can't punish them: SC

Treat sex workers with dignity, don't abuse them, verbally or physically, apex court orders police

PIONEER NEWS SERVICE ■ NEW DELHI

In a landmark judgment that will come as relief for millions of sex workers, the Supreme Court has decided to provide legal protection to them and directed police forces in all States and Union Territories to treat them with dignity and not to abuse them, verbally or physically.

"Sex workers are entitled to equal protection of the law. Criminal law must apply equally in all cases, on the basis of 'age' and 'consent'. When it is clear that the sex worker is an adult and is participating with consent, the police must refrain from interfering or taking any criminal action," a three-judge Bench led by Justice L Nageswara Rao said.

The court passed the order exercising its special powers under Article 142 of the Constitution.

The court said the constitutional protection that is given

to all individuals in this country shall be kept in mind by the authorities who have a duty under the Immoral Traffic (Prevention) Act, 1956.

Any sex worker, who is a victim of sexual assault, should be provided with all facilities available to a survivor of sexual assault, including immediate medical assistance, in accordance with law, it said.

The court held that the child of a sex worker should not be separated from the mother merely on the ground that she is in the sex trade.

"Basic protection of human decency and dignity extends to sex workers and their children," the court noted.

verbally and physically, subject them to violence or coerce them into any sexual activity," said the SC.

The court also directed the police not to discriminate against sex workers who are subjected to sexual offences and provide them with every facility, including immediate medico-legal care.

The court also said the Press Council of India should be urged to issue appropriate guidelines for the media to take utmost care not to reveal the identities of sex workers, during arrest, raid and rescue operations, whether as victims or accused and not to publish or telecast any photos that would result in disclosure of such identities.

Besides, the newly introduced Section 354C, IPC which makes voyeurism a criminal offence, should be strictly enforced against electronic media, in order to prohibit telecasting photos of sex workers with their clients in the garb of capturing the rescue operation," it said.

It also directed the State Governments to do a survey of shelter homes so that cases of adult women detained against their will can be reviewed and processed for release in a time-bound manner.

Tamil language eternal, its
culture global, says Modi

PM takes swipe at KCR, says 'parivaarvadi' greatest enemy of democracy

PTI ■ CHENNAI/
HYDERABAD/BENGALURU

Prime Minister Narendra Modi on Thursday praised Tamil Nadu as a special place and lauded the Tamil language as eternal and its culture as global.

In his address after inaugurating new completed projects and laying foundation stone for fresh schemes in various sectors, including housing, Modi quoted a popular verse of nationalist poet Subramania Bharathi and said in every field someone from Tamil Nadu was excelling.

Recently, Modi said he had hosted the Indian Deaflympics contingent at his residence. The PM said this time it was India's best performance in the tournament. "Do you know out of the 16 medals we have won, a youngster from Tamil Nadu had a role in 6 of those medals and this is among the best contribution to the team."

He referred to the Subramania Bharathi chair at the Banaras Hindu University in his Varanasi constituency and the full funding to the Central Tamil Classical

PTI

Institute by the Centre.

Underscoring the National Education Policy, he said technical and medical courses can be pursued in local languages

and youngsters from Tamil Nadu could benefit from this.

Earlier, Modi and Telangana Chief Minister K Chandrasekhar Rao on

Thursday took apparent potshots at each other, even as the TRS supreme gave a miss to the PM for the second time in a year during an official visit to his State.

While Modi lashed out at family politics saying "parivaarvadi" is democracy's "greatest enemy," KCR, who flew to Bengaluru to meet former PM HD Deve Gowda, said despite "bhaashanbaazi" (rhetoric), industries were closing down, the nation's GDP was crashing and the rupee was falling drastically compared to the US dollar and said all sections of the society were suffering.

In Chennai, Modi said India is providing all possible support to the economic crisis-hit Sri Lanka including financial, fuel, food, medicine and other essential items and recalled that he was the first Indian Prime Minister to visit Jaffna earlier.

Pointing to the new schemes, including those launched and foundation stone for new projects, he said the Bengaluru - Chennai Expressway would connect two key centres of economic growth.

Tamil Nadu Governor RN Ravi, Chief Minister MK Stalin and Union Minister L Murugan among others participated in the event, held coinciding with the PM's maiden visit to Tamil Nadu after the DMK came to power last year.

After babu's dog row, players'
time in stadium extended

Revenue Secretary, his wife shifted out of national Capital

STAFF REPORTER ■ NEW DELHI

After reports surfaced that athletes at Delhi's Thyagraj Stadium were forced to cut short their practice because an IAS officer sought to walk his dog there, the Arvind Kejriwal-led Government on Thursday ordered all stadiums to remain open for players till 10 pm.

The order came after reports of Delhi Revenue Secretary Sanjeev Khirwar using the Thyagraj Stadium to walk his dog surfaced. Athletes were allegedly asked to wind up early to facilitate the walk. Delhi BJP demanded an action against Khirwar.

Chief Minister Arvind Kejriwal said the Government is issuing instructions to all sports facilities to stay open for sportspersons till 10 pm.

"It has come to my notice that sportspersons are facing

problems because of the heat and the stadiums get closed by 6 or 7 pm. We are issuing instructions that all sports facilities should remain open till 10 pm so that the sportsperson can use them," Kejriwal told reporters.

On Thursday evening Khirwar, a 1994 batch IAS officer, was transferred to Ladakh. His wife Rinku Dugga, a 1994 batch IAS officer, has been transferred to Arunachal Pradesh. Sources said that the Centre has taken his conduct at Thyagraj Stadium seriously.

Earlier, Delhi Deputy CM Manish Sisodia on Thursday tweeted that the Chief Minister has extended the timings of all stadiums in Delhi till 10 pm.

"News reports have brought to our notice that certain sports facilities are being closed early causing inconvenience to sportsmen who wish to play till late night.

Kejriwal has directed that all Delhi Government sports facilities to stay open for sportspersons till 10pm," Sisodia tweeted.

Meanwhile, stadium administrator Anil Chaudhury denied the allegations and said official timings were being adhered to.

Terming it shameful, Minister of State for Housing and Urban Affairs Kaushal Kishore said, "It's shameful that sportspersons have to empty the stadium (Delhi's Thyagraj Stadium Complex) premises because an IAS officer wants to walk with his dog. The officer should apologise. This is a misuse of his authority."

Earlier the Delhi BJP had demanded action against Khirwar for forcing the players to vacate the stadium. The service department comes under the Lieutenant Governor.

Noted activist and lawyer Prashant Bhushan wrote, "Wow! Stadium is emptied, athletes told to leave, so that Delhi Govt's Principal Secretary Revenue Khirwar can walk his dog! Certainly an appropriate babu to serve the Aam Aadmi Party Government."

Will turn Delhi into City of Joy: LG

Saxena takes oath as 22nd LG of Delhi

STAFF REPORTER ■ NEW DELHI

Former chairperson of Khadi and Village Industries Commission (KVIC) Vinai Kumar Saxena on Thursday took oath as the 22nd Lieutenant Governor of Delhi.

In a glittering ceremony at Raj Niwas, Saxena was administered the oath of office and secrecy by the acting Chief Justice of the Delhi High Court, Vipin Sanghi.

"I want to tell Delhi people that I will work as a local guardian rather than the Lieutenant Governor," Saxena said after taking the oath.

"I will be more visible on roads than at the Raj Niwas," he told reporters. "Having taken the oath, I want to tell every citizen of Delhi that I will not be their 'Lieutenant Governor'; instead, I will be their 'local guardian'. I will always be on the streets of Delhi to work for

Lt Governor of Delhi Vinai Kumar Saxena with Delhi Chief Minister Arvind Kejriwal and Chief Justice of Delhi High Court Justice Vipin Sanghi during the former's oath-taking ceremony as the 22nd Lt Governor of Delhi, at Raj Niwas in New Delhi on Thursday

Ranjan Dimri | Pioneer

the betterment of the city," the LG said.

"It is a harsh reality that Delhi is considered one of the most polluted cities of the world. Also, the city faces a major problem of traffic jams. With the support of Delhi Government, the Central Government and with the

cooperation of each one of you, we will work to get rid of traffic jams and make Delhi free of all pollution, be it air pollution, water pollution or noise pollution. With the mantra of 'Sabka Sath, Sabka Vikas aur Sabka Vishwas' we will make Delhi the City of Joy and the City of Flowers," the

LG said.

Saxena also spoke about recent incidents of communal riots in the city and recited a poem to give a message of love and peace, asking people to let go of violence. He asked people to forget past violence and bloodshed and show the world their love for the country.

4 more pilgrims die
in Kedarnath, toll 41

PNS ■ DEHRADUN

Four more pilgrims died in the inhospitable climate of Kedarnath on Thursday, raising the death toll to 41.

If 13 deaths reported from Badrinath and 24 deaths reported from Yamunotri and Gangotri till Wednesday evening are added to it the number of deaths in the Char Dham yatra has soared to 78.

All four deceased were over 60 years of age, said Rudraprayag Chief Medical Officer BK Shukla.

They were identified as Nandu, 65, from Nalanda in Bihar, Haridwar Tiwari, 62, from Balrampur in Uttar Pradesh, Ram Narayan Tripathi, 65, from Lucknow, and Hemraj Soni, 61, from Bara in Rajasthan. Yamunotri has reported 20 deaths and Gangotri four.

BJP launches events across States
to celebrate 8 years of Modi Govt

PIONEER NEWS SERVICE ■ NEW DELHI

As Prime Minister Narendra Modi was busy in public rally and road show down South, the Central Ministers on Thursday fanned out across different States to launch celebratory programmes marking eight years with Modi at the helm.

Vignettes of political journey of Modi, 72, and the theme of him "turning himself to Pradhan Sevak" in the last eight years as he "served" the nation as Prime Minister would be splashed through the print and television media, including the national broadcaster, according to party sources.

Centre 'hoodwinking' its own
people with jumlas: Congress

PIONEER NEWS SERVICE ■ NEW DELHI

The Congress on Thursday attacked the Modi Government on its eighth anniversary alleging that this period has been marked by misery and misgovernance with high inflation, low employment and communal polarisation being the hallmark. The party alleged that the promise of "achche din" made to people has only turned out to be "achche din" for the BJP and a select group of crony capitalists and industrialists whose wealth has increased manifold.

The Congress also released a booklet in Hindi "8 saal, 8 chhal, BJP Sarkar Viphal" (8 years, 8 deceptions, BJP government failed) to highlight, what it called, the "failures" of the BJP Government on various fronts.

Senior Congress leaders Ajay Maken and Randeep Singh Sujrewala release a booklet at AICC headquarters in New Delhi on Thursday

PTI

Addressing a joint press conference here, Congress chief spokesman Randeep Surjewala and former Union Minister Ajay Maken claimed the BJP Government has broken all records of "hoodwinking" its own people with

fake "jumlas" and slogans during its eight years of rule. Maken also invited the Prime Minister to come out and debate with facts to counter the claims of "failures" made by it against the BJP Government.

Punjab top performer in nationwide learning outcome levels survey

MONIKA MALIK ■ CHANDIGARH

For the Aam Aadmi Party (AAP) Government in Punjab, Delhi schools have been nothing less than ideal. Ever since the party came to power in the State, it has been talking about opening a new chapter in education by following the “Delhi model of education”. But ideal, it now appears, is not perfect after all. For, Punjab has emerged as the top performer state in the nationwide learning outcome levels survey — National Achievement Survey (NAS)-2021.

As per the NAS report, released by the Union Education Ministry on Wednesday, Punjab has outsmarted Delhi in all subjects for all classes (III, V, VIII, and X) covered in the survey. In fact, Delhi has scored less than Punjab in all subjects, including English, in which Punjab stands third after Chandigarh and Goa for Class X. Moreover, Punjab's average score in English for Class X is also 330 out of 500, against Delhi's 321.

Across all classes, Punjab has consistently featured among the top-performing states with the highest mean score (average of the total marks that all students got in the particular subject) for almost all subjects across all

CHANDIGARH'S EDUCATION SYSTEM BEST AMONG UTs: NAS

Chandigarh: The Union Territory (UT) of Chandigarh secured top position among the union territories (UTs) in the periodical National Achievement Survey (NAS) for Classes 3 and 5. The survey has been conducted by the National Council of Educational Research and Training (NCERT) since 2012 across all states and UTs. As per the report, the average score of Chandigarh is higher than the National average in all classes and subjects, the UT official said.

In the statement, the UT official further said that as per scaled score, out of 500, Chandigarh got first position in class 3 with the score of 335 in language and 311 in Maths, second position in EVS with the score of 313. In class 5, Chandigarh secured 1st position with the scaled score of 326 in language and 295 in Maths and 2nd position in EVS with the score of 293. It further stated that the performance of Chandigarh has improved over the previous NAS for classes 8th & 10th. Chandigarh has been ranked 1st position amongst all UTs in class 8th in all the subjects i.e. 334 in language, 285 in Maths, 285 in Science, 287 in Social Science. Similarly, in class 10th, Chandigarh has scored 290 in Modern Indian Language, 261 in Mathematics, 260 in Science, 287 in Social Science and 345 in English. It should be mentioned here that NAS uses a representative sample of students carefully designed to fit the group being assessed. It is not an examination but checks the general health of the education system. The findings from this survey are used as inputs in policy, planning and designing pedagogical intervention to improve the students' learning outcomes at the district, state and national levels. It is organised for Classes 3, 5, 8 and 10. PNS

classes.

Punjab has also scored more than the national average in all the subjects. That was not all! Punjab has also topped in the average score in 10 of the 15 categories, leaving behind other states including Delhi.

The national-level survey

assesses the health of the school education system in the country by conducting an evaluation of children's learning competencies in Classes III, V, VIII, and X with a cycle period of three years. The previous NAS was held in 2017. The survey was conducted by the National

	National Average	Punjab	Delhi
Class III	59%	71.4%	48.7%
Class V	49%	61.7%	45%
Class VIII	41.9%	53.8%	43.6%
Class X	37.8%	50.6%	45.4%

Council of Educational Research and Training (NCERT) — the Union Government's top advisor on the curriculum — in 22 languages. Children were tested on language, mathematics, and EVS for Class III and V; language, mathematics, science, and social science for Class VIII; and language, mathematics, science, social science, and English for Class X. Punjab recorded the highest mean scores in the language in Class III at 355, while it scored the highest 339 in mathematics. On the other hand, Delhi emerged among the five states with the lowest mean score in mathematics. For Class V, Punjab also has the highest scores among states in language and mathematics. In Class VIII also, Punjab tops with the highest mean score of 338 in language, and 297 in mathe-

matics, while retaining the top position in Science and Social Science also.

For class X, Punjab recorded the highest mean score with 288 out of 500 in modern Indian languages, followed by neighboring Haryana (284) and Delhi (283) in second and third place. In Mathematics for Class X, Punjab again topped the charts with a fairly healthy lead over other states in the mean score for mathematics. In social science, Punjab recorded the highest mean score with 270; while in English, Goa emerged as the top performer recording a mean score of 338, followed by Punjab (330) and Delhi (321). The findings of the nationwide survey have put a big question mark on the AAP's claims of having the “best education model” in the country, and its criticism of Punjab's poor education infra-

structure. Notably, Punjab Chief Minister Bhagwant Mann and also the state Education Minister Gurmeet Singh Meet Hayer, have all along been giving a push to implement the Delhi model of education in the state. AAP leaders, even after coming to power, have been highlighting the poor condition of the state government's schools, while showering all praise on Delhi's school infrastructure.

AAP leaders, including the Chief Minister, have been blaming the successive governments for their failure to improve the state's education sector over all these years, while blaming the SAD, BJP, and the Congress for government schools' dismal condition.

Moreover, Mann along with his team of officers and some Ministers have also visited Delhi's schools. Later, during an interaction with school principals from across the State held recently in Ludhiana, Chief Minister had announced to soon implement Delhi's model of education in Punjab by implementing decisions like sending teachers abroad for training. The NAS, at the national level, tested 34.01 lakh students from 1.18 lakh schools from Class III, V, VIII, and X. As many 1.17 lakh students were tested from 3,656 schools, including government and private both, in Punjab.

Haryana Home Minister stops heavy vehicles flouting NH lane norms

PNS ■ CHANDIGARH

In the backdrop of increasing road accident on national highways, Haryana Home Minister Anil Vij, accompanied by Ambala superintendent of police Jashandeep Singh Randhawa and other senior police officials, stopped and fined overloaded trucks and heavy vehicles that were violating lane-norms on the Ambala-New Delhi national highway on Thursday. Vij stepped out of his official vehicle, signalled heavy vehicles to stop and asked the police officials to issue challans to those violating traffic rules. The Home Minister also issued directions to district police chiefs to strictly enforce traffic rules and regulations, especially in terms of heavy vehicles movement on the national and state highways. Talking to journalists, Vij said, “In Haryana, around 10,000 road accidents take place annually. About

5,000 people lose their lives in road accidents and approximately 9,000 are injured annually. All this happens because of not following traffic rules and regulations. We do not want to ensure strictness, but at the same time we want motorists to follow traffic rules and regulations. We are installing automatic-speed-capturing/monitoring cameras on all the highways across Haryana. About 20 cameras have already been

installed on the Ambala-Delhi national highway stretch.” Vij further said, “In a survey, we have found that the majority of road accidents take place because heavy vehicles are not following their designated lanes. Today, on the national highway, I found three-four trucks or heavy vehicles being driven parallel on the highway. That is why I stopped my convoy, got down on the road and ensured that such violators are challaned..”

Faridkot jail superintendent suspended after video shot by inmate went viral

PNS ■ CHANDIGARH

The services of Faridkot Modern Jail superintendent Joginder Pal was placed under suspension on Thursday a day after a clip of Canada-based gangster Sukha Duneke's aide, making a video call from the jail, was widely shared on social media. The information was shared by the state Jails Minister Harjot Singh Bains on

his official Twitter handle stating that the government has suspended Faridkot Central Modern Jail Superintendent Joginder Pal over a video of a prisoner housed in the jail barracks going viral. “Faridkot Jail Superintendent is suspended after video of prisoner from jail went viral. Govt has already issued strict orders to stop the usage of Mobile Phones in Jails,” he tweeted. In the viral

video, the accused, Karan Sharma, can be seen talking to someone on a video call from his barrack and he was also seen showing him around. In the video clip, only a few seconds long, Sharma is seen lip-syncing a Punjabi song that glorifies being in jail, inside the barracks. Later, the video was shared on Instagram. Notably, the police, a day before, had booked Karan Sharma, currently lodged in Faridkot jail, under the Prisons Act after a mobile phone was recovered from him. Faridkot police, the previous month, had arrested three members of the Davinder Bamba and Sukha Duneke group.

Punjab govt to table one MLA, one pension Bill in Budget Session

PNS ■ CHANDIGARH

To give a final shape to one of its first major decisions aimed at saving crores of rupees annually, Punjab Government will now table a bill for ‘one-MLA, one-pension’ rule in the upcoming Budget session, expected to be held in the second week of June.

Notably, the State Cabinet had, on May 2, approved an ordinance limiting only one pension for each legislator—a move expected to save around Rs 19.53 crore annually. The ordinance was later sent to the Governor Banwari Lal Purohit for his assent.

However, the Governor has now returned the ordinance while asking the State Government to place the Bill in the upcoming Budget session. It may be mentioned that an Ordinance is usually brought in when the next Vidhan Sabha session is to be conducted

11 Jails in Haryana to have petrol pumps operated by inmates

PNS ■ CHANDIGARH

In an initiative aimed at prison reforms 11 jails in Haryana will soon have petrol pumps to be operated by inmates. The first of these filling stations will be opened in Kurukshetra on May 31, said Haryana Jails and Power Minister Ranjit Singh Chautala. In Chandigarh, he said that the state government is now making concerted efforts to bring about a change in the mindsets of the prisoners in jails so that people have more faith in them.

after two-three months. With the session set to be held in June, the Governor has asked the Government to take it up as the Bill.

Days after taking over as the Chief Minister in March, Bhagwant Mann had announced that all former MLAs would get pension for only one term, doing away with the practice of drawing the benefit for each term served by them.

However, with the Governor withholding his assent to the ordinance for the same, all the former MLAs will continue to get the multiple pensions as per the previous rules.

As of now, the State Government was paying Rs 18 crore annual pension to as many as 241 former MLAs. In fact, some of the former legislators were getting pension as much as Rs three lakh per month. The Cabinet, in its

meeting on May 2, had also approved amendment to Clause 3(1) of ‘The Punjab State Legislature Members (Pension and Medical Facilities Regulation) Act, 1977’ to give MLAs of Punjab Vidhan Sabha one pension (irrespective of number of terms served) at new rate of Rs 60,000 per month plus dearness allowance (as applicable to the pensioners of Punjab Government).

This is instead of present provision according to which a member is being paid a pension of Rs 15,000 plus DA thereon (as admissible to the Punjab Government Pensioners) for the first term, and an additional pension of Rs 10,000 plus DA thereon for every subsequent term.

Once the Act is passed, Punjab's each legislator would get only one pension of Rs 75,150 per month, irrespective of the terms for which he gets elected.

Warring seeks lifting of ban on wheat export, writes to PM

PNS ■ CHANDIGARH

Punjab Congress president Amarinder Singh Raja Warring on Thursday demanded lifting of ban on the export of wheat from the country. Warring, in a letter to the Prime Minister Narendra Modi, said that the ban needs to be reconsidered since the country has already adequate buffer stocks available and there is a growing demand in the international market for wheat. The state Congress chief also urged Punjab Chief Minister Bhagwant Mann to take up the matter with the Prime Minister

as the ban on export of wheat has caused maximum loss to Punjab farmers. “Godowns and warehouses across the country are full to the capacity and a considerable quantity of wheat is rotting. In fact, this has been happening for a long time”, he said, adding that now was the time when India could export surplus wheat to the needy countries when supplies from Russia and Ukraine have completely stopped due to the war. Warring pointed out that there was a growing demand for wheat from many countries and the prices had gone up.

Punjab, UK agree to tie up in agriculture, IT, food processing, higher edu, sports, public transport

PNS ■ CHANDIGARH

Punjab and the United Kingdom (UK) on Thursday agreed for further tie up in agriculture, Information and Technology (IT), food processing, higher education, sports, public transport (Electric buses), and biomass sectors.

The decision was taken during a meeting between Punjab Chief Minister Bhagwant Mann with British High Commissioner Alex Ellis, who called on the former at his official residence on Thursday morning.

During the meeting, it was agreed that there is a huge potential of collaboration between Punjab and UK in these sectors. The Chief Minister said that hard working and resilient Punjabis have already made a mark in these sectors. However, he said that the advanced technology by UK will be helpful in further harnessing the hidden poten-

tial in these sectors.

Extending a red carpet welcome to British investors in the state, the Chief Minister said that the State Government will ensure single window online clearances to all the desirous investors in the state. Punjab government will ensure that the investors will get smooth and hassle-free mechanism to invest in the State, he said.

Mann said that he is already in touch with a large number of prospective investors from the UK who are interested in investing in the state.

Flagging the issue of direct flight from Chandigarh to London Heathrow Airport, the Chief Minister said that it will facilitate the passengers from five states in general and that of Punjab in particular. “This flight will act as a window for Punjabis to the western world...a number of airlines are already in touch with him for starting their flights once it gets

approval,” he said.

Responding, the British High Commissioner assured the Chief Minister of all possible help in this regard. He said that UK is very keen in firming up investment with the State in these key sectors. Ellis

MANN SEEKS GER-

MAN COMPANIES' SUPPORT TO PUT PUNJAB ON HIGH GROWTH TRAJECTORY

Giving a red carpet welcome to the German investors by projecting Punjab as land of opportunities, Chief Minister Bhagwant Mann on Thursday sought their support to put the state on a high growth trajectory of industrial development.

Mann, during a meeting with Minister Economic and Global Affairs German Embassy Dr Stefan Koch and Head of Energy India Dr Winfried Damm, said that expertise of Germans in engineering, energy, and biomass besides others is acclaimed world over. “Punjab will be happy to tie up with the Germans in these fields along with other sectors of investment. The State Government is committed to emerging Punjab as a frontrunner state in industrial growth,” he said. The Chief

Minister said that Punjab has already emerged a mechanism wherein the State Government provides single window clearances to the industry in the State along with a special nodal officer to speed up these clearances. The investors, desirous of investing in the state, can apply for the clearances online which will be given in an expedite manner, he said. Mann said that besides being a peaceful state with good weather conditions, Punjab has zero tolerance against corruption due to which the investors can be facilitated largely. The Chief Minister said that Punjab is ready for forming a cluster for setting up of especially German industry in the state. “The State Government is committed to putting the state in high growth trajectory for which they are ready for hand holding of investors in the early stage. Already several important projects of German investors are in the pipeline in the state,” he said.

BRIEFS

Himachal Pradesh govt approves 18 investment projects

Shimla: The Himachal Pradesh government on Thursday approved 18 investment projects worth Rs 918.08 crore, a statement issued here said. The 23rd meeting of State Single Window Clearance and Monitoring Authority (SSWC&MA) chaired by chief minister Jai Ram Thakur approved 18 project proposals for setting up new industrial enterprises and expansion of existing units involving total proposed investment of approximately Rs 918.08 crore and employment potential of about 2,520 persons. PNS

Drugs ruining Haryana youth: Hooda

Chandigarh: Former CM and Leader of Opposition Bhupinder Singh Hooda on Thursday expressed concern over the increasing use of drugs and intoxicants in Haryana. He alleged that youth of the state are constantly getting caught in the grip of drugs and crime, while the BJP-JUP government is sitting as a mute spectator as youth of the state are falling victim to intoxication. The former CM said not only in Sirsa, Fatehabad, Kaithal, Jind, Ambala, Hisar, Rohtak, Gurgaon, but the menace of addiction is also spreading all over the state in a worrying manner. PNS

10 hi-tech nurseries to be set up in Haryana in one year

Chandigarh: To conserve the environment and increase forest area, tree plantation will be done on an area of 2070 hectare and 10 new hi-tech nurseries will be set up. Besides this, natural regeneration of forests will be done on an area of 600 hectares, said Haryana Chief Secretary Sanjeev Kaushal during the 5th meeting of the Steering Committee of the Haryana State Forest CAMPA (Compensatory Afforestation Fund Management and Planning Authority) held under his chairmanship in Chandigarh. In the meeting the Annual Plan for the year 2022-2023 costing Rs 282 crore was approved under which survey and mapping of the areas prone to fire incidents, compensatory afforestation work, soil and moisture conservation, wildlife management work will be done. PNS

Soil health cards to be distributed to 75 lakh farmers in Haryana

Chandigarh: Haryana Additional Chief Secretary, Agriculture and Farmers' Welfare Department Sumita Misra said that under the 'Har Khet-Swasth Khet' Abhiyan, about 75 lakh soil samples will be taken from cultivable land in 140 blocks in the State. Besides this, soil health cards will be distributed to 75 lakh farmers. Dr. Sumita Misra shared this information during the launch of the portal of the state government's ambitious campaign 'Har Khet-Swasth Khet' in Chandigarh. On this occasion, she also released the book 'Margdarshika' having detailed information on soil sample collection and analysis of the 'Har Khet-Swasth Khet' campaign. PNS

Punjab to set up IT Skill Centers in rural areas

Amritsar: Punjab Government would set up IT Skill Centers in the rural areas across the state to prevent the youth from going abroad and to stay here and work for foreign firms. The state Rural Development and Panchayats Minister Kuldeep Singh Dhaliwal, after visiting the IT company Simba Cart at Tangra on Thursday, said that it is, therefore, imperative to strengthen the IT sectors in the villages, and at the same time, strengthen the village infrastructure. Dhaliwal, interacting with the media persons, said that Mandeep Kaur, a resident of Tangra, has taken a bold step by establishing an IT Cell in this town and has provided employment to the youth of the village. He said that youth from rural areas were migrating to foreign countries and the Punjab Government was trying its best to provide employment opportunities to them here. The model implemented by this daughter Mandeep Kaur in rural areas would be implemented in the entire Punjab so that Punjab's youth could be kept abreast of the latest technology. He said that this would give a major impetus to the rural economy. PNS

PSPCL terminates meter reader after viral video of corruption

Patiala: The services of Balwinder Singh, meter reader, has been terminated after a video went viral in which he was seen taking a bribe from a consumer in village Chuhar Chak in Moga a day before, yesterday. A release said that PSPCL management has taken a serious note of the misconduct and malpractice of the meter reader who was employed on contract by competent synergies private limited, handling the contract of spot billing of electricity consumers in Punjab. Competent Synergies has terminated the services of Balwinder Singh. “PSPCL has taken a serious note of this lapse and any kind of corruption at any level shall not be tolerated,” the statement said. PNS

Five held for demanding Rs 50 cr extortion in Rewari

Chandigarh: Haryana Police on Thursday said it has busted a gang involved in demanding extortion of Rs 50 crore from a trader in Bawal industrial town in Rewari district with the arrest of five people. A Haryana Police spokesperson said the accused have been identified as Anil alias Mulia, Sandeep, Sonu, all residents of village Khera Murar, Sumit of Gurjar Majri and Ravindra alias Golu of Banipur village. A motorcycle used in the crime and a country-made pistol were also recovered from them. Rahul Batra, a sanitary and tiles trader, in his complaint had alleged that on May 24 afternoon, three youths on a motorcycle had reached his shop and threatened him to pay Rs 50 crore as extortion. They also opened fire at Batra when he resisted, but he narrowly escaped the attack. After he lodged the complaint, police arrested the accused with the help of CCTV cameras, the spokesperson added. Punjab Sports Minister hosts Arshdeep Singh and family for dinner

Chandigarh: Punjab Sports Minister Gurmeet Singh Meet Hayer has lauded the Punjab fast Bowler Arshdeep Singh for selection into the National team. Hosting the cricketer and his family for dinner at Punjab Bhawan, the Minister said that the selection of Arshdeep would inspire other youth of the State to excel. He also told Arshdeep that he himself desired to be a cricketer in his childhood as he was greatly interested in the sport which he often used to play. The Minister expressed hope that now Punjab would perform even better in the Ranji Trophy, adding that the state government is undertaking every effort to boost sports in the State so as to make Punjab number one in sports again in the country. PAPER WITH PASSION

Rule of the gun

The Robb Elementary School carnage again raises the issue of gunman fetish among America's youth

The American myth is turning on itself. Pet phrases, like the "world's policeman" or the post-9/11 "world's soldier", are boomeranging. A larger-than-life portrayal of the American Marine in Hollywood and addictive video games has acquired bloody connotations. The American "Special Operator", who is the quintessential symbol of the "American way of life", is the latest Frankenstein. And, it is now happening in Texas, the land of the self-claimed frontiersmen, those buccaneers who still wear cowboy hats and boots and ride horses, the guns and rifles and repeaters completing their macho image. The latest incident of mass killings in Uvalde, Texas, on Tuesday gives Americans a long-overdue wake-up call: The previous mass killers were labelled as Islamist jihadists, white supremacists or right-wing local terrorists. Today's American killer is nothing of that sort. Mostly male, he is an ordinary citizen with a neighbourly attitude that hides the ghosts of penury or social ostracism, a generally wasted life or a pitifully impaired mental status. The killer, ashamed of his situation, decides to get justice the only way he knows: By the gun. But first, the would-be killer has to get into the role. He chooses the image that hits him from every TV screen, chewing gum wrapper, muscle-building whey tin, and film, in fact from every advertisement in the US: the macho, gun-toting American vigilante. So, he acquires the tactical battle uniform including the hat, vest, gloves and cargo trousers, the toughest 'costume' Americans like him swear by.

The "Special Operator" must have thought a lot about the weapon. He chose the DDM4 Rifle, the civilian version of the military's M4 Carbine. Luckily, the civilian version does not switch to fully automatic; otherwise, more would have died. The AR-15 rifle and 375 bullets must have cost him between \$400 and \$2000, the holographic sight an additional \$700. The killer symbolises the current American fetish for the olive-green-clad American military superhero. The world got a hint of such looming disasters quite early in the Donald Trump era as these gun-toting mutants of the Special Ops Forces (SOFs) roamed the country in their pick-ups without purpose other than to advertise their trigger-happy right-wing attitudes. The world remembers the rioters who stormed the US Capitol this January on Trump's calling, wearing Kevlar and metal helmets and fancy weapons. Such "activists" fired bullets in the air to protest COVID mask mandates. They want to shoot guns and say they love America. The gunman fetish has come out of Waco; it is now mainstream. The armed pretenders are the foot soldiers of right-wing 'heroism', settling debts with bullets. The Republicans glorify gun culture; the Democrats make half-hearted attempts to ban it. It is the indifference that is costing that country today. The American mindset needs urgent formatting. It is not just about limitations on guns, but erasing the puffed-up machismo image that makes disturbed people take to guns. It is insulting democratic common sense to insist that owning guns is being liberal.

Slipping into abyss

Kerala is experiencing one blow after another in the LDF Government's second term in office

Swami Vivekananda, during his tour to Kerala in 1892, had described the province as a "lunatic asylum" as he was shocked by the vacuous communalism. The Kerala of 2022 needs an epithet stronger than what the renowned monk had used. Despite democratically electing India's first Communist Government and being a social, economic and educational model for the country, the State often spawns communal battle cries, threats and one-upmanship among religious leaders and organisations which even the Kerala High Court has described as "terrorist outfits". The threats and challenges touched a new high as a 10-year-old boy was used by the activists of Popular Front of India, an Islamic outfit, to raise slogans against Hindus and Christians. Though the slogans raised during a Republic Rally at Alappuzha last Saturday are not fit to print, it can be said that these were a blot on Kerala's psyche. Political murders, dowry deaths, student violence and drug trafficking have become regular features in the State's daily life. The CPI(M)-led Left Democratic Front Government under Chief Minister Pinarayi Vijayan, which retained power in the 2021 election, is clueless or suffering from selective amnesia since it assumed office last May.

This is the first time in four decades that a Government succeeded in retaining power for the second term in Kerala. Despite making a lot of sound and fury, Vijayan's second innings stands out because of its indifference to burning issues. Another news that shook Kerala's conscience pertains to a rape survivor who approached the Kerala High Court with the charge that the trial court has a hidden agenda to derail her case. The victim, herself a popular actress, had named Malayalam cinema's top actor Dileep as the prime accused in the 2017 case in which the latter hired a petty thief to rape the woman. A series of dowry deaths reported from various parts of the State has caused anguish in the mind of Governor Arif Mohammed Khan, who staged a day's fast as a mark of solidarity with the victims. Nothing is going right to date in the second tenure of the LDF Government. Meanwhile, the Chief Minister and his party colleagues accusing the rape survivor of playing politics has further shocked women in the State. Kerala deserves a much better deal than this sexist approach.

Upshot, prospects of Biden's Asia policy

There are several reasons why the Biden Administration's efforts to infuse a new movement in the ties with Asean assume huge significance

Amid a gloomy picture of the world order due to the Russian invasion of Ukraine, President Joe Biden has redirected his attention to deepening and consolidating America's ties with its allies and partners in Asia. In this context, the US hosted Asean leaders for a special summit on May 12-13 to take stock of its relationships. Biden paid a five-day visit to South Korea and Japan during May 20-24, launching a mega-regional economic plan for the Indo-Pacific.

While commemorating the 45 years of US-Asean relations, Biden declared the beginning of a new era in their relations. He argued that "a great deal of history of our world in the next 50 years is going to be written and the Asean countries and our relationship with you is the future in the coming years and decades". Undoubtedly, there are several reasons why the Biden Administration's political and others efforts to infuse a new movement in the ties with Asean assume huge significance. Of course, one factor that has dominated the US pivot to Southeast Asia is China's increasing footprints in the region through the Belt & Road Initiative, the Regional Comprehensive Economic Partnership.

Therefore, to contain China's influence and maintain its permeance in the region, it is imperative for the US to accelerate the level of cooperation with Asean. On the other hand, Asean countries have become alarmed at China's assertive posturing in the South China Sea. Consequently, they not only want strong American military presence in the region, but are also trying to increase trade and commerce with the US to reduce their economic dependability on China.

Sadly, President Donald Trump's unpredictable behaviour, the absence of Asean centrality in the Indo-Pacific strategy, the US withdrawal from the Trans-Pacific Trade Agreement created huge distrust among

Asean countries about the US' desire to invest in the relationship. The Biden Administration's decision to withdraw from Afghanistan, the initial ambiguity in its approach towards Russia's invasion of Ukraine and other issues only compounded Asean's apprehensions about the future direction of the relationship.

Expectedly, the special summit addressed certain critical issues of Southeast Asian countries. One, the US reiterated that its Indo-Pacific strategy will be Asean-centric. This acknowledgment was important because Asean has generated the concern that the US Indo-Pacific strategy will dilute its position in US policy towards Asia. Two, Biden also announced to invest \$150 million in new projects to bolster Southeast Asia's climate, maritime and public health infrastructure. Three, Asean countries, except Singapore, have adopted the policy of neutrality on Russia's invasion of Ukraine. This in turn signalled the decline of US influence in the region. Thus, before starting his Asia tour, Biden wanted to

BEFORE STARTING HIS ASIA TOUR, BIDEN WANTED TO SEND A MESSAGE TO RUSSIA AND CHINA THROUGH THE SPECIAL SUMMIT THAT THE US CONTINUES TO ENJOY CLOSE TIES WITH SOUTHEAST ASIAN COUNTRIES

send a message to Russia and China through the Special Summit that the US continues to enjoy close ties with Southeast Asian countries. At the same time, though the joint statement issued after the Summit did not mention the Russian invasion of Ukraine, Biden must have reportedly asked Asean members to take a tough stand on the Russia-Ukraine war.

On the other hand, during his Asia visit, the launch of Indo-Pacific Economic Framework during the second in-person QUAD Summit emerged as a major development. Ever since the reemergence of QUAD in 2017, formally known as Quadrilateral Security Dialogue, it has made huge progress. This can be gauged from the fact that the QUAD meeting was initially held at the junior bureaucratic level. Now, it is organised at different levels, including the heads of State. While QUAD has played a pivotal role in dealing with the COVID virus, the group has become the anchor of promoting a free, open, prosperous and secure

SUMIT KUMAR

Indo-Pacific. Addressing an overdue lacuna in the Indo-Pacific strategy, QUAD has launched Indo-Pacific Economic Framework. In turn, it will play a crucial role in limiting China's economic clout in the region.

Earlier, QUAD had shown hesitation in adding security issues to its priority. However, the launch of an Indo-Pacific Partnership for Maritime Domain Awareness (IPMDA) has indicated the willingness of the QUAD countries to foster security cooperation. The IPMDA will offer a near-real-time, integrated and cost-effective maritime domain awareness picture and help Quad members' allies as well to fully monitor their shores.

Of course, Taiwan appeared as a major issue on the priority list of Biden's visit to Asia. In fact, he said in no uncertain terms that the US would intervene militarily if Taiwan came under Chinese attack. This strong presidential statement, with the presence of the major Asian powers in Tokyo, certainly assumes huge importance, indicating the possible shift in the US' approach towards 'One China' policy. Thus, while the visit has crystallised the Biden Administration's readiness to lead the regional and global efforts to contain autocratic tendencies in Asia and beyond, it needs to be realised that the success of the Indo-Pacific strategy and QUAD singularly dependents on whether the US and other powers can protect Taiwan's independence or not.

Thus, while the US has indicated to end the policy of ambiguity on Taiwan, global and regional efforts must be channelised to make Taiwan an integral element of the Indo-Pacific Strategy and QUAD.

LETTERS TO THE EDITOR

AAP'S EXEMPLARY ACT IN PUNJAB

Sir — The news of a Minister of the AAP Government of Punjab indulging in corruption is in the headlines as well as the speedy action taken by the Punjab Chief Minister Bhagwant Mann on this corrupt Minister. Mann without delay dismissed the Minister from the Cabinet. In a way, such Ministers also have to be praised that as soon as their name cropped up in the bribery case, they accepted their mistake. But one thing is incomprehensible that how many days it has been since the formation of the AAP Government and it is very unfortunate to have such allegations against a Minister of a reputed department in as many days.

But the good thing is that the Minister did not take any recourse to power to save himself, as usually happens. Or say that the Government did not delay in paying compensation for the Assembly elections of Himachal Pradesh and Gujarat. The Punjab Government and AAP have proved by the immediate dismissal that the mobile number given to prevent corruption is working fine. It is a request to the Almighty that this number keeps working fine. Other State Governments should also provide similar numbers to the common man.

Rajender Kumar Sharma | Rewari

NEED TO BE REASONABLE

Sir — These days we find many discussions going on, some in favour and some against, about the release of Perarivalan, one of the accused in the Rajiv Gandhi assassination case. Some have even gone overboard to say that the Supreme Court has committed a grave mistake in releasing Perarivalan, thereby proving to be more Catholic than the Pope! It should not be forgotten that one of the senior inquiry officers has regretted that he had recorded Perarivalan's statement wrongly, thereby implicating him in the heinous crime.

Reputed legal luminaries, including Justice Krishna Iyer, have raised their

Cong must wake up to reality

Developments in the Congress, including prominent leaders like Kapil Sibal quitting it, have exacerbated the crisis it faces. Sibal announced that he had resigned from the Congress as he filed Rajya Sabha nomination papers with the Samajwadi Party's backing. Sibal's resignation has come as a big blow to the Congress, which is struggling to pick up the pieces after its lacklustre performance in the recent elections. Sibal is the fifth prominent leader to leave the party after Sunil Jakhar,

Hardik Patel, Ashwani Kumar and RPN Singh. The leadership is at a loss for how to tackle the exodus the party faces. In fact, Sibal had resigned from the party a day after the much-talked about conclave held in Udaipur, aka Chintan Shivir.

By his action, he has dropped a hint that he was dissatisfied with the brainstorming session in Udaipur. It may be recollected that Sibal was part of G-23, a group of dissenting Congress leaders who have been demanding radical changes in the party. Sibal's quitting the Congress is a wake-up call for the party. Its leadership must not take such desertions lightly. The party leadership needs to wake up to reality. A weak Congress party cannot counter the BJP even in the 2024 Lok Sabha elections. The party leadership needs to come out of the cocoon it is settled in and take immediate steps to rejuvenate it.

Venu GS | Kollam

voice in favour of release of Perarivalan confirming that he had only been arrested and kept in jail for three decades only out of suspicion. Can anyone of those who are opposing the release of Perarivalan categorically state that he was involved in Rajiv's assassination with unambiguous and authentic evidence? Let us give the benefit of the doubt to Perarivalan at least now after he has been made to waste his entire youth in custody and allow him to spend the rest of his life peacefully with his mother.

THE GOOD MORNING HABIT

Sir — Reading newspapers early in the morning along with a cup of tea is still a morning trend in India. Although in many families, newspapers have been replaced by mobile phones, there are many who recognise newspapers as a more reliable source of information. People believe that anything available on the internet may be untrue and to cross-check people prefer

newspapers or any other printed source (magazines, letter, etc). A newspaper has more advantages than disadvantages while it is the other way round in the case of smart phones. Newspapers increase reading skills, vocabulary, general knowledge and don't affect one's eyesight.

We can get newspapers to update ourselves on various current issues and news from across the world. These are handy items, made of papers and, therefore, eco-friendly and easy to recycle. Most importantly, it is the easiest and cheapest source of information. Entertaining things like puzzles, stories and crosswords are also available in a newspaper. The Indian Readership Survey (IRS) reveals that newspaper readership at the end of Q1 of 2019 has grown to 425 million. The trust which the people have for print media can never be replaced by any other source.

QUAD LEADERS' SUMMIT OUTCOMES FOR FUTURE

Maritime data sharing provides weather and waterway watch

KUMARDEEP BANERJEE

Prime Minister Narendra Modi was in Tokyo for the second in-person QUAD leaders' summit. He had bilateral discussions with Prime ministers of Japan and Australia and US President Joe Biden. It underscores the importance of the Indo-Pacific as the external strategy of the QUAD members. The apprehensions regarding the US losing focus on this crucial region due to Ukraine stand resolved. This group of 4 nations, though not a military alliance, shares common threat perceptions from China. Australia had pulled out from the group in 2007 as it was then in a tight embrace with China. However, an aggressive China in Australia's backyard, used military power to expand its territorial controls, forcing the Australians to get back into QUAD. The Tokyo summit saw a mint-fresh Australian Prime Minister Anthony Albanese attending the meeting in person along with his foreign minister. The QUAD political leaders expanded on their targets they had set out in their meetings since March 2021. One important outcome was announcement of Indo-Pacific Partnership for Maritime Domain Awareness (IPMDA). In a statement, the White House elaborated that IPMDA would provide for "faster, wider, and more accurate maritime picture of near-real-time activities in partners' waters. This common operating picture will integrate three critical regions-the Pacific Islands, Southeast Asia, and the Indian Ocean region-in the Indo-Pacific." Earlier a senior US administration official

had highlighted that maritime arrangement will allow countries "The ability to know what is happening in countries' territorial waters and in their exclusive economic zones." This cooperation could be one of the most significant outcomes from QUAD so far as it brings together all the QUAD partner countries together to share the data they collect individually about their maritime resources and far away islands and get a big picture. This data sharing could lead to early warnings for disasters, climate change incidents and most important be the eyes at the largest waterway in the world. It will keep an eye on illegal military interventions, illegal fishing activities and potentially criminal activities using the sea route. The QUAD leaders were categorical in stating the purpose as nonmilitary but at a level of sharing surveillance data amongst the coast guards. Any analyst would be able to pinpoint the actual reason behind this initiative is to contain China's aggressive illegal occupations and economic activities in many of the islands in the Indo Pacific region.

It is a shared concern for India, Australia and Japan. However, increasingly it has been a major issue of conflict for several countries in South and Southeast Asia which have felt bullied by China. The QUAD decision to make the shared data "unclassified" and therefore open for any country in the region, makes IPMDA an inclusive framework. The focus is on identification and working on cutting edge future technologies to collect the data and make it most meaningful for users. This could make QUAD a unique partner for many countries in the region, as they could fall back on QUAD data and intelligence for securing their maritime economic interests and prevent criminal activities in their backyard. Another key aspect of the recently concluded QUAD summit was the focus on cyber security vulnerabilities faced by each nation and sharing of information between the Computer Emergency Response Teams (CERT). It was also stated that "the Quad will improve software and Managed Service Provider (MSP) security by coordinating cyber security standards for Quad Governments' procurement of software." This should create a common framework for governments in each of the 4 nations to be effective in case of cyber-attacks on their critical infrastructure.

Arson exposes violent social underbelly of Konaseema

The violence was the result of longstanding community rivalries and discontent with the Govt rather than antagonism towards Ambedkar

What happened in Konaseema district in Andhra Pradesh on May 24 was unprecedented and totally unforeseen. Houses of a Minister for Transport, Pinipe Viswaroop, a Dalit, and MLA, P. Satish, a fisherman, were set on fire by a mob which also indulged in arson and vandalism in Amalapuram town. Violence broke out when the police attempted to prevent a procession taken out by Joint Action Committee (JAC) as part of 'Chalo Amalapuram' from meeting the district collector. Had the police allowed the protestors to submit their memorandum to the collector, things might have been different.

The JAC was formed to oppose the change of the district's name from Konaseema to Dr. B.R. Ambedkar Konaseema

RAMACHANDRA MURTHY KONDUBHATLA

(The writer is a senior journalist and Editor, primepost, a news website based out of Hyderabad. The views expressed are personal.)

District. People of Konaseema are sentimental about the name of their district. The movement for a separate district of Konaseema was on for many years. It acquired momentum with the State Government's decision to create Konaseema district and to add Ambedkar's name to it. Top leaders of major parties supported the proposal though many others, transcending party differences, privately opposed the change. Nara Chandrababu Naidu of the TDP and Pawan Kalyan of the Jana Sena Party gave their consent when YSRCP government sought their approval.

Konaseema district has a peculiar demographic picture. Kapus, Settibalijs as and Dalits are the three dominant communities which are equally large, vocal and militant. There

used to be frequent clashes between the Kapus and Settibalijs as till 1993 when some leaders such as Gudipudi Prabhakara Rao brokered peace between the two warring communities. The two communities have not been quarreling ever since barring some isolated incidents. However, the Dalits have been at loggerheads both with the Kapus and

Settibalijs as who are part of the BCs. Konaseema district has one Lok Sabha seat (Amalapuram) and three (out of a total of seven) assembly seats reserved for SCs. Anuradha, an SC, is representing Amalapuram constituency in Lok Sabha. The Minister from the district Viswaroop is considered very close to YSR's family. Dalits are in command in the district and this is detested by Kapus and Balijs.

When AP Chief Minister Jagan Mohan Reddy visited Marumalla village near Amalapuram last week, Viswaroop had taken a delegation of Dalits to him. They submitted a memorandum requesting the Chief Minister to name Konaseema district after Baba Saheb Ambedkar. Jagan Mohan Reddy accepted

the request but wanted the opposition parties to approve the proposal. TDP and JSP leaders had welcomed the idea. A gazette notification was issued last week renaming the district as Dr. B.R. Ambedkar Konaseema District and it asked the people to let the government know within one month if anybody has any objection.

The GO was not openly opposed by any noted political leader. But WhatsApp messages were sent in their thousands by the general public, supporting or opposing the move. The Dalit protagonists were as aggressive as Kapus and Balijs. Viswaroop reportedly told the police to use force in dealing with the situation. The police had clamped Section 144 and Section 30 by way of preventive

measures. But the force which the protestors unleashed in a matter of hours was not foreseen by the police who were unprepared. They used lathis and fired in the air for five times to control the mob. Till 8 pm the street battles between the police and the protestors were going on. The police could bring the situation under control by late in the night. DIG Palraju (Eluru range) and four SPs have been camping at Amalapuram which remained peaceful on Wednesday. Extra forces have been rushed to the town. Forty-six persons have been taken into custody till Wednesday afternoon, according to DIG Palraju. He had spoken to community leaders. He appealed to the people to maintain peace and harmony. Konaseema which is

known for its greenery, coconut trees and high yielding crops, has all of a sudden exploded in the face of the police officials. Nothing of this sort had happened in the last four decades. Even at the time of Vangaveeti Mohan Ranga's murder in Vijayawada in 1989, the riots were all over coastal Andhra and only Kapus in Konaseema were involved in sporadic violence.

This time it was SCs versus all others. It was mostly the result of long-standing community rivalries and discontent with the present Government rather than antagonism towards Ambedkar. The dominant profile of Dalit leaders in 1989, the riots were all over coastal Andhra and only Kapus in Konaseema were involved in sporadic violence.

The world must unite for fighting inflation

To control inflation, decisions of all Central banks need some kind of real-time coordination, a mechanism for which needs to be worked out and activated

It seems that for the entire world, high inflation is going to be the new normal, at least for the foreseeable future. In April 2022, the IMF's World Economic Outlook predicted that during 2022, inflation will be at 5.7 percent in advanced economies and 8.7 percent in emerging markets and developing economies-1.8 and 2.8 percent higher, respectively, than its earlier projections in January. The unprecedented supply disruptions caused by the Russia-Ukraine War, now about to enter its fourth month, have been driving commodity prices for quite some time, and conditions are expected to deteriorate progressively.

Worsening supply-demand imbalances and further increases in commodity prices could lead to persistently high inflation at least in the medium term, which in turn would lead to a spiral of rising interest rates, higher wage demands and consequent fall in the profitability of companies forcing them to curtail production, leading in turn to still higher inflation and more losses in real wages. Post-pandemic, the world is already struggling for economic recovery while trying to manage much higher debt levels than before due to the expansionary fiscal policies triggered by the pandemic. Now the higher inflation would expose countries, especially the emerging markets and developing economies, to serious debt vulnerabilities, let alone building fiscal buffers.

The drivers of this rising inflation - the war, sanctions, lockdown in China due to a resurgence of Covid, and the massive supply-chain disruptions as a result of all these — are beyond the control of central banks. Hence monetary policies alone may not suffice to tame the menace of inflation, though the responses of different countries to such policies would vary depending on their conditions and the strength of their fundamentals. Governments would also be weary of reversing their expansionary fiscal policies which would translate into economic hardships for their people trying hard to recover from the losses suffered during the pandemic years. In the unfolding scenario, growth will likely take a back seat for the entire world for the time being.

In India, the retail inflation measured by the CPI had shot up to 7.8 percent in April 2022 from 7 percent in March, the highest in the last 8 years. While the urban inflation was 7.1 percent, the rural inflation soared to 8.4 percent. In the CPI basket, food and beverages carry a weightage of 45.9 percent and fuel another 6.8 percent; even if we take these out, the core inflation still remained at 6.5 percent, way above the RBI's inflation target of 6 percent at the upper band. Factory output also remained sluggish, with the index of industrial production (IIP) rising only by 1.9 percent in March 2022, down from the peak of 134.4 percent recorded in April 2021, mainly due to the low performance

IT IS STRANGE WHY THE RBI TOOK SO LONG TO ACT AND WHEN IT FINALLY DID, WHY IT HAD TO ACT IN SUCH AN ABRUPT MANNER THAT WAS SURE TO JOLT THE MARKET, LEADING TO PANIC SELLING BY FOREIGN INVESTORS LEADING TO SUSTAINED MAYHEM IN THE STOCK MARKET AND SEVERE EROSION IN THE VALUE OF THE RUPEE

(The author is a former Director General at the Office of the Comptroller & Auditor General of India and an academic. The views expressed are personal.)

of the manufacturing sector which has been hit hard by rising input prices and supply disruptions.

A part of the inflation is also imported, since more than 80 percent of our fuel and 60 percent of edible oil are imported from countries which are also facing severe inflation, and the inflated import bill is reducing our foreign exchange reserves which have come down to US\$ 598 billion providing an import cover of about 11 months in April 2022, from US\$ 635 billion in January 2022. The inflation figures are already exceeding 9 percent in certain states like West Bengal, Madhya Pradesh, Haryana and Telangana. The optimism of the Union Finance Ministry that the gradual recovery of aggregate demand was reducing the risk of sustained high inflation may be rather misplaced. Even the higher collection of GST as seen in the recent months may also be partly fuelled by the rise in prices of commodities rather than due to the expansion of economic activities.

Following the US Fed's 0.5 percent hike in inflation, the RBI has increased the repo rate as well as the CRR by 0.4 percent on 4th May. It is widely expected that there would be another steep hike in both the interest rate as well as the CRR in June. CRISIL Ratings has projected inflation to be around 6.3 percent for the current fiscal; it also expects the RBI to raise repo rates by another 0.75 percent to one percent during FY-2023. Economists and corpo-

rate leaders expect the interest rate to finally settle down around 5.5 percent by the mid FY-2023. Indeed, given the huge difference between the repo rate of 4.4 percent and the yield of 10-year G-Sec at above 7 percent which is a benchmark for interest rate in the economy, there is scope for still higher increases. But every increase in interest rate contracts the space for fiscal manoeuvrability of the government and growth becomes the ultimate casualty. Already the growth forecasts for India have been sliced by all agencies - RBI has itself lowered its growth protection to 7.2 percent in 2022-23, down from 7.8 percent it had earlier estimated.

The wholesale inflation measured by the WPI has been much higher than the CPI inflation throughout - it rose to a four-month high of 14.55 percent in March 2022 from 13.11 percent in February. Prices accelerated across all segments - 10.71 percent for manufactured products, 25.97 percent for basic metals, 34.52 percent for fuel and power, and 15.54 percent for primary articles, despite a marginal slowdown in the cost of food articles. On a monthly basis, wholesale prices increased by 2.69 percent in March, the most since the series began in 2004. The reason for such divergence between the WPI and CPI is partly due to the different weightages in their respective baskets - in the WPI basket, manufactured articles get 64.2 percent weightage which is much higher than in the CPI,

whereas primary articles get 22.6 percentage weightage, followed by 13.2 percent for fuel and power.

While the RBI considers retail inflation for its policy decisions, the wholesale price rises ultimately get reflected on the retail prices after a lag of a few quarters as companies tend pass on the burden to consumers. Thus, the high WPI inflation in March for primary articles is likely to get translated into still higher food prices which will affect the poor more than the rich, again belying the Finance Ministry's assumption that at the lower end of the economic strata, the impact of inflation is not as deep as at the upper end.

It is really strange why the RBI took so long to act and when it finally did so, why it had to act in such an abrupt manner that was sure to jolt the market severely, leading to panic selling by foreign investors leading to sustained mayhem in the stock market and severe erosion in the value of the rupee. The increase in interest rates could have been affected in a little more predictable manner, using the mechanism of regular MPC meetings. If inflation is to be controlled, decisions by all central banks need some kind of a real-time coordination, a mechanism for which needs to be worked out and activated without delay. The WTO, must also be involved simultaneously in the battle against inflation. Inflation is as bad as Covid if not worse, and only by coming together, the world can fight it effectively.

Ex-Lankan PM questioned by CID over May 9 violence

PTI ■ COLOMBO

The Sri Lankan police have questioned former prime minister Mahinda Rajapaksa and recorded a 3-hour-long statement over the violent clashes between his supporters and anti-government protesters in the crisis-hit country that killed at least 10 people and injured over 200 others, according to a media report on Thursday.

On May 9, violence erupted in Sri Lanka after supporters of the 76-year-old former premier attacked peaceful anti-government protesters demanding his ouster over the country's worst economic crisis that led to acute shortages of staple food, fuel and power.

Over 200 people have also been injured in the violence in Colombo and other cities.

The Criminal Investigations Department (CID) has recorded a statement from Mahinda Rajapaksa on Wednesday over May 9 incidents at Kollupitiya and Galle Face Green, the official residence of the Sri

Lankan prime minister, the Daily Mirror website reported.

Police said the CID recorded a nearly three-hour-long statement from the former Prime Minister last evening at his residence in Colombo, the report added.

On May 23, a top bureaucrat of Sri Lanka's Ministry of Security who is in charge of

the police department resigned over his failure to curb the violent clashes.

Last week, Sri Lanka's CID also quizzed three members of the ruling SLPP parliamentary group over their alleged involvement in the clashes.

Two of their colleagues who were arrested previously have been remanded in cus-

tody till May 25.

On Friday, Namal Rajapaksa, a former minister and the son of Mahinda Rajapaksa also summoned and his statement was recorded.

Members of the ruling coalition government blamed Opposition party Janatha Vimukthi Peramuna for instigating the violence on May 9,

which was vehemently denied by the Marxist party.

The mob destroyed several tents and other structures erected at Galle Face and also attacked some of the demonstrators.

The violence saw arson attacks on the homes of several politicians, including the ancestral home of the Rajapaksas in Hambantota.

The properties of some 78 government parliamentarians faced arson in the ensuing attacks.

Sri Lanka has been witnessing large-scale protests against the government's handling of the debt-ridden economy -- the worst-ever economic crisis in the country's history.

The country of 22 million is grappling with unprecedented economic turmoil since its independence from Britain in 1948.

The crisis is caused in part by a lack of foreign currency, which has meant that the country cannot afford to pay for imports of staple foods and fuel, leading to acute shortages and very high prices.

Russia takes steps to bolster army, tighten grip on Ukraine

AP ■ KYIV

President Vladimir Putin issued an order ON Wednesday to fast track Russian citizenship for residents in parts of southern Ukraine largely held by his forces, while lawmakers in Moscow passed a bill to strengthen the stretched Russian army.

Putin's decree applying to the Kherson and Zaporizhzhia regions could allow Russia to strengthen its hold on territory that lies between eastern Ukraine, where Moscow-backed separatists occupy some areas, and the Crimean Peninsula, which Russia seized in 2014.

The Russian army is engaged in an intense battle for Ukraine's eastern industrial heartland, known as the Donbas. In a sign that the Kremlin is trying to bolster its stretched military machine, Russian lawmakers agreed to scrap the age limit of 40 for individuals signing their first voluntary military contracts.

A description of the bill on the parliament website indicated older recruits would be allowed to operate precision weapons or serve in engineering or medical roles. The chair of the Russian parliament's

defense committee, Andrei Kartapolov, said the measure would make it easier to hire people with "in-demand" skills.

Russian authorities have said that only volunteer contract soldiers are sent to fight in Ukraine, although they have acknowledged that some conscripts were drawn into the fighting by mistake in the early stages of the war.

Three months into Russia's invasion of the neighboring country, Putin visited a military hospital in Moscow and met with some soldiers wounded in Ukraine, the Kremlin said in a statement on its website.

Wednesday's event was the Russian leader's first publicly known visit with soldiers fighting in Ukraine since he

launched the war on Feb. 24. Ukrainian President Volodymyr Zelenskyy has visited wounded soldiers, civilians and children — including at times when Russian troops were fighting on the outskirts of Kyiv.

A reporter for the state-run Russian TV channel posted a video clip on Telegram showing Putin in a white medical coat talking to a man in hospital attire, presumably a soldier. The man, filmed from behind standing up and with no visible wounds, tells Putin that he has a son. The president, accompanied by Defense Minister Sergei Shoigu, responds: "He will be proud of his father," before shaking the man's hand.

China's Foreign Minister starts Pacific tour in the Solomons

AP ■ WELLINGTON

China's Foreign Minister Wang Yi and a 20-strong delegation arrived in the Solomon Islands Thursday at the start of an eight-nation tour that comes amid growing concerns about Beijing's military and financial ambitions in the South Pacific region.

China says the trip builds on a long history of friendly relations

between Beijing and the island nations.

But Australia scrambled to counter the move by sending its own Foreign Minister Penny Wong to Fiji to shore up support in the Pacific. Wong had been on the job just five days following an Australian election and had just arrived back Wednesday night from a meeting in Tokyo.

In Fiji, Wong said it was up to each island nation to decide what

partnerships they formed and what agreements they signed, but urged them to consider the benefits of sticking with Australia.

"Australia will be a partner that doesn't come with strings attached nor imposing unsustainable financial burdens," Wong said. "We are a partner that won't erode Pacific priorities or Pacific institutions."

Meanwhile, the Media Association of Solomon Islands called

on its members to boycott a news conference in the capital, Honiara, held by Wang and his counterpart from the Solomon Islands, Jeremiah Manele, following a meeting between the pair.

That's because only selected media were invited to the event, and the schedule allowed for just a single question to be asked of Wang by China's state-owned broadcaster CCTV. "It's a tough call to make

regarding the media boycott for the press event on Thursday," wrote association president Georgina Kekea on Twitter. "Our protest is for our govt to see our disappointment. They have failed us & they failed to protect #democracy."

According to an official Chinese summary of the meeting, Wang told his counterpart that China would firmly support the Solomon Islands in its efforts to maintain national

security and territorial integrity, while Manele described the visit as historic and a "milestone in the relations" between the two countries.

China signed a security pact with the Solomon Islands last month in a move that sent shock waves around the world. That pact has raised fears that China could send troops to the island nation or even establish a military base there, not far from Australia. The Solomon Islands and

China say there are no plans for a base.

In another move by China, a draft document obtained by The Associated Press shows that Wang is hoping to strike a deal with 10 small Pacific nations during his visit. The sweeping agreement covers everything from security to fisheries and is seen by at least one Pacific leader as an attempt by Beijing to wrest control of the region.

‘Horrific’ conspiracy theories swirl around Texas shooting

AP ■ PROVIDENCE

By now it's as predictable as the calls for thoughts and prayers: A mass shooting leaves many dead, and wild conspiracy theories and misinformation about the carnage soon follow. It happened after Sandy Hook, after Parkland, after the Orlando nightclub shooting and after the deadly rampage earlier this month at a Buffalo grocery store.

Within hours of Tuesday's school shooting in Uvalde,

Texas, another rash began as internet users spread baseless claims about the man named as the gunman and his possible motives. Unfounded claims that the gunman was an immigrant living in the U.S. Illegally, or transgender, quickly emerged on Twitter, Reddit and other social media platforms. They were accompanied by familiar conspiracy theories suggesting the entire shooting was somehow staged.

The claims reflect broader problems with racism and intolerance toward trans-

gender people, and are an effort to blame the shooting on minority groups who already endure higher rates of online harassment and hate crimes, according to disinformation expert Jaime Longoria.

"It's a tactic that serves two purposes: It avoids real conversations about the issue (of gun violence), and it gives people who don't want to face reality a patsy, it gives them someone to blame," said Longoria, director of research at the Disinfo Defense League, a non-profit that works to fight racist misinformation.

In the hours after the shooting, posts falsely claiming the gunman was living in the country illegally went viral, with some users adding embellishments, including that he was "on the run from Border Patrol." "He was an illegal alien wanted for murder from El Salvador," read one tweet liked and retweeted hundreds of times. "This is blood on Biden's hands and should have never happened."

The man who authorities say carried out the shooting, 18-year-old Salvador Ramos, is a U.S. Citizen, Texas Gov. Greg Abbott said in a news conference on Tuesday.

Moody's slashes India's economic growth forecast

New Delhi: Moody's Investors Service on Thursday slashed India's economic growth projection to 8.8 per cent for 2022 from 9.1 per cent earlier, citing high inflation.

In its update to Global Macro Outlook 2022-23, Moody's said high-frequency data suggests that the growth momentum from December quarter 2021 carried through into the first four months this year.

However, the rise in crude oil, food and fertilizer prices will weigh on household finances and spending in the months ahead. Rate hike to prevent energy and food inflation from becoming more generalized will slow the demand recovery's momentum, it said. "We have lowered our calendar-year 2022 growth forecast for India to 8.8 per cent from our March forecast of 9.1 per cent, while maintaining our 2023 growth forecasts at 5.4 per cent," Moody's said.

Strong credit growth, a large increase in investment intentions announced by the corporate sector, and a high budget allocation to capital spending by the government indicate that the investment cycle is strengthening.

"But unless global crude oil and food prices rise further, the

economy seems strong enough to maintain solid growth momentum," Moody's added. For 2022 and 2023, it projected inflation to be around 6.8 per cent and 5.2 per cent, respectively.

A rise in prices across all items from fuel to vegetables and cooking oil pushed WPI or wholesale price-based inflation to a record high of 15.08 per cent in April and retail inflation to a near eight-year high of 7.79 per cent.

High inflation prompted the Reserve Bank to hold an unscheduled meeting to raise the benchmark interest rate by 40 basis points to 4.40 per cent earlier this month.

In November last year, Moody's had projected a 9.3 per cent economic growth for India in the ongoing fiscal year (April-March). Earlier this month, S&P Global Ratings had cut India's growth projection for 2022-23 to 7.3 per cent, from 7.8 per cent earlier, on rising inflation and longer-than-expected Russia-Ukraine conflict.

In March, Fitch had cut India growth forecast to 8.5 per cent, from 10.3 per cent, citing sharply high energy prices on account of Russia-Ukraine war. The World Bank in April

slashed India's GDP forecast for 2022-23 to 8 per cent from 8.7 per cent predicted earlier, while IMF has cut the projection to 8.2 per cent from 9 per cent.

Asian Development Bank (ADB) has projected India's growth at 7.5 per cent, while RBI last month cut forecast to 7.2 per cent, from 7.8 per cent, amid volatile crude oil prices and supply chain disruptions due to the ongoing Russia-Ukraine war.

In its report on Thursday, Moody's said it has lowered its global growth projections and raised inflation forecasts for 2022 and 2023 on account of several negative factors.

The main drivers of the slowing economic momentum are ongoing supply shocks that are stoking inflation and eroding consumer purchasing power, and a shift towards more hawkish monetary policy globally, accompanied by financial market volatility, asset repricing and tighter credit conditions.

Stating that the post-pandemic economic recovery faces a complex set of challenges, it said several cross-currents have hit the global economy all at once, and will slow growth more significantly than it envisaged only a few months ago. **PTI**

Sensex halts 3-day decline, rebounds over 500 pts amid F&O expiry

Mumbai: Equity benchmarks mustered gains for the first time this week on Thursday as investors piled into the recently-battered metal, bank and IT stocks amid expiry of monthly derivative contracts.

Snapping its three-session losing streak, the 30-share BSE Sensex rallied 503.27 points or 0.94 per cent to settle at 54,252.53.

On similar lines, the broader NSE Nifty gained 144.35 points or 0.90 per cent to end at 16,170.15.

Tata Steel topped the Sensex gainers' chart, rallying 5.27 per cent after its recent rout, followed by SBI, HDFC Bank, Axis Bank, Nestle India, HDFC, ICICI Bank, TCS and Wipro.

In value terms, HDFC twins and ICICI Bank accounted for over half of the benchmark's gains.

In contrast, Sun Pharma, Reliance Industries, Hindustan Unilever, Larsen & Toubro, Dr Reddy's and Bajaj Finance were the laggards, losing up to 1.16 per cent.

The market breadth was in favour of the bulls, with 24 of the 30 Sensex stocks closing in the green.

"Markets witnessed healthy short covering towards the closing hours that helped

key indices to reverse the 3-day losing streak. With the US FOMC minutes out of the way now, market is more or less getting prepared for the likely rate hikes, and hence we saw strong buying on the futures and options (F&O) expiry day.

"While we may see bouts of selling going ahead due to other negative factors like higher inflation, continuous FII selling, and Russia-Ukraine conflict, relief rallies will still be seen amidst volatility," said Shrikant Chouhan, Head of Equity Research (Retail), Kotak Securities Ltd.

Vinod Nair, Head of

Research at Geojit Financial Services, said after the heavy sell-off recently, market showed signs of exhaustion and can rebound for the short to medium-term.

"Technically, the broad market is in the oversold territory and fundamentally valuations are just below the three-year average. A key reason for the current correction is selling by FIIs and a reduction in domestic buying. A drop in FIIs selling will be an important reason for the bounce. **PTI**

SBI economists peg Q4 GDP growth at 2.7%, FY22 expansion at 8.5%

Mumbai: Upcoming release of official data for economic performance is likely to register a 2.7 per cent growth for the January-March period, and the FY22 growth is expected to be 8.5 per cent, economists at SBI said on Thursday.

They were, however, quick to add that it is difficult to comprehend the numbers due to the spate of revisions that we have seen till now and termed this situation as a forecaster's nightmare.

"We ...Believe the GDP projection for Q4 FY22 is clouded by significant uncertainties. For example, even a one per cent downward revision in Q1 GDP estimates of FY22 from 20.3 per cent, all other things remaining unchanged, could push Q4 GDP growth to 3.8 per cent," they noted.

Official data on the economy is expected to be released on May 31.

The Central Statistics Office (CSO) had projected Q4 GDP at Rs 41.04 lakh crore and FY22 real GDP growth at Rs 147.7 lakh crore, an improvement of 1.7 per cent over pre-

pandemic levels, they said, adding that the 'SBI Nowcasting model' with an unchanged quarterly numbers pegs the growth rate of Q4GDP at Rs 40 lakh crores, that is lower by Rs 1 lakh crore from the CSO preliminary projections. "We believe that downward adjustments in Q1, Q2 and Q3 numbers could have a soothing impact on Q4 GDP numbers. Every Rs 10,000 crore revision adds/subtracts 0.07 per cent from GDP growth," the note said.

Early trends for the March quarter results from listed corporates reported better growth numbers across parameters, as compared to the year-ago period, with a contraction in operating margin due to higher input cost, it said.

RBI reduces net-worth requirement for non-bank Bharat Bill Payment units to ₹25 cr

Mumbai: The RBI on Thursday eased norms for non-bank entities to set up Bharat Bill Payment operating units by reducing the net-worth requirement to Rs 25 crore, with a view to encourage more players in the segment.

At present, a net worth of Rs 100 crore is required to obtain authorisation for a non-bank BBPOU (Bharat Bill Payment Operating Units).

Bharat Bill Payment System (BBPS) is an interoperable platform for bill payments and the scope and coverage of BBPS extends to all categories of billers who raise recurring bills.

"...The minimum net-worth requirement for non-bank Bharat Bill Payment Operating Units (BBPOUs) stands reduced to Rs 25 crore," the Reserve Bank of India said in a circular.

Users of BBPS enjoy benefits like standardised bill payment experience, centralised customer grievance redressal mechanism and prescribed

customer convenience fee.

The reduction in net-worth requirements follows an announcement regarding the same by the central bank in April.

The RBI had said while BBPS has seen an increase in the volume of transactions as well as number of onboarded billers, it is observed that there has not been a corresponding growth in the number of non-bank BBPOUs.

The requirement of ₹100 crore net worth for a non-bank BBPOU to obtain authorisation was viewed as a constraint to greater participation, it had said.

To increase participation, the RBI had decided to align the net worth requirement of non-bank BBPOUs with that of other non-bank participants which handle customer funds (like payment aggregators) and have a similar risk profile. **PTI**

Tata Power Renewable Energy commissions 100 MW solar project in Maharashtra

New Delhi: Tata Power Renewable Energy on Thursday announced the commissioning of a 100 MW solar project for Maharashtra State Electricity Distribution Company Ltd at Partur in Maharashtra.

"Tata Power Renewable Energy Ltd (TPREL), one of India's largest renewable energy companies and a wholly-owned subsidiary of Tata Power, has commissioned 100 MW project for Maharashtra State Electricity Distribution Company Limited (MSEDCL) in Partur, Maharashtra," a company statement said.

According to the statement, the installation comprising over 4,11,900 monocrystalline PV modules is expected to reduce around 234 million tonnes of CO2 annually. The project was executed by Tata Power Solar Systems Limited, an arm of Tata Power, within the stipulated timeline of three-and-a-half months on 600 acres of land.

"Commissioning of MSEDCL project in such a short time frame is a testimony to Tata Power's extraordinary project execution capabilities. It would help Maharashtra contribute to India's renewable energy ambitions by increasing the share of renewable energy in the state's overall energy mix," said Praveer Sinha, CEO & MD, Tata Power. **PTI**

Gold declines ₹241 amid weak global trends

New Delhi: Gold in the national capital on Thursday fell by ₹241 to ₹50,671 per 10 grams, reflecting a decline in international precious metal prices, according to HDFC Securities.

In the previous trade, the precious metal settled at ₹50,912 per 10 grams.

Silver, however, grows ₹87 to ₹61,384 per kg from ₹61,297 per kg in the previous trade.

In the international market, gold was trading lower at USD 1,848 per ounce and silver was flat at USD 21.85 per ounce. **PTI**

Centre forcing States to buy imported coal as cover-up of short supply of dry fuel: AIPEF

New Delhi: All India Power Engineers Federation (AIPEF) on Thursday alleged that the Centre is encroaching upon states' authority and forcing them to buy imported coal in a cover-up of its own inefficiencies in supplying domestic dry fuel to thermal plants.

The power ministry's directions issued earlier this month to generating companies is pushing states to import coal to increase blending to supplement domestic coal to offset the short supply of the dry fuel by Coal India Ltd, AIPEF said in a statement.

The ministry has also asked all imported coal-based power units to run at full capacity and said that the upward revision of tariff will be issued by a committee. "The central government is

encroaching on the state authority and forcing them to buy imported coal to cover up its own inefficiencies in supplying domestic coal to thermal

GUJARAT CELEBRATES WORLD BEE DAY

To attract and enhance the relationship with global markets, the Government of India and State Governments are working to improve the quality of honey and collaborating and focusing on beekeeper capacity-building through the use of scientific techniques

To mark the occasion of World Bee Day, a national level function was held in Tent City-II, Ekta Nagar, Narmada, Gujarat on May 20, 2022. It was celebrated with great fervour. The Union Agriculture and Farmers' Welfare Minister Narendra Singh Tomar mentioned that the Government is working hard under Prime Minister Narendra Modi's leadership to bring about a Sweet Revolution in the country.

He also stated that Modi's goal is to empower small farmers and approximately 55 per cent of India's population lives in rural areas and that the country will progress only when the rural population improves.

With virtually inaugurating honey testing laboratories and processing units at several places like Pulwama, Bandipur and Jammu in Jammu and Kashmir; Tumkur in Karnataka; Saharanpur in Uttar Pradesh; Pune in Maharashtra and Uttarakhand, he also opened an exhibition at the event venue.

Under the centrally-funded National Beekeeping Honey Mission which aims to establish five large regional and 100 small honey and its byproducts testing laboratories, three world-class laboratories have already been established. 25 other small laboratories are on the verge of getting established. The Government is also assisting in the establishment of these processing units.

In India, more than 1.25 lakh metric tonnes of honey is produced and more than 60,000 metric tonnes of natural honey is exported. To attract and enhance the global market relationship, the GoI and the State Governments are working to improve the quality of honey and are collaborating and focusing on beekeeper capacity building through the use of scientific techniques.

Tomar also travelled back in time when Modi was the Chief Minister of Gujarat to recall how he paved a new way for the State's development. His administration remained committed to the development of Gujarat's poor and small farmers. The State performed well under his leadership in terms of reducing poverty, creating jobs, developing health facilities and making irrigation accessible for farmers.

During the programme, farmers from various States interacted with Tomar and other dignitaries sharing their stories about how beekeeping has increased their income.

Minister of State for Agriculture and Farmers' Welfare Kailash Choudhary, stated that the Government has provided farmers with the necessary resources as well as new technology through various beekeeping schemes and is developing a mission mode to promote beekeeping in order to increase

farmer income. According to Choudhary, Modi has worked tirelessly for the betterment of farmers.

Ambassador of the Republic of Slovenia Mateja Vodeb; Konda Reddy Chavva, FAO Representative in India; Manoj Ahuja,

Secretary, Department of Agriculture and Farmers' Welfare (DA&FW); Dr AbhilakshLikh, Additional Secretary, DA&FW; Dr Prabhat Kumar, Horticulture Commissioner, DA&FW; Meenish Shah, Chairman, National Dairy Development

Board, senior officers of Ministry of Agriculture and Farmers' Welfare and Government of Gujarat and large number of farmers/beekeepers and stakeholders associated with honey production took part in the event.

HWWA organises a talk programme for mothers

Himveer Weavers Welfare Association (HWWA) paid respect towards mothers by holding a special talk programme on mother's role in shaping the future of the families.

Wrestler Geeta Phogat and Everest Santosh Yadav were the guests of honour on the occasion.

This special motivational talk was organised by HWWA at the ITBP Force Head Quarters, New Delhi, where

mothers of HWWA families with children achieving laurels in the field of education and sports were felicitated by Ritu Arora, Chairperson HWWA.

Geeta Phogat and Santosh Yadav interacted with the HWWA families and children and motivated them. They also answered the questions asked by mothers and children at the talk programme. Thousands of family members and jawans witnessed the pro-

gramme through the online medium. Both Geeta Fogat and Santosh Yadav shared their struggle and success stories with memorable instances of their lives, especially their experience with their dedicated mothers who shaped their personalities.

Arora welcomed the guests of honour on the occasion and elaborated on steps being taken by HWWA for the welfare of families of the Force. She said that the role of mothers in the security forces personnel families is more important to shape the future of the children.

Shikha Srivastava, Vice Chairperson 'HWWA' and other senior members of 'HWWA' were also present on the occasion.

A free BYJUs online e-learning programme in association with Smiles Foundation was also inaugurated on the occasion. The ITBP wards from class 4th to 12th can be enrolled through the programme to have free education for three years with this initiative.

BHEL back in the black in FY 21-22

Bharat Heavy Electricals Limited (BHEL) has bounced back into the black in fiscal 2021-22 despite the second wave of COVID impacting Q1 operations severely.

Due to a strong focus on speeding up execution, cost control, prudent resource management, and improving service and quality standards, the company has not only achieved break-even in FY 21-22 but has also strengthened its balance sheet.

While revenue from operations surged 24 per cent to ₹21,211 crore, against ₹17,308 crore in the previous year, the company achieved a Profit Before Tax (PBT) of ₹437

crore against a loss of ₹3,612 crore in the year before.

Overall, the company achieved an EBITDA of ₹1,100 crore. This has been achieved despite tremendous pressure on margins due to a sharp spike in metal prices and increase in other material & fuel costs. Profit After Tax stands at ₹410 crore against a loss of ₹2,717 crore in the previous year. Notably, the company has declared a dividend of 20 per cent for FY 2021-22, after a span of three years.

This performance is a result of a shift in focus towards project centric operations over the last couple of years, with the company

achieving the highest level of execution at project sites (in the past five years) as well as the highest ever project closures.

This has also resulted in a cash surplus of ₹660 crore from operation activities. As on March 31, 2022, the company had cash and bank balances, net of borrowings, of ₹2,409 crore as compared to ₹1,868 crore, at the end of FY 20-21.

During the year, BHEL has commissioned and synchronised 4,119 MW of power plants in the utility, solar and captive segments and an additional 1,460 MW of steam generators.

NTPC's Girl Empowerment Mission touches newer heights of success

Girl Empowerment Mission (GEM), the flagship CSR initiative of NTPC Ltd in empowering young girls to realise their dreams, has achieved the newer heights of success.

NTPC Ltd, India's largest integrated energy company, has received widespread acclaim for supporting the upliftment of girls with focus on girl children from the villages around NTPC projects. Further, it is planning to conduct its GEM initiative in about 35 project locations during this year.

The GEM programme has empowered girls from across the country and made them aware of basic education, health and self-defence. With this initiative, NTPC aims to help these girls break the glass ceiling and dispel the misconception about female foeticide in rural areas. The initiative has created a space for the children to showcase their talents and capabilities.

As a responsible corporate citizen, NTPC started the Girl Empowerment Mission back in 2018 and contributed to the empowerment of unfortunate girls in the vicinity of its project locations.

By 2019, the Girl Empowerment Mission bene-

fitted 2,300 girls across 20 project locations. NTPC oversaw the enrolment of girl students between the age of 10-12 years from different locations such as Dadri, Korba, Farakka, Sipat, Singrauli, Kawas, Ramagundam, Simhadri and other project areas.

The girl students have gotten exposed to not only academics but also yoga, self-defence, fine arts and much more. These girls have imbibed a creative mind set and also learnt the importance of team spirit.

GEM ensures that the girl child grows into a well-rounded adult with ample curiosity and quality communication and social skills. Additionally, it motivates the girl child to nurture their creativity, sharpen psychological, social and emotional growth, and makes learning a lively, engaging, and impactful experience.

Since its inception, the company has laid focus on creating pioneering Corporate Social Responsibility (CSR) practices that have had a permanent sustainable impact on the lives of the people. NTPC will continue to spearhead such initiatives and touch the lives of the marginalised people and ensure that they live their lives with dignity.

POWERGRID acquires KNTL through TBCB

POWERGRID has acquired the Project Special Purpose Vehicle (SPV) — Khetri Narela Transmission Limited after emerging successful in the Tariff Based Competitive Bidding (TBCB) conducted as per the guidelines notified by Government of India.

The transmission project, which is being established under Build, Own, Operate and Maintain basis would help in evacuation of renewable power from 8.1 GW Phase-II solar energy zones in Rajasthan to Delhi, northern region of the country.

The project includes 765 kV Gas Insulated Substation (GIS) in Delhi and establishment of 765 kV D/C Transmission lines passing through the States of Rajasthan, Haryana and Delhi with each line having a capacity to transfer about 4000 MW of power. The project will benefit industries, households and businesses, boosting the economic development of the country in totality. It will augment the transmission infrastructure to evacuate green energy thereby reducing dependency on fossil fuels, in line with Government of India's vision of achieving 500 GW capacity from non-fossil sources by 2030.

Northern Railway to set up Gati Shakti unit in Delhi division

In order to fast track the construction work required by divisions for removing infrastructure bottlenecks and improving mobility of passenger and freight trains, Northern Railway is setting up Gati Shakti Units in selected divisions at present. First of this unit in the Northern Railway is to be set up in the Delhi Division.

With the opening of the dedicated GS unit at Delhi Division, the Hon'ble PM's National Master Plan for multimodal Connectivity, Gati Shakti, will get impetus.

A meeting was held by Ashutosh Gangal, General Manager, Northern Railway at New Delhi on May 20. The principal heads of the department involved with the Gati Shakti Plan and the Divisional Railway Manager of Delhi divi-

GAIL inaugurates Gas Receiving Station in Bathinda

Taking a major step to ensure availability of natural gas for large customers, GAIL (India) Limited has laid a dedicated pipeline to supply the fuel to HPCL Mittal Energy Ltd's (HMEI) refinery in Bathinda.

The Gas Receiving Station for the pipeline was inaugurated on May 21 by Prabh Das, Managing Director and CEO, HMEI in the presence of Manoj Jain, Chairman & Managing Director, Deepak Gupta, Director (Projects) from GAIL and Vartika Shukla, Chairman &

Managing Director, Engineers India Limited.

The dedicated pipeline, laid at a cost of ₹142 crore, will supply 1 MMSCMD gas to HMEI.

The 44.26 km pipeline of 12 inch diameter is a spur line of the 500 km Dadri - Bawana - Nangal Pipeline (DBNPL).

The DBNPL is a part of the National Gas Grid and runs from Dadri (Uttar Pradesh) through Yamunanagar (Haryana) to Nangal (Punjab) to meet the energy demand of these northern States.

SRM signs MoU with DSSC

SRM Institute of Science and Technology, Kattankulathur has signed a Memorandum of Understanding (MoU) with Defence Services Staff College (DSSC), Wellington, an Armed Forces Training Institution of the Ministry of Defence, Government of India.

MoU's primary aim is to provide migration facilities for Armed Forces Officers posted as faculty in DSSC by SRMIST leading to the award of PhD in programmes like Defence and Strategic Studies, Disaster Management, Communication, Economics,

International Relations, Logistics, Cyber Warfare, Electronics, Weapon Technology and Defence Budgeting, among others.

Commandant Lt Gen S Mohan, AVSM, SM, VSM represented DSSC.

Vice Chancellor Dr C Muthamizhchelvan and Registrar Dr S Ponnusamy, among others appeared for SRMIST.

Dr Muthamizhchelvan said: "Through this officers of DSSC can pursue masters as well as PhD programmes that are offered here."

Celebrating SAIL's golden jubilee

Steel Authority of India Limited (SAIL), the Maharatna steel-making public sector unit celebrated the company's 50 years of incorporation this year.

SAIL's legacy of 50 years was celebrated with the launch of a new commemorative logo and will be followed by several events to be held all across the company throughout the year. The design of the commemorative logo retains the essence of SAIL's company logo while bringing out the spirit of 50 years of journey of this company. The logo was launched by Soma Mondal, Chairman, SAIL, in presence of the company's directors on May 23, 2022.

This feat is a testimony of the company's sustained efforts and initiatives in ensuring better stakeholders' engagement and contribution in nation building over the years.

the Northern Railway. Recently, trains have been speeded up to 130 Km/hr in New Delhi-Ludhiana and New Delhi-Palwal sections.

Infrastructure upgrade for providing better services to the rail users has been the focus of NR.

Several new line projects are on-going which will provide rail connectivity to hinterlands. ROBs and RUBs are being constructed instead of LC gates to facilitate rail/road traffic.

33 pairs of trains have been given a traction change from diesel to electric in the last financial year as this will significantly improve mobility of the trains.

Yards over the zone are being improved and re-modelled for better maintenance and operations of trains.

AP ■ TIRANA

Nicolo Zaniolo won Roma their first ever major European trophy on Wednesday with the only goal in a 1-0 win over Feyenoord in the inaugural Europa Conference League final.

Italy international Zaniolo struck with a well-taken finish in the 32nd minute to earn Roma their first trophy of any kind since 2008 and cap a successful first season for coach Jose Mourinho in Rome.

Mourinho was moved to tears by his fifth continental cup as a coach, the first for an Italian team since he led Inter Milan to the Champions League 12 years ago.

"It was a real struggle but I'm really happy," Zaniolo said to Sky. "It was my dream and now I've done it."

Roma, Fairs Cup winners in 1961, rode their luck with Feyenoord having the lion's share of the play and twice striking the woodwork in the second half.

But they remained solid in the face of Dutch dominance and brought joy to one of Europe's most passionate and success-starved fan bases.

Over 50,000 fans packed the Stadio Olimpico in the Italian capital to watch their team make a little piece of history in Albania and poured onto the pitch once the trophy was secured.

Meanwhile the small corner of supporters allowed into Tirana's National Stadium roared with delight once referee Istvan Kovacs blew his whistle to end their team's trophy drought.

"We know that after these amazing victories it's always difficult to start again but a real team wins, celebrates

Serie A club beat Feyenoord 1-0 to win inaugural edition of Europa Conference League

and then gets going again," said Rome-born captain Lorenzo Pellegrini.

For 1970 European champions Feyenoord it was their first ever defeat in a European final as well as being the first loss in the competition for Arne Slot's team.

Zaniolo broke the deadlock with the only real moment of magic in what was a tight, scrappy opening half.

He expertly brought down Gianluca Mancini's ball over the top that just escaped Gernot Trauner

before flicking a finish past the onrushing Justin Bijlow.

The goal made Zaniolo the first Italian to score in a European final since Filippo Inzaghi in 2007 as well as a confirmed hero for Roma fans. Feyenoord had dominated the ball, creating nothing of interest, but that changed almost immediately after the restart.

Trauner diverted a low cross off the post and seconds later Rui Patricio made his first real save of the match,

the Portuguese reacting well to push Guus Til's shot away.

And the 34-year-old was called into action again four minutes after the break, flinging himself to his left to just tip Tyrell Malacia's rocket of a shot onto the woodwork.

Almost straight after Tammy Abraham had his hands in the air in disbelief when he was pulled back by Marcos Senesi just as he was charging through on goal, but Feyenoord were clearly on top.

India enter knockout stage of Asia Cup with 16-0 win over Indonesia

PTI ■ JAKARTA

Rising to the occasion, Indian men's hockey team slammed six goals in the final quarter for a crushing 16-0 victory against Indonesia, a result that took the holders into the knockout stage of the Asia Cup but shut the World Cup door on Pakistan, here on Thursday.

India needed to win the Pool A contest by at least a 15-0 margin to qualify and the young players of the side delivered under pressure.

Both India and Pakistan finished on four points each in Pool A behind Japan but the defending champions qualified for the Super 4s due to better goal difference (1).

Pakistan had lost 2-3 to Japan earlier in the day.

The result not only pushed Pakistan out of the tournament but also dashed their hopes of World Cup qualification since only the top three teams here will be given tickets for the big event.

India, being the hosts, will play the World Cup later in the year and hence Hockey India

decided to send young players to this tournament for exposure.

Dipsan Turkey (5 goals) and Sudev Belimagga (3 goal) shared eight goals between them, playing a key role in team's crucial win. Veteran SV Sunil, Pawan Rajbhar and Karthi Selvam scored a brace each while Uttam Singh and Nilam Sanjeev Kess were the other goal getters for India.

UPROAR IN PAK

Erstwhile powerhouse of the game, Pakistan's failure to qualify for the men's hockey World Cup has created a furore in the nation with former players finding it "hard to digest" and calling for heads to roll in the national federation.

Once the undisputed champions of world hockey, Pakistan has reeled from one crisis to another and from one disappointment to another and Thursday's blow has led to renewed calls for the sacking of the long-serving president of the Pakistan Hockey Federation (PHF) Brigadier (ret'd) Khalid Sajjad Khokar and coach Khawaja Junaid.

Sen to train with Axelsson in Dubai

PTI ■ NEW DELHI

World Championship Bronze medallist Lakshya Sen is all set to train with World No. 1 Victor Axelsson in Dubai from Sunday with the Sports Ministry's Mission Olympic Cell (MOC) approving his request, keeping in mind the upcoming Birmingham Commonwealth Games. The MOC also cleared two-time Olympic medallist P V Sindhu's request for her fitness trainer M Srikanth Madapall to accompany her abroad under Target Olympic Podium Scheme

(TOPS), the ministry said in a statement on Thursday.

Sen, the 20-year-old from Almora, was part of the Indian men's team that won the prestigious Thomas Cup this month and is a big Gold medal prospect at the Birmingham event to be held from July 28 to August 8.

"Lakshay is set to train With Axelsson in Dubai from May 29th till 5th June (8 days) and then head out to Kuala Lumpur, Malaysia on June 19th to train at the Malaysian Training Centre from 19th till 26th June (8 days)," the ministry said.

Mourinho hails Conference League ‘history’ for Roma

AP ■ TIRANA

Jose Mourinho said that he and Roma had made history after winning the Europa Conference League on Wednesday, the club's first ever major European trophy.

Portuguese coaching icon Mourinho tried and failed to hold back the tears after Roma beat Feyenoord in their first continental final in over three decades and he was still emotional by the time he hailed his team after the trophy ceremony.

Roma fans have taken Mourinho into their

hearts during an up and down season which culminated in Wednesday's 1-0 win in Tirana which ended a 14-year trophy drought for the capital club.

"I've been at Roma for 11 months, I knew the moment I arrived what it meant to the people. They had been waiting for something like this," Mourinho told Sky.

"This was not work tonight, this was history. We had to write history. We wrote it."

Wednesday's triumph was his fifth European title and made him the first coach to win all current UEFA competitions.
