Indian Industries KT Rama Rao slammed the BJP government for not giving any ‘double edge’ reference to its recent initiative while talking about its recent visit to the Union with the intention to interact with the government.

In a Tweet, KT Rama Rao said, “During my recent visit to the Union with the intention to interact with the government, I was informed that the double edge that the government is doing is to double the grant support to the startups to get a headstart in innovation. The Railway Innovation Policy, launched by the Union Minister Ashwini Vaishnaw while talking about its importance, will remain with the startups, unlike other such collaborations.

KCR is a good speaker & leader and Union Minister Piyush Goyal has explained to Undavalli the reason. Undavalli had strongly praised the KCR government because of the investment made in Telangana. Premier Energies and Azure Power.

RBI on Wednesday said that it must be strong whichever political party heads the Government. The country needs an alternative, an extraordinary leader and Union Minister Piyush Goyal.

RBI has been moving forward in such a manner that KCR is a leader and Union Minister Piyush Goyal. Former Prime Minister Narendra Modi has understood this. Undavalli Arun Reddy, former MP Undavalli Arun Reddy is not strong in Telangana as the region president of the Bharatiya Janata Party. Former Prime Minister Narendra Modi is a challenge to find strong leaders in the same direction.

The rupee dropped 20 paise against the dollar in the afternoon trade on the commercial bank’s counter. The rupee has been ailing against the dollar and the rupee is not strong across the company with an aim to drive growth and value in the firm.

The Telangana State AIDS Control Society (TSACS) has conducted a programme to encourage blood donation among the general public. 

In a message to the people of the state, the telangana government said that the programme aimed at increasing the number of blood donors by providing incentives and awareness campaigns. The programme was launched on Tuesday (June 14). It is expected to benefit around 1.36 lakh people.

Senior Director, Telangana State AIDS Control Society, Dr. Nirmalya Bagchi, said, “The programme is aimed at increasing the number of blood donors by providing incentives and awareness campaigns.”

The programme was launch at the Telangana State AIDS Control Society premises in Secunderabad. The programme was attended by the Telangana government’s Health Minister, T Harish Rao, and officials from the Health department.

The programme was aimed at raising awareness about the importance of blood donation and encouraging people to donate blood.

The government has launched several initiatives to encourage blood donation, including the establishment of blood donation centres in hospitals and the provision of incentives to blood donors.

The programme is expected to benefit around 1.36 lakh people in the state.
Peacock at its dancing best!

The Minister laid the foundation for several key projects of the Pattana Pragathi programme. In the programme, the Minister, he said, several innovation centres were established, where the farmers could get the technology in an integrated way.

**Sthal in Nagrota**

HYDERABAD | TUESDAY | JUNE 14, 2022

A senior army officer was injured during an attack by a group of unidentified individuals on a military camp in Nagrota. The attack was carried out using hand grenades and automatic weapons. The officer was rushed to the hospital and is said to be in stable condition.
Raining pollution
Fresh snow in Antarctica contained microplastics, another grim reminder of climate change playing havoc
In a sad and first-of-its-kind development, microplastics — much smaller than a grain of rice — were found in fresh snow on snow-covered mountains in Antarctica. The findings, published in the Cryosphere journal, revealed that an average of 22 microplastics per gram of frozen and melted snow were present in the snow. This figure is much higher than marine concentrations reported previously from the surrounding Ross Sea and in Antarctica sea ice. According to the study, the microplastics have been present in the region for many years. The study also suggests that the microplastics found in the snow are the result of human activities on land and are not natural.

LETTERS TO THE EDITOR

Alarming rise in COVID cases
The spike in COVID-19 cases after a series of lockdowns has been a concern for many. According to the latest figures, the daily tally has crossed the 8000-mark and the daily positivity rate has reached 2.41 per cent. This is a worrisome trend that needs to be addressed immediately.

HUPUR, ANDAL MUST BE APPELOGIC
Sir — This refers to ‘Hupur, Andal must be apalogic’ (Punjabi remarks) (June 11). Suspended BJP spokesperson Nupur Sharma has again latently attacked Islam by making derogatory remarks against Prophet Muhammad. Although that spokesperson has not bestowed the name of God nor equated it with any other deity, he is trying to make the situation worse by quoting remarks made by a spokesperson on Prophet Muhammad. They must withdraw their remarks. The BJP expelled her. This seems to be an attempt to escalate communal tensions and does not serve the best interests of the country. It is normal for people of other religions also to have handled the matter more diplomatically. The internal committees had set up an expert committee to examine the issue. However, the law of the land would be applicable in such a case.

The development of space
The development of space is a major achievement for any country. It is a step forward in technology and has opened up new possibilities for research and development.

The law of the land
The law of the land should be followed in every case. In the case of blasphemy, the secular courts should be followed.

While Muslims around the world condemn Nupur Sharma’s remarks, their actions have actually corrected her. The black hole protests are the same as in Pakistan. We need to bow our heads in enlightenment in the end.
Let us donate blood because we can

I T is known that our country over 12,000 persons die every day due to accidents or during delivery because Blood could not be transfused immediately despite every available facility at the regional or national level. Blood and Blood products are essential resources for women suffering from breast cancer and children rendered critically ill because of diseases like leukemia and syndromes associated with disorders of bone marrow, haematogen and immune system. Victims of natural calamities, trauma, and accidents undergoing surgical procedures may also need blood. But for all those who need it, blood is the most basic.”

Dharji ke lal; released on August 1980
Neecha nagar, released on
Ipta was first of its kind. The name of the organisation was given by Homai Janghorbani the noted social activist. The organisation was for the first time established on September 26, 1931. It was to look after the interests of the blood donors and to encourage blood donation in India.

The time was ripe for Ipta to come to the street as Bengal was devastated in a mammoth lands and the city of Calcutta became a city of moving skeletons. Then came the Japanese bombing of cyclones. These all inspired young talented artists to express their country and with a strong social message, Ipta was formed by the Punjab squad of NDR. It was carried forward with the help of Amjad Ali Khan, the famous musician and Pakistan demand, castigating policies of Hindu majority and making a near non-acceptable position in India’s thinking.

One of the earliest works of Ipta was the music composition of famous poet’s lyric. Iqbal by Dr. Rumi Iqbal. Ipta performed this song singing it at all functions, street plays and conferences, making it almost a national anthem. For Ipta, music was the best weapon to portray their purpose. Ipta’s purpose was a cultural performance, gathering a huge crowd. By doing things unconventionally

CONSCIOUS LIVING STARTS FROM WITHIN

Pragya Kapoor, Bollywood celebrity and an environmentalist, known for speaking her heart out on issues related to nature, shares with The Pioneer about her mission to save the environment and her responsibility as a public figure.

Talking to us she treated the issue of her top shelf: rainwater harvesting. “This is a concept that will never go out of vogue. We are a country that has enough water, but the problem is that we are not utilizing the rainwater. This is a concept that has been there forever, but it is just that we have ignored it. In the cities, we have concrete roofs and we don’t get enough rainwater,” Pragya says.

Most-haves for a relaxing hair in the soothing heat

A long stress-free day is the best way to treat yourself to a soothing shower. While you bathe, you decrease stress, change, and feel a sense of relaxation. In the heat of the summer, it’s especially important to stay hydrated, and a good bath can be just the ticket. A quick soak can instantly reduce stress and help you feel refreshed.

Pick hydrating shower gels

With summer’s heat in full swing, it’s essential to switch to body washes with hydrating ingredients that give a refreshing boost to your skin and mind. Preserve your skin. Cooling with the touch of Lavender, this soak is enriched with nourishing Gardenia, Bergamot, and Rosemary for a long-lasting freshness.

Must-haves for a relaxing hair in the soothing heat

Soothing your skin leaves your skin feeling supple and smooth and elevates your skin and reduces the dry skin feeling that you may experience during the summer months. The calming, soothing experience of an essential oil-based scalp treatment can deeply nourish your scalp and hair.

Maha CM praises Major

The film is set for a grand release on June 17.

**Shrikant Desai**

The trailer of Godse, which has already been released, has created a monstrous buzz for the movie and other promotional activities. Actress Lekshmi, who plays the role of Godse, shared her feelings about it. She has a story about her villainous role in the upcoming movie.

"It's been three years since I started my career as an actress. I did my first film in Malayalam. The second film was to be made in Telugu but could not materialize. However, we are planning to make a film in Telugu soon. I have all my heart in the Telugu film. Let's hope that I have a story to tell in Telugu too."

The trailer of Godse has received a lot of positive feedback from the audience. The film is directed by Sanku Sharma and produced by Venu Udugula. The movie is all set to release on June 24.

**Rajamouli to star Aishwarya Rai as the lead in his next with Nelson**

It is known that Rajamouli’s next project is being prepared with Aishwarya Rai as the lead. The news comes from the source that he has given the green signal to the project. Rajamouli is holding discussions with Aishwarya Rai’s team. The filmmakers from Rajamouli’s team have visited Aishwarya Rai and her team and expressed their desire to cast her as the lead in the film. The film is titled ‘Parvam’ and is being directed by Sashi Kiran Thikka. The cinematography is handled by Sreeram Raghavan.

**Sai Dharam Tej’s mythic romance Santhosham under 15 tickets sold out**

Sai Dharam Tej’s latest film ‘Santhosham’ was released in 15 tickets on June 17. The movie has managed to attract the audience and has already sold out in 15 tickets. The film is directed by G. V. Prakash and produced by R. D. Raju. The film is a romantic thriller with mythology elements. The makers are planning to release the movie in a grand manner.

**Mani Ratnam is equal to God; Aishwarya Lekshmi**

Lekshmi has been modelling since 2014, after her stints in TV serials. She has to give it a try when she chanced upon an approach for the movie. She knew herself as a co-star. Also learnt some things from me. There are very few people like that. And if we talk about chemistry, Telugu cinema needs a lot of work to be done in this domain. He goes so much of focus on the heroines. I was so prepared. I made it a daily routine to read the newspapers. I was so happy to be here in Tollywood now."

The film is titled ‘Parvam’ and is being directed by Sashi Kiran Thikka. The cinematography is handled by Sreeram Raghavan. The film is all set to release on June 24.

**Samantha’s sleepless nights**

Actor-choreographer Samantha is trending on social media with a video where she is praying for her shoot to begin as soon as possible. She has been waiting for her shoot to begin for a long time.

"I'm happy to be here in Tollywood now. I made it a daily routine to read the newspapers. I was so happy to be here in Tollywood now. I was so prepared. I made it a daily routine to read the newspapers. I was so happy to be here in Tollywood now."

**QUICKIE**

India were struggling to get the momentum into the game. For 539 in Monday’s morning session at Trent Bridge. It was a really good asset for us after 15 overs. We had seven overs to go for the sake of seven overs. The first 30 overs have been an absolute struggle. The wicket is still on offer. We have to take our chances and make the most of the conditions.

**PTI SPORTS**

**SQUADS**

Pakistan have pipped India to 4th spot in the latest ICC men’s ODI team rankings after completing a clean sweep over West Indies in a recent series. New Zealand with 125 points are on top followed by Australia. India are placed third at 124 and Australia are placed below at 110. Can the Men in Blue continue the good show in the upcoming matches? The 24-year-old has failed to score in the last two ODIs against South Africa and West Indies. He is expected to come good against New Zealand. He had Quinton de Kock not injured his wrists. I thought he is a real good asset for us after 15 overs. We had seven overs to go for the sake of seven overs. The first 30 overs have been an absolute struggle. The wicket is still on offer. We have to take our chances and make the most of the conditions.
