in Hong Kong over the weekend. Police say the device exploded not far from a police vehicle, but no one was injured.

An 18-year-old was to appear in court Tuesday facing a charge of intentional wounding for a slashing attack Sunday with a sharp blade, described as a box cutter by Hong Kong media, that cut a police officer's neck and severed a nerve. **AP**

Brexit deal 'possible this week': EU's Barnier

Luxembourg: EU Brexit negotiator Michel Barnier said on Tuesday that a deal with Britain could be reached this week, but warned more tough talks are still needed.

British and EU officials are racing to reach a deal on Britain's exit terms before a summit of EU leaders starting on Thursday, as Prime Minister Boris Johnson seeks to fulfil his vow to take Britain out on October 31.

As he arrived in Luxembourg to brief the other 27 EU states on the state of the

closed-door talks, Barnier struck a cautiously upbeat note.

"This work has been intense all along the weekend and yesterday because even if the agreement will be difficult — more and more difficult to be frank — it's still possible this week," Barnier told reporters.

"Obviously any agreement must work for everyone — the whole of the United Kingdom and the whole of the European Union. Let me add also that it is high time to turn good intentions into legal text." **AFP**

INDONESIA ARRESTS TWO DOZEN AFTER MINISTER ATTACK

Jakarta: Indonesian police said they have arrested more than two dozen suspected militants after members of a network linked to the Islamic State (IS) group tried to assassinate a Government Minister.

The world's biggest Muslim majority nation is on high alert ahead of President Joko Widodo's second-term inauguration on Sunday, with some 27,000 troops expected to be deployed in the capital Jakarta. **AFP**

CHINA CHEMICAL PLANT EXPLOSION KILLS 4

Beijing: An explosion at a chemical plant in southern China has killed at least four people and injured six. The Guangxi regional emergency rescue service said on its official microblog that an investigation was underway into Tuesday morning's accident in the plant that made the commonly used plastic Bakelite.

ZUMA FILES LAST-MINUTE APPEAL AT TRIAL COURT

Pietermaritzburg: South Africa's embattled former president Jacob Zuma will appeal a court ruling that he stand trial on corruption charges, his lawyer said on Tuesday, in a last-minute move delaying a case over bribery allegations dating back to a 1990s arms deal.

AFGHAN ARMY CHOPPER CRASHES, 7 KILLED

Kabul, Oct 15 (AP) Officials say an Afghan army helicopter has crashed in northern Balkh Province, leaving at least seven army personnel, including the crew members, dead.

PAPUA NEW GUINEA: WARRANT AGAINST EX-PM

Port Moresby: An arrest warrant has been issued for former Papua New Guinea Prime Minister Peter O'Neill on charges of corruption, authorities announced on Tuesday. The country's acting police commissioner David Manning said a district court had issued the warrant on Friday for the former leader, who was forced out of office in May after eight years in power.

PUBLIC BUSES RETURN TO TRIPOLI AFTER 30 YRS

Tripoli: Parked in a hangar in downtown Tripoli, some 35 buses awaited this week's launch of a new urban public transport scheme — the first in the Libyan capital in three decades. Imported from China, the brand new vehicles will make their first trips in the coming days, across a city that for six months has lived with the deadly rhythm of combat in its outer suburbs.

JAPAN TYPHOON TOLL REACHES 70, 15 MISSING

Tokyo: Nearly 70 people have been killed in Japan by Typhoon Hagibis, national broadcaster NHK said Monday, as the search for survivors continued for a third day. The broadcaster said 15 people were still missing after the deadly storm, which slammed into Tokyo and surrounding areas Saturday night.

Misbah disappointed with attitude of some players

PTI ■ KARACHI

Head coach-cum-chief selector Misbah-ul-Haq is extremely disappointed with the attitude of some Pakistani players, who shy away from proper training, lack discipline and don't adhere to professional standards.

Pakistan recently suffered a whitewash against Sri Lanka in the three-game T20I series at home and Misbah remains very disappointed at the way the top-ranked side capitulated to Sri Lanka in front of home crowds.

"What has disturbed Misbah the most in his first assignment as head coach and the chief selector is the reluctance of some players to follow directions of the management and do proper training to keep high fitness standards," one source said.

"He is unhappy that some players are just too relaxed and take training lightly and are not working on improving their cricket discipline. He has also not been encouraged by the attitude of captain, Sarfaraz Ahmed whom he feels shies away from taking responsibility when the chips are down."

Another source said that Misbah was surprised by the behaviour of three senior players — Wahab Riaz, Imad Wasim, and Haris Sohail.

"Several times he felt they were making excuses to shy away from training and proper nets. He got the feeling they had some sort of excuse ready to go easy on their training," the source said.

"Batsman, Haris Sohail has developed a painful habit of making excuses for having some nagging problem or pain when asked to push himself in training."

"Another problem which confronts Misbah is that most of the players don't appear to have the cricket discipline to follow and execute plans on the field which are discussed in the dressing room."

The source said at one stage Misbah even felt that the decision of former head coach Mickey Arthur to keep left-arm pacer Wahab Riaz out of the team was understandable.

The long-serving former Pakistan captain is also not pleased that some players are also not displaying the required professional standards.

"Two players bluntly informed their team's head coaches that they would reach for the National T20 Championship matches in Faisalabad on the morning of the games. When Misbah came to know about this he told the head coaches they should be more firm with the players and ensure they joined their provincial team a day before the matches," one source said.

Misbah is also surprised that Arthur and the ex-support staff didn't pay enough attention to developing proper batsmen in all formats and didn't look beyond Babar Azam.

"It is not a very happy situation now and one can expect Misbah to take some hard decisions as chief selector while selecting the T20 and Test squads for the coming tour of Australia," he said.

Zahid Mahmood, a leg-spinner who in the past has been ignored by the selectors and coaches, is now under the consideration of Misbah who is not satisfied with the form of current team leggies, Yasir Shah and Shadab Khan.

Similarly, Misbah is also on the lookout for some new pace bowlers and youngster Naseem Shah is under his scanner for the Australian tour.

The source said it will also be interesting to see whether Misbah supports Sarfaraz Ahmed to continue as a Test captain when the board meets to decide on the captains for the Australian tour.

No politics behind my selection as BCCI chief: Ganguly

SAUGAR SENGUPTA ■ KOLKATA

Even as Board of Control for Cricket in India president designate Sourav Ganguly returned to Kolkata amid a grand welcome the former Cricket India captain said there was no politics to be read into his getting nominated as the boss of Indian cricket.

Soon after landing at the NSI Airport the cricketing south-paw said, "there was no political pressure on me; neither is there any political deal," behind his getting the prized post. When asked as to whether he saw a shining political future ahead of him particularly after the 2021 Bengal Assembly elections, he remained non-committal saying "there was no talk with anyone on my political future."

Incidentally hours before being tipped off to be the first cricketer to become a BCCI president Ganguly had a brief meeting with Home Minister Amit Shah which many critics saw as a prelude to his becoming the Board president.

On whether there was any offer from any political bench for

him he said "there is nothing wrong if any politician wants good people to join politics. There is nothing wrong if Mr Amit Shah or Mamata Didi want good people to join their parties."

On his future chemistry with BCCI secretary designate Jay Shah he said "Jay and I have been very good friends."

Both of us are young and both of us have experience and both of us want to do something for the Indian cricket. So it will be a great inning for both of us. There will not be lack of any

effort ... whether I will be successful or not I can't say but I can say that I will work to the best of my capability for the cause of Indian cricket."

Dwelling on his priorities as the BCCI chief he said "my first priority is the whole lot of first class cricketers. It is this pool of cricketers from where the top players emerge. But the remaining lot of first class cricketers gets very little for them. So it will be my first priority to do something for them. We will work collectively and change their lives."

'Want to reverse losing trend in knock-out games of ICC events'

PTI ■ KOLKATA

Former India captain Sourav Ganguly, who is set to be the new BCCI president, wants the Virat Kohli-led national team to reverse the trend of losing the knock-out games in ICC events.

"India are a good team. I know they have not won a big tournament. But they play well in big tournaments except the semi-finals and the final. Hopefully, Virat can change it around. He is a champion player," Ganguly told reporters here on Tuesday.

India have not won an ICC event since the 2013 Champions Trophy. The team finished runner-up in the 2017 Champions Trophy final after losing to Pakistan.

In the World Cup earlier this year, India were one of the favourites to win the title but ended up losing the semifinal to New Zealand.

Smriti loses top spot

PTI ■ DUBAI

Injured India opener Smriti Mandhana has lost her number one status after being toppled by New Zealand's Amy Satterthwaite in the batting chart of the latest ICC ODI rankings.

Mandhana, who has 755 points, slipped to the number two spot after she missed India's recently concluded ODI series against South Africa due to injury.

The 23-year-old suffered a fracture in her right toe after being struck by a ball during a net session before the start of the ODI series against South Africa which India won 3-0.

Among others batters, skipper Mithali Raj moved down to the seventh spot while her Harmanpreet Kaur rose in the rankings to the occupy the 17th place.

Smriti Mandhana in a file picture. PTI

In the bowlers' rankings, Jhulan Goswami, Shikha Pandey and Poonam Yadav moved down to be placed sixth, eighth and ninth respectively.

Among the all-rounders, Deepti Sharma has moved down to the third place while Shikha Pandey broke into the top 10.

Jaffer slams 'unfit' Vadodara pitches for Hazare trophy

PTI ■ MUMBAI

Domestic cricket stalwart and former India opener Wasim Jaffer on Tuesday slammed the "unfit" pitches being used in Vadodara for the Vijay Hazare Trophy.

Jaffer took to Twitter to vent out his frustration.

"Absolutely unfit pitches to play in 'List A' matches in Vadodara," he wrote.

Later Jaffer, who is the highest-run scorer in Ranji Trophy, said that the pitch at the Motibaug ground was "close to being dangerous".

"Yes, specially the pitch at Motibaug is close to being dangerous. Two-three players were hit by a ball and nobody is scoring more than 150-160 runs."

"Our tournament was (suppose) to start on 24th (September) but then there was rain for two

weeks. So, I don't know why the Baroda Cricket Association first of all took up (the job) to host Vijay Hazare," Jaffer said.

All the Group B matches have been played in Baroda and Jaffer's team Vidarbha won only two of their nine games, losing four. Three of their games had no result. They are languishing at the 8th spot in the Elite Group B standings and 13th in the combined Group A and B standings.

"And the matches we are playing on, if you look at the scores, you will get to know what kind of wickets we are playing on. In Bengaluru, Jaipur and Dehradun they are getting good pitches to play (on), so its just feels very sad," Jaffer said.

A senior member of the Vidarbha's coaching staff believes that the match-referee should submit a detailed report about the condition of pitches to the BCCI.

Ireland, Scotland attempt to deny minnows 'dream'

AFP ■ DUBAI

Ireland captain Gary Wilson wants his side to ensure they finish "right at the top again" in the upcoming 2020 T20 World Cup qualifying tournament, but Nigeria and Jersey are among those chasing a "dream" appearance on the global stage.

Scotland are the highest-ranked team in the competition, with 14 nations vying for six places in the opening round of next year's World T20 in Australia, where they would join Bangladesh and Sri Lanka in attempting to reach the 'Super 12s'.

Ireland are the only Test team having to go through qualifying, which starts on Friday in the United Arab Emirates, and will be expected to book a sixth straight appearance in the tournament.

"We are here to compete at the world stage," said Irish skipper Wilson.

"We have a great record in the Middle East and the boys are looking forward to a great tournament and ensure we finish right at the top again."

The winners of each group of seven will qualify automatically, with the four remaining spots to be decided in playoffs.

Scotland, 11th in the world T20 rankings, claimed their first-ever win at a global ICC tournament in the 2016 edition by beating Hong Kong, but will be looking to put the pain of agonisingly missing out on the 50-over World Cup earlier this year behind them.

They had two chances to secure a place during last year's qualifying in Zimbabwe, but lost to Ireland before rain cut short their tense run chase against two-time world champions the West Indies.

"We know every team is dangerous in this competition," said Scotland captain Kyle Coetzer. "It is vitally important not only for us as Scotland but for every team here."

JERSEY CHASING 'DREAM'

The Netherlands, who reached the 'Super 10' round in 2014, Oman, Hong Kong and hosts the UAE will all be among the favourites to qualify.

But the likes of Nigeria, Jersey and Singapore insist they are not going to just make up the numbers as they bid to give cricket a boost in their countries.

There was already a shock in the Asian regional qualifiers, with Singapore reaching this stage ahead of Nepal, the world's 13th-ranked outfit.

Island team Jersey are playing in their second consecutive qualifier, having fallen short four years ago despite surprise victories over Hong Kong and Nepal.

"For Jersey, it would probably be the biggest thing that has happened in our sporting history," admitted captain Charles Perchard.

"It's a dream of ours to potentially play in a World Cup next year..."

"We're a small island

and in a lot of sports we do punch above our weight, especially in cricket and qualification would be massive for our country."

Nigeria have reached the final stage of qualifying for the first time as cricket continues to grow in the African country, with their youth side booking a spot at next year's Under-19 World Cup in South Africa.

"It would be a great thing to be at the World Cup. It would be a great history for Nigeria," said their skipper Ademola Onikoyi, after his team took the place of Zimbabwe following their suspension by the ICC.

"Our juniors will be at the World Cup next year in South Africa, so we want to do that as well."

Singapore, led by Amjad Mahboob, are also debutants at the qualifying event, while Bermuda will be looking to repeat the heroics of their side who famously reached the 2007 World Cup.

The qualifiers get underway on Friday, with Scotland facing Singapore in the opening Group A game, while Ireland take on Hong Kong and the UAE play Oman in Group B.

Delhi eye maiden PKL final place

PNS ■ NEW DELHI

With the VIVO Pro Kabaddi League Season Seven entering its penultimate phase, the semi-finals, all eyes are on the star athletes who have pushed their teams towards the coveted title. Defending champions Bengaluru Bulls have rode on Pawan Sehrawat's raiding brilliance all season but they will be up against League toppers Dabang Delhi KC, who have with them another brilliant talent in raider Naveen Kumar. In the second semi-final, Bengal Warriors will face an in-form U Mumba side, who outclassed a strong Haryana Steelers unit in the Eliminator.

BATTLE OF RAIDERS

For most parts of this season, Pawan Sehrawat has looked the best Kabaddi player in the country, and he has carried that form into the crucial, knockout stages of the competition. His 20-point performance was vital in Bulls' comeback victory against UP Yoddha in the Eliminator and the defending champions will once again be reliant on the High-Flyer for the raid points against Delhi, especially with Rohit Kumar still looking troubled by his back injury. Pawan has 328 points from 23 matches this season, including 17 Super 10s, but the raider will be facing a familiar foe in Delhi's left corner Ravinder Pahar. Interestingly, the 'Hawk' has a better head-to-head history against Pawan in duels (8-7), and will take belief from Nitesh Kumar's performances for UP against the raider from the same position.

At the other end, Naveen Kumar will be keen to launch the wrecking ball onto a leaky Bulls' defence. Barring Mahender Singh, no defender looked convincing in their game against UP, and in Naveen they will be facing a raider of another class. The 19-year-old, a produce of the

"WELL-BALANCED" SIDES

Bengal Warriors, arguably, have been the most complete side in Season 7, with their defence and attack firing hand in hand. But they will be facing a U Mumba, often called a defence-reliant team, who have discovered a new dimension through two young raiders — Abhishek Singh and Arjun Deshpale. The duo scored 32 points for the Mumbai side in their Eliminator round, and with U Mumba also peaking at the right time, the second semi-final will be a tactical warfare. Baldev Singh (averaging 2.59 tackles per match) and Rinku Narwal have been in good form for the Warriors and they will be keen to make life difficult for Mumbai's young raiders. Maninder Singh's injury concerns will be a concern for the Bengal team though, especially with Mumbai corners of Fazel Atrachali (top scoring defender in season seven with

81 points so far) and Sandeep Narwal in red-hot form. But in K Prapanjan and Mohammad Nabibakhsh, the Warriors have a great raiding unit to support Maninder.

The eliminator rounds were testimony to the fact that there can be no clear favourites in a Kabaddi match. Expect nothing short of fireworks as the most fiercely competed season of VIVO PKL enters the final stages.

The players had a take on the semi-final match:

Talking about the semi-finals Pawan Hi-Flyer Sehrawat, Captain of Bengaluru Bulls, said "It was a great match yesterday, I have never played such a high

Fest for sure!"

Talking about the semi-finals Fazel Sultan Atrachali, Captain of U Mumba, said "The last match with Haryana was very difficult as Haryana had played us very recently and they knew our gameplay. They had strategized accordingly to ensure the best result. However, it was a very important time for me because in the last season, we qualified to the playoffs and then couldn't go further so I wanted to not repeat the same mistake. Yesterday's game was really good because we won such a tough match so the team is very motivated and confident. We have strategized focusing on defence and when we have a controlled defence we perform really well. Even Bengal Warriors has a good defence but I think we can overcome that. We need to concentrate on team work and not depend on any one player during the match, everyone has to support each other and play as a unit."

Talking about the semi-finals Joginder Narwal, Captain of Dabang Delhi, said "The season has been tough and the competition during the league stage is high. The team worked hard and emerged as table toppers, we wish to continue the momentum and give our best during the semi-finals. We have always taken one game at a time and will do so even for our match against Bengaluru Bulls. Our aim is to pick the cup this year, and we are working towards it."

Talking about the semi-finals Nabibakhsh, Bengal Warriors, said "U Mumba put up a good game, they were on point with their defence and offence. We are preparing for the semi-finals and practicing rigorously to make sure we keep the pressure on our opponent from the beginning. The match against U Mumba will be a neck-to-neck battle and we will give our best to make sure we emerge victorious and advance to the finals."

MBA in Information Technology Business Management is an extensive course with specialised streams, designed to inculcate and amplify the necessary skills within students, which will help them understand the business requirements and devise potential technology solutions for the successful execution of the same. The programme aims at developing professionals with excellent leadership, management and entrepreneurship qualities. MBA in IT Business Management is a two-year post-graduate programme. It is one of the most advanced courses present in the education world today.

MBA (ITBM) trains the students to lead their organisations with proficiency and with caliber. This course gives them an opportunity to transform themselves into multifaceted experts in the Information Security industry. MBA (ITBM) has an extremely comprehensive scope as it offers various specialisations to the students and lets them select the field they would like to explore. This opens a plethora of professional doors for a fresh graduate to enter. The specialisation streams of MBA (ITBM) include systems, information security management, software solutions management, IT infrastructure management & data science.

The systems specialisation provides insights, knowledge, and practice on the vital amalgamation of business and technology, and builds the mastery it demands to manage and balance both. This programme focuses on equipping tech into business processes through the application of innovative strategies. The industry-centric course content covers all the essential aspects, including enterprise resource planning, service-oriented architecture, requirements engineering, enterprise performance management, six sigma for process optimisation and more. The career prospects in this specialisation include functional consultancy, requirements engineering, process optimisation, business development, ERP planning and implementation, business analysis, quality management and business process management.

Information Security Management specialisation emphasises on the management of risks associated with operating systems, databases, applications, routers and firewalls and others in organisations that are evolving and expanding each day. Alleviating these risks on each level has become an absolute necessity of a growing business. The Information Security Management specialisation aims at developing professionals who are capable of understanding information workflows and the risks associated with them so that they can form strategies for an information secured business environment. Prospective career profiles for this specialisation are information risk management, IT security consulting, IT advisory services, information security audit, identity and access management, BCM & ISMS implementation, HIPAA auditing and implementation, compliance and due diligence, IT project advisory.

Software Solutions Management

TAKE AN ADVANCED ROUTE

A specialised MBA opens a plethora of doors for fresh graduates, says DR DHANYA PRAMOD

specialisation teaches students the art and process of fetching effective solutions to the problems concerning the business of an organisation. They learn about management information systems, principles of marketing, finance, HRM, data warehousing & the concepts related to business intelligence. MBA SSM students comprehend how to handle technology, along with possessing standard managerial skills. They also

gain knowledge about different and diverse domains like manufacturing or logistics and banking or finance. prospective career profiles for this specialisation are IT sales and marketing, business process analysis, software solution development, quality verification, enterprise solutions architecture, technology-functional consultancy, software architecture and devops.

TIPTOP Ace UPSC IES interview

It is vital for engineering aspirants to crack the interview round. AKHAND SWAROOP PANDIT tells you about the tips and tricks that will help students

Qualifying for the interview of UPSC engineering services, which is the final stage of selection has always been a dream for its aspirants. Everyone wants to perform their best at this stage. After all, the selected candidates are among the 0.5 per cent who manage to crack the IES examination. Nearly 1 lakh students compete for around 600 vacancies every year for different engineering branches. While the written test evaluates the technical knowledge of the candidates, the IES interview gauges their personality combined with their field-related knowledge. The interview also tries to bring out qualities like intuitive powers, spontaneity, practicality, soft skills, leadership qualities, confidence level and team spirit of the finalists. That said, it is the 200 marks and a set of rigorous questions that ultimately decides the fate of those 0.5 per cent candidates whether they can manage to get through one of the most sought-after engineering recruitment examinations. Sounds gruelling? Fret not! All you need is a well-defined plan and some extra efforts to tackle all your apprehensions and give your best shot. Here is a list of preparation tips and tricks for the upcoming IES interview:

Pay attention while filling the Detailed Application Form (DAF):

Prior to your interview, the most crucial thing is to fill the DAF very carefully. Because, a lion's share of the interview questions will be based on your own profile such as your previous job experience, hobbies, your hometown, college and others. You cannot afford to go wrong while answering those questions and stick to the information while you are talking at the interview.

Focus on current affairs: The candidate must stay updated with the latest national and international affairs. So flip through the news-

papers, surf the current affairs blogs and news pieces and take quizzes as much as possible.

Keeping the knowledge about your subjects and the final year college project in place: The interview board pays a lot of attention to a candidate's technical and subject knowledge. So make sure you get your basic concepts right and prepare two/three of your favourite technical subjects and their practical applications as you will be asked questions about your understanding of the subjects

Emphasise on the tricky ques-

tions: The interviewer might ask questions related to your state/city and its historical importance, your hobbies, your weaknesses, the reason behind joining IES and much more. These questions should be answered tactically to avoid creating any negative impression on the panel. For instance, while talking about your weaknesses, direct your answers smartly towards your strengths.

Never create answers: Not sure about your answer to a particular question? Say it clearly to the interviewer. Never try to say anything negative or create answers to something you are not sure about. It will only create a negative impact and confusion.

Groom yourself well on the Day: We all must have heard the saying, the first impression is the last impression. So, make sure you are formally dressed and well-groomed for the interview as this will create a lasting impression on the interviewer from the time you enter the interview room.

Remember, it is the selection day so give your best shot at the interview with patience, confidence and clarity. This will increase your chances of getting through the interview with utmost success.

'Need for engaging education mores'

Experiential learning enables children to organise their pattern of thought and transform them into action more effectively, says MANDAR NATEKAR

Knowledge is believed to be transcending international boundaries overcoming regional barriers more widely and quicker than ever before. People along with their children are travelling the globe providing the young ones an enhanced exposure to experiences and more opportunities to learn new things. Educators believe that there is a need to scout for more innovative ways for children to gain relevant knowledge and skills in an easy and impactful way.

Experiential education is one such well-structured methodology of learning. It enables children to organise their pattern of thought and transform it into action more effectively. It helps them understand their existing environment and be better prepared to deal with real-life scenarios, as they grow older. Being a parent or guardian, one would observe that when children return from school they are more likely to initiate discussion about what all transpired that day rather than sharing what was actually taught in the classroom. Such is the power of an experience that allows more retention and can leave an ever-lasting impact on a child's mind, over and above any traditional method of learning.

The benefits of experiential learning are embedded deep within

the core of a child's learning process. This methodology helps breakdown complex knowledge into simpler content that is engaging and quick to learn. As we know, in a traditional classroom setup the dominant mode of learning is listening, however, in an experience based environment learning goes beyond the classroom and forces a child to use cognitive abilities in combination with physical skills to take a desired action. This brings out various aspects of a child's personality to the forefront and helps them recognise their skills and interests in unique ways.

When a child is rewarded for taking a particular action, it encourages them to further undertake those tasks repeatedly, therefore becoming better with each play. Experiential education starts

with a basic visit organised by the school to a Museum, voluntary work in the local community, or project oriented visits to National parks and so forth. These experiences were widely used across the globe as a part of the curriculum to make real-life scenarios informative and fun for children.

Later we saw that there truly was a need for more engaging means of learning for children. This gave rise to digitalisation of classrooms, educational toys, show events, and edutainment or theme-based parks with newer attractions. To complement these means, technologies like recorded audio headsets, audio books, simulated games can also be used to give on-ground learning a new dimension altogether.

The writer is CEO, KidZania India

QUOTE OF THE DAY

Any book that helps a child to form a habit of reading, to make reading one of his deep and continuing needs, is good for him

— Maya Angelou

INBRIEF

INDUCTION PROGRAMME

The KIIT College of Education organised the Induction programme for its BED programme students. The objective of the event was to give the new students information about their chosen design discipline and familiarise them with the various resources at the institute that will enhance their academic experience at KIIT.

The occasion included an inspirational speech by Prof (Dr) M Sen Gupta, Director, KIIT College of Education, who elaborated on the role of Educators and the moral, ethical and academic responsibilities of sincere learners. She also spoke about the importance teaching as an integral element of our existence and how it has the power to bring about immense change in the world.

NEW CAMPUS ON BOARD

Symbiosis International (Deemed University)'s new state-of-art Noida Scampus was inaugurated on September 24, 2019 by Ramesh Pokhriyal Nishank, Minister of Human Resource Development at Sector 62, Noida.

Headquartered in Pune, Symbiosis started its Off Campus Centre at Noida with two schools viz — Symbiosis Centre for Management Studies (SCMS) and Symbiosis Law School (SLS) in 2010. Symbiosis Law School, NOIDA and Symbiosis Centre for Management Studies, NOIDA have moved to this newly built infrastructure. Located at SIU, Block A, 47/48, Sector 62, Noida, this modern spectacular campus boasts of international faculties and world class facilities for education, promising the students a world class environment to embark on their careers.

AIRCRAFT MAINTENANCE ENGINEERING PROGRAMME

The Irish-based Limerick Institute of Technology (LIT) in conjunction with Lufthansa Technik Shannon Limited (LTSL) have launched a dynamic new course in aviation open to students all over the globe. The new Bachelor of Science in Aircraft Maintenance Engineering is a full-time QQI Level 7 accredited course that will run for 28 months.

Expressing her interest in the affiliation, Cliona Campbell, Director of International Affairs, Limerick Institute of Technology said: "Collaborating with Lufthansa Technik Shannon helps us to create an extraordinary teaching programme that will boost a student's career in aviation."

The training programme is divided into three stages, which will equip students with the skills, expertise and confidence to begin a career in the global aviation industry. Students will gain experience across every area of the aircraft and will experience modules such as, electric fundamentals, inspection techniques, basic aerodynamics and many more to bolster their knowledge.

IIIT-DELHI WEBSITE LAUNCHED

In line with the target of making Delhi a global destination for World Class education, Manish Sisodia, Deputy CM kick-started the process for international students admissions to more than 21 programmes at IIIT-Delhi by launching the website.

The Institute offers undergraduate, postgraduate and PhD programmes in computer science, electronics and communications, computational biology, human centered design, mathematics and social sciences.

The admissions for International students will happen in three phases. The early action application deadline for BTech admissions is November 7, 2019. Regular application deadline is January 1, 2020 and late action deadline is March 1, 2020. Similarly, early, regular and late application deadlines for MTech admissions are December 1, 2019, February 1, 2020 and April 1, 2020.

Grow professionally

Banking sector puts a lot of emphasis on development of skills. This is the reason why it attracts the best talent, says PROF AMIT GOYAL

The banking and financial services have always been the most preferred employment sector for the best students across the world. Over 10 international banks like Goldman Sachs, JP Morgan and American Express and 30-plus Indian banks like ICICI, Yes, Axis, IDBI, Kotak, HDFC and Citi are regularly seen scouting for talent at Indian campuses. The tradition of IIMs shows that top students have always had a bias towards working in the banking sector.

A Deloitte survey on *Popularity of working in Banking* conducted in 2013 found that students seeking banking jobs are motivated by learning and earning prospects of banking sector. Top factors that are attached to banking sector jobs which make it a career of choice are:

TRAINING & DEVELOPMENT

We are living in the knowledge society and the real talent of today values continuous learning and development. Inherently, finance and banking are information driven industries. People working here are always learning and dealing

with new and innovative practices that make the jobs interesting for them. Also, being a people oriented sector, banks put a lot of emphasis on developing professional skills of its people. This makes it the foremost reason why banking sectors attracts the best talent across the world.

FINANCIAL STRENGTH

The huge capital norms and the backup of central banks make banking and financial service companies very strong and stable.

The fact that they are dealing with the public money gives them a lot of Government protection. Strong regulations block the entry of non-serious or weak players in the sectors. These factors put together make banking jobs a lot more secure and stable.

GOOD FUTURE REFERENCE

A student who once becomes a banker is able to reap benefits for his entire career. A banking job of a few years in the beginning of an individual's career makes it a good career reference for the future. Experience as a banker helps a

THE BANKING SECTOR IS GROWING AND SO ARE THE OPPORTUNITIES. BANKS OFFERING DIFFERENT TYPES OF SERVICES RECRUIT CANDIDATES WITH VARYING SKILLSETS

candidate both professionally and socially.

PRESTIGE

Bankers or anyone else dealing with money have always commanded a higher social status in all cultures and societies, since time memorial. The prestige that is attached with a banking job both global and

rural. The respect and prestige of being a banker is therefore a strong intrinsic reason for a lot of talented candidates to seek a banking career.

WHAT WILL YOU BECOME?

The banking sector is growing and so are the opportunities therein. There is no one size fits all profile in banking. Banks offering different types of services recruit candidates with varying skillsets. The role of a clerk in a fully computerised branch has already become redundant.

Most people are recruited in office profile and are required to have specialised domain knowledge. The curriculum and pedagogy is carefully designed to prepare our students for these profiles. During the course of study, the corporate relations department helps a student in identifying the most suitable profile according to their strengths and aptitude.

WHERE WILL YOU WORK?

There are many categories of Banking Financial Services and Insurance companies in India where one can work like Wealth Management, Bank &

NBFC, Asset Management, Fintech, Brokerage, Insurance, Accounting & Taxation, and Rating Agencies.

Students have many designations like Trade Finance Manager, Trade Desk Manager, NRI Banking Officer, Financial Planning, Service Delivery officer, Relationship Manager, Management Trainee, Business Banker, Credit officer, Forex Officer, Credit Analyst, Risk Analyst and Operations Executive to name a few.

HIGH FUTURE EARNINGS

The average salary of a fresher in BFSI sector is ₹2-2.5 lakh per annum, with three-five years of experience can earn ₹5-₹6 lakh per annum and with 10-plus years experience one can get ₹10 lakh per annum.

The trends show that after making a ground hold for about two-three years in banking industry people tend to grow faster in this sector.

It is notable that good students are usually forward looking and prefer jobs which give them higher future growth than immediate salary.

The writer is Director, TKWs Institute of Banking and Finance

‘Soft skills are just as essential at workplace’

Having an edge over the others can go a long way in building a successful career. Hence, human skills are important, says RACHIT JAIN

In a professional world of cut-throat competition and performance-based assessments, soft skills might appear to be an understated requirement. However, one cannot do without them. A candidate might be a programmer, an engineer, a writer or a sales person, but he is first a human being with an emotional quotient. Human skills are technically not considered a part of professional talent; yet even the best professional talent is futile without essential soft skills. You might be the best developer in the organisation, but if you are insincere, unable to communicate well with the team, lack the ability to collaborate and fail to maintain a good equation with your clients, your technical ability or hard skills is going to get you only so far.

Increasingly, organisations are realising that without the necessary human skills, professional talent too has its limitations. If an employee lacks technical skills, training and experience can help improve it. However, when it comes to attitude and aptitude, these are soft skills that can't be taught or ingrained.

Why soft skills matter?

Between two employees who are equally good at their work, which one will you choose to service a client? One who is approachable, doesn't lose patience easily, communicates seamlessly and greets everyone with a smile or the one who often turns irritable?

It is not difficult to understand why soft skills are important than hard skills. Soft skills include a series of personality traits that enable an individual better navigate his environment and handle difficult situations with grace. These human traits include social and communication skills, sincerity towards commitment, emotional intelligence, negotiation, conflict resolution as well as people to people skills. Empathy, patience, flexibility, tolerance and an ability to communicate in difficult situations without arousing tempers are very important skill sets.

Can soft skills be quantified?

It is difficult to quantify or judge soft skills in an individual at the time of recruiting. There aren't many tests to judge skills like communication or even sincerity. However, if you accord the due importance to soft skills, there are subtle ways in which you can assess these during recruitment.

This includes keeping a close eye on the way the individual communicates, the sincerity and maturity he displays throughout the process. If a candidate takes more than a week in responding to your requirement of submitting some documents, you get gauge a lackadaisical attitude behind it. Also important is

Rachit Jain
Founder and CEO, Youth4Work

to watch for the written communication with the candidate that gives a fair idea about the maturity of expression and sensibility of thought of the individual.

As a recruiter, nobody wants to be flooded with resumes from a job portals listing non-human or mechanical skills like years of experience, this degree or that course. What I am looking for are the people who are actively searching jobs in the job position offered and are able to show some passion towards it. This is why we have tried to design innovative Talent Boards that display list more than just the technical skills of an individual.

Our algorithms do not just rank candidate profiles based on a series of technical skill tests but also try to extract exceptional insights into a candidate's skills, attitude, pro-activeness and sincerity by analysing the smart data behind the candidate's activity on the algorithm. Combining the human element with data creates a smart data pool of talent that is much more representative of a candidate's skill set than a simple resume is.

As there arises a greater shift in organisational attitudes towards analysing soft skills during recruitment, we will witness a greater proliferation of similar algorithms and psychometric tests that lay equal value on quantifying soft skills and aptitude. We will also have more organisations investing in building soft skills among their employees through psychological skill training and team building activities.

MIND IT

their organisation. The PA can help determine which candidates are a better fit along with delineating various factors involved in such decision-making.

Predictive social media analytics and sentiment analytics are some of the solutions that can look at non-numeric data, such as feedback surveys, social media content and others to gauge the engagement level of employees. Leveraging the insights collected from these systems, organisations can come up with relevant strategies to bolster employee engagement while delivering superior employee experience.

All organisations incur recruitment cost and it goes waste when the selected candidate does not join the workforce. In addition to losing money, it can also negatively affect an employer's brand. The PA will assess historical data to unearth possible renege and help managers take the necessary decisions. It also helps in predicting the attrition before it happens. It will also look at an organisation's data to identify factors that have the most significant influence on an employee's flight risk. Managers can then use this data and address these issues before they cause an employee

to leave. Google is one of the first companies to effectively utilise predictive analytics in its hiring process.

The above examples of predictive analytics are not limited to predicting the future trends but also predicting the category — whether the candidate is suitable to be hired or not. The PAs are used to classify the performance of employees as high, medium and low. HR managers analyse a large number of variables and with the help of technology are able to predict the performance of employees. This way HR managers can use statistics and technology to make better decisions. The PA where classification is done, may use past known outcome and derive rules for prediction or group the employees with similar behavior

when the outcome is unknown.

Thus, HR managers can classify the performance of employees in three categories: high medium and low performing, without resorting to the traditional normal curve.

The companies who have started using PA in HR use one or more statistical procedures like Regression-Linear and logistics, Decision tree, Random Forest, Cluster Analysis, Neural nets etc.

In view of this, there is no doubt that analytics can be a powerful data-driven tool for organisations to anticipate performance outcomes and develop pro-active strategies in Human Resource Management.

The writer is Sangeeta Shah Bhargava, Professor, Information Management Area, MDI Gurgaon

The Faculty of Engineering at the University of Strathclyde, Glasgow has a number of scholarships available for new self-funded, international (non-EU) fee paying students with excellent academic qualifications for the MSc in Civil Engineering with Industry programme starting in January 2020.

Value: Up to £3,000
Duration: One year
Eligibility: The scholarship is available for application to all self-funded, new international (non-EU) fee paying students holding an offer of study for the MSc in Civil Engineering with Industry. You must start your full-time MSc in January 2020. One will need a minimum of a 2:1 (or equivalent) in your undergraduate degree to be considered.

For more information - <https://www.strath.ac.uk/studywithus/scholarships/engineeringscholarships/faculty-of-engineeringexcellence>. One can contact: eng-scholarships@strath.ac.uk

Application deadline: The last date to apply is January 17, 2020.

Fully Funded Doctoral

Scholarships administrated by the Central European University in Hungary.

The educational program is open for outstanding international students, who want to study doctoral degree coursework for the academic year 2020/21.

Award: Up to €1,350
Eligibility: To be considered for this grant, applicants must have a master's degree (or equivalent) in a related field from a recognised university or institution of higher education, or provide documentation indicating that they will earn such a degree before enrollment in a CEU doctoral course of study.

Supporting Documents: Academic writing submission, letters of Recommendation, academic records, and curriculum vitae or resume must be submitted.

Admission Requirements: For admission, candidates must have a master's degree (or equivalent) in a related field from a recognized university or institution of higher education. **Language Requirement:** You should check all the English language requirements when you come to study at Central European University.

How to apply: Online application system for the grant.

Application deadline: The last date to apply is January 30, 2020.

STUDY ABROAD ‘One of the best ranked programmes globally’

Professor Avril Robertson, Director of Biotechnology programmes, University of Queensland talks about important of the course

■ **What makes the course on Biotechnology at University of Queensland (UQ) so special?**

The programme is consistently ranked best in Australia and top 10 globally according to the prestigious Shanghai

Ranking Global Ranking of Academic Subjects (2017-2019). The course is founded on excellence in both teaching and in research. It spans Bachelors, Masters and PhD levels. It is taught by scientists who have commercial expertise and industry experts into the classroom.

■ **Why should Indians pursue this course?**

The Biotechnology sector in India is forecast to grow tenfold to around \$100 billion by 2025. Growth will be in the areas of bio-pharmaceutical (prediction, diagnosis and treatment of disease), agricultural biotechnology and the biotechnology service industry. This demands a workforce skilled in cutting edge science and knowledge.

■ **What about fee and scholar-**

ships?

The indicative annual fee for Master of Biotechnology in 2020 is AUD \$41,040. A standard full-time study load is 16 units per academic year. All fees are reviewed annually.

The School of Chemistry and Molecular Biosciences offer exciting scholarships; the value of the scholarship is 50% of the tuition fees payable for the minimum number of units required to complete the programme by the student.

■ **What about jobs and placement?**

A biotechnology qualification can launch careers in area of science or technology like synthetic biology, health data analytics, agricultural science and drug design and development. One can pursue a career as directors and founders of technology start-ups, product development experts, consultants, clinical trials management, research team leaders to name a few.

■ **How to apply?**

Students in India are encouraged to submit their applications through an authorised UQ representative in India can help with information about entry requirements, the application process and studying.

IN BRIEF

ZERO WASTE PATTERN AT ORIGAMI WORKSHOP

The Indian Institute of Art & Design recently conducted a series of origami Workshop for Students of Interior Architecture and Design and Fashion Design by Aditi Anuj alumni of (National Institute of Design, Ahmedabad) at the college campus.

The aim of the workshop was to help students explore the endless opportunities of incorporating origami folding techniques in solving design

problems. The workshop also offered the students an opportunity to practice zero waste pattern making.

The workshop helped the students practically comprehend the importance of dimensions and perspectives as they played with space and shape through this paper folding technique. The process of creating through a single medium acted as a means for innovative ways to ideate and design.

PTE ACADEMIC 79 PLUS LAUNCHED

In their endeavor to make the preparation more effective, Pearson, has launched PTE Academic 79, a practice resource to aid effective preparation for the test. PTE Academic 79 Plus is a step by step guide to all task types in PTE Academic that empowers test takers to achieve their dream score.

The company also introduced the PTE Academic Official Practice

app as a digital resource that will assist learners and test takers to prepare for the language proficiency exams, especially Pearson Test of English (Academic), to pursue education abroad.

It is a user-friendly guide with simple and lucid language, comprising of more than 150 examples along with detailed explanations as well as two full-length practice Tests. This

comprehensive book is mindful of the various needs of PTE Aspirants and is a stepping stone to achieve their study abroad objective.

The app includes a Q&A section with detailed, section-wise information about the test, the process and criteria for score. The content available on the app is a combination of item/question information, practice and key information for test prep.

TAKE AN UNCONVENTIONAL PATH

Can poker become a career option? The answer is yes. It may seem easy to learn but it needs a whole lot of hard work and skill to master the game. And with an increased number of Indians showing interest in card games, it becomes important to make sure players are well educated with the tips and tricks of it.

"It is a serious jigsaw and there are loads of strategies that one has to learn to be a professional poker player. Education in poker is extremely necessary for a country like India, where

people consider all card games to be bad." Varun Mahna, CEO, Poker Dangal says. In the case of poker, as it involves hours of learning, analysis of hands and observing your opponent's body language and strategy, it becomes more of a skill game. Hence developing more knowledge on the sport of poker will definitely help in accentuating its position as a skill

"Educating the youth about the game of poker will also lead to responsible gaming which is a serious concern and is the need of an hour," Mahna says.

Benchmark indices log gains for third day

PTI ■ MUMBAI

Indian equities continued their winning run for a third session in a row on Tuesday as positive news on the US-China trade deal front and consumer demand revival hopes in the upcoming festive season enthused investors.

The BSE benchmark Sensex rallied around 421 points during the day but pared some gains towards the fag-end of the session and settled 291.62 points, or 0.76 per cent, higher at 38,506.09 — a two-week high for the index.

Similarly, the broader NSE Nifty rose over 87 points, or 0.77 per cent, to settle at 11,428.30. The market rally was mainly driven by auto and metal stocks.

Top gainers in the Sensex pack were Vedanta, M&M, ONGC, Hero MotoCorp, Maruti Suzuki and HUL rising up to 3.79 per cent.

On the other hand, Bharti Airtel, Infosys, Tata Motors, HCL Tech, Tech Mahindra and Bajaj Finance fell as much as 2.53 per cent.

Of the 30 scrips on the Sensex, 24 shares closed with gains and 6 with losses.

Sectorally, BSE auto emerged as the top gainer with 2.36 per cent rise. Other top performers were metal, banking, power and FMCG — rising

1.56 per cent.

On the other hand, BSE telecom, teck and IT indices fell up to 2.15 per cent.

In the broader market, BSE largecap outperformed the benchmark Sensex by rising 0.79 per cent. BSE midcap index also gained 0.72 per cent but smallcap index slipped 0.11 per cent.

In the last three trading sessions, the Sensex has added 625.69 points or 1.64 per cent and the Nifty has gained 193.75 points or 1.71 per cent.

“Green shoots from US-China trade talks added positivity while outperformance in domestic auto stocks in expectation of festival demand further lifted the sentiment. FIIIs are net buyers in the last two days given stability in global market. Start of Q2 results is mixed but some tailwinds on future earnings outlook will help the market to maintain the momentum,” Vinod Nair, Head of Research, Geojit Financial Services, said.

Experts are also of the view that the central bank will continue with its accommodative policy stance and may go for further rate cut in the policy review of December 2019, as retail inflation moved up in September.

Retail inflation climbed to a 14-month high of 3.99 per cent in September due to cost-

lier vegetables and pulses but still remained within the RBI’s comfort zone, government data showed on Monday.

Meanwhile, the Indian rupee tumbled by 31 paise to end at 71.54 against the US dollar. Brent crude futures, the global oil benchmark, fell 1.75 per cent to USD 58.31 per barrel.

Elsewhere in Asia, bourses in Shanghai, Hong Kong ended in the red, while those in Seoul and Tokyo ended high-er.

Exchanges in Europe were trading on a positive note after European Unions top Brexit negotiator hinted at the possibility of a deal this week.

Meanwhile, gold witnessed muted trading on Tuesday, rising marginally higher by Rs 5 to Rs 39,105 per 10 gram in the national capital as a weaker rupee kept the downside limited, according to HDFC Securities.

“Spot gold prices for 24 Karat in Delhi were trading marginally up by Rs 5 at Rs 39,105 as weaker rupee kept the downside limited. Spot rupee was trading 10 paise weaker against the dollar during the day,” Tapan Patel, senior analyst — commodities, HDFC Securities said.

The yellow metal had closed at Rs 39,100 per 10 gram in the previous trade here.

No trade disputes with US: Goyal

PTI ■ NEW DELHI

Commerce Minister Piyush Goyal on Tuesday said India and the US do not have any trade disputes and both nations have huge bilateral trade and investment potential.

Speaking during a ministerial panel discussion at India Energy Forum here, Goyal said, “There is no (trade) dispute (with the US). We had certain disagreements, but I dont

think that there is... any relation where there are no disagreements at all. I think we welcome some ‘nok jhok’ (argument). Little bit of uncertainty helps in taking things forward.”

Goyal’s comments assumes significance in view of recent withdrawal of Generalized System of Preferences (GSP) or trade tariff incentives on Indian products by the US, especially when both countries are nego-

tiating a trade agreement.

Goyal was of the view that his discussion with his US counterpart helped improve the bilateral relations further.

Referring to the withdrawal of GSP by the US, Goyal said, it could be a ‘dispute in the eyes of some, but I think it opened up an opportunity for me to have a dialogue with my colleague (US trade representative). We had some wonderful discussions.”

About the business potential with US Energy firms he said, “There is huge potential on the gas side and also in nuclear energy. The US and India have a robust relationship, which has huge potential going forward... We should not look at incremental growth in our relationship. We should be looking at a quantum leap. We have set half-trillion-dollar (trade) target (with the US).”

Goyal said that there is

huge potential of energy exports from the US to India and business is going on with the US on oil, gas and nuclear fronts. Total Indo-US trade in 2018-19 was around USD 88 billion.

On the imposition of anti-dumping duty on imports by Directorate General of Trade Remedies, he said that it is a quasi-judicial body and has nothing to do with the government.

‘Economic slowdown cyclic in nature’

PTI ■ NEW DELHI

Commerce and Industry Minister Piyush Goyal on Tuesday said that the recent economic slowdown is a cyclic structural adjustment, and it is the right time to invest in India before growth bounces back.

Admitting that the country’s economic growth has slowed down in past two quarters (January-March and April-June in 2019) to a six-year low of 5 per cent, Goyal said that India is no longer the fastest-growing major economy.

“India, being an economy with huge opportunities, could do well without this kind of a slowdown... Our economy is like any other economy in the world... chal-

lenges have grown (in recent times),” Goyal said during a panel discussion at India Energy Forum CERAWeek here. He further said, “We had a pretty good run for almost four to five year before the last two quarters. If (the slowdown) is rightsizing of certain sectors or opportunities in different areas.”

“I see the slowdown, but I don’t get unduly perturbed by it... It is an opportunity for all of us to reassess capacities, productivity and costs of production.”

Asserting that this is the right to time invest in the country, Goyal urged the investors direct funds in India, before the economy picks up again.

He was of the view that when times are good, people

tend to lose the sixth sense and don’t care if... the productivity goes down little bit, leading to a slowdown or structural adjustment every few years.

On the government’s efforts to boost economic growth, he said past five years India collectively saw investments which were worth two-and-a-half times of the previous five years.

Further, he informed that Indian Railways would focus on a USD 700 billion programme of investments in the next 12 years to become an engine of growth as well as bring down logistics cost which would impact all industries in the country.

Similarly, on the infrastructure side, he told that the overall vision of the next five

year was an investment of USD 1.4 trillion, which will certainly drive growth and bring back the mojo to industry.

He was of the view that the energy sector has a big role to play with a USD 60-70 billion-dollar investment potential in India.

He said, “If energy becomes the viable proposition, then the chemical and petrochemical sector, together can truly drive back growth into the economy. My own sense is that energy sector is at the cusp of a revolution in the country.”

Elaborating further, he said that India is willing to engage with modern technology and is looking at efficiency in domestic production - particularly in gas.

About renewable, he said Prime Minister Narendra Modi has dropped the bombshell of 450 GW of renewable energy target — solar, nuclear, wind and gas (in some sense).

On the foreign direct investment (FDI) he said that India has opened up the platform to almost all sector, except to a few which are security or national policy concerns. In the energy sector, 100 per cent FDI is allowed. On tax rates and ease of doing business in India he said, “Our income tax rates are aligned with all comparable economies. India provides single window service without opening doors behind the window, which has been experience in the past.”

IANS ■ KOLKATA

India snatched a 1-1 draw from the jaws of defeat against much lower ranked Bangladesh to dent their chances of qualification in a Group E Asian Qualifiers for the FIFA World Cup tie at the packed Vivekananda Yuba Bharati Krirangan here on Tuesday.

A first-half strike from Saad Uddin in the 42nd minute helped Bangladesh take a shock lead against India, who are 83 places above them and drew 0-0 against Asian champions Qatar in their last game.

The hosts had a flurry of chances to peg back with Anas Edathodika's shot headed off by Mohammad Ibrahim on the goalline in the second half. It was only in the 88th minute that centre-back Adil Khan headed in a goal to equalise.

Bangladesh too, could have doubled their advantage as Mohammad Ibrahim's shot found

the crossbar in the second-half and Adil made a goalline clearance.

The result means India move to two points from three games after losing their campaign opener to Oman. Bangladesh, who prior to this game had lost both their matches against Afghanistan and Qatar, logged their first point but remained at the bottom of the five-team group.

India missed defensive mainstay Sandesh Jhingran and holding midfielder Rowlin Borges due to injury and suspension respectively.

Chhetri got a chance to get India ahead in the 5th minute when his first-time volley after receiving a pass from Ashique Kuruniyan went straight to visiting goalkeeper Ashraful Islam.

India enjoyed the lion's share of ball possession and tried hard to open up the Bangladesh defence but the away side held firm as the hosts fluffed their lines in the final third.

The result means India move to two points from three games after losing their campaign opener to Oman. Bangladesh, who prior to this game had lost both their matches against Afghanistan and Qatar, logged their first point but remained at the bottom of the five-team group

Bangladesh got their first opportunity in the 31st minute when Biplo Ahamed sneaked into the box only for Anas to intercept at the right time.

Four minutes later, Bangladesh goalkeeper Ashraful was forced into a fingertip save from Manvir Singh's looping header as India kept knocking at the door.

But against the run of play, Bangladesh nosed ahead three minutes before halftime. Skipper Jamal Bhuyan swung in a delectable free kick for Saad to nod in past Gurpreet who failed to catch the ball.

After the break, Bangladesh missed a golden opportunity to double their advantage when Sohail Rana cut in from the left to set up Mohammad Zibban, whose shot was saved well by Gurpreet.

India then fluffed two gilt-edged chances at and just after the hour mark as Anas' header was first saved on the goalline by Ibrahim and then in the 66th minute,

Manvir mistimed his run to spurn a header from close range.

At the other end, Adil made an acrobatic clearance to save Gurpreet the blushes after Zibban got behind the defence and lobbed the ball past India's tall custodian.

Chhetri wasted wide from substitute Brandon Fernandes' corner in the 76th minute as India threw the kitchen sink at their lesser fancied rivals.

The effort paid off as Adil powered in a header from Brandon's corner at the near post to send the crowd into raptures.

Chhetri dribbled past two defenders soon after but the 35-year-old's shot was weak as the stadium reverberated with his chants.

The packed 65,000 spectators were left high and dry in the end as India could not record a win which was expected. The result means Bangladesh, ranked 187, remain unbeaten in their last three meetings against India, ranked 104.

ENGLAND 6 RACISM 0

England players suffer shocking abuse ++ Monkey chants at Sterling & Rashford ++ Bulgaria fans make fascist salutes ++ Match stopped twice & almost abandoned

AFP ■ SOFIA

England manager Gareth Southgate said his side made a statement by deciding to complete a 6-0 Euro 2020 qualifying win over Bulgaria after the match was twice halted by racist chanting.

The visitors led 2-0 through early goals from Marcus Rashford and Ross Barkley when play was first stopped and an announcement made to supporters that the game could be suspended if offensive chanting continued.

Once restarted, England quickly made it 3-0 through Barkley before a second stoppage as Croatian referee Ivan Bebek held discussions with players and coaching staff from both sides.

Raheem Sterling then netted twice either side of half-time before Harry Kane rounded off the scoring to take England to the brink of qualification.

"We know it is an unacceptable situation," Southgate told British broadcaster ITV.

"I think we've managed to make two statements really by winning the game, but also we have raised the awareness of everybody to the situation."

"The game was stopped twice and I know for some people that won't be enough, but I think we were as a group on board with that process."

In a statement, The English Football Association said their players "were subjected to abhorrent racist chanting" and called on UEFA to investigate immediately.

Tyrone Mings was one of those targeted on his England debut. The Aston Villa defender believed that stopping the game did have the desired effect of reducing racist abuse in the second half.

"The correct steps that were taken definitely helped," said Mings.

"We made the decision at half-time to come out and play the game which we thought

WE KNOW IT IS AN UNACCEPTABLE SITUATION. I THINK WE'VE MANAGED TO MAKE TWO STATEMENTS REALLY BY WINNING THE GAME, BUT ALSO WE HAVE RAISED THE AWARENESS OF EVERYBODY TO THE SITUATION

was the right decision. If anything else happened, we would have taken appropriate action."

A comprehensive victory was the perfect riposte for Southgate's men to their shock 2-1 defeat at the Czech Republic on Friday and opens up a three-point lead at the top of Group A.

However, the focus was again on the stands as another England match blighted by racism from opposition fans.

After several English players suffered racist abuse in a qualifier away to Montenegro in March, Southgate had prepared his side to follow UEFA's three-step protocol for reporting racist incidents that can lead to matches being abandoned.

A section of 5,000 seats at the Vasil Levski National Stadium was already closed

for the game after racist incidents during games against Kosovo and the Czech Republic in June.

"I have to say the officials were onto everything very quickly," added Southgate.

"We reported everything immediately when we heard things, we had constant communication with the fourth official and the referee."

On the field, Southgate's decision to make five changes from the side beaten in Prague on Friday was fully vindicated.

Rashford was one of those recalled put his Manchester United woes behind him by smashing the opener into the roof of the net after just seven minutes before Barkley tapped home a second at the back post.

The first stage of UEFA's protocol followed as the game was temporarily stopped and a warning played over the loudspeaker in both Bulgarian and English that the match could be suspended after monkey chants were aimed at England players.

That warning was not heeded as after Barkley headed home Kane's cross, there was a second, longer stoppage in play.

A number of Bulgarian ultras were then ejected from the stadium.

When play did get back underway there were six minutes of stoppage time added and the visitors used it to increase their advantage when Kane crossed for Sterling to this time apply an easy finish.

Southgate's men could have scored plenty more in the second-half against the dispirited hosts on a terrible night all round for Bulgarian football.

Sterling's second arrived midway through the second-half with Kane again the creator before the England captain finally got on the scoresheet himself five minutes from time.

England now need just a point from their final two qualifiers against Montenegro and Kosovo next month to seal their place at next year's Euros.

Ukraine beat Portugal 2-1 on Monday to clinch a place at Euro 2020 despite Cristiano Ronaldo scoring his 700th career goal.

Roman Yaremchuk and Andriy Yarmolenko put Ukraine two goals up after 27 minutes.

Although Ronaldo scored his landmark goal from the penalty spot in the 72nd minute and Taras Shepenko was sent off, Ukraine held on to secure first place in Group B.

Lakshya wants to break into top 30

PTI ■ NEW DELHI

A maiden BWF World tour title pushing him closer to top 50, Dutch Open champion Lakshya Sen says he will look to put up a good show in the remainder of the season to break into the world's top 30.

The 18-year-old on Sunday clinched his maiden BWF World Tour title by winning the Dutch Open title, beating Yusuke Onodera of Japan 15-21, 21-14, 21-15 in the summit clash.

"This is the biggest title of my career so far. I have reached quarters and a semifinals in the past, so it is good to finally win a super 100 tournament. It will boost my ranking and give me a chance to play the super 500 tournaments," Lakshya, who rose to world No 52 this week said.

"At the beginning of the year, my target was to reach the top 50 and after this win I would be close to that. I still have few events left in the year. If I can do well there, I can go further up. Hope I can break into top 30 early next year."

Lakshya will play the Saarlouis Open Super 100 (Oct 29-Nov 3) next, before participating in two International Challenge events at the Irish Open (November 13-16) and Scottish Open (Nov 21-24). He will also play the Syed Modi International Super 300 (Nov 26-Dec 1).

It was an impressive week for the teen shuttler, who displayed superb temperament and skills to outwit his opponents.

"The first round against Nhat (Nguyen) was tough, the second match was okay but again playing (Ygor) Coelho was difficult. I had played him before so I was ready for a big match," said the 2018 Asian Junior Champion.

"The finals was also a long match and I am happy how I performed overall in the week," he said.

Paine backs Smith's return to captaincy

AFP ■ SYDNEY

Australian captain Tim Paine has addressed speculation over whether Steve Smith will again lead the team once a ban ends in March, saying he would be fully supportive if it happens "one day".

Smith skippered the team until he was suspended for 12 months over a brazen attempt under his watch to alter the ball with sandpaper in Cape Town last year.

Part of his punishment included a further year-long exile from any leadership role. Calls have grown for Smith to take over from Paine when the ban is lifted, following batting performances that helped Australia retain the Ashes

against England.

Paine, who will turn 35 in December, on Monday brushed off questions surrounding the Australian side's future leadership.

"I'm enjoying having the job at the moment... And I certainly hope Steve Smith does captain Australia again one day, and if he does, I'll be fully supportive of it," he told the Daily Telegraph.

Paine will not play in this summer's Big Bash League, instead joining broadcaster Channel Seven's commentary team. But he will almost certainly retain the captaincy for the home summer Test series

Sindhu starts with win

PTI ■ ODENSE

World Champion P V Sindhu made an impressive start to her campaign at the Denmark Open, claiming a straight-game win over Indonesia's Gregoria Mariska Tunjung in the women's singles competition here on Tuesday.

Fifth seed Sindhu, who had made early exits in China and Korea, got back her bearing as she overcame former World Junior Champion Gregoria 22-20, 21-18 in 38 minutes to keep her 5-0 record intact against the Indonesian.

The Olympic Silver medallist will now face Korea's An Se Young next.

World Championships Bronze medallist B Sai Praneeth also made it to the second round beating the legendary Lin Dan 21-14, 21-17 in a 35-minute opening round clash.

The Hyderabad shuttler is likely to meet world No 1 and two-time world champion Kento Momota of Japan next. He had lost to Momota at the World Championships in Basel, Switzerland.

Thailand Open champions Satwiksairaj Rankireddy and Chirag Shetty also made a good start to their men's doubles campaign, beating Korean pair of Kim Gi Jung and Lee Yong Dae 24-22, 21-11 in 39 minutes.

Former Commonwealth Games champion Parupalli Kashyap, who had reached the semifinals at Korea Open, failed to cross the opening round after losing 13-21, 12-21 to Thailand's Sittthikom Thammasin in the men's singles.

National champion Sourabh Verma, who had clinched the Hyderabad Open and Vietnam Open this year, also made an early exit after going down 21-19, 11-21, 17-21 to Mark Caljouw of the Netherlands.

Smith should be made captain once Paine's time is up: Ponting

IANS ■ MELBOURNE

Former Australia skipper Ricky Ponting believes Steve Smith should get another chance to lead the national team once Tim Paine's time is up.

"It's the million-dollar question: when Steve Smith's ban is up will he go straight back into the captaincy or will he not?" Ponting told 7NEWS.

"To be honest I think it's up to Tim how long he plays

He's the best keeper in the world. Whether that's as captain or not that's up to the hierarchy at Cricket Australia to make that decision. I've been on record already — when Tim's time is up I'd like to see Steve Smith have another go.

"I think he probably feels like there's unfinished business there as far as his captaincy's concerned. He's got to want to do it and obviously then the authorities have to say yes or no," he added.

against Pakistan and New Zealand, despite occasional criticism of his form during the Ashes.
