BJP reposes faith in sitting MLAs in UP

Party announces 91 candidates, 13 Ministers in list

PNS ■ LUCKNOW/DELHI

Reposing faith in sitting legislators, the BJP on Friday released another list of 91 candidates for the upcoming Uttar Pradesh Assembly elections where it has given tickets to 13 Ministers and repeated its sitting MLA in Ayodhya.

In this list, majority of the names were from those constituencies where elections would be held in the fifth and sixth phases but names of candidates for Lucknow, where the elections will be held in the fourth phase, are still under wraps.

Similarly, the future of the Speaker of the Assembly, Hridaynarayan Dixit, hangs in balance as his name is also not there in the list.

The party dropped Co-Operative Affairs Minister Mukut Bihari Verma but gave ticket to his son Gaurav who will be contesting from his Kaiserganj seat in Bahraich.

Major seat holders are Sidharth Singh from Allahabad West, Chief

Minister's media adviser Shalabmani Tripathi from Deoria Sadar seat, Nand Gopal Nandi from Prayagraj South, Amit Chauhan from Bikapur in Ayodhya and Ramchandra Yadav from Rudauli.

The BJP has allotted tickets to nine women candidates in the current list of candidates.

The BJP women candidates in the new list are Sindhuja Mishra (Kunda), Neelam Karwariya (Meja), Aarti Kol (Karaon), Aarti Tiwari (Goshainganj), Saroj Sonkar (Balha), Anupama Jaiswal (Bahraich), A Neelam Sonkar (Lalganj), Manju Sonkar (Mehnar) and Sunita Parishit Singh (Zamania).

Apart from this, the BJP

has allotted tickets to Akhilesh Mishra from Azamgarh Sadar seat and Prateek Bhushan Singh from Gonda.

The party has fielded Sindhuja Mishra against Raghuraj Pratap Singh, alias Raja Bhaiya, in Kunda and despite Opposition gave ticket to Rajesh Gautam from Kadiapur (R) seat of Sultanpur.

The party, however, denied ticket to sitting MLA from Haidergarh Bajinath Rawat and instead fielded Dinesh Rawat. The BJP has fielded new faces from Barabanki Sadar (Arvind Maurya) and Sharad Awasthi from Ramnagar.

In Azamgarh, which is considered a stronghold of the BSP and the SP, the BJP has

declared candidates for nine out of ten constituencies.

Party declared Satyendra Rai from Gopalpur, Akhilesh Mishra from Azamgarh, Manoj Yadava from Nizamabad, Krishna Murari Vishwakarma from Didarganj, former MP Neelam Sonkar from Lalganj, and Manju Saroj from Mehnagar.

Manju Saroj, was the candidate of Suheldev Bharatiya Samaj Party in 2017 but lost the poll. She is now face of the BJP.

The BJP has not yet fielded anyone from Phulpur-Powai where the SP has given ticket to Ramakant Yadav, father of BJP MLA Arun Kant.

Among the Ministers who got tickets are: Suresh Pasi from Jagdishpur of Sultanpur, Rajendra Pratap Singh Moti from Pratapgarh, Sidharth Nath Singh from Allahabad West, Nand Gopal Nandi, Allahabad south, Rmupati Shastri from Mankapur, Gonda, Health Minister Jai Pratap Singh from Bansi in Siddharthnagar, Satish Dwivedi from Etwa in Siddharthnagar, Jai Prakash Nishad from Rudrapur in Deoria, Agriculture Minister Surya Pratap Shahi from Pathardeva in Deoria, and Upendra Tiwari from Phephna in Ballia.

BrahMos gets 1st export order from Philippines

India inks \$375mn cruise missile deal

RAHUL DATTA ■ NEW DELHI

India on Friday entered the niche defence export market by inking a deal worth over 375 million dollars with the Philippines for BrahMos super-sonic cruise missile. It is the first big export contract by India. The country hopes to cross the five billion dollar mark by 2025.

The *Pioneer* on January 14 had reported about the Government-to-Government deal between India and the Philippines for the missile system. While the Brahmos is a joint venture between India and Russia, the missile is indigenously designed and manufactured. The missile can be launched from land, air, sea and submarines.

Announcing the deal, Defence Ministry officials said here on Friday that BrahMos Aerospace Private Limited (BAPL) signed a contract with the Department of National Defence of the Republic of the Philippines for supply of shore-based anti-ship missile system.

The contract is an important step forward for India's policy of promoting responsible Defence exports.

Though the Government did not specify the number of

missiles to be supplied to the Philippines Navy, sources said at least three batteries will be sold. The signing ceremony took place in Manila.

Moreover, the range of the missile for export is about 300 km with the capability of carrying 200k warhead even though the Brahmos has the capability of hitting a target at more than 400 km, they said.

Indian ambassador to the Philippines Shambhu Kumaran said he was privileged to witness history in the making. "Signing of the Brahmos acquisition contract by Philippines Defence Secretary Delfin Lorenzana today marks a decisive step forward for Prime Minister's Mission Sagar and India's Indo-Pacific engagement," he tweeted.

He thanked Lorenzana and Philippines Cabinet Secretary Teddy Locsin Jr for their active

support to build stronger relations with India.

"Today we are one step closer to elevating ties between our democracies to a strategic partnership and our shared objective of a free and peaceful Indo-Pacific," Kumaran noted.

"It is also a moment of deep pride as India establishes itself as a source of high-technology equipment and a trusted partner towards capability development of friendly nations," he added.

Reacting to BrahMos's export order, Defence Research and Development Organisation (DRDO) chairman G Satheesh Reddy said, "Surface to air missile Akash, Astra, anti-tank missiles, radars, torpedoes gain the interest of various countries. More systems are being developed which have export potential."

Rebellion in Punjab forces Cong to review candidates for 6 seats

MONIKA MALIK ■ CHANDIGARH

The rebellion is brewing within the Punjab Congress over the distribution of tickets. The party is facing revolt at no less than 15 seats out of the total 109 declared so far, forcing the party high command to review its decision on at least five seats.

The denial of party ticket has resulted in a massive resentment among the left out aspirants who have been demanding review, while many others have declared to contest as independents. In fact, its three sitting MLAs Rana Gurmeet Singh Sodhi (Guru Har Sahai), Fatehjung Singh Bajwa (Qadian), and Dr Harjot Kamal (Moga) have already parted ways with the party.

Prominent among the rebels include former MP Mohinder Singh Kaypee, former Minister Jagmohan Singh Kang, four-time Congress MLA from Samrala Amrik Singh Dhillon, Sunam halqa in-charge Daman Thind Bajwa, singer-turned-politician Satwinder Bitti, Chief Minister Charanjit Singh Channi's

younger brother Dr Manohar Singh, Cabinet Minister Rana Gurjit Singh's son Rana Inder Partap Singh, among others.

A day after Congress' four-time legislator from Samrala Amrik Singh Dhillon filed his nomination papers as an independent, Channi's brother Dr Manohar Singh on Friday filed his nomination from Bassi Pathana Assembly seat as an independent candidate against the Congress nominee and sitting MLA Gurpreet Singh GP.

Dr Manohar, who resigned from the post of senior medical officer at Kharar Civil Hospital, was staking claims for ticket

from Bassi Pathana.

"Several prominent people of Bassi Pathana area have asked me to fight as an independent and I will go by what they have said. There is no chance of going back and I will surely fight the polls," said Dr Manohar after filing the nominations.

Kang, former MLA from Kharar, also revolted against the party and expressed anguish over denial of party ticket to him, while declaring that his son Yadevinder Singh Bunny Kang will contest as independent candidate from Kharar.

Raj Babbar likely to desert Cong for SP

VIRENDRA NATH BHATT ■ LUCKNOW

After the exit of RPN Singh from the Congress, former Uttar Pradesh Congress president Raj Babbar too is likely to desert the party.

Babbar is expected to join the Samajwadi Party. Interestingly on Monday, The Congress named him as one of the 30 star campaigners of the party for the first phase of the UP polls.

Sources said Raj Babbar is in touch with SP supremo Akhilesh Yadav and can quit the Congress soon.

Babbar, former cine star and native of Agra, began his political journey from Janata Dal in 1989. The actor subsequently switched allegiance to the SP and was elected to the Rajya Sabha in 1994.

In the 1999 general election, he was elected to the Lok Sabha from Agra constituency and retained this seat in the 2004 Lok Sabha polls as well. However, he was suspended from the SP in February 2006 for his outbursts against the

party. In October 5, 2008, he formally joined the Congress at a massive rally in Agra.

In the by-election to the Firozabad Lok Sabha seat held in November 2009, he emerged victorious on a Congress ticket. However, he suffered a setback by losing to the BJP in the 2014 and 2019 Lok Sabha elections from Ghaziabad and Fatehpur Sikri respectively.

In the meantime, he was a member of the Rajya Sabha from March 2015 to November 2020. Most importantly, he served as the Uttar Pradesh Congress president from 2016 to 2019.

New coronavirus NeoCov's risk to humans needs clarity: WHO

It can cause more deaths, highlight researchers in China, others say virus not new

PNS ■ NEW DELHI

After Chinese researchers said they have detected new type of coronavirus "NeoCov" among bats in South Africa which can penetrate human cells in the same way as SARS-CoV-2, the WHO on Friday said that its potential needs further clarity.

Chinese researchers weighed in on the mortality rate stating that "one in every three infected persons dies", highlighting the higher death rate.

However, according to the reports, the NeoCov virus is not new. Associated with the MERS-CoV virus, it was discovered in outbreaks in West Asian countries in 2012 and 2015 and is similar to the SARS-CoV-2, which causes

coronavirus in humans. It has latent ability to mutate.

"It is only one mutation away from becoming dangerous for humans," researchers said in a paper posted on preprint website bioRxiv, and not peer-reviewed yet.

However, according to the WHO, the question of whether the NeoCov coronavirus, recently discovered in bats in South Africa, poses a threat to humans requires further study.

"Whether the virus detected in the study will pose a risk for humans will require further study," said the health body.

The WHO added that it "works closely" with the World Organisation for Animal Health (OIE), the Food and Agriculture Organisation (FAO) and the UN Environment Program (UNEP) in order to "monitor and respond to the threat of emerging zoonotic viruses."

Urged to open schools, Centre working on all options, advisory soon

PNS ■ NEW DELHI

Following demands from various quarters, particularly parents, the Union Health Ministry is working on options for opening schools with Covid appropriate norms and may soon issue an advisory to States in this regard.

"The Government is working on some model to open the schools due to increasing demands by parents. The Ministry has already asked its expert team to look into all the options for opening schools," sources in the Ministry said.

There has been increased pressure on the Government from parents and schools to reopen education facilities as the number of Covid-19 cases in India is on the decline.

Some States and Union Territories have already announced the reopening of schools for Classes 10 to 12 with the condition that students between the age group 15 to 18 can attend offline classes only if they had at least one dose of vaccination. All staff and students above 18 must be vaccinated with both doses. Various global agencies like UNICEF and World Bank too have called upon the Governments to take steps in this direction.

SC revokes ‘irrational’ suspension of 12 Maha BJP MLAs from House

PNS ■ NEW DELHI

Terming as "undemocratic" and "irrational", Supreme Court on Friday quashed the suspension of 12 BJP MLAs by the Maharashtra Assembly.

In a landmark judgment, the bench headed by Justice AM Khanwilkar said that suspending a Member of the House or Legislative Assembly beyond the remainder period of ongoing session would impact the democratic setup as a whole by permitting the thin majority or coalition Government to manipulate the numbers of the Opposition party in an undemocratic manner.

In its judgment delivered on the pleas filed by 12 BJP MLAs who had challenged

their one-year suspension from Maharashtra Legislative Assembly for allegedly misbehaving with the presiding officer, the bench comprising Justices Dinesh Maheshwari and CT Ravikumar observed that one-year suspension is "worse than" expulsion, disqualification or resignation.

"In conclusion, we have no hesitation in allowing these writ petitions and to declare that the impugned resolution directing suspension of the petitioners beyond the period of the remainder of the concerned Monsoon session held in July 2021 is non est in the eyes of law, nullity, unconstitutional, substantively illegal and irrational," said the bench.

Yediyurappa's granddaughter Dr Soundarya commits suicide

Bengaluru: Former Karnataka Chief Minister B S Yediyurappa's granddaughter Dr Soundarya V Y was found hanging at her city residence here on Friday, with the police suspecting it to be a case of suicide.

Soundarya, daughter of the BJP leader's second daughter Padmavathi, was married to Dr Neeraj S, who works in the same hospital where she is employed, in 2018, police said.

On Friday morning, Neeraj left for duty while she was home at their Vasant Nagar residence here.

The matter came to light when the maid came to the house and knocked on the door repeatedly but in vain. She informed Dr Neeraj, who too called on his wife's phone but there was no response

Majithia to confront Sidhu

MAJITHIA-SIDHU ■ MONIKA MALIK ■ CHANDIGARH

The untamed and unabated war of words between Punjab Congress president Navjot Singh Sidhu and senior Akali leader Bikram Singh Majithia is primed to develop into an even-handed battle of ballots with the two meeting each other head-on for Amritsar (East) seat during the February 20 elections.

Majithia, who has contested and won the elections thrice from his home turf Majithia, has this time decided to confront Sidhu in his citadel — making it a battle of prestige. Call it a battle between friends-turned-foes or between Lambu (as Sidhu refers to Majithia) and Thoko Taali (the way Majithia refers to Sidhu), Amritsar east has turned into a hot seat.

By challenging Sidhu on his home turf, Majithia has made an apparent attempt to send across a message that he would not be cowed down by registration of criminal cases against him, police raids at his residences, and rejection of his bail pleas.

Also, the Akali Dal, which is struggling, to some extent, to regain its traditional vote bank of farmers, and Sikh voters while still living under the shadow of sacrilege incidents, has managed to shift the entire focus of elections on just one seat.

SAD, including Majithia and party chief Sukhbir Singh Badal, has all along been claiming that the case against Majithia was because of "political vendetta". In fact, Majithia, in his bail pleas, had also cited political rivalry as a major reason behind the registration of case against him, while dub-

Majithia's bail plea in the drugs case is pending before the Supreme Court, which will now be heard on January 31.

bing Sidhu his "arch rival".

As a part of the same, Sukhbir Badal had also even declared to quit politics if Congress produced any proof of drug trafficking against Majithia.

Notably, Sidhu, since 2017-18, has been taking on his own party's government for not registering case against Majithia by claiming that STF report has enough proof to book him. In fact, non-action against Majithia was one of the prime reasons of revolt against the former Chief Minister Capt Amarinder Singh by his own party MLAs, which eventually led to his ouster from the Congress.

After getting Capt Amarinder removed as Chief Minister, Sidhu kept up the pressure on new Chief Minister Charanjit Singh Channi, to implement the IGP Harpreet Singh Sidhu-headed task force report, which probed Majithia's role in drug trafficking.

The hostility between the two was so much that both leaders were seen losing their cool many times, even during Vidhan Sabha session. They nearly came to blows during the previous assembly session two months ago in November. "Chitte da saudagar", "Daaku" is how Sidhu addresses Majithia at many occasions.

Not leaving behind, Majithia has also nicknamed Sidhu, and always make sure

not to take his name but address him as "Thoko Taali".

Now known arch-rivals, Sidhu and Majithia were once close associates. Before joining the Congress in 2017, Sidhu was in BJP for 14 years and had been party MP from Amritsar thrice. In 2009 Lok Sabha elections, Majithia played a significant role in assuring Sidhu's victory from the seat.

However, things started changing when Sidhu opened front against its then ally SAD, which is heading the combine government in the State, for stalling his development works, and interfering in "his" constituency. He also accused Majithia of undue interference in his constituency.

Things turned worse when Sidhu's wife, Dr Navjot Kaur Sidhu, was elected the first legislator from Amritsar East when the constituency was carved out following delimitation in 2012. The Sidhu couple sharpened their attack against the Akalis. Subsequently, SAD vociferously opposed Sidhu's candidature from Amritsar in 2014 parliamentary polls, following which the BJP fielded its stalwart Arun Jaitley — who fought his one and only elections and faced defeat against Congress' Capt Amarinder Singh. Since then, their enmity is in public knowledge.

It was in 2014 when Jagdish Bhola, main accused in a multi-crore drug cartel in Punjab, named Majithia along with others for their alleged involvement in drug trafficking. Making drug menace its main poll issue while promising to act against the "kingpin" Majithia, Congress contested 2017 polls and the SAD Akalis

faced a humiliating defeat.

In 2017, Sidhu shifted loyalties towards Congress and defeated a low-profile BJP candidate, Rakesh Kumar Honey, by over 40,000 votes.

Majithia, since long, has been fighting against not just his political rivals, but also the drug taint. Currently also, Majithia is evading arrest by securing protection from the Courts after he was booked by the Punjab police in an NDPS case.

The former Minister first entered the electoral arena in 2007. Since then, there is no looking back. After winning three consecutive polls — 2007, 2012, and 2017, Majithia, this time again, is seeking re-election from his bastion Majithia along with Amritsar east.

Brother-in-law of SAD president, Majithia's stronghold over party, especially in Punjab's Majha region, grew over the period, and that's why he is commonly known as 'Majhe Da Jarnail'. Majha region, primarily comprises Amritsar, Gurdaspur districts, elects 23 MLAs to the 117-member state assembly.

Akali Dal has raised the stakes in the Punjab elections, where all parties were primarily focussing on playing safe considering that it will be a multi-cornered contest this time, by pitting Majithia against Sidhu. Also, the decision is set to give a much-needed boost to the party's election campaign.

Majithia's bail plea in the drugs case is pending before the Supreme Court, which will now be heard on January 31. Till then, the Apex Court has asked the state government to not take any coercive action against Majithia.

Haryana Govt to set up a call centre to offer employment related assistance to citizens

NISHU MAHAJAN ■ CHANDIGARH

After implementing 75 percent reservation for people of the state in private jobs, the Manohar Lal Khattar Government in Haryana has decided to set up a call centre to provide assistance to its citizens and seek feedback on various aspects related to employment. The outbound call centre is proposed to be launched to provide personalized assistance to the job seekers, offer information on different government policies and schemes, redress grievances of citizens and address the queries of job seekers. Besides this, a bulk messaging service is also planned to be started by the government to connect to the citizens on employment related issues.

The Haryana State Employment of Local Candidates Act, 2020 that reserves 75 per cent of jobs in the private sector in Haryana offering a salary of less than Rs 30,000 a month only to locals

came into effect on January 15, 2022. Under this, any "local candidate" (resident of Haryana) aggrieved by the action of any employer in violation of any provision of the Act, can file a complaint with the government.

"The State Government is in process of setting up an integrated communication system to redress the grievances of local youth besides disseminating information on various policies and programmes related to providing employment in Haryana. Under this system, an outbound call centre, an online contact centre (portal) and a bulk messaging service will be launched in the state," said a senior official of the State Government while talking to The Pioneer.

The official said that the citizens would be able to register their complaint and raise their queries on an online platform. They will also get phone calls from the call centre to take their feedback on schemes and to know if their complaints were redressed.

Union Health Ministry accepts several demands of Himachal

PNS ■ SHIMLA

The Union Health Ministry has allowed the Himachal Government to procure additional 50 ambulances from the fund available under the ECRP-II (emergency response and health systems preparedness package).

The Ministry has approved this after the meeting of Chief Minister Jai Ram Thakur with the Union Health and Family Welfare Minister Mansukh Mandaviya at New Delhi on Thursday.

A spokesman of the State Government said that the Ministry has agreed that the State could now take up brick and mortar constructions in place of pre fabricated structures for construction of makeshift hospitals if required to tackle the Corona pandemic.

He said that this decision of the Central Government would enable the state to create permanent health infrastructure. This would not only provide better and reliable transport facilities to the patients but would also ensure prompt transportation of patients in any exigency. With this the response time would be less than 30 minutes, he said.

The spokesman said that the resource envelope of Himachal under ECRP-II which was Rs 203.86 crore has been enhanced to Rs 240.56 crore on the request of the Chief Minister.

The spokesman further said that the Union Health Ministry has also approved the proposals for rationalization of salary structure of staff under NHM and also engagement of additional urban ASHAs under the supplementary PIP.

CM calls on Union Education Minister

The Chief Minister Jai Ram Thakur called on Union Minister for Education Dharmendra Pradhan and requested him for starting the work on both the campuses of Central University in the state at the earliest.

He also urged the release of the installment under Rashtriya Uchhatar Shiksha Abhiyan (RUSA) to the state soon. He also apprised him about the progress of various other schemes in the education sector.

Denied ticket, BJP's Madan Mohan Mittal holds talks with Akalis

PNS ■ CHANDIGARH

Unhappy with the party under denial of ticket, Punjab's senior Bharatiya Janata Party leader and former Minister Madan Mohan Mittal is holding parleys with old ally, Shiromani Akali Dal (SAD).

Notably, Mittal was seeking a party ticket for his son Arvind Mittal from Anandpur Sahib. However, the same has been allotted to Ropar district planning board former chief Dr Parminder Sharma, who unsuccessfully contested the 2017 elections to Congress candidate Rana KP Singh.

It has been learnt that a senior Akali leader met Mittal at his residence in Anandpur Sahib on Thursday night.

This is the second time BJP has refused a party ticket to Mittal, a former minister in the SAD-BJP Cabinet from 2012-17, from his desired seat — Anandpur Sahib. Notably, Arvind Mittal is a senior lawyer and a former Additional Advocate-General for Punjab.

PUNJAB POLL BUZZ

Khaira released from jail; says half battle won

A day after securing bail from the Punjab and Haryana High Court, Congress nominee from Bholath Sukhpal Singh Khaira came out of the Patiala Central Jail on Friday after staying behind bars for more than two months. The Enforcement Directorate had arrested Khaira in November in connection with money laundering investigations. High Court has granted regular bail to the two-time MLA on a personal bond of Rs five lakh, with the condition that Khaira could not leave High Court's jurisdiction without permission from the special court trying the case, besides handing over his passport to investigators, and appearing before the trial court every week. After coming out of jail, Khaira claimed that he has won his "50 percent battle against ED's maliciously false and politically motivated case against me". He said: "The rest will be won in the people's court on February 20, and subsequently in the court of law during the trial," he said. "I will continue my crusade against all kinds of injustice and corruption irrespective of such cheap arm twisting methods adopted by the BJP through its puppet agency of ED or the politics of lies being pursued by AAP leadership in their quest for power," he added.

MAYAWATI TO ADDRESS RALLY AT NAWANSHAHR ON FEB 8

Bahujan Samaj Party (BSP) supremo Mayawati will address a rally at Nawanshahr on February 8. BSP's Punjab unit president Jasveer Garhi on Friday said that SAD-BSP alliance will form the next government with a clear majority and the Congress will be surely wiped out in the state. "Punjab has a special place in the heart of BSP supremo Mayawati and late Kanshi Ram, the founder of BSP also belonged to Punjab," he said. Lashing out at "Congress' Dalit Chief Minister Charanjit Singh Channi", Garhi said that he was repeatedly visiting Doaba, and asking for votes by calling his government in favour of Dalits, which is a sign of his nervousness.

GOLDY CHALLENGES MANN FOR OPEN DEBATE

Sitting MLA and Congress candidate from Dhuri Dalvir Singh Goldy on Friday challenged AAP's chief ministerial face Bhagwant Mann for an open debate on the issue of development works, claiming that AAP leader has nothing to show to the people. "I challenge him to hold an open debate with me. He should tell his best five development works and I will also share my five best development activities," says Goldy. Goldy claimed that he has done a lot of development work in the constituency "and have been serving the people of this area for five years". Congress youth leader said that Mann has never shared any vision for Punjab, and he never spoke about the depleting underground water table as Dhuri falls in the dark zone. "Mann has been never heard speaking about sports, education, and health system...I do not find him sincere about Dhuri constituency. If he is so sincere, then he should first resign as an MP and then fight polls from Dhuri," he added.

KEJRIWAL PITCHES 'VERY HONEST' CM, CITES MANN'S RECORD

AAP's national convener and Delhi Chief Minister Arvind Kejriwal on Friday said that Punjab needs a Chief Minister who is very honest. "Across Punjab, AAP has fielded honest candidates so that an honest State Government is formed. Our CM candidate does not have any money. Mann is very honest," said Kejriwal.

Hry constitutes internal grievance redressal committee for SC employees

PNS ■ CHANDIGARH

Remember B R Ambedkar while voting, Kejriwal urges people

PNS ■ PHAGWARA

In an apparent bid to reach out to Dalit voters, AAP national convener Arvind Kejriwal on Friday urged people to remember Dr Bhim Rao Ambedkar while voting in next month's Assembly polls and said he "worships" the leader.

Addressing a public meeting in Phillaur, he urged people to choose an honest government while accusing both the SAD and the Congress of looting the state turn-by-turn in the past. Phillaur is part of the Doaba region, having a sizeable population of the Scheduled Castes community.

Kejriwal also promised to fulfil the Dalit icon's dream of providing quality education to children if his party voted to power after the February 20 Punjab assembly polls.

"I am a big fan, a big follower of Baba Saheb B R Ambedkar. I worship him. Coming generations will not believe that such a great person was born on this planet," he said, adding that he has recently announced that Bhimrao Ambedkar and Bhagat Singh's portraits be kept in all Delhi government offices. He called upon people to visualise the Dalit icon while going to polling booths to cast their vote.

"Ask yourself if Baba Sahib was alive, then what would

have he done while voting," said Kejriwal.

"On one hand, there will be people belonging to the sand mafia and drug mafia and on the other, there will be die-hard honest candidates of AAP like Bhagwant Mann," he said.

"Ask yourself what would Baba Sahib have done in such a situation. He would have definitely voted for an honest candidate. Bring the picture of Baba Sahib in your mind and vote for the honest candidate," Kejriwal said.

He told people that they had given 26 years to the Congress and 19 years to the Badal family-led Shiromani Akali Dal in Punjab.

"Both parties have looted Punjab. Now give just five years to the Kejriwal-Mann pair and we will usher in prosperity in Punjab," he said.

Claiming that the next month's polls are not ordinary elections, Kejriwal said earlier there used to be no alternative but now people have an "honest" party.

"Earlier, the Congress used to loot Punjab for five years and angry voters then chose the Akalis, who also looted the state for another five years and angry voters again chose the Congress," Kejriwal said.

"This turn-by-turn loot continued for years. Now, vote for AAP and its CM face. Mann is a kattar imaanadar

aadmi' (die-hard honest man), who has not got even a penny from anyone in his life," the Delhi CM added.

Kejriwal said people of Delhi gave them a chance and they shaped the city as per "dreams of Baba Sahib by doing good work on education, health and other areas".

"Now give just one chance to us in Punjab for five years and we will bail out the state from its current morass," he promised.

Kejriwal said, "We have given tickets to honest people and an honest government will come to power." Seeking to stress upon the clean image of AAP's CM face Bhagwant Mann, Kejriwal said the Sangrur MP has been parliamentarian for the past seven years.

If anyone becomes an MLA in Punjab, in five years, you will see him acquiring property, cars and other assets, he said.

"For seven years Mann has been an MP and he still lives in a rented house. Punjab's biggest need today is to have a staunch honest person as CM and an honest government," he said.

He referred to the recent Enforcement Directorate raids in the state and said crores of rupees were recovered from the Punjab chief minister's relative.

He asked people to listen to their conscience.

SC refuses to lay down yardstick for reservation in promotion to SC/ST in Govt jobs

PTI ■ NEW DELHI

The Supreme Court Friday refused to lay down a yardstick for granting reservation in promotion to Scheduled Castes and Scheduled Tribes in Government jobs.

A three-judge bench headed by Justice Nageswara Rao said States are obligated to collect data on inadequacy of representation of SCs/STs.

The apex court said it cannot lay down any yardstick to determine the inadequacy of representation of SCs/STs and it for the states to do so.

The Centre had earlier told the bench that it is a fact of life that even after around 75 years if independence those belonging to SCs and STs have not been brought to the same level of merit as the forward classes. The apex court had reserved its verdict on October 26, 2021.

The bench, also comprising Justices AS Bopanna and Hima Kohli, took note of the submissions of senior advocate Harish Salve that SpiceJet would try to resolve the issue with the Swiss firm.

India 'vibrant' democracy, no certificate needed: MEA

PIONEER NEWS SERVICE ■ NEW DELHI

India is a "vibrant" democracy and does not need any validation or "certificate," the Ministry of External Affairs (MEA) said here on Friday. This rebuttal came in the backdrop of former Vice President Hamid Ansari and four US lawmakers airing concern over human rights situation in the country.

Making India's stand clear, MEA spokesperson Arindam Bagchi said here said India is a vibrant democracy, which does not require certification from others, and the track record of the event's organisers was as well known as the biases and

political interests of the participants.

Asked about the virtual panel discussion organised by the Indian American Muslim Council on Wednesday during which Ansari and the US lawmakers expressed concern over the current human rights situation in India, Bagchi said, "We have seen reports on this event. India is a robust and vibrant democracy. It does not require certification from others."

The claim that others need to protect our constitution is "presumptuous and preposterous," he said. "The track record of event organisers is as well known as the biases and political interests of the participants," Bagchi said.

With Israel's aide, Centre to convert villages into 'Village of Excellence'

PNS ■ NEW DELHI

The Centre on Friday said it has decided to convert as many as 150 villages into 'Villages of Excellence' in 12 states with technical assistance from the Israel government. Already, the Israel government has established 29 Centre of Excellence (CoEs) in 12 states, which are producing more than 25 million vegetable plants, over 3,87,000 quality fruit plants and can train more than 1.2 lakh farmers per year. The 150 villages that are located around CoEs will be converted into 'Villages of Excellence.' "Out of these, 75 villages are being taken up in the first year to commemorate the 75th year of India's independence, where India and Israel will work together," Union Agriculture Minister Narendra Singh Tomar conveyed in a meeting with new Israeli Ambassador to India Naor Gilon on January 27. Gilon said these CoEs are a great example of cooperation between the two countries and proposed the certification of CoEs to further enhance the standards and quality of services being provided to the farmers. He also evinced interest in further collaboration with agri-research body ICAR and making available the latest technologies available with Israel. Gilon also invited Tomar to visit Israel.

'Air Vaidya' fumigation can mitigate Covid-19 infection: BHU scientists

PIONEER NEWS SERVICE ■ NEW DELHI

At a time when the world is grappling with the highly transmissible Omicron variant of Covid-19, scientists at the Banaras Hindu University (BHU) have, in a first-of-its-kind study, found that anti-viral, anti-bacterial, and anti-inflammatory properties in the fumes of Air Vaidya Herbal Dhooa (AVHD), an ayurvedic formulation, could be effective in preventing air-borne infections in humans and home settings.

Prepared by AIMIL Pharmaceuticals, 'Air Vaidya' contains phytochemicals from 19 medicinal ingredients such as Raal, Neem Patr, Vasa, Ajwain, Haldi, Lemon grass (lamajjaka), Vacha, Tulsi, Peeli Sarson, Safed Chandan, Ushir, Sudh Guggal, Nagarmotha, Mehendi, Tagar, Loban, Kapoor, Jigat and Cardamom husk, which are known for their potential therapeutic effects to combat the virus.

Dr. KRC Reddy, Professor, Department of Rasa Shastra (Ayurveda), Institute of Medical Sciences, BHU, who led the research, said, "Though Dhooan (fumigation), a medicinal therapy has been described in Ayurveda compendia for ages for its potency in anti-microbial, anti-fungal, anti-viral action, in the backdrop of rising Covid-19 cases, this is the first scientific study." Dr. Reddy explained, "Participants were divided into two groups—intervention group (150 persons) and con-

OVER 1 CR JAB OF THIRD DOSE ADMINISTERED

India on Friday achieved yet another milestone in its fight against the Covid-19 pandemic as more than 1 crore precaution doses or the third vaccine shot have been administered to the eligible population. Union Health Minister Mansukh Mandaviya tweeted this information. On the caseload front, India reported more than 2.51 lakh (2,51,209) new coronavirus cases and 627 deaths in the last 24 hours on Friday. With 627 deaths and 3,47,443 recoveries, active cases declined to 21.05 lakh (21,05,611). The daily positivity rate is now at 15.88 per cent.

trolled group (100 persons). Since the Covid-19 virus generally enters through nose and mouth into the human body, medicinal fumigation therapy was given to the participants of the intervention group. They were asked to inhale 'Air Vaidya Herbal Dhooa' (AVHD) fumes for ten minutes twice a day, while the control group was not given any such treatment.

"The results were encouraging. Just 4 percent of the intervention group put on the medicinal therapy showed Covid like symptoms such as fever, cough, cold, or no taste or smell; on the other hand, at least 37 percent, who were not given such therapy, were found to have Covid-19 like symptoms." The fumes were also chemically safe on Drosophila flies in the first phase of the clinical trial, Dr. Reddy said.

PHC's 'faith tourism trip' to India put off due to Covid

RAJESH KUMAR ■ NEW DELHI

The Pakistan Hindu Council (PHC) 'faith tourism trip' to India through chartered flights beginning from Saturday has been postponed due to rising cases of COVID-19. PHC chief patron Ramesh Vankwani on Friday said that the tour has been postponed for the time being after the Government of India's request due to the rising cases of COVID-19.

India on Friday said there is an interest on both the Indian and Pakistani sides to expand the agreed list of shrines and mode of travel under the 1974 protocol for visits to religious places, asserting that it has a positive approach on the matter and is willing to engage with Islamabad on it. PHC has proposed to fly 160 Pakistani Hindu pilgrims from Karachi to Jaipur on Saturday.

The assertion comes days after Vankwani who is a member of the National Assembly from Pakistan Prime Minister Imran Khan's ruling party, urged India to issue visas to a

Responding to a query, the Ministry of External Affairs Spokesperson Arindam Bagchi said, "As you are aware, under the 1974 Protocol between India and Pakistan, visits to religious shrines are being facilitated regularly. There is an interest on both sides to expand the agreed list of shrines and mode of travel." It naturally needs to be discussed under the protocol, he said.

Bharat Biotech gets DCGI nod for phase-3 trial of its intranasal Covid vax

PIONEER NEWS SERVICE ■ NEW DELHI

The country's top drug regulator, DCGI, has given permission to Bharat Biotech to conduct phase-3 clinical trial for its intranasal COVID vaccine as booster dose on participants who have been previously inoculated with SARS-CoV 2 vaccines.

The trials will be conducted at nine locations in the country. It will be done on 900 subjects.

The trials will evaluate the nasal vaccine for both the two-dose primary schedule

and also to use as a booster dose schedule, said officials in the DCGI.

DCGI's Subject Expert Committee (SEC) gave an 'in-principle' approval to Hyderabad-based Bharat Biotech for the 'phase-III booster dose study' for its intranasal Covid vaccine, a first of its kind in India, and asked it to submit protocols for approval 3 weeks ago.

BBV154 (nasal covid vaccine) has received approval for phase-3 clinical trials. The trials will evaluate BBV154 nasal vaccine for both the two-dose primary schedule and booster

dose schedule, the sources said. An intra-nasal vaccine would not only be simple to administer but also reduce the use of needles and syringes, among others. It would also impact the overall cost of a vaccination drive, chairman of Bharat Biotech Krishna Ella had said.

Bharat Biotech is the second company to submit an application for the phase-III trial of the third dose in India. The intranasal vaccines reportedly have the potential to prevent transmission for new Covid-19 variants such as Omicron.

RAILWAY RECRUITMENT PROTEST

Bihar bandh evokes mixed response

Patna: Bihar bandh called on Friday by student bodies, and supported by all parties in the Opposition and some in the ruling dispensation, against alleged irregularities in the Railway Recruitment Board's Non-Technical Popular Categories examination process evoked a mixed response.

Citizens woke up to chanting of slogans by bandh supporters against the RRB which has conducted a staggered, and allegedly botched up selection process, the Centre which intervened not before the crisis snowballed, and the Government in the State which has booked many students and teachers for the large-scale arson and vandalism that took place in the past few days.

In Patna, bandh supporters burnt tyres on Ashok Rajpath throwing out of gear traffic on the busy street which leads to

the state's largest government hospital, its most esteemed schools and colleges and shops dealing in medicines, books and stationery.

At Dak Bungalow crossing in the heart of the city, they

staged a demonstration and recited impromptu verses, to the beats of tambourines, urging RRB, the Centre and Bihar government to come to their senses.

They clashed with police

personnel upon being stopped from marching towards the Raj Bhavan, which is a couple of kilometres away.

In Samastipur district across the Ganga, a demonstration by AISA members stood out on account of participation by a noticeable number of young women.

Legislators and cadres of opposition parties, most notably the RJD and the CPI-ML, led the protests in Buxar, Jehanabad, Bhagalpur, Katihar, Begusarai and Munger. In many places, tyres were set afire on highways, causing the traffic to come to a standstill.

Former Bihar chief minister Jitan Ram Manjhi, who heads Hindustani Awam Morcha and minister Mukesh Sahani, founding chief of Vikassheel Insaan Party, have also expressed 'moral support' to the bandh even though they are aligned with the NDA.

Major constituents of the

ruling coalition like BJP and Chief Minister Nitish Kumar's JD(U) have also expressed their sympathy for the cause being espoused by the bandh supporters.

JD(U) national president Rajiv Ranjan Singh alias Lalan has come out with tweets blaming the unrest on the RRB's sloppy work and demanding an early resolution of the issue by the high-powered committee set up for the purpose.

He has also demanded "immediate withdrawal of the FIRs by Railways and police" at various places in connection with the violent protests which hit the headlines earlier this week.

Former deputy chief minister and veteran BJP leader Sushil Kumar Modi has also come out with an impassioned plea for calm and the declaration that "Narendra Modi government will not allow any injustice".

SC verdict is 'tight slap' on MVA Govt's face: Maha BJP Suspension purely Speaker's decision, says Govt

T N RAGHUNATHA ■ MUMBAI

The Supreme Court's verdict quashing the suspension of 12 Opposition MLAs from the Maharashtra Assembly last year evoked mix response on Friday, with the Opposition BJP terming the SC ruling as a 'tight slap' on the face of the MVA Government and the ruling Shiv Sena saying that the apex court had 'overstepped' the rights of the legislature in its order.

Soon after the Supreme Court quashed the suspension of its 12 MLAs as "unconstitutional" and "irrational," the BJP went to town, welcoming the apex court verdict and terming the ruling as a tight slap on the face of the MVA government.

"Satyameva Jayate ! We welcome & thank the Hon SC for the historic decision of quashing the suspension of our 12 MLAs, who were fighting for the cause of OBCs in Maharashtra Legislative Assembly during the monsoon session.. I congratulate our BJP Maharashtra 12 MLAs for getting justice," former Chief Minister and current leader of the Opposition Devendra Fadnavis of the BJP tweeted.

"Since the beginning, we were saying that it was completely unconstitutional & gross misuse of power to suspend our MLAs for such a long period to create an artificial majority & that too for no valid reason & the Hon SC has upheld our stand. It was not only a question of 12 MLAs but of more than 50 lakh citizens in these 12 constituencies. Democracy saved!!"

Maharashtra BJP president Chandrakant Patil tweeted: "The suspension was not at all within the framework of the Constitution. It was not in accordance with the law, rather

it was arbitrary. The court has also expressed the same opinion."

"The State Government should realise that it is wrong to trample on the democratic values in such a manner. Now the question is what action the MVA Government will take against those who ordered unjust suspension," Patil wondered.

The Shiv Sena and NCP leaders refused to accept that the Supreme Court's decision was a 'setback' to the MVA Government since the decision was taken by the Speaker of the State Assembly and that the Legislature had the power to suspend the MLAs

"The Maharashtra Legislature has the power to suspend MLAs... Or, for that matter the Lok Sabha and Rajya Sabha can suspend MPs, it is well within their powers," Sena MP and Chief Spokesperson Sanjay Raut said.

"I am surprised that the SC is going soft on 12 BJP MLAs who have been suspended for their alleged misbehaviour. The same SC is surprisingly not so considerate when it comes to 12 names nominated by the state cabinet to be appointed as MLCs. The Governor is sitting on the file for some political vendetta. The SC has overstepped on the rights of the legislators when it comes to suspension of 12 MLAs," Raut said.

It may be recalled that on July 5 12 MLAs were suspended after they created a ruckus over the OBC reservations issue and alleged that Speaker-in-Chair Bhaskar Jadhav did not give them enough time to speak.

The BJP MLAs, who were suspended from the Assembly for a year were Parag Alavani, Ram Satpute, Sanjay Kute, Ashish Shelar, Abhimanyu

Pawar, Girish Mahajan, Atul Bhatkalkar, Harish Pimpale, Jayakumar Rawal, Yogesh Sagar, Narayan Kuche and Kirtikumar Bhangdiya.

Reacting to the Supreme Court's ruling, Maharashtra minister and NCP's chief spokesperson Nawab Malik said: "The speaker of the legislative assembly will take a decision once the Supreme Court's written order is available. The decision to suspend 12 MLAs of BJP was taken by the speaker and not by the government."

"The secretariat of the Maharashtra Assembly will study the SC decision after which the speaker will decide," Malik said.

State NCP president and senior minister Jayant Patil said that the 12 BJP MLAs came to be suspended for their "misbehaviour" with the then speaker. "The decision to suspend them was taken by the speaker and not the state government," he said.

Now after the Supreme Court's verdict, the final decision will be taken once the written order is made available to the office of the speaker," he said.

"What happened on that day with the then speaker was so extreme that it led to the suspension of the MLAs for 12 months. Incidents had happened in the past as well when legislators were suspended for a longer period," he said.

Alluding to the Maharashtra Governor Bhagat Singh Koshiyari's failure to nominate 12 members to the Legislative Council from his quota based on the recommendation of the State Cabinet, Patil said: "Everything should happen as per the law. The state cabinet had recommended 12 names, but they are yet to be approved by the governor".

Modi Govt curtailing benefits of soldiers, compromising national security: Cong

Panaji: Karnataka Congress leader DK Shiva Kumar on Friday said the Narendra Modi Government had curtailed the benefits of soldiers and had also failed to fill over 1.22 lakh vacant defence posts.

The Karnataka Pradesh Congress Committee president was campaigning for his party in the Goa Assembly polls scheduled for February 14.

"The Modi government is compromising national security as around 1,22,555 posts are vacant in defence areas. It has also deprived 30 lakh ex-servicemen from getting benefits of 'One Rank One Pension'. While Congress government always worked in the interest of our soldiers, the BJP is playing politics with the nation's security," he alleged.

The KPCC chief said the Congress-led UPA government had, on February 17, 2014, approved OROP effective from April 1 that year, but the BJP government rejected it on

November 7, 2015 with an order that laid down that military personnel who took voluntary retirement after July 1, 2014 will not get One Rank One Pension.

The Modi government also rejected the demand to revise the pension of 30 lakh soldiers every year and kept this time period at five years. He claimed.

The budget for the Ex-Servicemen Health Scheme (ECHS) facility was cut by Rs 1,990 crore this year when compared to last year, and the Modi government had also imposed GST on Canteen Stores Department (CSD) purchases, the Congress leader said.

"The Modi government imposed a tax on the 'disability pension' of soldiers. This is shameful. The Congress has always worked in the interest of ex-servicemen, giving them work in petrol pumps, gas agencies, coal shipments, transport, etc post retirement," he said.

40-yr-old woman gangraped in Raj

Kota: Two men allegedly raped a 40-year-old woman while she was alone in her hut in Rajasthan's Jhalawar district, police said on Friday.

KMC, Health dept facing financial crunch in Bengal

CM's populist policy responsible, says State BJP

SAUGAR SENGUPTA ■ KOLKATA

Amid reports doing the rounds that Bengal's economy was in dire straits Kolkata Municipal Corporation on Friday made it clear that it was impossible for the civic body to clear pensions to its retired staff due to fund crunch.

A circular issued by the KMC said that the employees who had retired after September 2021 may not get their pension for now.

According to the KMC circular, "payments of pension and pensionary benefits (to the retired employees who have been superannuated from September 2021) are not currently released due to crisis of fund." There are 22,000 permanent employees and 26,000 contractual employees working for the Kolkata Municipal Corporation.

The KMC's circular comes

after Mayor Firhad Hakim made it clear that the civic body was facing a financial crisis. According to sources the Mayor has asked "all concerned" to put up with the situation as the "KMC is taking all possible steps to improve the situation."

The Corporation has already taken a loan of ₹ 2,000 crore from the Asian Development Bank and asked for a loan of ₹700 crore from the State Government which too was facing a financial crisis.

The financial crunch --- that many a critic has blamed on the dole politics of Chief Minister Mamata Banerjee --- has reportedly affected a number of sectors including the Health Department which has reduced procurement of medicines meant to be distributed in Government hospitals.

The situation is such that the State Government has already been forced borrow ₹6,500 crore in three tranches in the present month. Bengal stands second after Uttar Pradesh in terms of borrowing this year.

While the Government officials and ruling Trinamool Congress leaders would not make comments opposition BJP attacked the "populist policies of the Chief Minister" for the situation the Government was presently in.

"This Government is engaged in Khela, Mela and dole ... it is spending hundreds of crores giving doles to the clubs that manage votes for the TMC ... populist schemes like Laxmir Bhandar has been initiated with no pecuniary return ... and now we are in this situation," said BJP leader Samik Bhattacharya pooh-poohing the TMC for announcing ₹5,000 for each woman in Goa should it come to power in that State.

"When the CPI(M) left power the Chief Minister began a propaganda that we had left a debt of ₹2 lakh crore --- though in real terms it was far less --- in 34 years of our rule ... but this Government has borrowed ₹6 lakh crore in 10 years ... this, whereas they have abolished 5.5 lakh government posts," said CPI(M) central committee member Sujan Chakrabarty.

PAPER WITH PASSION

Missing classes

There is still no clarity from any quarter on whether it's okay to reopen schools

One would have expected the Indian SARS-CoV-2 Genomics Consortium (Insacog) or the National COVID Task Force or the entire body of epidemiologists and virologists to at least now come up with a view on the reopening of schools. Unfortunately, their view eludes us. Schools remained closed for all of 2020 and most of 2021. They began to reopen in several States at the end of the second wave but closed down again when Omicron surfaced. Scientists predict that the current wave is subsiding fast, but they do not want to tell us if it is okay for children to return to school. Restrictions are being lifted but no State Government is willing to bell the 'school reopening' cat. Is there something we do not know but ought to know? Or is it that nobody wants to take the risk because nobody can say with confidence that the reopening will increase, or not increase, the risk of infection? The children and their parents are owed an explanation. For over 600 days, students have missed school, been kept away from classroom studies and subjected to forced home isolation and, for no fault of theirs, they are becoming victims of mental distress. We hear the usual from the scientists that children have a strong immune system that prevents them from catching infection easily. On the contrary, months of sitting isolated at home without exercise or physical activity may have dented their immunity.

There is no data on how children faced infection and no surveys on whether strict precautions in schools can ward off infection till they are vaccinated. To a large extent, the hesitation of the Government in reopening schools is justified because children are the only segment of the population without a vaccine. Those over 15 are getting their first dose now. Vaccines for children above two years of age will have to wait for a while longer, probably till early summer when

five vaccines will be available to them — Cadila Healthcare's ZyCoV-D, Bharat Biotech's Covaxin, the Serum Institute's Covovax, Biological E's RBD and Johnson & Johnson's 26COV.2S vaccine. In the meanwhile, there should have been a national assessment of the fall in education reception, or knowledge absorption and in the standards among children, if any. The shortcomings of the online method of teaching are already in the public sphere. Students from poor families are suffering from not being able to afford digital devices or lacking electricity to run them. Parents are beginning to ask why education is not an "essential" service like economic activity is. They find it surprising that bars are the first to reopen, but not schools. They say it is naïve to suppose children are not exposed to the virus when adults in the family go out regularly for work. It is time for rationality, not emotions, to decide on the reopening of schools. There is no scientific reason to keep them closed, anyway.

Opportunists

Political leaders of myriad hues have turned elections into a joke in their lust for power

Till the 1980s, June and July used to be months of activity in Kolkata's football *maidans* despite the monsoon. That was the period of inter-club player transfers as a prelude to the Calcutta League. Though neither Bengal nor India were anywhere near the top 10 teams in Asia, the transfers took place with decency and dignity. The Indian Soccer League has since robbed the Calcutta League and the player transfers of their importance. The elections to five State Assemblies, to be held in February 2022, bring to mind more or less a similar scenario. Ministers, Assembly's sitting members and the out-of-favour leaders have suddenly sprung to life and are animatedly defecting from their old party to new outfits for the lure of tickets and other benefits. In Uttar Pradesh, many Ministers and their hangers-on have jumped fences and crossed over to parties which offered to fulfil their demands. A leader in the BJP's UP Government suddenly got enlightened that his community, Dalits and Muslims were being ignored by the Government in power since 2017 and so he walked off to the rival camp.

On why he kept quiet for five long years before crossing over to another party, his explanation was that people had given him the mandate for five years and that period was over once the election was declared! While this Minister defected to the Samajwadi Party, a leader from the house of the SP bosses jumped ship and joined the Hindutva bandwagon, portraying it as 'secular and humane'. The Uttarakhand PCC president joined the BJP because he would not have made it to the list of party candidates in the GOP. These are not stray incidents but routine shows that play out before every election. The Aaya Rams and Gaya Rams are still around... in modern avatars. Though Rajiv Gandhi after becoming Prime Minister amended the Constitution in 1985 with a view to checking defections, our ingenious political leaders have designed new strategies to circumvent the anti-defection laws. Politics is degenerating into 'politricks' and has truly become the 'Great Indian Political Circus'. If the common man opts for "one nation, one election" as proposed by the Prime Minister, it is only to get rid of this political gymnastics. A senior and respected MP was heard saying the other day she was willing to step aside provided her son was accommodated in her place. Cry, my beloved country!!

Hindus as punching bags for centuries?

There are several mentions in historical recordings and scholarly papers to show that pre-Islamic religious edifices were razed to build mosques

There is no doubt that Hindus have had the image of being soft and, therefore, a useful punching bag. It was overdue for a firm stand to be taken as was rightly done by TS Tirumurti, the Indian permanent representative to the United Nations, very recently. Swami Vivekananda was palpably aware of the Hindu image having been tarnished and there being a Hindu phobia. Accorded a tumultuous welcome upon his return after making a great name for himself and his faith overseas, Swamiji gave a frank explanation for why there was Hindu phobia.

Sir Sankaran Nair, a member of the Viceroy's Council, in his book called *Gandhi and Anarchy* (published by Tagore & Company; Madras, 1922), wrote: "For sheer brutality on women, I do not remember anything in history to match the Malabar rebellion. It broke out about the 20th of August (1921). Even by the 6th of September, the results were dreadful." Gandhiji's comment which he wrote in *Young India* of September 29, 1921: "We have forgotten the divine out of dying for our faiths without retaliation... The Hindus must have the courage and the faith to feel that they can protect their religion in spite of such fanatical eruptions." He warned the Government against excessive repression of the Moplahs. The ending of the revolt was a matter not only of urgency, but of simple humanity: "Be the Moplahs ever so bad, they deserve to be treated as human beings."

Amongst Swami Dayanand's successors, Swami Shradddhananda was the most successful in implementing *shuddhi*. He was murdered in his sick bed. Gandhi's comment was: "I have called Abdul Rashid a brother and I repeat it. I do not even regard him as guilty of Swami's murder. Guilty indeed are those who excited feelings of hatred against one another."

The message of Vivekananda was clear that many problems have their roots in us. There is no power in the universe to injure us unless we first injure

ourselves. One-fifth of the population in India has become Mohammedan. Whose fault is it? One of our historians says in ever-memorable language: "Why should these poor wretches starve and die of thirst when the perennial fountain of life is flowing by? The question is: What did we do for these people who forsook their own religion? Why should they have become Mohammedan?"

To go back to Aurangzeb, over two centuries after the desecration, F Growse, the magistrate of the district in the 1870s, felt that of all the sacred places in India, none enjoys greater popularity than the capital of Braj, the holy city of Mathura. For nine months in the year, festival follows upon festival in rapid succession and the ghats and temples are daily thronged by new troops of way-worn pilgrims. So great is the sanctity of the spot that its panegyrist do not hesitate to declare that a single day spent in Mathura is more meritorious than a lifetime passed in Benares. All this celebrity is due to the fact of it being the birthplace of lord Krishna.

In his *Mathura: A District Memoir*, Growse has recorded his exhaustive survey of

THE MESSAGE OF VIVEKANANDA WAS THAT MANY PROBLEMS HAVE THEIR ROOTS IN US. THERE IS NO POWER TO INJURE US UNLESS WE FIRST INJURE OURSELVES. ONE-FIFTH OF THE POPULATION IN INDIA HAS BECOME MOHAMMEDAN. WHOSE FAULT IS IT?

LETTERS TO THE EDITOR

THE MAHARAJA'S HOMECOMING

Sir — For the Tatas, the original owners of Air India, nothing can be greater delight than the homecoming of the debt-laden, yet the nation's prestigious, air carrier after nearly seven decades. Air India, which gave wings to the nation, was much more than a business venture to the country's biggest conglomerate. ('*Air India lands up in Tatas' hands*,' January 28). From the first operation from Karachi to Bombay in October 1932, with JRD Tata steering a Puss Moth aircraft, to seizing control of Air India 89 years later, the Tata Group has had a rollercoaster ride in Indian civil aviation history.

While normally aircraft head back to their original destinations after flying, perhaps for the first time in aviation history has an airline company itself headed back to its original roots. The skies of independent India had long witnessed the dominance of the country's flagship airliner, and perhaps they are eagerly waiting to welcome the beginning of a new era in India's aviation ecosystem. And the Maharaja, whose famous moustache was designed by Bobby Kooka, a close associate and friend of JRD Tata, is truly back with a bang.

INT'L HOLOCAUST REMEMBRANCE DAY

Sir — We observe the International Holocaust Remembrance Day on January 27 every year to mark the liberation of Nazi Germany concentration camp, Auschwitz Birkenau, from the historical atrocities committed on Jews. This day reminds us of the crimes committed by Nazi Germany in concentration camps, leading to about 1.1 million deaths between 1940 and 1945. On this day, the qualities of tolerance, equality, free speech and human rights need to be inculcated in this world beset by a number of challenges and inequalities. As the holocaust memories fade in the mist of time, anti-Semitism, religious and racial intolerance are taking the centre stage.

Since the number of Holocaust survivors is showing a downward trend, the younger generation must be made aware

Reason for Cong's discomfiture

This refers to the editorial, '*Missing focus*' (January 28). The Government awarding the Padma Bhushan to Congress veteran Ghulam Nabi Azad in recognition of his services to public affairs has brought the fault lines in the party to the fore. Innuendoes and indignities against him are flying around. Praising the one from West Bengal as "Azad" for rejecting the national honour and mocking the other as

"Ghulam" for accepting it signifies the grand old party's deep decline. Azad's public affairs credentials are impeccable. He was the J&K CM in 2005, after Congress' CM Syed Mir Qasim in 1975. Also, he was Cabinet colleague to the party's who's-who of Indira Gandhi, Rajiv Gandhi, Narasimha Rao and Manmohan Singh.

This Government has in the past honoured Congress stalwarts like Pranab Mukherjee and Tarun Gogoi, too. Terming the present conferment "political" is not true. Even the Government's harshest critics, the Shiv Sena and TMC, endorse the honour to Azad. After being sidelined by his party since he is a G23 member, Azad is doing well by pulling crowds in his home State. He may be eying a new political innings in J&K. That he may align with the BJP is probably worrying the Congress. Sad that while senior party members are polarised on the issue, the party's top leadership is in such disarray that it cannot even focus on the upcoming State elections.

of it so as to be able to separate facts from falsehoods and hatred. Enlightening the youth about the agony of Holocaust is a tool that can spring them into action against the scourge of hatred. When Holocaust survivors' memories become ours, the future generations will avoid the mistakes of their ancestors. Collective memory has the propensity not just to serve as a blueprint for the future but also to rekindle the past memories and avoid repeating mistakes.

WHAT'S WRONG WITH INDIAN CRICKET?

Sir — Cricket is like a game of chess and so every move counts in its shortest form. Having lost the Test series in a one-day fashion, we could have chalked out a strategy to avoid the mistakes committed in the longest form of the game. The blame game has started. It started from the Kohli era but we blame Rahul for the

downfall. The ex-captain is enjoying his cricket just like it is an outing in the park. As the captain, he was sending flying kisses to the pavilion and now, as a player, he is doing a cradle celebration.

The batting standards have gone down considerably, which forced such a situation that the bowlers were put to test. In the event of a small total to defend, most of the time on the tour our strategy should be to dismiss the opposition early. We lost to South Africa 1-2 in Test matches and 0-3 in One-Day matches. As a result, we sacked certain star bowlers as scapegoats. How long can we bank on our home wins? What is wrong with Indian cricket? Thus India's T-20 ranking is by far the best, compared to Test (3rd) and ODI (4th) after the debacle in South Africa.

PRAFULL GORADIA

has obviously been done a fair amount of work on this place of worship. Memoirs of Gaur and Pandua by M Abid Ali Khan, subsequently revised by HP Stapleton, prove this.

A more recent work of scholarship is entitled *Mosque Architecture of Pre-Mughal Bengal* by Dr Syed Mahmudul Hasan. Evidently, local legend as to who built the Adina mosque and why, appears to be incorrect. According to scholars, it was established by Sultan Sikandar Shah between 1366 and 1374 AD. There is a difference of opinion, especially between JH Ravenshaw and other scholars as to whether Gaur, the famous capital of medieval Bengal, was older or whether Hazrat Pandua, where Adina is located, flourished earlier. The significance of the controversy is about how much rubble from pre-Islamic edifices could have been used. Dr Hasan is impartial enough to quote various scholars at length, although he betrays some unhappiness at the allegation about the use of Hindu materials.

SOVEREIGN BOND MOVE IS A WELCOME IDEA

Foreign capital inflow will ease down the bond yield to some extent

SHSHANK SAURAV

Union budget 2022 is few days away and there are speculations around inclusion of India's sovereign bond in the global bond index. Sometime back RBI governor said that the process is on and it should happen in few months. Historically, India has remained averse to the foreign ownership in the country's debt. This policy choice was largely driven by our experience related to balance of payment situation in 1990s. Government opened up the corporate sector for foreign capital (via FDI/Fllroute) and even FPI limit in corporate bond was kept high but RBI continued to keep a conservative stand on sovereign bonds. Things have changed now and our foreign exchange reserve is enough to withstand the short-term volatility caused by sudden capital outflow. The Covid pandemic has curtailed revenue generation on one hand while public spending has increased on the other. The Government has resorted to borrowing as other non-tax receipts (like disinvestment proceeds or asset monetisation schemes) are lagging behind the target. The GOI 10-year bond yield has touched two years high of 6.54 percent in January 2022. Economic growth is still under the shadows of pandemic and therefore government borrowing is unlikely to come down drastically. When economy revives and credit demand picks up, banks would not be showing the same appetite for the Government papers and it appears that yields are not going to ease in near term. A higher yield means more outflow on account of interest payment and thereby leaving less amount with government for infrastructure and asset creation.

Foreign capital inflow will ease down the bond yield to some extent. However, this inflow will cause appreciation of INR and it will be detrimental to the exporters. This exchange rate movement can be managed by the RBI with its market intervention policies. Despite of various concessions and incentives given by government, private investment is not picking up and government has to come forward for almost all major infrastructure projects. Domestic borrowing directly impacts the liquidity which has direct impact on demand/consumption and inflation. In our case, external borrowing should be used for growth purpose only and foreign capital should not be tapped just to finance the fiscal deficit. Country's risk perception determines the demand of the government papers by the buyers. Credit Default Swap spread is generally used to gauge the risk perception on the securities issued by the borrower. India's five-year sovereign CDS spread has consistently fallen (after reaching its peak in March '20 due to Covid-related uncertainty) which means that credit perception has improved. India's sovereign credit rating has remained stable and downgrading by Moody's in June 2020 from Baa2 to Baa3 had invited severe criticism. Attractive yields on Indian bonds are remunerative to the foreign investors even if exchange rate risk is factored in and therefore demand of these securities is not a question which policy makers should worry about. There are certain areas which need to be clarified by the RBI and finance ministry before this policy shift sees the light of the day. Though there is an overall ceiling of six percent and two percent of outstanding loans for central Government and state development loans respectively, operational process should be smooth. Taxation aspect (both interest receipt at periodic interval and capital gain) is important as any relaxation to the foreign investors would be detrimental to the domestic investors. A concession to the foreign investors while taxing the transaction in the hands of domestic investors would go against the principles of equity. This structural shift shows change of mindset and it is a welcome step but will need to be monitored cautiously post implementation.

Can Modi-Capt duo help BJP in Punjab?

AMITABH SHUKLA

Several Assembly polls have shown that Modi alone cannot be the face of BJP; it needs that extra zing, that extra person or an issue, to ride home

The Enforcement Directorate's raids on the house and business premises of the relatives of Punjab chief minister Charanjit Singh Channi follows a set pattern being followed by the central agencies for a while now in poll-bound states.

"This will generate a lot of smoke, this smoke will remain visible for a while but it will have little or no adverse political consequences for those who have been targeted," a leader in Punjab quipped on the timing of the raids when elections have been announced and the electoral process has begun.

Those who are knee-deep into politics say that the ED or Income Tax raids or any raid by a central agency hardly benefits the BJP in the elections as the fire is extinguished by those affected by the raid the very next day by playing the victim card to the hilt. The smoke too clears in the next 3-4 days after the agencies give an account of the recoveries and the dust it generates settles down in a week.

So, BJP in Punjab will have to rely solely on the charisma of Prime Minister Narendra Modi and the political guile of two-time chief minister Amarinder Singh, having a combined tenure of nine and a half years in the top job of the state.

As we all know by now, Modi has a great influence when it comes to something like presidential type elections where he hardly has any political rivals and easily towers over others. It happened in 2014 and 2019 where the election was clearly Modi versus the rest. Obviously the combined "rest" was no match to Modi and the results hardly had any element of surprise. Not much has changed even in 2022 on this front.

However, at the same time, the Assembly elections in several states clearly showed that Modi alone cannot be the face of BJP and it has to get that extra zing, that extra person or an issue to ride home. Even in the home state of the Prime Minister, Gujarat, Congress did reasonably well despite the fact that Modi and Home Minister Amit Shah hailed from the same state. There were a string of losses in states all over the country, suggesting that local and regional leaders held on their own in their home turfs.

In Chandigarh Municipal Corporation elections, Modi was the only face of the BJP in the polls and the party could not win a majority despite ruling the civic body for five years. It's a different matter that through political machinations, it managed to get its "minority" Mayor elected, though the Aam Aadmi Party had two seats more than the BJP in the House.

So in Punjab, it is unlikely that Modi will have a big influence in the voting process and outcome, whatever his supporters say. The only rally he was supposed to address before the polls were announced, in Ferozepur, had to be canceled after the much-publicized security

WITHOUT GETTING INTO IFS AND BUTS OF WHAT WOULD HAPPEN AFTER THE POLLING, IT IS CLEAR THAT BJP WANTS TO HAVE A ROADMAP OF ITS OWN IN THE SIKH MAJORITY STATE IN THE NEAR FUTURE. IT WAS IN ALLIANCE WITH THE SHIROMANI AKALI DAL FOR OVER TWO DECADES IN THE BORDER STATE AND USED TO CONTEST 20 SEATS IN THE URBAN AREAS AS A JUNIOR PARTNER

(The writer is Senior Resident Editor, The Pioneer, Chandigarh. The views expressed are personal.)

breach. Though the weather was bad on that day and prevented people from getting out, the low presence at the rally ground suggested that despite the repeal of the three farm laws, BJP has still to cross several more bridges to gain the trust of the Punjabis. To bridge that gap, one election is too short a time. It will take a while and sustained political efforts before BJP comes with the right formulae and local social engineering to get going in Punjab.

As far as Amarinder Singh is concerned, many in the state, some even his supporters, now believe that for him, forming Punjab Lok Congress and aligning with BJP is not a serious shot at power but only an attempt to ensure that Congress which he feels humiliated him, is defeated. Also, many in his old party believe that Amarinder could well be looking at fishing in troubled waters with half a dozen MLAs in a possible hung Assembly.

Without getting into ifs and buts of what would happen after the polling, it is clear that BJP wants to have a roadmap of its own in the Sikh majority state in the near future. It was in alliance with the Shiromani Akali Dal for over two decades in the border state and used to contest 20 seats in the urban areas as a junior partner. The two parties complement-

ed each other well-SAD, claiming to put across Sikh point of view while BJP the Hindu point of view in a state which was badly affected by militancy in the 1980s and early 1990s.

The now repealed three agricultural laws changed the political dynamics of the state and no one either from the BJP or the SAD could envisage the consequences it would have on state politics before the bills were conceptualized and eventually passed. As Sikh farmers from the state gathered at Delhi borders in one of the most visible non-violent protests in decades, opposition to the farm laws became a sort of mass movement in Punjab which a party could neglect only at its peril. SAD took the initiative and parted ways with its partner BJP and withdrew its minister Harsimrat Kaur Badal from the Modi Cabinet.

Even when BJP was in alliance with SAD, particularly, during the ten years of its rule (2007 to 2017), there were demands within BJP to test electoral waters independently. This chorus grew louder since 2014 when Modi emerged as a towering leader and BJP won several state elections and changed the political dynamics of the country. So, in 2022 it will be the first time in decades that BJP would be the big brother in the alliance with Congress turncoat and PLC chief

Amarinder Singh and would contest 65 odd seats. If BJP manages a decent show and the definition of a decent outing would vary from one leader to the other, a new alignment could emerge in Punjab. But given the fact that BJP has been unable to grow in rural Punjab due to multiple factors, it looks like a long haul for the saffron party at present.

Many in the SAD believe that Amarinder Singh's PLC is only a one election wonder and they have little or no differences with BJP, more so when the reason for their differences-Farm Acts-no longer exists. So there would hardly be much surprise if the SAD is back in alliance with the BJP for the 2024 Lok Sabha polls and a soft understanding soon after the 2022 Assembly polls. In fact, none of the two parties-SAD and BJP-are making noises against each other in the campaign, making it clear that there is hardly any difference of opinion amongst them. If BJP does reasonably well in assembly polls, it will then bargain for more seats in the 2024 Lok Sabha polls from SAD. That seems to be the refrain of some BJP leaders as well as an aging Captain Amarinder is no guarantee for their future political plans in the state and SAD completes the Hindu-Sikh political stereotype which helps BJP in rest of the country as well.

Solid waste management policy still suffers from niggles

Primary segregation is key to effective solid waste management, specifically recycling and composting

RAJESH KUMAR

Solid Waste Management Rules, 2016 brought in by the Ministry of Environment, Forests and Climate Change (MoEFCC) and monitored by the Central Pollution Control Board (CPCB) are having limited success. Authorities right from the Ministry of Urban Development, CPCB, State Pollution Control Boards, Municipalities, and Gram Panchayats have been made accountable. Implementation is mainly by municipal authorities and gram panchayats as per rules. Segregation at source is the mainstay of the Rules as has been amply demonstrated by municipalities like Indore, making citizens and institutions responsible for primary segregation.

The ministries of Urban Development and Rural

Development are the main monitoring agencies at the national level.

Ministry of Chemicals and Fertilizers, according to clause 7, has to ensure market development assistance and promotion of city compost with chemical fertilizers in the ratio of 3:4, but the ministry has done nothing to assist the municipalities and gram panchayats, where compost is being produced.

Similarly, the Ministry of Agriculture, as per clause 8, had to set up labs for checking the quality and propagation of compost on farmland, but it has done little. Central Pollution Control Board (CPCB) hardly monitors State Pollution Control Boards for implementation. Even Delhi is not segregating waste as per rules right under the nose of CPCB. According to SWM Rules

2016, Clause 15 makes local authorities responsible for solid waste management. Except for municipalities like Indore, Ambikapur and a few others, no municipality is following the rules. Cities like Noida are finally working on different types of waste and segregation at doorsteps but implementation is insufficient even though City managers like Salil Yadav worked hard to implement and succeeded partially. He has been transferred to Greater Noida

Industrial Development Authority (GNIDA) to implement in the planned township of Greater Noida.

GNIDA was fined Rs 2 crore by National Green Tribunal in 2019 for not properly implementing SWM 2016 rules. Since then, it has taken action for empanelment of private agencies for bulk waste generators (apartments) and has empaneled more than 17 agencies in category 2 of its notification.

Sources said three attempts were made by GNIDA to empanel vendors for colonies but due to unfavourable conditions such as unwillingness to pay or pay very little, harassment of sanitary workers and collectors, the attitude of residents, foiled the initiative.

A look at the implementation of apartments and colonies

like Jalvayu Vihar, AWHO, Gurjinder Vihar, Jaypee Greens, La Residencia, NHPC Employee colony, Greenwoods Society, Ansal Golf Links, Gaur City 1 & 2 throws up interesting facts.

Jaypee installed a composter machine in July 2021, in accordance with the SWM rules of GNIDA and Central Government, but the machine had not worked properly due to its vendor's inadequacies. Segregation at the residential level was patchy at best. A person from the machine maker explained that it is a proper aerobic composter and not a burning machine as used in many societies. Sources from GNIDA informed that Jaypee had been fined heavily on quite a few occasions as waste was not being processed and was picked by a company, K waste, which

disposed of all wastes in landfills. Penalty amount could not be verified. La Residencia was earlier a joint venture with Amrapali. After being fined by GNIDA they have bought the machine and are finalizing the vendor. In the case of Gaur City, a huge residential complex, segregation, and processing were not visible.

AWHO, similar to Jaypee Greens, has a very big aerobic composter and a proper structure allotted and one of the first to implement in 2019. It was inaugurated by Deputy CEO of GNIDA, but the machine is not working since September 2021. A source in the RWA office informed that a company was doing the composting till August 2021 but the RWA Housekeeping committee and the company had their differ-

ences and so, the company was asked to wait till they try a new vendor from September 2021. But it has been months and neither the current vendor K Waste nor the current RWA committee has taken action to rectify the machine. The plant did not have any workers and no evidence of any waste management work was seen. GNIDA has not taken action against AWHO as per rules. The earlier company was not available for comments.

In the case of AWHO, one RWA committee was the initiator and the committee which came later played the spoilsport and violator. GNIDA sources informed they have blacklisted certain vendors like SVM, who were throwing waste in landfills in Greater Noida or even transported it to Ghaziabad.

Russia: Won't start war over Ukraine tensions

AP ■ MOSCOW

Russia's top diplomat said Friday that Moscow will not start a war in Ukraine but warned that it wouldn't allow the West to trample on its security interests, amid fears it is planning to invade its neighbor.

U.S. President Joe Biden warned Ukraine's leader a day earlier that there is a "distinct possibility" that Russia could take military action against the former Soviet state in February.

"There won't be a war as far as it depends on the Russian Federation, we don't want a war," Foreign Minister Sergey Lavrov said in a live interview with Russian radio stations. "But we won't let our interests be rudely trampled on and ignored."

Tensions have soared in recent weeks, and United States and its NATO allies warily eyed a buildup of more than 100,000 Russian troops near Ukraine, worrying that Moscow was preparing to attack. Russia has repeatedly denied having any such plans, but has demanded that NATO promise Ukraine will never be allowed to join and that alliance roll back deployments of troops

and military equipment in Eastern Europe. The U.S. and NATO formally rejected those demands this week, though Washington outlined areas where discussions are possible, offering hope that there could be a way to avoid war.Russia's official response to those proposals will come from President Vladimir Putin, but Kremlin has said there was "little ground for optimism."

Lavrov echoed that grim note Friday."While they say they won't change their positions, we won't change ours," he said. "I don't see any room for compromise here."Putin opened the weekly meeting of his Security Council on Friday, saying only that it would address foreign policy issues.

Later, in a video call with French President Emmanuel Macron, the Kremlin said he emphasized that U.S. and NATO failed to consider Russia's key demands: precluding NATO's expansion, stopping the deployment of alliance weapons near Russian borders and rolling back its forces from Eastern Europe. At the same time, Putin spoke in favor of continuing talks about a stalled peace agreement for eastern Ukraine, where Russia-

backed rebels are fighting Ukrainian forces. Those talks are among Russia, Ukraine, France and Germany, and presidential envoys from four countries met in Paris on Wednesday and agreed to have another meeting in Berlin in two weeks.Following 2014 ouster of a Kremlin-friendly president in Kyiv, Moscow annexed Ukraine's Crimean Peninsula and began backing insurgency in country's eastern industrial heartland.

Earlier, Lavrov noted that U.S. suggested two sides could talk about limits on deployment of intermediate-range missiles, restrictions on military drills and rules to prevent accidents between warships and aircraft.

He said that Russia proposed discussing those issues years ago — but Washington and its allies never took them up on it until now. While he described U.S. offers as reasonable, he also emphasized that Russia's main concerns on NATO. He noted that international agreements say that security of one nation must not come at expense of others' — and that he would send letters to ask his Western counterparts to address that obligation.

Biden says Russian invasion in February 'distinct possibility'

AP ■ MOSCOW

The White House says President Joe Biden warned Ukraine's president Thursday that there is a "distinct possibility" Russia could take military action against Ukraine in February. The Kremlin likewise sounded a grim note, saying it saw "little ground for optimism" in resolving the crisis after the U.S. this week again rejected Russia's main demands.

Russian officials said dialogue was still possible to end the crisis, but Biden again offered a stark warning amid growing concerns that Russian President Vladimir Putin will give the go-ahead for a further invasion of Ukrainian territory in the not-so-distant future.

The White House said Biden's comments to Ukraine's Volodymyr Zelenskyy in a phone call amplified concerns that administration officials have been making for some

time."President Biden said that there is a distinct possibility that Russians could invade Ukraine in February," White House National Security Council spokesperson Emily Horne said. "He has said this publicly and we have been warning about this for months."Tensions have soared in recent weeks, as United States and its NATO allies expressed concern that a buildup of about 100,000 Russian troops near Ukraine signaled that Moscow planned to invade its ex-Soviet neighbor. Russia denies having any such designs — and has laid out a series of demands it says will improve security in Europe. But as expected, the U.S. and Western alliance firmly rejected any concessions on Moscow's main points Wednesday, refusing to permanently ban Ukraine from joining NATO and saying allied deployments of troops and military equipment in Eastern Europe are nonnegotiable.

Japan to watch WHO probe of director's alleged racism, abuse

AP ■ TOKYO

Japan's government said Friday it will watch the World Health Organization's investigation into staff complaints over racism and abuse by a top Japanese official at the agency but denied it inappropriately received sensitive vaccine information from him.

Meanwhile in Geneva, France's diplomatic mission said that if the allegations are proven to be true, the possible consequences include the termination of the WHO director's contract.

An investigation by the Associated Press this week found WHO staffers alleged that Dr. Takeshi Kasai, the U.N. health agency's top director in Western Pacific, engaged in unethical, racist and abusive behavior, undermining WHO's efforts to curb the coronavirus pandemic, according to an internal complaint filed last October.The complaints were also emailed to senior WHO leaders last week and describe a "toxic atmosphere" with "a culture of systemic bullying" at WHO's regional headquarters in the Philippines.

China says UN rights chief welcome in Xinjiang, but not for probe

PTI ■ BEIJING

China said on Friday United Nations human rights chief Michelle Bachelet is welcome to visit Xinjiang, where Beijing faces serious human rights allegations against Uyghur Muslims, after Winter Olympic Games to promote cooperation and not an investigation based on "presumption of guilt".

Foreign Ministry spokesman Zhao Lijian said at a media briefing here that invitation was extended a long time ago and two sides have been maintaining communication."China welcomes Madam Bachelet to visit China, including Xinjiang," Zhao said.

"Our position is consistent and clear. The purpose of the visit is to promote exchange and cooperation, not investigation based on presumption of guilt. We oppose anyone using this for political manipulation to pressure China," he said.

The spokesman, however, skirted a direct answer when asked to comment on a media report stating China is also insisting Bachelet should not

release her report on Xinjiang before February 4 Beijing Winter Olympics opening ceremony as demanded by US politicians."I can tell you Xinjiang enjoys economic prosperity and social order and people there are leading happy lives with their human rights fully protected," he said. China firmly opposes tactics of using Xinjiang to smear country by distorting facts, he said.

China has launched a diplomatic offensive to mobilise world leaders to attend February 4 opening ceremony of Winter Olympics as US, the EU and several western countries announced a boycott of event by their diplomats to highlight allegations of human rights violations in Xinjiang, including incarceration of over a million Uyghur Muslims in camps.

A host of world leaders including Russian President Vladimir Putin and Pakistan Prime Minister Imran Khan, besides UN Secretary-General Antonio Guterres are due to attend opening ceremony to show solidarity with Beijing.

Russia nears 100,000 daily infections as omicron rages

AP ■ MOSCOW

Russian authorities on Friday reported over 98,000 new confirmed coronavirus cases, but according to the Kremlin, the actual number is likely to be much higher as the highly contagious omicron variant continues to rage through the vast country.

Russia's state coronavirus task force on Friday registered 98,040 new infections tallied over the past 24 hours - another all-time high for the country that in recent weeks has faced its biggest surge of contagions in the pandemic. Kremlin spokesman Dmitry Peskov told reporters Friday

that "it is obvious that this number is higher and possibly much higher," because "many people don't get tested" and have no symptoms. Peskov noted that Russia's numbers are "so far lower than in Western European countries, than in the US, so one can't rule out that they will grow further".

The Kremlin spokesman also admitted that a lot of people in the presidential administration have gotten infected with the virus. "The vast majority continue to work from home after having isolated themselves," Peskov said. "This explosive contagiousness of the omicron, it demonstrates itself in full." Coronavirus

infections in Russia started to soar nearly three weeks ago, with daily tallies of new cases spiking from about 15,000 on Jan 10 to almost 100,000 on Friday.

Scotland Yard seeks 'minimal reference' to some partygate events

PTI ■ LONDON

Scotland Yard on Friday said it has sought "minimal reference" to events it is investigating from a UK Cabinet Office inquiry, being led by top civil servant Sue Gray over so-called "partygate" scandal of alleged gatherings within government quarters that may have breached COVID lockdown rules in 2020-2021.Gray's inquiry report, which poses a serious threat to British Prime Minister Boris Johnson's leadership, is said to be complete but there has been a delay since some of its findings were passed on to London's Metropolitan Police earlier this week, to probe "serious and flagrant" breaches of corona laws.

Who's who among some possible top Supreme Court contenders

AP ■ WASHINGTON

Supreme Court Justice Stephen Breyer's retirement gives President Joe Biden a chance to make his first nomination to high court. It's also a chance for Biden to fulfill a campaign promise to nominate the first Black woman to be a justice. Some things to know about the women seen as leading candidates:

KETANJI BROWN JACKSON

Ketanji Brown Jackson has known Breyer for decades. A graduate of Harvard and Harvard Law school, she was a law clerk to Breyer from 1999 to 2000. She is comfortable enough with her former boss to have a little fun at his expense. In 2017, after Breyer accidentally brought his cellphone to court and it rang, Jackson introduced him at an event and pretended to get a call mid-

introduction from Breyer's colleague, Justice Neil Gorsuch. After clerking for Breyer, Jackson was as a lawyer in private practice, worked as a public defender and served on U.S. Sentencing Commission. President Barack Obama nominated her to be a federal trial court judge in District of Columbia in 2013. Biden elevated her to U.S. Court of Appeals for District of Columbia Circuit, where she has served since June 2021.

Recently, Jackson was part of a three-judge panel that ruled against former President Donald Trump's effort to shield documents from House committee investigating Jan. 6, 2021, insurrection at Capitol. Jackson, 51, also has advantage of a connection to Republicans. She is related by marriage to former House Speaker Paul Ryan, R-Wis. Jackson's husband, Dr. Patrick Jackson, a surgeon, is the twin brother of Ryan's brother-in-law.

Ready for 'long overdue' pick of Black female justice: Biden

AP ■ WASHINGTON

President Joe Biden delivers remarks on the retirement of Supreme Court Associate Justice Stephen Breyer, left, in the Roosevelt Room of the White House in Washington, Thursday, Jan 27, 2022 (AP Photo/Andrew Hamrik)

In a White House ceremony marking a moment of national transition, Biden praised retiring Justice Stephen Breyer, who will have spent nearly 28 years on the high court by the time he leaves at the end of the term, as "a model public servant at a time of great division in this country."

And with that the search for Breyer's replacement was underway in full. Biden promised a nominee worthy of Breyer's legacy and said he'd already been studying the

backgrounds and writings of potential candidates. "I've made no decision except one: The person I will nominate will be somebody of extraordinary qualifications, character and integrity," he said. "And that person will be the first Black woman ever nominated to the United States Supreme Court. It is long overdue."Biden's choice will

be historic on its face: No Black woman has ever served on the high court. But the decision is also coming at a critical time of national reckoning over race and gender inequality.

However, the court's 6-3 conservative majority is destined to remain intact.Biden is using his choice to fulfill one of his early campaign promises, one that helped resurrect his moribund primary campaign and propel him to the White House in 2020.

And it gives him the chance to show Black voters, who are increasingly frustrated with a president they helped to elect, that he is serious about their concerns, particularly with his voting rights legislation stalled in the Senate. It also could help drive Democratic enthusiasm amid concerns about a midterm routing in congressional races.

Report: Economy needs more hand-holding, fiscal correction can wait

Mumbai: Warning that any sudden and sharp fiscal consolidation steps can throttle the nascent and uneven recovery of the Indian economy, a Wall Street brokerage has said the Budget should instead focus on boosting overall demand, from rural consumption in particular, and invest more in infrastructure.

The successive waves of the pandemic has made it more difficult to reduce government debt as a share of GDP in the medium-term, said Goldman Sachs in a pre-Budget note.

It thus pencilled in a gradual fiscal consolidation with FY23 falling by 50 basis points to 6.3 per cent from 6.8 per cent in FY22, and set a target of bringing it down to 4.5 per cent by FY26.

The brokerage believes that even though allocation for COVID related expenses will come down, the government will have to continue to focus on welfare spending and also expects capex to increase 12 per cent.

But the higher spending will most likely be financed by higher tax revenue in FY23 and deferred asset sales from the current year, helping reduce the deficit.

It also sees the general government fiscal deficit falling to 9.3 per cent of GDP in FY23 from 10.1 per cent in FY22 on the back of stronger nominal GDP growth.

If the Budget removes capital gains tax and withholding tax on foreign bond investments in the country, India will likely be included in the global bond index by Q4 of 2022 and this can help the country attract an additional USD 30 billion inflows in 2023, which again will lead to lower deficit.

Gross tax collections in the first eight months of FY22 rose to 70 per cent of budget estimates which is the highest in the last 10 years. Direct taxes have grown 66 per cent on-year, led by income and corporate tax growth while indirect taxes have grown 39 per cent driven by buoyant GST and excise duties on fuel prices.

The report expects gross tax revenue to overshoot budget estimates by about 1.1 per cent of GDP in FY22 and non-tax revenue to be higher by 0.1 per cent of GDP driven by increased dividends from the RBI and higher deferred payments from telcos.

Sensex succumbs to late sell-off, ends 77 pts lower

Mumbai: The BSE gauge Sensex dived nearly 900 points from the day's peak to finish Friday's highly volatile session 77 points lower at 57,200, triggered by a late sell-off mainly in banking and auto shares.

Starting off on a high note, the 30-share index soared to trade briefly above the key 58,000-level in afternoon trade, before plunging to a low of 57,119.28. After fighting bouts of volatility towards the fag-end of the session, the index finally closed 76.71 points or 0.13 per cent lower at 57,200.23.

Likewise, the NSE Nifty too swung between gains and losses before ending 8.20 points or 0.05 per cent down at 17,101.95.

The Sensex was pulled lower mainly by Maruti, Tech Mahindra, PowerGrid, ICICI Bank, Axis Bank and SBI -- which suffered losses to the tune of 3 per cent.

Vinod Nair, Head of Research at Geojit Financial Services, said, "After the decent opening post yesterday's weak closing, domestic bourses again staged a quick sell-off, tracking weak European trend. Policy tightening by the US Fed and rising geopolitical tensions in Ukraine coloured global sentiments."

The national semiconductor policy and the favourable approach from Government of India will help deepen India's manufacturing base and create immense opportunities in the segment, said Sajjan Pillai, chairman, McLaren Strategic Ventures.

New Delhi: The Government has notified the second phase of the Scheme on Enhancement of Competitiveness in the Indian Capital Goods Sector for providing assistance for common technology development and services infrastructure, with a financial outlay of ₹1,207 crore. The outlay includes Budgetary support of ₹975 crore and industry contribution of ₹232 crore.

Taxing beedi industry to impact tribals: SJM

PNS ■ NEW DELHI

The Swadeshi Jagaran Manch has said that taxing the beedi industry at par with sin tax levied on the cigarette manufacturers has internal security imperatives especially in the Naxal-hit States.

As many 95 lakh people, including 85 lakh tribal women, mostly in Naxal-hit States are directly engaged in beedi rolling and the industry provides employment to another three-and-a-half crore more people, like those engaged in collection of tendu leaves.

"These women in the impoverished regions sustain their families through earnings at their homes generated from beedi rolling, essentially a cottage industry in which the raw materials are provided to the workers at their homes on a daily or weekly basis," SJM Co-convenor Dr Ashwini Mahajan said on Thursday.

While in the long term winding up the industry could be a desirable option but not before providing sustainable alternate employment opportunities to those engaged in the beedi industry, he said.

Stating that even the Bharatiya Mazdoor Sangh, an affiliate of the Rashtriya Swayamsevak Sangh, has backed handling of the beedi industry in right perspective, he said there is need to undertake scientific studies to ascertain the health hazards of smoking

Rupee closes almost flat at 75.07 against US dollar

Mumbai: The rupee snapped its three-day losing streak to close 2 paise higher at 75.07 against the US dollar on Friday amid expectation of better dollar inflows from upcoming IPOs.

However, the rebound in the rupee was restricted amid weakness in domestic equities, analysts said.

Forex traders said geopolitical tensions, elevated crude oil prices and hawkish US Fed stance also weighed on the local unit. At the interbank foreign exchange market, the rupee opened at 75.12 a dollar and witnessed an intra-day high of 74.88 and a low of 75.13.

The domestic unit finally settled at 75.07 against the American currency, up 2 paise over its last close of 75.09.

Speaking Order	
I have carefully examined the enquiry proceedings, and enquiry report. The enquiry report has been sent at your permanent home address through registered post on 23.09.2021. Inquiry proceedings were held on 06.01.2021, 15.02.2021 and 05.05.2021. But, CO did not attend enquiry on any of the said dates and also given written that he did not want to participate in any enquiry proceeding.	
PW-1 - SSE/SIG/BTI (Gaurav Bansal), attended the enquiry on 13.06.2021 and confirmed that officially letter were issued to CO time to time to turn up on duty, but CO did not turn up. It is good and sufficient evidence. CO does not want to continue his service in Railway department. In this connection CO has been clearly written that I have already sent my resignation consciously and I am not willing to return to duty again. The Charges leveled against CO remaining unauthorized absent from his duty in SF-5 no- 83-Sig/Major/ROK-59 dated-04.09.2020 are fully proved.	
Going through the available evidences and finding of enquiry report, it is concluded that CO has been clearly written in own handwriting that he has already sent his resignation consciously and not willing to return to duty again and also clear that he did not want to participate in inquiry proceeding. That is a sufficient evidence to take ex-party decision against CO. The charges leveled against CO in said SF-5 are fully proved.	
Discussion on Charges:- I therefore hold you guilty of the charges (viz) SF-5 of even no. dated- 04.09.2020, leveled against you and have decided to impose upon you the penalty of "Removal From Service". You are therefore removed from service with immediate effect.	
2. Under Rule-18 of the Railway servants (Discipline and Appeal) Rules, 1968 and appeal against these order lies to DSTE/Sig/HQ, N. RLY, Divisional Office, New Delhi. Nadal, Medvedev to meet in Australian final

AP ■ MELBOURNE

Rafael Nadal is within one victory of a men's record 21st Grand Slam singles title.

The 35-year-old Spaniard advanced to the Australian Open final for the sixth time with a 6-3, 6-2, 3-6, 6-3 win over seventh-seeded Matteo Berrettini on Friday.

He'll have to beat U.S. Open champion Daniil Medvedev on Sunday to make history. And Medvedev is chasing a piece of history of his own after reeling off the last five games to defeat Stefanos Tsitsipas -6 (5), 4-6, 6-4, 6-1 in a heated semifinal. He's aiming to be the first man in the Open era to win his second Grand Slam title at the next major tournament.

The second-seeded Medvedev has had an emotional and challenging run to back-to-back Australian Open finals. He had to deal with a hostile crowd in his second-round win over Nick Kyrgios, had to save a match point and rally from two sets down to beat Felix Auger-Aliassime in a nearly five-hour quarterfinal win, and had to regain his composure after an angry outburst at the umpire on Friday.

He yelled at chair umpire Jaume Carriostol after dropping serve in the second set, demanding that Tsitsipas be cautioned for receiving coaching from his father in the crowd. He took a five-minute break after dropping the set, took control late in the third set and then dominated the last five games after Tsitsipas was eventually cautioned for getting coaching from the stands.

Nadal's run to a 29th Grand Slam final has been comparatively serene.

After the last point, he stopped, beamed a wide grin and then punched the air three times.

Nadal arrived in Australia not knowing how long he would last after months off the tour dealing with a serious foot injury and then a bout of COVID-19. He skipped Wimbledon after losing in the French Open semifinals to Novak Djokovic, and didn't play at all after August.

"Every day has been an issue in terms of problems on the foot. Doubts still here ... Probably for the rest of my career because I have what I have and that's something that we

cannot fix," Nadal said.

"But for me it's amazing ... (to) just compete and play tennis at the high level again, facing the most important players of the world."

Last month, he wasn't even sure he'd be able to return to the tour.

But he won a tune-up tournament in Melbourne to start 2022 and has taken six straight matches at the first Grand Slam event of the year.

One more and he'll break the record of 20 major championships he shares with Roger Federer and Novak Djokovic. Nadal would also become just the fourth man to win all four Grand Slam titles at least twice.

Nadal's win over Wimbledon runner-up Berrettini, under a closed roof at Rod Laver Arena because of heavy rain, was his 500th on hard courts at tour level. He's only won the Australian Open once, in 2009.

Adding a second was his lone focus after yet another semifinal win.

"For me, it's all about the Australian Open more than anything else," Nadal said in his on-court TV interview.

"I have been a little unlucky (here) in my career with some injuries.

I played some amazing finals with good chances."

He lost classic five-set finals at Melbourne Park to Djokovic in 2012 and Federer in 2017. Nadal lost in four sets to Stan Wawrinka in 2014 and had a straight-set defeat against Djokovic three years ago.

"I feel very lucky that I won once," he said. "I never thought about another chance in 2022." Nadal broke Berrettini's opening service games in the first two sets and, after dropping the third set on a rare service lapse, he rallied to finish off the match in just under three hours. That in itself was a relief after his long five-set win over Denis Shapovalov two days earlier in the quarterfinals. Nadal was the only member of the so-called Big Three who had a chance to break the deadlock in Australia this time.

Federer missed the tournament to continue his recovery from knee surgery. Djokovic, who has won nine of his Grand Slam titles at Melbourne Park, was deported after an 11-day visa saga on the eve of the tournament because he failed to meet Australia's strict COVID-

Ranji Trophy to be held in two phases: BCCI

PTI ■ NEW DELHI

BCCI Secretary Jay Shah on Friday said that the postponed Ranji Trophy will be held in two phases starting next month, clearing the decks for India's premier domestic competition to resume after being cancelled last season.

It is expected that the 38-team tournament will begin in the second week of February and the first phase will continue for about a month.

The tournament, which was not held last year due to the COVID-19 pandemic, was scheduled to begin on January 13 but was postponed owing to a third wave of infections across the country.

"The Board has decided to conduct the Ranji Trophy this season in two phases. In the first phase, we plan to complete all matches of the league stage while the knockouts will be held in June," Shah said in a statement.

"My team is working closely to mitigate any kind of health risk caused by the pandemic, while at the same time ensuring a highly competitive red-ball cricket contest."

Shah said that the BCCI understands the significance of Ranji Trophy.

"Ranji Trophy is our most prestigious domestic competition, which has been providing Indian Cricket with an enviable talent pool every

year. It is absolutely important that we take all necessary steps to safeguard the interest of this premier event," he said.

The BCCI announcement has come a day after its treasurer Arun Dhimal had said that the Board intends to host the event. The two phases are required since the BCCI also plans to host the IPL from March 27 and hosting two big tournaments would not be possible practically as the players' availability would also be an issue.

No change in ICC women's World Cup schedule

PTI ■ DUBAI

The ICC women's ODI World Cup CEO Andrea Nelson on Friday asserted that there will be no change in the number of venues or scheduling of the event despite the recent spread of the COVID-19's Omicron variant in host country New Zealand. The World Cup is scheduled to be held in New Zealand from March 4, with the hosts taking on West Indies in the tournament opener. However, New

Zealand has seen a surge in COVID-19 cases recently leading to several restrictions. "We have been in preparation to host the World Cup here in 2022 for quite a sometime, originally it was scheduled for 2021. We are well on track and 35 days away from the opening match in Tauranga and 66 days away from the final at the Hagley Oval in Christchurch.

"The first thing to say is that the tournament schedule is remaining as it is, and that involves moving around

New Zealand." Nelson told a select group of reporters on a con-call on Friday morning.

"We are working with the ICC at a managed environment. But broadly speaking, the tournament will proceed nationwide as planned," she added. On Thursday, New Zealand Cricket announced a reworked schedule to curb the risk of COVID-19 by ensuring that the teams will not have to travel a lot for matches in both men's and women's events.
