Supari given for 'Modi teri kabar khudegi': PM

PNS ■ BHOPAL

In a veiled attack on the Congress, Prime Minister Narendra Modi on Saturday said some people are hell-bent to sully his image and they have given a "supari" (contract) for this purpose colluding with certain people sitting in India and also outside the country.

Modi said such people have taken a pledge that "Modi Teri Kabar Khudegi".

Modi's comment has come amid a slugfest between the Congress and the BJP over Rahul Gandhi's "democracy under brutal attack in India" remarks in the UK and Germany taking note of Rahul's disqualification from the Lok Sabha. The BJP has accused the Congress of "inviting foreign powers" for interfering in India's internal matters.

The Prime Minister was addressing a gathering at Rani Kamalapati railway station in Bhopal after flagging off the semi-high-speed Bhopal-Delhi Vande Bharat Express train.

"There are some people in our country who have been determined since 2014, spoken publicly and declared their resolve that they will tarnish Modi's image. For this, they have given 'supari' (contract) to various people.

"Some people are sitting inside the country to support

They are colluding with some abroad, but they don't know that common Indians are my 'Suraksha Kavach'

— PM NARENDRA MODI

these people and some are doing their work sitting outside the country. These people have been continuously trying to spoil and dent Modi's image," he said.

But India's poor, the middle class, tribals, Dalits, backward classes and every Indian have become the security cover of Modi, which made these people furious forcing them to adopt new tricks, the prime minister said.

Amid their conspiracies, every countryman has to pay

attention to the development of the country and pay attention to building the nation, he said.

Slamming the Congress without taking its name, Modi said previous governments were busy with vote bank appeasement whereas his government is busy satisfying people. "They (the previous governments) considered one family (a reference to the Gandhis) as the first family of the country. They ignored the poor and middle class, and the Railway is a living example of this (ignorance)," he said.

A fresh war of words erupted between the BJP and the Congress after senior Congress leader Digvijaya Singh on Thursday thanked the German foreign ministry and Richard Walker, Chief International Editor of Deutsche Welle, for

"taking note of how the Democracy is being compromised in India through the persecution of Rahul Gandhi".

Union Law Minister Kiren Rijiju had shared a screenshot of Digvijaya Singh's tweet, saying, "Thank you Rahul Gandhi for inviting foreign powers for interference into India's internal matters. Remember, Indian judiciary can't be influenced by foreign interference. India won't tolerate 'foreign influence' anymore because our Prime Minister is:- Shri @narendramodi ji".

Modi said when he was informed about this programme (flagging off Vande Bharat express train from Bhopal), he asked why it is scheduled on April 1. "I said Congress friends will say that Modi will make (people) April fool but the train is being run from April 1. This is a symbol of our confidence, capabilities and skills", he said.

The PM said the average Railway budget for Madhya Pradesh used to be ₹600 crore before 2014 but it has now gone to more than ₹13,000 crore.

Modi said previous governments could have easily upgraded the already existing rail network which India acquired after Independence but the development of railways was sacrificed due to vested political interests.

Stay ready to deal with new threats, PM urges military

PNS ■ NEW DELHI

Prime Minister Narendra Modi on Saturday asked the three Services to stay ready to deal with new and emerging threats, emphasising that all steps are being taken to equip the Armed Forces with necessary weapons and technologies.

He made these assertions during the Combined Commanders' Conference in Bhopal which began on March 30. He also reviewed the security situation and operational readiness of the Armed Forces during the valedictory session of Combined Commanders' Conference.

He was also updated about the steps underway for the creation of Theatre Commands in an effort to fight the modern day war with perfect synergy between the three Services namely army, navy and air force, sources said.

During the conference, deliberations were held over a spectrum of issues pertaining to national security, including jointness and theaterisation in the armed forces.

Giving details here, officials said the Prime Minister was briefed by Chief of Defence Staff (CDS) General Anil Chauhan about the various discussions conducted during this year's conference.

Detailed report on Page 4

Defence export soars by ten-fold in last six years

Make-in-India paying dividends, asserts PM Modi

PNS ■ NEW DELHI

India has achieved an all-time high defence equipment export worth ₹15,920 crore in 2022-23 and it is a ten-fold jump in last six years. Prime Minister Narendra Modi lauded this development after Defence Minister Rajnath Singh on Saturday made the announcement.

"Indian defence exports reached an all-time high of ₹15,920 crores in FY 2022-23. It is a remarkable achievement for the country," Rajnath said in a tweet. He also said defence exports will continue to grow exponentially under the inspiring leadership of Modi.

The Prime Minister lauded India's defence export under Make in India and said it indicates the reforms in this sector over the last few years are yielding good results.

"Excellent! A clear manifestation of India's talent and the enthusiasm towards 'Make in India.' It also shows the reforms in this sector over the last few years are delivering good results. Our Government will keep supporting efforts to make India a defence production hub," the PM wrote on Twitter

Defence exports were ₹1,521 crore in 2016-17, ₹4,682 crore in 2017-18, ₹10,745 crore in 2018-19, ₹9,115 crore in 2019-20, ₹8,434 crore in 2020-21, and ₹12,814 crore in 2021-22.

India exports missiles, the advanced light helicopter (ALH), offshore patrol vessels, personal protective gear, surveillance systems and a variety of radars to around 85 countries. Talks are on with potential customers for light combat aircraft Tejas, different types of helicopters, artillery guns, Astra beyond-visual-range air-to-air missiles, Akash surface-to-air missile systems, tanks, sonars and radars.

Egypt and Argentina have evinced interest in procuring 20 and 15 Tejas jets respectively. Moreover, India may export ALH to the Philippines.

Last year, BrahMos Aerospace and the Philippines signed a deal worth almost \$375 million for the Philippine Marines to buy three batteries of the BrahMos supersonic

cruise missile, and Kalyani Strategic Systems Limited won an export order worth \$155.5 million for supplying 155mm artillery guns, the first such order for an Indian firm.

In 2020, the Union Cabinet gave its go-ahead to the export of Akash missile systems and also created a high-powered panel for swifter export approvals.

The Government has given a major boost to self reliance over the last few years and inked deals worth over ₹36,000 crores on Thursday including warships, supersonic missiles for the navy, and surface-to-air missiles and weapon locating radars for the army.

In fact, the last financial year ending Friday saw the defence ministry placing orders with domestic manufacturers worth ₹53,000 crores including basic trainer aircraft, a satellite for the army, training ships, medium-power radars, radar warning receivers, air defence systems, and Dornier aircraft.

Georgia 1st US state to pass resolution against Hinduphobia

PTI ■ WASHINGTON

The Georgia Assembly has passed a resolution condemning Hinduphobia, making it the first American State to take such a legislative step. Condemning Hinduphobia and anti-Hindu bigotry, the resolution said Hinduism is one of the world's largest and oldest religions with over 1.2 billion adherents in over 100 countries and encompasses an array of diverse traditions and belief systems with values of acceptance, mutual respect and peace.

The resolution was introduced by Representatives Lauren McDonald and Todd Jones from Forsyth County in the suburbs of Atlanta, home to one of the largest Hindu and

Indian-American diaspora communities in Georgia.

The resolution observed that the American-Hindu community has been a major contributor to diverse sectors such as medicine, science and engineering, information technology, hospitality, finance, academia, manufacturing, energy, retail trade, among others.

Stating that there have been documented instances of hate crimes against Hindu-Americans over the last few decades in many parts of the country, the resolution said Hinduphobia is exacerbated and institutionalised by some in academia who support the dismantling of Hinduism and accuse its sacred texts and cultural practices of violence.

Edgy calm day after Ram Navami clashes; Shah on Bihar visit

'Not natural, disturbing', Nitish blames vested interest for violence

PNS ■ PATNA/HOWRAH

A day after communal clashes over Ram Navami celebrations in six States, situation remained peaceful but tense on Saturday.

However, the prohibitory order Section 144 was still in force in the affected areas Howrah, a police officer said.

Meanwhile Bihar Chief Minister Nitish Kumar on Saturday asserted communal tensions during Ram Navami festivities at Sasaram and Bihar Sharif towns were triggered by some people indulging in "gadbad" (mischief) and rejected the BJP's charge of poor law and order situation in the State.

And on the day when the BJP and Kumar's JD(U) traded charges over communal disturbances which caused Union Home Minister Amit Shah to cancel one of the programmes scheduled on April 2, the Union Home Minister reached Bihar on Saturday.

Taking over investigations into the clashes, Bengal CID collected samples and spoke to local people as well as police personnel who were deployed there during Thursday's clash, the officer said.

In Patna, while interacting

with media persons here on Saturday, Kumar also made light of Shah canceling his tour of Sasaram in view of riots, remarking, "I don't know why he was coming and I don't understand why he decided not to come".

"Communal tensions during Ram Navami festivities at Sasaram and Bihar Sharif are disturbing. Such incidents happened for the first time in the area. It's not natural... We know that some people are indulging in "gadbad" (mischief) and are trying to disrupt communal harmony in the state. We will not allow this to happen," the Chief Minister said.

He said police officials have been instructed to identify those who are indulging in mischief and to "take strict action against them".

Normalcy has been restored in both the places though senior officers are camping in the affected areas by way of caution and security forces have been deployed in the area, Kumar said.

The State police have so far arrested 45 people in connection with communal riots at Sasaram and Bihar Sharif that erupted during the Ram Navami festivities. Vehicles, houses and shops were torched and several people injured in communal flare-ups reported in both towns.

CAPSULE

416 COVID-19 CASES IN DELHI, POSITIVITY 14.4%

New Delhi: Delhi recorded 416 fresh Covid-19 cases on Saturday, the highest in over seven months, with a positivity rate of 14.37 per cent, according to data shared by the city health department. India on Saturday recorded 2,994 new Covid-19 infections, while the number of active cases increased to 16,354, according to Union Health Ministry data.

MODERATE INTENSITY QUAKE HITS NEPAL

Kathmandu: A moderate intensity earthquake was recorded with its epicentre at Suri in Dolakha district of Nepal on Saturday morning. The 5.2 magnitude quake was recorded at 11.27 am in Dolakha, 180 km east of Kathmandu, according to the National Seismological Centre here.

'JUVENILITY PLEA CAN BE RAISED AFTER 22 YEARS'

Lucknow: In an important judgment, the Lucknow bench of the Allahabad High Court has held that a person can raise a plea of juvenility even after passage of 22 years during trial.

Freed from jail, Sidhu raps Centre, Punjab Govt

PNS ■ PATIALA

Congress leader Navjot Singh Sidhu walked free on Saturday after spending nearly 10 months in Patiala Central Jail in a 1988 road rage death case. Soon after walking out of the jail, Congress leader Navjot Singh Sidhu slammed the Centre, alleging that democracy is in chains and institutions have turned slaves.

Sidhu described Punjab Chief Minister Bhagwant Mann as "akhbari mukhmantri" and criticised his Government over law and order and debt issues.

Supporters of the 59-year-old Congress leader had assembled since morning outside the prison to accord him a grand welcome and they could be heard chanting "Navjot Sidhu zindabad".

Several Congress leaders, including Amritsar MP Gurjit Aujla, were waiting for the return of Sidhu.

After cold comfort, mercury to shoot above normal in summer

RAJESH KUMAR ■ NEW DELHI

After unseasonal rainfall, several parts of India are to witness hotter-than-usual weather from April, May and June, raising the risk of more strain on the power sector as people turn to air conditioners to cool themselves.

The India Meteorological Department (IMD) on Saturday predicted that most of India, barring parts of north-west and peninsular region, is expected to experience above-normal maximum temperatures in April, May and June.

"A significantly higher number of heatwave days are predicted over most parts of Central India, East India and Northwest India during the hot weather season during April, May and June.

"Above normal heatwave days are likely over many parts of Bihar, Jharkhand, East Uttar Pradesh, Odisha, Gangetic

West Bengal, north Chhattisgarh, western part of Maharashtra, Gujarat and some parts of West Uttar Pradesh, Punjab and Haryana during April," IMD director general Mrutyunjay Mahapatra said in a virtual Press conference.

A heatwave is declared if the maximum temperature of a station reaches at least 40 degrees Celsius in the plains, at least 37 degrees Celsius in coastal areas and at least 30

degrees Celsius in hilly regions, and the departure from normal is at least 4.5 degrees Celsius.

As some States received unseasonal rain in March, damaging wheat, mustard and onion crops, it has raised the risk of an increase in prices.

While farmers pray for sunshine for the drenched crop to dry, they remain wary of extreme heat waves that could further erode yields.

Rainfall across the country

was 26 per cent above normal in March, Mahapatra said.

The Power Ministry predicts that peak electricity demand will climb to a new record in April as people crank up their air conditioners, fans and refrigeration units.

According to the IMD, the probability forecast for the minimum temperatures indicates that during the hot weather season (AMJ), normal to above normal minimum temperatures are very likely over most parts of the country with the exception of some areas in northeast and northwest India, as well as some isolated pockets in Peninsular India where below normal minimum temperatures are likely.

India logged its hottest February in 2023 since record-keeping began in 1901, according to the IMD.

However, above-normal rainfall (37.6 mm against a normal of 29.9 mm) due to seven western disturbances, including five strong ones, kept temperatures in check in March.

Shah reaches Bihar

BJP, JD(U) trade charges over communal tension in Sasaram

PTI ■ PATNA

Union Home Minister Amit Shah reached Bihar on Saturday amid trading of charges between the BJP and Chief Minister Nitish Kumar's JD(U) over communal disturbances which caused him to cancel one of the programmes scheduled on April 2.

Shah is putting up at a city hotel where he met state BJP leaders late in the evening.

On Sunday morning, he will take part in a function of the Sashstra Seema Band (SSB) here before leaving for Hisua in Nawada district, about 120 kilometres away, to address a public meeting.

Widely regarded as the BJP's principal strategist, Shah was also scheduled to take part in a function in Sasaram town of Rohtas district, which has been put off in view of communal violence that began on Thursday evening during Ram Navami festivities and continued till Friday.

The Sasaram event was touted as a celebration of the birth anniversary of Asoka the Great, the Mauryan Emperor, who has acquired the status of an OBC icon in Bihar, which

has been the veritable laboratory of Mandal politics.

BJP leaders were quick to allege that Section 144 of CrPC was imposed in Sasaram "deliberately" with the intent to impede Shah's function, a charge rejected by the Nitish Kumar government.

Rohtas District Magistrate Dharmendra Kumar issued a video statement saying, "Section 144 was never imposed."

"No such order was passed by myself or the Sub Divisional Magistrate concerned. Order was completely restored in Sasaram by Friday evening. We did resort to restrictions like suspending internet ser-

vices for a day". Nonetheless, the state BJP shared video clips on its social media accounts wherein police personnel could be seen advising common people to stay indoors with the announcement "Section 144 has been imposed".

The DM said, "We have issued show cause notices to such police personnel. They have said that they relayed the message as a tactic to get some handle over the situation".

The BJP, however, was certainly not impressed with the comedy of errors and the chief minister's insinuation - "instructions are in place to track down those who indulged in mischief to cause the disturbances which were unusual and unnatural", added insult to injury.

HM appeals to Northeast militants to join mainstream

PTI ■ AIZAWL

Union Home Minister Amit Shah on Saturday appealed to the remaining active militants of the Northeast to join the mainstream.

Addressing a rally in Aizawl after virtually inaugurating and laying the foundation stone for 11 projects worth Rs 2,414 crore, he asserted that the establishment of peace in Mizoram is an example of the victory of Indian democracy.

"I appeal to the few remaining active militant organisations in the Northeast to return to the mainstream, become a part of the democratic process and contribute to

the development of the region and the country as a whole," he said. "Peace has been established in Mizoram, which had faced insurgency. This is an unprecedented example of the victory of India's democracy," he said. Mizoram Chief Minister Zoramthanga while welcoming Shah said his visit will help cement the state's relation with the Centre.

Shah paid a long-day visit to the Northeastern state on Saturday, during which he virtually inaugurated and laid the foundation stones of 11 development projects worth Rs. 2,414 crore, including new Assam Rifles battalion headquarters.

Addressing a public meet-

ing at Lammual here, Zoramthanga said that the state has been waiting for a long time for Shah to visit the state and inaugurate the Assam Rifles complex, Laldenga Cultural Centre and other development projects.

"Certainly, this will be a milestone," Zoramthanga said while welcoming Shah.

He said that during the time of Laldenga, the state's first chief minister, the government had identified land for Assam Rifles camp. The Union Home Ministry (MHA) sanctioned money for the construction of the new Assam Rifles headquarters complex and now it is in a position to be inaugurated, he said.

Georgia 1st US state to pass resolution against...

From Page 1

A move in this regard was spearheaded by the Atlanta chapter of the Coalition of Hindus of North America (CoHNA), which organised the first-ever Hindu Advocacy Day held on March 22 at the Georgia State Capitol. It was attended by around 25 lawmakers — both Republicans and Democrats — who joined the Hindu community to understand its concerns, pledge to create ways to protect the community against discrimination and facilitate the inclusion of Hindu voices in important decision-making processes in the state.

"It was a true honour to work with Rep McDonald and Rep Jones as well as other lawmakers who guided us through the whole process of getting this County Resolution passed," said Rajeev Menon,

CoHNA vice president.

"We also heard that all the lawmakers had been working really long hours given the amount of legislative items on the agenda, but still decided to join us at the Advocacy Day to show how much they value the Hindu community," he said. CoHNA general secretary Shobha Swamy said, "The issues faced by Hindu Americans in Georgia and the rest of the country via false, Hinduphobic narratives are negatively impacting a community that has been hardworking, law-abiding and enriching the fabric of America."

"We urged for their help in combating such bigotry which advances hatred and creates the idea that Hindus and people of Indian-origin need special laws and monitoring due to allegations around some inherent propensity to discriminate," she said.

Guj Police seizes devices with threat by pro-Khalistani group to blow up Modi stadium

PTI ■ AHMEDABAD

Gujarat police have seized electronic devices from Uttar Pradesh in connection with bulk video and voice messages released allegedly by a pro-Khalistan group threatening to storm the Narendra Modi Stadium ahead of the India-Australia Test last month, officials said on Saturday.

Three SIM boxes, routers and mobile phones each were seized from rented a house at Modinagar town in UP where they were set up for the crime, even as those behind it managed to escape, a cybercrime branch official in Ahmedabad said.

The police last month arrested two persons from Rewa in Madhya Pradesh in connection with bulk calls and audio and video messages to people in Gujarat ahead of the India-Australia Test at the stadium where Prime Minister Narendra Modi and his Australian peer Anthony Albanese were present on the first day of the match on March 9.

Delhi logs 416 cases, positivity rate 14.37%

STAFF REPORTER ■ NEW DELHI

Delhi recorded 416 fresh Covid cases on Saturday, the highest in over seven months, with a positivity rate of 14.37 per cent, according to data shared by the city health department.

Also, one Covid-related death was reported, stated the department's latest bulletin that had two additional sections to describe the fatality -- "Primary cause of death is Covid - zero; primary cause of death is not Covid. Covid finding is incidental - one".

It mentioned that the death toll now stands at 26,529. The health department did not share a bulletin on Friday.

The death toll due to the infection stood at 26,526, according to the Thursday bulletin.

Delhi had recorded 295

coronavirus cases on Thursday with a positivity rate of 12.48 per cent. On Wednesday, the city had logged 300 cases, the first time since August 31, and two deaths while the positivity rate had mounted to 13.89 per cent.

On August 31, the city had logged 377 cases.

Delhi had recorded 214 cases with a positivity rate of 11.82 per cent on Tuesday, 115 cases with a positivity rate of 7.45 per cent on Monday, 153 cases with a positivity rate of 9.13 per cent on Sunday and 139 cases with a positivity rate of 4.98 per cent on last Saturday.

Can't ignore Savarkar's sacrifice in India's freedom struggle: Pawar

PTI ■ NAGPUR

Nobody can ignore late Hindutva ideologue VD Savarkar's sacrifice for the country's independence struggle but disagreements over him cannot be made a national issue today as there are many pressing matters to focus on, said Nationalist Congress Party chief Sharad Pawar on Saturday.

Defending Congress leader Rahul Gandhi, who is being targeted by the Bharatiya Janata Party for speaking about issues in India on foreign soil, he said this is not the first time an Indian has spoken about issues in the country while abroad. Pawar was speaking at the Press Club in Nagpur, where he also visited Union minister Nitin Gadkari's home.

To a query on whether he spoke to Rahul Gandhi about Savarkar and if the Congress leader would slow down in his criticism of the late Hindutva ideologue, Pawar said leaders of 18-20 political parties recently sat and discussed major issues before the country.

The BJP has accused Gandhi of repeatedly "insulting" Savarkar. It is also organising Savarkar Gaurav Yatra in his honour. "I suggested that there is a need for us to deliberate on the way the country is being run by those in power," he said.

Edgy calm day after Ram Navami clashes; Shah on...

From Page 1

In Sasaram, district administration ordered imposition of Section 144 on Friday afternoon after re-eruption of clashes, which first broke out the previous evening.

Shah has cancelled his tour of Sasaram on Sunday where prohibitory orders are already in place. Interacting with journalists, state BJP chief Samrat Choudhary, said Shah, who will be reaching Patna on Saturday evening, will address party workers in Nawada Lok Sabha constituency on Sunday as per schedule, even as he squarely blamed the Kumar Government in Bihar for the cancellation of the function at Sasaram, organised to celebrate the birth anniversary of Emperor Asoka.

When asked about the cancellation of Shah's visit to Sasaram, Kumar said, "I have no idea about this. I don't know why he was coming and I don't understand why he decided not to come. As far as the law and order situation in the State is concerned, it's perfectly alright".

After cold comfront, mercury toshoot...

From Page 1

However, above normal rainfall (37.6 mm against a normal of 29.9 mm) due to seven western disturbances, including five strong ones, kept temperatures in check in March.

March 2022 was the warmest ever and the third driest in 121 years. The year also saw the country's third warmest April, 11th warmest August and eighth warmest September since 1901.

Last month, the Centre For Policy Research (CPR) said a review of 37 heat action plans in India shows most of them do not explicitly carry out vulnerability assessments, leaving the authorities with little data on where to direct their scarce resources.

Heat action plans (HAPs) are the primary policy response to economically damaging and life-threatening heatwaves. They prescribe a number of activities, disaster responses and post-heatwave response measures to reduce the impact of heatwaves.

From Page 1

The IMD said India is expected to see normal rainfall in April. It said above-normal heatwave days are predicted in most parts of Central, East and Northwest India during this period.

"During the 2023 hot weather season (April to June), most parts of the country are expected to experience above-normal maximum temperatures, except for south peninsular India and some parts of northwest India where normal to below-normal maximum temperatures are likely," the IMD said.

The IMD further predicted that most parts of the country are likely to experience normal to below normal monthly minimum temperatures during April , except for some areas in Northwest, Central and East India where above normal minimum temperatures are expected.

Normal to above-normal minimum temperatures are very likely over most parts of the country, barring some areas in northeast and northwest India and isolated pockets of the peninsular region, it said.

Normal to above normal precipitation is expected over most parts of Northwest, Central and peninsular region, while below normal rain is pre-

From Page 1

dicted in east and Northeast India, it said.

The rainfall during April 2023 averaged over the country as a whole is most likely to be normal (88- 112 per cent of LPA). Normal to above normal rainfall is expected over most parts of the Northwest, Central and Peninsular India whereas below normal rainfall is likely over East and Northeast India and some areas over the west coast of India.

Currently, La Nina conditions, cooling of the waters in the Pacific Ocean near South America that favours the Indian monsoon, have weakened, according to the IMD. "Forecast indicates ENSO neutral conditions are likely from April to June. A transition to El Niño is favoured by July-September, with chances of El Niño increasing through the fall," Mahapatra said. El Niño, the warming of the waters in the Pacific Ocean near South America, is associated with weakening of monsoon winds and less rainfall in India.

Neutral Indian Ocean Dipole (IOD) conditions are present over the Indian Ocean and the latest MMCFS forecast indicates that the neutral IOD conditions are likely to continue during the hot weather season.

Wine gives Govt ₹5,548 cr a yr from 17L bottles/day sale

STAFF REPORTER ■ NEW DELHI

The Delhi Government managed to gross “the highest ever” excise revenue of Rs 5,548.48 crore in 2022-23. According to Delhi government’s excise department officials, with the daily average sale of 17 lakh bottles, the average revenue was Rs 19.71 crore, pushing the total revenue over that in 2021-22.

The government returned back to old excise regime from September 1, 2022 under which its four undertakings carried out liquor trade in the city. “We have also surpassed the total revenue of Rs 6762 crore including excise and VAT in 2021-22 and realised Rs 6,821 crore in 2022-23,” said the officer.

The Delhi government had implemented a new, reform oriented excise policy on November 17, 2021, that was later marred in allegations of corruption and mismanagement.

The policy under which private vendors had opened liquor stores across the city was withdrawn by the Delhi

Government last year following a recommendation of CBI probe into alleged irregularities in its implementation by the LG VK Saxena.

The government returned back to old excise regime from September 1, 2022 under which its four undertakings carried out liquor trade in the city. The current excise policy has been extended till September this year.

Excise officials said around 1000 brands have been registered through 117 wholesalers in the market and 573 government retail outlets, including 10 shops in malls (L10) have been opened since September

last year. A total of 930 hotels, clubs and restaurants are also serving retail customers in the city. “This was achieved despite mid year policy transition, ongoing investigations into new excise policy and government taking over the retail liquor sale through its corporations- DCCWS, DTTDC, DSIIDC and DSCSC- which have registered a profit of Rs 300 crore from Sept 1, 2022 till date,” the officer said.

The policy being implemented from September 1, 2022, has been extended for another six months as the excise department is working on a fresh policy. The Excise

department is looking to increase brand availability, improve quality of government shops to be more customer friendly and focus on enforcement through active involvement of revenue department and police to check entry of illicit liquor in Delhi, added the officer.

The Delhi Government had done away with its Excise Policy 2021-22 and withdrew it on August 31, 2022. The excise policy came under the radar after the Delhi lieutenant governor recommended a CBI probe into the alleged irregularities in the implementation of the Delhi Excise Policy 2021-22. The L-G also suspended 11 excise department officials.

There were allegations of the Delhi government favouring certain dealers while granting liquor licenses in lieu of bribes. Given the gravity of these allegations, the L-G recommended a Central Bureau of Investigation (CBI) probe, after which Enforcement Directorate (ED) registered a case under the Prevention of Money Laundering Act (PMLA).

Kanjhawala drag-death case 800-page chargesheet on 117 witness accounts

STAFF REPORTER ■ NEW DELHI

The Delhi Police on Saturday filed an 800-page chargesheet with 117 witnesses in connection with the Kanjhawala-Sultanpuri hit-and-run case in which a 20-year-old woman died after she was hit by a car and dragged for 10-12 km

The incident took place in the early hours of January 1 when Anjali Singh, travelling on a scooter, was hit by a car and was dragged from Sultanpuri to Kanjhawala before her body was abandoned by the car’s occupants.

Four of the seven accused — Amit Khanna, Krishan, Mithun and Manoj Mittal — have been charged with murder.

Metropolitan Magistrate Sanya Dalal has posted the matter for consideration of the final report on April 13. Deepak Khanna, Amit Khanna, Krishan, Mithun and Manoj Mittal were arrested on January 2.

Two other accused — Ashutosh Bhardwaj and Ankush — were earlier given bail by the court. Deepak Khanna’s bail plea was rejected by a sessions court. The other five accused were produced before the court, which extended their judicial custody till April 13.

According to the police, seven men were arrested and upon completion of the investigation, a charge sheet of around 800 pages was prepared with around 117 witnesses. On the basis of the material and evidences collected during the investigation, to the best of capabilities, suf-

ficient material has come on record to prosecute the accused,” the police said.

According to the charge sheet, Amit Khanna, Krishan, Mithun and Manoj Mittal have been booked for murder. Ashutosh and Amit Khanna were also booked under provisions of the Motor Vehicles Act.

It said all the accused were booked for criminal conspiracy, destruction of evidence, harbouring offender, common intention and false information, with intent to cause public servant to use his lawful power to the injury of another person. The Delhi Police has levelled additional charges against Amit Khanna for rash driving and causing hurt by act endangering life or personal safety of others.

Kejriwal again raises Modi’s degree issue

STAFF REPORTER ■ NEW DELHI

A day after the Gujarat High Court slammed chief Minister Kejriwal and imposed a fine of Rs 25,000 for misusing the provisions of the RTI Act on Prime Minister Narendra Modi’s degree, the Delhi Chief Minister on Saturday said that the entire country was shocked to hear the court verdict.

“Only one question in front of the nation — doesn’t 21st Century India need a well-educated Prime Minister. Why is it essential for the PM to be educated? Because he has to take decisions across fields on a daily basis.

“If he is not educated, government officials will come and make him sign anything. If he was educated, he would not have taken the decision to implement demonetisation, the GST would have been implemented better,” said Kejriwal addressing a press conference on Saturday. Highlighting the

Centre’s decision to implement the GST structure, the Chief Minister said that although it was a good concept, the manner in which it was brought, it ruined the lives of traders in the country.

He added that if the PM was educated then the implementation of GST would have been very different.

Highlighting how PM Modi brought in the three farm laws despite the farmer community pleading against it, Kejriwal pointed out that it

eventually had to be repealed after a year. He said that if the PM has actually received a degree from Gujarat University and Delhi University as it is being claimed, then why is it not being revealed to the nation.

“There are two reasons why the degree may not be revealed. The first is because of the ego of the PM. He might be thinking who are these people to ask me for my own degree,” he said.

He also said that the other reason for not revealing the degree may be that it is fake. “If the PM has indeed studied from Gujarat University and Delhi University, then these institutions should be so proud that the PM of India has studied in their institution, and they should reveal this information to the public,” he said. “Should the PM of 21st Century India not be well educated? Does India need an educated PM? This is the question I ask to the citizens of the country.

CM on verge of losing sanity, alleges BJP

STAFF REPORTER ■ NEW DELHI

The BJP on Saturday attacked Delhi Chief Minister Arvind Kejriwal, saying his remarks against Prime Minister Narendra Modi and the judiciary indicate that he is either on the verge of losing sanity or trying to create a ground for future in view of probe agencies gradually unearthing corruption under his government “with proof”.

On Friday, after the Gujarat High Court set aside an order of the Central Information Commission directing the Gujarat University to provide information on Modi’s degree to him, the Aam Aadmi Party (AAP) leader said the verdict has “stunned” the people and further increased “suspicion

over the claims about the prime minister’s academic qualification. Replying to a question on whether Kejriwal is fearing his arrest also, BJP national spokesperson Sudhanshu Trivedi told reporters, “There may be many possibilities because of the way things are coming out gradually during investigation.

“If someone does something he knows what he did,” he said, without taking the name of Kejriwal. Kejriwal, who earned his degree from an IIT (Indian Institute of Technology), is “so clever” that he only reads the files and doesn’t put his signature on them, Trivedi alleged. “He made Sisodia and Satyendar Jain put their signatures...He is not a ‘guru’ but a ‘guru ghalant’, ‘nat-

waral,” the BJP leader added. “The way opposition parties are crossing all limits of insulting India’s democracy and judicial system in the country, the party (BJP) is feeling pain and anguish both,” Trivedi said.

The BJP leader said the court, while rejecting Sisodia’s bail application, noted there were “serious apprehension” of him destroying and tampering with evidence and even influencing “some prime witness” in the case if he was released on bail. The court further observed that Sisodia and other members of the AAP were accused of manipulating implementation of the Delhi excise policy to facilities “monopolisation and cartelisation” of the liquor trade in Delhi, Trivedi said.

BJP raps Govt over notice to vacate Haj building for non-payment of fee

STAFF REPORTER ■ NEW DELHI

Taking a dig at the Kejriwal government for issuing notice for vacation of its office to Delhi Haj Committee at Haj Manzil, Turkman Gate for non-payment of licence fee and interest during the Ramzan, Delhi BJP on Saturday condemned the Delhi government and has urged the Delhi Government to withdraw the notice.

Delhi Haj Committee chairperson Kausar Jahan also met Lieutenant Governor Vinai Kumar Saxena seeking his intervention regarding a notice received by it for vacating its premises rented from the Delhi Urban Shelter Improvement Board (DUSIB). The Haj committee is controlled by the BJP.

In a joint press conference by BJP national spokesperson Shazia Ilmi, President of Delhi Haj Committee Kausar Jahan and state unit Minority Morcha president Mohd. Haroon accused the Kejriwal government saying the DUSIB had sent a notice to the committee asking it to vacate its premises at Haj Manjil at Turkman Gate over dues, including licence fee and inter-

est, amounting to over Rs 1 lakh as it is controlled by the BJP. Ilmi said the notice by the Delhi government agency was shameful as it was a religious body looking after pilgrimage of Muslims.

“The office of the Haj Committee was established in 1995 by the then Chief Minister of Delhi Madan Lal Khurana in the building located at Turkman Gate and it has been serving the Haj pilgrims since almost three decades.

The then senior BJP leaders Sikandar Bakht, Mohammad Ismail, Begum Khurshida Kidwai and Babu Chiraguddin Qureshi had a big role in getting this allotment done. The AAP has not paid the rent of this building and in almost a decade a rent of Rs 1 crore 31 lakh has got accumulated,” Ilmi said.

Speaking on the occasion, Jahan said that she was elected as the Chairperson of the Delhi Haj Committee on February 16 and from that day till today the two members of the Haj Committee, who are associated with the AAP that is MLAs Haji Yunus and Abdul Rehman have not attended even one meeting of the Committee. Neither do they keep any contact with us.

Man in girl guise extorts ₹4 L from friend, threatens to make video public

STAFF REPORTER ■ NEW DELHI

The Delhi Police has arrested a 23-year-old man for allegedly extorting around Rs 4 lakh from his friend by pretending to be a woman who had already been threatening to make public his inappropriate video if she is not paid.

Police said the 34-year-old victim was set to get married and was tense about the sex-tortion calls, so he discussed the matter with his friend Shivam Kumar, who advised him to pay the woman and focus on his marriage. However, later, Kumar himself began to call her from another number and demanded money.

According to police complaint, lodged by the victim, he had received a WhatsApp message from a person who identified herself as Ankita Sharma on December 20. She started vulgar chatting with him and made a video call on WhatsApp, where she asked him to take off his clothes as she was also naked.

The woman recorded the call and sent the video to the victim, threatening to release it on social media if he did not pay her, a senior police officer said. The victim paid some money to the woman but the demand for more continued.

Worried, he shared his situation with his friend Kumar, who assured him that he will directly deal with the woman. Victim then reached out to the police. During investigation, police found that the mobile number used for blackmailing was operating in the same locality where the victim lives, that is Bengali Colony in Sant Nagar of north Delhi’s Burari.

Farmers’ sit-in at Kejriwal’s house Farmers seek compensation for crop damage due to unseasonal rain

STAFF REPORTER ■ NEW DELHI

Scores of farmers on Saturday staged a sit-in outside Chief Minister Arvind Kejriwal’s residence in Delhi, demanding compensation for crop damage due to unseasonal rains and against Power Minister Atishi’s false claim of providing unlimited free power to farmer.

The Leader of Opposition in Delhi Assembly Ramvir Singh Bidhuri led the protest under the banner of BJP Kisan Morcha.

Protesting farmers raised slogans against power minister Atishi and chief minister Arvind Kejriwal. Bidhuri said

that if farmers are being given unlimited free electricity, then the Chief Minister should announce it.

The BJP leader said that

the injustice and oppression done by the Kejriwal government on the farmers in Delhi has not happened in any part of the country. The recent

unseasonal rains have ruined the farmers of Delhi. Their crop has been destroyed by rain and hailstorm, but no compensation has been announced by the Delhi government so far. Farmers’ crops have been destroyed in 200 villages in Delhi.

He said that farmers should be given compensation at the rate of at least one lakh rupees per acre.

Bidhuri said that compensation should not be announced only on paper, but its order should also be implemented.

Last year also, the Delhi government announced com-

ensation for the crop failure of the farmers, but not a single farmer got this compensation.

Bidhuri demanded Chief Minister Kejriwal to immediately sack Power Minister Atishi as she has claimed that farmers of Delhi are being given unlimited electricity free of cost whereas the fact is that far from giving free electricity to farmers of Delhi, Commercial rates are being charged from them.

Even during the season when the crop does not require irrigation, thousands of rupees are being collected from the farmers in the name of fixed charges.

2 dupe traders of ₹3L on pretext of installing QR codes; arrested

STAFF REPORTER ■ NEW DELHI

Two former employees of a digital payments and financial services company were arrested in Delhi’s Pitampura for allegedly duping shopkeepers on the pretext of installing the firm’s QR codes and soundbox.

Police said that the accused have been identified as Ravinder (25), a resident of Pitampura village, and Rohit Negi (25), from Karala village. Vikash Jain, a resident of Rohini Sector-16, alleged that he was duped of more than Rs 3 lakh.

According to his complaint, a person came to his kufli stall in October and said

that he is from a digital payment company and he can install the sound box, a senior police officer said. Jain refused to install the box and instead asked him to install the company’s business app in his phone, police said.

Later in November, the complainant got messages of six fraudulent transactions amounting to Rs 3,14,600, they said. During the investigation, police conducted a raid in Pitampura village and apprehended Ravinder, Deputy Commissioner of Police (Rohini) Guriqbal Singh Sidhu said. Ravinder disclosed that he and his associate Negi used to work in a digital payment company.

Mughal-era dargah razed in encroachment drive

STAFF REPORTER ■ NEW DELHI

Authorities conducted an “encroachment removal” action at the site of an old ‘dargah’ located beside a prominent street near the shrine of Hazrat Nizamuddin in south Delhi on Saturday amid heavy security deployment.

The dargah of Syed Abdullah ult Bhure Shah, located on a plot near the Sabz Burj — a 16th-century double-domed Mughal-era monument, is “centuries-old” and the saint is revered by people from both Muslim and Hindu communities, said Yusuf Beg, caretaker of the dargah.

A posse of police and paramilitary personnel were deployed when the action was carried out by the authorities at the site facing the busy Zakir Husain Marg. Beg said that they themselves removed the steel grills canopy and steel bar-

riers placed next to the graves to prevent any damage. “A drive to remove encroachment on the pavement was carried out by the PWD. Adequate security personnel deployment was made,” a senior police officer said.

As the dargah is located in the sensitive Nizamuddin area, paramilitary personnel were also on standby and one of them carried a tear gas shell box as well. “We have been told to ensure law and order is maintained,” a paramilitary personnel on duty said. The officials of the Delhi PWD could not be immediately reached for comments.

Beg and his son wept in a corner as a bulldozer removed the canopy and later dug out the flooring made around the graves, which stand very close to the street. “There are seven graves near the roadside, including that of Baba Bhure

A JCB removes a structure during a demolition drive near the shrine of Hazrat Nizamuddin, in New Delhi, on Saturday

PTI

Shah and his kin. Now, the graves have all become exposed to the elements, they have ‘chadar’ over them, and in gusty wind or rain, the graves may get affected. There are a few graves on the inner side near a tree. Both Hinds and

Muslims visit this dargah, and it is located near the famous Hazrat Nizamuddin dargah,” he said. The canopy carried ‘ayats’ (verses) from the holy Quran, the dargah caretaker said. Asked what led to the action, Beg claimed that in February

they were called by the district administration authorities and told about the plan to make the pavement free of any encroachment.

“These graves are a few centuries old, and we cannot move them. We do not have documentary evidence to prove its age, so action has been taken. We had already removed some of the steel grills and other structures recently, which were near the street. And, today also, we removed the canopy and steel barriers placed next to the graves ourselves. If it had been done by a bulldozer machine, it could have damaged the graves,” Beg said.

Asked about the structures that were removed by authorities during the action, he said, “A couple of rooms were demolished, and the flooring next to graves was dug up for the pavement.”

Be poised for new threat, PM exhorts Armed Forces

PNS ■ NEW DELHI

Prime Minister Narendra Modi on Saturday asked the three Services to stay ready to deal with these new and emerging threats, emphasising that all steps are being taken to equip the Armed Forces with necessary weapons and technologies. He made these assertions during the Combined Commanders' Conference in Bhopal which began on March 30. He also reviewed the security situation and operational readiness of the Armed Forces during the valedictory session of Combined Commanders' Conference.

He was also updated about the steps underway for the creation of Theatre Commands

in an effort to fight the modern day war with perfect synergy between the three Services namely army, navy and air force, sources said.

During the conference, deliberations were held over a spectrum of issues pertaining to national security, including jointness and theatreisation in the armed forces.

Giving details here, officials said the Prime Minister was briefed by Chief of Defence Staff(CDS) General Anil Chauhan about the various discussions conducted during this year's conference. Modi

complimented the Armed Forces for their role in nation building and providing Humanitarian Assistance and Disaster Relief (HADR) assistance to friendly countries.

During the final day of the session, various topics including aspects of digitisation; cyber security; challenges of social media; Aatmanirbharta; absorption of Agniveers and jointness were discussed.

In a significant development from the past, the scope of the conference was expanded this year, wherein, a few multi-layered and interactive sessions were conducted with participation of soldiers from every command of the Indian Army, Indian Navy and Indian Air Force, including the Tri-Services Andaman and Nicobar Command.

Raut gets death threat from Bishnoi, 1 held

TN RAGHUNATHA ■ MUMBAI

Less than 24 hours after Shiv Sena (UBT) leader and MP Sanjay Raut received a threat message on his WhatsApp on alleged behalf of mafia leader Lawrence Bishnoi that he would be shot dead in New Delhi, the Maharashtra police on Saturday detained one person for questioning in Pune for questioning.

Identifying the person detained as one Rahul Talekar who works at a hotel in Pune, the police said that he had been handed over to the Mumbai police for further investigations. Raut had received a WhatsApp message late on Friday evening warning that he would be shot dead with an AK-47 in New Delhi along the lines of Punjabi singer Sidhu Moosewala who was eliminated last year.

Raut got a threat in a WhatsApp message on Friday evening warning that he would be shot dead with an AK-47 in New Delhi, with reference to the killing of the Punjabi singer Sidhu Moosewala last year. The threat received by Raut reward thus: "Anti-Hindu, I will kill you. Meet me in Delhi, will finish you off with an AK47. Like Moosewala. Treat this as a message from Lawrence Bishnoi," with a reference to Salman Khan. Immediately after he received

the threatening message, Raut had complained to the Mumbai Police Commissioner, and a probe was initiated, leading to the detention of the suspect in Pune. The Mumbai police are questioning him on his links with the Bishnoi gang and also the recent email threats issued to Bollywood actor Salman Khan.

Reacting to the latest death threat, Raut – whose security was beefed up immediately after he received the WhatsApp threat message – said: "I have been targeted in a similar manner in the past as well. But, I will not be cowed down by such threats".

"My security as well as the security covers of several Maha Vikas Aghadi leaders' security have been withdrawn and deployed for the 'gaddars' (traitors)... What has the government done about this?" Raut asked. Alluding to similar threats issued to prominent NCP leader of Thane Jitendra Ahwad, Raut accused the state government of ignoring such threats faced by opposition leaders.

Leaders of Opposition in the State Assembly Ajit Pawar and his counterpart from Upper House Ambadas Danve, NCP MP Supriya Sule and Congress leaders expressed serious concerns over threats and urged government to take matter seriously. Soon

afterwards, Raut complained to Mumbai Police Commissioner, and a probe was initiated, leading to the detention of the suspect in Pune. The Mumbai police are questioning him on his links with the Bishnoi gang and also the recent email threats issued to Bollywood actor Salman Khan.

Now India, Malaysia can trade in ₹

PIONEER NEWS SERVICE ■ NEW DELHI

Trade between India and Malaysia can now be settled in Indian Rupee (INR) in addition to the current modes of settlement in other currencies. This follows the decision by the Reserve Bank of India in July 2022 to allow settlement of international trade in Indian Rupee (INR), the ministry of external affairs(MEA) said here on Saturday.

This initiative by the RBI is aimed at facilitating the growth of global trade and to support the interests of the global trading community in Indian Rupee (INR).

India International Bank of Malaysia (IIBM), based in Kuala Lumpur, has operationalised this mechanism by opening a Special Rupee Vostro Account through its Corresponding Bank in India i.e. Union Bank of India, MEA said.

Bhutan King's 3-day India visit starts from Monday

PNS ■ NEW DELHI

King of Bhutan Jigme Khesar Namgyel Wangchuk will visit India for three days starting Monday at the invitation of President Droupadi Murmu. He will be accompanied by Lyonpo Dr. Tandi Dorji, Minister of Foreign Affairs and External Trade, and senior officials of the Royal Government of Bhutan.

The visit is in keeping with the long standing tradition of regular high-level exchanges between the two countries, the ministry of external affairs said here on Saturday. During the visit, King of Bhutan will meet with the President and the Prime Minister.

The External Affairs Minister and senior officials will call on the King of Bhutan. India and Bhutan enjoy unique ties of friendship and cooperation, which are characterized by understanding and mutual trust.

The visit would provide an opportunity to both sides to review entire gamut of bilateral cooperation and to further advance the close bilateral partnership, including economic and development cooperation.

ED arrests trader for duping SBI of ₹95 cr

PNS ■ NEW DELHI

The Enforcement Directorate (ED) has arrested Kaushik Kumar Nath, a Kolkata based businessman in a money laundering case linked to defrauding the public sector lender State Bank of India (SBI) to the tune of Rs 95 crore.

The ED said Nath availed various credit facilities from the State Bank of India by submitting forged and fabricated documents. The funds received in the guise of credit facilities were withdrawn in cash and used for purposes other than for which it was sanctioned.

The SBI has been cheated and defrauded to the tune of Rs 95 crore, it said. The ED has initiated the investigation under Prevention of Money Laundering Act (PMLA) on the basis of four different FIRs/charge sheets regis-

tered/filed by CBI, Kolkata. During investigation by ED, another case registered by the Crime Branch, Mumbai Police also came to the notice of the agency. "Kaushik Kumar Nath is frequently changing his identity and defrauding the banks. Recently, he had shifted his base to Mumbai and engaged in such type of criminal activities there," the ED said in a statement.

ED has identified several immovable properties acquired by the accused from the 'Proceeds of Crime'. Out of the said properties, four properties worth Rs 3.68 crore are already attached by the ED.

Nath was produced before the Special Court, Kolkata on Friday. The Court has granted him to ED custody for 10 days till April 10. Further investigation in the case is in progress, it added.

Cochin Shipyard inks deal for 6 next gen missile vessels for Navy

PIONEER NEWS SERVICE ■ NEW DELHI/KOCHI

The Cochin Shipyard Limited has signed a contract for building six Next Generation Missile Vessels (NGMV) for the Indian Navy at a cost of Rs 9,805 crore with the delivery of ships set to begin from 2027.

The state-run shipyard said the contract marks its entry into advanced weapon intense platforms. "The primary role of the ships would be to provide offensive capability against enemy warship, merchantmen and land targets," Cochin Shipyard said in a release. It said the delivery of ships is scheduled to commence from

March 2027. "The NGMVs would be heavily armed war vessels incorporating stealth, high speed and offensive capability. These ships will be capable of conducting maritime strike operations, anti-surface warfare operations and would

be a potent instrument of sea denial for enemy ships especially at choke points," the release said. The shipyard said these ships would be employed for local naval defence operations and seaward defence of offshore development area.

Cochin Shipyard Limited CMD Madhu S Nair said the shipyard was keen to take up the construction of NGMVs after successfully delivering the country's first indigenous aircraft carrier, INS Vikrant.

In addition to the above, the state-run entity is also building eight Anti Submarine Warfare Shallow Water Crafts for the Navy and these vessels are under various stages of construction at the yard.

6 German Shepherds to take on wildlife thugs

PIONEER NEWS SERVICE ■ NEW DELHI

Six German Shepherds, ranging between six and nine months old, and their 12 handlers have joined the forest departments of Karnataka (4), Bihar (1), and Madhya Pradesh (1), to take on the wildlife criminals and protect flora and fauna in their respective states.

This takes the total number of wildlife sniffer dogs trained under TRAFFIC and WWF-India's programme in India to 94, said Ravi Singh, Secretary General and CEO WWF-India.

The canines had received seven-month-long training at basic training Centre, Indo-Tibetan Border Police Force

(BTC-ITBP) camp in Panchkula, Haryana from September 2022. The dogs have been trained to detect tiger and leopard skins, bones and other body parts, bear

bile, red sanders, and other illegal wildlife products. BTC-ITBP had organised a passing out ceremony to felicitate the dogs and their handlers in their successful completion of the training course recently. Singh said, "Dogs are not just man's best friend. Once trained as wildlife sniffer dogs, they play a crucial role in protecting our wildlife from crime and illegal trade. This is also true for the 94 wildlife sniffer dogs trained by WWF-India and TRAFFIC over the years". Dr Merwyn Fernandes, Coordinator of TRAFFIC's India Office, said, "Illegal wildlife trade is a serious threat to the conservation of species in the wild. Wildlife law enforcement practices are crit-

ical in containing this threat, and the use of wildlife sniffer dogs for wildlife crime prevention and detection is crucial." "We hope at least four to five wildlife sniffer dogs are deployed in each state and at trans-border areas, working with law enforcement agencies to protect our wildlife."

Dr Dipankar Ghose, Director & HoD, Wildlife & Habitats Division, WWF-India, and Interim In-Charge, TRAFFIC's India office added, "Detecting smuggled wildlife is an ongoing challenge for law enforcement agencies. TRAFFIC and WWF-India support initiatives that bring in new tools and technology for wildlife crime detection and prevention.

Tornadoes kill over 11 in US

AP ■ WYNNIE

Storms that dropped possibly dozens of tornadoes killed at least 18 people in small towns and big cities across the South and Midwest, tearing a path through the Arkansas capital, collapsing the roof of a packed concert venue in Illinois, and leaving people throughout the region bewildered Saturday by the damage.

Confirmed or suspected tornadoes in at least seven states destroyed homes and businesses, splintered trees, and lay waste to neighborhoods across a swath of the country home to some 85 million people. The dead included seven in Tennessee's McNairy County, four in the small town of Wynne, Arkansas, and three in Sullivan, Indiana.

Other deaths were reported in Alabama, Illinois and Mississippi, along with one near Little Rock, where the mayor said more than 2,000 buildings were in a tornado's path.

Stunned residents of

Wynne, a community of about 8,000 people 50 miles (80 kilometers) west of Memphis, Tennessee, woke Saturday to find the high school's roof shredded and its windows blown out. Huge trees lay on the ground, their stumps reduced to nubs. Broken walls, windows and roofs pocked homes and businesses.

Debris and memories of regular life lay scattered inside the damaged shells of homes and strewn on lawns: clothing, insulation, roofing paper, toys, splintered furniture, a pickup truck with its windows shattered.

"I'm sad that my town has been hit so hard," said Heidi Jenkins, a salon owner. "Our school is gone, my church is gone. I'm sad for all the people who lost their homes."

Recovery was already underway, with workers using chain saws to cut fallen trees and bulldozers moving material from shattered structures. Utility trucks worked to restore power. Groups of volunteers gathered to plan their day. Seven people died in

McNairy County, east of Memphis along the Mississippi border, said David Leckner, the mayor of Adamsville.

"The majority of the damage has been done to homes and residential areas," Leckner said, adding that although it appeared all people had been accounted for, crews were going door to door to be sure.

In Belvidere, Illinois, some of the 260 people attending a heavy metal concert at the

Apollo Theatre pulled a man from the rubble after part of the roof collapsed; he was dead when emergency workers arrived. Officials said 28 other people were injured at the theater, some severely.

"They dragged someone out from the rubble, and I sat with him and I held his hand and I was (telling him) It's going to be OK. I didn't really know much else what to do," concertgoer Gabrielle Lewellyn

told WTVO-TV.

The venue's Facebook page said the bands scheduled to perform were Morbid Angel, Crypta, Skeletal Remains and Revocation.

Crews worked Saturday to clean up around the Apollo, with forklifts pulling away loosely hanging bricks. Business owners picked up shards of glass and covered shattered windows.

Three people died in Indiana's Sullivan County, near the Illinois line about 95 miles (150 kilometers) southwest of Indianapolis.

Sullivan Mayor Clint Lamb said at a news conference that an area south of the county seat of about 4,000 "is essentially unrecognizable right now" and that several people were rescued from rubble overnight. There were reports of as many as 12 people injured, he said, and search-and-rescue teams combed damaged areas.

"Quite frankly, I'm really, really shocked there isn't more as far as human issues," he said, adding that recovery "is going to be a very long process."

Trump raises over \$4m in 24 hours

PTI ■ WASHINGTON

Donald Trump raised over USD 4 million towards his 2024 presidential run in 24 hours after a Manhattan grand jury indicted the former US president on charges related to paying off a porn star, his office has said.

According to the former president's campaign, over 25 per cent of donations came from first-time donors to the Trump Campaign, further solidifying his status as the clear frontrunner in the Republican primary.

"This incredible surge of grassroots contributions confirms that the American people see the indictment of President Trump as a disgraceful weaponisation of our justice system by a Soros-funded prosecutor," it said in a statement on Friday. "With an average contribution of only USD 34, Trump's 2024 campaign is funded by an unmatched coalition of hardworking patriots who are fed up with special interest donors like Soros spending billions of dollars to influence our elections," it said.

Americans from across all 50 states donated to President Trump's campaign within the first five hours of the "sham indictment", the statement said.

On Thursday, within minutes of Trump's indictment, the Trump campaign fired off a fundraising email soliciting contributions

toward the 76-year-old's 2024 campaign.

It was the first of more than half a dozen fundraising emails sent out by the Trump campaign after the indictment.

The White House has refused to comment on the indictment of the former president.

"I have no comment on that," President Joe Biden told reporters on Friday.

Vice President Kamala Harris told reporters in Zambia: "I am not going to comment on an ongoing criminal case as it relates to the former president."

Trump is currently the front-runner among all declared and potential contenders for the 2024 Republican White House nomination. There is nothing in US law that prevents a candidate who is found guilty of a crime from campaigning for and serving as president - even from prison.

Indians among eight found dead near Canada-US border

PTI ■ TORONTO

Canadian police have recovered the bodies of two more migrants, including that of an Indian woman, who drowned in a river while two families of Indian and Romanian descent were attempting to enter the US from Canada illegally, taking the death toll to eight.

The bodies were found on Friday in a marsh on the riverbank near Akwesasne, a community which straddles Quebec, Ontario and New York state. One other person is still missing.

The two more bodies recovered included one infant, who was a Canadian citizen of Romanian descent. The second was of a woman who was an Indian national, CTV news reported.

Police say the deceased — believed to be two families of Indian and Romanian descent — were trying to cross the St

Lawrence River into the United States from Canada. Among them were two children under the age of three, both Canadian citizens. "Unfortunately, these situations happen. It's not something new," Akwesasne Mohawk Police chief Shawn Dulude said of people trying to cross.

"We've seen it happen in the past, and hopefully as we move forward ... it's something we can one day eliminate," the officer was quoted as saying by the Montreal Gazette newspaper.

Akwesasne police are working with Immigration Canada to assist with identifying the victims and notifying the next of kin. They are also increasing surveillance on the river, it said.

Authorities located the first body in the marsh around 5 pm on Thursday during an aerial search conducted at the request of the Canadian Coast Guard.

Throughout the day on

Friday, search crews could be seen wading through a marshy area near the local marina with the help of a light aircraft. A helicopter also scanned the river. The last two bodies were retrieved from the water during the day.

Police recovered two more bodies from the river on Friday, after discovering six bodies and an overturned boat during a missing person search Thursday afternoon, CBC News reported.

They are believed to have been an Indian family and a Romanian family who were attempting to cross into the US, police said, adding, that an Akwesasne resident remains missing. The bodies were discovered as the result of a search for another missing person, Casey Oakes, that also started Thursday. He was last seen Wednesday boarding a small, light blue vessel departing from the east end of Cornwall Island, in St. Lawrence.

US museum to return 15 smuggled sculptures to India

PTI ■ NEW YORK

The prestigious Metropolitan Museum of Art will return 15 sculptures to India after it was learnt that the antiquities were illegally removed from the country and sold by disgraced dealer Subhash Kapoor.

In a statement Thursday, the Met said it will transfer the 15 sculptures for return to the government of India. The works range in date from the 1st century BCE to the 11th century CE, and include terracotta, copper and stone.

All of the works were sold at one point by Kapoor, who is currently serving a prison sentence in India.

"The Museum is committed to the responsible acquisition of archaeological art and applies rigorous provenance standards both to new acquisitions and to works long in its collection. The Museum is actively reviewing the history of antiquities from suspect dealers. The Museum values highly its long-standing relationships with the government of India and is pleased to resolve this matter," the Met said in the statement.

The museum contacted Homeland Security about its works from Kapoor in 2015 and is "pleased to be acting on this matter today as a result of the criminal investigation into Subhash Kapoor" by the Manhattan District Attorney's Office, it said.

Through this cooperative partnership, the museum received new information from the Manhattan DA's office about 15 works of art that made it clear that the works should be transferred, resulting in a constructive resolution, the statement said.

In addition, in cooperation with the DA office's criminal investigation into Turkish sites Bubon and Perge, the museum recently removed from display from its Greek and Roman galleries three pieces from Turkey — two of which were loans and a third is part of the Met's collection, it said.

Pak inflation woes not over yet

PTI ■ ISLAMABAD

The cash-strapped Pakistan government has warned of more inflation coupled with a slowdown of the economy, blaming the delay in inkling the crucial deal with the IMF for the worsening economic crisis, according to a media report on Saturday.

In its monthly outlook report issued on Friday, the Finance Ministry also said that political instability has started feeding the strong inflationary expectations, The Express Tribune newspaper reported.

Holding back its inflation forecast figure for the outgoing month, the Finance Ministry painted a gloomy outlook of the economy, saying that the Monthly Economic Indicator, a tool to predict the economic growth rate based on past and current indicators, has further slowed.

"Inflation in March may remain in the upper bound as observed in February when it was 31.5 per cent," the ministry stated. Although it did not give

a figure this time, the market expects inflation to shoot up to 36 per cent due to a host of negative measures, the report said.

A conservative internal assessment of the Finance Ministry suggested around 34 per cent inflation rate in March. The ministry said that a "potential reason for rising price level is political and economic uncertainty."

The ministry also noted that the delay in finalising the USD 1.1 billion tranche of funding from the International Monetary Fund (IMF) programme was causing further economic distress.

"The economic distress resulting from delay of the stabilisation programme has exacerbated the economic uncertainty due to which inflationary expectations have remained strong," the report said.

Pakistan has been struggling hard to revive the USD 6.5 billion derailed IMF bailout package that the Washington-based global lender approved in 2019. Although, its missteps, like the petrol subsidy and attempts to

borrow directly from commercial banks, have further complicated the matters for the cash-starved country.

The Finance Ministry said that even the contractionary monetary policies of the State Bank of Pakistan (SBP) were not helping contain the inflation.

"Despite the SBP's contractionary monetary policy, the inflationary expectations are not settling down," the ministry said, showing dissatisfaction with the central bank's tight monetary policy.

The SBP increased the policy rate by 3 per cent to 20 per cent in the last Monetary Policy decision held this month.

The monthly outlook report stated that bulk buying during Ramzan may cause a demand-supply gap, resulting in an escalation of the prices of essential items.

Due to the lagged effect of last year's floods, production losses, especially of significant crops, have not yet been fully recovered. Consequently, the shortage of essential items has emerged and persisted.

As a result, "inflation is expected to stay at elevated levels owing to market frictions caused by relative demand and supply gap of essential items, exchange rate depreciation and recent upward adjustment of administered prices of petrol and diesel", the report added.

The Finance Ministry stated that the average Monthly Economic Indicator (MEI) during the first eight months of the current fiscal year indicates a further slowdown in domestic economic activities.

The slowdown seems to be driven by a lack of industrial dynamism, accelerating inflation, which erodes the purchasing power of consumers and investors and is also illustrated by negative growth in exports and imports.

The indicator was already in negative territory since the start of the fiscal year. The Finance Ministry's latest assessment indicates that there may not be any growth during the current fiscal year if no improvement is witnessed in the remainder period.

Pakistan-China border trade to resume next week after 3 years

PTI ■ ISLAMABAD

After a three-year hiatus, Pakistan and China are set to resume trade from Monday through the Khunjerab Pass - the only land route between the two all-weather allies, a media report said on Saturday.

The Khunjerab Pass was closed in November 2019 to contain the transmission of the COVID-19 virus between the two countries.

The arrangements to reopen the border point for bilateral trade and other activities under the China-Pakistan Economic Corridor (CPEC) have been finalised by both sides, the Dawn newspaper reported.

The USD 60 billion CPEC, which connects Gwadar Port in Balochistan with China's Xinjiang province, is the flagship project of Chinese President Xi Jinping's ambitious

Belt and Road Initiative (BRI). The CPEC is a network of roads, railways, pipelines, and ports in Pakistan connecting China to the Arabian Sea.

Gilgit-Baltistan Home Secretary Rana Mohammad Saleem Afzal said that officials on both sides agreed to reopen Khunjerab Pass for trade and travel activities from April 3. He added that the process of issuing border passes would start soon, the report said.

"Most important aspect is that it's a CPEC route. CPEC consignments will enter Pakistan through Khunjerab Pass from China," he said.

Under an agreement, trade and travel activities between the two countries through the Khunjerab Pass start annually on April 1 and close on November 30. Daily bus service also plies from the Sost Valley of the Gilgit-Baltistan region to the Xinjiang province of China, the report said.

The first trade activity between China and Pakistan under the CPEC started via the Karakoram Highway in November 2016.

Minister of State for Foreign Affairs, Hina Rabbani Khar, said that the federal government had been working to revive CPEC activities, the report said. She added that all hurdles in the bilateral trade's way would be removed.

The prolonged closure of the Khunjerab Pass caused immense financial hardships to the local business community, and thousands of workers became jobless, the report said, quoting officials.

During the last three years, the Pass was occasionally opened for emergency cargo transportation from China to Pakistan on specific days.

The volume of trade between the two countries would increase after the reopening of the Khunjerab

Pass, Gilgit-Baltistan Collector of Customs Syed Fawad Ali Shah was quoted as saying in the report.

He said all required arrangements had been finalised for normal trade at the Sost dry port. Shah added that he met traders, the port management and other stakeholders, who were all happy and assured the administration of their cooperation in smooth trade activities at the dry port.

Haji Liaquat of the Gilgit-Baltistan Importers and Exporters Association said that the people affiliated with trade between the two countries were optimistic about the revival of economic activities in the region, according to the report.

He added that the people of the region and the government exchequer suffered losses worth billions of rupees owing to the prolonged halt of trade at the Sost dry port.

Israeli cops shoot man in Jerusalem

AP ■ JERUSALEM

Israeli police shot and killed a man who they alleged tried to snatch an officer's gun at an entrance to a Jerusalem holy site early Saturday, raising fears of further violence during a time of heightened tensions at the flashpoint compound.

The police said the slain man was 26-year-old Mohammed Alasibi from Hura, a Bedouin Arab village in southern Israel.

Palestinian worshippers at the entrance to the site on Saturday morning had a different account, saying that

police shot the man at least 10 times after he tried to prevent them from harassing a woman who was on her way to the holy compound.

Hours after the incident, the muddy stone alleyway leading to the compound was still stained with blood.

Authorities said that officers detained the man for questioning outside the sacred compound home to Al-Aqsa Mosque in the heart of Jerusalem's Old City — the third holiest shrine in Islam. The compound, revered by Jews as the Temple Mount, is also the most sacred site in Judaism.

Pope leaves hospital, to preside over Easter mass

AP ■ ROME

Chipper-sounding Pope Francis was discharged Saturday from the Rome hospital where he was treated for bronchitis, quipping to journalists before being driven away that he's "still alive."

Francis, 86, was hospitalised at Gemelli Polyclinic on Wednesday following his weekly public audience in St Peter's Square after reportedly experiencing breathing difficulties. The pontiff received antibiotics administered intravenously during his stay, the Vatican said. In a sign of his improved health, the Vatican released details of Francis' Holy Week schedule. It said he would preside at this weekend's Palm

Sunday Mass and at Easter Mass on April 9, both held in St. Peter's Square and expected to draw tens of thousands of faithful. A Vatican cardinal will be at the altar to celebrate both Masses, a recent practice due to the pontiff having a troublesome knee issue.

But Francis is scheduled to celebrate Holy Thursday Mass, which this year will be held in a juvenile prison in Rome. Still unclear was whether he would attend the late-night, torch-lit Way of the Cross procession at Rome's Colosseum to mark Good Friday. Before departing Gemelli Polyclinic late Saturday morning, Francis comforted a Rome couple whose 5-year-old daughter died Friday night at the Catholic hospital. Outside,

Serena Subania, mother of Angelica, sobbed as she pressed her head into the chest of the pope, who held her close and

whispered words of comfort.

Francis seemed eager to linger with well-wishers. When a boy showed him his arm cast,

the pope made a gesture as if to ask "Do you have a pen?" Three papal aides whipped out theirs. Francis took one of the pens and

added his signature to the child's already well-autographed cast.

The pontiff answered in a low voice that was close to a whisper when reporters peppered him with questions, indicating he had felt unwell — "I felt sick," he said, pointing to his mid-section — a symptom that convinced his medical staff to take him to the hospital Wednesday. Asked how he felt now, Francis joked, "Still alive, you know." He gave a thumbs-up sign. Francis exited the hospital from a side entrance, but his car stopped in front of the main entrance, where a gaggle of journalists waited. He opened the car door himself and got out from the front passenger seat. Francis had a cane ready to lean on.

March GST at ₹1.60 L cr; 2nd highest ever

FY-2023 gross collection up 22%

PTI ■ NEW DELHI

GST collections in March grew 13 per cent to the second highest ever at ₹1.60 lakh crore, taking the growth rate of revenue mop-up for full 2022-23 fiscal to 22 per cent. March also saw over 91 per cent of the GST registered businesses filing returns and paying taxes — reflecting greater compliance and improving economic activity.

Gross GST revenue collected in March 2023 is ₹1,60,122 crore, of which Central GST is ₹29,546 crore, State GST is ₹37,314 crore, Integrated GST is ₹82,907 crore (including ₹42,503 crore collected on import of goods) and cess is ₹10,355 crore, the finance ministry said in a statement.

In April 2022, GST collection had touched a record high of close to ₹1.68 lakh crore. The second highest mop-up was recorded in March 2023, at a little over ₹1.60 lakh crore.

For full 2022-23 fiscal year, gross Goods and Services Tax (GST) mop-up grew 22 per cent to ₹18.10 lakh crore. The

average gross monthly collection for the full year is ₹1.51 lakh crore.

March is the fourth time in the just gone by financial year that the monthly gross GST collection has crossed ₹1.5 lakh crore-mark. Last month also witnessed the highest IGST collection ever, the ministry said.

Revenue for the month of March 2023 is 13 per cent higher than the GST revenue in the same month last year, the ministry said. During the month, revenue from import of goods was 8 per cent

higher and revenue from domestic transaction (including import of services) is 14 per cent higher than the revenue from these sources during the same month last year.

The ministry said return filing during March 2023 has been the highest ever. 93.2 per cent of statement of invoices (in GSTR-1) and 91.4 per cent of returns (in GSTR-3B) of February were filed till March 2023 as compared to 83.1 per cent and 84.7 per cent, respectively a year ago. KPMG in India Partner Indirect Tax

Abhishek Jain said the monthly and yearly GST collection point towards the growing trajectory of the Indian economy.

“Another cheer point is the highest ever compliance rate with 91.4 per cent of returns being filed in the month of March, indicating success of revenue authorities and businesses in ensuring tax compliance and preventing tax evasion,” Jain said.

Deloitte India , Partner, Leader - Indirect Tax, Mahesh Jaising said with the growth in economic activity and increased focus on GST analytics based audits, the trend should see upward trajectory in the coming months.

“Also, with the new FTP being rolled out from today, we have to wait and watch the impact on the import-export which is expected to have a role in GST collections too,” Jaising said.

Tax Connect Advisory Partner Vivek Jalan said businesses are also understanding that robust compliance is the way forward under GST and a significant boost in GST return filing taking the compliance ratio to more than 90 per cent from early 80 per cent shows that Indian businesses are fast moving into the mainstream. This would enhance the Income Tax revenues also and lead to overall GDP growth, Jalan added.

FinMin launches 3-month campaign to boost micro-insurance schemes at Panchayat level

PTI ■ NEW DELHI

To achieve saturation under Pradhan Mantri Jeevan Jyoti Bima Yojana (PMJJBY) and Pradhan Mantri Suraksha Bima Yojana (PMSBY), the Finance Ministry on Saturday launched a three-month campaign.

“A special 3 months campaign has been launched by DFS at Gram Panchayat Level covering all districts in the country to saturate all eligible persons under the PMJJBY and PMSBY w.e.f 1st April 2023 to the 30th June 2023,” Department of Financial Services (DFS) said in a tweet.

Under the campaign, camps are going to be organised at the Gram Panchayat level across all districts in the country by the banks with active participation of the State administration and other Ministries of Government of India to ensure that benefits of the two Jan Suraksha schemes reach the masses. Chief Secretaries of States/

UTs, Chairman/ MD and CEOs of Public Sector Banks (PSBs) have been advised to extend full support during the campaign, an official statement said.

Lead District Managers (LDMs) will lead the campaign in consultation with State/ UT Level Bankers Committees of the States/ UTs and District Magistrates/ Collectors of the Districts. Line Ministries of Government of India have been

advised to utilise their field functionaries for identification and mobilisation of the Scheme beneficiaries for enrolment, it said.

All Nodal Officers from DFS have been instructed to participate in the special SLBC/ UT/LBC meetings and to undertake field visits for monitoring the Gram Panchayat level saturation campaign, it added.

The PMJJBY offers life insurance cover of Rs 2 lakh in case of death due to any reason to people in the age group of 18-50 years having a bank or post office account, who give their consent to join or enable auto-debit of premium.

On the other hand, the PMSBY offers insurance cover of ₹2 lakh for accidental death or total permanent disability and ₹1 lakh for partial permanent disability to people in the age group of 18-70 years with a bank or post office account, who give their consent to join or enable auto-debit of premium.

UltraTech Cement FY23 production up 12.4% to 105.7mn tn

PTI ■ NEW DELHI

Leading cement maker UltraTech's consolidated sales rose by 12.4 per cent to 105.7 million tonnes (MT) in FY2022-23, Aditya Birla group firm said in a regulatory filing on Saturday.

The company produced 94 MT of cement in FY22.

Its total sales volume in the domestic market also crossed 100 MT for the financial year that ended on March 31, 2023.

UltraTech's total sales volume for the India market in FY23 was at 101.7 MT, up 13.63 per cent compared to 89.5 MT a year ago.

“We are pleased to inform the company has achieved 100 million tonnes of production, despatches and sales in FY23,” it said.

Its grey cement production

in the domestic market was at 100.1 MT in FY23, reporting 13.75 per cent growth while its white cement production was 1.5 MT, up 11 per cent.

UltraTech's overseas production, mainly grey cement was 4.4 MT in FY23. For the fourth quarter that ended on March 31, 2023, UltraTech's total consolidated sales volume was at 31.7 MT and its India volume was at 30.5 MT.

UltraTech has a consolidated capacity of 132.35 million tonnes per annum (MTPA) of grey cement. It has 23 integrated manufacturing units, 29 grinding units, one clinkerisation unit and eight Bulk Packaging Terminals.

It is the third largest cement producer in the world, excluding China.

Maruti Suzuki, Hyundai, Tata Motors report best-ever wholesales in FY23

PTI ■ NEW DELHI

Maruti Suzuki, Hyundai and Tata Motors reported their highest-ever dispatches to dealers last fiscal, enabling the domestic passenger vehicle industry to log in best-ever performance to date.

The country's largest car-maker Maruti Suzuki India reported its highest wholesales to date at 19,66,164 units, up 19 per cent from 16,52,653 units in 2021-22.

Its domestic dispatches rose to 17,06,831 units in 2022-23, up 21 per cent from 14,14,277 units in 2021-22 fiscal.

Hyundai Motor India said its overall wholesales last fiscal were the highest ever since commencing operations in the country.

The automaker dispatched 7,20,565 units to dealers last fiscal, up 18 per cent from 6,10,760 units in 2021-22. Its domestic dispatches rose to 5,67,546 units last fiscal, up 18 per cent from 4,81,500 units in the 2021-22 financial year.

The country's second-largest carmaker said it was its best performance to date in terms of sales volume in the domestic market in a financial year.

Tata Motors also reported the best-ever passenger vehicle dispatches in the domestic market last fiscal at 5,38,640 units, up 45 per cent from 3,70,372 units FY22.

Maruti Suzuki India Senior Executive Officer, Marketing and Sales, Shashank Srivastava said the company reported its highest-ever sales in a financial year despite chip shortage con-

tinuing to impact the production activity. He noted that the overall industry sales last fiscal rose to 38.89 lakh units, an increase of 27 per cent from 30.69 lakh units in 2021-22. “Both wholesales and retails were the highest for the industry last fiscal,” Srivastava said.

The industry sales were expected to rise to 4.05-4.10 million in the current fiscal, he added.

“We expect the industry growth to be in the range of 5-7 per cent this fiscal and the company would like to perform better than the industry,” Srivastava said.

He noted that with models like Jimny and Fronx in its kitty, the company expects to corner 25 per cent of the SUV market in the current fiscal. MSI ended the last fiscal with a market share of 12.6 per cent in the SUV segment with sales of 2,02,800 units.

The company, which has discontinued its entry-level model Alto 800 citing affordability factor, said the SUV segment continues to outpace others

with a contribution of 43 per cent in the overall domestic passenger vehicle industry.

Srivastava noted that the contribution of the hatchback segment has come down to 35 per cent last fiscal from 46 per cent in 2016-17.

“Affordability has been hit and it has affected the uptake in this segment. If the income levels go up, we can hope for it to make a comeback. Even now the top best-selling cars in the country are hatchbacks,” he said.

Srivastava noted that the chip shortage would continue to impact the industry for the next few quarters. MSI's total order backlog stood at around 3.8 lakh units, with Ertiga leading in terms of pending bookings, he added.

Srivastava confirmed that the company would have a certain production loss in the fourth quarter due to supply constraints. The company had a production loss of around 46,000 units in the third quarter.

Replying to a query, Srivas-

tava noted that the company has taken a price hike of around 0.8 per cent from April.

Hyundai reported domestic dispatches of 5,67,546 units last fiscal, up 18 per cent from 4,81,500 units in the 2021-22 financial year.

Exports rose 18 per cent year on year to 1,53,019 units.

“FY 22-23 has been a phenomenal year for the company, as we introduced seven segment-defining products like the all-new Hyundai Tucson, new Venue, Venue N Line, all electric IONIQ 5, new Grand i10 NIOS, new AURA and the all-new Verna catering to different segments thus giving a strong push to brand Hyundai amongst new-age Indian customers,” Hyundai Motor India COO Tarun Garg said in a statement.

Despite global headwinds, the company sees momentum in the Indian auto industry to continue, he added.

Tata Motors Passenger Vehicles Managing Director Shailesh Chandra stated noted that the steep growth witnessed

Sebi bans 3 individuals from securities mkt for 2 yrs, fines ₹90 lakh in ZEEL insider trading case

PTI ■ NEW DELHI

Sebi has barred three individuals from the securities market for two years and imposed penalty totalling Rs 90 lakh on them in a case pertaining to insider trading activities in the scrip of Zee Entertainment Enterprises Ltd (ZEEL).

The three individuals banned by the regulator — Bijal Shah, Gopal Ritolia and Jatin Chawla — have also been directed to pay the fine within 45 days.

In addition, Ritolia and Chawla have been directed to

disgorge illegal gains to the tune of Rs 7.52 crore and Rs 2.09 crore respectively along with interest, the regulator said in its 152-page final order on Friday.

The case relates to insider trading activities by certain entities in the scrip of ZEEL, while in possession of unpublished price sensitive information (UPSI) pertaining to audited financial results of the media company for the quarter ended June 30, 2020 as well as launch of ZEEPLEX by the company on September 1, 2020.

Bijal Shah, who was head of

the financial planning and analysis, strategy and investor relations at ZEEL during the relevant time, had access to this unpublished price sensitive information.

He in turn, communicated

the information to Ritolia and Chawla, who traded on the basis of this information and earned profits to the tune of Rs 7.52 crore and Rs 2.09 crore respectively, the Securities and Exchange Board of India (Sebi) said.

According to the regulator, Shah is not liable for insider trading, he has played the primary role in disclosing the unpublished Price sensitive information to Ritolia and Chawla, which resulted in the violation of the provisions of insider trading rules.

MCL reaches new high in coal production

PTI ■ BHUBANESWAR

Mahanadi Coalfields Limited (MCL) on Saturday said the company has registered a record 193.3 million tons of coal production during the 2022-23 financial year.

The MCL also posted the highest ever 192.7 million ton coal despatch to consumers, Chairman-cum-Managing Director Om Prakash Singh, said while addressing the AGM here. “The MCL registered a growth of 15 per cent for the financial year 2022-23, while coal despatch showed nine per cent growth over the previous financial year 2021-22,” Singh said.

The company has achieved all its tar-

gets much ahead of schedule and has helped Coal India surpass its target of 700 million tons set for the financial year 2022-23, the CMD said.

He said 97 per cent of total production of MCL was through eco-friendly equipment surface miners. He said that the coal despatch to the power sector also increased from 127.12 million tons, 2,922 to 148.8 million tons in 2022-23 with a growth of 17 per cent.

Strengthening its business activities, the company made Capital Expenditure (CapEx) of Rs 3,850 crore during the financial year 2022-23, he said adding that MCL enjoys being the top company in Odisha contributing under CSR.

Godrej Properties buys four acre in Pune for housing project; eyes ₹1K cr revenue

PTI ■ NEW DELHI

Realty firm Godrej Properties has acquired a 4-acre land parcel in Pune to build a luxury housing project with an estimated revenue potential of ₹1,000 crore. In a regulatory filing on Saturday, Godrej Properties informed that it has acquired around 4-acre land parcel near Korgaon Park in Pune. The development on this land will primarily be a luxury housing project.

“The project will have a developable potential of approximately 7.5 lakh square feet with an estimated revenue potential of approximately ₹1,000 crore,” the company said.

The company, however, did not disclose the financial details of the transaction. Gaurav Pandey, the MD and CEO of Godrej Properties, said the demand for luxury homes has remained strong over the past few years.

'Small tea growers made India self-reliant in production'
PTI ■ KOLKATA
Emergence of small tea Egrowers (STGs) has made the country self-reliant in the production of the beverage and to meet domestic requirements and exports, Tea Board said. STGs have also helped local economic conditions and livelihood of the people, the Tea Board said in a statement. India annually produces nearly 1400 million kg of tea, out of which the contribution of STGs is more than 50 per cent, it said. Tea exports from India in value terms is close to \$800 million. It attained a positive growth of 15 per cent in volume of around 220 million kg in 2022, the board said. The country is now the second largest producer of the beverage after China and tea industry is one of the largest employers. India is also the fourth largest exporter after China, Kenya and Sri Lanka, it said. According to the Tea Board, the agency has helped in the development of the industry in terms of area under cultivation, production, productivity and domestic consumption.

AFTER IMPRESSING AT WORLDS, PREETI EYES BERTH IN ASIAN GAMES-BOUND CONTINGENT

PTI ■ NEW DELHI

After impressing in her maiden Women's World Boxing Championships, the prodigiously talented Preeti Pawar is eager to put to test the learnings from the tournament at the first Olympic qualifiers - the Asian Games this year -- provided she secures a spot in the Indian contingent.

The 19-year-old put up a fearless display across all her three bouts in the marquee event here as she notched an RSC win before topping the top seed and last edition's silver medallist Lacramioara Perjoc of Romania.

She made a pre-quarterfinal exit after losing a fiercely-contested bout to two-time medallist, Thailand's Jitpong Jutamas, earning plaudits from everyone.

"Junior and youth level is mostly about who attacks more but once you are at the senior level, you have to play with your mind and be more technical," Preeti told PTI.

"I feel I need to modify my game, I should not be attacking all the time, I need to counter more. I am working on improv-

ing my strength and tweaking techniques.

"If I qualify for the Asian Games that will be great. So, I want to be prepared for the Olympic qualifying event," added Preeti, who competes in

the 54kg class, an Olympic category.

The Asian Games from September 23 to October 8 in Hangzhou, China are the first Paris Olympics qualifying event for boxers from the continent.

For someone, who was averse to the idea of taking up boxing a few years back, the Bhiwani pugilist has made a name for herself quickly in the sport.

"I never thought I'd come

into sports and choose boxing as my career. I wasn't interested in sports. I was focussed on my studies.

"One day, my uncle and father came and said to me that I have to do boxing."

The then 14-year-old's immediate reaction was "Main nahi karungi, boxing toh bilkul bhi nahi (I will never take up boxing)."

But Preeti, whose father is an assistant sub-inspector in Haryana Police, reluctantly started training at her uncle and former national medallist boxer Vinod Sai Pawar's, boxing academy.

"In the beginning boxing was forced on me, I used to go for training but after coming back I used to cry, kabhi pair dard hota tha kabhi haath (sometimes my feet would hurt, other times my hands)."

"It went on for 6-7 months. When I started playing, competitions I developed interest. Then when I won medals, the confidence and interest increased."

At her uncle's boxing club, there weren't many girls, so Preeti regularly sparred with

boys, much to the dislike of her mother.

"Mummy was scared that I'll get punched. Once during training, I got hit and passed out. I had to be taken to a doctor," recalls Preeti.

The Haryana-based boxer clinched the silver medal at the Youth Asian Championships in 2021. She also joined the Inspire Institute of Sports, which has sponsored her since then.

Making her transition to the senior level, Preeti won bronze in her maiden event -- the 2022 Asian Championships at Jordan. She lost to the Tokyo Olympics featherweight champion Sena Irie of Japan in the semifinal.

"When I boxed in my first senior competition, I felt this is where real boxing starts. I lost to the Tokyo Olympics champion but I got a lot of confidence from that bout."

The teenager is a little low on experience but believes there is no substitute to hard work.

"I don't think anyone has been able to achieve what I have in a such a short time. So, time doesn't matter how long you have been there, it is the hard work that counts."

ITF Mysuru Open: Mukund -Vishnu pair bags doubles title

PTI ■ MYSURU

India's Mukund Sasikumar and Vishnu Vardhan bagged the doubles title at the ITF Mysuru Open as the duo showed admirable endurance against compatriots B Ritvik Choudhary and Nikki Poonacha here on Saturday.

The two defeated top seeds Choudhary and Poonacha 6-3, 6-4 in 1 hour and 10 minutes.

Mukund and Vishnu warded off seven break points in the match while they converted two opportunities to break their opponents to ease their way to the title.

"I am very happy to return to Mysore Tennis Club. I was here as a 12-year-old and I was also the winner of the first International tournament here in 2012. Now, I am very happy to win the doubles title, so I think I partially defended my title," Vardhan said after the match.

"When I came here with my mom in 2012 I was reconsidering playing tennis professionally and from that point to be in Grand Slam ranking and India No 1, it has been a remarkable journey," said Mukund after the match.

"During the pandemic, my life had hit the rock bottom again but I was decided that irrespective of how this week had gone, this will be a new start to an unforgettable journey this year and I hope to return here soon but hopefully you will see me in bigger tournaments."

In fact, it was the second match of the day for Mukund and Vishnu and they showed great powers of concentration to stay focused on the task.

They also won more than 80 percent of points on both first and second serves, indicating the consistency in their game.

Earlier in the day, Mukund and Vishnu romped into the doubles final upsetting second seeded Australia-Ukraine pair of Blake Ellis and Vladyslav Orlov 6-4, 7-5.

The USD 25,000 event is being hosted by the Karnataka State Lawn Tennis Association (KSLTA).

In the singles, India's campaign ended when Mysuru lad S D Prajwal Dev went down fighting to George Loffhagen of Britain 5-7, 4-6 in a tight semifinal match that lasted precisely two hours.

Loffhagen will face eighth seeded Australian Blake Ellis, who shocked second seeded American Oliver Crawford 7-5, 6-3 in the other last four clash. The final will be played on Sunday.

Results (Singles, semifinals)
George Loffhagen (GBR) beat SD Prajwal Dev (IND) 7-5, 6-4 (8) Ellis Blake (AUS) beat (2) Oliver Crawford (USA) 7-5, 6-3

Doubles, Final:
Mukund Sasikumar (IND) / Vishnu Vardhan (IND) beat Ritvik Choudhary (IND) and Nikki Poonacha (IND) 6-3, 6-4.

Maini bags maiden F2 podium at Melbourne

AP ■ MELBOURNE

Indian driver Kush Maini of Campos Racing fought off a strong challenge from Arthur Leclerc of DAMS in a rain-interrupted race to claim his first-ever Formula 2 podium with a third-place finish at the Albert Park, here on Saturday.

Maini started from P3 on the grid on prime tyres and held on to his position for several laps while Arthur Leclerc was right behind him putting pressure on the softer tyres.

Leclerc got past Maini but the Indian fought back and made a last second dive onto the inside and got back P3.

Leclerc kept the pressure on through the safety car restarts as well but Maini held on to a well-deserved maiden podium in F2.

"I have been waiting on the doorstep of getting onto a podium and narrowly missed it at Bahrain," the 22-year-old said.

"It was great to get my first podium on a new track as a rookie. It is most important to keep consistent as it's a very long series. We have had a good start to the season so far with consistency in qualifying always in the top 8."

Dennis Hauger (MP Motorsport) and Jak Crawford (Hitech Pulse-Eight) took the top-two finishes.

Haaland misses Man City match vs Liverpool due to injury

AP ■ MANCHESTER

Manchester, Apr 1 (AP) Prolific striker Erling Haaland was not part of Manchester City's squad to play Liverpool on Saturday after failing to recover from a groin injury.

The Norway international, who has scored 42 goals in all competitions this season, had to withdraw from his country's European Championship qualifiers against Spain and Georgia last week because of the problem.

"He is not fit. He doesn't feel proper," City manager

Pep Guardiola said ahead of the game.

"It is not a big issue but today he was not right."

Haaland leads the Premier League scoring charts with 28 goals and has hit nine in his last three games in all competi-

titions.

The game was important for both teams, with City eight points behind first-place Arsenal with a game in hand, and Liverpool fighting to secure a top-four spot for Champions League qualification.

Guardiola earlier this week said the 22-year-old Haaland would be given the chance to prove his fitness during the team's training session on Friday. Haaland's father, Alf-Inge, was quoted by Norwegian TV during the week saying his son had traveled to Barcelona for treatment.

NBA, players reach deal for new labour agreement

AP ■ NEW YORK

The NBA will have labor peace for years to come. The league and its players came to an agreement early Saturday on a new seven-year collective bargaining agreement, the NBA announced. It is still pending ratification, though that process is almost certainly no more than a formality.

The deal will begin this summer and will last at least through the 2028-29 season. Either side can opt out then; otherwise, it will last through 2029-30.

Among the details, per a person familiar with the negotiations who spoke to The Associated Press: the in-sea-

son tournament that Commissioner Adam Silver has wanted for years will become reality, and players will have to appear in at least 65 games in order to be eligible for the top individual awards such as Most Valuable Player. The person spoke on condition of anonymity because neither the league nor the National Basketball Players Association released specifics publicly.

Another new part of the CBA will be a second luxury tax level that, when reached, will keep teams from using their midlevel exception to sign players. That was a clear compromise, given how teams wanted the so-called "upper spending limit" that

would have essentially installed an absolute ceiling on what can be spent each season and help balance the playing field between the teams that are willing to pay enormous tax bills and those who aren't.

Not in the CBA is a change to the policy that would allow high school players to enter the NBA draft. It was discussed and has been an agenda item for months, but it won't be changing anytime soon - probably not for at least the term of the next CBA.

"We also appreciate that there is a lot of benefit to really having veterans who can bring those 18-year-olds along," NBPA executive director Tamika Tremaglio said in February during an NBPA news conference at All-Star weekend.

"And so, certainly anything that we would even consider, to be quite honest, would have to include a component that would allow veterans to be a part of it as well."

Silver said Wednesday, at the conclusion of a two-day Board of Governors meeting, that he was hopeful of getting a deal done by the weekend. He also said there had been no consideration - at least on the league's part - of pushing the opt-out date back for a third time.

Marseille held 1-1 at home by Montpellier in French league

AP ■ MARSEILLES (FRANCE)

Marseille missed the chance to put pressure on French league leader Paris Saint-Germain after being held at home by in-form Montpellier to 1-1. Matteo Guendouzi's first-half penalty was all Marseille had to show for dominating possession and chances as the visitors stayed unbeaten in the seventh game since coach Michel Der Zakarian returned last month.

Marseille's draw means PSG can move nine points clear on Sunday with a win at home over Lyon. The visitors made a better start and Arnaud Nordin fired Montpellier ahead in the 12th minute, though he had to wait for a VAR check to celebrate after he was initially flagged offside. Wahbi Khazri made a fine turn to elude Guendouzi and set off on a run that sucked in four Marseille defenders before he played the ball to Elye Wahi, who sent it straight on to Nordin for the French forward's fifth league goal.

Verstappen takes pole position at F1 Australian Grand Prix

AP ■ MELBOURNE

Max Verstappen will have his best chance of claiming an inaugural Australian Grand Prix title after taking pole position in his Red Bull for Sunday's third race of the Formula One season on the Albert Park circuit.

Seven-time world champion Lewis Hamilton is among rivals sharing renewed hope after the dominance Red Bull has had over its rivals was diminished during Saturday's qualifying session.

Verstappen, a two-time world champion, was not pleased with the performance of his RB19 despite setting a track record around the circuit on Saturday.

After setting a lap record during practice earlier on Saturday, the drivers' championship leader set a benchmark of 1 minute, 16.732 seconds in the final session of qualifying.

"I have been on the podium once, but I want to be on a different step this time," Verstappen said after claiming his first pole position in Australia. His teammate Sergio Perez, who sits just one point behind the Dutch driver in the championship, will start from the back of the grid after

enduring a horrible day in Melbourne.

After declaring Red Bull would win every race this season after their supremacy in Bahrain, Mercedes driver George Hamilton shared the front row of the starting grid after recording a time 0.236 seconds slower than Verstappen.

Hamilton will start in third position on what was an encouraging day for Mercedes, with Aston Martin's Fernando Alonso qualifying fourth.

"This is totally unexpected. For us to be up in the two front rows is a dream," Hamilton said. "To be this

close to Red Bull is incredible. I think this gives everyone in the team a boost and a glimpse of hope. This will spur everyone on. It will inspire everyone to continue to push."

Verstappen, who won the season-opening race in Bahrain, was progressively faster on Saturday but raised concerns about his car on the lap prior to setting the new mark.

"Downshifts are getting worse as well," Verstappen said.

Verstappen said he has confidence in the Red Bull's reliability. But he was surprised by how close the Mercedes pair finished.

Sinner stuns top-ranked Alcaraz in Miami Open semifinals

AP ■ MIAMI GARDENS (FLORIDA),

Tenth-seeded Jannick Sinner of Italy stunned top-ranked Carlos Alcaraz in the Miami Open semifinals, rallying from a set down to beat the defending champion, 6-7 (5), 6-4, 6-2 in a three-hour thriller.

Sinner ended Alcaraz's winning streak at 10 matches on Friday night. Sinner's powerfully steady baseline game wore down Alcaraz, who appeared to be cramping early in the decisive third set while

he also dealt with an apparent finger injury. He will lose the No. 1 ranking to Novak Djokovic.

Sinner, the 21-year-old who made the Miami Open final last year but hasn't been past the quarterfinals of a major, will face fourth-seeded Daniil Medvedev of Russia in the championship match Sunday. Medvedev has beaten Sinner in all five meetings.

Alcaraz had been so dominant recently, he hadn't lost a set since February before Sinner's rally in the Miami

humidity. The Alcaraz hype train has been so breakaway NBA stars Luka Doncic and Jimmy Butler showed up to watch the Spanish star from the teal seats.

Alcaraz also fought Sinner in Indian Wells in the semifinals, and it was a taut match but not quite like this. These two young guns are poised for a long and spectacular rivalry. Sinner's victory ended Alcaraz's hope of becoming the first man since Roger Federer in 2017 to win the Sunshine Double of Indian Wells and Miami.

Medvedev beat fellow Russian Karen Khachanov 7-6 (5), 3-6, 6-3 on the same day Wimbledon announced Russians will be allowed back.

Medvedev has won 23 of 24 matches - the lone loss to Alcaraz - and is in his fifth straight final.

Also Friday, No. 15 seed Petra Kvitova beat unseeded Sorana Cirstea 7-5, 6-3 in the second women's semifinal. Kvitova will face Elena Rybakina in the final.

Alcaraz prevailed in the first set in a tiebreaker but that took a lot out of Alcaraz's 19-

year-old legs. Between points in the third set, Alcaraz was stretching noticeably during the third set, trying to stave off cramps and waded to the crowd for support.

Despite Alcaraz getting the second set back on serve, Sinner stunned Alcaraz in the ninth game, breaking him at love to go up 5-4 and then closing it out. Alcaraz had won 21 straight sets.

An ATP trainer came out to attend to Alcaraz midway through the second set, examining one of his fingers before the cramps set in.

Red Bull team principal Christian Horner said this week in Melbourne he believes gender equality in the sport is inevitable.

"I think it is fantastic to see the amount of girls, females, that are showing interest in Formula One now and we're seeing it at all levels," he said.

"I think the interest is growing. It is appealing to more women to get involved in the sport, whether that is from an engineering basis, or across all aspects of the organization."

"As the sport does become more accessible, and we are pushing to make it more accessible, I think that is something that will naturally happen anyway."

Mayers 73 propels Lucknow to massive 193/6 vs Delhi

PTI ■ LUCKNOW

Kyle Mayers made a grand entry on IPL stage with a scintillating 38-ball-73 to lead Lucknow Super Giants to an imposing 193/6 against Delhi Capitals in their season-opener, here on Saturday.

The left-hander from Barbados, who was included in absence of South African opener Quinton De Kock, made Capitals pay a heavy price for dropping him on 14, by blazing his way to a 28-ball fifty as his knock had as many as seven sixes.

Deepak Hooda (17, 18b) at the other end was a mere spectator to Mayers' fury as they stitched 79 runs in 42 balls to accelerate the run-rate in the middle overs.

The duo departed in the space of one ball, while Marcus Stoinis (12) got out cheaply in the middle overs.

But LSG maintained the momentum with Nicholas Pooran (36; 21b) and Krunal Pandya (15 not out; 13b) taking the charge, before Ayush Badoni's mini assault (18; 7b, 1x4, 2x6) and a last ball six from 'Impact Substitute' Krishnappa Gowtham yielded 22 runs from the 20th over bowled by Chetan Sakariya (2/53).

The last five overs produced 66 runs, primarily due to Pooran and Badoni using long handles to good effect. Playing their first-ever home game since joining IPL last year, LSG were in a spot of bother with DC bowlers making full use of the

two-paced tricky Ekana wicket after opting to bowl.

It took LSG openers, KL Rahul and Mayers, 16 balls to get going and hit their first boundary.

They were reduced to 19/1 inside four overs when left-arm

pacer Sakariya prolonged Rahul's lean patch by dismissing the Indian opener with a slower one. It was Sakariya's third dismissal of Rahul in four IPL match-ups.

But things soon tilted in the home team's favour after Khaleel

Ahmed grassed a sitter off Mayers in the last over the Powerplay.

Mayers unleashed his fury against debutant Mukesh Kumar, crunching him for two massive sixes in the very next over.

There was no stopping Mayers as he continued his assault on their frontline spinners Axar Patel and Kuldeep Yadav in his knock studded with seven sixes and two fours.

Patel however had the last laugh when he cleaned up Mayers with a ball that turned almost square from an imaginary fifth stump line.

Thereafter, it was his West Indies teammate Nicholas Pooran who seized the momentum in his 21-ball 36 (2X4, 3X6) as he along with Krunal Pandya kept the run flow.

Delhi were also let down by their ground fielding. For them, Khaleel was the pick of the bowler as he made a fine comeback from injury to return 2/30 with wickets of Stoinis and Pooran, latter caught smartly by Prithvi Shaw.

Rohit, Archer both fit for MI's opener: Coach Boucher

PTI ■ BENGALURU

Mumbai Indians head coach Mark Boucher confirmed that skipper Rohit Sharma and pacer Jofra Archer are fit for their IPL opener against Royal Challengers Bangalore on Sunday. There were speculations that Rohit might not be available for the opening game as he had missed the captains' photo shoot in Ahmedabad. But Boucher dispelled all rumours.

"Yes, Rohit is fit. He has trained the last two days and is 100 per cent ready to go. I think he didn't feel particularly well that morning and just as a precaution, we told him to stay at home," Boucher said at the pre-match press conference on Saturday.

"There are a lot of photo shoots the boys have had to do. He's not had a lot of time to himself so we thought it was better," he added. In Jasprit

Bumrah's absence, England pacer Jofra Archer, who himself is coming off a long injury lay off, will lead the MI pace attack.

"Jofra is good, he is 100 per cent ready for tomorrow. He didn't train today, it was an optional training session. He felt that he was ready to put the spikes on tomorrow. We are very happy with his progression since he has been with us. He'll be playing tomorrow."

The five time champions had a poor last season where they finished 10th but Boucher doesn't want to look back as he wasn't in charge back then.

"I can't comment too much about last year I wasn't there. But we have spoken about it, some new talents in the team, new energy, some guys who have done really well in the previous IPLs. "They understand that last year we didn't have a good season but things can change very quickly, energies have been good, we are in a good space."

Punjab Kings beat KKR via DLS method in rain-hit IPL season-opener

PTI ■ MOHALI

Punjab Kings' costliest recruit Sam Curran dismissed the dangerous Andre Russell at the nick of time to ensure a seven-run victory over Kolkata Knight Riders via Duckworth-Lewis method in a rain-hit afternoon encounter of Indian Premier League, here on Saturday.

Chasing a target of 192, KKR were left stranded at 146 for 7 after 16 overs when heavy downpour put spanner on their hardwork. The DLS par score at that time was 153. Had KKR not lost Russell (35 off 19 balls), who was looking to walk away with the game and then Venkatesh Iyer to Arshdeep Singh in the next over, the par score would have been lower before heavens opened up.

The two wickets in the 15th and 16th over proved to be decisive as KKR needed 46 off 24 balls at that stage with Shardul Thakur (8 not out) and Sunil Narine (7 not out) were at the crease. Kolkata needed 62 from 32 balls when Curran dismissed an on-song Russell and Arshdeep removed the 'Impact Substitute' Venkatesh Iyer (34) which proved to be turning point. Russell was holed at deep mid-wicket and Iyer was snapped at point.

The burly West Indian Russell had ignited KKR's hopes of a turnaround with three fours and two sixes, while Iyer made the first real impact with in his 28 ball knock that had three fours and a six.

KKR had a poor start as they were reduced to 29/3 inside the first five overs but a 46-run stand for the fourth wicket between Iyer and skipper Nitish Rana (24) brought them back in contest. Then a 50-run partnership between Iyer and Russell put them on course for a possible chase. But KKR just did not have enough firepower in them on the day and Arshdeep's brilliant figures of 3/19 in 3 overs was a game-changer for the 'Red Devils'.

Floodlights malfunction leads to near-30 minute delay in KKR's chase vs PBKS

PTI ■ MOHALI

Kolkata Knight Riders' chase against Punjab Kings in their IPL match on Saturday was delayed by almost half an hour due to floodlight malfunction. The PCA-IS Bindra Stadium here has a total of six floodlights at a comparatively lower height.

Floodlight malfunction is common at Indian stadiums and on the day, once KKR came out to bat, a lot of bulbs in multiple towers didn't turn on and it became a frustrating wait for the players, who then went inside the dressing room.

The onus on stadium maintenance lies with Punjab Cricket Association and the inordinate delay was certainly an embarrassment for the local

unit. As of now, the cause of malfunction hasn't been known but it is a given that PCA brass will get a rap on the knuckles from the BCCI bigwigs. The delay also causes problems for the broadcasters — two this season as the match will now end well after 7:30 pm, the time when the next game starts.

In the second match of the IPL season here, Punjab Kings lost momentum in the second half of their innings after being asked to bat, adding just 91 runs for four wickets to finish at a total of 191 for five in their 20 overs. Bhanuka Rajapaksa top scored for Punjab Kings with 50 from 32 balls with five fours and two sixes while their new captain Shikhar Dhawan scored 40 from 29 balls with the help of six fours.

Arshdeep bowled an eventful second over, striking on the first ball to have Mandeep Singh (2) caught at deep mid-wicket by Curran. After Anukul Roy hit him for a four, the India pacer had the left-handed batter caught at short mid-wicket. Earlier in the first half, Bhanuka Rajapaksa slammed a quickfire 50 to guide Punjab Kings to a challenging 191 for five against Kolkata Knight Riders.

Rajapaksa added 86 runs for the second wicket with captain Shikhar Dhawan (40) to lay a strong platform, with Sam Curran (26 not out) providing late flurry on a batting friendly field. Punjab dominated the first half of the innings with aggressive batting and looked primed to cross 200, but KKR managed to pull things back in control with regular wickets after a sturdy 86-run association between Rajapaksa and Dhawan.

The left-handed Sri Lankan Rajapaksa made the most of wrong lines bowled to him by KKR bowlers, racing to the first half-century for PBKS this season. Riding on the momentum provided by Prabhsimran Singh (23) at the top, Rajapaksa ensured Punjab maintained the domination while Dhawan played the second fiddle throughout his stay.

They went about their job with precision to score nearly 10 runs an over, adding 86 runs from just 55 balls for the second wicket. The Sri Lankan batter toyed with the KKR bowling, finding gaps and clearing the ropes at will and perished only after scoring 50 from 32 balls with five fours and two sixes.

Jitesh Sharma hit a couple of sixes to score a quickfire 21 from 11 balls while playing his first IPL match, Raza scored 16 from 13 balls with a six and a four each.

Gaikwad's sixes clean, pure timing: Kumble

PTI ■ AHMEDABAD

Former India captain Anil Kumble was mighty impressed with Chennai Super Kings opener Ruturaj Gaikwad's six-hitting prowess during his 92-run knock in the IPL opener against Gujarat Titans, saying all his hits over the fence were "clean" and results of "pure timing".

However, Gaikwad's show, featuring four boundaries and nine sixes from 50 balls, was overshadowed by the Titans' all-round performance. Shubman Gill struck 63 off 36 balls to help the defending champions Titans chase down the 179-run target in 19.2 overs.

"We don't associate him (Gaikwad) with six hitting but to hit nine sixes in an inning is really amazing. Clean, it looked really clean. It was not like he was going out of shape and trying to muscle it, just pure timing," said Kumble in a release from the official IPL broadcasters.

Former India wicketkeeper Parthiv

Patel also praised Gaikwad, one of the players retained by CSK during the mega auction last year ahead of IPL 2022, for his dazzling knock.

"It seemed like Ruturaj Gaikwad was batting on a different wicket compared to the other batsmen. The approach he used is extremely praiseworthy," said Parthiv, a JioCinema IPL expert.

Gaikwad's form during IPL 2021 — he scored 635 runs in 16 games, including a century — was instrumental in CSK winning their fourth IPL title. His dip in form coincided with the Chennai outfit finishing ninth among 10 teams last year.

He has a special liking for Titans bowling attack, as in the three innings he has played against Hardik Pandya's side, he has scored 218 runs, including a half-century in every game.

Patel felt that CSK's score of 178 was not competitive enough to unnerv the Titans.

"On this wicket, the target was

below par, so a strong start is essential. I think the Gujarat Titans got that and kept the momentum. The way the Titans started their chase, Wriddhiman Saha got the license to use the first six overs to his advantage as much as he could," said the former India wicketkeeper-batter.

Patel predicted that from the way Gill

Right knee injury may cut short NZ batter Williamson's IPL stint

PTI ■ AHMEDABAD

New Zealand captain Kane Williamson's continuation in the ongoing IPL season has been put under doubt after suffering a right knee injury during his team's winning effort against Chennai Super Kings here.

The 32-year-old got injured following a nasty fall while fielding on the boundary during the CSK innings. He had limped off the field in the 13th over on Friday. The extent of his injury is not yet known, but going by what was seen on Friday night, it did not seem a minor injury.

Williamson, who was making his Gujarat Titans debut, intercepted a ball headed for a

possible six off CSK opener Ruturaj Gaikwad's bat.

He managed to palm the ball into the field of play before it bounced onto the boundary ropes. But he fell awkwardly on the ground and clutched his right knee in pain.

He was taken off after receiving on-field treatment and did not come back to bat with B Sai Sudharsan coming in as a substitute fielder first and later he took Williamson's place in the Titans' playing XI under the

Archer to go straight to Ashes after IPL stint: County club coach

PTI ■ LONDON

England pacer Jofra Archer will continue to prepare for the Ashes while playing in the IPL, and once the lucrative T20 tournament is over, he'll straight-away get into the gruelling five-Test series against Australia, according to his country club coach.

Sussex head coach Paul Farbrace said that Archer, who returns to Mumbai Indians this season after missing the entire last edition due to an elbow injury, is unlikely to play any red-ball cricket before the home Ashes series starts in June.

The first Ashes Test commences at Edgbaston on June 16. Following his recovery from an elbow injury and a stress fracture in his back, Archer has appeared for the national side seven times this year.

"The England plan for Jofra is he'll go and play in the IPL. I

think all things being equal, he (Archer) will go straight into the Ashes off the back of the IPL," Farbrace was quoted as saying by 'BBC Sport'.

Since Archer is unlikely to play any red-ball cricket before the Ashes due to his IPL commitment, the 27-year-old doesn't want to waste the opportunity to fine tune his Test bowling ahead of the oldest cricketing rivalry in the world.

Archer could play a Test against Ireland at Lord's from

June 1, but his availability is subject to the five-time IPL champions Mumbai Indians' progress in the IPL. The IPL final is scheduled for May 28.

"I think their plan is that between IPL games he'll bowl some longer spells to get his overs up and make sure that he is match-ready.

"That's the nature of international franchise cricket these days. I know there'll be a lot of people saying 'he should play at least two four-day games to be ready for a Test match', but the preparation and the work that the medical teams do around these players is exceptional," added Farbrace. Archer returned to the England white-ball setup in January this year after spending 17 agonising months recovering from the elbow and back injuries. He has taken 42 wickets in 13 Tests for England, but he last played the longest format in February 2021.

If Ruturaj continues way he is batting, he will do wonders for Indian cricket: Hardik

PTI ■ AHMEDABAD

Chennai Super Kings batter Ruturaj Gaikwad's dazzling knock of 92 went in vain in the IPL opener against Gujarat Titans but opposition captain Hardik Pandya was all praise of him, saying that he will do wonders for Indian cricket.

Gaikwad's classy knock off just 50 balls from which he struck four boundaries and nine sixes took CSK to 178 for 7. The Titans, however, chased down the target with four balls to spare, riding on Shubman Gill's 63 off 36 balls on Friday.

"Some of the shots he (Gaikwad) played was nothing to do with the bowling. There were some tremendous shots. Full credit to him the way he batted, and if he continues to do so he is going to do wonders for Indian cricket," Pandya told reporters at the post-match conference.

"He has the game and when the time comes I am sure the Indian cricket team will back him enough," he said.

The 26-year-old Gaikwad has played nine T20s after making his debut in July 2021, scoring 135 runs at a modest average of 16.87. He had also played one ODI in 2022.

Pandya said the way Gaikwad was batting on Friday, it was getting difficult to bowl at him.

"Obviously, we all know what kind of a player he (Gaikwad) is. It looked like at one time CSK would score 220-230. We were finding it difficult on what area we should bowl at him. I had genuinely felt that we would not get him out at all," the Titans captain said.

"He is all-round cricketer, some of the shots he played were not bad balls, actually good

balls and that makes a lot of difference. As a bowling unit and as a captain, that made my job more difficult," he said.

Analysing his side's win in the last over, Pandya said, "A couple of shots from myself and Shubman put us in a difficult situation but again Rahul (Tewatia) getting the best out of his ability and Rashid coming in and showing what he can do.

"So overall we are quite happy but in a way, a lot of things we can learn from this victory. Even (if) we had lost we would have learnt a lot of things."

The Titans needed 41 off the last five overs but CSK managed to take the game down to the wire. It needed a cameo from Rashid Khan (10 not out off 3 balls) to settle the nerves in the Titans dressing room.

"It's very good to start with a win. What Rashid did, we expected that from him, we showed a lot of trust and confidence in his batting, which he had shown again and again. When we lost Kane (injured while fielding during CSK innings) that put us a little back.

"I don't think it was too long. It was five overs and 40 runs and we would have got it any day. Just that we lost one too many wickets.

“Reflecting on where I came from helps me to appreciate and balance what I have now”
— Meghan Markle

Trump has become the first former president to be indicted in a criminal case after a grand jury investigation into hush money payments made on his behalf during the 2016 presidential campaign, write ALANNA DURKIN RICHER and MEG KINNARD

TRUMP INDICTMENT & INVESTIGATION

Donald Trump’s unprecedented indictment comes as the Republican faces other legal investigations and launches a bid to return to the White House in 2024.

The indictment will test the Republican Party already divided over whether to support Trump next year, in part due to his efforts to undermine his 2020 election loss.

Trump has denied any wrongdoing and accuses prosecutors of engaging in a politically motivated “witch hunt” to damage his campaign.

Here’s a look at the hush money case, the grand jury investigation and possible ramifications for Trump’s presidential campaign:

WHAT’S THIS CASE ABOUT?

The grand jury spent weeks meeting in secret to probe Trump’s involvement in a \$130,000 payment made in 2016 to the porn actor Stormy Daniels to keep her from going public about a sexual encounter she said she had with him years earlier. Trump lawyer Michael Cohen paid Daniels, whose real name is Stephanie Clifford, through a shell company before being reimbursed by Trump, whose company, the Trump Organisation, logged the reimbursements as legal expenses.

Earlier in 2016, Cohen also arranged for former Playboy model Karen McDougal to be paid \$150,000 by the publisher of the supermarket tabloid The National Enquirer, which then squelched her story in a journalistically dubious practice known as “catch and kill.”

Trump denies having sex with either woman.

Trump’s company “grossed up” Cohen’s reimbursement for the Daniels payment to defray tax payments, according to federal prosecutors who filed criminal charges against the lawyer in connection with the payments in 2018. In all, Cohen got \$360,000 plus a \$60,000 bonus, for a total of \$420,000.

Cohen pleaded guilty to violating federal campaign finance law in connection with the payments. Federal prosecutors say the payments amounted to illegal, unreported assistance to Trump’s campaign. But they declined to file charges against Trump himself.

WHAT ARE THE CHARGES?

The indictment has not yet been unsealed, so it’s not totally clear.

Some experts have said they believe Trump could be charged with falsifying business records, which can be a misdemeanor or a felony under New York law. To secure a conviction on the felony charge, prosecutors would have to prove that records were falsified with the intention of committing or concealing a second crime. It’s not clear what prosecutors may allege as the second crime.

WHAT HAS TRUMP’S LAWYER SAID?

Trump’s lawyer, Joe Tacopina, said Thursday that the former president didn’t commit any crime and vowed to “vigorously fight this political prosecution in court.”

Tacopina has accused prosecutors of “distorting laws” to try to take down the former president. He has described Trump as a victim of extortion who had to pay the money because the allegations were going to be embarrassing to him “regardless of the campaign.”

“He made this with personal funds to prevent something from coming out — false, but embarrassing to himself, his family, his young son. That’s not a campaign finance violation, not by any stretch,” Tacopina said on ABC’s ‘Good Morning America’ before the indictment.

WHAT HAPPENS NEXT?

Law enforcement officials have been making

“THE THUGS AND CRIMINALS WHO ARE CORRUPTING OUR JUSTICE SYSTEM WILL BE DEFEATED, DISCREDITED AND TOTALLY DISGRACED”
— DONALD TRUMP

security preparations for days for the possibility of an indictment and a court appearance by the president.

Trump was expected to surrender to authorities next week, though details were still being worked out, according to a person familiar with the matter who was not authorized to discuss a matter that remained under seal.

WHAT’S THIS GRAND JURY AND WHO TESTIFIED?

A grand jury is made up of people drawn from the community, similar to a trial jury. But unlike juries that hear trials, grand juries don’t decide whether someone is guilty or innocent. They only decide whether there is sufficient evidence for someone to be charged.

Proceedings are closed to the public, including the media. New York grand juries have 23 people. At least 16 must be present to hear evidence or deliberate and 12 have to agree there is enough evidence in order to issue an indictment.

David Pecker, a longtime Trump friend and the former chief executive of the parent company of The National Enquirer, returned to the courthouse this week where the grand jury was meeting.

Pecker’s company, American Media Inc., secretly assisted Trump’s campaign by paying \$150,000 to McDougal in August 2016 for the rights to her story about an alleged affair with Trump. The company then suppressed

McDougal’s story until after the election.

The grand jury also heard from Cohen, as well as Robert Costello, who was once a legal adviser to Cohen.

The men have since had a falling out, and Costello indicated he has information he believes undercuts Cohen’s credibility and contradicts his incriminating statements about Trump. Costello testified at the invitation of prosecutors, presumably as a way to ensure that the grand jury had an opportunity to consider any testimony or evidence that might weaken the case for moving forward with an indictment.

Trump was also invited to testify, but didn’t.

WHAT ARE THE POLITICAL RAMIFICATIONS FOR TRUMP?

Neither the indictment itself nor a conviction would prevent Trump from running for or winning the presidency in 2024.

Last week in Waco, Texas, Trump took a defiant stance at a rally by disparaging the prosecutors investigating him and predicting his vindication as he rallied supporters in a city made famous by deadly resistance against law enforcement.

“You will be vindicated and proud,” Trump said in a speech brimming with resentments and framing the probes as political attacks on himself and his followers. “The thugs and criminals who are corrupting our justice system will be defeated, discredited and totally disgraced.”

Before the charges were handed down, many party leaders had also already begun to defend the former president.

During a visit this month to Iowa, former Vice President Mike Pence called the idea of indicting a former president “deeply troubling.” Another 2024 Republican prospect, New Hampshire Gov. Chris Sununu, has said there is a sense that the former president is being unfairly attacked.

Former South Carolina Gov. Nikki Haley, a declared candidate who also served as Trump’s UN ambassador, has called Bragg’s case an attempt at scoring “political points,” adding, “You never want to condone any sort of prosecution that’s being politicised.”

Florida Gov. Ron DeSantis, who is considering joining the 2024 Republican field, slammed the investigation as politically motivated. But he also threw one of his first jabs at the former president in a quip likely to intensify their rivalry. DeSantis said he personally doesn’t “know what goes into paying hush money to a porn star to secure silence over some kind of alleged affair.”

WHAT ABOUT OTHER TRUMP INVESTIGATIONS?

The New York case is just one of many legal woes Trump is facing.

The Justice Department is also investigating his retention of top secret government documents at his Florida estate, Mar-a-Lago, after leaving the White House. Federal investigators are also still probing the Jan. 6, 2021, insurrection at the US Capitol and efforts to overturn the 2020 election that Trump falsely claimed was stolen.

In Georgia, Fulton County District Attorney Fani Willis has been investigating whether Trump and his allies illegally meddled in the 2020 election. The foreperson of a special grand jury, which heard from dozens of witnesses, said last month that the panel had recommended that numerous people be indicted, and hinted Trump could be among them. It is ultimately up to Willis to decide whether to move forward.

- Many surgical conditions in children are TOTALLY DIFFERENT FROM ADULTS
- The laparoscopic hand instruments in children consists of smaller length and diameter
- In children, the inside space to work is less which makes surgery very difficult
- Minimally Invasive surgical team needs to be highly experienced and trained.

Trump at the end of primrose path

The spectacle around Donald Trump’s indictment and arraignment in a court will mark an unprecedented moment in American history that will demonstrate once again how dramatically Trump has upended democratic norms. But on a personal level, the indictment pierces the cloak of invincibility that seemed to follow Trump through his decades in business and in politics, as he faced allegations of fraud, collusion and sexual misconduct, writes JILL COLVIN

When Donald Trump steps before a judge next week to be arraigned in a New York courtroom, it will not only mark the first time a former US president has faced criminal charges. It will also represent a reckoning for a man long nicknamed “Teflon Don,” who until now has managed to skirt serious legal jeopardy despite 40 years of legal scrutiny.

Trump, who is the early frontrunner for the Republican presidential nomination, is expected to turn himself in on Tuesday. He faces charges, including at least one felony offence, related to hush money payments to women during his 2016 campaign. Like any other person facing trial, he will be booked, fingerprinted and photographed before being given the chance to enter a plea.

The spectacle that is sure to unfold will mark an unprecedented moment in American history that will demonstrate once again how dramatically Trump - who already held the distinction of being the first president to be impeached twice - has upended democratic norms. But on a personal level, the indictment pierces the cloak of invincibility that seemed to follow Trump through his decades in business and in politics, as he faced allegations of fraud, collusion and sexual misconduct.

“Boy, after all this time it’s a bit of a shock,” Trump biographer Michael D’Antonio said of the indictment. “You know I always thought of him as the Gingerbread Man, shouting, ‘You can’t catch me!’ as he ran away.”

“Given his track record,” he said, “I had trouble imagining he would ever be held accountable.”

“These are not things that Donald Trump ever thought in

his entire life, nor I, for that matter, that he would ever be confronted with,” Michael Cohen, Trump’s longtime fixer and a key witness in the case who served jail time for the payments, told CNN.

Of course, some of the celebration by Trump’s detractors may be premature. The former president could seek to have a judge quickly dismiss the case. And even if it moves forward, there’s no guarantee of conviction. Intensifying investigations in Atlanta and Washington are seen as potentially more serious legal threats.

Still, Trump and his team were caught by surprise when word of the New York indictment broke Thursday evening, following news reports that the grand jury hearing the case was set for a weeks-long hiatus. As the deliberations dragged on, some in Trump’s orbit had become convinced that the case had stalled and that charges might never be brought. That included Trump attorney Joe Tacopina, who said on Friday morning he had hoped the “rule of law would prevail.”

Trump, he said on the “Today” show, was “initially was shocked” by news of the charges, but quickly pivoted to his usual pushback playbook.

“After he got over that,” he said, Trump “put a notch on his belt and he decided we have to fight now. And he got into a typical Donald Trump posture where he’s ready to be combative on something that he believes is an injustice. ... I think he’s now in the posture that he’s ready to fight this.”

In the meantime, Trump and his team have tried to use the news to his advantage, hoping to energise his loyal base by painting the investigation as part of a larger plot to

derail his candidacy.

Already, the charges have been a boon to his struggling fundraising. The campaign announced Friday evening that it had raised over \$4 million in the 24 hours after the indictment became public, far smashing its previous record after the FBI search of Trump’s Mar-a-Lago club.

More than 25 per cent of

donations, according to the campaign, came from first-time donors. The average contribution: \$34.

His campaign also continued to blast out supportive statements from dozens of top Republicans who have rallied behind Trump, including several of his declared and likely challengers, underscoring his continued hold on the party.

Trump has been in contact by phone with key congressional allies, including members of House leadership and top committees, according to people familiar with the conversations, who, like others, spoke on condition of anonymity to discuss the response.

Trump ally Rep. Jim Banks, R-Ind., who formally endorsed the former president on Friday,

said Trump “doesn’t back down” and was going to “fight back,” telling a local radio show it was “yet another chapter where Donald Trump is going to come back on top in the end.”

The media maelstrom has catapulted the former president back into the spotlight he craves, at least temporarily limiting attention being paid to

his rivals, including Florida Governor Ron DeSantis, who is widely expected to challenge Trump for the nomination, and has been holding events across the county to promote his book.

Trump aides have been discussing other ideas to maximise the situation, including the possibility of holding a press event either before or

after the arraignment. Trump is expected to travel from Florida to New York on Monday and stay overnight at Trump Tower in midtown Manhattan before heading to the courthouse early on Tuesday. He will return to Florida after the arraignment.

Trump has long denied that he had a sexual encounter with the porn actor known as Stormy Daniels and has blasted Manhattan District Attorney Alvin Bragg for pursuing the years-old case.

Trump is also facing continued investigations in Georgia, over his efforts to overturn the results of the 2020 election, and in Washington, where a special counsel is probing the events of January 6, 2021, as well as Trump’s handling of classified documents at Mar-a-Lago and potential obstruction of the investigation.

But Sam Nunberg, a longtime former aide who broke with Trump years ago, said that while he no longer supports Trump, he believes the Manhattan case is “a waste of time,” given the allegations, which remain under seal. And he said he was skeptical it would ultimately matter.

“It doesn’t surprise me,” he said of the indictment. “What would surprise me is if he actually ended up behind bars in prison and I don’t see that happening.”

D’Antonio said that sentiment - and a continued belief that Trump will somehow prevail and dodge the charges - continues among the many people who have reached out to him in the last 24 hours, despite the charges.

“They’re like, he’s going to get away with it,” he said. “Somehow, he’s going to get it thrown out.” AP

PERSPECTIVE

Demystifying philosophical layers of temples

A notion of sacred has held humankind from time immemorial, bestowing meaning on material pursuits. The onslaught of rapid urbanisation and technological progress has intriguingly rendered sacred spaces all the more relevant. With changes unfolding at breakneck speed, such spaces facilitate introspection and self-enquiry. People from the Indian subcontinent would generally be familiar with the sanctifying ethos of a temple, but a few recognise its philosophical and cosmological foundations. Temples pave the way for individual salvation and also stimulate congregational worship. It is precisely at an interface of these two processes that the philosophical moorings of a temple can be located.

For several centuries, Vastu-shastras have functioned as the principal textual manuals for constructing temples. Texts like Manasara and Mayamatam emphasise the need to construct temples or even towns on square grid plans. Shapes like squares, triangles, circles and even points are liberally employed in temple architecture, and they each carry a distinct meaning. In this case, a square represents the manifest territorial world that needs to be transcended. The square grid plans, which in the words of scholar Stella Kramrisch function as “forecasts for temples”, are known as vastu-purusha mandalas. Gods associated with each of the squares within the mandala are ritually invoked to pacify the vastu-purusha, and ensure that

peaceful conditions prevail.

Such diagrams also illustrate the underlying impulse of Indian philosophical traditions to collapse all distinctions between man, God and cosmos. The Samkhya philosophy stresses the unity between microcosm and macrocosm, while Advaita Vedanta extends this further in its theory of the union of atman and brahman. To that extent, each part of a temple is considered to represent the cosmos in a microcosmic capsule, and this imparts spiritual meaning to even the most insignificant components of a shrine. The components of a temple are generally named after parts of the human body, illustrating the organic unity underlying temple architecture in the Indian subcontinent.

This metaphysical union can also be most prominently noticed in the image-worshipping traditions that have passed on from time immemorial. If Vedic texts stress the importance of concentrating the mind on a single object, the Puranas and Agamas are known for their pronounced sectarian predisposition. Nonetheless, continuity can be seen in the way these texts extol aniconic traditions such as the worship of bana-lingas and salagramas.

The linga and yoni manifest forces embodied by Shiva and Parvati respectively. In other words, the stone shaft known as the linga represents Shiva as a silent spectator of the world whose existence is contingent upon the creative energies released by Shakti, who resides at the base. This creative

interplay of two opposing forces provides the dynamic equilibrium required for maintaining the cosmic balance. The salagramas, on the other hand, are stones resembling the discus of Vishnu, and generally acquire this shape because of weathering activity caused by rivers.

These continue to be venerated by Vaishnavites across the country, as was recently noticed in the ecstatic reception

to the Salagrama stones that arrived in Ayodhya from Nepal.

A regular visit to the temple is also suffused with philosophical import. Before entering the sanctuary, a devotee is greeted by the imposing structure of a temple, which in many ways resembles a mountain. Vastu-shastras frequently liken temples to Mount Meru, which is held in high esteem by Hindus. A devotee then enters

the porch and views several sculptures adorning the walls of any temple. Subsequently, the devotee sets foot into the hallowed precincts of the dimly-lit garbha-griha which — almost like a cave within a mountain — is unadorned and houses the chief deity. Texts suggest that an invisible axis connects this deity with the superstructure of a temple. In fact, it is during the consecration of a temple that the deity’s

attributes are manifested by the intervention of priests. This ritual process is called “pranapratishta” and literally suggests instilling prana (life) within the deity.

In other words, the deity is considered to have life just like a human being, and germinates within the womb-chamber (garbha-griha) of a temple. After seeking darsan of the deity, a devotee circumambulates the shrine, and attends to

the subsidiary deities placed on its side walls. This is also a profoundly meaningful exercise as it helps a devotee absorb the energies prevailing within a temple.

The power of visual motifs can also be discerned in the narrative friezes adorning the walls of several temples in India, illustrating stories from epics and Puranas. The Virupaksha temple at Pattadakal, which is the only temple in the complex under active worship, contains such friezes and their stories are generally concerned with the restoration of dharma. The Kirat-arjuniya tale is illustrated in several temples of the region. This involves a conflict between Shiva in his incarnation as a hunter (kirata) and Arjuna, who seeks to consolidate his military powers when in exile. Arjuna is put through numerous challenges, before being blessed with the desired armoury. Such stories of perseverance, devotion and truthfulness serve to enhance a devotee’s spiritual experience within a temple.

For all these reasons, the structural features of temples are chiefly responsible for making them an integral part of India’s spiritual landscape. The vibrant temple culture of Bharat has withstood the ravages of time chiefly because of these empowering philosophical and cosmological concepts that subliminally enrich devotee’s experience within a shrine. These need to be acknowledged to foster a society that is rooted to its traditions even as it embraces cosmopolitan ambitions.
