India, China agree to hasten withdrawal from Pangong

Consensus on removing heavy weapons from ‘friction’ points, reducing troop strength

With pullback progressing amistly from most of the disputed areas, the two countries on Tuesday announced a consensus on removing heavy weapons from the ‘friction’ points, reducing troop strength and speeding up disengagement at face-off sites in Pangong Tso, North Sikkim. The announcement comes a day after the 10th round of the disengagement talks between the two sides in Chushul, Ladakh, on Monday.

“Our doors are open for Sachin Pilot. Anyone who wishes to join the party and contribute to its ideology will be welcomed,” Party president, Ashok Gehlot was quoted as saying by the party’s organisational secretary, a general secretary. “If Pilot has the support of 16 Congress MLAs, he should go through the formal process of inviting the Rajasthan As the leader of the BJP, J P Nadda has made it clear that he is not in favour of engagement with Pakistan over the Kashmir issue.

The BJP has been promoting the idea of a ‘Congress-less’ political landscape in Rajasthan, where the Congress party is the single largest party, occupying the majority of seats in the state assembly. The party has been targeting the Congress for its alleged failures in the state, and has been trying to build up a strong anti-Congress sentiment among the electorate. The BJP has been using the issue of agrarian distress and unemployment to mobilize its base and win over the support of farmers and youth.
No quarantine for those coming to Punjab for less than 72 hours

PES IN CHANDIGARH

There are no quarantine for those coming to Punjab for less than 72 hours, like students returning home, excepted from the specified quarantine. Punjab has further informed the Centre, that the authorities would provide police and para-military personnel along with other health staff for the enforcement of quarantine on those entering from outside the State by road, rail or air. However, travel is still allowed from the specified areas.

US, Brazil, India worst affected with coronavirus infection

**Public Health Outlook**

The virus has now spread to nearly every country in the world, and the World Health Organization (WHO) has declared the outbreak a "global pandemic." The number of confirmed cases has exceeded 10 million, with more than 550,000 deaths reported worldwide.

**Preventive Measures**

Governments around the world have implemented various preventive measures, including lockdowns, social distancing, and the mandatory use of face masks. Vaccines are being developed and tested, with some countries beginning to roll out vaccines to their populations.

**Economic Impact**

The pandemic has had a significant impact on the global economy, leading to a recession in many countries. Businesses have had to adapt to new ways of operating, and many have faced financial difficulties.

**Future Outlook**

The future of the pandemic is uncertain, with experts predicting that it could continue for several years. The development of effective treatments and vaccines is crucial in controlling the spread of the virus and limiting its impact on global health and the economy.
Tamil Nadu records 4,526 cases, 67 deaths on Tuesday

On Tuesday, Tamil Nadu Health department diagnosed 4,526 fresh cases, taking the cumulative total to 6,58,314. A total of 67 deaths were reported due to the disease, raising the death toll to 9,220. So far, the state has recorded 1,54,759 recoveries.

There were no other symptomatic cases reported on Tuesday.

Significantly, since the last report on Monday, the number of new cases increased by around 1,000.

Keralites worst month has become Ramayana Month

KM RAMESH

C u t t u m Thursday and for the next 32 days till August 3, Keralites wants to reach Ramayana month on their own feet. The month is considered the worst ever for the southern state because of the deadly coronavirus pandemic.

The family head, priyadharma or pramukh will lead the procession, followed by the female members of the family, the members of the extended family, friends and relatives, the devotees, and the cured patients will also lead the procession.

The procession will start from the place of the last night's dance and end at the temple of the deity of the month, the Ramayana month. The procession will include 32 days of continuous worship, which will culminate on August 3, marking the end of the month.

Keralites' worst month

Karthyakadaka (the last of Malayalam month) seems a matter of suicide in the state. The investigations have revealed that there is no let up in Tamil Nadu in testing since the beginning of the month. A report from the state government has revealed that there are no statues of Thunchath Ezhuthachan, the Primal Poet of Malayalam. It is not known who he is or what he did.

Keralites' worst month

It is interesting to note that how a work required to any interpreter to explain the meanings of words in the work. The work is a masterpiece of Thunchath Ezhuthachan, the Primal Poet of Malayalam. It is not known who he is or what he did.

The actual situation along the LAC is by no means what is being depicted. This is where the battle of narratives is either compromised or lost when we should be calling the shots.
Assess and select MSMEs to disburse commercial lending practices, which scale has not been able to reform and specialised financial institutions mented, thanks to the ineffectual sta-

Former DFS and a distinguished ambassador Julie Ribot has put it succinctly in an article for the Times of India where he had written: ‘The task of helping one of the world’s smallest economies to grow and thrive in the face of a pandemic is a monumental one. It requires a holistic approach, one that takes into account the unique challenges faced by MSMEs, and the strategies needed to support their recovery and growth.

T he number of MSMEs in India is estimated to be around 50 million, contributing to approximately 40% of the country’s GDP. These businesses are the backbone of the Indian economy, providing employment to millions of people and driving innovation and growth. However, they face significant challenges, including limited access to finance, lack of skilled workforce, and high operating costs.

The Government of India has taken several initiatives to support MSMEs, including the Emergency Credit Line Guarantee Scheme (ECLGS), which provides a guarantee for loans extended by banks to MSMEs. The scheme has been extended multiple times, and as of June 2023, it had disbursed over Rs. 1.5 lakh crore to MSMEs. However, the scheme has faced several challenges, including limited awareness among MSMEs, ineligible beneficiaries, and slow disbursement of funds.

The ECLGS scheme has been one of the most successful schemes launched by the Government to support MSMEs in recent times. However, the success of the scheme has been marred by several issues, including slow disbursement of funds, eligibility criteria, and awareness among MSMEs.

In addition to the ECLGS scheme, the Government has also launched several other initiatives to support MSMEs, such as the Credit Witholding and Recovery Arrangement (CWRA) scheme, which provides a system for the recovery of credit dues from defaulting borrowers, and the MSME Startup Credit Scheme (MSSCS), which provides preferential credit terms to newly registered MSMEs.

However, despite these initiatives, MSMEs continue to face several challenges, including limited access to finance, lack of skilled workforce, and high operating costs. The Government needs to take several steps to address these challenges, including improving the ease of doing business in India, providing tax incentives to MSMEs, and creating a favorable regulatory environment.

The Government has taken several steps to support MSMEs in recent times, including the introduction of the MSME Bill in Parliament, the setting up of the MSME Commission, and the introduction of the MSME Act in Parliament. These steps are a step in the right direction, and the Government needs to continue its efforts to support MSMEs and ensure that they are able to thrive in the face of the challenges they face.

The Government needs to take several steps to support MSMEs, including improving the ease of doing business in India, providing tax incentives to MSMEs, and creating a favorable regulatory environment. The Government needs to continue its efforts to support MSMEs and ensure that they are able to thrive in the face of the challenges they face.

PV SALES PLUNGE 78% IN APR-JUN: SIAM

SLUMP FOR 9TH CONSECUTIVE QUARTER

PTI IN NEW DELHI

Diploma for the ninth straight quarter, passenger vehicle sales at SIAM plunged 78% to 1.53 lakh units in April-June 2020 as compared to 7.18 lakh units in April-June 2019.

The cumulative vehicle sales segment also saw a decline of 64% in April-June 2020 as compared to the same period last year. The five-wheeler segment saw a decline of 72% and the two-wheeler segment showed a fall of 75%.

According to the latest figures by the Society of Indian Automobile Manufacturers (SIAM), passenger vehicle sales were at 1.53 lakh units in April-June 2020 as compared to 7.18 lakh units in April-June 2019.

Passenger vehicle (PV) sales were at 1.53 lakh units in April-June 2020 as compared to 7.18 lakh units in April-June 2019.

On the other hand, two-wheeler sales were at 12.71 lakh units in April-June 2020 as compared to 1.66 lakh units in April-June 2019.

SIAM said that “we are going through a very difficult phase due to coronavirus. We have been suffering hugely on the production side, the industry is facing a lot of challenges, the demand side also.”

The company said that “the month of June 2020 was the worst in terms of overall vehicle sales in the last 10 years.”

Hyundai introduces new Tucson

PTI IN NEW DELHI

Carrying on with the trend of car launches taking place post lockdown, Hyundai Motor India has launched the new Tucson. Available with a two- and three-wheel option, 1.6 T-GDI and 1.5 D-4J, the new Tucson is the company’s second launch this year, following the launch of Aura earlier.

The company also announced that a total of 94 dealerships of the two-wheeler segment across India and one-two with two-wheeler dealerships with a two-wheeler option. The new Tucson is now available at 94 dealerships across India.

The new Tucson is equipped with a host of features such as a 10-inch infotainment system, a 360-degree camera, a panoramic sunroof, and a front- and rear parking sensor.

The car also comes with a choice of two engines — a 1.6-litre turbo petrol and a 1.5-litre diesel. The petrol engine produces 180 bhp of power and 265 Nm of torque, while the diesel engine produces 180 bhp of power and 405 Nm of torque.

WPI inflation falls for third consecutive month

PTI IN NEW DELHI

Prices range from ₹22.32 lakh for the petrol and ₹27.03 lakh for the diesel

Prices range from ₹22.32 lakh for the petrol and ₹27.03 lakh for the diesel.

WPI inflation fell for the third straight month, and was at 1.8% in June, as compared to 2.3% in May and 2.5% in April. The reading is also lower than the 2.6% recorded in June last year.

Inflation in May and June was below 2%, despite the shock of the coronavirus lockdown. The government had introduced several measures to boost the economy in May, including stimulus packages.

However, prices of vegetables remained high, rising by 15.9% in June, and by 15.8% in May. This is mainly due to the supply chain disruptions caused by the lockdown.

Inflation in other primary articles, such as fruits and oilseeds, moderated in June. Inflation in food articles softened in June, as compared to May.

Inflation in manufactured products improved in June, mainly due to lower lumber and paper prices.

The Reserve Bank of India had lowered the repo rate to 4% on June 18, and also cut the cash reserve ratio to 3%.

Inflation in core inflation, which excludes volatile food and fuel, was 4.3% in June, compared to 4.6% in May.

Online teaching has now become a strategic priority emphasizing the need for value-based education and re-establishing standards of excellence, says DR JITIN CHADA.

In the early years, technology was primarily focused on improving teaching and learning. Over time, however, the need to improve teaching and learning has become paramount. This is because technology has allowed students to access information and resources from anywhere in the world, all while maintaining a safe and secure environment.
Manchester United slip at the death to remain out of top 4

**Manchester United**

Manchester United pierced the claims of becoming Premier League champions on Monday when Michael Obafemi’s 93rd-minute equaliser earned Southampton a point to keep them in the running.

As Obafemi’s last-gasp goal meant Southampton moved to within two points of Manchester United, it was a bitter blow for the Red Devils, who had been favourites to win the league this season.

In the final nine minutes of the match, United were unable to put the game to bed, allowing Southampton to grab a last-gasp equaliser.

**Huge chance missed**

With a chance to end their season on a high and seal the title, United were unable to capitalise on their chances.

**45+1**

United were adjudged to be offside by the fourth official, with the match ending 1-1.

**Manchester United (69)**

- Goal: Michael Obafemi

**Lost big stage.** United missed the chance to win the Premier League after losing 1-0 to Southampton.

**Real Madrid need one victory to avoid getting the hold of a second Premier League from an Indians in Monday’s game and can draw four points more than Barcelonas.** The Indian team will be crowned champions if they

**One more win**

Real Madrid need one victory to keep their grip on the Premier League from an Indians in Monday’s game and can draw four points more than Barcelonas. The Indian team will be crowned champions if they
