## Adani-sparked bloodbath continues; ₹10 L cr lost

Sensex closes lowest  
in past three months

PNS ■ NEW DELHI

Investors lost more than ₹10.73 lakh crore in just two trading sessions as the continued selling in Adani groups stocks dragged the overall markets and triggered sell-offs in banking, financials, utilities and oil shares on Friday.

Adani group's shares came into bear grip on Wednesday itself following the Hindenburg report accusing the group of serious irregularities. Stock markets were closed on Thursday on account of Republic Day.

Continuing its decline for a second session, the 30-share BSE benchmark tanked 874.16 points or 1.45 per cent, its biggest single day loss in more than a month, to settle at 59,330.90. This is the lowest closing level since October 21. During the day, Sensex plunged 1,230.36 points or 2.04 per cent to 58,974.70.

The broader NSE Nifty fell 287.60 points or 1.61 per cent to end at a three-month low of 17,604.35, also marking its worst single-day fall since December 23, 2022.

News agency PTI quoted Vinod Nair, Head of Research at Geojit Financial Services, as

saying that the sharp slump in the Indian market was triggered by an unfavourable research report on Adani group companies. This is also affecting the banking stocks, especially PSU banks, due to their high exposure to the group. "According to him, FIIs' cautious stance ahead of the Union Budget and FOMC (Federal Open Market Committee) meetings also fuelled the collapse.

Adani group stocks opened

down by up to 20 per cent and staged marginal recovery during the day. The group has lost over ₹4.17 lakh crore in terms of the combined market valuation of listed firms after the US-based investment research firm Hindenburg Research made damaging allegations.

Shares of Adani Total Gas plummeted 20 per cent, Adani Transmission tumbled 19.99 per cent, Adani Green Energy plunged 19.99 per cent and Adani Enterprises tanked 18.52

per cent on the BSE.

Also, Adani Ports and Special Economic Zone fell 16.03 per cent, Adani Wilmar dipped 5 per cent and Adani Power declined 5 per cent. Ambuja Cements tanked 17.16 per cent and ACC fell 13.04 per cent.

In the broader market, the 30-share BSE benchmark tumbled 874.16 points or 1.45 per cent to settle at 59,330.90.

In two days, the Adani group firms have lost a whopping ₹4,17,824.79 crore from their market valuation. The market valuation of Adani Total Gas plummeted ₹1,04,580.93 crore, while that of Adani Transmission eroded by ₹83,265.95 crore. Adani Enterprises market capitalisation (mcap) fell by ₹77,588.47 crore, Adani Green Energy lost ₹67,962.91 crore and Adani Ports (₹35,048.25 crore).

The market valuation of Ambuja Cements declined by ₹23,311.47 crore, Adani Power by ₹10,317.31 crore, ACC by ₹8,490.8 crore and Adani Wilmar by ₹7,258.7 crore.

From the Sensex pack, SBI fell the most by 5.03 per cent. ICICI Bank by 4.41 per cent, IndusInd Bank by 3.43 per cent, Axis Bank by 2.07 per cent, Kotak Bank by 2.03 per cent, HDFC Bank by 1.96 per cent, Reliance by 1.9 per cent and HDFC by 1.87 per cent.

## Modify Indus Water Treaty: India to Pak

Move comes as  
Islamabad refused  
to discuss issues  
regarding pactPIONEER NEWS SERVICE ■  
NEW DELHI

Taking a serious note of Pakistan refusing to discuss issues regarding the Indus Waters Treaty (IWT) and terming it as "intransigence" in implementing the pact, India has sent a notice to its neighbour for modification of the treaty inked in 1960.

The notice for "modification" was sent on January 25 to Islamabad through respective Commissioners for Indus Waters, as per provisions of the treaty, sources said here on Friday. The action was necessitated as Pakistan refused to discuss and resolve the issue of India's Kishenganga and Ratle Hydroelectric Projects for the last five years, despite India's efforts, they said.

India is seeking modifications in the treaty to make it easier for Pakistan to enter into intergovernmental negotiations, within 90 days, and rectify the 'material breach' of IWT. This process would also update IWT to incorporate the lessons learnt over the last 62 years.

"India has always been a

In this August 13, 2010 file photo, personnel of Border Road Organisation and local volunteers work to stop the overflowing water of Indus river which was damaging a highway at Taru Thang, near Leh. India has issued a notice to Pakistan for modification of the Indus Waters Treaty (IWT) of September 1960 following Islamabad's 'intransigence' on its implementation, Government sources said on Friday

PTI

steadfast supporter and a responsible partner in implementing IWT in letter and spirit. However, Pakistan's actions have adversely impacted on the provisions of IWT and their implementation, and forced India to issue an appropriate notice for modification of IWT," sources said.

Pakistan had in 2015 sought a neutral expert to examine its technical objections to India's Kishenganga

and Ratle Hydroelectric Projects.

However, it withdrew its request next year unilaterally and proposed that a Court of Arbitration adjudicate its objections. "Two simultaneous processes are in contravention of the graded mechanism of dispute settlement," sources said, adding that India then made a separate request for the matter to be referred to a neutral expert.

## Rahul's yatra halted in J&amp;K, Cong alleges security breach

Cops supposed  
to manage crowd  
seen nowhere,  
says Rahul; J&K  
Police rejects claim

MOHIT KANDHARI ■ BANIHAL

The Congress on Friday "temporarily" suspended the Bharat Jodo Yatra after an alleged serious breach of security during the final leg of the Rahul Gandhi-led march near Qazigund, along the Jammu-Srinagar National Highway. Rahul was escorted to safety by his security personnel in a four-wheeler.

The Jammu & Kashmir (J&K) Police, however, denied these allegations claiming there was no security lapse and added that they would "provide foolproof security to the yatra."

Early on Friday morning the yatra resumed from Banihal after a day's break in

Congress leader Rahul Gandhi with J&K National Conference vice president Omar Abdullah and others during Bharat Jodo Yatra in Qazigund on Friday

PTI

connection with the 74th Republic day celebrations.

"J&K UT administration failed to provide security to Bharat Jodo Yatra led by Rahul Gandhi. Security lapses indicate the unfair & unprepared attitude of UT administration," Rajani Patil, Congress in-charge of J&K and Ladakh,

tweeted soon after the yatra was suspended.

Rahul was accorded a warm welcome by the former J&K Chief Minister and National Conference vice-president Omar Abdullah in Banihal in the presence of thousands of cheerful party workers and local residents.

Hypersonic Tech  
Demonstrator Vehicle  
tested; earlier only  
US, Russia, China  
had this capabilityPIONEER NEWS SERVICE ■  
NEW DELHI

India on Friday carried out a test of indigenously designed Hypersonic Technology Demonstrator Vehicle (HSTDV) off the Odisha coast. This niche technology is only available with three other countries — the US, China and Russia.

It will enable development of hypersonic missiles which can travel at six times the speed of sound.

The Defence Research and Development Organisation (DRDO) carried out the test. The DRDO had conducted three tests earlier in 2019, 2020 and 2021. The aim of the HSTDV project is to have a

scramjet engine which can fly at an altitude of 15 to 20 km.

A scramjet engine (supersonic-combustion ramjet) is one which can operate at hypersonic speeds.

Hypersonic missiles can travel at speeds faster than Mach 5 (five times the speed of sound) or 3,800 miles per hour, much faster than other ballistic and cruise missiles. They are highly manoeuvrable and do not follow a predictable arc as they travel. They can deliver conventional or nuclear pay-

loads within minutes.

A Hypersonic Vehicle can be an airplane, missile, or spacecraft.

The Indian hypersonic vehicle will take another three to four years to become fully operational.

In 2020, the DRDO successfully demonstrated the hypersonic air-breathing scramjet technology with the flight test of HSTDV.

With this successful demonstration, many critical technologies such as aerodynamic configuration for hypersonic manoeuvres, use of scramjet propulsion for ignition and sustained combustion at hypersonic flow, thermo-structural characterisation of high temperature materials, separation mechanism at hypersonic velocities were proven.

Apart from being used as a vehicle for hypersonic long-range cruise missiles, the HSTDV is a dual-use technology that will have multiple civilian applications, including the launching of small satellites at low cost.

## 8 Cheetahs in Kuno to get dozen friends from South Africa

PIONEER NEWS SERVICE ■  
NEW DELHI

Eight cheetahs, which were brought from Namibia to India and released in Madhya Pradesh's Kuno National Park three months ago, may get 12 new "friends" from South Africa by mid-February, taking the total number of felines to 20 in the region.

India and South Africa recently signed a pact as a part of the former's much-ambitious Cheetah reintroduction programme. The eight big cats brought in September last year from Namibia are doing fine and making kills on their own, said the State officials.

According to reports, South Africa has donated 12 big cats to India. But India has to pay USD 3,000 for the capture of every cheetah to the African nation before they are translocated. Sources said that the MP Wildlife Department has already set up 10 quarantine facilities (enclosures) for them. In two of these

A cheetah jumps inside a quarantine section before being relocated to India, at a reserve near Bella Bella, South Africa on Sunday

PTI

facilities, two pairs of cheetah brothers would be kept.

Due to the delay in the signing of the MoU for the inter-continental translocation of these big cats, some experts had last month expressed concern over the health of the South African cheetahs as these animals have been quarantined there since July 15. As a result of long quarantine, these animals might have lost their fitness, they had feared.

24 students  
detained in  
DU for bid to  
screen BBC  
Guj riots docu

PNS ■ NEW DELHI

The Delhi Police on Friday detained a group of 24 students who tried to screen a controversial BBC documentary at the north campus.

The detentions came days after a similar ruckus at Jawaharlal Nehru University (JNU) and Jamia Millia Islamia over the screening of the BBC documentary on the 2002 Gujarat riots.

Registrar Vikas Gupta said police were called to the Delhi University campus to maintain law and order after "outsiders" tried to screen the controversial BBC documentary at the arts faculty on Friday. The students belonged to the Arts Faculty.

Capt may get  
Maha Guv role

PNS ■ CHANDIGARH

Soldier-turned-politician and Scion of erstwhile royal family of Patiala Capt Amarinder Singh may soon get a new role as Governor of Maharashtra.

Speculation is rife that the BJP leadership has arrived at a consensus over veteran politician's name for the gubernatorial post. The development came days after the incumbent BS Koshiyari expressed his desire to leave Raj Bhavan.

In December, the BJP included Capt Amarinder in its National Executive.

The eighty-year-old has already handed over the responsibility of his home constituency, Patiala, to his daughter Jai Inder Kaur.

Punjab BJP president Ashwani Sharma, when asked about the development, said that he has no idea about the same as yet.

## No screen once a week: Modi's pariksha mantra

PIONEER NEWS SERVICE ■  
NEW DELHI

Prime Minister Narendra Modi on Friday advised students to adopt "digital fasting" and suggested the parents should take an initiative to create a "no technology zone" in their homes to help children keep safe from the negative spell of the virtual space.

"Consider yourself smarter than the gadgets. Use technology but don't let technology use you", Modi said addressing in his annual "Pariksha Pe Charcha" to lakhs of students, parents, teachers and other stakeholders in school education across the country.

"Technology fasting" at regular intervals and a demarcated area as a "technology-free zone" in every household will lead to the enhanced joy of life and help children come out of the clutches of slavery of gadgets, said Modi.

Modi gave this tip to what

# Republic Day: Padma Shri Janum Singh Soy felicitated

PNS : JAMSHEDPUR

On the occasion of 74th Republic Day, Health Minister Banna Gupta hoisted the National Flag and felicitated Jamun Singh Soy of Ghatshila, who has been bestowed with Padma Shri award this year. Soy has been awarded the Padma Shri award by the Government of India for his excellent work in the field of language and literature.

Soy, formerly a professor of Hindi department, was the first head of department of Hindi in Kolhan University in 2009-10. A resident of Ghatshila, Soy was a faculty at the Ghatshila Government College in his initial years of teaching. On the occasion, the display of the parade and tableaux were the centre of main attraction in the district level

function. Seven contingents participated in the parade in which Assistant Police got first, District Police Force (Women) second and NCC boys got third. In the same tableau, the education department got the first place, civil defense got the second place and the tableau of the transport office got the third place. The winners

were awarded with trophies on the occasion. In the tableau of the Education Department, the band of girl students of Kasturba Gandhi Residential Girls School, Patmada forced everyone to applaud. The officers and personnel of the district administration and the police department officers and personnel who did excellent

work in the implementation of government schemes/office related works were honored by the Minister. Apart from the winner, all the platoon commanders and parade commanders were also awarded by the Hon'ble Minister on the occasion.

Gupta, in his address, while saluting the brave fighters of the country, extended hearty greetings and best wishes to the people of the state and the district on the occasion of Republic Day. He said that we got constitutional freedom on 26 January 1950. The contribution of Babasaheb Ambedkar cannot be forgotten who played an important role in providing constitutional freedom. He also placed the development works being done by the state government under the leadership of Chief Minister Hemant Soren in

front of the people in his address. He noted that every successful effort is being made to make the state prosperous and advanced. On the 74th Republic Day, Deputy Commissioner Vijaya Jadhav, Deputy Commissioner's office, collectorate, ITDA office, Red Cross Society's office, Senior Superintendent of Police Prabhat Kumar, office, SSP office and Police Line, Sub-Divisional Officer Dhalbhum Piyush Sinha, SDO, Satyaveer Rajak in Ghatshila Sub-Divisional Office, District Public Relations Officer Rohit Kumar saluted the national flag by hoisting the flag in the Public Relations Office, including BDOs and COs in block cum zonal offices, station in-charges in police stations, non-government institutions and educational institutions.

# R Day celebrated with patriotic fervour at CTPS

PNS : BOKARO

Republic Day was celebrated with traditional patriotic zeal in Chandrapura Thermal Power Station (CTPS), a unit of Damodar Valley Corporation (DVC). Chief Engineer and Project Head Sunil Kumar Pandey hoisted the flag at the football ground.

Sunil Kumar Pandey, Chief Engineer and Project Head, addressed the crowd; encouraging Chandrapura residents to collaborate with DVC management to secure the city's bright future, he said, "We are ready to take the next step with the rest of us."

He stated that plans are underway to build a new 800 MW facility here very soon. We must all work together to achieve this goal. DVC

management is properly fulfilling its Corporate Social Responsibility requirements.

"We are doing everything, we can help as many individuals as possible in this region. People living unlawfully in decaying houses, he continued, should make their own arrangements. Otherwise, DVC administration would soon demolish all of these decaying houses," he added.

# Tata Steel reiterates its commitment to nation building on Republic Day

PNS

JAMSHEDPUR : Tata Steel celebrated the 74th Republic Day at its plant in Jamshedpur by reiterating its pledge to build a stronger India that will be fully committed to the country's long-term sustainability goals even as it continues to invest in nurturing world-class human capital.

The Republic Day celebration at the company's Jamshedpur plant where the Tata Steel story had started 115 years ago was led by Sanjiv Paul, Vice President, Safety, Health and

Sustainability with the enthusiastic participation of employees and community members in large numbers. Addressing the gathering at the national flag unfurling ceremony, he highlighted the organisation's commitment to nation building, as well as recent accomplishments while also setting context for strategic priorities to foster engagement and commitment of employees.

"Together, as a nation, we must leverage every opportunity to build an India we can all be proud of. Our strong economic fundamentals make India a more attractive and stable destination for investors – and a key lever to our journey of progress will continue to be the manufacturing sector, which has the potential to be a catalyst of societal transformation besides adding value to the nation. Committed to India's growth, Tata Steel is in the unique and enviable position where we can help deliver on India's manufacturing aspira-

tions to achieve atma nirbhar-ta (self-reliance)," Paul said.

Tata Steel will pursue the nation building goal on the strength of its world-class manufacturing capabilities without compromising its long term sustainability principles and by investing in human capital that is both capable and diverse.

"Another area of focus that can no longer be ignored is the issue of climate change. This is a subject that is no longer something debated by the elite, but something that everyone has realised. The world's acceptance of this as a challenge and the need to deal with it has been accelerated. Circularity and resource efficiency have become increasingly important. While we at Tata Steel made some moves on this front, we need to do more," he added.

Tata Steel has already committed to being net-neutral in carbon across our operations in India, Europe and Thailand by 2045. This puts it ahead of any other company

of comparable size as well as 25 years before India's commitment to being net zero. "That of course needs a lot of doing and the younger members of the Tata Steel family need to ensure this," he said.

In 2022, apart from being recognised as Sustainability Champions by worldsteel for the sixth year running, Tata Steel was also ranked 9th among the 128 companies assessed globally by Sustainalytics — a leap forward from 2021 when we stood 29th among 140 companies. The company also secured the top rank among the assessed top global steel producing companies. Three sites at Jamshedpur works have also received ResponsibleSteel certification.

As a company known for its pioneering human resource policies that were well ahead of its time, Tata Steel will continue to focus on investing in its people that are not only capable but also represent India's unique strengths in terms of diversity.

## R-DAY AND SARASWATI PUJA CELEBRATED AT GJMC

AVINASH ANJAN : HAZARIBAG

Republic Day and Saraswati Puja were celebrated with pomp in Gyan Jyoti Memorial College. On Republic Day, the flag was hoisted jointly by Principal Shambhu Kumar and Secretary Vinay Kumar, in which all the teachers and non-teaching staff and students of GM Group of Colleges were present. On this occasion, Secretary Vinay Kumar said that this is an important day in Indian history, on which there is a happy combination of Saraswati Puja and Republic Day. India is the largest democratic country in the world as well as the largest republic. India is celebrating 74th Republic Day today, in these 74 years, we have established governance in a constitutional manner and changes in constitution and governments have happened on the basis of public opinion. Professor Ranjan Kumar had an important contribution as the convener of Saraswati Puja Committee of Gyan Jyoti Memorial College. Principal Shambhu Kumar, President of Saraswati Puja Committee, said that organizing Saraswati Puja is a historic moment for educational institutions, in which brotherhood, love and cultural exchange between students are strengthened. Since then, Saraswati Puja has been organized and will continue to do so in the future. All the teachers, non-teaching staff and students of GM Group of Colleges had a commendable contribution in making both the programs successful.

## DPS BOKARO COMMEMORATES REPUBLIC DAY PATRIOTICALLY

PNS : BOKARO

The celebration of Republic Day at DPS Bokaro was a grand affair with the entire school community coming together to mark the occasion. The event was graced by the presence of the Principal, Dr. AS Gangwar, who had the honour of unfurling the national flag, while the national anthem filled everyone's heart with patriotism.

Dr. Gangwar highlighted the importance of the day and the significance of the Indian Constitution. He spoke about the rights and duties of citizens and the need to uphold the values of democracy and unity. He also urged the students to build a strong and prosperous nation. The celebration overall was memorable and meaningful, which instilled a sense of pride and patriotic spirit among the students and staff. The school community paid homage to the Constitution of India and reaffirmed its commitment to building a better nation.

## CMPDI celebrates Republic Day with fervour

PNS : RANCHI

On the occasion of Republic Day, Manoj Kumar, CMD, CMPDI unfurled the National Flag and greeted all the stakeholders. Earlier, Kumar received Guard of Honor, inspected the Parade contingents and received Salutes from the marching contingents. Kumar in his address said that, "CMPDI Against the target of 7 lakh meter drilling in the financial year 2022-23, 3.94 lakh meter drilling has been done till December, 2022, out of which 2.46 lakh meter has been done through departmental resources. Also, against the target of 875 line kilometer 2D/3D seismic survey, 441 line kilometer seismic survey has been done by December, 2022, in which 70 line kilometer has been done through departmental resources.

R.N.Jha, Director (Technical/RD&T); S.K. Gomasta, Director (Technical/CRD); Shankar Nagachari, Director (Technical/ES);

Ajay Kumar, Director (Technical/P&D); Sumeet Kumar Sinha, Chief Vigilance Officer; AK Rana, Senior Advisor (Mining); Jayant Chakraborty, Regional Director, Regional Institute-3, Ranchi; Trade Union Representatives, CMOAI's representative and members of CMPDI family were present.

On this occasion, the CMD awarded Rakhi Bandhan Gope, Assistant Security Sub-Inspector for excellent services and Shyam Mahto, DGR security personnel Havildar for devotion to duty.

## BJP leaders hoists flags on Republic Day

PNS : JAMSHEDPUR

On the occasion of 74th Republic Day, former state spokesperson of Jharkhand BJP, Amarpreet Singh Kale hoisted flags at dozens of places including Bhalubasa, Janata Club, Singhada Maidan, Burmanmies. Flag hoisting was done by chief guest Dr. Manju Dubey in Naman office. On this occasion, Dubey said that on this auspicious day, let us all take a re-pledge to protect the Constitution and strengthen love, brotherhood and social harmony in the country, along with the discharge of democratic traditions.

Dr. Kailash Dubey said that the aura of India as the largest republic, a symbol of the power of unity, integrity and sovereignty of Republic Day, influences and inspires the whole world. All the colours of the wonderful diversity of our earth are included in our identity Tricolor. While thanking the programme, Kale said that today we salute all the freedom fighters, constitution makers and brave soldiers who have dedicated their lives to liberate, strengthen and protect the country. Dedicated to the greatness of democracy and constitutional values, Republic Day inspires us to discharge our duties towards the nation. It is our ultimate duty to protect the democratic values of India. Let us take this opportunity to contribute to the progress of the country by ensuring our commitment to the ideals and values enshrined in the Constitution. Let us all take a pledge to keep the unity, integrity and sovereignty of the nation intact. On this occasion, Brijbhushan Singh, Jayprakash Rai, Raghavendra Sharma, Sukhwinder Singh Nikku, Raju Marwah, Mahendra Singh, Rupesh Katiyar, Ramkewal Mishra, Santlal Pathak, Bipin Jha, Bittu Tiwari, Pankaj Verma, Jitendra Tiwari, Sandeep were mainly present at the Naman office.

# NTPC CMHQ celebrates 74th Republic Day with fervour

PNS : RANCHI

The 74th Republic Day was celebrated at CMHQ, Ranchi on January 26, 2023 with great pride and patriotic fervour. Chief Guest of the event, Partha Mazumder, Regional Executive Director (RED), Coal Mining unfurled the tricolor flag to mark the celebrations.

On the occasion, Mazumder said that NTPC has been the biggest contributor to the country's energy security and its coal mining business is playing a significant role to support the core business. He congratulated all for registering a year-on-year growth of 56% for this fiscal with coal production of 16.7 million tonnes as compared to that of 10.7 million tonnes during the corresponding period of last financial year. He also congratulated all for achieving the highest ever single-day coal production of 1 Lakh Metric Tonne on 25.01.2023.

He appreciated the efforts of the coal mining team in

setting new benchmarks in safe operation of coal mines by adopting innovative ideas and digital solutions for enabling our workers in achieving the goal of 'Zero Incidents'. Initiatives like e-SMP (digital Safety Management Plan); 'Sachetan' - a safety mobile app for reporting of incidents, checklists, digital library, training calendar, social wall, etc.; 'Khanan Drishti' - an in-house web app for recording and monitoring production efficiency; and 'Integrated coal management system' for

better control & surveillance of coal dispatch system in the operating mines have been very much applauded by all.

RED (Coal Mining) while mentioning the importance of Rajbhasha which holds in fostering mutual understanding & respect for one another; and preserving the wealth of cultural & traditional heritage, shared the appreciation received from the Hon'ble Member of Parliament and Coordinator (Prof.) Rita Bahuguna Joshi during the recent inspection by the second sub-committee of the

Parliamentary Committee on Official Language, for the significant contribution of coal mining region towards the use of Hindi for official purposes.

He also shared the mammoth efforts which went into getting the approval from Ministry of Coal for transfer of mines to NTPC Mining Limited (NML) and asked the entire coal mining team to reciprocate the intent of performing the fundamental duties enumerated in the constitution, in all their workings. He asked all members of CMHQ to continue putting their best effort in helping the coal mining projects to perform. He also urged all to take the challenges for fast-track transfer of all land, clearances etc. from NTPC to NML.

For encouraging employees, children & family members of CMHQ employees who have demonstrated their exemplary work in various fields, Letter of Appreciation certificates have been given by RED (Coal Mining) on this occasion.

## 'Jharkhand moving forward on path of development'

VINOD PRASAD : LOHARDAGA

On the occasion of Republic Day, Jharkhand's Finance Minister cum Lohardaga MLA Dr. Rameshwar Oraon hoisted the flag at the stadium located at BS College, Lohardaga. On this occasion, while addressing the residents of the district, the minister said that the government is working on several public welfare schemes keeping in mind the people living at the last rung of the society. Many other development schemes are being run including Sarvponson Yojana, Savitribai Phule Kishori Samridhi Yojana, Kanya Daan Yojana, Employment Scheme, Livestock Scheme, Sukhad Rahat Yojana, Food, Petrol Subsidy Scheme. With everyone's cooperation, we are moving forward on the path of development of the district and the state. Tableaux were presented by various departments on the occasion. Along with this, various sports persons who brought laurels to the district were awarded. First District Women Police Force, Second NCC +2 Kasturba Girls High School Lohardaga, Third Ursuline

Girls High School Lohardaga, and Best Company Commander Award was given to Suresh Ojha in the parade by the minister. In the tableau, first education department, second scout and guide and third transport department were given.

Eklavya Girls Model High School Kujra, Kasturba Gandhi Girls School Senha, KGBV Kudu, Nandlal High School Aru Senha were also honored in the cultural program in band display. On this occasion, Rajya Sabha MP Dhiraj Prasad Sahu, Deputy Commissioner Dr. Waghmare Prasad Krishna, Superintendent of Police R Ramkumar, Deputy Development Commissioner Sameera S, CRPF Commandant Rahul Kumar, Zilla Parishad President Reena Kumari, District Level Officers, Police Officers, dignitaries and a large number of women including, men, children were present.

# CM launches Budha Pahad Development Project worth Rs 100 Cr

## DISTRIBUTED ASSETS WORTH RS 1.25 CRORE AMONG BENEFICIARIES

NITYANAD DUBEY : RANCHI

On a day full of new hopes and expectations and the result of the untiring efforts of Chief Minister Hemant Soren, the remote and inaccessible area of Budha Pahad in Garhwa affected by extremism is now ready to join the mainstream and write a new chapter of development. The CM inaugurated the Budha Pahar Development Project (BPDP) after reaching the Maoist stronghold on Friday. Under this project, all the basic necessary essential and basic facilities will be provided in this area with Rs 100 Crore. The CM said that in Budha Pahar area of Tehri Panchayat of Garhwa district, instead of crackling of bullets, the echo of development would be heard.

While addressing the local people at Budha Pahar, the CM said that once this area was witness to the terror of Maoists. The Maoists had kept the whole area under their control. However, our security forces have made the entire area Naxal free by giving a tough challenge to the Maoists. Today we all have gathered here and are going to make a new beginning of development. Perhaps for the first time such a

Chief Minister Hemant Soren holds a girl child during Budha Pahad Development Project (BPDP) launching programme at Tehri Panchayat of Garhwa on Friday. PNS

pleasant atmosphere is being seen here. In the coming days, this area will also prove to be a milestone in terms of development.

The CM said that due to whatever reason the youth have taken the path of disorientation. I tell them to come back to the mainstream. He said that deviating from the mainstream is not the solution to any problem, you can lead a better and safer life only by staying in the mainstream. Soren said that with

the help of guns, you can create an atmosphere of fear and dread for some time, but it is neither in your interest nor in the interest of the society. Leave the gun and join the government. Today the government is working to cover you with schemes by coming to your doorstep. By joining these schemes, choose the way to live with respect and self-respect. The CM said that today the government has a better policy for surrender of people who

have deviated from the mainstream. He said that on the one hand, the government not only makes them benefit from the government's schemes for their development, but also makes complete arrangements for the open jail for them to live with their families and for the education of their children. The CM said that the government has made plans for the development of every section and class. Plans are being implemented according to your hopes and expectations. You take advantage of these schemes. Through these schemes, you become so strong, self-reliant and self-reliant that you never need to take ration and grants from the government.

He said that today a change is taking place in society. Men and women are not less than each other in any sense. In many ways, more women than men are working consciously. By getting help from the government, she is earning profit by taking tractors and passenger vehicles and giving them on rent and is uplifting her family. Soren said that the government has planned to promote forest products. Under this, the MSP of forest produce will be fixed, so that the villagers dependent on it can get a reasonable price

for the forest produce. The government will buy these forest products.

The CM said that the government is going to work to open a medicine shop in every village. People who have studied up to Inter will also be able to get licenses to open these medicine shops. Along with this, these medicine shops will be connected with the government doctor through mobile, where 24 hours online service will be available. He said that many of our forefathers had sacrificed their lives for the protection of water, forest and land. He said that his father Dishome Guru Shibu Soren had fought a long struggle by mobilizing the tribals to get the status of a separate state for Jharkhand. Many agitators had given their martyrdom. He did the work of making people aware by going to every corner. For this, the then Prime Minister Late Indira Gandhi also honoured him. Today we have to renovate Jharkhand according to the dreams of our forefathers. The CM said that you have given me a chance to form the government. It is our responsibility to solve your problems. On this occasion, people appraised the CM about their problems. He instructed the present officials to take initiative to solve

Chief Minister Hemant Soren distributes assets among beneficiaries during Budha Pahad Development Project (BPDP) launching programme at Tehri Panchayat of Garhwa on Friday. PNS

their problems. In this sequence, he also had food together with the villagers.

On this occasion, the CM inaugurated a total of 175 schemes costing Rs 5 crore 2 lakh 79 thousand 939 under the Budha Pahar development Project (BPDP). In which 13 schemes worth Rs 1 crore 58 lakh 2 thousand 343 from Special Central Assistance Scheme, 01 scheme worth Rs 59 lakh 42 thousand 494 from Energy Department (JREDA), 48 from

Agriculture, Animal Husbandry and Cooperative Department, Land Conservation Division of Jharkhand Government. A total of 07 schemes worth Rs 50 lakh, 135 schemes worth Rs 2 crore 10 lakh 35 thousand 438 under MNREGA and 19 schemes worth Rs 26 lakh 49 thousand 664 in the 15th fiscal are included. About 5500 families of 11 villages of Tehri and Harsi Panchayat will be benefited by the schemes.

On this occasion, the CM distributed assets worth Rs 1 crore 25 lakh 81 thousand 303 among 429 beneficiaries, which include Mini Tractor, Pumpset, Burni Bed, Seeds, Agricultural Equipment Kit, Food Grain Ration Kit, Community Investment Fund, Football Kit etc. During this, acceptance letters were also distributed to the beneficiaries of Chief Minister Employment Generation Program, Savitribai Phule Kishori Samridhi Yojana, Chief Minister Pashudhan Yojana, Sarvajan Pension Yojana, Mission Vatsalya, Green Ration Card, etc.

On this occasion, Drinking Water and Sanitation Minister Mithilesh Kumar Thakur, Chief Secretary Sukhdev Singh, Principal Secretary to Chief Minister Rajeev Arun Ekka, DGP Neeraj Sinha, Secretary to Chief Minister Vinay Kumar Choubey, Secretary Abubakar Siddiqui, ADG Campaign Sanjay Latkar, IG Campaign Amol Homkar, CRPF IG Jharkhand Amit Kumar, Commissioner Jata Shankar Chowdhary, IG Palamu Zone Rajkumar Lakra, Deputy Commissioner Garhwa Ramesh Gholap, Superintendent of Police Anjani Jha and head of Tehri Panchayat along with a large number of villagers were present.

## Guv, CM unfurl tricolour in Ranchi, Dumka

Chief Minister Hemant Soren salutes the national flag on the occasion of the 74th Republic Day, in Dumka on Thursday. PNS

PNS : RANCHI

On the occasion of 74th Republic Day, Governor Ramesh Bais unfurled the national flag at Morhabadi Maidan in State capital, while Chief Minister Hemant Soren unfurled the tricolour at Dumka's Police Line Maidan on Thursday.

In Dumka, Chief Minister Hemant Soren in his address said that the government has taken a resolution to fulfill the promises it has made to people. Highlighting the various schemes launched by the JMM/Congress government, the CM said that old pension scheme has been implement-

ed from October 1, 2022. A bill has been passed to increase the percentage for SC, ST and backward classes along with defining the local policy on the basis of Khatian of 1932.

Soren said that according to the basic spirit of the Constitution, special efforts are being made for the welfare of the poor, backward, Dalits and minorities. Hara Ration Card, Birsra Harit Gram Yojana, Veer Shaheed Poto Ho Khel Vikas Yojana, Phulozhano Aashirwad Abhiyan, Chief Minister Employment Generation Scheme, Sona-Sobran Dhoti-Sari Distribution Scheme,

Scholarship Scheme and Sarvajan Pension Schemes have been started.

On the other hand, Governor Ramesh Bais reached the Jharkhand War Memorial at Deepatoli before reaching Morhabadi Maidan, where he paid tribute to the brave martyrs by garlanding them. After that, he hoisted the flag at Morhabadi Maidan at 9 am and saluted the flag. Thereafter, the Governor inspected the parade of the Armed Forces Combined

In his address, the Governor said that since its formation, the government has done many works for public welfare and has started many new programs. A total of 226 blocks in 22 districts of the state have been declared drought-hit, affecting the livelihood of more than 30 lakh farmers.

Bais said that under the Chief Minister's Drought Relief Scheme, the government is providing a relief grant amount of Rs.3500 to each drought-affected family to provide immediate relief. It is the priority of the government to protect women's self-reliance and their dignity and social rights. The government is making girls capable and self-reliant through Savitribai Phule Kishori Shramik Samridhi Yojana.

The Governor further said that skill training is being imparted under the Mukhyamantri Sarathi Yojana to make proper use of the

Governor Ramesh Bais inspects the parade on the occasion of the 74th Republic Day, in Ranchi on Thursday. Pix by Ratan Lal

human resources of the state and to make the youth skilled and employable. Under this scheme, free skill training will be provided to two lakh youth every year. The government is running the Sarvajan Pension Yojana to discharge its public welfare obligations. Under this, all eligible old age, widow and disabled pensioners are being benefited from the pension scheme. About 20 lakh people are getting benefits from this scheme.

The Governor said that he has full faith that if both the government and the citizens discharge their duties and responsibilities honestly, we will definitely be successful in

building a strong and prosperous Jharkhand. Tableaux prepared by various departments, boards and corporations were also displayed in the programme. The best parading contingents and tableaux were awarded in the Republic Day celebrations. Here, every year on January 26, on the occasion of Republic Day, the At Home program and the collective band display program organized at Raj Bhavan will be held on Friday this time. Governor, Chief Minister, Minister and many dignitaries will participate in this program proposed at Ashok Vatika of Raj Bhavan.

## 74th R-Day celebrated with fervour in CCL

PNS : RANCHI

Central Coalfield Limited (CCL) celebrated the 74th Republic Day with great patriotic zeal and fervour. The celebrations, held at the Gandhi Nagar colony, Ranchi, commenced with the unfurling of the National Flag by CCL CMD, PM Prasad, followed by singing of the National Anthem.

Director Technical (Operation), RB Prasad, Director Technical (P&P), B Sairam, Director (Personnel), Harsh Nath Mishra, CVO, Pankaj Kumar, CISF DIG, Dr DP Parihar, TS to CMD, Alok Singh, General Managers, HoDs, representatives of trade union and other stakeholders were present to grace the occasion.

In his address, Prasad highlighted the importance of the constitution and eulogized constitution-makers and martyrs. He said that In the current fiscal CCL has registered double digit growth and is on the way to achieve the 76 MT target. He further stated that CCL is going to build a 200 bed Super-Speciality Hospital in Ranchi and the company will build a 5000 seater modern library for students. In addition to this, CCL signed a MoU with Akshay Patra Foundation and Ramgarh administration to establish a Centralised Kitchen to facilitate mid-day meal meals for students.

After a span of two years, a grand celebration was organised by CCL. The highlight of the program was the themed tableau prepared by the operational areas of the company.

Earlier Director (Personnel), HN Mishra, unfurled the Indian National Flag at Darbhanga House, CCL HQ and Central hospital Gandhinagar.

## 74TH REPUBLIC DAY CELEBRATED AT XISS

Xavier Institute of Social Service (XISS), Ranchi, celebrated the 74th Republic Day on the campus on Thursday. The ceremony was graced by Dr Amar E Tigga, Dean Academics, XISS, Fr Claber Minz, Finance Officer, Head of all Programmes, Faculty, Staff, and students. The event began with the hoisting of the tricolor by the Dean Academics followed by singing the national anthem by students. In his message during the gathering, Dr Tigga congratulated each one present for being part of our united nation and said, "It is an auspicious occasion, and a day to remember the sacrifices of freedom fighters. Republic Day is incomplete if we do not respect the constitution, this country is ours and we cannot leave its responsibility to any one else. The future of our great nation and our institution is in our very own hands and when we talk about competing at the international level, we have to be prepared for everything and also focus on how to improve education".

## IN BRIEF

### REPUBLIC DAY CELEBRATIONS AT SBPS

The 74th Republic Day was celebrated on 26th January 2023 in the premises of Sarala Birla Public School, Ranchi with all its majesty and glory. The day started with the unfurling of the national flag followed by the national anthem in the presence of Dr Pradip Varma, School Head Personnel and Admin and Mrs. Paramjit Kaur, Principal SBPS Ranchi. The students of the four houses led by the NCC marched rhythmically to the drum beats played by the school band. They saluted the National Flag and pledged to uphold the honour and dignity of the country. The students of the choir group filled the atmosphere with love for their motherland through a patriotic song. The celebration came to a close with the students as well as the teachers singing the National song 'Vande Mataram' filling the atmosphere with patriotic fervour and reverence and pride in their hearts for the nation.

### INNERWHEEL CLUB CELEBRATES R-DAY

Flag hoisting was done by the children of N.C.C on the occasion of 74th year of Republic Day under the aegis of Innerwheel Club of Swarnarekha Ranchi District 325. Food packets and copy books, pens, pencils, rubber etc. were distributed among those children. Club's ISO Neeta Shekhar Padma Banka etc participated on this occasion.

### ECRWWO DOES SOCIAL WORK ON R-DAY

On the occasion of 74th Republic Day, Bharti Sharma, President of East Central Railway Women's Welfare Organization, Hajipur, on behalf of the organization presented blankets to the patients admitted in the Central Hospital, Patna. On this occasion, Seema Goyal, Secretary of East Central Railway Women's Welfare Organization and Shruti Mishra, Treasurer were also present.

### BANK OF INDIA CELEBRATES R-DAY

Republic Day was celebrated with great pomp by Bank of India (BoI), Ranchi Zone at Church Road branch premises. The flag was hoisted by the chief guest of the program, Deputy General Manager, State Level Bankers Committee, Jharkhand, Subodh Kumar. He greeted the 74th Republic Day and Basant Panchami and saluted the makers of the Constitution remembering the journey from independent India to becoming a republic.

### REPUBLIC DAY CELEBRATED AT RRD

On the auspicious occasion of 74th Republic Day, Divisional Railway Manager Pradeep Gupta hoisted the flag at Durga Puja Ground, Hatia on Thursday. After the flag hoisting, the DRM inspected the parade and in his address, he said that we all celebrate 26th January as a national festival. As is known to all, this national festival is celebrated on 26 January 1950 to celebrate the coming into force of the Constitution in our country after independence and every year we celebrate 26 January as Republic Day. It is the duty and responsibility of all of us to keep contributing in nation building according to the constitution.

### SCS CELEBRATES 74TH REPUBLIC DAY

Republic Day was celebrated in Surendranath Centenary School with great enthusiasm and patriotism. Children of classes 6 to 9 presented a beautiful programme in the school premises. The national flag was unfurled by Madam Principal Samita Sinha, NCC

cadets displayed a spectacular march past which was led by the senior cadet Siddharth Kaushal. It was witnessed by the school fraternity. School choir sang a patriotic song which filled the atmosphere with nationalism and patriotism. A patriotic dance was also performed by classes VI to IX students. The children took on oath to overcome all difficulties and pass every exam of their life and not let the sacrifice of these martyrs go in vain. Principal Samita Sinha said that every Indian ought to read and infer the true meaning of the Preamble written in our Constitution. It's time for introspection and do our duties towards our nation. We must not leave any stone unturned and give our best for the welfare of our country.

### DPS RANCHI CELEBRATES 74TH REPUBLIC DAY

Delhi Public School, Ranchi celebrated the 74th Republic Day in great patriotic spirit at its school campus in presence of students, teachers and staff. The event began with the National tricolour unfurled by Principal, Dr. Ram Singh. The students, teachers and staff of the school, in tune with the school band sang the National Anthem creating an ambience which raised the devotion towards our motherland. The patriotic vibe of the programme was further enhanced with the synchronised march-past by the students and NCC cadets. On this momentous occasion the whole school echoed with the slogans of "Bharat Mata Ki Jai" and "Vande Matram" and everyone took a pledge to prioritize their obligations towards the nation. On this auspicious day, a series of programmes was also organised in the school campus.

# Go First fined ₹10 lakh for leaving 55 stranded

Action taken for leaving 55 flyers at Bengaluru Airport on January 9

PIONEER NEWS SERVICE ■ NEW DELHI

After Air India, the Directorate General of Civil Aviation (DGCA) has imposed a fine of ₹10 lakh on Go First airline for leaving behind 55 passengers at the Bengaluru airport on January 9. A day after the incident, the DGCA had issued a notice to the airline over the incident. The passengers, who were to board flight G8 116 to Delhi, were left behind on the passenger coach. The airline apologised for the incident, which it said was "caused due to an inadvertent oversight". "Perusal of reply of M/s Go First reveals that there was improper communication, coordination between terminal coordinator (TC), commercial staff and crew regarding boarding of passengers in the aircraft. The airline failed to ensure adequate arrangement for ground handling, preparation of load and trim sheet, flight dispatch and passenger/cargo handling and therefore, enforcement action in the form

of Financial Penalty of ₹10, 00,000/- (Rupees Ten Lakh only) has been imposed for violation of CAR Section 3, Series C, Part II and of Air Transport Circular 02 of 2019," the DGCA said in an order. It further stated: "It is pertinent to mention that DGCA has issued Civil Aviation Requirements (CAR) Section - 3, Series-C, Part-II on "Minimum Requirements for Grant of Air Operator Certificate to Operate Scheduled Air Transport Services (Passenger)" and Air Transport Circular 02 of 2019 on "Facilities/Courtesies to esteemed travelling public at airports." The aviation regulator had said "multiple mistakes" could be easily avoided. The DGCA had sent notice to the airline for "multiple mistakes" soon after the incident and demanded an explanation. Go First's response revealed that there was improper communication, coordination between terminal coordinator, commercial staff, and crew regarding boarding of

passengers in the aircraft, the DGCA said, adding that the airline failed to ensure adequate arrangement for ground handling, preparation of load and trim sheet, flight dispatch, and passenger/cargo handling. Flight G8 116 took off for Delhi from Bengaluru's Kempegowda International Airport around 6.30 am on January 9 this year, as 55 passengers, who had their boarding passes, and bags checked-in, were left behind in one of the four buses that took passengers to the aircraft. The passengers were reportedly accommodated on a flight that left four hours later, at around 10 am. A day after the incident, Go First, on January 10, apologised for the inconvenience caused to the passengers due to an inadvertent oversight in the reconciliation of the flight. It also said that affected passengers will be offered one free ticket for travel on any domestic sector in the next 12 months. "The airline has initiated an inquiry into the incident and the matter is being investigated. All concerned staff (are) off the roster till the inquiry is going on," it had said. On January 24, DGCA imposed a fine of ₹10 lakh on Air India for not reporting two incidents of unruly passenger behaviour onboard a Paris-New Delhi flight on December 6, 2022.

# BJP poll panel finalises candidates for Tripura elections

PNS ■ NEW DELHI

As senior leaders of the BJP including party chief J P Nadda, Union Home Minister Amit Shah and others met here a day ago and whetted the list of candidates for the upcoming Tripura assembly elections, the Central Election Committee (CEC) of the BJP met on Friday evening and finalised the list. Thursday's meeting was also attended by Tripura Chief Minister Manik Saha, BJP's state incharge Mahesh Sharma, Rajya Sabha MP and former state CM

Biplab Deb and North Eastern States Convenor Sambit Patra. Earlier in the day, BJP's Tripura unit core group members met at party leader and northeast in-charge Patra's residence. All members of the CEC on Friday attended the meeting at the BJP headquarters and also considered seat allocation with the alliance partners, if any, sources said. The 60-member Tripura Assembly will go to polls on February 16. The last date for filling nominations is January 30. The counting of votes will be taken up on March 2. Facing anti-incumbency, the BJP has a major challenge from Congress-Left alliance as well as from resurgent Trinamool Congress. In 2018, the BJP formed the gov-

ernment for the first time in Tripura, ending the 20-year run of the CPI(M). Like in Gujarat and Uttarakhand, the BJP leadership had, last year, changed Chief Minister of Tripura, replacing Biplab Dev with Saha who was a congress member before joining the saffron party.

# ‘Antibiotics in India, China wastewater pose health threat’

PIONEER NEWS SERVICE ■ NEW DELHI

Antibiotic residues in wastewater and wastewater treatment plants in India and China—both major producers and consumers of antibiotics—may serve as hot spots for the development of antibiotic resistance in these regions, posing a potential threat to human health through exposure to different sources of water, including drinking water. These observations of the researchers from Karolinska Institute were published in The Lancet Planetary Health. The researchers also determined the relative contribution of various sources of antibiotic contamination in waterways, such as hospitals, municipalities, livestock, and pharma-

ceutical manufacturing. Bacteria that become resistant to antibiotics are a global threat that can lead to untreatable bacterial infections in animals and humans. "Our results can help decision-makers to target risk reduction measures against environmental residues of priority antibiotics and in high-risk sites, to protect human health and the environment,"

says Nada Hanna, researcher at the Department of Global Public Health at Karolinska Institutet in Sweden, and the study's first author. "Allocating these resources efficiently is especially vital for resource-poor countries that produce large amounts of antibiotics." Antibiotics can enter the environment during their production, consumption and disposal. Antibiotic residues in the environment, such as in wastewater and drinking water, can contribute to the emergence and spread of resistance. As per the publication, "Antibiotic concentrations and antibiotic resistance in aquatic environments of the Western Pacific and South-East Asia Regions: a systematic review and probabilistic environmen-

tal hazard assessment", the researchers examined the levels of antibiotic residues that are likely to contribute to antibiotic resistance from different aquatic sources in the Western Pacific Region (WPR) and the South-East Asia Region (SEAR), regions as defined by the World Health Organization. These regions include China and India, which are among the world's largest producers and consumers of antibiotics. This was done by a systematic review of the literature published between 2006 and 2019, including 218 relevant reports from the WPR and 22 from the SEAR. The researchers also used a method called Probabilistic Environmental Hazard Assessment to determine

where the concentration of antibiotics is high enough to likely contribute to antibiotic resistance. Ninety-two antibiotics were detected in the WPR, and forty five in the SEAR. Antibiotic concentrations exceeding the level considered safe for resistance development (Predicted No Effect Concentrations, PNECs) were observed in wastewater, influents and effluents of wastewater treatment plants and in receiving aquatic environments. The highest risk was observed in wastewater and the influence of wastewater treatment plants. The relative impact of various contributors, such as hospital, municipal, livestock, and pharmaceutical manufacturing was also determined.

# AMPHEX 2023: Tri-services conclude exercise to hone military op skills

PIONEER NEWS SERVICE ■ NEW DELHI

The three Services including the Navy, IAF and Army recently conducted the biennial amphibious exercise 'AMPHEX 2023' to hone synergy in various facets of amphibious operations, the Navy said here on Friday. The latest edition of the drill was the largest ever and took place off Kakinada, Andhra Pradesh for the first time. It was conducted from January 17 to 22 and witnessed the participation of a number of amphibious ships consisting of Large Platform Dock (LPD), Landing Ships and Landing Crafts, Marine Commandos (MARCOS), helicopters and

aircraft from the Indian Navy. Indian Army participated in the exercise with over 900 troops which included Special Forces, Artillery and Armoured vehicles. Jaguar fighters and C 130 aircraft from the IAF also participated in the exercise. The participating forces undertook complex exercises in all domains of amphibious operations over five days. The exercise culminated in a successful amphibious assault

which was reviewed by Vice Admiral Sanjay Vatsayan, Chief of Staff, Eastern Naval Command, in the presence of Force Commanders of the Indian Navy and Indian Army. 'AMPHEX 2023' successfully demonstrated the amphibious capabilities and validated the excellent coordination that exists between the three Services to undertake the full spectrum of amphibious operations.

# First Indo-Japan Air Force exercise ‘Veer Guardian’ ends

PIONEER NEWS SERVICE ■ NEW DELHI

The first-ever bilateral exercise involving air forces of India and Japan concluded in Japan on Thursday. Named 'Veer Guardian 2023', the exercise was aimed at stepping up strategic and defence ties between the two countries. Giving details of the 16-day long exercise, officials said here on Friday, Japan deployed its F-2 and F-15 aircraft, while the IAF contingent participated with the Su-30 MKI aircraft. The IAF fighter contingent was complemented by one IL-78 flight refueling aircraft and two C-17 Globemaster strategic airlift transport aircraft.

During the joint training, the two Air Forces engaged in complex and comprehensive aerial manoeuvres in multiple simulated operational scenarios. The exercise involved precise planning and skillful execution by both the air forces. IAF and Japan Air Self Defence Force (JASDF) engaged in air combat manoeuvring, interception and air defence mis-

sions, both in visual and beyond visual range settings. Aircrew of the two participating Air Forces also flew in each other's fighter aircraft to gain a deeper understanding of each other's operating philosophies. Exercise 'Veer Guardian 2023' provided the two Air Forces with an opportunity to enhance mutual understanding. The exercise also witnessed numerous ground interactions between IAF and JASDF personnel wherein various aspects were discussed by both sides. This enabled the participating contingents to obtain an invaluable insight into each other's best practices and learn from each other's unique capabilities.

# ED attaches 32 assets of ₹7K cr in K'taka, Maha

PNS ■ NEW DELHI

The Enforcement Directorate (ED) has attached 32 immovable and movable properties in Maharashtra and Karnataka worth over Rs 69.65 crore under the Prevention of Money Laundering (PMLA) in a case relating to fraudulent issuance of TDS refund of Rs 263 crore from Income Tax Department by Tanaji Mandal Adhikari, Senior Tax Assistant and others. These attached assets include land, flats, luxury cars which are held in the name of Bhushan Anant Patil, Rajesh Shetty, Sarika Shetty, Kriti Verma and others. Earlier, the agency had issued freezing orders under PMLA in respect of 33 bank accounts of various entities having balances of Rs 96.23 crore and seized cash of Rs 2.85 lakh. The ED has initiated investigations under the PMLA based upon an FIR registered by CBI on the basis of written complaint of Additional Director General (Vigilance)-4 CBDT about bogus issuance of refunds for assessment Years 2007-08 and 2008-09. Tanaji Mandal Adhikari, while working as a Senior Tax Assistant, had access to RSA Tokens and login credentials of his supervisory authorities and he had

allegedly orchestrated the fraud in connivance with others in fraudulently generating TDS refunds exceeding Rs 263 crore and transferred in various bank accounts including the bank account of SB Enterprises (a proprietary concern of Bhushan Anant Patil). CBI has filed charge sheet against Tanaji Mandal Adhikari, Bhushan Anant Patil, Rajesh Shantaram Shetty and others for committing offences under the Indian Penal Code (IPC), Prevention of Corruption

Act and Section 66 of Information Technology Act, the ED said in a statement. Investigation under PMLA revealed that, during the period from November 15, 2019 to November 4, 2020, as many as 12 fraudulent TDS refunds were generated by Tanaji Mandal Adhikari amounting Rs. 263,95,31,870 which were fraudulently credited in the account of SB Enterprises, it said. These Proceeds of Crime (PoC) were subsequently transferred into the bank accounts of Bhushan Anant Patil and other related persons and entities and also in shell companies. PMLA probe revealed that immovable properties in the form of lands at Lonavala, Khandala, Karjat, Pune and Udipi areas, flats at Panvel and Mumbai areas and movable assets in the form three luxury cars (BMW X7, Mercedes GLS400d, Audi Q7) have been acquired out of the proceeds of crime in their names and in the names of other related persons. On identification of these assets, a Provisional Attachment Order under PMLA was issued attaching 32 assets worth Rs 69,65,99,720, it added. Out of total Proceeds of Crime of Rs 263 crore, assets of Rs 166 crore have been seized attached provisionally, it added.

# EC to SC: Will note Kerala HC order nixing conviction of Lakshadweep MP

PIONEER NEWS SERVICE ■ NEW DELHI

The Election Commission told the Supreme Court on Friday that it will take note of the Kerala High Court order suspending the conviction of Lakshadweep MP Mohammed Faizal in an attempt to murder case, which had resulted in his disqualification from the Lok Sabha. The apex court was hearing a plea filed by Faizal challenging the Election Commission's announcement to conduct a by-election in his erstwhile Lakshadweep constituency. Soon after Faizal was disqualified following his conviction in the case, the EC had said the by-poll would be conducted on February 27.

A Bench comprising Justices KM Joseph and BV Nagarathna noted the submission of senior advocate Maninder Singh, appearing for poll panel, that the EC action will be in accordance with law in the light of the HC's stay on the trial court's conviction of the NCP's MP for 10 years in an attempt to murder case.

"It is submitted also that the ECI went ahead as per the trial court order (of conviction).

Without going into the allegations or pronouncing on any merits, we dispose of the writ petition recording the submission that action will be taken by the ECI in accordance with law in light of the HC order of suspension of conviction," the bench said. Senior Advocate Kapil Sibal, appearing for Faizal, submitted before the bench that the by-election cannot go on as the high court has suspended the conviction. Faizal, in his petition, said the poll panel is proposing to fill the seat without awaiting the outcome of his plea for stay of conviction and sentence in the high court. He contended the EC's announcement was arbitrary, unlawful and mala fide.

# SC asks Lalit to refrain from public spats with lawyers

PIONEER NEWS SERVICE ■ NEW DELHI

The Supreme Court on Friday advised former IPL commissioner Lalit Modi to refrain from public spats with lawyers involved in his family dispute. A bench of Justices Sanjiv Khanna and MM Sundresh said parties are mature enough not to make such statements and asked the lawyers to sort out the issue. The apex court was hearing a petition on Modi's spat and posts in social media against former Attorney General Mukul Rohatgi. "It is

nothing but an extension of the outburst of a family member. Don't take it too far. Whenever you start fighting out in public, it is always detrimental...We are not passing orders but you use your good office to ensure that remedial

measures are taken," the bench observed orally, without passing any orders. On August 1 last year, the Supreme Court appointed former apex court judge Justice R V Raveendran as a mediator to settle a family property dispute involving the former IPL head and his mother Bina Modi. Rohatgi is one of the counsels representing Bina Modi in the property dispute. Senior advocate Kapil Sibal submitted before the bench that there was an undertaking of no posts while mediation was going on. "Comments are being made while the media-

tion is going on. These should be taken down. This is a violation of the court orders," Sibal said, pointing out Modi's abusive posts against Rohatgi in social media. Senior advocate Harish Salve, appearing for Lalit Modi, said there was no breach of the court order and this was just an angry outburst. The top court was apprised that the mediation process between the parties was underway. Modi had made a comment about Rohatgi in an Instagram post. Later, though another post, he reportedly apologised to the senior advocate.

# Learn from Dhankhar, Bengal BJP tells pro-Mamata Guv

SAUGAR SENGUPTA ■ KOLKATA

Amid Bengal BJP's disapproval of new Governor CV Ananda Bose's allegedly "pro-Mamata Banerjee" lines, party's national vice-president Dilip Ghosh on Friday advised him to take a lesson or two from Vice President Jagdeep Dhankhar who was the State Governor from 2019 to 2022.

Already unhappy about his "pacifist" style --- unlike Dhankhar who had several run-ins with the Chief Minister and the ruling Trinamool Congress during his tenure -- the State BJP leadership was furious at Bose's decision to hold his "Bangla Hatekhor" (initiation to Bengali letters) at the Raj Bhavan in presence of the Chief Minister.

Hatekhor is an age-old ritual in Bengali households wherein the children are introduced to Bengali letters for the first time in front of Goddess Saraswati. Hence it takes place on Vasant Panchami or Saraswati Puja day.

"It is not necessary that you

would know everything from the beginning. So he (the Governor) should try to take lessons from his predecessor Jagdeep Dhankhar ji... I hope he will have a meeting with the Governor during his visit to Delhi," Ghosh said.

Earlier, State Opposition Leader Suvendu Adhikari who skipped the Hatekhor programme calling it a drama scripted by the Chief Minister said "though I am no body to lecture the Governor about his functions I think he will be briefed about responsibilities when he is in Delhi."

Hours after Bose got his first lesson of Bengali alphabet from a class three student Diyangshi Roy --- at Raj Bhavan where he was presented with a Varna Parichay (the basic book on Bengali letters) written by Ishwar Chandra Vidya Sagar --- he was summarily summoned to the national Capital on Thursday evening hours after and hours after Adhikari expressed his displeasure with him.

The TMC leadership

immediately returned fire with spokesperson Kunal Ghosh accusing the BJP leadership of "trying to hijack the Raj Bhavan."

He said, "the BJP is angry because the Governor is not towing the line of Dhankhar... they want to convert the Raj Bhavan into BJP party office which an intellectual of Bose's stature is reluctant to do."

Wondering whether there was any wrong in the Governor trying to learn languages or the Chief Minister attending a programme at his official residence TMC Rajya Sabha MP Shantanu Sen said, "if the Governor, wants to learn new languages where is a harm in it

... if he invites the Chief Minister to witness a social programme at his residence where is his fault... the BJP does not believe in smooth functioning of the State and so it is trying to disturb the Governor... it wants to enslave the Raj Bhavan."

Meanwhile, the Governor who was presently touring New Delhi on Friday visited a Bengali medium school where he watched Prime Minister Narendra Modi's Pariksha pe Charcha programme along with the students.

After the programme the Governor said that the Prime Minister was a great educator and a universal teacher.

# Attempt being made to make judiciary part of PMO: Cong

PTI ■ KHANABAL

Attacking the Centre, the Congress on Friday alleged that an "undeclared emergency" prevailed in the country and an attempt was being made to "make the judiciary part of the PMO".

Congress general secretary Jairam Ramesh said the Bharat Jodo Yatra is aimed at highlighting such "dangers" facing the country.

Addressing a press conference here, Ramesh said the yatra is aimed at flagging increasing economic disparity, the RSS and the BJP allegedly spreading social polarisation for electoral advantage and the "political dictatorship" prevailing in the country.

He also said the ongoing Bharat Jodo Yatra will not discuss political issues of Jammu and Kashmir such as the abrogation of Article 370 and the Gupkar Alliance as there will be other opportunities to raise those.

"There is an undeclared emergency in the country. There is rule by one person, Parliament is being ignored,

debates don't take place in Parliament. One example is of the danger on our borders, two-and-a-half years have passed but it has not been discussed," Ramesh said, referring to the border standoff between India and China.

"Constitution is being ignored, constitutional bodies are being weakened and an attempt is being made to destroy the judiciary. Everyday comments are being made, there is an attempt to make the judiciary part of the PMO (Prime Minister's Office)," he alleged.

His remarks come in the backdrop of a raging debate on the issue of appointments

to the higher judiciary with the government questioning the current collegium system and the Supreme Court defending it.

At the press conference, Ramesh said, "So this question why is the Congress out to unite India when nobody is breaking the country, we are saying it is getting divided, there are dangers and if we don't act, the dangers will increase. So we are raising our voice against economic disparities, social polarisation and political dictatorship. We are taking on the BJP and the RSS ideologically. Election strategy has nothing to do with the yatra."

# Lakhimpur killings: Ashish Mishra released from jail

PTI ■ LAKHIMPUR KHERI

Ashish Mishra, the son of Union minister Ajay Kumar Mishra, was released from jail on Friday after the Supreme Court had granted him interim bail in the Lakhimpur Kheri violence case.

Senior superintendent of the Kheri district jail Vipin Kumar Mishra told PTI, "He (Ashish Mishra) has been released from the jail. We have got the release order from the sessions court."

The Supreme Court on Wednesday had granted eight-week interim bail to him in the 2021 Lakhimpur Kheri violence which claimed eight lives.

A bench of Justice Surya Kant and Justice J K Maheshwari directed that Ashish Mishra shall not stay in Uttar Pradesh or Delhi during the interim bail period.

# Situation along eastern border with China stable but unpredictable: GOC-in-C

PTI ■ KOLKATA

The situation along the eastern border with China is "stable" but "unpredictable" due to the absence of delineation of boundaries, said General Officer Commanding-in-Chief (GOC-in-C) of the Eastern Command, Lt Gen R P Kalita.

The Eastern Command takes care of the LAC in the Arunachal Pradesh and Sikkim sectors.

Lt Gen Kalita also stated that the Army is constantly monitoring the activities across the border and is well prepared to meet any emerging chal-

lenges.

"The whole problem stems from the fact that the border between India and China is not clearly defined. There are different perceptions about the Line of Actual Control (LAC), which lead to problems.

"However, let me assure you that the situation in the eastern border in Sikkim and Arunachal Pradesh is stable but unpredictable due to the absence of delineation of borders," he told a Meet the Press programme at the Press Club, Kolkata.

There has been a fresh spike in tension between India and China after troops from

the two sides were engaged in a clash along the LAC at Yangtse in the Tawang sector on December 9.

Defence Minister Rajnath Singh said in Parliament on December 13 that the Chinese troops tried to "unilaterally" change the status quo in the Yangtse area in Arunachal Pradesh, but the Indian Army compelled them to retreat with its firm and resolute response.

Recently Chief of Army Staff Gen Manoj Pande conducted a comprehensive review of India's military preparedness along the LAC in Arunachal Pradesh after last month's skirmishes in the

Tawang sector.

"We have read reports that gradually there has been an increase in troop deployment (by China) opposite our sectors along with infrastructure development that the PLA has carried out in their bordering areas," the GOC-in-C of the Eastern Command said.

He maintained that the preparedness level of the Indian Army remained "very high" along the LAC, and it has adequate forces and reserves in each of the sectors to deal with any situation effectively.

To a question on reports of China 'building alternate access to Chumbi valley in

Tibet near Sikkim and how it would threaten the security of the Siliguri corridor, the senior Army officer said, "Siliguri Corridor is geo-strategically extremely important to us.

Requisite measures and mechanisms are in place to ensure that there are no disruptions and maintenance of connectivity with the northeast remains intact."

Siliguri corridor, commonly known as the 'chicken's neck', connects the mainland with the northeastern states. The corridor shares international boundaries with Nepal, Bhutan and Bangladesh.

# HC shortens Sengar's interim bail period as victim cites threat

PTI ■ NEW DELHI

The Delhi High Court on Friday shortened the interim bail period of expelled BJP leader Kuldeep Singh Sengar, who is serving a life term for raping a minor in Uttar Pradesh's Unnao in 2017, asking him to surrender after his daughter's "tilak" ceremony, and said he will be released again before her marriage.

The court had earlier granted bail to Sengar for two weeks.

The court, which was informed that Sengar was released from the Tihar jail here on Friday morning and was on his way to Lucknow, passed the modification order on an application filed by the victim, seeking a recall of the interim bail order on the ground of a threat to her and her family members.

A bench of justices Mukta Gupta and Poonam A Bamba, which had on January 16 granted bail to Sengar from January 27 to February 10 on account of his daughter's marriage, directed that he shall surrender

before the jail authorities on February 1 as the "tilak" ceremony is scheduled for January 30.

It said Sengar shall again be released from jail on February 6 and surrender on February 10 as the wedding is on February 8.

The victim, who was present in the court, said, "If Kuldeep Sengar is granted bail, I and the witnesses will be in danger. All the government officials there are his appointees. I request not to release him or else he can get me killed."

However, Sengar's counsel said since the trial is complete,

there is no threat to the witnesses.

The high court rejected the submissions of Sengar's counsel and said, "We may note that the appellant (Sengar) has already filed an application for leading additional evidence, hence the plea that there can be no threat to the witnesses cannot be accepted."

Advocate Mehmood Pracha, representing the victim, said the threat perception was there even when Sengar was in custody and while ordinarily, people are released from the jail in the evening, the politician was released early in the morning, which shows his clout.

# BBC docu on 2002 riots screened at Jadavpur University

PTI ■ KOLKATA

More than 100 students at Jadavpur University have reportedly watched the controversial BBC documentary on 2002 Gujarat riots, with a Left student's body having arranged its screening.

The Centre has recently issued directions for blocking multiple YouTube videos and Twitter posts sharing links to the documentary India: The Modi Question, which claims to have investigated certain aspects relating to the 2002 riots when Prime Minister Narendra Modi was the Chief Minister of the State then.

The Student Federation of India (SFI), a Communist Party

of India (Marxist)'s arm, said the police or institute authorities did not interfere with the screening at Jadavpur University on Thursday.

SFI state unit assistant secretary Subhajit Sarkar said that the student's body will hold another screening at Presidency University on Friday.

Authorities at Presidency are yet to give a formal nod, but "we will still go ahead with the show", he said.

Sarkar, a former Presidency student, also claimed, "The varsity has effected a power cut at the badminton court, where the screening was supposed to be held. We will now use the common room for the show.

# Padma Vibhushan to MSY shrewd move to woo Yadavs, says SP

PNS ■ LUCKNOW

Taken aback by the confering of Padma Vibhushan, India's second highest civilian honour, posthumously on its founder Mulayam Singh Yadav, Samajwadi Party termed it as a "shrewd" move to reach out to the Yadav community, considered the core vote bank of the main opposition party in Uttar Pradesh.

Soon after the announcement of Padma Vibhushan award for late Mulayam Singh Yadav, senior SP leaders repeated an old demand that 'Netaji' (Mulayam), who died on October 10, 2022, should have been conferred the Bharat Ratna, the country's highest civilian honour, instead.

The SP also maintained that Padma Vibhushan award for Mulayam Singh Yadav was a ploy to "silence Bharat Ratna demand".

While the announcement of Padma Vibhushan for late Mulayam Singh Yadav has set the political rumour mills buzzing about the ruling Bharatiya Janata Party's outreach to the Yadav community, SP leaders accepted in pri-

vate that the move was "shrewd politics" to "silence all voices of demands for Bharat Ratna" for 'Netaji' who was the "face of anti-communal" politics in Uttar Pradesh, a sharp contrast to the BJP whose resurgence in the state was marked with the Ram Janmabhoomi movement and the Rath Yatra in 1990.

Hours after the announcement was made, Mainpuri MP and SP national president Akhilesh Yadav's wife Dimple Yadav, and his uncle Shivpal Singh Yadav repeated the demand for Bharat Ratna for 'Netaji'. Dimple and Akhilesh were in Saifai for Republic Day celebrations and flag hoisting ceremony.

"'Netaji' will be conferred the Padma Vibhushan (by the

government) but I think he should have got Bharat Ratna. And this honour should have come much earlier. It is our demand that Netaji be conferred the Bharat Ratna," Dimple said on Thursday. Shivpal Yadav said "Netaji had always raised the voice of farmers and the poor which is why the demand of all workers and supporters should be fulfilled".

Samajwadi Party leaders admitted that the announcement was "not expected". They, however, said that the move did not come as a surprise as demand for Bharat Ratna for Netaji was raised even before his death and several party leaders had vociferously raised the demand after his death.

# 4-year-old girl killed, 2 injured as 6 houses collapse in Agra

PNS ■ LUCKNOW

A four-year-old girl was killed and two others were injured as six houses collapsed in Agra due to excavation work in a nearby inn, police said on Thursday.

The incident comes two days after a multi-storey building collapsed killing three and injuring over a dozen people in Lucknow.

"A four-year-old girl has been killed," Additional District Magistrate Anjani Kumar Singh said on the phone. Uttar Pradesh Director General of Police (DGP) DS Chauhan said that rescue and relief work was going on at full speed in the Dhulia Ganj area where six houses collapsed during the excavation work.

"Our officials are present on the spot," the DGP said. The injured were admitted to a hospital, he said.

Taking cognisance of the accident, Chief Minister Yogi Adityanath directed the district magistrate and senior police officers to go to the spot and conduct the relief works, an official statement said earlier.

"The six houses collapsed outside the city station located at Dhuliaganj under Hariparwat police station where the excavation work of an inn (dharamshala) was going on. Three people of a family were buried, and all have been rescued and taken to the hospital," ADM Singh said earlier.

Meanwhile, three people from Gujarat were killed and as many were injured when their car was hit by a vehicle on Lucknow-Kanpur Highway in the Unnao district, police said on Friday.

The incident occurred at around 5 am on Friday morning near Kanodia petrol pump in Achalganj police station

area, they said, adding that all the deceased were members of the same family with one being the father, other two his son and grandson. They were coming to their native Biroti village in Patti area of Pratapgarh. The three injured were admitted to

Unnao district hospital while the bodies were sent for post-mortem, police said.

According to the police, the occupants of the ill-fated car were coming from Navsari under Vapi police station of Gujarat. The victims were iden-

tified as Srinath Shukla, his son Devmani Shukla and grandson Yogesh Shukla. The injured were identified as Devmani's wife Kanchan Shukla, Manju Shukla, Supriya Shukla and her nine-month-old son Rudra Shukla.

PAPER WITH PASSION

# Nothing surprising

## Delhi has decided to take on Islamabad over the latter’s disregard for the Indus Waters Treaty

India has done the right thing by issuing a notice to Pakistan for modification of the Indus Waters Treaty (IWT). The September 1960 treaty, which came into being after nine years of negotiations between the two countries, is generally seen as one of the most successful water-sharing pacts in the world, with the World Bank also being a signatory. The notice has been necessitated by Islamabad’s “intransigence” on the implementation of the IWT. For the last five years, India has been trying to discuss and resolve the issue of India’s Kishenganga and Rattle Hydro Electric Projects, but Pakistan has been stubborn, refusing to sort out the matter. India’s position, as reported in the media, has always been clear: it wants implementation of IWT in letter and spirit, but Pakistan has been dillydallying. In 2015, it sought a neutral expert to examine its technical objections to the two hydel projects. But, a year later, it withdrew unilaterally and proposed adjudication by a Court of Arbitration. India objected to two simultaneous processes, an objection that the World Bank acknowledged in 2016. This is despite the fact that the IWT allows a mechanism to resolve such issues. The treaty gives control over the waters of the three “eastern rivers”—the Beas, Ravi, and Sutlej—to India and over the waters of the three “western rivers”—the Indus, Chenab, and Jhelum—to Pakistan. This gives India control over around 20 per cent of the total water carried by the Indus system, while the rest goes to Pakistan. Even over the western river waters, as per the IWT, India has the right to do limited irrigation and unlimited power generation, navigation, floating of property, fish culture, etc.

ern river waters, as per the IWT, India has the right to do limited irrigation and unlimited power generation, navigation, floating of property, fish culture, etc.

At the heart of the problem is Pakistan’s deep-rooted hatred for India. Still smarting from the defeat in the 1971 Indo-Pak War and its dismemberment, it is determined to not give any concession to India. Even though it is obligatory for nations to extend the ‘most favoured nation’ (MFN) status to all members of the World Trade Organization, and India gave Pakistan the MFN status, Pakistan refused to reciprocate the gesture for two decades; and then India withdrew that. The reason: ‘most favoured nation’ translates as ‘sabse pasandida mulk’ into Urdu—something Pakistan’s deep state and radicalised society would never allow. Even now, when the Pakistani rupee is in a free fall, the forex reserves are depleting fast, and the economy has all but crumbled, its generals and jihad-compliant politicians and public figures are unwilling to improve ties with India. Trade with India would surely help Pakistan, but such is the pigheadedness of the powers that be in Islamabad and Rawalpindi that they don’t want to normalise ties with New Delhi. They can support terror groups, risking the wrath of the Financial Action Task Force or FATF, but can’t strive to have better ties with India, even though that would be for its own good. Therefore, there is nothing surprising in Pakistan disrespecting the IWT.

Devotees take Goddess Saraswati’s idol for immersion during ‘Basant Panchami’ celebrations in Patna

# Shadow boxing

## Upliftment of the Dalits and OBCs should be the agenda, not creating gulf in the society

Yet another controversy is raging even as the one on ‘Pathan’ has not fully subsided. This time Swami Prasad Maurya, the OBC leader from Uttar Pradesh has reservations about Tulsidas’ Ramcharitmanas which according to him spreads hate and has casteist slurs and so should be banned. Swami Prasad Maurya, who switched over to the Samajwadi Party before the 2022 UP Assembly elections, lost his seat in the UP assembly elections. His daughter though continues to be the BJP MP. His new party, however, has taken exception to his criticism of Ramcharitmanas and distanced itself from the statement. It is not the first time Ramcharitmanas has been criticized for casteist slurs or gender bias. In the past too the Epic has attracted criticism and serious debates have taken place on its content.

However, Maurya’s statement does no good to either himself, his community, his party, or the society at large. Without going into the merit of his statement, one can deduce that it does not help to point figure at a 16th century writer and ask for a ban on a book that was written some 500 years back. A time span long enough to change the languages, contexts, nuances, and morality. Banning a book or expunging the portions does not make sense, it never has. All it does is to refresh the idea. India has a long list of banned books, plays, and films. Aubrey Menen’s ‘Rama Retold’, was banned in 1955, and EV Ramasamy Periyar’s book Ramayana Retold, was banned in 1969. Ideally speaking, a writer must not hurt the sentiments of the people but the downside is if the writers always write to conform to the prevailing norms, society would never change. Equally pathetic is the reaction of the people who would swear by Ramcharitmanas and would go to any extent to abusing and admonishing him publicly. A person has a right to differ in a civil way, if you do not agree do so in a civilized way not by calling names and demonizing the person. We have enough issues of import to talk about in public life that should get precedence over such shadow boxing matches. If Maurya wants to bring about a real change in the society, he would do well to take up issues of discrimination and mistreatment of Dalits and OBCs on priority rather than rake up issues that would only consolidate the caste lines.

# Resetting India Egypt relations

## Inviting President of Egypt as the chief guest at Republic day parade can usher in a new era in Indo Egyptian relations

President Abdel Fattah el-Sisi of Egypt made an interesting choice as the Chief Guest for the 74th Republic Day Parade, a first-ever from an Arab country. The choice is loaded with geopolitical and strategic suggestions that are rooted in realpolitik and better senses. As mutual people of civilizations and historical engagements, the bilateral relationship has gone through intermittent ups and downs borne of compulsions of internal political posturing and ‘bloc’ pressures.

Jawaharlar Nehru and Gamal Abdel Nasser along with Tito, Nkrumah, and Sukarno had jointly floated the Non-Aligned Movement towards, “abstention from the use of arrangements of collective defense to serve the particular interests of any of the big powers.” In the Indian context, shades of that thought exist in its modern course of ‘strategic independence’. However, considerations of co-religiosity had ensured that Egypt stood firmly on the side of Pakistan in the 1965 and 1971 wars, as also, Pakistanis had supplied military wherewithal to the Egyptians in 1967 (Six-Day War) and 1973 (Yom Kippur War). As both were also Major Non-NATO allies, they had a ‘bloc’ gravitation.

Field Marshal Sisi (former General in the Egyptian Army) who had deposed a democratically elected government (Mohamed Morsi of the Muslim Brotherhood), presided over India’s celebration of adopting its Constitution that coup-proofed the Indian narrative with civilian control over the military, was irony at its best. Sisi has supposedly ‘won’ 97% of popular votes cast after ‘technicalities’ had disallowed almost all opposition (after imprisoning 40,000 from the opposition). Sisi is an authoritarian from the old school of Hosni Mubarak (also Air Chief Marshal of the Egyptian Air Force) governance style, only more strident. Serendipitously, on Indian Republic Day he witnessed the real and the largest democracy in the world, at the march.

Wounded memories of

Military parades must have crossed Abdel Sisi’s mind on 26th Jan in Delhi, as a young Captain in 1981, Sisi’s Egypt was rocked by the assassination of President Anwar Sadat (also a former Soldier), also during a Military Parade. As part of marching contingents and weaponry display, an assassin party in one of the trucks towing an artillery piece had suddenly jumped out of formation and attacked the Presidential dais, fatally. Religious extremists from the radical Egyptian Islamic Jihad (also Egyptian Military personnel) were ostensibly upset with Anwar Sadat’s secular and pacifist moorings and had therefore undertaken the attack. In Delhi’s Republic Day parade, Sisi would have gathered a stark contrarian impression of a highly disciplined, apolitical, and constitutionalist Military.

Egypt was the fourth country to participate in India’s Republic Day celebrations with its marching contingent. Tellingly three of the four foreign contingents to have ever participated had been from Muslim-dominated countries i.e., UAE, Bangladesh, and Egypt (France was fourth). Interestingly, immediately behind the marching Egyptian contingent were the illustrious 61st Cavalrysowars in bay-colored horses, who have had their tryst with an Egyptian

“

FIELD MARSHAL SISI (FORMER GENERAL IN THE EGYPTIAN ARMY) WHO HAD DEPOSED A DEMOCRATICALLY ELECTED GOVERNMENT (MOHAMED MORSI OF THE MUSLIM BROTHERHOOD), PRESIDED OVER INDIA’S CELEBRATION OF ADOPTING ITS CONSTITUTION

backdrop. Amalgamated from the various units of the Imperial Service State Forces of the former Indian Princely States, the DNA of 61st Cavalry harbours lancers from former ‘States’ of Jodhpur, Mysore, Patiala, etc., who took part in the last and most daringly successful cavalry charges in modern military history, at Haifa on 23rd September 1918. A German-led Ottoman expeditionary force was marching toward Egypt to seize the Suez Canal and was pitted against Egyptian Expeditionary Force and the township of Haifa was critical to defeating the Ottoman forces. 15th (Imperial Service) Cavalry Brigade composed of ‘State’ regiments from Princely ‘States’ of Jodhpur, Mysore, and Hyderabad was invoked for the near-impossible task against Ottoman forces with machine guns, etc..

Under the dashing Major Dalpat Singh Shekhawat of Jodhpur Lancers, Indian lancers had shocked the Ottomans with their fearlessness, dareddevilry, and complete rout of Ottomans. 1350 German and Ottoman prisoners were taken, and eight Indian lives were lost (including Major Dalpat Singh, who was decorated with Military Cross, posthumously). The Egyptian Expeditionary Forces were greatly relieved and the Battle of Haifa became a turning point, thanks to the brava-

do of Indian Cavalry elements.

Times and circumstances have come a full circle and common threats beset both the ancient lands, albeit, with different governance structures. Abdel Sisi signed agreements with India to “strengthen defence cooperation” and “increase the exchange of counter-terrorism information and intelligence”. For a nation that supported Pakistan in its wars with India, Cairo now explores procuring India’s Tejas Light Combat Aircraft, Akash missile system, and DRDO’s Smart Anti-Airfield Weapon (SAAW). This is a significant shift considering a bulk of Egyptian military hardware is also from China e.g., bombers, fighters, missile system, ships, submarines, drones, etc., Whereas India’s nemesis across the Line-of-Control (LOC) still harps on the rote and tiring record of co-religiosity, which is sounding trite and troublesome, even with Arab Sheikdoms and for autocrats like Abdel Sisi who seek to protect themselves against religious puritanism e.g., Muslim Brotherhood in Egypt. An indo-Egyptian framework is poised for a transformational reset.

(The writer, a military veteran, is a former Lt Governor of Andaman & Nicobar Islands and Puducherry. The views expressed are personal)

## LETTERS TO THE EDITOR

### HATH SE HAATH JODO

Sir — The Congress on Republic Day launched a nationwide ‘Hath se Hath Jodo’ campaign, under which it plans to reach out to people and make them aware of the “failures” of the Central government. Congress Party after the immense love received for the Bharat Jodo Yatra, they are sure that the Haath Se Haath Jodo campaign will also win everybody’s hearts. The party workers will deliver a letter written by Congress leader Rahul Gandhi and a “charge sheet” against the Central government to each household.

During the program which is scheduled to end on March 26, party workers will reach out to 2.5 lakh Gram Panchayats, six lakh villages, and 10 lakh booths. In the letter, Rahul Gandhi wrote, “There is a palpable economic crisis brewing - joblessness among the youth, unbearable price rise, severe farm distress, and a complete corporate capture of the country’s wealth.”

One thing is for sure and we can call it the effect of Bharat Jodo Yatra. The congress worker today is brimming with confidence and taking up the BJP attacks head on. Which is really impressive as earlier the Congress workers were rather shy and apologetic about their role as a national party. Rahul Gandhi’s 3,500 kilometer foot march has galvanized the foot soldiers of the congress who are now eager to prepare for the next general elections.

Gandhi wrote, “People are worried about losing their jobs, their incomes are falling further, and their dreams of a better future are shattering and there is a deep sense of hopelessness across the country. With this, it will be testing time for Congress Party’s Haath Se Haath Jodo.

Bhagwan Thadani | Mumbai

### A NATIONAL CAUSE

Sir — 15th of August and the 26th of January are national holiday and on these days everyone gets a holiday except defence forces and policemen. So on 26th January printing media offices are closed,

## True Patriotism

Mahatma Gandhi did not attend the first Independence Day event at Red Fort, Delhi, on Aug 15th, 1947. He was busy spreading peace and harmony in Kolkata (where communal clashes were going on). Mahatma Gandhi and Mother Teresa lead simple lives without pomp and show, always serving others as individuals

and on the next day we don’t get newspapers. The field team of the newspapers does work on the 26th of January and the 15th of August. The offices are generally shut as it is a general holiday in the country. Some employees do work part-time to receive the field information and process it. This is for the online version of the newspapers.

News is a round the clock work. It does not stop any day be it a national holiday or religious festival. I don’t quite understand why newspaper offices are closed on Republic day. Journalists work everyday to cover stories of national interest that people should know. So why they should not be doing so on the day of national importance? It is not logical. We know some journalists work hard on Independence and Republic Day to bring out the best for their readers. Some even carry special editions reminiscing the sacrifices of our forefathers. So in the national interest the newspaper offices must remain open in national interest.

CK Subramaniam | Mumbai

### INSPIRING BUDGET

Sir — Finance Minister Nirmala Sitharaman said that this budget will be

and as a team too (without exploitation and harm). That is called real patriotism and humanity. Every human should emulate such good and angelic nature.

Please make republic day and Independence Day celebrations simple, inexpensive, and compulsory as E- Celebrations. People can stay at home and watch it on TV or computers and save themselves from the cold weather. Saved money to the exchequer can be given for the welfare measures of the poor. Also saved are pollution, and depleting petroleum fuel reserves, as the public need not travel all the way to the celebration point. The public too may give the money saved (on travel etc.) to PM’s or CM’s poor’s welfare fund.

Sahasra Nirvriti Vislesha | Secunderabad

inspiring, that is, it will take India forward and will be similar to the previous Budget 2023. However, the economic condition of the country is not looking good. Not only India’s growth rate estimate for the financial year 2022-2023 has been reduced by many institutions, but the growth rate for the current financial year has also been reduced by RBI to 6.8 percent.

The forthcoming budget in its proclamations will also have to take into consideration the significant challenges predicted for the Indian economy due to the emergence of fears of global recession, and geo-political concerns like the Russia – Ukraine crisis.

The government should also focus on incentivizing or promoting technology in Budget 2023 to make India a talent hub for emerging technologies. Tax incentives for capital expenditure, capacity utilization, and use of new-age technology should be actively considered in this budget.

Ishika Asodiya | Ujjain

FIRST COLUMN

EXPECTATIONS OF HEALTHCARE SECTOR

Budget should rationalise import duty for the healthcare sector

ANURAG KASHYAP

The upcoming Budget is expected to create an enabling healthcare ecosystem with higher allocations and reforms pertaining to long-term credit facilities, a big push for public private partnership (PPP), and tax incentives and relief. High import duty on medical equipment is a major pain point for the hospital sector.

In the upcoming budget, hospitals seek relaxation on imported medical equipment, as they intend to procure state-of-the-art latest technology to treat patients and get the best medical outcome.

Over the years, the import of medical equipment has significantly increased. In 2021-22 imports went up by 41 per cent. As per the industry estimates, India imported medical equipment worth Rs 63,200 crore in 2021-22 compared to Rs 44, 708 crore in 2020-21. On the other hand, Indian equipment manufacturers seek a complete ban on the import of medical equipment or higher custom or import duty and other charges if not a complete ban. The industry has witnessed over 20 per cent hike in the cost of medical equipment import in the last two years.

It would take some more time for large hospitals to work on Indigenous medical equipment. Once Indian manufacturers match the global standards in terms of supply, range, and quality, big hospitals would be in a position to partner with them. Until that time, the government should restrict itself in making imports expensive with heavy duties.

The industry is always keen to be aligned with the 'Make in India' initiative or promote indigenous manufacturers. But, for big hospitals, it is more critical to maintain their global competitiveness. Hence, the sector would be expecting a reduction in import duties on medical equipment. Patients would be the ultimate winner. Currently, with heavy import duties on medical equipment, big hospitals' costs of operations significantly increased and they tend to pass on the burden to patients. So, heavy import duties on medical equipment come as a penalty for patients and must be rationalized.

Yet another pain point of the hospitals is pricing and delay in payments from Government schemes like CGHS and others. The segment would be expecting clear guidelines from the government.

The hospital segment expects a robust credit mechanism to overcome the shortage of funds. Long-term (15-20 years) credit facilities would significantly reduce the burden. Interest rate, tenure, and collateral are the major concerns.

The Government needs to impress upon the RBI to look at this pain point seriously for the sake of the financial health of the healthcare sector. The Goods and Services Tax (GST) on inputs increases the delivery cost by 18 per cent. And the providers do not get any input credit facility. Tax incentives for both existing and new healthcare projects are required. For new or green field projects a tax holiday period of 10 years, as given to Special Economic Zones and Tech Parks, would go a long way to transform the sector. It is strongly recommended that the government should create similar zones for hospitals and extend all the benefits including tax incentives.

This should not be limited to the hospital segment. Service providers, who are associated with hospitals, should also be included in such promotional schemes.

Overall, it is the right time to introduce some radical structural changes combined with the rationalization of taxes. The sector would keep its fingers crossed to see the government's measures and policy reforms.

So far, the government has shown its willingness to address the challenges of the sector and hopefully, this time Finance Minister Nirmala Sitharaman would walk some extra mile with regard to further strengthening the Indian Healthcare sector.

# Tech can expedite justice system

Use of artificial intelligence in Indian courts has the potential to significantly reduce the backlog of cases and fast track justice

The ongoing fight between the Government and the judiciary can have a significant impact on common citizens. It can lead to delays in the delivery of justice, as the judiciary may be overburdened by political considerations and government interference. This can result in citizens waiting for extended periods of time for their cases to be heard and resolved, leading to frustration and a lack of faith in the legal system.

Additionally, the Government and the judiciary may become preoccupied with their own power struggles, leading to a neglect of the needs and concerns of citizens. This can further erode trust in the legal system, and make it more difficult for citizens to access justice and have their rights protected.

The Indian legal system is facing a significant backlog of cases, resulting in delays in the delivery of justice. This is a major concern as it undermines the rule of law, and can lead to a lack of faith in the judiciary and the legal system as a whole.

One of the main reasons for the backlog of cases in the Indian courts is a shortage of judges. According to the National Judicial Data Grid, there are currently over 40 million pending cases in the Indian courts, while the sanctioned strength of judges is only around 20,000. This results in a large number of cases being assigned to each judge, leading to delays in the disposal of cases.

Additionally, the process of appointment of judges is often slow and bogged down by bureaucracy and political considerations, further exacerbating the shortage of judges. Another reason for the backlog of cases is the inefficient functioning of the courts.

The Indian court system is known for its slow pace, with cases often taking several years to be resolved. This is due to a number of factors, such as a lack of technology, inadequate infrastructure and resources, and a lack of training for court staff. Additionally, the legal process is often bogged down by delays and adjournments, further adding to the time it takes for cases to be resolved.

The backlog of cases also has a negative impact on the rights and access to justice for marginalised and vulnerable groups. For instance, the long delays in the disposal of cases can result in the denial of justice to victims of crimes, particularly women and children. Further, the long delays can also result in the release of the accused on bail, leading to the re-victimisation of the survivors of crimes.

The backlog of cases also has a significant economic impact, as delays in the disposal of cases can result in a loss of productivity and economic growth. The delays in the disposal of cases can also lead to a lack of faith in the legal system, which can discourage investments and

GOVERNMENT AND JUDICIARY MAY BECOME PREOCCUPIED WITH THEIR OWN POWER STRUGGLES, LEADING TO A NEGLECT OF THE NEEDS AND CONCERNS OF CITIZENS. THIS CAN FURTHER ERODE TRUST IN THE LEGAL SYSTEM, AND MAKE IT MORE DIFFICULT FOR CITIZENS TO ACCESS JUSTICE

*(The author is a public policy expert)*

economic growth.

In short, the backlog of cases in the Indian courts is a major concern that undermines the rule of law and can lead to a lack of faith in the judiciary and the legal system as a whole. The backlog of cases is a result of a shortage of judges, inefficient functioning of the courts, and a lack of resources.

To address the problem of the backlog of cases, there is a need for systemic reforms in the Indian legal system, including increasing the number of judges, improving the infrastructure and resources available to the courts, and implementing technology to improve the efficiency of the courts.

Artificial intelligence (AI) has the potential to significantly reduce the backlog of cases in Indian courts. However, it is important to approach the implementation of AI in the legal system with caution and consideration of potential challenges and limitations.

One potential use of AI in the Indian courts is through the use of predictive analytics. Predictive analytics can be used to analyse patterns and trends in past case decisions, allowing judges and lawyers to make more informed decisions in current cases. This could potentially speed up the legal process and reduce the backlog of cases. However, it is important to ensure that the algorithms used for predictive analytics are

unbiased and do not discriminate against certain groups of people.

Furthermore, the use of predictive analytics in the legal system raises concerns about transparency and accountability, as the decision-making process becomes less transparent and more reliant on complex algorithms.

Another potential use of AI in the Indian courts is through the use of automated document review. Automated document review can be used to quickly sort through large amounts of legal documents, allowing lawyers and judges to identify relevant information. However, it is important to ensure that the AI system is able to accurately identify relevant information and is not prone to errors or false positives.

Additionally, there is a risk that the use of automated document review could lead to job loss for court clerks and other legal professionals who currently perform this task manually. However, to mitigate this problem, there can be settled guidelines to be followed wherein the applications can be moved by trained bar council-approved lawyers and every judgment can be vetted by a trained judge to avoid error and technological shortcomings.

AI-powered chatbots can also be implemented in Indian courts especially in the district courts and rural areas to assist overburdened lower judicial staff with the

legal process by providing information and guidance. This can help to reduce the workload of court staff and improve access to legal information for citizens. However, it is important to ensure that the chatbot is able to provide accurate and up-to-date information and is not prone to errors or misunderstandings.

Also, there is a risk that the use of chatbots could lead to a decrease in personal interactions and human empathy in the legal system.

In conclusion, the backlog in the Indian courts just cannot be handled by human intervention, there has to be either a divine or technological intervention required to significantly improve the justice system. The implementation of AI in the Indian courts has the potential to significantly reduce the backlog of cases and improve the efficiency of the legal system.

However, it is important to approach the implementation of AI with caution and consideration of potential challenges and limitations. This includes ensuring that AI systems are unbiased, transparent, and accountable and that the rights of citizens are protected. Additionally, it is important to consider the ethical implications of using AI in the legal system and to ensure that the use of AI does not lead to a decrease in personal interactions and human empathy in the legal system.

POINTCOUNTERPOINT

WE'RE ALSO GIVING UKRAINE THE EQUIPMENT TO SUSTAIN THESE TANKS. THIS IS ABOUT HELPING UKRAINE. IT IS NOT AN OFFENSIVE THREAT TO RUSSIA. — US PRESIDENT JOE BIDEN

IF THE US DECIDES TO SUPPLY TANKS, IT WILL BE IMPOSSIBLE TO JUSTIFY SUCH STEPS USING ARGUMENTS ABOUT 'DEFENSIVE WEAPONS'. — RUSSIAN AMBASSADOR TO THE US ANATOLY ANTONOV

# Test of success of Bharat Jodo Yatra lies in polls

Journey to power in New Delhi may not be easy for the Opposition against a formidable, well-oiled machine of BJP

Congress leader Rahul Gandhi's Bharat Jodo Yatra traversing so far through 10 states, reaching almost the last lap, has stirred the party back to the near centre-stage of Indian politics, with a spontaneous crowd responding to it.

The Yatra has evoked interest among the people with the possibility of the rise of a counter-saffron narrative, its avowed aim. It has given acceptance to Rahul Gandhi as a leader even by the BJP. Their top functionaries now accept he has arrived. But will the emerging Third Front at Khammam at Telangana chief minister KC Rao's rally dampen its effort?

Is the yatra a success? To an extent, it can draw many eminent persons from the society

SHIVAJI SARKAR

*(The author is a senior journalist)*

—the youth and children. His "T" shirt is a great draw and connects. It also shows that Congress can meticulously plan a 3500 kms march from Kanyakumari to Jammu and Kashmir, traversing through 12 states. In every state eminent social persons have been part of it despite severe derisive criticism from a curious or awed BJP and its parivar.

Some of the names include former RBI governor Raghuram Rajan, Mahatma Gandhi's grandson Tushar Gandhi, Shiv Sena leader Aditya Thackeray, NCP's Surpriya Sule, National Conference leader Farooq Abdullah, lawyer Prashant Bhushan, activist Harsh Mander, Bollywood actors, former RAW secretary and intelligence bureau ex-chief

AS Dulat, actors Amol Palekar, Riya Sen, Sandhya Gokhale to Swara Bhaskar, singer Sunidhi Chauhan, IIT professors, former defence, police and other officials.

It was touted that though it might succeed in Kerala, Karnataka, Telangana, Maharashtra, Rajasthan, the Yatra might not succeed in the limited areas of Delhi and UP. It surprisingly succeeded in the kisan belt of western UP, Haryana and Delhi the swelling crowds put the city out of gear.

Still the yatra is not beyond it. The best quote has come from Congress MP Shashi Tharoor. He said at a book launch in Kolkata that the Yatra has evoked a massive response. However, has noted: "Translating that into

votes is the next challenge and does not follow automatically". That's the problem.

Rahul Gandhi may have sent a message of love but he has also been seen as "loveable" to the BJP as well. His barbs are soft and he has not yet been critical of the BJP's policies: economic, education, privatisation or simple seizure of 10-year-new cars, tractors or high tolls that make miseries deeper and inflation sharper or even for ballot paper voting.

How many of the nine states going to polls from February can win? Even in Tripura it has entered into an alliance with the CPI-M. Its presence is weak in Meghalaya, Nagaland or Mizoram. The battle will be tough in Karnataka, Chhattisgarh, MP and Rajasthan. It cannot go alone in Maharashtra, Bihar; it does not have an ally in West Bengal, Odisha. In most states, it has fledgling organisations, not a match against the BJP.

Congress president Mallikarjun Kharge has done well to invite 21 like-minded parties to join the concluding Srinagar ceremony on January 30, Mahatma Gandhi martyr's day. That's where he left the chinks too by not inviting AAP, JD-S, BRS, BJD and Akali Dal.

The latest January 18 Khammam mega rally by Telangana chief Minister and BRS leader K C Rao brings out this weakness and finds presence of a number of them for the launch of a third front and himself as a possible PM.

Rao said, "The Congress and the BJP only indulge in verbal fights". It was attended by Samajwadi leader Akhilesh Yadav, Punjab CM Bhagwant Mann, Delhi CM Arvind Kejriwal, Kerala CM Pinarayi Vijayan and CPI general secretary D Raja. How is it to be interpreted? Is it a rally for bargaining seat-sharing with the Congress or splintering its effort? How can the Left ally with Congress in one state and also form the Third Front?

Politics is becoming interesting and intriguing. It is being interpreted as a setback to Bihar chief minister Nitish Kumar's effort to unite the opposition. There is apprehension that if KCR move succeeds it might dampen what the Congress is trying to achieve against the BJP.

Trinamool Congress leader Mamata Banerjee has yet to open her cards.

Most of these parties have splintered away from the Congress whether KCR's BRS or West Bengal's TMC or Andhra's YSR Congress. Even SP and RJD are wary of the rise of the Congress. They fear the minority Muslim votes shifting to the Congress.

The success of the yatra apart, the journey to power in New Delhi may not be easy for the Opposition against a formidable, well-oiled machine of BJP. The Khammam rally may be a new beginning of intense fisticuffs among the opposition ranks. Would it again be advantage BJP or Congress still has something up its sleeves to outshine the run up to 2024? The nation awaits the answer.

NOVAK IS GOING FOR 10

Djoker's perfect record in Melbourne Park semifinals continues on Friday as he booked a 10th tilt at Australian Open glory

AP ■ MELBOURNE

**A**rampant Novak Djokovic surged into a 10th Australian Open final on Friday to close in on a record-equalling 22nd Grand Slam crown, with only Stefanos Tsitsipas now standing in his way.

The Serbian fourth seed overcame an early wobble to romp past unseeded American Tommy Paul 7-5, 6-1, 6-2 on Rod Laver Arena in style.

Another title on Sunday will move him alongside Rafael Nadal with 22 Slam wins and see the 35-year-old return to world number one for the first time since last June.

Djokovic played the clash without father Srdjan courtside after he was filmed posing with a man holding a Russian flag featuring Vladimir Putin's face following his son's quarter-final win on Wednesday.

The incident sparked a backlash from Ukraine and led to calls for Djokovic's father to be banned from the tournament.

Srdjan issued a statement ahead of the semi-final saying he would stay away, insisting he "wishes only for peace" and never wanted to cause "disruption".

There was an empty seat next to his mother Dijana during the match.

"I'm really thankful that I have enough gas in my legs to be able to play at this level on one of the biggest tennis courts in the world," said Djokovic, who is now 11-0 for the season and into a 33rd Grand Slam final.

"Of course, I'm not as fresh

as the beginning of the tournament but we put in a lot of hours in the off-season on fitness in order to be in a good condition to play best of five (sets).

"I know what's expected of me, I've been in this situation so many times in my career. Experience helps also," he added of being in another final.

The win extended his unbeaten streak at the Australian Open to 27 matches to claim sole ownership of the Open-era record at Melbourne Park ahead of Andre Agassi.

Djokovic had never played Paul before and said he was wary of a "very explosive, very dynamic player", with the American

initially refusing to go quietly.

The Serb, a hot favourite, attacked his opponent's straight away for an early break, then broke again when the 35th-ranked Paul fired a forehand long to race 5-1 in front.

A run-in with the umpire over using his towel between points seemed to rattle Djokovic

and he was broken twice in a row as Paul came surging back to 5-5.

Djokovic regrouped to hold serve and break again and take the set in 59 minutes.

After that wobble, it was all business, despite clutching his strapped hamstring several times, romping through the

next two sets with minimal resistance.

He will meet Tsitsipas next after the Greek battled into his first Australian final and only second at a Grand Slam.

In the previous one, at Roland Garros in 2021, he fell to Djokovic in five sets after holding a 2-0 lead.

Tsitsipas in dreamland after reaching maiden Australian Open final

AP ■ MELBOURNE

**S**tefanos Tsitsipas said he was living the dream after reaching the Australian Open final on Friday for a first time and standing on the cusp of becoming world number one.

The Greek third seed showed grit to defeat Russia's Karen Khachanov and set up a final against either nine-time Melbourne champion Novak Djokovic.

The 18th-seeded Khachanov threatened a comeback after saving two match points to force the semi-final into a fourth set, before Tsitsipas triumphed 7-6 (7/2), 6-4, 6-7 (6/8), 6-3.

Tsitsipas can top the world rankings if he wins his first Grand Slam crown on Sunday.

"I dreamed as a kid to maybe one day get to play in this court against the best players in the world," Tsitsipas told a sunny Rod Laver Arena after winning an Australian

Open semi-final at the fourth attempt.

"So I'm happy with the fight I put out there today. I feel blessed, blessed that I'm able to play tennis at this level.

"I've been wanting for many years now to put Greek tennis on the map."

At 24, Tsitsipas is the youngest man to reach the Australian Open final since a 23-year-old Djokovic in 2011.

Tsitsipas has thrived in Melbourne throughout his career, after bursting on the scene at the 2019 event as a 20-year-old when he dethroned defending champion Roger Federer in the last 16.

He went on to reach the semi-finals that year and again in 2021 and 2022, falling one match short on each occasion.

A Grand Slam crown has remained elusive, with his runner-up showing at Roland Garros in 2021 his best result so far, falling to Djokovic in five sets after holding a 2-0 lead.

Ukraine could boycott Paris Olympics if Russian athletes take part

AP ■ PARIS

**U**kraine's sports minister warned on Thursday his country could boycott the 2024 Paris Olympics if Russian and Belarusian athletes are allowed to take part. The International Olympic Committee (IOC) said on Wednesday it was seeking a "pathway" for Russians to take part in the Games despite the invasion of Ukraine.

Ukraine's sports minister Vadym Goutzeit said such a move was "unacceptable".

"Our position remains unchanged — as long as the war continues in Ukraine, Russian and Belarusian athletes should not be in international competitions," Goutzeit wrote on Facebook.

"If we are not heard, I do not exclude the possibility that we will boycott and refuse to participate in the Olympics."

Russia and its ally Belarus have been sidelined from most Olympic sports since Russian forces invaded Ukraine last February.

Ignoring calls from Ukraine to ban Russian and Belarusian athletes from next year's summer Olympics, the IOC said on Wednesday that a way to allow competitors from those countries to take part as neutrals should be "further explored".

The IOC said "no athlete should be prevented from competing just because of their passport".

Following that announcement, the Olympic Council of Asia on Thursday offered athletes from both countries the chance to compete in this year's Asian Games. That is a significant move because they could gain qualifying marks in competition in Asia to allow them to compete in Paris.

Real defeat Atletico to reach Copa del Rey semis

AP ■ MADRID

**K**arim Benzema and Vinicius Junior's extra-time strikes earned Real Madrid a 3-1 win over rivals Atletico Madrid on Thursday to reach the Copa del Rey semi-finals.

The Brazilian winger's goal was a particularly sweet one for him after a crude effigy with his shirt on was hung from a bridge near Real Madrid's training ground before the game.

The spiky, gripping derby clash turned against Diego Simeone's side in the additional period when defender Stefan Savic was sent off. Atletico took the lead through Alvaro Morata after 19 minutes but Rodrygo's sensational slalom run past three defenders and slick finish pulled Madrid level with 11 minutes remaining.

After Savic's 99th minute red card, Benzema tucked home from Marco Asensio's pass and Vinicius netted at the death to send Los Blancos through to the final four for the first time since 2019. "Today we had a very difficult game but with the character and the players that we have, we were able to turn it around," Benzema told Teledeporte.

"Suffering is not good -- we have to score the goals earlier."

The build-up to the derby was tainted by the Vinicius effigy being strung up overnight, which the club described as "a disgusting act of racism, xenophobia and hatred."

"(Vinicius) really wanted to play and he had a very good game," Madrid coach Carlo Ancelotti told a news conference.

"I think the goal was his reward for his great work. What happened is very regrettable."

Madrid fans had planned to sing Vinicius' name in support in the 20th minute, matching his shirt number, but were stunned into silence by Morata's goal moments before.

Atletico, hitting their best form of the season, conjured a brilliant move to break the deadlock, with Morata tapping home after Koke's dink allowed Nahuel Molina to stroke a first-

time cross to the back post.

Madrid improved significantly after the break and Rodrygo levelled with 11 minutes to go with his jinking solo effort and subtle near-post finish, taking the clash to extra-time.

Asensio's cross and the ball travelled through to the striker.

Madrid, who last won the Copa del Rey in 2014, kept Atletico at bay in the final 15 minutes before Vinicius dribbled through and fired home to clinch the victory — celebrating

with a now customary dance routine.

Despite their improving performances, the rest of Atletico's season is looking barren, given they were eliminated from European football and are 13 points behind La Liga leaders Barcelona, having played a game more.

"We are out of Europe and now the cup, the team has the second half of the season ahead of them to try and qualify for the Champions League, that's the objective the club needs," said Simeone, who cast some doubt on his future.

The Argentine coach has been at the club since 2011 and has a contract until 2024.

"After that, calmly, we will look at what is convenient for everyone," he continued. "Being at Atletico gives me enormous joy, I will give 1000 percent until the day that I leave."

Earlier Athletic Bilbao won 3-1 at Valencia to join record 31-time winners Barcelona and Osasuna in Monday's semi-final draw.

# India fall short in Ranchi

PTI ■ RANCHI

Devon Conway and Daryl Mitchell conjured up fluent and fiery half-centuries before the spinners choked the hosts as New Zealand outplayed India by 21 runs in the opening T20 to take a 1-0 lead in the three-match series here on Friday.

Asked to take first strike, opener Conway continued his purple patch with a 35-ball 52, while Mitchell smashed a 30-ball unbeaten 59, which included a last-over thrashing of Arshdeep Singh for 27 runs, to power the Black Caps to a challenging 176 for six.

The Kiwi bowlers, led by Mitchell Santner (2/11) and Michael Bracewell (2/31), then spun a web around the home batters, restrict India to 155 for 9 in 20 overs.

India had a disastrous start to their chase with both Ishan Kishan (4) and Rahul Tripathi (0) sent back to the pavilion by the third over.

While Ishan was bamboozled by Bracewell, pacer Jacob Duffy (1/27) induced a fine edge off Rahul's blade. Shubman Gill (7) too perished soon after being deceived by Santner as India slumped to 15 for three.

Suryakumar Yadav (47), however, looked in good touch as he picked up two boundaries before picking one off his hips for a six off Lockie Ferguson (1/22).

Santner then bowled a maiden as India reached 33 for three in the powerplay overs.

With the pitch offering grip and turn, New Zealand spinners controlled the proceedings keeping it flat and mixing the length even as

Hardik unleashed a drive over extra cover to ease the pressure.

Suryakumar too brought out his range of sweep shots to keep the scoreboard ticking. When Blair Tickner was introduced, he played a square cut and then sent another one through backward point for successive fours as India reached 74 for 3 in 10 overs.

Leg-spinner Ish Sodhi was then sent inside out over extra cover for a maximum but New Zealand struck twice in next five balls to remove both the set batters.

While Surya chipped one off Sodhi to Finn Allen at long on, Hardik was caught and bowled by Bracewell as it all went downhill after that with India slipping to 85 for five.

Deepak Hooda smacked one over the rope before being stumped. Santner then ran out Shivam Mavi. Ferguson bowled

a wicket maiden, removing Kuldeep.

Washington Sundar smashed a fighting 28-ball 50 but it was too late.

Earlier, Indian bowlers struggled to get their line and length, allowing New Zealand to get off to a good start.

Allen (35) smashed Hardik for successive boundaries, while a juicy half volley from Arshdeep was hit straight to the boundary.

Conway, who had scored 138 in the third ODI in Indore, also punished the left-arm pacer for a widish ball as New Zealand put up 23 in two overs.

Sundar, however, got a lot of purchase from the wicket and soon saw the back of Allen and Mark Chapman (0) in the space of five deliveries to reduce New Zealand to 43 for 2.

Conway, however, kept it going with two fours and a six off Umran Malik, who bled 16 runs in his only over.

Hardik brought himself back and tried to mix his bowling, using more cutters and slower deliveries as New Zealand reached 79 for 2 in 10 overs. Conway used the slog sweep and his feet to pick up boundaries off Kuldeep and Hooda as New Zealand crossed the 100-mark in the 13th over.

Kuldeep then struck with a googly as Glenn Phillips went for a slog, only to be holed out by Surya at deep midwicket.

Daryl Mitchell then joined Conway and, after surviving two video referrals for a caught behind and an LBW, blasted Hardik for two maximums.

Conway, on the other hand, completed his fifty in the 16th over but was sent packing soon by Arshdeep with Hooda taking the catch at long-off.

## India beat NZ by 8 wickets to enter U-19 Women's WC final

PTI ■ POTCHEFSTROOM

Opener Shweta Sherawat smashed an unbeaten fifty after Parshavi Chopra's triple strike as India notched up a comprehensive eight-wicket win over New Zealand to storm into the final of the inaugural Under-19 Women's T20 World Cup here on Friday.

India restricted New Zealand to 107 for nine with Parshavi (3/20) leading a disciplined bowling effort after skipper Shafali Verma won the toss and elected to bowl in the first semifinals.

The 16-year-old leg-spinner broke the backbone of the Kiwi batting line-up with three successive wickets to leave them at 74 for 5 in 13th over.

Titas Sadhu, Mannat Kashyap, Shafali and Archana Devi also scalped one wicket each.

For NZ, Georgia Plimmer (35), Isabella Gaze (26) and Izzy Sharp (13) and Kayley Knight (12) reached double figures as they struggled to score runs at the Senwes Park.

Chasing 108, the women in blue romped home comfortably after Sehrawat produced a scintillating 45-ball unconquered knock which was studied with 10 hits to the fence.

Following the early exit of Shafali (10), who has not performed as per expectations in the tournament, Sehrawat and Soumya Tiwari (22) added 62 runs to take them to the threshold of victory.

Sehrawat and Gongadi Trisha (5) then completed the job with the former bringing up the winning runs with a four off Browning as India scored 110 for 2 in 14.2 overs.

<div></div>		Adhunik Power and Natural Resources Limited (APNRL) True up to FY 2016-17 & Annual Performance Review for FY 2017-18			
PUBLIC NOTICE					
Objections / Comments invited from various stakeholders on the Petition submitted by Adhunik Power and Natural Resources Limited (APNRL) for approval of True up for FY 2016-17 & Annual Performance Review for FY 2017-18.					
Adhunik Power and Natural Resources Limited (APNRL) is a Generating plant signed a Power Purchase Agreement (PPA) with Jharkhand State Electricity Board (now Jharkhand Urja Vikas Nigam Limited or “JUVNL”) on September 28, 2012 for supplying contracted capacity of 122.85 MW (25% of 491.4 MW, i.e., gross capacity of 2 Units of 270 MW each, totalling to 540 MW less normative auxiliary consumption) from Stage-1 of the Project on long term basis. As per the terms of the PPA, 63.88 MW capacity, i.e., 13% of Net Capacity of Stage-1 shall be supplied to JSEB (now JUVNL) at total tariff and the balance 58.97 MW capacity, i.e. 12% of total Net Capacity of Stage-1 shall be supplied at variable cost only. The Tariff will be determined by the Hon'ble JSERC.					
In accordance with the provisions the JSERC (Terms and Conditions for Determination of Generation Tariff) Regulations, 2015 and other relevant Acts/Regulations/Policies, APNRL has filed the Petition for approval of truing up for FY 2016-17 & APR for FY 2017-18.					
The Commission has scrutinized the Petition and has directed APNRL to publish a public notice for inviting objections/comments from various stakeholders on the petition.					
The key highlight of the Petition filed by APNRL is given below. The Complete Petition including, discrepancies raised by the Commission, and replies submitted by the Petitioner, are available on the website of the commission <a href="http://www.jserc.org/apnrl.aspx">www.jserc.org/apnrl.aspx</a> as well as Petitioner at <a href="https://www.adhunikpower.com/Notice.html">https://www.adhunikpower.com/Notice.html</a> .					
Key Highlights of the Petition :					
1. OPERATIONAL PARAMETERS OF PLANT					
The summary of operational parameters for FY 2016-17 & FY 2017-18 as submitted by the Petitioner has been tabulated below.					
Table 1: Operational Parameters for FY 2016-17 as submitted by the Petitioner					
Particulars	UoM	Unit-1		Unit-2	
		MYT Order	Petition	MYT Order	Petition
Annual Plant Availability Factor	%	85.00	89.44	85.00	89.44
Auxiliary Energy Consumption	%	9.00	9.00	9.00	9.00
Gross Station Heat Rate	kcal/kWh	2387	2387	2387	2387
Secondary fuel oil Consumption	ml/kWh	1.00	1.00	1.00	1.00
