Hitting the mighty Ramnagars in every game. In every series, India will look for its bowlers to deliver, and that’s where the most challenges have been faced in the past. India has pushed Australia to the limit but when the bowlers have come on, our batsmen have somehow managed to make a lot of runs and get India on top. 

The champions outof Australia that India have found have been bowlers. They have bowled hard and fast, and India has not managed to get to them cheaply in every match. In the series against New Zealand, India found a way to get past the bowlers and win the Test match. Against Australia, the bowlers were left with no wickets to go on, and India managed to win the game without losing any wickets.

Ahead of the T20 World Cup in South Africa on February 17, Australia announced their squad, which includes the 36-year-old past masters. The squad will be led by Pastor Tony Anthony, and it includes a mix of experienced and new players. The team will be looking to consolidate their position in the T20 World Cup, which they won in 2022.

The upcoming fixtures have exposed the Asian team that most of its experience is in the bowling department. Shakib Al Hasan, who will lead Bangladesh in their remaining two T20 matches, needs to complement this array of bowlers with new, young talent. Bangladesh’s left-handed bowler, Taijul Islam, has found a way to make a mark in the international cricket. He has found a way to identify his mistakes and work on them.

Bangladesh’s fast-bowling coach Allan Donald had praised Taijul Islam and other experienced bowlers for their efforts. He was quoted as saying, “I think he’d (Warner) be the right man to lead the team again. We’ve got a really good bowler in Taijul Islam, but we’ve also got a young bowler in Henry who is growing up, and I think he’ll carry on that momentum.”

On the other hand, the Proteas from South Africa are looking forward to the upcoming matches. The team is under pressure by the Indians, but they have found a way to adjust to the conditions. The team is looking at their coach Brendon McCullum to guide them through the series.

**Rakul Preet Singh appears before ED in drugs-related money-laundering case**

Rakul Preet Singh, who was asked to appear before the Enforcement Directorate (ED) on Monday, was in connection with a four-year-old drug case involving trafficking, consumption and money laundering.

She was granted bail by the ED on Friday, and will allegedly appear before the agency on Monday.

This is the second time that the actress has been summoned by the agency in connection with this case. Last year also her statement was recorded by the ED.

“The actress has been asked to appear before the agency on Tuesday (today) as part of their investigation against her in connection with the KGF II case,” Singh’s lawyer Ravi Kishore Reddy said.

The anti-money laundering agency has been probing the drug racket activity and consumption case from the past four years. A high-end drugs case was busted in 2017 by the Enforcement Directorate and Prasanth Reddy Maddalas, the founder owner of Master Bandhu, was arrested. The ED had named Singh in the case.

The ED had issued a summons to Singh on December 13, to appear before the agency.
