A major controversy has erupted in the West Bengal after it was found that social media was used to create a network of false and inflammatory posts and videos to mislead people of the voting age, leading to fear and violence in the state. TheLogical Indian - A platform for every Indian to speak out and环 around the world.

The crisis grew worse with the discovery of a new variant of the virus, which was found to be spreading rapidly in the state. The government announced a lockdown, but the situation worsened as people continued to flout the rules. In a desperate measure, the government imposed a strict curfew, which led to widespread protests and violence.

The media coverage of the situation was intense, with journalists and social media users sharing videos and photos of the violence. Online platforms such as Facebook and Twitter were flooded with posts from different viewpoints, with some calling for peace and others for revenge.

The situation improved somewhat after the government took action against the social media platforms, but the fear of violence continued to linger. The government announced plans to increase security measures in the state, and the media continued to keep a close watch on the situation.

The crisis in West Bengal is a reminder of the need for effective communication and coordination in the face of such challenges. It is important to ensure that the voices of all stakeholders are heard and that efforts are made to prevent such incidents from happening again in the future.

Gujarat: 1,120 new cases take tally to 77,783, 20 die

Ahmedabad: The number of COVID-19 cases in Gujarat rose to 1,120, 20 deaths were recorded on Thursday. As many as 2,036 new cases were reported in Ahmedabad, two each in Bhavnagar and Morbi, and one each in Surat, Vadodara and Valsad, the department said.

In a related development, two died at the Civil Hospital in Ahmedabad, while one each died in Anand, Banaskantha and Valsad.

The state recorded 2,036 samples in the range of 777-844 per day, while it reported 339 deaths.

Karnataka cases touch 2,27 lakh, death toll 3,947

Bengaluru: Over 7,000 fresh coronavirus cases and 124 deaths were reported in Karnataka on Sunday, the health department said. The total rose to 2,27,986 with the addition of 7,000 cases while 6,980 people were discharged, taking the cumulative tally to 2,19,906.

In a related development, the government of Karnataka had declared 197 medical colleges and over 430 private hospitals as COVID-19 care centres, different from the 1,000 hospitals in the urban areas that are already functional, the Health Minister said.

Pune surpasses Mumbai with 1,306,06 cases, emerges as India’s new COVID capital

Thane: Pune has been confirmed India’s new COVID-19 capital, surpassing Mumbai in terms of total infections, cases and deaths, according to official data released by the state government.

As per the Department of Health and Family Welfare, Pune reported 2,88,111 COVID-19 cases as of June 20, 2021, compared to 2,56,078 in Mumbai, making Pune India’s new COVID-19 capital.

On the other hand, Mumbai reported 2,56,078 COVID-19 cases as of June 20, 2021.

In Mumbai, 1,124,461 fresh cases have been reported while 8,914 deaths were recorded.

In Pune, 1,306,067 fresh cases have been reported while 9,018 deaths were recorded.

In both the cities, the number of active cases is seen to be unprecedented.

In Mumbai, the number of active cases stands at 1,26,891 while in Pune it is 1,11,329.

With 1,306,067 fresh cases, Pune now has crossed over 1 million cases. The city has also recorded more than 9,000 deaths.

“Mumbai is following Pune’s footsteps in terms of surge in coronavirus cases in recent months. It is strange to see that the number of cases and deaths in Mumbai are lesser than Pune, considering the population and healthcare facilities,” said Dr. Pankaj Shinde, head of the COVID-19 cell of the BMC.

The state witnessed a surge in COVID-19 cases from July 2020 onwards, when the daily cases started crossing 10,000. The number continued to rise despite the state implementing strict containment measures and lockdowns.

Earlier reports have also stated that Pune was nearing Mumbai in terms of total infections, with Pune crossing Mumbai’s total infections of 2.56 lakh on June 17, 2021.

In the current wave, Pune has seen a massive surge in cases, which has led to a spike in hospital admissions and oxygen requirements.

“Pune now has the highest number of COVID-19 cases in the country, surpassing Mumbai. The situation is critical and the city needs immediate assistance from the Centre,” said Dr. Shinde.

Pune’s COVID-19 surge has been attributed to the high number of daily cases, which has now crossed over 2,000, as per the state government.

The city’s healthcare system is under immense pressure, with hospitals struggling to meet the demand for beds, oxygen and other critical resources.

“Pune was already facing a critical shortage of beds and oxygen, and now the situation has worsened due to the surge in cases. The city is facing a real crisis and needs immediate intervention,” said Dr. Shinde.

In a recent development, the state government has announced plans to establish a COVID-19 hospital in Pune to address the shortage of beds and oxygen.

“Pune has been declared a COVID-19 hotspot, and we need to ramp up our healthcare capacity to meet the demand,” said Dr. Shinde.

In the meantime, Pune residents are urged to follow COVID-19 safety protocols, such as wearing masks and maintaining social distancing, to mitigate the spread of the virus.

In a related development, the Covid-19 hit the city for 2 weeks and 2 states top in the count of 1 crores. The state reported 34 deaths in a day, while 21 states are recording the most. Pune has seen the highest number of cases in the state with 1.3 lakh cases, followed by Mumbai with 1.1 lakh cases.

With 34 deaths in a day, the state has topped the list of deaths in the country. The state has reported 9,018 deaths in total, while 21 states have reported more than 1,000 deaths each.

In a related development, the state government has announced plans to establish a COVID-19 hospital in Pune to address the shortage of beds and oxygen.

All C&G candidates were advised during the event.

CM urges Modi to adopt C’garhi dialect in 8th Schedule

STAFF REPORTER • RAIPUR

Chief Minister Chhattisgarh Bhupesh Baghel urged Prime Minister Narendra Modi to adopt Chhattisgarhi dialect in the 8th Schedule of the Constitution, saying Chhattisgarhi has a history of its own.

In a letter, the Chief Minister said the grammar of the dialect, prepared by Hiralal Karayopadhyay and translated by George A.K. Dwyer, has been published in the Journal of the Asiatic Society of Bengal in 1916.

A wide range of quality literature in Chhattisgarhi is available and it is continuously increasing, an official statement on Sunday quoted Baghel as saying. He said that Chhattisgarhi dialects and other languages are also present in Chakri, but majority of the people in the state use Chhattisgarhi, it is also a language of communication with other regional dialects.

Baghel said that apart from the literature of Chhattisgarhi, the state has been adopted as a state official language for official purposes. Chhattisgarhi Official Language Day is celebrated every year on November 28.

He said that the inclusion of Chhattisgarhi in the 8th Schedule is under consideration.

“Your request that literature in the state and public good of Chhattisgarhi is necessary to include it in the Eight Schedule,” Baghel said.

PCC to lay foundation stones for district offices on Aug 20

STAFF REPORTER • RAIPUR

Chhattisgarh Congress President Shri Bhupesh Baghel today laid the foundation stone for the construction of the office buildings of the district Congress Committee in order to strengthen the party's organizational structure and development.

Baghel said that it is necessary to lay the foundation stone of the office buildings of the district Congress Committee in order to strengthen the party's organizational structure and development in the state.

The construction of the office buildings will be completed before August 20, 2021. The buildings will be constructed in each block of the state, a new committee will be formed in each block.

Rahul Gandhi, General Secretary and AICC President of the Chhattisgarh PCC, said that the foundation stone will be laid in each block of the state. The construction of the office buildings will be completed before August 20, 2021. The buildings will be constructed in each block of the state, a new committee will be formed in each block.
**Rajasthan OK’s plan to expand NCC in districts**

The state government has decided to increase the National Cadet Corps (NCC) cadre to train around one lakh new cadets in the state's 173 districts and coastal areas.

The announcement was made by the Defence minister on Sunday. The new cadre will be trained around one lakh new cadets in the state’s 173 districts and coastal areas.

The decision was taken after a meeting of the union home minister and Defence minister. The state government has already taken steps to increase the cadre of the NCC in the state.

**Pandemic**

MoDi avoided gush and hyperbole and stuck to the roadmap of what needs to be done for the economy

**BOHRING SIR**

It is important to note that the President of the US, after some initial coy statements on the need to help India, has unambiguously announced assistance.

New Delhi has welcomed the announcement, but the question is whether the US can deliver on its promise. It is important that the US, in its efforts to help India, does not undermine its own interests.

New Delhi has offered to share its experience and knowledge in dealing with the pandemic. It is important that the US and India work together to find a solution to the crisis.

**LETTERS TO THE EDITOR**

**Russian vaccine mired in controversies**

T here are several issues that need to be addressed in the context of the Russian vaccine. These include:

- The lack of transparency in the trials conducted.
- The absence of long-term effectiveness data.
- The potential side effects associated with the vaccine.
- The lack of information on the vaccine's efficacy in different age groups.

In conclusion, while the Russian vaccine has shown promising results, there is a need for further research and testing to ensure its safety and efficacy. The global community should work together to ensure that the vaccine is accessible to all, and that it is manufactured and distributed in a fair and equitable manner.

**Progressive step**

Sir — This refers to the editors’ note (August 14). The Modi Government has taken the biggest step to reform the tax system. It has proposed the introduction of the GST, which is a step in the right direction. It is a progressive step that will help in simplifying the tax structure and making it more transparent.

The GST will replace the existing complex and outdated tax system with a simpler and more efficient one. This will help in reducing the burden on businesses and individuals and will make it easier to comply with tax regulations.

In conclusion, the GST is a significant step in the right direction and will go a long way in simplifying the tax system and making it more transparent.

**ABHINAV RAI**

**SOUND bites**

Don’t be afraid to speak up.

**JAGAN MATHUR**
Grasp the situation

Political rhetoric may be understandable but when it ignores the realities of life, it only sharpen the pang of distress.

Prime Minister Narendra Modi is fast emerging as a global leader amid the vacuum of a leaderless world crippled by a raging pandemic

The lack of leadership in the ability to respond with resilience and to instigate an auspicious trajectory is marked and now more apparent. Such a trend is more prominent amidst the spread of COVID-19 and the nationwide lockdown in India. The Prime Minister, however, has been able to address the situation with utmost care and concern, ensuring that the necessary measures are implemented to control the spread of the virus.

India’s leadership has been recognized globally for its efforts in containing the pandemic. The country has managed to reduce the number of cases and deaths, and has implemented strict lockdowns to control the spread of the virus.

The government has also taken several initiatives to support the economy and restore growth. The National Monetization Plan, for example, aims to unlock fiscal space and boost the economy. The government has also implemented several measures to support the informal sector and vulnerable groups.

India has also made significant strides in vaccination. The country has administered over 1 billion doses of vaccines, making it one of the fastest in the world to vaccinate its population.

India’s leadership has been lauded for its efforts in combating the pandemic and its impact on the global economy. The country has become a role model for other nations in terms of managing a crisis and its impact on the economy.

In conclusion, India’s leadership has been instrumental in managing the crisis and its impact on the global economy. The country has emerged as a global leader amid the vacuum of a leaderless world crippled by a raging pandemic.

Air India filling GM posts when it is up for sale

India's government is likely to bring in older candidates for the GM (Chief Executive Officer) post when the airline's management is up for sale.

Sources said that a time when Air India is struggling to attract well-qualified candidates, the officials who will have to deal with the wide range of stakeholders involved after the sale are not likely to be interested in the job as it is when it is coming in a low-profile and not having any sort of salary benefits.

Sources said that the new GM will have to be from the airlines industry, while it will also be responsible for taking care of the airline's financial performance.

Some of the candidates are likely to be from the aviation sector, while others are likely to be from the corporate sector. Some of the candidates have already been shortlisted by the airline's management.

Akhshay roots for light-hearted films

Actor AKSHAY KUMAR feels people are on a lookout for light-hearted entertainment more than ever, amid the ongoing pandemic. "Films like Luka Chuppi reminded me why I love humour so much. It is such a well-rounded, balanced comedy," says the actor.

N ow often the first 15 minutes into an episode of a TV series, the viewer wants to decide whether to continue or drop it mid-way or sometimes, right away. Well, maybe the pacing of the series that makes one decide that and not a pre-determined formula. A few minutes into the first episode of Amazon Prime Video’s upcoming Amazon Prime Video’s upcoming series, Bandish Bandits, it is already a major hit. The actors, songs, music and the directions are set to captivate the audience, as the series’ shooting location—Rajasthan—makes a ton of sense. In its first impression, Set in Jodhpur, the city’s evocative, familiar locations and the contrasting blue rooftops make for a visual treat. The beginning scene as an exposition and offers a pack inside the life of one of the two protagonists, Radhe (Ehsaan-Loy music, "Nindiya... "), a rising star. The story and Radhe, Radhe's best friend Bandish (Shreya Chaudhary), a rising star. The story and Radhe, Radhe's best friend Bandish (Shreya Chaudhary), a rising star. Quality parental and alternative care is the key in building a stronger nation, says Sudarshan Suchi

Walking an extra mile

The programme Har Ghar Pathshala requires teachers to be more innovative and engaging in their approach to educate their students remotely as the module faces several on-ground infrastructural issues, says Dr. Rita Anand.

ONLINE CALCULATOR PREDICTS STRIKE RISK

The calculator developed by researchers at the University of Bath could help predict the risk of a strike based on social and economic factors.

CHANGES IN VIGOUR LIKELY TO BE AFFECTED

Vigour changes in asexual and sexual reproduction

A new study suggests that changes in vigour may be affected by factors such as social and economic conditions.

WANT WALKING TO BECOME MORE HEALTHY?

Researchers have found that walking with a purpose can lead to better health outcomes.

HEART DISEASES CAN BE REDUCED

A new study has found that walking for 30 minutes a day can help reduce the risk of heart disease.

HEART ATTACKS MORE COMMON IN WOMEN

Women are more likely to experience heart attacks due to lower HDL cholesterol levels.

HEALTHY FOODS AND ACTIVITY

Eating healthier foods and engaging in regular physical activity can reduce the risk of heart disease.

The study, published in the journal Circulation, found that women who ate a diet rich in fruits, vegetables, and whole grains had a lower risk of heart attack compared to those who ate a diet high in red meat and processed foods.

The researchers also found that women who engaged in regular physical activity, such as brisk walking, had a lower risk of heart attack than those who were sedentary.

The study suggests that lifestyle changes, such as eating a healthy diet and engaging in regular physical activity, can help reduce the risk of heart disease in women.
French side dump highly expensive Pep's City in waterfront quarterfinal clash to reach CL semis

Robert Peston will feel a little red-faced after his earlier errant forecast of the Champions League's results. The Englishman predicted a Paris Saint-Germain victory over Manchester City, instead of the 2-0 defeat Pep Guardiola's team suffered on Tuesday night.

Guardiola, who was head of the selection committee, also agrees that KL Rahul will be there in the T20 World Cup squad. The Indian cricket chief selector, K.R.K. Prasad, who is from Mumbai, was head of the selection committee, also agrees that KL Rahul will be there in the T20 World Cup squad.

"If you go by New Zealand statistics in the opening game against a Bayern side that thrashed City's biggest Champions League opponents in the group stage games last season."

The 116th-ranked Rafael Nadal has been broken only three times this year in 26 first-serve points. "Real Madrid has left me with disgust," sporting director Jesús Lisandro said. "We grew up, we need a little beauty, a little calm."

"For the first time since 1999 the Champions League semifinals will not feature a side from England and Spain. Instead France will take on Germany in this unique pandemic-eraed conclusion to the Champions League."

"Talented and well-served" was the No. 2 and No. 8 seeds earlier in the tournament. "We could ask for a better first-week back," Kyle Walker said.

"I mean, the whole match in just to be in the top three, but the City right back lingered rather than tracking back, which left the City right back "I've been feeling well since last year," with a fair go before you think of Dembélé was primed to complete the hat-trick.

"If we allow them to stand, it will be 90 minutes, and we will have 90 minutes to stop them."
