RJD, Cong ready to back Nitish if he ‘dumps’ NDA

JD(U), RJD call MLAs’ meetings

PIONEER NEWS SERVICE ■ PATNA

Bihar is agog with speculation of yet another political volte-face by Chief Minister Nitish Kumar, who has convened a meeting of all Janata Dal(U) legislators on Tuesday, conceding with a similar meeting called by the RJD.

JD(U) national president Lallan Singh on Sunday set the cat among the pigeons by claiming that there was a conspiracy to weaken the JD(U) and his party will expose it soon. He called it Chirag Model 2. Chirag Paswan's party fielded scores of candidates against the JD(U) in Bihar Assembly polls 2020, which led to confusion and cost the JD(U) several seats. Lallan Singh said a similar conspiracy was on now.

Sources in the JD(U) said they have an audio recording of conversations where attempts were made to break JD(U). A senior JD(U) leader said that Nitish Kumar suspects that there was a design to repeat a Maharashtra in Bihar, and this may force him to walk out of the NDA and join hands with the RJD.

The Bihar Chief Minister skipped the farewell of former President Ram Nath Kovind and the swearing-in of Droupadi Murmu and, more recently, the NITI Aayog meeting chaired by Prime Minister Narendra Modi on Sunday.

Sources said that in the event of Nitish and the RJD reviving the Mahagathbandhan of 2015, the Congress, and the Left will be part of such a formation and Nitish Kumar will continue to be the Chief Minister till 2025. “After that RJD leader Tejashwi Yadav will be projected as CM in the Assembly polls,” said a leader privy to negotiation going on between the RJD and the JD(U).

Amid the brewing political storm in Bihar, the Opposition RJD on Monday said it was

ready to “embrace” Nitish and his JD(U) if he breaks ranks with the BJP. RJD national vice-president Shivanand Tiwary said that convening meetings of legislators by both parties on Tuesday were a clear indication that the situation was extraordinary.

“Personally, I am not aware of the goings on. But we cannot ignore the fact that both parties, which together had sufficient numbers to muster a majority, have convened such meetings when an Assembly session is not round the corner,” Tiwary told reporters.

“If Nitish chooses to dump the NDA, what choice do we have except to embrace him (gale lagayenge). The RJD is committed to fighting the BJP. If the Chief Minister decides to join this fight, we will have

Take on BJP directly: Chirag attacks Nitish over ‘conspiracy’ accusation

Patna: Former Lok Janshakti Party (LJP) chief Chirag Paswan on Monday hit out at the JD(U) and dared it to take on the BJP directly instead of accusing him of involvement in a conspiracy to dent Chief Minister Nitish Kumar's popularity.

to take him along,” said Tiwary.

He was also asked whether the RJD would be willing to forget bitter episodes of the past, like Kumar's return to the NDA in 2017, citing allegations of corruption against Lalu Prasad and his family members, including younger son and heir apparent Tejashwi Yadav, who was then his deputy.

The Congress, principal rival of the BJP nationally but a spent force in Bihar, also went into a huddle. “All party MLAs have unanimously resolved to support the new formation that comes into being if Nitish Kumar breaks away from the BJP,” AICC secretary and MLA Shakil Ahmed Khan said.

Birmingham CWG one of most memorable editions for India

Shuttlers dazzle as India finish 4th with 22 gold

PTI ■ BIRMINGHAM

Led by the iconic PV Sindhu, Indian shuttlers owned the badminton arena by winning all three titles on offer on the day while paddler Sharath Kamal yet again reminded everyone of his class and awe-inspiring longevity with a coruscating show, as the country wrapped up its CWG campaign with 61 medals to finish a creditable fourth.

It was expected that Sindhu, Lakshya Sen and the formidable pair of Chirag Shetty and Satwiksairaj Rankireddy would end up on top of the podium but what provided the icing on the cake was the 40-year-old Sharat Kamal's gold medal-winning show against an equally good opponent in Liam Pitchford.

That performance took India's gold medal count to 22, which is four less than the 2018 edition, but this time the sport of shooting was missing from the roster. The shooters had contributed seven golds in Gold Coast's 66-medal haul, and considering that, India certainly put up a good show.

India's final tally read 22 gold, 16 silver and 23 bronze

and they stood behind third-placed Canada, which was far ahead with 92 medals (26-32-34). Australia (67-57-54) finished on top ahead of hosts England (57-66-53).

Coming back to TT, Sharath and G Sathian had lost to England's Pitchford and Paul Drinkhall in the men's doubles gold medal match, but on Monday, both the Indians had their revenge. This was after Sathian beat Drinkhall 11-9 11-3 11-5 8-11 9-11 10-12 11-9 in an exciting but nerve-jangling bronze play-off.

Sharath outsmarted the 29-year-old nimble-footed Briton 11-13 11-7 11-2 11-6 11-8 to claim his second CWG singles gold after 16 years.

Heartbroken Hockey India consoled with silver medal

Silver medalist Indian team poses for photographs during the presentation ceremony of the men's hockey, at the Commonwealth Games in Birmingham on Monday

PTI ■ BIRMINGHAM

In one of its worst performances in recent times, the Indian men's hockey team suffered an embarrassing 0-7 drubbing at the hands of defending champions Australia to settle for a silver medal at the Commonwealth Games here on Monday.

Australia blew away India with their whirlwind speed and relentless attacks, extending their dominance of the CWG stage.

Since hockey's introduction at the Games in 1998, Australia has always stood on top of the podium. This is India's third defeat against Australia in a CWG final, having lost to them in the 2010 and the 2014 editions of the Games.

Nathan Ephraums and Tom Wickham scored a brace each while Blake Govers, Jacob Anderson, and Flynn Ogilvie also found the net in the lop-sided contest.

It was a far cry from what was expected in a gold medal clash as a dominant Australia pumped in five goals in the first half to take the game away from India.

The other time India suf-

fered such a heavy defeat in CWG was in 2010 edition in New Delhi, where Australia hammered the hosts 8-0.

The Indians looked rusty and clueless as they conceded too much space to the Australians in the mid-field, which allowed the Kookaburras to make inroads.

The structure which the Indians are known for was nowhere to be seen. The defence looked shaky, while there was no co-ordination between the midfield and forward-line.

The past problem of mis-passing and trapping returned to haunt the Indians. It allowed Australia to play free-flowing hockey.

The Indians made very few circle penetrations and whenever they did, they lacked the final pass or looked out of sorts. Such was India's struggle that the team could not secure a single penalty corner.

Australia secured their three penalty corner inside the first 10 minutes and broke the deadlock from the third through Govers, whose flick went in between India custodian PR Sreejesh's legs.

‘Stormy’ Monsoon Session ends 4 days before schedule

PIONEER NEWS SERVICE ■ DELHI

Four days ahead of the scheduled conclusion of the Monsoon Session, both the Houses of Parliament — which witnessed stormy and unrelenting protest from the Opposition on the price and GST increase leading to suspension of 24 MPs — were adjourned sine die on Monday.

For the larger part of the session, which began on July 18, the Government and Opposition have been accusing each other over a host of issues, including inflation, alleged misuse of Central agencies against Opposition leaders and “insulting” the new President of the country.

During the second week, as many as 24 MPs (20 from Rajya Sabha and 4 from Lok Sabha) were suspended. However, the suspension of the Lok Sabha members — all from Congress — was later

revoked. While Lok Sabha Speaker Om Birla adjourned the House sine die, saying it met for 16 days and passed seven legislations, Rajya Sabha Chairman M Venkaiah Naidu,

whose tenure will end on August 10, adjourned the House sine die, saying that detailed statistics pertaining to the session will be circulated during the course by the Rajya Sabha secretariat.

Bulldozer justice for leader who assaulted Noida society woman

SHEKHAR SINGH ■ NOIDA

The Noida authorities on Monday demolished illegal constructions and encroachment at the residence of absconding politician Shrikant Tyagi, who is the main accused in the Grand Omaxe Housing Society fracas in Noida's Sector 93. The Gautam Buddha Nagar police has suspended six police men, including chowki in-charge of the area, for laxity and also announced a reward of ₹25,000 on information leading to Tyagi's arrest. Police sources said that his last location was traced in Uttarakhand near Haridwar.

Uttar Pradesh Chief Minister Yogi Adityanath has sought a report from the Home Department in connection with Tyagi's case. The CM called for a detailed investigation into the case as well as stern action against Tyagi.

Meanwhile, Congress leader Priyanka Gandhi Vadra on Monday targeted the BJP amid controversy over the

incident at the Noida society, which has now caught the national attention. Priyanka called the Noida authorities' action a “pretence”.

Priyanka also shared pictures of the politician with BJP leaders even as the party distanced itself from him. After the party shared a video of BJP MP Mahesh Sharma talking on phone and saying “We are

ashamed that our Government is here”, in reference to the Noida incident, Priyanka shared a collage that shows Tyagi with top BJP leaders. “Did the BJP Government not know for so many years that the construction of the Noida BJP leader was illegal? The bulldozer action is just a pretence,” tweeted Priyanka.

Amid SC dilemma, Shinde to expand Cabinet today

TN RAGHUNATHA ■ MUMBAI

More than five weeks after he was sworn into office along with Deputy Chief Minister Devendra Fadnavis, Maharashtra Chief Minister Eknath Shinde will expand his Cabinet on Tuesday by inducting “anywhere from 12 to 15 ministers” from both his faction of the Shiv Sena and the BJP.

Hamstrung hitherto by the uncertainty arising out of the pending cases in the Supreme Court over the disqualification of the rebel Sena MLAs and other constitutional issues involving the formation of his Government in the State, Shinde has finally decided to bite the bullet by opting for his first Cabinet expansion ahead of a ruling in the litigation in the apex court.

Under pressure from the

BJP and his own camp MLAs, Shinde and Fadnavis had attempted to expand the State Cabinet on at least five occasions. However, they had shelved the plans owing to the developments in the Supreme Court or due to the fear of being reprimanded by the apex court for showing haste in the formation of a full-fledged State Cabinet in the pendency of the litigation before it.

However, on Monday, Shinde gave indications of a possible Cabinet expansion on Tuesday, when media persons buttonholed him for a comment during his tour of Nanded district in Marathwada region. “A cabinet expansion will happen very soon. The names of his new ministers will be finalised either tonight or tomorrow,” Shinde said, while replying to a query.

Your every word is heard & revered: PM to Naidu

PIONEER NEWS SERVICE ■ NEW DELHI

Rajya Sabha bade an emotional farewell on Monday to Chairman M Venkaiah Naidu. Naidu demits office as Vice President on Wednesday and his successor Jagdeep Dhankhar will take the oath of office on August 11.

Prime Minister Narendra Modi, Leader of Opposition M Mallikarjun Kharge and several other MPs cutting across party lines paid tributes to Naidu for his stint as the Chairman. Many of them also fondly remembered him as an excellent host serving sumptuous food.

Naidu turned emotional when Derek O'Brien (TMC) recalled how Naidu lost his mother at the age of one when a bullock attacked her. Recalling the incident of his mother's death, Derek O'Brien(TMC) said a bullock attacked Naidu's mother in the stomach when she was carrying Naidu in his arms. She later died in hospital and left behind Naidu to find his own destiny.

The Prime Minister hailed his contribution to Parliament and recalled his witty one-liners. Modi also praised Naidu for ensuring productivity of the Upper House in his five year tenure and said it increased 70 per cent.

Addressing the Upper House after farewell speeches, Naidu said, “We are not enemies, we are rivals.”

On the functioning of the House, Naidu said he tried to accommodate and give opportunities to all sides — South, North, East, West, North-East. “Each one of you has been given time,” he said. He also appealed to the members to maintain decorum and decorum of the House.

On his selection for the post of the Vice President, Naidu said the day the Prime Minister told him about this decision he was in tears. “I didn't ask for it. Party had given the mandate, I obliged and resigned from the party. Tears were because I had to leave the party,” he said.

Most MPs besides the Prime Minister also appreciat-

ed Naidu's efforts to encourage the Members to articulate their points in their native languages in the House.

Touching upon his one-liners, the PM said, “They are win-winners too. It means nothing more needs to be said after those lines. Your every word is heard, preferred and revered and never countered.”

He also said Naidu worked on the principle that ‘let the Government propose, let the

Opposition oppose, let the House dispose.’

On productivity of the House, Modi said 177 bills were passed or discussed during Naidu's tenure.

Modi said Independence Day this year will be celebrated with the President, Vice President and Lok Sabha Speaker all born in independent India. “And each of them comes from very humble backgrounds,” he added.

Amount of electricity bills of Govt depts will automatically be sent to departments concerned

Khattar said that from now

Minister clarified that an amount of Rs 5 crore would be given to an MLA once in a tenure of 5 years and not every year.

Haryana Cong MLAs stage brief walkout after adjournment motion on law and order issue not allowed

Haryana Congress MLAs on Monday staged a brief walkout from the assembly after the Speaker did not allow an adjournment motion on law and order issues, including

The Congress legislators demanded that the Speaker should allow the adjournment motion to discuss law and order issues and threats received by some MLAs. Haryana Vidhan Sabha is the third in the country to go digital and now all its work will be done through e-Vidhan Sabha

Electricity Amendment Bill, 2022: An attack on state's constitutional rights, says Mann

PNS ■ CHANDIGARH

Strongly opposing the Central Government's "arbitrary" introduction of the Electricity Amendment Bill-2022 in the Parliament without even consulting the states, Punjab Chief Minister Bhagwant Mann on Monday termed the move as "an attack on the constitutional rights of the states". "Through such nefarious designs, the Union Government is weakening the foundations of the federal structure," said the Chief Minister, adding that this is another attempt made by the Centre to undermine the states' authority. Categorically stating that the Centre should not consider the states as puppets, Mann said that the states will not sit silently against this attempt of the Union Government to dilute the federal spirit of our democracy.

"The states will fight from the road to the Parliament to protect their rights. The Centre should have consulted the states before introducing any bill related to the power sector," said Mann. However, he said

that instead of consulting, this bill is being imposed on the states, which is a direct attack on the federal structure.

Questioning the Centre's intentions, the Chief Minister said that when the states provide electricity to their residents on their own, why their feedback has not been sought while introducing a new bill.

Citing Punjab's example, he said that farmers in the state are being given free electricity for agriculture. "Likewise, free power supply is also provided to domestic consumers and if the Centre is amending the bills as per their own conditions, the farmers and other sections will get a big blow as states like Punjab will not be able to continue such pro-people initiatives," he said. Warning the Centre to desist from playing with fire, the Chief Minister urged it to not repeat the previous mistake of implementing draconian three agricultural laws. He asked the Government to reconsider its decision of introducing the Electricity Amendment Bill as the people of the country will never tolerate such unilateral

decisions. Mann demanded that the Central Government should take feedback from the states before enacting any law in the power sector, which will directly affect every citizen of the country.

Warring seeks all party meet

Criticising the BJP-led NDA Government at the Centre for introducing the Electricity Regulatory Bill in the Parliament, Punjab Congress president Amrinder Singh Raja Warring on Monday said that this was "yet another assault" on the country's federal structure as electricity was a state subject.

Punjab Pradesh Congress Committee (PPCC) president urged the AAP-led State Government to chalk out a strategy against the passage of the Bill and assured full cooperation from his party. He suggested holding an all party meeting to put up a strong case against the Bill as it will have serious ramifications for Punjab. Warring criticised the BJP government for backing

out from the commitment it had made to the farmers when they lifted their one-year-long dharna. "Not bringing in the Electricity Regulatory Bill was one of the demands of the farmers and the government had agreed to it but had backed out now," he said. Expressing apprehensions that the ultimate aim of the Bill was to do away with the subsidies and handover the power generation and distribution completely to the private players, Warring said that there was still time for the like-minded parties to oppose the Bill forcefully and prevent its passage in the parliament and the need of the hour was to fight against it unitedly. He also announced that in case the need be, the Congress party will launch a mass agitation against the Bill and ensure it is not implemented. "Had it not been for the Congress Government in Punjab which wholeheartedly supported the farmers against three black laws, those may well have been implemented by now. Similar agitation against the Electricity Bill will also be launched," he said.

3-year prison term for ex-Secy in coal scam

PIONEER NEWS SERVICE ■ NEW DELHI

A Delhi Special Court on Monday awarded a three-year jail term to former Coal Secretary HC Gupta in a coal scam case related to irregularities in allocation of a coal block in Maharashtra, a lawyer associated with the case said.

Special Judge Arun Bhardwaj also awarded two year imprisonment to former joint-Secretary in the Ministry of Coal (MoC), KS Kropcha in the case and imposed a fine of Rs 50,000, while Gupta was asked to pay a fine of Rs one lakh.

The court had convicted both for criminal conspiracy, criminal breach of trust, cheating and corruption in the case related to allocation of Lohara East coal block. The court, meanwhile, awarded four year jail term to Mukesh Gupta, the director of convicted company, Grace Industries Ltd. (GIL), for

criminal conspiracy and cheating and imposed a fine of Rs two lakh on him, while the company was also directed to pay a fine of Rs two lakh separately.

Both were convicted for criminal conspiracy and cheating. The trial of the case was conducted by senior advocate RS Cheema, Deputy Legal Advisor for the CBI Sanjay Kumar and senior public prosecutor A P Singh. HC Gupta was earlier convicted in three other coal scam cases and his appeal against those convictions is pending before the

Delhi High Court. He is currently on bail along with other convict persons in the case.

According to the CBI, between 2005 and 2011, the accused persons hatched a criminal conspiracy and cheated MoC, Government of India by dishonestly and fraudulently inducing the MoC to allocate 'Lohara East Coal Block' in favour of GIL on the basis of false information about net worth, capacity, equipments and status of procurement and installation of plant.

The CBI also stated that the company, in its application, claimed its net worth as Rs 120 crore whereas its own net worth was only Rs 3.3 crore, and that the company also falsified its existing capacity as 1,20,000 TPA against 30,000 TPA. The Supreme Court had on August 25, 2014 cancelled the entire allocations of coal blocks. This is the 11th conviction in coal scam cases secured by prosecution.

The 12th edition of India's international defence exhibition DefExpo on land, naval and homeland security systems will be held in Gandhinagar, Gujarat from October 18 to 22.

Earlier scheduled to be held in March, it was postponed as many countries were not able to reach India due to logistical issues arising out of the Ukraine-Russia conflict.

The five-day event will witness three business days followed by two public days. Live demonstrations showcasing the equipment and skill set of the armed forces, defence public sector undertakings and industry will be held on all five days at Sabarmati River Front through active participation and synchronized efforts at all levels, the defence ministry said here on Monday.

DefExpo- 2022 will be held in a three-venue format across an area of 01+ lakh square metres at Helipad Exhibition Centre, inaugural event and seminars at Mahatma Mandir

Convention and Exhibition Centre and live demonstration at Sabarmati River Front.

The exhibition is being planned with events such as Bandhan for forging of partnerships between companies, seminars and webinars showcasing of start-ups including cutting-edge technology solutions for future battlefield, artificial Intelligence in defence, student visits and showcasing Gujarat as an investment destination for aerospace and defence sector.

DefExpo 2022 is in line with the vision of Prime Minister Narendra Modi to achieve self-reliance in defence and achieve export of \$5 billion by 2025.

The Indian Defence industry has been keenly anticipating DefExpo-2022 which is Asia's largest event in the defence sector. It was postponed in March 2022 due to logistical problems being faced

by the participants.

As India celebrates its 'Azadi Ka Amrit Mahotsav', DefExpo 2022 gains further significance with its theme 'Path to Pride' invoking nationalistic pride and encouraging citizens to partake in nation building through establishing a capable indigenous defence industry.

The reforms in defence manufacturing are attracting greater interest from Indian Defence manufacturers and it is therefore anticipated that DefExpo-2022 would attract active participation from Indian companies.

Times Now editor granted interim protection from arrest by SC

PIONEER NEWS SERVICE ■ NEW DELHI

The Supreme Court on Monday granted interim protection from arrest to Times Now TV channels' editor Navika Kumar in connection with FIRs lodged against her over controversial remarks made by former BJP spokesperson Nupur Sharma on Prophet Mohammad during a TV debate moderated by the news anchor.

A Bench of Justices Krishna Murari and Hima Kohli issued notices to the Centre, West Bengal government, and others on Kumar's plea seeking quashing of proceedings initiated against her. "As an interim measure, no coercive action shall be taken against the petitioner pursuant to the impugned FIRs/complaints or future FIRs/ complaints which may be registered with respect to the broadcast of May 26", the bench said. Senior advocate Mukul Rohatgi, appearing for Kumar, submitted that debate was going on over Gyanvapi mosque and suddenly one of the speakers said something, and then another retorted.

Rohatgi stated that the news anchor did not say anything and several FIRs were lodged against her. She in fact doused the fire by saying "we have to go by the Constitution", Rohatgi added. Senior advocate Menaka Guruswamy, appearing for the West Bengal Government, said the first FIR was registered in Kolkata and the FIR in Delhi is not connected with this.

At this juncture, Rohatgi said, "What is the special interest of the State of West Bengal in this matter? The bench then issued a notice in matter and sought replies in two weeks.

'Boarding gates too far, not enough buggies at T3'

PIONEER NEWS SERVICE ■ NEW DELHI

A parliamentary committee in its report has said that many boarding gates in Delhi airport's T3 terminal are very far from the security gates and not enough battery-operated buggies are operating between the two points.

The members of the Parliamentary Committee on Estimates, headed by GB Bapat, visited T3 with the representatives of the Airports Authority of India (AAI) and Delhi International Airport Limited (DIAL) on September 26 last year. Its report was tabled in Lok Sabha on Monday.

The Delhi airport, which is operated and managed by GMR Group-led DIAL, has three terminals."The committee had observed that many of the boarding gates at this (T3) terminal were very far from the security gates which made it difficult for the passengers, especially old age, female and child passengers, to reach the boarding gates," the report mentioned.

Handheld electrostatic disinfection device developed by CSIR scientists

PIONEER NEWS SERVICE ■ NEW DELHI

A team of CSIR scientists has developed a portable handheld electrostatic disinfection device that can be used in all kinds of public places by the small shopkeepers, households, and small businesses for effective disinfection and sanitization to fight the spread of pathogenic infections.

CSIR-CSIO Chandigarh transferred 'Portable Handheld Electrostatic Disinfection Device' to M/s. Rite Water Solutions (I) Pvt. Ltd., Nagpur, Maharashtra

Dr. Manoj K Patel, Principal Scientist at CSIR-Central Scientific Instruments Organisation (CSIR-CSIO), Chandigarh, who led the team in designing developing the innovative and advanced technology for effective disinfection and sanitization to fight the spread of pathogenic infections, said that the technology has been transferred to Rite Water Solutions (I) Pvt. Ltd., Nagpur, India for commercialization and large-scale production.

"The technology is very efficient and effective to stop the spread of the CORONA virus and pathogens," said Dr Patel.

The technology works on two fronts. First, the charged droplets kill the virus in the air due to highly charged droplets. Secondly, the charged droplets reach the hidden areas of any target where the viruses hide. The device is very handy, portable, and handheld, which can be used by the small shopkeeper, households, and small businesses, further added by the innovator, explained Dr Patel.

On behalf of Rite Water Solutions, the Transfer of Technology (ToT) pact was inked by its Director Abhijeet Gan, Director, while Dr. A.K. Shukla, Senior Principal Scientist & Head, Business Development & Project Management (BDPM) represented CSIR-CSIO, Chandigarh in presence of Prof. S. Anantha Ramakrishna, Director, CSIR-CSIO among others.

Lok Sabha passes Bill to rename arbitration centre

PTI ■ NEW DELHI

Lok Sabha on Monday passed a Bill to rename the New Delhi International Arbitration Centre as the India International Arbitration Centre.

Piloting the New Delhi International Arbitration Centre (Amendment) Bill, 2022, Union Law Minister Kiren Rijiju said the objective of the amendment is to have world-class arbitration in the country.

He said that though it is a small Bill, sometimes "a small step can be a giant leap". The minister further said arbitration would also help in reducing pendency of cases in the country.

According to the statement of objects and reasons of the Bill, "it is considered imperative to change the name of the Centre from New Delhi International Arbitration Centre to India International Arbitration Centre so that a unique identity of the institute of national importance as conferred on it by law is evident and reflects its true objective".

"It has been felt that the (New Delhi International Arbitration) Centre, being an institution of national importance, gives an impression of being city centric whereas it should be reflective of the aspirations to promote India as a hub of institutional arbitration and establish itself as a centre of international commercial arbitration," the statement said.

On remarks by some members that corporates prefer Singapore and London for arbitration, the minister said work was going on and India would "definitely" become a global hub for international arbitration. "Businesses will come to India also," he added. On increasing pendency of court cases, Rijiju said judges were working to dispose cases at a faster pace now.

Participating in the debate, Amar Singh of the Congress said all big corporates were going to Singapore and London for arbitration. BJP's Ramesh

Bidhuri suggested that cases should be resolved within their stipulated time. Saugata Roy of the TMC described the Bill as a "superfluous legislation". He said international businesses, including those of Indian industrialists Ambanis and Adanis, go to Singapore for arbitration.

"Why has the government not made any progress to make New Delhi a major centre for arbitration," he asked. Supriya Sule of the NCP stated that the Bill talks only of a name change and is a "colossal" waste of Parliament's time.

There is really nothing else in this Bill and this is appalling, she said. Sule added that intellectual lawyers and high-net individuals were leaving India. "Why do you not introspect to improve and strengthen the system instead of bringing a law of just changing names?" BSP MP Kunwar Danish Ali flagged issues on the current judicial infrastructure in India, and referred to the case of journalist Mohammed Zubair's arrest.

PAPER WITH PASSION

Justice at last

The long arm of the law finally reached Shrikant Tyagi but it took longer than it should have

The Yogi Adityanath Government's order—to bulldoze the illegal structures the absconding politician Shrikant Tyagi had built outside his residence in Noida—will restore some faith in the system. It's a case of better late than never, for Tyagi, who has reportedly been terrorising the residents of a posh housing society, claimed to be a leader of the Bharatiya Janata Party (The BJP denies that he was ever a party member). The claim was loud and clear, complete with his photographs with important BJP leaders on his social media posts. Also loud was the message in parenthesis: don't mess with me; I am well-connected. This was perhaps the reason that the local police and administration took little, if any, action against him and his shenanigans, including encroachments and violence, for a long time. Tyagi had occupied a part of the common area in front of his flat by constructing structures using pillars and tiles, despite objections raised by the residents' welfare association. While the Uttar Pradesh Government must be lauded for acting against Tyagi,

it must also be questioned as to how he could continue with his rowdy ways in the housing society for so long. After all, one of the key planks of the Yogi administration has been its ability to tame goons and mafia dons; and yet there was Tyagi in Noida—which is in the vicinity of the national capital and not in some faraway place like, say, Bundelkhand—who was not just intimidating the neighbours and violating all rules and regulations but also brazenly claiming to be a member of the ruling party. Would there have been any action had the video in which he is shown badmouthing and manhandling a woman not gone viral? The answer may not be very comforting.

The entire episode highlights four points. First and foremost, governance and maintaining law and order are reactive rather than proactive. Action should have been taken against him not after but before the video became viral. About half a dozen cops have been suspended on grounds of dereliction of duty; it's a good decision. But even better would be efforts to bring about a system which precludes dereliction of duty in the first place. Second, sloganeering and rhetoric are not substitutes for statecraft and policing. Setting narratives, smart one-liners, and clever memes have their importance in politics, but to keep public opinion on their side—or at least not opposed to them—the powers that be have to do something more substantive than continuous messaging. Third, social media, often blamed for a lot of bad things, can also help ensure justice. It was after all the viral video that led to action against Tyagi. And, finally, we come to... well, a cliché: the power of one. The guts and gumption of one woman will bring him to justice. The citizens of India need not shout or fight like Sunny Deol to get justice. They just have to take a stand.

Is religious freedom waning?

India's image as a tolerant society is under duress due to untoward incidents happening rather frequently

The Indian government has sharply reacted to the comments made by US Secretary of State Antony Blinken that religious freedom is being undermined in India and the attacks on a place of worship were on the rise. Losing no time MEA spokesperson debunked the statement saying 'vote bank politics was being practiced in international relations and that the comment was ill-informed and advised the US to 'avoid making an assessment based on biased views.' Indeed the MEA spokesperson Arindam Bagchi did the right thing by rejecting the report on international religious freedom on which Blinken made a statement. Though it will take some time to decipher what he actually meant by saying 'vote bank politics is at play in international relations.' The report on international religious freedom was released some time back and took a serious note of religious intolerance manifesting in attacks on minorities and places of worship in India. We have to make it clear to everyone in unequivocal terms that it is nobody's business to tutor us. India is a sovereign country capable of dealing with such incidents if any. It has been our long-standing policy. We have maintained that no one has the right to interfere in our internal affairs. But now it seems we are wobbling in our approach. When Nupur Sharma made comments that didn't go down well with the gulf countries, she was quickly admonished and an FIR was filed against her.

The fact of the matter is that today the old plank of 'don't meddle in our internal affairs' doesn't work. Several human rights organizations and individuals take it to the international fora and that becomes an embarrassing situation for the government. In today's world nothing can remain under wraps for long and becomes headlines around the world. Besides, no country can survive in isolation, sanctions and boycott by the world community can hurt. The best way to avoid it is to not let such things happen in the first place. The government should take strict steps so that religious freedom is protected. Let's face it no matter how hard we try to sell that everything is hunky-dory in the country but there aren't buyers for it. Reason, it is not. We all know it and sweeping it under the carpet doesn't help. If we can criticize Pakistan for the plight of minorities and religious intolerance there, we cannot stop others from pointing fingers at us. The world has changed and it is becoming difficult for all governments to hide their dirty secrets. Even the US has a lot to explain when it comes to human rights abuses there.

Fighting terror the Husain way

We can draw lessons from the life of Imam Husain to deal with the people who revel in hatred and have scant regard for humanity and human life

HASAN KHURSHID

John Bradshaw once said, "Rebellion to tyrants is obedience to God." Can man stand up to these conditions? "Man can but not necessarily with ease", Imam Husain managed to say daringly from the battlefield of Karbala (Iraq).

From Plato to Locke, all philosophers have been concerned about the danger of power being cornered by unscrupulous elements. The lust for power has been the seed of all-around corruption. There are certain crucial moments in the evolution of the human race, in which according to Ludwig Beethoven, "fate knocks at the gate of existence." These are instances in which socially active individuals are called upon to defend what is right and true, even risking their lives. Virtuous people who were endowed with sagacity and foresight always disliked sitting on the fence just listening to scheming, transgressor, and libertine despots. They acted as if they were the people who valued rectitude and struggled hard to preserve righteousness.

One such most critical situation arose when after the demise of Holy Prophet Mohammad, the school of Islamic thought, philosophy, culture, and administration was shifted to Caliphate with temporal and ecclesiastical powers. The four caliphs were Abu Bakar, Umar, Usman and Imam Ali Murtaza. Ali was assassinated by the henchman of the conspirator and hypocrite Muawiya son of Abu Sufian while Imam Ali was prostrating before Allah in the mosque. Subsequently, Muawiya deceitfully usurped the seat of the Caliphate in Syria and with the might of a sword declared himself the self-appointed caliph. Muawiya, the first ruler of the House of Umayyads displaced the democratic Islamic rule by oligarchical and barbaric despotic rule.

After the death of Muawiya, his son accursed Yazid ascended to the Caliphate seat of Syria. He was a heartless brute and had surpassed all his ancestors in practicing evil and vices. Yazid ibn Muawiya was a hard-core terror-

ist and libertine. The barest mention of Yazid's objectionable character is taboo in this civilised society. Yazid was the mammon of unrighteousness whose lust for power prompted him to beat society into the mould he favoured. Yazid's criminal behaviour indicated the extreme occurrence of vulgar, inhuman innovations in the established Islamic values.

On the contrary, Husain was recognised throughout the Arab world for his excellence of behaviour, wisdom, compassion, and piety. Yazid instructed his governor Walid in Medina to force Husain to pledge allegiance to Yazid. Husain refused.

Husain's patience snapped when Yazid firmly demanded homage from him. Husain refused to subscribe to Yazid every time he was asked for allegiance as caliph and the leader of the faithful. Husain realized that the consequences of this prolonged anarchy in Islam and a wrecking triumph for immorality will permanently deface the true faith and a distorted pseudo-religion will emerge in the guise of Islam. Yazid bargained hard to choose between allegiance to him or facing death. Husain had a clear choice: either stand

“
THE HEADS OF 72 MARTYRS, INCLUDING THE SIX-MONTH-OLD ASGHAR, WERE SEVERED FROM THEIR BODIES AND RAISED ON LANCERS. THE BODIES WERE TRAMPLED BY HORSES. THE TENTS OF HUSAIN'S REMAINING FAMILY MEMBERS WERE TORCHED.

aside and let Yazid act according to his whims, justifying his abominable escapades, or counter and confront his lurking menace and acrimonious campaign. Husain who had to ensure the pristine purity of Islam refused allegiance.

The Karbala episode dates back to the 10th of Moharram, 61 Hijri (October 10, 680 AD), when there unfolded a grim spectacle. Husain be sought Yazid's commander-in-chief to let him go to 'Hindustan' but the proposal was rejected. On the morning of 10th Moharram, Husain and 72 immediate family members, including the children and a few companions were mercilessly massacred. Youngest among the martyrs was Husain's infant son, Ali Asghar.

The heads of 72 martyrs including the six-month-old Asghar were severed from their bodies and raised on lancers. The bodies were trampled by horses. The tents of Husain's remaining family members were torched. The children and ladies were made prisoners, paraded handcuffed, and fettered through the bazaars of Kufa and Syria until produced before the tyrant Yazid who was Satan in human form.

To remember the great sacrifice of the Lord of Martyrs, Imam Husain, men, and women, young and old, not only from the Muslim community but also from other faiths gather in homes and Imam bargahs to conduct majlis (congregation), where mournful tributes are paid to Husain through elegies called salam, soz, marsia, nauha and lyrical dirges. The congregation moves inexorably towards a crescendo of grief. The audience groaning heartbreakingly with tears, "Wa Mohammada, kushtashud Husain (O Mohammad, Husain has been assassinated).

Imam Husain is revered not only by Muslims but people of other faiths. The painting by Italian artist Bruno Cabrini shows how Muharram processions had tazias (relicas of Imam Husain's mausoleum in Iraq), during the 18th and 19th centuries in Rajasthan, Gujarat, and Maharashtra. Not only this, the Scindia of Baroda and Holkar of Indore conducted majlis. Even today, in Lucknow and heart of the Hinduism, Varanasi, Hindus join Muslims in mourning sessions.

AKASA AIR IN THE SKIES

Sir — Akasa Air, India's newest airline backed by billionaire Rakesh Jhunjhunwala expects to start operations in one of the world's most competitive aviation markets later this month.

Akasa received its flying license from the Indian aviation regulator Directorate General of Civil Aviation after successfully operating test flights. Chief Executive Officer Vinay Dube hailed Akasa Air's entry as India's greenest, most dependable and most affordable airline.

Akasa is trying to stand out from rivals by taking an unusual approach of offering stock options to a larger pool of top employees, rather than a select group of senior executives. With a focus on sustainability, Akasa's cabin crew will wear clothes made from recycled fabrics such as plastic bottles recovered from marine waste.

DHANKHAR WINS HANDS DOWN!

Sir — Dhankhar's huge victory margin indicates that he managed to draw support even from the Opposition ranks. The VP, who is mandated by the constitution to serve as the Rajya Sabha's ex-officio chairperson, has the difficult task of conducting important legislative business in a polarised House. Since as a Governor, he often exceeded his brief, leading to conflicts with the duly elected West Bengal Government, there is every doubt that under his chairmanship it is unlikely to be a genuine forum for the voice of opposition. The best way for him to do so is to remain tuned to the legacy of his distinguished predecessors.

He should neither allow himself to be dictated to by the Treasury benches nor be guided by the pressure of the Opposition. He should be mindful of the illustrious personalities who have occupied that high constitutional office and set an exemplary benchmark of excellence while performing their duties and conducting the proceedings of the Rajya Sabha with

WILD SPECULATION ON MAMATA-PM MEET

Speculation is rife on the Mamata-PM meet. Former Meghalaya Governor Tathagata Roy has asked Prime Minister Narendra Modi to convince people that there is no 'setting' between him and West Bengal Chief Minister Mamata Banerjee. There is indeed no permanent friend or permanent enemy in politics. The apprehension of Roy is that the 'thieves of Trinamool and/or the murderers of BJP workers' would go scot-free. The abstention of TMC from voting in the Vice Presidential election gives fillip to the suspicion that there is a 'setting' between the PM and CM (of West Bengal). Roy has missed the point that the meeting between Modi and Mamata has not taken place secretly. TMC sources said that Mamata took up various issues like MNGREGA dues and GST with the submission of a memorandum quantifying the total dues at ₹1,00,968.44 crore. This could be true also. But BJP's Dilip Ghosh has alleged

that Mamata uses these meetings to send out a signal that a setting has been made. He has advised that the center realize this and not fall for it. Congress's Adhir Ranjan Chowdhury has felt consternation after the meeting fearing rapprochement between the two ahead of the 2024 Lok Sabha election. He has alleged that both of them want a Congress-mukt Bharat. CPI(M) has also echoed the voice of Congress. Commonly, political opponents make allegations.

IT IS A GOLD RUSH

Sir — India's gold rush, so to say, in the Commonwealth Games event can largely be attributed to athletics, boxers, and other field sports. The Indian contingent is participating for the 18th time in the Commonwealth Games and has attained position 5 in the medal tally table. It all started when the famous Indian weightlifting champion, Mirabai Chanu, won the first gold medal for India in the Women's Weightlifting Championship (49 kg). Sanket Sagar was the first Indian athlete to win a silver medal in men's weightlifting (55 kg) at CWG 2022 Birmingham. Sudhir won the first gold medal for India in para-sports. In the last edition of the games, when it was held on Gold Coast,

India finished third with 66 medals including 26 gold medals. Now, with the country excelling in other sports like table tennis and shuttle badminton, a bigger medals tally is expected at the Commonwealth Games 2022.

BRIBE GIVER IS EQUALLY GUILTY

Sir — Saddened to read the article "Pandora's box of corruption" published in the August 8 issue that 269 government primary teachers were not eligible for the post of teacher. They got this job by giving bribe. Recently, the way Kubera's treasure was found in the house of Bengal's Education Minister and one of his female friends, it became clear why such parties want to come to power and why the MLAs of these parties want to become ministers. Bribing must be condemned as it is a social evil as well.

SHARING HAPPINESS
GIVES GREATEST JOYS

Happiness need not be outside;
it is an expression of self

RAJYOGI BRAHMAKUMAR **NIKUNJ JI**

As per World Happiness Report 2021 released by New York based Sustainable Development Solutions Network, India stands at rank 92 in the global happiness ranking list. Happiness is an aspiration of every human being, and it can also be a measure of social progress. Search for happiness is said to be as old as mankind. However, most of us tend to look outside for happiness, feeling that it must be lying somewhere else since we are not experiencing it within ourselves.

Happiness actually is an innate quality of the soul. Hence, each one of us should be experiencing it all the time. But most of us do not. Right? Why is that so? Simply, because we are more focused on the external aspects of our life – our body, roles, responsibilities, possessions, etc., as a result of which we lose our connection with this inner resource of happiness.

When our focus is external, we also tend to blame other people and situations for our state of unhappiness. We think that if the people or circumstances that make us unhappy go away, we will be happy. In doing so, we forget that whether to be happy or not is a matter of our choice. People or situations cannot alter the state of my mind unless I allow them to. So, if I decide to be happy, come what may, I can be so all the time. How we feel in any situation is decided not by the situation but by how we choose to respond. So, if things are going my way, I will certainly have no reason to be cross. But if they are not, I need not get upset, because I can see what I can do about it and get things done differently next time.

And even if there is nothing I can do about it, I can learn from the experience and move on. Then why do we get disappointed and irritated? It only takes away our happiness and reduces our ability to deal with the situation. That is why one must remember this forever, ‘Happiness is my property, why should I allow any person or situation to rob me of it?’

Having faith in the intrinsic goodness of every human soul, and understanding that everyone is playing his or her role in this world, also helps us accept all kinds of situations and appreciate different types of people. It saves us from being judgmental, which can make our attitude towards others very negative and damage our relationships.

The biggest secret to happiness is to have good wishes and pure feelings in our heart for everyone. When we hold pure, good wishes in the heart for others, we can maintain a state of constant happiness, because good feelings are like a bouquet of flowers in our heart that spreads its fragrance inside and keeps ourselves happy.

We need to go within ourselves to tap the eternal source of happiness and for that firstly we need to be true to the self, know the self and be the self. Once we have understood the happiness that comes from within and as a result of the manner in which we conduct our lives and ourselves then it is possible to understand how to share that happiness with others. Increasing the happiness of others brings happiness to the self. So, keep distributing it to everyone, as this is the wealth that multiplies by giving, and brings the giver the added bonus of the good wishes and blessings of others.

Unstable world energy market worries India

India has to tread cautiously to protect energy security amid growing global order uncertainty in fossil fuels

The unstable world energy market, volatile prices and uneven supplies may have repercussions on India's energy security. The first to take the hit is the GAIL LNG deal followed by Russian demand for payment in the UAE dirhams converted in dollar terms.

The GAIL's troubles are traced to the German energy regulator taking over Gazprom Germania, which operates gas to storage and supplies to industries. The move followed Gazprom moving out of the subsidiary so that it could continue business without attracting sanctions. It has led to the default in delivery of five cargoes as per a 20-year-deal agreed in 2012 for 2.5 million tonne LNG a year.

It is dicey on oil supplies as well though Russian oil in April was about 10 per cent of India's oil basket. As much as 40 per cent of the Russian oil has been bought by private refiners—Reliance Industries and Rosneft-backed Nayara Energy.

Russian Rosneft is dithering on supplying crude oil to two Indian state refiners, BPCL and Hindustan Petroleum, as it has committed sales to other customers. The stoppage of supply becomes a problem for GAIL, which meets 50 per cent of the nation's LNG needs. It is scouting for alternative fuel. But it faces the problem of Russia stopping supplies to Gazprom Marketing & Trading that owned the future gas contracts for supplying to Gazprom Germania and other subsidiaries. It used to supply from the Yamal LNG facility. After Russia's stoppage of supplies, Gazprom GM&T initially managed supplies from its floating international portfolio.

As prices rose to \$40 a unit and supplies to Europe became lucrative, it diverted supplies leaving GAIL in the lurch. In fact, the prices are so high that Gazprom Germania is said to have margins after paying damages under the take-or-pay clause. The GAIL has the option to take legal recourse but it is cumbersome, may take years and would not address the problems of the Indian consumers.

The GAIL has long-term liquefied natural gas (LNG) supply contracts from the US to Australia supplementing domestic gas supplies though it may cost a bit more in the prevailing circumstances. Prior to the war, the US LNG used to cost one-third of the price of gas available in the spot or current market.

GAIL has a 5.8 million tonnes per annum LNG contract with US suppliers. These are all linked to the US gas market, where the current rate is \$10 per million British thermal unit. In comparison, the spot price of LNG in Asia is between \$37 and \$40 per million British thermal unit.

The GAIL and the petroleum ministry are scouring the markets for ensuring the supply. The Asian LNG prices are rising with intense demand from Japan, Korea and India. Trading activity in the Asia

THERE HAVE BEEN LONG QUEUES AROUND FUEL PUMPS IN SEVERAL PARTS OF THE COUNTRY IN THE LAST FEW DAYS. SEVERAL PETROL PUMPS IN AND AROUND SRINAGAR AND RAJASTHAN HAVE ALSO FACED SHORTAGES.

(The author is a policy analyst)

LNG market rose as traders and end-users dipped back into the spot market to secure cargoes amid increasing global supply uncertainty as the Gazprom reduction of gas flow into Europe spooked an already fractured market due to the Freeport outage.

The world energy markets are seeing too many oddities. Domestic exports though have seen curtailment but of late with Russian crude being supplied to the private refiners, it is being exported again. The cap through an export tax clamped on July 1 for ensuring at least 50 per cent of the private refiners' production has been removed. The duty, imposed following fuel shortage in a number of states, has been waived off on petrol, and cut by a third on diesel and brought down the wind-fall tax by 27 per cent. The tax has been reduced from Rs 6 to Rs 4 on diesel and done away on petrol. The duty has been waived off on refined products and shipped from SEZs. This will give a big boost to mainly two private refiners Nyara and Reliance. A major benefit will be to the latter, as its refining is based in an SEZ in Jamnagar.

The duty reduction is also said to benefit ONGC and Oil India and Vedanata. Of late, according to tenders by Indian Oil and Bharat Petroleum, diesel imports are expected to rise to its highest since February 202 at over 48,000 barrels per day. India's increased imports are telling on Asian fuel supply as planned petroleum supplies from China have been decreasing.

India is the world's third-largest oil consumer at about 5 million barrels a day. It is growing at 3-4 per cent a year and the demand is likely to go up to 7 million barrels a day in a decade. According to the Petroleum Planning and Analysis Cell (PPAC), India's oil import dependence was 85 per cent in 2019-20, which marginally declined to 84.4 per cent in 2020-21 and again rose to 85.6 per cent in 2021-22, while in April 2022 it rose to 86.6 per cent. This year's imports are to surge beyond the 212.2 million tonnes of crude last year.

The new exploration licenses announced are a good move but it may take a decade to start new production. The aim is to reduce imports to 50 per cent, which is too ambitious, by 2030. Apart from long gestation, the capital requirement is extremely high. India, despite odds, remains dependent on Russian oil. India's crude oil imports from Russia have jumped over 50 times since April and now make up for 10 per cent of all crude bought from overseas. Russian oil made up for just 0.2 per cent of all oil imported by India prior to the Ukraine war.

Unwillingness of Rosneft to give crude to three Indian state refiners—Indian Oil Corp (IOC.NS), Bharat Petroleum Corp (BPCL.NS) and Hindustan Petroleum—is pushing Indian refiners to turn to the spot market for more expensive oil.

The country is facing some petrol and diesel shortages as fuel pumps are reportedly in several

states, including Uttarakhand, Rajasthan, Andhra Pradesh, and Madhya Pradesh and some parts of eastern and north-eastern states.

There have been long queues around fuel pumps in several parts of the country in the last few days. Several petrol pumps in and around Srinagar and Rajasthan have also faced shortages. The US-led sanctions on the energy tie-up with Russia have been contested by a number of gas-starved NATO members, including Germany, Europe's largest economy. Even Japan, the world's third largest economy after the US and China, says it will maintain oil and gas projects in Russia, citing the country's energy security concerns as the reason.

Germany and Japan are the most important US strategic partners in Europe and Asia, respectively. Only a week ago, Japan's Economy, Trade and Industry Minister Koichi Hagiuda made an emphatic statement that his country "does not intend to withdraw" from oil and liquefied natural gas development projects in Russia as they make a choice between energy security and tightening sanctions on Russia for the war in Ukraine.

Several Japanese trading and other firms have invested in the Sakhalin-1, Sakhalin-2 and Arctic LNG 2 (ARC 2) projects. Each has been deemed essential to Japan's energy security. A neutral India has to trudge through a difficult phase to maintain supplies from Russia and the West as well as keep the domestic prices low.

Rising US-China tensions can boost Indian manufacturing

While the US and China spar, India should seize the opportunities in the global supply chain shifts

The Indian economy has the world's most remarkable growth rate and is projected to grow at 7.1-7.6 per cent in 2022. The rising fuel prices caused by the Russian-Ukraine war have created instability worldwide. The South Asian nations like Sri Lanka and Pakistan are already experiencing the consequences, and even Bangladesh is now requesting a bailout loan from the IMF.

A recent report by the International Monetary Fund (IMF) projected India has a zero per cent chance of getting into recession. Whereas a country like the U.S. has a 40 per cent chance, and China has a 20 per cent chance of getting into recession. So, it's important to note how the US-China rivalry could affect India's economy in the long term.

NEERAJ SINGH **MANHAS**

(The author is Director of research in the Indo-Pacific Consortium at Raisina House, New Delhi)

The rivalry started more recently on Donald Trump's last day in office. The US raised the issue of China's crime against humanity and genocide in the Xinjiang region against the Uyghurs and banned all imports from the area.

Second, the Joe Biden administration continued some of Trump administration policies, with more focus on action. It maintained the tariffs on Chinese imports and sanctioned Chinese officials over policies in Hong Kong and Xinjiang. The US banned dozens of Chinese companies and stressed competing with China.

Third, the collaboration on climate change and agreed to boost cooperation and work together on increasing renewable energy as both the countries are the world's top emitters of

greenhouse gases. But, the collaboration on climate change got more tension.

Fourth, the US imposed a diplomatic boycott on the Beijing Winter Olympics, citing the Chinese government's human rights abuses in Xinjiang and elsewhere.

Fifth, amid the Russian-Ukraine war, Biden pressed Xi Jinping on Russia's war in Ukraine. China refused to condemn Russian President Vladimir Putin for the war and the resulting humanitarian crisis.

Sixth, US Secretary of State Antony Blinken emphasised the importance of strengthening the US competitiveness toward China and called China the most serious long-term challenge to the international order.

Seventh, the visit of

Congress member Nancy Pelosi to Taiwan. China warned that US support for Taiwan is like playing with fire. The current situation of small-scale war between both countries arose. Biden has clearly stated that he would come in support of

Taiwan if China attacks it. The US deployed their nuclear warships, men in the Taiwan strait, for regular patrolling as China saw it as their internal matter, even supported by Russia. It will be essential to see further development in China's invasion of Taiwan.

India is one of the developing countries, so bad trade and tariff policies hurt India. India is seeking to give a boost to the manufacturing sector. This could be an excellent chance for India, as a report from the United Nations said that a few countries would benefit from the trade tension, and India is one of them.

The impact on India is both an opportunity and a threat. Everything has two sides, good and evil, and the trade problems between the two countries can

be a good thing for India. It will be an excellent chance for those who sell goods abroad. Since the US taxes Chinese goods heavily, Indian traders can fill the gap and take advantage of the opportunity.

Trade tension between the US and China has some adverse effects on India. Because of the trade tension between the US and China, other countries like India are also affected because they have to deal with the constant changes and can run out of finished goods or raw materials if demand increases. Also, taxes and fees became more expensive in the country.

At 80 rupees per dollar in July 2022, the value of rupees has already gone down. This happened simultaneously with Biden's threat of a new round of export tariffs, which automati-

cally hurt India's trade deficit. Investors are being more careful because of the global trade war.

As trade tensions between the US and China continue, the world economy and India's economy become less stable. Indian traders can fill the gap, and companies that make iPhones can establish factories in India, which is good for the country's growth. As the value of a country's currency falls, trade tensions are likely to rise. The CEOs of Indian companies need to come up with a business-friendly strategy and other plans to help the economy. If the US and China want to avoid a trade war, they must cut taxes as the economic growth of each country depends on trade, which is the backbone of every country.

Grain ship from Ukraine docks in Turkey, nuke plant shelled

AP ■ DERINCE (TURKEY)

The first of the ships to leave Ukraine under a deal to unblock grain supplies and stave off a potential global food crisis arrived at its destination in Turkey on Monday, as Russia again accused Ukraine of shelling Europe's largest nuclear power station.

The Turkey-flagged Polarnet docked at Derince port in the Gulf of Izmit after setting off from Chornomorsk on Aug. 5 laden with 12,000 tons of corn. "This sends a message of hope to every family in the Middle East, Africa, and Asia: Ukraine won't abandon you," Ukrainian Foreign Minister Dmytro Kuleba tweeted. "If Russia sticks to its obligations, the 'grain corridor' will keep maintaining global food security."

Polarnet Captain Ahmet Yucel Alibeyler highlighted the risks faced by the three grain-carrying ships that left Ukraine.

"These were, of course, dangerous areas, corridors that had been cleared, demined," he said, adding that the convoy was escorted by a harbor pilot ship until it left the risky waters.

A total of 12 ships have now been authorized to sail under the grain deal between Ukraine and Russia, which was brokered by

Turkey and the United Nations - ten outbound and two headed for Ukraine. Some 322,000 metric tons of agricultural products have left Ukrainian ports, the bulk of it corn but also sunflower oil and soya.

Four ships that left Ukraine on Sunday are expected to anchor near Istanbul on Monday evening, Turkey's Defense Ministry said. They are due to be inspected on Tuesday.

Ships leaving Ukraine are checked by officials from the three countries and the U.N. To make sure they carry only grain, fertilizer or food and not any other commodities. Inbound vessels are checked to ensure

they are not carrying weapons.

But the grain deal remains far from plain sailing. The first ship to leave Ukraine, the Sierra Leone-flagged Razoni, which left on Aug. 1, will no longer dock in Lebanon and will change course, the director of the Tripoli Port told The Associated Press on Monday.

The Sierra Leonian-flagged Razoni ship, carrying 26,000 metric tons of corn for chicken feed that departed from Odesa last Monday was set to dock in the northern Lebanese port on Sunday. But according to Marine Traffic, it changed its status on Saturday to 'order,' meaning the ship was waiting for someone to

buy the corn.

"All that I know is that the ship is no longer coming here," Tripoli Port director Ahmad Tamer said.

Ukraine's embassy in Beirut tweeted Monday that the corn's final buyer in Lebanon refused to accept the cargo due to delivery delay beyond a contractual limit and that the shipper was now looking for another buyer.

The shipment had been a grain of hope for the economically-shattered tiny Mediterranean nation, also suffering from a food security crisis. Soaring food inflation, wheat shortages, and breadlines have crippled a population, of which

about half are food insecure, according to the United Nations World Food Program.

Meanwhile, Moscow again accused Ukrainian forces of shelling the territory of the Zaporizhzhia Nuclear Power Station from Marganets on the opposite bank of the Dniper River on Sunday.

The station, occupied for months by Russian forces, also came under fire late Saturday and each side accused the other of the attack.

Russian Defense Ministry spokesman Lt. Gen. Igor Konashenkov said in a statement Monday that the Ukrainian attack a day earlier caused a power surge and smoke erupted at the power plant's switch facility, causing an emergency shutdown.

Fire teams extinguished the fire, and the plant's personnel lowered the output of reactors No. 5 and No. 6 to 500 megawatt, Konashenkov said.

Rafael Grossi, director general of the International Atomic Energy Agency, recently warned that the way the plant was being run and the fighting going on around it posed grave health and environmental threats.

Kremlin spokesman Dmitry Peskov urged Western powers to force Kyiv to stop attacking the plant.

Water crisis looms for eastern Ukrainian city of Sloviansk

AP ■ SLOVIANSK (UKRAINE)

The echo of artillery shells thundering in the distance mingles with the din of people gathered around Sloviansk's public water pumps, piercing the uneasy quiet that smothers the nearly deserted streets of this eastern Ukrainian city.

The members of Sloviansk's dwindling population only emerge — a few minutes at a time — to fill up at the pumps that have been the city's only water source for more than two months. Fighting between Ukrainian and Russian forces near the key city in the Donetsk region has damaged vital infrastructure that has cut residents off from gas and water for months.

The water flows for now, but fears grow that come winter the city only seven miles (12 kilometers) from Russian-occupied territory could face a humanitarian crisis once the pipes begin to freeze over.

"The water infrastructure was destroyed by the constant

battles," said Lyubov Mahlii, a 76-year-old widow who gathers 20 liters (around five gallons) of water twice a day from a public tank near her apartment, dragging the plastic bottles up four flights of stairs on her own.

"When there are bombings and sirens, we keep carrying it," she said on Sunday. "It's a great risk for us, but what can we do?"

Only a fifth of the city's pre-invasion population of 100,000 remains. With heavy fighting raging only miles away as Russian forces continue their push on Donetsk — part of the industrial Donbas region where Moscow-backed separatists have been battling Ukrainian troops since 2014 — residents defy the shelling to make do with the only water source left. And local officials believe things will only get worse once the cold sets in.

Locals fill their bottles with hand pumps or from plastic tanks at one of five public wells before hauling them home in bicycle baskets, wheeled carts and even children's strollers.

Myanmar's ambassador to China dies

AP ■ BEIJING

Myanmar's ambassador to China has died, the Chinese government said on Monday.

"I can confirm what you mentioned," Foreign Ministry spokesperson Wang Wenbin said in response to a question about the reported death of Ambassador Myo Thant Pe.

He did not say when the diplomat had died or what the cause of death was.

Myo Thant Pe had been ambassador to China since 2019, Wang said.

"He dedicated himself to the development of China-Myanmar relations," he said. "We express our deep condolences and regret over his sudden passing and our sincere sympathies to his family."

China is one of Myanmar's closest allies and has expressed unequivocal support for the country's ruling military that seized power last year.

Fragile ceasefire between Israel, Gaza militants holding

AP ■ GAZA CITY

A fragile cease-fire deal to end nearly three days of fighting between Israel and Palestinian militants in Gaza held into Monday morning - a sign the latest round of violence may have abated.

The flare-up was the worst fighting between Israel and Gaza militant groups since Israel and Gaza's Hamas rulers fought an 11-day war last year, adding to the destruction and misery that have plagued blockaded Gaza for years.

Since Friday, Israeli aircraft had pummeled targets in Gaza while the Iran-backed Palestinian Islamic Jihad militant group fired hundreds of rockets at Israel. Over three days of fighting, 44 Palestinians were killed, including 15 children and four women, and 311 were wounded, the Palestinian Health Ministry said. Islamic Jihad said 12 of those killed were militants and Israel said some of the dead were killed by misfired rockets.

Israel on Monday said it was partially reopening crossings

into Gaza for humanitarian needs and would fully open them if calm was maintained.

Fuel trucks were seen entering a cargo crossing for the first time since crossings with the strip were closed last week, prompting a fuel shortage that ground Gaza's lone power plant to a halt on Saturday. The plant was set

to resume full operations later Monday. Gaza suffers from a chronic power crisis.

Life for hundreds of thousands of Israelis was disrupted during the violence. Security precautions imposed in recent days on residents of southern Israel were being gradually lifted Monday, the military said.

'Senseless to pressure' Lanka, says China after Colombo asks it to defer high-tech ship arrival

PTI ■ BEIJING

Riled by Sri Lanka's request to defer the planned docking of a high-tech Chinese research vessel at the strategic Hambantota Port, China on Monday took a dig at India, saying it was "senseless to pressure" Colombo by citing the issue of security concerns.

According to reports from Colombo, Sri Lanka has asked Beijing to defer the arrival of the Chinese space and satellite tracking research vessel 'Yuan Wang 5' which was scheduled to dock at the Hambantota Port from August 11 to 17 due to security concerns expressed by India.

Responding to the reports, Chinese Foreign Ministry spokesman Wang Wenbin told a media briefing here that Beijing has taken note of the reports and asserted that "the cooperation between China and Sri Lanka is independently chosen by the two countries and meets common interests. It does not target any third party".

It is "senseless to pressure Sri

Lanka" by citing the issue of security concerns, he said, in reference to the reports that Sri Lanka's move was attributed to concerns expressed by India.

"Sri Lanka is a sovereign state. It can develop relations with other countries in the light of its own development interests," he said.

"China urges relevant parties to see China's scientific explorations in a reasonable and sensible way and stop disturbing the normal exchange between China and Sri Lanka," Wang said.

Sri Lanka is a transport hub in the Indian Ocean. Many scientific exploration ships including those from China have stopped at the port of Sri Lanka for resupplies, he said. "China has always exercised the freedom of navigation in the high seas and fully respects the jurisdiction of coastal states for the scientific exploration activities within their waters," he said.

According to media reports, India informed Sri Lanka that the docking of the high-tech Chinese research vessel could pose a threat to its national security.

Sri Lanka received strong messages of protests from India as the ship was said to have the capability to track satellites and intercontinental ballistic missiles, the reports said.

UN chief urges nuke powers to abide by no-first-use pledge

AP ■ TOKYO

United Nations Secretary-General Antonio Guterres on Monday urged countries with nuclear weapons to stick to their no-first-use commitment of their atomic arsenals, warning that the nuclear arms race has returned amid growing international tension.

"This is the moment ... to ask the nuclear-armed countries to commit to the principle of non-first-use and to commit to not use and not threaten the non-nuclear countries," Guterres said at a news conference in Tokyo, two days after he visited Hiroshima to commemorate victims of the August 6, 1945, atomic bombing. "I think that nobody, nobody can accept the idea that a new nuclear war would happen. This will be the destruction of the planet," Guterres said.

"What is clear is if nobody

uses for the first time then there will be no nuclear war."

Fears of a third atomic bombing have been on the rise amid Russia's threats of a nuclear attack since its war on Ukraine began in February.

On Thursday, Moscow shelled the Ukrainian city of Zaporizhzhia, which holds Europe's largest nuclear plant. When asked about the attack, Guterres said, "Any attack to a nuclear plant is a suicidal thing." He said he fully supports the International Atomic Energy Agency in their effort to stabilise the plant and have access to the facility to exercise its mandate.

Two more Lankan protesters arrested as they brace for national day of protest on Tuesday

PTI ■ COLOMBO

Sri Lankan police on Monday arrested two more anti-government public protest leaders as they were preparing for a national day of protest on Tuesday, marking one month since the ouster of former President Gotabaya Rajapaksa.

August 9 marks one month since the ouster of Rajapaksa. He fled the island nation two days later and sent in his resignation from Singapore on July 14.

On July 9, the anti-government protesters stormed Rajapaksa's office-cum-official residence forcing him to flee after continuous protests since early April calling for his res-

ignation for his handling of the worst economic crisis faced by the island nation since 1948. At least two of the protesters who had defied a court order in May were arrested on Monday while a prominent trade union leader who was arrested last week and had been ordered remand till August 12 was given bail by the court. Mangala Maddumage and Piyath Nikeshala are the two protesters arrested on Monday.

The police said the magistrate's court had refused two applications to ban the protest action scheduled for Tuesday. The court while refusing the orders said the police have the necessary power to crack down on any unruly protests.

Protesters block roads in Iraq after third day of power cuts

AP ■ BAGHDAD

Demonstrators blocked roads as protests broke out in southern Iraq on Monday after power outages left many without electricity during scorching peak summer heat.

Temperatures reached 50 degrees Celsius (122 degrees Fahrenheit), nearly matching last year's record high. Southern provinces, where the heat wave is most intense in Iraq, suspended working hours.

The Electricity Ministry last week announced a state of alert, anticipating outages as temperatures rise.

In the oil-rich province of Basra, dozens of people took to the streets for a third straight day and burned tires, blocking the main road to the provincial capital, to protest the power cuts.

While protests against power cuts took place in the south, the followers of Shiite cleric Muqtada al-Sadr entered their ninth day of a sit-in outside the Iraqi parliament building to demand early elections.

Many protesters in Basra said they

supported al-Sadr's protest and demands and said they were tired of rampant government corruption. Protests in the south are common in the summer. In 2018, protests over the lack of basic services turned violent. In 2019, they paved the way for mass anti-government demonstrations in the capital.

"It's not the first time we protest and it won't be the last," said Ali Hussein, 35, in Basra. "We are continuing our protests for electricity and water, which are very basic demands."

China continues unprecedented military drills around Taiwan even after end of 4-day schedule

PTI ■ BEIJING

China on Monday continued its unprecedented military drills around Taiwan, extending the schedule of war games launched in retaliation to the visit by US House Speaker Nancy Pelosi to the breakaway island which Beijing claims is part of its territory.

The People's Liberation Army (PLA) Eastern Theatre Command, which oversees Taiwan, said on Monday it would continue drills in waters near Taiwan island, focusing on anti-submarine and air-to-ship strikes, state-run Global Times reported.

The PLA conducted joint drills involving all wings of its armed forces in six areas around the island from August 4 to 7.

The PLA's latest announcement notice did not specify the location of the exercises nor did it mention when they would end.

The PLA on Sunday proceeded with the plan and continued realistic combat-scenario joint exercises in the sea and air space around the island of Taiwan practicing island capturing drills and bomber deterrence flights in

Taiwan Strait, a rehearsal for real operation, state-run Global Times reported on Sunday.

The PLA Command in a late last night press release said its forces continued its joint combat training exercises as scheduled on Sunday in the waters and airspace around the Taiwan island.

The focus on Sunday was set on testing the capabilities of using joint fires to strike land targets and

striking long-range air targets, an early Monday state-run Xinhua news agency report said.

The air force under the theatre command deployed multiple types of warplanes, including early warning aircraft, bombers, jamming aircraft, fighter-bombers and fighter jets, to conduct drills on such combat missions as joint reconnaissance, airspace control operation, strikes

Australia calls for cooling off Taiwan Strait tensions

AP ■ CANBERRA

Australian Foreign Minister Penny Wong on Monday called for a cooling of tensions after Beijing accused her of "finger-pointing" in her criticism of China's military exercises in response to US House Speaker Nancy Pelosi's visit to Taiwan.

Wong criticised China's launch of ballistic missiles during the ongoing air and sea drills around Taiwan, which Beijing claims as part of its territory.

She also signed a joint statement with the US and Japan on Saturday that condemned firing of missiles into Japanese exclusive economic zones and accused China of "raising tension and destabilising the region". The Chinese Embassy in Australia replied to the trilateral statement, saying: "It is absolutely unacceptable for the finger-pointing on China's justified actions to safeguard state sovereignty and territorial integrity."

on ground targets, and air support and cover.

Supported by naval and air combat systems, the air strike forces, together with long-range multiple launch rocket systems and conventional missile troops, conducted drills of joint precision strikes on targets.

Multiple bomber formations flew across the Taiwan Strait from north to south and from south to

north, while several fighter jets conducted joint drills with destroyers and frigates.

The operation has tested the tactics of systems warfare under information-based conditions, and honed and improved the capabilities to destroy crucial island targets with precision strikes, Zhang Zhi, an air force officer of the PLA Eastern Theatre Command, said according to the report.

US-China relationship unlikely to improve soon: Singapore PM

PTI ■ SINGAPORE

The relationship between the US and China is unlikely to improve soon and the world is not likely to return to the low levels of inflation and interest rates it has enjoyed in recent decades, Singapore Prime Minister Lee Hsien Loong said on Monday, warning that a "storm is gathering around us".

China has announced halting of cooperation with the United States in a number of

areas, including dialogue between senior-level military commanders and climate talks, in retaliation to US House of Representatives Speaker Nancy Pelosi's visit to Taiwan.

Last week, Pelosi visited Taiwan, prompting Beijing to hold military exercises in waters around the self-ruled island.

"Around us, a storm is gathering. US-China relations are worsening, with intractable issues, deep suspicions and limited engagement between

them," said Lee in his National Day message.

Singaporeans also have to be prepared that the region may not be as peaceful and stable as it has been so far, he said on the eve of Singapore's 57th National Day. He said the world is not likely to return to the low levels of inflation and interest rates it has enjoyed in recent decades.

While Singapore has weathered the test of the COVID-19 pandemic, the road ahead will not be easy and Singaporeans have to stand united, Lee said.

Top TTP commander Omar Khorasani, 3 others killed in mysterious blast in Afghanistan: Report

PTI ■ ISLAMABAD

A top commander of the outlawed Tehreek-e-Taliban Pakistan (TTP) Omar Khalid Khorasani and three other top militant leaders have been killed in a mysterious blast in eastern Afghanistan's Paktika province, a Pakistani media report said on Monday.

A vehicle carrying senior commanders of the militant group, including Khorasani, was on Sunday targeted with a mysterious explosive device, according to Afghan officials and local sources, The Express Tribune newspaper reported.

The top militants were travelling in the Birmal district of the province for a meeting when their vehicle hit a roadside mine, the report said.

All aboard the vehicle, also carrying other TTP commanders such as Abdul Wali Mohmand, Mufti Hassan, and Hafiz Dawlat Khan, were killed in the explosion, The Express Tribune quoted a senior Afghan official as saying.

According to a local source, the TTP leaders were travelling "for consultation" when their vehicle hit a roadside mine on Sunday.

Khorasani, who belonged to the Mohmand tribal district, was considered a top member of the TTP — the militant group which wants to impose the law of Sharia across Pakistan. Khorasani, who carried a bounty of Rs 10 million on his head.

Hafiz Dawlat from the Orakzai tribal district was an important member of the group and a close trustee of Khorasani, while Mufti Hassan hailed from the Malakand division and pledged allegiance to Abu Bakr al-Baghdadi, the deceased leader of the Islamic State terrorist organisation.

TTP intelligence chief Abdul Rashid alias Uqabi Bajauri was also killed in a landmine blast in Kunar province of Afghanistan on Sunday morning, according to local Afghan sources.

The TTP is yet to confirm these targeted killings of its top commanders, an incident that would certainly undermine the Afghan Taliban-brokered peace negotiations between the TTP and the Pakistan government.

Allies accuse UK Parl panel of Johnson's 'witch-hunt'

PTI ■ LONDON

The allies of Boris Johnson have accused a UK Parliament committee of conducting a "witch-hunt" against the outgoing British Prime Minister.

Johnson, who resigned in early July triggering a leadership election for the governing Conservative Party to pick a new party leader and the Prime Minister, continues to be investigated by the House of Commons Privileges Committee over whether he knowingly misled Parliament when he denied any breaches of COVID lockdown laws at Downing Street - known as the Partygate scandal.

The members of Parliament close to the 58-year-old outgoing leader believe that probe must now be dropped as he is on his way out.

"If this witch hunt continues, it will be the most egregious abuse of power witnessed in Westminster," said UK Culture Secretary Nadine Dorries, one of Johnson's staunchest allies.

One year after Afghanistan, spy agencies pivot towards China

AP ■ WASHINGTON

In a recent closed-door meeting with leaders of the agency's counterterrorism center, the CIA's No 2 official made clear that fighting al-Qaida and other extremist groups would remain a priority — but that the agency's money and resources would be increasingly shifted to focusing on China.

The CIA drone attack that killed al-Qaida's leader showed that fighting terrorism is hardly an afterthought. But it didn't change the message the agency's deputy director, David Cohen, delivered at that meeting weeks earlier: While the US will continue to go after terrorists, the top priority is trying to better understand and counter Beijing.

One year after ending the war in Afghanistan, President Joe Biden and top national security officials speak less about counterterrorism and more about the political, economic and military threats posed by China as well as Russia. There's been a quiet pivot within intelligence agencies, which are moving hundreds of officers to China-focused positions, including

some who were previously working on terrorism.

The last week makes clear that the US has to deal with both at the same time. Days after Ayman al-Zawahri was killed in Kabul, China staged large-scale military exercises and threatened to cut off contacts with the US over House Speaker Nancy Pelosi's visit to Taiwan.

The US has long been alarmed by China's growing political and economic ambitions. China has tried to influence foreign elections, mounted campaigns of cyber and corporate espionage, and detained millions of minority Uyghurs in camps. Some experts also think Beijing will in coming years try to seize the self-ruled democratic island of Taiwan by force.

US Secretary of State Blinken sees South African counterpart

AP ■ JOHANNESBURG

South Africa's stance on Russia's war in Ukraine and the adverse effects of the conflict on African countries are expected to feature in a meeting between U.S. Secretary of State Antony Blinken and South Africa's Minister of International Relations Naledi Pandor on Monday.

Blinken is in South Africa as part of a three-nation tour of Africa including Congo and Rwanda in what is seen as a contest between Western nations and Russia to win support from African countries over the war in Ukraine. Blinken's tour follows similar trips to African countries by Russian Foreign Minister Sergey Lavrov and French President Emmanuel Macron. South Africa is among many African countries that have taken a neutral stance on the Ukraine war and avoided public criticism of Russia.

Singapore's Padang from where Netaji 'Delhi Chalo!' call to be declared nt'l monument

PTI ■ SINGAPORE

Singapore's iconic green site Padang from where Netaji Subhas Chandra Bose gave the slogan of 'Delhi Chalo!' in July 1943, will be declared a National Monument of Singapore on the city state's National Day on Tuesday.

The iconic site will be the first green, open space to join a list of 74 other national monuments of Singapore.

The monument will be preserved and accorded the high-

est level of protection in Singapore under the Preservation of Monuments Act in view of its "strong national, historical and social significance", said the National Heritage Board (NHB) on Monday.

"The Padang stands as a testament to Singapore's historical journey, anchoring our Singaporean identity and reflecting our place in the world," said Edwin Tong, Minister for Culture, Community and Youth, who attended a preview of some of the commemorative initiatives

on Monday.

The historic site is associated with key milestones in Singapore's history, including the victory parade celebrating the formal surrender of the Japanese in Singapore on September 12, 1945; the victory rally of the first fully elected Legislative Assembly on June 3, 1959; the installation of Yusof Ishak as the first Malayan-born Yang di-Pertuan Negara (head of state) and the unveiling of National Symbols on December 3, 1959 as well as the inaugural National Day Parade on August 9, 1966.

The Padang is also one of Singapore's oldest spaces for public recreation and celebrations, and has been hosting sporting events from the early colonial period. Professor Rajesh Rai, Head, South Asian Studies at the National University of Singapore, elaborated on the Padang's link to Indian National Army (INA).

Fire engulfs historic wooden bridge in southern China

AP ■ BEIJING

Authorities are investigating the cause of a fire that engulfed a covered wooden bridge with 900 years of history in southeastern China over the weekend.

The entire length of the Wan'an Bridge appeared to be in flames in video and photos of the Saturday night fire in Fujian province's Pingnan

county. No one was reported injured in the blaze.

The 98-metre bridge is the longest of its kind in China. It has been rebuilt many times over the centuries, most recently in 1932.

The wooden structure, standing on five stone pillars, crosses a river and had a roofed, open-air walkway.

The original bridge was built during the Song dynasty.

UK PM race: Sunak, Truss feel heat over cost-of-living crisis

PTI ■ LONDON

The race to elect a new Conservative Party leader, who will take charge as British Prime Minister early next month, heated up on Monday as the two finalists - Rishi Sunak and Liz Truss - clashed over their proposals to tackle the soaring cost-of-living crisis across the country.

The issue of inflation and how best to curb it has emerged as the main battle line in the race to 10 Downing Street, with both candidates offering different approaches. While Truss has pledged immediate tax cuts if elected, Sunak has promised more targeted support for the

most vulnerable households and tax cuts further down the line.

A fresh row brewed out over the weekend after Foreign Secretary Liz Truss told 'The Financial Times' that her plan to lower taxes rather than offer handouts was more Conservative. This prompted an immediate rebuke from former Chancellor Rishi Sunak that it is "simply wrong to rule out further direct support" for struggling families this winter.

"Families are facing a long, hard winter with rising bills. Yet Liz's plan to deal with that is to give a big bung to large businesses and the well-off, leaving those who most need help out in the cold," Sunak writes in 'The Sun'.

"Worse still, she has said she will not provide direct support payments to those who are feeling the pinch most. We need clear-eyed realism, not starry-eyed boosterism. That means bolder action to protect people from the worst of the winter. I have the right plan and experience to help people through," he said.

Verify transitional credit claims, CAG asks CBIC

New Delhi: The Comptroller and Auditor General (CAG) on Monday recommended that the indirect tax department should complete the verification of transitional credit allowed under the GST mechanism.

As part of transition to GST with effect from July 1, 2017, taxpayers were allowed to file Form TRAN-1 and avail tax credit on the basis of closing balance of the credit declared in the last return under the pre-Goods and Services Tax (GST) regime

In the Compliance Audit Report on GST for the year ended March 2021, tabled in Parliament on Monday, the CAG said audit review disclosed significant irregularities in the transitional credit claims of taxpayers.

It said that though the Central Board of Indirect Taxes and Customs (CBIC) in 2018-

19 had identified top 50,000 cases which claimed maximum transitional credit for verification, the exercise was not yet completed, and the department was yet to verify 8,849 cases.

“The rate of recovery of detected irregularities was low. Cross jurisdictional issues and lack of co-ordination in central tax jurisdictions in some zones impeded verification and initiation of recovery actions,” the CAG said.

Irregularities noticed were relatively higher in four categories viz; ineligible credit of duty paid goods in stock without documents, irregular claim on unavailed credit on capital goods, ineligible credit on inputs or input services in transit, and irregular claim on closing balances.

The audit recommends “ensuring verification of the high risk claims reflected in

Table 7aB of Tran 1 (credit on duty paid stock without invoices) and the cases where the transitional credit claim under Table 5a (closing credit balance of legacy returns) was in excess of the closing balance of legacy return.”

The CAG audit also found significant data inconsistencies between the taxable value and declared tax liability.

Inconsistencies were also noticed between the CGST and SGST components of GST, and between ITC figures captured in GSTR-3B and GSTR-9 returns.

“Due to significant inconsistencies in the GST data, audit could not establish the reliability of data, for the purpose of finding audit insights and trends in GST revenue, and assessing high risk areas such as tax liability and ITC mismatch at the pan-India level,” the CAG said. **PTI**

Foreign institutional investors remained net buyers in the capital markets as they bought shares worth Rs 1,605.81 crore on Friday, as per exchange data.

“Sustained FII buying and falling oil prices are the major drivers for the ongoing market rally. Heavyweights played a significant role in today's rise, while PSU banks remained under pressure following weak results of the PSB major,” said Vinod Nair, Head of Research at Geojit Financial Services. **PTI**

Rupee falls 40 paise to close at 79.64 against US dollar

Mumbai: The rupee fell 40 paise to close at 79.64 (provisional) against the US dollar on Monday amid waning risk appetite among investors.

Lower global crude prices and a rally in domestic equities restricted the losses to some extent, forex dealers said.

At the interbank foreign exchange market, the domestic currency opened weak at 79.50 per dollar. It oscillated between a high of 79.45 and a low of 79.65 during the session.

It finally settled at 79.64, down 40 paise over its previous close of 79.24.

The dollar index, which measures the greenback's strength against a basket of six currencies, slipped 0.25 per cent to 106.57.

Brent crude futures, the global oil benchmark, declined 0.54 per cent to USD 94.38 per barrel.

On the domestic equity

market front, the BSE Sensex ended 465.14 points or 0.80 per cent higher at 58,853.07, while the broader NSE Nifty advanced 127.60 points or 0.73 per cent to 17,525.10.

Foreign institutional investors remained net buyers in the capital market on Friday as they purchased shares worth ₹1,605.81 crore, as per exchange data.

After turning net buyers last month, foreign investors continued their positive stance on Indian equities and invested over ₹14,000 crore in the first week of August amid softening of the dollar index. **PTI**

JSW Steel outlays ₹20,000 crore capex for FY23: CMD Sajjan Jindal

New Delhi: JSW Steel will invest over ₹48,000 crore in the next three years as part of its capex plan, the company's Chairman and Managing Director (CMD) Sajjan Jindal has said.

Out of ₹ 48,700, ₹20,000 crore capex (capital expenditure) is for the 2022-23 financial year, he said.

Besides, JSW Steel is also eyeing to amalgamate JSW Ispat Special Products with it by the end of the ongoing fiscal.

According to a regulatory filing on Monday, Jindal addressing a shareholder's query said: “The total planned capex for the next three years is ₹48,700 crore, which includes ₹20,000 crore planned for this current financial year.”

The composite scheme of amalgamation between the company and JSW Ispat Special Products Limited (Monnet Ispat) is expected to be completed during this financial year, he said.

In August 2018, a joint consortium of AION Investments Private II Ltd (AION) and JSW Steel Limited acquired controlling stake in JSW Ispat Special Products

Limited (formerly known as Monnet Ispat & Energy Limited).

The consortium was the sole bidder for the 1.5-million-tonne asset in Chhattisgarh. The National Company Law Tribunal (NCLT) had approved a ₹2,875-crore bid to acquire the bankrupt Monnet Ispat & Energy, which owed over ₹11,000 crore to a clutch of lenders.

As per JSW Steel, “The 5 MTPA (million tonne per annum) brownfield expansion at Vijayanagar is progressing well, with civil works underway at the site. The project is expected to be completed by the end of FY2024.”

The remaining downstream projects at Vasind and Tarapur are expected to be completed in the second quarter of FY23. **PTI**

Equity mutual funds' inflow drops 43% to ₹8,898 crore in July

New Delhi: Equity mutual funds attracted ₹8,898 crore in July, a sharp decline of 43 per cent from the preceding month, amid volatile market conditions.

Although, this was the 17th straight month of positive inflow in equity schemes.

The net inflows in July were lower compared to the net inflow of ₹15,495 crore seen in June, ₹18,529 crore seen in May and ₹15,890 crore in April, according to data released by Association of Mutual Funds in India (Amfi) on Monday.

Equity schemes have been witnessing net inflow since March 2021, highlighting the positive sentiment among investors. Prior to this, such schemes had consistently witnessed outflows for eight months from July 2020 to February 2021, losing ₹46,791 crore. All the equity-oriented categories received net inflows in July with the Small Cap Fund category being the biggest beneficiary with a net inflow of ₹1,780 crore. This was followed by the Flexi Cap Fund fund that witnessed ₹1,381 crore net infusion. Besides, Large Cap Fund, Large & Mid Cap Fund and Mid Cap Fund witnessed over ₹1,000 crore net inflow each.

Apart from equity, debt mutual funds witnessed an inflow of ₹4,930 crore last month after witnessing a net outflow of ₹92,247 crore in June. However, Gold Exchange Traded Funds (ETFs) experienced a net outflow of ₹457 crore, which was in sharp contrast to a net infusion of Rs 135 crore seen last month. **PTI**

Paddy acreage down 13% so far this kharif season; oilseeds, coarse cereals area up

New Delhi: Area sown with paddy is down 13 per cent till August 5 of the ongoing kharif season as acreage continues to lag in states like West Bengal, Jharkhand, Bihar and Chhattisgarh due to deficient rains.

As per the data of the agriculture ministry, the area covered under paddy stood at 274.30 lakh hectare (LH) as on August 5, as against 314.14 LH in the year-ago period.

Less paddy acreage is reported from West Bengal (12.28 LH), Jharkhand (9.34 LH), Bihar (4.85 LH), Chhattisgarh (4.39 LH), Uttar Pradesh (3.82 LH), Madhya Pradesh (3.72 LH), Odisha (3.56 LH) and Telangana (2.89 LH).

India is the world's second largest producer and top exporter of rice. The country commands 40 per cent share in the global trade.

Rice output stood at record 129.66 million tonne in the 2021-22 crop year (July-June). India exported 21.2 million tonne of rice in 2021-22 fiscal year, of which 3.94 million tonne was basmati rice.

Apart from paddy, area sown with pulses is down marginally to 116.45 LH from 119.43 LH.

However, the acreage of coarse cereals, oilseeds, cotton, sugarcane and jute & mesta is higher. The data compiled by the ministry showed that the acreage of coarse cereals increased to 160.37 LH from

154.40 LH, while oilseeds sowing area was up at 174.79 LH from 173.82 LH.

Cotton sowing increased to 121.12 LH from 113.50 LH, while sugarcane area rose to 54.67 LH from 54.42 LH. Jute and mesta area declined to 6.92 LH from 6.94 LH.

Total area under coverage is down at 908.61 LH so far this kharif season as against 936.65 LH in the corresponding period of the previous year.

Lower acreage of paddy has raised concern about rice output and prices in the kharif season, which accounts for about about 80 per cent of the total production.

On the back of bumper production and high procurement in the last few years, the Centre is sitting on a stock of 47 million tonne of rice (including rice equivalent of unmilled paddy) as on July 1 as against the buffer norm of 13.5 million tonne.

The Centre can use rice

from its own godowns to intervene in the market, in case of price rise. Already, the Centre is supplying more rice instead of wheat through ration shops as its procurement of wheat fell sharply to 19 million tonne this year from 43 million tonne last year. Armed with high levels of stocks in the central pool, the government is providing rice at Rs 3 per kg under the food law and free of cost under the Prime Minister Garib Kalyan Anna Yojana (PMGKAY) to around 80 crore people, incurring huge amounts of subsidy.

The Centre is providing 5 kg of foodgrains (wheat and rice) per person per month under the National Food Security Law (NFSA) and another 5 kg per person per month under PMGKAY.

The PMGKAY is valid till September and it will be interesting to see whether the government further extends it or not, given the tight stock situation in wheat. **PTI**

Asian stocks mixed after US job gain paves way for rate hike

Beijing: Asian stocks were mixed on Monday after strong US jobs data cleared the way for more interest rate hikes and Chinese exports rose by double digits.

Shanghai and Tokyo advanced while Hong Kong and Seoul retreated. Oil prices edged higher.

Wall Street's benchmark S and P 500 lost 0.2 per cent on Friday after government data showed American employers added more jobs than expected in June. That undercut expectations a slowing economy might prompt the Fed to postpone or scale back plans for more rate hikes to cool inflation.

“Now it seems they will be

debating whether they need to be even more aggressive,” Edward Moya of Oanda said in a report.

The Shanghai Composite Index rose 0.2 per cent to 3,233.07 after China's July exports beat forecasts. Exports in July surged 18 per cent compared with a year earlier while imports rose just 2.3 per cent, reflecting weak global demand, Chinese customs data showed on Sunday. SINDHU’S WAIT IS OVER

Indian superstar wins her maiden Commonwealth Games Gold medal

PTI ■ BIRMINGHAM

Glasgow 2014 bronze, Gold Coast 2018 silver and Birmingham 2022 gold, PV Sindhu has finally achieved what she has been longing for at the Commonwealth Games.

But the yellow metal didn't come easy for Sindhu. It took her three attempts, 13 years of toil, and many sacrifices to claim the top prize at the multi-sport event.

Sindhu had won a gold in the mixed team event at the CWG in 2018, but it has been eluding her in singles since her Games debut.

But on Monday, the world number seven outplayed 13th ranked Michelle Li of Canada 21-15, 21-13 in front of a packed crowd at the NEC arena to fulfil her long-cherished dream.

"I've been waiting for this (gold) for a long time now. Of course I'm super happy. 'I've finally done it. From day one it was important to keep my tempo high and be confident that I can do it,'" an elated Sindhu said after claiming the top honour.

"We've waited four years now and we're finally here. The Commonwealth Games was really good for me, it was a good tournament."

Contrary to the final scoreline, Sindhu said overcoming Li was not an easy task.

"It was very important to be very focused and in the rhythm. We know each other's game.

There are no easy points so even though I was leading I made sure I was very focused."

The double Olympic medallist said she would take a short break now to re-energise herself before her next goal -- the World Championships -- to be held in Tokyo from August 21 to 28.

"I have the world championships soon, so I'm hoping for the best there. I need to enjoy this moment, take a bit of a break and come back stronger again," Sindhu said.

Sindhu said she can't wait to return home and celebrate her success with her parents.

"Definitely I'm going to celebrate. We will just go out as a team or something like that. I'll go back to India and celebrate with my family members.

"Soon we're going to go back home and I'm going to celebrate with my parents. They've really supported me and they're back there watching the match. It will really mean the world to meet them, it's their hard work and dedication, too," she said.

Lakshya Sen, who won the men's singles gold, rated the CWG medal as one of the "top ones" in his short international career so far.

"Each one of them has its own importance but this is one of the top ones," said Sen, who has a World Championships bronze and a Youth Olympic Games gold to his kitty.

Sen threw his racket in the crowd after claiming the gold and he said it was just an instantaneous reaction.

"I didn't really plan it well, everything was just coming to me, I just did it."

The 20-year-old shuttler from Almora lost the first game before getting his act right to emerge 19-21, 21-9, 21-16 winner over Malaysia's Ng Tze Yong.

"The length was not very good in the first game. In the second game I got a good length and tried to play more freely. That worked. The third

game was all about keeping the nerves and maintaining that three-point lead the whole time," Sen said.

"He (Young) won the first set and he had an advantage or luxury to not play that second set and to focus on the third game if he was not doing so well.

"I just focused on getting the lead and keeping the lead. When I got it I thought, 'now I have to not give him any easy points', and as the lead grew he gave up on the points and that gave me a lot of confidence," he said.

"The first five, six points were very important. Then he just gave up, he was trying to conserve his energy for the third game because I don't think he could see a light at the end of the tunnel for the second set. Then he came back very motivated for the third set."

Sindhu 'phenomenal', Sen 'India's pride': PM Modi

PTI ■ NEW DELHI

Prime Minister Narendra Modi on Monday heaped praise on India's medal winners at the Commonwealth Games, lauding P V Sindhu as "phenomenal" and Lakshya Sen as "India's pride" after both won gold in women's and men's singles in badminton.

He also praised the women cricket team for fetching silver, saying the first-ever CWG medal in cricket will always be special.

Congratulating Sharath Kamal for winning the gold medal in table tennis, the prime minister said it will be recorded in history as a very special one. "He has shown the power of patience, determination and resilience and also demonstrated great skills," Modi said, adding that this medal is a big boost for Indian table tennis.

Hailing Sharath Kamal and Sreeja Akula for winning the gold in mixed doubles table tennis, Modi lauded their grit and tenacity and said "they showed superb teamwork".

"Playing and winning together has its own joys," he said.

Sharath reaching the finals of all CWG events he competed in is outstanding, Modi added.

"Proud of the men's hockey team for a spirited performance through the CWG and winning a silver medal. I am confident this team will keep making India proud in the times to come and also inspire youngsters to pursue hockey," he said.

After ace badminton player Sindhu clinched gold with a convincing straight-game win over Canada's Michelle Li, Modi said, "The phenomenal P V Sindhu is a champion of champions! She repeatedly shows what excellence is all about. Her dedication and

commitment is awe-inspiring. Congratulations to her on winning the Gold medal at the CWG. Wishing her the best for her future endeavours."

"Elated by the accomplishment of Lakshya Sen. Congratulations on winning the Gold medal in Badminton. He's played excellently through the CWG and showed outstanding resilience during the Finals," Modi said in a tweet.

"He is India's pride. Best wishes to him for his future endeavours," he said after Sen came from behind to end Ng Tze Yong's giant-killing run in the men's singles badminton competition. The 20-year-old defeated the world number 42 from Malaysia 19-21, 21-9, 21-16.

Congratulating Kidambi Srikanth for winning a bronze medal in badminton, the prime minister called him "one of the stalwarts of Indian badminton".

"This is his fourth CWG medal thus showing his skill and consistency. May he keep inspiring budding athletes and make India even prouder," the prime minister added.

Praising the women cricket team, he tweeted, "Cricket and India are inseparable. Our women's cricket team played excellent cricket through the CWG and they bring home the prestigious silver medal. Being the first ever CWG medal in cricket, this one will always be special."

Lauding Treasa Jolly and Gayatri Gopichand for winning bronze in badminton doubles, Modi said he is proud of them.

"Before leaving for the CWG, Treasa told me about her friendship with Gayatri but she was not sure about how she will celebrate if she won a medal. I hope she's made her plans now," Modi said in a lighter vein with a video clip of their interaction ahead of the Games.

Sharath wins singles Gold after 16 years

PTI ■ BIRMINGHAM

Sharath Kamal showed age is just a number as the 40-year-old capped his best ever performance at the Commonwealth Games by winning the men's singles gold here on Monday.

After losing the first game that he should have closed, Sharath beat a much younger yet experienced Liam Pitchford of England 11-13, 11-7, 11-2, 11-6, 11-8 at the NEC arena.

Sharath, who had first won the singles gold back in 2006, had already claimed two golds here in the team and mixed doubles event alongside Sreeja Akula.

With this yellow metal, he increased his tally to a staggering 13 medals across five CWG appearances.

In the final, he was at his finest, firing winners from both sides. Long rallies away from the table was the order of the day and Sharath won majority of them. He was also brilliant in cutting the points short with perfectly placed backhand winners.

In what turned out to be the final game of the title clash, Sharath led 6-1 before Pitchford reduced the deficit to 5-6 by winning the best rally of the match. Sharath absorbed the pressure to make it 10-6 after time out.

He thought he had converted his second match point but the umpires awarded the point to his opponent as the ball was close to Sharath's body at the time of his retrieve.

He converted the next

one to complete a memorable run in Birmingham.

G Sathiyan secured the bronze after a marathon battle against England's Paul Drinkhall.

Sathiyan bagged his maiden CWG singles medal after beating home-favourite Drinkhall 4-3 in front of a packed crowd.

The Indian thus avenged his men's doubles final loss against the same opponent by winning 11-9 11-3 11-5, 8-11, 9-11, 10-12 and 11-9.

The bronze was Sathiyan's sixth overall medal at the CWG since Gold Coast 2018.

On Sunday, Sathiyan paired up with the Sharath to claim the men's doubles silver after going down to the English duo of Drinkhall and Pitchford.

Sagar wins Silver on international debut

PTI ■ BIRMINGHAM

Fast-rising Indian boxer Sagar Ahlawat concluded an impressive Commonwealth Games campaign by clinching the silver medal in the super-heavy weight (+92kg) division here.

Competing in his maiden international event, Sagar lost the gold medal bout to home favourite Delicious Orié via a 5-0 unanimous decision late on Sunday.

The 20-year-old, who surprised everyone with his powerful performance in the early

bouts, was forced to defend in the opening round as Orié assumed the role of the aggressor.

But the Indian defended well and also managed to land some counter punches with all five judges ruling in his favour.

However a minute into the second round, the Haryana

pugilist, who belongs to a family of farmers, seemed to have tired as he repeatedly resorted to clinching, which also earned him a warning by the referee.

By the third round, Sagar looked completely spent but managed to land a few jabs. He also started bleeding as one of Orié's punches left a cut above his left eye. The Englishman took full advantage of that connected a flurry of upper cuts to take the title.

Despite the loss in the final it was a successful campaign for the youngster, who took up the sport five years ago.

Australia hammer India 7-0 in men's hockey final

PTI ■ BIRMINGHAM

In one of its worst performances in recent times, the Indian men's hockey team suffered an embarrassing 0-7 drubbing at the hands of defending champions Australia to settle for a silver medal at the Commonwealth Games here on Monday.

Australia blew away India with their whirlwind speed and relentless attacks, extending their dominance of the CWG stage.

Since hockey's introduction at the Games in 1998, Australia has always stood on top of the podium.

This is India's third defeat against Australia in a CWG final, having lost to them in the 2010 and the 2014 editions of the Games.

Nathan Ephraums and Tom Wickham scored a brace

each while Blake Govers, Jacob Anderson, and Flynn Ogilvie also found the net in the lop-sided contest.

It was a far cry from what was expected in a gold medal clash as a dominant Australia pumped in five goals in the first half to take the game away from India.

The other time India suffered such a heavy defeat in CWG was in 2010 edition in New Delhi, where Australia hammered the hosts 8-0.

The Indians looked rusty and clueless as they conceded too much space to the Australians in the mid-field, which allowed the Kookaburras

to make inroads.

The structure which the Indians are known for was nowhere to be seen. The defence looked shaky, while there was no co-ordination between the midfield and forward-line.

The past problem of mis-passing and trapping returned to haunt the Indians. It allowed Australia to play free-flowing hockey.

The Indians made very few circle penetrations and whenever they did, they lacked the final pass or looked out of sorts.

Such was India's struggle that the team could not secure a single penalty corner.

Australia secured their three penalty corner inside the first 10 minutes and broke the deadlock from the third through Govers, whose flick went in between India custodian PR Sreejesh's legs.

A minute before the first quarter, Ephramus scored from a counter-attack from the right flank.

It was raining goals for Australia with Anderson making it 3-0 in the 22nd minute, scoring of a rebound, tapping in from close range after Sreejesh made the initial save.

Australia added two more goals to their tally in a span of two minutes before half time through Wickham (26th), who deflected in Tim Brand's pass, and Anderson (27th) to take complete control of the match at half-time.

In the 42nd minute, Ephramus scored his second goal with a neat deflection before Ogilvie added another four minutes later.

Six minutes later, Australia scored another but the goal was disallowed for backstick after India went for the referral.

Time to do more for chess in India: FIDE deputy president Anand

PTI ■ MAMALLAPURAM

Indian chess legend Viswanathan Anand, who has been elected deputy president of FIDE, on Monday said it is time to do more for the sport in the country.

"We are going to work as a team... Especially do more for India. There are plans to hold more tournaments. Our youngsters are playing very well. We have to use that momentum and do something.

"We have to see what we can do in association with the Tamil Nadu government," Anand, who was part of incumbent FIDE president Dvorkovich's team that contested the elections to the world chess body, told reporters here.

Dvorkovich won the elections convincingly on Sunday to retain his post.

"It is a good time for India, when everybody is talking about chess to do more for the sport,"

the five-time world champion said and underlined the presence of numerous players from Tamil Nadu in the various Indian teams competing at the 44th Olympiad.

Anand further said he was happy because the Olympiad was happening in Chennai and added that "it (the Olympiad) has been an out and out success."

Asked about his vision for India now that he has been elected as FIDE deputy president, he spoke about the need to push the game in schools and various other programmes that are already in place.

"In a sense, we are already one of the top (chess) nations. Now we are one of the top organising nations... With the Olympiad. The next step is to see how to cover the gaps. We need to push it in schools, social programmes that the president spoke about. "We are strong in some areas. Very happy with the way this Olympiad has been organised," Anand added.

HARMAN RULES TREND OF MISTAKES IN BIG FINAL

PTI ■ BIRMINGHAM

Heartbroken after a gold medal slipped out of their hands, India skipper Harmanpreet Kaur harped on the need to stop repeating same mistakes in 'title clashes', saying the 'mental block' has to be broken, going forward.

Indian team came to close winning coveted gold on women cricket's CWG debut but fell short by nine runs after being in a dominant position against mighty Australia. It was deja vu for Harmanpreet and Co.

who had suffered a similar inexplicable batting collapse during the T20 World Cup finals defeat against Australia in 2020 and the 2017 ODI World Cup final in England.

"Every time in big finals, we make the same mistakes again and again (with the bat), that is something we have to improve," Harmanpreet said after the match on Sunday.

"We don't do these mistakes in the league phase or in bilateral. That is blocking our mind somewhere," the skipper added.

With 50 needed off the last six overs with eight wickets in

hand, India seemed to be on course to title triumph but lost last five wickets for 13 runs owing to some poor shot selections.

Harmanpreet and Jemimah Rodrigues strung a 96-run partnership but both ended up play-

ing some poor shots to make their way back to the dugout. "I am someone who is always looking for one more batter in the side. Unfortunately, we're working on that. Once we get that, this thing [collapsing] will go away."

"After losing two crucial wickets, the way Jemi (Jemimah Rodrigues) and I batted was much needed at that time. You need to hold your nerves. We were nearly there."

"Maybe if Pooja (Vastrakar) or I were around, we could've won the game. But that is part of the game; sometimes some things you can't control. It is great learning for us," she added.

Although India ended on the losing side in the summit clash, Harmanpreet is 'happy and satisfied' with her side's CWG campaign.

"I know we were close to

winning gold, but all around our performance was great. This is the first time we got to play in this tournament and we're happy to have won a silver medal.

"A medal is something people back home will get inspired from and they could start playing cricket. As a team, we want to inspire young girls. Doing well

on this platform will motivate a lot of people back home."

All-rounder Tahliha McGrath was a part of the Australian playing XI despite testing positive for COVID-19.

"They informed us before the toss. That was something not in our control. The CWG had to take a decision and we were okay

with it since she wasn't very ill, so we decided to play. We had to show sportsman spirit."

"I'm happy we didn't say no to Tahliha, (it missing the final) would've even very hard-hitting for her."

India put up a spirited fielding display that helped them restrict Australia 161 for 8.

Bumrah ruled out of Asia Cup 2022 due to back injury

PTI ■ NEW DELHI

Former skipper Virat Kohli and a fit-again vice-captain KL Rahul were back in the 15-member Indian squad for the Asia Cup while senior pacer Jasprit Bumrah missed out owing to back injury.

Rahul, who did not feature in the T20 series against West Indies due to COVID-19, has recuperated from sports hernia surgery and is back as vice-captain.

The notable names dropped from the main squad are batter Shreyas Iyer and left-arm spinner Axar Patel. Seamer Deepak Chahar, who has had a four month lay-off due to hamstring tear and back injury was also among reserves.

The other absentee from the squad is pacer Harshal Patel owing to rib injury.

India: Rohit Sharma (C), KL Rahul (VC), Virat Kohli,

Suryakumar Yadav, Deepak Hooda, R Pant (wk), Dinesh Karthik, Hardik Pandya, R Jadeja, R Ashwin, Y Chahal, R Bishnoi, Bhuvneshwar Kumar, Arshdeep Singh, Avesh Khan.

BUMRAH OUT

Senior fast bowler Jasprit Bumrah is set to be ruled out of the Asia Cup T20 tournament with a back injury, which would require some time to heal.

"Jasprit Bumrah has a back injury and will not play in the Asia Cup. He is our main bowler and we would like him to be back in action before T20 World Cup. We can't risk him in Asia

Cup and the injury could aggravate," a senior BCCI official told PTI on the condition of anonymity.

Bumrah last played in the ODI away series against England before being rested from the rubber against West Indies and the upcoming one against Zimbabwe.

However, it is understood that the back issue will keep him out for some time and he will need to do rehabilitation work at the National Cricket Academy in Bengaluru before being deemed fit for the white-ball home series against Australia and south Africa in September-October.

Bumrah had had similar issues few years ago and was out for a considerable amount of time.

Currently, the pacer is holidaying with his family in the United States.

Bumrah's injury is a setback for the Indian team as he would

need some matches to get into the groove after a long lay-off which will be more than two months.
