Local commanders of both armies hold flag meetings to defuse situation

Tensions flared up on the border in Arunachal Pradesh when the Chinese soldiers crossed into Indian territory and the Indian army counter attacked them. Both sides also held flag meetings to defuse the situation.

The incident took place on December 9 in Tirap and in Arunachal Pradesh at the Line of Actual Control (LAC) when the Chinese soldiers crossed the LAC and the Indian army counter attacked them. The two sides also held flag meetings to defuse the situation.

The Indian army has deployed additional troops in the area to contain the situation. Indian and Chinese troops have been pulling out from the area, and both sides have agreed to maintain calm and avoid any further escalation.

Meanwhile, a team of mediators, including the UN, has been dispatched to the area to help resolve the tension.

1,179 Bru militiamen, surrender, deposit 350 firearms in Assam

PTI / MUMBAI

A total of 1,179 Bru militiamen, belonging to two outfits identified as Mukta Krushna and Chhaya Krushna, handed over 350 firearms on Monday. All the surrenderees are from five villages of Bhimabazar in the Dibrugarh district. Two of these surrenderees are from Assam Muslim Border and one is a Kolkata-based crime neutral who joined the Mukta Krushna outfit. The surrender of these firearms marks the end of a 34-year-old militancy.

Additional Director General of Police (Espionage Branch) Henz Chandra Nath said that the surrenderees had rendered themselves loyal to the government.

The two outfits that were surrendering their firearms, Mukta Krushna and Chhaya Krushna, had earned a bad name for themselves in the Assam-Mizoram border. These outfits had involved in several killings and other firearms-related crimes.

Agitated members of BRU, an outfit that has 500 members in Dibrugarh and 350 ULF-BR members in other districts of Assam, have been opposing the government’s two-track policy in resolution of the Bru issue.

Talking to reporters after the surrender, Chief Minister Sarbananda Sonowal said, “The government will be able to provide better opportunities to the displaced Bru community and provide them with facilities for their development. I think we are in the process of not only arming to troubles but in the process of addressing the root causes.”

Mr. Nath said that he had met the Bru community leaders earlier this year and they had expressed their desire to come forward for betterment of the community. He added that they were included in the second day of the programme in support of Rahul Gandhi’s defections in the Trinamool Congress.

It is the first time since 1985 that a large number of BRU militants have surrendered to the Assam government.

Congress leaders Bhimrao Ambedkar and Randeep Singh Surjewala, in a statement, praised the Assamese government for allowing rebels to come forward. The statement also commended the government’s efforts.

On Monday, Congress leaders Bhimrao Ambedkar and Randeep Singh Surjewala, in a statement, praised the Assamese government for allowing rebels to come forward. The statement also commended the government’s efforts.

The Congress statement read, “The surrender has been supported by both the Assam government and the Central government who have been involved in the dialogue with the BRU.

On the second day of the programme, Rahul Gandhi’s defection in the Trinamool Congress was also highlighted. The statement called for the need for “relentless pressure” on the BRU, saying, “If the BRU is not willing to dialogue, the government may be forced to act.”

The statement also praised the Assamese government for its efforts in providing better opportunities to the displaced Bru community.

Gold seizures hit three-year high; Kerala tops the list

BCCL / FOR REPRESENTATION

Gold smuggling hit a three-year high in 2021, with Kerala topping the list. According to data obtained from the Intelligence Bureau (IB), the IB found that the smuggling of gold was on the rise in the southern state, with 250 cases of gold smuggling recorded in the state in 2021.

The data shows that Kerala accounted for 70% of the total gold smuggling cases across the country, followed by Tamil Nadu with 24% and West Bengal with 6%. The data also shows that the smuggling of gold has increased significantly in recent years, with a 60% rise in cases compared to 2020.

The data further reveals that the IB has been particularly active in monitoring gold smuggling in Kerala, with the state recording the highest number of cases in the country. The IB has been working closely with the Kerala government to prevent gold smuggling in the state.

In an apparent climbdown, Nath said. "It was an apparent climbdown as the court had earlier dismissed the petition. The court had earlier dismissed the petition and the government had been forced to take the decision.

The IB has been working closely with the Kerala government to prevent gold smuggling in the state. The state government has been taking a number of steps to prevent gold smuggling, including the introduction of a new system for tracking gold shipments and the appointment of a special officer to monitor gold smuggling activities.

The IB data also shows that gold smuggling has been occurring through the illegal importation of aircraft and coordination of various flights from the Middle East to the southern states. The IB has been working closely with the customs and immigration authorities to prevent the importation of gold through非法 means.

The G20 summit will be a big success if all nations keep their geo-political differences aside and strive to work for the common good.

The motto of the G20 is: ‘Working Together, We Will Achieve More’. The G20 member countries are all economically advanced nations and they are required to act as an example to the rest of the world. Only then can we expect the rest of the world to follow suit. The need of the hour is for the G20 nations to unite and show the right way to the world. If the G20 nations keep their differences aside, they can achieve much more than what they can achieve when they are divided.

The G20 summit will be held in India this year. The Indian government has taken several steps to prepare for the summit. The government has set up a committee to prepare for the summit. The committee has been given the task of ensuring that the summit goes off smoothly. The government has also set up a helpline number for the summit. The helpline number will be available 24/7 to address any issues that may arise during the summit.

The G20 summit will be held in New Delhi. The summit will be attended by leaders from all G20 member countries. The summit will be held in the city of New Delhi. The summit will be held in the city of New Delhi. The summit will be held in the city of New Delhi.
