Shinde camp swells but Pawar hopes MVA will pull through

Shinde releases a group photo of 42 MLAs backing him

TN RAGHUNATHA ■ MUMBAI

The political crisis arising out of a massive rebellion within the ruling Shiv Sena that has brought the MVA Government to the brink of collapse deepened on Thursday as the rebel Eknath Shinde camp claimed that it enjoyed the support of 42 MLAs. But NCP chief Sharad Pawar has said the MVA Government will survive and the situation will change dramatically when the rebel MLAs return to Mumbai.

A day after Uddhav Thackeray offered to quit both as the Chief Minister and party chief if the rebel party MLAs were to meet him personally and ask him to put in his papers and moved out of CM's official residence, the Sena rebel faction leader and minister Eknath Shinde — in a show of strength — released a group photograph of 42 MLAs supporting him taken at Radisson Blu Hotel at Guwahati, where they are camping currently.

The video that the Eknath Shinde camp circulated in the media showed the rebel MLAs sitting together and raising slogans like "Shinde Saab Tum Aage Badho, Hum Tumhare

Saath Hain."

On a day when Uddhav Thackeray appeared reconciled to the prospect of the fall of his Government, NCP chief Sharad Pawar — who is the architect of the Maha Vikas Aghadi (MVA) Government — expressed optimism that the MVA dispensation would survive the current crisis facing the Shiv Sena. "Let the MLAs come back from Guwahati. The situation will change drastically. The MVA Government will survive the floor test in the State Assembly," Pawar said.

Reiterating his party's support to Uddhav Thackeray, Pawar said it was the responsibility of all the three constituents — Shiv Sena, NCP, and Congress — to "save" the Uddhav Thackeray Government.

Without taking the name of the BJP, Pawar slammed the BJP for the manner it fuelled rebellion within the Shiv Sena. "Everyone knows how the rebel Shiv Sena MLAs were taken to Gujarat and then to Assam. We don't have to take the names of all those assisting them. The Assam Government is helping them. I don't need to take any names further," he said.

The rebel MLAs will have to come back to Mumbai and face the Assembly, he said, adding that BJP leaders "from Gujarat and Assam will not be coming here to guide them."

Pawar also refuted allega-

Nationalist Congress Party (NCP) chief Sharad Pawar addresses the media after a party meeting, at Yashwantrao Chavan Centre in Mumbai on Thursday

PTI

tions by rebel Shiv Sena MLAs that they faced difficulties in getting funds for their constituencies as the Finance Ministry, which is controlled by NCP's Ajit Pawar, discriminated against them, and the Sena has given up its Hindutva ideology.

"All these are excuses, some of these MLAs are facing a probe by Central agencies,"

he said. The NCP chief also said that the rebels will have to face consequences, recalling that when Chhagan Bhujaal defected from the Shiv Sena to join the Congress in the 1990s, all his supporters except one lost the Assembly election.

"These rebels will face the same fate," Pawar said.

Informed sources in the Shinde camp said that of the 42

MLAs camping at the Radisson Blu Hotel, 35 are Sena MLAs, while the remaining seven are Independents supporting the rebel Sena leader. The number mustered by Shinde is nearly two-thirds of the Sena's strength of the 55 MLAs in the Assembly, a thing that will help Shinde to escape the wrath of the anti-defection law.

Will consider exit from MVA... Raut's call to rebels raises allies' eyebrows

TN RAGHUNATHA ■ MUMBAI

Amid an unprecedented rebellion that his party is reeling under, Shiv Sena chief spokesperson Sanjay Raut on Thursday set the cat among the pigeons when he — in his apparent over-enthusiasm to placate the rebel Sena MLAs — said that if the aggrieved party legislators wanted the Sena to quit the Maha Vikas Aghadi (MVA) they should come and place their demand before Chief Minister Uddhav Thackeray.

Raut's statement — though it came in the form of an appeal to the rebel Shiv Sena MLAs camping at a Guwahati hotel — came on a day when the Sena allies pledged their support to the Uddhav Thackeray-led MVA Government. Understandably

so, Raut's remarks upset the MVA leaders, including NCP chief Sharad Pawar, as it meant the Sena was ready to forsake its ruling allies to save the party.

In an appeal made to the rebel Sena MLAs camping in Guwahati to return to Mumbai within 24 hours and meet Uddhav Thackeray, he said, "You (rebel Sena MLAs) say you are real Shiv Sainiks and will not quit the party. We are ready to consider your demand provided you come back to Mumbai in 24 hours and discuss the issue with CM Uddhav Thackeray. Your demand will be considered positively. Don't write letters on Twitter and WhatsApp"

He was talking to the media after a meeting of Sena MLAs at the CM's official residence.

Shiv Sena MP Sanjay Raut and MLAs Kalpesh Patil and Nitin Deshmukh interact with the media after the MLAs returned from rebel party leader Eknath Shinde's camp in Guwahati, in Mumbai, on Thursday

Delhi Covid number doubles, cases spike to 15K in country

PIONEER NEWS SERVICE ■ NEW DELHI

With Delhi and Maharashtra recording sharp surge in Covid cases, the total caseload is likely to cross 15,000 mark on Thursday against 13,000 reported a day ago.

As per the Government data, Delhi on Thursday reported 1,934 new Covid cases, almost double from the day before. The national Capital's active cases tally was recorded at 5,755, while the test positivity rate (TPR) was recorded at 8.10 per cent. Maharashtra reported 5,218 new cases of Covid-19, a jump of almost 60 per cent from the day before when the State had reported 3,260 infections.

Mumbai had also recorded a jump of 50 per cent in fresh infections, as the metropolitan on Thursday recorded 2,479 new cases. On Wednesday, the financial Capital had recorded 1,648

cases.

Meanwhile, causing concern a June 21 report of Indian SARS-CoV-2 Consortium on Genomics (INSACOG) says that 44 samples from Bengaluru sent for genome sequencing between June 2 and June 9 were found to be infected with BA.3, BA.4 and BA.5 sub-lineages of Covid variant Omicron.

India's total tally of Covid-19 cases has touched more than 4,33,44,958, while the active cases crossed 83,990,

according to the Union Health Ministry data updated on Thursday. The death toll has climbed to 5,24,941 with 38 new fatalities.

Concerned at the rising cases, Union Health Minister Mansukh Mandaviya directed officials to continue to focus on surveillance and whole genome sequencing to scan any possible mutations while stressing on adequate testing and effective monitoring to assess the spread of infection in a timely manner.

Five killed 25 others injured in bus mishap

STAFF REPORTER ■ BHOPAL

Five persons were killed and around 25 others injured after the bus they were travelling in plunged into a 50-feet deep gorge at Bherughat near here in Indore district of Madhya Pradesh on Thursday afternoon, a police official said.

The accident took place when the bus driver was trying to overtake another vehicle, Simrol police station in-charge R S Bhadoriya said.

"The driver lost control over the bus, due to which it fell into a gorge that is around 50-feet deep and located in the middle of Bherughat. After some passersby informed the police, a large number of local residents and the police personnel reached the spot and rescued the passengers," he said.

Five persons died on the spot, while about 25 persons

The accident took place when the bus driver was trying to overtake another vehicle, Simrol police station in-charge R S Bhadoriya said

suffered injuries. The injured were taken to hospitals in Mhow and Indore, he added.

Madhya Pradesh CM Shivraj Singh Chouhan expressed grief over the tragedy and prayed for the speedy recovery of the injured passengers.

The government announced a financial assistance of Rs 4 lakh for the families of each deceased and Rs 50,000 for each injured, officials said.

China biggest security threat: Australia

PIONEER NEWS SERVICE ■ NEW DELHI

Australia on Thursday said China is the "biggest security anxiety" as it is seeking to shape the world in a way that was not seen before. It also slammed China for its "spawning behaviour" towards Indian soldiers two years ago in the Galwan valley in Ladakh.

Twenty Indian Army personnel, including the commanding officer, were killed in a bloody brawl with the Chinese troops on June 15, 2020. These remarks by visiting Australian Deputy Prime Minister and Defence Minister Richard Marles here came against the backdrop of China flexing its muscles in the Indo-Pacific, the South China Sea and the ongoing tension at the border in Ladakh.

Sounding this note of caution, Marles said India too has similar security concerns and that Australia stands in soli-

darity with New Delhi over its border row with China.

He also expressed concern over growing defence and security cooperation between China and Russia, suggesting that it could have implications for the region. The visiting dignitary made these observations during an interaction with journalists.

Marles said New Delhi and Canberra are strongly committed to expand defence and security ties as his country sees India as "completely central" to its world view.

"For Australia, China is our largest trading partner and so is for India. For Australia, China is our largest security concern, that is also the same for India," he said.

India and Australia are working closely together to build our relationship economically but also in the context of defence so that together we are engaging more deeply to enhance the defence

and security of both our nations, Marles said.

In an apparent reference to the Galwan Valley clashes in eastern Ladakh over two years back, Marles said his country stands in solidarity with India in respect of that incident. Twenty Indian Army personnel, including the commanding officer, were killed in a bloody brawl with the Chinese troops on June 15, 2020. More than 40 Chinese soldiers were also killed in the clash.

China is seeking to "shape the world around it in a way that we have not seen before", and that has resulted in "more assertive Chinese behaviour", especially in the last couple of years, Marles said.

"We've seen it in respect of the Line of Actual Control (LAC)... the incident that occurred a couple of years ago, where there was an appalling behaviour towards Indian soldiers, and we stand in soli-

darity with India in respect of that incident," he said

China's growing assertiveness in the South China Sea is aimed at deterring Australia's activities to protect the rules-based order in that region, including the freedom of navigation and overflight, Marles said. Greater cooperation between Australia and India in the face of such Chinese assertiveness is "absolutely imperative," he said.

"It is really important that we live in a world where there is a rules-based order, where disputes between countries are resolved as per a set of rules and in a peaceful way," Marles said. On the Ukraine crisis, Marles said, "What we are seeing in Ukraine is having an impact on global food supply and that is a real concern."

He said a large country was seeking to overpower a smaller neighbor and this principle was there too in the Indo-Pacific.

Co-op can help post-Covid eco recovery, says Modi at BRICS

PIONEER NEWS SERVICE/AGENCIES ■ NEW DELHI/BEIJING

Prime Minister Narendra Modi on Thursday said the members of the BRICS combine have a similar approach to the governance of global economy and mutual cooperation can make useful contributions to the post-Covid economic recovery.

Underlining this key factor at the 14th BRICS annual summit of heads of states, he also said in his opening remarks: "Our cooperation in several sectors has benefited our citizens."

Brazil, China, Russia, India and South Africa form the BRICS grouping. China is hosting the current summit as the Chair for this year in the virtual format. India hosted the 13th summit last year.

The two-day event starting Thursday saw the participation of Chinese President Xi Jinping, Russian President Vladimir Putin, Prime

Minister Modi, South African President Cyril Ramaphosa and Brazilian President Jair Bolsonaro.

In his remarks, Modi also said the structural changes undertaken in the BRICS in

the last few years increased the influence of the grouping.

"It is a matter of happiness that membership of the New Development Bank (NDB) has increased," the Prime Minister said.

Chief Minister, others celebrate nomination of tribal woman as President candidate

STAFF REPORTER ■ BHOPAL

Madhya Pradesh Chief Minister Shivraj Singh Chouhan on Thursday lauded the NDA's decision to choose Droupadi Murmu as its presidential candidate and honour the tribal community and asked people to celebrate on Friday when she files her nomination papers in Delhi for the post.

"A new revolution is taking place. Those who were last in society in the development race are being honoured and lifted up to shape the country's future," Chouhan said.

Chouhan and state BJP president V D Sharma,

both of whom were wearing tribal outfits, danced with a large group of tribal people at the party office here on the occasion.

"The move honours the

entire tribal community, not just Droupadi Murmuji," Chouhan said, noting that the state's population includes around two crores, of tribal people.

"A tribal sister will be occupying the country's highest constitutional post. It is a matter of pride for all of us," he said.

Chouhan said Murmu will visit MP's capital Bhopal before the presidential election (scheduled on July 18). A grand programme will be organised when the date of her arrival is finalised, he said.

The CM thanked Prime Minister Narendra Modi, BJP president J P Nadda and Union Home Minister Amit Shah for the NDA's decision to choose Murmu as the presidential candidate.

CM expresses grief over Bherughat bus accident

Bhopal: Chief Minister Shivraj Singh Chouhan has expressed grief over the untimely death of 5 passengers in a bus accident that occurred at Bherughat near Simrol on Indore-Khandwa Highway. Chouhan has prayed to God to grant peace to the departed souls and strength to the bereaved family members to bear this immense loss. He wished speedy recovery to the passengers injured in the accident.

Chouhan has directed the district administration to provide Rs 4 lakh each to the next of kin of the deceased and Rs. 50 thousand each to the seriously injured. The 10 passengers who were seriously injured in the accident, are being undergoing treatment at MY Hospital, Indore.

On this occasion all the professors, departmental members and B.Ed were present. Second and fourth semester students performed yoga together, after that everyone was given refreshments. In the end, Principal MW. Neelam Singh made the students aware of the benefits of yoga and concluded the programme.

On the occasion, the students were then informed about the importance of yoga in life. The Principal of the college told the students that yoga is just not an exercise to keep the body fit, but it is the entire lifestyle. Discipline enters life when yoga is practiced everyday without fail. She explained the utility and importance of yoga in life. The various texts explained the role of yoga in life through the Gita,

Principal of the college told the students that yoga is just not an exercise to keep the body fit, but it is the entire lifestyle

Pantjali Yoga Sutras and also made students and students aware of yoga by performing various types of yoga, asanas, pranayam, bandha and mudra.

The students performed different asanas on the Yoga day. They performed anulom, vilom, Kapalabhati, Sheetal and Bhramari Pranayam. They were told about the advantages of these asanas of yoga.

The World Yoga Day was observed with a lot of fervor as the students also shared their ideas and views with each other.

She said that from ancient times yoga is being practiced by people and today it is gaining popularity. She further said that even people in the western countries are getting captivated towards yoga and practicing it in their daily lifestyles.

The students were also encouraged to make yoga their lifestyle and practice it daily.

Gwalior boy wins gold at All India Karate Championship

PNS ■ GWALIOR

Gwalior's Priyank Bhadoria won the gold at the All India Karate Championship held at the Balewadi Sports Complex in Pune from June 16. He was part of the Madhya Pradesh Sports Karate Association team and performed excellently in the boy's category to win the gold.

Niharia Kaurav won the bronze in the women's 68 kilogram category. Urja Kushwaha in the junior girl's category and Vaishanavi Pandey of the under 21 category also performed well to come in the top two.

The championship was held under the aegis of the Karate India Organization (KIO) which is affiliated to and recognized by World Karate Federation, Asian Karate Federation and Commonwealth Karate Federation.

Keshav Pandey, President of the Karate Do Association of Gwalior and the office bearers congratulated the team members and the coaches for this excellent performance.

Engineering students of Sanskriti university develop electric buggy

STAFF REPORTER ■ BHOPAL

Six students from the Mechanical Engineering department of Sanskriti University developed an electric vehicle 'Electric Buggy'.

The overall goal of creating and fabricating Electric buggy is to promote the reliability and progress of electrification in the automotive industry. The University also organised an inauguration ceremony for the Electric Buggy. During this, a test drive session of the Electric Buggy was also done.

The Electric Buggy is a lightweight off-road vehicle designed for use in sandy and off-road terrains. Under the guidance of faculty and lab staff, the Electric Buggy was created by Thokchom, Satish, Monu, Deepak, Jivan, and Akhilesh, B.tech final year students of Mechanical Engineering. This

buggy is capable of carrying a weight of up to 500 kg. The major advantage of this buggy is that it produces no emissions and can go up to 80 kilometres at a speed of 40 kilometres per hour (approx).

This buggy model's future prospects include integrating it with non-conventional energy sources and totally automating it. Speaking on this, Sachin Gupta, Chancellor of Sanskriti University, delivered a speech praising and motivating the hard efforts of students in making the electric buggy. He stated that the mechanical engineering department was engaged in a variety of research projects.

They will undoubtedly contribute to both internal and exterior societies. Additionally, he applauded the faculty and student's efforts for their original ideas.

Chouhan plants Peepal, Cassia and Gular saplings

STAFF REPORTER ■ BHOPAL

Chief Minister Shivraj Singh Chouhan along with Shashank Dubey, Publisher and Editor of evening daily, 'Sham Tak', published from Bhopal and his team planted saplings on the occasion of the 18th foundation day of the daily newspaper. Chouhan planted Peepal, Cassia and Gular saplings in the Smart City garden. Ritu Dubey, Nandini Dubey, Jayati Dubey, Sheshrao Solanki, Ramkrishna Pandey, Surjit

Prajapati, Dinesh Soni and Chandresh also took part in the plantation programme.

The evening daily newspaper Sham Tak, being published from Bhopal for the last 17 years, is committed to alerting the general public about the dangers of climate change and global warming and motivating people to organize environment-protection activities. The newspaper publishes activities related to Green Madhya Pradesh prominently. The newspaper family is celebrating its 18th foundation day

with its readers, family, friends and colleagues by planting saplings. Among the saplings planted in the Smart Garden on Thursday, Peepal purifies the environment and has religious and Ayurvedic significance as well. Similarly, the bark and leaves of Cassia are used in making Ayurvedic medicines. Saptaparni is an evergreen medicinal tree, which has great importance in Ayurveda. Gular is helpful in the diagnosis of many diseases. It is also a much revered tree.

Disabled kids of Balgram show power of ‘Asha hai to mumkin hai’

STAFF REPORTER ■ BHOPAL

Governor Mangubhai Patel took part in the foundation day programme of SOS Balgram Khajurikalan. The differently-abled children of Balgram showed the power of Asha Hai Toh Mumkin Hai to the Governor. Children performed concerted performances of Shiva Tandav and Kanya Utsav along with this presentation. They presented the national anthem in sign language.

Patel felicitated talented players of Balgram, winners of gold medals in international competitions including Vijay, Dolly, Manimeghalai and creative genius Madhu. The Governor encouraged the disabled children.

The Governor said that service to mankind is service

to God. There is no Dharma greater than Seva. Opportunity to serve someone comes only by the grace of God. He said that children are as soft as wet clay. The responsibility of their proper care rests with the parents and teachers. It is their responsibility to provide these children with an environment

free of discrimination. They should become a part of the mainstream of the society with a positive attitude. He said that efforts are necessary to inculcate the qualities of mutual cooperation, harmony and regularity in children as well as to inculcate the habit of conservation of environment,

energy and water and cleanliness and to take care of their own health.

Citing the example of a television programme, Governor Patel said that there are many such persons with disabilities, who have taken inspiration from their own disability for their personal development.

For success in life, thinking is more important than means. He said that efforts should be made to rehabilitate the differently-abled by following Prime Minister Narendra Modi's mantra of Sabka Vikas, Saath, Vishwas and Prayas. He said that soon after becoming the Chief Minister of Gujarat, Modi made widespread efforts for Beti Bachao, Padhao and Badhao for women empowerment.

President of SOS Village of

India, Rakesh Jinsi told that the SOS Children's Village established in Balagram, Khajurikalan is the first of two unique villages in the whole world. He said that since its inception in 1964, 7,500 children have been looked after in India. In the family empowerment programme, 30 thousand children are being raised. He thanked the Sanstha for the cooperation being given by the state government.

Director of Balgram Khajurikalan, Dheeraj Kumar said that special education and different types of therapy is provided in Balgram according to the physical disability. The organization also supports rehabilitation efforts for the disabled. Initially, the guests including the Governor offered prayers to the statue of Dr. Hermann Gmeiner, the founder of S.O.S. Balagram.

Devotees take part in a Shri Krishna Janmotsava programme during Bhagwat Katha of spiritual leader Ajay Purohit, at Ishwar Nagar in Bhopal on Thursday.

Uma Bharti questions linking Draupadi Murmu's candidature with her caste

STAFF REPORTER ■ BHOPAL

Madhya Pradesh's firebrand BJP leader and former Chief Minister Uma Bharti has given a statement on the selection of Draupadi Murmu ji as NDA's presidential candidate. In fact, she has said that by her selection, NDA has not done any favour to her, but her turn came to her by virtue of her capabilities.

Uma Bharti has said to link the presidential candidature with caste politics by the media and BJP should be avoided as the President of India is the constitutional head of the country. The position does not belong to any caste. Therefore, the statement should not be made out of the desire to take political

advantage.

Uma further said that making Draupadi Murmu ji the NDA's presidential candidate is not doing her any favours, she is a deserving woman in every way. What else is needed to become the President of India, which is a perfect combination of educational qualification, a vision of social service and a restrained cultured life, combination of mind, word and deed. So her own merit

is the basis of selection for the candidature of this post. Murmu is the triple power of today's contemporary economic and political system. All those qualities are present in her which is the strength and speciality of our country.

Let us inform you that even a day earlier, Uma Bharti had tweeted, in which she had even asked Yeshwant Sinha to withdraw his name after NDA declared Draupadi Murmu as its candidate for the post of President of India saying that it is a pride and achievement for all of us.

Construction, felling of trees banned in the jungles of Ratapani jungle

STAFF REPORTER ■ BHOPAL

By giving notice to Dhananjay Singh, son of former Chief Secretary Aditya Vijay Singh, the land owner of Ratapani Jungle Lodge (Resort) near Kolar Dam, the Forest Department has banned any kind of construction and felling of trees in the resort premises. The department argues that the resort is built on the land of the Forest Department.

On the other hand, Singh has expressed his displeasure by writing a letter to Chief Secretary Iqbal Singh Bains. He has told sequentially in a three-page letter that the land has been purchased and the resort is running for 10 years. It has also been said that the department is troubling in vain.

Regarding this, the state government has directed forest force chief RK Gupta to investigate the matter. Apart from Singh, the department has also given notices to 15 other people. Most of them are running dhabs.

Let us inform you that Aditya Vijay Singh has been the Chief Secretary of the state from March 2002 to January

2004. His daughter-in-law is running a resort in the said property of Sehore district.

Department officials say that construction was being done in the resort premises, so notice has been given. They have been told not to do construction or felling of trees until the land is de-notified. Surprisingly, after 10 years of the construction of the resort, the

department came to know about the construction on the forest land and notice was given.

The land has been declared as revenue, but not de-notified. Forest Divisional Officer, Sehore, Dr. Anupam Sahai says that this land has been declared as revenue long ago. Therefore, it is also recorded in the revenue records, but has not been de-notified,

hence it is also in the records of the forest department. According to the rules, non-forestry work cannot be done on this land of dual ownership till it is de-notified.

As per AV Singh, former Chief Secretary, "the land is in my name. What I had to say, I have said it in the right place. Now I don't want to say anything."

Celebrations at BJP office, after Draupadi Murmu's nomination declared

STAFF REPORTER ■ BHOPAL

Celebrations started in the state office as soon as Draupadi Murmu's name has been declared as the Presidential candidate by the Bharatiya Janata Party and the NDA. Chief Minister Shivraj Singh Chouhan, party president VD Sharma and spokesperson Neha Bagga danced to the tunes of tribal songs.

Murmu has been the Governor of Jharkhand. On being nominated as a candidate, MP BJP organised a festival of gratitude for the central leadership, Prime Minister Narendra Modi and the national president of the party. CM Shivraj Singh danced with Presidential candidate Murmu's

photo.

In the programme, CM Shivraj said - "Today is not the day of speech, it is a day of joy and celebration, it is also the honour of two crore tribals of MP. Today is the day to dance and play songs. I also want to dance with you a lot. What no one thought, Modi ji has done. Our sister of tribal society will one day sit on the highest post of India".

He further that as President, she will be made the head of the three armies. The BJP made Draupadi Murmu, born with a humble beginning, became a candidate for the post of President, was a teacher, later became a counselor, MLA and a Minister in Orissa, after this she also became the governor.

BJP is preparing a report on how the tickets were distributed

STAFF REPORTER ■ BHOPAL

After the ruckus in ticket distribution in the urban body elections, BJP has now started action. In this case, a report has been called that how the tickets were distributed to the candidates with criminal tendencies? Although no one in BJP is ready to speak openly about this, but if sources are to be believed, the organisation has called for a list of leaders from across the state, on the basis of whose recommendation tickets were distributed.

The biggest problem for the BJP is that tickets were also given to some candidates who were involved in serious criminal cases like gambling and betting.

Then after opposition, the tickets of those claimants had to be withdrawn. In such a situation, now the organisation has decided to call for a list of those leaders, on the basis of whose recommendation tickets were distributed to leaders with criminal tendencies.

BJP had to withdraw some of the tickets distributed to the councilors in the urban body elections. Even in a big place like Bhopal, tickets were given to two such candidates who had serious criminal records.

BJP changed the candidates of ward 40 and 44 for the post of councillor. Masarat, wife of Babu Mastan, accused of running bets from Ward 40, was given the first ticket, later it was cancelled.

Also the ticket of notorious Bhupendra Chauhan alias

The biggest problem for the BJP is that tickets were also given to some candidates who were involved in serious criminal cases like gambling and betting

Pinky Bhadauria was cut from Ward 44.

A strong complaint was received against both the candidates who were made candidates from Ward 40 and 44, so their tickets were cancelled. If sources are to be believed, one of the claimants was recommended at the ministerial level.

However, politics has started in this matter.

BJP's state media in-charge Lokendra Parashar says that BJP has a zero tolerance policy to give tickets to criminals. As far as calling for the report is concerned, any decision in the party is taken collectively. In BJP, tickets are not given on the recommendation of anyone.

Meanwhile, Congress has put BJP in the dock in this matter. KK Mishra, president of Congress's media department, says that BJP promotes leaders with criminal background.

This is the reason why such candidates were given tickets. After the media report, everyone had to cut their tickets under compulsion.

Madhya Pradesh Governor Mangubhai Patel was called on by Consulate General of Canada in India Diederah Kelly at Raj Bhavan here on Thursday.

Yoga day observed at Radharaman Ayurveda college

STAFF REPORTER ■ BHOPAL

International Yoga Day was observed at Radharaman Ayurveda College.

During this, while the students performed various yogasanas, on the other hand, the Ayurvedacharyas and yoga experts of the college told about the glory of yoga.

On this occasion, experts pointed out that Tirumalai Krishnamacharya, an Indian yoga teacher, Ayurvedic physician and scholar born in Karnataka in the year 1888, is considered among the most important gurus of modern-day yoga.

He revived yoga with his efforts and gave it a new identity. Senior directors, directors, deans, officers, employees, and teachers of all colleges of Radharaman group were present in the program. The guests were welcomed with

Ayurvedic medicinal plants. RR Saxena, Chairman of Radharaman Group, said in his remarks that Yoga not only makes the body strong and healthy, but also enhances the overall personality of a person. By adopting yoga, students can achieve achievements ranging from getting good marks to getting success in all areas of life.

Meanwhile, more than 3000 people celebrated International Yoga Day by doing yoga at the world famous Sanchi Stupa. Students, staff and teachers of Sanchi University along with school and college students of Sanchi, Vidisha, Bhopal performed group yoga. On this occasion, Minister of State, Ministry of Micro, Small and Medium Enterprises, Government of India, Bhanu Pratap Singh, Health Minister of Madhya Pradesh

Prabhuram Chaudhary, Vice Chancellor of Sanchi University Neerja Gupta and Registrar Prof. Alkesh Chaturvedi attended.

The largest number of school children were involved in this mass yoga practice. Yoga experts from the Yoga Department of Sanchi University headed yoga asanas.

After this, the asanas to be performed lying on the back were performed. They practiced Dandasana, Vajrasana, Vakrasana, Makarasana, Shavasana etc. All the participants at the Stupa also joined the Yoga practice with the live telecast of the Yoga practice of Prime Minister Narendra Modi from Mysore, Karnataka. Together, crores of people of the country also set a world record for doing yoga at the same time.

CONGRESS DARES ED TO PROBE ADANI GROUP

Why is ED sitting over allegations that Modi was pushing its case for a project in Lanka: Gourav Vallabh

PNS ■ NEW DELHI

After senior Congress leader Rahul Gandhi's five-day grilling by the Enforcement Directorate (ED), the Congress on Thursday asked when the probe agency would question the Adani Group over allegations that Prime Minister Narendra Modi was pushing its case for a project in Sri Lanka. The party accused the ED of taking "enforced directives" from the Modi Government.

The Sri Lanka issue was reported in a section of the media, but has been denied by the Lankan Government as well as the Adani Group. At an AICC press conference, Congress spokesperson Gourav Vallabh cited reports of the chairperson of the State-owned Ceylon Electricity Board (CEB) in Sri Lanka making claims before a parliamentary panel that the Indian Prime Minister had allegedly "pressurised" Sri Lankan President Gotabaya Rajapaksa to award a wind power project to the Adani Group.

"What was his compulsion? Why are ED and other agencies sleeping on this information?" the Congress leader asked.

"Is this not a case of corruption worth investigating? Which bureaucrats or Ministers is the ED

planning to call for an investigation? Has the ED ever called anyone from the Adani Group, or is it planning to call to investigate these serious allegations? What credibility does an agency like the ED have... (it) is on a political witch-hunt but failing on its duty of investigating severe allegations

and crimes," he said.

CEB Chairperson MMC Ferdinando, who claimed before a parliamentary panel that Modi allegedly influenced Gotabaya Rajapaksa to award a wind power project to the Adani Group in the island nation, resigned a day after retracting his statement.

During a hearing of the Committee On Public Enterprises (COPE), Ferdinando had said Rajapaksa summoned him after a meeting in November last year and told him that the wind power project must be awarded to Adani Group's Gautam Adani as Modi had urged that it be so. Rajapaksa

had categorically denied Ferdinando's statement before the parliamentary panel.

The Adani Group earlier issued a statement on the controversy. "Our intent in investing in Sri Lanka is to address the needs of a valued neighbour. As a responsible corporate, we see this as a necessary part of the partnership that our two nations have always shared," it said

During the press conference, Vallabh also spoke on Rahul Gandhi's questioning by the ED over the last few days and said it was a clear case of maligning his reputation and a "mere political stunt".

He alleged that all central agencies have been reduced to pawns in the hands of the Government. "All these agencies have been queuing up to collect their blindfolds only to make a mockery of themselves," Vallabh said, adding that the BJP Government's claims have been exposed in the last eight years and it has all been about "antics and substance".

"A once-reputed agency such as the ED can no longer be called the Enforcement Directorate... (it) is busy taking 'Enforced Directives' from the Modi Government," he alleged.

Sangrur by-election polling time extension

EC seeks explanation from Punjab's Chief Secy

PNS ■ NEW DELHI

The The Election Commission (EC) on Thursday sought an explanation from Punjab's Chief Secretary and the Deputy Commissioner of Sangrur to explain why they sought extension of polling time towards closing hours at 4 P.M. without any new facts appearing on the day of polling, thereby attempting to influence a section of voters.

It said the letter of the Returning Officer and a subsequent request by the Chief Secretary at 4:05 P.M. amounted to "attempt to unduly interfere in the election process and influence a certain class of voters by conveying them to expedite voting or wait for time extension." The commission condemns such behaviour by the officers during the election process, it said.

In a strongly-worded letter to the Chief Electoral Officer (CEO) of Punjab, the EC expressed "displeasure" on the "unwarranted communication making

request for extension of poll timing on polling day for reasons which pre-existed even during notification of the by-election."

Officials said the plea taken to extend time was that people were still working in the paddy fields. It was a fact which was already known when the notification was issued.

"I have been directed to state that a detailed explanation from the Chief Secretary and Returning Officer shall be called regarding reasons and circumstances and new facts that arose on the afternoon of polling day, necessitating writing of such a letter so as to reach the Commission by Friday 1.00 P.M. to take a further decision on initiating disciplinary proceedings," the letter by an EC Secretary said.

The Sangrur Lok Sabha bypoll was necessitated after Bhagwant Mann won a seat in the Punjab Assembly elections recently and became the State's Chief Minister.

NDA's Prez candidate Murmu meets PM, Naidu

PNS ■ NEW DELHI

The NDA's presidential candidate Droupadi Murmu who is expected to file her nomination papers on Friday called on Vice-President M Venkaiah Naidu and Prime Minister Narendra Modi here on Thursday. Naidu's wife Usha received Murmu at the portico of the Upa-Rashtrapati Nivas. Accompanied by Union Minister Virendra Singh, Minister with the Naidus for nearly 30 minutes.

After arriving from Odisha on Thursday morning, she met Prime Minister Narendra Modi and Home Minister Amit Shah. Modi said her nomination has been appreciated across all sections of society.

"Met Smt. Droupadi Murmu ji. Her presidential nomination has been appreciated by all sections of society. Her understanding of grassroots problems and vision for India's

Photo: Ranjan Dimri

development is outstanding," the Prime Minister said in a tweet.

Murmu (64) is expected to file her nomination papers on Friday for the July 18 poll. The Opposition has fielded former Union Minister Yashwant Sinha as its joint candidate for the post. Murmu is expected to visit different States to canvas for votes after her nomination.

Madhya Pradesh Chief Minister Shivraj Singh Chauhan asked people to celebrate on

Friday when she filed her nomination papers in Delhi for the post. "A new revolution is taking place. Those who were last in society in the development race are being honoured and lifted up to shape the country's future," Chouhan said.

Chouhan and State BJP president VD Sharma, both of whom were wearing tribal outfits, danced with a large group of tribal people at the party office here on the occasion. "The move honours the entire tribal community, not just Droupadi Murmuji," Chouhan said, noting that the State's population includes around two crore tribal people. "A tribal sister will be occupying the country's highest constitutional post. It is a matter of pride," he said.

Kids as young as 3 also suffer from long Covid

PNS ■ NEW DELHI

Children as young as three-years-old also suffer from long Covid that can last at least two months, according to a study published in The Lancet Child & Adolescent Health. The most commonly reported symptoms among these children were mood swings, rashes and stomach aches. In one of the largest studies, researchers from Copenhagen University Hospital, Denmark analysed data from a survey of 11,000 children aged 0-14 with a positive Covid-19 test result between January 2020 and July 2021.

The data were then matched by age and sex to over 33,000 children who had never tested positive for Covid.

Among 4 to 11-year-olds the most commonly reported symptoms were mood swings, trouble remembering or concentrating, rashes, and among 12 to 14-year-olds it was fatigue, mood swings and trouble remembering or concentrating. The results of the study

found children diagnosed with Covid-19 in all age groups to be more likely to experience at least one symptom for two months or longer than the control group.

In the 0 to 3-year age group 40 per cent of children diagnosed with Covid-19 (478 of 1,194 children) experienced symptoms for longer than two months, compared to 27 per cent of controls (1,049 of 3,855 children).

For the 4 to 11-year age group, the ratio was 38 per cent of cases (1,912 of 5,023 children) compared to 34 per cent of controls (6,189 of 18,372 children), and for the 12 to 14-year age group, 46 per cent of cases (1,313 of 2,857 children) compared to 41 per cent of controls (4,454 of 10,789 children) experienced long-lasting symptoms.

"Our findings align with previous studies of long Covid in adolescents showing that, although the chances of children experiencing long Covid is low, especially compared to control groups, it must be recognised and treated seriously," said Professor Selina Kikkenborg Berg from the hospital.

BJP using agencies to topple Maha Govt: CPI(M)

PNS ■ NEW DELHI

The CPI(M) Polit Bureau on Thursday accused the Bharatiya Janata Party (BJP) of utilising central agencies and Gujarat and Assam State Governments for destabilising the Maharashtra Government.

CPI(M) general secretary Sitaram Yechury said central agencies were being misused by the BJP to topple the State Governments run by other parties.

"The Polit Bureau of the CPI(M) strongly condemns the manner in which MLAs belonging to the Shiv Sena have been spirited away to Surat and then to Guwahati, both of which are BJP-ruled States. This has been done by

the BJP utilising the State machinery in both the States. The Central agencies have also been utilised to target the Ministers and Legislators of the Maha Vikas Aghadi (MVA) Government with the aim of destabilising the Maharashtra Government. This shameful use of State power is in line with the BJP's earlier efforts to target Opposition-ruled State Governments with a view to topple them," said the CPI(M) Polit Bureau in a statement.

"Condemn gross misuse of Central agencies and BJP State Government machinery to destabilise Maharashtra MVA Government. Strongly protest this misuse of State power to undermine democracy," said Yechury.

NIA arrests 3 in CPI (Maoist) recruitment case

PNS ■ NEW DELHI

The The National Investigation Agency (NIA) on Thursday conducted searches at three locations in Ranga Reddy, Medak and Secunderabad districts of Telangana and arrested three accused persons in a CPI (Maoist) recruitment case. The case relates to the conspiracy and recruitment of one college student, into the fold of the proscribed terrorist organisation CPI (Maoist) by the leaders/members of the Chaitanya Mahila Sangham (CMS), a frontal organisation of the outfit.

The arrested include Chukka Shilpa, one Dongari Devendra and Dubasi Swapna.

NIA gets new D-G

PNS ■ NEW DELHI

The Centre on Thursday appointed senior IPS officer Dinkar Gupta (1987 batch officer of the Punjab Cadre) as the Director General of the anti-terror probe agency National Investigation Agency (NIA). Meanwhile, Swagat Das (1987-batch officer, Chattisgarh cadre) was appointed Special Secretary (Internal Security) in the Union Home Ministry.

He is currently Special Director in the Intelligence Bureau (IB).

Conman can only be moved to Mandoli jail, Centre tells SC

PNS ■ NEW DELHI

The Centre on Thursday proposed to the Supreme Court that if at all the conman Sukesh Chandrashekar and his wife Leena are to be shifted outside the Tihar Jail, then they should be lodged only in Mandoli prison, which is guarded by paramilitary forces.

The conman is presently in jail for impersonating as Law Secretary and PMO officials by calling jailed Ranbaxy promoter's wife and offering bail and extorting more than ₹.200 crore.

Detailing the notorious activities of Chandrasekhar, the Centre's counsel said conspiring with some Tihar Jail officials, he even called Supreme Court Judges, impersonating as the Law Minister and sought favourable orders.

He was first caught for promising to get a favorable decision from the Election Commission in the AIADMK factions' case for election symbol. Chandrasekhar was accused of lobbying for AIADMK rebel leader Dinakaran to get the party's symbol. The Enforcement Directorate (ED) opposed the transfer of Chandrashekar and his wife to any other jail outside Delhi on the alleged ground of a threat to their life and added that they will be protected by police personnel from Tamil Nadu Special Police Force and would be observed through CCTV cameras. A vacation bench of Justices CT Ravi Kumar and Sudhanshu Dhulia asked senior advocate R Basant, appearing for Chandrashekar, to file his objections to the Centre's proposal to shift the accused to Mandoli Jail and posted the matter for further hearing on

June 30. The bench observed that a person who is lodged in prison cannot choose which jail he is to be lodged in. The top court recorded the submission of Additional Solicitor General SV Raju, appearing for the Centre of shifting Chandrashekar to Mandoli jail, and said since the court had on June 17 asked the Government to suggest a name of the jail, where he could be transferred, the matter could proceed only after the compliance of the order.

"The ED call it a bribe and I call it extortion by the jail staff. I along with my wife are facing a threat to life. Kindly transfer me to some other prison outside Delhi", said Advocate Basanth appearing for the conman, adding that impleadment of ED has still not been allowed and the agency has nothing to do with the transfer of the prisoner

ASG Raju on other hand submitted that Chandrashekar is a 'conman' and is accused in nearly three dozen cases and in one of the incidents he has impersonated a Supreme Court judge and called up a trial court judge to pass orders in his favour.

Unitech assets worth ₹257 crore attached provisionally, says ED

pns ■ New Delhi

The Enforcement Directorate (ED) on Thursday said it has provisionally attached movable and immovable assets worth ₹257 crore in Gurugram, Goa, Chennai and other places in a money laundering case against Unitech Limited.

The total proceeds of crime detected by the ED in the case is ₹6,452 crore.

"The provisionally attached properties include residential/commercial units, land parcels, demand drafts, equity shares and bank account balances. The properties are owned by CIG (Chandra Investment Group) Realty Fund and Authentic Group. Two Separate Provisional attachment orders were issued for attaching these assets, the ED said in a statement.

The ED had registered a money laundering case against Unitech Group on June 6, 2018 following a directive of the Supreme Court.

The money laundering case was registered on the basis of FIRs registered by Economic

Offences Wing (EOW), Delhi Police and Saket police station here under various sections of the Indian Penal Code (IPC) and relevant provisions of the Prevention of Corruption Act.

For purchasing these properties, homebuyers' funds of Rs 244 crore were illegally diverted by the Unitech promoters to CIG Realty Fund.

The diverted funds were used to purchase land-owning companies of Unitech Group, the agency said.

Aurum Asset Management Private Limited was one of the companies controlled by the Chandra family, the promoters of the Unitech Group, which was used to manage the affairs of CIG Realty Fund. This company was also used by Chandras' to siphon-off the investors' funds from the accounts of CIG Realty Fund, it said.

"The misappropriated funds were used to finance the illegal activities of Chandras such as bribing certain Tihar Jail officials and other personal expenses of Ajay Chandra and Sanjay Chandra," it said.

In 2007, instead of building

houses, homebuyers' funds to the tune of Rs 60.25 crore were illegally diverted by Chandras to Authentic Group with an intention to build a seven-star resort in South Goa. On the basis of money trail in this matter, the ED has attached the southern Goa land for the benefit of homebuyers, it further said.

During the money laundering investigation, the ED has arrested five individuals namely Sanjay Chandra, Ajay Chandra, Ramesh Chandra, Preeti Chandra and Rajesh Malik.

Presently, all of them are in judicial custody. As many as 45 search operations have been conducted in this matter and 14 provisional attachment orders including the current attachments of various domestic and overseas assets worth a total value of Rs 1,059.52 crore have been attached.

The attachment orders include the attachment of assets of Carnoustie Group, Shivalik Group, Trikar Group, CIG Realty Fund, Authentic Group and the assets of shell and personal companies of Chandras.

Union Minister of State for Food Processing Industries Ministry, Prahlad Singh Patel (fourth from right) on Thursday inaugurated the National Conference on Millets on the theme 'The Future Super Food for India' in New Delhi, organised by ASSOCHAM.

EPS emerges as AIADMK's next leader as OPS shunned

KUMAR CHELLAPPAN ■ CHENNAI

The battle in the AIADMK for control of the party reached a new phase as coordinator and former Chief Minister O Panneerselvam and his associates walked out of the General Council meeting held on Thursday at Chennai.

Though Paneerselvam wanted to move 23 resolutions as part of his bid to take over the party, Edappadi Palaniswamy, the co-coordinator supported by more than 69 party district secretaries out of 75, succeeded in ensuring the move. "Let us appoint Edappadi Palaniswami as the general secretary and then we will see whether to move the 23 resolutions," said C V Shanmugham, MP and former Law Minister in the Edappadi Palaniswami Cabinet.

The general body meeting saw many former supporters of Panneerselvam jumping fences and joining hands with Palaniswamy. The Panneerselvam faction tried its best to get the general body meeting stayed but the Madras High Court which heard the plea by faction for staying the Thursday meeting refused to grant any stay to the meeting but restrained the leadership from going ahead with the move to elevate Palaniswamy as

the general secretary of the party.

Since the demise of Jayalalithaa on December 5, 2016, the AIADMK was disintegrating slowly. Earlier, Sasikala, the live-in aide to the former tried to take control of the party but without any luck. The Madras High Court in a late evening hearing on Wednesday refused to stay the general council meeting convened for Thursday but asked the Palaniswamy faction not to tamper with the existing dual-leadership of the party.

Thursday's meeting saw the entire general council meeting condemning and shouting

down the resolutions introduced by Panneerselvam. In a sudden turn of events, K P Munusamy, a hitherto trusted aide of Panneerselvam made a turn around and declared that the party should follow the single leadership pattern which was in vogue since the AIADMK was launched by party founder M G Ramachandran.

The General Council of the party would be held on July 11 and that meeting would decide the fate of Panneerselvam. If the kind of reception accorded to Palaniswami on Thursday is any indication, stage is set for his coronation as the general

Secretary. "Panneerselvam has nowhere to go now. His son P Raveendranath's meetings with Chief Minister M K Stalin have not been accepted by the AIADMK members. Moreover he is seen as a Sasikala acolyte," said Kolahala Srenivasan, a political observer based in Chennai.

Besides Munusamy, Dr V Mythreyan, another camp follower of Panneerselvam too switched over to Palaniswami faction leaving Panneerselvam gasping. "It is certain that Palaniswamy would be the unitary leader the party is waiting for," said Doraisamy Raveendran.

Administration, security agencies gear up for Amarnath Yatra

MOHIT KANDHARI ■ JAMMU

Ahead of the beginning of the 42-day long Amarnath yatra from June 30, the Union Territory administration has geared up its entire machinery along with different security agencies to ensure peaceful conduct of the yatra.

A mock drill was organized under the supervision of Lt Gen Syed Ata Hasnain (Retd) and Major Gen Sudhir Bahl (Retd) to test the disaster preparedness and improvise the response strategy where required.

The mock Drill was conducted by the Department of Disaster Management in collaboration with National Disaster Management Authority and District Disaster Management Authorities from June 22 to 23rd.

The exercise was conducted to assess the overall preparedness and response measures taken at critical sites to deal with any untoward incident by all the concerned government and private agencies on both the routes of Shri Amarnath Ji Yatra from Sonamarg to Holy Cave and Pahalgam to Chandanwari route.

During the mock drill, several scenarios including fire incidents, terrorist attacks, vehicular accidents and stampede were simulated. The sim-

ulations were held at Nunwan Base camp and in adjacent areas.

Additional Deputy Commissioner (ADC) Anantnag, Ghulam Hassan Sheikh who was present on the occasion said that response strategies for these mock scenarios have been discussed threadbare and any gap areas identified have been addressed.

He said that the mock exercise has been very fruitful in ensuring that all stakeholders are well versed with their responsibilities. He said that the exercise has been instrumental in ensuring interdepartmental

coordination.

Officials from National Disaster Response Force (NDRF), State Disaster Response Force (SDRF), Rashtriya Rifles, Central Reserve Police Force (CRPF), Army, Police, Health Dept, Civil Defence, Transport, Fire & Emergency Services and other emergency services attended the mock exercises.

MS Bhatia, IG Kashmir OPS, Sector CRPF also took stock of the security deployment to ensure peaceful pilgrimage. Briefing the media, IG CRPF said, "Amarnath Yatra is going to resume after a gap of

2 years. CRPF has an important role to play in the security of the devotees.

All security measures have been taken in order to conduct the Amarnath Yatra peacefully. The Union Home Ministry had earlier rushed around 350 companies of the central paramilitary forces for yatra duty. In Jammu, Divisional Commissioner Ramesh Kumar Thursday visited the Jammu-Srinagar National Highway near Samrol to take stock of the ongoing restoration work to clear the massive landslides/mudslides. Due to disruption of traffic on the highway, a large number of supply trucks and passenger vehicles have been stranded.

Meanwhile, Additional Director General of BSF (Western Command) PV Ramasastry also reviewed preparations of Shri Amarnathji yatra. He was briefed by IG Jammu frontier DK Boora about the prevailing security scenario in the region. ADG BSF also visited Samba and Kathua borders to review the operational preparedness of field formations.

During his interactions with the officers of the Jammu frontier the BSF officer laid emphasis on the threat posed by the cross border tunnel and Pakistani drones abetting smuggling of weapons/ narcotics.

10 pilgrims among 20 killed in separate mishaps in UP

PNS ■ LUCKNOW

Road mishaps claimed 20 lives, including 10 in Pilibhit and eight in Hamirpur districts respectively since Wednesday night.

In the first tragic road accident reported from Pilibhit district, 10 devotees were killed while six others were injured when their vehicle rammmed into a tree in the early hours of Thursday.

Two of the injured were in critical condition and were shifted to Bareilly.

Police reached the spot and started an investigation.

According to reports, a speeding pickup overturned on the highway after ramming into a tree in the Gajraula police station area of Pilibhit.

The pickup was full of devotees returning to Gola after taking a bath in the Ganga in Haridwar. The injured said that the accident happened as the driver dozed off. While eight died on the spot, two more were pronounced dead at the hospital.

District Magistrate Pulkrit Khare and Superintendent of Police Dinesh Kumar P reached the district hospital as soon as they got information about the incident. The district magistrate said that while returning to Gola from Haridwar, the pickup met with an accident near Gajraula.

There were 17 people in the vehicle.

The deceased were identified as Laxmi (28), Rachna (28), Sarla Devi (60), Harsh

(16), Khushi (2), Sushant (14), Anand (3), Lalman (65), Shyamsundar (55) and driver Dilshad (35), all hailing from Gola.

Those injured in the mishap were identified as Sheelam Shukla (35), Sanjeev Shukla (35), Praveen (19), Prashant (17), Krishnapal Shukla (33), Poonam Devi (42) and Rishu alias Yash Trivedi (16).

In another mishap in Hamirpur district, eight people were killed and seven injured after a loader truck collided with an auto-rickshaw on Wednesday evening.

Police said the injured were shifted to a nearby hospital for treatment.

According to the police, the accident took place on the

National Highway in the Maudaha Kotwali area of Hamirpur district.

"Eight people were killed and seven injured in the collision between a loader truck and an auto-rickshaw on the National Highway in Maudaha Kotwali area of Hamirpur. The injured have been shifted to a hospital," Circle Officer of Maudaha, Vivek Yadav, said.

Meanwhile, Prime Minister Narendra Modi expressed condolences to the families of those who lost their lives in the Hamirpur accident.

"The accident in Hamirpur, Uttar Pradesh is very painful. I express my deepest condolences to the families of those who lost their lives, as well as to the

injured for a speedy recovery. The state government and the local administration are doing all they can to help the injured," Prime Minister Modi tweeted. In the another mishap on Fatehpur-Lucknow highway, two cousins riding bicycles were crushed by a dumper coming from behind when they were returning from a wedding ceremony.

Reports said that Shyamu Paswan (14) and Rinku (20) were cousins hailing from Manpur Majre Bhadar village. They had gone to attend the marriage of their cousin Jitendra in Mishramau village. When they were returning home by bicycle early in the morning on Thursday, a speeding dumper crushed their bicycle and killed both of

them. The driver fled from the spot with the dumper soon

after the mishap. The local police sent the bodies for

autopsy and launched a hunt for the absconding driver.

Govt working on strategy to manufacture rare-disease drugs indigenously

ARCHANA JYOTI ■ NEW DELHI

With no domestic manufacturers developing drugs for people ailing with rare genetic diseases in India which is home to 8 crore such patients, the Government is working on a strategy to indigenously manufacture the drugs or bring generic drugs which are off-patent here as well as develop process chemistry for drugs under patent to make it affordable once patent expires.

Presently drugs are very costly and many times out of the reach of the patients too.

A senior official from the Department of Science and Technology (DST) under the Union Science and Technology has sought proposals from interested research groups for treatment of the rare genetic diseases.

"One-fifth of the global

population is in India. High-genetic disease prevalence has been noted in affected communities with high genetic relatedness between parents and the majority of rare diseases in India occur at birth due to recessive genetic defects. While many of the commonly occurring rare diseases have viable therapies, most of these therapeutic agents are patent protected and very expensive for the Indian user.

"Thus, there is a large unmet need for indigenously manufactured therapeutic agents for rare diseases. Currently, a few pharmaceutical companies are manufacturing drugs for rare diseases globally and there are no domestic manufacturers in India except for Food for Special Medical Purposes (FSMP) for small molecule inborn errors of metabolism.

The DST has sought proposals from the interested pharma manufacturers as to "to bring generic drugs which are off-patent or to develop process chemistry for drugs under patent to make it affordable once patent expires," said the official. The last date for submitting applications is July 15, the official informed.

According to the official, the rare diseases which may be targeted for the proposals include Lysosomal storage disorders, Gaucher disease, Mucopolysaccharidoses (all types), Pompe disease, Fabry disease, Niemann Pick disease, Metachromatic Leukodystrophy, Krabbe disease, Small molecule diseases (Phenylketonuria, Maple Syrup Urine Disease (MSUD), Neuromuscular Disorders such as Spinal Muscular Atrophy (SMA) and Dystrophinopathies

There are 7,000 different rare diseases known today, but many more still to be identified. Eighty-five to 90 percent of these are considered "serious or life threatening," and for many, there are no known effective treatments – less than 10 percent of the known rare diseases have an approved treatment available. About 80 percent of rare diseases are caused by genetic abnormalities and half of these diseases impact children. Manufacturing of drugs for these categories of diseases are full of challenges.

According to the Tufts Center for the Study of Drug Development, it takes nearly four years longer to develop an orphan drug compared with medicines to treat more common conditions. Additionally, only about 6 percent of those drugs reach approval, compared with a 12 percent overall

Man who threatened to blow up RSS offices claims PFI link

PNS ■ LUCKNOW

The sleuths of the Anti-Terrorists Squad (ATS) grilling Raj Mohammad who threatened to blow up the offices of Rashtriya Swayamsevak Sangh (RSS), claimed he has connection with the Popular Front of India (PFI).

Sources said that Raj Mohammed, arrested from Tamil Nadu on June 7 last, has revealed during the interrogation by UP ATS that he had worked for the PFI and SDPI for three years.

At present, the ATS is interrogating Mohammad on remand.

Raj Mohammad, who threatened to bomb six RSS offices in the country, disclosed that he was an active member of the Popular Front of India (PFI) and the Socialist

Democratic Party of India (SDPI) between 2018 and 2021.

However, what he did after 2021, he has not yet disclosed.

It may be mentioned that Dr Neelkanth Mani Pujari, associated with the Sangh, was threatened on his WhatsApp number that the RSS offices would be blown up with bombs. The threat was to blow up RSS offices in Lucknow, Nawabganj in Unnao and four places in Karnataka. This threat was sent in three languages. After getting the threat, Neelkanth lodged an FIR at Madaion police station.

Taking the threat seriously, UP ATS started investigating and later alerted the Tamil Nadu police and after tracking the address of the alleged accused, he was taken into custody by Thirukokarnam police station, Pudhukottai.

The ATS brought

Mohammad the Lucknow and took his police custody remand to grill him further.

Meanwhile, sleuths of the National Investigation Agency raided a house in Deoband and arrested an accused, identified as Majidullah, hailing from Myanmar. The arrest was made in connection with the involvement of the accused in human trafficking racket. Majidullah is accused of settling illegal Rohingya Bangladeshi Muslims in India. Mobiles, laptops, SIM cards were recovered from him. Sources confirmed that the NIA team raided Deoband in Saharanpur district on Wednesday night and arrested a Myanmar national for alleged illegal smuggling of Rohingyas into India and Muslims from Bangladesh.

An NIA spokesperson said that the case related to illegal smuggling of Rohingya and

Muslims from Bangladesh into India and settling them in different parts of the country on the basis of fake documents.

The NIA said that taking cognisance in this matter, a case was registered in December last year. The agency had filed a charge-sheet against six accused in this case on June 4. During the searches, digital devices, mobile phones, SIM cards, laptops, memory cards and other documents indicating involvement in the crime were also seized, a spokesman said.

The spokesman said that during the investigation, the involvement of the arrested Myanmar national Majidullah in the conspiracy to smuggle people to different parts of India was revealed. He said that the accused was arrested from Deoband and further investigation was on.

Two RPF personnel suspended for assaulting four AMU students

PNS ■ ALIGARH

One RPF Inspector and Constable were accused of assaulting four students of the Aligarh Muslim University at the railway station, after which they were suspended.

On Thursday, AMU students created a ruckus for several hours. It is alleged that the RPF Inspector and Constable beat up the three students who had come to see off a fellow student and the student who was supposed to travel by the Farakka Express. Hundreds of students came to the station on the news of assault on the students. They were demanding action against the culprits.

Proctorial team also arrived. Seeing the anger of the students, the accused Inspector and Constable have been suspended. It was only after that, that the matter could be settled.

Shahid, a student of West Bengal, had to go to his home by Farakka Express. Three fellow students had reached the station to see off Shahid in the train. The train reached the station at around 12:30 P.M. The train was very crowded. Somehow fellow students made Shahid board the train.

It is alleged that then RPF's ASI Premal and constable Kuldeep, who were present on the platform, stopped them while they were coming back.

He asked for platform tickets from all three. The students introduced themselves and told that they were students of AMU, had come to board the fellow student. It is alleged that on this matter, the RPF personnel first started abusing them than they also beat them up.

Along with informing his colleagues in this matter, the aggrieved student informed the AMU management.

On information, a large number of students came to the station and started creating ruckus demanding action against the guilty RPF personnel.

The proctorial team

reached the station. Talks were held with railway officials on the phone itself. After this, the announcement of suspension

of accused ASI Premal and constable Kuldeep was made. Then somewhere the commotion calmed down.

Vrindavan widows plant trees to mark Int'l Widows' Day

PNS ■ LUCKNOW

Thursday was a special day for the elderly widows of Vrindavan when they observed International Widows' Day by participating in plantation drives.

The widows living in the widows' ashram in Vrindavan planted many saplings in Krishna Kutir Mahila Sadan on Thursday afternoon to mark the International Widows' Day. In the light of the 75th year of India's Independence 75 saplings were planted by them

on Thursday. Sulabh International took the initiative to observe International Widows' Day for the widows living in Maa Sharda Ashram and Krishna Kutir in Vrindavan.

Chhavi Dasi, one of the widows, said it was the first time they planted saplings to mark this day and this showed their resolve towards nature.

Sulabh International has been taking care of hundreds of widows living in various ashrams in Vrindavan and Varanasi since 2012. Under the initiative of Dr Bindeshwar Pathak, widows take part in festivals like Holi, Diwali and other rituals whereas earlier they were not allowed to take part in festivals and auspicious functions.

PAPER WITH PASSION

Down, but not out

Uddhav's precarious position in Maharashtra may be a setback but doesn't mean the end of the road

Maharashtra Chief Minister Uddhav Thackeray's departure from his official residence 'Varsha' on Wednesday night to his family home 'Matoshree' may seem to be a decline, if not the end, of his family's hold over the party that his father, Bal Thackeray, built. It was quite emotional, with a large number of Shiv Sainiks showing solidarity with him. As emotional as his (farewell?) speech: "Will quit as Chief Minister and leave official residence if even one of the disgruntled MLAs says he doesn't want me as Chief Minister." His speech was on Facebook, as he has been infected with the Coronavirus. He made three main points that need to be highlighted. One, he presented himself as an atypical politician; he is not among those for whom power is to be grabbed at any cost: "I have kept letter of my resignation as Chief Minister ready, willing to resign this very moment." Two, his party is still with him: "Getting calls from MLAs who have gone with Eknath Shinde; they are claiming that they were forcibly taken away." And, finally, he has reiterated his adherence to Hindu nationalism: "Shiv Sena can't be separated from Hindutva." His followers and sympathisers will agree with him, but others may like to raise a few questions. The Shiv Sena fought and won the 2019 Assembly election in alliance with the Bharatiya Janata Party,

with the BJP's Devendra Fadnis as the chief ministerial candidate. Then why did Shiv Sena ditch the BJP, the only other Hindutva force in the country, for the parties that are inherently anti-Hindutva?

Further, are Shiv Sena legislators calves and cubs that could be forcibly taken away to a State hundreds of miles away? And if that is the case, Thackeray cannot be absolved of the blame of having given tickets to so many weaklings, for he also happens to be the supreme leader of the party. One can still sympathise with a leader who has been abandoned by his followers, but his competence in running the party and Government leaves a lot to be desired. He obviously failed to gauge the intensity of resentment in his own party, as is evident from the fact that two out of three of his MLAs were with Shinde. The exodus continues. On Thursday morning, three more Sena MLAs — Deepak Keskar, Mangesh Kudalkar and Sada Sarvankar — flew to Assam where the rebels are camping. So, is the party over for Uddhav, indeed for the Thackeray family? If that is the case, it may imply that a political party has been able to shrug off the shackles of the family that birthed it. It would, however, be premature to reach the conclusion that the Thackeray family's political career has ended; it is down but it may not be out. Like Chirag Paswan, who lost control over the LJP but claims to be the inheritor of Ram Vilas Paswan's legacy. Let's wait and watch.

Vendetta?

The UP Govt's action of bulldozing illegal houses in the State has raised a lot of heat and dust

The Yogi Adityanath-led Uttar Pradesh Government has been brazening out the allegations of 'bulldozer politics', which is basically a euphemism for targeting those people who have been speaking out against the ruling BJP Government. The issue snowballed into a major controversy after the properties of certain people accused of participating in violent protests against remarks by two former Bharatiya Janata Party (BJP) leaders on Prophet Muhammad were demolished to allegedly punish them for raising their voice against the establishment. In fact, the issue has reached even the Supreme Court, where the State Government submitted that "no property in the State was demolished to punish" people. Though the State has clarified that bulldozers were pressed into service to raze illegal constructions in accordance with municipal laws and after providing due opportunity to the violators, it is too much of a coincidence that the action came about soon after protests broke out in Kanpur and Prayagraj in the first fortnight of June against now-suspended BJP spokesperson Nupur Sharma and expelled party leader Naveen Jindal for their remarks against Prophet Muhammad. Subsequently, the UP Government demolished three properties in these cities.

The Government took the stand that these demolitions "had no relation to the riots", and that the actions were taken as part of the ongoing demolition drive against encroachment and illegal construction. Though it sounds like the first plausible excuse that the State Government took the stringent steps in accordance with statutes, the two applications filed by Muslim body Jamiat Ulama-i-Hind asked for restrictions on the State Government on further action. However, the Government's contention was that the organisation "deliberately obfuscated the true facts to paint a nefarious picture of alleged mala fide on the part of the administration". Referring to the two properties partly demolished in Kanpur, the Government claimed that proceedings were initiated under municipal law long before the riots in June — in one case, in August 2020 and, in another, in February 2020. The violators are said to have even admitted to the illegality of the buildings and moved applications for compounding the acts by payment of appropriate charges. But we, the people, don't really know which side the truth stands on. Suffice to say, it's the public's duty to respect the maintenance of law and order and the Government's to not take revengeful action against its own citizens.

Freedom of speech & expression is alive

Contrary to claims that the situation in present-day India is worse than in the days of Emergency, press at the time was throttled and dissenters jailed

KUMAR CHELLAPPAN

In Latin, 'Ut est rerum omnium magister usus' means "Experience is the best teacher". The term was popularised by management gurus with sufficient evidence and proof. This is a phrase attributed to the great Roman General Julius Caesar and finds mention in *De Bello Civili*, his war memoirs.

A major reason for opposition to war, which is common among the Europeans, could be their shocking experiences from the two World Wars in which millions perished and many more were maimed. There are accounts by authors like Winston Churchill (the former British Prime Minister who had covered the First World War for *The Pioneer*) about the post-WWII Europe totally devastated. The sights were unbearable and the generation that grew up experiencing the economic hardship and poverty became strong critics of any kind of war. Late MKK Nair, a former bureaucrat, had given first-hand information about England in the aftermath of WWII. Nair, who was undergoing professional training in Plymouth, has written in his autobiography 'With No Ill-Feeling Against Anybody' that only kids were eligible for sugar and chocolates: "Since there was severe shortage of power, only limited quantity of water could be heated for bathing as the winter was at its peak."

When maverick musician TM Krishna (born in 1976) declared in a public function sometime back that there was no freedom of expression or right to speak one's mind, the media highlighted his speech as if he was disclosing something new. What the musician forgot was that his statement reminded one of the term 'oxymoron' as his disclosure was poles apart from the reality. If there is no freedom of speech or right to dissent, would the media highlight the claim as a major report?

The comedy lies in the truth that Krishna and his generation, born in the post-internal Emergency phase, do not know the seriousness of freedom of expression. There was a time

when the Indian subcontinent was under the spell of dictatorship as well as despotism. The generation that grew up in that period stood silently when human rights, civil rights and freedom of speech and expression were crushed to powder by then Prime Minister Indira Gandhi, her younger son Sanjay and a cartel of persons who were members of their court. That was the era when the Prime Minister had the audacity to defend corruption in high places by describing it as "a global phenomenon".

What led to the declaration of Emergency and suspension of Constitution was a verdict by the Allahabad Bench of the Lucknow High Court on a petition filed by Raj Narain, the socialist leader who had challenged Indira's election from Rae Bareilly in the 1971 general election. Raj Narain, an unusual politician, had alleged that Indira had utilised the services of Yashpal Kapoor, her personal secretary, for campaign-related works. Being a Government servant, Kapoor was not supposed to do Indira's political bidding. It was gross violation of the Representation of People's

THE GENERATION THAT GREW UP IN THAT PERIOD STOOD SILENTLY WHEN HUMAN RIGHTS, CIVIL RIGHTS AND FREEDOM OF SPEECH AND EXPRESSION WERE CRUSHED TO POWDER BY THEN PRIME MINISTER INDIRA GANDHI, HER YOUNGER SON SANJAY GANDHI AND THEIR COTERIE

Act, argued lawyer Shanti Bhushan who appeared for Raj Narain.

On June 12, 1975, Justice Jagmohan Lal Sinha set aside Indira's election and disqualified her from contesting any election for six years. Justice Sinha was kind enough to stay his own judgment to enable Indira to appeal in the Supreme Court. By the time of the verdict, there had been widespread resentment against Indira. Members of her 'kitchen cabinet' advised her to proclaim Emergency, arrest the Opposition leaders and throw them behind bars. Thankfully, there were no satellite TV channels while All India Radio and Doordarshan had the monopoly over public broadcast. Gandhi declared press censorship which made the newspapers to seek permission from censor officers for publishing news. All India Radio was labelled 'All Indira Radio' globally as the world's largest radio network started airing only the speeches and songs eulogising 'Madam Indira'. People who now allege that there is no freedom of expression and speech in India should take out some time and read the archived newspaper copies!

There are some political

greenhorns who allege that the situation in present-day India is worse than in the days of Emergency. They should not forget that thousands across the country were jailed, assaulted and tortured by the police for criticising Indira. Musicians should focus on *raagas* and *thaalas* instead of commenting about freedom of expression. And the fact that such allegations hogged the limelight makes it oxymoronic! It is good to see in newspapers and news channels criticism levelled against the Narendra Modi Government for its omissions and commissions. If there is no freedom of expression, how come these reports and news get published? The sad thing is that while Indira and her men and women bulldozed the media, the Modi regime is ignoring it. The bosses may be under the impression that the best way to insult the critics is to ignore them (it is also true that many of them deserve to be ignored!) But freedom of expression is sacred and it is a sin to spread falsehoods about it.

(The writer is a senior journalist with *The Pioneer*. The views expressed are personal.)

LETTERS TO THE EDITOR

TRAGEDY IN AFGHANISTAN

Sir — It's heartbreaking! A powerful earthquake (5.9 magnitude) struck a remote border region of Afghanistan killing at least 1,000 people and injured more than 1,500, reminiscent of 1998 when a 6.1 magnitude quake in the north-east of Afghanistan killed at least 4,500 people and injured more than 10,000. The scenario is so tragic that every street one goes to, he/she hears people mourning the deaths of their beloved ones. It's a pity that the isolated Afghanistan regime may face struggle for aid after the earthquake, because humanitarian appeals for Taliban-ruled countries have had poor responses and there are sanctions.

The Taliban's supreme leader, Haibatullah Akhundzadah, pleaded with the international community to help the Afghan people affected by this tragedy and to spare no effort. Reacting to the request made by the Taliban leaders, India's Prime Minister Narendra Modi said India stands by the people of Afghanistan in their difficult times and is ready to provide all possible disaster relief material at the earliest. But with such a huge disaster, the said relief material is peanuts. Due to the Taliban Government's rigidity in the name of Islam, many peoples are not ready to help the poor Afghans.

Bidyut Kumar Chatterjee | Faridabad

COVID SCARE BACK TO HAUNT INDIA

Sir — Under pressure, Union Health Minister Mansukh Mandaviya chaired the high-level review meeting with the core team of experts over alarming increasing cases of COVID-19 in the country. India has been witnessing an increase in Coronavirus infections over the last couple of weeks. As per reports, Maharashtra, Kerala, Delhi, Karnataka, Tamil Nadu, Haryana, Uttar Pradesh, Telangana, West Bengal and Gujarat have over 1,000 active cases. India saw a single-day rise of 13,313 new Coronavirus infections, tak-

Murmu set to create history

By fielding Droupadi Murmu, a tribal leader from Odisha as the NDA's presidential candidate, the BJP has revealed its trump card. If she wins the July 18 poll, Murmu will become the first person from the tribal (Adivasi) community, the first native of Odisha and the second woman ever after Pratibha Patil to occupy the top post. She is set to follow in the footsteps of KR Narayanan and Ram Nath Kovind, who

both rose from the poor and downtrodden stratum to become the President. At the same time, the Opposition pick, Yashwant Sinha, would do well not to act wiser than Sharad Pawar or Farooq Abdullah or Gopalkrishna Gandhi, who refused to contest in the losing game.

As far as the post of President is concerned, political parties should not have missed the opportunity to strike a cordial note and work out a national consensus when the outcome of the presidential election is a foregone conclusion. As the NDA headed by the BJP has the required numbers to go it alone, the Opposition should have fallen in line to support a non-controversial lesser known tribal woman who has risen from the ranks to a creditable political career. In a bid to put up a show of notional fight, the Opposition has only ended up showing fissures. The NDA, too, can't escape the blame for its disdain for consensus.

Abhijit Roy | Jamshedpur

ing the infection tally to 4,33,44,958, while the active cases have increased to 83,990, according to the Union Health Ministry data updated on Thursday June 23.

The death toll has climbed to 5,24,941. In a review meeting of INSACOG, States/UTs were asked to submit "larger number" of samples for whole genome sequencing from districts and areas which have seen a surge in COVID-19 cases over a period of seven days. According to the Indian SARS-CoV-2 Genomics Consortium (INSACOG) experts, Omicron and its sub-lineages, primarily BA.2 and BA.2.38, as of now, seem to be behind the current rise in COVID cases. With this, the matter related to COVID in India is very serious and dangerous.

Bhagwan Thadani | Mumbai

GUIDELINES FOR LOWER JUDICIARY

Sir — The Jammu & Kashmir and Ladakh High Court has set a good precedent by issuing a circular according to which no judicial officer shall receive, see off and

visit the visiting Chief Justice or judges during court hours. The significance of this circular is better understood by the clients. If the judicial officers visit the visiting Chief Justice or other judges of High Court, the cases listed for that day stand adjourned for one or two months. If at least the Chief Justice and other judges visit once in a year, and in all it will be at least three or four times a year.

In each case, if the case listed for that day is not heard for one or two months, the case stands prolonged for about a year. This is one of the reasons for delayed delivery of justice. This may not be the case in any other department. If a judge leaves his seat, no one else can discharge his duties. Hence the importance of this circular is high. Another point is that if the visiting Chief Justice or other judges want to hold a meeting, it will be done before or after court hours.

INDIA AT BRICS AND G7:
TOUGH BALANCING ACT

Navigating through China's assertiveness, Putin's Ukraine war

KUMARDEEP BANERJEE

India's diplomatic and foreign policy calendar has been swinging between a diverse bunch of power blocks. India had a tough challenge to attend the 14th BRICS summit held virtually under the chairmanship of Chinese President Xi Jinping.

It was a tough call, given India's frosty relationship with China over the border tensions and sharing a platform (virtually) with Russian President Vladimir Putin, now considered a global outlaw. The BRICS summit was themed on Global Development; it's actually a message China wants to send across, placing itself at the centre of economic prosperity for the globe. This position has traditionally been claimed by the US and its Western allies.

It is interesting to note how the Chinese communist party's foreign policy propaganda newspaper, the Global Times, reported on the significance of the BRICS summit. In one of its recent reports, it mentioned the most novel proposition of this summit, BRICS expansion. The presence of Putin and several new invitees is also open to various interpretations. The Ukraine crisis has seen fissures emerge in the G20; and adding new members to BRICS could make it an alternative minus US and its allies.

This could also mean an expanded BRICS overtaking G7 earlier than imagined. In some of the other paragraphs the report lays emphasis on the "Global South cooperation," the presence of India in both the US-led Quad framework and BRICS, India's exit from the China-led Regional Comprehensive Economic Partnership (RCEP), while accepting to be a founding member of US-led Indo Pacific Economic Framework (IPEF).

While China's foreign policy department officially stuck to "high-quality partnership amongst BRICS, usher in new era for global development," as the core agenda, its allied arms such as the newspaper report mentioned above was setting the real agenda for the summit.

India moves away from the BRICS summit to another important multilateral, the Commonwealth Summit which is taking place in Rwanda's capital Kigali over the weekend. Leaders of 54 countries from Asia, Africa, South America, and Europe participate in the commonwealth summit which most often has been described as a club of erstwhile UK colonies, discussing their internal affairs, rather than coming out with a significant outcome-driven agenda for world affairs.

However, this diverse group of nations also represents the confluence of developing and the developed world, the former rulers meeting the former colonies, to indulge in some creative solutions for existing and emerging problems. It is a different matter that much of the commonwealth nations except the larger and more prosperous ones have been denied access to vaccines and therapeutic remedies to counter the Covid pandemic by the powerful nations. India will be represented at the summit by External Affairs Minister S Jaishankar.

However, one of the most eyeball-grabbing meetings will be the G7 in Schloss Elmau, against the backdrop of the Bavarian Alps in Germany next week. India has been invited for this meeting as a guest and will be represented by Prime Minister Narendra Modi in person. This is the fourth consecutive time India has been invited for this prestigious global policy leaders meeting.

The G7, which is a group of most prosperous nations of the world which are some of the largest donors to international bodies, together make the most influential voice for global policy directions. This year, the G7 presidency has been taken over by Germany, which will push for some coordinated policy actions on the ongoing war in Ukraine, its impact on food inflation, particularly in the developing nations, the climate crisis, the Covid pandemic, and its impact.

India has some tough balancing acts to do on multilateral platforms. *(The writer is a policy analyst. The views expressed are personal.)*

India emerges as leader at WTO ministerial meet

India defended its right to extend subsidies to Indian fishermen, with contentious clauses removed

For the first time in a decade, members of the World Trade Organisation (WTO), a 164-nation body, have finalised a historic deal at the 12th Ministerial Conference (MC12). The four-day MC12 was extended by two days as trade ministers negotiated through the night at WTO headquarters, next to Lake Geneva, and negotiations continued till June 18 morning. India was at the centre of WTO negotiations at the MC12.

India has agreed to the proposal of no export restrictions on the World Food Programme. But internal food security concerns will take precedence. There is no work programme on agriculture, which could be considered as a good outcome for India as our agri-subsidy will not face any further scrutiny.

COVID crisis led to distress employment

There is an urgent need to generate more decent and productive employment for the increasing labour force in the country

The National Statistical Office (NSO) released the Periodic Labour Force Survey (PLFS), 2020-21 report on June 14. At a first glance, the annual survey report shows an improvement in the employment situation with rise in employment and decline in the unemployment rate during the pandemic years compared to the previous years (PLFS survey years correspond to the agriculture year July to June).

This is quite unexpected, keeping in mind the severe economic disruption after the Covid-19 pandemic. The survey results differ from several other reports, which suggest that the employment situation in the country has worsened after the pandemic. This survey report has evoked heightened interest in the findings. It calls for further investigation as to whether these results are survey anomalies or indicate the changing employment situation in the country.

This article attempts to interpret the findings from the last three annual PLFS (2018-19, 2020-21 and 2020-21) reports, and try to understand the impact of Covid-19 pandemic by analysing some key labour market indicators.

The labour force participation rate as per usual status (reference period of last 365 days preceding the survey), which is the sum of those working and those available for work or unemployed, reported highest in the four years at 41.6 per cent in 2020-21. The worker population ratio (WPR) has increased from 35.3 per cent in 2018-19 to 39.8 per cent in 2020-21, which is the percentage of employed persons in the population.

On the other hand, the unemployment rate which is the percentage of unemployed in the labour force has eased from 5.8 per cent in 2018-19 to 4.2 per cent in 2020-21. The rural-urban division shows that the rise in WPR is in rural areas, which is almost 2.5 times higher than urban areas. It is well documented that the impact of Covid-19 in the rural economy was far less than urban, which is also reflected from the survey results.

A lot of people, particularly migrants engaged in the informal sector, lost their employment during the pandemic at the urban destinations. With no means of employment in urban areas, a large number of them have returned to their native places in rural areas, where they, along with their family members especially women, are engaged in locally available activities such as agriculture and related work for survival.

The survey results further reveal that the rise in WPR is largely credited to female than male, where WPR of the former has increased by 2.54 times more than the latter. This phenomenon is more pronounced in rural areas, where the female WPR has increased almost 3.2 times more (19.0 per cent to 27.1 per cent) than their urban counterparts (15 per cent to 17 per cent) during the pandemic years.

So, the rise in employment during the

WITH NO MEANS OF EMPLOYMENT IN URBAN AREAS, A LARGE NUMBER OF MIGRANTS RETURNED TO THEIR NATIVE PLACES IN RURAL AREAS WHERE THEY, ALONG WITH THEIR FAMILY MEMBERS, ARE ENGAGED IN LOCALLY AVAILABLE ACTIVITIES

The author is Senior Fellow, Institute for Human Development, Delhi

pandemic years is overwhelmingly of females in rural areas.

The industrial structure provides broad employment trends, where the employment in agriculture in developing countries like India is considered as subsistence and less productive, while employment in non-farm industrial and services is regarded as more productive. It is well documented that as the country progresses, the people move away from the less productive agriculture sector in rural areas to more productive non-farm industrial and services sectors in urban areas.

However, the industrial distribution of employment in India shows a reversal of the decades-long decline in agriculture share in recent years with more and more people moving into the farm sector in rural areas. The share of employment in agriculture has increased by 3 percentage points from 57.8 per cent in 2018-19 to 60.8 per cent in 2020-21.

This trend indicates that people are finding it difficult to get employment in non-farm sectors, and they are compelled to engage in subsistence farm activities due to the lack of other employment avenues. In rural areas, almost three-fourth (75.4 per cent) of the females are engaged in farm activities compared to around half of the male (53.8 per cent).

Thus, the rise in employment in rural areas has a huge implication on women's work, which is also reflected from increasing female's WPR. This reveals that the rise in share of employment in agriculture reflected the impact of economic slowdown and the pandemic.

The reverse migration from cities to rural areas would have only

increased the pressure on the farm sector to absorb the workers, especially females, leading to the distress employment.

The status of employment broadly indicates the quality of employment, where a regular salary is considered better quality of work than self-employed and casual labour. Regularity of work and social security benefits are associated with regular salaries, while social security provisions are generally not available for self-employed and casual labourer.

The PLFS survey reports show that the share self-employed has increased from 52.1 per cent in 2018-19 to 55.6 per cent in 2019-20, while the share of regular salaried (23.8 per cent to 21.1 per cent) and casual labour (24.1 per cent to 23.3 per cent) has declined during the last three years. This phenomenon is more pronounced in rural areas, where the share of the self-employed has increased relatively more (3.3 percentage points) than urban areas (1.7 percentage points).

However, the increase in share of the self-employed in rural areas is largely attributed to the rise in unpaid helpers in household enterprises (4.6 percentage points), while the share of own account workers and employer category has declined (-1.4 percentage points).

This indicates that the jump in female WPR in rural areas is contributed most by the increase in employment of helpers or unpaid family workers in household enterprises. A recent Niti Aayog report highlighted that the rise in 'disguised employment' or unpaid family workers is a more serious issue than unemployment in India. The decline in the share of regular salaried workers is another serious

concern, reflecting the worsening employment conditions with rise in low quality employment in recent pandemic years.

The above analysis reveals that the increase in employment in pandemic years is distress-driven and not necessarily any improvement in the overall employment in the country. This is shown in the report as an increase in terms of labour force participation rate, the worker-population ratio, and decline in the unemployment rate. It is also important to note that the share of employment in agriculture and allied activities, and especially employment of rural women, has gone up in recent years, which is mostly of distress type not productive or decent employment.

Further, the report also reveals that employment in the informal sector has increased during the pandemic years from 68.4 per cent to 71.4 per cent in 2020-21. Workers in the informal sector are for the most part not covered by any social security benefits and also not covered by the national labour laws and regulations. Such workers are most affected by any economic shocks such as the economic downturn after Covid-19.

In sum, the PLFS survey report (2020-21) indicates generation of new employment in the country during the pandemic years, but most of the new jobs are of distress or informal type, especially for females in rural areas.

In this context, there is an urgent need to generate or provide more decent and productive employment for the increasing labour force in the country, which is must to meet the SDG goal 8 targets of 'decent or productive employment for all' by 2030.

RUSSIANS FOCUS FIREPOWER TO SEIZE 2 VILLAGES IN EAST UKRAINE

AP ■ KYIV

The Russian military expanded its grab of territory in eastern Ukraine on Thursday, capturing two villages and vying for control of a key highway in an offensive that could cut supply lines and encircle some frontline Ukrainian forces, British and Ukrainian military chiefs said.

Britain's defense ministry said that Ukrainian forces had withdrawn from some areas near the city of Lysychansk, the latest major battlefield in Russian President Vladimir Putin's war against Ukraine, to avoid the possibility of being encircled as Russians sent in reinforcements and concentrated their firepower in the area.

Ukraine's General Staff said Russian forces took control of the villages of Loskutivka and Rai-Oleksandrivka, and were trying to capture Syrotyne outside Sievierodonetsk.

For weeks, Russian forces have pummeled Sievierodonetsk, the administrative center of the Luhansk region, with artillery and air raids, and fought the Ukrainian army house-to-house. Ukrainian forces remain holed up at the Azot chemical plant on the city's edge, where about 500 civilians were also sheltering.

The Russians were also pressing their offensive on Lysychansk, which is located on a steep river bank facing Sievierodonetsk.

The U.K. Ministry of Defense noted in its intelligence assessment Thursday that Russian forces have likely advanced more than five kilometers (three miles) towards the southern approaches of Lysychansk since Sunday.

"Some Ukrainian units have withdrawn, probably to avoid being encircled," the statement said.

"Russia's improved performance in this sector is likely a result of recent unit reinforcement and heavy concentration of fire."

Ukraine's military said the Russians were also moving to overtake the hills overlooking a highway linking Lysychansk with Bakhmut, to the southwest, in an attempt to cut the supply lines of Ukrainian forces.

Following a botched attempt to capture the Ukrainian capital in the early stage of the invasion on Feb. 24, Russian forces have shifted focus to Ukraine's eastern industrial heartland of Donbas, where the Ukrainian forces

have fought Moscow-backed separatists since 2014.

The Russian military currently controls about 95% of the Luhansk region, and about half of the neighbouring Donetsk region of Donbas.

12-year-old to pen journey from war-torn Kharkiv to Dublin

PTI ■ LONDON

Bloomsbury on Thursday announced that it will publish a moving diary of a 12-year-old Ukrainian girl, charting her journey from war-torn Kharkiv to eventual safety in Dublin.

"You Don't Know What War Is: The Diary of a Young Girl From Ukraine" is scheduled to hit bookstores in October.

On February 24, Yeva Skalietska was woken by the sound of explosions. She grew up living with her granny in Kharkiv, near the Russian border. Though there have been rumblings and rumours, few truly believed that war will break out between Russia and Ukraine.

And yet it had. What follows are 12 days in Ukraine that change Yeva's life forever. She and her grandmother rush to take shelter from the missile attacks in a dusty, crowded basement. When the situation worsens, they need to find somewhere safer to stay, so they make their way to a friend's house in a different area of the city. But the conflict rages all around them and Yeva struggles to keep calm over the continual sound of explosions and shelling.

Eventually they take the difficult decision to head to Western Ukraine. It's there, in

a makeshift shelter in a school hall, that Yeva meets the team of UK journalists. She tells them she is writing a diary.

The poise and maturity of Yeva's account are striking, and the crew features her in several news articles. They help Yeva and her granny cross the border into Hungary and, ultimately, to find a place to live in Dublin, where they are welcomed and cared for by their host, school teacher Catherine Flannagan.

Lara Hancock, head of Illustrated Publishing, with Commissioning Editor Sally Beets, acquired UK and Commonwealth Rights in auction from literary agent Marianne Gunn O'Connor of Marianne Gunn O'Connor Literary, Film/TV Agency.

"You Don't Know What War Is" has cover illustrations inspired by Ukrainian folk art by Anastasia Stefurak and illustrated maps of Kharkiv, Ukraine and Europe by Olga Shtonda, displaced Kharkiv-native.

"In 'You Don't Know What War Is', we read about Yeva's experience of the war in Ukraine in real time. Each diary entry is interspersed with personal photos Yeva took during her journey. Compelling and urgent, this book is a powerful document of a conflict few thought could happen, seen through the eyes of a child," says Hancock.

European Union leaders set to grant Ukraine candidate status

AP ■ BRUSSELS

European Union leaders on Thursday are set to grant Ukraine candidate status to join the 27-nation bloc, a first step in a long and unpredictable journey toward full membership that could take many years to achieve.

Making the war-torn country a contender now seems to be a done deal after leaders were initially divided on how fast they could move to embrace the war-torn country's bid that was launched only a few days after Russia launched its invasion on Feb. 24.

According to several EU diplomats who spoke on condition of anonymity before the summit in Brussels, Ukraine

will receive the unanimous approval that is required for the launch of discussions.

The EU's 27 nations have been united in backing Ukraine's resistance to Russia's

invasion, adopting unprecedented economic sanctions against Moscow. However, leaders were initially divided on how quickly the EU should move to accept Ukraine as a member,

with the Netherlands, Sweden and Denmark among the most skeptical.

But Ukraine's bid got a boost last week when the EU's executive arm, the European Commission, gave its seal of approval based on Ukraine's answers to a questionnaire received in April and early May.

Ukraine received another shot in the arm when the leaders of France, Germany, Italy and Romania visited the country and vowed to back its candidacy. Ukrainian President Volodymyr Zelenskyy said he spoke with a total of 11 EU leaders on Wednesday, following calls with nine the day before, in another indication of how important EU candidacy is for Ukraine.

GERMANY FACES GAS SUPPLY 'CRISIS', DECLARES ALARM LEVEL

AP ■ BERLIN

Germany activated the second phase of its three-stage emergency plan for natural gas supplies Thursday, saying the country faces a "crisis" and warning that storage targets for the winter are at risk due to dwindling deliveries from Russia.

The government said the decision to raise the level to "alarm" follows the cuts to Russian deliveries made since June 14 and the continued high market price for gas. The third and highest stage is the "emergency" level.

It said that while gas storage facilities are currently filled to 58%

capacity - higher than at this time last year - the goal of reaching 90% by December won't be achievable without further measures.

Economy Minister Robert Habeck said in a statement that "the situation is serious and winter will come."

"The reduction in gas supplies is an economic attack on us by (Russian President Vladimir) Putin," he said. "We will defend ourselves against this. But our country is going to have to go down a stony path now."

"Even if we can't feel it yet: we are in a gas crisis," Habeck added.

Bulgarian political crisis casts shadow over Balkans summit

AP ■ BRUSSELS

A Bulgarian government crisis Thursday threatened to tarnish a European Union summit that was intended to bolster the EU membership hopes of Balkan countries and to show Western resolve in the face of Russia's war in Ukraine.

Bulgaria's parliament voted no-confidence Wednesday in the coalition government of Prime Minister Kiril Petkov, presenting an obstacle to the long-delayed start of the EU's accession negotiations with North Macedonia and Albania.

All three countries belong to NATO, but Bulgaria has used its status as an EU member to block the other two from proceeding on the path to join the 27-nation European bloc. Bulgaria has a dispute with North Macedonia over ethnicity and language, and its stance has also stalled Albania's progress the EU is treating the pair as a political package.

"It's a disgrace that a NATO country - Bulgaria - kidnaps two other NATO countries, namely Albania and North Macedonia, in the midst of the hot war at Europe's backyard," Albanian Prime Minister Edi Rama said as he arrived for the EU-Western Balkans summit in Brussels. "It's not good to see that 26 other countries sit still in a scary show of impotence."

The EU, a political and economic club that boasts the world's biggest single market, wants to reassure countries in the Balkans that have waited years for admission that the bloc's doors remain open.

Russia's war in Ukraine has added to the list of aspiring EU members. The governments of Ukraine, Moldova and Georgia rushed in membership applications after Russia invaded its neighbor.

EU heads of state and government meeting in Brussels for a two-day summit starting Thursday plan to consider whether to make Ukraine a candidate for membership, the first step in the accession process. The EU last admitted a new member - Croatia - in 2013. The enlargement process slowed as euroskeptical voices grew in member nations such as Germany, France, Italy and the Netherlands - all founding members of the bloc in the 1950s.

The eurozone debt crisis 10 years ago, a 2015 migration wave into Europe and the U.K.'s 2016 referendum decision to pull out of the EU also contributed to political unease with the bloc's further expansion.

Ready to help Lanka’s quick eco recovery through promoting investments: India

PTI ■ COLOMBO

India on Thursday assured Sri Lanka that it stands ready to help the island nation’s quick economic recovery through promoting investments, connectivity and strengthening economic linkage as a four-member delegation led by Foreign Secretary Vinay Kwatra met the country’s top leadership, including President Gotabaya Rajapaksa, here.

Sri Lanka is facing the worst economic crisis since independence in 1948 which has led to an acute shortage of essential items like food, medicine, cooking gas and fuel across the country.

The delegation, which also included Ajay Seth, Secretary, Department of Economic Affairs, V Anantha Nageswaran, Chief Economic Advisor, and Kartik Pande, Joint Secretary, Indian Ocean Region, first met President Rajapaksa.

During the call on President Rajapaksa, the Indian side thanked him for his commitment to the development of

India-Sri Lanka bilateral relations.

"Both sides had a productive exchange of views on the current economic situation in Sri Lanka as well as India's ongoing support," the High Commission of India said in a press release here.

During the meeting, Kwatra told Rajapaksa that India, as a close friend, will extend its fullest support to Sri Lanka in overcoming the difficult situation, the newsfirst.lk website reported.

The delegation reviewed the already provided assistance in terms of fuel, medicine, fertiliser and other essentials and said the Indian government is committed to support Sri Lanka, the report said.

The delegation later met with Prime Minister Ranil Wickremesinghe and the two sides had an in-depth discussion on the Sri Lankan economy and efforts undertaken by the Government of Sri Lanka towards achieving economic

recovery.

"In this context, both sides highlighted the importance of promoting India-Sri Lanka investment partnership including in the fields of infrastructure, connectivity, renewable energy and deepening economic linkages between the two countries," the release said.

During the meetings, the Indian delegation underscored that the unprecedented recent economic, financial and humanitarian assistance of over USD 3.5 billion to the people of Sri Lanka was guided by 'Neighbourhood First' policy and Security and Growth for All in the Region (SAGAR) vision of Prime Minister Narendra Modi.

"The talks between the two sides were held in a frank, cordial and constructive manner," the release said.

In a tweet, Prime Minister Wickremesinghe said he had "a productive discussion" with the Indian delegation led by Foreign Secretary Kwatra.

"I look forward to stronger bilateral ties with India," he tweeted. The Foreign Secretary

also had a separate meeting with his Sri Lankan counterpart,

Ambassador Wijewardena.

Truck driver dies after waiting for 5 days in queue at fuel station

PTI ■ COLOMBO

A 63-year-old truck driver has died in Sri Lanka after standing for five days in a queue at a filling station in the country's Western Province, the 10th death reported due to prolonged waiting for fuel procurement in the debt-ridden island nation grappling with the worst economic crisis since its independence, according to a media report on Thursday.

The man was found dead inside his vehicle after waiting in the queue at the filling station in Anguruwatota, police said.

The death toll in queues now stands at 10 and all the victims have been men aged between 43 and 84 years. Majority of the deaths reported in queues have been due to

cardiac arrests, the Daily Mirror newspaper reported.

A week ago, a 53-year-old man died while waiting in a queue for several hours at a fuel station in Panadura in Colombo.

The man was reported to have died of a heart attack while waiting in the queue in his three-wheeler.

Sri Lanka, home to around 22 million, is currently facing its worst economic crisis in more than 70 years.

Sri Lanka's economy is experiencing extreme fuel shortages, soaring food prices and a lack of medicines.

The current shortages were made worse by the government's inability to get the state-owned Bank of Ceylon to open Letters of Credit for fuel imports.

Australian leader to visit France to fix damaged relations

AP ■ CANBERRA

Australian Prime Minister Anthony Albanese said Thursday he will meet President Emmanuel Macron in France next week to reset a bilateral relationship that was damaged when the previous Australian government canceled a submarine contract.

Albanese said Macron had invited him to visit France while he is in Europe to attend a NATO summit in Spain.

"We do need to reset. We've already had very constructive discussions. We've brought to a close the arrangements that were in place over submarines," Albanese told Australian Broadcasting Corp.

France responded with fury when former PM Scott Morrison announced in September that Australia was cancelling a 90 billion Australian dollar (\$62 billion) contract for a French state-owned company to build a fleet of 12 conventional diesel-electric submarines.

Instead, Australia had struck a deal with the US and Britain to provide submarines powered by U.S. Nuclear technology.

France temporarily withdrew its ambassadors from the U.S. and Australia. Macron accused Morrison of lying to him over the French contract that was awarded in 2016.

India, China discuss return of stranded students

PTI ■ BEIJING

India and China have discussed the return of thousands of Indian students stranded at home for two years due to Beijing's COVID-19 bans and resumption of direct flights disrupted by the coronavirus pandemic, the Indian embassy here said on Thursday.

The vexed issue of the return of the Indian students figured in the talks between Indian Ambassador to China Pradeep Kumar Rawat and Chinese Foreign Minister Wang Yi on Wednesday.

Wang recalled his meeting with his Indian counterpart S Jaishankar during his visit to New Delhi in March this year and mentioned that the "Chinese side attached importance to the Indian side's concerns regarding the return of Indian students and that he hoped to see early progress on this", a press release from the Indian Embassy quoted Wang as saying.

Foreign Minister Wang also referred to discussions on the resumption of direct flight connectivity between the two sides, it said.

"Ambassador Rawat conveyed that the

relevant agencies in India are seized of the matter and we may see progress in the matter soon", it said.

China, in recent months, began permitting "some" foreign students to return to the country. On June 20, the first batch of 90 Pakistani students, stuck back home for about two years due to China's strict visa restrictions, arrived in the Chinese city of Xian.

They are part of 250 Pakistani students China has agreed to permit to return based on their requirements while thousands more are awaiting Beijing's nod, according to the media reports from Pakistan.

1/6 panel to hear of Trump's pressure on Justice Department

AP ■ WASHINGTON

The Jan. 6 committee will hear from former Justice Department officials who faced down a relentless pressure campaign from Donald Trump over the 2020 presidential election results while suppressing a bizarre challenge from within their own ranks.

The hearing Thursday will bring attention to a memorably turbulent stretch at the department as Trump in his final days in office sought to bend to his will a law enforcement agency that has long cherished its independence from the White House.

The testimony is aimed at showing how Trump not only relied on outside advisers to press his false claims of election fraud but also tried to leverage the

powers of federal executive branch agencies.

The witnesses will include Jeffrey Rosen, who was acting attorney general during the Jan. 6, 2021, assault on the U.S. Capitol. Three days earlier, Rosen was part of a tense Oval Office showdown in which Trump contemplated replacing him with a

lower-level official, Jeffrey Clark, who wanted to champion Trump's bogus election fraud claims.

In a written statement prepared for the committee and obtained by The Associated Press, Rosen says the Justice Department had been presented with no evidence of fraud that could have affected the outcome of the election and therefore did not participate in any Trump campaign efforts to overturn the results, instead insisting on an orderly transfer of power.

"Some argued to the former president and public that the election was corrupt and stolen," Rosen's statement says. "That view was wrong then and it is wrong today, and I hope our presence here today helps reaffirm that fact."

Two other former department officials, Rosen's top deputy, Richard Donoghue, and Steven Engel, are also scheduled to testify. Both warned Trump at the White House meeting that they'd resign and that many of the department's lawyers would follow if he replaced Rosen with Clark.

"You could have a situation here, within 24 hours, you have hundreds of people resigning from the Justice Department," Donoghue has said he told Trump.

"Is that good for anyone? Is it good for the department? Is it good for the country? Is it good for you. It's not."

Only then did Trump relent. The night, and later his Republican administration, ended with Rosen still in power.

Tension in Iraq as cleric accuses Iran’s allies of meddling

AP ■ BAGHDAD

Iraq's Parliament is set to hold a session Thursday to vote in replacements for 73 lawmakers who resigned earlier this month. The collective walkout by followers of Iraq's most influential Shiite politician threw Iraq into further uncertainty, deepening a months-long political crisis over government formation.

It was not clear whether the

extraordinary session requested by 50 members of parliament during a recess would go through. A simple majority of the legislature's 329 members is required for an electoral session, and al-Sadr urged parliamentary blocs not to succumb to "pressures" from Iranian-backed factions.

Al-Sadr, a maverick politician with a large following, emerged as the biggest winner in general elections held in October, but has been

unable to cobble together a coalition that can form a majority government. He has been locked in a power struggle with internal Shiite rivals backed by Iran, preventing the formation of a new government.

Two weeks ago, he ordered lawmakers from his parliamentary bloc to resign in a bid to break the eight-month impasse. The unprecedented move threw Iraq's political landscape into disarray.

Afghans bury dead, dig for survivors after quake kills 1,000

AP ■ GAYAN (AFGHANISTAN)

Villagers rushed to bury the dead Thursday and dug by hand through the rubble of their homes in search of survivors of a powerful earthquake in eastern Afghanistan that killed at least 1,000 people. The Taliban and the international community that fled their takeover struggled to bring help to the disaster's victims.

Under a leaden sky in Paktika province, which was the epicentre of Wednesday's magnitude 6 earthquake, men dug a line of graves in one village, as they tried to lay the dead to rest quickly in line with Muslim tradition. In one courtyard, bodies lay wrapped in plastic to protect them from the rains that are hampering relief efforts for the living.

The quake was Afghanistan's deadliest in two decades, and, with the full extent of the destruction among the villages tucked in the mountains only slowly

coming to light, officials said the toll could rise. An estimated 1,500 others were reported injured, the state-run Bakhtar News Agency said.

"They don't have anything to eat, they are wondering what they can have to eat, and it is also raining," a Bakhtar reporter said in footage from the quake zone. "Their houses are destroyed. Please help them, don't leave them alone."

The disaster heaps more misery on a country where millions already faced increasing hunger and poverty and the health system has crumbled since the Taliban retook power nearly 10 months ago amid the US and NATO withdrawal.

How the international humanitarian community, which has pulled back significant resources from the country, will be able to offer aid and to what extent the Taliban government will allow it to remain in question. The Taliban's takeover led to a cutoff of vital international

Iran orders US to pay compensation for slain nuke scientists

AP ■ TEHRAN

A court in Iran on Thursday ordered the United States government to pay over \$4 billion to the families of Iranian nuclear scientists who have been killed in targeted attacks in recent years, state-run media reported.

The largely symbolic ruling underscores the escalating tensions between Iran and the West over Tehran's rapidly advancing nuclear programme, with negotiations to restore the tattered atomic accord at a standstill.

Although Tehran has blamed Israel in the past for slayings targeting Iranian nuclear scientists since a decade ago, Iran did not directly accuse its arch-foe Israel in its announcement.

Iran has not recognised Israel since the 1979 Islamic Revolution that ousted the pro-West monarchy and brought Islamists to power. The court mentioned Israel only in saying the US supported the "Zionist regime" in its "organised crime" against the victims.

It's unclear how the court decision, like a raft of previous Iranian cases against the US as the two sides have engaged in a spiralling escalation of threats, would gain traction; there are no American assets to confiscate in the Islamic Republic.

NORTHERN RAILWAY
TENDER NOTICE
The Sr.DME/Diesel, Northern Railway, Diesel Loco Shed, Tughlakabad for and on behalf of President of India invites e-tenders for the following work. The tender will be accepted online only in the prescribed tender document.

Subject	Description
Name of Work	"Comprehensive AMC of MASTER CONTROLLER unit in various schedules (Yearly, 3 Yearly and 6 Yearly) fitted in HHP Locomotives."
Place of Work	Diesel Shed, Tughlakabad, New Delhi-110044.
Completion period	24 months
Approximate cost of Work	Rs. 69,49,519.14/- including GST @18% (Rs. Sixty Nine Lakh Forty Nine Thousand Five Hundred Nineteen and Fourteen Paise only including GST @18 %)
Earnest Money	Rs.1,39,000/- (Rs. One Lakh Thirty Nine Thousand only)
Description of Similar Service Contract	The approved definition of similar nature of work is- "The Tenderer should be either an OEM of Master Controller or Authorized dealer of any OEM for Master Controller or Sources approved by RDSO for related work"
Technical Eligibility Criteria	As per clause 10 of tender form (second sheet) of Tender Document.
Financial Eligibility Criteria	As per clause 10 of tender form (second sheet) of Tender Document.
Website to download and upload e-tender document	www.ireps.gov.in
Due date & time of uploading of Tender by tenderer	15.07.2022 upto 12:00 Hrs.
Place of opening of tender	Divisional Railway Manager office, State Entry Road, New Delhi.
Date & Time of Tender opening	15.07.2022 after 12:00 hrs.
Validity of offer	45 days from opening of tender.
Allocation	05-312-32

Tender Document can be downloaded from Indian Railway website www.ireps.gov.in. For details of work experience, scope of work and terms & conditions please see Tender document.

TENDER NOTICE NO.: DSL-TKD-AMC-MC-2022 dated 22.06.2022 1535/2022

States to push for continuing GST compensation beyond June

Centre to cite tight revenue position

PTI ■ NEW DELHI

The GST Council at its meeting next week is likely to be a stormy affair with Opposition-ruled States aggressively pushing for continuation of compensation for revenue loss, while Centre will defend such a move citing a tight revenue position.

To meet the shortfall in the GST compensation fund, the Centre has borrowed and released to states ₹1.1 lakh crore in 2020-21 and ₹1.59 lakh crore in 2021-22 as back-to-back loans to meet a part of the shortfall in cess collection.

In addition, the Centre has also been releasing regular GST compensation from fund to meet shortfall. "Last year, out of the compensation cess collection, the Centre has repaid ₹7,500 crore towards interest cost for borrowing and ₹14,000 crore is to be paid this fiscal.

From next fiscal, the repayment of principal amount will start, which will continue till March 2026," an official said. The 47th meeting of GST Council, chaired by Union Finance Minister and comprising state Finance Ministers, in Chandigarh scheduled on June 28-29 is likely to see discussion veer around compensation mechanism and revenue position of the Centre and states.

As per estimates, some northeastern states do not require GST compensation. After 45th GST Council meeting in Lucknow, Union Finance Minister Nirmala Sitharaman

had said regime of paying compensation to states for revenue shortfall, resulting from subsuming their taxes, such as VAT in uniform national tax GST will end in June next year.

However, the compensation cess levied on luxury and demerit goods, will continue to be collected till March 2026 to repay the borrowings that were done in 2020-21 and 2021-22 to compensate states for GST revenue loss. Goods and Services Tax (GST) was introduced in country with effect on July 1, 2017, and states were assured of compensation for loss of any revenue arising on account of

implementation of GST for five years. Though states' protected revenue has been growing at 14% compounded growth, the cess collection did not increase in same proportion.

The pandemic hiked gap between projected revenue and actual revenue receipt, including a reduction in cess collection. To meet resource gap of states due to short release of compensation, Centre has borrowed and released ₹1.1 lakh crore in 2020-21 and ₹1.59 lakh crore in 2021-22 as back-to-back loans to meet a part of shortfall in cess collection.

'Govt can meet fiscal deficit target if rising oil prices don't force more excise cuts on fuels'

PTI ■ MUMBAI

The Centre can meet the fiscal deficit target of 6.4 per cent for 2022-23 if there are no excise duty cuts to lower high oil prices and additional spending on subsidies, a German brokerage said on Thursday.

Meeting the budgeted target will be possible if there is no further cut on excise duties, Deutsche Bank's chief economist Kaushik Das said.

The note said that the recent cuts in excise duties, coupled with the higher spending on fertiliser, food and fuel subsidies have led to "upside risks" on the fiscal deficit target.

"...Our analysis of the fiscal arithmetic at this juncture suggests that the central government can still potentially hold the FY23 fiscal deficit

close to the target of 6.4 per cent of GDP, assuming no further excise duty cuts or/and additional spending on subsidies over and above what has already been announced," it said.

However, it will be a "different story" if crude oil prices rise to over USD 150 per barrel during the course of the year, it said, hinting that the fiscal deficit can expand beyond the targeted levels otherwise.

The brokerage said its house view is for the fiscal deficit number to come at 6.5 per cent of GDP.

Clarity on whether the fiscal target can be met or not, and if market borrowing needs to be increased from the present target of Rs 14.31 lakh crore will become clearer only in the second half of the fiscal,

when the government has sufficient data on the revenue and expenditure front, it said. Listing out the factors which are leading to concerns over the fiscal situation, it said the government reduced central excise duty on petrol by Rs 8 per litre and diesel by Rs 6 per litre, expenditure allocation on fertiliser subsidies was raised by Rs 1.1 lakh crore and a Rs 61,000 crore scheme on cooking gas was also announced.

The note said the actual revenue collection turned out to be higher than the revised estimates in FY22, which will make it easier to achieve the revenue estimates for FY23 in absolute terms, but added that the actual expenditure also turned out to be higher than estimates. In FY23, total rev-

enue collections can be lower by around Rs 24,500 crore, given impact of measures enlisted above, it said, adding the expenditure compression is still likely to fall short of the additional increase in subsidy bill of Rs 2 lakh crore, which means that we should expect an overall expenditure overshoot of at least Rs 1.3 lakh crore, it said.

FY23 fiscal deficit could be potentially higher by Rs 1.5 lakh crore or 7 per cent of GDP, when calculated using the lower nominal GDP base provided in budget (which assumes only 11.1 per cent growth), but fiscal deficit works out to 6.54 per cent, when using a larger nominal GDP base, based on a realistic 17-18 per cent YoY (Year-on-Year) growth assumption, it said.

Sensex, Nifty rebound nearly 1 pc on gains in auto, IT stocks

PTI ■ MUMBAI

Equity benchmark indices Sensex and Nifty bounced back on Thursday to close higher by nearly 1 per cent on gains in banking, IT and auto shares amid mixed global trends.

The 30-share BSE Sensex rose by 443.19 points or 0.86 per cent to settle at 52,265.72. During the day, it rallied 694.26 points or 1.33 per cent to 52,516.79. The NSE Nifty advanced 143.35 points or 0.93 per cent to 15,556.65. From the Sensex pack, Maruti, M&M, Asian Paints, Bharti Airtel, TCS, Sun Pharma, Wipro, ICICI Bank and Hindustan Unilever were major gainers.

On other hand, Reliance Industries, NTPC, Power Grid and UltraTech Cement were laggards. Elsewhere in Asia, stock markets in Hong Kong, Shanghai and Tokyo ended with gains while Seoul settled lower. European markets were trading in red in mid-session deals. The US markets ended

marginally lower on Wednesday.

"The Indian markets opened on a positive note following Asian market peers which were trading mostly in the green led by China. During the afternoon session markets trimmed some of their gains as European markets struggled to shrug-off recession fears but managed to trade in the green," said Narendra Solanki, Head- Equity Research (Fundamental), Anand Rathii Shares & Stock Brokers.

The 30-share BSE Sensex tanked 709.54 points or 1.35 per cent to settle at 51,822.53 on Wednesday. The NSE Nifty fell 225.50 points or 1.44 per cent to end at 15,413.30.

Meanwhile, international oil benchmark Brent crude declined 1.92 per cent to USD 109.60 per barrel. Foreign institutional investors (FIIs) remained net sellers in capital market, as they sold shares worth ₹2,920.61 crore on Wednesday, as per exchange data.

PTI ■ NEW DELHI

Agriculture Minister Narendra Singh Tomar on Thursday assured the agrochemicals industry that he would take up the industry's demand to reduce GST on pesticides to 5 per cent from 18 per cent with the finance minister.

Addressing the '11th Agrochemicals Conference 2022' organised by FICCI, the minister stressed on the need for crop diversification and said farmers should grow more

horticulture and costly crops.

On the industry's demand to reduce GST on pesticides, Tomar said the matter related to this subject is being dealt by the GST Council. "I will meet and apprise the Finance

Minister about your demand," he said. Tomar said he would take up the issue with the finance ministry on behalf of the industry but a final decision on this would be taken by the GST Council.

The minister was responding to the demand made by FICCI Crop Protection Committee Chairman R G Agarwal that the GST should be reduced to 5 per cent from 18 per cent, as it is in the case of fertilisers. This will bring down the cost and promote usage of crop-protection chem-

icals. Tomar also emphasised on making agriculture profitable by increasing production and crop productivity, besides reducing input cost as well as post-harvest crop losses.

He highlighted that the Centre has launched many programmes in the last eight years to boost agriculture sector and double farmers income. Tomar said the Centre, along with States, is making efforts to provide new technologies to farmers. The government is in the process to set up 10,000 FPOs (farmers producer organ-

isations) to improve income of farming community, he added.

The minister said country is self-sufficient in foodgrains production while the government is making efforts to boost oilseeds and pulses output in a mission mode. He spoke about the need to undertake research in agriculture sector in the field of new seed varieties to improve crop yield.

Talking about fertilisers and pesticides, Tomar said there is a need to promote balanced use of these crop protection products. He agreed

that there is no unjudicious use of fertilisers and pesticides in India but asked industry to work on alternative products as farmers are also taking interest in organic as well as natural farming.

Tomar said government and the industry should work together to create awareness among small and marginal farmers about benefits of agrochemicals. The minister said Krishi Vigyan Kendras (KVKs) are working in this direction but there is a need to make concerted efforts.

Rupee settles at all-time low of 78.32 against US dollar

PTI ■ MUMBAI

The rupee on Thursday closed at its all-time low of 78.32 (provisional) against the US dollar as strong American currency and persistent foreign fund outflows weighed on investor sentiments.

At the interbank foreign exchange market, the local currency opened at 78.26 and finally settled at its all-time low 78.32, unchanged from its previous close.

On Wednesday, the rupee declined by 19 paise to settle at an all-time low level of 78.32 against the US dollar. The Indian rupee erased early morning gains as safe-haven demand drove the greenback ahead of quarter-end adjustments, said Dilip Parmar, Research Analyst, HDFC Securities. Parmar further said that there is a high chance of a near bounce amid a fall in commodities, strength in regional currencies and recovery in risk assets. "Spot USD-

INR is expected to be in the narrow range of 78.10 to 78.50 before heading towards 79 odd levels," Parmar said. The dollar index, which gauges the greenback's strength against a basket of six currencies, rose 0.41 per cent to 104.62. Brent crude futures, the global oil benchmark, declined 0.99 per cent to USD 110.63 per barrel.

On the domestic equity market front, the BSE Sensex ended 443.19 points or 0.86 per cent higher at 52,265.72, while the broader NSE Nifty gained 143.35 points or 0.93 per cent to 15,556.65. Foreign institutional investors remained net sellers in the capital market on Wednesday as they offloaded shares worth Rs 2,920.61 crore, as per stock exchange data.

Bank unions postpone June 27 strike

New Delhi: Bank unions on Thursday deferred their proposed June 27 strike as Indian Banks' Association (IBA) agreed to initiate negotiation talks on their demands.

The United Forum of Bank Union (UFBU), an umbrella body of nine bank unions, including All India Bank Officers' Confederation (AIBOC), All India Bank Employees Association (AIBEA) and National Organisation of Bank Workers (NOBW) had threaten to go on strike to press for issues related to pension and demand for five-days-a-week work.

As per agreement with IBA, the negotiation talks on various pending issues would begin on July 1, AIBEA general secretary C H Venkatachalam said after a meeting held under chairmanship of Chief Labour Commissioner.

Other demands included an updation and revision of pension for all pensioners and doing away with national pension scheme and restoring old pension scheme for all bank employees. PTI

RBI proposes norms for outsourcing of IT services by banks, NBFCs

PTI ■ MUMBAI

The Reserve Bank on Thursday proposed norms for the outsourcing of IT services to ring-fence banks and other regulated entities from financial, operational and reputational risks.

Regulated entities (REs) will not require prior approval from the central bank for the outsourcing of IT and IT-enabled services, according to RBI's draft Master Direction on Outsourcing of Information

Technology (IT) Services. "The underlying principle of these Directions is that the RE should ensure that outsourcing arrangements neither diminish its ability to fulfil its obligations to customers nor impede effective supervision by the supervising authority," said the draft, on which the RBI has invited comments from stakeholders by July 22.

Banks, payment banks, cooperative banks, credit information companies, NBFCs and other regulated entities, would be required to put in place a comprehensive board-

approved IT outsourcing policy. "Outsourcing of any activity of the RE shall not diminish its obligations as also of its Board and senior management, who shall be ultimately responsible for the outsourced activity.

"RE shall take steps to ensure that the service provider employs the same high standard of care in performing the services as would have been employed by the RE if the same activity was not outsourced," the draft said.

The draft specifies the role of the board and senior management, besides norms pertaining to the usage of cloud computing services and outsourcing of the Security Operations Center (SOC).

The RBI has also proposed that the REs should set up a robust grievance redressal mechanism, "which in no way shall be compromised on account of outsourcing", meaning responsibility for redressal of customers' grievances related to outsourced services would rest with them.

As per the draft, a risk

management framework for the outsourcing of IT services should comprehensively deal with the processes and responsibilities for the identification, measurement, mitigation/management and reporting of risks associated with outsourcing.

Entities regulated by the RBI should also require their service providers to develop and establish a robust framework for documenting, maintaining and testing Business Continuity Plan (BCP) and Disaster Recovery Plan (DRP).

Also, a RE could outsource any IT activity/IT-enabled service within its business group/conglomerate, provided that such an arrangement is backed by the Board-approved policy and appropriate service level arrangements/agreements with its group entities are in place, the draft said.

It has also proposed additional requirements for cross-border outsourcing. In February this year, the RBI had proposed to issue a guideline on outsourcing.

Govt-appointed committee on EVs fire cases to submit report this month

PTI ■ NEW DELHI

An expert committee set up by the road transport ministry to investigate cases of electric two-wheelers catching fire and suggest remedial measures is likely to submit its report this month, a senior government official said on Friday. Recently, there have been multiple incidents of electric vehicles (EVs) catching fire and resulting in death and causing severe injuries to people.

"The expert committee (formed on battery standards and certification) is likely to submit its report this month," the official told PTI.

Road Transport and Highways Minister Nitin Gadkari had recently said companies found negligent will be penalised and a recall of all defective vehicles will be ordered after the expert panel submits its report. The government had ordered a probe in April after an e-scooter launched by ride-hailing operator Ola's electric mobility arm engulfed in fire in Pune.

Indian economy to grow by 7-7.8 pc in FY23 despite global headwinds: Experts

PTI ■ NEW DELHI

The Indian economy can grow by 7-7.8 per cent this fiscal on the back of better agriculture production and a revitalised rural economy amid global headwinds mainly due to the ongoing Russia-Ukraine war, eminent economists said.

Eminent economist and BR Ambedkar School of Economics (BASE) Vice-Chancellor NR Bhanumurthy said at present Indian economy is facing multiple headwinds largely from external sources.

Noting that global inflationary pressures and the Russia-Ukraine war have brought in risks to the economy, which is otherwise strong with all the domestic macro fundamentals being well managed, he said unlike advanced economies, India's Covid stimulus measures, especially the fiscal policy interventions, are less inflationary and rather growth-enhancing.

"With better agricultural production and revitalised rural economy India should touch 7 per cent growth in the current year despite global headwinds," Bhanumurthy told

PTI. Echoing similar views, eminent economist and Institute for Studies in Industrial Development (ISID) director Nagesh Kumar said the high-frequency indicators point to a robust growth momentum carrying through 2022-23 with a real GDP growth somewhere between 7-7.8 per cent.

French economist Guy Sorman said India could be severely impacted by the high cost of energy and fertiliser imports. "However, because India is still, largely an agricultural economy, the social impact of slower growth will be tempered by city workers going back to their village.

"This could increase agricultural production and grain exports," Sorman added. The World Bank has cut India's economic growth forecast for the current fiscal to 7.5 per cent as rising inflation, supply chain disruptions, and geopolitical tensions taper recovery.

India's economy grew 8.7 per cent in the last fiscal (2021-22) against a 6.6 per cent contraction in the previous year. In its third monetary policy of 2022-23, the Reserve Bank

retained its GDP growth forecast at 7.2 per cent for the current fiscal, but cautioned against negative spillovers of geopolitical tensions and a slowdown in the global economy.

On high inflation, Bhanumurthy said, CPI inflation peaked in March 2022 and a large part of the CPI inflation in the last three months is driven by fuel prices.

"Delayed transmission of domestic fuel prices and rise in global fuel and other commodity prices appears to have led to a sudden spurt in CPI inflation," he said, adding that recent policy measures, such as reduction in fuel taxes and hike in policy interest rates, should smoothen inflation and inflation expectations in the coming quarters.

Kumar noted that the global headwinds of rising commodity prices do pose downside risks for the Indian economic outlook as the CPI levels are elevated.

"Yet, I do not think that India is heading towards stagnation, given that the growth momentum seems quite robust," Kumar argued.

BIS issues performance standards for electric vehicle batteries

PTI ■ NEW DELHI

The Bureau of Indian Standards (BIS) has come out with performance standards for electric vehicle batteries in order to ensure the safety of consumers, a senior consumer affairs ministry official said on Thursday.

BIS, the national standards-setting body that functions under the consumer affairs ministry, has published the "performance standards for electronic vehicle batteries", the official said.

The standard "IS 17855: 2022" has been formulated for lithium-ion traction battery packs and systems of electrically-propelled road vehicles and it has been harmonized with ISO 12405-4: 2018, the official added.

According to the official, the new EV batteries' standard incorporates the test procedure for the basic characteristic of performance, reliability and electrical functionality for the battery packs and system for

either high power or high energy application.

This standard is formulated considering real-life scenarios for an electric vehicle such as vehicle in parking (battery is not used for an extended period of time), the battery system is being shipped (stored), operating battery at low and high temperature etc., accordingly various tests are incorporated in this standard.

Electric vehicles operate on an electric motor and rechargeable batteries. Over the past decade, electric vehicles have grown in terms of visibility and availability in the market. Most electric vehicles use lithium-ion batteries because of their high power-to-weight ratio.

Considering the safety aspect of batteries for electronic vehicles, the BIS is in the process of publishing two more standards related to batteries for various passenger and goods carrying vehicles (L, M and N categories), the official said.

BUSINESS BRIEFS

HIRA NAND TAKES OVER AS DIR (FINANCE) OF NFL

Hira Nand has taken over as Director (Finance) of National Fertilizers Limited (NFL). Prior to this, Nand was Executive Director (F&A) in company. Nand is also on the board of NFL's JV Ramagundam Fertilizers and Chemicals Ltd. (RFCL). A cost and management accountant professional with degrees of M.Com, LL.B., Nand has a rich professional experience of more than 30 years in Accounts and Financial Management. He started his career with NFL in 1986 and gained rich experience in various aspects of Financial Management in Company. He has also worked with ONGC Petro additions Ltd. (OPaL), KRIBHCO and Model Economic Township Ltd in various capacities.

POWERGRID OBSERVES INTERNATIONAL YOGA DAY

Power Grid Corporation of India Limited (POWERGRID), a Maharatna CPSU under Ministry of Power, in association with Ministry of Ayush, celebrated the 8th International Day of Yoga-2022, with fervour and enthusiasm at Rakhigarhi, Hissar, Haryana. Hundreds of students and local public participated in this mega effort of practicing yoga together in the presence of Chief Guest, Krishan Pal Gurjar, Minister of State for Power & Heavy Industries, Govt. of India apart from Jaideep Arya, Chairman, Haryana Yoga Commission, Dr. Priyanka Soni, Deputy Commissioner, Hissar, Haryana, Vikas Yadav, SDM, Narnaud and V. K. Singh, Director (Personnel), POWERGRID.

Serena comeback cut short by Jabeur injury

AP ■ EASTBOURNE

Serena Williams' return to tennis action has been cut short after doubles partner Ons Jabeur withdrew from the Eastbourne tournament because of a knee injury.

The WTA event had seen tennis great Williams, 40, play her first two competitive matches since she limped out of last year's Wimbledon in tears with a hamstring problem.

The American and Tunisian partner Jabeur made it through to the semi-finals with a narrow last 16 win over Maria Bouzkova and Sara Sorribes Tormo, before a more convincing quarter-final victory in straight sets against Shuko Aoyama and Chan Hao-ching.

Williams will now focus on Wimbledon where she has accepted a wild card into the women's singles in a bid to win a record-equalling 24th Grand Slam title.

She will find out who she faces in the first round when the draw is made on Friday.

Earlier on Wednesday, Serena stepped up her comeback as the American star powered to a second successive victory.

Williams and Tunisia's Jabeur defeated Shuko Aoyama and Chan Hao-ching 6-2, 6-4 in the quarter-finals of the Wimbledon warm-up event at Devonshire Park.

Williams, 40, had initially looked rusty on her first appearance for 12 months in Tuesday's victory over Sara Sorribes Tormo and Marie Bouzkova.

But she grew into that match and was more like her old self in the second step on her comeback trail.

Williams will now focus on Wimbledon where she has accepted a wild card into the women's singles in a bid to win a record-equalling 24th Grand Slam title

It took only two minutes for the American to send down an ace before several clinical volleys provided the first break.

The opening set was wrapped up in 25 minutes and another break inspired by Serena in the ninth game of the second set put them on the brink of victory.

One more ace for Williams' tally helped get her and Jabeur over the line and they are now just two victories away from securing the title.

"I think we played together much better today, although I felt we played really well together yesterday. Ons really helped me out playing so good," Williams said.

Quizzed on how she celebrated yesterday, Serena she went for a dip in the nearby sea on the south-coast.

"I went to the beach and for a swim like everyone here in the cold water, no, no way! I didn't do much. I just played with my baby (Olympia). She is so fun," she said.

Williams is one Grand Slam crown away from equalling Australian

Margaret Court's record of 24 singles titles at the majors.

The last of her 23 Grand Slam singles titles came at the Australian Open in 2017.

Since then she has lost four Grand Slam finals, including at Wimbledon in 2018 and 2019.

Williams won the seventh and most recent of her seven Wimbledon singles titles in 2016.

Serena, who became a mother in 2017, has plummeted to 1,204th in the WTA rankings due to her period out of action.

Earlier Wednesday, Petra Kvitova battled into the Eastbourne women's singles quarter-finals as the former Wimbledon champion fought back to beat Britain's Katie Boulter 5-7, 6-0, 7-5.

Kvitova, who won Wimbledon in 2011 and 2014, was in danger of a shock defeat against Boulter after the world number 127 took the first set of their last-16 clash.

Boulter had knocked out last year's Wimbledon runner-up Karolina Pliskova in the previous round.

But former world number two Kvitova showed her class as she took the second set at a canter.

The Czech, who last reached a Grand Slam final in Australia in 2019, held her nerve in a tense decider to win in two hours and 23 minutes.

In the men's singles, Cameron Norrie defeated Brandon Nakashima 6-4, 6-2 for his first win on grass this season.

Indian women's U17 team suffer 0-7 defeat against Italy

PTI ■ UDINE

India's Under-17 women's football team suffered a humiliating 0-7 defeat against Italy in the opening match of a four-nation tournament at Grandiseco D'Isenzo stadium here.

The Thomas Dennerby-coached side started off the match by trying to press the opposition high up the pitch and entice mistakes from them.

Italy almost took the lead in the 10th minute as Dragoni had just Indian goalkeeper Monalisa to beat but the latter stretched and produced a wonderful save to deny the Italian.

However, India's resistance soon lay in tatters as just one minute later, Maria Rossi put the ball into the back of the net.

India came the closest to scoring on the half-hour mark when Anita tried a long-range effort to catch the Italian defence off-guard but her shot missed the target by a whisker.

The floodgates opened after that as Anna Longobardi and Giulia Dragoni scored in the

India jump two places to 104 in FIFA ranking

NEW DELHI: The Indian football team reaped a good harvest of its impressive Asian Cup qualification campaign as it gained two places to jump to 104th in the latest FIFA world rankings released on Thursday.

The Blue Tigers are placed just below New Zealand (103rd), who missed out on a 2022 FIFA World Cup spot after losing to Costa Rica 0-1 in the intercontinental play-off earlier this month.

India's ranking among Asian Football Confederation members, however, still remained static at 19th place. Iran retained the top spot among AFC countries at 23rd place. In the overall rankings, Brazil remained on top, three months after taking the top spot from Belgium (2nd).

Argentina jumped one place to third at the expense of France (4th) who paid the price for four winless games in the UEFA Nations League.

England, Spain, Italy, Netherlands, Portugal and Denmark complete the top-10. The next FIFA world ranking will be out on August 25. **PTI**

31st and 33rd minutes, respectively, to give the Italians some much-needed cushion.

Italy picked up right from where they left off in the first half as Manuela Scibica scored in the 48th minute.

Couple of quick-fire goals followed after that and within 15 minutes of the second half, Italy had extended their lead to six goals.

Dennerby made some changes in the 60th minute as Neha, Rejiya, Babina and Pinku came on for Nitu, Lynda, Kajol and Shelja, respectively.

Marta Zamboni scored the final goal of the game in the 67th minute as she stretched Italy's lead to 7 goals.

On an exposure tour, the Indian team will compete in two tournaments to gear up for the U-17 women's World Cup in India during October-November.

Back with a bang: Indian women's team storms into final

PTI ■ PARIS

India's recurve archers, who had a nightmarish qualification round in the women's event, bounced back strongly to storm into the final, confirming their first medal at the ongoing World Cup Stage 3 here on Thursday.

A day after all of them slipped out of top-30 in the qualifying round to get a lowly 13th seed, the trio of Deepika Kumari, Ankita Bhakat and Simranjeet Kaur beat Ukraine, Britain and Turkey en route the summit clash.

They will be against Chinese Taipei on Sunday.

The Indian women's recurve trio started off by eliminating fourth-seed Ukraine 5-1 (57-53, 57-54, 55-55).

Against Great Britain in the quarterfinals, they dropped just four points to down their opponents 6-0 (59-51, 59-51,

58-50).

In the semifinals, they had a slow start, aggregating 56 in the first set but their eighth-seeded Turkish rivals Gulnaz Coskun, Ezgi Basaran and Yasemin Anagoz shot a poor 51 to concede the first set by five points.

The Indians stepped up in the second set to edge out their rivals by one-point before they went on to lose their first set of the day when the Turkish team won the third 55-54 to make it 2-4.

Needing a tie in the fourth set to confirm their passage to the final, the Indians held their nerve and stood to their task for a 5-3 (56-51, 57-56, 54-55, 55-55) win.

Luck also was on their side as they did not have to face their nemesis Koreans as the top-seeds were upset by eighth-seeded Turkish team in the quarters.

Malaysia's Lee Zii Jia pulls out of CWG

PTI ■ NEW DELHI

Former All England champion Lee Zii Jia has pulled out of the upcoming Commonwealth Games to manage his workload, keeping in mind the World Championships in August.

The world number five Malaysian's withdrawal will make it a bit easier for the Indian duo of Kidambi Srikanth and Lakshya Sen to go for the coveted Gold at the Birmingham event with Singapore's first ever badminton world champion Loh Kean Yew emerging as one of the favourites.

"This is a difficult decision to make because I have played so many back-to-back tournaments and I think my body condition lacks rest and (so) I have to choose between Commonwealth and the World Championships," Zii Jia said in a video posted on Twitter. "I have already spoken to my team members as well and we came out with a decision to focus more on World Championships instead."

The Commonwealth Games is scheduled in Birmingham from July 28 to Aug 8, while the world Championships will be held in Tokyo from August 22 to 28.

Zii Jia will compete at the Malaysian Open from June 28 to July 3, followed by the Malaysian Masters from July 5-10.

Cristiano could return to Juventus

AP ■ LONDON

Manchester United star Footballer Cristiano Ronaldo is planning to return back to Juventus after an underwhelming season with Premier League club.

According to reports, Ronaldo's manager Jorge Mendes has already made a move and offered the 37-year-old striker's service to Juventus.

An AS.com report suggests that Ronaldo's manager has offered the footballer to the Italian giants. It has been learned that Juventus have not totally ruled out having star footballer in their side, although there is some doubt over whether they would be able to complete a deal.

United have not won the Premier League title since 2013 and last won a trophy in 2017. They finished last season in sixth place, having sacked Ole Gunnar Solskjaer and replaced him with interim boss Ralf Rangnick.

The new manager of the club, Erik ten Hag has been tasked with a tricky rebuilding job in his first summer at Old Trafford and will need to get to work on replacing some of the star names who will leave when their contracts expire on June 30.

Ronaldo is reportedly 'worried' about United's current approach in the transfer win-

dow, according to a report from AS.com.

Along with Ronaldo, Pogba, who was bought by the club for a record \$112 million, could return to his former club Juventus.

The 37-year old found the back of the net 24 times in what was a forgetful season for Manchester United, as they failed to qualify for the Champions League, a result that leaves Ronaldo's future at the Old Trafford under doubts.

Ronaldo made 134 appearances for Juventus, scoring 101 goals and winning two league titles as well as two Coppa Italia.

No Rani in India's CWG team

PNS ■ NEW DELHI

India on Thursday named an 18-member women's hockey team for the upcoming Commonwealth Games, with star striker Rani Rampal left out yet again for failing to regain full fitness after an injury.

The CWG team is very similar to the one taking part in the World Cup next month.

The side will be captained by goalkeeper Savita Punia while experienced defender Deep Grace Ekka will be her deputy in the Birmingham CWG, to be held from July 28 to August 8. The duo will also take the same roles in the World Cup, to be co-hosted by the Netherlands and Spain from July 1 to 17.

There are only three changes in the CWG squad from the World Cup team. Rajani Etimarpu was named in place of Bichu Devi Kharibam as number two goalkeeper while World Cup team member Sonika (midfielder) was left out from the CWG squad. Forward Sangita Kumari, who was named as one of the replacement players for the World Cup, figured in the CWG team as a full member.

India have been placed in pool A along with England, Canada, Wales and Ghana. They will begin their campaign on July 29 against Ghana.

Rani, who led the Indian

women to a historic fourth-place finish at the Tokyo Olympics, was picked for the recent FIH Pro League matches in Belgium and Netherlands after recovering from a hamstring injury.

She didn't feature in the first four games of the side's European leg of Pro League, raising doubts about her fitness. Eventually, it cost her a place in the World Cup-bound squad.

In the 2014 Commonwealth Games in Gold Coast, India had finished fourth after losing to England in the bronze medal match. However, after an impressive campaign in their

maiden FIH Pro League where they finished overall third behind Argentina and the Netherlands, the Indian team is looking for a podium finish in Birmingham.

INDIAN TEAM

Goalkeepers: Savita (c), Rajani Etimarpu

Defenders: Deep Grace Ekka (vc), Gurjit Kaur, Nikki Pradhan, Udit

Midfielders: Nisha, Sushila Chanu, Pukhrabam, Monika, Neha, Jyoti, Navjot Kaur, Salima Tete

Forwards: Vandana Katariya, Lalremliami, Navneet Kaur, Sharmila Devi, Sangita Kumari.

Top-scorer Nkunku extends stay with Leipzig until 2026

AP ■ LEIPZIG

RB Leipzig have extended the contract of their top-scoring France forward Christopher Nkunku until 2026, it was announced Thursday.

The 24-year-old was in stellar form last season, banging in 35 goals, including 20 in the Bundesliga, plus 19 assists in 50 matches in all competitions.

His performances earned him a debut in the France team last March and attracted interest from his former club PSG and Manchester United.

Nkunku still had two years on his original contract, but RB Leipzig managing director Oliver Mintzlaff has secured his services for another four years.

The new deal reportedly includes a significant salary raise with magazine Kicker and German daily Bild claiming a release clause of around 60 million euros becomes active next summer.

"I was really impressed with

Löw tips Götze for Germany recall after Frankfurt move

AP ■ BERLIN

World Cup winner Mario Götze has been tipped for a Germany recall by former national team coach Joachim Löw after returning to the Bundesliga by signing for Champions League side Eintracht Frankfurt.

Götze completed his transfer from Dutch Eredivisie runners-up PSV Eindhoven by signing a three-year contract. "I'm really looking forward to playing for Eintracht Frankfurt," said Götze, who scored an extra-time winner in Germany's victory over Argentina in the 2014 World

Cup final.

"The club has developed incredibly and embarked on an exciting, ambitious path which I am glad to be a part of."

Frankfurt have qualified for the Champions League for the first time since losing the 1960 European Cup final to Real Madrid after winning the Europa League last season.

Sporting director Markus Kroesche said Götze turned down "numerous offers" in order to join Frankfurt.

"We have lacked a type of player like him so far," said Kroesche.

Löw, who brought Götze

the club's efforts to keep me, so a big thanks to those responsible, especially Oliver Mintzlaff, with whom I was always in close contact," Nkunku said in a statement.

Red Bull-backed Leipzig

won the German Cup last season, a first title for the club which was only founded in 2009.

They have again qualified for the Champions League next season and Nkunku said the

club has big goals.

"RB Leipzig have made a name for themselves on the international stage in recent years and have shown we can compete for titles," he said. "We want to build on that

going forward and go one step further."

HALLER TO REPLACE HAALAND

Ajax forward Sebastian Haller flew to Germany on

Thursday to complete a medical check before signing with Borussia Dortmund as a replacement for Erling Haaland.

Haller was picked up by Dortmund officials after landing at the city's airport from where he was taken for his medical.

The 28-year-old Ivory Coast international is reportedly poised to ink a four-year deal with Dortmund to replace Haaland, who has joined Premier League champions Manchester City.

German daily Bild say Haller's transfer from Ajax is set to cost Bundesliga runners-up Dortmund around 31 million euros (\$32.5 million) including bonuses.

Haller was in superb form in the Champions League last season, scoring 11 goals in eight games including four in a 5-1 win over Sporting Lisbon in Ajax's opening group match.

The Dutch champions bowed out in the last 16, but Haller went on to score 21 goals in 31 games in the Eredivisie.

INDIA CHOKES SL, TAKE 1-0 LEAD

PTI ■ DAMBULLA

The Indian bowlers choked the Sri Lankan women's team after Jemimah Rodrigues' vital knock on return to secure a convincing 34-run victory in the first T20 International here on Thursday.

Defending a modest 139, left-arm spinner Radha Yadav (2/22) made her presence felt right after the powerplay by dismissing the dangerous-looking Sri Lankan captain Chamari Athapaththu (16) and Harsitha Madavi (10) in three balls.

Reduced to 27 for three inside seven overs, Sri Lanka never managed to get going in the run chase, which was further derailed by some tight bowling by seamer Deepti Pooja Vastrakar in the middle overs en route to a tidy spell of 4-1-13-1.

Deepti Sharma gave India a flying start, dismissing opener Vishmi Gunaratne (0) in the second over. The senior off-spinner was at her miserly best in the powerplay and returned with figures of 3-1-9-1 to stymie the Sri Lanka's progress early on.

Deepti also took a stunning catch running in from deep square leg to give Radha her second wicket of the day.

Kavisha Dilhari waged a lone battle for the hosts with a fighting 49-ball 47 (6x4), but the Indians' top-class bowling and fielding ensured their team emerged easy winners for a 1-0 lead in the three-match series.

The hosts needed 78 runs in the last five overs and Kavisha got going with a flurry of boundaries against Harmanpreet Kaur and Radha.

But it proved insufficient as the Indians choked the home team's run rate while denying the Islanders any six in their innings.

Shafali Varma compounded Sri Lanka's misery by dismissing Ama Kanchana (11) in the death overs to leave them tottering at 104 for five.

The second match of the series is slated for Saturday.

Opting to bat, India lost opener Smriti Mandhana (1) in the third over of the game, the 25-year-old becoming the victim of veteran spinner Oshadi Ranasinghe while looking to free her arms. She hit a tossed-up delivery straight to Chamari Aththapattu at mid-on.

Sabbhineni Meghana was out for a golden duck, sent back to the dressing room by old warhorse Ranasinghe.

Losing two wickets early and under pressure in the hot and humid Dambulla, it was left to the duo of Harmanpreet and Shefali Verma to take control of the situation.

A well-settled Verma was the next to go, dismissed by Aththapattu on 31 while trying to go for a maximum.

Smart bowling by the Lankans ensured that they soon got their biggest breakthrough when Harmanpreet (22) was trapped in front of the wicket by spinner Inoka Ranaweera in the 11th over.

Ranaweera picked two more wickets to send back wicketkeeper batter Richa Ghosh (11) and Pooja Vastrakar (14) to reduce the visitors to 106 for six in 17 overs and leave Jemimah with the task of giving the Indian total a semblance of respectability.

Coming in at five, Rodrigues, who made her comeback to the side after a while, did not succumb to the pressure and scored some crucial runs, hitting three fours and a six, with Deepti Sharma playing the second fiddle with a 17 off 8 balls.

Blessed to have spoken to Rohit & Pant after being dropped: Jemimah

PTI ■ DAMBULLA

Words of encouragement from Rohit Sharma and Rishabh Pant lifted Jemimah Rodrigues' spirit while she tackled a difficult phase and worked on her comeback, which began right after being dropped from the Indian women's team.

The chirpy cricketer feels she is blessed to have spoken to the likes of Rohit and Pant.

Jemimah, who was not part of India's World Cup squad in New Zealand, marked her return to international cricket with a vital 27-ball 36 not out to give India enough runs to defend in the first T20 International here on Thursday.

"My journey since the last Sri Lanka tour has not been smooth, it had its ups and downs. I have spoken to Rohit Sharma and Rishabh Pant, they told me these moments will define your career, they told me not to take it (being dropped from the squad before the World Cup) in a negative way," Jemimah said at the post-match press conference.

"They told me I should take up the challenge and move ahead. I am blessed to have spoken to them."

Coming in at number five, Rodrigues did not succumb to the pressure created by the Sri Lankan bowlers and scored some crucial runs, hitting three fours and a six. India posted 138 for 6 and the visiting bowlers choked the Sri Lankans to secure a convincing 34-run victory.

"I have understood my game better in the four-five months, I have become calmer, I have changed though my height remains the same," said Jemimah. "I started preparing right after I was dropped."

Coming into the middle at a crucial juncture of the innings, Jemimah said she was nervous to start with.

"This innings means a lot, I was nervous initially but the late cut boundary helped me a lot in easing things up. I am back in the side after 4-5 months or maybe more than that. I was pumped up."

Asked about the pitch, she said, "I don't know, it is more like the pitch where I stay in Mumbai. The pitches are similar, so I am used to playing in these conditions. I love this country, it is a very beautiful country. It is a privilege to come here and the love we are getting from the board is great."

Bharat impresses, top-order fails in warm-up match against Leicestershire

PTI ■ LEICESTER

Wicketkeeper Srikar Bharat impressed with an unbeaten 70, even as India's top-order failed to get batting practice on the first day of their warm-up match against Leicestershire here on Thursday.

Opting to bat after winning the toss, India's top guns failed to fire as the visitors slipped to 81 for five, before reaching 246 for eight at the close of play.

Bharat shone during his 158-minute stay in the middle before rain brought an early end to the day's proceedings at Grace Road.

In all, the 28-year-old batter from Andhra hit eight fours and a six while facing 111 balls. At stumps, Mohammed Shami was giving Bharat company on 18.

Skipper Rohit Sharma (25) and Shubman Gill (21) got out after getting starts. The opening duo, which is set to begin India's innings in the one-off 'fifth Test', added 35 runs for the first wicket before the latter was dismissed by fast-medium bowler Will Davis.

India's first-choice wicketkeeper Rishabh Pant, who was representing the English county side alongside Cheteshwar Pujara, Jasprit Bumrah and Prasidh Krishna, held on to the catch of Gill, who found the fence four times while lasting 38 minutes.

For the addition of another 15 runs, India lost the wicket of Rohit, who hit three fours during his 64-minute stay in the middle.

Rohit's departure paved the way for Virat Kohli's arrival, and the former India captain looked to take the onus upon himself to prop up India.

In between, Hanuma Vihari (3) came on to bat at number three but departed cheaply off the bowling of Roman Walker.

Shreyas Iyer failed to open his account and walked back to the dressing room after facing 11 balls, having nicked Prasidh to the waiting hands of Pant.

All-rounder Ravindra Jadeja too failed to make an impact as he was adjudged lbw off the bowling of Roman Walker, who finished the day with impressive figures of 5/24.

Ashwin joins team in Leicester

PTI ■ LEICESTER

Senior off-spinner Ravichandran Ashwin, who did not travel to the United Kingdom along with his India team-mates for the one-off 'fifth Test' after testing positive for COVID-19, has joined the side in Leicester, according to sources.

Ashwin, who is in quarantine, joined his team-mates at Leicester where India

is playing a warm-up match.

The Indian team had left for the UK on June 16.

"Yes, Ashwin has joined the team but he is still recovering. He is not fit to play the warm-up game," a source said.

The team management is hopeful that he will recover in time for the Test against England, which starts on July 1.

After the IPL, Ashwin had played a Tamil Nadu Cricket Association (TNCA) league red-ball match where he had bowled 20 overs to get some long-form game time.

Broad leaves Kiwis struggling in 3rd Test

AP ■ LEEDS

England's Stuart Broad was enclosing in on 550 Test wickets after striking in the first over of the match and then removing New Zealand captain Kane Williamson on the opening day of the series finale at Headingley on Thursday.

New Zealand, already 2-0 down in a three-match series, were 65 for three at lunch after winning the toss under blue skies and on a seemingly good pitch for batting in Leeds.

England were looking to make it three wins out of three under their new leadership duo of captain Ben Stokes and red-ball coach Brendon McCullum, a former New Zealand skipper.

They were without James Anderson, their all-time leading Test wicket-taker, because of an ankle injury.

But any disappointment at Anderson's absence was soon eased when his longtime new-ball partner Broad removed Tom Latham for a sixth-ball duck after he edged a delivery straight to Joe Root at first slip.

New Zealand were none for one at that stage, but Will Young and Williamson, back in action after missing the second Test in Nottingham with a bout of coronavirus, repaired some of the early damage.

Williamson, on a ground where he had played for Yorkshire, smashed Broad for four and Young cut a boundary off Test debutant Jamie

Overton, with the Surrey quick preferred to twin brother Craig as the replacement for Anderson.

Spin, however, ended a promising partnership, when left-arm Jack Leach struck with his first ball, turning and straightened a delivery past Young's bat to have the opener lbw for 20.

Young reviewed, more in hope than expectation, with replays indicating the ball would have hit the middle of middle stump and New Zealand were 35 for two inside 13 overs.

Broad then captured the key wicket of Williamson, whose fluent 31 had included five fours, when the star batsman edged a fine leg-cutter to wicketkeeper Ben Foakes as the seamer took his 548th Test wicket.

Williamson, in a rare show of emotion, ripped off his glove in disgust.

New Zealand almost lost a fourth wicket before lunch when left-hander Devon Conway, on 11, inside-edged Broad, only for Foakes to drop a difficult one-handed chance as he dived to his right.

Maxwell earns Test recall

AP ■ COLOMBO

Australia all-rounder Glenn Maxwell has been added to the Test squad in Sri Lanka following a spate of injuries in the camp. The development comes after Travis Head was ruled out of the fifth ODI with a hamstring injury, with white-ball captain Aaron Finch "not sure" about how the batter will hold up for the upcoming Test series.

Head sustained a low-grade hamstring injury while fielding in the fourth ODI of the series. "It's a bit more of a precaution, especially with where he fields," Aaron Finch said in the presser ahead of the final ODI. "He fields in the outfield and the ground is quite heavy and he does a lot of Ks... I'm not sure what he'll be like for the Tests but he's definitely not available for tomorrow."

Maxwell last played a Test five years ago, against Bangladesh in Chattogram, and could make a return to the XI at Galle, especially given the side injury to Ashton Agar. Maxwell, though, will have to fight off challenges from Mitch Marsh and Josh Inglis to replace Head at No. 5, should the latter not get fit in time.

Sarfraz's 134 propels Mumbai to 374, MP finish day 2 at 123/1

PTI ■ BENGALURU

Sarfraz Khan completed his transformation from Mumbai cricket's resident 'enfant terrible' to 'Man Friday' with a superb hundred that kept his side ahead against Madhya Pradesh in the Ranji Trophy final, here on Thursday.

Courtesy Sarfraz's fourth hundred of the season - 134 off 243 balls - the 41-time champions managed a fighting 374 in their first innings after beginning the day at 248 for five.

But Madhya Pradesh won't be too unhappy as they finished the second day at 123 for one with Yash Dubey (44 batting) and Shubham Sharma (41 batting) adding 76 runs for the unbroken second wicket.

The day belonged to none other than Sarfraz, who has now scored an astounding 937 runs in Ranji Trophy in just six games and could make it 1000 for the season if Mumbai bat again in this match.

boundaries and two huge sixes - one over square leg off left-arm spinner Kumar Kartikeya and one down the ground off off-spinner Saransh Jain.

But what stood out was how he managed the innings after Shams Mulani was

trapped leg before by Gourav Yadav (4/106) in the opening over of the second day.

His batting with the tail showed his new-found maturity, which is proving to be a boon for Mumbai cricket. He chose loose deliveries for

boundary, forcing MP captain Aditya Shrivastava to open the field.

The manner in which Sarfraz has turned a corner since the 2019-20 season (928 runs back then) is phenomenal as he had disciplinary issues early in his career, which also forced him to leave Mumbai for a season.

With father Naushad Khan, who also doubles up as his coach, making him play 400 balls (nearly 67 overs including nets and knocking) a day at practice, Sarfraz 2.0 is a battle-hardened man, the 'khadoos street fighter' that any captain would want to go to a war with.

Once he reached his fifty, he touched the lion's crest on his jersey, gesturing 'Don't worry, I am going nowhere'.

His batting isn't as pleasing to the eye as Prithvi Shaw's but highly effective. His batting is assuring. He knows how to score those runs on a track that is largely two-paced and in overcast conditions with the ball doing a fair bit.

When MP skipper spread the field to stop boundaries,

he still found his way to play the controlled square cut off seamer Anubhav Agarwal, which bisected the two fielders stationed at deep extra cover and deep point to the fence.

The Indian Test team's middle-order is still jam-packed but the manner in which Sarfraz is batting, to put it in head coach Rahul Dravid's words, he is not just knocking but banging the selection door down.

Sarfraz was involved in four small, but very effective, partnerships which could prove to be decisive if the match turns out to be an affair of one innings.

He added 40 for seventh wicket with Tanush Kotian (15), 26 for the eighth wicket with Dhawal Kulkarni (1), 39 for the ninth with Tushar Deshpande (6) and another 21 priceless runs for the final wicket with Mohit Avasthi (7).

By the time, he became Mumbai's last batter to be dismissed, he had ensured that the total is good enough for his bowlers to defend.

PTI ■ BENGALURU

"This hundred is because of my abbu (father), his sacrifices and holding my hand when I could have been down and out," a teary-eyed Sarfraz Khan choked in front of scribes while dedicating his best century to father and coach Naushad Khan.

Those who follow Mumbai cricket closely know how tough Naushad is on his sons Sarfraz and Mushir (also in Mumbai squad), who don't have a life beyond cricket.

So is the dream India call-up on the cards now? His eyes welled up while answering the question after his century lifted Mumbai to 374 against Madhya Pradesh in the Ranji Trophy final here.

"In our lives, it's about all those little dreams that we harbour. The dreams that we (he and his dad) have dreamt together. The nearly 2000 runs that I have scored in two seasons since my Mumbai comeback is because of my 'abbu'," he said.

When there aren't any

matches, the brothers train for good six to seven hours per day under their father's supervision.

He has had disciplinary issues, has not been the establishment's favourite child, and had to migrate to UP for a season before coming back and serving a cooling-off period

before being picked for Mumbai again.

"Aap sab toh jaante ho mere saath kya kya huwa. Abbu na rahte toh main khatm ho jataa (You all know what I have gone through and had my father not been there, I would have been finished by now)."

Congratulations

To Niranjana Mudliar who has been awarded Doctor of Philosophy (Ph.D) from Rai University, Ahmedabad by the grace of lord and blessings of elders.

His Research was on Sustainable mode of transportation for Tractors & Cars through containerized trucks under the guidance of Dr. Paramjeet Singh research guide, Rai University, Ahmedabad.

We wish him best wishes & success in future
