## Omicron scare puts off Dec 15 resumption plan

PNS NEW DELHI

A mid Omicron scare, India may not resume sched-uled international flights from December 15 as planned ear-

The Directorate General of Civil Aviation (DGCA) on Wednesday decided to postpone the resumption of the scheduled international flights from December 15 citing "evolving global scenario" in the wake of the emergence of the new Covid variant. No case of Omicron has

been reported in India so far but air travel is becoming longer and more expensive due to guidelines issued by the Government.

"In view of the evolving global scenario with the emergence of new variants of concern, the situation is being

Government finds it relatively safer to do so amid the prevailing pandemic situation.

The Chief Ministers of Delhi, Karnataka and Maharashtra have urged Prime Minister Narendra Modi not to reopen international flights from affected countries in the present scenario

The decision comes days after Prime Minister Narendra Modi asked officials to review the plans to ease international travel restrictions in light of the "emerging new evidence".

# TMC chief bats for non-Congress **Opp unity to take** on might of BJP

TN RAGHUNATHA MUMBAI

ontinuing her one-upman-Continuing ner one armship over the Congress leadership, West Bengal Chief Minister Mamata Banerjee on Standard Questioned the Wednesday questioned the very existence of United Progressive Alliance (UPA), by saying, "What's UPA? There's no UPA now," but stressed on the need for bringing together like-minded Opposition parties as a "strong alternative" to fight the BJP in the 2024 Lok Sabha elections.

Interacting with the media persons jointly with NCP chief Sharad Pawar after meeting the latter at his Mumbai residence, Mamata negated the very presence of UPA in the country's political spectrum by saying: "Kya UPA hain? Abhi UPA hain" (What's nahi UPA?. There's no UPA") and indicated that she was prepared to go "with or without" the Congress in the proposed

Opposition alternative. Mamata, who has of late been desperately trying to occupy the Congress' space by way of aggressive posturing like

NCP president Sharad Pawar with West Bengal Chief Minister Mamata Banerjee after a meeting at his residence in Mumbai on Wednesday

the one witnessed in Goa and poaching of 12 out of 17 Congress MLAs in Meghalaya, indirectly accused the Sonia Gandhi-led party of lacking in "the will" to fight the ruling BJP at the Centre

The West Bengal Chief Minister, who appeared to be making the most of the NCP chief's presence to undermine the role of the Congress in the proposed Opposition front being cobbled by her, said, "Like what Sharadji said, there should be a strong alternative that believes in fighting it out (against the BJP). If somebody does not want to fight, what can we do? They should at least be ready to fight by being within the force".

Asked if Pawar being the senior-most leader should be the chairman of UPA, Mamata, who is on a visit to Mumbai, said, "Kya UPA hain? Abhi UPA nahi hain" (What's UPA? There's no UPA"). She chose to remain silent on the issue of the Opposition front's leadership.

On her plans to cobble a strong alternative to the BJP ahead of the 2024 Lok Sabha elections, Mamata said, "In view of the situation prevailing in the country, we should develop a strong alternative force against the current Government at the Centre. I cannot do it alone but strong like-minded parties should come together".

# Contagious Omicron may displace Delta, says S African expert

Johannesburg: The Omicron coronavirus variant detected in southern Africa could be the most likely candidate to displace the highly contagious Delta variant, the director of South Africa's communicable disease institute said on Tuesday.

The discovery of Omicron has caused global alarm, with countries limiting travel from southern Africa for fear it could spread quickly even in vaccinated populations and the World Health Organization saying it carries a high risk of infection surges

"We thought what will outcompete Delta? That has always transmissibility at least, ... perhaps this particular variant is the variant," Adrian Puren, acting executive director of South Africa's National Institute for Communicable Diseases (NICD), told Reuters in an interview.

If Omicron proves even more transmissible than the Delta variant, it could lead to a sharp spike in infections that

could put pressure on hospitals. Puren said scientists should 26,000 cases per day in early know within four weeks to what extent Omicron can evade the immunity generated by vaccines or prior infection, and whether it leads to worse Monday. clinical symptoms than other variants.

'Total of 11 international flights landed at various airports of the country except Lucknow, from midnight to 4 pm today, from 'at risk' countries. These carried 3,476 passengers," said a statement from the Ministry.

All 3,476 passengers were administered RT-PCR Tests, wherein only 6 passengers were found Covid-19 positive.

The samples of the Covid-19 positive passengers have been sent to INSACOG labs for Whole Genomic Sequencing. INSACOG Labs network, a multi-laboratory, multi-agency, pan-India network has set up by the Government to monitor genomic variations in the SARS-CoV-2 for genome sequencing to determine the strain of the virus.

States will then undertake contact tracing of these positive individuals and follow up for 14 days. "Th

# Petrol cheaper by ₹8/litre in Delhi as Govt reduces VAT

**STAFF REPORTER** ■ NEW DELHI

**D**etrol will be cheaper in the Delhi litre after the Government on Wednesday announced a reduction of the Value Added Tax (VAT) rate to 19.40 per cent from the existing 30 per cent.

Therefore, petrol rates will come into effect from

Wednesday midnight.

Delhi's diesel rates are cheapest in the National Capital Region (NCR) at ₹86.76 per litre, while the rates of diesel in Noida and Gurugram are ₹87.01 and ₹87.11 per litre

respectively. Taking it to social media, Chief Minister Arvind Kejriwal tweeted, "We have made petrol very cheap in Delhi from today. VAT rates have been reduced from 30 per cent to 19.4 per cent. Petrol and diesel will be cheaper in Delhi as compared to other cities of NCR. I hope

this step will bring huge relief to the people of Delhi from inflation."

The Delhi Government had marginally increased the VAT rate on petrol last year. Back then there was 27 per cent VAT on petrol in Delhi, which was increased to 30 per cent.

# **Defeating BJP sans Congress a hollow** dream: Venugopal

The Congress has reacted sharply to TMC chief there was no UPA now.

AICC general secretary KC Venugopal on Wednesday replied to her comments saying defeating BJP without Congress is merely a dream".

Mamata, who has poached several Congress leaders in last couple of months, is on a visit to Maharashtra, where she met with NCP supremo Sharad Pawar, Shiv Sena leaders Aaditya Thackeray and Sanjay Raut in Mumbai.

There is no UPA now," Mamata said soon after her meet with Pawar.

"Everybody knows the reality of Indian politics. Thinking that without Congress anybody can defeat BJP is merely a dream," Venugopal said when asked a response on the TMC comments.

Significantly, Shiv Sena, NCP and Congress are in an alliance Government in Maharashtra and what has irked the Congress is now that while Mamata and her party is keeping dates with all other Opposition members, but has

ignored the Congress. The Trinamool Congress even skipped a meeting called by the Congress for a united Opposition face in the ongoing Winter Session of Parliament.

# Army to now don new combat uniform

NICD, said it looked like infec-

# **Made of durable fabric with digital** pattern to give better camouflage

PNS ■ NEW DELHI

With changing nature of modern warfare in mind, the Indian Army is going for a change of its combat uniform. The new kit will be on display at the Army Day parade here on January 15 next year.

Interestingly, the marching contingents in the Republic Day parade next year will don the uniform of different era starting over 100 years ago. Unlike the previous years

when the contingents wore the dress of their regiments, the Republic Day next year will see the troops marching past the saluting dais in uniform ranging from those worn during the World War I, World War II and other campaigns, sources said here on Wednesday.

As regards the new combat uniform, they said it is of a digital pattern which will help the

personnel to have better camouflage in the battlefield besides comfort. Unlike the past, the officers and men will not tuck in the shirt inside their trousers to provide them more comfort and fluidity in movement, sources said. The Army is likely to

switch over to the new combat uniform from mid next year. The uniform will be a mix of colours, including olive and earthen. The uniform is formally known as battle dress uniforms (BDU)

Several countries, including the US and European armies, have switched over to digital pattern uniform. The Indian Army decided to change its combat uniform after studying the dress of these countries, officials said.

To ensure safety and comfort element in the operational areas, the uniform is camou-

such as shades of green or brown to blend in with the background.

The new combat uniform is made of lighter and durable material suitable for both summer and winter as the Army operates in all kinds of terrain ranging from minus 40 degrees at the Siachen Glacier to 50 degrees plus in the Thar desert.

Meanwhile, the Army was working on the issue of having shoulder or collar tags marking the rank of the personnel. Some armies around the world have such rank markings on the button of their combat

lready engaged in a war of

A lready engaged in a war of words, the Chief Ministers of Punjab and Delhi will come out with battle strategies on Thursday. Both Punjab Chief Minister Charanjit Singh Channi and his Delhi counterpart Arvind Kejriwal are scheduled to make announce ments ahead of 2022 Punjab Assembly polls.

Kejriwal would be on another Punjab visit from Thursday to lead the Aam Aadmi Party's (AAP) 'Tiranga March' in Pathankot after which he would announce the 'fourth guarantee''. On the other hand, Chief

Minister Channi is also expect-

ed to make some announce-

ment on Thursday. Channi,

through his official Twitter

handle, has informed that he

would be addressing a Press conference at 3 pm. During the conference,

**Punjab and Delhi CMs to come** 

Channi would be sharing the details of development works and pro-people initiatives, which have been taken by his Government since he assumed the charge as the Chief Minister. The visit of Kejriwal, AAP's

national convener, will be dedicated to the unity and integrity of the country, and along with this, he will also give a fourth guarantee to Punjab and its people, said AAP Punjab unit president Bhagwant Mann. Arvind Kejriwal will reach Pathankot in the afternoon.

After this, he will lead the

'Tirangaa Yatra' to be organised

by the party at Shaheed Bhagat

Singh Chowk in the city. After

addressing the 'Tirangaa Yatra',

Arvind Kejriwal will give the

Mann said before this, Kejriwal has given the first guarantee of free and 24-hour electricity; second guarantee of free health services and setting up 16,000 mohalla clinics; and the third guarantee of giving Rs 1,000 per month to women and girls above 18 years of age. Continuing with this, the fourth guarantee will be given on December 2 in Pathankot,

he added The development assumes significance as Channi on Wednesday targeted AAP supremo Kejriwal by dubbing him as "outsiders" and "kaale angrez" (black Englishmen).

Asserting that outsiders wanted to rule Punjab, Channi said that Punjab is of Punjabis.

"They want to rule Punjab by coming from outside. They don't know anything about the culture and the needs of Punjab. They are like kaale angrez," said Channi, addressing a Congress rally at Badhni Kalan in Moga district.

Taking a stern note, AAP's national spokesperson and Punjab affairs co-in-charge Raghav Chadha said that by sitting in a responsible chair, Chief Minister Channi has crossed all the boundaries of slander, which is a shame. Chadha, in a video

released, said that the people of Punjab love Kejriwal immensely. "Channi today called popular leader Arvind Kejriwal a 'black Englishman'. Even before this, they (Channi and Congressmen) used to insult Arvind Kejriwal every day. By using such derogatory lan-

**CHANNI WILL SHARE DETAILS OF DEVELOPMENT WORKS AND** PRO-PEOPLE INITIATIVES, **GOVERNMENT SINCE HE ASSUMED THE CHARGE AS CM** 

guage for the hero of the people, Channi and his associates are insulting all those people including Punjabis, who like Arvind Kejriwal as a pro-people leader," he said.

'Today you are saying 'Black Englishman', yesterday you were saying, Kejriwal's clothes are bad. He (Kejriwal) is talking about providing the best education in Punjab, free and quality health services, free and uninterrupted electricity supply from door to door and financial assistance of Rs 1,000 per month to women. It is unfortunate that Chief Minister Channi is sometimes making derogatory remarks on his plain clothes and sometimes on his complexion," he said.

Chadha asked why Chief Minister Channi did not see the pitiable and deplorable condition of Punjab instead of commenting on Kejriwal's clothes and colour.

# Capt, Badal hand-in-glove with Int'l Gita Mahotsava from Modi to ruin Punjab: Channi

Coming down heavily on Capt Amarinder Singh and the Badals, Punjab Chief Minister Charanjit Singh Channi on Wednesday said these families are hand-in-glove with the Union Government led by Narendra Modi for ruining Punjab in order to achieve their personal

"Firstly, the Badals implemented the farm laws in the State and then played a leading role in getting the same enforced upon the entire country by giving ill advice to the Narendra Modi led Union Government," said Channi addressing a mammoth gathering during a State

He pointed out that in order to save the ministerial berth of Harsimrat Kaur Badal, the Badal family went to the extent of even campaigning in support of these black laws. "Harsimrat didn't resign on her own from the Union Cabinet but the massive angst amongst the people forced her to do so," he said.

Taking on the former Chief Minister Capt Amarinder Singh, Channi said Captain is also backstabbing Punjab and the Punjabis by aligning with the Modi Government and justifying the notification of the Central Government enhancing the jurisdiction of BSF in Punjab by 50 kms. "This is a direct attack on the rights of States as well as the federal structure which would not be tolerated by the Punjabis," said the Chief Minister.

Intensifying the attacks on the Badal and the Capt Amarinder families, Channi said it was due to their joining hands with each other that the transport and cable mafia has looted the people of Punjab.

Although it's been only two months since he has taken over as the Chief Minister, he has nipped the evil of Transport mafia nurtured by the Badals, in the bud. Now, the State Government is fully geared up to act tough on the cable mafia which also received their patron-

Taking the attack right into the opposition ranks and castigating AAP chief Arvind

Kejriwal, the Chief Minister said that the Delhi Chief Minister's bunch of men is plotting to rob Punjab on the pattern of outside invaders by donning the garb of 'aam aadmi'.

"Punjab's sensible people would not let the nefarious designs of such imposters to succeed," said the Chief Minister adding clearly that Punjab would only be ruled by the people of the State as the likes of Kejriwal have absolutely no familiarity with the problems as well as the needs of the common masses of the State.

Kejriwal just wants to capture power in Punjab by resorting to drama and false guarantees as beyond that he has no concern for the State of Punjab.

On the occasion, Chief Minister Channi also announced a slew of development initiatives to ensure holistic growth and people's prosperity of the Nihalsingh Wala assembly constituency

and assured that funds would be no hindrance in executing the development centric projects.

He also announced a grant worth Rs 15 crore for the overall development of Nihalsingh Wala constituency besides strengthening all approach roads. Fulfilling a long pending demand of the region, the Chief Minister also announced a degree college for the constituency.

Exhorting the people of the region to unitely vote for the Congress party in the impending assembly polls rising above the party level for establishing the rule of the common man, Channi assured them of giving ticket only to the leader popular among the masses.

The CM also formally initiated the process of giving 5 Marla plots to the beneficiaries by awarding the 'Sanads' to the two beneficiaries. Today, as many as 1,294 beneficiaries were awarded the Sanads in the Moga District.

# Capt a State liability, Punjabis will teach him and BJP a life-term lesson: Raja

Warring
Punjab Transport Minister Amarinder Singh Raja Warring on Wednesday said the former Chief Minister Capt Amarinder Singh is a State liability and the people will teach both him and BJP a lifetime lesson in forthcoming polls. Asserting confidence in the path-breaking policy initiatives undertaken by the Chief Minister Charanjit Singh Channi-led State Government, Warring said the people of Punjab have seen what could be achieved with true political intent and they have made their mind to re-elect the Congress in 2022 with a thumping majority.

Scotching all talk of any Opposition to the Congress regaining power in the State, Warring said Arvind Kejriwal's shocking double standards on farmers' issues have exposed him fully. Punjabis will never forgive Kejriwal for backstabbing our farmers by passing one of these three black laws in Delhi Assembly, he said. Training his guns at Capt Amarinder for "criminally colluding" with the Badals to ruin Punjab, Warring said that precious four and half years were lost due to former Chief Minister's illegal pact with Parkash Singh Badal and Sukhbir Badal.

# Dec 2 in Haryana: Khattar

Haryana Chief Minister Manohar Lal Khattar on Wednesday said the International Gita Mahotsava will start from December 2 and will continue till December 19 while the main events will be held from December 9 to 14 in Kurukshetra.

"Shrimad Bhagavad Gita is the essence of life. It is a matter of great fortune for the country and the people of the state that this time on the occasion of International Gita Mahotsava, the celestial message of Gita will be 5,158-year-old, the Chief Minister said during a Press conference at Purushotampura Bagh located on Brahmasarovar in Kurukshetra.

He said till now, there were 134 pilgrimage places in the 48 kos area of Kurukshetra but this time, 30 more pilgrimage sites have been added to it, after which the total number of sites will increase to 164. Along with this, a Mahabharatathemed building will be constructed at Gitasthali Jyotisar on 2 acres of land at a cost of Rs 205 crore. The Shrimad Bhagavad Gita, Saraswati river and Vedic Civilization will be depicted through a multimedia system in this building, he announced.

Giving information related to the International Gita Mahotsava, the Chief Minister said the Shilp and Saras Mela will start on December 2, in which about 350 eminent artists and craftsmen will participate. It will run till December 19. The main programme will start with Gita Yagya and prayers at Brahmasarovar on December 9. A grand Gita Maha Aarti will be organised on the holy bank of Brahmasarovar, he said.

Khattar said Shrimad Bhagavad Gita has also been an inspiration for the freedom fighters who were martyred for the freedom of the country and Azadi ka Amrit Mahotsavthemed programmes will be conducted to honour their sacrifice.

A three-day International Gita Seminar will be organised at Kurukshetra University. Research papers from within the country and abroad will be presented online in the seminar on the topic "Role of the Holy Book Gita in the Freedom Movement". On completion of 75 years of independence, 75 freedom fighters and their families will be honoured.

On December 12, Sant Sammelan will be organised during the festival. During this, the saints will discuss the subject of Gita and spirituality and give their views. Along with this, Gita Sansad will be organised in colleges of Haryana on December 13. Cultural programmes will be organised at 75 pilgrimages of 48 Kos Kurukshetra on December 14. On concerns related to Covid-19, the CM said the Covid protocols will be strictly followed in the International Gita Mahotsav. Thermal screening and vaccination will be done as per the requirement at various entrances of the venue,

1,100 students to recite Gita The CM said on December 14,

about 1,100 students will recite the Gita at Brahmasarovar, while 55,000 students from the country and abroad will participate in online Gita recitation. Along with this, 75 eminent sculptors will make sculptures based on the theme of Mahabharata and Gita. Even before the start of International Gita Festival 2021, 3.5 lakh people from more than 25 countries, including America, Canada, UK, are associated with the festival through social media.

# Exhibition on Gita proposed in various countries

The CM said option of promoting the International Gita Mahotsav by arranging exhibitions at embassies of various countries will be explored. Apart from that, the possibility of holding Gita Mahotsava in various State capitals would also be mapped. He said the Gita Mahotsav is now being celebrated Internationally. Most recent International Gita Mahotsava included scholars from 28 nations. Additionally, High Commissioners of six nations were present during last Gita Mahotsav, he added.

# SKM Haryana announces to continue protest

### **Demands withdrawal of** cases against farmers, compensation for families of those killed

PNS CHANDIGARH

Samyukt Kisan Morcha (SKM), Haryana unit on Wednesday announced that the farmers from the State will not return to their homes from Haryana border till the State Government accepts their demands of withdrawal of cases against farmers, land to construct memorial for 700 martyred farmers and compensation and a Government job for families of those died during the year-long agitation against

Central farm laws. Around 26 farmers organisations held a meeting under the banner of SKM, Haryana in Sonipat on Wednesday to decide the future course of action after the three central laws were repealed by the Central Government. The farmers' organisations have also demanded withdrawal of amendment in land acquisition Act and another law which allows the authorities to recover compensation from violent protesters who

cause damage to property.

Haryana Assembly had in August passed The Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement (Haryana Amendment), Bill, 2021, which seeks to expedite development

projects by simplifying the procedure for acquisition of land. The Haryana Recovery of Damages to Property during Disturbance to Public Order Act, 2021 which has already come into effect in Haryana was passed in the State Assembly in March.

After the meeting, Suresh Koth, SKM Haryana leader while talking to the mediapersons said the agitation will continue and farmers will not demands are accepted by the Haryana Government.

The three farm laws have been repealed but there are around 48,000 cases registered against the farmers in the State, which should be withdrawn. Whether these are cases related to railways or others, it should be withdrawn, he said. Farmers' leaders Manjit

Singh and Lakhwinder Singh Aulakh said they also demand that compensation should be given to the farmers who were seriously injured during the protests in Haryana. Apart from this, compensation and a government job should be given to the families of those farmers who died during the year-long agitation which started in November last year. The Government should also provide land to construct a memorial in Haryana for 700 martyred farmers. Apart from this, tractors of farmers seized by state police should be returned to them without any condition and farmers who are in jail in Jind district should be released, they demanded.

# Cabinet approves trader-friendly decisions worth ₹1,140 cr PNS CHANDIGARH

Lacross the State, the Punjab Cabinet on Wednesday decided to exempt about 1.50 lakh cases from assessment related to cases of 'C' form for the past years from 2014-15 to 2017-18. With this decision, taken during the Cabinet meeting, about 8,500 such cases would now be assessed under this cat-

30 per cent of the surplus demand. The decision would also cost the state exchequer to the tune of Rs 940 crore. Subsequently, they would now be required to deposit the said amount that is 20 per cent of the 30 per cent portion of the additional demand by March 31, 2022, and the remaining 80 per cent by March 31, 2023.

Notably, the State Government has taken these significant decisions to facilitate traders in the wake of the recent Covid pandemic. Although it has been nearly four and a half years since the end of the VAT regime, there was still a heavy burden of VAT assessment on the traders coupled with difficulties in providing C-forms etc to them.

The Cabinet also approved One-Time Settlement Policy-2021 for Punjab State Industrial Development

Industries Corp for settlement of The new policy will help resolve long-pending litigation and settlement between the corporations and the private investors, besides creating a more business-friendly environment in the State.

Ex-post facto approval was also given for providing financial assistance of Rs 50 lakh each to the tune of total Rs 2 crore already paid by the State Government to the families or legal heirs of the four farmers and one journalist who died in an incident in Lakhimpur Kheri in Uttar Pradesh in October this year, from the Chief Minister Relief Fund.

The Screening Committee, Department of Economic has given its in-principle approval for funding from the ADB.

The Chief Minister said the project is aimed at giving a fresh impetus to tourism in the State through creation of new destinations, improving existing destinations besides ensuring maintenance and preservation of heritage. The project also envisages development of eco tourism by ensuring development of lesser known places to lower burden on already crowded tourist destinations, he said.

Thakur added he had personally taken up the matter with the Union Finance Minister and presentations were also made before the Ministry of Tourism, NITI Aayog and Ministry of

The project would be implemented in two tranches. The first tranche would be worth more than Rs 900 crore while the second tranche would be more than Rs 1,100 crore The work on formulation of DPR would be taken in hand at the earliest and the project would kick start from March next year, he added.

He also said implementation of this project would give a boost to tourism activities in the State by creating world class infrastructure to

# Sanjeev Kaushal takes over as Haryana Chief Secy

PNS CHANDIGARH

TAS officer of 1986 batch, Sanjeev Kaushal Wednesday took charge as the 35th Chief Secretary of Haryana saying that it was a matter of great pride for him to be appointed to the post. He added his priority is to pro-

vide more strength to the system in order to resolve the issues of the common man in a time bound manner.

Later, he met Haryana Governor Bandaru Dattatraya who congratulated him on taking the charge of the post of Chief Secretary. Kaushal discussed the administrative set-up of the state with the Governor.

During the interaction, they both discussed the preparations of the International Gita Mahotsav being organised in Kurukshetra and took feedback. They felt the requirement to modernise the pilgrimage places of Kurukshetra and the surrounding area to enhance the recognition of Kurukshetra at International level.

# **Haryana CM reviews progress of Antyodaya Gram Utthan Melas**

PNS CHANDIGARH

Haryana Chief Minister Manohar Lal Khattar on Wednesday directed that special teams should be constituted for physically reaching out to every eligible family at their doorsteps for personal counselling a day prior to Antyodaya Gram Utthan Melas being organised across the State.

Proper training of these counselling teams should be ensured. It should be clear that the message for these meals should be circulated first among the young members of the family, secondly to the members who are below 60 years and lastly to those who are above 60 so that it can be ensured that young members of every family should participate in these Melas" directed the Chief Minister while presiding over a review meeting with the Administrative Secretaries and Deputy Commissioners through video conferencing here regarding Antyodaya Gram Utthan Melas.

He also directed the officers concerned should work on mission mode to make these

Melas a huge success. He said in a bid to reach out to those at the bottom of the pyramid, these Antyodaya Gram Utthan Melas are being organised to connect people with self-employment as well as to benefit them from the welfare policies of the Government.

The Chief Minister also sought suggestions, observations and feedback from them regarding the Melas organised at 24 different locations across the State on November 29-30 for selecting the eligible families for business and self-employment on a large scale.

"As per the feedback received from the Deputy Commissioners and other officers concerned, positive results have been yielded in these Melas. We have to work on mission mode to increase the annual income of each eligible family upto Rs.1.80 lakh," he said.

The Chief Minister further directed to ensure only eligible families get the benefits of all public welfare schemes and employment opportunities and income verification of every family should be done very

### AAP VS CONG ON EDUCATION MODEL **PARGAT SAYS COMPARISON ILLOGICAL**

PNS CHANDIGARH

The slanging match between 1 the Congress and the Aam Aadmi Party (AAP) over the issue of education intensified further on Wednesday. Delhi Deputy Chief Minister Manish Sisodia conducted a sudden visit to Government schools in Puniab Chief Minister's home constituency, while Punjab Education Pargat Singh hit back at AAP asserting that comparison of schools in both states is "illogical".

Sisodia, who is also Delhi's Education Minister, dubbed the condition of Punjab's schools as "pathetic" after his surprise visit to two schools in Charanjit Singh Channi's home

turf — Chamkaur Sahib. His visit came amidst the war of words between the Congress, led by Pargat Singh, and AAP over the issue of education level and condition of Government schools in their respective States.

"Its toilet is stinking and classrooms are infested with spider webs and stuffed with broken furniture," said Sisodia, standing outside a school in Makrona Kalan village in Chamkaur Sahib constituency.

Visiting the school along with AAP workers, Sisodia said: "I am in Punjab Chief Minister's constituency and in his village...This school from nursery till Class 5 in Makrona Kalan has only one teacher, working on a salary of just Rs 6,000 a month. Besides, there is an assistant working in this school...This is the condition of a school in Channi's constituency. If we call it a number one school, it is a joke with chil-

The bare-it-all spat on school education between the two states had begun last week on Thursday after Sisodia proposed joint visits to 10 schools each in Delhi and Punjab for their comparison.

Reacting to Sisodia's proposal, Punjab Education Minister Pargat Singh had asked him why to compare only 10 schools and sought a list of 250 Delhi government schools for their comparison. And when Sisodia released a list of 250 Delhi schools with their locations, Pargat Singh had pointed out on Monday

that he had demanded not only the locations but various other key parameters of schools also, including the numbers of students and teachers in them and their pass percentages, for their comparison on the National Performance Grading Index, 2021.

Sisodia on Wednesday scaled up the inter-state spat on the school education, by making surprise visit to the two Punjab schools in the Chief Minister Channi's constituency. "Given the condition of these schools, how could he (Pargat Singh) given the list. I can very well understand his compulsion," he said.

Pargat's counter attack on Kejriwal, Sisodia's lies Lashing out at Arvind

Kejriwal-led Government for their open lies about the so-called successful education system being run by AAP, Punjab Education Minister Pargat Singh on Wednesday asked if you have a such 'wonderful' system then why posts of principals and vice-principals lying vacant in 760 and 479 schools respectively besides having shortage of 41 percent non-teaching staff in Delhi schools.

He asked Delhi Education Minister Manish Sisodia what he wanted to hide by not providing the requisite list of schools. Describing Delhi's education system 'a bubble of water', Pargat Singh said the comparison of a border State Punjab with the national Capital was totally unfounded.

"Punjab is an agrarian state whereas Delhi is a municipal city so the comparison between these was wrong in entirety," he said, adding that imparting quality education in border areas had always been a challenge.

On the basis of the cir-

cumstances of both states, the comparison is illogical, he added. Reacting on Sisodia's entry to a "school's store" for their vested political interest, Pargat Singh said that he never expected such a low and cheap political tactics from Sisodia.

"I believe in healthy discussion and fruitful debate," said the Minister while lashing out at AAP leaders and workers as they entered a school amid the expected third wave of Covid terming that their act

could endanger the health

#### Pargat's posers for Kejriwal-Sisodia The Education Minister

asked Delhi CM Arvind Kejriwal and his Delhi counterpart Manish Sisodia if the Delhi Education model is the best, then why is the number of students in Government schools decreasing and getting high in private schools.

"Why the result of Class X worse than the result during Sheila Dikshit's Government? How many new schools have been opened by the Delhi Government? When Kejriwal is regularising the services of over 22,000 guest faculty? Why 42 per cent permanent posts of teachers are lying vacant in

Delhi schools? Why the Aam Aadmi Party's Government didn't recruit a single teacher since its formation? How many sarv shiksha abhiyaan teachers have been regularised by the Delhi Government? What is the online transfer policy of Delhi Government for teachers?" he asked.

# PARLIAMENT'S WINTER SESSION **RS** adjourned as Opp continues to protest MPs' suspension

Opposition continued remain in a bellicose mood on the issue of suspension of 12 Rajya Sabha members and warned that Parliament could see further disruption if the action was not

The suspended MPs sat near the Mahatma Gandhi statue in the Parliament premise to register their protest.

The proceedings of the Upper House were adjourned for the day as Opposition members lodged strong protest on the issue. The first adjournment happened soon after the House met for the day and then two other adjournments followed.

The MPs demanded that Leader of Opposition Mallikarjun Kharge be allowed to speak on the suspension, while the treasury bench moved the Dam Safety Bill for consideration. As the Chair refused to let Kharge speak, Opposition members raised vociferous protest. Placardcarrying opposition MPs trooped into the well of the House and shouted slogans against the suspension.

Chairman M Venkaiah Naidu expressed dismay at their conduct, and said the sus-

remorse, and there was no question of revoking their suspension. "It is sacrilege of the House, I have said (on the conduct of the 12 suspended MPs during the last session in August). There is no remorse by members who have really insulted the parliamentary sys-

tem," he said.

Naidu ordered that nothing that the opposition MPs say would go on record but said their conduct in the Well of the House should be shown to the people of the country.

Protest will go on until this illegal suspension is revoked. It is autocratic. Other opposition colleagues have been protesting pended MPs have shown no in Lok Sabha and Rajya Sabha,

Shiv Sena leader Rajya Sabha MP Priyanka Chaturvedi told The Pioneer.

Ripun Bora, another suspended MPs belonging to Congress, said "Every day from 10 am to 11 am opposition MPs are protesting and will continue to do so. The suspended MPs are also sitting in protest and will do so every day from 10 am to 5 pm in front of the Gandhi statue."

"Rajya Sabha Chairman should explain why they have been suspended as they were raising farmers' and peoples' issues such as price rise and Pegasus snooping allegations. Is that an offence? Should we apologise for it?," Bora stated.

As soon as the House resumed in the afternoon, Deputy Chairman Harivansh, who was in the chair, asked Union Minister for Jal Shakti Gajendra Singh Shekhawat to move The Dam Safety Bill, 2019 for consideration in the House The minister moved the motion for consideration of the bill by the House, and thereafter the Deputy Chairman asked him to speak on the bill. In the meantime, Kharge asked the Deputy Chairman to allow him to speak on the issue of suspension of 12 members of the House. However, Harivansh did not allow him to raise the matter, and said he can speak on the Bill

As the minster started his speech on the Bill, opposition members started raising slogans and again demanded that Kharge be allowed to speak on the issue of suspension of members. Harivansh requested the opposition members not to come into the Well and to go back to their seats.

He also told some members that photography in the House is not allowed when they tried to click pictures with their phones. But when opposition members refused to relent, the Deputy Chairman adjourned the House till 3 pm and thereafter for the day after a brief functioning of the

Reproductive Technology (Regulation) Bill, 2020, seeks to regulate and supervise assisted reproductive technology (ART) clinics and assisted reproductive technology banks, and ensure the safe and ethical practice of assisted reproductive technology services.

Health Minister Mansukh Mandaviya also moved various amendments to the Assisted Reproductive (Regulation) Bill based on recommendations made by a parliamentary committee. Moving the Bill, Health Minister said the Bill was tabled in Parliament in September 2020 and the lower House referred it to the Standing Committee. Many suggestions came from the Standing Committee and Government has considered those recommendations, he said. The Standing Committee Report on the Bill was submitted in March this year.

"Many such ART clinics country without regulation. Need was felt for regulation of such clinics as it has implication on health of those who

undertake the procedure," he

Initiating debate on the Bill, Karti Chidambaram (Congress) said this law is a Victorian law as it is not all encompassing. It excludes those who could not afford this expensive procedure for a baby and the Government should consider supporting poor childless parents for tak-ing help of ART, Karti sug-

He also suggested that the Government should consider including lesbian, gay, bisexual, or transgender (LGBTQ). Heena Gavit (BJP) said the Bill seeks to set minimum standards and codes of conduct for fertility clinics and egg/sperm banks. It also proposes stringent punishment for those practising sex selection and sale of human embryos or gametes. She said about 80 per cent ART clinics are not registered and the Bill will ensure strict adherence to guidelines.

"Ensuring confidentiality of the commissioning couples, women and donors will also be done under the aegis of this proposal of the Cabinet. The Bill also has a provision that those involved in trafficking and sale of embryos will be instance the person could be imprisoned for up to 12 years,"

# Covid-19 survivors could suffer health effects for years

PNS ■ NEW DELHI

Patients who survive severe Covid-19 may not be lucky enough to survive for long, a study has said suggesting that they are more than twice as likely to succumb over the years than those who remain uninfected or experience

milder virus symptoms.
As these deaths frequently occurred long after the initial infection had passed, they may never have been linked to Covid-19 by the patients' families or doctors, the study published in Frontiers in Medicine has found.

This is for the first time that any study has found that Covid can cause severe symptoms and death for vulnerable people, particularly those with underlying health conditions. So far, studies have been highlighting that some people may experience long Covid, signs and symptoms that last for a few weeks or months after infection. Symptoms such as fatigue and shortness of breath can linger for months after the infection has passed.

Indicating the importance of vaccination, the study said that coronavirus infections may significantly damage long-term health. The increased risk of dying was greater for patients under 65, and only 20% of the severe Covid-19 patients who died did so because of typical Covid complications, such as respiratory failure.

"We conducted a previous study that showed that patients with severe Covid-19 who recovered were at significantly greater risk of being hospitalised in the subsequent six months," said ProfArch Mainous of the University of Florida, the lead author of the study. "This new study extended that to investigate mortality risk over the next 12

months."

The researchers tracked the electronic health records of 13,638 patients who underwent a PCR test for Covid within the University of Florida health system, with 178 patients experiencing severe virus symptoms, 246 mild or moderate Covid-19 and the rest testing negative. All patients included in the study recovered from the disease, and the researchers tracked their outcomes.

The study found that patients who were very unwell with coronavirus had a greater chance of dying over the next year, a trend that was particularly notable among those aged

# **ADMK thwarts Sasikala's entry bid**

Bylaws effectively closes party door

**PTI** ■ CHENNAI

The main Opposition AIADMK in Tamil Nadu, which is facing challenge from eased out leader V.K. Sasikala, on Wednesday amended its bylaws to strengthen norms to retain the present leadership structure of top two positions held by O Panneerselvam and K Palaniswami.

The party also harped on 'unity,' and strengthening the 'hands of party's top leaders' and to work hard to win future elections

The amendments to bylaws at the Executive Committee meeting of the AIADMK held in Chennai, effectively closes the door on Sasikala, who has claimed to be the party 'general secretary,' a post last held by the late Chief Minister J Jayalalithaa who died in December 2016.

The commencement of the year long golden jubilee celebrations of the AIADMK on October 17 witnessed a vigorous attempt by Sasikala, confidante of Jayalalithaa, to get back control of the party, when she declared herself as its general secretary, which was strongly resisted by the party leadership.

While amendments made in 2017 bestowed all the pow-

ers vested with the top position of general secretary to the then newly created positions of party coordinator (Panneerselvam) and joint coordinator (Palaniswami), the current tweaks further strengthen that top party structure.

The first amendment mandates a 'single vote' by 'primary members' to elect the top leadership, which is the two positions of coordinator and joint coordinator.

While the posts are two, there cannot be separate votes, as the twin positions together constitute the party top leadership.
According to the

AIADMK, Sasiakala is not a member of the party, though she has claimed to be the general secretary.

Senior leader D Jayakumar told reporters that only those who have been primary members for five years or more are

eligible to vote to elect the party

leadership. The next amendment makes it clear that the fundamental rule that the party leadership can only be elected by the primary AIADMK members could neither be changed nor modified or revised.

The third amendment declares that 'exemption' or 'relaxation' cannot be made to the basic norm of members alone electing the AIADMK leadership.

The fresh amendments to bylaw takes immediate effect, a special resolution adopted for this purpose at the EC meet said adding approval would be sought for such decisions in the next party general council meeting.

The special resolution to make amendments were proposed by seven senior leaders including the two deputy coordinators KP Munusamy and R Vaithilingam besides veterans, Ponnaiyan, both party organising secretaries. The resolution was adopted unanimously, being seconded by all the executive committee members.

The EC meet was presided Panneerselvam and Palaniswami, both former chief ministers of the state. Munusamy, considered close to Panneereselvam Vaithilingam, seen as a confidant

of Palaniswami occupied top slots in the meeting held at party headquarters here, rechristened recently after its founder M G Ramachandran as 'Puratchi Thalaivar MGR Maaligai'. On October 17, Sasikala

had unfurled the AIADMK flag at the T Nagar memorial of the party founder and a plaque unveiled on the occasion addressed her as party 'general secretary' which was dismissed by the AIADMK leadership as a mere claim that had no binding effect on the party.
On that day,

Panneerselvam Palaniswami had presided over the inaugural of the jubilee fete at the party headquarters.

Subsequently, Palaniswami had rejected her claims and ruled out scope for her return. Later, Panneerselvam had said the party leadership would hold discussions and take a decision on re-admitting her. This was however opposed immediately by leaders like

Tamil Nadu on February 8, 2021 after completing her four year sentence that commenced in February 2017 in a dispro-

Though she had announced ahead of the April 6 Assembly election, that she would stay away from politics, in May she hinted at resumption of efforts to regain control of the AIADMK.

Audio clips of her interactions with her supporters and some AIADMK workers also surfaced following which AIADMK men faced disciplinary action. Sasikala's nephew and another former AIADMK leader, TTV Dhinakaran who backs her claim to AIADMK leadership, heads the outfit Amma Makkal Munnetra Kazhagam (AMMK).

In the AIADMK meet held on Wednesday, as many as 11 other resolutions were adopted including the one that harped on 'unity' mantra and another that appealed to the cadres to slog for victory in the urban civic polls, expected to be held soon.

# One held in Aligarh; STF searches for teacher accused of involvement

PRADEEP SAXENA ■ ALIGARH

Gauray, one of the accused in leaking UP TET paper was arrested by STF. A resident of Hajiyapur village of Tappal, he had been living separately from the family for a long time in the Melrose bypass area of Bannadevi area. No one knew much about what that business he was doing.

It has been told that to arrest Gauray, the team of STF Meerut had camped here as soon as the input was received. The STF was searching for Gaurav overnight. He was seen in Tappal. But when inputs were received that he was in the Maelrose area of Bannadevi in the city, he was nabbed. Right now the police is also trying to know who else is in contact with him in Aligarh. How many people does his network have? The answer to these questions will come out only after interrogation. After this exam paper was leaked, it went viral on WhatsApp. It was learned from the accused arrested in Shamli and Mathura that they got this paper from Gaurav. After this the STF team caught Gaurav. Here, a team of STF is still camping in search of his close friends and network

After the interrogation of Gaurav Malan, who was arrested by the STF in the TET paper leak case, the name of the teacher of the district has come to the fore, in search of which the STF raided Gonda with Gaurav. Till late Tuesday night, the team was looking for him in Aligarh and Mathura. It has come to the notice that two other youths were also taken into custody along with Gaurav, who are discussed to be released after interrogation. Input is being received that Gaurav's connections are also being traced from the absconding gangster Yogendra of Police Recruitment Solver Gang.

It is learned that Gaurav and two youths accompanying him were picked up from the Melrose bypass area. From here, the STF has gone to

Meerut, Baghpat, Shamli and Mathura with all three. It is learned that the team had come to Gonda on Monday night in search of a basic teacher named Nirdosh. On Tuesday night also, news of the team being in search of some other comrades of Gaurav in Aligarh district and surrounding area has been received. Officially, neither the STF has given any information nor the district police has any news.

The search for teacher is oing on in Aligarh and Mathura. It has now been learned from the sources that Gaurav's connections are being traced to Yogendra of Khair Narayanpur, who is the kingpin of Police Bharti Solver Gang, as both belong to the same area. It is hoped that with the help of Gauray, Yogendra and his associates can be nabbed.

PNS LUCKNOW

Samajwadi Party president Akhilesh Yadav hit out at the ruling Bharatiya Janata Party in Uttar Pradesh, charging that the present regime has only spread hatred, ruined the future of youths and pushed the State into backwardness.

Addressing a public meeting at GIC grounds to launch the fifth phase of his Samajwadi Vijay Rath Yatra in Banda on Wednesday, Akhilesh questioned the people whether they needed a Yogi Government or a 'yogya' (responsible) and development-oriented Government. He said that those who could not use laptops would never provide it to the vouths.

"Now it is the right time for the people to show the door to the ruling BJP for making false year regime, the BJP government only renamed places and the projects conceived and launched during Samajwadi Party regime," alleged the SP chief, who is on a three-day tour of Bundelkhand region and will take out Samajwadi Vijay Rath Yatra from Banda to Mahoba.

Akhilesh was scheduled to address a rally near Mahoba Police Lines later in the day and on Thursday, he would go to

Lalitpur and address a public

On Wednesday morning, the SP chief reached Banda and embarked on the fifth leg of 'Samajwadi Vijay Rath Yatra with a focus on Bundelkhand region of the state. On the first day of the fifth leg of the Yatra, Akhilesh Yadav covered the distance from Banda to ly to meet and greet people.

On Thursday, Akhilesh will address a public meeting in Lalitpur and the Yatra will reach Jhansi district on Friday. Earlier in November, he had embarked on the fourth leg of Vijay Yatra from Ghazipur to Lucknow through Purvanchal Expressway, a day after Prime Minister Narendra Modi formally inaugurated the highway on November 16.

The SP chief had shared the stage with allies Suheldev Bhartiva Samai Party chief Om Prakash Rajbhar and Janwadi Party (Socialist) chief Sanjay Chauhan on the occasion.

The Rath Yatra is considered a lucky charm by the Samajwadi Party as in 2012, Akhilesh had taken out a Yatra and the party was voted to

# **Govt announces** subsidised houses for LIG employees, advocates

PNS LUCKNOW

The Uttar Pradesh Government is likely to provide houses on subsidies to lakhs of employees and advocates with low incomes.

A nominal value of ₹ 1 for land will be charged from the buyers of these houses.

The discount will be given to the buyers on the condition that they will not be able to sell the house for the next 10 years.

Official sources said that a draft of the scheme was prepared during a meeting of high-ranked officials and now an approval from higher authorities was awaited after which the draft would be placed before the state cabinet for its approval.

Employees of Group C and D and advocates, who do not culties in getting a house. So far, there has been no system of providing houses on discount to Group Č and D employees. Taking note of this issue, discussions were held and this draft, seeking to provide these people houses on discount, was prepared. The process of providing the house was discussed during a preliminary round of talks and the eligibility criteria for this will be decided later.

The Bombay High Court on ■ Wednesday granted default bail to lawyer-activist Sudha Bharadwaj, who is one of 16 accused in the Elgar Parishadcum-Bhima-Koregaon riots case, after holding that "to deprive her indefeasible right on the premise that the application preferred on 26th November 2018 was premature would be taking a too technical and formalistic view of the

However, the HC bench of Justices SS Shinde and NJ Jamadar rejected the default bail pleas of eight other accused on the ground that they had failed to apply for such a default bail prior to the filing of chargesheet in the case.

The two-member HC bench directed Bharadwaj, who is lodged in Mumbai's Byculla women's prison, be produced before the Special NIA Court here on December 8 to decide on the conditions of her bail and date of her release.

The HC bench refused to entertain a request by NIA counsel, Additional Solicitor General Anil Singh, for a stay

Bharadwaj is the first

among 16 activists and academicians arrested in the case to have been granted default bail. While Jesuit priest Stan Swamy died in a private hospital on July 5 this year while waiting for medical bail, Poet-activist Varavara Rao is currently out on medical bail.

The eight accused whose default bail pleas were rejected were: Varavara Rao, Sudhir Dhawale, Vernon Gonsalves, Rona Wilson, Surendra Gadling, Shoma Sen, Mahesh Raut and Arun Ferreira.

Holding that the Pune Sessions Judge was not competent enough -- in terms of jurisdiction -- to extend time for investigation and detention under provisions of Section 43D(2) of the Unlawful Activities Prevention Act (UAPA) and Section 167(2) of the Cr.PC, the HC bench observed that the Sessions Judge had no judicial competence to extend the period of D(2)(b) of UAPA and considered four other aspects - the period of 90 days of her detention expired on January 25, 2019, no charge-sheet was filed, there was no lawful order of extension of period of detention and the Bhardwaj's bail plea awaiting adjudication.

Relying on a catena of decisions which held that the right of the accused to be released on default bail is indefeasible and is also associated with the fundamental right flowing from 'the procedure established by law' under Article 21 of the Constitution of India, the HC bench granted Bhardwaj default bail.

In their order, the two Judges noted: "On the touchstone of the guarantee of personal liberty under Article 21 of the Constitution, in our view, to deprive the applicant-Sudha Bharadwaj of the indefeasible right on the premise that the application preferred on 26th November 2018 was premature, would be taking a too technical and formalistic view of the matter. In our view, all the requisite conditions to release the applicant-Sudha Bharadwaj on default

bail stood fully satisfied".

# logic for division, downgrading of J&K'

PTI ■ BHADERWAH/JAMMU

National Conference leader Omar Abdullah on Wednesday said revocation of Article 370 was in BJP's manifesto but there is no logic behind withdrawal of statehood and division of the erstwhile state of Jammu and Kashmir.

He also accused the BJP of misleading the country by "false propaganda" to justify its action of August 5, 2019 and said the security situation has deteriorated to such an extent that "one cannot feel safe in any part of Kashmir owing to growing militancy which was evident from the selective killings including that of Kashmiri Pandits in the recent past".

The former chief minister and National Conference vice president was speaking at a public meeting in Bhaderwah town of Doda district on the penultimate day of his weeklong tour of Chenab valley in Jammu division.

He urged the locals to maintain communal harmony and brotherhood to "frustrate conspiracies of those dividing the people on the basis of religion" to win elections.

"I accept that the revocation of Article 370 was in the manifesto of the BJP but why was the erstwhile state downgraded and divided into two parts which was not in their manifesto. One fails to understand what the reason was for this. No one had any answer to it as well as what benefit it had to the people of J&K," Abdullah

He said the demand for Union Territory status was only from "Buddhists of Leh" district, while the Kargil population wanted to be with Jammu & Kashmir.

"The reality is that all the claims (of the BJP) have fallen

- PAPER WITH PASSION-

# Open approach

The need is to remove the fear of memory-based tests so that students start understanding concepts

■here is a lot of churning on the higher education front. For one, Delhi University is checking for any discrepancies in the process of admissions to undergraduate and graduate courses. Secondly, Delhi University is conducting online Open Book Exams (OBE) for undergraduate and graduate students of four semesters. This is because the university is not yet offline and students are pressing for re-opening of classes after the tapering down of the coronavirus pandemic. Whatever the reasons that caused the university to re-evaluate its admission process and hold OBEs, the fact is both are progressive steps. One is in keeping with making admissions a fair and just exercise. The other is adapting to new technology even in adversity. The university, and for that matter all higher education institutions in the country, need not stop here but use the occasion to reform the education system. The focus is on revis-

ing the method of teaching. The OBE process leaves several hints at why the focus area is critical. In this mode, students take the exams remotely with no bar on consulting books and other resource materials. There are two issues. One is the presumption that the new system would make the students complacent and they would not study seriously, thinking they can copy from the open books. The second is another presumption that the teachers may not be adept at setting meaningful question papers and evaluating the answer sheets efficiently. The OBE allows consultation of books, but is not

a bookish examination. It is not an exam that encourages rote learning and superficial knowledge either. It is a method that challenges the students' mastery of the subject, analysis and critical thinking. It requires a higher order of thinking skills. Unfortunately, heuristic teaching is still not in vogue in higher learning institutions in India. The concept of rote learning is carried over from school days. There is spoon-feeding and over-dependence on guide books. The pattern of teaching is changing but only because of individual efforts of some teachers. This is where the University Grants Commission and the Ministry of Education should step in, using the OBE exams as the pretext to introduce new teaching that enables students to research and discover things for themselves. A university cannot expect teachers to overnight devise question papers that challenge the examinees' critical thinking abilities. Resorting to OBE as a quick fix solution can lead to avoidable issues about setting the question papers, in turn, affecting the performance of the students who may be lulled into a false sense of security that writing with open books is easy. Many countries in the west have shifted to OBE culture. In India there, discussions on the subject have not led anywhere. The greatest achievement of the education system would be to remove the fear of memory-based tests so that students start learning and understanding concepts with teachers acting more as mentors than advisors at exam time.

# **Humour hurts**

Criticising someone in a free democracy is fine until it starts taking an ugly turn

The doesn't like to laugh? Most sane people do. But lately, jokes and comedians have stirred more controversies than politicians in the country. Apparently, their jokes and "poems" have hurt the sentiments of some sections of the society. So much so that they received serious backlash on social media while some have repeatedly received death threats, too. Does it have much to do with a sense of humour or is it intolerance and religion-sensitivity that is disturbing the audience. Interestingly enough, most of these "hurt" people aren't even part of the audience. The Freedom of Speech and Expression is much talked about. Politicians in India usually enjoy this right

pretty well. Derogatory remarks against Opposition leaders come as prerequisites to woo the voters during election campaigns. But those are rarely accounted for. However, actor-comedian Vir Das's "Two Indias" monologue "maligns" the country's image. It was so "hurtful" that a BJP leader had filed a complaint against him at Tilak Marg police station alleging that he used 'derogatory' statements against the country on an international platform.

There may not be a definitive answer to whether his satirical monologue could actually hurt India's image but it might hurt his future comedy prospects,

as has been seen lately. Another comedian, Munawar Faruqui, recently announced his decision to guit stand up comedy after 12 of his shows got cancelled in various cities due to 'pressure' created on event organisers and venue hosts. Farugui spent a month in jail earlier this year on charges of "insulting Hindu gods and goddesses" in one of his shows. This is not a win for anybody but rather a defeat for the country that boasts of tolerance and secularism. If comedy can be a crime then what profession can't be? Of course, jokes and satire should be respectable. But what defines respectable? When you start putting out disclaimer on jokes, you reach the borderline of intolerance. The term 'boycott' has become the bread and butter of religious fanatics these days. A new boycott hashtag trends on social media everyday. It's high time we addressed the guestion that where are we heading as a tolerant nation? Because all that's happening is that we are finding religious loopholes in jokes, comments, statements, movies etc. We were not like this before, orange was just a color until it became a sign board and humour used to lighten us until it started shrinking our minds.

# Who really murders democracy in India? PRAFULL GORADIA

Only a democrat can face the public as the Indian Prime Minister does on Mann ki Baat. Anyone can ask anything and embarrass the respondent

here were repeated mentions of the 'murder of democracy' on the opening day of Parliament. The cause was the suspension of 12 Rajya Sabha members by the Vice President of India presiding over the house. The behavior of some of the MP's was extraordinary to put it politely. In my year in the Rajya Sabha, such a scheme was unthinkable; times obviously change. The repeal of the farm laws so soon was, to my mind, a new peak of democratic step. The Sanskrit saying kshama virasya bhushanam or forgiveness is the ornament of the valorous is to the effect. A variation of this wisdom would be 'a gifted retreat behoves the generous king'. A mere politician could have suspended the laws and gone on to separate the farmers from the middlemen who feel threatened; but, in fact, were permitted to do what they liked; sell their produce to anyone overseas, including resorting to middlemen in the event of an emergency. How this is a murder of democracy, I do not

If the Opposition has any doubt with the democratic nature of the repealing of laws, let us glimpse at the track record of Prime Minister Modi. The abolition of the Planning Commission on the following day of his coming to power in 2014 was the big beginning. It was the control of national wealth which could be distributed at the will of the Central Government.

Every statement came up with a Plan and its budget. The Chief Minister came to annually call on the vice chairman of the Commission with a bouquet of flowers. No one asked questions except as a formality if the Centre was happy with the particular State. The two VIPs had a photograph taken with grins on their faces and the CM returned to his State.

The grant was money for am. The responsibility for the implementation of the projects or the State Government. For example, one cratic compared to the previof the proposals of the State was ous arrangement? This is to build a bridge for ₹800 crore related to the main finances

and it was granted. The CM and his side-kicks would have the foundation stone laying photographed for record. After that whether the State built the bridge or not was to be seen by the State. No one at the Centre needed to bother about that. On the other hand, the State could year after year debit in its annual plan the depreciation of say ₹80 crore or ten per cent. In short, the Planning Commission amounted to a gifting body; what the State did with the gift was at its discretion as is a birthday pre-

The Modi Government replaced the Planning distribution as well as the State sales tax with the Goods and Services Tax (GST) which the State independent of reliance on the Centre to distribute its annual doles. Every State was on its own and the Centre had no discretion. It is based on the merits of each State's economy, production, service and so on. The Centre cannot deny anything to an Opposition ruled State or give more to its favourite State. Is that not very demo

TO INTERRUPT

PROCEEDINGS IS TO CUT ONE OF THE MAIN BRANCHES THAT THE **PARLIAMENT** MEMBERS OCCUPY. THE MEMBERS CAN DRAW PUBLIC ATTENTION BUT THEY SHOULD NOT LOSE FLOOR TIME WHICH IS TELEVISED TODAY

I am alleging that everyone was corrupt but the scope at the State level was considerable. Take a Planning grant from the Centre and do not spend it. Equally, the scope for favourite was also substantial. Once in power at the Centre, a party could make a State the way it chose. I do not know whether Planning had any connection with the economic progress or its lack. But one thing is certain that no planned economy has reached the First World.

Only a democrat can face the public as the Prime Minister does on the Mann ki Baat programme. Anyone can ask anything and embarrass the respondent. The Opposition can have the mischief played; the respondent has to have a clan record and no skeletons in his cupboard. No previous Prime Minister has experimented with such an open public programme. The public, on the other hand, feels that the country's top leader is accessible to them. He does not keep away from the common folk. This means that the PM is not their indirect representative but a direct one. This is how the Greek city democracy

began and is the ultimate is freedom and people's rule. This is unusual for a leader who carries the highest security risk in the country and perhaps is the world. He mingles with people when he campaigns in the elections.

He spares no punches.

The Parliament is essential to remain in the limelight. To interrupt its proceedings is to cut one of the main branches the Parliament members occupy. Rushing into the well, in that sense, is suicidal for the Opposition. I realised that it is very necessary for the Opposition to protest as obviously as possible, but not to provoke its adjournment. The members can draw public attention by, for example, wearing black, whether masks, clothes or anything else. They can also sit in the aisles instead of their seats, and so on. But they should not lose floor time. which in today's time, is televised. Another gain is avoiding the impression that MPs collect their pay but avoid

### LETTERS TO THE EDITOR

### A DAY NOT FOR POLLUTION

Sir —The National Pollution Day is observed in India every year on December 2, to spread awareness among people towards the rapidly growing problem of pollution and in the memory of those who died in the Bhopal gas tragedy. As per data, about 2.5 million people succumb to pollution in India every year. India has ranked 155th out of 180 countries in the Environmental Performance Index. Many Indian cities, Including the Capital, rank among the top most polluted cities globally.

There are several reasons that aggravate pollution; whether air, land, noise or water. While the Government should be blamed for not dealing with the issue proactively, the citizens, too, owe responsibility to protect the environment they live in. In the recent COP26 Summit that was held in Glasgow, countries pledged to reduce net-zero emissions and this is a welcome step. Only time can tell whether such summits are fruitful and till then, we need to do our bit. Simple measures like using public transport, using biodegradable bags, reducing forest fires and smoking, avoiding firecrackers and being aware that if we don't start acting early, we will face consequences. ### **CARRYING FAITH ON GROWTH**

Sir —The 8.4 per cent growth compares well with the 7.4 per cent fall that the GDP saw last year in the same quarter, the peak period of the pandemic-induced lockdown. The first quarter of this year, however, had seen a 20.1 per cent growth, which puts the number for the first half at 13.7 per cent. With this being the fourth consecutive quarter of growth, the indications are that the economy has found its feet after the pandemic-induced contraction. Employment-intensive sectors like hospitality and construction seeing an uptick is also positive news.

Economists, however, see several issues in this growth story. A key one is that it is Government investments that are the main drivers of growth rather than private consumption. Rising infla-

he sudden demise of the prolific Telugu film lyricist Sirivennela Seetharama Sastry is a great blow especially to the Telugu film industry which was already in pain after the demise of SPB Garu a year ago. The combination of SPB and Sirivennela was a beautiful one. The two made some wonderful songs together and their work is still loved by the listeners. The words of Sastry, coupled with the voice of SPB, captivated the audience. The speciality of this great lyricist is that his lyrics are simply beautiful and

thought provoking. He captured millions of hearts through his lyrics. Having written around 3000 movie songs, received the Padma Shri and the Nandi Awards more than 10 times are enough to prove his devotion towards creating a healthy lyrics culture in

the Tollywood industry Sirivennela has penned poems that showered the light of knowledge, aroused mind-boggling thoughts and, at the same time, calmness, too. The accolades he has earned speak enough of his excellence, expertise and legacy. However, if one wants to know him truly then his songs and poems are the way. Sastry created magic with his vocabulary and command over the Telugu language. In his career, he wrote songs for some amazing movies, including Swayamkrushi, Gaayam, Alludu Garu and many more. Writers will come and go but Sirivennela's contribution as a lyricist and human will be remembered by generations.

tionary pressures as indicated by the difference between real and nominal GDP is also a matter of concern. Some of the economists are projecting only single digit growth for the year compared to the Government's double-digit expectations. These differing perspectives on India's current economic scenario is vital.

**UNWARRANTED SUSPENSION OF THE MPS** 

Mr Jayanthi | Mumbai

Sir — What the wider implications of the suspension of 12 MPs from the Parliament are for our democracy is a broad topic on which opinion can well be divided depending on political leanings. The BJP supporters hold that it was needed to protect democracy, whereas others denounce it as an undemocratic decision. Be that as it may, the suspension of the MPs for something that happened in the previous monsoon session under provocation is amenable to be explained in terms of several considerations. It gave a clear indication that the Government was

not quite keen on winning the cooperation of the Opposition for the smooth functioning of Parliament. The Government may have gone for this highhanded action to divert attention from burning issues like farmers' protests, price rise and inflation.

The prospect of being placed in a clear majority in the Rajya Sabha may have been another consideration that motivated the decision. We would consider it a sad day for Indian democracy if the decision was taken in the mistaken belief that the Opposition should be subservient to the Government. When the BJP was in the Opposition, disruption of Parliament was a 'legitimate form of protest'. But when it is in power, it becomes nothing short of 'misconduct' and 'unruly behaviour' deserving suspen-

hile the world is struggling with a health pandemic, an economic depression, and a global social justice movement, Bill Cunningham's quote — "Fashion is the armour to survive the reality of everyday life" — became the inspiration to the fashion and design fraternity. From adjusting to the new normal to navigating through it and bringing creativity to reality, the fashion industry has set trends yet again. In the modern world, creativity has never been just about classroom learning. Now, with the 'anything anywhere' approach of the digital world, fashion design learning has stepped into a transformative revolution. When FHCM's couture week 2020 went digital, the fashion industry was in awe, FHCM stands for Fédération de la Haute Couture et de la Mode that brings together fashion brands that foster creation and international development. However, with Gucci partnering with the art auction house Christie's on NFT video "ARIA", the industry realised that we had just scratched the surface of technology. Fashion design institutes have taken the pandemic as an opportunity to innovate old-fashioned teaching methods and adapt to the fast-moving digital world. Being a stu-

dent-centric process enables the learner to customise the procedures and processes based on her needs. With digital platforms for aspiring designers to learn and show their creations in a web-friendly format and accelerated personalisation in digital tools to customise one's virtual studio, it has never been a better time to flow along with creativity. The importance of exploring global perspectives through international fashion shows, exhibitions, webinars that reflect the global context in fashion education and industry cannot be emphasised enough. The design education colleges have been quick on the uptake and started organising virtual events and platform during the lockdown in 2020 where they allow the students to showcase their learnings and creations. These institutes also use social media platform like Facebook Live where students presented their work online.

The field of technology is growing every day and therefore, it is impacting education, teaching and learning processes with its innovative solutions and sustainable methods. Increasing use of technologies like AI, IoT and AoIT is helping effectively in saving costs, time and energy in the education sector especially the creative fields. In 2020, due to the pandemic, all the education institutes introduced many innovative ways of teaching and learning in order to maintain the quality of education and content material. According to InTech report 2017, design learning needs digital or online learning to have a progressive future. There is a great need for active interaction between humans and technology through activities using creative intelligence for a bright future of designing field. Even if we were in a digital utopia with digital equity and no technical glitches, to imagine learning fashion design virtually is difficult. From the touch of the fabric to the aesthetics and design, physical interaction is as essential as the field itself. Paris Fashion Week's physical return to the runway, including industry heavy weights from Chanel and Hermes to Louis Vuitton and Yves Saint Laurent, proves that fashion cannot survive without it being inferred by the senses. Rethinking decades-old teaching models requires a more finely tuned equilibrium between physical and digital education to work successfully. Combining face-to-face lectures with technology may give rise to blended learning, increasing students' learning potential. Need of the hour is for institutes to become omnichannel and build an efficient e-learning model and for the fashion fraternity to come together as a community and use technology as a venue for Sustainable Fashion Culture.

# Village secretariats of AP: Doorstep welfare AMAR DEVULAPALLI

Impressed by the idea of taking governance to doorsteps; Karnataka, Punjab, Rajasthan and some other States have evinced interest to adopt similar systems

game-changer initiative in Andhra Pradesh Government's unique grass root administration and a brain child of young Chief Minister, YS Jagan Mohan Reddy, the concept of Village/ward Secretariat - door-step services to ensure welfare programmes reach the beneficiary — is gaining the attention of international agencies, the Union Government and a number of states.

Aimed at revamping and improving the delivery of government services, the largest of its kind in India, the setup involved hiring 389,000 volunteers to ensure that government benefits-ration cards, pension accounts and other welfare schemes-are made available in the rural areas as also in the wards in towns.

The Village Secretariat and Ward Secretariat (VSWS) Department was created to manage the operations. The volunteers who are key in the new set up are being paid a monthly remuneration of ₹5000 and they are always available in the area to provide government benefits that are listed under various schemes at the door step of the beneficiary.

On average, there is one volunteer for every 70-100 households, tasked with doorstep-delivery of government services and ensuring that beneficiaries are identified and mapped for proactive service delivery. To ensure that services improve, issues relating to the delivery of food, social and health security benefits are to be addressed within specified time frames, with a team of 200 call-centre executives to track and monitor service delivery requests and notify relevant secretariats an October 2, 2019 when the Chief Minister launched the flagship programme of his government. As a preamble to the new concept, he recruited village secretaries who would head the village secretariats. The idea came to him during his "padayatra" before the 2019 general elections when villagers complained how they are going around offices and officials for benefits of welfare pro-grammes and how they are denied them on account of lack of funds.

The Ministry of Jal Shakti Sanitation has acknowledged the services being offered to the people at their doorstep through the new system. National Jal Jeevan Mission under the Ministry which brings out a monthly e-book, Jal Jeevar Samvad, highlighted the village/ward secretariat system in AP and pointed out: "This is a unique experiment in itself and furthers the spirit of the 73rd Constitution Amendment, 1992 and in line with 'Sarkar Aapke Dwar'- administration at your doorstep. Now by setting up of village secretariat, the Government of Andhra Pradesh has taken a concrete step towards administrative transparency and accountability to provide better services to the people at their door step".

mentioned that out of various services for the people, around 318 services have started reaching villagers through the village secretariat system. The beneficial effects of government schemes are clearly

visible in the villages. Impressed by the idea of taking governance to the people's doorsteps, Karnataka, Punjab, Rajasthan and some other states have evinced interest to adopt similar systems. Ministerial and Official representatives from these states are planning to visit AP soon to have the first-hand experience of the functioning of the setup.

As a matter of fact, the then onier Minister of united Ar Chandrababu Naidu too launched deliveries of benefits.

every month, the present government disburses ₹1,420.5 crore worth of pensions to 6.1 million beneficiaries under the YSR Pension Kanuka. They are delivered to beneficiaries wherever they might be, even those displaced from their homes. For transparent, well-targeted delivery of benefits, the state relies on biometric identification. A call centre with tollfree number 1902 has been set up to enable the people to register their grievances and also obtain feedback on the welfare schemes.

In all, a strong contingent of 1,34,694 village ward secretariat staff along with dedicated gram volunteers numbering 2,47,344 extend 540 services under 35 departments. Fact sheets reveal that while 3,31,57,081 service requests were registered till the end of October last, 3,29,70,051 services have been delivered.

Specific time frames are fixed for delivery. While Pension card, rice cards are to be handed over nance at the grass roots level within 21 days, eligible applicants unleashed new conflicts. The preshould get Arogyasri cards in 20 days and the deadline for getting house site pattas is 90 days.

A study paper on the village administration in Andhra Pradesh published in The Indian Journal of Political Science in its quarterly publication in 2006 clearly mentioned the 'outcome' of the reforms in Panchyat Raj introduced by Chandrababu Naidu.

The paper originally submitted by its author D.Ravinder at an International conference on "State,

Civil Society and Citizens: Revisiting the Relationship" held in Osmania University in February, 2004, concluded that "it (the system) introduces babudom at the local level". The study paper highlighting the lacunae said with the onset of World Bank led reforms processed under the regime of Chief Minister Chandrababu Naidu in Andhra Pradesh, "good governance" has become a catchy word. It is in this name that a number of reform processes were introduced in the state. One such important reform process at the grass roots level has been the introduction of "Village Secretariat" system.

The paper said this system instead of bringing good governance has become a bone of contention between hitherto existing departments, panchayat raj and revenue, and also between the elected representatives and government officials, i.e., between Sarpanch and the newly created position of "Village Secretary ". Thus, the process of good goversent paper makes an attempt to analyse the dynamics of these new reforms at the grass roots in Andhra Pradesh.

Quite contrary to the setup introduced during Chandrababu regime, the present village/ward secretariat system supported by village secretaries and a battery of village/ward volunteers day and night ensuring the targeted people get welfare programmes at their doorstep without spending a single pie and wasting time.

# Role of universities in fostering entrepreneurship

Interdisciplinary approach and new teaching methodologies should be used to provide entrepreneurship experience to students in university settings

ntrepreneurship is extremely important for any economy, for its ability to make a significant impact on citizens and nations as a whole. Great entrepreneurs can change the way we live and work, by creating jobs and wealth, with changes varying between social impact to immense innovations. But can entrepreneurship be taught? The answer to this age-old debate is both yes and no. Since education is essential to enhance the thinking abilities and as entrepreneurship ecosystem is developed by the interplay of actors like universities, government and entrepreneurs themselves, universities become the hotbed of fostering the required entrepreneurial environment. There are three ways in which universities can take advantage of their position to further entrepreneurship. As universities are places of higher education, attracting workforce who wants to lead a better life, they can transform themselves into breeding grounds for budding entrepre-

Recognizing the importance of entrepreneurship to the economic development and job creation, universities can impart entrepreneurial skills and knowledge by updating existing programs and developing new courses. Going forward, interdisciplinary approach and new teaching methodologies should be used to provide entrepreneurship experience to students in a controlled environment in the university setting. Secondly, universities can act as incubation centres to follow up and promote potential ideas by facilitating collaborations and incubation capacities not only to students from the area of business, innovation and entrepreneurship, but also from other areas like engineering, humanities, applied sciences and medicine. Provision of physical space to give wings to potential ideas and suitable support to raise funds at an early stage to transform these ideas into business models are their added advantages. of for the development of the business model. The faculty also play an important role in the incubators, as they are cru-

gy of their students by providing proper guidance in research activities. However, not much can be achieved with research and publications of an idea, if it cannot be exploited

for business opportunities. Therefore, thirdly, the role of a university as a knowledge transferrer and as a bridge between academia and industry is noteworthy. Universities involved in applied research have large number of patents, articles and registered intellectual property rights, converging the joint efforts, experience and creativity of students and faculty. However, such research has to be commercialized as well, and here comes the role of universities as a conduit to industry linkages. The Indian higher education system has to step up and distinguish a general business management course from an entrepreneurship course to motivate, train and support budding entrepreneurs. The demand is for education programs which can expand their horizons in entrepreneurship by their unique and hands-on content and teaching techniques. Are the universities listening?

# Nov GST mop up at ₹1.31 lakh crore

### SECOND HIGHEST SINCE ROLL OUT

PTI ■ NEW DELHI

 $G^{\mathrm{oods}}$  and Services Tax (GST) collection in November grew 25 per cent to ₹ 1.31 lakh crore - second highest since its implementation -- indicating economic recovery with normalisation of business activity and increased compliance, a Finance Ministry statement said on Wednesday.

This is the fifth month in a row that the revenues from goods sold and services rendered was over ₹1 lakh crore.

"The gross GST revenue collected in the month of November 2021 is ₹1,31,526 crore of which CGST is ₹23,978 crore, SGST is ₹31,127 crore, IGST is ₹66,815 crore (including ₹32,165 crore collected on import of goods) and Cess is ₹9,606 crore (including ₹653 crore collected on import of goods)," the statement said.

CGST refers to Central

Goods and Services Tax, SGST (State Goods and Services Tax) and IGST (Integrated Goods and Services Tax).

The revenues for the month of November 2021, are 25 per cent higher than close to ₹1.05 lakh crore Goods and Services Tax (GST) revenue in November 2020, and 27 per cent higher over November 2019 revenues.

'The GST revenues for November 2021 have been the second highest ever since introduction of GST, second only to that in April 2021, which related to year-end revenues and higher than last month's collection, which also included the impact of returns required to be filed quarterly. This is very much in line with the trend in economic recovery," the min-

In October 2021, the revenues were at ₹1,30,127 crore, while in April 2021 it was the highest at ₹1,39,708 crore.

The recent trend of high GST revenues has been a result of various policy and administrative measures that have been taken in the past to improve compliance. GST, which subsumed a host of indirect taxes like excise duty, service tax, VAT, was rolled out on July 1,

A large number of initiatives undertaken in the last one year like, enhancement of system capacity, nudging non-filers after last date of filing of returns, auto-population of returns, blocking of e-way bills and passing of input tax credit for non-filers has led to consistent improvement in the filing of returns over the last few months, the ministry

ICRA Chief Economist Aditi Nayar said collections may dip in December 2021, as suggested by the deceleration in the daily average e-way bill generation in the first three weeks of November 2021.

'We expect Central GST collections to rise to ₹5.8 trillion in FY2022, exceeding the FY2022 BE by ₹50,000 crore," Navar added.

5,554 cr digital transactions

PTI ■ NEW DELHI

Digital payment transactions have witnessed a multifold increase in the last few years, growing to 5,554 crore in FY2020-21 from 1,004 crore in FY2016-17, Parliament was informed on Wednesday.

The number of digital transactions stood at 4,683 crore in the ongoing fiscal till mid-November, Minister of State for Electronics and IT Rajeev Chandrasekhar said in a written reply to the Lok

"Digital Payments transactions have been steadily increasing since last few years. Over the past four years, digital payment transactions have grown multifold from 1,004 crore in FY2016-17 to 5,554 crore in FY2020-21. State/UTwise transaction details are not maintained," he added.

The Minister said number of digital transactions stood at 3,134 crore (FY19), 4,572 crore (FY20), 5,554 (FY21) crore and 4,683 crore (FY22 till mid November).

Citing a report by the

Chandrasekhar said India has a strong regulatory system and robust large value and retail payment systems that have contributed to the rapid growth in the volume of transactions in these payment systems.

There has been a substantial growth in e-payments by Government and also in digi tal infrastructure in terms of mobile networks, the report

The report emphasises the need to undertake further efforts to bring down the volume of paper clearing and increase acceptance infrastructure to enhance digital payments in India, it added.

In response to a separate question, Ĉhandrasekhar said the Ministry of Electronics and IT (MeitY) had rolled out Digital Village project on pilot basis in 700 villages (with atleast one Gram Panchayat or Village per district per State/UT) in October, 2018 for delivery of various citizen centric services viz education and health, skill and financial inclusion, and solar lights.

# IPO rush continues: 10 cos line up public issues worth ₹10,000 cr in Dec

PTI ■ NEW DELHI

The IPO lane will continue to be busy in December as 10 companies have lined up initial share-sale plans worth more than ₹10,000 crore, merchant banking sources said on Wednesday.

Moreover, the initial public offerings of Star Health and Allied Insurance and Tega Industries are currently open for public subscription.

This comes after 10 firms

successfully concluded their initial public offerings (IPOs) in November.

Among the companies that scheduled their IPOs in this month include Rate Gain Travel Technologies, travel and hospitality technology services provider, and Anand Rathi . Wealth Ltd, part of Mumbaibased financial services group Anand Rathi. RateĞain's ₹1,335-crore initial share-sale will open for public subscription during December 7-9, and the ₹660-crore IPO of Anand Rathi Wealth will open on December 2.

# India-China trade deficit stands at USD 30 bn during Q1 USD 65.21 billion in 2020-21,

Trade deficit between India ■ and China stood at USD 30.07 billion during April-September 2021, Parliament was informed on Wednesday.

India's exports to China during the April-September 2021 period was USD 12.26 billion, while imports were aggregated at USD 42.33 billion, according to data given by Minister of State for Commerce and Industry Anupriya Patel in a written reply to the Lok

One of the 60 feature films was Gold — set in Netherlands, the 90minute drama film is directed by the award-winning commercial director Rogier Hesp. The story focusses on a promising young gymnast, Timo, and his disabled father, Ward, who share a the dream of winning gold at Olympics. But as Timo meets his physiotherapist, Irene, new and intense feelings come in the way and contradict with his dedication to his father and their 'mission'.

A graduate from Netherlands Film Academy, Hesp's graduation film called Sight received the Nassenstein Startprijs for Best Fiction project from the academy.

# LIKE FATHER, LIKE SON

ROGIER HESP aims to show the other side of success through his film Gold, featuring at the European Union Film Festival. By KHUSHBU KIRTI

won gold and silver twice at the

Cannes Lions Festival in 2010 with his

interview with Hesp about his debutant.

Read on for excerpts from an

commercial Dramaqueen.

Gold is my feature debut and an intimate story about a professional sport. It is a film in which we follow a young gymnast closely, who experiences the pressure of being the top athlete. The narrative is explored through

The story revolves around the suffocating relationship between him and his disabled father and their dream of winning the Olympic gold.

### **❖**Is *Gold* inspired by true events?

Gold is inspired by many stories in professional sports in which athletes' thought-process clashes with that of their parents. In many cases, that relationship breaks down.

In my youth I saw how top-class sport gave one of my friends a status. It gave him an identity and security. Back then, I only saw the success. Later on, I understood the possible pressure that comes with it. Doesn't our society look too much at what you are, and not at who you are? Does success work as

an adhesive poison? And what role do

parents play in this? It is a dangerous thing, you see — parents seeing their children as an extension of their own ego. Sometimes, they have to live up to their missed dreams or opportunities. This was the starting point for our vision of Gold.

#### So, the film is about the distorted relationship and the war of ego etween the father and the son?

Every parent hopefully wants the best for its child. They give them directions, so their children can sail the right

I became a father myself and I got to know feelings of proudness when my

son learns something new. How will I react when I notice that he has a special talent? Indicating a course can quickly change in determine direction. The pride creates a monster. There is a danger that parents will over-identify with their children. This way you can get a reversed dependency. Children have to perform for the egos of their parents. It is in the sports world mostly, where you come across these kinds of

This film shows in a penetrating way the dilemma of so many teenagers. The inner struggle between your identity and the love of a parent.

♦ What is the significance of the title?

Every top athlete has one goal — winning gold. However, with this film, we wanted to show the other side of the medal. A real story about the hellish journey towards that dream.

#### ♦What do you think of the difference between films that are making a mark at the festivals and which are commercially successful. Why do you feel that is?

The reason, according to me, is because there is obviously more freedom, and less thinking within the box, along with sharper subjects.

### ♦ What, according to you, is the USP of the film? Why should more people watch it?

For the first time, it shows a sports film that does not romanticise the image. This is a sincere portrait of the life of a young athlete. And to make it as authentic as possible, the main role is played by a real gymnast. So David has transformed himself from a gymnast into an actor.

#### **♦**EUFF is an event that celebrates the diversity and creativity of European theatre, heritage and culture.

What opinion do you have for platforms of this sort that give recognition to the local films?

A film is a way to reflect emotions. It is beautiful to see that emotion is universal and these festivals enable that. Stories from every corner of the world reach a wider audience and touch more lives. It is wonderful!

# Discovering hidden gems

CYRUS SAHUKAR is back to unfold unexplored cultures of India with Discovery's *Lost Essence S2* 

with its season two and is all geared up to showcase the unexplored gems of India that are tucked away in the remotest corners of the country. The new season that premiered on November 30 inspired conversations, captured imagination, and created awareness about these unexplored locations of India like the rugged valleys and mountains of Ladakh and Turtuk covering North and roaring beauty of Shillong, Meghalaya and Manipur covering Northeast regions of India, whilst taking one through a

journey like never before. Hosted by a man of numerous talents, who is also a travel enthusiast, Cyrus Sahukar will be unfolding hidden facts about unexplored cultures and locations to bring the country's lost essence to life. With roads that are not well-trodden, the anchor also encountered unmatched thrill and adventure, as he experienced the authentic mouthwatering North East cuisines,

After the success of Lost learnt of old and rich culture of these places and met some interesting people as he made his way to the destination.

Sharing his experience on the show, Sahukar said, "This show has given me an experience of a lifetime. While the picturesque terrains, culture and food etched a place in my heart, this journey has thoroughly satisfied my inner travel enthusiast. I am thrilled by the fact that the world will now know more about these magical hidden gems that are travel friendly and were tucked away in the remote parts of the country. These places are sure to top the viewers' travel list as the show uncovers the best kept secrets of India."

Shaun Nanjappa, head of advertising sales, South Asia, Discovery Inc, shared, "India is one of the world's largest, oldest and richest civilizations and is known for its abundant heritage. It is home to so much more than one has explored or aims to explore. This show is sure to inspire conversations on so many levels whilst the viewers discover the undiscovered."

#### Give people reason to join you The advent of start-up culture has

redefined the way industries function. Traditionally, the corporate industry revolved around money. However, start-ups have recreated the culture to join a company for reasons other than money. Some people find start-up organisations more flexible while others get space to innovate and think creatively. Start-ups must focus on building positive company culture with great team spirit. It helps employees recognise the company's people-centric culture that will help them grow. For instance, startups can create purpose-driven non-financial incentive programs to promote learning and rewarding employees.

### Showcasing business impact

It is imperative to understand that not all employees work only for money. They have become mission-driven and passionate about accomplishing their professional goals. This category of employees makes a greater contribution to the company's overall business performance. Furthermore, startup teams are usually small, thus, the company can take due advantage of recognising and appreciating their employees to boost their motivation. It becomes vital in aligning them with business goals and make them a part of the development process to impact the consumers' life make a robust strategy to innovate the talent development

### **Summing up**

Start-ups have a higher degree of accountability than larger organisations. It is considered a learning ground for beginners and a battlefield for experienced employees. However, retention and attribution need to be viewed differently and a precise focus must be kept on innovating the talent development

#### Ckincare has always had a special Splace in everybody's life. Some people can get away by only using moisturiser and sunscreen daily while others follow a full-fledged regimen. Skincare becomes a requisite thing when some special days are just about to next door. These can be your first date day, your anniversary night or the most special wedding day. It can be anything.

Then just using a moisturiser, cream or even only sunscreen can't serve the purpose. You need to follow a proper am to pm skincare routine that could give you a glowing, brighter, flawless and spotless face.

So, what are you waiting for? Here is the full bloom skincare routine for your special days. It look through this important skincare timetable that you can also do on normal days:

### AM SKINCARE ROUTINE

### ♦Start your day with a glass

Your AM skincare routine starts in the early morning and it is not about cleansing your face. The first thing you need to do in your morning skincare regimen is to drink warm/lukewarm water on an empty stomach, about one hour before eating anything. You can add some lemon drops or honey to it.

This ritual will help to detox your blood and eventually your skin. This provides your skin with a natural glow and radiance from within. You can't get results in one day or a week. Start doing this routine at least before a month of your wedding.

#### **♦**Use a mild cleanser to clean the face

Don't go for harsh soaps or sulphate or chemical-based cleansers before your wedding. Such products can harm your skin, lead to dryness or some kind of sensitivity. Opt for a mild cleansing lotion.

Give your skin the dose of hydrating serum Serums are very good for

#### **♦**Must add moisturiser into your daily routine

Many of us think that only applying sunscreen or serum is enough and our skin needs no moisturiser. But this is not the case. even when your skin type is oily.

A moisturiser acts to cover your skin and prevent transepidermal water loss. For people with oily skin, a mattifying moisturiser helps to keep skin oil-free and mattify along with keeping skin hydrated. So, don't skip this step, although do some search and find a proper moisturiser as per your

#### \*Go for under eye cream gel Afterwards, apply an under-

eye cream gel to give your eyes some beauty treatment. A good under eye cream-gel will not only help to tackle dark circles but also provides your under-eye skin with the needed relaxation and a renewed life.

#### ♦Pamper your skin on alternate days

Now take any natural face mask made of fuller's earth, gram flour or oatmeal. Apply this on every alternative day before sleeping. It will bring a different kind of sun-kissed glow to your face.

#### \*Give your skin the muchneeded treatment

Now decide what your skin needs the most. Are the dark spots your concern or ageing signs? Else, you only need to give a hydrating touch to your face. Accordingly end your pm skincare routine with brightening cream, anti-ageing cream or just a good hydrating moisturiser.

Apply these simple am and pm skincare rituals into your daily life and gift yourself the natural illuminating skin.

### MANOJ BAYPAYEE PRAISES IFFI

Stating that he believed the International Film Festival of India was a great vehicle to encourage India's next generation of filmmakers, actor MANOJ BAJPAYEE said that he believed the country could be a great force in entertainment.

Speaking at the closing ceremony of the 52nd edition of IFFI here, Bajpayee said, "I personally believe that the IFFI, organised by the government of India is a great vehicle to instigate and encourage new filmmakers and the coming generation of filmmakers. A country of such a huge population can be a great force in

# **CLOONEY ON HIS** 2018 ACCIDENT

Actor GEORGE CLOONEY thought he would die in his 2018 motorbike crash. He was frustrated that people stopped to film him on the ground instead of helping.

Clooney shared, "If you're in the public eye, what you realise when you feel it's the last minute of your life is that, for some people, it's just going to be entertainment for their Facebook page."

"I'm a pretty positive guy, but that told me – clearly – that you really are here just for their entertainment," he added.

# We are getting best possible preparation for World Cup: Mithali

PTI ■ NEW DELHI

India are scheduled to play only one series before the Women's World Cup early next year but ODI skipper Mithali Raj feels the team is getting the best preparation possible ahead of the mega event.

In the last nine months, India hosted South Africa before playing a three-match series in England and Australia. They lost all three series but made the mighty Australia work really hard for it and also ended their 26-match winning streak in the third ODI Down Under.

India will play World Cup hosts New Zealand before the ICC event in March-April.

"We have played three best teams since March and it has given us good preparation. Players have played domestic

cricket and also in the Women's Big Bash so they are getting game time which is the most important thing.

"We are getting to play in New Zealand before World Cup which is also good," said Mithali after a partnership between KFC and Indian Deaf Cricket Association was announced here

India, who were unable to post 250 plus scores, did that twice in the Australia series and chased down 265 in the final

Middle-order batting "Every match will be different needs improvement but Mithali there. The quicker we read our as a unit if they are to win the us," she added. World Cup.

"We bat as a unit so you can't pinpoint one area. There are times when top order failed and the others performed. As a unit if we look to post a good total then it will help. If we focus on one area like middle order then it becomes too much of a burden for that particular slot."

# 'Golden Boy' Neeraj Chopra to launch PM's mission

New Delhi: Tokyo Olympics gold medallist Neeraj Chopra will visit Sanskardham School in Ahmedabad on December 4 and launch Prime Minister Narendra Modi's mission to spread awareness about balanced diet, fitness and sports.

During his meeting with Tokyo Olympians at his residence on August 16, Modi had urged India's Olympians and Paralympians to visit 75 schools each by the 2023 Independence Day and spread awareness against malnutrition and also play a sport with schoolchildren. On Wednesday, Sports Minister Anurag Thakur tweeted to say that javelin thrower Chopra will set in motion the PM's mission.

"PM Sh @narendramodi ji gave a clarion call to our Olympians & Paralympians to visit schools and interact with students on the importance of 'santulit aahaar', fitness, sports

# France enter Junior Hockey WC semifinals

Six-time champions Germany, Argentina,

**PTI** BHUBANESWAR

Six-time champions Germany and Argentina earned hard-fought wins over Spain and Netherlands respectively, while France cruised past Malaysia to enter the semifinals of the FIH Junior Men's Hockey World Cup here on Wednesday.

In the first quarterfinal of the day, Germany eked out a narrow 3-1 win over Spain in shoot-out after both the teams were locked at 2-2 in regulation time, before Argentina beat Netherlands 2-1.

In the third quarterfinal, the tournament's surprise package France beat Malaysia 4-0. Germany took the lead from a penalty stroke through

Christopher Kutter in the fifth minute but the lead was shortlived as Ignacio Abajo equalised for Spain from a penalty corner six minutes

Smith, Michel Struthoff and Hannes Muller found the back of the net, while Matteo Poljaric missed.
