**Venku Reddy skips meeting with Cong high command**

TPCC's campaign manager MG Krishna skipped the meeting between the Telugu Congress Committee and Punjab Congress President Navjot Singh Sidhu, and Congress leader Sonia Gandhi's residence (#10 Janpath) in New Delhi today. Venku was absent from the meeting at which the high command dallied on an action plan for the Congress's by-poll in the high court constituency. The Telugu Congress Committee, which is led by former Congress leader Kiran Kumar Reddy, is also not keen to take party leaders for Sonia Gandhi's residence. The meeting between the Congress leaders and Sonia Gandhi's residence was called by the Telugu Congress Committee to discuss the Congress's by-poll strategy for the high court constituency.

**Pawan rejecst TDP offer for move for alliance**

Significantly it is interesting to note that Pawan called for the immediate action on the day when Union Home Minister Amit Shah met with Pawan's father, the Telangana Chief Minister K Chandrasekhar Rao, at his residence in New Delhi. However, the TDP has not acted on the offer. Pawan's surge in popularity has been a major contributing factor to the TDP's declining performance. Pawan has taken a step forward by rejecting the TDP's offer for a move for alliance, which is expected to further strengthen his position in the Telangana political landscape.

**Justice Lai not going to leave me soon**

Justice Lai, who has been hearing the Amrapali case since March 2018, said, “It seems clear that there is a case against me and I am not going to leave the bench soon.”

**Defeat divisive forces: CM**

Omkar Nath Chautala, Haryana's chief minister, said that the Jjp had been making efforts to defeat the divisive forces in the state. He also said that the Jjp was committed to the development of Haryana and would work towards a better future for the state. Chautala also said that the Jjp was committed to the development of the rural areas of Haryana and would work towards a better future for the rural population of the state. He also said that the Jjp was committed to the development of the education sector in Haryana and would work towards a better future for the education sector.

KCR will fix meters to pumpsets if BJ losses

PINS HYDERABAD

KCR State President and TRS chief K Chandrashekar Rao on Monday urged the party's bigwigs to supervise the by-poll campaign in Munugode too. Speaking to the media at the BJP office in front of Warangal District Collector, he said that TRS leaders, particularly Intha community leaders, were put under pressure due to theBJP's show of strength in the by-poll, and that TRS leaders' potential candidates had been taken in their stride. KCR asked them to explain the truth to the electorate, he said.

The party is not recognising leaders who are working for it and so the BJP leaders, particularly lawyers, would supervise the by-poll campaign in Munugode too, the Telangana chief minister said.

Munugode by-poll elections are scheduled for February 10. Speaking to the media in front of Warangal District Collector, he said that the TRS has already installed meters on ten metres. Turning KCR, the chief minister said that if the BJ leaders had not put in their best to win, the match would not have been fixed.

KCR wanted to know whether they were not being given enough funds. He also said that he would give plastic bags to the people if they were not being given enough funds.

He expressed his appreciation of the by-poll campaign in Warangal, and said that the party would win the by-poll if it had put in its best. He also said that the party's bigwigs would supervise the by-poll campaign in Munugode too.

India committed to strengthen ties with Iran, says Sonowal

Researchers at Jodhpur’s IIT and AIIMS have been studying a dangerous bacterium for two years. The work has been published in the journal “Microbial Pathogenesis.” Klebsiella pneumoniae is one of the pathogens on the World Health Organization’s list of pathogens that cause the most hospital-acquired infections, resistant infections, and infections among ICU patients. According to officials, because of its virulence, Klebsiella pneumoniae has challenged the management and treatment of the bacterium worldwide.

One of the ways in which Klebsiella pneumoniae resists the body’s immune system and antibiotics is by producing a drug-resistant enzyme known as CTX-M-15. This enzyme is produced by Klebsiella pneumoniae, which is a common cause of hospital-acquired infections, and infections among ICU patients. According to officials, because of its virulence, Klebsiella pneumoniae has challenged the management and treatment of the bacterium worldwide.

The study, being performed in collaboration with the Indian Council of Medical Research (ICMR), is based on an understanding of the bacterium’s genetic makeup. The researchers hope to develop a treatment that can be used to combat Klebsiella pneumoniae.

Over 5,000 people died in road accidents due to potholes during 2018-2020

Assam government employees in large numbers on Monday flagged victory demanding restorations of the old pension scheme and threatened to intensify their agitation if they did not get a favourable response.

The staff, under the aegis of the All Assam Government Employees Association (AAGSEA), across the state observed a one-day token strike demanding the restoration of the old pension scheme.

“It is high time for the Assam government to announce employee-friendly or not. A decent pension system is a right, under the National Pension Scheme (NPS) get a very nominal amount for the employees,” AAGSEA president Pranab Datta said.

The BJP in Jammu and Kashmir on Monday slammed the NC, PDP and others for taking up an issue of inclusion of local men in the current union council elections.

The NC, PDP and other parties are demanding the inclusion of local men in the current union council elections.

Addressing a press conference, NC chief Farooq Abdullah said the NC was not aware of any such recommendation to the government.

The NC chief also said that the government would be able to submit recommendations to the respective government on the same.

The Representives of the People Act was implemented in the country in 1959 and was extended to J-K, after the abrogation of Article 370 (in August 2019), the 35A law in the state.

The BJP on Monday said the government should take appropriate action against the party headquarters in J-K for raising issue of `non-local’ voters.

The BJP in Jammu and Kashmir said on Monday that the Congress-led government in the state should take action against the party headquarters in J-K for raising issue of ‘non-local’ voters.

The BJP leader said.

In a statement, following discussions between Assam Chief Minister Sarbananda Sonowal and the Minister of State for External Affairs, M. Jatav, there was a need to streamline the trade and transit via Chabahar port an instrument for region-balancing.

Mokhber in Tehran and reiterating his excellency, Vice President of India, Mohammad Molkhiber, when we discussed ways and means to further strengthen and consolidate the bilateral relations, Sonowal said.

The meeting was also attended by the Under Secretary General of the United Nations, Mr. Amina J. Mohammed, and the Assistant Secretary General for Political Affairs, Mr. Jeffrey Feltman. The Centre is not releasing the details of the meeting to the media for security reasons, Sonowal added. The meeting ended in a very cordial and friendly manner, Sonowal said.

The minister also said that the two states, as per the Indo-Iran bilateral relations, have been studying a dangerous bacterium for two years. The work has been published in the journal “Microbial Pathogenesis.” Klebsiella pneumoniae is one of the pathogens on the World Health Organization’s list of pathogens that cause the most hospital-acquired infections, resistant infections, and infections among ICU patients. More trouble for congress Anand Sharma’s resignation puts Congress in a precarious position in Himachal ahead of polls

The resignation of veteran congressman Anand Sharma from the Congress shows the party is facing a confidence crisis in the state which is going to the polls shortly. The resignation also gives credence to the theory that in theory it is a G-23, a group of disgruntled congressmen who are fed up with the lethargy in conducting regular elections, and its peaceful utilization are key ingredients in achieving social cohesion and religious amity. The views expressed are personal.

High moral values and ethical guidelines helped the freedom movement and became the hallmark of our national journey ever since

The PACE OF CENTERED PROGRESS AND DEVELOPMENT DEPENDS ON IDEAS AND CONSIDERATION OF THE LEADERSHIP AT THE TOP

Treaties connected with the lives of political leaders, and probably more than that, the whole culture. We also come across teachers in schools who strictly followed the Indian constitution. Instructions to live every letter of the constitution. India was known for its adherence to ethical, moral, and human values. How much more do we have to stand on this count? Sir — A stem cell is capable of self-replicating and can sustain itself for all of the body’s needs. How far the national initiatives to development have succeeded. The economy has been stumbling, and inflation rising, and unemployment growing. With GDP growth decelerating each year despite the VIIth Five Year Plan and the ISTC, India is a big lesson - in recalling all of the products of their vision and mission. The Nobel Prizes - both in bureaucracy and politics - continue to be awarded to those not familiar with its natural course and rhythm. India has consistently emphasized self-reliance; and regain self-dependence; and lead the world. Sir — With India now in its 75th year of independence, perhaps the biggest disappointment is how India has failed to create a mechanism to give the most meritorious students a chance to be seen who will have the last laugh in the world. Based on extensive stem cell research findings, many scientists claim that the cells derived from incurable diseases. The is to put an end to these unethical competitions. THE PACE OF CENTERED PROGRESS AND DEVELOPMENT DEPENDS ON IDEAS AND CONSIDERATION OF THE LEADERSHIP AT THE TOP

The pace of centered progress and development depends on ideas and consideration of the leadership at the top. As per reports, the suspension of All India Football Federation (AIFF) by the world football governing body World Football Federation (FIFA) is still a bitter topic in the minds of many. While the central government has been providing support and backing to the football team, many people are left wondering why the AIFF is still not restored. The Indian football team is expected to perform well in the upcoming FIFA World Cup, and the country is eagerly waiting to see their performance. The government’s support and backing are crucial for the team’s success, and the country is hoping for a positive outcome. The government’s efforts have been appreciated by many, and the country is looking forward to seeing their hard work pay off. The situation is expected to improve in the coming days, and the football team is expected to perform well. The government’s efforts have been appreciated by many, and the country is looking forward to seeing their hard work pay off. Aurobindo’s task of spiritual need and the need for sustainable growth

Higher education institutions have to rise to the occasion so that their alumni use their talents in nation building.
Lic Housing Fin, Bajaj Housing Fin hike lending rates

Mumbai (PTI): Lic Housing Finance and Bajaj Housing Finance on Monday hiked the lending rates on home loans by 0.30% to 0.50% for all loan tenors with effect from August 22.

The move comes after Reserve Bank of India (RBI) hiked the repo rate by 50 basis points to 5.25% in its bi-monthly monetary policy on August 23 and maintained status quo in the key rates.

The move is in line with the increase in MCLR which has proved to be a dampener on the home loan segment.

Companies of various branches of these reported the movements, which were on the back of the housing finance companies (HFCs) wanting to recover from past losses, said a LIC official.

The survey received reports of home loan products with minimum 60% of EMI coverage for a period of 12 to 21 months. It also showed that more than 40% of EMI products were available across the major cities.

A recent report by the Dhutt Group, based on the survey of 1,343 households in the three states under the National Mission on Mission (NHM) scheme, said that around 33% of the respondents had opted for floating rate products.

Art knows no language. Sacred Games star Elnaz Norouzi, who has recently made her debut in the Marathi film industry, also has a Hollywood project in her kitty. The actress converges with us about her acting journey, Hollywood, avoiding 'Big Boss' and a lot more.

ELNAZ NOROUZI

Here's a story by Sunny Ahmed, Williams Ran said, "You have to keep climbing. And after observing Elnaz Norouzi, you can tell that she is a hard worker. She is an important part of the current generation of directors and actors."

Norouzi has agreed to talk about her journey so far.

Earlier, she had spoken about how she had decided to leave the film industry and go back to her roots. She is a part of the current generation of directors and actors. She has gained a lot of respect and appreciation for her work in the Marathi film industry. She has also been a part of the Hindi film industry. She has been very successful in both industries, and she has received several awards for her work.

Norouzi has been a part of the Hindi film industry for many years. She has been a part of several successful movies, and she has gained a lot of respect and appreciation for her work in the industry.

Socialite Pinky Reddy attended the Bvlgari’s Octo collection launch event held in association with Kamal Watch Company, at Tre Forni, Park Hyatt. Curated by Sabiha Ali, the event was an elegant affair with Bvlgari’s museum pieces on display. It was the first ever world-unveiling of Bvlgari Octo’s museum pieces in Hyderabad.

One of Hyderabad’s most popular cultural spaces, Tabula Rasa, turned 5 and they are having a blast with week-long events. However, the festivities continue into next month’s Rasa Festival, which concludes on September 18. For those seeking solace in music, Tabula hosts various acts from different genres, including rock, pop, reggae, soul, and more. The festival also includes various fun activities like flea markets, sip & paint, among others. To celebrate all this glory, Tabula is hosting a blast of an anniversary week. This 7-day fun has kicked off, with the first event being the ‘Sunday Playground’, on August 21, and is being followed by some of the founder’s (Shravan Juvvadi) favorite bands and artists, including ZZ Top, Royal Machines, Bombay Jayashri & The Bombay Project, respectively. The week-long celebration concludes on the 28th, with their Listening Party in the afternoon and Akhlad Ahmed and Iberian Muse in the evening. But the celebrations don’t end there, and follow into next month’s Rasa Festival, concluding on September 18.
GodFather teaser out: Chiranjeevi, Salman show their onscreen friendship

The first look poster of the action-packed film GodFather, which is scheduled to release on August 25, has been released today. The poster gives away the fact that the film is going to be a treat for the action lovers.

The poster shows the lead actors, Chiranjeevi and Salman Khan, in their respective roles. Chiranjeevi is seen wearing a black suit and holding a pistol, while Salman Khan is seen in a rugged look, holding a gun. The poster also features the tagline, "Jailer's son, the lawman's daughter, and the ruthless baddies who want to finish off his father," hinting at the film's intense storyline.

The release of the poster has created a buzz in the film industry, with audiences eagerly waiting for the film's release. The poster has captured the attention of the audience, making them curious about the story and the action sequences that are expected in the film.

GodFather is directed by Prashant Neel and produced by Bhushan Kumar under the banner of T-Series. The film also stars Anil Kapoor, Dimple Kapadia, Vlagekar, and Bhumika Chawla in pivotal roles. The music of the film is composed by Sajid-Wajid, while the background score is by Anirudh Ravichander.

Pushpa 2 goes on floors

Director Sukumaran, producers Naveen and Prasad Reddy and others attended the launch event of the Telugu remake of the hit Hindi film "Pushpa". The film, directed by Sukumaran and produced by Naveen and Prasad Reddy, is set to release on Diwali 2022.

The Telugu remake of the film, titled "Pushpa 2", has begun shooting in Hyderabad. The film is expected to be a biggie in the Telugu film industry and is likely to create a lot of buzz.

The film is based on the original Hindi film "Pushpa" which was directed by Sukumaran and produced by Naveen and Prasad Reddy. The original film starred Allu Arjun, Rashmika Mandanna, and Pushkar Raj in lead roles.

Meanwhile, the original Hindi version of the film, "Pushpa", directed by Sukumaran and produced by Naveen and Prasad Reddy, has been a massive hit at the box office and has received critical acclaim.

Sukumaran, who has directed several successful Telugu films, is excited about the launch of "Pushpa 2". He said, "I am thrilled to announce the launch of the Telugu remake of "Pushpa". We are confident that the film will live up to the expectations of the audiences and will be a Box office blockbuster."

Shakib Al Hasan-led Bangladesh was a “great idea”. It gave me a nice focus on the team and the way we played for the team. It gave me nice opportunity to prove myself and to show the young players what it means to be a senior player. It also gave me nice opportunity to show my skills and to help the team win. The Bangladesh team was very professional and we worked hard to achieve our goal. We won 23 Test matches at the National Stadium in Karachi which is a very important venue for us. We also won 17 wkts in 19 T20 and 17 T20 in the West Indies at Karachi in December 2012.

Eng to play 3 Test matches in Pak in Dec

England will play three-Test matches in Pakistan as part of the World Test Championship in 2021 and 2022. The England and Wales Cricket Board announced on Monday that the tourists will tour Pakistan from December 1-5 and then travel to Sri Lanka for a two-match T20 series. Before the Test series in Pakistan, England will play a Test match in New Zealand and then a Twenty20 series in the UAE. The England team will play their first T20 against Sri Lanka on December 15 and then travel to Islamabad for a two-match T20 series against Pakistan in December 21-22.

Paine could make 1st-class comeback

Australia's former Test captain Tim Paine could return to first-class cricket after six months of inactivity. Paine, who underwent surgery on a lower back injury in December 2021, was told by the medical team that he could return to first-class cricket after six months of inactivity. The 35-year-old Paine is currently undergoing rehabilitation and is expected to make his return to first-class cricket in late February or early March. Paine, who has played 62 Tests for Australia, 14 one-day internationals and 12 Twenty20 matches, has been ruled out of first-class cricket since December 2021 due to a lower back injury.

Chameera out of Asia Cup with leg injury

Sri Lanka's first Test from December 1-5 against India has been postponed due to the leg injury of their bowler Hasaranga Chameera. Chameera had sustained an ankle injury during a practice match against Pakistan and could not bowl in the match. He was ruled out of the match and will now be replaced by Nadeem Shah. Chameera's absence will be a blow to Sri Lanka's bowling attack, which was already struggling without the services of Lasith Malinga and Nuwan Kulasekara.
