Submit files on Arun Goel's pick as EC, SC asks Centre

We want to see what prompted step to choose EC at short notice, SC tells AG

PIONEER NEWS SERVICE ■ NEW DELHI

Asserting the need for independence of the Election Commission and its members, the Supreme Court on Wednesday directed the Centre to produce the original records related to the recent appointment of Arun Goel as Election Commissioner.

The Constitution Bench headed by Justice KM Joseph wanted to know whether there was any "hanky panky" and rejected Centre's objections in producing the original file, saying it wants to know whether everything was "hunky dory" in the appointment process as claimed by the Government.

The five-judge Constitution Bench rejected the objections put forth by Attorney General (AG) R Venkataramani over its insistence on going through the file while it was hearing the larger issue of appointment of Election Commissioners and Chief Election Commissioner.

The AG told the bench, also comprising Justices Ajay Rastogi, Aniruddha Bose, Hrishikesh Roy and CT Ravikumar, that the court is

dealing with the larger issue of appointment of ECs and the CEC, and it cannot look at an individual case flagged by advocate Prashant Bhushan.

"I take serious objection to this and have my reservation to the court seeing the file amid the hearing of a Constitution bench," he contended.

Earlier on Monday, the Bench observed that the selection to Election Commission should be by a body headed by the Chief Justice of India. Bhushan argued that when the Bench started hearing a batch of pleas seeking a collegium-like system for the appointment of ECs and the CEC last Thursday, the Government appointed Goel as an EC on November 19.

"We want to see what prompted the step. We want to see what the mechanism is. We will not treat it as an adversarial (move) and keep it for our record, but we want to know as you claim that everything is hunky dory. Since we were hearing the matter and appointment was made amid, this may be interlinked. You have time till tomorrow. Produce the documents," the court told the AG.

The Bench observed that Bhushan had told the court last Thursday that an interlocutory application has been filed seeking filling of one vacancy in the Election Commission and the next day the appointment was made. Bhushan, who

appeared on behalf of petitioner Anoop Baranwal and made his rejoinder submission, said after the court started hearing the matter, the Government hurriedly appointed an Election Commissioner.

"This Election Commissioner was, till Thursday, working as a secretary-level officer in the Government. Suddenly, he was given VRS on Friday and appointed as an Election Commissioner," Bhushan said. He added, they (Government) appointed someone in a single day and no one knows what process was followed and what safeguards were taken. Justice Joseph said, as far he recalls, it takes three months for a person to get voluntary retirement.

"You need to produce before us the original file regarding the appointment of this officer. If there is no illegality, then you should not be afraid," Justice Joseph said. Venkataramani protested the way Bhushan flagged the issue of Goel's appointment amid the hearing of a larger matter and wanted the court to look into it. Justice Hrishikesh Roy told

Venkataramani that with his objection it looked like he was prejudging the mind of the court.

Justice Joseph told the Attorney General, "Please tell us whether you will produce the files or not unless you have an objection to that. If not, we will leave the matter at that and close the hearing." AG Venkataramani said the court need not travel that far and that he was only trying to satisfy himself whether it would be appropriate for the bench to look into the file of an isolated incident amid the hearing of a larger issue.

"If there is a need to show (the files) to the court, we will certainly show it. If any wrong has happened, I, as Attorney General, would myself bring to the notice of the court. It is my duty as the law officer. This court cannot look into an isolated incident just because it was flagged by someone. The post has been vacant since May," he said.

Justice Joseph said the court is only looking into the mechanism and see whether everything was according to the process. "If you feel you should not disclose the file, then let us know. You have time till tomorrow. If you are busy, you can ask someone to place the file before us," he said.

On November 19, Goel, a 1985-batch IAS officer of the Punjab cadre, was appointed as an Election Commissioner.

Delhi man stabs parents, grandma, sister to death

Drug addict was back from rehab centre recently

STAFF REPORTER ■ NEW DELHI

In a gruesome incident, a 25-year-old man, a drug addict who recently returned from a rehabilitation centre, killed all his family members in Southwest Delhi's Palam area.

The accused, identified as Keshav, allegedly stabbed his parents, sister, and grandmother to death over a dispute.

According to police, all four were found lying in a pool of blood. They have been identified as Dinesh Kumar (50), his wife Darshan Saini (40), mother Deewano Devi (75) and daughter Urvashi (18).

As Keshav went on the stabbing spree, the screams of his family members alerted some of their relatives, who live in the same building, and neighbours.

According to a police officer, they received information around 10.30 pm on Tuesday about a quarrel on the upper floor of a house in Palam. Deputy Commissioner of Police (southwest) Manoj C said when a police team reached there, it found four members of the family dead.

The "caller" Kuldeep Saini (26) and his relatives caught hold of the accused and handed him over to the police, he said.

(Inset) Keshav (in red), with his mother, sister, father and grandmother. A cop at their house after the ghastly murders on Wednesday Ranjan Dimri | Pioneer

On being handed over to the police, Keshav warned his cousin Saini, "When I come out of jail, it will be your turn."

Saini lives on the first floor of the building and his uncle's family lives on the second.

Preliminary investigation revealed that Keshav did not have a stable job. He used to work in a company in

Gurugram and left the job a month ago, police said. Prima facie it seems the accused killed his family members following an argument, police said.

Keshav's relatives said they are shocked and completely devastated. "Around 10 pm, I heard my cousin Urvashi (Keshav's sister) calling my

Married man kills girlfriend, shoots self; hospitalised

STAFF REPORTER ■ NEW DELHI

A woman was shot dead by her 38-year-old paramour inside a room at an OYO hotel in Narela area of Northwest Delhi.

The accused, identified as Praveen, alias Situ, had also attempted to commit suicide by shooting himself in the head but he survived and is undergoing treatment at Sanjay Gandhi hospital.

The victim has been identified as 39-year-old Geeta. She checked into the OYO hotel on Tuesday with the accused, officials said.

According to a hotel staff, the couple had a heated argument, and the man, apparently, in a fit of rage, shot his girlfriend in her chest. After killing her, he also tried to kill himself.

name and screaming for help. When I went upstairs, I saw that the gate just outside the main door was locked and there was silence. I knocked on the door and asked Keshav to open it. But he insisted that I leave as it was their family matter," Kuldeep recalled.

Archana Nag case

ED grills film producer Parija for 2nd day

Elusive Shradhanjali appears before agency

PNS ■ BHUBANESWAR

The Enforcement Directorate (ED), which is investigating the Archana Nag honey-trap and extortion case, on Wednesday grilled film producer Akshay Parija for a second consecutive day.

Parija's lawyer Akash Bhuiyan, who accompanied him to the ED office, said, "Because we have lodged the complaint, being victim or complainant, whatever information or evidence is sought from

us, we will comply with that. We assume there were no financial transactions. Interrogation in connection with blackmailing, conspiracy and extortion is underway."

"Akshay Parija is an established figure. You should understand that the viral photo could be morphed; and we are going to prove that. We will take the help of law. We are

also planning to file a defamation suit. We will fully co-operate with the probe agency," Bhuyan said.

Archana's elusive associate Shradhanjali Behera also appeared before the ED after receiving notice of the investigating agency.

Reports said the ED is likely to take Archana on remand for interrogation in connection with the money laundering case. The agency is expected to file a remand petition before court on Thursday.

The ED might simultaneously question Parija, Shradhanjali and Archana's associate Khageswar Patra and Archana's husband Jagabandhu Chand.

Opp readies for Assembly meet

Archana Nag issue may heat up Winter Session

BJD to counter anti-Govt offensive

PNS ■ BHUBANESWAR

The Winter Session of the Odisha Assembly beginning on Thursday is set to be stormy as the Opposition has planned to raise a host of issues including the case of honey-trapper and blackmailer Archana Nag in which several ruling party MLAs are said to be involved.

Opposition Congress and BJP held their legislature party meetings on Wednesday to chalk out strategies to corner the State Government.

Besides the Archana Nag

case, farmers' issues like mandi mismanagement, the law and order situation and contractual employment are among the key issues the Opposition planned to raise.

"Our party will raise farmers' issues including mandi mismanagement, police inaction in the Archana Nag case and corruption in MGNREGA schemes," Opposition Chief Whip Mohan Majhi (BJP) said.

Congress MLA Santosh Singh Saluja also said farmer issues and the Archana Nag case would be raised during the session.

On the other hand, the ruling BJD has readied its ammu-

nitions to counter the Opposition offensive. The party will hold its legislature party meeting on Thursday morning.

"The Opposition has the right to raise any issue in the Assembly. We are prepared to face the issues. We hope they will cooperate in a smooth functioning of the House," Government Chief Whip

Prashant Muduli said.

The Assembly session will be held without Covid-19 restrictions and all the members can occupy their respective seats. The Press Gallery will also be opened for mediapersons. However, the MLAs, who are unwell, can attend the session through videoconferencing with prior written approval.

The session is scheduled to continue till December 31. The Supplementary Budget for the financial year 2022-23 would be presented on the first day. The session will have 33 working days, of which six have been earmarked for private members' business.

Didn't invite Naik: Qatar on hate preacher's visit

Canards on Zakir's invite a bid to spoil bilateral ties, FIFA WC host tells India

PIONEER NEWS SERVICE ■ NEW DELHI

Qatar has clarified that it did not extend any official invitation to India's fugitive Zakir Naik for the ongoing FIFA World Cup opening ceremony. Doha also said deliberate disinformation was being spread by third countries to damage relations between the two countries.

The reported denial came after India informed Qatar that Vice President Jagdeep Dhankar's visit for the World Cup inauguration on November 20 will be called off if Naik was invited for the event.

Qatar reportedly informed India through official channels that no official invitation was extended to the Indian fugitive to witness the opening ceremony from the VVIP enclosure. Reports said Naik could have travelled to Qatar from Malaysia on a private visit.

In the first response by the Centre to Qatar's reported invitation to Naik, Union Minister for Petroleum and Natural Gas Hardeep Singh Puri on Tuesday said he was sure India will take up the matter and would convey its views in the "strongest possible terms" to the concerned authorities.

Asked about Qatar reportedly inviting Naik to the FIFA World Cup, Puri said, "I have no knowledge of that". When asked if India will lodge a protest, he replied, "I am sure India took it up and will take it up. But the point is he is a Malaysian national and if he is invited somewhere... whether

they knew, I have no knowledge of that. I have as much access to information as you have."

"You can ask me my views on Zakir Naik. My views and your views are the same on that," he said. Replying to a related question, Puri said, "We (India) have our views on him and I am sure they will be conveyed in the strongest possible terms to the concerned authorities."

A BJP spokesperson in Goa had also called for Indians to boycott the World Cup on the issue.

Naik has been wanted by India since 2016 for alleged money laundering and inciting extremism through hate speeches in Malaysia. In March 2022, the Union Home Ministry declared Naik founded Islamic Research Foundation (IRF) an unlawful association under the UAPA and banned it for five years.

MALAY RAY ■ SUNDARGARH

A pall of gloom descends generally when a person dies, with the family members, relatives and neighbours grieving over the loss, but in Kutra block of Sundargarh district, the atmosphere was quite different on Sunday morning. A 115 years old woman died and her near and dear ones took her body to the graveyard dancing to the tune of DJ music.

Her last journey was celebrated in a grand way. A video of the procession has gone viral. Mangri Surin (115), a resident of Panchara Bastipara under Kutra block of Sundargarh district, passed away on Saturday night. Mangri is survived by his two sons and grandsons and granddaughters.

On Sunday afternoon, when her body was prepared to be taken to the graveyard, a vehicle carrying DJ music was called near her house and about 50 people of the locality including her family members and neighbours carried out her last journey in a different way. The procession was led by DJ music playing Sambalpuri songs. A group of

persons danced in front of the deceased Mangri's bier on the road of the village and continued their dance in accompaniment of the music up to the graveyard. "My mother lived for 115 years with happiness. We therefore took her body to the graveyard by playing music and dancing," said Prasanta Surin, son of the deceased.

US's Walmart manager opens fire in break room, kills 6

AP ■ CHESAPEAKE

A Walmart manager opened fire on fellow employees in the break room of a Virginia store, killing six people in the country's second high-profile mass shooting in four days, police and a witness said Wednesday.

The gunman, who apparently shot himself, was dead when police found him, Chesapeake Police Chief Mark G Solesky said. There was no clear motive for the shooting, which also put four people in the hospital.

The store was busy just before the attack Tuesday night with people stocking up ahead of the Thanksgiving holiday, a shopper told a local TV station.

Employee Briana Tyler said workers had gathered in the store's break room as they typically did ahead of their shifts. Detailed report on Page 9

E-detection portal on NHs from Jan 1

Locals allege IIC-murder accused nexus

To check vehicles plying sans valid documents

PNS

CUTTACK

For a vehicle to ply on a public road, it is mandatory to have valid documents like registration certificate, fitness certificate and permit. If it is a transport vehicle, insurance and Pollution under Control Certificate (PUCC) and driving licence for all vehicle drivers are required. As per sample data collected from NH tollgates, it is observed that a substantial

number of vehicles are plying without valid documents. To detect such vehicles in Odisha, the Transport Department has developed an e-detection portal.

Joint Commissioner Transport, (Technical) Dipti Ranjan Patra said, "The portal will keep a check on such vehicles in a seamless manner. The objective of the portal is to collect the data from various toll gates on the National Highways. In the first phase toll gates of the NHA1 have been integrated with the portal."

Later, data would be

collected from mining and industrial areas as well. The data will be collected, analysed with details in Vahan portal and automatically challan will be generated for the vehicles plying without valid documents," he informed.

The data would be collected in accordance to those fetched through the FASTag and images captured when a vehicle would pass through a tollgate. Immediate information would alert the vehicle owners and help in reducing road accidents and fatalities. "If any untoward incident or accident occurs,

the vehicle owner or victim will not get any insurance claim if the vehicle involved does not have valid documents," Patra said

He urged the vehicle owners to keep the vehicle documents up-to-date. "In order to curb accidents, it is important for all motor owners to follow the ruled laid in the Motor Vehicle Act, 1988. Vehicle owners must also ensure that they have all the necessary documents to avoid penalties," he said.

The department is planning to start e-detection on the NHS with effect from January 1, 2023.

Gherao Airfield police station

PNS

BHUBANESWAR

Tension prevailed on Tuesday evening when a large number of residents of Sundarpada gheraoed the Airfield police station alleging that the IIC was having a nexus with some notorious criminals. They claimed that the IIC was playing badminton with the some murder accused in the area.

According to reports, Raghunath Barik, Rashmi Barik, Tushar Behera, Biswajit

Routray and Rajesh Nayak had on November 20 waylaid and thrashed one Amaresh Rout of Sundarpada's Talasahi while he was returning with a woman by his motorcycle. Later, the injured Amaresh lodged a complaint in this connection with the Airfield police.

Though police registered a case against the attackers, no

action was taken against them.

The villagers have alleged that Raghunath, Biswajit and Rajesh are prime accused in the sensational Amaresh Nayak murder case of 2019. Similarly, Rashmi is an accused in the sweets shop owner murder incident in Samantarapur and Tushar was involved in a kidnapping case, they alleged.

Instead of arresting them, the IIC was seen playing badminton with them, they said.

Following the demonstration ACP Anirudha Routray reached the place and alerted the locals. As per Routray, police detained Raghunath and are on the lookout for the other absconders.

Naveen buys first Hockey WC ticket

PNS

BHUBANESWAR

Chief Minister Naveen Patnaik on Wednesday purchased the first ticket of the 'FIH Odisha Hockey Men's World Cup 2023 Bhubaneswar-Rourkela'.

Hockey India President Dilip Tirkey met the CM at the latter's residence and presented him the ticket. Tirkey received a currency note of Rs 500 from Patnaik.

The international

sporting event will be held from January 13 to 29, 2023 at the Kalinga Stadium in Bhubaneswar and the Birs Munda International Hockey Stadium in Rourkela. The online sale of tickets for the Hockey World Cup will commence soon. Fans have been advised to pre-register their interest for buying tickets by visiting https://fih.formstack.com/forms/world_cup_tickets_pre_registration.

Linguistic conf at Centurion from today

PNS

BHUBANESWAR

The Centurion University of Technology and Management, Odisha in collaboration with the Linguistic Society of India will organise the 44th International Conference of the Linguistic Society of India (ICOLSI-44) from November 24 to 26.

Governor Prof Ganeshi Lal will illuminate the inaugural ceremony on November 24 as chief guest. The other distinguished dignitaries who will attend are Chairman ICOLSI-cum-

Chancellor of CUTM Andhra Pradesh, Prof Debi Prasanna Pattanayak, Vice-Chancellor of CUTM Prof Supriya Pattanayak, president Linguistic Society of India, Prof G Uma Maheswara Rao and former VC, BPUT and Director, Technology and Academic Initiative, RSB Metaltech, RSB Group, Pune, Prof Omkar Nath Mohanty.

Luminaries of English language and literature will grace the occasion including international and domestic delegates, eminent professors and scholars.

PNS

BHUBANESWAR

A national seminar entitled "Emerging Dimensions of Corporate Reporting in the 21st Century" was organised by the DAV School of Business Management (DSBM) here in collaboration with the Indian Accounting Association (IAA), Bhubaneswar branch on Sunday.

NALCO CMD Sridhar Patra was chief guest at the inaugural session. Academician Prof Ashish Kumar Sana, Department of Commerce, Calcutta University, was guest of honour. Dr RK Swain, general secretary, IAA, Bhubaneswar branch and Dr KC Satapathy, Regional Director, DAV Institutions, Odisha, also attended the event. IAA, Bhubaneswar branch president Prof RK Bal delivered the

welcome address.

The chief guest enlightened the audience about the relevance of corporate reporting. An exclusive souvenir was released on this occasion wherein 40 abstracts were published followed by a panel discussion where Prof PK Hota, Head, PG Dept of Commerce, Utkal University;

Prof AK Sana; BK Dash, Group General Manager (Finance), NALCO; and CMA N Mishra, Partner, Niran & Co; were the panelists. The discussion was moderated by Prof DV Ramana, XIM University.

There were two technical sessions conducted simultaneously in the

afternoon session where the participants presented their papers. The valedictory session was attended by Prof Jas Raj Bohra, president, Indian Accounting Association as chief guest. His insightful deliberation about the idea of integrated reporting in the current scenario was highly appreciated.

‘AMLAN’ to curb anaemia

PNS

BHUBANESWAR

Chief Minister Naveen Patnaik on Wednesday launched 'AMLAN'- Anaemia Mukta Lakhya Abhiyan aiming at reduction of anaemia in the State. Targeting 1.37 crore people, the programme will be rolled out in 55,000 Government and Government-Aided Schools besides 74,000 Anganwadi Centres by several departments including Health & Family Welfare, School & Mass Education, Women & Child Development, Mission Shakti and ST & SC Development.

Patnaik said the programme would focus on making the State anaemia-free.

BSE staff held for fake cert sale

PNS

CUTTACK

Police arrested a staff of the Board of Secondary Education (BSE) here for allegedly selling a fake Odisha Secondary School Teacher Eligibility Test (OSSTET) certificate on Wednesday. The accused was identified as Sweeper Supervisor Bhramarabara Nayak.

Official sources said Nayak had sold the fake certificate for Rs 45,000 to a man in Keonjhar district. The latter, after getting to know that the document was counterfeit, apprised the BSE about the matter. The BSE authorities asked the Mangalabag police for an investigation. Police conducted an inquiry leading to the arrest of the accused.

While Nayak was interrogated at the

BSE office, police suspected his involvement in selling fake certificates to many other people. "Investigation is underway and efforts are on to nab all others who are possibly involved in this racket," police said.

Meanwhile, commenting on the issue, BSE President Ramashis Hazra said the BSE is unaware of sale of fake certificates. "The BSE has no role in the alleged racket of trading forged certificates. We informed police as soon as we got to know about the illegal activity. An FIR was filed basing on the complainant's claims. Police are now investigating the matter," he told the media.

He added that the deal had been made between the two parties on a personal level.

Guv releases poetry book

PNS

BHUBANESWAR

Governor Prof Ganeshi Lal unveiled young writer Dishashree Swain's English poetry book "honeysuckle daydreams" at the Raj Bahavan here on Tuesday.

Dishashree's parents and the

books' publisher Amarendra Mahapatra of Dhara Shreeradha Trust were present.

A student of Class-XI at the DAV Public School, Unit-8 here, 15-year-old Dishashree has great interest in reading English poems and novels since her early days.

S'pur Bandh: Koshala State demanded

PNS

SAMBALPUR

The Sambalpur Nagarika Kriyanusthana Committee on Wednesday called a 12-hour bandh in the city demanding formation of a separate State of Koshala comprising the districts of western Odisha.

The committee also demanded establishment of a permanent Bench of the Orissa High Court in Sambalpur.

Shops and business establishments remained closed while vehicular movement was affected due to

the dawn-to-dusk bandh from 6 am to 6 pm.

However, emergency services, educational institutions and vehicles carrying examinees were excluded from the ambit of the bandh.

Various traders' associations extended support to the bandh call.

Members of the Sambalpur Nagarika Kriyanusthana Committee alleged that the Odisha Government has been conspiring to prevent establishment of a High Court Bench in Sambalpur.

HITTING THE BULL’S EYE

Lawmakers do not deserve more than primary teacher salary

Odisha MLAs, expected to make laws only to improve the quality of people's life, keep screaming, 'more pay, more perks'. The political landscape of today is just terrible-because many bad creatures have come in by displacing the good. They grab party tickets by bribing outfit bosses in more than one way. Evidently, the Odisha scene is widely different from that of other States. Chief Minister Naveen Patnaik has been pounding rogue lawmakers to dust by hammering the sense of public service into most of the dumb heads. Unless an MLA is educated and sharp-headed, he is only asked to keep listening to bureaucratic officials who know the basic law and go by the rulebook. The boss is fully aware all the time that whatever be the status, ultimately the number of legislators would count to remain in power. But once in a while, the boss is forced to make compromises on candidate selection. So, as time rolls by, the number of compromised creatures increase and the house of

BISWARAJ PATNAIK

lawmaking is nearly full of greedy robbers who can turn and twist facts to persuade the chief to agree to some self-serving proposals like fattening salaries and perks. Lately, one such demand has come up and the top bosses are not turning down the idea probably because general elections are fast approaching. The BJD honchos must know around this time that the party's moves are under sharpest scanner. One wrong move would mean getting into big trouble.

The lawmakers, among whom sane ones are only a handful, have not realised the basic principle of governance that lawmaking work is not a paid job. It is essentially social work. More than that, the responsibility term doesn't exceed a short duration of five years.

Odisha MLAs, the same way as elsewhere, are mostly pinheads that cannot even define to a curious child the fundamental features of the Constitution or the meaning of public service. They now dedicate most time to spoiling the rash, daring and risk-taking youths by initiating them into alcohol dependence and methods of deceiving the masses to fetch votes for them. Not one loudmouth has raised voice against liquor across the State's rural canvass. One finds heartrendingly alcohol flowing across villages in greater quantities than that of potable water.

An Odisha legislator gets around 10 times the average monthly per capita income of Rs 10,615. A recent study has revealed that 95 MLAs out of the total 147 are

crorepatis or millionaires with individual assets of Rs 1 crore and more each. An analysis shows clearly that many of these characters keep narrating shamelessly a rag-to-riches by amassing wealth after entering power politics. Fourth-grade beggarly fellows now have riches to put to shame erstwhile princely figures and aristocrats who are roaming the streets with begging bowls. These political creatures, particularly the elected ones are perpetually money-mad mainly because even during induction, except routinely meaningless oath-taking, there is no ethics training or any quality induction exercise to which they are exposed to internalise what is right and what wrong.

Odisha MLAs currently get around Rs 1 lakh per month, which includes Rs 35,000 salary and Rs 65,000 in allowances excluding a daily allowance of Rs 1,500 the Assembly session, apart from the Rs 2,000 per day while touring outside the State. All this is besides travel reimbursements

for attending sessions.

But their biggest grouse is that they get much less than what some other States' lawmakers get. They keep citing Telangana bleeds Rs 2.75 lakh a month for each law maker, the highest in the country. Maharashtra coughs out Rs 2.30 lakh and Karnataka dishes out Rs 2.05 lakh as Jharkhand. It is because opposing party lawmakers fight on all issues like mad except when it comes to deciding salaries and perks. They all gang up and sing the same beggarly anthem to have the Bill passed with the Speaker extending support, no matter how much they have amassed already. Incidentally, a study found out that 73% of the people of the Telangana households have bribed officials for availing public services in the past one year. What these creatures do not know is it is the second-most poor performing State in curbing corruption in availing public services according to a CMS-India Corruption Study 2018. The report released on Friday last revealed that

most of the States cited are known to be highly corrupt. Based on different sub-indicators to arrive at a score, very surprisingly Tamil Nadu topped the table of corrupt States. The States with high composite score are poor performers in the fight against corruption including Telangana and Andhra Pradesh, the last two without any real enforcement initiatives. Punjab and Gujarat too are poor performers. Rajasthan, Karnataka and Delhi have been identified as 'moderate' performers. Transport, police, housing, land records, health and hospital services are considered to be most corrupt domains in all these States.

Even in the United States of America, the highest that a lawmaker gets annually would not exceed 1,74,000 dollars, no matter what. The pension would be determined on the basis of years of public service. Interestingly, the social security benefits are paid for and don't fall upon the past lawmakers until they turn 50 or get aged enough. Lately, there was a big

rumour that the Biden administration has passed a Bill exclusively meant to facilitate salary fattening by lawmakers as and when they desired. The truth is Biden has never ever permitted such an anti-people move. In fact the Congress has been successfully frustrating every salary-raising attempt by lawmakers.

Lawmakers of Odisha have a right to live with dignity. So, all the affluent ones that earn twice the State's per capita figure, be respectfully persuaded to give up the greed for salary, let alone raise the same; and the truly needy ones be granted a contractual primary teacher's salary to eat and live. All the same, their perks towards office expenses and travel be given as per actuals only after being endorsed by at least 20 of the poorest voters of the constituency.

Lawmaking is one the most divine responsibilities that God gives to a human creature to bring smile in the face of the distressed communities. Asking for a salary is only committing sacrilege!

New groundwater de-fluoridation tech by IMMT

PNS ■ BHUBANESWAR

The CSIR- Institute of Mineral and Material Technology (CSIR- IMMT), Bhubaneswar, has developed a new technology for groundwater de-fluoridation that will help contain the fluoride related issues.

This was disclosed at an interactive meet organised at the CSIR- IMMT, here, which was attended by representatives from Government organisations/ NGOs/potential stakeholders and people from fluoride-endemic villages of Odisha. The session started with the opening remarks by Dr NK Dhal, Head E&S Department,

IMMT. Speaking on the occasion Director CSIR-IMMT Prof S Basu said the IMMT has a tradition to work on water and make it contaminant -free.

The groundwater de-fluoridation technique is cheap, implementable, chemical free and easy to handle, he added.

Chief Scientist Dr MG

Sujana demonstrated the new technology of ground water de-fluoridation to the audience followed by a documentary video. The adsorption process is used for the de-fluoridation of the groundwater. The metal ions from the soil are used to make the nanoparticles and then it is converted into the granules, which will be packed in a

pouch and are easily separable. One gram of these granules can purify 2,000 liter of fluoride from the contaminated water, he explained.

The people from Nayagarh's Nimani, Panchukota, Balasinga and Jajpur's Oleichandanpur, who are majorly affected by fluoride, participated.

Ex-Min Golak Naik passes away

PNS ■ BARIPADA

Former Odisha Minister and ex-Udala MLA Golak Bihari Naik passed away at a private hospital here on Wednesday.

Naik, who was suffering from kidney ailment, had come to the hospital in the morning for dialysis.

Naik had started his political career with the BJP and later joined the BJD. He was elected to the Legislative Assembly thrice, in 2000 and 2004 as a BJP candidate from the Khunta constituency and in 2014 from Udala as a BJD nominee. He was Minister of Textiles, Fisheries & Animal Resources.

Naik's body was taken to his farmhouse at Betnoti, from where it was taken to his village Budheirana under Badasahi block for final rites.

Puri deities' idols carried on trolley in objectionable way

Incidence on Bada Danda shocks devotees

PNS ■ PURI

Idols of Lord Jagannath and His siblings Lord Balabhadra and Devi Subhadra were carried on a trolley in an objectionable manner on the Bada Danda here on Tuesday.

A trolley driver was seen carrying the idols on the three-wheeler by tying them together. When questioned, he said he was asked by the owner of a tent house to carry the idols from a cultural event at Bali Sahi here.

While some devotees advised him to cover the idols with clothes, he paid no heed and left the place with the trolley.

Expressing displeasure over the matter, devotees demanded that the tent house owner apologise for the incidence. Later, the owner and

workers of the tent house apologised and visited the Jagannath Temple to seek the deities' forgiveness for the act.

Earlier in September, an idol of Lord Jagannath was carried on a truck in an objectionable way in Jaleswar of Baleswar district. The idol was tied to the rear part of the bamboo-laden truck with a rope while being transported to West Bengal from Baleswar.

As the vehicle was on its way on NH-60, two persons travelling in a car reprimanded the truck driver for his act. They also recorded a video of the incidence which went viral on social media platforms drawing sharp criticism from various quarters.

B'pur SP holds meet to curb ragging

House Surgeon arrested for assaulting girl student

PNS ■ BRAHMAMPUR

Keeping in view a surge in rgging incidents in various educational institutions here, Brahmampur SP Sarvana Vivek M on Wednesday convened a meeting of Principals of various colleges to evolve suitable mechanisms and standard guidelines to prevent the menace.

The crucial decisions taken in the meeting included each college would have an 'Anti-Ragging Committee' (ARC) in the light of the Supreme Court guidelines. The committee would meet frequently and its contact numbers would be made available to junior students. Besides, awareness

would be created among students to whom they should report and how to report in event of ragging.

If ragging is found true, punishment should be meted out to the accused. The Principals should report the incidents to the local police stations immediately.

Special police teams would be formed to interact with students periodically. The SP issued instructions to the Principals to keep a strict vigil on the erring students.

Meanwhile, police arrested and forwarded to court MKCG Medical College Hospital House Surgeon Dr Supan Kumar Padhi based on a complaint of a final year MBBS girl student, who had alleged that Padhi assaulted her physically and bitten her hand and cheek. The girl was also medically examined, said the SP.

Builders encroach on S'pur hockey ground

Trigger public protest

NIMAI CHARAN SAHU ■ SAMBALPUR

When public places are getting squeezed day by day by encroachers, the builders have set their eyes on a hockey field near the city railway station here.

Hockey is a game of the tribal youths of the region. Of course, youths from other communities also play it, but their number is negligible.

But some builders are now constructing a road in the

middle of the hockey ground so that they can sell the land connecting it. But this Government land had been used for decades as hockey ground by the local youths.

Even a lot of activities related to hockey and the Dhyanchand Jayanti are organised on the particular ground every year. After getting information of road construction in the hockey ground, local residents, players, office bearers of the Sambalpur Hockey Club, Sankarma Yuvak Sangha, secretary of Madho Singh

Hockey Academy Laxmidhar Mohanty, lawyers and others gathered at the ground to protest such activities since it is an earmarked ground for hockey. The local people also filled the drains with the help of a JCB machine. At the same time, they are keeping a watch on the activities of the builders. It is apprehended that the row may also snowball into any untoward situation if the police and administration will not take it seriously.

Moreover, at the instruction of the Collector of Sambalpur, the Sambalpur

Municipal Corporation (SMC) has started constructing a boundary wall around the ground to make it a full-fledged stadium. But at this time, the builders are venturing to construct road on it that surprises many and they suspect a nexus of the builders with some revenue officials. But Sub-Collector Pravat Chandra Dansena said he is aware of the matter. "But under no circumstances will the Government land meant for hockey purposes be allowed to be encroached upon by the builders," Dansena made clear.

In Malakangiri

Maoist ammunition dump unearthed

IEDs, guns, explosives seized

PNS ■ MALKANGIRI

Police unearthed a major Maoist ammunition dump along the Andhra Pradesh border in a forest area of Dhakadpadar village under the Jodamba police station in Malkangiri district on Tuesday during a combing operation.

Police said a large cache of arms, explosives, IEDs and other incriminating articles were recovered from the spot. It is suspected that these articles were intended to make IEDs targeting civilians and security forces.

The seized articles included country made guns, 16 kg tiffin IED, four handmade codex wire, one HR grenade,

two hand grenades, two detonators, two electronic detonator wire, empty detonator, Maoist uniform, four bundles of electric wire among other things.

It was suspected that these articles were intended to target civilians and security

forces.

Malkangiri SP Nitesh Wadhwani said the search operation was conducted basing on specific intelligence from none other than villagers in the area.

"A lot of arms and ammunitions including

country made rifles and IEDs were seized from the camp of the ultras. This is proof that the Odisha police's Ghar Wapsi initiative is being successful in achieving desired targets. We hope this impact spreads to other Maoist-affected areas as well," he said.

Cop gets 10-yr jail for ganja smuggling

PNS ■ MALKANGIRI

A police Constable was sentenced to 10 years of imprisonment in a ganja smuggling case that had taken place in Malkangiri district last year. The judgement was pronounced by a Special-cum-Sessions Court here on Tuesday.

The accused Sanjib Hira had been caught while transporting the contraband. On January 22 last, Hira was going by his four-wheeler with eight quintals of ganja from MV-7 village towards Chitrakonda when he was intercepted and arrested by then Excise Inspector Ganga

Paikray when the latter was patrolling at Potrel Chhak.

After considering the witnesses and other evidences, Sessions Judge Ajanta Sarangi found Hira guilty and sentenced him to imprisonment. Hira was also slapped with a fine of Rs 1 lakh, which if he fails to pay would attract further imprisonment.

4-day Joda Mahotsav from Jan 19

Preparatory meet held

PNS ■ KEONJHAR

The first preparatory meeting of the third Joda Mahotsav 2023 was held here on Tuesday. Municipality Chairman Dr Jagdish Prasad Sahu chaired the meeting while Executive Officer Bichitrnanda Nayak, committee members,

intellectuals, senior citizens, media representatives and workers of various organisations participated.

The Joda Mahotsav was organised for the first time in January 2019. It was discontinued for two years due to Covid restrictions.

This time, the event has been scheduled from January 19 to 22 on the outskirts of Joda. A decision was taken to bring the

best art, culture and tradition of Odisha to the fore and invite prominent artists from the State and outside.

As the main attraction of the festival, folk dances of different States and various regions in Odisha would be organised. A souvenir would be unveiled on the history, art, culture and tradition of Joda, informed festival committee coordinator Sushant Barik.

Pension, security to scribes

SJAO to stage stir before Assembly on Dec 15

PNS ■ BHUBANESWAR

Fumed over repeated neglect to longstanding demands of journalists, including providing pension and enactment of a law for security of scribes in Odisha, the Senior Journalists Association, Odisha (SJAO) would stage a dharna before the State Assembly on December 15.

The SJAO executive body meeting was held here on Monday where a decision to this effect was unanimously taken.

The SJAO urged the State Government to implement a monthly pension scheme for the aged and retired journalists

facing acute financial hardship and take steps to introduce it for all working journalists irrespective of accreditation after their superannuation from job.

As many as 16 States across the country have introduced pension schemes and several welfare measures after a journalist retires from job. But the Odisha Government has not launched any pension

scheme for the State's scribes, the members of the association lamented.

They further said the welfare measures taken under the Odisha State Working Journalist's Welfare Fund Amendment Rule 2020 are inadequate.

In the wake of the increasing growth of attacks on mediapersons and newspaper organisations, the

INBRIEF

JOB FAIR IN BRAHMAMPUR ON NOV 25

Brahmapur: The All Odisha Private ITI Association in collaboration with the Brahmampur Rotary Club East will organise a job fair

on November 25 for the youth in the age group of 18 to 30 years having qualifications of 10th, +2, +3, Diploma and ITI. Club president Sumit Patanaik and secretary Jagajeevan Patro said the selected candidates would be engaged in Ahmedabad and Bengaluru. Chairmen of Fair Committee Jayanta Kumar Patra requested the interested candidates to attend the event on the day at 9.30 am at Club Office, Dharam Nagar 5th Line, Brahmampur.

WORLD FISHERIES DAY OBSERVED IN GANJAM

Chhatrapur: The World Fisheries Day was observed under the guidance of Additional Fisheries Officer Subrata Kumar Patnaik in the suburb here. Assistant Fisheries Officer (Sonpur)

Kunja Bihari Das, Assistant Fisheries Officer (Gopalpur) Khagendra Nath Rana informed how to avail the various facilities meant for fishermen. They said that if insurance is done, the insurance amount would be paid, otherwise not. Many fishermen, stakeholders, cooperative workers and entrepreneurs brought to the attention of the department officials their various advantages and disadvantages. Assistant Fisheries Officer Pooja Queen Sahu gave a vote of thanks.

FISHERIES DAY CELEBRATED IN JAGATSINGHPUR

Jagatsinghpur: A district-level World Fisheries Day 2022 was celebrated here on Monday. Collector Parul Patwari inaugurated the event and said the day aims to highlight the importance of sustainable and responsible harnessing and management of marine and inland fisheries resources. District Fisheries Officer Dipti Mohapatra said inland fisheries and aquaculture have made spectacular growth in the district with SHGs and youths showing interest in the fisheries sector as a source of employment and Government schemes of Mo Pokhari and rash farming being successfully implemented.

OES TAKES UP PLANTAION DRIVE IN JSPUR

Bhubaneswar: A massive plantation programme was conducted at the Dadhibaman Jew Baya Baba Mutt, Garei village in Jagatsinghpur district on Sunday being organised by the Orissa Environmental Society (OES). Led by OES coordinator Er Manoranjan Mishra, members Ramesh Panda, Utkal Mohanty, Biswanath Puhan and Prakash Das planted mango, jackfruit, neem, Indian Gooseberry and jamun saplings. Sarpanch Diptirekha Lenka,, social worker Sangram Lenka, Pabitra Mishra and Nityananda Maharaj also joined the drive.

ASCI RELEASES HALF-YEARLY COMPLAINTS REPORT

Bhubaneswar: The Advertising Standards Council of India (ASCI) has released its half-yearly complaints report (April to September, 2022). During the period, it processed 3,340 complaints against 2,764 advertisements that were in potential violation of the ASCI code. About 55% of these ads were spotted across the digital domain followed by 39% in print and 5% on television.

'Laxmanananda murderer free though Staines killer in jail'

Probe into Swamiji murder demanded at Dharma Sammillani

PNS ■ PALLAHARA

The second grand Satya Sanatan Dharma Sammillani was organised by the Odisha Satya Sanatan Praja Samiti at Pallahara in Angul district.

Attending the event, Hindu Praja Samiti State president Er Debashisha Hota questioned why a conspirator of Swami Laxmanananda Saraswati assassination is moving freely as a Rajya Sabha member whereas Dara Singh is behind

the bars for last 24 years as conspirator of Graham Staines murder. Australian missionary Graham Staines was burnt to death on January 23, 1999 in Keonjhar. Dara Singh is in jail since then after being convicted of leading the murderers.

"Saraswati was brutally killed on August 23, 2008 at his Jalespata Ashram in Kandhamal. The conspirator of his killing is now a Rajya Sabha member. So, who will put him behind the bars and give justice to the slain saint? I request Union Minister Dharmendra Pradhan for a CBI inquiry into Swamiji's killing," Er Hota demanded.

Why did Cong not support tribal woman Prez: Modi

PNS ■ NEW DELHI

Citing how the Congress did not support Droupadi Murmu in her election as the first tribal President of the country, Prime Minister Narendra Modi on Wednesday questioned how could the Opposition party and its leader Rahul Gandhi talk about tribal welfare. Continuing his offensive against the opposition party in poll-bound Gujarat, Modi also said the "Congress model" meant "nepotism, casteism, sectarianism and vote bank politics".

Modi returned to Gujarat after a day's break and held a series of public meetings. The BJP is seeking the mandate for the seventh time facing Congress and AAP as its political rivals in the two-phased poll slated December first and 5th.

Addressing a public rally at the tribal-dominated Mahuva village in Surat dis-

trict where Rahul also had held his first election meeting taking time off from his 'Bharat Jodo Yatra', the Prime Minister asked "why Congress did not support tribal woman in presidential election if the opposition party was so concerned about tribals?"

In his rally, Rahul had accused the BJP of taking away the rights of tribals and alleged that soon their 'jungles' too will be taken away by 'two-three industrialists'.

Modi referred to Rahul and his ongoing 'Bharat Jodo Yatra' saying "a person is conducting a foot-march to get back power. "In his speech, he talks about tribals. I want to ask him, why Congress did not support the BJP's woman tribal candidate in the presidential election? Instead, they fielded their own candidate to defeat her," the prime minister asserted.

"Despite Congress' efforts Droupadi Murmu became

President "with the blessings of tribal people," he added.

"Why did Congress never think of making an Adivasi (tribal) our President? It was the BJP which made a tribal person, that too, a woman, our country's President for the first time and sent a message to the world," Modi said.

Continuing his offensive against the Congress, Modi in another rally at Mehsana in North Gujarat said the "Congress model" meant nepotism, casteism, sectarianism and vote bank politics. "This

Experts rush to areas hit by measles

ARCHANA JYOTI ■ NEW DELHI

With the number of cases of highly-infectious measles on the rise in Ranchi, Ahmedabad, and Malappuram as in Mumbai, the Centre on Wednesday rushed teams of high-level experts to these areas. Measles death count has surged to 11 in Mumbai alone while the case count there has reached 220.

The officials in the Union Health Ministry are keeping their fingers crossed, fearing Measles outbreak in more States as they cited the WHO and UNICEF observations shared early this year on the global status of the air-borne viral disease mainly affecting kids aged 1-2 years. The spike in cases may hamper the Ministry's aim to eliminate Measles in the country by 2023. The global agencies had noted that pandemic-related disruptions, increasing inequalities in access to vaccines, and the diversion of resources from routine immunization are leaving too many children without protection against Measles and other vaccine-preventable diseases. The Ministry has already shot off a letter to all the States to keep a tab and take pre-

cautions against the air-borne viral infection. "Recently, increased numbers of measles cases are being reported from certain districts of Bihar, Gujarat, Haryana, Jharkhand, Kerala and Maharashtra. A rapid rise in the number of cases and some mortality due to Measles has also been observed specifically in the Brihanmumbai Municipal Corporation (BMC) and certain other Districts of Maharashtra.

"This is of particular concern from a public health point of view. It is also clear that in all such geographies, the affected children were predominantly unvaccinated and the average coverage of Measles Rubella Coverage vaccination (MRCV) among the eligible beneficiaries is also significantly below the national average," says the circular.

According to the WHO, Measles cases increased by 79% compared to the previous year in the first two months of 2022. In India, the first dose coverage of the measles vaccine dropped to 88% in 2020 from 100% in 2018. The relaxation of movement restrictions is another factor that heightens the risk of larger outbreaks.

For achieving the goal of

The agencies had flagged concern that outbreaks of measles could also forewarn outbreaks of other diseases that do not spread as rapidly. According to data released by the US Centers for Disease Control and Prevention (CDC), India has reported the highest number of measles cases in the world between April and September 2022. Measles is a severe viral respiratory illness that is marked by a prodrome of fever (can go as high as 105 F) and persistent cough, malaise, coryza, and conjunctivitis. These symptoms are followed by a maculopapular rash. The rash usually appears about 10-14 days after a person is exposed to the virus.

elimination by 2023, each district must mobilise all resources optimally to achieve at least 95% measles rubella coverage vaccination II by 2 years of age or at the latest by 5 years of age, as per the Ministry.

"States have been advised to administer one additional dose [special dose for measles and Rubella for Universal Immunization Programme (UIP)] to all children of 9 months to 5 years in vulnerable areas ie geographies which are showing recent increase in numbers of Measles cases. This dose would be in addition to the primary vaccination schedule of first dose at 9-12 months and second dose at 16-24 months," as per the Ministry's circular.

Rajnath calls for resolute global efforts to counter transnational terrorism

PIONEER NEWS SERVICE ■ NEW DELHI

Defence Minister Rajnath Singh on Wednesday called for urgent and resolute global efforts to counter transnational and cross-border terrorism.

Stressing this point, he also said India advocates a free, open and inclusive Indo-Pacific region and underlined the need for peaceful resolution of disputes while respecting the sovereignty and territorial integrity of all nations.

The minister made these observations in the 9th Association of Southeast Nations (ASEAN) Defence Ministers' Meeting (ADMM) Plus in Siem Reap, Cambodia.

The ADMM Plus is an annual meeting of Defence Ministers of ten ASEAN countries and its eight dialogue partner countries, viz., India, USA, Russia, China, Australia, Japan, New Zealand and South Korea. The year 2022 also marks the 30th Anniversary of India-ASEAN relations.

During his address, Rajnath called for urgent and resolute global efforts to counter transnational and cross-border terrorism, terming it as the gravest threat to regional and global security.

He pointed out that the global security environment has transformed fun-

damentally over the last few decades, with terrorist groups creating inter-linkages across continents backed by new-age technologies to propagate ideologies, transfer money and recruit supporters.

Rajnath reiterated India's commitment to nurturing practical, forward-looking and result-oriented cooperation between India and ADMM Plus countries for enhancing the maritime security in the region and safety of the global commons. He asserted that India advocates a free, open and inclusive Indo-Pacific region and calls for peaceful resolution of disputes while respecting the

sovereignty and territorial integrity of all nations.

In this context, he stated that the ongoing ASEAN-China negotiations on the Code of Conduct in the South China Sea should be fully consistent with international law, in particular United Nations Convention on the Law of the Sea (UNCLOS) and should not prejudice the legitimate rights and interests of nations that are not party to these discussions.

He called upon all the member states to work together with a positive intent, towards a stable, safer and more secure world for our future generations.

Waiting period for business, tourist visa to US nearly 3 years

PIONEER NEWS SERVICE ■ NEW DELHI

Even as the US recently assured that the waiting time for visa clearance for Indians will be reduced, those wanting to travel there on a business or tourist visa will have to wait for nearly three years or nearly 1,000 days.

This long period is for those Indians wishing to travel to the US on a visitor visa-B 1(business) and B-2(tourist). A search on the US State Department website shows that the waiting period for B1/B2 visa interview is 961 days (as on November 23).

For those living in Delhi, the waiting time is 961 days while for Hyderabad, it is 994 days. Chennai residents will have to wait for 948 days to get an appointment, while in

Kerala, the waiting period is 904 days. Residents of Mumbai will have to wait for 999 days. The astronomical wait times mean that a first time B1/B2 applicant may now get date for interview in the year 2025.

The US State Department had said earlier this month that it is committed to facilitating legitimate travel to there while safeguarding national security.

The issue of long wait time for Indians was flagged by External Affairs Minister S Jaishankar during his visit to the US in September where he had raised the issue of visa applications backlog with US Secretary of State Antony Blinken.

A few days back, the US State Department said visa processing is rebounding faster than projected and is expected to reach pre-pandemic levels in Fiscal Year 2023.

Cong leader moves SC seeking review of verdict upholding 10% reservation to EWS

PTI ■ NEW DELHI

A Congress leader on Wednesday moved the Supreme Court seeking review of its verdict upholding the 10 per cent reservation introduced in 2019 for the economically weaker sections (EWS) in educational institutions and government jobs that excluded the poor among the SC/ST/OBC categories.

The plea filed by Jaya Thakur has sought review of the November 7 verdict saying there was error apparent on the face of records in the judgement.

The review petition has been filed through advocate Varinder Kumar Sharma.

In its landmark judgement, a five-judge Constitution bench had said that the use of basic structure doctrine as a "sword" to "stultify" the State's effort to do economic justice cannot be countenanced.

It had delivered a 3:2

majority decision in favour of the 103rd Constitution Amendment.

While upholding the 10 per cent reservation introduced in 2019 for EWS in admissions and government jobs that excluded the poor among the SC/ST/OBC categories, the apex court had said it is not discriminatory or violative of any essential feature of the Constitution.

Treating the EWS as a separate category is a reasonable classification and the 50 per cent ceiling on the total reservation under the Mandal judgement is "not inflexible", the judges had said while dismissing the petitions challenging the validity of the law.

Prosperous Indo-Pacific hinges on peaceful maritime domain: Indian Navy chief

PIONEER NEWS SERVICE ■ NEW DELHI

With increasing tension in the Indo-Pacific region as China is flexing its muscle there, Navy chief Admiral R Hari Kumar said here on Wednesday a prosperous Indo-Pacific hinges on a peaceful maritime domain. He also said India has all along called for a "free, open, inclusive, peaceful and prosperous region."

Underlining this factor, he also said maritime terrorism and proliferation of advanced technologies have "further complicated the security matrix."

The Navy chief said the Indo-Pacific Oceans Initiative (IPOI) holds immense potential for synchronising and syn-

ergising the collective efforts towards achieving a peaceful region.

He made these assertions in his inaugural address at the three-day fourth edition of Indo-Pacific Regional Dialogue (IPRD) here. The IPRD is an apex-level international annual conference of the Indian Navy that seeks to foster exchange of ideas and promote deliberations on regionally relevant maritime issues.

The theme of IPRD-2022 is

"Operationalising the Indo-Pacific Oceans Initiative (IPOI)", which was articulated by Prime Minister Narendra Modi at the 14th East Asia Summit (EAS) in Bangkok on November 4, 2019.

"It is amply clear that a prosperous Indo-Pacific hinges on a peaceful maritime domain. The maritime security pillar of the IPOI seeks to manage this crucial element through cooperative engagement between friends and partners," the Navy chief said.

In this, the Indian Navy has been guided by the inclusive vision of SAGAR which literally means oceans, and expands as 'Security and Growth for All in the Region', and is underpinned by the values of 5 S's - 'Samman' (Respect),

'Samvaad' (Dialogue), 'Shanti' (Peace), 'Samridhhi' (or Prosperity) and notably, 'Sahyog' (or Cooperation), he said.

Elaborating upon the security environment in general, and maritime security in particular, the Navy chief said while the possibility of a traditional inter-state conflict cannot be ruled out, there is an increased risk to the rules-based order emanating from disputes of jurisdiction, undermining of UNCLOS (United Nations Convention on the Law of the Sea), piracy and armed robbery, illegal human migration, drugs and arms trafficking, and illegal unreported and unregulated fishing.

Maritime terrorism and proliferation of advanced tech-

nologies have further complicated the security matrix. Inevitably, given its increased centrality in global affairs, the Region has witnessed increased presence of maritime security forces from a multitude of nations - regional as well as extra-regional, Kumar said.

He said the Indo-Pacific today represents a "strategic geography where most of us have found convergence in our interests and aspirations". However, in navigating the path together, there are numerous challenges that must be overcome.

Kumar said these challenges could be viewed as a "trinity of 3 I's" — imperatives at home, influences from outside and some intrusive paradigms".

Special forces of India, Indonesia engage in joint exercise 'Garuda Shakti' in Indonesia

PIONEER NEWS SERVICE ■ NEW DELHI

Special Forces of India and Indonesia are currently engaged in a joint exercise 'Garuda Shakti' in Sangga Buana training area Karawang, Indonesia. It is the eighth edition of the series of bilateral exercises under this banner.

The latest 13-day exercise commenced on November 21 and aims at enhancing understanding, cooperation and interoperability between the Special Forces of both armies.

The scope of the joint exer-

cise includes orientation to advance special forces skills, sharing of information on weapon, equipment, innovations, tactics, techniques and procedures and lessons learnt from various operations under-

taken.

The joint training will also focus on a high degree of physical fitness, tactical drills, techniques and procedures and will culminate in a 48-hour long validation exercise.

US women diplomats take to streets of Delhi with 'personalised auto-rickshaws'

ANI ■ NEW DELHI

Leaving behind their bullet-proof vehicles, four US women diplomats have taken to the streets of the capital with their "personalized auto-rickshaws" in their "out-of-the-box" diplomacy style.

Ann L Mason, Ruth Holmberg, Shareen J Kitterman and Jennifer Bywaters love to go with their Black and Pink three-wheelers by driving themselves for all their work including the 'official trips'.

These diplomats have taken to the common man's commute not just for fun, but also to set an example. Speaking to ANI, the diplomats shared their experience of learning this distinct mode of transport and how diplomats driving the auto-rickshaws is a rare exception!

"From Detroit to my auto rickshaw, I've had a lifelong love of vehicles and so everywhere I've been there's been something special about a vehicle but really none more special in my opinion than an autorickshaw. When I was in Pakistan, before coming to India, I was in armoured vehicles and they were big, beautiful vehicles. But I would always look out on the street and I would see the autorickshaws going by and I always wanted to be in the autorickshaw. So when I got to India and had the opportunity to buy one, I took it immediately," said Ann L Mason to ANI.

"For me it was terrifying. Yes, learning to drive the autorickshaw was completely new for me. I had never driven any vehicle with a clutch, never driven a motorcycle only automatic cars, my whole life," she

said when asked about how hard was it to learn, maintain an auto and get a license.

On being asked about her inspiration behind the idea, Ann said that her mother is her inspiration who inspired her to take chances and experiment in life.

"My inspiration is my mother, my mother always took chances. She travelled around the world, she was in

the Vietnam War and she did so much with her life. Life and she always taught me to do interesting things and take a chance because one you might not get another opportunity and two you never know what you might experience. My daughter also drives the autorickshaw and so learning from them every day, the interesting things that how they see the world," she added.

ED seizes ₹16 cr of Alphageo in form of fixed deposits under FEMA

PNS ■ NEW DELHI

The Enforcement Directorate (ED) has seized Rs 16 crore of Alphageo (India) Ltd. in the form of fixed deposits under the provisions of Foreign Exchange Management Act.

An investigation against Alphageo India Ltd. was initiated by ED on the basis of information received that the company had transferred and parked certain funds in the United Arab Emirates in contravention of FEMA.

In a separate case, the agency has attached Rs 3.25 crore in a money laundering case linked to dacoity in Kerala.

"During investigation, it was revealed that Alphageo is a Hyderabad-based company which is engaged in providing seismic survey services to various oil exploration and production companies in India, and abroad.

The company has been importing various equipment for seismic data acquisition from several suppliers based in France, Singapore, Netherlands, etc," the ED said in a statement.

Investigation further revealed that equipment for seismic data acquisition was directly received from various suppliers by Alphageo. However the payment for the same has been routed through an entity Matrix Group DMCC, maintained and controlled by Rajiv Saxena, a Chartered Accountant based in Dubai and a hawala operator for these imports, the ED said.

Further investigation

revealed that by way of over invoicing bills for these imports, Alphageo has parked funds into the account of Matrix Group DMCC for the personal benefit of Dinesh Alla, Chairman and Managing Director of Alphageo (India) Limited in contravention of provisions of FEMA.

An amount of USD

25,34,628 was held outside India in contravention of Section 4 of FEMA.

The equivalent value of the foreign funds parked in the United Arab Emirates by Alphageo amounting to Rs 16 crore has been seized in India under FEMA. Further, investigation in the matter is under progress, it said.

ED attaches ₹3.25 crore cash as proceeds of crime relating to robbery, kidnapping under PMLA

New Delhi: The ED has attached cash to the tune of Rs 3.25 crore for being 'Proceeds of Crime' relating to a robbery and kidnapping case under PMLA. The ED initiated money laundering investigation on the basis of scheduled offence invoked in the FIR registered by Kottakkal Police Station, Kerala in the said case. "The amount attached by ED is the Proceeds of Crime which was recovered by the Kottakkal Police from the possession of two robbers while they were trying to escape after robbing and kidnapping an auto rickshaw driver who was carrying this huge amount of cash in his auto," it added.

No Maha village will go anywhere: Fadnavis on Bommai’s remarks

Due to water crisis Maharashtra border villages wanted to merge with K’taka, CM had claimed

PTI ■ NAGPUR | MUMBAI

Maharashtra Deputy Chief Minister Devendra Fadnavis on Wednesday said no village in Maharashtra has sought merger with Karnataka recently, and there is no question of any border village “going anywhere”. Karnataka Chief Minister Basavaraj Bommai had claimed on Tuesday that some village panchayats in Jat taluka of Maharashtra’s Sangli district had passed a resolution in the past seeking to merge with Karnataka when they were facing a severe water crisis.

The Karnataka Government had devised schemes to help them by providing water, and his Government was seriously considering the proposal of Jat villages, he said.

“These villages had introduced a resolution on the issue of water scarcity in 2012. Presently, none of the villages have introduced any resolution,” Fadnavis told reporters in Nagpur. When he became Maharashtra Chief Minister, his government entered into an agreement with Karnataka to sort out the water issue, he said.

A water supply scheme was chalked out for the Jat villages when Girish Mahajan was water resources minister in his cabinet, the BJP leader added. “We are now going to give approval to that scheme. Perhaps because of Covid, the previous (Uddhav Thackeray-led) government could not approve it,” Fadnavis added.

“Presently, none of the villages have raised such demand (of merger with Karnataka). The demand is of 2012,” he said.

“Not a single village of Maharashtra will go anywhere,” Fadnavis stressed. Sudhir Mungantiwar, BJP leader and Maharashtra minister, blamed Jawaharlal Nehru for the long-pending dispute.

“The dispute between Maharashtra and Karnataka is actually the gift of late prime minister Jawaharlal Nehru,” he said without elaborating.

The case is now before the Supreme Court and any resolution passed by village panchayats would not affect the court’s verdict, he told reporters.

“If resolutions are to be taken so seriously, then what about the villages in Karnataka which have passed resolutions seeking to join Maharashtra,” he asked. Earlier in the day, another Maharashtra Minister Shambhuraj Desai said the Karnataka Chief Minister’s

claims should not be taken seriously. The decades-old border dispute over Belagavi (earlier Belgaum) between Maharashtra and Karnataka is in news again due to recent

statements from both sides.

On Monday, Bommai had said he had formed a formidable legal team of senior lawyers to deal with the border dispute when it comes up in the Supreme Court.

On Tuesday, the Maharashtra government appointed Chandrakant Patil and Shambhuraj Desai as nodal ministers to coordinate with the state’s legal team regarding the pending court case. Talking to reporters here, Desai said, “As Maharashtra has reconstituted its team to take forward the Karnataka border dispute in the Supreme Court, Bommai has come up with some ridiculous old demand. It should not be taken seriously.

The villages in Jat tehsil had reportedly passed a resolution more than a decade back to pressurise the then state government to address their demand of water supply from the Krishna river.” There is no such official documentation or resolution available with the Maharashtra government, he added.

21 TMC leaders, MLAs in touch with me, says Mithun

SAUGAR SENGUPTA ■ KOLKATA

Weeks after top Bengal BJP leadership declared that the Mamata Banerjee Government would not sustain beyond the month of December leading to speculations about central designs vis a vis Bengal cinestar-turned saffron politician Mithun Chakrabarty has said that atleast 21 TMC leaders includ-

ing MLAs were in direct touch with him. Chakrabarty who was in Bengal to campaign for the BJP in several districts ahead of the next year’s panchayat elections said: “not all the Trinamool men are corrupt

... and those who are not corrupt prefer to maintain silence in that party ... among these silent leaders atleast 21 are in direct touch with me ... take this hint and track them you will find why some people have started saying that TMC is on the verge of a big fall.”

State BJP president Sukanto Majumdar however, was quick to dispel “rumors” saying his party in the Centre had no intention to pull down the TMC Government. “We will not topple the Government ... it will fall on its own ... we will come to power through democratic means and getting people’s mandate,” he

‘Aftab will cut me into pieces’ Shraddha filed plaint in 2020

She withdrew complaint after cops visited their house, says Mumbai Police

PTI ■ MUMBAI

Call centre employee Shraddha Walkar had two years ago complained to police in Maharashtra that her live-in partner Aaftab Poonawala, who is accused of brutally murdering her, tried to kill her and she feared he would cut her into pieces and throw her away, an official said here on Wednesday. Based on her written complaint dated November 23, 2020, the personnel of Tulinj police station in Palghar district visited the place, where Walkar and Poonawala resided, twice and recorded her statement. Walkar then told the police that she had lodged the complaint “in a fit of rage” and the issues between her and Poonawala were resolved. She

told the police that she was withdrawing her complaint, after which the case was closed, he said.

The official said the officer who visited their house at that time had counselled them and also warned Poonawala.

In her complaint to Tulinj police in Palghar in November 2020, Walkar alleged that, “Poonawala has been abusing me and beating me up.”

“Today, he tried to kill me

by suffocating me and he scares and blackmails me that he will kill me, cut me up in pieces and throw me anyway. It’s been six months he has been hitting me. But I did not have the guts to go to police because he would threaten to kill me,” Walkar said in the complaint.

“His parents are aware that he beats me and that he tried to kill me,” she told the police.

Walkar also said in the letter that Poonawala’s parents

knew about them living together and they visited them on weekends. “I lived with him till date as we were supposed to get married anytime soon and had the blessing of his family. Henceforth, I am not willing to live with him so any kind of physical damage should be considered coming from him as he has been blackmailing me to kill me or hurt me whenever he sees me anywhere,” she stated in the letter.

Talking to PTI, a top official of the Mira Bhayandar-Vasai Virar (MBVV) police commissionerate, said that after Walkar’s complaint, police officials twice visited Regal Apartment, Vijay Vihar Complex near ARC Bhavan in Vasai town, where the live-in partners resided, and recorded her statement, in which she said she was withdraw the case against Poonawala as the issues between them were resolved.

“Our officer counselled them properly and warned Aaftab too. He recorded Walkar’s statement and closed the case,” the official said.

Govt staff, cops clash at DA rally

PIONEER NEWS SERVICE ■ KOLKATA

Several Government servants and many pensioners were injured and detained by the police following a skirmish between the men in uniform and government staff, thousands of whom on Thursday marched towards the State Assembly demanding hike in the dearness allowance.

Thousands of State Government employees marched towards the Assembly pulling down the barricades leading to the police crackdown, on Thursday noon sources said. The employees had been asking for a hike in DA as per a Calcutta High Court order.

The High Court had earlier ruled that the DA a rightful claim of the employees and directed the Government to clear the dues within a given deadline. The Government however failed that deadline and pleaded that it did not have sufficient funds.

Gurjar faction vows to stop yatra if Pilot not made Raj CM; Sachin says BJP trying to create trouble

PIONEER NEWS SERVICE ■ NEW DELHI | BHOPAL | JAIPUR

The ongoing ‘tussle’ between Rajasthan Chief Minister Ashok Gehlot and his former deputy Sachin Pilot has now hit the ongoing Bharat Jodo Yatra led by former Congress chief Rahul Gandhi after a threat by a Gurjar outfit to disrupt the Yatra if its demand to make their leader Pilot the chief minister is not accepted.

The yatra is currently traversing in Madhya Pradesh where party General Secretary and member of the Gandhi family, Priyanka Gandhi, is scheduled to join her brother Rahul during the next two days.

Gurjar Arakshan Sangharsh Samiti leader Vijay Singh Bainsla has threatened to oppose Rahul Gandhi’s yatra in the State unless his demands, including making Pilot, a prominent face from the com-

munity, the chief minister are not accepted. Bainsla has also accused the Congress government of not fulfilling the promises made to the community.

Reacting to the development Pilot distanced himself from such threats and instead accused the BJP of trying to create “disturbances”.

“The BJP may try to create disturbances...But it is ‘Bharat Jodo Yatra’ and it will be successful. We will all welcome the yatra with unity,” he said.

Chief Minister Ashok Gehlot, too, said his government will try to address Bainsla’s grievances. “This is democracy and everyone has the right to speak. We are ruling on the basis of the Constitution and the right to speak cannot be taken away. If there is any demand or suggestion, we will hear it out and try to address the grievances,” he said.

CV Anand Bose takes oath as Bengal Guv

PIONEER NEWS SERVICE ■ KOLKATA

CV Anand Bose a retired IAS officer of the 1977 batch on Thursday took oath as the new Governor of Bengal. He replaced La Ganesan the acting Governor who was given the joint charge of Manipur and Bengal after former Governor Jagdeep Dhankhar was elevated to the post of Vice-President of India.

Bose, whose father was a member of Indian National Army and was an associate of Netaji Subhas Chandra Bose gets the last part of his name from the iconic freedom fighter.

“My father who was an associate of Netaji kept my name after him,” the new occupant of the Kolkata Raj Bhavan earlier said. He was selected by the Centre as the new Governor of the State on November 17.

Calcutta High Court Chief Justice Prakash Shrivastava administers oath to retired IAS officer C.V. Ananda Bose as West Bengal Governor, at Raj Bhawan in Kolkata, on Wednesday

CV Anand Bose was administered the oath of office by Calcutta High Court Chief Justice Prakash Shrivastava in the presence of Chief Minister Mamata Banerjee, Speaker Biman Banerjee, former Governor Gopal Krishna

Gandhi, Left Front Chairman Biman Bose and other dignitaries.

Opposition Leader Suvendu Adhikari however skipped the programme amid allegations that he was not properly invited.

Semi-nude body of BDC member’s wife found in UP; rape before murder suspected: Police

PNS ■ LUCKNOW

In a suspected case of rape and murder, Mirzapur police recovered the semi-nude body of a Block Development Committee (BDC) member’s wife lying on the banks of river Harrai. The incident sent shockwaves in the district.

The local police sent the body for autopsy and started investigations. The BDC member expressed apprehension of the possibility of rape before murder and lodged a report against unknown persons.

“The body has been sent for autopsy. Prima facie it appears the victim was raped before being murdered. She was missing for the past three days,” police officials said on Wednesday.

The woman had gone to her parents’ house to attend a function last Sunday. Her whereabouts were not known since Monday morning when she left the place to catch a bus for her husband’s house.

The kin of the victim had lodged a missing report at the Vindhyachal police station. On

Tuesday evening, some woodcutters spotted the body lying on the banks of river Harrai, and alerted the police.

After getting information about the body, Kotwali’s rural police station in-charge Vipin Singh along with his team rushed to the spot for investigation.

The body was sent for autopsy. The mangalsutra and the cell phone of the victim were found missing.

After SC’s observations, Opp parties accuse BJP Govt of weakening EC

PTI ■ NEW DELHI

Opposition parties on Wednesday accused the BJP government of weakening the Election Commission and raised doubts over the selection of poll panel members after the Supreme Court asked the Centre to produce the file on the recent appointment of Arun Goel as election commissioner.

The Congress, TMC, JD(U), RJD and the Left parties said the Election Commission should be above board to ensure free and fair polls, and some of them demanded that key appointments of the poll body be made by a special panel like in the case of the CBI Director.

Congress spokesperson and senior lawyer Abhishek Singhvi said the Centre should never object to showing appointment papers regarding Arun Goel to the apex court, especially since a Constitution bench is seized of the issue of appointment of EC members.

“Does the Centre have something to hide? Daal mein kya kuchh kaala hai? Yaa daal hi kaali hai?” Singhvi said.

JD(U) secretary general K C Tyagi said the Supreme Court’s remarks are very alarming and depict the state of affairs in the Election Commission.

“The Election Commission should be neutral and fearless. The SC’s remarks reflect the manner in which the EC has been lax in some cases and sometimes tilts in favour of the ruling party. We welcome the SC remarks and the EC should draw lessons from it,” Tyagi told PTI.

The JDU leader also said the Chief Justice of India should be taken into confidence while appointing ECs and must be part and parcel of the appointment process.

SC directs all State electricity regulatory panels to frame norms for fixing tariff

PTI ■ NEW DELHI

The Supreme Court on Wednesday directed all state electricity regulatory commissions to frame regulations under the law prescribing terms and conditions for determination of power tariff within a period of three months.

The important direction from the top court came in a verdict by which it dismissed the appeal of TATA Power Company Limited Transmission (TPC-T) against a judgement of the Appellate Tribunal for Electricity (APTEL) which had upheld the grant of electricity transmission license to Adani Electricity Mumbai Infra Limited (AEMIL).

“We direct all State Regulatory Commissions to frame Regulations under Section 181 of the (Electricity) Act on the terms and conditions for determination of tariff within three months from the date of this judgment,” the court said.

While framing these guidelines on determination of tariff, the Appropriate Commission shall be guided by the principles prescribed in Section 61, which also includes the NEP (National Electricity Policy) and NTP (National Tariff Policy 2006), it said.

Granting relief to the Adani group firm, a bench comprising Chief Justice D Y Chandrachud and Justices A S Bopanna and J B Pardiwala said, “The threshold limit not having been notified by MERC, it was open to MERC to allot the HVDC project either under the RTM (Regulated Tariff Mechanism) or the TBCB (Tariff Based Competitive Bidding) route.”

SC four special Benches to hear criminal, tax, land related pleas

PIONEER NEWS SERVICE ■ NEW DELHI

The Chief Justice of India (CJI) DY Chandrachud Wednesday said that four special Benches will sit in Supreme Court from next week.

The special Benches will be constituted to handle criminal appeals, land acquisition matters, direct and indirect taxes related cases and motor accident claims cases, said CJI.

CJI Chandrachud also said that that Justice Surya Kant will head the Bench dealing with land acquisition matters.

“There will be a special bench from next week onwards to deal with direct and indirect sales tax matters solely,” CJI said on previous day.

Hindu outfits to join drive to make easy-to-understand FOPL warning on packaged foods mandatory

PIONEER NEWS SERVICE ■ NEW DELHI

Organisations like Akhil Bharatvarshiya Brahmin Mahasabha, Vishwa Hindu Parishad, Patalpuri Sanatan Dharma Raksha Parishad and several saints from Varanasi have joined health experts and activists in seeking mandatory easy to understand front-of-pack-labelling (FOPL) warnings on pre-packaged foods.

They have written a letter to Prime Minister Narendra Modi in this regard, even as the Food Safety and Standards Authority of India (FSSAI), has proposed a Health Star Rating (HSR) label in its draft notification.

They were of the opinion that FOPL with a warning be made compulsory so that consumers can get the right to choose healthy options when picking foods laden with high sugar, salt and fat.

Naveen Giri, President of Akhil Bharatvarshiya Brahmin Mahasabha, said: “FOPL with warning level can prove to be the most effective, which helps the consumer to make healthy choices, how much sugar, fat and salt is in the packaged food, which will help in preventing serious diseases especially non-communicable diseases.”

Speaking to reporters here at a press conference on Wednesday, Dr Arun Gupta, public health expert and convener of NAPI felt that HSR will not only fail to enable consumers to make healthy choices but also mislead them about their nutritional value.

Ashim Sanyal of Consumer Voice too agreed with Dr Gupta arguing that the decision was based on an Indian Institute of Management (IIM)-Ahmedabad study commissioned by the FSSAI while voices of the health experts and AIIMS reports have been ignored.

PAPER WITH PASSION

Neutrality needed

The SC has expressed its unhappiness over the appointment of CEC and other commissioners

The Supreme Court's remarks on the Chief Election Commissioner (CEC) and the specific reference of TN Seshan, the legendary CEC during 1990-96, are allusions to the widespread perception that the poll panel is being managed by the Government. The commission hasn't done much to dispel this perception. It is generally believed that it delayed the announcement of Assembly polls in Gujarat because Prime Minister Narendra Modi had to attend a few functions in the state, and its announcement would have forced their cancellation. Whatever may be the truth, it is undeniable that the apex court's remarks just fell short of calling the incumbent CEC and two commissioners unworthy of the offices they occupy. The five-judge Constitution Bench headed by Justice KM Joseph said that the "situation on the ground is alarming." The Bench included Justices Ajay Rastogi, Aniruddha Bose, Hrishikesh Roy, and CT Ravikumar. It said that the system should be such that the "best man" is selected as the CEC. It also slammed the Government for just paying "lip service" to the independence of Election Commissioners. The court told Attorney General R Venkataramani, "What is important is that we put a fairly good procedure so that apart from competence, someone of strong character is appointed as the CEC." The apex court was responding to four public interest litigations (PILs) urging it to issue directives to the Centre for setting up an impartial and independent selection panel to suggest names to the President for CEC and ECs.

On his part, Venkataramani said the situation has not become such that a judicial interference is required to regulate appointment of CEC and ECs. The court may intervene only if the aberrations in the selection are patently destructive of the independence of the commission or fundamental rights of citizens are impacted, he added. The Bench, however, was far from convinced. "You will have to take some steps," it said. It criticised the political class by saying that successive governments have "completely destroyed" the independence of the commission by ensuring no CEC got the full six-year term. Government supporters may grumble that such remarks are judicial overreach, but then it is the duty of the powers that be to ensure that Constitutional bodies like the EC are not only impartial but also appear to be impartial. If the commission is seen as favouring the party in power, it is the Government's duty to get rid of that impression. Elections are crucial for any democracy, and equally crucial is the neutrality of the people responsible for conducting elections. It is also in the interest of all politicians that institutions like the Election Commission remain neutral and independent. Power being a coquette, it flits around quicker than anyone can imagine. Those who are in power today may not be tomorrow; at that time, they bemoan the undermining of democratic institutions, as many Congress leaders do these days. The commission is one such institution.

Election time Gujarat

The BJP is ignoring AAP and Kejriwal like they don't exist and focusing only on Congress

The Gujarat election is turning out to be quite exciting. The BJP sailed through 2017 even with its low performance though with slim margins. At that time only Congress was its only challenger and it was one to one fight. This time the entry of the Aam Aadmi Party (AAP) has changed the election landscape. Interestingly enough the BJP is factoring in the presence of a third force, either deliberately or oblivious to its growing clout, especially in the cities. Though may not win as many seats as claimed by its leaders but would definitely make a difference especially where the winning margins would be narrow. Even the Prime Minister Narendra Modi has trained his guns on Congress saying it must not be considered a weak opponent, giving the impression that the fight is primarily between Congress and the BJP. AAP is does not figure in its scheme of things. The Prime Minister has served as Gujarat's chief minister for three terms, and

knows the state and its people as back of his hand. He is harping upon the development and deliberately underplaying the emergence of Aam Admi Party. The prime minister understands that it is not easy this time in Gujarat given the long rule of the BJP in the state and not much to showcase in administration and development, more so after the Morbi bridge disaster so he is skillfully deflecting the attention to the congress misrule and playing victim card with ammunition generously provided by the Congress itself. He lashed out at Congress leader Madhusudan Mistry's recent "aukaat" jab and the old personal attacks on him, including "Maut ka saudagar" -- by Sonia Gandhi -- and "neech aadmi" and "chaiwala" -- by Mani

Shankar Aiyar. But then these are rather old and have been used successfully but will they work this time remains to be seen.

But it is rather surprising or an astute move to ignore AAP which has you like it or not emerged as a potent force especially in the cities, the stronghold of the BJP. The BJP is trying to focus on the south Gujarat which has 35 seats. The BJP returned to power in the 2017 election with support from South Gujarat and this is where AAP is also trying to make inroads. Interestingly Congress which the BJP says is its opponent is silent and rather late. AAP, however, has gone all out in south Gujarat. Will the BJP strategy work, we will know soon.

Putin's endgame begins with Kherson

Russia's Ukraine expedition hasn't gone the way Putin wanted it. With the fall of Kherson, it may not be long before Russian soldiers retreat

DEEPAK SINHA

On 30th September of this year, in defiance of International Law, President Putin in a public display of bravado signed treaties absorbing the four occupied regions of Ukraine into Russia; Luhansk, Donetsk, Kherson, and Zaporizhzhia. In his speech at the ceremony, broadcast live, he stated that the people of those Regions were "our citizens forever".

However, it has not quite turned out that way. Just four weeks later we witnessed a rather bizarre event, as General Sergei Surovikin, Commander of Russian Forces in Ukraine, reported on the ground situation in Kherson to General of the Army and Defence Minister, Sergei Shoigu on live TV. In this, he stated, "that it was impossible to supply the city of Kherson, and that its defense would be futile". He proposed a military retreat "in the near future" to the opposite bank of the Dnipro River. Shoigu agreed with his assessment and ordered him to "start with the withdrawal of troops and take all measures to ensure the safe transfer of personnel, weapons, and equipment across the Dnipro River."

Without a doubt, this televised event was staged for the domestic audience, especially the repeated emphasis on the saving of lives. Conscription and the humongous casualties being suffered, one report suggests over a lakh killed and wounded, is not doing much for Putin's popularity. It may also have been an attempt by Putin, noticeably absent, to distance himself and blame the military. That would rankle the rank and file who are paying heavily for his initial miscalculations.

What is truly inexplicable, and militarily questionable, is for a division plus of elite Airborne Forces to abandon their positions without a fight. The adverse impact it must have had on their morale is not difficult to gauge. It is true that Kherson, located on the West Bank of the Dnipro River, has been cut off from Russian supply lines due to extensive damage to crossing

sites, but there are ways around that problem. Moreover, no people or government worth their salt, give up their own territory without a fight, especially if it is a vital communication hub. Just because we tend to do so, especially where the Chinese are concerned, does not make it a universal norm!

Defences in built-up areas, if properly organised and planned, can pose all kinds of problems for the attacker, from causing immense casualties to delay and disruption of plans, even allowing own forces to wrest the initiative. After all, Russia's legendary defence of Leningrad for 900 days against the German Army finally put paid for Hitler's ambitions and broke the back of Nazi Germany. More recently, the three months it took the Russians to finally capture Mariupol must have greatly impacted their overall plans and curtailed their ambitions.

There are some suggestions, laughable one may add, that pulling out these troops without getting embroiled in battle has not allowed Ukraine to claim victory. Others have suggested that this was done to make available highly trained forces to reinforce ongoing offensive

WHAT IS TRULY INEXPLICABLE, AND MILITARILY QUESTIONABLE, IS FOR A DIVISION PLUS OF ELITE AIRBORNE FORCES TO ABANDON THEIR POSITIONS WITHOUT A FIGHT

LETTERS TO THE EDITOR

ARMY IS READY TO TAKE POK

Sir — Glad to read that Northern Army Commander Lt General Upendra Dwivedi made a statement on Tuesday, November 22 that the Indian Army is ready to execute orders like taking back Pakistan-occupied Kashmir. He said as far as the Indian Army is concerned, it will carry out any order given by the Government of India. Whenever such orders are given, the army will always be ready for it.

The fact of the matter is that the military is always ready to make sure that ceasefire understanding is never broken as it is in the interest of both nations, but if broken at any time, the Indian army will give Pakistan a fitting reply, on the ceasefire agreement between India and Pakistan. However, it is always the government which does not take a decision but keeps the pot boiling. It is about time that the government took a decision which would end the problem once and for all. In fact it would be in the best interest of the people of PoK that its uncertainty ends. With this, the Indian government must immediately give order to the Indian Army to take back PoK rather than being a mute spectator.

Bhagwan Thadani | Mumbai

KERALA HC DOES THE RIGHT THING

Sir — The Kerala High Court has denied bail to a 31-year-old man who was charged under the POCSO Act for purportedly impregnating a 15-year-old girl who he claims to be his wife. It is an explicit criminal offense where he abducted a minor girl from West Bengal and sexually assaulted her.

The main intent of the POCSO Act is to protect children's safety, and modesty and shield them from any kind of physical, psychological, and mental abuse and clearly states that a child is any individual below the age of 18 years. If this case was child sexual abuse on the cover of marriage, it should not be absolved as it ruins all forms of child rights. It is also terrible to hear that marriage is acting as

Koshyari has lost his *hoshyari*

It seems Maharashtra Governor Bhagat Singh Koshyari has lost his "hoshyari". The Maharashtra Governor is often making controversial statements that are hurting not only Maharashtrians but all Indians. Now his excellency Governor of Maharashtra state talked indiscriminately about Chhatrapati Shivaji Maharaj. Shivaji is not the only idol of Maharashtra and is not only known as a hero of Maharashtra but known as a hero across the country. Koshyari has said that Shivaji was an icon of "older days" and referred to Baba saheb Ambedkar and Union minister Nitin Gadkari as new "icons" of the country. Earlier Koshyari invited ire over a remark about reformist icon Savitri Bai Phule and also

said that Mumbai wouldn't be the country's financial capital if the Rajasthanis and Gujaratis communities were not in Mumbai. People in reputed positions should not talk loosely about the Great son of the soils. The person holding honourable positions should be cautious while speaking in public. The Governor of Maharashtra should understand that the ideals of Chhatrapati Shivaji Maharaj never age and cannot be compared to any other great person in the world.

Another BJP leader Sudhanshu Trivedi has made a controversial statement that Shivaji has written five letters to Aurangzeb and apologized. BJP which is protesting Rahul Gandhi's controversial statements on Savarkar is maintaining a stoic silence on the comments made on Shivaji Maharaj by the Governor of Maharashtra and their parties spokesperson Sudhanshu Trivedi. BJP should spell out its stand on the comments made by his party men and the Governor of Maharashtra. The Governor of Maharashtra is constantly making statements that hurt the feelings of not only Maharashtrians but all Indians, and it is surprising why BJP is silent.

Zakir Hussain | Kazipet

a 'license' to indulge in these kinds of offences. Given the sharp increase in crimes against the children the government should take a serious note of this and come up with some concrete measures to curb this. Hence, we need more robust and unerring legislation to keep up with the pace of social crimes.

Ramala Divya | Hyderabad

A THRILLER OF A MATCH

Sir — It was a great thrill to watch the match between Argentina and Saudi Arabia in the FIFA World Cup tournament. Though Messi scored one goal within 10 minutes through a penalty and hoped to score many more, Saudi Arabia shattered his hopes by scoring two goals in less than ten minutes of the second half, much to the shock and disbelief of his team and everyone in the

football arena.

The last 30 minutes of the game was a fierce and terrific battle. Though Argentina strived hard and created many opportunities, it could not succeed, as the defence and goalkeeper of Saudi Arabia stood like a rock and effectively resisted every effort of the former. Nobody would have ever thought that Messi had to face such a crushing defeat, against Saudi Arabia, which is far behind in the FIFA ranking. While the game was a sumptuous feast for viewers all over the world, it will persist forever as a painful and shameful experience for Messi and his team, which remained unbeaten in the previous 36 matches.

WHERE SPIRITUALISM AND TOURISM CO-EXIST

Rishikesh welcomes tourists and spirituality buffs alike

NIHARIKA NIGAM

Do you know a place where the concept of heaven and haven go hand in hand? Where sacred chants on the Ganga are on one side and adventure sports are on the other? This is where tourists gather from all across the globe to seek peace and mastery in the art of life. Yes, we are talking about the mystic land of Rishikesh. Known for thousands of years for its cultural significance and lush green mountains with therapeutic waterfalls, here you can jump, float, relax, meditate, enjoy an evening by the bonfire and enjoy a cup of chai in the arms of nature!

Did you know that the Lakshman Jhula has a historical significance from Ramayana? Placed on the mystic Ganga, standing here will leave you mesmerised by sacred chants and the serenity of the river. If you want solitude to post on your Instagram, this is the place! Just like Lakshman Jhula, there are many stunning spots in Rishikesh: Triveni Ghat, Neer Garh Waterfalls, caves, ashrams, temples, Yoga retreats and much more. Oh! And while you are wandering the streets, do not forget to explore the shopping hubs, Teesri Manzil Temple and exotic cafes.

Extreme adventure sports are one of the significant reasons to visit Rishikesh, making it the official adventure capital of India. Barring the monsoons from mid-august to mid-September, adventures go on through the year here. As rafting resumes, tourism floods back into Rishikesh, and if you are looking for something mind-bending and

oh-so-exhilarating, bungy jumping is what will have brought you to Rishikesh. It is at Rishikesh that Bungy jumping began in India 12 years ago. Jump amidst the glorious natural landscape of the hilly region to experience the real deal. This also happens to be India's highest bungy platform.

Along with outward adventures, you can visit one of the yoga retreats in Rishikesh. The holy city is a hub for yoga training and meditation centres. There is a thriving culture of Ashrams which offer a myriad of workshops and stay options to harmonise from within—a much needed reset from the bustling city life. Get a pair of active wear that you can practice breathing exercises and yoga postures in. And if you are planning for a long vacation like a month, you can take one of the yoga certification courses to delve into the experience in detail.

The spot is filled with innumerable cafes. The Beatles cafe, themed upon the famed Beatles band, known to have composed some of their best works in Rishikesh, is one of the most popular touristy ones but there are so many more. Overlooking the Ganges, or the mountains, they offer a sight to behold and delicious pahaadi khaana with trance music- and even live bands often! Most have the classic hippie touch and feel, while some are the small Maggi shops that everyone loves amidst the mountains. Do not forget to wake up early and catch the classic aloo puri available locally.

Even if you are in Rishikesh for just a few days, brace yourself and enjoy every moment you spend in Rishikesh. As one of the most unique places in India, it is truly a treasure trove. Take back a huge bag of memories enough to last a lifetime!

Unlock potential of MSMEs with schemes

DINESH KUMAR TYAGI

The MSME sector does not need more laws and regulation but handholding and government support to play a vital role in nation building

The importance of the MSME in the economic and social development of the country, especially for developing nations, has been established in various studies conducted by the international institutions. In India, the role of SME is proven by the fact that they contribute about 30 per cent of the GDP and 45 per cent of the total export. The MSME sector is the main source of providing employment opportunities in India – about 12 crore people are employed, thus playing a significant role in promoting equitable and inclusive growth.

The government mission of promoting startup culture in the country also hinges on the growth and development of the MSME sector, thereby, encouraging innovation and creativity among the youth and budding entrepreneurs. Despite the role MSME plays in socio-economic development, this sector is unable to perform up to the immense potential and talent of Indian entrepreneurs.

The challenges faced by the sector have been discussed many times by the academicians and government, which include non-availability of adequate credit, regulatory issues, skill development technology upgradation and marketing the products, beside procurement of raw materials. Non-realization of dues /bills timely for goods and services provided from large firms has also been a matter of major concern for the sector.

Another serious challenge has been the non-availability of reliable data about the MSME. Though there are reported to be more than 70 million MSME in the country, the registration on the government portal has been only 11 million of them.

The government policy has been to make it voluntary for registration and despite the simplification of the process and online system designed, the registration of MSME is very less at 15 per cent. Existing approach may need to be revisited to ensure every MSME register, which is the basis on which any support or policy initiative can be designed and made effective for addressing the sector's challenges.

Fortunately, the government initiative for labor registration through the Ministry of Labour and farmer registration by the Ministry of agriculture has been quite successful. More than 90 million farmers registered after the announcement of the PM Kisan Samman Nidhi Yojna. These are all E-KYC authenticated and land details verified through land registration database.

Farmers' data is now very useful for the government to address some of their concerns. Even the Kisan Credit card scheme has a database of more than 50 million farmers. Thus, an appropriate incentive scheme, benefitting each one, can help and support the government in developing a reliable data base of the MSME sector. The other example is that of labour registration. The Ministry of

“

THE MINISTRY OF LABOUR UTILISED THE NETWORK OF FIVE LAKH COMMON SERVICE CENTER WHO SUPPORTED IN ADVOCACY, MOBILISATION AND REGISTRATION OF MORE THAN 170 MILLION LABOURERS OUT OF TOTAL 283 MILLION REGISTERED SO FAR

(The author, an ex-IAS officer, is former CMD, Common Service Centre, IT Ministry)

Labour utilised the network of five lakh common service centres (CSCs) who supported in advocacy, mobilisation and registration of more than 170 million labourers out of 283 million registered so far. The registration exercise was taken as a mission and every agency of the government provided the desired support.

The incentive of Rs 20 provided by the Ministry to the CSCs for every registration played a significant role in this. Thus, the MSME Ministry needs to organize the registration on a war footing in a mission mode and utilize the CSC and postal department network with appropriate incentive. The MSME are generally apprehensive of the government regulation. The MSME units need to be locally supported in explaining the benefits of the registration.

In the case of MSME, some more incentive may be required to allay fears of government regulatory overreach. Universal Insurance scheme, similar to PM Fasal Bima Yojna can be one incentive. Beside every MSME shall be provided an MSME card like the Kisan credit card with three years cash credit limit (this will also help in addressing the liquidity issues). A digital identity for each MSME with a free domain name and a website can be other incentives.

The pension scheme designed for the MSME needs to be revisited and the limit of pension be enhanced to Rs 10,000 from the existing Rs 3000 (the existing scheme has been a non-starter for traders).

With such a comprehensive package and mission mode approach, all the MSME in the country can be registered on the Udyam Portal and sectoral intervention by the various Central Ministries and state governments can be designed and implemented effectively, more transparently and within a defined time frame. Once there is an API for account, PAN and e-KYC, a reliable database for the MSME in the country can be developed and made the stepping stone for sustainable growth and exploitation of sectors full potential in nation building.

The issues faced by the MSME are quite similar to the ones faced by farmers. The MSME contribution to the nation's GDP is also significant. The MSME provides employment to a large section of the population and addresses the unemployment issues. The criticality of MSME in nation development can in no way be underestimated as compared to agriculture. Why is the requirement of MSME not supported as comprehensively as in the case of the farmers? One reason is that the collective bargaining power of MSME is not as strong as that of the farmers due to diversity in the activity and spread. The trader's organization CAIT needs to play a more effective role in enabling the sector to get government support.

There is a need to appreciate the role being played by the MSME in the country and reexamine the policy intervention. The approach to resolve the issue of untimely or nonpayment of dues of the MSME units by large companies or government agencies by enforcing the provisions of “the interest on delayed payment to small scale and ancillary industrial undertakings Act 1998” has not been much relevant in Indian Context. Similar provision has been made in the MSMED Act 2006. Even the requirement to mention the outstanding of the MSME in the annual account of the companies has not been able to solve the liquidity issues of the MSME.

There is a need to relook at the Factoring Act and free the sector from regulations which are hindering the growth and evolution of this intermediary who can to a great extent address the issues of liquidity of the MSME sector. There is a need to relook at the stamp duty provision for assignment of the debt. Making factors more flexible and incentivising them may be desirable as they can be an effective tool to enable to a large extent meet the liquidity concern of the MSME. Even the approach of including lending to MSME under priority sector and fix limit has very limited impact in resolving the issues of credit access to this sector.

The MSME sector does not need more laws and regulation but handholding and support in India. The inherent ability and talent of Indians to set up and build sustainable enterprises is widely recognized. Regulation should not impinge on innovation, flexibility and capability of this vast pool of resources, who are mainly youth, especially in small and medium towns and rural India. With digital India Initiatives, the approach to the MSME sector needs to redefine both at the Central and state level

India can play big global role with G20 Presidency

In a polarised world, India will set the global agenda with 200 G20 meetings across the country

India takes the first step to assume the G20 presidency for the next one year in a world that is increasingly becoming complex. Prime Minister Narendra Modi leads the presidency in a world that is becoming more difficult to communicate. It is not similar to the Non-Aligned Movement, which was a third world action of balancing between the two key powers – the US and Russia.

India has given a call to end the Ukrainian War and Russian President Vladimir Putin has lauded Indian diplomacy from being free from pressure. India plans to make the presidency a grand show of diplomatic business. It will host over 200 meetings, addressing 32 different

SHIVAJI SARKAR

(The author is a policy analyst)

sectors, during the period between December 1, 2022, and November 30, 2023, starting from Jammu and Kashmir.

The diplomatic effort could be unique to exemplify India's concern for global issues where G20 definitely occupies a significant position for controlling the major part of the globe's wealth, resources and the clout in the course of economic and other actions. For Modi, it will be significant to establish brand India for which he has already decided on a lotus G20 logo. Could it be a revival of an era where Gamal Abdel Nasser, former Egyptian President, Marshal Tito, former Yugoslav president, and Jawaharlal Nehru, first Indian prime minister, enjoyed a pivotal role in world politics?

The first spark was seen as Modi spoke in Bali, Indonesia, for a ceasefire in the Russia-Ukraine War in what is clearly an act of diplomatic grandstanding. Two months ago, Modi met Russian President Vladimir Putin and said something about this not being an "age of war" in what might be seen by some as an act of belling the cat. Has that set space for a possible Indian role?

The US has just at the nick of the G20 summit accepted India's right to access Russian oil. Is that a grand stand or just routine? The enthusiasm of the Indian diaspora is exhilarating. Heading a multilateral organisation even for a period of one year means a lot for a country that has been in the forefront of many diplomatic activities, including during the pandemic.

Still Indian ceremonial ascendancy at G20 has not made big news. Instead, the international media concentrated on the three-hour meeting of US President Joe Biden and Chinese President Xi Jinping to hash out some of the thorniest issues in their relationship, including tensions over Taiwan, the economy and return to climate negotiations. Biden and Xi made cautious promises to improve the relationship that is at its most acrid point in decades and he pledged his envoy to visit China soon.

That has not taken away

the thunder out of Modi's move but it must have made him rethink that the media reach of India needs a lot to do and remains as vantage as that of Indira Gandhi, who despite her NAM-Pool move could not do much to widen the Indian news coverage beyond a point. These well could be the guiding mantras for Modi as he leads India's presidency in the club of elite nations.

The next 200 G20 events in India would need a better glare to establish internationally an effort that the country would be making not only for itself but for a possible effort to mark Indian stamp on the global scenario. G20 Presidency is not merely a diplomatic meeting for India, it is a new responsibility and a measure of the world's trust in India. It needs a news system that can penetrate and make a mark. The minister for external affairs S Jaishankar would have to walk that extra mile.

That apart, Prime Minister Modi knows how to utilise an elite forum to give the best impressions. He has decided to widen the Indian ambit. India with G20 presidency will be inviting Bangladesh, Egypt, Mauritius, Netherlands, Nigeria, Oman, Singapore, Spain and the UAE as guest countries, as well as International Solar Alliance, Coalition for Disaster Resilient Infrastructure, and Asian Development Bank as guest international organisations. It will be a new dimension for

the G20, which otherwise keeps to a restricted norm.

The Finance Ministry has allocated Rs 100 crore for hosting the G20, which will have a grand summit in September 2023. It will be spent on the meets, summit and security arrangements for the world dignitaries. The 200 meetings would be held across the country, starting from Jammu and Kashmir and Ladakh, a sharp move for pronouncing that a ticklish problem has been solved.

Whatever, it will be an eventful 2023, which will be occupied with critical international functions as also prepare for eight state assembly elections. It will be a rich and action-packed prelude to India's 2024 general Lok Sabha elections.

6 people, assailant dead in US shooting: Police

AP ■ CHESAPEAKE (US)

A shooter opened fire in a Walmart in Virginia late Tuesday, leaving six people dead, police said, in the country's second high-profile mass killing in a handful of days.

The assailant is also dead. The store in Chesapeake is now safe and will likely be closed for several days during the investigation, Officer Leo Kosinski said in the early hours of Wednesday.

It was not clear who the shooter was or what their motive might be.

"I am devastated by the senseless act of violence that took place late last night in our city," Mayor Rick W. West said in a statement posted on the city's Twitter account. "Chesapeake is a tightknit community and we are all shaken by this news."

A database run by The Associated Press, USA Today and Northeastern University that tracks every mass killing in America going back to 2006 shows this year has been especially bad.

The US has now had 40 mass killings so far this year, second to the 45 that occurred for

all of 2019. The database defines a mass killing as at least four people killed, not including the killer.

The attack at the Walmart came three days after a person opened fire at a gay nightclub in Colorado, killing five people and wounding 17. Earlier in the year, the country was shaken by the deaths of 21 when a gunman stormed an elementary school in Uvalde, Texas.

Tuesday's shooting also brought back memories of another at a Walmart in 2019, when a gunman police say was

targeting Mexicans opened fire at a store in El Paso, Texas, and killed 22 people.

Kosinski said he couldn't say how the shooter died but that he didn't believe police fired shots.

The shooting had apparently stopped when police arrived at the store in Chesapeake, which is Virginia's second-largest city and lies next to the seaside communities of Norfolk and Virginia Beach.

Mike Kafka, a spokesman for Sentara Healthcare, said in a text message that five patients from the Walmart were being

treated at Norfolk General Hospital. Their conditions weren't immediately available.

Walmart tweeted early Wednesday that it was "shocked at this tragic event."

US Sen. Mark Warner said in a tweet that he was "sickened by reports of yet another mass shooting, this time at a Walmart in Chesapeake."

State Sen. Louise Lucas echoed Warner's sentiment, tweeting that she was "absolutely heartbroken that America's latest mass shooting took place in a Walmart in my district.

PM Deuba wins from Dadeldhura; Nepali Congress ahead in poll tally

Nepal elections

PTI ■ KATHMANDU

Nepal Prime Minister Sher Bahadur Deuba was elected on Wednesday with a huge margin of votes for the House of Representatives for the seventh consecutive time, with his ruling Nepali Congress party leading in the election tally by winning 13 seats so far.

Elections to the House of Representatives (HoR) and seven provincial assemblies were held on Sunday. The counting of votes started on Monday.

Deuba secured 25,534 votes against his nearest rival Sagar Dhakal, an independent candidate in the Dadeldhura constituency in far west Nepal. Dhakal received just 1,302 votes. Deuba has never lost any parliamentary election in the five decades of his political career.

The 77-year-old Nepali Congress president Deuba is currently holding the post of Prime Minister for the fifth term.

Dhakal is a young engineer, who had a verbal squabble with Deuba during a public debate at a BBC's Sajha Sawal programme five years ago, after which he decided to challenge Deuba saying that now youths should get a chance in politics and senior people like Deuba should retire.

The ruling Nepali Congress has so far bagged 13 seats in the House of Representatives (HoR) while it is leading in 54 other constituencies.

Its ally parties -- CPN-Maoist and CPN-Unified Socialist, Lokatantraik Samajwadi Party -- are leading in 17, 7 and 3 seats respectively.

The CPN-UML led by former prime minister K P Oli has so far bagged three seats and is leading in 45 constituencies. Its ally parties -- the Rastriya Prajatantra Party and Janata Samajwadi Party -- are leading in 5 seats each.

The newly formed Rastriya Swotantra Party has won three seats in the Kathmandu district.

Rastriya Prajatantra Party and Nagarik Unmukti Party

have bagged one seat each.

The CPN-UML has received the highest number of votes under the proportional electoral system with the party bagging 2,07,299 votes followed by the Nepali Congress with 1,83,352 votes. Rastriya Swotantra Party is in the third position with 95,598 votes while CPN-Maoist has received 86,433 votes. Similarly, the CPN Unified Socialist got 10,919 votes.

Out of 275 Members of Parliament, 165 will be elected through direct voting, while the remaining 110 will be elected through a proportional electoral system. Similarly, out of a total of 550 members of the seven provincial assemblies, 330 will be elected directly and 220 will be elected through the proportional method.

UK top court rules against Scottish independence vote plan

AP ■ LONDON

The UK Supreme Court ruled on Wednesday that Scotland does not have the power to hold a new referendum on independence without the consent of the British government.

The judgment is a setback for the Scottish government's campaign to break away from the United Kingdom.

The top court ruled that the Scottish Parliament "does not have the power to legislate for a referendum on Scottish independence."

Supreme Court President Robert Reed said the five justices were unanimous in the verdict, delivered six weeks after lawyers for the pro-independence Scottish administration and the Conservative UK government argued their cases at hearings in London.

Scottish First Minister Nicola Sturgeon said she was disappointed but would "respect" the judgment.

But, she said on Twitter: "A law that doesn't allow Scotland to choose our own future without Westminster consent exposes as myth any notion of the UK as a voluntary partnership and makes case for (independence)."

Trump's long-teased White House bid low key in 1st week

AP ■ NEW YORK

From the moment he left the White House in defeat last year, Donald Trump had teased the prospect of a third presidential campaign.

But in the week since he officially declared his candidacy, the former president has been uncharacteristically low key. There has been no massive stadium kickoff rally, notable for someone who has turned such events into a signature of his public life.

His newly reinstated Twitter account, which helped fuel his political rise nearly a decade ago, sits silent with its more than 87 million followers.

He hasn't announced plans to visit the key early voting states that will shape the contest for the Republican nom-

ination, nor has he sat for a round of high-profile interviews. Indeed, since his announcement speech, Trump hasn't held a public event.

"His lack of a schedule makes you wonder if he's really running or if this is just a business development opportunity or a diversion from the DOJ activity," said veteran GOP strategist Scott Reed, referring to Department of Justice probes into Trump's handling of classified documents and his efforts to overturn the 2020 election, which are expected to intensify in the coming weeks.

Trump, who never held public office before winning the presidency in 2016, has never valued the cadence and organisation associated with traditional campaigns.

And several aides noted

that Trump, who made his announcement unusually early and a week before the Thanksgiving holidays, is wary to draw attention away from the December 6 Senate runoff in Georgia, which will close out this year's midterm elections.

The aides, who insisted on anonymity to discuss campaign strategy, said Trump

will ramp up his schedule soon.

But the light-touch start to the campaign reflects the rushed and chaotic nature of his announcement, which came as midterm election votes were still being counted and even as some of his closest aides and allies had urged him to postpone until after the

Georgia runoff. It also comes at a moment of unique political vulnerability for Trump.

The former president, who has spent his post-White House years positioning himself as the undisputed leader of the GOP, is now facing heated criticism inside the party for contributing to a disappointing showing in this month's midterms.

And other Republicans are openly teasing presidential runs of their own, making clear they won't stand aside for Trump's nomination.

Meanwhile, the legal pressure on Trump is intensifying. Attorney General Merrick Garland appointed a special counsel last week to oversee the Justice Department's investigation into classified documents recovered from the former president's Mar-a-Lago

club in Palm Beach, Florida, as well as key aspects of a separate probe involving the January 6, 2021, insurrection at the US Capitol and efforts to undo the 2020 election.

And on Tuesday, the Supreme Court cleared the way for the imminent handover of Trump's tax returns to a congressional committee after a three-year legal fight.

Still, Trump begins the race with an obvious head start. The former president had been acting like a de facto candidate for months and had long had a political operation in place.

After two presidential campaigns and four years in office, he also has longstanding relationships with state and local party leaders, including many who remain loyal to him.

PUBLIC NOTICE
Notice is hereby given to the General Public on behalf of our client that Mrs. Meena Devi Khushwaha is the owner of Built up Property bearing No. R2-23/A, area measuring 67 Sq. Yds., out of Khassa No. 15/3/2 & 3/1, Situated in the revenue estate of Village Khayla, colony known as Kavi Nagar extn., New Delhi, vide a Notarized GPA, Will and ATS dated 15.06.2004. All persons are hereby informed that above mentioned owner want to sell the said property to a person who intends to obtain loan from our client against the said property, if anybody has any objection/s upon the ownership of above owner over the said floor, its sale/mortgage/litigation, and any other objections, kindly inform the undersigned in writing on the below mentioned address within 07 days of the present.

Lanka Prez rules out early polls

Vows to crush anti-Govt street protests

PTIC ■ COLOMBO

The island nation survived with essential supplies being made available through dedicated Indian credit lines.

The Indian assistance was worth 4 billion dollars to help Sri Lanka tide over the economic crisis in the first half of the year.

Widespread unrest over the government's handling of the economic crisis turned into a political crisis. Tens of thousands of people took to the streets for months-long protests and ousted the former president Gotabaya Rajapaksa in mid-July. Wickremesinghe succeeded him after Rajapaksa had fled the country and ordered the military to crackdown on protesters who had occupied government buildings.

On Wednesday, Wickremesinghe said that even if the protesters call him a "dictator" they would need to obtain police permission to stage street protests. "They can call me a dictator but must obtain police permission to stage street protests and cause road traffic."

"There is a plan to stage another Aragalaya (mass public city of Zhengzhou showed thousands of people in masks facing rows of police in white protective suits with plastic riot shields. Police kicked and hit a protester with clubs after he grabbed a metal pole that had been used to strike him. Frustration with restrictions in areas throughout

One person dead, 21 injured after two explosions rock Jerusalem

PTI ■ JERUSALEM

One person was killed and 21 others injured in two separate explosions at bus stops at the entrances to Jerusalem on Wednesday, in what seemed like a coordinated terror attack, Israeli police and rescue officials said.

The first explosion occurred close to the main entrance of Jerusalem in Givat Shaul, shortly after 7 AM when people were on the way to their offices and students to their educational institutions.

Seventeen people at the bus stop were injured in the blast, including two critically and two seriously, medical officials said.

One of the victims later died at Shaare Zedek Medical

Center, hospital officials said.

A second blast occurred shortly after at 7:30 AM at Ramot junction, another entrance to Jerusalem, which is normally jam-packed in the morning. Four people were injured in the explosion.

The devices were packed with nails to maximise casualties and controlled by nearly identical remote devices, the police said in its initial response. Israel Police Commissioner Kobi Shabtai said that "this is a framework of attack that we haven't seen for many years".

He called on the public to be alert for suspicious packages and said officers were scanning the city for other possible devices. It seemed like a coor-

minated terror attack, he said.

There were no immediate claims of responsibility, however, the Hamas terror group hailed the twin attacks.

"The action conveyed the message to the occupation by saying that our people will stand firm on their land and cling to the path of resistance," Mohammad Hamada, a Hamas spokesperson said in a statement.

The main road leading to Jerusalem was closed as the police launched a massive search operation. Public Security Minister Omer Barlev spoke with the police chief and was expected to visit the scenes of the attacks, his office said.

Defence Minister Benny Gantz held an assessment with

the Shin Bet security agency chief, deputy army chief, and other senior military and police officials, following the attack.

Prime Minister Yair Lapid was to hold a separate assessment later in the day. The explosions come amid a tense phase of instability when concerns have been raised about a weakening Palestinian Authority and its slipping control over the West Bank.

The past several months have seen a series of attacks in Israel leaving 29 people dead.

The Israeli military has been carrying out a major anti-terror offensive in the Palestinian Authority-controlled West Bank following the attacks which have left over 130 Palestinians dead.

Workers protest, beaten at virus-hit Chinese iPhone factory

AP ■ BEIJING

Employees at the world's biggest Apple iPhone factory were beaten and detained in protests over pay amid anti-virus controls, according to witnesses and videos on social media on Wednesday, as tensions mount over Chinese efforts to combat a renewed rise in infections.

Videos that said they were filmed at the factory in the central city of Zhengzhou showed thousands of people in masks facing rows of police in white protective suits with plastic riot shields.

Police kicked and hit a protester with clubs after he grabbed a metal pole that had been used to strike him.

Frustration with restrictions in areas throughout

China that have closed shops and offices and confined millions of people to their homes has boiled over into protests.

Videos on social media show residents tearing down barricades set up to enforce neighborhood closures.

The ruling Communist Party promised this month to try to reduce disruptions by shortening quarantines and making other changes.

But the party is sticking to a "zero-COVID" strategy that aims to isolate every case while other governments relax controls and try to live with the virus.

Last month, thousands of employees walked out of the iPhone factory operated by Taiwan's Foxconn Technology Group over complaints about unsafe working conditions following virus cases.

A protest erupted on Tuesday over complaints Foxconn changed conditions for new workers who were attracted by offers of higher pay, according to Li Sanshan, an employee.

Li said he quit a catering job in response to advertising that promised 25,000 yuan (USD 3,500) for two months of work.

Search effort intensifies after Indonesia quake killed 271

AP ■ CIANJUR (INDONESIA)

More rescuers and volunteers were deployed on Wednesday in devastated areas on Indonesia's main island of Java to search for the dead and missing from an earthquake that killed at least 271 people.

With many missing, some remote areas still unreachable and more than 2,000 people injured in the 5.6 magnitude quake on Monday, the death toll was likely to rise. Hospitals near the epicentre on the island were already overwhelmed, and patients hooked up to IV drips lay on stretchers and cots in tents set up outside, awaiting treatment.

'Tax collection to exceed Budget estimate by ₹4L cr'

PTI ■ NEW DELHI

India's tax collection will exceed the budget estimate by nearly ₹4 lakh crore in the current fiscal on the back of buoyant income tax, customs duty and GST mop-up, Revenue Secretary Tarun Bajaj said on Wednesday.

In an interview to PTI, he said the growth in tax revenues will continue to be higher than the GDP growth, helped by formalisation of the economy and better compliance.

For this financial year ending March 2023, the tax collection target set in the Union Budget is around ₹27.50 lakh crore.

Bajaj said the direct tax collection comprising personal and corporate taxes would be close to ₹17.50 lakh crore in the current fiscal. Mop up from indirect taxes (customs, excise and GST) would be close to ₹14 lakh crore.

The total tax collection is expected to be about ₹31.50 lakh crore in 2022-23, he said.

The Budget had pegged direct and indirect tax mop up at ₹14.20 lakh crore and ₹13.30

lakh crore for current fiscal, taking the total figure to ₹27.50 lakh crore.

"We are using a lot of data. We have data from income tax and GST departments, and MCA (Ministry of Corporate Affairs). We are also getting data regarding high value expenditure. Formalisation of economy and technology has helped improved compliance," Bajaj said.

Last fiscal, the direct tax collection grew nearly 50 per cent to ₹14.10 lakh

crore compared to 2020-21.

"The trend of higher tax collection than GDP growth will continue," Bajaj said.

He also said that even though there was a reduction in customs and excise duties during this fiscal, the government will be very close to the target set in the Budget.

The Budget has set a target of collecting ₹2.13 lakh crore and ₹3.35 lakh crore from customs and excise duties, respectively.

Rupee falls 18 paise to close at 81.85 against US dollar

PTI ■ MUMBAI

The rupee depreciated 18 paise to close at 81.85 (provisional) against the US dollar on Wednesday on dollar demand from importers and recovery in crude oil prices.

Forex traders said sustained foreign fund outflows and concerns over rising Covid-19 cases in China also weighed on investor sentiments.

At the interbank foreign exchange market, the local unit opened at 81.81 and later witnessed an intraday high of 81.74 and a low of 81.87 during the session.

The domestic unit finally settled at 81.85 against the American currency, registering a fall of 18 paise over its last close of 81.67.

"Indian Rupee depreciated

on Dollar demand from importers and recovery in crude oil prices. FIIL outflows also weighed on Rupee," said Anuj Choudhary - Research Analyst at Sharekhan by BNP Paribas.

However, the soft US Dollar and positive domestic markets cushioned the downside. The US Dollar declined on Tuesday on hopes that the Fed may cool down its pace of rate hikes.

The dollar index, which gauges the greenback's strength against a basket of six currencies, fell 0.21 per cent to 106.99.

Global oil benchmark Brent crude futures advanced 0.91 per cent to \$89.16 per barrel.

Foreign Institutional Investors (FIIs) were net sellers in capital markets as they offloaded shares worth ₹697.83 crore on Tuesday, according to exchange data.

"We expect the Rupee to trade with a negative bias on concerns over rising Covid-19 cases in China and hawkish Fed speak. Though some Fed officials hint that they are open to a slower pace of rate hike, the US central bank will not pause its rate hike," Choudhary said.

Gold falls ₹40; silver climbs ₹110

PTI ■ NEW DELHI

Gold price declined by ₹40 to ₹52,797 per 10 gram in the national capital on Wednesday amid a fall in prices of the yellow metal in overseas markets, according to HDFC Securities.

In the previous trade, the precious metal had closed at ₹52,837 per 10 gram.

Silver, however, climbed by ₹110 to ₹62,056 per kilogram.

In the international market, gold was quoting lower at USD 1,745 per ounce while silver was flat at USD 21.27 per ounce.

"COMEX gold edged lower in Asia as investors look to US Federal Reserve minutes due for release later tonight for fresh clues on the yellow metal's direction," said Dilip Parmar, Research Analyst at HDFC Securities.

Markets end higher for 2nd day on firm global trends

PTI ■ MUMBAI

Equity benchmarks ended higher on Wednesday amid buying in banking counters and a firm trend in global markets.

Continuing its previous day rally, the 30-share BSE Sensex climbed 91.62 points or 0.15 per cent to settle at 61,510.58. During the day, it jumped 361.94 points or 0.58 per cent to 61,780.90.

The broader NSE Nifty gained 23.05 points or 0.13 per cent to end at 18,267.25.

From the Sensex pack, State Bank of India, Bajaj Finance, Dr Reddy's, Kotak Mahindra Bank, Sun Pharma, Maruti, NTPC, Axis Bank and ICICI Bank were the major winners.

Power Grid, Tech Mahindra, Titan, Bharti Airtel and Bajaj Finserv were among the laggards.

Elsewhere in Asia, markets in Seoul, Shanghai and Hong Kong ended higher.

Equity exchanges in Europe were trading mostly in the green in the afternoon trade. Wall Street had ended higher on Tuesday.

"Following the global trend, domestic indices continued to cautiously build gains as investors braced for the Federal Open Market Committee (FOMC) meeting minutes. The declining dollar

index and falling bond yield provided short-term relief, while the FIIs' unpredictability kept investors at bay," said Vinod Nair, Head of Research at Geojit Financial Services.

International oil benchmark Brent crude was trading 1.05 per cent higher at USD 89.29 per barrel.

"Markets held on to modest gains in a volatile session ahead of the key FOMC minutes. Investors preferred to stay on the sidelines despite tomorrow being a November F&O series expiry day," said Prashanth Tapse - Research Analyst, Senior VP (Research), Mehta Equities Ltd.

In the broader market, the BSE smallcap gauge climbed 0.54 per cent and midcap index advanced 0.20 per cent.

Among sectoral indices, oil & gas climbed 0.68 per cent, metal 0.65 per cent, financial services 0.53 per cent, energy 0.53 per cent, healthcare 0.42 per cent, and utilities 0.32 per cent.

FDI equity inflows dip 14% during April-Sept to \$ 26.9 billion

PTI ■ NEW DELHI

Foreign Direct Investment (FDI) equity inflows into India contracted by 14 per cent to USD 26.9 billion during the April-September this fiscal, according to the data of the Department for Promotion of Industry and Internal Trade (DPIIT).

The inflows had stood at USD 31.15 billion during the corresponding period of the previous year.

The total FDI inflows (which includes equity inflows, re-invested earnings and other capital) too declined to USD 39 billion during the first six months of the current fiscal year as against USD 42.86 billion in the year-ago period.

During the first half of this fiscal, Singapore emerged as the top investor with USD 10 billion FDI. It was followed by

Mauritius (USD 3.32 billion), UAE (USD 2.95 billion), USA (USD 2.6 billion), the Netherlands (USD 1.76 billion), and Japan (USD 1.18 billion), the data showed.

The computer software and hardware sector attracted the highest inflows of USD 6.3 billion during the six-month period of this fiscal.

It was followed by services (USD 4.16 billion), trading (USD 3.28 billion), chemicals (USD 1.3 billion), automobile industry (USD 932 million) and construction (infrastructure) activities (USD 990 million).

India, GCC to launch free trade agreement talks today

PTI ■ NEW DELHI

India and the Gulf Cooperation Council (GCC) will announce the launch of negotiations for a free trade agreement on Thursday, which aims at promoting two-way commerce and investments between the regions, an official said.

GCC is a union of six countries in the Gulf region -- Saudi Arabia, the UAE, Qatar, Kuwait, Oman and Bahrain.

India's exports to the GCC member countries grew by 58.26 per cent to about USD 44 billion in 2021-22, as against USD 27.8 billion in 2020-21, according to data from the commerce ministry.

The share of GCC members in India's total imports rose to 18 per cent in 2021-22, from 15.5 per cent in 2020-21.

Bilateral trade has increased to USD 154.73 billion in 2021-22, from USD 87.4 billion in 2020-21.

"GCC officials will be here for the announcement," the official said.

India has already implemented a free trade pact with the UAE in May this year.

This would be a kind of resumption of FTA talks as earlier two rounds of negotiations had been held in 2006 and 2008 between India and GCC. Third round did not happen as GCC deferred its negotiations with all countries and economic groups.

India imports predominantly crude oil and natural gas

from the Gulf nations like Saudi Arabia and Qatar, and exports pearls, precious and semi-precious stones; metals; imitation jewellery; electrical machinery; iron and steel; and chemicals to these countries.

Besides trade, Gulf nations are host to a sizeable Indian population. Out of about 32 million non-resident Indians (NRIs), nearly half are estimated to be working in Gulf countries.

These NRIs send a significant amount of money back home.

According to a November 2021 report of the World Bank, India got USD 87 billion in foreign remittances in 2021. Of this, a sizeable portion came from the GCC nations.

Bangalore-based Indian Institute of Plantation Management (IIPM) Director

Rakesh Mohan Joshi said that the Gulf region holds enormous potential for Indian exporters.

"India needs to have a long-term strategy to capture this market and FTA will definitely help in that," Joshi said.

According to commerce ministry data, the share of these six countries in India's total exports has risen to 10.4 per cent in 2021-22, from 9.51 per cent in 2020-21.

Similarly, imports rose by 85.8 per cent to USD 110.73 billion, compared to USD 59.6 billion in 2020-21, the data showed.

The UAE was the third-largest trading partner of India in 2021-22. India's bilateral trade with the nation increased to USD 72.9 billion in 2021-22 as compared to USD 43.3 billion in 2020-21.

Inox Green shares make tepid market debut; settle 9% lower

PTI ■ NEW DELHI

Shares of Inox Green Energy Services, a subsidiary of Inox Wind, made a tepid market debut on Wednesday and ended with a discount of 9 per cent against the issue price of ₹65. The stock listed at ₹60.50, a fall of 6.92 per cent from the issue price on the BSE. During the day, it tumbled 10 per cent to ₹58.50. Shares of the firm ended at ₹59.10, a decline of 9 per cent.

On the NSE, the stock of the firm made its debut at ₹60, a discount of 7.69 per cent. It closed at ₹59.25, lower by 8.84 per cent. The company commanded a market valuation of ₹1,725.36 crore on the BSE. In traded volume terms, 34 lakh shares of the company were traded at the BSE and 4 crore shares at the NSE during the day.

Refund portal to be not accessible to PACL investors for 5 days due to technical issues: Sebi panel

PTI ■ NEW DELHI

A high-powered Sebi committee, which is looking into the refund process of PACL investors, on Wednesday said the refund portal will not be accessible to those investors for five days due to technical issues.

The committee, headed by retired Justice of India RM Lodha, is overseeing the process of disposing of properties to refund investors after verifying their genuineness. It has already initiated the process of refund in phases.

The panel was set up by Sebi in 2016 following a Supreme Court order.

The panel in October provided a facility for investors with claims up to ₹15,000, whose applications were found deficient, to correct the errors, if any, by logging in on the refund portal — sebiacpre-

fund.Co.In — and resubmit the applications for further processing.

The facility has been made available from November 1, 2022, to January 31, 2023.

"However, due to technical issues, the refund portal will not be accessible for re-submission for 5 days," according to a statement on Sebi's website.

PACL, also known as Pearl Group, which had raised money in the name of agriculture and real estate business, was found by Sebi to have collected more than ₹60,000 crore through an illegal collective investment scheme (CIS) over a period of 18 years.

In December 2015, the regulator ordered the attachment of all assets of PACL and its nine promoters and directors for their failure to refund the money, which was due to investors.

Airtel deploys 5G Plus service Nagpur International airport

PTI ■ NEW DELHI

Telecom operator Bharti Airtel on Wednesday announced the deployment of its '5G Plus' service at Dr Babasaheb Ambedkar International Airport Nagpur, making it the second airport in the state with the ultra-high-speed service.

The new terminal in Bengaluru, Pune and Varanasi are the other three airports that have Airtel 5G Plus, the company said in a statement.

"Airtel powers Dr Babasaheb Ambedkar International Airport with ultra-fast Airtel 5G Plus," the company said. Nagpur was one of the first eight cities in the country to get the 5G service.

The services are currently available at Ganesh Path, Nehru Nagar, Subhash Nagar, Hanuman Nagar, CA road and a few other locations.

Airtel said it is augmenting the network further to make the services available across the city in due course of time.

"Customers flying in and out of Orange City can enjoy high-speed Airtel 5G Plus across the airport terminal. Passengers can enjoy blazing speeds on their mobile phones

while they are at the arrival and departure terminals, lounges, boarding gates, migration and immigration counters, security areas, baggage claim belts, parking area etc.," it said.

All customers with 5G smartphones will be able to avail the high-speed Airtel 5G Plus on their existing data plans, and there is no need to change the SIM as the existing Airtel 4G SIM is 5G enabled.

George Mathen, CEO (Maharashtra and Goa), Bharti Airtel said: "I am thrilled to announce the beginning of a new chapter in Maharashtra as Dr Babasaheb Ambedkar International Airport, Nagpur becomes the second airport in the state to have the Airtel 5G Plus services after Pune airport".

Use HPR to build network of doctors for healthcare services: Irdai to insurers

PTI ■ NEW DELHI

Irdai has asked insurers to leverage the Health Professional Registry to build a network of doctors or other healthcare professionals for providing OPD and other health services.

As part of the Ayushman Bharat Digital Mission, National Health Authority (NHA) has incorporated a Healthcare Professional Registry (HPR), a comprehensive repository of registered and verified practitioners of healthcare professionals, delivering modern as well as traditional healthcare services across India. "The General and Health Insurers offering health insurance policies can also consider leveraging on the Health Professional Registry for building up the network of doctors/physicians or other healthcare professionals for providing OPD or other healthcare services," Irdai said in a circular.

It further said the general insurers are advised to consider capturing HPR ID as verification to validate/authenticate the medical practitioners while issuing or renewing policies for medical malpractice under professional indemnity cover. This will enable digitisation and ease the process of buying and selling professional indemnity policies and push for HPR registration among healthcare professionals, said the circular.

Bank of Baroda reduces home loan interest rates by 25 bps to 8.25%

PTI ■ MUMBAI

Bank of Baroda (Bank), one of India's leading public sector banks, today announced that it is reducing its home loan interest rates by 25 basis points (bps) to 8.25% p.a. with effect from November 14, 2022 for a limited period.

This is one of the lowest and most competitive home loan interest rates in the industry. This special rate is available till December 31, 2022. In addition to the 25 bps discount on the rate of interest, the Bank is also waiving off processing charges.

The new rate beginning at 8.25% p.a. is available for borrowers applying for fresh home loans as well as on balance transfers.

This special rate is linked to a borrower's credit profile. H T Solanki, General Manager - Mortgages & Other Retail Assets, Bank of Baroda said, "In a scenario where interest rates are on an upward trajectory, we are pleased to drop our home loan interest rates and introduce

a special, limited period home loan interest rate offer of 8.25%, making home purchases that much more affordable for home buyers.

We have seen a robust growth in home loans this year with strong demand across cities and consumer confidence driving home sales. Such an attractive offer on home loans will give a further boost as people take advantage of this offer to realise their aspiration of owning their own home."

AI's flights to New York, Paris, Frankfurt

PTI ■ MUMBAI

Tata Group-owned Air India on Wednesday announced the launch of new flights connecting Mumbai with New York, Paris and Frankfurt, starting February next year.

Besides, the full-service carrier also announced the resumption of non-stop flights connecting Delhi with Copenhagen, Milan and Vienna.

The Mumbai-New York (JFK International Airport) daily service will commence from February 14 next year, Air India said.

Air India said it continues to make progress in augmenting its fleet with newly-leased aircraft, and the return of existing aircraft to active service.

The international expansion comes at a time when Air

India is grappling with the shortage of both cockpit and cabin crew.

Amid this shortage, the airline is looking to hire expat pilots and has also offered its cabin crew, who have opted to retire following the company's Voluntary Retirement Scheme (VRS) scheme for its permanent employees earlier this year, to extend their service tenure by two months to January 31, 2023.

"A key element of our five-year transformation plan, Vihaan.AI, is to strengthen India's global network, connecting India's major cities

with even more destinations. The introduction of these new non-stop flights to New York, Milan, Vienna, Copenhagen, Paris and Frankfurt, is another step in that journey, which will accelerate as our aircraft fleet expands," said Campbell Wilson, CEO and MD, Air India.

Mumbai-New York service will complement the airline's existing daily service from Delhi to New York and four weekly flights to Newark Liberty airport, it said, adding that this will take Air India's India-US frequency to 47 non-stop flights per week.

Flomic Global Logistics custom Clearance operations in Nagpur

New Delhi: Flomic Global Logistics Ltd has started its freight forwarding & custom clearance operations in Nagpur. The firm had begun its warehousing operations a few months back and now have decided to extend its service offering further.

E-commerce firms are aggressively expanding their footprint in India, and Flomic aims to partner with them in their growth story. With online shopping becoming the new way of life, there has been a huge spike in demand for warehousing.

Zydus Lifesciences gets USFDA nod for generic drug to treat stomach ulcers

PTI ■ NEW DELHI

Zydus Lifesciences on Wednesday said it has received final approval from the US health regulator to market its generic version of famotidine injection indicated to treat ulcers of the stomach and intestines. The approval granted by the US Food and Drug Administration (USFDA) is for famotidine injection of strength 40 mg/4mL (10 mg/mL) and 200 mg/20 mL (10 mg/mL) multiple-dose vials, the company said in a regulatory filing. Famotidine injection is indicated to treat ulcers of the stomach and intestines and to prevent intestinal ulcers from coming back after they have healed, it added.

It is also used to treat certain stomach and throat problems such as erosive esophagitis, gastroesophageal reflux disease (GERD) and Zollinger-Ellison syndrome, the company said. The drug will be manufactured at the group's injectable manufacturing facility at Jarod, near Vadodara in Gujarat, Zydus Lifesciences said.

AWS to launch 2nd infra region in Hyderabad

New Delhi: Amazon Web Services, Inc. (AWS), an Amazon.com, Inc. company (NASDAQ: AMZN), today announced the launch of its second AWS infrastructure Region in India—the AWS Asia Pacific (Hyderabad) Region. Developers, startups, entrepreneurs, and enterprises, as well as government, education, and nonprofit organizations, will have greater choice for running their applications and serving end users from data centers located in India.

The German government spokesman, Steffen Hebestreit, said earlier in the day in Berlin that FIFA's decision to bar captains from wearing the "OneLove" armbands was "very unfortunate". "The rights of LGBTQ people are non-negotiable," Hebestreit said at a regular press conference.

I'VE MATURED AS LEADER, CAN TAKE TOUGH DECISIONS: DHAWAN

PTI ■ NEW DELHI

Dithering and indecision is a thing of past for Shikhar Dhawan, who as the leader of the pack does not hesitate in taking decisions which individuals may despise but are beneficial for the Indian team.

The left-handed batter is getting ready to lead India in the three-match ODI series against New Zealand, starting Friday.

It won't be the first time that Dhawan will wear the captain's hat as he has led a second-string Indian team in the past and enjoyed good results against Sri Lanka (2-1), South Africa (2-1) and West Indies (3-0).

The Delhi batter says his decision-making has improved over time, courtesy his presence of mind.

"As you play more, you get confident in the decisions you take. Earlier, there used to be instances where I would give an extra over to a bowler out of regard (for him). But now, as I have matured, even if someone is feeling bad, I will take a decision that will help the team," Dhawan told ESPNcricinfo.

Further talking about leadership skills, Dhawan said the key is to maintain balance and earn the players' faith. He is hardly seen feeling any pressure and keep the environment around him happy.

"When you play music on a string instrument, if the string is too loose, it won't sound right, or if it's too tight, it will break. So it is a question

of creating a balance. (As a captain) creating that balance is very important.

"You need to understand when to pull the string tight and when to leave it a bit loose. That is an art. It is a matter of timing. At this stage I also understand when to say things to the players and how much to say.

"If a bowler gets hit, it's important to know when to speak to him. I will not do it when they are hot in the head, but instead approach them later and speak with care. It also depends on the level you are leading at.

"If it is at the IPL, most players are mature, so you need to consider if you have to pull the string or not. At Ranji, you have to, at times, show firmness, because a youngster at that level is like a kaccha ghada (an unbaked clay pot), so you have to be firm to mould him. Finding that balance is the key," he explained his philosophy.

The 36-year-old was recently handed the captaincy of IPL side Punjab Kings, which has been struggling to reach the play-offs.

In season 2018, 2019, 2020 and 2022 the side came close to making the play-offs but fell short of one or two wins.

"We can learn from our past and improve on our mistakes. Other than that, I won't dwell much on anything else and neither will I want my team to do that. There is no need of dragging back the past baggage," he insisted.

So how does he plan to make a difference there?

Arshdeep says tricks of trade he learnt from Bhuvi is helping him

PTI ■ NAPIER

Young India left-arm pacer Arshdeep Singh says the tricks of trade he has learnt from senior pros like Bhuvneshwar Kumar has helped him add variety in his bowling.

Arshdeep (4/37) registered career-best T20I figures on Tuesday against New Zealand in the rain-affected third match of the series, which ended in a rare tie via Duckworth-Lewis method

here.

"I always try to learn from the senior bowlers in the team (on knuckle ball), just like I am learning the hard length from you and the knuckle ball from Bhuvi bhai (Bhuvneshwar Kumar) and yorkers from (Mohammed) Shami bhai," Arshdeep said in an interaction with Siraj on bcci.Tv.

"I always try to improve myself everyday and contribute for the team whenever needed and hope to step-up and perform well."

"I will make sure that the support staff and I create an environment where the players are comfortable. I want my boys to be themselves while also understanding their responsibilities. I want us to be relaxed but also focused.

"We are playing the IPL. We are living our dream. And when you are living your dream, it should be full of happiness and not stress. With love you can conquer anything. The (IPL) trophy is not a challenge too far out of our reach," he said.

And he feels he can be that lucky charm for Punjab Kings as the IPL team he was part of have played finals -- Mumbai Indians, Sunrisers Hyderabad and Delhi Capitals.

He was also part of Deccan Chargers but that team did not qualify for title clash. The same side had been rechristened Sunrisers Hyderabad.

SKY continues to stay at top

PTI ■ DUBAI

Star India batter Suryakumar Yadav retained his top spot while all-rounder Hardik Pandya reached joint-50th position in the latest ICC men's T20I batting rankings released here on Wednesday.

Suryakumar consolidated his position at the top of the rankings after his stupendous 111 not out in the second T20I against New Zealand.

Suryakumar has gained 31 rating points from the series and his 890 points keep him 54

ahead of Pakistan's Mohammed Rizwan, who is placed second.

On the other hand, Hardik, who led India in the series against New Zealand, reached joint-50th among batters courtesy his unbeaten 30 in the final match.

In the bowlers' chart, seasoned pacer Bhuvneshwar Kumar has climbed two places to 11th, with left-arm seamer Arshdeep Singh moving up a place to 21st. b Spinner Yuzvendra Chahal has jumped eight places to 40th.

PCB to felicitate members of Pak team

PTI ■ KARACHI

The country's cricket board (PCB) will felicitate the members of the Pakistan team that finished runner-up at this year's Asia Cup and T20 World Cup at a grand reception in Islamabad on Thursday.

Members of the Pakistan Test squad have also been invited for the function which will be attended by diplomats, political personalities, former captains and players.

"The purpose is to honour and appreciate the players for their performances in two major tournaments," a source in the Pakistan Cricket Board said.

The source said that the players might also get some financial rewards for reaching the two finals.

Pakistan lost the final of the Asia Cup to Sri Lanka in UAE and then were beaten by England in the T20 World Cup summit clash in Melbourne earlier this month.

Last year also the Pakistan team led by Babar Azam managed to get into the semi-finals of the T20 World Cup in Dubai but were outdone by Australia.

The source said the PCB Chairman had already met with Babar Azam and the head coach, Saqlain Mushtaq and discussed with them future plans and the happenings and performances of players in the two big tournaments.

The source said there was

no danger to the captaincy of Babar as Ramiz had assured him of full support and backing.

FIRST TEST TO GO AHEAD

The first Test between Pakistan and England in Rawalpindi from December 1 to 5 will go ahead as scheduled despite the expected political unrest in that city and adjoining Islamabad, according to sources.

The decision to hold the Test at Rawalpindi Stadium came after PCB Chairman Ramiz Raja and the British High Commissioner in Pakistan met main opposition party chairman Imran Khan who has planned a massive rally in the twin cities on November 26 and 27.

According to sources, Imran, himself a former Pakistan captain, assured Ramiz and the British High Commissioner that there would be no disruption to the match nor would there be any security concerns for the English players.

The England team which is presently holding a training camp in Abu Dhabi will reach Islamabad on November 27.

The other two Tests will be played in Multan (December 9-13) and Karachi (December 17-21). The England team is touring Pakistan for the first time in 17 years. The PCB has already begun selling tickets for the first Test.

Guptill released from New Zealand Cricket central contract

PTI ■ WELLINGTON

Veteran batter Martin Guptill has been released from New Zealand Cricket's (NZC) central contract, paving the way to pursue playing opportunities overseas after he

recently lost his place in the white-ball teams.

The 36-year-old Guptill becomes the third New Zealand player to be released from their central contract.

Guptill joins Trent Boult and Colin de Grandhomme as

New Zealand players to be released from their playing contract this year, with the trio set to seek opportunities in T20 leagues around the world.

"We understand Martin's position," NZC chief executive David White said on Wednesday.

"He's been a fantastic batsman for us for a long period of time and we certainly don't wish to stand in his way as he explores other opportunities.

"Martin's been a giant of the white ball game, a committed and well-respected member of the Black Caps and has earned the right to play out his career on his own terms.

"He leaves his contract with our best wishes."

Guptill is currently New Zealand's leading run-scorer in T20I cricket and third-highest in the ODI format.

Guptill has more than 3,500 runs in T20 Internationals and 7,346 runs in ODIs.

Anurag Thakur interacts with youth delegation

PTI ■ PARIS

Sports Minister Anurag Thakur held an interaction with a 100-member youth delegation from Central Asian countries during a banquet

dinner hosted by him here.

The delegation visited Pradhan Mantri Sangrahalaya, War Memorial in Delhi, Tata Memorial Hospital, Mumbai Film City, Gateway of India in Mumbai during its stay in

India from November 17 to 23.

Thakur said, "This is a one-of-its-kind International Youth Exchange Programmes having delegates from four central Asian countries together."

TN, Kerala qualify for Vijay Hazare knockout from Group C

PTI ■ BENGALURU

Tamil Nadu and Kerala qualified for the knockout phase of the Vijay Hazare Trophy one-day tournament after their Group C matches here on Wednesday were washed out.

Sent in to bat by Tamil Nadu captain B Indrajith, Kerala made 287 for 8 in 50 overs, thanks to a 95-run knock by Vathsal Govind (126 balls, 6 fours) and useful contributions from Vishnu Vinod (45), Abdul Basith (41) and Rohan Kunnumal (39).

Openers P Rahul (16) and Rohan Kunnumal (39) provided a rapid start for Kerala, taking the score to 44 in 5.3 overs before the former fell to M Mohammed (2/51).

Vathsal Govind joined Rohan and added 34 runs before the latter was castled by R Sai Kishore (1/46).

Though skipper Sachin Baby fell after making only 4, Vishnu Vinod (45) and Vathsal Govind were involved in a 78-run stand for the fourth wicket.

Handy knocks by Abdul Basith (41, 35 balls, 2 fours, 3 sixes) and a four-ball 15 (2 fours, 1 six) by Nedumanuzkhy Basil (41) towards the end boosted Kerala's score to 287.

When Tamil Nadu began their chase, all eyes were on the record-breaking pair of N Jagadeesan and B Sai Sudharsan.

However, Sudharsan fell to Vaisakh Chandran for 5.

Jagadeesan, fresh after a world record 277 in the previous game against Arunachal Pradesh was on 23 (21 balls, 3 fours) with the score on 43 for 1 (7 overs) when rain halted proceedings and forced the game to be called off.

Jagadeesan and Sudharsan had put on 416 for the opening wicket on Wednesday for a new List A record.

Tamil Nadu with five wins from seven games and two no-results topped the group with 24 points while Kerala finished second with 20 (4 wins, 1 loss and 2 no-results).

Andhra's defeat to Chhattisgarh in the final game on Wednesday hurt their chances of advancing to the next phase and they finished with 18 points.

As the group topper, Tamil Nadu secured a berth in the quarterfinals while Kerala would play the pre-quarterfinals.

PUNJAB, J&K QUALIFY

Mumbai: Punjab and Jammu and Kashmir qualified for the knock-out stages of the Vijay Hazare Trophy from Group D with convincing wins over

their respective rivals.

While Punjab beat Nagaland by six wickets, Jammu and Kashmir defeated Uttarakhand by nine wickets.

In another Group D match at the D Y Patil Satdium in Navi Mumbai, Madhya Pradesh defeated Baroda by a massive 290 runs.

ASSAM, K'TAKA WIN

Kolkata: Assam and Karnataka qualified for the knock-out stage of the Vijay Hazare Trophy from Group B after winning their respective matches.

Both ended on 24 points with identical six wins and a loss but Karnataka topped group on better net run rate of 1.721 as against 1.360 of Assam.

Assam beat Delhi by 25 runs in their last group match to notch up their fifth win on the trot.
