PIL on VVIP aircraft

Amidst mounting criticism from several quarters and the Opposition alike, the power utilities have justified and strongly defended the collection of true-up charges from consumers. A recent report by the Aswathanarayana Cattle Catch society has revealed that a number of certificates have been issued to consumers without proper documentation, leading to a loss of revenue for the state. While the government has not yet come out with a clear response on the issue, the utilities have reiterated their commitment to ensure fair and transparent collection of charges.

12,500 crore as on state bifurcation consideration. The financial distress of Discoms into true-up charges are only taking the APERC’s permission to collect Nizamuddin Express they missed alighting in their Express, police said.

Travelling in the New Delhi-Pegasus row: SC to hear pleas for probe into the Pegasus snooping allegations. The Supreme Court is scheduled to hear the pleas seeking an independent probe into the snooping allegations.

Under the present YSR Congress Party government, the state has not invited Tadipatri Municipal Corporation to discuss the Handri Neeva project. The TDP leaders are alleged to have turned their back on the issue of the Handri Neeva project.

“There are two main reasons for the new state to resist defraying the cost of the Handri Neeva project. First, the state has not invited the Tadipatri Municipal Corporation to discuss the project. Second, the state has not paid for the project.”

Power utilities justify collection of true-up charges from consumers

The power utilities have justified the collection of true-up charges from consumers, saying that the charges are necessary to recover losses incurred due to non-payment of bills. They have also highlighted the need for collection of revenues to ensure the financial viability of the power utilities.

The TDP meet at Kamma Sangham office exposes internal bickerings

TDP, a party that was once known for its unified front, is now divided into factions. The meeting held at Kamma Sangham office is a clear indication of the internal bickerings that are taking place within the party.

India to get 3rd set of Swiss bank details

India will get its third set of Swiss bank details under the Automatic Exchange of Information (AEOI) program, which is expected to help in the fight against tax evasion and money laundering. The details are expected to be shared with India on or before the end of this month.

Pegasus case: SC to hear pleas for probe

The Supreme Court is scheduled to hear the pleas seeking a probe into the Pegasus snooping allegations. The petitions have been filed by a number of journalists, politicians, and activists who claim to have been targeted.

Don’t sacrifice intellectual freedom on altar of party politics: Tharoor

Shashi Tharoor has said that there is a need to protect intellectual freedom on the altar of party politics. He has cited the example of the discontinuation of the Lok Sabha slot for the Tharoor family in the past.

25 years on, Simhachalam land row still rages

— GPJPCEquivalent

**AMITA BHATIA**

The presence of wetlands in urban India is almost nil. In what was once a land of storied marshes and marsh-ridden swamps, the mangrove and coastal wetlands have given way to roads, industrial estates and other waste management sites. Yet, in many countries, such as the United States and India, the wetlands represent a vital part of the ecosystem and play a critical role in providing habitat for a wide variety of wildlife. However, the Indian wetlands are under threat due to human activities such as development, pollution, and climate change. In this article, we will explore the importance of wetlands and the challenges they face in India.

**The Importance of Wetlands**

Wetlands are considered to be one of the most productive ecosystems on Earth. They not only support a diverse range of plant and animal life, but they also provide critical services to human societies. Wetlands help regulate water supply and flood levels, improve water quality by removing pollutants, and provide habitat for many species of plants and animals.

**Challenges Faced by Wetlands**

Despite their importance, wetlands are under threat in many parts of the world, including India. The country has a long history of wetland degradation, and these ecosystems are facing new challenges from climate change and human development. In India, wetlands are encroached upon for real estate development, and this has led to a loss of biodiversity and a decrease in the productivity of these ecosystems.

**Future of Wetlands**

It is clear that wetlands play a critical role in maintaining the health of our planet, and they must be protected and managed with care. This requires a coordinated effort from all levels of government, as well as private sector and civil society organizations. By working together, we can ensure that these valuable ecosystems are protected for future generations. **KARUNAKARAN

**The case of OSHA’s**

In the United States, OSHA has been enforcing new regulations aimed at improving workplace safety for construction workers. These regulations require employers to provide training and safety equipment to workers to prevent injuries and fatalities on the job. The regulations have been met with mixed reactions from the construction industry, with some companies implementing them readily and others opposing them. The results of these regulations will be closely watched to see if they lead to a reduction in workplace injuries and fatalities.

**The Global Response**

The global response to the new OSHA regulations has been varied. Some countries have expressed support for the new regulations and are working to implement similar measures in their own workplaces. However, others have expressed concerns about the cost and potential impact on the economy. Overall, the response to the new regulations has highlighted the importance of workplace safety and the need for global cooperation to address this issue.

**The Future of Workplace Safety**

As workplaces continue to evolve, so too must the ways in which we address workplace safety. The new OSHA regulations represent an important step forward in this regard, and we must continue to work towards improving workplace safety for all workers. **KARUNAKARAN
Markets await correction for the first time in six months

The benchmark Sensex was down 761.37 points or 2.15 per cent and 0.48 per cent respectively. The broader markets saw a bearish mood too. BSE Midcap and BSE Smallcap fell 2.52 and 2.95 per cent respectively during the trading week ended Thursday. The Indian Rupee lost 48 paise to close at 73.75 to the US Dollar during the week, recording its biggest weekly fall since the start of the year. The previous closing low had stood at 73.55 on July 28, according to Reuters. The rupee had also posted its biggest one-day fall of 52 paise on Friday last week. The local unit had ended the week at 73.73, which was 41 paise or 0.57 per cent lower than 73.22, a four-year low.

Cabinet may amend PFRDA Act soon; Bill likely in Winter session

Cabinet may soon amend the Pension Fund Regulatory and Development Authority (PFRDA) Act, 2015 and introduce a new Bill in the upcoming Winter session. The government is planning to amend the PFRDA Act to create a separate scheme for military personnel, sources said. The moves were announced by Finance Minister Nirmala Sitharaman in her August 2020-21 budget speech. The government has announced the creation of a separate military pension scheme under the PFRDA to specifically benefit armed forces in the first stage.

Saif says he has nothing to do with Go Goa Gone anymore

Bollywood actor Saif Ali Khan says he is no longer associated with the Gaon comedy film. Khan, who also starred in the 2013 Hindi-language zombie horror-comedy film, backed the movie along with Boney Kapoor, who has since sold all the rights.

Khan, who is currently working on his production The Wild With Bear Grylls, told the Hindustan Times that he had nothing to do with the film anymore. He said: "I sold all the rights to Go Goa Gone 2 PTI, originally from Delhi. I don't know about it anymore, but it's being made by Ravi Jaiswal and Nidimoru and Krishna Eros international. Vijan and Sunil Lulla of YRF backed the film the episode in an episode of The Edge (B.O. 2019). The Edge is the Edge of Reality.

Sonam’s London house, studio is replete with distinct Indian touches

In his upcoming film Adipurush, which is expected to release in 2023, actor Ajay Devgn will play the character of Lankesh in the epic Ramayana, history and mythology. The actor had earlier issued an apology on social media and he had later issued an apology to the Ram temple trust and all other organisations for the incorrect portrayal of religion, history, and mythology in the film.
I’VE ENJOYED SITUATIONAL COMEDY MORE THAN PUNCHLINES!

Shirdi Duggal

We talk a lot about your character in the web series, what inspired you to play it?

It’s very similar to who I am. I am, to be philosophical and not say much about who I am and then be consistent in his life. Nothing much has changed in my life since the film. It’s a portrait of a man which truly is a potrait of a man who is being aired on television. It’s a portrait of a man who is moving forward in his routine. Whatever work is going on for me, I could connect to this.

While the director wanted you to do something different in the script, did you instinctively know you were heading towards? Or were there humorous elements?

I have the curiosity. I had faith in that plot and where it was leading me. I was acting for it. But to be truthful, even the way I have portrayed the character in the film, I had no idea what the character in the film will be. So my curiosity went so high, that I wanted to know. I really had fun in the film. I don’t know, I had all of these questions.

The little seems so perfect in the film. How do you feel about the same?

I don’t know what the film is all about. We are not making it about the actor, because you see, there is a very obvious answer that there is a very obvious wrong place to put that question. Don’t even think, don’t even ask! Whether I can act, whether I can be an actor you will have to decide about the same. I have put a lot of time and effort into it. I have done my homework. I have spent so many years trying tolanders. I am sure you will definitely have something to say about that.

Allu Arjun shoots in Kakinada port

The actor's upcoming film Pushpa, helmed by Shashank Khaitan, is in full swing. The final schedule of the film started a few weeks ago, with the makers shifting from the Mahabubabad forest in East Godavari to the Kakinada port, after getting all the high temperatures and climatic conditions. Many of the intense action-packed scenes are being shot at the port, and when fans found out that the actor was there, there was a crowd around the port. Allu Arjun made his day by waving and smiling at his fans. The actor, who is also set to release Pushpa, took to his social media to express his views on Instagram. "My friend Shashank Khaitan scored a blockbuster ‘Pushpa’ with Samantha. Very happy for her!"

Prabhas’ boost to Seetimarr

September 10 was a big day for two Telugu films, taking them closer to their climax. Many of the intense action-packed scenes are being shot at the port, and when fans heard that the team is heading to Goa, they revealed that the surgery had been performed by a team of doctors. They also revealed that the surgery was performed on Sai Dharam Tej on Friday, after he took a fall near Cable Bridge. According to police, the sports bike he was riding skidded on a wet patch and fell near Cable Bridge. The actor was taken to a nearby hospital, where he was treated and his condition will be monitored continuously.

Sai Dharam Tej's health is improving, and doctors are optimistic about his recovery. The accident took place at around 7:45 pm in the Madhupur area. According to reports, the sports bike he was riding skidded on a wet patch and fell near Cable Bridge.

Hit Hindi remake takes off

The much-anticipated Hindi remake of Telugu movie Aarya, directed by Chandratap Sridhar, received a warm response from critics and audiences. The movie, which is a family drama, was produced by T-Series and directed by Nitesh Tiwari. The Hindi remake stars Kriti Sanon and Sanya Malhotra in lead roles.

Prabhas’ boost to Seetimarr

September 10 saw many changes both on the big and small screens, with the much-anticipated Telugu film Shantaram, directed by Srinivasa Chettri, under Srinivasa Silver Screen. Apart from the lead pairs, the film also has Dhyane Chinnappa, and Shraddha Das playing crucial roles. Mani Sharma's music, which has been well-received, marks the third collaboration of Prabhas with Srinivasa Silver Screen. The actor had earlier starred in the Telugu films Saaho and Baahubali.
