INDIA TO FACE
PAKISTAN IN
ASIA CUP T20
11 SPORT36 dead, mostly kids, in
Thai day-care carnageEx-cop on shooting
spree rushes home,
shoots wife, child,
then kills himself

AP ■ BANGKOK

A former police officer facing a drug charge burst into a day care centre on Thursday in Thailand, killing dozens of preschoolers and teachers and then shooting more people as he fled. At least 36 people, including at least 24 children, were slain in the deadliest rampage in the nation's history.

The assailant, who was fired earlier this year, took his own life after killing his wife and child at home.

Photos taken by first responders showed the school's floor littered with the tiny bodies of children still on their blankets, where they had been taking an afternoon nap. The images showed slashes to their faces and gunshot to their heads and pools of blood.

A teacher told ThaiPBS public broadcaster that the assailant got out of a car and immediately shot a man eating lunch outside, then fired more shots. When the attacker paused to reload, the teacher had an opportunity to run inside.

"I ran to the back, the children were asleep," said the young woman, who did not

In this image taken from video, a distraught woman is comforted outside the site of an attack at a daycare centre in the town of Nongbua Lamphu, north eastern Thailand on Thursday

give her name, choking back her words. "The children were two or three years old."

The attack took place in the rural town of Nongbua Lamphu in northeastern Thailand, in one of the country's poorest regions.

Another witness said staff at the day care had locked the door, but the suspect shot his way in. "The teacher who died, she had a child in her arms," the witness, whose name wasn't given, told Thailand's Kom Chad Luek television. "I didn't think he would kill children, but he shot at the door and shot right through it."

At least 10 people were wounded, including six critically, police spokesman Archayon Kraithong said.

A video taken by a first responder arriving at the scene showed rescuers rushing into the single-story building past a shattered glass front door, with drops of blood visible on the ground in the entryway.

In footage posted online after the attack, frantic family members could be heard weeping outside the building. One image showed the floor smeared with blood where sleeping mats were scattered around the room. Pictures of the alphabet and other colorful

decorations adorned the walls.

Police identified the suspect as 34-year-old former police officer Panya Kamrap. Police Major General Paisal Luesomboon told PPTV in an interview that he was fired from the force earlier this year because of the drug charge.

In a Facebook posting, Thai police chief Gen. Dumrongsak Kittiprasas said the man, who had been a sergeant, was due in court on Friday for a hearing in the case involving methamphetamine, and speculated that he may have chosen the day care because it was close to his home.

Infant among 4 abducted
Sikhs found dead in USPunjab CM urges
MEA to ask US to
conduct foolproof
probe into murder
of Hoshiarpur family

PNS ■ CHANDIGARH

All four Sikh family members, including an eight-month-old baby girl, who were kidnapped in the US State of California earlier this week, have been found dead in an orchard, US authorities said on Wednesday.

The family, originally from Harsi Pind in Hoshiarpur, Punjab, was kidnapped from their newly-opened trucking business in Merced County, California, on Monday.

Merced County (California) Sheriff Vern Warnke said the bodies of 36-year-old Jasdeep Singh, 27-year-old Jasleen Kaur, their eight-month-old child Aroohi Dheri and the baby's uncle, 39-year-old Amandeep Singh were found on Wednesday evening in an orchard near Indiana Road & Hutchinson Road.

The murder of four members of a Punjabi-Sikh family has sent shockwaves in Punjab compelling Chief Minister Bhagwant Mann to seek the Union External Affairs

Srinagar: A record 1.62 crore tourists visited Jammu & Kashmir so far this year, which is the highest since Independence, an official said here on Thursday.

Gambia cough syrup
deaths: DCGI probes;
Haryana sends syrup
samples to WB lab

PNS ■ NEW DELHI

India's drug regulator, the Drugs Controller General of India (DCGI), has begun a probe into charges that the use of a domestic cough syrup could potentially be linked to death of children in Gambia.

The World Health Organization (WHO) on Wednesday warned that four "contaminated" and "substandard" cough syrups allegedly produced by Maiden Pharmaceuticals Limited based in Haryana's Sonapat could be the reason for the deaths in the West African nation.

The Haryana Government is sending the samples of the syrups to the Central Drug Lab in Kolkata for testing and affirming any possible "contamination". Its results will guide further course of action.

Spate of rapes in UP:
Schoolgirl kills self as
cops sit on complaint

PNS ■ LUCKNOW

Uttar Pradesh has been rocked by a series of rapes during the last 24 hours. In one case, the victim was strangled to death after rape, and in another a girl committed suicide after the police did not act against the culprits for a fortnight. In the third case, a schoolgirl was gangraped, while another schoolgirl escaped rape bid.

In the first case, a 19-year-old BSC student was allegedly raped inside her house and then murdered. The rapists strangled her and hanged her body before fleeing the Sheesham area of Mainpuri. A heavy police force was deployed in the village.

According to information, the girl was alone in the house at the time of the incident. Her father had gone to the city and her mother to Agra for work, while her 13-year-old sister had gone to attend coaching classes.

Taking advantage of the situation, Pushpendra Lodhi, of the same village, entered the house and raped her. As per information, when the girl threatened to complain, Pushpendra strangled her and then hanged her body. He then closed the door of the house from outside and fled.

In yet another case reported two days ago from Kannauj, a youth identified as Arif posed as Amit and befriended a Hindu girl by promising her a job and then raped her.

Uttarkashi
avalanche: 12
more bodies
recovered

PNS ■ DEHRADUN

The authorities recovered twelve more bodies of mountaineers on Thursday after a team from the Nehru Institute of Mountaineering (NIM) was trapped in an avalanche at Draupadi Ka Danda in Uttarkashi on Tuesday.

A total of 61 people were trapped in the avalanche out of which, 32 have been rescued safely, 16 are dead and 13 are still missing.

A team of experts from Gulmarg in Jammu & Kashmir, High Altitude Warfare School (HAWS) joined the rescue operation with the National Disaster Response Force (NDRF), State Disaster Response Force (SDRF), Indo-Tibetan Border Police (ITBP) and NIM.

The officials said more teams have also been sent to the advanced base camp from ITBP Matli in Uttarkashi.

PFI ban: Justice Dinesh appointed
presiding officer of UAPA Tribunal

PNS ■ NEW DELHI

The Centre has appointed Justice Dinesh Kumar Sharma of the Delhi High Court as the presiding officer of the Unlawful Activities (Prevention) Tribunal in the matter of

recently-banned Popular Front of India (PFI) and its affiliates.

Once an organisation is banned under the Unlawful Activities (Prevention) Act, a tribunal is set up by the Government to adjudicate whether or not there is suf-

ficient cause or ground for declaring it an unlawful association.

According to an office memorandum issued by the Department of Justice, Justice Sharma's time as head of the tribunal will count as "actual service".

Sonia joins Rahul, adds sparkle to Bharat Jodo Yatra

PIONEER NEWS SERVICE ■
NEW DELHI/BENGALURU

Drums, trumpets, and slogans greeted Congress president Sonia Gandhi as she briefly joined her son Rahul Gandhi and a teeming multitude of party workers and aam admi during the Bharat Jodo padyatra in Mandya in south Karnataka on Thursday.

This is the first time that Sonia joined a public event after recovering from Covid-19 earlier this year. The Congress leader has not been keeping well and she recently visited the USA for treatment.

She joined the yatra twice for brief periods and in between took a car ride. Rahul remained by her side throughout. At one point, he was seen persuading her to end her walk.

The Bharat Jodo Yatra resumed from Pandavapura in Mandya on Thursday after a two-day break. Sonia joined the padyatra after it left Bellare village on Thursday morning.

Congress leader Rahul Gandhi with his mother and party interim president Sonia Gandhi during the party's 'Bharat Jodo Yatra' in Mandya district on Thursday

PTI

Due to the massive response from public and party workers, Sonia also tweaked her programme schedule to stay with the yatriis for two hours as against the 30 minutes planned earlier. The party tweeted a photo of Rahul tying his mother's shoelaces during the walk, captioning it "Ma (mother)".

The picture went viral on social media during the day. Congress also posted a picture of the two on Twitter, and said, "Those shielded by love fear nothing! On the road, marching ahead".

Acting on Rahul's jumbo
advice: Karnataka CM

Bengaluru: Karnataka Chief Minister Basavaraj Bommai on Thursday said he will respond to Congress leader Rahul Gandhi's letter, seeking his intervention for providing timely treatment to a "severely injured" elephant calf at the Nagarhole Tiger Reserve, on humanitarian grounds.

Haryana eyeing Rs 1 lakh crore investment for Global City project in Gurugram, says Khattar

PNS ■ CHANDIGARH

The Haryana government is eyeing an investment of Rs 1 lakh crore in the Global City project in Gurugram which will come up over about 1,080 acres of land.

Addressing a press conference here in Chandigarh on Thursday, Haryana Chief Minister Manohar Lal Khattar, who during his recent Dubai visit also garnered investments for this project, said the project is being developed by Haryana State Industrial and Infrastructure Development Corporation (HSIIDC).

Khattar said that the Global City is a mixed land-use township being developed over nearly 1,080 acres to redefine the concept of urban development and what cities of the future shall look like through its sustainability-focused future-oriented infrastructure planning and design.

He said the work related to the Global City being developed over approximately 1,080 acres in Gurugram would be completed at the earliest. "A single-window system would be adopted to execute all the

works related to this. All companies with whom talks have been held regarding these projects have demanded that the work that is to be done through the government should be completed at the earliest," he added. The Chief Minister said that for this project, the industries will not have to make rounds to get electricity, water, and any other permission, as all these will be given through the single-window system. He assured the companies that they will not face any difficulty while working on the project.

Also the companies will have to show the progress of construction within three years, he added.

"Talks have been held with eight placement companies to provide employment opportunities to the youth. Talks are also being held with companies for providing skilled and semi-skilled manpower from Haryana. We are ready to even impart necessary training," he said. The government is ready to extend cooperation to these companies willing to set up their skill training centres in Haryana, said the Chief

Minister.

Responding to a question, Khattar said that 5.50 lakh employment opportunities have been generated in the state because of foreign and national investments. New companies are constantly buying land in Haryana for investment. Haryana has become a favourable investment destination for investors. With the advent of companies, employment opportunities will also increase, said Khattar.

The Chief Minister said that new projects are being started continuously around Kundli-Manesar-Palwal (KMP).

The government will buy land for new projects through e-bhoomi and Land Pooling Policy.

For Jungle Safari, 6000 acres of land earmarked in Gurugram while 4000 acres in Nuh

Khattar said that the State

is all set to develop the world's largest jungle safari park on an area of 10,000 acres in the Aravalli mountain range of Gurugram and Nuh districts. For this, 6000 acres of land have been identified in Gurugram and 4000 acres have been identified in Nuh.

This project will be the largest such project in the world.

Currently, the largest curated safari park outside Africa is in Sharjah on an area of about 2000 acres. However this Aravalli Park would be 5 times more this size.

This jungle safari park will have 10 zones and it would include a large herbarium, aviary/bird park, four zones for big cats, a large area for herbivores, an area for exotic animal birds, an underwater world, nature trails, visitors, tourism zones, botanical gardens, biomes, equatorial, tropical, coastal, desert, etc.

The development of this Jungle Safari scheme will not only give a major boost to tourism in the State but it will also provide ample employment opportunities to the local people.

The Central Zoo Authority has done an evaluation study of the area for this and has agreed upon the technical feasibility of setting up such a park. "The Aravalli mountain range is a cultural heritage where many species of birds, wild animals, butterflies, etc. are found. In this jungle safari, 180 species of birds, 15 species of mammals, 29 species of aquatic animals and reptiles and 57 species of butterflies that exist in the Aravalli mountain range will be included in this safari, informed Khattar.

11 lakh metric tonne of paddy procured so far Khattar

Khattar said that over 11 lakh metric tonnes of paddy has been procured so far during the current Kharif Marketing season.

Hassle-free procurement of various Kharif crops is being done in 207 mandis across the state. Till October 4, over 11 lakh MT of paddy has been procured in the mandis by various agencies. 16,000 MT bajra has been procured by HAFED, the apex cooperative federation of the state, he added.

Pb CM announces to fill around 2500 posts in Police Dept

PNS ■ CHANDIGARH

In a major bonanza for the State's youth, Punjab Chief Minister Bhagwant Mann on Thursday announced to start the process of filling around 2500 posts in the state's Police Department.

Making the announcement, the Chief Minister said that as per the ongoing process of providing employment to the state's youth, the Aam Aadmi Party (AAP) Government will recruit around 2500 more cops in Punjab Police to augment its workforce for effectively maintaining the law and order, besides tackling unforeseen challenges.

"These posts include 1156 of constables in Intelligence and Investigation cadre, 787 Head Constables in Investigation cadre, and 560 posts of Sub-Inspectors in Investigation, Intelligence, district and Armed Police cadre," said Mann, adding that the exam for Constables will be held on October 14; that of Head Constables on October 15; and that for the post of Sub-Inspectors will be held on October 16, 2022.

The Chief Minister said that the State Government has already handed over appointment letters to 4374 constables in the force. He said that more recruitment is in the pipeline and the process will be completed very soon. Reiterating the firm commitment of the state government to provide employment to youth, Mann said that the entire process of the recruitment is being done in a transparent manner.

"The Government is focusing on providing maximum employment to the youth, both in public and private sector. Till now, more than 17,000 job letters have been handed over to the youth and more will be done in the future," said Mann, adding that merit is the single thumb rule for the entire recruitment process.

BRIEFS

Punjab to initiate strict action against lending firms not following RBI's fair practices code

Chandigarh: Warning the lending firms violating the Reserve Bank of India's (RBI's) Fair Lending Practices Code, Punjab Finance Minister Harpal Singh Cheema on Thursday said that strict action would be taken in case any such case is brought to the Government's notice. Cheema, issuing the warning while chairing the meeting of the Joint Front of Rural and Farm Labourer Unions, directed the Finance Department to report any such incident to the RBI, recommending strict action including the cancellation of the pan India license of such institutions. The directions came after the Joint Front apprised the Minister that many lending firms, including some micro-finance firms, were resorting to pressure tactics and unfair recovery practices.

Model degree Govt College in Nuh will soon be constructed, says Chief Secretary

Chandigarh: The Model Degree Government College being built at a cost of around Rs 20 crore in Firozpur Jhirka, Nuh district will soon be constructed. About 5 acres of land will be transferred to the Higher Education Department for the construction of this college. Presiding over a meeting in Chandigarh, the Chief Secretary said that under the Aspirational District Programme, projects related to health and nutrition, education, agriculture and water resources, financial inclusion and heavy development and basic infrastructure in Nuh should also be completed in a time-bound manner.

Global flower market to be made in Gurugram: Haryana Minister

Chandigarh: Agriculture and Farmer Welfare Animal Husbandry and Dairying Fisheries JP Dalal on Thursday visited European countries with a delegation to gain new technical knowledge in the field of horticulture and agriculture. He visited the Aalsmeer Flora Market in Holland and observed the online auction process of flowers being conducted there on an everyday basis. Inspired by this market, he said that a modern level global flower market will be made on the pattern of Holland's Aalsmeer Flora Market in Gurugram.

Executive Engineer held taking Rs 1 lakh bribe

Chandigarh: Haryana State Vigilance Bureau on Thursday caught an Executive Engineer of Haryana State Agricultural Marketing Board red-handed for demanding and accepting bribe of Rs 1 lakh in lieu of passing bills of payments. Bureau spokesperson informed that the arrested accused officer has been identified as Rajender Sharma posted at Rohtak Division.

State-level programme to be held in Gohana today to mark the celebrations of Maharishi Valmiki Jayanti

Chandigarh: On the birth anniversary of Maharishi Valmiki, a state-level programme will be organized at Chaudhary Devi Lal Stadium, Gohana on October 7. The Chief Minister Manohar Lal will attend the programme as the Chief Guest.

Cheema assures Numberdar Unions to fulfill their legitimate demands

Chandigarh: Describing Numberdars as an important part of the government, Punjab Finance Minister Harpal Singh Cheema on Thursday said that the Punjab Government is determined to restore their dignity. Cheema, during a meeting with the Numberdar unions, gave a patient hearing to their demands and issued directions to take immediate action on their legitimate demands.

Rs 15 cr SPECT-CT, PET-CT for Sangrur's Homi Bhabha cancer hospital

Chandigarh: Punjab Health and Family Welfare Minister Chetan Singh Jauramajra on Thursday approved the purchase of new Single Photon Emission Computed Tomography (SPECT-CT) and Positron Emission Tomography (PET-CT) for the Homi Bhabha Cancer Hospital in Sangrur at a cost of Rs 15 crore. The Minister said that the State Government is firm in its resolve to create and provide state-of-the-art Health Care and Diagnostic facilities across Punjab.

Haryana sends cough syrup samples for testing after WHO alert on deaths

PNS ■ CHANDIGARH

A day after the World Health Organization warned that the medicine may be linked to the deaths of 66 children in Gambia, the Haryana government has sent samples of four cough syrups manufactured by a Sonipat-based firm to the Central Drugs Laboratory in Kolkata for examination. Haryana Health Minister Anil Vij said, "The samples have been collected by a team of the Drugs Controller General of India (DCGI) and Haryana's Food and Drugs Administration Department and sent to the CDL, Kolkata for examination."

The WHO on Wednesday warned that four 'contaminated' and 'substandard' cough syrups allegedly produced by Sonipat-based Maideen Pharmaceuticals Limited could be the reason for the deaths of children in the West African nation. A probe has already been initiated by DCGI, the drug regulator of India.

Vij said a senior official of Centre's Department of Pharmaceuticals spoke with Haryana's Additional Chief Secretary (Health). Vij said, "The cough syrups manufactured by the pharma company were approved for export. It is not available for sale or marketing in the country. Whatever action has to be taken, will be taken once the CDL report comes. When asked about the matter at a news conference in Chandigarh, State Chief Minister Manohar Lal Khattar said the Centre was looking into this issue.

A full dress rehearsal of the Air Show to be held at Sukhna Lake in Chandigarh on October 8 was held here on Thursday in the presence of full capacity of the Sukhna Lake.

Minister cracks down on Patiala jail officials for allowing prisoner to escape

PNS ■ CHANDIGARH

Days after Punjab's one of the most-wanted drug smuggler Amrik Singh escaped from Patiala's Government Rajindra Hospital on Saturday evening, Punjab Government on Thursday suspended the services of Patiala Jail's Deputy Superintendent (Security), one Warrant Officer, and two warders. Besides, show cause notices have also been issued to Patiala Jail Superintendent and Assistant Jail Superintendent.

On the directions of Punjab Jails Minister Harjit Singh Bains to take strict action in the matter of the escape of a prisoner, Punjab Prisons

Department DSP (Security) Varun Sharma posted for prison security at Patiala Jail; Assistant Superintendent-cum-Warrant Officer Harbans Singh, Jail Warders Satpal Singh and Mandeep Singh.

Apart from this, a show cause notice has been issued to Patiala Jail Superintendent Manjit Singh Tiwana and Assistant Jail Superintendent Jagjit Singh. Notably, Amrik Singh, a resident of Dedna village of Ghagga block of Patiala district, was serving his sentence in Patiala jail from where he was admitted to Rajinder Hospital for treatment on the pretext of treatment. The prisoner escaped from the hospi-

tal due to the negligence of the staff members.

During the transfer of the prisoner from Patiala Jail to Rajindra Hospital, the rules set by the State Government were also violated. As per arrangements, two jail officials were to be on duty, but only one was present in the hospital when Amrik Singh escaped. The local police was also not informed by the jail officials about bringing such a notorious criminal to the hospital.

The Jails Minister categorically warned the officers and employees of the Department that any kind of negligence will not be tolerated in such types of cases.

Nod to draft MoU with Centre for making AIIMS apex body in Himachal

PNS ■ SHIMLA

The Himachal Cabinet meeting held on Thursday under the chairmanship of Chief Minister Jai Ram Thakur gave the approval to draft an MOU between the State Government and Central Government for making AIIMS to act as an Apex Body for Medical Education and Research.

AIIMS will also act as a Nodal Institution for providing speciality and Super speciality levels of Health Care, act as a Training Center for Doctors, Nurses and Health Workers, provide Medical and Para

Medical courses both at Undergraduate and Postgraduate levels and for conducting International and National level Conferences and to provide a place for achieving excellence in Medical field.

An government statement said the Cabinet decided to upgrade Government High Schools Kholi, Thakurdwara and Bandal in Kangra district and Government High Schools Chong and Shat in Kullu to Government Senior Secondary Schools and Government Middle schools Tandi, Pashi, Tinder and Mashna in Kullu district, GMS Dhamer in Kangra district and Government Middle School

Devidarh in Mandi district to Government High schools. Moreover, it also decided to upgrade Government Primary Schools Okhali, Tikki and Bharechinal in Mandi district to Government Middle Schools along with creation and filling up to requisite posts. It also decided to start Science and Commerce classes in Government Senior Secondary Schools Birta and Bohar Kawalu in Kangra district along with the creation and filling up of requisite posts and gave the approval to start commerce and Maths classes in GSSS Shah in the Kullu district along with the creation and filling up of requisite posts.

Himachal Govt given big respite to PTA, PAT and Para teachers: CM

PNS ■ SHIMLA

Himachal Chief Minister Jai Ram Thakur on Thursday said that the previous state government completely ignored the demands of PTA, PAT and Para teachers, but the present government understood the pain of these teachers serving in the government schools and tried to find solutions to their various issues. Presiding over a function organised by the PTA Regular Teachers Association to felicitate him at Hotel Peterhof here, the Chief Minister said that the state government was working with commitment to provide quality education to

the students, in which the teachers of the State were making appreciable contribution. He said that the PTA teachers had rendered their services in remote areas for years with full honesty and integrity and the government was well aware of their demands. He said that after the continuous efforts of the present state government, these teachers had been merged in the department. About 6500 PTAs, 3300 PATs and 97 Para teachers of the state had been benefited by this decision. He said that the state government had also regularized 1368 PTA teachers who were left out due to the gap period.

Murder of 4 members of Punjabi family in USA sends shockwaves in Punjab

PNS ■ CHANDIGARH

The murder of four members of a Punjabi-Sikh family, including an eight-month-old child, in California, US, has sent shockwaves in Punjab compelling the Chief Minister Bhagwant Mann to seek the Union External Affairs Minister's intervention. He has urged the Union Minister Dr S Jaishankar to impress upon the US Government to conduct through probe into the "gruesome" murder.

Notably, on Wednesday, a worker found the bodies of Jasdeep Singh, his wife Jasleen Kaur, their eight-month-old daughter, and Jasdeep's brother Amandeep Singh in an orchard at around 5.30 pm (as per California time). The sheriff of Merced County in California, in an official statement on Wednesday night, confirmed the report after the authorities released a surveillance video of a man kidnapping them from their business place on Monday. The surveillance footage show an armed

kidnapper forcefully taking the family members inside a truck.

A pall of gloom descended on the native village of 36-year-old Jasdeep Singh, and his 39-year-old brother Amandeep Singh — Harsi Pind in Tanda block of Hoshiarpur district in Punjab — as soon the news broke. After receiving the news of their abduction on Monday, Jasdeep's parents had returned to the US on Tuesday night. Settled in the US, Jasdeep's parents were on India visit for a spiritual trip to Uttarakhand when the received the news.

At 27-year-old Jasleen Kaur's village Jandir in Jalandhar, the family is shocked with relatives and villagers thronging their house, expressing shock at the "unbelievable" incident. Shaken, Jasleen's parents were not in a mental state to speak.

After tying the nuptial knot with Jasdeep in January 2019, Jasleen went to the US in October 2020; and was planning to visit her parents in January next year.

Incident "raised questions on security of Punjabis even in advanced nations like US: CM

Expressing shock and condemning the incident which has shocked everyone especially the Punjabis living across the globe, Punjab Chief Minister Bhagwant Mann on Thursday said that the brutal murder has raised questions on the security of Punjabis, even in advanced nations like US.

Seeking the intervention of the Union External Affairs Minister Dr S Jaishankar, he urged him to impress upon the national government of the United States to thoroughly conduct a probe into the matter.

"It is the need of hour to instill a sense of security amongst the Punjabis living abroad.

The Government of India must flag the issue of security of Punjabis living in the US with their counterpart in America," said Mann, adding

that top most priority must be accorded to this for ensuring safety of the Punjabis living there.

Punjab minister seeks exemplary punishment for killers

Expressing deep anguish over the incident, Punjab NRI Affairs Minister Kuldeep Singh Dhaliwal on Thursday demanded exemplary punishment for the killers. He demanded from the Governor of California state and mayor of Merced County in the US that the killers should be arrested at the earliest.

He has also appealed that the exemplary punishment should be given to the killers so that no one can commit such heinous crimes in the future. Dhaliwal said that the Punjab Government stands with the family in this hour of grief.

He also assured that the Punjab Government would take up the matter with full vigour at all levels to ensure that the culprits are brought to book.

Chhattisgarhia Olympics gets glittering start

STAFF REPORTER ■
RAIPUR

The Chhattisgarh government's unique initiative to revive the age-old tradition of Desi Games got off to a glittering start on Thursday with the inauguration of the Chhattisgarhia Olympics.

Chief Minister Bhupesh Baghel opened the event at the Sardar Balbeer Singh Juneja Stadium here.

"Chhattisgarh is known for its rich and unique culture and tradition. Traditional games hold a special place in the state. However, with civilization, people are gradually forgetting their traditions," he said.

"Keeping this in view, the Chhattisgarhia Olympics has been started to bring back the era of traditional games. The games aim to make the younger generation aware of our culture and tradition," he added.

"These games are not only entertaining but are also beneficial to maintain good physical and mental health... Local games will be organized in every village, block and district under the Chhattisgarhia Olympics."

He kick-started kabaddi and fudgi and also tried his hands at the Bhaura (Indian spinning top) and pithhul games to encourage the players.

The responsibility of organizing the

Chhattisgarhia Olympics to be held at six levels has been entrusted to the Panchayat and Rural Development and Urban Administration and Development Department.

The traditional sports competition of Chhattisgarh

The games aim to make the younger generation aware of our culture and tradition

will be held in the team and individual categories. Fourteen types of traditional sports have been included in the event to be held till January 6 next year.

The games include gilli danda, pithhul, sankhali, langdi race, kabaddi, kho-kho and kancha. Games in Individual category include billas, fudgi, gedi race, bhaura (Indian spinning top), 100 meters race and long jump.

CAF trooper shoots self in Bijapur

STAFF REPORTER ■
BIJAPUR

A Constable with the Chhattisgarh Armed Force (CAF) shot himself dead in Bijapur district, police said on Thursday.

The incident took place at the camp of the CAF's 15th Battalion around 11 pm on Wednesday, Bijapur Superintendent of Police Anjaneya Vaishnav said.

Sunil Kumar, a resident of Madhya Pradesh, shot himself in the head with his service rifle and died on the spot, the official said.

The reason behind the suicide is being probed.

Mob assaults allegedly Sadhus on suspicion of child abductors

STAFF REPORTER ■
DURG

Three men dressed like sadhus were beaten up by a mob on suspicion of being child abductors in Chhattisgarh's Durg district, police said on Thursday.

The victims, who were from Rajasthan, suffered minor injuries, Durg Superintendent of Police Abhishek Pallava said.

As many as 30 persons were questioned in connection with the incident that took place on Wednesday in Charoda town, the official said.

The victims were seen speaking to some children at a Dussehra fair by some people. Suspecting them to be members of a gang which abducts children, the mob thrashed them.

A police team took the three to a hospital. They were

As many as 30 persons were questioned in connection with the incident that took place on Wednesday

discharged after being treated for minor injuries, he added.

The victims were from Rajasthan though they were not carrying any identification, Pallava said. They were allowed to leave after questioning.

A First Information Report (FIR) was registered and 30 persons have been summoned for questioning, he added.

Condemning the attack, BJP state President and MP Arun Sao said there has never been such an atmosphere of anarchy in the state.

Aakarshi wins gold for C'garh

STAFF REPORTER ■
RAIPUR

Badminton player Aakarshi Kashyap won the gold in the women's singles, the second for Chhattisgarh in the 36th National Games at Surat in Gujarat on Thursday.

Chief Minister Bhupesh Baghel and Sports and Youth Welfare Minister Umesh Patel have congratulated her.

In the title clash, Aakarshi defeated first seed Malvika Bansod (Maharashtra) in a 44-minute fight at the Deendayal

Upadhyay Stadium.

She won the first set easily 21-8. In the second set, Akarshi faced stiff competition and won 22-20.

Earlier, in the semi-final, Aakarshi defeated Tanya Hemant of Karnataka 21-13, 21-15, said Deputy Chef de Mission Rupendra Chouhan.

Chhattisgarh so far has won seven medals including two gold, three silver and two bronze. Amitesh Mishra won the gold in skating, Amitesh also won a silver while the fencing team won two silver and two bronze medals.

Social harmony can be further strengthened: CM

STAFF REPORTER ■
RAIPUR

Social harmony can be further strengthened by carrying forward the message of Guru Ghasidas Baba, 'Mankhe-Mankhe Ek Saman', Chhattisgarh Chief Minister Bhupesh Baghel said on Thursday.

He was addressing a gathering after attending the Guru Darshan Mela at Bhandarpuri Dham in Arang tehsil of Raipur district. He sought blessings for the prosperity of the people of the state.

He said the tradition of

Sant Samagam and Gurudarshan continues in memory of the coronation of Guru Balakdas, the son of Baba Guru Ghasidas.

He said the work done by Baba Ghasidas to stop cow slaughter cannot be forgotten.

He announced construction of a stage at Sant Samagam site, a Satnam Bhawan in the village, Rs 10 lakh per year for Gurudarshan Mela, completion of incomplete Gurudwara of Bhandarpuri and construction of a road from Bhandarpuri to Gaitra.

Donate hay as fodder to Gauthans: Baghel

STAFF REPORTER ■
RAIPUR

Chhattisgarh Chief Minister Bhupesh Baghel on Thursday appealed to farmers to donate hay which will provide fodder to cattle in Gauthans.

He was addressing farmers after transferring Rs 8.13 crore to the bank accounts of the beneficiaries of the Rajiv Gandhi Godhan Nyay Yojana here. A total of Rs 170 crore has been paid to cow dung vendors and villagers till date.

Baghel said the paddy harvesting season was to start. The farmers should not burn hay but instead donate it to Gauthans.

He said the paddy procurement on minimum support price will begin from November 1.

Baghel said as Diwali is an important festival, on

October 17, the installments of the Rajiv Gandhi Kisan Nyay Yojana, Rajiv Gandhi Grameen Bhumihien Krishi Mazdoor Nyay Yojana and Godhan Nyay Yojana will be paid.

It will help everyone celebrate the festival of light with fervour.

Welcoming suggestions

of Agriculture Minister Ravindra Choubey, Baghel said the vacant land of Krishi Mandis can be utilized to develop rural industrial parks. The mandis have shades and platforms.

The 'Krishi Seva Kendra' vacant land can be used to begin training programmes for women and youth for

income generation activities. Similar efforts can be made in urban areas also, he added.

Working on path shown by greats: CM

STAFF REPORTER ■
RAIPUR

Chhattisgarh Chief Minister Bhupesh Baghel on Thursday said that work on education, health, agriculture and livelihood activities is based on the path shown by Swami Atmanand and Dr. Khoobchand Baghel.

He was addressing an event marked to pay tribute to Swami Atmanand on his birthday at Patan in Durg district.

He said the government

is walking on the path shown by personalities like Swami Atmanand, Dr. Khoobchand Baghel and others.

He inaugurated development works worth Rs 921 crore and performed Bhoomi Pujan in the Patan assembly

constituency, which is represented by him.

Swami Atmanand devoted his life to making quality education available to all sections. To fulfil his dreams, the government had started 701 English medium

schools in his name.

Now, Sanskrit and Chhattisgarhi will also be taught in these schools.

He said Chhattisgarhi rural and traditional sports are going extinct. He said that is why Chhattisgarh Olympics have been started.

He asked farmers to take oilseeds to Gauthans for crushing and oil extraction. The Gauthans have been made the rural livelihood centres. There is a provision of employment for the educated youth in these livelihood centres.

AIBOC CG observes 38th foundation day

STAFF REPORTER ■
RAIPUR

The Chhattisgarh unit of the All India Bank Officers Confederation (AIBOC), a trade union representing more than 3 lakh officers, on Thursday observed its 38th foundation day by unfurling the AIBOC flag at the Punjab National Bank at Motibagh Chowk here.

Vikas Upadhyay, Parliamentary Secretary, Chhattisgarh, was the chief guest at the event.

The AIBOC members took a pledge to resist the Union government's move towards bank privatization.

The association said the public sector banks should remain a help to millions of customers who have put their life's savings in them, a statement from AIBOC said.

Gambia deaths: Probe begins, samples sent to Kolkata lab

PNS ■ NEW DELHI

India's Central Drugs Standard Organisation (CDSCO) has initiated an "urgent investigation" and sought for more details from the World Health Organization (WHO), which has warned that four "contaminated" and "substandard" cough syrups, allegedly produced by Maiden Pharmaceuticals Limited based in Haryana's Sonapat, could be the reason for 66 deaths in the West African nation of Gambia.

The samples of the cough syrups have been sent to the Central Drug Lab in Kolkata for testing and affirming any possible "contamination". Government sources said the exact "one-to-one causal relation of death" has neither been

provided by the UN health agency nor the details of labels and products shared by it with the CDSCO, enabling it to confirm the identity or source of the manufacturing of the products. "Based on available information, the CDSCO has already taken up an urgent investigation into the matter with regulatory authorities in Haryana.

While all required steps will be taken, as a robust regulatory authority, the WHO has been requested to share with CDSCO at the earliest the report on the establishment of a causal relation to the deaths with the medical products in question, photographs of labels/products etc," sources said. Sources said the Union Health ministry would take all "required steps".

"WHO has been requested to share with CDSCO at the earliest the report on the establishment of a causal relation to the deaths with the medical products in question, photographs of labels/products etc," sources said. WHO has also informed India that it will share the certificate of analysis soon, they pointed out.

Haryana Home Minister Anil Viz said, "The Central government officials are gathering complete information. Samples have been sent to the Central Drug Lab in Kolkata. After reports come, stern action will be taken if anything wrong is found."

Vij said the cough syrups manufactured by the pharma company were approved for export. "It is not available for sale or marketing in the coun-

try. Whatever action has to be taken will be taken once the CDL report comes. Only after the report is in, we can arrive at any conclusion," he said. According to the sources, the WHO had on September 29 informed the Drugs Controller General of India that it was providing technical assistance and advice to The Gambia.

It had highlighted that a significant contributing factor to the deaths was suspected to be the use of medicines which may have been contaminated with Diethylene Glycol/Ethylene Glycol, and said its presence had been confirmed in some of the samples it tested.

The CDSCO said it responded to the WHO within an hour-and-a-half after receiving intimation, by taking

up the matter with the state regulatory authority. Further, a detailed investigation was launched to ascertain the facts and details into the matter in collaboration with Haryana State Drugs Controller, the source explained.

"From the preliminary inquiry, it has been made out that Maiden Pharmaceutical Limited, Sonapat, Haryana, is the manufacturer licensed by the state drug controller for the products under reference, and holds manufacturing permission for these products.

"The company has manufactured and exported these products only to The Gambia so far," sources said. It is a practice that the importing country tests the products for quality before sanctioning their usage there. According to the

tentative results received by the WHO, four out of the 23 samples tested have been found to contain either Diethylene Glycol/Ethylene Glycol.

Gambia initiates door-to-door search for medicine removal

NEW DELHI: Reports, meanwhile, stated Gambia has launched an urgent door-to-door campaign to remove the medicines from each house. The Ministry of Health has teamed up with the Gambia Red Cross Society and dispatched hundreds of young people to collect the suspect syrups through a house-to-house campaign. **PNS**

NCW issues notice to Uditraj for his remark on Murmu

PNS ■ NEW DELHI

The National Commission for Women (NCW) has summoned Congress leader Udit Raj over his 'sycophancy' remark against President Droupadi Murmu even as the BJP termed the Congress anti-tribal and demanded the opposition party's apology for his remarks. In a notice issued on Thursday, the Commission asked him to appear before it on October 10 and explain his "extremely condemnable and shameful" comments.

"No country should get a president like Droupadi Murmu. This is height of sycophancy. She says 70 per cent of people eat Gujarat's salt. Spend your life eating salt, then you will know the truth," he had remarked.

At a function recently, Murmu had noted that Gujarat manufactures 76 per cent of salt produced in the country. "It can be said that all countrymen eat Gujarat's salt," she had said. "It

is a matter of surprise and pain that Congress leaders are regularly using such undignified expressions. This exposes the party's anti-tribal mindset. The Congress should apologise," BJP spokesperson Sambit Patra said. Another BJP spokesperson Shehzad Poonawalla hit out at the Congress leader tweeting, "Udit Raj uses unacceptable language for the 1st woman Adivasi President! Does the Congress endorse this insult of Adivasi samaj?" "After Ajoy Kumar called President Draupadi Murmu as evil & then Adhir Ranjan Chaudhary used the term 'Rashtrapatni'

now Congress stoops to a new low!" the BJP spokesperson tweeted. In the notice, the NCW said, "The Commission has taken cognisance of his remark. The comments made are extremely condemnable and shameful. The Commission has sent a notice to Shri Udit Raj. NCW has scheduled a hearing and asked Shri Raj to appear before the Commission in person on October 10, 2022 at 3 pm."

Facing backlash from the BJP and other quarters over social media, the Congress leader put out a clarification on Twitter, saying his statement on President Murmu was his only and "nothing to do with the Congress".

"Her candidature & campaign were in the name adivasi, it doesn't mean she is no longer adivasi. My heart cries that when SC/ST reach to higher position, they ditch their communities & become mum," he said. But Poonawalla said nei-

ther Udit Raj nor the Congress can wash the hands off this by issuing a statement. Raj comes from the Scheduled Caste community and was elected to Lok Sabha on a BJP ticket in 2014. He joined the Congress before the 2019 polls after the BJP denied him a ticket.

"By merely tweeting this is a personal statement won't do! Congress must tell us if they will ACT ON UDIT RAJ or not for his Adivasi Virodhi statement. This is the third strike after Ajoy Kumar & Adhir Ranjan states on Murmu jii! This is not a Sanyog ! It is INC mindset," Poonawalla wrote.

NCW chairperson Rekha Sharma tweeted, "Highly objectionable statement against the Supreme power of the country and a woman who with her sheer hard work reached this position. @Dr_Uditraj must apologise for his derogatory and insulting statement. @NCWIndia is sending him a notice."

Shinde faction to meet EC to claim Sena symbol

PNS ■ NEW DELHI

The Eknath Shinde faction of Shiv Sena will meet the Election Commission on Friday to stake claim to the party's 'bow and arrow' poll symbol ahead of the Andheri East Assembly bypoll in Maharashtra. The move is seen as the Shinde faction's bid to deny the 'bow and arrow' election symbol to the Uddhav Thackeray group which has decided to field Rutuja Latke, widow of MLA Ramesh Latke, for the November 3 bypoll.

"We are meeting the Election Commission on Friday in connection with the party election symbol," Rahul Shewale, leader of the Shinde faction of Shiv Sena in the Lok Sabha, said. BJP, an ally of Shinde faction, has decided to field Murji Patel, a corporator in the Brihanmumbai Municipal Corporation, for the bypoll necessitated due to

the death of Ramesh Latke.

Congress and the NCP have decided to support the candidate of the Thackeray faction of the Shiv Sena, their coalition partner in the Maharashtra Vikas Aghadi (MVA). Shinde had raised a banner of revolt against Thackeray for entering into an "unnatural alliance" with the Congress and NCP. Over 40 of the Shiv Sena's 55 MLAs had supported Shinde, leading to the resignation of Thackeray from the post of Maharashtra Chief Minister.

Twelve of the 18 Lok Sabha members of the Sena also came out in support of Shinde, who later claimed to be the leader of original Sena. The Andheri East bypoll is the first after Shinde and the BJP unseated the MVA Government in June, and is considered as a precursor to settling of claims by Shinde and Thackeray to be the "real Shiv Sena".

Operation Chakra: 26 cyber criminals held in 115 CBI raids

PNS ■ NEW DELHI

As many as 26 alleged cyber criminals have been arrested so far under 'Operation Chakra' of the CBI to dismantle cyber crime gangs operating in the country.

The operation has been launched in coordination with State police, Interpol and agencies of other countries, officials said on Thursday.

The CBI said 16 people were arrested by Karnataka Police, seven by Delhi Police, two by Punjab Police and one by Andaman and Nicobar Police.

The central probe agency, in coordination with state police, conducted searches under the operation at 115

locations across the country on inputs provided by Interpol, FBI, Royal Canadian Mounted Police and Australian Federal Police, the officials said.

The CBI registered 11 cases against cyber criminals involved in financial fraud using the internet. While the agency conducted searches at 87 locations, 28 places were raided by the state police, they added.

"The operation intends to dismantle the infrastructure of these international cyber crime gangs in India and bring these perpetrators to justice. India's fight against transnational organised cyber crime has thus achieved a major milestone," a statement from the agency said.

SC to examine minority status for edu institutes run by minorities

New Delhi: The Supreme Court has agreed to examine whether an educational institution administered by members of a minority community would result in it being conferred the status of a minority institution.

A Bench of Justices BR Gavai and BV Nagarathna issued notices to the Uttar Pradesh Government, National Commission for Minority Educational Institutions, National Medical Commission and others while seeking their replies. The top court was hearing an appeal filed by Mahayana Theravada Vajrayana Buddhist

Religious and Charitable Trust challenging the Allahabad High Court order which observed that mere administration of an educational institution by a minority would not confer on it status of a minority institution.

The high court was dealing with the petition against the Uttar Pradesh government order, where the state government refused to treat the institution as a minority institution.

"Thus for an institution to qualify as minority institution within the meaning of Uttar Pradesh Private Professional Educational Institutions (Regulation of Admission and Fixation of Fee) Act, 2006, it should be an institution not only being administered by a minority but it also ought to have been established by the minority and it should also be notified by the State as such," the high court had said. **PTI**

SC directs States, UTs to submit report on welfare schemes for elderly

PTI ■ NEW DELHI

The Supreme Court has directed all States and Union Territories to submit information on welfare schemes for the elderly with respect to pension, old age homes in each district and level of geriatric care.

A bench of Justices Anirudhha Bose and Sudhanshu Dhulia said the report of the States shall also disclose the present status as regards implementation of the Maintenance and Welfare of Parents and Senior Citizens Act.

"We direct that schemes operating for the welfare of the

elderly with respect of (i) pension for the elderly, (ii) old age homes in each district and (iii) level of geriatric care ought to be produced before us.

"Let the respective States and Union Territories furnish the information on their existing schemes on the aforesaid three heads to the advocate-on-record of the Union of India.

After collecting information from all the respective States and the Union Territories within a period of two months, a revised status report shall be filed one month thereafter by the Union of India," the bench said.

The apex court will take up the matter for hearing in January, 2023. The top court was hearing a plea filed by former Union Law Minister Ashwani Kumar seeking setting up of old age homes with basic healthcare facilities across the country. **PTI**

SC to hear plea raising safety concerns over production of undertrial prisoners in courts

New Delhi: The Supreme Court is scheduled to hear on October 11 a plea which has raised the issue of safety at trial courts across country and said production of undertrial prisoners before court should not be ordered as a "matter of routine" on every date. According to cause list uploaded on apex court website, the petition will come up for hearing before a bench headed by Chief Justice Uday Umesh Lalit on Tuesday.

The petition, filed by advocate Rishi Malhotra, said even if trial court deems fit physical presence of an undertrial prisoner before it, the same can be ordered through video-conference from jails, especially in cases of gangsters, so public safety and security of judicial officers remain unaffected and the rights of accused are balanced. **PTI**

Birla: India calls for multilateralism as it supports rules-based global order

PIONEER NEWS SERVICE ■ NEW DELHI

Lok Sabha Speaker Om Birla has reiterated that India has always supported a rules-based international order.

"It is in this spirit that India has called for supporting multilateralism for global peace and stability so that we can unite to address the challenges facing the world and find solutions in accordance with the aspirations of the people," Birla said, addressing Presiding Officers of G-20 Parliaments on the theme "Effective Parliament, Vibrant Democracy" during the 8th Summit of Speakers of G-20 Parliaments (P20) held in Jakarta.

Rajya Sabha Deputy Chairman Harivansh is also part of the same delegation. The Lok Sabha Speaker stressed that during the glorious journey of 75 years of democracy, India's democracy has become more empowered

and vibrant and our Parliament is making continuous and consistent efforts to pave the way for inclusive social and economic development of the people.

On the sidelines of the event, Harivansh had a meeting with Deputy Speaker, National Assembly, Republic of Korea.

Speaking about the bilateral cultural ties and people-to-people contacts, Harivansh said that Buddhism played an

important role in keeping a close connect for millennia between the two countries.

On India's proposed candidature of Aparajita Sarangi, MP, for IPU Executive Committee from Asia Pacific Group which will be filled during the meeting of the Group on the sideline of the 145th IPU Assembly in Kigali Rwanda during 11-15 October, 2022, Harivansh sought the valuable support of Korea in this regard.

Railway officer: It was a case of skidding wheels due to cattle being run over

PIONEER NEWS SERVICE ■ NEW DELHI/AHMEDABAD

The newly-launched Mumbai Central-Gandhinagar Vande Bharat Express train flagged off by Prime Minister Narendra Modi suffered minor damages after hitting a herd of buffaloes in Gujarat on Thursday. No passenger was, however, injured in the incident that occurred between Gairatpur and Vatva stations around 11.15 AM.

Coincidentally, the first Vande Bharat Express too had met with the same fate when cattle was hit affecting the services just a day after it was flagged off by the PM in February 2019.

Vande Bharat Express train, running between Mumbai Central and Gandhinagar, suffers damages after a collision with a herd of buffaloes, on the railway line between the Gairatpur and Vatva station, in Ahmedabad district, on Thursday **PTI Photo**

The Varanasi Vande Bharat had hit cattle near Tundla in Uttar Pradesh when the train was heading back to Delhi from Varanasi. The rail officials maintained that it was

a case of "skidding wheels" due to a cattle run over by the train. "Vande Bharat express running between Mumbai Central and Gandhinagar Capital stations had left Mumbai this morning

The front portion of the train's engine got damaged after it hit some buffaloes that came on track around 11.15 am. The incident took place between Vatva and Maninagar areas of

Ahmedabad," Western Railway spokesperson Jitendra Kumar Jayant said.

"The damaged portion was repaired and the train was sent to Gandhinagar station. The train departed for Mumbai from the Gandhinagar Capital station at its scheduled time. No passenger was injured in the incident," he added.

Another railway spokesperson said the front portion of the engine was damaged, but no functional part of the train was harmed.

"Three-four buffaloes suddenly came on the way of Mumbai-Gandhinagar Vande Bharat, damaging the nose made up of FRP (fibre-reinforced plastic).

The train moved just after removing carcasses (within eight minutes) and reached Gandhinagar on time," he said, adding that the railway authorities were trying to counsel nearby villagers not to leave cattle near the track.

The semi-high speed train was flagged off by Modi on September 30 from Gandhinagar Capital station. This is the third Vande Bharat express train in the country.

Cong, NPF slam Centre for extending AFSPA in parts of Nagaland

PTI ■ KOHIMA

The Congress and the Naga People’s Front on Thursday denounced the Centre’s decision to extend the Armed Forces (Special Powers) Act, 1958 (AFSPA) in parts of Nagaland.

Criticising the Central government for extending the AFSPA for another six months in the northeastern state, Nagaland Pradesh Congress Committee (NPCC) president K Therie said since there was a complete ceasefire with all the Naga political groups and talks were on to find a solution to the Naga political issue, there was no requirement for

a “draconian” law like AFSPA.

On October 1, the AFSPA was extended in nine districts of Nagaland – Dimapur, Niuland, Chumoukedima, Mon, Kiphire, Noklak, Phek, Peren, and Zunheboto and 16 police station areas in four other districts – Kohima, Mokokchung, Longleng, and Wokha.

“They (the Central government and Naga negotiators) should settle the Naga issue and not keep the solution in cold storage,” Therie said, adding that enforcement of AFSPA is a “meaningless provocation”.

The Centre has been holding separate talks with the

NSCN(IM) since 1997 and the Naga National Political Groups (NNPGs) since 2017. It signed the framework agreement with the NSCN(IM) in 2015 and an Agreed Position with NNPG in 2017.

However, no final solution has been achieved to date with the NSCN(IM) remaining firm on its demand for a separate flag and constitution for the Nagas.

Denouncing the extension of the Act in parts of Nagaland, NSF president Kegwayhun Tep and general secretary Siipuni Ng. Philo said, “We condemn the over-arching approach of the central government in extending

the draconian AFSPA for another six months under the pretext of law and order problem in major parts of Nagaland.”

Describing the extension of the Act in parts of Nagaland as “uncalled for”, NPF Legislature Party leader Kuzholuzo Nienu alias Azo said, “AFSPA is imposed only when there is lawlessness and insurgency problem but now the law and order situation in Nagaland is peaceful... by and large everything is so good. Therefore the extension of the Act in Nagaland is uncalled for”.

Naga civil societies, including Naga Hoho, also

condemned the decision to extend the Act in parts of Nagaland.

The AFSPA empowers security forces to conduct operations and arrest anyone without any prior warrant besides giving immunity from arrest and prosecution to the security forces if they shoot someone dead.

Asserting that the “draconian law must go away from our land”, Naga Hoho general secretary K Elu Ndang said there cannot be true peace and mutual respect through the barrel of a gun.

“We look forward with hope for a peaceful resolution to the Naga political issue.

However, with AFSPA in place, there cannot be a true spirit of peace and tranquility,” Ndang said.

Naga Mothers' Association (NMA) advisor Dr Rosemary Dziivichii said that for sustainable peace there was no place for AFSPA.

“As mothers, we are very disappointed with the extension of the AFSPA in the state and other Naga areas, in the midst of peace negotiations and despite appeals for the repeal of this Act”.

By extending the AFSPA in parts of the northeastern state, an attempt has been made to “paint the state as a land of lawlessness and chaos”,

the Naga Students' Federation had alleged.

Following the December 4 incident in Oting village of Mon district where security forces had gunned down 13 civilians, the Naga civil societies and the state government

had been demanding revocation of AFSPA from Nagaland. For the first time since the imposition of the Act on Nagaland, the Centre on March 31 announced to withdraw AFSPA from seven of its 16 districts.

TMC accuses Centre of revenge as it loses House Panel chair

SAUGAR SENGUPTA ■ KOLKATA

A day after he lost the chairmanship of the parliamentary standing committee on Food and Consumer Affairs, senior Trinamool Congress MP Sudip Bandopadhyay on Thursday slammed the BJP Government for its “dictatorial attitude” saying the saffron party was being run on totalitarian principles.

Apparently referring to the Trinamool Congress Government’s denial to the BJP the chairmanship of Public Accounts Committee in Bengal Assembly the senior TMC MP said the Central Government functioned on the sole motto of “revenge”.

Earlier his party colleague and Rajya Sabha MP Derek O'Brien said that despite the

TMC being the third-largest party in Parliament and the second-biggest Opposition group it was robbed off the chairmanship of a standing committee.

“The third-largest party in Parliament, also the second-biggest Opposition party does not get a single chairmanship.... This is start reality of New India,” he said.

Bengal BJP MP Locket Chatterjee who was given the chairmanship of the standing committee earlier chaired by Bandopadhyay earlier thanked the BJP leadership for “giving me the responsibility and considering me capable of discharging it”. She attacked the TMC saying a “party that has destroyed democracy in Bengal had no right to lecture others on how democracy should

run.”

Bandopadhyay on his part said, “I am not only the senior most MP from Bengal but also the one who has at present won most number of times from my State,” adding he had a discussion with Union Minister Prahlad Joshi regarding the issue and was told that the step was a quid pro quo for the TMC’s denial of the PAC chair-

KUMAR CHELLAPPAN ■ KOCHI

Nine people including five school students were killed as two overspeeding buses had a head-on collision on the Thrissur-Palakkad highway late on Wednesday night. The school students were part of a school excursion team to Nilgiris when the accident occurred. The teacher accompanying them and three passengers of the Kerala State Road Transport Corporation bus, too, died on the spot in the accident. All the dead students were Plus Two students in a Church-run public school in Ernakulam suburb.

The incident shocked the President of India Draupadi Murmu and Prime Minister Narendra Modi who condole

the deaths. The Prime Minister declared a cash assistance of Rs 2,00,000 to the families of the deceased while those injured were allocated Rs 50,000 each.

Chief Minister Pinarayi Vijayan, leading a team of ministers to Norway expressed shock over the incident and has ordered a probe. Transport Commissioner S Sreejith told reporters at Thiruvananthapuram that the bus carrying the students was being driven as a speed of 97 km per hour and it was also found that the operator had altered the speed governor that limited the speed limit to 80 km per hour.

The driver of the tourist bus escaped from the accident site but was held at Kollam by the police making use of CCTV images and mobile phone calls. He has been charged with cul-

pable homicide for the death of nine persons. Owner of the bus too was arrested by the Police.

Accidents involving tourist buses that have incorporated a lot of changes like flash lights, woofers, high-decibel music which are not in compatible with the rules specified by the Motor Vehicles Department have become regular events in the State. There is widespread

complain against the KSRTC from former staff who allege that drivers with no experience in ferrying passengers were being chartered on contract basis. “Most of the drivers working with the KSRTC do not have sufficient experience in driving buses,” said PV Kuriakose, a former driver with the KSRTC who has put in 30 years of service.

Mumbai cops arrest man from Bihar for threat to Ambanis

PTI ■ DARBHANGA/MUMBAI

Calls received by a hospital run by the Reliance Foundation threatening to kill Mukesh Ambani and his family members were the latest of the threats received by the billionaire industrialist.

Mumbai Police on Thursday arrested Rakesh Kumar Mishra (30) from Darbhanga in Bihar for allegedly making calls to Sir HN Reliance Foundation Hospital here in the last two days, threatening to blow up the hospital and kill Ambani, his wife Nita and sons Akash and Anant.

The caller had also threat-

ened to blow up Antilia, the famous south Mumbai residence of the Ambani family on Altamont Road in South Mumbai.

According to the city police, this is the second instance of Ambani family getting threats on the hospital landline number.

On August 15 this year, the hospital had received at least nine calls threatening the Reliance Industries chairman and his family members, said an official. Bishnu Vidu Bhoumik (56) was arrested in connection with the calls.

In November 2021, Mumbai Police increased the security outside Antilia fol-

lowing a tip given by a taxi driver about a possible threat, but investigation found there was no such threat.

But an incident involving threat to the Ambani family earlier that year made national headlines and shook the state government.

On February 25, 2021, an explosive-laden SUV was found parked on Carmichael Road in South Mumbai, near the Ambani residence.

Police recovered a printed threat note inside along with gelatin sticks. The note this was only a “trailer” and there would be assembled explosives next time instead of just loose sticks.

Mansukh Hiran, a Thane-based businessman, told police the SUV had been stolen from his possession.

But the matter took a grim turn when Hiran was found dead in a creek in Thane a few days later, and an Assistant Inspector of Mumbai crime branch, Sachin Waze was arrested for alleged involvement in parking the SUV near Antilia and also for Hiran’s murder.

The affair also led to Mumbai Police Commissioner Param Bir Singh being shunted out. An angry Singh then accused then home minister Anil Deshmukh of asking police to

collect money from bars in Mumbai; Deshmukh subsequently resigned and the CBI registered a corruption case against him.

Mukesh Ambani currently has a Z-Plus security cover, provided by the Central government. The Central Industrial Security Force provides security to his residence.

In 2013, a letter sent in the name of terror outfit Indian Mujahidin was delivered to Ambani’s Maker Chambers office in Nariman Point area. It threatened him for supporting then Gujarat Chief Minister Narendra Modi.

Mukesh Ambani’s younger brother and industrialist Anil Ambani was in

news for reason related to security in 2009 when pebbles were discovered in the fuel

tank of his chopper. It was suspected that it was a sabotage attempt.

Behave responsibly towards nature, animal protection: Yogi

PNS ■ GORAKHPUR

It was a treat to watch Uttar Pradesh Chief Minister Yogi Adityanath holding a leopard cub in his arms and feeding it milk from a bottle during his visit to the Shaheed Ashfaqullah Khan Zoological Park in Gorakhpur on Wednesday afternoon.

The Chief Minister visited the zoological park on the occasion of National Dolphin Day held as part of Wild Animals Week 2022.

Within minutes, the Chief Minister made friends with the seemingly reluctant cub as he tolerated its tantrums smilingly, but insisted quietly on feeding it. The Chief Minister named the two leopard cubs, one of which was rescued three months ago, as Bhavani and Chandi. He also interacted with the zoo officials, including doctors, to enquire about the health of the animals.

Speaking on the occasion, the chief minister said that animals were friendly with him because they had the instinct to understand who could harm them and who would not.

He said that vulture conservation centres would be developed in Maharajganj, Chitrakoot and Gorakhpur as this species was on the verge of extinction.

“Life cycle must follow the laws of nature,” he remarked, emphasising the need for people to behave responsibly towards nature and protection

of animals.

“In Ramayana there is Aranya kand, which encapsulates the entire story of the epic. Monkeys, bears, rivers, trees and stones become Lord Ram’s friend, when he is clueless about the whereabouts of Maa Sita after she is abducted by Ravan,” he said.

The chief minister also honoured several forest officers on the occasion for their commendable work in saving and conserving wild animals. He talked about his experience with 15-month-old tigress Gita that was released to an enclosure from the cage and the rhinos brought from Assam which were rescued from Maharajganj.

Referring to the efforts of the state government for wildlife conservation and eco-tourism, Yogi Adityanath said that the process of starting the state’s first night safari in Lucknow was being expedited.

“It will promote eco-tourism, inculcate a sense of respect for wildlife, and provide entertainment,” he said, adding that the knowledge of children would also increase.

The chief minister said that the government had already announced plans to develop a tiger reserve at Ranipur in Chitrakoot district where Lord Ram spent most of his time in exile while proposals related to eco-tourism had been approved in Bijnor and Ramnagar.

Besides, he said, the gov-

ernment was setting up rescue centres for wildlife at places like Maharajganj, Meerut, Chitrakoot, Pilibhit.

Chief Minister Yogi Adityanath said that the government was also sensitive about the conservation of aquatic life and the Namami Gange project was helping a lot in this. He said that earlier 14 crore litres of sewage used to be released into the river Ganga in Sisamau of Kanpur Nagar every day, whereas now not even a drop was falling in the river from there due to the Namami Gange project.

“Now the place where the sewage fell (in the river) has become a selfie point. Similarly, due to the discharge of leather industry waste in Jajmou, aquatic creatures had become almost extinct. However, now a large number of aquatic creatures have started appearing in the river.

Speaking about dolphins in the river Ganga, the chief minister said that the government had selected the area

of Nishadraj, a dear friend of Lord Shri Ram, for its conservation. He said that now dolphins had started appearing in the Ganga in Kashi also and assured of all possible steps for the conservation of dolphins.

Chief Minister Yogi Adityanath also directed the Forest Department to set up a separate cadre of veterinary officers for the treatment and protection of wildlife.

Minister of State (Independent Charge) for Forest, Environment, Zoological Park and Climate Change, Dr Arun Kumar Saxena and Gorakhpur’s Member of Parliament Ravikishan were also present on the occasion.

Saxena said the government would soon start the facility of jungle safari in Sohagi Barwa area of Maharajganj.

It is worth mentioning here that Chief Minister Yogi Adityanath inaugurated the Gorakhpur Zoo on March 27, 2021.

Fiscal activities on upswing amid talks of global recession: UP FM

Revenue collection rose to ₹14,661 cr in Sept, says Khanna

PNS ■ LUCKNOW

Uttar Pradesh Finance Minister Suresh Khanna, on Thursday, said that the State’s revenue collection had increased to Rs 14,661.89 crore in September this fiscal, which showed that the fiscal activities in the State were on the upswing amid talks of recession across the world.

“There has been a huge increase in non-tax revenue collection in the state as there has been an increase of Rs

3,123.73 crore in the non-tax revenue items of the state. Thus, the total revenue collection in September was Rs 14,661.89 crore,” the finance minister said while addressing reporters here.

He said this increase seemed to be huge as in the month of September 2021-22 only Rs 11,538.16 crore revenue was collected.

“Different departments have been able to collect more revenue than the set target. This shows that the policies of the government are on the right

track,” he said.

The minister said that there was an increase in revenue receipt in all non-tax items while the revenue receipt decreased only in the Excise Department.

“There is a big increase in the collection of goods and services tax (GST) and value-added tax (VAT). There is a bumper collection of revenue in the Stamps and Registration Department. This month the revenue in the Transport Department increased by Rs

73.20 crore. Revenue receipts also increased in the Geology and Mining Department,” the minister said. Khanna said that the rate of VAT per litre petrol and diesel in Uttar Pradesh was less compared to other states. At present, VAT on petrol is Rs 15.08 per litre and on diesel it is Rs 12.76 per litre.

“Despite the COVID-19 pandemic and talks of recession, economic activities are on the upswing which is reflected in the revenue collection,” the minister said.

Tourists take camel safari in the deserts of Pushkar on Thursday.

PAPER WITH PASSION

Hurt & offended

Saffron sentiments have been hurt for the nth time, now over the teaser of *Adipurush*

In the saffron community, sanctimony scales a new peak every day. Members indulge in a variety of theatrics to score brownie points; the easiest one is to attack the Hindi film industry, its stars, directors, etc., on some pretext or the other. And even if there is no pretext, they create one. The latest one they have found in *Adipurush*, an upcoming mythological film based on the Ramayana. Directed by Om Raut and shot simultaneously in Hindi and Telugu, it stars Prabhas as Raghava, Kriti Sanon as Janaki, and Saif Ali Khan as Lankesh. In fact, such is the level of tetchiness that even a teaser of the film has incensed Hindutva hotheads, including Uttar Pradesh Deputy Chief Ministers Kesav Prasad Maurya and Brajesh Pathak and Madhya Pradesh Home Minister Narottam Mishra. Mishra has even warned of legal action if the objectionable scenes are not removed. Satyendra Das, Ram Temple head priest of Ayodhya, has demanded an outright ban on the movie. Das told a newspaper that the portrayal of Lord Ram, Hanuman and Ravana does not conform with the epic and thus is against their dignity. Pathak is against the movie because saints are opposed to it: “Whatever saints have said needs attention.” The other UP Deputy Chief Minister, Keshav Maurya, hasn’t even seen the teaser but is against it nonetheless. In this me-too game, nobody wants to be seen as less offended: the claim of hurt sentiments is the claim of being a bona fide Hindutva warrior.

And what, pray, has hurt Hindu sentiments? Bharatiya Janata Party spokesperson Malavika Avinash enlightened us about it: “The Ravana in the photograph that I see floating around is a guy who looks nothing Indian, has blue eye makeup and is wearing leather jackets. This is our history they are representing; they cannot do it in the guise of creative liberty.” MP Minister Mishra is hurt because “Hanumanji is shown wearing leather, whereas the description [in the scriptures] of the deity’s costume is different... These are scenes that hurt religious sentiments.” That such arguments can be made in this day and age against a work of art speaks volumes about the plight of freedom of expression in our country. To begin with, art is not a Photostat representation of reality. Which implies that an artist or filmmaker need not be accurate in everything they create. The portrayal of deities is always a creative endeavour; the creativity of conventional portrayal cannot be privileged over that of the contemporary one. Besides, if every filmmaker listens to the views of every politician and pontiff, and is forced to adhere to their views, it will become impossible for him or her to direct any movie. But that, unfortunately, has been going on for quite some time. Today the Hindi filmmaker feels so constrained that they seem unwilling to take up interesting subjects. This also explains the staleness of story ideas and resultant flops.

KCR on national stage

With his eyes set on pan-India presence, the CM relaunches TRS in new avatar

Telangana Chief Minister K Chandrashekar Rao who has shown a strong inclination to be a serious player in national politics has taken the first step towards it. He has launched Bharat Rashtra Samithi (BRS) which would be fighting the 2024 general election and catapult KCR onto the national stage. The new party is a rip-off of the Telangana Rashtra Samithi (TRS).But before the TRS aka BRS becomes a ‘national party’ it must pass the litmus test of the Election Commission which decides upon the credentials of a party for national stature. The ‘name-change’ of course has been conveyed to the Election Commission. To be a national party, it must be recognized as a state party in at least four states or has to have won six per cent of the votes in any four states and four Lok Sabha seats. Or the party must win two per cent Lok Sabha seats (11 seats) in at least three states. Right now TRS is one state party. It rules Telangana but has hardly any presence outside the state, though KCR, thanks to his forays to Delhi and presence on the dais in various public meetings is a known name nationwide. He has also established his strong credentials as a strong anti-BJP chief minister who is willing to take on the BJP in his state and elsewhere. This brings him to the national stage and is in line with the opposition parties which are trying to cobble up an anti-BJP alliance.

KCR has made his intentions clear from day one that he means business and will take on Prime Minister Modi in the 2024 elections. He is also meeting with a lot of opposition leaders and is said to have a good rapport with them. The Chief Minister Rao, before the relaunch of his party, met with several political leaders including his counterparts in other states - Mamata Banerjee, Nitish Kumar, Arvind Kejriwal and MK Stalin. Besides, Former Karnataka Chief Minister HD Kumaraswamy attended the BRS launch party. So far KCR is not trying to forge a united front against the BJP but talking to like-minded parties to come together for a common cause. As an astute politician, he knows making a front would not be easy so he seems to be avoiding it and focusing on presenting his Telangana Model of development to the rest of the country, something that Prime Minister did in his run-up to Delhi. Do we have another PM in making? We shall see.

Don’t mess with the Russians

The Ukraine-Russia conflict is snowballing into a serious crisis which could have far-reaching ramifications for world peace and economy

Trouble was brewing in the Balkans, and yet on Europe’s eastern front was gearing up for war. The partial mobilisation was ordered. The Russian army and reservists were called up, trains began to load soldiers and supplies for imminent war. Diplomatic cables out of St Petersburg claimed that “partial mobilisation” was only word-play, as the Russian military was deploying on the German and Austro-Hungarian fronts as per the “general mobilisation plan”.

With little time left, the Germans ordered the counter-mobilisation and declared war. What could have been a war between two belligerents Serbia and Austro-Hungarians and a regional local affair escalated into World War I? Serbia took a back seat and the other Great powers - Britain, France, the US, and the minor powers Italy and Ottomans began the bloodiest power play, the world had ever seen. Habsburgs and Ottomans lost empires, the Germans their Kaiser and Russians their Czar. The French were still reeling, as Britain and America emerged as supreme powers. Lord Edward Grey’s game worked, all the continental powers fought and bled dry. And as continental empires died, Russia transformed itself into the Fatherland and became the world’s first communist nation and a force to reckon with. Once again there is trouble brewing in the Balkan Kosovo, the NATO commanders in Kosovo are on “high alert” and “ready to move more troops”. Serbia and Albania both stake claim to Kosovo, while it’s under NATO protection currently and an independent country, formed after the breakup of erstwhile Yugoslavia. But a larger game is at play on the Eastern front between NATO, Ukraine, and Russia. The Ukraine crisis is being used to bleed the EU and Russia dry. And as the war escalates, humanity is again at the precipice of doom. This could very well be the start of another long and embittered conflict that will affect all of us. And has only

one winner - the US foreign policy pundits and the rising dollar.

At this point, it doesn’t matter who and why the special military operation (SMO) started. As billions of dollars and 300,000 reservists are added to the mix, the situation is almost nuclear. Russia has been pushed into a corner, and the bear is in the mood to back down. Forget what Modi said. Putin’s demeanour during the meeting clearly indicated why he thought of the Indian PM and his advice. Putin understands Indian double-speak and PR stunts knowing fairly well our choke points - Indian dependence on Russian arms and cheaper fossil fuels. So he continues to fight for the Russian motherland and the rights of Russian-speaking people beyond Russian borders. The referendum in the liberated areas of Donbas and support for the Serbian claim over Kosovo are both parts of new Pan-Slavism. But back to Ukraine, Russia is hell-bent on achieving SMO’s goals- demilitarisation, de-Nazification, and liberation of the Donbas region. With voting in progress in the liberated areas,

SPECULATION IS ALSO GETTING HIGH ON THE STOCK MARKETS AND RUMOURS OF IMMINENT RECESSION ARE ALREADY DOING THE ROUNDS. THE ENERGY AND FOOD CRISES ARE GOING TO BURST THE ARTIFICIAL FISCAL BUBBLE SOONER THAN LATER

the last goal is more or less complete. Now the military power comes in.

Despite Zelensky’s optics and broadcasts, there is no way Russia can be defeated militarily. Ukraine has already used its entire military might. The terms of engagement under SMO were quite different from their war or invasion doctrine. EU and NATO both know they cannot have regular troops fighting for Ukraine, and that means Ukraine will be given arms and money, but no muscle to use them. The International legion operating in Ukraine bolsters the tired Ukrainian army, but won’t be enough to turn the tide. And the money pouring from the EU will soon begin to dry as winter comes and the gas prices sky rocket. EU will be forced to re-divert money and leave Ukraine in the cold.

Speculation is also getting high on the stock markets and rumours of imminent recession are already doing the rounds. The energy and food crisis is going to burst the artificial fiscal bubble sooner than later. Eventually, the Biden administration would have to make a deal with Putin and

INDRA SHEKHAR SINGH

put the matter at rest. One shouldn’t be surprised if Zelensky becomes the fall guy for the West.

But if the deal comes late, the EU’s economy and Euro would plummet, whereas the Russians will be emboldened and recover faster than Germany, because they have the food and fossil fuels to outlast the EU.

But if the deal is not made, the portents of a European war are visible. There is no stopping the Russian war machine either. An escalation of war from the Ukrainian side will be worse for Europe and their armies. Without nuclear weapons, NATO nor the EU cannot match the Russian army’s full strength. Eastern Europe could be devastated, and Ukraine could be reduced to ruins over this winter. And god forbid, nuclear weapons are used, then our planet and humanity at large will risk a nuclear Christmas this year.

LETTERS TO THE EDITOR

BITTER FIGHT IN MAHARASHTRA

Sir — The battle line between good and evil runs through the heart of every man. Life is neither good nor evil, but only a place for good and evil. It was not just a place for good and evil as the two factions of Shiv Sena battled in open and that too with the war of words. And the big brother BJP is watching the proceedings silently from the sideline. Maharashtra politics turned into turmoil because of the betrayal after the ultimate winner was pushed out for vested interests and MVA was formed as politics for convenience. It is unfortunate how a constitutionally elected government could be nudged by money power and rob people of their mandate.

The pre-poll alliance was mocked despite the posters carrying Balasaheb Thackeray on one side and Narendra Modi on the other side. And the fight is going in a threatening way. A traitor stamp was given to Eknath Shinde at the same time Sena’s legacy was sold in haste by the real Sena. Thus, the burning of Ravan ended in a war of words and the action aftermath of all allegations and counter-allegations turned out to be in sour taste and not the original ideology of Babasaheb Thackeray.

PERFECT TEN FOR PONNIYIN SELVAN

Sir — Lovely narrative and the problem with the writer is the enlarged pre-conceived notions. But comparisons are inevitable and inferences are drawn as per an individual’s wealth of knowledge. But calling Kalki a failure as a writer is surprising. We can but limit it to the intrigues, mysteries, rivalries, and rampages and beyond that, well difficult to say and conclude. A marvelous cinematic experience after *Bahubali*. Supported by a rousing music score by the master AR Rahman. The Chola empire was brought up in all its glory.

The ethereal Aishwarya Rai and the beautiful Trisha light up the screen with

Death in the mountains

Ten climbers were killed after being hit by an avalanche in Uttarakhand This is not the first incident of an avalanche. Even before this people have lost their lives in such incidents in the Himalayan region. Yes, the incidence of avalanches has definitely increased over the years. Incidents of avalanches worry

because they are causing great damage to human life. Unfortunately, no such mechanism has been developed so far, by which these events can be accurately predicted.

The problem is that people’s awareness of avalanches is very low compared to other disasters. One reason for this is the occurrence of these disasters in remote, high mountainous areas. Therefore, it is difficult to gather much information about them. At the same time, it has to be understood that the cutting of trees and increasing pollution have increased this problem. Due to climate change, nature keeps showing its fierce form from time to time. Therefore, attention will also have to be paid to stop the felling of trees and controlling pollution.

Divyansha Sharma | Ujjain

their presence and performance. And in the scene where they are together, the screen is so luminous. All in all, it has been worth waiting for the movie and I just cannot wait for the second part which will release in 2023. Just a word of caution: Tamil is not conventional colloquial. It is Tamil spoken in those days. But you will get the gist of it.

CONG IN DISARRAY IN KARNATAKA

Sir — The Bharat Jodo Yatra is in Karnataka to unite the country, but it is evident that not much of ‘Jodo’ is happening in the state Congress unit due to constant one-upmanship between former chief minister Siddaramaiah and state party chief DK Shivakumar. The Karnataka Congress is faced with a conundrum with the continuing internal strife between the duo. This may affect their chances in the upcoming state elections. Despite best efforts of Rahul Gandhi the benefits of Bharat Jodo yatra may not translate into votes. The party high command has sent several messages to the state leadership to

ensure that fissures between the two seniors that have often crept up do not implode just ahead of the 2023 polls. Even during the Padyatra, one could see Rahul Gandhi being flanked by both leaders on either side or in deep discussion while walking at a slower pace. The idea is to ensure that the national walkathon undertaken by Gandhi should be a success and not hindered by the friction that the state unit may have.

Even though both the top party leaders have overtly expressed unity in the party and between themselves, their respective loyalists have left no stone unturned to showcase their support for their respective favourites, which has turned the situation even more fragile. That has led many leaders to believe that even if the Congress’s chances in the assembly polls turn in their favour, the race to occupy the chief minister’s chair could turn out to be a major hurdle.

COVID EFFECTS MAY BE RESULTING IN DEATHS

Covid after-effects could be the reason for spurt in sudden cardiac arrests

LK JHA

Doctors have reported seeing a significant surge in cases of heart attack and heart failure in the post-Covid period. Their incidence has gone up by more than one-fourth in the last one year, according to our experience at Sarvodaya Hospital, Faridabad.

After the pandemic, the incidence of heart attacks and heart failure has increased by 25-30 per cent in people who got infected with Covid. Patients who had to be hospitalized or put on a ventilator due to Covid are now much more vulnerable to heart complications, and we are seeing a considerable surge in such cases.

There are two ways by which Covid affects the heart. First is direct infection of the heart muscle, due to which it gets weakened, leading to heart failure. The second is that after Covid, a mild form of the infection persists in the body for many months. The arteries remain inflamed, leading to the tendency of clotting inside the heart. This results in heart attack and other complications. Many incidents have come to light in recent months of sudden heart attack in people after doing vigorous exercise. In these cases, the heart muscle may still be inflamed due to Long Covid, triggering a heart attack.

The social media platforms are abuzz these days with videos of artists on stage suddenly collapsing and dying, with the spectators watching the incidents with disbelief. Even some of the celebrities have succumbed to this phenomenon of becoming victims of cardiac arrests after exercise in gym or state performance. There are scopes for the people to speculate when incidents of similar nature appear on the social media platforms with short videos. There is a need to understand that we are still in the midst of the Covid-19 pandemic.

The people who had a severe form of Covid need to take precautions. It is difficult to predict heart problems in recovered Covid patients. But there are blood tests that measure inflammatory markers like ESR and High-sensitivity C-reactive Protein (hs-CRP). These can tell whether any form of infection still exists in the body, and how much is the risk. It is advisable not to do any vigorous exercise for the next six months after getting Covid infection. Only light exercises in the form of brisk walking or mild jogging are OK. Don't indulge in any kind of strength training exercises like weight-lifting or extreme treadmill because your heart may still be weak.

We have seen an increase of 30 per cent over the last five years in the number of young patients with heart attacks coming to the hospital. They are also showing up with more extensive heart complications, with multiple blockages. Our advice is not to ignore any kind of symptoms, especially pain in the chest or upper part of the stomach. If you do activities like brisk walking or climbing the stairs and feel any kind of stiffness or heaviness in the chest, you should be very mindful. Many people attribute heart-related symptoms to acidity or arthritis, but any gastritis that persists for 2-3 days is unusual.

It is important in these cases to get tests done to rule out heart problems. Diabetes and tobacco are the top two risk factors for heart disease in India. Diabetic people have three times higher chances of having a heart attack than non-diabetic individuals. Smoking is also very dangerous for the heart, due to which we are seeing many young patients with heart attacks.

(The author is a cardiologist at Sarvodaya Hospital, Sector 8, Faridabad)

Pity that women don't understand manpower

MANOJE NATH

From behind the desktop, wife can be seen indulging her pleasure of doing much pointless work

After I have undertaken my mandatory walk or stint on the treadmill, I do not undertake any wasteful expeditions. My wife is no "mechanical bride". She is as complete a human being as ever there was, and inordinately humane at that, but she is tidying up this, minding that apart from the regular chores all the time. Like planets, she is in a state of perpetual motion. Her living room is her pride, her bedroom her work of art. Having done my quota of physical activity, why should I waste man-power on frivolous movements? Parked in front of my desktop or sprawled on the bed, it gives me the vertigo to watch my wife indulging her pleasure of doing such pointless work. But women, I guess, do not understand much about man-power!

I had told my wife very early during our marriage that it takes many to solve a problem and there are various steps to solving it. My job was to reflect on the nature of the problem, so she could do the solving. That is division of labour. My wife gave me that look which she perfected in a short time living with me. The translation would run in volumes but I get it in an instant. Ever since she has gone about doing her things; I have learnt to manage to cope up with my vertigo reasonably well. But now that domestic helps are becoming a little unpredictable she expects me to join her in these mad pursuits.

I have some rule of thumb excuses to dodge the draft. "Is it necessary, we will be leaving in a couple of days, anyway?" "Is it legal?" I escaped the edict to locate the source of a leak (my version of investigating the source of Oxus) from somewhere behind the geyser. I said the municipality will have to be notified, the power supply company will have to be informed. "So the government has now entered our bathroom? And in the next move they will be sprawled right in our bedroom?" She said facetiously. But she let it pass; she was just testing me. She knew that my intervention would have resulted in flooding the bathroom anyway and a call to the National Disaster Management Authority.

During the course of the same week I was asked to go up to the terrace to see whether the help was malingering or tending to the many plants and pots. I pleaded that I had lost my cap and standing in the sun for long made me feel giddy and nauseated. My Ray Ban aviator glasses were missing. Maybe this was also just a dry run and she let me get away with this one as well. Now I know why; she was laying a perfect ambush, she trapped me on an S-bend!

My books—poor me in my untidy environment of books—are her greatest eyecore. There was a time when we could dedicate one big hall to my books, neatly displayed, easily accessible. Even in the

MAYBE THIS WAS ALSO JUST A DRY RUN AND SHE LET ME GET AWAY WITH THIS ONE AS WELL. NOW I KNOW WHY; SHE WAS LAYING A PERFECT AMBUSH, SHE TRAPPED ME ON AN S-BEND!

(The author is a former IPS officer)

middle of the night if I was seized by an urge to look up a reference or browse a few pages it was no problem.

But gone are days and in the more frugal circumstances, in the brutal struggle for existence my books have lost out to the many shelves and almirahs which according to my wife contain objects of absolute necessity. The rest of my books have been dispatched to a room on the first floor. I argued with my wife that I and my books had co-evolved. It is like my environment for me, you can't destroy my habitat. "Don't you have any concern for the sole member of that rare species called husband?" My wife said that you could survive with your thousand books and the rest of it is an indulgence." I said these are not a thousand but only six hundred. She threatened to count each one of them so I climbed down and it was agreed that if I imported some books from upstairs an equal number would have to be deported.

Now my wife has a suspicion that some illegal immigrants from the first floor are hiding in the pile. Of course my children have sent me a few hundred in the last few years, but they are all legal. I told her, "I have papers from Amazon, even for the imported ones. Don't

husbands have human rights?" "So long as they don't create a pigsty in the bedroom," she said. The clutter and the pile are intruding into alien territory of her nicely curated corner. "Don't you quote all the time "I would rather be an unsatisfied Socrates than a satisfied pig". "So, Mr. Socrates of the slums, don't be a pig."

My wife has served me notice that either I do the needful or she will take things in her own hand. And in matters like these she is an extremist. Either I find a way to somehow accommodate these books on the uppermost shelves by weeding out some for extinction or see them deported en masse. I am a human being not an uncaring cruel natural agency like evolution!

I have avoided the task so far by pointing out that the aluminium ladder has become a little unstable and by generally playing on her insecurity that her aging sixty six plus husband might take a bump. This has worked so far, but for how long? Aluminium ladders can be mended! Our departure from Patna has earned me a reprieve but how long can I be an exile?

I had asked my wife, sometime back, to buy me a pair of walking shoes and a couple of track pants. Normally I am pressured into

accompanying her on these missions because of size issues but over the years I have managed to find comprehensive strategies to evade the demand. But this time she did not say a word. I got my pair of shoes and track pants from Decathlon but the inventory included an un-indented trekking backpack, a pair of mountain trekking shoes, a rucksack, trekking gloves, trek zip off pants, a solid looking harness, and waterproof all weather multilayer peel off jacket. She sat down triumphantly. "When we get back to Patna you are going to go on your climbing expedition and plant the books in proper order, tidy up the clutter on the lower reaches and leave no waste on the top. You are equipped for every season and every eventuality, the activity is perfectly legal and does not violate any of your human rights. I checked up with our family lawyer."

It has steeled my resolution. I shall arise and go now and go to the Arctic tundra, report triumphantly for Facebook, wearing all that gear, petting a caribou or riding a sled. Chase the lions chasing antelopes and gazelles for lunch in the Serengeti Savannahs in the darkest Africa. At least I would earn some admiring oohs and aahs from known and unknown women friends!

Ukraine war: Grain trade disruption and India's role

Russia and Ukraine were breadbaskets of the world, but they have now created a global shortage of wheat

Since the war broke out in Ukraine, the international order of trading has experienced a severe jolt in terms of grain trade. Food production and export supply have rapidly decreased due to crop failures and supply chain disruptions which have failed to meet the growing global demand, further adding to global food insecurity, particularly in Africa and West Asia.

In recent years, Ukraine, along with Russia, have emerged as major players in the world grain market and are commonly considered the breadbasket of the world. Prior to the war, Ukraine and Russia accounted for 14 per cent of world wheat production and around 25 per cent of world export of wheat.

RITUPARNA KAUSHIK

ARPAN GANGULY

YASHOBANTA PARIDA

(Authors are Assistant Professors in Economics at FLAME University, Pune)

Prior to the Russian invasion of Ukraine on Feb 24, 2022, grain exports rose by 8.5 per cent between 2021 and 2022. Thereafter, grain exports are estimated (as of July 29, 2022) to have decreased by 53.2 per cent for 2022-23.

The ongoing war continues to reshape geo-political relations between nations, exposes fissures in the global supply chain, and the dominance of nations strategically situated to take advantage of the food crisis.

Continuous imposition of new Western sanction packages, blockade of Black Sea ports, loss of human life and destruction of Ukrainian agricultural fields have severely disrupted the global wheat supply.

Nations in Africa, West

Asia and Southeast Asia, sourcing their wheat from Ukraine or Russia, are facing dire shortages of grain and are in urgent need of finding alternative sources to meet their grain requirements.

On the other hand, grain shortages have also led to an increase in the price of wheat in the international market. Given this growing shortage in the world supply of wheat and rising prices (which further adds to food insecurity in developing countries), to what extent can India fill the growing void in grain trade?

India is the second largest producer of wheat in the world economy, with a share of around 13.5 per cent (107.59 MT) of total world production in 2020. However,

it accounts for a very small proportion of total world exports of wheat (1-2 per cent) with its share increasing from 0.14 per cent in 2016 to 0.54 per cent in 2020.

Nearly the bulk of wheat production is either for domestic consumption or for storage. More recently, based on a notification dated May 13, 2022, India imposed a temporary ban on wheat export due to the destruction of wheat crops caused by unprecedented heat waves in the country.

The ban was intended to ward off domestic farmers and consumers from the global grain shortage, enhance food security, and thwart inflationary pressures. This was met with criticisms from several advanced

nations who urged India to contribute to addressing growing food insecurity and fulfil its responsibility as a G20 nation. However, India has sought to maintain its trade ties with neighboring nations as it continues to export wheat to countries such as Bangladesh, Sri Lanka, the United Arab Emirates and Indonesia.

To export more wheat or not is a dual-edged sword. In terms of benefits, firstly, India can enter new and potential markets by filling the void left by Ukraine and Russia in Africa and West Asia. Secondly, greater wheat exports can potentially increase the prices wheat traders or farmers receive. Thirdly, wheat exports can help stem the

massive volume of grain wastage every year.

However, even if the Government seeks to fill the void, it should plan the move in such a way that it does not hamper local consumption but also, more importantly, ensure that wheat farmers are protected from the vagaries of global competition. The extent to which gains from wheat exports will trickle down to farmers in terms of higher MSP or higher profitability remains unclear.

Outcomes will significantly vary for farmers from richer agricultural states like Punjab (who benefited from access to large-scale production technologies during the Green Revolution) vis-à-vis those from poorer agricultural states where agricultural

networks (in terms of access to markets, input costs, irrigation facilities, or technology) remain disjointed and weak.

The equitable distribution of gains from wheat exports to the farming community will remain a potent challenge moving forward.

Moreover, the role and intervention of FCI (Food Corporation of India) add an additional layer of complication, as an increase in exports might end up drawing out stocks from the FCI (in the absence of a bumper season), which would lead to conflict with other developed nations at the World Trade Organisation stage (as FCI stocks are meant for domestic consumption and welfare programs only).

Russian rockets hit Ukrainian city

Near nuke plant

AP ■ KYIV

Seven Russian rockets slammed into residential buildings in the southern Ukrainian city of Zaporizhzhia before dawn Thursday, killing one person and trapping at least five in the city close to Europe's biggest nuclear power plant, the governor of the mostly Russian-occupied region said. The strikes came just hours after Ukraine's president announced that the country's military had retaken three more villages in one of the regions illegally annexed by Russia, the latest battlefield reversal for Moscow.

Governor Oleksandr Starukh wrote on his Telegram channel that many people were rescued from the multi-story buildings, including a 3-year-old girl who was taken to a hospital for treatment. He initially reported two people were killed but later said that one woman initially thought to have died was saved by doctors.

Photos provided by emergency services showed rescuers scrambling through rubble in the wreckage of a devastated building.

Regional authorities reported another rocket attack later in the morning, but there were no immediate details of casualties or what was struck.

The deputy head of the Ukraine president's office, Kyrylo Tymoshenko, said 10 people had been killed in the latest Russian attacks in the Dnipro, Donetsk, Zaporizhzhia and Kherson regions.

Zaporizhzhia is one of

four regions that Russian President Vladimir Putin annexed in violation of international laws on Wednesday, and is home to a nuclear plant that is under Russian occupation. The city of the same name remains under Ukrainian control.

The head of the U.N.'s nuclear watchdog is expected to visit Kyiv this week to discuss the situation at the Zaporizhzhia facility after Putin signed a decree Wednesday declaring that Russia was taking over the six-

reactor plant. Ukraine's Foreign Ministry called it a criminal act and said it considered Putin's decree "null and void." The state nuclear operator, Energoatom, said it would continue to operate the plant.

Rafael Grossi, the director-general of the International Atomic Energy Agency, plans to talk with Ukrainian officials about the Russian move. He will also discuss efforts to set up a secure protection zone around the facility, which has been damaged in the fighting

and seen staff including its director abducted by Russian troops.

Grossi will travel to Moscow for talks with Russian officials after a stop in Kyiv.

The U.S. Sent its international development chief to Kyiv on Thursday, the highest-ranking American official to visit Ukraine since Russia illegally annexed the four regions.

The head of the U.S. Agency for International Development, Samantha Power, was holding meetings with government officials and

residents. She said the U.S. Would provide an additional \$55 million to repair heating pipes and other equipment.

USAID said the United States has delivered \$9.89 billion in aid to Ukraine since February. A spending bill signed by U.S. President Joe Biden last week promises another \$12.3 billion directed both at military and public services needs. Power said Washington plans to release the first \$4.5 billion of that funding in the coming weeks.

Meanwhile, leaders from more than 40 countries are meeting in Prague on Thursday to launch a "European Political Community" aimed at boosting security and prosperity across the continent, a day after the Kremlin held the door open for further land grabs in Ukraine. Speaking in a conference call with reporters, Kremlin spokesman Dmitry Peskov said that "certain territories will be reclaimed, and we will keep consulting residents who would be eager to embrace Russia."

The precise borders of the areas Moscow is claiming remain unclear, but Putin has vowed to defend Russia's territory — including the annexed regions — with any means at his military's disposal, including nuclear weapons.

In his nightly video address Ukrainian President Volodymyr Zelenskyy said that the Ukrainian army recaptured three more villages in the Kherson region.

Novooskrysenko, Novohryhorivka, and Popovavlivka are all situated northeast of Kherson.

Ukrainian forces are seizing

back villages in Kherson in humiliating battlefield defeats for Russian forces that have badly dented the image of a powerful Russian military and added to the tensions surrounding an ill-planned mobilization. They have also fueled fighting among Kremlin insiders and left Putin increasingly cornered.

On Wednesday, the Ukrainian military said the Ukrainian flag had been raised above seven Kherson region villages previously occupied by the Russians. The closest of the liberated villages to the city of Kherson is Davydiv Brid, some 100 kilometers (60 miles) away.

The deputy head of the Ukrainian regional government, Yuriy Sobolevskyi, said military hospitals were full of wounded Russian soldiers and that Russian military medics lacked supplies. Once they are stabilized, Russian soldiers are being sent to Crimea, which Russia annexed from Ukraine in 2014. When Russian troops pulled back from the Donetsk city of Lyman over the weekend, they retreated so rapidly that they left behind the bodies of their comrades. Some were still lying by the side of the road leading into the city on Wednesday.

Ukrain's presidential office said 10 more bodies of people pulled back from the Donetsk city of Lyman over the weekend, they retreated so rapidly that they left behind the bodies of their comrades. Some were still lying by the side of the road leading into the city on Wednesday.

Zelenskyy: Putin wouldn't survive nuclear attack

AP ■ CANBERRA

Ukraine President Volodymyr Zelenskyy said on Thursday it was "hard to say" whether the risk of nuclear war had increased with his military's territorial gains, but he remains confident his Russian counterpart would not survive such as escalation in hostilities.

Zelenskyy was addressing the Lowy Institute international think tank in Sydney via video link after Ukraine's military retook ground illegally annexed by Russia last week.

Russian President Vladimir Putin has warned that he won't hesitate to use nuclear weapons to ward off Ukraine's attempt to reclaim control of Moscow-occupied areas.

Asked if the risk of Russia using nuclear weapons had risen, Zelenskyy said through an interpreter: "It's hard to say."

He questioned whether Putin had enough control over the Russian campaign to direct a tactical nuclear strike. The Russians found it "hard to control everything that is happening in their country, just as they're not controlling everything they have on the battlefield," Zelenskyy said.

Zelenskyy said Putin understood that the "world will never forgive" a Russian nuclear strike.

"He understands that after the use of nuclear weapons he would be unable any more to preserve, so to speak, his life, and I'm confident of that," Zelenskyy said.

Spain, Germany discuss energy crisis before EU summit

AP ■ MADRID

The leaders of Spain and Germany held talks in Spain Wednesday, two days before both participate in an European Union summit to discuss Europe's energy crisis derived from Russia's invasion of Ukraine.

Spanish Prime Minister Pedro Sánchez hosted German Chancellor Olaf Scholz in the northwestern city of A Coruña. The two centre-left leaders were accompanied by 15 ministers from their governments.

The EU summit in Prague on Friday will likely include discussions on Germany's plan to subsidise gas prices for its consumers and businesses, a move that has raised questions from France and Italy.

Sánchez said that he "empathises" with Germany due to its pressing need to find alternatives to Russian gas and oil, while adding that the EU should find common solutions. Both Sánchez and Scholz support reforming the EU's energy market.

"The consequences of the

war in Ukraine impact us all, but clearly it has a greater impact on the countries with a higher dependency on Russian carbon-based fuels ... so we empathise with the situation that Germany is in," Sánchez said. "(And) Germany is Europe's leading economy, so it is in all our interests that Germany does well."

Scholz, meanwhile, reiterated his support for Spain's push to build another, larger pipeline with France that could pump natural gas, and potentially green hydrogen, northwards to the rest of Europe. That plan, however, has received zero support from French president Emmanuel Macron.

Sweden seizes evidence at Baltic Sea pipeline leak site

AP ■ COPENHAGEN

Sweden's domestic security Agency said on Thursday that its preliminary investigation of leaks from two Russian gas pipelines in the Baltic Sea "has strengthened the suspicions of serious sabotage" as the cause and a prosecutor said evidence at the site has been seized.

The Swedish Security Service said the probe confirmed that "detonations" caused extensive damage to the Nord Stream 1 and Nord Stream 2 pipelines last week. Authorities had said when

the leaks off Sweden and Denmark first surfaced that explosions were recorded in the area.

The agency, which said what happened in the Baltic Sea was "very serious", didn't give details about its investigation.

But in a separate statement, Swedish prosecutor Mats Ljungqvist said "seizures have been made at the crime scene and these will now be investigated".

Ljungqvist, who led the preliminary investigation, did not identify the seized evidence. Ljungqvist said he had

given "directives to temporarily block (the area) and carry out a crime scene investigation".

Now that the initial probe is completed, a blockade around the pipelines off Sweden will be lifted, he said. The governments of

Denmark and Sweden previously said they suspected that several hundred pounds of explosives were involved in carrying out a deliberate act of sabotage.

The leaks from Nord Stream 1 and 2 discharged huge amounts of methane into the air. Last week, undersea explosions ruptured Nord Stream 2 and its sister pipeline, Nord Stream 2, at two locations off Sweden and two off Denmark. The pipelines were built to carry Russian natural gas to Germany.

Danish authorities said the two methane leaks they were

monitoring in international waters stopped over the weekend. One of the leaks off Sweden also appeared to have ended.

Russian President Vladimir Putin accused the West of attacking the pipelines, which the US and its allies have vehemently denied, noting that Russia has the most to gain in wrecking havoc on Europe's energy markets.

Separately the Swedish coast guard said "the remaining emissions is more or less unchanged", and that it was returning to its ordinary environmental rescue operations.

EU lawmakers condemn Myanmar's crackdown on media freedom

AP ■ BRUSSELS

EU lawmakers on Thursday condemned the crackdown on media freedom in military-ruled Myanmar and called for the release of "every unfairly detained journalist."

Since the military seized power in February last year, it has forced at least 12 media outlets to shut down and arrested about 142 journalists, 57 of whom remain detained.

Most of those still detained are being held under an incitement charge for allegedly causing fear, spreading false news or agitating against a government employee.

In its resolution adopted by show of hands, the EU Parliament cited the cases of BBC freelance producer Htet Htet Khine; Sithu Aung Myint, a Frontier Myanmar columnist and contributor to Voice of America; and freelancer Nyein Nyein Aye.

"Strongly condemning the military junta's violent and illegitimate rule in Myanmar, MEPs urge it to drop all politically motivated charges against the members of the press and media workers, and unconditionally release every unfairly detained journalist," the EU Parliament said.

"They also call on the junta to immediately end its abuses, including arbitrary arrests and detention, torture, sexual violence and other ill-treatment, as well as unfair trials against people working in the media."

agitating crimes against a government employee."

Htet Htet Khine was sentenced on September 15 to three years' hard labour. On September 27, a court sentenced her to a further three years, with a reduction for time served. She has been in detention since August 2021.

"We remain concerned for her safety and wellbeing in detention, and call for the release of Htet Htet Khine and other media workers who have been unjustly detained in Myanmar," said BBC Media Action Chief Executive Officer Caroline Nurexy.

Sithu Aung Myint was arrested in August 2021 along with Htet Htet Khine.

Some of the closed media outlets have continued operating without a license, publishing online as their staff mem-

21 more Malaysian scam victims return from Cambodia, Laos

AP ■ SEPANG (MALAYSIA)

An additional 21 Malaysians rescued from human traffickers in Cambodia and Laos returned home on Thursday, as the government intensified efforts to locate scam victims reported missing abroad.

Foreign Minister Saifuddin Abdullah, who met some of the returning victims at Kuala Lumpur's airport, said the government has now managed to rescue 273 people out of 401 reported missing in Cambodia, Laos, Myanmar and Thailand.

Most have returned except for 60 still in immigration detention centres in those countries who are waiting to be processed, he said at a news conference.

Saifuddin, who heads a new government group tackling the issue, said officials have stepped up measures to locate the remaining 128 people. He said most of the victims are in their 20s and urged Malaysians to check carefully before taking any jobs outside the country.

The government has pledged to rescue Malaysians caught in what has been called "modern slavery" in the region. The issue took on more urgency after a 23-year-old Malaysian died in a Thai hospital near the Myanmar border after falling prey to a human

trafficking scheme.

Some opposition politicians believe the 401 people reported missing are only a fraction of the actual number of Malaysians who have been caught in such scams. The opposition has urged the government to take legal action against local agents working with the human trafficking syndicates and ban false job advertisements.

Cambodia officials say they have uncovered numerous illegal online schemes that lured illegal workers and have arrested hundreds of people from China and Taiwan for involvement. Police said scammers, mainly from China, have used Cambodia as a base for extorting money. Apart from Cambodia, scammers are also known to have set up bases in Laos and Myanmar near the Thai border.

A UN envoy has said the scam networks, which often have links to transnational organised crime, are set up in countries with weak law enforcement, attracting educated young workers with promises of high earnings. The workers are then subject to isolation and the threat of violence unless they succeed in cheating victims reached by phone into transferring payments into overseas bank accounts.

Biden to mark IBM investment with Democrats in tough races

AP ■ WASHINGTON

President Joe Biden is ready to celebrate a new USD 20 billion investment by IBM in New York's Hudson River Valley with two House Democrats running in competitive races in next month's critical mid-term elections.

Biden is taking part in a Thursday afternoon announcement at the IBM facility in Poughkeepsie, New York.

He is expected to hold out the company's plans as part of what the White House says is a manufacturing "boom" spurred by this summer's passage of a USD 280 billion legislative package intended to boost the US semiconductor industry and scientific research.

Democrats facing tough mid-terms races have largely avoided appearing with Biden in the leadup to November's elections.

But Biden, whose approval ratings remain underwater, will be joined by two House incumbents in competitive New York races who are bucking the trend: Reps. Sean Patrick Maloney and Pat Ryan.

"When I heard @POTUS was looking to see the benefits of the CHIPS & Science Act first-hand, I told him that the Hudson Valley was the perfect place," Maloney wrote on

Twitter on Wednesday.

"I'm thrilled to host him in Poughkeepsie this week to celebrate the major wins and good-paying jobs we are delivering here in NY."

The CHIPS and Science Act, which Biden signed into law in August, was a rare piece of legislation for which the president was able to win bipartisan support.

IBM's USD 20 billion investment over the next decade is intended to bolster research and development and manufacturing of semiconductors, mainframe technology, artificial intelligence and

quantum computing in New York's Hudson River Valley, according to the White House.

"As we tackle large-scale technological challenges in climate, energy, transportation and more, we must continue to invest in innovation and discovery — because advanced technologies are key to solving these problems and driving economic prosperity, including better jobs, for millions of Americans," said Arvind Krishna, IBM's chairman and CEO.

The IBM investment comes on the heels of chip-maker Micron announcing

earlier this week an investment of up to USD 100 billion over the next 20-plus years to build a plant in upstate New York that could create 9,000 factory jobs. Maloney, chairman of the powerful Democratic congressional campaign fundraising arm, is running against Republican state Assemblyman Mike Lawler in New York's 17th District. Ryan is up against state Assemblyman Colin Schmitt in the 18th District.

The boundaries of most New York districts, including Maloney's and Ryan's, have been affected by redistricting. Ryan in August won a close special election to serve out the term of Democrat Antonio Delgado, who vacated his 19th District seat after he was appointed lieutenant governor by Democratic Gov Kathy Hochul. Ryan is running to serve a full term in the 18th District, where he lives.

Maloney, who had served New York's 18th District since 2013, decided to run in the 17th District. His Hudson Valley home fell inside the new boundaries after redistricting.

Hochul, who took office last year after Democrat Andrew Cuomo resigned amid sexual harassment allegations, is also scheduled to attend.

She's looking to win a full term in next month's election against Republican Rep. Lee Zeldin.

Lanka's Parliament defers debate on 22nd constitutional amendment

PTI ■ COLOMBO

The much-anticipated debate for the adoption of the 22nd Amendment to Sri Lanka's Constitution aimed at empowering Parliament over the executive president was deferred on Thursday as Prime Minister Dinesh Gunawardena told the House that the government will have more discussions to seek views of the opposition to make it a "meaningful" exercise.

The parliamentary debate was fixed for October 6 and 7. However, it was speculated that due to disagreements in the ruling Sri Lanka Podujana Peramuna (SLPP) party coalition the debate would not take place.

"We have decided to have more discussions to seek views of the opposition as they raised some concerns", Prime Minister Gunawardena told Parliament. "We are willing to have talks to make sure that this amendment would be meaningful. At the moment it is a useless exercise", the main opposition leader Sajith

Premadasa said in response. New dates are yet to be fixed.

The government sources said a section of the ruling coalition was in disagreement with the amendment. They do not want any pruning of presidential powers.

Some members of the SLPP went public with their opposition to 22A.

CDC, WHO, Uganda to host regional meeting as Ebola spreads

AP ■ NAIROBI

The Africa Centres for Disease Control and Prevention says Uganda next week will host a ministerial meeting on the outbreak of the Sudan strain of the Ebola virus which has no proven vaccine and which has caused alarm in the East Africa region.

Acting director Ahmed Ogwell told journalists on Thursday the three countries that suffered the devastating West Africa outbreak of Ebola in 2014-16, Sierra Leone, Guinea and Liberia, also are invited to the October 12 meeting.

The current Ebola outbreak in central Uganda has a 69 per cent case fatality rate, which Ogwell called "very high".

French writer Annie gets Nobel Prize

AP ■ STOCKHOLM

French author Annie Ernaux, who mined her own biography to explore life in France since the 1940s, was awarded this year's Nobel Prize in literature on Thursday for work that illuminates murky corners of memory, family and society.

The Swedish Academy said Ernaux, 82, was recognised for "the courage and clinical acuity with which she

uncovers the roots, estrangements and collective restraints of personal memory".

She is the first French literature laureate since Patrick Modiano in 2014.

Ernaux told Swedish broadcaster SVT by telephone that the award was "a great honor" and "a very great responsibility".

Ernaux started out writing autobiographical novels, but quickly abandoned fiction in favour of memoirs.

Anders Olsson, chairman of the Nobel literature committee, said Ernaux had used the term "an ethnologist of herself" rather than a writer of fiction.

Her more than 20 books, most of them very short, chronicle events in her life and the lives of those around her. They present uncompromising portraits of sexual encounters, abortion, illness and the deaths of her parents.

Solomon Islands leader rules out China base in his country

AP ■ CANBERRA

The Solomon Islands prime minister assured Australia on Thursday that he would not "endanger his country" by allowing China to establish a naval base in the South Pacific.

Solomons Prime Minister Manasseh Sogavare made his first visit to the Australian capital Canberra since his counterpart Anthony Albanese's centre-left Labour Party came to power at elections in May.

"Prime minister, I reiterate again that Solomon Islands will never be used for foreign military installations or institutions of foreign countries, because this will not be in the interest of Solomon Islands and its people," Sogavare told Albanese in front of reporters before their meeting began in Parliament House.

A bilateral security agreement between China and the Solomons signed early this year raised concerns of a Chinese naval base being established in the South Pacific. China has denied seeking a military foothold in the Solomons.

"My government's legacy is to safeguard the future of Solomon Islands and its people, and not to endanger the country and its citizens or the security of any forum country," Sogavare added, referring to the Pacific Islands Forum, a bloc of 18 regional neighbours that includes Australia.

The pair released a joint statement after their meeting rather than hold a customary joint press conference. The leaders "reaffirmed mutual security commitments and the Pacific family first approach to

regional peace and security", the statement said.

Australia wants the Solomons to turn to its neighbours to support its security needs rather than China.

Australia already has a bilateral security treaty with the Solomons signed in 2017. It provides a legal basis for the rapid deployment of Australian police, troops and associated civilians in the event of a major security challenge.

Australian police have been in the Solomons' capital Honiara since November to maintain peace after rioting.

Australia had led a force of Pacific Islands police and troops under the Regional Assistance Mission to Solomon Islands from 2003 to 2017. It included 2,300 police and troops from 17 nations, invited by the Solomons' government. The deployment successfully ended the conflict that killed 200 people.

In the five years of ethnic and civil unrest before RAMSI arrived, the Solomons was close to becoming a failed state.

Sogavare and Albanese embraced when they met at a Pacific Islands Forum summit in July in Fiji, in a sign that bilateral relations were mending after Australia's nine years of conservative rule.

But relations remain testy. Sogavare accused Australia of interfering in domestic politics last month by offering to pay for Solomons' elections next year.

Sogavare had argued that his country could not afford to hold elections and host the regional Pacific Games next year.

Solomons lawmakers last month voted to delay the election until 2024, which critics condemned as a power grab. Sogavare accused Australia of attempting to influence that vote with its offer to help with elections.

In the joint statement on Thursday, Sogavare welcomed Australia's commitment of 16.68 million Australian dollars (USD 10.86 million) to pay for the games and its offer of support for the 2024 elections.

China's vast Xinjiang hit with Covid travel restrictions

AP ■ BEIJING

The sprawling Xinjiang region in western China has been hit with sweeping COVID-19 travel restrictions as the government ratchets up control measures across the country ahead of a key Communist Party congress later this month.

Trains and buses in and out of the region of 22 million people have been suspended, and passenger numbers on flights have been reduced to 75 per cent of capacity in recent days, according to Chinese media reports. A notice from the regional government on Tuesday said the measures were enacted to "strictly prevent the risk of spillover" of the virus.

A Xinjiang official apologized for the spread of the epidemic to other regions and provinces in China, particularly in recent days. As is often the case with China's draconian "zero-COVID" policy, the measures seemed out of proportion to the number of cases detected. The National Health Commission announced on Thursday that 97 cases had been recorded in Xinjiang in

the latest 24-hour period, after 91 cases were reported the previous day. All of them were asymptomatic.

Officials are desperate not to be called out for new outbreaks in their regions and Xinjiang has been under special scrutiny over the government's establishment of a series of prison-like re-education centres in which Muslim minorities have been taught to renounce their religion and allegedly subjected to a range of human rights abuses.

Xinjiang's vast surveillance system, relying on ubiquitous checkpoints, facial and even voice recognition software, and universal cell phone monitoring has made controlling travel among the population especially easy.

Gambia recalls syrups blamed for 66 child deaths

AP ■ BANJUL (GAMBIA)

Gambia has launched an urgent door-to-door campaign to remove cough and cold syrups blamed for the deaths of more than 60 children from kidney injury in the tiny West African country.

Speaking to The Associated Press, the Director of Health Dr Mustapha Bittaye confirmed the wave of child deaths from acute kidney injury, sending shockwaves across the country of 2.4 million people and around the world.

The World Health Organisation has issued an alarm in response to the deaths.

"WHO has issued a medical product alert for four contaminated medicines identified in The Gambia that have been potentially linked

to acute kidney injuries and 66 deaths among children," WHO Director-General Tedros Adhanom Ghebreyesus said in a statement issued on Wednesday.

"The loss of young lives is beyond heartbreaking for their families," he said. The four medicines are cough and cold syrups produced in India, said the WHO statement.

While the contaminated products have so far only been detected in Gambia, they may have been distributed to other countries, said the statement.

The WHO is pursuing investigations with the company and regulatory authorities in India, it said.

"WHO recommends all countries detect and remove these products from circulation to prevent further harm to patients," it said.

Teaming up with the Gambia Red Cross Society, the Ministry of Health has dispatched hun-

dreds of young people to collect the suspect syrups through a house-to-house campaign.

PUBLIC NOTICE

General public is hereby informed that Mr. Bipin Devi W/o Mr. Jayant Prasad Sharma is intending to sell Residential Plot No. 10A, area measuring 105 Sq. Yds. i.e. 877 Sq. Meters, out of Khosla No. 319, Situated in the area of Village Chhapra, under Sak Lok Colony, Pargana & Tehsil Dadr, District Gauraha Buth Nagar, U.P. to Mrs. Reeta W/o Mr. Ashok Kumar, to be financed & mortgaged by my client i.e. M/s. DMV Housing Finance Pvt. Ltd. The Original Sale Deed dt. 27.10.2009 regd. vide doc. No. 12087 pertaining to the aforesaid property has been lost and complaint bearing I.R. No. 202200055376/2022, was registered on 22.09.2022 with U.P. Police. Any person(s) found in possession of aforesaid original sale deed, then kindly contact the undersigned along with original property document, within 7 days from date of this notice on below address, failing which, the claim as per aforesaid sale deed shall be treated as null and void in respect of the subject property.

N Korea flies warplanes near S Korea after missile launches

AP ■ SEOUL

South Korea says North Korea flew 12 warplanes near their mutual border on Thursday, prompting South Korea to launch 30 military planes in response. South Korea's military says eight North Korean fighter jets and four bombers flew in formation. It says the North Korean planes were believed to have conducted air-to-surface firing drills. It says South Korea responded by scrambling 30 warplanes. Earlier, North Korea fired two ballistic missiles toward its eastern waters, and South Korea conducted naval drills with the United States and Japan off the Korean Peninsula's east coast in response.

North Korea launched two short-range ballistic missiles toward its eastern waters on Thursday after the United States redeployed an aircraft carrier near the Korean Peninsula in response to Pyongyang's previous launch of a nuclear-capable missile over Japan.

The latest missile launches suggest North Korean leader Kim Jong Un is determined to continue with weapons tests aimed at boosting his nuclear arsenal in defiance of international

sanctions.

Many experts say Kim's goal is to eventually win US recognition as a legitimate nuclear state and the lifting of those sanctions, though the US and its allies have shown no sign of allowing that to happen. The latest missiles were launched 22 minutes apart from the North's capital region and landed between the Korean Peninsula and Japan, South Korea's Joint Chiefs of Staff said in a statement.

The first missile flew 350 kilometres and reached a maximum altitude of 80 kilometres and the second flew 800 kilometres on an apogee of 60 kilometres. The flight details were similar to Japanese assessments announced by Defence Minister Yasukazu Hamada, who confirmed that the missiles didn't reach Japan's exclusive economic zone. He added that the second missile was possibly launched on an "irregular" trajectory. It is a term that has been used to describe the flight characteristics of a North Korean weapon modelled after Russia's Iskander missile, which travels at low altitudes and is designed to be maneuverable in flight to improve its chances of evading missile defenses.

World Bank downgrades India's growth forecast to 6.5% for FY 23

PTI ■ WASHINGTON

The World Bank on Thursday projected a growth rate of 6.5 per cent for the Indian economy for the fiscal year 2022-23, a drop of one per cent from its previous June 2022 projections, citing deteriorating international environment.

In its latest South Asia Economic Focus released ahead of the annual meeting of the International Monetary Fund and the World Bank, the Bank, however, noted that India is recovering stronger than the rest of the world.

The Indian economy grew by 8.7 per cent in the previous year.

"The Indian economy has done well compared to the other countries in South Asia, with relatively strong growth performance... Bounced back from the sharp contraction during the first phase of COVID," Hans Timmer, World Bank Chief Economist for South Asia, told PTI in an interview.

India, he said, has done relatively well with the advantage that it doesn't have a large external debt, there are no problems coming from that side, and that there is prudent monetary policy, he observed.

The Indian economy has done especially well in the services sector and especially service exports.

"But we have downgraded the forecast for the fiscal year

that just started and that is largely because the international environment is deteriorating for India and for all countries. We see kind of an inflection point in the middle of this year, and first signs of slowing across the world," he said.

The second half of the calendar year is weak in many countries and will be relatively weak also in India, he said.

Timmer said that's mainly because of two factors. One is the slowing of growth in the real economy of high-income countries.

The other one is the global tightening of monetary policy that tightens financial markets and not just that it leads to

capital outflows in many developing countries, but it also increases interest rates and uncertainty in developing countries which has a negative impact on investment.

"So, it (India) has done relatively well. It is not as vulnerable as some of the other countries. But it's still in tough weather. It (India) has to navigate the higher commodity prices and there are more headwinds at the moment," he said in response to a question.

India is doing better than the rest of the world, he said, adding that there are more buffers in India, especially large reserves at the central bank. That's very helpful. "Then the government has very actively

IMF warns of higher recession risk and darker global outlook

AP ■ WASHINGTON

The International Monetary Fund is once again lowering its projections for global economic growth in 2023, projecting world economic growth lower by USD 4 trillion through 2026.

Kristalina Georgieva, managing director of the IMF, told an audience at Georgetown University on Thursday that "things are more likely to get worse before it gets better", saying the Russian invasion of Ukraine that began in February has dramatically changed the IMF's outlook on the economy.

Many countries are already seeing major impacts of the war on their economies. Georgieva said the insti-

tution downgraded its global growth projections already three times. It now expects 3.2 per cent for 2022 and now 2.9 per cent for 2023.

"The risks of recession are rising," she said, adding that the IMF estimates that countries making up one-third of the world economy will see at least two consecutive quarters of economic contraction this or next year.

The projections come after the OPEC+ alliance of oil-exporting countries decided on Wednesday to sharply cut production to support sagging oil prices in a move that could deal the struggling global economy another blow and raise politically sensitive pump prices for US drivers just ahead of key national elections.

reacted to the COVID crisis," he said.

The Indian government has set an example for the rest of the world, like expanding social safety nets, using digital ideas. "I think it's almost up to a million people that they are reaching at the moment. It's a good response also," he said.

At the same time, he said that he does not agree with all the policies of the Indian government.

"Especially their reaction to the high commodity prices might seem logical in the short run, but might backfire in the long run. For example, the export ban on wheat and the export ban or the very high tariffs on rice exports," he said.

They seem logical to create food security domestically, but ultimately that creates more problems in the rest of the region and the rest of the world.

OPEC output cut: Fuel price freeze gets longer

PTI ■ NEW DELHI

The record six-month-long freeze in petrol and diesel price revision in all likelihood will be extended after international oil prices rose on the announcement of deep production cuts by OPEC+.

Some of the world's top oil-producing countries on Wednesday agreed to slash production by two million barrels per day to spur recovery in oil prices that had dropped to pre-Ukraine war levels.

For India, this is bad news as a fall in oil prices in recent weeks had helped it cut down on its import bill as well as limit losses that state-owned fuel retailers were incurring on selling petrol and diesel.

Prior to the decision of OPEC+, losses on diesel had come down to about Rs 5 per litre from a peak of around Rs 30 a litre while oil companies had started making a small profit on petrol, industry sources said.

But the rise in prices of crude oil, which is refined to produce petrol, diesel and other products, and the weakening of the rupee against the US dollar would mean losses on diesel widen and margins on petrol erode, they said.

India imports 85 per cent of its oil needs and international oil prices directly dictate domestic pricing.

State-owned fuel retailers - Indian Oil Corporation (IOC), Bharat Petroleum Corporation Ltd (BPCL) and

Hindustan Petroleum Corporation Ltd (HPCL) -- have changed the retail selling price of petrol and diesel in line with the international costs for a record six months now to help the government manage runaway inflation.

This prize freeze led to the firms booking losses on fuel sales as oil prices rose to a multi-year high of around USD 120 per barrel during May/June. Prices had started to ease in August and dropped to January levels last month.

The basket of crude oil that India imports had dropped to USD 84.75 per barrel on September 27 but the spurt in international oil prices following the OPEC+ decision led to rates rising to USD 92.17 on October 5.

Oil firms were hoping to recoup the losses they had

booked since April if the declining trend was to continue but the reversal means they are back to square one, sources said.

IOC, BPCL and HPCL are supposed to revise the retail price of petrol and diesel daily in line with cost. But they froze rates for a record 137 days beginning November 4, 2021, just as states like Uttar Pradesh went to polls. That freeze ended on March 22 this year and rates went up by Rs 10 per litre each in just over a fortnight before a new freeze came into effect from April 7.

Petrol currently costs Rs 96.72 a litre and diesel Rs 89.62 in the national capital. This is down from Rs 105.41 a litre price on April 6 for petrol and Rs 96.67 a litre for diesel as the government cut excise duty to cool rates.

Stock markets rise for 2nd session, Sensex gains 156 pts

PTI ■ MUMBAI

Benchmark BSE Sensex rose by 156 points while the Nifty closed above the 17,300 level on Thursday after gains in metal, IT and capital goods shares amid foreign capital inflows.

Rising for the second straight session, the 30-share BSE benchmark advanced 156.63 points or 0.27 per cent to settle at 58,222.10.

The index opened higher and later jumped 513.29 points or 0.88 per cent to a day's high of 58,578.76 on gains in metal, FMCG, IT and oil stocks. However, profit booking in select banking and tech stocks in the closing session trimmed the gains. The broader NSE Nifty advanced 57.50 points or 0.33 per cent to end at 17,331.80 as 27 of its shares ended in the green.

Among Sensex shares, Tata Steel, Larsen & Toubro, ICICI Bank, HCL Technologies, Infosys and Axis Bank were among the winners.

However, Bharti Airtel, Hindustan Unilever, IndusInd Bank, HDFC and Bajaj Finance were among the laggards.

Vinod Nair, Head of Research at Geojit Financial Services said, "The Indian market is maintaining its resilience despite mixed cues from global equities and surging oil prices. Both domestic and foreign investors are supporting the rally."

The market was also bolstered by expectations on Q2 results session, with improvement in sectors like metal, IT, and realty, Nair added.

"Weakness in European indices and SGX Nifty slipping into the red prompted investors to cut their bullish bets. But key domestic benchmarks still ended in the green thanks to traders betting big on IT, metal and realty stocks."

"However, inflationary concerns worldwide and central banks hiking interest rates persistently has spooked markets and kept investors on tenterhooks on worries of a global slowdown," Shrikant Chouhan, Head of Equity Research (Retail), Kotak Securities Ltd, said.

In the broader market, the BSE smallcap gauge jumped 1.30 per cent and midcap index climbed 1.13 per cent.

Among the BSE sectoral indices, metal jumped 3.89 per cent, capital goods (2.34 per cent), realty (2.15 per cent), industrials (1.96 per cent), commodities (1.67 per cent) and power (1.61 per cent).

FMCG and telecommuni-

cation were the laggards.

Elsewhere in Asia, markets in Seoul and Tokyo ended higher, while Shanghai and Hong Kong settled lower.

Stock exchanges in Europe were trading in the negative territory in mid-session deals. The US markets ended marginally lower on Wednesday.

The domestic equity markets were closed on Wednesday for the Dussehra festival.

In the previous session on Tuesday, the BSE benchmark had jumped 1,276.66 points or 2.25 per cent to settle at 58,065.47. The Nifty rallied 386.95 points or 2.29 per cent to end at 17,274.30.

Meanwhile, the international oil benchmark Brent crude futures climbed 0.14 per cent to 93.50 per barrel.

Foreign institutional investors were net buyers as they bought shares worth Rs 1,344.63 crore on Tuesday, according to data available with BSE.

Rupee falls 32 paise to close at all-time low of 81.94 against US dollar

PTI ■ MUMBAI

The rupee plunged 32 paise to close at an all-time low of 81.94 (provisional) against the US dollar on Thursday amid high volatility as firm crude oil prices weighed on the local unit.

At the interbank foreign exchange market, the local currency opened on a positive note at 81.52, then pared all the gains to settle at an all-time low of 81.94 against the American currency, registering a decline of 32 paise over

its previous close.

During the day, the local unit witnessed an intra-day high of 81.51 and a low of 81.94 against the greenback.

On Tuesday, the rupee appreciated by 20 paise to end at 81.62 against the US dollar.

The forex market was closed on Wednesday on account of Dussehra.

"Rupee, after appreciating marginally on Tuesday, is again starting to come under pressure. The dollar strengthened after services PMI and private payrolls numbers from

the US came in better than estimates," said Gaurang Somaiya, Forex & Bullion Analyst, Motilal Oswal Financial Services.

India's service sector activity falls to 6-month low in Sept amid inflationary pressures: PMI

PTI ■ NEW DELHI

The Indian services sector activity fell to a six-month low in September, as new business inflows rose at the slowest rates since March, amid inflationary pressures and competitive conditions, a monthly survey said.

The seasonally adjusted S&P Global India Services PMI Business Activity Index fell to 54.3 in September, from 57.2 in August, highlighting the weakest rate of expansion since March.

For the fourteenth straight month, the services sector witnessed an expansion in output. In Purchasing Managers' Index (PMI) parlance, a print above 50 means expansion, while a score below 50 denotes contraction.

"The Indian service sector has overcome many adversities in recent months, with the latest PMI data continuing to show a strong performance despite some loss of growth momentum in September," said Pollyanna De Lima, Economics Associate Director at S&P Global Market Intelligence.

The upturn was reportedly restricted by price pressures, an

increasingly competitive environment and unfavourable public policies, the survey said.

Lima further noted that the steep depreciation of the rupee seen towards the end of the month due to interest rate hikes in the US present additional challenges to the Indian economy.

"Currency instability poses renewed inflation worries as imported items become more costly, and undoubtedly means that the RBI will continue hiking interest rates to protect the rupee and contain price pressures," Lima said.

On September 30, the monetary policy committee (MPC) of the Reserve Bank of India (RBI) raised the key lending rate or the repo rate to 5.90 per cent — the highest since April 2019.

FMCG sales remained subdued in Q2; cos expect recovery in coming months

PTI ■ NEW DELHI

The country's FMCG industry continued to face challenges of retail inflation and slowdown in rural areas in the second quarter but expects demand to improve in the second half of this fiscal.

Leading makers such as Marico, Godrej Consumer Products Ltd (GCPL) and Dabur in their quarterly updates said demand across categories in the industry continued to remain soft during the second quarter on account of continued impact on unprecedented inflation.

However, the companies expect that in the remaining two quarters of the fiscal, mod-

erating inflation and the festive season should support consumption growth in the second half.

"With the moderation in inflationary pressures due to correction in commodity prices, and the monsoon largely being on track (apart for a few states), we expect consumption to improve in the second half of the year," GCPL said in its quarterly updates.

Commerce Minister Piyush Goyal, India's G20 Sherpa Amitabh Kant, Quality Council Of India Chairman Adil Zainulbhai, Secretary Department for Promotion of Industry and Internal Trade (DPIT) Anurag Jain, Additional Secretary DPIT Anil Agrawal and QCI Secretary General Dr Ravi P Singh at the celebrations of completing 25 years with the motto "Gunawatta se Atmanirbharta". On the occasion, Goyal said, "With all the festivals coming up, there is no better festival than celebrating India's quality, and it should become the DNA of every citizen." Renowned musician Sukhwinder Singh composed a special anthem for the occasion that celebrates the positive change brought into people's lives via multiple avenues.

Airtel 5G service goes live in 8 cities, customers to pay as per 4G plan

PTI ■ NEW DELHI

Bharti Airtel on Thursday said its 5G services have gone live in eight cities of Delhi, Mumbai, Chennai, Bengaluru, Hyderabad, Siliguri, Nagpur and Varanasi.

The customer availing 5G services will have to pay as per their existing 4G plan, it said. "Airtel has been at the forefront of India's telecom revolution for the last 27 years. Today marks one more step in our journey as we build out the finest network to deliver the best experience for our customers."

"For us, our customers are at the core of everything we do. Our solution will therefore work on any 5G handset and the existing SIM that customers have," Bharti Airtel Managing Director and CEO Gopal Vittal said in a statement.

Bharti Enterprises Founder

and Chairman Sunil Mittal had announced launch of 5G service in 8 cities on October 1.

A company spokesperson said that customer will be able to avail the services as per their 4G plan. Airtel subscribers getting 5G signals in their area can switch to 5G but if they find that 5G is consuming high data than can switch back to 4G network. "Access to 5G is optional," the spokesperson said.

At present, 5G models of Apple, Samsung, Xiaomi, Vivo, Oppo, Realme and OnePlus are compatible with Airtel 5G Plus service. The compatible models include Samsung's flagship devices including Fold series, Galaxy S 22 series, Samsung M32, iPhone 12 series and later models, Realme 8s 5G, Realme X7 series, Realme narzo series, Vivo X50 onwards smartphones, Vivo IQOO series, Oppo Reno5G Pro and other device.

RBI asks credit info companies to appoint internal ombudsman by April 1

PTI ■ MUMBAI

The Reserve Bank of India Thursday asked Credit Information Companies to appoint internal ombudsman by April 1 next year in order to improve the efficiency of their grievance redressal mechanisms.

The Internal Ombudsman (IO) will not handle complaints received directly from the complainants or members of the public and, instead, deal only with the complaints that have already been examined by the CIC but have been partly or wholly rejected by the CIC, the RBI said in a circular. In order to make the Reserve Bank-Integrated Ombudsman Scheme (RB-IOS) 2021 more broad based, central bank in August this year.

Sebi clarifies on guidelines pertaining to instruction slips for share pledging

PTI ■ NEW DELHI

To curb the misuse of Power of Attorney (PoA) given by clients to stock brokers, Sebi on Thursday widened the scope of the Demat Debit and Pledge Instruction (DDPI) for pledging and repurchasing of securities for margin purposes.

Mutual fund transactions executed on stock exchange order entry platforms and tendering of shares in open offers through stock exchange platforms will also be covered under the DDPI, the Securities and Exchange Board of India (Sebi) said in a circular.

The DDPI serves the same purpose of PoA and significantly mitigate the misuse of PoA. The guidelines, which will be effective from November 18, also comes against the back-

drop of instances of misuse of PoAs.

"In view of the representations by and consultations with broker associations and depositories, it has been decided to widen the scope of DDPI to include mutual fund transactions being executed on stock exchange order entry platforms and tendering shares in open offers through stock exchange platforms," Sebi said.

'Half of digital transformation over, cost-to-income ratios on tech spends plateaued'

PTI ■ MUMBAI

HDFC Bank has completed over half of the digital transformation work it had undertaken over two years ago and is past the peak on tech spends as a percentage of the income, a senior executive said on Tuesday.

It can be noted that concerns on the digital front had led to an unprecedented penal action on the largest private sector lender from the RBI, including a complete ban on launching new digital initiatives and also an embargo on selling new credit cards around two years ago.

PROTEAS BEAT INDIA IN 1ST ODI

PTI ■ LUCKNOW

Below-par death bowling coupled with ordinary fielding and batting, except for Sanju Samson and Shreyas Iyer, hurt a second-string Indian team as it slumped to a nine-run defeat against South Africa in the rain-truncated first ODI of the three-match series here on Thursday.

Opting to bowl in the rain-hit 40-over-a-side game, India started on the right note reducing South Africa to 110 for 4 in 22.4 overs before David Miller and Heinrich Klaasen hit strokeful half-centuries to guide South Africa to 249 for 4.

Down at 110 for four, Miller (75 not out off 63 balls) and Klaasen (74 not out off 65 balls) added 139 runs for the unbroken fifth wicket to take the visitors to close to 250-run mark.

Shardul Thakur was the pick of the bowlers for India with figures of 2/35 from eight overs.

The Indian bowlers struggled in the death overs, conceding 54 runs in the last five overs.

If that was not enough, the Indian fielders dropped as many as four catches in the outfield to help South Africa's cause.

Chasing a stiff target of 250, Samson (86 not out off 63 balls) and Iyer (50 off 37 balls) struck fifties, while Shardul Thakur (33 off 31 balls) used the long handle to good effect towards the end but it was not enough in the end.

India endured a disastrous start to their chase, losing both Shubman Gill (3) and skipper Shikhar Dhawan (4) cheaply to be reduced to 8 for 2 inside six overs.

While Kagiso Rabada cleaned up Gill in the third over, Dhawan inside-edged one on to his stumps from a Wayne Parnell delivery in the sixth over.

Ishan Kishan and debutant Rituraj Gaikwad then tried to sta-

bilise the innings with a 48-run partnership for the third wicket before the latter was stumped by Quinton de Kock off the bowling of Tabraiz Shamsi as India slumped to 48 for 3 in 16.4 overs.

In the reserves for the T20 World Cup squad, Iyer helped his cause with a 37-ball 50 and together with Sanju Samson shared 67

runs for the fifth wicket to keep India in the hunt.

Iyer decorated his innings with eight hits to the fence before handing a simple catch to Rabada at mid-on off Lungi Ngidi's bowling.

But Samson and Thakur kept India in the hunt with an attacking 93-run partnership of just 64 balls for the sixth wicket.

With India needing 45 off the last three overs, Ngidi struck twin blows, dismissing Thakur and Kuldeep Yadav in successive balls to hand South Africa the upper hand.

Needing 30 off the last over, Samson tried his best, smashing one six and three fours but to no avail.

Earlier sent into bat, South Africa made a relatively slow start,

reaching 41 for no loss after 10 overs.

India skipper Shikhar Dhawan's decision to bowl was justified by new ball bowlers Mohammed Siraj and Avesh Khan.

Siraj, in particular, was brilliant as he swung the ball both ways to trouble the Proteas batters initially but without any luck.

Dhawan introduced Shardul Thakur in the ninth over and in two balls the pacer gave his team the first chance, inducing an edge from Janneman Malan but Shubman Gill dropped a sitter at the first slip.

But Shardul got his man four overs later as Malan flicked one straight to Shreyas Iyer at short mid-wicket.

Leg-spinner Ravi Bishnoi was taken to task by South Africa skipper Temba Bavuma (8) as he conceded 31 runs from his first three overs.

Bavuma, who was struggling for runs in the preceding T20I series, reverse-swept and drove Bishnoi for two boundaries in the 14th over.

But Bavuma's short and attacking innings was cut short by Thakur, who went through his defence as the batter registered another single digit score in the tour.

Kuldeep Yadav gave India another breakthrough soon, cleaning up Aiden Markram for a duck with a sharp leg-spin.

Quinton de Kock went about his business in quiet fashion and held one end together before perishing in the 23rd over.

De Kock scored 48 off 54 balls with the help of five boundaries before he was trapped in front of the wicket by Bishnoi as South Africa slumped to 110 for 4 in the 23rd over.

Two overs later, Miller effortlessly struck the visitors' first six of the innings, straight over long-on boundary off the bowling of Bishnoi.

Miller and Klaasen then took the attack to the opposition. Miller played sensibly and dispatched the loose balls to the boundary to record his 18th half-century off 50 balls with the help of four boundaries and one hit over the fence.

Klaasen soon followed suit and registered his fourth ODI fifty in 52 balls. Death over bowling continued to haunt India as Miller and Klaasen brought up their century partnership in just 84 balls.

To add to that, India dropped as many as four catches, displaying poor outfield fielding standards.

Pretorius ruled out of T20 World Cup

PTI ■ LUCKNOW

South African allrounder Dwaine Pretorius has been ruled out of the ongoing ODI series in India and the upcoming T20 World Cup due to a fractured left thumb, Cricket South Africa (CSA) said on Thursday. The pace bowling all-rounder, who was the joint-highest wicket-taker for South Africa in the T20 World Cup last

Playing in IPL helps in passing information easily: Rabada

PTI ■ LUCKNOW

Playing in the IPL helps gather information on Indian cricketers which can be easily passed on for analysis during national duty, says South African pace ace Kagiso Rabada.

The South African quick, who is currently in India for a white-ball series, has gained a lot of popularity in the country due to his impressive stints with Delhi Capitals and Punjab Kings in the IPL. "It is something we have prepared before going into the series. Lucky enough with leagues like the IPL, we play a lot with these players and

against them as well, so information can be easily passed around," Rabada told the broadcaster ahead of the first ODI.

"Analysis has been done and has to be done," he added. The right-arm, who will lead the South African pace attack at the T20 World Cup later this month in Australia, sees ODIs as an extension of the shortest format of the game. "I think T20 and One-Day cricket are kind of similar, it is just a longer version of it. "You have similar game-plans and obviously it is less pressure than T20s, I would say the processes are pretty similar."

year, sustained the injury during the third T20I against India in Indore -- the only match he played in the series.

He had returned with figures of 3 for 26 as South Africa won the match by 49 runs for a 1-2 result in favour of India.

"The nature of the injury requires surgical intervention and Dwaine will consult the Cricket South Africa designated hand surgeon on arrival in

South Africa," CSA chief medical officer Dr Shuaib Manjra said.

Pretorius has featured in eight T20Is so far in 2022, taking 12 wickets at an average of 20.66 and most importantly, scoring quick runs with the bat down the order.

"Normal rehabilitation procedures will follow to ensure he speedily returns to playing cricket," Manjra said.

India to face Pakistan in women's Asia Cup today

PTI ■ SYLHET

India would expect that opener Shafali Verma comes out of the lean patch she has been enduring for some time and the team extends its domination of Pakistan when the two arch-rivals clash in their women's Asia Cup T20 match, here Friday. The Indian team gave ample game time to its fringe players, making as many as eight changes in the last two games, but against Pakistan -- one of title contenders -- the Harmanpreet Kaur-led side is expected to have full strength team on the field.

Pakistan are coming into the contest after suffering a shock four-wicket defeat at the hands of minnows Thailand on Thursday.

The two sides currently occupy the top two spot in the points table with India, who have won three games on the trot, leading the table.

While an India-Pakistan tie always generates hype, the recent two matches between the two sides failed to produce a close game with India winning comfortably. India were at their ruthless best as they brushed aside Pakistan at the Commonwealth Games in July. In fact, India have won the last five meeting against the neighbours in the format easily.

After being rested for a game each, the star openers Shafali Verma and Smriti Mandhana will be expected to provide a strong start.

The big-hitting Shafali will be feeling the pressure as she still looks low on confidence. She was able to spend some time in the middle in the match against Malaysia but looked scratchy and far from her best.

The teenager will be eager to shake

off the rust and play some dominant knocks with the T20 World Cup fast approaching.

On the other hand, Mandhana and skipper Kaur are coming off stellar performances in the white-ball series against England. Jemimah Rodrigues, who returned to the side after a wrist injury, is in imperious touch.

After notching up her career-best score in the opener, she brought her second consecutive half-century of the tournament and along with all-rounder with Deepti Sharma inspired a win against UAE.

The bowlers have continued to be clinical in all three games.

On the other hand, Pakistan batters, who were hardly tested in the wins over Malaysia and Bangladesh, had the perfect opportunity to get some runs under their belts. But, barring opener Sidra Ameen who scored a fifty, they failed to impress, failing to breach the 120-run mark against Thailand.

Their bowling attack, which has been clinical in the tournament, had few runs to defend. Their batters will have their task cut out against a confident and firing India bowling attack.

TEAMS (FROM)

India: Harmanpreet Kaur (c), Smriti Mandhana, Deepti Sharma, Shafali Verma, Jemimah Rodrigues, Sabbineni Meghana, Richa Ghosh (wk), Sneha Rana, Dayalan Hemalatha, Meghna Singh, Renuka Thakur, Pooja Vastrakar, Rajeshwari Gayakwad, Radha Yadav and KP Navgire.

Pakistan: Bismah Maroof (c), Aiman Anwer, Aliya Riaz, Ayesha Naseem, Diana Baig, Kainat Imtiaz, Muneeba Ali, Nida Dar, Omaira Sohail, Sadaf Shamas, Sadia Iqbal, Sidra Ameen, Sidra Nawaz.

Paine out cheaply on return from sexting scandal

AP ■ BRISBANE

Former Australia captain Tim Paine was out cheaply on Thursday in his first match since a sexting scandal ended his international career, with his return failing to inspire his state side Tasmania.

The 37-year-old quit as Test skipper last November on the eve of the Ashes campaign against England when lewd text messages he sent to a female colleague in 2017 were about to be made public.

A week later he took leave from all forms of cricket for the "foreseeable future" as the scandal took its toll.

But he never retired and Tasmania coach Jeff Vaughan declared him physically and emotionally ready to return this week.

"Physically he is probably in the greatest spot of his physical career," said Vaughan. Emotionally he is sound."

Paine strode to the crease at the Allan Border Field against Queensland in the Sheffield Shield to a warm welcome from a modest crowd.

But batting at seven, the veteran wicketkeeper lasted just 19 balls for his six runs, edging a short-pitched delivery from Gurinder Sandhu to Matthew Renshaw at slip as Tasmania slumped to 74-6.

Praneeth, Aakarshi win singles title

PTI ■ SURAT

Top seed B Sai Praneeth of Telangana and Chhattisgarh's Aakarshi Kashyap produced superlative performances to claim the men's and women's singles badminton gold medals respectively in the National Games here on Thursday.

While Praneeth, a former world championships bronze medallist, had to work hard for his 21-11 12-21 21-16 victory over Karnataka's Mithun Manjunath in the men's singles final, Aakarshi saw off top seed Malvika Bansod of Maharashtra 21-8 22-20 in the women's singles summit clash.

Thirty-year-old Praneeth's success meant that Telangana grabbed three gold medals in badminton. They had won the mixed team and women's doubles titles earlier.

Praneeth dominated the opening game, jumping to an 8-2 lead and never looking back. However, Mithun came

back stronger in the second game but eventually could do nothing but acknowledge that he was outplayed.

"Once the game started to drift away from me, I played it cool to concentrate

for the third game," said Praneeth.

Mithun kept pace with Praneeth for the most of the third game but the experienced campaigner did enough to quell the challenge

of his young opponent.

"Once I took the lead at 16-15, I played it safe. I saw Mithun was tiring and I had just put the shuttle in," said Praneeth, who finished the match with a smash.

Gambhir-led India Capitals wins LLC title

PTI ■ JAIPUR

India Capitals made a stunning recovery after stumbling early to defeat Bhilwara Kings by 104 runs and lift the Legends League Cricket trophy here.

Former New Zealand skipper Ross Taylor sizzled with a fiery 41-ball 82. He slammed eights sixes and four boundaries and along with Aussie veteran Mitchell Johnson (62 off 35), led the Capitals' stunning revival to post a daunting 211/7 after being sent in at the Saiwari Mansingh Stadium on Wednesday.

The Gautam Gambhir-led side was rattled to be 21/4 inside the first five overs with Rahul Sharma (4/30) and

Monty Panesar (3-0-13-2) inflicting early blows. But Taylor held the fort in the duos' 126-run stand that came off just 60 balls.

Later, Windies powerhitter Ashley Nurse finished off in style with a 19-ball 42 not out with one six and six boundaries.

In reply, the Kings' openers, Morne van Wyk (5) and William Porterfield (12), were out inside the first four overs.

A lot depended on the broad shoulders of Yusuf Pathan (6), but he did not last long. Shane Watson (27) was unfortunate to be run out, while Jesal Karia (22) showed promise but could not carry on for long.

HAALAND NETS BRACE IN CITY'S WIN

AP ■ PARIS

Erling Haaland continued his remarkable goalscoring form by netting twice as Manchester City thrashed FC Copenhagen 5-0 in the Champions League on Wednesday, while Chelsea saw off AC Milan to revive their hopes of reaching the last 16.

HOLDERS Real Madrid survived a spirited challenge from Ukrainians Shakhtar Donetsk at the Santiago Bernabeu to win 2-1 and extend their advantage in Group F.

Lionel Messi scored but Paris Saint-Germain were held to a 1-1 draw by Benfica in Lisbon.

Haaland went into City's game against Copenhagen at the Etihad Stadium having becoming the first player in Premier League history to score three successive home hat-tricks in Sunday's demolition of Manchester United.

The Norwegian slammed in the opening goal on seven minutes with his weaker right foot before prodding in a rebound for his second 25 minutes later.

The 22-year-old has now scored 28 times in his 22 Champions League appearances, already breaking Ruud van Nistelrooy's record for most goals in a player's first 30 games in the competition.

"I've never witnessed anything like it in my life," City's Jack Grealish told BT Sport.

"For the first and second goals I was just laughing. He is always there.

"The 'keeper said something to me as I was walking back. He said 'He's not human!' I said 'You're telling me?' Hopefully he can carry on this form and take us to glory."

Visiting centre-back Davit Khocholava put through his own net, with Haaland waiting behind him, to make it three before half-time.

Haaland was denied a fourth City treble as he was replaced at the interval, but a Riyad Mahrez penalty and Julian Alvarez's fourth goal for the club completed the rout.

Pep Guardiola's men remain three points clear of second-placed Borussia Dortmund in Group G and will qualify for the knockout phase with a victory in the Danish capital next week.

Jude Bellingham scored for the third time in as many Champions League outings as Dortmund romped to a 4-1 victory at Sevilla.

The Spanish club responded to the defeat -- and a desperately poor start to the season which has left them 17th in La Liga -- by sacking coach Julen Lopetegui shortly after the final whistle.

CHELSEA EASE TO 1ST WIN

Chelsea ended their wait for a win in Group E as goals from Wesley Fofana, Pierre-Emerick Aubameyang and Reece James sealed an impressive 3-0 triumph over Italian champions AC Milan at Stamford Bridge.

The Blues made it back-to-back victories under new boss

Graham Potter to set up a crucial clash at the San Siro in six days' time.

Chelsea are second in Group E, level on points with third-placed Milan, one point behind leaders Salzburg who edged out Dinamo Zagreb 1-0.

"It's easier when you win games," said Aubameyang. "The mood is very good at the moment. We'll try to keep it up."

Shakhtar put on a battling display in Madrid, with goalkeeper Anatoliy Trubin making 11 saves, but could not overcome a two-goal deficit against Real.

Goals in the first half-hour from Rodrygo and Vinicius Junior put Real in control and the 14-time champions made it three wins from three in Group F despite Oleksandr Zubkov's effort for Shakhtar.

Madrid will be sure of a last-16 spot if they can beat second-placed Shakhtar next time out.

RB Leipzig are just a point

behind Shakhtar after Joe Hart's error helped the Germans down Celtic 3-1.

The former England goalkeeper's poor pass led to Andre Silva restoring Leipzig's lead in the second half before the Portugal striker netted again late on.

BENFICA HOLD PSG

Benfica remain level on points with leaders PSG at the Group H summit after a hard-fought draw against one of the tournament favourites.

Messi produced a trademark left-footed finish into the top corner after a neat exchange of passes also involving Neymar and Kylian Mbappe to score his 127th Champions League goal in the 22nd minute.

Benfica levelled four minutes before the break as Danilo Pereira scored an own goal and both sides spurned chances to win in the second half.

Messi only scored 11 goals

Walker in WC fitness race after groin surgery

AP ■ MANCHESTER

England defender Kyle Walker faces a race to be fit for the World Cup after Manchester City revealed he had undergone groin surgery.

Walker suffered the injury in the first half of City's 6-3 victory against Manchester United at the Etihad Stadium on Sunday.

No timescale has been put on his return but it is understood City believe he still has a chance of playing at the World Cup, which gets under way for England against Iran in Qatar on November 21.

"Kyle Walker has undergone surgery after suffering a groin injury to his left leg during the first half of our 6-3 win over Manchester United on Sunday," a City statement said on Thursday.

in 34 games in his first season for PSG last term, but already has eight in 13 this time around.

"It's normal, it takes a little time," PSG skipper Marquinhos told Canal Plus. "Now he feels a little more comfortable... I hope Leo Messi has a great season until the end to win this title."

Kyrgios reaches Japan Open quarter-finals

AP ■ TOKYO

Nick Kyrgios roared back from a "frustrating" first set on Thursday to reach the quarter-finals of the Japan Open, defeating Polish player Kamil Majchrzak 3-6, 6-2, 6-2.

Despite his slow start, the maverick Australian emerged victorious in typical crowd-pleasing style, showing off with aggressive aces and some exaggeratedly effortless points.

The 27-year-old, who was knocked out in the last eight at the US Open, said that despite Majchrzak breaking his serve, there was "never really doubt in my mind that I was going to win".

Kyrgios, whose lawyer appeared for him at a court hearing in Australia this week for a charge of common assault, will face either third-seeded US player Taylor Fritz or Japan's Hiroki Moriya in the quarter-finals.

Fritz has had a "breakthrough year", fifth-seeded Kyrgios said, while the crowd in Tokyo is bound to get behind home favourite Moriya.

"Either way, it's going to be a tough match."

"I wanna win for me" Earlier in the day, Frances Tiafoe

came through a second set battle to secure a spot in the quarter-finals, saying he wasn't bothered by rising expectations.

The 24-year-old American, who has been in the spotlight since beating

Rafael Nadal on the way to a first Grand Slam semi-final at the US Open last month, beat Spaniard Bernabe Zapata Miralles 6-1, 7-6 (9/7).

The American breezed through the first set before Miralles fought back to

take the second to a tie-break that saw some of the best rallies of the 1hr 32min encounter.

"Good match today, tough second set," said Tiafoe, who has won his last 13 tie-breaks.

"Sometimes it tips well your way. I'm playing very aggressive, I'm serving well in the tie-breaks, always a couple of aces."

He will face Miomir Kecmanovic in the last eight, after the Serb beat Britain's Dan Evans 6-3, 3-6, 7-6 (7/4).

After stunning Nadal at Flushing Meadows, Tiafoe played a starring role at the Laver Cup in London where his Rest of the World Team beat Europe for the first time in the competition's history.

But the fourth-seeded player, currently world number 19, said he was comfortable with all the attention he is receiving.

"I don't really care about what other people think I should be doing because I've had recent success. "You know: 'Oh, is he going to be the next...?', " he said.

"I've been on tour for seven or eight years now, none of that really moves me. I wanna win for me, I'm not trying to achieve anybody else's goals

Xabi Alonso replaces Seoane as Bayer Leverkusen coach

AP ■ LEVERKUSEN

Former Liverpool and Real Madrid midfielder Xabi Alonso has been named as Bayer Leverkusen's new coach, replacing Gerardo Seoane after he was dismissed by the Bundesliga club on Wednesday.

"Bayer and Gerardo Seoane go their separate ways. World and European Champion Xabi Alonso becomes new head coach of the Werkself," the club said on their Twitter account.

Leverkusen confirmed the departure of the Swiss coach in the wake of Tuesday's 2-0 loss at Porto in the Champions League.

As a player, Alonso won the 2010 World Cup and two European Championships with Spain. He also lifted the Champions League trophy with both Liverpool and Madrid.

He managed Real Sociedad's reserve team in his home Basque region for three years until May, seeing them promoted to Spain's second tier for the first time in 60

years, before they were relegated at the end of last season.

2ND INNINGS

Jorge Sampaoli is set to begin his second stint as Sevilla's coach after the Spanish club announced his hiring on Thursday.

Sevilla said the 62-year-old Argentine agreed to a contract for the remainder of this season plus one more.

Sampaoli already coached Sevilla in 2016-17 before leaving to take over Argentina.
