As rebel camp swells, Sena seeks to disqualify 12 MLAs

Shinde releases a group photo of 42 MLAs backing him, but Pawar hopes MVA Govt will pull through

TN RAGHUNATHA ■ MUMBAI

Amid the political crisis arising out of a massive rebellion within the ruling Shiv Sena deepening on Thursday and more MLAs joining the rebel camp, the Shiv Sena has moved a petition before the Deputy Speaker to take action against 12 MLAs.

Rebel Eknath Shinde's camp has claimed it enjoys the support of 42 MLAs, but NCP chief Sharad Pawar has said the MVA Government will survive and the situation will change dramatically when the rebel MLAs return to Mumbai.

The newly-appointed Shiv Sena legislature party leader Ajay Choudhari met the acting Speaker Narhari Zhirwal on Thursday and urged him to take action against the 12 rebel MLAs for violating party discipline.

'National party' has assured all help: Shinde

PTI ■ MUMBAI

Shiv Sena leader Eknath Shinde, whose rebellion against the party has pushed the three-party Maha Vikas Aghadi (MVA) government to the brink of collapse, said a "national party" has termed their revolt as "historic" and assured to provide all help to them.

A video of Shinde addressing the group of rebel Sena legislators at a Guwahati hotel was released by his office here. The video also showed the legislators unanimously authorising Shinde to take further decision on their behalf as their group leader.

In the video, Shinde is seen as saying, "Our worries and happiness are the same. We are united and victory will be ours. There is a national party, a 'mahashakti'. You know they vanquished Pakistan. That party has said that we have taken a historic decision and assured to provide all help."

A statement issued by Shinde's office said the decision to authorise him to take decision on their behalf was taken unanimously.

Sena leader Arvind Sawant said a whip was issued to MLAs and since they didn't obey and gave prior notice, our party has brought this to the notice of the Vidhan Bhavan. "Twelve names are there in the petition submitted to Maharashtra Assembly Deputy Speaker. Membership of Eknath Shinde, Balaji Kinikar, Lata Sonawane, and Bharat Gogawale among 12 others should be cancelled. We have asked the Deputy Speaker to take action against these 12."

Reacting to the Shiv Sena's move seeking disqualification of 12 MLAs in his camp, rebel leader Eknath Shinde said: "The whip which you are citing for disqualification is for Assembly work and not meetings. We are the real Shiv Sainiks following the principles of Balasaheb."

Meanwhile, a day after Uddhav Thackeray offered to quit both as the Chief Minister and party chief if the rebel party MLAs were to meet him personally and ask him to put in his papers and moved out CM's official residence, Shinde — in a show of strength — released a group photograph of 42 MLAs supporting him taken

Nationalist Congress Party chief Sharad Pawar addresses the media after a party meeting, at Yashwantrao Chavan Centre in Mumbai on Thursday

at Radisson Blu Hotel at Guwahati, where they are camping currently.

The video that the Eknath Shinde camp circulated in the media showed the rebel MLAs sitting together and raising slogans like "Shinde Saab Tum Aage Badho, Hum Tumhare Saath Hain."

On a day when Uddhav Thackeray appeared reconciled to the prospect of the fall of his Government, NCP chief Sharad Pawar — who is the

architect of the Maha Vikas Aghadi (MVA) Government — expressed optimism that the MVA dispensation would survive the current crisis facing the Shiv Sena. "Let the MLAs come back from Guwahati. The situation will change drastically. The MVA Government will survive the floor test in the State Assembly," Pawar said.

Reiterating his party's support to Uddhav Thackeray, Pawar said it was the responsibility of all the three con-

stituents — Shiv Sena, NCP, and Congress — to "save" the Uddhav Thackeray Government.

Without taking the name of the BJP, Pawar slammed the BJP for the manner it fuelled rebellion within the Shiv Sena. "Everyone knows how the rebel Shiv Sena MLAs were taken to Gujarat and then to Assam. We don't have to take the names of all those assisting them. The Assam Government is helping them. I don't need to take any names further," he said.

The rebel MLAs will have to come back to Mumbai and face the Assembly, he said, adding that BJP leaders "from Gujarat and Assam will not be coming here to guide them."

Pawar also refuted allegations by rebel Shiv Sena MLAs that they faced difficulties in getting funds for their constituencies as the Finance Ministry, which is controlled by NCP's Ajit Pawar, discriminated against them, and the Sena has given up its Hindutva ideology.

"All these are excuses, some of these MLAs are facing a probe by Central agencies," he said. The NCP chief also said that the rebels will have to face consequences, recalling that when Chhagan Bhujbal defected from the Shiv Sena to join the Congress in the 1990s, all his supporters except one lost the Assembly election.

Let's meet halfway, China urges India

Beijing says interests outweigh differences, proposes four-point process to boost ties

PIONEER NEWS SERVICE/AGENCIES ■ NEW DELHI/BEIJING

Even as face-offs persist at the border in Ladakh for the last two years, China has urged India to meet "halfway", saying common interests outweigh differences between the two countries. China also called for enhancing mutual trust rather than remain "suspicious of each other."

This message was conveyed by Chinese Foreign Minister Wang Yi to India's ambassador Pradeep Kumar Rawat on Wednesday in Beijing. The Chinese minister also proposed a four-point process to improve ties between the two countries.

The Indian envoy emphasised the "criticality of maintenance of peace and tranquility in the border areas" to realise the full potential of the consensus between the top leaders of the two sides on the importance of Sino-India ties for Asia and the world.

"Bilateral and multilateral issues of interest to both sides were touched upon during the conversation" between Rawat and Wang, the Indian embassy in Beijing said in a statement

Indian Ambassador to China Pradeep Kumar Rawat meets Chinese Foreign Minister and State Councilor Wang Yi at Diaoyutai State Guest House in Beijing on Wednesday

PTI

on Thursday.

"Wang Yi conveyed that at the highest level of leadership of the two countries, there is consensus on the importance of bilateral relations for Asia and the world," the release said.

"Wang Yi said the border issue is important and we should stay committed to peacefully addressing it through consultation and coordination," it said.

The meeting between Wang Yi and Rawat came ahead of the virtual meeting of Prime Minister Narendra Modi with President Xi Jinping and other heads of states of the BRICS combine on Thursday.

Incidentally, Wang Yi was the first Chinese minister to visit India this March since the stand-offs erupted at the Line of Actual Control (LAC) in Eastern Ladakh in May 2020 leading to major flare up. He held talks with External Affairs Minister S Jaishankar to find ways for early disengagement of troops from the friction points.

In the first meeting between Wang Yi and Rawat, the Chinese foreign minister said the two countries should support rather than undermine each other and enhance trust rather than be suspicious.

Will consider exit from MVA... Raut's call to rebels raises allies' eyebrows

TN RAGHUNATHA ■ MUMBAI

Amid an unprecedented rebellion that his party is reeling under, Shiv Sena chief spokesperson Sanjay Raut on Thursday set the cat among the pigeons when he — in his apparent over-enthusiasm to placate the rebel Sena MLAs — said that if the aggrieved party legislators wanted the Sena to quit the Maha Vikas Aghadi they should come and place their demand before Chief Minister Uddhav Thackeray.

Raut's statement — though it came in the form of an appeal to the rebel Shiv Sena MLAs camping at a Guwahati hotel — came on a day when the Sena allies pledged their support to the Uddhav Thackeray-led MVA Government. Understandably so, Raut's remarks upset the MVA leaders, including NCP chief Sharad Pawar, as it meant the Sena was ready to forsake

Shiv Sena MP Sanjay Raut and MLAs Kalpesh Patil and Nitin Deshmukh interact with the media after the MLAs returned from rebel party leader Eknath Shinde's camp in Guwahati, in Mumbai, on Thursday

its ruling allies to save the party.

"You (rebel Sena MLAs) say you are real Shiv Sainiks and will not quit the party. We are ready to consider your demand provided you come back to Mumbai in 24 hours and discuss the issue with CM Uddhav Thackeray. Your

demand will be considered positively. Don't write letters on Twitter and WhatsApp," Raut appealed to the MLAs.

He was talking to the media after a meeting of Sena MLAs at the CM's official residence.

PIONEER NEWS SERVICE ■ NEW DELHI

Australia on Thursday said China is the "biggest security anxiety" as it is seeking to shape the world in a way that was not seen before. It also slammed China for its "appalling behaviour" towards Indian soldiers two years ago in the Galwan valley in Ladakh.

Twenty Indian Army personnel, including the commanding officer, were killed in a bloody brawl with the Chinese troops on June 15, 2020. These remarks by visiting Australian Deputy Prime Minister and Defence Minister Richard Marles here came against the backdrop of China flexing its muscles in the Indo-Pacific, the South China Sea and the ongoing tension at the border in Ladakh.

Sounding this note of caution, Marles said India too has similar security concerns and that Australia stands in soli-

darity with New Delhi over its border row with China.

He also expressed concern over growing defence and security cooperation between China and Russia, suggesting that it could have implications for the region. The visiting dignitary made these observations during an interaction with journalists.

Marles said New Delhi and Canberra are strongly committed to expand defence and security ties as his country sees India as "completely central" to its world view.

"For Australia, China is our largest trading partner and so is for India. For Australia, China is our largest security concern, that is also the same for India," he said.

India and Australia are working closely together not only to build our relationship economically but also in the context of defence so that together we are engaging more deeply to enhance the defence

and security of both our nations, Marles said.

In an apparent reference to the Galwan Valley clashes in eastern Ladakh over two years back, Marles said his country stands in solidarity with India in respect of that incident. Twenty Indian Army personnel, including the commanding officer, were killed in a bloody brawl with the Chinese troops on June 15, 2020. More than 40 Chinese soldiers were also killed in the clash.

China is seeking to "shape the world around it in a way that we have not seen before," and that has resulted in "more assertive Chinese behaviour", especially in the last couple of years, Marles said.

"We've seen it in respect of the Line of Actual Control (LAC)... the incident that occurred a couple of years ago, where there was an appalling behaviour towards Indian soldiers, and we stand in solidarity with India in respect of that

incident," he said.

China's growing assertiveness in the South China Sea is aimed at deterring Australia's activities to protect the rules-based order in that region, including the freedom of navigation and overflight, Marles said. Greater cooperation between Australia and India in the face of such Chinese assertiveness is "absolutely imperative," he said.

"It is really important that we live in a world where there is a rules-based order, where disputes between countries are resolved as per a set of rules and in a peaceful way," Marles said. On the Ukraine crisis, Marles said, "What we are seeing in Ukraine is having an impact on global food supply and that is a real concern."

He said a large country was seeking to overpower a smaller neighbor and this principle was there too in the Indo-Pacific.

Delhi Covid number doubles, cases spike to 15K in country

PIONEER NEWS SERVICE ■ NEW DELHI

With Delhi and Maharashtra recording sharp surge in Covid cases, the total caseload is likely to cross 15,000 mark on Thursday against 13,000 reported a day ago.

As per the Government data, Delhi on Thursday reported 1,934 new Covid cases, almost double from the day before. The national Capital's active cases tally was recorded at 5,755, while the test positivity rate (TPR) was recorded at 8.10 per cent. Maharashtra reported 5,218 new cases of Covid-19, a jump of almost 60 per cent from the day before when the State had reported 3,260 infections.

Mumbai had also recorded a jump of 50 per cent in fresh infections, as the metropolitan on Thursday recorded 2,479 new cases. On Wednesday, the financial Capital had recorded 1,648 cases.

Meanwhile, causing concern, a June 21 report of Indian SARS-CoV-2 Consortium on Genomics (INSCOG) says that 44 samples from Bengaluru sent for genome sequencing between June 2 and June 9 were found to be infected with BA.3, BA.4 and BA.5 sub-lineages of Covid variant Omicron.

India's total tally of Covid-19 cases has touched more than 4,33,44,958, while the active cases crossed 83,990, according to the Union Health

Ministry data updated on Thursday. The death toll has climbed to 5,24,941 with 38 new fatalities.

Concerned at the rising cases, Union Health Minister Mansukh Mandaviya directed officials to continue to focus on surveillance and whole genome sequencing to scan any possible mutations while stressing on adequate testing and effective monitoring to assess the spread of infection in a timely manner.

ED allows Sonia to appear in July end

PNS ■ NEW DELHI

The Enforcement Directorate (ED) has accepted Congress president Sonia Gandhi's plea to defer her questioning in connection with a money laundering case linked to the National Herald newspaper. The ED has now asked her to record her statement with the agency sometime in late July.

She was issued a second summons for June 23 by the agency but the 75-year-old Congress leader could not keep the date as she is recuperating from post-Covid implications. She has been strictly advised to rest at home following her hospitalisation on account of Covid and lung infection.

The ED has advanced her questioning in the case for about four weeks and asked her to depose sometime in the last week of July, sources said.

The move comes following a plea from Sonia, communicated on Wednesday to the ED, to postpone the questioning by

a few weeks in the wake of medical advice to take rest.

Sonia was first issued the notice for an appearance on June 8 but after she reported positive for Covid-19, the summons for June 23 was issued. The Congress president was on Monday discharged from a private Delhi hospital where she was admitted for treatment of Covid-19.

She was admitted to the hospital on June 12, days after she tested positive for Covid-19 on June 2.

Her son and Congress MP Rahul Gandhi has been questioned by the agency in the same case for about 54 hours over five days.

Co-op can help post-Covid eco recovery, says Modi at BRICS

PIONEER NEWS SERVICE/AGENCIES ■ NEW DELHI/BEIJING

Prime Minister Narendra Modi on Thursday said the members of the BRICS combine have a similar approach to the governance of global economy and mutual cooperation can make useful contributions to the post-Covid economic recovery.

Underlining this key factor at the 14th BRICS annual summit of heads of states, he also said in his opening remarks: "Our cooperation in several sectors has benefited our citizens."

Brazil, China, Russia, India and South Africa form the BRICS grouping. China is hosting the current summit as the Chair for this year in the virtual format. India hosted the 13th summit last year.

The two-day event starting Thursday saw the participation of Chinese President Xi Jinping, Russian President Vladimir Putin, Prime Minister

Prime Minister Narendra Modi attends the 14th BRICS Summit through a video conference, in New Delhi, on Thursday

PTI

Modi, South African President Cyril Ramaphosa and Brazilian President Jair Bolsonaro.

In his remarks, Modi also said the structural changes undertaken in the BRICS in the last few years have increased

the influence of the grouping. "It is a matter of happiness that membership of the New Development Bank (NDB) has increased," the Prime Minister said.

NCR PULSE

21-YR-OLD REGISTERS FIR ON RECIEIVING ABUSIVE CALLS
New Delhi: An FIR has been registered after a 21-year-old woman complained of receiving abusive phone calls from some unknown mobile numbers. A case under sections 354(D) (stalking) and 509 (word, gesture or act intended to insult modesty of woman) of the Indian Penal Code was registered at Ambedkar Nagar police station on Wednesday following the complaint by the woman," said Benita Mary Jaiker, the Deputy Commissioner of Police (DCP), South district adding that further investigation is underway.

BODY OF WOMAN FOUND IN MOHAN NAGAR
New Delhi: The body of a 25-year-old woman with strangulation marks was found in west Delhi's Mohan Garden area on Thursday. The body was discovered by a local person who then informed police about it. Police said that the body was found in Bhagwati garden area of Mohan Garden police station. Prima facie, it appears to be a case of murder since the woman's body had strangulation marks.

1 DEAD, 6 RESCUED FROM ROHINI FIRE
New Delhi: A person died while at least six people were rescued after a fire broke out at a building at Pooth Kalan in Rohini area on Thursday evening. According to Atul Garg, the director of Delhi Fire Service (DFS), the fire department received information about the fire in the building, comprising ground and two floors, in Sector 5, Pooth Kalan, at 4.55 PM following which 10 fire tenders are at the spot and the blaze has been brought under control.

10-YR-OLD BOY SUFFOCATES BY ACCIDENT
New Delhi: A 10-year-old boy suffocated to death in a skipping rope accident while trying to enact a stunt he had watched in a video. The incident took place in northeast Delhi's Kartar Nagar area around 7 pm on Wednesday when he was at home with his mother. Police the boy used to watch a lot of videos of stunts and on Wednesday evening, while he was skipping inside a room, he tried to perform one such stunt but the skipping rope became wrapped around his neck and suffocated him.

EMPLOYEE OF MCG FACING CORRUPTION CHARGES
Gurgaon: An outsourced employee of the Municipal Corporation of Gurgaon (MCG) is facing corruption charges for committing fraud during the registry of MCG shops under the Haryana government's Mukhyamantri Shaharee Nikaya Svaamity Yojana, also known as the chief minister's Urban Body Ownership Scheme. Under the scheme, "any tenant, who has continuously rented or leased a shop from the MCG for a minimum period of 20 years, as on December 31, 2020, is eligible to purchase the building or shop space at a discounted collector rate". It has been revealed that MCG employee Sunil Kumar has taken Rs 15 lakh on the registry per shop of the MCG.

2 ARRESTED FOR CHEATING
New Delhi: Delhi Police has arrested two men for allegedly cheating passengers on false assurances of confirming their train tickets and fleeing with their valuables in the national Capital. The accused have been identified as Ravi Kumar Mehto (38), a resident of Loni, Ghaziabad in Uttar Pradesh, and Kamlesh Kumar (22), a resident of Shakurpur.

MAHESH YADAV TAKES OVER AS NDLS STN DIRECTOR
New Delhi: Mahesh Yadav, an officer of Indian Railway Traffic Services (IRTS) cadre, took over the charge of the new New Delhi Railway Station (NDLS) Station Director from Nishant Narayan. Yadav has worked earlier as Dy Commercial Manager Delhi and also served as Station Director, Jammu Junction with additional charge of Chief Area Manager, Kashmir.

Delhi Covid number...

From Page 1
Mandaviya, who chaired a meeting with key experts and officials amid an upsurge of Covid-19 cases in some States, stressed the need to focus on districts reporting high case positivity and undertake adequate testing (with higher proportion of RT-PCR) and effective surveillance to assess and control the spread of the infection in a timely manner, the Ministry said in a statement.
Mandaviya directed officials to continue to focus on surveillance and on whole genome sequencing (WGS) to scan for any possible mutation, it said.
He also directed officials to monitor hospitalizations due to Covid-19, and SARS/ILI cases, the statement stated. He exhorted them to increase the pace of vaccination, including booster doses, in districts reporting high cases.
"As there are adequate vaccine doses available, let there be no vaccine wastage while focusing on accelerating vaccination among the eligible and vulnerable groups," he said.

Let's meet halfway...

From Page 1
Wang also said China and India's common interests far outweigh their differences, adding that the two sides should support rather than undermine each other, strengthen cooperation rather than guard against each other, and enhance mutual trust rather than be suspicious of each other, according to a statement by the Chinese foreign ministry.
Wang Yi said the two sides should meet each other halfway to push bilateral relations back onto the track of stable and healthy development at an early date, jointly address various global challenges, and safeguard the common interests of China and India as well as the vast number of developing countries.
He called on both sides to adhere to the important strategic consensus reached by the leaders of the two countries, insist on placing the border issue in a proper position within bilateral ties, and seek solutions through dialogue and consultation.
China and India should also give full play to their traditional advantages in people-to-people and cultural exchanges, continuously expand mutually beneficial cooperation, and work together to create a better future for mankind, the state-run Xinhua news agency quoted Wang as saying.
The Chinese Foreign Minister proposed a four-point

Transporters urge Govt to find other means to curb pollution

STAFF REPORTER ■ NEW DELHI

The transporters in the national Capital on Thursday urged the Delhi Government to look for alternate means to curb air pollution stating that the move to ban the entry of medium and heavy goods vehicles in the city from November to February will lead to losses for traders.

The Delhi government has issued an order banning the entry of medium and heavy goods vehicles in the capital from November to February to curb vehicular pollution.

However, trucks carrying essential items will be allowed to enter Delhi.

According to an official, entry of such vehicles will be banned from November 1, 2022 to February 28, 2023. Vehicular pollution leads to

deterioration of air quality during the winter months, the official added.

Bhim Wadhwa, ex-president of the All India Motor Transport Congress said bureaucrats frame policies without thinking about the general public or the stakeholders. "How will such things solve the problem of pollution? The government had earlier also put similar measures in place but have they given any results?"

"The government should share data of pollution levels on the days the ban was in place on earlier occasions and when there was no ban. The government had put up smog towers to curb air pollution. But have there been any results?" he asked.

Rajendra Kapoor of the Delhi Goods Transport Organisation concurred with Wadhwa and said Delhi's reputation as a retail hub will be badly hit due to the ban.

Truckers and traders will find alternative markets for buying goods and sending them with Delhi being shut for them. This will hurt Delhi's reputation as a retail hub.

"The businesses of petrol pumps will be severely affected. This ban will hit the transporters in a much more severe way than the Covid pandemic," he said.

Kapoor urged Delhi LG Vinai Kumar Saxena, Chief Minister Arvind Kejriwal and Transport Minister Kailash Gahlot to reconsider the decision of enforcing this ban.

"Please consider alternate ways to curb pollution by holding meetings with experts. If this comes into effect, it will affect transporters in a severe way and it will be difficult for them to recover from the blow," he asserted.

Vrindavan widows plant trees to mark Int'l Widows' Day

PNS ■ LUCKNOW

Thursday was a special day for the elderly widows of Vrindavan when they observed International Widows' Day by participating in plantation drives.

The widows living in the widows' ashram in Vrindavan planted many saplings in Krishna Kutir Mahila Sadan on Thursday afternoon to mark the International Widows' Day. In the light of the 75th year of India's Independence 75 saplings were planted by them on Thursday.

Sulabh International took the initiative to observe International Widows' Day for the widows living in Maa Sharda Ashram and Krishna Kutir in Vrindavan.

Chhavi Dasi, one of the widows, said it was the first time they planted saplings to mark this day and this showed their resolve towards nature.

Sulabh International has been taking care of hundreds of widows living in various ashrams in Vrindavan and Varanasi since 2012. Under the initiative of Dr Bindeshwar Pathak, widows

take part in festivals like Holi, Diwali and other rituals whereas earlier they were not allowed to take part in festivals and auspicious functions.

China biggest security...

From Page 1
Asked about the Quad comprising India, Australia, the US and Japan, Marles said it is not a security alliance as there is no defence pillar to it.
With China forging a security pact with the Solomon Islands in the Pacific, Marles said, highlighting the role played by the Indian diaspora in Australia in fields such as politics.
Besides building economic ties, deeper engagement in defence enhances the security of both India and Australia, which have shared values and geographies. "In that respect, all roads lead to India," he added.
In their wide-ranging talks, Defence Minister Rajnath Singh and Marles on Wednesday resolved to further expand bilateral defence and military ties in sync with the India-Australia comprehensive strategic partnership.

Co-op can help post-Covid...

From Page 1
Highlighting co-operation between the BRICS nations, he also said "by increasing connectivity between BRICS Youth Summits, BRICS Sports, civil society organizations and think-tanks, we have strengthened our people-to-people connect."
"Confident that the deliberations today will produce suggestions to further strengthen our ties," the Prime Minister said. Ukraine is likely to feature in the deliberations. China has refused to condemn Russia's invasion while criticising sanctions brought against Moscow.

ED allows Sonia to...

From Page 1
(PMLA) after a trial court here took cognisance of an Income Tax department probe against Young Indian based on a private criminal complaint filed by BJP MP Subramanian Swamy in 2013.
Sonia and Rahul are among the promoters and

Kiribati, and to support Tonga after an earthquake and tsunami in January.

"There's probably never been a moment in our two countries' respective histories when we have been more strategically aligned," Marles said, highlighting the role played by the Indian diaspora in Australia in fields such as politics.

Besides building economic ties, deeper engagement in defence enhances the security of both India and Australia, which have shared values and geographies. "In that respect, all roads lead to India," he added.

In their wide-ranging talks, Defence Minister Rajnath Singh and Marles on Wednesday resolved to further expand bilateral defence and military ties in sync with the India-Australia comprehensive strategic partnership.

India and South Africa have abstained from voting against Russia in the United Nations. New Delhi has all along favoured dialogue and diplomacy to end the conflict.
In an address to the BRICS Economic Summit on Wednesday, Xi said the conflict in Ukraine has "sounded an alarm for humanity," continuing its formal position of neutrality while backing its ally Russia.

"Economic globalisation is an objective requirement for the development of productive forces and an irresistible historical trend," Xi said.

majority shareholders of Young Indian. Like her son, the Congress president too has 38 per cent shareholding.
The Congress has accused the Centre of targeting Opposition leaders by misusing investigative agencies and has dubbed such action a "political vendetta".

India rushes team to Kabul to monitor humanitarian assistance

PIONEER NEWS SERVICE ■ NEW DELHI

India on Thursday rushed a team to Kabul to "closely monitor efforts" for the effective delivery of humanitarian assistance to the people of Afghanistan. This move came in the backdrop of more than 1,000 people dying in the earthquake there on Wednesday.

The government did not spell out the objective of sending a "technical team" to its embassy there which is closed since August last year after the Taliban took control of the country. A statement from the ministry of external affairs here on Thursday said "in order to closely monitor and coordinate the efforts of various stakeholders for the effective delivery of humanitarian assistance and in continuation of our engagement with the Afghan people, an Indian technical team has reached Kabul and has been deployed in our

Embassy there."
Recently, another Indian team visited Kabul to oversee the delivery operations of our humanitarian assistance to Afghanistan and met with senior members of the Taliban. During the visit, an assessment of the security situation was also carried out.

The Taliban has urged India to reopen its embassy in Kabul and assured of all security and assistance. It also appreciated the Indian aid in terms of the commitment to supplying wheat and medicines to the strife-torn country. Several consignments have already reached Afghanistan through the land route passing through Pakistan.

The ministry statement referred to the recent visit to Kabul by an Indian team led by joint secretary JP Singh, the external affairs ministry in charge of Afghanistan, to oversee the delivery of humanitarian assistance and to hold

meetings with senior Taliban members.

"Our longstanding links with Afghan society and our development partnership, including humanitarian assistance for the people of Afghanistan, will continue to guide our approach going forward," the statement said.

An Indian team was to travel from New Delhi to Kabul on June 18. The visit was called off following a terror attack on Gurdwara Karte Parwan in the Afghan capital.

Afghanistan ambassador to India Farid Mamundzay appreciated the support extended by India. "Appreciate the solidarity and support of India at this difficult time. The humanitarian situation in Afghanistan was already going from worse to worst - and with the occurrence of natural disasters like the recent earthquake make life unbearable for many Afghans," Mamundzay tweeted.

Kids as young as 3 also suffer from long Covid

PNS ■ NEW DELHI

Children as young as three-years-old also suffer from long Covid that can last at least two months, according to a study published in The Lancet Child & Adolescent Health. The most commonly reported symptoms among these children were mood swings, rashes and stomach aches. In one of the largest studies, researchers from Copenhagen University Hospital, Denmark analysed data from a survey of 11,000 children aged 0-14 with a positive Covid-19 test result between January 2020 and July 2021.

The data were then matched by age and sex to over 33,000 children who had never tested positive for Covid.

Among 4 to 11-year-olds the most commonly reported symptoms were mood swings, trouble remembering or concentrating, rashes, and among 12 to 14-year-olds it was fatigue, mood swings and trouble remembering or concentrating.

The results of the study found children

diagnosed with Covid-19 in all age groups to be more likely to experience at least one symptom for two months or longer than the control group.

In the 0 to 3-year age group 40 per cent of children diagnosed with Covid-19 (478 of 1,194 children) experienced symptoms for longer than two months, compared to 27 per cent of controls (1,049 of 3,855 children).

For the 4 to 11-year age group, the ratio was 38 per cent of cases (1,912 of 5,023 children) compared to 34 per cent of controls (6,189 of 18,372 children), and for the 12 to 14-year age group, 46 per cent of cases (1,313 of 2,857 children) compared to 41 per cent of controls (4,454 of 10,789 children) experienced long-lasting symptoms.

"Our findings align with previous studies of long Covid in adolescents showing that, although the chances of children experiencing long Covid is low, especially compared to control groups, it must be recognised and treated seriously," said Professor Selina Kikkenborg Berg from the hospital.

BJP using agencies to topple Maha Govt: CPI(M)

PNS ■ NEW DELHI

The CPI(M) Polit Bureau on Thursday accused the Bharatiya Janata Party (BJP) of utilising central agencies and Gujarat and Assam State Governments for destabilising the Maharashtra Government.
CPI(M) general secretary Sitaram Yechury said central agencies were being misused by

the BJP to topple the State Governments run by other parties. "The Polit Bureau of the CPI(M) strongly condemns the manner in which MLAs belonging to the Shiv Sena have been spirited away to Surat and then to Guwahati, both of which are BJP-ruled States. This has been done by the BJP utilising the State machinery in both the States. The Central agencies

have also been utilised to target the Ministers and Legislators of the Maha Vikas Aghadi (MVA) Government with the aim of destabilising the Maharashtra Government. This shameful use of State power is in line with the BJP's earlier efforts to target Opposition-ruled State Governments with a view to topple them," said the CPI(M) Polit Bureau in a statement.

As rebel camp swells, Sena...

From Page 1
"These rebels will face the same fate," Pawar said.
Informed sources in the Shinde camp said that of the 42 MLAs camping at the Radisson Blu Hotel, 35 are Sena MLAs, while the remaining seven are Independents supporting the rebel Sena leader. The number mustered by Shinde is nearly two-thirds of the Sena's strength of the 55 MLAs in the Assembly, a thing that will help Shinde to escape the wrath of the anti-defection law.
If the number of MLAs who leave a political party constitutes two-thirds of the parent party's strength in the Assembly, they can merge with another party or become a separate group in the House without attracting provisions of the anti-defection law.Bharat Gogawale, whom the rebel Sena camp appointed as its whip on Tuesday, claimed that 42 rebel

MLAs were supporting Eknath Shinde. "We are expecting more Sena MLAs to join us in the coming days," he said.
The strength Uddhav Thackeray-led has eroded markedly over the past few days. As many as 13 Sena MLAs, including Uddhav's son Aaditya Thackeray, attended a legislature party called by the chief minister at his Bandra residence "Matoshri" where the loyal MLAs are camping currently.
The Shiv Sena camp has written to State Assembly Deputy Speaker Narhari Sitaram Zirwal, who has been acting as the Assembly Speaker since February 2021 in the absence of a full-fledged speaker in the Assembly, seeking recognition of their faction on the basis of its strength.
As the number of MLAs in the rebel camp swelled, the Opposition BJP - which has been working in tandem with

Shinde and has contributed in a big way in fuelling the political crisis in Maharashtra - began to firm up its plans to defeat the Uddhav Thackeray government in the likely trust vote on the floor of the House and later stake claim to form the next government in the state.
Maharashtra's former chief minister and current leader of the Opposition Devendra Fadnis - who has reportedly been in constant touch with Shinde - is coordinating with the BJP's central leadership at the Centre in the party's efforts to team up with the Sena rebel minister to form the next government in the state. Like in the past, the BJP is understood to have offered the deputy chief minister's post to Shinde and some ministerial berths to his supporting MLAs in lieu of his joining the party or supporting the government from outside as an independent faction.

Will consider exit from MVA...

From Page 1
Raut told the rebel Sena MLAs: "The solution can be found through discussions. Our doors are open for you. Why are you wandering like this? Instead of being slaves, let us take decisions with self-respect... If you think that the Sena should quit the MVA and look at alternatives. We can consider that. But, show the courage to come back to Mumbai and meet party chief Uddhav Thackeray. You can have a direct talk with Uddhav

Sahib and resolve matters."
When his attention was drawn to Raut's statement that the Sena was prepared to walk out of the MVA government if the rebel MLAs so desired, NCP chief Sharad Pawar said: "It is the responsibility of all the three parties (NCP, Congress, and Shiv Sena) to save the government. Only the government can say why he made such a statement"
Deputy chief minister Ajit Pawar declined to comment on Raut's statement. "We don't

want to react to what he said. The MVA needs to work collectively. Sanjay Raut has the right to say whatever he wants to. I have no clue why he made such a statement. We will ask Uddhav about Raut's statement."
Maharashtra Congress chief Nana Patole also refused to comment on Raut's remarks by saying that he would not react to the Shiv Sena spokesperson's statement as it was an internal matter of the Sena.

43.75% voter turnout in Rajinder Nagar bypoll

STAFF REPORTER ■ NEW DELHI

The Rajinder Nagar Assembly constituency recorded a 43.75 per cent voter turnout till 6 P.M. in the bypolls on Thursday. This is significantly less than the figures recorded in the 2020 polls, when the voter turnout in Rajinder Nagar was 58.27 per cent. The bypoll to the Rajinder Nagar seat is largely being seen as a battle between a confident AAP and a spirited BJP.

According to the Election Commission (EC), the final voter turnout at the close of polling on Thursday stood at 43.75 per cent. Also, 24 Covid-positive voters turned up to cast their votes. "From 7 A.M. to 6 P.M., a total 100 senior citizens including 658 women voters were provided pick and drop facilities to cast their votes.

Delhi Chief Election Officer (CEO) Ranbir Singh said efforts have been made to

encourage more voters to come to the polling booths. Availability of water and the poor condition of roads were issues reigning on the minds of voters who turned up to vote.

The bypoll were necessitated after former AAP MLA from the area, Raghav Chadha, was elected to the Rajya Sabha from Punjab. While AAP fielded its MCD in-charge Durgesh Pathak from the constituency, he is up against former BJP councillor Rajesh Bhatia. The Congress has also put forth former councillor Prem Lata.

There are over 1.64 lakh voters in the constituency. Of these, 92,221 are male, 72,473 are female and 4 are categorised as 'third gender'. There are 1,899 voters between the ages of 18-19 who are eligible to vote for the first time in the constituency.

The candidates since morning were seen at the polling booths. Rajya Sabha MP Raghav Chadha also came

to vote at around 11 A.M. at Vidya Bhawan GSSS, New Rajinder Nagar polling booth.

The BJP candidate, Rajesh Bhatia along with his wife and parents also voted around 8 A.M. at Salwan Girls School voting centre. BJP MP Gautam Gambhir and his wife also cast their vote.

Prem Lata, the Congress candidate from the seat cast her vote at 1 P.M. along with her whole family at number 173 voting centre.

The poll body has registered 13 cases against the AAP, nine against the BJP and one against the Congress for violation of the MCC. According to officers, 47,180 defeacements have been removed by the MCD. "We have also penalised vehicles that were displaying posters and banners in an unauthorised manner."

A total of 188 people have been fined – 123 against AAP, 49 against BJP and 16 against others. As a preventive action,

119 people were arrested. Action was taken against 8,708 people under Delhi Police Act, while 36 people were arrested and 1,850 litres of liquor worth Rs 5.65 lakh was seized under the Excise Act.

A total 36 FIRs lodged and 36 arrests made so far, the CEO said. The enforcement agencies have seized 280 licensed arms under the Arms Act and lodged five FIRs. It has also seized five illegal arms and arrested five people.

Under the narcotics department, drugs worth over Rs 10 crore has been seized by authorities, he said, adding that Income Tax Department has seized cash worth Rs 1 crore in Delhi, but outside the Rajinder Nagar Assembly constituency.

Under the GST Department, various items worth Rs 43 lakh have been seized, and 40 Non-Bailable Warrants were received and executed, he added.

1,899 first-time voters exercise their franchise

STAFF REPORTER ■ NEW DELHI

First-time voters numbering 1,899 exercised their franchise in the Rajinder Nagar Assembly bypoll on Thursday to "bring a change" in society and elect a leader to address local issues. Many said it instilled a "sense of responsibility" in them towards the country.

Sanjana (18) of New Rajinder Nagar, who voted for the first time, said that they were excited ever since the bypoll was announced as it was an opportunity for her to participate in the festival of democracy.

"I voted for development of my area as there are a number of issues that are to be

First time voters show their inked fingers after casting their vote during at the Rajinder Nagar Assembly bypoll, in New Delhi on Thursday
RANJAN DIMRI | PIONEER

taken care of, including the water supply," she said. Voting

began on Thursday at 7 A.M and continued till 6 P.M. "I was excited and nervous at the same time. It feels like a responsibility. I researched about the candidates and studied their views. It feels as if we have finally become responsible citizens of the country," Shivansh Kapoor (18) said after casting his vote in Naraina. Another first-timer, 19-year-old Neha said it was an experience that instilled a sense of responsibility towards the society.

"It is empowering to vote. I was super-excited as I have finally contributed to society as a responsible citizen. I always wanted to vote as it makes you feel grown-up. I want the next elected leader to resolve water supply issue here," she said.

'4 suspended babus used to transfer evacuee properties to private entities'

STAFF REPORTER ■ NEW DELHI

The four Delhi Government officials who were suspended by Lieutenant Governor Vinai Kumar Saxena for alleged involvement in a scam used to transfer evacuee properties to private entities between 2015 and 2021.

Top sources said that the suspended officials had given Bhumidari rights of the Government land parcels to private entities that involved a scam.

The Lt Governor has also recommended the Ministry of Home Affairs (MHA) the suspension of an additional district magistrate Shekhar Pati Tripathi, who is a selection grade officer currently in connection with the matter.

Sources said that three officers, two sub-divisional magistrates (SDMs) and a deputy secretary at the chief minister's office were suspended by Saxena on June 21.

These officials were all posted as SDM Alipur at different times and allegedly passed orders giving away ownership of evacuee land, vested with the Government of India, to private entities. "While Devender Sharma gave bhumidari rights on government

land to M/S SG Estate Limited Ramchander Mission and Madhuvan in separate orders passed by him on a single day in June, 2015, Prakash Chand Thakur gave away government land to Geeta and ors. in June, 2019.

The process continued with Nagender Shekhar Pati Tripathi giving away bhumidari rights of government land to Jasram and Asharam in separate orders in November 2019 and Harshit Jain doing the same in favour of Adarsh Kumar in June, 2021," sources said.

"All these land parcels belonging to one Karmu son of Rifait in village Jhangola in North District was declared evacuee property upon the said owner migrating to Pakistan, and their ownership was vested in the Central Government with the custodian becoming its guardian," they stated.

"While suspension orders have been issued in respect of Devender Sharma, Prakash Chand Thakur and Harshit Jain on June 21st, 2022, recommendation for suspension of Nagender Shekhar Pati Tripathi, who is a selection grade officer currently posted as an ADM, has been recom-

mended by the LG for consideration of the Home Ministry which is Competent Authority in his case," they further said. The suspended officers, Harshit Jain, Prakash Chand Thakur, and Devender Sharma, were ad hoc officers of Delhi, Andaman and Nicobar Islands Civil Service (DANICS).

Jain and Sharma were SDMs while Thakur was currently posted as deputy secretary at chief minister's office. Vasant Vihar SDM Harshit Jain and Vivek Vihar SDM Devender Sharma were suspended and disciplinary proceedings ordered against them, sources said.

Criticising the AAP Government, Delhi Congress president Anil Kumar said Chief Minister Arvind Kejriwal, who had 'hailed' the Punjab Chief Minister's decision to sack his Health Minister for corruption within three months of swearing in, kept a blind eye on the corrupt deeds happening under his very nose in his own department.

Leader of the Opposition also lambasted the Delhi government for failing to curb corruption among Government employees which led to Lieutenant Governor to interfere and suspend four officials.

1,934 new Covid cases reported in city, positivity rate touches 8.10%

STAFF REPORTER ■ NEW DELHI

Delhi on Thursday reported 1,934 new Covid-19 cases, pushing the positivity rate to 8.10 per cent. This is more than double than the figures registered a day ago at 928 with a positivity rate of 7.08 per cent. This is for the first time the city has reached near two thousand 'mark' in covid cases in last three months.

The single-day figures were over 108 per cent higher than the previous day's figures. On February 4, the capital had logged 2,272 cases and 20 deaths with a positivity rate of 3.85 per cent.

The national capital, however, did not see any fresh death with the toll currently standing at 26,242. Three lives were lost to the virus a day ago. Delhi's active case count not stood at 5,755, while the overall infection tally rose to 19,27,394.

According to the state health bulletin, there are now 309 containment zones in Delhi and the 332 labs have been received on covid helpline number in last 24 hours.

On Tuesday, the city reported 1,383 fresh coronavirus cases with one death. However, the positivity rate

dipped to 7.22 per cent, three per cent down as compared to Monday's 10.09 per cent. With the new COVID 19 cases, the total tally of active cases in Delhi climbed up to 5,595.

The capital on Monday reported 1060 fresh coronavirus cases with six deaths, while the positivity rate stood at 10.09 per cent.

Delhi on Sunday reported 1530 fresh coronavirus cases with three deaths, while the positivity rate stood at 7.71 per cent. On Friday, the national capital had logged 1,797 coronavirus cases, the highest in nearly four months, along with one fatality while the positivity rate had stood at 8.18 per cent.

This is the fourth consecutive day that Delhi has recorded over 1,300 cases in a day. The capital has logged more than 1,000 daily cases for the fifth day on the trot. Friday's figures were the highest since February 4, when the national capital logged 2,272 cases and

20 deaths while the positivity rate had stood at 3.85 per cent.

Also, the positivity rate on Friday was the highest since January 29, when 4,044 cases were recorded with a positivity rate of 8.60 per cent, while the city had registered 25 deaths.

The national capital recorded 1,323 new Covid cases and two deaths on Thursday, while the positivity rate stood at 6.69 per cent.

The fresh cases pushed Delhi's coronavirus tally to 19,20,559 while the death toll rose to 26,229, the department said in its latest bulletin. Delhi had reported 1,422 fresh COVID-19 cases and zero fatality on May 8, while the positivity rate was recorded at 5.34 per cent.

The city on May 1 had reported 1,485 fresh COVID-19 cases and zero fatality due to the viral disease, while the positivity rate was recorded at 4.89 per cent, according to official data.

Despite the rise in the positivity rate, the city government is not implementing graded response action plan (GRAP) devised by the Delhi Disaster Management Authority since hospital admissions are low.

Palla Floodplain Project a major success, says Sisodia

STAFF REPORTER ■ DELHI

The Delhi Government on Thursday claimed that their 'Palla Floodplain Project' to recharge groundwater by harvesting the water coming through flood in Yamuna river during monsoon is success and water level is continuously improving.

Delhi's Deputy Chief Minister Manish Sisodia said that in the last 10 years, the groundwater level had gone down to two meters, but after the commissioning of the Palla Floodplain Project, the groundwater level has increased by half to two meters.

Following the project's success, the city government has decided to continue this project this year. Sisodia also held a review meeting with the senior officials of the flood and irrigation department on Thursday. Sisodia further said that the project is currently spread across 40 acres, of which a pond has been created on 26 acres, where flood water is stored and used to

raise the ground water level in Delhi.

According to the Delhi Jal Board, in the study conducted during the pre-monsoon and post-monsoon seasons in the years 2020 and 2021, it was found that the groundwater recharge from this project is moving towards the city from the Yamuna river, thereby increasing the groundwater of the entire city and The water level is getting better.

"The Arvind Kejriwal Government started the eco-friendly Palla project three years ago in the floodplain near the Yamuna river to collect this excess flood water passing through the river during the monsoon season. Under this, a pond of 26 acres was built, where flood water is stored," said Sisodia.

"The government is also working on war footing to store rainwater in Delhi. In this year's rain, more than 1500 new rainwater harvesting pits are being built to collect rain water all over Delhi, which will be ready before July 15," said Sisodia.

Randeep Guleria's term extended by another 3 months

New Delhi: The tenure of AIIMS, Delhi Director, Dr Randeep Guleria has been extended by another three months. A decision in this regard was taken by Appointments Committee of Cabinet (ACC) headed by Prime Minister met on June 20 seeking a wider panel of names for post of director of All India Institute of Medical Sciences (AIIMS). Dr Guleria was appointed as the director for a term of five years on March 28, 2017.

HDFC staffer among three arrested for cheating hundreds of account holders

Culprits used to cheat clients by re-issuing SIM cards on fake IDs using bank data

STAFF REPORTER ■ DELHI

Three men, including an employee of a HDFC bank, were arrested from Delhi's Rohini for allegedly cheating hundreds of bank account holders by re-issuing SIM cards on fake IDs, using stolen customer data from the bank.

The accused, identified as Sunny Kumar Singh (27), Kapil (28) and Pavin Ramesh (21), were arrested on June 20, while another member Rakesh is absconding. Police said that manhunt has been initiated to nab the remaining accused.

According to Sagar Singh

Kalsi, the Deputy Commissioner of Police (DCP), north district, they have also recovered 12 SIM cards, five mobile phones, eight debit cards and two fake Aadhaar cards from the accused, and also identified three bank accounts involved in the fraud.

"Two fake bank accounts which were used to transfer money were also identified and are being scrutinized. Sunny, who works at the credit card sales department of a bank in Rohini, collected details of mobile numbers, e-mail, addresses and ID proofs linked to the bank accounts," said the DCP.

"Meanwhile, Kapil, Pavin and Rakesh made fake ID proofs with these details and reissued SIM cards of the phone numbers linked with the accounts. Police team which had been working for two

weeks finally zeroed in on the location of accused persons at Jain Nagar in Rohini," said the DCP. "An HDFC account holder in his complaint filed in May alleged that he received a message regarding reissuing of his SIM card and password change of his gmail ID.

Later, he found that his SIM card was reissued and upon checking his HDFC account statement, he found that a loan of Rs 11 lakh was taken from his account and Rs 1,00,000 was transferred from the loan amount to another account," said the DCP.

"Through the money trail and technical analysis of call records, raids were conducted at Jain Nagar and the accused were arrested, the DCP said.

An FIR was registered under section 420 (cheating) of the Indian Penal Code at Cyber North District police station, he added.

Body of Mundka fire victim handed over to kin of another deceased

STAFF REPORTER ■ DELHI

After more than a month a building caught fire in west Delhi's Mundka area in which 27 people lost their lives, Delhi Police on Thursday said that the body of a victim was earlier mistakenly handed over to the family members of another victim.

According to police, the body of Sweety was mistakenly identified Ranju's body as both have same characteristics.

A total of 27 people were charred to death in the massive blaze that ripped through the four-storey building on May 13. Out of which, police had already handed over 22 dead bodies, they said, a senior police officer said. In the early stage of the case, eight dead bodies were handed over to their family members on June

7. Further, the FSL authorities handed over DNA profiles of three unknown dead bodies on the evening of June 7.

According to Sameer Sharma, the Deputy Commissioner of Police (DCP), Outer district, on Wednesday, four DNA profiles were received regarding which we will hand over the bodies to concern.

"There are five bodies in Sanjay Gandhi hospital out of which the post-mortem of four -- Soni Kumari, Monika, Parveen and Ranju Devi -- will be conducted on Thursday. Two DNA reports are pending from forensic science laboratory (FSL)," said the DCP.

"On May 14 (next day of the incident), eight bodies were identified by the family members and handed over to them. The FSL reports of seven were

correctly matched with the samples of family members.

However, the same of one Ranju Devi could not match. On Wednesday, the FSL report was received which showed that out of five bodies, there is one of Ranju," said the DCP.

On Thursday, it is being handed over to the family, police said. Santosh Kumar, the husband of Ranju, identified her body through her turtle-shaped ring and two bangles -- the only items that remained unburnt on her charred body.

"I identified her through her ring and bangles -- one red and the other white. I received her body from the hospital and did all the rituals," he had said.

According to police, the body of one Geeta Devi is still in the hospital. Neither her parents are alive nor does she have children. The blood samples of

her brother and sister provided for the sampling. The FSL has been unable to find satisfactory results with the blood samples of the siblings.

At present, reports of two of the 27 bodies are pending. Others have been identified after DNA testing, according to the police.

The four-storey building was used as office space for multiple companies. According to the Delhi Police's FIR, the building did not have a fire safety protocol in place.

Following the incident, North Delhi Municipal Corporation (NDMC) suspended two officials including a section officer. On May 23, a Delhi court granted three days of police custody of the building's owners-- Harish Goyal and Varun Goyal in the said fire tragedy case.

CONGRESS DARES ED TO PROBE ADANI GROUP

Why is ED sitting over allegations that Modi was pushing its case for a project in Lanka: Gourav Vallabh

PNS ■ NEW DELHI

After senior Congress leader Rahul Gandhi's five-day grilling by the Enforcement Directorate (ED), the Congress on Thursday asked when the probe agency would question the Adani Group over allegations that Prime Minister Narendra Modi was pushing its case for a project in Sri Lanka. The party accused the ED of taking "enforced directives" from the Modi Government.

The Sri Lanka issue was reported in a section of the media, but has been denied by the Lankan Government as well as the Adani Group. At an AICC press conference, Congress spokesperson Gourav Vallabh cited reports of the chairperson of the State-owned Ceylon Electricity Board (CEB) in Sri Lanka making claims before a parliamentary panel that the Indian Prime Minister had allegedly "pressurised" Sri Lankan President Gotabaya Rajapaksa to award a wind power project to the Adani Group.

"What was his compulsion? Why are ED and other agencies sleeping on this information?" the Congress leader asked.

"Is this not a case of corruption worth investigating? Which bureaucrats or Ministers is the ED

planning to call for an investigation? Has the ED ever called anyone from the Adani Group, or is it planning to call to investigate these serious allegations? What credibility does an agency like the ED have... (it) is on a political witch-hunt but failing on its duty of investigating severe allegations

and crimes," he said.

CEB Chairperson MMC Ferdinando, who claimed before a parliamentary panel that Modi allegedly influenced Gotabaya Rajapaksa to award a wind power project to the Adani Group in the island nation, resigned a day after retracting his statement.

During a hearing of the Committee On Public Enterprises (COPE), Ferdinando had said Rajapaksa summoned him after a meeting in November last year and told him that the wind power project must be awarded to Adani Group's Gautam Adani as Modi had urged that it be so. Rajapaksa

had categorically denied Ferdinando's statement before the parliamentary panel.

The Adani Group earlier issued a statement on the controversy. "Our intent in investing in Sri Lanka is to address the needs of a valued neighbour. As a responsible corporate, we see this as a necessary part of the partnership that our two nations have always shared," it said

During the press conference, Vallabh also spoke on Rahul Gandhi's questioning by the ED over the last few days and said it was a clear case of maligning his reputation and a "mere political stunt".

He alleged that all central agencies have been reduced to pawns in the hands of the Government. "All these agencies have been queuing up to collect their blindfolds only to make a mockery of themselves," Vallabh said, adding that the BJP Government's claims have been exposed in the last eight years and it has all been about "antics and substance".

"A once-reputed agency such as the ED can no longer be called the Enforcement Directorate... (it) is busy taking 'Enforced Directives' from the Modi Government," he alleged.

Sangrur by-election polling time extension EC seeks explanation from Punjab's Chief Secy

PNS ■ NEW DELHI

The The Election Commission (EC) on Thursday sought an explanation from Punjab's Chief Secretary and the Deputy Commissioner of Sangrur to explain why they sought extension of polling time towards closing hours at 4 P.M. without any new facts appearing on the day of polling, thereby attempting to influence a section of voters.

It said the letter of the Returning Officer and a subsequent request by the Chief Secretary at 4:05 P.M. amounted to "attempt to unduly interfere in the election process and influence a certain class of voters by conveying them to expedite voting or wait for time extension." The commission condemns such behaviour by the officers during the election process, it said.

In a strongly-worded letter to the Chief Electoral Officer (CEO) of Punjab, the EC expressed "displeasure" on the "unwarranted communication making

request for extension of poll timing on polling day for reasons which pre-existed even during notification of the by-election."

Officials said that the plea taken to extend time was that people were still working in the paddy fields. It was a fact which was already known when the notification was issued.

"I have been directed to state that a detailed explanation from the Chief Secretary and Returning Officer shall be called regarding reasons and circumstances and new facts that arose on the afternoon of polling day, necessitating writing of such a letter so as to reach the Commission by Friday 1.00 P.M. to take a further decision on initiating disciplinary proceedings," the letter by an EC Secretary said.

The Sangrur Lok Sabha bypoll was necessitated after Bhagwant Mann won a seat in the Punjab Assembly elections recently and became the State's Chief Minister.

NDA's Prez candidate Murmu meets PM, Naidu

PNS ■ NEW DELHI

The NDA's presidential candidate Droupadi Murmu who is expected to file her nomination papers on Friday called on Vice-President M Venkaiah Naidu and Prime Minister Narendra Modi here on Thursday. Naidu's wife Usha received Murmu at the portico of the Upa-Rashtrapati Nivas. Accompanied by Union Minister Virendra Singh, Murmu was with the Naidus for nearly 30 minutes.

After arriving from Odisha on Thursday morning, she met Prime Minister Narendra Modi and Home Minister Amit Shah. Modi said her nomination has been appreciated across all sections of society.

"Met Smt. Droupadi Murmu ji. Her presidential nomination has been appreciated by all sections of society. Her understanding of grassroots problems and vision for India's

Photo: Ranjan Dimri

development is outstanding," the Prime Minister said in a tweet.

Murmu (64) is expected to file her nomination papers on Friday for the July 18 poll. The Opposition has fielded former Union Minister Yashwant Sinha as its joint candidate for the post. Murmu is expected to visit different States to canvas for votes after her nomination.

Madhya Pradesh Chief Minister Shivraj Singh Chauhan asked people to celebrate on

Friday when she filed her nomination papers in Delhi for the post. "A new revolution is taking place. Those who were last in society in the development race are being honoured and lifted up to shape the country's future," Chouhan said.

Chouhan and State BJP president VD Sharma, both of whom were wearing tribal outfits, danced with a large group of tribal people at the party office on the occasion. "The move honours the entire tribal community, not just Droupadi Murmuji," Chouhan said, noting that the State's population includes around two crore tribal people. "A tribal sister will be occupying the country's highest constitutional post. It is a matter of pride," he said.

1st WASP to mull on changing nature of warfare

PNS ■ NEW DELHI

Issues like the optimum use of air power for national security and the changing nature of warfare will figure prominently during the first Warfare and Aerospace Strategy Programme (WASP) that will conclude with a Capstone Seminar here on Friday.

The seminar will be conducted by the Indian Air Force (IAF) under

the aegis of the College of Air Warfare and Centre for Air Power Studies. The IAF chief VR Chaudhari will deliver the keynote address. Senior officers from all the three Services, air power scholars, academia from principal think tanks and premier colleges of the country will take part in the event.

This Capstone Seminar aims to showcase the learning objectives of the WASP and help the IAF leadership to validate the desired out-

comes from the program. The participants will present papers on contemporary topics concerning application of air power in recent conflicts and the changing doctrinal precepts that establish the dominant role of air power in national security. IAF officials said here on Thursday.

The WASP was conceptualised by the IAF with the purpose of creating a pool of mid-career air power practitioners with strategic acumen and a

deep understanding of warfare history and theory.

It aims to enhance the doctrinal vision of the participants and cultivate their aptitude for effective arguments on strategy. It will further hone the ability of the participants to link varied thoughts and theories about the whole-of-government approach to statecraft. The course was organized at CAW which is IAF's premier institute for Air Power Studies.

Bommaï's 2nd Delhi trip triggers speculation

PNS ■ NEW DELHI

Karnataka Chief Minister Basavaraj Bommai who is one of the proposers of NDA presidential candidate Droupadi Murmu's name reached the national Capital on Thursday. This is Bommai's second visit this month, which also sparked off speculation about the much-awaited expansion of his Cabinet.

His schedule in the national Capital includes meeting Union Ministers.

Though there is no reference to any meeting with party leaders in the schedule, speculation is that it is the BJP central leadership that has

asked Bommai to come to the Capital.

According to some sources, there is a possibility of discussion regarding a Cabinet rejig during the meeting, which has been discounted by party sources.

The Chief Minister's Delhi visit in the backdrop of Prime Minister Narendra Modi's two-day visit to Karnataka earlier this week and the BJP national president JP Nadda's tour last weekend has given rise to speculations.

Chief Minister Bommai is under pressure from some aspirants to expand his Cabinet at the earliest, ahead of Assembly polls next year.

Conman can only be moved to Mandoli jail, Centre tells SC

PNS ■ NEW DELHI

The Centre on Thursday proposed to the Supreme Court that if at all the conman Sukesh Chandrashekhkar and his wife Leena are to be shifted outside the Tihar Jail, then they should be lodged only in Mandoli prison, which is guarded by paramilitary forces.

The conman is presently in jail for impersonating as Law Secretary and PMO officials by calling jailed Ranbaxy promoter's wife and offering bail and extorting more than ₹.200 crore.

Detailing the notorious activities of Chandrasekhkar, the Centre's counsel said conspiring with some Tihar Jail officials, he even called Supreme Court Judges, impersonating as the Law Minister and sought favourable orders.

He was first caught for promising to get a favorable decision from the Election Commission in the AIADMK factions' case for election symbol. Chandrasekhkar was accused of lobbying for AIADMK rebel leader Dinakaran to get the party's symbol. The Enforcement Directorate (ED) opposed the transfer of Chandrasekhkar and his wife to any other jail outside Delhi on the alleged ground of a threat to their life and added that they will be protected by police personnel from Tamil Nadu Special Police Force and would be observed through CCTV cameras. A vacation bench of Justices CT Ravi Kumar and Sudhanshu Dhulia asked senior advocate R Basant, appearing for Chandrasekhkar, to file his objections to the Centre's proposal to shift the accused to Mandoli Jail and posted the matter for further hearing on

June 30. The bench observed that a person who is lodged in prison cannot choose which jail he is to be lodged in. The top court recorded the submission of Additional Solicitor General SV Raju, appearing for the Centre of shifting Chandrasekhkar to Mandoli jail, and said since the court had on June 17 asked the Government to suggest a name of the jail, where he could be transferred, the matter could proceed only after the compliance of the order.

"The ED call it a bribe and I call it extortion by the jail staff. I along with my wife are facing a threat to life. Kindly transfer me to some other prison outside Delhi," said Advocate Basanth appearing for the conman, adding that impleadment of ED has still not been allowed and the agency has nothing to do with the transfer of the prisoner

ASG Raju on other hand submitted that Chandrasekhkar is a 'conman' and is accused in nearly three dozen cases and in one of the incidents he has impersonated a Supreme Court judge and called up a trial court judge to pass orders in his favour.

Unitech assets worth ₹257 crore attached provisionally, says ED

pns ■ New Delhi

The Enforcement Directorate (ED) on Thursday said it has provisionally attached movable and immovable assets worth ₹257 crore in Gurugram, Goa, Chennai and other places in a money laundering case against Unitech Limited.

The total proceeds of crime detected by the ED in the case is ₹6,452 crore.

"The provisionally attached properties include residential/commercial units, land parcels, demand drafts, equity shares and bank account balances. The properties are owned by CIG (Chandra Investment Group) Realty Fund and Authentic Group. Two Separate Provisional attachment orders were issued for attaching these assets, the ED said in a statement.

The ED had registered a money laundering case against Unitech Group on June 6, 2018 following a directive of the Supreme Court.

The money laundering case was registered on the basis of FIRs registered by Economic

Offences Wing (EOW), Delhi Police and Saket police station here under various sections of the Indian Penal Code (IPC) and relevant provisions of the Prevention of Corruption Act.

For purchasing these properties, homebuyers' funds of Rs 244 crore were illegally diverted by the Unitech promoters to CIG Realty Fund.

The diverted funds were used to purchase land-owning companies of Unitech Group, the agency said.

Aurum Asset Management Private Limited was one of the companies controlled by the Chandra family, the promoters of the Unitech Group, which was used to manage the affairs of CIG Realty Fund. This company was also used by Chandras' to siphon-off the investors' funds from the accounts of CIG Realty Fund, it said.

"The misappropriated funds were used to finance the illegal activities of Chandras such as bribing certain Tihar Jail officials and other personal expenses of Ajay Chandra and Sanjay Chandra," it said.

In 2007, instead of building

houses, homebuyers' funds to the tune of Rs 60.25 crore were illegally diverted by Chandras to Authentic Group with an intention to build a seven-star resort in South Goa. On the basis of money trail in this matter, the ED has attached the southern Goa land for the benefit of homebuyers, it further said.

During the money laundering investigation, the ED has arrested five individuals namely Sanjay Chandra, Ajay Chandra, Ramesh Chandra, Preeti Chandra and Rajesh Malik.

Presently, all of them are in judicial custody. As many as 45 search operations have been conducted in this matter and 14 provisional attachment orders including the current attachments of various domestic and overseas assets worth a total value of Rs 1,059.52 crore have been attached.

The attachment orders include the attachment of assets of Carnoustie Group, Shivalik Group, Trikar Group, CIG Realty Fund, Authentic Group and the assets of shell and personal companies of Chandras.

EPS emerges as AIADMK's next leader as OPS shunned

KUMAR CHELLAPPAN ■ CHENNAI

The battle in the AIADMK for control of the party reached a new phase as coordinator and former Chief Minister O Panneerselvam and his associates walked out of the General Council meeting held on Thursday at Chennai.

Though Panneerselvam wanted to move 23 resolutions as part of his bid to take over the party, Edappadi Palaniswamy, the co-coordinator supported by more than 69 party district secretaries out of 75, succeeded in ensuring the move. "Let us appoint Edappadi Palaniswami as the general secretary and then we will see whether to move the 23 resolutions," said C V Shanmugham, MP and former Law Minister in the Edappadi Palaniswami Cabinet.

The general body meeting saw many former supporters of Panneerselvam jumping fences and joining hands with Palaniswamy. The Panneerselvam faction tried its best to get the general body meeting stayed but the Madras High Court which heard the plea by faction for staying the Thursday meeting refused to grant any stay to the meeting but restrained the leadership from going ahead with the move to elevate Palaniswamy as

the general secretary of the party.

Since the demise of Jayalalithaa on December 5, 2016, the AIADMK was disintegrating slowly. Earlier, Sasikala, the live-in aide to the former tried to take control of the party but without any luck. The Madras High Court in a late evening hearing on Wednesday refused to stay the general council meeting convened for Thursday but asked the Palaniswamy faction not to tamper with the existing dual-leadership of the party.

Thursday's meeting saw the entire general council meeting condemning and shouting

down the resolutions introduced by Panneerselvam. In a sudden turn of events, K P Munusamy, a hitherto trusted aide of Panneerselvam made a turn around and declared that the party should follow the single leadership pattern which was in vogue since the AIADMK was launched by party founder M G Ramachandran.

The General Council of the party would be held on July 11 and that meeting would decide the fate of Panneerselvam. If the kind of reception accorded to Palaniswami on Thursday is any indication, stage is set for his coronation as the general

Secretary. "Panneerselvam has nowhere to go now. His son P Raveendranath's meetings with Chief Minister M K Stalin have not been accepted by the AIADMK members. Moreover he is seen as a Sasikala acolyte," said Kolahala Srenivasan, a political observer based in Chennai.

Besides Munusamy, Dr V Mythreyan, another camp follower of Panneerselvam too switched over to Palaniswami faction leaving Panneerselvam gasping. "It is certain that Palaniswamy would be the unitary leader the party is waiting for," said Doraisamy Raveendran.

Administration, security agencies gear up for Amarnath Yatra

MOHIT KANDHARI ■ JAMMU

Ahead of the beginning of the 42-day long Amarnath yatra from June 30, the Union Territory administration has geared up its entire machinery along with different security agencies to ensure peaceful conduct of the yatra.

A mock drill was organized under the supervision of Lt Gen Syed Ata Hasnain (Retd) and Major Gen Sudhir Bahl (Retd) to test the disaster preparedness and improvise the response strategy where required.

The mock Drill was conducted by the Department of Disaster Management in collaboration with National Disaster Management Authority and District Disaster Management Authorities from June 22 to 23rd.

The exercise was conducted to assess the overall preparedness and response measures taken at critical sites to deal with any untoward incident by all the concerned government and private agencies on both the routes of Shri Amarnath Ji Yatra from Sonamarg to Holy Cave and Pahalgam to Chandanwari route.

During the mock drill, several scenarios including fire incidents, terrorist attacks, vehicular accidents and stampede were simulated. The sim-

ulations were held at Nunwan Base camp and in adjacent areas.

Additional Deputy Commissioner (ADC) Anantnag, Ghulam Hassan Sheikh who was present on the occasion said that response strategies for these mock scenarios have been discussed threadbare and any gap areas identified have been addressed.

He said that the mock exercise has been very fruitful in ensuring that all stakeholders are well versed with their responsibilities. He said that the exercise has been instrumental in ensuring interdepartmental

coordination.

Officials from National Disaster Response Force (NDRF), State Disaster Response Force (SDRF), Rashtriya Rifles, Central Reserve Police Force (CRPF), Army, Police, Health Dept, Civil Defence, Transport, Fire & Emergency Services and other emergency services attended the mock exercises.

MS Bhatia, IG Kashmir OPS, Sector CRPF also took stock of the security deployment to ensure peaceful pilgrimage. Briefing the media, IG CRPF said, "Amarnath Yatra is going to resume after a gap of

2 years. CRPF has an important role to play in the security of the devotees.

All security measures have been taken in order to conduct the Amarnath Yatra peacefully. The Union Home Ministry had earlier rushed around 350 companies of the central paramilitary forces for yatra duty. In Jammu, Divisional Commissioner Ramesh Kumar Thursday visited the Jammu-Srinagar National Highway near Samrol to take stock of the ongoing restoration work to clear the massive landslides/mudslides. Due to disruption of traffic on the highway, a large number of supply trucks and passenger vehicles have been stranded.

Meanwhile, Additional Director General of BSF (Western Command) PV Ramasastry also reviewed preparations of Shri Amarnathji yatra. He was briefed by IG Jammu frontier DK Boora about the prevailing security scenario in the region. ADG BSF also visited Samba and Kathua borders to review the operational preparedness of field formations.

During his interactions with the officers of the Jammu frontier the BSF officer laid emphasis on the threat posed by the cross border tunnel and Pakistani drones abetting smuggling of weapons/ narcotics.

10 pilgrims among 20 killed in separate mishaps in UP

PNS ■ LUCKNOW

Road mishaps claimed 20 lives, including 10 in Pilibhit and eight in Hamirpur districts respectively since Wednesday night.

In the first tragic road accident reported from Pilibhit district, 10 devotees were killed while six others were injured when their vehicle rammmed into a tree in the early hours of Thursday.

Two of the injured were in critical condition and were shifted to Bareilly.

Police reached the spot and started an investigation.

According to reports, a speeding pickup overturned on the highway after ramming into a tree in the Gajraula police station area of Pilibhit.

The pickup was full of devotees returning to Gola after taking a bath in the Ganga in Haridwar. The injured said that the accident happened as the driver dozed off. While eight died on the spot, two more were pronounced dead at the hospital.

District Magistrate Pulkit Khare and Superintendent of Police Dinesh Kumar P reached the district hospital as soon as they got information about the incident. The district magistrate said that while returning to Gola from Haridwar, the pickup met with an accident near Gajraula.

There were 17 people in the vehicle.

The deceased were identified as Laxmi (28), Rachna (28), Sarla Devi (60), Harsh

(16), Khushi (2), Sushant (14), Anand (3), Lalman (65), Shyamsunder (55) and driver Dilshad (35), all hailing from Gola.

Those injured in the mishap were identified as Sheelam Shukla (35), Sanjeev Shukla (35), Praveen (19), Prashant (17), Krishnapal Shukla (33), Poonam Devi (42) and Rishu alias Yash Trivedi (16).

In another mishap in Hamirpur district, eight people were killed and seven injured after a loader truck collided with an auto-rickshaw on Wednesday evening.

Police said the injured were shifted to a nearby hospital for treatment.

According to the police, the accident took place on the

National Highway in the Maudaha Kotwali area of Hamirpur district.

"Eight people were killed and seven injured in the collision between a loader truck and an auto-rickshaw on the National Highway in Maudaha Kotwali area of Hamirpur. The injured have been shifted to a hospital," Circle Officer of Maudaha, Vivek Yadav, said.

Meanwhile, Prime Minister Narendra Modi expressed condolences to the families of those who lost their lives in the Hamirpur accident. "The accident in Hamirpur, Uttar Pradesh is very painful. I express my deepest condolences to the families of those who lost their lives, as well as to the injured for a speedy recovery.

The state government and the local administration are doing all they can to help the injured," Prime Minister Modi tweeted. In the another mishap on Fatehpur-Lucknow highway, two cousins riding bicycles were crushed by a dumper coming from behind when they were returning from a wedding ceremony.

Reports said that Shyamu Paswan (14) and Rinku (20) were cousins hailing from Manpur Majre Bhadar village. They had gone to attend the marriage of their cousin Jitendra in Mishramau village. When they were returning home by bicycle early in the morning on Thursday, a speeding dumper crushed their bicycle and killed both of them.

Man who threatened to blow up RSS offices claims PFI link

PNS ■ LUCKNOW

The sleuths of the Anti-Terrorists Squad (ATS) grilling Raj Mohammad who threatened to blow up the offices of Rashtriya Swayamsevak Sangh (RSS), claimed he has connection with the Popular Front of India (PFI).

Sources said that Raj Mohammed, arrested from Tamil Nadu on June 7 last, has revealed during the interrogation by UP ATS that he had worked for the PFI and SDPI for three years.

At present, the ATS is interrogating Mohammad on remand.

Raj Mohammad, who threatened to bomb six RSS offices in the country, disclosed that he was an active member of the Popular Front of India (PFI) and the Socialist Democratic Party of India (SDPI) between 2018 and 2021.

Govt working on strategy to manufacture rare-disease drugs indigenously

ARCHANA JYOTI ■ NEW DELHI

With no domestic manufacturers developing drugs for people ailing with rare genetic diseases in India which is home to 8 crore such patients, the Government is working on a strategy to indigenously manufacture the drugs or bring generic drugs which are off-patent here as well as develop process chemistry for drugs under patent to make it affordable once patent expires.

Presently drugs are very costly and many times out of the reach of the patients too.

A senior official from the Department of Science and Technology (DST) under the Union Science and Technology has sought proposals from interested research groups for treatment of the rare genetic diseases.

"One-fifth of the global

population is in India. High-genetic disease prevalence has been noted in affected communities with high genetic relatedness between parents and the majority of rare diseases in India occur at birth due to recessive genetic defects. While many of the commonly occurring rare diseases have viable therapies, most of these therapeutic agents are patent protected and very expensive for the Indian user.

"Thus, there is a large unmet need for indigenously manufactured therapeutic agents for rare diseases. Currently, a few pharmaceutical companies are manufacturing drugs for rare diseases globally and there are no domestic manufacturers in India except for Food for Special Medical Purposes (FSMP) for small molecule inborn errors of metabolism.

The DST has sought proposals from the interested pharma manufacturers as to "to bring generic drugs which are off-patent or to develop process chemistry for drugs under patent to make it affordable once patent expires," said the official. The last date for submitting applications is July 15, the official informed.

According to the official, the rare diseases which may be targeted for the proposals include Lysosomal storage disorders, Gaucher disease, Mucopolysaccharidoses (all types), Pompe disease, Fabry disease, Niemann Pick disease, Metachromatic Leukodystrophy, Krabbe disease, Small molecule diseases (Phenylketonuria, Maple Syrup Urine Disease (MSUD), Neuromuscular Disorders such as Spinal Muscular Atrophy (SMA) and Dystrophinopathies

There are 7,000 different rare diseases known today, but many more still to be identified. Eighty-five to 90 percent of these are considered "serious or life threatening," and for many, there are no known effective treatments – less than 10 percent of the known rare diseases have an approved treatment available. About 80 percent of rare diseases are caused by genetic abnormalities and half of these diseases impact children. Manufacturing of drugs for these categories of diseases are full of challenges.

According to the Tufts Center for the Study of Drug Development, it takes nearly four years longer to develop an orphan drug compared with medicines to treat more common conditions. Additionally, only about 6 percent of those drugs reach approval, compared with a 12 percent overall

Two RPF personnel suspended for assaulting four AMU students

PNS ■ ALIGARH

One RPF Inspector and Constable were accused of assaulting four students of the Aligarh Muslim University at the railway station, after which they were suspended.

On Thursday, AMU students created a ruckus for several hours. It is alleged that the RPF Inspector and Constable beat up the three students who had come to see off a fellow student and the student who was supposed to travel by the Farakka Express. Hundreds of students came to the station on the news of assault on the students. They were demanding action against the culprits.

Proctorial team also arrived. Seeing the anger of the students, the accused Inspector and Constable have been suspended. It was only after that, that the matter could be settled.

Shahid, a student of West Bengal, had to go to his home by Farakka Express. Three fellow students had reached the station to see off Shahid in the train. The train reached the station at around 12:30 P.M. The train was very crowded. Somehow fellow students made Shahid board the train.

It is alleged that then RPF's ASI Premal and constable Kuldeep, who were present on the platform, stopped them while they were coming back.

He asked for platform tickets from all three. The students introduced themselves and told that they were students of AMU, had come to board the fellow student. It is alleged that on this matter, the RPF personnel first started abusing them than they also beat them up.

Along with informing his colleagues in this matter, the aggrieved student informed the AMU management.

On information, a large number of students came to the station and started creating ruckus demanding action against the guilty RPF personnel.

The proctorial team

reached the station. Talks were held with railway officials on the phone itself. After this, the announcement of suspension

of accused ASI Premal and constable Kuldeep was made. Then somewhere the commotion calmed down.

E-Auction Sale Notice for Sale of Immovable Assets under the Securitisation and Reconstruction of Financial Assets and Enforcement of Security Interest Act, 2002 read with proviso to Rule 8 (6) of the Security Interest (Enforcement) Rules, 2002.
Notice is hereby given to the public in general and in particular to the Borrower(s) and Guarantor(s) that the below described immovable property mortgaged/charged to the Secured Creditor, the physical possession of which has been taken by the Authorised Officer of ICICI Bank Ltd. will be sold on "As is where is", "As is what is", and "Whatever there is" as per the brief particulars given hereunder;

Sr. No.	Name of Borrower(s)/ Co-Borrowers/ Guarantors/ Loan Account No.	Details of the Secured asset(s) with known encumbrances, if any	Amount Outstanding	Reserve Price Earnest Money Deposit	Date and Time of Property Inspection	Date & Time of Auction
(A)	(B)	(C)	(D)	(E)	(F)	(G)
1.	Mr. Jitender Kumar Chhabra (Borrower) Ram Devi (Co-borrower) LBNOD00002116807	Flat No A-2002, Tower A, SPRINGVIEW FLOORS, CRESCENT PARC TOWNSHIP, NH-24, GHAZIABAD, UP Area: 1243 Sq. ft	Rs. 62,63,311 -89/- as on June 16, 2022	Rs. 39,60,000/- Rs. 3,96,000/-	July 5,2022 from 11AM to 12 Noon	July 16,2022 from- 11 AM to 12 Noon
2.	Mr. Sanjeev Chandel (Borrower), Pallavi Chandel (Co-borrower) LBNOD00002114485	Flat No. A- 2103, 2nd Floor Tower A, SPRINGVIEW FLOORS, CRESCENT PARC TOWNSHIP, NH24, GHAZIABAD, UP Area: 1243 Sq. ft	Rs. 65,10,741 -85/- as on June 16, 2022	Rs. 39,60,000/- Rs. 3,96,000/-	July 5,2022 from 11AM to 12 Noon	July 16,2022 from- 11 AM to 12 Noon

The online auction will be conducted on website (URL Link- <https://disposalhub.com>) of our auction agency M/s. NexXen Solutions Private Limited. The Mortgagors/ noticee are given a last chance to pay the total dues with further interest till July 15, 2022 before 05:00 P.M. else these secured assets will be sold as per above schedule.
The Prospective Bidder(s) must submit the Earnest Money Deposit (EMD) Demand Draft (DD) (Refer Column E) Branch Office: **ICICI Bank Limited, Plot No. 23, Shal Tower 3rd Floor New Rohtak Road, Karol Bagh Delhi- 110005** and thereafter they need to submit their offer through the above mentioned website only on or before **July 15,2022 before 05:00 P.M.** along with scan image of Bank acknowledged DD towards proof of payment of EMD. Kindly note, in case prospective bidder(s) are unable to submit their offer through the website then signed copy of tender documents may be submitted Branch Office: **ICICI Bank Limited, Plot No. 23, Shal Tower 3rd Floor New Rohtak Road, Karol Bagh Delhi-110005** on or before **July 15,2022 before 05:00 P.M.** Earnest Money Deposit DD/PO should be from a Nationalized/Scheduled Bank in favour of **"ICICI Bank Limited"** payable at **Delhi**
For any further clarifications with regards to inspection, terms and conditions of the auction or submission of tenders, kindly contact **ICICI Bank Limited on 9372730494/7304914763** or M/s. NexXen Solutions Private Limited on **9710029933/9810029926/01244233933**
Please note that Marketing agencies **1.M/s. NexXen Solutions Private Limited 2. Augoe Asset Management Pvt Ltd** have also been engaged for facilitating the sale of this property.
The Authorized Officer reserves the right to reject any or all the bids without furnishing any further reasons.
For detailed terms and conditions of the sale, please visit www.icicibank.com/n4p4s
Date : June 24, 2022
Place : Delhi/ NCR

PAPER WITH PASSION

Down, but not out

Uddhav’s precarious position in Maharashtra may be a setback but doesn’t mean the end of the road

Maharashtra Chief Minister Uddhav Thackeray’s departure from his official residence ‘Varsha’ on Wednesday night to his family home ‘Matoshree’ may seem to be a decline, if not the end, of his family’s hold over the party that his father, Bal Thackeray, built. It was quite emotional, with a large number of Shiv Sainiks showing solidarity with him. As emotional as his (farewell?) speech: “Will quit as Chief Minister and leave official residence if even one of the disgruntled MLAs says he doesn’t want me as Chief Minister.” His speech was on Facebook, as he has been infected with the Coronavirus. He made three main points that need to be highlighted. One, he presented himself as an atypical politician; he is not among those for whom power is to be grabbed at any cost: “I have kept letter of my resignation as Chief Minister ready, willing to resign this very moment.” Two, his party is still with him: “Getting calls from MLAs who have gone with Eknath Shinde; they are claiming that they were forcibly taken away.” And, finally, he has reiterated his adherence to Hindu nationalism: “Shiv Sena can’t be separated from Hindutva.” His followers and sympathisers will agree with him, but others may like to raise a few questions. The Shiv Sena fought and won the 2019 Assembly election in alliance with the Bharatiya Janata Party,

with the BJP’s Devendra Fadnis as the chief ministerial candidate. Then why did Shiv Sena ditch the BJP, the only other Hindutva force in the country, for the parties that are inherently anti-Hindutva? Further, are Shiv Sena legislators calves and cubs that could be forcibly taken away to a State hundreds of miles away? And if that is the case, Thackeray cannot be absolved of the blame of having given tickets to so many weaklings, for he also happens to be the supreme leader of the party. One can still sympathise with a leader who has been abandoned by his followers, but his competence in running the party and Government leaves a lot to be desired. He obviously failed to gauge the intensity of resentment in his own party, as is evident from the fact that two out of three of his MLAs were with Shinde. The exodus continues. On Thursday morning, three more Sena MLAs — Deepak Keskar, Mangesh Kudalkar and Sada Sarvankar — flew to Assam where the rebels are camping. So, is the party over for Uddhav, indeed for the Thackeray family? If that is the case, it may imply that a political party has been able to shrug off the shackles of the family that birthed it. It would, however, be premature to reach the conclusion that the Thackeray family’s political career has ended; it is down but it may not be out. Like Chirag Paswan, who lost control over the LJP but claims to be the inheritor of Ram Vilas Paswan’s legacy. Let’s wait and watch.

A man rides a bicycle as monsoon clouds hover in the sky in Nadia district, West Bengal

Vendetta?

The UP Govt’s action of bulldozing illegal houses in the State has raised a lot of heat and dust

The Yogi Adityanath-led Uttar Pradesh Government has been brazening out the allegations of ‘bulldozer politics’, which is basically a euphemism for targeting those people who have been speaking out against the ruling BJP Government. The issue snowballed into a major controversy after the properties of certain people accused of participating in violent protests against remarks by two former Bharatiya Janata Party (BJP) leaders on Prophet Muhammad were demolished to allegedly punish them for raising their voice against the establishment. In fact, the issue has reached even the Supreme Court, where the State Government submitted that “no property in the State was demolished to punish” people. Though the State has clarified that bulldozers were pressed into service to raze illegal constructions in accordance with municipal laws and after providing due opportunity to the violators, it is too much of a coincidence that the action came about soon after protests broke out in Kanpur and Prayagraj in the first fortnight of June against now-suspended BJP spokesperson Nupur Sharma and expelled party leader Naveen Jindal for their remarks against Prophet Muhammad. Subsequently, the UP Government demolished three properties in these cities. The Government took the stand that these demolitions “had no relation to the riots”, and that the actions were taken as part of the ongoing demolition drive against encroachment and illegal construction. Though it sounds like the first plausible excuse that the State Government took the stringent steps in accordance with statutes, the two applications filed by Muslim body Jamiat Ulama-i-Hind asked for restrictions on the State Government on further action. However, the Government’s contention was that the organisation “deliberately obfuscated the true facts to paint a nefarious picture of alleged mala fide on the part of the administration”. Referring to the two properties partly demolished in Kanpur, the Government claimed that proceedings were initiated under municipal law long before the riots in June — in one case, in August 2020 and, in another, in February 2020. The violators are said to have even admitted to the illegality of the buildings and moved applications for compounding the acts by payment of appropriate charges. But we, the people, don’t really know which side the truth stands on. Suffice to say, it’s the public’s duty to respect the maintenance of law and order and the Government’s to not take revengeful action against its own citizens.

Freedom of speech & expression is alive

Contrary to claims that the situation in present-day India is worse than in the days of Emergency, press at the time was throttled and dissenters jailed

In Latin, ‘*Ut est rerum omnium magister usus*’ means “Experience is the best teacher”. The term was popularised by management gurus with sufficient evidence and proof. This is a phrase attributed to the great Roman General Julius Caesar and finds mention in *De Bello Civili*, his war memoirs.

A major reason for opposition to war, which is common among the Europeans, could be their shocking experiences from the two World Wars in which millions perished and many more were maimed. There are accounts by authors like Winston Churchill (the former British Prime Minister who had covered the First World War for *The Pioneer*) about the post-WWII Europe totally devastated. The sights were unbearable and the generation that grew up experiencing the economic hardship and poverty became strong critics of any kind of war. Late MKK Nair, a former bureaucrat, had given first-hand information about England in the aftermath of WWII. Nair, who was undergoing professional training in Plymouth, has written in his autobiography ‘*With No Ill-Feeling Against Anybody*’ that only kids were eligible for sugar and chocolates: “Since there was severe shortage of power, only limited quantity of water could be heated for bathing as the winter was at its peak.”

When maverick musician TM Krishna (born in 1976) declared in a public function sometime back that there was no freedom of expression or right to speak one’s mind, the media highlighted his speech as if he was disclosing something new. What the musician forgot was that his statement reminded one of the term ‘oxymoron’ as his disclosure was poles apart from the reality. If there is no freedom of speech or right to dissent, would the media highlight the claim as a major report? The comedy lies in the truth that Krishna and his generation, born in the post-internal Emergency phase, do not know the seriousness of freedom of expression. There was a time

when the Indian subcontinent was under the spell of dictatorship as well as despotism. The generation that grew up in that period stood silently when human rights, civil rights and freedom of speech and expression were crushed to powder by then Prime Minister Indira Gandhi, her younger son Sanjay and a cartel of persons who were members of their court. That was the era when the Prime Minister had the audacity to defend corruption in high places by describing it as “a global phenomenon”.

What led to the declaration of Emergency and suspension of Constitution was a verdict by the Allahabad Bench of the Lucknow High Court on a petition filed by Raj Narain, the socialist leader who had challenged Indira’s election from Rae Bareilly in the 1971 general election. Raj Narain, an unusual politician, had alleged that Indira had utilised the services of Yashpal Kapoor, her personal secretary, for campaign-related works. Being a Government servant, Kapoor was not supposed to do Indira’s political bidding. It was gross violation of the Representation of People’s

THE GENERATION THAT GREW UP IN THAT PERIOD STOOD SILENTLY WHEN HUMAN RIGHTS, CIVIL RIGHTS AND FREEDOM OF SPEECH AND EXPRESSION WERE CRUSHED TO POWDER BY THEN PRIME MINISTER INDIRA GANDHI, HER YOUNGER SON SANJAY GANDHI AND THEIR COTERIE

Act, argued lawyer Shanti Bhushan who appeared for Raj Narain.

On June 12, 1975, Justice Jagmohan Lal Sinha set aside Indira’s election and disqualified her from contesting any election for six years. Justice Sinha was kind enough to stay his own judgment to enable Indira to appeal in the Supreme Court. By the time of the verdict, there had been widespread resentment against Indira. Members of her ‘kitchen cabinet’ advised her to proclaim Emergency, arrest the Opposition leaders and throw them behind bars. Thankfully, there were no satellite TV channels while All India Radio and Doordarshan had the monopoly over public broadcast. Gandhi declared press censorship which made the newspapers to seek permission from censor officers for publishing news. All India Radio was labelled ‘All Indira Radio’ globally as the world’s largest radio network started airing only the speeches and songs eulogising ‘Madam Indira’. People who now allege that there is no freedom of expression and speech in India should take out some time and read the archived newspaper copies!

There are some political

greenhorns who allege that the situation in present-day India is worse than in the days of Emergency. They should not forget that thousands across the country were jailed, assaulted and tortured by the police for criticising Indira. Musicians should focus on *raagas* and *thaalas* instead of commenting about freedom of expression. And the fact that such allegations hogged the limelight makes it oxymoronic! It is good to see in newspapers and news channels criticism levelled against the Narendra Modi Government for its omissions and commissions. If there is no freedom of expression, how come these reports and news get published? The sad thing is that while Indira and her men and women bulldozed the media, the Modi regime is ignoring it. The bosses may be under the impression that the best way to insult the critics is to ignore them (it is also true that many of them deserve to be ignored!) But freedom of expression is sacred and it is a sin to spread falsehoods about it.

LETTERS TO THE EDITOR

TRAGEDY IN AFGHANISTAN

Sir – It’s heartbreaking! A powerful earthquake (5.9 magnitude) struck a remote border region of Afghanistan killing at least 1,000 people and injured more than 1,500, reminiscent of 1998 when a 6.1 magnitude quake in the north-east of Afghanistan killed at least 4,500 people and injured more than 10,000. The scenario is so tragic that every street one goes to, he/she hears people mourning the deaths of their beloved ones. It’s a pity that the isolated Afghanistan regime may face struggle for aid after the earthquake, because humanitarian appeals for Taliban-ruled countries have had poor responses and there are sanctions.

The Taliban’s supreme leader, Haibatullah Akhundzadah, pleaded with the international community to help the Afghan people affected by this tragedy and to spare no effort. Reacting to the request made by the Taliban leaders, India’s Prime Minister Narendra Modi said India stands by the people of Afghanistan in their difficult times and is ready to provide all possible disaster relief material at the earliest. But with such a huge disaster, the said relief material is peanuts. Due to the Taliban Government’s rigidity in the name of Islam, many peoples are not ready to help the poor Afghans.

Bidyut Kumar Chatterjee | Faridabad

COVID SCARE BACK TO HAUNT INDIA

Sir – Under pressure, Union Health Minister Mansukh Mandaviya chaired the high-level review meeting with the core team of experts over alarming increasing cases of COVID-19 in the country. India has been witnessing an increase in Coronavirus infections over the last couple of weeks. As per reports, Maharashtra, Kerala, Delhi, Karnataka, Tamil Nadu, Haryana, Uttar Pradesh, Telangana, West Bengal and Gujarat have over 1,000 active cases. India saw a single-day rise of 13,313 new Coronavirus infections, tak-

Murmu set to create history

By fielding Droupadi Murmu, a tribal leader from Odisha as the NDA’s presidential candidate, the BJP has revealed its trump card. If she wins the July 18 poll, Murmu will become the first person from the tribal (Adivasi) community, the first native of Odisha and the second woman ever after Pratibha Patil to occupy the top post. She is set to follow in the footsteps of KR Narayanan and Ram Nath Kovind, who

both rose from the poor and downtrodden stratum to become the President. At the same time, the Opposition pick, Yashwant Sinha, would do well not to act wiser than Sharad Pawar or Farooq Abdullah or Gopalkrishna Gandhi, who refused to contest in the losing game.

As far the post of President is concerned, political parties should not have missed the opportunity to strike a cordial note and work out a national consensus when the outcome of the presidential election is a foregone conclusion. As the NDA headed by the BJP has the required numbers to go it alone, the Opposition should have fallen in line to support a non-controversial lesser known tribal woman who has risen from the ranks to a creditable political career. In a bid to put up a show of notional fight, the Opposition has only ended up showing fissures. The NDA, too, can’t escape the blame for its disdain for consensus.

Abhijit Roy | Jamshedpur

ing the infection tally to 4,33,44,958, while the active cases have increased to 83,990, according to the Union Health Ministry data updated on Thursday June 23.

The death toll has climbed to 5,24,941. In a review meeting of INSACOG, States/UTs were asked to submit “larger number” of samples for whole genome sequencing from districts and areas which have seen a surge in COVID-19 cases over a period of seven days. According to the Indian SARS-CoV-2 Genomics Consortium (INSACOG) experts, Omicron and its sub-lineages, primarily BA.2 and BA.2.38, as of now, seem to be behind the current rise in COVID cases. With this, the matter related to COVID in India is very serious and dangerous.

Bhagwan Thadani | Mumbai

GUIDELINES FOR LOWER JUDICIARY

Sir – The Jammu & Kashmir and Ladakh High Court has set a good precedent by issuing a circular according to which no judicial officer shall receive, see off and

visit the visiting Chief Justice or judges during court hours. The significance of this circular is better understood by the clients. If the judicial officers visit the visiting Chief Justice or other judges of High Court, the cases listed for that day stand adjourned for one or two months. If at least the Chief Justice and other judges visit once in a year, and in all it will be at least three or four times a year.

In each case, if the case listed for that day is not heard for one or two months, the case stands prolonged for about a year. This is one of the reasons for delayed delivery of justice. This may not be the case in any other department. If a judge leaves his seat, no one else can discharge his duties. Hence the importance of this circular is high. Another point is that if the visiting Chief Justice or other judges want to hold a meeting, it will be done before or after court hours.

SOUND BITE

This year, we are expecting 7.5 per cent growth, which makes us the fastest growing major economy.

Prime Minister —Narendra Modi

We are now seeing signs of a possible fall to rock bottom.

Sri Lanka PM

—Ranil Wickremesinghe

It (favourite co-star) has to be Sidharth Malhotra. He is very handsome.

Actor —Kiara Advani

When you want to get back into form, you want to find your rhythm.

India batter

—Cheteshwar Pujara

From one rank, one pension, this Government has gone to no rank, no pension.

Congress leader —Rahul Gandhi

FIRST COLUMN

INDIA AT BRICS AND G7: TOUGH BALANCING ACT

Navigating through China’s assertiveness, Putin’s Ukraine war

KUMARDEEP BANERJEE

India’s diplomatic and foreign policy calendar has been swinging between a diverse bunch of power blocks. India had a tough challenge to attend the 14th BRICS summit held virtually under the chairmanship of Chinese President Xi Jinping.

It was a tough call, given India’s frosty relationship with China over the border tensions and sharing a platform (virtually) with Russian President Vladimir Putin, now considered a global outlaw. The BRICS summit was themed on Global Development; it’s actually a message China wants to send across, placing itself at the centre of economic prosperity for the globe. This position has traditionally been claimed by the US and its Western allies.

It is interesting to note how the Chinese communist party’s foreign policy propaganda newspaper, the Global Times, reported on the significance of the BRICS summit. In one of its recent reports, it mentioned the most novel proposition of this summit, BRICS expansion. The presence of Putin and several new invitees is also open to various interpretations. The Ukraine crisis has seen fissures emerge in the G20; and adding new members to BRICS could make it an alternative minus US and its allies.

This could also mean an expanded BRICS overtaking G7 earlier than imagined. In some of the other paragraphs the report lays emphasis on the “Global South cooperation,” the presence of India in both the US-led Quad framework and BRICS, India’s exit from the China-led Regional Comprehensive Economic Partnership (RCEP), while accepting to be a founding member of US-led Indo Pacific Economic Framework (IPEF).

While China’s foreign policy department officially stuck to “high-quality partnership amongst BRICS, usher in new era for global development,” as the core agenda, its allied arms such as the newspaper report mentioned above was setting the real agenda for the summit.

India moves away from the BRICS summit to another important multilateral, the Commonwealth Summit which is taking place in Rwanda’s capital Kigali over the weekend. Leaders of 54 countries from Asia, Africa, South America, and Europe participate in the commonwealth summit which most often has been described as a club of erstwhile UK colonies, discussing their internal affairs, rather than coming out with a significant outcome-driven agenda for world affairs.

However, this diverse group of nations also represents the confluence of developing and the developed world, the former rulers meeting the former colonies, to indulge in some creative solutions for existing and emerging problems. It is a different matter that much of the commonwealth nations except the larger and more prosperous ones have been denied access to vaccines and therapeutic remedies to counter the Covid pandemic by the powerful nations. India will be represented at the summit by External Affairs Minister S Jaishankar.

However, one of the most eyeball-grabbing meetings will be the G7 in Schloss Elmau, against the backdrop of the Bavarian Alps in Germany next week. India has been invited for this meeting as a guest and will be represented by Prime Minister Narendra Modi in person. This is the fourth consecutive time India has been invited for this prestigious global policy leaders meeting.

The G7, which is a group of most prosperous nations of the world which are some of the largest donors to international bodies, together make the most influential voice for global policy directions. This year, the G7 presidency has been taken over by Germany, which will push for some coordinated policy actions on the ongoing war in Ukraine, its impact on food inflation, particularly in the developing nations, the climate crisis, the Covid pandemic, and its impact.

India has some tough balancing acts to do on multilateral platforms. (The writer is a policy analyst. The views expressed are personal.)

COVID crisis led to distress employment

There is an urgent need to generate more decent and productive employment for the increasing labour force in the country

BALWANT SINGH MEHTA

The National Statistical Office (NSO) released the Periodic Labour Force Survey (PLFS), 2020-21 report on June 14. At a first glance, the annual survey report shows an improvement in the employment situation with rise in employment and decline in the unemployment rate during the pandemic years compared to the previous years (PLFS survey years correspond to the agriculture year July to June).

This is quite unexpected, keeping in mind the severe economic disruption after the Covid-19 pandemic. The survey results differ from several other reports, which suggest that the employment situation in the country has worsened after the pandemic. This survey report has evoked heightened interest in the findings. It calls for further investigation as to whether these results are survey anomalies or indicate the changing employment situation in the country.

This article attempts to interpret the findings from the last three annual PLFS (2018-19, 2020-21 and 2020-21) reports, and try to understand the impact of Covid-19 pandemic by analysing some key labour market indicators.

The labour force participation rate as per usual status (reference period of last 365 days preceding the survey), which is the sum of those working and those available for work or unemployed, reported highest in the four years at 41.6 per cent in 2020-21. The worker population ratio (WPR) has increased from 35.3 per cent in 2018-19 to 39.8 per cent in 2020-21, which is the percentage of employed persons in the population.

On the other hand, the unemployment rate which is the percentage of unemployed in the labour force has eased from 5.8 per cent in 2018-19 to 4.2 per cent in 2020-21. The rural-urban division shows that the rise in WPR is in rural areas, which is almost 2.5 times higher than urban areas. It is well documented that the impact of Covid-19 in the rural economy was far less than urban, which is also reflected from the survey results.

A lot of people, particularly migrants engaged in the informal sector, lost their employment during the pandemic at the urban destinations. With no means of employment in urban areas, a large number of them have returned to their native places in rural areas, where they, along with their family members especially women, are engaged in locally available activities such as agriculture and related work for survival.

The survey results further reveal that the rise in WPR is largely credited to female than male, where WPR of the former has increased by 2.54 times more than the latter. This phenomenon is more pronounced in rural areas, where the female WPR has increased almost 3.2 times more (19.0 per cent to 27.1 per cent) than their urban counterparts (15 per cent to 17 per cent) during the pandemic years.

So, the rise in employment during the

WITH NO MEANS OF EMPLOYMENT IN URBAN AREAS, A LARGE NUMBER OF MIGRANTS RETURNED TO THEIR NATIVE PLACES IN RURAL AREAS WHERE THEY, ALONG WITH THEIR FAMILY MEMBERS, ARE ENGAGED IN LOCALLY AVAILABLE ACTIVITIES

The author is Senior Fellow, Institute for Human Development, Delhi

pandemic years is overwhelmingly of females in rural areas.

The industrial structure provides broad employment trends, where the employment in agriculture in developing countries like India is considered as subsistence and less productive, while employment in non-farm industrial and services is regarded as more productive. It is well documented that as the country progresses, the people move away from the less productive agriculture sector in rural areas to more productive non-farm industrial and services sectors in urban areas.

However, the industrial distribution of employment in India shows a reversal of the decades-long decline in agriculture share in recent years with more and more people moving into the farm sector in rural areas. The share of employment in agriculture has increased by 3 percentage points from 57.8 per cent in 2018-19 to 60.8 per cent in 2020-21.

This trend indicates that people are finding it difficult to get employment in non-farm sectors, and they are compelled to engage in subsistence farm activities due to the lack of other employment avenues. In rural areas, almost three-fourth (75.4 per cent) of the females are engaged in farm activities compared to around half of the male (53.8 per cent).

Thus, the rise in employment in rural areas has a huge implication on women’s work, which is also reflected from increasing female’s WPR. This reveals that the rise in share of employment in agriculture reflected the impact of economic slowdown and the pandemic.

The reverse migration from cities to rural areas would have only

increased the pressure on the farm sector to absorb the workers, especially females, leading to the distress employment.

The status of employment broadly indicates the quality of employment, where a regular salary is considered better quality of work than self-employed and casual labour. Regularity of work and social security benefits are associated with regular salaries, while social security provisions are generally not available for self-employed and casual labourer.

The PLFS survey reports show that the share self-employed has increased from 52.1 per cent in 2018-19 to 55.6 per cent in 2019-20, while the share of regular salaried (23.8 per cent to 21.1 per cent) and casual labour (24.1 per cent to 23.3 per cent) has declined during the last three years. This phenomenon is more pronounced in rural areas, where the share of the self-employed has increased relatively more (3.3 percentage points) than urban areas (1.7 percentage points).

However, the increase in share of the self-employed in rural areas is largely attributed to the rise in unpaid helpers in household enterprises (4.6 percentage points), while the share of own account workers and employer category has declined (-1.4 percentage points).

This indicates that the jump in female WPR in rural areas is contributed most by the increase in employment of helpers or unpaid family workers in household enterprises. A recent Niti Aayog report highlighted that the rise in ‘disguised employment’ or unpaid family workers is a more serious issue than unemployment in India. The decline in the share of regular salaried workers is another serious

concern, reflecting the worsening employment conditions with rise in low quality employment in recent pandemic years.

The above analysis reveals that the increase in employment in pandemic years is distress-driven and not necessarily any improvement in the overall employment in the country. This is shown in the report as an increase in terms of labour force participation rate, the worker-population ratio, and decline in the unemployment rate. It is also important to note that the share of employment in agriculture and allied activities, and especially employment of rural women, has gone up in recent years, which is mostly of distress type not productive or decent employment.

Further, the report also reveals that employment in the informal sector has increased during the pandemic years from 68.4 per cent to 71.4 per cent in 2020-21. Workers in the informal sector are for the most part not covered by any social security benefits and also not covered by the national labour laws and regulations. Such workers are most affected by any economic shocks such as the economic downturn after Covid-19.

In sum, the PLFS survey report (2020-21) indicates generation of new employment in the country during the pandemic years, but most of the new jobs are of distress or informal type, especially for females in rural areas.

In this context, there is an urgent need to generate or provide more decent and productive employment for the increasing labour force in the country, which is must to meet the SDG goal 8 targets of ‘decent or productive employment for all’ by 2030.

POINTCOUNTERPOINT

IF ANY OF THE REBEL MLAS SAYS THEY DON'T WANT ME AS CM, I'M READY TO RESIGN. I'M PREPARING MY RESIGNATION LETTER. —MAHARASHTRA CHIEF MINISTER UDDHAV THACKERAY

FORTY SENA MLAS ARE PRESENT WITH ME IN GUWAHATI. WE WILL TAKE BALASAHEB'S HINDUTVA AND LEGACY FORWARD. —SHIV SENA REBEL FACTION LEADER EKNATH SHINDE

India emerges as leader at WTO ministerial meet

India defended its right to extend subsidies to Indian fishermen, with contentious clauses removed

For the first time in a decade, members of the World Trade Organisation (WTO), a 164-nation body, have finalised a historic deal at the 12th Ministerial Conference (MC12). The four-day MC12 was extended by two days as trade ministers negotiated through the night at WTO headquarters, next to Lake Geneva, and negotiations continued till June 18 morning. India was at the centre of WTO negotiations at the MC12.

India has agreed to the proposal of no export restrictions on the World Food Programme. But internal food security concerns will take precedence. There is no work programme on agriculture, which could be considered as a good outcome for India as our agri-subsidy will not face any further scrutiny.

PK VASUDEVA

(The writer is former Senior Professor, International Trade and Member, Vivekananda International Foundation. The views expressed are personal.)

On the trade-related intellectual property rights (TRIPS) waiver, an agreement could be reached only on vaccines. The official said negotiations for diagnostics and therapeutics would start in six months as demanded by developed countries.

This means India’s demand to include diagnostics and therapeutics in the agreement did not find favour with developed countries. In October 2020, India, South Africa, and 63 co-sponsors had made the TRIPS waiver proposal to help middle- and low-income nations get access to Covid-19 vaccines and drugs. However, the discussions reached a deadlock in the TRIPS Council, the body responsible for monitoring the operation of the agreement. The draft agreement fell short of the original

proposal and includes only vaccines.

India had called for a TRIPS waiver for vaccines, therapeutics, and diagnostics to fight Covid-19 and future pandemics. India had held it was too late in the day if only vaccines were included because the pandemic had run its initial course. On a moratorium on customs duty on e-commerce transactions, countries agreed to extend it by another two years.

India put forth aggressive draft texts in all pillars of WTO negotiations rather than being reactive, as in the past. India brought the members together to a unanimous agreement on fisheries, health, and the future of WTO reforms, digital technology, food, and environment. India’s principled stand at the WTO strengthened the voice of

the poor and the vulnerable globally.

An agreement at Geneva makes it the first trade deal since the 2013 Bali Ministerial, where members signed the WTO’s first trade deal on a peace clause on public stockholding for food security purposes and a trade facilitation agreement. The consensus-driven, rule-making process at the multilateral trade organisation means even one member could thwart a deal at the last moment. After negotiations spilled over to the sixth day, 164 countries of the World Trade Organisation finally sealed a package deal in the wee hours on 18 June in Geneva with India leading the course.

In a first major agreement in nine years, the deal includes six major issues of importance for developing countries including

food security, balanced outcome fisheries subsidies, response to pandemic, and patents waiver on Covid-19 vaccines.

The deal that tested Commerce & Industry Minister Piyush Goyal’s negotiation skills saw several trade-offs between developed and developing countries during the two nights of marathon talks, going well past the June 16 afternoon deadline. “There is a good outcome on the issues that were long pending,” Goyal said, adding that India completely protected the interests of fishermen and farmers. “All in all, it is a good package. Today there is no issue on which we have to be concerned, whether it is related to agriculture such as MSP [minimum support price], reinforcing the relevance of the public stock-

holding programme towards fulfilling the national food safety programme or PM Garib Kalyan Scheme, TRIPS waiver, e-commerce moratorium, response to Covid and fisheries,” Goyal said after the deal.

India defended its right to extend subsidies to Indian fishermen, with contentious clauses removed from the text at the last minute. In turn, India agreed to an 18-month extension of the moratorium on customs duty on electronic imports that it argues favours rich nations. However, subsidies on overfishing, deep-sea fishing; and illegal, unreported and unregulated (IUU) fishing has been addressed through the proposed pact.

“On India’s insistence, sovereign rights on EEZ [exclusive economic zones] have been firmly established. It is really a

big achievement,” said Goyal, adding that principal stakeholders who have benefited from these “historic decisions” taken by the 12th Ministerial Conference of the WTO are fishermen, farmers, food security, multilateralism, and trade and business, particularly digital economy and MSMEs.

Through the joint efforts of all WTO members, the MC12 has made breakthroughs on a number of key issues, demonstrating that the multilateral trading system can play a key role in addressing global challenges, she said.

Goyal said India today battled on the front foot rather than being fearful on various issues, be it environment, startups, MSMEs or gender equality. This was a result of the confidence of ‘New India.’

The jury that decides the Princess of Asturias Awards gave Ban its Concord Prize for "providing shelters that offer dignity" to those needing emergency help.

"His work, constantly guided by humanitarian values and with the help of volunteers, is an example of sustainable architecture using recycled materials, earning international recognition," the Princess of Asturias jury said in its citation.

Ready to help Lanka's quick eco recovery through promoting investments: India

PTI ■ COLOMBO

India on Thursday assured Sri Lanka that it stands ready to help the island nation's quick economic recovery through promoting investments, connectivity and strengthening economic linkage as a four-member delegation led by Foreign Secretary Vinay Kwatra met the country's top leadership, including President Gotabaya Rajapaksa, here.

Sri Lanka is facing the worst economic crisis since independence in 1948 which has led to an acute shortage of essential items like food, medicine, cooking gas and fuel across the country.

The delegation, which also included Ajay Seth, Secretary, Department of Economic Affairs, V Anantha Nageswaran, Chief Economic Advisor, and Kartik Pande, Joint Secretary, Indian Ocean Region, first met President Rajapaksa.

During the call on President Rajapaksa, the Indian side thanked him for his commitment to the development of

India-Sri Lanka bilateral relations.

"Both sides had a productive exchange of views on the current economic situation in Sri Lanka as well as India's ongoing support," the High Commission of India said in a press release here.

During the meeting, Kwatra told Rajapaksa that India, as a close friend, will extend its fullest support to Sri Lanka in overcoming the difficult situation, the newsfirst.lk website reported.

The delegation reviewed the already provided assistance in terms of fuel, medicine, fertiliser and other essentials and said the Indian government is committed to support Sri Lanka, the report said.

The delegation later met with Prime Minister Ranil Wickremesinghe and the two sides had an in-depth discussion on the Sri Lankan economy and efforts undertaken by the Government of Sri Lanka towards achieving economic

recovery.

"In this context, both sides highlighted the importance of promoting India-Sri Lanka investment partnership including in the fields of infrastructure, connectivity, renewable energy and deepening economic linkages between the two countries," the release said.

During the meetings, the Indian delegation underscored that the unprecedented recent economic, financial and humanitarian assistance of over USD 3.5 billion to the people of Sri Lanka was guided by 'Neighbourhood First' policy and Security and Growth for All in the Region (SAGAR) vision of Prime Minister Narendra Modi.

"The talks between the two sides were held in a frank, cordial and constructive manner," the release said.

In a tweet, Prime Minister Wickremesinghe said he had "a productive discussion" with the Indian delegation led by Foreign Secretary Kwatra.

"I look forward to stronger bilateral ties with India," he tweeted. The Foreign Secretary

also had a separate meeting with his Sri Lankan counterpart, Ambassador Wijewardena.

Truck driver dies after waiting for 5 days in queue at fuel station

PTI ■ COLOMBO

A 63-year-old truck driver has died in Sri Lanka after standing for five days in a queue at a filling station in the country's Western Province, the 10th death reported due to prolonged waiting for fuel procurement in the debt-ridden island nation grappling with the worst economic crisis since its independence, according to a media report on Thursday.

The man was found dead inside his vehicle after waiting in the queue at the filling station in Anguruwatota, police said.

The death toll in queues now stands at 10 and all the victims have been men aged between 43 and 84 years. Majority of the deaths reported in queues have been due to

cardiac arrests, the Daily Mirror newspaper reported.

A week ago, a 53-year-old man died while waiting in a queue for several hours at a fuel station in Panadura in Colombo.

The man was reported to have died of a heart attack while waiting in the queue in his three-wheeler.

Sri Lanka, home to around 22 million, is currently facing its worst economic crisis in more than 70 years.

Sri Lanka's economy is experiencing extreme fuel shortages, soaring food prices and a lack of medicines.

The current shortages were made worse by the government's inability to get the state-owned Bank of Ceylon to open Letters of Credit for fuel imports.

Australian leader to visit France to fix damaged relations

AP ■ CANBERRA

Australian Prime Minister Anthony Albanese said Thursday he will meet President Emmanuel Macron in France next week to reset a bilateral relationship that was damaged when the previous Australian government canceled a submarine contract.

Albanese said Macron had invited him to visit France while he is in Europe to attend a NATO summit in Spain.

"We do need to reset. We've already had very constructive discussions. We've brought to a close the arrangements that were in place over submarines," Albanese told Australian Broadcasting Corp.

France responded with fury when former PM Scott Morrison announced in September that Australia was cancelling a 90 billion Australian dollar (\$62 billion) contract for a French state-owned company to build a fleet of 12 conventional diesel-electric submarines.

Instead, Australia had struck a deal with the US and Britain to provide submarines powered by U.S. Nuclear technology.

France temporarily withdrew its ambassadors from the U.S. and Australia. Macron accused Morrison of lying to him over the French contract that was awarded in 2016.

India, China discuss return of stranded students

PTI ■ BEIJING

India and China have discussed the return of thousands of Indian students stranded at home for two years due to Beijing's COVID-19 bans and resumption of direct flights disrupted by the coronavirus pandemic, the Indian embassy here said on Thursday.

The vexed issue of the return of the Indian students figured in the talks between Indian Ambassador to China Pradeep Kumar Rawat and Chinese Foreign Minister Wang Yi on Wednesday.

Wang recalled his meeting with his Indian counterpart S Jaishankar during his visit to New Delhi in March this year and mentioned that the "Chinese side attached importance to the Indian side's concerns regarding the return of Indian students and that he hoped to see early progress on this", a press release from the Indian Embassy quoted Wang as saying.

Foreign Minister Wang also referred to discussions on the resumption of direct flight connectivity between the two sides, it said.

"Ambassador Rawat conveyed that the

relevant agencies in India are seized of the matter and we may see progress in the matter soon", it said.

China, in recent months, began permitting "some" foreign students to return to the country. On June 20, the first batch of 90 Pakistani students, stuck back home for about two years due to China's strict visa restrictions, arrived in the Chinese city of Xian.

They are part of 250 Pakistani students China has agreed to permit to return based on their requirements while thousands more are awaiting Beijing's nod, according to the media reports from Pakistan.

1/6 panel to hear of Trump's pressure on Justice Department

AP ■ WASHINGTON

The Jan. 6 committee will hear from former Justice Department officials who faced down a relentless pressure campaign from Donald Trump over the 2020 presidential election results while suppressing a bizarre challenge from within their own ranks.

The hearing Thursday will bring attention to a memorably turbulent stretch at the department as Trump in his final days in office sought to bend to his will a law enforcement agency that has long cherished its independence from the White House.

The testimony is aimed at showing how Trump not only relied on outside advisers to press his false claims of election fraud but also tried to leverage the

powers of federal executive branch agencies.

The witnesses will include Jeffrey Rosen, who was acting attorney general during the Jan. 6, 2021, assault on the U.S. Capitol. Three days earlier, Rosen was part of a tense Oval Office showdown in which Trump contemplated replacing him with a

lower-level official, Jeffrey Clark, who wanted to champion Trump's bogus election fraud claims.

In a written statement prepared for the committee and obtained by The Associated Press, Rosen says the Justice Department had been presented with no evidence of fraud that could have affected the outcome of the election and therefore did not participate in any Trump campaign efforts to overturn the results, instead insisting on an orderly transfer of power.

"Some argued to the former president and public that the election was corrupt and stolen," Rosen's statement says. "That view was wrong then and it is wrong today, and I hope our presence here today helps reaffirm that fact."

Two other former department officials, Rosen's top deputy, Richard Donoghue, and Steven Engel, are also scheduled to testify. Both warned Trump at the White House meeting that they'd resign and that many of the department's lawyers would follow if he replaced Rosen with Clark.

"You could have a situation here, within 24 hours, you have hundreds of people resigning from the Justice Department," Donoghue has said he told Trump.

"Is that good for anyone? Is it good for the department? Is it good for the country? Is it good for you. It's not."

Only then did Trump relent. The night, and later his Republican administration, ended with Rosen still in power.

Tension in Iraq as cleric accuses Iran's allies of meddling

AP ■ BAGHDAD

Iraq's Parliament is set to hold a session Thursday to vote in replacements for 73 lawmakers who resigned earlier this month. The collective walkout by followers of Iraq's most influential Shiite politician threw Iraq into further uncertainty, deepening a months-long political crisis over government formation.

It was not clear whether the

extraordinary session requested by 50 members of parliament during a recess would go through. A simple majority of the legislature's 329 members is required for an electoral session, and al-Sadr urged parliamentary blocs not to succumb to "pressures" from Iranian-backed factions.

Al-Sadr, a maverick politician with a large following, emerged as the biggest winner in general elections held in October, but has been

unable to cobble together a coalition that can form a majority government. He has been locked in a power struggle with internal Shiite rivals backed by Iran, preventing the formation of a new government.

Two weeks ago, he ordered lawmakers from his parliamentary bloc to resign in a bid to break the eight-month impasse. The unprecedented move threw Iraq's political landscape into disarray.

Afghans bury dead, dig for survivors after quake kills 1,000

AP ■ GAYAN (AFGHANISTAN)

Villagers rushed to bury the dead Thursday and dug by hand through the rubble of their homes in search of survivors of a powerful earthquake in eastern Afghanistan that killed at least 1,000 people. The Taliban and the international community that fled their takeover struggled to bring help to the disaster's victims.

Under a leaden sky in Paktika province, which was the epicentre of Wednesday's magnitude 6 earthquake, men dug a line of graves in one village, as they tried to lay the dead to rest quickly in line with Muslim tradition. In one courtyard, bodies lay wrapped in plastic to protect them from the rains that are hampering relief efforts for the living.

The quake was Afghanistan's deadliest in two decades, and, with the full extent of the destruction among the villages tucked in the mountains only slowly

coming to light, officials said the toll could rise. An estimated 1,500 others were reported injured, the state-run Bakhtar News Agency said.

"They don't have anything to eat, they are wondering what they can have to eat, and it is also raining," a Bakhtar reporter said in footage from the quake zone. "Their houses are destroyed. Please help them, don't leave them alone."

The disaster heaps more misery on a country where millions already faced increasing hunger and poverty and the health system has crumbled since the Taliban retook power nearly 10 months ago amid the US and NATO withdrawal.

How the international humanitarian community, which has pulled back significant resources from the country, will be able to offer aid and to what extent the Taliban government will allow it to remain in question. The Taliban's takeover led to a cutoff of vital international

Iran orders US to pay compensation for slain nuke scientists

AP ■ TEHRAN

A court in Iran on Thursday ordered the United States government to pay over \$4 billion to the families of Iranian nuclear scientists who have been killed in targeted attacks in recent years, state-run media reported.

The largely symbolic ruling underscores the escalating tensions between Iran and the West over Tehran's rapidly advancing nuclear programme, with negotiations to restore the tattered atomic accord at a standstill.

Although Tehran has blamed Israel in the past for slayings targeting Iranian nuclear scientists since a decade ago, Iran did not directly accuse its arch-foe Israel in its announcement.

Iran has not recognised Israel since the 1979 Islamic Revolution that ousted the pro-West monarchy and brought Islamists to power. The court mentioned Israel only in saying the US supported the "Zionist regime" in its "organised crime" against the victims.

It's unclear how the court decision, like a raft of previous Iranian cases against the US as the two sides have engaged in a spiralling escalation of threats, would gain traction; there are no American assets to confiscate in the Islamic Republic.

Office of the S.E. 3rd Circle, P.W.D. PITHORAGARH GOVERNMENT OF UTTARAKHAND

NORTHERN RAILWAY

TENDER NOTICE
The Sr.DME/Diesel, Northern Railway, Diesel Loco Shed, Tughlakabad for and on behalf of President of India invites e-tenders for the following work. The tender will be accepted online only in the prescribed tender document.

Subject	Description
Name of Work	"Comprehensive AMC of MASTER CONTROLLER unit in various schedules (Yearly, 3 Yearly and 6 Yearly) fitted in HHP Locomotives."
Place of Work	Diesel Shed, Tughlakabad, New Delhi-110044.
Completion period	24 months
Approximate cost of Work	Rs. 69,49,519.14/- including GST @18% (Rs. Sixty Nine Lakh Forty Nine Thousand Five Hundred Nineteen and Fourteen Paise only including GST @18%)
Earnest Money	Rs.1,38,000/- (Rs. One Lakh Thirty Nine Thousand only)
Description of Similar Service Contract	The approved definition of similar nature of work is- "The Tenderer should be either an OEM of Master Controller or Authorized dealer of any OEM for Master Controller or Sources approved by RDSO for related work"
Technical Eligibility Criteria	As per clause 10 of tender form (second sheet) of Tender Document.
Financial Eligibility Criteria	As per clause 10 of tender form (second sheet) of Tender Document.
Website to download and upload e-tender document	www.ireps.gov.in
Due date & time of uploading of Tender by tenderer	15.07.2022 upto 12:00 Hrs.
Place of opening of tender	Divisional Railway Manager office, State Entry Road, New Delhi.
Date & Time of Tender opening	15.07.2022 after 12:00 hrs.
Validity of offer	45 days from opening of tender.
Allocation	05-312-32
Tender Document can be downloaded from Indian Railway website www.ireps.gov.in . For details of work experience, scope of work and terms & conditions please see Tender document.	
TENDER NOTICE NO.: DSL-TKD-AMC-MC-2022 dated 22.06.2022 1535/2022	
SERVING CUSTOMERS WITH A SMILE	

States to push for continuing GST compensation beyond June

Centre to cite tight revenue position

PTI ■ NEW DELHI

The GST Council at its meeting next week is likely to be a stormy affair with Opposition-ruled States aggressively pushing for continuation of compensation for revenue loss, while Centre will defend such a move citing a tight revenue position.

To meet the shortfall in the GST compensation fund, the Centre has borrowed and released to states ₹1.1 lakh crore in 2020-21 and ₹1.59 lakh crore in 2021-22 as back-to-back loans to meet a part of the shortfall in cess collection.

In addition, the Centre has also been releasing regular GST compensation from fund to meet shortfall. "Last year, out of the compensation cess collection, the Centre has repaid ₹7,500 crore towards interest cost for borrowing and ₹14,000 crore is to be paid this fiscal.

From next fiscal, the repayment of principal amount will start, which will continue till March 2026," an official said. The 47th meeting of GST Council, chaired by Union Finance Minister and comprising state Finance Ministers, in Chandigarh scheduled on June 28-29 is likely to see discussion veer around compensation mechanism and revenue position of the Centre and states.

As per estimates, some northeastern states do not require GST compensation. After 45th GST Council meeting in Lucknow, Union Finance Minister Nirmala Sitharaman

had said regime of paying compensation to states for revenue shortfall, resulting from subsuming their taxes, such as VAT in uniform national tax GST will end in June next year.

However, the compensation cess levied on luxury and demerit goods, will continue to be collected till March 2026 to repay the borrowings that were done in 2020-21 and 2021-22 to compensate states for GST revenue loss. Goods and Services Tax (GST) was introduced in country with effect on July 1, 2017, and states were assured of compensation for loss of any revenue arising on account of

implementation of GST for five years. Though states' protected revenue has been growing at 14% compounded growth, the cess collection did not increase in same proportion.

The pandemic hiked gap between projected revenue and actual revenue receipt, including a reduction in cess collection. To meet resource gap of states due to short release of compensation, Centre has borrowed and released ₹1.1 lakh crore in 2020-21 and ₹1.59 lakh crore in 2021-22 as back-to-back loans to meet a part of shortfall in cess collection.

'Govt can meet fiscal deficit target if rising oil prices don't force more excise cuts on fuels'

PTI ■ MUMBAI

The Centre can meet the fiscal deficit target of 6.4 per cent for 2022-23 if there are no excise duty cuts to lower high oil prices and additional spending on subsidies, a German brokerage said on Thursday.

Meeting the budgeted target will be possible if there is no further cut on excise duties, Deutsche Bank's chief economist Kaushik Das said.

The note said that the recent cuts in excise duties, coupled with the higher spending on fertiliser, food and fuel subsidies have led to "upside risks" on the fiscal deficit target.

"...Our analysis of the fiscal arithmetic at this juncture suggests that the central government can still potentially hold the FY23 fiscal deficit

close to the target of 6.4 per cent of GDP, assuming no further excise duty cuts or/and additional spending on subsidies over and above what has already been announced," it said.

However, it will be a "different story" if crude oil prices rise to over USD 150 per barrel during the course of the year, it said, hinting that the fiscal deficit can expand beyond the targeted levels otherwise.

The brokerage said its house view is for the fiscal deficit number to come at 6.5 per cent of GDP.

Clarity on whether the fiscal target can be met or not, and if market borrowing needs to be increased from the present target of Rs 14.31 lakh crore will become clearer only in the second half of the fiscal,

when the government has sufficient data on the revenue and expenditure front, it said. Listing out the factors which are leading to concerns over the fiscal situation, it said the government reduced central excise duty on petrol by Rs 8 per litre and diesel by Rs 6 per litre, expenditure allocation on fertiliser subsidies was raised by Rs 1.1 lakh crore and a Rs 61,000 crore scheme on cooking gas was also announced.

The note said the actual revenue collection turned out to be higher than the revised estimates in FY22, which will make it easier to achieve the revenue estimates for FY23 in absolute terms, but added that the actual expenditure also turned out to be higher than estimates. In FY23, total rev-

enue collections can be lower by around Rs 24,500 crore, given impact of measures enlisted above, it said, adding the expenditure compression is still likely to fall short of the additional increase in subsidy bill of Rs 2 lakh crore, which means that we should expect an overall expenditure overshoot of at least Rs 1.3 lakh crore, it said.

FY23 fiscal deficit could be potentially higher by Rs 1.5 lakh crore or 7 per cent of GDP, when calculated using the lower nominal GDP base provided in budget (which assumes only 11.1 per cent growth), but fiscal deficit works out to 6.54 per cent, when using a larger nominal GDP base, based on a realistic 17-18 per cent YoY (Year-on-Year) growth assumption, it said.

Sensex, Nifty rebound nearly 1 pc on gains in auto, IT stocks

PTI ■ MUMBAI

Equity benchmark indices Sensex and Nifty bounced back on Thursday to close higher by nearly 1 per cent on gains in banking, IT and auto shares amid mixed global trends.

The 30-share BSE Sensex rose by 443.19 points or 0.86 per cent to settle at 52,265.72. During the day, it rallied 694.26 points or 1.33 per cent to 52,516.79. The NSE Nifty advanced 143.35 points or 0.93 per cent to 15,556.65. From the Sensex pack, Maruti, M&M, Asian Paints, Bharti Airtel, TCS, Sun Pharma, Wipro, ICICI Bank and Hindustan Unilever were major gainers.

On other hand, Reliance Industries, NTPC, Power Grid and UltraTech Cement were laggards. Elsewhere in Asia, stock markets in Hong Kong, Shanghai and Tokyo ended with gains while Seoul settled lower. European markets were trading in red in mid-session deals. The US markets ended

marginally lower on Wednesday.

"The Indian markets opened on a positive note following Asian market peers which were trading mostly in the green led by China. During the afternoon session markets trimmed some of their gains as European markets struggled to shrug-off recession fears but managed to trade in the green," said Narendra Solanki, Head- Equity Research (Fundamental), Anand Rathii Shares & Stock Brokers.

The 30-share BSE Sensex tanked 709.54 points or 1.35 per cent to settle at 51,822.53 on Wednesday. The NSE Nifty fell 225.50 points or 1.44 per cent to end at 15,413.30.

Meanwhile, international oil benchmark Brent crude declined 1.92 per cent to USD 109.60 per barrel. Foreign institutional investors (FIIs) remained net sellers in capital market, as they sold shares worth ₹2,920.61 crore on Wednesday, as per exchange data.

PTI ■ NEW DELHI

Agriculture Minister Narendra Singh Tomar on Thursday assured the agrochemicals industry that he would take up the industry's demand to reduce GST on pesticides to 5 per cent from 18 per cent with the finance minister.

Addressing the '11th Agrochemicals Conference 2022' organised by FICCI, the minister stressed on the need for crop diversification and said farmers should grow more

horticulture and costly crops.

On the industry's demand to reduce GST on pesticides, Tomar said the matter related to this subject is being dealt by the GST Council. "I will meet and apprise the Finance

Minister about your demand," he said. Tomar said he would take up the issue with the finance ministry on behalf of the industry but a final decision on this would be taken by the GST Council.

The minister was responding to the demand made by FICCI Crop Protection Committee Chairman R G Agarwal that the GST should be reduced to 5 per cent from 18 per cent, as it is in the case of fertilisers. This will bring down the cost and promote usage of crop-protection chem-

icals. Tomar also emphasised on making agriculture profitable by increasing production and crop productivity, besides reducing input cost as well as post-harvest crop losses.

He highlighted that the Centre has launched many programmes in the last eight years to boost agriculture sector and double farmers income. Tomar said the Centre, along with States, is making efforts to provide new technologies to farmers. The government is in the process to set up 10,000 FPOs (farmers producer organ-

isations) to improve income of farming community, he added.

The minister said country is self-sufficient in foodgrains production while the government is making efforts to boost oilseeds and pulses output in a mission mode. He spoke about the need to undertake research in agriculture sector in the field of new seed varieties to improve crop yield.

Talking about fertilisers and pesticides, Tomar said there is a need to promote balanced use of these crop protection products. He agreed

that there is no unjudicious use of fertilisers and pesticides in India but asked industry to work on alternative products as farmers are also taking interest in organic as well as natural farming.

Tomar said government and the industry should work together to create awareness among small and marginal farmers about benefits of agrochemicals. The minister said Krishi Vigyan Kendras (KVKs) are working in this direction but there is a need to make concerted efforts.

Rupee settles at all-time low of 78.32 against US dollar

PTI ■ MUMBAI

The rupee on Thursday closed at its all-time low of 78.32 (provisional) against the US dollar as strong American currency and persistent foreign fund outflows weighed on investor sentiments.

At the interbank foreign exchange market, the local currency opened at 78.26 and finally settled at its all-time low 78.32, unchanged from its previous close.

On Wednesday, the rupee declined by 19 paise to settle at an all-time low level of 78.32 against the US dollar. The Indian rupee erased early morning gains as safe-haven demand drove the greenback ahead of quarter-end adjustments, said Dilip Parmar, Research Analyst, HDFC Securities. Parmar further said that there is a high chance of a near bounce amid a fall in commodities, strength in regional currencies and recovery in risk assets. "Spot USD-

INR is expected to be in the narrow range of 78.10 to 78.50 before heading towards 79 odd levels," Parmar said. The dollar index, which gauges the greenback's strength against a basket of six currencies, rose 0.41 per cent to 104.62. Brent crude futures, the global oil benchmark, declined 0.99 per cent to USD 110.63 per barrel.

On the domestic equity market front, the BSE Sensex ended 443.19 points or 0.86 per cent higher at 52,265.72, while the broader NSE Nifty gained 143.35 points or 0.93 per cent to 15,556.65. Foreign institutional investors remained net sellers in the capital market on Wednesday as they offloaded shares worth Rs 2,920.61 crore, as per stock exchange data.

Bank unions postpone June 27 strike

New Delhi: Bank unions on Thursday deferred their proposed June 27 strike as Indian Banks' Association (IBA) agreed to initiate negotiation talks on their demands.

The United Forum of Bank Union (UFBU), an umbrella body of nine bank unions, including All India Bank Officers' Confederation (AIBOC), All India Bank Employees Association (AIBEA) and National Organisation of Bank Workers (NOBW) had threaten to go on strike to press for issues related to pension and demand for five-days-a-week work.

As per agreement with IBA, the negotiation talks on various pending issues would begin on July 1, AIBEA general secretary C H Venkatachalam said after a meeting held under chairmanship of Chief Labour Commissioner.

Other demands included an updation and revision of pension for all pensioners and doing away with national pension scheme and restoring old pension scheme for all bank employees. PTI

RBI proposes norms for outsourcing of IT services by banks, NBFCs

PTI ■ MUMBAI

The Reserve Bank on Thursday proposed norms for the outsourcing of IT services to ring-fence banks and other regulated entities from financial, operational and reputational risks.

Regulated entities (REs) will not require prior approval from the central bank for the outsourcing of IT and IT-enabled services, according to RBI's draft Master Direction on Outsourcing of Information Technology (IT) Services.

"The underlying principle of these Directions is that the RE should ensure that outsourcing arrangements neither diminish its ability to fulfil its obligations to customers nor impede effective supervision by the supervising authority," said the draft, on which the RBI has invited comments from stakeholders by July 22.

Banks, payment banks, cooperative banks, credit information companies, NBFCs and other regulated entities, would be required to put in place a comprehensive board-

approved IT outsourcing policy. "Outsourcing of any activity of the RE shall not diminish its obligations as also of its Board and senior management, who shall be ultimately responsible for the outsourced activity."

"RE shall take steps to ensure that the service provider employs the same high standard of care in performing the services as would have been employed by the RE if the same activity was not outsourced," the draft said.

The draft specifies the role of the board and senior management, besides norms pertaining to the usage of cloud computing services and outsourcing of the Security Operations Center (SOC).

The RBI has also proposed that the REs should set up a robust grievance redressal mechanism, "which in no way shall be compromised on account of outsourcing", meaning responsibility for redressal of customers' grievances related to outsourced services would rest with them.

As per the draft, a risk

management framework for the outsourcing of IT services should comprehensively deal with the processes and responsibilities for the identification, measurement, mitigation/management and reporting of risks associated with outsourcing.

Entities regulated by the RBI should also require their service providers to develop and establish a robust framework for documenting, maintaining and testing Business Continuity Plan (BCP) and Disaster Recovery Plan (DRP).

Also, a RE could outsource any IT activity/IT-enabled service within its business group/conglomerate, provided that such an arrangement is backed by the Board-approved policy and appropriate service level arrangements/agreements with its group entities are in place, the draft said.

It has also proposed additional requirements for cross-border outsourcing. In February this year, the RBI had proposed to issue a guideline on outsourcing.

Govt-appointed committee on EVs fire cases to submit report this month

PTI ■ NEW DELHI

An expert committee set up by the road transport ministry to investigate cases of electric two-wheelers catching fire and suggest remedial measures is likely to submit its report this month, a senior government official said on Friday. Recently, there have been multiple incidents of electric vehicles (EVs) catching fire and resulting in death and causing severe injuries to people.

"The expert committee (formed on battery standards and certification) is likely to submit its report this month," the official told PTI.

Road Transport and Highways Minister Nitin Gadkari had recently said companies found negligent will be penalised and a recall of all defective vehicles will be ordered after the expert panel submits its report. The government had ordered a probe in April after an e-scooter launched by ride-hailing operator Ola's electric mobility arm engulfed in fire in Pune.

Indian economy to grow by 7-7.8 pc in FY23 despite global headwinds: Experts

PTI ■ NEW DELHI

The Indian economy can grow by 7-7.8 per cent this fiscal on the back of better agriculture production and a revitalised rural economy amid global headwinds mainly due to the ongoing Russia-Ukraine war, eminent economists said.

Eminent economist and BR Ambedkar School of Economics (BASE) Vice-Chancellor NR Bhanumurthy said at present Indian economy is facing multiple headwinds largely from external sources.

Noting that global inflationary pressures and the Russia-Ukraine war have brought in risks to the economy, which is otherwise strong with all the domestic macro fundamentals being well managed, he said unlike advanced economies, India's Covid stimulus measures, especially the fiscal policy interventions, are less inflationary and rather growth-enhancing.

"With better agricultural production and revitalised rural economy India should touch 7 per cent growth in the current year despite global headwinds," Bhanumurthy told

PTI. Echoing similar views, eminent economist and Institute for Studies in Industrial Development (ISID) director Nagesh Kumar said the high-frequency indicators point to a robust growth momentum carrying through 2022-23 with a real GDP growth somewhere between 7-7.8 per cent.

French economist Guy Sorman said India could be severely impacted by the high cost of energy and fertiliser imports. "However, because India is still, largely an agricultural economy, the social impact of slower growth will be tempered by city workers going back to their village."

"This could increase agricultural production and grain exports," Sorman added. The World Bank has cut India's economic growth forecast for the current fiscal to 7.5 per cent as rising inflation, supply chain disruptions, and geopolitical tensions taper recovery.

India's economy grew 8.7 per cent in the last fiscal (2021-22) against a 6.6 per cent contraction in the previous year. In its third monetary policy of 2022-23, the Reserve Bank

retained its GDP growth forecast at 7.2 per cent for the current fiscal, but cautioned against negative spillovers of geopolitical tensions and a slowdown in the global economy.

On high inflation, Bhanumurthy said, CPI inflation peaked in March 2022 and a large part of the CPI inflation in the last three months is driven by fuel prices.

"Delayed transmission of domestic fuel prices and rise in global fuel and other commodity prices appears to have led to a sudden spurt in CPI inflation," he said, adding that recent policy measures, such as reduction in fuel taxes and hike in policy interest rates, should smoothen inflation and inflation expectations in the coming quarters.

Kumar noted that the global headwinds of rising commodity prices do pose downside risks for the Indian economic outlook as the CPI levels are elevated.

"Yet, I do not think that India is heading towards stagflation, given that the growth momentum seems quite robust," Kumar argued.

BIS issues performance standards for electric vehicle batteries

PTI ■ NEW DELHI

The Bureau of Indian Standards (BIS) has come out with performance standards for electric vehicle batteries in order to ensure the safety of consumers, a senior consumer affairs ministry official said on Thursday.

BIS, the national standards-setting body that functions under the consumer affairs ministry, has published the "performance standards for electronic vehicle batteries", the official said.

The standard "IS 17855: 2022" has been formulated for lithium-ion traction battery packs and systems of electrically-propelled road vehicles and it has been harmonized with ISO 12405-4: 2018, the official added.

According to the official, the new EV batteries' standard incorporates the test procedure for the basic characteristic of performance, reliability and electrical functionality for the battery packs and system for

either high power or high energy application.

This standard is formulated considering real-life scenarios for an electric vehicle such as vehicle in parking (battery is not used for an extended period of time), the battery system is being shipped (stored), operating battery at low and high temperature etc., accordingly various tests are incorporated in this standard.

Electric vehicles operate on an electric motor and rechargeable batteries. Over the past decade, electric vehicles have grown in terms of visibility and availability in the market. Most electric vehicles use lithium-ion batteries because of their high power-to-weight ratio.

Considering the safety aspect of batteries for electronic vehicles, the BIS is in the process of publishing two more standards related to batteries for various passenger and goods carrying vehicles (L, M and N categories), the official said.

BUSINESS BRIEFS

HIRA NAND TAKES OVER AS DIR (FINANCE) OF NFL

Hira Nand has taken over as Director (Finance) of National Fertilizers Limited (NFL). Prior to this, Nand was Executive Director (F&A) in company. Nand is also on the board of NFL's JV Ramagundam Fertilizers and Chemicals Ltd. (RFCL). A cost and management accountant

professional with degrees of M.Com, LL.B., Nand has a rich professional experience of more than 30 years in Accounts and Financial Management. He started his career with NFL in 1986 and gained rich experience in various aspects of Financial Management in Company. He has also worked with ONGC Petro additions Ltd. (OPaL), KRIBHCO and Model Economic Township Ltd in various capacities.

POWERGRID OBSERVES INTERNATIONAL YOGA DAY

Power Grid Corporation of India Limited (POWERGRID), a Maharatna CPSU under Ministry of Power, in association with Ministry of Ayush, celebrated the 8th International Day of Yoga-2022, with fervour and enthusiasm at Rakhigarhi, Hisar, Haryana. Hundreds of students and local public participated in this mega effort of practicing yoga together in the presence of Chief Guest, Krishan Pal Gurjar, Minister of State for Power & Heavy Industries, Govt. of India apart from Jaideep Arya, Chairman, Haryana Yoga Commission, Dr. Priyanka Soni, Deputy Commissioner, Hisar, Haryana, Vikas Yadav, SDM, Narnaud and V. K. Singh, Director (Personnel), POWERGRID.

Serena comeback cut short by Jabeur injury

AP ■ EASTBOURNE

Serena Williams' return to tennis action has been cut short after doubles partner Ons Jabeur withdrew from the Eastbourne tournament because of a knee injury.

The WTA event had seen tennis great Williams, 40, play her first two competitive matches since she limped out of last year's Wimbledon in tears with a hamstring problem.

The American and Tunisian partner Jabeur made it through to the semi-finals with a narrow last 16 win over Maria Bouzkova and Sara Sorribes Tormo, before a more convincing quarter-final victory in straight sets against Shuko Aoyama and Chan Hao-ching.

Williams will now focus on Wimbledon where she has accepted a wild card into the women's singles in a bid to win a record-equalling 24th Grand Slam title.

She will find out who she faces in the first round when the draw is made on Friday.

Earlier on Wednesday, serena stepped up her comeback as the American star powered to a second successive victory.

Williams and Tunisia's Jabeur defeated Shuko Aoyama and Chan Hao-ching 6-2, 6-4 in the quarter-finals of the Wimbledon warm-up event at Devonshire Park.

Williams, 40, had initially looked rusty on her first appearance for 12 months in Tuesday's victory over Sara Sorribes Tormo and Marie Bouzkova.

But she grew into that match and was more like her old self in the second step on her comeback trail.

Williams will now focus on Wimbledon where she has accepted a wild card into the women's singles in a bid to win a record-equalling 24th Grand Slam title

It took only two minutes for the American to send down an ace before several clinical volleys provided the first break.

The opening set was wrapped up in 25 minutes and another break inspired by Serena in the ninth game of the second set put them on the brink of victory.

One more ace for Williams' tally helped get her and Jabeur over the line and they are now just two victories away from securing the title.

"I think we played together much better today, although I felt we played really well together yesterday. Ons really helped me out playing so good," Williams said.

Quizzed on how she celebrated yesterday, Serena she went for a dip in the nearby sea on the south-coast.

"I went to the beach and for a swim like everyone here in the cold water, no, no way! I didn't do much. I just played with my baby (Olympia). She is so fun," she said.

Williams is one Grand Slam crown away from equalling Australian

Margaret Court's record of 24 singles titles at the majors.

The last of her 23 Grand Slam singles titles came at the Australian Open in 2017.

Since then she has lost four Grand Slam finals, including at Wimbledon in 2018 and 2019.

Williams won the seventh and most recent of her seven Wimbledon singles titles in 2016.

Serena, who became a mother in 2017, has plummeted to 1,204th in the WTA rankings due to her period out of action.

Earlier Wednesday, Petra Kvitova battled into the Eastbourne women's singles quarter-finals as the former Wimbledon champion fought back to beat Britain's Katie Boulter 5-7, 6-0, 7-5.

Kvitova, who won Wimbledon in 2011 and 2014, was in danger of a shock defeat against Boulter after the world number 127 took the first set of their last-16 clash.

Boulter had knocked out last year's Wimbledon runner-up Karolina Pliskova in the previous round.

But former world number two Kvitova showed her class as she took the second set at a canter.

The Czech, who last reached a Grand Slam final in Australia in 2019, held her nerve in a tense decider to win in two hours and 23 minutes.

In the men's singles, Cameron Norrie defeated Brandon Nakashima 6-4, 6-2 for his first win on grass this season.

Indian women's U17 team suffer 0-7 defeat against Italy

PTI ■ UDINE

India's Under-17 women's football team suffered a humiliating 0-7 defeat against Italy in the opening match of a four-nation tournament at Grandiseco D'Isenzo stadium here.

The Thomas Dennerby-coached side started off the match by trying to press the opposition high up the pitch and entice mistakes from them.

Italy almost took the lead in the 10th minute as Dragoni had just Indian goalkeeper Monalisa to beat but the latter stretched and produced a wonderful save to deny the Italian.

However, India's resistance soon lay in tatters as just one minute later, Maria Rossi put the ball into the back of the net.

India came the closest to scoring on the half-hour mark when Anita tried a long-range effort to catch the Italian defence off-guard but her shot missed the target by a whisker.

The floodgates opened after that as Anna Longobardi and Giulia Dragoni scored in the

India jump two places to 104 in FIFA ranking

NEW DELHI: The Indian football team reaped a good harvest of its impressive Asian Cup qualification campaign as it gained two places to jump to 104th in the latest FIFA world rankings released on Thursday.

The Blue Tigers are placed just below New Zealand (103rd), who missed out on a 2022 FIFA World Cup spot after losing to Costa Rica 0-1 in the intercontinental play-off earlier this month.

India's ranking among Asian Football Confederation members, however, still remained static at 19th place. Iran retained the top spot among AFC countries at 23rd place. In the overall rankings, Brazil remained on top, three months after taking the top spot from Belgium (2nd).

Argentina jumped one place to third at the expense of France (4th) who paid the price for four winless games in the UEFA Nations League.

England, Spain, Italy, Netherlands, Portugal and Denmark complete the top-10. The next FIFA world ranking will be out on August 25. **PTI**

31st and 33rd minutes, respectively, to give the Italians some much-needed cushion.

Italy picked up right from where they left off in the first half as Manuela Scibica scored in the 48th minute.

Couple of quick-fire goals followed after that and within 15 minutes of the second half, Italy had extended their lead to six goals.

Dennerby made some changes in the 60th minute as Neha, Rejiya, Babina and Pinku came on for Nitu, Lynda, Kajol and Shelja, respectively.

Marta Zamboni scored the final goal of the game in the 67th minute as she stretched Italy's lead to 7 goals.

On an exposure tour, the Indian team will compete in two tournaments to gear up for the U-17 women's World Cup in India during October-November.

Back with a bang: Indian women's team storms into final

PTI ■ PARIS

India's recurve archers, who had a nightmarish qualification round in the women's event, bounced back strongly to storm into the final, confirming their first medal at the ongoing World Cup Stage 3 here on Thursday.

A day after all of them slipped out of top-30 in the qualifying round to get a lowly 13th seed, the trio of Deepika Kumari, Ankita Bhakat and Simranjeet Kaur beat Ukraine, Britain and Turkey en route the summit clash.

They will be against Chinese Taipei on Sunday.

The Indian women's recurve trio started off by eliminating fourth-seed Ukraine 5-1 (57-53, 57-54, 55-55).

Against Great Britain in the quarterfinals, they dropped just four points to down their opponents 6-0 (59-51, 59-51,

58-50).

In the semifinals, they had a slow start, aggregating 56 in the first set but their eighth-seeded Turkish rivals Gulnaz Coskun, Ezgi Basaran and Yasemin Anagoz shot a poor 51 to concede the first set by five points.

The Indians stepped up in the second set to edge out their rivals by one-point before they went on to lose their first set of the day when the Turkish team won the third 55-54 to make it 2-4.

Needing a tie in the fourth set to confirm their passage to the final, the Indians held their nerve and stood to their task for a 5-3 (56-51, 57-56, 54-55, 55-55) win.

Luck also was on their side as they did not have to face their nemesis Koreans as the top-seeds were upset by eighth-seeded Turkish team in the quarters.

Malaysia's Lee Zii Jia pulls out of CWG

PTI ■ NEW DELHI

Former All England champion Lee Zii Jia has pulled out of the upcoming Commonwealth Games to manage his workload, keeping in mind the World Championships in August.

The world number five Malaysian's withdrawal will make it a bit easier for the Indian duo of Kidambi Srikanth and Lakshya Sen to go for the coveted Gold at the Birmingham event with Singapore's first ever badminton world champion Loh Kean Yew emerging as one of the favourites.

"This is a difficult decision to make because I have played so many back-to-back tournaments and I think my body condition lacks rest and (so) I have to choose between Commonwealth and the World Championships," Zii Jia said in a video posted on Twitter. "I have already spoken to my team members as well and we came out with a decision to focus more on World Championships instead."

The Commonwealth Games is scheduled in Birmingham from July 28 to Aug 8, while the world Championships will be held in Tokyo from August 22 to 28.

Zii Jia will compete at the Malaysian Open from June 28 to July 3, followed by the Malaysian Masters from July 5-10.

Cristiano could return to Juventus

AP ■ LONDON

Manchester United star footballer Cristiano Ronaldo is planning to return back to Juventus after an underwhelming season with Premier League club.

According to reports, Ronaldo's manager Jorge Mendes has already made a move and offered the 37-year-old striker's service to Juventus.

An AS.com report suggests that Ronaldo's manager has offered the footballer to the Italian giants. It has been learned that Juventus have not totally ruled out having star footballer in their side, although there is some doubt over whether they would be able to complete a deal.

United have not won the Premier League title since 2013 and last won a trophy in 2017. They finished last season in sixth place, having sacked Ole Gunnar Solskjaer and replaced him with interim boss Ralf Rangnick.

The new manager of the club, Erik ten Hag has been tasked with a tricky rebuilding job in his first summer at Old Trafford and will need to get to work on replacing some of the star names who will leave when their contracts expire on June 30.

Ronaldo is reportedly 'worried' about United's current approach in the transfer win-

dow, according to a report from AS.com.

Along with Ronaldo, Pogba, who was bought by the club for a record \$112 million, could return to his former club Juventus.

The 37-year old found the back of the net 24 times in what was a forgetful season for Manchester United, as they failed to qualify for the Champions League, a result that leaves Ronaldo's future at the Old Trafford under doubts.

Ronaldo made 134 appearances for Juventus, scoring 101 goals and winning two league titles as well as two Coppa Italia.

No Rani in India's CWG team

PNS ■ NEW DELHI

India on Thursday named an 18-member women's hockey team for the upcoming Commonwealth Games, with star striker Rani Rampal left out yet again for failing to regain full fitness after an injury.

The CWG team is very similar to the one taking part in the World Cup next month.

The side will be captained by goalkeeper Savita Punia while experienced defender Deep Grace Ekka will be her deputy in the Birmingham CWG, to be held from July 28 to August 8. The duo will also take the same roles in the World Cup, to be co-hosted by the Netherlands and Spain from July 1 to 17.

There are only three changes in the CWG squad from the World Cup team. Rajani Etimarpu was named in place of Bichu Devi Kharibam as number two goalkeeper while World Cup team member Sonika (midfielder) was left out from the CWG squad. Forward Sangita Kumari, who was named as one of the replacement players for the World Cup, figured in the CWG team as a full member.

India have been placed in pool A along with England, Canada, Wales and Ghana. They will begin their campaign on July 29 against Ghana.

Rani, who led the Indian

women to a historic fourth-place finish at the Tokyo Olympics, was picked for the recent FIH Pro League matches in Belgium and Netherlands after recovering from a hamstring injury.

She didn't feature in the first four games of the side's European leg of Pro League, raising doubts about her fitness. Eventually, it cost her a place in the World Cup-bound squad.

In the 2014 Commonwealth Games in Gold Coast, India had finished fourth after losing to England in the bronze medal match. However, after an impressive campaign in their

maiden FIH Pro League where they finished overall third behind Argentina and the Netherlands, the Indian team is looking for a podium finish in Birmingham.

INDIAN TEAM

Goalkeepers: Savita (c), Rajani Etimarpu

Defenders: Deep Grace Ekka (vc), Gurjit Kaur, Nikki Pradhan, Udita

Midfielders: Nisha, Sushila Chanu, Pukhrabam, Monika, Neha, Jyoti, Navjot Kaur, Salima Tete

Forwards: Vandana Katariya, Lalremliami, Navneet Kaur, Sharmila Devi, Sangita Kumari.

Top-scorer Nkunku extends stay with Leipzig until 2026

AP ■ LEIPZIG

RB Leipzig have extended the contract of their top-scoring France forward Christopher Nkunku until 2026, it was announced Thursday.

The 24-year-old was in stellar form last season, banging in 35 goals, including 20 in the Bundesliga, plus 19 assists in 50 matches in all competitions.

His performances earned him a debut in the France team last March and attracted interest from his former club PSG and Manchester United.

Nkunku still had two years on his original contract, but RB Leipzig managing director Oliver Mintzlaff has secured his services for another four years.

The new deal reportedly includes a significant salary raise with magazine Kicker and German daily Bild claiming a release clause of around 60 million euros becomes active next summer.

"I was really impressed with

Löw tips Götze for Germany recall after Frankfurt move

AP ■ BERLIN

World Cup winner Mario Götze has been tipped for a Germany recall by former national team coach Joachim Löw after returning to the Bundesliga by signing for Champions League side Eintracht Frankfurt.

Götze completed his transfer from Dutch Eredivisie runners-up PSV Eindhoven by signing a three-year contract. "I'm really looking forward to playing for Eintracht Frankfurt," said Götze, who scored an extra-time winner in Germany's victory over Argentina in the 2014 World

Cup final.

"The club has developed incredibly and embarked on an exciting, ambitious path which I am glad to be a part of."

Frankfurt have qualified for the Champions League for the first time since losing the 1960 European Cup final to Real Madrid after winning the Europa League last season.

Sporting director Markus Kroesche said Götze turned down "numerous offers" in order to join Frankfurt.

"We have lacked a type of player like him so far," said Kroesche.

Löw, who brought Götze

the club's efforts to keep me, so a big thanks to those responsible, especially Oliver Mintzlaff, with whom I was always in close contact," Nkunku said in a statement.

Red Bull-backed Leipzig

won the German Cup last season, a first title for the club which was only founded in 2009.

They have again qualified for the Champions League next season and Nkunku said the

club has big goals.

"RB Leipzig have made a name for themselves on the international stage in recent years and have shown we can compete for titles," he said. "We want to build on that

going forward and go one step further."

HALLER TO REPLACE HAALAND

Ajax forward Sebastian Haller flew to Germany on

Thursday to complete a medical check before signing with Borussia Dortmund as a replacement for Erling Haaland.

Haller was picked up by Dortmund officials after landing at the city's airport from where he was taken for his medical.

The 28-year-old Ivory Coast international is reportedly poised to ink a four-year deal with Dortmund to replace Haaland, who has joined Premier League champions Manchester City.

German daily Bild say Haller's transfer from Ajax is set to cost Bundesliga runners-up Dortmund around 31 million euros (\$32.5 million) including bonuses.

Haller was in superb form in the Champions League last season, scoring 11 goals in eight games including four in a 5-1 win over Sporting Lisbon in Ajax's opening group match.

The Dutch champions bowed out in the last 16, but Haller went on to score 21 goals in 31 games in the Eredivisie.

INDIA CHOKES SL, TAKE 1-0 LEAD

PTI ■ DAMBULLA

The Indian bowlers choked the Sri Lankan women's team after Jemimah Rodrigues's vital knock on return to secure a convincing 34-run victory in the first T20 International here on Thursday.

Defending a modest 139, left-arm spinner Radha Yadav (2/22) made her presence felt right after the powerplay by dismissing the dangerous-looking Sri Lankan captain Chamari Athapaththu (16) and Harsitha Madavi (10) in three balls.

Reduced to 27 for three inside seven overs, Sri Lanka never managed to get going in the run chase, which was further derailed by some tight bowling by seamer Deepti Pooja Vastrakar in the middle overs en route to a tidy spell of 4-1-13-1.

Deepti Sharma gave India a flying start, dismissing opener Vishmi Gunaratne (0) in the second over. The senior off-spinner was at her miserly best in the powerplay and returned with figures of 3-1-9-1 to stymie the Sri Lanka's progress early on.

Deepti also took a stunning catch running in from deep square leg to give Radha her second wicket of the day.

Kavisha Dilhari waged a lone battle for the hosts with a fighting 49-ball 47 (6x4), but the Indians' top-class bowling and fielding ensured their team emerged easy winners for a 1-0 lead in the three-match series.

The hosts needed 78 runs in the last five overs and Kavisha got going with a flurry of boundaries against Harmanpreet Kaur and Radha.

But it proved insufficient as the Indians choked the home team's run rate while denying the Islanders any six in their innings.

Shafali Varma compounded Sri Lanka's misery by dismissing Ama Kanchana (11) in the death overs to leave them tottering at 104 for five.

The second match of the series is slated for Saturday.

Opting to bat, India lost opener Smriti Mandhana (1) in the third over of the game, the 25-year-old becoming the victim of veteran spinner Oshadi Ranasinghe while looking to free her arms. She hit a tossed-up delivery straight to Chamari Aththapattu at mid-on.

Sabbhineni Meghana was out for a golden duck, sent back to the dressing room by old warhorse Ranasinghe.

Losing two wickets early and under pressure in the hot and humid Dambulla, it was left to the duo of Harmanpreet and Shefali Verma to take control of the situation.

A well-settled Verma was the next to go, dismissed by Aththapattu on 31 while trying to go for a maximum.

Smart bowling by the Lankans ensured that they soon got their biggest breakthrough when Harmanpreet (22) was trapped in front of the wicket by spinner Inoka Ranaweera in the 11th over.

Ranaweera picked two more wickets to send back wicketkeeper batter Richa Ghosh (11) and Pooja Vastrakar (14) to reduce the visitors to 106 for six in 17 overs and leave Jemimah with the task of giving the Indian total a semblance of respectability.

Coming in at five, Rodrigues, who made her comeback to the side after a while, did not succumb to the pressure and scored some crucial runs, hitting three fours and a six, with Deepti Sharma playing the second fiddle with a 17 off 8 balls.

Blessed to have spoken to Rohit & Pant after being dropped: Jemimah

PTI ■ DAMBULLA

Words of encouragement from Rohit Sharma and Rishabh Pant lifted Jemimah Rodrigues' spirit while she tackled a difficult phase and worked on her comeback, which began right after being dropped from the Indian women's team.

The chirpy cricketer feels she is blessed to have spoken to the likes of Rohit and Pant.

Jemimah, who was not part of India's World Cup squad in New Zealand, marked her return to international cricket with a vital 27-ball 36 not out to give India enough runs to defend in the first T20 International here on Thursday.

"My journey since the last Sri Lanka tour has not been smooth, it had its ups and downs. I have spoken to Rohit Sharma and Rishabh Pant, they told me these moments will define your career, they told me not to take it (being dropped from the squad before the World Cup) in a negative way," Jemimah said at the post-match press conference.

"They told me I should take up the challenge and move ahead. I am blessed to have spoken to them."

Coming in at number five, Rodrigues did not succumb to the pressure created by the Sri Lankan bowlers and scored some crucial runs, hitting three fours and a six. India posted 138 for 6 and the visiting bowlers choked the Sri Lankans to secure a convincing 34-run victory.

"I have understood my game better in the four-five months, I have become calmer, I have changed though my height remains the same," said Jemimah.

"I started preparing right after I was dropped."

Coming into the middle at a crucial juncture of the innings, Jemimah said she was nervous to start with.

"This innings means a lot, I was nervous initially but the late cut boundary helped me a lot in easing things up. I am back in the side after 4-5 months or maybe more than that. I was pumped up."

Asked about the pitch, she said, "I don't know, it is more like the pitch where I stay in Mumbai. The pitches are similar, so I am used to playing in these conditions. I love this country, it is a very beautiful country. It is a privilege to come here and the love we are getting from the board is great."

Bharat impresses, top-order fails in warm-up match against Leicestershire

PTI ■ LEICESTER

Wicketkeeper Srikanth Bharat impressed with an unbeaten 70, even as India's top-order failed to get batting practice on the first day of their warm-up match against Leicestershire here on Thursday.

Opting to bat after winning the toss, India's top guns failed to fire as the visitors slipped to 81 for five, before reaching 246 for eight at the close of play.

Bharat shone during his 158-minute stay in the middle before rain brought an early end to the day's proceedings at Grace Road.

In all, the 28-year-old batter from Andhra hit eight fours and a six while facing 111 balls. At stumps, Mohammed Shami was giving Bharat company on 18.

Skipper Rohit Sharma (25) and Shubman Gill (21) got out after getting starts. The opening duo, which is set to begin India's innings in the one-off 'fifth Test', added 35 runs for the first wicket before the latter was dismissed by fast-medium bowler Will Davis.

India's first-choice wicketkeeper Rishabh Pant, who was representing the English county side alongside Cheteshwar Pujara, Jasprit Bumrah and Prasidh Krishna, held on to the catch of Gill, who found the fence four times while lasting 38 minutes.

For the addition of another 15 runs, India lost the wicket of Rohit, who hit three fours during his 64-minute stay in the middle.

Rohit's departure paved the way for Virat Kohli's arrival, and the former India captain looked to take the onus upon himself to prop up India.

In between, Hanuma Vihari (3) came on to bat at number three but departed cheaply off the bowling of Roman Walker.

Shreyas Iyer failed to open his account and walked back to the dressing room after facing 11 balls, having nicked Prasidh to the waiting hands of Pant.

All-rounder Ravindra Jadeja too failed to make an impact as he was adjudged lbw off the bowling of Roman Walker, who finished the day with impressive figures of 5/24.

Ashwin joins team in Leicester

PTI ■ LEICESTER

Senior off-spinner Ravichandran Ashwin, who did not travel to the United Kingdom along with his India team-mates for the one-off 'fifth Test' after testing positive for COVID-19, has joined the side in Leicester, according to sources.

Ashwin, who is in quarantine, joined his team-mates at Leicester where India

is playing a warm-up match.

The Indian team had left for the UK on June 16.

"Yes, Ashwin has joined the team but he is still recovering. He is not fit to play the warm-up game," a source said.

The team management is hopeful that he will recover in time for the Test against England, which starts on July 1.

After the IPL, Ashwin had played a Tamil Nadu Cricket Association (TNCA) league red-ball match where he had bowled 20 overs to get some long-form game time.

Sarfaraz's 134 propels Mumbai to 374, MP finish day 2 at 123/1

PTI ■ BENGALURU

Sarfaraz Khan completed his transformation from Mumbai cricket's resident 'enfant terrible' to 'Man Friday' with a superb hundred that kept his side ahead against Madhya Pradesh in the Ranji Trophy final, here on Thursday.

Courtesy Sarfaraz's fourth hundred of the season - 134 off 243 balls - the 41-time champions managed a fighting 374 in their first innings after beginning the day at 248 for five.

But Madhya Pradesh won't be too unhappy as they finished the second day at 123 for one with Yash Dubey (44 batting) and Shubham Sharma (41 batting) adding 76 runs for the unbroken second wicket.

The day belonged to none other than Sarfaraz, who has now scored an astounding 937 runs in Ranji Trophy in just six games and could make it 1000 for the season if Mumbai bat again in this match.

His innings had 13 boundaries and two huge sixes - one over square leg off left-arm spinner Kumar Kartikeya and one down the ground off off-spinner Saransh Jain.

But what stood out was how he managed the innings after Shams Mulani was trapped leg before by Gourav Yadav (4/106) in the opening over of the second day.

His batting with the tail showed his new-found maturity, which is proving to be a boon for Mumbai cricket. He chose loose deliveries for boundary, forcing MP captain Aditya Shrivastava to open the field.

The manner in which Sarfaraz has turned a corner since the 2019-20 season (928 runs back then) is phenomenal as he had disciplinary issues early in his career, which also forced him to leave Mumbai for a season.

With father Naushad Khan, who also doubles up as his coach, making him play 400 balls (nearly 67 overs including nets and knocking) a day at practice, Sarfaraz 2.0 is a battle-hardened man, the 'khadoos street fighter' that any captain would want to go to a war with.

Once he reached his fifty, he touched the lion's crest on his jersey, gesturing 'Don't worry, I am going nowhere'.

His batting isn't as pleasing to the eye as Prithvi Shaw's but highly effective. His batting is assuring. He knows how to

score those runs on a track that is largely two-paced and in overcast conditions with the ball doing a fair bit.

When MP skipper spread the field to stop boundaries, he still found his way to play the controlled square cut off seamer Anubhav Agarwal, which bisected the two fielders stationed at deep extra cover and deep point to the fence.

The Indian Test team's middle-order is still jam-packed but the manner in which Sarfaraz is batting, to put it in head coach Rahul Dravid's words, he is not just knocking but banging the selection door down.

Sarfaraz was involved in four small, but very effective, partnerships which could prove to be decisive if the match turns out to be an affair of one innings.

He added 40 for seventh wicket with Tanush Kotian (15), 26 for the eighth wicket with Dhawal Kulkarni (1), 39 for the ninth with Tushar Deshpande (6) and another 21 priceless runs for the final wicket with Mohit Avasthi (7).

By the time, he became Mumbai's last batter to be dismissed, he had ensured that the total is good enough for his bowlers to defend.

AP ■ LEEDS

England's Stuart Broad was enclosing in on 550 Test wickets after striking in the first over of the match and then removing New Zealand captain Kane Williamson on the opening day of the series finale at Headingley on Thursday.

New Zealand, already 2-0 down in a three-match series, were 65 for three at lunch after winning the toss under blue skies and on a seemingly good pitch for batting in Leeds.

England were looking to make it three wins out of three under their new leadership duo of captain Ben Stokes and red-ball coach Brendon McCullum, a former New Zealand skipper.

They were without James Anderson, their all-time leading Test wicket-taker, because of an ankle injury.

But any disappointment at Anderson's absence was soon eased when his longtime new-ball partner Broad removed Tom Latham for a sixth-ball duck after he edged a delivery straight to Joe Root at first slip.

New Zealand were none for one at that stage, but Will Young and Williamson, back in action after missing the second Test in Nottingham with a bout of coronavirus, repaired some of the early damage.

Williamson, on a ground where he had played for Yorkshire, smashed Broad for four and Young cut a boundary off Test debutant Jamie

Overton, with the Surrey quick preferred to twin brother Craig as the replacement for Anderson.

Spin, however, ended a promising partnership, when left-arm Jack Leach struck with his first ball, turning and straightened a delivery past Young's bat to have the opener lbw for 20.

Young reviewed, more in hope than expectation, with replays indicating the ball would have hit the middle of middle stump and New Zealand were 35 for two inside 13 overs.

Broad then captured the key wicket of Williamson, whose fluent 31 had included five fours, when the star batsman edged a fine leg-cutter to wicketkeeper Ben Foakes as the seamer took his 548th Test wicket.

Williamson, in a rare show of emotion, ripped off his glove in disgust.

New Zealand almost lost a fourth wicket before lunch when left-hander Devon Conway, on 11, inside-edged Broad, only for Foakes to drop a difficult one-handed chance as he dived to his right.

Maxwell earns Test recall

AP ■ COLOMBO

Australia all-rounder Glenn Maxwell has been added to the Test squad in Sri Lanka following a spate of injuries in the camp. The development comes after Travis Head was ruled out of the fifth ODI with a hamstring injury, with white-ball captain Aaron Finch "not sure" about how the batter will hold up for the upcoming Test series.

Head sustained a low-grade hamstring injury while fielding in the fourth ODI of the series. "It's a bit more of a precaution, especially with where he fields," Aaron Finch said in the presser ahead of the final ODI. "He fields in the outfield and the ground is quite heavy and he does a lot of Ks... I'm not sure what he'll be like for the Tests but he's definitely not available for tomorrow."

Maxwell last played a Test five years ago, against Bangladesh in Chattogram, and could make a return to the XI at Galle, especially given the side injury to Ashton Agar. Maxwell, though, will have to fight off challenges from Mitch Marsh and Josh Inglis to replace Head at No. 5, should the latter not get fit in time.

Ton for dad & celebration for late Sidhu Moosewala: Sarfaraz

PTI ■ BENGALURU

"This hundred is because of my abbu (father), his sacrifices and holding my hand when I could have been down and out," a teary-eyed Sarfaraz Khan choked in front of scribes while dedicating his best century to father and coach Naushad Khan.

Those who follow Mumbai cricket closely know how tough Naushad is on his sons Sarfaraz and Mushir (also in Mumbai squad), who don't have a life beyond cricket.

So is the dream India call-up on the cards now? His eyes welled up while answering the question after his century lifted Mumbai to 374 against Madhya Pradesh in the Ranji Trophy final here.

"In our lives, it's about all those little dreams that we harbour. The dreams that we (he and his dad) have dreamt together. The nearly 2000 runs that I have scored in two seasons since my Mumbai comeback is because of my 'abbu'," he said.

When there aren't any matches, the brothers train for good six to seven hours per day under their father's supervision.

He has had disciplinary issues, has not been the establishment's favourite child, and had to migrate to UP for a

season before coming back and serving a cooling-off period before being picked for Mumbai again.

"Aap sab toh jaante ho mere saath kya kya huwa. Abbu na rahte toh main khatm ho jataa (You all know what I have gone through and had my father not been there, I would have been finished by now)."

"There has been so much of struggle and when I think how my dad dealt with all of it, I get emotional. He didn't leave my hand even once. My brother put up a status on his cell phone and I could see Abbu so happy. It made my day," he could finally manage a smile.

A FAN OF MOOSEWALA

Asked if his thigh thump celebration was imitation of Punjabi singer Sidhu Moosewala, who was recently gunned down by a gang, he said that was the idea.

"This was for Sidhu Moosewala. I love his songs and mostly me and Hardik Tamore (keeper) listen to his songs. I did a similar kind of celebration during an earlier match also (in his memory), but then, Hotstar didn't show it. I had decided once I score another hundred, I would repeat the celebration," the burly Mumbaikair said.
