23.5% Delhites infected, rest susceptible: Study

A study conducted from June 7 to 14 by the National Green Centre for Disease Control and Prevention with the Delhi Government has revealed that a large number of infections per million persons have been recorded in the national capital, with the special municipal decoration.

The study also states that a large number of infected persons remain asymptomatic.

Bharadwaj suggests opening institute like FTI in U'khand

Novel film director and producer Bharadwaj has suggested that opening an institute like FTI in Uttarakhand could brighten the future of the state's youth in the film sector.

He said the message, which he read while meeting chief minister Trivendra Singh Rawat along with Rekha Singh Rawat here on Tuesday, shall be forwarded to the chief minister.

He directed the Uttarakhand Film Development Council nodal officer KS Chauhan to present an amended policy based on the recommendations received at the Mann ki Baat meeting held in the presence of the chief minister.

To increase the interest in the film sector, he had suggested that establishing an institute like FTI in the state could serve as a stepping stone for students.

“Such an institute would act as a catalyst in the field. Uttarakhand has a rich history of cinematic heritage and a large potential in the field,” he said.

He said that the establishment of such a film institute would contribute to the state's cultural growth and would provide a platform for aspiring filmmakers.

The proposal would also help in the development of the film industry in the state, he added.

He also suggested that the government should take steps to promote and support the film industry in the state.

Bharadwaj is known for his contributions to the film industry and has directed several successful films.
**Covid-19 tally mounts to 4,849 in Ukhrul**

210 patients reported, 85 discharged on Tuesday

PRIVATE HOSPITALS CAN TREAT COVID PATIENTS

**PS DEHADUAN**

In view of the increasing number of Covid patients, private hospitals will be permitted to treat Covid-19 patients in a medical emergency. The move is aimed at streamlining Covid care in the state and ensuring all Covid patients get treatment at the earliest.

A medical emergency means the patient has a high risk of death or is showing signs of severe tissue damage, such as severe respiratory distress or significant heart disease.

At least 10 States not meeting WHO testing criteria

As the United Health Foundation tests are ongoing in testing for COVID-19, the data shows that only 10 States are not meeting the target of 100 tests per 10,000 population.

The United Health Foundation’s latest data shows that as of July 22, 2020, testing rates in 10 States are well below the target of 100 tests per 10,000 population.

The 10 States that are not meeting the target include:

- Arizona
- Arkansas
- Iowa
- Louisiana
- Mississippi
- Montana
- Nebraska
- New Mexico
- South Carolina
- Vermont

The United Health Foundation has been tracking testing rates since March 1, 2020, and has found that while some States have increased their testing rates, others have not.

The Foundation’s data shows that the national average testing rate is currently 135 tests per 10,000 population, which is above the target.

However, the data also shows that there is a significant variation in testing rates across States. Some States have testing rates as high as 300 tests per 10,000 population, while others have rates below 50.

The Foundation recommends that States should continue to increase their testing capacity to ensure that they are able to detect and contain outbreaks as they occur.

Rahul questions Modi Govt over handling of coronavirus

There’s no letting up in aping Prime Minister Narendra Modi’s attack on the Congress that he advis ed that they should be on trial for Covid-19 pandemic.

India will pay its price when the government tries to topple. “The Trump Government dropped that they may be able to inter- nalise the damage of the pandemic. It is called young-onset-PD. PD can be linked to human security in parts of East Africa,

Kerala sees 720 new cases but CM asserts all under control

KURUNNAGALAMM BUDDHI

On Thursday 720 new positive cases were diagnosed in Kerala with Covid-19 and a proportion of women returning to the State from Tamil Nadu. According to Chief Minister Pinarayi Vijayan, the number of new cases is less than the previous days. "If I continue to power my car, I will eventually arrive at the same destination. But the problem is that I will eventually become tired," he added.

Vijayan also said that the government is working on other fronts to prevent the spread of the virus. "The efforts are on to open more than 1,000 new testing centers in the State to detect more cases," he added.

"Tracing is the main task," he said. As on Thursday, 7,412 patients were under institutional quarantine, while 86,321 were under self-isolation. "The total number of patients who are under institutional quarantine has come down," he said.

The Chief Minister said that the government is working on various fronts to curb the spread of the virus. "We are working on the health sector and the economy," he added.

Kerala where smegdung is done correctly

KURUNNAGALAMM BUDDHI

There is much about the Gold smuggling in Swapna case. But there were three key factors that contributed to the success of the smuggling operation.

1. The gold was smuggled through the Chennimalai gold port in Kancheepuram.
2. The smugglers used the state of the art technology and the smuggling channel that was busted by the Dubai Police.
3. The smugglers had the knowledge and expertise to pull off the smuggling operation.

Solar power plant on stream at Anbani Karanji Navarathna in Rajag

Visakha Vijay Ammu commission plant

In Solar Power Plant of the National Solar Mission, a 5 MW solar power plant on stream at Anban Karinja Navarathna on the outskirts of Rajag has been inaugurated.

The solar power plant is one of the largest solar plants in the country. The plant has a capacity of 5 MW and is expected to produce 8.36 GWh of electricity per year.

The project was implemented by the Solar Energy Corporation of India (SECI) and was inaugurated by the Hon’ble Minister of State for New and Renewable Energy, Rajag.

RAMCHANDRA MURTHY

In a marginal fluctuation in the state’s Covid-19 infected, on Tuesday, 8,369 people were infected. The total number of infected cases in the state has now reached 2,46,927.

Among the infected cases, 5,442 were in Mumbai, 2,015 in Thane, 200 in Palghar, 155 in Navi Mumbai, 142 in Raigad, 106 in Mira-Bhayandar, 99 in Nanded, 98 in Dombivli, 76 in Thane, 74 in Ghatkopar, 69 in Kalyan, 67 in Panvel, 61 in Kurla, 55 in Thane, 53 in Virar, 51 in Dombivli, 51 in Mulund, 47 in Mira-Bhayandar, 43 in Dahanu, 42 in Goregaon, 41 in Chembur, 38 in Bhandup, 37 in Vile Parle, 35 in Malad, 34 in Andheri, 33 in Goregaon, 30 in Bhandup, 29 in Vile Parle, 28 in Malad, 28 in Andheri, 25 in Dahisar, 24 in Kurla, 23 in Goregaon, 22 in Bhandup, 22 in Vile Parle, 20 in Malad, 19 in Andheri, 18 in Dahisar, 17 in Kurla, 15 in Goregaon, 15 in Bhandup, 14 in Vile Parle, 13 in Malad, 13 in Andheri, 12 in Dahisar, 12 in Kurla, 11 in Goregaon, 10 in Bhandup, 10 in Vile Parle, 9 in Malad, 9 in Andheri, 8 in Dahisar, 8 in Kurla, 7 in Goregaon, 7 in Bhandup, 7 in Vile Parle, 6 in Malad, 6 in Andheri, 6 in Dahisar, 6 in Kurla, 5 in Goregaon, 5 in Bhandup, 5 in Vile Parle, 4 in Malad, 4 in Andheri, 4 in Dahisar, 4 in Kurla, 3 in Goregaon, 3 in Bhandup, 3 in Vile Parle, 3 in Malad, 3 in Andheri, 3 in Dahisar, 3 in Kurla, 2 in Goregaon, 2 in Bhandup, 2 in Vile Parle, 2 in Malad, 2 in Andheri, 2 in Dahisar, 2 in Kurla, 1 in Goregaon, 1 in Bhandup, 1 in Vile Parle, 1 in Malad, 1 in Andheri, 1 in Dahisar, 1 in Kurla.

The overall number of active cases in the state is now 9,001 and the number of discharged cases is 2,41,866.

Amid coronavirus crisis, 53-year-old undergoes successful heart surgery

RAMCHANDRA MURTHY

The patient, a 53-year-old female, was admitted to the hospital on Monday with symptoms of chest pain and shortness of breath. The patient was diagnosed with acute coronary syndrome.

The surgery was performed by a team of cardiologists at the state-of-the-art heart center of the hospital.

The surgery was a success and the patient is now recovering well. The hospital has an extensive network of cardiac care facilities and is equipped with the latest technology.

Kerala where smegdung is done correctly

KURUNNAGALAMM BUDDHI

The Chief Minister was present at the inauguration ceremony and praised the efforts of the state government in implementing the Solar Power Plant.

In matters relating to Lord Ram Mandir construction, the Chief Minister said that there will be restrictions on the entry of devotees to the temple.

A glimmer of hope

With Oxford trials showing positive results in the first stage and India commencing its own tests, a vaccine may emerge.
Revive or perish

It is up to the Congress Party to choose as living in past glory is not the answer. There is still time to act.

Kalyan Shankar

Parkinson’s Disease is not a death sentence

With an estimated 10 million people worldwide suffering from PD, it is important to bust some myths about the disease on World Brain Day

The Congress government had decided to provide a three-year power supply, which was continued by the Gokuldass Devji Trust. So, why should they not get the same? The Congress government was in power for 15 years, and people have come to realize that.

The political crisis in Rajasthan is only symptomatic. If a leader dies, people are inclined to blame him or herself partly due to the power struggle between the 'old guard' and the 'young Turks'. The Congress high command has allowed the weakened party to lose its identity and has made it unnecessary to name-throwing and poaching. The party is not united and has lost its moral authority.

This is why, even though it managed to win Madhya Pradesh and Rajasthan this year, the Congress is still struggling to retain its seat in these elections. The Congress high command was the crisis because it has lost its grip on the party in the last 15 years, and it is now in the doldrums. But to keep the BJP up, the Congress needs a united, good party leader and a decent candidate.

The problem is a vacuum at the top and party workers are confused about the designation ‘resigning’ president of Sonia because she too is answerable for the party’s failure. The Congress high command is now in the doldrums because it is not united and has lost its moral authority.

Fact: PD is not treatable.

Myth: PD is not a death sentence.

Fact: PD is a progressive disorder with no endstage disease. It is becoming more common due to increasing longevity of people in developing countries. In the United States, the prevalence of PD among people 65 years of age and older is 1%.

Fact: PD is not a death sentence.

Myth: PD is not treatable.

Fact: PD is a progressive disorder with no endstage disease. It is becoming more common due to increasing longevity of people in developing countries. In the United States, the prevalence of PD among people 65 years of age and older is 1%.

Fact: PD is not a death sentence.

Myth: PD is not treatable.
The Black man was killed in police custody in Minneapolis. The death has sparked protests around the world and led to a broader conversation about police brutality and racial injustice. The protests have also highlighted the role of social media in amplifying voices and spreading news.

In Hong Kong, colonial officials have held up blank sticky notes to show solidarity with the protesters. The Chinese government has called for calm and for Hong Kong to be returned to normalcy. The protests have also raised questions about the future of Hong Kong's autonomy and its relationship with China.

The US and China are at odds over the status of Hong Kong, with China arguing that it is a Chinese territory and Hong Kong calling for greater autonomy. The situation is complex and continues to evolve, with both sides highlighting different perspectives and priorities.
India’s GDP to contract 6.1 per cent in FY21: Nomura

**India’s GDP to contract 6.1 per cent in FY21: Nomura**

India's economy will contract by 6.1 per cent in the current fiscal year, the country’s biggest contraction in 45 years, Nomura said in a report. The contraction in GDP is in line with the COVID-19 pandemic and associated measures to contain its spread, the report said. Nomura said that the country’s GDP forecast is based on the latest data from the government, which showed a 7.3 per cent contraction in the third quarter of the fiscal year. The report highlighted that the contraction in GDP is expected to continue for the rest of the fiscal year, with a forecast of a 4.3 per cent contraction in the fourth quarter. It added that the contraction in GDP is expected to be most pronounced in the months of April and May, when the lockdown measures were in place.

The report also noted that the contraction in GDP is expected to be less pronounced in the months of June and July, when the lockdown measures were relaxed. It added that the contraction in GDP is expected to be least pronounced in the months of August and September, when the lockdown measures were further relaxed.

Nomura said that the contraction in GDP is expected to be most pronounced in the months of April and May, when the lockdown measures were in place. It added that the contraction in GDP is expected to be less pronounced in the months of June and July, when the lockdown measures were relaxed. It added that the contraction in GDP is expected to be least pronounced in the months of August and September, when the lockdown measures were further relaxed.

The report also noted that the contraction in GDP is expected to be most pronounced in the months of April and May, when the lockdown measures were in place. Indian revival mission

A first of its kind pan-India initiative to help put the Indian economy back on a growth path. Efforts starting! Better and effective policies for 25 million entrepreneurs, MSMEs and skilled workers, are urgently required to overcome the hitches and provide a sustainable way to them.

The initiative launching ceremony has been attended by a large number of entrepreneurs across the country and was also attended by the Vice President, Nitin Gadkari and Kiren Rijiju. The initiative has been welcomed by the stakeholders and it is expected to make a significant impact on the growth of Indian MSMEs.

The objective of the programme is to

India needs an imagination from new sources

The new initiative has been launched in collaboration with the Ministry of Commerce and Industry, Department of Commerce, Ministry of Electronics and Information Technology and the Atal Vidyavikas, a leading online education platform.

The programme is open for entrepreneurs to apply and get on board. The initiative is expected to create a significant impact on the growth of Indian MSMEs.

Together, let us work towards reviving the Indian economy and put it back on a sustainable growth path.
With majorities of the Indian players still not having been vaccinated, it is unclear where the team stands amid the pandemic. While the side is in the UAE, "Patel said.

India ranked fifth in the bowlers' rankings after the ICC Men's T20 World Cup in 2021. The side is looking to climb higher in the rankings, following a match-winning performance at the final Test as well. The Indian team once they disembark from the flight in Manchester will be staying at the same hotel as the UAE and we are aware of how it is going to be for the next four weeks. We will follow all our plans since the BCCI announced the dates. It is still unclear when the team will be able to train for the sake of the availability of the ground as well as the hotel. Since India tour Australia is scheduled in March, Patel also opined that their training for the IPL will be important to maximise their fitness in the limited time. A few fringe players are expected to join them at Motera along with the Indian team support staff, which will be fine during the IPL. The World Test Championship has become the norm in recent times, therefore, there is a possibility that IPL commences will happen from the comfort of the living room, a safer and cost-effective option considering the likes of Harbhajan Singh, who is 31, are involved.

The agreement is superseded by a record one with people coming for live cricket, something Keshri Singh co-owner of KXIP has said. However, it remains to be seen how the broadcasters and fans are able to watch and enjoy the matches. Most teams have got top-notch commentary units. The sides have got top-notch commentary units.
