## India natural anti-terror ally: Trump US Prez lauds India for unity in religious diversity

Prime Minister Narendra Modi, US President Donald Trump and First Lady Melania Trump during the Namaste Trump event at Sardar Patel Stadium in Ahmedabad Monday

PNS/AGENCIES ■ AHMEDABAD

India and the US are natural partners and both the countries are committed to defend their people from radical Islamic terrorism. This was the focal point of visiting US President Donald Trump's riveting speech made before a capacity crowd at Motera stadium here on Monday. The crowd erupted in a thundering applause when the US President said his country "loves India and its people."

chapter" in ties between the two countries. Both the leaders made these points during a public event "Namaste Trump" at the new look Motera stadium shortly after Trump arrived here to commence his two-day visit to India. He was accompanied by his wife Melania, daughter Ivanka, son-in-law Jared Kushner and top brass of his administration. Modi and Trump will hold talks in New Delhi on Tuesday wherein the two countries will ink a \$3 billion defence deal for 24 Naval multi-role helicopters and six Apache attack helicopters for the Army. While

the Naval helicopter deal is about \$2.6 billion, the Apache contract is over \$980 million. Trump announced in his speech here about the two deals. The Cabinet Committee on Security (CCS) headed by Prime Minister Modi had cleared the two defence deals last week. While the chemistry between Modi and Trump was fully evident as the two leaders shared many hugs and heaped praise on each other in front of 1,00,000-strong enthusiastic crowd, the traditional and colourful welcome left the US President impressed. "Five months ago, the US

welcomed your PM at a giant football stadium, and you welcomed us at the world's largest cricket stadium. Thank you for your spectacular welcome. We will always remember this remarkable hospitality," Trump said. Known for his fondness to tweet, Trump earlier took to Twitter and tweeted messages in Hindi, including one expressing eagerness to visit India, to which Modi responded by tweeting the Sanskrit phrase, "Atithi Devo Bhava (guest is god)". Talking about India's rich culture and extraordinary diversity repeatedly, Trump said India is always admired

around the world as the place where millions of Hindus, Muslims, Sikhs, Jains, Buddhists, Christians and Jews worship side by side in harmony as it has great tradition of embracing individual freedom, rule of law, dignity of every human being. "The First Lady and I have travelled 8,000 mile around the globe to deliver the message to all citizens across this nation — America loves India, America respects India, and America will always be a faithful and loyal friend to the Indian people," Trump said. During his nearly 30 minutes long speech, Trump also said, "While our nations have many differences, they are both defined and propelled by a fundamental truth — the truth that all of us are blessed with divine light and every person is endowed with a sacred soul" and quoted Swami Vivekananda. On his maiden visit to India as the US President, Trump, who was welcomed by Modi on his arrival here, said his country will remain a "loyal" friend of India and called Prime Minister Modi an "exceptional leader" who works day and night for the country. "India and the US are committed to fight terrorists and their ideology, that is why my Government is working with Pakistan to crack down on terror groups," the US President said. "Under my Administration we unleashed the full power of the military on blood-thirsty killers of ISIS in Iraq and in Syria. Today the ISIS territorial caliphate has been 100 per cent destroyed and the monster known as Al-Baghdadi, the founder and leader of ISIS, is dead," he said.

## Taj Mahal inspires awe: POTUS

PTI ■ AGRA

Walking hand-in-hand, US President Donald Trump and First Lady Melania Trump on Monday evening went around the iconic Taj Mahal, hailing the 17th century Mughal-era mausoleum as a "timeless testament" to the rich and diverse beauty of Indian culture. The American power couple spent almost an hour at the Taj Mahal, soaking in the beauty of the monument of love, and were briefed about the history and traditions associated with architectural marvel. "The Taj Mahal inspires awe. A timeless testament to the rich and diverse beauty of Indian culture! Thank you India," Trump and Melania wrote on the visitor's book. Trump, accompanied by his wife, daughter Ivanka and son-in-law Jared Kushner,

arrived here from Ahmedabad where they attended the 'Namaste Trump' event at the Motera stadium. The Taj Mahal, which was built by Mughal Emperor Shah Jahan in memory of his wife Mumtaz Mahal who died in 1631, was refurbished for the visit. Holding hands, the couple took a stroll in the resplendent gardens adjoining the pool at the celebrated monument, as a cool breeze made their experience even more pleasant. Trump, dressed in a dark suit with a tie of light shade, and Melania, wearing a white dress accessorised with a green waistband, also posed for photographs. Ivanka, wearing a white dress with red floral prints and red shoes, and Kushner, dressed in a sharp suit, took a stroll hand-in-hand around the monument.

Ahmedabad: Using Bollywood to strike a chord with movie-loving Indians, US President Donald Trump on Monday hailed the "genius" of the Hindi film industry and recalled two all-time favourites, "Sholay" and "DDLJ". Addressing the "Namaste Trump" event, the US President said people "take great joy" in watching Bollywood films and understanding Indian culture through them.

## As RS polls near, Diggy, Scindia meet

STAFF REPORTER ■ BHOPAL

While the Rajya Sabha nominations reaching closer, senior Congress leaders Digvijay Singh and Jyotiraditya Scindia, claimants for the Upper House, met cordially in Guna on Monday. However, no close door meeting was held as scheduled.

Three Madhya Pradesh quota Rajya Sabha seats are going vacant in April 2020 and one of them is held by Digvijaya Singh who is said to be eager for a re-nomination. However, after losing the Lok Sabha poll in 2019, Scindia too is keen to reach Rajya Sabha. Both the senior leaders met on the road as their cavalcades crossed each other in Guna and both showing plenty of warmth hugged each other and greeted each other with garlands. However, due to shortage of time, both the leaders could not have any discussion privately. Meanwhile, Digvijay praised Scindia saying, "I have very good relations with Maharaj (Scindia)." However,

### Both the senior leaders met on the road as their cavalcades crossed each other

the political circles were abuzz with the meet which never happened. As the Rajya Sabha nominations are drawing closer, the BJP and Congress with their numbers in assembly are sure to bag one seat each but the uncertainty prevails on the third one. Sources claim that neither Singh nor Scindia would want to be fielded for the third uncertain seat. In between name of AICC general secretary Priyanka Gandhi has also been floated by a section of Congress party in the state. If this happens, either Singh or Scindia might have to shift base to any other state. Notably, it was Scindia's second visit to Guna after losing the Lok Sabha polls in 2019.

# 1984 Bhopal gas disaster Women survivors flay US President Trump

Survivors of 1984 gas tragedy demonstrate against US President Donald Trump for sheltering fugitive Union Carbide and owner of Dow Chemical from justice, in Bhopal on Monday. Pioneer photo

Hundreds of women survivors of the 1984 Bhopal gas disaster today flayed US President Trump in effigy with brooms on the occasion of his visit to India. Led by four local organisations, the survivors expressed their anger against the US Government for refusing to serve summons issued by the Bhopal Court upon Dow Chemical, owner of Union Carbide.

Madhya Pradesh Muslim Vikas Parishad a local social service organisation supported the demonstrators' call for justice in the criminal case on the World's worst industrial disaster.

"Since 2016, when Trump came to power, the Bhopal district court has twice summoned Dow Chemical, as owner of Union Carbide that is absconding charges of corporate manslaughter, but Trump's Department of Justice has refused to serve these summons upon Dow," said Rashida Bee,

President of the Bhopal Gas Peedit Mahila Stationery Karmchhari Sangh.

Nasreen Khan of the Bhopal Gas Peedit Mahila Purush Sangharsh Morcha said, "In violating the Mutual Legal Assistance Treaty (MLAT) between India and USA, the Trump Government is sheltering the perpetrators of the worst corporate massacre in history."

"It is now clear that Trump is visiting India mainly to further the interests of death dealing US corporations like Lockheed Martin, Raytheon, Westinghouse and others.

It is indeed shocking that our Prime Minister in his eager-

ness to please Trump has not sought, let alone pressed for, US governments' cooperation in bringing the killers of Bhopal to justice," said Rachna Dhingra of the Bhopal Group for Information & Action.

Durgesh Ahirwar of Children against Dow Carbide said, "In Bhopal hundreds of victims of Union Carbide are still dying untimely deaths, hundreds of thousands are battling chronic illnesses and tens of thousands of children are being born with malformations and growth disorders. Through our brooms today we are telling the world about the US Government's role in the ongoing injustice in Bhopal."

# A new history of development will be created in tribal areas: Nath

Chief Minister Kamal Nath meets tribals during Shabri Mata Jayanti function and tribal convention in Dindori, Madhya Pradesh on Monday. Pioneer photo

STAFF REPORTER ■ BHOPAL

Chief Minister Kamal Nath said that a new history of development will be created in tribal areas. Well thought out plans will be prepared to stop migration, to provide employment and to ensure reasonable prices for local produce.

Kamal Nath was addressing the function held on the occasion of Mata Shabri Jayanti and Adiwasi Sammelan at tribal dominated district Dindori.

Kamal Nath stated that the schemes which were prepared for the development of tribal areas have been gathering dust for years, their benefits will be extended to the tribals by implementing such schemes. This was said by Kamal Nath in the context to the plan of providing benefit of Narmada River to Dindori district also at the time of construction of Bargi Dam.

This scheme has cost ₹10,000 crore. He said that the aim of the Government is to do all-round development of the State's tribal community. They should not have to go out in search of work. The Government is making efforts in this direction that they

should have employment at home and in the village itself, he added.

The Chief Minister said that Mata Shabri is a symbol of humanity and simplicity. This is the reason, why the tribal community has immense reverence and faith towards her. He said that this is the most pious day, when tribal youths should take a pledge that they will adopt tribal culture and will always keep their glorious history intact.

He mentioned that despite various races in tribal community, the unity that exists in the tribal community is the power of their culture and rituals, which was adopted and preserved by the elders.

The Chief Minister said that tribal community has become a participant in the development process.

The need is that the tribal community and its representatives should raise their voice and join the mainstream of the society for their rights.

Kamal Nath informed that a new atmosphere of investment has been created in the state to safeguard the future of youth, who have the responsibility of building

Madhya Pradesh and the country. New policies are being implemented in the agriculture sector so that farmers get rid of their debts and get right prices for their produce.

Loans of 22 lakh farmers have been waived under the Jai Kisan Fasal Maafi Rin Yojana.

The Chief Minister said that the new Government has exhibited its intention and policy in the last 11 and half month to improve the condition of empty treasury, inherited by it and poor condition of the State. He said that while facing new challenges in every field, the work is being carried out by the Government with new thinking and approach. Relief has been provided to the farmers in Madhya Pradesh, the State which was number-one in farmers' suicide in the country.

New investment is being encouraged in the state to take the youth out from the darkness of unemployment. Kamal Nath said that we are facing every challenge with full vigour. We are working with a resolution that in the coming days, we will make a new map of the State's development.

## Diggy writes to Modi objecting to inclusion of Babri mosque demolition accused in Ram temple trust

STAFF REPORTER ■ BHOPAL

Senior Congress leader and Rajya Sabha member Digvijay Singh has written a letter to Prime Minister Narendra Modi objecting to inclusion of Babri mosque demolition accused in Ram temple trust and exclusion of Shankaracharyas in the said trust.

During the tenure of Narasimha Rao Government, Ramalay trust was constituted for construction of Ram temple so what is the need for a separate trust, questioned Singh.

He pointed out that the trust formed recently has none of the acclaimed

Shankaracharyas as member. Any of the five Shankaracharyas should have been made the head of the trust, he said.

Singh further alleged that some of the members of the trust are accused of demolishing Babri masjid and are out on bail and inclusion of such persons in the Ram temple trust is not justified, claimed the senior Congress leader.

He pointed fingers at Champat Rai, regional vice president of VHP claiming the parishad has nothing to do with the Sanatana dharma and is a RSS affiliate organisation only.

The former Madhya

Pradesh Chief Minister also objected to Anil Mishra's being nominated as trust member saying he is a Homeopathic doctor in Ayodhya and is an RSS functionary. Kameshwar Chaudal and Govind Singh, the Bihar BJP leader and RSS pracharak also found mention in Singh's objection list.

The veteran leader also objected to nomination of government officers in the trust.

Referring to collection of donation for Ram temple in the past, he questioned why no accounts of these donations are being given as of now and demanded refund of such donated amount to donors with interest of 28 years.

## 3 miscreants nabbed

STAFF REPORTER ■ BHOPAL

The TT Nagar police has nabbed three miscreants who assaulted a Tata magic van driver and robbed his van late in the night at Rangmahal square. The van was recovered from their possession.

Soon after the incident, police received the information and tracked the miscreants. One of the accused had crime record and had been booked by TT Nagar police.

The nabbed miscreants were identified as Rajesh Mishra (33) of Banganga, Harnaryan alias Kalu Yadav (30) of Sabri

Nagar and Vikas Malviya (23) of Nehru Nagar.

In the night at around 10.30 on Sunday, the victim Sakir Khan was waiting for passengers with his van bearing registration number MP04T9274 near Rangmahal square and while he was waiting, the three miscreants came and attacked him and took the van forcefully.

The victim, in an injured state, reached the police and lodged complaint.

Based on the complaint and after the preliminary investigation, police registered a case under section 392 of the

IPC and started investigation. Police swung into action and alerted the patrolling parties and outpost which helped in tracking the accused and they were nabbed along with the van.

During the investigation when the police quizzed the three it was found that Rajesh Mishra has been booked for assault.

The crime record of the two would be investigated. Details of the disposal of van are yet to be revealed by the miscreants. Other accomplices in the crime would be investigated said police.

Kazim said, "This art is alive today due to the efforts of late Ismail Suleman Khatri and Zaitun Bi."

# 'Every urban body should have a heritage cell'

STAFF REPORTER ■ BHOPAL

Every urban body should have a heritage cell, which should work for the conservation of the city's heritage, natural structures and legacy. The Director General of Atal Bihari Vajpayee Institute of Good Governance and Policy Analysis R Parshuram said this during the signing of a MoU, between the institute and the Indian National Trust for Art and Cultural Heritage (Intach) New Delhi. In the MoU, agreement has been reached to work on several points including agenda for Heritage Policy of Madhya Pradesh, Documentation of Ancient Heritage, Capacity Building, Training and Culture-21. Parshuram said that in the vision document issued by the government, development of cities like Chanderi, Bhopal and Mandu has been given priori-

ty. He said that in the first phase, work should be started in some cities only. Parashuram said that conservation of natural and ancient heritage is a challenging task. There is a need to work fast using scientific methods for their protection and conservation. The Principal Director of Intach Naveen Piplani said that there is a need to open an academy for heritage development related training in Bhopal. He informed that including Gauhar Mahal, he has done the conservation work of heritages of other areas. The Chief Advisor of the institute Madanmohan Upadhyaya said that this MoU will prove to be a milestone in conserving ancient heritages and structures of the state. The Chief Advisor of the institute Mangesh Tyagi and other officers were present on this occasion.

# Opposition creates ruckus in Punjab Assembly

MONIKA MALIK ■ CHANDIGARH

Punjab Vidhan Sabha proceedings were hindered on the second day of the Budget session with the opposition parties — Shiromani Akali Dal (SAD) — Bharatiya Janta Party (BJP) and the Aam Aadmi Party (AAP) — uniting against the Congress on Monday over the state DGP Dinkar Gupta's remarks on Kartarpur Sahib corridor and allegations against the Cabinet Minister Bharat Bhushan Ashu forcing three adjournments. The pandemonium that ensued saw 24 MLAs — 12 each of Akali Dal and AAP — being "named" by the Speaker Rana KP Singh on the grounds of "disrupting the House proceedings". The Speaker ordered the marshals to march all the "named" MLAs out of the House after they allegedly switched off the speakers from which the Vidhan Sabha's reporters listen to record the House proceedings. Chief Minister Capt Amarinder Singh, who was not in attendance and heads the Home Department, is expected to make a statement over the two days.

legislators were seen competing among themselves to be the first one to raise and protest against the issue. As the question hour began, SAD MLA Bikram Majithia stood up to raise the issue holding placards, along with other SAD and BJP MLAs. With him, AAP MLA and the Leader of Opposition Harpal Singh Cheema too sought to raise the same issues. When the Speaker asked them to speak after the question hour, AAP and SAD-BJP MLAs storm the well of the House, shouting slogans, holding placards and posters while standing at a distance from one another. In an apparent attempt to outsmart each other, both sides were raising louder slogans. Despite the Speaker's repeated requests to take their seats and assurance that the Chief Minister would make the statement on Tuesday, the opposition leaders continue with their protest. After the Congress MLAs huddled together and planned their next move, Parliamentary Affairs Minister Brahm Mohindra proposed to hold a debate on the issue by fixing appropriate time. Bedlam prevailed as soon

the Congress MLAs too started raising slogans against the Akalis, leading to adjournment. As the House resumed, Cheema stressed that the two issues are very sensitive and matter of concern. The Speaker pointed that as the Leader of the House was not present, he would make the statement the next day. Not satisfied, the AAP MLAs entered the well of the House sloganeering. SAD legislative wing leader Sharanjit Singh Dhillon alleged the government of closing down the much awaited Kartarpur corridor by making such statements on the behalf of the Gandhi family. Tempers run high as the Congress MLAs opposed the allegations against the Gandhis. Holding Majithia's picture with Anwar Masih, former SSB member arrested in ₹1000 crore drug haul case. Congress MLAs come face to face with the Akalis MLAs, forcing another adjournment. As House proceedings resumed again, Cheema dubbed DGP's statement as condemnable and demanded his dismissal. AAP MLAs against entered the well of the House with the Speaker clarifying that he cannot act against

the DGP in the matter. Dhillon too raised the same issue asking on whose directions the DGP made such statement. AAP MLA Kanwar Sandhu insisted on a statement on the DGP issue by a senior minister pointing that it has resulted in lot of resentment. Opposition MLAs again started their separate protests and sloganeering in the well of the House, even as the Speaker initiated the debate on the Governor's address amidst a complete mayhem. Bholath MLA Sukhpal Singh Khaira, who made his appearance in the House after a long hiatus, too demanded that someone in the government, like Parliamentary Affairs Minister, should make a statement and "DGP must be removed without further delay". As the House proceedings continue, SAD MLA Harinder Pal Chandumajra and AAP's Rupinder Kaur Rubi pushed the watch and ward staff standing in front of the Speaker's chair trying to break the defence line. AAP's all women MLAs — Rubi, Saravjit Kaur Manuke, and Baljinder Kaur, push the women guards with fellow legislators pushing them from behind to break the human

security wall. Irate, the Speaker ordered the marshals to march all SAD and AAP MLAs out of the assembly after naming them, which means suspending them for the day, and adjourned the House. Speaker's orders came after the Vidhan Sabha staff reports to the Speaker that the opposition party MLAs had turned off the speakers on their table. All opposition MLAs take their seats, to avoid eviction from the House. All AAP, SAD-BJP MLAs group together as the Punjab Police officers forcibly try to lift them, raising slogans against the Punjab Police and the Speaker. It was complete chaos in the House as treasury benches too raised slogans against the Akali-BJP MLAs. As the house resumed, the state Technical Education Minister Charanjit Singh Channi requested the Speaker to forgive the MLAs. Seconding him, the Parliamentary Affairs Minister Brahm Mohindra too urged Speaker to take back his decision and let off the MLAs after a warning. Without giving any assurance, the Speaker adjourned the house till Tuesday.

about 35 students showed their dancing talents. During this time, the performances which received tremendous appreciation include Saraswati Vandana presented by Archana Sharma in Solo Dancing, Combat by Sunny in Solo, Nisha Khare in Duet and Chhaya Khare in Group Dance. On this occasion, Chairman of Radharaman Group RR Saxena said that every year the students of the group are eagerly waiting for this fest to be held every year. This event gives a platform to the talent hidden in them. Also, through this event, students come out of their book world and feel refreshed.

## BRIEF BUDGET SESSION

# Cong threatens to hold protest march to Gairsain on March 3

PNS ■ DEHRADUN

The Opposition Congress party has become belligerent on the State Government for convening brief Budget session. Demanding that the session should be of at least 15 days, the party has warned that its workers would hold a protest march to Gairsain on March 3 if the session is not extended. Addressing the media persons at the state headquarters of the Congress party on Monday, the deputy leader of the Congress legislature party in state assembly, Karan Mahra questioned the short duration of the budget session of Uttarakhand assembly and said that state government is doing formality with a brief session. He said that if the sessions of the assembly are

organised as per the norms then the MLAs can put the problems of their areas in the assembly and question government. He alleged that the government is organising brief session as it is shying away from its responsibilities. Mahra said that he has already requested the Speaker of Uttarakhand assembly Premchand Agarwal and leader of opposition Indira Hridayesh for putting pressure on the government on extension of the budget session. Former secretary of the All India Congress Committee (AICC), Prakash Joshi said that the budget session is of 15 to 20 day duration even in the small states but in Uttarakhand the upcoming budget session is of only five days. He informed that the workers of the Congress party would meet

all 70 MLAs on February 26 and 27 and handover memorandums to them requesting extension of the budget session. On the strategy of the congress party in the upcoming budget session, Mahra said that the party would take up the issue of irregularities in the examination of forest guards and the hegemony of the district development authorities in the session. Terming Trivendra Singh Rawat government responsible for the irregularity in the forest guard examinations, Mahra claimed that it would not have occurred if the BJP government had taken action against the culprits responsible for similar irregularities in examinations conducted by the Uttarakhand Subordinate Services Selection commission in the past.

# Grievance redressal boxes to be monitored by DSWO

The advisory board meeting of Childline was chaired by the Deputy Development Commissioner (DDC) Ananya Mittal in the State capital on Monday. In the meeting it was decided that all district child welfare officers, CWC officials, members of the juvenile district board and all child welfare institutions will have a coordination monthly meeting. It was also decided that Childline is to be involved in all crime meetings conducted by CID. Issues related to missing children or those who come from Railway Childline, City Childline were discussed. The grievances and redressal boxes should be maintained and monitored at regular intervals. All the complaints received should be dealt with at the earliest and in a proper way which it is to be done

by Department of Social Welfare. "Awareness about Childline 1098 needs to be created among every child in India. It was also decided to work together with allied systems like police, health care, juvenile justice, transport, education to create child friendly systems. There is also the need of a unit for the mentally challenged children on which action will be taken," DSWO Suman Singh. The records of all the departments like police and labour department should share their data and work in coordination. At the offices of the Block Development Officers (BDO) a display board stating child marriage prohibition officer should also be installed. "To prevent child marriages, identity proofs will be required while getting wedding cards printed or booking other services for the marriage," said the official.

An administrative approval of Rs 12 crore has also been received for the construction of this college building and the construction will be started soon, he added.

# Cong leaders to skip banquet invite

## Banquet hosted by Prez in Trump's honour

PNS ■ NEW DELHI

Opposition in Rajya Sabha Ghulam Nabi Azad had decided to skip the President's banquet in protest over the party's top leaders not being extended an invitation.

Chowdhury said the Modi Government has done away with the tradition of allowing the principal opposition party to hold discussions with the visiting US President, unlike in the past when such meetings were arranged. "I will not attend the banquet hosted by the President on February 25. It is a protest on my behalf," he said.

He said the Government has not extended an invite to Congress president Sonia Gandhi. "We do not feel good about the change in tradition by the Modi Government, when the principal opposition party leaders are ignored during such key visits. In the past, we ensured the principal opposition party leaders meet the visiting dignitaries, including US President George Bush or Barack Obama," he said.

# Namaste Trump on line of Howdy Modi: BJP

PNS ■ NEW DELHI

As the US President Donald Trump began his ambitious two-day visit to India on Monday, the BJP described "Namaste Trump", an event at Ahmedabad on the line of 'Howdy Modi', a "master stroke" of public diplomacy between the two countries.

Trump has said that the US and India will seal major trade pacts during his visit which is exclusively focused on India. Trump is to seek re-election as President later this year.

A high-powered delegation is accompanying the US President with an eye on extracting a favourable trade deal and reduction in tariff by India on American exports. "Modi is a tough negotiator," said the US President while making his speech at the 'Namaste India' event in the

Gujarat Capital.

On day one of the visit, 'Namaste Trump' was held at Motera Stadium in Ahmedabad to welcome Trump who was given a rousing ovation by a capacity crowd of over one lakh.

Trump and Prime Minister Narendra Modi also addressed the audience in the stadium, the largest cricket stadium in the world.

"Namaste Trump is a masterstroke of public diplomacy between India and US," Vijay Chauthaiwale, who heads the BJP's overseas

affairs department, said in a series of tweets.

He asked if any other visiting foreign head of state has ever praised a country, its national heroes, heritage, culture, music and leader so profusely.

"This day will be written in the golden letters in the history of India, thanks to the visionary leadership of PM Narendra Modi," he said.

The US president was driven from airport to Sabarmati Ashram and later to the stadium as people lined-up on both sides of the 22-km-long route to cheer both the leaders. Describing Modi as a "tremendously successful leader" of the Indian republic, Trump, in his speech in the stadium, referred to the BJP leader's "landslide victory like no other in the largest democratic election ever held anywhere on the face of the earth".

# Air Force flight to evacuate 100 students from Wuhan

PNS ■ NEW DELHI

Over 100 Indians stranded in coronavirus-hit Wuhan could have a sigh of relief as the Centre on Monday said an Air Force flight to the crisis-hit Chinese city is being planned for February 26 for bringing the evacuees back on February 27.

Union Health Minister Dr Harsh Vardhan, who undertook a review of the ongoing coronavirus (COVID19) management across the country with senior officials of the Ministry, said he has been informed about the flight by the Ministry of External Affairs Ministry.

The Health Ministry quoted Vardhan as saying this. India's national carrier Air India has already evacuated around 640 Indians from Wuhan in two separate flights. According to estimates, over 100 Indians are still living in Wuhan.

A sizeable number of countries have evacuated their citizens from China and restricted movement of people and goods to and from the country in view of the massive

outbreak of coronavirus there. At present, the screening of passengers is being done in all 21 airports, 12 major and 65 non-major seaports and border crossings.

In all 4,214 flights and 4,48,449 passengers have been screened so far while as of now, 2,707 samples have been tested of which only 3 samples had earlier tested positive (Kerala) and all the three patients have been discharged from the hospitals and are now in home isolation.

"All Indian evacuees from Wuhan have tested negative for

COVID19 and have gone back to their homes from the quarantine facilities. In all, 23,259 persons were brought under community surveillance in 34 States/UTs through the Integrated Diseases Surveillance Programme (IDSP) network," said the Minister.

A revised travel advisory on travel to Singapore has been issued on February 22.

Regarding movement across Kartarpur border in Punjab, it was informed that in discussion with the Home Ministry, Health Ministry and Health Secretary, Punjab, special screening has been strengthened across the border and further necessary facilitation for masks to be worn by pilgrims is being initiated.

At present, in addition to screening of passengers from flights coming from China, Hong Kong, Thailand, Singapore, Japan and South Korea, entry screening has been extended to flights coming from Vietnam, Nepal, Indonesia and Malaysia with effect from February 23.

## ISIS-RELATED CASES

# NIA conducts raids in TN, K'taka

PNS ■ NEW DELHI

The National Investigation Agency (NIA) on Monday conducted searches at multiple locations in Tamil Nadu and Karnataka in connection with three ISIS-related cases.

In Tamil Nadu, searches were conducted at 10 locations including one in Chennai City, one in Kanchipuram district, one in Toothukudi district, three in Salem district and four in Cuddalore district.

The searches were conducted in connection with Chennai Q Branch Case, ISIS Khaja Moideen Module case and ISIS-AL Hind Module Case.

The Q branch case relates to 10 Bengaluru-based accused persons who allegedly conspired with ISIS/Daish member Khaja Moideen, native of Parangipettai, Cuddalore district, with the intention of carrying out unlawful activities

and committing terrorist acts in India by procuring illegal arms in furtherance of the terror outfit's agenda. During searches at the houses of the 10 accused, 16 SIM cards and 2 internet dongles besides documents and books have been seized, the NIA said.

The ISIS Khaja Moideen Module Case, originally registered by Special Cell of Delhi Police, was re-registered by NIA on January 30 this year against arrested accused Abdul

Samad, Khaja Moideen, Syed Ali Navas and Jaffer Ali besides their associates for the conspiracy to further the objectives of the banned terror outfit ISIS/Daish by carrying out terrorist attacks in Delhi and NCR. During searches at the houses of the arrested accused on Monday, the NIA seized four laptops, one tablet, two mobile phones and three SIM cards besides certain documents including books supporting violent jihad.

In Karnataka, NIA carried out searches at 15 locations in Bengaluru city and Kolar district in connection with investigation of ISIS AL Hind Module Case at the houses of arrested and absconding accused and office of AL-Hind Trust. During searches, a number of digital devices including nine mobile phones, five SIM cards, one Laptop, two Hard Discs, four CDs/DVDs, 18 Books, one auto rickshaw, fire

crackers and other incriminating documents have been seized from these locations, the agency said in a statement.

ISIS AL Hind Module Case pertains to a criminal conspiracy with an objective of murdering Hindu leaders, creating communal riots and to do anti-national activities by forming a terrorist gang, being inspired by ISIS, a proscribed terrorist outfit.

The members of the Al Hind module conducted meetings at Bengaluru and other parts of Karnataka, Tamil Nadu and propagated ISIS ideology, procured arms and ammunition and other incriminating material for executing their plans. The seized items will be submitted before the jurisdictional NIA Special Courts at Chennai and Bengaluru and the digital devices subjected to cyber forensic examination, the NIA added.

# EC destroyed VVPAT data of 2019 LS polls before expiry: NGOs

PTI ■ NEW DELHI

Two NGOs alleged in the Supreme Court on Monday that the Election Commission (EC) has violated election rules by destroying the VVPAT (voter verifiable paper audit trail) data of last year's Lok Sabha polls before the conclusion of the statutory one-year period.

The NGOs - Association for Democratic Reforms (ADR) and Common Cause - referred to the response received through an RTI application from the EC and alleged before a bench headed by Chief Justice SA Bobde that the VVPAT data was needed to be

preserved for a period of one year - a rule of the Conduct of Election Rules. "We do not look into it at the moment," the bench, also comprising justices BR Gavai and Surya Kant, said.

Appearing for the NGOs, lawyer Prashant Bhushan said the "shocking fact" had emerged in an RTI response and they would file an application in this regard.

The bench had earlier issued notice to the poll panel on the PIL seeking a probe into alleged discrepancies between the voter turnout figure and the number of votes counted in 347 constituencies during the 2019 Lok Sabha polls.

# Centre denies allegations of starvation death in J'khand

PTI ■ NEW DELHI

The Centre on Monday denied allegations of a starvation death in Jharkhand and arbitrary cancellation of nearly three crore ration cards of poor people across the country in the Supreme Court, asserting that it was ready to prove them wrong.

"Let it be put on affidavit. I will respond and show all these are wrong. It is all incorrect statistics," Attorney General KK Venugopal told a bench comprising Chief Justice SA Bobde and justices BR Gavai and Surya Kant.

The attorney general had to intervene when senior advocate Colin Gonsalves, appearing in a PIL, alleged starvation deaths following denial of food

in the absence of Aadhaar card.

Gonsalves also claimed that as many as three crore ration cards of poor people have been cancelled by authorities across the country and a 13-year-old girl had died of starvation in Jharkhand after she was denied ration on account of non-matching of Aadhaar details with her ration card.

The attorney general submitted that the Centre would file a comprehensive affidavit on the issue and was waiting for replies of state governments which failed to file the same in compliance of notices issued to them on December 9, 2019. He said the Centre would collate the responses of states and file a response.

# SC refuses plea seeking sanction to prosecute Kanhaiya in sedition case

PTI ■ NEW DELHI

The Supreme Court on Monday refused to entertain a plea seeking framing of guidelines to ensure an expeditious grant of sanction to prosecute the accused in serious offences like the sedition case against former JNU Students' Union president Kanhaiya Kumar. A Bench of Chief Justice SA Bobde, justices BR Gavai and Surya Kant said such an order could be passed only in a specific case and directions of generic nature could not be issued. "The law should be followed in a particular case," the bench told lawyer Shashank Deo Sudhi, who was appearing for former BJP MLA Nand Kishor Garg.

# CAG holds meeting with Ministries over auditing suggestions

PNS ■ NEW DELHI

The Comptroller and Auditor General (CAG) on Monday held a brainstorming session with representatives of as many as seven Ministries to seek suggestions from the executive on areas that could be selected for audit.

This would help in understanding their concerns and would also supplement the risk-assessment exercise being undertaken by the CAG in the course of finalising the annual plan of audit activities.

The meeting, chaired by Deputy Comptroller and Auditor General Anita Pattanayak, sought more effective audit exercise from the sec-

retaries and representatives of the selected Central Ministries and departments.

The Ministries included environment, forest and climate change, jal shakti, earth sciences, new and renewable energy, science and technology, food processing industries, and food and consumer affairs.

The meeting was intended to focus on development, technology and climate-related issues.

"We are keen on this interaction... Activities undertaken by scientific and environmental ministries are critical to the national objective of broad-based economic growth and balanced development across all sectors.

# 2.13 cr framers left out from PM KISAN yojana

RAJESH KUMAR ■ NEW DELHI

A year since its launch, the Modi Government's ambitious cash-for-farmers programme 'PM KISAN' (Pradhan Mantri Kisan Samman Nidhi) has reached a saturation level due to some States' reluctance to adopt the Central scheme and implementation hurdles like linking with Aadhaar persisting.

There could be 2.13 crore more potential beneficiaries who are left out from the scheme as States like West Bengal and Bihar have not adopted the scheme.

farmers from the West Bengal, about 10 lakh farmers have already self-registered for the scheme via the online portal of PM-Kisan. Bihar's potential is 158 lakh whereas data of only 59.7 lakh has been uploaded. Bihar has adopted a beneficiary application based approach which is delaying identification and upload.

According to Union Agriculture Minister Narendra Singh Tomar, barring West Bengal and Bihar, all other States and Union Territories are implementing the scheme which has benefited 8.45 crore farmers so far in the country, against the target of 14 crore farmers.

On PM-Kisan portal, the centre has received data of total 9.74 crore farmers. The minister also launched PM-Kisan mobile App on completion of one year of the implementation of the scheme.

"States which have achieved 90 percent or more saturation have been asked to look at inter district variations while states to do 100 percent verification of 25 randomly selected villages in comparatively low saturation districts," he said.

The data says, only 9 farmers registered from Adaman and Nicobar Islands; 123 from Arunachal Pradesh; 121 from Chandigarh; 21 from Dadra Nagar Haveli; 633 from Delhi; 30 from Goa, 4902 from Himachal Pradesh; 11 from Sikkim; 43 from Puducherry; 733 from Meghalaya and 1010 from Tripura.

According to sources, Aadhaar-based enrolment and cash transfers, slow internet connections in many rural centres, and messy land records have slowed the programme.

of validating the biometric identity with a beneficiary's bank account, have limited the number of potential payouts," sources added.

Aadhaar linking was optional for the first tranche that covered the December 2018-March 2019 period.

For the second instalment covering the period April-July 2019, Aadhaar authentication was compulsory, except for north-eastern States and the erstwhile Jammu & Kashmir. On the first anniversary of launch of the Government's ambitious PM-Kisan scheme, Tomar on Monday launched a mobile app to broaden the reach of the programme that aims to provide annually ₹6,000 to each eligible farmer.

Under PM-KISAN, the government provides income support of ₹6000 a year to farmers with a valid enrolment,

paid in three equal cash transfers of ₹2000 - one every four months. It was launched on 24 February 2019, when the first instalment was paid.

Stating that the cash benefit under the scheme will not only help farmers but also boost the state economy, Tomar said: "Our officials have approached the state government in this regard many times. I have also written twice to the chief minister urging to join the scheme.

But no reply has come yet from the CM." Tomar said some states like Andhra Pradesh, Bihar and Sikkim are slow in authenticating their farmers' data and the central government is pursuing with them seriously.

About 85 per cent of the farmers data registered under the scheme has been Aadhaar verified, the rest will be completed soon, he added.

## Indo-China row

Beijing's selective engagement with India on the Wuhan evacuations is plain confrontationalist

Desperate times call for desperate measures and when a global crisis has a new name called Coronavirus with a hydra-headed manifestation, then politics should be the last concern between nations who must unitedly fight it. Unfortunately, China, which is filtering the extent of its health crisis lest it be construed as bad propaganda for its global stakes, has let that unease creep into its bilateral ties with India. Seems like the spiralling epidemic has torn the "relative calm" in the strategic partnership. A spat that could have

been settled by discussion and mutual understanding has unnecessarily been allowed to gain traction. The current row stems from China's refusal to grant permission to our military aircraft for the evacuation of several Indians from the Coronavirus-hit Wuhan. Although China facilitated the civil flights by rescue missions, it is dragging its feet over clearances for this one, attributing it to procedural norms given the disease has reached a higher degree of criticality. But India maintains that it is precisely because of this and its responsibility to protect its citizens that it was sending in the C-17 Globemaster, equipped with medical facilities, to bring back Indians, assuming they were infected. Yet in a tit-for-tat response, Beijing accused New Delhi of being selfish and holding back essential medical equipment required by local authorities and medical workers for treating patients. More, China has called upon the Indian authorities to follow the World Health Organisation (WHO) guidelines that call for resumption of all trade and personal exchanges with it to restore normalcy. Yet the world knows that when it comes to humanitarian missions, India has never held itself back. So this strong-arm and negotiatory tactics by the Chinese are not warranted. In all this bickering, not least unexpected, the Chinese response was the same as it was during the outbreak of the virus, "denial." So the fate of around 100-odd Indians, who remain stuck in the Chinese city, is still undecided.

Besides, Beijing cannot justify its "selective" engagement with India on the evacuation process, allowing permission to some while denying it to others. As it turns out, in the same "critical period," three other nations were allowed to operate their evacuation flights. What is incomprehensible is that just a few days ago, the Chinese authorities applauded the "kindness" shown by New Delhi in helping them tackle the outbreak. Premier Xi Jinping had himself lauded India for offering solidarity and assistance. The mixed messages are typical of the larger Chinese strategy of keeping us on our toes by speaking in a forked tongue. Despite this blow-hot-blow-cold attitude of the Chinese, the Indian Government chose to keep differences aside and sought to aggressively push itself to help China contain the virus. From agreeing to test clinical samples from abroad in its laboratories to offering help with the evacuation of people from affected areas to lifting the ban on the export of personal protection equipment — it has done it all. The least one could have expected of the Chinese, given their continued emphasis on strategic relationship and intention to look at trade and other broader areas of cooperation, was to acknowledge the role played by other nations, including India, in fighting the epidemic. But that's too much to ask from it. In all the three sorties carried out to date, where more than 600 Indians have been airlifted, working with China has been a nightmare with the biggest hurdle coming by way of getting approvals from its authorities — Central, provincial as well as local. It must also not be forgotten that ripple effects of the spread of the virus are being felt in India, as in other nations. We, too, need to be prepared to tackle any potential crisis. India's stand with regard to restrictions on some medical devices assumes prominence on account of our fast depleting stocks and low domestic output. In fact, the crisis has led to the deep realisation of how we are heavily reliant on the Chinese for the procurement of raw materials and key ingredients for the production of medical equipment and drugs. So much so that the Government is all set to create new opportunities for Indian firms to emerge as an alternative producing destination to fill the supply vacuum. This outbreak should serve as a warning for Indian industries to diversify their supply chains and encourage the production of critical components within India. Till we are dependent on supplies from China, it will use our weakness to leverage diplomacy.

## Fatty Indians

Delhi and Ahmedabad top the ICMR's study of people consuming fats above prescribed levels

That Indian cuisine is high on flavour is an undisputed fact but so is the reality that it is making us sick. Not because there's anything wrong with our food but because our eating habits are askew and we are over-dependent on coating our food with fat. We think nothing of adding more butter to our food and eating deep fried snacks, biryani, paranthas and so on, especially in the metropolitan cities where there's a culture of indulgence, easy availability of rich foods, even late at night thanks to food apps and an increasing capacity to pay for foods that we crave for. It's no surprise then that a recent survey by the Indian Council of Medical Research (ICMR) on consumption patterns in Ahmedabad, Bengaluru, Chennai, Delhi, Hyderabad, Kolkata and Mumbai shows that the average intake of added fat in all the seven metro cities pooled together was 32.6 grams per person each day, which is higher than the ICMR-recommended levels of 20 grams. Out of these seven cities, Delhi and Ahmedabad topped the list in the daily average consumption of fat. Overall, 18 per cent of the total intake of energy was obtained from visible fat and vegetarians consumed more fat at 40.7 grams per person daily than non-vegetarians at 30.2 grams. The survey also revealed that men consume more fat at 34.1 grams than women who consume 31.1 grams per day. These figures are worrying as the country's burden of non-communicable diseases (NCDs) is escalating at an alarming rate.

While NCDs typically affect people above 55 in most developed nations, in India, they occur at least 10 years earlier. Not only are they eroding our human capital, an increasing healthcare burden is one of the major public health challenges the country is facing. And as Government spending on health is a dismal 1.2 per cent of the Gross Domestic Product (GDP), this means that the burden of rising lifestyle diseases like cancer, obesity, diabetes and cardiovascular complexities is increasingly being borne by individuals out of their pockets. Ludicrously, India is fighting the twin burden of undernutrition and overnutrition, which leaves the Government and healthcare professionals with the dilemma of solving both issues concurrently. Also, it is ironic that both Delhi and Ahmedabad top the list of unhealthy eaters, considering the fact that in Delhi, Chief Minister Arvind Kejriwal has been improving healthcare facilities and Prime Minister Narendra Modi, who hails from Gujarat, has been an avid proponent of the Fit India Movement. Maybe, it's time Governments began looking at creating more awareness as part of their efforts to keep India healthy.

# A Constitution not so fragile

Proud, natural-born citizens of the country must see through the dubious plans of selective propaganda on CAA and NPR

A SURYA PRAKASH

The agitation against the Citizenship Amendment Act (CAA), the National Population Register (NPR) and related matters, triggered largely by fears that the Union Government will deprive millions of Muslims of their citizenship, is one of the most confusing agitations that this writer has witnessed over the past five decades. The CAA has nothing to do with the Indian citizens. It only seeks to provide citizenship to a limited number of people who have been persecuted in three Islamic Republics neighbouring India. The premise on which the agitation is being carried on is completely baseless and is indicative of the extent of mischief a bunch of malcontents can do when the electorate rejects their agenda.

Organisers of the agitation are calling people to the protest sites by spreading rumours that the CAA will enable the Government to snatch away their citizenship, when the fact is that the law has nothing to do with the people of this country. More importantly, anyone, who reads the Citizenship Act, 1955, (the entire Act and not just the 2019 amendment to it), will realise how water-tight the citizenship of a natural-born citizen (a person born on Indian soil) is under this Act and that in reality, no one has the power to take it away. Section 3 of the Citizenship Act, 1955, describes citizens of India "by birth." It says: "Every person born in India (a) on or after January 26, 1950, but before July 1, 1987; (b) on or after the July 1, 1987, but before the commencement of the Citizenship (Amendment) Act, 2003, and either of whose parents is a citizen of India at the time of his birth; (c) on or after the commencement of the Citizenship (Amendment) Act, 2003, where (i) both his parents are citizens of India; or (ii) one of whose parents is a citizen of India and the other is not an illegal migrant at the time of his birth, shall be a citizen of India by birth."

As can be seen, probably 99 per cent or more of the Indian citizens fall in this category called "citizens by birth" and they belong to all religions — Hindu, Muslim and Christian among others. Such people are also known as "natural born" citizens. They are distinct from naturalised citizens and indeed constitute the highest class of citizens (for example in the US, only a natural born citizen can be the President). These citizens (this writer included) do not "apply" for citizenship. They become citizens when they first breathe life. They do not make an oath, swearing allegiance to the Constitution of India because their every breath is deemed allegiance. Their loyalty is taken for granted. They can give up their Indian citizenship but no power can deprive them of their citizenship. Among such citizens, those who commit rape and murder, can be hanged for the

offence, if the law so provides, but their citizenship cannot be snatched away from them. The Act does not provide for it. They will take their citizenship to the gallows. Such is the quality of this citizenship.

The citizenship Act offers other categories of citizenship like citizenship by registration (Section 5) and naturalisation (Section 6). These are basically for foreigners who wish to settle in India and seek Indian citizenship or people of Indian origin living abroad who want to return to India and live as citizens in this country. There is another category — foreigners, who marry Indian citizens and settle down in the country. Sonia Gandhi, the president of the Congress, is an Italian expatriate who moved to India after her marriage to former Prime Minister Rajiv Gandhi in 1968. Under Section 5(2), Indian citizenship can be granted to a person coming via the registration route. There is a similar provision under Section 6 (2) for expatriates who apply for Indian citizenship through "naturalisation." In both cases, citizenship is granted, subject to conditions and restrictions, and only after they make the oath of allegiance.

In the case of Sonia Gandhi, as per the law at that time, she could have applied for Indian citizenship five years after marriage but she did so only after 15 years on April 7,

“  
EVERY MUSLIM CITIZEN, WHO IS SWAYED BY THE ANTI-CAA ARGUMENT, MUST ASK HIMSELF THE FOLLOWING QUESTIONS IN ORDER TO KNOW THE QUALITY OF CITIZENSHIP HE/SHE ENJOYS: DID HE/SHE EVER APPLY FOR CITIZENSHIP LIKE SONIA GANDHI? WAS HE/SHE EVER ASKED TO SWEAR ALLEGIANCE TO THE CONSTITUTION OF INDIA, LIKE HER?  
”

1983, and was granted citizenship on April 30, 1983. Despite being an Italian citizen in 1980, she illegally entered the electoral rolls that year and following a complaint, her name was deleted from the rolls. However, this is another story for another day. But one may ask, how is all this relevant?

These facts are pertinent because unlike natural-born citizens, Sonia Gandhi's citizenship is extremely vulnerable. Being a "naturalised" citizen, her citizenship is subject to several conditions and restrictions. Further, if she violates any of those conditions, her citizenship can be cancelled.

Section 10 of the citizenship Act lists out the situations in which a citizen by registration or naturalisation can be deprived of his/her citizenship. It says that if the registration or certificate of naturalisation was obtained by means of fraud, false representation or the concealment of any material fact; or that citizen has shown himself by act or speech to be disloyal or disaffected towards the Constitution of India as by law established; or that citizen has, during any war in which India may be engaged, unlawfully traded or communicated with an enemy; or that citizen has been ordinarily resident out of India for a continuous period of seven years", his/her citizenship can be cancelled.

Further, unlike citizens by birth, a naturalised citizen has to swear allegiance to the Constitution of India. It cannot be taken for granted. Every Muslim citizen, who is swayed by the anti-CAA argument, must ask himself/herself the following questions in order to know the quality of citizenship he/she enjoys: Did he/she ever "apply" for citizenship like Sonia Gandhi? Was he/she ever asked to swear allegiance to the Constitution of India, like her? So, this is the power and quality of the citizenship of 99 per cent of the citizens under the Citizenship Act, 1955, but the Congress, after its decimation in the 2019 Lok Sabha poll, wants the Muslims of India to believe that their citizenship is as fragile as that of its party president.

This is nothing but an attempt to spread falsehood and disaffection. It could even be seen as an attempt to overthrow a duly elected Government through guile and subterfuge. Proud natural-born citizens of India — Hindus, Muslims, Christians, Sikhs, Jains, Buddhists, Parsis and Jews — must disengage themselves from this campaign which is dangerous for our democracy and for our constitutional well-being.

## LETTERS TO THE EDITOR

### Emulate Kerala

Sir — The Kerala Government must be lauded for its ambitious sanitation initiative as it plans to set up 12,000 pairs of public toilets on highways. The lack of public toilets on freeways causes inexplicable difficulties for people, especially women and children. Most often, travellers are clueless. There are either unmaintained public toilets on the way or people have to visit hotels and spend money on food simply because they have to use the toilet there.

The land of the Government, public sector undertakings (PSUs) and cooperative institutions will be utilised for this purpose. The Government has decided to instruct local self-Government institutions to identify land in their areas alongside the State and national highways.

The Government has further stated that those agencies willing to cooperate with the project would be made partners. There is also an idea to start small shops and snack parlours along with these complexes, which can, in turn, give employment as well as boost the economy. But the public will have to use them and

### A versatile genius, really?

Supreme Court judge Arun Mishra was fulsome in his praise for the Prime Minister at the International Judicial Conference in New Delhi. His laudatory characterisation of Prime Minister Narendra Modi as a "versatile genius who thinks globally and acts locally" flabbergasted watchers of Indian politics and judiciary. His encomium that Modi is an "internationally acclaimed visionary" left the citizens speechless in disbelief. Did the learned judge mean what he said? Did he know the meaning of what he said?

Usually, singing the paeans to a leader is left to his followers. The nature of his job has not deterred Justice Mishra from extolling the incumbent Prime Minister as a "versatile genius." He seems to have been smitten by "Modi worship syndrome." The moot question is whether a judge can lavish praise on a leader in an unbounded manner even if he is popular and has a huge cult following and risks being bracketed with sycophants. Modi bhakts abound in our country; they include television anchors, serving and ex-Army officers, yoga gurus and even Governors.

Now, a Supreme Court judge has joined the "Modi fans club." In glorifying the Prime Minister in such glowing terms, Justice Mishra has revealed his political and ideological leanings. But his praise does not alter the fact that Prime Minister Modi is a profound-

ly polarising figure with a chequered past and a promoter of the interests of privileged upper caste Hindus and corporate behemoths. In school, we learnt that Leonardo da Vinci was a versatile genius; he was a painter, a scientist, a mathematician, an engineer, an architect, a sculptor, a musician, a man of the theatre, a paleontologist, and a lot more, all rolled into one. Versatile geniuses hold a lofty place in our imagination. Modi does not.

### Ill-conceived decision

Sir — By ordering that bars would remain open till late in

some Haryana cities, the State Government is looking to increase its revenue from liquor sales. While increasing liquor contracts and the number of

vends will generate some employment and income for people associated with the sector, the increase in liquor consumption may also cause a spurt in crime. The sale of liquor at shopping malls will also add to the problem. This method of adding on to the State's revenue is against public welfare.

### Stalemate continues

Sir — Rumours are rife that Congress leader Rahul Gandhi may once again take charge of the party. But more than once, the Congress scion has demonstrated that he is unsuited to lead the party. Leaders, too, are toying the same line because they cannot be seen to be publically writing him off. But Rahul does not seem to connect with the masses. If the Congress cannot really look beyond the family, why not persuade Priyanka Gandhi to step in? But who will bell the cat?

# Waiting for Godot, as usual

The military justice system is in jeopardy and is only surviving due to the efforts of the SC and serving members in the Armed Forces Tribunal

DEEPAK SINHA

It is no secret that what differentiates us from countries like Pakistan is our commitment to the rule of law. However bruised or battered our justice system may be, it still continues to be trusted and it delivers, albeit rather slowly. This, however, does not hold true for the health of the military justice system, which has been in serious jeopardy for the last three years or so. That it continues to survive on the respirator and provide justice is only because of the extraordinary efforts of the Supreme Court and serving members in the Armed Forces Tribunal (AFT). This state of affairs can directly be attributed to the shenanigans of senior bureaucrats in the Defence Ministry and the Prime Minister's Office, who were caught out when they first attempted to subvert the independence and functioning of the AFT by way of enacting new rules through a Gazette Notification issued under the Finance Act, 2017. In this, they changed the selection criteria and procedures for the appointment of the chairperson and members, especially with regard to that of the administrative members. Whether this was done with the tacit approval of their political bosses, is moot.

Since the role of administrative members is to advise the judicial members on aspects of military law, ethos, customs and functioning, only military veterans meeting a specific criterion could be considered for appointment, as per the Armed Forces Tribunal Act, 2007. However, the Finance Act, 2017 opened this up to "a person of ability, integrity and standing having special knowledge of and professional experience of not less than twenty years in, economics, business, commerce, law, finance, accountancy, industry, public affairs, administration or in any other matter useful to the Armed Forces Tribunal."

How anybody without the requisite expertise or domain knowledge could be useful in advising on matters military was not elucidated. However, it is not difficult to reach the conclusion that the intent was to provide further avenues for post-retirement sinecures for worthy members of our civilian bureaucracy. That apart, by attempting to tighten its hold on the selection process for the chairperson and members, the Government had unambiguously made clear that it expected those aspiring to be appointed to the AFT to follow its diktats. Obviously, if these amended rules were accepted, then the AFT would represent sheer tokenism of the worst kind as it would be a complete travesty of natural justice and go against the very concept of rule of law.

However, fortunately these reprehensible efforts were nullified when the Supreme Court initially stayed the matter and then subsequently struck it down on the grounds that "they were contrary to the parent Act and principles enshrined in the Constitution" (Rojer Mathews vs South Indian Bank Ltd and Others). The court further pointed serious anomalies in the rules and directed the Government to reframe them. In the ensuing stand-off between the apex court and the Government, serving personnel and veterans alike became victims of bureaucratic apathy and bloody-mindedness.

In a show of extreme vindictiveness and an utter lack of empathy for the military community, and with complete disregard for their actions on morale, the bureaucracy did what it does best, refused to move files, thereby ensuring vacant posts could not be filled. From a time when 17 Benches were functional (each Bench has one judicial and one administrative member) across the country, we are now down to two regular Benches in Delhi and one ad hoc roving Bench that moves from city to city in an attempt to try and provide some semblance of justice. The obvious implication is that the wait for justice just became even longer, with over 16,000 cases pending. If the stalemate continues, as it looks to, the situation will only get worse as administrative members complete their tenure around July, unless of course the apex court extends their terms, as it has done for the two judicial members.

That this Government has no intentions of changing course over the matter, despite all that has occurred, has been clearly brought by the issue of a new Gazette Notification in February under the Finance Act, 2017. The new rules notified therein are only marginally different with regard to selection criterion of the chairperson and judicial members but have made no attempt to change the previously-rejected selection criteria with regard to administrative members. Clearly this action on the part of the Government is not only completely brazen but also appears to be in contempt of the Supreme Court, if its directions were to be viewed in the spirit of the law. As to whether the court itself will view this matter seriously, only time will tell. However, one can be certain that there are bound to be a spate of writ petitions filed against this outrage. This implies we are back on the merry-go-round or maybe just as in Samuel Beckett's play of the same name we will continue "waiting for Godot." What a shame.

# Reduce the income gap

The solution doesn't lie in more sops, fiscal incentives and so on. There is need for change in the way our industrialists do business and netas and babus conduct themselves

UTTAM GUPTA

Successive Governments have remained obsessed with accelerating economic growth without caring about how it impacts income distribution, forget any attempt to internalise this crucial aspect in development strategies. They believe that the fruits of growth will automatically percolate to the lowest strata of society. Nothing could be farther from the truth. This is evident from a piece of research, *Time to Care*, released by rights group Oxfam ahead of the 50th Annual Meeting of the World Economic Forum (WEF) held in Davos (Switzerland) from January 21-24. According to the study, India's richest one per cent hold more than four-times the wealth held by the 953 million people who make up the bottom 70 per cent of the country's population. Further, the combined total wealth of 63 Indian billionaires is higher than the total Union Budget of the country for the fiscal year 2018-19.

At the global level, too, the report (for calculations, it draws upon latest data sources available, including the Credit Suisse Research Institute's *Global Wealth Databook, 2019* and *Forbes' 2019 Billionaires List*) brings out glaring inequalities in the distribution of wealth. The world's 2,153 billionaires have more wealth than the 4.6 billion people who make up 60 per cent of the planet's population. The 22 richest men in the world have more wealth than all the women in Africa. The report notes, "global inequality is shockingly entrenched even as the number of billionaires has doubled in the last decade".

The Governments world over are fully aware of these glaring inequalities as well as their consequences. For instance, the WEF's annual *Global Risks Report (GRR)* — which was thoroughly discussed during the brainstorming sessions at Davos — observes, "inequality underlies recent social unrest in almost every continent, although it may be sparked by different tipping points such as corruption, constitutional breaches or the rise in prices for basic goods and services". It also warned, "the downward pressure on the global economy from macroeconomic fragilities and financial inequality continued to intensify in 2019".

They also routinely pledge to address these inequalities and come out with lofty declarations at multilateral platforms, including those under the auspices of the United Nations to bridge the gap between the rich and the poor, including by use of what the *GRR* terms as "deliberate inequality-busting policies." Yet, when it comes to action on ground zero, there is acute lack of political will on the part of Governments and other stakeholders; hence, the business as usual scenario and ever-increasing inequities.

Fundamentally, inequalities are intrinsic to the way businesses are planned and orchestrated. It all starts with the Government offering a policy environment in which investors are offered an opportunity to earn an attractive rate of return on investment. What that attractive rate should be is not normally defined (though in certain sectors like power, it guarantees a minimum return); so any level, however high, can fall within the scope of "attractiveness." A vast majority of the businesses pursue the famous adage "profit maximisation" to the hilt. They distribute their expenses in such a manner that the least amount is given to the labour and the bulk of it comes back to the owner (or promoter) as "retained earnings." The owners/promoters also

“EVEN AS THE GOVERNMENT SHUFFLES POLICY CHOICES TO ATTUNE THEM FOR CREATING MORE JOBS AND INCREASE INCOME (BY PROMOTING LABOUR-INTENSIVE SECTORS SUCH AS TEXTILES, APPARELS, FOOD SERVICE, HOSPITALITY AND SO ON), UNLESS THE STAKEHOLDERS CHANGE THEIR MINDSET TOWARDS THE MAJORITY WHO ARE NOT SO PRIVILEGED, INEQUALITIES WILL CONTINUE TO HAUNT AND AS POINTED OUT IN THE GRR, EVEN GROWTH WILL REMAIN VULNERABLE TO THE DEEP DIVIDE BETWEEN THE RICH AND THE POOR”

leave no stone unturned in ensuring that their tax liability is kept at a bare minimum (for this, they retain the best talent viz. chartered accountants and other financial wizards, paying them extraordinarily high salaries). Big businesses also enjoy pricing power. For instance, those operating in metals such as copper, zinc or in hydrocarbon viz. oil and gas enjoy natural monopoly. Leveraging this, they charge high prices, making windfall gains even as consumers suffer erosion in purchasing power. This also applies to banks who enjoy margins of three-four per cent (difference between the average interest earning and the average cost of funds) yielding mammoth profit. Furthermore, there are companies in the IT (information technology) and IT-enabled sector which use their intellectual prowess to post huge profits year-after-year.

Then, there are enterprises in the chemical, petrochemicals and agro-chemicals sectors who have hugely benefitted from a protective policy environment, with high tariff on imports as well as licensing and registration requirements. These companies make money at the expense of millions of consumers, including farmers (for instance, they have to pay a high price for "new" crop protection solutions for which domestic substitutes are not available).

The micro, small and medium enterprises (MSMEs) may not be so well positioned vis-a-vis large enterprises but ape the latter when it comes to distributing the proceeds of wealth generation. Their owners spend the least on payment to workers thereby boosting their retained earnings. They, too, get tax bonanza from the Government in a variety of ways (for instance, special package under composition scheme of Goods and Services Tax as well as income tax). They may not find a place in the billionaires' club but definitely earn the multi-millionaire tag.

Then, there is the trader class, particularly entities dealing in farm com-

modities. They buy products from farmers at a throwaway price — the minimum support price (MSP) notified by the Government remains mostly on paper as its agencies don't have the wherewithal to procure their produce — and sell to the consumer at a high price. Irrespective of whether there is surplus or deficit, Indian markets are so orchestrated that only traders emerge as the real beneficiaries at the expense of farmers at one end and consumers at the other.

There is yet another class of rich who are an offshoot of corruption in governance systems. This includes corrupt bureaucrats, politicians (besides dubious businessmen) who amass wealth disproportionate to their known sources of income by siphoning off funds from welfare schemes and diversion of funds borrowed from public sector banks to personal accounts or shell companies of which they are the ultimate beneficiaries.

How does the Government address income inequalities? Typically, this takes the form of giving relief to the poor by providing State assistance in cash or kind. For instance, under the PM-KISAN, the Government gives ₹6,000 per annum to each of the 145 million farmers in the country in three installments of ₹2,000 each. As for help in kind, it provides Mid-Day Meals to schoolchildren or free medical services to Economically Weaker Sections in hospitals.

There are umpteen instances of such assistance — both by the Centre and States — entailing a mountain of burden on the public exchequer. All of this goes only to help millions barely survive even as a good slice of this is siphoned off (the malice continues in substantial measure despite the Government's efforts to prevent it, using the direct benefit transfer mechanism). However, it does nothing to augment their productive capacity and prepare them for getting jobs. Even where funds are given for empowering

and increasing the income earning capacity (for instance, availability of credit at concessional rate of interest to farmers and others engaged in petty occupations, supply of agricultural inputs such as fertilisers at subsidised rate, free electricity to farmers and so on), much of the promised help either does not reach or is cornered mostly by better-off farmers. Even those who gain from these support measures are at the receiving end when it comes to interface with traders for selling their produce.

Quite clearly, despite mammoth sums spent on welfare of the poor or "empowering" them, income inequalities increase even during periods of rapid economic growth. Even when, growth decelerates (for instance, during the current year when it declined to an 11-year-low of five per cent), then also the inequalities persist as the poor lose much more than the loss experienced by the rich.

The solution doesn't lie in more sops, concessional credit, fiscal incentives and so on. There is need for a fundamental change in the way our industrialists do business and politicians and bureaucrats conduct themselves. While, the former need to shed their overzealousness for profits, charge less from consumers, distribute more to workers and pay more taxes, the latter must ensure that every rupee is spent for the welfare and empowerment of the poor.

Even as the Government shuffles policy choices to attune them for creating more jobs and increase income (by promoting labour-intensive sectors such as textiles, apparels, food service, hospitality and so on), unless the stakeholders change their mindset towards the majority who are not so privileged, inequalities will continue to haunt and as pointed out in the *GRR*, even growth will remain vulnerable to the deep divide between the rich and the poor.

# Keep the momentum going to eliminate malaria

The challenges for the mammoth task — private sector partnership, increased domestic funding, surveillance mechanism, impact on the vulnerable population — need to be addressed. Till then there's no room for complacency

SANTANU MISHRA

Malaria, is known as the "disease of poverty" as it often hits those who have the least access to healthcare. Statistics show that 80 per cent of cases occur among 20 per cent of the country's population, mostly communities living in remote areas. For India, malaria has been a tricky foe with varying outcomes over the decades. It has achieved great strides in curbing the disease every time the Government has increased intensification and on the ground implementation of eradication programmes. The reverse is also true. Malaria was nearly eliminated in

the early 1960s but it soon re-emerged as a major public health problem. Early setbacks in its eradication coincided with DDT shortages and in the late '60s malaria cases in urban areas started to multiply. In the '70s its resurgence was a result of technical, financial and operational problems. As a result, in 1976, a whopping 6.45 million cases were recorded which led to the discontinuation of eradication efforts. In order to control the massive upsurge, the Modified Plan of Operation was launched in 1977 which brought the situation under control for five-six years. Malaria cases fell to 2.18 million in 1984 and climbed back to three million in 1995, with substantial mortality reported. However, since 2000, India has reduced the number of cases by more than half and the number of deaths by more than two-thirds. In the WHO's *World Malaria Report 2019*, India was lauded for strengthening its fight against the disease. These concerted efforts need to be sustained, reinvented and amplified if we are

going to end malaria by 2030. **Challenges ahead:** In 2015, Prime Minister Narendra Modi declared the country's commitment to eliminating the disease by 2030. Soon after, in 2016, India introduced its National Strategic Plan for Malaria Elimination and took several measures to end the malady. But the biggest challenge remains as India's true burden of malaria is unknown. To understand and map malaria cases and fatalities, India solely relies on data from Government hospitals. This highlights a big gap in the realities of its malaria burden when approximately 70 per cent of urban and 63 per cent of rural households use the private sector to seek medical care. In some States malaria has been declared a notifiable disease, this means that private sector establishments have to adhere to Government guidelines, use recommended anti-malarial drugs and report cases to the authorities. However, it is yet to be declared a notifiable disease for many States, which amplifies the gap in mapping the over-

all malaria burden. Several concrete steps are needed to win this fight. **Disease mapping:** We must take along the private sector to ensure a collaborative surveillance method to obtain malaria's exact burden. For this we need to foster a healthy partnership between the private and public sector for mapping the disease in a holistic manner. If such a mechanism for gathering data is implemented and the true burden is identified, then India will be well-placed to end the disease. **Effective partnerships:** Collaboration between various stakeholders is the key to success. To cite an example, an NGO, Malaria No More, launched a Malaria Action Coalition (MAC) in September 2019. The MAC acts as a multi-sectoral coordination platform, chaired by the malarial State of Odisha, with representation from non-Government technical, research and implementation agencies as well as the private sector, donors, investors and media partners to support the National Vector Borne Disease Control

Programme. **Creating awareness:** Creating awareness has been one of the major catalysts to reduce, if not completely eliminate, a disease. Advocacy, awareness and on-ground programmes go hand in hand and the public and private sector have an equal role in it. To reduce the burden of malaria it is important to empower communities by educating them. An individual has to first learn to recognise and then prevent the disease. To further this effort, it is important that the individual spread information on malaria in his/her area. This empowerment will only come with education and self-awareness. **Government's commitments:** Modi and the Health Minister have echoed India's seriousness to end malaria by 2030 on national and international platforms, including during last year's Commonwealth Heads of Government Meeting, when 52 leaders committed to halve malaria by 2023. With more Government

funding still needed, the Central Government nearly trebled the outlay for the National Vector Borne Disease Control Programme (NVBDCP) over the last two years. Ensuring adequate investment in malaria is imperative to achieving India's elimination goals. Implementing the Five Year Plan for malaria elimination shall require ₹10,653.16 crore. While the Government has increased its funding for the NVBDCP, the Central Government-allocated funds for it get divided for disease control programmes/interventions for six diseases, malaria, dengue, chikungunya, kala-azar, lymphatic filariasis and Japanese encephalitis, creating a paucity of resources. This makes private sector contributions extremely critical to bolster the Government's efforts but there is a lack of funding from it. However, sustained focus and increased funding are crucial to boost the fight against malaria. Its elimination in India is important from a glob-

al and regional perspective because the country has the highest malaria burden outside sub-Saharan Africa. Some 1.26 billion Indians are at risk of malaria and the country shares its borders with several nations aiming for malaria elimination, including Bhutan, Bangladesh and Nepal. Sri Lanka, which eliminated malaria in 2016, is separated by only a small stretch of sea, with frequent air travel occurring between the two neighbours. India also shares borders with Myanmar where a drug-resistant malaria parasite has been reported. Successful malaria control in India will enhance elimination efforts across the region and the world. The challenges for the mammoth task — private sector partnership, increased domestic funding, surveillance mechanism, impact on the vulnerable population — need to be addressed. Till then there's no room for complacency. (The writer is Co-Founder, Smile Foundation)

TRUMP'S INDIAN TOUR

# Trump praises India's unity in diversity

# US Prez hails 'genius' of Bollywood, remembers 'DDLJ' and 'Sholay'

# At cricket arena 'man of match' President Trump strikes chord with crowd

**Ahmedabad:** The renovated Motera stadium here is yet to host its first cricket match but on Monday the sprawling facility became the site of a public spectacle where US President Donald Trump showered encomiums on India and Prime Minister Narendra Modi amid a rather delirious crowd.

The jam-packed arena, also known as Sardar Patel Stadium, frequently broke into applause as people displayed enthusiasm for the first visit by any US president to the home State of Modi.

Trumps praise for India, his denouncing of the menace of terrorism and his try at Hindi during his over 25-minute-long speech was well received by people and punctuated by constant clapping by the nearly 1.25 lakh-strong crowd.

People were pleased when Trump praised Modi, remembering his humble background as a "chaiwala" (tea seller) and his inspiring journey to the office of Prime Minister.

Though Modi and Trump's address for 'Namaste Trump' event was scheduled to start after 1.30 pm, people from across Gujarat started arriving at the world's biggest cricket stadium since 8 am.

Though placards and flags were not allowed to be taken inside the stadium located in the Motera area, people were seen wearing masks of Trump and Modi.

There was a continuous stream of people towards the stadium since the morning as parking areas for vehicles was kept some distance away from the stadium. **PTI**

**Ahmedabad:** India embraces freedom, liberty, individual rights and the rule of law, and is admired around the globe as people of different religions worship side by side in harmony, US President Donald Trump said on Monday, lauding the country's accomplishments during his maiden State visit here.

He noted that India has an incredible potential and Prime Minister Narendra Modi is laying the foundations of its future. Hailing India's diversity, the US President said its unity is an inspiration to the world as it is known for its democracy, tolerance and peace.

"India is a country that proudly embraces freedom, liberty, individual rights, the rule of law, and the dignity of every human being. Your nation has always been admired around the earth as the place where millions upon millions of Hindus and Muslims, Sikhs and Jains, Buddhists, Christians, and Jews worship side by side in harmony," he said while addressing a packed Motera stadium at the 'Namaste Trump' event here.

"The story of the Indian nation is a tale of astounding progress, a miracle of democracy, extraordinary diversity, and above all, strong and noble people.

"India gives hope to all of humanity. In just 70 years, India became an economic giant, the largest democracy ever to exist and one of the most amazing Asians anywhere in the world," Trump said.

The potential for India is absolutely incredible, he said while noting that India's rise as a prosperous and independent nation is an example for every nation all over the world and one of the outstanding achievements of the century. It is inspiring because India has achieved all this as a democratic, peaceful and tolerant country, he said. **PTI**

**Ahmedabad:** Using Bollywood to strike a chord with movie-loving Indians, US President Donald Trump on Monday hailed the 'genius' of the Hindi film industry and recalled two all-time favourites, 'Sholay' and 'Dilwale Dulhania Le Jayenge' (DDLJ).

Addressing the 'Namaste Trump' event at the Motera Stadium here, the US president said people 'take great joy' in watching Bollywood films and understanding Indian culture through them.

"This is the country that produces nearly 2,000 movies a year from the hub of genius and creativity known as Bollywood," he told the gathering of about 100,000 people packed into the stadium.

"All over the planet people take great joy in scenes of bhanga, music and dance, romance and drama, and classic Indian films like 'DDLJ' and 'Sholay'," Trump said, referring to two of the biggest hits in Bollywood history.

While the 1975 multi-starrer 'Sholay', labelled a 'curry western' by many, is an action-adventure film that has stood the test of time, the 1995 Shah Rukh Khan-Kajol-led 'DDLJ' is an out and out romance.

'Sholay' director Ramesh Sippy said he was delighted that Trump included the film as a creative piece from India in his speech. "I feel overwhelmed, humbled that the US president felt this way. I am delighted that 'Sholay' is included in his speech as a creative piece from India. I am thankful to him for having mentioned 'Sholay' after 45 years of the film," Sippy told PTI. Yash Raj Films, the makers of 'DDLJ', posted on Twitter, "DDLJ trumps!" This is not the first effort by the US president to use popular culture to reach out to Indians. Ahead of his maiden visit to India, Trump shared a video in which his face was superimposed on the hit movie-character Baahubali.

## Trump, wife try spinning charkha at Sabarmati Ashram

**Ahmedabad:** US President Donald Trump and His wife Melania on Monday tried their hands at spinning the 'charkha' (spinning wheel) at the Sabarmati Ashram here. Accompanied by PM Narendra Modi, the US president and his wife went around the Ashram, before resuming the roadshow from the airport to the Motera stadium.

"To my great friend Prime Minister Narendra Modi, thank you for this wonderful visit," Trump wrote in the Ashram visitors' book.

## Thousands line up to greet Trump, Modi

**Ahmedabad:** Waving Indian and US flags and shouting slogans, thousands of people lined up the 22-km-long roadshow route US President Donald Trump and his wife Melania took to reach Motera stadium for the 'Namaste Trump' event.

Many people, including students, from Ahmedabad and different parts of Gujarat arrived here since morning for the spectacle of the 'India Road Show' as troupes showed cultural performances.

Many were left disappointed after being refused entry to the Motera stadium for want of passes. But they took solace in standing along the

road to catch a glimpse of the leaders.

Authorities had earlier said over one lakh people were expected to line up along the roadshow route.

Artistes from almost all

odd stages and greeted the VVIPs when they passed from the route. Govindbhai Patel and eight members of his village in Sabarkantha district, around 70 km from here, reached Ahmedabad early morning and stood in a queue along the Sabarmati riverfront and waited for the convoy to arrive.

Modi's convoy arrived first at the Sabarmati Ashram, followed by that of Donald Trump, with the US President and his wife sitting in the Cadillac armoured limousine, called The Beast.

From the Ashram the convoy then proceeded to Motera stadium. **PTI**

## Twitterati surprised over Trump not writing Gandhi in visitors' book

**Ahmedabad:** A lot of eyebrows were raised on Twitter and many people expressed surprise as US President Donald Trump left a message in the visitors' book at Sabarmati Ashram without any mention of Mahatma Gandhi.

In the book, Trump wrote, "To my great friend Prime Minister Narendra Modi, thank you for this wonderful visit."

Trump, who reached Ahmedabad on Monday for the first leg of his India tour, visited the Ashram along with wife Melania minutes after he landed here. After noticing no mention of Mahatma Gandhi in the message by Trump, netizens took to Twitter, comparing his note with that of former US President Barack Obama.

When Obama visited the Mani Bhawan - where Gandhi used to stay while in Mumbai - in south Mumbai in 2010, his note in the visitors' book read: "I am filled with hope and inspiration as I have the privilege to view this testament to Gandhi's life. He is a hero not just to India but to the world."

Five years later, in January 2015, after visiting the Raj Ghat in Delhi, Obama wrote, "What Dr Martin Luther King Jr said then remains true today. The spirit of Gandhi is very much alive in India today. And it remains a great gift to the world. May we always live in the spirit of love and peace among all people and nations."

Congress leader Manish Tewari posted an image of Trump's remarks in the Ashram visitors' book, saying "This is a snapshot of the note that someone sent. It ostensibly is @realDonaldTrump's note at Sabarmati. No mention of the Great Mahatma. Does he even know who Mohandas Karamchand Gandhi was?" **PTI**

5-ACRE AYODHYA SITE

# Waqf to build hospital, library besides mosque

**Lucknow:** The Uttar Pradesh Sunni Central Waqf Board on Monday said it will build a mosque as well as an Indo-Islamic research centre, a hospital and a library on the five-acre plot allotted to it following the Supreme Court's Ayodhya verdict.

The decision to accept the land was taken at a board meeting here. "It has been decided at a meeting of the board to take the five-acre land given to us by the UP Government," board chairman Zulfar Farooqui told reporters.

He said the board will set up a trust soon for the construction of the mosque.

"Besides the mosque, there will be an Indo-Islamic research centre, a public library, a charitable hospital and other useful facilities on the land", he said.

"The size of the mosque will be decided keeping in

mind local needs," he said.

In a historic verdict in November on the Ramjanmabhoomi-Babri Masjid dispute, the Supreme Court ruled in favour of construction of a temple. It also ruled that an alternative five-acre plot must be found for a mosque within Ayodhya.

In 1992, the 16th century Babri mosque that stood on the disputed site in Ayodhya was demolished by "karsevaks", claiming that originally there was a Ram temple at the same spot. Soon after last year's verdict on the Ayodhya land dispute, there were suggestions that the Sunni board should not accept the plot.

There were also suggestions that instead of a mosque to replace the demolished Babri Masjid, the Muslim community should build a public facility like a hospital there.

The Sunni Waqf Board,

however, made it clear that rejecting the site was not an option.

"Following the Supreme Court verdict, the Sunni Waqf Board does not have the choice of rejecting the five-acre alternative land for the construction of a mosque in Ayodhya as it would amount to contempt of court," Farooqui had said earlier.

Besides Farooqui, there are seven other members on the Sunni Waqf Board. Based on the SC verdict, the Centre had asked the Uttar Pradesh government to allot five acres of land to the Sunni Waqf Board. The UP cabinet made the allotment after its meeting of February 5.

The allotment letter is for a plot at Dhannipur village in Ayodhya's Sohawal area, on the Ayodhya-Lucknow highway about 20 km from the district headquarters. **PTI**

## TRUMP'S VISIT

# Govt busy when Delhi burning and Kashmiris deprived of rights: Iltija

**Srinagar:** PDP chief Mehbooba Mufti's daughter Iltija Mufti on Monday said the Government was busy with the visit of US President Donald Trump to India, while Delhi was 'burning' and 8 million Kashmiris deprived of their fundamental rights.

She said the legacy of Mahatma Gandhi is remembered only during visits by foreign dignitaries to Sabarmati Ashram.

'Hi Tea' & Namaste Trump while Delhi burns & 8 million Kashmiris remain deprived of fundamental rights. Gandhi ji's legacy remembered only at perfunctory visits to Sabarmati ashram by foreign dignitaries. His values long forgotten," Iltija tweeted.

Iltija has been tweeting from her mother's Twitter handle after the PDP president was taken into custody on August 5 last year following abrogation

of Article 370.

US President Donald Trump landed at Ahmedabad in Gujarat on Monday for his first visit to India to a grand welcome by Prime Minister Narendra Modi and thousands of people who lined the streets and packed into the Motera stadium there to say 'Namaste Trump'.

The first stop in the Trump visit was the Sabarmati Ashram, home to Mahatma Gandhi between 1917 and 1930 during India's freedom struggle. From Ahmedabad, the Trumps will travel to Agra and then on to New Delhi on Monday evening.

Meanwhile, a Delhi Police head constable was killed and a deputy commissioner of police injured as clashes over the amended citizenship law broke out in northeast Delhi's Jaffrabad and Maujpur on Monday. **PTI**

# Sidda to BJP: Host event at Kashmir to prove normalcy

**Bengaluru:** Raising questions about the Situation in Kashmir, senior Congress leader and former Karnataka Chief Minister Siddaramaiah on Monday asked the BJP heading the Union Government to prove 'normalcy' by hosting US President Donald Trump's event in the valley.

If @BJP4India feels Kashmir has returned to Normalcy, & If @BJP4India feels that there is no govt orchestrated violence. Now is the time to prove the same by hosting @realDonaldTrump's event at Kashmir, Siddaramaiah tweeted.

Amid concerns raised by Opposition parties, the Government has said efforts have been made to restore normalcy in Jammu & Kashmir which faced months of restrictions after its special status under Article 370 was scrapped

in August last year.

Siddaramaiah, who is Leader of Opposition in Karnataka Assembly, in another tweet hit out at Prime Minister Narendra Modi on the long wall built near the airport in Ahmedabad allegedly to block view of a slum, ahead of Trumps visit. It is time for @realDonaldTrump to get inspired from @narendramodi. Inspiration to build decorative walls to hide not so decorative life!! he tweeted.

The Opposition Congress in Gujarat had accused the BJP—ruled civic body in Ahmedabad of building the 500-metre long wall to block view of a slum colony.

Refuting the allegations, AMC officials had said the construction of the wall, around four feet in height, was approved much before Trump's Gujarat visit was finalised. **PTI**

# Visit won't make an iota of difference to Indians: Sena

**Mumbai:** Panning Donald Trump's visit to India, the Shiv Sena on Monday said the 36-hour-long sojourn of the US president in the country won't make 'an iota of difference' in the lives of poor and middle-class Indians.

While leaving for India, Trump has said he is going to discuss business with Prime Minister Narendra Modi, which makes it clear that his trip is aimed at boosting US trade, the Sena said.

"There won't be an iota of difference in the lives of the poor and middle-class people in India due to Trump's visit. Then where is the question of people being appreciative or enthusiastic of his tour," an editorial in Sena mouthpiece Saamana said.

"If there is any eagerness about Trump's visit, it may be in Ahmedabad, where he lands first," the Sena said. **PTI**

# Maha gives first list of farm loan waiver beneficiaries

**TN RAGHUNATHA ■ MUMBAI**

As part of its first list of beneficiaries in the much-discussed farm loan waiver scheme released by it, the Shiv Sena-led Maha Vikas Aghadi (MVA) Government on Monday wrote off the loans of 15,358 farmers from 68 villages from across the State.

The 15,358 farmers, whose names figured in the first list of loan waiver beneficiaries, are among the 34,83,908 farmers who have been identified as the total number of beneficiaries in the "Mahatma Jyotirao Phule Karj mukti Yojana".

While releasing the first list of beneficiaries in the loan waiver scheme, Maharashtra Chief Minister Uddhav Thackeray and deputy chief minister Ajit Pawar interacted with some of the farmer-beneficiaries from Parbani, Ahmednagar and Amravati

districts of the state through video-conferencing from Mumbai.

The Chief Minister and his deputy interacted with loan waiver beneficiary-farmers from three districts on the first day of the budget session of the Maharashtra Legislature which got underway on Monday.

The names of farmers from 68 villages in the districts of Parbhani, Ahmednagar and Amravati districts, in the first list of loan waiver beneficiaries. "Once the process of loan waiver is completed, the farmers concerned release will be issued debt-free certificates. The loan waiver has started at the district level," a senior Government official said.

"We have collated the names of 34,83,908 farmer-beneficiaries in a span of 35 days. During the past 15 days, we have audited the details of

loans taken by the farmers. We will implement the loan waiver scheme in a computerised system," Uddhav said.

"We are not doing any favour to the farmers by implementing the loan waiver scheme. In reality, you can use in the Government as beneficiaries because receiving the blessings of farmers through the implementation of loan waiver scheme.

The loans that are being waived as part of the "Mahatma Jyotirao Phule Karj Mukti Yojana" range from ₹5,000 to ₹2 lakh per farmers.

Like Uddhav himself said on Sunday, the Maharashtra government plans to complete the entire loan waiver scheme in the next three scheme.

It is not clear yet as to how different is the "Mahatma Jyotirao Phule Karj Mukti Yojana" from the "Chhatrapati Shivaji Maharaj Krishi

Samman Yojana" announced by the BJP-led saffron alliance government in June 2017.

Under the ₹34,022 crore "Chhatrapati Shivaji Maharaj Krishi Samman Yojana" announced by the previous Devendra Fadnavis Government, there were beneficiaries was 89 lakh farmers.

The Devendra Fadnavis had said then that of the total identified beneficiaries, 40 lakh farmers were expected to become totally debt-free. Of the total beneficiaries under the scheme, a total 36.10 lakh farmers were eligible for a financial assistance of Rs 1.50 lakh each to clear their piled up loans.

It is not known yet if the previous BJP-led saffron alliance government and if yes, how many farmers had been benefited from the Devendra Fadnavis dispensation's loan waiver scheme.

# Unlike Delhi, Bengal BJP to focus on governance

**SAUGAR SENGUPTA ■ KOLKATA**

Learning bitter lessons from Delhi Assembly elections, the Bengal BJP will desist from making hate speeches in the run up to the Statewide municipal elections, party insiders say.

Though the party will not jettison polarization as its political mainstay it will try to focus on good governance, sources said. Most of the schemes brought in by the central Government during the last six years or so will be highlighted in the elections they said.

Apart from this the party will also bank on the good governance it provided in the municipalities run by it other states. Civic elections are likely to take place sometime in the month of April-May.

Register for Citizens or even National Population Register a senior State committee leader said "municipal elections are fought on the basis of civic amenities being provided or promised to be provided. Though the CAA is the part of a larger issue the party will like to stick to development as its main plank."

That the party has not been in power in the State and in most of the municipalities and corporations will work in its favour as "our not being in power in municipal boards will rob the Trinamool Congress of the stick to beat us on the issue

of non-performance whereas we will be able to highlight the common people's bitter experience during TMC's rule," another party leader said adding however that the party workers will not however be stopped from using CAA in whisper campaigns.

"Where CAA is not required we will not raise it but where it is required we will definitely raise it even during campaigns," said another leader adding "there are many municipalities where Bangladeshi refugees are in great numbers and they identify themselves with the CAA-NRC cause. In such places we will definitely raise this issue."

Again there are some other places where infiltration is a problem and the people have been suffering due to the infiltrators, "in such cases too we will use CAA and NRC," he maintained adding however that in general the party will desist from strongly worded campaigns.

# 20-KM anti-CAA march organised in Buldhana

**TN RAGHUNATHA ■ MUMBAI**

In perhaps the first of its kind protest staged against Citizens Amendment Act (CAA) in the country, thousands of people on Monday took out a 20 km-morcha against CAA in Buldhana district in Maharashtra's Vidarbha region.

The protesters walked a distance of 20 km from the taluka town of Motala to Buldhana, the district headquarters. The citizens, who participated in the morcha were from groups based in Waghjal and Rajur in Motala, landed at Buldhana's Shaheen Bagh.

Later on, a delegation of citizens

who participated in the morcha, handed over a memorandum to the Buldhana district collector. In their memorandum, the protesting citizens said that CAA posed a threat to the very tents of the Constitution and it needed to be annulled forthwith. "In India where people from religions and castes live together, CAA pits people from one section of people against the other.

Speakers at the rally said that there was nothing wrong in according Indian citizenship to persecuted people in other countries, but CAA should not cause any harm to the Indian citizens

# Pak-made bullets traced in Kerala, probe on

**KUMAR CHELLAPPAN ■ CHENNAI**

Sleuths of the Anti-Terrorism Squad (ATS) of the Kerala Police and National Investigation Agency are probing how Pakistan made bullets reached the Kulathupuzha Forest region in Kollam district. A bunch of bullets with seals of Pakistan Ordnance Factory were found by locals in Kulathupuzha on Saturday and they quickly alerted the local police.

The initial probe by the local police confirmed that the bullets were live and were from Pakistan.

Ballistic experts who rushed to the region found that the bullets were the ones which are used in long range machine guns. "Though the bullets were manufactured in the 1980s, they are still active and could be used even now," said one of the ballistic experts who examined the bunch of bullets.

A team of officials from the Directorate of Military Intelligence have reached Kollam to join the investigation and find out the routes through which the bullets entered Kerala.

Unconfirmed reports in local media said that three of the bullets found in the bunch had Chinese markings. But officials refused to confirm the news.

Monday morning saw a team of NIA officials sweeping down on some of the areas in Chennai and Salem giving credence to the theory that persons from Tamil Nadu too were involved in the trafficking of bullets. But cops said later in the day that the searches were in connection with the murder of special police inspector Wilson who was killed last month at Kaliyikkavila by alleged Islamic terrorists.

The officials of Kerala Police ruled out the possibilities of the bullets being the same which were missed from the armory of the state police. Kerala had been shaken by the Comptroller and Auditor General's recent report that a number of guns and bullets were found missing from the armory of the Kerala Police in Thiruvananthapuram.

A team of officials led by Tomim Thachankarri, ADGP found that the guns and bullets were accounted for.

Investigating agencies are concerned about the location from where the bullets were found. "Kulathupuzha is a known haven of Islamic extremist organizations like Socialist Democratic Party of India (SDPI) and Popular Front of India (PFI). They have their own hide-outs in the area. Since Kulathupuzha is close to Tamil Nadu border, we are not ruling out the possibility of involvement of inter-State gangs," said a senior police official in the region.

# Sensex tanks 807 pts as virus alarm spreads

PTI ■ MUMBAI

Indian equity benchmark Sensex on Monday plunged about 807 points in line with massive sell-offs in global equities as spike in new coronavirus cases beyond China spooked investors. The 30-share BSE gauge settled at 40,363.23, dropping 806.89 points or 1.96 per cent.

While, the broader NSE Nifty sank 251.45 points or 2.08 per cent to 11,829.40.

All Sensex components ended in the red, with Tata Steel cracking 6.39 per cent, followed by ONGC, Maruti, Titan, ICICI Bank, HDFC and Bharti Airtel.

In a worrying sign for the global economy, the deadly coronavirus is fast spreading beyond China. South Korea went on high alert on Sunday following a sharp jump in coronavirus cases, and Italy and Iran took their own drastic containment steps.

Further, the IMF also warned that the deadly epidemic could put an already fragile global economy recovery at risk. Chinese President Xi Jinping on Sunday said the coronavirus epidemic is the country's "largest public health

emergency". The death toll from the deadly virus climbed to 2,592 in China on Monday.

Seoul stocks ended in deep red after South Korea reported 161 more coronavirus cases on Monday, taking the overall virus cases to 763 and making it the world's largest total outside China.

Bourses in Shanghai, Tokyo and Hong Kong also closed with significant losses.

Stock exchanges in Europe sank in opening trade with Milan's FTSE MIB plunging over 4 per cent after Italy

reported its fourth death from the virus as the number of people contracting the virus continued to mount.

Brent crude oil futures dropped 3.62 per cent to USD 55.84 per barrel.

On the domestic front, investors were eyeing US President Donald Trump's two-day visit to India for further cues on trade front. He reached Ahmedabad earlier in the day.

On the currency front, the Indian rupee depreciated by 21 paise to 71.87 per US dollar (intra-day).

# ₹ drops further by 34p to over 3-month low

PTI ■ MUMBAI

The rupee on Monday fell by 34 paise to close at more than three-month low of 71.98 against the US dollar, tracking heavy selling in domestic equities and strengthening of the American currency in the overseas market.

Forex traders said investor sentiment remained fragile amid concerns over the impact of coronavirus outbreak on global economy.

The death toll due to coronavirus climbed to 2,592 with 150 new fatalities while the total number of confirmed cases increased to over 77,000, Chinese health officials said on Monday.

However, easing crude oil prices supported the local unit and restricted the fall to some extent.

At the interbank foreign exchange market, the local currency opened on a negative note at 71.94. During the day, the domestic currency touched a high of 71.76 and a low of 72.01 and finally settled 34 paise lower at 71.98 against the US currency. This is the lowest closing level since November

13 when the rupee had settled at 72.09.

Financial markets remained closed on Friday on account of 'Mahashivratri'.

Indian stock markets closed with deep losses following a massive sell-offs in global equities as spike in new coronavirus cases beyond China spooked investors.

"In line with other Asian currencies, the rupee declined amid concern over coronavirus outbreak, which is threatening to damage the global economy," said said VK Sharma, Head PCG and Capital Markets Strategy, HDFC Securities.

# \$5 trillion economy too idealistic: Niti Aayog official

PTI ■ KOLKATA

The Government's target of Achieving a \$5 trillion economy by 2024-25 sounds "too idealistic", an Niti Aayog official said on Monday.

The target has been set to raise the bar of India's economic performance, she said.

"For now, the ambitious \$5 trillion economy target is a statement of intent, which sounds too idealistic," said Bindu Dalmia, chairperson of the National Committee on Financial Inclusion — Niti Aayog.

India is "trapped" within a range-bound GDP growth of 5-6 per cent, she said at an MCCI-organised session here.

Dalmia said to get to a \$5 trillion or \$10 trillion economy by 2030 from the current levels of \$2.9 trillion, India needs to grow at 11.5 per cent annually in nominal terms, or 7.5 per cent in real terms over the next 10 years.

In January, Prime Minister Narendra Modi had met economists, private equity and venture capitalists, business leaders and agri experts at NITI Aayog, and called for focused efforts to achieve the target of making India a \$5 trillion economy.

## HIGH LEVEL MEETING BETWEEN ICG & ROPCG HELD

New Delhi: A High Level Meeting (HLM) between the Indian Coast Guard (ICG) and Royal Oman Police Coast Guard (ROPCG) was held at Coast Guard Headquarters in New Delhi on Monday under the provisions of the Memorandum of Understanding (MoU) signed between the two Coast Guard in 2016.

The HLM focused on augmenting the operational level interaction and capacity building in areas of Search and Rescue, Pollution Response and Maritime Law Enforcement. Relations between the two Coast Guards go back a long way with ICG ships calling on ports in Oman for professional interactions since 2005. This meeting and visit is in continuation of the efforts by the Governments of the two countries to enhance cooperation between the two Coast Guards in the field of combating transnational marine crime enhancing National Security.

# Govt asks telcos to submit supporting documents on AGR self-assessment

PTI ■ NEW DELHI

The government has asked telecom companies including Vodafone Idea, Bharti Airtel and Tata Teleservices to submit supporting documents on AGR self-assessment that formed the basis of their statutory dues calculation, according to a DoT source.

The source, who did not wish to be named, said the exercise will help the Department of Telecom (DoT) examine the AGR calculations being made by the telecom

players.

All three telecom companies Bharti Airtel, Vodafone Idea and Tata Teleservices have been asked to provide substantiating documents to support their claims on AGR arithmetic, the DoT official added. However, no deadline has been given to companies to submit the supporting documents.

Once substantiating documents are filed by the companies, the telecom department will initiate random test checks on the AGR calculation in a time-bound manner.

# Nobody wants to kill telecom sector: SBI chief

PTI ■ MUMBAI

With the telecom firms staring at a massive ₹1.47 lakh crore of AGR dues, SBI chairman Rajnish Kumar on Monday said "nobody wants to kill the sector".

The state-owned bank is yet to hear from the government on the issue, he said, when asked if it has sought views from bankers.

"Nobody wants to kill the sector, let me be very clear," Kumar said, when asked about the problems being faced by the telecom industry.

It can be noted that earlier this month, Kumar had said that State Bank of India has a loan outstanding of ₹29,000 crore to the telecom sector and another ₹14,000 crore in bank guarantees, which can get invoked in case of a non-payment of dues by the telcos.

There has been a flurry of meetings in the national capital between senior official of the telecom firms and the government over the past week.

Earlier this month, the Supreme Court has asked the telecom firms to deposit an estimated ₹1.47 lakh crore in past dues for spectrum and licences by March 17.

# DoT seeks ₹7,608 cr from GAIL in dues for FY18

PTI ■ NEW DELHI

The DoT has sought ₹7,608 crore in dues from GAIL India for 2017-18 as the department appeared to be not pressing for immediate payment of ₹1.83 lakh crore in past dues it had previously assessed from the state-owned gas utility.

The Department of Telecommunications (DoT) sent a notice to GAIL soon after the February 14 hearing in the Supreme Court on dues owned by telecom companies such as Bharti Airtel, Vodafone Idea, sources privy to the development said.

The dues now being sought from GAIL include a penalty for late payment, they said.

The Supreme Court's original ruling in October last year led the DoT to demand ₹1.47 lakh crore in unpaid dues on licence fees and spectrum usage charges from telecom companies such as Bharti Airtel and Vodafone Idea.

Its demand related to a 14-year-old dispute regarding the definition of adjusted gross revenue (AGR), which the Supreme Court agreed should include all kinds of income generated by the telcos.

# India at cusp of becoming premier digital society; to be among 3 top world economies, says Ambani

PTI ■ MUMBAI

With mobile networks better or at par with anywhere else in the world, India has an opportunity to become a 'premier digital society', billionaire Mukesh Ambani said on Monday as he saw the country becoming the third world's largest economy within the next decade.

Speaking at a fireside chat with Microsoft CEO Satya Nadella, he said the big change driving this transformation was the deepening of mobile networks which were working at a much faster pace than before.

"I can easily say that the mobile networks in India now are better or at par with anywhere else in the world," he said.

# Bharti Infratel extends deadline for merger with Indus Towers by 2 months

New Delhi: Bharti Infratel on Monday extended the deadline for its merger with Indus Towers by two more months to April 24 but cautioned that final call on scheme implementation will be taken by the board based on assessment of the ongoing AGR-crisis and its impact on customers.

The delay in completion of the deal would come as a blow to Vodafone Idea which has to cough up ₹53,000 crore in statutory dues to the government and was eyeing about ₹5,500 crore from stake sale in Indus Towers.

# Competition Commission orders detailed probe against MakeMyTrip, OYO

PTI ■ NEW DELHI

The Competition Commission on Monday ordered a detailed probe against MakeMyTrip (MMT) and OYO for allegedly indulging in unfair business practices, on a complaint filed by the operator of Treebo Hotels.

This is the second time in less than six months that the fair trade watchdog has called for an investigation against the two entities after finding prima-facie evidence of violation of competition norms.

# Govt extends time till March 6 for bidders to pose queries on AI sale

PTI ■ NEW DELHI

The Government has extended the time till March 6 for bidders to pose additional queries regarding sale of its 100 per cent stake in Air India. The Government has issued the first set of clarification on Air India disinvestment answering queries of interested bidders on the 'confidentiality undertaking' listed out in

the Preliminary Information Memorandum (PIM) issued on January 27.

The last date for submission of written queries on PIM and Share Purchase Agreement (SPA) was originally set at February 11, following which the Department of Investment and Public Asset Management (DIPAM) on February 21 issued a set of 20 clarifications on the queries raised.

# On Indian soil, Trump raps Dems presidential race

**Washington/Agra:** US President Donald Trump, seeking re-election, on Monday criticised the Opposition Democratic Party, some 13,000 kilometres away from America in India, and suggested that Senator Bernie Sanders could be his likely rival in the presidential poll in November.

Trump, who is on a 36-hour visit to India commented on the ongoing Democratic Party nomination race and said, "It could go to the convention, it really could." "They are going to take it away from Crazy Bernie, they are not going to let him win...I actually think he would be tougher than most of the other candidates because he is like me but I have a much bigger base," Trump told reporters as he flew on Air Force One from Ahmedabad to Agra, according to CNN.

Trump's comments on the American political scene came a day after Sanders, 78, comfortably won the crucial Nevada Democratic Caucus, giving a big boost to his campaign for the 2020 White House bid.

Earlier in the day, 73-year-old Trump, a Republican,

tweeted that he has secured a record 95 per cent approval rating in the Republican Party. He also took a dig at Hillary Clinton, the former Secretary of State and his 2016 presidential rival in the 2016 presidential poll on the

win of Sanders in the Nevada Caucus. "Are any Democrat operatives, the DNC, or Crooked Hillary Clinton, blaming Russia, Russia, Russia for the Bernie Sanders win in Nevada," Trump tweeted. **PTI**

## Sanders: Would absolutely use military if needed

**Washington:** Democratic candidate Bernie Sanders has said that if elected president he would "absolutely" use the military if warranted, both to protect US interests and to support its allies.

He also said he would be willing to meet with the North Korean dictator, Kim Jong Un, as President Donald Trump has done. Sanders has emerged with an early lead in the Democratic nominating process, and as a self-declared democratic socialist his foreign and security policies are starting to draw closer scrutiny. But he has denied being a pacifist.

In an interview airing Sunday on CBS's "60 Minutes," the Vermont senator was asked

in what circumstances he, as commander-in-chief, would deploy US military forces. He listed these criteria: "Threats against the American people, to be sure. Threats against our allies. I believe in NATO. "I believe that the United States, everything being equal, should be working with other countries in alliance, not doing it alone." - "We will not sit by"

When the interviewer asked whether he would order military action if Taiwan came under attack from China, Sanders replied: "Yeah. I mean, I think we have got to make it clear to countries around the world that we will not sit by and allow invasions to take place, absolutely." **AFP**

# Wuhan revokes order to partially ease lockdown

**DEATH TOLL: 2,592 TOTAL CASES: 77,150**

**Beijing:** China's coronavirus-hit Wuhan city on Monday revoked its decision to partially lift a month-long lockdown barely three hours after the announcement, a media report said, as the death toll climbed to 2,592, while the number of confirmed cases increased to more than 77,000.

The Wuhan local administration earlier announced that people who are not quarantined and seeking special treatment or stranded in the city can leave in batches. The city of 11 million people was the epicentre of the coronavirus outbreak.

China locked down Wuhan city on January 23, followed by the entire Hubei province with over 50 million people. Wuhan is the provincial capital of Hubei. Over 18 cities in the province have been sealed.

No residents were allowed to leave the city since then, including several hundred foreigners, mainly students. **PTI**

India has evacuated 647 Indians and seven Malaysians by operating two special flights. India is awaiting permission to airlift over 100 more.

Barely three hours after the notice was issued, the government announced that the decision had been retracted saying

it was issued by a subordinate working group of the city's disease control command without their superiors' approval, Hong Kong-based South China Morning Post reported.

The disease control command said it would reimpose the officials who issued the order without approval.

The evacuation has evoked hope for many as no residents were allowed to leave the city since then, including several hundred foreigners, mainly students. **PTI**

## Afghanistan detects first case: Health Minister

**Kabul:** Afghanistan has detected its first novel coronavirus case, the country's health minister said Monday, involving a patient who had recently travelled to Iran, where 12 people have died from the outbreak.

"I announce the first positive coronavirus (case) in Herat," health minister Firozuddin Feroz told a press conference, calling on citizens to avoid travel to the western province which borders Iran.

Afghan authorities had earlier announced a suspension of suspend air and ground travel to Iran, as fears mount across the region over a jump in new coronavirus infections. **AFP**

## Fifth death in Italy as infections mount

**Casalpusterlengo (Italy):** Italy reported on Monday its fifth death from the new coronavirus, as the number of people contracting the disease continued to mount and officials called for calm. The death of an 88-year-old man was the fourth in the northern Lombardy region, where villages have been put under lockdown and security measures enforced in a bid to stem the spread of the disease. Prime Minister Giuseppe Conte has said that residents could face weeks in lockdown in an effort to sit out the virus. **AFP**

## Iran denies virus coverup and claim of 50 deaths

**Tehran:** Iran's Government vowed on Monday to be transparent after being accused of covering up the deadliest coronavirus outbreak outside China, dismissing claims the toll could be as high as 50.

The authorities in the Islamic republic have come under mounting public pressure since it took days for them to admit to "accidentally" shooting down a Ukrainian airliner last month, killing 176 people.

The Government said on Monday that Iran's coronavirus death toll had jumped by four to 12 - by far the highest outside China - as its neighbours

closed their borders and imposed strict quarantine measures. But Ahmad Amirabadi Farahani, a lawmaker from the holy city of Qom, south of Tehran, alleged the government was "lying" about the full extent of the outbreak.

The ILNA news agency, which is close to reformists, said the lawmaker spoke of "50 deaths" in Qom alone.

"The rest of the media have not published this figure, but we prefer not to censor what concerns the coronavirus because people's lives are in danger," ILNA editor Fatemeh Mahdiani told AFP. **AFP**

## Iraq confirms first case

**Najaf (Iraq):** Iraq on Monday confirmed its first novel coronavirus case in an elderly Iranian national in the southern shrine city of Najaf, according to health officials.

Iraq, a country with a dilapidated healthcare system, often hosts pilgrims and religious students from Iran, where 12 people have died of the novel coronavirus since an outbreak there was first reported last week. Iraq had blocked travel to and from the Islamic republic days before announcing a seminary student in Najaf was the country's first confirmed case. **AFP**

## Oman reports first two cases, halts flights to Iran

**Muscat:** Oman on Monday reported its first two cases of coronavirus, and halted flights to and from Iran with immediate effect, authorities and reports said.

Two Omani women who had returned from Iran were diagnosed with the disease and were in a stable condition, state TV reported.

The civil aviation authority said in a tweet that it was "suspending all civilian flights between the sultanate and the Islamic Republic of Iran starting today and until further notice". **AFP**

# Turmoil in Malaysia as PM Mahathir resigns

**Kuala Lumpur:** Malaysian Prime Minister Mahathir Mohamad resigned on Monday in a shock move after his political allies sought to bring down the government and block the succession of leader-in-waiting Anwar Ibrahim.

It came after months of rising tensions in the "Pact of Hope" coalition, which stormed to a shock victory in 2018 against a corruption-plagued government that had ruled Malaysia for six decades.

But there were calls for Mahathir, the world's oldest leader at 94, to stay in office from allies who insisted he had not backed the formation of a new government and had quit in disgust at the plot.

The political drama began on Sunday when Anwar's rivals from the ruling coalition and opposition politicians held a series of meetings around Kuala Lumpur, stoking speculation a new alliance was taking shape.

That coalition would reportedly have excluded Anwar, Mahathir's presumptive successor and a former opposition icon who was jailed for years on questionable sodomy charges, blocking his ascent to

the premiership. With the fate of the government still uncertain Monday, Mahathir submitted his resignation to the king. The monarch accepted it, but appointed him interim leader until a new premier is found, according to an official statement.

Anwar -- who has famously stormy relationship with Mahathir -- said the premier assured him "he played no part" in attempts to form a new government, and was "very clear that in no way will he ever work with those associated with the past regime".

The proposed new coalition was reportedly set to include the United Malays National Organisation (UMNO) -- the party of disgraced ex-leader Najib Razak, which was ejected from office two years ago.

Anwar and Mahathir put their differences aside and joined forces to take on a corruption-plagued government at the 2018 polls. Mahathir, who previously served as premier from 1981 to 2003, had made a pre-election pledge to hand power to Anwar but has repeatedly refused to fix a date. **AFP**

## UK Labour members vote on leader to replace Corbyn

**London:** Almost 600,000 members of Britain's main opposition Labour party began voting on Monday for a new leader to replace leftist Jeremy Corbyn in the wake of a devastating election defeat.

Three candidates -- all members of parliament -- are on the ballot paper, with the final result due to be announced on April 4.

Brexit spokesman Keir Starmer is currently the frontrunner, viewed as more moderate than his main rival, Corbyn ally and business spokeswoman Rebecca Long-Bailey.

The third candidate, Lisa Nandy, is well-regarded in Westminster but has a low public profile. Corbyn was elected Labour leader in 2015 in a shock result, after a political career spent on the sidelines of a party where few MPs share his staunch socialist views. Now 70, he drew an enthusiastic following among young people but was forced to step down after a second general election defeat in December. Labour suffered its worst result since 1935 while Conservative Prime Minister Boris Johnson triumphed with his promise to get Britain out of the European Union. **AFP**

## Oli's b'day celebrations marred by controversy over cutting of cake with country's map

**Kathmandu:** Nepal Prime Minister KP Sharma Oli's birthday celebrations were marred by controversy after pictures of him cutting a 15-kg-cake with the country's map drawn on it went viral, according to media reports on Monday.

Oli's wife Radhika Shakya, along with a large number of people, including school children, and his close aides attended the 69th birthday celebrations of the premier on Sunday at his birthplace in east Nepal's Terhathum district.

The cake, with a replica of the country's map drawn on it, was taken in a helicopter from Kathmandu to the venue.

In the pictures circulated online, Oli is seen cutting the cake and distributing it to the children present at the occasion, Annapurna Post daily reported.

Social media users expressed anger at the use of the country's map on the cake. "According to Art 151 of Criminal Code 2017, denigrating glory of the national anthem, flag and coat of arms is restricted." The Code prohibits the use of national emblems in inappropriate places and situations. Anyone found to have been involved in such an act can face legal action," said one of the social media users online. **PTI**

# Sri Lanka deploys troops to control worsening traffic

**Colombo:** Sri Lanka will deploy troops to help police control worsening traffic congestion in the capital, the army said on Monday.

President Gotabaya Rajapaksa, a retired army officer, ordered the military to assist traffic officers at the main entry and exit points to Colombo, a city which nearly a million people enter or leave daily, a spokesman said.

The military police will also lend support "in any other area where their services are required", spokesman Chandana Wickremasinghe added.

Traffic slows to a snail's pace in Colombo during the morning and evening rush hours making it one of the slowest road systems in South Asia.

Recent studies have shown average speeds drop below seven kilometres (4.3 miles) an hour in the morning and the evening.

The capital does not have a mass transit system, forcing many to use their own transport that chokes the narrow streets.

But Sri Lanka began work on its first light rail transit system last year at an estimated cost of USD 1.5 billion. The Japanese-funded project is expected to be operational within about five years. **PTI**

# S Africa 'sterilised pregnant HIV patients without consent'

**Johannesburg:** A South African inquiry into the forced sterilisation of dozens of HIV-positive pregnant women said on Monday that their rights had been breached and called for government action.

The investigation was launched in 2015, when two women's rights organisations approached South Africa's Gender Equality Commission (CGE) with 48 documented cases of coerced sterilisation.

CGE obtained sworn affidavits from the complainants on the alleged procedures.

"All the women who had lodged the complaint were black women who were mostly HIV positive," CGE head Keketo Maema said in the report released on Monday.

"Just before giving birth... They were coerced or forced to sign forms that they

later learnt through various means were consent forms allegedly permitting the hospital to sterilise them."

Investigators found that hospital staff threatened to deny women medical attention if they did not sign the paperwork.

Some of the complainants said they were given the forms in moments of "extreme pain" during which they could not fully grasp the content, the report said.

The commission concluded that the women suffered several rights violations and were subjected to "degrading treatment".

It also accused medical staff of breaching their "duty of care".

The report, which has been sent to the health ministry, advises the government to review sterilisation paperwork. **AFP**

# Messi 'greatest' ahead of Maradona: Gattuso

Lionel Messi is the "greatest" footballer of all time, ahead of even Diego Maradona, Napoli coach Gennaro Gattuso said on Monday ahead of his side's Champions League clash with Barcelona.

"Everything and I don't want to compare them. Maradona is sacred."

The 32-year-old Messi scored four goals at the weekend in Barcelona's 5-0 win over Eibar and has now been involved in more than 1,000 goals in his career, scoring 696 and assisting another 306.

But Insigne and Gattuso agreed that their team have to be careful not to focus only on trying to stop Messi.

Gattuso was quick to praise Messi, comparing the Barca star to Napoli legend Maradona.

"We have to be careful with their whole team, because it's not just Messi," said Gattuso.

"He's the greatest and an example for everyone," said Gattuso ahead of the sides' last-16 first leg today.

Napoli are enjoying a recent upturn in form after a dreadful start to the Serie A season which culminated in the sacking of Carlo Ancelotti following a 4-0 win over Genk that sent them into the Champions League knockout stage.

"He never says anything inappropriate. He does things that only exist on the Playstation, unthinkable things."

Last season's Serie A runners-up have won six of their last seven games.

"But I saw him (Maradona) on VHS, or DVD. I never saw him up close, at a stadium."

"Tomorrow (Tuesday), I want a Napoli side that are not afraid," added Gattuso.

"I know the champion he was and I know I missed something wonderful. I regret it. Today I see Messi doing things that Maradona was doing."

"I want to see a team that knows how to battle... You need to stand up to Barcelona — you can't worry."

"I know the champion he was and I know I missed something wonderful. I regret it. Today I see Messi doing things that Maradona was doing."

"I want to see a lively team that plays with joy until the end. Can Napoli win the Champions League? Never say never."

"Messi is the best in the world today," said Insigne. "But for us Neapolitans, Maradona is

It is the first time Napoli have reached the knockout rounds since a last-16 loss to Real Madrid in 2017, while Barcelona are bidding to make the quarter-finals for a 13th consecutive season.

Edinson Cavani scored his 200th Paris Saint-Germain goal and Marquinhos netted twice as the Ligue 1 leaders bounced back from their Champions League defeat by Borussia Dortmund to beat Bordeaux 4-3 on Sunday, but their victory was marred by Neymar's late sending-off.

After losing 2-1 in Germany in their Champions League last 16 first leg in midweek, PSG's defensive weaknesses were again exposed as South Korean international Hwang Ui-jo gave Bordeaux the lead at the Parc des Princes.

PSG turned it around thanks to goals by Cavani and Kylian Mbappe either side of a Marquinhos brace, but at the other end there was a bizarre goal credited to the Brazilian defender Pablo and a Ruben Pardo strike had the home side hanging on at the finish.

The evening concluded with Neymar being sent off in stoppage time for a second yellow card for grappling with Bordeaux's Yacine Adli, leaving the world's most expensive player facing a suspension.

Along with the shortcomings at the back, it is another problem for coach Thomas Tuchel to think about, even if his team are now 13 points clear atop Ligue 1 from Marseille, who lost 3-1 to Nantes on Saturday.

Tuchel's men endured a bad start against mid-table Bordeaux, with skipper Thiago Silva going off hurt just before Hwang put the away side in front on 18 minutes, heading in a corner for his sixth Ligue 1 goal.

PSG were level in the 25th minute, though, as Di Maria's cross was headed in by Cavani, allowing the Uruguayan to reach a double century of PSG goals.

He then hit the post from close range before Marquinhos put Paris in

Nevertheless, there was still time for Bordeaux to equalise at 2-2 before the interval.

Pardo made some amends with a stunning strike for Bordeaux's third, and the ninth goal Paris have conceded in three games altogether.

"They have had quite a difficult week in terms of results and their confidence has taken a knock too," said Bordeaux's Laurent Koscielny of PSG.

# STAY HAPPY AT WORK

Life is too short to hold grudges and differences with one another. If you want a happy work environment, be friends with the people who sit with you. Learn to accept people as they are. Everyone is different. Co-workers are the biggest support system and competitors at your workplace. Build a friendly and open environment around you and find a work best friend who will make things easier for you, writes **TEAM VIVA**

Staying happy at work is the most important thing you need in order to be satisfied in your life. Just like eating healthy and exercising, staying happy at work counts. The happier you are, the more successful you will be in your life. Even if your working environment isn't how you want it to be, you can still change it to a happier place. At the end of the day, happiness is nothing but a choice. You choose to be happy in your life and that's how you get it.

Life is too short to hold grudges and differences with one another. If you want a happy work environment, be friends with the people who sit with you. Learn to accept people as they are. Everyone is different. Co-workers are the biggest support system and competitors at your workplace. Build a friendly and open environment around you and find a work best friend who will make things easier for you.

Dwell on the aspects of your work you like. Avoid negative people and gossip. Find coworkers you like and enjoy and spend your time with them. Your choices at work largely define your experience. You can choose to be happy at work.

You are the only person who can make the conscious decision to be happy at work. Even in the face of negative aspects of the workplace, you need to think positively. You can do this by looking for those things that are good and not dwell only on the bad. Stay away from negative people and associate with those who are happy at work. It will rub off on you.

This is an important life skill. Don't differentiate between people in any way, always greet everyone. Say thank you when they do something for you, even if it is a guard who helps you in the parking lot or a working staff member who gives you water. Thank them! This shows them that you see their efforts. Do a bit that makes them feel happy. The joy of giving is real and perfect! It helps by making you feel good about yourself.

No one cares about this more than you. Today's careers are all about moving from one role to another, gathering experiences for your portfolio along the way. Lateral moves and stretch assignments are more important than following a straight line up. Don't be afraid to raise your hand and ask for something more.

You may or may not love your current job, and you may or may not believe that you can find something in your current job to love, but you can. Trust me.

Take a look at yourself, your skills and interests, and find something that you can enjoy doing every day. If you do something you love every single day, your current job won't seem so bad. Of course, you can always make your current job work or decide that it is time to quit your job.

One of the most serious causes of work stress and unhappiness is failing to keep commitments. Many employees spend more time making excuses for failing to keep a commitment and worrying about the consequences of not keeping a commitment than they do performing the tasks promised.

Create a system of organization and planning that enables you to assess your ability to complete a requested commitment.

Don't volunteer if you don't have time. If your workload is exceeding your available time and energy, make a comprehensive plan to ask the boss for help and resources. Don't wallow in the swamp of unkept promises.

Choosing to be happy at work means avoiding negative conversations, gossip, and unhappy people as much as possible. No matter how positively you feel, negative people have a profound impact on your psyche. Don't let the negative Neds and Nellies bring you

down. Making the decision to be happy at work means avoiding gossip, negative conversations and the unhappy people you can't change. No matter how positive you might be personally, negative people can have an impact on how you feel. They tend to suck up all the oxygen in the air, leaving you out of breath and frustrated. If all of these ideas aren't making you happy at work, it's time to reevaluate your employer, your job, or your entire career. You don't want to spend your life doing work you hate in an unfriendly work environment. Most work environments don't change all that much. But unhap-

py employees tend to grow even more disgruntled. You can secretly smile while you spend all of your non-work time searching for a job. It will only be a matter of time until you can quit your job with a big smile. Sometimes you just need to leave a job; there is no other right answer. There is nothing worse than realizing this and not having the ability to do so because of money worries. You need to put aside resources to give you the freedom to walk away on your own terms. You can absolutely be healthier and happier in all aspects of your life because you have the control. No one else has the power to disengage and disrupt your life but

you. Don't let anyone else take the reins of responsibility for your engagement. A smile never cost anybody anything and a day seems to go better when you are surrounded by colleagues that smile and are willing to help you anytime or just to hug you when you are not feeling ok. Not anybody can brag about having a mentor at their job. A mentor is not only a teacher, it is the person that inspires you, the person from whom you want "steal" job know-how or hard-earned wisdom. Brainstorming sessions where we challenge our

brains to come up with a mountain of ideas underneath which lies a single brilliant idea for a project are both relaxing and exhausting. Even though it seems like a paradox, a brainstorming session can actually summon all the creativity that we are capable of. We bet you love free coffee or lunch, or free stuff included in your unique benefits package. Or maybe you prefer free gym or free parking. More and more employers are choosing to provide a coffee service in their office, gym memberships or stipends, lunches, or other benefits.

Deepika receives flak over '83 tweet

Bollywood actor DEEPIKA PADUKONE faced a backlash over her tweet on the role of Romi Dev in the forthcoming film '83.

The actor posted her look as Romi on February 19. It was the tweet that accompanied the post that didn't go down well with social media users.

"To be able to play a small part in a film that captures one of the most iconic moments in sporting history has been an absolute honour. I've seen very closely the role a wife plays in the success of her husband's professional and personal aspirations in my mother and '83 for me in many ways is an ode to every woman who puts her husband's dream before her own," she captioned the image.

Armani holds runway show in an empty theatre due to virus

The fashion house said "the decision was taken to safeguard the well-being of all his invited guests by not having them attend crowded spaces."

A dozen towns in northern Italy have gone on effective lockdown after the deaths of two people infected with the new virus from China. Milan is the capital of Italy's Lombardy region, which reported 54 confirmed cases. It's mayor recently shuttered public offices. But runway shows continued apace for their fourth day, with most of the fashion crowd taking an analytical attitude to the rapidly spiking infections. "For the moment the situation is under control," said the president of the Italian National Fashion

Chamber, Carlo Capasa. He added it was up to government officials or fashion houses themselves to decide if additional measures were needed.

Armani was forced to show behind closed doors one other time, in Paris in 1998, when officials said there were insufficient safety exits inside a huge tent

being used as the venue to allow the public to attend. Only his team and one video camera was present, and a video of the show was later distributed to fashion editors. Armani later showed the entire collection in New York in protest, claiming that fashion world politics and not just safety concerns had led to the officials' call.

On Saturday, Mido, eyewear industry fair, announced that it would postpone the gathering scheduled for February 29 to March 2 until June due to concerns over the virus. "The evolution of this health crisis under way in our country does not leave any doubt over our decision," MIDO president Giovanni Vitaloni said in a statement.

PASSION NEVER FAILS YOU

Actor-director RENUKA SHAHANE's web series *Starting Troubles* shatters the myth of focussing only on one aspect of career and asks people to pursue their passion they dreamt of as kids. By TEAM VIVA

Have your childhood dreams turned into a reality today? Do you think you have been able to accomplish most of what you had imagined as a kid? Has your passion of being a football player or a contemporary dancer fulfilled?

*Starting Troubles*, a medical humour by stand-up comedian, author and doctor Jagdish Chaturvedi, aims to shatter the myth that 'if we want to be successful, we should focus on only one thing in life', a mindset that has restricted millions from living their dreams while they continue their jobs. People usually stop acting, dancing or singing and sacrifice their interests they dreamt about as children or even if they pursue their passion, they are judged and called unfocussed and confused.

From Pooja Bhabhi of *Hum Aapke Hain Kaun* to Dr Kavita Gowda, actor Renuka Shahane shares about her long gap, the digital wave and her latest web series.

Medical dramas are usually serious. We mostly look at it as something about health and serious issues and never through a humouristic point of view...

Yes. This is the most common mindset when there's anything related to doctors or a medical series. And this is exactly what we wanted to break through our series. Even the script doesn't have a linear narrative, the story keeps going back and forth, which made it more interesting. It was all fun. The atmosphere on the set was very relaxed, we were mostly laughing on something or the other. And I think that as actors it is important to enjoy your script.

What would you say about your character in the series? How challenging was it to carve yourself into Dr Kavita?

I play a very strict doctor and expect a certain level of professionalism from my interns and resident officers. But as the story moves forward one will see that the doctor is the guiding force of all the students who want to do something different in life.

The challenge in playing this role was to have a command over the medical jargon. When you watch international series like *Grey's Anatomy* and others, you will notice that the actors are very fluent with medical terms. But here that's not the case as we don't have too many medical dramas. Dr Chaturvedi is a practising surgeon, so he made sure that we got the terms right. After the rehearsals he even said that I sound like his mentor. That genuinely made me happy.

If there is a remake of *Hum Aapke Hain Kaun*, would like to play Pooja again?

I will always cherish this role but I don't see myself playing Pooja in the remake. However, I would love to see Alia Bhatt playing Madhuri's character.

any such shows?

Yes, there is a growing market for erotic content now but I don't see myself doing it, though I don't mind if other actors from the same show are comfortable doing it. It also depends on what the story demands. I am very old-school, a lot of people are

The market for bold content on digital space is growing. Will we see you in

comfortable doing it but not me.

Your last directorial *Rita* released 10 years ago and there have been intervals between your acting projects. People have been wondering about this long gap...

For me, it is very important to balance everything, both home and work. That's why this gap. I am not the kind of person who can do too many things simultaneously. It's important for me to be there for my kids. And it's not something imposed on me or I feel bad about, this is a choice I made when I had kids and I'm happy about it. Now that they are grown ups so I will find more time to do things. Though, it's very difficult to maintain a balance.

We haven't seen you playing a comic role before. How was it exploring the genre?

It's nice to explore that part of you because as an actor you are not offered such roles quite often. I like playing characters which have a little bit of humour in it. Whether it's *What the Folks* (2018) or *Starting Troubles*, you are catering to the youth so it has to be catchy and funny.

How do you find web stories different from theatres?

The biggest difference between theatres and web series is the freedom that the latter offers. It doesn't confine you and gives the freedom to express as many stories and emotions you want to. There is a lot of scope too. Also, if you decide to make something slightly unconventional, people have to decide whether they want to take the risk or not.

A literary escape

Bestselling young adult authors are aiming at older readers

After gaining millions of young readers for her *Divergent* fantasy series, Veronica Roth decided she and her characters were ready for the next phase — a novel for adults.

"I grew up on stories like *Dune*, *Harry Potter*, and *Ender's Game* about people who shoulder burdens when they're too young to bear them," says Roth, who tells the story of Sloane Andrews and her fellow fighters against the havoc of the Dark One in *Chosen Ones*, scheduled for April. "So the question of what comes after those stories just kept nagging me. *Chosen Ones* is about that after — about a group of 30-somethings who saved the world when they were younger, and they're still dealing

with the repercussions of it?" Roth, Tochi Onyebuchi and Sarah J Maas are among several writers popular with young people who have books out this year intended for older readers. Some have never written for adults, while others move freely among teens and older readers. All are navigating one of the more complicated paths in publishing — how to consciously appeal to different audience for different books, from the use or absence of profanity to the choice of subject matter and how to present it. The history

is mixed: Judy Blume and Neil Gaiman are among those who have succeeded well, while others, including Daniel Handler and Stephanie Meyer, never fully caught on with adults. Roth's first *Divergent* book came out in 2011, and she reasons that enough of her original readers have reached an age that they'll be open to a mature approach. She considers her new work a "pretty natural" moment in her career, when you "get curious about other genres, other types of writing." Onyebuchi had published

*Beasts Made of Night* and *Crown of Thunder* before completing his first book for adults, *Riot Baby*. It is set in part around the 1992 Los Angeles riots following the acquittal of policemen who beat Rodney King. *Riot Baby* is a dystopian fantasy about Kev, who has been jailed in Rikers Island, and his sister Ella, who holds the power and the horror of seeing the future. A graduate of Yale University and Columbia Law School, among other schools, Onyebuchi has worked in private and government law and thought a long time about

a book that could draw upon his education and background. He considers adult books his first passion but he found that writing for young people strengthened his storytelling, forcing him to write clearly and not "to obfuscate." For *Riot Baby*, he was able to expand upon that discipline. "I could be straightforward and short and concise, and I could have a lyrical style that abounded in subjunctive clauses," he said. "I didn't just have to be Hemingway. I didn't just have to be Faulkner. I could be both."

Maas, whose bestsellers for young people include the *Throne of Glass* fantasy series, has her debut adult book out in March. Her *Crescent City* series begins with *House of Earth and Blood*, in which protagonist Bryce Quinlan — with the help of a fallen angel — seeks to track down the killers of her closest friends.

Maas said that the new series had been a secret "passion project" for years, an idea came to her when she was on a plane during a book tour, listening to the soundtrack from *Gravity*. The epic scene that came to her became the ending of *House of Earth and Blood*. Bryce's age compelled Maas to think about a different readership.

"The moment Bryce Quinlan walked into my head, I knew she was in her early to mid-20s — an age that placed her story firmly in the adult range," says Maas, adding that the main difference between writing for younger and older people is in the language. "I will admit that I can now get away with quite a bit more swearing!"

VE Schwab, who writes adult and young adult novels, says she doesn't change her style or vocabulary: The difference is in her mindset. For her *Monsters of Verity* duology, she inhabits her 17-year-old self, a pretty angry teenager. For *The Invisible Life of Addie LaRue*, an adult story coming in October about a woman who endures and is forgotten for centuries, she is closer to the person she is now.

"One of the primary themes in the book is this concept of 30 as a threshold for true adulthood, the feeling like you look down for a moment, and when you look back up, everyone else has raced ahead, and you're still trying to get your bearings," she said. "I wrote it essentially for a version of myself who never found writing. If I hadn't become an author, these are the questions I'd be facing, this is how lost I would feel." —AP

books on Brueghel and then bought more books and researched the works at length. "I analysed how he created his characters and combined the Carnival and the season of Lent in one art piece. I then looked at the Proverbs in the Bible and began painting. A lot of my learnings came from reading books and going through reproductions of several famous painters," she says.

Through rich and amusing narratives, Cherian reinvents Brueghel's works in a way that it makes one reminiscent of a Shakespearean tragedy and his other plays. Through images of Biblical relevance — Christ's Crucifixion and Proverbs — and rustic idylls, the images are far from beautiful but they reflect exquisite craftsmanship, which impel us to change how we experience the perspectives we share in art. Cherian, as an artist, connects not only with the humble human culture of the past but also recognises the culture of the poor and the underprivileged.

There is a certain sadistic element in most of her works, says art critics. Floating twisted torsos, with their hearts torn apart, dominate the canvas. She paints ghost-like creatures floating through air as if they were floating on water. Though various expressive faces, minute work on the dresses of her myriad figures, designs on the floor tiles, scene-depictions of a host of peasants and cultural symbols, her works boast of her love for detailing. Even though the paintings are filled with drama and the peasant characters tumble out of the past, art connoisseurs say that it's her patience and precision that give the artworks the rhythm of the Renaissance era.

She says that Salvador Dali, also known as the 'Master of Surrealism'; Heironymous Bosch and the German Romantic, Caspar David Friedrich have greatly influenced her style. Cherian also takes inspiration from nature. However, she says, "On canvas, you'll find only certain interpretations of that." She has earlier played around with softer colours and pastels, too. But here, she has switched to earthy colours and even chrome browns and mauves to create a rich prism of shades.

Her works teem with more than 200 people, all nestled close to each other. The average size is around 14x12 inches, while some, for instance, *Tsunami*, *Sienna Earth* and *The Healing*, spread out to 61 inches. Cherian has also donated some of her paintings to charity and to organisations like the Parkinson's Disease Foundation, Cancer Patients Society, Khushii, SOS Villages in India and Save the Children Foundation.

# THE RHYTHM OF RENAISSANCE

Through a tableau of Biblical imagery, Mumbai-based artist MILBURN CHERIAN's series of artworks, *Living Between the Times*, reminds one of a Shakespearean tragedy and his other plays.

Intricacy in an artwork certainly grabs a lot of eyeballs. Not only does it make one wonder about how it has been created, it also inspires the viewer to find a number of meanings layered within them. You will feel it while taking a walk around the solo exhibition, *Living Between the Times*, by Mumbai-based artist Milburn Cherian at the Visual Arts Gallery.

The collection of artworks is a suite of captivating images that seem to bridge many gaps through the gospel and speak to us about the unity of man and his many ways. "In an otherwise photographically real world, painting to me is an expression of my way of seeing things. It comes naturally to me," says she.

Cherian had no formal training in painting. She had to depend on her comprehensive communication course from the National Institute of Design (NID), Ahmedabad, to learn the basics of art and aesthetics. She shied away from making a livelihood as a graphic artist after NID but knew that graphic designing taught you to "simplify things" and translate ideas easily. She says, "My thinking ran contrary to this, I realised later. I like doing just the opposite. I like detailing."

However, before the course, she had studied textile history and design, about which she says, "It was my launching pad into the world of art." It was then that her sister had gifted her a book on the works of Pieter Brueghel the Elder, an innovative Flemish Renaissance painter and printmaker, who is known for his sweeping landscapes and peasant scenes. She studied the

# Message for the heart

The permanent collection of the National Gallery of Modern Art (NGMA) has been brought down to the basement to give art lovers a glimpse of its archival importance, power and beauty," says DG Adwaita Charan Gadanayak as he walks towards the magnificent triptych of Tyeb Mehta, the *Shantiniketan* series created as far back as 1985-1986.

RAMCHANDRA GANDHI'S SVARAJ

One cannot forget Ramchandra Gandhi's *Svaraj* (2002). This grandson of Mahatma Gandhi had used artist Tyeb Mehta's *Shantiniketan Triptych* as the focal point of the book. Philosopher and teacher of comparative religion at Vishwa Bharati, Ramchandra examined Mehta's imagery of the rickshaw-puller, the falling man and the trussed bull by linking them with the *Shantiniketan Triptych* in terms of philosophy and sensibility.

He showed that this work is a three-panelled portrait of distortion and self-awareness necessitated by exclusivist self-identities — individual and collective, secular and religious, and the recovery of integrity of selfhood in inclusive self-realisation. He created a conversation about the realisation that we are things yet we represent nothingness, too.

KALA BHAVAN SHANTINIKETAN

Mehta painted the 170x445 cm painting in 1985-86, when he was an artist-in-residence at Kala Bhavana, Vishwa Bharati University. The painting represents *Charak Puja*, an end-of-spring ritual observed by the Santhal tribe and other marginalised communities of West Bengal. The first left is a panel showcasing a group of drummers and dancers. There's a floating figure on the top-right corner of the painting. The central panel showcases a sacrificial site near the vertical *charak* pole with a seated woman and

goat in close, protective embrace. There's also the ritual sacrificer's shadow looming over the scene. The third-right panel has a group of people pulling a rope and the audience watching the ritual. Here also, there is a figure floating at the top.

Although there are three separate panels, Mehta's brilliance can be seen through the treatment of figures. The arms of women figures seem to be in wanton abandon but also transcend the superficial divisions of the canvas and reach out to each other. The throbbing vibration of stark colours mirrors the momentum of the drummers and dancers. In the tableaux, Mehta gives us a synergy of togetherness as if they share an unseen bond. The painting is a testament not only to the core values of an artist's philosophy but shows how these values can be carried forward by new thoughts of blending tradition and modernity.

SANTHALS AND CHARAK

In 2005, Mehta had explained in an interview his epiphany that occurred at Shantiniketan with the Spring Festival of the Santals at Charak.

"There was a Santal woman whom I found very captivating," reminisced Mehta. He added, "This lady in a make-believe temple stood almost naked. She poured some water near the tree trunk. I was so struck by her presence that it still remains with me. It was stunning. I came back and painted two women on a rickshaw and my work, *Shantiniketan* slowly happened. It was her role in the drama, something implicit in her image, which could not be explained but got etched in my memory. You see with myths one should not be in a hurry, they should settle onto the memory so that you can stop and dwell on them at length. You have to reflect without losing touch either with their image or with their intent."

He stood apart for his interpretation — the ambiguous dichotomies between the masculine and feminine, the divine and mortal, and the human and the bestial — while also conveying a larger theme of consumption and destruction.

You draw your eyes towards the tender embrace between the mother figure and the graceful goat and the

symbolism of the yogic pose by the disembodied head in the foreground of the central panel. At once, you think of the paradoxes of life and death and the culmination of the experience. Mehta transcends time in the mix of imagery and the suggestion of the beautiful goat which will be sacrificed.

ROOTED IN SPACE AND TIME

*Shantiniketan* stands apart and alone. It is rooted in space and time and as the great Roshan Shahani said, "They resemble the 'peasant-cultivator-labourer' — a prototype that has been placed in deadpan stances of beaten down melancholia." Mehta draws attention towards the emblematic significance of his characters.

The power of this painting is poignancy and power — said and unsaid. In the emotive associations and evocations, we see the fragility of life, the uplifting aura of dance and the rhythm of the drummers. In the sinuousness of the dancing figures, we also observe struggles, despair and despondence. We must look at the feet of these figures, which are charged with a hypnotic rhythm.

Mehta captures the caprices of human behaviour. The dancing goat is a symbol of wound as well as sacrifice. Time has been stolen from the register of its destiny. The artist brings us back to the debate about how history feeds the memory.

The collection at the gallery makes you pay reverence to India's greatest modern master, Tyeb Mehta, and recall the words of his close friend KG Subramanyan who said, "They snare you into a search. Those unindividual faces that seem benign or sad, those heave limbs that oscillate in mute gesture, those body postures that combine both elegance and awkwardness — they hold you captive of their teasing configurations. Clear, brilliant, tantalisingly visual, almost like blown up cameos in the centre of their impact, they carry a message for the heart."

## The Dutch master's truth

Museum's REMBRANDT knockoff turns out to be the real thing

Thanks to modern technology and some expert detective work, a nearly 400-year-old painting that had long been attributed to an unknown artist in Rembrandt's workshop has now been judged to have been a work of the Dutch master himself.

For decades, the Allentown Art Museum displayed an oil-on-oak panel painting called *Portrait of a Young Woman* and credited it to the Studio of Rembrandt. Two years ago, the painting was sent to New York University for conservation and cleaning.

There, conservators began removing layers of overpainting and dark, thick varnish that had been added over centuries — and they began to suspect Rembrandt himself was responsible for the original, delicate brushwork underneath.

"Our painting had numerous layers of varnish and that really obscured what you could

see of the original brushwork, as well as the original colour," said Elaine Mehalakes, vice president of curatorial affairs at the Allentown Art Museum.

Conservators used a variety of tools, including X-Ray, infrared and electron microscopy, to bolster the case that it was the work of one of the most important and revered artists in history.

The scientific analysis "showed brushwork and a liveliness to that brushwork, which is quite consistent with other works by Rembrandt," said Shan Kuang, a conservator at New York University's Institute of Fine Arts who restored *Portrait of a Young Woman*.

Outside experts who examined the 1632 painting after the completion of its two-year restoration concurred with the NYU assessment that it's an authentic Rembrandt.

"We're very thrilled and excited," Mehalakes said. "The

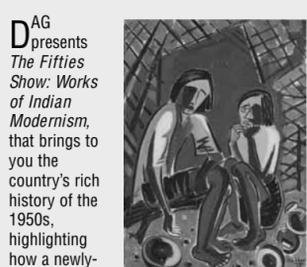

painting has this incredible glow to it now that it just didn't have before. You can really connect with the portrait in the way I think the artist meant you to," he added.

When *Portrait of a Young Woman* was bequeathed to the museum in 1961, it was considered to be a Rembrandt. About a decade later, a group of experts determined that it had been painted by one of his assistants. Such changes in attribution are not unusual — over the centuries, as many as 688 and as few as 265 paintings have been credited to the artist, according to Mehalakes.

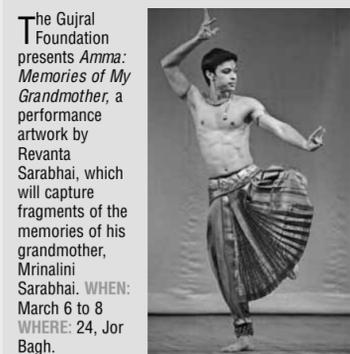

The museum has not had the painting appraised — and has no intention of selling it — but authenticated works by Rembrandt have fetched tens of millions of dollars.

The painting, currently in the museum's vault, will go on display from June 7.

Shafali, Poonam, shine bright in India's 18-run win against Bangladesh

Indian players celebrate after win against B'desh during ICC Women's World Cup match T20WC/Twitter

Leg-spinner Poonam Yadav delivered yet again with timely dismissals to lead India to a comfortable 18-run win over Bangladesh in their ICC Women's T20 World Cup match, here on Monday. Invited to bat, a substantial partnership eluded them after a fiery start but India still managed to post a competitive 142 for six at the WACA ground.

India were off to a flying start with opener Shafali Verma (39 of 17 balls) coming out all guns blazing in the Group A game.

However, the Indian innings never got the impetus after the departure of the 16-year-old, who hit four sixes and two fours in her entertaining knock. Later, Veda Krishnamurthy (20 off 11) hit few lusty blows to help India post a fighting total.

Bangladesh fought through Murshida Khatun (30) and Nigar Sultana (35) but Poonam rattled the middle and lower order with her strikes.

In the end, Bangladesh could manage 124 for eight, giving India their second straight win in the tournament.

The way Shafali and Richa played today, they showed how capable they are for the team. Veda's innings was turning point. We needed boundaries at that point and she did a great job," India skipper Harmanpreet Kaur said.

Poonam, who had helped India halt Australia's chase in their opening game as well, was the top bowler again. She

scalped Sanjida Islam (10), Fahima Khatun (17) and Jahanara Alam (10) to make it tough for Bangladesh.

Bangladesh needed 49 runs from last five overs but they failed to negotiate Poonam's flighted deliveries.

The Indian spinner had Fahima caught by Shafali in the first ball of the 16th

over while Rajeshwari Gaekwad saw the back of well-set Nigar Sultana.

Poonam then returned to dismiss Jahanara, who stepped out looking for a big hit only to be stumped by Taniya.

The runs dried up and Bangladesh now needed 22 off the final over.

Pacer Shikha Pandey clean bowled

Rumana Ahmed with a perfect yorker and writing was clear on the wall.

Earlier, Shafali punished the rival attack with her fluent stroke-making.

Attempting a big one, Shafali skied one off veteran Panna Ghosh and was dismissed, caught by wicket-keeper Shamima Sultana.

This was after fellow opener Taniya Bhatia (2) was sent back by Salma Khathun.

Shafali turned out to be the best scorer in India's innings.

Jemimah Rodrigues played a sedate yet crucial 34-run knock since hard-hitting skipper Harmanpreet Kaur was already dismissed by Ghosh.

With both Shafali and Harmanpreet cooling their heels back in the dug out, India's run-rate took a dip.

Jemimah erred in judgement while calling Deepti for a single and was run out.

Richa Ghosh, who replaced Smriti Mandhana in the playing XI, hit two splendid boundaries before holing out to Nahida Akter off Salma Khatun.

The slide continued with Deepti Sharma (11) running herself out following a mix up with Veda Krishnamurthy (20 off 11).

## Haynes saves Aus blushes

PTI ■ PERTH

Rachael Haynes hit a classy fifty to help defending champions Australia overcome a fighting Sri Lanka by five wickets in their second Group A match.

Chamari Athapaththu (50 off 38 balls) struck a quick half-century but Nicola Carey (2/18), who missed the India game, and Molly Strano (2/23) helped Australia restrict Sri Lanka to a modest 122 for six.

Chasing the target, the Australian hearts were racing when Alyssa Healy, Ashleigh Gardner and Beth Mooney — all fell within four overs before Haynes and captain Meg Lanning (41 not out) stitched a 95-run fourth-wicket stand to take the hosts out of trouble.

## SINGLES

### OPELKA WINS ATP DELRAY BEACH TITLE

MIAMI: Fourth seed Reilly Opelka won twice on Sunday to capture the ATP Delray Beach Open title, outlasting Yoshihito Nishioka 7-5, 6-7 (4/7), 6-2 in the championship match. It was a second career ATP crown for the 22-year-old American, whose other title came at last year's New York Open, and he won after he played a morning semi-final at the rain-hit Florida venue. Opelka battled back to eliminate second seed Milos Raonic 4-6, 7-6 (8/6), 6-3 in the semis to book a date with the world number 63.

### GARIN BEATS MAGER IN RIO FINAL

RIO DE JANEIRO: Third seed Cristian Garin stretched his win streak to 10 matches with two victories on Sunday, including a 7-6 (7/3), 7-5 triumph over Gianluca Mager in the ATP Rio Open final. It was the second title in a row for Garin, who lifted the trophy two weeks ago at Cordoba, and the fourth of his career after the 23-year-old took crowns last year at Munich and Houston. Garin topped fifth seed Borna Coric 6-4, 7-5 in an early Sunday finish of their rain-halted semi-final to advance on the Brazil clay while Mager outlasted lucky loser Attila Balazs 7-6 (7/4), 4-6, 7-6 (7/2).

### HARDIK TO PLAY IN D Y PATIL T20 TOURNEY

NAVI MUMBAI: Fit-again India all-rounder Hardik Pandya is set to play in the D Y Patil T20 tournament. Hardik suffered a bad lower back injury five months ago and underwent a surgery in London. The 26-year-old all-rounder, who hasn't played int'l cricket since then, has been recovering at the NCA in Bengaluru. "The Reliance 1 (team) would be represented by players like Hardik Pandya, Bhuvaneshwar Kumar, Shikhar Dhawan," said Dr Vijay Patil, Prez, DY Patil Sports Academy & also MCA Prez. Dhawan and Bhuvu are also on their road to recovery after sustaining injuries.

### STAR SPORTS LAUNCHES 'KHEL BOLEGA' TVC

MUMBAI: IPL fever has caught on early this year with fan expectations and chatter pouring in much ahead of the start of the tournament, triggered further with the announcement of the schedule last week. In response to the social media chatter, Star Sports has launched *Khel Bolega*, a TVC along with the BCCI. *Khel Bolega* indicates that the coming season will clearly end the response to all the chatter (#BoIBakar) surrounding the IPL when the player performances will speak for themselves with the hashtag #KhelBolega, translated in English as *The game will do the talking*. The TVC highlights the non-stop fan chatter and features plenty of colourful motifs and pop culture references symbolising the pan India nature of the IPL.

### RKFC STAY IN TOP HALF WITH NARROW WIN

SRINAGAR: Real Kashmir bounced back from two consecutive defeats as they beat Indian Arrows by a solitary goal to remain in the top half of the I-League points table. Ivorian midfielder Bazie Armand scored the all-important goal in the 70th minute to the celebration of over 10,000 home team supporters at the picturesque TRC Ground. Real Kashmir, who lost to Punjab FC and Churchill Brothers — both away games — in their previous two matches, now have 18 points from 12 games to occupy the fifth spot in the 11-team league table. The Indian Arrows, the developmental side of the All India Football Federation, remained at the bottom of the pile with eight points from 13 games. AGENCIES

PTI ■ WELLINGTON

Indian batsmen's inadequacies in adverse conditions were laid bare as they crashed to an embarrassing 10-wicket defeat against a ruthless New Zealand side that wrapped up the opening Test in just over three days here at Basin Reserve on Monday.

Starting the day on 144 for four, India were all out for 191

in 81 overs in their second innings. This was a shade better than their dismal 165 in the first innings, which eventually proved to be decisive.

Trent Boult (4/39 in 22 overs) and Tim Southee (5/61 in 21 overs), one of the finest but most under-rated new ball pairs in world cricket, showed that when it boils down to playing incisive seam and swing bowling, this batting line-up is

# Flushed at 'The Basin'

Southee takes fifer to sweep India's tail as Kiwis reach century of Tests win with 10 wicket triumph

still a work in progress.

The required target of nine runs was knocked off by New Zealand without much ado for their 100th Test win.

India's last defeat was against Australia at Perth during the 2018-19 series but the loss at the Basin Reserve would hurt them more because the visitors have not surrendered in such fashion of late.

There was no resistance from a star-studded line-up and more than intent, the failure was due to poor technique on a track that had something on the third and fourth day.

This is a team that plays fast bowling much better than their predecessors, the reason for their success on the bouncy Australian tracks.

But when it comes to facing conventional seam and swing bowling in testing conditions, they are yet to learn the art of saving a Test match.

India had lost the mental battle on the first day itself when they saw the moisture on the wicket.

The toss became a factor and not for one session did they look comfortable. Mayank Agarwal was the only batsman

"I am absolutely fine. I am batting really well. I feel that sometimes scores don't reflect the way you are batting and that's what can happen when you don't execute what you want to well."  
—VIRAT KOHLI (on his personal form)

"New Zealand got into the mind of the batsmen and make the batsmen do something that they don't want to. There's a very thin line and a very delicate balance of when to attack and when to put bowlers under pressure which we failed to do in this match and there is no harm in accepting that."  
—VIRAT KOHLI

who felt at home, albeit in patches, as New Zealand showed what a Test match strategy is all about.

If the first innings was about mixing back of length deliveries with fuller length balls, the second saw the pacers coming from round the wicket and targeting the ribcage. The line was disconcerting and it stifled them for good. It affected their mindset

and when Ajinkya Rahane and Hanuma Vihari stepped out on the fourth morning, defeat was written all over as both looked ill-equipped to handle such high quality seam bowling.

Rahane (29 off 75 balls) and Vihari (15 off 79 balls) are players who only play long-form cricket at the international level and both are known for their patience.

But little did the Indian vice-captain apprehend that he would get a delivery from Boult, which, instead of moving away after pitching, held its line. With the ball doing exactly the opposite of what Rahane had thought, he had no option but to jab at it, and

all he got was an edge.

Southee, who bowls lovely classical outswinger then bowled an off-cutter from the other end and before Vihari could comprehend, it came back sharply to peg the stumps back.

Within first 20 minutes, the two seasoned practitioners of swing had knocked the stuffing out of India's resistance.

"A really brilliant all round game for us. It is also a step in the right direction as well," Kane Williamson said.

Southee, who had a terrific match, deservingly completed his 10th five-wicket haul, and all it took was 16 overs to end the India innings.

# Gowtham's 7 helps Karnataka seal semis spot

JAMMU: Krishnappa Gowtham snapped seven wickets as Karnataka sealed their place in the semifinals after thrashing Jammu and Kashmir by 167 runs on the final day of their Ranji Trophy quarterfinal, here on Monday.

Resuming the day at 245 for four, Karnataka added another 71 runs before folding for 316 in their second innings, setting the hosts a target of 331.

Jammu and Kashmir were bundled out for 163, courtesy off-spinner Gowtham's (7/54) seven-wicket haul.

Earlier, Abid Mushtaq (6/83) claimed six wickets, Parvez Rasool (3/88) took three and Mujtaba Yousuf (1/44) dis-

missed one Karnataka batsman. Overnight batsman Krishnamurthy Siddharth (98) missed out on a well-deserved century, dismissed by Mushtaq in the 80th over.

His wicket triggered a collapse as Karnataka kept losing wickets regularly. Srinivas Sharath (34) held on to one end and took the team across the 300-mark before departing in the 105th over.

SAURASHTRA IN LAST 4 ONGOLE: Saurashtra booked their spot in the semifinals on the basis of the first innings after their quarterfinal tie against Andhra ended in a draw on the final day.

Resuming at the overnight score of 375 for 9, the visitors were dismissed for 426 in 138 overs in the second innings, setting an improbable target of 710 runs for Andhra.

After being bowled out for 136 in the first innings, Andhra finished at 149 for 4 in 51 overs in their second essay before play was called off.

A strokeful half-century by Andhra captain K S Bharat (55, 69 balls, 6 fours, 1 six) was the bright spot in the host team's second innings.

The wicketkeeper-batsman, who is on the fringes of national selection and has been part of various India A teams in the recent past, showed why he is

rated highly, playing some delightful shots during his knock.

In Tangi, Bengal stormed into the last four by virtue of their first innings lead over Odisha after only one session was possible on the final day which was interrupted by bad light.

Resuming on 361 for seven, Bengal lost their remaining three wickets for 12 runs inside six overs to set Odisha an improbable 456.

In reply, Odisha were 39 for no loss in 10 overs when bad light stopped play as both the teams agreed upon a draw with two more sessions left on the final day.

# One defeat can't define team's character: Kohli

WELLINGTON: Captain Virat Kohli had no qualms in admitting that India were outplayed by New Zealand in the opening Test but said they "can't help it" if a few want to make a "big deal" out of one loss.

"We know we haven't played well, but if people want to make a big deal out of it, make a mountain out of it, we can't help it as we don't think like that," the India skipper said at the post-match interaction.

"Some people might want it to be the end of the world but it's not. For us, it's a game of cricket we lost and we move on and keep our heads high," Kohli said.

It is the acceptance of defeat that defines the character of a side, the world's premier batsman said.

"We understand that we need to play well to win, also at home. There's no cakewalk at international level as teams will come and beat you. You accept it and that defines our character as a side."

If he had given credence to the "outside chatter", he said, the team wouldn't have been where it is now.

"That's why we have been

able to play this kind of cricket. If we would have paid attention to the outside chatter, we would again be at No 7 or 8 in the rankings. We don't really bother about what people are saying on the outside."

One defeat can't make a team, which has been winning games of Test cricket, "bad overnight." "If we have lost then we have no shame in accepting that. It means we didn't play this game well. It doesn't mean that we have become a bad team overnight. People might want to change our thoughts, but it doesn't work like that." PTI

The visitors reached nine for two at stumps on the third day, still needing 286 runs to make Bangladesh bat again on a wearing pitch at the Sher-e-Bangla

# Bouncing back isn't a term we use: Williamson

WELLINGTON: The perfect execution of plans against India has pleased New Zealand skipper Kane Williamson but he refused to term his team's 10-wicket win as "bouncing back" from their 0-3 debacle against Australia.

New Zealand came into the series after their nightmare in Australia and put up a splendid performance to outclass India in just over three days.

"Bouncing back isn't a term that we use within our group. You can get carried away thinking about results (especially) when you have a number of poor ones and sometimes the want (urge) for a good one can be a distraction towards getting (achieving) it," Williamson said.

The Kiwi skipper, who also was the top-scorer for his side with a well-made 89, seemed satisfied with the performances of each and every player of his team.

"So it's about focussing on things that are important. The roles that give us the best chance of success and if we do that, the result manifests and I think that's what we saw in this game and that was what was pleasing," Williamson said.

"It was a really brilliant all-round game for us. Guys were really committed to their roles on a surface that offered enough to create a good balance between bat and ball. It's a really important

lesson moving forward to Christchurch," he added. But Williamson also wants to guard his team against complacency as he expects India to come hard in the second Test, starting February 29. "The challenge is there in front of us because we know come Christchurch we will need to be on our game again. India is the number one in the world for a reason and they have had success all around the world," he said.

# Fernandes lifted mood at Man Utd: Ole

AFP ■ MANCHESTER

Ole Gunnar Solskjaer says Bruno Fernandes has lifted the mood at Old Trafford, comparing the January signing to a mix between former Manchester United players Paul Scholes and Juan Sebastian Veron.

Fernandes arrived for an initial 55 million euros (£46 million) and, while that could rise to 80 million euros if a variety of targets are reached, United look to have struck a good deal.

The Portugal international has impressed in all three United starts to date, following up fine displays against Wolves and Chelsea with a goal and an assist against Watford.

Successive wins have lifted United into fifth place in the Premier League table as they push for Champions League qualification.

"He's given everyone a boost," Solskjaer said of the 25-year-old Fernandes. "It means more than just getting a player in. You can see the supporters, they're used to players with that personality, mentality and quality so he's been a big plus."

"He's come in from day one, the first minute, and felt like a presence in the group. First training session, demanding the ball."

"Some players take some time in warming up but he felt confident straight away."

"He's a bit of a mix between (Paul) Scholes and (Juan Sebastian) Veron, to be fair. He's got the temperament maybe of Veron and a lot of the quality of him and Scholes."

Solskjaer said Fernandes was a "big piece" in the team that United are looking to build, while Anthony Martial has shown that he too can be a key component of the attack.

# Stimac "impressed" by talent on display in I-League

PTI ■ NEW DELHI

Indian football team head coach Igor Stimac is "impressed" by the talent on display in the I-League after he watched two matches earlier this month.

He said he's looking forward to watching more matches.

"It was fantastic to witness 2 @ILeagueOfficial matches in Mumbai and Goa and I'm really impressed with the talents," Stimac tweeted.

"Looking forward to see more action in coming days," he added.

The Croatian was in the stands in Mumbai earlier this month when the Indian Arrows played Kolkata giants East Bengal (February 17) at the Cooperage Stadium. He also witnessed the match between Mohun Bagan and Churchill Brothers in Margao (February 22).

The former Croatia World Cupper handed the Hero of the Match award to Fran Gonzalez as the Mariners extended their lead at the top of the I-League table with a 3-0 win.

During the launch of the I-League 2019-20 in November last year, Stimac had said "every Indian player in the Hero I-League is a potential candidate for a place in the senior team."

"I will keep coming to watch the matches whenever I can. The players need to know that each player in the Hero I-League with an Indian passport is one of the possible future candidates for the national team. It's up to them how they perform for their respective teams," he had said.

India, already out of contention for a FIFA 2022 World Cup berth, play Asian champions Qatar in Bhubaneswar on March 26.
