TUNISIA 5-1
11 SPORTPFI banned for 5 yrs
under anti-terror lawFront accused of
links with terror
groups ISIS, JMBPIONEER NEWS SERVICE ■
NEW DELHI

The Centre on Wednesday banned Popular Front of India (PFI) and several of its associates/fronts for five years under the stringent anti-terror law Unlawful Activities (Prevention) Act, accusing them of having "links" with global terror groups like ISIS and Jamat-ul-Mujahideen Bangladesh (JMB) and involvement in radicalisation.

The move follows pan-India searches against the outfit and several arrests and detentions in the last one week.

Besides the PFI, the associated outfits banned under the UAPA include Rehab India Foundation, Campus Front of India, All India Imams Council, National Confederation of Human Rights Organisation, National Women's Front, Junior Front, Empower India Foundation and Rehab Foundation, Kerala.

With the ban, the PFI joins a dubious club of 43 proscribed outfits notified by the Union Home Ministry, including Communist Party of India (Maoists), Students Islamic Movement of India (SIMI), Pakistan-based Lashkar-e-Tayyaba and Jaish-e-

Police personnel deployed at Popular Front of India (PFI) office building, at Shaheen Bagh in New Delhi on Wednesday PTI

Mohammad, Hizbul Mujahideen, al-Badr; global terror groups al-Qaeda and ISIS, Jamat-ul-Mujahideen Bangladesh, a host of Khalistani terror groups like Sikhs for Justice (SFJ) and several insurgent groups of the North-East.

The notification banning the PFI will be followed by a number of actions against the outfit, including seizure of its properties, freezing of bank accounts and a complete pro-

hibition of its activities.

The Centre will also move a tribunal within 30 days from the date of the publication of the notification for adjudication of whether or not there is sufficient cause for declaring the association unlawful.

The ban on the 16-year-old outfit came after over 300 persons allegedly linked with PFI were detained or arrested in raids across seven States on Thursday and Tuesday. The

crackdown against the group had led to the seizure of several dozen properties and digital records among others.

In a Gazette notification late on Tuesday night, the Union Home Ministry said some PFI founding members are leaders of the SIMI and the PFI has linkages with Jamat-ul-Mujahideen Bangladesh (JMB).

It said there had been many instances of international linkages of PFI with global terrorist groups such as the ISIS.

Tharoor-Digvijaya bout likely,
Kharge ready to contest pollCongress MP urges
'Vadra bahu' Priyanka
to fight party prez poll

PIONEER NEWS SERVICE ■ NEW DELHI

The election to the office of the Congress president could boil down to a contest between Shashi Tharoor and Digvijaya Singh unless there is a last-minute reconciliation between the Gandhis and Rajasthan Chief Minister Ashok Gehlot or a wild card entry at the behest of the party high command.

While Tharoor has gone on record saying he would contest the poll, Digvijaya is reaching Delhi and may file his nomination papers in a day or two. The last date for filing of nomination is Friday.

Another senior party leader Mallikarjun Kharge is also ready to throw his hat in the ring, subject to endorsement by party chief Sonia Gandhi.

In an interesting twist to the entire saga, a Congress MP has suggested Priyanka Gandhi to contest the election as she is no more a family member of Gandhi as she is married to a Vadra family.

Digvijaya, who is part of the Bharat Jodo Yatra, has been asked to reach Delhi. Singh said he would "file nomination if the high command asked me to do so". "I have not discussed (the matter) with anybody. I have not sought permission from the high command. Leave it to me whether I will contest or not," Singh added days after rejecting any possibility of contesting the poll.

Gehlot, meanwhile, has sought time from party chief Sonia Gandhi to discuss the crisis in Rajasthan Congress. He reached Delhi by a chartered flight around 10.15 pm. After refusing to accept Sachin Pilot as his successor, Gehlot has fallen from the grace of the Gandhis.

Several senior leaders have advised the party high command to pull him out of the

Congress leader Rahul Gandhi during 'Bharat Jodo Yatra' in Wayanad on Wednesday PTI

race for the party chief.

Ever since the Rajasthan crisis on Sunday, Sonia has been meeting senior party leaders. On Wednesday, she met senior party leader AK Antony.

Meanwhile, Congress MP Abdul Khaleque battled for Priyanka Gandhi to take on the mantle of party presidency, saying, "Being daughter-in-law of the Vadra family, she is no longer a member of the Gandhi family as per Indian tradition."

Even as the Congress high command is smarting over the humiliation heaped on it by Gehlot and his loyalists, Congress general secretary KC Venugopal on Wednesday said, "There is no drama in Rajasthan. Everything will be clear in a day or two. Media may see this as a drama but at least you are discussing the INC president election... we are doing it in a very democratic manner, it will end in two days smoothly."

US visitor visa wait time for
Indians 833 days, China 2

PNS ■ NEW DELHI

Compared to those living in China and Pakistan, the wait time at the US Embassy in New Delhi for a Visitor Visa is as high as 833 days and from Mumbai it is still higher at 848 days. This means it could take about 2 years and 4 months for visas under this category to be issued.

Effectively, a person applying for a visitor visa now is expected to get an appointment in January 2025.

For China, the US Visitor Visa could, however, be collected within two calendar days straight!

Indians who apply in the US Embassy in New Delhi in visitor, student/exchange visitor, and all other non-immigrant visa categories will have to wait for 833, 430 and 390 days respectively.

From Mumbai the wait is

Foreign Minister Subrahmanya Jaishankar shakes hands with Secretary of State Antony Blinken during a press conference at the State Department in Washington on Tuesday AP I PTI

848, 430, 392 days, and from Kolkata, the visa wait in the three categories is 767, 444 and 360 days respectively. From Chennai the visa delay is to the extent of 780 days, 29 days and 415 days respectively.

The US Embassy in India on Tuesday announced it has opened the appointments for all categories of visas.

However, the Embassy clarified that the wait time remains high due to high demand.

Centre extends free
rations by 3 monthsPIONEER NEWS SERVICE ■
NEW DELHI

Ahead of Assembly elections in Gujarat and Himachal Pradesh, the Union Cabinet on Wednesday extended by three months its programme to provide free rations to the poor at a cost of ₹44,762 crore as it looked to ease pain from high inflation.

The scheme to provide five kilogram of wheat and rice free of cost to 80 crore poor every month, which was ending on Friday, will now run through December 31, 2022, I&B Minister Anurag Thakur said.

The Pradhan Mantri Garib Kalyan Anna Yojana (PMGKAY) was started in April 2020 to help the poor whose livelihoods were shattered by a nationwide lockdown aimed at containing the spread of the coronavirus. The scheme has been extended multiple times and was to end

on Friday.

"At a time when the world is battling with the effects of Covid on its decline and insecurity due to various reasons, India has been successfully maintaining food security for its vulnerable sections while taking necessary steps to keep availability and affordability for common man," an official statement said.

Diwali gift: Govt
hikes DA by 4%

PNS ■ NEW DELHI

Ahead of Diwali festival, the Union Cabinet on Wednesday increased the dearness allowance (DA) and dearness relief by 4 per cent effective July 1, benefiting 41.85 lakh Central Government employees and 69.76 lakh pensioners.

Cabinet OK's ₹10K cr to
upgrade Delhi, Mumbai,
Ahmedabad rly stationsPIONEER NEWS SERVICE ■
NEW DELHI

The Centre on Wednesday approved ₹10,000 crore for the redevelopment of the New Delhi Railway Station, Ahmedabad station and Mumbai's Chhatrapati Shivaji Maharaj Terminus.

The design will include a spacious roof plaza with all passenger amenities at one place along with spaces for retail, cafeterias, and recreational facilities.

The decision was taken at a Cabinet meeting held on Wednesday. The stations will be connected on both sides of railway tracks. Facilities like food court, waiting lounge, playing area for children and a place to sell local products will be made available.

"New Delhi Railway Station will integrate train services with buses, auto and

metro rail services. Ahmedabad railway station redesign is inspired by Modera's Sun temple. CSMT's heritage building won't be touched but buildings nearby will be redeveloped," Railway Minister Ashwini Vaishnaw told the media.

To make the stations comfortable, there will be proper illumination, wayfinding/signages, acoustics, lifts/escalators/travelators.

Master plans have been prepared for smooth movement of traffic with adequate parking facilities, a statement from the ministry said.

There will be integration with other modes of transportation like metro, bus and other modes of transport, the statement said.

Green building techniques will be used, with solar energy, water conservation and recycling and improved tree cover, it added.

R Venkataramani
named Attorney
General of India

PNS ■ NEW DELHI

Senior advocate R Venkataramani was appointed as the Attorney General of India on Wednesday for a term of three years, according to a notification.

He will succeed KK Venugopal, whose term will end on September 30.

Venugopal, 91, was appointed to the post in July 2017. He was reappointed as the top law officer of the country for three months on June 29.

Venugopal had expressed his unwillingness to continue in the constitutional post due to his advanced age.

Another senior advocate, Mukul Rohatgi, had a few days ago declined the offer to be the attorney general.

Rohatgi had been the attorney general in the first Narendra Modi government between June 2014 and June 2017. Venugopal had succeeded him.

Ravi Kishan duped
of ₹3.25 crore,
builder booked

IANS ■ GORAKHPUR

Actor-cum-politician Ravi Kishan has allegedly been duped of ₹3.25 crore, police said. Kishan, who is the MP from Gorakhpur Sadar and a film agent, has filed a complaint at Gorakhpur Cantonment police station against a builder for duping him of ₹3.25 crore.

The police have said that a complaint has been registered and appropriate action will be taken after the investigation. The case has been filed under Section 406 of the Indian Penal Code.

Anil Chauhan picked as
CDS, Military SecretaryPIONEER NEWS SERVICE ■
NEW DELHI

The Government on Wednesday appointed Lt General (retired) Anil Chauhan as the next Chief of Defence Staff (CDS). The decision came nearly ten months after the first CDS, General Bipin Rawat, died in a helicopter crash on December 8 last year. Both Rawat and Chauhan belong to the Gorkha Rifles.

The Defence Ministry said the CDS will also function as Secretary to Government of India, Department of Military Affairs, with effect from the date of his assumption of charge and until further orders.

In a career spanning over nearly 40 years, Chauhan held several command, staff and instrumental appointments

and had extensive experience in counter-insurgency operations in Jammu and Kashmir and North-East India.

Born on May 18, 1961, Chauhan was commissioned into the 11 Gorkha Rifles of the Indian Army in 1981. He is an alumnus of the National Defence Academy (NDA) and Indian Military Academy.

In the rank of Major General, the officer commanded an Infantry Division in the critical Baramula sector in the Northern Command.

Tejashwi asked to
appear in person
in IRCTC scam
hearing in DelhiPIONEER NEWS SERVICE ■
NEW DELHI

Delhi court on Wednesday directed Bihar Deputy Chief Minister and RJD leader Tejashwi Yadav to personally appear before it on the CBI's plea seeking cancellation of his bail in the Indian Railway Catering and Tourism Corporation (IRCTC) scam.

Granting time to Yadav's counsel to file a response, Special Judge (CBI) Geetanjali Goel directed the personal appearance of the RJD leader on October 18. Earlier on September 17, the court had issued a notice to Yadav on the application moved by the probe agency and sought his reply.

2nd century Buddhist caves, Vishnu
sculptures found in BandhavgarhPIONEER NEWS SERVICE ■
NEW DELHI

The Archeological Survey of India (ASI) has stumbled upon a historically-rich treasure trove in Bandhavgarh, Madhya Pradesh. The ASI team has found 26 caves, mostly Buddhist, ranging from the 2nd century to 5th century, of the Mahayana sect and remains of Buddhist structures and mural inscriptions bearing names of cities like Mathura and Kaushambi in old scripts.

During the exercise held from May 20-June 27 in an area sprawling around 170 sq km at the Bandhavgarh Tiger Reserve, the ASI's Jabalpur circle found many ancient sculp-

tures, including large monolithic sculptures of various avatars of Vishnu like "Varaha" and "Matsya", and "board games made in natural caves." "This is for the first time since the 1938 exploration by

archaeologist NP Chakravarti that ASI has explored Bandhavgarh. Many structures of the area had already been documented, we reported and documented many more structures now, including

ancient caves, temples, Buddhist remains, maths, sculptures, water bodies, mural inscriptions in old scripts like Brahmi and Nagari etc," said SK Bakpai, the ASI's Jabalpur Superintending Archaeologist.

One of the many historical finds is a large Varaha sculpture measuring 6.4 x 5.03 x 2.77 meters datable to (9th - 13th century CE). It appears to be the world's largest sculpture, the official said, adding that in the old inscriptions, names of the kings — Maharaja Shri Bhimsena, Maharaja Pothasiri and Maharaja Bhattadeva — have been engraved. Nineteen water bodies of different periods (2nd-15thCE) were part of the exploration findings.

Indian team readies for Berlin Special Olympics in Bokaro

Preparatory coaching and Final selection camp organised

RAHUL SHARMA ■ BOKARO

The Indian team is all excited to illuminate the country's name in the Special Olympics to be held in Berlin, Germany in June 2023. In connection with its preparation, a four-day final selection cum coaching camp was inaugurated by the Executive Director (Personnel and Administration) Sanjay Kumar at the BSL-run Sports Complex. During this, former Executive Director (Personnel

and Administration) of BSL, Mukul Prasad, Assistant Area Director of Special Olympics India (Jharkhand) Satbir Singh Sahota, senior officers of BSL, players and coaches who attended the selection cum coaching camp were present. The selection cum coaching camp was inaugurated by the guests by releasing balloons. Satveer Singh Sahota expressed his gratitude to the BSL management for the best facilities provided under CSR of BSL for this event and informed about the final selection cum coaching camp outline.

ED Sanjay Kumar said that it is a matter of pride for SAIL-Bokaro Steel Plant to be a part of this campaign to bring differently-abled children into the mainstream of society through sports. He wished the players and coaches all the best for the success of the camp and expressed confidence that the team selected from here

would bring glory to India in Germany. Special guest Mukul Prasad also encouraged the players and wished them good luck. In the end, CRK Sudhanshu, General Manager (CSR), BSL proposed a vote of thanks and the program was conducted by S. Bhatnagar.

It is noteworthy that the final selection cum coach-

ing camp for Badminton, Cycling and Football is being organized under CSR of Bokaro Steel Plant for mentally challenged players. In this coaching camp, which runs till September 30, players from all over the country are participating, who were selected in the selection cum coaching camp organized earlier. These include 57 players in the men's category and 41 players in women's section. Only the selected players in this final selection cum coaching camp organized for Badminton, Cycling and Football will represent India in Berlin Special Olympics.

Experts brainstorm on Fly Ash & Steel Slag challenges

Strap: Tata Steel organises V-FASS 2022 conference

PNS ■ JAMSHEDPUR

A two-day conference on Valorization of Fly Ash & Steel Slag: Challenges, Innovations & Future Trends (V-FASS 2022) was organised by Tata Steel in association with CSIR-National Metallurgical Laboratory (CSIR-NML) and Indian Ceramic Society (ICS) Jamshedpur Chapter.

The event at Beldih Club on September 22-23 saw the presence of Dr V. K. Sarswat, Honorable Member, NITI Aayog and Chancellor, JNU who graced the occasion as Chief Guest through virtual platform. He congratulated the organis-

ers for taking up this very relevant topic for deliberations. He underlined the importance of usage of Fly Ash and Steel Slags from the perspective of sustainable growth of industry in the country and summarized the key steps taken by the government for promoting by-product utilization. The session was graced by Guests of Honor Dr B

N Mahapatra, Director-General, National Council of Cement and Building Materials (NC-CBM) and Dr Indranil Chatteraj, Director, CSIR-NML.

Dr Mahapatra outlined the major initiatives taken for utilization of by-products in cement and building sector, while Dr Chatteraj highlighted the pioneering research on mechani-

cal activation of by-products and geopolymers for value added usage. Dr Chatteraj along with Dr Sanjay Kumar (Chairman of the Organizing Committee and Chief Scientist, CSIR-NML) and Dr Atanu Ranjan Pal (Co-chairman and Chief Technology Officer, Process, TSL) and Dr Subhadra Sen (Convenor and Head Process Technology, TSL) inaugurated the conference.

Steel slag and fly ash are the by-products of steel plants and power plants respectively—two of the most vital sectors for industrial growth. The effective utilization of these by-products is important for sustainable manufacturing, and their valorization is significant for promotion of a circular economy.

The conference saw participation by more than 150 esteemed delegates from academic and research institutions, steel and cement industries, concrete, and Fly Ash Brick manufacturers.

The two days of conference included a plenary speech by Dr A. K. Chatterjee – eminent expert of cement industry, 12 invited lectures by experts from associated industries and academia, and 25 contributory papers from researchers of reputed institutions covering different aspects of byproduct characterization, challenges, and opportunities in utilization.

The proceedings witnessed exchange of numerous bright ideas, and presentations of thought-provoking research initiatives in the field.

HCL CMD chairs 55th Annual General Meeting

PNS ■ RANCHI

Chairman and Managing Director, HCL, Arun Kumar Shukla, addressed the Shareholders at the 55th Annual General Meeting of the Company held on Wednesday through Video Conferencing. The Shareholders approved annual accounts and payment of dividend for FY 2021-22 equivalent to 23.20 per cent of capital and total payout on this account is Rs. 112.17 crore. Many of the Shareholders have appreciated the performance and the financial management of the Company.

The meeting was also attended by Prakash Mundharikar from the Ministry of Mines, Govt of India as nominee of the President of India, Sanjay Panjiyar, Director (Operations),

Arun Kumar Shukla, CMD, HCL, along with Sanjay Panjiyar, Director (Operations), Ghanashyam Sharma, Director (Finance), Sanjay Kumar Singh, Director (Mining), and C S Singhi, ED (Co Secretary), at the 55th Annual General Meeting of HCL which was held on Wednesday.

Ghanashyam Sharma, Director (Finance), Sanjay Kumar Singh, Director (Mining) and A G K Prasad, Avinash J. Bhide, Hemlata Verma, Independent Directors and C S Singhi, ED (Co Secretary), among others.

While replying to the Shareholders' queries, Shukla apprised them about ongoing mine expansion plans of the Company. The production from HCL's flagship project, Malan-

jkhand Underground Mine, has already commenced. He further stated that the Company is moving forward to achieve its production targets. CMD, HCL, also informed that the Company has repaid loan of Rs 729 crore in FY 2021-22 from its internal accruals.

Further, Shukla threw light on the increase in Copper LME price in coming days on the back of soaring demand of Cop-

FY 2021-22 HIGHLIGHTS	
■	Highest ever net Turnover of Rs 1812 crore. Profit Before Tax has surged by 338% to Rs 381.76 crore.
■	The Dividend payout is 30.01% of PAT of the financial year. The dividend per share is highest ever declared by the Company.
■	Rs. 500 crore raised through QIP in April 2021. The Company is the first ever non-banking CPSE to raise equity from market through QIP. The proceeds are being used to fund its ongoing mining capex.
■	The Company has been rated ICRA A1+ (the best possible rating on short term scale) & ICRA AA+ (stable) (the second-best rating on long term scale) for its borrowing limits.

per in the international market.

The shareholders also approved other resolutions as per AGM Notice. Voting results will be filed with Stock Exchanges and uploaded on the website of the Company on 29.9.2022.

As the global economy moves toward net zero carbon

emissions through energy transition, the role of Copper remains pivotal as the most efficient conductive material, indispensable for capturing, storing and transporting the green energy. Hence significant rise in demand of copper has been predicted on account of thrust on low carbon economy.

JEE Advanced 2022 qualifiers edify their juniors

PNS ■ RANCHI

Delhi Public School, Ranchi organised an interactive session for the students of class XI and XII on Wednesday. The speakers were the JEE Advanced qualifiers of DPS Ranchi itself; Suryansh Srijan, (State Topper), Aditya Prakash (among the top five students from Bhuvaneshwar Region), Vikash Kumar Ojha, Aviral Singh, Sammit Aditya, Anupam Gaurav, Samridhi Sahay (City Girls Topper), Sheersh Sen, Ayush Kumar and Ujjwal Sinha.

In the beginning of the ses-

sion, Suryansh Srijan (State topper) was felicitated with "Nishant Kumar Memorial Award". He received a cash prize of Rs 31,000 with certificate and a memento.

The speakers shared some interesting tips over how to keep them motivated without losing the enthusiasm to crack

the most sought after IIT JEE Entrance Examination. They told their juniors that they need not cut themselves totally from their hobbies, otherwise the preparation may become tiring and exhausting. Moreover, they emphasized on the importance of a good peer group for such competi-

tions. They said that the students should listen with full attention to what their teachers say, the books they prescribe and methodologies they recommend.

The qualifiers also suggested students make short notes of some tricky things in one place for final revision before the exams. In the Question Answer Session, they shared ways to decide their most productive study hours during the day and recommended some additional books alongside. They urged them to focus more on figuring out the pattern of questions and

the structure of paper and do more and more practice for solving the questions. They also highlighted the importance of time management and accuracy while solving the questions in exams.

This interactive session was meant to give them the insight of their experience as an IIT aspirant thereby giving a right direction to their preparation. This was then followed by a short Question-Answer session where the appearing candidates asked all their queries regarding the coveted national level entrance examination.

Protect teenagers, youth from misuse of social media: SP

VINOD PRASAD ■ LOHARDAGA

In the peace committee meeting convened in Lohardaga on Wednesday, information about Durga Puja to be organized in the blocks by Durga Puja committees, Ravana Dahan and Jagran, procession organized by Anjuman Islamia during Eid Milad-un-Nabi, etc. was given. On behalf of the Block Development Officers and Station House Officers, information was given about the meeting organized by the Block Level

Peace Committee.

Deputy Commissioner Dr Waghmare Prasad Krishna while congratulating people associated with Durga Puja and Eid Milad Un Nabi said that India has such a culture that people of all religions live together

with love, Deputy Commissioner said that Yuva Sadbhavna Manch has been formed in the blocks. Many programmes are being organized continuously by the Yuva Sadbhavna Manch in the Panchayats. Which is showing positive effects. SP R

Ramkumar said that the people of social organizations should save today's teenagers and youth from the misuse of social media. Whatever instructions have been given to all the police stations in the past regarding DJs, volunteers, processions, CCTVs etc., strictly follow them. This time scouts and guides have also been included in the legal system. Women policemen will be deployed in the puja pandals. Puja committees should also include women in their volunteers. Ensure proper

electrical arrangement in the pandals. For this, arrange the generator separately. In the meeting, Sub-Divisional Officer Arvind Kumar Lal, Sub-Divisional Police Officer VN Singh, DSP Headquarters Parameshwar Prasad, All District Level Officers, Block Development Officers, Circle Officers, Station House Officers, District Level Peace Committee Members, Durga Puja Committees President, Secretary, Anjuman Islamia President, Secretary etc. were present.

Jamshedpur, we feel that we should now reach out to the adjoining areas, and subsequently in entire Jharkhand for proper collection and recycling of e-waste. Our collection centres in Jamshedpur are operating very successfully. In fact, the collection point in Sant Nandlal Smriti Vidya Mandir has already disposed of 1000 kgs of e-waste in the last month," said Nandan Mall, founder, Hulladek Recycling.

Hulladek Recycling spreads its wings

PNS ■ JAMSHEDPUR:

Hulladek Recycling Pvt. Ltd., Eastern India's fastest growing e-waste management company has established community collection points in multiple locations in Jamshedpur. Presently, the compa-

ny has 5 drop-off points in Jamshedpur in several schools, colleges and residential complexes.

Furthermore, Hulladek Recycling is also launching a collection center in Adityapur in association with Trash Co., a unit of BH Inc. managed by young entrepreneurs Faiz Jasim and Qais Naseem, that helps manage paper and battery waste in the area.

"After consolidating our position in

REGION

Navratri 2022: Devotees immerse into festive fervour

PNS ■ JAMSHEDPUR:

Prayers, traditional dance, music and decorations will mark nine days of Navaratri celebrations. Multiculturalism comes to the fore in the city when Navaratri celebrations get underway. The city, these days, is gripped with Dandia fever. Various organisations are caught in the fervour of the Navratri Utsav celebrations. A variety of cultural and entertainment programmes are being organised in the city.

After a gap of two years Gujarati Sanatan Samaj is back with a gala programme highlighting the rich cultural heritage of the city. It may be mentioned that the festival of Navaratri is celebrated by Gujarati community which is a part of Hindu Community, and very famous for Dandia raas and garba ras. The Gujarati Sanatan Samaj, parent body of Gujaratis in the city is also celebrating the festival in traditional manner at its premises in Bistupur.

Old timers from the over a lakh rich Gujarati samaj of the city say that dandiya shows have been an integral part of Navratri celebrations since the time people from the community started migrating to Jamshedpur with the formation of a steel plant. "But the festival took a bigger form only in the late 1950s when thousands of Gujaratis came looking for business opportunities here," said an official.

The celebrations start with Garba dance, one of the most colourful dance forms, performed by both men and women. In this dance, people form a circle and dance in synchronised steps along with a lot of clapping and twirling around near a clay lantern with earthen lamps. Another form of dance is Dandiya, which is performed with short

sticks, moving in a circular manner to music. Mythologically, it also represents the mock-fight between the goddess Durga and the demon Mahishasura. During this nine-day festival, the whole city becomes quite lively. As per the Hindu mythology, it is believed that early spring and beginning of autumn are auspicious times to worship Durga. There are various myths about the festival. For instance, the demon Mahishasur was granted a boon by Agni, the fire god. Therefore, Mahishasur couldn't be destroyed by any kind of weapon that would have a masculine name. He started terrorizing the gods and destroying everything. Then the gods sought help from Shiva, who suggested chanting for Shakti (goddess of power). The nine incarnations of the goddess, including Siddhidatri, Mahagauri, Kalaratri, Katyayani, Kushmanda, Chandraghanta and Brahmacharini are worshipped as Nava Durga during Navratri.

Pandals to be equipped with CCTVs in Hazaribag, surrounding areas

SHAIKESH SHARMA ■ HAZARIBAG

During Durga puja all pandals of the town areas and village areas must be equipped with CCTV camera and video recording of every person, who will come for the purpose of darshan will be done. Policemen will be deputed around the pandals in the civil dress, so that they can control eve-teasing during the festival. The policemen will be alert to check the activities of the anti-social elements. Hazaribag Superintendent of Police Manoj Ratan Chothey issued directions and guidelines in relation to the upcoming Durga puja. In the guidelines the police department said that every puja committee must report to the related police station that it has fixed CCTV cameras and video recording has been arranged. They have to take a certificate from the concerned police stations. The organisers must install fire extinguishers and receive a certificate from the fire safety department. The pandals must have an arrangement of generators. Arrangement of barricading and separate pathways for in and out from the pandal must be there. A separate parking area near the pandal should also be there. The police department has issued a helpline no. 8002529349 or 100. It will work 24x7 during the Durga puja. There must be separate dress for the volunteers near the pandals. There must be an arrangement for public announcement in every pandal. The Durga puja committees can use drone cameras for three days. The SP said that they have cleared all points in the peace committee meeting to every puja committee. "We hope that the committee will ensure full cooperation for conduct of peaceful Durga puja in the district," he said.

CSR team of ESL distributes 10,000 plants

PNS ■ BOKARO

The CSR team of ESL Steel Limited ran a plantation drive for 15 days. During this drive, the team distributed approximately 10,000 fruit bearing trees in 9 Panchayats and Nand Ghars. The event's goal was to increase afforestation and greenery in the surrounding areas as well as to restore balance in the environment. Apart from this, the focus was also on increasing the declining tree cover in these areas. The villagers will be the caretakers of these trees. The CSR team intentionally chose fruit bearing tree so that apart from green cover, the villagers also get a source of income from them. It is noteworthy that the company and the CSR team are supporting the community by initiating such steps which will help the community to generate income and uplift their livelihood.

Jaideep to be honoured with Dr. BR Ambedkar National Award

PNS ■ BOKARO

Jaideep Sarkar, an International Sports Expert is the Lead Officer of India's First Global Active Partner City, Bokaro and an Executive Board Member of Indian Pierre De Coubertin Association (IPCA) has been selected for the Dr. BR Ambedkar National Award 2022. This National Award Ceremony is scheduled to be held at the Indian International Center in Delhi on 11 October. Sarkar has been selected for this award for social upliftment and development of Olympism and Global Active City Mission at Bokaro in Jharkhand by Dr. BR Ambedkar National Award Committee, a national unit of the United Nations Special Advisory Committee, supported by the International Olympic Committee. There were 172 nominations received for the award this year. The selection committee comprised eminent educationists and administrators who deliberated for long hours in several meetings in different stages regarding screening, scrutinizing and finally recommending the nomination received for the award, informed Ruby Singh Convenor of the committee. "Jaideep was selected for his exemplary involvement as Lead Officer in IOC supported GAC programme at Bokaro with the support of SAIL, Bokaro Steel Plant (BSL)," she added. Dr. B R Ambedkar National Award is being organized since 2014 under the aegis of Dr B R Ambedkar Sports Foundation, which is the first of its kind organization in the world for the promotion of peace through Olympism and Social Justice, recognized by the United Nations, she said. Jaideep is also an Asian Silver Medalist in Volleyball (AVC) with Post Graduate Qualification in Sports Management. Global accreditation in Coaching from International Olympic Committee (IOC Solidarity) and the International Volleyball Federation (FIVB). Earlier, he has been assigned as Project Officer in Commonwealth Games 2010 & Administrator in National Games 2011. He is assigned with India's Maharatra Company, Steel Authority of India Ltd. (SAIL) at it's Bokaro unit which has been accredited in 2020-21 by the apex Global authorities to expedite the IOC supported & UN/UNESCO - WHO vetted salubrious mission of Sports & Health Culturing through the much desired Global Active City (GAC) mission at India's first Global Active Partner City at Bokaro Steel City.

Juvenile, 4 others caught with illicit arms, cartridges in Daltonganj

M F AHMAD ■ DALTONGANJ

A juvenile in conflict with law was caught with 4 adults in a case of possessing illicit arms on the intervening night of September 26 and 27 during the night patrol by the town police, said the SDPO Surjit Kumar on Wednesday. Police recovered three country made pistols and an equal number of the live cartridges. One bike was also recovered. Kumar said it was the juvenile in conflict with law who was more instrumental in procuring illicit arms and cartridges. They were planning and had one conspiratorial design to bump off a youth with whom there erupted a tiff of these people on the day of Vishwakarma Puja on September 17, said the SDPO. Barring the juvenile in conflict with law whose name can't be revealed the other four are Himanshu, Bunty, Vikas and Anurag. Kumar said the four persons have been remanded in judicial custody while the juvenile has been handed down to the juvenile justice board. A team of 13 police personnel led by the officer in charge of the town police station Abhay Kumar Sinha in which town outpost 1incharg Rewa Shankar Rana played a major role in nabbing 5 and recovering illicit arms, cartridges and the bike.

Blood donation camp organised by HYW, RCS

AVINASH ANJAN ■ HAZARIBAG

A blood donation camp and medical camp was organized by Hazaribag Youth Wing under the joint aegis of Red Cross Society. The camp was duly inaugurated by DC Nancy Sahay. SP Manoj Ratan Chotho, Secretary of Red Cross Society Tanveer Singh, Police Station in-charge of Bada Bazar Ghanashyam Singh, Patron of Hazaribag Youth Wing Chandra Prakash Jain, Dr. V Venkatesh, the city's famous doctor, Agrawal Samaj Minister Shrawan Agarwal, Neeraj Agarwal Suman Ram Raika, Digambar Jain Panchayat General Secretary Pawan Jain. In the medical camp, Dr V Venkatesh did a health check-up in which many people got tested. Hazaribag Youth Wing Secretary Sanjay Kumar, Treasurer Ritesh Khandelwal, Executive Members Alok Kumar, Pramod Khandelwal are those donors who donated blood first in this camp. On the occasion, DC Nancy Sahay said that donating blood is a moral responsibility which every person should fulfill. Every person must donate blood after every 3 months, there is an appeal to the citizens to keep donating blood from time to time. There is no greater charity than donating blood. On the occasion, SP Manoj Ratan Chotho said that the younger generations should donate blood in a big way towards blood donation. Blood donation is the most powerful medium to serve the public interest, so every citizen of the society should always be ready to donate blood, this blood can save the life of an unknown person.

HZB Arogyam Hospital honoured by the Minister of Dubai

PNS ■ HAZARIBAG

Hazaribag Arogyam Hospital was awarded for the best healthcare facility in Dubai on a world-class platform. Only three well-known private hospitals in the Eastern Zone of India were nominated for this honour. In which big cities have hospitals of AMRI and Asian Group, while from smaller cities, only Hazaribag had HZB Arogyam Super Speciality Hospital. Harsh Ajmera, Director of Arogyam Hospital, received this honor at the Grand Hyatt Hotel Auditorium in Dubai by Lalla Rahal Al Alfani, President and Minister of Youth Empowerment of Dubai. After receiving the award Harsh Ajmera, Director, Arogyam Hospital said that it is a matter of great pride for us to be on a world-class platform to appreciate the work done by us in the field of health in a small city like Hazaribag. He said that the rightful deserving of this honor is our entire hospital family and you all respected people without whose immense love and trust this would not have been possible at all.

Rains likely to dampen Puja spirit this year

MET office predicts heavy to medium rainfall in first week of Oct

PNS ■ RANCHI

Rain is likely to play spoilsport in the State during Durga Puja with the State MET office predicting light to heavy rainfall across the State in the first week of October. As per MET office, Ranchi and several other districts of State are likely to witness light to heavy rainfall from October 2 to 4.

The weather in the eastern state may change under the influence of cyclonic circulation, the Ranchi Met Centre said.

“The circulation is likely to turn into a low-pressure area by October 2 causing rain in major parts of Jharkhand. The system might impact Jharkhand till October 6. The state is likely to experience light to heavy rainfall till October 4,” said Abhishek Anand, in charge of Ranchi Meteorological Centre.

The State MET officer also said that apart from

People protect themselves from rain with a plastic sheet in Ranchi on Wednesday. PNS

several districts witnessing rainfall in the first week of October, few pockets in southeast, north and Central Jharkhand might experience a spell of heavy rainfall.

Ranchi on Monday received 11mm rainfall while Jamshedpur recorded 5mm during the day. During the last 24 hours, isolated parts of the state received medium rainfall and the Khalari region in Ranchi district recorded the highest 53mm rainfall.

As rain is likely to lash the State next week during Puja, the MET office has advised different Puja Committee to

Bharatiya Nav Yuvak Sangh Durga puja Samitee Bakribazar built a puja pandal, the theme is ISKCON Temple of Mayapur (Bengal), in Ranchi on Wednesday. Pix by Vinay Murmu

construct waterproof puja pandals so that puja revellers don't have to face much difficulty. Sources said that it is during the festive season that small business establishments eye to rake in the moolah but given the inclement weather condition, the footfall would surely be reduced.

Meanwhile, different Puja Committees have started preparations to meet inclement weather. “As rain is likely to spoil Puja, we are making all preparations. We have directed all food stalls to construct water proof structures so that revellers enjoying food don't face

trouble. Instructions have been issued to construct water proofing pandals,” said a member of Bhartiya Yuvak Sangh, Durga Mandir, Bakri Bazar. Bakri Bazar is constructing the replica of ISKCON temple Haripur (West Bengal). Meanwhile, Ranchi seems to be making up for not being able to celebrate the Durga Puja for the past two years due to the pandemic. All puja committees in the city are busy in preparations in full swing. Grand pandals are being built in different areas in the capital.

More than 310 puja pandals are being built in

Ranchi this year. Artisans from different states including Bengal have been called to prepare the Puja pandals. The artisans notably, have set a target to prepare pandals till the fourth day (Chaturthi) of Durga Puja.

Several pandals will be made under different themes this year. These include the pandal made every year at the Ranchi Railway Station by the Ranchi Railway Station Durga Puja Committee. This year the pandal will be completing 75 years and will be celebrating the puja as ‘Amrit Durgotsav’.

Governor sends Court Fee Bill 2021 for reconsideration

PNS ■ RANCHI

Jharkhand Governor, Ramesh Bais, on Wednesday, directed the State Government to reconsider the provisions of the Court Fee (Jharkhand Amendment) Bill, 2021, keeping in mind the wider public interest of the tribal community of the State.

It may be noted that this bill was passed by the Jharkhand Legislative Assembly on December 22, 2021 and was assented to by the Governor on February 11, 2022.

Thereafter, the Governor received a number of representations and memoranda against the court fee hike mentioned in the provisions

of the bill. The Governor also received a memorandum from the Jharkhand State Bar Council on July 25, urging the Governor to direct the State Government to withdraw the increase in court fees and fix it in a lawful manner. The Governor, considering the matter seriously, directed the state government to reconsider the bill.

Meanwhile, the Public Interest Litigation challenging the State Government's Court Fee Amendment Act by the Jharkhand State Bar Council will now be heard in the Jharkhand High Court on October 20. The matter was heard on Wednesday in a division bench headed by Chief Justice of the High Court, Dr Ravi Ranjan. Affidavit was filed in the matter on behalf of Advocate General Rajiv Ranjan.

It was told that the State Government has formed a three-member committee to improve the matter of court fee hike. On which Advocate Rajendra Krishna, on behalf of the applicant, urged the court that the re-

port of the committee should be presented before the court at the earliest by the State Government so that it can be known whether the State Government wants to do anything in the matter of court fee hike or not. If the intention of the State Government is not positive regarding the reform of court fees, then a final hearing should be held on it.

Jharkhand State Bar Council President Rajendra Krishna has urged the High Court to repeal the Court Fee Amendment Bill. It was told on his behalf that till the hearing of this case is not completed, then an interim order should be issued to

make payment through old court fee which has been opposed by the State Government.

In the earlier hearing, Krishna, appearing in the case, had told the court that due to the wild increase in court fees, the poor sections of the society would not be able to come to the court and the lawyers would also have to bear the additional financial burden. The council has also said that it is not possible to provide easy and accessible justice to the people due to the increase in court fees. The court fee act of the State Government is wrong. It is against the constitution. It is also against the Central Court Fee Act.

Ranchi police arrest ‘lunatic’ youth for vandalising temple

PNS ■ RANCHI

The Ranchi police have arrested a youth on charge of vandalizing the Pawansut Bajrang Bali temple on Main Road late on Tuesday night. Ranchi SSP Kaushal Kishore said, “The police have arrested one person in the morning on the charge of vandalizing the temple and idol of Lord Hanuman. The youth has been arrested based on CCTV footage and only one person was behind the incident.”

On the intervening night of Tuesday and Wednesday the anti-social element entered the temple and vandalised the temple and idol. As the news about the incident spread, a large number of people gathered outside the temple and were seen protesting the incident.

After this incident, the main road has been converted into a cantonment with a large number of police forces deployed in the area.

Ranchi Police later also conducted a flag march from Albert Chowk to Ekra Masjid so that there was no unrest in the city after the destruction of the temple. Hundreds of police personnel were present in the flag march and all the people were appealing to the residents to maintain peace.

The incident, which occurred in the early hours on Wednesday,

caused tension in the area as a few months' ago violence had erupted in Ranchi followed by police firing on an unruly procession protesting suspended BJP leader Nupur Sharma's controversial statement involving Prophet Mohammed.

In June this year, following the protests over Nupur Sharma's controversial remarks on Prophet Mohammad, a curfew was imposed in violence-hit areas in Ranchi.

The police took the vandalism incident seriously and are investigat-

ing it further. Immediately, a 100-meter stretch adjacent to the temple was turned into a cantonment, and those who were upset by the incident were appeased. As a result, traffic in the area returned to normal, and law and order was fully restored.

Using their intelligence, a section of police arrested a 35-year-old man from the Hindipiri neighbourhood and brought him to the police station. The man admitted to the crime but provided no explanation. Ac-

cording to a police official, he pretended to be a mentally ill patient and when asked why, he simply said, “Meri Marzi (my wish).” However, the police officer refused to reveal his name, claiming that he has yet to be properly interrogated.

Meanwhile, BJP legislative party leader Babul Marandi condemned the incident saying that it is the fallout of poor law and order situation. If such an incident can occur in the main Road which is a busy area, it raises questions on policing.

OBC Uthan Samiti expresses gratitude to FinMin, State Govt

PNS ■ RANCHI

Jharkhand Pradesh Other Backward Class (OBC) Uthan Samiti, on Wednesday, expressed gratitude to the State Government on behalf of the people of the State for announcing 27 percent reservation to the backward classes.

The conference was organized in the old Jharkhand Legislative Assembly Hall. During the programme the committee members and office bearers garland 51 kg of garland to the Finance Minister, Jharkhand Government and voice of OBC society, Dr Rameshwar Oraon.

Along with Oraon, Chief Patron, OBC Uthan Samiti, Alok Kumar Dubey, Convener, Lal Kishore Nath Shahdeo, President, Dr Rakesh Gupta Chhotu and oth-

Finance Minister Dr. Rameshwar Oraon being felicitated by Jharkhand Pradesh Other Backward Class (OBC) Uthan Samiti members in Ranchi on Wednesday. PNS

ers inaugurated the conference jointly by lighting the lamp.

Addressing the gathering Oraon said that the work of giving reservation in jobs cannot be successful unless there is reservation in education. He said that according to him, reservation means sharing of power.

This conference was organized to commemorate the reservation of OBC

category from 14 to 27 percent. The Minister said, the State Government has worked for the last many years to get back the rights of the deprived OBC class.

Dubey said, OBCs in the state have been deprived of their rights for the last 22 years today, when the Government worked to increase the limit of OBC reservation, former Chief Minister,

Raghubar Das and Union Tribal Minister, Arjun Munda are feeling pain in their stomach. “The reality is that today the Hemant Soren Government has done the work of giving their rights to this deprived section of the State. In this work, Dr Rameshwar Oraon, who gave a new direction to the politics of Jharkhand, has given special emphasis,” he added.

Gupta Chhotu said, the demand for increasing the reservation limit to 27 percent by the OBC category was being made for a long time. The Backward Classes Commission had also accepted that the backward class population in Jharkhand is 55 percent but this class is not getting its right according to the population, he added. He said Minister, Dr Rameshwar Oraon

worked to expand the scope of OBC reservation, for which the OBC Uthan Samiti especially thanked them.

Organizing committee Convener, Lal Kishore Nath Shahdeo said that after a long struggle, OBCs are going to get their rights, in such a situation it is natural to criticize the leaders of the BJP. He said that the people of Jharkhand gave 12 MPs to the BJP, they should try to get the rights of the State from the Central Government.

Those who addressed the gratitude conference were Arvind Kumar Mahato, Shankar Sahu, Abhishek Sahu, Sanjit Yadav, Firoz Rizvi Munna, Sanjay Prasad, Kailash Kumar Mahato, Majeed Ansari, Altaf Hussain Ansari and Kumud Ranjan.

Zero tolerance of CM against corruption

ACB to interrogate accused officer in the disproportionate assets case

PNS ■ RANCHI

Chief Minister Hemant Soren has given his approval to file an FIR against the accused in the disproportionate assets case, Anil Kumar Singh, the then Circle Officer, Hehal, Ranchi under Section 17A

(1)(b) of the Prevention of Corruption (Amendment) Act, 2018. Approval has been given to the Anti-Corruption Bureau, Ranchi. Earlier, in June 2022, the Chief Minister had given approval to register an FIR against Anil Kumar Singh in the case of disproportionate assets.

Evidence has been found against the accused Anil

Kumar Singh in relation to earning 28 per cent more pro-rata earnings. Anil Kumar Singh's total income from all sources was found to be Rs 67,35,501 and total expenditure of Rs 86,65,513.02 in the prescribed check period. The proportionate earning of Rs 19,30,012.02 has been earned by the accused in comparison to the total income, which is 28 per cent more than his income.

5 armed extremists held in Giridih

Arms and ammunition recovered

PRAVIN K MISHRA ■ GIRIDIH

Giridih police have arrested five armed members of the banned association of New Sashastra People's Morcha (NSPM) and recovered arms, ammunition and other gadgets from their possession on Tuesday late evening.

Those arrested have been identified as Rajesh Kumar Mahto, Amit Tiwari alias DK, Krishna Kumar Mahto, Pintu Mahto and another. While, Rajesh Kumar Mahto is said to be the resident of Hurulung village under Chatrochatti police station of Bokaro, others are the residents of different villages under Pirtand, Dumri and Nimiyaghat police station areas of Giridih districts. The police team has recovered 3 automatic and 7 country made pistols, 23 live cartridges, 3 mobile phones and two motorcycles from their possessions.

The Giridih police had a tip off that the NSPM supremo, Ramesh Giri alias Umesh Pandey, a resident of Bishnugarh police station of Hazaribagh district, along with other gangsters were planning for some violent activities across various

PNS

identified areas under Pirtand, Dumri, Nimiyaghat and Bagodar police station areas of the district.

Taking a serious note of the secret information, the Giridih Superintendent of Police, Amit Renu, constituted different teams of police officials and launched a massive manhunt and search operations to nab the perpetrators.

And hence, acting on the instant information on Tuesday evening, a special police team led by the SDPO, Saria-Bagodar, Md Naushad Alam, along with other police personnel rushed towards the Mundro-Parsiya forest areas under Bagodar police station and laid a trap across the suspected location.

“As per our information, about a dozen armed criminals were gathered in a dreary place and were planning for a violent act somewhere across the region. But

soon after noticing the police personnel around them, they tried to flee from the spot. While our police forces nabbed five armed criminals, others managed to flee from the spot,” said SP Amit Renu, who kept close monitoring of the entire operation.

The Giridih SP was talking to the media persons at Giridih police office on Wednesday afternoon.

“Apart from their involvements in various other criminal activities, the perpetrators were often found indulged in cases like: kidnapping, extortion, murder and other violent acts. As per the police record, Amit Tiwari and Rajesh Mahto are the most notorious among all. Many cases of murder, kidnapping and extortion have been lodged against the both in different police stations of Giridih, Hazaribagh and Bokaro,” Renu added.

CET conducts workshop on Material Transportation

CET, Mechanical Engg department conducts a one day interactive workshop on 'Material handling through Pipe Conveyors' on Wednesday, which was attended by 20 engineers from various disciplines. Two Experts from M/s Thyssen Krupp Engineers India had been invited as faculty, who gave an overview of the design engineering aspects of Pipe Conveyors and handled numerous queries from the enthusiastic participants. The necessity of using pipe conveyors in place of regular conveyors was also explained in a lucid manner with examples and case studies. The workshop was inaugurated by Jagdish Arora, Executive Director, CET in the presence of CGM I/c (Projects) and CGM I/c (BoSC, Mech and Utilities). It was coordinated by Sanjay Singh, GM (Mech).

Official Language Fortnight concludes in RRD

Hindi Fortnight was celebrated from 14th September to 28th September in Ranchi Railway Division. On the concluding day DRM, Pradeep Gupta said that Hindi is a simple language and maximum work should be done in it. It is a language that is understood by all. Additional Chief Official Language Officer Satish Kumar said that a lot of work is being done in Hindi in Ranchi Railway Division. On this occasion, various types of competitions like Hindi speech competition, essay competition, draft writing competition, officer quiz competition etc were organised during the fortnight and the winners of these competitions were given a cash amount by the DRM cum Chairman Rajghasha Implementation Committee Pradeep Gupta.

The 16th issue of Ranchi Rail Darpan, the quarterly magazine of the division, was also released. A poetry seminar was also organized in the programme, in which Dr. Surinder Kaur "Neelam", Dr. Rashmi Sharma "Chanda", Chandrika Thakur "Desh Deep", Santosh Kumar Sharma, Yugesh Kumar and Kalavati Singh participated. ACM cum Official Language Officer Sanjay Kumar, ADRM Manish Kumar, Sr DEE (General) Kuldeep Kumar, Sr DPO Manik Shankar along with other senior officials were present on the occasion.

'The Art of Living' Utkarsh Yoga at SBPS

SBPS under the GSP-Jaltarang organised 'The Art of Living' Utkarsh Yoga programme from 26th September 2022 to 28th September 2022 at the school campus. The three-day course was conducted for kids between the age group of 8 to 13 years. Students participated in various activities like yoga, meditation, Pranayam, Children's Kriya etc. Students learnt various techniques for increasing concentration level and removal of stage fear. The programme also helped to imbibe moral values in the students through storytelling and innovative games. It was a great learning experience for the students as they learnt to manage their stress and to develop positive thoughts, a happy heart and a healthy body.

76.5k bonus for coal miners

The coalminers will get Rs 76,500 as productivity linked reward this year. This was decided during the JBCCI meeting held in Ranchi on Wednesday. Last year the bonus amount was Rs 72,500. It was hoped that it would be higher than this. The four central trade unions and company authorities met at CCL for discussions and by late evening this amount was finalised.

Blinken says no two countries, other than India-US, have a greater ability and opportunity to try to shape the future of this century

I’m very bullish about Indo-US ties, says Jaishankar

PIONEER NEWS
SERVICE/AGENCIES ■ NEW
DELHI/WASHINGTON

With ties between the two countries on the upswing, External Affairs Minister S Jaishankar has said he is “very bullish” about the bilateral relationship between India and US. Making this observation, he also said, “I see today a United States very international, very much more open to engaging a country like India, which is actually thinking beyond traditional alliances, which has been very effective at finding common ground with potential or actual partners.”

Jaishankar made these observations in his joint press conference with US Secretary of State Antony Blinken after holding talks with him late Tuesday in Washington. Having played a key role in shaping the India-US ties over the past few decades, the External Affairs Minister said

"So very frankly, that's a long way of saying that I'm very bullish about that relationship." He said this in reply to his overall sense of the trajectory of the relationship.

"The big change that I have seen in my four decades as a diplomat was actually in the transformation of India-US relations," he said. Giving the example of the Quad combine-the informal grouping of Australia, Japan, India and the US, he said, "I mean, the fact was a Quad was something we

tried about two decades – 15 years – ago. It didn't work, and it is working very well today and it's grown remarkably in the course of the last two years." Touching upon the vast expanse of growing ties, Jaishankar said, "So I think for us today the relationship with the US opens up a whole range of possibilities."

US Secretary of State Blinken said no two countries have a greater ability and opportunity and responsibility to try to shape the future of this

century than the US and India as the world's two largest democracies.

"What is very gratifying to me is the fact that in all of these meetings, in all of these conversations in this ongoing dialogue we have, we are thinking together and working together in ways that we haven't before," he said.

"That doesn't mean that we don't have differences. We do, and we will. But it also means that because of the depth and quality of the dialogue we have, we talk about everything and work closely together on how we can advance the agenda that we have in common, which – as you've heard, I think, from both of us – extends to virtually every issue that is confronting our own citizens and people around the world," the US Secretary of State said.

Jaishankar said India and the US must not let the current global developments jeopardize the 2030 Agenda for Sustainable Development.

UNSC permanent seat a long-standing goal for India: Blinken

PIONEER NEWS
SERVICE/AGENCIES ■ NEW
DELHI/WASHINGTON

As India has been pushing for reforms in the United Nations Security Council (UNSC) for many years including status of permanent member, US Secretary of State Antony Blinken has underlined the need to "modernise" it by making it more inclusive and increasing the number of permanent seats in the global body. He also said it is a "long-standing" goal of India.

Blinken made these remarks during a joint press conference along with External Affairs Minister S Jaishankar after holding talks with him late Tuesday in the US capital. "We recognise that to meet the challenges we face, members of the UN must not only uphold the charter but also modernise the institution, including by

making the Security Council more inclusive," the US Secretary of State said.

"That's why, in his address to the General Assembly, President (Joe) Biden expressed his support for increasing the number of both permanent and non-permanent representatives of the Security Council, a long-standing goal of India," he said. "This includes permanent seats for those nations we have long supported, and permanent

seats for countries in Africa, Latin America, the Caribbean," he said.

Jaishankar said the reform of the UN is a particularly topical subject adding India appreciates the positive approach of the US to this issue reflected in the position articulated by President Biden himself. "We look forward to working with the US to take this further," he said. At present, the UNSC comprises five permanent members and 10 non-permanent member countries which are elected for a two-year term by the General Assembly of the United Nations.

The five permanent members are Russia, the UK, China, France and the United States and these countries can veto any substantive resolution. There has been growing demand to increase the number of permanent members to reflect the contemporary glob-

al reality. Jaishankar said India appreciated strong cooperation from the US on the question of tackling international terrorism. "In particular, I refer to the listing of well-known and wanted terrorists by the UN sanction process. In many other formats too, our two countries collaborate to keep the world safer and more secure," he said.

In New York, S Jaishankar on Sunday said terrorism should not be used as a "political tool" and the idea that something is blocked without assigning a reason challenges common sense.

China, a veto-wielding permanent member of the Security Council, has repeatedly put holds on listing proposals by India, the US and other allies to blacklist Pakistan-based terrorists under the 1267 Al Qaeda Sanctions regime of the Council.

Does issue survive now? SC on pleas against demonetisation

PIONEER NEWS SERVICE ■
NEW DELHI

The Supreme Court said on Wednesday it will examine if the challenge to the Centre's 2016 demonetisation decision has become a mere "academic exercise", and posted it for consideration on October 12.

As the hearing commenced, a constitution bench headed by Justice S A Nazeer wondered if the matter survives for consideration at this stage.

Solicitor General Tushar Mehta, appearing for the Centre, submitted that for all practical purposes the matter does not survive for consideration. However, the case can be examined as an academic exercise, he said.

"A five-judge bench for academic exercise when we are already burdened with such a large amount of pendency?" the court wondered. "We will fix it for hearing on October 12. We will examine if it has become academic

and if it can be heard at all," the bench, also comprising Justices BR Gavai, AS Bopanna, V Ramasubramanian, and BV Nagarathna said. The top court was hearing a batch of 58 petitions challenging the Centre's November 8, 2016 decision to demonetise currency notes of denomination of Rs 500 and Rs 1000.

On December 16, 2016, a bench headed by then Chief Justice TS Thakur had referred the question of the validity of the decision and other issues to a larger bench of five judges for authoritative pronouncement.

It had framed various questions in the reference order to be adjudicated by the five-judge bench which included whether the notification dated November 8, 2016 is ultra vires provisions of the Reserve Bank of India Act, 1934 and does the notification contravene the provisions of Article 300 (A) of the Constitution.

SC slams Centre for delay in deciding Rajoana’s mercy plea

PIONEER NEWS SERVICE ■
NEW DELHI

The Supreme Court on Wednesday expressed dissatisfaction over the Centre's failure to take a decision so far on the plea that Balwant Singh Rajoana's death penalty in the 1995 assassination of former Punjab Chief Minister Beant Singh be commuted to life imprisonment.

The plea by Rajoana has sought commutation of his death sentence to life imprisonment on the ground of his long incarceration of 26 years. The apex court was also unhappy over the submission of the counsel for the Centre that the matter be adjourned.

"The time of two months was granted on May 2 (this year). The time has expired

long back. However, as submitted by Additional Solicitor General KM Natraj, no decision has been taken by the concerned authority," a bench comprising Chief Justice UU Lalit and justices S Ravindra Bhat and JB Pardiwala said and asked the Centre to file an affidavit and listed the matter for Friday. "The moment, we pass a direction; they (the authorities) will have to consider the mercy petition (of Rajoana). Who is the responsible officer? Has the note on the issue been prepared...We cannot force you to take a particular decision. But, you have to make a decision," the CJ, speaking for the bench, said.

On the submission seeking adjournment of the proceedings by the counsel for the Central government, it said,

"You know what happens with these matters once they get adjourned... This is what happens with the Registry, the moment we push up one matter, it just goes into the cycle and comes after six months."

Earlier, the apex court did not consider the submission of the Centre that the death row convict has been on record in saying that "he has no faith in the Indian judiciary and the Constitution" and these are relevant factors.

Rajoana, a former Punjab Police constable, was convicted for his involvement in an explosion outside the Punjab civil secretariat that killed Beant Singh and 16 others on August 31, 1995. A special court in July 2007 awarded the death sentence to Rajoana in the case.

On the eve of World Heart Day

Experts call for stringent tobacco-control law in country

PIONEER NEWS SERVICE ■
NEW DELHI

Tobacco consumption not only causes cancer but also breaks hearts by causing cardiovascular diseases, experts warned on Wednesday as they called for a stringent tobacco-control law seeking to ban public designated smoking zones and advertisements at the point of sale among others.

On the eve of World Heart Day which has "Use Heart for Every Heart," as a theme this year, noted interventional cardiologist Dr Sekhar Kashyap talked about the multiple heart health risks associated with tobacco like peripheral vascular disease (disease in the vessels that supply blood to the arms and legs) and abdominal aortic aneurysm.

Pointing out that death numbers due to tobacco consumption are just a tip of the iceberg, the doctor said that, in fact, productivity and economic loss due to tobacco usage is enormous. Noting that

India is the second largest producer and consumer of tobacco that claims nearly 13 lakhs lives annually, BJP MP Manoj Tiwari said that aware of the tobacco burden, the Government under the Prime Minister's guidance has adopted a 'zero tolerance' policy against the hazardous product.

To draw home his point, he enlisted several tobacco-control measures the government has taken in the past few years, imposing ban on e-cigarettes and big pictorial warning on tobacco products to name a few. Now, the Government has

proposed amendments in the COTPA which shows that it has intention to strictly fill the gaps to deter tobacco consumption, the Northeast Delhi BJP MP asserted.

Tiwari was speaking at a webinar organized by "Tobacco Free India, a public health platform, and moderated by senior journalist and writer Arun Anand. Agreeing with Tiwari, who is ex state BJP president, Dr Uma Kumar, reputed public health expert and HoD of Rheumatology, AIIMS, highlighted the link between tobacco and cardio-

vascular diseases (CVDs). She quoted a global report that says that every year, 1.9 million people die from tobacco-induced heart disease.

This equates to one in five of all deaths from heart disease, warn the report's authors, who urge all tobacco users to quit and avoid a heart attack, stressing that smokers are more likely to experience an acute cardiovascular event at a younger age than non-smokers. "If all the political parties, cutting across their ideologies, make consensus on the progressive COTPA amendments at the earliest, we will be saving millions of youth from falling into the trap of harmful tobacco products," said Kumar.

"In fact, by allowing public smoking zones, we are actually promoting more smoking. It's like their existence is sending the message that it is Ok to smoke. By banning these places, we will also help smokers to curb their habits and thus save his/her heart," Dr Kashyap chipped in.

ED freezes ₹13 cr Bitcoins under PMLA

PNS ■ NEW DELHI

The Enforcement Directorate (ED) has frozen 77.62710139 Bitcoins, equivalent to \$15,73,466 (₹12.83 crore), under the provisions of the Prevention of Money Laundering Act (PMLA), in connection with an investigation against Kolkata-based Aamir Khan and others relating to the mobile gaming application E-nuggets.

The ED initiated money laundering investigation on the basis of an FIR dated February 15, 2021 filed under various sections of the Indian Penal Code (IPC) by Park Street Police Station, Kolkata Police, against Aamir Khan and others, based on complaint filed by Federal Bank authorities, in the court of Chief Metropolitan Magistrate, Kolkata. Aamir Khan launched a mobile gaming application E-Nuggets, which was designed for the purpose of defrauding public.

Four-day maritime drill of CMF in Seychelles concludes

New Delhi: The four-day international maritime exercise 'Operation Southern Readiness' of the Combined Maritime Forces (CMF) at Seychelles ended on Tuesday with the Indian Navy participating in it for the first time.

The Indian ship INS Sunayna participated in the annual capacity building exercise and was welcomed to the CMF by Vice Admiral Brad Cooper, United State Naval Forces Central Command (US NAVCENT), Indian Navy officials said here on Wednesday.

A live demonstration on Visit Board Search and Seizure (VBSS) operations was also conducted onboard HMS Montrose led by the Seychelles Special forces with close sup-

port from the Indian Naval team. The event was coordinated as part of the Distinguished Visitor's demonstration and witnessed by Seychelles President Wavel Ramkalawan and senior officials of member countries of CMF. The participation of the Indian Navy in the joint exercise was highly appreciated.

The Indian ship's participation reinforces the Indian Navy's commitment to maritime security in the Indian Ocean Region, officials had said here on Monday.

The joint training exercise was attended by representative delegations from the US, Italy, Australia, Canada, New Zealand, and ship participation from the UK, Spain and India.

SC acquits death-row convict of rape, murder, says can't make someone victim of injustice

PTI ■ NEW DELHI

Court cannot make someone a victim of injustice to compensate for the injustice to the victim of a crime", the Supreme Court Wednesday said while acquitting a death row convict for the alleged rape and murder of a six-year-old.

The top court, which pulled up the Uttar Pradesh police for faulty investigation, also said by not conducting the investigation properly, the prosecution has done injustice to the family of the victim. It said that when the offence is heinous, the Court is required to put the material evidence under higher scrutiny but the

erroneous approach on the part of the Sessions Court and the High Court has led to the "poor man" being ordained to be dispatched to the gallows.

A bench of Justices S Abdul Nazeer, AS Bopanna, and V Ramasubramanian said that it cannot shy away from the fact that it is a ghastly case of rape and murder of a six-year-old child. "By not conducting the investigation properly, the prosecution has done injustice to the family of the victim. By fixing culpability upon the appellant without any shred of evidence which will stand the scrutiny, the prosecution has done injustice to the appellant. Court cannot make someone, a victim of injustice, to com-

pensate for the injustice to the victim of a crime", the bench said. The top court passed the verdict on an appeal filed by a man called Chotkaur who was convicted for the offences punishable under Sections 302 (murder) and 376 (rape) of the IPC and sentenced to death by the Sessions Court, which was also confirmed by the Allahabad High Court on a reference.

The bench said that this is a case where the convict is "so poor" that he could not afford to engage a lawyer even in the Sessions Court and after his repeated requests to the trial court, the service of an advocate was provided as amicus. "In cases of such nature, the

responsibility of the Court becomes more onerous. When we analyse the evidence with such a sense of responsibility, we are not convinced that the guilt of the appellant stood established beyond a reasonable doubt.

Therefore, the appeals are allowed and the conviction and penalty are set aside. The appellant shall be released forthwith if not wanted in connection with any other case", the bench said. The top court was critical of the approach of the High Court and the trial court and said, "Before wrapping up, it is necessary to say something about the approach adopted by the Sessions Court and High Court.

Centre empowers States to take action against PFI affiliates

PIONEER NEWS SERVICE ■ NEW DELHI

After banning the Popular Front of India (PFI) on Wednesday, the Centre, through another notification, empowered the State Governments to take action against groups affiliated with the PFI and the possible action against them could be seizure of places and arrest of their members. The Home Ministry said these associates or affiliates or fronts have a 'hub and spoke' relationship.

PFI acts as the hub and utilises the mass outreach and fund-raising capacity of its associates or affiliates or fronts to strengthen its capability for unlawful activities and these

associates or affiliates or fronts function as "roots and capillaries through which the PFI is fed and strengthened", it said.

The PFI and its associates or affiliates or fronts operate openly as socio-economic educational and political organisations. But they have been pursuing a secret agenda to radicalise a particular section of the society, working towards undermining the concept of democracy and showing sheer disrespect towards the constitutional authority and constitutional setup of the country, it further said.

Investigations in various cases have revealed that PFI and its cadre have been repeatedly engaging in violent and subversive acts, the Ministry

said. Criminal violent acts carried out by PFI include chopping off the limbs of a college professor, killings of persons associated with organisations espousing other faiths, obtaining explosives to target prominent people and places and destruction of public property, it said.

The notification also mentioned the names of several people who were alleged victims of the PFI's "brutal" violence and most of them belong to Kerala, Karnataka and Tamil Nadu. The home ministry said there had been many instances of PFI's linkages with global terrorist groups and some activists of its PFI have joined ISIS and participated in terror activities in Syria, Iraq and

Afghanistan.

Some of these PFI cadres were killed in these conflict theatres and some have been arrested by state police and Central agencies, the Ministry said.

The Home Ministry claimed the office bearers and cadre of PFI along with others are conspiring and raising funds from within India and abroad through banking channels, hawala and donations among others as part of a "well-crafted criminal conspiracy", and then transferring, layering and integrating these funds through multiple accounts to project them as legitimate and eventually using these for various criminal, unlawful and terrorist activities

in India.

The sources of deposits on behalf of PFI with respect to its several bank accounts were not supported by the financial profiles of the account holders and the activities of PFI were not being carried out as per their declared objectives. Therefore, the Income Tax Department cancelled the registration granted to PFI under section 12A or 12AA of the Income Tax Act, 1961 (43 of 1961), it said. The Income Tax Department also cancelled the registration of Rehab India Foundation.

The ban order will remain in force for five years and it can be further extended by the Government after the expiry of the present tenure of the ban.

According to the Unlawful Activities (Prevention) Act, 1967 (UAPA), if any member of the banned group has the custody of any funds, securities or credits which are being used or are intended to be used for the unlawful association, the Centre may, by a written order, prohibit such person from paying, delivering, transferring or otherwise dealing in any manner whatsoever with such assets.

Any person aggrieved by a prohibitory order may, within 14 days from the date of the service of such order, make an application to the court of the district judge within the local limits of whose jurisdiction such person voluntarily resides or carries on business or per-

sonally works for gain, to establish that the assets are not being used or are not intended to be used for the unlawful association. The court of the district judge is the competent judicial authority to decide

such matters.

When an association is declared unlawful, the central government can seize such 'place' including a house or building or part thereof, or a tent or vessel.

War of words after BJP says Didi Govt will fall this Dec

SAUGAR SENGUPTA ■ KOLKATA

Speculation ran high — about whether Kolkata could go the Mumbai way — after Bengal BJP president Sukanto Majumdar and Opposition Leader Suwendu Adhikari iterated that the Mamata Banerjee Government would fall any time in December this year.

Soon war of words ensued between the ruling Trinamool Congress and BJP as the Bengal ruling outfit hit back during the BJP Government to go ahead with its Mumbai formula — if it so desired — and watch the consequence.

When asked to explain his statement Majumdar said that if no Government could run without a Chief Minister and as there was every possibility of Mamata Banerjee getting arrested by December the Trinamool Congress Government would not survive beyond New Year.

"There are chances that even the Chief Minister and many of her Cabinet colleagues may get arrested ... and as a government cannot continue without a Chief Minister this Government will collapse," Majumdar said adding as well that at least 21 TMC MLAs

were in touch with him.

Majumdar's views were seconded by Bengal Opposition Suwendu Adhikari who gave the TMC government a little more time saying "Mamata Banerjee's government will not survive the coming Spring season."

"This Government will not survive beyond Spring ... in fact this will fall by December as most of its leaders and ministers will go to jail by then," thanks to ED and CBI, Adhikari said.

Almost in tandem with the two leaders cine star-cum-BJP leader Mithun Chakrabarty made a mysterious statement: "kabhi bhi kuch bhi ho sakta hei (anything can happen any time) iterating he was in touch with 21 Trinamool MLAs. Curiously Prime Minister Narendra Modi too had during

one of his recent visits to Bengal had said that about 40 Trinamool legislators were in touch with the BJP.

The State ruling outfit was prompt to hit back saying the BJP's hollow claims had already been tested in 2021 Assembly elections when its top leadership had vowed to win more than 200 Assembly seats but ended up winning barely 77.

"The BJP leadership has been exposed before the people of Bengal ... their false will no longer be taken by the people of the State ... they had given a slogan of abki baar doso paar (this time 200-plus seats ... but failed to reach even three digit mark ... so their credibility is zero and in the coming elections they will be reduced to zero in Bengal," TMC spokesperson Kunal Ghosh said adding on the contrary to what they have been claiming the BJP MLAs would start joining the TMC soon.

"Before the last year's elections they said that the TMC will break and half of the party will go to BJP but after the elections it was seen that several of their leaders were joining the TMC ... the situation now is such that if we do not stop our doors then the whole BJP will

join the TMC," the leader said.

The TMC Government was presently under intense pressure after the Enforcement Directorate investigating the school level recruitment scam recovered crores of rupees stashed away in the apartments of Arpita Mukherjee a close aide of former number two in the Mamata Banerjee cabinet Partha Chatterjee who is presently in jail. This was followed by the arrest of senior TMC leader and party strongman Anubrata Mondal on charges of cow smuggling.

Meanwhile, the Bengal opposition on Wednesday cried foul after a massive fire broke out inside the Bolpur branch of Axis Bank in Birbhum district. It is the same bank where the CBI made repeated raids in the recent times in search of Mondal's money trail.

In a parallel development the CBI on Wednesday told the Calcutta High Court that the school level recruitment scam could go beyond Rs 150 crore and that about 1000 fake candidates had got jobs through questionable means. Further investigations were on as the candidates claim that the scam could go beyond several thousand crores.

10 killed in Lakhimpur road accident

PNS ■ LUCKNOW

In a tragic incident, 10 people were killed and over 25 injured when a private bus collided with a truck in Lakhimpur Kheri district early on Wednesday morning.

Some of the grievously injured were referred to Lucknow for treatment, local officials who rushed to the spot confirmed.

Both Prime Minister Narendra Modi and Chief Minister Yogi Adityanath have expressed grief at the loss of lives and directed officials to provide treatment to the injured.

Prime Minister Narendra Modi said he was distressed by the accident and announced a compensation of Rs 2 lakh each for the families of the deceased. Those injured would receive a compensation of Rs 50,000 each, his office said in a tweet.

Meanwhile, as soon as the incident was reported, Chief Minister Yogi Adityanath expressed grief and directed senior officers to reach the spot and provide proper care and treatment to the injured.

"Chief Minister Shri @myogiadityanath Ji Maharaj has condoled the loss of lives due to road accident in the Lakhimpur Kheri district. Maharaj ji has directed the

senior officers to immediately go to the spot and conduct relief and rescue operations and make proper arrangements for the treatment of the injured," the CMO tweeted in Hindi.

"Expressing his condolences to the bereaved family members, Maharaj ji (Yogi Adityanath) has wished for the speedy recovery of the injured," the tweet further read.

Reports said that the bus carrying about 60 passengers was heading from Dhaurahra in Lakhimpur Kheri district to Lucknow when the accident occurred.

All the injured were rushed to a district hospital while some others were referred to Lucknow for further treatment, said Lakhimpur Kheri's Additional District Magistrate Sanjay Kumar.

The bus was on its way to Lucknow from Dhaurahra when it collided with a mini truck coming from the oppo-

sition direction on Aira bridge on National Highway 730, Deputy Superintendent of Police Pritam Pal Singh said.

The toll was likely to rise, he added. On receiving information, the police reached the spot and rescued the injured after cutting the bus with a gas cutter, he said.

The injured were sent to the district hospital and efforts were on to identify the deceased, the DSP added.

Meanwhile, in another incident, three persons, including an innocent girl, were killed and 34 others were injured when the tractor-trolley they were travelling in was hit by a truck on Ayodhya highway in Barabanki district on Wednesday morning, police said. Six persons with serious injuries were referred to the King George's Medical University Trauma Centre in Lucknow while the rest were

undergoing treatment at the district hospital.

The accident occurred near Kotwa overbridge.

A few residents of Katka village were on their way to an event in Ram Sanehi Ghat when the speeding truck hit their tractor-trolley from behind.

Reports said that the 'mundan' ceremony of Bittu, daughter of Ramkaran, a resident of Lambauva village of Ram Sanehi Ghat police station area, was fixed for Wednesday. To attend the ceremony, Ramkaran's in-laws had come on a tractor-trolley from Katka police station Ramnagar and they all left by the same tractor-trolley for Katka on Wednesday morning.

On the way, a truck collided with the tractor-trolley near Kotwa road in Ram Sanehi Ghat police station area on Lucknow-Ayodhya highway.

CBI arrests 2 for cheating foreigners by posing as Interpol officers

PNS ■ NEW DELHI

The CBI has arrested two persons who ran an illegal call centre in west Delhi from where they allegedly cheated and extorted money from foreign nationals by posing as Interpol and Europol officers.

The call centre, located in the narrow bylanes of Shadipur village here, was run by a man named Jaiveer Sharma. The perpetrators impersonated themselves as officers of Interpol and Europol to gullible foreigners, the FIR registered by the CBI said.

During the searches, the CBI found four cryptocurrency wallets having a total of Rs 1.30 crore that included Bitcoins and other cryptocurrencies in an e-wallet,

the CBI said.

Vijay and Vishal were arrested in the case related to alleged cheating, extortion from foreign nationals and other offences that included running illegal call centres, they said.

"The source has also informed that most of the amounts collected from the victims through cheating by the accused are transferred in the form of Bitcoin (a cryptocurrency) in the crypto-account of accused Vijay maintained in the e-wallet of 'WazirX'," the FIR alleged.

They allegedly conned their victims by telling them that their identities had been stolen and used for crimes like money laundering and drug peddling. They then threatened the victims by claiming that arrest warrants

have been issued against them which would lead to their probable arrest, officials said.

The accused compelled their victims into transferring money in bank accounts, crypto wallets or gift card codes to clear their names with an assurance that once the case was closed, they could take their money back.

The accused also asked their victims to disclose the amount of cash they had. Once the victim disclosed the amounts, the accused asked them to prove that it was genuine and actually withdrawn from their bank account, the FIR claimed.

"The accused made the victims believe that they have to prove to the respective government authorities that they have only that much money in their bank

accounts," the FIR alleged.

In order to prove it, the accused convinced their victims that they must deposit the money to the government-approved vouchers available in the market, it said. If the victims said they will approach the local police regarding their arrest warrant, the accused would claim that

they would be arrested as soon as they reach the police station, it said.

Out of fear, the victims would purchase the gift card/voucher from the market and provide their codes to the accused who then redeemed or transferred the amount into their own accounts, it alleged.

Armyman held by STF for duping jobseekers

PNS ■ LUCKNOW

The Meerut unit of UP Special Task Force (STF) arrested an army havildar for allegedly duping aspirants on the false promises of recruitment under the Agniveer scheme by helping them in passing the strenuous medical examination, officials said on Wednesday.

The accused Naresh, a resident of village Masouta in district Ghaziabad, who happens to be a serving havildar, was arrested by the Meerut STF from Garh Road under Sadar Bazar police station area of the district following inputs by Military Intelligence on Tuesday evening. The trap was laid after tracing the location of the accused with the help of his mobile surveillance.

Brijesh Kumar Singh, Additional Superintendent of Police of STF Meerut, said that an input was received from Military Intelligence that some elements were engaged in recovering huge amounts of

money from aspirants of Agniveer recruitment in the Army. He said that the accused demanded Rs 5 lakh from the aspirants on the pretext of recruitment in the Agniveer scheme launched earlier this year by the government for short term recruitment in military services.

He added that three members of the gang were still absconding.

"After getting the inputs of the sinister activity taking place in the Agniveer recruitment process that is currently underway in Muzaffarnagar and Meerut, we started the investigation. The input was further developed and a candidate, Prashant Singh, was identified who was supposed to appear for re-medicals at Military Hospital in Meerut on Tuesday," the ASP (STF) said.

He was lured by Naresh Kumar for confirmed re-medicals in lieu of Rs 5 lakh. The UP STF was then roped in for the task and he was arrested, according to a source.

Make efforts to make Ayodhya grand enough to fit Lord Ram's aura: Modi

PNS ■ NEW DELHI

Prime Minister Narendra Modi on Wednesday asked citizens of Ayodhya to make concerted efforts to make their city grand enough to fit Lord Ram's aura and where people would arrive from across the globe after the Ram temple is inaugurated.

On the construction of the Ram temple, the Prime Minister said, "This is a reiteration of 'pride in heritage' also, a new chapter of development of the nation".

Addressing the gathering on the occasion of dedication of Lata Mangeshkar Chowk in Ayodhya via video message, Modi paid tributes to the late singer saying, "Lata didi's vocals will connect every particle of this country for ages to come".

"Lata Ji was one such seeker of Maa Saraswati, who stunned the whole world with her divine voice. Lata Ji did sadhana, we all got the boon!" the Prime Minister remarked. He underlined that the huge

Veena of Maa Saraswati installed at Lata Mangeshkar Chowk in Ayodhya will become a symbol of musical practice. The Prime Minister further went on to add that the 92 white lotuses made of marble in the flowing waters of the lake in the chowk complex represent the life span of Lata Ji.

The Prime Minister congratulated the Uttar Pradesh government and Ayodhya Development Authority for this innovative effort and offered his heartfelt tributes to Mangeshkar on behalf of all the countrymen. "I pray to Lord Shri Ram that the blessings we got from her life should continue to leave a mark on the coming generations

through her melodious songs", the Prime Minister added.

Modi further said, "I believe that the Lata Mangeshkar Chowk of Ayodhya and all such memories associated with her will enable us to feel a sense of duty towards the nation".

Highlighting the re-establishment of Ayodhya's proud heritage and the new dawn of development in the city, the Prime Minister remarked that Lord Ram is the symbol of our civilization and is the living ideal of our morality, values, dignity and duty. "From Ayodhya to Rameshwaram, Lord Ram is absorbed in every particle of India", Modi added.

Right move

Govt has banned PFI but it must ensure that it is not seen as an anti-Muslim decision

The Narendra Modi Government's ban on the Popular Front of India (PFI) under the Unlawful Activities (Prevention) Act is not surprising. The PFI has been proscribed for five years by the Ministry of Home Affairs for alleged with terror funding links. Multiple raids were carried out in various parts of the country, leading to hundreds of arrests by the Central agencies. That the PFI is an Islamist outfit is quite evident, but the Government has to justify the ban in the court of law where the decision is likely to be challenged. In fact, the PFI is one of the Islamist organisations all of which have misleading names. The political wing, for instance, is called the Social Democratic Party of India (SDPI). Then there are the Rehab India Foundation, the Campus Front of India (CFI), the National Confederation of Human Rights Organization (NCHRO), the National Women's Front, the Empower India Foundation, etc. All of which have also been banned. One exception is the All India Imams Council. In March 2015, the

PFI's public relation officer Mohammed Arif Ahmed had described the body as a "neo-social movement committed to empower people to ensure justice, freedom, and security." That was very clever on its part, for such phraseology is to the liking of liberals and intellectuals. In general too, on the face of it, few would like to have a quarrel with the folks committed to justice, freedom, and security.

Behind the nice-sounding names and nicer (ostensible) objectives lay the real goals—radicalisation of all sections of Muslims by all means, including persuasion. The hijab drive is part of this radicalisation; wearing hijab is more rampant now than it was a generation ago. The CFI's role in instigating girls to insist on wearing Islamic attire in education institutions in Karnataka is well-known. In fact, radical Muslims have convinced or coerced their fellow-religionists to follow the purist version of Islam, which is especially oppressive for women. Quite apart from Talibanising Muslim society, the PFI and sister organisations have been involved in violent activities; for example, over a decade ago, they chopped off the hand of a professor in Kerala for allegedly having said something inappropriate about Prophet Muhammad. The Kerala Government has also acted against the PFI and similar outfits. In short, the Modi Government cannot be said to be called anti-Muslim just because it acted against the PFI. A couple of issues need to be raised here. First, the Government is widely accused of using the agencies like the Enforcement Directorate and the Central Bureau of Investigation for political purposes, so even when they genuinely do what they are mandated to, questions can be raised about the action. Second, while Islamic organisations involved in criminal activities must be dealt with firmly, the outfits claiming to represent other faiths should also be tackled accordingly if they are involved in unlawful activities. The Government must address these issues.

EWS quota must wait

The SC has reserved its decision; the emotive issue must be amicably solved

The reservation is as emotive an issue as it is economic. Nevertheless, it remains unresolved to date as both parties dig their heels in the court. The Supreme Court has reserved its decision on 10 per cent quota to persons from Economically Weaker Sections (EWS).The Central Government's decision to give 10 per cent reservation to economically weaker sections over and above 50 per cent already given to other backward castes, and Schedule Castes & Tribes. The petition was filed against the 103rd amendment to the Constitution, which introduced changes to Articles 15 and 16 that deal with the right to equality and provide the basis for reservations. The argument against the amendment is that the 50 per cent limit on reservation cannot be crossed as it would tantamount to violate the basic premise of Constitution, which is equality. The Centre had earlier told the Supreme Court that the EWS quota does not erode the rights of Scheduled Caste and Scheduled Tribe communities as they already enjoy many other benefits.

The Government contention that the Scheduled Castes and Scheduled Tribes have been given several benefits under the Constitution, including Article 16(4)(a) (special provision for promotion) and Article 332 (reservation in State Assemblies), may be true but unfortunately despite all these benefits they still remain on the lowest rung of social hierarchy and lag behind on the economic front as well. But having said that, the economic criterion must be at least a factor while giving reservation to any section of society.The Government introduced the

EWS quota for those who do not fall in the category of SC/ST and OBCs but have an annual family income of less than ₹8 lakh per annum. The intent was right but the method was not. And this is what is being contested by the petitioners. The criterion is arbitrary and impractical, to say the least. To be fair to the Government, it cannot touch the reservation to SC/ST and OBCs and so it has no choice. Last year, the Supreme Court had said that the criteria seemed arbitrary. Since the income criteria of ₹8 lakh per annum was used to exclude the 'creamy layer' from the OBC quota, the court said it was 'mechanical' and included to distinguish EWS as well. The SC observation holds water as ground realities may be very different. The decision of Supreme Court in this regard would be a landmark in the debate for reservations and could stir a hornet's nest.

Durand faultlines on cricket pitch

Power politics has seeped on to the cricket ground, too, and this is not good news either for the game of cricket or for cricket-playing nations

BHOPINDER SINGH

When the former Pakistani speedster and motor-mouth Shoaib Akhtar railed against the ostensible behaviour of Afghan players and fans in the recent Asia Cup match, the subliminal sense of Pakistani clientelism was unmistakable. Shoaib's patronising tone following the heated exchange by players in the cliffhanger reeked of one-sided entitlement, "Aap hai ki hamare bhai hai, sah mulk hain, hum apse laad bhi karte hai, khyal bhi rakhte hai, and aap kya batameezi bhi karte ho. (Here you are, we consider you our brothers, you are our neighbouring nation, we love and take care of, and here you are showing your brazenness) this is not acceptable yaar." That Shoaib's view was selectively berating, condescending and mocking is one thing - but it was also layered by unsubtle societal faultlines, "Isiliye allah ne aapko Saza di, isiliye aalah ne ek pathan ko duusre pathan se chakka mar-wake zaleel kiya, aur rote hui gayi Afghanistan team (That is why the almighty punished you, where the almighty made a Pathan (Pakistani player) hit a six against you, and you were humiliated and Afghanistan team went out crying!). The subtext of a Pakistani Pathan versus Afghan Pathan was loaded, as it militates against the sense of Pashtunistan or common homeland/identity of Pathans across both sides of the Durand Line, separating Pakistan and Afghanistan.

The visibilised animosity besetting the Pakistan-Afghanistan realm is palpable and deep, and the cricket pitch only reflects the same. It is starker and more intense as compared to the outpourings in India-Pakistan matches, today. The historically wounded sentiment along the 2670-kilometer-long border dividing Afghanistan-Pakistan or the Durand Line (vehemently unrecognised by Afghanistan), has metastasized over the years with the perception of constant Pakistani patronage of terror and mayhem in Afghanistan. Islamabad has pandered to Pan-Islamic terror groups like the

dreaded Taliban, puritanical Haqqani faction, brutal Hekmatyar faction, etc., to suppress and undercut Pashtun nationalism - all this has led to simmering hate in the minds of average Afghan on the street who justifiably blame Pakistan for decades of bloodshed and violence. Treating Afghanistan as its backyard or 'Strategic Depth' is an institutionalised aspiration in Pakistan and even the revisionist Taliban regime finds itself uncomfortable defending Pakistani interferences, beyond a point. A few months back, the Taliban Foreign Ministry was forced to call the Pakistani Ambassador in Kabul to condemn airstrikes on Afghan soil. Taliban spokesperson had warned, 'not to test that patience of Afghans' and that, 'same mistakes again....will have bad consequences! Even with its own propped Taliban regime in Kabul, the Pakistanis are getting the rough end of the stick, as the blame for the larger Afghan socio-economic misery is attributed squarely of the Pakistanis, and especially to its shadowy agency, ISI. No amount of rote Pakistani spiel of 'co-religiosity cuts ice in Afghanistan.

It's not just 'Taliban Khan' or the former Pakistani Prime

SO, WHILE THE WAR-TORN AFGHANISTAN CRICKET TEAM HAS KEPT DEFYING THE ODDS WITH INDIVIDUAL PERFORMANCES AND HEROICS OF RESILIENCE AND HEROICS, IT HAS SADLY LOST MORE MATCHES THAN IT HAS WON

Minister Imran Khan who is the poster boy of Pakistani misadventures, but even the coalition of PPP and PML-N are similarly despised in the unforgiving memories of the Pathans. Afghan elders remember Nawaz Sharif's electoral bluster to then rivals PPP in 1993, 'You gave up Dhaka, but we took Kabul' with dismay and hate. Across the political canvass of Pakistani democracy and Military rules, the Pakistanis have sought indebtedness of the Afghans for the harbouring of Pashtun refugees - only the Afghans have found that expectation extremely humiliating, simplistic, and condescending. So, while the war-torn Afghanistan Cricket Team has kept defying the odds with individual performances and heroics of resilience, and heroics, it has sadly lost more matches than it has won. This Asia Cup was no different (win against the much higher-ranked Bangladesh notwithstanding), except that when it came to the Afghanistan-Pakistan match, a lot more was at stake and Afghan emotions were raw. Beyond the on-field fracas amongst players, after the match, the Afghan fans let their fury on Pakistani fans and had them scurrying for

safety. The pent-up frustration against the Pakistanis was a lot more than what can be attributed to a simple case of winning or losing a cricket match. The irrepressible Winston Churchill once noted about the Pathans, 'Every family cultivates its vendetta; every clan, its feud. Today the proud Pathans (who form the majority of Afghanistan) are reeling under unprecedented misery and there is no doubt as to which direction their ire is pointed. Official politics may not be on the side of the average Afghan belief, as its incumbent government is still essentially dependent on Pakistani support for legitimacy, but it is a groundswell of angst that this filling up fast and may tip over the Taliban patience, too. It was ultimately left to the former Afghan captain, Shafiq Stanikzai, to have the last word when he coldly warned Shoaib, 'baat ko nation pe Mat lena' (do not extrapolate your comments to the nation) — implicit in the Stanikzai's warning was the larger sentiment and augury of the future.

LETTERS TO THE EDITOR

IRAN IN TURMOIL

Sir — The republic of Iran is in turmoil over the recent tragic custodial death of the 22-year-old Kurdish woman Mahsa Amini at the altar of police brutality. She preferred to sacrifice her life rather than succumbing to police atrocities to enforce harsh hijab rules and curb their rights in the name of faith and religion. In fact, never before such extreme acts of dissent have surfaced in Iran on a grand scale. It is the women folk, be it in Iran or Afghanistan, who have borne the brunt of fundamental right-wing Islam curtailing their freedom, dreams, and aspirations.

Hundreds of women across 80 cities in Iran have taken to the streets to oppose this oppressive practice of slavery inflicted on women for centuries. They are not just removing their Head scarves, cutting their hair in public, burning hijabs in public but also burning posters of the founder of the Islamic Republic, Ayatullah Khomeini in 1979. This assumes significance as this is the world's first political revolution totally led by women. In fact, it sends strong signals that every dictatorial regime falls when Mahsa Amini stands up or a Rosa Parks refuses to succumb to a white man. It would be a moral victory of the democratic ethos, and dignity of the human being if every nation across the globe stood by them and support their rightful cause.

BETTER SENSE PREVAILS IN PUNJAB

Sir — Punjab Assembly Speaker Kulrar Singh Sandhwan said that the Governor has acceded to the government's request for holding the Assembly session. The ongoing face-off between Punjab Governor Banwarilal Purohit and the ruling Aam Aadmi Party (AAP) has ended with the Governor agreeing to summon the State Assembly session on September 27.The Governor should

Congress is a mess

Indian National Congress

It is saddening to see a senior leader like Ashok Gehlot stooping so low to play politics, a dirty one indeed, particularly when he is being promoted to become President of the INC. Or is he really being cheated by his cabinet ministers? It would have been gracious for him to leave state politics and instead he leaves behind a doubt as to how he will be able to handle politics at the national level

not make his presence felt by blocking the decision of the Council of Ministers that too call for convening the session.

The Governor is only an appointed authority by the Union Government. He is not representing the will of the People. Once a highly dignified post, the governorship now has been reduced to a coercive tool to hinder the smooth working of every non-lotus state government. It is good that the face-off has ended. Otherwise, the bickering between the government and the governor would have led to an ugly situation . Better sense has prevailed.

CK Subramaniam | Mumbai

THE GOVT IS RIGHT IN BANNING PFI

Sir — Union Home Ministry has done the right thing by banning the Popular Front of India (PFI) and its associates, numbering eight for five years, as they are terrorist-based fronts in the country with active cooperation, coordination, and financial transactions with many terrorist organisations to create

if he becomes President. Cornering High Command is demeaning and definitely, something is seriously wrong with the Congress. Is there a bigger game behind the screen Gehlot is playing to dilute the Bharat Jodo Yatra and scuttle even the little effort that Rahul is trying to pump life into the dying party.?

Anything is possible these days. Is INC messing up in the name of a democratic election, unlike the smooth way Nadda was re-elected in BJP.? Nothing seems to be working for Congress the way it wants things to be. Only the die-hard supporters of the party can salvage it from this otherwise stupid situation. The Congress leadership today seems to be running out of ideas and has lacked the mettle to handle the situations which are threatening its existence.

D Nagarjuna | Hyderabad

communal disturbances. Many pan India raids were conducted recently to identify the network of PFI and many arrests were made with a lot of information on their activities and other associated groups.

It is most gratifying that some Islamic organisations welcomed the ban as they feel country first and faith next. The way pro-Pakistan slogans were raised during the arrest of the PFI cadre shows how they are anti-national. All Muslim political organisations should condemn the terrorist mindset of PFI and while welcoming the ban should advise all its members to keep their distance from PFI and its associate organisations for the peaceful coexistence of all with unity in diversity and should not fall prey to such organisations.

FIRST COLUMN

FREE WILL IS THE ABILITY TO CHOOSE

We want to be independent, but we are bound by the constraints of the world

AJIT BISHNOI

Right and wrong, fair and unfair, ethical and unethical are no longer subjects that have standard definitions. Logic, convenience, personal interests, hedonism are the determining features that influence the judgment or opinion about an action or conduct. Universal benchmarks are missing.

We possess free will, which is defined as the power of desiring and deciding without the restraint of necessity or fate. It is the ability to desire unlimitedly and decide as we choose. But we are not so independent, because being independent will mean that we can achieve what we desire, but we are bound by the constraints of the world. For example, we can desire to be very rich. But can we manage it without following the rules of becoming rich like having the necessary abilities, opportunities, support of the system, etc? No, we are not really independent.

However, our free will does give this false impression that we are independent. Rather there is another serious drawback in doing so, if we get attached with what we desire. Lord Krishna has repeatedly warned against such attachments in the Bhagavad-Geeta. In verse # 2.62, the Lord states, "From attachment lust manifests and from lust anger results." Lord Krishna goes on in the next verse, "From anger foolishness results; from foolishness bewilderment results; from bewilderment, loss of intelligence occurs. And by the loss of intelligence a person is doomed." (2.63)

Yes, it is that serious. Don't we know that desiring is easy but to fulfill is something else. Attachments cause suffering. That is why one is strongly advised to be detached, because absence of attachment delivers one from suffering. (6.23) But if we do desire as we are likely to do, we should take shelter of God, who can fulfill all our legitimate desires. Sanjay of the Mahabharata fame goes to the extent of stating that linked with God, there will be opulence, victory, wealth and morality. (18.78)

As mentioned earlier, we can desire but fulfilling them is not that simple. Because, as stated by Lord Krishna, "We have a right only in action, not ever in predetermining its fruits." (2.47) The Lord warns that we should not try to do so, because those who try are pitiable. (2.49) It makes sense; does it not? If we were given the right to decide the fruits of action, there will be no limits on what we will all desire.

This right of deciding the fruit of action is with God only, as it must be. Imagine a world in which everyone is desiring unlimitedly and surely there will be conflicting desires. For example, there is one prime minister and multiple numbers desire to become one. What happens then?

Similar is the phenomenon of fate or luck as we call it. This is the fruit of our 'karmas' (deeds), and is strictly as per the 'karmaphala principle', which is: "What we sow we reap." This is administered by divine authorities under the superintendence of God. (9.10)

They do so completely in a fair fashion. Are we then stuck if we have done some wrong? The answer is yes, because we can do an act but cannot erase it. Otherwise, all of us will be busy erasing what bad acts we have done in the past. But fortunately, there is a way out, which is to take shelter from God. He can help us in crossing all impediments by His grace. (18.58) But to achieve this privilege, we must develop God consciousness, which can be done by doing spiritual acts, which are simple and easy to do.

In verse #18.65, Lord Krishna guides, "Develop My consciousness; become My devotee; make sacrifices for Me, and offer obeisance to Me."

(The author is a spiritual teacher)

Simple GST structure can check tax evasion

The existing GST structures, along with the prevailing income tax slabs and exemptions, need urgent revision to rid our nation's tax system of anomalies

SUBHASH CHANDRA AGRAWAL

The complicated tax system in India with six-decades-old Income Tax Act, 1961, with too many amendments in the form of a lot of confusing patchworks is in force. Likewise, ever since a reformative step of introducing the Goods & Service Tax (GST) Act has been taken with effect from July 1, 2017, there has been a regular practice of changing tax-structure in an ever-confusing GST regime with too many confusing and complicated provisions incorporated in the system.

An altogether new tax-regime should be introduced without patches of useless and largely misused exemptions. Implementation of Raja Chelliah Committee recommendations to fix the highest tax-slab at 30 per cent to be in tune with most countries in the world had largely abolished the practice of converting black money into white money. Gradually increasing this highest slab also through imposing cess and surcharges has undone the good achieved.

Highest tax slab of 30 per cent should be restored so that people may find it advantageous to bring complete income to books. Rather a permanent Voluntary Disclosure Scheme should be introduced whereby provision may be there in tax-return to declare at highest suggested tax-rate of 30 per cent, any income without disclosing source of income. This will make cash transactions in property deals accounted for if registration fees on them are also reduced to just three per cent. Names of all those disclosing incomes under the suggested highest 30 per cent slab should be on the website according to income disclosed so that status conscious persons may race to disclose more incomes.

Basix tax exemption should be fixed at rupees five lakhs paving way for abolishing most tax exemptions, including on charity, donation, contribution to political parties and even agricultural income, which are largely misused. For instance, an ordinary farmer does not earn more than Rs five lakhs, and the provision is grossly misused by ultra-rich persons, including known celebrities, to declare their unaccounted income as agricultural income through some village land purchased only for the purpose without practically having any agricultural produce.

Income Tax slabs should be 10 and 20 per cent for incomes between 5-10 lakhs and 10-15 lakhs respectively and thereafter 30 per cent for rest. LK Jha committee recommendations to make calendar-year as financial-year should be implemented in line with most countries of the world, thus abolishing another British legacy of following April-March presently as Fiscal Year.

It is ridiculous to have different Depreciation-Rules for Tax and Corporate audits. Rather there should be a single and unified Tax and Corporate Audit.

Rather than concentrating more on small cash-transactions like through BhimApp, etc., which results in fraud for

THE 18 PER CENT GST IN THE SERVICE SECTOR IS EXCESSIVELY HIGHER WHERE, FOR EXAMPLE, THOSE TAKING PART IN TV PANELS HAVE TO PRACTICALLY PAY ROUGHLY HALF OF THE HONORARIUM IN TAX, INCLUDING GST AND INCOME TAX

(The author is Guinness World Record Holder for writing most letters and RTI Consultant)

illiterate persons, all sale-purchases above Rs 10000 may be compulsorily through bank transactions. For this, transaction-charges on credit-cards should be slashed down to just half a per cent (GST-exempted) that too to be borne by central government with all incentives on purchases made through credit-cards abolished.

Presently, high 2 per cent transaction charges on credit cards make traders charge it separately from customers specially where trade margins are low. Such a system will fetch higher tax-revenue for the government, than through half-percent transaction charges to be borne by Government.

Banks issuing credit cards will get much more earning even with half per cent transaction charge because of manifold use of credit cards. Two sets of credit card swiping machines should be compulsory for every GST-registered dealer dealing also in cash so as to avoid payment receipt through credit cards with the usual excuse that swapping-machine is out of order.

The input tax credit system in GST-regime in manufacturing-sector is biggest corrupt practice of tax-evasion where left-out GST-invoices by ordinary customers are sold by traders to consuming manufacturers or producers to avail false Input-Tax-Credit where cash is paid back by traders to those purchasing left-out GST-invoices of actual consumers bringing more currency in circulation. This is the reason for the basic motive of currency-demonetisation being failed where currency in circulation rapidly increased rather than projected decrease.

Annual forensic audit may be made compulsory on claims made for Input-Tax-Credit by manufacturers/producers to avoid false

claims of excessive Input-Tax-Credit in these sectors. Rather study should be made if with abolition of an excessively high 18-per cent GST slab, Input-Tax-Credit can be altogether abolished from manufacturing/producing sectors, retaining it only on tradable commodities.

But such reform in Input-Tax-Credit system can be practically possible with drastic reform in GST tax-structure wherein initially only three tax slabs of 6, 12 and 30 per cent may be there abolishing all presently existing GST-rates. India is the only country which has so many GST-rates. Gradually even slabs of 6 and 12 per cent may also be replaced by a new 10-per cent tax structure.

Zero per cent GST may only be retained on totally unbranded raw materials which cannot be consumed without giving a finishing touch like agricultural-products, fish, meat, cotton-yarn, etc. All items of long term use like cars, air-conditioners, TV sets, refrigerators, etc., may attract 30 per cent GST, while their parts may uniformly attract 12 per cent GST.

Unmindful policy framers brought clutch plate and clutch bearing under different GST slabs of 18 and 28 per cent. Likewise similar items sold by confectioners like sweets, biscuits, napkins, etc., attract different GST-slabs with luxury sweets causing diabetes attracts just 5 per cent GST.

To remove confusion and abnormality, invoices for items like gold-jewellery can be drawn in two parts, one for metal and embodied items and the other for making-charges so that suggested 12 per cent GST may be payable only on making-charges. Cess on extra-luxurious items should be replaced by additional GST slabs in multiples of 60 per cent, also bringing

petroleum products under GST regime to ensure uniform pricing of petrol and diesel in all states.

Clubbing lower slabs of three and five per cent into single six per cent slabs will be more than compensated by abolishing slabs of 18 per cent. Input-Tax-Credit (ITC) system should not be applicable on non-tradable commodities and services like has been done, and rightly too, in case of car expenses for non-commercial use.

With GST slab of 18 per cent abolished and service sector attracting just 12 per cent GST, those with income of rupees ten lakhs or more (instead of present rupees 20 lakhs) can be brought under GST-regime like was the system before GST-regime. It is totally illogical to keep lawyers out of purview of the GST-regime.

The 18 per cent GST in the service sector is excessively higher where for example those participating in TV panels have to practically pay roughly half of honorarium in tax, including GST and income tax. Useless system of Tax-Deducted-At-Source for GST, which is hardly used in practice, should be altogether abolished. Or otherwise, any such deducted tax should be auto-reflected in GST-accounts of affected ones, abolishing cumbersome and additional practice of filing a new monthly return to get credit for deducted tax. Complete GST structure should be so simplified that small traders/manufacturers/professionals may be able to file their tax-returns by themselves without any need of GST-consultants.

All government payments can be considered to be exempted from GST to avoid unnecessary government-accounting by putting tax from one government pocket to another.

POINTCOUNTERPOINT

IT'S A RELATIONSHIP THAT HAS NEITHER ENDED UP SERVING PAKISTAN WELL NOR SERVING THE AMERICAN INTERESTS. —EXTERNAL AFFAIRS MINISTER S JAISHANKAR

WE DON'T VIEW OUR TIES WITH PAKISTAN, AND OUR TIES WITH INDIA, IN RELATION TO ONE ANOTHER. THESE ARE BOTH OUR PARTNERS. —US STATE DEPARTMENT SPOKESPERSON NED PRICE

PM SHRI schools reimagine education in India

The Cabinet's approval to PM SHRI schools presents a rare opportunity for the country to take a quantum leap in education

The National Education Policy 2020 recognises schools as places for intellectual development and character building. Preparing students to become responsible citizens and active participants in community development is the original mandate of the policy. The policy envisages a focus on more than academics, fostering whole-child development.

Para 4.43 of the policy elaborates that fostering student agency must begin with self-regulated learning, self-assessment, peer-tutoring, and peer-to-peer assessment. It will help students care more about communicating with each other and the teacher to reflect on their learning and pursue collaboration goals.

ASHOK PANDEY

(The author is a Delhi-based educationist)

Early internship possibilities, job shadowing, building cultural competencies, the spirit of volunteering, micro-credentials in life skills and school-college partnership will take the students on a lifelong learning trajectory.

A policy of the scale of NEP 2020 requires enabling legislation, curriculum framework, inter-ministerial dialogue, and preparing the ground for implementation at multiple levels. The policy is riding its course with the Prime Minister leading from the front, initiating discussions, addressing the nation, theme-based task allocation, and participative implementation strategy. The nation's response is

affirmative, and the academia is euphoric —signalling two significant indicators that the buy-in for the change is working.

Once the policy is in place, visualised outcomes recognised, and infrastructural requirements identified, we need strong institutions to foster learning and culture. In the budget speech 2021-22, the Finance Minister Nirmala Sitharaman announced more than 15000 schools will be qualitatively strengthened to include all components of the National Education Policy.

These schools, she added, will emerge as PM SHRI schools in their regions, hand-holding and monitoring other schools to achieve the ideals of the Policy. Consequently, the Union

Cabinet has recently approved the launch of a new centrally sponsored scheme for setting up PM SHRI schools (PM schools for Rising India). These schools will influence, inspire, and impact other schools, receive performance-based budgetary allocation and adhere to standard benchmarks.

Of the total project cost of ₹27360 Cr spread over five years, the significant contribution of ₹18128 Cr will come from the centre, and the States and UTs will raise the remaining ₹9232 Cr. UDISE+ code having schools managed by the Centre/State/UT Governments/Local self-governments would be considered for selection under the scheme. Selection of PM SHRI schools will be made through Challenge Mode, where schools compete to become exemplary schools succeeding through a rigorous three-stage process.

The selected schools will undergo intervention, support, and quality assessment from 2022-23 to 2026-27. The entire process will be driven by an Online Challenge Portal, open once every quarter for the first two years. The policy stipulates that a maximum of two schools, one elementary and one secondary/senior secondary, would be selected per block.

The Bhaskaracharya National Institute for Space Applications and Geo-Informatics (BISAG-N) will service the scheme in geo-tagging and other related tasks. The big question is how

PM schools for rising India will differentiate themselves from the rest. The government has an ambitious target for whole-Child education through motivation to learn and succeed, while promoting the relevance of the learning experience for future lives and careers, and instilling a sense of belonging in the school environment, besides adopting a broader approach to knowledge and skill acquisition.

Furthermore, embedding technology must enable personalised and mastery-based learning. Tracking of data, educational outcomes and timely interventions can be done more frequently with the intervention of EdTech, resulting in course correction, remediation, and prompt guidance to each student.

PM SHRI schools will manage teacher talent through a structured approach, involving teachers in decision-making and policy implementation. Treating teachers as valuable assets, intentional investment in their capacity building, career management and promotion will be hallmarks of these schools.

PM SHRI schools will endeavour to invite parents as partners in learning. Their resources, energy and local network can be leveraged to benefit learners. There is also the need for shifts in interactive, participative, experiential pedagogy and empowering learners to change their behaviour and act for sustainable development goals.

Russia prepares to annex occupied Ukraine despite outcry

AP ■ KYIV

Russia is poised to formally annex areas of Ukraine where it has military control after referendums there reportedly endorsed Moscow's rule.

But the ballots were widely discredited and earned the Kremlin no relief Wednesday from international pressure over its assault on its neighbour.

Pro-Moscow administrations of all four occupied regions of southern and eastern Ukraine said Tuesday night that their residents voted to join Russia in five days of Kremlin-orchestrated balloting.

According to Russia-installed election officials, 93% of the ballots cast in the Zaporizhzhia region supported annexation, as did 87% in the Kherson region, 98% in the Luhansk region and 99% in Donetsk.

Russian-installed officials in those occupied regions said Wednesday they would ask President Vladimir Putin to incorporate them into Russia.

It wasn't immediately clear how the administrative process would unfold.

Western countries, however, dismissed the ballots as a meaningless

pretence staged by Moscow in an attempt to legitimise its invasion of Ukraine launched on Feb. 24.

The U.S. Ambassador to the United Nations, Linda Thomas-Greenfield, said late Tuesday that Washington would propose a U.N. Security Council resolution to condemn Russia's "sham" vote.

The resolution would also urge member states not to recognise any altered status of Ukraine and demand that Russia withdraws its troops from its neighbour, she tweeted.

The European Union's foreign policy chief, Josep Borrell, also weighed in on the ballots, on Wednesday calling them "illegal" and describing the results as "falsified."

"This is another violation of Ukraine's sovereignty (and) territorial integrity, (amid) systematic abuses of human rights," Borrell tweeted.

In Kyiv, Ukraine's foreign ministry blasted the ballots as "a propaganda show" and "null and worthless."

"Forcing people in these territories to fill out some papers at the barrel of a gun is yet another Russian crime in the course of its aggression against Ukraine," a foreign ministry statement said.

It asked the EU, NATO and the

Group of Seven major industrial nations to "immediately and significantly" step up pressure on Russia through new sanctions, and significantly increase their military aid to Ukraine.

The Kremlin remained

unmoved amid the hail of criticism, however.

Its spokesman, Dmitry Peskov, said that at the very least Russia intended to drive Ukrainian forces out of the eastern Donetsk region, where Moscow's troops and sepa-

ratist forces currently control about 60% of the territory.

The EU also expressed outrage over the suspected sabotage Tuesday of two underwater natural gas pipelines from Russia to Germany and warned of retaliation for any attack on Europe's energy networks.

Borrell said Wednesday that "all available information indicates those leaks are the result of a deliberate act," even though the perpetrators haven't so far been identified.

"Any deliberate disruption of European energy infrastructure is utterly unacceptable and will be met with a robust and united response," Borrell said in a statement on behalf of the EU's 27 member countries.

Peskov, the Kremlin spokesman, said allegations that Russia could be behind the incidents were "predictable and stupid."

He told reporters in a conference call that the damage has caused Russia huge economic losses.

The war in Ukraine has brought an energy standoff between the EU, many of whose members have for years relied heavily on Russian natural gas supplies, and Moscow.

The damage makes it unlikely the pipelines will be able to supply any gas to Europe this winter, accord-

ing to analysts.

Meanwhile, Ukraine's military and a Washington-based think tank said Wednesday that Russia is sending troops without any training to the front line.

Moscow has struggled to hold the line against Ukraine's recent counteroffensive and has ordered a partial mobilisation to replenish its ranks.

The effort is causing unrest, however, amid a reluctant public.

In a daily briefing, the Ukraine military's general staff said 1st Tank Regiment of the 2nd Motorised Rifle Division of Russia's 1st Tank Army has received untrained new troops.

The Ukrainian military also said prison convicts are arriving in Ukraine to reinforce the Russian lines.

It offered no evidence to support the claim, though the Ukrainian security services have released audio of allegedly monitored Russian phone conversations on the issue.

The Institute for the Study of War think tank cited one online video by a man who identified himself as a member of the 1st Tank Regiment, visibly upset, saying that he and his colleagues wouldn't

receive training before shipping out to the Russian-occupied region of Kherson in Ukraine.

"Mobilised men with a day or two of training are unlikely to meaningfully reinforce Russian positions affected by Ukrainian counteroffensives in the south and east," the institute said.

The U.K. Ministry of defense said Ukraine's counteroffensive, which has inflicted some humiliating defeats on Moscow's forces, is advancing slowly.

It said Russia is currently putting up a stouter defense.

In the eastern Ukrainian region of Donetsk, which is partially occupied by Moscow, Russian fire killed five people and wounded 10 others over the last 24 hours, said Pavlo Kyrilenko, the head of the local military authority.

Authorities in the southern Ukrainian city of Nikopol said Russian rockets and artillery pounded the city overnight.

The city, across the Dnipro River from Russian-occupied territory, saw 10 high-rises and private buildings hit, as well as a school, power lines and other areas, said Valentyn Reznichenko, the head of the local military administration, said.

Over 194,000 Russians flee call-up to neighbouring countries

AP ■ TALLINN (ESTONIA)

It took Vsevolod four days to drive from Moscow to Russia's southern border with Georgia. He had to abandon his car at one point and continue on foot.

On Tuesday, he finally finished his 1,800-kilometer (1,100-mile) journey and crossed the frontier to escape being called up to fight in Russia's war in Ukraine.

"At 26, I do not want to be carried home in a zinc-lined (coffin) or stain (my) hands with somebody's blood because of the war of one person that wants to build an empire," he told The Associated Press, asking that his last name not be used because he feared retaliation from Russia.

He was one of over 194,000 Russian nationals who have fled to neighboring Georgia, Kazakhstan and Finland — most often by car, bicycle or on foot — in the week since President Vladimir Putin announced a partial mobilization of reservists.

The mass exodus of men — alone or with their families or friends — began Sept. 21, shortly after Putin's address to the nation, and continued all this week. Early on, they snapped up airline tickets, which spiked in price on the few airlines still fly-

ing out of Russia. But the rest had to gas up their cars and join the long lines snaking on roads toward the borders.

According to the online service Yandex Maps, the traffic jam leading to Verkhny Lars, a border crossing into Georgia from Russia's North Ossetia region, stretched for about 15 kilometers (over 9 miles) on Tuesday. Social media showed hundreds of pedestrians lining up at the checkpoint after Russian border guards relaxed regulations and allowed people to cross on foot.

Similarly long queues were reported at some crossings into Kazakhstan.

The Interior Ministry of

Georgia said over 53,000 Russians have entered the country since last week, while Interior Ministry officials in Kazakhstan said 98,000 crossed into that nation. The Finnish Border Guard agency said over 43,000 arrived in the same period. Media reports also said another 3,000 Russians entered Mongolia, which also shares a border with the country.

Russian authorities sought to stem the flow, barring some men from leaving and citing mobilization laws. The practice did not seem widespread, but rumors persisted that Moscow may soon shut the borders to all men of fighting age.

Police in North Ossetia said

a makeshift enlistment office will be set up at the Verkhny Lars crossing, and local officials confirmed to the state news agency Tass that Russian men are being served call-up summonses at crossings into Georgia.

Russia's Defense Minister Sergei Shoigu has said that only about 300,000 men with prior combat or other military service would be mustered, but reports have emerged from various Russian regions that recruiters were rounding up men outside that description. That fueled fears of a much broader call-up, sending droves of men of all ages and backgrounds to airports and borders.

"There's a risk that they will announce a full mobilization," according to a resident of St. Petersburg who made it to Kazakhstan on Tuesday. The man, who refused to give his name because he feared for his safety, told AP he spent three days driving from his home to Uralsk in northwestern Kazakhstan near the border.

He said Putin's mobilization remarks differed from what his decree said, leaving room for a broader interpretation, adding: "People worry that sooner or later, a full mobilization will be announced, and no one will be able to cross the borders."

EU vows retaliation if energy network attacked

AP ■ BRUSSELS

The European Union suspects that damage to two underwater natural gas pipelines was sabotage and is warning of retaliation for any attack on Europe's energy networks, EU foreign policy chief Josep Borrell said on Wednesday.

"All available information indicates those leaks are the result of a deliberate act," Borrell said in a statement on behalf of the 27 EU member countries.

"Any deliberate disruption

of European energy infrastructure is utterly unacceptable and will be met with a robust and united response."

Seismologists reported on Tuesday that explosions rattled the Baltic Sea before unusual leaks were discovered on two underwater natural gas pipelines running from Russia to Germany. Some European leaders and experts pointed to possible sabotage given the energy standoff with Russia provoked by the war in Ukraine.

The three leaks were report-

ed on the Nord Stream 1 and 2 pipelines, which are filled with natural gas but are not delivering the fuel to Europe.

The damage means that the pipelines are unlikely to be able to carry any gas to Europe this winter even if the political will to bring them online emerged, according to analysts.

Borrell said the EU will support any investigation into the damage, and "will take further steps to increase our resilience in energy security."

Danish Prime Minister

Mette Frederiksen has said that "it is the authorities' clear assessment that these are deliberate actions — not accidents."

But she said "there is no information indicating who could be behind it." Frederiksen rejected the suggestion that the incident was an attack on Denmark, saying the leaks occurred in international waters.

Denmark's defence minister, Morten Bødskov, was meeting on Wednesday with NATO Secretary General Jens Stoltenberg.

Thousands rally to demand Czech Govt's resignation

AP ■ PRAGUE

Thousands of protesters rallied again in the Czech capital on Wednesday to condemn the Czech government's handling of the energy crisis and its support for Ukraine.

Despite a national holiday, the protest that united the far right with the far left was smaller than the some 70,000 people who gathered for the same reasons at Prague's central Wenceslas Square on September 3.

Waving Czech national flags, the protesters demanded the resignation of the current pro-Western coalition government led by conservative Prime Minister Petr Fiala.

"Resign, resign," they repeatedly chanted during a

demonstration held under the slogan "The Czech Republic first," a reference to former US President Donald Trump's

nationalist platform which he called "America first."

They criticised the government on a number of issues,

including supporting the European Union's sanctions against Russia, and dismissed as insufficient the government's help for households and businesses affected by soaring energy prices.

The organisers oppose Czech membership in the European Union and NATO and some other international organisations, such as the United Nations and the World Health Organisation.

Smaller protests were held in several other major cities.

Although the country's opposition made some gains in the municipal elections last weekend, the five government coalition parties did relatively well in the separate first round of elections for one third of the seats on the Parliament's upper house, the Senate.

Schwarzenegger visits Auschwitz in message against hatred

AP ■ OSWIECIM (POLAND)

Film icon Arnold Schwarzenegger visited the site of the Auschwitz Nazi death camp on Wednesday, meeting a Holocaust survivor and the son of Holocaust survivors to deliver a message against prejudice and hatred.

The "Terminator" actor and former California governor viewed the barracks, watchtowers and remains of gas chambers that endure as evidence of the German extermination of Jews and others during World War II.

He also met with a woman who as a 3-year-old child was subjected to experiments by the notorious Nazi doctor Josef Mengele.

"This is a story that has to stay alive, this is a story that we have to tell over and over again," he said after his visit to the site of the death camp, speaking in a former synagogue that now is home to the Auschwitz Jewish Centre Foundation.

He stood alongside Simon Bergson, who was born after the war to Auschwitz survivors, and mentioned his own family history.

"I was the son of a man who fought in the Nazi war and was a soldier," the 75-year-old

Schwarzenegger said.

He said he and Bergson, who are close in age, were united in their work.

"Let's fight prejudice together and let's just terminate it once and for all," Schwarzenegger said.

His visit to the site in southern Poland, which was under German occupation during WWII, was his first and came as part of his work with the Auschwitz Jewish Centre Foundation, whose mission is to fight hatred through education.

He received the foundation's inaugural "Fighting Hatred" award in June for his anti-hatred stance on social media.

He said he couldn't attend in person then because he was filming a new action series in Canada and was in a "COVID bubble."

After his visit to Auschwitz, he vowed it wouldn't be his last.

"I'll be back," he said.

Schwarzenegger, who is originally from Austria, has spoken openly in the past about his father, Gustav Schwarzenegger, being a Nazi soldier during the war.

He told Russians in a video posted on social media in March that they were being lied to about the war in Ukraine and accused President Vladimir Putin of sacrificing Russian soldiers to his own ambitions.

In that video he brought up painful memories about how his own father was lied to as he fought, and how he returned to Austria a broken man, physically and emotionally, after being wounded at Leningrad.

Biden looks to win over Pacific Island leaders at summit

AP ■ WASHINGTON

President Joe Biden is set to host Pacific Island leaders for a two-day summit as the US looks to counter China's military and economic influence in the region.

Pacific Island leaders, meanwhile, see an even more pressing concern: climate change. On Wednesday, Secretary of State Antony Blinken planned to kick off the summit with a luncheon for the Pacific Island leaders and other senior officials from the region.

US Climate envoy John Kerry will hold a climate roundtable with the leaders, and White House national security adviser Jake Sullivan will join them for a dinner hosted by the U.S. Coast Guard.

Biden is set to address the leaders at the State Department on Thursday and will host them for a dinner at the White House.

The leaders also are to meet with House Speaker Nancy Pelosi, Commerce Secretary Gina Raimondo and U.S. Business leaders.

Leaders from Fiji, the Marshall Islands, Micronesia, Palau, Papua New Guinea, Samoa, the Solomon Islands, Tonga, Tuvalu, Cook Islands, French Polynesia and New Caledonia are attending.

Vanuatu and Nauru are sending representatives, and

Australia, New Zealand and the secretary-general of the Pacific Island Forum are sending observers, according to the White House.

"This is just showing our partnership with the region," White House press secretary Karine Jean-Pierre said.

She added that the talks were expected to touch on climate change, coronavirus pandemic and economic recovery, maritime security, environmental protection and the Indo-Pacific.

The first-of-its-kind summit comes as the administration has sought to demonstrate that the U.S. Remains committed to being an enduring player in the region.

While the high-level gathering is welcomed by the region's leaders as a signal of Biden's commitment to the Pacific, there's also a healthy

scepticism about whether the United States will remain engaged for the longer term in the Pacific Islands.

The area has received diminished attention from the U.S. In the aftermath of the Cold War, analysts say.

For the Biden administration, stemming the growing influence of China is a high priority.

But for many of the Pacific Island leaders, climate change is the existential crisis that demands attention above all else.

Last week at the U.N. General Assembly, Prime Minister Kauea Natano of the tiny island of Tuvalu described how rising sea levels have impacted everything from the soil that his people rely on to plant crops, to the homes, roads and power lines that get washed away.

The cost of eking out a living, he said, eventually becomes too much to bear, causing families to leave and the nation to disappear.

"This is how our islands will cease to exist," Natano said. In June, Inia Seruiratu, Fiji's minister for defence, said at the Shangri-La Dialogue that "machine guns, fighter jets, gray ships and green battalions are not our primary security concern."

"The single greatest threat to our very existence is climate change," he said.

Plans for the summit were announced earlier this month, just days after the Solomon Islands called on the U.S. And Britain to not send naval vessels to the South Pacific nation until approval processes are overhauled.

The Solomons in April signed a new security pact with China — a moment that analysts say has created increased urgency for the Biden administration to put greater focus on the region.

The United States and Britain are among countries concerned that a new security pact with Beijing could lead to a Chinese naval base being constructed less than 2,000 kilometers off Australia's northeast coast.

Darshana Baruah, a senior fellow at the Carnegie Endowment for International Peace, said that Beijing has proved to be more present in the region in the last decades.

N Korea test launches missiles on eve of Harris trip to Seoul

AP ■ SEOUL

North Korea fired two short-range ballistic missiles toward its eastern waters on Wednesday, its neighbours said, a day before U.S. Vice President Kamala Harris is to visit South Korea.

Seoul's Joint Chiefs of Staff said in a statement that the North Korean missiles lifted off 10 minutes apart on Wednesday afternoon from its capital region and flew toward the waters off its east coast.

Japanese Vice Defense Minister Toshiro Ino said Japan's military also detected the launches and that the weapons flew in an irregular trajectory.

Ino said that "North Korea's repeated missile firings amid (Russia's) invasion of Ukraine is impermissible."

The South Korean Joint Chiefs of Staff said North Korea's provocations would only deepen its international isolation while pushing South Korea and the United States to strengthen their deterrence.

The launches follow a missile test by North Korea earlier this week.

Harris is to arrive in South Korea on Thursday for talks with President Yoon Suk Yeol and other officials.

She also is to visit the tense border with North Korea, in what U.S. Officials call an attempt to underscore the strength of the U.S.-South Korean alliance and the U.S. Commitment to "stand beside" South Korea in the face of any

North Korea threats.

U.S. And South Korean navy ships were also conducting drills off South Korea's east coast in a show of force against North Korea. The four-day exercise, which began Monday, involves the nuclear-powered aircraft carrier USS Ronald Reagan. It is the first training exercise by the allies involving a U.S. Aircraft carrier near the Korean Peninsula since 2017.

South Korea-U.S. Joint military exercises often draw a furious response from North Korea, which views them as an invasion rehearsal. A short-range North Korean missile launched Sunday was seen as a response to the U.S.-South Korean training.

South Korea and Japan estimated that the North Korean missiles fired Wednesday flew 300-360 kilometers with a maximum alti-

tude of 30-50 kilometers.

The low trajectories resembled the flight of the missile fired on Sunday, which some analysts said was likely a nuclear-capable, highly maneuverable weapon modelled after Russia's Iskander missile.

In recent years, North Korea has been adding Iskander-like missiles and other solid-fuel weapons to its arsenal. Some experts say the weapons are designed to carry battlefield nuclear warheads to counter the stronger conventional forces of South Korea and the United States, which stations about 28,500 troops in the South.

North Korea has dialled up its missile testing activities to a record pace in 2022, launching more than 30 ballistic weapons, including its first intercontinental ballistic missiles since 2017.

Iran's anti-veil protests draw on long history of resistance

AP ■ TEHRAN

A young woman climbs to the top of a car in the middle of Mashhad, a conservative Iranian city famed for its Islamic shrines.

She takes off her headscarf and starts chanting, "Death to the dictator!" Protesters nearly join in and cars honk in support.

For many Iranian women, it's an image that would have been unthinkable just a decade ago, said Fatemeh Shams, who grew up in Mashhad.

"When you see Mashhad women coming to the streets and burning their veils publicly, this is really a revolutionary change. Iranian women are putting an end to a veiled society and the compulsory veil," she said.

Iran has seen multiple eruptions of protests over the past years, many of them fueled by anger over economic difficulties.

But the new wave is showing fury

against something at the heart of the identity of Iran's cleric-led state: the compulsory veil.

Iran's Islamic Republic requires women to cover up in public, including wearing a "hijab" or headscarf that is supposed to completely hide the hair.

Many Iranian women, especially in major cities, have long played a game of cat-and-mouse with authorities, with younger generations wearing loose scarves and outfits that push the boundaries of conservative dress.

That game can end in tragedy. A 22-year-old woman, Mahsa Amini, was arrested by morality police in the capital Tehran and died in custody.

Her death has sparked nearly two weeks of widespread unrest that has reached across Iran's provinces and brought students, middle-class professionals and working-class men and women into the streets.

Iranian state TV has suggested

that at least 41 protesters and police have been killed. An Associated Press count of official statements by authorities tallied at least 13 dead, with more than 1,400 demonstrators arrested.

A young woman in Tehran, who

said she has continually participated in the past week's protests in the capital city, said the violent response of security forces had largely reduced the size of demonstrations.

"People still are coming to the streets to find one metre of space to

shout their rage but they are immediately and violently chased, beaten and taken into custody, so they try to mobilise in four- to five-person groups and once they find an opportunity they run together and start to demonstrate," she said, speaking on condition of anonymity.

"The most important protest they (Iranian women) are doing right now is taking off their scarves and burning them," she added. "This is a women's movement first of all, and men are supporting them in the backbone."

A writer and rights activist since her student days at Tehran University, Shams participated in the mass anti-government protests of 2009 before having to flee Iran.

But this time is different, she said.

Waves of violent repression against protests in the past 13 years "have disillusioned the traditional classes of society" that once were the

backbone of the Islamic Republic, said Shams, who now lives in the United States. The fact that there have been protests in conservative cities like Mashhad or Qom — the historic center of Iran's clergy — is unprecedented, she said.

PUBLIC NOTICE

General public is hereby informed that Mr. Narendra Kumar & Mr. Virander Kumar both sons of Late Sh. Gyan Chand are intending to sell Flat No. S1-4, 1LG Back Side 2nd Floor Without Roof Rights, area measuring 400 Sq. Ft., Block C-1, Plot No. C-1/2, DLF Disha Extn. 2, Hadbast Village Behrampur, Urf Bhopura, Paragana Loni, Ghaziabad, Uttar Pradesh - 201005, to Mr. Uttam Kumar, to be financed & mortgaged by Mrs. Vastu Housing Finance Corporation Ltd. (The Original Sale Deed dt. 31.10.1991 regdt. vide doc. No. 4737 pertaining to the aforesaid property has been lost. Any person's found in possession of aforesaid original sale deed, then kindly contact the undersigned along with original property document, within 14 days from date of this notice on below address, failing which, the claim as per aforesaid sale deed shall be treated as null and void in respect of the subject property.

Cuba without electricity after hurricane hammers power grid

AP ■ HAVANA

Hurricane Ian knocked out power across all of Cuba and devastated some of the country's most important tobacco farms when it slammed into the island's western tip as a major hurricane.

Cuba's Electric Union on Tuesday said in a statement that work was underway to gradually restore service to the country's 11 million people during the night. Power was initially knocked out to about 1 million people in Cuba's western provinces, but later the entire grid collapsed.

Ian hit a Cuba that has been struggling with an economic crisis and has faced frequent power outages in recent months. It made landfall as a Category 3 storm on the island's western end, devastating Pinar del Río province, where much of the tobacco

used for Cuba's iconic cigars is grown.

Tens of thousands of people were evacuated and others fled the area ahead of the arrival of Ian, which caused flooding, damaged houses and toppled trees. Authorities were still assessing the damage, although no fatalities had been reported by Tuesday night.

Ian's winds damaged one of Cuba's most important tobacco farms in La Robaina.

"It was apocalyptic, a real disaster," said Hirochi Robaina, owner of the farm that bears his name and that his grandfather made known internationally.

Satellite images show Eritrea military buildup near Tigray

AP ■ NAIROBI

New satellite imagery of one of the world's most exclusive nations shows a military buildup inside Eritrea near the border with Ethiopia's northern Tigray region, backing up witness accounts of a new, large-scale offensive.

Eritrea has fought alongside Ethiopia against Tigray forces. It rejects allegations that its soldiers committed some of the worst atrocities in the conflict that began in late 2020. Witnesses in Eritrea this month told The Associated Press that people including students and public servants are being rounded up across the nation and sent to fight in the new offensive.

The satellite imagery provided by Maxar Technologies shows what Maxar described as battle tanks, self-propelled howitzers and a M-46 field gun battery in the Eritrean town of Serha, near the border, on Sept. 19. The town is across the border from the Tigray town of Zalambessa, one of the first communities overrun in the war. Eritrea is one of the world's most closed countries to independent journalists, and images from there related to the war in Ethiopia are rare.

Palestinians: At least 4 killed in Israeli raid in West Bank

AP ■ JENIN REFUGEE CAMP (WEST BANK)

At least four Palestinians were killed and 44 others wounded during an Israeli military raid in the occupied West Bank town of Jenin on Wednesday, the Palestinian Health Ministry reported, the latest in a series of deadly Israeli operations in the occupied territory.

Israeli forces said they fatally shot two Palestinians they had been sent to arrest in the Jenin refugee camp over their suspected involvement in recent shooting attacks.

When soldiers surrounded a house in the camp, an explosive device detonated, a gunfight ensued and Israeli troops killed the two Palestinians, the military said.

During the raid, armed clashes broke out in the camp as militants hurled rocks and opened fire at arriving troops. The violence killed another two Palestinians and wounded at least 44 others, the Palestinian Health Ministry said.

Palestinian President Mahmoud Abbas' Fatah party identified one of the

men killed in the clashes as a 24-year-old Palestinian intelligence officer named Ahmed Alawneh.

The party called for protests and a general strike in the West Bank over what it described as a "dangerous escalation." Jenin in the northern West Bank — long considered a bastion of Palestinian militancy and frequent flashpoint for violence — is governed by the Palestinian Authority like most other Palestinian urban centers, even though the Israeli military routinely carries out arrest raids in the area.

Nabil Abu Rudeineh, a spokesman for Abbas, denounced the raid, saying Israel's "policy of escalation" will not deliver "legitimacy, security or stability, whether in the Islamic and Christian holy sites or in Jenin."

Decriminalising some GST offences: Govt

PTI ■ NEW DELHI

The government is working on decriminalisation of certain offences under GST by raising the threshold limit for launching prosecution and also lowering charges for compounding of offence, an official said on Wednesday.

Currently, the law provides for launching prosecution against offenders in cases where the amount of Goods and Services Tax (GST) evasion or misuse of input tax credit is more than Rs 5 crore.

"We are working on making the provision under GST Act for prosecution more simpler and friendly for taxpayers. We have Section 132 under CGST Act which criminalises illegal credit for GST evasion. The threshold level (for launching prosecution) is being reconsidered," finance ministry additional secretary (rev-

enue) Vivek Aggarwal said at an ASSOCHAM event here.

Launching of prosecution by taxmen means commencement of legal proceedings against the offender.

The compounding charges for offences under GST would also be lowered so that taxpayers are encouraged to compound their offences instead of going into litigation.

Under GST Act, the amount payable for compounding of offences shall be 50 per cent of the tax amount involved subject to a minimum Rs 10,000. Maximum amount for compounding is 150 per cent of the tax or Rs 30,000,

whichever is higher.

"The compounding provision in GST is prohibitive. It requires 50 per cent to 150 per cent as compounding fees which is impossible to pay. That's why there is zero compounding for all cases under GST. That is being relooked at so that it becomes affordable and compounding becomes a first or better choice for taxpayer," Aggarwal said.

The revenue department official further said that the robust growth in tax collection both in direct and indirect tax collections has paved the way for bringing in more taxpayer friendly reform to ensure ease of doing business and decriminalisation of tax laws.

The changes proposed in the GST law with regard to changes in prosecution threshold and compounding is likely to be placed before the GST Council in its next meeting.

GST revenue in September likely at ₹1.45 lakh crore

PTI ■ NEW DELHI

Goods and Services Tax (GST) revenue mop-up in September is expected to be around Rs 1.45 lakh crore, an official said.

The collection has been over Rs 1.4 lakh crore since March and in August it was Rs 1.43 lakh crore.

"The collection in September is likely to be little more than Rs 1.45 lakh crore. Improved business activity is expected to yield better collections in coming months," the official said.

Official revenue figures will be released on October 1.

The mop-up in September last year was Rs 1.17 lakh crore. The official further said as per estimates, the average yearly revenue from GST in 2022-23 is expected to be around Rs 1.55 lakh crore.

The collection in April was at a record high of Rs 1.68 lakh crore. In May, GST revenue was Rs 1.41 lakh crore, in June Rs 1.44 lakh crore, Rs 1.49 lakh crore (July) and Rs 1.43 lakh crore.

Rupee plunges 37 paise to close at all-time low of 81.90 against US dollar

PTI ■ MUMBAI

The rupee plunged 37 paise to close at an all-time low of 81.90 (provisional) against the US dollar on Wednesday as the strengthening of the American currency overseas and risk-averse sentiment among investors weighed on the local unit.

In the intra-day trade, the rupee slipped below the 82-level for the first time against the American currency, as a negative trend in domestic equities and significant foreign fund outflows sapped investor appetite.

At the interbank foreign exchange market, the local currency opened at 81.90, then fell further to close at an all-time low of 81.90 against the American currency, registering a decline of 37 paise over its previous close.

On Tuesday, the rupee settled 14 paise higher at 81.53 against the dollar.

The rupee has nose-dived to a fresh record low amid the risk-averse mood in the mar-

kets, said Sugandha Sachdeva, Vice President - Commodity and Currency Research, Religare Broking Ltd.

The slide in the domestic equities and a strong greenback getting close to the crucial 115 mark, almost more than a 20-year high, also dragged the local unit down, Sachdeva added.

"The greenback has surged around 19.50 per cent for the year. Most of the Asian currencies, including the local unit, are reeling under pressure amid the monetary tightening campaign in the West and concerns about a global economic slowdown," Sachdeva said.

Gold falls by ₹435; Silver tumbles ₹1,600

PTI ■ NEW DELHI

Gold price declined by ₹435 to ₹49,282 per 10 gram in the national capital on Wednesday in tandem with fall in rates of the precious metal in international market, according to HDFC Securities.

In the previous trade, the yellow metal had settled at ₹49,717 per 10 gram.

Silver also tumbled by ₹1,600 to ₹54,765 per kg.

"Spot gold prices for 24-carat gold in Delhi fell by ₹435 per 10-gram following risk-averse sentiment and the Exchange Traded Funds (ETF) cut holding in gold," said Dilip Parmar, Research Analyst at HDFC Securities.

In the international market, gold was quoting lower at USD 1,615.7 per ounce while silver was trading down at USD 18 per ounce.

Gold prices traded lower as spot gold prices at COMEX fell to USD 1,615 per ounce, a level last seen in April 2020, Parmar added.

Airtel Payments Bank to install 1.5 lakh micro ATMs this fiscal

PTI ■ NEW DELHI

Airtel Payments Bank has started rolling out 1.5 lakh micro ATMs in a phased manner across tier 2 cities and semi-urban regions to facilitate cash withdrawal for its customers, the company said on Wednesday.

The Bank will gradually expand its service to cover more banking points in a phased manner.

"Micro ATMs will be rolled out in a phased manner. Initially, the bank will place 1,50,000 units in Tier II cities and semi-urban regions. These regions typically have a high demand for cash withdrawal services but limited access to ATMs," the company said in a statement.

The bank will leverage its strong network of over 5 lakh banking points across India to give users access to easy cash withdrawals through this initiative, it added.

The company has plans to finish the rollout of 1.5 lakh micro ATMs by the end of the current fiscal.

Airtel Payments Bank is now integrated with the

National Payments Corporation of India's (NPCI) - National Financial Switch (NFS) to facilitate micro ATM transactions.

"We are committed to building a financially inclusive India by making banking services accessible to all. The launch of Micro ATMs is one more step by us to empower customers residing in the rural pockets of the country.

"It is the first device launched by the Bank, and we are truly excited, as it allows us to service customers of any bank who use a debit card.

Micro ATMs are an important addition to our existing bouquet of differentiated services," Airtel Payments Bank Chief Operating Officer Ganesh Ananthanarayanan said.

Sensex skids for sixth day to close below 57,000

Metal, banking stocks tumble

PTI ■ MUMBAI

BSE benchmark Sensex spiralled lower for the sixth consecutive session on Wednesday to finish below the 57,000-level, weighed by heavy selling in metal, banking and finance stocks amid a sell-off in global equities.

A depreciating rupee and continued foreign capital outflows also affected the market sentiment, traders said.

The 30-share BSE Sensex fell 509.24 points or 0.89 per cent to settle at 56,598.28. During the day, it tanked 621.85 points or 1.08 per cent to 56,485.67.

Similarly, the broader NSE Nifty declined 148.80 points or 0.87 per cent to end at 16,858.60.

ITC was the top laggard in the Sensex pack, shedding 2.97 per cent, followed by Axis Bank, Reliance Industries, Tata Steel, IndusInd Bank, State Bank of India, and HDFC twins.

On the other hand, Asian Paints, Sun Pharma, Dr Reddy's and Power Grid were among the winners.

"Domestic equity continued its downfall in sync with its global peers. Markets across the

globe are seeing extreme volatility as fear of an economic downturn weighed on investors' sentiments. Back home aggressive FIIs selling in recent sessions, the upcoming RBI MPC meeting and the monthly derivatives expiry on Thursday are keeping investors on edge.

"Nifty gave up its key support levels and drifted below 17k zones. In the near term, the market is expected to remain under pressure due to global uncertainty. However mixed trends across sectors would continue to offer stock-specific opportunities, especially in auto, consumption with the ongoing festive season," Siddhartha Khemka, Head - Retail Research, Motilal Oswal Financial Services Ltd, said.

In the broader market, the BSE midCap gauge declined 0.47 per cent and smallcap index dipped 0.43 per cent.

On 5G, Ericsson vows to aid Make-in-India prowess

PTI ■ NEW DELHI

Swedish telecom gear maker Ericsson on Wednesday pledged to deepen its commitment to India's manufacturing mettle saying the company is ready for local production of 5G infrastructure, just as it has done in the past for other technology products.

The countdown for 5G services has begun in the world's second-biggest smartphone market after China, and large Indian telcos are gearing up for the roll-out of services, supercharged by ultra-high-speeds, low latency and large data handling capabilities.

According to Ericsson, consumer 5G readiness is high in India, and a recent survey has shown that over 100 million users in India with 5G-ready smartphones want to upgrade to next generation network in 2023. Many of them are even willing to shell out up to 45 per cent premium for rich experiences and applications.

"We are considered as a trusted partner globally. We have been producing in India and we will continue to do

domestic production for 5G infrastructure as well," Nitin Bansal, Head of Ericsson India, said during a virtual briefing.

On whether the local factory will be able to meet demand coming from Indian telecom operators for 5G deployment, particularly given the global supply crunch and component shortages, Bansal observed that Ericsson started manufacturing in India a long time ago.

"Our strategy is that we should build in India, for India...That does need scaling up, and we are scaling up our production capabilities with our partner Jabil in Pune, so that work is ongoing," Bansal informed.

Local production of iPhone 14 sign of Apple's India manufacturing capabilities: Moody's

PTI ■ NEW DELHI

The manufacturing of iPhone 14 in India within weeks of the global launch demonstrates the maturity of Apple's manufacturing capabilities in the country, according to Moody's Investors Service.

Increasing volumes of locally-manufactured iPhones will also accelerate Apple's expansion strategy in India, Raj Joshi, Senior Vice President, Corporate Finance Group, Moody's said.

The Indian smartphone market's large size and strong growth prospects as the country unveils its 5G network "make it an attractive long-term

market for Apple", according to a note by Moody's.

"Apple's plan to manufacture iPhone 14 products in India is credit positive because it will diversify its manufacturing base that is highly concentrated in China," Joshi said.

Moody's in its commentary on Apple's plans to manufacture iPhone 14 products in India further observed that Apple has produced iPhones in India since 2017 "...But the

RBI's rate setting panel starts deliberations; decision tomorrow

PTI ■ NEW DELHI

The Reserve Bank's rate-setting panel on Wednesday started deliberations on the keenly awaited monetary policy amidst expectation of 50 basis points hike in interest rate to check inflation and improve foreign capital inflow to arrest declining value of rupee against the US dollar.

The decision of RBI Governor Shaktikanta Das headed six-member Monetary Policy Committee (MPC) will be announced on September 30.

The government has tasked the central bank to ensure the consumer price index (CPI) remains at 4 per cent with a margin of 2 per cent on either side, but retail inflation has stubbornly stayed above the RBI's comfort zone since January.

As per the latest data, the inflation was at 7 per cent in August.

While inflation remains high, the Indian rupee is sliding sharply, the US dollar and was currently trading near 82 against the greenback. The rupee depreciation has hastened following the US Fed raising their interest rate thrice by 75 basis point each in the recent past. Other major central banks too have become aggressive in raising rates.

The RBI, which has since May raised the repo rate by 140 basis points (bps), may yet again go for a 50-bps increase, which will take the key rate to a three-year high of 5.9 per

cent, say experts. The present rate is 5.4 per cent.

Industry body ASSOCHAM said hike in policy interest rates by the RBI in the range of 35-50 basis points seems unavoidable, given the tightening of rates by most of the central banks including the US Federal Reserve.

"While the industry would like to see lower interest rates, the main challenge and the priority is to tackle inflation head-on so that we have a sustainable growth," said chamber's Secretary General Deepak Sood.

He said the accommodative stance by the RBI supported by several fiscal measures by the government had certainly helped the economy in a multi-pronged manner.

Ramesh Nair, CEO, India and Managing Director, Market Development, Asia, Colliers expects the repo rates to see a further rise, as the government is trying to curb infla-

tion levels.

"The current repo rates stand at 5.4 per cent with the rate hovering above pre-pandemic levels. Banks have begun raising loan interest levels as a result of higher repo rate," he said. However, the upcoming festive season will spur sales as the developers are expected to offer attractive deals to homebuyers and this could neutralise the impact of rising home loan rates to some extent, he added.

Besides inflation, the RBI is also likely to come out with steps to shore up foreign capital inflows to check the declining value of the rupee against the US dollar. Forex reserves have declined by USD 86 billion to USD 546 billion (from their highs last year).

SBI research report said the Indian markets have, however, performed much better. Specifically, the rupee has been holding remarkably well with RBI intervention supporting it in the market.

Tea exports rise in first seven months of 2022

PTI ■ KOLKATA

Tea exports during the period January to July in the calendar year 2022 have touched 116.36 million kg as compared to 103.38 million kg in the same period of 2021.

According to Tea Board data, exports to the largest importing block, the CIS countries, remained almost stagnant at 25.20 million kg as against 24.98 million kg in the first seven months of 2021.

Tea industry sources said that exports were around same level because of the armed conflict between Russia and Ukraine which had caused serious shipment problems for sending the beverage.

Russia had been the largest importer among the CIS block with the country lifting 18.55 million kg in the current seven months as against 19.11 million kg in the previous similar period.

Tea Board sources said the container crisis and high ocean freight had affected exports to Russia.

UAE emerged as a large importer at 19.14 million kg

during January to July 2022, up from 8.07 million kg in the similar previous period of 2021.

Exports to Iran were also almost stagnant at 13.99 million kg in the first seven months, as compared to 13.04 million kg in the same period of 2021.

According to Tea Board sources, payments problem for exporting to Iran has affected exports, adding that trade in rupee with Iran will help in mitigating the problem to a large extent.

Exports to Sri Lanka, troubled by the economic crisis, doubled to 1.65 million kg from 0.87 million kg in the first seven months of 2021.

Unit price realisation by the tea exporters also remained stagnant at Rs 271.89 per kg as compared to Rs 272.51 per kg in the first seven months of 2021.

BUSINESS BRIEF

MOU INKED TO TRAIN DISABLES IN E-COMMERCE SECTOR

New Delhi: A Tripartite Memorandum of Understanding (MoU) was signed amongst Department of Empowerment of Persons with Disabilities (DEPwD), Government of India, Skill Council for Persons with Disabilities (SCPwD) and Amazon Seller Private Limited on 28.09.2022. The main objective of this MoU is to jointly provide skill training and employment opportunities for persons with disabilities in e-commerce sector. It envisages mobilisation of PwDs for skill training by the DEPwD, designing of job roles for e-commerce sector by SCPwD and providing skill training and hiring of PwDs by Amazon.

EXPORTS OF BROKEN RICE EXTENDED TILL OCT 15

New Delhi: The Government has again extended the last date for export of broken rice in transit by 15 days till October 15. It banned export of broken rice on September 8 but allowed shipments of certain consignments during September 9-15. On September 20, the date was extended till September 30. "Export of consignments of broken rice...As permissible under notification dated September 8 has been...extended till October 15, 2022," the Directorate General of Foreign Trade said in a notification.

Hindustan Motors paid off most liabilities, reduced losses: Official

PTI ■ KOLKATA

CK Birla-owned Hindustan Motors Limited on Wednesday said the company, which stopped production in 2014, has paid off most of the liabilities other than a few employee liability and has been able to reduce accumulated losses, a company official said.

Director of HM Uttam Bose, who chaired the company's AGM here, said the com-

pany is investing its resources in future technology, which is the electric vehicle (EV).

The company's Uttarpara plant in West Bengal, which produced the iconic 'Ambassador' cars, stopped production in 2014 due to lack of demand for the product.

He told shareholders that both the financial and technology partners are completing their due diligence by next month after which technical

evaluation and JV structure will be finalised.

Bose had said earlier that both the partners, HM and the European company, will invest Rs 600 crore as initial capital for the EV project.

After cessation of production in 2014, the West Bengal government had allowed HM to sell 314 acres of land at the Uttarpara plant for alternative use. The company sold the land parcel to a real estate developer.

CBI books Amrapali Silicon City for ₹177-cr bank fraud

PTI ■ NEW DELHI

The CBI on Wednesday conducted searches at six locations in Delhi and Noida after registering an FIR against Amrapali Silicon City Private Limited and its promoter, Anil Kumar Sharma, for alleged bank fraud of Rs 177 crore, officials said.

The CBI has booked the company on a complaint from Bank of Baroda which was part of a consortium including Bank of Maharashtra and Punjab National Bank. The consortium was allegedly cheated by the company, they said. The company had taken over 1.76 lakh square metre land from New Okhla Industrial Development Authority (Noida) for developing a group housing complex, Amrapali Silicon City, in Sector 76 of the Delhi suburb.

HCL holds 55th AGM

PNS ■ KOLKATA/NEW DELHI

Amid predictions of a significant rise in the demand of copper on account of the thrust on low carbon economy, State-owned Hindustan Copper Limited (HCL) on Wednesday held its 55th Annual General Meeting apprising shareholders of its mines expansion plans and promising to achieve production targets even while informing them of having repaid

loans worth ₹729 crore to assure them of the company's financial health.

In the fiscal 2021-22, HCL had the highest ever net turnover of ₹1812 crore while the profit before tax surged by 338% to ₹381.76 crore.

Replying to the shareholders' queries via videoconferencing, Arun Kumar Shukla, Chairman and Managing Director, HCL, apprised them about the ongoing mine expansion plans of the company. He

informed them that the production from HCL's flagship project, Malanjkhand Underground Mine, has already commenced and the company is moving forward to achieve its production targets.

Shukla said the company repaid loan of ₹729 crore in FY 2021-22 from its internal accruals and threw light on the increase in Copper LME price in the coming days on the back of soaring demand of Copper in the international market.

MORATA TAKES SPAIN TO NATIONS LEAGUE SEMIS

AP ■ BRAGA

Alvaro Morata's late goal earned Spain a 1-0 win in Portugal and the last place in the UEFA Nations League finals on Tuesday, while the Czech Republic were relegated from the top tier after losing in Switzerland.

La Roja needed to win to finish top of League A Group 2, but struggled on another difficult night for the Euro 2020 semi-finalists, until Morata's 88th minute breakthrough.

Spain have not been able to hit top form in the internationals leading up to the Qatar 2022 World Cup, but this hard-fought victory provides a welcome morale boost.

Portugal had the better of the game but Spain brightened in the final stages, with the introduction of several substitutes, including Nico Williams, who headed across goal for Morata to gleefully turn in at the back post.

Luis Enrique made wholesale changes to the side that suffered Spain's first home defeat since 2018 against Switzerland on Saturday, retaining only four starters.

Morata was brought in to lead the line, while the Asturian coach rotated his entire midfield trio.

Spain still dominated possession, as their gameplan demands, but to little effect as Portugal created the more dangerous openings in the first half.

Athletic Bilbao goalkeeper Unai Simon made a solid save to deny Ruben Neves and then a brilliant one to keep Liverpool striker Diogo Jota at bay.

Cristiano Ronaldo appealed for a penalty in a race for the ball

with Simon but the referee spotted he went to ground without any contact and waved play on.

With Portuguese confidence increasing, Bruno Fernandes lashed an effort narrowly off-target, celebrated prematurely by swathes of the stadium as the ball appeared to settle in the net.

Just as they did against Switzerland, Spain failed to get a single shot on target in the first half, and after Simon made another good save from Ronaldo early in the second half, Luis Enrique took action.

The coach sent on Pedri, Gavi and Jeremy Pino to try and give La Roja more inspiration going forward, although it was the hosts who almost broke the deadlock when Dani Carvajal deflected a strike narrowly over his own crossbar.

At the other end Morata replied with a tame effort which was easily collected by Diogo Costa, who also thwarted Spain substitute Williams.

The changes livened Luis Enrique's team up and Costa was required again to shovel away a far more emphatic strike from Atletico Madrid striker Morata, before the breakthrough ultimately arrived.

Dani Carvajal launched a crossfield ball into the area, with Williams' header leaving Morata with the simple task of firing into the empty net to put the runners-up of the last edition of the Nations League back into the final four.

Spain join the Netherlands, Italy and Croatia in the finals which are scheduled for June next year.

Switzerland, who beat Spain 2-1 in Zaragoza on Saturday, were indebted to goalkeeper Yann Sommer as he saved a sec-

ond-half penalty to preserve victory over the Czechs.

Remo Freuler and Breel Embolo scored within a minute of each other in the first half in St Gallen, but Patrik Schick pulled one back before the break. Schick saw his second-half penalty kept out by Sommer as the Swiss won 2-1, condemning the Czech Republic to relegation to League B.

Scotland clinched promotion to League A after a 0-0 draw against Ukraine in Krakow, having beaten the same opponents 3-0 last week in Glasgow.

Robbie Brady's stoppage-time penalty gave the Republic of Ireland a 3-2 victory over Armenia in Dublin in the other game in Group B1.

Irish captain John Egan and Michael Obafemi put the hosts two goals in front but Armenia equalised as Artak Dashyan and Eduard Spertsysan struck in quick succession.

Dashyan and Hovhannes Hambartsumyan were sent off to leave Armenia with nine players as Brady's winner saw the Irish finished third in the section.

Serbia took top spot in Group B above Norway as forward pair Dusan Vlahovic and Aleksandar Mitrovic got the goals in a 2-0 victory in Oslo.

Mitrovic's strike was his 50th at international level. He scored a hat-trick in Saturday's 4-1 win over Sweden.

Sweden will drop into League C after a 1-1 draw with Slovenia in Solna, where Emil Forsberg cancelled out Benjamin Sesko's opener for the visitors.

Greece made it five wins from six in Group C2 as they beat Northern Ireland 3-1 in Athens. Kosovo thrashed Cyprus 5-1 in Pristina.

Neymar edges closer to Pele's goal record

AP ■ PARIS

Richarlison was the target of Ra banana thrown from the crowd as Brazil thrashed Tunisia 5-1 in a friendly in Paris on Tuesday, while Neymar edged closer to Pele's all-time scoring record for the five-time world champions.

The game at the Parc des Princes was also briefly paused in the first half as the crowd were twice implored not to point laser pens at Brazil players.

"Unfortunately... a banana was thrown on the pitch towards Richarlison, scorer of the second Brazilian goal," the Brazilian football confederation (CBF) said on Twitter.

"The CBF reinforces its position to combat racism and repudiates any prejudiced act."

The Seleccion produced a dominant first-half display in their final outing before travelling to Qatar for the World Cup, with Raphinha netting twice and Neymar moving to within two

of Pele's record.

Richarlison also found the net, while Pedro scored as a second-half substitute before responding to more boos and missiles from the crowd by bowing in front of them in celebration.

Tite's Brazil will head into their World Cup Group G opener against Serbia on November 24 on a 15-match unbeaten run, dating back to their Copa America final loss to Argentina last year.

Earlier on Tuesday, World Cup hosts Qatar survived a late penalty miss by Alexis Sanchez to hold Chile to a 2-2 draw in Vienna.

Canada, who are preparing for their first World Cup since 1986, lost 2-0 to Uruguay in Bratislava as Liverpool's Darwin Nunez scored his third international goal.

Sardar Azmoun scored as a substitute to earn Iran a 1-1 draw with African champions Senegal.

Indian U-17 team registers 3-1 win over 10-man Oman

PTI ■ NEW DELHI

The India U-17 boys football team converted a couple of penalties to register a comfortable 3-1 win over a 10-man Oman in a friendly match held in Muscat.

The team played against the hosts on Tuesday as part of its preparations for the AFC U-17 Asian Cup Qualifiers, which is scheduled to begin on October 3 in Dammam, Saudi Arabia.

Gangte (10th) converted a penalty to open the scoring for the visitors with Thokchom (18th) doubling India's lead eight minutes later.

In the second half, Lalpekhlua (69th) scored the third goal for India by converting converted another penalty.

Alhatham Alshukaili scored the solitary goal for Oman a couple of minutes before the final whistle.

The first half began with the Indians pressing hard to seize the initiative. In the seventh minute, Lalpekhlua's shot went

wide off a Danny through pass. Three minutes later, India were awarded a penalty.

Gangte stepped up and made no mistake to give India the lead. The Indian gradually found their footing as Thokchom doubled the lead from Guite's pass in the 18th minute.

The second half began on similar lines as Bibiano Fernandes' team got back into attacking mode immediately.

In the 61st minute, Korou Singh was provided with an opportunity to widen the lead off a Lalpekhlua cross from the left flank but the former failed to tap home. Nine minutes later, Tamim Alburaiqi tackled Lalpekhlua inside the box and India earned another penalty.

Lalpekhlua shot went straight into the back of the net making it 3-0 for India.

In the 88th minute, Alshukaili scored for Oman from a free kick. They were down to 10 men after Tamim Alburaiqi was handed a red card.

Messi scores brace for Argentina

AP ■ HARRISON

Lionel Messi scored twice as Argentina edged closer to Italy's world record unbeaten streak with a comfortable 3-0 victory over Jamaica in a World Cup warm-up friendly in New Jersey on Tuesday.

Paris Saint-Germain superstar Messi took his international goals tally to 90 in 164 appearances after coming on as a second-half substitute at the Red Bull Arena.

Messi's goals capped an emphatic win for the South Americans, who have now gone 35 games unbeaten in a streak stretching back to 2019 – just two shy of Italy's world record unbeaten run of 37 set between 2018 and 2022.

Messi, who also scored twice during a friendly win over Honduras in Miami on Friday, delighted the crowd with an electrifying cameo after coming on in the 56th minute for Inter Milan's Lautaro Martinez.

He bagged his first of the night in the 86th minute, darting forward before caressing a shot into the bottom corner past Jamaica goalkeeper Andre Blake.

The 35-year-old seven-time

Ballon D'Or winner then produced an impish second goal, craftily curling a low shot underneath the Jamaican wall into the bottom corner from a free-kick.

Messi's presence left the crowd in a frenzy. On three different occasions spectators sprinted onto the pitch in an effort to get close to the

Argentinian icon. One shirtless fan attempted to get Messi to autograph his back before he was bundled to the floor by security staff.

Messi's late double crowned another assured performance from Lionel Scaloni's Argentina, who are rapidly emerging as one of the favourites for the World Cup in

Qatar in November.

The Argentinians had dominated throughout a one-sided first half, and took the lead on 13 minutes when Martinez jinked past Jamaica's Damion Lowe and cut back for Manchester City's Julian Alvarez, who tucked away a low finish from close range.

SAN SIRO DEMOLITION ON TABLE

AP ■ MILAN

A crucial step towards the demolition of the iconic San Siro begins on Wednesday when Milan hosts the first of a series of meetings with the public necessary for the new stadium proposed by the city's two footballing giants.

AC Milan and Inter Milan both insist that they can no longer stay in the current, city-owned San Siro and have drawn up plans for a new 60,000-capacity ground flanked by sport and leisure facilities on the same site, which will be completely remodelled.

Should it go ahead the project is scheduled to be completed in 2030, with 1.3 billion euros (\$1.24 billion) being jointly invested in the development by both clubs, who say they cannot afford to build separate new grounds and need the increased revenue this project would bring.

Over three years after presenting their initial project the public will now be able to scrutinise it and have their say at 10 meetings held over a month, after which a report will be presented to the city by the meetings' independent organisers in mid-November.

The city can then decide whether to insist on further changes to a project which has had 50,000 square metres of development cut from it since it was first proposed, or proceed with approval.

Pro League tie will give us better understanding of Spain: Manpreet

PTI ■ NEW DELHI

India will be hosting Spain in the new season of FIH Pro League next month and captain Manpreet Singh wants to use the opportunity to get a better understanding of their rivals ahead of the 2023 men's hockey World Cup to be held in Bhubaneswar and Rourkela.

India will play New Zealand in the first match of Pro League on October 28 at the Kalinga Stadium in Bhubaneswar, followed by the second game against Spain on October 30.

Placed in the same pool, India will take on Spain in their World Cup opener at the newly-built Birsu Munda International Stadium in Rourkela on January 13.

"It is great that we will get a chance to play against Spain now in the Pro League matches. It will give us an understanding of their game and what we need to improve upon before we meet them again in the first match of the FIH Odisha Hockey Men's World Cup Bhubaneswar-Rourkela 2023," Manpreet said in a Hockey India release.

"In all, these are exciting times for hockey and I hope fans from all over the world will come to Rourkela and Bhubaneswar to support our campaign."

In the World Cup, Tokyo Olympics bronze medalists India, who are currently world No. 5 in the FIH rankings, are clubbed alongside England (6), Spain (8) and debutants Wales (16) in pool D.

After Spain, India will play their second match in Rourkela, against England on January 15, before moving to the capital city of Bhubaneswar, where they will face Wales in their final group match on January 19.

The match against Spain in the World Cup will be the Indian team's first outing at the newly-built Rourkela stadium, touted to become the world's largest hockey venue.

"We have all experienced how electrifying the atmosphere can be in Bhubaneswar's Kalinga Hockey Stadium and from what I have heard from my teammates who are from Sundergarh, the fans from this region are all looking to turn up in huge numbers for all the matches to be played in Birsu Munda Hockey Stadium in Rourkela," Manpreet said.

"I can already feel the goosebumps thinking of the turnout for the opening game. It will be quite incredible to play in the newly built Birsu Munda Hockey Stadium which will be the biggest stadium in the country with more than 20,000 seating capacity," he added.

Verstappen on verge of 2nd world title as F1 returns to Singapore

AP ■ SINGAPORE

Red Bull's dominant Max Verstappen can clinch a second world championship when the Singapore Grand Prix returns this weekend after a three-year absence because of Covid.

The flying Dutchman has a mathematical chance to seal back-to-back world titles under lights around the spectacular and demanding Marina Bay street circuit.

To do so, the 24-year-old must win the race — something he has never done in Singapore — and needs his closest rivals to falter badly.

If that does not happen, the championship fight will move on to the Japanese Grand Prix a week later. It looks a case of when, not if.

"You need a bit of luck for that as well," Verstappen told Sky Sports of retaining his crown in Singapore.

"I don't think about it."

Verstappen opened up a 116-point lead in the drivers' standings over Ferrari's Charles Leclerc following his victory at the Italian Grand Prix. He is 125 clear of third-placed Red Bull teammate Sergio Perez.

He needs to extend his lead to 138 points by Sunday's chequered flag to be crowned with five races to spare — the earliest championship win since Michael Schumacher's in 2002 with six GPs remaining.

Monza was Verstappen's 11th victory in 16 races of a potentially record-breaking season.

He needs two more wins to equal the

single-season mark of 13 jointly held by Schumacher (2004) and Sebastian Vettel (2013).

"I want to go to Singapore and try to

win that race as well," Verstappen said.

"We are having a great season, so we should really try and appreciate it and enjoy the moment."

To take the title this weekend, he must win the race with Leclerc finishing no higher than eighth or ninth — depending on who claims the extra point for the fastest lap — and Perez outside the podium places.

Much will depend on Saturday night's qualifying for a grand prix that has been won from pole position seven times in its last 11 runnings.

The night race around the tight street track affords precious few overtaking opportunities and the stifling heat and humidity provide a test of stamina and reliability as much as driving ability.

Singapore's climate always carries a threat of rain-induced chaos, as happened in 2017, when Vettel and Verstappen started on the front row only to crash out before the first bend.

Red Bull also look sure to wrap up the constructors' championship — although they won't do so in Singapore — but the race for second is still alive with Mercedes banking on a late-season revival to overtake early front-runners Ferrari.

The consistent George Russell is still in mathematical contention for the drivers' crown in his first Mercedes season, though a Verstappen victory would end his hopes.

But the Silver Arrows are pushing hard and are 35 points behind Ferrari, who have suffered from a combination of reliability issues and strategic blunders.

Rohit, SKY rise in ICC T20I rankings

PTI ■ DUBAI

India batter Suryakumar Yadav jumped a place to reach a career-best-equaling second position in the latest ICC men's T20I Player rankings issued on Wednesday.

Suryakumar now has 801 rating points after smashing a match-winning 69 off 36 deliveries in the third match against Australia in Hyderabad on Sunday that helped India clinch the series 2-1.

He had reached the second spot in T20 rankings for the first time in August this year following his exploits against the West Indies.

India captain Rohit Sharma also moved up one place to 13th position after scores of 46 not out and 17 in the second and third T20I against Australia.

Only a couple of rating points separate Suryakumar and Pakistan captain Babar Azam, who also improved a spot to grab the third position.

Babar, who had occupied the No.1 position for 1,155 days before being overtaken by teammate Mohammad Rizwan earlier this month, was named Player of the Match for an unbeaten 110 in the second T20I against England.

He followed it up with scores of eight and 36 in the

Mohammed Shami tests negative for COVID-19

PTI ■ NEW DELHI

India pacer Mohammed Shami on Wednesday tested negative for COVID-19, over 10 days after he had been infected by the virus.

The 32-year-old posted his negative report on his Instagram account, hours after the BCCI named veteran pacer Umesh Yadav as his replacement for the three-match T20I

series against South Africa, beginning on Wednesday in Thiruvananthapuram.

"Negative," Shami wrote along with a picture of his COVID test report.

The senior India pacer had tested positive for the virus on September 17.

He was subsequently ruled out of the recently-concluded three-match series against Australia.

Earlier in the day, the pacer had been ruled out of the T20s against South Africa with the BCCI saying he is "yet to attain full recovery from COVID-19."

Shami, who hasn't played any cricket after England series in July, had been brought back into the T20 mix when he was picked for the games against Australia and South Africa.

He has been named as a stand-by for the T20 World Cup in Australia next month.

Vietnam Open: Praneeth bows out; Meiraba & Ruthvika in last 16

PTI ■ HO CHI MINH

Tokyo Olympian B Sai Praneeth suffered a shock defeat at the hands of fellow Indian Rithvik Sanjeevi Satish Kumar in the men's singles second round at the Vietnam Open Super 100 badminton tournament here on Wednesday.

A former World Championships Bronze medallist, Praneeth, who has been struggling for form for the last one year, lost 21-17, 18-21, 13-21 to Satish Kumar to make another early exit from a tournament.

Satish Kumar, who had finished runner-up at Bangladesh International Challenge in December last year, will now face Malaysia's Ong Ken Yon next.

In other results in the men's singles, Meiraba Luwang Maisnam eked out a thrilling 21-16, 18-21, 21-14 win over Malaysia's Kok Jing Hong to set up a fight with Chinese Taipei's Chi Yu Jen, who beat India's eighth seed Mithun Manjunath 21-17, 21-7 in another match.

S Sankar Muthusamy Subramanian also notched up a sensational win over Indonesian veteran Tommy Sugiarto 14-21, 22-20, 21-12 in the second round.

He will next meet Chinese Chia Hao, who defeated India's Raghu Mariswamy 21-16, 21-15 in a lop-sided contest.

Harshit Aggarwal defeated Mongolia's Batdavaa Munkhbat 21-15, 21-13 to be pitted against Japan's third seed Kodai Naraoka in the third round.

Kiran Kumar Mekala saw off Myanmar's Phone Pyae Naing 16-21, 21-14, 21-19 and will face Malaysia's Cheam June Wei next.

In the women's singles, Ruthvika Shivani Gadde progressed to the pre-quarterfinals after getting a walkover from his opponent and will face Vietnam's Thi Trang (B) Vu next.

Prerana Neeluri will meet top seed Aya Ohori of Japan in

India win low-scoring thriller

PTI ■ THIRUVANANTHAPURAM

Arshdeep Singh and Deepak Chahar hit the South Africans hard with some magical swing bowling before Suryakumar Yadav's little gem on a difficult track ensured an easy eight-wicket victory for India in the first T20 International here on Wednesday.

A target of 107 on a pitch with underlying moisture and more than waist high bounce at times was a struggle before Suryakumar (50 not out in 33 balls) released the pressure created by KL Rahul (51 not out, 56 balls) as India won the game in 16.4 overs to go 1-0 up in three-match series.

The pitch that former India head coach Ravi Shastri on air termed "not ideal for T20 cricket" had batters of both teams finding it difficult to cope with both pace and movement.

It was Arshdeep (3/32) and Chahar (2/24), who basically clinched the issue for India within first 15 deliveries of the start after skipper Rohit Sharma called it right at the toss. Once South Africa were reeling at 9/5 in 2.3 overs, the game as a contest was over and 106/8 even on a difficult track was a sub-par score.

The South Africans did bowl their heart out in defence. Kagiso Rabada bowled an ideal Test match delivery that pitched on length and reared up while moving a shade and all Rohit Sharma (0) could do was to dangle his bat at the corridor of uncertainty.

Virat Kohli (3) got an express delivery from Anrich Nortje that kept climbing as he tried to have a go away from his body and the edge was taken by Quinton de Kock.

Surya, India's best T20 batter by a distance, got a streaky six when his attempted flick turned into an outside edge that flew over third-man for a maximum

off Nortje.

The next six was a picture-perfect whip over deep square leg and then an inside out six off Keshav Maharaj indicated that he is India's in-form man.

Rahul's batting at the other end on the same strip became an ordeal as India had their lowest ever Powerplay score on board.

Just that there was no score-board pressure, Rahul could once play his waiting game and the only shot worth appreciating was a six off Nortje.

Earlier, Arshdeep and Chahar made the white Kookaburra talk with some incisive swing bowling after Jasprit Bumrah pulling out of the game due to his recurrent back problem which has resurfaced yet again.

The duo moved the ball both ways, making full use of the nip in the air and the bounce off

the surface.

Temba Bavuma (0) was nicely set up by Chahar with

stock outswingers, which the skipper left alone before a banana inswinger had him

bowled through the gate. The deviation into the batter was as big as it could be.

Umesh, Iyer & Shahbaz added to India squad for SA T20s

PTI ■ THIRUVANANTHAPURAM

The trio of pacer Umesh Yadav, batter Shreyas Iyer and all-rounder Shahbaz Ahmed was on Wednesday added to India's squad for the three-match T20 series against South Africa, starting here.

Senior pacer Mohammad Shami, who had missed the recently-concluded T20 series against Australia after contracting COVID-19 infection, is yet to recover completely and thus won't be a part of the T20 matches against the Proteas.

Deepak Hooda has also been ruled out of the series

owing to a back injury. The all-rounder is at the NCA for "further management of his injury".

"The All-India Senior Selection Committee has named Umesh Yadav as Shami's replacement and Shreyas Iyer as a replacement for Hooda," a BCCI release stated.

"Shahbaz Ahmed has also been added to the T20I squad," it added.

Umesh was brought in as Shami's replacement in the series against Australia. He has competed in the series-opener but did not play the

second and third T20Is.

On the other hand, left-arm spin-all-rounder Shahbaz is still uncapped. He was picked in the Indian ODI squad as Washington Sundar's replacement for the Zimbabwe series in August but did not get a game.

Rookie pacer Arshdeep Singh, who was rested for the series against Australia, has linked up with the squad for the three T20Is.

The series against South Africa will serve as a final dress rehearsal for both side ahead of the marquee event in Australia next month.

All-rounder Hardik Pandya and senior seamer Bhuvneshwar Kumar, who have been rested for the series ahead of the T20 World Cup next month, have also reported to the NCA for "conditioning-related work".

Revised India squad: Rohit Sharma (C), KL Rahul (vc), Virat Kohli, Suryakumar Yadav, Rishabh Pant (wk), Dinesh Karthik (wk), R. Ashwin, Yuzvendra Chahal, Axar Patel, Arshdeep Singh, Harshal Patel, Deepak Chahar, Jasprit Bumrah, Umesh Yadav, Shreyas Iyer and Shahbaz Ahmed.

Bumrah in Waugh's top-five for T20 WC

PTI ■ MELBOURNE

World Cup winning former Australia opener Mark Waugh has picked Indian pace spearhead Jasprit Bumrah as one of his top five picks for the T20I showpiece Down Under.

Bumrah recently returned to action after recovering from a back injury in the three-match T20 series against Australia that India won 2-1.

The 28-year-old, who underwent rehab at the National Cricket Academy (NCA) in Bangalore, looked fully fit but he's yet to get back to his old rhythm.

"I think he's a fantastic bowler in all formats, actually. His ability to get wickets in T20 cricket is key. He can bowl at the death and he can bowl up front," Waugh told the ICC website.

Waugh picked Pakistan's Shaheen Afridi as Bumrah's

new-ball partner as they were the only two pacers in his top-five which also featured Afghanistan spinner Rashid Khan, Aussie allrounder Glenn Maxwell and England's Jos Buttler.

"To open the bowling at the other end we'll go with another great opening bowler, Shaheen Afridi from Pakistan, who is a tremendous left-arm fast bowler," Waugh said.

Terming Shaheen as wicket-taker, Waugh said: "He sort of lifts the team. He's a guy that other players follow."

"He is a left-armer so that's another point of difference. He can swing the ball back into the right-hander, he's quick as well, so I've got him number two."

On picking Rashid, Waugh said: "In all competitions he plays in, he's just the one guy who you know is going to bowl four overs."

"He'll probably get two or three wickets and go for 20 runs, and he can bat. He can also whack the ball over the fence."

On his rationale behind picking Buttler, the Australian said: "I think he's probably the number one batsman in world cricket in the T20 format. He's just a clean striker of the ball."

The T20 World Cup will get underway on October 16.

Hanuma to lead ROI in Irani Cup

PTI ■ NEW DELHI

Prolific batter Hanuma Vihari will lead the Rest of India side against 2019-20 Ranji Trophy champions Saurashtra in the Irani Cup clash, which is returning to the calendar after three years.

The BCCI announced a 16-man squad for the red-ball tournament, which is set to be held in Rajkot from October 1-5.

The Irani Cup could not be played in the previous two seasons due to the COVID-19 pandemic.

The team has a good batting unit with talented red-ball specialist Mayank Agarwal and young Priyank Panchal, who recently led India A against New Zealand A and was also part of the Duleep Trophy winning West Zone squad.

The squad also has talented youngsters in Yash Dhull and Yashasvi Jaiswal, who had scored a double hundred in Duleep Trophy in the Ajinkya Rahane-led West Zone.

Emerging fast bowler Umran Malik, big-hitting Sarfaraaz Khan are also part of the ROI squad.

Test batter Cheteshwar Pujara is likely to appear for Saurashtra in the match.

ROI squad: Hanuma Vihari (Captain), Mayank Agarwal, Priyank Panchal, Abhimanyu

Easwaran, Yash Dhull, Sarfaraaz Khan, Yashasvi Jaiswal, K.S.Bharat, Upendra Yadav, Jayant Yadav, Saurabh Kumar, R Sai Kishore, Mukesh Kumar, Umran Malik, Kuldeep Sen, Arzan Nagwaswalla.

Sports Ministry extends last date of submission of application for National Sports Awards

PTI ■ NEW DELHI

The Sports Ministry on Wednesday extended the last date of submission of applications for this year's National Sports Awards by three days to October 1.

Earlier, the ministry had set September 27 as the last date for online submission of applications.

This year onwards, applications are being invited only in online mode through a dedicated portal.

"The last date for receipt of applications has been extended from 27th September, 2022 to 1st October 2022 (Saturday)," the ministry said in a statement.

"The applications from the eligible sportspersons/coaches/entities/universities are invited for the award. They are required to self apply online at dedicated Portal dbtyasports.Gov.In.

"Indian Olympics Association/Sports Authority of India/recognised National Sports Federations/Sports Promotion Boards/State and UTs Governments etc are also intimated accordingly. Nominations received after 1st October, 2022 (Saturday) will not be considered," it added.

Sports Awards are given every year to recognise and reward excellence in sports.

Major Dhyan Chand Khel Ratna Award is given for the spectacular and most outstanding performance in the field of sports by a sportsperson over a period of four years, while Arjuna Award is bestowed for consistent outstanding performance for four years.

Warner, Marsh, Stoinis & Starc return for WI T20Is

AP ■ MELBOURNE

Veteran opener Dave Warner and three other top players will return to the Australian Twenty20 squad for a two-match series against the West Indies as the hosts continue to prepare for their defense of the T20 World Cup title.

Warner will be joined by all-rounders Mitchell Marsh and Marcus Stoinis and fast bowler Mitchell Starc in the 16-man squad after missing the three-match T20 series in India which India won 2-1.

Warner was rested from that series to manage his preparation for the World Cup in Australia starting next month, while Marsh (ankle), Stoinis (side strain) and Starc (knee) have overcome injuries.

Allrounder Cameron Green, who opened the batting with captain Aaron Finch in India, has been retained in the squad despite not being included in Australia's lineup for the World Cup which is being played from October 16 to November 13.

Cricknet Australia said in a statement on Wednesday that pace bowler Kane Richardson and spin-bowling all-rounder Ashton Agar won't take part in the West Indies series on the Gold Coast on October 5 and at the Gabba in Brisbane two days later to ensure they are in peak shape for the

World Cup.

Australia plays its first World Cup match against New Zealand at the Sydney Cricket Ground on October 22.

"We have and are taking a cautious approach with the World Cup on the near horizon," national selection panel chair George Bailey said.

"To have four key players return gives us the ability to take a conservative path with any minor issues and resolve those well in time for the World Cup."

Bailey said he expects Agar and Richardson to return for the following series against England. That three-match T20 series will be held in Perth and Canberra from October 9-14.

T20I squad: Aaron Finch (captain), Sean Abbott, Pat Cummins, Tim David, Cameron Green, Josh Hazlewood, Josh Inglis, Mitchell Marsh, Glenn Maxwell, Daniel Sams, Steve Smith, Mitchell Starc, Marcus Stoinis, Matthew Wade, David Warner, Adam Zampa.
