Won't spare corrupt: Modi

'No matter how powerful, persons betraying nation won't be let off'

PNS ■ NEW DELHI

Prime Minister Narendra Modi on Wednesday asserted that no matter how powerful a person may be, stern action should be taken against those who work against the interest of the nation or its people by indulging in corruption.

Virtually addressing a joint conference of the CVC and the CBI at Kevadia in Gujarat, the PM asked the agencies to ensure that there are no safe havens anywhere in the world for those who betray the country.

Modi's assertions come against the backdrop of the Centre's engagement in legal proceedings to bring back alleged economic offenders like Vijay Mallya, Nirav Modi and Mehul Chowksi, who have taken refuge in foreign countries after allegedly duping the nation of thousands of crores of rupees.

"You have to remember that your partnership is with this 'mitti' (soil), with *Maa Bharti* (Mother India). There should not be any safe havens anywhere in the world for those who betray the country or its people," Modi said in his address.

Prime Minister Narendra Modi visits the Mahaparinirvana Temple, on the occasion of the Abhidhamma Day, at Kushinagar in Uttar Pradesh on Wednesday PTI

"However powerful one may be, stern action should be taken against those who work contrary to the national interest or against the people of the country. Everyone should continue to work in the national interest," he said.

Modi said due to the hard work of his Government in the last six-seven years, a faith has been established among people that corruption can be stemmed.

"In the last six-seven years, we have been able to establish a faith among people that it is possible to stop corruption in the country. People of the

country have faith today that they will get benefits of Government schemes without any give and take or without any middlemen, he said.

"Corruption, big or small, takes away the rights of common people. It is a hindrance in the progress of the country and affects our collective energy," he added.

Taking a swipe at earlier dispensations, Modi said, "The way the earlier Government functioned, it lacked the political and administrative will to fight corruption. Today, there is a political will and administrative reforms are also being

carried out to achieve the goal."

Post-Independence, the mindset of the Governments was to keep everything under their control. Those Governments kept maximum control with themselves and due to it, the system witnessed many wrong practices, he said.

Maximum control, be it at home, in family or in the country, causes maximum damage, he said. Modi added, "We started as a mission to simplify the life of people by reducing controls, we believe in minimum Government and maximum Governance."

350 new routes, UDAN has taken big leap, says PM

PNS ■ KUSHINAGAR

Prime Minister Narendra Modi on Wednesday said that the Centre has approved around 900 new air routes under the UDAN (Ude Desh ka Aam Nagrik) scheme of which 350 have already become operational while more than 50 new airports, or those which were not in service earlier, have become operational.

"The Government is also working on preparing more than 200 airports, heliports, and water ports for seaplanes in the next four years," the Prime Minister said while addressing a big public meeting here after inaugurating and laying the foundation of 12 projects worth over ₹345 crores, including a ₹280 crore 500-bedded new medical college in Kushinagar.

Modi pointed out that the goal behind all these steps is to provide better connectivity to people living in the remotest corners, while air, rail, road, and waterways add to people's comfort. The Prime Minister said more middle-class people were able to avail flight services today than in the past due to the steps taken by the Government.

SC raps UP for slow Lakhimpur probe

Court asks Govt to shed image, orders witness protection

PNS ■ NEW DELHI

The Supreme Court on Wednesday reprimanded the Uttar Pradesh Government for "dragging its feet" in the probe into Lakhimpur violence and ordered the protection of witness. The apex court cautioned the State police that probe should not be an "unending story" and UP Government is required to "dispel" that impression and should ensure recording of statements of witnesses before magistrates.

"We think you are dragging your feet, please dispel that impression," said the top court, and red-flagged the issue of non-recording of statements of nearly 40 prosecution witnesses, of the total 44, before judicial magistrates under section 164 of the CrPC.

"Please ask them to immediately take steps to record section 164 statements. That is the most important thing... Protection to the victims as well as the witnesses," said the bench comprising Chief Justice N V Ramana and justices Surya Kant and Hima Kohli.

Statements under section 164 of the CrPC (Code of

Criminal Procedure) are recorded before a judicial magistrate and they have evidentiary value.

The State Govt informed the court that statements of four out of the 44 witnesses have been recorded by the judicial magistrate.

Ten people, including Union Minister of State for Home Ajay Mishra's son Ashish Mishra, have been arrested in connection with the violence that has triggered a political slugfest ahead of the crucial Assembly elections in the State.

The bench also raised the issue of filing of the status report on the day of hearing with the CJI observing, "We waited till 1 am last night for any filing. But we received nothing."

Senior advocate Harish

Salve, who appeared along with advocate Garima Prasad for the State Government, said the status report has been filed in a sealed cover on Wednesday because of the impression that it was for the perusal of the court only. "No that was not required and we have just received it now...We never said anything about sealed covers," the bench said while declining the request to hear the matter on Friday. It listed the next hearing on October 26.

The Bench said, "Mr Salve, you said that you (police) have examined 44 witnesses and out of them, four witnesses' statements have been recorded under section 164 (before a judicial magistrate) of CrPC. Why have you not recorded the statements of other witnesses under 164?"

BJP open to alliance with 'nationalist' Amarinder

Captain is a patriot: BJP

DEEPAK K UPRETI ■ NEW DELHI

A day after former Punjab Chief Minister Amarinder Singh announced that he would launch his own political party and hoped for a "seat arrangement" with the BJP in poll-bound Punjab, the saffron party said it is open to alliances with those who put national interests first.

With Amarinder set to float his own political outfit with the BJP which has lost political ground in the State following Akali Dal's exit from the National Democratic Alliance in protest against three Central farm laws, Punjab may witness a triangular election battle with the ruling Congress and the AAP being the other two strong contenders for the seat of power in the State.

Given the fact that farmers from Punjab form the core of

the agitation against the three farm laws which they feel may hit the traditional "mandi system" of sell and purchase of agricultural produce and may even end minimum support price, sooner or later, the BJP may think in terms of seeking some sort of reconciliation with the farmers to pave the way for an alliance with Amarinder.

BJP party general secretary and Punjab in-charge Dushyant Gautam on Wednesday said "Amarinder is a patriot" and the BJP is open to an alliance with him.

"Amarinder was once a soldier and his stand on the issues of national security should be praised," the BJP leader said.

On Amarinder's condition of resolving farmers' issues, BJP general secretary said Singh did not talk about ending the farmers' agitation. "He talked about farmers' issues. We are committed to it and are working for the welfare of farmers. If the time comes, both will sit together and discuss farmers' issues," Gautam was quoted as saying by news agency PTI.

As far as the agitation is concerned, it is politically motivated, he alleged.

"Our main agenda is nationalism and keeping the nation first. All those parties who want to form alliances with us on this agenda are welcome," he said.

Amarinder has openly announced that he would see that congress Punjab chief Navjot Singh Sindhu is defeated in the polls as he is a "threat to the national security".

4 LeT terrorists killed in Op All Out, migrants' murder avenged

Soldier martyred, 2 hurt; 17 ultras killed in 2 weeks

MOHIT KANDHARI ■ JAMMU

The joint team of security forces on Wednesday avenged the death of migrant labourers by eliminating four Lashkar-e-Tayyeba (LeT) terrorists in the South Kashmir districts of Shopian and Kulgam. Three Army jawans also sustained bullet injuries during the operation in the Dragad area of Shopian.

One among them, Sepoy Karamveer Singh, succumbed to his injuries in hospital. He hailed from the Rampur area of Madhya Pradesh.

After the recent killing of migrant labourers from Bihar and Uttar Pradesh, the security forces have launched an operation All Out to flush out the terrorists.

So far, 17 terrorists have

Security forces during an encounter with terrorists at Nar Khas forest area of Poonch district on Wednesday PTI

been eliminated in 11 encounters in the last two weeks. Eleven civilians, including five laborers, also lost their lives during targeted killings.

Kashmir range IGP Vijay Kumar said two LeT terrorists

killed in Devsar area of Kulgam were behind the killing of two labourers from Bihar.

In the first operation, security forces eliminated two terrorists, including Adil Ahmad Wani, a LeT terrorist, believed

to have targeted a carpenter Saeer Ahmad hailing from Saharanpur area of Uttar Pradesh.

In the second encounter, a joint team of security forces neutralised LeT district commander Gulzar Ahmad Reshi in the Devsar area of Kulgam. Reshi was behind the killing of two poor labourers from Bihar.

According to a police spokesman, a joint cordon and search operation was launched in the Dragad area of Shopian after receiving inputs about the presence of LeT terrorists in the area on Wednesday. After confirming their whereabouts in the areas the terrorists were given the opportunity to surrender.

Instead of paying heed to these appeals, the terrorists chose to open indiscriminate firing on the security forces, he said. The police spokesman said in the encounter, two terrorists were killed and their bodies were retrieved from the site of the encounter.

CAPSULE

WEAPONS, 1 KG DRUGS RECOVERED AT BORDER

Chandigarh: The Punjab Police and the BSF have recovered a huge cache of weapons near the India-Pakistan border in the Khemkaran area of Tarn Taran district. In a joint operation, the Counter Intelligence wing of the Punjab Police and the BSF recovered 22 pistols, 44 magazines and 100 rounds of ammunition, the police official said. One kg of heroin was also recovered, he added

43 NAXALS SURRENDER IN SUKMA DISTRICT

Sukma: A total of 43 Naxals, including nine women cadres, surrendered before the police in Chhattisgarh's worst Maoist-hit Sukma district on Wednesday.

COVID-INDUCED NIGHT CURFEW LIFTED IN UP

Lucknow: In view of the improved Covid-19 situation in Uttar Pradesh, the State Government lifted night curfew between 11 pm to 6 am.

CBI FILES CHARGESHEET IN DHANBAD JUDGE CASE

New Delhi: The CBI has filed a chargesheet against two accused in the alleged murder of Dhanbad Judge Uttam Anand, who was mowed down by an auto-rickshaw on July 28.

11th National Women's Junior Hockey Tournament

CM inaugurates women's hockey championship

Lays foundation of International Hockey Stadium in Simdega

PNS ■ RANCHI

Chief Minister Hemant Soren today inaugurated the 11th National Women's Junior Hockey Competition 2021 and laid the foundation stone of the International Hockey Stadium and also distributed assets among beneficiaries on the premises of SS Girls High School, Simdega.

Addressing the gathering on the occasion the CM said that it is an unforgettable day for Simdega as another national level competition is being organised there. "On one hand the 11th National Women's Junior Hockey Competition 2021 is starting. With the aim of making hockey reach its best phase and providing excellent

Chief Minister Hemant Soren inaugurates 11th National Women's Sub-Junior Hockey tournament, in Simdega on Wednesday. MLA Naman Bixal Kongari, Bhushan Bara and others were also present on the occasion (L), Chief Minister Hemant Soren gives an appointment letter to a woman Hockey player during the inauguration ceremony of 11th National Women's Sub-Junior Hockey tournament, in Simdega on Wednesday (R) PNS

resources to the players, the foundation stone for the construction of an international level hockey stadium is laid," said the CM.

The Chief Minister said that the government is giving direct appointments to the players who have performed well at the national and international level, making them its part.

Continuous work is being done with the resolve to connect the youth of Jharkhand with employment. Today appointment letters were handed over to 79 young men and women.

The CM said National level competition is being organized again. It is a matter of good fortune for the State that hockey players from all over the coun-

try have come here. The girls of the country, who show their talent in the country and abroad have come to the land of Simdega today. Players of Jharkhand will get an opportunity to learn a lot. Jharkhand will be known not only for minerals but also for sports. The government will promote sports, he added.

Simdega MLA Bhushan Bara said that the government is doing the work of giving respect to sports and sports persons. The government has given direct appointment to 39 players. Playgrounds are being constructed at Panchayat, Block and District level across the State.

Kolebira MLA Naman Bixal Kongadi said that sports hold an important place in our lives. Sports reflect collective unity. It is a great means of getting employment. This is the reason why the state government is working for the development of sports. Efforts are being made to provide all possible facilities to the players.

The CM met the players of all the teams participating in the 11th National Women's Junior Hockey Competition 2021 and congratulated them and announced the launch of the competition. 26 teams from across the country are participating in this competition.

NHM workers' strike threatens to hit immunisation drive in State

ANM associations to meet protestors today

PNS ■ RANCHI

A strike following the termination of a contractual worker at the National Health Mission (NHM) office in Ranchi has snowballed into a widespread movement, which now threatens to affect the immunisation drive against Covid-19 in the state.

One Jwala Prasad, a state programme manager at NHM, was terminated earlier this month on charges of alleged financial irregularities. The decision did not go down well with contractual workers at NHM and the Jharkhand Health Employee Welfare Association (JHEWA) called an indefinite strike demanding reinstatement of Prasad on October 10.

The strike soon spread to the districts and blocks of Jharkhand, and now, even some of the Auxiliary Nurse Midwives (ANM) associations have agreed to hold a meeting with the striking contractual employees on Thursday and decide on whether they will join the strike or not. The immunisation drive will be directly affected if the ANMs join the strike.

Paramedics staff, block level programme management staff and Ayush doctors from different districts joined the strike at NHM campus in Namkum on Wednesday. These healthcare workers have stopped reporting daily vac-

- The decision did not go down well with contractual workers at NHM and the Jharkhand Health Employee Welfare Association (JHEWA) called an indefinite strike after a State programme manager at NHM was terminated on charge of alleged irregularities
- Contractual workers demanded reinstatement of Prasad on Oct 10

- The strike soon spread to the districts and blocks of Jharkhand, and now, even some of the Auxiliary Nurse Midwives (ANM) associations have agreed to hold a meeting with the striking contractual employees on Thursday and decide on whether they will join the strike or not
- The immunisation drive will be directly affected if the ANMs join the strike

nation data and other health-related details from Wednesday, one of the protestors said.

Jwala Prasad, the man for whom several hundred contractual workers have joined hands against the authorities, pleaded innocence and accused some of the NHM authorities

of conspiring against him.

According to Prasad, he had forwarded the requisition of an NGO for funds worth Rs.5.75 lakh for running a welfare campaign in the state to higher officials in NHM. While his letter only requested the higher authorities to consider

the request of the said NGO, some of the officials at NHM accused him of financial irregularities and favouritism, and shot a show cause notice to him followed by a termination letter, he added.

"How can they accuse me of financial irregularities when no financial transaction happened? This is only a conspiracy to get rid of me because I speak for the rights of contractual workers," said Prasad. NHM Director Bhuvnesh Pratap Singh, however, refused to entertain the demand of reinstating Prasad. He said that NHM authorities will agree to all the demands of the contractual workers, but not have a dialogue over reinstatement of a "tainted" employee.

According to the JHEWA, there are close to 8000 contractual workers, including nurses and healthcare professionals, working under NHM in Jharkhand. If all the contractual workers join the strike, then the immunisation drive will come to a standstill in many parts of the state, said the protestors.

While the protesting contractual healthcare workers have also demanded the implementation of an HR policy and paid leaves in exchange of the additional services they provided during the Covid-19 crisis, they clarified on Wednesday that reinstating Prasad was their first and foremost demand.

High Court reserves order in 6th JPSC case

PNS ■ RANCHI

A bench of Chief Justice Dr Ravi Ranjan and Justice Sujit Narayan Prasad on Wednesday heard the review petition filed by successful candidates of the 6th civil services examination conducted by Jharkhand Public Service Commission (JPSC). The court after hearing reserved the judgment.

Supreme Court lawyer Prashant Bhushan appeared on behalf of candidates, whereas Advocate General Rajeev Ranjan represented the Jharkhand government. The Advocate General said that the government was in favour of obeying the judgment of the single bench of Justice Sanjay Kumar Dwivedi, which had set aside the final result of the 6th civil service examination. JPSC was represented by senior lawyer Sanjay Piparwal.

Notably, in June, the single bench Justice Sanjay Kumar Dwivedi had set aside the final result of the 6th civil service examination. The court had directed the JPSC to prepare a new merit list and submit it to the Jharkhand government. The court also directed the Jharkhand government to allocate cadre to the finally selected candidates as per the new merit list, within four weeks of JPSC submitting merit list.

The government was mulling to challenge the High Court but later on it decided to go by the High Court order.

JPSC had declared the sixth JPSC civil service result on April 23 last year selecting a total of 326 candidates. But, the successful candidates who now fear losing their job filed a review petition at the High Court. They said that they should not be made victims of the faults of the JPSC.

The bench of Justice Sanjay Kumar Dwivedi had passed the order while hearing a bunch of petitions as around 16 petitions were filed by candidates to challenge JPSC result.

The court had observed that the merit list was not in accordance with the established rules of the JPSC. The court pointed out that the qualifying mark of the qualifying subject (Hindi-English) was also added while preparing the merit list, whereas examination rules of the JPSC specifically ruled out qualifying marks can be counted in any way for the final selection.

The court observed that this is a case of gross misconduct that merit list was prepared by violating the law hence the JPSC and the competent authority must find out such persons take action and fix responsibility so that same is not repeated in the future.

The result was challenged before the court on various grounds like discrepancy in the merit list, violation of reservation policy among others. The court found there were discrepancies in the merit list that violated the principle of fair selection.

BJP dares Govt for judicial, CBI probe of 'Govt toppling' case

PNS ■ RANCHI

Jharkhand BJP president and Rajya Sabha MP Deepak Prakash on Wednesday demanded the Hemant Soren government to order a judicial enquiry if attempts are being made to topple the government.

The State BJP president said this in the wake of a second FIR lodged by an MLA of the ruling alliance accusing involvement of the BJP in hatching the conspiracy against the government.

"In the last three months two FIRs have been lodged and both are related to alleged attempts to topple the state government. Indeed this is a very serious matter. This is the right time when the government should order a judicial enquiry of both the cases by a sitting judge of the High Court. People have the right to know whether this is a fact or the fiction that secret attempts are being made.

Notably, the Jharkhand Mukti Morcha (JMM) MLA Ramdas Soren on October 12 lodged an FIR against former JMM leader and treasure Ravi Kejriwal and Ashok Agrawal for offering him money and ministerial berth to dislodge the Hemant Soren government. The FIR was lodged at Dhurwa police station.

Ramdas Soren claimed that Kejriwal visited his residence and spoke to him over

phone to split JMM MLAs to form the government along with the BJP. Kejriwal was removed from the post and expelled from the party for six years in August last year.

In July, Congress' Bermo MLA Jaimangal Singh had lodged a similar FIR in which three persons Amit Singh, Abhishek Kumar Dubey and Nivaran Prasad Mahto were arrested. The case is under investigation. They are accused to have visited Delhi along with the Congress MLAs Irfan Ansari and Umshankar Akela besides Independent Amit Yadva to negotiate with a Maharashtra based politician to allure MLAs of ruling alliance against the Hemant Soren led JMM-Congress-RJD government. The case is under investigation.

Former chief minister Raghubar Das too hit hard at the government and said that the government created propaganda to divert attention from actual issues.

"I challenge the state government to go for the CBI enquiry to unearth the truth if there is any conspiracy against the government. The fact of the matter is that the government has failed on every front. Youths are disappointed. Now to divert public attention from such issues the government runs propaganda," said Das at Morhabadi ground where he had gone to meet assistant police personnel who were carrying out agitation.

Raghubar meets protesting assistant police personnel, lends them support

PNS ■ RANCHI

Former Chief Minister Raghubar Das met protesting assistant policemen at Morhabadi ground in Ranchi on Wednesday.

The assistant policemen are demanding an increase in their monthly pay, extension of service till 60 years and benefits of all allowances as admissible for a regular cop. After interacting with the agitators, Das said the present government should extend the contract of assistant policemen and start the process for regularization of service.

The former chief minister after meeting the agitating cops wrote a letter to Chief Minister Hemant Soren urging him that assistant policemen who are working for years should be kept on priority in the appointment of police service.

Das, the BJP leader in his letter has mentioned that Jharkhand is one of the most Naxal infested states in Country. Das said, "My government recruited the rural youths to prevent them from joining extremist groups. After three years of contractual service, these persons were to be given priority in police jobs."

The main idea behind appointing these assistant policemen was to create employment opportunities in Left Wing Extremist (LWE)

affected area so that youths join mainstream. Das said the present government has failed in regularising these cops rather their job is also at stake.

Das in his letter mentions that assistant policemen have become very useful in police administration and they render their service in traffic, security and other policing works. The role of these assistant policemen is remarkable during corona period. He also said that due to the appointment of these youths which also includes women there has been reduction in Naxal activities.

The former CM also said that it is unfortunate that these assistant policemen, who are local tribal natives, along with their small

children, have been agitating during Navratri-Durga Puja in Ranchi for the last 24 days to earn their livelihood.

Raghubar has urged the CM that the government should consider the reasonable demands of these assistant policemen with sensitivity. Immediately their service should be taken as before and their honorarium should be increased in fixed proportion every year.

Preference should be given to assistant policemen in the appointments made against the vacancies of police posts every year and for this additional marks may be given for each year of training-service of assistant policemen.

CEED's Resource Centre to support Govt on Just Transition

PNS ■ RANCHI

For building public consensus on the initiative of just transitions across party lines including all key stakeholders, Centre for Environment and Energy Development (CEED) organised a dialogue on Wednesday that was aimed to prepare the State for future ready pathways in the wake of resource depletion along with ensuring livelihood and economic security in the region.

Since as an idea just transition facilitates a vision of a forward looking economy that essentially puts social justice, sustainability and a low carbon future at the centre-stage with providing robust livelihood opportunities for the people, it was overwhelmingly supported by leading political parties including Jharkhand Mukti Morcha (JMM), Bharatiya Janata Party (BJP), Indian National Congress (INC), AJSU Party beyond ideological differences to enable the State to move towards the sustainable pathways.

Along the same lines, CEED has also launched an initiative "Just Transition Resource Centre" which engages in research, knowledge sharing, networking and capac-

Ranchi MP Sanjay Seth, MLAs Pradeep Yadav, Lobin Hembrom and Lambodar Mahto during a programme on 'Just Transition Dialogue' organised by centre for Environment and Energy Development (CEED) at city based hotel in Ranchi on Wednesday

Ratan Lal | Pioneer

itation of diverse stakeholders at the subnational level.

As a transformative idea, just transition in resource rich economies has gained momentum due to imminent concern around resource curse and ill-effects of fossil fuel based economic model.

The State of Jharkhand is also heading in this direction as the dominant development paradigm based on fossil fuels has led to economic loss and environment degradation impacting the subsistence livelihood options of millions of the people. Since all over the world key natural resources,

like coal are depleting fast, the potential implications on social equity and distributional benefits particularly in mining rich states like Jharkhand is very high and, hence, solicits for a transition that must be just and fair.

Elaborating the broader context and intent of the dialogue, CEO of CEED, Ramapati Kumar said, "In order to facilitate just transition, CEED has launched a 'Resource Centre' which will work as a common forum to facilitate research based discussion and help the state government to take informed deci-

sion in formulation of new policies and programs. "It is high time that the state government must initiate a 'Mission on Just Transition' for bringing in enabling policy and financing framework with an implementation roadmap to ensure inclusive transition.

There has to be an inter-departmental and convergence approach since just transition is not confined only to energy and environment areas, which places the need of a multifaceted and inter-sectoral approach from key departments for effective planning and implementation," Kumar further concluded.

Terming just transition a transformative idea for society, BJP MP from Ranchi, Sanjay Seth, said that we need to believe that social justice and development must go hand in hand; similarly just transition tries to achieve this in a sustainable manner.

On this occasion JMM MLA Lobin Hembrom, said that we are aware of the challenges posed by the eventual depletion of the resources and are actively preparing ourselves by strongly looking towards the promising sectors of the economy for livelihood security.

IAS Officer's article finds place in LSE magazine

PNS ■ RANCHI

An article written by Amadhy Pradesh cadre IAS Officer Harshika Singh has been published in the coveted Alumni Newsletter of the Economic History Department of the London School of Economics.

Harshika has completed her MSc in Economic History from LSE. An officer of the Indian Administrative Service, she was earlier an officer of Jharkhand cadre. Later she got Madhya Pradesh cadre. At present, she is working as a collector in Mandla district of Madhya Pradesh. Her mother Rekha Singh has retired from CCL.

In the newsletter, she has written articles on the studies of LSE and the work done by her in tribal-dominated areas of India. She has mentioned the works done in the tribal areas during the posting of District Collector in Tikamgarh.

She has written that Tikamgarh is a separate district of its kind. There is a lot of poverty there. The condition of women's education is very bad. Even today, most of the women there live with their heads and faces covered. She has written that during a visit to a village, it was found that many women have given birth to six to 11

daughters in the desire of a son. They didn't even know how much damage they were doing to their bodies. On being asked many girls told that till date they have not left their house for studies. To deal with this, villages 'Gyanshalas' were started.

This school was only for women. Basic education was started for them. Many women learned to read from this. It started showing its effect on society.

She writes, "One of my experiments with social factors came during my posting as District Collector of a district named Tikamgarh nestled in the heart of the country, in the state of Madhya Pradesh. This is a typical patriarchal and backward district suffering from the problem of extreme poverty and low female literacy. Women have to cover their

INBRIEF

ECR TO EXPAND ITS FREIGHT NETWORK

With the Indian economy improving after COVID-19, East Central Railway plans to expand its freight network to meet the additional demand for both inward and outward commodities. In view of this, two new Goods Sheds have been opened in Durgavati and Sheikhpura in Bihar in the current financial year. Durgavati Goods Shed will facilitate loading of goods to the cement industry and rice mills in the vicinity. Similarly, Sheikhpura Extension Goods Shed near Sheikhpura will facilitate loading of stone chips at Sheikhpura. To promote various construction activities in Bihar, Fatuha Goods Shed has been opened for transportation of stone chips. This has now provided the facility of transportation of stone chips directly from Pakur to Fatuha. Also, parcel trains can also be handled here. Central Railside Warehouse Company Limited (CRWC) already has a warehouse for storage of materials at Fatuha. To meet the industrial demand, ECR has opened several goods sheds for the transportation of cement in the recent past. Khajauli, Mokama and Sarsi Goods Shed have been opened for cement traffic. To make the fly ash accessible to the cement industries, Gadghara has been identified for loading of fly ash.

CMPDI RI-4 ORGANISES PLANTATION PROGRAMME

A plantation programme was organized under the Swachhta Action Plan on the occasion of Swachhta Month by Regional Institute-4, Naggpur of CMPDI. A plantation programme was organized on October 19 at Anandvan Drilling Camp under Regional Institute-4, Naggpur and on Wednesday at Durgapur Drilling Camp. On this occasion fruit bearing and shady saplings like Sitaphal, Guava, Neem, Lime and Jackfruit were planted by the officers and staff of the camp.

VENKATESWARAN TO ADDRESS VKM ORATION

XLRI will host the 8th Dr. Verghese Kurian Memorial Oration on Sustainable Development on October 21. The oration will be delivered online by Shankar Venkateswaran on the theme "Unpacking ESG - Putting 'S' at the Centre". Venkateswaran was earlier the head of sustainability of the Tata group. He is currently a part of the founding team of ECube Investment Advisors that focuses on ESG investment, stewardship and climate lending. He is currently the Chairperson of Oxfam India and CSR Trust for SDGs in India. He also serves as Grantham Ambassador at the Grantham Centre for Sustainable Futures, University of Sheffield, UK. Venkateswaran has advised the Ministry of Corporate Affairs (MCA) on matters such as CSR and Responsible Business Conduct. He was very closely involved in the drafting of the National Guidelines for Responsible Business Conduct, released by the MCA in March 2019, and its companion Business Responsibility and Sustainability Report which was mandated for the top 1000 listed companies in India by SEBI in May 2021. He holds an engineering degree from IIT Madras and is an MBA from IIM Calcutta.

ADITYA SCORES 571 RANKS IN JEE ADVANCE

Making the district proud, Aditya Bhalotia, son of Sunil Kumar Bhalotia, a student of Chinmaya Vidyalaya, obtained a rank of 571 in JEE Advanced at the All India level. Aditya has been a brilliant student since childhood, and it was his dream to crack JEE Advanced. Giving the credit of this success to Chinmaya Vidyalaya, his father Sunil said that Chinmaya Vidyalaya has contributed immensely in the success of my son. After studying till class 10, my son moved to Warsaliganj but always kept in touch with the teachers of Chinmaya Vidyalaya. On the success of Aditya, all the teachers, including the Principal and management persons of the school congratulated Aditya and wished him a bright future.

she did not feel confident coming out of her house - and the menfolk in her house often discouraged her by telling her that people may make fool of her... This experience hit me hard and made me realise that simply because a woman is not educated, she is not given the opportunity to live as an equal in society," she further writes.

"That gave me the idea for a social experiment in the form of 'Project Gyanalaya' or 'All women schools', where educated daughters and daughters-in-law can offer support and teach the basic fundamentals of literacy and numeracy to illiterate women from the same geographical space. This voluntary social 'by the women, for the women' experiment soon succeeded and other all women schools have flourished. This helped in improving female literacy in a very short span of time thereby leading to visible impacts on the social factors of development," she adds.

"Today, I am a proud LSE alumna who is bravely experimenting and living all the theories and learnings of her various economic history modules in her chosen field of public service delivery in the world's largest democracy," writes Harshika.

Events lined up to celebrate 100 cr jab feat

PNS ■ NEW DELHI

With around 99.4 crore doses already administered on Wednesday, the Government hopes to complete 1 billion, or 100 crore, doses by Thursday. The Government has lined up a string of programmes for the ‘great achievement which comes nine months after the vaccination drive started in the country.

Sources said party leaders have been asked to visit vaccination centres; party chief JP Nadda will be in Ghaziabad in UP, which votes early next year, for the occasion, while General Secretaries Arun Singh and Dushyant Gautam will be in Tamil Nadu’s Coimbatore and Lucknow, respectively.

To mark the billionth shot the government had also planned to make announcements over loudspeakers on trains, planes, and ships, and hoist the national flag at the Red Fort in Delhi. In the meantime, the Government said that it has

set a target of vaccinating the entire adult population of the country by the end of 2021. Bharati Pravin Pawar, Union Minister of State for Health and Family Welfare said that more than 99 crore doses of Covid-19 vaccines have been administered in the country so far, the Minister added.

Only one other country has administered over a billion vaccine doses - China (crossed 1 billion doses in June), which is also the only other country to have a population of more than one billion.

Last month the centre - to celebrate Prime Minister Narendra Modi’s 71st birthday - administered over 2.5 crore doses in a day; that was the fourth time over one crore doses were given in a day.

The administering of one billion vaccine doses - given the unknown and unpredictable nature of the coronavirus, the scale and intensity of the pandemic, and the challenges surrounding manufacturing, dis-

CO2 emissions to keep rising for want of bids on safe constructions: Report

PNS ■ NEW DELHI

The economic consequences of the Covid-19 pandemic caused CO2 emissions from buildings and construction to fall significantly in 2020, but a lack of efforts to decarbonise in real sense means that emissions will keep rising and contribute to dangerous climate change, according to the 2021 Global Status Report for Buildings and Construction.

The report, published by the UN Environment Programme (UNEP)-hosted Global Alliance for Buildings and Construction (GlobalABC), finds that in 2020, the sector accounted for 36 per cent of global final energy consumption and 37 per cent of energy related CO2 emissions, as compared to other end use sectors.

While the level of emissions within the sector are 10

per cent lower than in 2015, reaching lows not seen since 2007, this was largely due to lockdowns, slowing of economies, difficulties households and businesses faced in maintaining and affording energy access and a fall in construction activity. Efforts to decarbonize the sector played only a small role.

With large growth projected in the buildings sector, emissions are set to rise if there is no effort to decarbonize buildings and improve their energy efficiency. In Asia and Africa, building stock is expected to double by 2050. Global material use is expected to more than double by 2060, with one-third of this rise attributable to construction materials.

“This year showed that climate change is an immediate, direct threat to every community on this planet, and it is

only going to intensify,” said Inger Andersen, Executive Director of UNEP. “The buildings and construction sector, as a major source of greenhouse gas emissions, must urgently be decarbonized through a triple strategy of reducing energy demand, decarbonising the power supply and addressing building materials’ carbon footprint, if we are to have any chance of meeting the Paris Agreement goal of limiting global warming to 1.5C.”

The GlobalABC’s Global Buildings Climate Tracker found that there have been some incremental improvements in action to decarbonize and improve the energy efficiency of the sector.

In 2015, 90 countries included actions for addressing building emissions or improving energy efficiency in their Nationally Determined Contributions (NDCs) under

the Paris Agreement. This number has now hit 136, although ambition varies.

Since 2015, an additional 18 countries have put in place building energy codes - a move that is crucial to shift emissions downwards - bringing the total to 80. Local cities and governments have also developed codes. Investment in energy efficiency rose to over 180 billion USD in 2020, up from 129 billion in 2015. Green building certification has increased by 13.9 per cent compared to 2019.

Overall, however, the report finds that these efforts are insufficient, both in terms of speed and scale.

Other key findings of the report include: two-thirds of countries still lack mandatory buildings codes; most of the increase in energy efficiency spending came from a small number of European countries; too small a share of finance goes into deep energy retrofits, and there is a lack of ambitious decarbonization targets in NDCs.

Energy demand in the

buildings and construction sector is likely to rebound as economic recovery efforts take hold and as pent-up demands for new construction are realized. By 2030, to be on track to achieving a goal of net-zero emissions by 2050, the International Energy Agency says that direct building CO2 emissions would need to decrease by 50 per cent while indirect building sector emissions will have to drop through a reduction of 60 per cent in power generation emissions.

‘Flower protein expression’ could accurately predict hospitalisation or death: Study

PNS ■ NEW DELHI

Especially helpful in cases of the early phase of Covid-19 illness, the ‘flower protein expression’, a particular protein on the cell surface, could accurately predict hospitalisation or death as well as forecast who would have a less serious infection, scientists have said in a study published in EMBO Molecular Medicine.

The study shows that analysis of a particular protein on the cell surface is likely to predict who is in danger of a serious infection caused by the virus, explains Assistant Professor Rajan Gogna, lead author of the new study.

“Cells have a so-called fitness status, and by analysing it we could predict hospitalisation or death in Covid-19 patients, potentially making such a biomarker an earlier prediction tool, especially because it can be detected from the common nasal swap covid-19 tests,” says Rajan Gogna from the Won Group at the Biotech Research & Innovation Centre.

If the cell fitness status is poor, it indicates that the cell

does not develop well, either because the cell is aged, lacks reliability, has an ill-functioning metabolism or is disease prone etc. Earlier in 2021, the research team discovered that fitness status is expressed in proteins called flower proteins. These flower proteins are on the surface of the cell, and they are expressed in two forms, explains Rajan Gogna.

“In one form, they tell the surrounding cells that this cell is doing well. In the other form, they indicate to the surrounding tissue that this particular cell is not doing well and thus has a bad fitness status. If the cell’s fitness status is not great, the cell will get phased out and killed by the surrounding cells.”

Especially helpful in cases of the early phase of COVID-19 illness, the flower protein expression could accurately predict hospitalisation or death as well predict who would have a less serious infection.

“The method could predict who needed hospitalisation with an accuracy of 78.7 per cent. With COVID-19 patients who would not have a serious

infection, the prediction was accurate at 93.9 percent,” said Associate Professor and Group Leader Kyoung Jae Won, who analyzed the data using machine learning.

In order to analyse the data, the researchers performed a post-mortem examination of the infected lung tissue in deceased COVID-19 patients to determine the flower protein’s biological role in acute lung injury, which is the main cause of death from the disease.

“The cell fitness, expressed by the flower protein, could help explain why some people respond poorly to COVID-19 and provide an opportunity for pre-identification of high-risk individuals. This discovery has the potential to help save their lives by severely alerting them to be extra protective of themselves, or until they are fortunate enough to get their hands on a vaccine.

In some other nations, the population in general has great hesitancy against vaccination. But people are not hesitant about a test, and we hope this will improve outcomes,” said Rajan Gogna.

Negative RT-PCR test must for int’l travellers visiting India

PNS ■ NEW DELHI

All international travellers visiting India will need a negative RT-PCR test, according to the revised guidelines for international arrivals that will be implemented from October 25. An order issued by the Union Health Ministry said, “The global trajectory of Covid-19 pandemic continues to decline with certain regional variations. The need to monitor the continuously changing nature of the virus and the evolution of SARS-CoV-2 variants of concern (VOCs) must still remain in focus.

“The existing guidelines (issued on 17th February 2021 with subsequent addendums) for international arrivals in India have been formulated taking a risk-based approach. In view of increasing vaccination coverage across the globe

and the changing nature of the pandemic, the existing guidelines for international arrivals in India have been reviewed,” said the guidelines.

The order stated that the revised protocols need to be adhered to by international travellers as well as by airlines at points of entry (airports, seaports and land borders) for risk profiling of passengers.

As per the order, all travellers should submit a self-declaration form on the online Air Suvidha portal before the scheduled travel, upload a negative Covid-19 RT-PCR report (this test should have been conducted within 72 hrs prior to undertaking the journey) and each passenger shall also submit a declaration with respect to the authenticity of the report and will be liable for criminal prosecution if found otherwise.

NIA raids locations in J&K terror conspiracy case, 4 held

PNS ■ NEW DELHI

The National Investigation Agency (NIA) on Wednesday conducted searches at multiple locations in four districts of Jammu and Kashmir and arrested four accused persons in the J&K terrorism conspiracy case.

The agency conducted searches at 11 locations in Srinagar, Pulwama, Kulgam and Baramulla districts of Jammu and Kashmir and arrested four accused persons -- Suhail Ahmad Thokar (Kulgam), Kamran Ashraf Reshi (Hazratbal, Srinagar), Rayid Bashir (Srinagar) and Hanan Gulzar Dar (Srinagar), the NIA said in a statement.

The case relates to conspiracy for undertaking violent terrorist acts in Jammu and Kashmir and other major cities by cadres of proscribed terrorist organisations Laskkar-e-Tayabba (LeT), Jaish-e-Mohammed (JeM), Hizb-ul-Mujahideen (HM), Al Badr and similar other outfits and their affiliates including The Resistance Front (TRF) and People Against Fascist Forces (PAFF)

Multiple spots raided in Mudra drug haul

PNS ■ NEW DELHI

The NIA on Wednesday conducted searches in Delhi in the case of seizure of 3,000 Kg drugs at Mundra Port, Gujarat. The agency conducted the searches at a godown in Nebsarai here, the agency said. The search was conducted at Nebsarai in connection with the seizure of

narcotics substance imported in the guise of semi processed talc stones by private firm Aashi Trading company. “During the search conducted today white powder material, suspected to be talc mixed with narcotics, has been seized with the help of FSL (Forensic Sciences Laboratory),” the NIA said in a statement.

among others. The NIA had registered the case on October 10, 2021 and initiated the investigation. Till now, nine accused persons have been arrested in this case by the agency.

“Searches conducted today have led to recovery and seizure of electronic devices and incriminating jihadi documents/posters etc.,” it said. Preliminary investigation has revealed that the four arrested accused persons are terror associates/OGWs (over ground workers) of various proscribed terrorist organisations and have been providing logistical and material support to the terrorists, it added.

BSF seizes bag full of foreign made pistols

PNS ■ NEW DELHI

The Border Security Force (BSF) on Wednesday said it has recovered a bag containing 22 pistols of Chinese, Pakistani and Italian make besides hundreds of rounds of ammunition from the border in Punjab in a joint operation with the Punjab police.

The seizures of the weapons, ammunition and the contraband items were made in the operational area of Khemkaran in Ferozepur district of Punjab.

“On 19th Oct’ 2021, based on intelligence of Punjab Police regarding presence of consignment ahead of Border Security Fence

(in between B S Fence Gate No 159 to 160) in the AOR (area of responsibility) of BOP (Border Out Post) Uttar and T Bundh, a joint search operation was carried out by the BSF troops and a team of Punjab Police, Amritsar,” the BSF said in a statement.

During the search operation, one shoulder bag (black in colour) was found lying inside the paddy fields (short of 10 metres from International Boundary), in the said alignment of BOP No 160/2 in the operational area of BOP T Bundh, it said.

From the recovered shoulder bag, the seized contraband included 22 pistols.

Jacqueline appears before ED

PNS ■ NEW DELHI

Having evaded four summons served to her by the agency, Bollywood actor Jacqueline Fernandez on Wednesday appeared before the Enforcement Directorate (ED) to record her statement under prevention of Money Laundering Act (PMLA) in connection with a money laundering case related to alleged conman Sukesh Chandrashekar who has allegedly duped high profile personalities of Rs 200 crore.

Fernandez appeared before the agency here at around 3 PM. Along with the summons, the agency had also asked Fernandez to bring with her bank statements pertaining to her debit and credit cards trans-

actions, they added. Fernandez’s financial transactions and her alleged association with Sukesh Chandrashekar are under the ED scanner. While investigating the money trail of Chandrashekar, the investigators learnt about the alleged link between Fernandez and the conman, sources said.

The ED sleuths are seeking to ascertain any possible financial transactions between Chandrashekar and Fernandez.

The investigators are learnt to have posed to her questions like when was the first time she met either Chandrashekar or his wife Leena Maria Paul. Did she speak to Chandrashekar over the phone and if yes, how many times and whether she knew if

the person on the other side was Chandrashekar.

In August, the ED had one questioned Fernandez in connection with the case and then she had reportedly told the investigators that she was also a victim of Chandrashekar and denied any wrongdoing.

Chandrashekar, along with his wife and actor Leena Paul, is in ED custody along with five others in connection with the Rs 200 crore extortion case.

Earlier this month, actor and performer Nora Fatehi was also questioned by the agency over her reported links with Chandrashekar and Paul.

Fatehi’s spokesperson had later issued a statement saying that the actor did not have any personal links with conman Sukesh Chandrashekar.

Govts plan to double production of energy from fossil fuels by 2030: Report

PNS ■ NEW DELHI

Despite increased climate ambition and net-zero commitments, Governments still plan to produce more than double the amount of energy from fossil fuels in 2030, than the amount that would limit global warming to the Paris Agreement level of 1.5°C, according to the 2021 Production Gap Report, released Wednesday by research institutes and the UN Environment Programme

(UNEP).

Over the next two decades, governments are projecting an increase in global oil and gas production, and only a modest decrease in coal production, said the report, cautioning that taken together, these plans mean that fossil fuel production will increase overall, to at least 2040.

For Executive Director of UNEP, Inger Andersen, “there is still time to limit long-term warming to 1.5°C [above pre-industrial levels], but this win-

dow of opportunity is rapidly closing.”

Andersen said that at the UN Climate Conference, COP26, taking place in early November in Glasgow, “governments must step up, taking rapid and immediate steps to close the fossil fuel production gap and ensure a just and equitable transition.”

“This is what climate ambition looks like,” she said.

This year’s report provides profiles for 15 major producer countries, showing that most

This year’s report provides profiles for 15 major producer countries, showing that most will continue to support fossil fuel production growth

will continue to support fossil fuel production growth.

Reacting to the report, the UN Secretary General highlighted recent announcements by the world’s largest economies to end financing of coal, calling them “a much-needed step” in phasing out fossil fuels.

For António Guterres, though, the report shows that “there is still a long way to go to a clean energy future.”

“It is urgent that all remaining public financiers as well as private finance, including com-

mercial banks and asset managers, switch their funding from coal to renewables to promote full decarbonization of the power sector and access to renewable energy for all,” he said.

As per the report, countries surveyed plan to produce around 110 per cent more fossil fuels in 2030 than would be consistent with the 1.5°C limit, and 45 per cent more than what would allow a 2°C heating impact.

The report, first launched in 2019, measures the gap between

governments’ production plans and the levels consistent with the Paris Agreement. Two years later, the size of the gap has remained largely unchanged.

Current plans would lead to about 240 per cent more coal, 57 per cent more oil, and 71 per cent more gas production in 2030 than would be consistent with limiting global warming to 1.5°C.

Global gas output is projected to increase the most between 2020 and 2040, continuing a trend of long-term

global expansion inconsistent with the Paris Agreement.

Since the beginning of the Covid-19 pandemic, countries have directed over \$300 billion in new funds towards fossil fuel activities - more than they have towards clean energy.

For lead author of the report, Ploy Achakulwisut, the research is clear: “Global coal, oil, and gas production must start declining immediately and steeply to be consistent with limiting long-term warming to 1.5°C.”

OPS-EPS rift visible; hints of fracture in AIADMK

KUMAR CHELLAPPAN ■ CHENNAI

The process of disintegration of the AIADMK began in right earnest on Wednesday as a prelude to the Golden Jubilee celebration of the party that falls in 2022. The AIADMK's chief coordinator O Panneerselvam was conspicuous by his absence in the official delegation that called on Tamil Nadu Governor R N Ravi on Wednesday. This comes amidst reports that the party is getting ready to revert back to the single power centre of general secretary against the present system of dual leadership. As on date the AIADMK is led by the Palaniswamy-Panneerselvam combination. But following the debacle of the party in two successive elections (2019 and 2021) there has been a strong demand by veteran leaders to go back to the system of general secretary heading the party.

No official reason has been given by the AIADMK for the absence of Panneerselvam though the delegation was led by Leader of the Opposition Edappadi K Palanisamy and included former ministers C V Shanmugham, K Jayakumar, K P Munusamy, Vaithyalingam, Thankamani and Velumani.

According to Palanisamy,

the leaders submitted a memorandum to the Governor listing the "widespread" irregularities in the recent Panchayat election held in the newly carved out nine districts. The opposition AIADMK was routed in the polls which was swept by the DMK.

Accusing the ruling party for irregularities in election is a ritual in Tamil Nadu and both the AIADMK and the DMK have figured as 'accused' depending on who is ruling the State. What is left unsaid this time by Palaniswamy is another issue which he raised with the Governor. The ruling DMK is selectively targeting leaders belonging to the Palaniswamy camp by subjecting their residences and offices to raids by the Directorate of Vigilance and Ant-Corruption (DVAC), a convenient tool in the hands of the ruling party.

While senior functionaries of the party like Rama Ramanathan are tight lipped about the absence of Panneerselvam in the delegation to Raj Bhavan, they said all was well within the party. Ramanathan said that the report about Panneerselvam not accompanying Palaniswamy was being blown out of proportion. Sources close to Palaniswamy told *The Pioneer* that Panneerselvam has not been informed of the scheduled meeting between the AIADMK team and the Governor. "The recent statement on golden jubilee celebrations issued by the party had the signature of only Palaniswamy though all statements till date were issued with the signatures of both the leaders. This is the indication that plans are afoot to convene the general body meeting to elect the general secretary.

BJP, TMC spar over Didi's silence on anti-Hindu riots

SAUGAR SENGUPTA ■ KOLKATA

Bangladesh riots continued to have its political ramifications in this side of the border with the BJP firing more salvos at Bengal Chief Minister Mamata Banerjee for giving no reactions to "the torture being perpetrated on the minority Hindus of that country."

Bengal BJP president Sukanta Majumdar on Wednesday attacked the Chief Minister for her "mysterious silence on the Bangladesh riots where Hindus are being murdered, looted and tortured at will." He said "this is the same Chief Minister who had threatened to go to the United Nations if Citizenship Amendment Act was implemented in Bengal ... now why she has suddenly gone silent on the riots taking place in Bangladesh where houses and properties of Hindus are being looted and burnt down ... and they are being killed ... why is she not uttering a single word on this."

The Chief Minister's silence on the issue was a matter of concern he said adding the BJP would however do its duty by organizing protests until the Hindus of Bangladesh got justice.

Bengal opposition Leader

Suwendu Adhikari earlier linked the Chief Minister's silence to her alleged "vote bank politics" saying "the Chief Minister does not want to earn the displeasure of a particular section of the society who are incidentally her voters ... so she is keeping mysteriously silent about the whole issue ... But the people of Bengal are observing this silence closely."

The Trinamool Congress however hit back saying unlike the BJP it was not trying to politicize the issue. "We have already protested against what happened in Bangladesh ... Mamata Banerjee is unwell and is not appearing in public for same reason ... our senior leader and Minister Partho Chatterjee has already spoken about this ... the BJP has pre-

ferred to ignore what the TMC leader said ... this is because they want to politicize the issue and encash it," senior TMC leader and Bengal Minister Subroto Mukherjee said.

Meanwhile, actor and director Aparna Sen too condemned the Bangla riots saying "in a modern democratic system right to practice one's own religion is guaranteed everywhere ... hence it is the duty of the majority community to ensure that the minorities can follow and practice their religion without hindrance ... I am not talking only about Bangladesh though my immediate context is the riots taking place in that country ... I am talking about all the countries including India."

Dalit youth suspected of stealing ₹25L dies in Agra police custody

PNS ■ LUCKNOW

Valmiki Jayanati turned out to be a dampener for Agra police as a Dalit youth suspected of stealing ₹25 lakh died in police custody shortly after being taken to his home for recovering the booty in Jagdishpura police station area on Wednesday.

As the news of his death spread, hundreds of members of Valmiki community laid siege to the police station and staged a strong protest, accusing the cops of killing the victim by using third degree torture during interrogation.

The protest ended only after a case was registered against the police team and Senior Superintendent of Police of Agra G Muniraj suspended five cops, including an inspector, a sub-inspector and three constables.

As per reports, victim Arun Kumar worked as a janitor and used to clean the premises of Jagdishpura police station. On October 17, a total of Rs 25 lakh and some confiscated pistols were found missing from the 'malkhana' of the police station. After the incident came to light, the SSP of Agra suspended six police officials, including the then station house officer (inspector).

However during the probe, the police zeroed in on Arun and dur-

ing quizzing he reportedly confessed to stealing the money from the police station and stashing it at his home.

On Wednesday, a police team took the suspect to his house and while the cash was being recovered, Arun's health deteriorated. The cops rushed him to a nearby hospital where he was pronounced dead upon arrival.

Soon after his death, members of Valmiki community gheraoed the police station, accusing the police of using extreme methods to exact a confession leading to Arun's death. The community also declared to cancel Valmiki Jayanti celebrations on Wednesday to protest the custodial killing.

The agitators also demanded a compensation of Rs 1 crore for Arun's family. The victim's family alleged that the circumstances leading to Arun's death needed to be investigated.

ADG, Agra Zone, Rajiv Krishna said, "Our officers are in contact with his family. They're cooperating. Action will be taken if there was any negligence. The family has filed a complaint; they suspect that he was beaten up by police following which he died. An FIR has been registered and the matter will be probed."

Priyanka allowed to meet kin of deceased after brief detention

PNS ■ LUCKNOW

Congress general secretary and UP incharge of the party, Priyanka Gandhi Vadrā's motorcade heading to the house of a Dalit youth who died in police custody in Agra on Valmiki Jayanti was stopped by the Lucknow police personnel on Agra- Lucknow Expressway on Wednesday.

Priyanka had targeted the Yogi Adityanath Government in Uttar Pradesh for the death of Dalit youth Arun Kumar in the custody of Jagdishpura police station personnel in Agra.

On Wednesday morning, the Congress general secretary accompanied by some party leaders left her Kaul House residence in Lucknow to meet and express condolences to the family members of deceased Arun Kumar at Agra. But as her motorcade reached the Agra- Lucknow Expressway, officers and personnel of Lucknow police accompanied by a magistrate stopped the vehicles from proceeding forward, citing imposition of prohibitory orders under Section 144 of the Criminal Procedure Code.

Soon, scores of Congress leaders and workers resorted to sloganeering against the Yogi government and created a ruckus. After some heated exchange of words, Priyanka and some of her party men were taken to the reserve police lines and detained till evening.

Upon her release after a day-long high drama, Priyanka and her party leaders proceeded to Agra in the

evening.

In a video that went viral soon after, Priyanka is heard saying, "They say I can't go to Agra. They stop me wherever I go. Should I keep sitting in restaurants just because it is politically convenient for them? I want to meet them (victim's kin), what is the big deal? The moment I try to visit any place other than the party office, then they (administration) try to stop me. It also caused inconvenience to the public. What is the law and order issue? Someone has died...we are just two-three persons going to meet the family"

Later, Priyanka Gandhi Vadrā tweeted in Hindi: "Arun Valmiki died in police custody. His family is asking for justice. I want to go and meet his family. What is the UP government afraid of? Why am I being stopped? Today is Valmiki Jayanti. The PM made big statements about Mahatma Buddha, but is assaulting his (Buddha's) teachings."

In another tweet she said: "Beating someone to death in police custody ... What kind of justice is this? Arun Valmiki's death in police custody is condemnable. On Valmiki Jayanti, the UP government has acted against the teachings of Maharishi Valmiki. The incident should be probed by a high-level committee, action should be taken against the involved police officials and the family should be given compensation."

Lucknow's Commissioner of Police DK Thakur said that neither Priyanka Gandhi Vadrā was arrested nor detained. "Ms Vadrā was taken to reserve police lines after her convoy disrupted traffic movement on Agra- Lucknow Expressway. She was later released in the evening."

In another video, UP Congress chief Ajay Kumar Lallu asked police officers whether Section 144 was imposed in Kushinagar where the prime minister addressed a huge crowd.

Fake communal strife videos go viral, WB on alert

IAN S ■ KOLKATA

The West Bengal Home Department has put all the districts, particularly those bordering Bangladesh, on high alert after fake videos aiming to create communal tension following the attacks on Hindus during Durga Puja in Bangladesh, went viral.

One particular video from Bangladesh that has been making the rounds in Bengal is a clip having a tagline "how Jatan Saha, a Hindu Grand Alliance activist, was murdered in a temple at Noakhali".

Several BJP leaders, such as Debdas Mondal, general secretary of the party in Bongaon district, shared the video on Tuesday, seeking justice for the deceased. On the development, Bangladesh Home Minister Asaduzzaman Khan on Tuesday said a group with "vested interests" was circulating fake videos on social media to create communal tension. Referring to the video, Khan explained that the 30-second clip he was referring to was of the May 16 incident in Dhaka's Pallabi area over a property dispute. "But a group with vested interests is circulating it, calling it the footage of the killing of Jatan Kumar Saha in

Noakhali, who died in the recent clashes. This is being done with the intention of creating communal tension. We condemn such actions," Khan said at a programme titled "Technological Modernisation of RAB (Rapid Action Battalion)". A senior official of the state home department said that officials had been asked to keep track of all social media posts, as there are apprehensions that some forces might try to use the "assault on Hindus" in Bangladesh to create trouble in Bengal. "All units are being instructed to keep a sharp vigil on videos that are being forwarded. Even small matters of communal overtures are to be reported promptly at the highest level," he added.

"Any post which is spreading hatred, falsehood or rumours is to be dealt with sternly, as some groups and individuals have launched a concerted effort in the social media to spread communal hatred and create law and order issues," the official said.

The intelligence department has already sent a missive to all the SPs and senior police officers in the state to stay alert, considering the communal unrest in Bangladesh.

Heavy rain, landslides bring life to standstill in North Bengal

PNS ■ KOLKATA

After Uttarakhand it is the turn of the eastern mountains of North Bengal with cloud bursts and heavy rains bringing lives in most towns of the northern part of the State to a standstill.

The road link between Bengal and Sikkim was snapped due to landslides at various places off Rangpo, sources in Darjeeling district administration said adding a part of the Balasan Bridge the one that connects Bengal to Assam and Bihar had subsided resulting in total blocking of the traffic which was currently being divert through another route.

Similarly National Highway 10 and 55 had been blocked due to landslides and flash flood, sources said adding

heavy rains in Bhutan had caused rivers like Jaldhaka to overflow. Two children were drawn in Kalimpong flowing flash flood.

"There has been heavy rains for the past three days with Siliguri witnessing 245 mm of rain... Darjeeling getting more than 200 mm, Kalimpong 199 mm, Jalpaiguri getting 151 and Malbazar witnessing 320 mm rain," Paresch Adhikari a minister said adding the tourists who were currently in the hills have been asked not to move out.

There has been heavy landslides at Lava, Bijanbari, Gorubathan, Sukhia Pokhri, Manebhanjan and elsewhere leading to virtual closer of most of the roads connecting hill towns to Siliguri. Large parts of Jalpaiguri too had been flooded, sources said.

Mid-sea drug bust case: Special court rejects bail pleas of Aryan, two others

T N RAGHUNATHA ■ MUMBAI:

A Special Court set up under the Narcotic Drugs and Psychotropic Substances (NDPS) Act on Wednesday rejected the bail pleas of Bollywood superstar Shah Rukh Khan's eldest son Aryan Khan and two others in the mid-sea drug bust case, prompting Aryan's lawyers to challenge the sessions court's order in the Bombay High Court.

Apart from Aryan's bail application, the two other bail pleas that Additional Sessions Judge VV Patil rejected -- in his much-awaited order -- were that of his co-accused Arbaz Merchant and Munmun Dhamecha.

"Bail application nos 2571/ 21, 2576/ 21 and 2583/21 stand rejected. Accordingly, the bail applications are disposed of. The authenticated copy of roznama be supplied to Advocates and SPI," the Judge noted in his order that he passed at 2.45 pm.

Less than two hours after the Special Court rejected his plea, Aryan's lawyers moved the high court challenging the lower court's order denying him bail in the mid-sea drug bust case.

Aryan's lawyers will make a mention of his plea before Justice Nitin Sambre for urgent listing.

The Special court, it may be recalled, had on October 14

reserved its order on Aryan's bail plea, after the Prosecution opposed the plea alleging that he was a regular consumer of drugs for the past few years and that he was part of the conspiracy in the mid-sea drug bust case.

Twenty-three-year-old Aryan and seven others were initially detained on the night of October 2 and later arrested on October 3, after the NCB officials busted a rave party and seized 13 grams of cocaine, 5 grams of MD (Mephedrone), 21 grams of Charas, 22 pills of MDMA (Ecstasy) and Rs 1.33 lakh in cash from Goa-bound Cordelia

Cruises' Empress ship, off the Mumbai coast.

The total number of arrests in the sensational drug bust case has gone up to 20, with the arrest of a foreign national Okara Quazma and a local person Shivraj Harihan.

Aryan and other accused have been booked for offences under Section 8(c), 20(b), 27, 28, 29 and 35 under the NDPS Act.

After his arrest, Aryan was remanded to NCB custody till October 4, which was extended till October 7. On October 8, the Mumbai Esplanade Court rejected the bail pleas of Bollywood superstar Shah

Rukh Khan's son Aryan Khan and two others on the grounds of maintainability. Thereafter Aryan and four accused moved a Special NDPS court.

After hearing the arguments by Aryan's senior Advocate Amit Desai and other lawyers for the accused in the case and Additional Solicitor General (ASG) Anil Singh, the special NDPS court had on October 14 reserved its order on a bail applications made by Aryan and two other accused in the mid-sea drug bust case for October 20.

Though the grounds on which the special NDPS Court has rejected the bail pleas of Aryan and other accused, both the defence lawyers and Prosecution had argued for and against Aryan and other accused being granted bail.

In a plea made on behalf of Aryan before the Special Court, had made a strong case for their client's bail on the grounds: that no recovery of drugs has been made from his person and that since the offences arraigned against Khan are Sections 8(c), 20(b), 27, 28, 29, 35 of the NDPS Act and that since no Narcotic drugs or psychotropic substance has been recovered from him, the bar against grant of bail under Section 37 of the NDPS Act will not apply.

In another contentions, Aryan's lawyers had stated that recoveries of the other accused

cannot be held against Khan nor can the entire recovery be used against him in light of the precedents of the Supreme Court and High Court, that the NCB is relying solely upon the WhatsApp chats without verifying the accuracy of the chats "which have no connection with the case".

Aryan's lawyers had also stated that the NCB had invoked the provisions under the NDPS Act "mechanically" without any evidence or corroborating evidence to support ingredients for the offences. "There is nothing to suggest that Khan is in any way connected with the manufacture, possession, purchase or transport of the substances and hence the ingredients for the offences under NDPS Act are not made out," Aryan's lawyers had told the Special Court.

On its part, the Narcotics Control Bureau (NCB) had told the court that Aryan had a role to play in the illicit procurement and distribution of drugs and that he was in touch with some persons linked to an international drug network, even as a Special Court adjourned the hearing on bail pleas of Aryan and others for Thursday after partly hearing the arguments.

"There is material on record to show that Khan was in touch with some persons abroad who appear to be a part of an international drug net-

work for illicit procurement of drugs. The investigation is still in progress," the NCB had told the court.

Rebutting the contention of Aryan's lawyers that since the offences arraigned against Khan are Sections 8(c), 20(b), 27, 28, 29, 35 of the NDPS Act and that since no Narcotic drugs or psychotropic substance has been recovered from him, the bar against grant of bail under Section 37 of the NDPS Act would not apply, the NCB told the court: "The role of one of the accused cannot be dissected from another. Even if there is no recovery of small substances, the accused are involved in conspiracy".

In his arguments made before the special court, Additional Solicitor General (ASG) Anil Singh had told the court: "The present applicant (Aryan) is not a consumer for the first time. The record and the evidence before your honour shows that he is a regular consumer of contraband since the last few years. The contraband in possession of Arbaz Merchant who accompanied Khan, was for consumption of both of them".

"The record in the panchnama signed by the applicant establishes that he was in a conscious position of contraband because he admits it was with his friend and it was for consumption of both of them...The contention that nothing was

found with Applicant may not be correct," the ASG said.

Alluding to the retraction made by Aryan on October 7 that he had consumed drugs, Aryan's lawyer Amit Desai had told the court: "The statement reverberates that there is a confession. But that will be tested in the course of the trial and in the larger scheme. But the retraction that has been filed and it is on record. Let us stick to the law and let us stick to the facts. Retractions are there".

Reading out from the panchnama, Desai had said: "If the phone is voluntarily taken then also there has to be something, but the panchnama says seized it was not handed over. There has to be a seizure memo for that. We have forgotten these things. Nobody stops their investigation, why should it stop my liberty! It stops at liberty, liberty and liberty!"

"If a gentleman is released on bail, how will there be a hindrance to the investigation. Then they say because of section 37(2) of the NDPS Act, the burden reverses so now I must satisfy, so when we look into the matter, if released on bail it is not going to affect the investigation. In context of the twin conditions of section 32 they hang their entire case on two things - conspiracy and second are seizure from Abdul of commercial quantity," Desai had told the court.

Assam seeks ₹1k-cr from Centre for repair of damage caused by floods

Guwahati:The Assam Government has demanded ₹ 1,088.19 crore from the Centre for repair and restoration of various infrastructure damaged by the monsoon floods, officials said on Wednesday.

Officials of the Assam State Disaster Management Authority (ASDMA) said that a seven-member Central inter-ministerial team led by the Joint Secretary in the Home Ministry, Manish Tiwari, visited Assam on Tuesday and Wednesday and held meetings with the state government officials.

Assam government officials have urged the Central team to consider releasing the funds under the National Disaster Response Fund (NDRF) for repair and restoration works.

An ASDMA official said that the central team discussed the damages to properties and loss of livelihood caused by the floods.

The Assam government officials also requested the central team to consider erosion of rivers as an item admissible under SDRF and NDRF in their report to the Central government, as the state suffers heavily due to erosion every year.

Fetch up!

Though there are ample vaccines now, fully vaccinated people still being fewer is alarming

It was vaccine hesitancy then. It is vaccine complacency now. Some people seem disinterested in taking the second dose of the COVID-19 vaccination. Many are convincing themselves that the chances of a third wave of the pandemic look dim because of low infection rates. Adherence to safety protocol has already slackened; so has the urgency to take the second dose. It is also no longer the case that vaccine stocks are low. They are ample. In the second week of October, 11.12 crore doses were available with the States on a given day but only 38 lakh doses were administered. In Odisha, around 13 lakh people were overdue for the second dose in August-end. Such cases are being reported from all the States. The longer waiting period of 84 days between the two Covishield jabs could be one reason for the low job rate. It is also possible that overcrowding at vaccination centres puts off some people. Or, like in rural areas, they may not want to travel long distances to get their jabs. Whatever the reasons, the fact is lakhs of people are not taking their jabs when they become due. In August, the Union Government said in response to an RTI query that over 3.86 crore Indians had failed to take the second dose within the stipulated time. The poor response for the second dose is making the Government jittery. For, the process of vaccination is incomplete till the second dose is administered.

Some hospital studies reveal that a single dose of Covishield offers protection against symptomatic infections with the Delta variant in a range of 18-61 per cent. The fully immunised had 97 per cent protection against death and the partly vaccinated, 69 per cent. Secondly, an incomplete vaccination gives the coronavirus the chance to infect or mutate in a manner to resist the vaccine. Either way, it militates against the massive vaccination exercise the country has undertaken. Remember how on account of complacency, the strains of tuberculosis bacteria began to resist antibiotics and the country registered the highest number of drug-resistance tuberculosis cases in the world. The Union health ministry is running campaigns about the importance of the second jab but says it cannot force people who deliberately miss the second jab to take it. In contrast, in a judgment in May, the Karnataka High Court made it the Government's obligation to ensure that the second dose is provided. Even though the case was about the scarcity of vaccines, in principle, The court said vaccination affects the right to life. The truth is, the Government can be faulted for the scarcity of doses, and the lack of adequate vaccination centres but it cannot be responsible for people's complacency. That is something the people have to handle for themselves. It is their responsibility to get vaccinated to be safe and, importantly, keep others safe.

Straying off

As the farmers' protest approaches its first anniversary, the very spirit of it is in question

Are the farmers and their leaders protesting against the Union Government's three farm laws losing touch with reality? Have they lost their way, probably misguided by the political inputs they might be receiving by the Opposition parties in what was initially their fight for justice? Are they doing what they had set out to do? Or, have their shepherds unwittingly crossed on to another path and are leading the flock influenced by interested political entities? These are the questions that need asking as the farmers' protest approaches its first anniversary. Already, the protests have run out of fizz; so much so that a deserted Rakesh Tikait had to shed tears to emotionally blackmail the disgruntled farmers to make them return to the protest site. Since then, he has travelled far and wide, from West Bengal to Punjab and Haryana, to amass support — and possibly funds — for the farmers' cause. But the truth of all this on ground really is that the public perception against the agitation has turned from sympathetic caring to irritatingly banal.

The locals have been inconvenienced for too long and they have started reacting adversely to the cause though, to be fair to them, nobody across the country is genuinely against the welfare of farmers and hence they have so long been supported in the pursuit of their goal; right or wrong is for the courts to judge. The farmers and their leaders themselves have done no less to hurt their own cause. Though the Lakhimpur Kheri incident may have divided people depending along the lines of which social media group members they are, the farmers haven't had a good advertisement for themselves beginning from the Red Fort on January 26, to the gherao of the Mini Secretariat, followed by the violence in Karnal, and now the brutal murder at the Singhu border. It's high time for the farmers to coax their leaders into thinking about the right strategy and execute it efficiently. Otherwise, the support and sympathy they have received thus far is likely to wane and they would have hardly anything to show for their struggle. In a democracy, that shouldn't happen. But, in a similar vein, in a democracy nobody has the right to take away the rights of anybody else. My right to swing my hand ends where your nose begins; they should remember this.

The dilemma of displacement

The whole country is going through a weird moment. Not that violence is new to India, but it was never so blatant and cover-up so brazen

When the State acts with aggression against its people on spurious grounds, One can only expect danse Macabre. Only this time it was performed by Bijoy Shankar Bania, who stomped over the corpse of Moinul Huq who had succumbed to the police gunshots. When hate has paralysed the minds and poisoned the thinking, anything is possible.

It is diabolical and sends chills down the spine. The stomper was a Government photographer. He accompanied the police team that went to evacuate the Government land in Dholpur village in Assam on September 23, 2021. He has been arrested and would be out as soon as jumping over a dead body is no big crime legally. Amorality is not punishable under the law. It is a hate crime at its best or worse. A professional psychologist would be better placed to understand the mind of a person who stomps over a dead body, religion of dead body notwithstanding. He had hatred for a community that made him do a dastardly act. It gives a peep into the mindset of the people now on the daily diet of communal hatred that has poisoned the minds of the people.

The Government of Assam was ostensibly dealing with a spin off of love jihad, land jihad with all its so-called good intentions. It acted with brute force but legally. Thanks to a nineteenth-century archaic law called 'Assam Land and Revenue Regulation, 1886'.

Dhalpur was "grazing ground" on Government land. The "chars" had erected their shanties and were around for quite some time. Around 800 people have been evicted in the drive, whereas the real numbers could be around 20,000, if not more. The people evicted were served with notices a few hours before the eviction. The violence was a logical corollary in Assam's Darrang district. However, the Government did not realise that it would come to such a pass. The police opened fire so much for the Government's will to solve the land issue with its "good intentions".

After winning the elections on a manifesto that promised illegal encroachments to be cleared, it was on the cards. Those addressed in the manifesto knew it would be Bengali Muslims, dubbed Bangladeshis in local parlance. The BJP harped upon its narrative of 'land jihad and consolidated its votes. The Bengali Muslims were portrayed as encroachers upon the land of the indigenous Assamese.

The Government wanted land for a farming project for locals called the "Garukhuti Project". The forceful eviction drive that led to resistance and firing. It killed Moinul Haque and the twelve-year-old child, Sheikh Farid, died on the altars of the Garukhuti project. The public good led to public misery. Though legally dressed it was naked oppression defying the basic premise of law.

In Assam, land is a far more emotional issue than elsewhere. Assam has been home to a multi-ethnic group which are often jostling for the land.

The marginalised communities are the worst sufferers in eviction drives. Be it eviction drives for beautification like 'Turkman Gate' in Delhi in the seventies or Kathputli colony rather recently or acquiring land for a pro-

IN ASSAM, LAND IS A FAR MORE EMOTIONAL ISSUE THAN ELSEWHERE. ASSAM HAS BEEN HOME TO A MULTI-ETHNIC GROUP WHICH ARE OFTEN JOSTLING FOR LAND

ject like in Bengal's Singur or Evicting forest land encroachers in Kerala or Niyamgiri in Odisha. The marginalised communities are touted as squatters standing in the way of development. It is conveniently forgotten that they too are citizens of India, who deserve to have the dignity of a small place to call their own

Assam Land and Revenue Regulation, 1886 gives the right to the commissioner to forcibly remove acquisitions but after due notice. This was not done. The Government could also have the option of going to court, though time taking, would have given a fair chance to the person. It was not used. The Government wanted to act and wanted to be seen as acting harshly.

Even if the persons were illegal squatters on Government land, the eviction must be done following the procedure established by law. This would need a fact-finding exercise to gauge whether a person is illegally encroaching upon the said land, or has a bona fide claim upon that land.

The Government followed a "summary eviction" procedure, under Rule 18 of the Settlement Rules made under the archaic 'Assam Land and Revenue Regulation, 1886'.

GYANESHWAR DAYAL

However, a person cannot be directed to vacate the land if they have a bona fide claim over the land. Rule 18 also mandates a publication of notice to provide the illegal encroacher with 15 days to vacate the land. This was again not done.

The stomping of the corpse was a 'George Floyd' moment for India but it passed rather calmly. That speaks volumes about sensitivities that we have as a nation. The whole country is going through a weird moment in history. Take, for instance, the incident at the Lakhimpur Kheri. Allegedly, the son of a Union Minister mauled the protesting farmers. Not that violence is new to India but it was never so blatant and cover-up so brazen.

The Opposition leaders were rounded up while the national media called people going there "political tourism"! Incredible as it may sound, the Opposition and voices of dissent are shrinking. The over-enthusiastic bird heads are getting out of control. The frankenstein planted in their heads is now manifesting in danse macabre.

LETTERS TO THE EDITOR

LITERATE VS EDUCATED

Sir — No kudos is enough for the humanitarians of West Bengal's Dharmadanga village for continuing with the 43-year old tradition of celebrating Lakshmi Puja jointly by transcending all norms of religious barriers amidst this utmost communally vitiated environment all around. Tarak Das — secretary of the Lakshmi Puja committee — humbly states that though he is not "very educated" (being a school dropout), he can't forget the lines of Kazi Nazrul Islam — *Mora ek brinte dui kusum Hindu Musalman* (we are two buds of one stalk — Hindus and Muslims) — and so we never differentiated among Hindus and Muslims!

Far from being "not very educated", Tarak Das and his Hindu-Muslim companions of farming community are infinite times more "educated" than innumerable so-called "educated" who are outright communal to the core despite being armed with academic degrees and holding medium to high Chairs in respective professions. Mere earning of a university degree hardly serves the moral fabric of the society. Hence if the concerned authorities really want to see a society where the future citizens of the society turn truly educated while pursuing degrees for career prospects; then inculcation of moral values, principles and humanity remain the urgent need of the hour in school curriculum.

Kajal Chatterjee | Kolkata

PINK IS BEAUTIFUL, FOR ALL

Sir — Pink has not always been considered a colour for girls. There was no sudden, unanimous cultural shift but both men and women wear pink attire and that suits them well. It gets noticed, no matter who wears it. The amount of attraction that pink receives is much more than that of red. Pink is more English in nature and is combined with the right options and right apparels, it can give an elegant tone — a pink tie, for example.

Pink is a light tint of red and was named after a flower of the same name. It was first used as a color name in the

Two-wheelers are two-seaters!

The Assam BJP chief has said that tripling on two wheelers will be allowed when the price of petrol goes up to Rs200 per litre in the State. It is foolish to link the number of persons to ride on a two wheeler with petrol price. The capacity of two wheelers has been limited to two. Extra seats beyond that are likely to increase the chances of accidents due to inability of the rider to balance in certain conditions. Is it

possible to allow four members on two-wheelers when the fuel price rises to ₹300?

The price of goods and services will never be the same with changing conditions in the coming days. At the same time, the income level of any community is also not the same. The business community has its own strategy to increase the price of their goods and services. The Government employees meet the increased cost of goods and services due to increased income as 'dearness allowance' and pay revision. Even a beggar's income level changes for the better. Level of corruption keeps pace with the increased cost of goods and services. There is no reason to cry hoarse over the spiraling cost of fuel when the income level is also rising corresponding to the increased cost of goods and services. Rise in income level is the only panacea to meet the increased cost of living.

KV Seetharamaiah | Bengaluru

late 17th century. According to surveys in Europe and the United States, pink is the color most often associated with charm, politeness, sensitivity, tenderness, sweetness, childhood, femininity and the romantic. As long as you are aware of how different work environments have a different way of dressing and in the daily routine pink occupies the top spot and women love to wear their favorite colour and pink is the best suited for them. A pleasing colour like pink pays well for your appearance and brings about a sea change in your dress sense as well.

Jayanthi Subramaniam | Mumbai

THE EARTH IS SUFFERING

Sir — International prices of petroleum, coal, natural gas and LPG are too high and unbearable for the poor and the middle class. Better if India imports clean renewable energy (solar, wind, green hydrogen) batteries rather than the conventional fuel. Also India should make big plans to produce clean renewable energy on both small scale and large

scale — solar roads, solar and wind energy plants in Thar desert, Ladakh and J&K). This can generate employment, help reduce air pollution and provide low cost fuel.

Also climate change related weather catastrophes such as floods, cyclones in various parts of India can be reduced to an extent. Other measures should include — increasing the use of e-paper, e-books, e-bills, mechanical pencils and chopsticks, and cashless transactions. This can save millions of trees and limit deforestation. It is pertinent that we keep the oceans clean and plastic free so that they can absorb more carbon dioxide and mitigate various kinds of pollution. That is why many countries are growing sea plants, seagrass and sea phytoplankton too. It is high time that we imbibe such measures from individual to national level so that the ecosystem yields less damage.

FIRST COLUMN

REVAMPING THE EDUCATION SECTOR

DEVENDER SINGH **ASWAL**

The new education policy aims at providing premium yet affordable education to all

Eyebrows were raised when a member of the Kasturirangan-led committee, set up recently to revise the National Curriculum Framework (NCF) and lay down the broad guidelines for school syllabus and textbooks, said that the existing curriculum in schools dwells "too much on defeats", and that "in the light of new facts, history should be rewritten". The member, an ideologue, also remarked that textbooks should talk about the "fighting spirit" of rulers such as Maharana Pratap in battles against foreign invaders. When Dr Murl Manohar Joshi, HRD Minister in the Vajpayee government, caused some revision in the school text books, it was considered by the left-wing as saffronisation of the syllabus. The revision of the extant NCF has been necessitated by the National Education Policy (NEP), 2020. It is not new or novel. It was last revised in 2005, and earlier in 1975, 1988 and 2000. The NEP, the first education policy of the 21st century, aims to address the many growing developmental imperatives of India. The NEP envisages revision and revamping of all aspects of the education structure, including its regulation and governance and to create a new system aligned with the aspirational goals of the 21st century and the SDG4, while building upon India's great traditions and value systems. The NEP unambiguously says that 'the pursuit of knowl-

edge (Jnan), wisdom (Pragya), and truth (Satya) was always considered in Indian thought and philosophy as the highest human goal. A member of the National Steering Committee entrusted the task of drafting the NCF, and a right-wing ideologue, has hinted at re-writing history and the text books 'in the light of new facts' of history. The precise mandate of the steering committee is to develop the NCF within the mandated remit. The NEP speaks, among other things, of incorporating local content and flavour as the students must know about their past, immediate surroundings and topography, India's civilisational heritage, constitutional values, so as to develop the spirit of critical thinking and enquiry. The Policy advocates multilingualism, ensuring inclusive and equitable quality education and promotion of life-long opportunities for all by 2030 by incorporating rapid changes in the knowledge landscape in the globalised world. The aim is to promote India as a global study destination by providing premium education at affordable costs so as to help 'restore its role as a Viswa Guru'. Evidently, the founding fathers of our republic laid the foundation of a civic nation, and not an ethnic nation by crafting a republican democratic Constitution, solemnly affirming to secure to all its citizens: justice, liberty, equality and fraternity—assuring the dignity of the individual. When one speaks of India's civilisational heritage and the need for inculcating the spirit of enquiry and scientific temper, the following Vedic hymn flashes across the mind — 'Whether God's will created it (the universe), or...Only He who is its overseer in highest heaven knows, Only He knows, or perhaps He does not know.' In a steering committee of 12 eminences in diverse fields of knowledge, there may be initial difference of opinion but when they talk together, deliberate, build consensus, they will surmount parochial considerations and develop the national curricular framework in perfect accord with the hallowed provisions of the NEP 2020, staying clear of the potential carping criticism of the extreme left or the radical right, by not harking too much on the past. Of course, we must analyse the past — without being its prisoner — in the context of the present for the purpose of building a resurgent India by laying the foundation of a sound, secure and holistic school education system to meet the aspirational needs of the 21st century.

(The writer is former Additional Secretary, Lok Sabha, and member of the Delhi Bar Council. The views expressed are personal.)

Making sense of the power crisis debate

SUBHASH C **PANDEY**

For import-dependent India, it is costlier to import longer haul Australian coal than shorter haul Indonesian coal which is getting diverted to China

A barrage of news about rising electricity consumption, rising international price of coal and shortage of coal with power plants have raised fears of an impending power crisis. There are 135 coal-fired power plants with total installed capacity of about 202 GW meeting about 70 per cent of electricity supply. On October 7, more than half of these plants had coal stocks of less than three days. 16 small plants with total capacity of 17GW had no coal stock. Low coal stocks with thermal power plants does not mean shortage of coal in the country.

Here is the big picture; facts that speak for themselves. There is absolutely no shortage of power if people are willing to pay its price, both in terms of cash and health.

International Energy Agency has highlighted that energy demand has shot up worldwide as economic activity picks up post-pandemic. During April-September 2019, India's electricity consumption was 68100 crore units (kwh). It fell down 62500 crore in April-Sept 2020, mainly during the lockdown months of April-May 2020. However, electricity consumption during April-Sept 2021 jumped to 71500 crore units, more than the pre-covid level even though there was a distressing second wave in April-May 2021 and the tour/travel/hospitality industry is not yet back to pre-covid level. Air/rail travel is not fully restored.

Increase in electricity demand is a positive sign indicating economic recovery. Increased coverage of households with access to electricity connection have brought new electricity consumers in the market. Growing digital economy also contributes to rising demand. A welcome surge in electricity demand has raised supply concerns, especially, as all indications are further increase in electricity demand in coming months.

Since 2013, total primary energy consumption in India has been the third highest in the world after China and the US. Total power generation capacity in India has increased from 243 GW in March 2014 to 320 GW in March 2017 to 388 GW in August 2021. Out of this, 202 GW is coal/lignite fired thermal power, 46 GW is from large hydroelectric projects, 45 GW from Solar and 40 GW from Wind power. Renewable energy capacity is about 37 per cent of total and India will reach 40 per cent renewable energy capacity well before 2030 as per target accepted under 2015 Paris Climate Change agreement.

Although coal-based power plants contribute only to 52 per cent of installed electricity generation capacity, these plants meet almost 75 per cent of total electricity demand. So even though we have made impressive gains in expanding solar power, we are still largely dependent on coal for electricity. Our domestic production of coal is about 730 MMT and we annually import over 300 MMT. Electricity sector accounts for about 2/3rd of total coal consumption.

SINCE 2013, TOTAL PRIMARY ENERGY CONSUMPTION IN INDIA HAS BEEN THE THIRD HIGHEST IN THE WORLD AFTER CHINA AND THE UNITED STATES. TOTAL POWER GENERATION CAPACITY IN INDIA HAS INCREASED FROM 243 GW IN MARCH 2014 TO 388 GW IN AUGUST 2021

(The writer is former Special Secretary, Ministry of Commerce and Industry, Government of India. The views expressed are personal.)

India is the second largest coal consumer after China. International prices of coal have risen recently for two reasons. Sharper increase in gas prices mean that countries are increasing dependence on cheaper coal-based thermal plants.

China is facing increased electricity demand in post-pandemic economic recovery and in a trade war with Australia, China stopped coal imports from Australia, one of the major exporters of coal.

Coal makes up nearly 60 per cent of China's energy consumption. Increased coal/power demand from China has set coal prices soaring high and many coastal power plants depending on (previously cheaper) coal imports are now switching to domestic coal in India.

For import dependent Indian power producers, it is costlier to import longer haul Australian coal than shorter haul Indonesian coal that is increasingly getting diverted to China. The net result of all this is higher demand for coal, higher price for coal and resultant financial stress on power generating companies.

There have been temporary supply disruptions (monsoon-related) in coal mining and transportation. The coal supply position is steadily improving but there are basic issues to be addressed to ensure long term health of the power sector which is victim to populism. Coal supply is a temporary problem. There is enough coal and production/transport will increase once monsoon woes are over. But the real issue of financial distress on power generating companies remains. Power generating companies owe about ₹20,000 crore to Coal India Limited alone.

Thermal plants are expected to have stock of 20 days requirement

but many power producers don't have money to stock coal because they have themselves not been paid by discoms for power supplied. Discoms are cash starved because tariffs don't cover all costs, many consumers don't pay their bills or delay payment. Power theft and leakage through unmetered supply continues to be rather high. This is all reflected in discoms inability to pay to power producers.

Power producers give 45 days' credit to Electricity Distribution companies (discoms). If the dues are not cleared in 45 days, outstanding dues are called 'overdues' liable to charge of penal interest.

On 17 October, 2021, discoms owed an overdue amount of ₹98,067 crore to power generation/transmission companies. Nearly ₹23,310 crore is payable to public sector thermal power generating companies (NTPC, etc.) Around ₹51,899 crore is payable to public sector thermal power generating companies (maximum amount payable to a single company is ₹25,611 crore, to Adani Power). Around ₹17,980 crore is payable to renewable power producers and ₹4,877 crore is payable to PowerGrid.

If coal companies have to recover ₹20,000 crore from power utilities, will it make sense for them to produce more coal and supply on credit? If power producers are not getting paid for power supplied, will they not reduce production? Does it make sense for them to improve plant load factor and produce more electricity to supply on credit? That is the real problem.

The discom reform scheme UDAY ended in 2019-20 with most of the states failing to meet their stipulated targets. On July 1, the Centre has launched a new scheme of 'Reforms-based and Results-linked,

Revamped Distribution Sector Scheme' to provide conditional financial assistance to discoms for strengthening of supply infrastructure. The scheme with total outlay of ₹3,03,758 crore will involve Central government budget support of ₹97,631 crore by 2024-25. All existing power sector reform schemes namely DDUGJY, IPDS, PM-KUSUM scheme would be subsumed into this new umbrella program.

Among the many contemplated reforms is a measure to create separate feeder for agricultural electricity supply, expansion of network of solar run irrigation systems. Other pending electricity reforms are removal of cross subsidies and open access, introducing competition by allowing consumers choice of electricity supplier.

States are presently administering two types of cross subsidy arrangements. One is between high-end and low-end household consumers and the other is between household consumers on one hand and industrial/commercial consumers on the other.

There are just too many consumer categories and tariff lines - slabs and fixed charges, making electricity pricing quite complex and non-transparent. On top of tariffs fixed by 'independent regulators', States levy electricity duty (as it is not subsumed in GST) which ranges from 0-70 per cent for certain categories of consumers.

Cross-subsidy burden on industry is problematic because it adversely affects cost competitiveness — manufacturing and exports and resultant job creation. It is frustrating that these reforms are getting delayed and deferred. Any myopic politics will sap the nation of energy in the long run.

RAHUL GANDHI IS A DRUG ADDICT AND A DRUG PEDDLER. I DO NOT SAY THIS, IT HAS APPEARED IN NEWS REPORTS. —KARNATAKA BJP PRESIDENT NALIN KUMAR KATEEL

KATEEL MIGHT HAVE CONSUMED SOME DRUGS SEIZED FROM THE ADANI PORT, WHICH IS WHY HE IS MAKING SUCH REMARKS. —AICC GENERAL SECRETARY RANDEEP SURJEWALA

Women officers in the armed forces

There is no doubt that officers and other ranks have to undergo a sea change in their thinking process and attitude to accept gender equality

RAVI CHANDER **KOCHHAR**

(The writer, a retired Rear Admiral, is Group Pro Vice Chancellor & OSD (HR), Amity University, Uttar Pradesh. The views expressed are personal.)

The recent Supreme Court judgement directing the Government to open the portals of the National Defence Academy for women has finally paved way for across-the-board gender equality in the armed Forces. Eligible women will now be permitted to appear for the NDA Entrance Examination for the first time and the sky will be the limit for their career aspirations. This will now enable women to join all available combat or non-combat branches of the three services.

Notwithstanding the above judgement, women have always had their presence in the armed forces, though in a limited role like that of doctors in all the three wings of the armed forces. It

has, however, been almost three decades when women entered many other branches where only men dominated once.

The women officers in Indian armed forces have come a long way and have adapted well with the changing times. However, it is incumbent on the services to be accommodative in assimilating women in all domains — be it combat, administration, engineering or medical. Therefore, the onus is still upon the male-dominated armed forces to recognize the power of women officers and facilitate them to achieve their full potential.

I still fondly remember, whilst I was in command of INS Vikrant in 1992, when the first batch of women officers

reported onboard for initial sea training for Short Service Commission in the Indian Navy. The lady officers were very enthusiastic and took keen interest in the training. Normally when officers join for sea training, they all live on the ship throughout their training. In this case as there were no separate arrangements onboard for their stay, the ship was in harbour and they would come in the morning and leave in the

evening. Throughout their training they exhibited their skill levels, adaptability, physical fitness and mental alertness to match with standards laid down for men.

These young lady officers were quick on the uptake and always enthusiastic to learn the service ways. They were happy with the training but had one observation — why they could not stay onboard. It was explained to them that as of now the arrangements onboard ships are for men, especially living spaces and washrooms. Whilst they all understood the existing constraints, they were keen to know when ships will have women's quarters as well. I recollect my reaction to that was 'when a child is born, he/she first learns to

crawl, then stand and only thereafter runs'. I can only say that the time has come for all of them to run.

On the lighter side, many of those young lady officers found their soul mates amongst the naval officers during their initial service career and thereafter, lived happily ever after. Being from the same service the understanding between the partners also proved to be of higher quality, essential for marital harmony. In short it is a win in situation, as both the partners know each other's service conditions and do not take long to settle.

I can only say that the day has come when the idea of women joining armed forces had taken shape and has now evolved to women getting

permanent commission and entering areas dominated by men like fighter pilots, combat units and serving onboard ships and sailing on operational missions.

There's is no doubt that officers and other ranks have also to undergo a sea change in their thinking process and attitude so as to accept gender equality and when required, take orders from women officers in command. Having said that, women must also remember that they are getting into new fields and must tread with caution and never hesitate to take guidance from men who have been holding the fort for a much longer period.

By the way in the US Navy, for the first time, a woman officer has recently

been appointed to command a nuclear-powered aircraft carrier. I have no doubt it is only a matter of time when we will have lady officers in command of combat units and move shoulder to shoulder with their male counterparts.

Indian history is replete with examples of women in command of combat troops, like "Rani of Jhansi" and many others who have led troops in battle and given a befitting reply to the enemy. It was only somewhere along the time when we lost the plot and armed forces became the forte of men alone.

At the end, I can only say, 'Welcome to Indian armed forces, brave Ladies, you are indeed the pride of India.'

Russia hosts Af talks, calls for inclusive Govt

MOSCOW: Russia hosted talks on Afghanistan on Wednesday involving senior representatives of the Taliban and other factions, a round of diplomacy that underlines Moscow's clout.

Opening the talks, Russian Foreign Minister Sergey Lavrov emphasized that "forming a really inclusive government fully reflecting the interests of not only all ethnic groups but all political forces of the country" is necessary to achieve a stable peace in Afghanistan.

Russia had worked for years to establish contacts with the Taliban, even though it has designated the group a terrorist organization in 2003 and never took it of the list. Any contact with such groups is punishable under Russian law, but the Foreign Ministry has responded to questions about the apparent contradiction by saying that its exchanges with the Taliban are essential for helping stabilize Afghanistan.

The Soviet Union fought a 10-year war in Afghanistan that ended with its troops withdrawing in 1989. In recent years, Moscow has made a strong comeback as an influential power broker in international talks on Afghanistan, hosting the Taliban representatives and members of other

factions for bilateral and multilateral meetings.

Unlike many other countries, Russia hasn't evacuated its embassy in Kabul and its ambassador has maintained regular contacts with the Taliban after they took over the Afghan capital in August.

Lavrov in his opening speech at the conference commended the Taliban for their efforts to stabilize the situation in the country and ensure the operation of state structures.

Last week, Russian President Vladimir Putin noted that there must be no rush in officially recognizing the Taliban as the new rulers of Afghanistan, but emphasized the need to engage in talks with them.

At the same time, he emphasized the security challenges posed by the Islamic State group and other militants based in northern Afghanistan, and noted that drug trafficking from Afghanistan will continue to present a challenge.

Russia has vowed to provide military assistance to its ex-Soviet allies in Central Asia to help counter the threats, and held a series of joint drills in Uzbekistan and Tajikistan that neighbor Afghanistan.

Another sweeping military exercise in Tajikistan

involving 5,000 troops, more than 700 military vehicles and combat jets has started this week. **AP**

Pak Army chief urges world to avert humanitarian crisis in Afghan

Islamabad: Pakistan Army chief Gen Qamar Javed Bajwa on Wednesday urged the international community to get together to stop a brewing humanitarian crisis in Afghanistan, which is now ruled by the Taliban.

Gen Bajwa made the appeal during his meeting with Stefano Pontecorvo, Senior Civil Representative NATO, who called on him at the army headquarters in Rawalpindi, the army said in a statement.

During their meeting, matters related to mutual interest, peace and stability in the region and the Afghanistan situation were discussed, it said.

"There is a need for global convergence on Afghanistan to avoid a humanitarian crisis," Gen Bajwa said.

The visiting dignitary appreciated Pakistan's role in the Afghan situation including successful evacuation operations and efforts for regional stability. He also assured to enhance cooperation with Pakistan on Afghanistan and regular engagement by the NATO countries for all bilateral issues. Pakistan has been trying to convince the world to engage with the Taliban in Afghanistan as it fears a humanitarian crisis in the neighbouring country due to looming shortages of food and other essential commodities. The Taliban seized power in Afghanistan on August 15, two weeks before the US was set to complete its troop withdrawal after a costly two-decade war. **PTI**

Protesters in Bangladesh demand law to protect minorities

They condemn violence against Hindus

DHAKA: Demanding that the Bangladesh government should enact a new law to ensure religious freedom for everyone, protesters and academicians across the country condemned the mob attacks on the Hindu community and vandalism of temples and idols during Durga Puja festivities.

Attacks on Hindus and their temples have intensified in Bangladesh since last Wednesday after an alleged blasphemous post surfaced on social media during the Durga Puja celebrations.

On late Sunday night, a mob damaged 66 houses and set on fire at least 20 homes of Hindus in Bangladesh.

Condemning the attacks on the Hindu community, protests were held across the country for the sixth day on Tuesday, the Dhaka Tribune newspaper reported on Wednesday.

Speakers at various programmes demanded that the perpetrators of the violence be brought to justice, as well as other measures to protect minorities in Bangladesh, it said.

The Dhaka University Teachers' Association (DUTA) demanded exemplary punishment for those involved in the attacks on Hindu temples and Durga Puja venues across the country.

They also urged the government to enact a new law to ensure religious freedom for everyone.

Over a hundred teachers from various departments of the university participated in the programme and made a human chain, voicing the demands, at the Dhaka University campus.

Condemning the violence, DU Vice-Chancellor M Akhtaruzzaman said: "'The Durga Puja celebration of this country was a model of secularism for the entire world. This festival is supposed to be open

to people of all religions. The rise of communal evil in various parts of the country is disgraceful and cannot be tolerated. We urge the government to identify the perpetrators immediately and bring them to book.'" According to M Wahiduzzaman, former VC of Noakhali Science and Technology University, the government should immediately enact a law that effectively discourages communal violence.

"Compensation must be ensured for all the victims of the recent attacks," he added.

Former Vice-Chancellor of Jagannath University Mijanur Rahman said perpetrators of communal violence often get away without punishment, and this needs to be stopped.

Leaders and activists of the Progressive Student Alliance and the Khulna University Teachers' Association also condemned the violence against the Hindu community.

Students and teachers of Dhaka University also staged a street drama titled 'Dekhte Ki Pao, Purche Bangla? (Can you see that Bangla is burning?)' to protest the attacks.

Rights activists under the banner 'Poets, litterateur, artists and journalists against communal terrorism' organised a rally in front of the National Museum at Shahbagh on Tuesday. **PTI**

Vladimir Putin orders week-long paid holiday as Covid cases soar in Russia

Moscow: Russian President Vladimir Putin on Wednesday ordered a nationwide week-long paid holiday to curb Covid infections in Europe's worst affected country and urged Russians to show "responsibility" and get vaccinated.

Putin approved a government plan to declare a non-working week across the country from October 30 as Russia registered a record 1,028 coronavirus deaths in a single day.

"The main aim is to protect the lives and health of our citizens," the 69-year-old Kremlin chief said during a televised meeting.

He said the severity of the outbreak in Russia was linked to the country's vaccination rates that are "unfortunately" low.

Infection rates have soared in recent weeks amid a stalled vaccination campaign, with only 35 percent of the country fully inoculated despite several widely available vaccines including Sputnik V.

Putin said he was surprised by how many Russians were refusing the vaccine, even among his "close friends."

"It's strange. People with a good education, scientific degrees... I just don't understand what is happening."

Putin has made numerous pleas for Russians to get Covid jabs, and on Wednesday once again called on people to get immunised.

"Please, show responsibility," he said.

On Wednesday, the country recorded over 34,000 new virus cases and a total of 226,353 fatalities -- the highest death toll on the European continent. Russian authorities have been accused of vastly downplaying the scale of the pandemic, and Putin told regional authorities not to underreport the number of virus cases, calling it "dangerous."

Putin has introduced paid holidays during coronavirus peaks before, most recently in May. The new non-working week will coincide with national school holidays.

Deputy Prime Minister Tatiana Golikova said the new restrictions were tough but necessary. **AFP**

Iran urges UN action against Israeli threats to n-programme

Tehran: Iranian Ambassador to the UN Majid Takht Ravanchi has called for an action by the UN Security Council (UNSC) to tackle rising Israeli threats to Tehran's nuclear programme.

In a letter to the UNSC on Tuesday, Takht Ravanchi said over the past months, the intensity of Israel's "provocative and adventurist threats" to Iran's nuclear programme have consistently grown and reached an alarming level, Xinhua reported on Wednesday citing Tasnim news agency.

The Iranian envoy referred to the latest remarks by Israeli senior military officials of "operational plans against Iran's nuclear programme", saying that "such systematic explicit and public threats by the Israeli regime against a founding member of the United Nations constitute flagrant violations of international law". Takht Ravanchi warned against any possible military act of Israel against Iran and its nuclear programme, stressing that Iran reserves the right to self-defence to decisively respond to any threat. **IANS**

Bus bombs kill 14 in Syria capital shells elsewhere kill 10

Damascus: Two bombs attached to a bus carrying Syrian troops exploded in Damascus during the morning rush hour Wednesday, a military official said. Fourteen people were killed in the attack, one of the deadliest in the capital in years.

While the Syrian government's decade-long conflict with insurgents continues in parts of the country including the rebel-held northwest, the bombings in Damascus have become exceedingly rare since President Bashar Assad's troops pushed opposition fighters from the capital's suburbs in 2018.

The explosions, which also left several wounded, happened at a busy intersection, near a main bus transfer point where commuters and schoolchildren typically converge. After the blasts, Syrian state TV showed footage of smoke rising from a charred bus as soldiers hosed down the vehicle and onlookers flocked to a nearby bridge to watch.

No one immediately claimed responsibility for the attack, but several insurgent and jihadist groups that seek to overthrow Assad are active in Syria.

Separately, rescue workers reported 10 people were killed, including four children and a woman, in government shelling of a town in the last rebel enclave in the country's northwest. The UN Deputy Regional Humanitarian Coordinator Mark Cutts described as "shocking" the reports of the shelling that hit a market and roads near schools as students were heading to classes.

In addition to the four children killed, their teacher also died, according to UNICEF, the UN children's agency.

"Today's violence is yet another reminder that the war in Syria has not come to an end. Civilians, among them many children, keep bearing the brunt of a brutal decade-long conflict," the agency said. "Attacks on civilians including children are a violation of international humanitarian law." **AP**

OFFICE OF THE RECOVERY OFFICER-II
DEBTS RECOVERY TRIBUNAL-II, DELHI
4th Floor, Jeevan Tara Building, Parliament Street,
New Delhi-110001

PROCLAMATION OF SALE

Notice Under Rule 38 of The Second Schedule to The Income Tax Act, 1961 Read With Section 25(a) The Recovery of Debts Due to Banks & Financial Institutions Act, 1993.

RC No. 312/2014 Dated:..09.09.2021

In the matter of: ICICI BANK V/S BHARAT SOMASTAMB

To,
CD#
Bharat Somastamb S/o Sh. Krishan Gopal Somastamb
R/o House No. 523, Sector-21C Faridabad, Haryana- 121001.
Also at: Bharat Enterprises G1/203A, Indera Enclave, Sector-21-D, Faridabad- 121002.

Whereas in execution of ibid RC No.312/2014 dated 28.08.2014 in OA No.308/2013 drawn up by the Hon'ble Presiding Officer, Debts Recovery Tribunal-II, Delhi, the CD is to pay to the applicant Rs.12,16,823/- (Rs. Twelve Lacs Sixteen Thousand Eight Hundred And Twenty Three Only) has become due from you as per the ibid Recovery Certificate drawn in OA No. 308/2013 by the Presiding Officer, Debts Recovery Tribunal- II, Delhi. The applicant is entitled to recover a sum of Rs. Rs.12,01,823/- (Rs. Twelve Lacs One Thousand Eight Hundred And Twenty Three Only) alongwith pendente lite and future interest @15.01% per annum w.e.f. 18.10.2013 till realization with cost of Rs.15,000/- and costs from the Certificate Debtor (CD), failing which the amount shall be recovered by sale of the hypothecated vehicles. In case of any shortfall, the same shall be recovered from the personal movable and immovable assets of the CD.

2. And whereas the undersigned has ordered the sale of the hypothecated vehicle mentioned in scheduled property for satisfaction of the said Recovery Certificate.

3. Notice is hereby given that in the absence of any order of postponement, the said hypothecated vehicle (mentioned under the schedule of property below) shall be sold through e auction through <https://auctions.cardekho.com> / [auctions@cardekho.com](https://auctions.cardekho.com), by e-auction at 11:00 AM on 27.10.2021.

4. The CH bank shall ensure that prospective bidders are allowed inspection of the said hypothecated vehicle (mentioned under the schedule of property below) before day of auction for which interested individuals may contact the concerned officer of CH Ms. Kalayani Preeti (MOB: 9599281817).

5. The sale shall be of the movable property of the above named Certificate Defaulters (CD), subject to the liabilities and claims attaching to the said hypothecated vehicle, if any.

6. The sale shall be stopped if, before lot is knocked down, the arrears mentioned in the said certificate, interest costs (including cost of sale) are tendered to the officer conducting the sale or proof is given to his satisfaction that the amount of such certificate alongwith the interest and costs has been paid to the undersigned.

7. At the sale the public generally are invited to bid either personally or by duly authorized agent. No officer or other person, having any duty to perform in connection with this sale shall, however, either directly or indirectly bid for, acquire or attempt to acquire any interest in the property sold.

8. The property is being sold on "AS IS WHERE IS" BASIS and "AS IS WHAT IS" BASIS. The sale shall be subject to the conditions prescribed in the Second Scheduled to the Income Tax Act, 1961 and the rules made thereunder and to the following further conditions.

9. The particulars specified in the Schedule have been stated to the best of the information of the undersigned, but the undersigned shall not be answerable for any error, mis-statement or omission in this proclamation.

10. The Reserve Price and Earnest Money Deposit (EMD) be fixed as follows-

S. No.	Details of property	Reserve Price (In Rs.)	Earnest Money Deposit (EMD) (In Rs.)
1.	Mercedes Benz/ E280CDI, bearing Registration No. HR- 51Y-0945.	1,60,000/-	16,000/-

11. The amount by which the biddings are to be increased shall be determined by the Officer conducting the sale. In the event of any dispute arising as to the amount of bid, or as to the bidder, the lot shall at once be again put to auction.

12. Intending bidders shall be required to pay Earnest Money Deposit (EMD) by way of pay order/demand draft payable at New Delhi and in favour of Recovery Officer-II, DRT-II, Delhi before the start of bidding and identity proofs, address proofs etc. The said deposit shall be adjusted in the case of successful bidders; and in the case of unsuccessful bidders the same shall be refunded without interest, on the date of sale.

13. Successful highest bidder shall have to deposit 25% of the sale proceeds by way of pay order/demand draft favoring the Recovery Officer-II, DRT-II, Delhi, within 24 hours (next working day) by way of bank draft, after adjusting the EMD stated above, failing which the EMD shall be forfeited.

14. The purchaser shall deposit the balance 75% of the sale proceeds alongwith poundage fee @ 2% upto Rupees 1,000/- @ 1% of the sale price exceeding Rupees 1,000/- within 15 days from the date of auction. The Poundage fees shall be deposited through a demand draft payable in favor of the Registrar, DRT-II, Delhi.

15. In case of default, the amount earlier deposited by the bidder, if the undersigned considers fit, after defraying the expenses of the sale shall be forfeited and the property shall be resold, and the defaulting purchaser shall forfeit all claims to the property or to any part thereof or of any part of the sum for which it may subsequently be sold.

16. The undersigned reserves the right to accept or reject any or all bids if found unreasonable or postpone the auction at any time without assigning any reason.

S. No.	Description of property to be sold with names co-owners where the property belongs to the defaulter and any other persons is co-owners	Revenue assessed upon the property or any part thereof	Details of any encumbrances to which the property is liable	Claims, if any which have been put forward to the property and other known particulars bearing on its nature and value.
1.	Mercedes Benz/ E280CDI, bearing Registration No. HR- 51Y-0945.	No Information	No Information	No Information

Given under my hand and seal of this Tribunal at New Delhi on this 09.09.2021.

(Dattatreya Bajpayee)

DRT-II, Delhi

48 died, 31 missing in Nepal's flood and landslides

Kathmandu: At least 48 people have died and 31 others went missing in Nepal's flood and landslides triggered by incessant rains from Sunday, Nepal's Ministry of Home Affairs said.

Similarly, thousands of farmers across the country have lost their crops to rains this year. Destruction of the paddy crop is a major setback for Nepal's overall economy. Paddy alone contributes around 7 per cent to the national gross domestic product and is the major income source for more than half of the population.

Prime Minister Sher Bahadur Deuba has called an emergency Cabinet meeting on Wednesday afternoon to discuss the situation created by the rain, floods, and landslides. As many as 11 districts of the country reported deaths and missing people, according to the Home Ministry.

Some bridges collapsed and highways were obstructed. Some cities and airports are inundated and in some districts, some human settlements were submerged under the floods. Local authorities have shifted some settlements to safe places in some districts to save people from the flood and landslides.

Several districts of the country have been hit hard by the unexpected autumn rain. According to Nepali Airlines officials, at least 100 domestic flights scheduled for an operation to and from the capital, Kathmandu were suspended on Wednesday owing to bad weather conditions. This is the highest number of flight suspensions recorded in a single day in recent times as air carriers could not operate services to various hilly as well as plain areas due to incessant rains and bad weather conditions.

The Home Ministry said that 31 people are still missing in landslides and floods in several parts of the country and search and rescue operation is underway. The sudden and extreme rainfall in the third week of October, has left experts wondering-and worried-how climate change is impacting the economy and livelihoods of the people.

Nepal's economic well-being is intimately linked with the rainy season. Water from the skies is the lifeblood of Nepal's Rs 4.26 trillion economy which is farm-dependent, as nearly two-thirds of the farmlands are rain-fed. A large part of the country gets nearly 80 percent of its annual rainfall during the four months-June to September. Given the above-normal rainfall this year, Nepal was expecting a bumper harvest. **IANS**

Career diplomat Donald Blome named US envoy to Pakistan

Washington: U.S. President Joe Biden plans to nominate Donald Blome, currently ambassador to Tunisia, as his top diplomat in Pakistan as Washington works to manage the situation in neighboring Afghanistan following the withdrawal of American troops.

Joe Biden will announce plans to nominate Blome to the job in Pakistan, the White House said. Blome is a career Foreign Service diplomat with long experience in the region who once worked in the Kabul embassy, shuttered earlier this year during the U.S. military withdrawal from Afghanistan.

Pakistan is playing a major role in diplomacy with its Taliban-ruled neighbor.

International agencies have warned that Afghanistan is on the verge of humanitarian collapse without access to aid or foreign reserves, which remain frozen in the United States.

Pakistan's relationship with neighboring China has also been of interest to the Biden administration, which regards Beijing as its chief international rival. Tunisia, where Blome has worked as ambassador since 2019, is an important diplomatic outpost for the United States in North Africa, representing interests beyond the country's borders, including in neighboring Libya. **PTI**

Volcano in southwest Japan erupts, warning issued

Tokyo: An eruption was observed on Wednesday at Mt Aso in Kyushu area, southwestern Japan, the Japan Meteorological Agency (JMA) said.

Chief Cabinet Secretary Hirokazu Matsuno told reporters in Tokyo that no injuries have been reported so far and that local authorities are working to determine whether there are any climbers still on the mountain, Xinhua news agency reported.

According to the JMA, the eruption occurred at 11.43 a.m. local time at the No 1 Akadake crater, with smoke billowing out of the peak in Kumamoto Prefecture.

Volcanic ash has blown more than 1 km from the crater and reached a height of about 3,500 meters, and pyroclastic flows could occur in areas within about 2 km, the JMA said.

The agency raised the volcanic alert level of Mt Aso to 3 on a scale of 5. **IANS**

Former German troops arrested over alleged terror plot

Berlin: Two former German soldiers have been arrested on suspicion of trying to form a terrorist mercenary force to fight in Yemen's civil war, officials said. The former soldiers -- Arend-Adolf G and Achim A, face terrorism charges after police raids in southern Germany on Wednesday, the BBC reported.

They allegedly planned to recruit up to 150 men for a private army made up of former police officers and soldiers.

According to prosecutors, they wanted to offer their services to Saudi Arabia's government for illegal missions in Yemen. Yemen has been racked by a civil war between the Saudi Arabia-backed internationally recognised government and the armed Houthi movement since 2014. Saudi Arabia entered the civil war in 2015 shortly after the capture of the capital, Sanaa, by the Houthis, who are supported by Iran. **IANS**

Queen cancels travel plans within UK after medical advice to rest

London: Britain's Queen Elizabeth II has cancelled a planned visit to Northern Ireland following medical advice to rest for a few days, Buckingham Palace said on Wednesday.

The 95-year-old monarch was to begin a two-day trip to Hillsborough in County Down and attend a church service marking the centenary of the formation of Northern Ireland in Armagh on Thursday, but will now remain at Windsor Castle instead.

"The Queen has reluctantly accepted medical advice to rest for the next few days," a Buckingham Palace spokesperson said. "Her Majesty is in good spirits and is disappointed that she will no longer be able to visit Northern Ireland, where she had been due to undertake a series of engagements today and tomorrow. The Queen sends her warmest good wishes to the people of Northern Ireland and looks forward to visiting in the future," **IANS**

the spokesperson said.

The decision is not believed to be related to coronavirus and the monarch is now said to be resting at her Windsor Castle residence in Berkshire, south-east England.

The Queen, the UK's longest-serving monarch, has been attending a series of public events in recent days, including hosting a Global Investment Summit at Windsor Castle on Tuesday evening. It was revealed on Tuesday that the Queen had declined a so-called "Oldie of the Year" award, from a magazine of the same name, saying: "You are only as old as you feel".

She is still expected to attend the UN COP26 climate conference in Glasgow.

The Queen was seen using a walking stick for the first time at a major public event earlier this week, when attending a Westminster Abbey service marking the centenary of UK armed forces charity Royal British Legion. **AP**

Pak PM accused of selling gifts received from other countries' heads

Lahore: Pakistan's Opposition parties on Wednesday accused Prime Minister Imran Khan of selling gifts he received from other countries' heads, including an expensive watch worth USD 1 million.

Gifts are routinely exchanged between heads of states or officers holding constitutional positions during a state visit. According to the gift depository (Toshakhana) rules, these gifts remain the property of the state unless sold at an open auction. Rules allow officials to retain gifts with a market value of less than Rs 10,000 without paying anything. The Express Tribune newspaper reported.

"Imran Khan has sold the gifts he received from other countries," PML-N vice president Maryam Nawaz tweeted in Urdu. **PTI**

Decision on Air India will give new energy: Modi

AVIATION SECTOR

PTI ■ KUSHINAGAR

With Air India set to be acquired by Tata group, Prime Minister Narendra Modi on Wednesday said the decision on the national carrier will give new energy to the country's aviation sector.

His comments come weeks after Tata group emerged as the winning bidder for Air India paying the way for dis-investment of the loss-making carrier.

In an address after inaugurating the Kushinagar International airport, Modi said the decision on Air India will give new energy to the aviation sector of India.

Tata group has emerged as the winning bidder for Air India, and on October 11, a letter of intent (LoI) was issued to the group.

Earlier this month, the government accepted an offer by Talace Pvt Ltd, a unit of Tata group, to pay ₹ 2,700 crore cash and takeover ₹15,300 crore of

Air India's debt.

After Tatas accept the LoI, the share purchase agreement (SPA) for the sale will be signed.

Along with Air India, Tatas will acquire low-cost carrier Air India Express and Air India's 50 per cent stake in equal joint venture AISATS.

Power crisis: Govt looks to revise coal stocking norms for thermal plants

IANs ■ NEW DELHI

In a bid to avert power crisis being triggered in the country due to fuel shortages in the months following monsoon rains, the government proposes revise the coal stocking norms for thermal power plants, based on regular shift stock limits, depending on the actual fuel requirement during a particular period.

Sources said that the Central Electricity Authority will come up with revised coal stocking guidelines that will have higher stocking requirement for non-pit head power plants while lower for those located near the coal-bearing regions of the country.

As per a draft that is being discussed, against the uniform requirement of 20-22 day coal

stocks to be maintained by power plants, lower coal stock of 10 days may be mandated for pit-head power plants while 20 days stock may be needed for power plants farther from coal-producing areas. But in the peak summer months (April-June), non-pit head plants would still require to stock 22 days of coal while pit head plants around 12 days. The norms of stocking may change slightly in winter months. The thinking within the government is that the revised coal stocking norms will prevent a situation like the one that faced the country recently when post monsoons, several of the 135 coal-based power plants in the country were found to be sitting with critical coal stock levels sufficient to meet just three to four days of supply.

IMF revises down Asia economy growth forecast to 6.5%

IANs ■ WASHINGTON

The International Monetary Fund (IMF) has revised down its 2021 economic growth forecast for Asia to 6.5 per cent, down by 1.1 percentage points from its April projection, according to a newly released regional economic outlook.

"The resurgence of the pandemic, amid initially low vaccination rates, slowed the recovery in the Asia-Pacific region, especially in emerging market and developing economies," Chang Yong Rhee, director of the IMF's Asia and Pacific Department was quoted as saying by Xinhua news agency. Noting that the Asia-Pacific remains the fastest growing region in the world, Rhee said as vaccination rates accelerate, the region is expected to grow by 4.9 per cent in

2022, 0.4 percentage points faster than projected in April. For advanced economies, the latest IMF forecast is broadly unchanged for 2021 with upgrades in South Korea and New Zealand and downgrades in Japan and Australia, according to the report.

Most of the downgrades in the region come from emerging market and low-income countries, led by India and the Association of Southeast Asian Nations. China is projected to grow by 8.0 per cent in 2021, down by 0.4 percentage point from the April projection, according to the report. India is projected to grow by 9.5 per cent after a sharp decline in 2020. While the pandemic

surge earlier this year had a large adverse impact on growth, the subsequent rebound in activity has gained strength, it said. The ASEAN-5 countries (Indonesia, Malaysia, the Philippines, Singapore, Thailand), are still facing "severe challenges" from a resurgent virus and weakness in contact-intensive sectors.

"The divergence between Asian advanced economies and developing economies is deepening, with output levels in the emerging market economies and low-income countries expected to remain below pre-pandemic trends in the coming years, reflecting differences in policy support and vaccination rollout," Rhee said.

IMF Chief Economist Gita Gopinath to leave job and return to Harvard University

PTI ■ WASHINGTON

IMF's Chief Economist Gita Gopinath will leave her job in January next year and return to the prestigious Harvard University's Economics Department, according to the global financial institution. The 49-year-old prominent Indian-American economist had joined the International Monetary Fund (IMF) as the Chief Economist in January 2019. She was the John

Zwaanstra Professor of International Studies and Economics at Harvard University when she joined the Washington-based global lender.

IMF Managing Director Kristalina Georgieva on Tuesday announced that the search for Gopinath's successor would begin shortly. "Gita's contribution to the Fund and our membership has been truly remarkable - quite simply, her impact on the IMF's work has been tremendous," Georgieva said.

India to see salary hike at 9.3% in 2022: Report

IANs ■ NEW DELHI

After a pandemic-induced lull, pay rises are making a comeback. With India projected a salary increase of 9.3 per cent next year, the country is set to be the highest payer in Asia Pacific, according to a report.

This is an increase of 8 per cent compared to 2021, revealed the latest report by advisory, broking and solutions company Willis Towers Watson.

India is followed by Sri Lanka (5.5 per cent),

China (6 per cent), Indonesia (6.9 per cent), and Singapore (3.9 per cent) for the highest salary increase for 2021 in the Asia Pacific region.

Pointing towards a much-anticipated economic recovery, a majority (52.2 per cent) of companies in India have projected a positive business revenue outlook for the next 12 months, up from 37 per cent in Q4 2020.

This translates in increased hiring across businesses with 30 per cent of companies planning to hire in the next 12 months. This is almost three times more than last year.

India needs to become a global power to defend itself: Gadkari

New Delhi: Union Minister Nitin Gadkari on Wednesday said India needs to become a global power, not to attack anyone but to defend itself. Addressing an event organised by industry body FICCI, he said India is not an expansionist power and does not intend to attack its smaller neighbours. "We need to make India a global power... We need to become powerful but not to attack anyone," the road transport and highways minister said. Gadkari noted that India is becoming self-reliant in the defence sector. "We are a rich nation with a poor population. We need to work to make India a rich nation with a rich population," he emphasised.

PTI

Markets skid for 2nd day as profit-booking takes hold

PTI ■ MUMBAI

The Sensex slumped 456 points while the Nifty closed below the 18,300-level on Wednesday as market participants pared exposure to overbought counters for the second straight session.

Midcap and smallcap stocks too saw heavy selling amid concerns over frothy valuations, traders said.

The 30-share BSE Sensex ended 456.09 points or 0.74 per cent lower at 61,259.96. Similarly, the NSE Nifty dropped 152.15 points or 0.83 per cent to 18,266.60.

Titan was the top laggard in the Sensex pack, shedding

2.97 per cent, followed by HUL, NTPC, L&T, PowerGrid, Bajaj Finserv and M&M.

In contrast, Bharti Airtel led the gainers' chart with a jump of 4.03 per cent. SBI, IndusInd Bank, Bajaj Finance, Axis Bank, ITC and HCL Tech were the other winners. "Indices corrected quite meaningfully led by the expensive side of the market where valuations had got stretched," said S Ranganathan, Head of Research at LKP Securities.

Almost all sectoral indices ended in the red, although PSU banks were seen bucking the trend with investors cherry-picking for value in that pocket, he noted.

Further, he said the street is taking note of the cost pressure emanating from higher input costs in companies that do not possess the pricing power.

AUTHORISED OFFICER

Cholamandalam Investment And Finance Company Limited.

Welfare schemes for people

As per the CVoter Governance Index, the Chief Minister of Chhattisgarh, Bhupesh Baghel, is the best performing Chief Minister in the country.

He has received the highest popularity rating among all chief ministers of states. The index report attributed his popularity to several welfare schemes introduced by the state government. Recent schemes, such as Mahatari Dular Yojana, that will provide

free education to children who lost their guardians/parents to Covid, is appreciated by all. The government will bear the entire expenses of their education.

The report says that the Chief Minister is popular among the masses because of his strong decision-making ability and his CEO style of working. Around 94 per cent people of Chhattisgarh are happy with the Baghel's performance.

15वें वित्त आयोग अनुदान अन्तर्गत संविदा पर लेखा लिपिक-सह-कम्प्यूटर ऑपरेटर की नियुक्ति संबंधी विज्ञापन -02 /2020-21

ग्रामीण विकास विभाग (पंचायती राज), झारखण्ड, राँची के

Rohit finds his groove as India outplay Australia

PTI ■ DUBAI

India fine-tuned their T20 World Cup preparations with a convincing nine-wicket win over Australia in their final warm-up game here on Wednesday but the sixth bowler's slot remained a worry as even Virat Kohli rolled his arm over going into the tournament proper.

Captaining the side with Kohli only taking the field to bowl, Rohit Sharma (60 retired off 41) showed sublime touch alongside opening partner K L Rahul (39 off 31) as India chased down Australia's 152 for five in 17.5 overs.

Suryakumar Yadav (38 not out off 27) came at number three in Kohli's absence and got valuable time in the middle which should boost his confidence going ahead.

Hardik Pandya (14 not out off 8) came at four to finish the game and he did it with a clean hit over the bowler's head.

Another plus for India was seasoned pacer Bhuvneshwar

Australia's Marcus Stoinis looks on as India's Rohit Sharma and KL Rahul run between the wickets during the Cricket Twenty20 World Cup warm-up match between India and Australia in Dubai, on Wednesday

AP

Kumar finding rhythm after a poor outing against England. India had also beaten England in their earlier practice game.

The batting department looks more or less settled and the five specialist bowlers also inspire confidence but the same can't be said about the extra bowling option with Hardik not bringing his all-round skills to the table at the moment.

"Hardik is coming along pretty well, but it'll be a while before he will start to bowl. He hasn't started bowling, but he should be ready by the start of the tournament," said Rohit at the toss for the warm-up match against Australia.

The team management is hoping he will be ready to bowl during India's World Cup campaign which begins with the marquee clash against Pakistan on Sunday.

Skipper Kohli kept things tight with two overs of medium

pace but to expect him to do the job in high-pressure scenarios would be asking for too much from him.

India conceded 58 runs off the last five overs and that is something they would like to improve on.

After losing the toss, India put up a decent bowling effort. Rohit mentioned at the toss that Kohli, Jasprit Bumrah and Mohammed Shami were rested from the game but the skipper took the field to bowl a couple of overs in which he conceded 12 runs.

India had Australia on the mat at 11 for three after Aaron Finch opted to bat first.

David Warner's barren run continued after a failed attempt at a reverse sweep had him trapped in front off Ravichandran Ashwin.

With his very next ball, Ashwin got rid of birthday boy Mitchell Marsh who played for the turn which wasn't there only to edge it to the first slip.

Hardik expected to bowl when Indian T20 WC campaign begins: Rohit

PTI ■ DUBAI

India vice-captain Rohit Sharma on Wednesday said that all-rounder Hardik Pandya is expected to be "ready" to bowl when the team starts its T20 World Cup campaign here on Sunday. Rohit, who is leading the side in the warm-up game against Australia as Virat Kohli has been rested, said the team needs a sixth bowler during the showpiece.

"Hardik is coming along pretty well, but it'll be a while before he will start to bowl. He hasn't started bowling, but he should be ready by the start of the tournament," said Rohit at the toss for the warm-up match against Australia.

"We have quality in the main bowlers, but you need an option for a 6th bowler," he

Ravindra Jadeja had Finch trapped LBW with a slider off his very first ball, leaving Australia with a lot of work to

added. India play Pakistan in their opening match here on Sunday. Pandya's fitness is a concern heading into the tournament as he did not bowl at all in the IPL. The team management has repeatedly stated that Pandya's bowling is crucial for the team's balance. Besides Kohli, pacers Jasprit Bumrah and Mohammed Shami were also rested from Wednesday's warm-up game.

"We want to make sure that we get the 6th bowling option, some options in the batting order as well, we'll try all those things today," Rohit said.

"We wanted to bat first as well, just wanted to try and get runs on the board." India had beaten England by seven wickets in their first warm-up game on Monday, riding on a 24-ball 51 from KL Rahul.

While Maxwell used his reverse sweep to good effect, Smith kept himself busy by rotating the strike.

T20WorldCupwindow

12 YR OLD DEIGNED SCOTLAND T20 WC JERSEY

Dubai: Scotland beating teams such as Bangladesh in the ICC T20 World Cup was never unthinkable. But what is difficult to believe is that the team's striking dark blue and purple-coloured jersey has been designed by a 12-year-old girl. Rebecca Downie is the young designer and she has been cheering her team, which proved to be the most impressive in the first week of the tournament. The team chose the design from over 200 entries from school children across the country. The jersey is based on the colours of Scotland's national emblem — the thistle.

'IF WE DON'T GET RESULTS, WE SEARCH FOR SCAPEGOATS'

Karachi: Former captain Misbah-ul-Haq said that there will be no improvement in Pakistan cricket unless it changes its culture and stops hunting for scapegoats. Speaking for the first time after his sudden resignation as head coach last month, Misbah said "cosmetic surgery" will not change anything in Pakistan cricket as the problems are deep rooted in the system."The problem is that in our cricket we only look at results and we don't give time or have patience for planning ahead and improving the system," he said on A-Sports' channel.

Namibia beat Netherlands, keeps them in hunt for Super 12

PTI ■ ABU DHABI

In a sensational display of power-hitting, David Wiese conjured up a 66-run knock to fashion Namibia's six-wicket win over the Netherlands in a crucial first round Group A game of the T20 World Cup here on Wednesday.

Wiese's maiden international half-century changed the pace of the game in matter of minutes as runs flew thick and fast after he took charge at the crease and in the process added 93 runs with skipper Gerhard Erasmus (32) for the fourth wicket. Chasing 165 to stay alive in the competition,

debutants Namibia were stuttering at 52 for three after nine overs but Wiese single-handedly sank the Dutch side.

His onslaught on the spinners, especially the monstrous straight sixes, was a treat to watch as the Dutch bowlers were guilty of putting the balls in the slot for Wiese to clobber.

And even if the pacers drew the length a bit back, the 36-year-old Wiese had enough power to muscle the ball around for big shots.

He raised his fifty in just 29 balls, with a six off rival skipper Pietar Seelaar. His 40-ball unbeaten knock was adorned with five

sixes and four shots to the fence. Erasmus too timed the ball beautifully and got boundaries with ease in his 22-ball knock

that had four fours and a six.

The victory has kept Namibia in hunt for the Super-12 stage and now need to beat

Ireland in their final game in the first round.

They had lost to Sri Lanka in their opening match.

The Netherlands now have lost both their games and their chances to make it to the next stage are quite low.

Earlier, opener Max O'Dowd (70) struck his second consecutive half-century and shared a 82-run stand with Colin Ackermann (35) to help the Netherlands post a competitive 164 for four.

O'Dowd, who had hit 51 against Ireland in the previous match, expressed himself freely, going after the bowlers. At times he played uppish shots, not exactly in control but still kept finding the gaps to keep the scoreboard going.

Pattinson retires from international cricket

PTI ■ MELBOURNE

Australian fast bowler James Pattinson on Wednesday retired from international cricket after realising that he won't be in the reckoning for the Ashes series due to fitness issues.

The 31-year-old, who has played 21 Tests and 15 ODIs, though will continue to play domestic cricket.

Pattinson had recently suffered a knee injury during an intra-squad Victorian trial game.

It should be spinners' World Cup, says Rashid Khan

PTI ■ DUBAI

The ICC T20 World Cup will belong to the spinners. Afghanistan's star leg-break bowler Rashid Khan has asserted, and said they can beat any team if they bat well in the showpiece. Since being picked up by IPL team Sunrisers Hyderabad as an 18-year-old in 2017, ace leg-spinner Rashid has emerged as T20 cricket's leading wicket-taker in this period with 333 scalps and is wanted by franchises across the world.

Appearing in his second T20 World Cup, Rashid feels spinners are always "effective" on pitches at three venues in the UAE, where the Super 12s, the

semi-finals and final will be played.

"Conditions here are always good for spinners and it should be spinners' World Cup," Rashid said by ESPNcricinfo.

"Doesn't matter how wickets are prepared here, it is always helpful for the

spinners. Spinners will play a huge role in this World Cup.

"As we have seen in the IPL, spinners have brought back their team in the game. I feel that will be same in the World Cup as well. The best spinners will bring their team back in the game and win it."

Rashid feels Afghanistan, who are in Group 2 along with India, Pakistan and New Zealand, would need to do "lots of hard work" considering all their opponents in the Super 12s are "good players of spin".

Afghanistan have played 14 T20Is at three venues in the UAE and have won all of them.

Olympic flame arrives in Beijing amid boycott calls

PT ■ BEIJING

The Olympic flame arrived in Beijing on Wednesday amid calls from overseas critics for a boycott of the Feb. 4-20 Winter Games.

Beijing's Communist Party Secretary Cai Qi, the top official in the Chinese capital, received the flame at a closely-guarded airport ceremony.

Beijing successfully hosted the Summer Olympics in 2008, although the event failed to produce the more open political and social environment in China that many had hoped for.

Activist groups disrupted the flame lighting ceremony in southern Greece on Monday, accusing the International Olympic Committee of granting legitimacy to rights abuses in China.

IOC officials have said they are committed to seeing the competition go ahead and that rights issues are not part of their remit.

Speaking in the ancient stadium of Olympia, IOC President Thomas Bach said the Games must be "respected as politically neutral ground."

Activists on Tuesday said human rights in China have deteriorated since 2008, claiming that the Summer Games "emboldened" China.

Lakshya sails into second round, Saina sinks at Denmark Open

PTI ■ ODENSE

Young Lakshya Sen thumped compatriot Sourabh Verma in straight games to enter the second round but it was curtains for Saina Nehwal at the Denmark Open Super 1000 tournament here on Wednesday. Lakshya, who had finished runners-up at Dutch Open last Sunday, dished out a superb performance to outclass national champion Sourabh 21-9 21-7 in 26 minutes. The

20-year-old from Almora, who had failed to make the cut for the Sudirman

Cup and Thomas Cup Final after losing his only match in the trials, is likely to clash with second seed and Olympic champion Viktor Axelsen of Denmark next. London Games bronze medallist Saina, who had retired midway through her first match at Uber Cup Final due to a groin injury, couldn't match Japan's world no 20 Aya Ohori and lost 21-16 21-14 in the opening round.

The Indian doubles players had a

dismal outing as apart from Satwiksairaj Rankireddy and Ashwini Ponnappa, none of the others could put up a fight in their respective matches.

While Satwik and Ashwini's gallant battle ended with a 17-21 21-14 11-21 loss to China's Feng Yan Zhe and Du Yue in mixed doubles, Meghana Jakkampudi and Poorvisha S Ram lost 8-21 7-21 to Indonesian combination of Nita Violina Marwah and Putri Syaikhah in women's doubles.

SINGLES

BENZEMA ABSENT FOR BLACKMAIL TRIAL

Versailles: Real Madrid forward Karim Benzema wasn't present Wednesday for the opening of his three-day trial for involvement in an alleged attempt to blackmail former France teammate Mathieu Valbuena over a sex tape. The 33-year-old Benzema's legal team told the court in Versailles that professional obligations made it "impossible" for him to attend. Valbuena's lawyer said he deplored the absence. Benzema played for Madrid in Kyiv on Tuesday against Shakhtar Donetsk in the Champions League. Madrid plays again Sunday against Barcelona in the Spanish league. Four other people accused of attempted blackmail in the case were present in court.

AKEAL HOSEIN REPLACES FABIAN ALLEN

Dubai: Left-arm spinner Akeal Hosein was on Wednesday approved as replacement for an injured Fabian Allen in the West Indies squad for the ongoing ICC T20 World Cup. The Event Technical Committee of the tournament has approved Hosein as a replacement for Allen, the ICC said in a statement. Hosein, who has played nine ODIs and six T20Is, was picked after Allen was ruled out due to an ankle injury. Hosein was a reserve as per the allowance for teams to travel with extra players in view of COVID-19 quarantine requirements.

OLYMPIANS HEADLINE NATIONAL CHAMPIONSHIP

Hisar: Olympians Simranjit Kaur (60kg) and Pooja Rani (81kg) headline a strong field for the National Women's Boxing Championship, which will double up as a selection trial for the world championships, starting here on Thursday. The tournament, which is being conducted in association with Haryana Boxing Sangh, will see participation of more than 320 boxers from 36 States/UTs/Boards from across the country. Apart from Simranjit (60kg) and Pooja (81kg), who is the reigning Asian champion, 2019 World Championships bronze-medallist Jamuna Boro (54kg), defending champion Pwiloa Basumatary (60kg) and Asian Championships bronze medallist Jaismine (60kg) will be seen presenting strong challenges.
