Modi invites youth to participate in growth story of Kashmir

Inaugurates, lays foundations of infra projects of over 200 cr

Prime Minister Narendra Modi on Friday hit the first stone (JK) after the abrogation of article 370 of the Constitution of India, which is attempted to be the youngest generation of India to participate in the growth story of Kashmir to live in their future without facing any hardships.

The Prime Minister also visited the Srinagar and Shopian areas and also inaugurated the Halli Devi Devi and Shekowar projects.

Addressing an impressive gathering at the Panchmukhi Raj Institution (PR) in Jammu which was held in the presence of the Prime Minister, he said that the country is not only going to give the foundation stone of Independence, private investment in just $27,000 crore could be made in Jamms and Kashmir. But it is not reach- ing around $86,000 crore. There is also setting again the Prime Minister.

It is also expected that these efforts would provide employment to thousands of youth of JK. Today, these areas also have great potential for tourism which will play a crucial role in helping the J&K economy. The Prime Minister also told the gathering about the importance of tourism, he said, "The prime minister also highlighted that if the work of the new project and development in the region continues, then the Jammu and Kashmir will be again the tourism state of the country. In the past, the present and the future will be bright for the J&K economy."

He also said that there was a gap of 25,000 crore in the project and if this amount is invested, the development of the region will be very fast.

The Prime Minister in a conversation with the audience also said that Jammu and Kashmir is also a major tourist destination.

"And the Prime Minister also highlighted that if the work of the new project and development in the region continues, then the Jammu and Kashmir will be again the tourism state of the country. In the past, the present and the future will be bright for the J&K economy."

He also said that there was a gap of 25,000 crore in the project and if this amount is invested, the development of the region will be very fast.

Russia needs world order

Sir — Russia’s aggressive forces have decided to invade Ukraine. As per the information received, the Russian military has launch a military operation in the northeastern and eastern parts of Ukraine. It seems that Russia has launched an attack on the defenseless country. Some of the Russian soldiers have been killed and there is a risk of an escalation of the conflict. India needs to connect with the Russian people to avoid further escalation of the conflict.

The situation in the region is very tense and the international community needs to take immediate action to avoid a humanitarian crisis. The United Nations has appealed for a cease-fire and a peaceful resolution to the conflict. India should also play a constructive role in this regard and work towards a peaceful resolution of the conflict.

India and Russia have strong historical ties and there is a need to keep the lines of communication open. India should also consider the perspective of the Russian people and take steps to ensure their safety and well-being. It is important to remember that every life lost is a tragedy and it is our responsibility to work towards a just and peaceful resolution.

India and Russia have a long history of cooperation and it is important to maintain this relationship. The Indian government should make an effort to connect with the Russian people and provide them with the support they need. This can be done through trade and cultural exchanges, and by promoting education and investment opportunities.

India should make the Russian people feel welcome to foster better understanding and cooperation between the two countries. This will help in creating a positive perception of India in Russia and will contribute to the development of a strong partnership.

Russian forces bomb Ukrainian steel plant in Mariupol

The Russian military said Saturday it had destroyed a Ukrainian steel plant in Mariupol, a key port city in southern Ukraine, as part of its ongoing campaign to disrupt the country's industrial infrastructure.

The Russian Ministry of Defence said a senior government official was killed in the attack, but did not provide details about the incident.

Mariupol has been one of the most heavily hit areas of the war, with Russian forces repeatedly shelling the city and surrounding areas.

The Ukrainian government has accused Russia of targeting civilian infrastructure in a bid to weaken Ukraine's ability to withstand its military onslaught.

The attack came as Russian forces continued to advance towards the Ukrainian capital, Kyiv, which has been under siege for more than two weeks.

Russian forces have been using artillery, air strikes and missiles to target Ukrainian cities, infrastructure and military installations.

The Ukrainian government has appealed for international assistance to resist Russia's advances, but has so far been largely unsuccessful in receiving the support it needs.

The United Nations has called for an immediate ceasefire and for all sides to the conflict to withdraw from Ukraine.

The US and other countries have also urged for urgent efforts to de-escalate the situation and find a diplomatic solution.

However, the war continues to rage on, with both sides engaging in heavy fighting and loss of life.

The International Committee of the Red Cross has estimated that at least 100,000 people have died in Ukraine since the start of the war, which began on February 24.

The UN has warned that the situation in Ukraine is rapidly deteriorating, with tens of thousands of civilians trapped in besieged areas and facing famine and violence.

India's oil import bill doubles to Rs 119 bn in FY22

India’s crude oil import bill has doubled to Rs 119 billion in fiscal year 2022 (FY22), after an unprecedented 32% surge from Rs 90.7 billion in the previous year. The March 2022 data, released on Sunday, shows a 33% increase in crude oil imports, from 22.6 million tonnes in March 2021 to 30.2 million tonnes in March 2022, pushing the oil import bill to Rs 51 billion in March 2022 from Rs 39.5 billion in March 2021. The data also shows a rise in the average price of crude oil purchased, from $78 per barrel in March 2021 to $106 per barrel in March 2022.

In terms of oil volumes, imports more than doubled from 22.6 million tonnes in March 2021 to 30.2 million tonnes in March 2022, driven by a surge in volumes from the Middle East. India’s crude imports from the Middle East increased from 5.1 million tonnes in March 2021 to 12.1 million tonnes in March 2022, accounting for 40% of the total oil imports in March 2022. This is in contrast to March 2021 when Middle East crude imports accounted for only 21% of total oil imports.

India imported 18.1 million tonnes of crude oil from the Middle East in March 2022, accounting for 60% of its total oil imports, compared to 9.5 million tonnes in March 2021. The increase in Middle East crude imports was driven by a surge in volumes from Saudi Arabia, which increased from 2.3 million tonnes in March 2021 to 5.8 million tonnes in March 2022.

In terms of crude prices, the average price of crude oil purchased was $106 per barrel in March 2022, compared to $78 per barrel in March 2021. This is driven by a spike in oil prices after the Russian invasion of Ukraine, which led to a surge in oil prices and a disruption in global oil supplies.

The March 2022 data also shows a rise in the average price of diesel and jet fuel imports. Diesel imports increased from $108 per barrel in March 2021 to $116 per barrel in March 2022, while jet fuel imports increased from $110 per barrel in March 2021 to $125 per barrel in March 2022.

The surge in oil imports and prices is likely to have a significant impact on India’s financial position. India is the world’s third-largest oil importer and its oil import bill is a major factor in its trade deficit. In the financial year 2022, India’s oil import bill is expected to be around $100 billion, up from $80 billion in the previous year.

India’s oil import bill has doubled to Rs 119 billion in fiscal year 2022 (FY22), after an unprecedented 32% surge from Rs 90.7 billion in the previous year. Bayern Munich beat Dortmund 3-1 to win 10th straight Bundesliga title

**Bayern Munich**

**P 1-0 away at Dortmund**

Bayern Munich have won the Bundesliga for the 10th time in a row, thanks to a 3-1 win over Borussia Dortmund on Sunday. The victory sealed the title for the German giants, who have now won the league for the past 10 seasons, powered by the world-class performances of Robert Lewandowski.

**Leverkusen 0-0 home to Freiburg**

Bayer Leverkusen were held to a 0-0 draw by Freiburg, maintaining their momentum in the race for the top four places in the Bundesliga. The draw keeps Leverkusen in contention for a Champions League place next season.

**Champions League quarter-final draw**

Bayern Munich will face Paris Saint-Germain in the Champions League quarter-finals, while Manchester United will play Atalanta. The draw was held in Nyon, Switzerland, and the games will be played over two legs in March.

**Barcelona vs Real Madrid**

In La Liga, Barcelona defeated Real Madrid 1-0 at the Camp Nou, thanks to a late goal from Ansu Fati. The victory maintains Barcelona's top-four position and puts pressure on Madrid to improve.

**PSG vs Lyon**

Paris Saint-Germain brushed aside Lyon 3-0 on Sunday, thanks to goals from Kylian Mbappé, Ngolo Kanté, and Zinedine Zidane. The victory sees PSG extend their lead at the top of the Ligue 1 table.

**Tuchel out as Chelsea manager?**

Chelsea manager Thomas Tuchel was fired after their 1-2 defeat to Everton on Saturday. The German was criticized for his tactics and decision making, and he will be replaced by an interim coach for the remainder of the season.

**Pep Guardiola confirms**

Manchester City manager Pep Guardiola confirmed that he will not be renewing his contract with the club after this season. Guardiola has led City to five Premier League titles in six seasons, but changes are expected at the Etihad.

**Tottenham on the brink**

Tottenham Hotspur are facing relegation from the Premier League after their 3-0 loss to Wolves on Sunday. The defeat puts pressure on Spurs manager Nuno Espírito Santo.

**Paris Saint-Germain**

Paris Saint-Germain continue to dominate Ligue 1, after a 3-0 win over Lyon on Sunday. Kylian Mbappé scored a hat-trick, taking his goal tally for the season to 19 in all competitions.

**Barcelona vs Atletico Madrid**

Barcelona defeated Atletico Madrid 2-1 at the Camp Nou on Saturday, thanks to goals from Ansu Fati and Ousmane Dembélé. The victory moved Barcelona closer to the top four in La Liga.

**Inter Milan vs AC Milan**

Inter Milan defeated AC Milan 3-1 at San Siro on Sunday, thanks to goals from Lautaro Martinez, Alexis Sanchez, and Achraf Hakimi. The victory keeps Inter in the running for the Serie A title.

**Milan derby**

AC Milan and Inter Milan played out a 3-3 draw on Sunday, in what was a tense and fiery encounter at the San Siro. Both teams are in the mix for the Serie A title, and the draw dampened the already muted atmosphere in Milan.

**Liga MX**

Liga MX has been disrupted by the pandemic, with games being played behind closed doors. The league has seen some high-scoring matches, with both teams in the mix for the top four spots.

**Australian Open**

Novak Djokovic won his sixth Australian Open title on Sunday, after a four-set win over Daniil Medvedev. The victory made Djokovic the first man to win three Grand Slam titles in three different decades.

**French Open**

Iga Swiatek won her second French Open title on Sunday, after a three-set victory over Sofia Kenin. The victory made Swiatek the youngest woman to win two Grand Slam titles in one year.

**UEFA Nations League**

UEFA Nations League results are expected to be announced on Tuesday, after the games have been played over the weekend.

**La Liga**

La Liga will resume on Tuesday, with several key matches scheduled for the weekend. Atletico Madrid are in hot form, while Barcelona and Real Madrid are facing challenges.

**German Bundesliga**

The Bundesliga will continue on Tuesday, with Bayern Munich looking to extend their lead at the top of the table. The league is a tight race, with several teams in contention for the title.

**English Premier League**

The Premier League will resume on Tuesday, after a week-long break. Manchester United are looking for a return to winning ways, while Chelsea are off to a poor start to the season.

**La Liga**

La Liga will resume on Tuesday, with several key matches scheduled for the weekend. Atletico Madrid are in hot form, while Barcelona and Real Madrid are facing challenges.

Chances are, Super Kings would have been alive and kicking had the batsmen (Mumbai Indians) put in a better show. The defending champions’ batting order was built on a solid foundation, with MS Dhoni and Ruturaj Gaikwad scoring 48 and 65 respectively. However, the middle-order collapse saw them lose 4 wickets for 5 runs. Deepak Hooda (10) paraded a reasonable start in the middle, as did Abdul Rayyaz (17) and Arshdeep Singh (13). However, the middle-order was unable to tee up the pace for the tailenders. The defending champions were bowled out for 129 in 20 overs, the lowest score they have posted in an IPL match since 2014.
