NDA BEATS EXIT POLLS, RETAINS BIHAR

In neck & neck fight between NDA and Grand Alliance, Ovaisi’s party plays spoilsport for Mahagathbandhan

Vikas Raghav

Bihar has stood tall. The NDA, stuck on a strong rural and voters for Grand Alliance to emerge ahead in the last assembly election (of 2015) and the recent general elections, showed that the nature of the outcome has considerably weakened the erstwhile main opposition Grand Alliance’s (Mahagathbandhan) in the state.

The victory also empowered the Rashtriya Janta Dal (BJP) to emerge as the single largest party winning 75 seats, which would have won 74, as the EC修正s its seat tally to reflect the full results. The party had won 73 seats in the last assembly election. The NDA’s tally is 11 seats more than the Grand Alliance, which was short of winning 64 seats. The bank of 64 seats was what the Grand Alliance leaders were counting on to defeat the ruling NDA in the state to form the government.

The defeat of BJP candidates in closely-contested seats was getting cleared, the party blamed Chief Minister Nitish Kumar, was down in retaining both the Assembly seats that went to bypoll on November 3. In Dumka, Chief Minister Nitish Kumar has won both seats. The party blamed Chief Minister Nitish Kumar and Deputy Chief Minister Sudesh Kumar Singh for being absent during the bypolls, when the two Assembly seats were left vacant due to resignations of two NDA legislators. The party also alleged that the striking difference in the performances of two parties in Dumka and Bermo is less as JMM chief Shibu Soren has won both the seats in bypoll, his party in Dumka and his political mentor Hemant Soren in Bermo.

Though both NDA and Mahagathbandhan had worked hard to gain a victory from both seats, the electoral outcome was unable to make it a maximum impact to the top tally of the marked key 10 Assembly seats in the country, in the 14th general elections. While the Congress has been working hard to retain the seat tally, the top tally of the Grand Alliance candidates from at least 10 seats. The party’s Grand Alliance Chief Minister Nitish Kumar and Deputy Chief Minister Sudesh Kumar Singh were not seen even on the contesting seats in this year’s Assembly elections.

3 Covid-19 deaths bring administration on toes

In this building, democracy and quality of life has been so much threatened by French Revolution that it has become to take flag of these principles, which has become the hallmark of the modern times. To catch the thief, such a great movement is needed. To police the law successfully by an political and military leadership, there is a need of a political arrangement that can be looked forward to democracy. Therefore, India is the indisputable number one political arrangement for democracy; the power of democracy, to be very honest, is the political power for democracy; it is the power of interest, social, economic and political finance, and which has the right to dominate the political arrangement that can match up to democratic power.

However, India, America, and China is a unique and special political arrangement that can be looked forward to democracy. The challenge is accomplished in the modern world. In international politics, the East-West rivalry is a fact, which is not going to disappear. It is not necessary to make any difference to the American interests that will dominate their policy. America can allow the infringement of China in South Asia and South China Sea. The growing domination of China in South China Sea and the One Belt One Road project and the growing influence of China and Russia with the sugar-coating of left ideology which is propelling China to the modern world.

The writer is Registrar, Vinoba Bhave University, and the One Belt One Road guide their policy. America is on guard as the opposite forces are rising. The writer is Registrar, Vinoba Bhave University, and the One Belt One Road project is propelling China to the modern world.

GAIL records 13% rise in turnover to ₹13,611

New Delhi: GAIL (India) Limited recorded a 13% increase in turnover to ₹13,611 crore during the financial year 2022-23 as against ₹12,038 crore in FY22. The group’s EBITDA stood at ₹3,182 crore in FY23 as against ₹2,429 crore in FY22.

The financial year 2022-23 was a challenging one for the global energy sector, with oil prices rising sharply to a peak of $130 per barrel in June 2022 before falling to $80 per barrel by March 2023.

Despite the challenging market conditions, GAIL India Limited continued its focus on operational excellence and cost reduction, enabling it to achieve a significant increase in turnover and EBITDA.

GAIL India Limited is India’s leading natural gas and liquefied natural gas (LNG) company, responsible for the import, transmission, and distribution of natural gas across the country.

India’s market record on vaccine boost

As market climes new highs, net FIH inflows cross ₹14,784 cr in just 7 days

Mumbai: The net foreign institutional investor (FIH) inflows into the Indian stock markets have been an impressive show, with the inflows reaching ₹14,784 crore in the first 7 days of September 2022, a new record. The momentum has been driven by strong inflows during the week of September 5th, with the net inflows reaching ₹9,843 crore.

Head of Retail Research, HDFC Securities, Devarsh Vakil, said that the foreign institutional investors have been showing a preference for Indian equities, driven by the strong performance of the Indian economy and the growth prospects. He added that the inflows have been supported by a combination of macroeconomic factors, including the strong performance of the Indian rupee and the favorable market conditions.

While the inflows have been strong, Vakil cautioned that the market could be volatile in the short term, with a potential for a correction if there are any negative developments.

The current high levels of FIH inflows are also expected to continue in the near future, driven by the strong performance of the Indian economy and the growth prospects.

Sitharaman said while addressing the National Assembly that the government had taken steps to ensure that all accounts were linked with Aadhaar by March 2023.

The move comes as part of the government’s efforts to improve financial inclusion and promote digital transactions.

The African Finance Minister, Nirmala Sitharaman, said that the government had launched a new campaign to promote the linkage of bank accounts with Aadhaar, with a target of linking all accounts by March 2023.

The campaign aims to reach out to the unbanked population and encourage them to open bank accounts, thereby increasing the financial inclusion of the country.

Mumbai: The net foreign institutional investor (FIH) inflows into the Indian stock markets have been an impressive show, with the inflows reaching ₹14,784 crore in the first 7 days of September 2022, a new record. The momentum has been driven by strong inflows during the week of September 5th, with the net inflows reaching ₹9,843 crore.

Head of Retail Research, HDFC Securities, Devarsh Vakil, said that the foreign institutional investors have been showing a preference for Indian equities, driven by the strong performance of the Indian economy and the growth prospects. He added that the inflows have been supported by a combination of macroeconomic factors, including the strong performance of the Indian rupee and the favorable market conditions.

While the inflows have been strong, Vakil cautioned that the market could be volatile in the short term, with a potential for a correction if there are any negative developments.

The current high levels of FIH inflows are also expected to continue in the near future, driven by the strong performance of the Indian economy and the growth prospects.

Sitharaman said while addressing the National Assembly that the government had taken steps to ensure that all accounts were linked with Aadhaar by March 2023.

The move comes as part of the government’s efforts to improve financial inclusion and promote digital transactions.

The African Finance Minister, Nirmala Sitharaman, said that the government had launched a new campaign to promote the linkage of bank accounts with Aadhaar, with a target of linking all accounts by March 2023.

The campaign aims to reach out to the unbanked population and encourage them to open bank accounts, thereby increasing the financial inclusion of the country.

The most obvious reason why technology is disrupting education systems is that it is allowing for more student-centred learning. According to Organisational Development and Change (ODC) surveys, 65% of employees believe that their work would be more effective if they had access to more technology. Therefore, it is essential for educators to be open to adopting new technologies in order to provide an effective learning environment.

Teachers of tomorrow

With education going online, the role of teachers is also going to take a drastic change, says MINAL ANAND

Teachers are the role models for every student irrespective of their age. The role of a teacher is to shape a child’s life that is why education is considered to be one of the most vital and important parts of a child’s life.

In the 21st century classroom, the role of the teacher is not just in terms of teaching. The teacher is a mentor, a role model, a friend, a guide, and a leader. The teacher’s role includes not only imparting knowledge but also inculcating values and morals in the students.

In today’s teaching procedure, discussions, problem-solving sessions, group workshops, projects, and individual assignments are used to develop students’ skills. The teacher has to pay attention to the demands of the students.

Students should play the role of teachers by asking questions to their peers and guiding them to learn. Teachers should give students the freedom to learn at their own pace and time. The teacher should keep them safely engaged, this Diwali.

Amazon Prime bags India right for NZ cricket

Amazon Prime Video on Tuesday announced its debut into live sports in India by acquiring the India territory rights for the New Zealand Cricket through 2025-2026.

With this announcement, Amazon Prime Video becomes the first Indian streaming service to secure exclusive live cricket rights from a major cricketing board.

Gaurav Gandhi, Director & Country General Manager, Amazon Prime Video said in a statement, “We are thrilled to work with New Zealand Cricket on this endeavor as they have a strong, passionate and much-loved cricket team, and the cricketing rivalry between the two countries has been fantastic. We are happy to make this collaboration with New Zealand Cricket our first live sport offering in India, and are confident that our Prime members will be delighted with this initiative.”

David White, Chief Executive New Zealand Cricket, said, “One of NZC’s key goals is to extend our teams’ global reach and to build closer relationships around the world, and, in terms of that particular objective, we don’t think we could be in better hands. India has always been important for viewership of NZC; no other country follows cricket like India, so it’s exciting to be announcing this agreement with India’s leading streamer.”

The Indian territory New Zealand Cricket rights package is the latest in Prime Video’s growing line-up of live sports around the world including Thursday Night Football, the Premier League, ATP Tour Events, WTA, the US Open (tennis), UEFA Champions League, Autumn Nations Cup (rugby), and the Seattle Sounders FC.
KXIP likely to stick with KL-Kumble combo

KXIP Punjab are likely to continue with the captaincy of KL Rahul and Anil Kumble even after the conclusion of the recently-concluded 2021 Indian Premier League (IPL). A source close to KXIP told The Pioneer that the team would like to retain the best use of his experience and the skills of a specialist top-order batsman. ‘It was a very smart move,’ said a team source.

“The management wants to keep a core balance in the team for the coming season, especially with the IPL being a major event for KXIP fans. They are confident that KL Rahul and Anil Kumble will lead the team to success in the upcoming season,” the source added.

The sources further said that KL Rahul will continue as the team’s skipper and Anil Kumble will stay on as the head coach. This decision has been taken at the team’s review meeting held recently, which was attended by all the KXIP franchise officials.

The decision to retain KL Rahul as captain and Anil Kumble as coach will ensure continuity in the team’s leadership and strategy, which is crucial for the team’s performance. KL Rahul has been a solid performer for KXIP in the past, and Anil Kumble’s experience in handling the team will be beneficial.

On the other hand, the source also said that there were discussions about bringing in a new skipper and coach, but the team management decided against it in order to maintain stability in the team’s leadership.

The decision to retain KL Rahul and Anil Kumble is also in line with the team’s overall strategy to focus on building a strong core group of players for the upcoming season. KXIP is expected to make some key additions to its squad in the upcoming auction, and the decision to retain KL Rahul and Anil Kumble will provide the team with a strong foundation to build upon.

The Pioneer’s source also said that the team management has not ruled out the possibility of bringing in a new head coach or captain in the future, but for now, the focus is on retaining KL Rahul and Anil Kumble for the upcoming season.

The team management plans to conduct a detailed analysis of its performance in the 2021 season and make any necessary changes to its squad and strategy for the upcoming season. The team will also focus on developing young talent and ensuring a smooth transition of leadership.

The decision to retain KL Rahul and Anil Kumble is a positive move for KXIP, and it will be interesting to see how the team performs in the upcoming season under their leadership.
