## Highest single-day death toll of 15 in State

1,175 new cases, highest  
276 from Ranchi

PNS ■ RANCHI

Jharkhand recorded the highest number of single-day deaths so far on Friday after 15 people succumbed to the deadly virus. The 15 deaths due to infection include eight deaths at East Singhbhum, two deaths each at Deoghar, Ramgarh and Ranchi while one death was reported from Hazaribag. With fifteen deaths in a day, the number of casualties has reached 224.

As the bulletin released by the health department on Sunday, 1,175 new Covid cases were reported across the State.

Among districts the maximum cases were reported from Ranchi where 276 fresh corona cases were traced, followed by East Singhbhum where 169 cases were reported. In Giridih 107 cases were reported. In Koderma 83 cases were reported. Hazaribag (66), Palamu (47), Saraikela (36), West Singhbhum (38) and others.

At the same time 565 won the battle fighting against infection. Among the best recovery districts, Palamu and Dhanbad has 78 persons recovering from infection from both the districts, 59 persons from Deoghar, 51 persons from Ranchi, 50 persons from Bokaro among others.

The total number of positive cases is 22,125, while at the same

A health worker collects samples for Covid test of a police personnel at the entrance gate of project building in Ranchi on Friday  
Ratan Lal I Pioneer

time 13,678 persons have recovered from infection while the number of active cases is 8,223.

Adding list to lawmakers get-

ting infected with coronavirus is BJP MLA from Sarath Randhir Kumar Singh. Reports of MLAs wife, son and daughter too have

also declared corona positive.

Revealing the information, Singh said that he carried out his Covid test on Thursday the report of which came today. Singh informed that two of his staff members Jeetan Mandal and Kishore Mandal too have come positive. The MLA has put himself in home quarantine at his residence in State Capital. Randhir Singh has said that all those who came in contact with him in recent days should get their corona tests. Earlier, BJP MLA CP Singh, JMM MLA Mathura Mahato were also found to be corona positive, but now they have returned home after recovering from infection. Congress MLA Deepika Pandey Singh has also been

found positive.

Meanwhile, in big relief the corona infection has not reached a dangerous level like many other states. Despite the fact that a large number of people have been infected with the virus in recent times, Jharkhand is one among five states, where the number of positive cases is less in one million population.

In Jharkhand, till now only 543 people have been infected in the 10 lakh population. The other states in this category include Chhattisgarh, Himachal Pradesh, Madhya Pradesh and Sikkim besides Jharkhand. On the other hand, more than a thousand people have been found infected in the 10 lakh population.

## CM Labour Scheme, portal launched for urban workers

Govt always concerned about labourers, farmers and poor: Soren

PNS ■ RANCHI

Chief Minister Hemant Soren on Friday launched a unique scheme for unskilled labourers of the urban civic bodies of the State. The CM said that the scheme will prove to a milestone in providing relief to the labourers in urban settlements.

"Lack of employment is visible in this phase of corona infection. For daily wage workers, this phase is similar to a catastrophe. In view of this, an action plan was prepared at the Government level. There was tension regarding employment in rural areas. The Government has tried to reduce it to a large extent. The government was successful in creating crores of man-days in rural areas," said the CM during the launch of the scheme here on Friday.

"Today, in view of lack of work in urban areas, the scheme is being launched. The scheme aims to benefit about 31 per cent of the urban population that is living below the poverty line. More than five lakh families will benefit from the scheme. Employment is guaranteed. Employment has to be done within 15 days with registration. If this is not the case, the beneficiary will get unemployment allowance. The objective is clear. No poor or labourer should suffer due to lack of money," he added.

The CM said that before

the lockdown, no one had any idea how many people from the State go to work in different states. This was revealed during lockdown only. "About one million people used to go to different states for employment. Jharkhand became the first State to bring workers back to their homes by trains and aeroplanes. The government has been engaged in continuous relief work for the workers. An amount of about 25 crores was sent to the account of the labourers through DBT so that they can survive in lockdown also. In the State too, no one died of hunger in the hour of this disaster," he said.

The CM said that in the fight against Corona, the government is moving forward every day with new achievements. Initially, investigation work started at only three places. Today, investigations are being conducted in almost every district. Jharkhand has the ability to test above 10 thousand people per day. Soon the State will come out of this phase of infection, he added.

The CM symbolically handed over job cards to Ranchi's Sarita Tirkey, Shivam Bhengra, Shanti Mukul Khalkho, Rohit Kumar Singh and Suraj Kumar Verma. At the same time, job cards will be given to workers in 51 municipal bodies. Registration can be done at [msy.jharkhand.gov.in](mailto:msy.jharkhand.gov.in).

J&K Police scoops 2nd highest peacetime gallantry medal  
ITBP recommends gallantry medals for 21 jawans who fought PLA troops

PNS ■ NEW DELHI

The Jammu & Kashmir Police has bagged the Kirti Chakra, the second highest peacetime gallantry medal that comes after the Ashok Chakra on the eve of 74th Independence Day and also earned a Shaurya Chakra, the third highest in precedence in the category. The J&K Police also topped the list of winners of Police Medals for Gallantry (PMG) by bagging 81 medals.

The CRPF follows the J&K Police with 51 medals, mostly for operations conducted in Jammu & Kashmir. While the Kirti Chakra was awarded posthumously to Head Constable of Jammu &

Kashmir Police Abdul Rashid Kalas, the Shaurya Chakra went to Deputy Inspector General of the J&K Police Amit Kumar.

The Indo-Tibetan Border Police (ITBP) on Friday has recommended gallantry medals to 21 troops who fought against China's People Liberation Army (PLA) in Eastern Ladakh in May-June, for this year's Independence Day.

The ITBP has accorded 294 commendation rolls and insignias to the paramilitary personnel for "displaying raw courage and bravery during face-offs and skirmishes in Eastern Ladakh in May-June, 2020," on the eve of the national festival.

"The ITBP troops not only

effectively used shields to protect themselves but also responded fiercely to PLA advancing troops and brought the situation under control. With the highest order of professional skills, ITBP troops fought shoulder to shoulder and also brought the injured Indian Army troops to the rear," the ITBP said in a statement highlighting the bravery against the treachery of the PLA troops.

It further said, "Even when the ITBP troops fought the whole night, they received minimum casualties by giving befitting reply to the stone pelters of the PLA. At places, they gave a determined standoff about 17 to 20 hours throughout the intervening nights,"

Guv, CM, Speaker, RS MP  
Soren launch new logo of State

PNS ■ RANCHI

Governor Droupadi Murmu, Assembly Speaker Rabintra Nath Mahto, Chief Minister Hemant Soren and Rajya Sabha member Shibu Soren jointly launched the new insignia of the State here on Friday.

The Governor saluted the great heroes of the State on the occasion of the inauguration of the new logo of Jharkhand. "Congratulations to the people of Jharkhand on the new logo. This insignia is associated with the identity and self-respect of the State. It contains the State's culture, natural mineral wealth, which is amazing," she said.

The Governor added today the whole world is going through a corona infection. "The number of infected people in the state is also increasing continuously. In this case, the speed of the investigation will have to be increased further, thereby preventing community transmission. I bow to the Corona warriors, respect them, with whose meaningful efforts we are giving a fight against Corona," she added.

Speaking on the occasion Chief Minister Hemant Soren said that the land sons of Jharkhand fought a long strug-

Chief Minister Hemant Soren shows the new logo of the State Government, during a programme at Aryabhata Hall in Ranchi on Friday  
Ratan Lal I Pioneer

gle in the independence of the country. "Thousands of heroes sacrificed their lives. Since independence, Jharkhand is playing an important role in the building of a new India. The workers here are bringing prosperity to other states through their labour. This tribal dominated State always believes in collectivity. The new State symbol is the chariot of change. The insignia reflects the spirit of Jharkhand," he said.

Apprising people of the new logo, the CM said that the Ashoka Pillar besides being the symbol of the nation, is also the carrier of sovereignty for the

State. The meaning of underlining this symbol is clear. Jharkhand is also a partner in the prosperity of the country. The life philosophy of Jharkhand has been included in it.

He said the rich and wonderful cultural heritage of Jharkhand reflects the indelible imprint of centuries-old tradition, instruments, songs and dances. Also, Palash flowers the State flower of the State are the saga of the beauty of Jharkhand. The red color is also a symbol of revolution which reflects the struggle of the people here, he said.

The CM said the Green

“INSIGNIA IS ASSOCIATED WITH IDENTITY AND SELF-RESPECT OF STATE, SAYS GUV

“INSIGNIA REFLECTS THE SPIRIT OF JHARKHAND: CM

color — shows the fullness of the forest and forest wealth covered with greenery of Jharkhand. It symbolises happiness and prosperity. He said that Elephant is shown the State animal of the State. It proclaims the supernatural natural wealth and prosperity of the State. Elephants are also disciplined. People of the State are already disciplined.

On this occasion, the CM presented a picture of the State's emblem to Governor, Draupadi Murmu, Speaker of the Assembly Rabintra Nath Mahto and Rajya Sabha MP Shibu Soren.

On this occasion Minister Champai Soren, Minister Rameshwar Oraon, Minister Banna Gupta, Minister Satyanand Bhokta, Chief Secretary Sukhdev Singh, Principal Secretary to CM Rajiv Arun Ekka, DGP MV Rao, Principal Secretary Himani Pandey, Press Adviser to the Chief Minister Abhishek Prasad, Sunil Srivastava, the Senior Private Secretary to the Chief Minister and others were present.

## SC holds Prashant Bhushan guilty of contempt of court

PTI ■ NEW DELHI

The Supreme Court on Friday held activist-lawyer Prashant Bhushan guilty of criminal contempt for his two derogatory tweets against the judiciary saying they cannot be said to be a fair criticism of the functioning of the judiciary made in the public interest.

Holding that Bhushan attempted to scandalise the entire institution of the Supreme Court, the SC said: "If such an attack is not dealt with, with requisite degree of firmness, it may affect the national honour."

A bench of Justices Arun Mishra, BR Gavai and Krishna Murari said: "The tweets which are based on the distorted

facts, in our considered view, amount to committing criminal contempt. In the result, we hold alleged contemnor No.1 - Mr. Prashant Bhushan guilty of having committed criminal contempt of this court."

The SC however discharged the notice issued to Twitter Inc after accepting its explanation that it is only an intermediary and does not have any control on what the users post on the platform.

The bench said the company has also shown its bona fides immediately after the cognizance was taken by this Court as it has suspended both the tweets. "We, therefore, discharge the notice issued to the alleged contemnor No.2. (Twitter Inc)," the bench said.

The top court said it would hear on August 20, the arguments on the quantum of sentence to be awarded to Bhushan in the matter.

A contemnor in this case can be punished with simple imprisonment of up to six months or with a fine of up to ₹2,000 or with both. The bench analysed the two tweets of Bhushan posted on the micro-blogging site on June 27 on the functioning of judiciary in past six years, and on July 22 with regard to Chief Justice of India S A Bobde.

"In our considered view, it cannot be said that the tweets can be said to be a fair criticism of the functioning of the judiciary, made bona fide in the public interest," it said.

"IN THESE POLICIES, THE INVESTMENT RISK IN THE INVESTMENT PORTFOLIO IS BORNE BY THE POLICYHOLDER"

# Cleanliness pledge at RRD

**Ranchi:** The Cleanliness Week campaign is being run in Ranchi Railway Division (RRD) from August 10 to August 16, under which a cleanliness pledge was taken and a cleanliness campaign was conducted at Ranchi Railway Station on Friday under the leadership of Divisional Railway Manager, Neeraj Ambastha. In the campaign, cleaing was done on the circulating area, parking area and platform of the station. The facilities provided for the passengers at Ranchi railway station to prevent infection of Kovid-19 were also inspected.

# समाहरणालय, लातेहार (भू-अर्जन शास्त्रा)

## समाहर्ता या समुचित सरकार प्रारंभिक अधिसूचना

(अधिनियम-30/2013 की धारा-11 (1) के अधीन)

संख्या- 190

/भू० अ०

दिनांक-13.08.2020

वृत्ति झारखण्ड सरकार / समाहर्ता को यह प्रतीत होता है कि ग्राम-मुरुष थाना न०-339 थाना-लातेहार, अंचल-लातेहार, जिला-लातेहार में भूमि सार्वजनिक प्रयोजन, यथा परियोजना-तुबेद कोयला परियोजना में कोयला उत्खनन के प्रयोजन में 4 टन का विस्फोटक भंडार स्थापन हेतु अपेक्षित है। भू-अर्जन के दौरान एक रैयत का जमीन अधिग्रहित किया जायेगा। परियोजना हेतु भू-अर्जन किये जाने की सहमति दी जाती है प्रमायित परिवारों के पुनर्वास एवं पुनर्व्यवस्थापन के प्रयोजनाध् अपर समाहर्ता अथवा नियम 2 (1)(ख) के तहत प्रशासक के रूप में नियुक्त किए गए हैं।

अतएव अधिसूचित किया जाता है कि ग्राम-मुरुष थाना न०-339 थाना-लातेहार, अंचल-लातेहार, जिला-लातेहार में उपर्युक्त कथित परियोजना के लिए क्मोवेश-0.69 एकड़ मानक माप का भूखंड, प्रारंभिक अधिसूचना किया जाता है। जिसका विस्तृत विवरण निम्नलिखित है, अर्जनाधीन है। (हाल सर्वे के अनुसार)

| क्र० सं० | ग्राम का नाम | खात I सं० | प्लॉट सं० | भूमि का प्रकार | स्वामित्व का प्रकार | कुल खतिया नौ क्षेत्र (रकबा) | अर्जन के अधीन क्षेत्रफल (एकड़ में) | खतियानी रैयत का नाम        | पूरा पता सहित वर्तमान रैयत का नाम                      | सीमा (भूखंड सं०) उ०, द०, पू०, प०   |

INBRIEF

**SURPRISE INSPECTION OF RAINBOW HOMES BY DC**  
On a surprise visit, Ranchi Deputy Commissioner (DC) Chhavi Ranjan inspected the Rainbow Shelter Homes operated in collaboration with the district administration on Friday and interacted with the children living there. The DC inquired about the facilities required for the children from the operators and also assured to make the necessary arrangements available at the earliest. While talking to the children, Ranjan asked about their studies and eating arrangements to which the inmates said that there is no shortage of food and they are provided with it at regular intervals. During the surprise visit, the shelter home lead stated that there is a need to install tiles on the ground of a room so that better seating arrangements can be made for the children. The DC has asked for a proposal in this regard while the concerned authorities have also been directed to take prompt action.

**SBI ISSUED CONTACT NO FOR AUCTION**  
The State Bank of India (SBI), Ranchi on Wednesday got printed information in the newspaper regarding auction of mortgaged immovable properties. The desirous person should get information in this regard on following contact number-0651-2201093, 0651-2229434.

74<sup>th</sup> Independence Day

Independence Day  
Greetings to all fellow citizens

Jai Hind

15th August is a day to pay homage to all those greats who worked hard for India's freedom. Their struggles continue to give strength to millions. Independence Day is an occasion to reaffirm our commitment to build an India that would make our respected freedom fighters proud.

- Narendra Modi

Independence Day Ceremony at the ramparts of Red Fort to be live telecast by Doordarshan 6:25 a.m. onwards

# Prez Kovind lauds efforts of frontline corona warriors

## Says nation is ‘indebted to doctors, nurses and other health workers’

PNS ■ NEW DELHI

President Ram Nath Kovind on Friday lauded the efforts of healthcare professionals at the frontline in the country’s fight against the coronavirus pandemic and said the nation is “indebted to doctors, nurses and other health workers”. He said the celebrations this year will be restrained without the customary pomp and show owing to the pandemic which has “altered the world we live in.”

Addressing the nation on the eve of the 74th Independence Day, the President termed the Government’s response to the Covid-19 challenge as ‘super-human’.

Lauding the Centre and State Government for taking steps to contain the transmission of novel coronavirus, Kovind said India’s role in dealing with the pandemic is a lesson for the world.

The President also spoke on the Galwan Valley face-off in which 20 Indian soldiers

were killed fighting the Chinese army in June this year in eastern Ladakh. “Our brave soldiers laid down their lives defending our borders. Those worthy sons of Bharat Mata lived and died for national pride. Their bravery in combat has demonstrated that while we believe in peace, we are also capable of giving a befitting response to any attempt of aggression,” he said.

“Even while the world community needs to fight together against the greatest challenge before humanity, some in our neighbourhood tried to carry out their misadventure of expansion. Our brave soldiers laid down their lives defending our borders. Those worthy sons of Bharat Mata lived and died for national pride. The entire nation salutes the martyrs of Galwan Valley. Every Indian feels grateful to their family members.

“Their bravery in combat has demonstrated that while we believe in peace, we are also capable of giving a befitting response to any attempt of

# Naresh wins police medal for record 7th time for fighting terrorists in J&K

PNS ■ NEW DELHI

CRPF Assistant Commandant Naresh Kumar has scripted history by receiving his 7th Police medal for Gallantry in a short span of four years for his gallant action against the terrorists in Jammu and Kashmir.

“An officer with sharp tactical acumen and indomitable courage, Naresh Kumar has led the CRPF Valley QAT (Quick Action Team) in Srinagar which has a glorious history of continued success marked with numerous Gallantry medals that embellish its valour”, the CRPF said in a statement.

Assistant Commandant Kumar got his first medal in 2017 for an operation which was conducted in Srinagar in 2016. Here, he neutralised two foreign terrorists whereas in 2018, he was awarded with two PMGs for neutralising two Hizbul Mujahideen commanders in an fierce operation which lasted for three days.

This year alone, the Valley QAT has been adorned with

more than 15 Gallantry medals. Furthermore, the erstwhile IG Srinagar, CRPF, Ravideep Singh Sahi and the present valley QAT Commander, Loukrakpam Ibomcha Singh and his team mate Constable Devsant Kumar have been awarded with Police Medal for Gallantry for a courageous operation in Srinagar on October 3, 2017 where two militants were neutralised by the security forces.

For Loukrakpam Ibomcha Singh, this is his 3rd Gallantry Medal and second PMG while Constable Devsant Kumar will be receiving the PMG for the second time.

Yet another story of grit and courage relates to 208 CoBRA where the team of gallant warriors came under a heavy attack from Maoists in jungles of Sukma, Chhattisgarh on March 03/04, 2016, the troops retaliated with bravery and forced the Maoists to give up their nefarious designs, the CRPF said.

In this long lasting encounter nine Maoists were neutralised while five were injured. Three Bravehearts of

208 CoBRA made supreme sacrifice serving the nation. For their indomitable gallantry and courage in the face of danger during the operation, 208 CoBRA has been awarded with eight PMGs with three being awarded posthumously.

CRPF –the largest Central Armed Police Force of the country, has been awarded with as many as 55 Police Medals for Gallantry on the eve of Independence Day, which is the second highest force after the Jammu and Kashmir police that bagged 81 medals.

With this, the total number of gallantry medals won by the deserving Force personnel till now has reached to 2036, the highest among all the CAPFs in the country.

“The narrative behind each of these Gallantry Medals speaks the language of courage, dedication to duty, devotion for the motherland and over and above a steely resolve to deliver, which is the hallmark of Internal Security Warriors,” added the C R P F

# India won’t compromise with its self-esteem, says Rajnath

PNS ■ NEW DELHI

As the situation on the Line of Actual Control (LAC) in Eastern Ladakh remains tense for nearly three months now, Defence Minister Rajnath Singh on Friday said India has never attacked anywhere to capture land of others. Reiterating this, he also said India believes in winning hearts and not land. “But it does not mean we will let our self-esteem be hurt,” he said.

Making this assertion during the customary address to the troops on the eve of the Independence Day, he, however, cautioned if attacked India as always will give a befitting reply. He, however, did not name China.

“Whatever we do in national security, we always do it for self-defence, not for attacking others. If enemy

country ever attacked us, like every time we will give a befitting reply,” he said.

His observations came in the backdrop of five rounds of military level and four at the diplomatic level in the past few weeks failing to resolve the stand-offs now on at four friction points. Moreover, China has not withdrawn its troops from these sites despite agreement thereby leading to tension in the area.

In his address, the defence minister assured that the government is doing all that is necessary to keep our forces morale high and fulfill their all operational requirement.

Later in his tweet message, he paid tributes to the soldiers. “On the eve of India’s Independence Day, I salute the indomitable courage of the brave soldiers of our Armed Forces who are self-

lessly serving the nation. Their unmatched courage and patriotism has ensured that our country is safe,” he said.

In another tweet, the minister said the Government is leaving no stone unturned to strengthen the armed forces and ensure the welfare of their families and the ex-servicemen.

Amid the ongoing stand-off, the Defence Ministry has given the armed forces emergency financial powers to procure weapons systems up to Rs 300 crores on an urgent basis without any further clearances to cut short the procurement cycle.

The Services have embarked on major procurements of ammunition, anti-tank missiles, man portable air defences, unmanned aerial vehicles among others.

# Def Min launches portal providing access to defence vendors

PNS ■ NEW DELHI

Days after banning import of 101 weapon systems to make the Indian defence industry self-reliant, the Government on Friday signed four contracts as part of Defence India Start Up challenge in the presence of Defence Minister Rajnath Singh.

On the final day of ‘Atmanirbhar Week’ celebration of the Defence Ministry, he also launched Department of Defence Production (DDP) portal SRUJAN which is a ‘one stop shop online portal that provides access to the vendors to take up items that can be taken up for indigenisation. A number of Expressions of inter-

est/Requests for Proposal were also issued.

Speaking on the occasion, Rajnath said signing of these MoUs and contracts will lead us to self-reliance in the technologies related to defence manufacturing. He called upon the Indian industry partners to show complete commitment and take proactive participation in the pursuit of Indigenisation and self-reliance in the defence sector.

Commending the DDP for creating SRIJAN portal, the minister said this will help Indian industry partners to play active role in the goal of self-reliance in defence sector. Pursuant to Atmanirbhar Bharat announcement, Department of Defence

Production has developed an indigenization portal, srijan-defence.gov.in, as “opportunities for Make in India in Defence”, which will give information on items that can be taken up for indigenisation by the private sector.

On this portal, DPSUs/OFB/SHQs can display their items which they have been importing or are going to import which the Indian Industry can design, develop and manufacture as per their capability or through joint venture with OEMs. The Indian Industry will be able to show their interest.

There are over 3,000 unique items with a value of over ₹10,000 Crore that are available through the portal.

# Former Maha CM Fadnavis may get key role in Bihar election

PNS ■ NEW DELHI

The BJP is expected to give former Maharashtra Chief Minister Devendra Fadnavis a key role in the Bihar election, due later this year.

A move is afoot to appoint Fadnavis as election-in-charge of Bihar polls, according to sources.

The former Maharashtra Chief Minister’s role assumes importance in the backdrop of a raging controversy around the death of Sushant Singh Rajput, a young and rising Bollywood actor and a native of Bihar. Sushant’s parents have lodged an FIR in the state in the case.

The BJP has been alleging that the Mumbai police under the Shiv Sena-NCP-Congress coalition was not conducting a fair probe in the circumstances leading to what has initially been termed as “suicide”.

Fadnavis has been in the forefront in attacking Chief Minister Uddhav Thackeray and his son for the handling of the actor’s case and demanding a CBI probe into his death and “justice” for him.

The issue of the 34-year-old actor’s death triggered charges and counter-charges between the two States with

Maharashtra Shiv Sena leaders accusing the BJP-JD (U) coalition Government in Bihar of politicising the investigation to serve its political ends when assembly polls are round the corner.

The Bihar Government’s eagerness to take up the case of Rajput is seen by many as a move to consolidate “thakur votes” in the state as also a gesture that the Nitish Kumar-led government was standing by its ‘son of the soil’ and his family in distress.

The reports of the appointment of Fadnavis have been growing since he chaired a core committee meeting of the BJP’s Bihar unit party on August 13 and BJP President J P Nadda directing leaders in Bihar unit to brief former Maharashtra Chief Minister on the campaign strategy.

Fadnavis, the first Brahmin CM of Maharashtra who lost his second run in the state as CM, has been living in political shadows in Maharashtra after the ‘Maha vikas Aghadi’ coalition took reins of governance in the State.

The BJP is also expected to benefit from Fadnavis’ Brahmin origins. Brahmins constitute 5 percent of the population in Bihar.

# India exports 23 lakh PPEs to 5 countries

PNS ■ NEW DELHI

With export norms relaxed, India managed to export 23 lakh Personnel Protection Equipments to five countries namely the USA, the UK, UAE, Senegal and Slovenia in just a month.

“This has substantially aided India to position itself in the global export market of PPEs,” said a statement from the Union Health Ministry.

PPEs are a crucial medical resource for frontline workers during the pandemic that include body coveralls, N-95 masks, goggles, face shields among others.

According to the Ministry, the ‘Make in India’ spirit embedded in the ‘Atmanirbhar Bharat Abhiyaan’ has resulted in providing resilience and self-sufficiency” to the country for various medical equipment including PPEs.

While the Union

Government is supplying PPE kits, N95 masks, ventilators etc., to the State governments and union territories administrations, states are also procuring these items directly.

“Between March and August 2020, they have procured 1.40 crore indigenous PPE from their own budgetary resources. During the same period, the Centre has distributed 1.28 crore PPE to states, UTs and central institutions, free of cost,” said the ministry in a statement.

The Centre has been leading the graded, pre-emptive, proactive and collaborative response and management of COVID-19, along with the states union territories.

As part of its continued efforts towards progressively augmenting and strengthening the medical infrastructure across the country, various policy decisions have been taken on a regular basis.

At the start of the pandemic, there was a global shortage of all kinds of medical equipment including N95 masks, PPE kits, ventilators etc, the ministry underlined.

Most of the products were not being manufactured in the country in the beginning as many of the necessary components were to be procured from other countries. The rising global demand due to the pandemic resulted in their scarce availability in the foreign markets, it stated.

Turning the pandemic into an opportunity to develop its domestic market for production of medical equipment, with the combined efforts of ministries of health, textiles, pharmaceuticals, Department for Promotion of Industry and Internal Trade, Defence Research and Development Organisation and others, India has hugely ramped up its own manufacturing capacity, the ministry said.

# Number of deaths due to smokeless tobacco in India is on rise: Study

PNS ■ NEW DELHI

The number of deaths due to smokeless tobacco in India is on the rise, accounting for 70 per cent of deaths in the South-East Asia region followed by Pakistan (seven per cent) and Bangladesh which accounts five per cent of the global disease burden due to smokeless tobacco.

Researchers added that deaths due to it globally has

also gone up by a third in seven years to an estimated 350,000 people.

The research, published in the journal BMC Medicine, comes at a time when there are concerns that spitting - a behaviour common among those who chew tobacco - is likely to transmit the Covid-19 virus.

“The study has come at a time when Covid-19 is affecting almost all aspects of our lives. Chewing tobacco increases

es saliva production and leads to compulsive spitting,” said study researcher Kamran Siddiqui from the University of York in the UK.

There are concerns that spitting - a behaviour common among those who chew tobacco - is likely to transmit the virus to others.

“In acknowledgement of this, India, for example, has already taken a positive step by banning spitting in public places to reduce the transmission of COVID-19,” Siddiqui added.

The study estimated that in 2017 alone smokeless tobacco resulted in more than 90,000 deaths due to cancers of the mouth, pharynx and oesophagus and accounted for more than 258,000 deaths from heart disease.

Millions more have their lives shortened by ill-health due to the effects of chewing tobacco-based products, the study reveals.

## BENGALURU VIOLENCE

# ‘Riots started within 3 hours of FB post’

**Bengaluru:** The recent Bengaluru riots occurred at breakneck speed, erupting in less than three hours of the derogatory message being put up on social media, a police official said on Friday.

“Naveen posted the derogatory message around 6 p.m. and by 9 pm the riots erupted,” Central Crime Branch (CCB) Deputy Commissioner of Police (DCP) Kuldeep Jain told IANS. The government machinery was already strained with battling the Coronavirus pandemic, and the riots caught them unawares.

On Tuesday night, hundreds of people ran amok after Pulikeshinagar’s Congress MLA Akhanda Srinivas Murthy’s nephew P Naveen posted a derogatory message on social media. The mob pelted stones, injuring 60 police-

men, and committed acts of vandalism and arson in DJ Halli, KG Halli, Pulikeshinagar and Kaval Byrasandra areas. “As soon as the news reached the police, cops from nearby police stations rushed to the spot,” said Jain.

Police Commissioner Kamal Pant himself rushed to the riot-affected areas to monitor the situation.

The police was initially overwhelmed with the rioters outnumbering them. “By that time whatever preventive things we could do, we tried it out. All that did not calm down the mob,” he said. It was only after the police fired in the air and later at the rioters, leading to the death of three people, did the situation come under control.

# Terrorists kill two cops on outskirts of Srinagar

MOHIT KANDHARI ■ JAMMU

A head of the Independence Day celebrations, heavily armed terrorists, believed to be the cadre of Jaish-e-Mohammad (JeM) terror outfit on Friday shot dead two policemen and wounded another in “indiscriminate” firing on the outskirts of Srinagar near Nowgam bypass.

The terrorists seem to have done thorough recce of the area before targeting the patrol party of Jammu & Kashmir police. They disappeared in the bylanes of the densely populated area even before the security personnel could chase them.

Inspector General of police, Kashmir range, Vijay Kumar who visited the spot told reporters, “the terrorists emerged from Gulshan street on the outskirts of the Srinagar city near Nowgam bypass and targeted the policemen by opening indiscriminate firing around 9.30 a.m.” He said three policemen received injuries but two among them succumbed to their

injuries. The martyred jawans of Jammu & Kashmir police were identified as Constables Ishfaq Ayoub and Fayaz Ahmad of IRP 20 Bn.

IG Vijay Kumar said, “elaborate security deployment was done on ground zero to ensure incident free Independence day celebrations in the valley”. He said after the terror strike the entire area has been cordoned off to track down the foot-prints of the terrorists behind the attack. He said, preliminary reports suggested JeM cadre were behind the attack. He maintained, the security personnel also exercised restraint by not opening indiscriminate firing due to the heavy civilian movement in the area.

Later in the day, a tribute ceremony was organised at the police headquarters where senior officers including DGP Jammu & Kashmir police paid their tribute and remembered the supreme sacrifices of the jawans of the J&K police. The mortal remains were later shifted to their local residences in Srinagar where thou-

sands of residents paid their last tributes and joined the funeral of policemen. Wailing women and close relatives were seen chanting slogans during the funeral procession of martyred policemen.

Interacting with the media persons, DGP Dilbagh Singh said,” it is the hand-iwork of the Pakistan and its proxies who don’t want to see peace prevailing in the region. He said, the security situation has largely improved in Kahsmir valley but in between when such incidents occur our resolve to restore peace gets strengthened. Referring to measures adopted by the security forces ahead of the I-day celebrations, DGP said, drone cameras and camera fitting vehicles have been deployed at various places to ensure complete area domination during the I-Day function.

The security forces were also directed to remain in a state of high alert across Jammu & Kashmir to prevent fresh strikes on the security convoys and other vital security installations.

# Wildlife lovers appeal Modi to save endangered black bucks

PRADEEP SAXENA ■ ALIGARH

The wild life lovers and NGO of Aligarh have appealed to the Prime Minister of India to save the endangered species of Black bucks of this region. They said that if such steps are not taken by the Government on urgent basis the Black Bucks will become history and be banished from this region. Once this region used to be very rich with the presence of Black deers but on account of the killing of endangered species by rich persons belonging to Aligarh city and so called, Nawabs of the districts now only 357 black deers are believed to be exist in the region.

Bankebihari Gupta, president of LATA NGO Said that “ Aligarh was very rich with the presence of Black buck. But due to pouching the life of endangered species are in danger. We have written several letter to District Administration. But Administration have turned a blind eye regarding this evil menace. At last We have appealed to the Prime Minister of India to save the endangered species of Black deers of this

region”.

Sources of wild life department of U P Government that some 10 years ago the number of black deers in the district was estimated to be 5347. The black bucks were found in the jungles of villages Sunthla Rahim Kot, Surajpur Jaivana Birpura, AlahdadvMur, Gurskien Jarkhera Lohgarh and Saidman under the areas of Atrauli, Kher and Koil Tehsils of the district. It is worth mentioning that this species have their own history as several authors have written about free movements of Black deers in Aligarh district. According to manuscripts on records, Sir Thomas Row a British who visited India in the beginning of 17th Century in the region of Emperor Jahangir had written that black deers and peacocks were seen moving in almost whole of the area of Koil (Aligarh). Similarly another tourist Hawkins has written that in the surrounding of Delhi, Agra and Aligarh (Koil) large number of herds of black bucks were seen, now with the passage of time the number has considerably reduced and few left alone are struggling for their existence.

# No two power centres in Maha, CM only leader, Pawar architect of our Govt: Raut

TN RAGHUNATHA ■ MUMBAI

Contesting the speculation that there are two power centres in Maharashtra, the Shiv Sena said Chief Minister Uddhav Thackeray was the only leader who enjoyed all the powers in the MVA Government, while NCP chief Sharad Pawar being an architect of the ruling alliance, he played an important part in it and “we seek his advice”.

Participating in a joint interaction programme hosted by Marathi television channel “ABP Majha”, Shiv Sena’s Rajya Sabha member and spokesperson Sanjay Raut dismissed the allegation in certain quarters that the State Government files were being sent to the Yeshwantrao Centre for the NCP chief to look at them.

“There are no two power centres in Maharashtra. Chief minister Uddhav Thackeray is the only leader who enjoys all the powers in the state government. No government files to the Yeshwantrao Chavan Centre (for Pawar sahib to look at) as is being claimed in certain quarters. Uddhav sahib has the powers with him,” Raut said.

Alluding to Pawar’s role in the Shiv Sena-led Maha Vikas Aghadi (MVA) in the state, Raut said: “Pawar saheb played a key role in the formation of the MVA government in the State. He has a major role to play in our gov-

ernment. He is the most experienced political leader in the state and has vast administrative experience. No one has as much experience as he has governance matters in the state”.

“Hence his guidance is valuable for our government. What is wrong if someone goes to him and seeks advice?. And we need the guidance of Pawar sahib,” Raut said.

Replying to another question, Raut slammed the Opposition BJP for politicising the Sushant Singh Rajput suicide cases purposely.. “In view of the impending Bihar Assembly elections, the Opposition BJP is deriving political mileage out of the Sushant Singh Rajput suicide case”

When his attention was drawn to the NCP chief’s disapproval of his grandnephew Rohit Pawar’s demand for CBI probe into the alleged Sushant Singh Raput suicide case, Raut said: “You should see the whole episode as a grandfather giving his grand nephew. Even late Bal Thackeray used to rebuke the youngsters when something went wrong. His family members as well all of us used to feel happy. Because, if he got irritated with us, we would think he was keeping a watch on us. Even in Rohit’s case, Pawar did not say whatever he said in an irritating tone. Whatever he said was over that day. Now it has become a family matter”.

# MLAs to take feedback from Covid patients

PRADEEP SAXENA ■ ALIGARH

MLAs will now speak to Corona patients over phone daily and will take the feedback of health services from them. In case of any problem, they will inform the district administration immediately. On Thursday, Minister of State for Medicine Atul Garg gave this instruction on the complaint of MLA Sanjeev Raja during inspection of Corona Control Room.

During the inspection of the control room, Atul Garg inquired about the number of corona patients, the number of hospitals, the number of patients admitted to them and the number of fleets relative to them. He was somewhere satisfied with the answers of control room incharge Smriti Gautam.

At the same time, city MLA Sanjeev Raja, who accompanied him, also had some problems, on the basis of which he directed the administration that a list of covid patients should be given to the MLAs along with their names, addresses and mobile numbers daily. MLAs will seek health services feedback from patients at their level.

# Case of assault of MLA-SHO overshadowed on online platform

PRADEEP SAXENA ■ ALIGARH

In Gonda police station, the Lcase of the fight between the BJP MLA Rajkumar Sahayogi of IGLAS and Anuj Saini, the SHO, was overshadowed on social media. In this case, former Chief Ministers Mayawati, Akhilesh Yadav, IPS officer Amitabh Thakur have tweeted and demanded action against the culprits.

Former Chief Minister and BSP supremo Mayawati said in her tweet that the law and order in UP is dying. Allegations made by the BJP MLA and the police in Aligarh are very serious, whoever is guilty, action should be taken against them. What is the difference between the SP-BJP government in terms of crime control and law and order? Government should pay proper attention to it.

Former Chief Minister and SP National President Akhilesh Yadav has targeted the Yogi government in this matter.

He said that this is the condition of the state under BJP rule, BJP’s own legislators are being victims of police beatings.

# Don’t know who benefited from Modi’s ₹20L cr Covid package: Maha Cong chief

TN RAGHUNATHA ■ MUMBAI

Seeking to “expose” the Rs 20 Slakh crore Covid-19 Economic Assistance Package announced by the Modi Government in August last year, the Maharashtra Pradesh Youth Congress (MPYC) President Satyajet Tambe said here on Friday that while “the self-styled Pradhan Sevak” insisted ₹20 lakh crore-worth of assistance

was given to farmers, entrepreneurs and the unemployed, he wanted to who were actually the beneficiaries from the scheme. “The self-styled Pradhan Sevak insists ₹20 lakh crores-worth of assistance was given to farmers, entrepreneurs and the unemployed, but Maharashtra Youth Congress has been hard pressed to find a single individual who it has helped. My only question to the Prime Minister is, Modi ji, who exactly got the ₹ 20 Lakh Crore?,” Tambe asked.

In a statement issued here, Tambe said: “Our MPYC Bearers and activists have been reaching out to the intended stakeholders of the ₹20 Lakh Crore COVID-19 Relief Package and have not been able to trace

any beneficiaries. Meeting with farmers on the first day of the agitation at the district and taluka level, it was revealed by the video interviews recorded that not a single farmer has received the assistance promised,” Tambe said.

“The fact-finding teams also consulted local traders, shops and factories and Micro, Small and Medium Enterprises, and the unemployed, who also attest on record that the relief sought is still expected three months after it was pledged. The People of Maharashtra have participated wholeheartedly in our poll and their recorded testimonies express the same disillusionment across critical sectors of the economy,” he said

Because of the stark variance between the Prime Minister’s professions and the zero beneficiary reality on the ground, we at Maharashtra Youth Congress continue to apply to the Central Government for a breakdown of the COVID-19 assistance to Maharashtra. BJP’s silence and tuggery is symptomatic of the elite capture and the cronyism that is Modi’s Operandi.

# Andhra HC extends status quo on 3 Capitals issue

IANS ■ AMARAVATI

The Andhra Pradesh High Court on Friday extended, till August 27, the status quo on three capital issue.

A three-judge bench comprising Justices Rakesh Kumar, A.V. Sesha Sai and M. Satyanarayana Murthy directed the State government to maintain the status quo for two more weeks, rejecting its appeal to vacate the interim order passed on August 4.

The court on Friday took up hearing of nearly 55 petitions filed to challenge the Andhra Pradesh Decentralisation and Inclusive Development of All Regions Act, 2020 and the Capital Region Development Authority (CRDA) Repeat Act, 2020.

Counsel for the petitioners argued that the three capital move was violation of Andhra Pradesh Reorganisation Act, 2014 as it talks of only one state

capital.

Lawyers of some of the petitioners expressed their inability to personally appear before the court due to current Covid-19 situation and pleaded for extending the status quo.

The government had on Thursday filed a common counter-affidavit claiming that the related policy decision was within its competence and in consonance with the Central government’s sworn statement on the matter.

The government contended that its decision was not arbitrary, but was taken on the basis of various studies conducted by experts, and that it had the obligation under Article 38 of the Constitution to ensure that there were no inequalities among the people in different areas.

The court had ordered the status quo on August 4 as the petitioners feared that the gov-

ernment might start shifting offices to Visakhapatnam and Kurnool by taking advantage of the Bills getting the Governor’s assent.

Governor Biswabhusan Harichandan on July 31 approved the two Bills and the same day, the government issued the gazette notification.

Under Andhra Pradesh Decentralisation and Inclusive Development of All Regions Bill 2020, the government seeks to shift key capital functions out of Amaravati.

It proposes to develop Visakhapatnam as the executive capital. With the shifting of the offices of the Chief Minister, the Governor, ministers and secretaries, the coastal city for all practical purposes will become the seat of power.

Kurnool will be developed as the judicial capital by shifting the High Court there.

Amaravati, which was orig-

inally planned as the only state capital and a world-class city, will only be a legislative capital.

The moved by Jagan Mohan Reddy-led government has led to fresh protests by farmers in 29 villages in Amaravati.

About 24,000 farmer families had given 33,000 acres of land for development of Amaravati under land pooling scheme five years ago.

Then Telugu Desam Party (TDP) government headed by Chandrababu Naidu had embarked on the mega plans to build Amaravati on the banks of Krishna river as the dream capital and a world-class city. Naidu had got its design was prepared by Singapore government.

Several farmers had already challenged the three capitals move. They also filed petitions challenging the two Bills approved by the Governor.

# Lord Muruga, Lord Vinayaka to unite Tamil Nadu Hindus

KUMAR CHELLAPPAN ■ KOCHI

Lord Muruga and Lord Vinayaka are playing a major role in uniting the Hindus in Tamil Nadu who have been divided along caste lines. Hindus all over the State had come out protesting against the humiliation meted out to Lord Muruga by Karuppu Koottam (the Black Alliance), a frontal organisation under the auspices of the Dravidian outfits.

A YouTube channel under Karuppu koottam had aired an obscene song as a parody to the Skanda Shashti Kavacham, an iconic hymn of Muruga devotees all over the world and which was immortalized by Soolamangalam Sisters, the famous devotional song proponents. The Tamil Nadau Government was forced to arrest the Karuppu Koottam manage-

ment only after State-wide protests by the devotees which included the mass Skanda Shasti Kavacham recitation and worshipping idols of Lord Muruga.

On Wednesday, Tamil Nadu Government ordered the ban of Vinayaka Chathurthi procession and festivities citing the Covid-19 situation in the State. Hell has broken loose all over the State with Hindu organisations including the BJP coming out in protest against the government order banning the processions and festivities.

Vinayaka Chathurthi processions in Tamil Nadu have been a major concern for the Government as well as the law and order enforcement agencies as Muslims strongly object to the carrying of Vinayaka idols along the main thoroughfares and highways across the State as part of the immersion ceremony.

# Goa housing societies stigmatising patients, warned

IANS ■ PANAJI

Goa Health Minister Vishwajit Rane on Friday warned of a crackdown on housing societies and colonies discriminating against asymptomatic Covid-19 patients who have opted for home isolation.

Rane said that his Ministry has been receiving complaints about various housing societies and other residential complexes stigmatising asymptomatic Covid-19 patients, including restricting supply of food to those in home isolation.

“You cannot stigmatise patients who are opting for home isolation, otherwise government will come down heavily and take action against these housing societies and colonies. I have received complaints that committees are not allowing access to those who are in home isolation in different societies,” Rane said.

“Supply of food is being stopped at the gates, as a result it is creating problems for patients who are asymptomatic and under monitoring of the Indian Medical Association and Health services. These people should not be stigmatised,” Rane said.

The Health Minister said that Covid-19 could affect anyone. “Covid does not recognise caste, status is society. Anybody can become Covid positive. There should not be any kind of stigmatisation. Home isolation decision has to be respected. No society or colony can take these decisions on its own,” Rane said.

# Kadha’ stalls, another start-up in corona times

IANS ■ LUCKNOW

With a cure for coronavirus still not known, more and more people are turning to Ayurvedic ‘Kadha’ prescriptions to keep the virus at bay.

In a new start-up, kiosks selling Kadhas have sprung in at several places, especially those frequented by morning walkers.

“We used to sell juices of bottle gourd, bitter gourd here, but now we have added Kadha and the majority of our customers prefer a glass of this Ayurvedic concoction,” said Ramesh Sharma who sets up a stall near a park in Indira Nagar locality every morning.

Ramesh claims that his wife and mother prepare the Kadha by boiling various species, including cardamom, ginger, nutmeg, peppercorns, basil leaves, cinnamon, honey and turmeric. However, he admitted that he was not aware of the quantity of spices that should go into the making of the decoction.

He sells a small glass of the concoction for Rs 40 and many customers even get it packed for home.

Swadesh Sharma, a septuagenarian, said, “I drink one cup and take home three cups. My wife and I drink this Kadha twice a day.”

Ravindra Kumar, another morn-

ing walker and a regular Kadha customer, said that preparing the decoction at home was a cumbersome task.

“My wife and I go to work and we barely get time to cook a meal. Preparing the Kadha takes a lot of time so we drink a cup here,” he said.

Almost all the morning walkers who flock to the Kadha stalls, said that they had learnt about the benefits of this from TV and newspapers.

Apart from this, packets of ready-to-brew Kadha are now available in the market.

“This is in a powder form and you simply have to boil it in water. The spices are in measured quantities and there is no need to even strain the decoction,” said Mohan Lal, who sells packets of the Kadha powder in his grocery store in Mahanagar area.

Meanwhile, doctor Raj Kumar, a medical practitioner, said that over-consumption of Kadha was proving harmful for many.

“Excessive use of spices like nutmeg, cinnamon in this weather can lead to other problems. People are going overboard in drinking Kadha because they believe that this will keep corona away, but the side effects are now showing up,” he explained.

# 1,087 new cases take Gujarat’s tally to 76,569

**Gandhinagar:** Gujarat on Friday reported 1,087 new Covid-19 case, , taking the State’s total tally to 76,569, while 15 new fatalities pushed the death toll to 2,748, health officials said.

As many as 1,083 patients were discharged in the last 24 hours, taking the total number of recoveries to 59,522.

Hotspot Surat continued to lead the state’s tally with 232 cases, followed by Ahmedabad (161), Vadodara (107), Rajkot (99), Jamnagar (56), Panchmahals (40), Junagadh (39), Gandhinagar (36), Bhavnagar Gir-Somnath and Mahesana (24 each), Bhavuch and Dahod with (23 each), Kutch (22), Morbi (21), Banaskantha (15), Patan and Surendranagar (13 each), Anand (12), Navsari (10), Valsad (9), Sabarkantha (8), Kheda and Narmada (7 each), Botad and Chhota Udepur (6 each), Tapi (5), Mahisagar and Porbandar (4 each), and Aravalli and Devbhumi Dwarka (3 each).

Gujarat’s mortality rate has come down to 3.58 per cent, but it is still one of the highest in the country.

Till now the health authorities have conducted 12,11,047 RT-PCR tests in Gujarat, out of which 11,34,478 have returned negative.

There are 14,299 active cases in the state at present, out of which the condition of 14,228 is stable, while 71 critical patients are still on ventilator support. Right now, there are over 4.9 lakh people quarantined in the state, out of which 4,92,647 are under home quarantine and 989 in government facilities. IANS

## India at 74

The pandemic has given us our transformative moment. Probably to remind us of forgotten ideals that make up our civilisational DNA

On September 5, 2019, 74-year-old Erramatti Mangayamma gave birth to twin girls in Guntur, Andhra Pradesh, becoming the world's oldest mother after being called "barren" her whole life. At 74, Ferdinand Marie de Lesseps made an attempt to construct the Suez Canal. And at 77, John Glenn became the oldest person to go into space. The point of citing these inspirational figures, who were really ordinary men and women till they were challenged, is that no time is too early or too late enough to make a new beginning. And at 74, with perhaps one of the most unimaginable crises in our nation's history — the relentless pandemic,

the sliding economy, the collapse of democratic institutions, the chaos of sectarian politics and a conflict-ridden society — India is perhaps at that turning point in its timeline to correct its course and claim a new destiny. Perhaps this churning is necessary to prepare ourselves for a new century instead of relying on templates that we thought were transformative but are now past their prime. Had it not been for the pandemic and the crushing burden it imposed on our social and economic infrastructure, we wouldn't have bothered to look at rebuilding them. There's nothing wrong with globalisation except that when there is resource scarcity in every nation, as a pandemic-induced shutdown snapped mutual dependencies, we ought to be self-sufficient. The massive push to self-produce through *Atmanirbhar Bharat*, decentralising the agricultural economy and empowering rural India may not show results in the short-term. But at least the steps for the next big leap have been laid. China transformed itself in its lowest phase and became the world's largest producer. As a consumption-driven society, we are battling low demand and investment, but given the accelerators and enablers in economic packages, revival is possible. Graded targets for manufacturing at home, incentivisation and hand-holding through the initial break-through stage, standardisation of quality through technical partnerships with global expertise, developing economies of scale and allowing competition only to build better and robust home brands will get us there. Not insularity, but letting the trade winds blow so that we can make our mark on shop shelves around the world beyond the boutique handicrafts or tea. If we can be the world's largest producer of vaccines, we can be the factory floor for other products as well. Statistics speak for themselves. Most global chains and majors have, so far, not robbed domestic brands of their dedicated market but have had to indigenise their product lines instead. Pre-pandemic, India emerged as one of the fastest-growing major economies and post-recovery is projected to become one of the top three biggest economies in about a decade. And if the deep penetration of our digital economy is any indication, then that would be our competitive edge. These are also the days when India has awakened to its potential in the knowledge economy. Taking the COVID-19 management module as an example, just in a four-month period, we have developed our own test kits, exported drugs, ventilators and PPE kits, worked on our own vaccine and built multi-bed treatment facilities through both public spending and private partnerships. Imagine, what an increased health spending and a ground-up public health policy, especially at the primary and secondary levels, can do to ease medical treatment and not make it another nightmare for a nation battling serious disease burdens. For the first time, research and development (R&D) is being prioritised in the National Education Policy (NEP) with dedicated funding, compared to the last few years when money spent on it has been actually dwindling. The NEP's switch in emphasis from herd-oriented learning to an absorptive and application-based one should hopefully groom innovative minds and get us creditable research papers and patents, an area where our centres of excellence are still inadequate. So far, ISRO has been the only name that comes to mind when it comes to innovation, what with its missions to the moon and Mars. But science and technology will be the most meaningful when it impacts the life of the common man, still distressed and poor, and given Indian ingenuity, we could lead a solution-oriented talent pool.

Of course, our democracy has weathered many challenges and unfortunately, it faces its toughest survival test yet. It is no longer a culture but a tool. Politics has overtaken its true purpose, the purveyors of power using it to erode representative institutions and using collective angst and distress to arrogate more power to themselves. Policies are being weaponised for partisan purposes than public good. Though the shared crisis of COVID-19 did bring about some kind of cooperative federalism, we must not forget that happened only with an authoritarian sanction. Meanwhile, majoritarianism has become a mainstream virtue and secularism an ill-conceived vice, conformists of mainline discourse are true patriots while a thinking civil society has become an enemy of the State. The executive has become bigger than either the legislature or the judiciary and watchdog institutions like the media are either willing propagandists or ousted rebels. We are more disunited when we should be united as a pluralistic society. Yet the pandemic that has attacked us at a not too friendly age of 74 has brought out the best of human spirit, courage and compassion in everyday life. Probably to remind us of the ideals that make up our civilisational DNA. And, therefore, we are best placed to resurrect them than writing them off.

## Sputnik V and safety

Is Russia's vaccine truly effective without community trials or is it the beginning of a new commercial and political race?

Russia claims to have beaten the rest of the world and come out with a vaccine for the Coronavirus named 'Sputnik V'. However, even before it hits the markets, it has become mired in controversy, with several countries, and even traditional friend India, expressing some doubts over its efficacy. What has the experts worried is the pace at which Sputnik V has been produced, leaving behind front-runners like Oxford-AstraZeneca, Moderna and Pfizer. They fear that without large scale community trials, Moscow has cut corners and may have put the lives of those inoculated at risk. The Moscow-based Gamaleya Institute, which is

making the vaccine, got lightning speed regulatory approvals less than two months after it got into human trials. Compare this to other vaccine candidates in human trials that are not expected to be ready before early next year. However, Russia has claimed that such fast approvals were possible because Sputnik V resembles a vaccine for the Middle East Respiratory Syndrome that had already been tested greatly. This isn't the only controversy surrounding Russia and its bid to win the vaccine race. In July, it was accused of trying to steal vaccine research by the UK's National Cyber Security Centre. But the fact of the matter is that despite all the concerns of health and security experts, Moscow has got orders for one billion doses already from countries desperate to eradicate the pandemic. And even as Russia claims that India is one of the 20 nations to place an order, New Delhi has set up an expert committee headed by NITI Aayog member VK Paul to "consider the logistics and ethical aspects of procuring and administering the COVID-19 vaccine." The Central Drugs Standard Control Organisation (CDSCO) can ask Russia to conduct late-phase human trials, usually both phase-2 and phase-3, on an Indian population. This is the usual requirement for all vaccines developed outside India.

But there are overlap issues. As over 50 per cent of vaccines are currently manufactured in India, the Pune-based Serum Institute of India has already tied up with other developers. Then, there is the issue of availability and competition with India's own vaccine. According to the Russian Register of Pharmaceuticals website, the vaccine would be in circulation from January 2021 but the Indian vaccine is expected to hit the market before that. So, how the Centre will balance out the country's need for a Corona vaccine with the commercial interests of Indian firms producing it remains to be seen.

# Pledge of independence

On our 74th Independence Day, we have perhaps forgotten that India's strength lies in unity and not conformity. We need to renew our vows

AJOY KUMAR

On August 15, 1947, India and its citizens gained independence with the British rule coming to an end. Loudly and proudly, we pronounced to the world that we, too, were ready to step out from the darkness of colonial rule to a new dawn, ripe with uncertainty but also hope. It is this hope that former Prime Minister Jawaharlal Nehru so eloquently captured in his address to the nation on the eve of India's independence. He opened his speech with, "Long years ago, we made a tryst with destiny..." His immortal words still send a chill down my spine. But too often, we focus only on the first few words. If we read his speech further, *Nehruji* talked about a pledge that we have renewed by obtaining freedom. A pledge "of dedication to the service of India and her people and to the still larger cause of humanity."

Few exemplified this pledge and dedication to the service of India more than Mohd Usman, also known as *Naushera ka sher* (the Lion of Naushera). At the time of India's independence, Mohd Usman was offered a high position in the Pakistan Army but he refused to join. Instead, he chose to help build a "new India" that had awakened on the fateful night of August 15. Usman bravely defended Naushera, causing a heavy toll on the Pakistani side but was martyred in July 1948 while fighting for his motherland. He was posthumously awarded the Maha Vir Chakra but more importantly, he remained a shining symbol of hope for a secular India. On his death, Khwaja Ahmad Abbas wrote, "...a precious life of imagination and unswerving patriotism has fallen a victim to communal fanaticism. Brigadier Usman's brave example will be an abiding source of inspiration for free India."

Such an example was necessary at a time when tension, fear and suspicion were writ large owing to the spectre of Partition. Not only did Usman dedicate his life to the service of India but also his death. Just as significant and poetic is the fact that six months before Usman was killed in a battle, another famous son of India, Jadunath Singh Rathore, who was under Usman's command, protected a nine-man forward section post, displaying unmatched brav-

ery against thousands of enemy forces. His bravery led to him being posthumously awarded the second-ever Param Vir Chakra. This sacrifice by two of India's brave sons — both were from different faiths but laid down their lives for the Indian dream — in all likelihood terrorised Pakistan more than any weapon could and still does.

So where does India stand today? Seventy two years after the death of these bravehearts, it seems that the fear and suspicion, that loomed large then, looms larger now. We are currently living in times where different sections of society are asked to prove their nationality. Proving one's nationality has been reduced to the idea of being subservient to a ruling class and not creating too much noise. This test is not limited to individuals of different faiths or people who come from different castes; it applies to anyone who does not agree with the view of the Government in power.

There are a number of instances where dissent against the Government and its actions are not only treated with the reckless exercise of power but also through an indiscriminate attack on the individual's patriotism. There are numerous examples that are in the public domain but one does not

“WE ARE CURRENTLY LIVING IN TIMES WHERE DIFFERENT SECTIONS OF SOCIETY ARE ASKED TO PROVE THEIR NATIONALITY. PROVING ONE'S NATIONALITY HAS BEEN REDUCED TO THE IDEA OF BEING SUBSERVIENT TO A RULING CLASS AND NOT CREATING TOO MUCH NOISE. THIS TEST IS NOT LIMITED TO INDIVIDUALS OF DIFFERENT FAITHS OR CASTES. IT IS FOR EVERYONE WHO DISAGREES WITH THE GOVT”

even need to go that far. The author himself has been subjected to vile abuse and was branded "un-Indian" merely because he had written/spoken in favour of what he believed was right for the beloved country. This despite the fact that he served as a public servant and was awarded a medal for bravery by the Government itself. I can only imagine how an everyday citizen is treated when he/she dares to dissent.

A part of the reason why we are in this unfortunate position is that we have forgotten that India's strength lies in unity and not conformity. We are steadily moving towards a time where dissent in a non-violent form and the free flow of ideas is stymied by authoritarian force or by the loudest voice. We have forgotten that our enemies as Indians are not our countrymen, who may follow different faiths or eat different foods, but illiteracy, hunger and corruption.

In his speech, Nehru recognised this when he said, "The service of India means the service of the millions who suffer. It means the ending of poverty and ignorance and disease and inequality of opportunity." His words hold just as true today as it did then. True service to India is not fighting wars that our political masters or news channels manipulate

us into. Instead, it is the fight against poverty, illiteracy and disease that plague millions of Indians.

This is one of the main reasons why I am proud of the work done by the Aam Aadmi Party (AAP). The party's goal is to remain true to the nationalistic spirit through its work. This is why the Delhi model of governance has received such widespread credit in areas of health, education and transparency. All of this has been achieved by people of all faiths, gender and caste. By treating service to one another as the truest form of patriotism, we are united by purpose and enriched by our non-conformity.

Therefore, as we celebrate the 74th independence day, I would like to urge the citizens to remember the sacrifices of Usman and Jadunath Singh Rathore, who were killed before they could get a chance to see their beloved country turn two and laid down their lives for the Indian dream. A dream where people, divided for centuries by a foreign ruler, could find common meaning and purpose by pledging to live in service to one another and, therefore, in service to the country. A pledge renewed in 1947 demands renewal even more so in 2020.

(The writer is a former IPS officer, a former MP and currently a member of the AAP)

## SOUNDBITE

Having completed all talks, we have come to the Assembly today. It may rain fire at this frontline, but we all and I will be the shield, club and spear and will protect.

Congress leader  
—Sachin Pilot

Unless you are a good actor, you won't survive. As far as the disparity is concerned, it is tougher for outsiders. Star kids have access to information that we don't.

Actor  
—Vikrant Massey

The world will be laughing and taking full advantage of the United States if Joe Biden ever became President. Our country would collapse.

US President  
—Donald Trump

If one analyses this (Galwan) incident carefully, it's clear that the onus is not on China. The Indian side crossed the LAC for provocation and attacked the Chinese border troops.

Chinese Ambassador to India  
—Sun Weidong

## LETTERS TO THE EDITOR

### Manage distribution

Sir — An expert group on COVID-19 vaccine administration has advised against States procuring the Russian vaccine. The directive has reportedly come in response to some States showing keen interest in getting the consignment to arrest the pandemic. Any procurement has to be done centrally, so that supplies can be allocated to States in proportion to their needs. Without a data-driven and honest assessment, this could set off needless politicking.

In the case of lockdowns, too, a uniform policy should have been adopted for all States to follow. Had every State followed the same guidelines, the detection of cases and deaths in all the States in terms of percentage would have been more or less the same.

KV Seetharamaiah  
Hassan

### Diminishing popularity

Sir — Politics is a different ball game altogether. For three years, US President Donald Trump

### Race to the White House

In the run-up to the November elections, US President Donald Trump is relentlessly whipping up anti-immigrant sentiments. On the other hand, Democratic candidate Joe Biden's choice of Kamala Harris as his vice-presidential mate is a reminder to the incumbent that immigrants cannot be wished away. Though Kamala is part-Indian, part-Jamaican, she is an absolute American, committed to her country and its people. From being San Francisco's District Attorney twice, to being elected California's Attorney General for two terms and being Senator from California since 2017 to finally being a vice-presidential prospect, she has achieved many firsts as a woman of African and Asian pedigree. Irrespective of whether 77-year-old Biden wins or loses, 55-year-old Kamala is the heir apparent for the Democratic party which may be as early as 2024. Her rise is thought-provoking for us not only because of her Indian roots but also because she boycotted the "Howdy-Modi" event in Texas last year. Her views on Article 370 and CAA among others shall put the Government on the backfoot. Here, Biden and the Democratic party's views are no different. The party, perceived to be under the Leftists' and Progressives' control, occasionally indulges in India-bashing and is also seen to be soft on China, unlike Trump. Unless

it tweaks its stance, a Democratic victory would have a significant bearing on both the Indo-US and Indo-China relationships.

Black voters in the US, courtesy the George Floyd saga, are already polarised against Trump. Kamala's entry will lead to a further hardening of stance. Though Indian Americans traditionally vote for Democrats, yet a shift is happening towards Republicans. The 2.3 million Indian voters can tilt the results either way. How the two political parties, going forward, charm them will be a matter of strategy and shall have long term echoes on who stays on top of the pecking order in the geopolitical space.

SK Prabhakar  
Gurugram

House for the moment and she is likely to be a trumptard in a close contest. She is expected to wean away the Black votes and the Indian diaspora in a bid to trounce Trump.

CK Subramaniam  
Via email

### Temporary relief

Sir — This refers to the editorial, "Will the truce hold?" (August 14). It is no secret that the coup in Rajasthan was orchestrated by the BJP. It was just waiting to destabilise the Government. But Sachin Pilot's revolt fizzled out as the Congress took an unusually tough stand. By now Pilot would have also realised the selfishness of the saffron party, who tried to use him as a pawn and played its cards very carefully. As for the Congress, it is time it nominates a president, who can lead the party and act as a bulwark against a rampaging BJP. Most importantly, accommodate the young Turks.

Tharci S Fernando

# US will collapse if Biden is elected Prez: Trump

**Washington:** President Donald Trump has said that the US would collapse and become the world's laughing stock if the Democratic Party's presumptive nominee Joe Biden wins the November 3 presidential elections.

Trump said Biden's proposed policies were not good for the country.

"Today, we saw Joe Biden continue to politicise a pandemic and to show his appalling lack of respect for the American people. That's what it is. At every turn, Biden has been wrong about the virus, ignoring the scientific evidence and putting left-wing politics before facts and evidence," Trump told reporters on Thursday at the White House.

"The world will be laughing and taking full advantage of the United States if Joe Biden ever became President. Our Country would COLLAPSE!" Trump said in a tweet.

Trump's tweet included a Fox News video clipping in which its news anchor was crit-

ical of Indian-American Congresswoman Pramila Jayapal for praising Biden. The Fox News anchor described Jayapal as socialist and a genuine radical.

"Sleepy Joe opposed both the China and the Europe travel bans. You know that. He opposed the China travel ban that I instituted very early and the Europe travel ban that I instituted quite early. If I listened to his advice, hundreds of thousands more people would have died. This is according to many people," the president said.

Trump alleged Biden wants to fling open American borders, allowing the pandemic to infiltrate every American community. "He wants to have ridiculous open borders. I've been saying from the first day I started campaigning for this great office that if you have open borders, you don't have a country. You don't have a country, with open borders. So he wants open borders. The Democrats want open borders," he said.

While Biden will allow riot-

ers, looters and millions of illegal aliens to roam free in our country, he also wants the federal government to issue a sweeping new mandate to law-abiding citizens, Trump alleged.

"He wants the President of the United States, with the mere stroke of a pen, to order over 300 million American citizens to wear a mask for a minimum of three straight months. He thinks it's his good politics. Different states are different, both in terms of the atmosphere and also in terms of the coronavirus problem," he said.

"If the President has the unilateral power to order every single citizen to cover their face in nearly all instances, what other powers does he have," Trump asked. The president alleged that Biden rejects the scientific approach in favour of locking all Americans in their basements for months on end.

"We've been dealing pretty strongly over the last number of weeks. But he wants them in the basement for months on end," he said. **PTI**

# Nepal's ruling CPN forms 6-member task force to resolve party rift

**Kathmandu:** The ruling Nepal Communist Party on Friday formed a six-member task force to resolve the intra-party rift as Prime Minister KP Sharma Oli and the party's executive chairman Pushpa Kamal Dahal 'Prachanda' resumed their talks after a hiatus of over a week.

The taskforce, led by General Secretary Bishnu Poudel, will recommend ways to sort out the differences in the party after Prachanda and senior leader Madhav Kumar Nepal demanded Prime Minister Oli's resignation.

The task force also has Standing Committee members Shankar Pokhrel, Janardan Sharma, Bhim Rawal, Surendra Pandey and Pampha Bhusal, according to party sources.

The decision to form the task force was taken after a meeting between Oli and Prachanda on Friday.

The two leaders resumed their talks on Thursday and held a one-on-one meeting at the

Prime Minister's residence at Baluwatar in Kathmandu to sort out their differences and resolve the intra-party rift. This was their first meeting after over a week.

Oli during a television interview on Wednesday said that the ongoing intra-party tussle will be settled within five days.

Oli and Prachanda have held several meetings to sort out the differences between them. But, as the Prime Minister did not accept the condition of a one-man-one-post, the talks failed. Oli has refused to give up his post as prime minister as well as a co-chairman of the NCP.

A bitter internal feud has been brewing in the ruling NCP after top party leaders, including Prachanda, demanded Oli's resignation, saying his recent anti-India remarks were "neither politically correct nor diplomatically appropriate." They are also against Oli's autocratic style of functioning. **PTI**

# Kabul begins release of final 400 Taliban, talks to follow

**Kabul:** Afghanistan has released the first 80 of a final 400 Taliban prisoners, paving the way for negotiations between the warring sides in Afghanistan's protracted conflict, the government said Friday.

Javid Faisal, spokesman for the National Security Council's office, made the announcement.

Taliban officials, speaking on condition of anonymity because they are not authorised to speak to the media, said 86 prisoners were freed. It wasn't immediately known when the remaining prisoners would be freed.

Prisoner releases on both sides are part of an agreement signed in February between the US and Taliban. It calls for the

release of 5,000 Taliban held by the government and 1,000 government and military personnel held by the insurgent group as a good will gesture ahead of intra-Afghan negotiations.

Talks are expected to be held in Qatar where the Taliban maintain a political office. Several Afghan leaders told The Associated Press talks could begin by August 20.

These negotiations are to lay out a framework for a post-war Afghanistan.

Washington's peace envoy Zalmay Khalilzad spent a year-and-a-half negotiating the peace deal aimed at allowing American troops to return home and end America's longest military engagement.

US troops have already begun leaving and by

November less than 5,000 troops are expected to still be in Afghanistan down from nearly 13,000 when the agreement was signed Feb. 29.

American and NATO troop withdrawal is contingent on the Taliban keeping their commitment not to allow militant groups to use Afghanistan against the United States or its allies. The withdrawal is not tied to successful talks between the warring sides.

Last weekend, Afghan President Ashraf Ghani held a traditional council meeting known as loya jirga to get a consensus on the release of a final 400 Taliban he said were accused of serious crimes, saying without explanation that he could not unilaterally decide to release them. **AP**

# Letting Iran arms embargo expire is 'nuts': Pompeo

**Vienna:** US Secretary of State Mike Pompeo on Friday urged an extension to a UN arms embargo on Iran, saying it would be "nuts" to let it expire.

Opposition from UN Security Council veto powers China and Russia is expected to block a resolution to extend the blockade beyond October.

Pompeo reiterated during a visit to Vienna that Iran should not be allowed to buy and sell weapons, calling the Islamic Republic "the world's largest state sponsor of terrorism."

"I mean that's just nuts... We're urging the whole world to

join us" to extend the arms embargo, he said.

As things stand arms sanctions are set to be eased gradually from October, under a Security Council resolution blessing a 2015 deal Iran signed with world powers to limit its ability to develop a nuclear bomb -- in exchange for easing trade barriers.

The landmark deal has come under strain since the US pulled out of it in 2018.

As Washington has re-imposed crippling sanctions, Tehran has in turn stepped up its nuclear activities again since

last year. Pompeo urged Tehran to provide "full, transparent and immediate cooperation" with the International Atomic Energy Agency (IAEA), which monitors Iran's compliance with the nuclear deal.

Stepping up enrichment After meeting Pompeo on Friday, IAEA Director General Rafael Grossi told reporters that Iran had still not granted the agency access to two sites where it has requested access in order to clarify questions about possible undeclared nuclear activity in the early 2000s. **AFP**

# China attacks new US demand to register Confucius Institutes

**Beijing:** China accused the United States on Friday of trying to "demonise and stigmatisate" relations between the two countries, in a scathing attack on the Trump administration's designation of Chinese-funded language and culture programmes in the US as foreign missions of the Chinese Communist Party.

Foreign ministry spokesperson Zhao Lijian said branches of the Confucius Institute US Centre operating at US schools and colleges are a "bridge and link to help peo-

ple from all over the world learn Chinese, understand China, and strengthen educational and cultural exchanges and cooperation between China and other countries."

Zhao said the accusations against the institutes were without basis and were motivated by "ideological prejudice and self-interest." "The relevant US approach is to demonise and stigmatise the normal operation of China-US cooperation projects. We strongly deplore and oppose it," Zhao said at a daily briefing. **AP**

# Officials: US seizes Iranian gas heading for Venezuela

**Miami (US):** The Trump administration has seized the cargo of four tankers it was targeting for transporting Iranian fuel to Venezuela, U.S. Officials said Thursday, as it steps up its campaign of maximum pressure against the two heavily sanctioned allies.

Last month, federal prosecutors in Washington filed a civil forfeiture complaint alleging that the sale was arranged by a businessman, Mahmoud Madanipour, with ties to Iran's Revolutionary Guard Corps, a U.S.-designated foreign terrorist organisation.

At the time, sanctions experts thought it would be

impossible to enforce the U.S. Court order in international waters.

A senior U.S. Official told The Associated Press that no military force was used in the seizures and that the ships weren't physically confiscated.

Rather, US Officials threatened ship owners, insurers and captains with sanction to force them to hand over their cargo, which now becomes US Property, the official said. Prosecutors alleged the 4 ships were transporting to Venezuela 1.1 million barrels of gasoline. But the tankers never arrived at the South American country and then went missing. **AP**

# 11 killed, 27 missing in rain-triggered landslides in Nepal

**Kathmandu:** Powerful landslides triggered by torrential rains hit central Nepal's Sindhupalchowk district on Friday, killing at least 11 people and leaving 27 others missing, an official said.

The landslides hit Jugal Rural Municipality of Sindhupalchowk district, 130 kilometers east of Kathmandu on Friday morning.

Five people who sustained serious injuries have been airlifted by the Nepal Army in a helicopter and brought to the district headquarters where they are undergoing treatment, the official said. **PTI**

# Belarus frees detainees amid protesters' pressure

**Minsk:** Belarusian authorities have released about 1,000 people detained amid demonstrations contesting the results of the presidential election, in an attempt to assuage public anger against a brutal crackdown on peaceful protests.

Around midnight, scores of detainees were seen walking out of one of Minsk's jails. In the early morning, volunteers also saw at least 119 detainees being released in the city of Zhodino just northeast of the Belarusian capital. **AP**

# Iran, Turkey lash out at UAE over agreement with Israel

**Tehran:** Iran and Turkey lashed out at their regional rival the United Arab Emirates on Friday over its decision to normalise diplomatic relations with Israel in a US-brokered deal, accusing it of betraying the Palestinian cause.

Iran's Foreign Ministry called the deal a "dagger that was unjustly struck by the

UAE in the backs of the Palestinian people and all Muslims."

Turkey said the peoples of the region "will never forget and will never forgive this hypocritical behaviour" by the UAE.

The UAE, which has never fought Israel and has quietly been improving ties for years, said the agreement put

a hold on Israel's plans to unilaterally annex parts of the occupied West Bank, which the Palestinians view as the heartland of their future state.

But the Turkish Foreign Ministry said the UAE had no authority to negotiate with Israel on behalf of the Palestinians or "to make concessions on matters vital to Palestine." **AP**

**NORTHERN RAILWAY**  
(TENDER NOTICE)

The Deputy Chief Engineer /Survey & Const., Tilak Bridge, Northern Railway, New Delhi, for and on behalf of the President of India invites open e-tender for the following work:

|  |   |
|--|---|
| Mode of Tender                                       | E-Tender (Single Packet)  |
| Tender Notice No.                                    | 283-W/S&C/TKJ/FLS/DL/FZR-BTI & JHL-HSR/2020 Dated : 14.08.2020  |
| Full Name of work                                    | Final Location Survey (FLS) for doubling of Firozpur-Bhatinda and Jakhal-Hisar (168.80 kms.). Carrying out detail Engineering survey including Levelling, alignment, soil exploration, preparation of plans, L-sections, GA plans of Bridges etc., bill of quantities and other ancillary activities related in connection with preparation of DPR. |
| Approx. cost   | Rs. 1,08,02,686/- (Rs. One Crore Eight Lakhs Two thousand Six Hundred and Eighty Six only).   |
| Completion Period                                    | 06 months (Six months)  |
| Earnest money amount                                 | Rs. 2,04,000/- (Rs. Two Lakh Four thousand only)  |

# RBI to pay ₹57,128 cr dividend to Govt

PTI ■ MUMBAI

The Reserve Bank of India board on Friday approved a dividend payout of Rs 57,128 crore to the government, a move in line with the Budget expectation but may not help plug a huge revenue hole created by the pandemic and slowing economy.

The surplus transfer of Rs 57,128 crore for the accounting year 2019-20 compared with Rs 1.76 lakh crore transferred last year, which included Rs 1.23 lakh crore as dividend and Rs 52,637 crore excess provisions identified

as per the revised Economic Capital Framework (ECF).

In a statement, the RBI said its central board headed by Governor Shaktikanta Das “reviewed the current economic situation, continued global and domestic challenges and the monetary, regulatory, and other measures taken by RBI to mitigate the economic impact of COVID-19 pandemic.”

“The Board also approved the transfer of Rs 57,128 crore as surplus to the Central Government for the accounting year 2019-20, while deciding to maintain the Contingency Risk

Buffer at 5.5 per cent,” it said.

Finance Minister Nirmala Sitharaman in the budget for 2020-21 had provisioned receipt of Rs 60,000 crore in dividend from the RBI and other banks to bridge the fiscal deficit. But, government officials had expected more from the Reserve Bank of India (RBI).

The government is facing a larger-than-expected shortfall in revenue as the economy heads for its first full-year contraction since 1979. With the COVID-19 pandemic disrupting businesses, it is widely speculated that tax collections

will miss the target.

At the same time, the government is being forced to spend more to cushion the blow from the pandemic, straining the budget deficit.

The central bank largely earns profit through its trading of currencies and government bonds as well as printing of notes and coins.

Part of these earnings is set aside by the RBI for its operational and contingency needs, while the rest is transferred to the government in the form of dividend.

RBI’s financial year runs

from July-June at present and is scheduled to be harmonised with the government’s April-March fiscal starting FY22. In the current year, the RBI will have a nine-month financial year, ending in March.

The central bank’s payout to the government last year was more due to a one-time transfer on account of the adoption of a new economic capital framework that calls for maintaining the level of the contingency risk buffer, or realised equity, at between 5.5 and 6.5 per cent of RBI’s balance sheet.

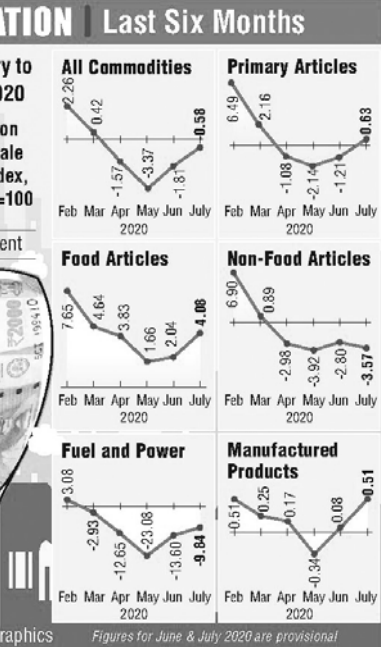

# WPI inflation falls 0.58% in July, food prices spike

PTI ■ NEW DELHI

The wholesale price-based inflation stood at (-)0.58 pc in July, remaining in the negative zone for the fourth straight month even as vegetables and other food items turned costlier. WPI inflation in June was (-) 1.81 per cent, while for the month of May and April it was (-) 3.37 per cent and (-) 1.57 per cent respectively.

The annual rate of inflation, based on monthly WPI (Wholesale Price Index), stood at (- 0.58 per cent) (provisional) for the month of July, 2020 as compared to 1.17 per cent during the corresponding month of the previous year,” the commerce and industry ministry said in a statement.

Inflation in food articles was at a four-month high level of 4.08 per cent in July, mainly due to sharp rise in vegetable prices. Inflation in vegetables

stood at 8.20 per cent, against (-) 9.21 per cent in June.

Pulses saw inflation of 10.24 per cent, while for potato it was 69.07 per cent in July. Protein rich items like egg, meat and fish saw hardening of prices with inflation at 5.27 per cent.

However, onion prices soft-

ened and inflation fell 25.56 per cent, while in fruits it was (-) 3.03 per cent. Inflation in fuel and power basket fell 9.84 per cent in July, compared to 13.60 per cent drop in the previous month. Manufactured products, however, witnessed inflation of 0.51 per cent in July, against 0.08 per cent in June.

ICRA Principal Economist Aditi Nayar said the considerable narrowing in the WPI disinflation in July 2020 relative to the previous month, was along expected lines, with a correction in the index levels for crude oil and mineral oils,

further narrowing of the core disinflation and a rise in food inflation. “The surge in tomato prices and moderate rise in potato prices pushed up the vegetable inflation in July 2020, contributing to the uptick in the inflation for primary food articles to a four-month high.

# Markets retreat for 3rd day; bank stocks bleed

PTI ■ MUMBAI

Equity indices nursed losses for the third straight session on Friday as investors pruned exposure to banking, financial and consumption stocks amid negative global cues.

Weak macroeconomic data and a depreciating rupee further curbed risk appetite, traders said.

Tanking 663 points from the day’s high, the 30-share BSE Sensex settled 433.15 points or 1.13 per cent lower at 37,877.34.

The broader NSE Nifty slumped 122.05 points or 1.08 per cent to close at 11,178.40.

Axis Bank was the top laggard in the Sensex pack, slipping 2.81 per cent, followed by SBI, M&M, Bajaj Finance, ITC, HDFC Bank, HCL Tech and IndusInd Bank.

Only five index constituents ended in the green — Sun Pharma, NTPC, Tata Steel, Titan and Infosys, rising up to 2.04 per cent. During the week, the Sensex declined 163.23 points or 0.42 per cent, while the Nifty fell 35.65 points or 0.31 per cent.

“Indian markets tracked weak global cues in the latter part of the trading day to end with losses. The uncertainty was with regards to the US-China trade meet this weekend and a lack of wholesome pickup in economic activity in many countries, including China.

“The Indian retail inflation numbers that came in above the MPCs’ target also put doubt on expected rate cuts by the RBI, which the market was looking forward to. Weak results especially in the Auto sector also contributed to the losses,” said Vinod Nair, Head of Research at Geojit Financial Services.

Retail inflation rose to 6.93 per cent in July, mainly driven by rising prices of food items like vegetables, pulses,

meat and fish, official data released post market hours on Thursday showed.

BSE auto, banking, finance, oil and gas, FMCG and telecom indices fell up to 2.50 per cent in Friday’s session, while metal, healthcare and consumer durables closed higher.

Broader BSE mid-cap and small-cap indices fell up to 1.02 per cent.

Global equities were under pressure following lacklustre industrial production and retail sales data in China.

Bourses in Hong Kong and Seoul ended in the red, while Shanghai and Tokyo settled with gains.

Stock exchanges in Paris, Frankfurt and London plunged up to 2 per cent in early deals, dragged by travel stocks, after the UK added more European countries to its quarantine list.

Global oil benchmark Brent crude was trading 0.65 per cent lower at USD 44.67 per barrel. In the forex market, the rupee settled 6 paise lower at 74.90 against US dollar.

## ₹ settles 6 paise lower at 74.90 against US \$

**Mumbai:** The rupee on Friday slid 6 paise to end at 74.90 against US dollar as data showing slow economic recovery and higher inflation dampened forex market sentiment.

At the interbank forex market, the local unit opened at 74.85 and then lost further ground to settle at 74.90, registering a decline of 6 paise over its previous close of 74.84 to the US dollar.

During the session, the rupee witnessed an intra-day high of 74.74 and a low of 74.93 against the greenback.

On weekly basis, the rupee inched up 3 paise against the US dollar. **PTI**

## Bank credit grows 5.51 pc, deposits 11.11 pc: RBI data

PTI ■ MUMBAI

Bank credit and deposits grew 5.51 pper cent and 11.11 per cent to Rs 102.65 lakh crore and Rs 141.61 lakh crore, respectively, in the fortnight ended July 31, according to the latest data from the RBI.

In the fortnight ended August 2, 2019, bank credit and deposits were at Rs 97.29 lakh crore and Rs 127.44 lakh crore, respectively.

On a year-on-year (y-o-y) basis, non-food bank credit growth was at 6.7 per cent in June 2020, nearly the same as in May 2020 but lower than the growth of 11.1 per cent in June 2019.

## Allow e-way bill for intra-State transportation of gold: GoM

PTI ■ NEW DELHI

States can make e-way bill mandatory for transportation of gold within the respective states but implementing it for inter-state movement across India will not be feasible, a state-ministerial panel suggested on Friday.

The group of ministers (GoM), comprising finance ministers of Kerala, Bihar, Gujarat, Punjab, Karnataka and West Bengal, set up to examine feasibility of implementation of e-way bill for movement of gold and precious stones met via video conferencing.

“It was decided that if any state wants to implement e-way bill for gold, they can do so for intra- or within the state transportation,” Bihar Deputy Chief Minister Sushil Modi told PTI.

# Gr Noida brings open-ended scheme of residential buildings

**Greater Noida:** On the occasion of Independence Day, the Greater Noida Authority is bringing an open-ended scheme of residential buildings from date, GNIDA CEO Narendra Bhooshan said. Under which you can decorate the dream of dwelling by not applying for the request. It is a special occasion for them that if they are living on rent or are confused with the breathtaking plans of the builders, then the authority is providing them a lot of opportunity to choose the building of their choice in this scheme.

# METRO RLY OBSERVES CLEANLINESS WEEK

**Kolkata:** Metro Railway has undertaken a special cleanliness drive in order to observe Cleanliness Week from 10th August to 16th August, 2020. Metro officers and staff have been participating in this drive in order to make Metro premises more beautiful and clean and augment its aesthetics.

On Friday for the fifth consecutive day, cleanliness drives were organised at North-South and East-West Metro stations in which Metro staff participated in numbers maintaining all COVID-19 protocols.

During this week, special focus is given on collection and disposal of plastic wastes in and around Metro premises.

## Milaap introduces free fundraising

**New Delhi:** For charitable organisations and personal causes during the Covid pandemic, Milaap is introducing a free fundraising platform for the upcoming festive season from the Independence Day.

“We made Milaap free for all relief related fundraisers as a token of gratitude. Therefore, it made perfect sense for extending this 0% fee to all fundraisers,” said Mayukh Choudhury, co-founder and CEO of Milaap.

## FUTURE TODAY

Tomorrow is not going to be like today.  
Because we're building a world that's stronger, loftier, grander.  
The science of construction is changing fast.  
And Dalmia Cement Future Labs is at the forefront,  
creating better processes and advanced materials.  
The technology we have developed is already at work.  
In nuclear plants. New-age dams. Airstrips that set faster.  
And millions of homes built with a smaller carbon footprint.  
While the world dreams of a beautiful tomorrow,  
we're already there - building it brick by brick,  
and bond by bond.  
So what you get in a bag of Dalmia Cement  
is not only the finest quality, but also the  
shape of tomorrow's world.

CONVERSATION 60 MINUTES

# 'A LOVE LETTER TO HUMAN RACE'

Presenter BRIAN COX says that the series, *Human Universe*, explores the answers to the greatest questions ever asked about the existence of planets, alien life and the human brain. By TEAM VIVA

It is a story of humankind, told through the greatest questions ever asked. 'Where are we in the Universe?' 'What is the destiny of our planet?' 'How did the human brain arise and why did we develop consciousness?' 'Will our search for alien life be successful, or Earth is the only planet with life? Are we alone?' Answering these questions, the series, *Human Universe* offers a new perspective on human life, combining dramatic photography with innovative CGI all set in spectacular locations across the world as it explores the ultimate wonder of the universe — us. Excerpts of a conversation with presenter Brian Cox:

♦How would you sum up the series? *Human Universe* is a love letter to the human race. It sounds like a very simple definition of a series but it didn't begin that simply. It started out as a cosmology series, an astronomy series, asking questions about how we came here, questions about the evolution of the human race, the origin of the Universe itself. Well, what we realised during the shoot was that, it was, it really became a series about our values. Modern science has taught us that we are very rare as well as insignificant, and so the trick in the series was to put those two things together — what does it mean to be rare, and then, the consequence of an almost unbelievable series of accidents, but also insignificant. How do you marry these things? The answers were — our rarity gives us value and also, because our existence seems to be completely meaningless, we're equally insignificant. We didn't have to be here. Hence, I think

we have a responsibility to look after ourselves, to protect ourselves, to find out about the Universe, and to do science. In this way, if you put all these thoughts together, ultimately, you get a love letter.

♦What's special about the series? I think of all the series I've made, this one is my favourite. I have a soft spot for the 'Wonders of the Solar System' because it's the first big thing that I did. And this one I think, for me, addresses the biggest questions. Undoubtedly, we're asking questions about, at one level, our existence, how did we come to be here, not only us as human beings, given the origin of life on Earth, but also the Universe itself. And the fact that modern, 21st century science is beginning to address these questions is remarkable. At another level, it's also hinting at deeper questions like how to value ourselves and science, proceed for the future, and respect the acquisition of knowledge. This has been made most

explicit in the fifth programme, which is polemic. Many would have seen it in the past through series like *Cosmos*, *The Ascent of Man*, and some of James Burke's works. They have polemical elements. I think this series is a bit old-fashioned, but in a good way. It has a collective opinion, which is delivered as mine but was actually generated throughout the series, through the collaboration with the crew and the directors, and everybody who worked on the series. I think that is what gives it some added depth and resonance.

♦What was your most memorable experience during the shoot? The strangest experience I've ever had filming anything was the Soyuz capsule return into Kazakhstan. The reason is that the snow there was quite heavy and our vehicles were very under-powered. Essentially, we had the wrong vehicles, so we couldn't get there and got stuck. It was a disaster because it's the centre part of the series — return of the Soyuz capsule into Kazakhstan

— and we were faced with a situation where we couldn't film it because we couldn't reach there. A film crew working for the Russian Army said to us, 'We can fit two of you in our vehicle. If you jump on these two snowmobiles and chase us and see if you can find us out there in the Kazakh wilderness.' So, I and Paul O'Callahan, the cameraman, jumped onto the snowmobiles, left everybody else and went off with the Russian Army, with no communication with our team. No one spoke English, apart from one of the Russian cameramen. We stayed the night, partly in a Kazakh farmer's hut, who, as far as I could see, brought us horse and jam to eat, which was actually very good. And we finally filmed the return of the Soyuz capsule. It was a remarkable experience. You will see it at the end of episode 1, *Ape Man Space Man*, in one of the most iconic scenes of the series, that only two of us actually shot it. (The series airs from August 17 to August 21 at 8 pm on Sony BBC Earth.)

STUDIO CHAT 30 MINUTES

## Humans behind the cartoon

Actors WILL SMITH, NAOMI SCOTT and MENA MASSOUD offer a peek inside their characters in *Aladdin*, their families' reaction and some behind the scenes. By TEAM VIVA

*Aladdin*, a live action musical fantasy film is the reimagining of the 1992 animated classic from Walt Disney Pictures. The plot follows Aladdin (played by Mena Massoud), a street urchin, as he falls in love with Princess Jasmine (played by Naomi Scott), befriends a wish-granting Genie (played by Will Smith), and battles the wicked Jafar (played by Marwan Kenzari). Excerpts:

□What was your reaction when you found out that you are going to play the most iconic character in the history of cinema? **Naomi Scott:** I was excited initially but was scared later with the thought of humanising an animated character that's iconic. You are going off animation which means there are definitely certain things that are the foundation of the character, humanising that person is exciting because then you could make her into a woman who is into so many different things. She is one of my favourite Disney princesses for real. **Mena Massoud:** I didn't have the time to think about it. I got the project on a Wednesday and had to fly out on a Friday for six months. So I had a day and half to pack all my stuff because of Will's (Smith) schedule. It was a good thought because I didn't have the time to dwell on it, it was a blessing in disguise. □Who in your family was the most excited when they found out about your role? **Mena:** I came home after wrapping up a film and woke up my parents at 3 am. I have never seen my dad more excited. He jumped out of the bed and gave me a hug. My mom was half asleep and half crying. She was like 'really?' **Naomi:** I think everyone may have told a few people what was going on at the time but my favourite reaction was of my friend Adrian who literally just went 'girl bye' and then hung up in there, it was good 15 minutes before he rang me back. The

other one was my friend Shelly who burst out crying and my brother, who cared I was in the film because of Will. He is not that keen about what I do apart from the fact that I am in a film with Will. He is his biggest fan in the world. **Will Smith:** For me, the major thing was how huge and perfect the character Robin

William's had already played in the film. And I have been in these situations before where you have roles with people you have nostalgic emotional connection. I love Williams and what he did with the genie. One question I always ask myself with those kinds of roles is, is there any meat left on the bone? can you do a service to the love

and nostalgia that is connected to it while at the same time bring something new to the next generation? When I played genie, it was absolutely terrifying but post that I have never felt it in a strange way because the character becomes ingrained in people's hearts and minds in a way that it's a family member. I watched the film about 10

times, it had live action and distinct characters. I thought I would modernise the genie where I could pay homage to Robin and honour the widely respected depiction while at the same time bring something new.

□What was the most memorable day of shooting on the set? **Naomi:** I would say shooting 'Speechless' because it was a very emotional day. I felt like I had to give myself some space getting to the zone because I was singing the first half live which is difficult, I was being moved around so you try to control your voice and then go into the song. I just had to give everything. That song is really important to that character because it is that point where she is being herself and is constantly being shut down and people can relate to that.

□Tell us about the line "My sultan, Jafar is not who he says he is!" **Mena:** So you have heard the story. It was a really intense moment in a very dramatic scene. I had a few long days and I came in and completely fumbled the line. Will didn't let it go. I said something like 'hem whom nom seem him is.' It did come out like that and then we just couldn't stop laughing. Will actually got it made into a T-shirt wrapped up gift. I still wear it, it's part of my pyjamas. I can't wear it out though otherwise people would be like 'What is that?' □What film would you like to be in if you had the choice? What if Aladdin was in it? **Mena:** Maybe *Inglorious Basterds* of Quentin Tarantino — that is one of my favourite films of all time. The character work in that is amazing so I would love to do that. If Aladdin was in it, that would be a little weird, we would have to mature it up a little bit. (The film airs today at 3 pm on Star Movies as a part of the 'Independence Day: Special Edition' pack.)

JUKEBOX 15 MINUTES

## Salaam, reloaded

Singer-composer AR RAHMAN's iconic song, *Maa Tujhe Salaam*, gets a new, beatbox rendition

Main gaya jahan bhi  
Bas teri yaad thi  
Jo mere saath thi  
Mujhko tadpati rulati  
Sab se pyaari teri soorat  
Pyaar hai bas tera, pyaar hi  
Maa tujhe salaam...

For the last two decades and more, the song has been instrumental in instilling a sense of pride, patriotism and national unity among millions. Even after garnering a Guinness World Record for being the song performed in the most number of languages, singer-composer AR Rahman's *Maa Tujhe Salaam* doesn't cease to amuse many and generate a plethora of emotions. Celebrating the 73rd Independence Day, MTV, in partnership with BBXINDIA, launches a recreated version of Rahman's *Maa Tujhe Salaam*, with a beatbox version. This rendition of the

song, purely created with human mouth and vocal chords (vocal flute, Konakkol, and Beatbox only) for the first

time ever, is a modern-day tribute to the resilience of our nation. Through this offering, the channel also brings *Beatbox Hustle*, an innovative extension to its rap reality show. The track also owes its newness to three artistes — Chennai-based beatboxer Raka Vee, founder of the collaborating beatboxing company; Ajinkya, a self-trained mouth musician from Mumbai who recreates the wind flute using his vocal cords; and Shivaraj Natraj, a well-trained Carnatic vocalist and Mridangam artist from Bangalore, also known as the *Konnakol* beatboxer who combines the oldest vocal percussion (*Konnakol*) with modern-age beatboxing and brings the true mix of Indian beatbox flavour. (There will be a series of Live sessions with Raka Vee for the next four weeks on MTV Hustle's Instagram.)

AFP ■ LISBON

Leipzig stunned Atletico Madrid 2-1 on Thursday to reach the Champions League semi-finals for the first time as Tyler Adams' 88th-minute winner earned them a showdown with Paris Saint-

Germain.

Atletico looked to have secured extra-time at the Estadio Jose Alvalade when Joao Felix won and then scored a penalty to cancel out Dani Olmo's headed opener early in the second half.

But Adams proved an

unlikely hero for Leipzig, coming off the bench to snatch victory in Lisbon after his fired effort took a cruel deflection of Stefan Savic and flew in.

The win marks a historic night for Leipzig, who were only formed 11 years ago and played their first-ever season in Germany's top flight in 2016.

# Made in US

Super-sub Adams' maiden Leipzig strike helps German club beat Atletico to reach CL semis

Progress to the last four also puts another feather in the cap of their coach Julian Nagelsmann, whose stock will rise even further after ousting Diego Simeone, one of this competition's most gnarly tacticians.

"I'm perhaps one of the happiest coaches in the world," Nagelsmann said.

"We were the better team, the result is totally OK. The second goal is a bit lucky but we found the space behind the defensive line. I think we were the better team today."

Their challenge is now to defeat PSG on Tuesday, the French champions who have only played three matches in almost half a year and needed a late escape to see off Atalanta

on Tuesday.

"It's normal that when you get to the next round, you want more," Nagelsmann said.

"Tonight we're happy. Tomorrow we'll start looking at Paris. That will be another difficult game but we'll have a plan."

## 'HURTS A LOT'

For Atletico and Simeone, this was an opportunity spurned to go far in Europe at the end of what has been a disappointing season in Spain.

After Real Madrid's loss against Manchester City, only Barcelona are left to fly the Spanish flag in this tournament and they face a formidable challenge against Bayern Munich on Friday.

Questions will be asked again about the future of Simeone, who has struggled to recreate an Atletico side capable of challenging for major honours.

His notoriously defensive approach, which saw off holders Liverpool in the last 16, looked outdated here against the slick, quick and free-flowing style of their opponents.

"It hurts a lot," said Atletico's Saul Niguez. "They had superiority in many areas on the pitch, inside, outside. Many times we were not even close to stopping them."

**Wish you a very happy 74th Independence day**

**विनोबा भावे विश्वविद्यालय, हजारीबाग**

15 अगस्त, 2020 (स्वतंत्रता दिवस) के शुभ अवसर पर कुलपति, विनोबा भावे विश्वविद्यालय, हजारीबाग की ओर से समस्त देशवासियों को हार्दिक बधाई। "जीवन सत्य शोधनम" के आदर्श सूत्र को लक्ष्य मानकर उच्च एवं तकनीकी शिक्षा के क्षेत्र में यह विश्वविद्यालय निरंतर प्रगति के पथ पर अग्रसर है।

1. NAAC (B++) प्राप्त झारखण्ड का प्रथम विश्वविद्यालय एवं CBCS पद्धति से पढ़ाई।
2. विभिन्न प्रकार के शैक्षणिक, व्यावसायिक, तकनीकी, भाषा एवं कौशल विकास से संबंधित पाठ्यक्रमों की पढ़ाई।
3. Digital India एवं Make-in India के सपनों को साकार करने में विश्वविद्यालय द्वारा उठाया गया सराहनीय कदम, साथ ही स्वच्छ भारत अभियान के तहत NICER के साथ MOU.
4. विश्वविद्यालय के सर्वांगीण विकास के लिए RUSA Cell द्वारा किये जा रहे कार्य।
5. विश्वविद्यालय में Cashless Transaction, e-payment एवं Centralized Online की व्यवस्था।
6. Tribal & Regional Languages में खोरठा, कुड़ुख एवं संथाली का पठन-पाठन (Certificate Course) प्रारंभ हो गया है।
7. गांधी-विनोबा, जयप्रकाश चिंतन केन्द्र की स्थापना एवं Centre for Tribal Studies की स्थापना की गयी।
8. वर्तमान सत्र से Library Science की पढ़ाई प्रारंभ। दूरस्थ शिक्षा को प्रारंभ करने की दिशा में निरंतर प्रयास जारी है। छात्रों की सुविधा के लिए पुस्तकालय रविवार को भी खोला जा रहा है। (e-Library)
9. Boys Hostel एवं University Law College के भवन निर्माण कार्य लगभग पूर्ण।
10. विश्वविद्यालय एवं प्रत्येक महाविद्यालय में खेल-कूद की व्यवस्था।
11. NICS द्वारा विश्वविद्यालय परिसर में Wi-Fi का कार्य प्रगति पर है।
12. 1800 विद्यार्थियों को एकमुश्त बैठन की व्यवस्था हेतु Multipurpose Examination Hall का निर्माण कार्य लगभग पूर्ण है।
13. विश्वविद्यालय एवं महाविद्यालय स्तर पर छात्राओं की सुरक्षा हेतु "महिला सेल" को गठित किया गया।
14. विश्वविद्यालय के सीपना की "रजत जयन्ती" वर्ष पर आयोजित कार्यक्रम में माननीय कुलाधिपति महोदया श्रीमती द्रौपदी मुर्मू की गरिमामय उपस्थिति में "विशेष डाक टिकट" जारी किया गया एवं कई कार्यक्रमों को आयोजित किया गया।
15. झारखण्ड का पहला विश्वविद्यालय जहां Bachelor of Physiotherapy (BPT) की पढ़ाई होती है।
16. वर्तमान सत्र से GER में 5 से 10 प्रतिशत तक वृद्धि करने हेतु प्रयासरत।
17. वी0ए0/वी0ए0सी0 4 Year integrated B.Ed. Course की पढ़ाई प्रारंभ की गयी है।
18. वर्ष 2019 से विश्वविद्यालय में योगा की पढ़ाई प्रारंभ की गयी है।
19. दिनांक 05.08.2019 को 8वां दीक्षांत समारोह का आयोजन किया गया।
20. छात्र हित में Covid-19 महामारी को दृष्टि में रखते हुए यथासंभव ऑनलाइन शिक्षण कार्य विभागों के द्वारा प्रारंभ कर दिया गया है।
21. Covid-19 महामारी से जागरूकता हेतु विश्वविद्यालय तथा महाविद्यालयों में बैनर लगाया गया, कार्यालय विभागों को सैनेटाइज किया गया एवं मास्क का उपयोग अनिवार्य किया गया है।
