The Indian government has been providing direct cash transfers to the poor and vulnerable through the Pradhan Mantri Garib Kalyan Yojana (PMGKAY). This scheme has played a significant role in providing relief to the needy during the COVID-19 pandemic. The scheme involves the provision of a one-time cash transfer of Rs. 6,000 to vulnerable groups. This transfer is based on several criteria, including the number of families and the number of beneficiaries. The scheme has been widely praised for its effectiveness in distributing relief to the most vulnerable sections of society. However, there have been concerns about the adequacy of the cash transfer and its reach. The government has been working to improve the scheme, and there have been discussions about expanding its coverage to include more vulnerable groups. The ongoing pandemic has underscored the importance of such schemes in times of crisis.

Renault approves sale of its Russian assets

**ABP/ PARIS**

F rancisco Carmeň, Renault's CEO, said on Monday that the company would sell its assets in Russia to its Ukrainian branch in Moscow, City and its stake in Russian company Avto Rossia to a state-owned bank. Renault and Moscow said Monday its board has approved the sale of the Russian assets to the Russian Federation. The company said it provides for a six-year option for the Russian government to buy back the assets.

The CEO of Renault, which this month announced a difficult but necessary decision to exit Russia, said: “We are making a responsible decision, we are seizing 43,000 employees in Russia while preserving the Group’s performance and ability to operate in the market in future, in a different context.”

Russia force focused their attack on Ukraine in its industrial areas, as well as its staging cities and artillery strikes around the city of Mariupol, the last bastion of Russian forces in the strategic city of Donetsk, said Monday. The Ukrainian Ministry of Defense and the Russian那就说完了—他们本可以按照国际法提出索赔，但选择去破坏和挑起争端。

The UK Ministry of Defence said on Monday that Russia had launched a series of missile strikes on the city of Kyiv and other cities in Ukraine. The Ukrainian daily noted that the British military authorities have not yet confirmed the number of casualties or the extent of the damage caused.

Russia is known to have been involved in a number of conflicts in the region, and its forces have been active in the country’s eastern region, where Moscow-backed separatists have been fighting against the central government.

The war in Ukraine has had a major impact on the global economy, with prices for oil, gas, and other commodities rising sharply. The conflict has also led to a wave of refugees fleeing to neighboring countries, including Poland and Moldova. The United Nations has estimated that more than 13 million people have been internally displaced since the start of the conflict.

Lawyer charged with lying to FBI in Russia probe faces trial

**ABP/ WASHINGTON**

A federal trial began on Monday for a lawyer who once worked for the Hillary Clinton campaign, charging him with lying to the FBI about his contacts with a Russian lawyer who was linked to the campaign.

Russian forces have been heavily engaged in Ukraine, where the conflict has claimed the lives of at least 13,000 people. The UN has said the fighting has displaced more than 10 million people, with millions more in need of humanitarian assistance.

The trial is a test of the Trump administration’s efforts to hold Russia accountable for its actions in Ukraine. The Justice Department has said that it is investigating whether Trump and his associates 10.5 million people in areas under Russian control, except for several hundred miles north of Moscow.

The conflict in Ukraine has also drawn international scrutiny, with the United Nations and other organizations calling for an end to the violence and for a peaceful resolution to the conflict.

The US military has been providing support to Ukraine, including training and equipment, as part of its efforts to help the country defend itself against the Russian invasion.

In addition to the military aid, the US has also imposed sanctions on Russian officials and companies, and has imposed financial penalties on the Russian central bank.

The conflict in Ukraine has also sparked international concerns about the stability of the region, with the US and other countries calling for a diplomatic solution to the conflict.
