‘Humiliated’ Captain resigns

Cong’s last-ditch effort to negate anti-incumbency; Amarinder to ‘explore options’

AMITABH SHUKLA ■ CHANDIGARH

Less than six months before the Assembly polls in the State, Congress changed Punjab Chief Minister Capt Amarinder Singh conceding that it was the best political alternative to dent the growing anti-incumbency against the two-time Chief Minister.

It was clear that the political script written by the Congress high command was unpalatable to the Punjab Chief Minister who submitted his resignation to Governor Banwarilal Purohit soon after 4pm before the meeting of Congress Legislature Party (CLP) to elect a new leader.

Citing continued humiliation by the Congress leadership over the past two months, Capt Amarinder made it clear that he would explore and exercise his future options when the time comes, “There is always an option, and I will use that option when the time comes. At the moment I am still in the Congress,” he said after submitting his resignation.

“I was humiliated three times by the Congress leader-

PTI

ship in the past two months. They called the MLAs to Delhi twice and now convened CLP here,” Amarinder said, adding that he had decided and informed Congress president Sonia Gandhi in the morning that he would resign.

“Apparently they (Congress

high command) do not have confidence in me and did not think I could handle my job. But I felt humiliated at the manner in which they handled the whole affair,” he told reporters at the gate of the Raj Bhavan after giving his resignation letter to the Governor.

“Let them appoint who they trust,” he remarked, taking a dig at the party leadership.

After the arrival of AICC general secretary in charge of the State Harish Rawat and Central observer Ajay Maken in Chandigarh, it was clear that Capt Amarinder would be

Amarinder blasts Sidhu, Congress

MONIKA MALIK ■ CHANDIGARH

Out but not defeated, a visibly agitated Capt Amarinder Singh on Saturday declared that he will stay in politics and had his options open, while making it clear that he would never accept an “incapable” Navjot Singh Sidhu as the Chief Minister.

Minutes after handing over his and his Council of Minister’s resignation to the Governor, Capt Amarinder hit out at the party high command for humiliating him time and again.

Capt Amarinder claimed that he had fulfilled his duty given to him, serving Punjab as the Chief Minister for nine and half years, including five years of his previous term (2002-2007). “I worked as strongly as I can for my Punjab and the

people and would continue to do so. I am not going to bog down. I have completed my task. Now I will take over the next,” he added.

Keeping the cards close to his chest, Capt Amarinder refused to disclose what he had planned for his future.

Earlier in the day, Amarinder had convened a meeting of Ministers and MLAs supporting him at his official residence here at 2 pm. However, apart from a handful of his close allies in the cabinet and among MLAs, not many attended the meeting.

Amarinder had led the Congress to a stunning victory in the 2017 Assembly polls, following 10 years of Akali rule in the State. The Congress had mustered a brute majority of 80 in the 117-member Assembly.

removed if he did not tender his resignation. Sensing the cal mood, he rushed to the Raj Bhavan and tendered the one-line resignation letter which said, “I hereby tender my resignation as Chief Minister, and that of my Council of Ministers.”

Centre cautions States on Covid as schools open

PNS ■ NEW DELHI

As schools reopen gradually in various States, the Centre on Saturday asked the respective authorities to monitor any rising Covid infection trends among children and strengthen the public health response infrastructure, including medical oxygen plants, ICU, and hospital facilities and essential medicine stocking.

The suggestions come amid fear of a third Covid-19 wave as at least 70 districts in 15 States have become a cause of concern in terms of rising Covid-19 cases.

At a review meeting with States on Saturday, the Government noted that around 34 of these districts have a positivity rate exceeding 10 per cent, and in 36 districts the rate hovers between 5 and 10 per cent. Cabinet Secretary Rajeev Gauba, who chaired the meeting, said there was no room for complacency and called for strict enforcement of Covid appropriate behaviour, especially in the wake of upcoming festivities.

He asked the States to implement intensive containment and active surveillance in clusters reporting high cases and not delay the imposition of restrictions, increase testing

As 3rd wave fear lurking, States told to monitor rise of Covid among kids

while maintaining RT-PCR ratio and promptly commission pressure swing adsorption plants, oxygen cylinders, concentrators and ventilators.

“States were also told to undertake regular reviews for priority implementation of emergency response package II to ensure preparedness with enough headroom, monitor infection spread in children considering that few States have opened schools, monitor breakthrough infections post-vaccination and analyse the emerging evidence, monitor mutations including sending sufficient samples for genome sequencing,” the Government said in a statement here.

Ram Lala jalabhishek: Water from 115 countries received

Water from remaining 77 nations would be procured before Ayodhya temple is constructed, hopes Rajnath Singh

PNS ■ NEW DELHI

Defence Minister Rajnath Singh on Saturday received water from 115 countries of seven continents for offering in the construction of the Ram temple in Ayodhya. He termed it “innovative thinking” and underlined the message of “Vasudhaiva Kutumbakam”.

He made these remarks at his residence here after receiving the water from rivers, streams, and oceans from these 115 countries. Shree Ram Jannabhoomi Teertha Kshetra general secretary Champat Rai and Ambassadors and High Commissioners from several countries including Denmark, Fiji and Nigeria were present on the occasion.

The water was procured by

PTI

NGO Delhi Study Circle, which is led by BJP leader and former Delhi MLA Vijay Jolly. Lauding this effort, Rajnath said, “Procuring water from all the countries of the world replicates the thinking of Vasudhaiva Kutumbakam of India. Bringing water from 115 countries is an excellent work.”

He hoped water from remaining 77 countries would also be procured by the time construction of the temple is completed. “We will do ‘Jalabhishek’ of our Ram Lala from that water.” He further said construction of Ram Temple is a moment of pride for everybody.

Supriyo joins TMC months after vowing to quit politics

SAUGAR SENGUPTA ■ KOLKATA

In a blow to the saffron clan, Asansol BJP MP and former Union Minister Babul Supriyo on Saturday quit the party and joined the Trinamool Congress little more than two months after he was stripped of his ministerial status after which he had vowed to quit politics.

Supriyo joined the TMC in the presence of the party’s national general secretary Abhishek Banerjee and its Rajya Sabha leader Derek O’Brien.

While the State BJP called it an “act of revenge”, the Asansol MP said there is no vengeance in his mind and that he left his earlier party just because he was “feeling stagnated” and the “space for work was increasingly getting narrower.... I thought my effort to serve people for several years got a full stop... why... or how... is irrelevant.”

Supriyo’s joining the TMC comes close on the heel of at

least 5 MLAs, including former BJP national vice president Mukul Roy, quitting that party.

Soon after he joined the BJP, the Union Government on Saturday scaled down the armed security cover of Central paramilitary commandos given to the Asansol MP. His security cover was reduced from the second-highest level of Z to Y category, sources said.

Whopping 80 cr Covid vaccines administered

PNS ■ NEW DELHI

India has administered 80 crore Covid-19 vaccine doses so far, Union Health Minister Mansukh Mandaviya said on Saturday. A day ago, India administered the highest ever single-day vaccinations with 2.5 crore doses given in 24 hours, which Mandaviya had described as a golden chapter in world history.

In the meantime, India reported 35,662 new Covid-19 cases and 281 deaths in the last 24 hours. 33,798 got recovered in the same duration.

Kerala recorded 23,260 Covid cases and 131 deaths in the past 24 hours.

The countrywide vaccination drive against the coronavirus was rolled out on January 16 with healthcare workers getting inoculated in the first phase.

“Standing tall against Covid-19, India administers 80 crore vaccine doses. Congratulations to the nation on this momentous feat,” Mandaviya tweeted using the hashtag “Worlds Largest Vaccination Drive”.

India took 85 days to touch the 10-crore vaccination mark, 45 more days to cross the 20-crore mark and 29 more days to reach the 30-crore mark, according to the Ministry.

CAPSULE

CONG: TMC’S ATTACK ON RAHUL UNWARRANTED

New Delhi: The Congress on Saturday accused the Mamata Banerjee-led Trinamool Congress of undermining the leadership of the grand old party and said its attack on Rahul Gandhi was “unwarranted and in poor taste”. The remarks of the Congress came after the TMC’s Bengali mouthpiece ‘Jago Bangla’ ran a cover story, attacking Gandhi by saying he has failed to take on the BJP and Banerjee, who is the chief minister of West Bengal, should be the opposition’s face now.

SEVEN GIRLS DROWN IN JHARKHAND POND

Latehar: Seven girls aged between 12 and 20 years drowned in a pond at a village in Jharkhand’s Latehar district on Saturday during ‘Karma Puja’ festivities, a senior official said. The tragedy occurred at Bukru village under Shreghada within Balumath police station limits when the girls had gone to the pond for immersion after Karma Puja, a major festival in Jharkhand, Deputy Commissioner Abu Imran said.

THAROOR CALLS FOR PERMANENT CONG CHIEF

Kochi: Senior Congress leader and Lok Sabha MP Shashi Tharoor on Saturday called for a permanent president to head the party, which is ‘now at an interim stage’. He said all the Congress leaders have sought a permanent president for the party.

Kabul drone strike killed 10 civilians, admits US military

PTI ■ WASHINGTON

The US military has admitted that a deadly drone strike days before its pullout from Afghanistan was a “tragic mistake” as it did not kill the ISIS-K planners bent on attacking the Kabul international airport, and instead killed 10 innocent civilians, including an aid worker and seven children.

Briefing reporters on the results of the investigation of the August 29 drone strike in Kabul, General Kenneth Frank McKenzie, the commander of the US Central Command, also said it was “unlikely that the vehicle and those who died in the attack were associ-

ated with Islamic State-Khorasan or were a direct threat to US forces”.

The strike by a Hellfire missile in Kabul on August 29, which was launched in an effort to kill ISIS-K planners, instead killed 10 civilians, he said.

Sonowal, Murugan BJP’s picks for RS bypolls on Oct 4

DEEPAK K UPRETI ■ NEW DELHI

BJP on Saturday announced two candidates for the Rajya Sabha bypolls — Cabinet Minister Sarbananda Sonowal and Minister of State L Murugan from Assam and Madhya Pradesh respectively. The polls would take place on October 4.

Sonowal is the Union Minister for Ports, Shipping and Waterways, and Murugan is the Minister of State for Information and Broadcasting.

Sonowal, who as Chief Minister led the BJP to the second successive victory in the Assam Assembly poll, was inducted into the Modi Cabinet

on July 7. He was compensated for leaving the Chief Minister’s post for Himanta Biswa Sarma in May this year.

Murugan was the BJP president of the Tamil Nadu unit. Both the leaders needed to be elected to the Upper House before the period of six months that would end early next year.

Total of six seats are vacant in the Upper House — two from Tamil Nadu, one from Bengal, one from Assam, one from Madhya Pradesh and one from Maharashtra.

The ruling Trinamool Congress (TMC) nominated Sushmita Dev, who in a surprise move recently quit the Congress and joined the TMC.

HOME THEATRE

Engaging and interesting

BELL BOTTOM
Amazon Prime
***ing: Akshay Kumar, Lara Dutta, Vaani Kapoor, Huma Qureshi, Dolly Ahluwalia**
Rated: 6/10

This movie released in theatres last month and all those who missed watching it in the cinema hall can now see it on the OTT platform in the safety of their homes. The film in 15 days of its theatrical released earned collected ₹26.50 crore at the BO. Directed by Ranjit M Tewari, *Bell Bottom* is based on true a event — hijacking of a plane that was first taken to Amritsar to Lahore to then Dubai. It is definitely an interesting and an engaging watch especially for those who read about the hijackings that were taking place in the 70s and mid-80s.

Tewari has done his best to bring the era alive by recreating the backdrop and

even give it the a retro effect. Since bellbottoms were very much in fashion back then, probably that is how the title came up. Of course, the younger generation would cringe in horror at the style but then the movie is not about fashion but about India giving a befitting reply to our nemesis — Pakistan. And any film where we come out looking heroes is a must watch. The fact there were instances where we didn't pander to their whims and fancies says a lot about the leadership even then. At the helm is Akshay Kumar, off late, the actor has everything going for him. Whatever project that he does and has done appear to have been very carefully thought off. Probably that is why he is able to pull off the roles that he has done — be it *Rodman*, *Laxmii* or *Mission Mangal*.

As a desk clerk with RAW and the go to person when a hijack takes place, he has given a great performance even though there was instances where he over-steps. Everyone knows that in bureaucracy this is a no-no. But one can give this slight missif given how he outwits Pakistan. Akshay Kumar does these kind of roles to perfection and that is what makes watching *Bell Bottom* interesting till the last frame. He has redefined what a hero is for sure. A specially mention for Dolly Ahluwalia. Though her role is small, she has done a great job to play mother to Akshay Kumar. Lara Dutta as Late Prime Minister Indira Gandhi may not look like her but does a good job as well. Overall, the movie is engaging to watch till the end with a twist that none saw it coming!

Shalini Saksena

The teenagers will love this

NIGHTBOOKS
Netflix
***ing: Winslow Fegley, Lidya Jewett**
Krysten Ritter
Rated: 5.5/10

One would think that a movie that has kids would definitely be kid-appropriate. But there have been a few exceptions to this rule. Take *IT* for example — a movie that had kids — but Oh boy! was it scary at least for the kids. *Nightsbooks* directed by David Yarovsky and written by Mikki Daughtry and Tobias Iaconis is no different. It is based on the 2018 horror-fantasy children's book of the same name by JA White.

There is something very creepy and scary when it comes to films that have kids with horror as its genre. The kids are sweet, cute and somewhat innocent; they get lured in by the witch and wham! Now they are trapped in the evil house forever. Sounds familiar? *Nightsbooks*, one can say is a modern twist to the Hansel and Gretel tale. However, there is nothing scary for the adults who love horror and scary movies. Strange, weird and even creepy would be some of the words to describe this one.

The only somewhat horrible looking

character in the entire film is the real witch. Yes, there are two witches! The bad witch is the good one as compared to the older one. This older one eats kids and is all bones and candy! She has been sleeping for years and what puts her to sleep? A scary story. But there is a twist; the scary story can't have a happy ending. Those unable to deliver this become little dolls.

But there are highs too. The CGI is great. If one can manage to get past the ugly looking witch, one can actually appreciate the effort that has gone into creating here. The kids are smart.

Another good is that this somewhat scary movie is something that young teenagers will love and enjoy. Who doesn't like to best a witch and here there are two!

And if one of the kids is smart enough to make a horror story on the go and outwit and outsmart even the witch, what can be better? For the teens, nothing gets them going than watching another teen with a streak of rebellion and yet never giving up or snitching of the friend. That is the underlining message here — make friends for life and never give up on them what the cost.

Nightsbooks has a whimsical touch to it that definitely has a happy ending — Shalini Saksena

Plan Your Sunday

THE LAST POET

The Last Poet is an online interactive performance that brings together theatre, film, sound art, creative coding, and digital scenography. A poet has disappeared suddenly, leaving his city haunted. In this virtual city, you will meet several people who will tell you about the vanished poet and unravel the mystery behind his disappearance. While watching the show, you navigate this whirling

city yourself. You may choose to step into a floating room, stay back and listen, or travel to another one. Who you meet, what you see, how you listen is upto to you. This city will seek you, as you seek what is inside this unbuild world. **What:** Theatre and Arts **Where:** Online **When:** September 24, 2021 and September 26, 2021 **Time:** 7 pm and 8 pm

MINDFULNESS WITH ART

Hello Everyone Color store Asian Paints is organizing a one of its kind MINDFULNESS WITH ART session which is curated and Conducted by Savita Iyer from Urbankala- Art Of Gifting. Mindfulness through art is a tool to steer your daily life towards joy. Mindfulness practice involves self-exploration and awareness of our minds, bodies, feelings and thoughts. Art making helps us to explore what we experience and discover in our mindfulness practice. Mindfulness is a valuable tool for increasing general well-being and psychological health. **What:** Theatre and Arts **Where:** Online **When:** September 19, 2021 **Time:** 5 pm

TELLYTALE

'TELEVISION CONNECTS TO ITS AUDIENCE ON A DAILY BASIS'

Vivian Dsena says the pandemic has been a great educator. These tough times have made us compassionate and health conscious. It has also helped in understanding the importance of staying close to your loved ones. "I think one of the essential lessons from these times is getting an understanding of our true friends and well-wishers. Social distancing is not just applicable to save ourselves from the virus but we should also do the same with people, who do not mean good to us," he says the actor who is in talks for a comeback soon. His last show was Shakti — Astitva Ke Ehsaas Ki. He continues, "TV is growing in different directions. It's not about saas-bahu anymore. They are experimenting with new genres, stories and also exploring different concepts and presentations. OTT can't be compared with TV because it comes in seasons, while TV is for daily viewing, hence these daily soaps. The audience is completely different, so is the

reach. Yes a lot of people have smartphones these days, but more people have TV that came much before mobile phones. Television connects to its audience on a daily basis, for some the medium is a part of their daily regime." Like any other child, the actor too has grown up watching TV. "I watched a lot of cartoons. I have grown up watching

Aladdin, Tom and Jerry, Dexter's Laboratory. I also enjoyed watching Alif Laila," adds Vivian, who never imagined that one day he would be an actor himself. Unlike what many might say, he believes people still enjoy watching TV. The actor also shares how wonderful it feels to be working on a medium that takes you closer to the masses. "People belonging to different strata of the society watch TV, so when they see you daily, they form a special bond with the actors and the shows. Being recognised and loved by people from all walks of life is a different feeling altogether. Whenever I step out rickshaw puller, people working on the work or asking for help on the streets, those working in medical and general stores recognise me much like those stepping out of big cars or running to catch a bus or hire a taxi for office. This connection with all kinds of people makes working on TV worthwhile. I think that's the real reward," he concludes.

PRIYANKA LALWANI LOVES BEING ON STAGE

Jamai Raja actress Priyanka Lalwani enjoys acting, but says that being on stage and hosting a show have a special place in her heart. "From corporate events to wedding events to fashion shows to interviews, you name it and I've probably done it all," she said. Asked which one she prefers — anchoring or acting, she said, "It's like asking a parent to choose between their kids who is your favourite. I love both because while I'm on stage, I get to be myself and I can do my own thing. When I'm in front of the camera, I get to be the character that I am playing." The Spotlight 2 actress didn't take any formal training in anchoring. "In my early modelling days, I was offered to host a saangeet event and I was like why not. I remember taking my mom along with me. Since then there is no looking back. But it does require some different skills, most important is that you have to be impromptu unlike acting where a script is given. There are no retakes in anchoring," she said. Over the years, she has learnt that it's very important to be patient and not rush through

things when she is speaking on stage. "Be calm and always smile on," she suggested. Talking about her favourite anchor on TV, she shared, "Since the time I was a kid I used to really look up to Vishal Malhotra and never missed any of his shows on Disney. I have really admired Ambika Anand. I have grown up watching her on NDTV Good Times. I wanted to do what she did. I wanted to travel and do shows like she did. And some way or the other, I am doing that. Apart from them, I really admire Ellen DeGeneres, Jimmy Fallon, Manish Paul and Raghav Juyal."

SHEENA BAJAJ LIKES GETTING PHOTOGRAPHED

Actor Sheena Bajaj recently did a photoshoot and the photographer is none other than her own sister, Riya Bajaj. The latter is a professional and her brand is called Riya Bajaj Photography. Sheena shares her experience and why it is essential to click new images every time. "Riya shoots with film stars and many other celebrities. She is quite good at her job. All my life, I had only shot with her and dad. I trust her skill and she knows me better than anyone else," says the actor, known for her show "Best of Luck Nikki". Sheena shot about three looks because she doesn't enjoy draining herself in one day. And, if she wants more, then she can do it later. "Riya has got a lot of options, different concepts, which I really like. I don't like continuously clicking pictures and doing photoshoots but since I am on Instagram and I have to maintain my profile, connect with my fans, do brand promotions and all of that, I do photo shoots every few months. I have to keep upgrading myself... In fact, I think actors should get photo shoots done every four to five months, it helps. But at the same

time it's also one's personal choice," she adds. Sheena shares that photo shoots are fun. And that she loves experimenting with different eye makeup, lip shades and creating

different looks. She adds, "I create different looks for my channel Sheena Bajaj Official on YouTube so I do different concept shoots and upload videos, BTS etc. It's fun, especially when you are shooting with someone you are very comfortable with, the person behind the camera is innovative and you know the result will be good."

'Doing comedy is not easy'

SAPNA SIKARWAR who is all set to enter the sitcom Happu Ki Ultan Paltan is going to play a pivotal role. She speaks with SHALINI SAKSENA about her induction in comedy among other things

■ What is your role? My role is of a very sweet wife who likes dressing up and doing make-up. Talking about my nature in the show, I am a very fun loving person who enjoys it a lot. But it is not always smooth sailing. I do lose my temper at times, sometimes I am quite stubborn and get upset as well. I do not judge people and am a very broad-minded person, which obviously doesn't mean that I don't respect people.

■ What is the best part of Bimlesh? She might be very stubborn and grumpy at times but in the end she cares about her husband, who she loves the most.

■ What was the attraction of playing the character? To be honest, in real life I am a very moody person but I don't get angry or fight with people like Bimlesh does. Otherwise, Bimlesh's character describes me well and that is what attracted me. Moreover, it was the director's trust in me that I would fit the role and when you work with a particular production for a long time they know who can pull off the character well. It is definitely a very challenging role but I was finalised because I gave my 100 per cent to it.

■ Happy Ki Ultan Paltan is an iconic show. What would you say is the reason for its success? It is because people can relate well to the show, it is very realistic.

■ How is Bimlesh different from what you did in FIR, May I Come In Madam and Excuse me Madam? In *FIR* I had played many characters and in *May I Come In Madam* I was playing a housewife's role, who was very possessive, insecure and doubted her husband. In *Bimlesh*, it is totally the opposite, I don't doubt my husband or isn't insecure about things. I trust him and love him.

■ How did you get into acting? Since childhood I was very fond of acting. I always loved dancing and acted it and I also sing pretty well. My family also kind of psyched me and said I am a good actor and that is when I thought I should give it a try. Comedy was also something which interested me and that is why I have been doing back to back comedy roles.

■ You have done a lot of comedy shows. Has that been a conscious decision?

When I worked for *FIR*, I played so many roles and as far as I know, to win your audience's heart is tough but when you do it makes you the happiest. It is a very big thing for every actor of course. I have made a place in my audience's heart with my work. They love me in comedy and like my timing. That is one thing which has always motivated me and that's

why I am constantly doing comedy roles.

■ What are the challenges that come with doing a comedy genre? People who do daily soaps work hard, and people who do comedy also work hard. But I think comedy is quite tough because if you are not good with the timing, people would also not enjoy it. It is all in the timing, which is not very easy and not everyone can do it.

Chhattisgarh all set to unveil new tourism project

STAFF REPORTER ■ RAIPUR

Building upon the Chief Minister's new tourism development, Chhattisgarh is all set to celebrate the launch of the ambitious Ram Van Gaman Path Tourist Circuit project on the auspicious occasion of Navaratri on October 7, 2021.

The state abounds with stories of Ram, Laxman and Sita living in exile in the forests of Chhattisgarh. Stories and songs inspired by Lord Ram have been narrated and sung in communities here and passed on through generations.

In addition, the state is the nanihal (mother's birth home) of Lord Ram. It is the place where Prince Ram became Maryada Purushotam, carefully nurtured by his mother's love.

"Lord Ram spent most of his time here during his exile

from Ayodhya. To preserve the memories linked to Lord Ram and Mata Kaushalya, the government has envisioned this project where devotees and tourists will be able to feel the essence of divinity with

every step they take on Ram Van Path Gaman Tourist Circuit", said Chief Minister Bhupesh Baghel.

The event venue this year is the ancient Kaushalya Mata Mandir, located in

Chandkhuri village which is approximately 25 km away from Raipur.

The celebrations will be a visual spectacle combining music, dance, a laser show and LED mapping highlight-

ing the story of Lord Ram and his exile in Chhattisgarh. This is intended to become an annual occurrence with fiesta and festivities and is aimed at giving Chhattisgarh its place as an exciting destination for

international as well as domestic tourists.

Chhattisgarh Tourism Board (CTB) is using the auspicious occasion of Navratri to introduce their new tourism circuit that follows

the path travelled by Lord Ram in the region of Chhattisgarh during his exile from Ayodhya: The Ram Van Gaman Path.

In the first phase of this project, the plan is to develop

the nine spots that fall on the forested route that Lord Ram traversed. These sites include Sitamarhi- Harchowka, Ramgarh, Shivrinarayan, Turturiya, Chandkhuri, Rajim, Sihawa, Jagdalpur and Ramaram.

"Our main priority is to develop the identified sites of the Ram Van Gaman Path into prime tourist spots. Keeping in mind the ongoing pandemic, special efforts are being made to motivate tourists towards domestic tourism and the Ram Van Gaman Path will be an immersive experience for tourists", said Yashwant Kumar, Managing Director, CTB.

The state aims to develop and beautify the selected sites and create world-class tourism infrastructure to generate high footfalls which will give a boost to state tourism.

Hardcore Maoist ultra arrested in Bijapur CM launches Rajiv Yuva Mitran Club

STAFF REPORTER ■ BIJAPUR

A 35-year-old hardcore Naxal, allegedly involved in incidents of murders and torching vehicles, was arrested from Bijapur district, police said Saturday.

Sukda Hemla alias Sukkhu, a militia commander of the outlawed CPI-Maoist, was apprehended

from forested Bodli village under Nelasnar police station limits, where a joint team of the District Reserve Guard (DRG) and local police was out on an anti-Naxal operation on Friday evening.

Hemla was working in the "intelligence" wing of the Bhairamgarh area committee of Maoists and two warrants had been pending

against him.

The arrested ultra was allegedly involved in the killings of a police informer in April 2019 in Nelasnar area and a councilor in April 2017 in Bhairamgarh.

Apart from this, Hemla was also wanted in connection with other Naxal-related incidents, including torching a tractor in Mirtur area of the district last month.

STAFF REPORTER ■ RAIPUR

Launching the 'Rajiv Yuva Mitran Club' on Saturday, Chhattisgarh Chief Minister Bhupesh Baghel said the youth would get an opportunity to establish their identity and develop leadership potential. Youth will be able to play a socially responsible and positive role in the progress of the State.

He also released an amount of Rs 19.43 crore to the districts for the formation and operation of Rajiv Yuva Mitran Club in an event organized at the Chief

Minister's residential office.

Prior to the event, the Chief Minister and his cabinet colleagues paid floral tribute to the portrait of former Prime Minister Rajiv Gandhi.

State government has made a provision of Rs 50 crore in the budget for Rajiv Yuva Mitran Club. Each club will be given Rs one lakh for conducting creative activities in a year at the rate of Rs 25,000 every three months. A grant amounting to Rs 132.69 crore will be given to 13269 clubs in the state during the year,

an official communication said.

It is one step of fulfilling the commitment made to youth in the 'Jan Ghoshna Patra' (election manifesto) said Chief Minister. He added that with the launching of the scheme, the target is to nurture young talent and provide a suitable platform to realize the dream of former Prime Minister Rajiv Gandhi.

Sports and Youth Welfare Minister Umesh Patel termed it as a revolutionary program to organize the youth power of the state and connect them with creative works.

13269 Clubs to be formed in state

In phases, 13269 Rajiv Yuva Mitran Clubs will be formed in the wards of each of the gram panchayats and urban bodies of the state.

The club will be registered under the Firms and Societies Act. Each club will have 20 to 40 youths, whose age will be between 15 to 40 years. A ministerial level committee will be formed under the chairmanship of

the Chief Minister for the implementation supervision and guidance of the scheme.

The State Level Executive Committee will be headed by the Chief Secretary. Committees will also be constituted at the district and sub-division level. The minister in-charge of the districts will be the patrons of the district-level committee.

Health department to fill up 3948 posts

STAFF REPORTER ■ RAIPUR

Chhattisgarh government has approved for recruitment of 3,948 posts in the Health and Family Welfare Department, a government statement informed on Saturday.

The Finance Department on Friday gave

go ahead for recruitment of 143 Medical Officer, 234 Assistant Ophthalmology Officers, 141 Medical Lab Technologists, 48 Radiographers, 464 Staff Nurses, 18 posts of OT Technicians, 187 Pharmacists (Grade-II), 24 of Psychiatric Attendant and 5 posts of Psychiatric Social Worker.

Similarly, recruitment of 379 Rural Health Coordinator (Male), 210 Rural Health Coordinator (Female), 496 Dresser (Grade-I), 14 Darkroom Assistant, 16 Lab Assistant, 4 Refrigerator Mechanic, 68 Dresser (Grade-II) and 1497 posts of class IV employees have also been sanctioned.

After Punjab, will it be Rajasthan and Chhattisgarh?

■ IANS NEW DELHI

After the Punjab operation, all eyes are now on Rajasthan and Chhattisgarh which have also been facing similar problem and issues. In Rajasthan, the Congress leader Sachin Pilot wants his position to be restored and given top post in the state and in Chhattisgarh T.S. Singhdeo wants the formula of rotational Chief Minister be honoured.

In Rajasthan, Chief Minister Ashok Gehlot has been evading the high command's decision to adjust Sachin Pilot camp and in Chhattisgarh, Bhupesh

Baghel rallied more than 50 MLAs to show his strength. The Congress leadership is miffed with state of affairs in both the states with Chief Ministers defying Congress leadership deci-

sions. With Punjab operation, the Congress has given tough message to the other Chief Ministers as well.

Congress General Secretary In charge of

Rajasthan Ajay Maken on Thursday had said that roadmap is ready for cabinet expansion and organisational rejig in the state. "If Ashok Gehlot had not fallen ill we would have done cabinet expansion and the roadmap is ready for appointment at board corporations and district presidents," Maken had said at a press conference in Delhi on Thursday.

The Congress leader said that Gehlot is still unwell and doing his work from home and as he gets well this will be done. When asked about Sachin Pilot, he said, "At the state level, we are discussing all issues but if something is

given at the AICC level its beyond my purview."

In the same way in Chhattisgarh the supporters of Singhdeo has been pushing for change of guard since incumbent Chief Minister Bhupesh Baghel completed 2.5 years in office, suspense still looms on the issue of rotational chief minister as there is no clarity from the top leadership of the Congress party.

Singdeo who is pushing on the formula of rotational chief minister is maintaining a line that everything is in the purview of the party leadership and whatever decision will be taken by them will be accepted.

Antibodies from Covid's original strain don't bind to variants: Study

■ IANS

People infected with the original strain of the SARS-CoV2 virus that caused Covid-19 early during the pandemic outbreak produced a consistent antibody response, making two main groups of antibodies to bind to the spike protein on the virus's outer surface.

However, those antibodies don't bind well to newer variants, finds a new study, published in the journal Nature Communications.

According to researcher Nicholas Wu from the University of Illinois at Urbana-Champaign, characterising what kinds of antibodies the body is most like-

ly to make to fight a natural infection is an important roadmap for vaccine design.

For the study, the researchers mined published papers about Covid-19 patients for data about the sequence of the antibodies they produced.

They focused on antibodies against the spike protein, the part of the virus that binds to receptors on human cells to infect them. The spike protein is the target of most vaccines.

They found that many antibody sequences converged into two main groups, indicating a consistent human immune response to the virus.

"We really focused on

characterising the antibodies created in those infected with the original strain of the virus," said Timothy Tan, a graduate student part of the research.

"Before we started the study, variants weren't much of a problem. As they emerged, we wanted to see whether the common anti-

bodies we identified were able to bind to newer variants," Tan added.

The researchers studied the convergent antibodies' ability to bind to several variants and found that they no longer bound to some.

The finding has implications for the ability of new variants to reinfect people

Whereas, The Undersigned Being The Authorized Officers of **Kotak Mahindra Bank Ltd.**, a banking company within the meaning of the Banking Regulation Act, 1949 having its Registered Office at 27BKC, C-27, G-Block, Bandra Kurla Complex, Bandra (E), Mumbai-400051 and Regional Office at Kotak Mahindra Bank Ltd., 5th Floor, Metro Tower, A.B. Road, Near Vijay Nagar Square, Indore-452010 (MP), under the Securitization and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002 and in exercise of powers conferred under section 13(2) read with Rule 9 of the Security Interest (Enforcement) Rules 2002 Issued a Demand Notices, to repay the amount mentioned in the notice within 60 Days from the date of receipt of the said Notice. The details of the parties alongwith mortgaged property possession taken by the Bank, is given below :-

Name of Customer (Borrower(s)/Co-Borrower(s) and Guarantor(s) along Loan Account Nos	Date of Demand Notice(s) 13(2) read with rule 9 of SARFAESI Act. Along with Amount in Rs. along Loan Account Nos	Description of Immovable Property taken into Possession (As per Appendix IV read with Rule 8(1) of the Security Interest (Enforcement), Rules, 2002)	Date Of Possession
1. Mr. Mukesh Kumar Barhaiya Having Address : LIG 90 Vaishali Nagar, Ward No.10, Supela Bhlai Durg CG 490023 2. Mrs. Nisha Barhaiya Having Address : LIG 90 Vaishali Nagar, Ward No.10, Supela Bhlai Durg CG 490023	demand notice dated 17-08-2018 for loan account number RHB-531275 and CRN No. 900044300 being Rs. 12,91,155.43 /- (twelve lakhs ninety one thousand one hundred fifty five and forty three paise only) as on 18-08-2018	All the piece and parcel of the Immovable property being Residential property land area of 1566 sq.ft and constructed portion of 1600 sqft situated at LIG 90, Vaishali Nagar Ward No.10 , Supela Bhlai Durg Pin Code - 490023.	Symbolic Possession 14.09.2021

The Borrowers having failed to repay the amount, notice is hereby given to the Borrowers and the public in general that the Undersigned has taken possession of the property described here in below in exercise of powers conferred on him under Section 13(4) of the said Act with Rule 9 of the said Rules on the Date as mentioned above in "Date of possession" column. The Borrowers Mentioned here in below in particular and the public in general is hereby cautioned not to deal with the property and any dealing with the property will be subject to charge of **KOTAK MAHINDRA BANK LTD.**, For an amount as mention in this notice, along with future interest at contractual rate and substitute interest, incidental expenses, costs and charges etc, due w.e.f. the very next date of the status of outstanding amount date showing in the above mentioned details, till the date of full repayment and/or realization. Further the Borrower's attention invited to provisions of sub-section (8) of section 13 of the Act, in respect of time available to redeem the secured assets.

DATE : 18.09.2021, PLACE : RAIPUR FOR KOTAK MAHINDRA BANK LTD., AUTHORISED OFFICER

Capt Amarinder surrenders without fight, resigns

MONIKA MALIK ■ CHANDIGARH

Punjab Chief Minister Capt Amarinder Singh on Saturday surrendered without a fight after he was caught unawares in the midnight surgical strike by the Congress party's central leadership. In less than 24 hours after Punjab party affairs in-charge Harish Rawat announced convening of a Congress Legislative Party Meeting (CLP) meeting on Twitter, Capt Amarinder resigned from the Chief Minister's post leading to hectic political activity and lobbying for

the CM's post in the State. By evening, the Congress party was abuzz with speculations with a section believing that a Jat Sikh and Hindu combination would lead the party to the polls, scheduled to be held early next year. Names of former Punjab Congress chief Sunil Jakhar are in the reckoning, while former Union Minister Ambika Sonia, Capt Amarinder's known critic-turned-friend Partap Singh Bajwa are also doing the rounds. It is also believed that Capt Amarinder's once staunch loyalist but now main detractors —

Sukhjinder Singh Randhawa and Tript Rajinder Singh Bajwa — may also be considered for the top post. Capt Amarinder virtually found himself destabilized about a month back with cricketer-turned-politician Navjot Singh Sidhu's coronation as the PPCC chief despite his strong opposition. Now after months of infighting within Sidhu, and repeated snubs by the high command, Capt Amarinder finally submitted his resignation to the Governor.

Accepting the same, state Governor Banwari Lal Purohit has asked Capt Amarinder and his Council of Ministers to continue in office, for the transaction of routine business, till alternative arrangements are made.

As per the sources, the next Chief Minister would be someone from the Sidhu-led camp. Jakhar is emerging as the first choice for the top post.

A traditional Congressman with a clean and upright image, Jakhar as chief minister could give the Congress a combination of a Hindu Sikh chief minister and Jat Sikh president, which might favour the party ahead of

the upcoming state assembly election.

His appointment could also be like a face-saving after making Capt Amarinder a scapegoat for the Congress' "non-performance and non-fulfillment of poll promises, and also giving a real Congressman his due.

Jakhar, who had lost 2017 assembly polls even as the Congress returned to power with a thumping majority, had playing a significant role as the opposition MLA during the Akali-BJP's 10-year-regime.

Son of former Lok Sabha Speaker Balram Jakhar, 67-year-old Jakhar has been a three-time MLA from Abohar constituency (2002-2017) and has also represented Gurdaspur Lok Sabha constituency when he won the byelection necessitated by the death of the sitting MP Vinod Khanna in 2017.

Besides, this would be for the first time after the reorganization of Punjab in 1966 that there would be a Hindu Chief Minister. Ram Kishan was the last Hindu Chief Minister for a two-year tenure from 1964 to 1966 before the President's Rule was imposed for the smooth creation of Haryana.

It was Capt Amarinder who had engineered Jakhar's elevation to Punjab Congress president's post after he lost 2-017 polls. One time a close Capt Amarinder loyalist, Jakhar never hesitated to speak against him.

A section also believed that Sidhu may project himself for the Chief Minister's role as Jakhar is not a sitting MLA. But that is most unlikely.

Sukhjinder Randhawa, currently the Jails and Cooperation Minister, is known as Congress' Majha brigade along with Tript Bajwa and others. One time Capt Amarinder's close confidant, Randhawa is a three-time Congress MLA and has been elected in 2002, 2007 and 2017. His father Santokh Singh Randhawa was twice state Congress president.

He was among the four Ministers who had opened a front against Capt Amarinder. Always pushing for action against the Badals in sacrilege cases and Bikram Majithia in drugs cases, Randhawa had even tendered his resignation in one of the Cabinet meeting after the High Court's adverse order on Kotkapura firing incident.

Another name that is doing

Capt Amarinder Singh, who resigned as Punjab CM, speaking to Reporters at Raj Bhavan after tendering his resignation to the Governor
Pioneer Photo

rounds is that of Fatehgarh Sahib MLA Kuljit Singh Nagra, who was recently appointed one of the four Punjab Congress working president.

However, the final decision on deciding the next Chief Minister would be taken by the party high command that has authorizes the Congress chief Sonia Gandhi to take the decision.

During the CLP meeting on

Saturday, held in the presence of two central observers — Ajay Maken and Harish Chaudhary, two resolutions were passed — one appreciating the outgoing Chief Minister and another authorizing Congress president to select his incumbent.

The first resolution was passed to appreciate the outgoing CLP leader — who headed the Punjab Government with utmost ability, gave good governance to the state, faced and

handled the challenges, said AICC general secretary-in-charge of Punjab Harish Rawat.

In the second resolution, Punjab CLP authorized Congress president to select its next leader. "We will inform about the next CLP leader once it is conveyed to us by the CP," Rawat said.

Only two Congress MLAs, including Capt Amarinder Singh, skipped the Congress Legislative Party meeting.

What went against Capt Amarinder?

MONIKA MALIK ■ CHANDIGARH

Non-fulfillment of poll promises, dominant babudom, inaccessibility, perception of being soft on the Badals, have emerged as the major grounds that led to the downfall of Patiala Royal Capt Amarinder Singh. After bringing the Congress party back to the throne with a thumping majority in the Punjab Vidhan Sabha with 78 seats in the 117-member assembly, Capt Amarinder was forced to resign from the Chief Minister's post with election just about four months away. *The Pioneer* analysis the reasons...

NON-FULFILLMENT OF PRE-POLL PROMISES

Putting Badals behind bars for their alleged involvement in sacrilege and related firing incidents, arresting the "big fish" of drugs mafia and eliminating drug menace, providing cheap electricity and cancelling power purchase agreements with the private companies, farm loan waiver, providing jobs, among others — the Congress party returned to power in 2017, after a decade-long Akali-BJP rule, with these tall promises. But the non-fulfillment of the same put Capt Amarinder in dock.

His own men revolted against him when the Congress Government failed to make any headway in fulfilling any of its poll promises. The leaders, especially MLAs, had apprehensions of facing the electorate who elected them on these promises.

What all were the murmurs, started turning into boisterous voices when even after four years, the Congress Government could not nail those guilty of sacrilege. The Punjab and Haryana High Court's adverse order in the Kotkapura police firing case in

April this year proved to be the last nail in the coffin.

Several leaders — including Cabinet Ministers Sukhjinder Randhawa, Charamjit Singh Channi, and even the then Punjab Congress president Sunil Jakhar questioned Capt Amarinder and his Government for not handling the investigations properly. Navjot Singh Sidhu, who had been staying away from the limelight after quitting the Cabinet in 2019 following a reshuffle in which he was divested of his portfolio, slammed Capt Amarinder for the same hinting at "fixed-match" with the Badals.

Another major issue is the report of STF on drugs not being made public. It was submitted to the High Court by the STF chief three years ago in an envelope, which has not been opened yet. The leaders hold the legal department responsible for not pursuing the case properly as the government wanted to protect some leader of the SAD named in the drug racket. There are other issues of not cancelling the controversial Power Purchase Agreements (PPA) that end up making power very expensive in the state. In fact, the resentment started brewing in the Congress when the government fulfilled its first promise of extending farm debt waiver to farmers in 2017. The government gave away Rs 5,000 crore but the political leaders alleged that the benefit was transferred to farmers' accounts directly without letting them take credit.

PERCEPTION OF PLAYING FIXED MATCH WITH BADALS

There was a strong resentment against Capt Amarinder over non-action against the Badals in the police firing after the Bargari sacrilege incident. The party leaders have been complaining that there is a perception gaining ground that Capt Amarinder was playing a fixed match with the former Chief Minister's family — the revelation of which was made by Sidhu ahead of 2019 Lok Sabha polls in Bathinda. Despite repeated efforts, he could not counter the prevailing perception that he was soft on the Badals.

DOMINANT BUREAUCRACY

Mincing now words, the party leaders, at various forums, alleged that the government is being run by babus and despite being in power, they were being treated as opposition leaders. Despite Capt Amarinder's repeated instructions to respect the Congress MLAs, the issue remained. Right from the first year of the government, the party cadres have alleged that the bureaucrats were running the government and the political leaders were ignored.

CAPT'S INACCESSIBILITY

Capt Amarinder's inaccessibility — not only with the people but his own party men — has cost him dear.

The inaccessibility tag made him unpopular. In contrast, his predecessor Parkash Singh Badal used to hold sangat darshan (public audience). In fact, the former Congress Chief Minister Beant Singh too used to hold open durbars. His own party leaders were also not able to meet him.

In fact, Congress MLAs were asked to meet his OSDs or the Chief Principal Secretary if they have to get any work done or discuss with the Chief Minister.

He also faced the same charge in his previous tenure as well.

Hry appoints Manika Sheokand as goodwill 'Ambassador' of water conservation campaign

PNS ■ CHANDIGARH

Haryana Government on Saturday appointed Femina Miss Grand India-2020 Manika Sheokand as the Goodwill 'Ambassador' of Water Conservation Campaign with Chief Minister Manohar Lal Khattar handing over the appointment letter and agreement to her in a programme organised here. Manika is a native of Uchana in Jind district.

"Today spreading awareness about water conservation is the need of the hour. Water is one of the key necessities of everyone's life. Life is not possible without water, just as time is considered precious, water is also very precious," the chief minister said on the occasion.

Congratulating Manika for coming forward for this campaign, Khattar wished her good luck for the upcoming competitions.

On the occasion, Manika said, "I am the daughter of a farmer and understand the

importance of water conservation. I have always been a supporter of environmental protection. I was very impressed with the water conservation schemes of the Haryana Government. The Chief Minister's vision of considering water as heritage has immensely impressed me. I express my gratitude to the Chief Minister, for appointing me 'Goodwill Ambassador' for the water conservation campaign."

Chief Principal Secretary to Chief Minister DS Dhesi, Chairperson, Haryana Water Resources (Conservation, Regulation and Management) Authority, Keshni Anand Arora, Additional Chief Secretary, Public Health Engineering Department, Devender Singh, Additional Principal Secretary to Chief Minister and Director General, Information, Public Relations and Languages Department, Dr. Amit Agrawal and others present on the occasion.

CM INAUGURATES REAL

TIME DATA ACQUISITION OF CANAL WATER

To check canal water theft, Real Time Data Acquisition System (RTDAS) has been installed in Haryana and was inaugurated by Khattar. In the first phase, RTDAS has been installed at 90 places across the state. The Chief Minister said that using technology in water management is very essential these days, so RTDAS has been set up. He said that we cannot produce more water, it can only be managed. The circumstances are emerging from different studies that if water is being exploited in the same manner, then there is a possibility of a desert-like situation in upcoming years. Therefore, timely water management is very essential, he added.

He said the Haryana Government had prepared a two-year plan for water management last year. Under this, Mera Pani Meri Virasat Yojana is getting good public response, as an incentive of Rs 7,000 is

being provided to the farmers' adopting the scheme. The Chief Minister said that the Haryana Government is also implementing Jal Jeevan Mission and other water management schemes across the State. The water crisis is not equivalent across the state. The water level is very low at some places whereas it is very high at other places. In such a situation, a micro irrigation system scheme has been installed for irrigation so that water can reach even the areas of South Haryana having water scarcity issues.

Khattar said that RTDAS will enable the tracking of water released into the canal and water reached till the tail end. If there is a case of water theft in the middle of the canal, then a message will be sent to the concerned officer that due to which reason, the water has been reduced till tail end. Through RTDAS, the data of complete water level in canals will also be available with the Department.

Children to take part in anti-dengue campaign

STAFF REPORTER ■ NEW DELHI

All children of Delhi will participate this week in the '10 Hafte, 10 Baje, 10 Minute, Har Sunday Dengue Par Vaar' campaign being run by the Delhi Government against Dengue.

These children will attack dengue by checking clean water gathered in and around their houses and by calling their friends to inspire them to take part in the campaign.

Chief Minister Arvind Kejriwal encouraged all the children to participate in this campaign vigorously and said that we have to do 10 minutes of homework every Sunday to save Delhi from dengue.

He said in this homework, we have to check whether clean water has been stagnated in our houses and surroundings, if it is, then we have to drain it, change it or put oil in it.

The theme of this week's campaign against Dengue of the Delhi Government is 'Children of Delhi' and 'Come On Kids, Let's Give Dengue A Kick; 10 Hafte 10 Baje 10 Minute is the trick' is the tagline. "Dear kids, get ready to fight Dengue. Let's do a 10-minute homework every Sunday to protect Delhi from Dengue. For this, we need to check our homes and surrounding areas for any signs of stagnant water. If we do find water, let's drain it, replace it regularly or cover it with a small layer of oil. Let's also call up our friends and ask them to take part in this campaign. Come, let's save our Delhi from Dengue."

Like last year, this time also the Delhi Government has started the '10 Hafte, 10 Baje, 10 Minute' campaign to eliminate dengue in Delhi. All the ministers, MLAs and officers of the Delhi Government are also taking part in the campaign and cleaning the water accumulated in their homes every Sunday. Along with this, all the citizens living in Delhi are being made aware of chang-

ing the water of their coolers, pots, etc. every week by joining the campaign through various mediums and cleaning the accumulated water around them. We all have to work together to stop mosquito breeding. We all have to do this for 10 weeks and defeat dengue. The maximum number of dengue cases are reported every year between September 1 and November 15. Dengue mosquito breeds only in clean water. Dengue eggs are produced in clean water and those eggs turn into mosquitoes within 8 to 10 days. If we change that water before 8 days and destroy that egg, then mosquitoes will not be born. These mosquitoes cannot fly more than 200 meters. If you have dengue in your home, then you should assume that the mosquito is born nearby. Therefore, to eliminate dengue, the Delhi Government is appealing to give only 10-10 minutes to every person living in Delhi for 10 weeks. Every Delhiite can be safe from Dengue and Chikungunya if they thoroughly check the clean water stagnated in and around their house and make sure that their neighbors have also done the same in their house.

It is noteworthy that in 215, when the government was formed in Delhi under the leadership of Chief Minister Shri Arvind Kejriwal there were 15,867 cases of dengue in Delhi and about 60 people died due to this.

Delhi Metro's Grey Line inaugurated

STAFF REPORTER ■ NEW DELHI

Delhi Chief Minister Arvind Kejriwal on Saturday flagged off metro services on the Najafgarh-Dhansa Bus Stand stretch of metro. The inauguration of the stretch which will make the Grey Line Metro accessible to a sizeable chunk of population living in Outer Delhi.

On the occasion, Union Minister Hardeep Singh Puri, Delhi's Transport Minister Kailash Gahlot, Ambassador of Japan in India Satoshi Suzuki and MD — DMRC Mangu Singh were present apart from other dignitaries and officials in the ceremony

that was held virtually.

With the opening of this section, the Dwarka - Dhansa bus stand grey line corridor will become 6.1 kilometres long with four stations. With an interchange at Dwarka, the grey line will provide seamless connectivity from Najafgarh and Dhansa Stand to different parts of the city. The metro connectivity to Dhansa Bus Stand will immensely benefit the residents of the interior areas around Najafgarh and Dhansa Bus Stand

Kejriwal said, "It is a moment of great delight for all the people of Outer Delhi, especially the residents of

Najafgarh. Till now, the route of the Delhi Metro would end at Delhi Gate region in Najafgarh. There are about 50 such villages in the area from where a huge number of people come to inner Delhi to work.

All these people had to cross the Phirni Road Chowk to get to the Metro, which would result in a huge traffic jam at the Chowk. Now that the metro services have been extended to the Dhansa Bus Stand, people won't need to cross the Chowk and stand in traffic.

The route may be just 1.5 kms long but it is a very significant stretch for the resi-

dents. A large number of people come from Jhajjar, Haryana to work in Delhi. They too will get a lot of help from this service." "I remember how in February 2015, when I visited the region for election campaigning, people would put forth a demand. They asked us to make

one more station on the stretch. We promised them that we'll get the Dhansa Station made. It was one of the first things we did when we came into power.

The Delhi Government had put forth a proposal which the Centre approved, and we thank them for that.

Gahlot took to Twitter to share his delight and said, "Congratulations Najafgarh!

Today is very important to me for two reasons. First as Transport Minister of Delhi - Expanding the existing metro network in Delhi and second as MLA of Najafgarh - a new metro station (Dhansa Bus Stand) is being added in the Najafgarh constituency."

Disruptions of proceedings contempt of House: Naidu

PNS ■ NEW DELHI

In a first of its kind observation by any presiding officer of the legislatures in the country and in the context of rising disruptions, Rajya Sabha Chairman M Venkaiah Naidu on Saturday unequivocally held that disruptions of proceedings amount to contempt of the House and disruptors can't claim it as their privilege to do so.

Delivering the second Ram Jethmalani Memorial Lecture on "Is disruption of parliamentary proceedings an MP's privilege and/or a facet of parliamentary democracy?" Naidu spoke at length on the intentions of various rules and other provisions requiring high standards of behaviour of MPs in the House and the scheme of privileges and argued that disruptions negate the objective of

effective performance by individual members and of the House collectively.

Speaking on disruptions in the Parliament, Naidu informed that the productivity of Rajya Sabha is being quantified since 1978 and during the first 19 years till 1996, the productivity of the House has been over 100% and has begun to decline since then. While the House clocked annual productivity of over 100% during 16 of these 19 years, it was so only in two years in 1998 and 2009 during the next 24 years and not even once in the last 12 years.

The Chairman further said that the productivity of Rajya Sabha during 2004-14 has been about 78% and it declined to about 65% since then. Of the 11 sessions that Shri Naidu presided over, four of them

clocked low productivity of 6.80%, 27.30%, 28.90% and 29.55% and during the year 2018, the Rajya Sabha recorded the lowest ever productivity of 35.75% under the impact of disruptions, he stated.

During the last monsoon session (254th), the Rajya Sabha lost more than 70% of the scheduled time including over 76% of the valuable Question Hour time, the Chairman noted.

Since the Rajya Sabha came into being in 1952, only 10 members were suspended for misconduct inside the House during the first 57 years while 18 were also suspended in the last 11 years including 9 in the last one year.

Giving this information, Naidu noted that these sus-

pensions do not reflect the gravity of the situation since such actions were not taken on all occasions for various reasons.

Seeking to answer in the negative, if disruption can be claimed as a privilege by MPs, Chairman Naidu argued that the Rules of the House, the Code of Conduct, the detailed Parliamentary Etiquette to be complied with by the Members of Rajya Sabha were clearly aimed at ensuring a high standard of behavior of members inside the House befitting the solemnity of proceedings of the House while the scheme of privileges granted to the Members are intended to enable effective performance of the Members individually and of the House collectively.

He asserted that accordingly, disruptions negate the principle of effective functioning of the House besides being against the wishes of the people.

Earlier in his speech, Naidu described Jethmalani as a rebel and radical thinker who brought innovation to legal inquiry and opened new vistas of interpretation and opportunities in every major case he argued during his 77 year long and successful career as a leading lawyer.

Unforgettable moment: Modi on 2.50 cr shots on his b'day

Panaji: Prime Minister Narendra Modi on Saturday said it was an unforgettable and emotional moment for him as over 2.50 crore Covid-19 vaccine doses were administered in the country on his 71st birthday.

"With your efforts, India has created a world record of administering over 2.5 crore vaccines in a single day, a feat not even the most powerful nations have been able to achieve," PM Modi said during an interaction via video link with healthcare workers and beneficiaries in Goa.

"We saw how the nation kept looking at CoWIN dashboard yesterday. Over 15 lakh vaccinations per hour, over 26,000 vaccinations every minute took place yesterday. Over 425 people were administered vaccines each second," he said.

PM Modi said he appreciates all doctors, medical staff, and people in administration in the country for this effort. The huge effort and skilled manpower needed to accomplish this task show the might of India, he added.

"Birthdays come and go but I have been away from such

things. But yesterday was emotional for me. It has become an unforgettable occasion for me," PM Modi said.

Without naming any party, PM Modi said "a political party" developed fever after over 2.5 crore vaccine doses were administered on his birthday.

"People speak of fever as a side effect of vaccines, but a political party experienced fever after 2.5 crore vaccines were administered on my birthday," he said.

PM Modi praised Goa Chief Minister Pramod Sawant and his government for overcoming challenges in accomplishing 100 per cent vaccination of the first dose of covid vaccines in the coastal state.

Goa is on way to becoming a leading state in India as far as vaccination is concerned, PM Modi said.

"Goa is playing important role in the success of the world's largest and fastest vaccination drive - 'Sabko vaccine, muft vaccine'. In the past few months, Goa fought bravely against heavy rainfall, cyclone and flood, under the leadership of Pramod Sawant," he said.

When they are aware that

PM should daily celebrate his b'day, Cong takes a dig

New Delhi: Prime Minister Narendra Modi should celebrate his birthday every day as some BJP-ruled states "performed" on the day and vaccinated many times the daily average, the Congress said on Saturday.

The party took a dig at Modi a day after India achieved the highest record of 2.5 crore Covid-19 vaccinations on a single day.

The Prime Minister's reaction came after senior Congress leader P Chidambaram tweeted asking

all people are vaccinated, tourists will also feel safe and

why we had to wait until the PM's birthday. "Happy and grateful that 2.5 crore vaccinations were administered yesterday But why did we have to wait until the PM's birthday? Suppose the PM's birthday was on December 31 then would the 2.5 crore vaccinations have been done only on the last day of the year? Vaccination is not like cutting a cake on a birthday," he tweeted. Congress leader Rahul Gandhi said this is the pace of vaccination the country needs.

Taliban trying to sell leftover US weapons to overcome fin crisis

RAKESH K SINGH ■ NEW DELHI

Facing financial crunch, Taliban is negotiating with African countries to supply leftover American weapons. In lieu of the weapons, the outfit is seeking payments in diamonds to trade the same through white channels in the international markets.

The African diamonds are globally reputed to be of high quality and the Taliban is aiming to offset the financial crisis amid pending recognition of its regime from the international market and a staring drought in Afghanistan.

The crisis is such that the Taliban has started selling off seized properties of the political and ideological opponents. A number of such properties have already been sold off to the Pakistanis based in Kandahar. Several properties in other cities are also on the block.

In view of the financial mess the country is going through, the Taliban has sought aid from a number of countries like Germany and Iran as also from the international community.

In addition, the Taliban has already invigorated the drug cartel in collusion with the Pakistani military-ISI syndicate to the Al Qaeda affiliates in Africa like the Boko Haram and Al Shabab.

Founder President of the Afghanistan Republic Salvation Front and counter-terrorism expert Ajmal Sohail

said, "Taliban is essentially a terrorist or an insurgent organization that has been involved in drugs trade and smuggling of antiques and has also relied on funding from the Sheikhs of the Gulf countries. But such funds cannot sustain a government at the helm in Kabul. Running a government is an altogether different ballgame than operating a guerilla organization. Having realized the constraints of governance, the Taliban is already amplifying messages of an inclusive government and respect of human rights, all of which are aimed at seeking recognition for its regime and subsequently gaining access to international funding."

Meanwhile, attacks on Pakistani troops continue in Pashtun dominated areas of Khyber Pakhtunkhwa. The Tehrik-e-Taliban Pakistan (TTP) reportedly attacked a Pakistani military post in Bajaur late last night.

Quoting sources on the ground, Sohail said several Pak soldiers were killed and wounded in the attack by the TTP.

A spokesman for the Pakistani Taliban said in a statement that they had targeted a Pakistani military post in the Nawagai area of Bajaur, killing and wounding the militants.

The TTP is a breakaway faction of the Afghan Taliban active in Pashtun dominated areas of Khyber Pakhtunkhwa and Balochistan.

SC favours disbursal of Maha's ₹25cr to Covid-orphaned kids

PTI ■ NEW DELHI

The Supreme Court is in favour of disbursing the over ₹25 crore deposited by the Maharashtra Government in the apex court registry five years ago to children who lost both parents during the Covid pandemic in the State.

A bench of Justices D Y Chandrachud and B V Nagarathna noted earlier this week that the state has about 19,000 children who lost a parent due to Covid-19 and 593 who lost both their parents.

Maharashtra, one of the worst affected states during the second wave of pandemic earlier this year, had deposited the money in the apex court registry in an old

matter related to medical college admissions.

The Supreme Court noted that the government of Maharashtra formulated a policy on June 17, 2021 envisaging that Rs 5 lakh be placed in fixed deposit for children who lost both their parents due to the pandemic and the money will be payable to them after they attain the age of maturity.

"The amount of ₹20 crores which was deposited (by Maharashtra government) in pursuance of the order dated December 2, 2016 stands enhanced to ₹25,53,25,548 as a result of accretions of interest," the bench said.

The top court said before it directs the disbursal of the

money to the State of Maharashtra, it wants that a concrete statement be placed on affidavit about the manner in which the money will be utilised for the benefit of children affected by the death of either or both parents due to the Covid pandemic.

"The Secretary, Women and Child Development of the State of Maharashtra shall file an affidavit within a period of three weeks. The Court shall thereafter pass an appropriate order after scrutinizing the proposal," the bench said in its order passed on September 13.

Advocate Sachin Patil, appearing for the Maharashtra government, submitted a note giving details on how the money would be utilized in the interests of the children.

Courts can summon persons not accused only after cogent proof: SC

PTI ■ NEW DELHI

The Supreme Court has said that courts can exercise their power to proceed against persons not accused but appearing to have committed an offence only when there is "strong and cogent evidence" against such individuals and not in a "casual and cavalier manner".

Under Section 319 of Code of Criminal Procedure (CrPC), when during the course of inquiry or trial of offence, it appears from the evidence that any person, who has not been made an accused, has committed any offence; the court can proceed against such individual for the offence which he appears to have committed.

A bench of justices K M Joseph and P S Narasimha while dealing with a criminal case said, "This is yet another case where summons issued purporting to invoke power under Section 319 of the CrPC has brought the newly summoned person to this court."

It said that the test as laid down by the constitution bench of this court for invoking power under Section 319 CrPC inter alia includes the principle that only when strong and cogent evidence occurs against a person from the evidence the power under Section 319 CrPC should be exercised.

"The power cannot be exercised in a casual and cavalier manner. The test to be applied, as laid down by this court, is one which is more than prima facie case which is applied at the time of framing of charges," the bench said in its September 13 order.

The top court referred to the 2014 constitution bench verdict in Hardeep Singh versus State of Punjab and others which dealt with the issue of applicability of Section 319 CrPC and said it will all depend upon the evidence which is tendered in a given case as to whether there is a strong ground to proceed against an individual, who has not been made accused.

Dunzo Med Air consortium to conduct drone vaccine delivery trials

IANs ■ NEW DELHI

Dunzo Med Air consortium will conduct drone trials for the 'Medicine from Sky' initiative of the Telangana Government from Monday.

Accordingly, drone delivery tech firm, 'Skye Air' that focuses on an end-to-end ecosystem for UAV based logistics will be conducting this as a part of the 'Dunzo Med Air' consortium led by the hyper local giant, 'Dunzo Digital'.

The trials will begin on September 20 in Vikarabad, Telagana and shall continue till September 25 during which several healthcare logistics related cases will be demonstrated.

On its part, Skye Air said it will conduct around 50 flights all delivering vaccines.

These BVLOS 'Beyond Visual Line of Sight' trials will deliver vaccines up to 12 km within an expected time frame of 18 minutes.

Each drone will carry vaccines in temperature-controlled boxes.

India inks ₹230 cr deal with France to buy phased out Mirages

PNS ■ NEW DELHI

In an effort to maintain operational readiness and increase the life of its Mirage jets, the IAF has signed an agreement with France to buy phased out Mirages flown by its air force. The deal is worth over ₹ 230 crores and the airframes of these planes will be brought to India in containers.

At present, India has a fleet of 50 Mirage planes procured in 1985. These versatile planes were used in the Balakot air strikes against terrorist hide outs in 2019.

All these planes are now in mid-life upgrade and the acquisition of the phased Mirages will ensure seamless availability of spares, sources

said here on Saturday. Moreover, this procurement will make sure maintenance cycle of these jets is adhered to thereby prolonging their operational life.

Incidentally, the IAF had inked a similar pact some years too and bought phased out Mirages from France. The Mirage fleet is based in Gwalior.

France is in the process of switching over to Rafale jets and has phased most of its Mirages.

The 36-jet deal with India for Rafales will be completed next year with the last batch of two planes arriving here. The IAF has placed these jets in two bases including Ambala in north and Hashimara in West Bengal in the east.

Nadda gives tips to Dalit leaders for Assembly polls

IANs ■ NEW DELHI

With an eye on next year's crucial assembly polls in Uttar Pradesh, BJP national president J.P. Nadda on Sunday gave tips to the Dalit leaders who had gathered in Varanasi, the Parliamentary constituency of Prime Minister Narendra Modi, on how to win votes.

Referring to various schemes run by the Modi government -- Jan Dhan Yojna, Antyodaya, toilets, housing, education, Ujjwala, Ayushman Bharat, campaign to connect villages with electricity, Pradhan Mantri Krishi Samman Yojana, Mudra loan etc -- Nadda claimed that for the first time in the country the government is following the right path shown by Babasaheb Ambedkar.

Nadda said that the work that the Modi government has done for the Dalit members of the society in the last 7 years, the previous governments could not do even in 70 years.

In view of the number of Dalit voters in Uttar Pradesh, while virtually launching the two-day meeting of the BJP Scheduled Caste Front's national executive convened in Prime Minister Modi's parliamentary constituency Varanasi, the BJP President claimed that the Modi government has taken the steps

in the interest of Dalits which no previous government had ever taken. He asked the workers to take the facts along with the data directly to the Dalit voters.

Accusing the Opposition parties of using Dalits only as a vote bank, Nadda said that the Congress has always insulted Babasaheb and the BJP has only respect for him.

After OBC voters, the number of Dalit voters is very high in Uttar Pradesh. Out of 403 seats in the UP Legislative Assembly, 84 seats are reserved for the SC category. The population of Dalit voters in the state is about 21 per cent and out of this, more than half are Jatavs -- about 54 per cent. In 42 districts of the State, the population of Dalit voters is

more than 21 per cent. The history of the last three assembly elections shows that the political party which got more seats out of the reserved seats, was because of the Dalit votes.

The BJP wants to win the hearts of the Dalits of the state once again by holding a meeting of the National Executive of the SC Morcha in Varanasi. In the two-day meeting, the BJP will plan a strategy on how the Dalits of Uttar Pradesh should be told about the work of the government and how they have benefited from the various schemes. Dalits will be informed about not only the schemes of the government but it will also expose other opposition parties including the BSP and the SP over their hollow promises.

CVC recommends implementation of 'Integrity Pact' in all Govt procurements

IANs ■ NEW DELHI

The Central Vigilance Commission (CVC) has made recommendation for implementing the of Integrity Pact (IP) in all public procurements by the various Ministries and the Departments.

IP helps government and companies to reduce high cost and maintain quality control.

IP adoption creates public confidence and trust in decision making process.

In its order issued on September 14, 2021, the CVC said that in order to enhance the transparency and probity in public procurement, it has provided the Standard Operative Procedure which also envisages the appointment of an independent external monitor.

"The IP will also envisage the appointment of Independent External Monitor who are eminent and experience person of high integrity, adequate experience, a person of high integrity and having unblemished service record are appointed as IEM in any organisation, the Commission is empanelling persons of integrity, after following due process to such person," the order said.

"The panel of such persons is updated at periodic intervals to ensure the constant availability of suitable person for nomination/appointment as IEM," it added further.

Realising the importance of IP as a vigilance tool in controlling corruption in public contracting and procurement, the CVC has, through its office

Orders recommended adoption of Integrity Pact to all the Secretaries to the government, all Chairman and Managing Director (CMDs) of Public sector Units, Public Sector banks and all Chief Vigilance Officers and provided them basic guidelines for its implementation in respect of major procurements in the government organisations.

On May 18, 2009, it issued Standard Operating Procedure spelling out all the details of the IP which has been revised as per the need basis and in its latest order on September 14 revised the SoPs and provided the appointment of IEM for all government procurements.

The CVC is an apex vigilance institution to advise and guide Central Government agencies in the field of vigilance.

Taliban replace Ministry for women

Afghanistan’s new rulers set up a Ministry for ‘propagation of virtue and the prevention of vice’ in building that once housed Women’s Affairs Ministry

AP ■ KABUL

Afghanistan's new Taliban rulers set up a Ministry for the "propagation of virtue and the prevention of vice" in the building that once housed the Women's Affairs Ministry, escorting out World Bank staffers on Saturday as part of the forced move.

It's the latest troubling sign that the Taliban are restricting women's rights as they settle into Government, just a month since they overran the capital of Kabul. In their first period of rule in the 1990s, the Taliban had denied girls and women the right to education and barred them from public life.

Separately, three explosions targeted Taliban vehicles in the eastern provincial capital of Jalalabad on Saturday, killing three people and wounding 20, witnesses said. There was no immediate claim of responsibility, but Islamic State (ISIS) terrorists, headquartered in the area, are enemies of the Taliban.

The Taliban are facing major economic and security problems as they attempt to govern, and a growing challenge by ISIS insurgents would further stretch their resources.

In Kabul, a new sign was up outside the women's affairs

Ministry, announcing it was now the "Ministry for Preaching and Guidance and the Propagation of Virtue and the Prevention of Vice."

Staff of the World Bank's \$100 million Women's Economic Empowerment and Rural Development Programme, which was run out of the Women's Affairs Ministry, were escorted off the grounds Saturday, said programme member Sharif Akhtar, who was among those being removed.

Mabouba Suraj, who heads the Afghan Women's Network, said she was astounded by the flurry of orders released by the Taliban-run government restricting women and girls.

Meanwhile, the Taliban-run education ministry asked boys from grades 7-12 back to school Saturday along with their male teachers but there was no mention of girls in those grades returning to school. Previously, the Taliban's minister of higher education minister, had said girls would

be given equal access to education, albeit in gender-segregated settings.

"It is becoming really, really troublesome. ... Is this the stage where the girls are going to be forgotten?" Suraj said.

"I know they don't believe in giving explanations, but explanations are very important."

Suraj speculated that the contradictory statements perhaps reflect divisions within the Taliban as they seek to consolidate their power, with the more pragmatic within the movement losing out to hard-liners among them, at least for now.

Statements from the Taliban leadership often reflect a willingness to engage with the world, open public spaces to women and girls and protect Afghanistan's minorities. But orders to its rank and file on the ground are contradictory. Instead restrictions, particularly on women, have been implemented.

Suraj, an Afghan American who returned to Afghanistan in 2003 to promote women's rights and education, said many of her fellow activists have left the country.

She said she stayed in an effort to engage with the Taliban and find a middle ground, but until now has not

been able to get the Taliban leadership to meet with activists who have remained in the country to talk with women about the way forward.

"We have to talk. We have to find a middle ground," she said. Also on Saturday, an international flight by Pakistan's national carrier left Kabul's airport with 322 passengers on board and a flight by Iran's Mahan Air departed with 187 passengers on board, an airport official said.

The official, who spoke on condition of anonymity because he wasn't authorised to speak to the media, said the two flights departed on Saturday morning. The identities and nationalities of those on board were not immediately known.

The international flights were the latest to depart Kabul in the past week as technical teams from Qatar and Turkey have worked to get the airport up to standard for international commercial aircraft.

A Qatar Airways flight on Friday took more Americans out of Afghanistan, according to Washington's peace envoy, the third such airlift by the Mideast carrier since the Taliban takeover and the frantic US troop pullout from the country.

3 dead as series of explosions hit Af's Nangarhar province

Taliban fighters and residents gather at the site of an explosion in Kabul on Saturday. A sticky bomb exploded in the capital Kabul

AP

AP ■ JALALABAD

Witnesses say a series of three explosions that targeted Taliban vehicles in the capital of Afghanistan's eastern Nangarhar province has left at least three dead and 20 wounded.

No one immediately took responsibility for the attack Saturday in Jalalabad, but the increasingly violent Islamic State group affiliate is head-

quartered in eastern Afghanistan and are enemies of Afghanistan's new Taliban rulers.

It wasn't immediately clear whether Taliban officials were among the dead and wounded.

Also on Saturday a sticky bomb exploded in the capital Kabul wounding two people, said police officials.

The target of the Kabul bomb was not immediately clear.

GLOBE TROTTER

INDONESIA'S MOST WANTED KILLED

Palu (Indonesia): Indonesia's most wanted terrorist with ties to the Islamic State (ISIS) group was killed on Saturday in a gunbattle with security forces, the military said, in a victory for the counterterrorism campaign against extremists in the jungles of Sulawesi island. Ali Kalora was one of two militants killed in the shootout, said Central Sulawesi's regional military chief Brig. Gen. Farid Makruf. He identified the other suspected extremist as Jaka Ramadan.

UAE REMOVES TEST RULE FOR OTHER EMIRATES

Dubai: The capital of the United Arab Emirates has ended a policy requiring those coming in from other emirates to have a recent negative coronavirus test. Abu Dhabi made announcement on Saturday, saying that people from the UAE's six other emirates could enter the capital from Sunday without getting a test.

1ST CASE OF COVID IN AMERICAN SAMOA

Pago Pago: American Samoa, a US territory in the Pacific, reported its first case of coronavirus on Friday. The territory's acting governor, Lt. Gov. Talauega Eleasalo Ale, and health officials said the islands' first case of Covid-19 was in a resident who returned to America Samoa from a trip to the US mainland and Hawaii earlier this week.

VIOLATIONS REPORTED IN RUSSIAN ELECTION

Moscow: The head of Russia's second-largest political party is alleging widespread violations in the election for a new national parliament, in which his party is widely expected to gain seats. Communist Party head Gennady Zyuganov said on Saturday — the second of three days of voting in the election — that police and the national elections commission must respond to reports of 'a number of absolutely egregious facts' including ballot-stuffing in several regions.

UNSC URGES SOMALIA'S LEADERS TO COMPROMISE

United Nations: The UN Security Council urged Somalia's feuding Government leaders on Saturday to resolve their disagreements through dialogue and give top priority to holding long-delayed national elections this year.

Fearful US residents in Afghanistan hiding out from Taliban

Kabul: Every night in yet another house in Afghanistan's capital, a US green card-holding couple from California take turns sleeping, with one always awake to watch over their three young children so they can flee if they hear the footsteps of the Taliban.

They've moved seven times in two weeks, relying on relatives to take them in and feed them. Their days are an uncomfortable mix of fear and boredom, restricted to a couple of rooms where they read, watch TV and play "The Telephone Game" in which they whisper secrets and pass them on, a diversion for the children that has the added benefit of keeping them quiet.

All of it goes on during the agonizing wait for a call from anybody who can help them get out. A US State Department official contacted them several days ago to tell them they were being assigned a case worker, but they haven't heard a word since. They've also been talking to an international rescue organisation.

"We are scared and keep hiding ourselves more and more," the mother said in a text message to The Associated Press. "Whenever we feel breathless, I pray."

Through messages, emails and phone conversations with loved ones and rescue groups, AP has pieced together what day-to-day life has been like for some of those left behind after the US military's chaotic withdrawal — that includes US citizens, permanent US resident green-card holders and visa applicants who aided US troops during the 20-year war. Those contacted by AP — who are not

being identified for their own safety — described a fearful, furtive existence of hiding in houses for weeks, keeping the lights off at night, moving from place to place, and donning baggy clothing and burgas to avoid detection if they absolutely must venture out.

All say they are scared the ruling Taliban will find them, throw them in jail, perhaps even kill them because they are Americans or had worked for the US government. And they are concerned that the Biden administration's promised efforts to get them out have stalled.

When the phone rang in an apartment in Kabul a few weeks ago, the US green card holder who answered — a truck driver from Texas visiting family — was hopeful it was the US State Department finally responding to his pleas to get him and his parents on a flight out. Instead, it was the Taliban.

"We won't hurt you. Let's meet. Nothing will happen," the caller said, according to the truck driver's brother, who lives with him in Texas and spoke to him afterwards. The call included a few ominous words: "We know where you are."

That was enough to send the man fleeing from the Kabul apartment where he had been staying with his mother, his two teenage brothers and his father, who was in particular danger because he had worked for years for a US contractor overseeing security guards.

"They are hopeless," said the brother in Texas. "They think, 'We're stuck in the apartment and no one is here to help us.' They've been left behind."

After Afghanistan pullout, US seeks NATO basing, intel pacts

AP ■ ATHENS

Against the backdrop of the troop withdrawal from Afghanistan, the top US Military officer is meeting in Greece with NATO counterparts this weekend, hoping to forge more basing, intelligence sharing and other agreements to prevent terrorist groups from regrouping and threatening America and the region.

Army Gen. Mark Milley, chairman of the Joint Chiefs of Staff, said the meeting of NATO defense chiefs will focus in part on the way ahead now that all alliance troops have pulled out of Afghanistan and the Taliban are in control.

Milley, US Defence Secretary Lloyd Austin and

American intelligence officials have warned that al-Qaida or the Islamic State group could regenerate in Afghanistan and pose a threat to the United States in one year to two years.

The US Military has said it can conduct counterterrorism surveillance and, if necessary, strikes in Afghanistan from "over the horizon" — meaning from assets based in other countries. But they have made it clear that surveillance flights from bases in the Persian Gulf are long and provide limited time in the air over Afghanistan.

So they have talked about seeking basing agreements, over-flight rights and increased intelligence-sharing with nations closer to Afghanistan, including some neighbours.

Yemen's Houthis execute 9 over senior official's killing

AP ■ SANAA

Yemen's Houthi rebels on Saturday said they executed nine people for their alleged involvement in the killing of a senior Houthi official in an airstrike by the Saudi-led coalition more than three years ago.

The public executions by firing squad were carried out in the rebel-held capital of Sanaa, according to the Iranian-backed Houthis who distributed photos apparently showing the executions. The executions took place despite repeated calls by rights groups and lawyers to stop the killings.

The public executions by firing squad were carried out in the rebel-held capital of Sanaa, according to the Iranian-backed Houthis who distributed photos apparently showing the executions. The executions took place despite repeated calls by rights groups and lawyers to stop the killings. They said the trial held in a rebel-controlled court where the nine were convicted and sentenced to death was flawed.

The nine were among more than 60 people the

Houthis accused of involvement in the targeted killing of Saleh al-Samad in April 2018. Former President Donald Trump was also accused, according to court documents obtained by The Associated Press. Also accused were top Western, Israeli and Gulf officials.

The Houthis accused the nine of spying for the Saudi-led coalition.

Al-Samad, who held the post of president in the Houthi-backed political body, was killed in an airstrike by the Saudi-led coalition in the coastal city of Hodeida.

The nine, including a 17-year-old boy, were arrested months after al-Samad's killing. They had been forcefully disappeared for months in undisclosed places where they suf-

fered inhuman treatment, according to Abdel-Majeed Sabra, a Yemeni lawyer representing one of the people executed.

Hundreds of people, mostly Houthis and their supporters, attended the executions, which were also broadcast on big screens early Saturday in Tahrir Square in the capital of Sanaa. The executions and their display cause outrage across the country, including Sanaa, where people refrain from criticising the rebels for fear of reprisals.

The nine wore sky blue prison garb with their hands bound behind their backs. Masked guards led them an open area and forced them to lie down on their stomachs. Another officer with a rifle shot them to death in their backs.

North Korea expanding uranium enrichment plant

Seoul: Recent satellite images shows North Korea is expanding a uranium enrichment plant at its main Yongbyon nuclear complex, a sign that it's intent on boosting the production of bomb materials, experts say.

The assessment comes after North Korea recently raised tensions by performing its first missile tests in six months amid long-dormant nuclear disarmament diplomacy with the United States.

"The expansion of the enrichment plant probably indicates that North Korea plans to increase its production of weapons-grade uranium at the Yongbyon site by as much as 25 percent," Jeffrey Lewis and two other experts at Middlebury Institute of International Studies at Monterey said in a report.

The report said satellite

images taken by Maxar shows construction in an area adjoining the uranium enrichment plant at Yongbyon.

It said a satellite image taken on Sept 1 shows North Korea cleared trees and prepared the ground for construction and that a construction excavator is also visible.

The report said a second image taken on Sept 14 showed a wall erected to enclose the area, work on a foundation and panels removed from the side of the enrichment building to provide access to the newly enclosed area.

"The new area is approximately 1,000 square meters, enough space to house 1,000 additional centrifuges," the report said. "The addition of 1,000 new centrifuges would increase the plant's capacity to produce highly enriched uranium by 25 per cent." **AP**

Cryptocurrency Hyper Fund under Govt scanner

IAN S ■ NEW DELHI

The Government is keeping a close eye on cryptocurrency floating in the market based out of the country following alert that agencies responsible to check financial fraud are watching a company called Hyper Fund.

Sources said Hyper Fund, a DEFI by Hyper Tech Group has come under the radar recently. The Group claims to have launched the Hyper Fund to provide a decentralised financial infrastructure. Hyper Fund was announced in mid-2020.

As per the company website it is led by Ryan Xu, however, with the Multi-Level Marketing (MLM) model Hyper Fund has been luring investors with higher returns and such offerings, a common practice under Ponzi Schemes, that got the authorities alerted in the first place.

According to sources, complaints against such Funds have started pouring in several states. In India, the RBI, Union Finance Ministry and SEBI had warned people against cryptocurrency trading. The RBI is planning to launch India's official digital currency- E Rupee soon.

The Finance Ministry has

clarified that Virtual currencies are also not legal tender. Hence, VCs are not currencies. The RBI has also clarified that it has not given any licence/ authorisation to any entity/ company to operate or deal with Bitcoin or any virtual currency.

In June 2018, Amit Bhardwaj was arrested at the Delhi Airport by Pune police along with his brother Vivek Bhardwaj in connection with an alleged Ponzi scheme. Bhardwaj, started his own bitcoin mining operations and allegedly cheated more than 8,000 people to the tune of Rs 2,000 crore from across the country.

He has lodged a complaint with the Delhi Police special cell, alleging that he received an extortion call and was asked to

pay protection money on September 6, 2021. He had setup multi-level marketing (MLM) scam by luring investors to give him Bitcoins in return for promised higher returns, police had alleged.

Regulators in UK have issued warning against such fund and the Financial Conduct Authority (FCA) have warnings issued for both Hyper Fund and Fund Advisor.

On its website, which was first published on in March 23, 2021 and later updated on August 31, the FCA said, "We believe this firm may be providing financial services or products in the UK without our authorisation. Almost all firms and individuals offering, promoting or selling financial services or products in the UK have to be authorised or registered by us.

Opposition-ruled States demand extension of GST compensation regime beyond June 2022

PTI ■ NEW DELHI

Finance Ministers of Opposition-ruled states have demanded that the GST compensation cess regime be extended beyond June 2022.

Briefing reporters after the 45th GST Council meeting in Lucknow on Friday, Union Finance Minister Nirmala Sitharaman had said the regime of paying compensation to states for revenue shortfall resulting from subsuming their taxes such as VAT in the uniform national tax GST will end in June next year.

However, the compensation cess, levied on luxury and demerit goods, will continue to be collected till March 2026 to repay the borrowings that were done in 2020-21 and 2021-22 to compensate states for GST revenue loss.

In his speech at the meet-

ing, Tamil Nadu Finance Minister P Thiaga Rajan demanded continuation of the compensation mechanism, and deferment of a decision on this issue.

"While we are broadly, and firmly in favour of the continuation of the compensation mechanism, we are concerned by many of the details," he said.

Thiaga Rajan said all the Council Members will require some time to analyse and assess the features and consequences of the options presented during the 45th meeting, and hence expect that any decision on the way forward will be deferred to the 46th meeting at least.

"To be doubly sure, we formally place a request that no final decision be made on this most important issue without the benefit of the time needed to fully assess the options," Thiaga Rajan added.

Come Jan 1, non-filers of monthly GST return to be barred from filing GSTR-1

PTI ■ NEW DELHI

Businesses that default on filing summary return and paying monthly GST will not be able to file GSTR-1 sales return of the succeeding month from January 1 next year.

The GST Council in its Lucknow meeting on September 17 has decided to take a host of measures to streamline compliance, including mandatory Aadhaar authentication for businesses to file refund claims.

These moves would help prevent revenue leakage due to

evasion of Goods and Services Tax (GST), which was launched on July 1, 2017.

The Council decided to amend Rule 59(6) of the Central GST Rules with effect from January 1, 2022, to provide that a registered person shall not be allowed to furnish Form GSTR-1, if he has not furnished the return in Form GSTR-3B for the preceding month. Currently, the law restricts filing of return for outward supplies or GSTR-1 in case a business fails to file GSTR-3B of preceding two months.

'Telecom players' ARPU to grow even without tariffs hikes

IAN S ■ NEW DELHI

The average revenue per user (ARPU) of the cellular industry could grow even without tariffs hikes as data usage and penetration zooms over the last 1-to-2 years.

As per India Ratings and Research (Ind-Ra): "The sliding voice tariffs, growing data tariffs, increasing data usage per subscriber and increasing data subscribers in the overall subscriber base over the last one year indicate that the average revenue per user of the industry could grow even without tariffs hikes."

Deadline for PAN-Aadhaar linkage extended till March 2022

IAN S ■ NEW DELHI

Centre has extended the deadline for linking Aadhaar with PAN by six more months, till March 2022.

The earlier deadline was till September 30.

Accordingly, the decision came as a relief measure for tax players during pandemic era.

"The Central Government, in continuation of its commitment to address the hardship being faced by various stakeholders on account of the Covid-19 pandemic, has, on consideration of representations received from various stakeholders, decided to extend timelines for compliances under the Income-tax Act, 1961," CBDT said in a statement late on Friday night.

"Time limit for intimation of Aadhaar number to the Income tax Department for linking of PAN with Aadhaar has been extended from 30th September, 2021 to 31st March, 2022."

Besides, the due date for completion of penalty proceedings under the IT Act has also been extended from September 30, 2021 to March 31, 2022.

BRIEFS

GM OFFERS SHRAMDAN AT NETAJI BHAVAN METRO STATION

Kolkata: Metro Railway has been observing Swachhta Pakhwara from 16th – 30th September, 2021. IRCTC DEDICATES A NEW FOOD PLAZA AT NEW DELHI RAILWAY STATION

New Delhi: The Indian Railway Catering And Tourism Corporation Limited (IRCTC) has been playing a pivotal role in revolutionizing the hospitality and catering business of Indian Railways across the country. In its latest drive, the company has recently dedicated a new Food Plaza – 'Pop n Hop' for the passengers at New Delhi railway station on Platform No. 16 towards Ajmeri Gate side. The 'Pop n Hop' Food Plaza is one of the most exquisite and extensive food and beverage facility created by IRCTC for the passengers and tourists to have wide variety sumptuous food offered in a hygienic and extremely comfortable environment. The passengers and tourists visiting New Delhi railway station will no more have to hunt for quality food or bring food along with from home as the new Food Plaza will promise to offer quality food to tantalize the taste buds at reasonable prices.

AMIT SHAH PLANTS SAPLING AT CRPF TRAINING CENTER

Union Minister of Home Affairs and Minister of Cooperation Shri Amit Shah planted 10 millionth sapling at CRPF Training Center in Nanded, Maharashtra under 'All India Tree Plantation Campaign-2021' being run by Central Armed Police Forces CAPFs have done the work of planting 10 million trees in more than 170 districts across the country. We had set a target that all the paramilitary forces together will plant more than 10 million trees and take good care of them till they grow to a height above our heads, and today we have accomplished this year's target of 10 million ahead of time.

CLW JOINS RAIL KAUSHAL VIKAS YOJANA

To empower the youth of vibrant India with industry-relevant skills, Chittaranjan Locomotive Works (CLW) has joined the 'Rail Kaushal Vikas Yojana', on 17.09.2021. Shri Ashwini Vaishnav, Hon'ble Minister for Railways, Communications and Electronics & Information Technology, Government of India, launched the 'Rail Kaushal Vikas Yojana' on all India level in 75 Rly. Training Centres including CLW via video conference, on 17.09.2021. It is an integral part of Skill India Mission adopted by Indian Railways under the aegis of Pradhan Mantri Kaushal Vikas Yojana as a part 75 years of "AZADI KA AMRIT MAHOTSAV".

LIVE LEARNING PLATFORM IN REGIONAL LANGUAGES

New Delhi: Taking ahead the National Skill Development Corporation's initiative to boost employability and enhance enhancement training and placements, Orion Edutech unveiled LearnHat, an interactive live learning platform that acts as a bridge between students and tutors primarily focusing on smaller towns. Its value proposition rests on delivering its sessions in a number of regional languages. "India is a diverse country, where regional language forms a comfort bond unlike any other. We therefore wanted to extend this to education as well, to make earning more fun, engaging and a meaningful experience," said Priyadeep Sinha, CEO of LearnHat.

corporates -- to increase their fixed asset investments in the immediate future based on their financial position.

At present, the listed and unlisted corporate sector accounts for only about half of total investments in India.

The 'HH' sector including unincorporated enterprises accounts for 35-40 per cent in India's investments, while the remaining 12-13 per cent is contributed by centre and states

governments. Besides, the report cited that demand environment is expected to remain subdued due to weak financial position of 'HH' and government sector. "Despite household investments picking up strongly in 2HFY21, given that Indian households bore the maximum brunt of Covid-led losses in CY20 (and CY21), we believe household spending would remain subdued over the next few years."

Profit booking, global volatility to impact stock moves

IAN S ■ MUMBAI

Sky-high valuations along with global tapering fears will impact stock market movements during the upcoming week.

Accordingly, market observers, pointed out high possibility of profit booking led slide on the back premium valuations and likely absence of positive domestic triggers.

Nonetheless, key indices - S&P BSE Sensex and NSE Nifty50 -- are expected to reach new intra-day record highs of 60,000 points and 18,000-mark, respectively.

Last Friday, the Sensex closed at 59,015.89 points after making an intra-day record high of 59,700, while Nifty ended the day's trade at 17,585.15 points.

It had breached the 17,790

level intra-day on last Friday.

"Broad market correction amidst high volumes gives the first hint of distribution," said Deepak Jasani, Head of Retail Research, HDFC Securities.

"An adverse US Fed meet outcome next week could accelerate the correction that is typical in September, especially in the US markets."

Bopanna and Ramkumar crack in must-win doubles match, India lose 1-3 to Finland

PTI ■ ESPOO (FINLAND)

Rohan Bopanna and Ramkumar Ramanathan blew their chances in the must-win doubles match as India lost the World Group I tie 1-3 to hosts Finland in the Davis Cup, here on Saturday.

Captain Rohit Rajpal changed the doubles combination by pairing Bopanna with Ramkumar instead of left-handed Divij Sharan but they lost the crucial match 6-7(2) 6-7(2) to Henri Kontinen and Harri Heliövaara in one hour and 38 minutes.

Coming into the match down 0-2, Indians needed to win the doubles to stay alive in the tie.

Prajnesh later beat Patrik Niklas-Salminen in the dead fourth rubber 6-3 7-5, while the fifth match was not played.

India will now have to compete in the Play-offs next year to keep their place in the World Group I.

Heliövaara was considered the most vulnerable of all four players on the court but he raised his game by several notches and created a huge impact on the outcome of the match with his fearless approach.

The Indian, on the contrary, fumbled even when they had advantage as they up by a break and had four break-points in the eight game of the second set but squandered the chances.

After doing all the hard work, the Indians cracked at crucial junctures.

Bopanna said the fact that the Finnish players have played together at a higher level made a difference to the match.

“We were playing first time together at this level. In close points it did make a difference. But we played a great match, (considering) we were playing for the first time together,” said the 40-year-old.

Bopanna also backed the captain’s call in changing the combination saying, he and Ramkumar were the right pair for today’s match.

He also said that India needs to do well in singles matches if the team has to win

ties in Davis Cup.

“Four points are from singles matches, that’s where we need to focus. It’s been six years that an Indian singles player has beaten a higher-ranked player in Davis Cup.

“We need to have good structure back home, good junior system. Cricket does well because there is a fantastic structure, so every sport needs something like that. You can’t do it on your own. The Federation and the government has to come together,” he said.

In the opening set, at 3-3, the Indian pair attacked the serve of Heliövaara, going 30-all but the home player served big on the next two points to ensure the set stays on serve.

Eventually the opening set went to tie-breaker. Heliövaara found a stunning service return winner off Bopanna on the second point to get the mini break and also held his serve as Finland took a 4-1 lead.

Then came Ramkumar’s double fault and a volley error at the net that gave Finland players five set points. They converted the second when Ramkumar could not return Kontinen’s serve.

A forehand winner by Ramkumar at 30-all in the second game of the second set, set up the first break chance for India and they converted when Kontinen could not return Bopanna’s backhand.

However, the big-serving

Bopanna dropped his own serve in the next game when he made consecutive unforced errors.

Bopanna’s serve again came under attack but he managed to hold after going down to deuce points from 40-15 as India led 4-3.

In the next game, the Indians went up 40-0 on Heliövaara’s serve but blew away all three breakpoints and later one more to let the rivals hold for a 4-4 scoreline.

Another tie-breaker followed. Helovaara pulled off a sensational forehand winner at 5-2 to get to first match point and it was all over for India when Ramkumar could not return the ball in the next point.

Extended NZ squad flies out of Pakistan on chartered plane

PTI ■ ISLAMABAD

An extended 33-member New Zealand cricket squad left for Dubai on a chartered flight from Islamabad on Saturday evening, a day after abandoning its entire tour of the country over security fears.

The New Zealand players and officials had to undergo rapid COVID-19 tests at the airport and after all the reports came negative, they were allowed to board the flight amid tight security protocols.

New Zealand Cricket (NZC) called off the series in Pakistan abruptly on Friday just before the first One-Day International at the Rawalpindi stadium, citing they had received a serious threat.

Neither the New Zealand board nor their government has shared the nature of the

threat with the Pakistan government, security officials or the Pakistan Cricket Board.

A clearly upset interior minister, Sheikh Rasheed Ahmed, said on Saturday that there was no threat to the New Zealand team and they just made up an excuse to leave for home as they didn’t want to play the series.

New Zealand had arrived in Pakistan on September 11 for a white-ball series after 18 years and were scheduled to play three ODIs and five T20 Internationals.

They also held a few practice sessions at the Pindi stadium under tight security but on the day of the match, all hell broke loose when the two teams didn’t leave the hotel before it emerged that the visitors had got a threat leading to their government advising them to abandon the tour.

Channelise your anger, become a world class team: PCB Chairman Raja to his players

PTI ■ KARACHI

New Zealand’s abrupt decision to pull out of their cricket tour of Pakistan has created “an unfortunate scenario” but the hosts know how to overcome such crises, the chairman of the country’s cricket board Ramiz Raja said on Saturday.

New Zealand abandoned the tour on the day of the

opening fixture on Friday citing a government security alert, while England are also reconsidering their men’s and women’s team visits to Pakistan next month.

The tour was due to start with the first of three one-dayers in Rawalpindi but New Zealand did not travel to the stadium.

“It’s an unfortunate scenario,” Raja, who took over as

Pakistan Cricket Board (PCB) chairman on Monday, said in a video posted on the board’s Twitter handle.

“But we’ve faced similar situations in the past and have always overcome them. We’ve tremendous resilience... it’s a setback to staging international cricket in Pakistan but we’ll overcome this crisis too.”

Several Pakistan players

took to Twitter to vent their anger and frustration at New Zealand’s decision. Raja advised them to channel it into improving their performance.

“My message to the team is -- vent your anger and frustration through your performance on the field. “If you become the best team in the world, others will queue up here to play you in Pakistan.”

Honey Baisoya ends title drought, lifts J&K Open trophy

PTI ■ SRINAGAR

Delhi’s Honey Baisoya on Saturday ended a three-year title drought by claiming a four-stroke win over Gurugram-based Veer Ahlawat at the J&K Open. Six-time PGTI winner Baisoya (67-69-66-68), who was struggling for form through the season, totalled 18-under 270 for the week following his classy final round of four-under 68 at the Royal Springs Golf Course.

He thus skyrocketed from 85th to 22nd place in the PGTI Order of Merit.

Ahlawat (67-71-70-66) also made his presence felt in the last round with a score of 66 to finish second at 14-under 274 in the Rs. 40 lakh event.

Patna’s Aman Raj (68-71-70-66) too shot a 66 on day four to take the third place at 13-under 275.

Baisoya, the overnight leader by four shots, had a nervy start to the day as he made some tough par putts from five to six feet on the first six holes

even as the likes of Angad Cheema and Kartik Sharma piled on the pressure on the leader with early birdies.

Baisoya almost found the hole with his chip on the seventh but eventually tapped in for his first birdie of the day. A 20-foot birdie conversion followed on the ninth as he made the turn with a two-shot cushion.

He dropped his first bogey of the tournament when he three-putted on the 13th. That narrowed down his lead over Veer Ahlawat to just two shots.

Baisoya made a final push for victory with birdies on the

14th and 15th as a result of some long conversions thanks to his new putter.

The 25-year-old landed his approach from 134 yards to within a foot to set up another birdie on the 17th that all but sealed the deal for him.

“It still feels like a dream because till last week I was very low on confidence and not even sure of shooting an under-par score. So this win is all the more special,” said Baisoya, who had just one top-20 from 10 starts in the season. “Normally I’m a very aggressive player but with the confidence not being up there I

tried to play more conservatively than I usually do. I used the 2-iron a lot and struck it to perfection all week.

“I also didn’t make mistakes on the green like I had done in preceding events. The goal this week was to make the cut and I ended up winning. So it’s still sinking in,” added Baisoya, who took home the winner’s cheque worth Rs. 6,46,600.

Ahlawat posted his second straight runner-up finish on the PGTI to move up from fifth to third in the Order of Merit.

Raj’s 66 lifted him seven places to the third position. He made seven birdies and a bogey. Om Prakash Chouhan (66) of Mhow and Panchkula’s Angad Cheema (70) shared fourth place at 12-under 276.

Delhi’s Chiragh Kumar (67) finished a further shot back in sixth place at 11-under 277.

Kolkata’s Viraj Madappa shot the day’s lowest score of 65 to secure tied seventh along with Kartik Sharma (72) of Gurugram at 10-under 278.

Young, stacked US team faces familiar battle in Ryder Cup

AP ■ GOLF WRITER

The Americans would seem to have a lot in their favor at the Ryder Cup.

They are on home soil at the Whistling Straits along the Wisconsin shores of Lake Michigan. A full house is expected, along with louder than usual cheering for the Stars & Stripes because of COVID-19 travel restrictions for European-based fans. As for the players? Younger than ever, to be sure, but no less stacked. The Americans have eight of the top 10 in the world ranking — Europe only has Jon Rahm at No. 1 — on a team that has won twice as many majors.

This is nothing new, of course. With one exception, the Americans always bring a better collection of players to the Ryder Cup. They just rarely leave with the precious gold trophy.

“We have the best players this year,” said Paul Azinger, the lead analyst for NBC Sports who still uses pronouns as if it were 2008 when he was the U.S. captain. “And obviously, they (Europe) roll in with the most confidence and maybe the best team.”

The trick is getting the American players to realize that. At the last Ryder Cup in France three years ago, the U.S. was just as loaded, with nine major champions on the 12-man squad who had combined to win 10 of the last 16 majors.

They got smoked again.

“I feel like on paper, from head to toe, the world ranking, I would say we’re a stronger team,” U.S. captain Steve Stricker said. “But I don’t think our guys feel we’re better. They know deep down how hard it is to beat them.” All that matters on paper are the results. Europe has won nine of the last 12 times in the Ryder Cup. And while the U.S. still holds a 26-14-2 advantage

dating to the start in 1927, that’s not the real measure. Continental Europeans did not join the fray until 1979, and since then they are 11-8-1.

Europe, with Padraig Harrington now at the helm of the juggernaut, tries to extend its dominance at the 43rd Ryder Cup, which was postponed one year because of the pandemic.

Three relentless days of matches Sept. 24-26 will be held at Whistling Straits, the cliffside course with 1,000 or so bunkers that has hosted the PGA Championship three times in the last 17 years. American players, it should be noted, have been runner-up in all three.

Why do the Europeans keep winning the Ryder Cup?

They relish the role as underdogs. They seem to play with a chip on their shoulders, perhaps because the Americans don’t — and probably should — have one on theirs. “That’s our advantage, I guess, in a way, right?” Ian Poulter said in a SiriusXM PGA Tour Radio interview. “That we have delivered when perhaps we shouldn’t have delivered. And this is the magical question that gets asked all the time. That’s what has the American press scratching their head. That’s what has the American team scratching their heads at times.

Lewandowski scores again as Bayern Munich routs Bochum 7-0

AP ■ BERLIN

Robert Lewandowski scored yet again as Bayern Munich’s 7-0 rout of promoted Bochum in the Bundesliga on Saturday.

Lewandowski stretched his scoring run to 19 consecutive games across all competitions for Bayern. The Poland star’s second half goal also ensured he became the first Bundesliga player to score in 13 consecutive home games.

Bayern was already confident after starting the Champions League on Tuesday beating Barcelona 3-0, while Bochum arrived in Munich after two league defeats.

The visitors made a solid start until Leroy Sané opened the scoring with a brilliant free kick in the 17th minute. It was Bayern’s first shot on target.

Sané set up Joshua Kimmich in the 27th and Serge Gnabry picked the far corner for Bayern’s third in the 32nd.

showed an improbable comeback was possible.

The clubs also met in the Bundesliga 45 years ago to the day, when Bochum — then playing at home — was four goals up against Bayern at halftime. Bayern fought back in the second half to win 6-5 with future club president Uli Hoenes scoring the winner in the 89th.

Lewandowski has his own history to write, however. The Poland striker made it 5-0 in the 61st to extend his club-record scoring run. He has scored in every game since Feb. 15.

Kimmich got his second goal four minutes later and substitute Eric Maxim Choupo-Moting made it 7-0 in the 79th. It could have been worse for Bochum. Thomas Müller thought he made it 8-0 but his goal was ruled out through VAR for offside.

Mane reaches 100 goals for Liverpool in 3-0 win over Palace

AP ■ LIVERPOOL

Sadio Mane scored for the ninth straight time against Crystal Palace and reached 100 goals for Liverpool to set his team on its way to a 3-0 win in the English Premier League on Saturday. The Senegal forward got to the milestone at Anfield by converting from close range in the 43rd minute after Mohamed Salah’s header from a

corner was parried out by Palace goalkeeper Vicente Guaita. Of Mane’s century of goals for the Reds, which have come in 224 games, 10 have been scored against Palace.

Salah added the second in the 78th and that also came from a corner, with the Egypt international volleying in after a delivery from the left was deflected to him at the back post. Naby Keita scored the best of the lot in the 89th minute with a volley from the edge of the area after the ball was punched clear by Guaita. It proved to be a tough game for Liverpool, which was without its two attacking full backs because Trent Alexander-Arnold was ill and Andrew Robertson was rested, and there were some nervy moments before Salah’s goal. Liverpool has won four of its five games in the league and conceded only once, its improved defensive showings coinciding with the return from injury of center back Virgil van Dijk.

Falcao scores in debut as Rayo beats Getafe 3-0

AP ■ BARCELONA

Radamel Falcao scored 10 minutes into his debut with Rayo Vallecano on Saturday, completing a 3-0 league win over Getafe in a derby between the Spanish capital’s two more modest clubs.

The veteran striker went on as a 71st-minute substitute with Rayo 1-0 ahead. Midfielder Pathé Ciss doubled the lead shortly before he set up Falcao with a pass for the Colombian to score from an angle.

Oscar Trejo had put Rayo ahead with a penalty nine minutes into the match at Vallecas Stadium.

Rayo goalkeeper Stole Dimitrievski denied Getafe a late goal when he saved Enes Unal’s penalty.

Rayo has two wins, a draw, and two defeats in its return to Spain’s top division. Getafe is

last after losing all five games. The 35-year-old Falcao signed with Rayo earlier this month as a free agent.

“I had dreamed of being able to go out there and score a goal,” Falcao said. “My team-

mates have given me a lot of support. I feel right at home.”

Falcao had two highly successful seasons with Atlético Madrid from 2011-13, when he helped it win the Europa League and the Copa del Rey.

MAKING OTT PLATFORMS PROFITABLE IN INDIA

If streaming services are looking at making profits in India, they should adapt to regional realities, start thinking creatively and take a leaf out of what has worked globally, writes AJAYYA KUMAR

The Covid-19 induced lockdown might have given a shot in the arm for streaming services, but making substantial profits in the Indian market still remains an elusive dream for most of them. In the financial year 2020, Netflix India recorded a revenue of Rs 924 Crore and managed to eke out a marginal profit of Rs 9 crore. The streaming giant's overall profits globally for the same year stood at a whopping \$2.8 billion.

Disney+Hotstar in India, on the other hand, recorded revenue to the tune of Rs 1629 Crore with losses amounting to Rs 362 crore. Hotstar is currently India's largest streaming platform with a subscriber base of 300 million.

According to an analysis by Media Partners Asia, India's online video market is projected to grow at a CAGR of 26 per cent over 2020-25 to reach US\$4.5 billion. Another report by Boston Consulting Group notes that the OTT video streaming market alone in India is set to touch US\$5 billion by 2023. And for a share of this pie contend not just Netflix, Amazon Prime, and Disney+Hotstar, but around 30 streaming platforms including AltBalaji, Zee5, SonyLiv, MXPlayer, ManoramaMax, Neestream, and so on.

The right revenue model still remains an enigma, thanks to the uniqueness of the Indian market. There are no proven models in the Indian media industry to show that subscription-led growth is if at all possible. Be it the newspapers or entertainment channels, the advertisement brings in the lion's share of the revenue. While Netflix and Amazon Prime banks entirely on subscriber revenue, Disney+Hotstar which has a base of both paid and unpaid subscribers see its share of ad revenue coming in through the advertisements shown to the unpaid subscribers. While it is yet to be cracked which of these models would ultimately work, there are few things streaming platforms could work on meanwhile.

EXPLORE THE UNEXPLORED

On June 1, 2021, a review of the Malayalam Movie *Joji*, starring Fahadh Fazil and directed by Dileesh Pothan, appeared in *The New Yorker* magazine. This wasn't the first time the international magazine reviewed an Indian movie. In fact, on April 15 it had published Richard Brody's take on *Duvidha*, the 1973 film by Mani Kaul. But *Joji* was different. For one it was a regional language movie. And rarely has international media recognised non-Hindi movies, probably with the exception of the works of Satyajit Ray, as Indian movies. To take a review seriously or not is one thing. But to me, it was the beginning of a change; Undeniably the world is starting to take note of Indian regional content, especially from the South. Now, this is a moment to be seized; not only by the language movie industry but also by the OTT players that are looking to turn profitable in the Indian market.

If *Joji* premiered on Amazon Prime, *The Great Indian Kitchen*, yet another Malayalam movie that garnered critical acclaim from across the world, made its first appearance on Neestream, a regional OTT platform. The movie later became available on Amazon Prime too. *Nayattu* and *Jagame Thandhiram* streaming on Netflix, *C U Soon*, *Kuruthi* and *Karnan* streaming on Amazon Prime and *Netrikam* streaming on Disney+Hotstar are some of the notable movies from regional productions that premiered on international OTT platforms during the pandemic season. Some of the other notable Malayalam films currently streaming include *Aarkkariyam* and *Santhoshathinte Onnam Rahasyam*, while the Tamil movie industry came together to produce the anthology *Navarasa* now running on Netflix.

Meanwhile what particularly stands out is the glaring absence of any noteworthy productions from the behemoth that is Bollywood. Clearly, it is the regional language movies that have helped the streaming platforms to offer a diverse range of content and cash in on the subscription surge during the pandemic. This is a signboard. The first step towards profitability for OTT platforms is to spot the industries that are nimble, agile, dynamic and quick to adapt to the changing socio-economic circumstances. But the efforts shouldn't stop at simply sourcing the content. Given the diversity of movie industries in India, streaming platforms are looking at a cornucopia of possibilities.

Let's start from the South. Given the high literacy rates in the Southern states, OTT platforms are looking at a large market for their English and international content. While *The New Yorker* might have reviewed *Joji* this year, what is to be noted is that there already exists an international audience for Malayalam movies and a Malayali audience for international movies, thanks to IFFK and various other film festivals.

Then there is the large Indian diaspora outside the country. According to a report by the United Nations, India has the world's largest diaspora population — 18 million — living outside the country. A large part of them is Malayalis, Tamils, and Punjabis. In other words, by exploring regional content, streaming platforms would be striking a goldmine.

OFFER MORE DIVERSITY, LEARN FROM WHAT HAS WORKED INTERNATIONALLY

Streaming services in India should take a leaf out of what has worked internationally for their global counterparts.

According to news reports, French show *Lupin* streamed on Netflix held the number one spot in countries like Brazil, Argentina, Germany, Italy and Spain and the number two spot in the US. This only means one thing — out there, there seems to be a genuine and ever-increasing demand for premium non-Anglophone content. In this sense, India is a

ACCORDING TO AN ANALYSIS BY MEDIA PARTNERS ASIA, INDIA'S ONLINE VIDEO MARKET IS PROJECTED TO GROW AT A CAGR OF 26 PER CENT OVER 2020-25 TO REACH US\$4.5 BILLION. ANOTHER REPORT BY BOSTON CONSULTING GROUP NOTES THAT THE OTT VIDEO STREAMING MARKET ALONE IN INDIA IS SET TO TOUCH US\$5 BILLION BY 2023. AND FOR A SHARE OF THIS PIE CONTEND NOT JUST NETFLIX, AMAZON PRIME, AND DISNEY+HOTSTAR, BUT AROUND 30 STREAMING PLATFORMS INCLUDING ALTBALAJI, ZEE5, SONYLIV, MXPLAYER, MANORAMAMAX, NEESTREAM, AND SO ON

goldmine for streaming services with its linguistic diversity.

But linguistic diversity alone doesn't serve the purpose. Barring a handful of shows or movies, Indian content has not been able to create much of a ripple in the international arena, owing to the relatively poor quality of the content.

Now here is something to consider. One of the features that have set Netflix a class apart from its competitors globally is its huge investment in original content. Reports suggest that in 2019 about 85% of its new spending was set apart for original content, more than any of its competitors dared to. In India too Netflix has taken a lead by setting up its first global post-production facility in Mumbai.

Producing original content of all hues and (Indian) languages with strict quality checks for a pan-Indian and international audience could work magic for Indian streaming services. Keep experimenting and do not hesitate to disrupt your own revenue/content models if need be. Because now this is a bus that OTT platforms cannot afford to miss.

ROPE IN THE STALWARTS

What streaming platforms should further aim is to bring traditional producers into their folds. If the initial focus of OTT platforms was to license existing content, the pandemic has changed their course of action to producing original content and premiering movies. But there is still a large section of producers who are wary of these platforms. These traditional producers have been deciding the ways of the industry for a long time. Many of them are actors and even superstars controlling production, distribution, and the overall dynamics of the industry. Alienating them or even appearing as a threat to their business would in no way bode well for the new-age players.

But if streaming platforms could come up with ways to accommodate them and make a business model around it, it would be a win-win for all. OTT services so far have more or less been working with the new crop of movie makers from the regional cinema and have been able to successfully give shape to new movie aesthetics and language. Roping in the traditional players would be the cherry on top and will help attract a wider segment of the audience. For example, consider streaming services tying up with AMMA, the Association of Malayalam Movie Artists. Such a partnership would mean that now the streaming services would get to enjoy the benefits of the clout wielded by the stalwarts of the industry, while the industry reaps the benefits of being in alliance with platforms that are international, sophisticated, and professional. If streaming services this way get a dip at the massive pool of talent, for artists and technicians it would mean more work even during crisis times like the pandemic and therefore more stability.

Such partnerships would also help to usher in a world where theatres do not view OTT platforms as a threat. It would open up a new world of complementary existence where theatres would still benefit from the rush during the initial release and for sustained viewing and wider reach, there would be the OTTs. And no doubt, the ultimate winner would be the movie itself which would get the grand release it deserves without worrying about 'running' days being cut short as new movies come in.

In a nutshell, being creative in the ways it associates with the movie industry and its stakeholders should be the way forward for OTT services.

EXPERIMENT WITH DYNAMIC CONTENT

While all that is said about static content, what still remains uncharted territory for streaming services is dynamic content. Exploring live content like music concerts and stand-up comedy will help the OTT players further their reach and bring in a new audience who have been deprived of live shows during the pandemic. It is in fact surprising that such programmes are still largely hosted on video communication platforms like Zoom given that the pandemic has been the perfect opportunity for the Netflixes and Amazon Primes of the world to experiment with it.

If you are further looking to expand your reach, ever thought of news and the popularity of news programmes in India? Sure, there may be regulatory issues for OTT channels to broadcast news as of now. But, learn from the radio. In India, All India Radio holds the right to broadcast news and current affairs programmes, and private broadcasting stations are prohibited from airing the same. But several FM stations have found workarounds in the form of programmes that are satirical takes on current affairs or other fun variations which are essentially not news programmes, but yet manage to pass on the news to the audience. To sum it up, be creative. If OTT platforms could come up with shows similar to that of 'Last Week Tonight with John Oliver' it is bound to capture the attention of a huge section of the audience.

There is also a growing audience for art and science content. Although streaming services have covered this to an extent, to make it a more balanced mix would be a welcome move.

All that said and done, ultimately the success and profitability of OTT platforms would depend on how well they can gel with our lifestyles. Movies and theatres succeeded by doing the same, by being our oases of entertainment and our weekly escape from reality. Streaming services should pull all stops to replicate the same and leave no stone unturned in this journey.

Challenges before US in post-Taliban Af

With great power comes great responsibility. This age-old maxim is a pertinent poser before the American defence and strategic dispensation in a post-Taliban Afghanistan. Americans call their humanitarian and democratic zeal in Afghanistan part of their super cop and regulator stature imbued with yeomanly and philanthropic verve. Undeniably, there is an iota of value-laden foreign policy analysis premised upon what transpires in the larger global polity and the regional dynamics of South Asia. One can also cite, as an attendant strategic constraint, America's failure to justify the long war, as far as the American presence in Afghanistan after September 11 is concerned. President Joe Biden arranged for the American withdrawal from the twilight zone's battle stations but it is not his personal decision. The decision to make the exit had already been taken by President Donald Trump where-in, a deal was struck with the marauding Taliban that Afghanistan will not be deftly utilised as a springboard for terror attacks on the American homeland. President Biden has merely walked the talk as he persisted with the White House's decision to evacuate the American interests from Afghanistan as the culmination of a mission.

The question that we need to ponder over is that is it the kosher time to leave Afghanistan? And, are the detractors correct when they contend that when the United States of America could not neutralise the Taliban in a two decade-long "Long Occupation" and the attendant "Long War", could they have made a difference in the political and security scenario after the Kabul's state forces collapsed without waging any major semblance of aggression and resistance.

Now, in the aftermath of the IS Kohorasan machinated casualties of American marines at the Kabul Airport, will Washington carry out a mission as they had done in 2014 in Iraq as the power vacuum there had been surreptitiously occupied by the Islamic State and its novae dictum of territorial dominance. One opinion contends that the US could have negotiated with the Taliban in Qatar and also continued to aid and abet the battle in the twilight zone of

Afghanistan. American presence was required as it was hugely successful in diminishing the influence and the advent of the nefarious Islamic State (ISIS). American interests could have stayed on till the menace of the Taliban was completely eradicated. With the Pakistan strategic depth in the west of the contested Durand line, it was difficult for the US to topple the Taliban juggernaut. The excruciatingly high pace of a week within which the Mullah Baradar's men overtook the entire nation was not adequately forecasted by the American think tanks and the American Fourth Estate. The US denomination was expecting the fall of the Taliban in two to three months but the mind boggling one sidedness of the long war's culmination left even the most hardened analysts flummoxed by the high riding military spectacle of the Taliban vis-a-vis the defence strivings forwarded by the NATO aided and US backed ANSF.

Now, as the Taliban have emerged triumphant in Kabul and beyond the capital, what one can eke out for the role-play of the Americans? Though it would be too far-fetched to compare the American withdrawal with the dirty war, that is, the American intervention in Vietnam, still, the American resolve has not been so quintsessentially steely and stealthy as was expected when the outcome of the American nay-saying is there to be witnessed and captioned by all and sundry. America would either have to rebalance its ties with the Islamic Republic of Pakistan in the light of Prime Minister Imran Khan shamelessly wishing for the Taliban's ascendance along with his ISI chief's hobnobbing with the Taliban. As Pakistan has always enjoyed the status of a frontline state for the US, one can witness a re-run of the eighties and nineties when the Americans seldom quizzed Pakistan about their efforts in propping up the Taliban's fervid Frankenstein.

The US will have its task cut out as the New Delhi dispensation will point at the new camaraderie which has been spawned between the Taliban and Chinese President Xi Jinping. Since the last couple of years, a few Taliban negotiators have visited Beijing and it appears as the wraith of China-Taliban nexus rolls

out, the Taliban have promised China of not letting Afghanistan turn a springboard for anti-China forces. The Taliban's promissory note contends that Taliban will not let ETIM (East Turkistan Islamic Movement) foment insidious acts of separatism and insurgency in the turbulent province of Xinxiang in China and also the Taliban have expressed a desire to invite the OBOR and BRI initiative akin to the CPEC in Pakistan in order to take up the mantle of development and growth in Afghanistan. America can be assaulted with terror attacks as its widely believed that the Taliban have well delineated linkages with al-Qaeda which can utilise the Afghani space as a platform and rostrum for planning and executing ministrations against the American homeland as they had done twenty odd years back at the World Trade Towers behemoth as posited by the American Secretary

of State, Anthony Blinken. President Biden too dished out heady rhetoric when he vowed to avenge the death of American marines at the Kabul Airport as he declared, "We will not be inactive. The perpetrators of the American casualties will be dealt with assiduously, with alacrity and immediately".

C Rajamohan astutely declares and analyses in the *Foreign Policy* magazine that, "The withdrawal of all US troops from Afghanistan is likely to accelerate current trends in India's relations with the US, China, and Russia: greater cooperation with Washington, deeper conflicts with Beijing, and wider fissures in the traditional strategic partnership with Moscow. Reinforcing these structural shifts — and their mirror image — are Pakistan's changing relations with the US, China, and Russia."

Thus, it is bound to witness a splurge in the context of systemic and

structural modifications as far as India and the US are concerned. The proximity of the Indian State of Kashmir to Kabul and the rekindled Pakistan's ambition might bring the White House and New Delhi closer to each other as it's the very own dictum of the US, GWOT, (Global War on Terror), which is bound to take a new violent turn in the near future.

Also, the American strategy of containing terrorism originating from Rawalpindi might too become much more hoarse and strident leading to a further wedge in the relationship between Islamabad and Washington. The White House needs to realise that India will be impacted by the jihad from Taliban-occupied Afghanistan, though the Taliban have promised otherwise. The million dollar pertinent question is how can a terror group be venerated and relied upon when the US too has listed several of the members of

the Taliban Government as terrorists. Can the Americans trust a nation whose cabinet ministers ride in SUVs and carry guns in meetings in the Presidential house with the heady rolls of bullets hanging afire. It brings us back to the strivings of Jaswant Singh during the Indian passenger plane's hijacking to Kandahar.

The same game returns akin to the classical great game but it is very apparent that if the terror factory and enterprise goes awry in Afghanistan, then the US might have to rethink on a "re-surge" of intervention in order to stem a conflagration in South Asia. And is it a mission unaccomplished, as far as, the reconstruction and nation building responsibilities of the US go?

(The writer teaches at International Relations and International Organisations, IIPA, New Delhi)

The million dollar pertinent question is how a terror group can be venerated and relied upon when the US too has listed several of the members of the Taliban Government as terrorists. Also, the American strategy of containing terrorism originating from Rawalpindi might become much more hoarse and strident leading to a further wedge in the relationship between Islamabad and Washington

MANAN DWIVEDI

PERSPECTIVE

Abraham Accords for peace in West Asia a misnomer

Establishing normal ties among the nations is a positive development in international relations. However, the Abraham Accords do not promise any hope for normalcy between Israel and the rest of West Asia. The central point here is the establishment of the Palestinian state. The great peacemakers and the global governance institutions are mute spectators to one of the oldest boiling points of West Asia — Palestine. Unless the issue of a permanent Palestine is addressed, the Abraham Accords will simply turn into a footnote for sure

MAKHAN SAIKIA

The historic Abraham Accords completed one year this week. Hopes and fears, as expected, have continued in the West Asian region since then. The agreement has heralded no credible peace so far. But the pact has marked a fundamental shift in Arab-Israel relations. Of course, the Donald Trump Administration then, amid all the chaos, had brought three warring nations — Israel, the United Arab Emirates (UAE) and Bahrain — to the negotiation table.

Foreign policy experts across the globe are divided on the reasons for the signing of the Abraham Accords. This agreement, signed on September 15, 2020, by Israel, the UAE and Bahrain, and mediated by the US, has paved the way for normalisation of relations among three nations in West Asia. It was indeed an unprecedented move initiated by the Trump Administration. Basically, this 12-point agreement highlights the much-needed peace to be brought in among these rival nations in the region. In fact, the name "Abraham" was accorded to the treaty to honour the patriarchy of three most significant monotheistic religions on this earth — Islam, Christianity and Judaism. Known as the "Father of Faith", Abraham can well be regarded as the unifier of all the three religions as they all draw their origin from him only.

While signing the agreement, the UAE and Bahrain pledged to normalise relations with Israel. Interestingly, within a week of the signing of the accords, the two other Muslim nations from the African continent Sudan and Morocco followed suit. What was surprising was that the issue of Palestine was nowhere pegged to the accords by the signatories. Precisely, the unrest in Palestine has been the hornets' nest for decades now for which Israel has turned out to be the arch enemy of many of these Arab nations in the region. Another striking point was

that the UAE and other signatories to the agreement did not demand more critical concessions like the end of Israeli annexation of more territories or most importantly, the final establishment of a Palestinian state in the region. Truly, all these could have been set as preconditions for signing the historic pact.

It clearly shows how the parties to the pact and its high-profile mediator, Trump, were trying to push the vexed issues to the background. And, thus the understanding among all the three rival nations of West Asia seemed more like a business deal than a historic diplomatic milestone. Further, the international community must note here that the last year's deal demanded that Israel refrain from *de jure* annexation of territories in the most contested region. But then who could stop Israel today? Everyone knows how outgoing Israeli Prime Minister

Benjamin Netanyahu pursued his larger goal to establish the legitimacy of the state of Israel. And for all practical purposes, he received full support of the Trump Administration. This accords, in fact, helped Netanyahu get some important benefits like: first, he proved himself as a world statesman among his voters and sympathisers when he was facing serious allegations of corruption back home; second, he managed to make peace with the Arabs during his reign, but not with the Palestinians; and finally, he was cleverly diverting the attention of the Israeli public from the mismanagement of the Covid crisis by his office. In all, Netanyahu tried to enhance his image and pushed back the Palestinian cause much farther.

All the signatories to the Abraham Accords are still enemies. But then why such rival nations wanted to come to the negotiation

table? Was it because of America's intervention, both for long-term business interest and for achieving another milestone in global peace and diplomacy? Many experts say that some of the Gulf States like the UAE, having a global ambition, rightly see business opportunities in the normalisation of relations with Israel. It seems Washington has already promised Abu Dhabi advanced weapons like the F-35 stealth fighter and the EA-18 G Growler electronic warfare aircraft. All these were once inconceivable for the UAE, and these armouries are needed both to demonstrate regional leadership and possibly to effectively counter Iran, its potential enemy on the other side of the Gulf. And the interesting point is that both Israel and the US are equally suspicious of the role of Iran like the way it is perceived by the Emiratis and Bahrain. Till 1969, Iran used to claim

Bahrain as a part of its territory. Therefore, even today, the restive Shia majority of Bahrain is regarded as the fifth column of Iran by the successive rulers of the country. The UAE and Bahrain can easily explore business opportunities in Israel, particularly in its most advanced high-tech sector. On the other hand, these two Gulf states can easily attract millions of Israeli tourists who are avid holiday makers.

Another significant impact of the deal is that Iran is now fully surrounded by all its enemies in the region — the Sunni regimes accompanied by an all-powerful Israel. This agreement has added pressure both to the clerics and to the political leadership of Iran. Besides the tough economic sanctions of Washington, Teheran is now facing a strong strategic pain. Clearly, once again Palestinians who have been waiting for a homeland are feeling betrayed by the accords. This agreement breaks the decades-long understanding among the Arab nations that the normal ties with Israel could be established only when an independent Palestinian state would be formed. Sadly, since 2020, Israel is coming closer to major nations of West Asia and Africa while continuing its occupation both in the West Bank and in the East Jerusalem.

Moreover, the accords have enhanced the status of Israel in the West Asian region. In a sense, it has clearly put an end to its isolation among the Arab nations. And definitely, America is celebrating after offering Israel a golden opportunity to establish its identity among the most powerful Gulf States of the zone.

Today, West Asia is trembling as paradigm shift is happening faster than expected. Stable peace still eludes West Asia. And the question is how far? Probably, chaos in this part of Asia is a never-ending process. Frankly speaking, estab-

lishing normal ties among the nations is a positive development in international relations, but when it comes to Abraham Accords, it could be a misnomer to say so. Nowhere does it promises any hope for normalcy between Israel and the rest of West Asia. The central point here is the establishment of the Palestinian state. And it is not happening and may not come to reality soon. This agreement was a great victory for Trump, the crown Prince of Abu Dhabi and the de facto ruler of the Emiratis Mohammed bin Zayed, Crown Prince of Saudi Arabia Mohammed bin Salman, and then Israeli Prime Minister Netanyahu. In fact, all of them needed the accords more than anyone else.

Today, the Joe Biden Administration is fully supportive of normalisation of relations between Israel and the rest of the Arab nations. But unfortunately, his regime is not able to offer the same inducements to Naftali Bennett, the new Prime Minister of Israel. And the situation in West Asia has remained the same as every single day new wounds are appearing both in West Bank and in East Jerusalem. The Palestinians are crying foul over the occupation of their land. The great peacemakers and the global governance institutions are mute spectators to one of the oldest boiling points of West Asia, i.e. Palestine. Finally, unless the Israeli occupation ends and the issue of a permanent Palestine is addressed, the Abraham Accords will simply turn into a footnote for sure.
