DESI AIRCRAFT CARRIER
BEGINS SEA TRIAL

New Delhi: The much-awaited sea trials of India's first indigenous aircraft carrier Vikrant, the largest and most complex warship built in the country, began on Wednesday, a development described as "historic" by the Indian Navy. With the launch of the sea trials of the aircraft carrier, India has joined a select group of countries having niche capability to indigenously design, build and integrate a state-of-the-art aircraft carrier, the Navy said.

SCREEN TIME DAMAGING
EYES OF KIDS

New Delhi: As schools are closed and children being restricted to four walls of their homes due to Covid-19, spending more time on watching screen, they are becoming victim to Myopia, in which the shape of the eye changes, causing light rays to bend (refract) incorrectly, focusing images in front of, instead of on the surface of, the retina, researchers have said.

TWITTER GETS NPCR
NOTICE FOR RAHUL POST

New Delhi: National Commission for Protection of Children's Rights has issued a notice to Twitter India, directing it to delete a photo posted by Congress MP Rahul Gandhi that reveals the identity of the Dalit girl whose rape, murder and forced cremation in Delhi has sparked furious protests. The NPCR has contended that the tweet violates the Protection of Children from Sexual Offences Act and the Juvenile Justice Act.

Dahiya assures 4th Oly medal for India

Neeraj qualifies for javelin final; Lovlina clinches bronze; Indian women hockey to fight for bronze

PTI ■ TOKYO

Ravi Dahiya's charge into the final assured India of a fourth Olympic medal as wrestlers sent the country's hopes soaring, while javelin thrower Neeraj Chopra turned on the style to script history in qualification itself on a day when most things went spectacularly well for the contingent, except for the heartbreak in hockey and boxing.

While Dahiya will fight for Gold on Thursday, Chopra will stake his claim for India's maiden track-and-field Olympic medal on Saturday.

The Rani Rampal-led women hockey team lost 1-2 to Argentina in the semifinals but stayed in the hunt for a medal. The courageous bunch, which has exceeded all expectations by coming this far, will play Great Britain on Friday for a Bronze medal.

The Indians fought valiantly and gave Argentina a run for their money by taking the lead in the second minute through a penalty corner conversion by Gurjit Kaur.

But the Las Leonas bounced back strongly with skipper Maria Barrionuevo's (18th, 36th minutes) twin strikes from penalty corners to secure the hard-fought win.

On Thursday, the men's hockey team will eye a Bronze

Ravi Dahiya competes against Kazakhstan's Nurislam Sanayev during the 57kg Freestyle semi-final wrestling match at the 2020 Olympics in Chiba on Wednesday

AP

medal, its first podium finish in 41 years, when it takes on Germany in the third-place playoff.

In the boxing ring Lovlina Borgohain (69kg) signed off with a bronze medal after her showdown against reigning world champion Busenaz Surmeneli of Turkey ended in a crushing 0-5 loss.

Borgohain became the third Indian boxer to fetch a Games medal after Vijender Singh (2008) and M C Mary Kom (2012).

The Panipat lad Neeraj Chopra etched his name in history books in the qualification round itself when he became the first javelin thrower to qualify for the Olympic finals

and also the first to top the charts with an impressive 86.65m effort.

But it was another 23-year-old, Dahiya, who emerged as the undisputed star of the day.

The son of a farmer from Haryana's Nahri village, who is competing in his maiden Olympic Games in the 57kg category, first outclassed

Colombia's Tigreros Urbano (13-2) in his opener and then outwitted Bulgaria's Georgi Valentinov Vangelov (14-4).

In his semi-final clash against Kazakhstan's Nurislam Sanayev, he conceded the lead but bounced back like a seasoned professional to march into the finals, becoming only the second wrestler after dou-

Neeraj Chopra competes in the qualification round of the men's javelin throw at the 2020 Olympics in Tokyo on Wednesday

AP

ble Olympic-medallist Sushil Kumar to achieve the feat.

He will be up against reigning world champion Zavur Uguev of Russia to whom he lost in the 2019 World Championship semi-finals.

"I had no business conceding that much lead against Sanayev. I am not happy with it," the usually reticent Dahiya told *PTI* after his impressive performance.

"I still have some unfinished business to do. I came with a target here and that is not complete yet (winning Gold)."

Others in medal contention are Deepak Punia (86kg) and Anshu Malik

(women's 57kg). While Punia lost in the semi-finals to get a direct entry into the Bronze-medal playoffs, Malik has made the repechage round after European champion Irina Kurachikina, who beat her in the opening round, made the finals.

On the golf course, Aditi Ashok got off to a brilliant start, carding a four-under 67 in the opening round for a share of the second spot at the Kasumigaseki Country Club.

India's other entrant in the field, Diksha Dagar (76), however, had a rough start in her maiden Olympics as she had five bogeys and no birdies to lie at the tied 56th spot.

Covid19: Over 50k get jabbed in State

PNS ■ RANCHI

Jharkhand on Wednesday vaccinated about 50,000 residents against Covid-19 and almost 40,000 of the beneficiaries who got jabbed on the day were younger than 45 years, figures compiled by the health department highlighted.

As per provisional data released by the National Health Mission (NHM), at least 37,860 residents were administered the first dose of vaccine on Wednesday, while 14,759 beneficiaries got their second jab. As many as 29,477 residents in the age bracket of 18 years to 44 years got their first dose of vaccine, while 8,496 beneficiaries from the same age group got their second jab, NHM data highlighted.

Data available on the Co-Win portal highlighted that at least 834 session sites were operational across Jharkhand on the day. Close to 4000 Ranchi residents were inoculated at 27 session sites, while 19 session sites administered vaccine jabs to almost 3000 residents in East Singhbhum, as per data on Co-Win platform.

As per data shared by the NHM on Wednesday evening, Jharkhand had 4,76,210 doses of vaccines available in stock, enough to last about four days. According to NHM, the state has so far received 1,01,66,910 vaccine doses from the Centre

People stand in a long queue to get the COVID-19 vaccine at a vaccination centre in Ranchi on Wednesday

Ratan Lal

and administered 98,78,690 doses.

Meanwhile, the active caseload of Covid-19 continued to dip on Wednesday as the state reported 41 Covid recoveries against 30 fresh cases of infection, highlighted a bulletin from the NHM. As per NHM data, as many as 223 Jharkhand residents were battling a Coronavirus infection by the end of Wednesday.

However, the active caseload in Ranchi, Dhanbad and East Singhbhum witnessed a spike as fresh cases outnumbered recoveries in these districts.

As per NHM data, at least seven cases against two recoveries took the active caseload in

Ranchi to 52, while six cases against only one recovery took the active caseload in Dhanbad to 19. In East Singhbhum, three fresh cases surfaced and two patients recovered. The active caseload there was 14 on Wednesday.

At least 15 of 24 districts in Jharkhand did not report fresh cases of Covid-19 on the day. The state on Wednesday tested swab samples of 49,946 residents and 0.06 per cent of them were found infected by the deadly virus. So far, over 3.47 lakh people have been infected by coronavirus in the state and 98.45 per cent of them have recovered, while 1.47 per cent of patients could not survive.

AI suffered ₹70K cr loss after merger with IA: Govt

VK Singh said financial bids for Air India are likely to be received from qualified interested bidders by September 15 this year.

PNS ■ NEW DELHI

The Air India has been suffering heavy losses since its merger with Indian Airlines in 2007 and it has accumulated losses of about ₹70,820 crore till March 31, 2020.

In a written reply to MP Mahesh Poddar in the Rajya Sabha on the current financial condition of public sector airline company and the Government's initiative for its disinvestment, Minister of State for Civil Aviation VK Singh said financial bids for Air India are likely to be received from qualified interested bidders by September 15 this year.

The Minister said the major reasons for the losses include high interest the burden on debt due to bulk purchase of aircraft in the past. "The Government has decided to go for strategic disinvestment due to its fragile finances and its continued and accumulated losses," he added.

from Giridih district'

The deceased judge was conducting trials of many sensitive cases and he was under threat for annoying mafias and criminals. The CCTV footage gave credence to the doubt that it was a well-planned murder rather than a case of hit and run.

The death had badly shaken-up the judiciary and Bar across the country as Jharkhand High Court remarked that it was not a case of hit and run but a brutal murder of a judicial officer.

Chief Justice of India NV Ramana expressed shock over the death and said that judicial officials across the country have been facing threats, which is a matter of concern.

Opp blames Govt for Parl logjam

Govt maligning us for disruption, we stand united on Pegasus debate demand: Opp

PNS ■ NEW DELHI

Leaders of as 14 Opposition parties on Wednesday said the responsibility for the Parliament logjam lies squarely with the Centre and urged it to respect Parliamentary democracy by accepting their demand for a discussion on the Pegasus controversy and farmers' issues.

Issuing a joint statement, 18 leaders from 14 parties said it is unfortunate that the Centre has "unleashed a misleading campaign to malign the combined Opposition" and blaming it for the continued disruption of Parliament proceedings.

The joint statement comes a day after the Opposition leaders met over breakfast hosted by Congress leader Rahul Gandhi and drove on bicycles to Parliament in protest.

"The responsibility for the

deadlock lies squarely at the doorsteps of the Government, which remains arrogant and obdurate and refuses to accept the Opposition's demand for an informed debate in both the Houses," read the statement.

"The Opp parties stand firm and united on their demand for a discussion on Pegasus issue in both the Houses, replied to by the Home Minister, as this has national security dimensions," it said.

Earlier, a group of seven Opposition parties led by former NDA ally Shiromani Akali Dal submitted a memorandum to President Ram Nath Kovind urging him to direct the Govt to allow a full-fledged discussion in both the Houses on a range of issues they have been protesting ever since the Monsoon session started.

6 TMC MPs suspended for day for showing placards, defying Chair

PNS ■ NEW DELHI

Rajya Sabha Chairman M Venkaiah Naidu on Wednesday suspended six TMC MPs for the day for carrying placards while protesting along with other Opposition MPs over the Pegasus spying issue.

Soon after the Rajya Sabha assembled for the day, slogan-shouting TMC and other Opposition MPs trooped into the Well of the House, some holding placards, to demand a discussion on the issue of Israeli-made Pegasus spyware allegedly being used to snoop on Opposition leaders, Government critics and journalists. The Chairman first asked members to go back to their seats and then threatened to invoke rule 255 against

those holding placards. As the members refused to budge, he ordered that those "not obeying the Chair and raising placards shall leave the House under rule 255."

He, however, did not name anyone and said Rajya Sabha Secretariat will give the list. Later a Parliamentary Bulletin identified the six MPs suspended for the day as Dola Sen, Md. Nadimul Haque, Abir Ranjan Biswas, Shanta Chhetri, Arpita Ghosh and Mausam Noor.

Smart TV installed at Salima Tete's house on CM's order

PNS ■ RANCHI

On the instructions of Chief Minister Hemant Soren, the Simdega district administration has installed a Smart TV at the house of Olympian hockey player Salima Tete. Along with this, a set top box has also been installed to see Salima playing live. District Sports Officer Tushar Roy informed that a 43-inch Smart 4K TV has been installed at Salima's house. It may be known that the problem of Salima's family members due to non-availability of TV was brought to the notice of the Chief Minister. After that, showing sensitivity, the CM directed the district administration to take immediate action. The Indian women's hockey team also includes Salima Tete, daughter of Jharkhand. Team India performed better in the Tokyo Olympics, defeating the Australian team 1-0 and reached the semi-finals. Salima's semi-final match was watched by her family members and villagers on the TV set by the government.

Chief Minister Hemant Soren listening to the problems of the people on the Chief Minister's residential office premises, in Ranchi on Wednesday

PNS

Jharkhand's daughter Salima Tete struggled, sweated in the field and made her place in the Indian women's hockey team at the Olympics. Representing the country, she also performed amazingly with a stick in the field, but Salima's family and villagers were unable to see Salima playing in Tokyo Olympics due to lack of TV. As soon as this came to the notice of the Chief Minister, Deputy Commissioner, Simdega, Sushant Gaurav was directed to solve the problem.

Taking immediate initiative, the DC directed District Sports

Officer Tushar Roy to install a TV at Salima Tete's house before the semi-final match. The instructions were implemented and Salima's family members and villagers were also able to watch the semi-final match live on TV.

The Simdega DC said that it is a matter of pride for the State and the district that Salima is included in the Indian women's hockey team. This will inspire sports lovers. District Sports Officer Tushar Roy informed that during the TV installation at the house of Indian hockey player Salima

Tete, Secretary, District Hockey, Manoj Kombegi was also present.

Meanwhile, CM Hemant Soren has congratulated wrestler Ravi Kumar Dahiya for winning the semi-finals in Tokyo Olympics. The Chief Minister said that Ravi Kumar Dahiya ji should increase the honour of the country by performing better in the final also. The CM has also congratulated Lovlina Borgohain for winning the bronze medal in the boxing event of Tokyo Olympics. He said that another daughter of the country made the country proud by winning a medal in the Tokyo Olympics. Soren on Wednesday met people from different parts of the State at his residential office premises. During this, people apprised the CM about their problems and urged them to solve them. The CM said that listening to and resolving the problem of the people has been his priority since the beginning. He assured the complainants that appropriate action would be taken for speedy resolution of their problems.

Delhi unit of CBI to probe Dhanbad judge murder case

VIJAY DEO JHA ■ RANCHI

The Central Bureau of Investigation (CBI) on Wednesday announced it has taken-over investigation of the alleged murder of Dhanbad district court Judge Uttam Anand and an FIR has been lodged in Delhi on Wednesday evening.

Sources said that the FIR (RC 04/2021) has been lodged at CBI/SC I unit of the agency in Delhi.

"A Special Investigation Team (SIT) has been formed comprising 20 officials. The SIT is set to reach Dhanbad by tonight. The forensic team is also likely to join on the spot investigation within a couple of days. Possibly, the forensic

team may join the investigation tomorrow," sources said.

The CBI ASP Vijay Kumar Shukla will head the investigating team. The CBI has registered the original FIR lodged by Kriti Sinha; wife of the deceased judge, as a regular case. Notably, the CBI has kept its Jharkhand, Bihar and Bengal unit out of the loop of this case. However, the CBI sources did not attach much importance to this if the Delhi unit had been roped for investigation. The CBI took-up the investigation on the basis of the recommendation of the Jharkhand government. Given the mood of the Supreme Court and Jharkhand High Court; Jharkhand government had realized that the top judi-

ciary doesn't trust Jharkhand police and the judiciary can suo moto ask the CBI to investigate the case. Hence the state government recommended a CBI probe. On Tuesday during the hearing of the case the double bench of Chief Justice Dr Ravi Ranjan and Justice Sujit Narayan Prasad snubbed Jharkhand police for botching-up the investigation. The court asked the CBI to take-up the investigation immediately before "they (Police) destroy evidence." On July 28, the judge was knocked down by an auto rickshaw when he was jogging on the roadside in Dhanbad. The next day police arrested auto drivers Lakhan Verma and Rahul Verma and the auto used in the crime was seized

Covid vaccination resumes with 4K fresh doses

PNS ■ JAMSHEDPUR

After a brief lull, vaccination in various urban and rural centres of East Singhbhum district have started as a lot of 4000 Covaxin shots have reached here in the city. Sources in the health department said that several centres in both urban and rural areas had to be closed down due to short supply of vaccine doses. However, it has resumed with fresh supply.

A health official informed that the beneficiaries are being vaccinated by ensuring compliance of all safety standards and Covid -19 protocol at the vaccination site. Vaccination of beneficiaries is being done on a first come first serve basis at Walk in Center. This will not only keep us safe but our relatives and the whole society will be safe from this pandemic.

Centres like Rabindra Bhawan in Sakchi and

Rajendra Vidyalaya School provide vaccine doses through online slot booking while two other centres were meant for the age group above 45 years.

As many as 15 centres in various rural blocks of East Singhbhum provided the vaccine doses for 18 plus while two centres were earmarked for vaccination to those 45 years and above. Two rural centres also offered vaccination through the walk-in mode.

District surveillance officer Sahir Pal said that the vaccination drive is expected to continue. "We are expecting more doses of both the vaccines from Ranchi today," he said.

Jamshedpur has seen a sharp decline in their total cases in the past nine weeks. East Singhbhum district administration has conducted 470257 tests per million in the district.

The recovery rate in

Jamshedpur is 97.92% while the mortality rate is 2.04 %.

East Singhbhum deputy commissioner Suraj Kumar had earlier directed officials to carry out large scale testing, treatment and surveillance in

order to bring down active cases and new infections. Further instructions have been issued to individual district officials in a series of meetings to prepare for a possible third wave of infections

Red Cross Society to procure Sputnik V vaccine

PNS ■ JAMSHEDPUR

If everything goes as planned the high efficacy Sputnik V vaccine will be available in the city. The Indian Red Cross Society, East Singhbhum has placed orders for procuring the vaccine. They are expected to be available to the people around mid-August.

Senior officials of the Indian Red Cross Society said that they have made advance payment for procuring the vaccine doses. "We have been trying to procure the vaccine, which is in huge demand. We have already made an advance

payment for getting the vaccine.

The vaccine will be given on a no-profit, no-loss mode. It will be a paid service. One dose of Sputnik V vaccine will cost around Rs 1,600," said the official of East Singhbhum unit of Indian Red Cross Society. He said the consignment of the vaccine is expected to arrive in the next one week from Mumbai. Tata Main Hospital management had also taken initiative in fetching the Russian-made vaccines. Talks were on for the Sputnik vaccines and the process of procurement of the vaccine.

Director (Pers), visits CCL Ke Lal and Laadli smart classroom

PNS ■ RANCHI

Director (Pers), CCL, PVKR Mallikarjuna Rao, visited the smart classroom, situated on the premises of Gandhinagar Colony, before resuming classes for 12th standard. Online classes continued during the Covid-19 pandemic and offline classes are scheduled to start shortly. CCL Ke Lal and Laadli is a pioneering CSR initiative of CCL, the Jharkhand-based subsidiary of Coal India in the education sector.

Under this scheme the meritorious students belonging to the downtrodden sections of society selected through a statewide test get free coaching for IIT, lodging, schooling and boarding facilities. Ex-IIT alumni, who are regular employees of the company impart education to them. Since its establishment, the scheme has achieved stupendous success and many stu-

dents of the previous batches are studying in the premier engineering colleges of the country, including IITs, NITs. Many Students are also working with leading corporate sector companies.

Rao, who is Director (Pers), BCCL and has been given additional charge of CCL, also visited the hostel for students of CCL Ke Lal and Laadli scheme and inspected the facilities available. He instructed the authorities to augment the

facilities available in the hostel so that students do not face any difficulty during studies. Shri Rao interacted with the faculties and congratulated them for their sincere efforts and the success of the students.

Prior to it, Director, CCL/BCCL met Baban Rawat, Vice President, National Commission for cleanliness workers, which is acting as a Non-Statutory body of the Ministry of Social Justice and Empowerment.

State BJP prez, Ranchi MP oppose ‘demolition’ of Sewa Sadan

RMC claims demolition is as per Municipal Act

ROSHAN KUMAR ■ RANCHI

The Ranchi Municipal Corporation's (RMC) plan to demolish Capital's oldest health hub Sewa Sadan on alleged charges of violating building bylaws has heated up with State BJP unit president cum rajya Sabha MP Deepak Prakash , Ranchi MP Sanjay Seth and RMC Deputy Mayor Sanjeev Vijayvargiya jumping in defence of hospital. Seth, the BJP parliamentarian, termed the Civic body's decision to demolish the health hub as "Tughlaqi" farman.

Seth said that the Sewa Sadan at Upper Bazar is rendering medical service to people of Capital before the existence of Ranchi Municipal Corporation. He said that the Sewa Sadan is providing service to people especially those from middle and lower income groups at an affordable rate. He

said, "In such a situation when the hospital is catering to the needs of poor and middle class society, the Government's decision to demolish the hospital is against people's sentiments." The Ranchi MP also attacked the State government decision to demolish several houses and shops at Upper Bazar area, the biggest trade hub of the Capital.

He said, "These shops and houses existed for decades. These houses and shops have electricity bills and corporation fees receipts. Where were these corporation officials and staff when these buildings were coming up?" The Ranchi MP demanded action against such officials and staff of RMC for giving permission to construct

such buildings.

BJP state president Deepak Prakash too said that the State government can regularize such buildings, which does not fulfill the criteria of RMC rather than demolishing hospitals which caters to the needs of poor people. He said that the staff and officials of RMC should act as per corporation

law, but in this case it appears that RMC employees are working against people's sentiments on the direction of the State Government.

Echoing the views of Ranchi MP, RMC deputy Mayor Sanjeev Vijayvargiya said that Sewa Sadan is existing since 1960 when there was no agency to issue maps. He said, "As per my information building bylaws does not comply with buildings which were constructed before 1974 and in such a situation the decision to demolish Sewa Sadan is against the corporation law."

Even the management of Sewa Sadan has opposed RMC's plan to demolish the hospital. The Sewa Sadan on Wednesday organized a press conference where its president Arun Chauchariya opposed RMC's plan to demolish the hospital. He said, "The hospital caters to the needs of poor people. With the demolition of a 200 bedded hospital, around 400 staff and 100 doctors will be financially affected."

Meanwhile, RMC com-

missioner Mukesh Kumar today said that concession cannot be given to any illegal construction under Jharkhand Municipal Act and Building Bylaws. The Municipal Corporation will ensure that the Act is fully complied with. The Municipal Commissioner said that a campaign to make the city encroachment free is being carried out in collaboration with the district administration. He said that in this campaign, the Municipal Corporation is not fixing any specific building, but it is ensuring that the provisions mentioned in the Jharkhand Building Bylaws are properly complied with.

It is the responsibility of the Municipal Corporation that no illegal construction takes place in the city. He said that as per the order there is a plan to demolish 200 illegally constructed buildings within 15 days, the landlord should remove the illegal construction, otherwise the corporation will remove the illegal construction after 15 days and its cost will be recovered from the landlord.

Political parties demand caste based census

PNS ■ RANCHI

Political parties in Jharkhand have joined the chorus for caste based census in Jharkhand as well as an increase of reservation for Other Backward Castes (OBCs) in jobs and educational courses.

The Bihar unit of the JD (U) that has exerted pressure on Prime Minister Narendra Modi for caste based census tried to polarize public and political opinion for this demand in Jharkhand as well.

Sharavan Kumar, the state coordinator of JD (U) in Jharkhand addressed a press conference on Thursday and said the central government must consider this demand.

The JD (U) leader appealed to political parties to join hands together and pass a resolution in the Jharkhand assembly to pressurize the centre to conduct the caste based survey.

On Tuesday, the Aju party chief and MLA Sudesh Mahto had shot a letter to the Prime minister to conduct a caste-based census in 2021. He argued that the census is nec-

essary to know the current social condition of different caste which will ultimately help the government to chalk-out programmes for the overall uplift of society. Notably, the Aju is the part of the NDA led alliance.

While the JMM, the big brother of the ruling UPA alliance in Jharkhand has yet to officially make any statement but the Congress which is part of the JMM led alliance has now started speaking on this issue. The Congress has demanded chief minister Hemant Soren to conduct an independent caste census in Jharkhand as the central government has refused the same.

The RJD which is part of the UPA alliance too has supported the caste based census. The party has advised the Soren government to table a bill regarding caste census before the house during the monsoon session of the assembly. Former MLA Radhakrishna Kishore said that census is required since due to absence of the correct data the government fails to formulate any plan for the development of OBC.

Sari-Dhoti-Lungi scheme to be launched within a month: JPCC

PNS ■ RANCHI

Coalition partner in Chief Minister, Hemant Soren led the State Government Jharkhand Pradesh Congress Committee (JPCC) on Wednesday announced that within a month the State Government is going to implement the Sari-Dhoti-Lungi scheme to provide clothes to poor for Rs 10.

JPCC Chief cum the State Finance Minister Dr Rameshwar Oraon is on a two-day visit to Simdega district on Wednesday and during the meeting Oraon announced the Sari,Dhoti, Lungi scheme to be implemented soon.

A meeting was held regarding the membership drive of the Simdega District Congress Committee. In the meeting, Oraon said that the work of development in the real sense is being done by the Congress coalition government in the State. "Even though it is claimed by the BJP of Sabka Saath-Sabka Vikas, but it has become a mere slogan, the Congress coalition government is doing the work of real development such as bicycle and book will be provided to every school going child in the State," he added.

The JPCC Chief said that investment will be attracted in Jharkhand only when basic facilities are available here, there is proper arrangement of

roads, electricity and water. He said that during the BJP regime, Rs 900 crore was spent only in organizing the fair, it could not lead to development of the people. For all round development, it is necessary for the people standing in the last row of the society to get the benefits of Government schemes, he said.

"We are also taking Rs 500 crore loan from NABARD to give support price to the farmers. So that it can provide food, clothes and housing to the people of Jharkhand," said Oraon.

Referring to the membership drive being run by the party, Oraon said that since the time of Mahatma Gandhi, there has been a tradition of becoming a member of Congress by taking donations. Bapu used to collect donations by laying sheets.

"At that time there was also a fear of British rule, despite this, people used to become members of the Congress with great enthusiasm.

Even today this tradition continues. To become a member of the Congress party, a

contribution amount of five rupees is required," he added.

Speaking on the occasion Simdega MLA Bhushan Bada said that Simdega district is mainly dependent on agriculture. "The people here will be benefited a lot due to the construction of cold storage in the area. The people of the area go out to study, but in the field of hockey, this land has given many Olympic players Country, even today the players of Simdega are showing their talent in Tokyo," he added.

CBSE, JAC students protest over poor results

PNS ■ RANCHI

A large number of students who scored less marks in CBSE class X and Jharkhand Academic Council (JAC) XII results which were declared recently are on protest. On Wednesday morning a large number of parents along with their wards gathered at Crown Public School, Harmu protesting against several students getting less marks in CBSE examination.

The parents allege that many students who were topper in Class IX too have received 50 to 60 per cent marks. The parents allege that the school principal had asked students to clear all pending dues including fees and those students who had cleared all the pending dues during lockdown period have only received good marks.

The students also allege that those students who have not cleared their fees have received less marks, with many

of them even failing in examination. However, the school principal refused to talk to parents stating that students have been given marks in the examination based on internal assessment. The parents became furious when the principal refused to meet them. Later a large number of police personnel were deployed outside the school premises. Due to students' protest the traffic on busy Birsia Rajpath (Harmu road) came to a standstill. The traffic was normalized only after police intervention.

While on one hand CBSE students are protesting against school administration, intermediate students staged a protest outside State Education minister Jagarnath Mahto. The students who failed in Class XII examination of Jharkhand Academic Council or got fewer marks are protesting.

According to students, results were prepared on the basis of class 11th results and they were declared failed or

given fewer marks. A delegation of students' even met the minister and gave their memorandum regarding this.

Akhil Bhartiya Vidyarthi Parishad (ABVP) student's leader Ravi Kumar said, "The results declared by Jharkhand Academic Council should be re-evaluated. The students who study got fewer marks in comparison to those who study less based on the previous records. So this is not correct."

The students' outrage has come at the time when JAC results are much better than previous years. 86.89% students have been successful in intermediate Science, 90.33% in Commerce and 90.71% in Arts.

A Grievance Cell has been constituted by JAC to solve the problems of the result. Those candidates who are not satisfied with their result can register their complaint on grivance-cell2021jacexam2021 till 6th August. Students, teachers, parents, anyone can put their complaint here.

JMM, Cong, RJD to get 20-Point committees in 13:10:1 ratio

PNS ■ RANCHI

In an attempt to clear hurdles in the way of formation of 20-Point committees on Wednesday, Jharkhand Mukti Morcha (JMM)'s senior leaders held a meeting and chalked out a formula. The District 20-Sutri committees will be divided among alliance partners in the ratio of 13:10 and 1.

The meeting was held under the leadership of senior JMM Leader, Stephen Marandi in presence of Transport Minister Champai Soren, Sports Minister, Hafizul Hasan, MLA Sudivya Kumar Sonu, Jiga Horo, Mathura Prasad Mahato and General Secretary Vinod Pandey were present in the meeting.

Pandey informed that it has been decided that in 13 districts, the committees of the districts will come in the account of JMM, 10 in the account of Congress and one district committee will come in the account of RJD. A final decision is yet to be taken on this. It has also been suggested that in the districts where the

Ministers belonging to the party are in-charge, the fellow party should be given the post of vice-president. Similarly, there has been a discussion on giving the responsibility of the block president to the leader-worker of the assembly constituency where the coalition parties have won in the blocks," he added.

"There are hurdles where the coalition parties have been in second place. The formula is being worked out that the said party should be given a post there. RJD has staked claim on seven seats and 29 blocks. RJD has pressed for this, although JMM says that the participation of all parties will be decided according to the share. There will be no problem in this. After the formula is decided, senior leaders of JMM, Congress and RJD will announce it," said Pandey.

After the meeting while talking to media persons, Senior JMM Leader and Transport Minister Champai Soren said that JMM has decided a formula, which will be placed before the party

Supremo Shibu Soren and Chief Minister Hemant Soren. He said that soon a meeting will be held with all the parties of the Grand Alliance and a 20-Sutri committee will be formed. He said that this committee would be formed with the consent of all the parties.

The party General Secretary said that on the occasion of the completion of one year of the Hemant Government, it was decided that the posts of 20-Sutri committees would be divided among the constituent parties of the ruling coalition. This process was to be completed in January, but the second wave of Corona affected it, he added.

"The Block Committee will be formed of nine people. It will consist of a chairman, a vice-chairman and seven members. There are more than two hundred and fifty blocks in Jharkhand. The effort of the Grand Alliance is to form a 20-point committee in the first phase and make space for about two and a half thousand workers," said Pandey.

NEWS BRIEFS

PARADISE PROVIDES SEWING MACHINES TO NEEDY WOMEN

Paradise Society (In collaboration with ASHA institute) provided sewing machines to 25 women under its social concern. Having separate machines will enable them to start their own home-based micro-enterprises in tailoring and embroidery-sewing different types of clothes, uniforms of school children, transformation work etc. In this difficult time of Corona period, when people are finding it difficult to make a living, then with this small effort of the society, poor families will not be tempted for their livelihood and women will also become self-reliant. It will provide them a secure livelihood. The total project cost was approximately Rs 1.20 Lakh. Ajay Jaiswal provided grant and support amount of Rs 50,000 for the project.

3 DPS STUDENTS GET STATE RANK 1 IN NTSE

The National Council of Educational Research and Training (NCERT) announced NTSE 2020-21 STAGE- I RESULTS on August 3 and 18 students from the school surfaced as distinguished qualifiers in the aforementioned coveted examination. Three students stood out by getting State rank 1, one student fetched State rank 3, three fetched State rank 4, one student fetched State rank 5, two fetched State rank 6, two fetched State rank 7, two got State rank, whereas four received State rank 9. "It is a moment of glory for us," said Dr Ram Singh, Principal, DPS Ranchi, in appreciation of this magnificent success of his students.

EXCELLENT PERFORMANCE OF BSL OPERATED SCHOOLS

The Students of BSL-run schools have achieved 100% success in the CBSE 10th examination for the year 2021. A total of 612 students from the five Bokaro Ispat Senior Secondary Schools and three secondary schools from Bokaro Ispat Vidyalaya Sector-12, BSKV-3D and BSBV-9B appeared in the 10th examination in which all the students were declared successful which is an increase of 4.23 percent as compared to 95.77 percent in the previous year. Ayush Kumar of BISS-9 E has scored 94.6 percent, Sumana Mishra of BIV-11 D has scored 93.2 percent and Sakshi Kumari of BISSS-9E has scored 88.8 marks. All the members of the Education Department of Bokaro Steel Plant wish all the success to their students for success in life.

ENGINE OF SHAKTIPUNJ EXPRESS DERAILS AT DHANBAD

Engine of Shaktipunj express on its way to Howrah derailed on Wednesday evening as it was entering platform no seven of Dhanbad Station. No casualties have been reported. However, a rescue operation has commenced. It's likely that the train may leave for Howrah only after the engine was brought back on track. Senior railway officials have reached the incident spot. One of the tracks between Dhanbad and Gomoh Station has been blocked due to the engine derailment and may adversely affect incoming trains to Dhanbad from Gomoh till the track is clear.

15 ARMED CRIMINALS LOOT CASH, JEWELLERY

Armed criminals robbed three passenger vehicles by felling a tree at the turning point of Khandadhi tourist spot on Giridih-Bengabad road here on Tuesday night. Police sources said 15 criminals managed to escape after looting jewellery and many valuables including cash worth more than four lakhs on Tuesday, around 12 o'clock in the night, the criminals wearing ganji-underpants carried out the incident. Sub-Inspector Sunil Singh of Bengabad police station along with the police personnel reached the spot within 10 minutes of getting the information. Seeing the police, all the criminals managed to escape from the spot.

ECR GM MEETS GOVERNOR OF BIHAR

East Central Railway General Manager Anupam Sharma had a courtesy meet with Governor of Bihar Phagu Chauhan in Patna on Wednesday. The General Manager apprised the Governor of the ongoing railway projects and their progress in Bihar State on the occasion.

RIMS to get two ECMO machines soon

PNS ■ RANCHI:

Rajendra Institute of Medical Sciences (RIMS) in Ranchi will soon become the first Government-run hospital in Jharkhand to offer Extracorporeal Membrane Oxygenation (ECMO) facility to critically-ill patients with severely damaged lungs, health officials said on Wednesday.

Health Minister Banna Gupta recently directed the RIMS administration to procure at least two ECMO machines, used for artificial breathing, in order to provide the facility of this life support system to patients suffering from Covid-induced lung fibrosis, which may lead to the failure of lungs if not treated on time. "No Government hospital in our state has ECMO support for patients at present. I have given my nod for procurement of two ECMO machines that will help in treatment of patients at RIMS," said Gupta.

Through ECMO, blood is pumped outside of a patient's body to a heart-lung machine that removes carbon dioxide and sends oxygen-filled blood back to tissues in the body. When a patient with damaged lungs is on ECMO support, the gas exchange happens outside the body through the machine instead of the lungs. Once the blood is oxygenated and carbon dioxide is removed, it is given back to the heart, from where it circulates to other parts of the body.

In Ranchi, only Bhagwan Mahavir Medical Superspecialty Hospital has three ECMO machines. Many other private

hospitals in the state have also started procuring the machine after several deaths due to lung damage reported in the state and other parts of India.

ECMO was used by several private and some government hospitals across the country to save lives of Covid patients during the first and the second waves of Covid-19, say doctors. Education Minister Jagarnath Mahto, who is back in Jharkhand after his lung transplant at MGM Chennai, was also kept on ECMO support for several days in the Tamil Nadu capital. Many patients suffering from lung fibrosis recover after being kept on ECMO for a couple of weeks, say doctors. Keeping patients on this life-support system also buys time for finding a lung donor if the patient does not respond to ECMO and needs a transplant.

With RIMS getting the facility of ECMO, many patients suffering from severe Covid-induced respiratory ailments will not have to move to bigger cities for treatment, at least during the initial phase, doctors from the State-run hospital said. Even during the second wave of the pandemic, several patients had to move to Hyderabad, Chennai or Mumbai because very few hospitals in the state had this facility, doctors involved in the fight against Covid-19 said.

Impose curbs during festivals, States told

PNS ■ NEW DELHI

Alarmed that upcoming string of festivals might not turn into Covid super spreader events, the Union Health Ministry on Wednesday advised States to impose adequate local curbs to check spread of infection.

The advice comes in the backdrop of rising cases on Wednesday after usual weekend lull.

India's coronavirus cases have again crossed the 40,000-mark with 42,625 fresh infections in the last 24 hours and deaths shooting past the 500-mark in a single day in the last 24 hours.

For the past seven days except on Monday, India has been reporting more than 40,000 cases every day, a cause of concern for the Government fearing third Covid wave anytime soon.

However, more worrying is the fact that the number of people getting cured of the viral infection was lower than the number of new cases, as indi-

cated by the Wednesday data available from the Union Health Ministry.

Another key Covid number – the active cases – also saw a spike of more than 5,000 cases. The morning update provided by the Union Health Ministry stated that, at present, India has 4,10,353 active cases. The government data said India witnessed 36,668 recoveries in the last 24 hours.

A look at the cumulative numbers showed that Kerala witnessed the sharpest surge in the last couple of weeks. There was a nearly 30 per cent increase in weekly numbers even as almost 50 per cent of the country's total daily new Covid cases are registered in the Southern State.

In other Southern states such as Karnataka and Tamil Nadu, Covid numbers have seen a slight uptick. However, India's recovery rate currently stands at 97.37 per cent. The weekly positivity rate remains below 5 per cent and is currently at 2.36 per cent.

Covid cases again cross 40K-mark

‘Covid death count still being carried out’

PNS ■ NEW DELHI

Indicating that the number of Covid-19 deaths could be on the higher side than what has been reported so far, as States are still reconciling mortalities, the Government on Wednesday clarified that while some infections could go undetected, deaths could not be missed given the robust and statute-based death registration system in India.

During the peak of the second wave, the health system across the country was focused on effective clinical management of cases requiring medical help due to which correct reporting and recording of Covid deaths could have been delayed but it was later reconciled by states and UTs, the Union Health Ministry said in a statement

here. The reconciliation of deaths is still being carried out allaying all speculations of under-reporting and under-counting of deaths due to Covid-19, it said.

States like Maharashtra and Bihar have already reported ‘backlog deaths’ pushing the number of total Covid death toll in the country. Maharashtra mortality tally rose by 29,920 fatalities in under two months, from 95,958 deaths on 28 May to 1,25,878 by 11 July in which 23,000 of the cases were “backlog” deaths — in that, they occurred much before the days they were reported on.

Also the Union Health Ministry has written all the districts to report every Covid death.

The daily positivity rate continues to remain below 5 per cent for 55 continuous days and currently stands at 2.31 per cent

Union Health secretary Rajesh Bhushan .in a letter to the concerned officials from the States pointed out about various festivals like Muharram, Janmashtami, Ganesh Chaturthi and a few

others slated ahead and said measures should be ensured to curb crowds and that people strictly follow Covid appropriate norms.

The Health Ministry data says that a total of 62,53,741 vaccine doses were administered in the last 24 hrs. With this, a total of 48,52,86,570 vaccine doses has been administered in India so far.

Action sought against Rahul for violating POCSO Act

PNS ■ NEW DELHI

The National Commission for Protection of Child Rights (NCPCR) on Wednesday issued a notice to Twitter India, calling for action against Congress leader Rahul Gandhi's handle for violating the POCSO Act by posting pictures of the parents of a 9-year-old girl who was allegedly raped and murdered in southwest Delhi's Nangal.

For its part, the BJP appealed to the NCPCR to take strict action against Rahul under the POCSO Act and issuance of notice to him for revealing the minor and her family's identity.

Rahul, who visited the parents of the minor Dalit girl, posted a photo that showed him comforting the girl's parents. He wrote: “The parents’ tears ask for only one thing: their daughter, the country's daughter, deserves justice. And I stand with them in this fight.”

“Revealing the identity of the girl by tweeting a photo of her parents (is) in violation of the POCSO (Protection of Children from Sexual Offences) Act... The NCPCR, taking cognisance of this, has asked Twitter India to issue a notice to Rahul Gandhi and remove the post,” the NCPCR, the child rights body, tweeted.

Later, a notice signed by NCPCR chairperson Priyank Kanoongo stated that Rahul

Gandhi, a former president of the Congress party, violated Section 74 of the Juvenile Justice Act, which prohibits disclosure of the identity of children, and Section 23 of the Protection of Children against Sexual Offences Act, which lays down procedure for the media to report sexual offences against children.

In its notice addressed to Twitter India's Resident Grievance Officer, the NCPCR said it was acting on a complaint that the photo “reveals the identity of the girl” by showing her parents. The NCPCR reminded Twitter India that under the Juvenile Justice Act and the POCSO Act it is illegal to disclose the identity of a minor via any form of media, or publish any information or photograph that may, in any way, reveal his/her identity.

Reacting to Rahul's post, BJP spokesperson Sambit Patra said, “His (Rahul Gandhi) tweet violates sec 23 of POCSO Act & sec 74 of Juvenile Justice Care & Protection of Children Act that prohibits revealing the minor's identity.”

“He revealed identity of child's family and is using the issue for his political agenda. I appeal to the NCPCR to take strict action under the POCSO Act and a notice must be issued to him. No one is a VIP. Rahul Gandhi must be answerable to this,” Patra said.

Twitter hasn't shared specific details of policy to tag tweets as manipulated media: Govt

PNS ■ NEW DELHI

The Ministry of Electronics and Information Technology (IT) told Parliament on Wednesday that Twitter has not shared its details of its policy pertaining to labelling of certain messages as ‘Manipulated Media’.

In a written reply to the Lok Sabha, Union Minister of State for Electronics and Information Technology (IT), Rajeev Chandrasekhar said as per Twitter, the labelling of certain messages as ‘Manipulated Media’ has been done as per their “Synthetic and Manipulated Media Policy”. “However, no specific details of how this policy became applicable have been shared. Government has been

engaged with Twitter on this issue,” he said.

The minister said that the issue of labelling of user tweets as manipulated media does not come under the purview of above said Rules.

Further, on the issue of manipulated media, Meity has pointed out to Twitter that they are violating the principle of natural justice and urged Twitter to be transparent and equitable in applying the criteria,” he said.

“On May 26, Twitter was non-compliant of these Rules because it did not appoint key functionaries including Chief Compliance Officer, Nodal Contact Person and the Resident Grievance Officer,” the minister said.

ED files chargesheet against naxalites

PNS ■ NEW DELHI

The ED on Wednesday filed a prosecution complaint (chargesheet under police parlance) against a notorious interstate criminal and also a member of a banned Naxal outfit, Madhav Das, wife Urmila Devi and his brother-in-law Yogendra Das, under money laundering charges.

In the prosecution complaint filed before the Special Judge (PMLA), Patna, the agency pleaded for awarding

punishment to the accused for committing offence of money laundering and confiscation of the attached assets worth Rs 1.01 crore owned by Madhav Das and his family members.

Das has a criminal record of several cases of bank robbery and dacoity in Bihar, Jharkhand, Odisha and West Bengal. The ED had initiated money laundering investigation on the basis of 24 FIRs lodged in various police stations of Bihar, Jharkhand, Odisha and West Bengal.

CBI takes over Dhanbad judge murder case

PNS ■ NEW DELHI

The CBI on Wednesday took over the probe into the alleged murder of Additional District Judge, Dhanbad, Uttam Anand from Jharkhand police and despatched a 20-member team of officials of the SIT constituted to investigate the sensational case from the agency headquarters here to Dhandbad. A team of Central Forensic Science Laboratory (CFSL) will follow the SIT soon. The agency re-registered the case related to the death of ADJ, Dhanbad, Uttam Anand on the request of Jharkhand Government and further notification from the Centre and took over the probe into the sensitive case earlier registered by the local police vide FIR No.300/2021 at Police Station, Dhanbad.

The Dhanbad police had registered the case on July 28 under Section 302 (murder) and 34 (common intention) of the Indian Penal Code (IPC) against unknown auto driver.

Samagra Shiksha Scheme to continue till 2026, says Govt

PNS ■ NEW DELHI

Playschools in government schools with trained teachers, focus on child safety and vocational and skill-based training from Class 6-12 are some of the key features that the Centre has laid emphasis on keeping in mind the post-Covid education scenario as it approved the continuation of the Samagra Shiksha Scheme (SSS) for school education till March 31, 2026.

The SSS is an integrated scheme for school education. It treats school education as a continuum and is in line with the Sustainable Development Goal for Education.

The revamped scheme favours formalisation of playschools and anganwadi in the school education system. The Government schools too

will have playschools and the teachers will be trained accordingly, Union Education Minister Dharmendra Pradhan said after the Cabinet nodded the SSS.

As per the scheme, emphasis will be placed on vocational learning. Classes 6-8 will receive its exposure while focus on skills will be placed for students of classes 9-12. Further discussions are being held to formalise coding, augmented and virtual reality, etc. along with more modern skills in schools.

For the first time, the Centre has also added child safety within the SSS, Pradhan said, adding States will be given aid to make a commission for protection of child rights.

Cabinet approves continuation of 1,023 fast track courts

PNS ■ NEW DELHI

The Union Cabinet on Wednesday approved continuation of 1,023 fast track special courts, including 389 exclusive POCSO courts, as a centrally sponsored scheme for another two years.

Briefing the media, Union Minister Anurag Thakur said out of 31 States and Union Territories, 28 have started the scheme. West Bengal is one of the States which has not started the scheme, he pointed out, adding “We are hopeful they will start it soon.”

The scheme would continue from April 1, 2021 to March 31, 2023 with an outlay of ₹1572.86 crore — ₹971.70 crore as central share and ₹601.16 crore as State share, an official statement said.

The central share is to be funded from ‘Nirbhaya’ Fund. The scheme was launched on October 2, 2019.

Incidents of rape of minor girls below the age of twelve years and women below the age of sixteen years have shaken the conscience of the entire nation.

Coronavirus-induced lifestyle changes taking toll on health of school kids' eyes

ARCHANA JYOTI ■ NEW DELHI

Covid-19 pandemic-induced lifestyle changes such as significant decrease in outdoor time and increase in screen time is taking a toll on the health of the eyes of school-children. It is causing myopia, also known as near-sightedness or short-sightedness, among children, researchers have cautioned.

Myopia is a condition in which the shape of the eye changes, causing light rays to bend (refract) incorrectly, focusing images in front of, instead of on the surface of, the retina.

Though there has been a rise in cases of Myopia for the past few decades, during Covid-19 crisis the trend has accelerated. Globally, it's projected that by 2050 half of the world's population will be myopic.

In their study published online in the British Journal of Ophthalmology, the researchers have warned eye care professionals, and also policy makers, educators and parents, that collective efforts are needed to prevent

the potential public health crisis among kids as a result of Covid-19.

Though the study was conducted on school students in Hong Kong, the results are applicable on almost all school kids world over, including India where schools and colleges have been shut down for the past one year, in a bid to control the march of coronavirus. Children have been particularly badly affected, with outdoor activities restricted or banned and socialising severely limited.

Like Hong Kong, India too has among the world's most densely populated cities, with most residents living in high-rises and small apartments with little outdoor space.

Some 709 of the children were recruited to the study at the start of the pandemic (December 2019 to January 2020) and were monitored for around 8 months; 1084 children had entered the study before the start of the pandemic and had been monitored for around 3 years.

The children's visual acuity--the ability to see clearly--was measured and they filled

in questionnaires on their lifestyle, including how much time they spent outdoors and on close work, at study entry and during subsequent clinic visits.

Around 1 in 5 (19.5 per cent) of the children in the Covid-19 group developed short-sightedness between January and August 2020, compared with around 1 in 3 (37 per cent) of those in the pre-Covid-19 group over a period of three years.

And after factoring in age, gender, length of monitoring period, parental short-sightedness, and how much time was spent outdoors and on close work, the numbers of new cases of short-sightedness were higher among children in the Covid-19 group.

The estimated 1-year incidence of short-sightedness was 28 per cent, 27 per cent, and 26 per cent, respectively, for 6, 7 and 8 year olds in the Covid-19 group, compared with 17 per cent, 16 per cent, and 15 per cent, respectively, for 6, 7, and 8 year olds in the pre-Covid-19 group, as per the study.

Rlys drops internet plan in trains

PNS ■ NEW DELHI

The Indian Railways has “dropped” its ambitious project to provide internet connection in trains because it was found not to be cost-effective.

In a written reply to a question in the Lok Sabha, Railway Minister Ashwini Vaishnaw said as a pilot project, Wi-Fi-based internet facility was provided in the Howrah Rajdhani Express train through satellite communication technology.

“This technology was capital intensive with recurring costs in the form of bandwidth charges and thus, was not cost effective. Also, the internet bandwidth availability to passengers was inadequate. Hence, the project was dropped. At present, suitable cost effective technology for provision of Wi-Fi based internet services in trains is not available,” he said.

Former railway minister Piyush Goyal had said in 2019 that the Centre is planning to provide WiFi services in trains in the next four to four-and-a-half years.

India, Israel set to take defence ties to new height

PNS ■ NEW DELHI

Signifying strong defence and strategic ties between the two countries, IAF Chief R K S Bhadauria on Wednesday reviewed the entire range of bilateral relations with his Israeli counterpart during his ongoing visit to Tel Aviv.

The two countries have forged close defence ties since diplomatic relations were established in the early 1990s. Israel has now emerged as one of the top weapon and technology provider to India.

Giving details about the IAF chief visit, officials said he is in Israel to discuss

enhancement of bilateral exchanges between air forces of the two countries.

“As strategic partners, India and Israel enjoy strong, multi-dimensional ties, an important pillar of which is defence cooperation and military level exchanges,” IAF said on Twitter.

Both sides will discuss enhancement in the depth and scope of bilateral exchanges between the two air forces, it mentioned. “Air Chief Mshl RKS Bhadauria #CAS arrived in Israel for an official visit on August 3, on an invitation from Maj Gen Amikam Norkin, Cdr Israel Air Force,” it noted.

Sea trials of desi built INS Vikrant starts

PNS ■ NEW DELHI

In a major milestone, the sea trials of the first indigenously designed and built aircraft carrier INS Vikrant on Wednesday commenced. India has now joined the select group of countries including US, Russia, UK and France having the expertise to design and build the highly complex aircraft carriers.

Once it passes the sea trials, INS Vikrant is likely to be inducted into the Navy by the end of next year. The Navy on Wednesday described it as a “proud and historic day” and said India has joined a select group of countries having niche capability in this field of ship-building.

INS Vikrant is the largest and most complex warship to be built within the country. The 40,000-tonne aircraft carrier set off on its maiden sea trials, 50

years after its namesake played a major role in the 1971 war. It was built at a cost of more than Rs 23,000 crores by the public sector Cochin Shipyard.

Once the extensive sea trials are over, the aircraft carrier will be put through the stringent aviation trials before induction into service.

“It is a proud and historic day for India as the reincarnated Vikrant (IAC) sails for her maiden sea trials today in the 50th year of her illustrious predecessor's key role in the victory in the 1971 war,” Indian Navy spokesperson Commander Vivek

Madhwal said.

The aircraft carrier is around 262 metres long and 62 metres wide. In June, Defence Minister Rajnath Singh reviewed the construction of the aircraft carrier that will be able to accommodate up to 30 fighter jets and helicopters.

The warship will have a fleet of Mig-29K fighter jets and Ka-31 helicopters.

There are 14 decks in all, including five in the superstructure. The ship has over 2,300 compartments, designed for a crew of around 1,700 people, including specialised cabins to accommodate women officers.

BJP received ₹785.77 cr donations in 2019-20

PNS ■ NEW DELHI

Being the ruling party, the BJP continued to bag the lion's share of donations in 2019-20. It received over ₹785.77 crore in donations above ₹20,000 from 5576 donations including electoral trusts, individuals and corporate. The opposition Congress was far behind with ₹139.016 crore from 350 donations. The amount

received by the BJP is five times more than what Congress got during the same period and more than three times the aggregate of ₹228.035 crore declared by the INC, NCP, CPI, CPM and AITC.

Interestingly, BJP declared a donation of Rs 4.80 lakhs from Amravati Municipal Corporation. No details of address, bank name, PAN etc. have been

provided by the party against this donation, the Association for Democratic Reforms (ADR), a non-government organization that released the data, said.

“A casual search on the internet shows that the aforesaid donor is a Government of Maharashtra local body. It raises questions on the legality of the contribution made by a municipal cor-

poration which is a governing body (whose Mayor and deputy Mayor are from BJP) to a political party,” the ADR said. The report, prepared by the ADR focuses on donations received by the national political parties, above Rs 20,000, during the financial year 2019-20, as submitted by the parties to the Election Commission of India (ECI).

LS proceedings adjourned 5 times on Wed

PNS ■ NEW DELHI

Lok Sabha proceedings were adjourned five times on Wednesday after the passage of two bills without any debate, amid protests by the opposition over Pegasus snooping allegations and other issues.

As soon as the House met again at 3.30 pm, Rajendra Agrawal, who was chairing the proceedings, took up the Coconut Development Board (Amendment) Bill, 2021, which was moved by Agriculture Minister Narendra Singh

Tomar. However, the opposition members continued their protest on the Pegasus snooping row as well other matters.

Amid the din, Tomar moved the bill, saying the proposed legislation will benefit coconut farmers in different states.

Soon thereafter, the bill was passed without debate even as the opposition objected to the hasty approval to the bill.

The bill has already been approved by the Rajya Sabha. As the opposition uproar continued, Agrawal adjourned the

proceedings for the day.

Earlier in the day, the House had given its nod to the Commission for Air Quality Management in National Capital Region

and Adjoining Areas Bill, 2021.

The Bill was moved by Environment Minister Bhupender Yadav for consideration and passage.

Mamata speaks to Modi about Bengal floods

SAUGAR SENGUPTA ■ KOLKATA

With already three lakh people having been displaced due to floods and weather office forecasting more rains in the coming days Bengal Chief Minister Mamata Banerjee on Wednesday accused the central agencies for creating man-made flood in her State and wrote a letter to Prime Minister Narendra Modi seeking respite from the present situation.

The Chief Minister who also had a telephonic talk with the Prime Minister earlier on the day and told him how faulty maintenance and erroneous decisions taken by the centrally controlled Damodar Valley Corporation had left flooded large parts of southern Bengal.

Besides Banerjee lodging a verbal complaint with the Prime Minister she also wrote a letter to him about what she called "grave man-made flood situation" in South Bengal districts adding how the DVC authorities had released "unprecedented" volume of water from its dams at Panchet, Maithon and Tenughat.

While sources said that the DVC had released 5.98 lakh cusec of water in last four-five days Banerjee on Wednesday told newsmen that "the DVC had announced leaving of 54,000 cusecs of water ... but they

have released 2 lakh cusecs of water without informing us... every year we have to face this problem for no fault of ours and lakhs of our people get affected and thousands of hectares of land get inundated causing losses worth crores."

In her letter to the Prime Minister she wrote "The entire flood protection system managed through different dams including state barrages both on West Bengal and Jharkhand side are very old. Due to years of siltation and lack of proper maintenance the water holding capacity has reduced."

She said "we have been complaining against this practice for years but nothing has been done as a result of which the State is suffering." A tweet from the Prime Minister's office later

said that he had assured of all support to Bengal. Banerjee had called up Modi after conducting a survey of the flood-hit areas.

She visited the worst-hit areas in Amta and Udainarainpur in Howrah district. At least 15 people have died, and around three lakh displaced after heavy rain lashed parts of south Bengal.

Meanwhile rejecting the Chief Minister's allegations that arbitrary decision of the DVC was responsible for the Bengal floods the Corporation authorities said that "Blaming DVC for flood is unjustified as the DVC only implements the decision of the committee on water regulations. State government's consent is taken before the discharge of water and DVC issues warning to district administrations."

BJP creating atmosphere of terror among Brahmins in UP: Satish Chandra Mishra

PRADEEP SAXENA ■ ALIGARH

BSP national general secretary and MP Satish Chandra Mishra has said that BJP is creating an atmosphere of panic in the State. There is constant oppression of Brahmins and Dalits. Many Brahmins have been murdered in the last four and a half years. This society is constantly being targeted. He was addressing an enlightened class seminar at Habib Garden, Maris Road Aligarh. He also targeted SP along with BJP on the issues of Shri Ram temple donation, unemployment, crime, development. Satish Mishra has been holding an enlightened conference across the State since July 23, the first phase of which has started from Ayodhya and the second from Banke Bihari. Under the second phase, he came to Aligarh from Agra. From here he left for Bareilly.

Satish Mishra said that the purpose of this seminar is to remind the enlightened society that it should not be afraid, but should compete. He said that the BSP is with Brahmins in this contest like it was in 2007. The question asked, why has the condition of Brahmins in Uttar Pradesh become worse today. First BJP harassed the people of Dalit society. There have been many incidents of burning, raping daughters. In Hathras case, the body of the daughter was

not even given to the parents.

He said that not only in Uttar Pradesh, but wherever BJP is in power, the situation is same. After his government came to power in Uttar Pradesh, the Brahmin community is being targeted. Five youths were burnt in Pratapgarh, who were later declared criminals.

Similar tales happened in Rae Bareilly, Bundelkhand, Jhansi. Encounters of many people were done like this, while the Supreme Court has called the encounter wrong. In Ballia, criminals were saved openly under the patronage of the MLA. A boy working in Apple company was shot dead in Kanpur. A young Brahmin boy was killed in Lucknow. There were three such cases in the capital. In Kanpur, a report has been filed against dozens of Brahmins in the guise of a person. Strong Brahmins are being harassed. There are hundreds of tales to count. He narrated the story of Khushi Dubey, a sixteen-and-a-half-year-old girl

from Kanpur. National General Secretary said that the thinking of BJP is not different from SP for Brahmins. Neeraj Mishra was assassinated in Kannauj during the SP regime.

He reminded that Brahmins constitute 13 per cent of the population in the state. There are more than three crore Brahmins. Now the time has come that Brahmins are not divided. If the votes of other societies are mixed with that of Brahmins and Dalits, then the number reaches 45 to 50 per cent. In such a situation, the Brahmin community can repeat the situation of 2007. They will have full respect if BSP government is formed. In 2007, there were 15 MLC Brahmins in the BSP government, the Legislative Council president was also from this class. 35 others had the status of Ministers of State. Five thousand public prosecutors belonged to this community, whose honorarium was increased ten-fold. He has been kept as the leader in the Lok Sabha till date.

Satish Mishra, while attacking the law and order, said that according to the National Crime Records Bureau, a woman is being raped every two hours in the state. Regarding development, he said that no government has done more work than BSP. Bank on the banks of river Sarayu in Ayodhya, bank on the banks of Ganga in Banaras, sewerage system at Allahabad.

Kerala relaxes lockdown rules despite high rate of new Covid cases

KUMAR CHELLAPPAN ■ KOCHI

Kerala logged 22,414 new cases of Covid-19 on Wednesday while 108 patients succumbed to the pandemic during the last 24 hours. Though the average Test Positivity Rate continued to be slightly higher at 11.37 per cent, the State Government decided late on Tuesday to do away with the total lockdowns slapped during the weekends.

Veena George, Minister of Health, the frontline leader of the fight against the pandemic, told the Legislative Assembly on Wednesday that shops and commercial establishments of all places barring regions with high TPR would be allowed to function from 7 am to 9 pm. "We have decided to continue with the lock down on Sundays. The gathering for all functions would be limited to 20 persons. Restrictions would be enforced in places based on the number of cases tested positive for every 1,000 persons," said George.

The minister also said that places of worship which could accommodate large gathering would be allowed to admit not more than 40 persons.

The department of health tested 1.97 lakh samples on

Wednesday. Malappuram remained the epicentre of the pandemic with 3691 new patients and was closely followed by Thrissur (2,912).

The death toll in Kerala due to the pandemic touched 17, 211 on Wednesday. There are more than 1.76 lakh Covid-19 patients undergoing treatment in various hospitals in the State.

Physicians in Government Hospitals in Kerala are of the view that the correct numbers were not being released by the Health Department as details of the kind of tests done on samples are being kept as a secret. "While Tamil Nadu Government discloses the daily count of RT-PCR tests done on the samples, the information provided by the Government of Kerala is not clear about the kind of tests," said the Government doctors who spoke on condition of anonymity.

JD-U MP claims his phone was tapped in past

Patna: A day after Bihar Chief Minister Nitish Kumar demanded investigation in the Pegasus snooping case, a JD-U MP on Tuesday alleged that his phone was also tapped in the past.

Kaushalendra Kumar, who represents Nalanda, said that many leaders and Ministers of the NDA Government are claiming that their phones were being tapped.

"It is the need of the hour to investigate the Pegasus phone tapping case thoroughly. Our Chief Minister Nitish Kumar has also advocated the same and he is absolutely spot on," he said.

However, clarifying that they were "not opposing the NDA or the Narendra Modi Government, he said: "The investigations in this extremely sensitive espionage case will eventually help the NDA Government in future."

"The phones of many Union Ministers were tapped during the Pegasus incident. Clarity will come only after investigations of the cases," he added.

The MP's statement makes it seems that the JD-U wants to raise the issue in a bid to corner its alliance partner BJP.

Contacted for a reaction, Deputy Chief minister Tar Kishore Prasad declined to comment, saying that the Pegasus issue is related to the Centre and hence, he would not speak on it.

Mumbai gets first genome sequencing lab

T N RAGHUNATHA ■ MUMBAI

As part of the Brihanmumbai Municipal Corporation (BMC)'s ongoing fight against the Covid-19, the first-ever next-generation genome sequencing laboratory in Mumbai was commissioned at the TN Medical College & BYL Nair Charitable Hospital here on Wednesday.

The new laboratory, set up at one of the premier medical institutes in the city in the run up to its centenary that falls on September 4, will enable the BMC to identify variants of Sars-Cov-2 that causes Covid-19.

The new facility can analyse a large number of samples in a short period and also identify mutants, something that will be especially useful in hotspot areas and congested cities.

The next-generation genome sequencing (NGS) is a method of characterisation of pathogens. This technology is used to determine the order of nucleotides in entire genomes or targeted regions of RNA or DNA, which helps in understanding differences between two strains of the virus, thereby identifying mutants. The specialty of NGS is that a large number of samples can be processed in a short period at high speed.

Every batch for testing will comprise 384 samples and

results will be declared in four days

Inaugurating the laboratory, Maharashtra chief minister Uddhav Thackeray said that the facility would go a long way in combating the Covid-19.

"We are currently fighting a war with a hidden enemy like the Coronavirus. The new genome sequencing laboratory will enable detection and treatment of the Covid-19 virus or its incarnations, and even other contagious diseases speedily," the chief minister said.

The chief minister said that it was very critical to have a virus testing lab in Mumbai to avoid delays in getting the test report which often led to fatalities in the past.

Uddhav said that Nair Hospital, which was set up 100 years ago during the Spanish flu pandemic, was preparing to

cater to the health of citizens for another century which is commendable.

Nair Hospital Dean Dr. Ramesh Bharmal said that the genome sequencing laboratory could handle 1,000-cases simultaneously and provide the results within the next few hours.

The entire cost of the equipment and the operating expenses have been raised through donations by a US company, ATE Chandra Foundation and the TM Nair Medical College Global Alumni Association.

Mumbai Mayor Kishori Pednekar, Municipal Commissioner I. S. Chahal, Public Health Committee Chairperson Rajul Patel, Dr. Shashank Joshi and Dr. Sanjay Oak were among those present at the inaugural function.

TRAFFIC, WWF India create awareness about 16 species of owls

T N RAGHUNATHA ■ MUMBAI

In a conservation awareness Initiative, TRAFFIC and WWF-India have identified 16 species of owls that are commonly trafficked in the illegal wildlife trade in India.

As part of an effort to create awareness about the owl species and help with their identification, TRAFFIC and WWF-India have come out an informative poster 'Imperilled by illegal wildlife trade: Owls of India', which is freely available to download.

Of the approximately 250 owl species found worldwide about 36 are found in India. All owl species in India are protected under the Wildlife (Protection) Act, 1972, making poaching, trade, or any other form of exploitation a punishable offence. They are also listed in Appendix II of CITES, thus tightly regulating their international trade.

Despite the legal restrictions, every year, hundreds of birds are sacrificed for mystic rituals and practices linked with superstition, totems, and taboos.

T'gana HC surprised over ₹60 cr sanctioned to fight contempt cases

Hyderabad: The Telangana High Court on Wednesday expressed surprise over the State Government sanctioning ₹60 crore to fight contempt of Court cases pending against State bureaucrats including Chief Secretary Somesh Kumar.

Passing interim orders, a division Bench, comprising Chief Justice Hima Kohli and Justice Vijaysen Reddy directed the State Government not to

release the money.

The court was hearing a Public Interest Litigation (PIL) by a lecturer against the government's financial assistance to meet the legal expenses to fight contempt cases filed predominantly against Chief Commissioner of Land Administration (CCLA), a post held by Chief Secretary Somesh Kumar.

The court questioned how the government would spend

the taxpayers' money. It wanted to know what are the treasury norms and if they allow this financial assistance.

The High Court served notices to secretaries of finance and revenue departments, directors of treasury, CCLA and to Somesh Kumar in his personal capacity.

The court adjourned the hearing till October 27.

The chief secretary had on June 7 issued a Government

Order (GO) sanctioning Rs 58,95,63,000 towards contempt cases pending in the High Court.

More than 250 contempt cases are reportedly pending against the bureaucrats.

The PIL has come up for hearing close on the heels of the High Court taking serious view of willful disobedience by bureaucrats. In some cases, court imposed fine on district collectors and sentenced few others to imprisonment. IANS

TN Govt to again come out with law banning online gaming

IANIS ■ CHENNAI

The Tamil Nadu Government will again come out with a proper law banning online games like rummy, said Law Minister S. Regupathy.

In a statement issued here, Reghupathy said public interest is important, by following due procedures and specifying valid reasons, the Government will again come out with a law banning online games like rummy.

The Madras High Court on Tuesday struck down the law brought in by the previous AIADMK Government banning online gaming in the state. The law also provided for fine and jail term for the violators.

Finding youngsters getting cheated and committing suicide and to protect the innocent citizens, the AIADMK government brought the law by amending the Tamil Nadu Gaming Act, 1930 (Tamil Nadu Act III of 1930), Chennai City Police Act, 1888 (Tamil Nadu Act III of 1988) and Tamil Nadu District Police Act, 1859 (Tamil Nadu Act XXIV of 1859).

According to Reghupathy, the court had said the government did not specify the reasons for banning the online gaming when the law was made.

PMK founder S. Ramadoss urged the Tamil Nadu govern-

ment to come out with a law by rectifying the defects.

He said thousands of families in Tamil Nadu were happy when the online gaming was banned last year while the Madras High Court order on Tuesday is disappointing.

With attractive advertisements the online gaming companies lure the youth and then push them into debt trap.

Ramadoss said about 25 youth committed suicide during the last couple of years as they were unable to pay back their debts incurred to play the online games.

He said the previous Tamil Nadu government had first brought an ordinance banning the online gaming last November and later made it into a proper law this February.

As a matter of fact, it as was the Madurai Bench of the Madras High Court in July last year that had suggested to the state government to enact suitable laws to regulate the online gaming industry.

Quashing the first information report (FIR) filed by the Kudankulam police against a school teacher who had watched a game of rummy played in a farm, the court expressed its concern at the unregulated growth of online gaming industry.

Citing the laws against lottery and charging of usurious interest enacted by the Tamil Nadu government the High Court hoped that the state

government shall take note of the present alarming situation and pass suitable legislation to regulate and control online gaming through license, keeping in mind the law of the land as well as the judicial precedents in this regard.

"This Court is not against the virtual games, but, the anguish of this Court is that there should be a regulatory body to monitor and regulate the legal gaming activities, be it in the real world or the virtual world," the court had said.

The court also said the government take the views of the stakeholders before passing a legislation in this regard.

The court also explained the modus operandi of online games.

"If X and Y want to play a game, both of them have to bet a sum of Rs 10/- (Say). The winner will get the amount that he put in place, ie, Rs 10/- and in addition to that, he will get an additional sum, say 75 per cent that was put in place by the opponent, being the prize amount. The balance, ie., 25 per cent, will be credited to the account of the particular online gaming site. The loser will lose everything," the court said.

"If a group of persons (say 10) wants to play a game, each one of them have to bet a sum of Rs 10/- (say). At the end of the game, the winner will get his amount as well as 100 per cent of his bet amount, being the prize money.

Stop Lankan Navy from firing on TN fishermen, Stalin urges Jaishankar

IANIS ■ CHENNAI

Tamil Nadu Chief Minister M.K. Stalin has urged External Affairs Minister S. Jaishankar to exert pressure on the Sri Lankan Government not to attack Indian fishermen in the sea.

Citing the firing by Sri Lankan Navy on fishermen at Kodyakkarai, Stalin, in a letter to Jaishankar, said that a permanent solution must be arrived at as the attacks are affecting the livelihood of thousands of Indian fishermen.

While Indian fishermen were fishing from a registered boat near Kodyakkarai on August 1, the Sri Lankan Navy opened fire, injuring Kalaiselvan in his head. He was being treated at Nagapattinam government hospital while nine other fishermen in the boat escaped miraculously, he said.

"Unleashing violence on our fishermen without following international laws and practices is condemnable," Stalin said, noting India cannot remain a mute spectator to this outrage by the Sri Lankan Navy and that solution has to be found out immediately.

He said that the attack has caused great unrest among the people living in the coastal areas of the country and called upon the government to act immediately to protect the lives and equipment of Indian fishermen.

Priyanka attacks Yogi over poor law and order

Congress to launch 'Kisney Bigada UP' stir on Aug 9

PNS ■ LUCKNOW

said in a tweet in Hindi.

It may be mentioned that a doctor in Sitapur district was hacked to death in broad daylight by a person over an alleged property related dispute. The incident occurred in Mudrasan village in Hargaoon police station area on Tuesday. The victim, Munendra Pratap Verma, was examining a patient at his clinic in Mudrasan when a man entered with a sharp-edged sword and started attacking him.

According to the police, the attacker, Achchey Lal Verma, first chopped off the doctor's hand and then inflicted several wounds on his head and neck. The doctor somehow

opened the door of his clinic and called for help. By the time people reached the spot, the doctor had died due to excessive loss of blood. The incident took place in spite of the doctor's clinic being near a police picket. The police have arrested accused Achchey Lal Verma. Superintendent of Police RP Singh said prima facie it appears that some issues over money to be transferred in a land deal was the reason for the murder.

Meanwhile, Uttar Pradesh Congress under the leadership of Priyanka Gandhi Vadra has now decided to go offensive against the Yogi Adityanath government in their run-up to the assembly polls early next year.

The party has worked out a campaign theme for UP polls. Desperate to reclaim the lost ground, the Congress prepares to break the calm. To the Bharatiya Janata Party's claim of 'Sushashan and Vikas' in UP, Congress plans a mega campaign titled 'Kisne Bigada Uttar Pradesh (Who destroyed UP).

PAPER WITH PASSION

The right way?

Kerala is reporting quite a high number of COVID cases but the reasons are genuine

For a couple of months now, the focus of pandemic watchers was on Kerala and the State has consistently reported the highest share of nationwide, fresh COVID-19 cases. Even on Tuesday, the State's numbers went past 23,500, the highest single-day count recorded by any State in the last eight weeks and grabbing a 56 per cent share in the national figure. The current test positivity rate in the State stands at 11.8 per cent. However, when it comes to the more alarming issue of the R-number — it indicates how many persons one COVID-19 patient can infect — Kerala has company. Eight States and Union Territories returned the reproduction — number of 1.2, meaning that one patient is infecting more than one person. Nine other States have an R-number of 1. The greater the ability to infect fresh persons, the greater is the transmissibility of the virus. The number of cases does not give the real picture. The R-number does that job. The more dangerous the variant, like the Delta Plus variant, the faster the transmissibility. Contract tracing will show the speed of transmission. The combination of testing and contact tracing alone can show if the case trajectory is reaching a problematic level in a region in the country. It is high time the Government accords testing and contact tracing as much primacy as vaccination. The jabs, it must be noted, do not necessarily stop new infections but only mellows their intensity.

Unfortunately, except Kerala, no other State or Union Territory is doing extensive testing and neither the national COVID task force nor the Union Health Ministry has insisted on it as yet. It is in this context that the Kerala example should be emulated by the rest of India. The latest sero survey has recorded low seropositivity of 44 per cent for Kerala as against the national average of 68 per cent. That means the majority of the State's population has remained protected from the virus. Considering that a majority of Kerala's population is urban, the achievement is all the more impressive. Secondly, the State conducts the most COVID-19 tests daily, the figure hovering around 1.4 lakh. A record 1.96 lakh tests were conducted on July 28. The State Government concentrates the testing in localities with high positivity. As a result, there is a high incidence of positive cases. In the absence of heavy testing, it cannot be said that other States reporting fewer fresh cases are safer. Thirdly, reports suggest the Delta variant entered Kerala later than the rest of India and that could explain the current surge in cases. Kerala has also managed to keep the fatality rate far lower than the national average despite the high number of daily cases. As of Tuesday, 39.9 per cent of the State's population is vaccinated. The Kerala model will be complete if the R-number is brought down, contract tracing is increased and localised lockdowns are brought back into force.

The middle path

The Govt and the Opposition would do well to sit together and thrash out their differences

The continued disruption of Parliament is not unexpected. The scale and implications of the Pegasus snooping scandal are so overwhelming that it would have been naive to hope that the Opposition will not use it as a handle to corner the Government. The relations between the Opposition and the ruling BJP have steadily worsened over the alleged misuse of Central probe agencies. The last nail has been

democracy, should be discussed and debated even if the Government were to altogether reject the demand for a probe into the matter.

However, the Government feels that it owes no such favour to the Opposition because it allegedly wants to use the scandal as an opportunity to unite with an eye on the upcoming Assembly polls and presidential elections next year, and the Lok Sabha polls in 2024. Amid such distrust, it will be futile to hope for resumption of Parliament proceedings any sooner, though strategically the Opposition may agree to debate on issues like inflation, fuel price hike and the economic situation — issues that could help it corner the Government. The Pegasus scandal has become a glue to unite the Opposition and those wanting to uproot the Modi Government are working overtime to bring the Opposition on one platform. The unprecedented Opposition unity has emboldened them to stick to the path of confrontation, something which the Government can afford only at the cost of making people further sceptical about the very purpose of the existence of our democratic institutions. It's time both the ruling dispensation and the Opposition leaders sit down and find a middle path to restore the dignity and relevance of the legislature as one of the strongest pillars of our democratic institutions.

India tells Pak to vacate all its areas

Pakistan has coercively been occupying areas in Gilgit-Baltistan that belong to India since the princely State's accession to India in 1947

JL KOUL **JALALI**

India has rejected the "cosmetic exercise" of the recent elections in Pakistan-occupied Kashmir. Traditionally, the ruling party in Pakistan wins elections in PoK and the incumbent ruling party, Tehreek-e-Insaf, won these elections. India lodged a strong protest with Pakistan last week, saying that such exercises can neither hide illegal occupation of the areas of the then princely State of Jammu and Kashmir by Pakistan, comprising about 35 per cent of its total area, nor the grave human rights violations, exploitation and denial of freedom to people in these occupied areas. India has called on Pakistan to vacate all the Indian areas under its illegal occupation since 1947, on which it has no *locus standi*. By virtue of accession of the ruler of the then princely State Maharaja Hari Singh to India in 1947, sovereignty of the whole erstwhile State lies wholly and solely with India.

The time appears to have come for Pakistan to introspect deeply and reflect on its illegal actions in these illegally occupied parts of now Union Territories of J&K and Ladakh. Steeped in abject poverty and backwardness, this illegally occupied area is still considered to be the most neglected area in South Asia. Despite violent protests by people at every stage, Pakistan has illegally, forcefully and through underhand means changed frontiers and composition of these areas beyond recognition. After illegally occupying the areas following an aggression on the then princely State, Pakistan established an administrative structure in the occupied area named as Azad Jammu and Kashmir Government. Even though with a nominal legislature, the Government there continues to be under strict control of Pakistan Government.

During the late 1970s, Pakistan started to take steps to bifurcate the subsequently extended occupied area in two parts, one it had already named as Azad J&K and the other as Northern Areas, comprising Gilgit-Baltistan, which it had deemed to be a separate geographical entity to be administered federally by Pakistan. The Northern Areas is mostly inhabited by Shia Muslims and Pakistan also initiated steps for demographic change in the area.

This resulted in violent protests by the people. Even the so-called Azad J&K Government protested tooth and nail this bifurcation and also instituted a suit in its court. But so great was Pakistan's urge to keep the fruits of aggression and to extend the borders of Pakistan illegally that it ignored all opposition and continued to resort to illegal means, including torture, to make it a federally administered area with nomenclature as Northern Areas.

Earlier too, in utter disregard for law and territorial integrity and sovereignty of India, Pakistan had ceded Shakasgam track territory in this illegally occupied Northern areas to China when Sino-Pak Frontier agreement was signed in 1963. It has also since annexed Chitral, Hunza and Nagar and other territories in or around Northern Areas including Poonch, Ishkoman and Yasin which formed a part of the then princely State or were under its suzerainty at the time of its accession to India.

Pakistan again changed the status of Northern Areas on May 21, 2018, when it promulgated the Gilgit-Baltistan Order replacing its earlier 'empowerment and self-government' order of 2009. Under the new order, all powers exercised by Gilgit-Baltistan Council were

AFTER ILLEGALLY OCCUPYING THE AREAS FOLLOWING AN AGGRESSION ON THE THEN PRINCELY STATE, PAKISTAN ESTABLISHED AN ADMINISTRATIVE STRUCTURE IN THE OCCUPIED AREA. WITH A NOMINAL LEGISLATURE, THE GOVERNMENT CONTINUES TO BE UNDER THE PAK GOVERNMENT'S CONTROL

given to the Assembly. But the Council was retained as advisory body for federal functions with regard to the Northern Areas. Thus legislative powers on key subjects are vested in the Prime Minister of Pakistan and not in the elected Assembly.

There were protests against this order not only in the area, but at many places in Pakistan. This reform package was seen as a precursor to attempts by Pakistan to make this area as its fifth province as also to change its demographic composition.

This perception was confirmed when last year Pakistan Prime Minister Imran Khan announced that the territory will be given provisional provincial status. Again in violation of international law and sovereignty of India and amid strong protests by people in PoK, Pakistan permitted China to run the China-Pakistan Economic Corridor project which passes through this Gilgit-Baltistan territory. Even the UN Economic and Social Commission for Asia Pacific in its report in May 2017 stated that the CPEC project could create geo-political tensions with India and lead to further instability in the region. Though reportedly prepared at the request of the Chinese Government, the report also pointed out concerns about its social and environmental safeguards. Provision

of provisional provincial status to Northern Areas by Pakistan appears to be an attempt to lend legal cover to the much-criticised CPEC project which runs through Gilgit-Baltistan, an Indian territory.

India has already strongly protested against this yet another severe illegality of Pakistan. Last week, the Indian MEA rejected a reference to CPEC in a recent Pakistan-China joint statement. It said that the CPEC lies in Indian territory illegally occupied by Pakistan and that India resolutely opposes it. With regard to reference to J&K in the joint statement, the MEA spokesperson said that the UTs of J&K and Ladakh are an integral and inalienable part of India.

Obviously, if Pakistan still chooses to continue with its illegal actions and material changes in J&K and Ladakh under its illegal occupation, that will mean continued violation of sovereignty and territorial integrity of India. This will lead to more instability in the region. For overall development, India desires peace with Pakistan, but Pakistan's action could lead to one more war over Jammu and Kashmir which could be far more dangerous.

LETTERS TO THE EDITOR

INDIAN WOMEN MAKE US PROUD

Sir — The brilliant performance put up by Indian women athletes sets them apart at the Tokyo Olympics. Although India's total medal tally is modest, the contributions of women athletes is commendable. The silver by Saikhom Mirabai Chanu in weightlifting, a bronze by badminton star PV Sindhu, a bronze by Lovlina Borgohain in boxing and the women's hockey team's spectacular performance which enabled them to enter the semifinals, all these show that women athletes of India have a bright future in international sports events.

When we think about the social discrimination and gender inequality that women face in India, theirs is indeed great achievement. It must be understood that of the 15 Olympic medals that India has won since 2000, women have won seven. Considering that India ranks 112 out of 153 countries in the Global Gender Gap Index 2020, women's achievement is so great. Given the fact that women in general and professional women in particular face gender discrimination and prejudice in India, their achievement is tremendous when compared with that of men. Indian women's achievement at the Tokyo Olympics is certainly an inspiration for prospective women athletes in the country and for women in general who want to prove their expertise in different fields.

CREATE JOBS FOR A BETTER FUTURE

Sir — Candidates at job interviews after the lockdown will have an additional challenge at hand. It could be a fresher graduating out of a college or people at different stages of their career seeking a job either for better prospects or as a fall-out of unfortunate job loss due to the COVID-19 pandemic. The first challenge is that there may be fewer jobs for them to grab. Too many candidates may be chasing too few jobs. How does a candidate stand apart in such a situation?

Apart from evaluating candidates for their fitness for the job, the companies

Slum children need special care

A holistic approach is to be taken in case of street children and there must be a concrete scheme for the uplift of children as help will not come from heaven as in *Slumdog Millionaire*. We want to protect the children from COVID-19 but what is the use if they die of hunger instead unless timely help is not given. The family cannot even apply for a ration card as they do not have any residence proof or any identity documents. The Government has plenty of schemes for slum redevelopment, but most of these are on paper. Importantly, sanitation is not on the agenda. Clean atmosphere and

civic amenities can make them healthy children.

The way things are, there is no collective vision; no rules either. Nearly 60 per cent live in slums in most of the metro cities, but a good chunk of the municipal corporation's agenda is devoted to gardens, roads, parking and so on; the slums don't feature. In our lopsided system of political representation, slum dwellers have been relegated to a vote bank. They are patronised, and encouraged to live in deprivation. Poor sanitation and environment, contaminated drinking water and crowded conditions all make the matter worse. Everyone is talking about Swachh Bharat, but how many toilets have been constructed in slums under this project? The politicians always look at how many votes they can garner in an area. They don't look at problems like housing or their poor living environment. Even yearly allotment of funds to MPs or MLAs can help out the cause of slum children in the best way possible.

CK Subramaniam | Navi Mumbai

are going to evaluate them on how they coped with the uncertainties posed by the pandemic. In one way, this is actually a great opportunity for both candidates and companies. Companies will look for in the candidates the ability to adapt to uncertain conditions. Candidates can stand apart from others if they prove that they can think and act differently in such uncertainties. Facing pay cuts, job losses and rising costs, many people grit their teeth and made the most of an extremely rough year. This, then, is as good as it gets. It is time to create more jobs opportunities.

MR Jayanthi | Mumbai

PUNISH THE SAVAGES OF DELHI

Sir — Shocked to know that a Dalit girl was sexually assaulted and murdered in Delhi and Chief Minister Arvind Kejriwal's Government will order a magisterial inquiry instead of an CBI investigation. The Chief Minister announced a compen-

sation of ₹10 lakh for the girl's family. But the girl cannot come back. The fact of the matter is that there is a need to strengthen law and order in Delhi and the Union Government must take firm steps in this direction.

The Delhi Government must appoint top-notch lawyers to ensure that the guilty are punished. The victim's parents, accompanied by hundreds of locals, staged a protest near the site of the incident in Old Nangal area, southwest Delhi. The police, based on the statement of the victim's mother, added rape charges to the FIR. Four people, including the priest of a nearby crematorium, have been arrested. It is high time all the four accused must be severely punished in the shortest period of time and their trial must be in a fast-track court.

AN INNOVATIVE INSTITUTION

SWIFT bridges financial inequalities by offering financial services to the underprivileged

GOBHANU SASANKAR **KORISEPATI**

An Indian student has developed an innovative microfinance concept for women, inspired by Bangladesh’s Grameen Bank — the world’s largest microfinance institution — which made banking more accessible to the poor. SWIFT- Sustaining Women in Financial Turmoil — was formed in September 2020, when its founder, Gobhanu Korisepati, launched a microfinance social business platform. He spent over three months in an internship with Grameen Bank to learn the logistics. SWIFT was founded to bridge financial inequalities in India by making financial services accessible to the underprivileged. The need was felt because he witnessed the complexities accompanying traditional loans such as mandatory collateral and proof of income firsthand and found that financial services tend to discriminate against the poor directly. The institution is based on an adapted version of micro-finance that best targets women who lack access to financial services. It brings women financial stability and human dignity by

providing them micro-loans to start their entrepreneurial adventures. A loan can change the life of any individual, especially for a woman coming from an underprivileged background. To date, SWIFT has loaned to over 1000 women, working with a focus on sectors such as agriculture, clothing, and food services. The largest loan SWIFT has lent individually is worth ₹20,000. The borrower is a young woman, Magali, and the loan helped her buy wholesale fabric, thread, elastic, yarn, and maintain her sewing machine. The loan was unique as it was aimed at reaching vulnerable populations in an isolated region. SWIFT’s many loans are targeted to help the women who need it the most, and they have been successful in lending over ₹19 lakh so far. Another borrower from SWIFT is Meela, a rural farmer who aspired to be an entrepreneur, and the loan provided the perfect opportunity to do so. Meela has a family of three and a monthly household income under the poverty line. By providing her a loan, SWIFT helped her buy seeds and fertilizers to increase agricultural production. SWIFT currently selects the needy based on criteria that are constantly being adapted to fit the best interests of Indian women.

The criteria currently considered are based on the community impact a loan would have: how many people the loan can positively affect and risk evaluation factors, loan duration, and repayment schedule. It is important to note that SWIFT does not charge any interest on the loans as its goal is only to better the livelihoods of the borrowers and their communities. When asked how SWIFT has raised funds, Gobhanu says that SWIFT is fortunate enough to have gained a following on social media platforms and its website (swiftmfi.org), which primarily allocates its funding addition to local fundraisers such as bake-sales and charity games. What makes SWIFT unique from other charities is that it is run directly by children. A few months after founding SWIFT, Gobhanu sought out help and was overwhelmed by the support of youth he could find online. Today the SWIFT team consists of over 20 high school students who donate their time and efforts to make the world a better place. SWIFT is also currently inculcating the habit of microfinancing throughout schools as the organization believes that financial literacy is a fundamental step for India’s development. Gobhanu says that his vision is for SWIFT to reach developing and developed nations worldwide, not just India. In the coming years, he hopes to create a sustainable student-run organization that works to create equality of opportunity for marginalized communities.

Youth and radicalism: Search for cannon fodder

AMRITA **BHINDER**

The so-called movement for Khalistan checks all the necessary boxes to be an ‘ideal’ issue for agencies like Pakistan’s ISI to attack India

William Faulkner’s observation that “the past is never dead, it is not even the past” holds for issues that enemies of India exploit to fuel unrest. The resurgence of the talk surrounding ‘Khalistan’ indicates how those interested in harming India never stop sowing seeds of discontent.

For any strife to continually ‘catch the fancy’ of the people, it has to appear personal and immediate. Such issues can find easy access in India with many societal, caste, religious, and sectarian fault lines. The abundance of youth is a bonus for those looking to take advantage. The radicalisation of youth to be used as cannon fodder is commonplace across strife-driven regions like in Syria where the social unrest originated from college campuses. The JNU protest is another illustration where sloganeering against a fee hike soon transformed into a demonstration of whatever was the ‘flavour of the month protest’

The so-called movement for Khalistan checks all the necessary boxes to be an ‘ideal’ issue for agencies like Pakistan’s ISI to attack India. It is well-documented that ISI pumped monetary and arms resources and provided a haven for extremists who propagated the demand for a separate State of Khalistan.

In the last few years, long-standing issues like left-wing extremism or Islamist terror are being called out or are past their sell-by date. The significant churn in the United States and Australia, and the United Kingdom against Chinese influence in college campuses has shaken things up. The crackdown by Saudi Crown Prince Mohammed Bin Salman in 2017 on Islamist terrorists unleashed significant changes in how Jihadist terror operated across the globe. Vowing to galvanise an Islamic military coalition that aimed to counter “terrorism and extremism,” Mohammed bin Salman led a series of high-level meetings of an alliance of Muslim nations against terrorism funding and the day-to-day disruption of al-Qaida, the Islamic State, and like-minded jihadists. In this atmosphere, global entities that benefit from strife, such as the military-industrial complexes, need to fan new issues to survive.

One of the reasons why Khalistan is a red-flag issue unlike ever before is the global support that has come its way in the recent past, with significant ramifications. In a recent Club House chat, a young person of Indian origin based in Europe and dedicated to the Khalistan cause claimed that the movement aimed at the physical separation of Punjab from the Indian union in less than two generations. The support for the separatist elements of the Khalistan movement, especially amongst the second-generation Punjabi youth based in Canada, the United Kingdom, and the United States, has gained momentum as it ostensibly seeks to correct a historical wrong. However, the danger has increased manifold due to a suc-

KHALISTAN WAS NEVER A DOMESTIC ISSUE, AND THE SOONER THE AVERAGE INDIAN REALISES THAT IT HAS THE POTENTIAL TO CHANGE THE WORLD, THE FASTER WE CAN COUNTER IT. THE REASON THAT WE CANNOT TAKE ALL OF THIS TO BE AN OVERSTRETCHING OF ONE’S IMAGINATION IS STARING US IN THE FORM OF A SIMPLE FACT — THE WORLD HAS SHIFTED FROM ‘CONVENTIONAL WARFARE’ TO THE UNCONVENTIONAL

(The writer is a lawyer and columnist. The views expressed are personal.)

cessful shift in the perspective. The anti-Sikh pogrom of 1984 is not attributed to Congress but the ‘Indian State’. As a result, the Khalistan issue now targets the Indian government and propagates a ‘revolt’ as the only way out.

This status transition is strategically designed and it would be foolish to think otherwise. It is similar to the Israel-Palestine issue and the desire of vested parties to replicate the model where a narrative would constantly stoke fires of how the Indian state has unleashed a flurry of horrors upon the ordinary citizens of Punjab. The narrative-building machinery is also in place, with socio-cultural events such as literary jaunts with authors and think tanks disseminating ideas and information to that end.

One can see how global concepts such as critical race theory, a 40-year-old idea that believes racial division to be a social construct instead of a personal bias, are promulgated locally. The ongoing farmers’ protest is a testimony to the same, where a broad idea - farmers opposing the three laws - has been rejigged to make it region-specific - how the state has primarily targeted the farmer of Punjab.

The Khalistan issue is also being pitched as a shared narrative at a global level, claiming to echo the sentiments of the Sikh community, even though the citizens of Punjab rejected the very idea of a separate State. The local view is routinely, and even vehemently, dismissed on public platforms and social media by radicalised elements based outside of India. While

Indians wave off the issue as bunkum or pointless wishful thinking of a handful of wavered NRI youth, global media picks on that point of view and furthers it. The physical or virtual protests also have many Pakistan-sponsored implants disguised as Sikhs. The cycle is then completed when such news is peddled for domestic consumption as the local view that an authoritarian government has suppressed.

The propagators of Khalistan are quick to portray Prime Minister Narendra Modi as the all-powerful fascist responsible for the subjugation of Punjab, even though the actions of the current Indian government tell a completely different story. In 2018, a Delhi court awarded the first death penalty to two persons in the 1984 anti-Sikh riots in the cases that were probed and re-opened by the Special Investigation Team (SIT) set up by the Modi government in 2015. In 1994, the two had gotten away due to lack of evidence, and their conviction became possible only due to the evidence provided by the BJP state government.

The Khalistan issue is a testing ground for other pan-India strifes that can be used against the country. It is in tandem with a 2016 Pakistan Senate recommendation to the then Nawaz Sharif government to play up caste and religion issues in India to curb India’s global influence. A 13-member committee of the Senate, Pakistan’s equivalent to the Rajya Sabha, asked the government to talk about ‘Dalits, unhappy Muslims, and encourage those opposing Prime

Minister Narendra Modi’ to destabilise India. It also made some tactical recommendations to “hire International lobbyists and strategic communication firms and reactivate Pakistani community living abroad to change the global narrative”.

The narrative-building efforts to push Khalistan or any exploitable local fault line to the forefront as a global agenda cannot be ignored or undermined. One is reminded of how the US attack on Iraq in 2002 also resulted from a complex narrative-building exercise. India’s stature as a geopolitical player on the global stage has only increased in the recent past. Whether it is Asia or the Indian Ocean Region, India’s significance is now key to shaping the world as it has also emerged as a natural counter balance to China. This reality does not suit traditional foes such as China and Pakistan and their new supporters, namely, Turkey and Iran.

Rest assured, any narrative that thwarts India would be ready to pick for them. Khalistan was never a domestic issue, but its play has only increased, and the sooner the average Indian realises it has the potential to change the world, the faster we can counter it. The reason that we cannot take all of this to be an overstretching of one’s imagination is staring us in the form of a simple fact - the world has shifted from ‘conventional warfare’ to the unconventional. While we might not comprehend the severity of unconventional warfare, it surely is at play around the world by those interested in it.

Maldives and Indian relationship

There have been a few untoward incidents that led to the Maldivians harbouring anti-India sentiments

Maldives and India are having a relationship crisis owing to media articles and social media posts attacking the dignity of the Indian High Commission office in that country. The Indian High commission wrote a letter to the ministry of external affairs that was shared with the Maldivian local media. The commission complained letter about the malicious and increasingly personal attacks that may damage the bilateral relations between India and the Maldives.

The Maldivian Democratic Party (MDP) released a statement that empathised with Indian diplomats and termed the attacks as derogatory. The MDP blamed the whole drama on a local newspaper, Dhiyares, and its owner, Ahmed Azaan.

PK **VASUDEVA**

(The writer is retired Senior Professor, International Trade and Member, Vivekananda International Foundation, New Delhi. The views expressed are personal.)

The MDP believes that the anti-India campaign run by Azaan is a well-funded, tailor-made, and intricately choreographed political campaign to bring ties between the Maldives and its closest ally, India, to breaking point.

The reason for the ‘India out’ campaign was the military presence in the Maldives, which according to the locals, is a threat. The ‘India out’ campaign started in 2020 and spread across social media like a wild-fire. The co-founder of the Dhiyares media, Shifxan Ahmed, clarified that they had only one issue - about the Indian military presence.

It is not the first time that an anti-India campaign had reared its ugly head. Back in 2013, when the Progressive Party of Maldives (PPM) was in

power, international relations between India and Maldives took a hit. PPM, led by Abdulla Yameen Abdul Gayoom, had tilted towards the Chinese. To please the Chinese, the Yameen government indulged in anti-India slogans and policies.

Researcher Dr. Gulbin Sultana, an analyst at Manohar Parrikar Institute for Defence Studies and Analysis (IDSA), shares the same sentiment about the anti-India rhetoric of 2013. But even if the Yameen government had a biased that

favoured the Chinese, they engaged in an India-first policy as well.

There have been a few untoward incidents that led to the Maldivians harbouring anti-India sentiments. The first incident was when India gifted two Dhruv Advanced Light Helicopters (ALF) in 2010 and 2015. These helicopters were to be operated by Indian officers and to be used for ocean search and rescue operations, airlifting patients across the islands, and Maritime weather surveillance. They were based in Addu atoll and at Hanimaadhoo but the pro-China stance of the Yameen government let it interpret them as proof of the Indian military’s growing presence in the Maldives. In 2016, when the agitation reached its peak, the Yameen government requested

India to take back their choppers and the defence personnel. The Indian refusal to take back the choppers added fuel to the fire. In 2018, Ibrahim Mohamed Solih came to power and scrapped agreements that proscribed the use of choppers and he extended the stay of Indian personnel stay in the Maldives. Solih’s friendly stance towards India and its choppers again fuelled anti-India sentiments in the Maldives.

The Maldivian government believed in keeping terms of contracts about defence, sovereignty, and national security secret. Some groups of people interpreted this secrecy as a threat to democracy. The domestic players in the Maldives opposed agreements with India because of this lack of transparency. According to

Maldivian law, any agreement has to be tabled in Parliament and needs parliamentary approval. It is only after the approval the government can engage in bilateral treaties. But the Solih government, in the name of national security, does not share any data with Parliament. The idea of keeping everything under wraps in the name of national security angers the people and fuels protests.

The second incident was the signing of Sifvaru-Uthuru Thilafalhu (UTF) harbour project agreement between India and the Maldives in 2021, under which India will be developing a Maldives National Defence Force Coast Guard Harbour. This project was initiated under the Yameen government. The dockyard is an atoll located near Malé, the cap-

ital of the Maldives.

The Indian motive behind signing this agreement was the growing presence of the Chinese in the Indian Ocean region. This agreement would satisfy the strategic interests of both India and the Maldives. But in 2019, when the Solih government came to power, media suspicion began to grow, owing to Solih’s inclination towards India about the UTF project. The Maldivian government has repeatedly clarified that they would not allow any military presence on their land, be it Indian, Chinese, or anyone else. The Maldives has repeatedly asked India not to interfere in its domestic politics.

After the threats to blast the Indian high commission in the Maldives, appropriate security measures have now been taken.

Attack targeting acting Af Defense Min kills 8

AP ■ KABUL

A bombing attack that targeted Afghanistan's acting Defense Minister, Bismillah Khan Mohammadi, killed at least eight people and wounded 20, authorities said on Wednesday. The Deputy Minister was not hurt in the attack claimed by Taliban insurgents.

The blast went off late Tuesday in a heavily guarded upscale neighborhood of the Capital of Kabul. It was followed by a gun battle that also left four militants dead, authorities said. The casualty toll could rise, Interior Ministry spokesperson Mirwais Stanekzai said Wednesday. Taliban spokesman

Zabihullah Mujahid in a statement Wednesday claimed responsibility for the attack. It came as the insurgent group presses ahead with an offensive that is putting pressure on provincial capitals in the south and west of the country.

Mujahid said the attack was revenge for recent attacks by Afghan national forces in various provinces that he said caused civilian casualties and displacement.

Stanekzai said it appeared the guesthouse of acting Defense Minister Bismillah Khan Mohammadi was targeted in the attack but he was not hurt.

Mohammadi's Jamiat-e-Islami party was told the minister was not in the guest-

house at the time and his family had been safely evacuated. All four attackers were shot and killed after five hours of fighting, Stanekzai said.

Stanekzai said the attack took place in the posh Sherpur neighborhood, located in a section of the capital known as the Green Zone, where security is tight. It is home to several senior government officials.

Hours after Tuesday night's attack, the Defense Ministry released a video in which Mohammadi said his guards had been wounded in a suicide attack. "I assure my beloved countrymen that such attacks cannot have any impact on my willingness to defend my countrymen and my country," he said.

UNSC says it does not support restoration of Islamic Emirate in Af

PTI ■ UNITED NATIONS

The UN Security Council, currently being presided over by India, has declared that it does "not support the restoration of the Islamic Emirate" in Afghanistan as it expressed deep concern over the high levels of violence in the war-torn country following the Taliban stepping up its military offensive.

It also condemned in the "strongest terms" last week's "deplorable" attack against the United Nations in Afghanistan's Herat.

In a Press statement on the "escalating violence in Afghanistan" issued by Council President India's Permanent Representative to the UN Ambassador T S Tirumurti, members of the 15-nation Security Council reaffirmed that there is no military solution to the conflict and "declared that they do not support the restoration of the Islamic Emirate."

"The members of the Security Council called on both the Islamic Republic and the Taliban to engage meaningfully in an inclusive, Afghan-led and Afghan-owned peace process in order to make urgent progress towards a political settlement and a ceasefire," the press

statement said.

"The members of the Security Council condemned in the strongest terms the deplorable attack" against the UN compound on July 30, which resulted in the death of an Afghan security forces guard and several injured.

Security Council members "expressed their deep concern about the high levels of violence in Afghanistan following the Taliban's military offensive and called for an immediate reduction of violence," the press statement said.

"They also expressed deep concern about the number of reported serious human rights abuses and violations in communities affected by the ongoing armed conflict across the country," it said.

The Council condemned in the strongest terms all instances of terrorism and deliberate targeted attacks against civilians, including on the UN compound caused by the recent violent Taliban offensive. "While continue prioritising the achievement of peace through negotiations, the AFG Gov, fulfilling its mandate, will continue to defend its citizens against atrocities and war crimes committed by the Taliban and their associated regional and intl terrorist groups," the Mission added.

The Council stressed the

need for full, equal and meaningful participation of women in this regard.

Afghanistan Foreign Minister Mohammed Haneef Atmar said in a tweet that he spoke with External Affairs Minister S Jaishankar "to discuss convening an emergency UN Security Council Session" on Afghanistan.

"UN & intl community must play a greater role to stop the unfolding tragedy in due to Taliban violence & atrocities. Appreciate the lead role of as current UNSC President," Atmar said.

Following the issuance of the Press Statement, Afghan Mission to the UN tweeted that it welcomes the "strong condemnation" by the Security Council of all instances of terrorism and deliberate targeted attacks against civilians, including on the UN compound caused by the recent violent Taliban offensive.

"While continue prioritising the achievement of peace through negotiations, the AFG Gov, fulfilling its mandate, will continue to defend its citizens against atrocities and war crimes committed by the Taliban and their associated regional and intl terrorist groups," the Mission added.

British navy group: Hijackers have left vessel off UAE coast

AP ■ FUJAIRAH (UAE)

The hijackers who captured a vessel off the coast of the United Arab Emirates in the Gulf of Oman left the targeted ship on Wednesday, the British navy reported, ending a ship seizure that revived fears of an escalation in Mideast waters.

The incident, described by the British military's United Kingdom Maritime Trade Operations the night before as a "potential hijack," ended with as much mystery as it began.

While the details of who briefly impounded the asphalt tanker and why remain unclear, the seizure once again reveals a region on edge as Iran and the United States seek to broker a resolution to their standoff over Tehran's tattered 2015 nuclear deal with world powers.

Over the past years, the rising tensions have played out in the waters of the Persian Gulf, where just last week a drone attack on an oil tanker linked to an Israeli billionaire off the coast of Oman killed two crew members. The West blamed Iran for the raid, which marked the first known fatal assault in the yearslong shadow war targeting vessels in Mideast waters.

Iran denied involvement.

Late on Tuesday, intruders boarded a Panama-flagged asphalt tanker called Asphalt Princess sailing off the coast of Fujairah, authorities said. The official news agency of Oman's military said it received reports that the Asphalt Princess had been hijacked and dispatched Royal Air Force maritime patrol aircraft and naval vessels "to contribute to securing international waters."

Possible signs of trouble began to emerge that evening when six oil tankers off the coast of Fujairah announced around the same time via their Automatic Identification System trackers that they were "not under command," according to MarineTraffic.com. That typically means a vessel has lost power and can no longer steer.

Satellite-tracking data for the Asphalt Princess had showed it gradually heading toward Iranian waters off the port of Jask early Wednesday, according to MarineTraffic.com. Hours later, however, it stopped and changed course toward Oman, just before the British navy group declared the hijackers had departed and the vessel was now "safe."

Turkey says it won't shoulder Af migration, slams US

Istanbul: Turkey's Foreign Ministry has called the United States "irresponsible" after the Biden administration announced it would expand efforts to assist at-risk Afghan citizens with the major caveat that the adjudication process would take months in a third country.

Turkish Foreign Ministry spokesperson Tanju Bilgic said Wednesday the U.S. statement had suggested Turkey as an application spot "without consultation." He said Turkey does not have the capacity to shoulder another migration crisis.

"The U.S. may directly transport these people by plane. Turkey will not take over the international responsibilities of third countries," Bilgic said and added Turkey would not allow its laws to be abused by other countries. He said the U.S. announcement would trigger a major refugee crisis.

Turkey is already hosting some 3.7 million Syrians who fled the civil war there. Afghans have also fled to Turkey to escape their country's war and instability. AP

Israel fires back after 3 rockets launched from Lebanon

AP ■ TEL AVIV

Three rockets were fired from Lebanon into Israeli territory on Wednesday and the army responded with sustained artillery fire, Israel's military said. There was no immediate information on damages or casualties.

The announcement came after sirens sounded in northern Israel warning of a possible rocket attack from Lebanon. Two rockets landed inside Israeli territory, the army said, adding that it fired artillery back into Lebanon.

Channel 12 reported that

one rocket exploded in an open area and another was intercepted by Israel's defense system, known as the Iron Dome.

The warnings went off near Kiryat Shmona, a community of about 20,000 people near the Lebanese border.

A Lebanese army official said the military had no comment pending investigations. Other Lebanese security officials did not immediately respond to requests for comment from The Associated Press.

However, several witnesses in the border area in south Lebanon said two rockets landed in an Israeli community across the border, followed by multiple artillery shells that were fired from Israel. The Israeli shells landed in an area between the Lebanese villages of Marjayoun and Khiam, they said, adding it was not clear where the rockets were fired from.

There have been several similar incidents in recent months.

PEGASUS SCANDAL

Top Israeli defence committee to convene 'closed' session on use of offensive cyberarms

Jerusalem: Israel's top defence committee will convene a special session on the use of 'offensive cyberarms' in the wake of international backlash over the alleged misuse of NSO Group's Pegasus software and further revelations that other Israeli firms may have also supplied similar spyware solutions to other countries, according to a media report.

The Foreign Affairs and Defence Committee will convene a closed session to discuss not just NSO and the string of revelations about its spyware's potential targets exposed as part of the Project Pegasus, but also other Israeli offensive firms that have made headlines in recent months, daily Haaretz reported on Tuesday.

The Pegasus Project is a consortium of media outlets that reported the NSO's Pegasus spyware was linked to hacks and potential surveillance.

Firms like Candiru and Quadream have also sold their spyware solutions to non-democratic regimes, the report said.

"The session of the influential Foreign Affairs and Defence Committee is apparently not listed on their official agenda and it will be sealed off from the public and its minutes kept off the record because the session will be held by a sub-committee dedicated to "intelligence issues and other special issues," the daily reported. The meeting is reportedly set for August 9, though the committee chair, lawmaker Ram Ben Barak, has denied it. PTI

NY Gov urged to resign after probe finds he harassed 11 women

New York: New York Governor Andrew Cuomo has faced mounting pressure to resign, including from President Joe Biden and other onetime Democratic allies, after an investigation found he sexually harassed nearly a dozen women and worked to retaliate against one of his accusers.

"I think he should resign," Biden told reporters Tuesday, echoing House Speaker Nancy Pelosi and New York's US Senators Chuck Schumer and Kirsten Gillibrand, all Democrats.

The leader of the state Assembly, which has the power to bring impeachment charges, said it was clear Cuomo could no longer remain in office. Speaker Carl Heastie, a Democrat, said he would move to complete an impeachment inquiry "as quickly as possible."

Cuomo remained defiant, saying in a taped response to the findings that "the facts are much different than what has been portrayed" and that he "never touched anyone inappropriately or made inappropriate sexual advances."

In a telephone conversation with Heastie, Cuomo insisted he wouldn't leave office and told the speaker he needed to work fellow Democrats and garner enough votes to stop an impeachment, according to a person familiar with the conversation.

But Heastie said he couldn't do that, said the person, who could not publicly discuss details of the private conversation and spoke to The Associated Press on condition of anonymity. AP

WHO: 4 mn new coronavirus cases reported globally

AP ■ GENEVA

There were more than 4 million new Covid-19 cases reported globally in the last week, driven mostly by spikes in the Middle East and Asia.

That's according to the World Health Organization's

latest weekly report on the pandemic.

The U.N. health agency said Wednesday infections have been increasing for more than a month, although the worldwide number of deaths dropped by about 8%.

In the Middle East and Asia, however, deaths

increased by more than a third. In the last week, the highest numbers of coronavirus cases were reported by the U.S., India, Indonesia, Brazil and Iran. More than 130 countries have now reported cases of the easier-to-spread delta variant, first identified in India.

US trying to help India, others to produce vaccine: Biden

Washington: The United States is helping India and other countries to be able produce the vaccines by themselves, President Joe Biden has said.

With a need for several billion doses around the world, the US was committed to provide half a billion, Biden said during a press conference at White House on Tuesday.

"We have committed to over a half a billion doses. And we're trying to provide for more and provide for the capacity of countries like India to be able to produce the vaccine themselves. And we're helping them do that. That's what we're doing now," he said in response to a question.

"And we're trying to...by the way, it's free. We're not charging anyone anything. And we're trying to do as much as we possibly can," he added.

In this fight against COVID-19, Biden asserted, the United States was committed to become the "arsenal of vaccines", the manner in which it was the arsenal of democracy during World War II.

"We are backing up that commitment. We have contributed more than any other nation to COVAX as a collective global effort to deliver COVID-19 vaccines across the world. We have supported manufacturing efforts abroad through our partnerships with Japan, India, Australia - known as the Quad," he said.

Biden said that during his trip to Europe in June, he had announced that the US would purchase a ground-breaking 500 million doses of Pfizer and donate to nearly a hundred low- and middle-income countries that don't have the vaccine. Those doses will start to ship at the end of this month, he said. PTI

Head of UN health agency seeks vaccine booster moratorium

AP ■ GENEVA

The head of the World Health Organisation is calling for a moratorium on administering booster shots of Covid-19 vaccines as a way to help ensure that doses are available in countries where few people have received their first shots.

WHO Director-General Tedros Adhanom Ghebreyesus made the appeal mostly to wealthier countries that have far outpaced the developing world in numbers of vaccinations.

WHO officials say the science is unproven about whether giving booster shots to people who have already received two vaccine doses is effective in preventing the spread of the coronavirus.

The U.N. Health agency has repeatedly called for rich countries to do more to help improve access to vaccines in the developing world. Tedros pointed to a WHO target set earlier this year to ensure that 10% of the populations in countries receive vaccines against the coronavirus.

"Accordingly, WHO is calling for a moratorium on boosters until at least the end of September to enable at least 10% of the population of every country to be vaccinated," he said Wednesday.

To help take the heat out of the pandemic, WHO has been focusing on getting vaccines to older adults, health care workers and other target populations in many countries before booster shot campaigns are carried out.

Israel, France, Germany and many Middle Eastern countries have already started administering booster shots, and other nations, including the United States and Britain, are considering plans to do so in the wake of the emergence of the highly transmissible delta variant.

Onus on India to create 'conductive environment' for talks: Pak FM Qureshi in letter to UN

Islamabad: Pakistan's Foreign Minister Shah Mahmood Qureshi has written another letter to the UN, emphasising that the onus to create a "conductive environment" for engagement and result-oriented talks remains on India and New Delhi must reverse its actions in Jammu and Kashmir taken on or after August 5, 2019.

Qureshi addressed the letter to the UN Security Council and the UN Secretary General on the completion of two years after India abrogated the special status of Jammu and Kashmir under Article 370 of the Constitution.

India's Parliament abrogated the special status of Jammu and Kashmir under Article 370 on August 5, 2019 and bifurcated it into two Union territories. Pakistan downgrad-

ed ties with India and suspended trade after the Indian government revoked the special status of Jammu and Kashmir. India has maintained that the issue related to Article 370 of the Indian Constitution was entirely an internal matter of the country. Foreign Minister Qureshi, in his letter, has emphasised that the "onus remains on India to create a conducive environment for engagement and result-oriented dialogue," Pakistan's Foreign Office (FO) said in a statement. "To create such an environment, India must reverse all unilateral and illegal measures imposed in Jammu and Kashmir, including those initiated on and after 5 August 2019, rescind the demographic changes initiated in Jammu and Kashmir," the FO said. RBI's MPC begins deliberations

LIKELY TO MAINTAIN STATUS QUO ON INTEREST RATE

PTI ■ MUMBAI

The RBI's rate-setting panel MPC began its three-day deliberations on Wednesday to finalise the bi-monthly monetary policy amid expectations that it may opt for status quo on interest rate on account of inflationary concerns.

Reserve Bank Governor Shaktikanta Das will unveil the resolution of the Monetary Policy Committee (MPC) on Friday.

Headed by the RBI Governor, the six-member MPC also includes three external members.

Experts are of the view that the RBI may prefer to wait and watch for some more time before taking any major action on the monetary policy front as the central bank's focus is on managing inflation as well supporting economic growth.

The central bank had left the benchmark interest rate unchanged at 4 per cent at the June policy meet. It was for the

sixth time in a row that the MPC maintained status quo on interest rate.

M Govinda Rao, chief economic advisor of Brickwork Ratings, said the MPC has kept key policy rates unchanged since May 2020, after having brought them down to a record low of 4 per cent from 5.15 per cent through two rate cuts (75 bps in March 2020 and 40 bps in May 2020), to assuage the economic consequences of the Covid-19

pandemic.

Moreover, the MPC has continued with the accommodative policy stance after changing it from neutral in June 2019. "We expect the RBI MPC to hold the repo rate at 4 per cent and continue to be accommodating to support the nascent recovery, in the upcoming MPC. We also expect it to sound a cautionary note and emphasise the need to closely monitor the situation," Rao said.

Markets maintain record run on earnings boost; Sensex scales 54,000 for 1st time

PTI ■ MUMBAI

Equity benchmarks clamored up to fresh lifetime highs on Wednesday, with the Sensex surging past the 54,000-mark for the first time, as stellar earnings whetted risk appetite amid supportive global cues.

Banking and finance stocks saw hectic buying after largest lender SBI reported a 55 per cent jump in standalone net profit at ₹ 6,504 crore for the June quarter, helped by a decline in bad loans.

Surging for the third straight session, the 30-share BSE Sensex rallied 546.41 points or 1.02 per cent to end at its new record of 54,369.77, bettering the previous session's closing high. It scaled its lifetime peak of 54,465.91 during the session.

Similarly, the broader NSE Nifty surged 128.05 points or 0.79 per cent to its all-time peak of 16,246.85. It touched a lifetime intra-day high of 16,290.20.

HDFC was the top performer in the Sensex pack,

Rupee climbs to over 5-week high of 74.19/USD

PTI ■ MUMBAI

The Indian rupee added another 9 paise to mark its highest level in over five weeks at 74.19 against the US dollar on Wednesday, aided by bullish equities and subdued crude oil prices. Further, gains in Asian peers against the US dollar too bolstered rupee sentiment.

surging 4.77 per cent, followed by Kotak Bank, ICICI Bank, SBI, HDFC Bank and Axis Bank.

On the other hand, Titan, Nestle India, UltraTech Cement, Sun Pharma, Maruti and Bharti Airtel were among the laggards, dropping up to 2.14 per cent.

However, the market breadth was negative, with 16 Sensex stocks closing in the red, while 14 advanced.

PHDCCI calls for 3-tier GST, capping highest slab at 18%

PTI ■ NEW DELHI

Industry chamber PHDCCI on Wednesday called for a 3-tier GST rate structure, with the highest slab at 18 per cent, to help boost consumption and reduce evasion.

Under the Goods and Services Tax (GST), a four-rate structure that exempts or imposes a low rate of tax 5 per cent on essential items and top rate of 28 per cent is levied. The other slabs of tax are 12 and 18 per cent. Besides, a 3 per cent rate is applied on gold, silver and processed diamonds.

PHDCCI President Sanjay Aggarwal said an ideal GST rate structure would be to have two to three slabs of GST rates.

"We suggest the lowest rate at 5 per cent, a moderate rate of 12 per cent, by clubbing the category of 12 and 18 per cent, and the highest rate of 18 per cent for luxury and sin goods only," he said.

This rationalisation of rates will increase consumption and tax revenue, reduce compliances, reduce tax evasion and

PHDCCI President Sanjay Aggarwal said an ideal GST rate structure would be to have two to three slabs of GST rates

help to make

GST as good and simple tax, as simplified tax regime is the need of hour to reduce litigation pertaining to tax matters. "This will also lead to removal of hardships and provide ease of doing business and compliance among taxpayers," Aggarwal added.

Aggarwal further said that the government had rationalised GST rates in the 28 per cent slab category and taking out about 200 items from the highest slab and putting in either 18 or 12 per cent.

Still products such as air conditioners, and cements are charged at 28 per cent GST, he said. A nationwide GST, which subsumed 17 local levies like excise duty, service tax and VAT and 13 cesses, was rolled out on July 1, 2017.

Over 360 UDAN air routes operational now

IANS ■ NEW DELHI

India has till date operationalised 361 air routes under the regional connectivity scheme 'Ude Desh Ka Aam Nagrik' or RCS-Udan.

The scheme was launched in 2016. Under it, airlines are provided with a 'Viability Gap Funding' to keep fares affordable and accessible. "Till date, 361 routes and 59 airports (including 5 heliports and 2 water aerodromes) have been operationalised under the Udan scheme," the Ministry of Civil Aviation said in a statement on Wednesday. "The scheme is envisaged to establish strong aerial connectivity in all States and UTs of the country which hitherto were not connected, laying the foundation of a new regional segment in India's aviation market." According to the ministry, on Tuesday, the first direct flight operations between Imphal (Manipur) and Shillong (Meghalaya) was flagged off under the RCS-UDAN. "The operationalisation of this route fulfills the objectives of the Government of India to establish strong aerial connectivity in priority areas of NorthEast India."

BRIEFS

FIRST DIRECT FLIGHT OPERATIONS FLAGGED OFF ON IMPHAL – SHILLONG ROUTE UNDER UDAN

New Delhi: The first direct flight operations between Imphal (Manipur) & Shillong (Meghalaya) was flagged off under the RCS-UDAN (Regional Connectivity Scheme — Ude Desh Ka Aam Nagrik) of the Government of India. The operationalization of this route fulfills the objectives of the Government of India to establish strong aerial connectivity in priority areas of NorthEast India. The officials of the Ministry of Civil Aviation (MoCA) and Airport Authority of India (AAI) were present during the launch of the flight operations. The aerial connectivity between the capital cities of Manipur & Meghalaya has been a long-awaited demand of the people of the region. The beautiful city of Shillong is surrounded by hills from all sides. Famous for the presence of many well-reputed educational institutions, Shillong is the hub of education for the entire North-East India. Apart from being the beauty & education centre, Shillong also acts as the gateway to Meghalaya, the state famous for heavy rainfall, caves, tallest waterfalls, beautiful landscapes, and its rich heritage & culture. Shillong is famous for Elephant falls, Shillong Peak, Umiam lake, Sohpetbneing Peak, Don Bosco Museum, Laitlum Canyons.

YUVRAJ-BACKED HEALTHIANS' FREE SERVICES FOR INDIAN OLYMPIC SQUAD

New Delhi: In support of Olympic athletes and to promote sports in the country, Yuvraj Singh on Wednesday announced that Healthians, India's leading "health test at home" startup, would provide free healthcare screening for all Tokyo Olympics participants from India. In addition, medal winners will be able to avail 10 years of free health checkup packages from the company. Yuvraj said, "We need to support sportsmen and move towards a glorious future in sports." Deepak Sahni, founder and CEO of Healthians, said, "For every sportsman, health comes first, and with this campaign, we hope to inspire the current and next league of athletes and sportspeople to bring further glory to our country."

EK NAYI ANANDI, EK NAYA ADHYAY

New Delhi: Balika Vadhu — a powerful story that marked the dawn of a new age on television, a grave issue that left a long-lasting impact on the minds of the viewers, endearing characters that touched million hearts and are still revered iconic — is going to start its season two. 13 years ago, COLORS brought a new revolution on Indian television with its path-breaking show Balika Vadhu that addressed the subject of child marriage in the simplest yet powerful manner. The show will capture the journey of a 'nayi Anandi' (played by Shreya Patel) as she takes definitive steps to fight and undo the injustice done to her.

India needs 3 private players in telecom; hope Govt offers support to industry: Airtel CEO

PTI ■ NEW DELHI

Bharti Airtel CEO Gopal Vittal on Wednesday asserted that a large nation like India needs three private players in the telecom sector, and hoped the Government would take measures to offer relief to the industry that is facing "serious financial stress".

The comments assume significance in the backdrop of Vodafone Idea's desperate struggle to stay afloat.

Aditya Birla Group Chairman Kumar Mangalam Birla had in June this year offered to hand over the group's

stake in debt-laden Vodafone Idea Ltd (VIL) to the government or any other entity to ensure that the company remains a going concern.

Speaking at the Q1 earnings' call, Airtel CEO Gopal Vittal said, "I think just from national perspective, it would be appropriate

to see an industry structure where three players not just survive, but thrive and of course the government player is always there."

Notice under section 13(2) of the Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002 (The Act)				
S. NO	Name of Borrower(s) (A)	Particulars of Mortgaged property/ (ies) (B)	Date Of NPA (C)	Outstanding Amount (Rs.) (D)
1	LOAN ACCOUNT NO. HHLROH00389053 1.SUBHASH CHANDER 2.SAROJ	PROPERTY NO.-JIR/W/1/0661, KHEWAT NO.-3819/3578, KHATA NO-4333,KILA NO. 34/2, TADADI KILA NO.-34/2, MAUJA NAGAR PAILIKA, JHAJJAR-124100, HARYANA.	31.03.2021	Rs. 28,01,900.70 (Rupees Twenty Eight Lakh One Thousand Nine Hundred and Paise Seventy Only) as on 31.03.2021

That the above named borrower(s) have failed to maintain the financial discipline towards their loan account (s) and as per books of accounts maintained in the ordinary course of business by the Company, Column D indicates the outstanding amount. Due to persistent default in repayment of the Loan amount on the part of the Borrower(s) the above said loan account has been classified by the Company as Non Performing Asset (as on date in Column C) within the guidelines relating to assets classification issued by Regulating Authority. Consequently, notices under Sec. 13(2) of the Act were also issued to each of the borrower.

In view of the above, the Company hereby calls upon the above named Borrower(s) to discharge in full his/her liabilities towards the Company by making the payment of the entire outstanding dues indicated in Column D above including up to date interest, costs, and charges within 60 days from the date of publication of this notice, failing which, the Company shall be entitled to take possession of the Mortgaged Property mentioned in Column B above and shall also take such other actions as is available to the Company in law. Please note that in terms of provisions of sub-Section (8) of Section 13 of the SARFAESI Act, "A borrower can tender the entire amount of outstanding dues together with all costs, charges and expenses incurred by the Secured Creditor only till the date of publication of the notice for sale of the secured asset(s) by public auction, by inviting quotations, tender from public or by private treaty. Further it may also be noted that in case Borrower fails to redeem the secured asset within aforesaid legally prescribed time frame, Borrower may not be entitled to redeem the property."

In terms of provision of sub-Section (13) of Section 13 of the SARFAESI Act, you are hereby prohibited from transferring, either by way of sale, lease or otherwise (other than in the ordinary course of his business) any of the secured assets referred to in the notice, without prior written consent of secured creditor.

RBI cautions against fraudulent offers of buying/selling old notes

PTI ■ MUMBAI

The Reserve Bank on Wednesday cautioned the public not to fall prey to fictitious offers of buying or selling of old banknotes and coins on commission basis by unauthorised entities.

In a statement, the RBI said it has come to its notice that certain elements are fraudulently using the name/logo of the Reserve Bank of India and seeking charges/ commission/ tax from public for transactions related to buying and selling of old banknotes and coins through various online/ offline platforms.

"It is clarified that Reserve Bank of India does not deal in such matters and never seeks charges/ commissions of any sort. Reserve Bank of India has also not authorised any institution/ firm/ person etc to col-

lect charges/ commission on its behalf in such transactions," it said. RBI advised the public to remain cautious and not to fall prey to elements using its name to extract money through such fraudulent offers.

India, World Bank sign \$250 mn project for making dams safe

IANS ■ NEW DELHI

The Indian Government, the Central Water Commission, representatives from 10 participating States, and the World Bank on Wednesday signed a \$250 million project for long-term dam safety programme and improving the safety and performance of existing dams across various States.

The Second Dam Rehabilitation and Improvement Project (DRIP-2) will strengthen dam safety by building dam safety guidelines, bringing in global experience, and introducing innovative technologies.

Another major innovation envisaged under the project, that is likely to transform dam safety management, is the introduction of a risk-based approach to dam asset management that will help to effectively allocate financial resources towards priority dam safety needs.

The project will be implemented in approximately 120 dams across Chhattisgarh, Gujarat, Kerala, Madhya Pradesh, Maharashtra, Manipur, Meghalaya, Odisha, Rajasthan, and Tamil Nadu, and at the national level through the CWC. Other states or agencies may be added to the project during project implementation.

Lending a helping hand

VIT (AP) offers ₹62 lakhs as scholarships to Covid-affected students

Dr G Viswanathan, founder-chancellor of VIT announced ₹62 lakhs as scholarships in the form of 100 per cent fee waiver for 25 VIT-AP University students who have lost a parent, who was the bread-winner of the family, due to COVID-19. These 25 students are pursuing various Engineering & Non-engineering programmes. During the first wave of the pandemic, VIT (AP) offered a building as a quarantine centre to the state's health department and donated ₹75 lakhs to the Andhra Pradesh CM Relief Fund to aid the government's efforts in its fight against the novel Coronavirus.

"VIT (AP) hopes that such students do not face financial difficulties and will be able to complete their study on time," says Dr S V Kota Reddy, vice-chancellor of VIT (AP).

Home-grown talent elevated to the top leadership position of SRM University

SRM Institute of Science and Technology, an internationally acclaimed and Category 1 private university headquartered in Chennai with multiple campuses across India has appointed Prof Dr C Muthamizhchelvan as its 5th vice-chancellor.

Dr Muthamizhchelvan is a home-grown talent of SRM who has started his career as a lecturer in the department of physics and has been a part of the institution for over 35 years. His experience and global exposure would set a new milestone for the university in the ever-changing education space. The founder-chancellor on the occasion of welcoming the new vice-chancellor, sent a strong message to the internal community on his trust in fellow members and freedom to grow within and lead.

Dr Muthamizhchelvan, on assuming office as vice-chancellor, shared his

thoughts, "SRM IST is a unique breed of a multi-stream university which outgrew its challenges of the century through its agility,

valour and culture. It has been a land of opportunities for the academic and innovation community turning to the brighter sides for more

than a lakh of students and researchers. The new age challenges require a thorough understanding of the global learning ecosystem

and the strongly inherited strengths of the university to set a new benchmark in the education space. I believe, our visionary leader, the founder-chancellor has seeded this idea in me from my early days and has now handed over the mantle of vice-chancellor, SRM IST, to me to lead this prestigious university towards making a strong impact."

He further added, "As a home-grown talent of SRM my focus (I SEE) on this role will be to:

- ◆ Intensify efforts and consistently improve processes in the changing paradigm of teaching and learning.
- ◆ Scale up the aspiration levels of the students and research community.
- ◆ Encourage the innovative and enterprising minds to achieve their career goals.
- ◆ Envision socially relevant and sustainable goals to achieve an impactful model for the goodness of mankind and every life on this planet."

CLW Women's Welfare Organisation organises tree plantation drive

World Environment Day was observed by Chittaranjan Locomotive Works' (CLW) Women's Welfare Organisation.

Based on this year's theme of 'Ecosystem restoration', Namita Kashyup, president of CLW-WWO, Satish Kumar Kashyup, general manager of CLW, and other members of CLW-

WWO actively participated and together they planted 101 saplings of different species in various areas of CLW.

This plantation drive was held over a period of two days. Namita urged everyone to plant a sapling for environmental protection. This plantation drive was carried out following social distancing norms.

Mini Ipe takes charge as the managing director of Life Insurance Corporation of India

DDB Mudra Group's new initiative

We, here at DDB Mudra Group, are closely involved in an initiative with Give India and Puma to raise funds for Covid relief in India.

As professionals, we see this initiative as an opportunity to volunteer our time, talent and influence to deal with a humanitarian crisis of epic proportion.

Your support can make a huge difference. The initiative is called Team For Humanity, and it represents an opportunity for all of us to come together in the face of a common enemy.

It is also an invitation to the global sports community to come together (putting rivalry aside) for the fight that matters most at this point in history — humanity vs COVID-19.

We have brought onboard Indian and global influencers like Virat Kohli, Usain Bolt, Lewis Hamilton, Kareena Kapoor among many others.

Fans, teams, leagues, associations, sportspeople, brands, networks, media, influencers and NGOs in India and abroad are joining hands to help in humanity's fight against covid.

POWERGRID organises O&M conference

K Sreekant, chairman and managing director of Power Grid Corporation of India Ltd, inaugurated the 16th Asset Management Conference on July 29, at Gurugram in presence of board members and CVO. Asset management employees from all over the country joined the conference through virtual mode. The objective of this conference was to devise strategies for operations and maintenance management of the rapidly increasing transmission system. A number of presentations and ideas were discussed and shared during the conference by various experts.

The event was organised adhering to all COVID-19 related protocols.

Placement updates from VIT

The first day of the placement season saw 81 students from VIT getting packages above ₹25 lakhs per annum, with the highest salary touching ₹75 lakhs per annum

Campus placements at Vellore Institute of Technology (VIT) commenced on July 15 for the 2022 graduating batch with VIT sharing the first slot with eight super dream companies such as Microsoft, Dyte, Amazon, PayPal, D.E. Shaw India Pvt Ltd, Morgan Stanley, Udaan and WorkIndia.

VIT adheres to a centralised placement process and this year too, the students from all the four campuses of VIT, Vellore, Chennai, Amaravati (AP) and Bhopal (MP) participated in all the campus recruitment processes. The entire process for all companies in the first slot, mainly pre-placement talk, online test, technical and HR interviews were conducted online as well as remotely.

Chancellor of VIT, Dr G Viswanathan announced the results of the campus placements by the companies in the first slot this week.

Microsoft selected 21 students for full-time vacancies. PayPal - 13 offers, Udaan - three offers, Dyte - six offers, WorkIndia - eight offers, D.E. Shaw India Pvt Ltd - two offers, Morgan Stanley - 10 offers and Amazon - 13 offers. At present, the highest CTC is offered by Dyte with ₹75 lakhs annual salary package to two students from the 2022 graduating batch in VIT.

Followed by first slot placements, companies like Wells Fargo, Texas Instruments, Walmart labs, Komprise and Societe Generale are in the pipeline for forthcoming slots.

129 students from the 2022 graduating batch received pre-placement offers (PPO) from companies during their summer internships. Pre-placement offers were made by D.E. Shaw India Pvt. Ltd (one offer), Fidelity investments (13 offers), HPE CTY (eight offers), JP Morgan (60 offers), Natwest (two offers), Wells Fargo (10 offers),

Visa (10 offers), Morgan Stanley (five offers) ZS associates (seven offers) and Appointy (3 offers) to summer interns. The other PPO results of VIT students who did their summer internships with Optum, SKF, Kristal, and Adobe are expected soon.

"Overall, 195 placements in super dream companies and internship offers were rolled out to VITians by top companies within two weeks of the placement season. VIT's placement calendar is packed till the end of August," said Dr Viswanathan.

He added that the other super dream companies like Walmart, Nielson, HealthRx, Thorogood, HyperVerge and Razor pay, which offer more than ₹10 lakhs per annum as CTC will be conducting their recruitment in the coming weeks. Other Dream companies, core engineering companies and IT service companies are expected to

hire VITians next month.

The PG internship placements which started in VIT in March is continuing simultaneously, 118 companies have already completed their remote hiring process and have selected 912 PG students from M Tech, MTech (Software Engineering), MCA and MSc courses of the 2022 graduating batch.

Intel, Qualcomm, NetApp, Nokia, Philips, Titan, PayPal, VMware, Media Tek and Danfoss are some of the prominent recruiters who hired interns from VIT this year. Intel and Nokia have hired more than 100 students for internships.

Dr Viswanathan congratulated all the students who got selected for internships and placements and wished the other students a great placement season. He also thanked all the companies that have accepted to conduct remote hiring in these challenging times.

POWERGRID to set up oxygen plant in Gurugram

An MoU has been signed between Maharatna PSU, Power Grid Corporation of India Limited (POWERGRID) and the deputy commissioner of Gurugram on August 4 for the supply and installation of PSA Type 2x50 Nm³/hr oxygen generation plant with bottling facility at Tau Devi Lal Stadium, Sector-38, Gurugram, Haryana under the CSR initiative of POWERGRID in Northern Region-I.

The aforementioned oxygen plant has a capacity of filling approximately 250 oxygen cylinders daily, which in turn would be distributed by the state

government through its distribution channels to rural as well as urban Gurugram.

The agreement was signed by Sanjay Sharma (Sr GM of POWERGRID) and Yash Garg, IAS, DC,

Gurugram. Vinayak Chauhan (Sr. GM, CSR) and Vinod P Baxla (Sr DGM, HR) from POWERGRID were also present along with other senior officials during the ceremony.

Electrification of remote villages in Kargil and Ladakh

Power Grid Corporation of India Ltd (POWER-GRID), a Maharatna PSU under the Ministry of Power, has successfully commissioned 40 km of 11 kV transmission line from Lalung to Darchik under the rural electrification scheme PMDP (Prime Minister Development Programme). The line is used for the electrification of adjoining villages namely Lalung, Silmoo, Batalik, Darchik, Hurdass, Sinikcey and Garkon. With the commissioning of this line, all remote villages in Aryan Valley (in Kargil district) are now connected to the national grid through 220 kV Srinagar Leh transmission system. Earlier, these villages were dependent on DG sets for power supply which was available for a limited time only.

In addition to the above, electrification of 20 villages in Leh district has also been completed by POWERGRID which involves the commissioning of the project in

remote villages like Largiab in Nubra Valley.

Besides, a number of 11 kV lines totalling 150 km, connecting villages Wanla to Fatoksar, Lamayaru to Atishe, Fotorse and Saspul area have been established by POWERGRID and it connects all villages in-between.

POWERGRID has built a state-of-the-art 220/66 kV gas-insulated substations (GIS) at Drass, Kargil, Khalsti and Leh connecting the Ladakh region to the national grid through the 341 km of 220 kV transmission line emanating from Srinagar. 220 kV Srinagar-Leh transmission system has been transferred to POWER-GRID as ISTS and POWER-GRID is committed to maintain high system availability and provide reliable power to the entire Ladakh region.

The reliable power from the Grid will drive economic development in the region and bring prosperity to the remotest villages of Ladakh besides eliminating generation through DG sets.

'Cleanliness counts, everywhere'

HASHMAT ALI KHAN kickstarts *Swachata Pakhwada*, a cleanliness drive, in Jammu

A special cleanliness drive, *Swachata Pakhwada*, was inaugurated at Jammu's Department of Hospitality and Protocol under the guidance and active participation of director-general of hospitality and protocol, Hashmat Ali Khan, KAS, to bring a fortnight of intense focus on the issues and practises of Swachata. The first day of the campus cleanliness drive began from the Circuit House, Canal Road in which all the staff of the Department of Hospitality and Protocol participated.

Speaking on the occasion, the director-general motivated the staff to set the highest standards of cleanliness as the core objective of the department since the department daily deals with numerous guests official and non-official, from within the U.T as well as all across the nation. He further explained that this event is part of the 76th Independence Day celebrations and the motive behind these activities under *Swachata Pakhwada* is to ensure that every member of the staff realises their duty towards keeping their workplaces, and their surroundings, clean. He further urged the employees to pay attention to the minutest details as they form the bigger picture.

The event was organised by the joint director of Hospitality and Protocol, Anusya Jamwal, KAS who informed that a complete calendar has been charted out for carrying out the *Swachata*

Pakhwada in all the houses and assets of Hospitality & Protocol viz Circuit House, State Guest Houses, Tara Niwas Udhampur, Director Generals Office, Joint Director Office and stores of H&P et al as per the government directions which will witness the participation of all the officials and imbibe in them the spirit of cleanliness and bring qualitative *swachata* improvement especially during these challenging times of Covid-19. She impressed staff to adopt the leanings of the event and make certain that the practices are replicated throughout the year.

Others who participated in the drive included the deputy director of Stores, Ashima Sher, assistant director, Amir Choudhary, Muneeb Umar, assistant director (Central), Dr Anand Thakur Sen, Accounts Officer, assistant of housekeeping Bua Ditta Sharma, manager of Circuit House, Puneet Kour and all the officials of the Department of Hospitality and Protocol. The drive ended with a commitment to carry out the objectives of the drive with the same zeal and enthusiasm in all premises for the whole year.

NTPC recognised for its digital initiatives

NTPC Ltd, India's largest integrated power producer has been bestowed with the DIGITAL PSU Award in Maharatna Category at the 8th PSU Award 2021 by Governance Now.

A K Gautam, director (finance), NTPC Ltd received the award from Dr Kiran Bedi, Former Lt Governor of Puducherry, during the virtual award ceremony.

In the past three years, the digitalisation efforts of NTPC have helped in creating more than 20 lakh files in PRADIP, which is equivalent to more than 50 crore paper pages. PRADIP, a unique initiative to make NTPC

paperless, stands for Pro-Active and Digital Initiatives to become Paperless. It has helped in saving close to 61,000 trees, a concrete step towards a more sustainable ecosystem. NTPC has also held over 2,35,000 meetings in virtual mode,

leading to a massive decrease in the company's carbon footprints.

The award is a testimony to NTPC's digitalisation efforts that have led to the digital transformation of the company. In the past few years, NTPC has successfully

implemented a number of IT initiatives such as PRADIP, virtual office platform - M365, vendor payment portal, CLIMS, PI apps, Suraksha app, RTM (Real Time Marketing) app. The largest integrated power producer is in the process of embracing new technological platforms - AI/ML, RPA, IOT, AR/VR to make the infrastructure more robust and seamless.

The digitisation efforts have been a definitive step towards making the internal processes robust and unified which is contributing immensely towards addressing the ESG parameters for NTPC.

TOKYO
TIMELINE

WEDNESDAY HIGHLIGHTS

Deepak Punia in men's freestyle Bronze medal match. **(11th bout after 02:45 pm start)**

Live on SONY TEN & SIX Network

PTI ■ CHIBA

Ravi Dahiya on Wednesday became only the second Indian wrestler to qualify for the title clash at the Olympic Games, when he sensationally turned around the 57kg semi-final bout by pinning Kazakhstan's Nurislam Sanayev but Deepak Punia was left to fight for Bronze medal after he lost his semifinal, here on Wednesday.

Before Dahiya, Sushil Kumar was the only Indian to make the Gold medal bout at the 2012 Olympics in London where he had settled for a Silver.

The fourth seeded Dahiya trailed 2-9 after Sanayev effected a few 'fitley' (leg lace) but as the clocked ticked away, Dahiya regrouped and got hold of his rival with a double leg attack that resulted in a 'victory by fall'. "I had no business conceding that much lead against Sanayev. I am not happy with it," Dahiya told PTI when asked about his inspiring achievement.

It just shows the kind of standards the Indian from Nahri village in Haryana has set for himself.

"I have beaten Sanayev twice before, so I knew I can pull it off despite trailing by a

Ravi Dahiya reacts after win against Kazakhstan's Nurislam Sanayev during the men's 57kg freestyle semifinal @Tokyo2020hi

huge margin. I was assured inside, but I should not have conceded lead and made it a close fight. That was pretty bad of me," he said.

"I still have some unfinished business to do. I came with a target here and that is not complete yet (winning

Gold)."

In the final on Thursday, Dahiya will face reigning world champion Russian Zavur Uguev to whom he had lost in the 2019 World Championship semifinals.

Despite a huge deficit, the 23-year-old Dahiya did not

panic, showing tremendous mental strength and dramatically turned the bout in his favour.

After the end of the first period, Dahiya had a 2-1 lead but Sanayev came prepared and attacked the Indian's left leg, got a good grip and turned

India's Deepak Punia, top, and China's Lin Zushen in action on Wednesday AP

him thrice to log six points in a jiffy.

Suddenly, Dahiya's lead was gone and he was staring at a defeat but his superior stamina and technical prowess was still at work. The remaining one minute was enough for him to turn the tide and he did it in style.

He got hold of Sanayev with a double leg attack and then gripped him tightly with the Kazakhstan wrestler's back on the mat and finished the bout with a mighty 'pin'.

A dominant Dahiya had won both his previous contests on technical superiority en route the final.

Dahiya outclassed Colombia's Tigreros Urbano (13-2) in his opener and then

outwitted Bulgaria's Georgi Valentinov Vangelov (14-4).

While Dahiya was a live-wire on the mat, Deepak Punia (86kg) made good use of a favourable draw to reach the semifinals but lost to the formidable American David Morris Taylor. He will now fight for Bronze on Thursday against the winner of the repechage round between Myles Amine and Ali Shabanau.

It was always going to be a herculean task for Deepak to trouble the American, the 2018 world champion and the reigning Pan-American champion.

It was hardly a contest as Taylor effected one move after another to win by technical superiority in the first period itself.

Deepak could make only one move on counter attack but the American did not give the Indian any chance to convert that into points.

The 22-year-old Deepak had earlier got past Nigeria's Ekerekeme Agiomor, the African championship Bronze medallist by technical superiority and then prevailed 6-3 over China's Zushen Lin in the quarterfinal.

Anshu Malik, on the other hand, lost her opening 57kg bout to European champion Irina Kurachkina but since the Belarus wrestler has

reached the final, the 19-year old Indian has got a second chance to be in medal round.

She will now compete in the repechage round on Thursday and if she wins, she will also fight for Bronze.

Dahiya will now be only the fifth Indian wrestler to win an Olympic medal.

KD Jadhav had become India's first wrestler and also the first individual Olympic medalist when he won a Bronze during the 1952 Helsinki Games.

After that, Sushil Kumar enhanced wrestling's profile by winning a Bronze at 2008 Beijing Games and bettered the colour of the medal by claiming a historic Silver in 2012 at London Olympics that made him India's only athlete with two individual Olympic medals for nine years.

The feat then has now been matched by shuttler PV Sindhu. In the same 2012 Olympics, Yogeshwar Dutt won a Bronze.

Sakshi Malik became the first Indian woman wrestler to win an Olympic medal when she took a Bronze in 2016 Rio Olympics.

This Tokyo edition could well be a watershed Olympics for Indian wrestling with both Vinesh Phogat and Bajrang Punia also in contention for a medal.

Lovlina ends with Bronze

Tokyo: Indian boxer Lovlina Borgohain (69kg) signed off with a Bronze medal in her debut Olympic Games after a comprehensive 0-5 loss to reigning world champion Busenaz Surmeneli on Wednesday, bringing an end to the country's campaign in the sport here.

Up against quite literally a bully in the ring, Borgohain was completely out-punched by the Gold medal favourite Turkish boxer, who produced a thoroughly dominating performance.

Borgohain also coped a one point deduction in the second round for not paying attention to the referee's instructions despite a couple of cautions.

"I don't know what to say. I could not execute what I had planned. I could have done better," Borgohain said after the loss.

The Indian's start was not all that bad as she stood up to the strong challenge but she came undone after Surmeneli got down to connecting her vicious hooks

India's Lovlina Borgohain, right, exchange punches against Busenaz Surmeneli of Turkey during their women's welter weight semifinal boxing match PTI

and body shots.

The flamboyant Turkish boxer didn't just out-punch her rival after that but also taunted her with some show-boating, including dropping her guard to dare the Indian.

Surmeneli was unrelenting in all three rounds after being unsettled only slightly in the opening few seconds when Borgohain tried to keep her at long range and struck only counter-attacking straight hits.

Nonetheless, Borgohain goes home a history-maker as the 23-year-old has become only the third Indian boxer to ensure a podium finish at the showpiece after Vijender Singh (2008) and MC Mary Kom (2012).

Neeraj into the final with one attempt

Tokyo: Medal contender Neeraj Chopra became the first Indian javelin thrower to enter the finals of the Olympic Games with a stunning throw of 86.65m in his opening attempt that put him on top of the qualification round on Wednesday.

The 23-year-old kept India's hopes of an elusive Olympic medal from athletics alive by earning a direct entry into the finals to be held on Saturday as he sent the spear well past the qualifying mark of 83.50m in his first attempt.

However, Shivpal Singh, failed to make the final cut with a below-par best throw of 76.40m, which he came up in his first attempt, to finish a lowly 12th in the Group B qualification which featured 16 athletes.

Competing in his first Olympics, Chopra took just a few seconds to make the final round. He topped the Group A contest as well as the two qualifications rounds and left the javelin arena after his first throw.

"I am at my first Olympic Games, and I feel very good. In warm-up my performance wasn't so good, but then (in the qualifying round) my first throw had a good angle, and was a perfect throw," Chopra said after his event.

Chopra is, however, under no illusion that the final will be a totally different contest where the world's best will go for podium finish.

"It will be a different feeling (in the finals), since it is my first time in the

Olympics. Physically we (all) train hard, and are ready, but I also need to prepare mentally.

"I will need to focus on the throw, and try to repeat this (performance) with a higher score," said the youngster who came into the Olympics with the fourth best throw (88.07m) this year.

Chopra's performance on Saturday will go down as one of the best performances by an Indian in the Olympics, as he finished ahead of Gold medal favourite and 2017 world champion Johannes Vetter of Germany.

Vetter, who had earlier said that Chopra will find it tough to beat him in the Olympics, struggled in his first two throws before crossing the automatic qualification mark with a 85.64m final throw.

The 28-year-old towering German, who came into the Olympics after having seven monster throws of over 90m between April and June, was lying at a dangerous seventh position after his first two throws but eventually qualified for the final at second overall behind Chopra.

Pakistan's Arshad Nadeem, who had won a Bronze medal when Chopra clinched Gold in the 2018 Asian Games in Indonesia, topped Group B to earn an automatic qualification to the finals with a second round throw of 85.16m.

He qualified for the finals at overall third behind Chopra and Vetter. PTI

Aditi placed 2nd ahead of big names

Tokyo: Indian golfer Aditi Ashok got off to a brilliant start at the Olympic Games, carding a four-under 67 in the opening round for a share of the second spot at the Kasumigaseki Country Club on Wednesday.

Aditi, who caught the golfing world's attention five years ago at the Rio Olympics, shared the position with World No 1 Nelly Korda.

She was one shot behind the leader, Madalene Sagstrom of Sweden, who shot 66.

"I think I played better than I expected today because I had a lot of hybrids into the greens, so I didn't really expect to be like 5-under through 17," Aditi said.

Aditi may well have had a share of the lead but for a bogey on the 18th hole.

While Sagstrom shot a bogey free five-under 66, Aditi

had five birdies against one bogey and that on the closing hole.

She was placed well ahead of some big names in women's golf, including the formidable defending champion, Inbee Park (69).

India's other entrant in the

field, Diksha Dagar (76) had a rough start in her maiden Olympics as she had five bogeys and no birdies to lie at the tied 56th spot.

The 60-player field will play 18 holes each day and there will be no cut, so all players get to play 72 holes. PTI

TTFI to issue show cause to Manika

New Delhi: Table Tennis Federation of India on Wednesday decided to issue a show cause notice to star paddler Manika Batra for her refusal to take national coach Soumyadeep Roy's help at the Tokyo Olympics.

Though Manika's coach Sanmay Paranjape was given access for training sessions in Tokyo, he did not have the accreditation to enter the field of play and a request to upgrade his access card was denied. In a show of protest, Manika had refused help from designated team coach Roy during her singles matches.

"Before she boarded the flight to Tokyo, she very well knew that her personal coach did not have field of play access. Therefore, she should not have acted the way she did. "We will issue the notice tomorrow and Manika will have 10 days to respond and based on that we will decide what action to be taken further," TTFI secretary general said. PTI

England all out for 183 on Day 1

PTI ■ NOTTINGHAM

England were all out for 183 in their first innings against India on the opening day of the first Test here on Wednesday.

Having reached tea at 138 for four, England lost their remaining six wickets for just 45 runs in the day's third and final session.

Skipper Joe Root made 64 off 108 balls, even as the others failed miserably to stand up to the Indian pace bowling attack. For the visitors, Jasprit Bumrah picked up four wickets for 46 runs, Mohammed Shami had 3/28, while Shardul Thakur bagged 2/41.

England scored 77 runs in 25.2 overs bowled in the afternoon session for the loss of two wickets, after scoring 61 in the first session.

The pitch had enough for the pacers in the first hour of play with the ball swinging and seaming around.

With India going in with four pacers, Shardul Thakur came into the side but the one

Indian players celebrate after England batsman Jonny Bairstow was declared out on Day 1 of first Test

spinner picked was Ravindra Jadeja, who didn't bowl in the first session.

Dropping premier spinner R Ashwin was a big call as he had been well prepared for the series opener with his prepara-

tion including a county game.

Earlier at tea, Joe Root and Jonny Bairstow frustrated Indian bowlers with solid Test match batting in challenging conditions before Mohammed Shami broke their 72-run stand by dismissing

the latter to leave England at 138 for four at tea on day one.

Like the first session, Indian pacers beat the batsmen regularly but Root (52 batting off 91 balls) and Bairstow (29 off 71) played with grit and patience to

thwart their attempts.

Shami was finally able to break their threatening stand by having Bairstow leg before at the stroke of tea. Shami got one to jag back in and India reviewed the umpire's decision successfully. England scored 77 runs in 25.2 overs bowled in the afternoon sessions for the loss of two wickets.

India had their tail up early on in the session when Shami had Dom Sibley caught at short mid-wicket in the third over post lunch. Shami made Sibley fall into a trap set for him with a full ball on his pads which the England opener flicked it straight to KL Rahul, leaving the hosts at 66 for three.

Bairstow joined Root in the middle and they ended up batting the rest of the session.

While the Indian pacers kept asking questions with the ball constantly moving around, Root seemed to find answers more often than not. He played with soft hands and close to his body, and was quick to latch on to the loose balls.

India has learnt to bounce back from losses: Marijne

Tokyo: The Indian women's hockey team has learnt to bounce back from losses, said coach Sjoerd Marijne, adding that the defeat to Argentina in the Olympic semifinal is history as the side focusses on claiming a historic Bronze.

"We came here to win a medal and still there's one (available). It's now about recovery, about the mindset. The good thing is, it's not always good that we lost a lot

in the past but we also have learned to deal with the losses," Marijne said after the match.

"So it's okay, what can we improve on from this match."

The Dutchman feels India failed to grab their opportunities against Argentina, which eventually made the difference.

"In these matches it is about taking your opportunities. Argentina did that better than us. With the PC, the

injection was not always perfect, the trapping was not good and then you can't play exactly the PC you want," he said.

"I can't be angry with the girls or be mad because we don't play these kind of matches so much. It's a whole new experience and you also have to learn how to play these matches. It's all about taking your opportunities. "The intensity we showed in the last quarter, that was really good."

Manpreet & Co aim to end India's 41 years medal drought

Tokyo: A demoralising semifinal defeat behind it, the Indian men's hockey team would need an error-free performance from its defence to secure an Olympic medal after 41 years when it takes on Rio Games Bronze-winner Germany in the third-fourth place play-off match on Thursday.

The Indian defence will have to pull up its socks and avoid repeating the same mistakes which it made against Belgium if they desire to stand on the podium here.

The onus is on the likes of Harmanpreet, Rupinder, Surrender Kumar, Amit Rohidas and star goalkeeper PR Sreejesh will have to be on their toes to come out triumphant against the might of Germans.

The Indians also need to

avoid unnecessary tackles in front of their circle.

Going by rankings, there is hardly anything to differentiate between the two sides as India are currently on third place and Germany on fourth. But Germany would be a tough nut to crack. Having lost 1-3 against Australia in the semifinals here, the Germans would be determined to prove a point.

Having failed to secure the Gold medal here after two successive yellow metals in 2008 and 2012 Games, the Germans had to settle for a Bronze in Rio 2016 and they would be determined to at least return with a podium finish from here.

In the Olympics, both the sides have faced each other 11 times recording four wins each and three games ending in draw.

India vs Pak on Oct 24

New Delhi: The marquee T20 World Cup clash between arch-rivals India and Pakistan in all likelihood will be held on October 24, which is a Sunday, even though the ICC will be releasing the official schedule of the tournament in few days.

"As of now, Sunday, October 24 looks the likely option as the first week's Qualifying round matches starting October 17 will be held in Muscat, Oman," a source privy to developments in the ICC board said.

"So when the main round robin fixtures are played, it is better to start with an Indo-Pak game which will have the best TRP" India and Pakistan are slotted in Group 2 along with the WTC winners New Zealand and Afghanistan. PTI
