# Now, Tripura surprise: New CM before polls

**State BJP prez  
Manik replaces  
Biplab Deb as  
Chief Minister**

DEEPAK K UPRETI ■ NEW DELHI

About a year ahead of the Assembly polls in Tripura, the BJP on Saturday elected its State president Dr Manik Saha, a dentist, as the new Chief Minister in place of Biplab Kumar Deb, who, in a surprise move, was asked to put in his papers by the party's central leadership.

Increasing factional fighting in the State BJP and dissent against Deb were among the major reasons for his ouster. Deb had met Union Home Minister Amit Shah and BJP president JP Nadda here on Thursday. Elections to the 60-member Tripura Assembly will be held early next year.

Saha was elected as the BJP legislature party leader in the presence of central observers Bhupender Yadav and Vinod Tawde. But it wasn't a smooth affair. As Deb proposed the 69-year-old Saha's name in the meeting, Minister Ram Prasad Paul protested, which led to a scuffle among the MLAs.

BJP leader Manik Saha meets Tripura Governor Satyadev Narayan Arya to stake claim to form the government, at Raj Bhavan in Agartala. Former Tripura Chief Minister Biplab Kumar Deb is also seen

PTI

Sources said Paul, who wanted Deputy Chief Minister Jishnu Dev Varma, a member of the erstwhile Tripura royal family, as Deb's successor also broke a few chairs before the situation was calmed.

Saha later met the Governor at Raj Bhavan and submitted the claim to form the Government with a letter of support from the party legisla-

tors. Saha promised to continue working for the State as well as the BJP.

"Our chemistry (of Saha and Deb) is strong. Earlier also, I worked for the party and will continue to do it," Saha said. The decision was taken hours after Deb, who was the CM for four years, tendered his resignation to Governor S N Arya, saying that the party

wants him to "work to strengthen the organisation" and that there is a "need to bring the party to power again".

"I did my best," said the outgoing Chief Minister and stressed that he would work for the party" and that "Biplab Deb can fit in anywhere".

Deb could again be made State BJP chief.

# 19 still missing, death toll in Mundka inferno set to rise

**Charred remains  
recovered on Sat,  
Kejriwal orders  
magisterial probe**

SHEKHAR SINGH ■ NEW DELHI

Nineteen people are still said to be missing, a day after a massive blaze snuffed out 27 lives at a commercial building in West Delhi's Mundka area. Of the 27 bodies, the authorities have managed to identify only eight people. A top fire official said that the death toll may rise as charred remains were recovered from the second floor of the building on Saturday morning. It is suspected that the death count may climb beyond 27.

The administration is also clueless about the whereabouts of those missing since the incident. According to police, of the 21 women and six men missing, eight of them have been identified.

During the search by the fire department on Saturday morning, some charred remains were also found.

"We have found charred remains and it is difficult to ascertain whether they are of one person or more. Initial investigation suggests an explosion in an air-conditioner may

Security personnel and civil defence officials at the site, as NDRF personnel carry out rescue and relief work after a massive fire at an office building near the Mundka Metro Station, in West Delhi on Saturday

Ranjan Dimri / Pioneer

have triggered the fire," said Atul Garg, the Chief Fire Officer, Delhi Fire Service (DFS).

The fire was so intense that out of 27 people killed in inferno only eight have been identified by police. The deceased have been identified as Tania Bhushan, Mohini Pal, Yashoda Devi, Ranju Devi, Vishal, Drishti, Kailash Jyani and Amit Jyani. The identity of the rest 19 bodies is yet to be discovered.

The father and son duo—Kailash Jyani and Amit Jyani—had come here at the compa-

ny for a motivational lecture on the second floor.

Police said that they have initiated the DNA process for those dead bodies which cannot be presently identified.

According to a list released by the district magistrate of West Delhi, the injured have been identified as Satish (38), Pradeep (36), Ashu (22), Harjeet (23), Nitin (24), Avinash (29), Sandhya (22), Dhanvanti (21), Bimla (43), Ayesha (24) and Mamta (52).

Following the incident, Delhi Chief Minister Arvind

Kejriwal ordered a magisterial enquiry into the matter.

"It is a very unfortunate incident and a magisterial enquiry has been ordered. We will not spare anyone, whoever is responsible for the incident. Two brothers have been arrested so far, said Kejriwal.

The Chief Minister also announced to provide an ex-gratia relief of Rs 10 lakh each to the kin of the deceased while the injured will be given Rs 50,000 per person by the Delhi Government.

## CAPSULE

**SHEIKH MOHAMMED BIN ZAYED IS UAE PRESIDENT**

**Dubai:** Rulers in the United Arab Emirates announced Saturday that they unanimously appointed Sheikh Mohammed bin Zayed Al Nahyan as the president of this hereditarily ruled nation on the Arabian Peninsula.

**MARATHI ACTRESS HELD FOR FACEBOOK POST**

**Mumbai:** The Navi Mumbai Police on Saturday arrested Marathi actress Ketaki Chitale for sharing a "derogative" Facebook post against Nationalist Congress Party (NCP) chief Sharad Pawar.

**PFI, SDPI ARE TERRORIST OUTFITS, SAYS KERALA HC**

**Kochi:** A judge of the Kerala High Court said in his verdict that the SDPI and the PFI are terrorist organisations and it is a widely known fact. Justice K Haripal termed these bodies as terrorist outfits while dismissing a petition filed by Arshika, widow of RSS activist Sanjith who was murdered by SDPI/PFI extremists, to transfer of the probe from the State Police.

# India bans wheat export to rein in inflation soaring to 7.79% in April

PNS ■ NEW DELHI

India, the world's second largest producer of wheat after China, has banned wheat exports with immediate effect saying it is part of its steps to control the price surge at home, manage the overall food security of the country and support the needs of the neighbouring and other vulnerable countries. The decision is contrary to India's big export plans, especially against the backdrop of an affected global supply chain due to the Russia-Ukraine conflict. Further, the Government is under pressure to rein in inflation that surged to 7.79 per cent in April.

Incidentally, the decision also comes just a day after the Government even announced to send trade delegations to nine countries "for exploring possibilities of boosting wheat exports from India".

"The export policy of wheat is prohibited with im-

Trucks loaded with sacks of wheat stand at a wholesale grain market in Amritsar on Saturday

PTI

mediate effect," the Directorate General of Foreign Trade (DGFT) said in a notification on Friday. However, the export shipments for which irrevocable letters of credit (LoC) have been issued on or before the date of this notification will be allowed, the DGFT

stated.

It also clarified that wheat exports will be allowed on the basis of permission granted by the Government of India to other countries to meet their food security needs and based on the request of their Governments.

**G7 slams India's  
no export call;  
India says will  
fulfil promises**

**New Delhi:** Agriculture Ministers from the Group of Seven industrialised nations on Saturday condemned India's decision to ban unapproved wheat exports after the country was hit by a punishing heatwave.

Hours after G7's reaction against export ban, Union Minister Hardeep Singh Puri tweeted, "Wheat stocks are comfortable. Decision to restrict wheat exports taken with focus on India's food security, ensuring affordable foodgrain and to combat market speculation. India, a reliable supplier will fulfil all commitments including needs of neighbours and vulnerable countries."

# Rahul, Priyanka names pitched for 'chief' job at Chintan Shivir

PNS ■ UDAIPUR/NEW DELHI

The issue of a regular full-time Congress president continued to mark its presence on Saturday at the ongoing Nav Sankalp Chintan Shivir of the party with its different factions "unofficially" and separately pitching the names of Rahul Gandhi and Priyanka Gandhi for the top job before the media on the sidelines of the deliberations.

Officially, though, the party in its internal meetings chose to sidestep the issue. In a meeting of AICC general secretaries, PCC presidents and legislature party leaders over the party's mass contact programmes, sources said a discussion cropped up about the immediate concern of leadership crisis.

A section of leaders appeared to be pitching for a different candidate and another wanted to bring back Rahul Gandhi to lead the party,

Congress interim president Sonia Gandhi with party leader Rahul Gandhi and others during a meeting on day 2 of the party's 'Nav Sankalp Shivir', in Udaipur

PTI

sources said adding there is likely to be a collective demand on the concluding day of the Shivir to bring the former Congress president back at the helm of affairs, officially.

Rahul called for planning Jan Jagran Abhiyan action plan.

**Punjab Cong ex-prez  
Sunil Jhakar quits party**

**Chandigarh:** Punjab Congress chief Sunil Jhakar on Saturday announced his decision to quit the party which had last month removed him from all positions.

# China not to host 2023 AFC Asian Cup amid Covid surge

PTI ■ KUALA LUMPUR

China will not host the AFC Asian Cup final round next year in view of the surging COVID-19 cases in the country, the continent's football governing body said on Saturday.

Asian Football Confederation (AFC) said it has been officially informed by the Chinese association that it would not be able to host the continental showpiece next year. "Following extensive discussions with the Chinese Football Association, the Asian Football Confederation (AFC) has been officially informed by the CFA that it would not be able to host the AFC Asian Cup 2023," the AFC said in a statement.

China were named as hosts of the 2023 AFC Asian Cup in June 2019, at the AFC Extraordinary Congress in Paris. The 24-team competition was to be hosted across 10 Chinese cities from June 16 to July 16 next year.

"The AFC acknowledges the exceptional circumstances caused by the COVID-19 pandemic, which led to the relinquishment by China PR of its hosting rights," the AFC said. The Indian team is vying for a place in the 2023 AFC Asian Cup and will feature in the final qualifying round to be held in Kolkata next month.

The AFC said it worked closely with the CFA and the Local Organising Committee (LOC) during the preparations and several milestones were achieved, including the launch of the tournament logo

and the unveiling of the newly completed Shanghai Pudong Football Stadium last year.

"The AFC appreciates that China PR, the CFA and the AFC Asian Cup China 2023 LOC have made this very difficult but necessary decision in the collective interests...Which has also provided the AFC the required time to assess the situation regarding the hosting of the AFC Asian Cup 2023."

The AFC said it will continue to work closely with its commercial partners and stakeholders to chart out the future course of action.

# CBI books 3 persons for IPL betting

**New Delhi:** The CBI has booked a network of individuals engaged in Indian Premier League (IPL) betting since 2013 in collusion with a Pakistani operator.

The agency has named one accused from Delhi — Dileep Kumar of B-9/200, Sector 5, Rohini — besides two individuals from Hyderabad — Gurram Satish and Gurram Vasu. "A reliable information has been received about a network of individuals involved in cricket betting influencing outcome of IPL matches based on inputs received from Pakistan," reads the FIR.

It further said, "In the garb of betting related to IPL matches, they are cheating the general public by inducing them for betting. For this purpose, they have opened bank accounts using fake identities and KYC documents in connivance with bank officials."

# 3 cops shot dead by black buck poachers in MP, 1 shooter killed

**CM announces ₹1 crore  
each to kin of deceased**

PNS ■ BHOPAL

Three police personnel were shot dead by black buck poachers in Saga Barkheda village of Aron region in Guna district in Madhya Pradesh late on Friday night. One accused Naushad was killed in the same encounter, while another criminal Shahjad Khan was gunned down in another encounter with cops on Saturday afternoon.

The incident occurred under the precincts of Aron police station, when the policemen had gone to nab the poachers after receiving a tip-off.

The deceased have been identified as Sub-inspector Rajkumar Jatav, 27 and constables, Neeraj Bhargava, 38, and Santram Meena, 27.

Soon after the information reached Bhopal, Chief Minister Shivraj Singh Chouhan conducted a high-level meeting at around 10 am and gave directives to take stern action against the culprits. By the afternoon, the police and administration had identified all the accused that were from nearby villages and bulldozed the houses of two of them.

Inspector general of Gwalior Anil Sharma has been removed from the post, as he had not

reached the scene of crime even after 12 hours. He has been replaced by D Srinivas Varma. Ironically, Varma was posted as Gwalior IG few months ago, but due to strong opposition by a Union Minister, he was not allowed to join and under pressure, Amil Sharma was posted there.

# China, Pakistan to visit India to take part in SCO anti-terror meet

PNS ■ NEW DELHI

Pakistan and China will take part in an anti-terrorism meeting here next week under the aegis of the Shanghai Cooperation Organisation (SCO). Despite tension between the two countries, an Indian delegation had also participated in a similar meeting in Pakistan last year.

The upcoming meeting scheduled from May 16 to 19 will see a Pakistan delegation coming to India for the first time after Prime Minister Sheebaz Sharif took over last month. Pakistan also appointed a Minister (Trade) at its High Commission here recently after a gap of more than three years thereby signaling some positive movement in ties between the two countries. Leaders and officials of India and China have also participated in the SCO meets even as stand-offs persist at LAC for last two years.

# Former Punjab Congress President Jakhar quits the party

PNS ■ CHANDIGARH

Former Punjab Congress President Sunil Jakhar said on Saturday announced his decision to quit the party which had last month removed him from all positions for alleged anti-party activities.

The 68-year-old disgruntled Congress leader, whose decision comes as the electorally battered party discusses the way forward during a three-day 'Chintan Shivir' in Udaipur, went live on his Facebook page to make the announcement.

"It is my parting gift to the party. These are my last words to Congressmen. Good luck and goodbye Congress," Jakhar said while asserting that it was the end of an association that spanned 50 years and three generations.

"You broke (my) heart," Jakhar said in a no-holds-barred attack. He is the latest high profile resignation from the party. Among those who have exited the party recently are Amarinder Singh and Ashwani Kumar from Punjab. During his 'dil ki baat' Facebook live, Jakhar said the Udaipur meeting was nothing more than fulfilling a formality and should have been a "chintna shivir" instead of a "chintan shivir", more about 'worry' than 'introspection'. Stating that Congress governments had always faced alle-

gations of kitchen cabinet and coteries, Jakhar alleged that in his 20 years of active politics "coteries have now turned into gangs".

"I am saying this with full responsibility," he said.

Offering advice to former president Rahul Gandhi, Jakhar said he should learn to make the distinction between friend and foe. He also asked him to take reins of the party in his hands and stay away from 'chaploos' (sycophants).

Stating that the Gandhi family's presence in the party was essential, Jakhar called Rahul Gandhi a very good, very fine and upright person and said it was because of him that he had been in the Congress for so many years. "If you cannot understand the difference between friend and foe, then understand between assets and liabilities," he said in his message to Rahul Gandhi. Jakhar attacked some leaders 'sitting in Delhi', particularly targeting party leader Ambika Soni for her statement last year that the party should go with a Sikh face after Amarinder Singh was made to resign as the chief minister.

Jakhar, a three-time MLA, said Soni had once spoken against former prime minister Indira Gandhi. He claimed that till the Congress gets rid of such leaders, the party cannot gain ground in Punjab. He reminded the party that it

faced charges like pseudo-secularism and said, "You are wittingly or unwittingly endorsing such views." Jakhar had criticised former chief minister Charanjit Singh Channi and termed him a "liability" for the party after the Congress lost to the Aam Aadmi Party in Punjab.

Jakhar was among the front-runners for the chief ministerial post after Amarinder Singh was unseated last year. His chances were scuttled after Soni apparently said the party should go with a Sikh face. The former Punjab Congress chief had been upset with the party for serving him a show-cause notice. The Congress had last month removed him from all the party positions for alleged anti-party

activities.

"Today, the party is facing an existential crisis," he said, taking a swipe at the party's move to set up committees on issues such as economy and agriculture and asserting that it should first put its own house in order. He talked about the party's severe drubbing in Uttar Pradesh, saying 390 party candidates could not secure even 2,000 votes and asked whether any committee was formed on it. "Will there be any discussion on it?" Jakhar also termed party leader Harish Rawat's defeat in the Uttarakhand polls "divine justice" and blamed him for the party's situation in Punjab.

"Rawat was sent to destabilise Amarinder (Singh)," Jakhar said, telling Sonia

Gandhi that it was the work of opposition parties to destabilise the government. "It was a controlled destabilisation," alleged Jakhar, stating that Rajasthan Chief Minister Ashok Gehlot had to tell people every 15 days that he would remain the chief minister. "Do not drift from your ideology. You are losing your intellectual moorings," he told the Congress.

Stating that he was clarifying his stand, Jakhar expressed his displeasure over being served a notice from party leader Tariq Anwar who he said was the person who once called Sonia Gandhi a foreigner. In his view, he was removed as PPCC chief in July 2021 as he was considered close to Amarinder Singh.

Jakhar asked if his statements had harmed the party in the elections and why he was not sacked. Jakhar had rejected the charges against him and had said his statement was twisted and taken out of context. He had also expressed regret if anybody was hurt by his comments.

## SUNIL JAKHAR AS ASSET, CONG SHOULD NOT LOSE HIM: SIDHU

Shortly after Sunil Jakhar

announced to quit the Congress, party leader Navjot Singh Sidhu on Saturday called the former state unit chief "an asset" and told his party not to lose him. Sidhu further said any differences can be resolved on the table. "The Congress should not loose #suniljakhar .... Is an asset worth his weight in gold .... Any differences can be resolved on the table," said Sidhu in a tweet.

## TARGETED BY JAKHAR, HARISH RAWAT DEFENDS HIS DECISIONS' AS PARTY'S PUNJAB-INCHARGE

Meanwhile, Congress leader Harish Rawat defended his decisions as the party general secretary in-charge of Punjab, after Sunil Jakhar who resigned from the party on Saturday accused him of weakening the organisation in the state. "Whatever decisions were taken by me as AICC general secretary in-charge of Punjab were in the party's interest," Rawat told agencies, adding that it is for the party leadership to ascertain if he had done anything wrong at the time. Rawat said Jakhar has left the party at a crucial juncture and should not have done so.

# French Ambassador meets Purohit, assures support in restoration and conservation of Chandigarh Architectural Heritage

PNS ■ CHANDIGARH

French Ambassador to India Emmanuel Lenain called on Punjab Governor and Chandigarh Administrator Banwarilal Purohit here on Saturday.

Purohit said Chandigarh's French connection can never be forgotten because from the conceptualisation of the city to its planning and execution, French contribution has been immense. He said French architect Le Corbusier designed the 'City Beautiful' and French consultants are now rendering expertise in transforming it into a smart city. He said Chandigarh will look forward to French expertise for the preservation of architectural heritage of the city.

The Administrator also appreciated French support

in the city's water supply project.

The French envoy assured the city of all support and said French experts will look into the restoration and conservation works in Capitol Complex and other exposed reinforced concrete buildings. He suggested partnership between higher educational institutions of the two countries for greater educational opportunities for

students of India in France. "As of now nearly 10,000 students from India are studying in France and we hope that the number will double by next year," he said.

Lenain said the two countries have shared good working relations and added that finding new solutions in areas of mutual interest would further help in strengthening the relations.

# PSPCL supplying uninterrupted power despite sudden increased in demand, says Punjab Power Minister

PNS ■ CHANDIGARH

Punjab Power Minister Harbhajan Singh on Saturday stated that notwithstanding the unprecedented power demand, PSPCL has been supplying uninterrupted power to all sections of consumers in the State.

The Minister said that the State had witnessed unprecedented demand for power due to sharp rise in temperature since March this year in comparison to last year.

"During April 2022, PSPCL has met upto 10000 MW peak power demand, which was 46 % higher than April 2021. This extraordinary power demand has continued unabated in May 2022, and 10900 MW peak demand has been met by the PSPCL which was over 60% higher

than May 2021", he added. Despite this no power cut is being imposed on any category of consumers and supply to agriculture pumpsets is also being given as per schedule, said the Minister.

In a statement, the Power Minister stated that all the thermal units in the state are in running condition or available except one unit of GHTP Lehra Mohabbat, which has been shut down last night due to technical snag. Both the units of NPL Rajpura are operational and 3rd TSPL unit of 660 MW closed for annual overhauling is scheduled to start generation this evening. All the four units of GGSSTP Ropar are available and one unit remains on standby to conserve coal for forthcoming paddy season as relatively cheaper power is available in the exchange.

Further, two units of GHTP Lehra Mohabbat are currently running and one unit is on standby.

He said that on Friday night, Lehra Mohabbat Unit No 2 of 210 MW developed a technical snag in its Electrostatic Precipitators, for which CMD PSPCL had visited the plant for on-the-spot assessment. Team of BHEL Engineers from Chandigarh have also reached the site and BHEL experts from head office and design engineers from Ranipet would reach Lehra Mohabbat tomorrow to assess the damage and to provide help to revive the unit at the earliest. A committee has been formed to analyse the causes of the snag and to take remedial action along with BHEL engineers, said the Minister.

## Punjab Cong chief Raja Warring flays Jakhar for his outburst against party

**Chandigarh:** Punjab Congress President Amrinder Singh Raja Warring flayed Sunil Jakhar who quit the party on Saturday for his "ungrateful and unjustified outburst" against the party and its leadership. "It is sad, bad, ugly and outrageous on part of Jakhar Sahab to have gone public with such wild and unsubstantiated allegations against the party that had given so much to him and his family," Warring said in a statement here. Warring is in Udaipur in Rajasthan to participate in the party's ongoing 'Chintan Shivir'. The PCC president said instead of launching such a "vituperative" attack on the party and its leadership, that too when the entire leadership had gathered for the three-day brainstorming session in Udaipur, Jakhar should have reflected upon his actions.

# Himachal CM inspects site of PM's likely rally in Shimla on May 31

PNS ■ SHIMLA

Himachal Pradesh Chief Minister Jai Ram Thakur on Saturday inspected a proposed site for a rally that Prime Minister Narendra Modi may address here on May 31, marking the eighth anniversary of his prime ministership, state BJP said.

Himachal Pradesh BJP president Suresh Kashyap said on Saturday that PM's proposed public meeting in Shimla on May 31 would be a historic one and attended by a large number of people to celebrate Modi's eight years as the country's prime minister. Accompanied by Kashyap, Chief Minister Thakur inspected the ridge maidan here later in the evening.

After the inspection, Thakur said the BJP would soon hold a virtual meeting in which the complete programme would be discussed.

Earlier on Wednesday, Chief Minister Jai Ram Thakur had urged the prime minister to hold a national-level function in Himachal Pradesh to mark the eight years of the NDA government at the Centre.

Thakur, who had called on PM Modi in New Delhi on Wednesday, said Himachal Pradesh would be honoured to hold this national-level function in which all districts of the country will join. Inviting the PM to visit Himachal Pradesh, Thakur had also thanked him for his special affection for the state and its people and expressed gratitude for supporting the state government in

every way for the speedy development of the state. HP BJP president Kashyap, also an MP from Shimla, said in his statement that Modi considers Himachal Pradesh as his second home. Prime Minister came to Himachal Pradesh about five months ago on December 27 to address a rally at the Paddal ground in the chief minister's home district Mandi to mark the fourth anniversary of the Jai Ram Thakur-led Bharatiya Janata Party (BJP) government in the state. BJP workers in Himachal Pradesh are already enthusiastic over the party's victory in recent assembly elections in four states, including Uttar Pradesh, Uttarakhand, Goa and Manipur, he said, adding they would get more strength after Modi's proposed visit to Shimla.

## Punjab govt confiscates 710 mobiles in 50 days from criminals operating from jails

PNS ■ CHANDIGARH

In a major crackdown against Nexus of gangsters and criminals operating from jails, the Punjab government has so far confiscated 710 mobile phones from jails in a specially launched drive.

Giving details in a statement, Chief Minister Bhagwant Mann said that during this special drive launched from March 16 to May 10, as many as 710 mobiles have been recovered from jail inmates. He said that from 16th to 31st March 166 mobiles have been recovered whereas 354 mobiles were confiscated from April 1st to 30th adding that 190 mobiles have been recovered from May 1-10. Mann said that these mobiles were used by the gangsters and smugglers to run their rackets

from the jails

Mann said that investigations are on to nab the persons on whose name these numbers were registered and soon strict action will be taken against them. He said responsibility of the officers and staff of jails who were involved in sneaking these mobiles in the jail will also be fixed.

The Chief Minister said that abolishing VIP culture in jails the Punjab government has decided to abandon the VIP cells and transform them into administrative blocks. He said that those lodged in jails have been punished by courts for violating law and they can't enjoy facilities while sitting in jail. Mann said that these jails will now be truly reform (Sudhar) houses (Ghar) where these criminals will pay for their sin in right earnest.

# Universities provide education from KG to PG, says Haryana CM

PNS ■ CHANDIGARH

To ensure quality education is provided under one-roof, Haryana Chief Minister, Manohar Lal Khattar on Saturday said that all the Universities of the State should make education available from KG (Kindergarten) to PG (Post Graduation) under the New Education Policy.

He said that the fees of poor children studying in these universities would be paid by the government and a new scheme will be introduced for this soon.

Addressing a two-day Conference of Vice Chancellors of Universities here, the Chief Minister said that a new scheme would soon be introduced to provide education to the children of those families whose verified annual income is less than Rs 1.80 lakh in the Parivar Pechchan Patra. Under this scheme, the fees of the children of poor families will be paid by the gov-

ernment so that the financial burden on the Universities does not increase and the poor children can also get access to higher education.

The Conference on Education Policy, Self-Employment and Management was organised by the Haryana State Higher Education Council. In the meeting, Additional Chief Secretary, Higher Education Department, Anand Mohan Sharan, Additional Principal Secretary to Chief Minister, Dr. Amit Agrawal, Director Higher Education, Rajiv Rattan and Vice Chancellor of Education Council, B.K. Kuthiala were also present.

Khattar said that employment-oriented programmes should be formulated in the Universities and Computer Education should be made compulsory so that in the present era of technology every youth is proficient in computers. The youth should be imparted employment-ori-

ented education so that they get jobs after completing education. Apart from this, youth can also be groomed for self-employment, he added.

He said that Technical Education and Higher Education Departments would be merged to impart quality education to the youth. This will also reduce the unnecessary burden on the government and the youth will be able to get quality technical and higher level education. He also directed the officers concerned to promote Hindi in LLB,

Engineering courses etc and to connect Engineering students with government departments under Amrit Sarovar Yojana.

The Chief Minister said that emphasis should be laid on making the Universities of the state financially robust and self-sufficient so that they do not depend on government grants. He said that the government hires agencies from outside for the work of consultants, surveys etc. In future such work will be given to universities which will enhance the income of the university and

make them financially strong as well.

Khattar said that under the New Education Policy, four Universities including MDU Rohtak, Kurukshetra University, Mahila Vishwavidyalaya Khanpur have started providing education from KG-level to PG under one roof. The remaining universities of the state should also work at a fast pace to provide education on the same pattern so that every youth of the state has access to higher education easily under one roof.

He said that various alumni meets should be organized every year in the Universities and special attention should be given to each alumnus and the alumni who are capable should be invited to these conferences and their help should be taken. Apart from this, the Annual Convocation must also be held in a fixed period. In the Convocation Ceremony, the old practice of the Britishers of following a particular dress code should also be changed at regular intervals.

The CM said that special programmes should be organized on the birth anniversary and death anniversary of renowned personalities on whose name the universities were christened, to introduce the youth to the life history of these great people. He said that great men have always guided the country and the society. Therefore, it becomes our moral obligation to make the younger generation aware about their history.

## BRIEFS

### Massive fire at Amritsar hospital, no casualty

**Amritsar:** A massive fire broke out at the government-run Guru Nanak Dev Hospital here on Saturday. However, no casualty was reported, police said. Nearly ten fire tenders were pressed into service to put out the fire. A blast took place in the transformer near the hospital OPD that led to the fire, which engulfed cardiology, X-ray and dermatology departments. The hospital is run under the supervision of Government Medical College. Government Medical College Principal Rajiv Devgun told reporters that due to oil leakage, the transformer caught fire and thereafter a blast took place. All patients in the affected wards were evacuated timely. He said there was no loss of life but there was damage to the infrastructure of the hospital. Punjab Public Works and Power Minister Harbhajan Singh reached the spot and took stock of the situation. He said a thorough probe will be carried out into the fire incident.

### 110324 cases settled through Lok Adalat in Haryana

**Chandigarh:** Haryana State Legal Services Authority organized its 2nd National Lok Adalat under the guidance of Justice Augustine George Masih, Judge, Punjab & Haryana High Court and Executive Chairman, Haryana State Legal Services Authority across the State. The National Lok Adalat was organized in 22 Districts and 33 sub-divisions of Haryana and 110324 cases were settled pertaining to "Civil, Criminal, Matrimonial, Bank Recovery, etc" including the cases of Permanent Lok Adalats (Public Utility Services) working in all the ADR Centres. Out of 190613, 58% of cases have been settled in total. The purpose of holding National Lok Adalat is to facilitate a platform to the litigants to settle their disputes amicably.

### Education institutions should develop moral values, says Hry Guv

**Chandigarh:** Haryana Governor Bandaru Dattatraya on Saturday said that educational institutions should develop moral values among the students by focusing on character building and urged the students to never forget the country and state while working at any place across the world. Speaking as the Chief Guest at the 7th Convocation of GD Goenka University, Gurugram where 807 students were honoured with medals, degrees and titles, the Governor said that among the medals and degrees that have been distributed, the number of girls is more than that of boys. A total of 72 medals have been given to 44 girls and 28 boys in the programme. He said that it is good to see the girls progressing in every field.

### 1,45,779 cases heard before 336 benches of Lok Adalat in Punjab

**Chandigarh:** As many as 1,45,779 cases were taken up before the 336 benches of the National Lok Adalat, which was organized throughout the state of Punjab on Saturday. Arun Gupta, District & Sessions Judge-cum-Member Secretary, Punjab State Legal Services Authority said that during this mega event of National Lok Adalat, conducted under the leadership of Justice Tejinder Singh Dhindsa, Justice, Punjab & Haryana High Court and Executive Chairman of Punjab State Legal Services Authority, various long pending matters (pre-litigative and pending) relating to matrimonial disputes, property disputes, cheque bounce cases, labour matters, criminal compoundable cases, cancellation/untraced reports of various FIRs etc. were taken up and awards were passed with the consent of the parties.

### Case against writers of books banned for distortion of facts about Sikh history

**Chandigarh:** The Punjab Police on Saturday registered a case against writers of three history books, which were banned for allegedly distorting facts related to the Sikh history. The action came after the Punjab School Education Board (PSEB) banned the books for Class 12 earlier this month with Education Minister Gurmeet Singh Meht Hayer at that time saying action would be taken against the writers. The case was registered at a Mohali police station on the complaint of farmer leader Baldev Singh Sirsa against Manjit Singh Sodhi, writer of "Modern ABC of History of Punjab", Mahinder Pal Kaur, writer of "History of Punjab", and M S Mann, author of "History of Punjab". The books have been published by three different Jalandhar-based publishers. The decision to ban these books was taken following a report by an inquiry committee. The committee was formed following a complaint by Sirsa, who had said the books contained some remarks which were not in accordance with Sikh history. Many organisations had earlier held protests outside the Punjab School Education Board (PSEB) office, demanding that the history books be banned for distorting facts related to Sikh history. The FIR was lodged Under Sections 153-A (promoting enmity between different groups on grounds of religion, race, place of birth, residence, language, etc), 295-A (deliberate and malicious acts, intended to outrage religious feelings of any class by insulting its religion or religious beliefs), and 504 (intentional insult with intent to provoke breach of the peace) of the IPC.

### Himachal CM releases book Hashiye Wali Jagah

**Shimla:** Chief Minister Jai Ram Thakur released the book Hashiye Wali Jagah, a collection of poems published by Himtaru Prakashan at Kullu on Saturday. This book is a collection of poems written by budding poets of Himachal Pradesh. It has been edited by noted poet and thinker Ganesh Gani. Thakur appreciated the efforts of Himtaru Prakashan Samiti and said that such endeavours would provide an apt platform to writers of the State. While congratulating all the poets, whose poems have been published on the collection, the Chief Minister said that this publication would not only provide readers good poems to read, but also motivate the budding poets to hone their creative skills. Secretary and Editor Himtaru Publications Kishan Shrimaan said that this collection contains poems of 38 young poets of Himachal Pradesh.

# Plug all illegal water outlets in Punjab's canals, Water Resources minister tells officials

PNS ■ CHANDIGARH

Punjab Water Resources Minister Bram Shanker Jimpa on Saturday asked his department's officials to plug all illegal water outlets in various canals of the state immediately, asserting that it is a must to ensure an even distribution of irrigation water to all farmers.

Jimpa gave the instruction after inspecting various canals in Jalalabad and Fazilka districts on Friday night and finding their water being illegally syphoned out at various points. No illegal water outlets would be tolerated at any cost in canals, he said, adding strict action will be taken as per the law against all those indulging in water theft by installing illegal pipes or by any other means.

During the surprise visit, MLAs Jagdeep Kamboj Goldy,

Narinder Pal Singh Sawna, Amandeep Singh Goldy Musafir and Fazilka Deputy Commissioner Himanshu Aggarwal and district police chief Bhupinder Singh Sidhu, too were present. The minister went inside the canals to inspect illegal water outlets and said the governing system in the state has changed. "Now there is a government of the common people of Punjab, so immediate action should be taken against those influential people, who are stealing water and all such illegal outlets should be plugged at the earliest so that farmers of the tail-end could get adequate share of canal water," he added.

Jimpa also discussed farmers' problems related to the canal water at village Khund Wala Sainia, near village Bahmaniwala, and Ladhuka and stopped at various other locations to inspect the canals.

# Russia withdraws from city of Kharkiv

AP ■ KYIV

Russian troops are withdrawing from Ukraine's second-largest city after weeks of heavy bombardment, the Ukrainian military said Saturday, as Kyiv and Moscow's forces engaged in a grinding battle for the country's eastern industrial heartland.

Ukraine's general staff said the Russians were pulling back from the northeastern city of Kharkiv and focusing on guarding supply routes, while launching mortar, artillery and airstrikes in the eastern Donetsk province in order to "deplete Ukrainian forces and destroy fortifications."

Defense Minister Oleksii Reznikov said Ukraine was "entering a new - long-term - phase of the war."

As the country's top prosecutor put a Russian soldier on trial for war crimes, the first of dozens that could face charges, President Volodymyr Zelenskyy said Ukrainians were doing their "maximum" to drive out the invaders and that the outcome of the war would depend on support from Europe and other allies.

"No one today can predict how long this war will last," Zelenskyy said in his nightly

video address late Friday.

Russia's offensive in the Donbas, a mining and industrial region which Moscow-backed separatists have partially controlled since 2014, appeared to be turning into a back-and-forth slog with no major breakthroughs on either side.

After failing to capture Kyiv, Ukraine's capital, the Russian military decided to concentrate on the Donbas, but its troops have struggled to gain and hold ground.

Before the war, Ukraine had its most highly trained soldiers in the region to stave off the Russia-backed rebels.

Russia has captured some villages and towns during its invasion. The Ukrainian military chief for the Donbas' Luhansk province said Friday

that Russian troops had nearly full control of Rubizhne, a city with a prewar population of around 55,000.

Zelenskyy said Ukraine's forces had also made progress, retaking six Ukrainian towns or villages in the past day.

Western officials said Ukraine had driven Russian forces back around Kharkiv.

The largely Russian-speaking city was a Russian key military objective in the early phase of the war, when Moscow was still hoping to capture and hold major Ukrainian cities.

The Institute for the Study of War, a Washington-based think tank, said Ukraine "appears to have won the Battle of Kharkiv."

It said, "Ukrainian forces prevented Russian troops from

encircling, let alone seizing Kharkiv, and then expelled them from around the city."

Regional governor Oleh Sinegovov said in a post on the Telegram messaging app that there had been no shelling attacks on Kharkiv in the past day. He said Ukraine had launched a counteroffensive near Izyum, a city 125 kilometers (78 miles) south of Kharkiv that has been under effective Russian control since at least the beginning of April.

Fighting was fierce on the Siversky Donets River near the city of Severodonetsk, where Ukraine has launched counterattacks but failed to halt Russia's advance, said Oleh Zhdanov, an independent Ukrainian military analyst.

"The fate of a large portion of the Ukrainian army is being decided — there are about 40,000 Ukrainian soldiers," he said.

However, Russian forces suffered heavy losses in a Ukrainian attack that destroyed a pontoon bridge they were using to try to cross the same river — the largest in eastern Ukraine — in the town of Bilohorivka, Ukrainian and British officials said, in another sign of Moscow's struggle to salvage a war gone awry.

## US, Russian defence chiefs speak for 1st time since invasion

AP ■ WASHINGTON

Russian Minister of Defense Sergei Shoigu spoke with U.S. Defense Secretary Lloyd Austin on Friday after months of refusing direct contact with his American counterpart. But officials said the call didn't appear to signal any change in Moscow's war in Ukraine.

A senior Defense Department official said Friday that while Austin believes the hour-long conversation was important in the effort to keep lines of communication open, it didn't resolve any "acute issues" or lead to any change in what the Russian are doing or saying as the war enters week 12.

The call — initiated by Austin — marked the highest level American contact with a Russian official since the war began in late February. Over the past several months, Pentagon officials have repeatedly said that Russian leaders declined to take calls from Austin and Army Gen.

# New Lankan PM inducts 4 Ministers into Cabinet

Peiris retained as foreign minister

PTI ■ COLOMBO

Ranil Wickremesinghe inducted four ministers into his Cabinet on Saturday, including G. L. Peiris as the Foreign Minister, as the country's new Prime Minister sought to complete the government formation to focus on efforts to rebuild the economy.

Dinesh Gunawardena has been sworn in as the Minister of Public administration, Peiris as the Foreign Minister, Prasanna Ranatunga as the Minister of Urban Development and housing and Kanchana Wijesekara as the Minister of Power and Energy, the Daily Mirror, an online news portal reported.

Peiris was also the Foreign Minister in the former Mahinda Rajapaksa-led Cabinet.

The government sources said Wickremesinghe's Cabinet is expected to be limited to under 20, the report said.

Sri Lanka's ruling Sri Lanka Podujana Peramuna (SLPP)

party has decided to offer crucial support to Wickremesinghe, who has just one seat in Parliament, to help him prove a majority in the House.

Most of the opposition parties in Sri Lanka announced that they would not be joining the interim Government led by Wickremesinghe.

The 73-year-old United National Party (UNP) leader was appointed as Sri Lanka's 26th prime minister on Thursday as the country was without a government since Monday when President Gotabaya Rajapaksa's elder brother and prime minister Mahinda Rajapaksa resigned after violence erupted following an attack on the anti-government protesters by his supporters.

New Lankan PM Wickremesinghe invites Opposition leader to join hands to resolve country's worst economic crisis

PTI ■ COLOMBO

Sri Lanka's new Prime Minister Ranil Wickremesinghe has urged the main Opposition Samagi Jana Balawegaya (SJB) leader to leave aside party politics and join hands with him to form a non-partisan government to resolve the burning issues and stabilise the country's economy, according to media reports on Saturday.

73-year-old United National Party (UNP) leader, who was appointed as Sri Lanka's 26th prime minister on Thursday, wrote a letter to SJB leader Sajith Premadasa, the Daily Mirror, an online news portal reported. In the letter, Wickremesinghe invited the SJB to support the joint effort made by them to immediately resolve the burning issues faced by the people and also to stabilise the country economically, politically and socially by obtaining foreign assistance.

# Palestinian man dies of head wound sustained from Israeli police

AP ■ JERUSALEM

A 21-year-old Palestinian Aman died on Saturday from a head wound sustained last month after Israeli police fired rubber bullets at stone-throwing Palestinian demonstrators during violence at Jerusalem's most sensitive holy site. Israel's Hadassah hospital announced the death early Saturday, saying only that Waleed Shareef had died weeks after being hospitalised with severe head injuries. His family confirmed the death.

Shareef was injured on April 22 in the Al Aqsa Mosque compound — the site of repeated confrontations between Israeli forces and Palestinian demonstrators in recent weeks.

Amateur video from the time shows a large group of Palestinians running away from the direction of heavy Israeli fire. Immediately after one shot, Shareef is seen falling

on his face and lying motionless on the ground. Israeli police quickly evacuated him.

At the time, police fired sponge-tipped bullets to disperse a crowd of masked Palestinians that it said was throwing stones and fireworks toward police and near the Western Wall — Judaism's most holy prayer site.

Palestinian witnesses and Shareef's family say he was shot in the head with a rubber bullet, while Israeli authorities have suggested he died from

injuries sustained when he fell on the ground. Hadassah officials on Saturday declined to give a precise cause of the head injury.

The family's lawyer, Firas Jebreeni, said the family has rejected an Israeli request for an autopsy, but that police refused to let them see the body and removed it without permission to Israel's main forensics institute. He said he has appealed to an Israeli court to prevent the autopsy and return the body to the family.

# Peshawar mosque blast mastermind killed: Police

PTI ■ PESHAWAR

The mastermind of the Peshawar blast along with one of his companions was on Saturday killed in a targeted operation in the suburb of the district, which lies at the heart of Pakistan's restive Khyber Pakhtunkhwa province, police said.

According to the police, the terrorist named Hassan Shah, a resident of district Khyber, was killed in Pishatakharra of Peshawar in a joint counter-insurgency operation conducted by Peshawar police and the Counter-Terrorism Department of Pakistan.

The slain terrorist was gunned down along with his companion, the police confirmed.

According to the police, both the terrorists belonged to a banned outfit of the Tehreek-e-Taliban Pakistan (TTP), a militant organisation fighting

the government of Pakistan to enforce the law of Sharia across the South Asian nation.

The police said the security forces had geared up the search operation in the area to arrest the remaining culprits.

As many as 57 people were killed and over 200 injured in the suicide blast at the Ahle Tashih mosque of Kucha Risaldar in Peshawar city on March 4 this year.

The militant group Islamic

State, claiming the responsibility for the attack, had added that the lone suicide bomber was from neighbouring Afghanistan. The attack in Peshawar's congested old city was the worst in years in Pakistan as the country faces renewed militant attacks mostly carried out by the Pakistani Taliban since last August when the Afghan Taliban swept into power and America ended its 20-year involvement in Afghanistan.

# N Korea confirms 21 new deaths as it battles Covid-19

AP ■ SEOUL

North Korea on Saturday reported 21 new deaths and 174,440 more people with fever symptoms as the country scrambles to slow the spread of COVID-19 across its unvaccinated population.

The new deaths and cases since Friday increased total numbers to 27 deaths and 524,440 illnesses amid a rapid spread of fever since late April.

North Korea said 243,630 people had recovered and 280,810 remained in quarantine. State media didn't specify how many of the fever cases and deaths were confirmed as COVID-19 infections.

The country imposed what it described as maximum preventive measures on Thursday after confirming its first COVID-19 cases since the start of the pandemic.

It had previously held for

more than two years to a widely doubted claim of a perfect record keeping out the virus that has spread to nearly every place in the world.

North Korean leader Kim Jong Un during a ruling party Politburo meeting on Saturday described the outbreak as a historically "great upheaval" and called for unity between the government and people to stabilise the outbreak as quickly as possible.

Officials during the meet-

ing mainly discussed ways to swiftly distribute medical supplies the country has released from its emergency reserves, Pyongyang's official Korean Central News Agency said.

In a report presented to the Politburo, the North's emergency epidemic office blamed most of the deaths on "mistakes like overmuch taking of drugs, bereft of scientific medical treatment."

Kim, who said he was

donating some of his private medicine supplies to help the anti-virus campaign, expressed optimism that the country could bring the outbreak under control, saying most transmissions are occurring within communities that are isolated from one another and not spreading from region to region.

He called for officials to take lessons from the successful pandemic responses of other nations and picked an example in China, the North's major ally.

China, however, has been facing pressure to change its so-called "zero-COVID" strategy that has brought major cities to a standstill as it struggles to slow the fast-moving omicron variant.

North Korea since Thursday has imposed steps aimed at restricting the movement of people and supplies between cities and counties, but state media's descriptions of the

measures indicate people aren't being confined to their homes.

Experts say a failure to control the spread of COVID-19 could have devastating consequences in North Korea, considering the country's poor health care system and that its 26 million people are largely unvaccinated.

Tests of virus samples collected Sunday from an unspecified number of people with fevers in the country's capital Pyongyang confirmed they were infected with the omicron variant, state media said.

The country has so far officially confirmed one death as linked to an omicron infection.

Lacking vaccines, antiviral pills, intensive care units and other major health tools to fight the virus, North Korea's pandemic response will be mostly about isolating people with symptoms at designated shelters, experts say.

# House subpoenas its own, grave new norm after January 6 attack

AP ■ WASHINGTON

The Jan 6 committee's remarkable decision to subpoena House Minority Leader Kevin McCarthy and other congressional Republicans over the deadly insurrection at the Capitol has deepened acrimony and distrust among lawmakers and raises questions about what comes next.

The outcome is certain to reverberate beyond the immediate investigation of Donald Trump's unfounded efforts to overturn Joe Biden's presidential election victory. Fuming Republicans vow to use the same tools, weaponising congressional subpoena powers if they wrest control of the House in November's midterm elections to go after Democrats,

even at the highest levels in Congress.

"It's setting a very jarring and dangerous precedent," said Rep Peter Meijer of Michigan, who was among the handful of Republicans who voted to impeach Trump over the insurrection. On Friday, the subpoenas for McCarthy and the

five Republican lawmakers were served as the committee investigating the Jan 6, 2021, attack on the Capitol is wrapping up its initial phase. Public hearings are expected to begin in June, and the panel is still determining whether to call Republican senators to testify.

# 1 dead, 3 hurt after shots fired outside Arkansas graduation

AP ■ HOT SPRINGS (US)

A man opened fire outside an Arkansas convention centre after a high school graduation ceremony, killing one person and wounding three others and exchanging gunfire with police, authorities said Friday.

The shooting happened Thursday night outside the Hot Springs Convention Center, which had hosted a graduation ceremony for Hot Springs World Class High School, said Officer Omar Cervantes. Hot Springs officers then wounded the suspect, Charles Johnson, 25, who fled

and was later arrested at a hospital on a murder warrant.

Authorities have not said what led to the fight, but Hot Springs School District Superintendent Stephanie Nehus said in a statement that no current students or graduates were involved.

Cervantes said in a statement that Hot Springs police officers and Garland County deputies were trying to defuse the situation when a single gunman began shooting into the crowd. He identified the man who died as Michael Jordan, 39. Others had non-life threatening wounds, he said.

# Wheat export ban to help control prices, regulate trade: Comm Secy

‘Adequate food available in Govt stocks, private stocks’

**New Delhi:** Asserting that there is no wheat supply crisis in the country, Commerce Secretary BVR Subrahmanyam on Saturday said the government's decision to ban wheat exports will help in controlling rising domestic prices and meeting the food requirement of India's neighbours and vulnerable countries.

The government has banned wheat exports with immediate effect. However, the export shipments for which irrevocable letters of credit (LoC) have been issued on or before the date of this notification will be allowed.

Subrahmanyam said that the decision was taken at the right time. "There is no dramatic fall in production. I do not think there is a crisis which needs to be imagined. There is adequate food available in gov-

ernment stocks and private stocks," he said while addressing a joint press briefing along with counterparts in the departments of food and agriculture. Explaining the rationale behind the decision, the commerce secretary said the primary goal was to put a "check on inflation".

"So, what is the purpose of this order. What it is doing is in the name of prohibition - we are directing the wheat trade in a certain direction. We do not want the wheat to go in an

irregulated manner to places where it might get just hoarded or where it may not be used to the purpose which we are hoping it would be used for," Subrahmanyam said.

The focus has also been given to ensuring adequate food stock availability within the country.

"At the end of the day, food is a very sensitive item for every country because it affects everybody - poor, the middle and the rich," he said, adding the wheat flour prices have

gone up in some parts of the country by about 40 per cent.

The government is also committed to ensuring the food security of neighbours and vulnerable countries.

"So, we have kept the window open for (our) neighbours. We have also kept the window open for a large number of vulnerable countries if their governments do make such requests," he added.

The secretary highlighted that the country has exported 7 million tonnes of wheat during the last fiscal, out of which about 50 per cent were shipped to Bangladesh.

Talking about the current fiscal 2022-23, he said as per estimates, 4.3 million tonnes of wheat have been contracted for exports so far.

Out of this, 1.2 million tonnes have already been exported in April and May, and another 1.1 million tonnes are expected to be shipped, he said, adding "if you have a valid order - irrevocable letters of credit - that contract will be honoured. So, India's credibility as a reliable supplier is maintained".

# Govt sets up committee to boost cruise tourism

PTI ■ MUMBAI

Union Minister Sarbananda Sonowal on Saturday said the government has set up a high-level committee to create an enabling eco-system for the development of cruise tourism in the country.

The committee comprises government officials and cruise industry players.

Sonowal on Saturday inaugurated the first two-day International Cruise Conference being held here.

Speaking to the media on the sidelines of the event, the minister said the government aims to make India the most attractive cruise tourism destination and the industry the world's largest one in the world.

The Minister for Ports, Shipping and Waterways also informed that the government has set up a Task Force under the Secretary in the Ministry of Tourism and the Shipping secretary as its vice-chairman.

The high-level committee will assist the Task Force with its ideas and suggestions to the committee, he said.

"I declare the constitution of a High-level committee

comprising both government officials and national and international industry players. It will assist the Taskforce and give it ideas and suggestions," Sonowal told reporters.

Emphasising that the purpose of the international conference is to make India a cruise tourism hub, the minister said the government will provide whatever modern infrastructure is required to attain the objective.

He also expressed hope that the state governments will also play their role in the promotion of the industry, which is seeing demand coming back after being hit during the pandemic.

"India is going to be the most attractive destination of cruise tourism, and there is no doubt about it because whatever potential we have in the coastal areas and inland waterways are now set to be explored. It is still untapped. So, we will explore it with our most modern infrastructure," Sonowal said.

India aims to increase cruise passenger traffic from 0.4 million at present to 4 million. The economic potential of

cruise tourism is expected to go up from USD 110 million to USD 5.5 billion in the years to come, according to an official release.

To boost the cruise tourism industry in the country, the government has taken several initiatives, including infrastructure up-gradation, rationalisation of port fees, removing ousting charges, granting priority berthing to cruise ships, and providing e-visa facilities, among others, the release added.

Upgradation and modernisation are being carried out at seven major ports in the country, including the flagship New International Cruise terminal coming up in Mumbai with a total cost of about Rs 495 crore.

Sonowal asserted that the Indian cruise market has the potential to grow 10 folds over the next decade, driven by rising demand and disposable incomes. "The government realises this potential and is determined to position India as a global cruise hub with state-of-art infrastructure for both ocean and river cruises," he said. PTI

# UK delays ban on ‘buy one get one free’ junk food deals

**London:** Rules banning multi-buy deals on foods and drinks high in fat, salt, or sugar (HFSS), including buy-one-get-one free (BOGOF), three for two and free refills for sugary soft drinks, will be delayed for a year, the UK government said on Saturday.

The plan had been unveiled in December 2020 to be enforced by April this year as part of a wider anti-obesity health drive.

The Department of Health and Social Care (DHSC) said the delay to restrictions on multibuy deals will allow the government to review and monitor the impact of the restrictions on the cost of living in light of an unprecedented global economic situation.

"Pausing restrictions on deals like buy one get one free will allow us to understand its impact on consumers in light of an unprecedented global economic situation," said UK Public Health Minister Maggie Throup. "We're committed to doing everything we can to help people live healthier lives," she said.

The restrictions banning HFSS adverts on TV before 9 pm. PTI

# Sri Lanka to receive 65,000MT of urea from India for paddy cultivation

**Colombo:** India has assured Sri Lanka to immediately supply 65,000 metric tonnes of urea to avoid any disruption in paddy cultivation in this country, as it faces the worst economic crisis in its post-independence history.

High Commissioner of Sri Lanka in New Delhi Milinda Moragoda met with the Secretary of the Department of Fertilisers Rajesh Kumar Chaturvedi in New Delhi on Thursday to discuss the supply of urea required for the current Yala cultivation season in Sri Lanka, according to media reports here on Saturday.

Moragoda thanked Chaturvedi for India's decision to supply 65,000 MT of urea required for the current Yala cultivation season in Sri Lanka, the High Commission of Sri Lanka in New Delhi said in a message.

The Government of India has decided to supply this quantity of urea immediately to Sri Lanka at the request of the Government of Sri Lanka, despite a ban on export of urea from India, the Sri Lankan High Commission said in a statement.

High Commissioner Moragoda thanked Secretary Chaturvedi for his personal involvement in arranging necessary approvals and logistics to supply 65,000 metric tonnes of urea to Sri Lanka in consultation with the High Commissioner of India in Colombo Gopal Baglay.

In response, Chaturvedi said that his Department is always ready to support Sri

Lanka in keeping with India's 'neighbourhood first' policy, and that the Department is making arrangements to ship the required quantity of urea from the nearest port to Sri Lanka through a State Company coming under his purview.

The High Commissioner and the Secretary also discussed ways and means to ensure the continuous supply of chemical fertiliser from India to Sri Lanka under the existing credit line and beyond.

India has committed more than USD 3 billion to debt-ridden Sri Lanka in loans, credit lines and credit swaps since January this year.

Yala is the season of paddy cultivation in Sri Lanka that lasts between May and August.

Sri Lanka is aiming to boost its agriculture sector to avoid any disruption in the agriculture market following

the drop in the paddy cultivation in the Maha session.

The Sri Lankan government banned chemical fertilisers last year as part of a phased transition towards organic agriculture. The dearth of adequate supplies of organic fertilisers affected agricultural output, especially rice and tea, and the government recently ended the ban on several key crops.

Sri Lanka's annual fertiliser imports cost USD 400 million. Farmers across Sri Lanka have intensified their protests due to the lack of fertiliser and being compelled to abandon their farmlands.

The chemical fertiliser ban, combined with bad weather, led to falling crop yields and contributed to inflation hitting a 47-month high of 8.3 per cent in October with food inflation at 11.7 per cent, Daily Mirror, an online news portal said. PTI

# There are mountains to climb: Air India CEO-designate Campbell Wilson

**New Delhi:** Campbell Wilson has termed his appointment as Air India CEO and MD as a fantastic opportunity to lead a historic airline and mentioned that there are "mountains to climb" in his new stint.

Wilson is currently the Chief Executive Officer of the Singapore Airlines' wholly-owned subsidiary Scoot Air. Singapore Airlines (SIA) is a joint venture partner of Tata Group in full service carrier Vistara.

On Thursday, Tata Sons had announced the appointment of Wilson as the Managing Director and Chief Executive Officer of Air India.

In a communicate sent to Scoot employees on Friday, he said, "This afternoon I informed the executive team and your union leaders of my resignation from Scoot and the SIA Group."

He said it was by no means an easy decision to leave and SIA was his first professional job and has been his home for the last 26 years.

Wilson noted that across three continents, six countries and more than 12 roles, SIA has accorded him many more opportunities and experiences than he could ever have dreamed of. PTI

# Flour millers' association RFMFI welcomes Government's decision to ban wheat exports

**New Delhi:** Flour millers' association RFMFI on Saturday welcomed the government's decision to ban wheat exports, saying this will prevent "unnecessary panic" in the market regarding domestic supply and also help in controlling any price rise.

Roller Flour Millers Federation of India (RFMFI) President Anjani Aggarwal said the association had written to the government to regulate exports. "It is a very good decision by the Government at this stage, as this will prevent unnecessary panic in the country about wheat supply and prices."

He said the wheat production in the 2021-22 crop year, ending June, is likely to decline at 95-98 million tonnes. "The country would have to import wheat after a few months if exports were not banned," Aggarwal said.

He said the prices of wheat and wheat flour will be stable now.

Atta (loose) prices are ruling at Rs 26-28 per kg, while packaged Atta prices stood at Rs 28-30 per kg.

"The prices of atta could have risen to Rs 40 per kg or even more. Prices will stabilise now," he said, while justifying

the government's decision.

India has banned wheat exports with immediate effect, as part of measures to control rising domestic prices, according to an official notification.

However, the export shipments for which irrevocable letters of credit (LoC) have been issued on or before the date of this notification will be allowed, the Directorate General of Foreign Trade (DGFT) said in a notification dated May 13.

"The export policy of wheat is prohibited with immediate effect," the DGFT said.

The government has revised downwards the estimate for wheat production by 5.7 per cent to 105 million tonnes in the 2021-22 crop year ending June, from the earlier projection of 111.32 million tonnes, as the crop productivity has been affected due to the early onset of summer

India's wheat production stood at 109.59 million tonnes in the 2020-21 crop year (July-June).

The country exported 7 million tonnes of wheat during the last fiscal. India was looking to export 10 million tonnes of wheat this fiscal year on rising global demand amid war between Russia and Ukraine. PTI

# Restriction on agri exports ‘indirect tax’ on farmers: Bharat Krishak Samaj

**New Delhi:** Farmers' body Bharat Krishak Samaj (BKS) on Saturday said that restrictions on exports of agricultural produce are an "indirect tax" on farmers as they are unable to benefit from rising global commodity prices.

Reacting to the government's decision to ban wheat exports, Bharat Krishak Samaj Chairman Ajay Vir Jakhar tweeted "Restriction on agricultural exports are an indirect tax on farmers in countries where imposed."

Farmgate prices get subdued by policy and farmers are unable to benefit from rising commodity prices while having to pay higher input costs, he observed.

"This is a #HumanRights issue," Jakhar tweeted.

India has banned wheat exports with immediate effect as part of measures to control rising domestic prices, according to an official notification.

However, the export shipments for which irrevocable let-

ters of credit (LoC) have been issued on or before the date of this notification will be allowed.

The government has revised downwards the estimate for wheat production by 5.7 per cent to 105 million tonnes in the 2021-22 crop year ending June, from the earlier projection of 111.32 million tonnes, as the crop productivity has been affected due to the early onset of summer.

India's wheat production stood at 109.59 million tonnes in the 2020-21 crop year (July-June).

The country exported 7 million tonnes of wheat during the last fiscal. India was looking to export 10 million tonnes this fiscal.

Bharat Krishak Samaj (BKS) is one of India's leading non-partisan farmers' organisations that is an advocate for farmer prosperity along with healthy, sustainable, inclusive and equitable food systems that benefit farmers and consumers. PTI

# Future Retail's Chief Financial Officer Toshniwal resigns

**New Delhi:** Debt-ridden Future Retail's Chief Financial Officer C P Toshniwal has resigned from the company, effective May 12.

Toshniwal's resignation is the recent addition to the string of resignations that started after the Rs 24,713-crore deal was called off last month by the billionaire Mukesh Ambani-led Reliance Industries after creditors voted against it.

Last week, Future Retail's Managing Director Rakesh Biyani stepped down, while officials including the company secretary of the debt-ridden firm tendered resignation.

"C P Toshniwal - Chief Financial Officer of the Company has resigned with effect from the closure of busi-

ness hours of May 12, 2022. Consequent to the same, he shall also cease to be a 'Key Managerial Personnel' (KMP) of the Company," FRL said in a regulatory filing.

FRL, a flagship firm of the Kishore Biyani-led Future Group, now faces an insolvency petition filed by its lenders before the National Company Law Tribunal as it has committed defaults.

FRL was part of the 19 companies which were supposed to be transferred to Reliance Retail as part of a Rs 24,713-crore deal announced in August 2020.

The deal was called off by the billionaire Mukesh Ambani-led Reliance Industries last month. PTI

Ro.No.: 91153/5 Ro.Date : 13/05/2022					

**New Delhi:** Telecom Minister Ashwini Vaishnaw on Saturday launched GatiShakti Sanchar portal that will centralise and speed up approvals for laying of fibre and tower installations, boosting upcoming 5G roll out, and said a legal backing for the Right of Way (RoW) will be in place by December.

The GatiShakti Sanchar portal will facilitate centralised Right of Way (RoW) approvals. An online platform for the industry to apply for RoW approvals as they build telecom infrastructure, including for 5G services, the GatiShakti Sanchar portal offers a unified, integrated, centralised approach covering all states and UTs, and central government ministries.

For players, it promises to reduce the days involved in get-

ting stipulated permissions, lower costs, and facilitate ease of doing business.

Launching the portal, Vaishnaw asserted the need for legal provisions for Right of Way, and promised that a strong legal backing will be put in place by December this year. Put simply, the RoW rules on setting up of telecom towers and cable laying, offer a frame-

work for giving approvals, settling of disputes, and facilitates coordination between industry and various agencies.

At present, the RoW rules are based on administrative process, and a strong legal backing is required to empower local officials, bring clarity on the fee structure, and fix accountability, Vaishnaw explained.

"That will be our next step. Moreover, all the portals that are there, especially Gati Shakti portal, railway portal, highway portal, and others...Integration of those...We will be working on these two technological and legal aspects," Vaishnaw said.

Work has started on these two fronts already, and the integration of portals is expected in the next 3-4 months while the timelines for providing legal backing is December-end. PTI

# NTPC's 20 MW solar capacity at Kawas begins commercial op

**New Delhi:** State-owned power giant NTPC on Saturday announced the beginning of commercial operation of the first part capacity of 20 MW out of 56 MW Kawas Solar PV Project in Gujarat.

"Consequent upon successful commissioning, the first part capacity of 20 MW out of 56 MW Kawas Solar PV Project at Kawas, Gujarat, is

declared on Commercial Operation from 00:00 Hrs of May 14, 2022," a BSE filing said.

With this, the standalone installed and commercial capacity of NTPC has reached 54,616.68 MW.

Further, the NTPC group installed and commercial capacity has touched 68,981.68 and 68,321.68 MW, respectively. PTI

# Shipping Corporation Q4 net profit jumps 77.42% to ₹152.16 crore

**New Delhi:** Shipping Corporation of India (SCI) on Saturday reported a 77.42 per cent jump in its consolidated net profit to Rs 152.16 crore for the fourth quarter ended March 2022.

The state-owned company had clocked a consolidated profit of Rs 85.76 crore in the same quarter of 2020-21, it said in a regulatory filing.

Its total consolidated income rose to Rs 1,364.62

crore during the quarter under review against Rs 900.73 crore

in the year-ago period.

Total expenses also increased to Rs 1,223.76 crore during the quarter compared to Rs 838.57 crore a year ago.

For FY22, the company reported a consolidated profit of Rs 865.22 crore. It had recorded a profit of Rs 696.9 crore in 2020-21. In March last year, the government received multiple bids for the privatisation of the Shipping Corporation of India. PTI

It's an amazing video and I am super excited it's coming out on Hitz music. Probably my biggest club track

”

I am working on new songs. The idea is to work on new, interesting sound and have a couple of amazing writers working with me. I have an amazing team of musicians who support what I do and that's the reason why I am blessed and the whole idea is to change the sound skill. There are a few upcoming projects but I can't talk about it right now. Most of them are releasing in the end of the year and next year.

Also, fancy granite countertops? Choose the best for your kitchen from slabs that include over 150 colours and varieties. Don't forget to check out the quartz, which is enjoying great popularity among enthusiasts at the moment because of its beauty and durability. Architects prefer it for the beautiful finish as well. Don't forget to check out their Statuario Rosso and Botanic Green collections as well, inspired by the beauty of florals and nature.

One of the most therapeutic activities is redecorating homes. It necessitates not just thorough planning, but also creative thinking and inventive concepts. Flowers are the first option that comes to mind for individuals looking to enhance their living spaces and create a lively mood. Fresh flowers offer color and aroma to a room, but they have a short shelf life. Dried flowers, on the other hand, are a fantastic option. They guarantee that your property will have a very trendy appearance! You can choose between a handful or a whole bouquet of dried flowers that have been elegantly packed. They are the finest alternative for redesigning the inside of your home because of their variety of hues and reasonable price range. One of the most therapeutic activities is redecorating homes. It necessitates not just thorough planning, but also creative thinking and inventive concepts. Flowers are the first option that comes to mind for individuals looking to enhance their living spaces and create a lively mood. Dried grass could surely **add a lovely touch to the decor of your warm living area.** It comes in a wide range of sizes and colors, including

A bouquet of flowers has the ability to quickly brighten up a space. However, having bunches of blossoms has one unavoidable consequence: they will eventually wilt. While this may make you think twice about keeping flowers in your house, there is another way to appreciate their beauty. Dried flowers and grass are a great way to bring nature into your house and to give a fresh look. As the seasons change, a bouquet of dried flowers adds motion and depth to a room while also inviting nature in.

It's critical to distinguish dried flowers from pressed flowers, which are manufactured by pressing fresh blossoms that haven't yet wilted (under a stack of books, for instance). Flowers that have faded but are still in their recognized forms are referred to as dried flowers.

Over the last three decades, Zee TV has been a pioneer in shaping the contours of reality television in India, introducing audiences to homegrown non-fiction formats like *Antakshari*, *Sa Re Ga Ma Pa*, *Dance India Dance*, and India's *Best Dramebaaz*. After receiving an overwhelming response to the previous three seasons that introduced audiences to some truly exceptional talent and giving a chance to all the ladies of becoming a *Super Mom*, the channel is all set to launch the 3rd edition of its non-fictional property – *DID Super Moms*. Bollywood choreographer Remo D'Souza will be seen in the seats of the judge as he will give them a chance to exhibit their talent and create a name of their own in the world of dance.

Catch the sundown special *Khalnayak* at 4:45pm. Increasing the entertainment meter up a notch, we bring in the *dhuandaar jodi* of Anil Kapoor and Jackie Shroff along with Madhuri Dixit that'll absolutely take this birthday celebration to another level. One is filled with sanity and love while the other brother is driven with vengeance, the classic film, *Ram Laxman* takes you on a journey filled with action and romance. Tune-in at 8 pm to witness the magic of Madhuri in *Ram Laxman*.

“The higher adoption of digital transactions by end customers during the pandemic provides a unique opportunity for lenders to leverage tech advancements in this space. Credgenics enables completely digitised loan collections process including communications along with a digital payment platform to deliver a seamless experience for end customers,” says Rishabh Goel, CEO and Co-Founder, Credgenics.

# Russell takes KKR to 177 for 6

PTI ■ PUNE

Umrnan Malik was back in his groove after a few forgettable outings as he ran through Kolkata Knight Riders top-order before Andre Russell's counter-attacking unbeaten 49 took his side to a fighting 177 for 6 against Sunrisers Hyderabad in a must-win IPL game on Saturday.

It was Russell (49 not out off 28 balls) along with Sam Billings (34 off 29 balls), who added 63 runs for the sixth wicket to give the total a semblance of respectability after KKR were in trouble at 94 for 5.

KKR added 58 runs in the last five overs, mainly due to Russell as he hit three sixes off three full-tosses bowled by off-break bowler Washington Sundar (0/40 in 4 overs).

Malik (3/33 in 4 overs), who had gone for 120-odd runs in his last 10 overs (across 3 games) and that too wicketless, was back in his element as he bowled fast and straight to get rid of Nitish Rana (26 off 16 balls), Ajinkya Rahane (28 off 23 balls) and skipper Shreyas Iyer (15 off 9 balls) in his first two overs to peg back KKR.

He did get good support from T Natarajan (1/43), who nailed the block-hole deliveries with perfection, getting rid of Rinku Singh (5), who missed out on taking review although it would have counted for little.

Venkatesh Iyer's "second season blues" continued as he chopped one from Marco Jansen (1/30 in 4 overs) onto the stumps.

As far as Rahane is concerned, he has well past his IPL sell-by date and even three sixes could-

n't hide the fact that he played a lot of dot balls and once he started cramping, it became even more difficult to rotate the strike.

Finally he was out when he slashed hard at a wide rising delivery and Shashank Singh at sweeper cover fence maintained perfect body balance in a

side on position to latch on to the catch.

The KKR batting finally looked good when Russell and Billings took the attack back to the opposition camp with some big blows after initial period of struggle. While the Jamaican had

three fours and four sixes to his name, Billings, on his part, hit three fours and one maximum.

Towards the end of the innings, wily Bhuvneshwar bowled his change-ups to lessen Russell's scoring areas as he had an impressive 13 dot balls in his entire spell.

## Amandeep finishes 13th and Vani 23rd in Switzerland

PTI ■ FLUMSERBERG

Amandeep Drall held steady and carded 1-under 71 to finish inside Top-15 as she totalled 2-under 213 at the 2022 Flumserberg Ladies Open here. Fellow Indian Vani Kapoor dropped a triple bogey late in the day on the Par-5 16th. Despite that she fought back for a birdie on 18th to card 73 and finished tied 23rd.

Amandeep dropped a shot on fifth, but picked birdies on Par-3s on seventh and 11th.

Vani, playing with Amandeep in the same group,

birdied the opening hole and then parred the next 14. She had a disastrous triple bogey on 16th which spoilt her run. She birdied 18th for some consolation.

Dutch amateur Lauren Holmeyer won the tournament after a final day round of 2-under 70. The 19-year-old won by a single shot in just her third LETAS event.

After 14 straight pars to begin her round, Holmeyer hung in at the top of the leader board, before back-to-back birdies on the 15th and 16th saw her through at the GAMS-Werdenberg Golf Club.

One shot behind the winner Holmeyer was Germany's Patricia Isabel Schmidt, who rattled in eight birdies and an eagle on the way to a score of 66 (-6) on the final day.

Sweden's Anna Magnusson finished third on -6 after a final day score of 70 (-2), albeit having reached -8 with a birdie on the 13th, only for two bogeys on her last five holes to see her drop back into the pack.

The next LETAS event is the PGA Championship Trelleborg which takes place on May 19-21 at Tegelberga Golf Club in Sweden.

## India finish second in shooting at Deaflympics

PTI ■ NEW DELHI

India wrapped up their shooting assignment at the 24th Deaflympics in Caxais do Sul, Brazil, by finishing in second place with three gold and two bronze medals.

Only Ukraine finished ahead of the 10-strong Indian contingent, with six gold and an overall tally of 12 medals. It was a commendable performance by the Indian shooters in ensuring the country's best-ever performance at Deaflympics.

India currently ranks eighth on the medals table with seven gold, one silver and four bronze medals. This is the first time an Indian shooting team has participated at the Deaflympics on the initiative of the National Rifle Association of India (NRAI).

An elated NRAI secretary general K. Sultan Singh said, "It makes me even prouder to have such a dedicated and high-quality team of professionals at NRAI. Without their hard work and dedication this phenomenal performance would not have been possible in such a short time."

Our coaches Anuja Jung and Priti Sharma even went to the extent of learning sign language to better impart coaching.

"My President Mr. Raninder Singh, forever the shooting pro-

motion man, also made it very clear from day one that there should be left no stone unturned in the preparations of the squad."

He also thanked the Sports Authority of India and the Sports Ministry for supporting the shooters.

"The Hon. Minister, Anurag Thakur, MYAS, was himself at hand to flag-off the team, inspiring confidence and providing much deserving recognition to the deaf shooters."

Dhanush Srikanth was the star of the shooting squad, bagging two gold medals in the men's 10m air rifle and 10m air rifle mixed team competitions respectively. Priyesh Deshmukh was his partner in the mixed event.

Abhinav Deshwal won India's third gold medal in the men's 10m air pistol event while Shourya Saini in the men's air rifle and Vedika Sharma in the women's air pistol won individual bronze medals.

A Memorandum of Understanding (MoU) was signed between the NRAI and the All India Sports Council for the Deaf (AISCD), just three months ahead of the Games, whereby the national governing body of the sport would be involved actively from the trials to selection to coaching and training of the team for the Deaflympics.

RO NO. 0950/22-23 Dt. 13-05-2022

## GT eye top-2 finish with win over out-of-reckoning CSK

PTI ■ MUMBAI

Their play-offs berth already secured, high-flying Gujarat Titans would look for nothing less than a win to ensure a top-2 finish when they take on out-

of-reckoning Chennai Super Kings in an Indian Premier League match here on Sunday.

Under the brilliant leadership of Hardik Pandya, GT rose above expectations to book their play-offs berth with two matches in hand.

GT are currently at the top of the table with 18 points from 12 games and a win on Sunday will more or less secure them a top-2 finish, which means they will get an extra chance of making it to the final.

- The earnest money in the shape of National Saving Certificate, Time deposit account in any of the post office in HP / FDR of any Bank duly pledged in favour of Executive Engineer, Hamirpur Division, H.P.PWD., Hamirpur must be accompanied with the application for receipt of tender form along with cost of form. Tender application received without earnest money will be rejected.
- The contractors / firms should possess the following documents (photo copy to be attached with application for obtaining the tenders documents):-
  - Latest enlistment / renewal orders with application for obtaining the tenders documents.
  - GST Number issued by the Sale Tax Department.
  - PAN (Permanent Account Number) issued by the Income Tax Department.Shall contain scanned copies of EPF issued from competent authority.
- The Executive Engineer, Hamirpur Division HPPWD., Hamirpur reserves the right to reject any tender without assigning any reasons (s).
- The Cess Charges @ 1% will be deducted from the gross amount of work done by the Contractor.
- The work will be completed by the contractor with in the stipulated period.
- The contractor / firms are required to insert the rate of each item in wards as well as in figures failing which Executive Engineer reserves the right to accept/rejects any over all tender.
- The tender shall be issued to only those contractor /firms who are eligible, suitable and competent.
- The tender forms shall be issued to eligible contractors depending upon their past performance and work experience which shall be duly evaluated by the technical evaluation committee.
- The Contractor/firm having necessary documents and past adequate experience shall be preferred.
- The Contractor who have failed to start/Complete the work in hand with in reasonable time shall not be issued tender Forms.
- A contractor enlisted in a particular class shall be eligible to tender for his own class and one step below.
- If **24.05.2022** happens to be holiday the tender shall be opened on next working day at **11.00**.
- GST will be deducted as per rates fixed by the Govt.

Every year, on May 17, **World Hypertension Day** is observed in order to educate the public and create awareness on high blood pressure (BP) or hypertension which has no symptoms or warning signs. The HEALTH PIONEER reports

An alarming one in four Indian adults has high blood pressure. Known medically as hypertension, many people don't even know they have it, because high blood pressure has no symptoms or warning signs.

"But only about 10 per cent of them have their blood pressure under control," according to a report by the India Hypertension Control Initiative. Releasing the report, Indian Council of Medical Research Director-General, Dr Balram Bhargava, emphasised on making hypertension a national priority.

Prashant Mathur, director of ICMR's Na Mathur, director of ICMR's National Centre for Disease Informatics and Research, Bengaluru, and corresponding author of the study chips in that "recognising the low awareness and high rates of drop-outs between the diagnosis of hypertension, its treatment and control calls for better planning of providing continuum of care for high blood pressure."

For both women and men, the prevalence increases sharply with age. The increase is for all categories of hypertension, including pre-hypertension, for both sexes. About one-fourth of women and men aged 40-49 have hypertension, says the study.

The recent National Family Health Survey 5 (NFHS-5) too presents an alarming picture of the chronic disease. It shows that when it comes to treatment, only 7 per

THE PREVALENCE OF  
RAISED BLOOD  
PRESSURE BY 25 PER  
CENT BY 2025.

cent women and 6 per cent men who have been diagnosed with high blood pressure are on medication.

The survey also found that 33 per cent of women and 46 per cent men have never got their blood pressures measured. Based on the blood pressure measurement, the NFHS-5 found 21 per cent of women and 24 per cent of men are having hypertension marked by the blood pressure measurement of 140/90 or above.

When elevated blood pressure is accompanied by abnormal cholesterol and blood sugar levels, the damage to your arteries, kidneys, and heart accelerates exponentially. According to a study presented at the American Stroke Association's International Stroke Conference recently, hypertensive young people between the ages of 20 to 40 could experience brain problems in their midlife.

Last year, the World Health Organisation modified its blood

pressure control guideline, suggesting that a systolic pressure of 130 should be the threshold to start medication in people with a history of heart complications or other risk factors whereas for others such a threshold would be 140/90.

Fortunately, high blood pressure is easy to detect and treat. Blood Pressure can be kept under control in a healthy range simply by making lifestyle changes, such as losing weight, increasing activity, and eating more healthfully, say doctors.

## YOGA REMEDY

Ishwar V. Basavaraddi, Director of Morarji Desai National Institute of Yoga (MDNIY) tells you, "We have a range of yoga asanas, pranayama and meditation that help to open up the chest cavity, improves lung capacity and increases cardiopulmonary function, which lead to maintain physical activity for longer." According to him, some of the Yoga

asanas that can help in beating high blood pressure are: Tadasana without heel raise/ Katicakrasana/ Ushtrasana/ Gomukhasana/ Uttanmandukasana/ Bhujangasana/ Ardha halasana/ Shavasana / Yoga Nidra/ Abdominal Breathing (30 times)/ Nadi shodhan pranayama/ Sitali pranayama/ Bhramari pranayama and Dhyana.

## BEYOND THE STETHOSCOPE

When not pursuing their profession, a breed of doctors prefer to wear different hats to keep themselves fit and centered. The HEALTH PIONEER tries to catch up with them every week.

## Doc's Iron Will For Iron Man

What started as a pastime activity in 2010—participating in the 5K category at the Airtel marathon—has now become a passionate hobby for this 48-year-old medico.

Dr. Hariprasad G, Additional Professor at Department of Biophysics, AIIMS, Delhi, has since then even successfully completed the Olympic Triathlon (1.5 Km swim; 40 km cycling; 10 km run) a few times in under three-and-a-half hours.

His thirst for a bigger challenge unquenched, he is now preparing for the Half-Iron Man Triathlon (1.9 km swim, 90 km cycling and a 21 km run) championship to be held this year-end at the Talkatora-SPM Swimming complex. In between this journey, Dr Hariprasad has graduated from a 5 km run to a 10 km and then half marathon and finally a 42 km Full marathon, which he comfortably does in four-and-a-half hours.

He has participated in several marathons including Mumbai, Standard Chartered Singapore, New Delhi and Omaha to name a few. The most recent one was the Hyderabad Marathon, which Dr Hariprasad recalls, was quite a challenge considering the number of steep flyovers in the city all along the route.

Hundreds of colorful medals from all these events and the many glittering gold medals decorate the walls of the living room of this clinician-scientist who along with his team are currently investigating the A-Z of Omicron virus.

The father of two sons who balances out work-family-friends-endurance training shares, "I mix-up of a lot of physical activities like walking, jogging, sprinting, swimming, cycling, stair climbing, yoga, core exercises, skipping to get the best out of my heart, mind and body."

Every event is a learning curve and the challenge only gets bigger and more significant with each passing year, says the doctor who has done his MBBS from a Karnataka Medical College, Hubli and later did his post-graduation MD and subsequently a PhD from AIIMS, Delhi. His inspirations are sports legends such as Phelps, Dressel, Ledecky, Djokovic, Federer, Nadal, and Kipchoge!

Of course, behind all these achievements is his rigorous efforts, a strong-will and most importantly the support of his family, particularly his better half Roopa, a doctor herself who is into cervical cancer prevention at National Institute for Cancer Prevention and Research, Noida. She doubles up as his nutritionist and a personal chef, and ensures he gets the right blend of food in the weeks leading up to the endurance event, during the race and post-event. As a general rule he usually consumes wholesome unprocessed food cooked at home and avoids fast-packaged foods. Even delicacies be it Pani puri, dosas, tacos, pasta, pan cakes, waffles and desserts are given a yummy but healthy twist at Dr Roopa's kitchen, and it is this that helps him in 'the long run,' he chuckles.

"We always have a choice and end up with the easier one. I decided to change that," the doctor quips, adding that "Don't give up on your dreams, because you have no idea what all you are capable of."

## NEWS BRIEFS

### CUT DOWN BAD MICROBES

Healthy adults who eat a diverse diet, with at least 8-10 grams of soluble fibre such as grains, beans, lentils, nuts and some fruits and vegetables daily, have fewer antibiotic-resistant microbes in their guts, according to a study by Agricultural Research Service scientists and their colleagues in mBio.

### 'AYURVEDA AAHARA' ON THE PLATTER

The Union Ministry of Ayush and Food Safety and Standards Authority of India (FSSAI), India's apex body for food regulation has formulated regulations of safety and quality standards for food products under 'Ayurveda Aahara' category. This comprehensive initiative will ensure manufacturing of quality Ayurveda food products and help in expanding the international market for Make-In-India products.

### NEW THERAPY FOR BREAST CANCER

The world's first subcutaneous therapy for breast cancer that is effective and reduces treatment time by 90 per cent has been launched in India, Roche Pharma said recently. The treatment by Roche called PHESGO is the first ever fixed dose formulation in oncology that combines two monoclonal antibodies: Perjeta (pertuzumab) and Herceptin (trastuzumab) with hyaluronidase. It is administered via an under the skin injection in combination with intravenous (IV) chemotherapy for the treatment of early and metastatic HER2-positive breast cancer.

### 'ONE STEP' PORTAL FOR HEALTH INFO AT INDIAN EMBASSIES

Soon facilitation centres at Indian embassies across the world will be set up for people wanting to travel to India for treatment, said Union Health Minister Mansukh Mandaviya while addressing a roundtable conference with senior IFS officers on 'Building Brand India' in Delhi.

# Three-layered healthcare system to aid common man

Prevention is better than cure. Its significance can be witnessed in the tri-layered healthcare mechanism introduced by the Governments. The mechanism encompasses Primary Healthcare Centres (PHCs), Community Healthcare Centres (CHCs) and District Healthcare Centres (DHCs) after which big hospitals comes into play, whenever needed, says Gaurav Pandey

The objective of this mechanism is to ensure that larger number of ailments shall be diagnosed at the initial stage in rural pockets or small towns and effective medications may begin to uproot it.

The importance of PHCs is considerable as the locals receive medical aid the moment symptoms appear. Also, such Centres are responsible for spreading awareness about and bringing various government healthcare measures to the locals through Aanganvadi workers and Asha workers.

If one does not get cured at the PHCs, s/he is referred to the CHCs which has adequately equipped Diagnostic Laboratory as well. The consultations and investigations may help him to get fully cured. But if there is no respite, s/he may be sent to District Hospital and to higher referral hospitals like All

India Institute of Medical Sciences (AIIMS).

It is quessential for every resident to understand the nuances and structure of this mechanism. Talking of private sector, a person visits a General Physician also known as Family Physician, usually an MBBS degree holder. In case of common diseases, a person gets cured there itself. There are Polyclinics where Specialists dealing with various body parts and related ailments are available and a patient may get synergized expert opinion of these Consultants in case of two-three ailments.

Then there are Nursing Homes where the patients can be admitted. It falls under primary healthcare. The bigger Nursing Homes equipped with Operation Theatre (OT) and Intensive Care Unit (ICU), they are considered as second-level or Secondary care Centres.

The big hospitals with more

The writer is an expert in health care management

than hundred beds, fully-equipped with latest machines, contemporary Modular Operation Theatres, ICU,

facilities of CT Scan, MRI, in-house pathology and Consultants related to every speciality are available fall under the category of Tertiary Care Hospitals.

The hospitals where Robotics Surgery, Proton Therapy, Heart Transplants, Lung Transplants and other advanced solutions are possible are known to be Fourth-level Healthcare Hospitals which are at the zenith in terms of providing medical solutions.

It may be true that these mechanisms and levels come into play once someone falls ill but it is important for all of us to be aware of these structures so that the illness can be diagnosed at the initial level through investigations and doctor's interventions and prescriptions and can be contained before it may cause serious damages.

In abroad, the cost of keeping every citizen healthy lies with the

Insurance Companies and the Governments. There exist Diagnostic Related Groups where annual medical tests are carried out so that contagious ailments can be contained in time and the burden of paying for cure and recovery may get lessened from the shoulders of the Insurance Company or Government.

Many Insurance Companies offer annual health check-ups to those who hold their mediclaim policies. The private hospitals also play their active part and offer significant rebates on various investigation packages.

The government-run and private hospitals organize free camps continually and the people in remote locations are investigated through mobile vans and people must take benefit of it without second thoughts as many serious ailments get diagnosed in time. More such drives are needed which is possible by effective Public Private People Model.

Don't ever doubt  
yourselves or waste a  
second of your life.  
It's too short, and  
you're too special.

There is a wide recognition that the creation of the IAS was one of the cardinal follies of the wise. It is irrelevant to the people at large but it has made itself hugely useful to the political class, writes

MANOJE NATH

# HAS THE COUNTRY FAILED THE IAS?

Officers of the Indian Administrative Service (IAS) who demonstrate the capability to make money from the system and make it fast, inevitably endear themselves to people in power. So, whatever the outcome of the ongoing investigation against Jharkhand Mines and Industry secretary Pooja Singhal, IAS, it will not interfere with the chances of her appointment as Chief Secretary of Jharkhand, when her time comes. In its brief history of twenty years as a separate state, Jharkhand has honoured three such IAS officers by appointing them as Chief Secretaries. Among officers so appointed was a gentleman who was facing trial in two cases related to financial irregularities in purchase of fertilizer. Another one had spent many months in jail on charges of forcing entrepreneurs to donate money to his NGOs and finally won a reprieve from the Supreme Court. A third officer who was convicted in an animal husbandry case, and perhaps died in jail, had two stints as chief secretary of Jharkhand. Jharkhand's case may be an exception, but in popular imagination IAS officers can make money not only with impunity but with honour.

There are two standard explanations for the steady diminution of the stature and prestige of the IAS. The first consists of playing down the well-founded criticisms of servility and capitulation, corruption and chicanery. Even though sometimes the merit of the criticism is granted, its significant contribution to the polity and society is dwelt upon at great length; distortions and aberrations that may have crept in are laid at the door of the many extenuating circumstances.

If the IAS has failed it is because the country has failed (or is failing at an accelerated rate). It is only the extreme formulation of such an approach. The other strategy is to deflect and devalue - the criticism by outwitting and silencing the critic with a more vehement self-critical diatribe, an anguished self-loathing of their own, as if the act of advertising could, in itself, absolve the service of all the sins that were being advertised.

The IAS, according to one view, requires a particular kind of society to function to its full potential, something like the idylls of Nehruvian era. The post-Independence leaders and influencers like Nehru, Patel, Rajendra Prasad, Ambedkar, Madan Mohan Malviya, T T Krishnamachari, Acharya Kripalani, Jyoti Basu, Atal Behari Vajpayee, Jaiprakash Narayan (to mention just a handful); industrialists like JRD Tata, Jamnalal Bajaj, Dinshaw Petit and GD Birla; editors like Desmond Doig, Arun Shourie, Sunanda K Dattaray, Kushwant Singh, Frank Moraes and Russi Karanjia have been mostly replaced by pygmies and carpet baggers. These people may win elections, make billion of dollars in one year or run up huge TRP ratings, but they are incapable of promoting public values or morals, or establishing ethical corporate standards, or writing an editorial (let alone investigating a story).

But that is hardly the case. The IAS has not only been quick to limber up to the changed political realities, it has scripted an even more indispensable role for itself in the era of "pygmies and carpet baggers."

Politics, to appropriate Balzac's remark, has become like, "Soldiering, ... chiefly a finan-

Jharkhand Mines and Industry Secretary Pooja Singhal was arrested by the Enforcement Directorate in a money laundering case.

cial undertaking, you need gold in order to do battle, and you need to do battle in order to get gold." Some governments are (were) headed by leaders from newly emergent political classes for whom English was not the language of choice, who did not feel constrained by rules, regulations etc and were quite upfront about their intentions to abuse their office for personal gains.

The longevity of governments challenged the myths that the IAS had forged out of isolated life stories of a young collector telling off a CM,

THE IAS HAS NOT ONLY BEEN QUICK TO LIMBER UP TO THE CHANGED POLITICAL REALITIES, IT HAS SCRIPTED AN EVEN MORE INDISPENSABLE ROLE FOR ITSELF IN THE ERA OF "PYGMIES AND CARPETBAGGERS."

a chief secretary recording his dissent in days long gone by, myths that made them intelligible to themselves, provided them with their reassurance during times of self-doubt. Governments were there to stay; they were here today, they were going to be here tomorrow. How long could they wait out in the cold?

Though supposed to be unaligned, personally free and subject to the executive authority only within a defined area, they choose to be incorporated in the apparatus of political power. Commitment to rule based governance, are pragmatically abandoned by such officers. They are for the government, the government is for them.

An interesting example from marine biology will serve as an apt metaphor. In the Bay of Naples, a common sea slug medusa, and a snail, start off as independent organisms but on close encounter become conjoined in such a manner that both the jellyfish and the snail shed off a lot of themselves. A small portion of the snail gets permanently affixed to the ventral surface near the mouth of the jellyfish to become one single organism. They get along nicely in a symbiotic arrangement, exploiting each other's biological capabilities and yet retain their specific otherness.

A clutch of trusted officers-the drastically edited version of service, the cadre may have hundreds of officers, in an arrangement

reminiscent of the medusa and the snail, handle the core sectors of the governments as also the entire range of political purpose. The others are kept in a state of idle splendour. But like an Englishman the IAS is "never at a loss for an effective moral attitude ... you will never find ... them in the wrong." It is responsible for the marginalisation of its own service and yet persists with the complaint of political interference.

There is a wide recognition that the creation of the IAS was one of the cardinal follies of the wise. It is irrelevant to the people at large but it has made itself hugely useful to the political class. In an unusual consensus, cutting across their ideological divide, they have found them to be even more valuable after retirement than they are in service. As heads of all the accountability institutions, all those roadblocks to arbitrary exercise of executive power, they render them defunct. In many states you can find officers recruited in the 60s, 70s, 80s making themselves useful to their political masters in a myriad ways. To stand an old saying on its head, "the dead lion is even more valuable than the living donkey."

The alliance of these two major institutions has significantly altered the balance of power much to the detriment of democracy.
