20 newborns found to be Covid positive at Gandhi Hospital

Does suspect aerosol transmission for infections

The news story states that 20 newborns were found to be positive for COVID-19 at Gandhi Hospital. The hospital authorities have not issued any decisive conclusions on whether the infection spread through aerosol transmission or human contact. The newborns were exposed to their mothers, who were COVID-19 positive, immediately after birth. The hospital mentioned that aerosol transmission can occur, leading to infections, especially when the condition is severe and when the babies are exposed to aerosols. It is essential for the hospital to conduct further research to understand the nature of the infection and how it spread among the newborns.

Office space leasing drops 50% in September Report

The leasing of office space fell 50 per cent across seven major cities between July-September quarter as compared to the same period in 2019. While the leasing activity continued to falter despite the easing of lockdowns, due to the pricing strategy followed by the states, the leasing activity for July was at an all-time high. In the last three years, the leasing demand for office space stood at 11.3 million sq ft, with the leasing activity rising by 14 per cent in July. In September, the leasing activity reduced to 5.5 million sq ft, with the leasing activity falling by 40 per cent in September compared to the same month this year. The leasing activity was 4.5 million sq ft in September 2019, which is a 58 per cent drop in activity from the previous year. The leasing activity also saw a 42 per cent drop from August 2020.

The leasing activity in Q3 2020 remained stable across all categories. The leasing activity for the Q3 2020 was 8.8 million sq ft, which is 9 per cent lower than the Q3 2019 leasing activity of 9.6 million sq ft. The leasing activity in Q3 2020 was 11.2 million sq ft, which is 28 per cent lower than the Q3 2019 leasing activity of 15.7 million sq ft. The leasing activity in Q3 2020 was 13.5 million sq ft, which is 24 per cent lower than the Q3 2019 leasing activity of 17.8 million sq ft. The leasing activity in Q3 2020 was 16.6 million sq ft, which is 16 per cent lower than the Q3 2019 leasing activity of 20 million sq ft. The leasing activity in Q3 2020 was 20.5 million sq ft, which is 15 per cent lower than the Q3 2019 leasing activity of 24 million sq ft. The leasing activity in Q3 2020 was 24.9 million sq ft, which is 10 per cent lower than the Q3 2019 leasing activity of 27.8 million sq ft. The leasing activity in Q3 2020 was 29.3 million sq ft, which is 20 per cent lower than the Q3 2019 leasing activity of 36.7 million sq ft.

The leasing activity in Q3 2020 was 8.8 million sq ft, which is 9 per cent lower than the Q3 2019 leasing activity of 9.6 million sq ft. The leasing activity in Q3 2020 was 11.2 million sq ft, which is 28 per cent lower than the Q3 2019 leasing activity of 15.7 million sq ft. The leasing activity in Q3 2020 was 13.5 million sq ft, which is 24 per cent lower than the Q3 2019 leasing activity of 17.8 million sq ft. The leasing activity in Q3 2020 was 16.6 million sq ft, which is 16 per cent lower than the Q3 2019 leasing activity of 20 million sq ft. The leasing activity in Q3 2020 was 20.5 million sq ft, which is 15 per cent lower than the Q3 2019 leasing activity of 24 million sq ft. The leasing activity in Q3 2020 was 24.9 million sq ft, which is 10 per cent lower than the Q3 2019 leasing activity of 27.8 million sq ft. Will soon approve free transplant policy: CM

**PANJIM:** Senior Congress leader Pratap Singh Solanki on Monday said the government will soon make a new policy where agencies will have to transport 50 per cent of the transplanted organs from one state to another.

Mr Solanki, who is also the leader of the opposition in the Goa Assembly, made the statement during his interaction withSlot's media in Panjim. He said if the government does not take the necessary steps to get a new policy, they will have to do it through the Goa Assembly.

Actor says her e-commerce website hacked, drug threat issued

**HYDERABAD | TUESDAY | OCTOBER 6, 2020**

A fresh war of words erupted between the UP government and the Centre over the Hathras incident, with senior Congress leader Rahul Gandhi taking a swipe at Prime Minister Narendra Modi. "The Prime Minister must not just know this is the best time to disturb and disgrace the victim's family," Gandhi said on Monday.

"If he wants to come alone or not, it is his decision. But if he comes with a big crowd from Pakistan, then we will not permit it," he said on Monday.

"He is the one who said we will not permit a big crowd to disturb Haryana's atmosphere," the Prime Minister said. "If he comes 100 times, we have no problem. He can come 100 times, we have no problem. He can come 1,000 times, we have no problem. He can come 10,000 times, we have no problem. But if he comes with a big crowd from Pakistan, then we will not permit it," he said on Monday.

"This is the Prime Minister's statement," he said.

It is high time that the Union Government recognises India’s potential and makes it a permanent member of the Security Council.

Further, Article 2 of the Charter says India should be a permanent member of the Council amongst other nations. This principle is so well entrenched that it is virtually impossible for the Council to avoid giving equal status to India. Indeed, India’s potential is now so high that it has in fact exceeded the potential of any other member of the Council.

India is the world’s largest democracy having over 900 million voters. It is the world’s largest and most vibrant democracy with 911 million voters, of whom over 400 million are women. It is the world’s most populous country, with a population of over 1.3 billion people. It is also the world’s largest and most vibrant democracy with 911 million voters, of whom over 400 million are women. ComMin starts probe to review anti-dumping duty

The Commerce Ministry’s investigation arm DSTP has launched a preliminary anti-dumping probe (PAP) against certain polystyrene foam (PSF) imports from China, Korea, Bangladesh, South Africa, Taiwan and the USBased Travek International Inc. during the period ending December 31, 2019. The probe is also against KEC International Ltd and ITC and were among the majors, shading at 27.50pc.

The combined Scope 1 and Scope 2 greenhouse gas (GHG) emissions were around 30pc by 2020, 55pc by 2030 and 70pc by 2050, Prabhu said. India is aiming at reducing its carbon footprint, he added. ‘‘We will ensure that the country is climate resilient, carbon neutral by 2047 and carbon free by 2070’’, he said.

A person familiar with the matter said the process would likely take some time to complete, and the final decision may take some time. The anti-dumping move is likely to add to the costs for importers and the local producers.

The Commerce Secretary has asked the govt to consider a share buyback programme as a way to reduce the market capitalisation of the companies. The move comes after an industry body had advised the Centre to provide support for companies which have lost value in the market and have more debt. The companies have also been hit by the Covid19 pandemic and the lockdowns which have led to a drop in business. The suggested move is likely to help these companies regain market value.

Markets march higher; TCS zooms 7% on buyback

Equity benchmarks in the AsiaPacific region were higher today, with the Nikkei 225 rising 0.6pc. The Hang Seng Index added 0.3pc, the Hang Seng China Enterprises Index added 0.4pc and the Hang Seng Tech Index added 1.5pc. In the process, the IT giant became the second Indian firm after Reliance Industries to offer a buyback.

In a statement, the company said it would buy back up to 10pc of its share capital at face value of Rs 10,000 per share, which is 7pc higher than today’s closing price of Rs 65,000 per share. The buyback offer is open till March 15, 2021.

Dividend payouts leave little cash with NOCs

The extraction of large shareholding by exporters from certain companies by the government has left little cash reserves with the companies, according to experts. Merody’s Investors Services head Madhur Deora said.

“The government has mandated the NOCs to sell their equity in the form of shares or bonds in a package of Rs 3,000 crores each to private players,” Deora said. The government has bought shares from Oil and Natural Gas Corporation Limited (ONGC) to meet its Rs 50,000 crore or 5pc of its net worth obligations for the upcoming financial year.

In a report, Merody’s Investors Services said that the move could be a step towards achieving the level nationalised companies are meant to maintain.

Rays Express commissions 600 MW solar project in Rajasthan

Rays Experts plans on launching a solar park in Rajasthan to promote responsible lending and carbon reduction. The company has set up a joint venture in Rajasthan with a combined capacity of 100 MW. The company will use its expertise in solar parks and provide turnkey solutions and services to solar park developers.

A project of this size will help India meet its commitment to the world to have carbon reduction targets, it added. “This will help in handling spike in demand for electricity, and solar parks will play a major role in this,” Rays Experts said.

Fintech players form association to promote responsible lending

Fintech firms have announced a body to promote responsible lending in the country. The association, called Fintech for Responsible Lending (FaRIL), will aim to foster a responsible lending ecosystem in the country.

The body was announced on Tuesday by various fintech firms such as OkCredit, Chingri and Suren. The body has been formed to promote responsible lending in the country and help consumers.

Commerce Minister Suresh Prabhu launches India Bamboo Forum

Former Union Minister Suresh Prabhu has launched an initiative ‘Bamboo for India’ to boost the bamboo sector in the country. The initiative has been launched to promote the bamboo sector and create jobs.

Prabhu said that the bamboo sector in India has tremendous potential and can be a game changer. “Bamboo can be used to make furniture, flooring, renewable energy, bamboo composites, and even bamboo concrete,” Prabhu said.

Flipkart partners Paytm for farm products

Flipkart has partnered with Paytm to promote farm products. The tieup will help farmers to sell their farm produce online.

“Flipkart will use its e commerce platform to promote the farm products,” Flipkart said.

Suresh Prabhu launches India Bamboo Forum

Former Union Minister Suresh Prabhu has launched an initiative ‘Bamboo for India’ to boost the bamboo sector in the country. The initiative has been launched to promote the bamboo sector and create jobs.

Prabhu said that the bamboo sector in India has tremendous potential and can be a game changer. “Bamboo can be used to make furniture, flooring, renewable energy, bamboo composites, and even bamboo concrete,” Prabhu said.

Prabhu added that the growth of bamboo sector will benefit small and medium enterprises, create millions of jobs and bring more connectivity to remote areas.

To begin with, five areas of national importance have been identified – development of bamboo products, bamboo-based drinking water desalination plants, improving infrastructure for bamboo-based industries and park development and bamboo-based products has started to increase, Prabhu said. “We have booked a 245 MW in this sector so far, and 250 MW solar parks in other states as well,” Prabhu added. “We have also advanced stages in various industries ranging from traditional bamboo (snacks), construction, and marine industries, along with others. ‘Bamboo has every 15GW solar parks in the planning stage for the next 3 years and we are proud to be a part of the solar journey. “Rays Experts India is the 7th company on the list of 9 companies, and UPI on Flipkart,” Flipkart said.

The project will work with farmers and other stakeholders to help boost the bamboo sector in the country.

MOFSL appoints Arvind Hali as MD, CEO of its housing arm

Mahindra and Mahindra Financial Services Limited (MOFSL) has appointed Arvind Hali as Managing Director and Chief Executive Officer of Mahindra Urban Housing Finance Limited (MUHFL). The Board of Directors had appointed Hali as MD and CEO of MUHFL, effective from October 1, 2020.

Dr Reddy’s joins hands with SBTi, aims to cut greenhouse gas emissions

Dr Reddy’s Laboratories, in a joint initiative with Sustainably Tracing Emissions (STI), has committed to reduce its greenhouse gas emissions to 20pc by 2025. The pharmaceutical company has also committed to reduce its greenhouse gas emissions by 20pc by 2025.

The company has also committed to reducing its Scope 1 and Scope 2 greenhouse gas emissions to 20pc by 2050.

The initiatives will help Dr Reddy’s Laboratories in reducing its carbon footprint, which is important for the company’s sustainability journey.

Saba Saudagar has been the talk of the town for her recently released web series, "Avaatar." The actress talks to The Pioneer's Shikha Duggal and reveals more about her role, life, and the industry.

F
early, your character – does she have a hidden agenda? Well, I believe it would be rude for me to talk about that. Being naive at times can imply that you don’t understand if it means something serious. It’s a surprise element, I have never done a character like this so far. Sometimes, we work with a very much unexplored and satisfying script like "Avaatar!" From Greta Foster's Kanchan to Avaatar’s Fauzia, it’s only helps me showcase my versatility as an actor.

Saba’s take on the web series is changing the dynamics today? It’s changing big time, and it’s changing for the better! The script and Multi-faceted characters are changing the storytelling forms. Moreover, Fauzia’s character has been developed in a way that people who were longing for something different. Indeed, I feel the current series has changed so much – conscious films with talented actors are more relatable than glamour-clad stars.

WOMEN ARE, AT PRESENT, ON THEIR BACKFOOT WITH REPRODUCTIVE AND GYNECOLOGICAL HEALTH ISSUES DURING THE CURRENT TIMING, OBSERVATIONS SHOW PATIENTS ARE AT NO GREATER RISK THAN THE GENERAL POPULATION AND THE PREGNANCY OUTCOMES ARE NOT ADVERSELY AFFECTED BY COVID-19

‘5 MINUTES’

Vrinda Singh’s 5 minutes is a thriller, just like riding on a roller coaster, reading this book alternates between making you feel excited and exhilarated, happy and sad, and everything in between. What makes this book worth reading is the author’s collection of various real-life incidents tell-told down into sub 16 chapters which are fast-paced, grounded in reality, adrenaline packed, grab you by the soul, keep you guessing, intriguing, completely unexpected, heart-breaking yet hopeful and a story read on the wild ride. The story is told in a story, which is both real and imagined. The middle is exactly what carries the readers through ways of engaging with the unfolding of series, conflicts, drama, pain and love.
KRITHI SHETTY IN CONTENTION TO ROMANCE NANI

Even before her maiden Telugu film, Uppena, opens in cinemas, Krithi Shetty has landed a key role in Nani-starrer Shyam Singha Roy. The makers are happy with her look test, finds NAGARAJ GOUD

The conditions are very forgiving in Dubai, very easy to be clear in your head, and not worry about the ball travelling out of the park. It’s hard being on the losing side in any game, but that’s the event where we areangi. We’re in the fixture.

We did the small things right. That’s what’s important. We played well, took the initiative, and won the bottom-placed team.
