Death of patient triggers fear of COVID-19 spread in Dharavi slum

No major impact of lockdown on GST collections in AP, TS

The countrywide lockdown announced for 21 days to curb the spread of the novel coronavirus has not had much impact on the Telangana government’s revenue collections. Telangana witnessed just 9 per cent drop in GST collections in the month of March 2020, when compared with March 2019 while AP recorded overall revenue drop of 2 per cent.

Contrary to claims being made recently, Telangana and Andhra Pradesh have pegged the current lockdown to 21 days at the most. The current lockdown will not impact in India’s summer temperature.

Several people, including Chief Minister K Chandrashekar Rao, have urged the Centre to lift the lockdown. However, no announcement has been made.

According to the Central Government, the number of coronavirus cases in the world has crossed 250,000. The number of deaths globally is over 10,000.

The government on Thursday launched a mobile app to help people maintain social distancing and follow lockdown guidelines. The app, called Aarogya Setu, launched by Prime Minister Narendra Modi on June 23, 2020, has been developed by the National Informatics Centre of Ministry of Electronics and Information Technology (MeitY).

With new coronavirus cases on the rise, breach of 1 million mark seems possible in the near future. However, the government has more than doubled its number of deaths in a month after the World Health Organization (WHO) warned on Tuesday.

Several people have died due to COVID-19 in India in recent times. According to the Ministry of Health and Family Welfare, at least 91 deaths due to COVID-19 have been reported in India as of April 1.

Jasmine growers seek relief as sales plummet

The COVID-19 pandemic has created a difficult situation for Jasmine growers as there are no takers for flowers as sales plummet. In fact, on a festive occasion like Sri Rama Navami, the price of Jasmine flowers was Rs 200 per kg. But now, the flowers are not selling at even Rs 50 per kg.

The Jasmine flowers are handpicked in the morning from the farms and sold to the market. But now, the flowers are getting spoiled and the growers are losing money.

Jasmine flowers are in demand on occasions such as the marriage season, Sri Rama Navami, Pongal, and Diwali. But now, the growers are facing a difficult situation as there are no buyers for the flowers.

“We have been trying to sell the flowers at Rs 50 per kg, but no one is interested in buying them. The price of Jasmine flowers has come down drastically due to the lockdown,” said a grower.

The growers have approached the government for help, but so far, they have not received any relief. The growers are hopeful that the situation will improve in the near future.

“We are waiting for the lockdown to end so that we can sell the flowers to the buyers. If the situation does not improve, we will have to destroy the flowers,” said another grower.

He added that the growers are facing a tough time as they have to pay rent, electricity, and other expenses.

“The growers are facing a difficult situation as they have to pay rent, electricity, and other expenses. We are waiting for the lockdown to end so that we can sell the flowers to the buyers. If the situation does not improve, we will have to destroy the flowers,” said another grower.

Death of patient fuels fear of COVID-19 spread in Dharavi slum

The death of a COVID-19 patient (from Mumbai) in Dharavi, one of the biggest slums in Asia, has complicated matters concerning the validity of the lockdown in the area, with the number of cases in the slum on the rise.

Several containment zones have already been operationalized in the slum, with the police and BMC enforcing the lockdown to prevent people from accessing these areas.

The BMC has also reported that the number of COVID-19 cases in Dharavi has increased, with the death of a 47-year-old patient triggering concern among residents of the area.

BMC makes public GIS map of affected areas

The BMC has made public a GIS map of areas affected by the COVID-19 outbreak in Dharavi, which can be accessed at: https://mumbai.bmc.gov.in/coronavirus/

BMC said that the GIS maps will be regularly updated based on the number of cases reported from different areas, and that the maps will be made available on the website.

The BMC has also urged people to strictly follow the lockdown guidelines and严格ly follow hand hygiene, the use of masks, social distancing, and other preventive measures.

Health Ministry issues guidelines for dialysis of COVID-19 patients

The Health Ministry has issued guidelines for the safe and effective dialysis of COVID-19 patients, which are as follows:

- The guidelines outline that all patients with chronic kidney disease and COVID-19 should be managed by a team of nephrologists, intensivists, and critical care physicians.
- The guidelines recommend that all patients with COVID-19 should be assessed for the need for dialysis on a case-by-case basis.
- The guidelines advise that all patients with COVID-19 who require dialysis should be managed in a dedicated COVID-19 ward or ICU.
- The guidelines recommend that all patients with COVID-19 who require dialysis should be managed in a dedicated COVID-19 ward or ICU.

Our own safety net

As we run against time in this battle to fight the virus, we need to scale up domestic manufacture of medical devices and other essentials.

A novel course correction

With a rapid rise in COVID-19 cases, the Government can ill-afford to either extend the lockdown or do without it. The best course of action is to opt for a gradual lifting of the curfew.
KUMAR

India must seize the global opportunity

Considering the impact of the US-China trade war, the Hong Kong revolt and the COVID-19 spread, it is likely that the US, and the world at large, would reduce trade ties with Beijing.

The buck stops with the WHO

There is an urgent need to reform the global health watchdog to ensure that such an outbreak like the Coronavirus pandemic should not occur in the future due to lack of transparency and strong work ethics.

India's manufacturing sector has the potential to lead the top three global manufacturing sectors. This opportunity is available to us at a time when demand for manufacturing services is soaring globally and the pandemic and the lockdown have reduced domestic demand. SEZs and industrial clusters are the backbone of India's manufacturing prowess.

While it may look like a hard State keeping a tab on people's movement, data shows that the reach of the Government has been enhanced. Considering the impact of the US-China trade war, the Hong Kong revolt and the COVID-19 spread, it is likely that the US, and the world at large, would reduce trade ties with Beijing.

India has an opportunity to lead in sectors such as green technology, health care, and aviation. The country's only hope of getting through this crisis without a major loss of life is to continue with its existing global trade. India has a huge number of scientists, engineers and entrepreneurs. In addition, it has robust research and development models which result in buyers facing a poor image in the eyes of big companies, entrepreneurs and investors. In addition, India also has built significant and modern facilities which they could be facing major risk and production losses.

The rapid spread of Covid-19 has not only disrupted global economy but also triggered a partial shutdown in many parts of India from complete shutdown from Mar 25 2020 to Apr 3 2020. Acute Ratings believes there is a contrivance of April 2020 GDP to be around 10 per cent, post lockdown growth in GDP (FY20) to April 2020 to be in the band of 5-7 per cent. In view of the credit rating agency said in a statement.

The ongoing disruption, it said, will have a significant impact on India’s economy, both in India. It expects the overall GDP growth for FY20 (April to March 2020) to be in the band of 5-7 per cent.

Security concerns with ‘Zoom’ during BARC’s meet

Security concerns with pop-dreaded video conferencing platform Zoom came to light after the governmentscrutinised the video conference of BARC’s board members which was attended by the company’s CEO Anupam Rasaily.

BARC, the market regulator under the Press Council of India, has directed the company to stop using Zoom for the time being till it addresses the safety concerns.

Acute Ratings sees Q1 growth contracting 5-6 p.c on world view

The agency expects the Q1 growth in the world to contract by 3-4 p.c.

On April 1, the gas price was reduced to 2.80 per mmBtu. According to the Pradhan Mantri Ujjwala Yojana, the breakeven rate for CNG is 4-4.80 per mmBtu.

The government has extended the date for implementation of the new gas pricing formula for the benefit of consumers. The new pricing formula is applicable from October 1, 2017.

The government has also decided to continue with the existing pricing formula of caps on the maximum price of gas for the benefit of consumers.

Neha Kakkar, Salim Merchant, Armaan Malik gear up for ‘sofa’ gig

Music artists like Neha Kakkar, Salim Merchant and Armaan Malik have come together so that their fans can enjoy live music while seated on their sofas.

It’s been days since the nationwide lockdown was announced. To make things entertaining, TikTok, as part of its #GharBaithoIndia campaign, has started TikTok Sofa Concerts. The concerts are being performed by the biggest artists, like Neha, Armaan and Salim.

“Today, when social distancing is the need of the hour, music is the one thing I find my solace in. It is important for us to stay at home, take precautions and follow social distancing. I am spending my time creating new music and more importantly live music sessions, I am looking forward to having fun and more importantly the love and support of my fans,” said Armaan.

Singers like Shirley Setia, Aryan Kinng, Divya Shendantha, Alisha Gili, Yo-Yo Honey Singh and Darshan Raval will also entertain the TikTok community.

“Being calm and engaged. As an artist, I am using this time to interact with my fans and more importantly the love and support of my fans,” said Armaan.
IPL: Vaughan calls for five-week IPL in Sept

India to a win in the World Cup on April 2, 2011, his dream had waited 22 years to come true. His six to win the 2011 World Cup, MS Dhoni’s six to win the World Cup, is a reminder that cricket is not just a game; it is a way of life.

Virtually every player and fan, around the world, had their eyes on Dhoni’s six. The entire India, entire world, medical professionals, ordinary people were engrossed in the event. The style with which Dhoni scored 98* hits around the globe like a hammer. He was 22, 23 with a 2-0 2-winning Test series against the West Indies.

With the 6-4, Jharkhand won against Rajasthan, in 2011 World Cup final at the Lord’s Stadium. MS Dhoni’s six to win the World Cup, MS Dhoni’s six to win the World Cup, is a reminder that cricket is not just a game; it is a way of life.

Virat Kohli, who had all the reason to celebrate, was left with a lone goal. His team’s ongoing health crisis, which began in Australia, South Africa, and England, has left the entire team feeling low. In September, India are scheduled to play against Australia, only in Tests.

With the German season being called off, the World Cup, the World Cup, is a reminder that cricket is not just a game; it is a way of life.

There is a suggestion to move the World T20 in October-November, as the World Cup was supposed to be played in November, which began in December 2010. It means India will face Australia in the World Cup, which will be played in Australia in February.

Pietersen, a superb Test batsman, touched upon his passion for Test cricket. “Playing Test cricket made Virat better person,” Pietersen said, calling the format a representative of the Game.

Aussie cricketer Michael Clarke, who is now retired, said the 2011 World Cup, the World Cup, is a reminder that cricket is not just a game; it is a way of life.

In October, Pietersen wrote, “I believe Test cricket is a true representation of the Game. Playing Test cricket made Virat better person.”

With that six, Dhoni has won the WC, the WC, is a reminder that cricket is not just a game; it is a way of life.

With the 6-4, Jharkhand won against Rajasthan, in 2011 World Cup final at the Lord’s Stadium. MS Dhoni’s six to win the World Cup, MS Dhoni’s six to win the World Cup, is a reminder that cricket is not just a game; it is a way of life.

In the film, an emotional sports drama, Ketika will be seen as Shaurya’s love interest. Her role has its own prominence in driving the narrative forward, finds NAGARJU Goud.

Sarileru... beats Baahubali 2

S...

Performer Mahesh Babu-starrer Sarileru Neekevvaru, which had its worldwide premiere on February 1st, has managed to retain its top slot for the past one week, got engaged to Pallavi in Goa on February 5th. Nikhil, who is busy distributing masks and other essential items, has turned酿酒师 but he might have had the best run-of-the-mill drama.

The untitled film is a joint production venture between Sharrath and Narayana Dalavayya. Santhossh Jagarlapudi, who earlier directed Kaala Bhairava, has got the nod of Mani Sharma, who is in talks with the actor to portray the role of an alcoholic who has to turn his life around.

The actress has been working on the film’s song and dance sequences and has also been doing some dubbing for the film. The shoot for the film is expected to start shortly.

**Sarileru Neekevvaru**

**Kiara or Sara for Mahesh?**

Meanwhile, script work of Mahesh’s next with Sukumar, which is being written by A.S. Prasanna, has been completed. The film will be produced by Dil Raju and directed by Sukumar. The film will be a family entertainer and will be made on a budget of Rs. 150 crores.

**Kapoor is keen on m.o.r.'s offer for slo-mo action film...**

**Favourite TRPs. His film is attributed to the current lockdown in years ago. The high rating points of Mahesh’s**

**Mahesh now has two films...**

**Sarileru, Mahesh’s second film with director S.S. Rajamouli, has become the top slot. The Sankranti action-drama garnered 23.4 TRP while SS Rajamouli’s costume drama RRR with 21.34 TRPs.**

Now, Nikhil’s wedding deferred

A source close to reports indicated that she was very pleased with the track and was impressed with the songs. She even expressed her desire to work with the director in future.
