# Jab for 45+ with comorbidities or 60+ from Mar 1

## Free shots in 10,000 Govt hospitals, at a fee in pvt ones

PNS ■ NEW DELHI

Everyone above 60 years of age and those over 45 years with comorbidities will be able to get Covid-19 vaccine from March 1 for free in 10,000 Government medical facilities and for a charge at over 20,000 private hospitals, the Government said on Wednesday.

The rate for vaccines will be decided by the Health Ministry within the next three-four days as discussions are on with manufacturers as well as hospitals, said the Ministry.

The Cabinet, which met under the chairmanship of Prime Minister Narendra Modi, took a decision in this regard, Information and Broadcasting Minister Prakash Javadekar said at a media briefing here.

"The second phase of the world's largest vaccination drive will start from Monday in which anybody above 60 years, that may not be less than 10 crore people in the country, and 45 years plus with co-morbidities will be given vaccines in 10,000 Government medical facilities and also over 20,000 private hospitals," he said.

"Whoever goes to the Government centre will be administered a vaccine free of cost. The Indian Government will pay for them. The Government will purchase the necessary doses and will send

them to all the States," Javadekar said.

Those who want to get vaccinated from private hospitals will have to pay, but the amount will be decided by the Health Ministry within the next three-four days as they are in discussion with manufacturers as well as hospitals, he said.

Asked if people will have a choice on which vaccine — Covishield or Covaxin — they want to take, Javadekar said India is proud to have two vac-

cines which are both effective with proven efficacy.

While Oxford AstraZeneca's Covishield is being manufactured by the Serum Institute, Covaxin is being produced by Bharat Biotech.

Javadekar said the world's largest vaccination drive started on January 16 with 1,07,67,000 people vaccinated and 14 lakh also having received a second dose.

"This section was primar-

ily for health workers and frontline workers and the whole expenditure was borne by the Government, they were vaccinated free," he said.

Javadekar asserted that the vaccination in India has been successful, "faultless with hardly any complaints".

Asked whether Ministers and the Prime Minister, who would now be in the category of those who can take the vaccination, will get inoculated, Javadekar said those who want

### INDIA ON THE MEND

- The rate for vaccines to be administered at private hospitals will be decided by the Health Ministry within three-four days as discussions are on with manufacturers as well as hospitals, said the Ministry
- Asked if people will have a choice on which vaccine — Covishield or Covaxin — they want to take, Javadekar said India is proud to have two vaccines which are both effective with proven efficacy
- Javadekar asserted that the vaccination in India has been successful, "faultless with hardly any complaints"
- Union Minister Ravi Shankar Prasad, who also briefed the media on the Cabinet decisions, said most of the Ministers are of the thinking that they will pay to get vaccinated

to take the vaccination will take it at the place of their choosing from March 1.

Union Minister Ravi Shankar Prasad, who also briefed the media on the Cabinet decisions, said most of the Ministers are of the thinking that they will pay to get vaccinated.

The decision came as India's cumulative vaccination coverage has crossed 1.14 crore recipients.

## 8 more States witness upsurge in Covid cases

### Centre rushes high-level teams to tackle crisis

PNS ■ NEW DELHI

After Maharashtra and Kerala, at least eight more States — Chhattisgarh, Madhya Pradesh, Gujarat, Punjab, Karnataka, Tamil Nadu, West Bengal and Union Territory of Jammu & Kashmir — have started reporting a surge in fresh coronavirus infections.

A worried Centre has rushed high-level multi-disciplinary teams to these States for supporting them in public health measures for targeted Covid-19 response and management, and effectively tackling the pandemic.

It has warned the States that slacking off on rules and measures to check infection will escalate the crisis, given the emergence of new virus strains.

Union Health Secretary Rajesh Bhushan has also written to seven States and Union Territories on the recent spurt in virus cases and has advised

Municipal workers sanitise a platform at Chhatrapati Shivaji Maharaj Terminus in the view of the rising number of Covid-19 cases in Mumbai on Wednesday PTI

specific steps.

AIIMS Director Randeep Guleria has already sounded the alarm, warning that India is also vulnerable to the second wave of coronavirus and people should continue to follow social distancing, wearing mask and other precautions. His statement comes against the backdrop of a recent medical survey that has shown that over 70 per cent of the Indian population is still susceptible to Covid-19.

Dr RK Dhamija, Head of Neurology Department and

public health expert from Dr Lady Hardinge Hospital in New Delhi, did not rule out further surge in the cases and advised the Government to regularly conduct genome testing of the positive Covid cases. He also suggested that focus should be on hotspots, which contribute to between 70-80 per cent of cases, and those pockets in the States which have high number of people with comorbidities such as diabetes and stroke should be given preference in vaccination.

## Amarinder announces open-ended mini bus permit policy for rural youth

PNS ■ CHANDIGARH

Punjab Chief Minister Capt Amarinder Singh on Wednesday announced an "Open-Ended Mini Bus Permit Policy", with no deadline for rural youth to apply for such a permit. At the same time, the Chief Minister also laid the foundation stones of ₹5.16 crore worth of high-tech State Transport Department institutes, including home delivery of driving licences.

The Chief Minister also virtually launched distribution of 3,000 mini bus permits for the rural youth to give a boost to the government's ambitious 'Ghar Ghar Rozgar te Karobar' mission, with token presentation of permits to five beneficiaries.

"While 3,000 permits are being handed over today, another 8,000 would follow through the rest of the year, taking the total to be distributed by the end of the year to 11,000, generating both direct and indirect employment," said the Chief Minister.

Capt Amarinder directed the Transport Department to create a user-friendly online facility within the next three months for receipt and processing of applications of all bus permits to make the system far

more transparent and eliminate corruption.

"These novel initiatives will go a long way in providing smooth rural connectivity and seamless delivery of citizen centric services," said the Chief Minister, lambasting the previous SAD-BJP regime for issuing illegal permits to chosen people without due publicity or adherence to legal procedures or rules.

Recalling that the Congress Government had promised cancellation of all illegal bus permits to ensure that genuine people get the benefit of the scheme, Capt Amarinder said that under the transparent system adopted by the Transport Department, a public notice for mini bus permits was issued for the first time ever in newspapers.

People were encouraged to apply online without any hassle, and as many as 12,384 applications were received, he added.

Congratulating Transport Minister Razia Sultana and the officers of the department, Capt Amarinder said that they had set the ball rolling to achieve five-fold objective to create employment opportunity for rural youth, make travel safer for women and children, ensure vehicular traffic safer for travelers and pedestrians,

reduce vehicular pollution and door-step delivery of government services.

"The fast-paced changes in technology, where transport has now reached the Mars, necessitated new initiatives," he said, adding that Vehicle Location Tracking (GPS) Device Project, launched at a cost of Rs 15.50 crore would make travel safer for women and children in public transport vehicles.

"100 per cent such devices have already been installed in PUNBUS buses and 50 percent

in PRTC buses, which would be fully covered in the next six months," Razia said, adding the GPS system would be installed soon in private buses too.

The Chief Minister also referred to the state-of-the-art Command Control Centre at the state level and four Regional Centres to track the vehicles saying that this would facilitate handling of panic button alerts by any woman or child, online challan for over-speeding vehicle without high security registration plates (HSRP) fitment, absence of valid insurance, and

pollution certificate, etc.

The foundation stone of the Institute of Driving and Traffic Research (IDTR) at Kapurthala was also laid at a cost of Rs 22.50 crore under Mission 'Ghar Ghar Rozgar te Karobar', with training capacity of 20,000 drivers annually to impart quality training to rural youth, and thus generating employment avenues as skilled drivers within the country and abroad, besides creating qualified trainer base for drivers and instructors of other training institutes.

## Ready for talks if farmers consider offer: Tomar

PNS ■ NEW DELHI

Union Agriculture Minister Narendra Singh Tomar on Wednesday said the Government is ready to resume talks with protesting farmers if they accept its offer to put the three contentious farm laws on hold for one-and-a-half year and work out the difference during that time through a joint committee.

Speaking on the sidelines of an event, Tomar said under the leadership of Prime Minister Narendra Modi, the Government is making efforts to double farmers' income and strengthen the Indian agriculture sector.

The Minister was replying to a query on Bharatiya Kisan Union (BKU) leader Rakesh Tikait threatening to march on Parliament with 40 lakh tractors if laws are not repealed.

Whether the Government is making any effort to resume talks with unions, Tomar said,

Union Minister of Agricultural and Farmers Welfare Narendra Singh Tomar and MoS Agriculture Kailash Choudhary during a function of the 2nd anniversary of Pradhan Mantri Kisan Samman Nidhi Scheme in New Delhi on Wednesday PTI

"The Government has been holding discussions with farmers sympathetically. Even today, whenever their response comes, the Government is always ready to hold talks."

Thousands of farmers, mainly from Punjab, Haryana and Western Uttar Pradesh, is protesting at Delhi borders for

around three months, seeking repeal of three new farm laws and a legal guarantee of the MSP.

So far, even after 11 rounds of talks, the Government and the agitating farmers' unions have failed to reach any consensus. The last talk was held on January 22. The farmers

leaders have continued to press for the demand that the government should repeal the three laws. They have alleged that these laws will end the mandi and MSP procurement systems and leave the farmers at the mercy of big corporates, even as the Government has rejected these apprehensions as misplaced.

During the 10th round of talks held on January 20, the Centre had offered to suspend

### Rajnath can resolve impasse if he is allowed to talk to farmers: Tikait

PTI ■ BARABANKI

Bharatiya Kisan Union (BKU) president Naresh Tikait on Wednesday called Defence Minister Rajnath Singh a "caged parrot" and said the farmers' issues could be resolved if he is given the freedom to talk with them.

He accused the BJP-led Central Government of being "stubborn" over the three new agriculture laws, which farmer unions are insisting on repeal.

The protesting farmers too are not ready to go back on their demands of complete repeal of the farm laws, he said.

## Punjabi singer Sardool Sikander dies

PNS ■ CHANDIGARH

Noted Punjabi singer and actor Sardool Sikander died on Wednesday at a Mohali hospital where he was undergoing treatment for Covid-19. He was 60.

Sikander, regarded as an icon in the Punjabi music industry, is survived by his singer-wife Amar Noorie, and music composer sons Sarang and Alaap Sikander.

The untimely death of the singer led to condolences from various quarters, including fellow musicians, actors and politicians.

The Punjab Cabinet, which had a scheduled meeting here on Wednesday, also condoled Sikander's demise, with Chief Minister Capt Amarinder Singh announcing that his government will clear the deceased's hospital dues of Rs 10 lakh. He announced the decision after Cabinet Minister Charanjit Singh Channi

Sardool Sikander was undergoing treatment for Covid-19. He was 60. Sikander, regarded as an icon in the Punjabi music industry, is survived by his singer-wife Amar Noorie, and music composer sons Sarang and Alaap Sikander

informed him that the deceased's family had no money to pay the bills, a Punjab Government statement said.

In a condolence resolution, the cabinet noted that with the demise of the legendary singer, the nation had lost one of its best-known

Punjabi singers and the void left behind by him will be impossible to fill.

Shiromani Akali Dal president Sukhbir Singh Badal also expressed his shock. "Saddened to learn about the demise of legendary Punjabi playback singer Sardool Sikander. A huge loss to Punjabi movie & music industry. Prayers for his family, friends & fans. May his soul rest in peace!" Badal said in a tweet.

Punjabi singer Gurdas Maan remembered the singer as a melodious voice, life of the party and a friend like no other. Bollywood actor Ayushmann Khurrana shared Mann's post on his Instagram Story and wrote "Rest in Peace Sardool sahab".

Singer-composer Daler Mehendi said Sikander's death was a "big loss to our family and music industry". Actor-singer Diljit Dosanjh called the late singer the "pride of Punjabi music".

## PUNJAB CABINET

# Punjab to amend prison act to strengthen security

PNS ■ CHANDIGARH

To strengthen jail security and check use of mobile phones among other things, Punjab Government has decided to amend the more than a century-old legislation.

With the Cabinet approving the amendments in the Prison Act-1894 during its virtual meeting on Wednesday, the Government would table a Bill in the ensuing budget session to bring in the necessary changes aimed at strengthening security across the State's prison and curb criminal acts by inmates through more stringent punishment for major offences like rioting, escape from prison, and other violations of prison discipline and rules.

The Cabinet approved a proposal mooted by Jails Department to add new penal provisions in the Act to strengthen security arrangements and prevent the use of

mobile phones by the inmates, riots inside the jails, incidents of assault on the jail staff, damage to the jail property, incidents of absconding, possession of drugs inside the jails etc.

Notably, despite various security arrangements in the state's jails, there have been cases of use of mobile phones by the inmates in recent times, as well as riots inside the jails, incidents of assault on jail staff, damage to jail property, fugitive incidents.

Incidents of drug trafficking are also coming to light from time to time, which is creating difficulties for the jail administration and the law and order situation in the State.

**CABINET OKAYS NEW POLICY FOR CONSTRUCTION OF MORE THAN 25K HOUSES FOR EWS**

Approving a new EWS Policy, Punjab Cabinet on Wednesday paved the way for

construction of more than 25,000 houses for the economically weaker sections (EWS), with developers and authorities required to develop five percent of the project area for EWS housing.

The houses under the new policy would be constructed with the latest brick-less technology, using services of qualified Project Management Agencies (PMAs). They will be offered to eligible families, who will be financed by banks at affordable monthly instalment rates.

The policy provides for eligible applicants to furnish proof of birth in Punjab or of 10 years' stay in the State from the date of application, such as Aadhaar card, copy of ration card, extract of voter list, copy of driving license, passport etc. Family income should not be more than Rs three lakhs per annum from all sources, as revised by the Centre or Punjab from time to time.

Applicants must be married and the application must be in the joint name of husband and wife. There will be a bar on sale, gift, mortgage with possession, exchange, long lease of the allotted EWS dwelling units for a period of 15 years except within the family case of death of allottee.

**PUNJAB BIFURCATES COMMON CADRE OF HEALTH AND FAMILY WELFARE, MEDICAL EDUCATION AND RESEARCH DEPTS**

Aimed at prompt resolution of disputes arising out of establishment matters between the Departments of Health and Family Welfare, and Medical Education and Research through separation of controlling authority and rules of both departments, the State Cabinet on Wednesday gave approval to the bifurcation of common cadre of the two departments.

**PUNJAB CABINET OKAYS AMENDMENT TO SIMPLIFY REALISATION OF MOTOR VEHICLE TAX OR REFUND WHERE APPLICABLE**

To simplify the procedure for realization of motor vehicle tax and its refund where applicable, the Punjab Cabinet on Wednesday gave approval to amend Section 3 and Schedule of the Punjab Motor Vehicle Taxation Act, 1924 (Amended). The amendment deals with issues like refund of lump sum tax paid in case of a motor car or motorcycle owner shifting to another state with the vehicle and ceasing to be a resident of Punjab, or transfer of ownership of the vehicle to a person having residence outside Punjab. In both such cases, refund of the lump sum tax paid shall be allowed at such rate as may be determined by the Government from time to time.

# Punjab inks pact for power houses of Shahpurkandi dam

PNS ■ CHANDIGARH

Punjab Water Resources Department on Wednesday signed an agreement with M/s Omil JV for the construction of power houses of Shahpurkandi Dam Project.

The pact was signed, in the presence of Punjab Water Resources Minister Sukhbinder Singh Sarkaria and the Principal Secretary (Water Resources) Sarjit Singh, by the M/s OMIL JV's Executive Director Bharat Kothari and Punjab's Chief Engineer (Dams) SK Saluja.

"The construction of power houses will be taken up in the month of March by M/s OMIL JV at an awarded cost of Rs 621 crore on the EPC (Engineering, Procurement, and Construction) mode. The completion period for this work is 36 months. The

The Minister said that electromechanical works of these power houses are already being executed by BHEL through PSPCL

installed capacity of these power houses is 206 megawatt (MW) — that is three units of 33 MW in phase-I, other three units of 33 MW and one unit of eight MW in phase-II," said the Minister.

The Minister said that electromechanical works of these power houses are already being executed by BHEL through PSPCL. On completion, the Shahpurkandi Dam project shall generate 1042 million units (MU) annually worth Rs 415 crore, he added.

130 new Covid-19 cases, one more death in Haryana

**Among 130, 39 fresh cases were reported from Gurugram**

PNS ■ CHANDIGARH

Haryana on Wednesday recorded 130 fresh coronavirus cases, taking the total number of infections in the State to 2,70,097, a health department bulletin said.

One more fatality took place in Panchkula, taking the death toll due to Covid-19 stood at 3,043, according to the bulletin. Moreover, 2644 health workers and frontline workers were vaccinated. So far, 27, 6536 health care workers have been vaccinated in the State.

Among 130, 39 fresh cases were reported from Gurugram, while Kurukshetra reported 16 new cases. The number of active cases in the state is 955, while as many as 2,66,099 patients have recovered. The recovery rate is 98.52 percent, the bulletin stated.

**1 DEATH, 41 FRESH CASES IN CHANDIGARH**

One more person succumbed to COVID-19 as 41 fresh positive cases surfaced in Chandigarh on Wednesday. While the tally stood at 21541, the death toll has reached 351 in the city, according to the Chandigarh Health Department's evening bulletin. 17 patients have recovered in the past 24 hours taking the total number of recoveries to 20940, it stated. 2.48 lakh samples have so far been tested in the city in which 1640 tests were conducted in the last 24 hours.

# Haryana CM advocates single educational institute from KG to Post Graduate level

PNS ■ CHANDIGARH

Haryana Chief Minister Manohar Lal Khattar on Wednesday directed the officers concerned to develop such a system under which a single educational institute should be set up for imparting education from K.G to Postgraduate levels. He directed the officers to identify two such universities wherein such a system can be implemented initially.

Presiding over a review meeting with the State Educational Research and Training Council (SCERT), District Institute for Education and Training (DIET) and Block Institute of Teacher Education (BITE) held here in which

Education Minister Kanwar Pal was also present, Khattar directed the officers to also chalk out a plan for the accreditation of private institutions saying this should be continuously monitored so that they can meet the required standards.

During the meeting, it was informed that in the New Education Policy, from the year 2030, it will be mandatory for a teacher to hold a B.A.-B.Ed integrated degree. Khattar directed that work on this programme should be started from next year rather than to wait for the year 2030.

The chief minister directed that 10 schools each should be identified in three districts

of Haryana including Gurugram, Jhajjar and Kurukshetra where Internships for the students taking B.A.-B.Ed integrated degree can be provided.

He said that apart from in-service training, training should be made compulsory even before recruitment.

He said every possible effort should be made to raise the standard of education, adding that as there is a good demand for professionals including drivers, nurses and teachers abroad, therefore a new concept can be created by linking Integrated B.Ed with foreign services and the manpower can be provided as per needs abroad.

# Punjab Police to recruit IT experts

PNS ■ CHANDIGARH

To ensure a safe and secure cyber world, Punjab's Director General of Police (DGP) Dinkar Gupta on Wednesday announced a slew of measures including recruitment of around 200 cyber crime and digital forensic experts and setting-up of Cyber Crime Units in all the districts to deal with rising cybercrimes.

"Amid the COVID-19, we are living more of our lives in the cyber world and many people using online banking and students attending online classes are still not aware about the term cybercrime," said DGP Gupta while addressing the closing ceremony of Cyber Suraksha — an online aware-

**Establish district-level Cyber Crime units to deal with rising cyber crimes**

ness campaign via webinar. A three-month-long cyber awareness campaign was the joint initiative of the Punjab Police and Cyber Peace Foundation (CPF).

While the recruitment of IT and Cyber Crime experts will be started from April 2021, the Cyber Crime Units are expected to be functional at district level in the next six to eight months, said Gupta. Notably, the Punjab Police already have a state-level Cyber Crime Cell in Mohali.

# Cheema writes to Haryana CM, seeks Nodeep's immediate release

PNS ■ CHANDIGARH

A day after the Aam Aadmi Party (AAP) leaders were denied to meet labour rights activist Nodeep Kaur on their visit to Karnal jail, party's senior leader and the Leader of Opposition in Punjab Assembly Harpal Singh Cheema on Wednesday wrote to Haryana Chief Minister Manohar Lal Khattar demanding immediate release of Nodeep Kaur.

Cheema, along with Deputy Leader of Opposition Sarvjeet Kaur Manu and party's youth wing co-president Anmol Gagan Mann, had visited Karnal jail on Tuesday to

meet Nodeep Kaur.

However, they were prevented from meeting her by the Haryana government.

In his letter, Cheema said that the labour rights activist Nodeep Kaur, who had been agitating for the rights of her fellow factory worker, was detained by the Haryana Police and had been kept in custody at Karnal Jail from the last one month and information about her well-being was not being communicated properly. "During our visit to Karnal jail on Tuesday, the jail authorities denied permission to enter the premises citing COVID guidelines," he said.

# Govt OK's ₹7,350 cr for making of desi gadgets

PNS ■ NEW DELHI

The Union Cabinet on Wednesday approved a ₹7,350-crore scheme to boost production of laptops, tablets, all-in-one PCs and servers in the country, as it sought to woo global and domestic players to take advantage of India's manufacturing prowess.

Production worth ₹3.26 lakh crore and exports of ₹2.45 lakh crore are estimated over the next four years under the new scheme, which is expected to create 1.80 lakh jobs, said Communications and IT Minister Ravi Shankar Prasad.

Briefing reporters after a meeting of the Cabinet, Prasad said the Production Linked Incentive (PLI) scheme has been approved for IT hardware products that would cover lap-

tops, tablets, all-in-one PCs and servers. The ₹7,350-crore scheme aims to promote India as a global hub for hardware manufacturing. The PLI push for hi-tech IT hardware gadgets comes close on the heels of the Cabinet last week clearing a ₹12,195 crore scheme for telecom equipment manufacturing, he said.

An incentive scheme for mobile phone manufacturing was announced last year and

has since garnered strong response from players despite the challenging times of the pandemic. The latest IT hardware scheme offers incentives between 4-1 per cent on net incremental sales (over base year 2019-20) of goods manufactured in India and covered under the target segment, to eligible companies, for a period of four years, an official statement said.

The PLI scheme is expected to enhance the development of electronics ecosystem in India, at a time when globally manufacturing is undergoing a shift and companies across the world are looking to diversify their manufacturing locations to mitigate the risk involved in depending on a single market, said Prasad detailing the PLI scheme.

# ED holds raids in ₹605 crore bank fraud case

PNS ■ NEW DELHI

The Enforcement Directorate (ED) on Wednesday said it has conducted searches in a money laundering case at various premises of accused Amar Chand Gupta, Ram Laal Gupta, Raj Kumar Gupta and other family members allegedly involved in siphoning and diversion of loan funds amounting to ₹605 crore by Shree Bank Bihari Exports Limited (SBBEL).

The ED had initiated investigation under Prevention of Money Laundering Act (PMLA) on the basis of an FIR registered by CBI against SBBEL, its Directors Amar Chand Gupta and others and other unknown public servants/persons for a fraud of ₹605 crore.

"During investigation, it was gathered that SBBEL had diverted the loan funds

through its sister units and also by employing the modus operandi of showing bogus and fictitious sale/purchase transactions. The primary security had also been disposed without depositing the sale proceeds in the loan account," the ED said in a statement.

It was also gathered that the books of accounts had been secreted in various premises wherein business was being carried out by these accused persons Amar Chand Gupta, Ram Laal Gupta and Raj Kumar Gupta in the name of other family members. In order to uncover the trail of proceeds of crime and to recover documentary and electronic evidence, searches at residential and business premises of the directors and the entities being run by them along with residence of one key employee were conducted, it said.

# SSB'S 2-DAY NATIONAL SEMINAR BEGINS

PNS ■ NEW DELHI

The Sashstra Seema Bal (SSB) is organising a two-day 2nd National Police K9 Seminar on sniffer dogs beginning on Thursday.

"The K-9 seminar will provide a platform to all the participants to interact with spe-

cialists on K-9 training in the country and discuss topics related to the latest approach on K-9 training. The seminar shall go a long way in developing effective strategies for utilisation of sniffer dogs in national security," the SSB said in a statement.

# Insulting Indians favourite pastime of Rahul: BJP

PNS ■ NEW DELHI

BJP president JP Nadda and Union Ministers Prakash Javadekar, Smriti Irani and RK Singh on Wednesday hit out at Congress leader Rahul Gandhi over his north and south politics remark, alleging that insulting Indians was a favourite pastime of his.

"Insulting Indians is a favourite pastime of Rahul Gandhi. Indians are not superficial you are Mr Rahul Gandhi," tweeted Javadekar.

Senior BJP leaders slamming responses came a day after Rahul's statement where he said that Kerala was a refreshing experience for him after 15 years as an MP in the north.

Similar tweets were made by BJP president. "A few days back he was in the Northeast, spewing venom against the western part of India. Today in the South he is spewing venom against the North. Divide and rule politics won't work, Rahul Gandhi ji! People have rejected this politics. See what happened in Gujarat today!", said Nadda.

After Congress justified Rahul's remarks. Irani said that she completely agrees with Environment Minister Javadekar's statement that "insulting India and its citizens is the favourite pastime of Rahul Gandhi."

Speaking to television

channels, Irani said that this is not the first time that the Congress leader has said something against the country and its people.

The Union Minister said, "A neta's job is to keep the whole country united and think for the interest of the country and its people, despite his/her own political indifference."

Taking a dig at the Wayanad (Kerala) MP whom she had defeated in the 2019 Amethi Lok Sabha election, Smriti Irani alleged, "Rahul Gandhi is the same person who on Republic Day had voiced his opinion in favour of country's division during tractor rally violence."

She also claimed that earlier, Rahul had also questioned the Indian Army on how it had attacked its enemy-nation Pakistan.

The Minister said, "My only question is that is Rahul

Gandhi has so much hatred for India and its people then why is he engaging in country's politics and pretending that he is always wishing for India's best interests?"

She alleged that the Congress leader was creating "divisions" while a leader should be uniting the country.

Union Minister and Lok Sabha MP from Bihar's Arrah constituency RK Singh said "Rahul Gandhi is talking about North and South, but if you do not work in any Constituency then you will be defeated. This is what happened to you in Amethi (Uttar Pradesh). You did not work, that's why the public voted out. Even if you do not work in Kerala the public will vote out."

"You think that if you keep winning from one constituency to another constituency, then it is not going to last long, you have to work, having been MP three times in a Constituency you lost the election because you did not do any developmental work. Do not divide people into North and South. People (of Kerala) are from India and if you do not work, then you will be voted out from here also," he said.

Rahul's ignorance about the presence of Fisheries Ministry had earlier in the week made him a subject of criticism from the BJP leaders.

# North-South divide a toolkit by BJP: Cong

PNS ■ NEW DELHI

With its former chief Rahul Gandhi coming under attack of the BJP over his comments in Kerala, the Congress on Wednesday sought to defend him saying the Wayanad MP had given a clarion call to the people to question the Government on real issues and the North-South divide was a "toolkit" being sold by the BJP to the public.

However, while former Union Minister Kapil Sibal said he was nobody to comment on what Rahul Gandhi has but still maintained "we must respect electors in the country and not denigrate their wisdom", another former Minister Anand Sharma said only Rahul can clarify so that there's no conjecture or misunderstanding.

The Congress alleged that the BJP was raising "superficial" issues on a daily basis to divert the country's attention from the people's issues. Several BJP leaders and union ministers accused Rahul Gandhi of being an 'opportunist' and alleged that he

belittled north Indians during the speech delivered in Kerala.

Addressing a public gathering in Thiruvananthapuram, Rahul had said, "For the first 15 years, I was an MP in the north. I had got used to a different type of politics. For me, coming to Kerala was very refreshing as suddenly I found that people are interested in issues and not just superficially but going into detail in issues."

Referring to Rahul Gandhi's remarks, AICC chief spokesman Randeep Surjewala clarified that the former Congress president has given a clarion call to the people to question the government of the day, whether in the states or at the Centre, on issues paramount to people and to "ignore the superficial toolkit story being sold by the BJP day in and day out."

"The North-South divide is a toolkit being adopted and sold by the BJP to the news channels and the public. Let us all rise and ensure that the governments of the day answer on issues and not on superficiality that they want to divert our attention to," Surjewala said at AICC Press conference.

# No extra chance in UPSC exam to those who exhausted last attempt amid pandemic: SC

PTI ■ NEW DELHI

The Supreme Court on Wednesday dismissed a plea seeking an extra chance for UPSC civil services exam aspirants who exhausted their last attempt in October 2020 due to the Covid-19 pandemic.

A bench headed by Justices A M Khanwilkar said that it was dismissing the plea filed by a civil services aspirant for the extra chance citing difficulties faced in preparations during the pandemic.

The Centre informed the top court on February 9 that it is against granting one-time relaxation on age limit to UPSC civil service aspirants, including those who had exhausted their last attempt in the 2020 exam amid the Covid-19 pandemic, as it would be discriminatory to other candidates.

The candidates from general category are allowed five attempts for the UPSC civil services exam till the age of 32; the

OBC, nine attempts till 35 years and the SC/ST candidates unlimited attempts till they turn 37.

The Centre was initially not willing to give an extra chance to the candidates but it had later agreed to do so at the suggestion of the bench.

It had on February 5 told the apex court that it was agreeable to giving an extra chance as a one-time relaxation to those civil service aspirants who had appeared in their last attempt in the 2020 exam and are not age-barred.

However, the bench on Wednesday dismissed the petition of Rachna and others.

The Centre had earlier furnished a chart in the apex court giving details of relaxation given by Union Public Service Commission (UPSC) in civil services exams since its inception and had said that in 1979, 1992 and 2015 relaxations were given to the candidates due to change in patterns of the examination.

# Disengagement a win-win situation, says Army chief

PNS ■ NEW DELHI

As India and China are regularly holding talks to defuse tension at the Line of Actual Control (LAC), Army Chief General MM Naravane said here on Wednesday the country has shown resolve. He also said "nobody wants an unsettled border" and favoured resumption of all engagements with China.

In an apparent reference to the recent pull back of troops by both the armies from the Pangong Tso (lake), the Army Chief said the whole of the government approach ensured that India's interests were safe. He also said "our relations with China would develop along the path that we wish to develop."

Referring to the disengagement from the Pangong, he said it saw a good result and termed it as a win-win situation. However, there is still a long way to go, Naravane said adding China has been in the habit of making small incremental moves like in South China Sea which were not

challenged. However, the Ladakh face-offs have shown that this strategy will not work with India and "every move will be met resolutely."

"China has been in the habit of creeping forward and making very small incremental changes where each change by itself was not very big or worthy of a very strong reaction. Because of these small incremental moves which were never contested he has been able to achieve his aims without firing a shot or without any loss of life. What has happened in South China Sea is a very glaring example of that," he said at the webinar by Vivekananda Institute.

Airing these views, Naravane said nobody wants an unsettled border adding "as two neighbours who would like to have peace and tranquility on their borders and who would like that all the other engagements which have been going on in the past should continue also in the future."

As regards disengagement from other friction points at the

LAC, the Army Chief said there are pending issues in Eastern Ladakh and other parts along the Line of Actual Control (LAC) including Depsang Plains.

"End of the day we have achieved a lot," he said, stating, "We still have a long way to go. We now have to move on to the stage of de-escalation. After that de-induction of troops which went to the higher reaches."

Admitting there is trust deficit with China, Naravane said they will be wary and cautious and closely watching whatever moves that happen on either side of the LAC.

To a question if India has more tactical leverages like the domination of peaks on Kailash range which have now been vacated, Naravane said they do, without elaborating.

"Every agreement is premised that they are observed in letter and spirit. We will trust but we will verify," he said adding they have put in systems to verify that these heights are not re-occupied.

# Foodgrain output to touch new record of 303.34 million tonnes in 2020-21

RAJESH KUMAR ■ NEW DELHI

Riding high on bumper rice and wheat output due to good monsoon rains and using good quality seeds, India's foodgrain production for 2020-21 crop year is estimated at 303.34 million tonnes — an all-time record. It is estimated to be 5.84 million tonnes higher than the output in 2019-20 which stood at 296.50 million tons. This will be the fifth consecutive year of record production, propelled by record production of rice, wheat, pulses and cereals.

As per the second advance

estimate released by the Ministry of agriculture, production of both paddy and wheat is estimated to touch a new high of 120.32 million tonnes (118.87 million tons during the fourth advance estimate 2019-20) and 109.24 million tonnes (107.86 million tons), respectively, in 2020-21 a record high.

The projection of record production is significant amid the Covid-19 pandemic and farmers' agitation. Punjab, which has been the nerve centre of farmers' protest, has seen record procurement of rice at 13.58 million tonnes, which is 24 per cent

more than last year.

Pulses production, too, is slated to get a slight boost to 24.42 million tons nearly 1.4 million tons more than the previous year, mainly because of a record gram production which is expected to be around 11.62 million tons.

Total oilseed production during 2020-21 is estimated at 37.31 million tons which is 4.09 million tons more than the production of 33.22 million tons during 2019-20. The higher oilseed output is on account of higher yields expected in all three major oilseed crops —

groundnut, mustard and soyabean. The production of maize is also expected to be a record one at 30.16 million tons. Aided by a record maize production, total output of coarse cereals in 2020-21 is expected to go up to 49.36 million tons, which is nearly 1.6 million tons more than that in the previous year. Cotton production is estimated at 36.54 million bales (of 170 kg each), which is nearly half a million bales more than last year.

Similarly, sugarcane output is expected to be around 397.66 million tons which is substantially higher than the previous

year's 370.5 million tons.

"After achieving self-sufficiency in pulses, our focus is on raising oilseeds output to reduce dependence on edible oil imports. This year, we are likely to cross 34 million tonnes as against last year's fourth advance estimate of 33.4 million tonnes. The production of oilseeds will go up in subsequent years," the official said.

"There has been no impact of pandemic and farmers' agitation in farm activities so far in the country. Farmers in Punjab actively participated in the procurement exercise and planted

wheat across areas at last year's level," the official said.

The year-on-year record production has resulted in a surge in farm exports, which rose 25% to ₹1.02 lakh crore in the first three quarters of fiscal 2020-21.

The Union Government bought a record 658.61 lakh tons of kharif (monsoon crops) paddy in its ongoing procurement operations, 16.56 percent more than it did last year. Nearly 95.23 lakh farmers have been paid minimum support prices worth ₹1.24 lakh crore for these purchases, the data show.

# ₹1.15L cr transferred to 10.75 cr farmers under PM-Kisan scheme

PNS ■ NEW DELHI

The Modi Government on Wednesday said it has transferred over ₹1.15 lakh crore directly to bank accounts of more than 10.75 crore farmers under the PM-KISAN scheme and asked states to ensure that all eligible beneficiaries are covered in this flagship programme.

Addressing a function on the occasion of the second anniversary of the PM-KISAN, Union Agriculture Minister Narendra Singh Tomar said the Government has enhanced the income of farmers by providing ₹6,000 annually to farmers under this scheme in three equal instalments.

# 2 ultras killed in Anantnag

**Jammu:** Two terrorists were eliminated by the joint team of security forces in Shalgul forest area of Srigufwara Anantnag on Wednesday. The operation was launched by the Anantnag police along with 3RR after receiving intelligence inputs about the presence of a group of terrorists in the said area.

According to a police spokesman, “during the search operation as the presence of terrorists got ascertained they were given an opportunity to surrender, however, they fired indiscriminately upon the joint search party, which was retaliated leading to an encounter”. “In the ensuing encounter, two unidentified terrorists were killed and their bodies were retrieved from the site of encounter. The identification and affiliation of the killed terrorists is being ascertained” a police spokesman added.

Before confirming the identity of slain terrorists the local police authorities announced incase any family claims the killed terrorists to be their kith or kin, they can come forward for their identification at PCR Kashmir.

Arms & ammunition including 02 AK rifles and other incriminating materials were recovered from the site of encounter, a police spokesman said. **PNS**

## UP high school student gangraped, stabbed

**Gonda (UP):** In yet another shocking crime in Uttar Pradesh, a high school girl student in Mankapur Kotwali area of Gonda district was gang-raped and then stabbed by four men.

The girl was returning home from school on Tuesday evening when she was waylaid by four accused and dragged to a sugarcane field. The four men, one of whom belongs to her village, raped her by turns and then stabbed her on the hand, warning her not to report the incident. The girl returned to her home and informed her parents after which she lodged a complaint with the police. The police spokesman at Mankapur police station said that a case had been registered against the four accused for rape and under provisions of the POCSO Act. **IANS**

# Sasikala wants Amma’s loyalists to join hands for Assembly polls

**KUMAR CHELLAPPAN ■ CHENNAI**

The 73rd birth anniversary of former Chief Minister and AIADMK supremo J Jayalalithaa saw her close aide V K Sasikala asking “all Amma loyalists” to come together and fight the upcoming assembly elections to usher in Amma rule for the next 100 years.

Sasikala, who reached Chennai a fortnight ago after a 23-hour car journey from Bangalore where she was undergoing imprisonment for four years as an accused in a Disproportionate Asset case, garlanded a picture of Jayalalithaa at the former’s T Nagar bungalow and briefly spoke to her loyalists, mainly Amma Makkal Munnetra Kazhagam (AMMK), a political outfit floated by her nephew TTV Dinakaran.

“The true cadre of Amma should come together and win the elections to form the government. Amma has mandated that even after 100 years, our government should be there. I am confident that you would accomplish that. I will also stand by you. Very soon, I will meet the people and the cadre,” said Sasikala in her brief speech. AIADMK cadre and Tamils address Jayalalithaa as Amma as a mark of reverence.

Sasikala did not mention the name

AIADMK even once. She wanted all cadres of Amma come together to win the elections. “To achieve that, you all should stand by me. Each one of you should work like bees and offer the victory in elections to her. You should take a vow towards this and work hard,” said Sasikala giving enough indications about who the queen bee is.

Though no known AIADMK leaders were present during the small function, leaders of fringe outfits like AISMK, Naam Tamilar (a Tamil chauvinistic organisation) and P R Pandian a CPI-leader-turned-farm leader called on Sasikala along with movie maker Bharati Raja called on Sasikala.

By evening there were reports that a Third-Front under Sasikala’s leadership was being formed and film actor Vijayakanth would cast his lot with this front. Though Vijayakanth has been immobilized because of indifferent health, his spouse Premalatha who is the treasurer of the DMDK had declared her support for Sasikala.

The AIADMK is yet to commence its talks on seat sharing with prospective allies. The DMDK has been expressing restlessness over the delay in seat-allocation talks. It is expected that the talks would gather momentum once the Election Commission of India announces the poll schedule this week.

## Chikkaballapur blast: 5 nabbed, 2 K’taka cops suspended

**Chikkaballapur:** A day after an ‘accidental explosion’ in a quarry killed six persons in Karnataka’s Chikkaballapur, police arrested five persons including three partners of the mining firm, and suspended two police officers on Wednesday.

According to the police, the arrested are Raghavendra Reddy, Venkataswara Reddy and Madhusudhan Reddy, who are partners of Sri Bhramaravasin Sanders while Praveen is a manager of this company and Mohammed Riyaz Ansari is the driver of the vehicle who drove the victims along with explosive materials.

Superintendent of Police Mithun Kumar G.K. told IANS that two police officers - Gudibande police station inspector Manjunath M.N. and sub-inspector G.R. Gopal Reddy have been suspended. He said these officers had failed to act “in time” against the owners of Bhramaravasin Sanders for illegal blasting and storage of explosives. “Since the police officials failed to arrest the accused despite complaints, they were suspended,” he said.

Following the incident on Tuesday, Karnataka Home Minister Basavaraj Bommai who had inspected the spot had directed Inspector General of Police (Central Range) M. Chandra Shekar to form three special teams to nab the culprits. Accordingly, the IGP had formed the teams under the supervision of Chikkaballapur SP Mithun Kumar. **IANS**

### DADRA NAGAR HAVELI MP’S SUICIDE

# Cong alleges UT Administrator was among officials who harassed Delkar

**TN RAGHUNATHA ■ MUMBAI**

Demanding an enquiry into the alleged suicide by sitting MP Mohan S. Delkar, the ruling Congress on Wednesday turned the needle of suspicion towards Administrator of the Union Territory (UT) of Dadra, Nagar Haveli and Daman & Diu and former BJP MLA Praful Patel who, it alleged, was among the UT officials that harassed Delkar leading the latter ending his life.

In a video-conference held with Maharashtra Home Minister Anil Deshmukh, State Congress general secretary Sachin Sawant and party’s spokesperson Dr Raju Waghmare alluded to a video clip released by late Delkar in mid-2020 and the suicide note left by the latter and rooted for thorough investigations into the circumstances leading to the suicide by the sitting MP.

“The tragic end of Mr Delkar needs to be investigated. He has left A 16-page suicide note in which he has mentioned the names of all the officials who harassed him. It is being discussed among people that he had mentioned the name of Praful Patel, who is currently working as the Administrator of Dadra, Nagar Haveli and Daman & Diu since 2016,” Sawant and Dr Waghmare said in their representation to the State Home Minister.

“Mr Patel is a former BJP MLA from Himatnagar constituency in Gujarat for its 12th legislative Assembly. He also served as an Minister of State for Home of Gujarat and is very close to the RSS and BJP’s national leadership,” the two Congress leaders said.

“It is pertinent to note that Delkar travelled to Mumbai late on Sunday, checked into a hotel and committed ‘suicide’ by hanging himself in the room. He may have chosen to come to Mumbai committing suicide because of he was not sure to get justice in the Union Territory,” Saware and Dr Waghmare said.

“He must have come to Mumbai with an expectation from the MVA government that the culprits who compelled him to take the extreme step would be punished by law,” the two Congress leaders stated in their letter. On his part, the State Home Minister gave a patient hearing to the Congress, accepted their two-page representation and assured them that he would direct the Mumbai Police to look into the matter.

In their interaction with Deshmukh, the two Congress leaders alluded to a video released by Delkar sometime in mid-2020, in which the latter had threatened to resign as the MP as he could no longer bear the “insults and humiliating treatment” meted out to him

continuously.

“Delkar was clearly seen targeting the BJP in the video. The words used by him shed light on how he was targeted by the Modi government,” the Congress leaders said in their representation to Deshmukh.

It may be recalled that Delkar was found hanging in a hotel in the Marine Drive in south Mumbai on Monday. Fifty-eight-year-old Delkar is suspected to have committed suicide by hanging himself.

The preliminary investigations had suggested Delkar had committed by hanging himself in the hotel room. His body was found in the hotel on Monday. Delkar’s body was subsequently taken to JJ Hospital where after a post-mortem, his viscera has been preserved for histopathological examination to ascertain the exact cause of the death. Later, his mortal remains were handed over to his family members on Tuesday for taking to Silvassa, where his last rites were performed later in the evening.

While confirming that Delkar’s body had been handed over to his family, Mumbai’s Deputy Commissioner of Police (operations) and police spokesperson S Chaitanya had declined to comment on the investigations. “We cannot say anything at this stage. Investigations are in progress,” Chaitanya had said.

## Shahjahanpur woman was set ablaze after failed gangrape bids

**Shahjahanpur (UP):** The BA second year student who was found half-burnt near a highway in Shahjahanpur, has now told the police that three people tried to rape her in a field near Rai Kheda village on Monday evening and when they did not succeed, they poured kerosene and set her on fire.

Superintendent of Police S. Anand said that the girl gave this statement to the investigators. She has not yet named the accused.

The victim has now been admitted to Civil Hospital in Lucknow. She has suffered more than 70 per cent burn injuries on the stomach chest and neck.

The police officer, however, said that she frequently changed her statements and also said that she was not aware how she reached the hospital from the third floor of her college building.

In CCTV footage, the girl, a student of a college run by a trust of former union minister Swami Chinmayanand, was seen coming down alone from the third floor, the police said.

The SP said, “With the help of CCTV footage, we have found that the girl went out of the college campus from a broken outer wall about 20 minutes after entering the premises and was seen walking alone on a canal road.”

Before that, the girl could be seen talking to her friends outside a classroom and visiting a library.

Three teams led by deputy superintendents of police (DSP) as well as an SOG team have been deployed. **IANS**

## AP records 94 more Covid cases, tally 8.89 lakh

**Amaravati:** Andhra Pradesh recorded 94 new Covid cases on Wednesday, raising the state’s tally over 8.89 lakh, even as 66 more persons recovered from the virus in the past 24 hours.

Chittoor district reported the highest number of cases at 21, followed by Visakhapatnam (15), Anantapur (11), Srikakulam (9) and East Godavari and Guntur (8 each) with Kadapa and Nellore (5 each), Krishna and Vizianagaram (4 each) and Kurnool and West Godavari (2 each).

East Godavari’s tally crossed 1.24 lakh, the highest among all Andhra districts, while the state’s positivity rate fell to 6.44 per cent, which is still higher than the national average of 5.18 per cent.

Surprisingly, the state’s active coronavirus cases rose back over 600 to reach 603 in the past 24 hours. But no fatalities occurred due to the virus in the past 24 hours, retaining the total number of deaths at 7,168. Powered by 66 more recoveries, total recoveries crossed 8.81 lakh in the southern state.

With 32,494 more tests, total Covid tests in Andhra Pradesh crossed 1.38 crore. **IANS**

# Amaravati activist hits BJP leader with slipper during TV debate

**Amaravati:** A live debate on a Telugu news channel turned ugly when one of the panelists assaulted a BJP leader with a slipper.

During the political debate on Tuesday night, Kolikapudi Srinivasa Rao, an activist working against the trifurcation of Amaravati, removed his slipper and hit BJP’s Andhra Pradesh general secretary Vishnu Vardhan Reddy after a verbal duel over some comments made by Reddy on former chief ministers.

Enraged by these remarks, Rao fired back at Reddy saying he was talking “nonsense”. He was aided by condemnation from another panelist who logged in virtually from home.

“You are crossing your limits,” Reddy warned Rao, but he said that he will repeat the “nonsense” word 100 times.

As the debate heated up, Reddy accused Rao that he should wear a Telugu Desam

**Enraged by these remarks, Rao fired back at Reddy saying he was talking “nonsense”. He was aided by condemnation from another panelist who logged in virtually from home**

Party (TDP) flag and then debate, hinting that he was a TDP supporter.

“Wear a TDP flag and talk or go and work in the TDP office. Who are you? Who are you to ask me? Should I do your paid artist job?” fumed Reddy.

On hearing the “paid artist” jibe, an infuriated Rao removed his slipper and struck Reddy on his face and questioned him “who is a paid artist?”

Those opposing Rao’s trifurcation are termed as “paid artists” by their political opponents, who allege that they are opposing trifurcation as the land value in Amaravati region will plummet. **IANS**

# Man ends life over mother-wife feud

**Moradabad (Uttar Pradesh):** Upset over a feud between his mother and wife, a 37-year-old man allegedly committed suicide by jumping off the fifth floor of a residential building in Pakhwara area of Moradabad.

The man’s wife and his mother were allegedly having an argument at the time when the incident took place on Monday night, police said.

The deceased has been identified as Sachin Saini. The man, who was lying in a pool of blood, was rushed to a private hospital on Delhi road from where he was referred to a higher facility in Delhi.

SHO Pakhwara, Rajni Dwiwedi said, “The man succumbed while on the way to Delhi. Prima facie, it appears that the man took the extreme step in a fit of rage as he was upset over frequent fights in the family. The body has been sent for post mortem. Further investigation is underway.” The deceased, who owned a crockery shop in Pakhwara area, is survived by mother, wife and son. **IANS**

# Kerala CM withdraws cases over Sabarimala, CAA protests

**Thiruvananthapuram:** Under pressure from numerous quarters, the Pinarayi Vijayan government in Kerala on Wednesday decided to withdraw cases against protesters on the Sabarimala temple issue and also against those involved in anti-Citizenship Amendment Act protests.

The state Cabinet decided to withdraw the cases as they are not serious criminal cases.

Incidentally, Vijayan was forced to take this decision after the Congress-led opposition said if they return to power, they would withdraw all these cases. Reacting to the Vijayan’s decision, Leader of Opposition Ramesh Chennithala said while he welcomes this decision, it came a bit late and the reasons why it has been made now is known to all, hinting at upcoming Assembly polls.

But BJP leader Kummanam Rajasekheran said he fails to understand why the decision appears to have come with a rider that “serious criminal

cases” will not be withdrawn.

“The government should first make things clear on which are those cases that fall under the serious category. We all expected that the government would apologise to the people for having unleashed a police raj against the Sabarimala believers and then they should have withdrawn each and every case that was registered against the believers who protested over violation of temple traditions,” said Rajasekheran.

G. Sukumaran Nair, general secretary of the Nair Service Society - the socio-cultural body of the Hindu Nairs - said this is certainly a good step of the Vijayan government.

“We were the first to demand this but I don’t think all the issues will end with this,” said Nair.

Back in 2018, Vijayan rubbed Sabarimala temple worshippers the wrong way when his government announced that it would go forward and implement the apex court order which said the temple should be

open to all women, as against the tradition and customs, no women in the age group 10 to 50 are allowed.

That led to massive protests by angry worshippers who came out in large numbers and fought a bitter battle with the police who were trying to escort women who came to break the tradition. During that period numerous cases were registered against the protesters.

Things took a turn for the worse for Vijayan when the LDF was able to win just one of the 20 Lok Sabha seats in Kerala and the single reason attributed was the anger of the Hindu community over breaking of the Sabarimala temple tradition.

And now with the Assembly polls round the corner, it remains to be seen, with the damage already done, how far this will benefit Vijayan who is aiming to become the first Chief Minister in the state’s history to return to power by winning two successive elections. **IANS**

## Cop killed in Bihar encounter with liquor mafia

**Patna:** A Sub-Inspector in Bihar’s Sitamarhi district was killed in an encounter with a liquor mafia gang while a guard sustained injuries on Wednesday afternoon. Sources said that a smuggler was also killed.

The encounter took place in Kunwari village around 12.15 pm.

P.N. Sahu, Deputy Superintendent of Police Sitamarhi confirmed the incident.

Sahu said that there was information about Sub Inspector Dinesh Ram posted in Majorganj police station who sustained gunshot injuries and later succumbed in Sadar hospital. There strict liquor prohibition laws in Bihar. **IANS**

# Union MoS Defence Shripad Naik discharged a month after road accident

**IANS ■ PANAJI**

More than a month after he was hospitalised following a road accident in Karnataka, Union Minister of State for Defence Shripad Naik on Wednesday was discharged from a top Government hospital.

Speaking to reporters, Dr. Shivanand Bandodkar, dean of the Goa Medical College, the state’s apex health facility, said that Naik’s wounds had healed well and he may be in a position to attend the budget session of Parliament, which is scheduled to reconvene after the ongoing break, in March.

“He has healed well. His thigh bone fracture is also healing. He needs rest, which he can take at home,” Bandodkar told reporters at the time of the Union Minister’s discharge.

“We will conduct an x-ray sitting again and after examining his condition, we will consider permitting him (to attend

Parliament). Considering his health, he may be able to attend it, but we will be able to say only after examination of his x-ray then,” the top medical official said.

Naik was travelling by car along with his wife and an aide in the north Kannada district as part of a private visit when his car overturned near Yallapura on January 12. His wife and an aide died from injuries received during the accident.

Speaking to reporters while escorting Naik out of the hospital, the Union Minister’s son Siddesh thanked Prime Minister Narendra Modi, Defence Minister Rajnath Singh, Chief Minister Pramod Sawant for their assistance.

“Everyone has helped us a lot. I want to thank the Prime Minister and Defence Minister, other Union Ministers and party officials, Chief Minister and Health Minister and all party workers, because of whose support and blessings we were able to overcome this phase,” Siddhesh Naik said.

## At least 4 killed, 7 injured in road accident in Burdwan

**Kolkata:** In a tragic accident, a speeding truck mowed down as many as 11 people, killing at least four in the spot, in West Bengal’s Burdwan district on Wednesday.

Police said the incident took place on the National Highway (NH)-2 this evening near Palait when the truck hit a group of passengers waiting for local transport along the highway.

At least four people were killed in the spot while seven others were taken to a nearby hospital with critical injuries. The condition of five injured passengers is really serious, sources said.

The truck was coming from Kolkata side and after the incident it fled the spot. The police have launched search drive to find the offending vehicle. **IANS**

## Four missing UP girls found in Uttarakhand

**Lakhimpur Kheri (UP):** The four girls who went missing on their way to school on Tuesday, were found in Uttarakhand on Wednesday. SP Vijay Dhul said that the girls had left their homes to visit Uttarakhand. They were staying at a hotel under Muni ki Reti police station in Tehri Garhwal district.

They have been safely recovered by a police team that went from here. The Uttarakhand police also helped in tracking down the girls.

The police team is now bringing the girls back.

According to the police, technical surveillance was used to track down the girls, three of whom are minors.

One of the girls, 20, a student of Class 12, had left home with Rs 25,000 cash. She, along with three minor girls aged between 15 to 16 years, were seen boarding the bus.

The SSP said, “The bus conductor, who identified the girls, said he had dropped them at Sitapur bus stand. It appears from the CCTV clips and the conductor’s account, that the girls left home on their own. We do not see anyone accompanying them.” **IANS**

FIRST COLUMN

TEXAS MUST READ UP ON GLOBAL WARMING

Climate change doesn't care whether you believe in it or not. And it may get worse

GWYNNE DYER

It's not funny when people die of the cold but there was some innocent amusement to be had from the indignation of Texans unable to boil their drinking water during the 'Big Freeze' because the power was still out. Things like that are not supposed to happen in a modern, developed country like the US of A. How dare they? Others, aware that Texas has cut every corner in public services that it's possible to cut, were unsurprised by the five-day mini-disaster that struck the country's second-biggest State. One blogger wrote philosophically: "Occasionally, something will happen in Texas to remind the people who live here that we live in a failed State." A winter temperature 25°C colder than usual for the time of year is rare, but this is not the first time it has snowed in Texas. The electricity failed, triggering a cascade of other disasters, mainly because of a long-standing refusal to connect the State power grid with the two main national ones. (This was done to avoid federal supervision on prices and standards). Others have cold snaps too. Germany, Russia, Canada, even northern China get much colder than Texas, but they don't end up freezing in the dark because they are prepared for it.

Texas could have been prepared for it, too, but somebody in power would have had to read science journals for that. Since they almost all got elected with donations from fossil fuel producers, that was never very likely. The "explainers" in the media talk about a rogue 'Arctic vortex', but what's really happening is much simpler.

It's just what global warming has done to the northern hemisphere's 'jet stream.' The northern jet stream is a high-speed, high-altitude atmospheric 'river' that flows from the West to the East all the way around the planet. It marks the boundary between the Polar air mass, sometimes called the 'Polar Vortex', and the warmer air masses of the mid-latitudes. East-bound airliners crossing the North Atlantic and the North Pacific often hitch a ride on the jet stream, saving up to an hour. The energy that drives the jet stream comes from the temperature difference between the two air masses it divides. However, the Arctic is warming much faster than the rest of the world, so that difference is shrinking and, with less energy the jet stream is slowing down. It used to blast straight East but even then it occasionally developed long S-shaped kinks called 'Rossby waves.' These are big loops extending far North and South of its usual track. As it has slowed down (the average speed is now 150-225 kmph), the Rossby waves have grown more frequent and bigger. They are often now great loops deviating from the straight track and bring with them cold Polar air rarely seen so far South, or warm air not seen previously so far North. That's what happened to Texas last week: One of those Rossby waves brought cold Arctic air all the way South. This pattern will recur and Texans will have to live with it.

Climate change doesn't care whether you believe in it or not. And it may get worse. In June-July 2018 record-breaking heatwaves hit western US, Western Europe and the Caucasus-Caspian Sea region, while there was extreme rainfall and flash flooding on the US east coast, in eastern Europe and Japan. It was all happening in big Rossby loops that had taken over the jet stream. All the loops, containing hot dry air or cool moist air, were stuck for over two weeks. By last year, researchers had found that over the last 20 years the same pattern of seven stalled peaks and lows over the same regions has lasted seven times for more than two weeks. In the previous 20 years (1980-2000), that had not happened even once. This suggests that the pattern is getting stronger. And, since the latitudes where the loops are stalling include most of the major "breadbasket" regions of the northern hemisphere, the crop-killing droughts and heatwaves they bring could cause a big loss in world food production. It's the unknowns that do the worst damage.

(Gwynne Dyer's new book is 'Growing Pains: The Future of Democracy and Work.' The views expressed are personal.)

Time to tackle online gender violence

Despite the existence of regulatory mechanisms, we have not been able to effectively handle online safety challenges owing to the lack of proper implementation

SHRUTI SHREYA

SHEFALI MEHTA

A SURVEY CONDUCTED BY FEMINISM IN INDIA UNDERScored THAT 50 PER CENT OF WOMEN IN MAJOR CITIES OF INDIA HAVE FACED ONLINE ABUSE. HOWEVER, WOMEN ARE NOT THE ONLY VICTIMS OF SUCH ABUSE. THERE IS CONCURRENTLY RAMPANT ONLINE HARASSMENT FROM MARGINALISED GENDERS AND SEXUALITIES AS WELL

This includes putting limitations on their ability to engage in meaningful activism to respond to the challenge of gendered cyberhate itself. This leads to serious concerns of violation of both rights guaranteed under international human rights laws and the Constitution of India, including their right to free speech, right to informational privacy, right to bodily integrity and right to reputation, to name a few. As another major concern, it is seen that women who depend on the internet to earn their livelihood are more prone to receiving online hate. This causes serious repercussions for them to find and keep access to their jobs and socially and professionally network themselves — causing blatant breach of their right to livelihood and gender equality.

**Understanding and solving the problem:** We must not forget that India has not only bagged one of the top ranks for having the highest number of internet users, but it is also the country that tops the statistics of global sexual harassment. The harassment faced by women in the physical world is mirrored by the image harassment faced by them in the online world. A survey conducted by Feminism in India underscored that 50 per cent of women in major cities of India have faced online abuse. However, women are not the only victims of such abuse. There is concurrently rampant online harassment of individuals from marginalised genders and sexualities as well. A truly intersectional view of the issue demands that it is specifically

addressed through policy and law, as it is evident that the laws at present that were created with the purpose of protecting women are failing at their task to create a safe place online. Cyberhate, specifically, is a growing issue in the Indian online space. With a charged society polarised by religion and politics, the instances of hateful, violating, or mean comments that occur in the comment sections, forums and on other websites or social media have multiplied. In the case of cyberhate not all violations may be explicitly against the law, they are still serious and unacceptable as a part of online presence, as much as it would be in the physical society. It is important to recognise that to truly tackle the issue of cyberhate, our society, platforms and institutions including the Government must come together. Cyberhate must be dealt with at a societal level through awareness and change in mindsets while institutions must provide for zero tolerance and also grievance redressal. It must exist at all levels. For example, employers must show a responsibility and obligation towards staff to provide them with tools or resources to deal with the cyberhate that they might face as a consequence of the work they are required to do online. Also, legal measures and institutional methods against hate speech are unlikely to be able to tackle the sheer volume of online publications. A complete solution would be to work together with ISPs and platforms i.e. intermediaries to develop comprehensive codes of conduct or community guidelines based on

which removal of offensive content takes place. Platforms have the ability to use their technology to detect such content and thereby filter/flag or even remove it. It is equally important to enhance their responsibility in these scenarios to be able to complement the efforts of law enforcement.

**The way forward:** With the IPC, IT Act and the POC SO rules in place we have adequate laws to tackle cyberhate. The challenge is to effectively implement these laws to ensure safe online space. The Draft Intermediary Guidelines, 2018, envisaged under the IT Act received extant criticism owing to its deleterious impact on free speech and privacy of users. If implemented, it would pierce the encryption-enabled anonymity enjoyed by women and marginalised groups. This anonymity is crucial to tackle trolls with counterspeech and ensure online safety. A recent study explains how the mandate of proactive monitoring under the Draft Guidelines by using automated tools and introducing traceability, by breaking encryption, would undermine the safety of users.

Despite the existence of regulatory mechanisms, we have not been able to effectively handle online safety challenges owing to the lack of proper implementation. The onus of reform cannot be entirely placed on regulation and also lies on the participants in the ecosystem who have a major role in ensuring that progressive laws and policies are rightly implemented and followed. It is the duty of the State to effectively prosecute perpetrators of online hate.

POINT COUNTERPOINT

FOR ME, COMING TO KERALA WAS REFRESHING AS I FOUND THAT PEOPLE ARE INTERESTED IN ISSUES. NOT SUPERFICIALLY BUT GOING INTO DETAILS. —CONGRESS LEADER RAHUL GANDHI

A FEW DAYS AGO HE WAS IN THE NORTH-EAST SPEWING VENOM AGAINST THE WESTERN PART OF INDIA. TODAY HE IS SPEWING VENOM AGAINST THE NORTH. —BJP PRESIDENT JP NADDA

Bumps in the way of adoption of EVs in India

EV technology is the future of mobility but dithering Government measures mean that this amazing technology is still stuck in neutral

KOTA SRIRAJ

Rising fuel prices, a nascent electric vehicle (EV) support infrastructure and the recently-announced vehicle scrappage policy amid worrying pollution levels, are creating an unprecedented crisis of sorts for Indians as far as commuting is concerned. These conditions are exacerbated by a creaking public transport system that is bursting at the seams. The seemingly unstoppable rally of fuel price hikes is undoubtedly the most disturbing development so far for a nation that is battling a pandemic-induced economic downturn and dwindling income levels.

In view of a divided and weak Opposition, that repeatedly fails to take up key issues that affect the common man, the Government has mustered enough confidence to dish out 21 fuel hikes in the

first two months of the new year, if media reports are to be believed. For many of us, the rise in pollution levels and fuel prices has come as an indication to shift towards EVs or public transport, but in these times of Coronavirus-induced social distancing, jostling in a crowded public conveyance does not seem to be a natural choice.

The finality of making an alternative choice for commuting has been further strengthened by the announcement of the vehicle scrappage policy which makes owning an old vehicle in Delhi-NCR impossible and very costly elsewhere in the country. Though this policy has delighted auto manufacturers as new vehicle demand is expected to soar, the citizens whose budgets have been severely hit by the pandemic may not share the same enthusiasm, as many of their perfectly maintained vehicles will end up in scrapyards. In the midst of this chaos, the EV industry is emerging as the apt solution for all the existent problems, but the Indian EV sector is anything but fully ready to meet the challenge.

The auto sector, which was experiencing a slowdown even before the virus' outbreak, came to its knees as the full impact of the COVID-19 contagion was unleashed. The Union Budget addressed the sector's concerns by focusing on reliefs such as tax holidays for EV startups. The setting aside of ₹2,217 crore for 'Clean Air', for 42 urban centres with a million-plus population is also a good move that can spread awareness about the environmental benefits of EVs.

Similarly, the Government's plan for strengthening the public transport sector under the Public-Private-Partnership model with an outlay of ₹18,000 crore for operating 20,000 buses is encouraging for the EV industry.

The scheme can help fight air pollution effectively. But inexplicably, this is where the Government's vision gets blurry as the Budget does not mention any EV-focused initiative or policy, including Faster Adoption and Manufacturing of Electric Vehicles (FAME).

Other expectations, including the ramping up of EV charging infrastructure, enablement of retail financing for EVs and moderation of the inverted Goods and Services Tax (GST) structure along with lowering of taxes on EV input components, including battery, were also not addressed.

The EV manufacturers were hopeful of a firmer policy commitment from the Government, especially in the duty structure pertaining to batteries. The Budget platform could have been used to fix the inverted duty structure for components such as batteries from 18 per cent to five per cent and for charging/swapping infrastructure services, too, from

18 per cent to five per cent. For instance, a lithium-ion battery fitted in an EV attracts 12 per cent GST but it is 18 per cent GST when sold separately. Correction of such issues would have lent enormous confidence to EV manufacturers and provided a much-needed push to the sector. Similarly, lowering of import duties on automotive parts instead of raising them would have had the same positive impact on the spirit of the industry, besides lowering the critical costs of production.

The absence of an aggressive push from the Government for the indigenous EV industry has raised concerns for its future. World leading EV manufacturers such as Tesla are already eyeing the huge potential of the Indian market. In fact, Tesla has already registered itself as

an entity in India in Bengaluru, with the intention of manufacturing EV cars. Hyundai's Kona and Morris Garages' ZS EV, are already making inroads in the Indian market as we speak. With competition already getting hot, Indian EV manufacturers need more support from the Government in the form of sops, tax holidays for four-wheel EV makers, better GST structures and lower import duties besides robust financing options for the consumers. These measures combined with superior nationwide charging infrastructure can render fossil fuel cars obsolete, paving the way for their phase-out.

EV technology is the future of mobility but dithering Government measures mean that this amazing technology is still stuck in neutral in the country.

# Oli in no mood to resign, ready to face Parl: Official

PTI ■ KATHMANDU

Nepal Prime Minister KP Sharma Oli will not resign immediately and implement the Supreme Court's verdict against him by facing Parliament that is due to convene within two weeks, an official representing the embattled premier said on Wednesday.

In a landmark ruling, a five-member constitutional bench led by Chief Justice Chandra Shumsher on Tuesday annulled the Oli government's "unconstitutional" decision to dissolve the 275-member lower house of Parliament. The court also ordered the government to summon the House session within the next 13 days.

Nepal plunged into a political crisis on December 20 after President Bidya Devi Bhandari dissolved the House and announced fresh elections on April 30 and May 10 at the recommendation of Prime Minister Oli, amidst a tussle for power within the ruling Nepal Communist Party (NCP).

Oli's Press Advisor Surya Thapa said the prime minister,

Nepalese supporters of a splinter group in the governing Nepal Communist Party participate in a rally to celebrate the Supreme Court order in Kathmandu on Wednesday

who turned 69 this week, intends to implement the verdict of the apex court after facing Parliament that is due to convene within two weeks.

"The Supreme Court's verdict is controversial, however, it should be accepted and implemented. Its effects will be seen in the future as the decision has not provided any solution to the political problems," Thapa said. He claimed that the apex court's verdict will further fuel instability and pave way for

power-play. "The Prime Minister will face the House of Representatives to implement the verdict but will not tender his resignation as of now," Thapa was quoted as saying by The Himalayan Times.

Oli's Chief Advisor Bishnu Rimal, mirroring Thapa's sentiments, said that all will have to accept the court's decision. "However, it provides no solution to existing political complications," Rimal said.

## Senate confirms Linda as US Ambassador to UN

PTI ■ WASHINGTON

Linda Thomas-Greenfield, a veteran diplomat and Joe Biden's nominee, has been confirmed as America's next ambassador to the United Nations by the US Senate, adding a key member to the President's national security team as it seeks to reengage with the world body.

The 100-member Senate on Tuesday backed Thomas-Greenfield by 78 to 20 votes to be US' representative at the world body and a member of Biden's Cabinet. Thomas-Greenfield, 68, is a 35-year veteran of the Foreign Service who has served on four continents, most notably in Africa.

Vice President Kamala Harris is scheduled to administer her the oath of office at the White House on Wednesday.

"Today's Senate confirmation of Linda Thomas-Greenfield as the US Permanent Representative to the United Nations reinforces President Biden's commitment to restore and expand American leadership on the global stage," Secretary of State Tony Blinken said.

"Thomas-Greenfield is a seasoned diplomat, deeply committed to American values, and the right choice to rebuild our nation's standing at the UN and in other multilateral venues. I congratulate her on her confirmation, and eagerly anticipate our partnership in serving the American people and their interests," Blinken said in a statement.

# Experts fear fresh wave of prisoners in Myanmar

AP ■ JAKARTA

Whether taken from their homes in the middle of the night or grabbed off the streets during protests, hundreds of people have been arrested in the weeks since Myanmar's military coup, leading human rights groups and experts to fear a sizable expansion in the number of political prisoners in the country.

As of Tuesday, some 696 people — including monks, writers, activists, politicians and others — had been arrested in relation to the coup, according to the Assistance Association for Political

Prisoners, or AAPP, a Myanmar-based organisation. Many of those arrested were charged using a legacy of laws — some dating back to British colonial times and others instituted under previous military regimes — that have been used against critics by every government, including the one led by Aung San Suu Kyi's National League for Democracy party, which was ousted in the Feb. 1 coup.

Prisoners, or AAPP, a Myanmar-based organisation. Many of those arrested were charged using a legacy of laws — some dating back to British colonial times and others instituted under previous military regimes — that have been used against critics by every government, including the one led by Aung San Suu Kyi's National League for Democracy party, which was ousted in the Feb. 1 coup.

## Myanmar's military junta must relinquish power: US

PTI ■ WASHINGTON

Myanmar's military junta must relinquish power and restore the democratically-elected government, the US has said, asserting that it stands with the people and supports their aspirations in reinstating

a civilian-led government in the country. Myanmar's military early this month toppled the government and seized power for one year, detaining top political figures, including de facto leader Aung San Suu Kyi and President U Win Myint in the bloodless coup.

## Indonesia presses regional effort to resolve Myanmar crisis

**Bangkok:** Regional diplomatic efforts to resolve Myanmar's political crisis gathered pace Wednesday, while protests continued in Yangon and other cities calling for the country's coup-makers to stand down and Aung San Suu Kyi's elected government to be returned to power.

## Biden would not be okay if Taliban ruled Af: White House

**Washington:** US President Joe Biden would not be okay if the Taliban ruled Afghanistan, the White House has said, underlining that there is an ongoing process of considering the next steps to ensure peace in the war-torn country.

The US and the Taliban reached an agreement in February 2020 that called for a permanent ceasefire, peace negotiations between the Taliban and the Afghan government, and a withdrawal of all foreign forces by May 1. There are about 2,500 US

troops currently in the country. The Taliban had their ouster at the hands of US-led troops in 2001.

"I don't think he would say he'd be okay with that," White House Press Secretary Jen Psaki told reporters on Tuesday when asked if Biden is okay with the Taliban ruling Afghanistan.

"But again, there's an ongoing process of considering the next steps in Afghanistan. That's an ongoing discussion, and I'm not going to get ahead of where that sits at this point in time," Psaki said.

## Afghan Taliban have had sanctuary in Pak: Ex-top US general

PTI ■ WASHINGTON

A former top US military official has told lawmakers that the Afghan Taliban have had sanctuary in Pakistan and the terror group originated from the madrassas in that country.

During a Congressional hearing on Tuesday, General (ret) Joseph F Dunford, former chairman of the Joint Chiefs of Staff, also told lawmakers that the probability of civil war is high in the wake of a precipitous US withdrawal from Afghanistan.

## US, Bangladesh agree to address challenges in S Asia, greater Indo-Pacific region

**Washington:** US Secretary of State Antony Blinken spoke with Bangladesh Foreign Minister AK Abdul Momen and the two leaders discussed ways to deepen economic, defence and counterterrorism cooperation while agreeing to work together to address challenges in South Asia and the greater Indo-Pacific region.

Blinken called Momen over the phone on Tuesday. During their call, they discussed Myanmar, a durable solution to the Rohingya refugee crisis, and the importance of respect for labour and human rights.

## Ghana is first nation in world to receive COVAX

**Accra:** Ghana has become the first country in the world to receive vaccines acquired through the United Nations-backed COVAX initiative with a delivery of 6,00,000 doses of the AstraZeneca vaccine made by the Serum Institute of India.

The vaccines, delivered by UNICEF, arrived at Accra's international airport early Wednesday and are part of the first wave of Covid-19 vaccines being sent by COVAX, an international cooperative programme formed to make sure low- and middle-income countries have fair access to Covid-19 vaccines.

## Putin warns of foreign efforts to destabilise Russia

**Moscow:** Russia's President Vladimir Putin ordered the nation's top counterintelligence agency Wednesday to redouble its efforts to address what he described as Western attempts to destabilise the country.

Speaking at a meeting of top officials of the Federal Security Service, or FSB, the main KGB successor agency, Putin pointed at the "so-called policy of containment of Russia," charging that it includes efforts to "derail our development, slow it down, create problems alongside our borders and undermine the values that unite Russian society."

## US to seek election to Human Rights Council for 2022-24 term: Blinken

**Washington:** Asserting that the Biden administration is placing democracy and human rights at the center of its foreign policy, Secretary of State Tony Blinken announced on Wednesday that the US will seek election to the Human Rights Council for the 2022-24 term, almost three years after it quit the UN's top rights body.

Former President Donald Trump withdrew the United States from the UN's Human Rights Council in June 2018, describing it as a "hypocritical and self-serving organisation" that displayed "unending hostility towards Israel".

The Geneva-based Human Rights Council is a 47-member inter-governmental body within the UN system tasked with upholding human rights.

## ENGINE BLAST, FIRE KILL 10 AFGHAN CIVILIANS

**Kabul:** A minivan carrying civilians caught fire on Wednesday after its engine exploded in southern Afghanistan killing 10 family members, including three children, an official said.

## SUSPECTED JEHADI REBELS KILL 10 IN NIGERIA

**Maiduguri:** At least 10 people were killed and about 60 others injured in an attack by suspected jihadist rebels on the northern Nigerian city of Maiduguri, officials said on Wednesday.

## THAI COURT OUSTS 3 CABINET MEMBERS

**Bangkok:** Three Cabinet Ministers in Thailand were forced to leave their posts after a court found them guilty of sedition for taking part in violent protests in 2013-2014 against the Government then in power.

**SEARCH FOR MISSING**

General public is hereby informed that a female (depicted in the photo), **Namely:** Anupa W/o Prince R/o 143, Village Rajpura, Gurmandi, Delhi has been missing since 12.02.2021 from her house. In this regard a case vide DD No. 43A dated 13.02.2021 has been lodged at Police Station Model Town, Delhi. Her physical description is as under:-

**Age:** About 32 Years, **Height:** 5'3", **Complexion:** Wheatish, **Face:** Round, **Build:** Strong, **Wearing:** White colour gown and blue colour jacket & green colour sleeper in feet.

Any person having any information/Clue about this missing female, may inform SHO, Model Town, Delhi at E-mail Id - [cic@cbl.gov.in](mailto:cic@cbl.gov.in) or Website: <http://cbl.nic.in>

**SHO**  
Phone: 011-24368638, 24368641  
Fax No: 011-24368639

# Pvt banks can do Govt-related business: FM

PTI ■ NEW DELHI

The finance ministry on Wednesday allowed all private sector banks to participate in government-related business like collection of taxes, pension payments and small savings schemes.

At the moment, only few large private sector are allowed to conduct government-related business.

This step is expected to further enhance customer convenience, spur competition and higher efficiency in the standards of customer services, an official statement said.

"Embargo lifted on grant of Govt business to private banks. All banks can now participate. Private banks can now be equal partners in development of the Indian economy, furthering Govt's social sector initiatives, and enhancing customer convenience," Finance Minister Nirmala Sitharaman said in a tweet.

Private sector banks, which are at the forefront of imbibing and implementing latest technology and innovation in banking, will now be equal partners in development of the Indian economy and in

furthering the social sector initiatives of the government, the statement said.

"With the lifting of the embargo, there is now no bar on RBI for authorization of private sector banks (in addition to public sector banks) for Government business, including Government agency business.

The Government has conveyed its decision to RBI," it added. The government has already announced its intent to privatise two public sector lenders, other than IDBI Bank, in the Budget 2021-22.

Sitharaman, while presenting Budget 2021-22 earlier this month, had announced the privatisation of Public Sector Banks (PSBs) as part of the disinvestment drive to garner Rs 1.75 lakh crore.

"Other than IDBI Bank, we propose to take up the privatisation of two Public Sector Banks and one General Insurance company in the year 2021-22," she had said.

The government last year consolidated 10 public sector banks into four and as a result, the total number of PSBs came down to 12 from 27 in March 2017.

## Cabinet approves ₹15,000 cr PLI scheme for pharma sector

PTI ■ NEW DELHI

The Government on Wednesday approved a production-linked incentive (PLI) scheme for the pharmaceutical sector, entailing an outlay of Rs 15,000 crore.

The Union Cabinet, chaired by Prime Minister Narendra Modi, approved the scheme which will benefit domestic manufacturers, help create employment and is expected to contribute to the availability of a wider range of affordable medicines for consumers. The duration of the

scheme would be from 2020-21 to 2028-29 and is expected to promote the production of high value products in the country and increase the value addition in exports, an official release said. The total incremental sales of Rs 2,94,000 crore and total incremental exports of Rs 1,96,000 crore are estimated during six years from 2022-23 to 2027-28, it added.

The scheme is expected to generate 20,000 direct jobs and 80,000 indirect employment for both skilled and unskilled personnel, as a result of growth in the sector, the release said.

## Indian corporate bond market can double to ₹65-70 lakh cr by March 2025, says Crisil

PTI ■ MUMBAI

The supply of corporate bonds in the domestic market is expected to double to ₹65-70 lakh crore by fiscal 2025 with the financial sector contributing around 50 per cent to this growth, rating agency Crisil said.

The demand for corporate bonds, however, is likely to be ₹60-65 lakh crore by March 2025.

"Over the next five fiscals, corporate bond issuances outstanding could

more than double from around ₹33 lakh crore or 16 per cent of gross domestic product (GDP) at the end of fiscal 2020 to ₹65-70 lakh crore – tantamount to 22-24 per cent of GDP – by the end of fiscal 2025," the agency's Managing Director Gurpreet Chhatwal said during a webinar.

The financial sector will contribute around 50 per cent of the incremental supply, followed by innovation (close to 25 per cent) and infrastructure (about 20 per cent), the agency said.

## RBI concerned over impact of cryptocurrency may have on financial stability, says Das

PTI ■ NEW DELHI

The Reserve Bank of India (RBI) is concerned over the impact cryptocurrencies may have on the financial stability in the economy and has conveyed the same to the government, Governor Shaktikanta Das said on Wednesday.

"We have certain major concerns about cryptocurrencies. We have communicated them to the government.

It is under consideration in the government and I do expect and I think sooner or

later the government will take a call and if required Parliament also will consider and decide," he said in an interview with CNBC-TV18.

"I want to make it clear that the blockchain technology is different.

Blockchain technology benefits have to be exploited, that is another thing.

But on crypto we have major concerns from the financial stability angle and we have shared it with the government. The government will consider and take a call," Das said.

## Sensex zooms 1,030 pts, Nifty tops 14,950 in extended session

PTI ■ MUMBAI

Equity benchmark Sensex soared 1,030.28 points and the Nifty rallied over 270 points on Wednesday, tracking strong buying in financial stocks, after trading hours were extended following a technical glitch at NSE.

After resumption of trade at 3.45 pm, NSE Nifty zoomed 274.20 points or 1.86 per cent to end at 14,982.

Similarly, the 30-share BSE index settled 1,030.28 points or 2.07 per cent higher at 50,781.69.

Axis Bank was the top gainer in the Sensex pack,

surging around 5 per cent, followed by HDFC twins, ICICI Bank, Bajaj Finance and SBI.

On the other hand, PowerGrid, Dr Reddy's, TCS and Asian Paints were among the laggards.

Minutes before the scheduled closure of trade at 3.30 pm, leading bourses BSE and NSE said their equity and derivatives markets will remain open till 5 pm.

The move came after the National Stock Exchange (NSE) suffered an outage earlier in the day due to technical glitches.

Trading across segments came to a halt at 1140 hrs due to connectivity issues.

## Rupee firms up 11 paise to close at 72.35 against US dollar

**Mumbai:** The rupee furthered its gains by another 11 paise to settle at 72.35 against the US dollar on Wednesday amid persistent selling of the greenback by banks and exporters.

Besides, positive domestic equities and weaker American currency in the overseas market also helped the rupee consolidate gains.

At the interbank forex market, the local unit opened at 72.35 against the greenback and witnessed an intra-day high of 72.26 and a low of 72.41.

## Gold falls ₹148, silver declines ₹886

PTI ■ NEW DELHI

Gold prices on Wednesday fell Rs 148 to Rs 46,307 per 10 grams in the national capital, due to overnight selling in global prices and rupee appreciation, according to HDFC Securities.

The precious metal had closed at Rs 46,455 per 10 grams in the previous session.

Silver also declined Rs 886 to Rs 68,676 per kilogram, compared with the close of Rs 69,562 per kilogram in the previous trade.

## Flipkart plans to deploy 25K electric vehicles by 2030

**Bengaluru:** A day after Amazon India said it has deployed nearly 100 Mahindra Treo Zor three-wheelers, e-commerce marketplace Flipkart on Wednesday said it will deploy more than 25,000 electric vehicles in its supply chain by 2030.

Flipkart said it has already started piloting and deploying two-wheeler and three-wheeler electric vehicles in multiple locations for delivery across the country, including in Delhi, Bengaluru, Hyderabad, Kolkata, Guwahati and Pune, to name a few.

## I-T refunds worth over ₹1.95 L cr issued so far this fiscal year

**New Delhi:** The Income Tax Department on Wednesday said it has issued over Rs 1.95 lakh crore worth refunds to over 1.93 crore taxpayers so far this fiscal. Of this, personal income tax refunds of Rs 69,653 crore have been issued to over 1.90 crore taxpayers and corporate tax refunds of Rs 1.26 lakh crore have been issued in 2.17 lakh cases. "CBDT issues refunds of over Rs 1,95,736 crore to more than 1.93 crore taxpayers between 1st April, 2020 to 22nd February, 2021," the I-T Department tweeted.

## First 'Made in India' piling rig launched

**New Delhi:** With aim to boost "Make in India" campaign and reduce India's dependence on construction equipment imports, Sany India launched its first "Made in India" piling rig, "SR235" for all arduous applications, from soft soil to hard rock. "With the launch of our first-ever 'made in India' SR235 piling rig, Sany India has reaffirmed its commitment to the 'vocal for local' initiative," said Sanjay Saxena, vice president & business head, heavy equipment, Sany Heavy Industry India Pvt Ltd.

# BUILDING RELATIONSHIPS

Virtual assistants extend desired value to consumers with a human touch. MAAZ ANSARI explains how chatbot helps in instant, personal and contextual conversations

>Welcome! I am a chat helper. You can start a new chat or scroll up to see previous chats." You must have noticed these words often popping up in the bottom right section of your screen. A thought might've surfaced in your head, "Ah, so I have a companion for my queries." Of course, you do! But, it isn't a human being. It is a cognitive bot that utilises natural language to simulate conversations. It is one of the wonders of modern technology.

Leveraging state-of-the-art technology, these virtual assistants extend desired value to consumers with a human touch. They can also gauge diverse human emotions and intentions, thereby communicating while building on them accurately.

Consumers today are not merely looking for a product or a service, rather user experience. People look for easier ways to communicate with brands and services. It is because we are living in a world where everything is fast-paced. There's no time to fill out a form and wait till someone calls us back. We need answers to our queries immediately.

Chatbots turn out to be the much-needed alternative that consumers can engage with. And that's making more businesses realise that they should buckle up soon. They must deploy chatbots if they haven't already. Keeping this in mind, let's look at why there is a need to integrate a cognitive virtual assistant or chatbot into a business.

## Automate customer support

In this era of digitisation, more people now dwell online. There is a high possibility that most of your potential customers going forward will discover your

business online rather than physically. They might simply search 'nearby services' on Google rather than asking a bystander. So, it may lead people to interact with businesses solely through digital platform or via digital platforms first.

In fact, customers are getting smarter and tend to stick with solutions that are qualitative and, at the same time, simple to use. Naturally, chatbots have become necessary and emerged as an easy solution to respond to similar and repetitive queries at no incremental costs. With deep learning, this can further be scaled to understand complex queries and initiate interactions. It will also help you achieve a stronger customer base and offer customised solutions and support.

## Ensure 24/7 availability

Customers shopping online don't have a specific time to shop. It is more likely that they'll visit your website at a time convenient to them, which may possibly be at odd-hours of the day or night. At this moment, chatbots have become more relevant. They respond to customers in real-time

while providing them valuable insights about the product and your brand at your customers' convenience. If you are a digital business and cater to a wide audience base, having a cognitive bot is of paramount importance for you. It will help you considerably scale your customer interactions across different geographies and time-zones.

## Boost conversions and sales

Once you start getting traffic on your platform, why not use friendly chatbots to engage these visitors? Easy and quick interaction that clear multiple doubts will help you to turn potential traffic into loyal customers. Additionally, helping users find what they are looking for faster, easier, and

with minimal effort is a win-win not only for your customers but also for your business.

## Chatbot-powered conversational ads

Conversational advertising allows instant, personal, and real-time engagement with customers at the very beginning of the sales funnel. It allows businesses to capture focussed leads, thereby increasing the probability of conversions. By using an AI-powered chatbot, the whole process of marketing and sales can now be automated. Smart conversational marketing technologies can equip your advertisement with a chatbot, wherein a consumer interacts with your ad and your chatbot answers their queries.

## Personalised and contextual conversations

For every business, 'Customer is the King' and improving customer experience is an integral part of any business strategy. In today's world, personalisation is increasingly becoming the norm and customers expect a certain level of personalisation. That's why investing in personalisation is the key to building business relationships, building a resonance with your audience and creating a better brand impression & brand experience. Well, this is where cognitive bots fit in and play a vital role in customer acquisition and retention. They can predict precisely what the customer is seeking and proactively suggest options based on the customers' likes, dislikes, hobbies, interests, and other parameters. These factors can also be translated into actionable insights that help brands enhance their Customer Relationship Management (CRM) for better re-

targeting and conversions.

## Real-time customer feedback

It is no surprise that an e-commerce assistant knows your right apparel size and even your most preferred hue of blue. But how? A chatbot-supported cognitive conversation helps businesses collect feedback and maintain a database of everything you adore or may need in the future. It is done simply by using your previous purchases and wishlists. So, you no longer need to get feedback forms filled by your trusted customers.

## Cross-platform support in preferred languages

Chatbots are bringing a new way for businesses to communicate with the world and most importantly with their customers. With a multi-channel approach, customers can message you directly from Google Search results. Today, businesses are enabling their online customers to converse with them anytime from anywhere and pick up the same conversation from their app, WhatsApp, or other social channels. It turns out to be a highly effective approach.

As we can see, bots are becoming an integral part of almost every business. In addition to increasing business opportunities with humanised, intent-based conversational experiences, they also let you provide anytime, anywhere support to their customers. Thus, cognitive chatbots must be a part of your businesses' operations across the value chain — from advertisement to sales to post sales support.

(The writer is co-founder and CEO of an end-to-end provider of conversational AI-powered chatbots, Ori.)

## 'My work is immortalised'

Actor PARINEETI CHOPRA's artist-mother has made a painting to celebrate her forthcoming release *The Girl On The Train*

Actor Parineeti Chopra is feeling extremely proud because her mother, noted artist Reena Chopra, has made a special painting to commemorate her forthcoming release *The Girl On The Train* (TGOTT). The painting showcases a girl standing in front of a speeding yellow train, much like Pari's character in the film.

"My mother surprised me with this painting. I was not at all aware that she was making this for me. As most know that my mother is a professional painter and she sells her artwork but this one won't be sold as it is very precious. She has immortalised my work in TGOTT through her art. This is the sweetest, warmest and most special gift that I have ever received from her," says Parineeti and goes on to add, "She has never done this for any of my films before, so this shows the impact this film has had on her. I'm overwhelmed."

Parineeti's parents are the biggest pillars of strength for her and she has made special plans to put up this painting in her plush new house in Mumbai. She reveals, "My parents have been my biggest cheerleaders all through my life and I feel incredibly special to be their child. She has been my pole star, helping me navigate my path in this world and I don't have words to express what I'm feeling right now. This precious painting will be at my home and will constantly motivate me to do more films which will get her to do more such paintings for me!"

*The Girl On The Train* is an acclaimed book written by Paula Hawkins. It was made into a Hollywood film starring Emily Blunt in the lead in 2016. In the Bollywood version, Parineeti plays the eponymous girl taking the train, an alcoholic divorcee, who becomes involved in a missing person investigation and uncovers deeper secrets.

(Directed by Ribhu Dasgupta, the film will premiere on February 26 on Netflix.)

## TREND TOOL

# The perfect routine

Here are seven effective ways to tackle maskne

The new normal has called for us to diligently abide by wearing face masks. While masks remain an absolute essential, they also have a downside. 'Maskne' or mask-related acne is an umbrella of skincare problems, caused by wearing a mask as we step outdoors. The impurities on the face beneath the mask slowly build up, as we breathe in and out of the confined area, creating problems, predominantly that of acne, redness, clogged pores, irritation and so much more.

Here are a few suggestions one must follow to prevent the recurrence of maskne. Amazon Beauty, features a range of products which will help you fight against maskne.

## Minimal skincare routine

Sometimes less is more, even when it comes to curating a skincare routine. Using too many products at once can lower the impact of the quality products and cause the skin woes to aggravate. To prevent and cure the new issue of maskne, following a simple daily routine of cleanse, tone, mask, sunscreen and moisturise, is always advisable.

## Daily cleansing

It is essential to wash your face regularly, especially once you return from the daily grind of the day. Using a mild, fragrance free cleanser is highly recommended when tackling issues like acne. Mild cleansers help maintain the moisture of your skin while removing the built-up impurities.

## Hydrate — Don't strip

One needs to be sure while selecting the right formula to treat 'maskne' at its best, while keeping the skin hydrated to minimise the chances of further breakouts. Choose a niacinamide infused serum, as it helps effectively treat issues like acne. It also helps unclog the pores and gives your skin an instant boost of rejuvenation.

## Moisturise and nourish

Alongside the natural oils that the face produces, the skin also requires a protective layer of hydration and nourishment. Using a moisturiser is mandatory, even if you choose a minimal skincare routine. It is best advised to use mattifying or gel-based moisturisers for acne-prone skin.

## Focus on minimal make-up

While choosing your desired make-up look, focus on bringing in the limelight to your eyes. Steer away from applying excessive face make-up within the mask area, as breathing in and out within the restrictive area causes

chemicals from the make-up products to seep into the pores of the skin. This in-turn causes massive breakouts on the face, leading to a severe case of maskne.

## Avoid touching your face

As the emphasis on not touching our faces due to COVID remains stringent, an added reason to abstain from doing so would be to minimise the chances of additional bacteria sustaining on the face. This would further prevent breakouts, itchiness and redness caused by the impurities present on our skin, further leading to our main concern.

## Switch your masks

One of the main reasons for maskne to remain persistent is that we seldom change our masks. When we wear a mask, the area underneath the fabric becomes moist and warm, further contributing to blemish forming. Ensure that you do not compromise on changing your masks on a weekly basis, or as and when you step out.

We may be living in times when dating is all about 'right swipes', 'right words', and 'being woke'. But old-fashioned love still hasn't lost its charm. Many still believe in the idea of enjoying a nice film with their date while others wouldn't think twice before serenading their love with heartfelt sonnets, songs and flowers. QuackQuack, an online dating app, released insights into how Indians are looking at dating in the forthcoming year, after having been stricken by the global pandemic. Results show that desi singles are still holding onto that thing called 'love' and intend to tread that path, but with precautions.

The year 2020 has been an unprecedented one. As the basic need to connect with other humans amplified during and after lockdown, more people flocked to the popular dating apps to fill that void. In an era when video calls are making it easy for us to see our partner located oceans away from us, 65 per cent still prefer to engage in longer text conversations that help them express themselves better, akin to writing long love letters back in the day. Out of the lot, women make up the major chunk with 90.8 per cent preferring to text over video call. Surprisingly, 60 per cent of people hailing from metros/bigger cities also come within the category of people preferring long text messages over quick video calls.

Simultaneously, in the backdrop of the ongoing health crisis, Indian millennials aren't letting their guard down. 60 per cent of people in the age bracket of 18-30 wear a mask when meeting their date as they still consider themselves at risk of contracting the virus. Amongst these, women are more cautious with 90 per cent stating that they never forget to wear a mask on a date. About 74 per cent of top city people and 66 per cent of small-city folks tend to follow precautions more rigidly and prefer to wear a mask on dates to ensure their safety.

Speaking about dating people from native city or a different city, nearly 68 per cent of people aged 31 and above

# Love Aaj Kal

A survey reveals that many Indians prefer old school dates and mushy romance where a similar taste in food is the most favoured common ground that people are looking for

prefer dating from their location to avoid the risk of travelling as against majority youngsters who did prefer dating people from their location but were open to the idea of dating from other cities as well. Out of these, women (52 per cent) were more curious to meet people from other cities as compared to men who would still prefer dating from their own location. People from big cities (66 per cent) were more cautious in this regard as against those from smaller cities (58 per cent) who are more enthusiastic about dating from far off cities as well.

But surprises don't stop just there. Known for their love for food, about

64 per cent of Indians feel that matching food taste matters as having similar food taste is a sign of great compatibility, with women (66 per cent) attaching higher importance to it compared to men (61 per cent). Majority placed in the age group of 31 and above prefer watching films over web series on their date, with women being more in number (65 per cent). Dating is also a way to move on for many. More than 70 per cent of people from both top cities and smaller cities/towns would go ahead and meet new people to get over toxic relationships. They consider meeting new people and having more choices to pick from would get them

a compatible partner.

"Despite having spent the entire last year in gloom and doom, Indians are still keeping their hopes alive in the new year and haven't given up on the idea of finding love. The most interesting part of the survey has been the finding that many are still in for old school dates and mushy romance, with films and matching food taste topping the list of similarities that they are looking for. It is heartening to see that people are open to traveling across cities and trying new experiences for the sake of companionship. Dating apps sure have been a blessing in disguise for many given the current circumstances," says Ravi Mittal, Founder & CEO, QuackQuack.

Dating apps have even proven to be a meaningful exercise for many. About 25 per cent of those aged 31 and above said that meeting new people online helped them overcome loneliness and 15 per cent got over depression in 2020. Looking at these trends, it can be said that the Indian dating scenario is definitely going to catch more steam in the times to come.

## TREND BLAZER

## AMITABH HINTS AT NEW BEGINNINGS

Bollywood icon AMITABH BACHCHAN on Wednesday spoke of new beginnings, dropping hint that a big announcement is in the offing.

Big B penned a rhyme with names of his forthcoming films like *Chehre*, *Jhund* and *Brahmastra*, and wrote about following up these projects with something new. He tweeted in Hindi: "*Chehre Jhund Brahmastra hai kuch aane wale pal, jald shuru honge kuch aur, futenge nariyal!*"

He also shared a photograph where he can be seen playing football.

## fairtalk

RAGHAV JUJAL

"The journey is on right track now. As an actor I am very initial and I am doing a lot of things. As a host, it has been several years for me but I am enjoying the process and the journey. I love what I do and I make it playful. I think that is the best part about me. I don't take things seriously. My job is to entertain, so I try to make the atmosphere around me playful too."

## dailytalk

ROHAN MEHRA

"On Television, your looks will decide the kind of roles you will get. If you look good, you will get a rich boy or college stud type of role. But when I saw the film *Lagaan*, I felt that Aamir Khan doesn't look poor but his acting in the film convinced everyone. So I believe that if your look doesn't convince the audience, your acting should."

## DREW SHARES TEENAGE EXPERIENCES

Hollywood actor DREW BARRYMORE was admitted to a psychiatric ward as a teenager when she went out of control. She recalls the time she spent in a padded room.

Drew's mother, Jaid Barrymore admitted her to a facility when she was 13 because her behaviour was getting out of control.
