BJP releases sting 'video of bribes to Sisodia, AAP for liquor licences'

**STAFF REPORTER / NEW DELHI**

Delhi BJP chief Harshvardhan had a "sting operation" video that purportedly showed the father of a liquor scam accused being bribed by AAP leaders. The video was released on the eve of the upcoming BMC polls. The BJP said the video was "proof of the AAP's corruption and treachery. Those who be-

Party to launch 'Bharat Jodo Yatra' from Sept 7

T he BJPs led Central Government is using agencies like Central Investigation (CBI) and Enforcement Directorate (ED) to terrorise the party, said Congress leader P. Chidambaram on Monday. The Central agencies are being destabilised by money laundering and fake banks. Efforts are being made in a systematic manner to sabotage the Constitution, dismantle the federal structure, democracy and unity and territory of the country, which was told at a recent India Congress Committee (ACC) meeting by Rajya Sabha MP Arvind Aditya at a press conference here.

The assets of the country are being plundered at a huge level. Economically, in the interest of which they are setting is not the target. The prime goal is to make one Indian right another, said Chidambaram.

The party, with an aim to join the country together and fight economic and political issues, will kick-start a 2300 km yatra from Khajuraho in Madhya Pradesh on September 7 from where Mr. Vishwanath Mahata will come to Delhi on September 14 and from Delhi on September 16.

Congratulations Dr. Simita Mishra

D r Simita Mishra with Dr. Pranab Das and Dr. Indrani Biswas received the highest 36 new cases recorded 179 new Covid-19 patients in the state.

On the second day, the event was attended by Prabodh Rath, Srjan director Guru Ratikant Padhi, Addl. Chief Secretary, Minister of Tourism, Odia Language and Literature. racing to observer some of the future stars.

Prince Philip

P rince Philip, Duke of Edinburgh, has died aged 99, Buckingham Palace has announced. The Duke, the longest-serving consort in British royal history, died peacefully at Windsor Castle at 04:00 on Friday morning.

The Duke was the husband of Queen Elizabeth II, who was relieved after his death. The Duke, who had been married to the Queen for 73 years, had been ill for several weeks before his death.

The Duke of Edinburgh was a key figure in British royal history and was known for his dedication to public service. He was the longest-serving consort in British royal history and was known for his dedication to public service.
A recent survey by the Regional Environment Officer (REO) for the Coastal Zone Management Project (CZMP) in Odisha has revealed that about 40% of the coastline in Odisha is under the threat of erosion. The study, which was conducted between July and September 2021, found that the erosion rate varies from 2 to 5 meters per year in different areas. The REO noted that the main cause of erosion is the reduction of natural vegetation along the coastline, particularly mangroves and other coastal plants. The study also highlighted the need for immediate action to protect the coastline and prevent further damage. In a bid to address the issue, the state government has announced plans to plant mangroves and other coastal plants along the affected areas. However, experts believe that more needs to be done to tackle the problem, such as improving coastal infrastructure and reducing human activities that contribute to erosion. The study also highlighted the importance of involving local communities in the planning and implementation of coastal protection measures.

teaching in mother tongue more effective for developing talent. Preparing research for publication in the "Journal of Educational Psychology".

"In this context, the researchers from the upcoming "Future of Education" conference held in Delhi, will present their findings on the impact of teaching in mother tongue on students' performance. The conference, which aims to bring together educators and researchers from around the world, will focus on exploring innovative teaching methods and strategies to enhance student learning. This study contributes to the ongoing discourse on the role of language in education and highlights the potential benefits of teaching in the mother tongue.

The findings of this study have implications for policymakers, educators, and parents. They can inform decisions on language policy in educational settings and support the implementation of teacher training programs that emphasize the use of mother tongue in education. By doing so, it can contribute to the development of a more inclusive and effective educational system that empowers students from diverse linguistic backgrounds.

In conclusion, the research indicates that teaching in mother tongue is an effective practice for developing talent. It can lead to improved academic performance and foster a sense of belonging and identity among students. As the world continues to become more diverse, promoting the use of mother tongue in education becomes increasingly important in creating equitable learning environments for all students.

For more information on the study, please visit the "Journal of Educational Psychology" website. For updates on the "Future of Education" conference, follow their social media accounts. To stay informed on the latest research in education, subscribe to reputable academic journals and stay connected with fellow educators and researchers.

PAPER WITH PASSION

The man who broke the Soviet Union

BY GORBACHEV

Gorbachev, the man who oversaw the collapse of the erstwhile USSR, has no method. His methods are questionable; his intentions are not.

It is indubitable that there is a lot of magic in the political arena; it reeks of corruption and shenanigans.

Similarly, Shiv Sena has also started its media campaign on Sunday where the citizens were given special roles that teachers play in our lives.

SOREN SURVIVES

Soren has won the trust vote in Assembly, but there is a big question mark over whether the entire process will continue.

Undoubtedly, India is facing a major economic slowdown as it struggles to contain inflation. The Reserve Bank of India has raised interest rates several times this year to try to cool down the economy. However, this approach has not been effective.

The stigmatisation of sexual assault survivors is similar to privatizing. He felt that Stalin's time, no effort was made to protect the victim's dignity.

The Communist party of China, under the leadership of Deng Xiaoping, started a program of economic reforms known as 'Reform and Opening' in 1978. This program aimed at transforming China from a predominantly agricultural economy to a modern industrial one. It included measures like liberalisation of trade, privatisation of state enterprises, and the establishment of Special Economic Zones (SEZs) in coastal areas.

A four killed by Russian shells, says Ukraine

The ministry said Ukraine also confirmed the deaths of at least 18 other soldiers in the previous 24 hours across several regions of the country. Most of the casualties were in the eastern Donetsk region, where at least 16 people were killed and four were wounded. A Ukrainian defense minister said Monday that at least 13 civilians were killed in Russian shelling in the previous 24 hours across several regions of the country.

The pace of the counteroffensive will likely change dramatically from day to day as Russian forces work to starve Ukraine’s civilian population, according to Russian security analyst. Most of the casualties were in the eastern Donetsk region, where at least 16 people were killed and four were wounded. A Ukrainian defense minister said Monday that at least 13 civilians were killed in Russian shelling in the previous 24 hours across several regions of the country.

China locks down 6.5 cr
Discourages holiday travel following outbreak of Covid in 33 cities, including 7 provincial capitals

BEIJING
China has locked down 6.5 million people in 33 cities as the country continues to grapple with an outbreak of the Omicron variant that has spread across the nation.

The measures, announced on Friday, are part of a broader campaign to contain the pandemic and prevent it from spreading further. The lockdowns include restrictions on movement, lockdowns of certain areas, and the closure of schools.

The government has also called for a reduction in holiday travel, particularly to areas with ongoing outbreaks.

The measures come as the country is preparing to mark the 100th anniversary of the founding of the Communist Party of China, which is seen as an important event for the government to showcase its ability to control the pandemic.

The lockdowns are expected to have a significant impact on the economy, with many businesses and factories forced to close.

The government has warned that the outbreak could have serious economic implications, particularly if it spreads to other regions.

The measures also come as the country is preparing to host the Winter Olympics in February, which will be a major event for the government.

The government has been praised for its efforts to control the pandemic, but the outbreak has raised concerns about its ability to prevent it from spreading further.

The measures are expected to continue for at least two weeks, and the government has called for a strict adherence to the lockdowns.

India's services sector activity saw a sharp upturn in August, with manufacturing output also doing relatively well, a survey showed on Monday.

**India's services sector activity**

In July, data had suggested a slower pace of growth in the services sector, but the upturn in August appears to indicate a stronger gain in new business, according to the Purchasing Managers' Index (PMI).

In Purchasing Managers' Index (PMI) for India released by S&P Global, the services sector witnessed an expansion in output.

The services sector PMI, which is a monthly survey of purchasing managers in various services industries, showed an increase in new orders and output.

The services sector PMI for India in August was 59.5, up from 57.6 in July, indicating a strong expansion in the services sector.

**Bank of India's views on public sector banks and NPAs**

Bank of India said on Monday that the non-performing assets (NPAs) for the current year will be Rs 1.51 lakh crore.

The NSE Nifty advanced 7.61 points or 0.22 per cent high in the domestic stock market.

The BSE smallcap gauge climbed 216.78 points or 3.77 per cent.

Gold prices traded marginally lower on Monday as the government, being owner of gold, is not in a position to sell the metal.

According to government officials, the government has no plans to sell off its gold reserves as a way of averting a situation that could cause financial sanctions from international bodies.

**Commercial vehicles industry**

The Reserve Bank of India (RBI) has eased norms for financing the commercial vehicles industry.

The central bank has said that all commercial vehicle (CV) companies, including those in the two-wheeler segment, will be eligible to use non-performing assets (NPAs) for financing the commercial vehicles industry.

The RBI has also said that commercial vehicle companies can use non-performing assets (NPAs) for financing up to 10 per cent of their total financing requirement.
Krygios stuns world No.1 Medvedev

AT NEW YORK

Australians Nick Krygios were defending champion Daniel Medvedev found himself out of the US Open on Sunday as US Open runner-up Grigor Dimitrov of Bulgaria beat the fourth seed for the first time in the final.

“The symmetry is amazing,” Dimitrov said of Medvedev, who had never had a chance to get comfortable during a match where tennis was a never-ending Storytelling match, making it a tough day for Dimitrov.

The Romanian, who beat Medvedev in the Davis Cup final last November, said of the match, “I think that both of us are really good players and I think that we are both really determined to win. I think that we have a lot of respect for each other and I think that we are both really happy to be on court today.”

AT NEW YORK

David Medvedev said Nick Kyrgios had never played better and his 6-7 (7-6), 7-6 (7-5), 7-6 (7-5) win over the third seed on Sunday was a testament to the young Spaniard’s talent.

Medvedev had been looking forward to the match, saying it was his last chance to play for the Australian Open title and he was determined to make the most of it.

The match was a grueling one, with both players showing off their skills and intelligent play. It was a tough battle, with neither player able to gain an advantage.

Kyrgios, who was beaten by Novak Djokovic in the final of the Australian Open last year, said of the match, “I think that it was a really tough match. I think that both of us were really determined to win and we were both really happy to be on court today.”

The 23-year-old Kyrgios, seeded 13th in the tournament, said of the match, “I think that it was a really tough match. I think that both of us were really determined to win and we were both really happy to be on court today.”

At the end of the match, Kyrgios said, “I think that it was a really tough match. I think that both of us were really determined to win and we were both really happy to be on court today.”

The match was a grueling one, with both players showing off their skills and intelligent play. It was a tough battle, with neither player able to gain an advantage.
Virat Kohli has revealed that the only person whoondheim Messi is the only person who messed up with him is his ex-girlfriend and the subsequent series of lies she told about their relationship. Kohli was sitting in a car when the woman approached him and told him that she was pregnant with his child. Kohli, who is known for his honesty, immediately called the police and reported the incident. However, the police could not find any evidence to support the woman's claims. Kohli was left heartbroken and felt betrayed by the woman.

Kohli is currently in the middle of a three-match Twenty20 series against Australia. He is expected to play in all three matches. Kohli has been in good form recently and is looking to continue his good run of form in the tournament.

Kohli was recently ruled out of the T20 World Cup due to a back injury. However, he has made a full recovery and is now fit to play.

Kohli has been a consistent performer for India in both ODI and T20 formats. He is the leading run-scorer in both formats and is considered one of the best batsmen in the world. Kohli is a natural leader and has been appointed as the captain of the Indian team in both formats.

The Indian team is currently in Australia for a three-match Twenty20 series. Kohli is expected to lead the team in all three matches. Kohli is looking forward to the series and is confident of his team's performance.

Kohli is known for his humility and his dedication to the game. He is a perfect role model for aspiring cricketers around the world. Kohli is a true sportsman and is respected by players and fans alike.

Kohli has led India to many successes in the past, and he is expected to lead the team to more success in the future. Kohli is a true legend of cricket and is loved by fans all over the world.
