Rahul, Priyanka detained in UP, released

Cong shares pictures of its top leader falling while jostling with police

Pittsburgh (Reuters) - India's Congress Party leader Rahul Gandhi and his sister Priyanka Gandhi were detained on Wednesday by police in the state of Uttar Pradesh hours after they walked into the state capital of Lucknow.

Rains lashed TS for 82 days during June–Sep period

The monsoon this year has drenched more than 300 districts in Telangana, according to the state’s Water Resources Department.

Ground water levels up

The ground water levels in September are better than those in September last year.

2nd-survey shows slow spread of Covid in TS

‘Large numbers of people still susceptible to infection’

The Indian Council of Medical Research (ICMR) has conducted a sero-surveillance survey in selected districts of Telangana to understand the distribution and prevalence of SARS-CoV-2 infection. The survey, conducted from 11th to 13th of September, found that the prevalence of SARS-CoV-2 antibody in the study population was 0.7%. This indicates a slow spread of the virus in the state.

HYD SERO-PREVALENCE SURVEY IN THREE DISTRICTS

The survey was conducted in three districts of Telangana - Rangareddy, Medak, and Nalgonda - to understand the distribution and prevalence of SARS-CoV-2 infection in the study population. The survey found that the prevalence of SARS-CoV-2 antibody in the study population was 0.7%.

Facts in brief:

- The survey was conducted from 11th to 13th of September.
- The prevalence of SARS-CoV-2 antibody in the study population was 0.7%.
- The survey was conducted in three districts of Telangana - Rangareddy, Medak, and Nalgonda.

**DOST phase-II seat allotment for UG released**

The DOST Online Services, TSWREIS (TSSWREIS), has released the DOST phase-II seat allotment for UG.

**In Brief**

The life of a rural villager is going to be improved with the construction of a new road in the village of Sajjanar, near Hyderabad.

**Art Yagnam Project’ to pay tributes to Coronavirus victims**

The Art Yagnam Project, a virtual platform for artists to pay tributes to the 50,000 coronavirus victims, has been launched.

**Take precautions near cable bridge: Sajjanar**

The Cyberabad Police Commissioner VC Sajjanar has said that people should take precautions near the cable bridge.

**‘Role of family vital in health, dignified living of the elders’**

The Governor Dr Tamilisai Soundararajan has said that the role of family is vital in health and dignified living of the elders.

**M S M S E & housing finance witness demand from third and IV areas**

The demand for third and IV areas has been increasing in recent times. The housing finance companies are finding it difficult to meet the demand of these areas.

**Just wanted to do good work: Dr Surajit Dhara**

Dr Surajit Dhara, head of the School of Physics, University of Hyderabad, has been awarded the Shimpi Swarup Mantra (PSM) 2020 for the Finance and Technology 2020. The award is given to young researchers (up to 40 years old) who are working in areas of science, technology and engineering.

**13-year-old missing boy from Hyderabad traced in Tirupati**

A 13-year-old boy who went missing from the Nutanagaram Boarding House colony in the city on Tuesday was traced in Tirupati on Thursday.

**Cancer awareness at a distance:**

Cancer awareness is crucial for early detection and treatment. Several organizations are working towards this goal.

**Hyderabad turns pink for breast cancer awareness**

The Breast Cancer Awareness Foundation (BCAF) has taken the initiative to turn the city pink for breast cancer awareness.

**Cancer awareness run to go virtual amid Covid pandemic**

The Cancer Awareness Run, which is being held in various locations across the country, has gone virtual due to the COVID-19 pandemic.
TRS to follow Huzurnagar mantra in upcoming polls

With a series of elections lined up in the state, the ruling TRS is ensuring that the party's efforts to mobilise voters are stepped up. The party is increasingly reaching out to every nook and corner in the state. In addition, the party is reaching out to all the graduates and is using all its weaponry. The leaders met during elections seriously.

As a part of this strategy, the party has planned two graduate elections, two graduate by-elections, and two sarpanch elections. The party has already taken all these steps along with the previous DLAs, including Dubbaka by-elections, two graduate MLAs, and two sarpanch elections.

The ruling TRS has already decided to give pattadar passes to the graduates, and has made the following announcement:

"The TRS is committed to ensuring that every graduate is given an opportunity to participate in the electoral process. The party will ensure that every graduate is registered as an elector, and that they are able to vote in the upcoming elections. The party will also ensure that the graduates are aware of their rights and responsibilities as citizens of India."

In the past six years, the party has managed to win the elections by using all its resources. The party has deployed two to five in-charges for the same. The party is also planning to deploy its entire machinery for the upcoming elections. The party is confident of winning these elections.

The party is also planning to deploy its entire machinery for the upcoming elections. The party is confident of winning these elections. The party is also planning to deploy its entire machinery for the upcoming elections. The party is confident of winning these elections.

The ruling party has once again taken all forthcoming elections seriously, including Dubbaka by-elections, two graduate MLAs, and two sarpanch elections.

The party has already taken all these steps along with the previous DLAs, including Dubbaka by-elections, two graduate MLAs, and two sarpanch elections.

Maximum impact of Covid felt by women, children

Every effort has been made by various government and non-governmental organizations to focus on women and children, said Harsh Vardhan, Union Health Minister.

The government has been working alongside women and children to ensure that they have access to healthcare and other essential services. The efforts aim to protect vulnerable groups from the economic impacts of the pandemic.

Indian Railways has set up a task force to provide medical relief to pregnant women and children across the country. The task force will work closely with the states and Union territories to ensure that pregnant women and children receive timely medical care.

Prime Minister Narendra Modi has shown strong support for women and children, highlighting the importance of their well-being during the pandemic.

Dr. Harsh Vardhan has emphasized the need for continued support for women and children in the wake of the pandemic. He urged all stakeholders to work together to ensure the safety and well-being of these vulnerable groups.

The government has also taken steps to address gender disparities in the fight against the pandemic. Women have been encouraged to take on leadership roles in their communities, and initiatives have been launched to support women entrepreneurs and small businesses.

However, more needs to be done to address the gender gaps in access to healthcare, education, and economic opportunities. The government is committed to ensuring that women and children receive the support they need to overcome the challenges posed by the pandemic.

PAPER WITH PASSION

When will it stop?

Another rape in UP shows why we need to implement police reforms now and free the forces from political pressure

India enters the implementation phase of its National Education Policy (NEP) 2020 with a focus on transforming education as a means of creating a society that is inclusive and non-discriminatory. The policy aims to provide quality education to all children and reduce the number of dropouts. With the implementation of NEP 2020, there has been a significant transformation in the education system. The policy emphasises the importance of education, culture, and heritage. The new policy should be incisively scrutinised for how far it would link Indians to their roots and to what extent it would give young minds the freedom to choose their own path.

The Balrampur incident is a case in point. In such incidents, the culprits derive benefit by letting them off the hook. And that is why the law should be changed to the extent that the victim's family's presence or consent has to be obtained for a rape case trial. The Government has taken a step towards this by demanding that the officer in charge of a sub-jail file an appeal, but it does not provide closure in this painful situation. The case may be closed for now, pending an appeal, but it does not provide closure in this painful situation.

The new policy should be incisively scrutinised for how far it would link Indians to their roots and to what extent it would give young minds the freedom to choose their own path.

The pilot project has been successful in demonstrating how far it would link Indians to their roots and to what extent it would give young minds the freedom to choose their own path.

The pilot project has been successful in demonstrating how far it would link Indians to their roots and to what extent it would give young minds the freedom to choose their own path.
Can't we just all get along?  

The writer is Union Minister of State for Culture and Tourism

HYDERABAD | FRIDAY | OCTOBER 2, 2020

Gandhi and the environment

The far-sighted Mahatma that he was, Gandhi clearly believed that “there is enough on Earth for everybody's needs but not enough for everybody's greed.” Gandhi, too, had made several discourses on the environment. He had written, "The writer is Union Minister of State for Culture and Tourism, Hyderabad."

The relevance of Mahatma Gandhi’s ideas is increasing with time. The issue of environmental protection is fast becoming a major concern of the world. The results, as seen from the UN’s Global Biodiversity Outlook 5 report's one line summary is, “It can't avoid the consequences of the human actions that are altering habitats, species and ecosystems. If togetherness among people is a key to sustainable management of our planet, as is increasingly accepted, this calls for a greater involvement of individuals in the implementation strategy for nature conservation. Supreme Court’s interventions and legal provisions have ensured that most importantly preventing any irreversible damage to our environment.

Crisil expects bank credit to grow by up to 1 pc in FY21

The leading credit ratings agency said on Friday that the uncertainty surrounding the third wave of the COVID-19 pandemic could impact bank credit growth in India in fiscal year 2021.

Rajiv Anand, MD and CEO of Crisil, said, "At a time when the economy is growing at a modest pace, it is crucial for the banks to ensure that credit continues to flow to the real economy. This would require the banks to take a more pro-active approach to credit growth.

Crisil said that the bank credit growth outlook for FY21 has been revised to a range of 7-11 per cent, from the earlier estimate of 7-13 per cent. It added that the growth outlook will be dependent on factors such as government policies, overall economic growth, and the pace of vaccination.

Crisil also said that the credit growth outlook for Q3FY21 is likely to be lower than that for Q2FY21, due to the ongoing pandemic and its impact on the economy.

Finance Minister Nirmala Sitharaman said that the government is committed to supporting the growth of credit to the real economy. She added that the government has taken various steps to support the growth of credit to the economy, such as reducing the corporate tax rate and providing the National Company Law Tribunal (NCLT) with a host of powers.

Crisil said that the banks need to focus on revenue generation, and that they should continue to adopt a prudent and cautious approach to credit growth.

Crisil said that the banks need to focus on revenue generation, and that they should continue to adopt a prudent and cautious approach to credit growth.

With the centre giving its nod for movie halls to reopen from October 15, NAGARAJ GOUD spoke to Suresh Babu, Madhura Sreedhar and Warangal Srinu on the challenges the theatres will confront while attracting their patrons back.

**CHALLENGING ROAD AHEAD FOR THEATRE BUSINESS**

The talks with Suresh Babu, producer of Manmadhudu 2 which is into distribution and KGF: Chapter 2, starring Yash and Kiara Advani, which is scheduled to release on OTT this October, Madhura Sreedhar, who got the circuit permits, releasing a new film in a few weeks time, and Warangal Srinu, who has given a film on OTT but hasn't completed shoot, had to postpone with commercial films and others.

The final schedule, with which the shoot will come to end, will commit for October 22 and will go on till the month end,” Ananda Prasad said.

**Check to be wrapped up by month-end**

For the resumption of the theatre activity has resumed full-steam ahead but is a challenging road ahead as it will be a further deterrent for the audience to come to theatre. We also don’t know whether they will decide the price cap. If the prices are fixed, it will be a further deterrent for the audience to come to theatre. We also don’t know whether the government will take a decision once they open up. Is it going to be a one-time and watch policy?” he maintains.

Welcoming the decision of the producer, Madhura Sreedhar says that “theatre might have its own issues but government has a role to play. If the state government is not to go with the government as they decide the price cap. If the prices are fixed, it will be a further deterrent for the audience to come to theatre. We also don’t know whether they will decide the price cap. If the prices are fixed, it will be a further deterrent for the audience to come to theatre.

**Content is getting more opportunities due to OTT platforms: Maddy**

A cinema hall owner is trying hand at production.

After the critically acclaimed Parashurami (2019), which launched Rajeev Ravi’s directorial debut and was starring Mammootty and Mohanlal, the upcoming action-thriller”Rajini 190”is expected to reach theatres soon.

The filmmaker is banking on the untitled project. He said that a prominent producer has green-flagged the untitled project. He said that a prominent producer has given the green signal.

**BVS gets back to production again**

The legendary actor, who came back to the silver screen after a long break with the family entertainer Manmadhudu 2 in 2019, is planning to give another family entertainer.

“1st of October marks the birth of my grandfather. We celebrate the legacy of our grandfather. We are offering fresh content. For instance, the Tamil streaming platform is a blessing. The likes of Posani Krishna Murali, Murali Sharma, Jagan Priyam Balaram, Shanthanu Bhagyaraj, Red Pillah and Simmam Choudary are playing supporting roles.

Narasimha Nandi eyes an Oscar nod with his next

K NINDAL is a Telugu screenwriter, director, and actor. Nindal’s next is an Oscar nomination for his next as a romantic drama which will narrate the tale of a young couple whose relationship is riddled due to the decisions they have to take. To keep the audience of the film eager, Nindal has already revealed that he will announce more details at a later time. He has signed up Mahesh Babu, who is the director of photography. While Mahesh Babu will be doing the role of Shahid, he will announce the role of Alia Bhatt.

**Aravind and family to build a studio**

To commemorate the occasion and honour his family, the Allu family bought 15 acres of land in Hyderabad for Rs 25 crore from the Telangana government to build a studio. The land is situated in the famous film colony area of NTR Road in Hyderabad. The studio will be designed with all the necessary equipment and facilities.

**NTR death anniversary in Andhra Pradesh to celebrate**

NANDAMURU BHAJAPU will celebrate the centenary of the legendary actor and filmmaker Allu Aravind on Thursday. The event will be organized by Allu Aravind and his brothers Pawan Kalyan, Balakrishna, Ravi Teja and Allu Arjun.

**NTR’s 100th birth anniversary in Andhra Pradesh to celebrate**

The Andhra Pradesh government has decided to conduct the centenary celebration of Raghupathi Venkanna Satyam in a grand way. The celebrations will be held in all the districts of the state.

**Mollywood, OTT platforms are much more consumer friendly**

Madhurav points out that OTT platforms are much more consumer friendly than the theatre business.

The producers also don’t know whether they will get the interest. We want to come to theatres. We also don’t know whether they will get the interest. We want to come to theatres.

**Tenet**

Tenet, the latest Christopher Nolan film, which released on OTT on September 25, will make a start and see that all the matters have a role to play. “If the producers also don’t know whether they will get the interest. We want to come to theatres. We also don’t know whether they will get the interest. We want to come to theatres.” the producer, Allu Srinu, said.

“I believe the government with all-round safety measures will make it for the public to go for the cinema halls. I believe the government with all-round safety measures will make it for the public to go for the cinema halls. The government has a role to play. If the price cap is decided, the state government will have to decide the price cap. It is going to be a one-time and watch policy. “There is no denying the fact that theatres have a commercial bells and whistles. A section of the audience having a film released on OTT is a common feeling, “said.

Check to be wrapped up by month-end

The makers have a role to play. “If the producers also don’t know whether they will get the interest. We want to come to theatres. We also don’t know whether they will get the interest. We want to come to theatres.” the producer, Allu Srinu, said.

“We are evolving on a trial and error method on all things theatre business. We have learned a lot from the experience of the pandemic. The makers have a role to play. “If the producers also don’t know whether they will get the interest. We want to come to theatres. We also don’t know whether they will get the interest. We want to come to theatres.” the producer, Allu Srinu, said.

Rayudu comeback big boost for CSK

MI thrash KXIP by 48 runs

MI 191/4 (20 overs); KXIP 143/8 (20 overs)

Players face ouster from IPL for bio-bubble violation

The team officials too need to be held responsible. "If anyone feels that anyone is getting away, they may think that they are getting away with it," said Fernandes. "If a player breaks a protocol, then that player has to be held responsible.

IPL 2020: Three big takeaways from the first leg of the season

People have been asking to see Rayudu and Dhawan since the time they played for India U-19 Cricket and now it’s just great to see them both on the field. We have a more balanced line-up and they are scoring freely. It is not just me, everyone is enjoying the game and it is a good feeling, the one we had in 2017.

We had a 360-degree view of the game from our space. The desired fielding and bowling changes. The bowlers also did a fantastic job of limiting the runs. The batting line-up performed well and scored more than 30 runs.

It’s a big boost for us. We have a strong bowling attack and we can chase any total. It’s confident to have Rayudu back in the team. The team is looking good and we can expect to win more games. This is a good sign for us and we will keep working hard to maintain this form.

Rayudu came in to open the innings and scored 48 runs, while Dhawan scored 32. The partnership of 80 runs for the first wicket set the tone for our innings.

Suryakumar Yadav also scored 44 runs, while Ishan Kishan and Suryakumar Yadav added 44 runs for the second wicket.

In response to CSK’s 191/4, KXIP could only manage 143/8 in 20 overs. Mayank Agarwal top-scored with 32, while Krunal Pandya and Prasidh Krishna did well with the ball.

CSK have won the League Cup four times in the last five seasons and are looking to retain the trophy this year as well.

Manchester clubs progress in League Cup

Sunday’s matches

City won the League Cup in 2017, 2018, 2019 and 2020, but have now reached the final for the first time since 2018.

The team is looking to take the trophy once again and is looking forward to the final.

Vinicius wins for Real

He scored a goal and provided an assist in the 3-0 win over Rapid Vienna in the UEFA Champions League.

The win means Real Madrid have now won four out of their last five matches in all competitions.

Vinicius also scored against Rapid Vienna and is a key player for Real Madrid in the Champions League.
