

Administration on blanket distribution drive

PNS ■ JAMSHEDPUR

With the minimum temperature hovering around 13 degree Celsius, the East Singhbhum district administration has initiated steps to set up 'alao' (bonfires) to help the poor face winter at ease. Moreover, the civic bodies Jamshedpur Notified Area Committee (JNAC), Mango Notified Area Committee (MNAC), and Jugsalai Municipality have started distribution of blankets. Officials said that the three local civic bodies would be lighting bonfires every evening at the identified locations in the city.

‘We have received funds from State Disaster Management and we distributed it to the local urban bodies.

They have been asked to take immediate steps to set up a bonfire. Areas, said the official.

Under JNAC command area namely bonfires would come up at Ganesh Puja Maidan (Kadma), Bank of

Baroda bus stand in Bistupur, Diagonal Road autorickshaw stand (Bistupur), Baridih autorickshaw stand, Bhuiyandih overbridge (Hume Pipe), Sitaramdera bus terminus, MGM Hospital roundabout,

Sakchi roundabout, Sakchi private bus stand.

The street dwellers were seen huddled around bonfires made of wood and garbage collected from the roadside.

JNAC official, adding that around six quintal woods would be used for bonfires daily. He said that the civic will cover those areas where the road dwellers frequent the most. He also said that 100 blankets were distributed among the needy.

The local people also said that the dip in temperature is affecting their life. "The weather is getting extremely cold with every passing day. A bonfire is lit only in the evening and keeps you warm for a few hours. Soon afterwards, it's cold again

till the next evening," said a rickshaw puller. He said that if the government is really serious about providing shields to the strays in cold waves, blankets will only keep us warm throughout the day.

A district official said that distribution of blankets can certainly be a better solution. But it is for the government to take a call on the matter. The district administration is also planning to write to the state welfare department for distribution of blankets amongst homeless poor in the city.

As per the rulebook, 50 kg of wood should be provided for a single bonfire. As per apex court guidelines, states have to make arrangements for night shelters.

NTPC CMD flags off first coal rake from Talaipalli Mine

PNS ■ RANCHI

CMD, NTPC, Gurdeep Singh, flagged off the 1st coal rake from Talaipalli Mine to Lara Super Thermal Power Project in Chhattisgarh through the dedicated Merry Go Round (MGR) system on November 21 in the presence of Chandan Kumar Mondol, Director (Commercial), Partha Mazumder, Regional Executive Director (Coal Mining), A K Tripathi RED (WR II) & ED(OS), SK Ray, Head of NTPC Talaipalli, Diwakar Kaushik, Head of NTPC Lara and Neeraj Jalota, Head of NTPC Dulanga and other officials.

This 65 Km long MGR, an engineering marvel, passes through many villages in hilly terrain and

through forest areas. With this rake despatch through MGR, NTPC will be able to maintain a smooth and environmentally friendly coal transportation from its captive mines to its power stations in an uninterrupted

way. On this occasion, CMD, NTPC congratulated all from NTPC and its associates, villages & village leaders, state and District Admin for making this happen.

CMD, NTPC asked Team Ta-

laipalli to ensure the targeted coal production of FY, later senior officials also visited the mine to review the progress of the operations in the South Pit extension and the recently established West Pit. Senior officials also interacted with the mining agencies and took stock of the ongoing activities. Emphasis was given on the need for an early start to sustainable coal production from the pits. Singh held an interaction with the young executives ,he deliberated on multiple subjects e.g. technical, professional, training, safety, environment, and sustainability. Young executives were encouraged to take on the challenges and to work towards achieving the goals of the company, focusing on the environment and safety as a priority.

The War Should End

BY DR.BANSHIDHAR RUKHAIYAR

External Affairs Minister Dr. S. Jaishankar and his Russian counterpart Sergey Lavrov addressed the joint press conference in Moscow during Jaishankar's recent visit to Russia. Dr. Jaishankar underlined the long, profound and tested Indo-Russian friendship. He further said that India and Russia will work together for a more durable, more sustainable and more balanced relationship.

Dr. Jaishankar asked the Taliban government in Afghanistan to fulfill its international commitments. He asserted that the humanitarian issues in Afghanistan must be addressed effectively and spoke of India's role in supplying food and medicine there. He said that India has taken up the matters related to Afghanistan on several international platforms and worked with Russia as and when required. He also said that international terrorism emanating from Afghanistan and its neighbourhood needs to be addressed.

Speaking on the issue of buying discounted Russian crude oil, he re-emphasised that it was in India's national interest and India will continue to do so.

Asserting that India's claim to a seat as a permanent member of the UN Security Council was quite logical in the emerging multipolar world and thanked Russia for supporting India's claim.

The purpose of the visit must be to find a way out of the Russia-Ukraine war. Ukraine has taken the war this far with the support of America and her allies. Now America finds itself trapped politically and economically. Therefore, it wants to get out of this logjam with a face saver. Hence, America has advised Ukraine to rethink its policy on this war. Russia, too, is eager to end this war as it has stretched too long. The war and subsequent sanctions against Russia has crippled the American economy as well. Europe is facing an unprecedented energy crisis due to these sanctions. Also, Russia has successfully attained its objective of capturing some parts of Ukraine and establishing its legitimacy by conducting a referendum there and winning it.

The latest developments

clearly suggest that Jaishankar was on a mission to defuse the crisis emanating from the Russia-Ukraine war. It was not a mere coincidence that Russia started withdrawing from Kherson while Jaishankar was in Moscow. The sudden Russian withdrawal from Kherson without any apparent rhyme or reason is possibly the result of backdoor talks between him and Putin in Moscow. Again, the US foreign secretary Antony Blinken meeting Jaishankar soon after his return from Moscow points in this direction. Modiji will be meeting Biden in the G 20 summit in Bali where some breakthrough might be made in ending the Russia-Ukraine war. Almost all the nations of G20 minus countries of G 7 are soft towards Russia and they won't toe the line of G 7 nations in chastising Russia.

The sudden Russian withdrawal from Kherson opened a window for Ukraine to come to the negotiating table with respect. Zelensky had also stated that it might be the beginning of the end of the war. However, something went wrong and it appears that Zelensky overestimated himself and his support from America led NATO.

America wants the end of the war and so does France and Germany. Moreover, the public opinion in the whole of Europe is in favour of an early end of the war which is putting pressure on their leadership to act accordingly. But the actions of Zelensky have foxed NATO and America. Ukraine hit missiles on Poland and tried to divert the blame on Russia. Again, Ukraine tried to destroy its nuclear station and put the blame on Russia. Zelensky did this mischief to drag America and other NATO countries to the ongoing war against Russia. But the West called the bluff of Zelensky and refused to join the war. This has strengthened the position of Russia and it has started a devastating attack on the power infrastructure of Ukraine.

Zelensky has no option but to negotiate peace. The sooner he does the better. India and other countries which can mediate this peace should work in this direction. If need be, they should walk an extra mile to achieve this end.

Special MP, MLA court acquits 3 top political leaders

M F AHMAD ■ DALTONGANJ

The Special MP MLA court here in Daltonganj today acquitted three well known political leaders in their respective cases of violation of the model code of conduct. Among the three political leaders who were acquitted today one of them is the sitting BJP MLA Panki Shashibhushan Mehta while the other two acquitted are Mehta's arch rival Devender Kumar Singh alias Bittu Singh and Laal Suraj.

The three had a case of violation of the model code of conduct lodged against them separately in 2016 with the Lesliganj police station by the then block development officer Ravindra

The three acquitted today Lal Suraj, Shashibhushan Mehta, Devender Kumar Singh (from right) in Daltonganj on Wednesday.

Kumar. The content of the case was that these three had opened their election office separately but none of the three had obtained due permission to open the election office from the competent authority then.

Eleven witnesses were examined but the prosecution could not present ade-

quate evidence to prove the contention to the violation of the model code of conduct and the said court absolved all the three of the case of the violation of the model code of conduct.

Police had invoked section 188 of the IPC and 127 of the Representation of the People Act against the three.

DC takes counseling session of Govt school children

AVINASH ANJAN ■ HAZARIBAG

Intensive ticket checking campaign continues in Samastipur

PNS ■ RANCHI

East Central Railway is constantly running campaigns to stop traveling without ticket/proper authority so that passengers traveling without ticket/proper authority can be discouraged. Due to such passengers, on one hand the passengers traveling with tickets have to face difficulties, on the other hand there is loss of railway revenue.

In the same order, on 22.11.2022, for 18 hours from 05.00 am to 23.00 pm in Samastipur Mandal, a special ticket checking campaign was conducted at stations and trains by forming separate teams of officers, in which an amount of more than 68 lakhs was received as fine from a total of 9700 cases without ticket/without proper authorisation. This amount is the highest in terms of amount received by Samastipur Division as fine from ticket checking on any single day of this financial year.

It may be noted that on 08.11.2022 and 15.11.2022 also, a similar special ticket checking campaign was conducted by Samastipur division, which earned railway revenue of Rs 55 and 61 lakhs respectively as fine. Inspired by this, special ticket checking was again organized by Samastipur division on 22.11.2022, during which the division broke both its own records and set a new record in terms of railway revenue received.

On 21.11.2022, a special ticket checking campaign was also conducted in Sonpur division. In this investigation campaign, a total of 06 thousand 908 cases of traveling without ticket/proper authorization came to light, due to which railway revenue of more than Rs 46 lakh 53 thousand was received.

Special ticket checking drive is being carried out in other divisions of East Central Railway to arrest those traveling without proper travel ticket/authorization. East Central Railway appeals to passengers to always travel with a valid ticket.

eco-tourism based on environmental adaptation will be promoted in the state. Sido-Kanhu Agriculture and Forest Produce State Cooperative Union Limited is working for the purchase and sale of minor forest produce, under this, the maximum income of the people living in the forest area should be increased by buying and selling minor forest

produce widely. It was decided to take the initiative.

Under the Forest Rights Act-2006, emphasis was laid on giving maximum community pattas and using maximum forest land in accordance with the rules and environment of the Forest Department. A policy will be made for studies in tribal languages from classes 1 to 5 and maximum use of trib-

al languages by conducting studies through Dr. Ramdayal Munda Tribal Welfare Research Institute. And it was decided to get more and more text books translated in tribal languages and distributed.

The process of appointment of teachers of tribal languages should be expedited. Posts should also be created as per the requirement. Hodopathy has been a proud part of the tribal knowledge tradition, in view of this emphasis was laid on its inclusion in AYUSH by creating a scientific laboratory like CSIR along with its scientific analysis, study, research, publication.

A decision should be taken on the draft of Jharkhand Panchayat Provisions Scheduled Areas Expansion Rules, 2022 after due consideration from the concerned departments and parties. A policy should be made after studying the pro-

visions of other states for providing loans to the youth of the tribal community with a repayment period of more than five years, after conducting a state-level meeting with the banks.

Scheduled Tribes, Scheduled Castes, Minorities and Backward Classes Welfare Minister-cum-TAC Deputy Chairman Champai Soren, MLA-cum-TAC Members Prof. Stephen Marandi, Deepak Birua, Dashrath Gagrai, Vikas Kumar Munda, Naman Bixal Kongadi, Rajesh Kachhap, Sonaram Sinku, Shilpi Neha Tirkey, Nominated Members Vishwanath Singh Sardar, Jamal Munda, Principal Secretary to Chief Minister Rajeev Arun Ekka, Principal Secretary Ajay Kumar Singh, Secretary to Chief Minister Vinay Kumar Choubey, Secretary K Srinivasan, Secretary KK Soan, Secretary Himani Pandey and other officers were present in the meeting.

PNS ■ RANCHI

A national conference on 'Centre-State Relations' was held on Wednesday (November 23) by the Jharkhand Assembly along with National University of Study and Research in Law, Ranchi and PRS Legislative Research, New Delhi, as part of 22nd foundation day celebrations of Jharkhand Assembly.

This is the first time in Country that such an academic initiative is being taken up by a Legislative Assembly in collaboration with National Law University. The purpose of the conference was to deliberate upon the federal structure of Country as envisaged by the Constituent Assembly, structured in the Constitution and the current state of affairs of the Centre-State relations.

The Assembly Speaker, introducing the history and geographical importance of Jharkhand, set the objectives of the conference. Speaker stressed on the point that these 73 years of

Assembly Speaker Robinendra Nath Mahto, Vice Chancellor, National University of Study and Research in Law, Ranchi Prof. (Dr.) Kesava Rao Vurrakula, Professor Emeritus, Maharashtra National Law University, Aurangabad Prof. (Dr.) A Laxminath, Former Vice Chancellor, Chanakya National Law University, Delhi, Prof. (Dr.) Manoj Sinha, Minister Alampur Alam, MLAs Stephen Marandi, Lambodhar Mahto and others during a national conference on 'Centre-State Relations', in Ranchi on Wednesday. Pix by Katan Lal

independent India saw ups and downs in the centre-state relations and the Constitution stood the test of time. Referring to the verdict of the Supreme Court in Kesavananda Bharati case, the Speaker said federalism is part of the basic structure of the Constitution and it is the duty of all of us to let the federal set up of our country be successful. He also said, States shall be permitted to act within their sphere without any interference from the centre. He hoped that the National Conference will address the key issues raised in contemporary India with reference to the Centre-State relations.

Prof. (Dr.) Kesava Rao

Vurrakula, Vice Chancellor, National University of Study and Research in Law, Ranchi introduced the speakers of the conference and said the academic deliberations are the basis of the evolution of law and policy. He thanked the Jharkhand Assembly for coming up with such an idea of bringing up academicians and legislators together. Referring Jharkhand Assembly and NUSRL as sharing father and son bonding, he recalled the birth of the University through the State Legislative Act.

With these words, he introduced the eminent resource persons, Prof. (Dr.) A Laxminath, Professor Emer-

itus, Maharashtra National Law University, Aurangabad and Former Vice Chancellor, Chanakya National Law University, Delhi, Prof. (Dr.) Manoj Sinha, Director, Indian Law Institute, New Delhi, among others.

Ten crucial aspects of the Centre-State relations were part of the deliberations in the conference. They were: Distribution of legislative powers between Centre and States; Fiscal federalism in India; All India Services and Centre State Relations; Judiciary on Federalism; Role and functions of Governor vis-a-vis Indian Federalism; Role of Central Investigating Agencies in Federal Set

up; Working of the Inter-State Councils vis-a-vis the Fiscal and Administrative federalism in India; Local Self Governance and Indian Federalism; Centre-State Relations & Its impact on good governance; Centre-State relations & Covid-19 Pandemic and co-operative federalism in India.

All the speakers agreed to the point that the Constitutional makers framed a federalism which is titled towards centre, but adequately ensured the role of States in the governance and administration. Our constitution shall strive to be organic, living and dynamic with regard to the centre-state relations, by bringing out a healthy and harmonious environment. In valedictory session, Speaker, Jharkhand Vidhan Sabha, MLA, Stephen Marandi, MLA, Alampur Alam, Minister, Parliamentary Affairs appreciated the efforts of the resource persons for deliberating on such crucial aspect of contemporary India and thanked the National University of Study and Research in Law, Ranchi and PRS Legislative Assembly for making this event successful.

employment opportunities at the rural level in the Jharkhand state. Big crowds are turning up to find out about rural progress in Jharkhand.

The stall of Agriculture, Animal Husbandry Department's Organic Farming, Department of Forest stall, Department of Energy's JREDA stall, Mukhya-

mantri Laghu Evam Kutir Udyam Vikas Board's stall displayed handmade wooden, bamboo-made name plates, trays, and key rings by various artisans. Visitors liked pen stands, tea coasters, serving plates, showpieces, and idols.

At the ongoing India International Trade Fair, New Delhi, the Department of

Agriculture, Animal Husbandry and Cooperation is offering information about the extent of organic farming currently undertaken in Jharkhand. This stall has become a centre of attraction for residents of Delhi. Organic Farming Authority of Jharkhand (OFAJ) has displayed organic products through its stall where visitors are getting information pertaining to organic agriculture through booklets, documentary films etc. Hundreds of visitors are coming to the organic farming stall and gathering information about the ongoing initiatives to promote Organic Farming in Jharkhand.

While talking to media, OFAJ's Dr. M. Shiva said, "Presently, about 97000 farmers are associated with OFAJ and more than 1 lakh hectares of land is cultivated

under organic farming. In the coming years, the extent of organic farming is proposed to cover 20 lakh hectares of land in the state of Jharkhand. To provide poison-free, non-toxic, and safe food grains to ensure the health of adults and children, OFAJ is conducting organic farming in the state of Jharkhand. With these goals in mind, OFAJ has undertaken a humble initiative to set up an interactive exhibition stall at the IITF this year."

It is a matter of great honour for Jharkhand to be a partner state in the India International Trade Fair 2022 scheduled till 27th of November 2022. The traditional tribal jackets, shirts, towels, gamchas, and caps put on display by the tribal weavers, artisans, women entrepreneurs of Jharkhand have attracted visitors.

Why did Cong not support tribal woman Prez: Modi

PNS ■ NEW DELHI

Citing how the Congress did not support Droupadi Murmu in her election as the first tribal President of the country, Prime Minister Narendra Modi on Wednesday questioned how could the Opposition party and its leader Rahul Gandhi talk about tribal welfare. Continuing his offensive against the opposition party in poll-bound Gujarat, Modi also said the "Congress model" meant "nepotism, casteism, sectarianism and vote bank politics".

Modi returned to Gujarat after a day's break and held a series of public meetings. The BJP is seeking the mandate for the seventh time facing Congress and AAP as its political rivals in the two-phased poll slated December first and 5th.

Addressing a public rally at the tribal-dominated Mahuva village in Surat dis-

trict where Rahul also had held his first election meeting taking time off from his 'Bharat Jodo Yatra', the Prime Minister asked "why Congress did not support tribal woman in presidential election if the opposition party was so concerned about tribals?"

In his rally, Rahul had accused the BJP of taking away the rights of tribals and alleged that soon their 'jungles' too will be taken away by 'two-three industrialists'.

Modi referred to Rahul and his ongoing 'Bharat Jodo Yatra' saying "a person is conducting a foot-march to get back power. "In his speech, he talks about tribals. I want to ask him, why Congress did not support the BJP's woman tribal candidate in the presidential election? Instead, they fielded their own candidate to defeat her," the prime minister asserted.

"Despite Congress' efforts Droupadi Murmu became

President "with the blessings of tribal people," he added.

"Why did Congress never think of making an Adivasi (tribal) our President? It was the BJP which made a tribal person, that too, a woman, our country's President for the first time and sent a message to the world," Modi said.

Continuing his offensive against the Congress, Modi in another rally at Mehsana in North Gujarat said the "Congress model" meant nepotism, casteism, sectarianism and vote bank politics. "This

Experts rush to areas hit by measles

ARCHANA JYOTI ■ NEW DELHI

With the number of cases of highly-infectious measles on the rise in Ranchi, Ahmedabad, and Malappuram as in Mumbai, the Centre on Wednesday rushed teams of high-level experts to these areas. Measles death count has surged to 11 in Mumbai alone while the case count there has reached 220.

The officials in the Union Health Ministry are keeping their fingers crossed, fearing Measles outbreak in more States as they cited the WHO and UNICEF observations shared early this year on the global status of the air-borne viral disease mainly affecting kids aged 1-2 years. The spike in cases may hamper the Ministry's aim to eliminate Measles in the country by 2023. The global agencies had noted that pandemic-related disruptions, increasing inequalities in access to vaccines, and the diversion of resources from routine immunization are leaving too many children without protection against Measles and other vaccine-preventable diseases. The Ministry has already shot off a letter to all the States to keep a tab and take pre-

cautions against the air-borne viral infection. "Recently, increased numbers of measles cases are being reported from certain districts of Bihar, Gujarat, Haryana, Jharkhand, Kerala and Maharashtra. A rapid rise in the number of cases and some mortality due to Measles has also been observed specifically in the Brihanmumbai Municipal Corporation (BMC) and certain other Districts of Maharashtra.

"This is of particular concern from a public health point of view. It is also clear that in all such geographies, the affected children were predominantly unvaccinated and the average coverage of Measles Rubella Coverage vaccination (MRCV) among the eligible beneficiaries is also significantly below the national average," says the circular.

According to the WHO, Measles cases increased by 79% compared to the previous year in the first two months of 2022. In India, the first dose coverage of the measles vaccine dropped to 88% in 2020 from 100% in 2018. The relaxation of movement restrictions is another factor that heightens the risk of larger outbreaks.

For achieving the goal of

The agencies had flagged concern that outbreaks of measles could also forewarn outbreaks of other diseases that do not spread as rapidly. According to data released by the US Centers for Disease Control and Prevention (CDC), India has reported the highest number of measles cases in the world between April and September 2022. Measles is a severe viral respiratory illness that is marked by a prodrome of fever (can go as high as 105 F) and persistent cough, malaise, coryza, and conjunctivitis. These symptoms are followed by a maculopapular rash. The rash usually appears about 10-14 days after a person is exposed to the virus.

elimination by 2023, each district must mobilise all resources optimally to achieve at least 95% measles rubella coverage vaccination II by 2 years of age or at the latest by 5 years of age, as per the Ministry.

"States have been advised to administer one additional dose [special dose for measles and Rubella for Universal Immunization Programme (UIP)] to all children of 9 months to 5 years in vulnerable areas ie geographies which are showing recent increase in numbers of Measles cases. This dose would be in addition to the primary vaccination schedule of first dose at 9-12 months and second dose at 16-24 months," as per the Ministry's circular.

Rajnath calls for resolute global efforts to counter transnational terrorism

PIONEER NEWS SERVICE ■ NEW DELHI

Defence Minister Rajnath Singh on Wednesday called for urgent and resolute global efforts to counter transnational and cross-border terrorism.

Stressing this point, he also said India advocates a free, open and inclusive Indo-Pacific region and underlined the need for peaceful resolution of disputes while respecting the sovereignty and territorial integrity of all nations.

The minister made these observations in the 9th Association of Southeast Nations (ASEAN) Defence Ministers' Meeting (ADMM) Plus in Siem Reap, Cambodia.

The ADMM Plus is an annual meeting of Defence Ministers of ten ASEAN countries and its eight dialogue partner countries, viz., India, USA, Russia, China, Australia, Japan, New Zealand and South Korea. The year 2022 also marks the 30th Anniversary of India-ASEAN relations.

During his address, Rajnath called for urgent and resolute global efforts to counter transnational and cross-border terrorism, terming it as the gravest threat to regional and global security.

He pointed out that the global security environment has transformed fun-

damentally over the last few decades, with terrorist groups creating inter-linkages across continents backed by new-age technologies to propagate ideologies, transfer money and recruit supporters.

Rajnath reiterated India's commitment to nurturing practical, forward-looking and result-oriented cooperation between India and ADMM Plus countries for enhancing the maritime security in the region and safety of the global commons. He asserted that India advocates a free, open and inclusive Indo-Pacific region and calls for peaceful resolution of disputes while respecting the

sovereignty and territorial integrity of all nations.

In this context, he stated that the ongoing ASEAN-China negotiations on the Code of Conduct in the South China Sea should be fully consistent with international law, in particular United Nations Convention on the Law of the Sea (UNCLOS) and should not prejudice the legitimate rights and interests of nations that are not party to these discussions.

He called upon all the member states to work together with a positive intent, towards a stable, safer and more secure world for our future generations.

Waiting period for business, tourist visa to US nearly 3 years

PIONEER NEWS SERVICE ■ NEW DELHI

Even as the US recently assured that the waiting time for visa clearance for Indians will be reduced, those wanting to travel there on a business or tourist visa will have to wait for nearly three years or nearly 1,000 days.

This long period is for those Indians wishing to travel to the US on a visitor visa-B 1(business) and B-2(tourist). A search on the US State Department website shows that the waiting period for B1/B2 visa interview is 961 days (as on November 23).

For those living in Delhi, the waiting time is 961 days while for Hyderabad, it is 994 days. Chennai residents will have to wait for 948 days to get an appointment, while in

Kerala, the waiting period is 904 days. Residents of Mumbai will have to wait for 999 days. The astronomical wait times mean that a first time B1/B2 applicant may now get date for interview in the year 2025.

The US State Department had said earlier this month that it is committed to facilitating legitimate travel to there while safeguarding national security.

The issue of long wait time for Indians was flagged by External Affairs Minister S Jaishankar during his visit to the US in September where he had raised the issue of visa applications backlog with US Secretary of State Antony Blinken.

A few days back, the US State Department said visa processing is rebounding faster than projected and is expected to reach pre-pandemic levels in Fiscal Year 2023.

Cong leader moves SC seeking review of verdict upholding 10% reservation to EWS

PTI ■ NEW DELHI

A Congress leader on Wednesday moved the Supreme Court seeking review of its verdict upholding the 10 per cent reservation introduced in 2019 for the economically weaker sections (EWS) in educational institutions and government jobs that excluded the poor among the SC/ST/OBC categories.

The plea filed by Jaya Thakur has sought review of the November 7 verdict saying there was error apparent on the face of records in the judgement.

The review petition has been filed through advocate Varinder Kumar Sharma.

In its landmark judgement, a five-judge Constitution bench had said that the use of basic structure doctrine as a "sword" to "stultify" the State's effort to do economic justice cannot be countenanced.

It had delivered a 3:2

majority decision in favour of the 103rd Constitution Amendment.

While upholding the 10 per cent reservation introduced in 2019 for EWS in admissions and government jobs that excluded the poor among the SC/ST/OBC categories, the apex court had said it is not discriminatory or violative of any essential feature of the Constitution.

Treating the EWS as a separate category is a reasonable classification and the 50 per cent ceiling on the total reservation under the Mandal judgement is "not inflexible", the judges had said while dismissing the petitions challenging the validity of the law.

Prosperous Indo-Pacific hinges on peaceful maritime domain: Indian Navy chief

PIONEER NEWS SERVICE ■ NEW DELHI

With increasing tension in the Indo-Pacific region as China is flexing its muscle there, Navy chief Admiral R Hari Kumar said here on Wednesday a prosperous Indo-Pacific hinges on a peaceful maritime domain. He also said India has all along called for a "free, open, inclusive, peaceful and prosperous region."

Underlining this factor, he also said maritime terrorism and proliferation of advanced technologies have "further complicated the security matrix".

The Navy chief said the Indo-Pacific Oceans Initiative (IPOI) holds immense potential for synchronising and syn-

ergising the collective efforts towards achieving a peaceful region.

He made these assertions in his inaugural address at the three-day fourth edition of Indo-Pacific Regional Dialogue (IPRD) here. The IPRD is an apex-level international annual conference of the Indian Navy that seeks to foster exchange of ideas and promote deliberations on regionally relevant maritime issues.

The theme of IPRD-2022 is

"Operationalising the Indo-Pacific Oceans Initiative (IPOI)", which was articulated by Prime Minister Narendra Modi at the 14th East Asia Summit (EAS) in Bangkok on November 4, 2019.

"It is amply clear that a prosperous Indo-Pacific hinges on a peaceful maritime domain. The maritime security pillar of the IPOI seeks to manage this crucial element through cooperative engagement between friends and partners," the Navy chief said.

In this, the Indian Navy has been guided by the inclusive vision of SAGAR which literally means oceans, and expands as 'Security and Growth for All in the Region', and is underpinned by the values of 5 S's - 'Samman' (Respect),

'Samvaad' (Dialogue), 'Shanti' (Peace), 'Samridhhi' (or Prosperity) and notably, 'Sahyog' (or Cooperation), he said.

Elaborating upon the security environment in general, and maritime security in particular, the Navy chief said while the possibility of a traditional inter-state conflict cannot be ruled out, there is an increased risk to the rules-based order emanating from disputes of jurisdiction, undermining of UNCLOS (United Nations Convention on the Law of the Sea), piracy and armed robbery, illegal human migration, drugs and arms trafficking, and illegal unreported and unregulated fishing.

Maritime terrorism and proliferation of advanced tech-

nologies have further complicated the security matrix. Inevitably, given its increased centrality in global affairs, the Region has witnessed increased presence of maritime security forces from a multitude of nations - regional as well as extra-regional, Kumar said.

He said the Indo-Pacific today represents a "strategic geography where most of us have found convergence in our interests and aspirations". However, in navigating the path together, there are numerous challenges that must be overcome.

Kumar said these challenges could be viewed as a "trinity of 3 I's" — imperatives at home, influences from outside and some intrusive paradigms".

Special forces of India, Indonesia engage in joint exercise 'Garuda Shakti' in Indonesia

PIONEER NEWS SERVICE ■ NEW DELHI

Special Forces of India and Indonesia are currently engaged in a joint exercise 'Garuda Shakti' in Sangga Buana training area Karawang, Indonesia. It is the eighth edition of the series of bilateral exercises under this banner.

The latest 13-day exercise commenced on November 21 and aims at enhancing understanding, cooperation and interoperability between the Special Forces of both armies.

The scope of the joint exer-

cise includes orientation to advance special forces skills, sharing of information on weapon, equipment, innovations, tactics, techniques and procedures and lessons learnt from various operations under-

taken.

US women diplomats take to streets of Delhi with 'personalised auto-rickshaws'

ANI ■ NEW DELHI

Leaving behind their bullet-proof vehicles, four US women diplomats have taken to the streets of the capital with their "personalized auto-rickshaws" in their "out-of-the-box" diplomacy style.

Ann L Mason, Ruth Holmberg, Shareen J Kitterman and Jennifer Bywaters love to go with their Black and Pink three-wheelers by driving themselves for all their work including the 'official trips'.

These diplomats have taken to the common man's commute not just for fun, but also to set an example. Speaking to ANI, the diplomats shared their experience of learning this distinct mode of transport and how diplomats driving the auto-rickshaws is a rare exception!

"From Detroit to my auto rickshaw, I've had a lifelong love of vehicles and so everywhere I've been there's been something special about a vehicle but really none more special in my opinion than an autorickshaw. When I was in Pakistan, before coming to India, I was in armoured vehicles and they were big, beautiful vehicles. But I would always look out on the street and I would see the autorickshaws going by and I always wanted to be in the autorickshaw. So when I got to India and had the opportunity to buy one, I took it immediately," said Ann L Mason to ANI.

"For me it was terrifying. Yes, learning to drive the autorickshaw was completely new for me. I had never driven any vehicle with a clutch, never driven a motorcycle only automatic cars, my whole life," she

said when asked about how hard was it to learn, maintain an auto and get a license.

On being asked about her inspiration behind the idea, Ann said that her mother is her inspiration who inspired her to take chances and experiment in life.

"My inspiration is my mother, my mother always took chances. She travelled around the world, she was in

the Vietnam War and she did so much with her life. Life and she always taught me to do interesting things and take a chance because one you might not get another opportunity and two you never know what you might experience. My daughter also drives the autorickshaw and so learning from them every day, the interesting things that how they see the world," she added.

ED seizes ₹16 cr of Alphageo in form of fixed deposits under FEMA

PNS ■ NEW DELHI

The Enforcement Directorate (ED) has seized Rs 16 crore of Alphageo (India) Ltd. in the form of fixed deposits under the provisions of Foreign Exchange Management Act.

An investigation against Alphageo India Ltd. was initiated by ED on the basis of information received that the company had transferred and parked certain funds in the United Arab Emirates in contravention of FEMA.

In a separate case, the agency has attached Rs 3.25 crore in a money laundering case linked to dacoity in Kerala.

"During investigation, it was revealed that Alphageo is a Hyderabad-based company which is engaged in providing seismic survey services to various oil exploration and production companies in India, and abroad.

The company has been importing various equipment for seismic data acquisition from several suppliers based in France, Singapore, Netherlands, etc," the ED said in a statement.

Investigation further revealed that equipment for seismic data acquisition was directly received from various suppliers by Alphageo. However the payment for the same has been routed through an entity Matrix Group DMCC, maintained and controlled by Rajiv Saxena, a Chartered Accountant based in Dubai and a hawala operator for these imports, the ED said.

Further investigation

revealed that by way of over invoicing bills for these imports, Alphageo has parked funds into the account of Matrix Group DMCC for the personal benefit of Dinesh Alla, Chairman and Managing Director of Alphageo (India) Limited in contravention of provisions of FEMA.

An amount of USD

25,34,628 was held outside India in contravention of Section 4 of FEMA.

The equivalent value of the foreign funds parked in the United Arab Emirates by Alphageo amounting to Rs 16 crore has been seized in India under FEMA. Further, investigation in the matter is under progress, it said.

ED attaches ₹3.25 crore cash as proceeds of crime relating to robbery, kidnapping under PMLA

New Delhi: The ED has attached cash to the tune of Rs 3.25 crore for being 'Proceeds of Crime' relating to a robbery and kidnapping case under PMLA. The ED initiated money laundering investigation on the basis of scheduled offence invoked in the FIR registered by Kottakkal Police Station, Kerala in the said case. "The amount attached by ED is the Proceeds of Crime which was recovered by the Kottakal Police from the possession of two robbers while they were trying to escape after robbing and kidnapping an auto rickshaw driver who was carrying this huge amount of cash in his auto," it added.

No Maha village will go anywhere: Fadnavis on Bommai’s remarks

Due to water crisis Maharashtra border villages wanted to merge with K’taka, CM had claimed

PTI ■ NAGPUR | MUMBAI

Maharashtra Deputy Chief Minister Devendra Fadnavis on Wednesday said no village in Maharashtra has sought merger with Karnataka recently, and there is no question of any border village “going anywhere”.
Karnataka Chief Minister Basavaraj Bommai had claimed on Tuesday that some village panchayats in Jat taluka of Maharashtra’s Sangli district had passed a resolution in the past seeking to merge with Karnataka when they were facing a severe water crisis.

The Karnataka Government had devised schemes to help them by providing water, and his Government was seriously considering the proposal of Jat villages, he said.

“These villages had introduced a resolution on the issue of water scarcity in 2012. Presently, none of the villages have introduced any resolution,” Fadnavis told reporters in Nagpur. When he became Maharashtra Chief Minister, his government entered into an agreement with Karnataka to sort out the water issue, he said.

A water supply scheme was chalked out for the Jat villages when Girish Mahajan was water resources minister in his cabinet, the BJP leader added. “We are now going to give approval to that scheme. Perhaps because of Covid, the previous (Uddhav Thackeray-led) government could not approve it,” Fadnavis added.

“Presently, none of the villages have raised such demand (of merger with Karnataka). The demand is of 2012,” he said.

“Not a single village of Maharashtra will go anywhere,” Fadnavis stressed. Sudhir Mungantiwar, BJP leader and Maharashtra minister, blamed Jawaharlal Nehru for the long-pending dispute.

“The dispute between Maharashtra and Karnataka is actually the gift of late prime minister Jawaharlal Nehru,” he said without elaborating.

The case is now before the Supreme Court and any resolution passed by village panchayats would not affect the court’s verdict, he told reporters.

“If resolutions are to be taken so seriously, then what about the villages in Karnataka which have passed resolutions seeking to join Maharashtra,” he asked. Earlier in the day, another Maharashtra Minister Shambhuraj Desai said the Karnataka Chief Minister’s

claims should not be taken seriously. The decades-old border dispute over Belagavi (earlier Belgaum) between Maharashtra and Karnataka is in news again due to recent

statements from both sides.

On Monday, Bommai had said he had formed a formidable legal team of senior lawyers to deal with the border dispute when it comes up in the Supreme Court.

On Tuesday, the Maharashtra government appointed Chandrakant Patil and Shambhuraj Desai as nodal ministers to coordinate with the state’s legal team regarding the pending court case. Talking to reporters here, Desai said, “As Maharashtra has reconstituted its team to take forward the Karnataka border dispute in the Supreme Court, Bommai has come up with some ridiculous old demand. It should not be taken seriously.

The villages in Jat tehsil had reportedly passed a resolution more than a decade back to pressurise the then state government to address their demand of water supply from the Krishna river.” There is no such official documentation or resolution available with the Maharashtra government, he added.

21 TMC leaders, MLAs in touch with me, says Mithun

SAUGAR SENGUPTA ■ KOLKATA

Weeks after top Bengal BJP leadership declared that the Mamata Banerjee Government would not sustain beyond the month of December leading to speculations about central designs vis a vis Bengal cinestar-turned saffron politician Mithun Chakrabarty has said that at least 21 TMC leaders including MLAs were in direct touch with him.

Chakrabarty who was in Bengal to campaign for the BJP in several districts ahead of the next year’s panchayat elections said: “not all the Trinamool men are corrupt

... and those who are not corrupt prefer to maintain silence in that party ... among these silent leaders at least 21 are in direct touch with me ... take this hint and track them you will find why some people have started saying that TMC is on the verge of a big fall.”

State BJP president Sukanto Majumdar however, was quick to dispel “rumors” saying his party in the Centre had no intention to pull down the TMC Government. “We will not topple the Government ... it will fall on its own ... we will come to power through democratic means and getting people’s mandate,” he

‘Aftab will cut me into pieces’ Shraddha filed plaint in 2020

She withdrew complaint after cops visited their house, says Mumbai Police

PTI ■ MUMBAI

Call centre employee Shraddha Walkar had two years ago complained to police in Maharashtra that her live-in partner Aaftab Poonawala, who is accused of brutally murdering her, tried to kill her and she feared he would cut her into pieces and throw her away, an official said here on Wednesday. Based on her written complaint dated November 23, 2020, the personnel of Tulinj police station in Palghar district visited the place, where Walkar and Poonawala resided, twice and recorded her statement. Walkar then told the police that she had lodged the complaint “in a fit of rage” and the issues between her and Poonawala were resolved. She

told the police that she was withdrawing her complaint, after which the case was closed, he said.

The official said the officer who visited their house at that time had counselled them and also warned Poonawala.

In her complaint to Tulinj police in Palghar in November 2020, Walkar alleged that, “Poonawala has been abusing me and beating me up.”

“Today, he tried to kill me

by suffocating me and he scares and blackmails me that he will kill me, cut me up in pieces and throw me anyway. It’s been six months he has been hitting me. But I did not have the guts to go to police because he would threaten to kill me,” Walkar said in the complaint.

“His parents are aware that he beats me and that he tried to kill me,” she told the police.

Walkar also said in the letter that Poonawala’s parents

knew about them living together and they visited them on weekends. “I lived with him till date as we were supposed to get married anytime soon and had the blessing of his family. Henceforth, I am not willing to live with him so any kind of physical damage should be considered coming from him as he has been blackmailing me to kill me or hurt me whenever he sees me anywhere,” she stated in the letter.

Talking to PTI, a top official of the Mira Bhayandar-Vasai Virar (MBVV) police commissionerate, said that after Walkar’s complaint, police officials twice visited Regal Apartment, Vijay Vihar Complex near ARC Bhavan in Vasai town, where the live-in partners resided, and recorded her statement, in which she said she was withdrawing the case against Poonawala as the issues between them were resolved.

“Our officer counselled them properly and warned Aaftab too. He recorded Walkar’s statement and closed the case,” the official said.

Gurjar faction vows to stop yatra if Pilot not made Raj CM; Sachin says BJP trying to create trouble

PIONEER NEWS SERVICE ■ NEW DELHI | BHOPAL | JAIPUR

The ongoing ‘tussle’ between Rajasthan Chief Minister Ashok Gehlot and his former deputy Sachin Pilot has now hit the ongoing Bharat Jodo Yatra led by former Congress chief Rahul Gandhi after a threat by a Gurjar outfit to disrupt the Yatra if its demand to make their leader Pilot the chief minister is not accepted.

The yatra is currently traversing in Madhya Pradesh where party General Secretary and member of the Gandhi family, Priyanka Gandhi, is scheduled to join her brother Rahul during the next two days.

Gurjar Arakshan Sangharsh Samiti leader Vijay Singh Bainsla has threatened to oppose Rahul Gandhi’s yatra in the State unless his demands, including making Pilot, a prominent face from the com-

munity, the chief minister are not accepted. Bainsla has also accused the Congress government of not fulfilling the promises made to the community.

Reacting to the development Pilot distanced himself from such threats and instead accused the BJP of trying to create “disturbances”.

“The BJP may try to create disturbances...But it is ‘Bharat Jodo Yatra’ and it will be successful. We will all welcome the yatra with unity,” he said.

Chief Minister Ashok Gehlot, too, said his government will try to address Bainsla’s grievances. “This is democracy and everyone has the right to speak. We are ruling on the basis of the Constitution and the right to speak cannot be taken away. If there is any demand or suggestion, we will hear it out and try to address the grievances,” he said.

Semi-nude body of BDC member’s wife found in UP; rape before murder suspected: Police

PNS ■ LUCKNOW

In a suspected case of rape and murder, Mirzapur police recovered the semi-nude body of a Block Development Committee (BDC) member’s wife lying on the banks of river Harrai. The incident sent shockwaves in the district.

The local police sent the body for autopsy and started investigations. The BDC member expressed apprehension of the possibility of rape before murder and lodged a report against unknown persons.

“The body has been sent for autopsy. Prima facie it appears the victim was raped before being murdered. She was missing for the past three days,” police officials said on Wednesday.

The woman had gone to her parents’ house to attend a function last Sunday. Her whereabouts were not known since Monday morning when she left the place to catch a bus for her husband’s house.

The kin of the victim had lodged a missing report at the Vindhyachal police station. On

Tuesday evening, some woodcutters spotted the body lying on the banks of river Harrai, and alerted the police.

After getting information about the body, Kotwali’s rural police station in-charge Vipin Singh along with his team rushed to the spot for investigation.

The body was sent for autopsy. The mangalsutra and the cell phone of the victim were found missing.

After SC’s observations, Opp parties accuse BJP Govt of weakening EC

PTI ■ NEW DELHI

Opposition parties on Wednesday accused the BJP government of weakening the Election Commission and raised doubts over the selection of poll panel members after the Supreme Court asked the Centre to produce the file on the recent appointment of Arun Goel as election commissioner.

The Congress, TMC, JD(U), RJD and the Left parties said the Election Commission should be above board to ensure free and fair polls, and some of them demanded that key appointments of the poll body be made by a special panel like in the case of the CBI Director.

Congress spokesperson and senior lawyer Abhishek Singhvi said the Centre should never object to showing appointment papers regarding Arun Goel to the apex court, especially since a Constitution bench is seized of the issue of appointment of EC members.

“Does the Centre have something to hide? Daal mein kya kuchh kaala hai? Yaa daal hi kaali hai?” Singhvi said.

JD(U) secretary general K C Tyagi said the Supreme Court’s remarks are very alarming and depict the state of affairs in the Election Commission.

“The Election Commission should be neutral and fearless. The SC’s remarks reflect the manner in which the EC has been lax in some cases and sometimes tilts in favour of the ruling party. We welcome the SC remarks and the EC should draw lessons from it,” Tyagi told PTI.

The JDU leader also said the Chief Justice of India should be taken into confidence while appointing ECs and must be part and parcel of the appointment process.

SC directs all State electricity regulatory panels to frame norms for fixing tariff

PTI ■ NEW DELHI

The Supreme Court on Wednesday directed all state electricity regulatory commissions to frame regulations under the law prescribing terms and conditions for determination of power tariff within a period of three months.

The important direction from the top court came in a verdict by which it dismissed the appeal of TATA Power Company Limited Transmission (TPC-T) against a judgement of the Appellate Tribunal for Electricity (APTEL) which had upheld the grant of electricity transmission license to Adani Electricity Mumbai Infra Limited (AEMIL).

“We direct all State Regulatory Commissions to frame Regulations under Section 181 of the (Electricity) Act on the terms and conditions for determination of tariff within three months from the date of this judgment,” the court said.

While framing these guidelines on determination of tariff, the Appropriate Commission shall be guided by the principles prescribed in Section 61, which also includes the NEP (National Electricity Policy) and NTP (National Tariff Policy 2006), it said.

Granting relief to the Adani group firm, a bench comprising Chief Justice D Y Chandrachud and Justices A S Bopanna and J B Pardiwala said, “The threshold limit not having been notified by MERC, it was open to MERC to allot the HVDC project either under the RTM (Regulated Tariff Mechanism) or the TBCB (Tariff Based Competitive Bidding) route.”

SC four special Benches to hear criminal, tax, land related pleas

PIONEER NEWS SERVICE ■ NEW DELHI

The Chief Justice of India (CJI) DY Chandrachud Wednesday said that four special Benches will sit in Supreme Court from next week.

The special Benches will be constituted to handle criminal appeals, land acquisition matters, direct and indirect taxes related cases and motor accident claims cases, said CJI.

CJI Chandrachud also said that that Justice Surya Kant will head the Bench dealing with land acquisition matters.

“There will be a special bench from next week onwards to deal with direct and indirect sales tax matters solely,” CJI said on previous day.

Hindu outfits to join drive to make easy-to-understand FOPL warning on packaged foods mandatory

PIONEER NEWS SERVICE ■ NEW DELHI

Organisations like Akhil Bharatvarshiya Brahmin Mahasabha, Vishwa Hindu Parishad, Patalpuri Sanatan Dharma Raksha Parishad and several saints from Varanasi have joined health experts and activists in seeking mandatory easy to understand front-of-pack-labelling (FOPL) warnings on pre-packaged foods.

They have written a letter to Prime Minister Narendra Modi in this regard, even as the Food Safety and Standards Authority of India (FSSAI), has proposed a Health Star Rating (HSR) label in its draft notification.

They were of the opinion that FOPL with a warning be made compulsory so that consumers can get the right to choose healthy options when picking foods laden with high sugar, salt and fat.

Naveen Giri, President of Akhil Bharatvarshiya Brahmin Mahasabha, said: “FOPL with warning level can prove to be the most effective, which helps the consumer to make healthy choices, how much sugar, fat and salt is in the packaged food, which will help in preventing serious diseases especially non-communicable diseases.”

Speaking to reporters here at a press conference on Wednesday, Dr Arun Gupta, public health expert and convener of NAPI felt that HSR will not only fail to enable consumers to make healthy choices but also mislead them about their nutritional value.

Ashim Sanyal of Consumer Voice too agreed with Dr Gupta arguing that the decision was based on an Indian Institute of Management (IIM)-Ahmedabad study commissioned by the FSSAI while voices of the health experts and AIIMS reports have been ignored.

PAPER WITH PASSION

Neutrality needed

The SC has expressed its unhappiness over the appointment of CEC and other commissioners

The Supreme Court's remarks on the Chief Election Commissioner (CEC) and the specific reference of TN Seshan, the legendary CEC during 1990-96, are allusions to the widespread perception that the poll panel is being managed by the Government. The commission hasn't done much to dispel this perception. It is generally believed that it delayed the announcement of Assembly polls in Gujarat because Prime Minister Narendra Modi had to attend a few functions in the state, and its announcement would have forced their cancellation. Whatever may be the truth, it is undeniable that the apex court's remarks just fell short of calling the incumbent CEC and two commissioners unworthy of the offices they occupy. The five-judge Constitution Bench headed by Justice KM Joseph said that the "situation on the ground is alarming." The Bench included Justices Ajay Rastogi, Aniruddha Bose, Hrishikesh Roy, and CT Ravikumar. It said that the system should be such that the "best man" is selected as the CEC. It also slammed the Government for just paying "lip service" to the independence of Election Commissioners. The court told Attorney General R Venkataramani, "What is important is that we put a fairly good procedure so that apart from competence, someone of strong character is appointed as the CEC." The apex court was responding to four public interest litigations (PILs) urging it to issue directives to the Centre for setting up an impartial and independent selection panel to suggest names to the President for CEC and ECs.

On his part, Venkataramani said the situation has not become such that a judicial interference is required to regulate appointment of CEC and ECs. The court may intervene only if the aberrations in the selection are patently destructive of the independence of the commission or fundamental rights of citizens are impacted, he added. The Bench, however, was far from convinced. "You will have to take some steps," it said. It criticised the political class by saying that successive governments have "completely destroyed" the independence of the commission by ensuring no CEC got the full six-year term. Government supporters may grumble that such remarks are judicial overreach, but then it is the duty of the powers that be to ensure that Constitutional bodies like the EC are not only impartial but also appear to be impartial. If the commission is seen as favouring the party in power, it is the Government's duty to get rid of that impression. Elections are crucial for any democracy, and equally crucial is the neutrality of the people responsible for conducting elections. It is also in the interest of all politicians that institutions like the Election Commission remain neutral and independent. Power being a coquette, it flits around quicker than anyone can imagine. Those who are in power today may not be tomorrow; at that time, they bemoan the undermining of democratic institutions, as many Congress leaders do these days. The commission is one such institution.

Election time Gujarat

The BJP is ignoring AAP and Kejriwal like they don't exist and focusing only on Congress

The Gujarat election is turning out to be quite exciting. The BJP sailed through 2017 even with its low performance though with slim margins. At that time only Congress was its only challenger and it was one to one fight. This time the entry of the Aam Aadmi Party (AAP) has changed the election landscape. Interestingly enough the BJP is factoring in the presence of a third force, either deliberately or oblivious to its growing clout, especially in the cities. Though may not win as many seats as claimed by its leaders but would definitely make a difference especially where the winning margins would be narrow. Even the Prime Minister Narendra Modi has trained his guns on Congress saying it must not be considered a weak opponent, giving the impression that the fight is primarily between Congress and the BJP. AAP is does not figure in its scheme of things. The Prime Minister has served as Gujarat's chief minister for three terms, and knows the state and its people as back of his hand.

Shankar Aiyar. But then these are rather old and have been used successfully but will they work this time remains to be seen.

But it is rather surprising or an astute move to ignore AAP which has you like it or not emerged as a potent force especially in the cities, the stronghold of the BJP. The BJP is trying to focus on the south Gujarat which has 35 seats. The BJP returned to power in the 2017 election with support from South Gujarat and this is where AAP is also trying to make inroads. Interestingly Congress which the BJP says is its opponent is silent and rather late. AAP, however, has gone all out in south Gujarat. Will the BJP strategy work, we will know soon.

Putin's endgame begins with Kherson

Russia's Ukraine expedition hasn't gone the way Putin wanted it. With the fall of Kherson, it may not be long before Russian soldiers retreat

DEEPAK SINHA

On 30th September of this year, in defiance of International Law, President Putin in a public display of bravado signed treaties absorbing the four occupied regions of Ukraine into Russia; Luhansk, Donetsk, Kherson, and Zaporizhzhia. In his speech at the ceremony, broadcast live, he stated that the people of those Regions were "our citizens forever".

However, it has not quite turned out that way. Just four weeks later we witnessed a rather bizarre event, as General Sergei Surovikin, Commander of Russian Forces in Ukraine, reported on the ground situation in Kherson to General of the Army and Defence Minister, Sergei Shoigu on live TV. In this, he stated, "that it was impossible to supply the city of Kherson, and that its defense would be futile". He proposed a military retreat "in the near future" to the opposite bank of the Dnipro River. Shoigu agreed with his assessment and ordered him to "start with the withdrawal of troops and take all measures to ensure the safe transfer of personnel, weapons, and equipment across the Dnipro River."

Without a doubt, this televised event was staged for the domestic audience, especially the repeated emphasis on the saving of lives. Conscription and the humongous casualties being suffered, one report suggests over a lakh killed and wounded, is not doing much for Putin's popularity. It may also have been an attempt by Putin, noticeably absent, to distance himself and blame the military. That would rankle the rank and file who are paying heavily for his initial miscalculations.

What is truly inexplicable, and militarily questionable, is for a division plus of elite Airborne Forces to abandon their positions without a fight. The adverse impact it must have had on their morale is not difficult to gauge. It is true that Kherson, located on the West Bank of the Dnipro River, has been cut off from Russian supply lines due to extensive damage to crossing

sites, but there are ways around that problem. Moreover, no people or government worth their salt, give up their own territory without a fight, especially if it is a vital communication hub. Just because we tend to do so, especially where the Chinese are concerned, does not make it a universal norm!

Defences in built-up areas, if properly organised and planned, can pose all kinds of problems for the attacker, from causing immense casualties to delay and disruption of plans, even allowing own forces to wrest the initiative. After all, Russia's legendary defence of Leningrad for 900 days against the German Army finally put paid for Hitler's ambitions and broke the back of Nazi Germany. More recently, the three months it took the Russians to finally capture Mariupol must have greatly impacted their overall plans and curtailed their ambitions.

There are some suggestions, laughable one may add, that pulling out these troops without getting embroiled in battle has not allowed Ukraine to claim victory. Others have suggested that this was done to make available highly trained forces to reinforce ongoing offensive

WHAT IS TRULY INEXPLICABLE, AND MILITARILY QUESTIONABLE, IS FOR A DIVISION PLUS OF ELITE AIRBORNE FORCES TO ABANDON THEIR POSITIONS WITHOUT A FIGHT

operations in the Donetsk Region. The latter seems unlikely as it would be at the cost of weakening the defensive perimeter, reportedly established east of the Dnipro River, guarding one of the major approaches leading into Crimea. There is absolutely no doubt that the loss of Crimea would be the death knell for the Putin Regime.

Then some suggest that while this has indeed been a tactical defeat, Russia is winning strategically. Protests within Western Europe against rising energy prices and inflation, because of the stoppage of Russian gas and oil supplies and sanctions against it, will result in increasing disunity within NATO and the EU. This, in turn, would adversely impact Ukraine as there would be a drastic reduction in the quantum of material and financial support being provided to it.

They are wrong on two counts. Firstly, Western Europe was staring down the barrel of Soviet guns for nearly fifty years following World War II. The feelings of vulnerability and fear have certainly not vanished overnight and the last thing they need is for Russia to sit on their doorstep once again. Such a

possibility would be sufficient motivation to ensure unity. Secondly, Putin's ambitious attempts at reinvigorating the Russian Empire, however unrealistic that may be, has scared off much of Eastern Europe that sees itself in his crosshairs and made it a fickle and untrustworthy neighbour and trading partner for the West. One that most would wish to avoid having dealings with in the future, especially with Putin there. A shift away from Russian energy supplies is almost a given.

Finally, one cannot help but ask the question as to why are we so keen to keep up relations with a receding power that can only hold us back. Of course, the chances are that the recent visit by the External Affairs Minister to Russia was not just about discussing our energy supplies but at the behest of the Americans who are keen to keep back channels open for dialogue with Russia. More so, since their influence and relationship with the Chinese are at quite a low point.

LETTERS TO THE EDITOR

ARMY IS READY TO TAKE POK

Sir — Glad to read that Northern Army Commander Lt General Upendra Dwivedi made a statement on Tuesday, November 22 that the Indian Army is ready to execute orders like taking back Pakistan-occupied Kashmir. He said as far as the Indian Army is concerned, it will carry out any order given by the Government of India. Whenever such orders are given, the army will always be ready for it.

The fact of the matter is that the military is always ready to make sure that ceasefire understanding is never broken as it is in the interest of both nations, but if broken at any time, the Indian army will give Pakistan a fitting reply, on the ceasefire agreement between India and Pakistan. However, it is always the government which does not take a decision but keeps the pot boiling. It is about time that the government took a decision which would end the problem once and for all. In fact it would be in the best interest of the people of PoK that its uncertainty ends. With this, the Indian government must immediately give order to the Indian Army to take back PoK rather than being a mute spectator.

KERALA HC DOES THE RIGHT THING

Sir — The Kerala High Court has denied bail to a 31-year-old man who was charged under the POCSO Act for purportedly impregnating a 15-year-old girl who he claims to be his wife. It is an explicit criminal offense where he abducted a minor girl from West Bengal and sexually assaulted her.

The main intent of the POCSO Act is to protect children's safety, and modesty and shield them from any kind of physical, psychological, and mental abuse and clearly states that a child is any individual below the age of 18 years. If this case was child sexual abuse on the cover of marriage, it should not be absolved as it ruins all forms of child rights. It is also terrible to hear that marriage is acting as

Koshyari has lost his *hoshyari*

It seems Maharashtra Governor Bhagat Singh Koshyari has lost his "hoshyari". The Maharashtra Governor is often making controversial statements that are hurting not only Maharashtrians but all Indians. Now his excellency Governor of Maharashtra state talked indiscriminately about Chhatrapati Shivaji Maharaj. Shivaji is not the only idol of Maharashtra and is not only known as a hero of Maharashtra but known as a hero across the country. Koshyari has said that Shivaji was an icon of "older days" and referred to Baba saheb Ambedkar and Union minister Nitin Gadkari as new "icons" of the country. Earlier Koshyari invited ire over a remark about reformist icon Savitri Bai Phule and also

said that Mumbai wouldn't be the country's financial capital if the Rajasthanis and Gujaratis communities were not in Mumbai. People in reputed positions should not talk loosely about the Great son of the soils. The person holding honourable positions should be cautious while speaking in public. The Governor of Maharashtra should understand that the ideals of Chhatrapati Shivaji Maharaj never age and cannot be compared to any other great person in the world.

Another BJP leader Sudhanshu Trivedi has made a controversial statement that Shivaji has written five letters to Aurangzeb and apologized. BJP which is protesting Rahul Gandhi's controversial statements on Savarkar is maintaining a stoic silence on the comments made on Shivaji Maharaj by the Governor of Maharashtra and their parties spokesperson Sudhanshu Trivedi. BJP should spell out its stand on the comments made by his party men and the Governor of Maharashtra. The Governor of Maharashtra is constantly making statements that hurt the feelings of not only Maharashtrians but all Indians, and it is surprising why BJP is silent.

Given the sharp increase in crimes against the children the government should take a serious note of this and come up with some concrete measures to curb this. Hence, we need more robust and unerring legislation to keep up with the pace of social crimes.

A THRILLER OF A MATCH

Sir — It was a great thrill to watch the match between Argentina and Saudi Arabia in the FIFA World Cup tournament. Though Messi scored one goal within 10 minutes through a penalty and hoped to score many more, Saudi Arabia shattered his hopes by scoring two goals in less than ten minutes of the second half, much to the shock and disbelief of his team and everyone in the

football arena.

The last 30 minutes of the game was a fierce and terrific battle. Though Argentina strived hard and created many opportunities, it could not succeed, as the defence and goalkeeper of Saudi Arabia stood like a rock and effectively resisted every effort of the former. Nobody would have ever thought that Messi had to face such a crushing defeat, against Saudi Arabia, which is far behind in the FIFA ranking. While the game was a sumptuous feast for viewers all over the world, it will persist forever as a painful and shameful experience for Messi and his team, which remained unbeaten in the previous 36 matches.

WHERE SPIRITUALISM AND TOURISM CO-EXIST

Rishikesh welcomes tourists and spirituality buffs alike

NIHARIKA NIGAM

Do you know a place where the concept of heaven and haven go hand in hand? Where sacred chants on the Ganga are on one side and adventure sports are on the other? This is where tourists gather from all across the globe to seek peace and mastery in the art of life. Yes, we are talking about the mystic land of Rishikesh. Known for thousands of years for its cultural significance and lush green mountains with therapeutic waterfalls, here you can jump, float, relax, meditate, enjoy an evening by the bonfire and enjoy a cup of chai in the arms of nature!

Did you know that the Lakshman Jhula has a historical significance from Ramayana? Placed on the mystic Ganga, standing here will leave you mesmerised by sacred chants and the serenity of the river. If you want solitude to post on your Instagram, this is the place! Just like Lakshman Jhula, there are many stunning spots in Rishikesh: Triveni Ghat, Neer Garh Waterfalls, caves, ashrams, temples, Yoga retreats and much more. Oh! And while you are wandering the streets, do not forget to explore the shopping hubs, Teesri Manzil Temple and exotic cafes.

Extreme adventure sports are one of the significant reasons to visit Rishikesh, making it the official adventure capital of India. Barring the monsoons from mid-august to mid-September, adventures go on through the year here. As rafting resumes, tourism floods back into Rishikesh, and if you are looking for something mind-bending and

oh-so-exhilarating, bungy jumping is what will have brought you to Rishikesh. It is at Rishikesh that Bungy jumping began in India 12 years ago. Jump amidst the glorious natural landscape of the hilly region to experience the real deal. This also happens to be India's highest bungy platform.

Along with outward adventures, you can visit one of the yoga retreats in Rishikesh. The holy city is a hub for yoga training and meditation centres. There is a thriving culture of Ashrams which offer a myriad of workshops and stay options to harmonise from within—a much needed reset from the bustling city life. Get a pair of active wear that you can practice breathing exercises and yoga postures in. And if you are planning for a long vacation like a month, you can take one of the yoga certification courses to delve into the experience in detail.

The spot is filled with innumerable cafes. The Beatles cafe, themed upon the famed Beatles band, known to have composed some of their best works in Rishikesh, is one of the most popular touristy ones but there are so many more. Overlooking the Ganges, or the mountains, they offer a sight to behold and delicious pahaadi khaana with trance music- and even live bands often! Most have the classic hippie touch and feel, while some are the small Maggi shops that everyone loves amidst the mountains. Do not forget to wake up early and catch the classic aloo puri available locally.

Even if you are in Rishikesh for just a few days, brace yourself and enjoy every moment you spend in Rishikesh. As one of the most unique places in India, it is truly a treasure trove. Take back a huge bag of memories enough to last a lifetime!

Unlock potential of MSMEs with schemes

DINESH KUMAR TYAGI

The MSME sector does not need more laws and regulation but handholding and government support to play a vital role in nation building

The importance of the MSME in the economic and social development of the country, especially for developing nations, has been established in various studies conducted by the international institutions. In India, the role of SME is proven by the fact that they contribute about 30 per cent of the GDP and 45 per cent of the total export. The MSME sector is the main source of providing employment opportunities in India – about 12 crore people are employed, thus playing a significant role in promoting equitable and inclusive growth.

The government mission of promoting startup culture in the country also hinges on the growth and development of the MSME sector, thereby, encouraging innovation and creativity among the youth and budding entrepreneurs. Despite the role MSME plays in socio-economic development, this sector is unable to perform up to the immense potential and talent of Indian entrepreneurs.

The challenges faced by the sector have been discussed many times by the academicians and government, which include non-availability of adequate credit, regulatory issues, skill development technology upgradation and marketing the products, beside procurement of raw materials. Non-realization of dues /bills timely for goods and services provided from large firms has also been a matter of major concern for the sector.

Another serious challenge has been the non-availability of reliable data about the MSME. Though there are reported to be more than 70 million MSME in the country, the registration on the government portal has been only 11 million of them.

The government policy has been to make it voluntary for registration and despite the simplification of the process and online system designed, the registration of MSME is very less at 15 per cent. Existing approach may need to be revisited to ensure every MSME register, which is the basis on which any support or policy initiative can be designed and made effective for addressing the sector's challenges.

Fortunately, the government initiative for labor registration through the Ministry of Labour and farmer registration by the Ministry of agriculture has been quite successful. More than 90 million farmers registered after the announcement of the PM Kisan Samman Nidhi Yojna. These are all E-KYC authenticated and land details verified through land registration database.

Farmers' data is now very useful for the government to address some of their concerns. Even the Kisan Credit card scheme has a database of more than 50 million farmers. Thus, an appropriate incentive scheme, benefitting each one, can help and support the government in developing a reliable data base of the MSME sector. The other example is that of labour registration. The Ministry of

“

THE MINISTRY OF LABOUR UTILISED THE NETWORK OF FIVE LAKH COMMON SERVICE CENTER WHO SUPPORTED IN ADVOCACY, MOBILISATION AND REGISTRATION OF MORE THAN 170 MILLION LABOURERS OUT OF TOTAL 283 MILLION REGISTERED SO FAR

(The author, an ex-IAS officer, is former CMD, Common Service Centre, IT Ministry)

Labour utilised the network of five lakh common service centres (CSCs) who supported in advocacy, mobilisation and registration of more than 170 million labourers out of 283 million registered so far. The registration exercise was taken as a mission and every agency of the government provided the desired support.

The incentive of Rs 20 provided by the Ministry to the CSCs for every registration played a significant role in this. Thus, the MSME Ministry needs to organize the registration on a war footing in a mission mode and utilize the CSC and postal department network with appropriate incentive. The MSME are generally apprehensive of the government regulation. The MSME units need to be locally supported in explaining the benefits of the registration.

In the case of MSME, some more incentive may be required to allay fears of government regulatory overreach. Universal Insurance scheme, similar to PM Fasal Bima Yojna can be one incentive. Beside every MSME shall be provided an MSME card like the Kisan credit card with three years cash credit limit (this will also help in addressing the liquidity issues). A digital identity for each MSME with a free domain name and a website can be other incentives.

The pension scheme designed for the MSME needs to be revisited and the limit of pension be enhanced to Rs 10,000 from the existing Rs 3000 (the existing scheme has been a non-starter for traders).

With such a comprehensive

package and mission mode approach, all the MSME in the country can be registered on the Udyam Portal and sectoral intervention by the various Central Ministries and state governments can be designed and implemented effectively, more transparently and within a defined time frame. Once there is an API for account, PAN and e-KYC, a reliable database for the MSME in the country can be developed and made the stepping stone for sustainable growth and exploitation of sectors full potential in nation building.

The issues faced by the MSME are quite similar to the ones faced by farmers. The MSME contribution to the nation's GDP is also significant. The MSME provides employment to a large section of the population and addresses the unemployment issues. The criticality of MSME in nation development can in no way be underestimated as compared to agriculture. Why is the requirement of MSME not supported as comprehensively as in the case of the farmers? One reason is that the collective bargaining power of MSME is not as strong as that of the farmers due to diversity in the activity and spread. The trader's organization CAIT needs to play a more effective role in enabling the sector to get government support.

There is a need to appreciate the role being played by the MSME in the country and reexamine the policy intervention. The approach to resolve the issue of untimely or nonpayment of dues of the MSME units by large companies or government agencies by enforcing the provisions of “the interest on delayed payment to small scale and ancillary industrial undertakings Act 1998” has not been much relevant in Indian Context. Similar provision has been made in the MSMED Act 2006. Even the requirement to mention the outstanding of the MSME in the annual account of the companies has not been able to solve the liquidity issues of the MSME.

There is a need to relook at the Factoring Act and free the sector from regulations which are hindering the growth and evolution of this intermediary who can to a great extent address the issues of liquidity of the MSME sector. There is a need to relook at the stamp duty provision for assignment of the debt. Making factors more flexible and incentivising them may be desirable as they can be an effective tool to enable to a large extent meet the liquidity concern of the MSME. Even the approach of including lending to MSME under priority sector and fix limit has very limited impact in resolving the issues of credit access to this sector.

The MSME sector does not need more laws and regulation but handholding and support in India. The inherent ability and talent of Indians to set up and build sustainable enterprises is widely recognized. Regulation should not impinge on innovation, flexibility and capability of this vast pool of resources, who are mainly youth, especially in small and medium towns and rural India. With digital India Initiatives, the approach to the MSME sector needs to redefine both at the Central and state level

India can play big global role with G20 Presidency

In a polarised world, India will set the global agenda with 200 G20 meetings across the country

India takes the first step to assume the G20 presidency for the next one year in a world that is increasingly becoming complex. Prime Minister Narendra Modi leads the presidency in a world that is becoming more difficult to communicate. It is not similar to the Non-Aligned Movement, which was a third world action of balancing between the two key powers – the US and Russia.

India has given a call to end the Ukrainian War and Russian President Vladimir Putin has lauded Indian diplomacy from being free from pressure. India plans to make the presidency a grand show of diplomatic business. It will host over 200 meetings, addressing 32 different

SHIVAJI SARKAR

(The author is a policy analyst)

sectors, during the period between December 1, 2022, and November 30, 2023, starting from Jammu and Kashmir.

The diplomatic effort could be unique to exemplify India's concern for global issues where G20 definitely occupies a significant position for controlling the major part of the globe's wealth, resources and the clout in the course of economic and other actions. For Modi, it will be significant to establish brand India for which he has already decided on a lotus G20 logo. Could it be a revival of an era where Gamal Abdel Nasser, former Egyptian President, Marshal Tito, former Yugoslav president, and Jawaharlal Nehru, first Indian prime minister, enjoyed a pivotal role in world politics?

The first spark was seen as Modi spoke in Bali, Indonesia, for a ceasefire in the Russia-Ukraine War in what is clearly an act of diplomatic grandstanding. Two months ago, Modi met Russian President Vladimir Putin and said something about this not being an "age of war" in what might be seen by some as an act of belling the cat. Has that set space for a possible Indian role?

The US has just at the nick of the G20 summit accepted India's right to access Russian oil. Is that a grand stand or just routine? The enthusiasm of the Indian diaspora is exhilarating. Heading a multilateral organisation even for a period of one year means a lot for a country that has been in the forefront of many diplomatic activities, including during the pandemic.

Still Indian ceremonial ascendancy at G20 has not made big news. Instead, the international media concentrated on the three-hour meeting of US President Joe Biden and Chinese President Xi Jinping to hash out some of the thorniest issues in their relationship, including tensions over Taiwan, the economy and return to climate negotiations. Biden and Xi made cautious promises to improve the relationship that is at its most acrid point in decades and he pledged his envoy to visit China soon.

That has not taken away

the thunder out of Modi's move but it must have made him rethink that the media reach of India needs a lot to do and remains as vantage as that of Indira Gandhi, who despite her NAM-Pool move could not do much to widen the Indian news coverage beyond a point. These well could be the guiding mantras for Modi as he leads India's presidency in the club of elite nations.

The next 200 G20 events in India would need a better glare to establish internationally an effort that the country would be making not only for itself but for a possible effort to mark Indian stamp on the global scenario. G20 Presidency is not merely a diplomatic meeting for India, it is a new responsibility and a measure of the world's trust in India. It needs a news system that can penetrate and make a mark. The minister for external affairs S Jaishankar would have to walk that extra mile.

That apart, Prime Minister Modi knows how to utilise an elite forum to give the best impressions. He has decided to widen the Indian ambit. India with G20 presidency will be inviting Bangladesh, Egypt, Mauritius, Netherlands, Nigeria, Oman, Singapore, Spain and the UAE as guest countries, as well as International Solar Alliance, Coalition for Disaster Resilient Infrastructure, and Asian Development Bank as guest international organisations. It will be a new dimension for

the G20, which otherwise keeps to a restricted norm.

The Finance Ministry has allocated Rs 100 crore for hosting the G20, which will have a grand summit in September 2023. It will be spent on the meets, summit and security arrangements for the world dignitaries. The 200 meetings would be held across the country, starting from Jammu and Kashmir and Ladakh, a sharp move for pronouncing that a ticklish problem has been solved.

Whatever, it will be an eventful 2023, which will be occupied with critical international functions as also prepare for eight state assembly elections. It will be a rich and action-packed prelude to India's 2024 general Lok Sabha elections.

6 people, assailant dead in US shooting: Police

AP ■ CHESAPEAKE (US)

A shooter opened fire in a Walmart in Virginia late Tuesday, leaving six people dead, police said, in the country's second high-profile mass killing in a handful of days.

The assailant is also dead. The store in Chesapeake is now safe and will likely be closed for several days during the investigation, Officer Leo Kosinski said in the early hours of Wednesday.

It was not clear who the shooter was or what their motive might be.

"I am devastated by the senseless act of violence that took place late last night in our city," Mayor Rick W. West said in a statement posted on the city's Twitter account. "Chesapeake is a tightknit community and we are all shaken by this news."

A database run by The Associated Press, USA Today and Northeastern University that tracks every mass killing in America going back to 2006 shows this year has been especially bad.

The US has now had 40 mass killings so far this year, second to the 45 that occurred for

all of 2019. The database defines a mass killing as at least four people killed, not including the killer.

The attack at the Walmart came three days after a person opened fire at a gay nightclub in Colorado, killing five people and wounding 17. Earlier in the year, the country was shaken by the deaths of 21 when a gunman stormed an elementary school in Uvalde, Texas.

Tuesday's shooting also brought back memories of another at a Walmart in 2019, when a gunman police say was

targeting Mexicans opened fire at a store in El Paso, Texas, and killed 22 people.

Kosinski said he couldn't say how the shooter died but that he didn't believe police fired shots.

The shooting had apparently stopped when police arrived at the store in Chesapeake, which is Virginia's second-largest city and lies next to the seaside communities of Norfolk and Virginia Beach.

Mike Kafka, a spokesman for Sentara Healthcare, said in a text message that five patients from the Walmart were being

treated at Norfolk General Hospital. Their conditions weren't immediately available.

Walmart tweeted early Wednesday that it was "shocked at this tragic event."

US Sen. Mark Warner said in a tweet that he was "sickened by reports of yet another mass shooting, this time at a Walmart in Chesapeake."

State Sen. Louise Lucas echoed Warner's sentiment, tweeting that she was "absolutely heartbroken that America's latest mass shooting took place in a Walmart in my district.

PM Deuba wins from Dadeldhura; Nepali Congress ahead in poll tally

Nepal elections

PTI ■ KATHMANDU

Nepal Prime Minister Sher Bahadur Deuba was elected on Wednesday with a huge margin of votes for the House of Representatives for the seventh consecutive time, with his ruling Nepali Congress party leading in the election tally by winning 13 seats so far.

Elections to the House of Representatives (HoR) and seven provincial assemblies were held on Sunday. The counting of votes started on Monday.

Deuba secured 25,534 votes against his nearest rival Sagar Dhakal, an independent candidate in the Dadeldhura constituency in far west Nepal. Dhakal received just 1,302 votes. Deuba has never lost any parliamentary election in the five decades of his political career.

The 77-year-old Nepali Congress president Deuba is currently holding the post of Prime Minister for the fifth term.

Dhakal is a young engineer, who had a verbal squabble with Deuba during a public debate at a BBC's Sajha Sawal programme five years ago, after which he decided to challenge Deuba saying that now youths should get a chance in politics and senior people like Deuba should retire.

The ruling Nepali Congress has so far bagged 13 seats in the House of Representatives (HoR) while it is leading in 54 other constituencies.

Its ally parties -- CPN-Maoist and CPN-Unified Socialist, Lokatantraik Samajwadi Party -- are leading in 17, 7 and 3 seats respectively.

The CPN-UML led by former prime minister K P Oli has so far bagged three seats and is leading in 45 constituencies. Its ally parties -- the Rastriya Prajatantra Party and Janata Samajwadi Party -- are leading in 5 seats each.

The newly formed Rastriya Swotantra Party has won three seats in the Kathmandu district.

Rastriya Prajatantra Party and Nagarik Unmukti Party

have bagged one seat each.

The CPN-UML has received the highest number of votes under the proportional electoral system with the party bagging 2,07,299 votes followed by the Nepali Congress with 1,83,352 votes. Rastriya Swotantra Party is in the third position with 95,598 votes while CPN-Maoist has received 86,433 votes. Similarly, the CPN Unified Socialist got 10,919 votes.

Out of 275 Members of Parliament, 165 will be elected through direct voting, while the remaining 110 will be elected through a proportional electoral system. Similarly, out of a total of 550 members of the seven provincial assemblies, 330 will be elected directly and 220 will be elected through the proportional method.

UK top court rules against Scottish independence vote plan

AP ■ LONDON

The UK Supreme Court ruled on Wednesday that Scotland does not have the power to hold a new referendum on independence without the consent of the British government.

The judgment is a setback for the Scottish government's campaign to break away from the United Kingdom.

The top court ruled that the Scottish Parliament "does not have the power to legislate for a referendum on Scottish independence."

Supreme Court President Robert Reed said the five justices were unanimous in the verdict, delivered six weeks after lawyers for the pro-independence Scottish administration and the Conservative UK government argued their cases at hearings in London.

Scottish First Minister Nicola Sturgeon said she was disappointed but would "respect" the judgment.

But, she said on Twitter: "A law that doesn't allow Scotland to choose our own future without Westminster consent exposes as myth any notion of the UK as a voluntary partnership and makes case for (independence)."

Trump's long-teased White House bid low key in 1st week

AP ■ NEW YORK

From the moment he left the White House in defeat last year, Donald Trump had teased the prospect of a third presidential campaign.

But in the week since he officially declared his candidacy, the former president has been uncharacteristically low key. There has been no massive stadium kickoff rally, notable for someone who has turned such events into a signature of his public life.

His newly reinstated Twitter account, which helped fuel his political rise nearly a decade ago, sits silent with its more than 87 million followers.

He hasn't announced plans to visit the key early voting states that will shape the contest for the Republican nom-

ination, nor has he sat for a round of high-profile interviews. Indeed, since his announcement speech, Trump hasn't held a public event.

"His lack of a schedule makes you wonder if he's really running or if this is just a business development opportunity or a diversion from the DOJ activity," said veteran GOP strategist Scott Reed, referring to Department of Justice probes into Trump's handling of classified documents and his efforts to overturn the 2020 election, which are expected to intensify in the coming weeks.

Trump, who never held public office before winning the presidency in 2016, has never valued the cadence and organisation associated with traditional campaigns.

And several aides noted

that Trump, who made his announcement unusually early and a week before the Thanksgiving holidays, is wary to draw attention away from the December 6 Senate runoff in Georgia, which will close out this year's midterm elections.

The aides, who insisted on anonymity to discuss campaign strategy, said Trump

will ramp up his schedule soon.

But the light-touch start to the campaign reflects the rushed and chaotic nature of his announcement, which came as midterm election votes were still being counted and even as some of his closest aides and allies had urged him to postpone until after the

Georgia runoff. It also comes at a moment of unique political vulnerability for Trump.

The former president, who has spent his post-White House years positioning himself as the undisputed leader of the GOP, is now facing heated criticism inside the party for contributing to a disappointing showing in this month's midterms.

And other Republicans are openly teasing presidential runs of their own, making clear they won't stand aside for Trump's nomination.

Meanwhile, the legal pressure on Trump is intensifying. Attorney General Merrick Garland appointed a special counsel last week to oversee the Justice Department's investigation into classified documents recovered from the former president's Mar-a-Lago

club in Palm Beach, Florida, as well as key aspects of a separate probe involving the January 6, 2021, insurrection at the US Capitol and efforts to undo the 2020 election.

And on Tuesday, the Supreme Court cleared the way for the imminent handover of Trump's tax returns to a congressional committee after a three-year legal fight.

Still, Trump begins the race with an obvious head start. The former president had been acting like a de facto candidate for months and had long had a political operation in place.

After two presidential campaigns and four years in office, he also has longstanding relationships with state and local party leaders, including many who remain loyal to him.

Lanka Prez rules out early polls

Vows to crush anti-Govt street protests

PTIC ■ COLOMBO

The island nation survived with essential supplies being made available through dedicated Indian credit lines.

The Indian assistance was worth 4 billion dollars to help Sri Lanka tide over the economic crisis in the first half of the year.

Widespread unrest over the government's handling of the economic crisis turned into a political crisis. Tens of thousands of people took to the streets for months-long protests and ousted the former president Gotabaya Rajapaksa in mid-July. Wickremesinghe succeeded him after Rajapaksa had fled the country and ordered the military to crackdown on protesters who had occupied government buildings.

On Wednesday, Wickremesinghe said that even if the protesters call him a "dictator" they would need to obtain police permission to stage street protests.

"They can call me a dictator but must obtain police permission to stage street protests and cause road traffic."

"There is a plan to stage another Aragalaya (mass public protest) to oust the government. I will not allow that. I will put the military and use emergency laws to stop them if they try it again," Wickremesinghe said.

Wickremesinghe faced criticism for ordering the crackdown and detaining at least 20 protesters under the draconian Prevention of Terrorism Act.

One person dead, 21 injured after two explosions rock Jerusalem

PTI ■ JERUSALEM

One person was killed and 21 others injured in two separate explosions at bus stops at the entrances to Jerusalem, which is normally jam-packed in the morning. Four people were injured in the explosion.

The devices were packed with nails to maximise casualties and controlled by nearly identical remote devices, the police said in its initial response. Israel Police Commissioner Kobi Shabtai said that "this is a framework of attack that we haven't seen for many years".

He called on the public to be alert for suspicious packages and said officers were scanning the city for other possible devices. It seemed like a coor-

Center, hospital officials said.

A second blast occurred shortly after at 7:30 AM at Ramot junction, another entrance to Jerusalem, which is normally jam-packed in the morning. Four people were injured in the explosion.

The devices were packed with nails to maximise casualties and controlled by nearly identical remote devices, the police said in its initial response. Israel Police Commissioner Kobi Shabtai said that "this is a framework of attack that we haven't seen for many years".

He called on the public to be alert for suspicious packages and said officers were scanning the city for other possible devices. It seemed like a coor-

minated terror attack, he said.

There were no immediate claims of responsibility, however, the Hamas terror group hailed the twin attacks.

"The action conveyed the message to the occupation by saying that our people will stand firm on their land and cling to the path of resistance," Mohammad Hamada, a Hamas spokesperson said in a statement.

The main road leading to Jerusalem was closed as the police launched a massive search operation. Public Security Minister Omer Barlev spoke with the police chief and was expected to visit the scenes of the attacks, his office said.

Defence Minister Benny Gantz held an assessment with

the Shin Bet security agency chief, deputy army chief, and other senior military and police officials, following the attack.

Prime Minister Yair Lapid was to hold a separate assessment later in the day. The explosions come amid a tense phase of instability when concerns have been raised about a weakening Palestinian Authority and its slipping control over the West Bank.

The past several months have seen a series of attacks in Israel leaving 29 people dead.

The Israeli military has been carrying out a major anti-terror offensive in the Palestinian Authority-controlled West Bank following the attacks which have left over 130 Palestinians dead.

Workers protest, beaten at virus-hit Chinese iPhone factory

AP ■ BEIJING

Employees at the world's biggest Apple iPhone factory were beaten and detained in protests over pay amid anti-virus controls, according to witnesses and videos on social media on Wednesday, as tensions mount over Chinese efforts to combat a renewed rise in infections.

Videos that said they were filmed at the factory in the central city of Zhengzhou showed thousands of people in masks facing rows of police in white protective suits with plastic riot shields.

Police kicked and hit a protester with clubs after he grabbed a metal pole that had been used to strike him.

Frustration with restrictions in areas throughout

China that have closed shops and offices and confined millions of people to their homes has boiled over into protests.

Videos on social media show residents tearing down barricades set up to enforce neighborhood closures.

The ruling Communist Party promised this month to try to reduce disruptions by shortening quarantines and making other changes.

But the party is sticking to a "zero-COVID" strategy that aims to isolate every case while other governments relax controls and try to live with the virus.

Last month, thousands of employees walked out of the iPhone factory operated by Taiwan's Foxconn Technology Group over complaints about unsafe working conditions following virus cases.

A protest erupted on Tuesday over complaints Foxconn changed conditions for new workers who were attracted by offers of higher pay, according to Li Sanshan, an employee.

Li said he quit a catering job in response to advertising that promised 25,000 yuan (USD 3,500) for two months of work.

Search effort intensifies after Indonesia quake killed 271

AP ■ CIANJUR (INDONESIA)

More rescuers and volunteers were deployed on Wednesday in devastated areas on Indonesia's main island of Java to search for the dead and missing from an earthquake that killed at least 271 people.

With many missing, some remote areas still unreachable and more than 2,000 people injured in the 5.6 magnitude quake on Monday, the death toll was likely to rise. Hospitals near the epicentre on the island were already overwhelmed, and patients hooked up to IV drips lay on stretchers and cots in tents set up outside, awaiting treatment.

'Tax collection to exceed Budget estimate by ₹4L cr'

PTI ■ NEW DELHI

India's tax collection will exceed the budget estimate by nearly ₹4 lakh crore in the current fiscal on the back of buoyant income tax, customs duty and GST mop-up, Revenue Secretary Tarun Bajaj said on Wednesday.

In an interview to PTI, he said the growth in tax revenues will continue to be higher than the GDP growth, helped by formalisation of the economy and better compliance.

For this financial year ending March 2023, the tax collection target set in the Union Budget is around ₹27.50 lakh crore.

Bajaj said the direct tax collection comprising personal and corporate taxes would be close to ₹17.50 lakh crore in the current fiscal. Mop up from indirect taxes (customs, excise and GST) would be close to ₹14 lakh crore.

The total tax collection is expected to be about ₹31.50 lakh crore in 2022-23, he said.

The Budget had pegged direct and indirect tax mop up at ₹14.20 lakh crore and ₹13.30

lakh crore for current fiscal, taking the total figure to ₹27.50 lakh crore.

"We are using a lot of data. We have data from income tax and GST departments, and MCA (Ministry of Corporate Affairs). We are also getting data regarding high value expenditure. Formalisation of economy and technology has helped improved compliance," Bajaj said.

Last fiscal, the direct tax collection grew nearly 50 per cent to ₹14.10 lakh

crore compared to 2020-21.

"The trend of higher tax collection than GDP growth will continue," Bajaj said.

He also said that even though there was a reduction in customs and excise duties during this fiscal, the government will be very close to the target set in the Budget.

The Budget has set a target of collecting ₹2.13 lakh crore and ₹3.35 lakh crore from customs and excise duties, respectively.

Rupee falls 18 paise to close at 81.85 against US dollar

PTI ■ MUMBAI

The rupee depreciated 18 paise to close at 81.85 (provisional) against the US dollar on Wednesday on dollar demand from importers and recovery in crude oil prices.

Forex traders said sustained foreign fund outflows and concerns over rising Covid-19 cases in China also weighed on investor sentiments.

At the interbank foreign exchange market, the local unit opened at 81.81 and later witnessed an intraday high of 81.74 and a low of 81.87 during the session.

The domestic unit finally settled at 81.85 against the American currency, registering a fall of 18 paise over its last close of 81.67.

"Indian Rupee depreciated

on Dollar demand from importers and recovery in crude oil prices. FI outflows also weighed on Rupee," said Anuj Choudhary - Research Analyst at Sharekhan by BNP Paribas.

However, the soft US Dollar and positive domestic markets cushioned the downside. The US Dollar declined on Tuesday on hopes that the Fed may cool down its pace of rate hikes.

The dollar index, which gauges the greenback's strength against a basket of six currencies, fell 0.21 per cent to 106.99.

Global oil benchmark Brent crude futures advanced 0.91 per cent to \$89.16 per barrel.

Foreign Institutional Investors (FIIs) were net sellers in capital markets as they offloaded shares worth ₹697.83 crore on Tuesday, according to exchange data.

"We expect the Rupee to trade with a negative bias on concerns over rising Covid-19 cases in China and hawkish Fed speak. Though some Fed officials hint that they are open to a slower pace of rate hike, the US central bank will not pause its rate hike," Choudhary said.

Gold falls ₹40; silver climbs ₹110

PTI ■ NEW DELHI

Gold price declined by ₹40 to ₹52,797 per 10 gram in the national capital on Wednesday amid a fall in prices of the yellow metal in overseas markets, according to HDFC Securities.

In the previous trade, the precious metal had closed at ₹52,837 per 10 gram.

Silver, however, climbed by ₹110 to ₹62,056 per kilogram.

In the international market, gold was quoting lower at USD 1,745 per ounce while silver was flat at USD 21.27 per ounce.

"COMEX gold edged lower in Asia as investors look to US Federal Reserve minutes due for release later tonight for fresh clues on the yellow metal's direction," said Dilip Parmar, Research Analyst at HDFC Securities.

Markets end higher for 2nd day on firm global trends

PTI ■ MUMBAI

Equity benchmarks ended higher on Wednesday amid buying in banking counters and a firm trend in global markets.

Continuing its previous day rally, the 30-share BSE Sensex climbed 91.62 points or 0.15 per cent to settle at 61,510.58. During the day, it jumped 361.94 points or 0.58 per cent to 61,780.90.

The broader NSE Nifty gained 23.05 points or 0.13 per cent to end at 18,267.25.

From the Sensex pack, State Bank of India, Bajaj Finance, Dr Reddy's, Kotak Mahindra Bank, Sun Pharma, Maruti, NTPC, Axis Bank and ICICI Bank were the major winners.

Power Grid, Tech Mahindra, Titan, Bharti Airtel and Bajaj Finserv were among the laggards.

Elsewhere in Asia, markets in Seoul, Shanghai and Hong Kong ended higher.

Equity exchanges in Europe were trading mostly in the green in the afternoon trade. Wall Street had ended higher on Tuesday.

"Following the global trend, domestic indices continued to cautiously build gains as investors braced for the Federal Open Market Committee (FOMC) meeting minutes. The declining dollar

index and falling bond yield provided short-term relief, while the FIIs' unpredictability kept investors at bay," said Vinod Nair, Head of Research at Geojit Financial Services.

International oil benchmark Brent crude was trading 1.05 per cent higher at USD 89.29 per barrel.

"Markets held on to modest gains in a volatile session ahead of the key FOMC minutes. Investors preferred to stay on the sidelines despite tomorrow being a November F&O series expiry day," said Prashanth Tapse - Research Analyst, Senior VP (Research), Mehta Equities Ltd.

In the broader market, the BSE smallcap gauge climbed 0.54 per cent and midcap index advanced 0.20 per cent.

Among sectoral indices, oil & gas climbed 0.68 per cent, metal 0.65 per cent, financial services 0.53 per cent, energy 0.53 per cent, healthcare 0.42 per cent, and utilities 0.32 per cent.

India, GCC to launch free trade agreement talks today

PTI ■ NEW DELHI

India and the Gulf Cooperation Council (GCC) will announce the launch of negotiations for a free trade agreement on Thursday, which aims at promoting two-way commerce and investments between the regions, an official said.

GCC is a union of six countries in the Gulf region -- Saudi Arabia, the UAE, Qatar, Kuwait, Oman and Bahrain.

India's exports to the GCC member countries grew by 58.26 per cent to about USD 44 billion in 2021-22, as against USD 27.8 billion in 2020-21, according to data from the commerce ministry.

The share of GCC members in India's total imports rose to 18 per cent in 2021-22, from 15.5 per cent in 2020-21.

Bilateral trade has increased to USD 154.73 billion in 2021-22, from USD 87.4 billion in 2020-21.

"GCC officials will be here for the announcement," the official said.

India has already implemented a free trade pact with the UAE in May this year.

This would be a kind of resumption of FTA talks as earlier two rounds of negotiations had been held in 2006 and 2008 between India and GCC. Third round did not happen as GCC deferred its negotiations with all countries and economic groups.

India imports predominantly crude oil and natural gas

from the Gulf nations like Saudi Arabia and Qatar, and exports pearls, precious and semi-precious stones; metals; imitation jewellery; electrical machinery; iron and steel; and chemicals to these countries.

Besides trade, Gulf nations are host to a sizeable Indian population. Out of about 32 million non-resident Indians (NRIs), nearly half are estimated to be working in Gulf countries.

These NRIs send a significant amount of money back home.

According to a November 2021 report of the World Bank, India got USD 87 billion in foreign remittances in 2021. Of this, a sizeable portion came from the GCC nations.

Bangalore-based Indian Institute of Plantation Management (IIPM) Director

Rakesh Mohan Joshi said that the Gulf region holds enormous potential for Indian exporters.

"India needs to have a long-term strategy to capture this market and FTA will definitely help in that," Joshi said.

According to commerce ministry data, the share of these six countries in India's total exports has risen to 10.4 per cent in 2021-22, from 9.51 per cent in 2020-21.

Similarly, imports rose by 85.8 per cent to USD 110.73 billion, compared to USD 59.6 billion in 2020-21, the data showed.

The UAE was the third-largest trading partner of India in 2021-22. India's bilateral trade with the nation increased to USD 72.9 billion in 2021-22 as compared to USD 43.3 billion in 2020-21.

FDI equity inflows dip 14% during April-Sept to \$ 26.9 billion

PTI ■ NEW DELHI

Foreign Direct Investment (FDI) equity inflows into India contracted by 14 per cent to USD 26.9 billion during the April-September this fiscal, according to the data of the Department for Promotion of Industry and Internal Trade (DPIIT).

The inflows had stood at USD 31.15 billion during the corresponding period of the previous year.

The total FDI inflows (which includes equity inflows, re-invested earnings and other capital) too declined to USD 39 billion during the first six months of the current fiscal year as against USD 42.86 billion in the year-ago period.

During the first half of this fiscal, Singapore emerged as the top investor with USD 10 billion FDI. It was followed by

Mauritius (USD 3.32 billion), UAE (USD 2.95 billion), USA (USD 2.6 billion), the Netherlands (USD 1.76 billion), and Japan (USD 1.18 billion), the data showed.

The computer software and hardware sector attracted the highest inflows of USD 6.3 billion during the six-month period of this fiscal.

It was followed by services (USD 4.16 billion), trading (USD 3.28 billion), chemicals (USD 1.3 billion), automobile industry (USD 932 million) and construction (infrastructure) activities (USD 990 million).

Refund portal to be not accessible to PACL investors for 5 days due to technical issues: Sebi panel

PTI ■ NEW DELHI

A high-powered Sebi committee, which is looking into the refund process of PACL investors, on Wednesday said the refund portal will not be accessible to those investors for five days due to technical issues.

The committee, headed by retired Justice of India RM Lodha, is overseeing the process of disposing of properties to refund investors after verifying their genuineness. It has already initiated the process of refund in phases.

The panel was set up by Sebi in 2016 following a Supreme Court order.

The panel in October provided a facility for investors with claims up to ₹15,000, whose applications were found deficient, to correct the errors, if any, by logging in on the refund portal — sebiacpre-

fund.Co.In — and resubmit the applications for further processing.

The facility has been made available from November 1, 2022, to January 31, 2023.

"However, due to technical issues, the refund portal will not be accessible for re-submission for 5 days," according to a statement on Sebi's website.

PACL, also known as Pearl Group, which had raised money in the name of agriculture and real estate business, was found by Sebi to have collected more than ₹60,000 crore through an illegal collective investment scheme (CIS) over a period of 18 years.

In December 2015, the regulator ordered the attachment of all assets of PACL and its nine promoters and directors for their failure to refund the money, which was due to investors.

Airtel deploys 5G Plus service Nagpur International airport

PTI ■ NEW DELHI

Telecom operator Bharti Airtel on Wednesday announced the deployment of its '5G Plus' service at Dr Babasaheb Ambedkar International Airport Nagpur, making it the second airport in the state with the ultra-high-speed service.

The new terminal in Bengaluru, Pune and Varanasi are the other three airports that have Airtel 5G Plus, the company said in a statement.

"Airtel powers Dr Babasaheb Ambedkar International Airport with ultra-fast Airtel 5G Plus," the company said. Nagpur was one of the first eight cities in the country to get the 5G service.

The services are currently available at Ganesh Path, Nehru Nagar, Subhash Nagar, Hanuman Nagar, CA road and a few other locations.

Airtel said it is augmenting the network further to make the services available across the city in due course of time.

"Customers flying in and out of Orange City can enjoy high-speed Airtel 5G Plus across the airport terminal. Passengers can enjoy blazing speeds on their mobile phones

while they are at the arrival and departure terminals, lounges, boarding gates, migration and immigration counters, security areas, baggage claim belts, parking area etc.," it said.

All customers with 5G smartphones will be able to avail the high-speed Airtel 5G Plus on their existing data plans, and there is no need to change the SIM as the existing Airtel 4G SIM is 5G enabled.

George Mathen, CEO (Maharashtra and Goa), Bharti Airtel said: "I am thrilled to announce the beginning of a new chapter in Maharashtra as Dr Babasaheb Ambedkar International Airport, Nagpur becomes the second airport in the state to have the Airtel 5G Plus services after Pune airport".

Use HPR to build network of doctors for healthcare services: Irdai to insurers

PTI ■ NEW DELHI

Irdai has asked insurers to leverage the Health Professional Registry to build a network of doctors or other healthcare professionals for providing OPD and other health services.

As part of the Ayushman Bharat Digital Mission, National Health Authority (NHA) has incorporated a Healthcare Professional Registry (HPR), a comprehensive repository of registered and verified practitioners of healthcare professionals, delivering modern as well as traditional healthcare services across India. "The General and Health Insurers offering health insurance policies can also consider leveraging on the Health Professional Registry for building up the network of doctors/physicians or other healthcare professionals for providing OPD or other healthcare services," Irdai said in a circular.

It further said the general insurers are advised to consider capturing HPR ID as verification to validate/authenticate the medical practitioners while issuing or renewing policies for medical malpractice under professional indemnity cover. This will enable digitisation and ease the process of buying and selling professional indemnity policies and push for HPR registration among healthcare professionals, said the circular.

Flomic Global Logistics custom Clearance operations in Nagpur

New Delhi: Flomic Global Logistics Ltd has started its freight forwarding & custom clearance operations in Nagpur. The firm had begun its warehousing operations a few months back and now have decided to extend its service offering further.

E-commerce firms are aggressively expanding their footprint in India, and Flomic aims to partner with them in their growth story. With online shopping becoming the new way of life, there has been a huge spike in demand for warehousing.

with even more destinations. The introduction of these new non-stop flights to New York, Milan, Vienna, Copenhagen, Paris and Frankfurt, is another step in that journey, which will accelerate as our aircraft fleet expands," said Campbell Wilson, CEO and MD, Air India.

Mumbai-New York service will complement the airline's existing daily service from Delhi to New York and four weekly flights to Newark Liberty airport, it said, adding that this will take Air India's India-US frequency to 47 non-stop flights per week.

India is grappling with the shortage of both cockpit and cabin crew.

Amid this shortage, the airline is looking to hire expat pilots and has also offered its cabin crew, who have opted to retire following the company's Voluntary Retirement Scheme (VRS) scheme for its permanent employees earlier this year, to extend their service tenure by two months to January 31, 2023.

Zydus Lifesciences gets USFDA nod for generic drug to treat stomach ulcers

PTI ■ NEW DELHI

Zydus Lifesciences on Wednesday said it has received final approval from the US health regulator to market its generic version of famotidine injection indicated to treat ulcers of the stomach and intestines. The approval granted by the US Food and Drug Administration (USFDA) is for famotidine injection of strength 40 mg/4mL (10 mg/mL) and 200 mg/20 mL (10 mg/mL) multiple-dose vials, the company said in a regulatory filing. Famotidine injection is indicated to treat ulcers of the stomach and intestines and to prevent intestinal ulcers from coming back after they have healed, it added.

It is also used to treat certain stomach and throat problems such as erosive esophagitis, gastroesophageal reflux disease (GERD) and Zollinger-Ellison syndrome, the company said. The drug will be manufactured at the group's injectable manufacturing facility at Jarod, near Vadodara in Gujarat, Zydus Lifesciences said.

CHAMPIONS OFF THE MARK

Giroud equals Henry mark as World Cup holders France sink Australia

AP ■ DOHA

Olivier Giroud joined Thierry Henry as France's all-time leading goalscorer with a brace as holders France recovered to beat Australia 4-1 and get their defence of the World Cup off to a winning start on Tuesday.

Australia took a shock lead at Al Janoub Stadium with the game just nine minutes old when Craig Goodwin scored.

France, whose build-up to the tournament was marred by injuries, saw left-back Lucas Hernandez come off hurt in the move that led to that goal.

However, they recovered to equalise through Adrien Rabiot before Giroud put them ahead with an easy finish in the 32nd minute for his 50th international goal.

Kylian Mbappe got his name on the scoresheet in the second half and Giroud sealed the win to equal Henry's record tally of 51 goals for France.

The win leaves them top of Group D after rivals Denmark and Tunisia drew 0-0 in Doha earlier.

At the age of 36, veteran AC Milan striker Giroud, who has 115 caps, is the oldest player to score for France at a World Cup.

Yet he almost certainly would not have been playing here had Karim Benzema been fit.

Instead, the withdrawal of the Ballon d'Or winner with a thigh injury on the eve of the tournament has played into the hands of Giroud, who was a key player for coach Didier Deschamps in France's triumphant 2018 World Cup campaign but didn't score in Russia.

It is not just Benzema who is missing for Les Bleus, with Paul Pogba and N'Golo Kante -- their starting midfield duo four years ago -- also out of the tournament.

Centre-back Raphael Varane was not risked having not played since suffering a leg injury playing for Manchester United a month ago.

That meant Dayot Upamecano and Ibrahima Konate -- with nine caps between them -- played together in central defence while Rabiot joined Aurelien Tchouameni in midfield.

Australia stunned the world champions by scoring an early opener.

Mathew Leckie controlled the ball on the right and escaped Lucas Hernandez

before delivering a low ball across the face of goal for Goodwin to finish into the roof of the net.

Hernandez hurt his right knee trying to stop Leckie, although there did not appear to be any contact between the players.

The Bayern Munich defender was helped off, with his brother Theo coming on.

The younger Hernandez did not have the best introduction, giving the ball away and allowing Mitch Duke to hit a

Lucas Hernandez limps out of World Cup

AP N DOHA

France defender Lucas Hernandez will miss the rest of the defending champions' World Cup campaign after suffering a knee injury in Tuesday's opening match against Australia.

His absence comes with coach Didier Deschamps already grappling with a host of key players ruled out of the tournament in Qatar.

"Honestly, it's starting to become a big deal," said France captain Hugo Lloris.

"We sensed immediately it was serious," the Tottenham Hotspur goalkeeper added after the match.

"It's the latest blow but we have to continue moving forward. It's going to make us stronger."

Deschamps must now juggle his options as his squad is reduced to 24 players.

shot from range that flew just wide.

Yet he played a part in the 27th-minute equaliser -- Antoine Griezmann's right-wing corner was cleared but the ball came to Hernandez on the left and his cross was headed in by Rabiot.

Five minutes later Rabiot was involved again as France went ahead, hounding Nathaniel Atkinson out of possession on the French left and playing a one-two with Mbappe before teeing up Giroud.

Germany lose against Japan

PTI ■ DOHA

Another World Cup day, another World Cup shock. Substitutes Ritsu Doan and Takuma Asano scored late goals Wednesday to give Japan a come-from-behind 2-1 victory over Germany at the World Cup.

Both Doan and Asano play for German clubs.

Ilkay Gundogan had given four-time champion Germany the lead with a first-half penalty. But Doan, who plays for Freiburg, pounced on a rebound to equalize in the 76th minute after Germany goalkeeper Manuel Neuer blocked a shot from Takumi Minamino.

Then Asano, who plays for Bochum, sprinted clear of Nico Schlotterbeck and beat Neuer from a narrow angle in the 83rd minute of the first competitive meeting between the two nations.

The match was played a day after Argentina's 2-1 upset loss to Saudi Arabia.

Before Wednesday's game, Germany's players covered their mouths during the team photo in an apparent rebuke to FIFA following its decision to stop plans to wear armbands to protest discrimination in host nation Qatar.

Nancy Faeser, Germany's sports minister, attended the match at the Khalifa International Stadium and was sitting beside FIFA president Gianni Infantino while wearing the same "One Love" armband that FIFA had outlawed with its threats of consequences.

It was only the third time Germany had lost its tournament-opening game after

defeats against Algeria in 1982 and Mexico in 2018. In the other World Cup openers for Germany, the team had won 13 matches and drawn four.

Germany outplayed Japan for much of the match with 24 attempts on goal compared to Japan's 11. Despite giving away the penalty, Japan goalkeeper Shuichi Gonda made a string of saves.

Germany next faces Spain on Sunday, while Japan takes on Costa Rica.

Germany's buildup was fraught by protests and political statements because of Qatar's human rights record and its treatment of migrant workers and members of the LGBTQ community.

Germany was playing at the World Cup for the first time since its shocking group-stage exit as defending champion in 2018, while Japan is appearing in its seventh straight World Cup and is looking to reach the quarter-finals for the first time.

Germany players cover mouths in protest for WC photo

Germany's players covered their mouths before their World Cup opener against Japan on Wednesday in protest at FIFA's refusal to allow rainbow-themed armbands.

Captains of seven European teams had planned to wear the anti-discrimination armbands during the tournament in Qatar as part of a campaign for diversity, but backed down over the threat of disciplinary action from football's governing body, including yellow cards.

The rainbow armbands had been viewed as a symbolic protest against laws in Qatar, where homosexuality is illegal. Germany's football federation said in a tweet moments after the photo protest that "human rights are not negotiable".

"This is not a political position; human rights are not negotiable," the DFB tweeted.

"To ban the armband is like banning our right to speak," the federation added. FIFA president Gianni Infantino was at the Khalifa International Stadium for the Germany-Japan match.

The German government spokesman, Steffen Hebestreit, said earlier in the day in Berlin that FIFA's decision to bar captains from wearing the "OneLove" armbands was "very unfortunate". "The rights of LGBTQ people are non-negotiable," Hebestreit said at a regular press conference.

Morocco hold Modric's Croatia

"opened the door" for the tournament's less-fancied teams.

Morocco took the game to a Croatia side featuring four players who started the 2018 final but struggled to create genuine chances against a defence marshalled by the experienced Dejan Lovren.

Azzedine Ounahi strangely opted against shooting when well placed inside the area, with Hakim Ziyech and Achraf Hakimi heavily involved down the right without exerting undue pressure on Croatia.

Ivan Perisic fired just over from distance for Croatia after intercepting a dreadful pass from Selim Amallah, while goalkeeper Yassine Bounou blocked well with his legs to deny Nikola Vlasic from close range.

Modric, the former Ballon d'Or winner appearing at his fourth World Cup at the age of 37, then hammered over from the edge of the box.

Only once have Morocco gone beyond the group stage, in 1986, but they will rate their chances of advancing with games to come against an ageing Belgium team and Group F outsiders Canada.

Croatia pushed for a late winner but found Morocco's defence in unforgiving mood as Walid Regragui's side secured a valuable and deserved point.

Ronaldo Man Utd partnership a dream, but nothing lasts - Bruno Fernandes

AP ■ DOHA

Portugal midfielder Bruno Fernandes says it was a dream to play with Cristiano Ronaldo at Manchester United, but "nothing lasts forever".

The striker parted ways with the Premier League club by mutual consent on Tuesday and is searching for a new club, with Portugal due to kick off their World Cup campaign against Ghana on Thursday.

Along with Ronaldo's departure, Manchester United also issued a bulletin saying the club could be sold by owners the Glazer family.

Ronaldo, 37, had spoken in a controversial interview last week, where he lashed out at coach Erik ten Hag and the club itself, provoking his eventual departure.

"I don't feel uncomfortable, I don't have to pick a side. It was a dream come true to play with Cristiano at United but nothing lasts forever," Fernandes told a press conference on Wednesday.

"It is his career and we have to respect such decisions, every decision has to be respected regardless of whether you agree or not."

"We as players, but also as parents, brothers, we know it might be difficult to take some decisions but these decisions have to be for the wellness of ourselves and our families."

Guardiola extends Man City deal

AP ■ MANCHESTER

Pep Guardiola said "I cannot be in a better place" as he announced he had agreed a two-year contract extension that will keep him at the Premier League champions until 2025.

The former Barcelona and Bayern Munich manager, 51, has won nine major trophies, including four Premier League titles, since taking charge at City in 2016.

"I am so pleased to be staying at Manchester City for another two years," said Guardiola in a club statement issued on Wednesday.

"I can't say thank you enough to everyone at the club for trusting me. I am happy and comfortable, and I have everything I need to do my job as best as possible."

The Spaniard added: "I

know the next chapter of this club will be amazing for the next decade. It happened over the last 10 years, and it will happen in the next 10 years because this club is so stable.

"From day one I felt something special being here. I cannot be in a better place."

Guardiola's current deal at the Etihad Stadium is due to

expire at the end of the season.

He has already extended his contract twice during his time at the club.

Guardiola, who has 271 wins from 374 matches in all competitions as City manager, said talks over his latest contract extension started soon after the team had retained the Premier League title in May.

AP ■ MANCHESTER

Manchester United's owners on Tuesday said that they were ready to sell the club, potentially bringing down the curtain on an acrimonious 17 years under the Glazer family.

On a tumultuous day for the English giants, it was earlier revealed that star player Cristiano Ronaldo has left the club with "immediate effect."

Weeks of turbulence appeared to have come to an end when United announced Ronaldo's contract had been terminated by mutual agreement to bring to an end his second spell at Old Trafford.

That dramatic announcement was eclipsed just hours later by the news the US-based Glazer family could also be on their way out.

"The board will consider all

strategic alternatives, including new investment into the club, a sale, or other transactions involving the company," United said in a statement.

The Glazers have been unpopular with supporters ever since a £790 million (\$934 million) leveraged takeover in 2005 burdened the club with huge debts.

Frustration towards the Americans has only grown during a nine-year decline in results on the pitch since Alex Ferguson's retirement as manager in 2013.

The Red Devils have not won the Premier League title since Ferguson's final campaign in 2012/2013 and have failed to win any trophy since

2017.

United currently sit fifth in the Premier League, 11 points behind leaders Arsenal.

"We will evaluate all options to ensure that we best

serve our fans and that Manchester United maximizes the significant growth opportunities available to the club today and in the future," added Avram and Joel Glazer, the

club's executive co-chairmen and directors.

The statement also recognised the need for investment in stadium redevelopment.

Old Trafford remains the largest club stadium in England with a capacity of 74,000 but has not had a significant upgrade since 2006.

News of the Glazers inviting investment comes just weeks after Liverpool's American owners, the Fenway Sports Group, indicated they were willing to sell.

Both United and Liverpool were involved in the failed European Super League (ESL) project that sought to create a US-style closed league format for Europe's elite clubs without the need to qualify or promotion and relegation.

I'VE MATURED AS LEADER, CAN TAKE TOUGH DECISIONS: DHAWAN

PTI ■ NEW DELHI

Dithering and indecision is a thing of past for Shikhar Dhawan, who as the leader of the pack does not hesitate in taking decisions which individuals may despise but are beneficial for the Indian team.

The left-handed batter is getting ready to lead India in the three-match ODI series against New Zealand, starting Friday.

It won't be the first time that Dhawan will wear the captain's hat as he has led a second-string Indian team in the past and enjoyed good results against Sri Lanka (2-1), South Africa (2-1) and West Indies (3-0).

The Delhi batter says his decision-making has improved over time, courtesy his presence of mind.

"As you play more, you get confident in the decisions you take. Earlier, there used to be instances where I would give an extra over to a bowler out of regard (for him). But now, as I have matured, even if someone is feeling bad, I will take a decision that will help the team," Dhawan told ESPNcricinfo.

Further talking about leadership skills, Dhawan said the key is to maintain balance and earn the players' faith. He is hardly seen feeling any pressure and keep the environment around him happy.

"When you play music on a string instrument, if the string is too loose, it won't sound right, or if it's too tight, it will break. So it is a question

of creating a balance. (As a captain) creating that balance is very important.

"You need to understand when to pull the string tight and when to leave it a bit loose. That is an art. It is a matter of timing. At this stage I also understand when to say things to the players and how much to say.

"If a bowler gets hit, it's important to know when to speak to him. I will not do it when they are hot in the head, but instead approach them later and speak with care. It also depends on the level you are leading at.

"If it is at the IPL, most players are mature, so you need to consider if you have to pull the string or not. At Ranji, you have to, at times, show firmness, because a youngster at that level is like a kaccha ghada (an unbaked clay pot), so you have to be firm to mould him. Finding that balance is the key," he explained his philosophy.

The 36-year-old was recently handed the captaincy of IPL side Punjab Kings, which has been struggling to reach the play-offs.

In season 2018, 2019, 2020 and 2022 the side came close to making the play-offs but fell short of one or two wins.

"We can learn from our past and improve on our mistakes. Other than that, I won't dwell much on anything else and neither will I want my team to do that. There is no need of dragging back the past baggage," he insisted.

So how does he plan to

Young India left-arm pacer Arshdeep Singh says the tricks of trade he has learnt from senior pros like Bhuvneshwar Kumar has helped him add variety in his bowling.

Arshdeep (4/37) registered career-best T20I figures on Tuesday against New Zealand in the rain-affected third match of the series, which ended in a rare tie via Duckworth-Lewis method here.

"I always try to learn from the

senior bowlers in the team (on knuckle ball), just like I am learning the hard length from you and the knuckle ball from Bhuvi bhai (Bhuvneshwar Kumar) and yorkers from (Mohammed) Shami bhai," Arshdeep said in an interaction with Siraj on bcci.Tv.

"I always try to improve myself everyday and contribute for the team whenever needed and hope to step-up and perform well."

Arshdeep was on the verge of taking a hat-trick towards the close of

make a difference there?

"I will make sure that the support staff and I create an environment where the players are comfortable. I want my boys to be themselves while also understanding their responsibilities. I want us to be relaxed but also focused.

"We are playing the IPL. We are living our dream. And when you are living your dream, it should be full of happiness and not stress. With love you can conquer anything. The (IPL) trophy is not a challenge too far out of our reach," he said.

And he feels he can be that lucky charm for Punjab Kings as the IPL team he was part of have played finals -- Mumbai Indians, Sunrisers Hyderabad and Delhi Capitals.

He was also part of Deccan Chargers but that team did not qualify for title clash. The same side had been rechristened Sunrisers Hyderabad.

SKY continues to stay at top

Star India batter Suryakumar Yadav retained his top spot while all-rounder Hardik Pandya reached joint-50th position in the latest ICC men's T20I batting rankings released here on Wednesday.

Suryakumar consolidated his position at the top of the rankings after his stupendous 111 not out in the second T20I against New Zealand.

Suryakumar has gained 31 rating points from the series and his 890 points keep

him 54 ahead of Pakistan's Mohammed Rizwan, who is placed second.

On the other hand, Hardik, who led India in the series against New Zealand, reached joint-50th among batters courtesy his unbeaten 30 in the final match.

In the bowlers' chart, seasoned pacer Bhuvneshwar Kumar has climbed two places to 11th, with left-arm seamer Arshdeep Singh moving up a place to 21st.

Spinner Yuzvendra Chahal has jumped eight places to 40th.

PCB to felicitate members of Pak team

PTI ■ KARACHI

The country's cricket board (PCB) will felicitate the members of the Pakistan team that finished runner-up at this year's Asia Cup and T20 World Cup at a grand reception in Islamabad on Thursday.

Members of the Pakistan Test squad have also been invited for the function which will be attended by diplomats, political personalities, former captains and players.

"The purpose is to honour and appreciate the players for their performances in two major tournaments," a source in the Pakistan Cricket Board said.

The source said that the players might also get some financial rewards for reaching the two finals.

Pakistan lost the final of the Asia Cup to Sri Lanka in UAE and then were beaten by England in the T20 World Cup summit clash in Melbourne earlier this month.

Last year also the Pakistan team led by Babar Azam managed to get into the semi-finals of the T20 World Cup in Dubai but were outdone by Australia.

The source said the PCB Chairman had already met with Babar Azam and the head coach, Saqlain Mushtaq and discussed with them future plans and the happenings and performances of players in the two big tournaments.

The source said there was

no danger to the captaincy of Babar as Ramiz had assured him of full support and backing.

FIRST TEST TO GO AHEAD

The first Test between Pakistan and England in Rawalpindi from December 1 to 5 will go ahead as scheduled despite the expected political unrest in that city and adjoining Islamabad, according to sources.

The decision to hold the Test at Rawalpindi Stadium came after PCB Chairman Ramiz Raja and the British High Commissioner in Pakistan met main opposition party chairman Imran Khan who has planned a massive rally in the twin cities on November 26 and 27.

According to sources, Imran, himself a former Pakistan captain, assured Ramiz and the British High Commissioner that there would be no disruption to the match nor would there be any security concerns for the English players.

The England team which is presently holding a training camp in Abu Dhabi will reach Islamabad on November 27.

The other two Tests will be played in Multan (December 9-13) and Karachi (December 17-21). The England team is touring Pakistan for the first time in 17 years. The PCB has already begun selling tickets for the first Test.

Veteran batter Martin Guptill has been released from New Zealand Cricket's (NZC) central contract, paving the way to pursue playing opportunities overseas after he recently lost his place in the white-ball teams.

The 36-year-old Guptill becomes the third New Zealand player to be released from their central contract.

Guptill joins Trent Boult and Colin de Grandhomme as New Zealand players to be released from their playing contract this year, with the trio set to seek opportunities in T20 leagues around the world.

"We understand Martin's position," NZC chief executive David White said on Wednesday.

"He's been a fantastic bats-

"Martin's been a giant of the white ball game, a committed and well-respected member of the Black Caps and has earned the right to play out his career on his own terms.

"He leaves his contract with our best wishes."

Guptill is currently New Zealand's leading run-scorer in T20I cricket and third-highest in the ODI format.

Guptill has more than 3,500 runs in T20 Internationals and 7,346 runs in ODIs.

someone and they won't come and say it to your face, or they're just leaking stuff for their own agenda. I hate that."

There have been numerous media reports in the run-up to the T20 World Cup about alleged discontent in the dressing room due to Langer's coaching style.

Langer, who had taken charge after Darren Lehmann quit following the ball-tampering scandal in South Africa, said it was difficult to resign as he was enjoying his job.

"We were number one in the world. I've never enjoyed coaching more and I've still got sacked. That's the hardest thing," Langer said.

Langer had a three-year long stint with the Australian team and after his resignation, Andrew McDonald took over as full-time head coach in April.

to God and on my kids' lives, I could not believe that is what was making the papers. A lot of journalists use the word 'source'. I would say, change that word to 'coward,'" Langer was quoted as saying by News Corp media.

"Because what do you mean 'a source says'? They've either got an axe to grind with

Everyone was being nice to my face: Langer slams 'cowards' in Oz team

PTI ■ MELBOURNE

Former Australia coach Justin Langer has hit out at the "cowards" in the national team, saying he "hated" that some players were going behind his back and leaking details from inside the dressing room.

The 52-year-old, who guided Australia to a 4-0 series win in the Ashes at home and a maiden T20 World Cup title last year, stepped down as chief coach in February after he was not offered a long-term contract extension by Cricket Australia.

Langer had faced complaints about his "rigid" coaching style from senior players such as Aaron Finch, Pat Cummins and former Test captain Tim Paine.

"Everyone was being nice to my face, but I was reading about this stuff and half of it, I swear
