Biz community protests attack on traders

PNS ■ JAMSHEDPUR

In protest against the rising cases of attacks on the traders a delegation of Singhbhum Chamber of Commerce and Industry (SCCI) met the senior super-

intendent of police M Tamil Vanan and sought safety for the members of the community. The traders' body also expressed concern over the deteriorating law and order situation in the steel city.

Led by the SCCI senior

functionary Suresh Sonthalia met the senior SP and pointed out that despite claims by the district police for beefing up the policing in and around the city, the traders community continued to fall victim to the criminals.

On Sunday alone criminals recently entered the establishment office of Singhbhum Chamber of Commerce and Industries secretary Savarmal Sharma on Ramtekari Road in Jugsalai police station area. Criminals took employee Bajrang Lal Sharma hostage and looted Rs.9 lakh 83 thousand. On protesting, employee Bajrang Lal Sharma was attacked and injured. The

incident took place at 6.45 pm on Sunday. Even 24 hours after the incident, the police have not been able to nab the culprits.

Sharma has a company named Kamsa Steel Industries in Adityapur. The office is located in Jugsalai Ramtekari Road. Sharma was sitting in the office on Sunday evening. Two criminals entered and locked the door from inside.

पेशाकर से संबंधित प्रेस-विज्ञप्ति

एतद् द्वारा सर्वसाधारण को सूचित किया जाता है कि झारखण्ड सरकार द्वारा “झारखण्ड वृत्तियों, व्यापारों, आजीविकाओं और रोजगारों पर कर अधिनियम, 2011” (JHARKHAND TAX ON PROFESSIONS, TRADES, CALLINGS AND EMPLOYMENTS ACT, 2011) (संक्षेप में पेशाकर / JPT/PT) दिनांक 30 जनवरी, 2012 से झारखण्ड में प्रवृत्त है। सर्वसाधारण की जानकारी के लिए झारखण्ड सरकार, वाणिज्य-कर विभाग की आधिकारिक वेबसाइट <https://ctax.Jharkhand.gov.in/> पर यह अधिनियम, संबंधित नियमावली एवं New JPT Registration User Manual Through Single Window System From 1st October 2020 Upload किया हुआ है, जिसका अवलोकन किया जा सकता है। विभागीय अधिसूचना संख्या 31 दिनांक-19.06.2020 द्वारा अधिनियम की अनुसूची में संशोधन करते हुए, दिनांक-01.07.2017 के प्रभाव से GST के अन्तर्गत ‘निबंधित अथवा निबंधन योग्य’ तथा ‘अनिबंधित अथवा निबंधन योग्य नहीं’ परन्तु जिनका वार्षिक सकल आवर्त (सलाना बिक्री) रू० 5 लाख से अधिक है को भी पेशाकर के भुगतान के दायरे में लाया गया है।

Sl. No.	Annual Gross Turn Over	Rate of Jharkhand Professional Tax per Annum (Prof. Tax)	JPT is Quarterly Payable. Quarterly Amount is:
1	Upto Rs. 5,00,000.00	Nil	Nil
2	Range from Rs. 5,00,000.00 to Rs. 10,00,000.00	1,000.00/Per Annum	250.00
3	Range from Rs. 10,00,001.00 to Rs. 25,00,000.00	1,500.00/Per Annum	375.00
4	Range from Rs. 25,00,001.00 to Rs. 40,00,000.00	2,000.00/Per Annum	500.00
5	Above Rs. 40,00,000.00	2500.00/Per Annum	625.00

साथ ही, उपरोक्त विभागीय वेबसाइट में भी संशोधन करते हुए दिनांक-01.10.2020 से पेशाकर से संबंधित निबंधन, भुगतान एवं रिटर्न फाइलिंग की प्रक्रिया को और आसान बनाया गया है। इस हेतु पहले से पेशाकर में निबंधित करदाताओं को नए सिस्टम में रैपिंग कर माइग्रेट कर पेशाकर का भुगतान करना है तथा नए करदाताओं को निबंधन लेकर देय बकाया पेशाकर का भुगतान करना है। Form JPT 01 में Registration और /या Enrollment हेतु आवेदन दाखिल करना है, जिसका कुछ ही मिनटों में Auto Approval होते ही, पेशाकर की देय राशि का ऑनलाईन भुगतान किया जा सकता है। Payment Receipt के आधार पर रिटर्न Auto Generate होता है।

इस अधिनियम के अन्तर्गत जिन व्यक्तियों, व्यवसायियों, नियोक्ताओं आदि की कर भुगतान की देयता बनती है, वे समयय निबंधन प्राप्त कर, देय कर का समयय भुगतान करना सुनिश्चित करेंगे। समयय निबंधन प्राप्त न कर, भुगतान नहीं किए जाने की स्थिति में इस अधिनियम के प्रावधानों के अन्तर्गत शास्त्रित व ब्याज आरोपण करने का प्रावधान है। तिमाही समाप्त होने के बाद पन्द्रहवें दिन तक, समयय भुगतान करने पर ब्याज नहीं लगता है। उसके बाद, 2 प्रतिशत प्रति कैलेंडर माह की दर से ब्याज की देयता होती है। आवेदन करने में विलम्ब करने पर निबंधन में रू० 5.00 प्रतिदिन की दर से और इनरॉलमेंट में रू० 20.00 प्रतिदिन की दर से पेनाल्टी का भी प्रावधान है।

अतएव इस अधिनियम के अन्तर्गत कर भुगतान के भागी सभी व्यक्तियों, व्यवसायियों, नियोक्ताओं व स्वरोजगार से जुड़े व्यक्तियों आदि को सूचित किया जाता है कि अधिनियम के प्रभावी तिथि दिनांक 30.01.2012 से अथवा यदि इसके बाद करदेयता /व्यवसाय आरम्भ हुआ है तो करदेयता /व्यवसाय-आरंभ तिथि के प्रभाव से, ऑनलाईन निबंधन प्राप्त कर, अद्यतन अवधि तक के सभी देय पेशाकर का पूर्ण भुगतान करना सुनिश्चित करें।

इस निमित्त, दिनांक-06.12.2021 से 15.12.2021 तक, कार्यावधि 10:00 बजे पूर्वाह्न से 05:00 बजे अपराह्न तक नए, वाणिज्य-कर कार्यालय, पूर्वी अंचल, राँची में JPT Registration व Enrollment हेतु Facilitation Centre कार्यरत रहेगा। पेशाकर निबंधन/ इनरॉलमेंट के योग्य व्यक्ति अपने पासपोर्ट साइज कलर फोटो, बैंककार्ड, अद्यतन बिजली बिल (Address Proof), ईमेल आईडी व मोबाईल नंबर के साथ इस Facilitation Centre में उपस्थित होकर अपना पेशाकर निबंधन/ इनरॉलमेंट आवेदन कवाकफ निबंधन प्राप्त कर सकते हैं।

किसी भी संशय की स्थिति में अधोहस्ताक्षरी से अथवा इस कार्य हेतु नामित नोडल पदाधिकारी पूर्वी अंचल, राँची से सम्पर्क कर जानकारी प्राप्त की जा सकती है।

PNS ■ NEW DELHI

The agitating farmers' groups will meet on Wednesday to take a final call whether to end their protests after they reportedly received a positive response from the Government on meeting their demands.

In a meeting held at Singhu border on Tuesday, farmer leaders expressed their satisfaction over the Centre's move to resolve the standoff, but some wanted more clarity on the issues raised by them and sought clarification from the Government.

After the meeting, farmers' leader Balbir Singh Rajewal said they will hold another meeting at 2 pm on Wednesday. He said several farmers have sought certain clarifications, including on the precondition set for withdrawal of "fake" cases against farmers.

"The Government sent a proposal, it was discussed and presented before all members under the aegis of the Samyukta Kisan Morcha (SKM) and sent it to the

Government with our reservations", Rajewal said.

Farmer leaders added that there is a general consensus among the SKM leaders on the written assurance they have received from the Government. "The Morcha will seek further clarifications on a few points of the Government's proposal, and will reconvene at 2 pm on Wednesday for further discussion. The Morcha hopes for a positive response from the Government," said the SKM in a statement.

Last week Union Home Minister Amit Shah spoke to two farmer leaders (via a phone call) to discuss outstanding issues; this was after their protests forced the recall of the farm laws.

The Centre has conveyed to farmer unions that the proposed committee on the min-

imum support price (MSP) will have representations from the SKM, Government officials, and representatives of States. Besides, the Government has agreed to drop all police cases against farmers — this includes stubble burning complains and cases filed by Haryana and Uttar Pradesh Police after withdrawal of protests.

On the Government proposal to set up a committee on MSP, Rajewal said that farmers had objections to it. "We do not want other committees. We have demanded the Government give a clarification in this regard."

On the withdrawal of cases against farmers, Rajewal said, "We are also against the condition set by the Government that farm unions should lift the protest for the withdrawal of fake cases against farmers. We

won't accept any such precondition."

Farmers groups earlier formed a five-member committee of Balbir Singh Rajewal, Shiv Kumar Kakka, Gurnam Singh Charuni, Yudhvir Singh and Ashok Dhawale to hold talks with the Centre and State Governments on their demands.

After the announcement of repealing three contentious farm laws, the SKM had written to the Prime Minister on November 21 and placed six demands.

The demands are: Legal guarantee of MSP for all produce based on C2+50% formula; withdrawal of draft Electricity Amendment Bill, 2020/2021; removal of the penal provisions on farmers in the Commission for Air Quality Management in the National Capital Region and Adjoining Areas Act 2021; withdrawal of false cases registered against the farmers over the course of the ongoing movement; dismissal and arrest of Union Minister of State Ajay Mishra Teni in connection with the Lakhimpur Kheri incident; compensation and rehabilitation to the families of the who died during the farm movement; and allocation of land for a memorial to them at Singhu.

Lal topiwalas like red

in Gorakhpur

PNS ■ GORAKHPUR

Without naming the Samajwadi Party chief, Prime Minister Narendra Modi on Tuesday unleashed a sharp attack on Akhilesh Yadav warning people against "lal topiwala". The SP chief always dons red cap during his political campaigns.

The PM was addressing a rally in Chief Minister Yogi Adityanath's home turf Gorakhpur ahead of the Assembly elections in the State.

Modi inaugurated three mega projects, including an AIIMS and the fertiliser plant, in Gorakhpur.

Taking a jibe at Akhilesh and his party men, Modi said the people of UP are aware that "lal topiwalas are only interested in cars flashing red beacons".

Questioning the ideological commitment of BJP's political rivals, Modi said "lal topiwalas" discarded the ideologies of Ram Manohar Lohia and Jai

Prakash Narayan long back.

"They are not bothered about the problems of common people. Lal topiwalas want power so that they can indulge in scams, load their safes with cash and valuables, carry out illegal encroachments and allow the mafia to have a free run," Modi said

"Please remember that lal topiwalas are like red alert for UP — they are like the ringing of danger bells," the PM said amid loud cheers from the

crowd.

Modi said before 2014, the country was known for importing urea, and the shortage of fertilisers used to make headlines, but the situation has improved now.

Modi said his Government stopped misuse of urea, and issued soil health cards to farmers so that they know which type of fertiliser is needed. The PM said his Government also took steps to hike urea production by reviv-

ing closed fertiliser plants.

He said the amount of sugarcane dues paid by the Yogi Government in four and a half years is more than the total sum paid by the previous Governments in the State in 10 years.

The other project he inaugurated is a Regional Medical Research Centre of the Indian Council of Medical Research (ICMR). The three big-ticket projects are worth over ₹9,600 crore.

VIRENDRA NATH BHATT ■ LUCKNOW

Samajwadi Party chief Akhilesh Yadav and Jayant Chowdhary of the Rashtriya Lok Dal (RLD) formally announced their alliance for Uttar Pradesh Assembly elections 2022 at a joint rally in Meerut district on Tuesday.

Akhilesh and Jayant arrived for the rally, dubbed "Parivartan Sandesh" in the Dabathua area of Meerut district, in the same helicopter.

Addressing the gathering, Akhilesh said if the alliance comes to power after next year elections, the first work will be to build a memorial for "martyrs" of the farmers' protest. He attacked the ruling BJP saying the "2022 election will see the eclipse of the BJP from western UP, as the ruling party has

practiced the politics of lying with the people and politics of polarisation".

Akhilesh remembered Chaudhury Charan Singh, Baba Saheb Ambedkar, Lohia, and farmers leader Mahendra Singh Tikait and highlighted their contribution to making an egalitarian society.

"Now, the BJP will be wiped out from the State. This time there would be the sunset of the BJP forever in West Uttar Pradesh," he said.

"Kisano ka inquilab hoga, 2022 me badlav hoga (there will be a revolution by farmers and change in 2022)," Akhilesh said.

CM inaugurates, lays foundation of 1,296 schemes in Sahebganj

Participates in
'Apke Adhikar,
Apki Sarkar, Apke
Dwar' programme

PNS ■ RANCHI

Chief Minister Hemant Soren on Tuesday inaugurated and laid the foundation stone of 1296 schemes in Sahebganj. These include the foundation stone laying of 1289 schemes and the inauguration of seven schemes. In this, out of the total schemes to be laid, 1262 schemes are related to Jal Jeevan Mission. Apart from this, along with distributing assets among the beneficiaries of various welfare schemes, the CM gave appointment letters to the newly selected personnel.

Addressing people during 'Apke Adhikar, Apki Sarkar, Apke Dwar' programme organized at Bhagnani Sida Kanhu's birthplace Bhognadih in Barhet Block of Sahebganj district the CM said asked people to make

every household, every person a part of the government. "This is our resolve. For this purpose, Apke Adhikar, Apki Sarkar, Apke Dwar', programmes are being run at your doorstep. Under this programme, information is being given about the public welfare schemes being run by the government by organising camps in all the panchayats. People's problems are being solved and they are being linked with development plans. Earlier, as far as the eyes of the government could not reach, even in those remote villages, the last person of the society is getting the benefit of welfare schemes," he said.

The CM said that every person of the State should have a smile on his face. "Everyone should be respected. Every young man should stand on his own feet. Girls and women should be independent and strong. With this resolve, many schemes of the government are going on. We are happy that people are taking advantage of the government schemes by joining them," he added.

Soren said that the process of recruitment on a large scale is going on. At the same time, schemes like Chief Minister Employment Generation Scheme have been started to promote self-employment. Through this scheme, up to Rs 25 lakh is being made available on subsidy to young entrepreneurs, so that they can give employment to themselves as well as others.

The Palash brand is being made a business model to provide market to the products manufactured by Sakhi

Mandals. Under this, instructions have been given to buy the products of Sakhi Mandals in the subordinate departments of the government. He asked the villagers to engage in traditional activities like fisheries, poultry, cow and pig farming. The government will extend all possible cooperation. On this occasion, he apprised the people about other schemes including Phoolo Jhano Ashirwad Yojana, Universal Pension Scheme, Mukhyamantri Kanyadan Yojana and Mukhyamantri

Sukanya Yojana and its benefits.

The Chief Minister said that the government has taken a pledge for all-round development of Santhal Pargana area. The construction of Grid Sub Station at Barhait is going on in full swing. With its commissioning, there will be uninterrupted power supply in this area.

The CM laid the foundation stone of Phoolo Jhano Smriti Van to be built on the banks of river Gumani. The statue of Phoolo Jhano will be installed here. At the same time, this place will also be developed as a tourist destination. He inaugurated art gallery related to Veer Shaheed Sido, Kanhu, Chand, Bhairav and Phoolo-Jhano. He also launched Krida Kisanaya Football Training Centre to promote sports at Bhognadih.

Principal Secretary to Chief Minister Rajiv Arun Ekka and Deputy Commissioner of Sahibganj district, Superintendent of Police and other officials were present on the occasion.

Group clash at Silagain over construction of Eklavya Vidyalaya

ADMINISTRATION HAD ORGANISED A GRAM SABHA SEEKING PEOPLE'S FEEDBACK

PNS ■ RANCHI

The construction of Eklavya Vidyalaya at Silagain village of Chanho block of Ranchi district has led to tense faceoff between two tribal groups, which flared up on Tuesday with both groups attacking each other. More than two dozen people including some cops were injured in the melee. The incident occurred when the district administration had called a gram sabha, seeking opinion of local people on the construction of Eklavya Vidyalaya at the Silagain village, which is also the birthplace of tribal icon and freedom fighter Veer Budhu Bhagat.

According to police sources, the district administration had called a gram sabha at Silagain seeking feedback of

local residents on construction of Eklavya Vidyalaya. Senior administrative officers including SDO, Rural SP, COs of different blocks and police officers of different police stations were at the spot. Residents from nearby villages had gathered at the spot, however, those opposing the construction of school outnumbered those in favour of school.

A senior police officer requesting anonymity said, "As residents, who were opposing the construction of school were in large numbers than those who were in favour of school, the group opposing it attacked another group. Soon, a group clash occurred between two groups. The two groups attacked each other with bricks, stones and other weapons. The group opposing the construction of the school was demanding shifting of school at other places as they claimed that Silagain is birthplace of tribal icon leader Veer Budhu Bhagat."

The police also had to use batons to control the situation.

Two tribal groups of Silagain village clash with each other over construction of Eklavya Vidyalaya at Silagain, Chanho block in Ranchi on Tuesday

In this, about two dozen people were injured from both sides. More than five police personnel also sustained injuries. Ranchi Rural SP Naushad Alam said, "The situation is under control but there is a tense situation. As a precautionary measure, more than 100 personnel of 10 police stations have been deployed in

the area." Sources said that the Tuesday incident is seen as fall-out of district administration to control the situation. The spot where gram sabha was organized was barricaded with entry of outsiders restricted, but the villagers reached the spot creating a scene.

A fortnight back, a group of people protesting against the

construction of a school at Silagain had demolished the boundary wall and also set on fire three mixture machines and turned two water tankers. The district administration had lodged FIRs against 32 persons in connection with demolition of the boundary wall of the upcoming Eklavya Vidyalaya at Silagain. The protestors were

booked for destroying government property and creating obstruction in discharging duty of government employees.

Sources said that tribals are protesting against coming up of school at Silagain as the village is associated with one of the tribal icons Veer Budhu Bhagat. There are several religious places such as Sarna Sthal which are associated with tribal freedom fighters.

The local tribals fear that coming up of school will encroach these religious places. Budhu Bhagat was a tribal freedom fighter born on February 17, 1792. He led guerrilla warfare against the British. Meanwhile, Union Tribal Minister Arjun Munda has already expressed his resentment over the fresh incident. He had said that work is being done at a fast pace in other states, but the cooperation of the Jharkhand government is not being received in the State. Obstacles are being put in the way of opening Eklavya School in Jharkhand.

Deoghar DC's removal unjustified: JMM

PNS ■ RANCHI

Ruling party in the State, Riharkhand Mukti Morcha (JMM) on Monday expressed displeasure with the Election Commission India (ECI) on the issue of removal of Deoghar Deputy Commissioner, Manjunath Bhajantri. The party termed it as unjustified and interference in the jurisdiction of the State Government.

Addressing a press meet at the party headquarter in the State Capital JMM General Secretary, Supriyo Bhattacharya said that DC and SDO have an important role as District Election Officer and he termed the Election commission's decision as unjustified and interference in the jurisdiction of the State government.

"The Commission has issued a letter to the Chief Secretary on December 6, asking to remove the DC. The MP has expressed displeasure over the wrongly done FIR in the Nishikant Dubey case. During the Madhupur bye-election, Deoghar DC had complained to the commission that Dubey was trying to create confusion among the people creating tension," said Bhattacharya.

The party General Secretary said that instead the DC was removed from election work for 4-5 days. "After the

JMM General Secretary Supriyo Bhattacharya addresses media persons at the party office in Ranchi on Tuesday

removal of the Code of Conduct after the election, Bhajantri was again given the responsibility of Deoghar DC. Now the commission is asking to remove the FIR registered against the MP on the basis of it. It is unconstitutional. Such examples should not come up again," he added.

Bhattacharya said that the commission is engaged in unnecessary interference in the affairs of the State like the Central Government. "It seems to be working as a leading institution of the BJP. This has to be avoided. The State Government has the Constitutional right to see which officer will get what responsibility in the State, where it will be found. In such a situation, the commission will have to take care of its image and boundaries. Late filing of

FIR is not an issue," he added. "Every child knows that crime never dies. In the Raghuram Government, in the Rajya Sabha elections, the then police officer Anurag Gupta had committed an unconstitutional act, due to which a case was filed. The court will decide whether to register an FIR or not. Not the commission. The court also has the right to give a decision in any case," said Bhattacharya.

The Party General Secretary said that under the 10th schedule, the commission had agreed to the merger of Babulal Marandi's party with the BJP. "In fact it is the prerogative of the Assembly. In such a situation, it may be that the commission itself should decide which scheme should be run in the State under what name. Dhotei Sari Scheme, Poto Ho Scheme, Birsra Green Village Scheme and other schemes should also be decided by the same," he added.

Solar-based lift irrigation will be implemented across State: Secy

PNS ■ RANCHI

Since the day it took charge, the incumbent government has been envisioning the development of a thriving agriculture-based rural economy. This vision of Chief Minister Hemant Soren was reflected in the budget announced for the financial year 2021-22, where in the government rolled out multiple schemes to boost the agriculture sector in the state. Implementation of renewable energy projects for irrigation proved to be a game-changer for the farmers in Jharkhand. The lift irrigation system was one such initiative. This was primarily targeted at the farmers who cannot afford diesel pumps or other traditional boring systems.

Secretary, Agriculture and Animal Husbandry Abu Baqr Siddiqui visited Simdega district on Tuesday to take part in Kisan Samvad Karyakram. During his visit, he interacted with the farmers present there and received their feedback on different solar lift irrigation projects being implemented there. During the interaction, farmers reflected on their experiences of using solar lift irrigation systems for farming and advantages.

Also, they thanked the administration for implementing such an innovative project. During the event, farmers informed him that earlier they were majorly active during monsoons. Fields would be greener during the paddy season. During the remaining part of the year, witnessing

State Agriculture Secretary Abu Baqr Siddiqui along with others during a visit to solar power based lift irrigation system in Simdega district of Jharkhand on Tuesday

activities in farm fields was a rare sight. They were unable to produce any other crop apart from paddy due to the lack of an irrigation facility. With the help of a solar-based lift irrigation system, we have started cultivating two to three crops in a year. Our income has increased many folds.

After listening to the experiences of farmers, Secretary Abu Baqr Siddiqui said that the incumbent government is committed to the welfare of farmers and multiple schemes are being rolled out in this regard.

He said, "Utilising renewable energy projects for irrigation will help in creating a thriving agro-based economy. Looking at projects implemented by the Simdega district administration and listening to farmers' experiences solar-based lift irrigation can be a game-changer for farmers across the state. And, soon we will implement this project across the state."

In Simdega, a solar-based

lift irrigation system has been developed across multiple parts of the district. Solar-based lift irrigation system is providing irrigation facilities to thousands of farmers and transforming the lives of poor farmers. More than 250 solar-based irrigation schemes have been implemented across different parts of the district, out of this, more than 175 schemes have been taken for solar-lift irrigation. One solar lift irrigation system can be used for irrigating 10 acres of land.

Simdega is one of the most backward districts of Jharkhand. Farmers had to work during monsoons and during the remaining part of the year, they would migrate to other parts of the state or the country in search of livelihood. With the installation of a modern renewable energy-based irrigation system, the migration rate in the district has also reduced. They are now participating in a different kind of vegetable production as well.

Dr Sarangi writes to CM for Rail line

PNS ■ RANCHI

Former Health Minister of State Dr Dinesh Sarangi has written to Chief Minister Hemant Soren demanding swift action on the Budamara-Chakulia Railway line project. Referring to a letter of Navin Patanaik, CM of Odisha, to Prime Minister Narendra Modi for Construction of Budamara-Chakulia Railway line in this year, Dr Sarangi has stated that Patnaik has given consent to provide land free of cost out of the 55 kilometer Railway line 38 km in Jharkhand and 17 Km

in Odisha.

"Railway Minister, Aswani Vaishnav has informed the Rajya Sabha about keenness to implement this Project. The Railway Ministry is reported to be in contact with both the state governments for land and forest clearances. I would like to remind you about my meeting with you on this matter and my subsequent dharana before the Jharkhand Assembly on 3rd September last. I was assured by the Parliamentary affairs minister Alamgir Alam about the positive step to be taken by the State Government," stated

Dr Sarangi.

"If constructed, the Railway line will strengthen the social, Cultural and commercial relation between the states and it will reduce distance

between the mining and industrial belt of Jharkhand and Kirtania, Dhamra and Paradip Port in Odisha. It will also provide railways to Baharagora and Gudabanda and East Singhbhum, Jharkhand. This project proposal was unanimously passed by the Jharkhand Assembly once during Madhu Koda's tenure and again during Ragubir Das' tenure and was sent to the Center. I hope and trust I will take immediate action to give the consent about this to the Government of India," said the senior leader.

Tri-Services’ tactical drill held in Kashmir

To validate joint capability to insert troops behind enemy lines

PNS ■ JAMMU

Battle hardened troops of the Indian armed forces led by Air Force Gladiators squadron AH-64 E Tuesday conducted a tri-services tactical drill in the higher reaches of Kashmir valley demonstrating their capabilities to insert troops behind the enemy lines in an intense air defense and electronic warfare operating environment. The complete drill was planned and executed by the Chinar Corps in the higher reaches of Kashmir Valley. Top brass of the Chinar corps witnessed the complete drill as it showcased their capabilities to

carry out successful operations in high altitude areas incorporating all facets of cobtemporay and modern battlefields in synergy with Indian Air Force and Indian Navy.

Srinagar based Defence Spokesman Col Emron Musavi in a statement said, "the heli dropped task force operated in snow-clad regions at heights over 9000 feet. The Heli Borne task force included troops from Infantry, The Special Forces and the MARCOS from the Indian Navy.

The heli drop exercise included full transportation and armed helicopters from Indian Army and Indian Air Force including the Apaches attack helicopters. Aspects related to electronic warfare were also validated".

Col Musavi said, "this was a tri-service exercise undertaken in Kashmir with the Indian Air Force, Navy &

Army. The exercise was planned to validate the joint capability to insert the task force tactically behind enemy lines in an intense air defence and electronic warfare operating environment".

"The successful conduct of the mission validated the true spirit of jointness achieved in planning, utilization of resources and accomplishment of laid down mission objectives as a true reflection of the tri-service ethos of the Indian Armed forces" added Col Musavi.

Earlier, a similar drill was conducted by the Indian army along the Line of Actual Control (LAC) in Ladakh to practise airborne landing to hone its rapid response capabilities.

The drill was conducted to familiarise the troops with the rugged area and harsh winters in the cold desert region.

Sasikala calls on Rajinikanth

Shunted ADMK Gen Secy says wanted to check on actor’s health

PNS ■ KUMAR CHELLAPPAN

Tamil filmdom’s reigning superstar Rajinikanth and his wife Latha had a surprise visitor on Tuesday. V K Sasikala, who claims herself to be the general secretary of the AIADMK, dropped in at the house of Rajinikanth in Chennai’s Poes Garden.

A statement released by Sasikala said that she called on Rajinikanth to enquire about his health and it was a courtesy visit. This is Sasikala’s first visit to Poes Garden since she returned to Chennai after serving a four year jail term in Bangalore in connection with the Disproportionate Asset Case. She was staying earlier in Veda Nilayam, the private bungalow owned by late Jayalalithaa, in Poes Garden and

Rajinikanth was a neighbour.

Veda Nilayam was taken over by the Tamil Nadu Government during the tenure of Edappadi Palaniswamy as chief minister with the announcement that it would be converted into a memorial for Jayalalithaa. But the Madras High Court in a verdict delivered last month had quashed the government decision and ordered the transfer of the

palatial house to Deepa and Deepak, niece and nephew of late Jayalalithaa. The former chief minister died intestate and various courts in the State are hearing petitions filed by her relations pleading with the courts to declare them as her legal heirs.

Sasikala’s visit to Rajinikanth is seen as a move by her to win friends and influence people, according to

Kolahala Srenivaas. “On Monday, the AIADMK announced that O Panneerselvam and Edappadi Palaniswamy have been elected as the coordinator and joint coordinator respectively of the party, shutting the doors once and for ever at Sasikala,” said Srenivaas, chief editor of Kolahala TV.

“Sasikala is a closed chapter as far as the AIADMK is concerned. We do not have anything to do with her,” said former minister D Jayakumar immediately after the announcement of the election of OPS and EPS duo as the leaders of the party. There are reports that some of the senior leaders in the AIADMK had demanded during the meeting held on Monday that Sasikala should be brought back to the party. Though Sasikala claims herself to be the AIADMK general secretary, she has not been allowed anywhere near the party headquarters making her the only party chief in the country who does not have an office of her own.

Lok Sabha debates High Court, Supreme Court Judges Bill

PNS ■ NEW DELHI

With the Chair reminding some MPs not to speak on specific cases in the judiciary, the Lok Sabha on Tuesday debated High Court and Supreme Court Judges (Salaries and Conditions of Service) Amendment Bill, 2021.

Initiating the debate, Congress MP Shashi Tharoor referred to the delay in disposal of cases and the manner in which bills were given in certain cases. Tharoor said a large number of Habeas Corpus petitions are pending before the Jammu & Kashmir High Court. He pointed out that according to the law, the cases of Habeas Corpus have to be disposed of in 15 days whereas some courts are taking as long as 252.5 days on average.

In contrast, Tharoor said, "Many commentators have contrasted with the urgency with which Bombay High Court dealt with a writ of a certain editor of a television channel which claims to deliver news that the nation allegedly wants to know."

Pointing to a case on the constitutional validity of demonetisation, Tharoor said, a three-judge bench ordered constitution of the larger bench which is yet to be constituted. When he mentioned some pending cases including, Bhima Koregaon case and Shrabuddin Sheikh and Ishrat Jahan case, BJP’s Nishkant Dubey raised point of order to which A Raja, who presiding the House, asked Tharoor not to mention cases which are pending before various courts. While introducing the bill for passage, Law Minister Kiren Rijiju said it has a very limited provision and it pertains to a pension of retired judges.

This bill seeks to bring clarity on when Supreme Court and High Court judges are entitled to an additional quantum of pension or family pension on attaining a certain age.

The High Court and Supreme Court Judges (Salaries and Conditions of Service) Amendment Bill, 2021, which was introduced by Rijiju amid din by the opposition over farmers’ issues, proposes to amend the High Court Judges (Salaries and Condition of Service) Act and the Supreme Court Judges (Salaries and Condition of Service) Act.

According to the Bill, in 2009 the two laws were amended to provide that every retired judge or after his death, the family, as the case may be, will be entitled to an additional quantum of pension or family pension. Accordingly, the additional quantum of pension to retired judges of the High Courts and the Supreme Court is being sanctioned on completing the age of 80 years, 85 years, 90 years, 95 years and 100 years, as the case may be.

PM lauds Yogi for development in Uttar Pradesh

Indicates coming UP polls will be contested under CM’s leadership

PNS ■ LUCKNOW

Prime Minister Narendra Modi praised Chief Minister Yogi Adityanath for his hard work and credited him for the development carried out across Uttar Pradesh and in the process enforcing the belief that the next assembly elections in the state will be contested under Yogi’s leadership and he will be the face of the Bharatiya Janata Party’s election campaign.

Addressing a gathering after inaugurating projects worth Rs 10,000 crore in Gorakhpur on Tuesday, Modi said, "The amount of sugarcane dues paid by the Yogi government in four and a half years is more than the total sum paid by the previous governments in the state in 10 years. The Uttar Pradesh government led by Yogi Adityanath has worked relentlessly to benefit cane growers in the state. Consistent efforts have been made in Uttar Pradesh to transform the lives of farmers and double their incomes."

The prime minister further

said that the Yogi government had made efforts to enhance the facilities in the state.

"Earlier, the samples of encephalitis patients in Gorakhpur were sent to Pune for testing and by the time it was confirmed, the patient either had died or was paralysed. Today, we inaugurated the Regional Viral Research Centre in Gorakhpur to test coronavirus, encephalitis, and other diseases," he said.

Modi also lauded the Yogi government for taking up development projects across Uttar Pradesh.

"Beginning of a fertiliser plant and AIIMS in Gorakhpur is sending out several messages. When there is a double engine government, then work takes place at double speed. When work is done with honest intentions, then even calamities can't become obstacles. Besides, government godowns were opened for poor farmers and 15 crore people of UP were provided with free ration. And all this happened due to Yogi ji's good intentions," the prime minister said.

Modi hai to mumkin hai, says Adityanath

PNS ■ LUCKNOW

Thanking Prime Minister Narendra Modi for the launch of developmental projects across the state, Chief Minister Yogi Adityanath said "Modi hai to mumkin hai" and what Gorakhpur is today is only because of Modi ji.

Yogi was in his home turf Gorakhpur to attend the inaugural ceremony of three mega projects worth Rs 10,000 crore on Tuesday. The projects include a fertiliser factory, the All India Institute of Medical Sciences (AIIMS) and a hi-tech laboratory of Indian Council of Medical Research-Regional Medical Research Centre (ICMR-RMRC).

"In 2016, the prime minister had laid the foundation stone of this fertiliser factory in Gorakhpur, which has become functional today. Today's inauguration (of the fertiliser factory) is like a dream come true for the people in eastern Uttar Pradesh which was impossible during the regimes of other parties. Five governments were formed in the state in the last

30 years, but only the Bharatiya Janata Party regime had the courage to start this fertiliser factory in Gorakhpur," he said.

The chief minister maintained that the Gorakhpur fertiliser factory was shut down in 1990 and for the next 24 years, no government showed interest in reviving it.

"In 2016, Prime Minister Narendra Modi laid the foundation stone of the fertiliser plant at Gorakhpur, which will be four times bigger than the earlier plant which was shut down in 1991," he said.

Referring to the declining rate in cases of Japanese Encephalitis and other vector-borne diseases in the region, Yogi said that Gorakhpur was fighting medical issues for the last 40 years and thousands had died because of the negligence of the previous state and Central governments.

"There were deaths due to encephalitis, malaria among others. In 2016, the prime minister laid the foundation stone of this AIIMS which has also been inaugurated on Tuesday," he said.

The chief minister further said, "A chain of medical colleges is getting ready in Uttar Pradesh. At present, there are medical colleges in 59 districts of the state and the process of setting up medical colleges in other districts is also underway. The health infrastructure has been improved considerably."

Lashing out at the previous regimes in the state for neglecting public health, Yogi said that for the last several decades, thousands of deaths occurred every year due to various diseases in eastern UP, but the previous governments did not care about the people's health.

"Everyone was left to their own fate. The facilities of AIIMS will be a boon for the people of eastern UP," he said.

Speaking on the high vaccination coverage in Uttar Pradesh, the chief minister said that the world's largest vaccination campaign was being run under the able guidance of the prime minister and UP had reached the milestone of administering 17 crore vaccine doses on Tuesday.

Bombay HC berates Nawab Malik for contempt of court

T N RAGHUNATHA ■ MUMBAI

The Bombay High Court on Tuesday asked Maharashtra Minister Nawab Malik as to why contempt of court notice should not be issued against him for breaching his own assurance to the court that he would refrain from making statements against Dhyandev Wankhede, father of NCB zonal director Sameer Wankhede, and his family members.

After taking cognisance of a complaint that the minister had breached his assurance to the court, a HC bench of Justices SJ Kathawalla and Milind Jadhav directed Malik to file an affidavit as to why a contempt of court notice should not be issued against him for deliberately breaching his assurance to the court.

The HC bench directed Malik to file an affidavit before the next date of hearing which has been fixed for December 10.

The direction to Malik came after petitioner Dhyandev Wankhede – who has filed a Rs 1.25 crore defamation suit against the NCP leader – brought to the notice of the court that the minister had given interviews during which he allegedly continued with his tirade against the Wankhede family.

It may be recalled that Malik had on November 25 given an undertaking to the high court that he would refrain from making any defamatory statements till the interim application filed in Wankhede's defamation suit was re-heard by a single-judge of the High Court. Bringing to the HC bench's notice of the breach, Wankhede's senior Advocate Birendra Saraf filed an affidavit showing the instances where Malik made defamatory statements after the order of November 25.

24 fresh Covid cases reported in Rajasthan

Jaipur: Twenty-four more people tested positive for coronavirus in Rajasthan, pushing the infection tally to 9,54,944 on Tuesday, according to an official report.

The fresh cases were reported in Jaipur (12); Barmer, Udaipur (three each); Ajmer, Dungarpur (two each); Bikaner and Jhunjhunu (one each), the report stated. On the bright side, 25 people recovered from the infection on Tuesday, taking the recovery count to 9,45,768 in Rajasthan. The state has seen 8,956 deaths linked to the virus so far.

According to the latest report, the number of active novel coronavirus cases stands at 220 in Rajasthan. PTI

Didi links Nagaland killings to BSF excesses

Says BJP usurping States’ power

SAUGAR SENGUPTA ■ KOLKATA

Bengal Chief Minister Mamata Banerjee on Tuesday linked the Central decision to provide extra jurisdiction to the Border Security Forces and Nagaland firing case saying that was how the BJP Government was trying to usurp the powers of the States.

Speaking at an administrative meeting in Karnajora in North Bengal the Chief Minister asked her own bureaucrats at the district level to keep a vigil on the "intrusion" and "activities" of the BSF

that "often perpetrate cruelties on the poor villagers."

Speaking to the senior district officials she said "you all should keep an eye on the BSF's activities in the area ... they often torture the local people which they are not authorized to do ... I am telling particularly the BDOs and the Circle Inspectors to inspect the areas whenever there is an intrusion by the BSF men ... do bring things on record as they are not authorized to act beyond a limit of 15 km."

Slamming the Centre for the Nagaland firing where 14 people died after the security forces fired at them Banerjee said "you all have seen what has happened in Nagaland ... we

cannot allow that to happen in Bengal ... The BSF should seek the permission of the local officials and the police administration before they enter their area as law and order is a State subject and they have no jurisdiction there ... if they try to intrude into the area the local BDO and the IC will immediately visit the area and do inspection."

The Chief Minister is on a three-day administrative tour of parts of North and central Bengal. She is currently visiting South Dinajpur, North Dinajpur and Malda, from where she will travel southwards to Murshidabad and Nadia before reaching back to Kolkata.

BMC denies irregularities in coastal road project as BJP seeks answers on CAG report

T N RAGHUNATHA ■ MUMBAI

Hours after the Opposition BJP demanded answers from the Maharashtra Government and the civic administration over the findings in the latest Comptroller and Auditor General of India (CAG), the Brihanmumbai Municipal Corporation (BMC) on Tuesday dismissed as "baseless and incorrect" all allegations that were irregularities in the prestigious ₹12,700 crore prestigious Mumbai Coastal Road Project.

"All allegations about fraud and irregularities in the Coastal Road Project are baseless. No fraud or irregularities have been committed in the Coastal Road Project undertaken by the BMC. The allegations circulating in this regard are baseless and incorrect," the BMC

stated in a statement issued here on Tuesday evening.

Earlier in the afternoon, senior Mumbai BJP leader Asish Shelar demanded answers from Chief Minister Uddhav Thackeray, State Environment Minister Aaditya Thackeray, Mumbai Municipal Commissioner I S Chahal and the ruling Shiv Sena in the BMC about the alleged irregularities in the implementation of the project. Among other things, Shelar demanded a clarification from the BMC over the CAG finding that Rs 295 crore had been given illegally to contractors and consultants.

The CAG has, among other things, questioned the BMC over a sharp increase in construction cost of the Mumbai Coastal Road Project (MCRP) from Rs 252 crore per

kilometer in 2011 to Rs 1274 crore in 2018, a 405% rise. It has also raised questions over separate expenditure amounting to Rs 200 crore in an inspection report between April 2016 and March 2020. The total expenditure in the latter part amounted to Rs 2100 crore, of which Rs 200 crore has been called into question.

Being developed by the Shiv Sena-ruled BMC and State-run Maharashtra State Road Development Corporation (MSRDC) in four packages, the coastal road will connect Marine Lines in south Mumbai with Kandivli in north Mumbai. Along the 29.2 km stretch, the coastal road will have tunnels, bridges, interchanges, elevated stretches and roads on reclaimed land, along with pedestrian underpasses and foot over bridges (FoBs).

Balancing act

Putin used the Indian soil to take a snipe at the US, putting it in a spot

The summit meeting between Prime Minister Narendra Modi and visiting Russian President Vladimir Putin has tested India's ability to do a balancing act so as not to get caught between the brittle relationship between the US and Russia over Ukraine and the proposed Summit for Democracy. For the record, Modi and Putin reaffirmed their commitment to enhancing ties. Significantly, it was Putin's second visit outside Russia since the pandemic's outbreak, after he visited Geneva this June to meet US President Joe Biden. The New Delhi visit underlined Russia's importance to India as a provider of defence systems. Russia handles over half of all Indian arms imports, technology and joint production agreements. Russia has also agreed to lease a nuclear-powered submarine to India. The icing on the cake is Russia's long-range S-400 ground-to-air missile defence system which initially attracted the displeasure of the United States. It was expected at one time that despite the warm relations between the US and India, Washington might sanction India under CAATSA (Countering America's Adversaries Through Sanctions Act), which warns of sanctions for any country buying arms from Russia. That has not come to pass yet, but the fact remains that India looked to Russia, and not the US, for its defence needs. In the case of the nuclear-powered submarine, too, it looked to Russia. Interestingly, the AUKUS pact of September will allow Australia to become the first non-nuclear weapons

State to acquire a similar nuclear-powered submarine.

Even as Modi and Putin vowed to cement their unique ties, New Delhi realised that Russia used Indian soil to take a snipe at the US. Its Foreign Minister Sergey Lavrov recalled that the US tried to undermine Russia-India cooperation on the S-400 deal and tried to make India obey American orders. "We", Lavrov said, witnessed how the US tried to make India "to follow the American vision of how this region should be developed". It appears that Russia used Putin's visit to put the US in a spot by leaning more heavily than required on its friendship with India. That line of thinking is open to interpretation because the US has not followed up on the sanctions threat. After all, it understands the challenges India faces from its neighbours in the west and east. Also, the US and India have their association in the Indo-Pacific in the form of QUAD. Lavrov's statement, however, may have more to do with two areas of current friction between Russia and the US. One is the Russian troop movement near Ukraine's borders amid speculations of a conflict. Lavrov's remarks came just a day before the Biden-Putin virtual summit on the issue. The US has said it will send reinforcements to Nato's eastern flank if Russia invades Ukraine. The second issue is Biden's invite to 100-odd countries to his Summit of Democracy on December 9 and 10. Ukraine has been invited to the summit, but Russia stands excluded.

Dam it!

Tamil Nadu's ban on *Dam 999* continues since 2011, and on a flimsy narrative

The DMK and its natural allies, the Communists, are always in the forefront to agitate against the violation of the right to free speech. But it is shocking that the Dravidian Government continues to ban a 2011 production, *Dam 999*. The movie, which bagged several national and international honours, was shortlisted for even the Oscars. However, the TN Government banned it citing law and order problems. Though bans were earlier imposed on certain films like *Vishwaroopam* and *Thuppakki* fearing reprisal from a minority community, the issues were resolved within days and those were released to a grand welcome. Meanwhile, the State Government's reason for banning the movie is ambiguous. "The film's story is woven around the Mullaperiyar Dam; the core issues are pending before the Supreme Court. If the ban is lifted, there may be widespread agitation and disruption of peace," states the November 22, 2021, order issued by the Additional Chief Secretary. Film's producer-director Sohan Roy says that there was nothing in *Dam 999* which could upset law and order in Tamil Nadu.

"The movie was released all over the world, except in Tamil Nadu, though we had hired many artists and technicians from that State for the project, including national award-winning designer Thotta Tharini. The film makes no reference to the Mullaperiyar Dam and the storyline was based on the bursting of the Banqiao Dam in China in 1975, which resulted in the death of 2.5 lakh people. I never had Mullaperiyar in my mind when I was shooting the movie," Roy adds. The ban is seen as the "true colours" of the Dravidians, according to noted author and film critic PK Sreenivasan. "History is repeating itself in Tamil Nadu. MG Ramachandran was thrown out of the DMK for questioning the party leadership's stance on a number of issues. We cannot expect anything different from them even now," Sreenivasan comments on the ban issue. The truth is that Tamil Nadu does not like to discuss the Mullaperiyar Dam. The term '999' evokes nervousness in the powers that be there since they know that the 999-year-long agreement is a fraud perpetrated on the people of Travancore by the then Madras Province. How an incident that reportedly happened in China could force the people of Tamil Nadu to violate law and order is anybody's guess. Dams should not be used for damning creativity!

Propaganda around China's 'infallibility'

Under Xi Jinping's leadership, the seeds of Mao's manipulative propaganda tactics have mushroomed like never before in China

BHOPIINDER SINGH

In the early days of 'helmsman' Mao Zedong's Chinese revolution, propaganda assumed a key role in shaping the Chinese optics, discourse and popular narrative. In 1958, the mouthpiece of the Chinese Communist Party, *People's Daily*, wrote: "...today, in the era of Mao Zedong, heaven is here on earth...." — ironically, this was also the year of the start of the Great Chinese Famine that has been regarded as amongst the greatest manmade disasters in human history, accounting for millions (estimates ranging from 15 to 55 million) deaths. The instinctive cover-up reaction of the Chinese officialdom entailed releasing propaganda posters of Chinese children standing atop surreal green fields of wheat so dense that they could hold their weight — the reality of the 'fields', actually made of deliberately transplanted stalks with a bench to hold the children, was hidden from the masses.

Today, in Xi Jinping's China, the seeds of Mao's manipulative propaganda tactics have mushroomed like never before, and the curation of the 'Chinese Dream' is a zealously guarded effort that brooks no contrarian viewpoint. Xi's barely concealed and insidious efforts to "tell China's story well" comes packaged with the usual spirit of defensive and reactive censorship, heavily massaged headlines, deflections to even outright buying out international opinions eg, *South China Morning Post*. Awkward subjects like the ensuing dissonance in Hong Kong, Xinjiang, Tibet or the Dalai Lama remain subject to editorial manicuring with the requisite smoke-and-mirrors to ensure that the domestic audience does not get 'brainwashed' to what Xi calls "western values of journalism". An important aspect of this control phenomenon is to define the so-called redlines that necessitates the continuing maintenance of the official charade of the Communist Party's supremacy, infallibility and perfection — anyone questioning the same risks immediate threat or, in Chinese context, mysterious disappearances.

Last year, flamboyant Chinese entrepreneur Jack Ma, at

the cusp of the world's largest public offering of his company ie The Ant Group (a flourishing empire including the Alibaba, then valued at well over \$1 trillion), was subjected to a reality check of overstepping the mandated redlines (in this case, criticising Chinese regulatory policies) in Xi's hypersensitive China, and soon disappeared. Since then, Ja Ma has gone under the radar with patchy, dubiously organised and sanitised public appearances, that are typical of China's treatment of anyone blowing the lid off the official narrative. Many others like award-winning photographer Lu Guang, businesswoman Duan Weihong, actress Zhao Wei, artist and activist Ai Weiwei, real estate tycoon Ren Zhiqiang — all followed the patented route of inexplicable 'disappearances'. No criticism of the leader, party or its policies is ever tolerated.

Now, the hardly curious case of former No 1 women's tennis doubles player, Peng Shuai, follows the exact same path. Her crime: Calling out the bluff of so-called discipline, propriety and morality within the top ranks of the CCP by accusing former Chinese Vice-Premier Zhang Gaoli of sexual assault. Expectedly, Chinese social media platform Weibo took down Peng Shuai's post and discussions about her

THIS IS THE THIN ICE ON WHICH THE CHINESE SOCIETY, GOVERNANCE AND SUSTAINABILITY IS PREDICATED; XI JINPING KNOWS THIS, AND THEREFORE AMONG HIS PREDECESSORS, HE PREFERS MAO ZEDONG'S HARD PROPAGANDA APPROACH

sudden disappearance were heavily censored within the controlled realm of Chinese media, and her physical whereabouts remained unconvincingly scanty. Following a concerted effort by the World Tennis Association (WTA), the Chinese Tennis Association issued perfunctory assurances that Peng Shuai was safe and "not under any physical threat". In a throwback to Ja Ma's carefully calibrated 'reappearances' that raised a lot more questions than it addressed, Peng Shuai too has started making what is increasingly getting dubbed as 'hostage videos'. For an internationally active player, there has been an inexplicable curb on access and ability to reach out to her with strangely incommunicado and stage-managed 'sightings', dished out as means of meaningless reassurances of normalcy. Unfortunately, and embarrassingly so for the Chinese, the WTA Tour has suspended its tournaments in China and upped the ante, exactly what the Chinese were seeking to avoid, in their quest to suppress the truth and the accompanying outcry. Crucially, this specific disappearance (unlike countless others) could further sully the Chinese perceptions, weak as they are in the COVID era, to derail the Winter Olympics which are due in a

couple of months.

It's not so much about defending Gaoli's personal reputation (who too remains away from public gaze) as much as it is about defending the linear mirage of the 'Chinese Dream' (read, Party's governing capacity and infallibility) and of, therefore, avoiding the dangerous precedent of 'questioning' any of its imperatives. The *People's Daily*, which noted the "heaven on earth" analogy in 1958, launched its English daily tabloid, *Global Times*, in 2009 with the same level of propagandistic enthusiasm — so it noted WTA's action as "pursuit of political correctness", "forcing her to comply in accordance with the imagination and expectations of Western public opinion" and as "politicisation of sports", all the while remaining deflective on the specifics of Peng Shuai's disappearance. This is the thin ice on which the Chinese society, governance and sustainability is predicated; Xi Jinping knows this, and therefore among his predecessors, he prefers Mao Zedong's hard propaganda approach to the relatively reformist approach of Deng Xiaoping.

LETTERS TO THE EDITOR

THE PANDEMIC IS PERHAPS INVINCIBLE

Sir — No country, no community, no individual is safe until everyone across the world is safe. The emergence of a new Coronavirus variant has once again brought the spotlight on how unprecedented the pandemic is and how precarious the situation we're all in. We may have come to think that the pandemic is over, but the virus is still with us. As we speak, scientists across the world are scrambling to gather more data on the Omicron variant to understand how dangerous it is in terms of transmission and severity, and whether the currently available vaccines will be effective against it. The World Health Organisation has designated Omicron — the B.1.1.529 lineage of Sars-Cov-2 — as a variant of concern, leading to fears of another global surge in cases.

Dozens of countries have imposed travel bans from South African nations, where the Omicron variant was first identified. Others have imposed stricter measures to curb the spread of the Omicron variant. As on date, at least 38 countries have confirmed Omicron cases. Meanwhile, a number of countries have started booster vaccinations as a preventive measure against the new strain. But the question is: As long as vaccine inequity is not addressed, can the world think of defeating the Coronavirus pandemic and restoring normalcy?

KEEP YOUR FRIENDS CLOSE

Sir — Russian President Vladimir Putin's India visit should bolster bilateral ties between the two countries. Foreign policy is a matter of costs and benefits; no two nations are permanent foes. New Delhi, of course, is not on a slippery slope as far as its military and trade ties with Moscow are concerned. An old and traditional connection cannot go haywire just like that, and that was exemplified in no uncertain terms by Putin's India visit. The 2+2 meeting between the defence and foreign ministers of both the countries was held in a conducive atmosphere. India holds 2+2 ministerial meetings with

Numbers make all the noise

Despite climbing to the third position in the list of most wicket-takers in Test cricket in India and leading the team to victory innumerable times, Ravichandran Ashwin continues to be criticised and compared. He has done remarkably well as an off-spinner for Indian cricket time and again. Whether it is ODI, T20 or Test cricket, Ashwin adjusts as per the format and situation on ground and plays a pivotal role.

He has won the 'Man of the Series' award nine times in his illustrious career. He stands up to the challenge when the chips are down and can perform with the bat as well.

Ashwin came, saw and conquered the cricketing field with a purpose. Ironically, the last wicket of New Zealand cricketer Henry Nicholls was taken by the ace spinner to hasten the end of Kiwi innings in the two match Test series. Ashwin has reached a historic milestone in test cricket. The off-spinner went past Anil Kumble and Harbhajan Singh in taking 50 wickets in a calendar year for the most number of times. Ashwin is a star spinner and instead of criticising him or comparing his bowling figures with other bowlers, we should remember the times he held the fort and saved the day for Team India.

the United States, Japan and Australia and, thus, Russia became the fourth country to be accorded that importance. President Putin hailing India as a "great power" should do wonders for healthy bilateral relations.

Military, space, power, energy and infrastructure sectors between India and Russia are all set to be further expanded in the aftermath of President Putin's short but crucial visit. Interpersonal relations between the two have always been above board. There is nothing unusual in differences of opinion between the two friends. Putin kept away from the G20 and rescheduled his Beijing visit amid the pandemic; but kept his word on attending the summit in India. New Delhi, therefore, has to engage Russia on a personal level keeping with its dehyphenation policy on international relations.

THE BJP SHOULD LEARN TO BE HUMBLE

Sir — There is little doubt that the repeal of the three contentious farm laws that were hastily passed in September last year is a victory for the farming community,

and the triumph justly connotes the popular saying, "Farmers are the backbone of the Indian economy." However, the about turn made by Prime Minister Narendra Modi is nothing but a sheer political opportunism with an eye on the forth-coming assembly elections in the key States of UP, Punjab and Uttarakhand, and as well in the wake of the BJP's recent dismal performance in bypolls.

The rollback of the farm laws shows how politically difficult it will be for India to overhaul a sector that supports about 60 per cent of the country's population. The farmers' victory is a tribute to their unprecedented struggle that it not only withstood the multi-fanged State repression, but, in fact, increased its defiant resistance massively for a year. The ruling BJP must have learnt a hard-hitting lesson that a community, which is strongly united for a cause, can never be defeated.

Dissent persists on whether a waiver is answer to shortage and inequitable distribution of vaccines

The WTO's 12th Ministerial Conference (MC12), scheduled to be held in Geneva, stands postponed again because of the outbreak of the Omicron Coronavirus variant. At MC12, whenever it is now held, ministers will be reviewing the functioning of the multilateral trading system, delivering prepared statements, and taking action on the WTO's future work programme. As is known, the Doha Development Round, launched in 2001, has had a very rocky journey with a low level of achievement. Its main success was the adoption of the Agreement on Trade Facilitation at MC9 in 2013. There is, therefore, considerable pressure for a successful outcome at MC12 at a formal meeting of the Council for Trade-Related Aspects of Intellectual Property Rights (TRIPS) on November 18, WTO members agreed to keep actively engaging up until the WTO's MC12 in order to find a common intellectual property (IP) response to Covid-19. Members adopted the oral

status report of the TRIPS council The text provides a factual overview of discussions held at the Council since October 2020, on the proposal by India and South Africa requesting a waiver from certain provisions of the TRIPS Agreement for the prevention, containment and treatment of COVID-19 and the proposal by the European Union for a draft General Council declaration on the TRIPS Agreement and Public Health in the circumstances of a pandemic. On the waiver request, the report indicates that disagreement persists on the fundamental question of whether a waiver is the appropriate and most effective way to address the shortage and inequitable distribution of, and access to, vaccines and other COVID-19-related products. The role of IP in the context of the pandemic has become the centre of attention in the run-up to MC12, and a pragmatic and tangible outcome of these discussions would be a strong and positive signal to the Ministerial Conference and the global community as a whole. The chair of the WTO's agriculture negotiations, Ambassador Gloria Abraham Peralta, told heads of delegations at a meeting on 15 November that she plans to circulate a revised draft negotiation text as soon as possible. The first draft negotiation text was introduced on July 29, with the chair proposing suggestions for a possible agriculture package at MC12. The text encompasses the seven main negotiation topics — domestic support, market access, export restrictions, export competition, cotton, public stockholding for food security purposes (PSH) and a special safeguard mechanism (SSM) as well as cross-cutting transparency issues. The chair emphasized the draft was based on members' discussions as well as her consultations in various configurations and served as a starting point for the final text-based negotiation phase before MC12. The chair also reported to WTO members on the state of play in the negotiations. She said the most recent consultations have focused on engaging members to find convergences on three primary issues: domestic support, public stockholding for food security purposes and, to a lesser extent, market access. Other members reaffirmed that a meaningful MC12 outcome on agriculture will address the compelling issue of food and livelihood security in light of the pandemic and commit members to continuing agricultural reform to make the agriculture trading system fit for purpose. Singapore presented a paper outlining its responses to the questions posed by India regarding an initiative that calls for exempting the World Food Programme's humanitarian food purchases from any export restriction. The initiative has gained wide support from most members and was described by many as a "low-hanging fruit" for MC12.

Colonial outlook can't fix climate issues now

ASHWANI **MAHAJAN**

Singling out coal won't serve the purpose. India's argument that other fossil fuels used by the rich nations are equally responsible for emissions is logical

Recently the United Nations Environment Conference 'COP 26' concluded in Glasgow, UK. India was praised at this conference, for Prime Minister Narendra Modi's "Panchamrit" commitment for safe environment. Today's environmental crisis is actually linked to the existence of humanity. The devastation caused by the changing climate is now affecting the common man all over the globe.

Cloudbursts in the Himalayan region of Uttarakhand, excessively low rainfall in some regions and excessive rainfall in some others, and resulting droughts and floods, and causing diseases and resulting in climate change inducing natural calamities, all are impacting lives in the country today. Globally, life on small islands is endangered due to rising sea levels. Environmental hazards are also becoming the cause of large-scale displacement. If we do not rise to the occasion, this earth will not remain a habitable place in the next few decades.

In view of this concern, environmental conferences are being organized under the auspices of the United Nations annually since 1994. These conferences are also called 'United Nations Framework Convention on Climate Change'. At the Environment Conference held in Kyoto, Japan a treaty was signed, known as the 'Kyoto Protocol', (with amendments in Doha's Environment Conference in 2012), according to which countries announced targets to reduce their emissions of greenhouse gases. The 'Kyoto Protocol' was the last such agreement in which developed countries accepted their responsibility to reduce the emission of greenhouse gases emissions; and the less developed and developing countries were exempted from the responsibility of reducing the emission of these gases for some time.

After the 2015 Paris's Environment Conference, India, with a liberal change in its earlier stance, unilaterally pledged to reduce emissions of greenhouse gases and made it clear that India would not only live up to its ambitions but also raise the same. But India had also made it clear that developed countries should desist from blaming India for environmental degradation or global warming. The reality is that if seen from the historical perspective, today the world is suffering the consequences of what happened in the last 100 years. Whereas the United States is responsible for 40 per cent of greenhouse gases emissions, Europe's and China's contribution is 10 per cent and 28 per cent respectively, India is responsible for merely three per cent for these emissions.

India had said that while the rich countries are responsible for a major part of the emissions, they had not lived up to their promise, made in Copenhagen, to provide \$100 billion to the developing and least-developed countries to deal with the

THE NEED OF THE HOUR IS THAT IF THE EARTH IS TO BE KEPT HABITABLE, THE DEVELOPED COUNTRIES HAVE TO MAKE AVAILABLE THEIR RESOURCES AND TECHNOLOGY FOR IT. THEY WILL HAVE TO COME OUT OF THEIR COLONIAL MINDSET THAT THEY ARE THE RULERS OF THE WORLD AND CAN DO ANYTHING THEY DESIRE

(The writer is a Professor in PGDAV College, University of Delhi. The views expressed are personal.)

environmental crisis. Moreover, given the magnitude of the problem and the efforts needed to deal with the same, even \$1 trillion may fall short of the requirement. Unfortunately, there is no reference to the commitment of \$100 billion in COP26's final document. Rather, all efforts are being made to put the blame on India for the environmental crisis due to over usage of coal. In the draft of the final document of the Environment Conference of Glasgow (UK), the rich countries included the condition to phase out of coal in the draft declaration, and when India refused to accept the same, a campaign was started in the western media to defame India that it is becoming an obstacle in the way to solution of environmental crisis.

Whereas the media in the west is trying to portray India as the villain of the environmental crisis for not accepting the condition to phase out coal usage in the final document, countries like the US, Europe and China, who are main culprits, are nowhere close to being held responsible. We need to understand that singling out coal will not serve the purpose. India's argument that other fossil fuels like petroleum and gas are equally responsible for emissions is a logical one. However, since the US and Europe have an advantage in

using them (petroleum and gas), there is no mention of reducing emissions from these fossil fuels in the final document, which is downright unfair.

Today, when the developed countries are calling India a hindrance to the environmental treaty, they have to introspect and realize that the reason for the present environmental crisis is the uncontrolled consumption by those countries, which is reflected in the fact that the US and Europe alone — where only 14 per cent of the total world's population lives — account for 50 per cent of the greenhouse gas emissions in the last 100 years.

Not only this, even today the per capita emission of greenhouse gases in India is only 1.77 metric tons, while in America it is 14.24 metric tons and in England it is 4.85 metric tons, and in China also the per capita emission of greenhouse gases is 7.41 metric tons. The main reason for excessive greenhouse gas emissions in developed countries is wasteful and irresponsible consumption, which is due to their lifestyle. Developed countries today are not ready to concede that the present environmental crisis is due to their stubbornness to not change their lifestyle. The people of these countries and their leadership will have to realize that they have to control

their consumption to overcome the current environmental crisis. Whether it is the goal of not allowing the world's temperature to rise more than 1.5 degrees from the pre-industrial level, or the reduction in smoke, the only solution is the control of consumption, for which the developed countries have the main responsibility.

Apart from this, the efforts made by developing countries and underdeveloped countries like India to reduce the emissions of greenhouse gases and global warming will require the use of technology. This technology is available mainly with the developed countries, which they want to share only for a hefty price. On the other hand, developing and underdeveloped countries will have to increase the use of renewable energy such as solar energy, wind energy, etc., for which they will need more investment and technology. The need of the hour is that if the earth is to be kept habitable, the developed countries have to make available their resources and technology for it, rich countries will have to come out of their colonial mindset, that they are the rulers of the world and can do anything they desire. It should not be forgotten that heat emanating from global warming will not spare even these rich countries.

The Congress faces a host of challenges before 2024

All Opposition parties might be willing to unite under Sonia Gandhi's leadership; however, they have reservations against Rahul Gandhi

KALYANI **SHANKAR**

Will Congress perish as West Bengal chief minister Mamata Banerjee and others believe? Even in the past, many predicted the end of Congress, but it survived many onslaughts. The latest was in 1998 when Sonia Gandhi emerged, Sphinx-like, to revive it and rule from 2004-2014. The 2019 Lok Sabha results gave Congress 12 crore votes, though seat-wise it got only 52. Even in its second successive defeat in 2019, the party retained a solid block of 20 percent votes. The Gandhi family is complacent, believing that the voters will get disenchanted sooner than later and return to the Grand Old Party. No doubt they live in a fool's paradise as there is an urgent need to revive the

(The writer is a senior journalist. The views expressed are personal.)

party. Undoubtedly, Congress faces a leadership crisis and challenges from many sides.

The first is to quell the internal indiscipline and revolt. The group of 23 led by Ghulam Nabi Azad is an example and this disenchantment is prevalent in almost all states.

The second comes from within the Opposition bloc. Of late, West Bengal chief minister Mamata Banerjee's attack, backed by the wily NCP chief Sharad Pawar, has intensified. Now that Mamata has decided to bid for the Prime Minister's post in 2024, she is trying to edge out Congress from the opposition bloc. As a first step, Banerjee is preparing to broad-base her party and also gain pan-national recognition.

The third is the shrinking Congress party in many states and even regions. Congress should now aim to build upon the 12-crore voter base instead of embroiling itself in self-made controversies. Of the 186 direct fights between BJP and Congress in 2019, the former won 170 seats, amounting to a 91.4 percent strike rate. It bagged 162 of these seats in the 2014 elections. The Congress, which won 24 of these seats in 2014, has come down to 15. In Uttar Pradesh,

Bihar, Rajasthan, Madhya Pradesh, Haryana, Uttarakhand, Jharkhand, Chhattisgarh, Odisha, Himachal Pradesh, and West Bengal, where it ruled in the past, Congress won only 10 out of 286 seats. The party has no representation from 20 states. Further, BJP has taken over the opposition space in Odisha, Tripura, and West Bengal, where Congress was traditionally the main opposition. Also, the regional parties continue to put up a much better fight than Congress.

So, what are the options for the party now that there are cracks within the opposition?

The first is to think of a long-term strategy and start preparing for 2024. Mamata is

doing precisely that. Congress is involved in short-term quick-fix solutions, often messing up the party's chances as they did in Punjab recently. But before that, the party needs to resolve its leadership crisis, which has been going on since August 2019.

The second is that the party needs enormous resources and committed booth committees to compete with BJP. Once these two are addressed, the other things are more manageable.

The third is to find ways of uniting the opposition. Sonia Gandhi has the stature to do this as almost all opposition parties might be willing to unite under her leadership, but they have reservations against Rahul Gandhi. If necessary, the Gandhi family

should pave the way for some other leader.

The regional leaders realize that though they could contain BJP in their states, they do not have a pan-national presence. Even today, therefore, they need a party like Congress; every village has a congressman.

Last Sunday, Shiv Sena mouthpiece *Saamna*, in its editorial, said that pushing the grand old party away from national politics and creating an Opposition grouping parallel to the UPA (United Progressive Alliance) would only strengthen BJP and "fascist" forces. Though Mamata tried to woo the Sena during her recent visit, Sena does not want to lose its government because Congress is its coalition partner in Maharashtra.

Rahul Gandhi has been in politics since 2004, but he is not yet accepted as the opposition face. Rahul's efforts to befriend second-generation leaders like Akhilesh Yadav have not succeeded. He needs an image makeover.

The fourth and more complex option is to give a call to all those leaders who had left Congress to come back. This idea springs up on and off. Congress has been the parent of many ruling parties like the NCP, TMC, YSRCP. There have been suggestions that such a united party could function under a presidium and collective leadership. But the parent party is hesitant to take such a plunge. A united Congress, than a divided opposition, is a more formidable opponent to BJP.

Biden to warn Putin of eco pain if he invades Ukraine

AP ■ WASHINGTON

President Joe Biden is ready to warn Vladimir Putin during a video call Tuesday that Russia will face economy-jarring sanctions if it invades neighboring Ukraine as Biden seeks a diplomatic solution to deal with the tens of thousands of Russian troops massed near the Ukraine border.

Biden aims to make clear that his administration stands ready to take actions against the Kremlin that would exact “a very real cost” on the Russian economy, according to White House officials. Putin, for his part, is expected to demand guarantees from Biden that the NATO military alliance will never expand to include Ukraine, which has long sought membership. That’s a non-starter for the Americans and their NATO allies.

“We’ve consulted significantly with our allies and believe we have a path forward that would impose significant and severe harm on the Russian economy,” White House press secretary Jen Psaki said Monday in previewing the meeting. “You can call that a threat. You can call that a fact. You can call that preparation. You can call it whatever you want to call it.”

The leader-to-leader conversation — Biden speaking from the Situation Room, Putin from his residence in Sochi — is expected to be one of the toughest of Biden’s presidency and comes at a perilous time. U.S. intelligence officials have determined that Russia has massed 70,000 troops near the Ukraine border and has made preparations for a possible invasion early next year. In a statement released just hours before the leaders’ video call,

Ukrainian authorities charged that Russia is sending tanks and snipers to war-torn eastern Ukraine to “provoke return fire.”

Ukraine’s Defense Ministry alleged that Russia is holding “training camps under the leadership of regular servicemen of the Russian Armed Forces.” The Kremlin hasn’t commented on the allegations.

The U.S. has not determined whether Putin has made a final decision to invade. Still, Biden intends to make clear to the Russian leader that there will be a “very real cost” should Russia proceed with military action, according to a senior administration official who briefed reporters on the condition of anonymity.

Biden was vice president in 2014 when Russian troops marched into the Black Sea peninsula of Crimea and annexed the territory from Ukraine. Aides say the Crimea episode — one of the darker moments for former President Barack Obama on the international stage — looms large as Biden looks at the current smoldering crisis.

The eastward expansion of NATO has from the start been a bone of contention not just with Moscow but also in

Washington. In 1996, when President Bill Clinton’s national security team debated the timing of membership invitations to former Soviet allies Poland, Hungary and the Czech Republic, Defense Secretary William Perry urged delay to keep Russian relations on track. Perry wrote in his memoir that when he lost the internal debate he considered resigning.

Poland, Hungary and the Czech Republic were formally invited in 1997 and joined in 1999. They were followed in 2004 by Bulgaria, Romania, Slovakia, Slovenia and the former Soviet states of Estonia, Latvia and Lithuania. Since then, Albania, Croatia, Montenegro and North Macedonia have joined, bringing NATO’s total to 30 nations.

A key principle of the NATO alliance is that membership is open to any qualifying country. And no outsider has membership veto power. While there’s little prospect that Ukraine would be invited into the alliance anytime soon, the U.S. and its allies won’t rule it out.

In Washington, Republicans are framing this moment as a key test of Biden’s leadership on the global stage.

Biden vowed as a candidate to reassert American leadership after President Donald Trump’s emphasis on an “America first” foreign policy.

Rohingya sue Facebook for \$150B, alleging role in violence

AP ■ LONDON

Rohingya refugees sued Facebook parent Meta Platforms for more than \$150 billion over what they say was the company’s failure to stop hateful posts that incited violence against the Muslim ethnic group by Myanmar’s military rulers and their supporters.

Lawyers filed a class-action lawsuit Monday in California saying Facebook’s arrival in Myanmar helped spread hate speech, misinformation and incitement to violence that “amounted to a substantial cause, and eventual perpetuation of, the Rohingya genocide.” Lawyers in the United Kingdom have issued notice of their intention to file a similar legal action. Facebook, which was recently renamed Meta, did not immediately reply to a request for comment.

It’s the latest in a series of accusations that the social media giant fueled misinformation and political violence, outlined in redacted internal documents obtained by a consortium of news organizations, including The Associated Press. The combined legal

claims from Rohingya refugees are being filed on behalf of anyone worldwide who survived the violence or had a relative who died from it.

The Rohingya are a Muslim ethnic group forced to flee persecution and violence in Myanmar starting in 2017, with an estimated 1 million living in refugee camps in neighboring Bangladesh. Some 10,000 have ended up in the United States.

In 2018, United Nations human rights experts investigating attacks against the Rohingya said Facebook had played a role in spreading hate speech.

More than 10,000 Rohingya have been killed and more than 150,000 were subject to physical violence, according to the law firms organizing the cases.

The lawsuits say Facebook’s algorithms amplified hate speech against the Rohingya people and that it didn’t spend enough money to hire moderators and fact checkers who spoke the local languages or understood the political situation. They also say Facebook failed to shut accounts and pages or take down posts incit-

ing violence or using hate speech directed at the ethnic group.

Facebook arrived in Myanmar in 2011, arranging for millions of residents to access the internet for the first time, according to the lawsuit filed in California Superior Court for San Mateo County.

But the lawsuit says the company did little to warn people about the dangers of online misinformation and fake accounts — tactics employed by the military in its campaign against the Rohingya.

The lawsuit says Facebook knew that rewarding users for posting dangerous content and allowing fake accounts created by autocrats to flourish would radicalize users.

“The resulting Facebook-fueled anti-Rohingya sentiment motivated and enabled the military government of Myanmar to engage in a campaign of ethnic cleansing against the Rohingya,” the lawsuit says.

UAE BECOMES FIRST COUNTRY TO TRANSITION TO 4.5 DAY WORK WEEK

Targets to boost work-life balance

PTI ■ DUBAI

The United Arab Emirates on Tuesday announced to change its existing five-day work-week to a four-and-a-half day starting January 1, becoming world’s first country to make employee-friendly transition as part of its efforts to improve productivity and work-life balance.

According to new schedule, Monday to Thursday work timings would be from 7.30 am to 3.30 pm, followed by a half day on Friday from 7.30 am to 12.00 pm, said UAE Government Media Office.

Saturdays and Sundays are full-day holidays under new rule. The government said: “Longer weekends to boost productivity and improve work-life balance; starting from 1st of January, 2022.” In line with announcement, the government said all Friday sermons and prayers would be held after 1.15 pm henceforth. Further, employees would be offered flexible working hours and work-from-home options on Friday. The

government’s move is expected to make it come closer to timings of US, UK and Europe, boosting commerce. The new system will first be implemented in all federal government entities; schools, colleges and private institutions are expected to follow suit. The Emirati governments of Dubai and Abu Dhabi have already announced four-and-a-half day workweek.

The UAE Government Media Office said extended weekend comes as part of efforts to boost work-life balance and enhance social wellbeing, while increasing performance to advance country’s economic competitiveness.

From an economic perspective, the new working week will better align Emirates with global markets, reflecting country’s strategic status on global economic map, the Khaleej Times reported. It will ensure smooth financial, trade and economic transactions with countries that follow a Saturday/Sunday weekend, facilitating stronger international business links and opportunities for thousands of UAE-based and multinational companies, the media office said.

Motorcycle explosion in southern Iraqi city kills at least 4

AP ■ BASRA, IRAQ

A motorcycle rigged with explosives went off in center of Iraq’s southern city of Basra on Tuesday, killing at least four people and wounding four others, according to Iraqi security forces. The blast set ablaze two other vehicles and sent a column of black smoke into sky.

The governor of Basra, Asaad al-Idani, told reporters on scene that a motorcycle had exploded, quickly blaming militants from Islamic State group. There was no immediate claim of responsibility for morning attack near a major hospital, which shook residents of city. Iraq’s Security Media Cell, an outlet affiliated

with country’s security forces, said in a statement that four people were killed and four were wounded as a result of the fire in two cars that were near motorcycle. It said forensics teams were at the scene of the blast and that more details would be released on nature of explosion, once investigations were completed. Explosions have been rare in oil-rich, predominantly Shiite Basra region in recent years, particularly since defeat of Sunni militant Islamic State group in 2017.

“Daesh is trying to destabilize security in Basra, but it will not be successful,” Al-Idani said after inspecting damage from blast, using Arabic acronym for Islamic State group.

Whistleblower: As Afghanistan fell, UK abandoned supporters

AP ■ LONDON

Britain’s Foreign Office abandoned many of the nation’s allies in Afghanistan and left them to mercy of the Taliban during the fall of capital, Kabul, because of a dysfunctional and arbitrary evacuation effort, a whistleblower alleged Tuesday.

In devastating evidence to a parliamentary committee, Raphael Marshall said thousands of pleas for help via email were unread between Aug. 21 and Aug. 25. The former Foreign Office employee estimated that only 5% of Afghan nationals who applied to flee under one U.K. program received help. He said that at one point, he was only person monitoring inbox.

“There were usually over 5,000 unread emails in inbox at any given moment, including many unread emails dating from early in August,” he wrote to Foreign Affairs Select Committee, which is investigating Britain’s chaotic departure from Afghanistan. “These emails were desperate and urgent. I was struck by many titles including phrases such as

‘please save my children.’ Marshall said some of those left behind had been killed by Taliban. One of Marshall’s most explosive allegations is a claim that British officials spent time and energy arranging evacuation of almost 200 dogs and cats from a Kabul animal shelter run by Nowzad, a charity founded by former Royal Marine Pen Farthing.

Marshall claimed Foreign Office staff had “received an instruction from Prime Minister to use considerable capacity to transport Nowzad’s animals.” He claimed British soldiers were put at risk to get the animals out of Kabul.

Prime Minister Boris Johnson’s spokesman, Max Blain, said allegation was “entirely untrue” and neither Johnson nor his wife Carrie, an animal-welfare advocate, had been involved in helping animals leave.

China protests US diplomatic boycott of Beijing Winter Olympics

AP ■ BEIJING

China accused the United States of violating the Olympic spirit on Tuesday after the Biden administration announced a diplomatic boycott of Beijing Winter Games over human rights concerns.

Rights groups have pushed for a full-blown boycott of Games, accusing China of rights abuses against ethnic minorities.

The US decision falls short of those calls but comes at an exceptionally turbulent time for relations between powerhouse nations and was met with a barrage of criticism from China.

The US is attempting to interfere with Beijing Games “out of ideological prejudice and based on lies and rumors,” Foreign Ministry spokesperson Zhao Lijian told reporters.

The boycott “seriously violates principle of political neutrality of sports established by Olympic Charter and runs counter to the Olympic motto ‘more united,’” Zhao said. As he did previous day, Zhao vowed that China would respond with “resolute countermeasures” but offered no details.

Indian-origin USAF doctor among 10 chosen by NASA for as astronauts future missions

PTI ■ HOUSTON

Indian-origin physician Anil Menon, a lieutenant colonel at the US Air Force, has been selected by NASA along with nine others to be astronauts for future missions, the American space agency has announced.

Menon, 45, was born and raised in Minneapolis, Minnesota, to Ukrainian and Indian immigrants.

He was SpaceX’s first flight surgeon, helping to launch the company’s first humans to space during NASA’s SpaceX Demo-2 mission and building

a medical organisation to support the human system during future missions.

In a statement, NASA announced that it has chosen 10 new astronaut candidates from a field of more than 12,000 applicants to represent the US and work for humanity’s benefit in space.

NASA Administrator Bill Nelson introduced the members of the 2021 astronaut class, the first new class in four years, during a Monday, December 6 event at Ellington Field near NASA’s Johnson Space Center in Houston.

TRAJ TO TELCOS

Allow port out SMS facility irrespective of tariff offer

New Delhi: Sector regulator TRAI on Tuesday directed telecom operators to "immediately" enable port out SMS facility for all mobile users requiring it, irrespective of value of their tariff offer, vouchers, or plans.

The Telecom Regulatory Authority of India (TRAI) took a strong note of telecom service companies not providing outgoing SMS facility in certain prepaid vouchers.

TRAI said in the recent past it has received complaints from subscribers over their inability to send SMS on short code 1,900 specified for UPC (Unique Porting Code) generation, for availing mobile number portability facility despite having sufficient balance in their prepaid accounts. "Now therefore the authority...Directs all access

service providers to enable, with immediate effect, for all mobile subscribers, both prepaid and postpaid, requesting for a unique porting code, the facility to send SMS on short code 1900, in order to exercise their right to avail porting facility in accordance with the Telecommunication Mobile Number Portability Regulations, 2009...Irrespective of the value of the tariff offer/vouchers," TRAI said in its direction.

The regulator said that the practice of non-provision of the facility of sending MNP related SMS in certain pre paid vouchers/plans is a "contravention" of the provisions of regulations "as it takes away the consumers' right, provided for in the regulations to avail mobile number portability (MNP) facility". **PTI**

PLI scheme in food processing to go a long way in creating large scale capacity: FMCG cos

New Delhi: FMCG majors Nestle India, Parle, Dabur and Britannia on Tuesday said the PLI scheme in food processing will go a long way in creating large scale capacity, creating great Indian brands in international markets besides helping farmers here in the country.

With the government approving their applications for the production linked incentive (PLI) scheme in food processing, the companies said it will also play a key role in promoting job creation.

"The incentive will go a long way in terms of creating large scale capacities. It will help companies, not only, to manu-

facture on a large scale, have better machinery and plants, and have good products in India, but also be globally competitive and create great Indian brands and international markets," Parle Agro Products Pvt Ltd Senior Category Head Mayank Shah told PTI.

Welcoming the government's step, he said the scheme will also help in terms of "shoring up of volumes for companies and better competitiveness in global markets", besides helping in job creation.

Expressing similar views, Dabur India Ltd CEO Mohit Malhotra said, "The PLI scheme has been crafted to promote

Various measures taken to protect bona fide commercial decision of banks: FM

New Delhi: The Government has taken various measures to protect bona fide commercial decisions of banks to alleviate the fear of any unwarranted hardships to officials or senior executives taking key decisions, Finance Minister Nirmala Sitharaman said on Tuesday in the Rajya Sabha.

These include amendments to Prevention of Corruption Act (PC Act), 1988, requiring prior permission before initiating investigation against a public servant, setting up of Advisory Board for Banking and Financial Frauds (ABFF) for first level of examination of suspected frauds of banks and financial institutions in excess of ₹50 crore, finalisation of Consolidated Staff Accountability Framework etc, she said.

Public Sector Banks (PSBs) have been advised to suitably revise their respective Staff Accountability Policy and other relevant policies, as required, within this framework with approval of their respective boards, she said.**PTI**

The Government, in consultation with Central Vigilance Commission, has recently finalised a consolidated Staff Accountability Framework for non-performing assets (NPAs) accounts up to ₹50 crore, other than fraud cases, she said.

Public Sector Banks (PSBs) have been advised to suitably revise their respective Staff Accountability Policy and other relevant policies, as required, within this framework with approval of their respective boards, she said.**PTI**

Sensex surges 887 pts amid global rebound as Omicron fears wane

Mumbai: Market benchmarks made an emphatic comeback on Tuesday after a two-session selloff, in tandem with a recovery in global equities as worries over the Omicron variant receded.

According to experts, world markets heaved a sigh of relief after initial studies showed that even though the Omicron strain of COVID-19 is fast spreading, it is largely milder than the Delta variant. Bargain hunting in metal and banking stocks, coupled with a modest recovery in the rupee, further boosted domestic indices.

The 30-share BSE Sensex rallied 886.51 points or 1.56 per cent to finish at 57,633.65. Similarly, the broader NSE Nifty jumped 264.45 points or 1.56 per cent to 17,176.70.

Tata Steel was the top gainer in the Sensex pack, advancing 3.63 per cent, followed by Axis Bank, ICICI Bank, Kotak Bank, SBI, Titan and Bajaj Finance.

Asian Paints was the sole laggard, dipping 0.22 per cent.

"Domestic bourses staged a recovery... Supported by broad-based buying while healthcare stocks lost ground.

Rupee surrenders gains to end flat as rising crude prices weigh

Mumbai: The rupee erased all its intra-session gains to end on a flat note at 75.44 against the US dollar on Tuesday as investors took note of rising crude oil prices and sustained foreign capital outflows.

However, a sharp rebound in domestic equities improved investor sentiment, helping in restricting rupee slide.

At the interbank forex market, the local unit opened strong at 75.31 against the greenback and witnessed an intra-day high of 75.26 and a low of 75.49 during the day's trade. It finally ended at 75.44 a dollar against the previous close of 75.45 – up 1 paisa against the greenback.

Gold rises ₹58; silver gains ₹175

New Delhi: Gold prices rose by ₹58 to ₹47,039 per 10 grams in the national capital on Tuesday in line with gains in the precious metal in global markets, according to HDFC Securities.

In the previous trade, the precious metal settled at ₹46,981 per 10 gram.

Silver also jumped ₹175 to ₹60,362 per kg from ₹60,187 per kg in the previous trade.

In the international market, gold was trading with gains at USD 1,781 per ounce and silver was flat at USD 22.42 per ounce.

"Gold prices traded firm with spot gold prices at COMEX trading up at USD 1,781 per ounce on Tuesday," according to HDFC Securities, Senior Analyst (Commodities), Tapan Patel. **PTI**

Instagram launches tool urging teens to take a break

London: Instagram on Tuesday launched a feature that urges teenagers to take breaks from the photo-sharing platform and announced other tools aimed at protecting young users from harmful content on the Facebook-owned service.

The previously announced "Take A Break" feature encourages teens to stop scrolling if they have been on the social media platform for a while, Instagram head Adam Mosseri said in a blog post. It rolled out to the U.S., United Kingdom, Ireland, Canada, New Zealand and Australia on Tuesday and would reach the rest of the world early next year, he said. **AP**

Despite the strong growth and immense opportunities for future in the country's pharmaceutical industry, gender diversity has always been a big concern. ANJULA MASURKAR shares how women workforce is revamping it

BREAKING HEALTHCARE BARRIERS

The Indian pharmaceutical industry enjoys a prominent position in the global pharmaceutical market with the industry being the largest provider of generic drugs globally. However, the sad part of the story is that despite the strong growth and immense opportunities for the future, gender diversity has always been a big concern for the industry.

The percentage of women executive directors in the pharmaceutical industry is only 7.69 per cent. However, with studies pointing to the benefits of women in leadership roles and a greater push towards gender equality, things are taking a turn with a new crop of women business leaders emerging at the top.

The scenario so far

Traditionally, workplaces dominated by men have not been accommodating to women. Whether it is related to child care in the workplace, the flexibility of working hours or safety, women were not encouraged, supported or made to feel that they are equally capable of handling the tasks as handled by men.

Also, organisations pay little attention to helping women adjust to motherhood. The majority of women have to give up their work after childbirth owing to the lack of support and policies to help them resume their careers after childbirth.

However, with the latest guidelines by SEBI on board representation along with an increasing number of women inspired to make a difference, things are slowly changing.

Organisations nowadays are making conscious efforts to highlight their women leaders on platforms like media, conferences, business meetings etc. providing room for their growth.

Such initiatives act as a strong communication point in encouraging future generations.

Women who have broken the barriers and redefined the pharmaceutical sector with their contributions:

Zahabiya Khorakiwala — Managing Director, Wockhardt Hospitals

Zahabiya Khorakiwala has played a major role in making Wockhardt Hospitals a 250 crore business. She entered the business in 2010 as a director, soon after she completed her post graduation. Like most mothers, she also had to deal with the challenges of balancing work and personal life but that didn't stop her from learning the nitty-gritty of running the business and remoulding it from providing tertiary healthcare to giving quaternary healthcare.

Zahabiya has plans of capitalising on the opportunity that high healthcare costs in India coupled with low bed count offers and aims to open more specialty hospitals across the country.

Dr V Shanta — Oncologist and Chairperson, Adyar Cancer Institute

Awarded with the Magsaysay Award winner, Padma Shri, Padma Bhushan and Padma Vibhushan, she is the co-founder and chairperson of Chennai's state-of-the-art Adyar Cancer Institute. In an age when specialised medical care has become commercialised, she strives to make sure that the Institute remains true to its ethos, 'service to all'. Even at the age of 91, Dr Shanta is still devoted to changing the scene for cancer treatment in the country that serves as an inspiration to young physicians and doctors.

MAKING CONSCIOUS
EFFORTS TO HIGHLIGHT
THEIR WOMEN
LEADERS ON
PLATFORMS LIKE
MEDIA, CONFERENCES,
BUSINESS MEETINGS,
PROVIDING ROOM FOR
THEIR GROWTH

Regarded as one of the most influential and top women entrepreneurs in India, she is the founder of India's largest pharmaceutical firm — Biocon. Established in 1978, the company has today emerged as India's largest biotech giant and Asia's biggest producer of insulin.

Owing to her relentless efforts to develop, manufacture and supply life-saving biopharmaceuticals at price points that are affordable and accessible to the masses, she has also been honoured with the Padma Shri and the Padma Bhushan award.

Samina Vaziralli — Executive Director, Cipla

Samina Vaziralli is the granddaughter of founder Dr K A Hamied and she is credited with growing the consumers business of the 75-year-old pharmaceutical company.

As the mother of 2 children, she needs no telling of the struggles women have to face to maintain a work-life balance. In the quest to help women manage both their personal and professional demands, she brought vast changes in the way women are taken care of in her organisation. Up to fifty per cent of the Management Council in Cipla is constituted by women.

There is no reason to believe that the pharmaceutical industry is not suitable for women. Today, there is an increasing number of women making their mark in the industry and breaking the stereotypes. In order to bridge the gender gap in the pharmaceutical industry, organisations need to actively create a culture that actively advocates diversity and inclusion.

A few organisations have already stepped up and there will come a time when women will have equal representation in the workforce in the pharmaceutical sector.

QUOTE OF THE DAY

Real education should consist of drawing the goodness and the best out of our own students.

PNS ■ GURUGRAM

Sommet Education, world leaders in hospitality and culinary education, which owns globally renowned institutes including Les Roches, École Ducasse and Glion Institute of Higher Education, recently entered into a strategic partnership with Indian School of Hospitality (ISH), founded by hospitality veteran Dilip Puri.

The partners aim at offering a global standard of education to a larger number of hospitality and culinary arts aspirants in the years to come, in India and the neighbouring countries.

Through this partnership, worldwide education reference in culinary and pastry arts

École Ducasse has now its first campus in India at ISH, and Les Roches, one of the world's leading hospitality business schools, enters in an academic alliance with ISH for its undergraduate and postgraduate hospitality management programmes.

At an event in Delhi NCR to celebrate the partnership, Benoît-Etienne Domenget, CEO, Sommet Education and Dilip Puri, Founder & CEO, Indian School of Hospitality announced their future development plans for India.

The first step of this plan is to expand the current ISH Gurugram campus, which will feature an additional 25,000 sq. ft of classrooms, training kitchens, and student experience areas.

Social media and growth of cybercrimes

Social media is the fifth pillar of democracy and shouldn't be taken lightly in any means. Many people in past have ignored the power of social media and the heinous crimes that are on a constant upward slope, and have faced repercussions for the same.

Terms like hacking and cyber fraud were relatively new to our dictionary, but their growth is phenomenal. Earlier most of the breaches would happen over the telephone but now the intensity of the crimes have been taken to the next level.

Cyber frauds have found new and convenient ways of getting into your private system, and the internet of things is only making it easier at every stage, any electronic device connected to the internet can be easily tapped and hacked.

In recent years, hackers easily breach into your mobile phones and turn on your camera without your knowledge, it can happen because of a lack of strong passwords and security settings. The hackers can further breach your personal information on the web or use it as a means to blackmail and fetch money from you. Such incidents have increased during the COVID-19 pandemic due to the financial crunch in the overall economies.

Hackers have easily found their way into people's private conversations, and have been able to use it against them. But,

that's only because we as users aren't aware enough.

The best way to stay protected is to change your passwords after a designated interval and always use a lengthy combination of upper and lower case characters, numbers and special characters. We should also equip ourselves with protection such as web camera covers, and privacy settings that bring into our knowledge if some unusual activities are occurring in our systems.

To be safe on social media should be everyone's topmost priority, especially now when everything starting from our addresses to our phone numbers are readily available, and can put our and our loved ones life in danger. Never give into the blackmailing but fight back with the right attitude, that's what will put the cybercriminals in the right place

IIFT analysis 2021

While paper was quite lengthy, students found it to be moderately difficult to tackle. Given the time crunch, one had to select right set of questions to ace, says SUMIT SINGH GANDHI

rect response, +1.5 is awarded and for every incorrect, -0.5 is deducted. The exam was not very difficult, it was manageable provided your concepts were clear.

Feedback from some of the students

"The paper was overall moderate to difficult. The verbal section was lengthy but comparatively easier than last year. What was surprising was to see no data interpretation questions to be calculation intensive like the previous years, however, logical reasoning took up a lot more time than I had initially planned." – Jayant

"The paper was very structured but lengthy and time crunching. VARC was time consuming with concerns with the fact-based questions in all Reading comprehensions not many inference questions. DI was pretty easy and had glimpses of old cat papers. Overall in the paper, selection was the key so now let's hope for the best." – Aakrosh

Sectional Analysis

Overall Difficulty: Moderate to Difficult

VARC 35 Questions: Reading comprehension was dominated in the verbal section. There were 2 passages with 5 questions each and 2

passages with 3 questions each. Verbal ability was overall easy.

Summary of Questions

Reading Comprehension 16 questions

Verbal Ability 19 questions

Ideal attempts in VARC Section: 11-13 questions

DILR: 30 questions

LR/DI was easy to moderate, lengthy and time consuming. Here the success mantra was the set selection as a few sets were the toughest and time consuming, so the students should first wrap up the easy ones and grab a good base and then move to the trickier ones. Also, as men-

tioned by one of our students, practicing for CAT gave him a little extra boost for IIFT.

Summary of Questions

Ideal attempts in DILR Section: 16-19 questions

Quants 25 Questions:

Quants were the easiest out of the three sections with direct formula application and concept based questions dominated by arithmetic and little geometry and algebra. There was no need for having a lot of shortcuts and tricks, your solving speed and your temperament to understand what the question is asking was the main focus. Arithmetic dominated the paper then algebra and numbers, geometry saw a lesser.

General awareness 20 Questions:

General awareness was fairly easy with more current affairs questions than static GK questions. The section was well structured and diverse to cover a wide variety.

Summary of Questions

Ideal attempts 45+ with 90 per cent accuracy can be expected to get a call for IIFT.

Overall a happy day for students who know their basics and have preached their books with building conceptual clarity and like Rahul Sir always says "Success comes to those who work for it. Keep working hard and you will see the results!"

For an in-depth analysis on each section, overall cut-off, which colleges to apply and how to gear up ahead stay tuned to the CATKing Youtube Channel.

Now let the karma play its role, party tonight and come back with a bang for the series of exams lined up ahead, one day one exam can never give an idea about one's aptitude nor decide your career path.

This programme aims to bridge the gap and enable freshers and early career professionals with knowledge and skills to become ready for roles like JavaScript Developer, Back-end Developer, Full Stack Engineer, Python Developer and Front-end Engineer, which are amongst the top 15 emerging jobs in India based on a recent study by LinkedIn. The programme will provide dedicated placement assistance with recruitment processes from leading technology companies and also career support in the form of mock interviews with industry experts, resume guid-

ance and dedicated placement drives. Great Learning works with 1200+ leading companies, and conduct over 20,000+ interviews per month among its learner base. Some of the marquee companies that hire for technology talent from Great Learning include Capgemini, Dell, Amazon, Flipkart, Nvidia, HCL, Uber, Intel, KPMG, Cognizant, Deloitte and more.

Hari Krishnan Nair, Co-founder, Great Learning says, "Companies today are investing heavily to create products and services that provide value in the digital economy. The demand for qualified professionals with expertise is on the surge.

A competitive entrance exam like Chartered Accountancy needs a credible and right strategy because it varies with respective syllabus and the expected number of people appearing for it, says ASHISH KALRA

PREP TIPS FOR CA

The Institute of Chartered Accountants of India (ICAI) announced exam dates of CA Foundation, CA Intermediate (IPC) and CA Final courses for December 2021 phases. The examinations of all three course levels will be held between December 6-20, 2021.

The most challenging part is to prepare and then to clear the CA exam. You should start streamlining aims at the initial stages of preparation/studies. There are so many questions in an aspirant's mind — what actually you want to be, what is in your mind, how to prepare, from where the guidance needs to be taken, how to crack CA exam in first attempt and so on.

You should draw a clear-cut time agenda, be well-versed with the concepts and decide if you will be more comfortable to self-study or choose coaching for preparation. Also, there are certain tricks which the candidates learn over the period of time and can use it on the day when they appear for exam.

Keep on reading: Developing a habit of reading at the early stage leads you towards cracking required entrance exam. Primarily newspapers, motivational or story books, fiction or non-fiction novels, e-papers etc always benefit you by increasing your knowledge, reasoning and comprehensive abilities. Try to learn something new every day and these small efforts would surely bring big fortunes in future.

Update yourself as per syllabus: Before preparing for any competitive exam, you should know the syllabus and that is the first step of preparation. This will help you to prepare for those subjects, topics and sub topics which are required to be covered. It will help you to save your time which you would have wasted on studying and preparing redundant part. You must know the syllabus of the exam you are preparing thoroughly. You can print multiple copies of syllabus, topic wise or chapter wise and try to grab the same by heart.

Learning source: Arranging right study material is the second step, the type of questions that can be asked and the questions for which you must prepare, you need the study material. The study material should consist of books which have the necessary content. Know the importance of a particular topic. Clear your concepts from one book rather reading too many books or study material, our idea is to clear fundamentals and its implementation to the fullest.

Give much time to studies: All competitive exams need time for the preparation, although it depends on exam to exam but an early start is the key to success. Improve your quality of time for the reading, not just the number of hours. Clear your concepts repeatedly, underline important points and try to write on the paper.

Studying for long hours and short of sleep may overload your brain and you can start feeling bored or uninterested. To relax your mind, it is important to take short but regular breaks while you are studying

Planning: Basis all inputs that you have received to clear your dream exam, design your own strategy to prepare, dedicate time to everything, write your own notes, it will help you for the revision and finally at the exam time. Keep cross checking your preparation with the syllabus and time available with you.

Exam pattern: Irrespective of the exam culture, you must solve the previous papers and mock test to get the exam feel and understanding. Keep the terms and conditions as similar as real test while appearing for the exam. Also, you need to identify your strong sections and weak points. Attempt what you know is right. Attempt your strong section first and then move to other sections accordingly, if there is section cut-off, you have to attempt best possible options in every section.

Preparation environment: Preparing in a right atmosphere is also very important to prepare for entrance exams such that there should not be any mental disturbance. If you have good environment around you, you will be able to prepare better, faster and more easily for the exam. Avoid any distraction like unwanted noise around your study area.

Belief: While preparing for the exam you may feel like giving up or you are not the right candidate for this exam. It is very important for you to have high level of self-

confidence to crack competitive exams. You need to convince yourself that it's your dream and you have to be fully prepared to clear the exam.

To bring in sufficient self-confidence and strengthen your intentions, you can read motivational books and inspirational material. Share your feelings with your mentors and parents.

Be healthy: Students generally ignore their physical and mental health while preparing for the exams. Due to which they may experience physical weakness or mental exhaustion. They must understand that if their body does not have sufficient energy then they will not be able to pay required attention to their studies. It is important to have a good diet, sufficient water and sound sleep.

Short breaks: Studying for long hours and short of sleep may overload your brain and you can start feeling bored or uninterested. To relax your mind, it is important to take short but regular breaks while you are studying. Feeling tired and laziness are again the signals that you need a break. You should try simple activities - listen to some music, take a few minutes' walk or watch a 5-10 minutes inspirational or funny video. These things will surely help you to refresh your mind and re-energize your body.

Be analytical about the future

Credit analysis is one of the most sort after professions for those looking for lucrative opportunities in finance, says AMIT GOYAL

When a firm or company wants to take a loan, someone at the bank that has been approached will examine whether lending money to that party is safe. This professional, called a credit analyst, needs to figure out if the lender will be able to recover its money. Credit analysis exposes you to diverse industries and organizations, which could include large corporates, small and medium enterprises, partnership or proprietorship firms, as well as other banks.

Amit Goyal
Director, TKWs Institute of Banking and Finance

JOB PROFILE

Credit analysts work in the lending and credit departments of commercial banks, credit card companies and other financial firms. They are responsible for evaluating the creditworthiness of new credit applicants and monitoring the ongoing financial performances of existing credit customers. They use a variety of analytical techniques to evaluate the risk associated with lending money or extending credit to applicants. Analysts typically assess credit reports, payment histories, financial statements and job histories. When evaluating a business, analysts may also study its operations and the industry and local market in which it operates to make determinations about its ongoing competitive outlook. Credit risk analysts generally produce reports and recommendations based on their analytical work. They are also responsible for making the final decision whether to approve or deny credit applicants.

CAREER PATH

They start working in junior analytical positions after earning associate or bachelor's degrees in accounting, finance or a related business field with a quantitative focus. Some positions deal with consumer credit evaluation and may be open to candidates who have associate degrees and relevant experience. Positions that focus on business credit evaluation often demand greater knowledge.

Top-performing analysts can rise into financial management positions overseeing analytical departments, making final credit decisions and monitoring departmental performance.

QUALIFICATION

Need a bachelor's degree in finance, accounting or another related field. A

bachelor's degree in finance or accounting exposes you to subjects like basic accounting and finance, statistics, ratio analysis, calculus, economics, industry assessment and financial statement analysis. Subjects like industry and ratio analysis are necessary because part of assessing the risk for a company includes assessing its environment. Candidates also do the post graduate diploma in banking and finance.

SKILLS

A commercial credit analyst must have accounting skills since he spends time running calculations for corporate financial statements and tax returns. His knowledge of spreadsheet allows him to create reports to compare with data from previous years. He prepares a narrative report and recommendations based on the analysis of the data. He needs written and oral communication skills to present his findings.

REMUNERATION

These analysts can work in a variety of fields. Many work for lending institutions like banks or insurance companies. There is great demand in investment, working for an asset manager or private equity firm. The plethora of opportunities is reflected in the salary. The annual salary ranges between ₹5 lakh-₹8 lakh and depends on experience, industry and location.

To overcome exams' fear during the present pandemic, you just need to focus over following practices:

Share your thoughts
The simple act of talking to someone who cares for you is extremely important. While this covid situation has made this really difficult for all of us to meet in-person. But one can still take a good advantage of social media platforms and can talk via calls and/or messages.

Talk to a close friend or family member about what you're going through. As, reaching out is not a sign of weakness but a way to get rid of depression

you may have been going through. In fact, it won't be a burden.

It can be tempting to retreat into your shell when you feel depressed due to covid crisis around you. So, it's good to be as social as you can when you are about to begin your preparations for the CA examination since your mind should be in a relaxed state while preparing for your CA exams.

Get a chance to move
It's something that go against protocols that one should follow during covid but still with all the safety measures to be followed in this situation, you can try to help yourself

MIND IT

to boost your mood in your examination days.

Regular exercise plays a vital role in keeping your mind and body relaxed and perfect to deal with your CA exams. You don't have to be dependent on medications or energy drinks to be active during your CA examination. All you need is just few minutes of walk, exercise and movement of your body. You can dance to your favourite music. You can meditate to improve

concentration and memory. You can do yoga to keep yourself fit to fight any uncertainty like covid.

Reframe negative thoughts
Although there are several factors that contribute to depression during this pandemic, you can still think of several realistic and hopeful ways to fight with such negativity engulfed us by the COVID-19 fear.
Find hope and have faith
We always try to blame nature/life

circumstances for how you feel especially in such covid pandemic but there are ways to find ways to cope up with such circumstances like

Be your own friend: Instead of rehashing your past mistakes, focusing on the negative aspects, talk to yourself just like you do with your friends.

Pat yourself on the back: Take some time to believe in you and make yourself think positive and give credit that you have the will to do best in your CA exams.

Change your morning thoughts: Before you go to sleep try to write down something positive which you can read when you wake

up in the morning.

Here are some more ways that you can follow to keep your preparations strong:

- Get enough sleep. Set aside 7 to 9 hours each night for sleep.
- Avoid skipping meals.
- Hydrate. Drink plenty of water.
- Stay active to energise yourself and help raise your spirits.
- Rest and recharge with fulfilling hobbies like reading, art, or music.
- Meditating or keeping a grief journal can help you process emotions.
- Talk to your healthcare provider about any new physical or mental health issues.

INBRIEF

NANOPARTICLES AS PACKAGING DEVELOPED

The National Institute of Technology Andhra Pradesh Researchers collaborating with other Institutes have demonstrated how the concept of nanotechnology can be used to develop food packaging materials that enhance the shelf-life, maintain quality, retain flavor and color of packed food materials.

A group of interdisciplinary researchers led by Dr Tingirikari Jagan Mohan Rao, Assistant Professor, Department of Biotechnology, NIT Andhra Pradesh, have published an article in the prestigious peer-reviewed Journal of European Food

research and Technology. Nanotechnology is an emerging area of research as its application is growing day by day in various sectors including food and agriculture due to their wide physical, chemical, and biological properties which are functionalised with several biomolecules to enhance the properties of packing and storage materials.

Dr Rao said: "The research emphasizes the role of nanoparticles to provide mechanical stability to packing material and shows how the nano-sensors can be developed to detect pathogens, contamination, pesticides, and allergens and enhances the antimicrobial properties of packing material to prevent food spoilage and contamination."

IIT GUWAHATI SETS A NEW RECORD

The Indian Institute of Technology Guwahati has seen a huge jump in terms of the number of offers made by the end of day two,

profiles open, companies' participation, domestic and international packages and total number of international offers.

The total number of PPOs this year is 179, a 34.5% increase since 2020. Offers made till the end of the second day of the placement are 530.

STUDY ABROAD MBA PROGRAMME

The Simplilearn announces its partnership with IU International University of Applied Sciences (IU) to offer learners a one-year international MBA programme. Through the partnership, learners are offered a dual degree in association with

London South Bank University. The learners get an opportunity to study abroad in Germany for one semester. Learners are also eligible to apply for a Post Study Work Visa after completing the course.

71% OF PARENTS STILL HELP KIDS WITH ACADEMICS

In the wake of the online model of schooling, parents across the country became more involved with their kid's academics than ever before. As several schools welcome students back to classrooms, Brainly conducted a survey to determine the evolving role of parents. Survey highlights:

■ Most parents were hesitant to send students back to physical schools: Over 18 months into the study-from-home model, the tides turned again as schools reopened their gates with the utmost focus on hygiene and safety. The survey has identified that 62% of the Indian parents were hesitant to send their children back to school as many continue to work from home. The finding

calls for a greater focus on creating tech-led hybrid classrooms that accommodate students in both physical and virtual formats.

■ Parents are more involved in their children's education even as schools reopen: A majority (59%) of students say that their parents are more involved in their education after the viral outbreak. Interestingly, 71% of the students continue to receive academic assistance from their parents even after the commencement of physical classes. Online learning resources have empowered parents by giving them the necessary tools to tutor their children.

The survey also corroborates this idea by revealing that 60% of

parents know about online learning platforms. Furthermore, over 46% of parents seek help from such online learning tools.

■ Personalisation key to learning: Parents are going the extra mile to ensure that their children thrive in the new educational paradigm. Around 59% of students receive help with studying from private teachers or tutors. A holistic learning model with school, tutors, and online learning platforms ensures that students are able to firmly grasp all concepts, clarify their doubts, and find answers to their curious questions. Online learning platforms are increasingly offering one-on-one mentoring to quench the need for personalised learning that successfully aids student's learning.

ONLINE TALENT SEARCH EXAM FOR UG ASPIRANTS

Chance for youngsters to impress ahead of IPL mega auction

PTI ■ MUMBAI

Indian fringe players would get one last chance to impress ahead of the IPL Mega Auction in the Vijay Hazare Trophy one-day cricket tournament beginning on Wednesday. The auction is slated for January and

a stand out performance in the 50-over event could lead to a hefty pay package with an IPL franchise.

The likes of Harshal Patel, Rahul Chahar, Deepak Chahar, who were not retained by their respective franchises in the IPL, would look to make it count when they represent their respective states in the domestic onedayers.

The IPL has seen a number of youngsters making it big overnight as it also has served a big platform to represent the country and it would be no different this time around. In the opening day's action,

defending champions Mumbai will take on Tamil Nadu who would be riding high on the confidence of winning Syed Mushtaq Ali Trophy recently. All-rounder Shams Mulani will lead Mumbai in their Elite Group B campaign in Trivandrum. Mulani had also captained the team when they had toured Oman and in absence of senior players, who are on national duty. The team will have formidable left-handed opener Yashasvi Jaiswal along with Arman Jaffer, crisis man Siddhesh Lad and all-rounder Shivam Dube to bank upon, while the bowling attack will

be led by experienced Dhawal Kulkarni.

The Tamil Nadu side would be bolstered by the inclusion of Dinesh Karthik and Washington Sundar as they would look to make amend of their show last season when they failed to make the last-eight.

Bengal will be boosted by the inclusion of senior batsman Anustup Majumdar who will give stability to their side as they open their campaign against Baroda who capped a poor show in the Syed Mushtaq Ali Trophy winning just one match out of five.

Bangladesh trying to avoid follow-on with one day left

AP ■ DHAKA

Offspinner Sajid Khan claimed a career-best 6-35 as Pakistan reduced Bangladesh to 76-7 and produced a glimmer of hope of forcing a result in the second and final test on Tuesday.

After day three was washed out, Pakistan resumed the fourth day from 188-2 and declared at 300-4 after lunch. Then spinners Sajid and Nauman Ali got to work until stumps was called an hour early because of bad light. Bangladesh trailed by 224 runs and still needed 25 runs to

avoid the follow-on at the end of a dramatic day.

"After the declaration, our target was to give us the best chance to win the game and attack relentlessly and that's what we did," Sajid said.

"Fortunately, there was turn and bounce aplenty. We two spinners bowled in partnership. We will try to get the three wickets tomorrow and force them to bat again and win the game," Bangladesh's last hope to avoid the follow-on was Shakib Al Hasan on 23. Taijul Islam was with him, the tailender yet to score after facing 10 balls.

With the light insufficient

to allow any more than just the one over from fast bowler Shaheen Shah Afridi, Sajid and Nauman bowled relentlessly in a desperate bid to win the rain-hit game.

Rain and bad light have eaten up the majority of the game and just 63.2 overs were possible in the last three days.

Nauman was slightly luckless, ending up without a wicket, but he gave the control that allowed Sajid to rip through the Bangladesh lineup.

Sajid dismissed all but skipper Mominul Haque, who was run out for 1 by a direct hit from Hasan Ali at point.

up to prepare to bowl.

The 28-year-old Cummins made his test debut as a teenager in 2011 and was elevated to the captaincy when Tim Paine quit last month after media reports he'd been investigated four years earlier by cricket administrators for sending an explicit text to a work colleague.

He said he plans to rely heavily on his experienced deputy Steve Smith, who was replaced as Australia's test captain by Paine in 2018 after the infamous Sandpapergate scandal in South Africa.

He served a suspension from leadership positions and was the leading batter when Australia retained the Ashes in England in 2019.

"Smithy and I have been really good mates for a long time. When I was 18, I'd sleep on his couch on occasions," Cummins said. "He's a legend of the game. Of course I'll be leaning on him for ideas at times."

"There'll be times when I need a rest — I'll have no problem handing over to him."

Alex Carey was given the wicketkeeper gloves to replace Paine and Travis Head was retained to bat at No. 5.

The Australians haven't played a test since the 2-1 series loss to India in January, while England has played in Sri Lanka and India and hosted New Zealand and India in series.

But the wet weather and quarantine requirements means

neither team is going into the series with a lot of red ball cricket form.

The bulk of the Australian team was involved in the Twenty20 World Cup victory in the United Arab Emirates last month, where coach Justin Langer gave the playing group more control over the preparations.

It's something Cummins wants to carry into the test arena.

"The environment we created at the World Cup is a blueprint," he said. "The relaxed environment, empowering everyone to do it their own way. Tailor the preparation. They're great lessons we learnt the World Cup that worked."

Harbhajan set to join support staff of major IPL franchise for next season

NEW DELHI: Former India off-spinner Harbhajan Singh will be seen in a different avatar during next year's Indian Premier League as a key member of the support staff in one of the high-profile franchises. The 41-year-old Harbhajan, who featured in a few matches during the first phase of last IPL for Kolkata

Knight Riders, didn't play a game in the UAE leg of the league. Harbhajan is expected to officially announce his retirement from competitive cricket some time next week and after that he will decide on one of the offers he has got to be a part of the support staff of at least a couple of franchises.
