## Chinks in Nitish armour! 5 MLAs, Kushwaha absent

7 Yadavs, 6 upper castes, 5 Muslims, and 5 Dalits take oath of office

DEEPAK KUMAR JHA ■  
PATNA/NEW DELHI

On a day when the new Mahagathbandhan Cabinet led by Nitish Kumar took oath in Patna, chinks were visible in the Janata Dal (United) with its Parliamentary Board Chairman Upendra Kushwaha “skipping” the oath ceremony. Thirty one Ministers from the alliance partners RJD, JD(U), Congress took oath of office and secrecy on Tuesday. There are seven Yadav Ministers, five Muslims and six upper castes and five Dalits. Chief Minister Nitish Kumar kept the crucial Home Department with himself and Deputy Chief Minister Tejashwi Yadav has taken charge of the Health Department in the first Cabinet expansion of the newly formed Mahagathbandhan Government.

Kushwaha, a former Union Minister in the Modi Government, had merged his RLSP party last year in March, chose to express his “disappointment” on not being given a responsibility in the new setup by flying to Maharashtra with his family. Kushwaha

Bihar Chief Minister Nitish Kumar with Deputy Chief Minister Tejashwi Yadav, HAM-S Chief Jitan Ram Manjhi and RJD leader Rabri Devi during the swearing-in ceremony of Bihar Cabinet Ministers at Raj Bhavan in Patna on Tuesday PTI

extended his congratulatory message to the new Bihar Ministers through social media, but sources said that all was not well within the JD(U).

At least five JD(U) MLAs didn't attend the swearing-in ceremony at Raj Bhavan. They were reportedly unhappy over being denied a cabinet berth. The MLAs are: Dr Sanjeev Kumar, Pankaj Kumar Mishra, Sudarshan Kumar, Raj Kumar Singh and Shalini Mishra.

Sources said several leaders of Kuswaha caste held a meeting in a hotel in Patna on August 12 night and later conveyed to Kumar against Kuswaha's induction. However, those familiar with the functioning Kumar would vow that he is not likely to succumb to such pressure unless there is some other hidden agenda.

“Congratulations to all the new Ministers inducted

under the Kumar. But be cautious as you are not only watched in Bihar but will be by the entire nation as the job is not finished just here,” Kushwaha tweeted.

The JD(U) downplayed his absence in the ceremony and said he was outstation on an earlier scheduled programme. Sources said the party may consider giving Kushwaha some important role for the 2024 Lok Sabha polls.

## 7 jawans dead as bus plunges into 250-ft gorge in Pahalgam

9 critical; 37 ITBP jawans and 2 J&K cops were returning from Amarnath duty

PIONEER NEWS SERVICE ■  
SRINAGAR

At least seven jawans of Indo-Tibetan Border Police (ITBP) were killed while nine critically injured after their vehicle plunged into a 250 feet gorge near Frislan in Pahalgam early Tuesday morning. The injured were airlifted to Army's command hospital in Srinagar

As many as 41 people, including 37 jawans of 4th and 5th battalions of ITBP, were returning from Amarnath yatra duty, along with two J&K cops and two bus staffers at the time of the accident which took place around 9.40 am.

Official sources said the bus bearing registration no JK03A 3296 of IRP 3rd Battalion skidded off the road, 6 kms short of Pahalgam, and plunged down 250 feet. The bus ended up in the Nallah. Soon after the incident was reported several rescue teams were rushed to the spot to ferry the injured to the nearby hospital.

Initially, nine critically injured jawans were airlifted to the command hospital in Srinagar while others received treatment in the GMC, Anantnag. Later, all others were shifted to the command

Rescue work underway after a bus carrying 39 personnel skidded off a road down to riverbed, near Chandanwari, in Anantnag district of J&K on Tuesday PTI

hospital via helicopters to provide better treatment facilities.

DG ITBP has expressed his condolences to the families of the jawans who died in the tragic accident.

All possible assistance is being provided to the injured, ITBP spokesman said.

Later, Lieutenant Governor, Manoj Sinha visited

Army Hospital Srinagar and enquired about the well-being of ITBP personnel injured in a tragic road accident near Chandanwari.

Lt General Amardeep Singh Aujla, GOC 15 Corps was also present.

The Lt Governor expressed grief over the loss of lives of the ITBP personnel in the unfortunate incident and extended

his condolences to the members of bereaved families.

“Deeply anguished by the bus accident near Chandanwari in which we have lost our brave ITBP personnel. My condolences to the bereaved families and prayers for the speedy recovery of the injured. All possible assistance is being provided to the injured personnel,” said the Lt Governor.

## FIFA suspends India, stops it from hosting U-17 Women's Cup

PIONEER NEWS SERVICE ■  
NEW DELHI

World football governing body FIFA on Tuesday suspended All India Football Federation (AIFF) for “undue influence from third parties” and “flagrant violations of the FIFA Statutes”.

With this suspension, the U-17 Women's World Cup cannot be held in India as planned from October 11-30.

This is the first time the FIFA has banned AIFF in its 85 years history. A ban on India has been on the cards since the Supreme Court removed Praful Patel as AIFF president on May 18 for not holding elec-

tions, due in December 2020.

Alarmed by the development, the Centre on Tuesday sought urgent hearing in the Supreme Court on the matter.

“The Bureau of the FIFA Council has unanimously decided to suspend the All India Football Federation with immediate effect due to undue influence from third parties, which constitutes a serious violation of the FIFA Statutes,” the FIFA said in a statement.

The Bureau of the FIFA Council said the lifting of the suspension will be subject to repealing of the Committee of Administrators' (CoA) mandate in full.

## Chinese ‘spy ship’ docks, Lankan Prez tries to allay India's fears

After India's concerns, some Lankan MPs too objected to Chinese ‘spy ship’ arrival at Lanka's Hambantota port

PIONEER NEWS SERVICE /  
AGENCIES ■  
NEW DELHI/COLOMBO

Amid concerns in India, a Chinese ‘spy ship’ docked at a Sri Lankan port on Tuesday. Some Lankan Parliamentarians there objected to the arrival of the research ship, but the Chinese envoy to Colombo termed the visit as “very natural”.

Sri Lankan President Ranil Wickremesinghe tried to allay India's fears and said China will not be allowed to use the facil-

ity for “military purposes”.

Making this assertion, he told a foreign newspaper on Sunday, “The present ship did not come under the category of military. It came under the category of a research ship. That is how we permitted the ship to come to Hambantota.”

China on Tuesday said the activities of its high-tech research vessel will not affect the security of any country and should not be “obstructed” by any “third party,” as the ship berthed at Sri Lanka's southern port of Hambantota amid Indian and US concerns.

The ship reached the Hambantota deep water port in southern part of the country, about 250 km from Colombo, at 8.20 am local time and will leave for onward journey on August 22 after

Sri Lankan port workers hold a Chinese national flag to welcome Chinese research ship Yuan Wang 5 as it arrives in Hambantota International Port in Hambantota, Sri Lanka, on Tuesday PTI

replenishments.

India is wary of the capabilities of the ship Yuan Wang 5 as it can track ballistic missiles and satellites, thereby snooping on Indian military installations.

Notwithstanding these apprehensions, India on Monday gifted a Dornier aircraft to enhance the surveillance and reconnaissance capabilities of the Sri Lankan air force and navy.

## 4 killed, 2 injured as car crushed under truck in Gurugram

PARVESH SHARMA ■  
GURUGRAM

In a tragic road accident, four people, three of them software engineers, died and two others were injured after a truck fell on the car they were travelling in Gurugram. Three of the deceased were IIT alumni and worked in Adobe in Noida.

The deceased have been identified as Deepak (25), Adarsh (23), Kumar Purjeet and Muskaan (24) while the victims are Priyanka (22) and Jasnoor. Priyanka suffered a fracture in her foot, while the other injured person is stable.

According to the police, the incident took place around 1.40 am near Sidhrawali village on the highway when an Innova car carrying four men and two women was travelling

from Jaipur to Delhi. A truck carrying sacks of corn, which was going from Delhi to Jaipur, crossed the divider on the highway before crashing down on the car.

Bodies of the deceased have been kept in a mortuary while the injured were rushed to hospital for treatment, police said. “We have informed the deceased's families and injured. Proceedings for registering an FIR is underway,” Inspector Ajay Malik, SHO of Bilaspur police station, said.

“The car was completely crushed and the injured were retrieved from the mangled remains of the car. All the injured were rushed to a private hospital in Bilaspur where four people succumbed to the injuries,” a police officer said.

## CAPSULE

### NEED TO EXAMINE DYING DECLARATION TRUE: SC

New Delhi: A dying declaration can be the sole basis for recording a conviction and a court is required to examine whether it is true and reliable, the Supreme Court said on Tuesday. P5

### ₹1.026 CRORE DRUG HAUL IN ANKLESHWAR

Mumbai: The Anti-Narcotics Cell of the Mumbai Police's crime branch on Tuesday busted a synthetic drug factory at Ankleshwar in adjoining Gujarat and seized 513 kg of Mephedrone worth ₹1,026 crore and arrested one person. P5

### 3 COVID DEATHS, 19.2% POSITIVITY IN DELHI

New Delhi: Delhi on Tuesday reported 917 Covid-19 cases with a positivity rate of 19.20 per cent and three deaths due to the infection, according to data shared by the city health department. Delhi on Thursday reported 2,726 fresh cases, the highest in nearly six-and-a-half months, and six fatalities due to the viral disease, while the positivity rate at 14.38 per cent.

## Talaq-e-Hasan not akin to triple talaq, women also have option of khula: SC

PIONEER NEWS SERVICE ■  
NEW DELHI

The Supreme Court on Tuesday said the practice of divorce in Muslims through Talaq-e-Hasan — which is pronounced once a month over a period of three months — is not akin to triple talaq and the women also have an option of “khula”. In Islam, a man can take “talaq”, while a woman can part ways with her husband through “khula”.

A bench of Justices SK Kaul and MM Sundresh said if husband and wife cannot live together, it can also grant divorce on the ground of irretrievable breakdown under Article 142 of the Constitution.

The top court was hearing a plea seeking to declare Talaq-e-Hasan and all other forms of “unilateral extra-judicial talaq as void and unconstitutional”, claiming they were “arbitrary, irrational, and violated fundamental rights”.

“This is not triple talaq in that sense. Marriage being contractual in nature, you also have an option of khula. If two people cannot live together, we are also granting divorce on grounds of irretrievable breakdown of marriage. Are you open to divorce by mutual consent if ‘mehar’ (gift given in cash or kind by groom to bride) is taken care of? Prima facie, I don't agree with petitioners. I don't want this to become an agenda for any other reason,” the bench observed.

## Minister's ‘just managing Govt’ remarks shame Karnataka Govt

PTI ■ BENGALURU

With a Karnataka Minister's alleged remarks that the “government is not functioning, we are somehow managing”, causing an embarrassment to his administration, Chief Minister Basavaraj Bommai on Tuesday tried to do damage control by stating that the comments were made in a “different context”.

He also said that he will talk to other Ministers, who are upset about the remarks made by Law & Parliamentary Affairs Minister JC Madhuswamy, and have openly expressed their displeasure against him.

Madhuswamy's comments have drawn criticism from some Ministers, with Horticulture Minister Munirathna even advising him to quit the Ministry.

## Terror hits Kashmiri Pandits again; 1 killed, another hurt

MOHIT KANDHARI ■  
SRINAGAR

A 45-year-old Kashmiri Pandit identified as Sunil Kumar Bhat was shot dead in cold blood by “unidentified” terrorists while his brother Pintu Kumar received critical gunshot injuries inside their apple orchard in the South Kashmir district of Shopian on Tuesday.

The duo were working in the orchard located close to their homes when they were targeted. Sunil Bhat, the sole earning member of the family, is survived by four daughters, wife and an elder brother.

The attack comes close on the heels of the culmination of successful Har Ghar Tiranga campaign across Kashmir.

According to police, “Terrorists fired upon civilians in an apple orchard in Chotipora area of Shopian on Tuesday. One person died and

Pintu Kumar, a Kashmiri Pandit shot at by terrorists, being treated at a hospital, in Shopian on Tuesday. His brother Sunil Kumar died in the terror attack PTI

one was injured. Both were members of the minority community living in the Kashmir valley. Injured person has been shifted to hospital.”

In a similar attack which

took place in the first week of April 2022, a close relative of Sunil Bhat was targeted by two motorcycle-borne terrorists inside his chemist shop in Shopian.

## Mother Dairy, Amul increase milk prices by ₹2 a litre

PTI ■ NEW DELHI

Leading milk suppliers LAmul and Mother Dairy will increase milk prices by ₹2 per litre with effect from Wednesday on account of rising input costs.

This is the second hike by Amul and Mother Dairy in nearly six months. In the beginning of March, both had increased milk prices by ₹2 per litre.

The Gujarat Cooperative Milk Marketing Federation (GCMMF), which sells milk and other dairy products under the Amul brand, on Tuesday said it has decided to increase the milk prices by ₹2 per litre in Ahmedabad and Saurashtra of Gujarat, Delhi-NCR, Bengal, Mumbai and other markets effective from August 17.

# Five Punjab Cabinet ministers list achievements of 5 months

PNS ■ CHANDIGARH

On completion of five months of the Aam Aadmi Party (AAP) Government in Punjab, five Cabinet Ministers on Tuesday presented report cards of their respective Ministries, listing out various "achievements".

Punjab Finance Minister Harpal Singh Cheema, Health Minister Chetan Singh Jouramajra, Agriculture Minister Kuldeep Singh Dhaliwal, Power Minister Harbhajan Singh ETO, and Mining and Jails Minister Harjot Singh Bains addressed the media together and talked about the works undertaken in their respective departments and the pre-poll promises fulfilled in the last five months.

While Cheema made claims about the state's improving fiscal position with rise in Goods and Services Tax (GST)

and excise collections coupled with repayment of debt, the Bains shared information regarding the steps being taken to end the mining mafia and stop use of mobile phones by prison inmates.

Dhaliwal claimed that Panchayat Department has recovered 9,053 acres of panchayat land from encroachers in the state. Harbhajan Singh maintained that the promise of free electricity of 300 units per month to each household has been implemented which will put an additional financial burden of Rs 5,629 crore on the state exchequer. Jouramajra talked about 100 'Aam Aadmi' clinics to provide quality healthcare to the people free of cost, besides establishing medical colleges in each district.

Notably, Bhagwant Mann had taken the oath as the Chief Minister on March 16 after AAP stormed to power by

winning 92 of 117 assembly seats in Punjab.

Cheema said that AAP Government has five months and the Chief Minister has taken "big and historic decisions in favour of the people of Punjab" in this period. "In the last five months, the State Government repaid Rs 12,339 crore of debt, including principal amount, as against fresh borrowings of Rs 10,729 crore," he said.

"A growth of 24.15 per cent was witnessed in GST collection during the last five months. There was a growth of 43.47 per cent in collection from excise revenue in the last five months," he said, claiming that the liquor mafia has been removed.

Dhaliwal, the Agriculture, Rural Development and NRI Affairs Minister, said the State Government has ordered an audit of private sugar mills to

find out sugarcane arrival and production of sugar. It has been decided to conduct an audit of private sugar mills to gather complete details about their functioning, he said.

He said that NRI Punjabis are contacting him to contribute to the development of the State for which a new policy will be introduced next week. A special trust is being established in which NRIs will be able to contribute and money will be spent on improving health and education facilities in the state, he said. Bains, Mining and Jails Minister, said that the highest-ever 2,829 mobile phones were recovered from different jails in the state. "Talks are on with government companies like ECIL for jamming mobile signals in jails," he said adding that there was a zero-tolerance policy towards the use of mobile phones by inmates.

On illegal sand mining, Bains said that 328 FIRs have been lodged and three crushers sealed in the last five months. He claimed that 90 per cent of illegal mining has been stopped in the state and "revenue generated from the mining sector will be spent on development works".

Bains, who also holds the portfolio of school education, said that 100 schools of eminence will be set up which will be as good as private schools.

A detailed survey of a total 19,123 schools of the state is being conducted with an aim of improving school education and getting information about the condition of the schools.

Bains, who also holds the Water Resources portfolio, said that the work on the Shahpur Kandi Dam project has been intensified and it will be completed in the next one-and-a-half years.

## Haryana CM honours medal winning players of Commonwealth Games with cash prizes

PNS ■ CHANDIGARH

While honouring the medal winning players of Commonwealth Games with cash prizes and mementos, Haryana Chief Minister Manohar Lal Khattar on Tuesday said that Haryana is the sports capital of the country, from which the rest of the nation is drawing inspiration. He gave the slogan of 'Padak Lao Padak Badhao' to the players of the state. For this the medal winning players will have to prepare 5 to 10 players like themselves and this can be possible when sport is taken up as a career, he added.

Addressing a function organised in Gurugram in honour of the medal winners and sportspersons of Commonwealth Games, Khattar said that the players of Haryana have become the talk of the country. Along with this, the incentives and facilities being given by the government from the school level right up till preparations for the

Olympics are also being appreciated. There is a festive atmosphere in the entire state because of the achievements of the players who have brought laurels not only to Haryana but to India with their sports performance

The Commonwealth Games gold medalists were given a cash prize of Rs 1.50 crore, silver medalist Rs. 75 lakh and bronze medalist Rs. 50 lakh. On the other hand, the person who came fourth was given an amount of Rs. 15 lakh.

Along with this, an amount of Rs. 7.50 lakh was given to the players participating in the Commonwealth Games. In the Birmingham Commonwealth Games-2022, a total of 29 players including the players of the Indian women's hockey team from Haryana have won medals. According to the sports policy of the state, a total cash prize of Rs. 25.80 crore has been awarded to the players. Along with this, the players were also given job appointment letters.

## Haryana becoming first choice for foreign investors, says CM

PNS ■ GURUGRAM / CHANDIGARH

Haryana is becoming the first choice for foreign investors willing to set up new businesses and also for multinational companies having expansion plans, chief minister Manohar Lal Khattar said on Tuesday.

At the ground-breaking ceremony of a commercial centre for business, meetings and shopping, being set up by

Ingka Centres, part of Ingka Group which operates the retail business of Swedish furniture major Ikea, Khattar said, "I am delighted to support Ingka Centres and Ikea to begin construction of what will become a world-class retail and leisure destination to meet the needs of consumers in the state and the region. The project will significantly boost employment and investments in the region. Our government has implemented a number of measures

to enable 'ease of doing business' in the state and this project is yet another validation of our development plans for the region.

Klas Molin, Ambassador of Sweden in India; Susanne Pulverer, CEO and Chief Sustainability Officer, Ikea India; and Jan Kristensson, director of Ingka Centres Global Expansion, were present at the event.

According to Ingka Centres, the facility which is

being set up with a total investment of about 400 million euros (Rs 3,500 crore) will become Gurugram's newest landmark with dynamic retail, green areas, and workspaces as well as spaces for community events.

Once open, it is expected to generate around 2,500 jobs and create a sense of belonging amongst Gurugram and Delhi National Capital Region's growing population, the company said.

## Punjab Assembly to be paperless soon

PNS ■ CHANDIGARH

Punjab Vidhan Sabha Speaker Kultar Singh Sandhwan on Tuesday said that soon, the entire official working of the Vidhan Sabha will be paperless and the work of installing computers on the tables of all legislators is in full swing.

After the meeting of the Committee on Computerization and

Digitization in the Punjab Vidhan Sabha, all the members also reviewed the work of installing computers in the assembly hall.

Sandhwan, presiding over the meeting, urged the concerned departments to intensify efforts to implement the National e-Vidhan Application so that the entire proceedings of the Vidhan Sabha could be paper-free at the earliest. Finance Minister Harpal Singh

Cheema assured that there would be no dearth of funds for all this work.

The meeting was attended by Finance Minister Harpal Singh Cheema, Administrative Reforms Minister Gurmeet Singh Meet Hayer, Parliamentary Affairs Minister Inderbir Singh Nijjar, PWD Minister Harbhajan Singh ETO, Leader of Opposition Partap Singh Bajwa, MLA Narinder Kaur Bharaj,

Principal Secretary PWD Anurag Verma, Principal Secretary Administrative Reforms Tejveer Singh, Principal Secretary Finance Ajoy Kumar Sinha, Director, Administrative Reforms Girish Dayalan, and Punjab Vidhan Sabha Secretary Surinder Pal. Soon entire official working of the Vidhan Sabha will be paperless and work of installing computers on tables of all MLAs is in full swing.

## UM Rupala assures help to Punjab, Haryana to tackle Lumpy skin disease

PNS ■ CHANDIGARH

Union Minister for Fisheries, Animal Husbandry and Dairying Parshottam Rupala on Tuesday reviewed the vaccination of cattle in Punjab and Haryana in the wake of lumpy skin disease affecting a large number of animals and assured help from the Centre. Rupala held meetings with Punjab Animal Husbandry Minister Laljit Singh Bhullar and Haryana's Animal Husbandry Minister J P Dalal here to review the situation in the two neighbouring states including availability of vaccine and arrangements being made by the state governments for prevention of the disease.

He later said that during his visit and meeting with the two ministers and officials from the two states he took a review of the vaccination process along with the available facilities for cows. Rupala said he assured them of the Centre's total help for the eradication of the disease and also encouraged them to carry out a larger number of vaccinations. Punjab minister Bhullar raised the demand for arranging goat pox vaccine in adequate quantity for more than 25 lakh livestock.

Bhullar said the state government has administered 2.05 lakh doses of vaccine to cattle till Monday evening. Fazilka, Sri Muktsar Sahib, Faridkot, Ferozepur, Bathinda, Tarn Taran, Jalandhar and Amritsar are the most affected districts, he said. Rupala directed the officials concerned from the two states to prepare isolation wards for affected animals to prevent the disease from spreading further.

## Khattar distributes 67 tablets to Patwaris and Kanungos under e-Governance

PNS ■ CHANDIGARH

Haryana Chief Minister Manohar Lal Khattar on Tuesday distributed 67 tablets under e-Governance to Patwaris and Kanungos in Gurugram. During this, he advised the patwaris to work in a careful manner and said that if they do not work properly, then mistakes will be caught by the computers. If a patwari inadvertently makes a mistake while entering the data, then the Deputy Commissioner will support them. Khattar said that there have been revolutionary changes in technology as well, in such a situation that due to the availability of tablets to the patwaris, the work will be done on time and there will be less chances of mistakes in record keeping.

## BRIEFS

In the first phase, an assessment of disabled persons will be done; and in the second phase, artificial limbs will be distributed. PNS

**Punjab CS reviews work of Homi Bhabha Cancer Hospital and Research Center**

**Chandigarh:** Punjab Chief Secretary Vijay Kumar Janjua on Tuesday reviewed the progress of Homi Bhabha Cancer Hospital and Research Center which is expected to bolster the cost-effective cancer treatment in the State. After the meeting, the CS visited the site of the project at Mullanpur (New Chandigarh) to gain firsthand knowledge of the ground reality. He also visited the patients being treated in various departments. PNS

# Opp raps PM over rape convicts' release

Real face of BJP's India visible after big speech on 'Nari Shakti': Opp

PIONEER NEWS SERVICE ■ NEW DELHI

Opposition parties on Tuesday hit out at Prime Minister Narendra Modi over the release of 11 people convicted for rape and murder in the Bilkis Bano case of the 2002 Gujarat riots within hours of his praise for "Nari Shakti" in his Independence Day speech and said this is the "real face" of New India under the BJP.

The attack by the opposition parties came a day after the BJP-led Gujarat Government released the convicts, serving life imprisonment for the gang

rape of a pregnant Bilkis Bano and murder of seven of her family, under its remission policy. The convicts, who were also charged with killing the pregnant Muslim woman's three-year-old daughter, were welcomed with sweets and garlands outside the jail.

Congress spokesperson Pawan Khara said Prime Minister Modi should tell the country if he himself believed in his words when he spoke about the safety, respect and

empowerment of women.

"The BJP Government in Gujarat released 11 convicts in the Bilkis Bano gang rape case. This decision brings out the BJP Government's mindset," he said at AICC Press briefing.

The party also referred to the Kathua and Unnao cases and said it embarrasses everyone in politics when office-bearers and supporters of a national political party are seen taking out a rally in favour of rapists on the streets.

"Yesterday, from the ramparts of the Red Fort, the Prime Minister spoke big things about women's safety, women's power, women's respect. A few hours later Gujarat government released those behind rape.

We also saw that convicts in rape who were released are being honoured. Is this Amrit Mahotsav," Khara said.

Shiv Sena leader and a Rajya Sabha member Priyanka Chaturvedi reminded the fact that guidelines on prisoner release stipulates that rape convicted aren't eligible for remission. "nari Shakti. Not," she tweeted while taking a swipe on Modi's Independence Day speech.

While CPI(M) also strongly condemned the release of the convicts, saying "this is the real face of New India — convicted killers and rapists released" and activist Teesta Setalvad "who fought for justice was jailed", Trinamool Congress

spokesperson Saket Gokhale said Bilkis Bano was "raped in the 2002 Gujarat pogrom and her entire family was murdered and buried in a mass grave".

All India Majlis-e-Ittehadul Muslimeen (AIMIM) chief Asaduddin Owaisi also targeted Prime Minister Modi over their release.

In his Independence Day speech, Modi had asked Indians to take a pledge not to do anything that lowers dignity of women, Owaisi said.

"He said something about supporting 'Nari Shakti'. Gujarat BJP Govt released criminals convicted of gang rape on the same day. The message is clear," Owaisi tweeted.

Bahujan Samaj Party MP Danish Ali also referred to Prime Minister's remarks and said release of 11 convicts has exposed huge gap between words and the spirit of justice.

"The world is watching but who cares in 'New India'?" he tweeted.

# Ayushman funds will be allocated based on States' performance: NHA

PIONEER NEWS SERVICE ■ NEW DELHI

The National Health Authority (NHA) on Tuesday announced that funds will be allocated to States and Union Territories for implementation of Ayushman Bharat Digital Mission (ABDM) based on their performance in registering healthcare professionals and health facilities.

The funds will be allocated on their performance in recording data in the Health Facility Registry (HFR) and Healthcare Professionals Registry (HPR), which it said, were the key pillars of ABDM.

This performance-based fund allocation will help in structured implementation of ABDM at the state and UT level, with verified entries strengthening the key national registries being built under the scheme, an NHA statement said.

According to NHA's earlier guidelines, ₹500 crores had been demarcated for setting up of ABDM offices at state and UT level over a period of five years (FY 2021-22 to FY 2025-26). Twenty percent of these funds, — ₹100 crores were earmarked as incentive-based funds, the statement said.

Taking this thought further, the NHA decided to extend the current fund allo-

cation based on the performance of respective states and UTs in terms of number of entities (healthcare professionals like doctors, nurses etc and health facilities like hospitals, clinics) that they register and verify within a stipulated period, the statement said.

The population of Health Facility Registry (HFR) and Healthcare Professionals Registry (HPR), which it said, were the key pillars of ABDM.

This performance-based fund allocation will help in structured implementation of ABDM at the state and UT level, with verified entries strengthening the key national registries being built under the scheme, an NHA statement said.

In accordance, the NHA has defined parameters for fund allocation as ₹100 for each verified entries in HFR and HPR till December 31, 2022, ₹50 for each verified entries in HFR and HPR between January 1, 2023 till March 31, 2023, the statement said.

No funds will be allocated for entries verified in HFR and HPR after March 31, 2023 and states and UTs are at liberty to use these funds for deploying human resources full time or part time for ABDM, the statement said.

Also, to further promote the digital health ecosystem, the NHA will recognise the best

performing states, union territories, districts, health facilities and integrators under its flagship scheme Ayushman Bharat Digital Mission.

Since its nationwide launch in September 2021, Ayushman Bharat Digital Mission (ABDM) has achieved significant growth with over 23 crore ABHA numbers (earlier known as Health ID), 1.14 Lakh health facilities registered in the Health Facility Registry (HFR), an official from the NHA said.

Besides, 33 thousand healthcare professionals have been registered under the Healthcare Professionals Registry (HPR), 6.6 lakh ABHA apps have been downloaded and 3.4 Lakh health records have been linked to ABHA of individuals, he said.

"With more individuals, healthcare professionals like doctors, nurses, paramedics and health facilities like hospitals, nursing homes, wellness centres, clinics, diagnostic labs, pharmacies joining ABDM, digitisation of health records at their point of creation is now possible," the official said.

# SKM opposes MSP panel's Aug 22 meet

PIONEER NEWS SERVICE ■ NEW DELHI

The Samyukta Kisan Morcha (SKM), an umbrella organisation of over 40 farm unions, on Tuesday, opposed the upcoming meeting of the committee on Minimum Support Price (MSP) next week, calling the panel a "farce" and said nothing conclusive will come out of the talks. The first meeting of the MSP committee's first meeting is likely to be held on August 22 to discuss future strategies.

SKM leader Hannan Mollah rejected the government's suggestion and said that the farm organisation is deciding on the future course of action. "We have already rejected the panel and we have clearly said that we will not be participating in the talks. So there is no question of participating in the upcoming meeting," Mollah said.

"The government has inducted some so-called farmer leaders in the panel who didn't have anything to do with our agitation against the three farm laws at the Delhi borders," he said. "We will decide on the further course of action and decide how we will hold demonstrations against the farm laws," he added. Darshan Pal, another farmer leader, said that the farm organisation will decide the future course of action after a 75-hour protest in UP's Lakhimpur against the 2021

violence case. "We are not lending any support to the anti-farmer panel. Our protest is going on as the Centre is reneging on its promises made last year.

"We are also demanding the withdrawal of cases registered against farmers during the anti-farm laws protest last year, compensation to the families of farmers who lost their lives during the stir," Pal said.

The committee on MSP is scheduled to hold its first meeting on August 22 to discuss future strategies. Sources in the Ministry of Agriculture said that the meeting is likely to be held at 10.30 am at the National Agriculture Science Complex (NASC) in the national capital.

In the first meeting, sources said committee will introduce members, deliberate on "future strategies" and discuss setting up sub-panels to cover wide issues mentioned in terms of reference. The government is persuading SKM to take part in proceedings of committee.

It needs to be seen if it will change its mind and nominate three representatives, as is required under the deal.

The committee, headed by former agriculture secretary Sanjay Agrawal, was constituted on July 18 to "promote zero budget based farming," to change crop patterns keeping in mind the changing needs of the country, and to make MSP more "effective and transparent."

# No merit in plea alleging attacks on Christians, Centre tells SC

PIONEER NEWS SERVICE ■ NEW DELHI

The Centre on Tuesday told the Supreme Court there is no merit in the plea alleging increasing attacks on Christians in India and the petitioner has "resorted to falsehood and self-serving documents" along with press reports which have misrepresented such incidents.

The Ministry of Home Affairs (MHA) in an affidavit said that as per the inputs it has received, a majority of the incidents cited by the petitioner as attack on Christians were wrongfully projected in news reports.

The petition was filed by a Christian priest Rev. Peter Machado and others seeking to implement guidelines issued by the Supreme Court in 2018 on hate crime cases.

"The petitioners claimed to have based petition on information gathered through sources like press reports (The Wire, The Scroll, Hindustan Times, Dainik Bhaskar, etc.), "independent" online databases and from findings of various non-profit organisations. It is submitted that enquiries reveal that a majority of incidents alleged as Christian persecution in these reports were either false or wrongfully projected," the affidavit said. In some cases, incidents of purely criminal nature and arising out of personal issues, are categorised.

# Why recover service charges as additional levy: HC to restaurants

PIONEER NEWS SERVICE ■ NEW DELHI

The Delhi High Court on Tuesday questioned why restaurants should recover service charges from consumers as an "additional" and "separate levy." A bench headed by Chief Justice Satish Chandra Sharma and Justice Subramonium Prasad remarked that a common man perceives service charge as a Government levy and restaurants can increase their food prices to absorb this charge instead of recovering it in the form of an additional charge over and above the total bill.

The High Court was hearing an appeal by the Centre against a single judge's order staying its guidelines prohibiting hotels and restaurants from levying service charges automatically on food bills. The next hearing is scheduled on August 18.

Counsel appearing for one of the restaurant associations said that the service charge was not a government levy and it was for the benefit of the restaurant employees and was not a substitute for "tips". "You increase the salary. We

will hear you," stated the court which observed that the levy of service charge was "very much connected with consumers" and not just the employees of the restaurant. "That (service charge as a Government levy) is what a common man perceives. Increase your food price. No problem. Because you are entitled to fix a rate for your food but don't levy it separately," the court told the restaurant associations.

Additional Solicitor General Chetan Sharma, appearing for the Government, said that while the service charge is in the nature of a tip, the impression given to consumers is as if it is a governmental levy or a governmental tax.

"The consumers face embarrassment when they don't pay or they are asked to pay. That is the reason hundreds of complaints were received," he said, adding that the single judge order on the ground that it was passed in violation of principles of natural justice.

In the appeal by the Centre as well as Central Consumer Protection Authority, the appellants said that the guidelines,

# Rajnath hands over desi def equipment to Army

PIONEER NEWS SERVICE ■ NEW DELHI

A day after Prime Minister Narendra Modi praised the armed forces for opting for self-reliance in defence manufacturing, Defence Minister Rajnath Singh on Tuesday handed over indigenously-developed equipment and systems to the Indian Army here.

State-of-the-art high mobility Infantry Protected Vehicles and Assault Boats were virtually handed over by Rajnath enabling the troops deployed along the Ladakh border to respond to any challenge in a befitting manner.

The Landing Craft Assault (LCA) can carry 30 troopers and is now deployed at the Pangong Tso (lake) in Ladakh. The lake saw the first face-off in 2020 between India and China snowballing into

tension at several points on the Line of Actual Control (LAC). At present, the boats operating in the lake have limited capabilities. The LCA is much more versatile and has overcome the limitations of launch, speed and capacity. It has enhanced the capability to operate across the water obstacles in Eastern Ladakh. LCA has been indigenously developed by Aquarius Shipyard Limited, Goa.

The other systems handed over to the army include Future Infantry Soldier as a System (F-INSAS) like AK-203 assault rifles, new generation anti-personnel mine 'Nipun', rugged and automatic communication system with enhanced capabilities, upgraded sights system for tanks and advanced thermal imagers. The equipment and systems have been jointly developed by Indian Army in collaboration with Defence

Public Sector Undertakings, Defence Research and Development Organisation (DRDO) and the industry, in line with the Prime Minister vision to modernise the Armed Forces, under the 'Aatmanirbharta Bharat Abhiyan'. Rajnath exuded confidence that the equipment and systems will enhance the operational preparedness of the Indian Army and increase their efficiency.

The weapons given to the Army include modern state of art AK-203 assault rifle along with day and night holographic and reflex sights. The sights are mounted on the weapon and also on helmet to enable a 360-degree visibility and accuracy in operational conditions. In addition to the primary weapon system, the soldiers will also be kitted with multi-mode hand grenade which has

also been procured indigenously along with multi-purpose knife. The second sub-system is protection system. This gives protection through a specially designed helmet and a bullet proof jacket. The third sub system consists of communication and surveillance system. This F-INSAS system is capable of further upgradation by incorporating real time data connectivity.

As regards anti-personnel mine Nipun, for a long time, the Indian Army has been using vintage NMM 14 mines. With the efforts of Armament Research and Development Establishment, Pune and the Indian industry, a new Indian mine named 'Nipun' has been developed. It will enhance the protection provided to the troops on borders. The mine is more potent and effective than existing anti-personnel mine.

# Rajnath strongly pitches for reform of United Nations

PTI ■ NEW DELHI

The potential geopolitical fault line in the maritime domain in East Asia could be "graver" than what is being witnessed, Defence Minister Rajnath Singh said on Tuesday, amid escalating tensions in the Taiwan Strait.

In a virtual address at the Moscow Conference on International Security, Singh also strongly pitched for reform of the United Nations (UN), saying the global body may progressively lose its effectiveness without democratisation in its decision-making.

The defence minister said the refusal of major powers to change UN institutions in tune with time ignores the emerging geo-political realities and economic and technological progress that has happened since 1945. "Global security in the framework of multilateralism requires abiding by the UN charter and principles of international law, which act as a bulwark against anarchy, instability and higher chances of conflict," Singh said.

He observed that the UN can deliver effective solutions only if it gives a voice to the entire world rather than "zealously guarding the status quo". "Conflicts could seriously jeopardise political and economic stability and development efforts. For example, the potential geopolitical fault line in the maritime domain — particularly in East Asia — could be graver than what we are witnessing today," Singh said.

The maritime zones in East Asia have been witnessing rising unease largely because of China's aggressive military posturing.

The Chinese military has been carrying out large-scale military drills around the Taiwan Strait following US House Speaker Nancy Pelosi's recent visit to Taipei.

"As a nation central to the Indian Ocean, India is committed to a free, open, secure and inclusive Indo-Pacific region that promotes sustainable maritime trade and economic practices, resilient infrastructure and adherence to global legal order," Singh said.

He said India's resolution of maritime border issues with neighbours as per international law and its focus on regional maritime cooperation in the Indian Ocean bear testimony to the value that India places on multilateralism.

"Multilaterally or through partnership with willing nations, India will continue contributing to a positive and constructive agenda that seeks to address contemporary global priorities," Singh said. The defence minister said India's active participation in the Shanghai

Cooperation Organization (SCO) is manifest of one such priority in pursuit of peace, stability and prosperity in Eurasia, of which India is an "inalienable part". "A faith in global conventions and regulations and a multilateral, dispassionate approach overcoming isolation, unilateralism and temptation of temporary gains, can usher us into an era of genuine multilateralism," he said.

The defence minister noted that the UN has given a platform for global progress in a number of areas, but clearly there is a "crisis of confidence" today in the UN system.

"While the UN has addressed most of these issues somewhat partially and intermittently, our collective effort has nonetheless fallen short in providing effective and enduring solutions, particularly due to the infirmities within the multilateral system," he said.

"Several contemporary global challenges have come to the fore such as terrorism, radicalism, climate change, disruptive role of non-state actors and the intensifying geopolitical competition, all of which call for a robust multilateral response," he added.

Singh said this "worrying shortcoming" of UN system is manifestation of its structural inadequacy. "Without comprehensive reforms of UN structure and without democratisation in decision-making, the UN might progressively lose its effectiveness and relevance," he observed.

Former Prime Minister Atal Bihari Vajpayee's daughter Namita and her husband Ranjan Bhattacharya pay tribute to him on his death anniversary, at Sadaiv Atal in New Delhi on Tuesday

# Min appeals to public to take part in NCERT survey

New Delhi: Education Minister Dharmendra Pradhan on Tuesday appealed to the public to participate in a citizen survey being conducted by NCERT for development of a new National Curriculum Framework (NCF) for school education. NCF serves as a guideline for designing syllabus and textbooks and for teaching practices in the country.

There are a total 10 questions in the digital survey with each of them having five options. The queries include how to make education futuristic and skill oriented and improve the dignity of teachers in country. The minister said that "development of a vibrant, dynamic, inclusive and futuristic National Curriculum Framework is essential for integrating cultural-rootedness along with global outlook, freeing education from the colonial hangover and instilling a deeper sense of pride

in our next generations". "I appeal to all citizens to participate in Citizen Survey for NCF for developing #NayeBharatKa NayaCurriculum. A dynamic National Curriculum Framework in line with the NEP 2020 will play a major role in achieving the goal of Viksit Bharat," Pradhan said in a series of tweets.

The Digital Survey for National Curriculum (DiSaNC) is being conducted by education ministry and National Council of Education and Research Training (NCERT) as part of public consultation process for formulation of NCF.

The other questions in survey are pertaining to people's opinion on values that need to be imbibed in children in course of school education, languages they should learn from class 1 onwards and parents' envision of teachers' role in holistic development of children. PNS

PAPER WITH PASSION

## Complacent MEA

The arrival of a Chinese spy ship in Sri Lanka is part of its anti-India activities, but Jaishankar downplays it

Yuan Wang 5, a tracking and satellite support vessel, reaching Sri Lanka's Hambantota port should not surprise anyone. India had objected to such a ship in its proximity but if someone thought that such objections would sensitise the Chinese Communist Party to our concerns, they were living in a fool's paradise. On the face of it, there is nothing illegal about the trip, for it is to a port that the Chinese own; and it is in a country that is sovereign. It can be argued that if Sri Lanka is okay with the trip, we can't oppose it. But we can, because it is a hostile vessel with capabilities which are inimical to our interests. Expert opinion is that Yuan Wang 5 at the Hambantota port, which is strategically located in the Indian Ocean, can seriously compromise our missile and satellite programmes. That is the intention; this seems to be part of the encirclement of India. The exercise is also in tune with the multipronged action by China to emerge as a, and then the, global hegemon. It believes that the world should begin adapting itself to the emerging reality, so on Saturday it asked India to reiterate its support for the One-China Policy against the backdrop of the crisis in the Taiwan Strait which was triggered by US House of Representatives Speaker Pelosi's trip to Taiwan. That is, New Delhi should assuage Beijing's bruised sensitivities, but expect no reciprocation. Hence the arrival of Yuan Wang 5.

The arrival also underlines the incompetence of our foreign office; if we couldn't pressure Colombo even at this point of time, in the wake of billions of dollars of aid to the crisis-hit nation, to do something that suits us, then we will never be able to that in future. The Ministry of External Affairs' incompetence seems monumental when viewed against the backdrop of the resistance that Yuan Wang 5 faced from several Sri Lankan politicians. Sri Lanka's Tamil Progressive Alliance leader and Colombo's Member of Parliament Mano Ganesan said in a statement the coming of the Chinese spy vessel to Lankan waters was "simply wrong." He went on to highlight India's concerns, pointing out that India is the country which has "provided near \$4 billion to us in our time of crisis." To be fair to the Sri Lanka Government, it did request China to defer the arrival of Yuan Wang 5 at the Hambantota port "until further consultations" on the matter. In typical diplomatese, External Affairs Minister S Jaishankar downplayed the incident. In an interview to a newspaper, he said, "We need to take care of our national interests but can't claim exclusivity in the region. To say that this [the permission to allow the Chinese vessel to dock at the Sri Lankan port] is a flashpoint between India and China would be inappropriate." An echo of the infamous statement by Nehru, "Not a blade of grass grows there..."?

People from Parsi community greet one another on 'Navroz', the Parsi New Year, in Mumbai

PTI

## Pariwarvaad vs dostvaad !

The Prime Minister once again took a jibe at the Gandhis with pariwarvaad. But is there a party free from it, the BJP included

The Prime Minister once again from the ramparts of Red Fort reminded the nation to root out dynasty and colonial mindset. The 'pariwarvaad' which the Prime Minister has talked about several times in his speeches once again figured in his speech on the 76th Independence Day. It was indeed a brilliant speech that hit all the right notes; from corruption to nepotism and doing away with the colonial mindset. While other messages were loud and clear for the people, his mentioning of the dynasty in his speech was indeed a veiled attack on the Nehru-Gandhi family. The Red Fort speech conventionally has been about what the Government has done and plans to do for the betterment of the people. The political messages have not been part of it and attacking the opponents from the ramparts of Red Fort does not augur well for a healthy democracy. For attacking the Opposition, there are numerous platforms available to the Prime Minister including Parliament. But since the Prime Minister chose to speak about it the reaction also came from the Opposition, surprisingly not from the Congress (Rahul Gandhi refused to comment on it) but from Aam Aadmi Party.

Manish Sisodia was quick to retort and remind the Prime Minister about his defaulter friends. Manish Sisodia did not mince words in saying if 'pariwarvaad' is bad so is 'dostvaad'. Sisodia was categorical in pointing out how the Prime Minister waved off millions of loans his friends owed to Indian banks. 'Dostvaad' is the new word coined by him. Kejriwal

also insisted that loans and taxes to the tune of ₹10 lakh crore of corporate friends are being written off. As they say, we choose our friends while family chooses us. We don't live in a perfect world. Dynasty and nepotism is bad for democracy, it is the way things are in India and outside. The Kennedys and Bush family in America, Yadavs and Reddys in India are a case in point. Even numerous instances of 'pariwarvaad' can be cited in the BJP itself. Piyush Goel, Anurag Thakur, Parvesh Verma would have a very different take. No matter how hard you try but still you cannot win elections in India on merit; caste and religion often are a better bet in elections merit. At the end of the day, what matters is how democratic a person is and how much he cares for the people who vote for him. Despots like Hitler, Mussolini and Stalin did not have a lineage. They weren't democratic either.

# New Panchsheel for India @ 75

PM Modi's thrust for five tenets is not only bold but timely as unshackling us from the colonial mindset is of utmost import

Of the five pledges that Prime Minister Modi set out for the country in his ninth Independence Day address to the nation, two stood out particularly, for their relative newness. The rest of the speech was on expected lines – his customary denunciation of corruption and the corrupt, nepotism, dynasticism and calls for development, self-reliance, pride in our legacy, unity, and cooperation, and equality for all across ethnic, regional, and religious diversities. As always, there were subtle nuances that hinted at things to come. But before that, the two standout points.

First, he alluded to the hundreds of years of servitude and dependence, Ghulami, that has distorted our mentality and emphasised forcefully that the last vestiges thereof must be removed from the recesses of our minds. India no longer needed, he said, certificates of validation from the world. It was a bold, unvarnished statement, one that no previous Indian PM had articulated, more so on such an occasion and venue. It was as if, the soul of a nation long suppressed was finding utterance, to borrow Nehru's mellifluous phrase, in Modi's compelling oratory. With the spare, somber ramparts of the Red Fort in the background and the forgettable, poignant medieval past of the country that it evokes in a majority of Indians, the moment was rich in historical irony.

It was testimony to India's newfound confidence and the Narendra Modi government's resolute will to not play to the gallery, both foreign and domestic. It is this single-minded pursuit of India's national interest, oblivious to international bouquets or internal brickbats that have enabled the revocation of article 370, as also our balanced, nonpartisan approach to the Ukraine-Russia conflict. No more is India prepared to cave into international pressure as it did in July 1972 when it signed the Shimla agreement without settling the Kashmir dispute

even when our Army had brought Pakistan to its knees and 93,000 POWs were baricaded in our cantonments.

Secondly, the PM was categorical that everyone, including Chief ministers and even the Prime Minister himself, must follow the duties of citizenship. That his focus was on politicians is borne out by his mentioning "CMs and PM" to illustrate his point. This has wide ramifications for the Indian polity. Thus, it cautions the politician to be honest and law-abiding; to keep national interests paramount instead of compromising them in the pursuit of short-term electoral gains; to avoid the Revadi or freebies culture that he had spoken of recently and that had drawn adverse comments from the Supreme Court also; to rein in the hubris that makes for a wanton disregard of propriety, probity, and ethics in public life. It was a statesman's admonition to a delinquent lot known more for financial scams, mafia links, criminal background, nativist demagoguery, casteist manipulation, nepotism, and dynastic

entitlement. The common man must have been touched to the core, tired and weary as he is of the shenanigans of the political brats.

These two pledges apart, he exhorted the states towards healthy, cooperative, and competitive federalism, a far cry from some leaders playing off one against the other. His call against nepotism included fields other than politics – sports, for instance; his stress on meritocracy was refreshing in a country long riven by caste-based reservations in education and jobs. He paid homage to the leading lights of our freedom struggle cutting across party and ideological lines including, inter alia, Nehru, JP, and Lohia. He repeatedly spoke of "my 130 crore countrymen", "unity and integration", "collective conscience", "no one mine, no one other" and India's diversity is its biggest asset. Clearly, no group is left out in Modi's scheme for India 2047. For a leader who was branded "India's Divider-in-Chief" in a hallowed international magazine not so long ago, his unifying personality and speech were telling

reminders to the audience of the actual contrary reality.

As in previous years, the PM mixed freely and joyfully with children from all regions who responded spontaneously with "pure delight on their faces" as one TV commentator put it. Folk artists, from different states, broke into their traditional dances rapturously when Modi reached them through the throng. The enthusiastic hoisting of the tricolor at Lal Chowk, Srinagar by a motley bunch of different ethnic and religious backgrounds was a welcome surprise. It was Modi's favourite slogan – sabka saath, sab ka vishwas or everyone's support, everyone's trust – writ large on the TV screen. India, it seemed, was truly on its way.

Blurb: the PM was categorical that everyone, including Chief ministers and even the Prime Minister himself, must follow the duties of citizenship

(The writer, a former banker, has turned in his writing years to column-writing out of his love for nonviolence, social harmony and universal brotherhood.)

THE PRIME MINISTER WAS CATEGORICAL THAT EVERYONE, INCLUDING CHIEF MINISTERS AND EVEN THE PRIME MINISTER HIMSELF, MUST FOLLOW THE DUTIES OF CITIZENSHIP

## LETTERS TO THE EDITOR

### TALIBAN FAILED TO WIN HEARTS

Sir — The occupation of Afghanistan by the Taliban with Lightning speed triggered a political and humanitarian crisis. The Taliban made soothing statements about not victimizing women so long as their lifestyle is within the purview of Sharia Law inter alia men's slaves. They regard the Sharia as Divine Law but most are unaware it's a document imposed by Khalifas for selfish reasons replacing the Holy Quran.

The Quran decrees no earthly punishment for blasphemy or apostasy, nor does it anywhere command stoning for any crime, condone female circumcision, or support banning art and music. It does not endorse treating women as inferior or preventing them from going for higher education and even joining any profession. Taliban's misinterpretation of Sharia has become a synonym with a draconian and inhuman Islamic legal system. Even after one year of rule, the Taliban remains brutally subtle.

### LONG ROAD TO 'DEVELOPED' INDIA

Sir — It refers to "India, a developed nation". It is good to have an ambitious target to become a developed nation in the next 25 years. But there is a huge gulf that is to be bridged in this span of time. While India's per capita income is around \$ 2000 while our neighbour China has \$ 8700. Though the Prime Minister has outlined five pledges which need to be abided by one and all in letter and spirit but for that to happen a drastic shift in mindset is required. This pandemic has exposed the vulnerabilities of a developed nation like the USA, so we Indians must take pride in being Indian. It is not to suggest that we should not become a developed nation but we need to be mindful of our trajectory.

Besides that, there is a huge disparity between rich and poor and men and women which needs to be bridged systematically. And gradually we will have to reduce our dependence on imported items and start manufacturing them in India.

## Takeaways from PM's I-Day speech

In his third longest 83 minutes speech, Prime Minister Narendra Modi from the ramparts of the Red Fort, clearly showed that he was not in a mood like the previous eight years to have painted castles in the air for Indian voters. Hence, he was not making any new announcements and even did not speak a word about his promises for 2022, and now next deadline is 2047... keep counting the years. Instead, PM Modi launched the political campaign for 2024 on these twin challenges of "corruption" and "nepotism" — something that he has used in the run-up to the 2014 general elections, and knows that it still has resonance among the electorate.

Is there bigger nepotism than a greenhorn like Anil Ambani, who has no prior experience

in manufacturing defence equipment or even hosted a manufacturing utility, getting priority over an experienced and reputed player in the field, namely HAL, a PSU to boot, in being co-opted as an offset partner for Rafale? Similarly, the Sri Lankan Official, Ferdinando, alleged that his country was put under tremendous pressure by PM Modi to award a 500 MW renewable energy project to industrialist Gautam Adani. These two are instances of creeping nepotism. So, this time the Modi government has to focus on 'Panchpran' (five promises)— First, to move forward with bigger resolves and resolve of developed India; second, to erase all traces of servitude; third, to be proud of our legacy; fourth, focus on our strength of unity; and fifth, fulfill the duties of citizens with honesty (talk is fine but what is the status of those who looted India and migrated to BJP like Hemant Biswa Sharma and others), which should be done by the Prime Minister and Chief Ministers as well. Depending upon this Modi in his speech gave a broad direction for the next quarter of a century, though it assumes that he will not be there.

### UNWORKABLE MARRIAGES

Sir — The Kerala High Court has held that the preservation of unworkable marriage causes great misery. The Court has observed that nothing is gained by trying to keep the parties tied forever to a marriage that in fact has ceased to exist. If the married couples cannot function as a cohesive unit, the dissolution of marriage becomes inevitable. Love and adjustability in married life should come from within and be spontaneous. Likewise, courts cannot make stubborn couples mentally

unite. Break-up in the marriage occurs more due to the lack of adjustability of a married girl with her in-laws, perpetration of the cruelty by in-laws and husband on the woman, greed for dowry, illicit relationships, etc. Courts must dispose of cases expeditiously when there is a unanimous decision between the husband and wife to avoid uncertainty in the future. The judgment of the Kerala High Court has come in the case 13 years after the marriage was consummated. It would have an adverse effect when both are hell-bent on securing a divorce. In any case, delayed disposal of cases is no better though it has both merits and demerits.

## FIRST COLUMN

## DON'T RELY ON RATINGS FOR GOOD MF RETURNS

Mutual fund ratings are dynamic; opt for basket of investments

S KALYANASUNDARAM

Mr Anand works for a company and to reduce his income tax liability, he wanted to invest in the Equity Linked Savings Scheme (ELSS). Instead of investing through a Mutual Fund advisor, he did his own ground work based on the ratings available.

During the beginning of this year he invested in Axis Long Term Equity Fund (G) and DSP Tax saver fund (G), as these had five star ratings from a reputed financial newspaper research team. But to his surprise now he has found out that the same research team has now reassigned three star rating to Axis Long Term Equity Fund (G) and four star rating to DSP Tax saver fund.

As the schemes have a lock-in period of three years, there is no way that he can change his investment. Every mutual fund comes in two versions – direct version and regular version. One of the key distinctions between them is that regular mutual funds have a distribution commission unlike direct mutual funds. This makes the expense ratio higher for regular funds. Hence, the return to the investor on direct investment may be more.

Generally, many investors go by the rating provided to different mutual fund schemes and invest under direct schemes. While making investment under direct equity, it is possible for any individual to depend on the fundamental factors of the company and also technical analysis available and one can select the company based on risk perception and return expectation. But coming to mutual fund schemes, though broad investment philosophy and benchmarking are available, there is no definite way to know the contour of investment in future.

Hence, individual investors depend on the ratings provided by different rating agencies. From the past experience, it seems that one can't decide solely based on the ratings available.

Rating organisations like CRISIL, ICRA, CARE, and Value Research generally provide ratings for mutual fund schemes in India. There are business newspapers like the Hindu Business Line, which provide their own ratings based on their in-house research.

Rating methodology Mutual funds are rated mostly on the performance of the funds over different periods. The ratings also take into account the fundamentals of the fund houses, asset allocation of a scheme, the experience and credentials of a fund manager, returns based on inflation, besides several other parameters.

For example, CRISIL considers the following in its ranking methodology: Portfolio Concentration Analysis, Liquidity Analysis, Mean Return and Volatility Active Returns (the active returns are the percentage of loss or profits made by an investment portfolio as a result of active investment decisions by the fund manager).

Scales of one to five stars are decided on the basis of percentile in which the funds are placed in the order. Generally, five-star is assigned to top 10 per cent funds and the bottom 10 per cent is given one-star rating.

Any investment should be based on one's risk bearing capacity. Higher the risk, higher will be the potential return on investment. In turn, mutual fund schemes can have different investment philosophies and different asset allocation based on the investors' risk perception and return expectation.

As the mutual fund investment spreads to different stocks and debt instruments, there is no easy way to predict future performance. Rating is not an impediment for any fund to perform and it is always possible that poor-rated funds may perform better.

However, a poor rating may disturb the mobilisation for a particular Mutual fund scheme, and indirectly affect its working, as the mutual fund scheme may not have the advantage of size of investment and diversification.

# Impart knowledge with holistic education

## Re-organisation of teachers' training is a must for the success of National Education Policy 2020

BKP SINHA

Nelson Mandela has rightly said that "education is the most powerful weapon we can use to change the world". It is a stairway to the growth and development of humankind. The right to education must be universal so that everyone can pursue prospects of a better future. However, the right to education is not only the right to access education. It's also about receiving a quality education.

Quality education is of paramount importance in today's complex and fast-changing environment. It fosters the knowledge, skills and values required to create a fairer and more sustainable world. According to 'Education International and the Association for Supervision and Curriculum Development, quality education "is one that focuses on the child's overall development - social, emotional, mental, physical and cognitive, regardless of gender, race, ethnicity, socioeconomic status or geographic location". Its goal is to prepare students for the challenges they are likely to face later in their lives.

We now realize that education alone will not lead to a sustainable future, therefore, learning about sustainable development (SD) is necessary. Target 4.7 in the 2030 Agenda for SD emphasizes the importance of transformative education that promotes global citizenship, sustainable development, human rights, gender equality, peace and cultural diversity.

The Brundtland Report coined the term "Sustainable Development" and defined it as "development that meets the needs of the present without compromising the ability of future generations to meet their needs".

It is a holistic approach and is often depicted as three overlapping circles: ecological, social and economic. It demonstrates the interplay of all parts of life and the need for their equal consideration to find lasting prosperity. But we generally have a unidirectional approach towards sustainability based on our predisposition, for example from an ecological, economic or social viewpoint, which often results in trade-offs.

The interconnected nature of the challenges the world faces today cannot be understood in isolation. For instance, every year, climate change like extreme weather events and rising sea levels force millions of people to flee their homes. This results in climate refugees and a rise in poverty. As climate change and poverty are inextricably linked, one cannot be solved without addressing the other.

To comprehend basic principles of ecology, one must think holistically about relationships, connectedness and context to realize the intricate interdependence and often unpredictable dynamics of ecological, social, and economic systems. This shift of focus from analytical thinking (parts) to contextual thinking (whole) is a prerequisite for building a more resilient world, ensuring systemic decision and policy

SUCCESSFUL IMPLEMENTATION OF NEP 2020 LARGELY DEPENDS ON THE GOOD SPIRIT AND RIGHT INTENTIONS OF THE POLICY MAKERS WHICH WILL NOT ONLY DIVERSIFY INDIA'S GLOBAL IMAGE BUT ALSO MAKE THE EDUCATION SYSTEM AT PAR WITH THE BEST IN THE WORLD

(The author is a retired IFS officer.)

making. It is regarded as a critical ability in education, as it enables students to untangle and work within the complexities of life on Earth.

Integration of education for sustainable development (ESD) into teaching and learning can help in the realization of quality education, which is critical to fulfilling many of the sustainable development goals (SDGs) such as breaking the cycle of poverty, reducing inequalities, achieving gender equality and improving agricultural productivity. It is also essential for addressing other key issues, including wasteful consumption, biodiversity conservation, natural resource use, climate change, energy, freshwater, health, sanitation and waste management.

ESD is an interdisciplinary field that integrates concepts from multiple disciplines to understand how natural and man-made processes interact with each other and ultimately affect the various biomes on the planet. Its goal is to discover novel and sustainable ways of living and managing natural resources to protect vital ecological systems and enhance long-term prospects for human prosperity.

Adopting a wide range of participatory methodologies in education, such as problem-based and project-based learning are essential to change the behaviours and equip the current and future generations with the knowledge and skills they need to shape a sustainable future. These methodologies will allow them to develop problem-solving, interdisciplinary and systemic thinking skills, which will help them learn 'how to think' rather than 'what to think' within the context of sustainability.

Our sustainable future requires societies and countries to work

together, hence, it advocates the use of collaborative learning at all stages of education. In collaborative learning, students in small groups work together on a common goal to seek understanding and solutions. It fulfills the primary purpose of education – nurturing responsible citizens who can work together to solve complex ecological, social and economic issues.

Thus, working on collaborative learning projects at an early age can boost confidence and help in developing critical thinking, positive interdependence, diverse understanding along with various other social skills such as leadership, decision-making, communication, trust-building, conflict management and a sense of ownership.

Educational institutions also need to partner with multiple stakeholders and various other sectors such as economics, environment, etc., to take up co-learning. It will facilitate students to engage with real-life issues and gain the practical knowledge and skills needed to build long-term sustainable solutions.

Conventionally, ESD has been considered a separate component within the educational systems. However, over the past few years, it has been argued that it should be integrated into mainstream disciplines at all levels, settings, and types (informal, formal, non-formal) of education. This requires a systemic change in all kinds of textbooks, including science, math, social sciences, humanities, etc. It also requires significant reforms in the educational system, including strengthening curricula, cognitive and non-cognitive elements, transforming learning environments, establishing diverse part-

nerships, providing teacher training, creating local learning opportunities, and implementing innovative pedagogies.

Teaching ESD requires knowledge of several disciplines that is generally beyond teachers' expertise. Therefore, re-organisation of teacher education is crucial to re-organising the study environment. It also entails research and development to identify best practices of pedagogy. Reforms of this magnitude, however, will not be possible without effective policies, operational frameworks, political will, financial assistance and stakeholders' cooperation.

National Education Policy 2020 is the first education policy of the 21st century, which aims to align the education system with SDGs and make education holistic, inclusive, multidisciplinary, learner-centric, inquiry-driven and experiential which can transform India into a vibrant knowledge-based society and global knowledge superpower.

Our collective responsibility to improve the quality of education is essential for achieving the ambitions of 'Agenda 2030' and ensuring continuity in the quality of human life. Governments, teachers, educational institutions and stakeholders have a vanguard role to play, along with parents and students themselves. However, we stand now where two roads diverge. But unlike the roads in Robert Frost's familiar poem, they are not equally fair. The road we have long been traveling is deceptively easy, a smooth super-highway on which we progress with great speed, but at its end lies disaster. The other fork of the road - the one less traveled by - offers the last and our only chance to reach a destination that assures the preservation of the earth.

## POINT COUNTERPOINT

WE FACE THE CHALLENGES OF CORRUPTION AND 'PARIWARVAAD'... WE NEED TO RAISE AWARENESS AGAINST 'PARIVARWAAD' —PRIME MINISTER NARENDRA MODI

I WON'T MAKE A COMMENT ON THESE THINGS. (CORRUPTION & PARIWARVAAD OR NEPOTISM'), TODAY. —CONGRESS LEADER RAHUL GANDHI

# E-two wheelers can cut carbon emissions in a big way

Two-wheelers, which are prominent polluters, need to go electric to cut down on emissions substantially

PRITAM SINGH

Air pollution is harming the health of around 1.3 billion people in the vulnerable areas of India where an average particulate matter concentration was 73ug/m3, far-exceeding the WHO's standard prescribed limit of 5ug/m, catalysing the levels of carbonization. India is witnessing rapid rise of two-wheelers, representing about 76 per cent of the total, which is over 210 million. Nearly 60,000 two-wheelers per day are being registered in India, consuming 61 per cent of total sale of petrol.

The two-wheelers account for almost 20 per cent of the total carbon dioxide emissions and 30 per cent of the particulate emissions in urban areas. The worst sufferers are the vulnerable sections of society such as growing children, expectant-

mothers, elderly people and patients having lung problems.

The latest research studies of Energy Policy Institute at the University of Chicago observed that "at the current pollution levels about 510 million people who live in northern India, representing nearly 40 per cent of India's population, are on-track to lose 7.6 years of their lives on an average".

However, by all out efforts like two wheelers e-mobility and gradual phasing out of 'Internal Combustion Engine (ICE) based tail pipe emitters' for mitigating the pollution levels to the WHO's prescribed levels would mean that an estimated 240 million people in the north Indian state - Uttar Pradesh - would gain about 10 years in life-expectancy.

Two wheelers pollute more,

having cascading impact in urban areas to an overall particulate matter concentration, observed to be the highest in the world.

On an average, each two-wheeler enriches greenhouse gases by adding around 300 gms/km of carbon dioxide, besides (as per Bharat Stage-IV standard prescribed limits under standardized conditions) remarkable quantities of pollutants like (1.50 gm/km) carbon monoxide (known as silent killer) and (1.50 gm/km) hydrocarbons plus oxide of nitrogen, etc.

These standard limits normally exceeded because of factors like driving in frequent traffic jams, road conditions, fuel quality, local environmental conditions, etc.

Assuming broadly, around

75 million two-wheelers, having an average of about 250 km/month pacing on the road, will collectively translate around 75m tonnes/year of carbon dioxide into the atmosphere, entailing emission of dreaded particulate matter.

The world's fourth largest energy hungry India (yet behind China, US and the European Union), will according to IEA's forecast will become the third largest consumer, overlapping European Union by 2030. Though indeed it is a Herculean task to achieve the set goal of IPCC by 2030, it is certainly not impossible.

Realizing impending threat to economies, India's vehicular transportation scenario is set to have a 'sea change' as the Government's think tank - National Institute for

Transforming India - NITI Aayog is chalking out a slew of progressive set targets to mitigate and eliminate pollution by pushing the ambitious plans of electrifying two-wheelers and gradually phasing out the sale of 'ICE-based tail pipe emitters'.

The government's well set delineations with full support of corporates will undergo a sea change by 2030 with e-mobility as preferred mode of transport by having an ambitious plan of electrifying around 80 per cent, say close to 54.4 million two-wheelers with eco-friendly alluring all segments of e-two wheelers and setting up gigantic chain of about 6K-charging stations in the nook and corner, will certainly enable to get rid of routinely lining-up at petrol pumps.

Currently, to fill the gasoline

tank of a bike of 11 litre, it costs about Rs 1100. So, this means that a e-two wheeler owner can get a full charge for less than that of the cost of one-litre of gasoline, with no tail-pipe emission, no tormenting exhaust noise, i.e., noise pollution, comparatively at much less maintenance cost to govern mere 20-25 moving parts in the vehicle's assembly in comparison to about 2000 parts in the ICV gasoline based two-wheelers..

In the race of new technologies, India is not lagging behind and gradually unveiling its plans on the befitting occasions for widespread application of fuel-cell technology as 'new medium of energy', replacing fossil fuels in public and private transport systems, railways, power generation, data processing stations, etc.

It is high time not to miss an opportunity to preserve the environment and warrants more initiatives with individual approach too. An earlier census had reported that mere 30 per cent of the trips to work are made on foot and 17 per cent by bicycle. Besides the government initiatives, here the powerful media must shoulder its responsibility to play its more constructive role for mitigating vehicular pollution in cities and make aware the public about the grim picture of vehicular pollution in the years to come. Spreading the mission of greenery all around and prefer trips to work on foot in urban areas on the lines of smartly populated cities like Surat and Bangalore, will bear fruits for tomorrow generations.

# China sanctions seven top Taiwanese officials

## After 2nd US Congressional delegation's visit to Taipei

PTI ■ BEIJING

China on Tuesday announced sanctions on seven "die-hard" pro-independence Taiwanese politicians and officials, including Taipei's representative to Washington, amid concerns over the increasing visits by foreign dignitaries to the self-ruled island claimed by Beijing.

The sanctions were announced by Beijing following trips to the island by US House Speaker Nancy Pelosi in early August and a US Congressional delegation led by Democratic Senator Ed Markey on Monday.

Also Last week, Lithuanian Deputy Minister of Transport and Communications Agne Vaiciukeviciute visited Taiwan. Lithuania is part of the European Union.

China has already imposed sanctions against Pelosi and Agne and held high-intensity military drills in Taiwan Strait, sparking fears of an armed conflict with Taiwan, which China claims as part of its mainland.

After Pelosi's visit, China is concerned that there will be a flurry of visits by top officials from the US and allied countries to the self-ruled island.

China announced sanctions against seven Taiwanese government officials and politicians, saying they pushed a pro-independence agenda for the breakaway island.

The Taiwan Affairs Office of the ruling Communist Party of China said on Tuesday that those sanctioned and their family members would not be allowed to enter mainland China, Hong Kong or Macau.

They will not be permitted to do business with the Chinese mainland. Their affiliated companies and financial sponsors would not be allowed to gain profits from the mainland, a spokesman of the office was quoted by state-run Xinhua news agency as saying.

The Taiwan Affairs Office would take other necessary measures and those sanctioned would be held accountable for life," the spokesman said.

For a period of time, a small number of Taiwan independence die-hards have tried their best to collude with external forces to carry out independence provocations, deliberately inciting cross-strait confrontation, and wantonly undermining the peace and stability of the Taiwan Strait.

They performed extremely poorly during Pelosi's trip to Taiwan, China's Taiwan Affairs Office spokesperson said.

"The names of die-hard separatists announced on Tuesday are only a part of the list," the spokesperson said.

Among the seven people on the sanc-

tion list, six are members of the independence-leaning Democratic Progressive Party (DPP) of Taiwan.

They include Hsiao Bi-khim, Taiwan's representative to the US and Ker Chien-ming, the DPP caucus head of the legislature.

Others included Wang Ting-yu, a legislator who sits on the foreign relations and defence committee, Wellington Koo, secretary general of the island's National Security Council, Tsai Chi-chang, vice-speaker of Taiwan's legislature, and Lin Fei-fan, deputy secretary general of the DPP.

The non-DPP member sanctioned is Chen Jiau-hua, New Power Party legislator and chairwoman, Hong Kong-based South China Morning Post reported.

In December last, China announced sanctions against Taiwanese Premier Su Tseng-chang, Taiwan's legislature president You Si-kun and Taiwanese Foreign Minister Joseph Wu.

The businesses related to them, as

well as their sponsors, are prohibited from engaging in profit-making activities on the mainland. Other punitive measures will also be taken. They will be held to lifelong accountability according to law, the spokesperson said.

Sanctions are also imposed on the president of the "Taiwan Foundation for Democracy," and the secretary general of the "International Cooperation and Development Fund."

On Monday, China resorted to more high-intensity military drills around Taiwan to "safeguard national sovereignty" as Taiwan's president met with members of a new US congressional delegation visiting the self-ruled island claimed by Beijing, challenging its 'one China' policy.

The US Congressional delegation led by Massachusetts Democratic Senator Markey arrived in Taipei on an unannounced two-day visit on Sunday, close on the heels of Pelosi's visit on August 2, the highest-level visit by US official in 25 years, which riled Beijing.

# Feds oppose unsealing affidavit for Trump's Mar-a-Lago warrant

AP ■ WASHINGTON

The US Justice Department on Monday rebuffed efforts to make public the affidavit supporting the search warrant for former President Donald Trump's estate in Florida, saying the investigation "implicates highly classified material" and the document contains sensitive information about witnesses.

The government's opposition came in response to court filings by several news organizations, including The Associated Press, seeking to unseal the underlying affidavit the Justice Department submitted when it asked for the warrant to search Trump's Mar-a-Lago estate earlier this month.

Trump, in a Truth Social post early on Tuesday called for the release of the un-redacted affidavit in the interest of transparency.

The court filing — from Juan Antonio Gonzalez, the US attorney in Miami, and Jay Bratt, a top Justice Department national security official — argues that making the affidavit public would "cause significant and irreparable damage to this ongoing criminal investigation."

The document, the prosecutors say, details "highly sensitive information about witnesses," including people who have been interviewed by the government, and contains confidential grand jury information.

The government told a federal magistrate judge that prosecutors believe some addition-

al records, including the cover sheet for the warrant and the government's request to seal the documents, should now be made public.

A property receipt unsealed on Friday showed the FBI seized 11 sets of classified documents, with some not only marked top secret but also "sensitive compartmented information," a special category meant to protect the nation's most important secrets that if revealed publicly could cause "exceptionally grave" damage to US interests.

The court records did not provide specific details about information the documents might contain.

The Justice Department acknowledged on Monday that its ongoing criminal investigation "implicates highly classified material."

The search warrant, also unsealed on Friday, said federal agents were investigating potential violations of three different federal laws, including one that governs gathering, transmitting or losing defence information under the Espionage

Act.

The other statutes address the concealment, mutilation or removal of records and the destruction, alteration or falsification of records in federal investigations.

The Mar-a-Lago search warrant, carried out last on Monday, was part of an ongoing Justice Department investigation into the discovery of classified White House records recovered from Trump's home earlier this year.

The National Archives had asked the department to investigate after saying 15 boxes of records it retrieved from the estate included classified records.

It remains unclear whether the Justice Department moved forward with the warrant simply as a means to retrieve the records or as part of a wider criminal investigation or an attempt to prosecute the former president.

Multiple federal laws govern the handling of classified information, with both criminal and civil penalties, as well as presidential records.

# China's envoy plays down row over Chinese research ship docking in Lanka

PTI ■ COLOMBO

China's envoy in Sri Lanka on Tuesday played down the controversy surrounding the arrival of a high-tech Chinese research ship at the southern port of Hambantota, calling such visits "very natural".

Chinese ballistic missile and satellite tracking ship 'Yuan Wang 5' arrived in the southern port of Hambantota at 8.20 am local time. It will be docked there till August 22.

The ship was originally scheduled to arrive at the port on August 11 but it was delayed in absence of permission by the Sri Lankan authorities.

Sri Lanka had asked China to defer the visit amid India's concerns over it. On Saturday, Colombo granted the port access to the vessel from August 16 to 22.

Sri Lanka said the security clearance was granted from the Ministry of Defence for the visit of the vessel for replenishment purposes during the stipulated period.

Qi Zhenhong, China's Ambassador to Sri Lanka, was present at the port to welcome the ship.

Several parliamentarians from the breakaway group of the ruling Sri Lanka Podujana Peramuna party were also present.

"This kind of research ship visiting Sri Lanka is very natural. In 2014 a similar ship came here," Zhenhong told reporters when asked about the visit.

Asked about the Indian concerns, the Ambassador said "I don't know, you should ask the Indian friends".

The ship maintained a very strict security operation with no one being allowed on board.

The Sri Lankan decision to postpone the visit caused much

controversy in the country as the visit had been cleared in mid-July.

Commenting on the ship's arrival, the Cabinet spokesman Bandula Gunawardena said the issue was settled amicably.

"Relations with all countries are important to us," Gunawardena said.

The security and cooperation in the neighborhood are of utmost priority in handling the issue of the Chinese vessel Wang Yang 5, the Foreign Ministry here said in a statement.

India has traditionally taken a stern view of Chinese military vessels in the Indian Ocean and has protested such visits with Sri Lanka in the past.

The ties between India and Sri Lanka had come under strain after Colombo permitted a Chinese nuclear-powered submarine to dock in one of its ports in 2014.

China is the main creditor of Sri Lanka with investment in infrastructure. Debt restructuring of Chinese loans would be key to the island's success in the ongoing talks with the International Monetary Fund for a bailout.

India on the other hand has been Sri Lanka's lifeline in the ongoing economic crisis.

India has been at the forefront of extending economic assistance of nearly USD 4 billion to Sri Lanka during the year as the island nation is grappling with the worst economic crisis since independence in 1948.

India's concerns have been focused on Hambantota port in particular. In 2017, Colombo leased the southern port to China Merchant Port Holdings for 99 years, after Sri Lanka was unable to keep its loan repayment commitments, fanning fears over the potential use of the port for military purposes.

# Biden to sign massive climate, health care legislation

AP ■ KIAWAH ISLANDS (US)

President Joe Biden will sign Democrats' landmark climate change and health care bill on Tuesday, delivering what he has called the "final piece" of his pared-down domestic agenda, as he aims to boost his party's standing with voters less than three months before midterm elections.

The legislation includes the most substantial federal investment in history to fight climate change — some \$375 billion over the decade — and would cap prescription drug costs at \$2,000 out-of-pocket annually for Medicare recipients. It also would help an estimated 13 million Americans pay for health care insurance by extending subsidies provided during the coronavirus pandemic.

The measure is paid for by new taxes on large companies and stepped-up IRS enforcement of wealthy individuals and entities, with additional funds going to reduce the federal deficit.

The House on Friday approved the measure on a party-line 220-207 vote. It passed the Senate days earlier with

Vice President Kamala Harris breaking a 50-50 tie in that chamber.

Biden is set to sign the bill during a small ceremony in the State Dining Room of the White House, sandwiched between his return from a six-day beachside vacation in South Carolina and his departure for his home in Wilmington, Delaware. He plans to hold a larger "celebration" for the legislation on Sept. 6 once lawmakers return to Washington.

The signing caps a spurt of legislative productivity for Biden and Congress, who in three months have approved legislation on veterans' benefits, the semiconductor industry and gun checks for young buyers. The president and lawmakers have also responded to Ukraine's invasion by Russia and supported NATO membership for Sweden and Finland.

With Biden's approval rating lagging, Democrats are hoping that the string of successes will jump-start their chances of maintaining control in Washington in the November midterms. The 79-year-old president aims to restore his own standing with voters as he contemplates a reelection

bid.

The White House announced Monday that it was going to deploy Biden and members of his Cabinet on a "Building a Better America Tour" to promote the recent victories, though the administration has yet to announce specific travel by the president.

"In the coming weeks, the President will host a Cabinet meeting focused on implementing the Inflation Reduction

Act, will travel across the country to highlight how the bill will help the American people, and will host an event to celebrate the enactment of the bill at the White House on September 6th," the White House said in a statement.

Republicans say the legislation's new business taxes will increase prices, worsening the nation's bout with its highest inflation since 1981. Though Democrats have labeled the measure

the Inflation Reduction Act, nonpartisan analysts say it will have a barely perceptible impact on prices.

The measure is a slimmed-down version of the more ambitious plan to supercharge environment and social programs that Biden and his party unveiled early last year.

Biden's initial 10-year, \$3.5 trillion proposal also envisioned free kindergarten, paid family and medical leave, expanded Medicare benefits and eased immigration restrictions. That crashed after centrist Sen. Joe Manchin, D-W.Va., said it was too costly, using the leverage every Democrat has in the evenly divided Senate.

Still, Biden and Democrats are hailing the legislation as a once-in-a-generation investment in addressing the long-term effects of climate change, as well as drought in the nation's West.

The bill will direct spending, tax credits and loans to bolster technology like solar panels, consumer efforts to improve home energy efficiency, emission-reducing equipment for coal- and gas-powered power plants, and air pollution controls for farms, ports and low-income communities.

# Iran submits a 'written response' in N-deal talks

AP ■ DUBAI

Iran said Tuesday it submitted a "written response" to what has been described as a final roadmap to restore its tattered nuclear deal with world powers.

Iran's state-run IRNA news agency offered no details on the substance of its response, but suggested that Tehran still wouldn't take the European Union-mediated proposal, despite warnings there would be no more negotiations.

"The differences are on three issues, in which the United States has expressed its verbal flexibility in two cases, but it should be included in the text," the IRNA report said. "The third issue is related to guaranteeing the continuation of (the deal), which depends on the realism of the United States."

Tehran under hard-line President Ebrahim Raisi has repeatedly tried to blame Washington for the delay in reaching an accord. Monday was

reported to have been a deadline for Iran's response.

There was no immediate acknowledgment from the EU that Iran submitted its response. The EU has been the go-between in the indirect talks.

From Washington, State Department spokesman Ned Price said the U.S. Would share its own response to the EU.

"We do agree, however, with (the EU's) fundamental point, and that is that what could be negotiated has been negotiated," Price said.

He added that Iran had been making "unacceptable demands" going beyond the text of the 2015 nuclear deal, which saw Iran drastically limit its enrichment of uranium in exchange for the lifting of economic sanctions.

"If Iran wants these sanctions lifted, they will need to alter their underlying conduct," Price said. "They will need to change the dangerous activities that gave rise to these sanctions in the first place."

# 6 killed in fire at restaurant in Dhaka

PTI ■ DHAKA

At least six persons — all staff of a restaurant — were killed when a fire broke out at a restaurant and spread to a plastic factory in the four-storey building here in Bangladesh, officials said on Tuesday.

The firefighters on Monday recovered six bodies from the gutted building that housed a plastic factory and a restaurant in Old Dhaka's Chawkbazar area, BDNews 24 quoted Shahjahan Sikder, assistant director of the fire service, as saying.

The workers were sleeping on the first floor after finishing their night duty when the fire broke out around 12 pm in the restaurant area and later spread to the plastic factory in the building, Bazrul Rashid, deputy assistant director of the Fire Service, said.

"We found six bodies inside the building," said Anwarul Islam, a fire service official.

According to a Daily Star Bangladesh report, all those who died in the incident on Monday were staff members of Barisal Hotel and Restaurant that occupied the ground floor of the building.

# Top Malaysian court orders ex-PM Najib to begin final appeal

AP ■ PUTRAJAYA

Malaysia's top court ordered former Prime Minister Najib Razak on Tuesday to begin his final appeal in two days after rejecting his request that it throw out his graft conviction and 12-year sentence over alleged judicial bias.

Najib has sought to introduce new evidence that would spark a retrial on grounds that the high court judge who convicted him may be biased due to his previous job at a bank that provided financial services to the 1Malaysia Development Berhad state fund.

1MDB was a development fund Najib set up shortly after taking power in 2009. Investigators allege at least USD 4.5 billion was stolen from the fund and laundered by Najib's associates. Najib was found guilty of abuse of power, criminal breach of trust and money laundering for illegally receiving USD 9.4 million from SRC International, a former unit of 1MDB.

The five-member Federal Court bench unanimously dismissed Najib's request, agreeing with prosecutors that the background of then-High Court Judge Mohamad Nazlan Mohamad Ghazali was public knowledge. Nazlan is now a

judge in the Court of Appeals.

Chief Justice Maimun Tuan Mat said the court couldn't find any link between Nazlan's previous role at the bank and the charges against Najib that could lead to a real danger of bias.

He also said some of the proposed additional evidence the defense is seeking was already available during trial and in any case is irrelevant to the charges.

"We are not convinced that Justice Nazlan made his findings based on anything other than the evidence on record," she said.

"To our mind, there is no miscarriage of justice" since Najib can include the allegation in his final appeal to the top court, she added.

Najib said after the hearing that he was "shocked and bitterly disappointed."

# Repelled more than dozen attacks: Ukrainian military

AP ■ KYIV

The Ukrainian military has said that it had repelled more than a dozen Russian attacks in the country's east and north, including attempts to advance on key cities in the eastern industrial heartland known as the Donbas.

In its regular Facebook update, the military's general staff said Russian troops had attempted to push towards Kramatorsk, one of two major cities in the eastern Donetsk province that remain under Ukrainian control, but "they failed completely and chaotically retreated to their previous positions."

In the same post, the military said Russian forces had staged an unsuccessful assault on Bakhmut, a strategic town in the Donetsk region whose capture would pave the way for Russia to take Kramatorsk and the de facto Ukrainian administrative capital, Sloviansk.

The Donetsk region is one of two provinces that make up the Donbas, where the fighting has largely been focused in recent months, since Kremlin forces retreated from around the capital, Kyiv.

Russian officials announced the full capture of the Luhansk region, the second of the two, early last month, though its Ukrainian governor has repeatedly claimed that Kyiv's forces are holding out in a small area near the regional boundary.

In the same update, the military claimed that Russia had tried and failed to break through Ukrainian defense lines in the northern Kharkiv region, home to Ukraine's second-largest city, but were "met harshly and thrown back."

Meanwhile, the Russian FSB, the KGB's main successor agency, said that it had thwarted a "sabotage and terrorist attack" on an oil pipeline in Russia's southern Volgograd region, which it blamed on two Russian citizens colluding with Ukrainian security forces.

The claims could not be immediately verified.

Elsewhere, Russian and Ukrainian officials traded more accusations Monday about renewed shelling of the Zaporizhzhia nuclear power plant, with each side alleging that the other was responsible for the attacks that have raised fears of a catastrophe.

The press office of the Kremlin-backed administration in Enerhodar, the Russian-controlled city where the plant is located, told the Interfax agency that Ukrainian forces were carrying out "massive shelling" of the facility, as well as Enerhodar's residential and industrial areas.

According to the statement, the shelling came from nearby Nikopol, a Ukrainian-held city which faces the plant across the Dnieper River.

The mayor of Nikopol later said that Russians were shelling Enerhodar themselves.

Mayor Yevhen Yevtushenko and other municipal authorities in Nikopol have repeatedly accused Russian troops stationed at the plant of shelling the city, knowing that Ukrainian forces there were unlikely to fire back.

Ukrainian President Volodymyr Zelenskyy renewed his call for fresh sanctions against Moscow and its nuclear industry in response to the situation. He described Russian forces' actions there as "nuclear blackmail" that may embolden malign actors worldwide.

As Russian forces kept up their artillery barrages around Ukraine, at least three Ukrainian civilians were killed and 20 others wounded, Ukrainian officials said.

The deaths and 13 of the wounded were

blamed on Russian shelling that hit towns and villages in the Donetsk region, regional officials said.

In the country's second-largest city of Kharkiv, seven civilians were wounded by Russian shelling that hit residential buildings and an area near a bus stop. Kharkiv Gov. Oleh Synyehubov said the wounded included a 80-year-old woman.

Russian Defense Ministry spokesman Lt. Gen. Igor Konashenkov said Monday that Russian warplanes have struck Ukrainian army positions in the southern Kherson region and in the Donetsk region. He added that the Russian air force also hit a facility in the Kharkiv region, killing at least 100 and wounding 50 "mercenaries" from Poland and Germany. His claims could not be independently verified.

Speaking at the opening of an arms show outside Moscow, Russian President Vladimir Putin hailed the military, which he said was "liberating the Donbas step by step."

He also vowed to expand arms sales to Russian allies, whom he praised for continuing to offer firm support to Moscow in the face of Western pressure.

For its part, the Ukrainian military claimed to have destroyed more than 10 Russian warehouses with ammunition and military.

# Former UN chief Ban urges world to remember Bucha victims

AP ■ BUCHA (UKRAINE)

Former UN Secretary-General Ban Ki-moon called on the world Tuesday to honour civilians who were killed when Russian ground forces tried to invade Ukraine's capital and eventually retreated from the area surrounding Kyiv.

Ban, a former South Korean diplomat who served as secretary-general between 2007 and 2016, visited Bucha, a city northwest of the Ukrainian capital where hundreds of civilians were found dead after the Russian withdrawal in late March.

"It's hard to express my feelings. It's a horrendous atrocity. It's a crime against humanity and (those responsible) should be held accountable," Ban told The Associated Press after visiting the Church of St. Andrew the Apostle.

Authorities said 116 bodies were found in a mass grave near the church after Russian soldiers pulled out.

"All the people killed here without any reason should be fully honored and remembered in the history of humankind," Ban said.

He traveled to Ukraine as part of an international peace initiative known as The Elders, which former South African President Nelson Mandela founded in 2007.

Ban was joined by former Colombian President Juan Manuel Santos, who is a Nobel Peace Prize laureate like the late Mandela. Santos also described the massacre of Ukrainian

civilians as a crime against humanity.

"The whole world should be very much aware of what is happening and be in a position to support the Ukrainian people in their effort to gain their peace and freedom," Santos told the AP.

The two former leaders visited the site of the mass grave behind the church and visited a display of photographs inside the building with scenes from the aftermath of the intense fighting in Bucha in late February and March.

The civilian killings at Bucha have become a symbol of brutality of the war. They were carried out as Russia launched a failed effort to capture the Ukrainian capital after it invaded the country on Feb. 24.

# Satellite images show first ship out of Ukraine in Syria

AP ■ DUBAI

The first shipment of grain to leave Ukraine under a wartime deal appears to have ended up in Syria — even as Damascus remains a close ally of Moscow, satellite images analysed on Tuesday by The Associated Press show.

The arrival of the cargo ship Razoni in Syria comes after the government in Kyiv praised the ship's initial departure from the port of Odessa as a sign that Ukraine could safely ship out its barley, corn, sunflower oil and wheat to a hungry world where global food prices have spiked in part due to the war.

But its arrival in Syria's port of Tartus shows how complicated and murky international

trade and shipping can be.

Syria has already received Ukrainian grain taken from Russian-occupied territory amid Moscow's war on Kyiv. Images from Planet Labs PBC analysed by the AP showed the Sierra Leone-flagged Razoni at port just before 11 am on Monday.

The vessel was just next to the port's grain silos, key to supplying wheat to the nation. Data from the Razoni's

Automatic Identification System tracker shows it had been turned off since Friday, when it was just off the coast of Cyprus, according to ship-tracking website Marine Traffic.Com.

Ships are supposed to keep their AIS trackers on, but vessels wanting to hide their movements often turn theirs off. Those heading to Syrian ports routinely do so.

The Razoni could be identified in the satellite image by its colour, length and width, as well as the four large white cranes on its deck.

Samir Madani, co-founder of the oil-shipment website TankerTrackers.Com and an expert on following ships via satellite images, similarly identified the vessel from the image.

# Ukraine's Black Sea deal also helps Russian farmers, economy

AP ■ KYIV

With much fanfare, ship after ship loaded with grain has sailed from Ukraine after being stuck in the country's Black Sea ports for nearly six months. More quietly, a parallel wartime deal met Moscow's demands to clear the way for its wheat to get to the world, too, boosting an industry vital to Russia's economy that had been ensnared in wider sanctions.

While the US and its European allies work to crush Russia's finances with a web of penalties for invading Ukraine, they have avoided sanctioning its grains and other goods that feed people worldwide.

# Putin blasts US 'hegemony,' predicts end to 'unipolar' world

AP ■ MOSCOW

Russian President Vladimir Putin accused the United States of trying to encourage extended hostilities in Ukraine as part of what he described Tuesday as Washington's alleged efforts to maintain its global hegemony.

Addressing a security conference attended by military officials from Africa, Asia and Latin America, Putin reaffirmed his long-held claim that he sent troops into Ukraine in response to Washington turning the country into an "anti-Russia" bulwark.

"They need conflicts to retain their hegemony," Putin charged. "That's why they have turned the Ukrainian people into cannon fodder. The situation in Ukraine shows that the United States is trying to drag the conflict out, and it acts in exactly the same way trying to fuel conflicts in Asia, Africa and Latin America."

The speech represented the latest attempt by the Russian leader to rally support amid bruising Western sanctions that targeted the Russian economy and finance along

with its government structures, top officials and businesses for Moscow's action in Ukraine.

Putin also drew parallels between the U.S. Backing Ukraine and a recent visit to Taiwan by U.S. House Speaker Nancy Pelosi, charging that both were part of an alleged American attempt to foment global instability.

"The American adventure in Taiwan wasn't just a trip by an irresponsible politician. It was part of a deliberate and conscious U.S. Strategy intended to destabilize the situation and create chaos in the region and the entire world, a blatant demonstration of disrespect for another country's sovereignty."

He dismissed allegations that Russia could potentially use nuclear or chemical weapons in the conflict as an "absolute lie."

eighty and its own international obligations," Putin said.

The Russian leader claimed that "Western globalist elites" were trying "to shift the blame for their own failures to Russia and China," adding that "no matter how hard the beneficiaries of the current globalist model try to cling to it, it's doomed."

"The era of the unipolar world order is nearing its end," he added.

Speaking at the same conference, Russian Defense Minister Sergei Shoigu charged that along with supplies of weapons to Ukraine, Western allies also have provided detailed intelligence information and deployed instructors to help the Ukrainian military operate the weapons systems.

"Western intelligence agencies not only have provided target coordinates for launching strikes, but Western specialists also have overseen the input of those data into weapons systems," Shoigu said.

He dismissed allegations that Russia could potentially use nuclear or chemical weapons in the conflict as an "absolute lie."

# Estonia removes Soviet monument, citing public order

AP ■ COPENHAGEN

Estonia's government said Tuesday it has decided to remove a Soviet monument in a border town sitting in the Baltic country's Russian-speaking part, with the prime minister saying the reason for the dismantling is that it represents a risk for public order.

"No one wants to see our militant and hostile neighbor foment tensions in our home," Prime Minister Kaja Kallas said, adding the move came following Russia's invasion of Ukraine. "We will not afford Russia the opportunity to use the past to disturb the peace in Estonia."

Outside Narva — Estonia's third largest town with a large Russian speaking population — a replica of a T-34 tank with a

red Soviet star sits atop a monument commemorating the Soviet soldiers who died freeing Estonia from Germany during World War II.

The whole monument was being dismantled Tuesday and "the operation will be carried out in a dignified manner, for example, the flowers and the candles placed at the monuments will be taken to a cemetery, not thrown in the trash," Interior Minister Lauri Laanemets said Tuesday, according to the Baltic News Service.

Estonian broadcaster ERR said the dismantling was underway. Foreign Minister Urmas Reinsalu said in a government statement that Russia "wanted to use the memorials commemorating the criminal occupation regime to fuel tensions in Estonian society."

# Sensex rises 379 pts, Nifty closes above 17,800

PTI ■ MUMBAI

Benchmark BSE Sensex rose by over 379 points while Nifty closed above the 17,800 level following gains in oil & gas, banking and auto shares on easing inflation concerns.

The 30-share BSE benchmark index advanced 379.43 points or 0.64 per cent to settle at 59,842.21, logging its third straight day of gains. During the day, it jumped 460.25 points or 0.77 per cent to 59,923.03.

Extending its gaining streak to a sixth session in a row, the broader NSE Nifty climbed 127.10 points or 0.72 per cent to close at 17,825.25 as 42 of its constituents advanced.

Easing inflation concerns after the wholesale price-based inflation slowed down to a five-month low of 13.93 per cent in July and buying in index majors Reliance Industries and HDFC twins added to the momentum.

"The easing of inflationary pressures has encouraged domestic investors to remain optimistic about the pace of economic recovery. Better-than-expected CPI numbers, aided by slower increase in food

and fuel prices, may limit the pace of rate hikes by the RBI," said Vinod Nair, Head of Research at Geojit Financial Services.

From the Sensex pack, Mahindra & Mahindra rose the most by 2.28 per cent. Mahindra Group on Monday announced that it would it will launch five new electric sports utility vehicles for both domestic and international markets, with the first four expected to hit the road between 2024 and 2026.

Maruti gained 2.19 per cent, Asian Paints by 2.09 per cent, and Hindustan Unilever by 1.9 per cent. UltraTech Cement, HDFC and HDFC Bank, Tech Mahindra and Reliance Industries were among the lead gainers.

On the other hand, State Bank of India fell the most by 0.9 per cent. Bharti Airtel, Bajaj Finance, Tata Consultancy Services and NTPC were the laggards.

"Markets maintained their upward bias through the trading session aided by positive global cues and few domestic factors that triggered a rally in realty, automobile and banking stocks.

"Moderating domestic inflation level has raised expectations that interest rate

hike by the central bank may slow down going ahead. While strong FII fund infusion has certainly bolstered the sentiment of investors," said Shrikant Chouhan, Head of Equity Research (Retail), Kotak Securities Ltd.

In the broader market, the BSE mid-cap and smallcap indices both climbed 1.03 per cent each.

Sectorally, BSE auto jumped 2.57 per cent, followed by realty (2.03 per cent), oil & gas (1.76 per cent), consumer discretionary goods & services (1.58 per cent) and power (1.48 per cent).

Telecom and metal were the laggards.

In Asia, Seoul and Shanghai ended higher, while Tokyo and Hong Kong settled lower.

Equities in Europe were trading higher in mid-session deals. Markets on the Wall Street had ended higher on Monday.

Stock markets were closed on Monday on account of Independence Day.

Meanwhile, the international oil benchmark Brent crude dipped 0.86 per cent to USD 94.28 per barrel.

Forex and money markets were closed on account of 'Parsi New Year'.

## ‘Inflation: Things might get better towards Sept-end’

PTI ■ BENGALURU

State Bank of India's (SBI) Chairman Dinesh Khara on Tuesday said that things might get "better" on the inflation front towards the end of September.

He said the supply side constraints getting addressed and crude oil prices trending low will help ease the situation.

"Inflation...The recent numbers which came out was 6.7. Going forward the way things are - the supply side constraints which are there are getting addressed, so the situation should be improving going forward," he said in response to a question.

Speaking to reporters here, he said one of the important factors of inflation is crude oil prices, and with them also trending lower, it will also support the inflation to be further tapered down. "...Overall expectation is that, maybe towards the end of September things might look to be even better as compared to what you are seeing (now)," he added.

The SBI Chairman was speaking to reporters after announcing the launch of the bank's state-of-the-art dedicated branch for start-ups in Bengaluru. Further pointing out that policy rates by RBI is a very key component for inflation, Khara in response to a question said, the policy rates are the outcome of the Monetary Policy Committee (MPC) meeting, which assesses multiple data points before they arrive at any decision.

"So I think we will have to wait and watch till the next MPC meeting happens, but I think till such time in the intermediary phase, I feel that the supply side constraints are getting addressed," he added.

## WPI inflation eases to 5-month low in July, food prices soften

PTI ■ NEW DELHI

The wholesale price-based inflation eased to a five-month low of 13.93 per cent in July on easing prices of food articles and manufactured products.

The WPI-based inflation softened for the second consecutive month in July, raising hopes of further decline in wholesale prices in the months to come.

The Wholesale Price Index-based inflation, after scaling a record high of 15.88 per cent in May, declined to 15.18 per cent in June. It was 13.43 per cent in February.

It was 11.57 per cent in July last year.

The WPI inflation continued its declining trend for the second month in July but remained in double-digits for the 16th consecutive month beginning April last year.

Inflation in food articles in July eased to 10.77 per cent from 14.39 per cent in June.

The rate of price rise in vegetables declined substantially to 18.25 per cent in

July against 56.75 per cent in the previous month.

In the fuel and power basket, inflation was 43.75 per cent in July compared to 40.38 per cent in the last month.

Inflation in manufactured products and oil seeds was 8.16 per cent and (-) 4.06 per

cent, respectively.

CRCL LLP CEO and Managing Partner DRE Reddy said higher crude oil prices and input costs still weigh on the producers and pass-through has resulted in pushing the retail inflation higher.

"The global economy is recovering as we witness an increase in demand for metals, oils, crude and fertilisers. Moving forward, as the crude prices soften in the summer season and supply issues getting resolved will help ease WPI inflation in the next few months," Reddy added.

The Reserve Bank of India mainly looks at retail inflation to frame monetary policy. Retail inflation remained above the Reserve Bank's comfort level for the seventh month in a row and was 6.71 per cent in July.

To tame stubbornly high inflation, the RBI has hiked the key interest rate three times this year to 5.40 per cent.

The central bank had projected retail inflation to average 6.7 per cent in 2022-23.

## Global standard warning label to boost packaged food export

PNS ■ NEW DELHI

With consumption of ultra-processed packaged foods soaring to unprecedented levels, India is prioritising the adoption of a science backed Front of Pack Labelling (FOPL).

At an event, leading industry representatives and food manufacturers said a global best practice FOPL would be a major boost for increasing exports of packaged food products especially those produced by MSME units in the global market.

## Haryana CM launches IKEA Retail construction project

**Gurugram:** Haryana Chief Minister Manohar Lal Khattar inaugurated the construction work of the first Swedish furniture retailer IKEA 'Mixed Use Commercial Project' in north India at Ingka Centers in Gurugram by performing Bhoomi Pujan on Tuesday.

This mixed-use IKEA project is to be built with an investment of about Rs 3,500 crore which will be constructed in Sector 47 of Gurugram.

Ingka Group, parent of IKEA Retail, in a statement, said that the project, which will be completed by 2025, will create about 2,500 jobs. The estimated investment for the project is around ₹3,500 crore.

The IKEA project will come up in Sector 47 where the company purchased 10 acres of land from the Haryana Shahari Vikas Pradhikaran in 2017. The company had said that the proposed IKEA store will come up to over 4 lakh square feet.

The total building area of the Gurugram new meeting place will be around 1,700,000 sq. ft over nine floors.

## Shares of firms having Jhunjhunwala's investments settle on mixed note

PTI ■ NEW DELHI

Shares of companies having investments of late billionaire investor Rakesh Jhunjhunwala ended on a mixed note on Tuesday. The 62-year-old investor, who was known as the Big Bull and Warren Buffett of India for his investment acumen, passed away on Sunday.

Jhunjhunwala had investments in more than three dozen companies, the most valuable being watch and

jewellery maker Titan, part of the Tata group.

Titan ended 0.88 pe cent higher at Rs 2,493.65. During the day, it gained 1.09 per cent to Rs 2,499.

Among the firms in his portfolio, Apteck shares dipped 0.04 per cent to settle at Rs 232.65 on BSE after falling 5.92 per cent to Rs 218.95 during the day.

Shares of Metro Brands declined 1.36 per cent to Rs 842.70. During the day, it dropped 3.13 per cent to

Rs 827.50 on BSE. Agro Tech Foods fell 0.62 per cent.

Among the gainers, Star Health climbed 1.62 per cent to Rs 707.40 after falling 4.79 per cent to Rs 662.75 in intra-day trade.

Tata Motors went up 2.55 per cent, Nazara Technologies jumped 2.44 per cent, NCC Limited gained 2.09 per cent, Indian Hotels went higher by 1.32 per cent, Crisil advanced 1.02 per cent and Titan Company climbed 0.88 per cent.

Among other companies, Canara Bank advanced 0.54 per cent and Rallis India climbed 0.13 per cent.

According to trendlyne data, Jhunjhunwala and associates publicly held 32 stocks with a net worth of over Rs 31,905 crore at the end of June 2022 quarter.

On Tuesday, the 30-share BSE benchmark index advanced 379.43 points or 0.64 per cent to settle at 59,842.21 points.

## General Motors recalls 484K big SUVs to fix problem third-row seat belts

AP ■ DETROIT (US)

General Motors is recalling more than 484,000 large SUVs in the US to fix a problem that can cause the third-row seat belts to malfunction. The recall covers Chevrolet Suburbans and Tahoes, Cadillac Escalades and GMC Yukons from the 2021 and 2022 model years.

The automaker says in docu-

ments posted on Tuesday by US safety regulators that rivets that hold the buckle to the mounting bracket on

the left- and right side third-row seats may have been formed improperly.

The belts may not properly restrain a passenger in a crash, increasing the risk of injury.

The company says it's not aware of any crashes or injuries caused by the problem. Dealers will inspect the rivet heads and replace buckle assemblies if needed.

**INBRIEF**

**AZADI KA AMRIT MAHOTSAV: 100 FEET TIRANGA HOISTED**  
**Gurugram:** KR Mangalam University, Gurugram celebrated Azadi ka Amrit Mahotsav by hoisting 100 feet Indian Flag on the campus under Har Ghar Tiranga Campaign. Addressing the gathering during the celebrations of 75th Independence Day, university Chancellor Prof Dinesh Singh, a former Vice Chancellor of the University of Delhi, said, "India is a forerunner in science and technology, we have fought many battles and have emerged winners at all levels. KR Mangalam University is nurturing creative and innovative minds thus contributing successfully to Atma Nirbhar Bharat."

**AAIA FELLOW BESTOWED ON IIIT-NR DIRECTOR**  
**New Delhi:** The Asia-Pacific Artificial Intelligence Association (AAIA) has conferred its highest honour, the Fellow of the Association, on Dr Pradeep K Sinha, the Director of IIIT-NR. Considering Dr Sinha's contributions to the advancement of Science & Technology and Technical Education, the Executive Board of the AAIA decided to bestow this honour upon him after recognising him among the top scientists of the world with outstanding achievements in the area of Distributed Computing.

**‘GOAL NOT ACHIEVED TILL POVERTY EXISTS’**  
**Chennai:** "As long as there are tears and sufferings, our work is not over. There is a need to eradicate poverty, improve literacy and make use of opportunities," said Dr K Radhakrishnan, former Director General of Police, Tamil Nadu, and presently the Member of Police Commission, Tamil Nadu, who hoisted the national flag at VIT Chennai.

## Adani Logistics to acquire ICD Tumb from Navkar Corp for ₹835 cr

PTI ■ NEW DELHI

Adani Logistics, a wholly-owned subsidiary of Adani Ports and Special Economic Zone Ltd, on Tuesday said it has signed a definitive agreement to acquire ICD Tumb (Vapi) from Navkar Corporation for Rs 835 crore.

Adani Logistics Ltd (ALL) in a statement said the deal comprises the acquisition of the operational ICD (inland container depot) with a capacity to handle

0.5 million TEUs (twenty-foot equivalent unit).

Associated 129 acres of land provides an additional expansion path to increase capacity and cargo in near future, as additional industrial corridors and logistic parks get added along these DFC (Dedicated Freight Corridor) routes, it noted.

The company said the acquisition is in line with its strategy to build integrated transport utility and pan India logistics infra-

structure, and Tumb adds to the existing seven multi-modal logistics parks in the Adani Logistics portfolio.

According to the statement, ICD Tumb has a private freight

terminal with four rail handling lines connected with Western DFC, custom notified land and bonded warehouse facilities.

Strategically located, Tumb serves both Hazira port and Nhava Sheva port along the Western DFC surrounded by industrial units of Gujarat Industrial Development Corporation (GIDC) and Maharashtra Industrial Development Corporation (MIDC).

APSEZ CEO and Whole-Time Director Karan Adani said, "This acquisition fits well with our transformation strategy towards becoming a transport utility as well as move us closer to our objective of providing economical door-to-door services to our customers".

The turnover of ICD situated at Tumb village of Valsad district in Gujarat as on last financial year ended March 31, 2022 was Rs 403.28 crore.

## SAIL producing special rails used in high-speed freight corridors on trial basis

PTI ■ NEW DELHI

State-owned steel maker SAIL will produce some quantity of special rails used in high-speed freight corridors and metro rail projects this year, according to a company official. SAIL has set up a facility for the production of head hardened (HH) rails at the new Universal Rail Mill (URM) at its Bhilai Steel Plant (BSP) in Chhattisgarh.

"...We will be of course producing some quantity in this year," Steel Authority of India Ltd (SAIL) Director Finance Anil Kumar Tulsiani said.

The head hardened rail is still under trial and once the trial is successful the company will be in a position to finalise the quanti-

ty to be produced, he spoke during the Q1 Earnings Conference Call. Such rails are manufactured using head hardening technology to bear about 50 per cent higher pressure compared to normal rails. Replying to another query, Tulsiani said it is too early to give SAIL's capex guidance for the entire year adding that there were a lot of projects in the pipeline for which already the board has given its go-ahead.

"....The orders will fructify in this year only but yes our endeavor is to do as much as possible because these schemes whatever are there they are basically some debottlenecking schemes so the more we finish them off in a faster time, it will be better for the plants also," he explained.

## India's fuel demand continues to fall in Aug as monsoon sets in

PTI ■ NEW DELHI

Diesel demand in India fell for the second month in a row as the onset of monsoon chipped away consumption in key sectors like agriculture, preliminary industry data showed Tuesday.

Petrol and diesel demand had fallen month-on-month in July. While petrol consumption is almost flat in the first half of August, diesel - the most widely used fuel in the country - saw demand drop 11.2 per cent during August 1-15 to 2.82 million tonnes from 3.17 million tonnes in the same period of the previous month.

The arrival and intensity of monsoon weigh heavily on diesel

demand in the country and consumption traditionally is lower in July-September than in April-June. Monsoon restricts mobility and demand from the farm sector, which uses diesel in irrigation pumps and trucking, also drops with the onset of rains.

Diesel demand was, however, 32.8 per cent higher year-on-year, supported by strong economic growth and a relatively low base-

line for the same period in 2021 when the second wave of COVID-19 had impacted the economy.

Consumption of diesel was 58.2 per cent higher than the 1.78 million tonnes demand during August 1-15 in 2020. It was 23 per cent more than pre-COVID August 2019, the data showed.

Petrol sales inched up 0.8 per cent to 1.29 million tonnes in the first half of August when compared to 1.28 million tonnes of consumption in the same period of the previous month.

The consumption was 30.6 per cent higher than August 2021 and 43.4 per cent more than the first fortnight of August 2020. It was 36 per cent more than pre-COVID August 2019.

## Govt approves startup loan to firm for commercialising 'compostable' plastic

PTI ■ NEW DELHI

The government Tuesday approved a startup loan of Rs 1.15 crore to a bioplastics firm for commercialising "compostable" plastic and mitigating the usage of Single Use Plastics (SUP).

In a statement, the Science and Technology ministry said an MoU was signed between the Technology Development Board, a statutory body under Department of Science &

Technology, and TGP Bioplastics Private Limited, Satara, Maharashtra, for manufacturing and commercialisation of compostable plastic.

Science and Technology Minister Jitendra Singh was apprised that the StartUp has come up with an alternative solution of Single Use Plastic (SUP) with the prototype of a compostable plastic material which breaks down as a compost in soil without affecting the environment.

## ‘Gold jewellery demand likely to contract in 2nd, 3rd quarters of FY23’

PTI ■ MUMBAI

Gold jewellery demand in India is likely to decline in the second and third quarters of this fiscal due to hike in import duty, high volatility in prices and inflationary pressure, according to a report.

While demand is likely to contract by 8 per cent year-on-year in the second quarter of FY23, the decline is expected to be higher at 15 per cent in the third quarter due to the exceptionally high base in the same period of FY22, Icara said in a report. According to the report, the exceptional third quarter performance in FY22 was due to the post-Covid reopening of the economy and the substantially high demand in the wedding and festive seasons.

Nonetheless, overall industry is expected to grow by a moderate 10 per cent year-on-year (y-o-y) in FY23 on the back of strong performance in the first quarter of FY23 and steady demand in wedding and festive season in the current fiscal.

The organised jewellery retail industry's revenue is likely to grow at a higher pace of 14 per cent y-o-y in FY23, driven by continued store expansions, the report added.

"In addition, an increase in other discretionary spending on things like travel due to lower restrictions and a likely reduction in the share of jewellery purchases in overall wedding expenditure, which was higher last year due to restrictions around gatherings, are also factors that can affect demand. Rural demand for gold is also likely to be impacted by uncertain monsoons in the current year and higher interest rates on agricultural loans which could dent disposable incomes," Icara Senior Vice President and Group Head Jayanta Roy said.

## Companies in India expected to give 10% hike in 2023, says report

PTI ■ MUMBAI

Companies in India are expected to give a salary hike of 10 per cent in 2023 as they struggle with rising attrition in the tight labour market, according to a report.

Global advisory, broking and solutions company Willis Towers Watson's Salary Budget Planning report found that companies in India are budgeting an overall increase of 10 per cent for 2022-23, compared with the actual 9.5 per

cent growth in the previous year.

According to the report, more than half (58 per cent) of the employers in India have budgeted for higher salary increases for the ongoing fiscal year compared to last year, while a quarter of them (24.4 per cent) made no change in the budget.

Only 5.4 per cent have reduced the budget as compared to 2021-22, it added. The report revealed that at 10 per cent, salary increases in India continue to be the highest in

the Asia Pacific (APAC) region.

China is projected to see an increase of 6 per cent, Hong Kong at 4 per cent and Singapore at 4 per cent for next year, it added.

The report was based on a survey across 168 countries in April and May 2022, which includes 590 organisations in India.

It further said around 42 per cent of companies in India have also projected a positive business revenue outlook for the next 12 months, while only 7.2 per cent

have projected a negative outlook.

In addition, Information Technology (65.5 per cent), engineering (52.9 per cent), sales (35.4 per cent), technically skilled trades (32.5 per cent) and finance (17.5 per cent) are expected to be the most sought-after functions for recruitment in the next 12 months.

Voluntary attrition rates in India continue to be amongst the highest in the region at 15.1 per cent, only second to Hong Kong, it observed.

PTI ■ NEW DELHI

In a massive setback for the country, world football governing body FIFA on Tuesday suspended India for "undue influence from third parties" and said the U-17 Women's World Cup "cannot currently be held in India as planned."

The country is scheduled to host the FIFA tournament from October 11-30.

This is the first time the All India Football Federation (AIFF) has been banned by FIFA in its 85-year history, with the apex body saying there have been "flagrant violations of the FIFA Statutes".

"The Bureau of the FIFA Council has unanimously decided to suspend the All India Football Federation (AIFF) with immediate effect due to undue influence from third parties, which constitutes a serious violation of the FIFA Statutes," the FIFA said in a statement.

The Bureau of the FIFA Council said the lifting of the suspension will be subject to repealing of the Committee of Administrators' (CoA) mandate in full. In a statement, FIFA also said it wants the AIFF administration to "be fully in charge of the AIFF's daily affairs".

"The suspension will be lifted once an order to set up a committee of administrators to assume the powers of the AIFF Executive Committee has been repealed and the AIFF administration regains full control of the AIFF's daily affairs."

"The suspension means that the FIFA U-17 Women's World Cup 2022, scheduled to take place in India on 11-30 October 2022, cannot currently be held in India as planned. FIFA is assessing the next steps with regard to the tournament and will refer the matter to the Bureau of the Council if and when necessary."

In the wake of the latest development, the Centre sought an urgent hearing in the Supreme Court on the AIFF matter.

A bench of Justices DY Chandrachud and A S Bopanna was told by Solicitor General Tushar Mehta, appearing for the Centre, that "important development" has taken place and FIFA has sent a letter suspending India which is in public

## FOOTBALL'S TOP GOVERNING BODY BANS INDIA FOR THIRD PARTY INFLUENCE; WOMEN'S U17 WORLD CUP NOT TO BE HELD IN INDIA

domain and needs to be brought on record.

This was after a four-member FIFA delegation held a meeting with senior sports ministry officials and the CoA on Friday and Monday, respectively.

"Till last evening it seemed consensus has been reached between all the parties but last night FIFA just informed us that they will have to ban AIFF as per its internal committee decision," an official in the sports ministry said.

"FIFA is against CoA's interference but it is open to dialogue and wants the AIFF executive board to be in place at the earliest, and if that happens, they will lift the ban.

"The government is committed to solving the matter as soon as possible as it wants the U-17 Women's Junior World Cup to be hosted by India," he added.

A ban on India has been on the cards since the Supreme Court removed Praful Patel as AIFF president on May 18 for not holding elec-

tions, due in December 2020.

The court had appointed a three-member Committee of Administrators (CoA), headed by former apex court judge AR Dave, to manage the affairs of the national federation.

The CoA, which has former Chief Commissioner of India SY Quraishi and ex India captain Bhaskar Ganguly as other members, also had to frame its constitution in line with the National Sports Code and model guidelines.

The Bureau of the FIFA Council decided that upon lifting of the suspension, the AIFF constitution will have to be revised in accordance with the requirements of the FIFA and the AFC and to be approved by the AIFF general assembly without interference from any third party.

The FIFA, "concurrently", wants an "independent electoral committee to be elected by the AIFF general assembly to run the elections of a new executive committee".

It also said the AIFF must "carry

out the upcoming electoral process as per the statutory requirements and to hold its elections based on the pre-existing membership of the AIFF (i.e state associations only).

As per the FIFA move and with the AIFF losing all membership rights until further notice, the Indian clubs and representatives (players, referees, officials) are no longer entitled to take part in international suspension until the suspension is lifted.

"This also means neither the

## Murray downs Wawrinka in Cincinnati

AP ■ CINCINNATI

Andy Murray won his first hard-court match of the summer on Monday, defeating Stan Wawrinka 7-6 (7/3), 5-7, 7-5 in the opening round of the ATP/WT A Cincinnati Masters.

The 35-year-old Scot was facing his 37-year-old Swiss rival for the 22nd time with both treble Grand Slam champions still coming back to full form after long-term injuries over the past few seasons.

Murray lost in the first round at Washington and last week in Montreal while Wawrinka's last win came on grass two months ago at Queen's Club, London; he has not won on cement since the Australian Open last year.

Murray needed four match points to advance at a tournament he has won twice, in 2008 and 2011.

The veteran was competing here for the 17th time.

Compatriot Cameron Norrie joined Murray in the second round with his 7-6 (7/5), 4-6, 6-4 defeat of Dane Holger Rune.

Other winners on opening day included 2016 champion Marin Cilic, who defeated Spain's Jaume Munar 6-3, 6-3, and American John Isner, the 2013 finalist against Rafael Nadal, who advanced past France's

Benjamin Bonzi 7-6 (13/11), 3-6, 7-6 (7/4).

In the WTA draw, Wimbledon champion Elena Rybakina defeated Egyptian Mayar Sherif 6-3, 6-2.

The world number 25 set up a

second-round clash with eighth seed Garbine Muguruza, title-winner here in 2017.

American Amanda Anisimova beat ninth seed Daria Kasatkina 6-4, 6-4.

### 'FITNESS KEY'

Andy Murray said match fitness will be the key to the remainder of his season after reaching the second round of the ATP/WT A Cincinnati Masters.

After half a decade of injury problems including a pair of hip surgeries, the Scot knows the remainder of his season, and career, will depend on his physical state.

"Physically I felt pretty good for the last few months, but in a lot of the tournaments I've lost in the second round," he said.

"I've not had that opportunity to have a really good tournament and then maybe take a break and rest.

"I hope I can get to that level again where I'm consistently getting to the latter stages of events, and therefore, we will be able to plan and schedule my tournaments better."

## Kyrgios 'unavailable' for Aus at Davis Cup

AP ■ SYDNEY

Wimbledon finalist Nick Kyrgios will skip the Davis Cup next month, Tennis Australia said on Tuesday, scotching speculation about his return to the team competition.

The 27-year-old has not appeared at the Davis Cup since 2019 but would have been an obvious choice given his strong run of form since his Wimbledon final appearance in July.

Kyrgios, ranked 28 in the world, won the Washington Open earlier this month and reached the quarter-finals of the Canadian Open.

"It would have been great to have Nick in the team but unfortunately he was unavailable for this tie," Australia's Davis Cup captain Lleyton Hewitt said in a statement.

The team will be led by Alex de Minaur and Thanasi Kokkinakis and also include Wimbledon men's doubles champions Matt Ebden and Max Purcell.

Australia will compete in Hamburg on September 13-18 in Pool C alongside Germany, France and Belgium in the group stage.

## Morata returns with brace

AP ■ MADRID

Alvaro Morata struck twice to secure Atletico Madrid a 3-0 victory at Getafe in their opening game of the La Liga season on Monday.

Morata, who has returned to Atletico after two years on loan with Juventus, scored a goal in each half before Antoine Griezmann wrapped up the points.

Joao Felix played a key role by setting up all three goals, the first of which Morata swept home from the edge of the box on 15 minutes.

Borja Mayoral grazed the crossbar for Getafe late in the first half, but Morata eased Atletico nerves with a clinical finish on the hour following an error by Stefan Mitrovic.

Felix then threaded the ball through for Griezmann, who cut inside and drove low into the corner to ensure Atletico made a winning start following the departure of Luis Suarez.

The Uruguayan rejoined his boyhood club Nacional on a short-term deal in July after his contract expired at Atletico.

Athletic Bilbao drew 0-0 at home to Mallorca, while Real Betis host Elche later on Monday to round out the opening round of fixtures in Spain.

## Vlahovic's double sinks Sassuolo

AP ■ TURIN

Dusan Vlahovic fired Juventus to a comfortable 3-0 win over Sassuolo with a brace in Monday's Serie A opener while Victor Osimhen was racially abused by Verona fans in a thumping 5-2 win for Napoli.

Serbia forward Vlahovic put Juve two ahead just before the break from the penalty spot after being fouled by Gian Marco Ferrari, and ended the match as a contest following a smart Angel Di Maria pass six minutes after the restart.

Di Maria had set Juve on the road for a low-key win with his first Serie A goal, a miscued volley in the 26th minute of his debut after arriving as a free agent this summer.

Massimiliano Allegri's side were missing returning hero Paul Pogba, out with a knee

injury until next month, and injured starting goalkeeper Wojciech Szczesny.

However Allegri gave Filip Kostic his Juve debut off the bench, a new face who along with the excellent Di Maria could rejuvenate a sluggish team who came up against the weakest of resistance at the Allianz Stadium.

Osimhen was among the scorers for Napoli who before kick-off honoured their former goalkeeper Claudio Garella, a Serie A title winner in the 1980s with both southern Italy's biggest club and Verona.

A reporter at the game heard a section of the home support launch monkey chants at the Nigeria forward midway through the first half, before he stretched to jab home Giovanni Di Lorenzo's knockdown in stoppage time to put the away side 2-1 ahead at half-time.

## Denker, Arnold Sheldon - Botvinnik, Mikhail

This month, in our series 'Champion born this month', I would like to present a game by the most remarkable World Chess Champion — someone who always showed courage to experiment, someone who was the pioneer of artificial intelligence and someone who is considered to be the greatest Chess visionary who influenced the Chess world most. Surely the reader has guessed that I am speaking about five times world Chess champion Mikhail Botvinnik of USSR.

Mikhail Moiseyevich Botvinnik (17th August, 1911 -- 5th May 1995) was born at Kuokkala, (now in Repino district, Saint Petersburg) to a Jewish dentist couple. Though it was the most trying time for the Jewish community then, Botvinnik always found a way to survive and excel due to his intelligence, adaptability and wisdom.

Botvinnik turned an atheist very young and always described himself as "a Jew by blood, a Russian by culture and a Soviet by upbringing". At the tender age of 20, Botvinnik won the Soviet Chess Championship, thereby getting opportunity to participate in important Chess tournaments in Western Europe. His victories over former World Champions Capablanca and Alekhine — two masterpieces displaying exactly opposite playing styles — reveal the depth of Botvinnik's mastery over Chess strategy, tactics and technique at a young age. When World Champion Alexander Alekhine passed away in 1946, leaving the Chess throne empty, the International Chess Federation FIDE conducted the 'World Championship Tournament' at Groningen (1946) in which Botvinnik emerged the winner, to be crowned as

the World Champion for the first time.

Botvinnik always believed in propagating and promoting the game on all fronts at the same time and was the main force behind the government support and the broad player base in Soviet Union. He wrote several Chess books and composed some very illustrative Chess puzzles. Botvinnik's greatest contribution to Chess is his study of artificial intelligence and computer science. Even when he was the World Champion, Botvinnik dedicated a lot of time in designing and making Chess playing computers. Even at the risk of becoming ridiculed by fellow Chess masters, Botvinnik always expressed that computers would eventually defeat humans some day. His words have indeed come true, though, sadly, it was not to happen during his lifetime.

After retiring from active participation in world championship cycles,

Botvinnik started training talented youngsters from Soviet Union. World Champions Garry Kasparov and Vladimir Kramnik are the most prominent among his students. Botvinnik promptly acknowledged the contribution of others to his own work as well as to Chess theory. He attributed his concept of 'acclimatisation', practiced by all Soviet sportspersons for decades, to invaluable inputs and suggestions by World Chess Champion Dr Emanuel Lasker. Due to his innovativeness, objectivity and clarity of thoughts, Botvinnik was always able to lead the Chess world in new directions and dimensions till the last day of his life. The Chess world will always miss this legendary personality.

Today let me take you through a game played by Botvinnik in the system named after him and annotated by none other than his most successful pupil, Garry Kasparov.

1.d4 d5 2.c4 e6 3.Nc3 c6 4.Nf3 Nf6 5.Bg5 dxc4 6.e4 b5 This sharp continuation, defending the 'c4' Pawn at the cost of allowing White to attack the pinned Black Knight with a Pawn, is now known as the Botvinnik variation of the Slav Defence.

7.e5 h6 8.Bh4 g5 9.Nxg5! hxg5 10.Bxg5 Nbd7 11.exf6 White has recovered the sacrificed piece and seems to be in an advantageous position. However, Botvinnik soon demonstrated that this is only an illusion and Black has enough dynamic resources to create adequate counterplay.

11...Bb7 12.Be2? 12.g3! must go without thinking - writes my hand 51 years later." — Garry Kasparov in 1996.

12...Qb6 13.0-0 0-0-0

"Both kings are castled; however, the White monarch will soon feel quite uncomfortable, especially after the imminent c6-c5." — Garry Kasparov. 14.a4!

"Looks natural, but while trying to open the opponent's Kingside White soon finds himself well behind in the creation of any real threats." — Garry Kasparov.

14.Bf3 protecting the crucial diagonal, could have partially repaired the damage done by the 12th move, although a bishop on g2 with the pawn on g3 is a much more healthy construction for the castled King. For example, 14...Ne5! leads to a double-edged position after the queen sacrifice: 15.dxe5 Rxd1 16.Rfxd1 " Garry Kasparov.

"In one training game Ragozin, Botvinnik's long-time coach and sparring partner, played the optimistic 14.h4 and after 14...Bh6! 15.a4 Bxg5 16.hxg5 b4 17.Ne4 c5 White didn't survive for long in this open position." — Garry Kasparov. 14...b4! 15.Ne4 c5! 16.Qb1? "Too far from the action. 16.Qc2 wouldn't have changed much after 16...b3! 17.Qb1 Qc7 etc. Another proposition 16.Qc2,c3!? 17.bxc3 Qc7 looks extremely exciting, e.g. 18.f4 cxd4 19.c4 d3! 20.Bxd3 Nc5 21.Nxc5 Bxc5+ 22.Kh1 Rdg8 (threatening 23...Rxg5) 23.Bh7 (what else?) 23...b3! 24.Qb1, Qc6! 25.Rf3 Qxf3! and the crazed elephants (Chess Bishops are called elephants in Russian - Pravin Thipsay) will trample all over White's king. Remember 26.gxf3 Bxf3# is mate!" Garry Kasparov.

The only reasonable alternative was 16.Nd2! with hopes of staying in the game after 16...c3 17.bxc3 bxc3 18.Nc4 Qc7 19.h4 etc.

16...Qc7!

As you have probably noticed, Black has gained a valuable tempo for manoeuvring his queen, because the square h2 is also vulnerable from the diagonal h2-b8.

17.Ng3?

"The final mistake. This knight had to stay on e4.

The alternative 17.h4 wouldn't stop Black's attack after 17...Bh6! ; 17.g3! was relatively the best and could have prevented immediate disaster." — Garry Kasparov. 17...cxd4 18.Bxc4! Qc6!

But not 18...Qxc4?? due to 19.Rc1.

19.f3 d3!

"In amazing harmony Black's pieces are using all open lines and diagonals to satisfy their "basic instincts": to get at the White king!" — Kasparov. Black opens up the 'g1-a7' diagonal for his King Bishop.

20.Qc1

Bad is 20.Ne4? Qc7! 21.g3 Bxe4! 22.fxe4 Qxc4 23.Rc1 Bc5+ 24.Kf1 Qxe4 with a rapid mate. Or if 20.Be3 then 20...Bc5 21.Qe1 Ne5 22.Bb3 Ng4! and White wins.

20...Bc5+ 21.Kh1 Qd6! 22.Qf4

This allowed Black to win with a pretty combination but there was no defence anyway 22...Rxb2+! 23.Kxh2 Rh8+ 24.Qh4 24.Nh5 fails to 24...Rxb2+ 25.Kg3 Rxb2+!

24...Rxb2+ 25.Bxb4 Qf4!

White resigned. 0-1

Pravin Thipsay, Arjuna Awardee and International Chess Grandmaster.

# Dhawan always ready to help youngsters

PTI ■ HARARE

He might have been relegated to vice-captaincy after KL Rahul's late inclusion but team's senior-most player is always ready to lend a helping hand to the youngsters who seek out for him.

Dhawan was all set to lead the team in a three-match ODI series here but now that he will be performing the duties of a deputy, he is ready to to put his best foot forward.

"I quite enjoy sharing my experience with the youngsters in the team. I first came here in 2014 (actually 2013), when Duncan Fletcher was the Indian coach. If they (youngsters) reach out to me for any suggestions, I am (always) there to answer them," Dhawan told reporters at a media conference here.

The 36-year-old southpaw is rather happy that skipper Rahul will get the much-needed game time ahead of the all-important Asia Cup.

"It is a very good news that KL (Rahul) is back and will be leading the side as well. He is one of the main players of this Indian team. It will be a good outing for him before the Asia Cup gets underway. I am sure he will gain a lot from this tour," Dhawan said.

All-rounder Washington

Sundar who was a sure-shot starter against Zimbabwe was ruled out after he injured his left shoulder in the Royal London One Day Cup.

The 22-year-old Chennai lad last donned the Indian colours during the West Indies series in February 2021.

"It's sad that Washington is out. He is quite an important player for the side. But it's part and parcel...Injuries happen. Hope, he will recover soon. He

will be missed him as a spinner but we have got a good back-up through Kuldeep Yadav and Deepak Hooda, who also bowls off-spin," the Indian vice captain said.

While India is back in the southern African nation for the first time since 2016 and haven't played much against them in the last few years, Dhawan was of the opinion that should not take Zimbabwe, especially after their recent series win against

Bangladesh.

"They have won against Bangladesh. They are playing good cricket. It's good for us and we cannot take anything for granted. It's about the process.

"Regardless of the team we are facing, we always make sure we do things right so that we end up getting the right results. That will once again be our focus as a team," Dhawan said.

Dhawan praised senior Zimbabwean batter Sikandar Raza and said that the Indian

bowlers will have to bowl smart against the latter to contain him in the right time.

"He is a very good player. He has been playing for Zimbabwe for a long time. He is a quality player. I am sure our bowlers with come up with nice plans against him," he said.

Dhawan went on to add that the series against Zimbabwe will be crucial for a number of youngsters in the squad like Shubman Gill,

Avesh Khan, Ishan Kishan, and the exposure they are getting will be extremely beneficial to them in the coming days.

"The youngsters, these days, have got more exposure. They are confident and they have got good technique. Their confidence level is quite high because of domestic and IPL. We feel that we have got so many options. It is a healthy sign for the team," Dhawan said.

## India Women's to play 2 Tests in next 3 years

Women's in Blue to play 2 Tests, 27 ODIs and 36 T20Is in FTP 2022-2025

PTI ■ DUBAI

The Indian women's team will play as many as 65 international games in the inaugural Future Tours & Programmes (FTP) set by the ICC during the three-year-cycle between May, 2022 to April, 2025.

The ICC on Tuesday announced the structured calendar that includes a total of 301 matches (seven Tests, 135 ODIs and 159 T20Is) over a period of three years.

India's share of matches will be two Tests against England and Australia along with 27 ODIs and 36 T20 Internationals during the said duration.

Since the FTP has started from May, 2022, India have already played 3 WODIs and 3 WT20Is against Sri Lanka.

As per the list, India hosts New Zealand, South Africa, West Indies and Ireland at home, the away series are against Australia, England, Sri Lanka (already played) and Bangladesh.

One of the marquee events in this phase will be India's five-match T20I series against the 'Southern Stars' later this year.

While the Australians will be visiting India once again during the summer of 2023-24 for a multi-format series(one Test,

three ODIs, and three T20Is), the Indians will return the favour when they tour Down Under in the winter of 2025-26 (one Test, three ODIs, and three T20Is).

Of the seven Tests inked during the phase, England will play the most Tests - five, followed by Australia (four), South Africa (three) and India (two).

"This is a huge moment for the women's game," ICC general manager of cricket, Wasim Khan, said in a statement.

"This FTP not only lends certainty to future cricket tours but also sets the base for a structure that is sure to grow in the coming years," Khan added.

According to ICC, the 2022-25 Women's Championship, teams will generally play three-match bilateral ODI series before the 2025 World Cup.

Many of these series will also be accompanied by T20 international matches, with some teams also giving its consent for five-match WT20I series.

"All bilateral T20I matches count towards respective team rankings, which in turn serves as a primary mechanism for determining the teams that qualify for ICC global events," ICC said in its statement.
