Rijiju slams judiciary for publicising IB, RAW files

It's a matter of grave concern, with implications, I will react at appropriate time, says Law Min

PIONEER NEWS SERVICE ■ NEW DELHI

Continuing his campaign against the judiciary, Law Minister Kiren Rijiju on Tuesday said it was a "matter of grave concern" that the Supreme Court Collegium put in public domain certain portions of sensitive reports of the Intelligence Bureau (IB) and the Research and Analysis Wing (RAW) while reiterating the apex court's recommendation for elevation of five advocates as High Court Judges. Addressing a press conference at his Ministry's function on e-courts, Rijiju said Intelligence agency officials work in a secret manner for the nation, and they would "think twice" in future if their reports are made public, and making their reports public "will have an implication."

"Putting the sensitive or secret reports of the RAW and

Union Law Minister Kiren Rijiju addresses a press conference at the Department of Justice, Ministry of Law and Justice, in New Delhi on Tuesday. PTI

IB in public domain is a matter of grave concern on which I will react at an appropriate time. Today is not the appropriate time," Rijiju told reporters amid a volley of questions in this regard.

This is for the first time that the Government has reacted to portions of these reports that were put in public domain by the Supreme Court

Collegiums. Asked whether he would 'sensitise' Chief Justice of India (CJI) DY Chandrachud in this regard, the Law Minister said he often meets the CJI. "We are always in touch. He is the head of the judiciary, and I am the bridge between the Government and the judiciary so we have to work together. You cannot work in isolation," he said. Rijiju also referred to

certain statements and tweets by politicians and lawyers slamming him for lowering the dignity of the top court by commenting on the Collegium. He said while appointments are an administrative issue, judicial pronouncements are "totally different."

"I am not commenting, or nobody should make any kind of comment when it is a judicial order. Some people may say that certain remarks are made which compromise the independence of the judiciary. So let us be very clear. When we are talking about the appointment process — this is an administrative matter. This has nothing to do with judicial order or pronouncement," he said.

Meanwhile, noted lawyer and former Law Minister Kapil Sibal condemned Rijiju's speech on Monday in which the Law Minister had said that though judges are not elected by people but they should bear in mind that people are watching their verdicts in this age of social media. "Are all your controversial statements meant to strengthen the judiciary? You might believe it. We lawyers don't," said Sibal.

The Supreme Court Collegium on January 19, reiterated its recommendation for appointing five judges, rejecting the intelligence agencies reports against them.

Rahul tries to deflect Digvijaya's self-goal

Indian Army doesn't need to prove anything on surgical strikes: RaGa

MOHIT KANDHARI ■ JAMMU

Congress leader Rahul Gandhi on Tuesday tried to douse yet another controversy triggered by senior party leader Digvijaya Singh who questioned India's 'surgical strikes' against Pakistan. The BJP accused the Congress of insulting the armed forces in their hatred of Prime Minister Narendra Modi.

Terming Digvijaya Singh's views 'ridiculous', Rahul said, "The party completely disagreed with his statement. The Indian Army does not need to prove anything. The Armed Forces do their job exceptionally well." Rahul was talking to reporters enroute Srinagar.

Singh on Monday had accused the BJP Government at the Centre of "spreading lies" about surgical strikes.

"They (Centre) talk about surgical strikes and that they have killed so many of them but there is no proof. All they do is spread lies," he said.

After his comments, the BJP hit out at the Congress.

Truth has nasty habit of coming out, says Rahul on BBC documentary

Jammu: Congress leader Rahul Gandhi on Tuesday gave thumbs down to the Centre's decision to virtually ban a BBC documentary on 2002 Gujarat riots titled 'India: The Modi Question.' The Government on Friday had directed social media platforms Twitter and YouTube to block links to the documentary. Responding to a question during the press conference in Jhajjar Kotli Gandhi said, "If you read our scriptures, if you read the Bhagavad Gita or the Upanishads, you will see that it is written in it that the truth cannot be hidden. The truth always comes out."

CAPSULE

3 INDIAN FILMS EARN OSCAR NOMINATIONS

Los Angeles: 'Naatu Naatu', the hit dance track from SS Rajamouli's blockbuster 'RRR', on Tuesday continued its winning march by earning a coveted nomination for the Original Song at the Oscars 2023 where Indian documentaries 'All That Breathes' and 'Elephant Whispers' walked away with nods in Documentary Feature and Documentary Short categories. 'The Last Show', India's official entry in the International Feature category, however, failed to make the cut in the final five. 'Naatu Naatu' will compete with 'Applause' from 'Tell It Like a Woman', 'Hold My Hand' from 'Top Gun: Maverick', 'Lift Me Up' from 'Black Panther: Wakanda Forever' and 'This Is a Life' from 'Everything Everywhere All at Once.'

EGYPTIAN PRES EL-SISI BEGINS INDIA VISIT

New Delhi: Egyptian President Abdel Fattah El-Sisi arrived here on Tuesday for a three-day State visit focused on enhancing bilateral ties in a range of areas, including agriculture, digital domain and trade. Prime Minister Narendra Modi and Sisi will hold wide-ranging talks on Wednesday.

PADMA BHUSHAN BV DOSHI NO MORE

Ahmedabad: Well-known architect and Padma Bhushan recipient Balkrishna Doshi, who worked with legends like Le Corbusier and Louis Kahn, died at 95 at his home here on Tuesday.

Late report on 2 unruly flyers lands AI in soup

PNS ■ NEW DELHI

The Directorate General of Civil Aviation (DGCA) has imposed a penalty of ₹10 lakh on Air India for not reporting on time against two unruly passengers on a Paris-Delhi flight (AI-142) of December 6, 2022.

According to the DGCA, apart from not reporting the incident on time, the airline also delayed referring the matter to its Internal Committee. This is the second time in less than a week that the DGCA has taken enforcement action against the airline in connection with unruly passenger behaviour.

Meanwhile Air India on Tuesday said it has closed the internal probe into the urination case and will assist the flight's Pilot-in-Command with an appeal against the suspension of his licence by DGCA.

MCD fails to elect Mayor again as House adjourned

AAP and BJP leaders during the election of Mayor and Deputy Mayor, at the Civic Centre in New Delhi on Tuesday. The election has been postponed again after the AAP and BJP members exchanged heated arguments. PTI

STAFF REPORTER ■ NEW DELHI

The Municipal Corporation of Delhi (MCD) could not elect its Mayor for the second time on Tuesday as its proceedings were adjourned sine die following a ruckus between AAP and BJP Councillors.

This was the second attempt of the MCD to elect its first single Mayor in 10 years

following the unification of its three divisions last year.

The House was adjourned soon after members took oaths amid sloganeering by both the AAP and BJP Councillors. The adjournment prompted Councillors, 13 MLAs and three Rajya Sabha MPs of the AAP to sit on a "dharna" for nearly four hours against the BJP.

We should've been consulted on panel, say wrestlers

PNS ■ NEW DELHI

India's top wrestlers are unhappy with the Union Sports Ministry for not consulting them before forming the oversight committee that will probe molestation and corruption charges against Wrestling Federation of India (WFI) president Brij Bhushan Sharan Singh, who is also a six-time BJP MP from Uttar Pradesh.

Sports Minister Anurag Thakur announced on Monday that a five-member oversight committee, headed by legendary boxer M C Mary Kom, will probe the charges against the WFI boss and also manage the day-to-day affairs of the Wrestling Federation of India.

'Pathaan' sets advance booking record

SRK's comeback film set to break KGF2 record, revive industry, say insiders

PTI ■ MUMBAI

Beating back boycott calls, Shah Rukh Khan starrer 'Pathaan' is set for the biggest opening for any Hindi film with 4.19 lakh tickets sold till Tuesday and 80 per cent occupancy on day one, even for early morning shows beginning at 6 AM or 7 AM, say industry insiders.

The film, which releases across 5,000 screens on Wednesday, could well signal a happy 2023 for an industry

grappling with crippling losses following the Covid pandemic and a string of box office duds. The ticket surge is being seen in multiplexes, single screen theatres and also in the South.

"The film is going to take a historic start at the box office with opening day collections of ₹45 crore to ₹50 crore. The box office revival will begin with 'Pathaan', especially looking at its advance booking. This is

very rare. And tomorrow is a working day," trade analyst Taran Adarsh told PTI.

"This film is going to break the advance booking of 'KGF 2' and will do a business of ₹45 crore to ₹50 crore," agreed Rajendra Singh Jyala, chief programming officer at multiplex chain INOX.

"We have 7 AM shows at Inox and almost 80 per cent of it is full. The early morning shows are happening in cities

like Mumbai, Delhi, Pune, Kolkata and a few others," Jyala told PTI.

The Yash Raj Films production, which marks Shah Rukh's return as a hero after 2018's 'Zero', will get a five-day extended opening weekend as it releases the day before Republic Day.

The advances of 'Pathaan' have exceeded all expectation, added Kamal Gianchandani, president of the Multiplex Association of India.

"It's a foregone conclusion that tomorrow's opening would be the biggest for any Hindi film," he said.

There have been early morning shows before but the excitement for 'Pathaan' is unprecedented with cinema halls in various cities, including Mumbai, Delhi, Noida and Gurgaon, opening for a 6 AM or a 7 AM show, he said.

BJP trying to resurrect in Pb, Sets eye on 'Mission 13' Nadda, Shah and Rajnath to visit state in Feb

MONIKA MALIK ■ CHANDIGARH

After being virtually razed to the ground in Punjab assembly polls, the Bharatiya Janata Party (BJP) is trying to resurrect itself with the help of erstwhile Congress leaders - its foe-turned-friends - especially in the state's rural areas. And to complement their efforts, BJP's senior leadership - including national president JP Nadda, Union Home Minister Amit Shah, and Union Defense Minister Rajnath Singh - will be visiting the state in the next month. Intensifying its preparations for the 'Mission-13' ahead of the impending 2024 Lok Sabha elections, the saffron party has also planned to target the ruling Aam Aadmi Party (AAP) over the issue of drugs - both addiction and smuggling - by launching a 'Jagriti Lehar' in the month of March. Under this, the BJP will take out a yatra in the cities and villages across the State to create awareness among the youth against drug

addiction. Limited to only two seats each in the Lok Sabha and also the state assembly, BJP is going all out to expand its base in the state - exploring the unexplored territories like rural belt, farming community, Sikh population, scheduled caste and backward section, among others. For the same, it has taken on board Congress' several top leaders, including the likes of former Chief Minister Capt Amarinder Singh, former state Congress president Sunil Jakhar, state's two-time Finance Minister Manpreet Singh Badal, besides former Cabinet Ministers - Rana Gurmeet Singh Sodhi, Balbir Singh Sidhu, Raj Kumar Verka, Gurpreet Singh Kangar, and Sunder Sham Arora. Congress' former MLA Kewal Singh Dhillon has also joined BJP, and also unsuccessfully contested the Sangrur Lok Sabha bypoll. "BJP is getting support not only in cities but in rural areas as well," said Punjab BJP president Ashwani Sharma, while calling upon the party workers to take the BJP-led

Central Government's public welfare schemes and policies to every household in the villages and motivate them to take advantage of it. "These leaders have emerged as mass leaders and have a hold on both the rural and urban segments. People know them, listen to them...and this would help the BJP to send across its message, the programmes and policies of the Prime Minister Narendra Modi, and its vision for Punjab to the people in a better way," a senior BJP leader said, while talking with The Pioneer. And the list may not just end here. Capt Amarinder, on several occasions, has given indications that many other Congress leaders may soon jump on the BJP's bandwagon. At the same time, it has been learnt that some 'disgruntled' Congress leaders have held meetings with senior BJP leaders in Amritsar. It is believed that during Amit Shah's Punjab visit, other than some Congress leaders, some senior SAD leaders may also join the BJP. This would be

for the first time that BJP will contest the 2024 parliamentary poll on its own. Till now, it was contesting on just three of the total 13 Lok Sabha seats in Punjab, giving a lion's share of ten seats to its decades-old alliance partner - Shiromani Akali Dal. However, the two fell apart after the Centre's controversial farm laws (now repealed). The BJP, with the help of Congress leaders and their supporters and workers, is building up its cadre even in the state's rural areas - which was earlier taken care of by the Akali Dal. The saffron party has exhibited great respect and full faith in Capt Amarinder and Jakhar. The two have not only been included in the national executive body, but were also made part of every important meeting concerning the state. **Top BJP leaders in Punjab in Feb** To complement the state-level efforts, the BJP's central leadership will also be visiting the state frequently holding ral-

lies, local interactions, and meetings covering all assembly segments, starting from the first week of February. "Senior leaders will be visiting the state in February. Several rallies have also been planned. Union Home Minister Amit Shah's January 30 rally, that has been cancelled as of now, will also be planned soon...local level meetings, involving leaders who have reach among the grass root, will also be arranged...So, it will be like intense exercise," said the BJP leader. **Yatra Against Drugs, Corruption** To target the ruling AAP, BJP will also launch a yatra against drugs and corruption in all the Lok Sabha constituencies in the state. "BJP's yatra will focus on drugs and corruption. We will try to make the Punjab youth and public aware against the drugs and make the state drug-free...The yatra will start in March and culminate in August after spending 18 days in the constituency," said the state BJP chief.

Two Lok Sabha MPs, two MLAs in Punjab Currently, the BJP has just two MPs in Lok Sabha - Union Minister of State Som Nath from Hoshiarpur and Sunny Deol from Gurdaspur. In the state legislative assembly, the BJP also has just two MLAs - Ashwani Sharma and Jangi Lal Mahajan. BJP had contested the 2022 state assembly polls in alliance with Capt Amarinder's Punjab Lok Congress (now merged with the BJP) and SAD (Sanyukt), fielding its candidates on 65 seats out of a total 117 - playing the role of senior alliance partners for the first time in Punjab. As AAP swept the elections with a record 92 seats - highest ever by any political party, BJP managed to win two seats, with the candidates of its allies even failing to secure their deposits. **Resentment Brewing Among Traditional BJP Leaders** The dominance of former Congress leaders in the saffron party - apparent from the list of state office bearers recently announced by the BJP - is resulting in brewing resentment amidst the traditional party cadre, especially in the Malwa area. In Patiala, the party workers have raised a banner of revolt against the Congress leaders dominating the list of district office bearers, resulting in the postponement of Amit Shah's rally.

Himachal CM calls on Prime Minister

PNS ■ NEW DELHI / SHIMLA

Himachal Chief Minister Sukhvinder Singh Sukhu on Tuesday called on Prime Minister Narendra Modi in New Delhi. It was described as a courtesy call after becoming the Chief Minister. A statement, issued by the Himachal government said that besides discussing issues of various development projects under implementation in the State, the Chief Minister also requested liberal assistance from the centre for giving a fillip to the ongoing development works. The Chief Minister assured the Prime Minister that the State government will effectively implement the centrally launched schemes, viz: 'Pradhanmantri Gati Shakti Yojna which is aimed to revolutionise infrastructure and 'Parvatmala Yojna for construction of ropeways. He said that both these schemes would immensely benefit the people of the State, adding further that connectivity and infrastructure development were one of the main focus areas of the present government besides generating employment avenues for the people. Sukhu also honoured the Prime Minister with a traditional memento, Himachali Shawl and cap. The Prime Minister congratulated him on becoming the Chief Minister of Himachal Pradesh and assured of all possible support to the state.

Govt Volvo bus service to Delhi Airport ended monopoly of Private players: Bhullar

PNS ■ CHANDIGARH/NANGAL

Punjab Transport Minister Laljit Singh Bhullar and Education Minister Harjot Singh Bains on Tuesday flagged off Volvo bus service from Nangal to IGI Airport Delhi. Now, the people of Kandhi area will be able to travel to IGI Airport Delhi at Rs.1130. Bhullar said the monopoly of private companies has ended with the launch of the government Volvo bus service from Punjab to Delhi International Airport, adding that despite the fare drop by these private companies, which were charging between Rs.3000 to Rs.3500

arbitrarily, still people are preferring government Volvo bus service thus enabling the public bus service making a profit. The Transport Minister said so far more than 80,000 passengers have traveled in these buses from different cities of the state, and these statistics prove the success of the bus service and so the Punjab government is continuously increasing the number of buses. Education Minister Bains said that since most of the people of this area are in Arab countries, and they had to hire vehicles at exorbitant rates to reach the airport, so this bus service will be very beneficial

for the people of the area. The Transport Minister said people will be able to travel in Volvo bus from Nangal city to Terminal-3 of Delhi International Airport with just Rs.1130. The bus will depart daily from Nangal Bus Stand at 1:30 PM, and to reach Sri Anandpur Sahib at 1:50 PM and Rupnagar at 2:50 PM while the bus will depart from Sector-17 Chandigarh for Delhi Airport at 4:35 PM. The bus will leave from the Public Transport Center of the airport at 11:40 PM and it will leave ISBT Delhi at 12:50 pm for Nangal.

Chandigarh district court gets bomb threat, turns out to be hoax

PNS ■ CHANDIGARH

The bomb threat call which was received by the Chandigarh Police Tuesday afternoon turned out to be a hoax after no suspicious item was found after a thorough check of the district court complex in Sector 43 here. "An unclaimed bag with a tiffin box was found in the court complex. There was no explosive," Assistant Superintendent of Police Mrindul said. The court was evacuated and a thorough search was launched, he said, adding a tiffin box lying abandoned was found. It appears that during the evacuation process, someone might have left it behind, the officer said. According to police, the police control room received information that there might be a bomb (inside the court complex). After this, a massive search operation was launched. The court work remained suspended for nearly three hours, ASP Mrindul said, adding "everything is normal now".

Earlier, the court complex in Sector 43 was evacuated, with the police asking all present inside including the judges and advocates to move out. The area was cordoned off, and bomb disposal and dog squads were deployed at the site, which lies next to the busy interstate bus terminus. While Chandigarh and its surrounding areas are already under tight vigil in view of the Republic Day function on Thursday, police also launched a search operation at other vital installations in the city including the inter-state bus terminus after the bomb threat.

Pb CM visits BSE

PNS ■ MUMBAI/ CHANDIGARH

Punjab Chief Minister Bhagwant Mann on

Tuesday visited the Bombay Stock Exchange (BSE) and showcased the state as the most preferred investment destination across the country. Interacting with the media persons after performing the Bell Ringing ceremony at the BSE, he showcased Punjab as a land of opportunities and invited companies to invest in the state. He said that entrepre-

neurs will be immensely benefited by investing in the state, which is rapidly emerging as the industrial hub of the country. Mann urged the industrialists to make optimum use of this congenial atmosphere backed by excellent infrastructure, power, skilled human resources, and best industrial and work culture to spread their business. Extending a red carpet welcome to the industrialists, he said that the state government was always open for new ideas and innovations to boost up the industrial growth in Punjab. Bhagwant Mann said that the day is not far away when Punjab will emerge as the industrial hub of the country. Inviting the captains of industry to visit the state in the Invest Punjab Summit slated to be held next month at SAS Nagar, the Chief Minister said that the Invest Punjab Summit being organized on February 23-24 will prove to be a milestone in giving a major fillip to industrial growth of the state.

Hry govt grants special remission to prisoners ahead of Republic Day

PNS ■ CHANDIGARH

Ahead of Republic Day, the Haryana government on Tuesday granted special remission of 30 to 90 days in sentence to prisoners in the state. Jails Minister Ranjit Singh Chautala said convicts who have been sentenced for a period of 10 years and above, including life sentence, have been granted remission of 90 days and those sentenced for five years or more but less than 10 years have been granted remission of 60 days. Similarly, the convicts who have been sentenced for less than five years have been granted remission of 30 days. Chautala said this remission will also be granted to all the convicts who are on parole.

Sacred Heart bags second position at national-level school band competition

PNS ■ CHANDIGARH

The city's Sacred Heart Senior Secondary School, Sector-26, has bagged the runners-up position in the All-India School Band competition, organized - for the first time as a part of the Republic Day celebrations - by the Department of School Education and Literacy of Union Education Ministry, in collaboration with the Defence Ministry. More than 300 schools participated in the competition, and only top eight schools, from across the country, were selected to perform at the National War Memorial Complex in the national capital, between January 15 and 22. Sacred Heart's 25-member Marching Band was led by Captain Sehaj Kaushal, assisted by vice-Captains Kanika

and Namyra Garg. Performing in the Brass Band, the Band's precise symphonic and orchestral recital along with the visual interpretation of the music through the use of instruments, drums, cymbals, and sabres was a sight to behold. Discipline, teamwork, and absolute adherence to instructions upped the ante. Sacred Heart Marching Band was honoured with a runner-up shield and certificates of appreciation for their performance which was a euphonious tribute to the 'Bravehearts of The Indian Army'. School principal Sister Arti said that Sacred Heart School Marching Band's performance not only endorsed the values of unity and patriotism but also manifested our Heartian legacy - that is, empowered girls with enlightened and confident minds.

Prepare progressive plans to make Hry a fully developed state by 2047: CM asks officials

PNS ■ CHANDIGARH

Haryana Chief Minister Manohar Lal Khattar on Tuesday said that all the departments should work on a comprehensive level by making progressive plans in various developmental areas; so that by the year 2047, effective steps can be taken towards making Haryana a leading, modern, self-reliant and fully developed state. The Chief Minister was presiding over the meeting regarding learnings from the second national conference of Chief Secretaries here in Chandigarh. Deputy Chief Minister Dushyant Chautala, Home Minister Anil Vij, Transport Minister Mool Chand Sharma, Agriculture Minister JP Dalal, Local Urban Bodies Minister, Dr Kamal Gupta, Development and Panchayats Minister Devender Singh Babi, Social Justice and Empowerment Minister Om Prakash Yadav, Women and Child Development Minister Kamlesh Dhanda, Labour Minister Anoop Dhanak, Printing and Stationery Minister Sandeep Singh were

also present during the meeting. During the meeting, a presentation was given by senior officers on various topics including an emphasis on efficient, small and medium-scale industries, infrastructure and investment, reducing regulatory compliance, GST, inclusive human development, nutrition and maternal, child and adolescent health, women empowerment, skill development, expansion of skill ecosystem, vocal for local, use of millets and global geographical challenges. Apart from this, Chief Secretary Sanjeev Kaushal also

presented the summary report of the virtual conference of Chief Secretaries with Prime Minister Narendra Modi in January. A short film on the mini-cluster scheme of the state was also shown during the meeting. Khattar said that every department should prepare such plans and review them every month; besides implementing them right up to the grassroots for providing full benefit to every person. He said that a portal should be made for the treatment of all types of diseases for the citizens and it should be linked with the Parivar Pehchan Patra. Apart

from this, for providing loans to poor youth, financial schemes like Mudra, Standup, etc should be linked to Mukhyamantri Parivar Antyodaya Utthan Yojana. He said that the Department of Environment and Climate Change and Commerce and Industry should develop clusters at the block level and focus on creating employment opportunities. "A plan should be prepared to develop textile parks and increase infrastructure in them. Apart from this, the electronic manufacturing cluster will be promoted in the state," he added. He said that the auto appeal system and grievance redressal system of the state government has been considered better by the central government. Chief Principal Secretary to Chief Minister DS Dhesi, Additional Chief Secretaries TVSN Prasad, Anand Mohan Sharan, G Anupama, Principal Secretary, Anurag Agarwal, Additional Principal Secretary to Chief Minister, Dr Amit Agrawal and other senior officers were present in the meeting.

BRIEFS

Himachal CM and Deputy CM greet people on Statehood Day Shimla: Chief Minister Sukhvinder Singh Sukhu and Deputy Chief Minister Mukesh Agnihotri greeted the people of Himachal Pradesh on its 53rd statehood day on Tuesday. Extending his warm wishes on the occasion, Sukhu said that after a long struggle of around two decades, Himachal Pradesh got full statehood on 25th January, 1971. He said that it was possible only due to the constant efforts of people of the state under the able leadership of first Chief Minister of the state Dr. Y.S. Parmar and the benevolence of the then Prime Minister Indira Gandhi who had special affection towards the state and its people. Agnihotri said that the present state government was committed to all-round development of the state.

Cong' 'Haath Se Haath Jodo' campaign to cover 3,226-gram panchayats in HP: Pratibha Singh Shimla: The ruling Congress' 'Haath Se Haath Jodo' campaign to be launched on January 26 would cover 7,881 polling booths and 3,226 gram panchayats in Himachal, president of the party's state unit Pratibha Singh said. Addressing media persons here, she said copies of a letter written by Rahul Gandhi highlighting the failures of the Narendra Modi-led government at the Centre would be distributed to each household during the two-month-long campaign. As some of the areas would be under snow cover, we will launch the campaign there in March, she said, adding that the Congress was compelled to raise its voice through the ongoing 'Bharat Jodo Yatra' and now, the 'Haath Se Haath Jodo' campaign as the voice of its leaders was not being heard in Parliament. The Congress would reach out to 10 lakh polling booths in six lakh villages and 2.5 lakh gram panchayats across the country during its 'Hath Se Hath Jodo' campaign from January 26 to March 26, the party said.

Govt should ensure confidentiality of PPP data: Hooda Chandigarh: Former Haryana chief minister Bhupinder Singh Hooda on Tuesday said the coalition government had imposed Parivar Pehchan Patra and property ID on the people to harass them and the confidentiality of the data collected through it was not ensured. The State Government should ensure the confidentiality of PPP data, there should be no political use or misuse of data, he added. Talking to journalists in Chandigarh, Hooda said PPP and property ID will be closed when the Congress government is formed. He alleged that the government is weakening the Panchayati Raj system by enforcing the e-tendering on sarpanches.

Parts of Punjab, Haryana receive light rain Chandigarh: Parts of Punjab and Haryana received light rain on Tuesday even as cold conditions persisted at many places in the two states. The Met centre here said light rain occurred in parts of the two states, including Chandigarh. However, Bathinda in Punjab reeled under severe cold, recording a minimum temperature of 4 degrees Celsius. Gurdaspur recorded a minimum temperature of 5 degrees Celsius, Barnala 6.4 degrees, Faridkot 6.9 degrees, Amritsar 6.2 degrees, Ludhiana 7.4 degrees and Patiala 9.3 degrees. In Haryana, Sirsa was the coldest place, recording a low of 5.5 degrees Celsius. The night temperature in Hisar was recorded at 8.8 degrees Celsius, Karnal 9.6 degrees, Rohtak 10.4 degrees and Bhiwani 9.1 degrees. Chandigarh recorded a low of 9.4 degrees Celsius.

Security tightened across Hry for Republic Day Chandigarh: Haryana Police have beefed up security measures across the state in the run-up to Republic Day. All commissioners and district superintendents of police have been directed to ensure elaborate security cover at all important venues for celebrations and flag-hoisting on Thursday, Director General of Police (DGP) PK Agrawal said. All roads leading to celebration venues are being monitored with 'nakas' and surprise checks. Additional forces have been deployed to deal with any untoward incident, he said on Tuesday. "Police officers have also been directed for making smooth traffic arrangements during the Republic Day celebrations, particularly routes leading to venues of functions," Agarwal said.

Himachal CM meets Home Minister Shimla: Chief Minister of Himachal Pradesh Sukhvinder Singh Sukhu on Tuesday called on Union Home Minister Amit Shah at New Delhi today. It was described as a courtesy call. This is his first meeting with the Union Minister after becoming the Chief Minister.

A new era of development and change in Himachal Pradesh

On the 53rd Statehood Day of Himachal Pradesh, I extend my heartiest greetings to all the people of the state. It is an occasion of pride and joy for all of us. It was on this day, January 25, 1971, that the then Prime Minister Smt. Indira Gandhi granted Statehood to Himachal Pradesh amidst heavy snowfall on the historic ridge of Shimla. As a result of her efforts, Himachal Pradesh became the 18th state of India.

Late Dr. Yashwant Singh Parmar, the founder of Himachal and the first Chief Minister of the state, made significant contribution in getting Himachal Statehood and taking it forward on the path of development. On this occasion, I pay my heartfelt tributes to him.

On December 11, 2022, our government took over the responsibility of serving the public and started working for the change in the system. Himachal Pradesh is going through a phase of economic crisis. The present government inherited a huge debt of Rs. 75,000 crore from the previous BJP government while employees have to be paid Rs. 4,430 crore as arrears, pensioners with Rs. 5,226 crore and due DA of employees and pensioners of Rs. 1,000 crore. Moreover, the previous government opened and upgraded 900 institutions in the last 9 months of its tenure without any budget provision. Due to this,

there was an economic burden of Rs. 5000 crore on the state.

The Congress party has given ten guarantees in its manifesto during the assembly elections. The first of these guarantees was the restoration of the old pension scheme, which has been provided in the very first meeting of the cabinet.

About Rs. 8000 crore of NPS are stuck with the central government. Despite this, the state government has fulfilled its promise of giving old pension to the employees. This will benefit around 1.36 lakh NPS employees of the state.

This is not a political decision of the state government to give old pension. Our intention is to protect the self-esteem of government officials and employees and provide social security to them because they have contributed in the state's development.

Government officers and employees play an important role in the development of the state. I appreciate everyone's valuable contribution. We are committed to provide DA to the employees and benefits to the pensioners.

Our manifesto has included providing employment opportunities to one lakh youth and monthly financial assistance of Rs. 1500 to the women. To fulfil both these guarantees, we have constituted two sub-committees of the

Thakur Sukhvinder Singh Sukhu
Chief Minister

Cabinet which will submit their reports within a month.

On this auspicious occasion, I want to urge all the government employees to reach out to every eligible person to provide the benefits of government schemes.

I have seen struggle in my life. That's why I am well aware of the problems of the common man. The government will work on the ground to solve their problems.

Despite the huge debt burden, the state government is working with determination to fulfil all its promises. This requires some tough decisions to be taken in future which will be productive for the development of the state. I assure you that in the coming years, we will bring the derailed economy of state's back on track. I urge your cooperation and support to fulfil

all its promises that my Government have done at the time of Vidhan Sabha Elections.

We have come to power not for happiness but to change the system. System change cannot happen overnight.

The present government has a policy of zero tolerance towards corruption. As soon as we assumed power, we have started taking steps to eliminate corruption.

In the matter of question paper leak of the examinations, the functioning of the Himachal Pradesh Staff Selection Commission Hamirpur has been suspended and now the selection will be done on the basis of merit in a fair and transparent manner.

It has been only 44 days since the formation of the present government. We have tried to live up to our commitments. We have set up Chief Minister's Sukh-Ashray Sahayata Kosh of Rs. 101 crore for the needy. The government has taken this step not out of compassion, but to give them their rights.

I have contributed my full salary and all the MLAs of Congress have contributed one lakh rupees each to this fund. The government will bear the entire cost of education of needy children who get admission in institutes like IIT, AIIMS, IIM, IIT, Polytechnic and ITI. They will also be given pocket money. The state government will play the role of guardians

for the children living in old age homes and shelter homes. The government will provide clothing subsidy of Rs. 10,000 per person per year to single women and special children.

A festival allowance of Rs. 500 per person is also being provided to the residents of Child Care Institutions, Old Age Homes, Nari Seva Sadan, Shakti Sadan and Special Homes for celebrating Lohri, Makar Sakranti, Holi and other festivals.

In the short tenure of the present government, we have taken many steps towards system change. Even in the education policy, the government is trying to make major changes and system changes, so that poor children can get equal opportunities to study and grow. Rajiv Gandhi Model Day-Boarding Schools will be opened in each assembly constituency in a phased manner.

To provide employment to the youth, new technical courses such as robotics, block chain technology, cyber security, cloud computing, data science, artificial intelligence and machine learning courses will be started in polytechnics, ITIs and engineering colleges. The government is also going to bring a new employment policy.

Tourism is the main source of our economy. Special attention will be given to natural, rural, horticulture, adventure

and religious tourism. This will provide employment opportunities to the local people on a large scale and tourism will be promoted upto the village level. To increase the participation of youth, tourism projects will be linked to the start-up scheme.

The present government is making efforts to promote investment so that the youth of Himachal Pradesh get employment in the private sector as well. The government will bring a new investment policy in which government formalities will be reduced for the convenience of investors.

The government is also making efforts to increase the income of farmers, cattle rearers and horticulturists. For this, guidelines have been given to the officers.

Himachal Pradesh is known as the fruit state. Our government has resolved that in view of the importance of agriculture and horticulture, the participation of farmers and horticulturists will be ensured in deciding the price of fruits.

Appropriate steps will be taken to provide interest free loans to the youth to set up their own start-ups and ventures.

Our government has set a target to harness hydropower, hydrogen and solar energy to preserve the state's environment and to make Himachal Pradesh the country's first green energy state by the year

2025.

Green products will be promoted in the state due to which exports will increase. The government will set up solar projects upto 500 MW in the coming financial year.

The state government has also decided to promote green energy in the state. For this, electric vehicles will be encouraged. The state government has decided to promote electric vehicles in a phased manner.

Best health facilities will be made available to the public in the health institutions of the state so that people do not need to resort to other states or private hospitals for the treatment of their serious diseases.

Robotic surgery facility will be provided at IGMCH, Tanda and Hamirpur Medical Colleges. Medical staff will also be recruited.

I hope that our government will get active and constructive cooperation from all of you, which will pave the way for progress and development in our beautiful state.

On the occasion of statehood day, I once again wish you all the best and wish for bright future of the state and you. I want to reiterate once again that we have not come for power but for a change in the system, in which co-operation of all of you is necessary.

Jai Hind,
Jai Himachal.

के अवसर पर सभी प्रदेशवासियों को

हार्दिक शुभकामनाएं

PAPER WITH PASSION

New politics

Rahul Gandhi has done well by dissociating the party from Singh's comments on surgical strikes

Senior Congress leader and former Madhya Pradesh chief minister Digvijaya Singh seems to relish being in news—even if that harms his own party. His recent statement there is no proof of surgical strikes exemplifies his penchant for attracting attention. Rahul Gandhi did the sensible thing by dissociating the party from Singh's comments. Gandhi unequivocally said that Congress leaders "disagree with Digvijaya Singh's views." He went on to say that the armed forces do their "job exceptionally well. They don't need to be providing proof." The grand old party would like to believe that Gandhi's statement would bring a closure to the issue. But the Bharatiya Janata Party (BJP), which on Monday had condemned Singh for questioning the 2016 surgical strike, is unlikely to let his recent remarks be buried. It has already said that he "echoes Pakistan's narrative" on the Pulwama terror attack which killed 40 CRPF personnel in 2019. It will keep raking up his remarks. Worse, Singh himself is likely to come up with statements that the BJP loves to denounce. For how Rahul Gandhi would keep disagreeing with Singh's intemperate statements is a question that the party top brass must deliberate on. Perhaps Singh says such things to make headlines; perhaps his politics of championing the cause of Muslims has resulted in a temperament that triggers such remarks; it is, however, the GOP that gets hurt. Championing the cause of Muslims—which usually meant pandering

to the most retrograde sections of the community, and which the BJP rightly calls Muslim appeasement—was a winning proposition in the pro-Modi era. Many a political career was made just by mouthing the fashionable, 'secular' homilies. Intellectual elites, most of them of Left-liberal disposition, were quite accommodating towards politicians whose 'secular credentials' were impeccable. So, Lalu Prasad Yadav got considerable traction despite serious charges of corruption against him and the withering away of the administration in Bihar under his watch. Digvijaya Singh flourished in that era. He called the Batla House encounter on September 19, 2008, at Jamia Nagar in Delhi "fake." This was despite the fact that in that encounter an ace Delhi Police officer was killed and the Delhi Police was under his own party's government. In 2016, he repeated his demand for a judicial probe into the encounter. Other Congress leaders have also played the same game. In 2012, for instance, the then law minister Salman Khurshid said Congress president Sonia Gandhi "wept bitterly" when she came to know about the young Muslim boys killed in the encounter. The BJP correctly called Khurshid's statement as a "communal ploy to get Muslim votes." That was then. The dynamics of politics were conducive for such ploys. But that politics is well past its expiry date. The sooner Singh recognises this fact, the better for his party.

to the most retrograde sections of the community, and which the BJP rightly calls Muslim appeasement—was a winning proposition in the pro-Modi era. Many a political career was made just by mouthing the fashionable, 'secular' homilies. Intellectual elites, most of them of Left-liberal disposition, were quite accommodating towards politicians whose 'secular credentials' were impeccable. So, Lalu Prasad Yadav got considerable traction despite serious charges of corruption against him and the withering away of the administration in Bihar under his watch. Digvijaya Singh flourished in that era. He called the Batla House encounter on September 19, 2008, at Jamia Nagar in Delhi "fake." This was despite the fact that in that encounter an ace Delhi Police officer was killed and the Delhi Police was under his own party's government. In 2016, he repeated his demand for a judicial probe into the encounter. Other Congress leaders have also played the same game. In 2012, for instance, the then law minister Salman Khurshid said Congress president Sonia Gandhi "wept bitterly" when she came to know about the young Muslim boys killed in the encounter. The BJP correctly called Khurshid's statement as a "communal ploy to get Muslim votes." That was then. The dynamics of politics were conducive for such ploys. But that politics is well past its expiry date. The sooner Singh recognises this fact, the better for his party.

Don't intervene

Thousands of tech employees are being laid off every day, but Govt intervention is not needed

These are bad days for tech employees. A layoffs tracking site reported last week that, on an average, over 1,600 tech employees were being given the pink slip every day this month. On Monday, the website came up with something even worse: the number had gone up to 3,000. The situation got exacerbated because Big Tech icons like Microsoft and Google also began retrenching employees. In the last calendar year, more than 1,000 companies reportedly laid off 154,336 workers. There is turmoil among tech workers. It is also evident from the increasing popularity of LinkedIn, a business and employment-focused social media platform. In 2022, it was downloaded 58.4 million times all over the world. Unsurprisingly, LinkedIn is brimming with job searches, help and counsel from friends to their retrenched friends, etc. Thankfully, the Government has not shown any intention of coercing or coaxing tech majors to go slow on layoffs. In November, of course, Information Technology Minister Ashwini Vaishnaw had slammed Elon Musk's decision to sack Twitter employees in India: "We condemn the way Twitter has sacked employees in India," said Vaishnaw, adding that the employees "should have given the employees a fair time for transition." But then liberals and the mainstream media love to criticise Musk for his unforgivable 'crime' of being a free speech "absolutist." The Honourable Minister might have been trying to be fashionable when he condemned Musk.

Over a month later, Minister of State for Information Technology Rajeev Chandrasekhar also talked about retrenchment in the IT sector, but his views were rational and balanced. He said that while the Government "probably cannot" intervene to stop layoffs in the IT sector, it was working to ensure these job losses are "soft landings." He rightly pointed out that there are enough jobs for talented people. He also talked about a Rs 460-crore "reskilling" plan. That's the correct approach; the Government can help the sector, and employees in it, by providing indirect support, one of which is reskilling. It should avoid a ham-handed approach, involving diktats to the top brass of IT majors. That may win the Government brownie points in the political arena, but would do no good to either the sector or, in the long run, to the people working there. So far, the Government has avoided such a populist stance. Hopefully, it will stay the course.

Civilian facade of Thai military

Thai Military Generals have managed to subvert civil rule by manipulating the democratic process

Thailand, the favorite destination for Indian tourists, is an instructive case for the study of civil-military relations. Control of the military by civil authority, the accepted democratic norm, is frequently challenged by the Palace, the third player even though monarchy is constitutional. An election is around the corner on 7 May with the parliamentary term ending on 23 March. Currently, a coalition led by the Palang Pracharath Party (PPRP) the military which includes three Generals, all former Army Chiefs, has ruled the country since 2014. The two Generals in subordinate political positions are senior to the Prime Minister. The billionaire PM Thaksin Shinawatra, who was ousted in a military coup in 2006, was followed by his sister Yingluck becoming Prime Minister later and now his daughter Paetongtarn is carrying the flag of Pheu Thai Party (PTP). King Maha Vajiralongkorn, Rama X, barred his elder sister, who renounced royalty, from contesting elections with Thaksin's PTP. Shinawatra according to a report in The Bangkok Post in May 2005 had made arrangements with the Palace to control the Generals.

The PPRP is led by Deputy Prime Minister, Pravit Wongsuwan, the senior most General; Gen Prayut Chan-o-cha junior most General is PM with Interior Minister Gen Anupong Paochinda. Wongsuwan last month told reporters that his party will decide whether he will be PM but he prefers "military life to political one". He was confident his party would remain in power as part of a coalition. The Sunday China Morning Post of December 2022 reported that three of four Thais think PTP should be in power and Paetongtarn was the favorite leader to end the decade-old military rule. The National Institute of Development Administration polls showed she was 10 percentage points ahead of Prayuth and PTP ahead of PPRP and other political parties. But unless all political parties unite against the Generals' PPRP they have no chance of defeating them.

Brad Adams, director of Human Rights Watch said that the military has made itself invulnerable by framing laws to dissolve the main opposition party, control the Election Commission, and hand-pick the Senate (which decides on government formation) to thwart the will of the people. Wongsuwan publicly stated it is not difficult for his party to form a government as the Senate is 'controllable'. Thai Generals have taken a leaf out of neighboring absolute military rulers of Myanmar's 2008 constitution into their 2017 constitution. Only a landslide victory by a single party like the National League of Democracy of Aung San Suu Kyi achieved in 2021 (which resulted in the coup) can undo military rule in Thailand. The 2017 constitution allows the nomination of 250 Senators (mostly Army and Police) that can dilute the verdict of the 500-strong House of elected Representatives. Rules have been so framed that the military needs only one-third of the elected house for government formation. The Generals have given a civilian façade to the military government - to put it crudely - like a wolf in sheep's clothing.

The military (and police) in Thailand is one of the most politicized entities in this part of the universe. My Thai colleagues at Command and

General Staff College at Fort Leavenworth (US) in 1975 mentioned how they made their political choices while in the Military Academy. Recently, the constitution was believed to have been amended to give the King special powers and certain special forces placed under his command. The Army Chief 2018, the son of a former coup leader, led his officers on bended knees and folded hands, to swear an oath of allegiance to the King at Army Headquarters in Bangkok. Gen Prayuth outdid him saying: "I will worship and protect monarchy". Generals are galore - for every 212 troops one flag rank officer. In India, 21,000 soldiers make one General. The Army has prepared a 20-year Strategic Development Plan which governments are required to follow.

Although absolute monarchy ended in 1932, the constitutional monarchy prevailed with the previous monarch the most revered King who ruled for 70 years, slightly less than the term of Queen Elizabeth II. It is not clear which way the pendulum is swinging in Palace-Military relations at present. South China Morning Post reported that "normally the Army proposes and the King disposes of. Very strict laws exist on royal defamation under lese majeste - 15 years in jail under Law 112 for

expression against Monarchy. Protests for reforming monarchy erupted recently though mostly by youth who use code words to refer to their targets.

Two tragic events occurred last December - the sinking of a Thai warship with several sailors drowned; and the cardiac arrest of the Crown Princess (apparently first in the line of succession) still in a coma. The effects of the pandemic have struck a body blow to tourism, the mainstay of the economy. Fortunately, the tourist footfall in 2022 has crossed the 10mn mark.

India has strong and friendly relations with Thailand with 50,000 Indians gainfully employed from Gaggan Anand's two Michelin Star restaurants to Gunjan Kumar's mobile chana jor garam enterprise. Statues of Hindu gods and goddesses are dotted all over Thailand with many beautiful Tamil kovils. There are strong Buddhist links also with Thailand. The Shinawatra scion may give the Generals shivers but the ruling trio of Generals is bound to return for a third term four months from now.

LETTERS TO THE EDITOR

QUESTION OF MINDSET!

Sir — Apropos Zeeshan's letter published in your daily on the 24th instant, Mr. Modi was exonerated of complicity in the Gujarat riots of 2002, by the Special Investigation Team (SIT) appointed by the Supreme Court of India. In April 2014, the apex court expressed satisfaction over the SIT's investigations in nine cases related to the violence, and rejected a plea contesting the SIT report as 'baseless'. For the BBC to now rake up the issue through a documentary smacked of bias and ulterior motives against a popular and honest Indian leader. Significantly, the UK PM Rishi Sunak has distanced himself from the documentary. The critics of the supposedly autonomous BBC, call it 'Biased Broadcasting Corporation'. Whenever there is a terror attack in India, the BBC reports it as a 'suicide mission', whereas if it happens on British soil or if Englishmen get killed, it is called a 'terror strike'. So much for the corporation's autonomy and impartiality.

Even within the UK, the BBC is not held in high credibility. In August 2013, the Daily Telegraph reported a new study, which found that the BBC "exhibited a left-of-centre bias in both the amount of coverage it gives to different opinions and the way in which these voices were represented". The BBC is still stuck in the days of the Raj, a pre-WWII era where Britain had a huge influence on global politics, which is not the case anymore with the US, India, China, and Japan taking center stage. This is not relished by the agency which is still stuck in a colonial hangover that they don't want to get rid of. One cannot wake up a person who is pretending to be asleep!

NATIONAL HANDWRITING DAY

Sir — 23rd Jan 2023 is National handwriting day. Good and aesthetic handwriting is an asset. But good handwriting and a good personality do not correlate (as many wrongly presume). Many great leaders like Mahatma Gandhi and Mother Teresa had very bad (illegible) writing. It is good that it is made compulsory for doc-

PAK PM goodwill gesture

Sharif's bid to have better ties with India is appreciable. He said that Pakistan did not get anything after fighting with India. He stressed that now it wants peace with its neighbours. He also said that "my message to the Indian leader is that, let us sit together and have a serious and sincere talk to resolve our internal

tors to write in big letters or capital letters.

Though it is pleasant to have good handwriting, in this modern IT and electronic gadgets era, more (keyboard) typing is being done by humans than handwriting. Good typists (on computers) in various languages are in high demand at educational institutions, other offices, and businesses too. Setting up a computer typing institute business is also good. Typewriter machines not to be seen at all.

NETAJI'S LEGACY

Sir — Appropriately and rightly so, the family of Netaji Subhas Chandra Bose pulled away from taking part in the RSS's program of observing his 126th birth anniversary yesterday, as the family had felt the organization's philosophy has always been paradoxical with that of Bose's inclusive beliefs. The RSS has intensified its vain efforts to co-opt Bose into its pantheon of saffron heroes. The Sangh Parivar's political orientation with Subhas Chandra Bose has always been conflicting and sought to distort and falsify all that Bose stood for secularism. No doubt, Bose was a devout Hindu with a saintly streak of self-abnegation in him.

He was deeply inspired by the

and external affairs, irrespective of our burning points like Kashmir. We should live together with love and peace. Because it would be better for us to make progress and develop our countries.

On the other hand, he said that we should not waste our money on ammunition and bombs, but we should provide education and employment to our people, however this is a good invitation from Pak PM. If India accepts this invitation that would be better. Because they want to make relations with us by their choice. So we should accept it on condition that it would be terror free. I think that it would be better for both countries. And these will be for the progress of both countries.

Faizan Ahmed | Haryana

Bhagavad Gita and the preachings of Ramakrishna Paramahansa and Swami Vivekananda. Yet, he was uncompromising in his protagonism of Hindu-Muslim unity. If Bose is alive today, he would have rejected outright the RSS's agenda of turning India into a Hindu Rashtra, as it is antithetical to his ideology of secular and inclusive Indian nationalism.

Ranganathan Sivakumar | Chennai

SUPREME COURT EXPOSES THE GOVT

Sir — The supreme court has rightly exposed the Government's faulty stance in not giving a nod to some of the collegium's recommendations based on matters unrelated to their professional duties. In one case it's the individual's sexual orientation and in another case, it is his political leaning, which has nothing to do with their discharge of duties, that has made their nominations to be kept in abeyance by the government. The Government should shed its prejudices over the private choices of competent individuals and should not deny their rightful due. Without a proper reason, it cannot deny the recommendations of the collegium.

Dr DVG Sankararao | Vizianagara

EDUCATION REFORM IS THE NEED OF THE HOUR

Education must help maintain harmony in society

RAJYOGI **BRAHMAKUMAR NIKUNJ**

If we look at the current global political scenario, we would easily realize the fact that the demand for harmony between various communities, castes and regional, linguistic and other inter-caste groups is on the top of every nation's agenda.

There has also been a heightened awareness that in the absence of harmony all energy, money, and attention are wasted either in efforts to prevent worsening of relations between various antagonistic groups or much efforts have to be made to bring to normalcy the conditions of law and order even after a brief episode of disturbance in relations between various communities or groups has occurred.

The society, as it is constituted, today, is so clearly knit that a disturbance caused by one factor in one sector sets waves of disturbance in other sectors of the society also. An act of disharmony wrought by science, technology, education, art or religious worship, in fact, by any aspect of the society's life, can upset harmony and let loose the forces of disturbance in all or most other fields as well.

Disharmony in the form of environmental degradation is the best example of recent times. It is, therefore, essential that all types of institutions and all aspects of an organized society should work in unison to create holistic harmony, else incongruous steps by one or a desynchronized tune by another can disturb the total harmony or break the rhythm of the total system.

Research has proved that education is one of the most important sectors which can contribute a lot to the well-being and smooth functioning of the society. In order to create a healthy and happy society, in which there is social, political, and economic justice and harmony, education must enlighten the educated class on the need to inculcate human values and divine qualities in their life. Presently, this element in education is neglected, as a result of which many highly educated people do not know how to live a peaceful life and how to face their problems without much mental tension.

It is found that the present system of education does not cultivate the qualities of tolerance, self-control, humility, service, co-operation, concern for the wellbeing of society, and responsibility for one's own actions. Also, students are not given a clear knowledge of the value of simplicity, honesty, justice, non-violence and fair play. The result is that even after spending so many years in a school and college or at the university, there is often a lack of gentleness, nobility, sincerity and humanism, and an inspiring goal is missing in life.

The society, therefore, may have a high percentage of literates or educated people and yet there may be commotion in legislative bodies, disobedience to orders of the highest court of the land, total disregard for law, criminal tendencies and unsocial habits. One does not need lengthy explanation to understand that it is the aforesaid factors that create disharmony.

Education would, therefore, fulfill its noble objective only if it imparts teaching in such values that create harmonious personality and helps to maintain harmony in the society and man's harmony with nature, with the environment and with the self.

Netaji's nationalism drove the British out

But the struggle and ideas of nationalism of Netaji have been limited to a paragraph in history textbooks

On September 12, 1944, from somewhere in Burma, a speech echoed and resonated in the minds of every Indian then and even till today. Netaji, in his revolutionary tone, commented: "We have resolved to create a united and free India, therefore, we shall oppose all attempts to divide her and cut her into bits."

And after almost 78 years, a statue of Netaji Subhas Chandra Bose was installed at the historic India Gate and the path leading to India Gate has been recently named as the 'Kartavya Path'. The path not only camouflages the iconic Subhas Chandra Bose and his vision of modern India, but also instils in the minds of every Indian, the primary duty to uphold the democratic principles incorporated in the legislature, the executive and the judiciary. It also ignites the spirit among the countrymen that India should always be united and dream of living in a free India and in the process, dedicate their lives in the establishment of India as a country that the entire globe views as a symbol of patriotism and unity in diversity.

The sense of nationalism that Netaji bore in his heart since his childhood and the activities that he carried on for the territory of India till his last breath, make him an iconic statesman.

Netaji, since his young age, was a socially conscious individual and during his days in the Presidency College in Kolkata. He was disturbed by the poverty and hardship that were faced by the people then. It was his sense of equality for all individuals that even made him question his stay at a three storied residence when he saw many beggars not having a roof over their head. And that made him even question the system of governance that created luxuries for a few but poverty for many.

That was his sense of nationalism for India that he envisioned even before India acquired her independence from the colonial rule. Nationalism for Bose was a transparent story of freedom for every individual where no one was dominated, and each and every individual had the equal amount of respect and liberty without any power expressing authority over them. This notion of nationalism that Bose had in his mind was visible in the events where he remained a witness to.

The history on Netaji depicts a story of his travel in a tram where he saw an Englishman sitting with his feet up, while an Indian gentleman was sitting in front of him. The Indian gentleman because of the fear of the colonial dominance did not raise his voice to it. But Bose was infuriated by this act of the Englishman and as such he asked him to put his foot down as he was spoiling the clothes of the Indian gentleman. The

NATIONAL SECURITY ADVISOR OF INDIA AJIT DOVAL STATED THAT THE BRITISH LEFT INDIA NOT BECAUSE OF MAHATMA GANDHI, BUT BECAUSE OF THE RISE IN NATIONALISM AND THE SPARK NETAJI CREATED AMONG THE SOLDIERS OF INDIAN ARMY IN THE FORM OF INA

(Bishaldeep Kakati is an advocate, Gauhati High Court; Bagmita Borthakur is Faculty of Political Science, Dispur College)

British man replied to Bose stating that the Indian can leave the seat if he had any problem with his foot being up. This made Bose very angry and seeing his rebellious nature towards establishing equality in the society, united the other Indians on the tram, and all joined Bose in the process of rebuking the Englishman.

However, Netaji's desire to establish a society free of dominance faced a setback when the Indian person who suffered from the act of the Englishman got down at the next station, so as to avoid more ugly scenes. On the one hand, it was that nationalistic approach of Bose that portrayed glimpses of Indian unity, but on the other hand, it was the clutches of dominance from which the Indians never imagined they could get out, jolted Bose briefly in his dream of establishing a free India.

Bose figured out the process of uniting a section of the Indians when he realised that it was not non-violence but armed rebellion that would prompt the British to leave India. The sense of nationalism was also visible when he in his bold voice, gave the call for 'Dilli Chalo' in his iconic Indian National Army movement as well as the immortal quote of 'You give me blood, and I will give you freedom'.

National Security Advisor of India Ajit Doval, in one of his speeches relating to Bose, stated that the British left India not because of Mahatma Gandhi, but because of the rise in nationalism and the spark Netaji created among the soldiers of Indian Army in the form of INA. Such was the aura of INA that even prompted the deeply loyal British Indian Army, Navy and Air Force to join hands in the fervour and energy that was unleashed by INA.

The impact of Netaji leading the Indian National Army was so strong that it not only acted as an opposite Indian force against the British, to which the Indian National Congress and the Muslim League had fallen prey, but it also led to the British wanting his immediate detention.

A visionary ahead of his time, Netaji was not only successful in raising the notion of Nation over community, religion and tribe but he also clearly understood the concept of diplomacy and foreign relations and he rightly applied the 'Chanakya Neeti' that speaks of "Enemy of an enemy is your friend"; and this principle helped him to form alliance with Germany and Italy, against the British and as a result of which he was successful in strengthening

the concept of military force in India in the form of INA.

A pragmatic nationalist who respected divergent approaches and views, Netaji understood the soul of the Indian nation and as such, he envisioned a strong central government with a large amount of autonomy allowed to the minority communities and the provinces. Therefore, for these reasons, Netaji's birthday in India, recently has also been tagged as 'Parakram Diwas'.

Netaji's idea of nationalism revolved around the concepts of equality, liberty and justice, individual freedom and balance of power and more importantly his nationalism for India laid in the concept of establishing India as a nation with complete overhauling and recasting of the stereotypical mode of existence, leading to genuine national solidarity that would in the longer run, give India the position of glory. He also believed that a Nation has no right to exist if it has no ambition, but he also emphasised on the fact that progress of a country should be broader and for the community as a whole rather than for fulfilling selfish ends.

But the struggle and ideas of nationalism of Netaji have been limited to a paragraph in history textbooks.

POINTCOUNTERPOINT

THEY TALK ABOUT SURGICAL STRIKES AND THAT THEY HAVE KILLED SO MANY OF THEM BUT THERE IS NO PROOF. THE CENTRE IS RULING WITH THE HELP OF LIES.
— CONGRESS LEADER DIGVIJAY SINGH

THE VIEWS EXPRESSED BY SENIOR LEADER DIGVIJAYA SINGH ARE HIS OWN AND DO NOT REFLECT THE POSITION OF CONGRESS.
— CONGRESS COMMUNICATION INCHARGE JAIRAM RAMESH

The Third Front again divides Opposition leaders

A weakened Congress is not a threat to regional satraps but their ambition stops them from including it in their coalition

Third Front again! Before every Lok Sabha poll, the Third Front idea is floated, and the 2024 polls are no exception. Political pundits predict that there is space for the entire Opposition against Bharatiya Janata Party but not a Third Front, as it will splinter the anti-BJP votes and help the ruling dispensation. The concept was tried and tested in 1977, 1989, and 1996-98, supported by either Congress or the BJP. But they were all short-lived.

Some regional satraps led by Telangana Chief Minister K Chandrashekhara Rao are trying to build a Third Front before the 2024 Lok Sabha polls. It includes some influential regional leaders heading BRS, AAP, CPI-M, Trinamool Congress, and the

KALYANI **SHANKAR**

(The author is a senior journalist)

Samajwadi party. They want a coalition minus Congress to fight the BJP.

Parallely, Congress leader Rahul Gandhi is also currently on a Bharat Jodo Yatra to unite the Opposition parties. In effect, while Rahul wants to lead the Opposition, regional leaders prefer a front minus Congress.

Many ifs and buts are there for forging a Third Front. Since the 1980s, regional forces like SP, BSP, RJD, and JD(U) have emerged and had a stronghold in their respective states. Whether these leaders would come together to challenge Prime Minister Narendra Modi is the million-dollar question. Moreover, historically, arithmetic has shown the Third Front is only possible with the support of either

the Congress or the BJP.

With its glorious past but miserable present, a weakened Congress is currently attempting to save the party. With this in view, Rahul Gandhi is being rebranded before the 2024 polls. He has undertaken a Bharat Jodo Yatra to unite the secular forces.

The grand old party has invited 21 Opposition parties, including the Samajwadi Party and the CPM, for the concluding ceremony in Kashmir next month.

Rao floated his Third Front idea in early 2018, arguing that the Congress and the BJP have failed to govern the country. In KCR's mind, he and not Modi or the Congress could lead the country in the right direction. He tried to

build a non-Congress, non-BJP front ahead of the 2019 general election. But it failed, with most regional leaders stopping at extending only moral support.

In a show of strength to boost his political ambitions, KCR held a mega public rally in Khammam on January 18. The rally was the first after KCR converted his regional party Telangana Rashtra Samithi to Bharat Rashtra Samithi on October 5 last year. To KCR's delight, the Election Commission has recognised the BRS as a national party.

Most of those who skipped the Congress Yarra participated in the Khammam Rally. It included Delhi Chief Minister Arvind Kejriwal, his Punjab counterpart Bhagwant

Mann, Kerala CM Pinarayi Vijayan, Samajwadi Party leader Akhilesh Yadav, and CPI's D Raja. KCR has also opened back-channel communication with Odisha's Chief Minister Naveen Patnaik, to join the alliance.

KCR is opposed to the Congress as the two parties are political rivals in Telangana. That is why he aspires to head a non-Congress, non-BJP front. Interestingly, he organised the Khammam meeting days ahead of the grand finale of the Bharat Jodo Yatra later this month in Kashmir.

KCR has never hidden his ambition for a national role while waiting to perform a hat trick in the Assembly polls later this year. He believes he is destined to become a national alternative to Modi.

However, after two consecutive terms since 2014, KCR has faced an anti-incumbency wave. Though he has finished off the Congress and the TDP in the state, to his dismay, the BJP has emerged as the main Opposition party in the state. He depends upon Dame Luck smiling at him.

A big question remains: will the Third Front aspirants manage to capture any space in national politics or match Modi's popularity with their king-size egos? Bihar Chief Minister Nitish Kumar, who is realistic, believes that "there is no question of a Third Front. There should be one front that includes Congress. Then we can trounce the BJP in 2024."

The Opposition has to decide who their real rival is. Is it the BJP or the Congress?

A weakened Congress is not a threat to the regional satraps. Still, their ambition stops them from including Congress in their coalition.

Changing electoral alliances offer only recurring political quicksand. Modi will return for a third term as long as the Opposition is divided.

The fragile unity of the Third Front is often criticised. There is a saying that the Third Front leaders can only remain together for a short time and apart for a shorter time. Only after identifying their prime ministerial candidate and devising a common minimum programme could the Second Front or Third Front succeed.

The regional leaders want to do this after the polls to avoid friction.

Kyiv targets graft as Poland asks Berlin to OK Ukraine tanks

AP ■ KYIV (UKRAINE)

A high-level shakeup in the Ukrainian government cost nearly a dozen senior officials their jobs, as the country's president sought on Tuesday to root out entrenched corruption while conducting the fight against Russia's invasion.

The crackdown came as Poland formally requested permission from Germany to transfer a modest number of its Leopard 2 battle tanks to Ukraine. Germany builds the high-tech armour and Warsaw needs Berlin's permission to send them to a non-NATO country.

In Kyiv, the deputy head of Ukraine's presidential office quit after President Volodymyr Zelenskyy pledged to address high-level corruption allegations — including some related to specific wartime spending — that have embarrassed authorities and could slow the country's bids to join the European Union and NATO.

Kyrylo Tymoshenko asked to be relieved of his duties, according to an online copy of

Moscow, Zelenskyy had pledged to weed out corruption which some observers have described as endemic. Zelenskyy came to power in 2019 on an anti-establishment and anti-corruption platform.

Tymoshenko joined the presidential office in 2019, after working on Zelenskyy's media and creative content strategy during his presidential campaign. In his nightly video address Sunday, Zelenskyy said Ukraine's focus on the Russian invasion would not stop his government from tackling alleged corruption, even amid a war.

"I want to be clear: There will be no return to what used to be in the past," Zelenskyy said.

Tymoshenko was last year under investigation relating to his personal use of luxury cars. He was also among officials linked last September by an investigator working with the National Anti-Corruption Bureau of Ukraine to the embezzlement of humanitarian aid worth more than USD 7 million earmarked for the southern Zaporizhzhia region.

He has denied all the allegations.

On Sunday, a deputy minister at the infrastructure ministry, Vasyl Lozynsky, was dismissed for being part of a network allegedly embezzling budget funds.

Oleksandr Kubrakov, the infrastructure minister, said Lozynsky was relieved of his duties after Ukraine's anti-corruption agency detained him while he was receiving a USD 400,000 bribe for helping to fix contracts related to restoring facilities battered by Russian missile strikes.

Last June, the EU agreed to put Ukraine on a path toward EU membership. To join the bloc, countries must meet a detailed host of economic and political conditions, including a commitment to the rule of law and other democratic principles.

Ukraine has long aspired to join NATO, too, but the military alliance is not about to offer an invitation, because of the country's contested borders, defense establishment shortcomings and, in part, its corruption issues.

War with China not an option: Taiwan's Prez

AP ■ TAIPEI

Taiwanese President Tsai Ing-wen told Pope Francis in a letter that war with China is "not an option" and said constructive interaction with Beijing, which claims the island as part of its territory, depends on respecting self-ruled Taiwan's democracy.

Vatican City is the last European government to have diplomatic relations with Taiwan instead of Beijing, although the United States and other Western nations maintain extensive informal ties. Taiwanese leaders are uneasy about Vatican efforts to develop relations with Beijing.

Tsai, in the letter released by her office, expressed support for Vatican positions on Russia's war against Ukraine, "migrant-friendly policies" and public health.

"We identify profoundly with your views," Tsai wrote.

Taiwan and China split in 1949 after a civil war and have no official relations but are linked by billions of dollars in trade and investment. The Chinese Communist Party regularly flies fighter planes and

'Military exercises with China, Russia normal process for SA'

PTI ■ JOHANNESBURG

The joint naval exercises scheduled to be hosted by South Africa with Russia and China next month are part of the normal process of training of the country's defence forces, Minister of International Relations and Cooperation Naledi Pandor has said.

The minister was addressing a press conference on Monday together with her Russian counterpart Sergei Lavrov, who was visiting the country.

The ministers were reacting to local media reports that attacked South Africa for undertaking the exercises in February at a "sensitive time" when Russia was at war with Ukraine.

Lavrov was the first to defend the drills.

"They are three sovereign countries. They don't violate any norms of international laws. They will conduct international exercises. I don't understand how they can provoke a mixed reaction," Lavrov said, suggesting that perhaps this had been instigated by the

US.

"Maybe only with our American colleagues, because they believe that only they can have exercises all over the world; not only at more than 200 military bases all over the world but at any place. Now they are actively involved in naval exercises in the Pacific and near China in the Taiwan Strait, and it does not provoke any mixed reactions.

"Our exercises are transparent. We together with our South African and Chinese partners have provided all the relevant information — it is

'Serbia faces global isolation over Kosovo'

AP ■ BELGRADE

Serbia could face international isolation and economic decline if it rejects a new Western plan for normalising relations with its former wartime foe Kosovo, the Balkan country's president Aleksandar Vucic said on Monday, in what appeared to be a shift from his previous headline rhetoric.

Serbia received that warning last week during a visit by a group of US and European envoys who have stepped up efforts to defuse longtime tensions in the volatile Balkan region amid Russia's invasion of Ukraine.

"Serbia must talk, take part in dialogue and continue its European road," Vucic said.

"We would be economically and politically lost without it and, as a president, I would not agree to lead the country that is alone and isolated."

Finland's top diplomat hints at joining NATO without Sweden

AP ■ HELSINKI

Finland's top diplomat appeared to suggest Tuesday that the country may have to consider joining NATO without Sweden after Turkey's president cast serious doubt on the expansion of the military alliance.

"We still have to evaluate the situation if it turns out that Sweden's application is stalling for a long time to come," Foreign Minister Pekka Haavisto told Finnish broadcaster YLE.

His comment came a day after Turkish President Recep Tayyip Erdogan warned Sweden not to expect support for its bid for NATO membership following weekend protests in Stockholm by an anti-Islam activist and pro-Kurdish groups.

It was the first time a leading government official in either country had appeared to raise doubts about joining the alliance together.

Haavisto later backpedalled, telling reporters in Parliament that his comment earlier

VC investment in Indian startups fell 38% in 2022

PTI ■ NEW DELHI

Venture capital (VC) investments in Indian startups plunged over 38 per cent in 2022 as economic uncertainty and market volatility affected fundraising and investment activities, GlobalData said on Tuesday.

In a statement, GlobalData said an analysis of its financial deals database reveals that “a total of 1,726 VC funding deals worth \$20.9 billion were announced in India in 2022 compared to 1,715 deals worth \$33.8 billion in 2021.”

“The ongoing economic uncertainty and market volatility continue to affect the fundraising and investment activities in India and subsequently VC investment in the country startups suffered a massive year-on-year 38.2 per cent decline in value terms during 2022,” the data and analytics company said.

Aurojyoti Bose, lead analyst at GlobalData, said India is a key Asia-Pacific market and stands just next to China in terms of VC funding deals by volume and value.

It is also among the top four markets (the US, the UK, China and India) globally.

India accounted for 5.1 per cent and 6.3 per cent share of global VC funding value and

volume, respectively, in 2022.

While the US, the UK and China registered decline in VC funding deal volume in 2022 compared to the previous year, India stood out as a notable exception and registered 0.6 per cent growth.

“Although India’s VC funding deal volume has slightly increased year-on-year, the significant drop in VC funding value seems to be a fallout of growing investor cautiousness over startup valuations. Moreover, volatile market conditions and recession fears seem to have forced many investors to preserve capital. The restrictions on travel and in-person meetings also made it more difficult for VC firms to conduct due diligence on potential investments,” Bose said.

The average size of VC funding deals, which stood at \$19.7 million in 2021 fell to \$12.1 million in 2022. The number of VC deals valued more than or equal to \$100 million announced in India stood at 42 in 2022 as compared to 86 during the previous year.

“The decrease in venture capital investment can also be attributed to the lack of companies that can generate significant returns for investors. This is a common challenge for emerging economies, and India is no exception,” Bose added.

GlobalData said historic data may change in case some deals get added to previous months because of a delay in the disclosure of information in the public domain.

Finance Min meets private sector bankers

Reviews progress of various financial inclusion schemes

PTI ■ NEW DELHI

The Finance Ministry on Tuesday held a meeting with private sector lenders to review progress made by them under the flagship financial inclusion and social security schemes.

“Dr. Vivek Joshi, Secretary DFS chaired a meeting today with the representatives of Private Sector Banks, Small Finance Banks and Payment Banks to review the progress made by them under various Financial Inclusion initiatives (PMJDY, PMJJBY, PMSBY, APY, PM SVANidhi, etc.),” Department of Financial Services said in a tweet.

Last week, Joshi met heads of public sector banks and urged them to achieve targets under various schemes for current financial year.

During the meeting, progress of various social secu-

rity (Jan Suraksha) schemes, including Pradhan Mantri Jan Dhan Yojana (PMJDY), Pradhan Mantri Jeevan Jyoti Bima Yojana (PMJJBY), Pradhan Mantri Suraksha Bima Yojana (PMSBY), Atal Pension Yojana (APY), Pradhan Mantri MUDRA and Prime Minister Street Vendor’s AtmaNirbhar Nidhi (PMSVANidhi), and Agri credit etc, were reviewed.

Indian Banks’ Association (IBA) has already been requested to expedite the Consumer Service Rating for all Scheduled Commercial Banks to gauge the consumer expectation and enable banks to raise their standards of services delivery to every segment.

Vistara to add 70 planes in fleet by mid-2024: CEO Vinod Kannan

PTI ■ NEW DELHI

Full service carrier Vistara will continue to expand and expects to have a total of 70 planes by mid-2024, its chief Vinod Kannan said on Tuesday.

The airline, a joint venture between Tata Sons and Singapore Airlines, reported an operating profit for the first time since inception in the three months ended December 2022.

By the middle of next year, Kannan said it will have a total of 70 aircraft, including 7 Boeing 787s.

Out of the total 70 planes, there will also be 10 A321s and 53 A320 neos, the Vistara CEO said at a briefing.

Among the 53 A320 neos, 10 planes will have all economy class and the rest will have three classes. Currently, the airline has a fleet of 53 aircraft.

“We will continue to expand... More international

routes (will be added),” Kannan said.

Without disclosing the exact profit figure in the December quarter, the airline also said it crossed the \$1 billion revenue mark and remained EBITDA positive in the current fiscal year.

EBITDA refers to Earnings

Before Interest, Taxes, Depreciation and Amortisation.

“For the first time since inception, the airline reported a net profit (excluding unrealised foreign currency loss and non-operating income) for the quarter ended December 2022,” Vistara said.

Rupee falls 28 paise to 81.70 against US dollar

PTI ■ MUMBAI

The rupee fell 28 paise to close at 81.70 (provisional) against the US dollar on Tuesday as unabated foreign fund outflow hit market sentiments.

However, a weak dollar and fall in crude prices capped the losses in the local currency, forex traders said.

At the interbank foreign exchange market, the rupee opened lower at 81.61 to a dollar against the previous close of 81.42. The local unit moved in a range of 81.43 to 81.76 during the day.

On Monday, the rupee had declined by 25 paise to close at 81.42 against the US dollar.

Meanwhile, the US dollar index, which gauges the greenback’s strength against a basket of six currencies, declined 0.01 per cent to 102.15 amid con-

cerns over US economic growth.

The Brent crude was trading 0.41 per cent lower at \$87.83 per barrel.

On the domestic equity market front, the 30-share BSE Sensex ended almost flat at 60,978.75, up 37.08 points or 0.06 per cent. The broader NSE Nifty inched up 0.25 points to 18,118.30.

Foreign Institutional Investors (FIIs) were net sellers in the capital market on Monday as they sold shares worth ₹219.87 crore, according to exchange data.

Ex-Sebi chief Damodaran launches midcap corp governance index ATOM

PTI ■ NEW DELHI

Airawat Indices Pvt Ltd, a joint venture firm founded by former Sebi Chairman M Damodaran and Decimal Point Analytics, has launched a new index ATOM, comprising 30 midcap companies listed on stock exchanges.

ATOM (Airawat Touchstone MidCap Index) is a thematic index designed to serve investors seeking to invest in “well-governed mid-cap companies”, the company said in a release.

The joint venture has selected these 30 midcap com-

panies from the AMFI’s (Association of Mutual Funds in India) list of midcap 150 stocks as the starting point of its scoring methodology.

Damodaran, former Chairman of UTI and IDBI, also announced a Corporate Governance Index for midcap companies.

The methodology to select the 30 companies in ATOM captures the financial quality and corporate governance standards of the AMFI midcap universe, it said, adding the index is reconstituted every six months based on revisions AMFI makes to its list of 150

midcap companies.

Speaking at the launch of ATOM, Damodaran said: “The midcap space is conventionally thought to be risky and full of dodgy companies. However, we decided to explode this myth and found a way to systematically identify well-gov-

erned companies to create ATOM.”

He further said with the rapid growth of asset management services in India, having a handful of index providers may prove to be insufficient.

“Airawat, as a new entrant, is committed to finding new and innovative segments in the markets and creating indices around which investors can build unique portfolios,” he said.

Ashutosh Bishnoi, Advisor to Airawat and a former Board member of the Association of Mutual Funds of India, said ATOM represents the best

quality of midcap companies in India.

“On a CAGR basis, it outperformed the 150 midcap stocks over the last five years by over 500 bps and yet significantly underperformed over the last one year,” he said.

Decimal Point Analytics serves capital market institutions in Europe and the US from its offices in London, New York, Gift City, Nashik and Mumbai. Decimal Point also handles the management of over 400 indices for global index companies, the release said.

Croma Infiniti-Retail to take up rapid expansion in next FY

PTI ■ CHENNAI

Tata Group-owned Infiniti Retail which operates consumer electronics store chain under the ‘Croma’ brand has drawn up ‘rapid expansion’ plan in the next financial year, the company said on Tuesday.

The company recently launched its 300th store in the city.

Croma launched around 100 new stores this year and plans rapid expansion in the next financial year. Croma has been expanding its footprint in Tier II and III towns to reach more people, the company said in a statement.

With the inauguration of the 300th store in Chennai, the company has 19 stores in Tamil Nadu.

“We are elated to have surpassed the milestone of 300 stores spanning across the top 100 plus cities of India. With our growing retail presence, our aim is to delight our cus-

tomers with a world class shopping experience, expert advice and assured lifetime service,” Croma Infiniti-Retail Ltd MD and CEO Avijit Mitra said.

“We will continue to expand our service across India with stores and croma.Com,” he said.

The company has revamped its website www.Croma.Com to enhance online shopping experience for its more than 30 million monthly traffic.

The 300th store in Sholinganallur is spread across 10,000 sq ft offering a range of products including televisions, smartphones, digital devices, home appliances among others.

Total toll collection through FASTag grew 46% to ₹50K crore in 2022: NHAI

PTI ■ NEW DELHI

Total toll collection through FASTag on fee plazas, including state highway toll plazas, increased 46 per cent to ₹50,855 crore in 2022, state-owned NHAI said on Tuesday.

Total toll collection through FASTag on fee plazas, including state highway toll plazas, in 2021 was ₹34,778 crore.

The average daily toll collection through FASTag on NH fee plazas in December 2022 was ₹134.44 crore, and the single day highest collection touched ₹144.19 crore on December 24, 2022, the National Highways Authority of India (NHAI) said in a statement.

Similarly, the statement said the number of FASTag transactions also witnessed a growth of about 48 per cent year-on-year in 2022.

The number of FASTag transactions in 2021 and 2022

was 219 crore and 324 crore, respectively, it added.

The statement said with 6.4 crore FASTags issued as of date, the total number of FASTag-enabled fee plazas across the country also grew to 1,181 (including 323 state highway fee plazas) in 2022 from 922 in the previous year 2021.

FASTag implementation has reduced the waiting time at NH Fee Plazas significantly.

A FASTag allows a user to pay the highway fee electronically without having to stop at the toll collection booths set up by the highway operators.

Since February 16, 2021, the government has made FASTag mandatory for all private as well as commercial vehicles.

As per the rules, vehicles that do not have a valid or functional FASTag must pay double the toll charge as a penalty.

Sensex, Nifty trim gains to close flat amid volatile trade

PTI ■ MUMBAI

Benchmark Sensex trimmed barely gains to close marginally higher while Nifty settled flat in choppy trade on Tuesday as gains in auto shares were offset by selling pressure in banking and energy shares.

The 30-share BSE barometer closed slightly up by 37.08 points or 0.06 per cent to 60,978.75, with 15 of its stocks ending in green and the rest in red. The index opened higher and gained over 300 points to a high of 61,266.06 in early trade.

The index, however, dropped over 400 points from the day’s high to touch a low of 60,849.12 due to selling in select counters.

The broader NSE Nifty closed flat at 18,118.30 with 29 of its shares ending in red and 21 in green. The 50-issue index touched a high of 18,201.25 and a low of 18,078.65 in the day trade.

“Mirroring robust global peers, the domestic market extended previous gains driven by auto stocks. However, due to

selling pressure in banking shares, the indices anchored close to the flatline,” Vinod Nair, Head of Research at Geojit Financial Services, said.

Auto stocks were in focus prior to the earnings results of the sector major Maruti Suzuki India. Hopes of a soft landing of the US economy along with the anticipation of a lesser rate hike boosted global bourses, Nair said.

Among major gainers, Tata Motors rose the most by 3.26 per cent.

Maruti Suzuki India rose by 3.23 per cent after its post-

of the prevailing consolidation phase.

Auto and IT shares advanced while metal, realty and pharma declined.

In the broader market, BSE Midcap declined 0.3 per cent to 25,038.24 and Smallcap dropped 0.43 per cent to 28,422.45.

Among sectoral indices, BSE Metal fell by 1.21 per cent, Healthcare by 1.01 per cent, Realty by 0.95 per cent, Utilities by 0.82 per cent, Power by 0.78 per cent and capital goods by 0.75 per cent.

On the other hand, BSE Auto gained 1.17 per cent, IT by 0.66 per cent, Consumer Discretionary by 0.71 per cent and Consumer Durables by 0.51 per cent.

Asian stock markets were also higher following overnight gains in US markets on expectations that the Federal Reserve will trim its rate hikes to tamp down inflation.

Tokyo’s Nikkei 225 index gained 1.5 per cent and Australia’s S&P/ASX 200 rose 0.4 per cent. Many markets in Asia were closed for the Lunar New Year holidays.

‘Family issues pose great threat to small, medium family enterprises’

Mumbai: A study released by Bharatiya Vidya Bhavan’s SP Jain Institute of Management and Research (SPIJMR) has found that small and medium family enterprises have less to worry about from the business side. Instead, family issues may prove to be the proverbial Achilles’ heel for such businesses.

The study, titled ‘India: State of the Family Business Report’, undertaken by SPIJMR’s Centre for Family Business & Entrepreneurship (CFBE), involved a survey of 350 family businesses across India over May-October 2022, conducted by Hansa Research.

It found that most small and medium family enterpris-

es have reported either stable or increasing trends across various parameters such as sales, market share, profitability, number of people employed, and profit margin on sales in FY 2021-22.

This would be in line with the provisional estimates released by the National Statistical Office (NSO), which reported that the Indian economy had fully recovered to its pre-pandemic levels of 2019-20, with the real GDP growth rate estimated at 8.7% in 2021-2022.

The sentiments regarding their competitiveness in the past three years and their future expectations regarding growth and adoption of technology

remain optimistic for these small and medium family enterprises, even though expectations regarding cost increases run high.

Microenterprises reported better business performance than other small and medium enterprise peers.

Most microenterprises reported stable or increasing sales, market shares, profitability, Return on Assets, Return on Equity, and profit margins compared to medium enterprises. These enterprises also reported employing a greater or the same number of people as before.

More service sector enterprises reported improvement in business parameters such as

sales, market share, profitability, number of people employed, and profit margin on sales compared to manu-

facturing enterprises and thus outperformed them.

It is on the family side that family businesses face the most

significant challenge. While the FBs are governed by clear values and a code of conduct, there is less attention paid to critical aspects such as family governance and planning for succession.

This manifests in unclear succession timing, despite an intent to hand over the business to the next-gen family member and a reluctance to let go due to the perceived inability or lack of interest in the next-gen family members.

“Our survey reveals that despite a seemingly difficult and uncertain business environment, small and medium family businesses seem less pressurized by business developments.

In fact, family businesses will face greater headwinds from the family side than from the business side, with issues of succession and governance looming large and threatening their business performance.

Our survey also sounds a warning bell to family businesses in India- the most common form of business organization.

Family Businesses will need to put their family in order, so that they can reap the benefits of an improving business environment,” said Dr Tulsi Jayakumar, Executive Director, CFBE and author of the report.

Pointing to the difficulties of succession planning - a key

section of the survey, Dr Jayakumar added: “Management schools and consultants will need to train the senior generation family members of the importance of ‘letting go’ in order to preserve the family business they have invested so much in.

Many of the respondents among the senior gen in our survey expressed their intent to continue running the business as long as they could.

This would of course demotivate the talented and independent among the next-gen.

Transgenerational entrepreneurship can be fostered only through paying sufficient attention to family dynamics.”

RYBAKINA, KHACHANOV REACH AUS OPEN SF

AP ■ MELBOURNE

Big-serving Elena Rybakina blasted her way into the Australian Open semi-finals on Tuesday, while Karen Khachanov followed suit in the men's draw after Sebastian Korda suffered a wrist injury.

In the first quarter-final on day nine at Melbourne Park, Moscow-born Kazakh Rybakina stepped up her bid for a second Grand Slam title with a ruthless 6-2, 6-4 win over Jelena Ostapenko.

She will face American third seed Jessica Pegula or two-time Australian Open champion Victoria Azarenka in the last four.

The 23-year-old Rybakina sent down 11 aces to blow former French Open champion Ostapenko off Rod Laver Arena in 79 minutes.

The 22nd seed has blasted 35 aces so far, more than any other woman at the tournament.

Ominously, she said her serve is better now than when she won Wimbledon last year.

"I gained even more power. It's my weapon on the court and of course we are trying to work on it," she said, before adding: "Always a lot to improve."

The first men's quarter-final had been warming up nicely until Korda hurt his wrist against Russia's Khachanov.

The 18th seed went through when the young American retired in the third set, down 7-6 (7/5), 6-3, 3-0.

Khachanov's reward is a clash with either Greek third seed Stefanos Tsitsipas or unseeded Czech Jiri Lehecka, who play later, for a spot in Sunday's final.

Tsitsipas is the highest remaining seed in the draw after a series of shock exits.

The 22-year-old Korda, who had been attempting to emulate his father Petr's Australian Open victory in 1998, said afterwards that he could barely hold the racquet.

He said he first felt the injury while playing the Adelaide International this month, where he made the final and forced a championship point before being beaten by Novak Djokovic.

But it had not bothered him in

the opening four rounds at Melbourne Park until he hit a return in the second set.

"I had it in Adelaide and then it went away completely. Now it just came back out of nowhere," he said. "I have never had any wrist issues before."

"I knew kind of what it was right away, right when I hit the return. I kind of felt that spot that I was feeling before."

"Some forehands I couldn't even hold the racquet. Volleying was almost impossible for me, so it was a little tough."

For Khachanov it is a second consecutive Grand Slam semi-final, having reached the last four at the 2022 US Open.

Nine-time Melbourne champion Djokovic is still on the scene, with a quarter-final against Russian fifth seed Andrey Rublev on Wednesday, but otherwise the draw has opened up.

"I'm feeling good, to be honest, and really happy about the way I'm competing," said Khachanov, ranked 20th in the world.

"I'm looking forward to the semi-finals here in Australia for the first time."

Bopanna-Mirza move to mixed doubles semifinal

PTI ■ MELBOURNE

The Indian team of Rohan Bopanna and Sania Mirza moved to the Australian Open mixed doubles semifinals without moving a sinew as they got a walk over from Jelena Ostapenko and David Vega Hernandez here on Tuesday.

The Indian team has not yet dropped a set in the mixed team competition.

They now await the winner of the quarterfinal between the pairs of third seeded Desirae Krawczyk and Neal Skupski and Taylor Townsend and Jamie Murray.

Bopanna and his partner Mathew Ebden, seeded 10th, had made a first round exit from the men's doubles event, while Mirza and her Kazakh partner Anna Danilina had lost in the women's doubles second round.

Ramkumar Ramanathan and his Mexican partner Miguel Angel Reyes-Varela, Yuki Bhambri and Saketh Myneni had also made first round exits.

Jeevan Nedunchezhiyan and N Sriram Balaji had reached the second round before bowing out.

No Indian featured in men's singles competition.

Kyrgios targets March return

AP ■ MELBOURNE

Nick Kyrgios's knee surgery was a "great success" with the temperamental Australian targeting a return for the Indian Wells ATP Masters in March, his manager said on Tuesday.

The 27-year-old went under the knife in Canberra on Monday after pulling out of the Australian Open on the eve of the tournament, saying he was "devastated" to miss his home Grand Slam.

"The surgery was a great success," his manager Daniel Horsfall told the Melbourne Age newspaper.

"We couldn't have been more pleased with the outcome of it. Now we will be pushing ahead for a speedy recovery and are aiming to see everyone at Indian Wells."

Kyrgios, considered an outside chance of winning the Australian Open, had surgery to repair a small tear in his left lateral meniscus.

Korda says could barely hold racquet

AP ■ MELBOURNE

Sebastian Korda said he could barely hold the racquet before retiring in the Australian Open quarter-finals Tuesday, but despite the disappointment is confident of "really big things" ahead.

He said he first felt the injury while playing the Adelaide International this month, where he made the final and forced a championship point before being beaten by Novak Djokovic.

But it had not bothered him in the opening four rounds at Melbourne Park until he hit a return in the second set.

"I had it in Adelaide and then it went away completely. Now it just came back out of nowhere," he said. "I have never had any wrist issues before."

"I knew kind of what it was right away, right when I hit the return. I kind of felt that spot

that I was feeling before. "Some forehands I couldn't even hold the racquet. Volleying

was almost impossible for me, so it was a little tough."

Despite the pain of defeat, it was a hugely successful Australian Open for Korda, who made a Grand Slam quarter-final for the first time.

Along the way he stunned two-time losing finalist and seventh seed Daniil Medvedev and world number 10 Hubert Hurkacz.

"There is a lot of positives. I mean, way more positives than even negatives," he said.

"Today was tough, but hopefully it's nothing serious and I can take care of it so I don't have it in the future."

"Still a great tournament. My first quarter-final in a Grand Slam. You know, I'm going to go forward with my head high and keep working."

Ten-man Inter slip to defeat against Empoli

AP N MILAN

Inter Milan missed the chance to go second in Serie A when they slipped to a 1-0 defeat at home to Empoli on Monday.

Inter, who had won their last nine league games against Empoli, began the day in third but their hopes of climbing above city rivals AC Milan into second were hampered five minutes before half-time when Milan Skriniar was dismissed for a second yellow card.

The Slovak defender, who has been linked with a move to Paris Saint-Germain, was booked for obstruction in the 25th minute before being shown the red card for a nasty tackle.

The only goal came after 66 minutes when Nedim Bajrami provided the assist for 19-year-

old Tommaso Baldanzi to fire home off his left foot for his third goal of the season.

Inter battled hard to retrieve the game with Simone Inzaghi throwing both Edin Dzeko and Romelu Lukaku into the fray.

They came close on several occasions and had a header rebound off the bar but less than a week after lifting the Italian Super Cup in style with a 3-0 win over AC Milan, Inter may have kissed goodbye to the Scudetto.

Inter remain third, a point behind AC Milan who play at Lazio on Tuesday, and level on points with Roma.

Napoli are the runaway leaders, 12 points clear at the top.

In Monday's other game Bologna were held to a 1-1 draw by bottom side Cremonese.

Kane sinks Fulham to become Spurs' joint record scorer

AP ■ LONDON

Antonio Conte vowed to "win something" with Harry Kane after the striker became Tottenham's joint record scorer as his 266th goal for the club sealed a vital 1-0 win against Fulham on Monday.

England captain Kane netted on the stroke of half-time with a clinical strike from the edge of the penalty area at Craven Cottage.

Jimmy Greaves' Tottenham record had stood since 1970, but Kane's first goal in his last three appearances gave him a share of the historic milestone.

Kane played despite being ill with a fever and Tottenham boss Conte admitted he is desperate to reward the selfless star with silverware. Without a major trophy for club and country, Kane has been linked with Manchester United.

But Conte said: "Today he was amazing. I think he scored a fantastic goal, the execution, to control the ball, then to kick it in that way, only a world-class striker can score this goal."

"About the spirit that I spoke before, I want to underline Harry played with a fever and he was not so good, but he wanted to play because he understood the moment."

"He understood he is a point of reference for us. For sure, I would like to help him and me, also his team-mates, to try to do something important,

to win something with Tottenham because he loves Tottenham. "Tottenham is in his heart and it should be good if together we were able to win something, because then it is important to have this record, but I think it could be more important if you win a trophy."

Kane could break Greaves' record in Tottenham's next match in the FA Cup fourth round at second tier Preston on Saturday. It is only a matter of time before Kane takes sole possession of Tottenham's most hallowed record.

That remarkable achievement would have seemed impossible during a difficult start to his career that featured several failed loan spells before he finally emerged as a star.

Greaves, who died aged 81 in 2021, is regarded as one of the most natural goal scorers in football history. A member of England's 1966 World Cup-winning squad, who netted 44 times for his country, Greaves is the highest scorer in English top-flight history with 357 goals.

For Kane to be alongside such a legendary player is a tribute to his predatory instincts and his perseverance.

The 29-year-old is now one short of becoming the third player to net 200 Premier League goals, after Alan Shearer (260) and Wayne Rooney (208).

Kane also drew level with Rooney as England's joint record goalscorer after bagging his

FOREST WILL ATTACK MAN UTD: COOPER

AP ■ LONDON

Nottingham Forest boss Steve Cooper said on Monday his side will take the attack to Manchester United in this week's League Cup semi-finals. Cooper's side host United in the first leg on Wednesday, then travel to Old Trafford for the decisive second leg one week later.

With Forest regarded as under-dogs against star-studded United, it would be easily for Cooper to adopt a defensive game-plan in the hope of nicking a narrow victory.

But Cooper said he would tell his players to go on the offensive at the City Ground.

"It's not been an easy ride for sure to get to the semi-final, and we've treated it like every

other game, one we want to do well in and win," Cooper told reporters.

"It's a semi-final, we really want to commit to it, we really want to attack it. Obviously it's Man United, it's over two legs, incredibly tough games - but ones we want to have no regrets about."

"We're in the semi-final of an important cup. I think we should go into it thinking they don't come along very often, so treat it like it might be the last one."

"There's a real good feeling about the semi-final in the city, the stadium will obviously be the atmosphere that it's been every single game so far this season, which has been incredible, and we should really embrace that."

53rd international goal in the World Cup quarter-final defeat against France in December. Thanks to Kane's 18th goal in all competitions this season, fifth placed Tottenham closed the gap on fourth placed Manchester United to three points.

It was a much-needed result after successive defeats against Manchester City and Arsenal damaged Tottenham's bid to qualify for next season's Cham-

pions League via a top four finish. Conte's team had conceded 21 goals in their previous 10 league matches.

So, while Kane rightly took the spotlight, Conte was just as pleased by his players' defensive resilience. "It was a big win. I had a good answer from my players. I asked them for solidity of the last season and the will and desire to fight and to be resilient," Conte said.

Santos set to be named Poland coach

AP ■ WARSAW

Polish Football Association (PZPN) president Cezary Kulesza hinted on Monday that former Portugal boss Fernando Santos would be named their new coach.

The PZPN will hold a press conference on Tuesday to announce a new man in charge with Santos heavily linked with the role.

"See you tomorrow at the press conference at the national stadium," Kulesza said on Twitter in a message with a photo of himself alongside Santos attached.

Kulesza also retweeted a congratulatory message from Polish Sports Minister Kamil Bortniczuk.

"Fernando Santos is a coach with a very good resume... successes... and work experience with huge stars," Bortniczuk

said on Twitter.

Former England and Liverpool midfielder Steven Gerrard had also been linked with the position.

Santos, 68, will succeed Czeslaw Michniewicz, who was

sacked last month following a last-16 appearance at the World Cup in Qatar.

Poland finished second in their group, beating Saudi Arabia, drawing with Mexico and losing to eventual champions Argentina.

In the last 16 for the first time in 36 years, they went out after a tame 3-1 defeat at the hands of eventual runners-up France.

Santos was previously Portugal coach, but quit last month following the team's shock World Cup quarter-final loss to Morocco.

Appointed coach of Portugal in September 2014, Santos won the country's first major title at Euro 2016 and followed it up with the 2019 Nations League.

However, his time in charge also saw last 16 exits at the 2018 World Cup and Euro 2020.

AP ■ PARIS

Kylian Mbappe became the first Paris Saint-Germain player to score five times in one match as the Ligue 1 giants crushed sixth-tier amateur minnows Pays de Cassel 7-0 in the French Cup on Monday.

Mbappe, who scored a hat-trick in France's defeat by Argentina in the World Cup final just over a month ago, netted a hat-trick in the first half here as PSG led 4-0 at the break against their regional league opponents.

He struck twice more after the restart, with Neymar and Carlos Soler scoring PSG's other goals in the last-32 tie.

The Qatar-owned club, who have won the French Cup 14 times, more than any other team, will now play away to bitter rivals Marseille in the last 16 early next month. That match is scheduled

for the week beginning February 6, just a week before PSG host Bayern Munich in the first leg of their Champions League last-16 tie. "Once we scored the first goal it became harder for our opponents," PSG boss Christophe Galtier told reporters.

"The opponents we'll face over the next weeks are of a different quality," he added. Mbappe was given the captain's armband while Neymar also started, but Lionel Messi was rested, allowed to sit out this tie played before a full house at the 38,000-seat Stade Bollaert-Delelis in Lens.

Pays de Cassel are a tiny club representing a handful of villages inland from the port town of Dunkirk in France's far north, but their remarkable run to this stage of the tournament stoked the interest of the whole region.

They performed admirably in the early stages against the

Ligue 1 leaders, but their resistance was broken just before the half-hour mark when Mbappe turned in a Nuno Mendes cut-back, the ball taking a crucial deflection on its way in.

Mbappe then set up Neymar for the Brazilian to score his first goal since the World Cup, before the France star lobbed in his team's third and then completed a 12-minute hat-trick from a Vitinha pass.

Mbappe's fourth, and PSG's fifth, followed a goalkeeping mistake in the 56th minute.

Neymar set up Soler to backheel in for 6-0 before Mbappe completed the rout, his fifth of the game allowing him to equal the all-time record for most French Cup goals.

He has now scored 29 times in the competition, as many as former Marseille great Jean-Pierre Papin.

INDIA WHITEWASH BLACK CAPS

PTI ■ INDORE

Rohit Sharma scored his first ODI hundred in three years while Shubman Gill continued his domination with another sublime ton as India completed a clean sweep with a 90-run win over New Zealand in the third match here on Tuesday.

Batters from both sides lit up the dead rubber as 680 runs were scored at the Holkar Stadium.

Rohit (101 off 85 balls) got to the three-figure mark for the first time since January 2020 while Gill (112 off 78) scored his fourth ODI hundred to take India to 385 for nine.

Following twin failures, the

New Zealand top-order put up a much better show. Devon Conway (138) stitched crucial partnerships but Shardul Thakur (3/45) and Kuldeep Yadav (3/62) regularly struck to bowl out the Black Caps for 295 in 41.2 overs.

It was India's second consecutive clean sweep, having beaten Sri Lanka last week. After Hardik Pandya (1/37) got rid of Finn Allen (0), Conway shared 106 runs with Henry Nicholls and 78 runs with Daryl Mitchell (24). In the absence of Mohammed Shami and Mohammed Siraj, the Indian bowlers struggled initially, leaking runs as Conway tonked the ball all around the park.

Shardul, however, managed

to turn the game, as he took back-to-back wickets of Mitchell and Tom Latham (0) in the 26th over. In his next over, Thakur sent Glenn Phillips (5) packing with a cross-seamed delivery.

Umrans Malik (1/52) then got Conway as the centurion pulled awkwardly with Rohit doing the rest at midwicket as the match seemed to slip out of New Zealand's grasp.

The spin duo of Kuldeep and Yuzvendra Chahal (2/43) then cleaned up the tail.

Earlier, Rohit and Gill put up a belligerent 212-run opening stand, sharing 22 fours and 11 sixes between them.

Rahul Dravid joked on the eve of the match that bowlers don't want to bowl as soon as

they land in Indore because of the batter-friendly conditions. The batting great had a point, and the New Zealanders rolling over their arms during the first 25 overs would have shared Dravid's sentiment.

At one point every ball that Rohit and Gill's bat touched was either flying to the boundary or over it. Gill hit four fours and a six to plunder 22 runs off Lockie Ferguson in the eighth over, symbolising the kind of form the 23-year-old has been in lately.

The youngster didn't have to even time the ball for it to run to the boundary. After three fours, he launched the short ball for an upper-cut six.

With the outfield quick and the wicket flat, the rather inex-

perienced New Zealand bowling unit had no answers to the Indian openers' carnage.

The 26th over saw both Rohit and Gill getting their centuries. Rohit pulled away to deep square to get to his mark and, three balls later, Gill got to the triple-figure mark, his third in four innings.

New Zealand skipper Tom Latham used as many as six bowlers and it was his sixth option — spinner Michael Bracewell — who provided the tourists their first breakthrough.

Trying to slog one out of the park, Rohit missed the ball as it kept low and turned to eventually hit the stumps. His wicket was met with a roar by the partisan crowd, welcoming Virat

Kohli (36).

A miscued shot in the next over spelt the end of Gill's innings as New Zealand struck twice in quick succession.

Ishan Kishan (17) didn't look too comfortable and took nine balls to open his account. A yes-no with Kohli, who had sprinted halfway, marked the end of the wicketkeeper batter's stay in the middle.

New Zealand were able to bring down the boundaries and sixes and, looking to play a big shot, Kohli couldn't beat Finn Allen at mid-off. Firmly on course for a 400-plus score, India endured a familiar middle-order batting collapse, before Hardik Pandya (54 off 38 balls) provided the final flourish.

Don't understand why Oz isn't playing a tour game in India: Clarke

PTI ■ MELBOURNE

Former Australia captain Michael Clarke cannot fathom why Pat Cummins' side is not playing practice or tour games ahead of the Border-Gavaskar series, beginning in India on February 9.

Australia will be touring India for the four-Test series, with the opening game scheduled at Nagpur, and Clarke opined that not playing a tour game could have a "significant" impact on the outcome.

"That's the part (not playing tour games) I don't understand," Clarke was quoted as saying by Big Sports Breakfast on Tuesday.

"The no tour game before the first Test in India. I hope I'm proven wrong but I think that is going to be significant." Clarke, who played 115 Tests and scored more than 8,600 runs, added that playing 20-over or 50-over games in India was completely different from competing in the longest format, especially while counter-ing spin.

"You need a completely different plan to what you have (been) playing in Australia, the way you start your innings against spin bowling, the way you play reverse swing, through the Australian summer we didn't see any reverse swing, the games were over in two, three days," he said. Clarke added that the probability of India

playing at least two spinners in the four-Test series could well favour them, given that the Australians are predominantly playing quick bowlers.

"So reverse swing is going to play a big part (in India), all these batters that walk out and play bowlers bowling 130-140ks — there's every chance India is going to play at least two spinners, so it's a completely different game."

Australia will likely arrive in India in the middle of next week, giving them around seven days to tune up for the gruelling series, and Clarke felt that wouldn't be enough.

Pant only Indian in ICC Test team of 2022

PTI ■ DUBAI

Wicketkeeper-batter Rishabh Pant, who is recovering from the injuries he sustained in a serious car crash two days before the new year, is the only Indian to be picked in the ICC Men's Test team of 2022.

The 25-year-old had a glorious year with the bat, amassing 680 runs from 12 innings at an average of 61.81 and a strike rate of 90.90. He had two centuries and four fifties in the year.

He smashed 21 sixes in Tests in 2022 and was decent with the gloves, producing six stumpings and taking 23 catches.

England skipper Ben Stokes, who transformed the side with his aggressive brand of cricket, has been named captain of the Test XI that also has his teammates Jonny Bairstow and James Anderson.

The ICC Test XI features four Aussies including skipper Pat Cummins forming a pace combination with South African ace Kagiso Rabada and Anderson.

Pakistan captain Babar Azam and West Indies skipper Kraigg Brathwaite complete the lineup.

Middle-order batter Shreyas Iyer and young pacer Mohammed Siraj are the only two

Indians who found a place in the ICC ODI Team of 2022 captained by Pakistan's Babar Azam.

In a fruitful 2022, Iyer played 17 games during the calendar year and scored 724 runs at an average of 55.69.

He scored his runs at a brisk pace of 91.52, which included one century and six fifties to cement his place in India's ODI scheme of things ahead of the World Cup in October-November.

Siraj was one of the most improved bowlers in white-ball cricket and finished as the leading wicket-taker for the Men in Blue with 24 scalps in 15 ODIs in the absence of an injured Jasprit Bumrah.

ICC Test Team of 2022: Ben Stokes (c), Usman Khawaja, Kraigg Brathwaite, Labuschagne, Babar Azam, Jonny Bairstow, Rishabh Pant (wk), Pat Cummins, Rabada, Lyon and Anderson.

ICC ODI Team of 2022: Babar Azam (c), Travis Head, Shai Hope, Shreyas Iyer, Tom Latham (wk), Sikandar Raza, Mehidy Hasan Miraz, Alzarri Joseph, Mohammed Siraj, Trent Boult and Adam Zampa.

Smriti, Harmanpreet fifties help India win

PTI ■ EAST LONDON

Smriti Mandhana and captain Harmanpreet Kaur cracked fine unbeaten half-centuries as India defeated West Indies by 56 runs to keep their slate clean in the Women's T20I Tri-Series here. India, after winning the toss and electing to bat, were off to a good start and managed 167 for two in 20 overs. They then restricted the opponents to 111 for four to eke out their second consecutive win of the series.

Openers Yastika Bhatia and Mandhana stitched together a 33-run

partnership before the former was dismissed by off-spinner Karishma Ramharack for 18 with just one delivery remaining in power play.

Her dismissal brought in Harleen Deol but her stay at the crease didn't last long, as she was trapped in front while trying to flick the ball on the off-side from pacer Shanika Bruce.

At 52 for two, there were some tense moments but once Mandhana and Harmanpreet paired up, boundaries flowed freely. Harmanpreet, who was back leading the side after missing the opening match of the tri-series report-

edly due to illness, was on song as she smashed a 35-ball 51 studded with eight boundaries.

Mandhana, after failing with the bat in the opening game against South Africa, was equally belligerent scoring 74 off just 51 deliveries as the duo batted together for nearly 12 overs to guide India to a competitive score.

Brief scores: India Women 167 for 2 in 20 overs (Smriti Mandhana 74*, Harmanpreet Kaur 56*) beat West Indies Women 111 for 4 in 20 overs (Shemaine Campbelle 47, Hayley Matthews 34*)
