Raj revolt leaves Cong on razor's edge, may defer call on CM pick

Gehlot says sorry to Kharge, but loyalist MLAs defiant; Makan briefs Sonia

PIONEER NEWS SERVICE NEW DELHI/JAIPUR

The Rajasthan crisis has forced the Congress high command to defer the move for a change of guards in the pollbound State even as all eyes are on Congress interim president Sonia Gandhi to take a call on the rebellion staged by Chief Minister Ashok Gehlot and his loyalists.

The Congress's high command has limited options given the fact that Rajsthan is the lone big State where the party is in power. Source-based reports kept trickling throughout Monday that Sonia will take action against some Rajasthan leaders for defying the high command. But experts feel that she is unlikely to get into any such misadventure that could further destabilise the State Government and keep the pot boiling.

Sources said that to diffuse the cruises, the Congress high command may defer the entire process to elect a new leader in the State. This seems a high probability since Gehlot may be pulled out of the race for the Congress president.

While Gehlot has now apologised to the AICC observer and senior leader Malikarjun Kharge, but that may not mean anything. It is well known that

"Some representatives of MLAs, ministers came and put forth three demands. Their condition is that the CLP leader be elected after October 19 and any decision should be taken after that... This cannot happen as those who are moving the resolution after October 19 would themselves take the decision and this would amount to a conflict of interest," Maken briefed.

"It is unfortunate that after all this, the CLP meeting could not take place. When the CLP official meeting is kept, no parallel meeting should take place and it primarily amounts to indiscipline," he added. The Congress has 108 MLAs in the 200-member Assembly.

F-16s to Pak for anti-terror? Lame excuse: India to US

SERVICE/AGENCIES NEW DELHI/WASHINGTON

India has raised doubts about the US selling F-16s to Pakistan in a deal worth over 450 million dollars to "fight terrorism" and said the USA is not fooling anybody by saying these things?

Giving this terse message in the US capital days ahead of his meeting with US Foreign Secretary Antony Blinken and others, External Affairs Minister S Jaishankar late on Sunday said America's relationship with Pakistan has "not served" either of the two coun-Raising questions on the

Biden administration's approval of a USD 450-million sustenance package for F-16 fleet, Jaishankar said in an interaction with the Indian-Americans there, "Very honestly, it's a relationship that has neither ended up serving Pakistan well, nor serving the American interests. So, it is really for the United States today to reflect on what are the merits of this relationship and what do they get by it."

Referring to the argument made by the US that F-16 sustenance package is to fight terrorism, he said everybody knows where and against whom F-16 is used. "You're not fooling anybody by saying these things," he said in response to a question.

Early this month, the Biden administration approved a USD 450 million F-16 fighter jet fleet sustainment programme to Pakistan, reversing the decision of the previous Trump administration to suspend military aid to Islamabad for providing safe havens to the Afghan Taliban and the

One day Pb Vidhan Sabha Session today expected to discuss "burning" issues

PNS CHANDIGARH

After a week-long faceoff between the Governor Bawarilal Purohit and the Aam Aadmi Party (AAP)-led State Government, the Vidhan Sabha's one-day session will finally be held on Tuesday expected to witness fiery scenes. Not only the Opposition parties have gathered enough ammunition to target the ruling party on "burning" issues of SYL, sacrilege among others, the AAP is all set to take on the opposition, especially the Bharatiya Janata Party's (BJP) alleged ploy to "buy" its legislators to topple

Punjab Government. Just a day before, the Governor, after days of logjam between the Raj Bhavan and the AAP Government over holding an assembly session "to seek the trust vote", had given his nod to convene the session on September 27. The Governor's approval had come a day after the AAP Government shared with him the agenda of the legislative

up during the session.

The Government, in its communique on Saturday, had informed the Governor's office that issues like stubble burning, Goods and Services Tax (GST), and power supply would be discussed in the regular Assembly session on September 27.

The communique also mentioned that in addition, "business on different issues as per notices received from the members may also be taken up during the session according to relevant provisions of the 'rules of procedure and conduct of business in the Punjab Vidhan Sabha'". Even as the main objective of the AAP Government to convene the session was to move a confidence motion, and take on the BJP over the alleged 'Operation Lotus', it is not sure whether the Chief Minister Bhagwant Mann would seek trust vote during the day-long session.

AAP had, of late, alleged that at least 10 of its MLAs were approached by the BJP with an offer of Rs 25 crore each in a bid to topple the six-month-old

government under its Operation Lotus.

Notably, the Governor had earlier withdrawn the permission to hold a "special session" on September 22 when the AAP government wanted to bring only a confidence motion. Dubbing the one-day session as a "joke", Congress MLA from Bholath Sukhpal Singh Khaira said that it should have been summoned to discuss burning issues like Sutlej Yamuna Link canal, sacrilege and crop damage due to untimely rains. "Tomorrow's session of Vidhan Sabha is a joke as after spending 1 Cr of peoples' money, there's no question-hour as govt needs 15 days notice to answer them! It shd have been summoned appropriately to discuss burning issues like Syl, Beadbi, Crop damage etc instead of merely 2 issues," he tweeted.

Shiromani Akali Dal leader Daljit Singh Cheema said that the session should be held for more days to discuss the state's important issues including "corruption, illegal sand mining, deteriorating" law and order and the excise

There is no point in holding the session if the AAP wants to enact a "drama" by bringing the confidence motion, said Cheema.

Bajwa suggests to discuss 17 issues of public importance

The Leader of Opposition in Vidhan Sabha and senior Congress leader Partap Singh Bajwa on Monday suggested 17 issues of public importance to Vidhan Sabha Speaker Kultar Singh Sandhwan for debate, which include Sutlej-Yamuna Link (SYL) canal, law and order, discontentment over sacrilege issue, Rs 1,000 per month to women and lumpy skin disease. Bajwa, in a letter to the Speaker, suggested that these issues merit deliberations on the floor of the House, and should be included for consultation and decision in the business advisory committee. AAP government has already proposed to take up legislative business, including issues of goods and services tax

(GST), stubble burning and power scenario. The Congress leader also listed for debate discontentment over "dithering and ambiguous stand" of the government on SYL dispute with Harvana, discontentment on sacrilege issue, growing discontentment over unemployment amongst youth, threat to national security due to failure of the state government over mining, and Rs 2,180 crore fine imposed by the National Green Tribunal (NGT) on Punjab for failure to comply with the guidelines of solid waste management. Among other issues raised by the LOP are unabated stress-related deaths of farmers, non-availability of construction material at reasonable rates in the absence of clear-cut policies on mining, stunted growth of rice, distress sale of moong crop by farmers and non-payment of the promised Rs 1,500 per acre to farmers taking to direct sowing of rice (DSR). Cabinet Minister Aman Arora later said that they will consider the issues listed by the Leader of Opposition for

BJP to counter AAP chares of poaching by holding a parallel Jan Vidhan Sabha

 $B^{\text{rushing aside the Aam}}_{\text{Aadmi Party's (AAP) alle-}}$ gations of "poaching" its party legislators in Punjab, the Bharatiya Janata Party (BJP) on Monday announced to hold a parallel session of "Jan Vidhan Sabha" on Tuesday — in an apparent attempt to counter the ruling AAP's plans to bring a "confidence motion" in the one-day Vidhan Sabha ses-

Punjab BJP, which has just two MLAs in the 117-member House, has already announced to boycott the session. Now, the party, in its core committee meeting on Monday, will organize the parallel mock assembly session near the party's headquarters in Chandigarh's sector 37.

"We will held the parallel mock assembly session to expose AAP as it has failed on many fronts, and now it is trying to divert the public attention by bringing out a confidence motion within a few months of forming the government by making such baseless allegations against BJP," said Punjab BJP president and MLA Ashwani Sharma.

The Monday's core committee meeting was also attended by the former Chief Minister Capt Amarinder Singh, who has recently joined

the BJP. Former Congress leader Sunil Jakhar — who had also switched loyalty towards BJP — also attended the meeting. Taking dig on AAP for its plans to seek trust vote, Capt Amarinder said it was "a matter of shame" that State Government has decided to bring a confidence motion in the Vidhan Sabha just six

months after it came to power.

Capt Amarinder, addressing his maiden press conference after joining the BJP, said that the Aam Aadmi Party (AAP) dispensation doesn't know anything about running the government or the issues of a sensitive state like Punjab. "If just six months after elections, a Chief Minister who has a majority with 92 MLAs, decides to bring a confidence motion, isn't it a matter of shame..

This is a joke," he said. At the same time, Capt Amarinder alleged that the State Government is being controlled by AAP's Rajya Sabha MP Raghav Chadha. "It is unfortunate that Raghav Chadha today sits here and runs the show. What does the Chief Minister do," he asked.

"I don't know how long the people of Punjab will tolerate this government. Everybody knows what he (Bhagwant Mann) did in Germany," said Capt Amarinder.

Capt Amarinder also

made it clear that he was in no mood to hang his boots. "I will be actively involved in the state politics and would make collective efforts to strengthen the party in the state," he said.

The BJP leaders also challenged the AAP leadership to prove the allegations of the alleged 'Operation Lotus'. They slammed AAP's national convener Arvind Kejriwal and Punjab Chief Minister Bhagwant Mann on the issue of alleged 'Operation Lotus' saying that a "false" narrative was being built to oust Bhagwant Mann and to pave the way for

Refusing the "horse-trading" allegations as baseless, former Minister and BJP leader Raj Kumar Verka asserted, 'The reality is that at least 300 leaders, belonging to various political parties, including AAP, were keen to join the BJP."Another former Minister and senior party leader Surjit Kumar Jyani said: "AAP has forgotten the promises made to the people and is now wasting public money and time on bringing the confidence motion. People have lost confidence in this government."

Meanwhile, BJP has also written a letter to Speaker Vidhan Sabha to bring a resolution to thank Prime Minister Narendra Modi for naming Chandigarh Airport on the name of Shaheed Bhagat Singh.

Punjab Cabinet approves to amend law to confer rights of common village land to gram panchayats

n a significant decision, the Puniab In a significant decision, the Funjac Cabinet on Monday gave nod to amend section 2(g) of the Punjab Village Common Lands (Regulation) Act, 1961 - giving the exclusive ownership of Jumla Mustarka Malkan land, the common village land, to gram panchayat. "With this amendment, the Gram Panchavat will be the exclusive owner of the Jumla Mustarka Malkan land (common village land)," said a office after the meeting.

The spokesperson said that as per the amendment, insertion in Section 2(g) has been made according to which land reserved for the common purposes of a village, under section 18 of the East Punjab Holdings (Consolidation and Prevention of Fragmentation) Act, 1948 (East Punjab Act 50 of 1948), the management and control whereof vests in the Gram Panchayat under section 23-A of the aforesaid Act. Lands entered in the column of ownership of record of rights as Jumla Malkan Wa Digar Haqdaran Arazi Hassab Rasad", "Jumla Malkan" or "Mushtarka Malkan" shall

be shamilat deh within the meaning of this section, added the spokesperson.

Incentives for paddy straw-based standalone bio-fuel units

To check the menace of paddy straw burning by its effective management, the Cabinet also approved the amendment in the state's Industrial and Business Development Policy-2017 and Detailed Schemes and Operational Guidelines-2018 for bio-fuel projects by extending the incentives to the standinstall boilers based on paddy straw as fuel. To promote the production and supply of Ethanol for Ethanol-Blended Petrol Program and to attract investments in the State for manufacturing of bio-fuel, the Cabinet also approved the amendment for the standalone Bio-Fuel units provided they install boilers based on Paddy Straw as fuel. Since, the technology for use of boilers based on Paddy Straw is still evolving, in such cases where the units are not able to install boilers based on paddy straw as fuel, the quantum of incentive shall be reduced by 50 percent.

Amendments in telecom infra guidelines to pave way for

vrat in Patiala jail on Navratras

PNS CHANDIGARH

 $P^{\text{unjab's former Minister and senior Congress}}_{\text{leader Navjot Singh Sidhu, currently under-}}$ going one-year rigorous imprisonment in 1988's road rage case in Patiala Central Jail, has started nine-day 'maun vrat' on Monday. The maun vrat or 'pledge of silence' will coincide with the nine Navratras. Sharing the information on microblogging

website — Twitter, Sidhu's wife Dr Navjot Kaur Sidhu said that the former cricketer would not be meeting the visitors during this period. "My husband will observe silence during the Navaratri and will meet visitors after the 5th of October", she tweeted from Sidhu's official Twitter handle. It has been learnt that Sidhu has also refused to meet anyone without 'prior appointment'. Before this, Sidhu had observed 'maun vrat' in October 2021 at the residence of journalist Raman Kashyap who was killed in the violence that broke out in Uttar Pradesh's Lakhimpur Kheri district that ensued after a convoy of three SUVs, one allegedly driven by Ashish Mishra — son of the Union Minister for State Home Ajay Mishra — hit a group of protesting farmers. In all, total eight people, including four farmers, two Bharatiya Janata Party (BJP) workers, a driver, and a journalist were killed. Sidhu's close aide maintained that

Sidhu, in the past also, had several times

observed maun vrat. Earlier also, Sidhu had hit the headlines during his stay inside the jail. First, he had moved an application seeking a special diet given his health complications. A board of doctors was constituted that recommended a special diet for him following his medical examination on May 23. His diet includes rosemary and chamoline tea, juices, coconut water, lactose-free milk, flax, sunflower, melon or chia seeds, dry fruits, two pecan nuts, juice, sprouted black chana, green gram with cucumber, tomato, half lemon or avocado. In another incident, Sidhu alleged that his

canteen card had been allegedly misused as he used to hand that over to two of his inmates to buy fruits for him. Following the complaint, a reshuffle of inmates was affected in the barrack. The cricketer-turned-politician has been

sentenced to one-year rigorous imprisonment by the Supreme Court in a 1988 road rage death case, saying that any undue sympathy in imposing an inadequate sentence would do more harm to the justice system and undermine the public confidence in the efficacy of law. He had surrendered before a local court and was sent to Patiala jail on May 20. Though the Apex Court had, in May 2018, held Sidhu guilty of the offence of "voluntarily causing hurt" to the man, it had spared him a jail term and imposed a fine of Rs 1,000. Later, Gurnam Singh's family had sought a review of the judgement, which was allowed by the Supreme Court.

Modi leaves for Tokyo to attend Shinzo Abe State funeral

PIONEER NEWS SERVICE ■ **NEW DELHI**

Prime Minister Narendra Modi on Monday left for Tokyo to attend the state funeral of former Japanese Prime Minister Shinzo Abe.

The funeral will take place on Tuesday and is expected to be attended by representatives from around 100 countries."I am traveling to Tokyo tonight to participate in the State Funeral of former PM Shinzo Abe. I will be conveying heartfelt condolences to Prime Minister Kishida and Mrs. Abe on behalf of all Indians," the Prime Minister said in a tweet message on Monday. "We will continue working to further strengthen India-Japan relations as envisioned by Abe San," he said.

Foreign Secretary Vinay Kwatra said the duration of Modi's visit from the time of his departure from Delhi will be

around 12 to 16 hours. Modi will have a bilateral meeting with Japanese Prime Minister Fumio Kishida and also meet Abe's wife, he said. Modi's visit to Japan will be an opportunity to honour the former prime minister Abe, Kwatra said.

Abe, Japan's longest-serving Prime Minister, was shot dead on July 8 while delivering

a political campaign speech in western Japan ahead of the House of Councillors election on July 10. Prime Minister Modi had a close relationship with Abe. He had condoled the demise of his "dear friend" Abe and said the former Japanese premier dedicated his life to making the world a bet-

SC asks Bombay HC to hear Deshmukh bail plea immediately

PIONEER NEWS SERVICE ■

The Supreme Court on Monday expressed displeasure over the delay in hearing the bail plea of Maharashtra's former Home Minister Anil Deshmukh, arrested in connection with a money laundering case, and directed the Bombay High Court to hear and decide his case expeditiously.

The top court observed that any person who has filed a bail application has a legitimate expectation that his plea will be disposed of at an early

A bench of Justices D Y Chandrachud and Hima Kohli noted that the bail plea of Deshmukh is pending in the high court since March 21. 'We issue a direction and permit the petitioner to apply before the learned judge, to whom the case has been assigned, tomorrow.

The application shall be taken for hearing during the course of this week and decided expeditiously," the bench said, adding that keeping an application for bail pending is not consistent with the Right to

Life under Article 21 of the Constitution,

The top court clarified that it has not expressed any opinion on the merits of the case. Justice NJ Jamadar of the High Court is hearing the bail plea of Deshmukh. Senior advocate Kapil Sibal, appearing for 73-year-old Deshmukh, submitted that the hearing on the bail plea is being deferred and sought interim bail.

Solicitor General Tushar Mehta, appearing for ED, opposed the interim bail plea and said the top court should not pass any such order.

Deshmukh was arrested by the Enforcement Directorate (ED) in November 2021 and is currently in judicial custody. On April 8, the high court adjourned the hearing on Deshmukh's bail application while deprecating the practice of seeking urgent hearings of bail pleas citing medical emergencies.

The ED's case is that while serving as the Home Minister, Deshmukh misused his official position and collected Rs 4.70 crore from various bars in Mumbai through Sachin Waze, a police officer who has been

SC notice to Centre, TN over early release of Nalini in Rajiv assassination case

PIONEER NEWS SERVICE ■ **NEW DELHI**

The Supreme Court on Monday sought responses from the Centre and the Tamil Nadu Government on a plea filed by Nalini Sriharan and RP Ravichandran, serving life sentence in the Rajiv Gandhi assassination case, seeking premature release.

A bench of Justices BR Gavai and BV Nagarathna issued notices to the Centre and the Tamil Nadu government and sought their replies

Both convicts challenged the June 17 order of the Madras High Court, which rejected her plea for early release, and cited the apex court judgment ordering the release of co-convict AG Perarivalan. The HC do not have the power under Article 226 of the Constitution to do so, unlike the Supreme Court

which enjoyed the special power under Article 142, the high court had said while rejecting their pleas.

Invoking its extraordinary power under Article 142 of the Constitution, the top court had on May 18 ordered the release of Perarivalan, who had served over 30 years in jail, and said the Tamil Nadu governor ought not to have sent the "binding" advice made by the state cabinet for his release to the president.

The apex court had said the advice of the state cabinet is binding on the Governor in

matters related to commutation/remission of sentences under Article 161 of the Constitution. Under article 142, the top court may issue any verdict or order necessary to provide "complete justice".

Rajiy Gandhi was assassinated on the night of May 21, 1991 at Sriperumbudur in Tamil Nadu by a woman suicide bomber, identified as Dhanu, at a poll rally.

In its May 1999 order, the top court had upheld the death sentence of four convicts Perarivalan, Murugan, Santhan and Nalini. However, in 2014, it com-

muted death sentence of Perarivalan to life imprisonment along with those of Santhan and Murugan on grounds of delay in deciding their mercy petitions. Nalini's death sentence was commuted to life imprisonment in 2001 on the consideration that she has a daughter.

southwest of Pachrukhiya village near Madanpur in Aurangabad district of Bihar in February this year. Shaurya Chakra is the third highest peacetime gallantry award.

On March 17, the CRPF chief, an IPS officer on deputation to the paramilitary, had said he will hold himself responsible for delays in airevacuation of injured personnel but pointed out that sometimes "practical difficulties" crop up in executing such operations in a timely manner in the Naxal theatre.

The DG was talking about Commandant Bibhor Kumar Singh who had to undergo amputation of both his legs

post a blast while leading an anti-Naxal operation, due to delayed evacuation for over seven hours. The Naxal movement is being spearheaded by the Communist Party of India (Maoist) which a banned terror organization under the Unlawful Activities

(Prevention) Act. "If you ask who is responsible for this, I would hold myself responsible, it is my responsibility to ensure helicopters are provided to troops because it is me who directs and motivates troops to go out for operations.

If anyone is to be blamed, Assistant it is me. I cannot blame anyone else," Singh told a Press conference in March ahead of the Force's 83rd Raising Day.

There has been a longstanding demand for a dedicated air wing for the CRPF. "In operations, such incidents (of blasts and resultant injuries) are normal. In the CRPF and its specialized CoBRA Battalions, young officers like Assistant Commandants and Deputy Commandants and evn up to the level of Commandants lead the troops from the front.

In certain cases, DIGs also lead operations.In Maharashtra, Assistant Commandant Nitin Bhale Rao and Deputy Commandant Vikas lost their lives in IED blasts in Palodi (Sukma, Chhattisgarh). Similar blast has occurred in this case (of Bibhor Kumar Singh) and there is no provision of medals

for injury. Medals are for action and not injuries, If there is an element of action involved in the operation, medal can be definitely given," the DG had said at a Press conference on September 21.

Cadre officers of the CRPF mostly comprise the post of DIGs. Bibhor will be looked after for everything but medals are awarded on action and not on injury. Even deaths occur in the operations, then there should be more medals, he quipped sarcastically.

Veterans as well as serving cadre officers of CRPF took exception to the casual manner in which the sacrifice of the brave officers during action was mentioned by the paramilitary boss.

Train MBBS docs to be family physicians too: AFPI prez PIONEER NEWS SERVICE ■ **NEW DELHI**

Family physicians have played a pivotal role in the prevention of diseases and their complications particularly in the backdrop of the Covid-19, but ironically they are facing 'identity crisis' as no training is being given to the MBBS students in the subject, the Academy of Family Physicians of India (AFPI) rued on Tuesday.

Seeking mandatory inclusion of 'training as' family physician' in the MBBS course at all Indian medical colleges in the background of the Covid-19 pandemic, the members of the AFPI said that they act as single point of contact for all healthcare needs of a family and prevent unnecessary burden on secondary and tertiary

healthcare systems. "Family Physicians can deliver holistic treatment and prevent unnecessary burden on secondary and tertiary hospitals," Dr Raman Kumar, AFPI national president, said, adding that a family physician is not only a family doctor but acts as a guide, who helps a family in making informed healthcare decisions.

The occasion was the foundation Day of the Academy of Family Physicians of India (AFPI), which has also been declared 'National Family Medicine Day The AFPI has been pushing for the revival of family physicians and popularising family medicine as a clinical specialty.

Dr Kumar said that Family Medicine is recognized in many developed countries where training is provided

through organized residency programs.

This should happen in India as well, he added. "Family medicine has been incorporated in the foundation course of Bachelor of Medicine, Bachelor of Surgery (MBBS) and is planned to be adopted in all medical institutes in India; however, the MBBS syllabus makes no mention of it." "There is a requirement for developing a comprehensive curriculum for family medicine to address the current health

needs of communities. The healthcare system should focus more on primary care and family medicine to provide affordable, accessible, and quality healthcare to people," the members said.

Veteran Congress leader and a former Jammu and Kashmir Chief Minister Ghulam Nabi Azad Monday launched his 'Democratic Azad Party', exactly a month after severing ties with the parent party, along with his support-

ers here in Jammu.
Unveiling the party flag, with three stripes in different colours-mustard, white and dark blue, Azad claimed his party will be based on the principles of democracy. "It will not be 'autocratic' but 'democratic' ", he added.

Speaking to reporters, ad said, "The mustard Azad said, colour indicates creativity and unity in diversity, white indicates peace and blue indicates freedom, open space, imagination and limits from the depths of the ocean to the

heights of the sky".

Flanked by senior party leaders Azad also appealed to the people of both Jammu and Kashmir to join hands together and break the artificial walls being raised between them by the vested interests.

Azad had earlier declared the broader contours of his newly launched party in his maiden public rally in Jammu soon after exiting the Congress party in the first week of September. According to Azad the top most priority of his party will remain restoration of full statehood to Jammu and Kashmir, protection of land and job rights of its residents, creating job opportunities for the unemployed youth and the return and rehabilitation of Kashmiri Pandits.

After announcing the party name and unveiling the party flag he focused on the agenda

come. While doing so, Azad made it clear. We will have no competition with any political party. "We will speak about our own policies and programmes and let others do their own and leave everything to the people who are the ultimate masters in politics," he added.

In the same vein Azad added, Democratic Azad Party will not be influenced by any outside leader or other party. It will have independent thinking and will stay independent in its decisions. It will not be autocratic and power will not be in one hand.

He also clarified his surname has nothing to do with 'Azad' in the party name.

"Our party policy will not After leaving the Congress party Azad had himself talked be influenced by politics of reliabout launching a National gion, caste or creed. It will follow the roadmap of Gandhi, party with a J&k unit ahead of who got India independence.

Azad claimed the party will keep holding grassroot level elections for its structure. "We are here to compete at our own level. I have no competition with any party. Will compete like students compete with each other in a classroom. We don't have any enemy or foe," he said, adding "50 per cent of tickets will be given to women and youth". " Our priority is to get the party registered. But since elections (in Jammu and Kashmir) can happen anytime,

continue". On Article 370, Azad clarified that he never said it won't be restored. "I had only stressed that if someone can persuade Prime Minister Narendra Modi or Home Minister Amit Shah. I can't do that as I have no such strength at present," Azad

No coercive action till Nov 17 against Anil Ambani: Bombay HC to I-T Dept

The Bombay High Court on Monday directed the Income-Tax Department not to take any coercive action against Reliance Group Chairman Anil Ambani till November 17 on a show cause notice issued to him seeking to prosecute him under the Black Money Act.

The I-T department had issued the notice to Ambani on August 8, 2022 for allegedly evading Rs 420 crore in taxes on undisclosed funds worth more than Rs 814 crore held in two Swiss bank accounts.

The department has charged Ambani (63) with 'wilful" evasion, saying he "intentionally" did not disclose his foreign bank account details and financial interests to Indian tax authorities.

As per the department's notice, Ambani was liable to be

Police have detained social activist Sandeep Pandey and three others ahead of a foot march planned on Monday to express solidarity with Bilkis Bano, who was gang-raped and seven of her family members murdered during the 2002 Gujarat riots, police said.

Ramon Magsaysay award recipient Pandey and other activists were scheduled to participate in the foot march, titled 'Apologising to Bilkis Bano', planned to be taken out from her native village Randhikpur in neighbouring Dahod district on Monday under the banner of 'Hindu-Muslim Ekta Samiti'.

The march was to conclude

Strong possibility of Opp parties fighting 2024 polls together: Nitish

There is a strong possibili-■ ty of Opposition parties coming together to fight the 2024 Lok Sabha polls, Bihar Chief Minister Nitish Kumar said on Monday, stressing that he has had good talks with them and many will join hands gradually.

Speaking to reporters, the Janata Dal (United) leader also made light of the BJP's repeated swipe at the Opposition over its unity talks, saying the ruling party has many problems of its own. "All they can do is speak day and night," he said.

"Many parties will join hands gradually and there is a strong possibility that they can fight the 2024 polls together," he said, adding that he has had good talks with leaders of different parties.

Asked if the Trinamool Congress and the Aam Aadmi Party, both having strong reservations against the Congress, will also be a part

PAPER WITH PASSION

Gehlot's gambit

Congress leadership failed to comprehend that he is unwilling to guit the top office in Rajasthan

The presidential election in the Congress and Rajasthan Chief Minister Ashok Gehlot's candidature have once again proved the gross ineptitude of the party leadership—that is, of the Gandhis. It is quite evident that, for the umpteenth time, they failed to assess the situation. It looked like, and we editorially commented, that the intra-party election may provide the Gandhis an opportunity to kill two birds with a stone: get a non-family party president, thus blunting the Bharatiya Janata Party's attacks of the GOP being a family-run party; and putting an end to the Gehlot-Pilot tussle in Rajasthan. But that was not to be. For one, Gehlot was reluctant right from the beginning to give up the top office in Rajasthan for a national role. Apparently, he believes that it is better to rule in Jaipur than to serve in New Delhi, for becoming party president with the Gandhi family's blessings means working under their supervision. But reluctance to leave the chief ministerial office is much

different from stubbornly sticking to the demand to have a loyalist in that office at any cost. The rebellion by over 90 Congress MLAs supporting him has not only displeased the Gandhis but also put his candidature for the president's post in the grand old party at risk. On Sunday, the 90 MLAs had threatened to resign if his arch rival Sachin Pilot was made chief minister.

Reportedly feeling "upset and humiliated," the Gandhis are looking for alternatives to Gehlot for the Congress top post. Senior Congress leader Kamal Nath is said to have arrived in the national capital for a meeting with Sonia Gandhi. All this doesn't

seem to have deterred Gehlot or his MLAs. They refused to talk to Ajay Maken and Mallikarjun Kharge, the high command's emissaries. They wanted the new chief minister to be decided after the next Congress president is elected, Maken told the media, adding that this would be "conflict of interest" as the resolution would be passed when "Gehlot may already be party chief. So, he empowers himself to decide on his own successor in Rajasthan." That's a valid point, but Gehlot and his MLAs have dug their heels in over the issue of the next chief minister. That there is rivalry between the 71-year-old Rajasthan Chief Minister and his young challenger is a well-known fact; the rivalry became intense after his unsuccessful rebellion in 2020. But few—and certainly not the Gandhi family—knew that the intensity had crossed the limits within which it could be managed. Is the enmity no more political? Has it become personal? Only Gehlot and Pilot can answer these questions, but it is indisputable that this episode has put yet another question mark over the competence of the Gandhis. How could Rahul Gandhi unite the nation or the Opposition if he can't unite his own leaders? It is time the top Congress leadership focused on putting its house in order.

Food Security Dwindles

Increasing foodgrain prices will be a big blow to country's food security which is already strained

ood security has been a major challenge as we have a sizable population that earns its living on daily basis and do not have the reserve to buy food in advance. According to the UN, there are nearly 195 million undernourished people in India, which is a quarter of the world's total. Also, roughly 43% of children in India are chronically undernourished. India has constantly moved down various indexes dealing with food security, well-being, and human development at an alarming rate. It slipped to the 101st position out of 116 countries in the Global Hunger Index 2021 from its 2020 position of 94. All that ministry of Women and Child Development Ministry did about it was to raise "methodological issues" and claim that the FAO's methodology was unscientific. The 'State of Food Security and Nutrition in the World report, published by UN agencies in 2022, estimated that a whopping 40 per cent of peo-

ple in India suffered from food insecurity in 2019-2021 which puts India into the category of countries with severely food-insecure populations. India ranked 71 out of 113 major countries in terms of the food security index 2020.

In this scenario, the government is said to be considering an increase in the prices of rice, wheat, and cereals sold through the National Food Security Act (NFSA) by ₹.7 per kg for Priority Households. Moreover, NITI Aayog has even recommended that the price for sale to the poorest of the poor through Antyodaya Anna Yojana be increased by ? 1 per kg. The Ministry is reportedly brought it to considera-

tion by the Union Cabinet. Should the cabinet approve it, it would be a big blow to the food security in the country which is already under severe stress due to the rise in inflation. This would also negate the National Food Security Act, 2013 or right to food act as it is popularly called which sought to provide subsidized food grains to two third of the Indian population. It is time to strengthen the right to food security rather than diluting it. The central government must help states who are doing their bit to provide food security. Karnataka launched the 'Indira Canteen', which serves breakfast, lunch, and dinner at a very low price. Tamil Nadu has an 'Amma' canteen. But the situation in Bihar, UP, and Orissa remains grim. Now is the time to do it on the pan India level so that no one goes to bed with a hungry stomach.

Polluting a river IS a sin against it! SANJIB POHIT ANUPMA MEHTA

Immersion of idols laced with harmful chemicals does an irreparable damage to a river, time to stop sinning against salvator

t is that time of the year again, when the devout prepare fancy and exotic idols of gods and goddesses, venerate them for a few days and then consign them to the waters of our rivers. The immersion ritual, as witnessed during the recently concluded Ganesh festival and also anticipated during the forthcoming Durga Puja celebrations, has been a regular annual feature of the festival season across the nation. This is because our rivers are perceived as divine, almost supernatural, entities that have the power of salvation and exculpation of human sins. But while immersing idols signifies a sort of religious atonement for the 'sinners', unfortunately, the rivers that function as the sites for this redemption become the ones 'sinned against'; for this paradoxical coalescence of divinity and desecration not only leads to surface pollution in the rivers but also damages their biodiversity and causes extensive and often irreversible contamination of the groundwater. Several of the idols immersed in the rivers are made from Plaster of Paris, which takes countless years to dissolve, and paint comprising heavy metals like mercury, cadmium, and lead. River pollution is, in fact, a

persistent area of concern across the country. Other research documents the high level of pollution and contamination in the Ganga river, which increases notably during the Hindu festive season. A study by the National Council of Applied Economic Research (NCAER) examines the state of Ganga river water quality at selected stretches of the river in recent years. For ensuring a detailed analysis of the polluting constituents in the Ganga, the NCAER team moved beyond conventional laboratory examination of water samples and used insitu mobile sensor platforms equipped with GPS capability to pinpoint the pollution sources and hotspots in the river, and capture water quality data at high geospatial resolution. Noting a significant deterioration in the ponds in residential areas for river water quality due to polluthe immersion of idols. The

tants, the NCAER study points out that despite being among the top ten water-rich countries of the world, and home to both perennial and nonperennial rivers, India has become a water-stressed

Albeit, a large proportion of the pollution in rivers is the result of anthropogenic activities and the release of raw sewage, untreated industrial effluents, pesticides, and debris into the river. However, this does not diminish the polluting impact of visarjan or submergence into the river of idols made with nonbiodegradable and toxic materials. So, wherein lies the solution? While seeking to purify ourselves through religious rituals, how can we ensure the purification of our rivers too? For the last few years, the

Central Pollution Control Board has been issuing advisories to prevent riverine pollution by prohibiting the immersion of idols, puja material, and religious offerings in rivers . Recently, the Delhi Pollution Control Committee (DPCC) too urged all urban local bodies in the city to set up temporary

A LARGE PROPORTION OF THE POLLUTION IN RIVERS IS THE RESULT OF **ANTHROPOGENIC ACTIVITIES AND** THE RELEASE OF RAW SEWAGE. UNTREATED **INDUSTRIAL** EFFLUENTS. PESTICIDES, AND **DEBRIS INTO** THE RIVER DPCC's guidelines mandate the removal of worship materials like flowers and paper decorations, and of collection of biodegradable material used in the idols for recycling and composting, before the immersion.

However, while the advisory is clear on the 'do's' and 'don'ts' about idol immersion, it is silent regarding the enforcers who would ensure diligent implementatio. What is the guarantee that the harmful chemicals released from the idols after immersion would not percolate underground through the multiple water bodies earmarked for the immersion? The larger, more serious implications of this could be contamination of the groundwater. Further, decentralisation of idol immersion away from the Yamuna necessitates the redoubling of efforts to monitor the ground pollution level.

It is thus imperative for the authorities to follow a somewhat centralised approach for monitoring the pollutant load arising due to immersion. Both the authorities in Deini and the Namami Ganga Clean-up Campaign being undertaken to cleanse

the Ganga river can also draw lessons from the Kolkata Municipal Corporation which has been following the 'no pollution' principle during the Durga Puja rituals in Kolkata, wherein vats are placed alongside rivers for collection of decorative items removed from idols before their immersion. Thereafter, any residual debris in the rivers is extracted with the help of cranes to minimise the pollutant load in the river. This approach is certainly

worth emulating.
The NCAER study also revealed that a large section of the people living in the Ganga river basin depends on the river for their daily needs and livelihood. Similarly, the Yamuna river is the aquatic lifeline for Delhi and its surrounding areas. Hence, even as the Yamuna, Ganga, and all our holy rivers ostensibly absolve us of our moral sins, the least we can do in return is to keep them free of physical and human waste.

ANTI BJP ALLIANCE NOT EASY

Sir — in a major step towards forging a United anti-BJP front, Nitish Kumar and Sharad Pawar attempted to forge a united front to upset BJP in the 2024 elections. Bihar Chief Minister Nitish Kumar and Rashtriya Janata Dal (RJD) supremo Lalu Prasad Yadav on Sunday met Congress president Sonia Gandhi here in a bid to unite Opposition parties to take on the BJP in the 2024 general elections.

The meeting at Ms Gandhi's 10 Janpath residence is considered very crucial in forging an Opposition unity as efforts are on to reconcile differences between Nitish and the first meeting with Ms. Gandhi since he severed ties with the BJP. But it is not so easy. Already, we have seen how coalition government fell in a heap at the state and central levels. The coalition forging ahead should become a laughing stock in the wake of the increasing popularity of PM Modi internationally.

MURDER MOST FOUL

Sir — Your editorial "Himalayas burning was very apt. There is no end to rapes and murder of innocent women under the BJP's rule. The murder of Ankita Bhandari, a 19-year-old female receptionist is another example that women are not safe under BJP's rule. Ankita who worked in a BJP leader-owned resort was murdered just because she didn't oblige the dirty proposal of the BJP leader and she was killed because the son of a politician thought he could do whatever he wished to. According to a media report the culprits wanted to push her into prostitution and she was pushed into a canal when she resisted molestation.

The police only arrested the culprits after immense public pressure and the culprits allegedly confessed to the murder in custody. In BJP'S rule, we are seeing that remission is given to culprits who raped Bilkis Banu and killed her three years daughter. BJP gives remission to rape convicts, rallies in support of rapists in Unnao, Hathras, and Kathua. It felicitates the rape convicts. Smriti Irani whose duty is only to criticise Rahul Gandhi is always maintaining a stoic silence whenever a lady is raped by BJP leaders. Narendra Modi, who swears "Beti Bachao, Beti Padhao "now should break his silence and take swift action against predators.

Excessive usage of social media could harm mental health of kids

JYOTI KAPOOR

Ith suicide cases being the second leading cause of death in the young population (10-24 years), influence of social media/internet is immense. Digital interventions among teenaged kids and young adults are significantly affecting their mental health and well-being, making them more susceptible to self-harm, suicidal ideation and later suicide attempts.

A study published in 2015 highlighted teens who reported using social media sites more than two hours a day are much more likely to report poor mental health outcomes. Besides, the suicidal thoughts, excessive social media usage results in a low self-esteem and poor body image are quite a frequent behaviour.

An addiction is identified from mild to severe using 11 criteria of addiction outlined in the 'Diagnostic and Statistical Manual of Mental Disorders (DSM)-5'. A child can be termed as a social media addict if he/she meets two or fewer criteria.

The 11 criteria of addiction are more social media usage than wished for; having frequent urge or desire of checking social networking sites; usage of social media started conflicts in their immediate relationships with others; hampering his/her ability to function, work, or complete tasks; focussing more on social media and cutting back on activities which they previously used to enjoy; experiencing physical or emotional discomfort when you stop or cut back; stopping or cutting back on social media making them irritable; negative impacts to physical or mental health; continued use of social media despite

problems, consequences, or impairments; using in situations that are risky or hazardous (i.e. while driving or working); reduced real-world social interaction; needing more time/likes/follows to get the same amount of pleasure or enjoyment from social media.

Parents play an important role in the de-addiction regime of social media in their kids. Though it's a tough job, if done in a friendly way then it can strengthen a parent and child bond. They need to build a positive and family environment at their home so that the child doesn't get the urge of the virtual world. Parents should also take part in their social media usage by learning about the programs/apps, their child is using. Ask the child to teach you about the nuances of these platforms. Parents need to show interest in such activities and ask questions.

In order to monitor children's online activities, the tablets and computers are placed in common areas, while a tab on child's online accounts be kept. This will make them understand that monitoring their online activity would help keep them to stay protected from cyber bullying.

But be attentive as some children or teens may create a fake second account for their parents to follow. You can ask them in a friendly gesture about the people they are friends with online.

Showing genuine interest will help them feel comfortable talking about it. Explain that it's easy for someone on the Internet to pretend to be someone they're not. Talk about the importance of keeping online friendships in the online world. Make it clear that if your child wants to meet an online friend in person, it must be in a public place and with a trusted adult. Talk in detail about what's okay and safe to post online, and what isn't.

People do not always have control over what others post about them. Explain how information and photos found on the internet can resurface years later. Explain how autocorrect can sometimes result in misunderstandings and hurt feelings.

Mainstream channels are the biggest threat

Edited version of speech by Information & Broadcasting Minister Anurag Thakur at the Asia Pacific Institute for Broadcasting Development (AIBD) on Sep 20

am extremely delighted to be amidst you at the AIBD (Asia-Pacific Institute for Broadcasting Development) general conference meeting 2022 and address this prestigious assembly of the broadcasters from the Asia-Pacific

Firstly, I would like to congratulate AIBD for creating a desirable platform for broadcasters to put forward their opinions and comments to build a strong future for

I have been told that even during the difficult Covid period, when the world was facing fear and gloom, lockdowns had slowed the pace of life, economies were under severe stress, AIBD leadership kept the member countries connected online and maintained a constant dialogue on how media can mitigate the impact of the pandemic.

The member countries were immensely benefitted through sharing of information on the latest developments in the medical field, positive stories of Covid warriors and more importantly in countering fake news which was spreading faster than the

If we talk about the theme of the event, it highlights the need for creating a stronger future for broadcasting in a

post-pandemic era...
It is media which brought the world on one platform during this difficult phase and reinforced the spirit of one global family.

We have also seen the extensive use of media—both mainstream as well as new digital platforms—by our Prime Minister Narendra Modi and his government dur-ing this exceptionally difficult phase of

Information was shared in a timely and transparent manner, ensuring a quick response, mitigating myths and spreading awareness about a pandemic that was both evolving as well as ever expanding. Together with our media friends, we

ensured saving millions of lives the world over, which otherwise could be lost, had timely information not flowed to the people about safety measures and protection from Covid-19 virus.

I would specially appreciate India's Public Service Broadcaster, Doordarshan and All India Radio, as they very satisfactorily delivered on their mandate of public service and stood strong with the eopie during the testing times of the pandemic.

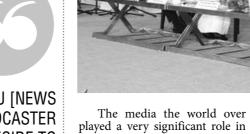

Even the other Indian broadcasters and Indian media in general ensured that Covid-19 awareness messages, important government guidelines and free online consultations with doctors reached everyone in nook and corner of the country.

Expert opinions through programmes like Doctors Speak and campaigns such as Mask-up India by the public broadcaster Doordarshan played a very significant role at the time when fake news on the epidemic became a menace.

The Covid-19 crisis has thrown up challenges as well as provided an opportunity not just to re-invent journalism, but to redefine the media as a trusted source of news and information.

Our mainstream media organisations have a great challenge to provide truthful accurate and reliable news faster, while preserving media ethics and values.

Real journalism is about facing the facts, presenting the truth and letting all sides the platform to present their views.

In my personal opinion the biggest threat to mainstream media is not from new age digital plat-forms, but rather the mainstream media channel itself.

If you decide to invite guests who are polarising, who spread false narratives and who shout at the top of their lungs, the credibility of your channel goes down. Your decisions regarding tne guest, the tone and visuals define your credibility in the eyes of the audience.

The viewer may stop for a minute to watch your show, but will never trust your anchor, your channel or brand as a trusted and transparent source of news.

So my question to broadcasters present here today is this:

Are you going to watch the narrative be defined by soundbites, or redefine yourself and set

the terms for your guests and chan-

Are you going to watch as the younger audience switches and sweeps through the shrill on TV news, or are you going to bring back the neutrality in news and discussion in debates to stay ahead of the game?

Are you going to show visuals that grab eyeballs and inflame anger, or show restraint and project visuals in context to showcase the full picture?

And finally, how will you re-define and innovate your TV news content, presentation and dissemination to reach the new-age audience who is constantly being fed information via social media platforms

Instead of compromising our values in this fierce competition, we must work hard to preserve professionalism.

I strongly believe that journalists are duty bound to report news without fabrication, despite temptations to compete with those who propagate false news.

The AIBD as a regional intergovernmental organisation must continue to train and equip media practitioners with the best professional skills to gain broader freedom for our media. India stands ready to support your efforts.

Another important area of cooperation is good quality content exchange among the member countries.

Prasar Bharati has been sharing DD India channel in the OTT platform of South Korea on reci-

ment (AIBD)

The broadcasters of the two countries are also exploring opportunities in co-production and joint broadcasting of programmes spanning multiple genres.

I am happy to state that DD India with the objective to become Global Pubic Broadcaster channel is now available on OTT platforms.

Dear delegates, you have come to India at a time when we are celebrating the 75th anniversary of Independence. It is the time for us to pay tribute to hundreds of freedom fighters who sacrificed their lives and freed the country

from the shackles of foreign rule. This is the festival time for us which we call 'Azadi Ka Amrit Mahotsav.' It has taken the form of a mass movement where people from all walks of life are participating in different programmes across the country.

Before concluding, I truly believe that media, in all its forms, has immense ability to shape public perceptions and perspectives as an effective tool of empower ment.

It is imperative to create an enabling environment for our journalists and broadcasters friends for making the space of media more

vibrant and rewarding. I wish the delegates from the member countries of the AIBD a very happy stay in India. I am sure that the deliberations which you are going to hold over the two days

will be meaningful and bring new insights to the media industry.

Release of cheetahs significant in various ways

But there are as usual naysayers and armchair environmental critics who argue that bringing African cheetah is a bad idea

fter 70 years since the differently. The male siblings point of view of biodiversity adequate precautions for their equipment. The Central as well

killing of the last surviving cheetah by Maharaja Ramanuj Pratap Singh Deo of Koriya estate in Madhya Pradesh (now in Chhattisgarh), the Centre re-introduced cheetahs in the country.Prime Minister Narendra Modi soon after returning from the Shanghai Cooperation Organisation Summit released the first batch of eight cheetahs on September 17, 2022 in Kuno National Park of Madhya Pradesh.

The cheetahs will first be quarantined for a few days in an enclosure and gradually released in a larger fenced area and into the forests ultimately. The release of cheetahs is significant not only from the point of view of conservation of wildlife but also for the

civilisational message to bring back the lost heritage of biodiversity and celebrate the coexistence of all life forms on

It is also a proud moment for the much maligned Indian Forest Service (IFS) which has been using the acronym IFS for over more than a century for getting back a priceless species it conserved against all odds before it went extinct due to the false notion of bravery by hunting with guns by the misguided Royals. Cheetah is the most charismatic, beautiful and fastest animal in the world.

Cheetah is capable of accelerating up to 120 kilometres per hour in just over three seconds. At top peed, their stride is 23 feet long which makes them fearsome hunters. The male and female cheetahs live

move in a group of two to three or even more and this is called a coalition which lasts for life and protects their territory well, while the female cheetah lives alone and meets the male only during mating time.

Cheetahs do not pose much challenge for humans and many royals and others used to rear them and used them for hunting. Unlike other $\,$ cats they do not roar but meow

However, after this release of cheetahs in the Kuno National Park, the real challenge to the foresters has begun in order to see if we can replicate the success of tiger conservation for cheetah also.

The cheetah became extinct due to indiscriminate hunting and shrinking of its

grassland and in India the saddest part is that we have never given focus on grassland conservation.

Now there are as usual naysayers and armchair environmental critics who argue that bringing African cheetah is a bad idea. Today, if cheetah can find a new home akin to their home territory there is nothing wrong in it from the department though had made

conservation. After all, the migration of animals and plants from one geographic area to another had routinely happened during the evolutionary process.

The real test of re-introduction will happen when these eight cheetahs adapt to their new home and start hunting and live in a natural style of their own so that the next batch of cheetah can be brought here. The good thing about Kuno is that it has a good prey base for them to survive. The second issue is how the local people will see this introduction in future in terms of

protection of their habitats. The Madhya Pradesh gov ernment had already relocated 24 villages and the forest

protection and movements and had made arrangements for 24 hours vigilance but they will have to see that the tree climbing leopard do not enter their territory The leopard hunts by

ambush but cheetah do not have retractable claws and hunt for a particular type of prey like medium sized antelopes, hares, calves of herd animals, birds with their speed and sudden galloping gait. Thirdly, the local people and scientific community from the Wild Life Institute and Universities need to be involved in the conservation process with liberal research and training grants.

Fourthly, the poachers must be kept at bay and for this forest department at field level must possess the best of the

as the Madhya Pradesh Governments, therefore, will have to plan a long term strategy for the cheetah conservation in India so that in next few years the population of the cheetahs can grow.

The situation of manpower from forest guard to ranger level and infrastructure needs a review. We must understand that the manpower of the forest department and infrastructure like superior weapons and other modern gadgets are no match for the superior equipment of the poachers.

It will be a special challenge for the Park Director, because cheetah breeding requires proper attention and resources. A "Project Cheetah Scheme" needs to be started on the pattern of Project Tiger.

DRONE ATTACK HITS UKRAINE; US **VOWS 'CONSEQUENCES' OVER NUKES**

An overnight drone strike near the Ukrainian port of Odesa sparked a mas-sive fire and explosion, the mil-itary said Monday, hours after the United States vowed to take decisive action and promised "catastrophic consequences" if Russia uses nuclear weapons in

The airstrike was the latest in a series of drone attacks on the key southern city in recent days. This one hit a military installation and detonated ammunition when it struck. Firefighters were struggling to contain the blaze, the Ukrainian military's southern command said.

Concerns are growing that Russia may seek to escalate the conflict once it completes what Ukraine and the West see as illegal referendums in parts of Ukraine under its control.

The voting, which ends Tuesday, happened after thou-sands of residents had fled and has included images of armed Russian troops going door-to-door to pressure Ukrainians into voting. Russia is widely expected to declare

the results in its favor, a step that could see Moscow annex the territory and give it the pretext to seek to defend it as its own territory under the Russian nuclear umbrella.

Jake Sullivan, the U.S. National security adviser, made clear that Russia would pay a high price if it made good on veiled threats to use nuclear weapons in the conflict.

"If Russia crosses this line there will be catastrophic consequences for Russia. The United States will respond decisively," he told NBC's Meet the Press on Sunday.

Washington's message has been more detailed in private conversations with their Russian counterparts, he said, without elaborating.

In an online intelligence briefing, the British Defense Ministry said "many tens of thousands" had been called up. However, the Russians face challenges ahead.

Unlike most Western armies, the Russian military provides low-level, initial training to soldiers within their designated operational units, rather than in dedicated training establishments," the British said.

Under normal circumstances, two battalions deploy while a third remains behind to train. But in the Ukraine war, even the third battalion is deploying, weakening that training, the British said.

Ukrainians scared by Russia's preordained referendums

After seven months of war, many Ukrainians fear even more suffering and political repression as referendums orchestrated by the Kremlin portend Russia's imminent annexation of four occupied regions.

Many residents fled the regions before the so-called referendums got underway, scared about being forced to vote or potentially being conscripted

into the Russian army.
Others described hiding behind closed doors, hoping to avoid having to answer to armed soldiers going door-todoor to collect votes.

Petro Kobernik, who left the Russian-held southern city of Kherson just before the preordained voting began on Friday, said the prospect of living under Russian law and the escalating war made him and others extremely jittery about the future.

"The situation is changing rapidly, and people fear that

 $T^{\text{he United States and several}}_{\text{Western allies presented a}}$ proposal on Monday for the UN's main human rights body to hold a special debate over reported rights abuses and violations against Uyghurs and other Muslim minorities in China's western Xinjiang

A core group of countries including Britain, Canada, Denmark, Finland, Iceland, Norway and Sweden were behind a draft resolution at the Human Rights Council that would call for a debate on Xinjiang at the council's next session in early 2023, diplomats said

geopolitical salvo between the West and Beijing in the wake of recent tensions over issues like the future of Taiwan. If approved, the resolution

would mark the first time that human rights concerns in China have been formally put on the council's agenda.

Diplomats in Geneva, where the 47-nation council is based, have been on the lookout for whether Western countries might be able to muster enough political capital to present and push through a resolution on Xinjiang before the council's current session ends on October 7.

The draft resolution would only convene a debate in the council — which debates issues all the time — and stops short of calling for stronger tools in the council's arsenal to monitor rights abuses, such as convening independent experts to scrutinize countries' activities.

While less intrusive than it might have been, the draft proposal is likely to rankle China, which has pushed back on attempts to single it out and hold it to account over the Xinjiang rights issue.

Putin grants Russian citizenship to Snowden

President Vladimir Putin has granted Russian citizenship to former US security contractor Edward Snowden, according to a decree signed by the Russian leader on Monday.

Snowden is one of 75 for eign nationals listed by the decree as being granted Russian citizenship. The decree was published on an official government website.

Snowden, a former contractor with the US National Security Agency, has been living in Russia since 2013 to escape prosecution in the US after leaking classified documents detailing government surveillance programs.

He was granted permanent residency in 2020 and said apply for Russian citizenship, without renouncing his U.S. Citizenship.

Snowden's lawyer, Anatoly Kucherena, told Russia's state news agency RIA Novosti that the former contractor's wife Lindsay Mills, an American who has been living with him in Russia, will also be applying for a Russian passport.

Italy's EU partners vigilant as far right set to take power

AP ■ BRUSSELS

Italy's European Union partners are signalling discomfort, even vigilance, after Italy, one of the bloc's founding members, swung far to the political right. The result of Italy's latest election raises troubling questions about whether Rome will maintain its commitments to EU principles, laws and ambitions.

The French PMon Monday said her government, along with EU officials, would be watching to ensure that basic human rights are guaranteed in Italy after Giorgia Meloni's neofascist far-right Brothers of Italy Party topped the vote count in Sunday's parliamentary elec-

"In Europe, we uphold some values and obviously we will ensure, and the president of the commission will ensure, that these values - on human rights, the respect of other people, especially the respect of the right to abortion — will be respected by all (member states)," PM Elisabeth Borne told French BFM TV.

Such statements among the longtime EU partners are highly unusual and follow European Commission President Ursula von der Leyen's pre-election warning that Europe "has the tools" to deal with any country and that means Italy too if things go "in a difficult direc-

US carrier, S Korea warships launch drills amid North's threat

US aircraft carrier and its battle group launched drills with South Korean warships off the Korean Peninsula's east coast on Monday in their first such training in five years, a day after North Korea test-fired a short-range ballistic missile in a possible response to the

North Korea could conduct more tests in coming days as it views US-South Korean military exercises as a practice to invade the county and often reacts with displays of weapons designed to attack

The four days of drills are aimed at demonstrating the allies' "powerful resolve to respond to North Korean provocations" and improve their ability to perform joint naval operations, the South Korean navy said in a state-

More than 20 US and South Korean navy ships, including the nuclear-powered aircraft carrier USS Ronald Reagan, a US cruiser and South Korean and US destroyers, were mobilised for the drills, according to the navy statement. It said US and South Korean fighter jets and helicopters will also take part in the training.
It would be the first such

joint drills involving a US aircraft carrier near the peninsula since 2017, when the US sent three aircraft carriers including the Reagan for naval drills with South Korea in response to North Korean nuclear and missile tests.

The allies had since cancelled or downsized some of their regular drills to support now-dormant talks on North Korea's nuclear programme or guard against COVID-19.

The North Korean missile fired on Sunday flew about 600 kilometres at the maximum altitude of 60 kilometres before

North's east coast, according to South Korean estimates.

Some experts say North Korea might have launched a nuclear-capable, highly maneuverable ballistic missile and that its 600 kilometreflight had enough range to strike a southeastern South Korean port where the Reagan was previously docked.

North Korea has performed a record number of missile tests this year as it steadfastly rebuffs US and South Korean calls to resume the nuclear diplomacy.

North Korea has said it falling into the waters off the won't return to talks unless the

United States drops its hostile policies in an apparent reference to US-South Korean military drills and US-led economic sanctions on it.

Earlier this month, North Korea adopted a new law that authorised the preemptive use of nuclear weapons in some sit-uations, a development that showed its increasingly aggressive nuclear doctrine.

Some analysts say North Korea would eventually aim for arms control negotiations with the US to get sanctions relief and other concessions in return for a partial surrender of its nuclear capability.

Dependence on Russian def equipment not lack of trying on India's part: Jaishankar

Tndia's dependence on Russian defence Lequipment and the strong defence ties with Moscow is not because New Delhi did not approach the US to get those from the United States, External Affairs Minister S Jaishankar said Sunday.

"One of the changes in our relationships has actually been the defence cooperation which has really come about in this current form maybe the last 15 years,' Iaishankar told Indian Americans here during an interactive discussion with him organized by the US India Friendship Council and Foundation for India and Indian Diaspora Studies.

"From 1965 pretty much for the next 40 years, there was no US defence equipment to India. This was, in fact, a period when the India Soviet, India Russia rela-

tionship became very strong," he said. This was not due to a lack of trying grandfather, they worked with the defence ministry. So, I know firsthand what great efforts were made over those years to try to make the US understand that it was in American interest to have a strong, united, independent, prosperous India," Jaishankar said. "At that time, they did not succeed,

maybe the state of the world was such," he noted. "The change that started was really triggered by the nuclear deal that removed a very big obstacle to go forward and then to actually take the relationship to a new level requires leadership in India," that did not had reservations.

In Tokyo, US vice prez Harris calls US-Japan alliance 'a cornerstone'

US Vice President Kamala Harris met with Japanese Prime Minister Kishida Fumio on Monday shortly after arriving in Tokyo for the state funeral of his predecessor, Shinzo Abe.

Abe, who was assassinated in July, will be honoured on Tuesday, and Harris is leading a U.S. Delegation to pay its respects.

"The alliance between Japan and the United States is a cornerstone of what we believe is integral to peace, stability and prosperity in the Indo-Pacific region," she said at the Akasaka Palace. Kishida said Abe "poured his heart and soul" into strengthening ties between their two countries.

"I feel it is my duty to carry on his aspirations," Kishida said.

Abe forged closer ties with the United States at a time of increased concern about China's ambitions, and Kishida is continuing his push for a stronger national defense.

governed island that China claims as part of its own territory, has troubled Japan, which would likely be pulled into such a conflict.

President Joe Biden said recently that the U.S. Would send its own troops to defend Taiwan if China attacked.

The president has addressed that issue. And if it comes up, the vice president will align with the president," said a senior administration official, who requested anonymity to discuss a private meeting.

The official also said Harris would "make clear our ironclad commitment to Japan's security." More than 50,000 U.S. Troops are based there. Harris, who is scheduled to spend three nights in Tokyo, is visiting at a politically fraught moment. Kishida's decision to hold a state funeral for Abe, a conservative nationalist, has been controversial in a country where such memorials are uncommon, and some oppose honoring him in this way.

6 Pak Army personnel, including two officers, killed in helicopter crash in Balochistan

 $S^{\rm ix}$ Pakistan Army officials, including two Majors, were killed in a helicopter crash in southwestern Balochistan province, the military said on Monday, the second such incident after another military helicopter crashed in the same province last month. The crash occurred near Khost in the

Harnai district of the province on Sunday night during a flying mission, it said. All the "six personnel on board, including

2 pilots" were killed in the crash, the Army said. No reason for the crash was given. The accident comes more than a month after a similar incident occurred in Balochistan on August 1 when a Pakistan Army helicopter

crashed, killing all six personnel, including a

Lieutenant General, on board.
The Inter-Services Public Relations (ISPR),

the media wing of the Pakistani military, said on Monday that 39-year-old Major Khurram Shahzad (pilot) and 30-year-old Major Muhammad Muneeb Afzal (pilot) were among those killed in the crash.

The funeral prayers of the six army personnel were offered at Quetta Garrison, according to the ISPR. Balochistan corps commander as well as senior military and civil officials

Australia after data breach mulls tougher cybersecurity laws **AP** ■ CANBERRA offer compromised customers

The Australian government ■ said on Monday it was considering tougher cybersecurity rules for telecommunications companies after Optus, the nation's second-largest wireless carrier, reported personal data of 9.8 million customers had been breached.

Optus said on Thursday it had become aware the day before of the cyberattack breaching details of 9.8 million people — within Australia's population of 26 million.

In the cases of 2.8 million current and former Optus customers, the breach involved "significant amounts of personal data," Cybersecurity Minister Clare O'Neil told Parliament.

western Libya; 5 killed

new round of infighting Abetween rogue militias in western Libya has killed at least five people, including a 10year-old girl, health authorities said Monday, the latest bout of violence to rock the North African nation mired in decade-long chaos. The fighting broke out on

Sunday between rival militias in the western town of Zawiya, where armed groups - like in many other towns and cities in oil-rich Libya - are competing for influence. Along with the five who were killed, at least 13

other civilians were wounded in the clashes that continued overnight, the Health Ministry's emergency services said. The fighting trapped dozens of families living in the area for hours, said Malek Merset, a spokesman for the emergency services. Local media reported that one militia fired at a member of its rivals, wounding a militiaman who was taken to hospital. The violence was the lat-

est between militias in western Libya. In August, clashes in the capital of Tripoli killed more than 30 people, one of the deadliest bouts of fighting in Libya in many months.

Libya was plunged into chaos after a NATO-backed uprising toppled and killed longtime dictator Moammar Gadhafi in 2011. The oil-rich county has for years been split between rival administrations each backed by rogue militias and foreign governments.

Pride festival AP ■ COPENHAGEN (DENMARK)

¬wo more suspects have ■ been arrested in connection with a deadly shooting during the Norwegian capital's annual LGBTQ Pride festival, police said on Monday. The total number of suspects is now at four.

A 42-year-old Norwegian citizen originally from Iran was arrested shortly after the June shootings in Oslo's nightlife district that killed two people and wounded more than 20.

A second Norwegian man in his 40s is being sought police said on Friday.

On Monday, police said two more suspects — a man in his 40s with Somali citizenship and a Norwegian national in his 30s — were arrested on Sunday. Both are known to the police, authorities said, adding that they are residents of Oslo.

They faces preliminary charges of "complicity in an act of terrorism", police said.

leaves 6 rescuers dead in north Philippines **AP** ■ MANILA

yphoon Noru blew out of Typhoon Noru blew out of the northern Philippines on Monday, leaving six people dead, knocking down power in two entire provinces, trapping villagers in floods and forcing officials to suspend classes and government work in and around the capital.

The most powerful typhoon to hit the country this year slammed ashore in Burdeos town in Quezon province before nightfall on Sunday then weakened as it barrelled overnight across the main Luzon region, where more than 52,000 people were moved to emergency shelters, some forcibly, officials said. Gov. Daniel Fernando of

Bulacan province, north of Manila, said five rescuers, who were using a boat to help residents trapped in floodwaters, were hit by a collapsed wall then apparently drowned

in the rampaging waters. "They were living heroes who were helping save the lives

of our countrymen in the calamity," Fernando told DZMM radio network. "This is really very sad." Police said a Bulacan vil-

lager drowned after refusing to heed appeals to leave his riverside house. Authorities were separately trying to confirm another death in Burdeos town and a missing farmer in a flooded village in western Zambales province.

In Aurora province's hardhit Dingalan town, more than 6,000 houses were damaged and a newly built evacuation centre housing more 200 displaced families was battered by the fierce wind and rain but no injuries were reported, officials

India's GDP to grow at 7.3% in '23: S&P

S&P Global Ratings on Monday projected India's economic growth at 7.3 per cent in the current fiscal with downside risks and said inflation is likely to remain above RBI's upper tolerance threshold of 6 per cent till the end of

In its Economic Outlook for Asia Pacific, S&P said India's growth next year will get support from domestic demand recovery after the coronavirus pandemic.

"We have retained our India growth outlook at 7.3 per cent for the fiscal year 2022-2023 and 6.5 per cent for the next fiscal year, although we see the risks tilted to the downside,"

Other agencies have cut India's GDP growth forecast amid higher inflation and rising policy interest rates. Earlier this month, Fitch Ratings slashed the growth estimate to 7 per cent for the current fiscal from 7.8 per cent pegged earlier. India Ratings & Research too had reduced its projections to 6.9 per cent from 7 per cent earlier.

Asian Development Bank has cut the projection to 7 per cent from 7.5 per cent earlier.

The Reserve Bank of India (RBI) expects the Indian economy to grow 7.2 per cent in the current fiscal (April-March). The growth last year (2021-22)

ed 13.5 per cent in the April-June quarter, sequentially higher than 4.10 per cent growth clocked in the January-March

On inflation, S&P Global Ratings pegged the average rate in the current fiscal at 6.8 per cent and projected it to fall to 5 per cent in the next fiscal beginning April 2023.

"India headline Consumer Price Inflation (CPI) is likely to remain outside the Reserve Bank of India's upper tolerance limit of 6 per cent until the end of 2022. That's amid substantial weather-induced wheat and rice price increases as well as sticky core inflation. And food inflation may rise again,"

OECD retains India GDP growth projection at 6.9% for FY-2023

Economic grouping OECD fin a report on Monday retained the GDP growth projections for India at 6.9 per cent for the current financial year despite the global economy losing momentum in wake of the Russia-Ukraine war.

The projection by the Organisation for Economic Cooperation and Development (OECD) is lower than the Reserve Bank's growth forecast of 7.2 for 2022-23. The growth last year (2021-22) was 8.7 per

Indian economy expanded by 13.5 per cent in the April-June quarter, sequentially higher than 4.10 per cent in the January-March period.

"Softer external demand is a factor in India's projected slowdown from 8.7 per cent annual growth in FY2021-22 to around 7 per cent in FY 2022-23 and around 5¾ per cent in FY 2023-24, but this still represents rapid growth in the context of a weak global economy," the OECD's latest Interim Economic Outlook said.

In the June 2022 Economic Outlook, the OECD projected the GDP growth for

India at 6.9 per cent.

The global economy has lost momentum in the wake of Russia's war of aggression in Ukraine, which is dragging down growth and putting additional upward pressure on inflation worldwide, according

to the OECD's latest Interim Economic Outlook.

The outlook projects global growth at a modest 3 per cent this year before slowing further to just 2.2 per cent in 2023.

This is well below the pace of economic growth projected prior to the war and represents around USD 2.8 trillion in foregone global output in 2023,

It further said growth in China has also been hit and is expected to drop to a projected 3.2 per cent in 2022.

Except for the 2020 pandemic, this will be the lowest growth rate in China since the 1970s, said the Interim Economic Outlook.

Inflation is projected to recede gradually through 2023 in most G20 countries as the tighter monetary policy takes effect and global growth slows.
Headline inflation is pro-

jected to ease from 8.2 per cent this year to 6.6 per cent in 2023 in the G20 economies, and fall from 6.2 per cent this year to 4 per cent in 2023 in the G20 advanced economies.

The two companies, which had filed preliminary IPO papers with the Securities Exchange Board of India (Sebi) in April, obtained observation letters from the regulator during September 22-23, an update with the markets watchdog showed on Monday.

In Sebi's parlance, the regulator's observation implies its go-ahead to launch an initial

Going by the draft papers, Gold Plus Glass Industry's IPO comprises a fresh issue of equity shares aggregating up to Rs 300 crore and an offer for sale (OFS) up to 1,28,26,224 equity shares by promoters and existing shareholders.

As a part of the OFS, promoters - Suresh Tyagi and Jimmy Tyagi — will offer up to 10,19,995 equity shares each and investor PI Opportunities

Fund-I will sell up to 1,07,86,234 equity shares.

The company proposes to utilise net proceeds from the fresh issuance of equity shares towards funding debt, working incremental requirements and general corporate purposes.

Gold Plus Glass Industry is one of the leading float glass cent share of manufacturing capacity in fiscal 2021. The company's products cater to a range of end-use industries, including automotive, construction and industrial sectors, with a variety of applications.

The initial share-sale of Uniparts India is entirely an OFS of 1,57,31,942 equity shares by promoter group entities and existing investors, according to the draft papers.

Those offering shares in the OFS are promoter group entities — The Karan Soni 2018 CG-NG Nevada Trust, The Meher Soni 2018 CG-NG Nevada Trust, Pamela Soni -and investors Ashoka Investment Holdings Ltd and Ambadevi Mauritius Holding

Since the IPO would be entirely an OFS, the company will not receive any proceeds from the public issue.

The draft Indian Telecommunication Bill may not help accelerate the resolution process for insolvent companies in the sector, a domestic rating agency said on

The bill stipulates that the ownership of spectrum remains with the government, and hence implies that the value of spectrum cannot be sold by creditors under the Insolvency and Bankruptcy Code, India Ratings and Research explained.

The draft law also mentions that the government reserves the right to take back the spectrum if the ailing telecom operator fails to pay government dues, which further

ROHIT KEEPING FAITH IN BHUVI & HARSHAL

ndia skipper Rohit Sharma has backed pacers ■Bhuvneshwar Kumar and Harshal Patel to hit form ahead of the T20 World Cup.

Following a disappointing Asia Cup campaign, the Indian team had something to cheer as it won the three-match series against Australia 2-1 after clinching a six-wicket win in the third game here on Sunday.

However, both Bhuvneshwar and Harshal, who made a comeback from injury, leaked runs in the series, ending with an economy rate of

"It's important that we give him (Bhuvi) that space because when you have a guy like him in in the team and the quality that he brings, we know that he's had more good days than the bad days in the last so many

"We've been working on some plans, and hopefully, we can give him more options to bowl in the death. And then he'll be as good as he was before," said Rohit in the post match media interaction.

Despite the woeful run, Rohit said Bhuvneshwar is not short on confidence.

"I don't see that he is short in confidence. It's time for us to show that faith in him and keep backing his skillset

trying to work out what are the things we can do because when you're bowling in the death you can't be predictable. You need to have options to bowl on both sides of the ground and set the field accordingly.

"And someone with that experience it'll be easy for him to grasp all that knowledge."

Harshal, who is coming off a long injury layoff, also struggled, giving away 99 runs in eight overs in the three games but Rohit said the death overs specialist is not being judged on

"Harshal is an important player for us without a doubt. Coming back after an injury is never easy. He missed cricket for close to two months. It's not easy (to come back), so we've not judged him on how he is performing in these three games, because we know his

"He has bowled some really tough overs for us in the past and also for his franchise. It's important to keep showing that faith and I'm sure that you know he's also trying to rectitoo far from his best.'

Assessing the team's performance in the series, Rohit said "We want to tighten in all departments. I know our batting has been brilliant in the last eight or nine games that we played since Asia Cup.

"But we still want us to be more clinical, more aggressive, you know and play with that aggression. We want to keep doing that."

While the batting unit per-

formed well, the bowlers struggled and the fielding from the

"Bowling is the main focus. Fielding is one aspect which will never stop. We want to keep improving as a fielding unit all the time.

Suryakumar Yadav played a special 69-run knock to pave the way for India's victory alongside Virat Kohli, who also scored a half-century in the third game. "When it comes to Surya

we all know his quality. He can play the shots all over the ground. And that is what makes him special.

'Want to give DK more game time ahead of T20 World Cup'

PTI ■ HYDERABAD

Tndia skipper Rohit Sharma Lwants to give wicketkeep-er batter Dinesh Karthik more time in the middle before the team heads Down Under for the T20 World Cup next month.

India have been alternating between Karthik and Rishabh Pant in their play-

While the young keeper was given the nod ahead of the veteran player in the Asia Cup, Karthik was picked for all three matches against

"I wanted both of these guys to have a number of games under their belt before the World Cup. When we went to the Asia Cup both of these guys were in the fray to play all games," Rohit said at the post-match press conference after India clinched the three-match series against Australia on Sunday.

"But I just feel that stick to that consistent bat-

ting lineup."
India take on South Africa for a three-match T20I series, starting Wednesday and Rohit said Karthik and Pant's inclusion in the playing xi will depend upon the situation.

"I don't know what we're gonna do against South Africa. We just need to go and see their bowling, what sort of bowling lineup they'll play with, and who are the best guys for us who can handle that bowling lineup. It all depends on that.

"We want to be flexible in our batting. So if the situation or if the thing demands that we need a left-hander, we will bring in a left-hander if we need a right-hander, we will continue to do that.

"But we'll try and manage those guys pretty carefully. I do understand that they need game time before the World Cup but there are only 11 players you can play, unfortunately."

T201 Rankings: India go 7 points clear at top

PTI DUBAI

India went seven points clear of England at the top of the ICC T20 rankings following their narrow series win over Australia in Hyderabad.

Down 0-1 against the touring Australia, the Rohit Sharma-led India bounced back in style to level the series in Nagpur before Virat Kohli and Suryakumar Yadav's fifties in the deciding rubber on Sunday sealed a 2-1 win.

improved their ranking by one point to 268 points, a seven-point lead over their closest rival in England in the ICC T20 rankings released on Monday.

The upcoming three-match series against South Africa will give India a chance to consolidate their lead at the top ahead of the World Cup in Australia.

The Proteas occupy third place on the team rankings with 258 points, but could stake their claim when they in the upcoming series commencing at Thiruvananthapuram Wednesday. Incidentally it was Pakistan's

narrow three-run win over England in the fourth game in Karachi on Sunday that helped India increase their lead. That series remains tied at

two games apiece, with plenty of rankings points still to play for during the final three matches in

Oz head coach reserves big praise for 'outstanding' Axar

PTI HYDERABAD

Ravindra Jadeja's absence from the T20 series was expected to weaken India but the hosts found an able replacement in "outstanding" Axar Patel, said Australia coach Andrew McDonald.

Left-arm spinner Axar, who was shoed in as a like-forlike replacement for the injured Jadeja, impressed everyone with his bowling, ending as the leading wickettaker in the three-match series. "Axar, in particular, had an

outstanding series. With Jaddu out everyone thought that it might become a bit of a weakness for India, but they've found another one again, which tends to happen," McDonald said at the postmatch press conference after India clinched the series.

The Australian bowling attack, comprising the pace duo of Pat Cummins and Josh Hazlewood, was taken to the cleaners by the Indian batters.

Asked if it's a concern heading to the World Cup, McDonald said: "Across the series the run rate was high, it was entertaining cricket from the get-go. Bat dominated the ball, so there was really no place to hide for bowling units, in particular death.

"We worked our way through some plans. We saw some good results with some of the plans that we imple-

mented that might be able to transition to the World Cup.' McDonald added that

Australia will have reinforcements in the form of Mitchell Starc when they begin the defense of their World Cup title at home next month. 'The connection between

here (India) and Australia might be slightly different, a little bit more bounce, different tactics. Mitchell Starc comes back into the picture being one of our best death bowlers. So, we feel like we'll get reinforcements there." McDonald feels most of the bowling attack is "under the pump" due to the skills of the batters.

'The conversations always going to be can you get better at your death bowling? The answer to that is yes. "We encourage our guys

Dinesh needs a little more game time. He hardly got to bat (this series). Just maybe

three balls. So that's not

enough time," Rohit added.

in total against Australia,

while Pant played only one game where he did not get a

time obviously. But looking

at how this series was it was

important for me to just

chance to bat.

Karthik faced seven balls

"Pant also needs game

to make good decisions and execute them. Sometimes the batter out-executes you and we've seen that with Hardik (Pandya) across the series.

"Suryakumar Yadav was outstanding today and he's gonna be dangerous in the World Cup but he showed what he can do."

Australia were without a few of their World Cupbound players due to injuries but the head coach feels the defending champions have enough depth to overcome

Rizwan, Rauf help Pak win 4th T201

AP KARACHI

Pakistan halted England with three wickets in six balls to take a sensational three-run win in the last over of the fourth T20I in Karachi on Sunday. Haris Rauf grabbed three

wickets as the hosts tied the seven-match series. Earlier in-form opener Mohammad Rizwan struck a

brilliant 88 as Pakistan made

With England needing five for victory from 10 balls, Rauf dismissed Liam Dawson (34) and Olly Stone off successive

deliveries in the 19th over.

Last man Reece Topley was then run out as Pakistan rescued victory from almost certain defeat at a packed National stadium in Karachi.

home fans into raptures.

The win made the occasion of Pakistan's 200th T20I more memorable. They are the first team to reach the milestone.

England were rocked by Hasnain (2-40) and Nawaz (3-35) and were staring at defeat at 130-7 before Dawson added 32 with Adil Rashid (three not out) to bring England back in

But Rauf's two wickets, he finished 3-32, sealed the match for Pakistan.

The remaining matches are in Lahore (September 28, 30 and October 2)

England, who are on their first tour of Pakistan for 17 years, won the first and third games while the home team won the second and fourth all in Karachi.

We warned her multiple times: Deepti Sharma on controversial run out

India all-rounder Deepti Sharma on Monday revealed that Charlie Dean was warned against backing up multiple times before she effected a controversial run out of the England batter in the third and final

The dismissal reignited an intense debate over the 'spirit of the game'.
"Woh plan tha hum logon ka, kyunki

woh baar baar... Hum warn bhi kar chuke the usko. Jo rules mein hain, jo guidelines hain, uske according hi humne kiya (We had planned this as she was not paying heed to our repeated warnings. We acted according to the rules and the guidelines," Deepti told reporters upon her arrival here.

Reduced to 118 for nine in their pursuit of 170 in the third ODI, England's chase was led by their No 9 batter Dean who revived

their hopes with her last wicket partnership with Freya Davies. With 17 needed to win, Dean was run out for 47 with the veteran Indian off-spinner deciding to clip the bails during her delivery stride to put an end to their 35-run partnership that gave India 3-0 sweep. It was also Jhulan Goswami's swansong game. The run-out is currently listed in the

Unfair Play' section of the laws but is set to be moved to the 'Run Out' section at the start of next month when an update in the ICC Playing Conditions comes into effect.

Deepti further pointed out that they had informed the umpires before running out Dean. "Umpires ko bola tha hum logon ne, but still woh wahin par thi. Hum log kuchh nahin kar sakte the. (We did inform the umpires, but she continued to do it. There was nothing we could do)," the 25-year-old
