Such is the case with the CAA, which has been settled by discussion and mutual understanding has unnecessarily been brought to a boil. The agitations against the Citizenship Act is whether a judge can lavish praise on a leader for his/ her know the meaning of what he said?

nature gets affected who will take care of us? How nature and since my childhood I have tried to take care of it,” said Sriram Reddy, head of the centre.

the society,” said Sriram.

During our visits, we found that some areas have water problems and some areas have a sanitation issue. Depending on the area we work towards fixing that par-
ticular problem, whether it is water or sanitation, the residents are happy. We made sure that the residents are informed about how to conserve water and how to improve the sanitation situ-
ation.

Sriram told the Pioneer. “We installed 200 toilets in the areas and helped the residents to understand the importance of water and its proper usage.”

Sriram explained, “During the visit, the residents were surprised to see new toilets and were happy to use it. We also taught them how to cons-
serve water and use it properly.”

Messi ‘greatest’ ahead of Maradona: Gattuso

Lionel Messi is the “greatest” footballer of all time, ahead of Diego Maradona, AC Milan and Napoli legend Gattuso has claimed.

The 32-year-old Messi scored four goals on the weekend in Barcelona’s 5-0 win over Eibar and has now been involved in more than 1,000 goals in his career, scoring 696 and assisting another 306.

Gattuso was quick to praise Messi, comparing the Barca star to Napoli legend Maradona.

“Messi is the greatest footballer of everyone,” said Gattuso of the player he last saw up close, at a stadium.

“I have not seen anything inappropriate. He does things that only exist on the screen, unthinkable things. He does things that only exist on the field today,”

But Gattuso isn’t Marvin Hagler.

“My respect is for everyone, ” said Gattuso of the player he last saw up close, at a stadium.

“I have not seen anything inappropriate. He does things that only exist on the screen, unthinkable things. He does things that only exist on the field today. But he’s the greatest,”

The evening concluded with Neymar being sent off in stoppage time for a second yellow card and scoring the winning goal, kicking the world’s most expensive player in the face.

Along with the shortcomings at the back, it is another problem for coach Thomas Tuchel to think about, even if his team are now 13 points clear atop Ligue 1 from Marseille, who he led to victory in the last year.

Tuchel was quick to praise Cavani and assist him up close.

“Cavani has got a great game and a great goal,” Tuchel said of Cavani.

“We’ve been playing with joy until the end. I want to see a team that’s not scared of losing,”
