SC jails Sidhu for 1 yr in 34-yr-old road rage

Ex-cricketer can contest election despite conviction, say legal experts

PIONEER NEWS SERVICE ■ NEW DELHI

The 1988 road rage case leading to murder of a senior citizen returned to haunt cricketer-turned-politician Navjot Singh Sidhu on Thursday as the Supreme Court awarded him one-year rigorous imprisonment. The SC reviewed its earlier judgment on the petition filed by the victim's family.

Earlier, the SC had in May 2018 held Sidhu guilty of "voluntarily causing hurt" to a 65-year-old man. The court had spared him a jail term and imposed a fine of ₹1,000.

Despite his conviction, Sidhu can contest elections. Legal expert and former Lok Sabha secretary general PDT Achary told PTI: "If the sentence was two years or more, then he would have been disqualified from contesting elections for six years." He cited Section 8 of the Representation of the People Act, 1951.

The bench comprising Justices AM Khanwilkar and

SK Kaul said any "undue sympathy" to impose an inadequate sentence would do more harm to the justice system and undermine the public confidence in the efficacy of law.

Reacting to his conviction, Sidhu said, "A life was lost and everybody will regret it. But the court says it was an accident. I have submitted to the majesty of the law and whatever the court says I abide by it".

He went on to add, "I have been a survivor all my life. It is the grace of God which always prevails and bails me through. Every adversity has made me bigger and hence my reputation. From the age of 7 till 53, there has been no defeat".

In its 24-page review judgment, the apex court said in the given circumstances, tempers may have been lost but then the consequences of the loss of temper must be borne.

It also said this is a case where some "germane facts for sentencing" appear to have been lost sight of while imposing only a fine on the

Yasin Malik convicted for terror funding

PNS ■ NEW DELHI

Kashmiri separatist leader Yasin Malik was on Thursday convicted by a designated NIA court after he pleaded guilty in a case of terror funding and waging war against the country.

The special court directed the NIA to assess Malik's financial situation to determine the amount of fine to be imposed on him and posted the matter for arguments on quantum of punishment on May 25.

Malik had pleaded guilty to all charges, including those under stringent Unlawful Activities Prevention Act in a terror funding case.

Malik had told the court that he was not contesting the charges levelled against him that included Sections 17 (raising funds for terrorist act), 18

(recruitment terrorist act), 20 (punishment for being a member of a terrorist gang or organisation), 38 (membership of a terrorist gang or organisation), 39 (supporting a terrorist organization) of the UAPA, and Sections 120-B (criminal conspiracy), 121 (Waging, or attempting to wage war, or abetting waging of war, against the Government of India) and 121-A (Conspiracy to commit offences punishable by section 121) of the Indian Penal Code.

Congress leader. Noting that the hand can also be a weapon by itself where a boxer, wrestler, cricketer, or an extremely physically fit person inflicts a blow, the SC said it

did believe that indulgence was not required to be shown at the stage of sentence by only imposing fine and letting Sidhu go without any imposition of sentence.

SC grants bail to Azam Khan

PIONEER NEWS SERVICE ■ NEW DELHI

The Supreme Court on Thursday granted interim bail to Samajwadi Party leader Azam Khan, saying it is a fit case to invoke its extraordinary power under Article 142 of the Constitution as facts in the present case are very peculiar.

Khan is currently lodged in Sitapur jail in connection with several cases, including that of land grabbing, against him in Rampur. The Uttar Pradesh Government had earlier opposed Khan's bail plea and termed him as a "land grabber" and a "habitual offender".

"The petitioner is directed to be released on interim bail in respect of FIR being Case Crime No 70 of 2020, registered with Police Station Kotwali, Rampur, Uttar Pradesh for the offences punishable under Sections 420 and 120B (criminal conspiracy) of the Indian Penal Code on such terms and conditions as found appropriate by the trial court," a bench headed by Justice L Nageswara Rao said.

HC annuls doorstep ration delivery scheme in Delhi

STAFF REPORTER ■ NEW DELHI

In a jolt to Arvind Kejriwal-led Delhi Government, the Delhi High Court on Thursday set aside the doorstep ration delivery scheme, "Mukhyamantri Ghar Ghar Ration Yojna".

Allowing two petitions filed by ration dealers challenging the doorstep delivery of ration scheme, a division bench of acting Chief Justice Vipin Sanghi and Justice Jasmeet Singh said the Delhi Government is free to bring another doorstep delivery scheme but it cannot use grains provided by the Centre for this doorstep scheme.

The Delhi Government had defended the scheme on the ground that it was for the poor who were being threatened by fair price shop owners to opt-out of the home delivery mode otherwise they would not be given ration.

Reacting to the order, the Delhi Government sources said they would examine the order

and after that take appropriate steps.

"In the facts of the present case, the impugned scheme for doorstep delivery of rations to the beneficiaries under the TPDS framed by the Cabinet Decision no. 2987 on 24.03.2021 has not been approved/ consented to by the Lieutenant Governor and, therefore, in any event of the matter, the same cannot be implemented in its present form," the court said in its 174-page judgment.

"The Council of Ministers headed by the Chief Minister is

bound to communicate its decisions/resolutions, including any such scheme or proposal to the Lieutenant Governor, so as to enable him to examine the same and to take a call on whether, or not, he has a difference of opinion with any such scheme.

"When any decision of the Council of Ministers headed by the Chief Minister is placed before the Lieutenant Governor for his approval, he shall be mindful of the decision of the Supreme Court in State of (NCT of Delhi) (supra), and shall take his decision to express his difference of opinion, if any, in the light of the aforesaid Judgment," read the judgment.

In case the Lieutenant Governor expresses his disagreement with his Council of Ministers headed by the Chief Minister, he may either require the Chief Minister to refer the matter to the President for his decision, or he may, on his own, refer the matter to the President for his decision.

Nikhat becomes World Champion, 5th Indian woman boxer to achieve feat

PTI ■ NEW DELHI

Indian boxer Nikhat Zareen lived up to the expectations as she clinched the coveted gold in flyweight (52kg) division with a facile 5-0 victory over Thailand's Jitpong Jutamas in the Women's World Championship final in Istanbul on Thursday.

Capping off a stupendous campaign that saw her dominate all her rivals, the Telangana boxer out-punched her Thai opponent to win via unanimous verdict with judges scoring the bout 30-27, 29-28, 29-28, 30-27, 29-28 in her favour.

With this win, Zareen, a 2019 Asian Championship bronze medallist, became only the fifth Indian boxer to be crowned world champion.

GST council suggestions not binding on Govts: SC

'Centre, State Govts both have powers to legislate on GST, Council must work harmoniously'

PIONEER NEWS SERVICE ■ NEW DELHI

The Supreme Court on Thursday ruled that the Goods and Service Tax (GST) Council's recommendations are not binding on Union and State but have a persuasive value as the country has a cooperative federal structure.

A bench of Justices DY Chandrachud, Surya Kant and Vikram Nath also held that the Centre and State Governments have simultaneous powers to legislate on GST but the council must work in a harmonious manner to achieve a workable

solution. The bench said that as per Article 246A, both Parliament and the State legislature have equal power to legislate on matters of taxation.

"Article 246A treats Centre and State as equal and Article 279 of the Constitution says that Centre and State cannot act independent of each other", said the apex court. The top court said that recommendations of the GST council are a product of collaborative dis-

cussions between the Centre and States and it is not imperative that one of the federal units must possess a higher share. It said that Indian federalism is a dialogue between cooperative and non-cooperative federalism and the Centre and States always engage in dialogue.

The bench pointed out that there are no provisions in the GST Act of 2017 that deal with repugnancy between the laws drawn up by the Centre and the State and it is for the council to advise them suitably whenever such occasions come to fore.

The top court ruling came on a batch of pleas as it upheld a Gujarat High Court verdict to quash the levy of Integrated GST (IGST) on the importers on ocean freight under reverse charge.

Stay Gyanvapi hearing, SC tells Varanasi court

SC hearing today; survey report says temple existed on premises

PIONEER NEWS SERVICE ■ NEW DELHI/LUCKNOW

The Supreme Court on Thursday directed a Varanasi Civil court not to proceed with hearing the Gyanvapi case even as Special Court Commissioner Vishal Singh on Thursday submitted the report of the videography and survey of Gyanvapi mosque complex in the court of Civil Judge (Senior Division) Ravi Kumar Diwakar. The SC will hear the matter on Friday.

A bench of Justices DY Chandrachud, Surya Kant, and PS Narashima was informed by advocate Vishnu Shankar Jain that lead counsel Hari Shankar Jain for the Hindu devotees in the civil suit is indisposed for Thursday as he was discharged from hospital on Wednesday.

"We accordingly direct the trial court to strictly act in terms of the above arrangement and to desist from taking up further proceedings in the suit in view of the consensus which has been arrived at between the parties," the bench said in its order.

The bench directed for the listing of the matter before it on

May 20 at 3 pm and said the Registry may seek the administrative directions of the Chief Justice of India so that the bench may be constituted.

Advocate Jain mentioned the matter and urged the court to hear it on Friday.

Senior advocate Huzefa Ahmadi, appearing for the Committee of Management Anjuman Intezamia Masjid, said several applications have been filed across the country to "seal" various mosques, and in the Gyanvapi case in Varanasi, the hearing is going on and an application has been filed to "demolish" a wall around the "wazukhana" (ablution room).

Ahmadi said he cannot oppose adjournment on the grounds of the health of a counsel but an undertaking should be given that Hindu devotees will not proceed with the civil court proceedings.

He said it is necessary that the trial court which is continuing to hear the proceedings today may desist from doing so until this court takes up the proceedings on Friday.

The report of the survey submitted in the civil court allegedly supports the claim of Hindu petitioners claiming the presence of Hindu idols and symbols inside the Gyanvapi mosque. The Pioneer could not independently verify the report which went viral in the media and claimed that the pillars in the basement of

the mosque have engravings of flowers and a "kalash" (pitcher). The report also allegedly mentioned carvings in "ancient Hindi language" on a pillar in the basement besides the symbol of a "Trishul" on a wall of the basement.

Mathura court admits lawsuit to remove Shahi Idgah Masjid

Mathura: The Mathura district court on Thursday said a plea seeking to remove the Shahi Idgah Masjid from the complex it shares with the Katra Keshav Dev Temple here is admissible.

The lower court which had earlier dismissed the plea is now bound to hear it.

The petition was originally filed in the lower court — the court of civil judge senior division — on September 25, 2020 by Lucknow-resident Ranjana Agnihotri and six others as the "next friend of Bhagwan Sri Krishna Virajman".

CAPSULE

LPG CYLINDER PRICE HIKED TO OVER ₹1,000

New Delhi: LPG price was on Thursday hiked by ₹3.50 per cylinder, the second increase in rate this month following the firming of international energy rates. Non-subsidised LPG now costs ₹1,003 per 14.2-kg cylinder in the national capital, up from ₹999.50 previously, according to a price notification of state-owned fuel retailers.

MODI TO ATTEND TOKYO QUAD MEET ON MAY 24

New Delhi: Prime Minister Narendra Modi will join US President Joe Biden and Prime Ministers of Australia and Japan at a summit of the Quad leaders in Tokyo on May 24 which is taking place amid the Russian invasion of Ukraine. Making the announcement of Modi's participation at the summit, MEA Spokesperson Arindam Bagchi said the PM will have bilateral talks with US President Joe Biden and Japanese PM Fumio Kishida.

SC REJECTS PLEA TO REVIEW CYRUS ORDER

New Delhi: The Supreme Court Thursday dismissed a plea of the Sapoorji Pallonji group firms seeking a review of the 2021 verdict which had upheld the Tata group's decision to remove Cyrus Mistry as the executive chairman of the Tata Sons.

INDONESIA LIFTS BAN ON PALM OIL EXPORT

Jakarta: Indonesia said on Thursday it will lift a monthlong ban on palm oil export, citing improvements in the supply and domestic price of bulk cooking oil. President Joko Widodo said exports will resume on Monday.

Disgruntled former Punjab Cong chief Sunil Jakhar joins BJP

BJP INCREASING FOOTPRINT IN PUNJAB

MONIKA MALIK ■ CHANDIGARH

Undeterred by the resounding defeat in the Punjab Assembly elections just about two months back, the Bharatiya Janata Party (BJP), it seems, is attempting to strengthen its foothold in the State with an eye on the 2024 Lok Sabha polls. With a political stalwart and veteran Congress leader Sunil Jakhar joining the saffron party on Thursday, ending the 50-year-old association with the grand old party, is expected to give the BJP a much-needed boost in Punjab amidst its efforts to build up a team for parliamentary polls. On the political margins in Punjab ever since its decade-old ally, Shiromani Akali Dal (SAD), snapped ties over the issue of farm laws (now repealed), the saffron party is making frantic efforts to increase its footing in the border state - which is amongst the few in the country where the BJP is not in power. Currently, BJP-led National Democratic Alliance (NDA) governs 18 states, including 12 where BJP is in absolute majority.

BJP, which contested 65 seats in February 20 Punjab polls, could win just two seats with a vote share of a little over six percent. However, BJP is looking at the silver lining - an increase in its vote share, its expansion in Punjab where it has all along been playing a second fiddle to SAD, and foray-

ing into unexplored territories.

In 2017, the party won three seats out of 23 it contested with a vote share of 5.3 percent, which, this time (in 2022), has increased to 6.6 percent - witnessing an increase of 1.3 percent. With a senior Hindu-Jat leader like Jakhar, who is politically well-connected, with a clean image, and enjoys support among all sections, BJP is confident of expanding its base in the state. His joining the BJP may help the party in not only wooing the Jat community, but also winning back the Hindu votes - usually the BJP's vote bank but drifted towards the Aam Aadmi Party (AAP) in 2022 state elections.

Notably, the Hindus constitute a little over 38 percent population in Punjab and they have been the traditional support base of the BJP. Moreover, Jakhar's claims of Congress ignored him for the Chief Minister's post just because he was Hindu also matches with the BJP's Hindu party image. In addition, Jakhar's joining the BJP may also provide a push to the saffron brigade in the neighbouring Haryana.

Jakhar, who was welcomed into the saffron party in New Delhi by the BJP national president JP Nadda, attributed his decision to issues of "nationalism" and "unity", saying that Prime Minister Narendra Modi understands the nerve of Punjab.

Notably, after the Congress

ousted former Chief Minister Capt Amarinder Singh in September 2021, a Dalit leader Charanjit Singh Channi was elected to head the state, snubbing Jakhar's claim for the coveted chair.

Days ahead of polls, Jakhar claimed that 42 MLAs backed him to be the Chief Minister after Capt Amarinder's exit last year. But it was only after some of the Congress' "advisors" advised that a Sikh should be made the Chief Minister - the claims that are believed to have worked against the party during elections. After the Congress' poll debacle, Jakhar faced the ire of party leaders, along with the then party chief Navjot Singh Sidhu and former Chief Minister Charanjit Singh Channi, for its "poor show". The alleged that Jakhar's claims for denying him the Chief Minister's post for "not being a Sikh" raised an unnecessary controversy that eventually impacted the party's poll prospects. After the elections, Jakhar also went on to describe Channi as a "liability" for the Congress in Punjab, while also launching a veiled attack against senior party leader Ambika Soni for projecting him as an "asset" and supposedly scuttling his chances of being picked as Chief Minister after Capt Amarinder's unceremonious ouster.

Quitting the Congress last week, coinciding with the second day of the party's 'Chintan Shivir' in Udaipur, Jakhar did a

Facebook live to announce his decision, while criticizing Sonia Gandhi for handling the party's affairs. "Three generations of my family served the Congress party over the last 50 years. Today, I have broken the 50-year-old tie with Congress over issues of nationalism, unity, and brotherhood in Punjab....I'm fighting for Punjab's brotherhood. The work which bullets of AK-47 were not able to do, they (Congress) did it with their tongue that a person from a particular community can't be elected (as CM). They not only insulted Hindu brotherhood but also Sikh brotherhood," he added. "It is not an easy job to leave as three generations of my family have served the party treating it as a family...My decision to leave is not personal but over issues such as nationalism, brotherhood, and unity in the State," he said, adding that Prime Minister Modi has a good understanding of Punjab and had accorded it "special" status, albeit informally. Jakhar said: "I met Prime Minister Narendra Modiji in Punjab. Got a chance to talk to him. Punjab has given many sacrifices. I believe that PM Modi has given special status [and] respect to Punjab. It might not have been conferred officially but Modiji understands the nerve of Punjab."

Carrying the rich political legacy of his father Balram Jakhar - the longest-serving Lok Sabha Speaker and a Union

Minister in the Narasimha Rao Government - Jakhar has represented the Abohar assembly segment consecutively in 2002, 2007, and 2012, besides representing the Gurdaspur Lok Sabha seat once. BJP chief JP Nadda said: "Jakhar would have a special role in strengthening the party in the state. He is an experienced leader and comes from a family of politicians who have served the country for over three decades. He has an identity of his own distinct from the party. He has worked for the farmers, for the youth, and has an image of an honest politician." Jakhar, who announced his retirement from electoral politics in February, was served a show-cause notice by Congress high command and removed from all party posts last month over alleged anti-party activities in the run-up to state elections. The action was taken after Punjab Congress in-charge Harish Rawat, in his complaint to interim president Sonia Gandhi, had alleged that Jakhar's statements dented the party's electoral prospects. Jakhar, who had been Punjab Congress chief for four years before being replaced by Navjot Singh Sidhu in 2021, announced his resignation on social media while calling it a formality. The 68-year-old leader has said that Congress is facing an existential crisis but they are behaving as if the responsibility of the nation rests on its shoulders.

Cong says Jakhar was playing in BJP hands for long time; BJP, Capt congratulate him

PNS ■ CHANDIGARH

Punjab Congress president Amarinder Singh Raja Warring on Thursday said that Punjab Congress former president Sunil Jakhar joining the BJP was not unexpected as he was playing in the BJP hands for a long time. "Jakhar started working for the BJP much before, while still being in the Congress and today's joining was just a formality," he said.

At the same time, Warring said that the Congress party will emerge stronger than ever as no individual is bigger than the party. "If anyone thinks that Congress will get weakened, he is badly mistaken...Many leaders come and many leaders go, but the party remains strong and steadfast and it will

always remain so," he said.

Punjab Congress president said that Jakhar had caused maximum damage to the party by parroting the 'Hindutva' agenda of the BJP during the 2022 assembly elections. "Otherwise there was no reason for him to rake up the 'Hindu' issue during the elections and he only raked it up to help the BJP," he said. Warring alleged that Jakhar had not only let down the Congress, but had also betrayed his own secular legacy which he was so proudly harping on till the recent past. "Not just the Congress party, but people of Punjab would like to ask Jakhar Sahab as to what happened to his secular beliefs he would cherish until the recent past?" he asked Jakhar.

He alleged that not only had the

former PPCC president raked up the communal issue, he had also damaged the party by making undignified remarks against another party colleague which also cost the party dearly in the elections. "We were all surprised as to why Jakhar Sahab was speaking like that, but now the cat is out of the bag and we have got the answers as to what was the reason behind his sustained and persistent campaign against the party that groomed three generations of his family," he said. One word, he added, "Jakhar Sahab should reflect and ask what he gave to the Congress party in 50 years and what it cost to the party as several senior leaders left the party just because of him".

Meanwhile, former Chief Minister

Amarinder Singh described the development as "right man in the right party", while claiming that more Congress leaders were likely to desert the "sinking ship" in the coming days.

"The exodus from the Congress will continue and the party is headed for an imminent doom. Honest and upright leaders like him (Sunil) cannot breathe in the Congress anymore," he said, adding, "that space (the Congress party) has grown too stifling and too suffocating".

Welcoming Jakhar in the party, Punjab BJP president Ashwani Sharma said that the Prime Minister Narendra Modi's visionary policies were instrumental in influencing the senior Congress leader to join the largest political party in the world.

Kuldeep Bishnoi meets CM Khattar, sparks speculation about his next move

PNS ■ CHANDIGARH

Senior Congress leader Kuldeep Bishnoi, who is learnt to be miffed with the party after he failed to get a position in the revamped Haryana unit, met Chief Minister Manohar Lal Khattar in Gurugram on late Wednesday evening.

Bishnoi's meeting with CM Khattar has sparked speculation about his next move as the Congress is facing an exodus of leaders amid a decline in its electoral fortunes.

It received a jolt in neighbouring Punjab on Thursday when its former State unit Chief Sunil Jakhar joined the BJP. The Congress' Gujarat unit working President Hardik Patel had also resigned from the party a day earlier.

Bishnoi, the 53-year-old son of former Haryana Chief Minister Bhajan Lal, said he held a detailed discussion with Khattar on political issues. Taking to Twitter, Bishnoi said there was a detailed positive discussion with the Chief Minister when he met him regarding some issues pertaining to the Congress leader's Adampur constituency and some other matters. Haryana Government released the notification of Adampur Municipality on June 28, 2020. The three panchayats of Adampur, Mandi Adampur, Adampur village and Jawahar Nagar were included

in the municipality. But the people of Adampur village have been staging a sit-in for the last 40 days to stay outside the municipal area. "I had also reached this dharna and promised to take up this issue with the CM," he added. "I am grateful to him that he gave instructions in front of me, after accepting my point of view regarding the restoration of Adampur Gram Panchayat," Bishnoi tweeted in Hindi. Notably, after the new appointments in the State unit, Bishnoi had in April told his supporters that he was also angry like them, but urged them to have patience. Earlier, Bishnoi had sought time from Rahul Gandhi after Udaipur was made the Congress State President, but since April 27, he could not meet Rahul Gandhi till now. Kuldeep has been keeping a distance from party activities since then.

Maruti inks pact with Haryana government for its third plant in the State

Real estate sector, automobile sector are flourishing in tandem in Gurugram: Khattar

PNS ■ CHANDIGARH

The Haryana government on Thursday signed an agreement with Maruti Suzuki India Limited and Suzuki Motorcycle India Private Limited, paving the way for Maruti's third plant in the state. The land for the project has been allocated in Kharkhoda in Sonapat district.

Haryana CM Manohar Lal Khattar addressed a special function in Gurugram, to commemorate four decades of Maruti in Haryana, where the deal was signed. "Maruti has been the steering wheel of industrial development in Haryana. It was 40 years back when a similar agreement was signed which changed the fate of a small town, Gurugram, completely. We account for more than 50 per cent of the country's automobile industries and all this could have been accomplished due to our close association of forty years," Khattar said.

"You are setting up a third plant but I insist you should set up your corporate and even head office in Haryana, as we would offer you that no one can," Khattar added.

The Haryana State Industrial and Infrastructure Development Corporation Limited (HSIIDC) has earmarked 800 and 100 acres of

lands at IMT Kharkhoda for both plants. The units are expected to generate as many as 11,000 jobs. The cost of the project is expected to be around 18,000 crore and production of vehicles in units is expected to begin by 2025.

Terming this as a historic event, the Chief Minister further said that in today's programme Rs 2400 crore has been given to Haryana through HSIIDC.

For the first time in the history of Haryana, such a big transaction has happened. This agreement will write a new script for development in Haryana, he added.

Khattar said that with the

establishment of the plant, 13,000 people would get employment opportunities. An amount of Rs. 2400 crore has been spent to purchase the land for the said plant and more than Rs. 20,000 crore are to be invested.

The Chief Minister said that Gurugram has developed because of Maruti. Also, the automobile industry flourished in Gurugram, many companies came here. Other industries also played an important role in the economic progress of Gurugram. Requesting, Chairman of Maruti Suzuki India Limited, RC Bhargava, he said that the Corporate Office of Maruti,

which is still in Delhi, should also be shifted to Haryana.

Khattar said Kharkhoda is a newly developing area. It is 65 km away from the airport, 18 km from the railway station and National Highway and also has a link to KMP. The investment by big companies like Maruti in this area has given a positive boost to the industrial environment. In the coming days, this area will emerge as an industrial hub and the wheel of development of this region will move at a rapid pace.

He said that today the real estate sector and the automobile sector are flourishing in tandem in Gurugram. When

the Chief Minister was asked what efforts were made by the government to bring back Maruti to the State, he replied 'Maruti is Gurugram and Gurugram is Haryana. Maruti is part of Haryana.'

Responding to the questions in the press conference, the Chief Minister said that today HSIIDC is playing a big role in promoting industrialization and encouraging industries in Haryana.

Apart from giving 900 acres of land to Maruti Suzuki India Limited and Suzuki Two Wheeler India Private Limited, 1000 plots have also been given to small industrial units in the IMT being developed on 3200 acres in Kharkhoda, Sonapat, informed Khattar.

MARUTI WILL NEVER SHIFT FROM HARYANA: RC BHARGAVA, CHAIRMAN MARUTI SUZUKI

RC Bhargava, Chairman Maruti Suzuki India Limited, said that Maruti was in Haryana, is in Haryana and will remain in Haryana. Praising the industrial Policies and investment friendly environment of Haryana, Bhargava said that today Maruti has purchased land in Kharkhoda for setting up its new plant due to better environment in the state.

PUNJAB CM SEEKS MSP ON BASMATI, Rs 500/QUINTAL COMPENSATION FOR LOSS IN WHEAT CROP

MANN MEETS SHAH

PNS ■ NEW DELHI/CHANDIGARH

Punjab Chief Minister Bhagwant Mann on Thursday called on the Union Home Minister Amit Shah to discuss several state-specific issues related to agriculture, besides Punjab's "curtailed" representation in the Bhakra Beas Management Board (BBMB), and security, especially the border areas.

During the meeting, Mann sought the minimum support price (MSP) on Basmati while impressing upon him to issue notification for the purchase of Basmati on MSP. At the same time, he also sought Rs 500 per quintal compensation for the loss suffered by the farmers for low yield of wheat grains.

Mann informed Shah that it is need of hour to bring the farmers out of the rut of wheat-paddy cycle. "MSP on Basmati will help in saving precious resources in the form of water in the state. It will also give a boost to crop diversification in the state," he said.

Seeking compensation for low wheat yield, Mann said that due to intense heat during this summer season, the wheat grains in Punjab have been damaged and it is high time that farmers must be compensated for this damage by giving a compensation worth Rs 500 per quintal for low yield to them. "The hard working and resilient farmers of the state have made enormous contributions in making our country self-reliant in food production, and now, the Union Government must bail them out in this hour of crisis," he said.

Raising another issue, the Chief Minister asked Shah to repeal the order pertaining to abolishing the member of Punjab in the BBMB. "This is a discriminatory step which has bruised the psyche of every Punjabi," he said adding that the Union Government must roll back this retrogressive step which dilutes the federal structure in the State.

MHA ALLOTS 10 MORE COMPANIES TO PUNJAB

Expressing concern over repeated attempts to disturb hard-earned peace in the State, the Chief Minister sought 10 additional companies of paramilitary forces in Punjab. Responding to it, the Union Home Minister immediately allotted 10 additional companies of paramilitary forces in the state. Mann, while thanking the Union Home Minister, assured him that Punjab will be instrumental in safeguarding the security and sovereignty of country.

SEEKS ANTI-DRONE TECHNOLOGY FOR CHECKING CROSS BORDER S M U G G L I N G THROUGH DRONES

The Chief Minister also expressed deep concern over the increasing drug and weapon smuggling from across the border through drone and impressed upon the Union Minister to immediately provide anti-drone technology to the state for foiling such attempts. "It is all the more important for the nation's security, thus rising above petty politics," said Mann, adding that security at borders has to be intensified for defending our country's security and sovereignty. At the same time, the Chief Minister assured Amit Shah that Punjab will uphold the ethos of communal harmony, peace, and brotherhood in the state. "Every attempt to divide the State in communal lines will be foiled and hard

Sidhu sentenced to one year prison term in 34-year old road rage case

PNS ■ CHANDIGARH

The cricketer-turned-politician Navjot Singh Sidhu will soon be behind bars with the Supreme Court enhancing his punishment in a 34-years-old case sentencing him to "rigorous imprisonment" for one year. A senior Congress leader, who has been convicted in the 1988 road rage case for culpable homicide, is expected to be lodged in the Patiala central jail.

Till the filing of the report, there is no clarity whether Sidhu would surrender or he will be arrested. It has been informed that a copy of the judgment passed by the Supreme Court in the matter will be sent to the Sessions Judge, Patiala, who will then decide whether to ask Sidhu to surrender in the court or issue an order to the Patiala police to arrest him.

At the time of filing the report, the copy of the order was yet to be received by the Supreme Court. However, it is expected that the copy of the judgment will soon be sent to the Patiala Sessions Judge, following which the further action will be initiated.

Notably, the bench of Justice AM Khanwilkar and Justice Sanjay Kishan Kaul allowed the plea filed by the kin of Gurnam Singh, who lost his life in the 1988 incident, seeking review of the apex court's 2018 order by which it had let him off with just a fine of Rs 1000.

The Punjab and Haryana High Court had convicted Sidhu of culpable homicide and sentenced him to a three-year jail term. On May 15, 2018, an SC bench of Justices J Chelameswar and Kaul, however, set this aside and instead held Navjot Singh Sidhu guilty of the offence under section 323 (voluntarily causing hurt) of the Indian Penal Code (IPC) and imposed only the fine.

The SC said that Sidhu "cannot be held responsible for causing the death of Gurnam Singh. Therefore, the judgment under appeal is required to be set aside and is accordingly set aside".

Seeking review of this, the family of the victim said that

Government has ruled out any "special arrangements" or "special treatment" to the Congress leader inside the prison. Aam Aadmi Party (AAP) led State Government made it clear that "no special status" will be accorded to Sidhu.

"Navjot Singh Sidhu is also an inmate now and he will be like any other inmate in Patiala jail," said the state Jails Minister Harjot Singh Bains, adding that AAP Government was against according VIP status to prisoners.

TIMELINE

■ 1988: On December 27, Sidhu and his friend (co-accused) Rupinder Singh Sandhu alias Bunny were in a Gypsy when they had an altercation with a Patiala resident Gurnam Singh, after he asked them to give way. The incident took place near Sheranwala Gate in Patiala, Sidhu's hometown. Police said that 65-year-old Gurnam was beaten up by Sidhu, who later fled the crime scene. Gurnam was taken to a hospital where he was declared dead.

■ 1999: In September, trial court acquits Sidhu and Bunny

■ 2006: In December, the High Court holds Sidhu and Bunny guilty of culpable homicide not amounting to murder and sentences them to three years in jail

■ 2007: Sidhu and Bunny challenge the High Court verdict in the Supreme Court, which stays the conviction pending appeal

■ 2018: Supreme Court holds Sidhu guilty for voluntarily causing hurt to Gurnam, reversing the High Court verdict, and acquits Sidhu from culpable homicide not amounting to murder charge. On May 15, Sidhu is fined Rs 1,000 under Section 323 of IPC. SC takes into account that the incident was 30 years old, there was no enmity between the accused and deceased and that no weapon was used by the accused

■ 2018: Gurnam's family moves Supreme Court with a review petition to treat the offence as more serious than just causing hurt and seeks punishment. Supreme Court accepts petition in September 2018

■ 2022: On May 19, Supreme Court awards one-year jail term to Sidhu

there was an "error apparent on the face of the record" in the judgement holding him guilty only for causing hurt.

The Supreme Court on Thursday imposed a one-year jail term on the cricketer-turned-politician, saying any "undue sympathy" to issue an inadequate sentence would do more harm to the justice system and undermine the public confidence in the efficacy of law. At the same time, the State

Interestingly, Sidhu's arch-rival and SAD leader Bikram Singh Majithia is currently lodging at Patiala Central jail in a drugs matter. Sidhu had all along been seeking action against Majithia for his alleged involvement in drugs matter. It is believed that when Sidhu was Punjab unit president of the ruling Congress party, he pressurised the government to register against Majithia.

Wheat export ban will ensure delivery to most needy: India

PIONEER NEWS SERVICE AGENCIES ■ NEW DELHI UNITED NATIONS

In a strong counter to the G-7's criticism of its wheat export ban, India said its decision will ensure delivery to the most needy. At the same time, it also hit out at them for hoarding food items and "unjustified increase" of food prices.

It was the first time New Delhi explained its position in the United Nations since it imposed wheat export curbs on May 13. Enunciating the Government's stand on the issue, Minister of State for External Affairs V Muraleedharan said in the United Nations late Wednesday food grains should not go the way of the Covid-19 vaccines. He also expressed apprehensions over hoarding and discrimination amid the "unjustified increase" in food prices.

He was speaking at the ministerial meeting on 'Global Food Security Call to Action' chaired by US Secretary of State Antony Blinken under the US Presidency of the UN Security Council for the month of May.

The meeting and India's assertion at the UN came just days after India's last Friday decision to ban wheat exports in a bid to check high prices amid shortage of wheat due to scorching heat wave.

The decision is aimed at controlling the retail prices of wheat and wheat flour -- which have risen by an average 14-20 per cent in the last one year -- and meet the food grain

requirement of neighbouring and vulnerable countries.

"A number of low income societies are today confronted with the twin challenges of rising costs and difficulty in access to food grains. Even those like India, who have adequate stocks, have seen an unjustified increase in food prices. It is clear that hoarding and speculation is at work. We cannot allow this to pass unchallenged," Muraleedharan said.

He said the Indian government has recognised the sudden spike in global prices of wheat which put "our food security and those of our neighbours and other vulnerable countries at risk."

He said India is committed to ensuring that such adverse impact on food security is effectively mitigated and the vulnerable cushioned against sudden changes in the global market. "In order to manage our own overall food security and support the needs of neighbouring and other vulnerable developing countries, we have announced some measures regarding wheat exports on

13 May 2022," he said.

The minister said these measures allow for export on the basis of approvals to those countries which are required to meet their food security demands. This will be done on the request from the concerned governments. "Such a policy will ensure that we will truly respond to those who are most in need," he said.

The minister emphasised that India will play its due role in advancing global food security "and it will do so in a manner in which it upholds equity, display compassion, and promotes social justice."

India called out the West and cautioned that the issue of food grains should not go the way of Covid-19 vaccines, which were purchased by the rich nations in quantities excess of what they needed, leaving the poor and less developed nations scrambling to administer even the initial doses to their people.

He said it was important to have equity, affordability and accessibility when it comes to food grains. "We have already seen to our great cost how these

principles were disregarded in the case of Covid-19 vaccines. Open markets must not become an argument to perpetuate inequity and promote discrimination," Muraleedharan said.

Ahead of Washington's signature events on food security, US Ambassador to the UN Linda Thomas-Greenfield said "We have seen the report of India's decision. We're encouraging countries not to restrict exports because we think any restrictions on exports will exacerbate the food shortages. But you've -- again, India will be one of the countries participating in our meeting at the Security Council, and we hope that they can, as they hear the concerns being raised by other countries, that they would reconsider that position."

Muraleedharan highlighted India's "track record" of helping its partners in distress, saying even in the middle of the Covid-19 pandemic and ongoing conflicts, India has never been found wanting.

He said India has provided food to Afghanistan, Africa, Sri Lanka and Myanmar "In keeping with our ethos of 'Vasudhaiva Kutumbakam', (the world is one family) and our 'Neighbourhood First' policy."

India underlined that the global impact of Covid-19 pandemic and ongoing conflicts, including in Ukraine, has impacted lives of ordinary people adversely, particularly in the developing countries, with spiralling energy and commodity prices and disruptions in global logistical supply chains.

Congress has turned into a bhai-behen party, says Nadda

PNS ■ NEW DELHI

Blaming the Congress for not giving space to "regional aspirations" and thus allowing the spawning of dynasty-run regional parties focused on only "family interests, BJP president J P Nadda on Thursday described the main Opposition party as neither national nor Indian and not a democratic either. He said, the Congress has turned into a "bhai-behen party" in an obvious reference to Rahul Gandhi and his sister Priyanka Gandhi Vadra. Nadda was addressing a seminar, organized by the Mumbai-based RSS-BJP-linked think tank 'Rambhau Mhalgi Prabodhini (RMP)' at Nehru Memorial Auditorium here, to discuss the impact of "dynasty-based political parties" on the health of democratic process in the country and "ways and means to regulate" party formation.

The recommendations will be submitted to the Election Commission of India for its consideration.

In his speech, BJP MP Vinay Sahasrabudhe, also the

Vice Chairman of the RMP, said only eight of the 54 political parties recognized by the Election Commission are free of a dynastic rule which, he cautioned, was a frightening reality. Family-run parties are against the spirit of democracy, he said.

Interestingly, senior JD(U) leader and Union Minister R C P Singh, invited to the seminar, also made a no-holds-barred attack on the Congress' choice of Jawaharlal Nehru as the country's first Prime Minister and fully backed the BJP line saying Sardar Patel had everything but he did not get the top post after Independence.

Giving a tongue-lashing to the family-run parties, Nadda said in dynastic parties one person's interest reigns supreme and that such parties are a threat to democracy. These parties lack any ideology and their sole aim is to grab power, Nadda alleged.

Nadda blamed the Congress for the growth of regional parties, accusing the main opposition party of not giving space to regional aspirations during its dominance

over national politics.

The BJP, he said, on the other hand believes in "unity among diversity" and gives space to regional aspirations while keeping the centre strong. He said personality cults have become "overbearing and overwhelming" in the regional outfits, sidetracking ideology and local aspirations.

The BJP is the only party where internal democracy is maintained, Nadda sought to claim as he described the opposition party as being undemocratic. Nadda said regional family-run parties have emerged all-over the country - from Jammu and Kashmir to Punjab, Haryana, Uttar Pradesh, Bihar, Odisha,

Maharashtra, West Bengal, Jharkhand, Tamil Nadu, Andhra Pradesh and Telangana. "Family interests are supreme in these parties, vitiating the election process", he said.

Former Maharashtra chief minister Devendra Fadnavis said regional parties are nothing short of a "private limited" company and blamed these outfits for cases of corruption, claiming that they need money for families to maintain their absolute power.

In the Congress, he said the "prince" does not want to be the president of the party but nor does he want anyone else to take over, and the party is functioning without a head.

Jhakhar joins BJP days after resigning from Congress

PNS ■ NEW DELHI

Former Punjab Congress chief Sunil Jakhar, who had this week tweeted "good luck and good bye" to the Congress leadership, joined the BJP here on Thursday in the presence of party president J P Nadda. Jakhar said he had to quit Congress as he

opposed its "divisive politics" and asserted he would play an important role for the BJP in Punjab.

Last month, the Congress' disciplinary panel had recommended that Jakhar be suspended from the party for two years and removed from all posts. "I had to leave after I was put in the dock for assert-

ing that Punjab cannot be divided," Jakhar, 68, said, in a reference to the Congress selection of Charanjit Singh Channi as the first Dalit chief minister of Punjab before the assembly poll which the Congress lost to the AAP. Jakhar was one of the strong aspirants for the post of the Chief Ministership in Punjab.

"Three generations of my family served the Congress party over the last 50 years. Today,

I have broken the 50-year-old tie with the party over issues of nationalism, unity and brotherhood in Punjab," Jakhar said addressing the newsmen at the BJP head office.

China protests US Special Coordinator's meeting with Dalai Lama in Dharamshala

PIONEER NEWS SERVICE AGENCIES ■ NEW DELHI BEIJING

As US Special Coordinator for Tibetan issues met the Dalai Lama in Dharamshala, Himachal Pradesh on Thursday, China protested and said it violated Washington's commitment that Tibet is part of China and it does not support Tibetan separatists. Beijing also said the visit was an interference in the internal matters of China.

The sharp reaction came after the Special Coordinator met the Dalai Lama and expressed US President Joe Biden and the American people's greetings to the Dalai Lama. She also expressed the gratitude of the world for the messages of peace that the Dalai Lama espouses.

The Tibetan government-in-exile, in a press statement, said she discussed the rich tra-

ditions of freedom and democracy in the United States and India. Tibetan leaders Penpa Tsering, Norzin Dolma and Namgyal Chodup besides members of the US Special Coordinator's delegation also attended the meeting.

"His Holiness expressed his happiness to meet Zeya and emphasised the oneness of all humanity. The Dalai Lama further said despite its best efforts, China has failed to win over the Tibetan people and transform their minds. Instead, he said, the thinking of the Chinese people itself is rapidly changing," it added.

The US Special Coordinator for Tibetan Issues was on a two-day visit to Dharamshala. On Wednesday, she visited the Central Tibetan Administration and held discussions with its leadership. She also visited the Tibetan Parliament-in-Exile, the Tibetan Institute of Performing

Arts, the Tibet Museum, and also met with members of the Tibetan civil society, according to the statement.

China said the meeting violated Washington's commitment that Tibet is part of China and it does not support Tibetan separatists. The Chinese Foreign Ministry criticised Zeya's visit, calling it an interference in China's internal affairs.

"Tibet is part of China and Tibetan religious affairs is China's internal affairs" China's Foreign Ministry spokesman Zhao Lijian told a media briefing when asked about the Indian-origin senior US diplomat's meeting with the 86-year-old top Tibetan Buddhist leader. The US' appointment of a Special Coordinator for Tibetan Issues is an interference in China's internal affairs, he said, adding China firmly objects to it and has never recognised it.

World must create resilient supply chains: Jaishankar

PIONEER NEWS SERVICE AGENCIES ■ NEW DELHI BEIJING

As the world is facing the After affects of the corona pandemic and the ongoing Russia-Ukraine conflict, External Affairs Minister S Jaishankar on Thursday said, "We must not only seek socio-economic recovery from the Covid pandemic but also create resilient and reliable supply chains."

He also said the knock-on effects of the Ukraine conflict have led to sharp increases in the costs of energy, food and commodities. This must be mitigated for the sake of the developing world, he stressed.

Putting across these points from the country's point of view in the Brazil, Russia, India, China and South Africa (BRICS)/foreign ministers' meet hosted by China, he also said the grouping has

repeatedly affirmed respect for sovereign equality, territorial integrity and international law. The meet took place in the backdrop of the Russian military action in Ukraine. "We must live up to these commitments and BRICS should unanimously and specifically support UN Security Council reform," he tweeted.

The minister also stressed that BRICS must display zero tolerance for terrorism, especially cross border terrorism. It was in obvious reference to Pakistan supporting terrorism in Jammu and Kashmir.

Touching upon the environment issue, Jaishankar said the BRICS should press for credible commitment of resources by developed nations for climate action and climate justice.

He also said a globalized and digitized world will give due regard to trust and transparency and Sustainable

Development Goals must be approached in a comprehensive manner.

Issues including propelling economic recovery post Corona pandemic and development figured prominently during the foreign ministers summit.

Besides Jaishankar, South African Minister of International Relations and Cooperation Naledi Pandor, Brazilian Foreign Minister Carlos Franca and Russian Foreign Minister Sergey Lavrov attended the meeting chaired by China's State Councillor and Foreign Minister Wang Yi.

Yi had visited India in late March and held bilateral dialogue with Jaishankar on the persisting stand-offs for the last two years at the Line of Actual Control (LAC) in Eastern Ladakh. It was the first visit by a Chinese minister to India since the face-offs erupted at the border.

Monitoring situation, says India after reports on China building bridge on Pangong

PIONEER NEWS SERVICE ■ NEW DELHI

A day after reports of China building a second bridge on the Pangong Tso(lake) in Ladakh emerged, the Ministry of External Affairs on Thursday said here the government is monitoring the situation. "We always felt it was occupied," it added.

This reaction came as China is building a second bridge at the lake to enable its tanks and armoured columns to move speedily.

The stand-offs in Ladakh started from the Pangong lake in May 2020 leading to a major crisis. Face-offs are some flashpoints that are still on for the last two and half years.

Fielding questions on the issue after some satellite images highlighted the bridge,

ministry of external affairs spokesperson Arindam Bagchi said here, "We have seen reports on this bridge or a second bridge. We are monitoring the situation. Of course, we always felt it was occupied."

He also said talks are on with the Chinese side and "We will continue to remain engaged both at diplomatic and military levels."

Damien Symon, a geospatial intelligence researcher, who keeps track of Chinese activities along the LAC, posted satellite images of the new construction on Twitter.

Symon, who uses the handle @detresfa said a "larger bridge" is being developed parallel to the first one, adding the likely aim of the construction is to "support larger/heavier movement" (of the military) over the lake.

Modi to hold bilateral meetings with Japanese, Aus counterparts, US Prez at Quad Summit

PIONEER NEWS SERVICE AGENCIES ■ NEW DELHI WASHINGTON

Prime Minister Narendra Modi will take part in the Quad Summit in Tokyo on May 24 and hold bilateral meetings with his Japanese and Australian counterparts and US President Joe Biden there. The summit, the fourth one, will take stock of the situation in the Indo-Pacific region where China is flexing its muscle. Moreover, the summit takes

place at a time when the Russia-Ukraine conflict is unabated.

The Quad comprises India, the US, Japan and Australia. The leaders had met for the first ever summit in Washington last year. The forthcoming high-level meet is the second to be held in person while two summits were held virtually.

Giving details of Modi's upcoming visit, Ministry of External Affairs spokesperson Arindam Bagchi said here on Thursday bilateral meetings with Japanese counterpart and

bilateral meeting with US President will take place the same day.

During the visit, Modi will participate in a business event with Japanese business leaders. He will also address and interact with the Indian community in Japan.

Bagchi said "We attach a lot of importance to the Quad. We have been keen to showcase what the Quad can do together and what it stands for. We will discuss contemporary issues and other issues of importance."

In November 2017, the US, Australia, India and Japan gave shape to the long-pending proposal of setting up the Quad to develop a new strategy to keep the critical sea routes in the Indo-Pacific free of any influence, amidst China's growing military presence in the strategic region.

The Quad nations also carried out naval drills in the Indo-Pacific region in the last two years. China has all along criticized the combine claiming it will lead to militarization of

the region.

Announcing Biden's schedule, his National Security Advisor Jake Sullivan said in

Washington, "We believe that this summit will demonstrate both in substance and in vision that democracies can deliver and that these four nations working together will defend and uphold the principles of a free and open Indo-Pacific."

While he is in Tokyo, Biden will also launch a new and ambitious economic initiative for the region, the Indo-Pacific Economic Framework (IPEF), which will be a 21st century economic arrangement, designed to tackle new eco-

nomc challenges, he said.

The framework, he said, will involve work ranging "from setting the rules of the digital economy to ensuring secure and resilient supply chains to managing the energy transition to investing in clean, modern high standards infrastructure."

Biden will be joined in person by the Japanese Prime Minister for the launch of IPEF and virtually by leaders from a number of Indo-Pacific partners from down under to southeast Asia to northeast Asia.

Before arriving in Japan, Biden is scheduled to travel to South Korea for a summit meeting with its leaders. "We think putting that on display over four days bilaterally with Korea and Japan through the Quad, through the Indo-Pacific economic framework, it will send a powerful message. We think that message will be heard everywhere. We think it will be heard in Beijing. But it is not a negative message and it's not targeted at any one country," he said.

'Amritsar-Jamnagar Expressway to be completed by Sept 2023'

PIONEER NEWS SERVICE ■ NEW DELHI

The ambitious 1,224 km long Amritsar-Jamnagar Expressway project, which would connect the busy ports of Gujarat with industrial and agriculture centres from Punjab, is slated for completion by September 2023.

Union Road Transport and Highways Minister Nitin Gadkari on Thursday said the 277 km long Bikaner to Jodhpur section of the corridor is targeted to be completed and opened to the public by 2022 end. Passing through Punjab, Haryana,

Rajasthan and Gujarat, this greenfield corridor would decrease the distance between Amritsar and Jamnagar from 1,430 km to 1,256 km and cut the travel time by half from 26 hours to about 13 hours and is considered to be another major expressway similar to the Delhi Mumbai Expressway corridor.

Gadkari said the Amritsar-Jamnagar Greenfield corridor, one of the most important Greenfield corridors being developed by NHAI, is being constructed in a full capacity. He said the complete corridor is targeted to be completed by September 2023. Work on another

ambitious expressway Delhi-Mumbai with about 1400 km length is also scheduled to be completed by March 2023. Both the projects have been taken by the central road making agency NHAI under Bharatmala Pariyojana. The Minister said the flagship 1,224 km long Amritsar - Bhatinda - Jamnagar Corridor is being developed at a total capital cost of Rs 26,000 Crore and will connect the economic towns of Amritsar, Bhatinda, Sangaria, Bikaner, Sanchore, Samakhiali and Jamnagar across the four states of Punjab, Haryana, Rajasthan and Gujarat.

He said under the leadership of Prime Minister Narendra Modi with the construction of Greenfield corridors, the government is committed to the development of infrastructure in the country. Gadkari said the corridor will connect the northern industrial and agricultural centres of the country with the key ports of western India like Jamnagar and Kandla. This will help boost the industrial revolution connecting industrial belt of Baddi, Bhatinda and Ludhiana through spurs and the state of Jammu and Kashmir through Delhi - Amritsar - Katra Expressway, he added.

Railways to run passenger trains on DFCs during emergency situations

PIONEER NEWS SERVICE ■ NEW DELHI

In a big decision, the Indian Railway has decided to run passenger trains during exigencies on its Dedicated freight corridors (DFC) which have been designed for the exclusive movement of goods trains at a high speed. According to an official order of the Railway Board, the new arrangements operations as of now on eastern and western corridors will come into effect in case of train accidents or natural calamities where passengers will be ferried to their destinations on the parallel DFC network.

"The move will benefit the passengers of the Delhi-Howrah and Delhi-Mumbai routes -- two of the busiest rail routes in the country. These routes also run parallel to the two dedicated freight corridors (DFCs). The Railway Board has decided that in case of exigencies, running of passenger-carrying trains on the DFCCIL network on corresponding IR lines can be permitted....," the order read.

Railway Board officials said the eastern and western DFCs are being built only for freight and as a rule, high-speed goods trains (100 kmph) are being operated on the said corridors. There is no provision for

running passenger trains on the DFCs. The board has given permission to run passenger trains on the DFCs only under special circumstances. What is significant is that 80 per cent of the eastern and western DFCs run parallel to the Delhi-Howrah and Delhi-Mumbai rail routes respectively. This will enable passenger trains to run on the DFCs in case of a disruption in the existing rail routes.

These busy routes witness disruptions if there is a breach in the tracks due to any reason. This leads to more congestion and diversion of trains, affecting the overall operations.

The EDFC, with a route length of 1,875 kilometres, will start from Sahnewal near Ludhiana in Punjab and pass through Punjab, Haryana, Uttar Pradesh, Bihar and Jharkhand to terminate at Dankuni in West Bengal. It will traverse through six states with the maximum length in Uttar Pradesh and Haryana having the least coverage.

The Western Dedicated Freight Corridor is a 1,504-kilometre-long, under-construction broad gauge freight corridor. It will connect Dadri in Uttar Pradesh with the Jawaharlal Nehru port in Maharashtra's Navi Mumbai.

4 LeT ultras nabbed, Baramulla wine shop terror attack cracked

PNS ■ JAMMU

The Jammu & Kashmir police Thursday claimed to have cracked the case of recent terror attack on a wine shop in Dewan Bagh in Baramulla area by arresting four Lashkar-e-Tayyeba terrorists and their accomplice along with 5 pistols, 9 magazines, 205 rounds, 23 grenades, an IED & other incriminating material.

According to the police, “Two bike-borne terrorists including a burqa clad pillion rider had dropped a grenade inside newly-opened wine shop at Dewan Bagh Baramulla in which one employee Ranjit Singh, son of Kishan Lal resident of Bakra Rajouri of the said shop, got killed and other three employees were injured. A case with FIR number 84/2022 under relevant sections of law was registered and investigation was set into motion to nab the terrorists involved in this terror act.

“The arrested terrorists have been identified as Shahid Showkat Bala son of Showkat Ahmad Bala resident of

Police personnel arrest four Lashkar-e-Tayyeba terrorists and a terror associate in connection with a grenade blast on May 17, in Baramulla district on Thursday

Banglowlbagh, Saefer Ahmad Mir, son of GH Nabi Mir resident of Mir Sahib Old Town, Mohd Maroof Soleh alias Adil, son of Nazir Ahmad Soleh resident of Kanlibagh, and Faisal Shaban Gojri son of Mohd Shaban Gojri resident of Chesti Colony, Baramulla, and terrorist associate has been identified as Hafif Ahmad Sofi son of Bilal Ahmad Sofi resident of Arampora, Baramulla”, said the Police.

According to a Police spokesman, the same group of

terrorists were involved in various terrorist acts as was disclosed, which include last year's grenade attacks in Baramulla town, various firing incidents in & around Baramulla, transportation of proscribed weapons and explosives etc.

Meanwhile, in Jammu General Officer Commanding, XVI Corps, Lieutenant General Manjinder Singh Thursday reviewed the security situation in the Jammu region ahead of the commencement of the annual Amarnath yatra next

month. Northern Army Commander Lieutenant General Upendra Dwivedi had earlier toured forward areas in twin border districts of Rajouri and Poonch to review the security situation and operational preparedness in the region.

“A security review meeting chaired by Lt Gen Singh was held at Nagrota. The meeting was attended by Additional Director General of Police (ADGP) Mukesh Singh and senior officials of various intelligence agencies operating in the region,” a defence spokesman said.

The meeting primarily focused on the prevailing security situation in the Jammu division, he said.

The security measures for the forthcoming Machail as well as Amarnath yatra were also discussed in detail to ensure streamlined coordination between intelligence and security agencies, the spokesman said.

The Amarnath yatra, scheduled to begin from June 30 to August 11, is taking place after a gap of two years.

CBI grills Bengal Min, TMC leader in recruitment scam case

SAUGAR SENGUPTA ■ KOLKATA

As a plethora of scams continued to rock the Mamata Banerjee dispensation, two senior Trinamool Congress leaders including a junior minister a and Trinamool Congress national working committee member were on Thursday subjected to intensive grilling by the Central Bureau of Investigation.

After remaining at large for two days Minister of State for Education Paresch Adhikari surrendered before the central agency for his alleged role in giving out-of-turn appointment to his own daughter in a government school by influencing the School Service Commission.

Adhikari's grilling came hours after his senior Cabinet colleague and State Industry Minister Partho Chatterjee was subjected to about three-and-a-half hours questioning by the CBI on large scale irregularities in SSC recruitment process.

Chatterjee --- the then Education Minister when the scams took place--- was on Wednesday questioned by the CBI. He allegedly ducked most

of the questions or gave “roundabout answers,” Agency sources said adding he could be summoned again.

Hundreds of people --- the figure may run into thousands as per claims--- were given appointments through back door allegedly in lieu of favours in various categories (from secondary level to higher secondary level teachers to Group D and C posts) of jobs by passing the successful candidates whose names were figured in the merit lists.

Even as the successful yet deprived candidates agitated on the streets the Calcutta High Court not only ordered dismissal of hundreds of the illegally appointed staff but also ordered filing of criminal cases against the politicians and the officials in charge of the entire process.

The Court of Justice Abhijit Gangopadhyay took the issue so seriously that it responded to a late evening petition on Wednesday directing the Central forces in the midnight to take charge of the SSC building so as to prevent tampering of electronic and other evidences. The entry of all staff,

save a few top officers had been prohibited in the building till Friday noon.

The high drama on Adhikari ended on Thursday evening when the Court directed him to surrender before the CBI or else face contempt proceedings. The Minister flew in from North Bengal and reported at the Agency officer for interrogation. He was being interrogated when last report was filed.

Meanwhile, after a Division Bench rejected his prayer for a respite from appearance Partha Chatterjee on Thursday appealed before the Supreme Court and his petition is likely to be heard on Friday noon, sources said.

In a related TMC strongman and party national working committee member

Anubrata Mandal was on Thursday grilled for more than four hours by the CBI in cattle smuggling case. Mandal, also the party's Birbhum district president, had been evading appearance before the Agency for the past several months.

According to sources Mandal who was asked 36 questions gave misleading

replies to many of them. The CBI officers have asked him to return with his bank details and income tax return files, sources said.

BJP running Tughlaqi raj: Mamata

PNS ■ KOLKATA

Under attack from the Opposition parties for running a Government steeped in corruption Bengal Chief Minister Mamata Banerjee on Thursday came down heavily on the BJP Government saying it was running a “Tughlaqi raj.” She was referring to the allegedly imprudent regime of 14th century ruler Muhammad bin Tughlaq.

Addressing an audience in West Mindapore the Chief Minister said that the BJP which was running a Tuglaqi government with the help of (central) agencies should not think that they would be able to stop the TMC from moving forward.

“They have no shame even after losing the elections (last year) ... so they are unleashing agencies against us ... they are running a Tughlaqi raj ... but if they think that they can stop us by doing so with the help of agencies they are wrong,” she said adding the BJP's actions were politically motivated.

“They are thinking about 2024 elections ... they think that they will win by using agencies against us ... they are telling lies about violence ... but where is the violence ... it is only in Bengal that people of all the parties live very peacefully ... you talk of a few incidents here ... but what about the crimes taking place in your States (ruled by the BJP) what action you take there?” she asked.

Union Minister Ajay Mishra's nephew dies in freak accident

PNS ■ LUCKNOW

The nephew of Union Minister of State for Home Ajay Mishra “Teni” died after the branch of a tree fell on his motorcycle.

The mishap took place near Khambhar Kheda village in Kotwali police station area of Lakhimpur Kheri district on Wednesday night.

Police said that Achin Mishra alias Sonu (41), a resident of Banveerpur village under Tikonia police station, was the son of the elder brother of the Union minister.

Additional Superintendent of Police Arun Kumar Singh said that Achin was going to Lakhimpur in the night when the branch of a tree fell on his motorcycle during the storm.

According to police, some passersby took Achin to the hospital where doctors pronounced him dead.

A case was registered in this regard by the police and the body was sent for post-mortem.

In another incident reported from Lakhimpur Kheri, a prisoner of Pilibhit district jail died while being taken from Pilibhit to Lucknow.

Reports said that Gurmeet Singh (80), a native of Saraikhan in Pilibhit district was lodged in the district jail. Recently he was unwell and tests on May 12 showed that he had some problem in his kidney. He was admitted to the district hospital in Pilibhit from where the doctors referred him to the KGMU hospital in Lucknow. He was being taken to Lucknow on Thursday morning but on the way his condition deteriorated in Kheri so constable Praveen Kumar, accompanying him, took him to a local hospital where the doctors pronounced him dead.

The information was given to the Kotwali police after which the police took possession of the body and sent it for post-mortem.

UP Govt recommends dismissal of fugitive IPS officer Manilal

PNS ■ LUCKNOW

The Uttar Pradesh Government has sent a recommendation to the Central Government for the dismissal of fugitive IPS officer Manilal Patidar of the 2014 batch of UP cadre.

Patidar has been booked for corruption and abetment to suicide and is on the run now for more than 19 months. A reward of Rs 1 lakh has also been announced on Manilal Patidar.

The State Government had sent a report for dismissal of Patidar and the matter is presently pending with the Central government. He was recommended for dismissal in a departmental inquiry after he was found guilty in the investigation on charges of corruption and abetment to suicide.

Patidar has been on the run ever since a case was registered

MANILAL PATIDAR HAS BEEN BOOKED FOR CORRUPTION AND ABETMENT TO SUICIDE AND IS ON THE RUN FOR MORE THAN 19 MONTHS. A REWARD OF ₹1 LAKH HAS ALSO BEEN ANNOUNCED ON PATIDAR

in Mahoba following his suspension. The police have not been able to nab the fugitive IPS officer even after announcing a reward of one lakh on him.

Apart from the SIT set up under the leadership of ASP

(Crime) in Prayagraj, the Uttar Pradesh Vigilance Establishment and the Enforcement Directorate are also on the lookout for Patidar. The Vigilance Establishment has already indicted Patidar for corruption in its investigation.

As he is absconding, all the legal formalities under the judicial process have been completed.

Patidar, who was suspended on September 9, 2020, had not cooperated in the investigation earlier also. He had also not appeared before the SIT headed by then IG Range Varanasi Vijay Singh Meena, probing the case.

After the death of Mahoba-based crusher businessman Indrakant Tripathi, his brother Ravikant Tripathi had on September 10 lodged a report against Patidar and some policemen of Kabrai police station.

Yogi inaugurates Neva Seva Kendra

PNS ■ LUCKNOW

Uttar Pradesh Chief Minister Yogi Adityanath, on Thursday, inaugurated the refurbished picture gallery and Neva (National e-Vidhan Application) Seva Kendra located in the Vidhan Bhawan in the presence of UP Assembly Speaker Satish Mahana.

After the inauguration, the chief minister inspected the Neva Seva Kendra and got information about it. On this occasion, he also visited the modernised legislative assembly pavilion.

The speaker apprised the chief minister of the operation of e-Vidhan in the upcoming session. It is to be known that in the Neva (National e-Vidhan Application) Seva Kendra, orientation and training will be given to the members of the legislative assembly, Vidhan Sabha secretariat and various officers of the state government on the works related to e-Vidhan.

The Neva Seva Kendra will

Uttar Pradesh Chief Minister Yogi Adityanath inaugurates the renovated picture gallery in the Uttar Pradesh Vidhan Bhavan, in Lucknow on Thursday. Deputy CM Keshav Prasad Maurya and Assembly Speaker Satish Mahana are also seen

also have the facility of video conferencing for training and communication with modern computers.

On this occasion Deputy Chief Minister Keshav Prasad Maurya, Finance and Parliamentary Affairs Minister Suresh Kumar Khanna,

Minister of State (Independent Charge) for Transport Dayashankar Singh, Additional Chief Secretary (Home) Awanish Kumar Awasthi, Principal Secretary Legislative Assembly Pradeep Dubey and other senior Officers were present.

Sanjay Raut, Ravi Rana share meal in Leh

TN RAGHUNATHA ■ MUMBAI

After a bitter public spat over the “Hanuman Chalisa” controversy, Shiv Sena spokesperson Sanjay Raut and the Rana-couple — Ravi Rana and Navneet Kaur Rana — bonded well in the cool climate of Ladakh, setting aside the political differences.

So much so that Raut and Ravi Rana, husband of Navneet Rana, broke bread at Leh on Thursday.

A twitter user posted a photograph of Raut and Ravi having breakfast together and exchanging pleasantries. “In Leh today Sanjay Raut & Ravi Rana Husband of MP Navneet Rana. Cute Na ?,” Sameet Thakkar tweeted.

Raut and Navneet Kaur Rana, who are Rajya Sabha and Lok Sabha members, respectively, are part of the Parliamentary Committee on External Affairs that is currently on a visit to Leh, the

Shiv Sena's Rajya Sabha member Sanjay Raut and Ravi Rana, husband of Independent MP Navneet Kaur Rana, having breakfast at Leh on Thursday

largest town in the union territory of Ladakh.

While Navneet Rana is an Independent MP from Amravati, her husband Ravi Rana is a three-time MLA from Badnera.

As per the regulations, an MP is allowed to take a family member and hence Ravi Rana is accompanying Navneet Rana. Over the last month, Raut and the Ranas have been at loggerheads over the latter's

threat to recite “Hanuman Chalisa” in front of chief minister Uddhav Thackeray's private residence “Matoshri” at Bandra in north-west Mumbai.

Ranas were arrested on April 23 for offences registered initially against them under sections 153A (causing enmity between different groups), 34 (common intention) and later under section 124A (sedition) of IPC for challenging the government machinery and making remarks against Maharashtra Chief Minister Uddhav Thackeray in a controversy arising out of their threat to recite “Hanuman Chalisa” in front of Maharashtra chief minister Uddhav Thackeray's Bandra residence.

It may be recalled that during the course of the “Hanuman Chalisa” controversy, Raut had the Rana-couple as “Bunty and Bubbly” and claimed that the BJP was behind the “bogus couple”.

Maha Zilla Parishads, Gram Panchayats ordered to remove curbs on widows

T N RAGHUNATHA ■ MUMBAI

Taking a cue from a progressive step by Herwad Gram Panchayat in Kolhapur district of western Maharashtra, the MVA Government has directed Zilla Parishads (ZPs) and Gram Panchayats (GPs) across the State to do away with the practice imposing various restrictions on the widowed woman.

Within days after Herwad Gram Panchayat passed a resolution to remove restrictions imposed on the women after the death of their husbands, the Maharashtra Government on Thursday issued a Government Resolution (GR) directed ZPs and gram panchayats to put an end to the regressive practices followed by the widows.

The regressive customs and restrictions imposed on widowed women involved widows

removing their “mangalsutras” and “toe rings”, wiping ‘sindoor’ from their foreheads and breaking the bangles. The widows used to be ostracized and stigmatized in the villages by preventing them from attending any family, social, religious functions, celebrating festivals openly, interacting with other males and so on.

A fortnight ago, the gram panchayats of Herwad in Shirol taluka of Kolhapur district adopted a resolution removing all restrictions on widowed women in their respective villages. Mangaon village in the neighbouring Hatkanangale taluka of the same district adopted a similar resolution.

Having taken cognisance of the developments in Herwad and Mangaon villages, the State Rural Development Ministry — through a GR -- directed the ZPs and Panchayat Samitis to

follow the suit and adopt similar resolutions.

“In line with the progressive traditions of Maharashtra, we have taken a decision to do away with all restrictions on the widowed women,” Maharashtra Rural Development Minister Hasan Mushrif said.

MVA women leaders - Women and Child Development Minister Yashomati Thakur, School Education Minister Prof Varsha Gaikwad and Baramati MP Supriya Sule have backed the move.

“Big thank you...Hasan Mushrif sahab for taking such a progressive decision for widowed women on the grounds of the resolution passed by Herwad Gram Panchayat of Kolhapur,” Sule said. Earlier in the day, Mushrif called on NCP chief Sharad Pawar.

Union Edu Min reviews NETF, NDEAR progress

PNS ■ NEW DELHI

Union Education Minister Dharmendra Pradhan on Thursday reviewed the progress made under National Educational Technology Forum (NETF) and National Digital Educational Architecture (NDEAR) here today. Senior officials of the Education and Skill Development Ministries attended the meeting.

NETF will be the guiding body for National Digital Educational Architecture (NDEAR). It will act as the blueprint for creating a unifying national digital infrastructure to energize and catalyze the entire education ecosystem. NDEAR takes on an ‘Open Digital Ecosystem’ approach, where a set of principles, standards, specifications, building blocks and guidelines seek to enable different entities to create elements of the digital education ecosystem.

During the meeting Pradhan called for leveraging technology to ensure accessible,

affordable and quality education for all. He stressed on developing a high quality curriculum which can be delivered through technology.

Barabanki dist jail officials under scanner for serving prisoners pricey lemons

PNS ■ LUCKNOW

The officials of the Barabanki district jail are alleged to be involved in a ‘scam’ by supplying lemon to almost all prisoners when the common man found it difficult to ‘taste’ it due to soaring prices. A cursory glance at the purchase of lemon by the jail authorities in Barabanki in the first quarter of this year leaves one surprised, as the figures show that every prisoner was getting at least one lemon daily.

Sources said that about 40 kilograms of lemons were purchased daily by the jail officials which add up to 36 quintals in the first three months of this year.

Interestingly, denying any

scam or irregularity, jail officials said that due to the Covid-19 pandemic, lemons were given to the prisoners every day on the advice of doctors.

The prisoners, however, denied this and claimed that nothing was served for ‘free’ in the jail and if one was ready to pay for ‘services’, one could enjoy all comforts.

Sources said that when the price of lemon during this period was running from Rs 150 to Rs 300 per kg and the common man was craving for the taste of lemon, heavy purchases made by jail officials pointed to some scam but only a probe would reveal the truth behind the ‘kindness’ of the jail officials towards prisoners by serving them a lemon daily.

Rahul to address meet at Cambridge Univ

PNS ■ NEW DELHI

Amidst the deepening crisis in the party with two leaders —Sunil Jakhar and Hardik Patel — quitting the party, former Congress president Rahul Gandhi left for London on Thursday. His second foreign visit in less than a month's time, Rahul will attend the ‘Ideas for India’ conference starting from Friday at Cambridge University.

There he will address ‘India at 75: The Challenges and Way Ahead for a Resilient-Modern India’ and interact with Indians present there. This program of Rahul will be held on 23 May. Congress chief spokesman Randeep Surjewala said that

Rahul will also talk to the NRIs about the present and future of the country. Rahul is accompanied by senior party leaders Salman Khurshid and Priyank Khadge to take part in the event.

However Rahul faced severe criticism as again at a time when the Congress is grappling with an exodus of party leaders from key states he left for abroad about which Hardik Patel took a jibe in his resignation letter to the party. Without taking names, Hardik stated in his letter senior that Congress leaders were busy checking messages on their mobile phones, and some leaders were “enjoying abroad” when the party and the country needed them.

PAPER WITH PASSION

Spoiling for war

The Russia-Ukraine war has been reduced to a long-drawn spectacle, with no winners

War is a macabre spectacle. In Ukraine, it is tragically theatrical and absurd as well. The Russian invasion has dragged on for close to three months. Perhaps even Vladimir Putin does not know if he is winning or losing. Wars are accountable to the people who launch them and the victims they kill. This war somehow seems different. It has caused enough mayhem already, disfigured several cities and suburbs of Ukraine, maimed, wounded or killed hundreds, maybe thousands, of civilians and soldiers. The breathless bodies decaying in mass graves are testimony to the depths of Russian villainy. And yet, look at the irony. The Ukrainians, who have cornered the world's sympathy and aid worth billions, are starving because of a food shortage. Ukraine is among the top exporters of grain, but Russia is denying Ukrainians access to produce. Russia, facing western sanctions, is earning more revenue than in peacetime. The sanctions are deliberately weak to probably ensure an unaffected supply of Russian oil and gas to Europe. Russia earned \$9 billion in additional revenue from energy sales in April due to spiralling oil prices. More bizarre things are happening as the war continues to take its toll, making one wonder if a surreal media spectacle is being played out around the wanton destruction. A big draw on US television was the sudden appearance of the wife of President Joe Biden in Ukraine. Jill secretly landed in Ukraine's Uzhhorod, on Mother's Day. She is used to such visits, having earlier gone to Baghdad in 2010 along with her husband, the then Vice-President.

The husband, now President, designed a tour of his own, even if it was to an Illinois family farm to "discuss" the war's impact on food supply and prices at home and abroad. Ukraine claims a part of the food problem is caused by Russia "stealing" its grain, vegetables and sunflower seeds and shipping them home. NATO did its bit too, going on an expansion binge and receiving joining requests from Finland and Sweden only for Turkey to object and use the opportunity to challenge the US.

The diplomatic world is in turmoil as Russia expels dozens of Italian, Spanish and French diplomats because they did the same to Russian diplomats. At the same time, diplomats of BRICS members are busy preparing for the Summit meeting with India, Brazil and South Africa, readying for a cordial meeting with China and Russia. But what takes the cake is Ukrainian President Volodymyr Zelenskyy taking time off his war to open the Cannes film festival, telling an elegantly dressed audience how "hundreds of people are dying every day" in Ukraine. And Zelenskyy seems to be in a hurry not to end the war but to launch publicised war crime trials against captured Russian soldiers. One such soldier has already pleaded guilty, a mass media campaign victoriously has declared. This war may one day tire of its publicity.

PTI

Right course?

The Oppn is trying to pin the Govt on the mat on inflation, unemployment

Of late, there's been some sudden stirring in the Opposition ranks. On the one side are politicians who are deserting their parent party and looking for greener pastures in a foster outfit. In this category fall leaders like Col Ajay Kothiyal (Retd), who was the Aam Aadmi Party's chief ministerial candidate in the Uttarakhand Assembly elections and who has recently resigned from the party. Another one in the same category is former Punjab Congress president Sunil Jakhar, who quit the Congress last week and has since made his way into the BJP's fold. Yet another is Patidar leader Hardik Patel, who has also parted ways with the Congress, saying during the ongoing Gyanvapi mosque controversy that the "Congress's aversion to pro-Hindu policies" was hurting its fortunes. Interestingly, in his resignation letter, Hardik had mentioned that the senior Congress leadership was more focused on ensuring that chicken sandwiches for leaders who had come from Delhi were delivered on time. However, unlike Jakhar, Hardik has "till now" not decided whether he would join the BJP. Though these developments might make it seem like the saffron party is having an easy time in terms of the threat of desertions, it is up against another kind of attack.

A few Opposition parties, which have been for a while now lying inert, have discovered their voice and are jumping out at the ruling BJP in an attack mode. After BSP supremo Mayawati, who hit out at the saffron dispensation earlier this week, now Congress leader Rahul Gandhi has put the Union Government in his crosshairs. Taking the Government to task over the rising inflation and unemployment rate in the country, the Congress scion has said that India currently "looks a lot like Sri Lanka". He also advised the Government to stop doing things to distract people since it's unlikely to change the facts. Elaborating on his litany of complaints, Rahul also shared graphs of unemployment, rising petrol prices and incidents of communal violence, and showing similar images of India and Sri Lanka citing various sources. Hours earlier, Mayawati had raised the same points while lashing out at the BJP-led Government. She alleged that the saffron party was targeting religious places to divert people's attention from issues like poverty, unemployment and inflation. She also claimed that such attempts would only end up weakening the country. Maybe they have a point!

Flawed COVID death count data

The World Health Organisation relied on a modelling methodology to reach its estimates, but the Indian Government has termed it 'flawed'

BRIJENDER SINGH PANWAR

A recent World Health Organisation (WHO) report on excess mortality due to COVID-19 pegging the India figure at nearly 10 times the official toll at 47.4 lakh has created a controversy of sorts. On the one hand, WHO's data suggests that over 90 per cent of deaths in India have gone unreported and its death toll of 5.23 lakh so far is an undercount. The base number of expected deaths (in a non-COVID scenario) for 2020, which the WHO has used in its report, is almost nine lakh more than the average number of deaths recorded each year in India for the last 15 years. The WHO claims that its results are based on well-established mathematical models. Several other studies have shown India's COVID-related death count at anywhere between 25 lakh to 60 lakh. On the other hand, the report has received a lot of criticism in India.

The Health Ministers of various States who attended a three-day conference of the Central Council of Health and Family Welfare (CCHFW) under the chairmanship of Union Health Minister Mansukh Mandaviya passed a resolution objecting to the WHO's estimates. They said the report was "intended to show the country in poor light", and that the modelling methodology used was "flawed". India has a robust, efficient and comprehensive system for registering deaths and all COVID-19 fatalities are recorded transparently, they said.

For its part, the track record of WHO on COVID has not been above board. Its own study concluded that crucial time was lost in fighting the virus because it delayed the announcement of an international emergency. It spent weeks persuading China to allow a team of international scientists to visit Wuhan after the outbreak. It then swung to the other extreme last year after the relatively less virulent Omicron surfaced, and it rang needless alarm bells instead of educating the world about the new variant.

However, the WHO's importance can't be underestimated. For estimating COVID deaths in India, the WHO study has relied, among various sources, on death registration data from the Civil Registration System (CRS). Several media houses had published monthly CRS for a few States last year and these numbers did not always match. Depending on which publication was selected to pick these numbers, the mathematical model would have been different.

According to experts, the WHO report, in case of India or other countries, doesn't go into the technicality of calculating the scale of the undercount. It has adopted a straightforward method of calculating excess mortality by estimating the total number of people who likely died in India in 2020 due to all causes and has subtracted from that the expected number of all-cause deaths if there was no COVID. These "excess deaths" are considered a result of COVID-19. There is general agreement that because most of the studies have been pointing to similar estimates, they must be reflective of the true toll. But the fact seems to be that the researchers and peer review-

FOR ITS PART, THE TRACK RECORD OF THE WORLD BODY ON COVID HAS NOT BEEN ABOVE BOARD. ITS OWN STUDY CONCLUDED THAT CRUCIAL TIME WAS LOST IN FIGHTING THE VIRUS BECAUSE IT DELAYED THE ANNOUNCEMENT OF AN INTERNATIONAL EMERGENCY

ers belong to an overlapping set of people using similar methodology.

Going by deaths per thousand population, India does not figure among the top 100 countries, though the infection fatality rate of 1.2 per cent places it in seventh position, globally. Among the reasons for confusion over accurate COVID death estimates are: One, as accurate death statistics by causes is hard to come by — around 70 per cent of deaths take place at home even normally — attempts have been made to identify "excess" deaths; two, the Supreme Court's decision to consider all deaths within three months of COVID infliction as COVID deaths resulted in a surge in reporting; three, independent journalists and health statisticians who had sourced registration data and fragmented ground-level information have raised concerns over CRS' inadequacy. Consequently, the WHO placed India in the category for which COVID death figures are to be generated through modelling and not based on the officially reported numbers.

However, in reality, at this stage, any discussion on the undercount is premature

because India has not yet stopped counting its COVID deaths. The figure of 5.24 lakh deaths is under constant revision, and is likely to remain so for some time. Even the death numbers reported in 2020 and 2021 are not final. For example, more than 21,000 deaths Kerala has reported in the last four months have not happened this year. Most of them pertain to last year. Many deaths that would have happened in 2020 but are not included in the 1.49 lakh tally would have been accounted for at later stages. Those deaths have not been missed; these will reflect in the statistics. The same is true for 2021.

The need of an hour is to compile robust data from official sources which should be scientifically collated and validated through field surveys. Unfortunately, reliable data is not available with Government agencies, which is creating miscommunication and confusion leading to speculation. The Government should take appropriate steps to clear the doubts about the actual count of COVID deaths.

LETTERS TO THE EDITOR

A HISTORIC MOMENT FOR INDIA

Sir — The Indian men's badminton team has made the nation proud by scripting history with a spectacular win against formidable opponents Indonesia in the Thomas Cup final. Such a feat of glory and achievement won million of hearts in the country and around the globe. It proves that the Indian badminton teams, both men and women, have come a long way. They have carved a niche for themselves like never before with the dint of constant hard work and dogged determination. The consistent positive approach and perseverance of players with right professional guidelines of mentors have yielded astounding results in the Thomas Cup, which had eluded us for long.

The individual women's individual successful records post-Olympics will forever remain as an inspiration to all. The experienced and veteran chief national coach, Pullela Gopichand, deserved accolades as he has helped the game of badminton reach a zenith at the international level as well as mould new talent. The men's badminton team's historic win will forever remain etched in our minds and be considered as the greatest thing that ever happened to India in the sport of badminton. It is also to be hoped that the feat will inspire youngsters to take to the game.

RAJIV GANDHI ASSASSINATION CASE

Sir — The Supreme Court has ordered the release of AG Perarivalan, who has served over 30 years of his life term in the Rajiv Gandhi assassination case. A Bench headed by Justice L Nageswara Rao invoked its extraordinary power under Article 142 to grant relief to Perarivalan. Article 142 deals with enforcement of decrees and orders of the Supreme Court. On March 9, the apex court had granted bail to Perarivalan while taking note of his long incarceration and no history of complaints when out on parole.

The top court was hearing the plea of 47-year-old Perarivalan seeking suspension

Russia is destroying dreams

This refers to the May 18 article, 'War crime watch: Targeting schools, Russia bombs the future'. As the Ukraine-Russia war continues for nearly three months, heart-rending pictures of the suffering of Ukrainians continue to raise questions over the actions of Russian soldiers. The Russian troops have bombarded 1,000 schools so far, killing innocent children and citizens, even after writing in bold letters 'Children' on top of the school buildings. The Russian soldiers are committing cold-blooded murders. It is a serious war crime which Putin's

country is committing. Even after the imposition of sanctions and turning Ukraine into virtual rubble, there is no point of such heavy shelling on innocent Ukrainians.

The Russian troops' advancement didn't spare even kindergartens. This shows the cruelty and inhumanity of the Russian advancement. At this rate of fatality, the recovery of Ukraine is far from imaginable since schools are the foundation and future of any country. Damage to such institutions is far more hideous and puts the future in jeopardy. Russia must stop shelling civilians and educational institutions. The intention of Russia reeks of tyranny, which is not the healthy foundation of any nation. Russia is not only militarising Ukrainians, but also cutting down the feathers of their dreams. Russia should exercise its power morally. Right now, the world sees Putin as a tyrant who is committing genocide, and which is highly condemnable.

Manoj Kumar Jena | Cuttack

of his life sentence in the case till the Multi-Disciplinary Monitoring Agency probe is completed. In its May 1999 order, the top court had upheld the death sentence of four convicts — Perarivalan, Murugan, Santham and Nalini. On February 18, 2014, the top court had commuted the death sentence of Perarivalan to life imprisonment, along with that of Santham and Murugan on the grounds of an 11-year delay in deciding their mercy pleas.

Bhagwan Thadani | Mumbai

CONGRESS MUST REVIVE ITS GLORY

Sir — More than the Congress' total dominance in national politics till the late 1990s, the subsequent sharp fall in its fortunes has led the way to the rise of the multi-party system in India. Unfortunately, the party, nurtured for long under the shadow of secularism after Partition, could not fully grasp the essence of Nehruvian context, which was not the separation of religion from the State but of

staying neutral towards all. Minority appeasement grew on it more a vice than virtue and the Congress remains blindsided to it.

Also, their consistent failure to gel then ushered in the BJP with its calculated political strategies and adapting to the changing times, which brought Narendra Modi to the centre stage. History is witness to the waves of totalitarianism that inevitably tend to invite a backlash. Progressive societies have then striven to restore equilibrium, which today is skewed even more by the pandemic and the following economic travails. This is a time for the Congress to again undertake a *padayatra*, much like the Dandi march. Its pedigree in the fight for freedom, more than its subsequent dynastic credentials, must help it reclaim relevance.

Indian wrestler — Bajrang Punia

The ongoing farmers' protest (on Chandigarh-Mohali border) is unwarranted and undesirable.

Punjab Chief Minister — Bhagwant Mann

FIRST COLUMN

NEIGHBOURHOOD FIRST POLICY OF INDIA-NEPAL

KUMARDEEP BANERJEE

Prime Minister Narendra Modi, hopped across to Nepal to mark Buddha Poonnima celebrations in Lumbini earlier this week. This one-day visit marks a renewed effort to amend ties with a long trusted partner and friend in the region. Lumbini is the birthplace of Buddha and for many years India and Nepal have not managed to cooperate and integrate it within the larger Buddhist place-of-interest framework. There had been angst for decades among the Nepali citizens regarding India taking away the cream of Buddhist tourism-circuit, while ignoring the birthplace. Meanwhile Lumbini became a place of interest for China which has been using all avenues possible to increase its strength in Nepal. It has in the past announced as part of its muscular external infrastructure policy the possibility of investing nearly \$3billion in Lumbini to make it a world peace city and construct a railway line connecting Nepal with Tibet. The status of many of these announcements are on hold at present, but one doesn't know when they can be revived. The Himalayan kingdom of Nepal, enmeshed in shared cultural contexts of the region, has been an interest area for many power blocs including the US, European Union and China for some decades now. China has been on alert to the changing influence spheres in Nepal and has painstakingly built up its share of supporting voices amongst the political and cultural elite. Last month Chinese foreign minister Wang Yi was in Nepal to ratchet up support in its favour from the different factions of the Nepalese Communist

Party. It is understood that Wang Yi (also a known India-baiter), insisted on the quarrelling factions of the Nepalese Communist Party to stay united and work towards a larger agenda (dictated by Chinese communist party). It was during the reign of Nepalese Communist Party Prime Minister KP Sharma Oli that relationship between India and Nepal tanked to its historic low. He had nearly acted as an extended arm of Beijing's geopolitical strategy. Clearly, China has been trying to isolate India's long-term partners in the region by muscling its way into their domestic security, infrastructure and economic issues.

The Prime Minister's visit to Nepal, along with some other initiatives taken by the government in the past few months, suggests India's reinvigorated enthusiasm to engage with its immediate neighbourhood. In April, just before foreign secretary, Harsh Vardhan Shringla retired, a high-level inter-ministerial meeting took place to focus on India's neighbourhood first policy. It saw participation from the ministries of home, finance, commerce, fisheries and defence to name a few. It deliberated on ways to improve roads and other border infrastructure with Nepal, starting railway link with Bangladesh and providing humanitarian assistance to Afghanistan and Myanmar. Nepal was the focus during the meeting given the historical and cultural ties with the nation. India has done well by refreshing its cultural shared narrative with Nepal and announced a bunch of new measures to improve people to people connect. India's willingness to develop sister-city relations between Lumbini and Kushinagar, considered the holiest sites for Buddhists, has been well received and could be the game changer towards integration of Nepal in the tourism circuit and improving economic relations between the two countries. India has also signed 6 MoUs with Nepal during the PM's visit, 5 of which are on improving educational and cultural relations while the 6th relates to hydel power project. India and Nepal blessed with the abundant wealth from the Himalayas need to focus on reviving their deep and rich shared cultural heritage while making way for a new age bilateral relation.

(The writer is a policy analyst. The views expressed are personal.)

Time for CPI(M) to change its style

There are examples of comrades who have acquired assets and incur expenses disproportionate to their known sources of income

The largest arm of the Communist Party in the country the CPI (Marxist) founded by stalwarts like Pucchalapalli Sundarayya, EMS Namboodiripad, Harkishan Singh Surjit, Pramod Dasgupta, AK Gopalan, BT Ranadive, M Basava Punniiah, P Ramamurti and Jyoti Basu could manage to win just three Lok Sabha seats in the 2019 elections. For the first time since its formation in 1964, the party drew a blank in West Bengal. The CPI(M) which played a pivotal role in government formation at the centre in 1989, 1996 and 2004 is no more a confidant of Government of the day. The failure of the Communists will certainly enhance the influence and authority of right-wing politics and communalism and that is not healthy for the nation.

After India's Independence, a series of events like Sino-Soviet split and Sino-Indian war led to the split in the Communist Party of India in 1964. The breakaway Communist Party of India (Marxist) emerged stronger both in terms of membership and performance in Indian elections. CPI (M) has a glorious record in conducting class and mass struggles. It is the biggest contingent of the Left. It was once heading Left-led Governments in three States, now cut down to one.

In early 1950s, the united CPI was bitterly divided over the manner in which political power in India should be captured. The militant voices advocated the 'Chinese path', or capture of power through violent means and the other group was for the 'Indian path' or capture power within the constraints of Indian Constitution. Chandra Rajeswara Rao, who advocated Chinese Path, did not sail with CPI(M) after the split. Makineni Basava Punniiah, who advocated Chinese Path along with Rajeswara Rao, became a politburo member of the CPI(M) after the split in 1964. However, Sundarayya in his letter to the party Polit Bureau and Central Committee in August 1975 offered his resignation as party General Secretary and criticized Basava Punniiah for limiting his role in the party.

Pucchalapalli Sundarayya was a founding member of the Communist Party of India (Marxist) and a leader of the peasant revolt in the Telangana Rebellion. In 1936, Sundarayya became a member of the Central Committee of the undivided Communist Party of India. He went underground between 1948 and 1952. He was re-elected to the Central Committee in 1952. He was also elected to the Polit Bureau, the highest forum in the Party. When the Party leadership was in favour of supporting the Government at the time of the Sino-Indian War, Sundarayya resigned his positions protesting against the policies of the dominant leadership of the Party. He was arrested and imprisoned during November 1962 at the time of India-China border war. After the split Sundarayya was elected as

IT'S TIME FOR THE CPI (M) TO HAVE AN INTROSPECTION AND LIVE UP TO THE EXPECTATIONS OF THE PEOPLE. IT IS THEIR ESSENTIAL DUTY TO ALIGN WITH LIKE-MINDED FORCES OF SECULAR, DEMOCRATIC AND SOCIALIST FORCES TO COUNTER RIGHT-WING POLITICS

(The writer is Chief Public Relations Officer to Chief Minister of Telangana. The views expressed are personal.)

its General Secretary. He continuously remained Party's General Secretary till 1976. In that year, which fell during the Emergency, he resigned as General Secretary and Polit Buro member for what he called the 'revisionist habits' acquired by the Party.

Sundarayya in his resignation pointed out among others, the Polit Buro's failure to concretize party's tactical line, non-seriousness on agrarian resolution in practice, ignoring building of secret part of party's organization, Polit Bureau not functioning as a collective body and so on. Had the Party taken serious note of his anguish, CPI (M) position would have been much, much better than the present humiliating status.

The 19th CPM Party Congress held in 2008 at Coimbatore called for a rectification campaign against wrong trends in the Party. The rectification was meant to unify and strengthen the Party on correct principles. How far the objective could be achieved and how far the campaign percolated down below the cadre in its true spirit is not known.

There is no doubt that alien values and ideas affected CPI(M) Party leaders and cadres. Along with the concentration of wealth, the creation of business-politician nexus at all levels is intertwining between corporate and business interests and the political system. Even the CPI(M) Central Committee once observed that the role of money power has increased to an unprecedented level in politics, particularly in elections and CPI(M) cadres are no exception to

it. With the association with bourgeois parties at various levels, particularly through electoral understandings and with the rise of the business-political nexus, there is a corresponding rise in use of money and other bourgeois practices. These have corrosive effect on CPI(M) cadres. Its relationship with secular parties was also on the declining mode.

Majority of the Party membership consists of new entrants who are still to acquire the basic outlook of the Party and they are yet to be grounded in the class and mass struggles. Such a situation leads to all sorts of feudal, bourgeois and petty bourgeois trends emerging within the Party. The party top leadership noted that, in the leading committees of the Party only around 30 per cent belong to working class, poor peasants and agricultural workers. Violation of communist norms have also arisen. Due to parliamentary outlook and electoral opportunism, mass movements, launching struggles and building the Party is being neglected by CPI(M).

Due to distinct increase in parliamentary opportunism among CPI(M) cadre, increased numbers of individual comrades resorted to revolting when refused party ticket. The use of money, liquor and other corrupt practices has grown in the party. The money used in elections has reached an unprecedented level in states where the party is in existence even for namesake.

The party feels threatened when some leaders and cadres fail to live up to the communist stan-

dards and values. The party is no exception to a lavish lifestyle, building posh houses, spending large amounts on weddings, and organizing festivities on a big scale. There are examples of comrades who have acquired assets and incur expenses disproportionate to their known sources of income. There are cases of Party leaders running NGOs with no check or accountability for the funds being used. Real estate promoters, contractors and liquor contractors seek to establish connections with CPM cadre and those in elected positions. The tendency to collect big amounts of money from individuals and affluent sections, instead of mass collection, has increased specially to meet election expenses. Accounts for these are not properly maintained and submitted to the respective committees. Often the Party committees are unable to initiate action due to various reasons such as factional trends, liberalism and reluctance to antagonize an important Party cadre.

Against this background now it's time for the CPI (M) to have an introspection and live up to the expectations of the people. It is their essential duty to align with like-minded forces of secular, democratic and socialist forces to counter right-wing politics. Maybe it is time for the party leadership to think in terms of actively supporting the alternate national agenda proposed by Telangana Chief Minister K Chandrababoo Naidu. The right-wing is checked and democratic forces are strengthened.

POINT COUNTERPOINT

SWEDEN AND FINLAND WILL HAND IN OUR RESPECTIVE APPLICATIONS TO JOIN NATO, ABANDONING OUR NEUTRALITY POLICY. — SWEDEN PRIME MINISTER MAGDALENA ANDERSSON

THE MOVE POSES NO DIRECT THREAT TO US... BUT THE (NATO) EXPANSION WILL CERTAINLY PROVOKE OUR RESPONSE. — RUSSIAN PRESIDENT VLADIMIR PUTIN

Farewell neutrality: Sweden and Finland

Both are very much in the same position as Ukraine militarily

It's easy to imagine Vladimir Putin coming into the shop marked 'Sweden', breaking some fine china accidentally on purpose, and growling: 'Nice little shop you've got here. It would be a pity if something happened to it.' But Sweden is not a pottery shop, Putin is not a Mafia capo, and what's going on in the Baltic now is not a protection racket.

The Russian president has stampeded both Finland and Sweden, two neutral countries of long standing (almost eighty years for Finland, over two hundred for Sweden), into joining the NATO alliance, the very 'threat' that Putin claimed he was trying to drive away from Russia's borders. Finland has a 1,300-km. border with northern Russia. The Swedish and Finnish response to his invasion of Ukraine would have surprised

GWYNNE DYER

(Gwynne Dyer's new book is "The Shortest History of War". The views expressed are personal.)

Putin. He would see no connection between his invasion of Ukraine, a former Russian imperial possession that needed to be whipped back into line, and two independent countries that have not been in Russia's sphere of influence for over a century.

They, on the other hand, did see a connection. A neighbour they previously rated as dangerous but rational had suddenly revealed himself to be an aggressive and probably irrational gambler. No fully sane and competent Russian ruler would have attacked Ukraine with the inadequate forces and haphazard, overconfident strategy that Putin employed.

You might think that Putin's sheer incompetence would be reassuring to the Swedes and the Finns, but it was not. On the contrary, it frightens them, because

they are very much in the same position as Ukraine militarily: relatively small countries (Sweden has ten million people, Finland five million) with very good military forces.

I can vouch for this personally, because in the course of making a documentary film about neutrality I spent time at sea in the Baltic with Swedish fast attack boats out of Karlskrona,

and with Finnish reservists on exercises between Lappeenranta and the Russian border. They might even be able to stop the Russians dead (and nobody else is in a position to invade them). That's why the Swedes chose neutrality: they reckoned they were safer that way. If there were a general war, they were not a strategically vital place and they would be very costly to invade, so

maybe the major combatants would just leave them alone.

The Finns had neutrality thrust upon them by the Soviet Union after the Second World War. They lost a lot of territory to the Russians, but they fought hard enough that Moscow let them be neutral rather than reducing them to satellite status.

So why have both countries now decided to join NATO? They are still such tough nuts to crack that they could probably stop the Russians by themselves if Moscow was also engaged in a war with NATO. And why would the Russians attack only them alone? Stay neutral, and even in the worst case the Russians will probably pass you by.

That remained a valid assessment until 24 February 2022, and then it suddenly wasn't. Putin invaded Ukraine, probably to the

astonishment even of his own entourage, and from the start began issuing veiled warnings about resorting to nuclear weapons if he was thwarted.

The Russian attack in Ukraine bogged down almost at once, as it was bound to do unless the Ukrainian army was utterly useless. Too few Russian troops, too many lines of attack. And the hints from Moscow about resorting to nuclear weapons to compensate for a conventional defeat multiplied.

This is crazy stuff, and all military skills and hardware the Baltic countries could bring to bear in a conventional war would be irrelevant if they were faced with similar Russian nuclear threats themselves.

The only effective counter to a nuclear threat is a credible promise of nuclear retaliation.

Sweden and Finland have no nuclear weapons, and the only way they can have their security guaranteed by a nuclear deterrent is to join NATO. So that is what they are doing.

The Swedes still don't like nuclear weapons, and Prime Minister Magdalena Andersson emphasised that Sweden will not allow foreign troops or nuclear weapons to be based in the country, but the deal is done.

Turkish President Recep Tayyip Erdogan is demanding that the two Baltic countries expel some anti-Turkish Kurdish activists as a reward for not vetoing this NATO expansion, but this problem will be finessed. It will take months to do the legal work, but in practice the two Baltic countries are already covered by NATO's nuclear guarantee.

Lanka police questions more ruling party MPs over violence

PTI ■ COLOMBO

Sri Lankan police on Thursday questioned three more members of the ruling SLPP parliamentary group over the violent clashes between anti- and pro-government protesters in the country that killed at least 10 people and injured over 200 others.

On May 9, violence erupted in Sri Lanka after supporters of former prime minister Mahinda Rajapaksa attacked peaceful anti-government protesters demanding his ouster over the country's worst economic crisis that led to acute shortages of staple food, fuel and power.

Nihal Thaldewa, the police spokesman, said three former ministers were quizzed on Thursday in Parliament by a group of police's CID investigators.

Two of their colleagues who were arrested previously have been remanded till May 25.

Thaldewa said 1,059 people have been arrested for attacks on the protesters and for the violence unleashed against the ruling parliamentarians where some 78 government parliamentarians had suffered arson attacks on property.

Thaldewa said the death toll from violence had risen to 10 with the death of a

person admitted to hospital with serious head injuries dying on Thursday.

Politicians were charged with encouraging them to attack the protesters. At least two of them, a former state minister and another MP, who had been identified in video footage as instigators of violence were arrested and remanded.

The government parliamentarians blamed police inaction as the cause of arson attacks against their private properties.

They charged the opposition Janatha Vimukthi Peramuna (JVP) with instigat-

ing violence which was vehemently denied by the Marxist party.

The mob destroyed several tents and other structures erected at Galle Face and also attacked some of the demonstrators.

The violence saw arson attacks on the homes of several politicians, including the ancestral home of the Rajapaksas in Hambantota.

Video footage showed the entire house of Mahinda Rajapaksa and his younger brother and President Gotabaya Rajapaksa in Medamulana in Hambantota city was burning.

Prez: Lankan armed forces ended civil war with LTTE through humanitarian op

PTI ■ COLOMBO

Sri Lankan President Gotabaya Rajapaksa has praised the country's military for ending the brutal conflict with the LTTE in 2009 and ushering in peace through a "humanitarian operation", saying there was no hatred, anger or revenge involved in the nearly three-decade-long civil war.

In a statement issued to mark the War Heroes Day on Wednesday, Rajapaksa, who is also the defence minister, asserted that the armed forces, who "safeguarded the freedom and territorial integrity" of the country will never be forgotten, under any circumstances.

"Our armed forces put an end to the war and brought peace to the country through a humanitarian operation. There was no hatred, anger or revenge in it. Therefore, there is no room for racism or any other form of extremism in the motherland where peace was established. We regard it as a unique value in Sri Lankan society," said Gotabaya Rajapaksa.

Biden has an eye on China as he heads to South Korea, Japan

AP ■ WASHINGTON

President Joe Biden departs on a six-day trip to South Korea and Japan aiming to build rapport with the two nations' leaders while also sending an unmistakable message to China: Russia's faltering invasion of Ukraine should give Beijing pause about its own saber-rattling in the Pacific.

Biden departs Thursday and is set to meet newly elected South Korean President Yoon Suk Yeol and Japanese Prime Minister Fumio Kishida. Their talks will touch on trade, increasing resilience in the global supply chain, growing concerns about North Korea's nuclear program and the explosive spread of COVID-19 in that country.

While in Japan, Biden will also meet with fellow leaders of the Indo-Pacific strategic

alliance known as the Quad, a group that includes Australia, India and Japan.

The U.S. Under Biden has forged a united front with democratic allies that has combined their economic heft to make Russia pay a price for its invasion of Ukraine. That alliance includes South Korea and Japan. But even as Biden is to be feted by Yoon at a state dinner and hold intimate conversations with Kishida, the U.S. President knows those relationships need to be deep-

ened if they're to serve as a counterweight to China's ambitions. "We think this trip is going to put on full display President Biden's Indo-Pacific strategy and then it will show in living color, the United States can at once lead the free world in responding to Russia's war in Ukraine, and that at the same time chart a course for effective, principled American leadership and engagement in a region that will define much of the future of the 21st century," White House national security adviser Jake Sullivan said.

The war in eastern Europe has created a sense of urgency about China among major U.S. Allies in the Pacific. Many have come to see the moment as their own existential crisis — one in which it's critical to show China it should not try to seize contested territory through military action.

Shaky Israeli coalition is jolted as another lawmaker quits

AP ■ TEL AVIV

Another member of Israel's parliament said Thursday she was quitting the ruling coalition, leaving embattled Prime Minister Naftali Bennett in control of a crumbling minority Government.

Ghaida Rinawie Zoabi's announcement further whittles away Bennett's hold on Israel's 120-seat parliament, reducing the coalition to 59 seats. Two other legislators from his own party have already bolted.

Rinawie Zoabi's departure further raises the possibility of new parliamentary elections, less than a year after the government took office. While Bennett's government remains

in power, it is now even more hamstrung in parliament and will likely struggle to function. In a letter to Bennett, Rinawie Zoabi, who hails from the dovish Meretz party, said she was leaving the coalition because she said it too often adopted nationalist positions on issues of importance to her constituents, Palestinian citizens of Israel.

Turkey's leader says 'no' to Sweden and Finland's NATO bid

AP ■ ISTANBUL

Turkey will oppose Sweden and Finland joining NATO, the country's president flatly stated in a video released Thursday.

"We have told our relevant friends we would say no' to Finland and Sweden's entry into NATO, and we will continue on our path like this," President Recep Tayyip Erdogan told a group of Turkish youth in the video for Commemoration of Atatürk, Youth and Sports Day, a national holiday.

Turkey's approval of Finland and Sweden's application to join the Western military alliance is crucial because NATO makes decisions by consensus. Each of its 30 member countries has the power to veto a membership bid.

World's highest weather station installed on Mt Everest

PTI ■ KATHMANDU

A team of experts from the National Geographic Society has installed the "world's highest weather station" on Mt. Everest at an altitude of 8,830 metres to automatically measure various meteorological phenomena, the Nepalese media reported on Thursday.

Nepal's Department of Hydrology and Meteorology (DHM) said the automatic weather station was installed a few metres below the summit point (8,848.86 metres) last week as the snow and ice on the summit are not suitable for fixing equipment.

The weather monitoring system, powered by solar energy, is supposed to measure various meteorological phenomena like air temperature, wind speed and direction, air pres-

sure, change in surface height of snow, and incoming and outgoing short and long wave radiation. The NatGeo team, led by climate scientist Baker Perry from the Appalachian State University in the US, consisted of acclaimed climbers and scientists, many of whom scaled the world's highest peak while installing the weather station.

The team spent a month in the Everest region of Nepal and also carried out the maintenance of other stations, including a station at South Col, The Himalayan Times reported.

The DHM and National Geographic signed a memorandum of understanding to operate all five Automatic Weather Stations installed by NatGeo to provide near real-time information regarding mountain conditions.

Chinese Prez Xi hails conduct of local level polls in Nepal

PTI ■ KATHMANDU

Chinese President Xi Jinping has congratulated Nepalese Prime Minister Sher Bahadur Deuba for holding the local elections, saying the process of electing people's representatives from the people themselves was a good one.

Xi's message was conveyed to Nepalese Home Minister Balkrishna Khand when Chinese Ambassador to Nepal Hou Yanqi met him here on Wednesday.

Hou called on Minister Khand at the latter's office in Singh Durbar Secretariat here, said Madhusudan Bhattarai, Press Coordinator, Home Ministry. Hou appreciated the recently held local level polls in the country, which went about largely peacefully and with a voter turnout of over 65 per cent.

House passes domestic terrorism bill after Buffalo shooting

AP ■ WASHINGTON

The House has passed legislation that would bolster federal resources to prevent domestic terrorism in response to the racist mass shooting in Buffalo, New York.

The 222-203, nearly party-line vote was an answer to the growing pressure Congress faces to address gun violence and white supremacist attacks — a crisis that escalated following two mass shootings over the weekend. Rep. Adam Kinzinger, R-Ill., a member of the congressional committee investigating the attack on the U.S. Capitol, was the lone Republican to vote in favour of the measure.

But the legislative effort by Democrats is not new. The House passed a similar measure in 2020 only to have it languish

in the Senate. And since lawmakers lack the support in the Senate to move forward with any sort of gun-control legislation they see as necessary to stop mass shootings, Democrats are instead putting their efforts into a broader federal focus on domestic terrorism.

"We in Congress can't stop the likes of (Fox News host) Tucker Carlson from spewing hateful, dangerous replacement theory ideology across the airwaves.

Jailed Egypt activist on hunger strike moved to new prison

AP ■ CAIRO

Egyptian authorities have transferred a prominent political activist from a maximum-security prison where he was allegedly tortured and denied basic rights to a new correctional facility, his family said on Thursday.

Alaa Abel-Fattah was transferred from Cairo's Tora prison complex to Wadi El-Natrun prison in the north of the country, where he was visited on Thursday by his family, his sister Mona Seif wrote on Twitter.

The transfer came as Abdel-Fattah had been on a hunger strike for nearly 48 days to protest his imprisonment conditions, according to his family. Abdel-Fattah had been serving time in one of Tora complex's most notorious prisons since his last arrest in September 2019.

"We're really glad that Alaa Abd El Fattah has been removed from the guardianship' of officers who bore him a personal hatred. We're relieved that he is in a place which has some medical facilities," his aunt, award-winning novelist Ahdaf Soueif wrote on her Facebook page.

Abdel-Fattah has been constantly denied access to books, exercise time outside his cell, regular visits, and proper medical care, according to his family. He had previously filed several complaints documenting his mistreatment and alleging that he was beaten and humiliated by some prison officers.

Earlier this month, hundreds of Egyptian women filed a petition entitled "A Mothers' Plea" with the state-appointed National Council for Human RightsHe has , demanding the release of

the 40-year-old programmer. In response, Moushira Khattab, NCHR president announced that authorities agreed to transfer him to the newly-erected Wadi El-Natrun prison complex, where she said, human rights standards are met.

Abel-Fattah is an outspoken dissident who rose to prominence during the 2011 pro-democracy uprisings that swept the Middle East and in Egypt, toppling long-time President Hosni Mubarak.

The activist spent most of the past decade behind bars, and his detention has become a symbol of Egypt's return to autocratic rule.

Last month, Abdel-Fattah's family said that he had gained British citizenship through his mother, Laila Soueif, a math professor at Cairo University who was born in London. The family said they sought a British passport for Abdel-Fattah as a way out of his "impossible ordeal."

Abdel-Fattah arrived on Wednesday morning in his new prison, which is located in a desert valley 150 kilometers north of Cairo, said his sister. She added that he is being held in a big cell with three other prisoners, and is allowed to sleep on a mattress for the first time in years. The government of President Abdel Fattah el-Sissi, a U.S. Ally with deep economic ties to European countries, has been relentlessly silencing dissenters and clamping down on independent organizations for years with arrests and restrictions. Many of the top activists involved in the 2011 uprising are now in prison, most under a draconian law passed in 2013 effectively banning all street protests.

Israeli military ID's gun that may have killed journalist

AP ■ JERUSALEM

The Israeli military has identified a soldier's rifle that may have killed Al Jazeera journalist Shireen Abu Akleh, but said it cannot be certain unless the Palestinians turn over the bullet for analysis, a military official said Thursday.

The confirmation marked a small sign of progress in the investigation into the killing of Abu Akleh, who was fatally shot on May 11 while covering an Israeli military raid in the occupied West Bank.

Palestinian officials, along with fellow journalists who were with Abu Akleh, have said Israeli troops stationed nearby killed her.

The Israeli army says she was shot during a battle between troops and Palestinian gunmen, and it cannot be determined who fired the fatal bullet without a proper analysis.

Israel has called for a joint investigation with the Palestinians. But the Palestinians, who have the bullet, have refused, saying they don't trust Israel.

They say they are conducting their own investigation and are ready to cooperate with any country except for

Israel.

The military last week released the results of a preliminary investigation that offered two possible causes of death. It said that in one scenario, she may have been hit by Palestinian gunfire during a fierce shootout with Israeli troops.

In the second scenario, it said she might have been hit by an Israeli soldier who shot through a "designated firing hole" in a military vehicle at a Palestinian gunman who was shooting at the vehicle.

It said it could not determine the source of fire without analyzing the bullet.

Asked for further details on Thursday, the military official confirmed that investigators have turned their focus to a specific weapon.

He stressed that while the source of the shot is still unclear, "we have narrowed down the IDF weapon that might be involved in the fire exchange near Shireen."

He said if the Palestinians cooperate with the investigation, Israel will "hopefully be able to compare the bullet to that barrel and check if there is a match." He spoke on condition of anonymity under military briefing guidelines.

The Palestinians have been conducting their own investigation. Last Friday, the Palestinian public prosecutor said preliminary findings show Abu Akleh was killed by deliberate fire from Israeli troops.

The prosecutor said the investigation would continue.

Bellingcat, an independent Dutch-based open-source research firm, has conducted its own analysis of material gathered largely from videos on social media. It said its initial findings lent support to Palestinian witnesses who say she was killed by Israeli fire.

Abu Akleh, a Palestinian-American and 25-year veteran of the satellite channel, was killed in the Jenin refugee camp in the northern West Bank. She was a household name across the Arab world, known for documenting the hardship of Palestinian life under Israeli rule, now in its sixth decade.

The shooting drew condemnations and statements of concern from around the world. Israel also has been widely criticized for the behaviour of police, who pushed and beat mourners at her funeral last Friday, causing the pallbearers to nearly drop her coffin.

Spain confirms 7 monkeypox cases as European outbreak grows

AP ■ MADRID

Health officials in Spain reported seven cases of monkeypox and Portugal updated its number of confirmed cases to 14 Thursday as an outbreak of a viral disease typically limited to Africa expanded in Europe.

In Spain, all of the reported cases to date involved men in Madrid, officials said. Health officials are currently testing another 22 suspected cases, said Antonio Zapatero of the regional health department. "It's possible that more cases will emerge in the coming days," Zapatero told Spanish radio network Onda Cero. Officials said all of the cases identified so far were mild and

that the infections appeared linked to close contact among two chains of transmission. No details were given as to whether the men had traveled to Africa or whether the cases were connected to other reported cases across Europe. Portuguese authorities said Thursday that the 14 cases confirmed in the country all were reported in the area surrounding the capital city of Lisbon.

Meanwhile, the tally of confirmed cases in Britain rose to nine. Britain's Health Security Agency said Wednesday that recent cases reported this week had been seen "predominantly in gay, bisexual or men who have sex with men," though it noted that it was unclear how exactly people had gotten infected.

Ukraine: Do not offer us ceasefire

AP ■ KYIV

An adviser to Ukraine's President Volodymyr Zelenskyy says that the country won't accept any cease-fire until all the Russian troops pull back.

Thursday's statement from Mykhailo Podolyak, who was involved in several rounds of talks with Russia, reflects an increasingly confident stand taken by Ukraine as it has fought the Russian offensive to an effective standoff.

"Do not offer us a ceasefire — this is impossible without total Russian troops withdrawal," Podolyak wrote on Twitter.

In a reference to a 2015 peace agreement for eastern Ukraine that was brokered by France and Germany and signed in the Belarusian capital Minsk, Podolyak wrote: "Ukraine is not interested in new 'Minsk' and the war renewal in a few years."

Several Ukrainian officials have recently issued similar statements. Podolyak didn't specify what would constitute "total" withdrawal. He added that "until Russia is ready to fully liberate occupied territories, our negotiating team is weapons, sanctions and money."

British military authorities say Russia's centralised command and control structure is likely to come under increasing strain as senior officers seek to avoid responsibility for failures during the invasion of Ukraine.

The UK Ministry of Defence, in a briefing posted on Thursday morning, said a number of senior Russian commanders have already been fired for poor performance during the war.

The ministry also said it is unclear whether Chief of the General Staff Valeriy Gerasimov retains the support of President Vladimir Putin.

The ministry says senior officials are likely to be increasingly distracted as they seek to

avoid personal culpability amid this culture of "cover-ups and scapegoating."

"This will likely place further strain on Russia's centralized model of command and control as officers increasingly seek to defer key decisions to their superiors," the ministry said. "It will be difficult for Russia to regain the initiative under these conditions."

The head of the Russia-backed separatist region in eastern Ukraine says that over half of Ukrainian troops holed up at a steel plant in the key port of Mariupol have come out.

Denis Pushilin, the head of

Red Cross registers hundreds of Ukrainian POWs from Mariupol

AP ■ KYIV

The Russian military said on Thursday that more Ukrainian fighters who were making a last stand in Mariupol have surrendered, bringing the total who have left their stronghold to 1,730, while the Red Cross said it had registered hundreds of them as prisoners of war.

The International Committee of the Red Cross said that the registrations of Ukrainian prisoners of war, which included wounded fighters, began Tuesday under an agreement between Russia and Ukraine.

The Geneva-based humanitarian agency, which has experience in dealing with prisoners of war and prisoner exchanges, said however that its team did not transport the fighters to "the places where they are held" - which was not specified.

Ukrainian fighters who emerged from the ruined Azovstal steelworks after being ordered by their military to abandon the last stronghold of resistance in the now-flattened port city face an uncertain fate.

Some were taken by the Russians to a former penal colony in territory controlled by Moscow-backed separatists.

While Ukraine said it hopes to get the soldiers back

in a prisoner swap, Russia threatened to put some of them on trial for war crimes.

The Red Cross cited rules under the Geneva Conventions that should allow the organisation to interview prisoners of war "without witnesses" and that visits with them should not be "unduly restricted."

The organisation did not specify how many prisoners of war were involved.

It's also not clear how many fighters are left at the plant. Russia previously estimated that it had been battling some 2,000 troops in the waterside plant.

Denis Pushilin, a senior Russia-backed separatist official in a region that includes Mariupol, said that those Ukrainian soldiers who needed medical assistance were hospitalised while others were put in a detention facility.

He also claimed that Red Cross representatives were allowed to inspect the detention facility, but that could not be immediately verified.

Amnesty International said earlier that the Red Cross should be given immediate access to the Mariupol fighters who surrendered.

Denis Krivosheev, Amnesty's deputy director for the region, cited lawless executions allegedly carried out by Russian forces in Ukraine and

Captive medic's bodycam shows firsthand horror of Mariupol

AP ■ KHARKIV

A celebrated Ukrainian medic recorded her time in Mariupol on a data card no bigger than a thumbnail, smuggled out to the world in a tampon. Now she is in Russian hands, at a time when Mariupol itself is on the verge of falling.

Yulia Paievska is known in Ukraine as Taira, a moniker from the nickname she chose in the World of Warcraft video game.

Using a body camera, she recorded 256 gigabytes of her team's frantic efforts over two weeks to bring people back from the brink of death.

She got the harrowing clips to an Associated Press team, the last international journalists in the Ukrainian city of Mariupol, as they left in a rare humanitarian convoy.

Russian soldiers captured Taira and her driver the next day, March 16, one of many

forced disappearances in areas of Ukraine now held by Russia.

Russia has portrayed Taira as working for the nationalist Azov Battalion, in line with Moscow's narrative that it is attempting to "denazify" Ukraine. But the AP found no such evidence, and friends and colleagues said she had no links to Azov.

The military hospital where she led evacuations of the wounded is not affiliated with the battalion, whose members have spent weeks defending a sprawling steel plant in Mariupol.

The footage Taira recorded itself testifies to the fact that she tried to save wounded Russian soldiers as well as Ukrainian civilians.

A clip recorded on March 10 shows two Russian soldiers taken roughly out of an ambulance by a Ukrainian soldier. One is in a wheelchair. The other is on his knees, hands bound behind his back, with

an obvious leg injury. Their eyes are covered by winter hats, and they wear white arm-bands.

A Ukrainian soldier curses at one of them. "Calm down, calm down," Taira tells him.

A woman asks her, "Are you going to treat the Russians?"

"They will not be as kind to us," she replies. "But I couldn't do otherwise. They are prisoners of war."

Taira is now a prisoner of the Russians, one of hundreds of prominent Ukrainians who

have been kidnapped or captured, including local officials, journalists, activists and human rights defenders.

The UN Human Rights Monitoring Mission in Ukraine has recorded 204 cases of enforced disappearances.

It said some victims may have been tortured, and five were later found dead. The office of Ukraine's ombudswoman said it had received reports of thousands of missing people by late April, 528 of whom had probably been captured.

The Russians also are targeting medics and hospitals even though the Geneva Conventions single out both military and civilian medics for protection "in all circumstances".

The World Health Organisation has verified more than 100 attacks on health care since the war began, a number likely to rise.

More recently, Russian soldiers pulled a woman off a convoy from Mariupol on May 8, accused her of being a military medic and forced her to

Sensex tanks over 1,400 pts amid global market meltdown

PTI ■ MUMBAI

Equity indices sank in a sea of red on Thursday, joining a global market sell-off after Wall Street suffered its worst drubbing since mid-2020 on renewed fears of scorching inflation crimping economic recovery.

Continued selling by foreign investors and the rupee sinking to another record low against the US dollar added to the woes. Posting its biggest drop in over two months, the 30-share BSE benchmark Sensex dived 1,416.30 points or 2.61 per cent to settle at 52,792.23. The broader NSE Nifty tanked 430.90 points or 2.65 per cent to 15,809.40. Investors lost Rs 6.71 lakh

crore in Thursday's session, with the market capitalisation of all BSE-listed companies falling to Rs 2,49,06,394.08 crore. IT counters led the losses, with Wipro emerging as the biggest laggard in the Sensex pack with a fall of 6.21 per cent,

followed by HCL Tech, Infosys, TCS, Tech Mahindra, Tata Steel, IndusInd Bank and Kotak Mahindra Bank. In contrast, ITC was the top gainer, spurring 3.43 per cent, after the company reported an 11.60 per cent rise in consolidated net profit

at Rs 4,259.68 crore for the March quarter, driven by all-round growth across verticals.

Dr Reddy's and PowerGrid were the only other winners. "The recent earnings reported by the US retailers reflected the heat of high retail inflation, resulting in the rout in Wall Street. Persistent offloading by foreign investors along with mounting fears of an economic slowdown wreaked havoc in the domestic market.

"In this highly volatile market, investors can focus on sectors like FMCG, pharma, capital goods and manufacturing whose valuations are moderate and reasonable on a long term basis," said Vinod Nair, Head of Research at Geojit Financial Services.

PNS ■ NEW DELHI

The Supreme Court on Thursday dismissed a plea of the Shapoorji Pallonji (SP) group firms seeking a review of the 2021 verdict which had upheld the Tata group's decision to remove Cyrus Mistry as the executive chairman of the Tata Sons.

Apex court, however, agreed to delete certain remarks made in the 2021 judgment against Cyrus Mistry after the counsel for the SP group said that he was willing to withdraw certain paragraphs, purportedly written against the bench, from their application.

"Sorry, review (petition) is not entertained. Dismissed,"

SC dismisses plea to review decision on removal of Mistry as Tata Sons head

observed the bench comprising Chief Justice NV Ramana and Justices A S Bopanna and V Ramasubramanian after hearing counsel from both sides.

The plea seeking review of the judgment was sought by SP group firms, Cyrus Investments Private Ltd and Sterling Investments Private Ltd. During the brief hearing, the bench was irked over certain pleadings such as "the judgment is worse than a press statement" made by the SP group in its application for expunction of adverse observations in the judgment against Mistry.

"That is not proper, you first withdraw (the paragraphs)," the CJ said. Somasekharan Sundaram, the counsel for Mistry, said there

was no intention to hurt the bench. "Scores are settled. We had said something, you have said something against us," the bench said, adding that one of the observations made in the judgment would be deleted. The bench said the other side (Tata group) had no objection to Mistry's remarks in the application.

Senior advocate Harish Salve, appearing for the Tata group, said that the court may permit the deletion of one or a few sentences "as an act of grace" and not for the reasons given in the application of the Sapoorji Pallonji (SP) group.

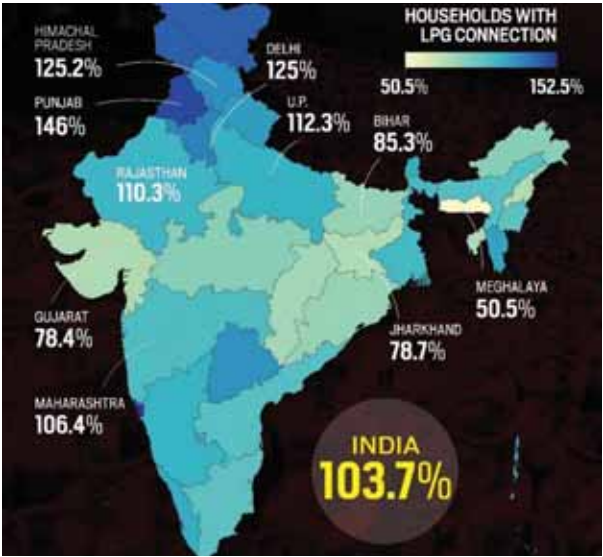

Earlier, the review plea and the application seeking an open court hearing on it was placed before the bench which by a majority of 2:1 had agreed to hear the plea in the open

court. "We would like to express our grateful appreciation of the judgment passed and upheld by the Supreme Court today. It reinforces the value system and the ethics of our judiciary," Tweeted Ratan Tata, reacting to the apex court judgment.

The Supreme Court on March 26, 2021, had set aside a National Company Law Appellate Tribunal (NCLAT) order restoring Mistry as the executive chairman of Tata group.

The apex court had also dismissed a plea of Shapoorji Pallonji group seeking separation of ownership interests in Tata Sons Pvt Ltd (TSPL). Mistry had succeeded Ratan Tata as the chairman of TSPL in 2012 but was ousted four years later.

Cooking gas LPG price hiked by ₹ 3.5, crosses ₹1,000 mark

PTI ■ NEW DELHI

Cooking gas LPG price was on Thursday hiked by ₹3.50 per cylinder, the second increase in rate this month following the firming of international energy rates.

Non-subsidised LPG now costs ₹1,003 per 14.2-kg cylinder in the national capital, up from ₹999.50 previously, according to a price notification of state-owned fuel retailers. This is the second increase in LPG rate this month and the third in less than two months.

The price was hiked by ₹50 per cylinder on March 22 and again by the same quantum on May 7. Since April 2021, prices have risen by ₹193.5 per cylinder. Petrol and diesel prices however continue to be on freeze for the 43rd day in a row.

The pause followed rates being hiked by a record ₹10 per litre in a matter of 16 days beginning March 22. Non-subsidised cooking gas is the one that consumers buy after exhausting their quota of 12 cylinders at subsidised or below-market rates. However,

the government pays no subsidy on LPG in most cities and the price of the refill that consumers, including the poor women who got free connection under the much-talked Ujjwala scheme, is the same as that for non-subsidised or market price LPG.

Non-subsidised LPG costs ₹1,002.50 per 14.2-kg cylinder in Mumbai while it is priced at ₹1,018.50 a bottle in Chennai and ₹1,029 in Kolkata. Rates differ from state to state depending on the incidence of local taxes such as VAT. Prices are higher in states with higher taxes.

Alongside, oil firms also hiked the price of commercial LPG cylinders - the ones used by establishments like hotels and restaurants - by ₹8 per cylinder to ₹2,354 per 19-kg bottle. On May 1, the price of a commercial LPG cylinder was increased by ₹102.50 to ₹2,355.50 but on May 7 it was reduced to ₹2,346.

International oil prices have been on the rise this year. They jumped to a 13-year high of USD 140 per barrel in March before shedding some of gains. Brent was trading at USD 110.13 per barrel on Thursday. To compound things, Indian rupee tumbled to ₹77.74 to a dollar, making imports costlier.

Maruti will never shift from Haryana, says R C Bhargava

PNS ■ NEW DELHI

Haryana Chief Minister Manohar Lal said on Thursday the real estate sector and the automobile sector are flourishing in tandem in Gurugram. When the Chief Minister was asked what efforts were made by the government to bring back Maruti to the State, he replied 'Maruti is Gurugram and Gurugram is Haryana. Maruti is part of Haryana.'

Echoing the same sentiments, Chairman, Maruti, RC Bhargava said Maruti was in Haryana, is in Haryana and will remain in Haryana. Praising the industrial Policies and investment friendly environment of Haryana, Bhargava said that today Maruti has purchased land in Kharkhoda

for setting up its new plant due to better environment in the state. Manohar Lal said that Haryana, which came into existence as an agricultural state in the year 1966, has made a distinct identity not only in the country but also abroad for attracting investors due to its better Industrial Policies.

Today Haryana has become the first choice of investors for bringing in foreign investment, thereby giving a tough competition to big states in country, said Manohar Lal. The Chief Minister said this while addressing a press conference at Gurugram today after the signing of agreements for allotment of land to Maruti Suzuki India Limited and Suzuki Two Wheeler India Private Limited for setting up a plant at IMT Kharkhoda.

Power Min urges States to direct utilities to clear dues to gencos, coal firms

PTI ■ NEW DELHI

The Ministry of Power has urged certain states, including Uttar Pradesh, Tamil Nadu and Maharashtra, to direct their utilities to clear total outstanding dues towards generating firms (gencos) and coal companies as failing to do so might affect electricity supply.

Union Power Secretary Alok Kumar has shot off letters to chief secretaries of states including Uttar Pradesh, Tamil Nadu, Maharashtra, Rajasthan, Madhya Pradesh and Union Territory of Jammu and Kashmir in this regard.

The letter, a copy of which was reviewed by PTI, urged the chief secretaries to direct the utilities in their states to immediately clear the outstanding dues of gencos and coal companies, failing which the electricity supply to their states might get severely

affected.

Kumar highlighted that lack of adherence to basic payment discipline by the utilities is not only causing supply side problems in generation of electricity, but also adversely affecting new investment in the sector.

He stated that public utilities have higher responsibility to be ideal paymasters and upholders of contract laws of the country, adding that repeated indiscretion on part of the utilities goes against the very essence of these basic responsibilities.

If the utilities continue to renounce their responsibilities for timely payments to their creditors, and do not wipe out their past and current dues on an urgent basis, this will have a perilous effect on the power supply, he stated.

Inability of the utilities to pay for legitimate dues against electricity dispatched and the coal received is increasing

the electricity supply side concerns to unprecedented levels, he added. The pending dues of gencos and Coal India Ltd (CIL) have been a matter of grave concern for quite some time. This is posing a threat to reliable power supply, the secretary noted.

According to the letters, Uttar Pradesh utilities owed Rs 9,372.49 crore to gencos and Rs 319.82 crore to CIL.

Tamil Nadu utilities owed Rs 20,842.53 crore to gencos and Rs 729.60 crore to CIL. Maharashtra utilities' dues stood at Rs 18,014.54 crore towards gencos and Rs 2,573.19 crore for CIL.

Rajasthan utilities owed Rs 11,176.38 crore to gencos and Rs 307.86 crore to CIL.

Madhya Pradesh utilities owed Rs 5,030.19 crore to gencos and Rs 256.04 crore to CIL. The Union Territory of Jammu and Kashmir's utilities owed Rs 7,275.12 crore to gencos.

RBI allows settlement of trade transactions with Sri Lanka in INR

PTI ■ MUMBAI

In view of difficulties being faced by exporters in getting payments from crisis-hit Sri Lanka, the RBI on Thursday allowed settlement of trade transactions in Indian rupee outside the Asian Clearing Union (ACU) mechanism.

In March, the government had guaranteed a term loan of USD 1 billion extended by the State Bank of India (SBI) to Sri Lanka for financing purchase of essential goods by the island nation from India.

"In view of the difficulties being experienced by exporters in receipt of export proceeds from Sri Lanka and SBI's credit facility...It has been decided that such trade transactions with Sri Lanka, falling under the said arrangement, may be settled in INR outside the ACU mechanism," the RBI said in a

circular. Under the arrangement, financing of export of eligible goods and services from India would be allowed subject to conditions and whose purchase may be agreed to be financed by SBI under the agreement. Sri Lanka is facing its worst economic crisis since gaining independence from Britain in 1948.

The crisis has been caused in part by a lack of foreign currency, which means the country cannot afford to pay for imports of staple foods and fuel, leading to acute shortages and very high prices.

'Indian, Chinese companies take lead in use of artificial intelligence'

PTI ■ NEW DELHI

Indian and Chinese companies are taking lead in use of artificial intelligence compared to their peers in major technically-advanced countries, an IBM survey report said on Thursday.

According to the survey, 35 per cent of companies globally reported using AI in their business and when compared with 2021, organisations are 13 per cent more likely to have adopted AI in 2022. "Chinese and Indian companies are leading the way, with nearly 60 per cent of

IT professionals in those countries saying their organisations already actively use AI, compared with lagging markets like South Korea (22 per cent), Australia (24 per cent) the US (25 per cent) and the UK (26 per cent)," IBM's Global AI Adoption Index 2022 said.

It said that IT professionals in the financial services, media, energy, automotive, oil and aerospace industries are most likely to report their companies have actively deployed AI, while organisations in industries such as retail, travel and government/

federal services and healthcare are the least likely.

The survey was conducted from March 30-April 12, 2022, among a sample of 7,502 senior business decision-makers with some influence over their company's IT decisions, including 500 respondents each in the US, UK, France, Germany, Spain, Italy, China, India, Singapore, Australia, Canada, UAE, and South Korea, and 1,000 respondents in across the Latin America region (Brazil, Mexico, Colombia, Argentina, Chile, Peru), the report said.

India, fastest-growing major economy, projected to grow 6.4% in 2022: UN

PTI ■ UNITED NATIONS

As the Ukraine conflict impacts the global GDP, India is projected to grow by 6.4 per cent in 2022, slower than the last year's 8.8 per cent but still the fastest-growing major economy, with higher inflationary pressures and uneven recovery of the labour market curbing private consumption and investment, according to a UN report.

The UN Department of Economic and Social Affairs said in its World Economic Situation and Prospects (WESP) report released on Wednesday that the war in Ukraine has upended the fragile economic recovery from the pandemic, triggering a devastating humanitarian crisis in Europe, increasing food and commodity prices and globally exacerbating inflationary pressures.

The global economy is now projected to grow by only 3.1 per cent in 2022, down from the 4.0 per cent growth forecast released in January 2022. Global inflation is projected to increase to 6.7 per cent in 2022, twice the average of 2.9 per cent during 2010-2020, with sharp rises in food and energy prices, it said. The report said that the outlook in South Asia has deteriorated in recent months, against the backdrop of the ongoing conflict in Ukraine, and higher commodity prices and potential negative spillover effects from monetary tightening in the United States.

The regional economic output is projected to expand by 5.5 per cent in 2022, which is 0.4 percentage points lower than the forecast released in January. "India, the largest economy in the region, is expected to grow by 6.4 per cent in 2022, well below the 8.8

per cent growth in 2021, as higher inflationary pressures and uneven recovery of the labour market will curb private consumption and investment," it said. For the fiscal year 2023, India's growth is forecast to be 6 per cent.

Lead Author & Chief, Global Economic Monitoring Branch, Economic Analysis and Policy Division, United Nations Department of Economic and Social Affairs Hamid Rashid told reporters at the UN Headquarters that almost all regions in the world are affected by high inflation except for East Asia and South Asia. He said "India in that sense" is a "little bit" in a better position as it did not have to aggressively pursue monetary tightening compared to other countries in Latin America.

Brazil has raised interest rates repeatedly. India's projected growth for 2022 is 6.4 per cent, a downward adjustment of 0.3 per cent from January.

"We expect Indian recovery to remain strong in the near term, in the next year and two, but again we cannot completely discount the downside risk that would come from external channels. So that risk is still there," he said.

The report added that higher prices and shortages of farming inputs including fertilisers are likely to persist in the region, negatively impacting the agricultural sector in Bangladesh, India, Pakistan, and Sri Lanka.

"This will probably result in weaker harvests and exert further upward pressures on food prices in the near term," the report said. It said along with higher energy prices, elevated prices of food will likely increase food insecurity across the region. Consumer price

inflation in the region is expected to accelerate to 9.5 per cent in 2022, from 8.9 per cent in 2021.

The report also said that tighter external financial conditions will adversely affect regional growth prospects, especially for countries with high exposure to global capital markets facing debt distress or risks of debt default.

"The pandemic left many countries with large fiscal deficits and higher and unsustainable levels of public debt. Sri Lanka is currently facing a debt crisis and discussing a new IMF-supported programme to bring its economy out of the crisis," it said.

The downgrades in growth prospects are broad-based, including the world's largest economies — the United States, China and the European Union — and the majority of other developed and developing economies, it said.

The growth prospects are weakening particularly in commodity-importing developing economies, driven by higher energy and food prices. The outlook is compounded by worsening food insecurity, especially in Africa, it added.

Growth forecasts for the United States, European Union and China have been revised downward, with the European Union registering the most significant downward revision.

The European Union economy — most directly hit by disruptions in the energy supply from the Russian Federation — is now expected to grow by 2.7 per cent in 2022, down from 3.9 per cent expected in January.

The US economy is expected to grow by 2.6 per cent in 2022 and 1.8 per cent next year, while China is expected to grow by 4.5 per cent in 2022 and 5.2 per cent in 2023.

Govt should focus on public policy framework, wealth creation private sector's job: NITI Aayog CEO

PTI ■ NEW DELHI

NITI Aayog CEO Amitabh Kant on Thursday said it is the private sector's job to create wealth and the government should focus on laying down public policy framework.

Addressing 'GovTech Summit 2022', Kant further said India needs a very simple, efficient, and transparent government. "The government's job should be laying down public policy framework, it is the private sector's job to create wealth. The only other areas where the government

should be are health, education and nutrition," he said. Talking about digital economy, Kant said India is at the cusp of a very important transformation and the whole process of digitisation has been a transformational journey.

"If eastern parts of India digitises fully and makes governance very easy, then eastern part of India will actually become a very responsive government," he said, adding that these states are full of mineral resources. The NITI Aayog CEO also stressed that data-driven governance is the key to good governance.

Gold gains ₹76, silver tumbles ₹710

PTI ■ NEW DELHI

Gold in the national Capital on Thursday gained Rs 76 to reach Rs 50,027 per 10 grams, supported by rupee depreciation, according to HDFC Securities.

In the previous trade, the precious metal had finished at Rs 49,951 per 10 grams. In contrast, silver tumbled Rs 710 to Rs 60,224 per kg from Rs 60,934 per kg in the previous trade.

The rupee extended its losses and slumped 10 paise to close at a fresh record low of 77.72 (provisional) against the US dollar on Thursday, weighed down by a negative trend in domestic equities and unabated foreign fund out-

flows. In the international market, gold was trading lower at USD 1,812 per ounce while silver was flat at USD 21.33 per ounce. "Gold prices traded weak with spot gold prices at COMEX trading marginally down at USD 1,812 per ounce

on Thursday. Gold prices traded under pressure as traders and investors weighed on aggressive Fed despite weak equity indices," said Tapan Patel, Senior Analyst (Commodities), HDFC Securities.

Cargo vessel carrying 1,600 tonnes of wheat from India sinks in Bangladesh river: officials

PTI ■ DHAKA

A light cargo vessel carrying 1,600 tonnes of wheat worth 66.4 million Taka from India sank completely in Meghna river at the estuary of Bay of Bengal overnight, a day after officials said freighter was badly damaged as it hit a shoal.

The vessel was heading towards Narayanganj river port on outskirts of Dhaka to be delivered to a private flour mill after receiving cargo from a bigger ship at outer anchorage of Chattogram Port on Tuesday. The accident came as importers, particularly those

in Asia, were banking on wheat from India, the world's second-biggest producer since exports from Black Sea region plunged following Russia's February 24 invasion of Ukraine.

Authorities said there was no scope to recover the wheat. "The light vessel has completely gone under water with 1,600 tonnes of wheat. . . There is no scope to recover wheat," Bangladesh's Water Transport Cell joint secretary Ataul Kabir told PTI.

Earlier officials from the department said the ship did not sink completely and it was beached in a canal in

Tillar Char area in coastal Laxmipur district.

The shipping agent of the vessel said a crack developed in front hatch of vessel after being hit by a shoal and huge water entered into it.

Later, water entered the middle of the vessel and sank with cargo. Officials and importer of cargo said wheat was worth around Taka 66.4 million (USD 7,58,280.70).

Asked if it could be an act of sabotage, Kabir ruled out such possibility as mere speculation saying it appeared a case of simple accident as sea was rough when ship hit an underwater shoal.

I'm actually in the happiest phase of my life: Kohli

PTI ■ MUMBAI

In a declaration that is not commensurate with his current form, Virat Kohli says he is "actually" going through the "happiest phase" of his life, when he is not receptive to either success or failure.

He is "not finding any self-worth or value" in what he is doing on the field now, a far cry from the man known for his intensity and passion, things that made him a cricket icon, besides his incredible range of shots with the bat in his pomp.

Kohli has not scored a hundred in competitive cricket for nearly three years and current edition of IPL happens to be his worst.

"I'm actually in the happiest phase of my life. I am not finding any self-worth or value in what I do on the field. I'm way past that phase. This is a phase of evolution for me," Kohli told *Star Sports*.

The former India skipper, who also gave up captaincy at Royal Challengers Bangalore last year, is enduring his worst run with the bat, leaving his millions of fans concerned.

He has had a disappointing IPL-15 so far with the bat having managed only one half-century in 13 matches for RCB. Kohli has bagged three golden ducks already this season and has managed just 200 runs at an average and strike rate that fail to define a player of his calibre.

At the same time though, the 33-year-old refuses to believe that the drive is not there.

"... Not to say that I don't have the same drive, my drive will never die down. The day my drive goes away, I'll not be playing this game.

"But to understand that some things are not controllable, the only controllable you have are things that you can work towards, which is working hard on the field and in life as well and from that point of view, I feel that I am in the most balanced space that I have ever been and I am happy with who I am and how

I am leading my life."

For Kohli, on-field success or failure is increasingly becoming irrelevant.

"I am not finding any source of encouragement or disappointment by what happens on the field.

"So, this has not been about myself, this is about the fact that I have not contributed to my team's cause as much as I would have wanted to or I pride myself to, and that is something that always disappoints me, not what I do as an individual.

"It's because I don't want to let my team down."

Speaking about his transition from a captain to a player, Kohli said, "To be honest, it's different. I won't say it's hard because it's something that you're involved in regularly.

"So, the good thing is that my relationship with Faf (current RCB skipper Faf du Plessis) has always been good. We also have a leadership group in the team where we all share our inputs.

"Even on the field, when Faf is on the outfield and I am inside, I make sure to look after the fielding angles and the placement, so he's given me the liberty to adjust wherever I feel that there's a need, but always keeping him in the loop obviously.

"So, it's been a different way to look at the game, but because I've done it so much in the past, it's not something that I don't know how to do.

RCB LIVE ON; PBKS, SRH EXIT

Virat Kohli completes 7K runs for RCB as his 54-ball 73 script 8-wicket win

PTI ■ MUMBAI

A fired up Virat Kohli roared back to form with a fine half-century as Royal Challengers Bangalore stayed alive in the IPL play-off race with a thumping eight-wicket win over table toppers Gujarat Titans here on Thursday.

This was after skipper Hardik Pandya scored a gritty 47-ball 62 to lift GT to a competitive 168 for five after opting to bat.

Kohli (73 off 54) and captain Fa du Plessis (44 off 38) shared a match-winning 115-run opening stand before Glenn Maxwell (40 not out off 18) went ballistic to ensure the team got home in 18.4 overs.

By virtue of this win, RCB moved to fourth place in the standings with 16 points but will have to wait for the Delhi Capitals-Mumbai Indians game on Saturday to know their fate. A loss for Delhi would ensure RCB a play-off berth.

As the 'Kohli Kohli' chants suggested, the whole of Wankhede and probably the country wanted to see the former India captain back amongst the runs and with a little bit of

luck going his way, he was back playing the shots he is known for. When Kohli picked Mohammed Shami for two lofted boundaries over the bowler's head and cover in the third over, it looked it would be his night. His next four was a streaky one off Hardik who bowled with the new ball.

The very next ball, Kohli was at his animated best as he whipped Hardik towards square leg with Rashid Khan missing a tough chance in the deep.

A sign of his growing confidence was an aerial straight drive off Rashid. Kohli was quick on his feet both against Rashid as well as the pacers. The Indian superstar brought up his second fifty of the season by whipping a full ball off Rashid over deep midwicket.

With Kohli on song, Du Plessis played his part perfectly and kept rotating the strike besides an odd boundary.

After the captain's dismissal, Maxwell joined Kohli and went ballistic from ball one. The Australian's cameo included a reverse scoop shot off Hardik that went all the way.

After collecting his second six off Rashid, Kohli tried one

too many and got stumped in the 17th over but the job had been well and truly done by then. Earlier, Hardik lifted GT to a competitive total. Coming

into the game with a string of low scores, he warmed up nicely for the play-offs with a well crafted fifty even though he was not at his fluent best.

RCB limited GT to 72 for three in 10 overs, largely due to their brilliance in the field despite Wriddhiman Saha's (31 off 22) threatening stay in the

middle.

Saha provided another brisk start with some clean hitting but his opening partner Shubman Gill perished cheaply. The right-hander poked at a good length ball and Maxwell, standing at a widish first slip, plucked a stunning one handed catch diving to his right.

PTI ■ MUMBAI

Having gone off the boil in the last few games, Jos Buttler would be eagerly waiting to pounce on an inexperienced Chennai Super Kings attack in order to clinch a play-off berth for Rajasthan Royals in the IPL here on Friday.

A win will take Sanju Samson's men to 18 points and help them steer clear of any permutations or combinations for a top-four finish.

In fact a win will ensure a top-two finish for Royals as they will then enjoy a superior Net Run Rate (NRR) of +0.304 compared to Lucknow Super Giants' +0.251.

In this backdrop, Royals would like to turn the heat on a lacklustre CSK, who can turn

Royals eye No 2 spot against CSK

out to be 'party poopers' in their final game.

To prevent that, Buttler, who is currently leading the batters' chart with 627 runs, will need to do better than register scores of 22, 30, 7, 2 -- his contribution in the last four games.

The Royals' success in the tournament has got a lot to do with brilliant starts from Buttler, who has three hundreds and as many fifties -- most of his runs were scored during the first half of the tournament -- and Yuzvendra Chahal's 24 wickets.

While Chahal has maintained his consistency, in the case of Buttler there has been a

slight dip in form but the last league game is an ideal time to up the ante before the play-offs.

Rookies Mukesh Choudhary, Simarjeet Singh and 'Baby Malinga' Matheesha

Stress fracture rules Archer out of English summer

PTI ■ LONDON

July.

"After being diagnosed with a stress fracture to the lower back, England and Sussex seamer Jofra Archer has been ruled out for the rest of the season," the England & Wales Cricket Board (ECB) said in a statement.

The worst part is that he is

indefinitely out of competitive cricket as the ECB has not set any specific time-frame for his return.

"No time-frame has been set for his return. A management plan will be determined following further specialist opinion over the coming days."

India are scheduled to play a Test match (carry over from previous series) along with six white-ball games in the month of July.

The 27-year-old Jofra, who last played international cricket in March 2021 in an away series against India, had undergone an elbow surgery and then made a comeback to county cricket for Sussex before suffering a stress fracture.

The last competitive match that he played was a T20 game against Kent at Hove.

The Barbados-born Jofra has so far played 42 international matches for England across three formats and has 86 wickets to his credit.

‘Mohsin will be playing for India soon’

PTI ■ NAVI MUMBAI

LSG skipper K L Rahul was relieved to finish on the right side of the result on Wednesday against Koilkata

Knight Riders.

"I should probably get paid more for games like these. Could easily have been on the losing side and have gone back home thinking we lost due to some poor cricket. Good way to finish the last game of the league season. Credit to both teams to make such a brilliant game of cricket.

"Can't say we held our nerves better because it was a matter of three runs. For Stoinis to execute those plans in the last two balls to get us the win, was brilliant," said Rahul.

He was also all praise for left-arm pacer Mohsin Khan, who returned with three wickets.

"Mohsin has been outstanding for us in the last few games. He's got the skills but the key thing has been his knowledge of when to use those skills.

"He'll be donning the Blue jersey soon the way he is going. India is always looking for left-arm pacers and he is right there," said Rahul.

Nikhat Zareen becomes World Champion

PTI ■ NEW DELHI

Indian boxer Nikhat Zareen lived up to the expectations as she clinched the coveted gold in flyweight (52kg) division with a facile 5-0 win over Thailand's Jitpong Jutamas in the final of the Women's World Championship in Istanbul on Thursday.

Capping off a stupendous campaign that saw her dominate all her rivals, the Telangana boxer out-punched her Thai opponent to win via unanimous verdict with judges scoring the bout 30-27, 29-28, 29-28, 30-27, 29-28 in her favour.

With this win, Zareen, a 2019 Asian Championship bronze medalist, became only the fifth Indian boxer to be crowned world champion. Six-time champion Mary Kom (2002, 2005, 2006, 2008, 2010 and 2018), Sarita Devi (2006), Jenny RL (2006) and Lekha KC (2006) are the other pugilists who have won the world title.

This is India's first gold medal in four years. Mary Kom (48kg) had won the last title in 2018. Incidentally, it was the legendary Mary Kom who had participated in the flyweight category

ry in the 2019 edition of the tournament.

Zareen had been refused a trial by the Boxing Federation of India (BFI), which decided to go by Mary Kom's consistent performances while making the choice and the Manipuri claimed her eighth world medal, a bronze.

The 25-year-old Zareen produced some beautiful combination of punches to outclass Jutamas.

Jutamas had a better start of the two but Zareen soon made up and took the upper hand. The first round was fought on an even keel but Zareen's blows were more powerful and her punches were eye catching.

The Indian took the first round comfortably but Jutamas made a strong comeback in the second.

The Thai boxer took advantage of her longer reach as she countered Zareen's attacks from a distance, while landing punches herself.

There was very little separating the two boxers but strength proved to be a key factor as Zareen used her powerful right hand and came up with beautiful combinations in the final round to seal the deal.

As the winner was announced Zareen was overcome by emotion and she jumped with glee and couldn't hold back her tears.

This is Zareen's second victory over Jutamas. She had got the better of the Thai boxer at the Thailand Open back in 2019 as well.

The Hyderabad pugilist has been in stellar form this year. She became the first Indian woman boxer to claim two gold medals at the prestigious Strandja Memorial in February.

Apart from Zareen's gold, Manisha Moun (57kg) and debutant Parveen Hooda (63kg) will return home with bronze medals.

A 12-member Indian contingent participated in the competition. While the medal haul has decreased by one, an Indian has been crowned world champion after four years.

India's best performance in the event remains the one in 2006 when the country snared eight medals, including four gold, one silver and three bronze.

India now have won 39 medals, including 10 golds, eight silver and 21 bronze in the Women's World Championships.

Chandimal, Dickwella help SL draw 1st Test

AP ■ CHITTAGONG

Bangladesh and Sri Lanka drew the first Test in Chittagong on Thursday after Dinesh Chandimal and Niroshan Dickwella hung on for the visitors in a vital seventh-wicket stand of 99.

On the fifth and final day the two teams settled on a draw 45 minutes before the scheduled close of play with Sri Lanka on 260-6 in their second innings.

Dickwella was unbeaten on 61 alongside Chandimal on 39 not out at the Zahur Ahmed Chowdhury Stadium.

Hosts Bangladesh made 465 in their first innings in reply to Sri Lanka's 397 as Tamim Iqbal (133) and Mushfiqur Rahim (105) played starring roles.

Player-of-the-match Angelo

Mathews hit 199 to form the backbone of the Sri Lankan first innings and Nayeem Hasan claimed 6-105 for Bangladesh.

On Thursday left-arm spin duo Tajjul Islam and Shakib Al Hasan had given Bangladesh hope of victory.

Sri Lanka skipper Dimuth Karunaratne made 52 off 138 balls before he gave a catch to his counterpart Mominul Haque

at midwicket off the dangerous Tajjul, who ended with figures of 4-82.

Shakib soon had Dhananjaya de Silva out for 33 off 60 balls as Mushfiqur took the catch, also at midwicket, leaving Sri Lanka reeling at 161-6.

Dickwella swept the next ball high but Tajjul could only manage to get a finger on it at square leg.

After the scare, he and Chandimal dug in at the crease before and after the tea break to stubbornly thwart the home side.

"We tried to do something differently and put them under pressure, but we played some poor shots and then we had to change tactics," Karunaratne said.

FRANKFURT BAG EUROPA GLORY

Eintracht Frankfurt beat Rangers 5-4 on penalties to win Europa League title

AP ■ SEVILLE

Eintracht Frankfurt beat Rangers 5-4 on penalties to win the Europa League on Wednesday after the final in Seville finished 1-1 at the end of extra time.

Aaron Ramsey missed for Rangers in the shoot-out after coming on as a substitute with only three minutes left of extra-time, before Rafael Borre struck the winning shot to complete Frankfurt's remarkable triumph.

Borre was the hero of the night, after already cancelling out Joe Aribo's opener for Rangers as Frankfurt won their first European trophy since 1980 and booked their place in next season's Champions League.

"We are all heroes. Without the fans we wouldn't have made it," said Frankfurt goalkeeper Kevin Trapp.

Both clubs were looking to win a second European title in their history, Rangers after clinching the Cup Winners' Cup in 1972 and Frankfurt after they lifted the UEFA Cup 42 years ago.

But Rangers came up just short at the end of an incredible run to the final. Only ten years ago this week, Rangers fell into administration before being liquidated and relegated to Scotland's bottom tier.

Frankfurt had already beaten Real Betis, Barcelona and West Ham en route to the final and they were probably deserving winners, shading a compelling contest that always seemed to lack real technical quality.

With a capacity of just under 43,000, Sevilla's Ramon Sanchez Pizjuan was never going to be big enough to house all the travelling fans, with Rangers bringing over an estimated 100,000 while around 60,000 followed Frankfurt to Spain.

The vast majority enjoyed the day in good spirits but security concerns were not unfounded, with skirmishes

breaking out in the city centre during the day on Wednesday while five German fans were arrested late on Tuesday night after police said 200 Frankfurt fans launched an attack on Rangers supporters.

It was a scruffy opening 15 minutes as Joe Aribo almost got away after a neat pirouette by Scott Wright before John Lundstram scraped his studs down the dipping head of

"WE ARE ALL HEROES. WITHOUT THE FANS WE WOULDN'T HAVE MADE IT," SAID FRANKFURT GOALKEEPER KEVIN TRAPP.

Sebastian Rode, leaving the Frankfurt captain with a bloody shirt that had to be changed and a head that had to be strapped.

The German team gradually took control, faster to the ball and slicker in their passing, suffocating Rangers, who were reduced to speculative punts forward to try to escape the press.

PRESSURE MOUNTING

Frankfurt's Ansgar Knauff went close, the penalty box opening up for the winger at the end of a winding run forward, only for Allan McGregor to tip wide.

Rangers had their moments and improved before the break as Lundstram's header had to be pushed over and Ryan Jack drove too high.

Frankfurt seemed rejuvenated for the start of the second half but it was Rangers who took the lead just before the hour, capitalising on two dreadful Frankfurt errors, each compounding the other.

First, Djibril Sow misjudged a header in midfield, sending it back behind his own defence for the lively Aribo to latch onto, and then as Frankfurt's Tutu

chased, he slipped, gifting a free run to the Rangers striker, who calmly slotted home.

Lindstrom might have equalised almost immediately but his finish was blocked and then Daichi Kamada looped onto the roof of the net when Rangers had failed to clear.

The pressure was mounting and in the 69th minute, it told, as Filip Kostic was given too much space out wide to cross and then in the middle, Connor Goldson and Calvin Bassey both hesitated to clear. Borre nipped between them and prodded in.

There were precious few opportunities in the final minutes but the contest became stretched in extra-time, with Borre almost capitalising on a

Bassey stumble.

Rangers were the better team in the second period and their golden chance came in the 118th minute as the sprinting Ryan Kent arrived at the back post but somehow hit keeper Trapp from five yards.

To penalties, and the Rangers fans roared when the coin toss put the shoot-out at their end. James Tavernier, Steven Davis and Scott Arfield all scored for Rangers as did Frankfurt's Christopher Lenz, Ajdin Hrustic and Kamada, whose shot squeezed in off the post.

But Ramsey fired too straight, hitting Trapp's left foot and after Kostic and Kemar Roobe converted, it was up to Borre to finish it. He made no mistake.

OFFICE OF THE MARKET COMMITTEE MADLAUDA PANIPAT(0180-2584243)

PUBLIC NOTICE

It is for notice of general public that the Market Committee Madlauda has allotted plot no. 39 size 15x37.5 to Charanj Lal S/o Chandan Lal vide its allotment letter 496-497 dated 10-05-1983. Market Committee has transferred plot no. 39 in favour of Jeet Ram S/o Sh. Chandan Lal as per court decree order and executed conveyance deed in favour of Jeet Ram S/o Sh. Chandan Lal. Now Ramesh chander Bansal & Ved parkash Bansal both the son of Sh. Jeet Ram S/o Sh. Chandan Lal has made a request for transfer of shop no.39 to them after saying that Sh. Jeet Ram has passed away on 17-09-2002. He has already registered her will vide Vaska No. 446 dated 29-12-1999 in which it is mentioned that Shop no. 39 is given to Sh. Ramesh chander Bansal & Ved parkash Bansal as share of property being legal heirs. So, if anybody has any objection in this transfer i.e. shop no. 39 to the above-mentioned legal heirs i.e. Ramesh chander Bansal & Ved parkash Bansal as per his registered will, they can submit their objections to the office of Market Committee, Madlauda in writing with proofs within 30 days of publication of this notice. Otherwise, it is assumed that there is no objection in this transfer and shop no. 39 will be transferred in the name of Ramesh chander Bansal & Ved parkash Bansal. No objection will be entertained after the expiry of 30 days.

Secretary cum EO Market Committee Madlauda
