Fight over Sengol escalates

Why does Cong ‘hate’ Indian culture so much, asks Shah as Cong disputes that ‘Sengol’ is the symbol of transfer of power by British to India

PNS ■ NEW DELHI

The war of words between the BJP and the Congress over the historical roots of the ceremonial sceptre Sengol, to be installed near the Chair of the Speaker in the new Parliament building, intensified on Friday.

Lambasting the Congress for the boycott call and disputing the historical importance of sengol, Union Home Minister Amit Shah tweet, “Why does the Congress party hate Indian traditions and culture so much? A sacred Sengol was given to Pandit Nehru by a holy Saivite Mutt from Tamil Nadu to symbolise India’s freedom but it was banished to a museum as a ‘walking stick’”

Shah’s remarks came after Congress leader Jairam Ramesh claimed there was no documented evidence of Lord Mountbatten,

Rajagopalachari and Jawaharlal Nehru describing the Sengol as a symbol of transfer of power by the British to India.

Ramesh tweeted, “There is no documented evidence whatsoever of Mountbatten, Rajaji and Nehru describing this sceptre as a symbol of transfer of British power to India. All claims to this effect are plain and simple — bogus. Is it any surprise that the new Parliament is being consecrated with typically false narratives from WhatsApp University? The BJP-RSS distortions stand exposed yet again with maximum claims, minimum evidence.”

Shah said, “Now, Congress has heaped another shameful insult. The Tiruvaduthurai Adheenam, a holy Saivite Mutt, itself spoke about the importance of the Sengol at the time of India’s freedom.”

The Congress, he further

posted, is calling the ‘Adheenam’s history as BOGUS! Congress needs to reflect on their behaviour’. The Tamil tradition of a high priest presenting a sceptre to a newly crowned king as a symbolic gesture dates back to the Chola dynasty.

Several Union ministers hit out at the 20 Opposition parties, including the Congress, over their decision to boycott the inauguration ceremony.

A group of 270 eminent

citizens, including former bureaucrats, ambassadors and veterans condemned the Opposition parties for their decision and claimed that all the “family-first” parties have come together to boycott all that represents India.

The head of a Tamil Nadu monastery sought to counter Ramesh’s claim, saying the Sengol was handed over to Lord Mountbatten and then it was presented to Pandit Jawaharlal Nehru in 1947 to symbolise transfer of power from British and wrong claims made in this respect by some people has caused sadness.

Tiruvaduthurai Aadeenam, Ambalavana Desika Paramacharya Swami said the Sengol that that was away from the gaze of people would now be prominently displayed in Parliament for the world to see.

To a question by reporters in Chennai on any proof for the handover of the Sengol, the pontiff said there were evidence, including photographs and reports that appeared in newspapers and magazines in

1947.

BJP president JP Nadda said what connects the boycotting parties is their dynastic leadership whose “monarchic” methods are at loggerheads with the principles of the Constitution.

While announcing the boycott, the Opposition parties had said the Prime Minister’s decision to inaugurate it by himself, “completely sidelining President Droupadi Murmu, is not only a grave insult but a direct assault on our democracy which demands a commensurate response”.

Union Minister Hardeep Singh Puri hit out at the Congress and others who gave the boycott call, saying the “boycott gang” is insulting the legacy of their own leaders and the freedom fighters.

In a series of tweets, Puri cited an old article of the Time Magazine published in 1947 which he said was a must read for those who wish they had built the magnificent new Parliament instead of Prime Minister Modi.

New Parl will make Indians proud: Modi

PM urges people to share video that gives virtual tour of new Parl

PNS ■ NEW DELHI

Prime Minister Narendra Modi on Friday said the new Parliament building will make every Indian proud, as he posted a video of the newly-constructed complex on Twitter and urged people to share it on the social media platform with the hashtag “MyParliamentMyPride”.

Modi also urged people to share the video with their voiceover which he will retweet.

The new Parliament building will be inaugurated on Sunday and the ceremony will begin with an early morning havan and a multi-religion prayer followed by a formal opening in the Lok Sabha by

Prime Minister Modi.

“The new Parliament building will make every Indian proud. This video offers a glimpse of this iconic building. I have a special request — share this video with your own voice-over, which conveys your thoughts. I will re-Tweet some of them. Don’t forget to use #MyParliamentMyPride,” the Prime Minister said on Twitter.

The video shared by the Prime Minister gives a virtual tour of the new Parliament building, including the Lok Sabha and the Rajya Sabha.

As many as 25 parties are expected to attend the inauguration of the new Parliament building even as 20 Opposition parties have decided to boycott the event.

Officials said the havan will be held outside the new building around 7 am and the ceremonial sceptre Sengol will be handed over to Modi by the high priests of the Shaivite order.

The Sengol will be installed near the chair of the Speaker in the new Parliament building.

Former vice president M Venkaiah Naidu, Lok Sabha

Speaker Om Birla, former prime minister HD Deve Gowda and Rajya Sabha deputy chairman Harivansh among others are expected to be present during the formal inauguration of the new complex.

The triangular-shaped four-storey Parliament building has a built-up area of 64,500 sqm. The building has three main gates — Gyan Dwar, Shakti Dwar, and Karma Dwar.

SC rejects PIL for launch by Prez

New Delhi: The Supreme Court on Friday refused to entertain a PIL seeking a direction to the Lok Sabha Secretariat for inauguration of the new Parliament building by President Droupadi Murmu.

A bench of justices JK Maheshwari and PS Narasimha told petitioner in-person advocate Jaya Sukin that the court understands why and how this petition was filed and it is not inclined to entertain this petition under Article 32 of the Constitution.

AIMIM, BJP CLASH OVER ‘VANDE MATARAM’

Meerut: A clash erupted between AIMIM and BJP councillors of Meerut Municipal Corporation at oath-taking event organised for them here on Friday. The scuffle began following a disagreement over singing of ‘Vande Mataram’ to commence the event.

SC grants bail to ailing Jain for six weeks

STAFF REPORTER ■ NEW DELHI

The Supreme Court on Friday granted jailed former Delhi Minister Satyendar Jain interim bail for six weeks on medical grounds, saying a citizen has a right to receive treatment of his choice in a private hospital at his own expense.

The relief came a day after Jain collapsed in Tihar Jail due to dizziness and was admitted to the ICU of a Government hospital.

PTI ■ NEW DELHI

The old Parliament building, an architectural splendour and a historic landmark that guided the destiny of India for nearly a century and whose illustrious legacy will now be consigned to the pages of history, was inaugurated on January 18, 1927, by then Viceroy Lord Irwin.

On May 28, when Prime Minister Narendra Modi will inaugurate the new Parliament building and dedicate it to the nation, the old Sansad Bhavan will also hand over its position

as the country’s hallowed legislature, a privilege it enjoyed for over 96 years.

Revered today as India’s temple of democracy, the old Parliament House has for these nine-and-a-half decades witnessed the imperial rule of the British and its chamber has heard the echoes of bombs hurled by revolutionaries

Bhagat Singh and Batukeshwar Dutt in a bid to attain freedom.

The building has seen the dawn of Independence and its halls have reverberated with the historic “Tryst with Destiny” speech delivered by first prime minister Jawaharlal Nehru on August 15, 1947.

An architectural marvel with its charming circular design and an impressive colonnade of 144 creamy sandstone on the first floor, the old building was opened amid much fanfare at a time when the new imperial capital of the British Raj — New Delhi —

was being built at a site in Raisina Hill area.

According to archival documents and rare old images, a grand ceremony was held on January 18, 1927, to mark the opening of the majestic building, then called Council House.

Over a century ago, when the nation was still in the making and Independence 26 years away, Britain’s Duke of Connaught had laid the foundation stone of Parliament House on February 12, 1921, and said it would stand “as the symbol of India’s rebirth to yet

higher destinies”.

The building, with a diameter of 560 ft and circumference of one-third of a mile, was designed by Sir Herbert Baker, who along with Sir Edwin Lutyens was chosen to design the new imperial capital in Delhi. According to the book “New Delhi — Making of a Capital”, Lord Irwin had arrived in his viceregal carriage at a pavilion set up at the Great Place (now Vijay Chowk), and then “proceeded to open the door of the Council House with a golden key, handed to him by Sir Herbert Baker”.

Rahul gets court NOC for passport for just 3 years

PNS ■ NEW DELHI

Delhi court on Friday granted a no-objection certificate (NOC) to Congress leader Rahul Gandhi for issuance of an “ordinary passport” for three years instead of the normal 10 years, following an objection raised by BJP leader Subramanian Swamy.

Rahul had surrendered his diplomatic passport upon his disqualification as an MP. Swamy argued that the court should listen the opinion of Union Home Ministry, which issued notice to Rahul on the controversial British citizenship holding issue.

“I’m partly allowing your application. Not for 10 years but three years,” Additional Chief Metropolitan Magistrate (ACMM) Vaibhav Mehta told Rahul’s counsel.

India set for exponential growth, says WEF prez

PTI ■ NEW DELHI

India is expected to clock the highest growth among the world’s big economies this year and the country’s economy is witnessing the “famous snowball effect” that will lead to more investments and more jobs, according to World Economic Forum (WEF) President Borge Brende.

“There have been reforms that have led to less red tape, better climate for investments and also the digital revolution is really happening in India,” Brende said and stressed that he is “very bullish and optimistic” about the country’s growth trajectory but not so optimistic about global growth.

India, which currently

holds the G20 presidency, is one of the fastest growing key economies in the world and WEF has had close collaborations with the country for the past many years.

“When the snowball starts to roll, it gets bigger and bigger, and that is what is happening with the Indian economy.”

“The growth will lead to more investments, more jobs... It will be an exponential

growth in the coming years and you will see a situation where more poverty is eradicated and more opportunities are there for young people,” Brende told PTI in an interview in the national capital.

Brende, who was on a short visit to India, had discussions about ongoing collaborations as well as India’s G20 presidency with stakeholders. He met various Union ministers and company executives, among others.

“I think that nations in the developing world have something to learn from India. India is the largest democracy in the world and it is also an open society with entrepreneurs and innovators and free speech,” he said.

El Nino return predicted after 3-yr break

Normal monsoon from June-Sept this year: IMD

PNS ■ NEW DELHI

The India Meteorological Department (IMD) on Friday retained its forecast for “normal” monsoon from June-September this year, unchanged from its prediction in April, except north west region this year although it is said there is a high probability of El Nino phenomenon which is set to return after a three-year hiatus.

The IMD said at 96 per cent of the Long Period Average (a 50-year mean) of 87 cm, this is at the lowest end of what is considered “normal”

Announcing the so-called stage-2 long range forecast for Southwest Monsoon 2023, the IMD in its updates on Friday said rainfall during the June-September period is expected to be below normal at <92 per cent of long period average (LPA) in north west India with an error margin of +/-4 per cent while overall monsoon is expected to be normal in the

country at 96 to 104 per cent of the LPA, which is based on rainfall data from 1971 to 2020.

It is likely to be normal at 94 to 106 per cent of the LPA in the northeast, central, and south Peninsular.

However, most parts of the country will witness deficient showers in June, except some pockets in peninsular regions such as south

Karnataka and northern Tamil Nadu, Rajasthan and Ladakh, it said.

The IMD said the warming of the equatorial Pacific Ocean has begun and there was a 90 per cent probability of development of the El Nino phenomenon, which is known to affect monsoon rains in India.

However, a positive Indian Ocean Dipole is likely to develop during the monsoon season which would offset the adverse impact of the El Nino and bring rains to most parts of the country.

D Sivananda Pai, head of the IMD’s Environment Monitoring and Research Center said this is an El Nino year associated with subdued rainfall in the northwest and central India and above-normal rainfall in the northeast.

School jobs scam: SC stays ₹25 lakh cost on Abhishek, but allows probe

New Delhi: The Supreme Court on Friday stayed the Calcutta High Court order, which imposed a cost of ₹25 lakh on Trinamool Congress leader Abhishek Banerjee while dismissing his plea seeking recall of a previous order pertaining to probe into the school jobs scam case.

A vacation bench comprising Justices JK Maheshwari and PS Narasimha observed the high court had considered the points raised by Banerjee in his plea but the imposition of cost of ₹25 lakh was “perhaps not warranted”. “But then, it does not mean that no cost can be imposed at all... I think the order is a very balanced and fair order,” he observed.

UN favours memorial wall for Indian peacekeepers

PNS/AGENCIES ■ NEW DELHI/ UNITED NATIONS

Given India’s contribution to various peacekeeping missions under the aegis of the United Nations, top UN officials have voiced support for New Delhi’s initiative to establish a memorial wall honouring the fallen UN peacekeepers. The officials also lauded India’s contributions to peacekeeping missions across the globe.

India is the third largest contributor of uniformed personnel to UN peacekeeping with more than 6,000 military and police personnel deployed to Abyei, the Central African Republic, Cyprus, the Democratic Republic of the Congo, Lebanon, the Middle East and Western Sahara.

About 177 Indian peacekeepers have made the supreme sacrifice, the highest number by far from any troop-contributing country.

The International Day of United Nations Peacekeepers was commemorated in the United Nations late Thursday with solemn ceremonies, including a wreath laid by UN Secretary-General Antonio Guterres at the Peacekeepers Memorial to honour the women and men who sacrificed their lives while serving under the UN flag.

Guterres also presided

over a ceremony in the General Assembly Hall at which the Dag Hammarskjöld Medals were awarded posthumously to 103 military, police, and civilian peacekeepers, who were killed in the line of duty last year, including three Indian personnel.

Border Security Force personnel Singh Constables Shishupal Singh and Sanwala Ram Vishnoi, who both served with the Organization Stabilization Mission in the Democratic Republic of the Congo and Shaber Taher Ali who served in a civilian capacity with the UN Assistance Mission for Iraq (UNAMI) were honoured with the Dag Hammarskjöld Medal at the solemn ceremony.

Mann joins four other CMs to boycott Niti Aayog meeting today

Punjab CM to skip meet to protest against non-payment of Rs 3,600 cr RDF

PNS ■ CHANDIGARH

Punjab Chief Minister Bhagwant Mann has joined the list of Chief Ministers boycotting the Niti Aayog meeting, scheduled to be held in the national capital on Saturday. Besides Mann, the Chief Ministers of Delhi Arvind Kejriwal, West Bengal Mamta Banerjee, Bihar Nitish Kumar, Telangana K Chandrashekar Rao (KCR) have also declared to boycott the Niti Aayog Governing Council meeting, to be chaired by the Prime Minister Narendra Modi.

Punjab Chief Minister will boycott the meeting as a mark

of protest against the BJP-led Central Government's decision to not pay Rs 3,600 crore to the state towards Rural Development Fee (RDF).

Instead, Mann, along with his Delhi counterpart and Aam Aadmi Party (AAP) supremo Arvind Kejriwal, are scheduled to meet KCR and other MPs in Hyderabad on Saturday.

“Chief Minister has taken up with the Centre the demand to release Rs 3,600 crore outstanding RDF, but the Centre has been sitting over it. Mann has, in the past, met the Union Home Minister Amit Shah and Union Consumer Affairs and Food and Public Distribution Minister Piyush Goyal in this regard,” said Aam Aadmi Party's Punjab unit chief spokesperson Malvinder Singh Kang.

Kang said that the Centre has reduced Punjab's Mandi Development Fee (MDF) from

three to one percent. “Where will the money come for the development of rural areas and the mandi infrastructure? The Centre is discriminating against Punjab. ..So in protest, the Chief Minister will not be going for the NITI Aayog meeting,” he added.

“Sometimes it is the RDF issue, sometimes it is value reduction imposed by the Centre on wheat crops damaged due to untimely rains, GST compensation delay, sometimes it is the coal issue...They ‘discriminate’ against Punjab. But we want to tell them that the country runs according to the Constitution,” Kang said.

It has been learnt that the Centre had also not released Rs 1,200 crore under the National Health Mission to Punjab citing the State Government's design of the facade of the Aam Aadmi

clinics that have Chief Minister Mann's photographs.

Earlier this year, the Union Health Ministry had said that the Punjab Government was converting the Ayushman Bharat - Health and Wellness Centres (AB-HWC) into Aam Aadmi Clinics — a pet project of the ruling AAP. The Ministry had also warned the state of stopping the funds for the scheme, which is formulated with a 60:40 contribution ratio by the Centre and the state.

The Centre had, at an earlier occasion, also turned down the State Government's proposal of contributing to the cash incentive to farmers for not burning stubble. Punjab Government had proposed to give Rs 2,500 per acre to the paddy growers, of which, the Centre would pay Rs 1,500 per acre while Rs 1,000 per acre will be borne by Punjab and Delhi governments.

Relief to defaulters: Punjab Govt introduces OTS to clear electricity bills arrears

PNS ■ CHANDIGARH

Punjab Government on Friday announced to introduce a one-time settlement scheme (OTS) for consumers, who have defaulted their electricity bills or whose power connections were disconnected amid financial constraints.

Announcing this, Chief Minister Bhagwant Mann said that the scheme will continue for all categories of consumers, especially industrial consumers, for three months. “Giving a golden opportunity to all categories of PSPCL consumers, especially industrial consumers, whose connections were disconnected following non-clearance of power bills or economic compulsions, the OTS has been launched for three months. The interest on delayed payment of pending dues of bills under OTS would be

charged at a simple rate of nine per cent,” he said.

The Chief Minister said that no fixed charges will be charged if the period of connection addition from the date of disconnection is six months or less. “If the period of reconnecting the power connection from the date of disconnection is six months or more, the fixed charges will be charged only for six months,” he said. He said that in a new initiative to facilitate the consumers, the balance amount under the scheme now could be deposited in four installments within a year.

The Chief Minister said that interest was charged at the rate of 18 percent compounded on late payment on the outstanding defaulting amount of the bills and full-time fixed charges were charged from the date of disconnection to the period of connecting the connection, which has now been completely waived off.

Punjab police bust criminal gang involved in gang rivalry

PNS ■ CHANDIGARH

Punjab Police's State Special Operation Cell, SAS Nagar, on Friday, busted a notorious criminal gang involved in gang rivalry with the arrest of its one member after recovering one .30 bore pistol along with five live cartridges from his possession.

The arrested accused has been identified as Rahul alias Akash of Naurang Ke leli village in Ferozepur. The Police have also booked his close associate, identified as Sukh alias Subash of Babra Azam Shah village in Ferozepur. Both the accused persons are history-sheets and have been facing criminal cases of heinous crimes, including double murder, attempt to murder, and under Arms Act.

Divulging details, AIG

SSOC SAS Nagar Ashwani Kapur said that they have got reliable inputs that accused Rahul and Sukh — who were out on bail — were hatching a conspiracy to target members of opposite gangs. They were also arranging more illegal weapons from their unknown associates, he added.

Acting swiftly, the team of SSOC Mohali apprehended accused Rahul alias Akash after recovering a pistol from his possession, while Sukh managed to flee from the spot, said AIG Kapur, adding that the Police teams are on manhunt to nab the absconding accused. Further efforts are being made to ascertain backward and forward linkages of the accused persons and to identify their source of illegal arms and ammunition; and investigation into the matter is ongoing, he added.

Micro-irrigation projects to be implemented in parts of southern Haryana facing water shortage CM

JAN SAMVAD PROGRAMME

PNS ■ CHANDIGARH

Haryana Chief Minister Manohar Lal Khattar on Friday said micro-irrigation projects will be implemented in areas having water shortages in the southern part of the state.

He was addressing a gathering on the concluding day of his three-day 'Jan Samvad' programme in Mahendragarh district.

In a function held at the Satnali village, the chief minister laid the foundation stone of a micro-irrigation project worth Rs 8.21 crore for four villages. Khattar said that in the last few years, the present state government has done remarkable work to promote micro-irrigation which has also greatly aided groundwater conservation. This scheme is proving to be a boon for farmers, he added.

Khattar said micro irrigation projects will be implemented in areas having water shortages in southern Haryana and the government is encouraging many initiatives aimed at irrigating the parched terrain of southern Haryana to find a lasting solution to the water crisis in this region.

He said that "in order to move this micro irrigation programme ahead, a target of installing 1,000 piezometers (an instrument for measuring

the pressure of a liquid or gas) in villages by identifying low-water areas has been established under the Atal Bhujal Yojana for the year 2023-24". This year there is a proposal to execute micro-irrigation projects on 2.5 lakh acres of agricultural land, he noted.

An action plan has also been developed for the installation of various structures for rainwater harvesting, which would certainly help in increasing the groundwater level, he said. Meanwhile, the chief minister said that small and large veterinary institutes are being established across the state to ensure timely healthcare facilities for cattle. More veterinary institutes are opening every year to meet the needs of livestock owners. The newly constructed veterinary hospital at Satnali has also been included in this list so that cattle rearers can get quality veterinary services at their doorstep.

Khattar said the state government is providing employ-

ment opportunities to the youth in a transparent manner and on a merit basis, adding that the youth in Haryana are being imparted education focused on vocational and skill development. The priority of the state government is to provide basic amenities like electricity, water, roads, medicine and health to the people, he

noted.

"An amount of Rs 25 crore each has been given to all the assembly constituencies for the renovation of roads and the work related to it will be executed at a fast pace," he said. At Bawania village, he said the BJP-led government is ensuring uniform development across the state. The chief minister exhorted women to adopt self-employment by forming self-help groups. "There are immense possibilities of sewing centres, coarse grain products, pickles and other small-scale industries around the Industrial Model Township to

be built on about 10,086 acres in Khudana village. The women can avail its benefits by forming self-help groups," he added.

During the programme, a woman from Bawania apprised the chief minister that there are 12 self-help groups in the village, to which 114 families are connected.

Punjab VB summons Padma awardee Ajit newspapers' Barjinder Hamdard

PNS ■ CHANDIGARH

In connection with the ongoing vigilance inquiry into the multi-crore Jang-e-Azadi memorial project, Punjab Vigilance Bureau on Thursday issued summons to the Padma awardee and Editor-in-Chief of the state's prominent Punjabi newspaper Ajit Dr Barjinder Singh Hamdard. The VB summons have been issued for May 29.

Notably, VB had initiated an inquiry into the alleged misuse of funds during the execution of Rs 315-crore Jang-e-Azadi Memorial project about three months back in March. The memorial, dedicated to the country's freedom fighters, was set up at Kartarpur near Jalandhar; and considered a dream project of the then Chief Minister Parkash Singh Badal. It was established in late 2016.

Dr Hamdard, being the member secretary of the Jang-e-Azadi Memorial Foundation and chairperson of its executive committee, played an instrumental role in the conception and construction of the project, since 2012. On April 10 this year, he quit all posts accusing the Aam Aadmi Party (AAP) led Punjab Government of “repeatedly maligning the name of the memorial by sending police and vigilance teams there”.

Of late, Dr Hamdard had complained to Punjab Governor Banwarilal Purohit in which he highlighted his confrontation with the AAP Government, besides apprehending threats from the police officials regarding false cases. On April 4, Dr Hamdard also met the Prime Minister Narendra Modi —

and a picture of their meeting was shared by a SAD leader Daljit Singh Cheema.

Vigilance, in March this year, started an inquiry regarding the financial execution of the project. The VB sleuths conducted surprise checks at the memorial several times, gathering records regarding the funds sanctioned by the State Government from 2014-16. The VB team also gathered construction materials, examined the furniture, inspected the installation of various items, including air conditioners.

During the investigation, the VB teams have questioned the officials of the Public Works Department, Water Supply and Sanitation, and contractors involved in the construction. The investigation focuses on alleged fund misuse. VB has already interrogated one of the senior office bearers of the project, while a Ludhiana-based contractor — responsible for the project's construction — has also been issued summons. The VB has also asked some senior officials, involved in the project, to appear before it for questioning.

Reacting strongly to the summons, SAD president Sukhbir Singh Badal on Friday said that the Padma awardee and senior journalist is being targeted by the ruling AAP. “It's shameful. This brazen act of a power drunk @BhagwantMann and his AAP govt against the voice of Panth and Punjab - Ajit, and against Padma Bhushan S Barjinder S Hamdard. This is clearly a revenge against Hamdard sahab for his principled stand on freedom of the Press,” tweeted Sukhbir.

Punjab brings down pendency of services at Sewa Kendras to 0.16%

PNS ■ CHANDIGARH

Setting a new benchmark, Punjab has brought down the pendency of services being provided via Sewa Kendras to as low as 0.16 percent, which is an all-time lowest in the state so far.

Sharing the information, the state's Governance Reforms and Public Grievances Minister Aman Arora Minister also directed the Deputy Commissioners to examine the officials having the highest send-back pendency. The send-back cases pendency of the state currently is at a low of 0.56 percent.

Arora, chairing a regular meeting with all the Deputy Commissioners (DCs) of the state via video conference to review the pendency of government services applied at Sewa Kendras, also commended the DCs' efforts in ensuring timely delivery of services applied at Sewa Kendras. “Analyze the reason of the concerned officials, those who have the highest send back cases,” the Minister directed the DCs.

At the same time, he also warned of strict actions against

such officials who are putting unnecessary objections and asking for redundant documents to dispense Government to Citizen (G2C) services.

Reiterating the Government's commitment to ensure seamless delivery of services to the public in a transparent manner, Arora asked the Governance Reforms officials to expedite the digitization process of all services delivered in offline mode to bring in more transparency in service delivery. He also stressed on the need to simplify the process of service delivery and standardization and minimization of documents required to avail G2C services.

Presenting status of G2C service delivery and upcoming initiatives from Sewa Kendras, Principal Secretary (Governance Reforms) Tejveer Singh and Director Governance Reforms Girish Dayalan apprised the Minister that the Department is in the process of widening the mandate of Sewa Kendras and they also assured that they are working on simplifying the service delivery process, besides bringing the all offline mode services on digital platform.

Ludhiana Police go green; 120 KW capacity solar power plants in 13 police stations

PNS ■ LUDHIANA

To make Punjab an eco-friendly and energy-efficient state, Punjab Director

General of Police (DGP) Gaurav Yadav on Friday inaugurated rooftop solar power plants installed at buildings of 13 police stations in the jurisdiction of Ludhiana Commissionerate Police.

“These 120kW solar plants have been installed in partnership with Corporate Social Responsibility (CSR) as part of the project ‘Ujaala — Ek Changi Shuruwat’ at the police stations including Jamalpur, Moti Nagar, PAU, Division Number-1, 2, 5, 6 and 8, Dugri, Sahnewal, Shimlapuri, Sadar and Model Town,” said DGP Yadav, accompanied by Ludhiana Commissioner of Police (CP) Mandeep Singh Sidhu.

He said that the installation of 120 KW solar power plants in these police buildings would reduce carbon emissions amounting to 180 metric tonnes annually, besides, reducing hefty electricity bills, resulting in saving Rs 12 lakh annually. Installing 120 KW capacity solar power plants is equivalent to planting around 5500 teak trees, he added.

BRIEFS

CENTRE OF EXCELLENCE INAUGURATED IN PHAGWARA; 2000 TO BE GIVEN TRAINING

Phagwara: To prepare the state's youth to become job creators from job seekers, Punjab Employment Generation, Skill Development and Training Minister Aman Arora on Friday inaugurated 'Center of Excellence' in Phagwara, where over 2000 candidates are expected to get training in Automotive Machine Operator and Electrical and Electronics Assembly courses. Arora, addressing the inaugural function, said that the Government would further encourage skill development for making youth self-employed instead of seeking employment. The project would prove to be a milestone for the entire Doaba region and especially for the industries of Jalandhar and Phagwara.

PANEL CONSTITUTED TO CONSIDER REBATE IN POWER TARIFF FOR SHRIMP FARMING IN PB

Chandigarh: Punjab Animal Husbandry Minister Laljit Singh Bhullar constituted a four-member committee to consider rebate in power tariff for shrimp farming in the State. After carefully listening to the problems of shrimp farmers, Bhullar said that the Government will focus on reducing their input cost to meet the target of increasing area under shrimp culture to 5000 hectares in next five years. On shrimp farmers' demand, the Minister said that the committee, comprising of Director Fisheries, one PSPCL official, and two shrimp farmers, will thoroughly deliberate all aspects related to the demand of reduced power tariff and furnish its report to him. The feasibility of switching from conventional energy sources with solar energy for shrimp farming will also be explored.

POWER MINISTER INAUGURATES 66KV SUBSTATION KALYANPUR

Hoshiarpur: Punjab Power Minister Harbhajan Singh ETO on Friday dedicated 66 KV substation Kalyanpur village to the consumers of subdivision Tanda and Bhogpur. “A new 12.5MVA power transformer has been established at this 66 KV substation Kalyanpur and it is being connected with four 11 KV feeders (Kalyanpur, Gidderpindi, Jahura and Sallan) of 132KV substation Tanda and two 11 KV feeders (Mooklan and Chakk Shukur) of 132KV substation Bhogpur and to shift 6.83 MVA load to this new 66KV substation Kalyanpur,” said the Minister adding that the total cost of the project was Rs 422.12 lakhs.

SAD CLAIMS ALLOCATION FROM GANG CANAL INCREASED FROM 900 TO 2750 CUSECS TO RAJASTHAN

Faridkot: SAD general secretary Parambans Singh Romana on Friday said that the AAP Government had surreptitiously released an additional 1850 cusecs of water against the sanctioned capacity of 900 cusecs to Rajasthan from the Gang canal. He added that the Chief Minister Bhagwant Mann was further preparing to increase Rajasthan's allocation from Sirhind feeder. Asserting that SAD would oppose this “sell out” tooth and nail, Romana announced that the party would hold a dharna to stop flow of extra water from the Gang canal. “We would not allow one drop of extra water to flow to Rajasthan from the Sirhind Feeder,” he added.

PUNJAB MINISTER LISTENS TO PEOPLE'S PROBLEMS UNDER SARKAR TUHADE DWAR PROG

Sri Muktsar Sahib: Punjab's Social Security, Women and Child Development Minister Dr Baljit Kaur listened to the problems of the people in Malout Vidhan Sabha constituency under 'Sarkar Tuhaade Dwar' program and resolved the legitimate problems on the spot. The Minister said that the Government is solving the problems of the people on a priority basis so that the people benefit from the Government schemes.

STUDENTS OF 'SCHOOL OF EMINENCE' VISIT PROMINENT INDUSTRIAL UNITS

Chandigarh: As many as 2218 students of 94 'Schools of Eminence' on Friday visited industrial units of the State to get industrial exposure. School Education Minister Harjot Singh Bains said that students of Class IX of 'Schools of Eminence' have taken one-day visits to these units with an aim of getting acquainted with the technology used in industries, its requirements, work culture etc, besides instilling the idea in their minds to become an entrepreneur. Under this tour program, students visited industrial units of Verka Milk Plant, Trident, Hero Cycle, Viatone Energy Private Limited, Pepsi Plant, Swaraj Mazda, BHEL Goindwal Sahib.

OFFICERS IN HRY ASKED TO PREPARE SCHEMES ON SCIENTIFIC STUDIES FOR DEVELOPMENT OF WOMEN, CHILDREN

Chandigarh: Haryana Chief Secretary Sanjeev Kaushal on Friday urged the officers to prepare schemes on scientific studies for the overall development of women and children of the state. Presiding over the meeting of the State Level Convergence Committee under the Nutrition Campaign of the Women and Child Development Department, Kaushal urged the officers to conduct district-wise scientific studies for which services of universities can also be utilized. The focus areas include maternal nutrition, dietary standards for children and youth, prevention of severe and rapid malnutrition through Ayush's wellness centers, and capacity-building efforts.

Zoological park to be set up in Dehra at a cost of Rs. 300 crore: Himachal CM

PNS ■ SHIMLA

Himachal Chief Minister Sukhvinder Singh Sukhu on Friday said that an International standard Zoological park will be set up in the Bankhandi area of Dehra, with an estimated cost of Rs. 300 crore and is expected to be completed within three years which will generate employment opportunities for 5000 local youths.

Addressing a gathering at Haripur in the Dehra assembly constituency of district Kangra, he said that the development of Dehra was his responsibility and utmost priority.

He said the government will focus on promoting adventure tourism at Pong Lake, allocating Rs 70 crore for the

purpose. Plans include the introduction of hot air balloon activities and the construction of a floating hotel. The state government will also support the youth by providing finan-

cial assistance to buy Shikaras, aiming to create employment opportunities in the area, he added.

Sukhu said that a Central University was being opened at

Dehra and he has taken up the issue with Union Education Minister, Dharmendra Pradhan to commence the construction work which was in limbo for the last 10 years.

The State Government has started Mukhyamantri Sukhashray Yojana for 6000 orphan children and they have been adopted as 'Children of the State', under which the State Government will take full care till they attain the age of 27 years. Furthermore, financial assistance of Rs. 1.50 lakh is being offered to widows and single women to facilitate the construction of houses, he said.

He said that the government is also striving to strengthen the rural economy

through the implementation of the 'Him Ganga' scheme. Under this initiative, cow milk will be purchased from cattle rearers at Rs. 80 per liter, while buffalo milk will be bought at Rs. 100 per litre.

The Chief Minister said that the present government was going to bring innovative changes in the health sector as well. Model health institutes will be opened in each assembly constituency, where modern health services will be provided to the people. He said that the government is also taking steps towards providing employment to the youth. In the last cabinet meeting, approval has been given to fill the posts of about 6000 teachers in the education department.

Danger of populism

The Karnataka election may spur competitive populism among various political parties

The Congress' impressive victory in the Karnataka Assembly election has not just added a new dynamic in national politics but also cast a shadow on the future of economic reforms. In general, reforms are put on the back burner in the period before a general election. PV Narasimha Rao carried out the historic liberalisation in the first three years of his tenure (1991-96). Similarly, in the last year of his tenure, Atal Bihari Vajpayee, another great liberaliser, also did not privatise any public sector undertaking (PSU). Once again, there are news reports that the Narendra Modi Government will not take up any new PSU for sale, though the Government would continue with the ongoing deals involving disinvestment in IDBI Bank, Shipping Corporation, BEML and Container Corporation of India (Concor). An official was quoted in a report, saying, "Even the proposed privatisation of two public-sector banks and a general insurance firm has been postponed." The reasons are not difficult to find. It is very easy for socialists and vested interests to find fault with any privatization deal. They malign everything and everyone—the idea of privatization, the process, the privatisers, the government that does it, the economists and experts who favour the sale of PSUs. They deploy all tricks and proffer fallacious arguments in their jihad privatization: sale of family silver to pay the grocer's bill, national assets being sold for a song, etc. If they fail to stop a privatisation, they begin harassing the privatisers. Arun Shourie, disinvestment minister in the Vajpayee cabinet, is still facing court cases decades after the transactions were made.

Besides, the political cost of liberalisation is high—or at least politicians believe that. Vajpayee's defeat in 2004, for example, was falsely attributed to his government's liberalising moves. It was not just Left-leaning intellectuals but also many RSS luminaries linked his unexpected loss with the reforms his government carried out. Public discourse at that time—and to some extent even now—was heavily influenced by socialist dogmas. The most prominent dogma sees the economy as a zero-sum game: one gains only at the expense of the other. So, if India was shining, as the BJP claimed, Bharat must be whining. In such a milieu, the Congress shrewdly coined the slogan, 'Aam aadmi ko kya mila.' In such a social, cultural and political milieu, the Modi Government should be lauded for just slowing down and not discarding privatisation. But the danger of populism is real—and it might grow. The grand old party took recourse to populism in Karnataka, and handed over a bill of Rs 50,000-60,000 crore to the State's taxpayer. The GOP and other parties are likely to come up with more freebies and entitlements; the BJP, willy-nilly, may be forced to enter the race of competitive populism. If that happens, economic reforms will suffer a terrible setback.

Who bears the huge cost of freebies?

The concept of a welfare state is always a welcome idea but the cost of welfare should not be such that it crumbles the state itself

Siddaramaiah has taken oath as CM for the newly elected Karnataka government and the first googly has come out on the five promises which were hyped by Congress scion Rahul Gandhi. In the election manifesto, the Yuvaaidhi scheme was announced to give Rs. 3,000 per month for two years to unemployed graduates and Rs. 1,500 per month for two years to unemployed diploma holders. However, minister Priyank Karge has clarified that it would be affected for the academic year 2022-2023.

As per the initial estimates, the annual cost of five promises would be Rs. 50,000 crores but the actual numbers might exceed this. Debt levels of Karnataka have more than doubled over five years and the 'Debt: State GDP' ratio has increased from 18.4% in 2018 to 23.4% in 2023. Certain parts of the increase in debt can be attributed to external factors like the Covid-19 pandemic but there is an important factor that we all must understand.

Some of the existing welfare schemes might be withdrawn by the new govern-

ment to save some money while new schemes get introduced. In this case, people will benefit only from the differential. The fiscal deficit for FY23 was estimated at around Rs. 61,564 crores and it will exceed Rs. 1 lakh crore with the additional expense even if a tax buoyancy of 10% is factored. YoY. It's important to highlight that the GST compensation cess is no longer there to fund the extravaganzas of politicians. For perspective, the compensation cess in Karnataka budget was Rs. 25,267 crores in FY 2021-22 which came down to Rs. 5,000 crores in FY 2022-23.

If we keep politics aside, it can be seen from the state finances that the debt level has gone up for almost all the

states (except a few like Odisha, and Uttar Pradesh) over the last five years. Political compulsion will never allow the politicians to extend their vision beyond the short-term electoral gains and therefore India needs a law on the freebie culture. Of course, it is going to be a tough exercise because no one would like his hands tied by a piece of legislation and its hard to avoid the temptation which brings you close to the power but we need some fiscal prudence if this country does not choose to be walking on the similar path like Sri Lanka and Venezuela. The Finance Commission, which is a constitutional body, has already highlighted the risk of state debts reaching an unsustainable limit.

The concept of a welfare state is always a welcome idea but the cost of welfare should not be such that it crumbles the state itself. Politicians and activists who keep floating their utopian ideas and taking shelter of our constitution for all their stupidity, forget that Article 292 and 293 of the same constitution talks about borrowings and mandates it to be within the

limits specified by the legislature. The Constituent Assembly of India discussed these articles on 10th August 1949 and thought in a different context but the importance of the purpose of the loan was highlighted by Shri H. V. Kamath. Existing political leadership across the board might be shortsighted but Ananthasayanam Ayyangar emphasised the impact of borrowings in the constituent assembly discussion and his words can be referred to in today's context 'So far as borrowing is concerned—they may be short or long-term, imposing heavy obligations upon not only the present generation but future generation also'.

We must remember that nothing comes free in this world. If the cost of freebies is curtailing the capital expenses, piling up the debt, and slashing the social sector expenses like education, healthcare etc. then freebies are not free at all and we all will be paying the price one way or the other.

Decoding the scripts of 'Mann Ki Baat'

The focus areas of 'Mann Ki Baat' have been water and health. These are the two main areas which the Government is taking up on priority

MOHIT SHARMA

India's flagship citizen outreach program, 'Mann ki Baat', represented by the Prime Minister of the country, has completed a century of broadcasts. It's time to take stock of the program's impact and priorities, by analysing the themes and focus areas across the 100 scripts. This analysis backed up by the data mining techniques reveals important insights into the government's communication strategy, the key issues it prioritizes, and the areas where it could focus more. One of the distinctive features of Mann ki Baat is the use of communication as a powerful tool to reach out to millions of people across India.

The program has leveraged social media and other platforms to amplify its outreach, using hashtags like #drugsfreeIndia, #YesWeCan, #IncredibleIndia, #armedforcesflagday, #PositiveIndia, #Jalshakti4India, #CourageinKargil, #Cheer4India and #MyHandloomMyPride among others to engage with the community. While observing it appeared that certain hashtags campaigns had bi-annual frequency, with a gap of around two years between most of them. This approach has been effective in raising awareness about important issues and generating public interest in the program.

A closer look at the 100 scripts reveals the key focus areas of the program. 'Water' and 'Health' are among the most frequently mentioned topics with a mention of 454, and 274 times respectively, indicating the government's focus on addressing these critical issues. During these conversations, there has been obvious discussion on the healthcare sector, doctors, workers and the pandemic era and these keywords have been found to be inadequate frequency.

Digital and online initiatives, such as MyGov, are also prominently featured, highlighting the government's push for digital transformation and innovation and the same can be observed in the nation's journey towards technological developments in the past decade. However, topics such as 'Climate change', 'Food', and 'Poverty' receive comparatively less attention in the scripts,

suggesting the need for greater focus on these issues.

The cultural heritage of the country, the importance of Yoga and ancient science were also important topics communicated during these conversations. Another interesting finding of the analysis is the geographical distribution of attention across states and regions. While Kashmir, Gujarat, Delhi, and Tamil Nadu have garnered more attention than others, BIMARU states (Bihar, Madhya Pradesh, Rajasthan, and Uttar Pradesh) have got comparatively less mention in these talks. The mention of Kashmir is also related to the fact that there were many governance and structural changes here which kept its discussion at a higher frequency.

It is quite interesting that the mentions of Leh-Ladakh and North East states are limited to 20 times or less. Only Assam state could receive significant mention among North Eastern Regions (NERs). This distribution highlights the need to focus more on certain regions and communities, especially those that are more marginalized. The use of certain keywords also reveals the

THE ANALYSIS OF MANN KI BAAT'S TOTAL 100 SCRIPTS PROVIDES A VALUABLE PERSPECTIVE ON THE GOVERNMENT'S PRIORITIES AND APPROACH TO CITIZEN OUTREACH

government's priorities and approach. Words like 'Rural', 'Village', 'Youth', 'Farmer', and 'Women' are frequently mentioned, indicating the government's focus on empowering these communities.

This communication series not only engaged in dialogue but also drew wisdom from the legacies of notable figures in our country's history. Among the most frequently referenced were Mahatma Gandhi, Baba Saheb Ambedkar, and Buddha, with 92, 50, and 39 mentions respectively.

The analysis of Mann ki Baat's all 100 scripts highlights the program's strengths and limitations and provides important insights for policymakers and researchers. The program's focus on communication and outreach has been effective in engaging with the community and raising awareness about important issues. The use of hashtags and social media platforms has amplified the program's reach and impact, making it a powerful tool for citizen engagement. At the same time, the analysis highlights the need for greater focus on certain issues and

communities. Topics like climate change, poverty, jobs and marginalized community receive comparatively less attention in the scripts, suggesting the need for greater emphasis on these issues.

Similarly, the geographical distribution of attention highlights the need to focus more on certain regions and communities. The global stand of India and its contribution was also observed to be one of the important highlights in these talks and words like 'United Nations', 'America', and 'Europe' were observed to be in the frequency of 32, 50 and 15 respectively.

Finally, the analysis of Mann ki Baat's total 100 scripts provides a valuable perspective on the government's priorities and approach to citizen outreach. By leveraging communication as a powerful tool and focusing on key issues like water, health, and digital transformation, the program has made significant contributions to public awareness and engagement.

LETTERS TO THE EDITOR

PEOPLE IN POWER MUST BE SENSITIVE

Sir — Top dignitaries of the states have some privileges thrust upon them. "Zero traffic", when they commute, is one such entitlement. It means traffic is cleared during their travel in the state. Generally, the governor and chief minister enjoy zero traffic luxury. The new Karnataka chief minister Siddaramaiah has decried the tendency; he has asked the officials to do away with the zero traffic rule when he crisscrosses the length and breadth of Bengaluru and Karnataka. Siddaramaiah is understandably worried about the traffic standstill and the hardship faced by the commuters during zero traffic.

His predecessor Basavaraj Bommai was content with a "green corridor" with no traffic signals during his movement. In sharp contrast to these two, a former state home minister had refused to part with zero traffic saying it was his "privilege".

Be that as it may, it is laudable that at least some people in power can be sensitive to people's sufferings. Many times, it's the officers under the high dignitaries, who want to please their bosses, who wield power. Therefore, dignitaries must ensure that their orders are not flouted. It is heartening that India's VIP culture is slowly on the decline thanks to the courts and the important individuals themselves. Although the 2013 Supreme Court order restricting the use of red beacons on official vehicles was taken with a pinch of salt by the common man, it was surprisingly carried out well with minor hiccups.

AMERICAN LAW

Sir — One by one, in 2021, the mother of American democracy, attacking Capitol Hill, is sentencing its destroyers and conspirators to prison, American law. One should hope that most of the thousands of people who have been arrested in this connection will be punished in some way or the other for dividing American soci-

Grand inauguration

A grand inauguration of the new Parliament building, housed by Sansad Marg in the national capital, on ensuing Sunday, is caught in the crossfire between the ruling BJP and as many as 19 non-BJP opposition parties, with the latter taking strong exception to Prime Minister Narendra Modi doing the inauguration

himself instead of letting it done at President Draupadi Murmu's hands who is also President of the Parliament. These parties have not only announced the boycott of the historic event but also initiated a comprehensive signature campaign against the move which the opposition parties largely are signatories of, save the Akali Dal, BJD and some others even as some are accusing the PM of sidelining the President who is conspicuous by her absence among the invitees.

The Opposition leaders' viewpoint stands justified notwithstanding, both camps need to come to terms with each other and find some common ground to stand together on and let this momentous occasion pass peacefully and gracefully sans any brouhaha, in the national interest.

ety with the help of their extreme views and hatred. On Thursday, Oath Keepers founder Stewart Rhodes, 57, was sentenced on charges of seditious conspiracy and other crimes. This sentence becomes very important, for two reasons. The first is that he has been sentenced to 18 years in prison, which is the longest sentence ever handed down in this case. Secondly, he turned out to be the culprit who was not present in the crowd at the time of the vandalism. But he was one of the people whose mind and conspiracy were working behind the crowd. Means more than committing the crime, the one who instigates it is the biggest culprit.

NOTHING WRONG WITH FREEBIES

Sir — RJD MP Manoj Jha once had hit the nail hard right on the head of those snob brigade by stressing "This is a welfare state, isn't it? When a poor man buys a bar of soap, he is as much a taxpayer as Adani and Ambani"! Yes, every citizen pays taxes — direct or indirect. So even the richest of rich hold no right to think of themselves as of any "special stock" with the indirect taxpayer any lesser to

them in any respect. And so as citizens of the State, all are equally entitled to all sorts of rights and it forms the urgent duty of any Welfare State to look after those citizens on the lower economic scale!

It is high time the snob brigade, always shouting "Stop subsidies and freebies" and mocking the Government for it's "sin" of providing goods and services to the poor at subsidised/concessional rates or paying monetary allowances related to various schemes, should either shut up or do the following things: (1) At first ensure minimum basic rights to the poor through their astronomical salaries and cutting down all sorts of luxuries; (2) And thereafter they should themselves stop receiving various sorts of tax concessions by the Government and ask their employers to immediately stop Leave Travel Concession, free medical facilities (for themselves and their family), free education of their children, Dearness Allowance/House Rent Allowance.

FAITH AS INTERACTION,
NOT AS KNOWLEDGE

We must approach God by exercising our free will, which can be done in multiple ways

Yes, it is not a matter of knowledge. With the advent of the internet, who is not aware of God? But how many pursue this knowledge? Very few to say the least. Why? Because faith comes from interaction with God. We approach God and He responds, otherwise this relationship is a non-starter. A simple example will help. I don't have any interaction with a particular resident of my neighbourhood. There will be no progress in my relationship with that person. Yes, we must get in touch with God, who limits himself to instruct us through bonafide scriptures, preachers, who have a wide following, etc. We must approach God by exercising our free will. And we can do so in multiple ways like praying to God, going to a temple, chanting God's name, etc. Every such act is taken notice of by God, who responds appropriately.

To bring clarity to this phenomenon, I will narrate my experience in this connection. The very first thing God notices is our dutifulness. We, human beings, have been given the responsibility of doing our duties according to time, place and circumstances. This is how the creation can go on. Lord Krishna warns that even maintenance of the body will not be possible through inaction. (The Bhagavad-Geeta 3.8) God gets interested in those who are dutiful. The next thing, which impresses God is obeying dharma. After all, dharma is the bedrock on which the creation rests. God even incarnates to re-establish dharma. (4.8) Now such persons are keenly watched because such people become good people. The mode of goodness in them becomes predominant by overpowering the other two modes of passion and darkness. (14.10) If such a person requests help, God is prepared to do so; one just has to sincerely pray for it.

We normally seek help from God in two ways. One is to get out of some trouble and the other is to gain something material like a decent job. But God's response? Let us understand one simple rule: God is always just; He couldn't be favouring someone at the cost of another, as will be in the case of landing a job. However, God can be more generous in case of helping someone to recover from a major illness. In this case, also, God has to determine if the sick person deserves such a favour and how much. But all said and done, God does respond. How much and when is decided by God, as found appropriate by Him. No request for help is ignored; only the quantum and the quality are to be decided.

In one matter, God is more forthcoming, i.e. to guide. If a person is sincerely seeking guidance to do something noble, God will be very keen to help, because being the owner of everything, He must encourage what suits the creation. Don't we need good people to keep all of us going? God gives the right intelligence, as in the case of medical scientists. If someone is genuinely looking for a medical solution, which can help millions, and the motive is not to encash it to the fullest extent, God will help. What do you think we will do if we were to decide? God gives me spiritual solutions to common problems which I can write. One may call it realisation as it really helps me personally. What more than any other favour reinforces faith is peace, which we all know is sought by everyone, but only a few manage it.

The conclusion is to approach God in ways, which please Him, about which He has given detailed instructions. Swami Ravi Das was a leatherworker. He had no formal education, but he became a great devotee of God. Knowledge is helpful only as a tool, even spiritual; it must be practised. Spiritual activities take us to a higher level. US must undertake a
midcourse correction

Even if the US revises its debt ceiling of \$31.4 trillion, its risk-ridden economy may precipitate a global crisis of a larger magnitude

With the looming debt crisis in the United States with the potential to default, a showdown between Republicans that control the House and the democratic white house may not augur well for the global economy and developing countries like India. Owing unsustainable economic policies over a few decades and irresponsible handling of resources has led the largest global economic powerhouse into a big mess of its own making. Even if president joe Biden manages to clinch a last-minute deal with Republican top leadership to push up the debt ceiling beyond us \$ 31.4 trillion, larger questions continue to haunt the Americans. Mobilizing loans through US bonds or debt paper may not be the immediate concern but potential default on June 1 is what may turn catastrophic to not only Americans but the entire world. For Americans, it means that democrats will not be able to fund their fancied social security payments on medical and health insurance, pension or social development projects.

President Biden and his Democratic administration will have to put on hold all fancy projects like waiving student loans or fees to provide personal tax concessions to youngsters and new taxpayers democrats understand the full importance of lifting the already unsustainable debt limit of \$ 31.4 trillion. In fact, this also explains US President Biden's decision to forgo the scheduled quad summit in Australia and head back home after the G-7 leaders meeting in Hiroshima. Eventually, the quad summit had to be called off with heads of the US,

Australia, Japan and India meeting briefly at Hiroshima on the sidelines of the G-7 congregation. The larger issue that confronts us and the world is a wee bit different and difficult.

There is every possibility of us moving into economic recession thereby stymieing demand for goods and services globally. This will hit the economic growth sentiment internationally big time. Secondly, the possibility of banks getting stuck with worthless dollar-denominated bonds or debt paper in the medium term cannot be ruled out unless both the federal reserve and political leadership in the US take recourse to the mid-course correction that involves massive spending cuts or improve the country's revenues. Such a policy may be very unattractive for Democratic voters when they have to elect their president in 2024.

Thirdly, containing the contagion effect of the US economy moving into the abyss will be a herculean task. One cannot easily forget the global financial crisis triggered by real estate-linked mortgages that turned worthless in 2007-08. This housing bubble stirred a perfect storm to impact both large developing countries like India as well as least developed countries alike. Excessive risk exposure taken by banks was the biggest element in this crisis of the worst kind after the great depression of 1929.

Fourthly, if the US default finally happens, then countries like India having huge exposure to American greenback will also face the heat.

But, this diversification should go the whole hog and consciously lead to pursuing the de-dollarization of the Indian economy as a state policy. Fifthly, while exports to the US become attractive and import bills get squeezed, a demand slump globally will negate the advantages gained in trade deals. There is no reason why India should not pursue a more independent trade and currency policy keeping herself at a safe distance from the federal reserve and recalibrating her linkages with Washington DC. Sixthly, Democrats and Republicans must work towards mid-course correction on the economic and development front rather than recklessly going for borrowing more from Tom to pay Peter.

Limiting the fresh debt limit to us \$ 1.5 trillion till March 31, 2024, and achieving concomitant cuts in spending by us \$ 1.47 trillion would save the perilously placed our economy. Seventhly, precipitating a perfectly cooked crisis is not in anyone's interest and hence reining in the fresh spending to less than one per cent as per the limit, save, grow act of 2023 makes eminent sense. On the parallel, limiting the mop-up of fresh debt and gradual reduction in existing debt stock would augur well for the US economy that's seeking to reposition itself and instil confidence in its trading and investment partners.

The debt-to-GDP ratio was approximately 97 per cent at the end of FY 2022, and under current policy and based on this report's assumptions is projected to reach 566 per cent in 2097, it pointed out. While pursuing a revised economic policy dispensation, president biden should not easily forget the 2011 crisis that was triggered by our congress. This pushed up the borrowing costs for the treasury by a humongous us \$ 1.3 billion in just one year. Also, we should not provide any leverage to China for encashing its crisis. China is easily the largest holder of us debt paper, notes and long-term bonds with valuations ranging from \$ 859.4 billion to \$ one trillion.

China may like to leverage our debt paper to rebalance its own resources position which again may not be looking too good. China's own debt of us \$ 14.34 trillion as of April 12, 2023, and swelling at a whopping \$ 3.81 trillion annually may not be something to brag about by president xis oligarchs driven communist party. Potential defaults in us, and machinations in China have valuable lessons for India that are overtly conservative on borrowings, especially by the Narendra Modi government.

The tragedy for workers in today's 'gig' economy

All temporary, freelance and contract workers must be properly defined and identified to ensure minimum wages, maximum working hours and social security

You see many youths around you, who deliver the goods coming via e-commerce apps and websites. Similarly, millions of drivers all over the world provide app-based taxi services. E-commerce and technology-driven businesses have become a major part of the economy these days. This section of the economy is known as the 'gig economy' and the people working there are called 'gig' workers. Recently, the delivery workers of an e-commerce company named 'Blinkit' went on a one-day strike, which was also given a lot of importance by the media. The case was that a company called 'Blinkit', which claims to supply consumers with their grocery requirements in 10 minutes to half an hour, had reduced the

ASHWANI MAHAJAN

(The author is Professor, PGDAV College, University of Delhi)

payment to its delivery agents by half. Significantly, before this change, the company used to pay Rs 25 to the delivery agent for each delivery. Till about a year ago, the delivery agents were given Rs 50 per delivery. Delivery workers' complaint is that fuel costs have skyrocketed during this period, but their wages have shrunk to a quarter.

The reality is that today youth in big and small cities are forced to work as delivery agents in the absence of any decent employment. In the initial phase, these workers also used to earn sufficiently, but due to low payouts, now their economic condition has become very pathetic. The reality is that in the absence of alternative employment, it has become almost a compulsion

for the youth to work as delivery agents.

On the other hand, companies like 'Ola' and 'Uber' providing app-based taxi services have also started charging highly exploitative commissions from taxi drivers. Due to this, the drivers of 'Ola' and 'Uber' have also resorted to agitational means like strikes many times. But the exploitative commission policy of 'Ola' and 'Uber' continues unabated. Despite the strike by Bilinkit's delivery agents, no solution is in sight.

Gig workers like drivers of 'Ola', 'And Uber', delivery agents of 'Blinkit', 'Zomato', 'And Swiggy' etc. or any other type of workers registered with any other app-based service provider, whose employment depends on the mercy of

these app companies, businesses or whose livelihood depends on the delivery of goods or ordering of services based on messages received from these apps, are today suffering from the exploitation by these companies.

Nowadays the word gig is very much in vogue. Till two-three decades ago, the word gig was not much in use. It has become necessary to understand the meaning of the word 'gig' and the terms such as 'gig economy' and 'gig worker' etc. and their effects on society.

A few decades back, there were only two types of workers. One, the salaried employees and the other, the casual workers. Salaried workers are generally employed on a permanent basis with a fixed salary and other facilities. A certain procedure has to be followed for the removal of these workers from employment. On the other hand, casual labour means daily wage workers. These labourers are paid wages on a daily basis and have to go in search of employment every day.

In the organized sector, earlier most workers were generally employed on a permanent or regular basis and their employment was also fairly secure. In the unorganized sector like agriculture, construction and sometimes in manufacturing, the practice of daily wage labourers is seen. Generally, educated and trained workers were mostly salaried workers and most of the daily wage laborers used to be uneducated and untrained workers. But these days even

organised sector employers have found an easy way to employ gig workers or sometimes on contract or on fixed term; where workers lack job security and social security. Further, there is the absence of regulations like working hours and working conditions, as these workers in order to earn sufficiently have to work for longer hours and under precarious conditions.

This new class of labour, namely, gig labour is the outcome of the emerging gig economy, based on new technology. This new category has emerged in the form of online platforms, cloud working, freelancing, e-commerce, supply chain, etc. That is, it can be said that new technology and new business models are the creators of this new labour class.

These workers who are serving based on work/order provided by the apps are clearly working under the instructions of the apps owned by e-commerce companies, but in government definitions, they are not considered workers, they are called 'freelancers'.

All such gig, temporary, and contract workers will have to be properly defined and identified while ensuring minimum wages, maximum working hours and various types of social security for them. If this does not happen, this system will be called nothing more than Jungle Raj, whose rule is 'survival of the fittest'. The Government of India is expected to make policies for the social security of the workers of these online platforms i.e., gig workers.

Belgium, Iran conduct prisoner swap in Oman

AP ■ DUBAI

Belgium and Iran conducted a prisoner exchange Friday in Oman, with officials saying Tehran released a Belgian aid worker in exchange for an Iranian diplomat convicted of attempting to bomb a meeting of exiles in France. The initial announcement by Oman's Foreign Ministry did not identify the prisoners being swapped. Later Friday, Belgian Prime Minister Alexander De Croo said in a statement that the aid worker, Olivier Vandecasteele, had been freed. Iranian state television later confirmed that the diplomat, Assadollah Assadi, was freed as well.

Oman's Foreign Ministry said that "those released were transferred from Tehran and Brussels to Muscat today, Friday, in preparation for their return to their countries." It added that "the sultanate of Oman appreciated the high positive spirit that prevailed in the talks in Muscat between the Iranian and Belgian sides, and their keenness to settle this humanitarian issue."

De Croo said Vandecasteele was transferred to Oman on Thursday night. He was received by a team of Belgian diplomats and military officials, then was assessed by doctors.

"Olivier spent 455 days in prison in Tehran. In unbearable conditions. Innocent," De Croo wrote. "Olivier Vandecasteele's return to Belgium is a relief. A relief for his family, friends and colleagues."

Oman has long served as an interlocutor for the West with Iran.

In January, Iran sentenced Vandecasteele to a lengthy prison term and 74 lashes after convicting him of espionage in a closed-door trial. He also was fined USD 1 million.

Vandecasteele was arrested in Iran in February 2022 while packing up his belongings, after working with the Norwegian Refugee Council and Relief International in the Islamic Republic from 2015 to 2021, according to Amnesty International.

His family and the Belgian government strongly denied Iran's claims, made without offering evidence, that he was a spy. To make the swap with the Iran diplomat possible, Belgium had adopted in March a controversial prisoner exchange treaty that was upheld by the country's constitutional court.

In 2021, Belgium convicted Assadi of masterminding a thwarted bomb attack against an exiled Iranian opposition group in France and sentenced him to 20 years in prison.

'Time to widen India-UK relations'

PTI ■ LONDON

UK Opposition Leader Sir Keir Starmer on Friday said it was time for the India-UK relationship to be widened across all critical areas as he set out the Labour Party's foreign policy pitch in the lead up to the general election expected next year. Starmer said he sees huge scope of mutual benefit from enhancing the bilateral ties.

According to a statement, he would be making a keynote address to open India Global Forum's (IGF) annual UK-India Week summit in London next month. The address will mark the first major insight into the Labour leader's vision for the party's relationship with India, which went through some strain over sensitive issues such as Kashmir under his predecessor Jeremy Corbyn.

"The time has now come to look to the future and work on how we can deepen and widen our cooperation in critical areas such as trade and investment, technology and innovation, climate action, diversity and inclusion, and healthcare, the future of work, skills and education – all areas where I see huge scope for mutual benefit," said Starmer.

The IGF UK-India Week, now in its fifth year, is a five-day series of events to be held between June 26 and 30 to bring together senior politicians, business and thought leaders from the UK, India and around the world to focus on the prospects of strengthening India-UK ties across different sectors. "I believe it's timely that Sir Keir will be opening UK-India Week this year. We are at a critical juncture, and so his participation underscores the importance of the need for a bipartisan approach to the relationship with India," said IGF Founder and CEO Professor Manoj Ladwa.

US, Chinese trade officials concerned over restrictions

AP ■ WASHINGTON

Commerce Secretary Gina Raimondo and her Chinese counterpart, Wang Wentao, expressed concern Thursday about policies of each other's governments following Chinese raids on consulting firms and US curbs on exports of semiconductor technology, their governments said. The two sides announced no progress in disputes over technology and security but said Raimondo and Wang promised to strengthen exchanges on trade issues.

Companies from both sides have been buffeted by tighter official controls on trade in semiconductors and other activity on security grounds. Political relations between the two governments are at their lowest level in decades following disputes over technology, security, China's territorial claims and Beijing's treatment of Hong Kong and ethnic

minorities. Raimondo "raised concerns" about Chinese actions against US companies in China, her office said in a statement. It said they also discussed the trade and investment environment and "areas for potential cooperation" but gave no details.

Chinese police raided offices of consultants Bain & Co. and Capvision and a due diligence firm, Mintz Group, following the expansion

of national security and intelligence laws. Authorities have given no explanation for the raids.

The raids rattled foreign companies, which the British Chamber of Commerce in China said this week want "greater clarity" about enforcement. Chinese authorities have said companies are obliged to obey the law but have given no indication whether they see possible violations.

'Debt ceiling talks making progress'

AP ■ WASHINGTON

House Speaker Kevin McCarthy said on Friday negotiators "made progress" on an agreement with the White House to raise the debt limit as they race to close out a deal ahead of a looming deadline to avert a potentially catastrophic default.

Catastrophic told reporters at the Capitol that there is still more work to do.

The two sides are narrowing on a two-year agreement that would curb federal spending and lift the borrowing limit ahead of a deadline as soon as June 1 when Treasury could run out of money to pay the nation's bills.

President Joe Biden and the Republican speaker hope to strike a budget compromise this weekend. Any deal would need to be a political compromise, with support from both

Democrats and Republicans to pass the divided Congress.

A person familiar with the talks said the two sides are "dug in" on whether or not to agree to Republican demands to impose stiffer work requirements on people who receive government food stamps, cash assistance and health care aid, some of the most vulnerable Americans.

Yet both Biden and McCarthy expressed optimism heading into the weekend that the gulf between their positions could be bridged. A two-year deal would raise the debt limit for that time, past the 2024 presidential election.

House Republicans have pushed the issue to the brink, displaying risky political bravado in leaving town for the Memorial Day holiday. The US could face an unprecedented default as soon as June 1, hurling the global economy

into chaos. In remarks at the White House on Thursday, Biden said, "It's about competing versions of America."

"The only way to move forward is with a bipartisan agreement," Biden said on Thursday. "And I believe we'll come to an agreement that allows us to move forward and protects the hardworking Americans of this country,"

Lawmakers are tentatively not expected back at work until Tuesday, just two days from the early June deadline when Treasury Secretary Janet Yellen has said the US could start running out of cash to pay its bills and face a federal default.

Biden will also be away this weekend, departing on Friday for the presidential retreat at Camp David, Maryland, and Sunday for his home in Wilmington, Delaware. The Senate is on

recess and will return after Memorial Day.

Meanwhile, Fitch Ratings agency placed the United States' AAA credit on "ratings watch negative," warning of a possible downgrade.

Weeks of negotiations between Republicans and the White House have failed to produce a deal — in part because the Biden administration resisted negotiating with McCarthy over the debt limit, arguing that the country's full faith and credit should not be used as leverage to extract other partisan priorities.

The White House has offered to freeze next year's 2024 spending at current levels and restrict 2025 spending, but the Republican leader says that's not enough.

"We have to spend less than we spent last year. That is the starting point," said McCarthy.

Princess Sophia's UK home gets Blue Plaque

PTI ■ LONDON

Princess Sophia Duleep Singh, the daughter of Maharaja Duleep Singh – the last ruler of the Sikh empire – and the goddaughter of Queen Victoria, was honoured with a commemorative Blue Plaque in London on Friday. The Blue Plaque scheme, run by the English Heritage charity, honours the significance of particular buildings associated with historical figures. In memory of the British-Indian Princess, it now adorns Faraday House, which was granted to Sophia and her sisters as a grace and favour apartment at Hampton Court Palace southwest of London by Queen Victoria.

"As a political journalist, I thought I knew the story of the suffragettes, and then I found this extraordinary woman and she blew me away," said Anita Anand, the author of the biography 'Sophia: Princess, Suffragette, Revolutionary'.

"As the last princess of the Sikh Empire, goddaughter of Queen Victoria, society darling and fashion icon, a life of comfort and celebrity was hers for the taking, but she chose a harder path. Using her international fame and influence, putting herself in physical danger, she fought for the right of women to vote. Campaigning with unrelenting ferocity, loyalty and selflessness, she moved the dial," she said.

Named after another former resident, the eminent English physicist Michael Faraday (1791–1867), Faraday House was Princess Sophia's main residence for over four decades.

Russia says border regions under attack

Kyiv (AP): Russia's southern Belgorod region bordering Ukraine came under attack on Friday from Ukrainian artillery fire, mortar shells and drones, authorities said, hours after two drones struck a Russian city in an area next to the annexed Crimea Peninsula.

Moscow's forces, meanwhile, struck a building containing psychology and veterinary clinics in the city of Dnipro, in central Ukraine, killing two people and wounding 30, including two children, Ukrainian officials said.

Video released by regional Gov Serhiy Lysak showed fire engulfing the three-story building that appeared almost destroyed, with only parts of a wall standing, as firefighters battled the flames.

A Russian S-300 missile hit a dam in the Karlivka district of Donetsk province in eastern Ukraine, threatening nearby settlements with flooding. The town of Graivoron in Russia's Belgorod region, about 7 kilometres (more than 4 miles) from the Ukrainian

border, came under fire for several hours, damaging four houses, a store, a car, a gas pipeline and a power line, Gov Vyacheslav Gladkov reported.

Closer to the frontier, a recreation centre, a shop and an empty house were damaged in the village of Glotovo. One woman was wounded when nearby Novaya Tavolzhanka was shelled, Gladkov said.

Earlier this week, the Belgorod region was the target of one of the most serious cross-border attacks from Ukraine since the war began 15 months ago. Details of the raid were murky. Russia blamed the Ukrainian armed forces, but two Russian groups said they were involved, with the aim of bringing down Russian President Vladimir Putin. Officials in Russia's southern city of Krasnodar, in the region of the same name bordering Crimea, said two drones struck there. Witnesses told local media they heard something like the sound of a moped and then two explosions.

'Documented dreamers' urge US lawmakers to pass Children Act

Washington (PTI): Running from pillar to post for the last several years, 'documented dreamers', a significantly large number of whom are Indian Americans, are seeking an end to their uncertain future.

A group of these long-term visa holders known as documented dreamers made another round of the US Capitol – the temple of American Democracy – knocking on the doors of one lawmaker after the other, seeking support for the recently introduced 'America's Children Act'.

The 'dreamers' are basically undocumented immigrants who enter the United States as children with parents. They grew up legally in the US but risk deportation when they turn 21 years old.

At a time when the US Congress is bitterly divided on political lines, these young dreamers, who are estimated to number 250,000 are looking for more support from congressmen and senators to make necessary legislative changes that give citizenship pathway to aged-out kids. "It is time to permanently end the aging out and pass the America's Children Act," Dip Patel, founder, Improve The Dream, said. He is leading an unprecedented fight on behalf of the documented dreamers.

Of the 250,000 dreamers, 90 per cent are pursuing STEM (Science, technology, engineering, and mathematics) careers, he said.

Imran slams govt, says no plans to travel abroad

PTI ■ ISLAMABAD

Unfazed after being placed on the no-fly list, Pakistan's former prime minister Imran Khan on Friday took a swipe at the top leaders of the ruling coalition, saying he has no plans to travel overseas as he neither owns properties nor has any businesses abroad. Khan, his wife Bushra Bibi and other leaders and former assembly members of his Pakistan Tehreek-e-Insaf (PTI) party were reportedly barred from leaving the country on Thursday.

Taking to Twitter, Khan wrote: "I want to thank the government for putting my name on the ECL as I have no plans to travel abroad, because I neither have any properties or businesses abroad nor even a bank account outside the country." "If and when I do get an opportunity for a holiday, it will be in our northern mountains, my favourite place on earth," he said. The Exit Control List (ECL) is maintained by the

interior ministry and deals with individuals who are not allowed to leave the country due to pending court cases or for other reasons.

Earlier, the Samaa News channel reported on Thursday that the Pakistan government had barred Khan, his wife and at least 80 people from leaving the country.

"The federal government has decided to add the names of 80 people, including PTI Chairman Imran Khan and his wife Bushra Bibi, to the no-fly list," the report said.

Top leaders of the Pakistan Muslim League-Nawaz (PML-N) including the party's supremo Nawaz Sharif are accused of amassing huge wealth in country's like the UK.

Sharif was sentenced to 10 years of rigorous imprisonment by an anti-graft court in one of the three corruption cases against him in the Panama Papers scandal in 2018.

During the trial, the National Accountability Bureau

(NAB) had presented around 21 witnesses to prove that Sharif family cannot justify the money trail to buy four apartments in Avenfield House, Park Lane, London. It is alleged that the properties were bought with graft money in 1990s when he served twice as the prime minister.

Sharif, however, has rejected any wrongdoing and insisted they were bought with the legitimate money.

Khan, 70, and several top leaders of his party are facing cases in connection with the violence that erupted after the PTI chief's arrest on May 9 in a corruption case.

On May 9, violent protests erupted after paramilitary Rangers arrested Khan from the Islamabad High Court (IHC) premises. His party workers vandalised a dozen military installations, including the Lahore Corps Commander's House, the Mianwali airbase and the ISI building in Faisalabad in response to Khan's arrest.

Senior leader quits ex-Pak PM's party

Islamabad (PTI): Firdous Ashiq Awan resigned from Imran Khan's party on Friday over the recent violent and "terrorist activities" and said the former prime minister and Pakistan cannot go together, becoming the latest senior leader to quit the opposition party.

Awan, 53, served as Special Assistant to the Prime Minister on Information and Broadcasting from 2019 to 2020.

She is the latest politician who resigned from Khan's Pakistan Tehreek-e-Insaf (PTI) party. Awan, the former Federal Minister for Population Welfare, said she was parting ways with the PTI over the party's "violent and terrorist activities".

Only 33 suspects handed over to military for trial: Sanaullah

Islamabad (PTI): Pakistan's Interior Minister Rana Sanaullah on Friday said that only 33 suspects have been handed over to authorities so far to be tried by military courts for their alleged involvement in the attacks on sensitive defence installations during the May 9 protests following the arrest of former prime minister Imran Khan. Thousands of supporters of the Pakistan Tehreek-e-Insaf (PTI) party ransacked and set ablaze military and civilian buildings after party chief Khan was arrested from the Islamabad High Court in a case of alleged corruption, following which a crackdown was launched to arrest and punish the perpetrators.

Amidst criticism from local and international rights groups, Pakistan started the legal process

to prosecute those involved in the violence under military and civilian laws. Sanaullah, at a press conference, provided details about the number of people arrested and handed over to the military for trial under the stringent military regulations for attacking the Army's facilities. "So far, only 19 accused have been handed over to the military courts or military officials in Punjab and 14 in Khyber Pakhtunkhwa," he said.

The minister said that police registered 499 First Information Reports (FIRs) at various police stations, and only six of them, including two in Punjab and four in Khyber Pakhtunkhwa (KP) provinces, are being processed for a possible trial in the military courts.

"But an atmosphere is being created as if all are being tried in

military courts," he said. Asserting that only those involved in attacks on military installations would be tried under military laws, Sanaullah said that no innocent person would be harmed.

He clarified that military officials would investigate the cases but would not start prosecution until it was determined where the Army Act or the Official Secrets Act would be applicable. Details of the FIRs, he said 88 cases were registered under the Anti-Terrorism Act and the remaining 411 under other charges, like vandalism, arson or interfering in state matters. Sanaullah added that around 3,950 people were arrested in cases registered under terrorism charges, including 2,588 in Punjab and almost 1,100 in Khyber Pakhtunkhwa.

'Pope runs fever, skips meetings'

AP ■ VATICAN CITY

Pope Francis skipped meetings on Friday because he was running a fever after a particularly busy day, the Vatican said. The Vatican No. 2, Cardinal Pietro Parolin, said Francis was tired and attributed the fever to the fact that Francis had greeted, one by one, a particularly big crowd of his school foundation on Thursday afternoon.

"He wanted to greet all of them and probably at a certain point lost his resistance," Parolin was quoted as saying by the LaPresse news agency.

The last time Francis spiked a serious fever, in March, the 86-year-old pontiff was rushed to the hospital where he was diagnosed with acute bronchitis.

He received intravenous antibiotics and was released three days later.

Credit Suisse owes millions to Georgia's ex-PM: Court

London (AP): Credit Suisse owes former Georgian Prime Minister Bidzina Ivanishvili hundreds of millions of dollars for failing to protect the billionaire's money held in a trust pilfered by a manager, a Singapore court ruled Friday, the latest scandal for the Swiss bank whose yearslong problems forced its takeover by a rival.

Ivanishvili in 2004 put more than USD 1.1 billion into a trust overseen by the bank's Singapore subsidiary, Credit Suisse Trust Limited, and the employee managing the trust "misappropriated many millions of dollars" over nine

years before being caught and sent to prison, the Singapore International Commercial Court said. Bidzina, who amassed a fortune in Russia as a businessman before serving as Georgia's prime minister from 2012 to 2013, sued the Swiss bank for about USD 1.2 billion, saying it failed to properly administer the trust and keep its assets safe.

"The judgment published today is wrong and poses very significant legal issues," Credit Suisse said in a written statement.

"Credit Suisse Trust Limited intends to vigorously pursue an appeal."

Strong quake shakes Tokyo, eastern Japan

Tokyo (AP): A strong earthquake shook Tokyo and other areas of eastern Japan on Friday, but no tsunami warning was issued.

The magnitude 6.1 quake was centred off the east coast of Chiba Peninsula at a depth of 44.5 kilometres, the US Geological Survey said. Strong shaking was reported in Chiba and Ibaraki prefectures, but the USGS said there was little chance of serious damage or fatalities. Kyodo News service said no problems were reported at the Tokai No. 2 nuclear power plant in Ibaraki.

Recession may be necessary to get inflation down: UK Treasury chief

AP ■ LONDON

Britain's Treasury chief said he would be prepared to see the UK economy slip back into recession if further interest rate hikes are necessary to bring down inflation.

With the Bank of England expected to keep raising rates following higher-than-anticipated inflation figures this week, Jeremy Hunt said it was necessary to prioritise measures to slow the pace of price increases.

In an interview with Sky News that aired on Friday, Hunt said the "only path to sustainable growth" is to bring inflation

under control. Asked if he was comfortable with further rate hikes even if it could precipitate a recession, Hunt said, "Yes, because in the end, inflation is a source of instability. ... It is not a trade-off between tackling inflation and recession."

Like other central banks, the Bank of England has been raising interest rates aggressively over the past 18 months or so to a 15-year high of 4.5 per cent after inflation spiked sharply, first because of bottlenecks caused by the coronavirus pandemic and then Russia's invasion of Ukraine, which caused energy and food prices to surge.

Higher borrowing costs are aimed at making it more expensive for individuals and businesses to borrow, which dampens demand in the economy.

"If we want to have prosperity, to grow the economy, to reduce the risk of recession, we have to support the Bank of England in the difficult decisions that they take," Hunt said.

There had been hope that the bank, whose primary task is to keep inflation at around 2 per cent, may pause rate hikes but the inflation figures this week raised alarm bells that it will have to go on tightening monetary policy.

Passenger opens emergency exit door of S Korean flight

Seoul (AP): A passenger opened an emergency exit door during a South Korean flight Friday, causing air to gust inside the cabin before the plane landed safely, airline and government officials said. Some people aboard the Asiana Airlines Airbus A321 aircraft tried to stop the person from opening the door but it was eventually opened partially, the Transport Ministry said.

The plane with 194 people was heading to the southeastern city of Daegu from the southern island of Jeju. The flight is normally about an hour, and details of the incident, including how long the

door was open, were under investigation, according to Asiana Airlines.

Video footage apparently taken by a person on board that was posted on social media show some passengers' hair being whipped by the air blowing into the cabin through the open door.

Police detained the unidentified person who opened the door, the airline said. Their motive wasn't immediately known.

The passengers included teenage athletes who plan to attend track and field competitions in Ulsan, another southeastern city.

DJOKOVIC EYES HISTORY AT FRENCH OPEN

AP ■ PARIS

Novak Djokovic will bid for a record-breaking 23rd Grand Slam title at a French Open without his old rival Rafael Nadal for the first time since 2004, while Iga Swiatek attempts to become the first woman to defend the title in 16 years.

Serbian veteran Djokovic will not be the favourite for the title, though, after struggling with an elbow injury and failing to get past the quarter-finals in any of his three clay-court events

so far this season.

Carlos Alcaraz won the Barcelona and Madrid Opens en route to taking over from Djokovic as world number one, while Daniil Medvedev is seeded second for Roland Garros after his maiden clay triumph in Rome.

But Djokovic will know this is a massive opportunity to break out of his tie with 14-time French Open winner Nadal at the top of the all-time list of most men's Slam singles titles.

The two-time champion has lost eight of his 10 French Open meetings with Nadal who

is missing this year's edition due to a hip injury he suffered at the Australian Open.

"I know I can always play better," Djokovic said after losing to Holger Rune in the Italian Open last eight.

"Definitely am looking forward to working on various aspects of my game, of my body, hopefully getting myself in 100 percent shape. That's the goal."

Djokovic and Alcaraz are seeded to meet in the semi-finals after being placed in the same half of the draw.

The 36-year-old may also

have to get past Monte Carlo Masters champion Andrey Rublev in the quarters.

The other side of the draw appears wide open, with in-form Medvedev the highest seed despite never having previously got past the quarter-finals on the Paris clay. The Russian lost in the first round on each of his first four visits before making the quarters in 2021.

"I would never (have) thought I would be able to make this (win a clay-court title)," Medvedev said after beating Rune in the Rome final.

"But I have to be honest — a Grand Slam is always bigger."

In-form youngster Rune, who made a surprise run to last year's quarter-finals, could face Casper Ruud in the last eight in a rematch of a bad-tempered meeting 12 months ago.

Ruud went on to be thrashed in the final by Nadal and also lost the US Open showpiece match to Alcaraz.

But the Norwegian world number four has struggled for form this year, only reaching the quarters in two of the 10 tournaments he has played.

Sabalenka faces no Ukraine handshake at French Open

AP ■ PARIS

Aryna Sabalenka on Friday said that "it's OK if she hates me" as the Belarusian star braced to face Ukraine rival Marta Kostyuk in a highly-charged French Open showdown.

World number two Sabalenka knows that Kostyuk, an outspoken critic of tennis authorities over their handling of players from Russia and their Belarusian allies in the aftermath of the invasion of Ukraine, will refuse to shake hands after their first round match at Roland Garros.

"If she hates me, OK. I can't do anything about that," said 25-year-old Sabalenka.

"There are going to be people who love me; there are going to be people who hate me. If she hates me, I don't feel anything like that to her."

Kostyuk refused to shake hands with Belarus's two-time Grand Slam title winner and former world number one Victoria Azarenka at last year's US Open in New York.

They agreed to touch racquets instead at the net at the end of the match.

"If I could I would stop the

way," said Australian Open champion Sabalenka.

"And about the no shaking. I can kind of understand them. Like I imagine if they're going to shake hands with Russians and Belarusians, then they're gonna get so many messages from their home countries."

"So I kind of understand why they are not doing it. At the same time, I feel like sports shouldn't be in politics. Like we're just athletes. If they feel good with no shaking hands, I'm happy with that."

Sabalenka defeated Kostyuk in Dubai in February 2022, just one week before Russia launched its invasion of Ukraine.

Last week in Rome, Ukraine's Anhelina Kalinina refused to shake hands with Veronika Kudermetova after beating the Russian in the semi-final.

Man Utd thrash Chelsea to secure Champions League return

AP ■ MANCHESTER

Erik ten Hag said Manchester United are back where they belong after a 4-1 thrashing of Chelsea on Thursday secured a return to the Champions League next season.

Casemiro, Anthony Martial, Bruno Fernandes and Marcus Rashford were on target as the Red Devils moved up to third in the Premier League.

A miserable night summed up Chelsea's season despite spending over £500 million (\$620 million) in the transfer market as they slumped to an eighth defeat in 10 games since Frank Lampard returned as interim manager.

By contrast, confirmation of a top-four finish rounds off a successful first season in charge for Ten Hag after also ending United's six-year trophy drought by winning the League Cup in February.

More silverware could be to come next month should United halt Manchester City's charge towards the treble in the FA Cup final.

But a return to Europe's elite competition next season was one of Ten Hag's primary aims when he took the reigns after a disastrous 2021/22 campaign when United finished sixth.

"I think (it is) a successful season but the season is not finished," said Ten Hag.

"This club belongs in the Champions League, but this league is very strong, with many clubs competing for this position."

"It is the main objective of the sea-

son to get into the Champions League. The competition is tough, many teams with really good squads, good managers, so you are doing a good job (to qualify). For this moment it is the maximum but we want more (next season)."

Casemiro's arrival from Real Madrid has been fundamental to United's revival.

The 31-year-old's class and experience shone through against a youthful Chelsea side that were punished for a lack of efficiency in both boxes.

"It was another reality day today when you look at the emphatic nature at the top end of the pitch of United compared to us," said Lampard. "Results for

Chelsea this season are not good enough."

Mykhailo Mudryk should have netted his first Chelsea goal when the Ukrainian sliced wide a glorious chance on five minutes. Just 60 seconds later, the visitors trailed as Casemiro was afforded a free header to turn home Christian Eriksen's free-kick.

A positive night for United was blighted by an injury to winger Antony, who was forced off on a stretcher with an ankle injury that will make him a major doubt for the FA Cup final in 10 days' time.

But the home side ended the game as a contest in first-half stoppage time when Casemiro's no-look pass opened up the Chelsea defence for Jadon Sancho to square for Martial.

Ten Hag's men should have had more goals to round off a fine night in the second period as Fernandes smashed against the bar and Eriksen somehow failed to turn in Tyrell Malacia's cross from point-blank range.

Fernandes did finally get his goal from the penalty spot after the Portuguese midfielder was brought down by Wesley Fofana.

More calamitous Chelsea defending invited Rashford to become the first United player in a decade to score 30 goals in a season.

Fernandes pounced on Fofana's loose pass and teed up the England international, who needed two attempts to beat Kepa Arrizabalaga.

Real still without Vinicius for Sevilla trip: Ancelotti

AP ■ MADRID

Vinicius Junior subjected to racial abuse last weekend will miss a second successive match due to a knee problem Real Madrid coach Carlo Ancelotti said on Friday.

The 22-year-old Brazilian winger has received worldwide support since being racially abused by Valencia fans last Sunday.

Vinicius did not play against Rayo Vallecano in Madrid's midweek win because of some knee discomfort, but was present as his team-mates showed him their support by wearing his number 20 shirt before the game.

He has failed to shake off the problem for Saturday's away match with Europa League finalists Sevilla.

"Vinicius will not travel because he will not play, he'd go if he had the chance of playing (but) his knee is still giving him problems," Ancelotti told a news conference on Friday.

"It doesn't matter if it's home or away, he can't play. I

hope that he can play in the last game."

Ancelotti said Madrid were also without Karim Benzema and Marco Asensio with other injury issues.

Los Blancos are second in

the table, a point ahead of city rivals Atletico.

Sevilla, 10th, still have a chance of qualifying for next season's UEFA Conference League, sitting just a point behind Osasuna in seventh.

Sindhu, Prannoy in Malaysia Masters semis, Srikanth out

PTI ■ KUALA LUMPUR

Star Indian shuttlers PV Sindhu and HS Prannoy advanced to the women's and men's singles semifinals of the Malaysia Masters Super 500 tournament with hard-fought wins over their respective opponents here on Friday. While double Olympic medallist Sindhu, seeded sixth in the tournament, beat lower ranked Yi Man Zhang of China 21-16, 13-21, 22-20, Prannoy

earned a 25-23, 18-21, 21-13 win over Kenta Nishimoto of Japan in the quarterfinals.

Sindhu faces seventh seed and world number nine Gregoria Mariska Tunjung of Indonesia in the semifinals on Saturday. Tunjung upset second seed Yi Zhi Wang of China in the quarterfinals 21-18, 22-20.

Tunjung has been in fine form recently and Sindhu had lost to her in the Madrid Spain Masters final in straight games

BAI to conduct trials for Asia Junior C'ship

PTI ■ NEW DELHI

The Badminton Association of India (BAI) will conduct a selection trial at the Karnail Singh Stadium here from June 4 to 7 to pick the team for the Asian Junior Championships.

The Asian Junior championships is scheduled to be held in Yogyakarta, Indonesia from July 7 to 16.

The players will be selected on the basis of their performances in the selection trials.

The trials will include top-8 boys and girls singles shuttlers

as well as top-4 pairs from doubles events from the All India Junior Ranking Badminton Tournament held in Guwahati earlier this month, along with top-4 singles players and top-2 doubles pairs in the BAI rankings. Anwesha Gowda (4th), Anupama Upadhyaya (8th), Unnati Hooda (14th) and five other players, who are ranked inside top-20 in BWF rankings, will also take part in the trials.

India have so far won nine medals, including two gold, one silver and six bronze in the continental championships.

in April. The Indian will, however, go into the semifinals with a 7-1 head-to-head advantage over Tunjung.

World number nine Prannoy faces qualifier Christian Adinata, ranked 57, of Indonesia, who beat Kidambi Srikanth 16-21, 21-16, 21-11 in another quarterfinals, in the

semifinals of Saturday.

Prannoy has never played against the 21-year-old Adinata, who began playing at the senior level just last year.

In another men's singles quarterfinal, Srikanth lost 21-16, 16-21, 11-21 to Adinata in 57 minutes to bow out of the tournament.

Klopp optimistic for future despite Liverpool's disappointing season

AP ■ LIVERPOOL

Liverpool manager Jurgen Klopp says he has 'lots of reasons' for optimism despite the crushing disappointment of missing out on Champions

League qualification.

Klopp, whose team are guaranteed to finish fifth, told his pre-match press conference on Friday he had expected United and Newcastle to get the points they needed this week

after Liverpool's 1-1 draw against Aston Villa. It means Liverpool, who narrowly missed out on a historic quadruple last year, have failed to qualify for the competition after featuring for six straight seasons.

"For a long time it was clear this will not be a historically good season," said Klopp.

"I think I said everything about it, that we are absolutely not happy with it, that we made mistakes, that we couldn't deliver, ultimately we weren't consistent enough." But he said Liverpool's late-season form, including a seven-match winning run in the league, had been impressive. "If we could have

done that over the whole season we would be in a different place," said the German.

"Of course there are reasons for optimistic views because of the things we showed in the last few weeks. That's definitely the case. "We have other reasons for an optimistic view because of the atmosphere our people created in the last home game.... All these kinds of things are absolutely the basis for a fantastic future so we don't have to make it bigger than it is. It's a football season. "We didn't deliver what everybody wanted and everybody expected, rightly so, but we are still really united and that's the good thing about it."
