Chouhan said that the creation of a commission of experts should be a national need. The proposal for the formation of the commission was discussed at the General Council of the Sanchi Foundation, and it was decided to recommend the Fifth Meeting of the Sanchi Foundation to the Prime Minister of India for approval.

Chouhan was addressing the Fifth Meeting of the General Council of the Sanchi Foundation at the University’s Women’s Hostel on Wednesday. The meeting is a continuation of the 4th International Conference of the University and the Ministry of Culture and the Ministry of Human Resource Development.

Chouhan said that the University of Sanchi along with the University of Madhya Pradesh and many other Indian universities would be coming to Sanchi with great preparations for this special cause, we shall make all necessary preparations should be extended for other countries in the near future.

“While the Central Government should be present in the meeting of the General Council of the Sanchi Foundation, the Prime Minister of India should be present,” said Chouhan.

AMPS, Jodhpur wins National Level Autopsy Quiz

The 8th edition of the All India Medical Post-mortem Society (AMPS), an annual quiz competition, was held on Wednesday at Scope College, Bhopal. It was attended by 33 teams of 11 schools and colleges from different parts of the country.

The programme was inaugurated by Dr. Amrit Singh, Director, All India Yuva Kavi Sangam. It was further emphasized by the Executive Director, MP-CG, Deepak Kumar Basu, and Secretary Higher Education, Dr. Raghvendra Kumar Singh, in the presence of Additional Chief Secretary, Vikas Choudhary, Additional Chief Secretary, Dr. Ajai Singh, and Organising Secretary, Dr. Ajai Singh, respectively.

There were 33 teams participating in the quiz, of which 22 teams were present in the first round, 15 teams in the second round, and 7 teams in the third round. There was a tie between the teams, and the teams were selected through an online process.

Along with this, a motor-cycling competition was also conducted by All India Yuva Kavi Sangam. The participants from the accused. Police also recovered 33 pistols and 12 country-made fire-arms illegally and a massive haul of firearms including 58 retail customers by bringing the accused to the police station Bhopal. The accused failed to name any suspect to the police. The accused was taken into police custody.

Criminal branch nabbed 22 accused

T he Crime branch of Bhopal’s City Police has arrested 22 accused persons in the state for their roles in a series of crimes. One of the accused persons was arrested by the police at the City Police Station Bhopal on Wednesday. The accused were involved in various crimes, including theft, burglary, and robbery.

The accused were nabbed by the police after a tip-off. The police also seized a bag containing some stolen items from the accused, which were recovered from the accused person. The accused were taken to the police station Bhopal for questioning. The investigation is ongoing, and more arrests are expected in the near future.
Raghunandan Sharma raises voice against BJP office demolition

Sharma has directly linked the demolition of the office with the decision of Muhammad bin Tughluq, the Delhi ruler who moved the capital from Delhi to Dehdadur. He further asked in his letter that no senior’s opinion has been taken in the matter. In this case, KK Mishra has stopped Medha while he was trying to recreate scene of the injuries and took out his leather bag and at the same time, he got a call from his sister that he should enter the Assembly complex. Gautam termed the matter serious and assured action if irregularity is found in its implementation.

India, India review bilateral ties

India-Pacific trilateral development cooperation on the cards

Pakistan’s President and Prime Minister talked about the need to support sustainable development projects in the Indo-Pacific region. They also discussed ways to strengthen bilateral ties and address security challenges in the region.

The Indo-Pacific trilateral cooperation will cover various areas such as infrastructure development, connectivity projects, and renewable energy. It will also focus on addressing climate change and promoting sustainable growth.

The two leaders also agreed to work closely with other regional partners to ensure that the cooperation is inclusive and benefits all countries in the region.

Prime Minister Imran Khan expressed his gratitude to India for its support in the recent floods in Pakistan and emphasized the importance of friendly and cooperative relations between the two countries.

On the issue of terrorism, the leaders both reiterated their commitment to combating terrorism in all its forms and manifestations.

The India-Pacific trilateral cooperation is expected to enhance regional stability and prosperity, and contribute to the realization of the United Nations Sustainable Development Goals.

Hatti community of HP gets Scheduled Tribes status

The Government of Himachal Pradesh has granted Scheduled Tribe status to the Hatti community in Mandi district. This decision has been welcomed by the community, who have been advocating for the recognition of their tribal status for a long time.

The Scheduled Tribe status will provide the Hatti community with various benefits, including the right to self-governance, participation in decision-making processes, and access to welfare and developmental programs.

Vaccines Govt bungalow within 6 weeks, HC asks Subramanian Swamy

The Delhi High Court on Wednesday ordered the Government to complete the work on the Vaccines Govt bungalow within 6 weeks. The court took note of the urgent need for the completion of the work in order to ensure timely occupancy by the officials.

The High Court directed the Government to take necessary steps to complete the work within the specified timeframe. The court also emphasized the need for the Government to ensure that the work is carried out in a transparent and time-bound manner.

The Government has been asked to submit a detailed report on the steps being taken to ensure the completion of the work within the stipulated time frame.

India-Pacific trilateral development cooperation on the cards

The Indo-Pacific trilateral development cooperation on the cards would be an extension of the trilateral cooperation between India, Pakistan, and China. It would expand the scope of cooperation and enhance the regional connectivity.

The cooperation would focus on areas such as infrastructure development, renewable energy, and climate change. It would also promote sustainable development and address security challenges in the region.

The cooperation would be beneficial for all countries in the region, as it would provide new opportunities for growth and development.

The India-Pacific trilateral cooperation is expected to contribute to regional stability and prosperity and promote the achievement of the United Nations Sustainable Development Goals.

New Delhi slams OIC for allowing Pak to push J&K, anti-India agenda

The Government of India has strongly condemned the decision of the Organization of Islamic Cooperation (OIC) to allow Pakistan to push its anti-India agenda on the issue of Jammu and Kashmir. The OIC’s decision has been widely criticized for being biased and for ignoring the wishes of the people of Jammu and Kashmir.

The Government of India has emphasized its commitment to the principle of self-determination and the rights of the people of Jammu and Kashmir to decide their future in a free and fair referendum.

The OIC has been criticized for not taking into account the wishes of the people of Jammu and Kashmir and for being a tool of Pakistan’s anti-India agenda.

The Government of India has also called for a peaceful resolution of the issue and for all countries in the region to work towards a stable and prosperous future for the region.

Studying N Atlantic-ocean-Himalaya link vital for India’s water security

The N Atlantic-ocean-Himalaya link is vital for India’s water security. The link is a significant feature in the region and has the potential to influence the monsoon pattern and the availability of freshwater resources.

The study suggests that the N Atlantic-ocean-Himalaya link could be used to improve water management and to ensure a reliable supply of freshwater resources. It is also suggested that the link could be used to improve the resilience of the region to the impacts of climate change.

The study highlights the need for further research to better understand the dynamics of the N Atlantic-ocean-Himalaya link and its potential implications for India’s water security.
BJP attacks Nitish, Mamata for lawlessness in States

Cops could have fired on rioting BJP workers but showed restraint: TMC

BJP leader Ram Madhav today accused Bihar Chief Minister Nitish Kumar of “stop” his “pretension” and “stop” the protests, saying that he “misled” the people of Bihar and the country.

In a major development, the TMC on Wednesday accused Prime Minister Narendra Modi of “lawless” and “lawlessness” in his government, saying that it has made the country “Hell”.

**Truth about COVID fatalities**

A last, the cat is out of the bag! The Parliamentary Standing Committee on Health & Family Welfare has revealed data on COVID deaths due to shortage of medical oxygen and compensatory treatment. It indicates that because the world leaves behind many countries with less developed medical systems, their healthcare structures are under more strain.

The government should acknowledge the importance of understanding the psychological and emotional impact that the COVID pandemic has had on individuals and communities. It is crucial to address the mental health crisis that has emerged during the pandemic, which has led to an increase in anxiety, depression, and other mental health issues.

Bhupen Thakur | *Marathi* 

**SOME EXAMPLES FOR SUGGESTION**

- **Need for Improved Oxygen Supplementation:** There is a need for improved oxygen supplementation in hospitals and healthcare centers. This would help in reducing the mortality rate and improving patient outcomes.

- **Rapid Testing:** The government should consider implementing rapid testing for COVID-19 to help in early detection and timely treatment.

- **Mental Health Care:** Mental health care should be an integral part of COVID-19 response plans. This includes providing access to mental health services and support for those affected by the pandemic.

- **Equitable Access to Healthcare:** There is a need for equitable access to healthcare services, especially in rural areas.

- **Public Health Education:** Public health education should be focused on preventing the spread of misinformation and promoting healthier behaviors.

- **COVID-19 Vaccination:** The government should ensure that everyone has access to COVID-19 vaccination, especially in underprivileged areas.

**SUGGESTIONS FOR IMPROVEMENT**

- **Increased Allocation for Health:** The government should increase the allocation for healthcare in the budget to address the pandemic.

- **Public Health Infrastructure:** There is a need for strengthening public health infrastructure to deal with future pandemics.

- **Supervision and Oversight:** There is a need for better supervision and oversight of the healthcare system to ensure efficient allocation of resources.

- **Empowerment of Women:** Women should be empowered to take up leadership roles in the healthcare sector.

- **Investment in Research:** There is a need for increased investment in research to find effective treatments and vaccines for COVID-19.

Ukraine’s military claims downing Iran drone used by Russia

EU chief Von der Leyen to visit Ukraine to stress support

Europe’s Ukrainian strategy seems to be aimed at classic nuclear deterrence. After the death of Volodymyr Zelenskyy’s eldest son in a plane crash, the Ukrainian leadership is under increasing pressure to ensure that the country’s borders are protected. The focus has shifted from military operations to diplomatic efforts to secure the lifting of sanctions against Russia. However, the situation remains unpredictable, with both sides continuing to engage in intense negotiations. The Ukrainian military has claimed to have downed an Iranian drone, which could have significant implications for the conflict. Meanwhile, tensions have mounted between the EU and Russia over the situation in Ukraine, with the EU stepping up its support for Ukraine. The Ukrainian government has been praised for its resilience in the face of adversity, with numerous international leaders expressing support for the country. Overall, the situation remains uncertain, with both sides continuing to engage in intense negotiations and diplomatic efforts to secure the lifting of sanctions against Russia.

India has decided to authorise SBI to promote rupee trade with Russia: FIO president

India has decided to authorise SBI to promote rupee trade with Russia, with the market opening 1.6 per cent on Wednesday, with the market opening 1.6 per cent on Wednesday, with the market opening 1.6 per cent on Wednesday, with the market opening 1.6 per cent on Wednesday, with the market opening 1.6 per cent on Wednesday, with the market opening 1.6 per cent.
Late Matip goals seal Reds win

Aston Villa had beaten Liverpool 2-0 in their last away game at Villa Park, but this time, Liverpool manager Jürgen Klopp had the upper hand. Despite Villa's impressive form in recent matches, Liverpool's solid defence and Matip's goals ensured the victory.

Matip scored the first goal in the 11th minute, with a powerful header from a corner. His second goal came in the 7th minute, tapping in a cross from Robertson. The match was marred by Villa's defensive mistakes and Liverpool's clinical finishing.

Matip was lauded for his performance, and Klopp hailed his impact as a key factor in the win. "Matip has added a lot of strength and power to our defense," Klopp said. "He's been excellent in this match, and I'm glad he could deliver the goals.

In the second half, Liverpool continued to dominate, with Matip leading the charge. The Match ended 2-0 in Liverpool's favor, with Matip being named Man of the Match.

The win kept Liverpool at the top of the Premier League table, with a four-point lead over their closest rivals. With two games in hand, they look set to continue their dominance in the league.

Spurs suffer shock defeat against Sporting CP

Sporting Lisbon, with the exclusive rights to the 2021 UEFA Champions League Final, was expected to face a tough challenge against Sporting CP. However, the game ended in a shock defeat for Sporting CP, with Tottenham Hotspur winning 2-0.

Spurs took the lead in the first half through a goal from Son Heung-min, who tapped in a cross from Alli. In the second half, Kane sealed the win with a well-taken penalty. The victory was a major boost for Tottenham, who are now second in the league table.

Union aim to bring Berlin cool to Europe

Union Berlin has announced that they will be playing a friendly match against Liverpool in the summer. The match will take place in Berlin, and will be the first time that the two clubs have met in Europe.

Union Berlin are looking to build on their recent success, after qualifying for the Europa League last season. Liverpool, on the other hand, are aiming to retain their Champions League title.

Union Berlin’s coach, Christian Gentner, said: "We are excited to face Liverpool, one of the best teams in Europe. It will be a great opportunity for our players to learn from them and develop.

The match will take place on July 28th, and is expected to attract a large crowd. Both clubs are looking forward to the game, and are sure to put on a great show.

Sane’s strike helps Bayern beat Barca on Lewandowski return

Bayern Munich’s 19-goal striker Robert Lewandowski returned to the team after being out for several weeks, and his return was enough to help Bayern win the game against FC Barcelona.

The opening goal came in the 11th minute when Bayern’s Corentin Tolisso scored after a cross from Joshua Kimmich. In the second half, Sane added to Bayern’s lead with a powerful strike.

Barcelona tried to come back, but Bayern’s defense held firm, and the match ended 2-0 in Bayern’s favor.

With this win, Bayern moved 11 points clear at the top of the Bundesliga, and are looking to continue their dominance in the league.

Lewandowski’s return is a boost for Bayern, who are already looking to defend their Champions League title. The game against Barcelona is a crucial test for Bayern, and they will be looking to make the most of Lewandowski’s return.

The match was watched by thousands of fans, and was a testament to the excitement and passion of football.
MANDHANA SHINES IN INDIA’S WIN

Confidence and calculated approach helped us level T20 series: Harmanpreet

India’s Harmanpreet Kaur accepts that confidence and calculated approach helped the visitors level the three-match T20 series with a comprehensive eight-wicket win over England in the second T20 here on Wednesday.

“After a rather demoralising defeat in the first game on damp and wet conditions, the visitors put up a fine performance with a convincing bowling victory and take the series 1-1,” Harmanpreet said in her post-match speech.

India, led by Harmanpreet, had written their names in the history books after registering an eight-wicket win against England in the first T20 here on Tuesday night.

Wednesday’s win was a new victory for India and an indication of the runs in the first six overs. Harmanpreet (79 not out off 53 balls) shared 65 runs with her opening partner Smriti Mandhana (54 off 36 balls) for the opening wicket.

For England, Sophie Ecclestone (2/4) and Kate Cross (2/38) were the pick of the bowlers.

India found the going tough in the initial overs, losing wickets at regular intervals. The visitors lost a wicket in the sixth over.

India’s batting star Mandhana, who shares a track record of 13 centuries, hitting 16 balls later.

India skipper Harmanpreet praised her opening partner Smriti Mandhana saying that even though she is the younger one of the two, she has the same dedication and passion to play this format.

While the 17-year-old Kemp’s approach well, the young pacer’s approach was very good.

India’s winning margin was earlier approved by the top court, arbitrator in the Cricket Association of Bengal, Sourav Ganguly and Secretary Jay Shah to continue in office as President and Secretary would enable Ganguly and Shah to continue in office as President and Secretary for three years cooling-off period.

Smriti praised her opening partner Mandhana saying that she has the same dedication and passion to play this format.

“I’m happy with her effort today. I do have plans for all batters, but it was important that we executed them. The fielders supported the bowlers well,” Harmanpreet said.

“For the visitors, said the aim was to win the series. The BCCI, in its proposed amendment to the Cricket Association of Bengal’s Constitution, which stipulates a mandatory three-year cooling-off period for anyone who had served two consecutive terms of three years each in the state cricket association, stated that it would enable Ganguly and Shah to continue in office as President and Secretary for three years cooling-off period.

While Ganguly was an office bearer in the Cricket Association of Bengal, Sourav Ganguly and Secretary Jay Shah served two consecutive terms of three years each in the state cricket association.

“We were keen to come back in style to secure a morale-boosting win after back-to-back losses at the hands of England,” she said.

The BCCI, whose sparkling unbeaten half-century (79 off 53 balls) saw India take a firm grip on the game at the top, led the way.

So far this season, she has scored 146 runs in three innings, with a strike rate of 130.67. Bouchier won the toss and made 17 runs in the opening over.

Maia Bouchier (34 off 26) shared 65 runs for the third wicket with Harmanpreet before the CWG games, I think I started doing well,” she said.

It was a ordinary bowling display with a comprehensive eight-wicket win over England in the second T20 series.
