HM talks with netas, janta

Shah promises jobs, compensation for riot victims, deployment of more forces in Manipur

PTI ■ CHURACHANDPUR/IMPHAL

Union Home Minister Amit Shah on Tuesday visited Churachandpur, the scene of some of the worst rioting in the recent ethnic conflict which broke out in Manipur earlier this month, and held talks with Kuki civil society leaders. He also held a series of discussions with different Meitei groups, women groups and prominent personalities earlier during the day in Imphal before flying to the headquarters of the hill district by the same name.

Among others, Shah who was accompanied by Intelligence Bureau (IB) chief and Union Home Secretary, met political and social leaders from the Kuki community to understand their grievances and find ways to bring peace to the northeastern state, which has witnessed a series of clashes between Meiteis and Kukis.

He held three rounds of talks with various groups such as Indigenous Tribal Leaders' Forum (ITLF), Kuki Students' Organisation (KSO) and other civil society organisations. He also met five Kuki MLAs from the BJP.

"We demanded total separation from Manipur — both political and geographical. We also sought President's Rule as the law and order has totally collapsed in the State," ITLF secretary Muan Tombing told PTI. The Home Minister on his part, requested the Kuki soci-

Union Home Minister Amit Shah with Manipur Chief Minister N. Biren Singh chairs a meeting with a delegation of leaders from various political parties, in Imphal, on Tuesday

PTI

ety to maintain peace for the "next 15 days" with an assurance of sending more security personnel for the safety of common people, he added. Asked why Shah mentioned only "15 days", Tombing said, "He told us that the CBI will be entrusted with carrying out a detailed probe to find out the reasons behind this prolonged clash. Besides, a judicial enquiry will also be announced."

Earlier in the day, the Government announced it will provide a compensation of Rs 10 lakh to the next of kin of those who died in the ethnic conflict and a job to a family member. The compensation amount will be borne equally by the Centre and the State, an official release said. The decision was taken at a meeting between the Union Home minister and Chief Minister N Biren Singh in the presence of the Council of Ministers on Monday night.

Let SC judge-led panel probe riots: Cong to Prez

PTI ■ NEW DELHI

Top Congress leaders on Tuesday met President Droupadi Murmu and sought her intervention in helping bring normalcy in violence-hit Manipur, and called for the constitution of a high-level enquiry commission headed by a serving or retired Supreme Court judge to probe the incident.

A delegation of Congress leaders led by party Chief Mallikarjun Kharge met the President and handed over a memorandum to her seeking her urgent intervention and handed over a 12-point charter of demands to be taken immediately to help bring peace and normalcy in

the north-eastern State. "Though there were several lapses in the management of the situation at the early stages of violence, leading to the present imbroglio. Now it is not the time to point fingers, but to act. If the suggestions above are implemented in earnest, peace can perhaps be restored once again."

CDS: Challenges in Manipur have not disappeared

PNS/AGENCIES ■ NEW DELHI/PUNE

In the backdrop of tension prevailing in Manipur, Chief of Defence Staff (CDS) General Anil Chauhan on Tuesday said challenges in the State have not disappeared, but expressed hope that things will settle down in some time. He also noted that the situation in the north-eastern State now is not related to insurgency.

These observations by him came as the death toll due to ethnic clashes in Manipur which began on May 3 went up to 80 and Home Minister Amit Shah who is now on a visit to the State held talks with various groups.

The CDS was in Pune on Tuesday to review the passing out parade of 144th course of National Defence Academy (NDA). Asked about situation in Manipur, he told reporters that, "The Army, Assam Rifles were deployed in Manipur before 2020. Since the challenges of northern borders were far more, we were able to withdraw Army. Since insurgency situation had normalised, we were able to do that."

The situation now in Manipur is "not related to insurgency". It is a clash between two ethnicities and a situation of law and order, he said. "We are helping the State Government with the problem," the CDS said.

UWW hits out at detention of grapplers, threatens WFI ban

Khaph, farmer leaders convince wrestlers not to immerse medals in Ganga river

PTI/PNS ■ HARIDWAR/NEW DELHI/CORSIER-SUR-VEVEY (SWITZERLAND)

On a drama-filled Tuesday, some of India's best wrestlers accompanied by hundreds of supporters gathered on the banks of the Ganga, threatening to immerse their World and Olympic medals in the holy river but refrained after being convinced by Khaph and farmer leaders who sought five days to address their grievances.

Meanwhile, in evidence of growing support to the grapplers the global governing body for wrestling, United World Wrestling (UWW), issued a statement on the grapplers' protest, saying that events of these last days are even more worrying, and the legendary Anil Kumble on Tuesday said he is "dismayed" by the treatment meted out to the protesting wrestlers at Jantar Mantar where they were manhandled and detained by police for trying to march towards the new Parliament building and hold a 'Mahila Mahapanchayat'.

Earlier, Olympic champion shooter Abhinav Bindra, Indian football captain Sunil Chhetri and former India all-

rounder Irfan Pathan too had expressed solidarity with the grapplers. On a day that India's top wrestlers like Rio 2016 bronze medalist Sakshi Malik, Tokyo 2020 medalist Bajrang Punia and world championship medalist Vinesh Phogat almost immersed their medals in the Ganga river, the UWW, came out with a strong statement condemning the "treatment and detention of the wrestlers".

"For several months, United World Wrestling has followed with great concern the situation in India where wrestlers are protesting over allegations of abuse and harassment by the President of the Wrestling Federation of India (WFI)," the statement said before adding: "UWW will request further information about the next elective general assembly from the IOA and the Ad-hoc Committee of the WFI."

The 45-day deadline that was initially set to hold this elective assembly shall be respected. Failing to do so may lead UWW to suspend the federation, thereby forcing

the athletes to compete under a neutral flag. It is reminded that UWW 'already took a measure in this situation by reallocating the Asian Championship planned in New Delhi earlier this year'.

SKM calls for June 1 nationwide dharna in support of grapplers

New Delhi: Farmers' outfit Samyukta Kisan Morcha on Tuesday called for nationwide demonstrations on June 1 in support of wrestlers who have been demanding the arrest of BJP MP and WFI chief Brij Bhushan Sharan Singh, accused of sexually harassing women grapplers.

The Samyukta Kisan Morcha, in a statement, said it has given the call for the nationwide agitation "to secure democratic right to protest by the Indian wrestlers" and all other sections of society and to "demand the arrest of Brij Bhushan Saran Singh". **PTI**

Delhi girl's killer bought knife 15 days ago: Police

STAFF REPORTER ■ NEW DELHI

The 20-year-old AC mechanic arrested for his involvement in the horrific Shahbad Dairy murder case purchased the knife used in the killing of 16-year-old girl from Haridwar in Uttarakhand around 15 days ago, said the Delhi Police which is probing the case. Police said on Tuesday that they are yet to recover the knife, adding that Sahil dumped it near Rithala Metro Station after the killing on Sunday evening.

The accused had planned the murder two days ago after the girl rebuffed him in front of her friends and refused to mend her relationship with him, said police. "Since Sahil bought the knife days before the incident, it is not unlikely he was planning to kill her already, yet he is claiming he killed the girl in a fit of rage for her constantly ignoring him, they said. "The statements made by him are being verified since it is the initial stage of investigation. Sometimes he

says she ignored him as he tried to approach her, which angered him. But he also suspected her getting involved with her former boyfriend," the police said.

Earlier, Sahil was produced at Delhi's Rohini court on Tuesday and was sent to police remand for two days.

Police said they will be recreating the scene of crime and will also check Sahil's mobile phone and social media accounts to know whether he was in touch with other girls.

In a related development, the National Commission for Scheduled Castes has sought a report from the Delhi Government and the city police over the horrific killing of a teenage girl in the northwest part of the national Capital.

Politicos of all hues line up at victim's house, offer solace, compensation

RAJESH KUMAR ■ NEW DELHI

Political parties from the spectrum — the ruling Aam Aadmi Party (AAP), the BJP and the Congress — jostled to seek mileage from the gruesome stabbing case by queuing up at the Shahbad Dairy area to meet with the victim's family members and even making announcements of compensation.

The leaders from BJP, AAP, and Congress met and condoled with the bereaved family members of the 16-year-old girl who was killed in broad daylight in the Shahbad Dairy area of northwest Delhi. Delhi Chief Minister Arvind Kejriwal on Tuesday announced an ex gratia of Rs 10 lakh to her kin to help them tide over the tragedy while Delhi Women and Child Welfare Minister Atishi met the girl's family members and assured that the Government would ensure that the accused receives the harshest of punishment.

BJP MP Hans Raj Hans also met the girl's family on Tuesday morning and said no amount of money can bring the family its daughter back and also condemned the AAP for "politicising" the murder and using it to score political brownie points.

Delhi Congress president Anil Chaudhary, who also visited the family members of the victim, said, "Blame game begins" between Kejriwal and the L-G every time the "Government is held accountable." Delhi Commission for Women (DCW) Swati Maliwal too met the girl's family. The girl was stabbed over 20 times and bludgeoned to death by a youth in a busy bylane of Shahbad Dairy area as passers-by looked on in fear and disbelief. "The Delhi Government will provide an ex-gratia of Rs 10 lakh to the family of the victim and will try its best to get the culprit punished severely by the court. Best lawyers will be fielded for this case," Kejriwal in a tweet in Hindi announced.

Atishi visited the family of the victim in the Shahabad Dairy murder case and offered her condolences.

10 Vaishno pilgrims dead, 66 hurt as bus falls off bridge

PNS ■ JAMMU

Ten Vaishno Devi pilgrims were killed and 66 injured on Tuesday as the bus they were travelling in veered off the road while crossing a bridge near Jhajjar Kotli along the Jammu Srinagar National Highway. The death toll may go up as Government Medical College Hospital Principal Shashi Soodan said two of the injured admitted at the facility are critical.

The officials said the bus, which was on its way to Katra from Amritsar, met with the accident in the Jhajjar Kotli area on the Jammu-Srinagar National Highway between 6.30 and 7 am. Katra is a base camp for the pilgrims visiting the famous shrine atop the Trikuta hills in Reasi district.

They said most of the travellers were members of an extended family from Bihar's Lakhisarai and were on pilgrimage to Vaishno Devi temple for a ritual of a child.

"The accident took place at Jhajjar Kotli bridge. Ten people have died. Rescue operation is almost complete," Jammu Senior Superintendent of Police

Passengers injured after a bus met with an accident in Jhajjar Kotli area, being shifted to GMC Hospital, in Jammu district, on Tuesday.

PTI

Chandan Kohli told PTI. "We are investigating the reasons behind the accident."

Local residents, CRPF and police personnel rushed to the spot and launched the rescue operation.

"The troops of 137 CRPF battalion carried out the rescue operation to evacuate injured driver and passengers from the bus, which turned turtle and fell down from Jhajjar Kotli bridge on highway," the force said in a tweet.

"Two persons were

brought dead while others died on the spot," said GMC hospital principal Soodan.

Jammu and Kashmir DGP Dilbagh Singh said prima facie the cause of accident appeared to be human error or over speeding.

It is possible that the driver might have dozed off on the wheel. It's a high flier kind of road from where the bus fell off, so the reason could also be overspeeding. It is part of our investigation," he told reporters.

India's Def exports up 23 times at ₹16K-cr

PNS ■ NEW DELHI

With the Government giving a push to self-reliance in defence sector, India's defence exports jumped 23 times and have reached an all-time high, surging from Rs. 686 crore in Financial Year(FN) 2013- 14 to nearly Rs 16,000 crore in FY 2022-23. Giving these details here, a Government statement said on Tuesday this remarkable 23-fold increase reflects India's progress in the global defence manufacturing sector. With exports reaching more than 85 countries, India's defence industry has shown its capability of design and development to the

world, with 100 firms exporting defence products at present.

To give a push to defence exports, the Government has taken a number of policy initiatives and brought reforms over the last 9 years. Export procedures have been simplified and made industry-friendly with end-to-end online export authorisation curtailing delays and bringing ease of doing business.

The Atmanirbhar Bharat initiatives have helped the country by encouraging indigenous design, development and manufacture of defence equipment in the country, thereby reducing dependency on imports in the long run.

Man assaults AI crew member on Goa-Delhi flight

New Delhi:

A male passenger onboard an Air India (A-I) flight from Goa on Monday physically assaulted a crew member and was handed over to the security personnel after landing at the Delhi airport, according to the airline.

In recent months, there have been multiple incidents of unruly passenger behaviour onboard aircraft and the latest incident happened onboard flight AI882 enroute from Goa to Delhi. "The said passenger verbally abused the crew members and then went on to physically assault one of them on board."

PIONEER NEWS SERVICE ■ NEW DELHI

Historical Purana Qila in the National Capital continues to enthrall archeologists who recently unearthed a range of ancient artifacts such as a spoked copper wheel of Kushana era, an arrowhead of the Rajput period and coins dating from the Mughal reign from the site.

India now plans to showcase this treasure trove of its rich heritage and cultural diversity to foreign delegates during the forthcoming G20 Summit to be held here in September. The fresh round of excavation

Vaikuntha Vishnu

which began in late January is being led by archaeologist Vasant Swarnkar. This is the third round of excavations at the 16th Century Purana Qila, after excavations in 2013-14 and 2017-18 revealed nine cul-

G Kishan Reddy with artefacts

tural levels, representing different historical periods, including the pre-Mauryan period, Mauryan, Sunga, Kushana, Gupta, post-Gupta, Rajput, Sultanate, and Mughal period. It is one of "rare archae-

ological sites" in India where layers of history spanning over 2,500 years have been found, Swarnkar said, adding that painted grey wares (PGWs) were found in the first round of excavations in 2013-14.

Union Minister G Kishan Reddy who visited the site on Tuesday morning said, "This is the only site in Delhi-NCR where one can witness the continuous history of Delhi from the pre-Mauryan to Mughal period through the excavated remains. The findings showcase the rich cultural heritage of our country." The ongoing excavation, initiated in January 2023, aims to

establish a complete chronology of site. Currently, structures from the early Kushana level have been exposed, with a depth of 5.50 meters reached thus far. This excavation is expected to provide further insights into the ancient city of Indraprastha.

The excavation has yielded a remarkable collection of artifacts. Notable findings include a stone image of Vaikuntha Vishnu, a terracotta plaque of Gaja Laxmi, a stone image of Ganesha, seals and sealings, coins, terracotta figurines of humans and animals, beads of various stones, TC, and a bone needle.

SC and ST entrepreneurs to get assistance of Rs 18 to 72 lakh

STAFF REPORTER ■ BHOPAL

Under the chairmanship of Chief Minister Shivraj Singh Chouhan, the State Cabinet here on Tuesday decided to amend the MP Start-up Policy and Implementation Plan-2022 to provide facilities to Scheduled Caste and Scheduled Tribe entrepreneurs at par with women.

In these, a total of 18 percent maximum assistance of Rs. 18 lakh will be given on the funding/investment received by entrepreneurs of Scheduled Caste/Scheduled Tribe category and a maximum of Rs. 72 lakh will be given in four phases. In start-ups promoted by SC/ST entrepreneurs, their participation should be 51 percent.

The Cabinet sanctioned

Rs. 266 crore 71 lakh for the construction works as per the recommendation of the project examination committee to establish a new medical college in Damoh. According to the geographical location of Damoh, Tikamgarh and Panna region, Damoh is located in the middle and the distance of other medical colleges from these three regions is more than 100 km, with this decision, tertiary level medical facilities will be provided to the people of Damoh and nearby districts. Along with this, 100 MBBS seats in the medical field will also be increased for the students of the state.

Council of Ministers gave post-facto approval to the Forest Department's order to increase the compensation amount from Rs. 4 lakh to Rs. 8 lakh for loss of life, injury to

people and loss of animals caused by wild animals.

In order to provide financial assistance to the needy litterateurs and artists of the state in case of prolonged and serious illness, accident, natural calamity and death, the Cabinet has approved to issue new "Madhya Pradesh Artist Welfare Fund Rules-2023" scheme, modifying the artist welfare fund conducted by the Culture Department. In the earlier scheme, there was a provision to provide assistance of only Rs. 500 to Rs. 5 thousand to the needy writers and artists of the state in case of serious illness, accident, natural calamity and death.

The amount to be sanctioned on the recommendation of the competent committee constituted in the new scheme is to be increased

from a minimum of 25 thousand to a maximum of 1 lakh rupees, in which in case of death of the artist/litterateur, his successor will get a maximum of one lakh and for medical treatment a maximum of 50 thousand rupees can be given. A maximum of one lakh rupees can be given to a Divyang artist/writer for the treatment of disability. Among the family members, the dependent wife/husband of the writer/artist, dependent parents, dependent minor siblings, dependent minor children and dependent widowed daughter along with dependent Divyang siblings will also be included in the dependents.

After the fault in the national grid in the year 2012, the Central government has done various works in the

400/220 KV sub-stations located in the power houses of MP Power Generating Company Limited from the Power System Development Fund set up for the strengthening of the transmission system, with a total cost of 85 crores 35 lakh rupees, which was approved by the Cabinet. For this work, the State Council of Ministers has decided to give approval to provide Rs. 6 crore 54 lakh as share capital, Rs. 58 crore 86 lakh as grant from Power System Development Fund and Rs. 19 crore 95 lakh by MP Power Generating Company.

The Cabinet authorized the continuation of 6 thousand 474 temporary posts of the Narmada Valley Development Department till March 31, 2026, and authorized the Narmada Valley Development Department.

Chief Minister Shivraj Singh Chouhan felicitates students during an interaction and felicitation programme with meritorious students of high school and higher secondary and qualified aspirants of UPSC examination at Ravindra Bhawan. Pioneer photo

Biochemical markers in synovial fluid can help estimate time since death

STAFF REPORTER ■ BHOPAL

A groundbreaking cross-sectional comparative study conducted at the Department of Forensic Medicine and Toxicology, AIIMS Bhopal, in collaboration with the Department of Biochemistry, has shed light on a new approach to estimating the time since death.

The study, spanning over two years with a sample size of 60 deceased bodies, has successfully correlated biochemical parameters in synovial fluid with known time since death. The findings have the potential to significantly enhance forensic investigations and contribute to more accurate estimations of the post-mortem interval.

Led by Dr. Raghendra Kumar Vidua, Additional Professor of Forensic Medicine & Toxicology, along with Dr.

Ashok Kumar, Additional Professor of Biochemistry, Dr. Atul Keche, Associate Professor of Forensic Medicine & Toxicology, and Dr. Poova Raghavan, Junior Resident of Forensic Medicine & Toxicology, the study was meticulously conducted following ethical guidelines and obtaining informed consent from the deceased's next of kin.

The research team focused on analyzing the synovial fluid, collected from the knee joint of deceased bodies, to measure specific biochemical parameters including sodium, potassium, lactate, and total proteins. The analysis was carried out using a random access fully automated chemical analyzer. Results demonstrated a significant correlation between the tested biochemical markers, except for synovial sodium, and the time since death.

Notably, potassium and

lactate showed a significant positive correlation with time since death, while total proteins exhibited a significant negative correlation. These findings suggest that these markers can be utilized effectively to estimate the time since death, providing forensic investigators with more objective and reliable tools for their analyses.

Dr. Raghendra Kumar Vidua, the lead researcher, commented, "Our study marks an important milestone in forensic medicine, offering promising insights into estimating the post-mortem interval through biochemical analysis of synovial fluid. These findings have the potential to enhance the accuracy and objectivity of forensic investigations, ultimately aiding law enforcement agencies in solving crimes."

The study, which will soon be published in the esteemed

American Journal of Forensic Medicine & Toxicology, calls for further research with larger sample sizes and consideration of additional factors influencing the post-mortem interval to validate and expand upon the findings. The research team's work paves the way for future studies exploring the correlation between lactate and total proteins in body fluids, providing a more comprehensive understanding of their applicability in determining the time since death.

The results of this study hold great promise for the field of forensic medicine, offering a valuable contribution to the advancement of objective and scientifically sound methods for estimating the time since death. With continued research and validation, these findings could potentially revolutionize forensic investigations worldwide.

Condoms, contraceptive pills in marriage kits

STAFF REPORTER ■ BHOPAL

Condoms and contraceptive pills were discovered inside make-up boxes distributed to brides during a mass wedding event in Madhya Pradesh's Jhabua district. The event occurred as part of Chief Minister Shivraj Singh Chouhan's Mukhyamantri Kanya Vivah/Nikah Yojana, a scheme aimed at economically weaker women.

A total of 296 couples tied the knot during the event in Thandla. The distribution of condoms and contraceptive pills to newlyweds raised eyebrows, as they were included in the make-up boxes given to couples as part of the scheme.

Bhursing Rawat, a senior district official, attributed the incident to the state health department, suggesting that health officials may have included the contraceptives as

The distribution of condoms and contraceptive pills to newlyweds raised eyebrows, as they were included in the make-up boxes

part of a family planning awareness program.

Rawat clarified that the responsibility of the Mukhyamantri Kanya Vivah/Nikah Yojana was limited to transferring funds directly to the beneficiary's bank accounts and providing basic amenities such as food, water, and tents. At the same time, the distribution of the make-up boxes fell under the health department's jurisdiction.

The Mukhyamantri

Kanya Vivah/Nikah Yojana was launched in April 2006 by the Madhya Pradesh government to provide financial assistance for the marriage of women from economically weaker backgrounds. Under the scheme, the government offers Rs 55,000 to the bride's family.

The scheme has often been into controversies, the latest being brides asked to undergo pregnancy tests during a mass wedding event in the Gadsarai area of Dindori.

Presence condoms and contraceptive pills in the make-up boxes at the mass wedding has raised questions about the implementation and coordination between different departments involved in the scheme. The incident highlights the need for better communication and clarity to avoid such unexpected occurrences in the future.

Telangana foundation day to be celebrated

Bhopal: Under the Ek Bharat-Shreshtha Bharat programme under the leadership of Governor Mangubhai Patel, the celebration of integrity will be held at Kirti Mandir Vikram University campus in Ujjain on June 2, 2023, the foundation day of Telangana state. A short video film on Telangana state's brief history, state song will be screened in the programme. There will also be a display of cultural programmes from the state of Telangana. Men and women from the Telugu Sangam, Telugu Sanskritik Parishad and the Telugu community living in the state will participate in the festival.

Principal Secretary to the Governor D.P. Ahuja said that the Telangana State Foundation Day celebration is an initiative to develop mutual understanding and dialogue among the residents of different states of the country.

NHPC earns profit of Rs 3834 cr during FY 2022-23

STAFF REPORTER ■ BHOPAL

NHPC Limited, India's premier hydropower company and a 'Mini Ratna' Category-I Enterprise of the Government of India has declared its Audited Financial Results for the Financial Year 2022-23 with the approval of its Board of Directors.

The Company has reported Profit After Tax (PAT) of Rs 3834 Crore on standalone basis in FY 2022-23 against Rs 3538

Crore for the last fiscal, which is higher by 8%. Consolidated Net Profit for 2022-23 stood at Rs 3890 compared to Rs 3524 Crore in 2021-22, thereby registering an increase of 10%. NHPC Power Stations achieved generation of 24907 Million Units (MUs) in FY 2022-23.

The Board of Directors have recommended final dividend of Rs 0.45 per Equity share for Financial Year 2022-23 in addition to interim dividend of Rs 1.40 per share. Accordingly,

total dividend for FY 2022-23 is Rs 1.85 per share.

NHPC presently has an installed capacity of 7097.2 MW from 25 power stations and is presently engaged in the construction of 16 projects aggregating to a total installed capacity of 10489 MW. It also has 12 Projects with aggregate capacity of 5882 MW under clearance stage and 2 projects with aggregate capacity of 890 MW in Survey & Investigation stage.

CM to e-transfer unemployment allowance to 1.24L youths today

STAFF REPORTER ■
RAIPUR

Chhattisgarh Chief Minister Bhupesh Baghel will transfer unemployment allowance to 1,05,395 youths on May 31.

Last time, an amount of Rs 16.54 lakh was transferred to 66,185 youths as the first instalment of unemployment allowance, an official communication said on Tuesday.

Of this, there are 64,025 women or 39 per cent of the total number. The maximum number of

Last time, an amount of Rs 16.54 lakh was transferred to 66,185 youths as the first instalment of unemployment allowance,

youths is from rural areas. The official stated that

1,680 cases of application had gone for appeal as the eligibility is being counter checked. The time has been given to the applicants for filing their appeal before the district Collectors.

The system has provision of complaints in which 2,942 complaints were received. Of this, 1,425 complaints were redressed.

The youth under the schemes are also being imparted training. A total of 1,701 youths are undergoing training for job or business in 33 institutions across the state.

Rare Indian mouse deer spotted in Bastar

STAFF REPORTER ■
JAGDALPUR

A rare Indian mouse deer or spotted Chevrotain has been captured in a trap camera in the Kanger Valley National Park here in Chhattisgarh, it was announced on Tuesday.

Among the 12 species of deer found in India, the mouse deer is one of the smallest deer groups in the world, park Director Dhammsil Ganvir said.

It lives in moist forests with thick bushes, he said. It looks like a mixture of a mouse, a pig and a deer put together. It is the only group of deer without antlers.

Due to its shy nature, special research has not

been done on them, the official said. They had been until now mostly seen in the tropical moist deciduous forests of South Asia

and Southeast Asia.

The Indian mouse deer faces serious threats due to wildfires, encroachment and poaching, Ganvir said.

Women self-help groups of Kalpataru Multi-utility Centre at Serikhedi in Raipur are involved in making bakery items from millets.

The group has been doing this for the last three

years. The items are made from ragi, kodo, kutki, bajara, mushroom powder, drumstick powder, oats, choco chips and more based on demand, an official communication said on Tuesday.

Jai Maa Vaishnav Devi group linked member Priya Jangade said linking with the RIPA has opened a new

source of income. The women in the group are also involved in the manufacture of tree guards and LED bulbs.

C-Mart, Chhattisgarh Sanjeevani, Haat Bazaars and fairs are used to sell the products. The Forest Department also provides major orders. Each member earns around Rs 6,000 per month.

Suraji Gaon transforming rural C'garh

STAFF REPORTER ■
RAJNANDGAON

The Suraji Gaon Yojana has brought an unprecedented change and awareness in rural areas of Chhattisgarh, significantly improving the social and economic status of women.

Women from self-help groups have got acquainted with new areas of self-employment. They are equipped with information about various welfare schemes of the government.

Anupa Sahu from a Gauthan in Dhiri village in Rajnandgaon development block said that joining Gauthan proved to be a turning point in her life.

She said that livelihood activities such as vermicompost manufacturing, green-vegetable production and fish farming happen in

Gauthan.

Vermicompost, greens vegetables and locally manufactured household products are supplied to nearby Anganwadi centers.

She said there are 10

members in her Jai Maa Angarmoti Women Self Help Group who are collectively working towards financial empowerment.

Many members of this group have bought smart

phones with their earnings. Rural women have become adept in running all types of applications including Phone Pay, Google Pay and WhatsApp.

The women in the group

The women in the group earned Rs 2.50 lakh from the sale of vermicompost

earned Rs 2.50 lakh from the sale of vermicompost.

In Dhiri Gauthan, the Jai Ambe Maiya Women's Self Help Group, the Jai Ganga Maiya Women's Self Help Group and the Sheetla Women's Self Help Group are associated with various livelihood activities.

Chhattisgarh's Raigarh is all set to host the National Ramayan Festival. An impressive makeshift stage has been erected at the Ramleela ground for the event to be held from June 1 to 3.

Man held for accepting bets on IPL match

STAFF REPORTER ■
RAIPUR

Chhattisgarh Police on Tuesday arrested a 26-year-old man here for accepting bets on the final match of IPL.

Raipur Additional Superintendent of Police (Urban) Abhishek Maheshwari said Vinay Jain of Chudi Line area has been taken into custody.

Police seized a mobile phone and Rs 50,280 in cash from him.

He had accepted bets on the IPL match played between Chennai Super Kings and Gujarat Titans on Monday night.

Officer fined for draining off weir water for mobile

STAFF REPORTER ■
RAIPUR

The Chhattisgarh government has fined Rs 53,000 an officer who drained out 41 lakh litres of water from a weir in Kanker district to retrieve his mobile phone, it was announced on Tuesday.

The Water Resource Department (WRD) imposed a fine of Rs 53,092 on Rajesh Vishwas, who was a food officer in Pakhanjore in Kanker district.

Vishwas was charged with draining out the water using a diesel pump without permission after his phone fell into the weir on May 21.

The officer was fined Rs 43,092 at the rate of Rs 10.50 per cubic meter besides a penalty of Rs 10,000 for

wasting water from the weir, the department said.

The Kanker Collector

suspended him after the incident came to light on May 26.

In just one year, these Krishna Kunjs have transformed into lush green spaces adorned with numerous trees.

Under the scheme, 55,781 trees have been planted across 224 acres in 169 urban centres.

Aiming at motivating people to plant trees and save existing ones, the government has undertaken to develop Krishna Kunj in all urban bodies.

The initiative includes planting of trees that contribute to environmental balance and provide abundant oxygen including sandalwood, rudraksha, banyan, peepal, kadamb and more.

Additionally, Krishna Kunj promotes fruit trees like mango, tamarind, ber, ganga imli, jamun, tendu, chironji, pomegranate, kaitha, palash, bel and amla among others.

Farmers embracing crop diversification

STAFF REPORTER ■
RAIPUR/JANJIR-CHAM-PA

The introduction of the Rajiv Gandhi Kisan Nyay Yojana by the Chhattisgarh government has encouraged farmers to explore a wider range of crops.

The government offers a subsidy of Rs 9,000-10,000 per acre to farmers for cultivating crops other than paddy. Consequently, farmers in Janjir-Champa district are shifting from paddy cultivation to alternative crops.

Laxmi Jaiswal, a progressive farmer from Rasota village in the district, has shifted from paddy to groundnuts. He has benefited from subsidies offered under the scheme.

He is also receiving sup-

Laxmi Jaiswal, a progressive farmer from Rasota village in the district, has shifted from paddy to groundnuts

port from the agricultural department.

He explained that choosing alternative crops not only helps maintain soil quality but also ensures a steady and higher income during a specific period.

Presently, he is cultivating groundnuts on three acres of land, generating an income of about Rs 60,000 per acre and earning lakhs of rupees in total.

He intends to expand the cultivation of groundnuts in the upcoming season.

Will keep working harder, says Modi

Every decision was guided by desire to improve people’s lives: PM on Govt’s 9 yrs

PTI ■ NEW DELHI

Prime Minister Narendra Modi on Tuesday said his every decision was guided by the desire to improve the lives of people, as his government completed nine years in power.

“Today, as we complete 9 years in service to the nation, I am filled with humility and gratitude. Every decision made, every action taken, has been guided by the desire to improve the lives of people. We will keep working even harder to build a developed India,” he tweeted.

The Bharatiya Janata Party (BJP) has planned a month-long campaign from Tuesday to celebrate the ninth anniversary with various mass

connect programmes, with Modi himself scheduled to address a rally in Ajmer in Rajasthan on Wednesday.

Senior BJP leaders, including Union ministers and chief ministers, had on Monday highlighted the government’s achievements in a nationwide outreach.

From India’s “rising”

global stature to emphasis on national security, welfare measures like housing and toilets for the poor, boost to piped water supply, infrastructure growth and efforts to ramp up the manufacturing sector, were among the initiatives cited at the press conferences they held in every state of the country.

‘US accorded depth of friendship, strategic partnership to India’

PTI ■ NEW DELHI

The US has accorded a “depth” of friendship and strategic partnership to India that is unmatched in the world and it is set to expand further during Prime Minister Narendra Modi’s visit to Washington next month, US Ambassador Eric Garcetti said on Tuesday.

In an interview to PTI, Garcetti suggested that the two countries are working on certain agreements to bolster defence cooperation and they are likely to be firmed up when Modi visits the US or President Joe Biden comes to India in September for the G20 summit.

On challenges being faced by India from China along its land border as well as in the maritime domain, he said New Delhi can depend on Washington as it stands for respecting borders, sovereignty and the rule of law.

“We will protect and

defend these principles. If one country thinks that it can unilaterally change the status quo, that is unacceptable to all of us. We also want to deter action. We would like to see a more peaceful relationship with China for both India and the United States,” he said.

At the same time, Garcetti asserted that “bullying” by anybody would not be acceptable.

He said India-US partnership has assumed greater significance for the world in the context of the current geopolitical situation, asserting that the partnership is not only beneficial for the two countries but also for the globe.

India, Cambodia discuss capacity building, defence

PIONEER NEWS SERVICE ■ NEW DELHI

India and Cambodia on Tuesday reviewed the entire spectrum of their ties during talks here between Vice President Jagdeep Dhankhar and Cambodian King Norodom Sihamoni. They also held discussions on key areas like capacity building, defence and parliamentary cooperation here, the Ministry of External Affairs (MEA) said.

Earlier in the day, King Sihamoni was accorded a ceremonial welcome by President Droupadi Murmu at Rashtrapati Bhavan. Prime Minister Narendra Modi was also present to greet the King at the forecourts of Rashtrapati Bhavan.

Modi later tweeted, saying, “Delighted to welcome King HM Norodom Sihamoni of Cambodia. Our nations share deep historical and cultural ties, and we look forward to strengthening our friendship and cooperation even further. May his visit mark a new chap-

President Droupadi Murmu with Prime Minister Narendra Modi attends the ceremonial reception of the Cambodian King Norodom Sihamoni at Rashtrapati Bhavan, in New Delhi on Tuesday PTI

ter in India-Cambodia relations.”

In a tweet, External Affairs Minister S Jaishankar said he was honoured to call on King Sihamoni. “His visit, as our two countries celebrate 70th anniversary of our diplomatic relations, reaffirms the strong civilisational bond between us. Today that is expressed in cooperation in heritage conservation, demining, water conservation and socio-economic projects.”

Discussions between Dhankhar and the Cambodian King “covered multiple areas of bilateral relations, including

capacity building, conservation of architectural monuments, defence cooperation, including de-mining, parliamentary cooperation,” MEA spokesperson Arindam Bagchi said. In a separate tweet, the Vice President Secretariat said Dhankhar recalled the warm welcome and good discussions during his visit to Cambodia for India-ASEAN and East Asia Summits in 2022.

“They had wide-ranging discussions on bilateral relations and other issues of mutual interest,” it said.

The visiting dignitary on Tuesday morning paid tributes to Mahatma Gandhi at Raj Ghat. The Cambodian King arrived here on Monday on a maiden state visit. He is accompanied by a 27-member high-level delegation, including the minister of the royal palace, minister of foreign affairs and other senior officials.

The state visit marks the culmination of the celebrations of the 70th anniversary of diplomatic relations between India and Cambodia.

India to host SCO annual meet virtually

PNS ■ NEW DELHI

India will host the annual summit of the Shanghai Cooperation Organisation (SCO) in the virtual format on July 4. The Ministry of External Affairs (MEA) announced this on Tuesday but it did not cite reasons for holding the summit in virtual mode.

Last year, the in-person SCO summit took place in the Uzbek city of Samarkand that was attended by all top leaders of the grouping including Prime Minister Narendra Modi, Russian President Vladimir Putin and his Chinese counterpart Xi Jinping.

India assumed the rotating chairmanship of the SCO at the Samarkand Summit on September 16 last year.

“Under India’s first-ever chairmanship, the 22nd sum-

mit of the SCO Council of Heads of State will be held in the virtual format on July 4, chaired by Prime Minister Narendra Modi,” the MEA said in a statement. India hosted the foreign ministers of the SCO at a two-day conclave in Goa earlier this month. All the SCO member states — China, Russia, Kazakhstan, Kyrgyzstan, Pakistan, Tajikistan and Uzbekistan — have been invited to attend the summit, the MEA said.

“In addition, Iran, Belarus and Mongolia have been invited as observer states. As per SCO tradition, Turkmenistan has also been invited as the guest of the chair,” it said.

The SCO is an influential economic and security bloc and has emerged as one of the largest trans-regional international organisations.

India major player in world, says UN peacekeeping chief

PNS/AGENCIES ■ NEW DELHI/UNITED NATIONS

Appreciating the role of India in various United Nations (UN) peacekeeping missions, the UN peacekeeping chief has said India is a “major partner” in the UN’s strategy for the digital transformation of peacekeeping. He lauded the country’s commitment and engagement through key initiatives such as ensuring accountability for crimes against the Blue Helmets.

India is currently the third largest contributor of uniformed personnel to UN Peacekeeping, with over 6,000 military and police personnel deployed to Abyei, the Central African Republic, Cyprus, the Democratic Republic of the Congo, Lebanon, the Middle

UN Under-Secretary-General for Peace Operations, Jean-Pierre Lacroix PTI

East and Western Sahara.

“India is a major player in the world, in the UN, in multilateralism, and it’s a major player in peacekeeping as well, including but not only through the importance of its contribution in terms of troops and police. We’re also supported in many other ways, including in terms of the initiatives that we take to improve peacekeeping,” Under-Secretary-General for Peace Operations Jean-Pierre Lacroix told PTI in an exclusive interview.

The UN peacekeeping

chief highlighted the “important role” played by peacekeepers from India, one of the significant troop and police-contributing countries to UN peacekeeping.

Lacroix said India’s “engagement and commitment” in support of peace operations is critical, both politically through its contribution and in support of the department’s initiatives.

He further underlined the “role of India in supporting our initiative to make sure that peace operations will be up to speed in terms of digital technologies because this is absolutely critical. We have a strategy for the digital transformation of peacekeeping.”

The UN marked 75 years of peacekeeping and commemorated the International Day of UN Peacekeepers on May 29 with this year’s theme of “Peace begins with me”.

Three Indian peacekeepers, who lost their lives serving under the UN flag last year, were honoured posthumously with the prestigious Dag Hammarskjöld Medal at a solemn ceremony last week.

Rajnath attends swearing-in of Nigerian President, meets Indian diaspora in Abuja

Becomes first Indian Def Min to visit African nation

PNS/AGENCIES ■ NEW DELHI/ABUJA

Underlining the country’s fast expanding economy and progressive government actions, Defence Minister Rajnath Singh highlighted India’s growing importance due to these factors. He made this assertion while interacting with the Indian diaspora in Abuja, the Nigerian capital.

He arrived in Abuja on Sunday on a three-day visit, marking the first-ever visit of an Indian defence minister to the African country.

Rajnath represented India at the swearing-in ceremony of Nigerian President Bola Ahmed Tinubu on Monday.

Later on Monday, the defence minister interacted with the Indian diaspora in Nigeria at an event organised by the Indian High Commission in Abuja, an official statement said on Tuesday.

He emphasised the government’s focus on ‘Aatmanirbharta’ and the significant progress made in defence exports in recent years towards achieving the objective of ‘Make in India, Make for the World’, it said.

Rajnath highlighted India’s growing importance on the world stage owing to its fast-expanding economy.

The event was attended by members of the Indian community not just from Abuja, but also from other cities of Nigeria such as Lagos.

He appreciated the positive contributions made by the Indian community in Nigeria.

He also interacted with the senior Nigerian

Defence Minister Rajnath Singh attends the swearing-in ceremony of Nigerian President-elect Bola Ahmed Tinubu, in Abuja on Monday PTI

dignitaries, including the Chief Justice and Acting Minister of Defence, at a dinner hosted by the Indian High Commissioner.

Nigeria is home to more than 50,000 Indians. Indian-owned or operated companies and businesses are among the largest employers in the country.

ED raids locations in probe against J'Khand MLA case

PNS ■ NEW DELHI

The Enforcement Directorate on Tuesday conducted searches at various locations in Jharkhand linked to Congress MLA Pradeep Yadav and others as part of a money laundering probe.

The five-term legislator from the Poraiyahat seat of the State is presently the deputy leader of the party in the State Assembly. Sources said about a dozen locations linked to the MLA in the State were searched as part of a probe being conducted against him and others under the Prevention of Money Laundering Act (PMLA).

In 2022, the Income Tax Department had searched the premises of Yadav, and another party legislator as part of a tax evasion probe against some business groups engaged in coal trading and other illegal trading activities in Jharkhand.

Ludhiana court blast case: Supplementary chargesheet filed

PNS ■ NEW DELHI

The NIA has filed a supplementary chargesheet against two persons in the Ludhiana court complex bomb blast case, in which one person was killed and six others injured on December 23, 2021.

One of the chargesheeted accused, Lakhbir Singh alias Rode of Moga district of Punjab, is reportedly in Pakistan from where he had smuggled IEDs into India for triggering explosions across Punjab. He is Chief of banned outfit, Khalistan Liberation Force (KLF) and International Sikh Youth Federation (ISFY).

The other accused chargesheeted in the case on Tuesday, Harpreet Singh alias Happy Malaysia of Amritsar district, was arrested in December 2022 from the Indian Gandhi International Airport (IGIA), Delhi.

One can’t malign judicial officers by using social media, says SC

PNS ■ NEW DELHI

One cannot malign judicial officers by using Social Media, the Supreme Court observed on Tuesday while dismissing a plea challenging a Madhya Pradesh High Court order that sentenced a man to 10 days in jail for making corruption allegations against a District Judge. A conviction bench of Justice Bela M Trivedi and Justice Prashant Kumar Mishra said it was not inclined to interfere in the matter.

“Just because you don’t get a favourable order doesn’t mean that you will malign the judicial officer. Independence

of (the) judiciary doesn’t just mean independence from (the) executive but also from outside forces. This has to be a lesson for others also.

“He should have thought twice before casting any aspersions on the judicial officer. He maligning the judicial officer. Think of the damage done to the judicial officer’s image,” Justice Trivedi observed orally. The apex court was hearing a plea filed by Krishna Kumar Raghuvanshi, challenging the High Court judgment in a suo motu criminal contempt case initiated against him for making allegations of corruption against a District Judge.

‘Will return awards if Manipur’s territorial integrity compromised’

PTI ■ IMPHAL

International and national award-winning sportspersons from Manipur Tuesday said that they will return the prizes given to them by the government if the state’s territorial integrity is compromised. Eleven of them will submit a memorandum to Union Home Minister Amit Shah on the issue during his ongoing s tour of the state.

L Anita Chanu (Dhyana Chand awardee), Arjuna awardees N Kunjarani Devi (Padma Shri), L Sarita Devi and W Sandhyarani Devi (Padma Shri awardees) and S Mirabai Chanu (Padma Shri and Rajiv Gandhi Khel Ratna awardee) are among the 11 sportspersons. “If Amit Shah does not give us an assurance about the protection of the integrity of

Manipur, we will return our awards given by the Indian government,” Anita Chanu said at a press conference here.

If the demand is not met, then the sports persons will not represent India in the future nor will they train any budding talent, she added.

The 11 sportspersons went to submit a memorandum to Shah addressed to Prime Minister Narendra Modi but could not do so as the union

home minister had left for Churachandpur to meet Kuki victims and organisations.

“We have submitted a copy of the memorandum to Chief Minister N Biren Singh. He has assured us of arranging a meeting with Shah in the evening after his return from Churachandpur. We will hand-over the memorandum to him then,” Chanu said.

The memorandum is also signed by other Arjun awardees

from the state. They are Oinam Bembem Devi (also Padma Shri), N Soniya Chanu, M Biojit Singh, Y Sanathoi Devi, L Shushila Devi and M Suranjoy Singh.

In the memorandum, the sportspersons questioned the central security forces in controlling the violence despite “Kuki terrorists challenging the integrity of Manipur” by killing people and burning houses.

“We condemn such attacks on unarmed civilians, specially in the peripheral areas of the valley districts,” they added.

The sportspersons demanded revocation of the Suspension of Operation (SoO) agreement with Kuki militant groups, restoration of peace and normalcy at the earliest and protection of unity and integrity of Manipur.

“The demand to disintegrate Manipur is not acceptable under any circumstances,” the memorandum said and demanded deportation of all illegal immigrants.

The sports personalities also urged the government to lift the blockade on NH 2 as it has led to skyrocketing of prices of essential commodities.

The highway runs from Dibrugarh in Assam to Tuipang in Mizoram. It passes through Assam, Nagaland, Manipur and Mizoram.

“Meiteis are allowed to settle only in the valley which constitutes just about 10 per cent of the total geographical area of Manipur. Where will they settle after some years if the present system is allowed to continue? So, allow Meiteis to settle in the hills of Manipur,” the memorandum added.

Mamata destroyed political culture of Bengal: Congress

SAUGAR SENGUPTA ■ KOLKATA

The Congress has slammed Mamata Banerjee for destroying the political culture of Bengal by indulging horse-trading which was hitherto unknown to the State.

A day after the lone Congress MLA in the State Assembly Byron Biswas joined the Trinamool Congress barely three months after winning a by-election from minority dominated Sagardighi Assembly constituency,

Pradesh Congress president Adhir Chowdhury on Tuesday slammed the Chief Minister for polluting the political culture of the State.

“There has been political differences, there has been violence but never had there been horse-trading and defection like this ... this massive

drop in political has taken place during Mamata Banerjee’s time ... she has destroyed the political ethics of the State by engineering defections either with the help of ill-gotten money power or muscle and administrative power ... this dirty culture was unknown before Mamata Banerjee came to power in Bengal,” Chowdhury in whose parliamentary constituency Sagardighi is an Assembly segment said.

Biswas, a Left-backed Congress candidate, had won

the Sagardighi seat by a margin of more than 22,000 votes. The seat was won by the Trinamool Congress by 53,000 votes in the 2021 Assembly elections. “The Left-backed Congress candidate had won by 22,000 votes but in reality we had extracted a win by more than 70,000 votes,” said the Congress leader saying the people of Murshidabad district of which Sagardighi is a part would never forgive the TMC.

“The TMC has once again proved its conduct ... the anti-Congress and pro-BJP approach that became apparent in Goa, Meghalaya and Tripura where engineered defections in the Congress and then cut the Congress votes to help the BJP ... the people of Bengal are taking note of this ... they will give a reply in days to come,” Chowdhury said.

Didi seeks Centre’s permission to visit Manipur

SAUGAR SENGUPTA ■ KOLKATA

Close on the heels of accusing the BJP for trying to foment “Manipur-like” conflicts in her own State, Bengal Chief Minister Mamata Banerjee has written a letter to the Centre expressing her willingness to stand by the people of the north-eastern State in their hour of need.

“I want to be with the people of Manipur ... I have no intention to breach any protocol but wish to be with the peace-loving people of the state,” Banerjee said.

Quoting Banerjee a senior official too said, “the Chief Minister has been closely following the situation in Manipur and ... if the permission is granted permission then she may visit that State to stand by the people there.” The Chief Minister had been quite concerned about how the situation in Manipur was unfolding, he added.

Banerjee’s party had one MLA, Tongbram Robindro, in the Manipur Assembly, who had later had joined the BJP before the 2022 elections.

Incidentally, Banerjee had attacked the BJP in Bengal for trying to foment clashes in her State among various groups. Her statement came hours after a groups of alleged Kurmi protesters attacked the convoy of TMC national general secretary Abhishek Banerjee who was touring Jhargram district in the Jangalmahal areas of the State.

In the attack the car of Bengal minister and the Government’s tribal face Birbaha Hansda was shattered. Her driver, apart from some other TMC supporters were also injured in the attack leading the TMC to promptly take their sides saying the BJP was inciting the Kurmis to foment unrest between the tribals and the Kurmis in the Jangalmahal area.

Young man killed in cold blood in Anatanag, leaving behind wife, parents, impaired brother

MOHIT KANDHARI ■ THIAL

Deepu Kumar, an expectant father, working in a temporary amusement park set up by a private player in Janglat Mandi area of South Kashmir’s Anantnag district, was killed in cold blood by the two motor-cycle borne terrorists minutes after he stepped out to get some milk and bottled water before breaking bread with his wife late Monday night.

He leaves behind his pregnant wife, ageing parents, an elder brother with impaired eyesight and his family of four members including two children.

The Lieutenant Governor, Manoj Sinha has approved an ex-gratia of Rs. 5 lakh for the next of kin of Deepu.

A little-known outfit, Kashmir Freedom Fighter, believed to be a shadow outfit of the banned Pakistan-based Lashkar-e-Taiba, has claimed responsibility for the killing.

Sharing her last interaction

with her husband, Sakshi, who travelled in an ambulance along with her husband’s dead body, told reporters in village Thial, “after bringing food Deepak stepped out to get some milk and water. While he was returning I heard sounds of gunshots. I rushed out and saw he was lying there with his face towards the ground. Weeping inconsolably, she said, “We shifted him to the hospital but he succumbed”. Sakshi could not respond to a few more questions raised by the reporters to piece together the sequence preceding his killing near their camping site.

“Minutes before Deepu

was killed in cold blood he had also transferred a sum of Rs 3000”, confirmed his elder brother Raju while waiting to receive his mortal remains in his native Thial village of Majalta in Udhampur district.

Deepu Kumar was working in the circus for the last couple of years. According to local villagers in the area, Deepu Kumar’s family, was living in the village for almost one decade after relocating from their native Kathua district.

Sitting outside the mud-house with two rooms, one reserved for the kitchen and livestock, Mashu Ram, Deepu’s father, holding a passport size

photo, asked, “What was his fault? He was there to earn a livelihood for the family.” We want justice.

Abhi Sharma, the circus owner, said they were in the Janglat Mandi area for the past two months and planned to move to another destination within a day or two when the incident occurred. “The incident happened outside our camping site, which was well protected... We have our own private security,” Sharma said, demanding adequate compensation and a job for Kumar’s wife.

Soon after the mortal remains of Deepu arrived in his village a large number of local residents in the area raised anti-Pakistan slogans. The last rites of Deepu Kumar were performed in the presence of local villagers. Several local politicians and senior officers of the district administration and police officers offered floral tributes to Deepu Kumar before bidding adieu to an obedient son.

NCP slams Tendulkar for failure to bat for wrestlers

T N RAGHUNATHA ■ MUMBAI

On Tuesday when the Maharashtra government appointed him as its ‘Smile Ambassador’ for its ‘Swachh Mukh Abhiyan’, the Opposition NCP took a pot-shot at legendary cricketer Sachin Tendulkar for his failure to stand up for Indian wrestlers protesting against Wrestling Federation of India (WFI) president and BJP MP Brij Bhushan Singh over sexual harassment allegations.

Hours after the Maharashtra government signed a Memorandum of Understanding (MoU) with him appointing him as its ‘Smile Ambassador’ for its ‘Swachh Mukh Abhiyan’ in the presence of chief minister Eknath Shinde and deputy

chief minister Devendra Fadnavis of the BJP, the NCP’s national spokesperson Clyde Crasto took to twitter to question the ‘silence’ of the Master Blaster over the wrestlers’ ongoing protests against Brij Bhushan Singh.

Wondering sarcastically if the Maharashtra government’s newly-appointed “Smile Ambassador” knew the BJP MP’s continued support to

Brij Bhushan Singh “who has ‘Snatched the Smile’ of our wrestlers”, the NCP’s national spokesperson asked Tendulkar to “speak up for wrestlers and be their ‘Smile Ambassador’ too” “Dear @sachin_rt, good to know that you are being appointed by BJP led Maharashtra government as ‘Smile Ambassador’ for the State’s Swachh Mukh Abhiyan’ But do you know that

@BJP4India, to support their MP #BrijBhushanSharanSingh, has ‘Snatched the Smile’ of our wrestlers?,” Crasto asked.

“The wrestlers are seeking justice but BJP is turning a blind eye to protect their MP. Just like you, the women wrestlers of our country are our pride too. As a sportsperson it is your duty to support your fraternity. Hope you speak up and be their ‘Smile Ambassador’ too,” the NCP spokesperson said.

The NCP’s sarcastic dig at Tendulkar came on a day when the wrestlers reached Haridwar to throw their Olympic medals in the river Ganga in line with the manner in which greatest boxer Muhammad Ali threw his Olympics medal in the Ohio River after 1960 games to protest against the racial abuse he had gone through.

However, the Indian wrestlers deferred their plans, saying that they were giving five days to the Government to respond to their protests and if there was no response from the Government in the stipulated period, they would go ahead with their plan of throwing their medals into the River Ganga.

It may be recalled that the Indian Olympians like Vinesh Phogat, Bajrang Punia, and Sakshi Malik and 500-odd others were dragged, lifted and put into their vans by the Delhi police while they were heading towards the new Parliament building on Sunday. The wrestlers were detained on the ground that they were violating law and order. The wrestlers and other protesters were released from detention on Sunday night.

Niti Aayog appreciates ‘Black rice’ initiative in Chandauli

ARCHANA JYOTI ■ NEW DELHI

The Government’s premier policy think tank, Niti Aayog, has appreciated the ‘Black rice initiative in Chandauli, Uttar Pradesh’ noting that the unique innovation in the agriculture sector has enhanced the income of the farmers of the aspirational district.

Because of the huge demand for black rice in the domestic as well as global market, the farmers’ earnings have also shot up. “Income per hectare for farmers engaged in black rice cultivation has gone up from Rs 54,532 to Rs 2,55,500,” said the think tank.

However, at the same time, it pointed out that despite high returns, farmers were facing

problems in marketing the black rice in the absence of its GI (geographical indication) tag.

Presently, Manipur is the only State in the country which has been awarded the GI tag for black rice in 2020.

In its report ‘Best practices in social sector: A compendium 2023’ released recently, the Niti Aayog said that though black rice as such is not native to the area and is produced in

high quantities in Manipur, the UP district administration in 2018 started the experiment by promoting the product initially among a small group of 300 farmers.

The aim was to reap revenue benefits from the increasing demand in the global markets. “And since, black rice farming does not require any type of chemical fertilizer, now it is cultivated in all the blocks of the district with the help of Agriculture Department Chandauli.”

The district is already known as the “rice bowl of Uttar Pradesh”, where two-thirds of the population is engaged in agricultural sector, providing ideal conditions for the production of all types of paddy.

BJP to begin Maha Jansampark Abhiyan from May 31

PTI ■ MUMBAI

The Bharatiya Janata Party (BJP) will begin its Maha Jansampark Abhiyan, a month-long campaign, on Wednesday, during which it will reach out to 1,000 eminent persons from every Lok Sabha constituency, a party leader said on Tuesday. Talking to reporters, the party’s national general secretary Vinod Tawde said the campaign, which will begin on May 31, will continue till June 30.

“We have prepared a list of 1,000 persons from every Lok Sabha seat in the country, who have won civilian awards such as Padma or president’s medals during their service. With 543 seats in Lok Sabha, the cumulative figure comes to 5.5 lakh people in the country, who will be visited by the BJP’s union ministers or senior party functionaries during the reach-out campaign,” Tawde said. The visits

will be about the achievements of Prime Minister Narendra Modi-led government in the last nine years, he said.

“We will also apprise people about various developmental works undertaken or completed in the respective Lok Sabha constituency,” the BJP leader said. Apart from this, some public functions can be held near the development projects, which have been completed, such as highways and railway stations among others, he said. The BJP has also prepared a list of beneficiaries of 10 key Union

government schemes and has decided to organise gatherings for them, Tawde said.

The party plans to reach out to 80 crore people in the country in one month, and around 227 leaders, including union ministers, party functionaries and state-level leaders, will participate in the drive, he said. The party has also mandated all elected representatives to spend the last 10 days of June in their respective constituencies and have door-to-door interaction with people, Tawde said. At least 12 rallies of Prime Minister Narendra Modi will be organised in three to four constituencies. Senior leaders J P Nadda, Union Home Minister Amit Shah, Defence Minister Rajnath Singh, Union Minister of Road Transport and Highways Nitin Gadkari and Women and Child Development Minister Smriti Irani among others will also hold similar rallies, he said.

₹2K notes withdrawal a setback for Naxalites: Maha police

PTI ■ NAGPUR

The Reserve Bank’s announcement of withdrawal of Rs 2,000 currency notes has come as a setback for Naxalites as their funds collected by way of extortion are mainly in this denomination, a senior police official in Maharashtra claimed on Tuesday.

The police in the Naxal-affected Gadchiroli district are on alert as Naxalites have become active to exchange the Rs 2,000 notes lying with them, he said. Notably, two persons were last Thursday arrested in Bijapur district of neighbouring Chhattisgarh with Rs 6 lakh in Rs 2,000 currency notes allegedly belonging to a Naxalite commander, as per the police.

The Reserve Bank of India recently announced the withdrawal of Rs 2,000 notes from circulation and asked people to deposit them in banks or get

them exchanged till September 30. Speaking to PTI, Deputy Inspector General, Gadchiroli range, Sandip Patil said the withdrawal of Rs 2,000 notes is a “setback” for Naxalites as the money extorted by them from contractors of tendu leaves and PWD is mainly in this denomination and hidden at various places in forests.

The Gadchiroli police have got intelligence inputs that Naxalites have become active to exchange the Rs 2,000 notes lying with them, he said.

This has come to the fore from some of the recent incidents in Chhattisgarh, he said.

22 MLAs and 9 MPs from Shinde Shiv Sena could quit party, claims rival Shiv Sena (UBT)

PTI ■ MUMBAI

The Uddhav Thackeray-led Shiv Sena (UBT) on Tuesday claimed 22 MLAs and nine MPs from rival Shiv Sena were feeling suffocated due to “step-motherly treatment” by the BJP and could quit the group led by Maharashtra Chief minister Eknath Shinde.

Latching on to Shiv Sena MP Gajanan Kirtikar’s remark that his party was getting step-motherly treatment, an editorial in Shiv Sena (UBT) mouthpiece ‘Saamana’ dubbed the Shinde group MLAs and MPs as “hens and cocks” imprisoned in the Bharatiya Janata Party’s (BJP) coop and that it cannot be said when they could be slaughtered.

It said Uddhav Thackeray-led Shiv Sena (then undivided) severed ties with the BJP (in 2019) due to the same “step-motherly treatment” which became unbearable,

and also for its safety and self-respect.

The Thackeray-headed Shiv Sena exited the National Democratic Alliance (NDA) in 2019 and joined hands with the Congress and Nationalist Congress Party to form a government in Maharashtra. After the split in the Sena last year, Shinde joined hands with the BJP to become CM.

Kirtikar, the Lok Sabha member from Mumbai, on Friday said, “We are part of the NDA.... So our work should be carried out accordingly, and (NDA) constituents should get a (suitable) status. We think we are being given step-motherly treatment.”

The editorial in Saamana on Tuesday said reports are that Shinde group’s “22 MLAs and nine MPs are feeling suffocated because of step-motherly treatment by the BJP and they have developed the mindset to quit the group.”

PAPER WITH PASSION

Confident Congress

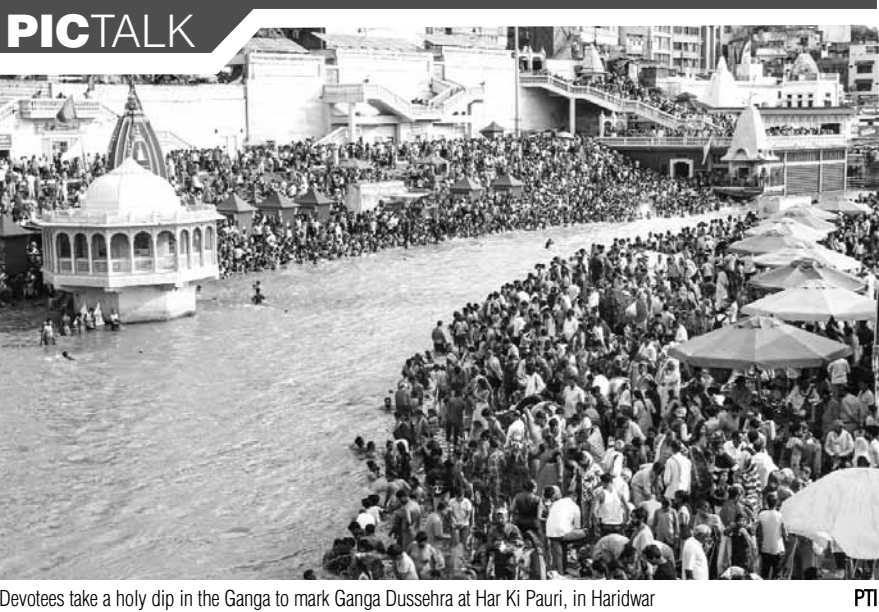

The party hopes to reconcile the differences between Gehlot and Pilot

Victory, John F Kennedy said, has a thousand fathers. All of them nourish it further, making it grow strong, resilient and confident. The landslide mandate that the Congress received in the recently-concluded Assembly election in Karnataka seems to have galvanised the grand old party in more than one way. It has certainly broken the toxic mix of sloth and inertia on fratricide in Rajasthan. On Monday, the high command summoned Chief Minister Ashok Gehlot and his political rival and former deputy Sachin Pilot to Delhi. The duo had four-hour-long discussions with Rahul Gandhi and party president Mallikarjun Kharge. "Both leaders have unanimously decided to work together and left the decision on the high command," senior party leader KC Venugopal reportedly said after the meeting without divulging any details. On the face of it, this was an anodyne statement, but GOP leaders must have heaved a sigh of relief that the two desert warriors sat together after a long time. This is important as the Assembly election in Rajasthan is due later this year, especially as the State is known for changing government every five years. As it is, the no-holds-barred fight between Gehlot and Pilot has hurt the party's image in the State. Some time ago, the party may have feared a repeat of Rajasthan in Karnataka. Now, having reconciled the differences between Chief Minister Siddaramaiah and State party chief DK Shivakumar, the GOP would like to do a Karnataka in Rajasthan.

It may not be easy, though, for the Congress. The fight between Gehlot and Pilot was quite intense in which many red lines were crossed. Gehlot had made several uncharitable remarks about Pilot. Pilot, on his

part, had been denouncing the Gehlot Government over inaction on alleged corruption during the previous BJP government under Vasundhara Raje. The big question is: would Gehlot and Pilot be willing to bury the hatchet? It is not just the GOP leadership but the entire Opposition would like them to, for if that happens, not only the Congress would be in a stronger position to take on the Bharatiya Janata Party in the forthcoming State polls but also in the 2024 general election. Further, as an upshot, the entire Opposition would gain strength. Many Opposition leaders are trying to forge an alliance against the Bharatiya Janata Party. Bihar Chief Minister Nitish Kumar will be holding a meeting in Patna in a few days; Nationalist Congress Party leader Sharad Pawar is working towards that end. All these attempts, along with the Congress' newfound confidence, can make arithmetic favourable for the Opposition, but that may not be enough. As we mentioned earlier, Prime Minister Narendra Modi is not the BJP's solitary trump card; the saffron party has also been able to entrench its narrative in political debate—the narrative of muscular nationalism, Hindutva, and unprecedented infrastructure development. The Opposition doesn't have a viable alternative to that.

Devotees take a holy dip in the Ganga to mark Ganga Dussehra at Har Ki Pauri, in Haridwar

Innovative ways to beat the smoking urge

Owing to increasing consumption of tobacco across the world, the WHO dedicated May 31 to commemorate 'World No-Tobacco Day' in 1987

Consumption of tobacco is injurious to health. Everyone around is aware of this fact, however, for the majority of tobacco users, the allure of tobacco and the cravings it evokes can be overpowering. Owing to the increasing consumption of tobacco among individuals worldwide, WHO dedicated 31st May to commemorate World No-Tobacco Day every year since 1987. However, the urge to indulge in smoking is mostly irresistible to tobacco users and thereby to battle those urges, it is crucial to bear in mind that it will typically subside within 10 minutes, regardless of whether or not you succumb to the temptation. Let us explore some innovative and effective methods that can aid you in fending off the urge to smoke or utilize tobacco when cravings strike.

- **Embrace Nicotine Replacement Therapy:** This therapeutic approach encompasses various options, such as prescription of nicotine administered via nasal spray or inhaler, Over-the-counter nicotine patches, gum,

and lozenges, or prescription of non-nicotine cessation medications like bupropion (Wellbutrin SR, Wellbutrin XL, etc) and varenicline. These swift-acting treatments are generally safe to use alongside long-acting nicotine patches or non-nicotine cessation medications.

- **Steer Clear of Triggers** – One must be aware of the triggers that prompt one to smoke. It is most likely that the potency of tobacco urges gets most pronounced in settings where one habitually smokes or chews tobacco. For instance, parties, bars, moments of stress, or while savouring a cup of coffee are likely scenarios. Identify your triggers and devise a plan to avoid them.
- **Social networking:** The formation of social networks by persons who

have successfully quit smoking, and their motivation for persons in the process of quitting may help psychologically.

- **Employ the Power of Delay-** When struck by tobacco craving, challenge yourself to postpone its enchantment by an additional 10 minutes. During this time, engage in activities that successfully divert your attention. Consider venturing into a smoke-free zone within your vicinity. Employing these simple but effective tactics might be sufficient to surmount the craving.
- **Channel Your Chewing Impulses-** Offer your mouth an alternative activity to ward off tobacco cravings. Chew on sugarless gum or relish a piece of hard candy or else savour the crunch of raw carrots, nuts, or sunflower seeds for distraction.
- **Beware of the Illusion of "Just One"**- The allure of succumbing to the illusion of satisfying a smoking craving with a single cigarette is compelling. However, do not deceive yourself into believing that

AMBARISH JOSHI

stopping at one will suffice. More often than not, indulging in a solitary cigarette will lead to another.

- **Harness the Power of Physical Activity-** Physical exertion possesses the capacity to divert your attention away from tobacco or smoking cravings. Even brief bursts of activity, such as ascending and descending stairs several times, can successfully reduce the craving, or a brisk walk or jog. Quitting smoking is one of the best things you can do for your health with these innovative ways depending on the individual's preferences. Some people find success with nicotine replacement therapy, while others prefer to quit cold turkey. Several support groups can aid avid smokers in quitting. No matter which method you choose, it is important to be patient and persistent because quitting smoking is not easy; however, it is certainly worth it, for your health.

JAGAN'S FOUR YEARS AT THE HELM

Sir — The YSRCP-led Government, with Jagan Mohan Reddy at the helm in AP, has completed four years of rule this day. The tenure has affected greater strides in the welfare sector even in the trying times of corona. The focus on education and public health sectors has remained its key characteristic. The creation of new districts, Village level secretariat system, and the employment of volunteers to help the beneficiaries to get the benefits at their doorsteps in every village are some innovative steps in its endeavour to bring the rule to the masses. That ninety-eight per cent of promises in the party's manifesto got

realised in four years of rule is no small fete and is commendable.

DVG Sankararao | Vizianagaram

STATISTICAL JUGGLERY

Sir — If the attainment of the statistical jugglery of "Century of Centuries" by a certain "God" had at last allowed every Indian to afford "peaceful sleep" at night (as learned from the tweet of a Bollywood star) despite billions of them cruelly banished from minimum basic amenities of food attire shelter medicine and livelihood with little children languishing in labour market instead of getting educated in schools; then there lies no doubt to the fact that the New Parliament building that was

realised in four years of rule is no small fete and is commendable.

recently inaugurated in New Delhi will also make every Indian "proud"!

Also, it is very easy to dedicate this extravaganza of several thousands of crore to the poor, but it is a wonder how can such a "dedication" arrive as a "messiah" of the billions of the downtrodden and eradicate their woes and unfathomable burning problems plaguing them day in and day out! However, if you are not "anti-national"; then such assertions should be necessarily treated as "true" as it is being repeated long, loud and convincingly enough!

Indo-Nepal ties will flourish on trust

Political engagement between the countries is missing for some time now. The historicity of bilateral relations will depend on Prachanda's longevity as PM

PM Pushpa Kamal Dahal Prachanda will finally arrive today on a four days visit. Prachanda's first visit was a state visit when he came after the 10 April 2008 Constituent Assembly elections to 575 elected seats (out of 601) after the monarchy was dismantled and Nepal declared a federal democratic, secular republic. Prachanda who won peace after ten years of civil war, became Nepal's charismatic leader and beloved hero, his party winning 227 seats more than Nepali Congress (110) and CPN UML (103) combined.

It was a rude shock for India which had put its money on Nepali Congress. Still, it tried to adjust to Maoist ways to give Prachanda a grand welcome with the expectation that he would be sensitive to India's concerns and national interests. That hope was belied as Prachanda had ideas of a People's Republic chasing which he was forced to resign. The rest is a legend. In the second CA elections in November 2013, Maoists won 81 seats. Prachanda's second visit was in 2016-17 when he switched to NC from UML for power-sharing with NC PM Sher Bahadur Deuba. After the 2017 elections, Maoists won 53 seats and were forced to join the Left alliance which won a nearly two-thirds majority but Prachanda's hopes of becoming Prime Minister in a power-sharing deal with PM KP Oli never materialised.

In November 2022 elections his party slumped to 32 seats but all through the electoral cycles, CPN (Maoist Centre) even with declining numbers, remained the number 3 party – the kingmakers – with NC and UML alternating as the single largest party. Prachanda's reduced strength and power had not dimmed his ambition to be the prime minister. He demonstrated political dexterity in switching coalitions earlier this year to remain PM. Nepal's mixed electoral system makes a single-party majority unlikely. People

frustrated with the non-performance of older parties, voted TV anchor, Rabi Lamichhane, as leader of the fourth largest Rashtriya Swatantra Party (22

seats) and the rapper Balen Shah, Mayor of Kathmandu humbling NC, UML and Maoists.

The three by-polls held in April in which RSP won two seats with overwhelming numbers including one from an NC stronghold have rung alarm bells for all political parties. Prachanda wants to revive the fortune of Maoists with India's help. That is why Prachanda wants to make his present visit historic and a game changer in India-Nepal relations for which he has to win back India's trust and most of all, the trust of the people of Nepal. He is now part of the eight-party coalition led by NC, along with CPN (Unified Socialist), Janata Samajwadi Party, Loktantrik Samajwadi Party, Janmat Party, Nagarik Unmukti Party and Rashtriya Jan Morcha. It is a different Prachanda who as Prime Minister leads the coalition and his party. He has to undo the pro-China image that he shed long ago that went unnoticed by New Delhi's political elite. This will not be easy in a Left-Right coalition.

Prachanda has to remould his party with a makeover of leadership. India should be impressed that Prachanda unlike in 2008 when he went to China first, has this time declined Beijing's invitation for the Boao Forum in March and declared his intention to

LETTERS TO THE EDITOR

ELECTIONS IN J&K

Sir — A couple of days back, Chief Election Commissioner Rajiv Kumar dropped hints for the Jammu & Kashmir going to polls in the not-too-distant future even as Democratic Progressive Azad Party president Ghulam Nabi Azad, at a Party function in Akhnour Sector on Sunday said that if his DPAP comes to power, he will see to it that no elements disturbing the brotherhood and communal harmony in the Valley rears head. Simultaneously, Mr Azad also emphasized that people should rise above personal aggrandisement and also promised to fight for the restoration of Kashmir's Statehood and the rights of the land and jobs for Kashmiri people.

Notably, former Congress stalwart Mr Azad parted ways with his former party following his differences with the leadership getting deepened following the latter's indifference towards the former even forcing him to float his outfit DPAP. Interestingly, an AAP state leader Ratan Lal along with his supporters joined the DPAP welcoming whom Mr Nabi said that there is no room for those who are against the communal harmony and brotherhood in J&K, in his party.

That ninety-eight per cent of promises in the party's manifesto got

AT A POWER SUMMIT HELD IN KATHMANDU IN APRIL, NEPALESE POWER TRADERS COMPLAINED THAT INDIA HAD NOT PROVIDED FULL ACCESS TO POWER MARKETS AS PER THE MoU OF 2014

visit India first despite the scheduling and cabinet formation difficulties. New Delhi has not sent the right signals by failing to give an earlier date for his visit. It would have added to the credibility and stability of the coalition government. During the last Prime Ministerial visit of Mr Deuba last year, no major agreements were signed. Wait, watch and act after the November 2022 elections were India's policy. Mr Dahal has proved his nimbleness by securing three votes of confidence, signing two Common Minimum Programmes and getting the budget passed last Monday. He is also seen to be acting against corruption.

One of the key expectations of Nepal is a more fair and liberal power trade agreement. At a power summit held in Kathmandu in April, Nepalese power traders complained that India had not provided full access to power markets as per the MoU of 2014. New Delhi has so far permitted the sale of 452.6 MW whereas Kathmandu wants to sell 1000MW of power. There are other restrictions to the sale of power especially from projects with any connection with Chinese companies or Chinese contractors. Besides trade with India, it wants to diversify – sell to Bangladesh also. Connectivity

is the other big expectation.

The DPR of the 136 km Raxaul-Kathmandu railway project spurred by an earlier Chinese proposal of a Railway from Kirung to Kathmandu has to be progressed. It is estimated to cost USD 2.5bn for which Nepal wants a grant. Nepal is also interested in India setting up a fertilizer plant and/or a pipeline similar to the petroleum pipeline from Birgunj to Amlekhgunj. The Pokhara international airport built by the Chinese with a China Eximbank loan remains confined to domestic use because of Indian reservations. Another issue that may come up is Agniveer due to which Gorkha's recruitment from Nepal is in suspended animation. Overall 12 MOUs are to be signed which is historic.

Political engagement between leaders missing for some time now requires restoration. The historicity of bilateral relations will depend on the stability of the coalition and Prachanda's longevity as PM. In some ways they are interdependent.

(The writer, a retired Major General, was Commander, IPKF South, Sri Lanka, and founder member of the Defence Planning Staff, currently the Integrated Defence Staff. The views expressed are personal)

Humiliating wrestlers is shameful

One of the most enduring images was not the temple of democracy being inaugurated by our PM but that of the wrestlers being pinned down by the group of Delhi police. When the PM was inaugurating the New Parliament building and giving a discourse on democracy the daughters who brought laurels to the country by winning medals were dragged by police to the ground. While PM carried the Sengol in one hand and worked the impression that the Sengol would now guide Government with morality and judiciary and on the other side our National flag was crushed to the ground. The most distressing matter is the wrestlers were carrying the tricolour in their hands, while police dragged them on the road and the tricolour was fallen on the ground—the same tricolour flag had been hoisted on the foreign soil by these wrestlers when they brought home their laurels. The ill-treatment met to the daughters of this country is a sad development and police calling the plays

as anti-national activities is wrong the brutality done to our players proves that democracy is in peril.

The arrogance of the BJP Government by mercilessly trampling the voices of our women players under its boot is grossly wrong and condemnable. By opening the new Parliament building PM says Naya Joshi, Naya Umang, Naya Safar, Naya Soch, Naya Disha, Naya Drishti and Naya Sankalp but another side he is maintaining stoic silence when there are tears in his eye sports persons who won laurels for this country.

The police are protecting the oppressors and harassing the daughters of the country. The champion wrestlers are agitating for one month against the Bahubali of BJP Party Brij Bhushan Sharan Singh, demanding his arrest for the alleged sexual harassment of several women grapplers, including a minor and it is a matter of great shame that the Government is safeguarding him. The accused is openly roaming around and is seen in the New Parliament building. What a pity that a rapist is invited to the opening of a new Parliament building and the head of the Constitution the President of this country is not invited?

The sports persons have made our country proud on several occasions and now they don't deserve this treatment.

BE MINDFUL OF YOUR SURROUNDINGS

Mindfulness can be practised by anyone irrespective of any faith or religion

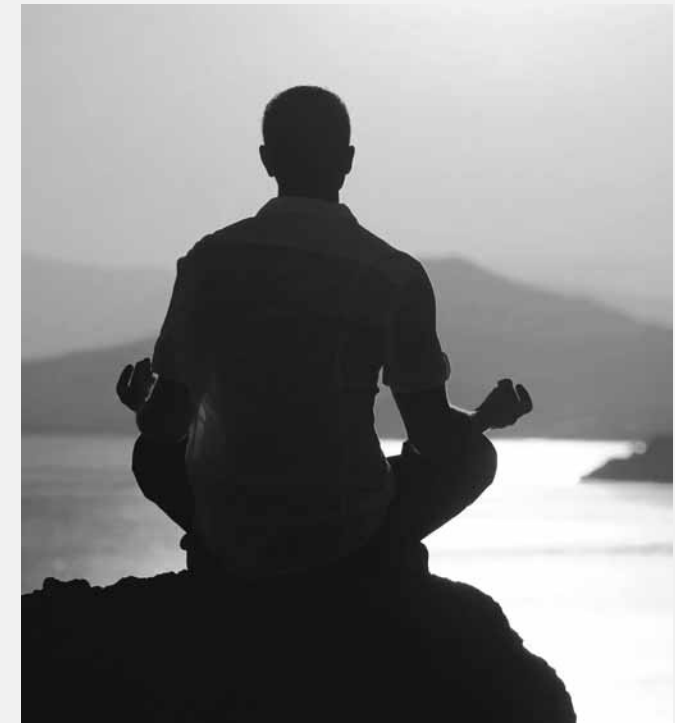

SAKSHI SETHI

A beautiful life is not stumbled upon rather it is built. It not only allows many alternative views to how one looks at an experience but also allows the individual to go beyond the capabilities of someone who is mindless. Mindfulness is the key to having an adventurous and exciting life. Mindfulness in its simplest form means being able to pay attention to the present moment, without judgment and criticism. Life without mindfulness is no life at all.

The origin of mindfulness is rooted in Buddhist philosophy and practice tradition which is more than two and a half thousand years old. However, this does not mean it is only for monks or priests rather it is a way of connecting with the natural quality of awareness and presence which all human beings have. Mindfulness can be practiced by anyone irrespective of any faith or religion and involves training the mind and doesn't enforce any religious belief system. When an individual gets blinded by their success it begins to change their perspective on their relationships with their peers, friends and families. The individual develops a false impression that their circle needs them more than they do.

Mindfulness means non-judgemental awareness i.e., knowledge of what is going on inside and outside ourselves, moment by moment. Various research has shown that meditation is a type that encourages mindfulness and can improve many aspects of individuals' lives. Some people just live on autopilot when in reality there are so many amazing things in our daily surroundings that are meant

to be noticed. Being mindful and becoming more aware of the present moment means noticing the sights, smells, sounds and tastes that one experiences as well as the thoughts, feelings and sensations that occur from one moment to the next. A strong impact is made on health and overall well-being by what and how an individual thinks and feels, how they talk to themselves and what views they take about what's happening in and around them.

Mindfulness is the practice of purposely focusing an individual's attention on the present moment and accepting it without judgment. It is today, one of the most talked about developments in human psychology and innumerable researches are being undertaken across the globe to understand its positive effects and implications.

What mindfulness does is that it allows an individual to reduce their stress and anxiety related to issues in the past or anticipated issues in future? It helps to recognize that it is the present - 'the now' that is more important than any other moment. Remember, a person becomes what he surrounds himself with. Energies are contagious. So, one should choose carefully as it's the individual's chosen environment that makes or destroys them.

Modi and his ‘India First’ governance

The ‘India First’ policy has also been guiding the nation on the path of expansion of economy. PM Modi has given special focus to infrastructure

TARUN CHUGH

Prime Minister Narendra Modi has given India First governance in the last nine years. In each area of governance, India First has been the guiding principle. India's national interests guide the governance. In the last nine years, PM Modi has shown a 'Yes, we can do it' approach. This has worked wonders.

India is now the fifth-largest economy. The developed world wants India on its side. Developing countries want India to be their voice. The poor nations look at India with hope. The small island nations in the Pacific, Indian Ocean, Caribbean, and elsewhere have seen India as their saviour. African and Latin American nations have seen Indian healing touch when the Covid-19 pandemic wreaked havoc with death tolls.

It was PM Modi who went to Australia in 2014, after a gap of 28 years, to deepen the bond between the two nations. Now, India and Australia are strategic partners. There are several countries, including Papua New Guinea, where PM Modi's visits were the first in several years. This approach with 360-degree foreign policy has helped India in gaining several friends and well-wishers all across the globe. Now, Indians in any part of the world are warmly received. The Indian passport has weight at the immigration offices. Indian tricolour is well recognized. This was made possible by PM Modi's India First policy and also by putting into practice the ancient philosophy of 'Vasudhev Kutumbkam'.

PM MODI HAS ALSO FREED THE ENTREPRENEURIAL POWER OF THE YOUTH OF THE COUNTRY. THIS HE DID BY PUSHING THE 'INDIA FIRST' POLICY IN THE SPHERE OF THE ECONOMY

(Author is the BJP national general secretary)

PM Modi has also freed the entrepreneurial power of the youth of the country. This he did by pushing the India First policy in the sphere of the economy. The GEM (Government e-Marketplace) portal has eliminated the scope for middlemen. This has helped the businessmen without any bias and hindrance to bid for the procurements by the government departments. It brought much-needed confidence among the businessmen that they can take part in economic activities without paying bribes.

The spread of confidence touched the youngsters. Over one lakh startups were founded in recent years. More than 100 are now unicorns, gaining a valuation exceeding \$1 billion. One such startup from Hyderabad even launched a small satellite. PM Modi's India First policy saw the government opening the space sector to private companies. Now, hundreds of startups are working in the space sector by taking advantage of the opening up of the sector.

The India First mantra brought the 'Panch Pran of Amrit Kaal' - The goal of developed India; to remove any trace of colonial mindset; take pride in our roots; unity among all Indians; and a sense of duty among citizens.

The five guiding principles were backed by actions, and they are showing results. India improved its ranking in the ease of doing business, by moving from 142 in 2014 to 63 in 2019, which now has moved to 43. Several offences in the Companies Act were decriminalized to instil confidence among businessmen.

The India First policy has seen unemployment declining to 6.5 per cent in January 2023 from 7.2 per cent in January 2020. The skilling of the youth has gained pace. Bilateral agreements with a few developed countries for skilling the youth to their requirement has added more momentum. The state governments have also now realized that they must dedicate their resources to the skilling of the youth.

This again is the result of the India First policy of PM Modi. India has emerged as the second largest manufacturer of mobile phones. India has also taken a huge stride in the automobile sector. India's First policy guided in policy thrust to gain self-reliance in the manufacturing of chips. Two big-ticket FDI's have come to Gujarat and Karnataka to help India achieve self-reliance in the manufacturing of chips.

India's First policy again was in action when PM Modi

launched the Atmanirbha campaign for the defence sector. Several of the weapons, ammunition, equipment and others which were imported in the past have to be compulsorily manufactured within India. This shift has created a vibrant private sector working in the defence area. Also, a number of startups have joined the Atmanirbha campaign. The linkages with the research and development agencies of the government with the private sector as part of the hand-holding exercise have helped in creating competitive firms, that are competing with the best in the world.

The India First policy has also been guiding India on the path of expansion of the economy. PM Modi has given a special focus on infrastructure. PM Gati Shakti Scheme has become a key intervention.

India is also looking to become a top global destination for tourists. With the G20 presidency, PM Modi has brought the positive image of India to several countries. Now, the people in several countries are curious about India. It is to the credit of the India First policy of PM Modi that the policy attention has been given to sectors that were never paid attention to and they are now giving new dimensions to the economy.

Children with disabilities need robust policies for support

The National Family Health Survey must include specific questions about disabilities to help formulate appropriate policy

India has 2.68 crore persons with a disability, according to the 2011 Census. However, with the Rights of Persons with Disabilities Act, of 2016, now recognizing 21 types of disabilities, this number is expected to increase manifold. A robust policy is critical to encompass their aspirations and ensure all persons with disability achieve their full potential and play an active part in nation-building.

This is why the recent decision to drop questions related to disability from the sixth National Family Health Survey (NFHS), scheduled to begin on July 1, 2023, is inexplicable. The NFHS, conducted every three years, collects data on a gamut of development indices vital to inform policy and programmes.

SWAPNA MAJUMDAR

(The writer is a senior journalist. The views expressed are personal)

This survey, which covers approximately seven lakh households across the country, is an important tool to gather data on whether people with disabilities have access to basic amenities and other government programmes.

However, at a time when the need to ensure no one gets left behind is doubly important considering the ravages caused by Covid, the exclusion of questions on disability is an opportunity lost to gather disaggregated disability data.

An Opportunity Lost

According to the Disability Rights India Foundation (DRIF), a non-profit working for disability rights, disability disaggregated data is the cornerstone for disability-relevant services. Instead of sharp-

ening its questionnaire related to disability, NFHS has reversed the process by removing disability-related questions altogether.

Considering that India is a signatory to the Convention on the Rights of Persons with Disabilities (CRPD) and Sustainable Development Goals (SDGs), this regressive move contradicts its principle of "leaving no one behind" under the Rights of Persons with Disabilities Act, 2016. In India, PwDs experience an average loss of 10-17 years in life expectancy. Creating pathways to change this and make health services disability inclusive requires access to comprehensive health data which NFHS could have provided.

Children with disabilities are disadvantaged on most

measures of child well-being. In comparison to children without disabilities, children with disabilities are 24% less likely to receive early stimulation and responsive care; 42% less likely to have never attended school; 32% more likely to face corporal punishment; 47% more likely to be out of primary school, 33% more likely to be out of lower secondary school and 27% more likely to be out of upper secondary school; 51% more likely to feel unhappy and 41% likely to feel more discriminated against.

Now consider the fact that

one-third of disabilities in children are preventable if detected early and empowered with timely interventions. A roadmap based on accurate data to reach about 20.42 lakh children in the 0-9 age group with some form of disabilities, either congenital or acquired, could be life-changing.

It is no secret that existing disparities were exacerbated by Covid. In the context of education, data shows that before the pandemic, more than 4.1 million girls were not going to school across India. The closure of 1.5 million schools during the pandemic impacted over 247 million children enrolled in elementary and secondary schools, including 37 million with disabilities.

A 2020 survey by Swabhimana, a community-

based organization working for the rights of persons with disability, in Odisha, Jharkhand, Madhya Pradesh, Tripura, Chennai, Sikkim, Nagaland, Haryana and J&K found about 43% of children with disabilities planned to drop out due to hardships in online education.

It is not just the lack of access to educational aids that impedes the well-being of a PwD. They have little or no access to health services as information about disease symptoms and prevention, is not provided in accessible formats such as print materials in Braille, sign language interpretation, captions, audio provisions and graphics.

Women with disabilities are doubly marginalised on account of their disability and

their gender and face greater social barriers, discrimination and isolation. Moreover, women and girls with disabilities are three times more likely to experience gender-based violence compared to non-disabled women.

The Rights of Persons with Disabilities Act, 2016, emphasises prevention of disability through appropriate awareness measures, investigation, and research. Article 31 of the United Nations Convention on the Rights of Persons with Disabilities mandates collection of appropriate information on PwDs to enable the formulation and implementation of policies. Can there be a better mechanism than the NFHS to gather data to understand the prevalence and pattern of disabilities?

Russia: Moscow buildings lightly damaged, while Kviy bombarded

AP ■ KIVY

A rare drone attack jolted Moscow early Tuesday, causing only light damage but forcing evacuations as residential buildings were struck in the Russian capital for the first time in the war against Ukraine.

The Kremlin, meanwhile, pursued its relentless bombardment of Kyiv with a third assault on the city in 24 hours.

The Russian Defence Ministry said five drones were shot down in Moscow and the systems of three others were jammed, causing them to veer off course.

President Vladimir Putin called it a “terrorist” act by Kyiv. The attack, causing only what Moscow Mayor Sergei Sobyenin called “insignificant damage” to several buildings, brought the war home to civilians in Russia’s capital.

Two people received treatment for unspecified injuries but did not need hospitalisation, he said in a Telegram post, adding that residents of two high-rise buildings damaged in the attack were evacuated.

Andrei Vorobyov, governor of the wider Moscow region, said some of the drones were “shot down on the approach to Moscow.”

Ukraine made no direct comment on the attack, which would be one of its deepest and most daring strikes into Russia since the Kremlin launched its full-scale invasion of Ukraine more than 15 months ago.

Putin said Moscow’s air defense “worked in a satisfactory way,” but added it is “clear that our task is to plug the gaps” in the system.

A police officer walks through a parking lot filled with damaged cars in front of a multi-story apartment building that was damaged during a Russian attack on Kyiv, Ukraine, Tuesday

ment for unspecified injuries but did not need hospitalisation, he said in a Telegram post, adding that residents of two high-rise buildings damaged in the attack were evacuated.

Andrei Vorobyov, governor of the wider Moscow region, said some of the drones were “shot down on the approach to Moscow.”

University of Edinburgh ties up with Indian Consulate for Hindi course

London (PTI): The University of Edinburgh’s Climate Change Institute has announced its first open access course in Hindi developed through a partnership with the Consulate General of India in Edinburgh, Scotland.

The Climate Solutions course is available in English, Arabic and Hindi, with versions focused on Egypt, the UAE, India and the UK.

It is designed and delivered by award-winning climate change experts, including Executive Director of the Edinburgh Climate Change Institute (ECCI) Professor Dave Reay, the university said.

“It has been a real pleasure working in partnership with the India Consulate – with whom we have an excellent link – to develop this new open access climate change course,” said Professor Reay.

“Huge thanks to the online course development team here at Edinburgh, and to the wonderful translation work led by our colleagues in the India Consulate, in bringing this important new course to life,” he said.

9 hurt in shooting near beach in Hollywood

Police investigate a shooting near Hollywood Beach on Monday in Hollywood.

Hollywood (US): Nine people were injured Monday evening when gunfire erupted along a beach boardwalk in Hollywood, Florida, sending people frantically running for cover along the crowded beach on Memorial Day.

Several of the victims were taken to a children’s hospital, police spokesperson Deanna Bettineschi said. However, authorities have not yet released the ages of the victims.

The nine victims included six adults and three children, according to Yanet Obarrio Sanchez, a spokesperson for Memorial Healthcare System. All of the victims were in stable condition, she said.

A preliminary investigation shows that an altercation between two groups resulted in gunfire, police said. One person has been detained and another suspect is being still being sought.

The shooting happened about 6:30 p.m. on the boardwalk near a convenience store, a Ben & Jerry’s ice cream store and a Subway sandwich shop.

Alvie Carlton Scott III said he was on the beach when all of a sudden he heard numerous gunshots go off. He said he hid behind a tree and then fled the area after a police officer told people to run.

Jamie Ward, who was also on the boardwalk, said several young men were fighting in front of the stores when one pulled a gun and started shooting. Videos posted on Twitter on Monday evening showed emergency medical crews responding and providing aid to multiple injured people.

“The Kyiv regime ... attempts to intimidate Russian citizens and strikes at civilian buildings,” he said at a public event, responding to a question from the head of a Kremlin-allied think tank.

“It is, of course, a clear indication of terrorist activity,” Asked by The Associated Press whether there is high-level concern that the invasion of Ukraine is endangering Russian civilians, Kremlin spokesman Dmitry Peskov said only that attacks on Russia reinforce the need to prosecute the war.

Russian political analyst Tatiana Stanovaya, a senior fellow at the Carnegie Russia Eurasia Center, said the Kremlin’s policy is to play down the attacks.

“You ask, why is Putin behaving like this, does he really not understand and fear the consequences?” she wrote in a Telegram post.

Crucial days ahead as debt ceiling deal goes for vote

Biden calls lawmakers for support

AP ■ WASHINGTON

President Joe Biden says he “feels good” about the debt ceiling and budget deal negotiated with House Speaker Kevin McCarthy as the White House and congressional leaders work to ensure its passage this week in time to lift the nation’s borrowing limit and prevent a disastrous US default. Biden spent part of the Memorial Day holiday working the phones, calling lawmakers in both parties, as the president does his part to deliver the votes.

A number of hard right conservatives are criticising the deal as falling short of the deep spending cuts they want-

ed, while liberals decry policy changes such as new work requirements for older Americans in the food aid programme.

A key test will come Tuesday afternoon when the House Rules Committee is scheduled to consider the package and vote on sending it to the full House for a vote expected Wednesday. “I feel very good about it,” Biden told reporters Monday as he left Washington for his home in Delaware.

“I’ve spoken to a number of the members,” he said, among them Senate Republican leader Mitch McConnell, a past partner in big bipartisan deals who largely sat this one out.

“I spoke to a whole bunch of people, and it feels good,” Biden said. To those progressive Democrats raising concerns about the package, the president had a simple message: “Talk to me.”

As lawmakers size up the 99-page bill, few are expected to be fully satisfied with the final product.

But Biden, a Democrat, and McCarthy, a Republican, are counting on pulling majority support from the political centre, a rarity in divided Washington, to join in voting to prevent a catastrophic federal default. Wall Street will open early Tuesday morning delivering its own assessment, as the US financial markets that had been closed when the deal was struck over the weekend show their reaction to the outcome.

McCarthy acknowledged the hard-fought compromise with Biden will not be “100% of what everybody wants” as he leads a slim House majority powered by hard-right conservatives. Facing potential blowback from his conservative ranks, the Republican speaker will have to rely on upwards of half the House Democrats and half the House Republicans to push the debt ceiling package to passage.

‘UN watchdog closes two lines of inquiry on N-programme’

Tehran (AP): Iran’s state-run news agency claimed Tuesday that international inspectors had closed off two lines of inquiry they had over Tehran’s nuclear programme ahead of a scheduled quarterly report by the United Nations’ nuclear watchdog.

The Vienna-based International Atomic Energy Agency, however, did not respond to questions over the report published by Iran’s state-run IRNA news agency.

Citing “knowledgeable sources,” IRNA said that the IAEA had closed off its inquiry over the recent discovery of traces of uranium enriched up to 83.7 per cent purity. A quarterly IAEA report in March said inspectors found the particles in Iran’s underground Fordo nuclear site, further raising nonproliferation concerns as weapons-grade material is enriched to 90 per cent.

Sunak clamps down on free vapes for children

PTI ■ LONDON

“My daughters are 10 and 12, and I don’t want the way vapes are marketed, promoted and sold to be attractive to them,” British Prime Minister Rishi Sunak said on Tuesday as he launched a crackdown to protect children from “rogue companies and online crooks”.

Announcing the new set of measures aimed at curbing under-age vaping, Sunak said expressed his shock at reports of illicit vapes containing lead getting into the hands of schoolchildren.

Taking to Twitter, the father of schoolgirls Anoushka and Krishna said: “My daughters are 10 and 12, and I don’t want the

Britain's Prime Minister Rishi Sunak, right, visits a lab testing vaping products at Kent Scientific Services in West Malling, England on Tuesday.

way vapes are marketed, promoted and sold to be attractive to them.” “That’s why I am launching a new crackdown today to protect children and go

after the rogue companies and online crooks who are putting vapes into their hands,” he said. A loophole that allows retailers to give free samples of vapes to

children in England is set to be closed under the new plans. While selling vapes to under 18s is illegal in the country, businesses have been found to be targeting children with colourful packaging of free samples. The UK government has also announced that there will be a review into banning retailers selling “nicotine-free” vapes to under-18s. “I am deeply concerned about the sharp rise in kids vaping and shocked by reports of illicit vapes containing lead getting into the hands of school children,” Sunak said in a statement. “Our new illicit vape enforcement squad – backed by GBP 3 million – is on the case, but clearly there is more to do.

EXPRESSION OF INTEREST

Punjab Infrastructure Development Board
And
Department of Industries & Commerce,
Investment Promotion and IT

DEVELOPMENT AND OPERATION & MAINTENANCE OF HOTEL, CONVENTION CENTRE AND EXHIBITION CENTRE AT LUDHIANA ON PUBLIC PRIVATE PARTNERSHIP (PPP) BASIS

Dated: 31st May, 2023

Punjab Infrastructure Development Board (PIDB) on behalf of Department of Industries & Commerce, Govt. of Punjab invites Expression of Interest from eligible applicants for **Development and Operation & Maintenance of Hotel, Convention Centre and Exhibition Centre at Ludhiana on Public Private Partnership (PPP) basis**.

EOI Availability: Expression of Interest (EOI) can be downloaded from e-procurement portal <https://eproc.punjab.gov.in> from **31st May, 2023 onwards**.

Proposal Due Date: **26th June 2023 upto 1500 hours**

The interested applicants shall have to get themselves registered at the website <https://eproc.punjab.gov.in> and obtain the mandatory Digital Signature as per the requirement for e-tendering. For clarifications on e-tendering, please contact E-procurement helpdesk or PIDB. For any subsequent corrigendums, addendums and clarifications, please refer to the websites <https://eproc.punjab.gov.in> / www.pidb.org.

PIDB reserves the right to accept or reject any application and to annul the selection process at any time, without incurring any liability and without assigning any reason thereof.

India's growth momentum to continue in FY24: RBI

PTI ■ MUMBAI

The Reserve Bank on Tuesday said that India's growth momentum is likely to continue in 2023-24 even as it made a case for pushing structural reforms to deal with the geopolitical developments and also to achieve sustained growth in the medium-term.

The Reserve Bank's annual report flagged slowing global growth, protracted geopolitical tensions and a possible upsurge in financial market volatility as possible downside risks to growth.

The report notes that volatility has ebbed in global financial markets and risks to financial stability from the failure of banks in some advanced economies (AEs) in March 2023 have eased. Resolute policy actions have stemmed the tide of confidence runs for now.

"Amidst strong global head-

winds, the Indian economy is expected to have recorded a growth of 7.0 per cent in real GDP in 2022-23," it said.

A sustained recovery in discretionary spending, particularly in contact intensive services, restoration of consumer confidence, high festival season spending after two consecutive years of COVID-19 induced isolation and the government's thrust on capex provided impetus to the growth momentum. In the second half of the year, however, the pace of year-on-year growth moderated because of unfavourable base effects, weakening private consumption demand caused by high inflation, slowdown in export growth and

sustained input cost pressures, it said.

"On the back of sound macro-economic policies, softer commodity prices, a robust financial sector, a healthy corporate sector, continued fiscal policy thrust on quality of government expenditure, and new growth opportunities stemming from global realignment of supply chains, India's growth momentum is likely to be sustained in 2023-24 in an atmosphere of easing inflationary pressures," the report said.

Slowing global growth, protracted geopolitical tensions and a possible upsurge in financial market volatility following new stress events in the global financial system, however, could pose downside risks to growth.

"It is important, therefore, to sustain structural reforms to improve India's medium-term growth potential," the 311-page report said.

RBI working on light weight, portable payment system for critical transactions during catastrophic events

PTI ■ MUMBAI

Reserve Bank of India is working on a light weight and portable payment system, a "bunker equivalent in payment systems", that can be used for critical transactions during catastrophic events like natural calamities and war.

The proposed Light weight and Portable Payment System (LPPS) will be independent of conventional technologies and can be operated from anywhere by a bare minimum staff, according to the central bank. Existing conventional payment systems like RTGS

(Real Time Gross Settlement), NEFT (National Electronic Funds Transfer) and UPI (Unified Payments Interface) are designed to handle large volumes while ensuring sustained availability. These systems are dependent on complex wired networks backed by advanced IT infrastructure.

However, catastrophic events like natural calamities and war have the potential to render these payment systems temporarily unavailable by disrupting the underlying information and communication infrastructure, RBI said in its latest annual report released on Tuesday.

CBDC pilot expanded; to include more banks, locations: Reserve Bank

PTI ■ MUMBAI

The Reserve Bank on Tuesday said the scope of the Central Bank Digital Currency (CBDC) pilot is being expanded gradually to include more banks and locations.

The first pilot in the Digital Rupee - Wholesale Segment (e rupee-W) commenced on November 1, 2022. It was followed by the first pilot for retail digital rupee (e rupee-R) was announced on December 1, 2022.

Retail digital rupee offers features of physical cash like trust, safety and settlement finality in digital mode.

It can be held or used to carry out transactions, similar to how currency notes can be used in physical form, the RBI said in its annual report.

The pilot was launched in Mumbai, New Delhi, Bengaluru and Bhubaneswar,

comprising participating customers and merchants in a closed user group (CUG).

Other locations, including Ahmedabad, Chandigarh, Gangtok, Guwahati, Hyderabad, Indore, Kochi, Lucknow, Patna and Shimla are also being added to the pilot in phases.

The pilot began with four banks -- State Bank of India, ICICI Bank, Yes Bank and IDFC First Bank -- while four other banks -- Bank of Baroda, Union Bank of India, HDFC Bank and Kotak Mahindra Bank have joined subsequently.

Hardening interest rates, geo-political risks impacting FDI inflows: DPIIT Secy

PTI ■ NEW DELHI

Hardening interest rates globally and worsening geo-political situation have impacted the foreign direct investment (FDI) inflows into India in 2022-23, a top government official said on Tuesday.

Secretary of the Department for Promotion of Industry and Internal Trade (DPIIT) Rajesh Kumar Singh said that the department would analyse the reasons for the contraction in FDI in five important sectors like computer hardware and software; construction, education, automobiles and metallurgical industries.

"I cannot think of any other reason. It is not as if our FDI policies have become protectionist. On the contrary, we have kept it very very liberal ... The decline is combination of hardening of interest rates along with geo-political risks going up around the world. In general the appetite may be less," Singh told PTI in an interview.

These five sectors had a share of USD 30 billion in India's total FDI in 2021-22 and in the last fiscal year, overseas inflows have almost halved.

"Why exactly in those sectors (FDI) has come down is to be analysed. We will have to analyse," he added.

FDI equity inflows into India declined by 22 per cent to USD 46 billion in 2022-23. The investments during the January-March 2023 quarter plunged by 40.55 per cent to USD 9.28 billion.

Though the computer software and hardware sector attracted the highest inflows of USD 9.4 billion during the last financial year, these inflows are down as compared to USD 14.5 billion in 2021-22.

Similarly, FDI in the automobile industry dipped significantly to USD 1.9 billion in 2022-23 as compared to about USD 7 billion in 2021-22.

However, the secretary added that the government is doing investment promotion on a large scale and the inflows would start recovering.

The secretary added that sectors which have received healthy inflows include information and broadcasting, agri machinery, railway-related components, medical appliances, defence industries and scientific instruments.

Jadeja proved fairy tales exist in sport: Fleming

PTI ■ AHMEDABAD

Stephen Fleming doesn't believe in fairy tales in sport but Ravindra Jadeja's near-improbable heist that took Chennai Super Kings to its fifth IPL trophy might come closest to it.

With 13 needed to win in the final over against Gujarat Titans, CSK managed only three runs off the first four balls before Jadeja smashed Mohit Sharma for a six and a four off the last two deliveries to literally snatch the Cup from Gujarat's grasp.

"They say there are no fairy tales in the sport, but it was a pretty good one today. It has been a bit difficult 18 months where, as the captaincy was difficult, the injury was difficult, it took a bit of time from out of the game for him to come back into and be reintegrated into the Test side, and then re-integrate into CSK," Fleming told the media after Chennai defeated Gujarat Titans in the IPL final here.

In fact, Fleming had in his mind conceded defeat before final two deliveries were bowled by Mohit and the Jadeja turned it all.

"We have lost finals on the last ball which is an absolute heartache. I was gearing up myself for another heartache when Jaddu hit one for six and there could have been more heartache or more joy, I was not sure.

"But when I saw the ball go down, finally there was pure joy. This competition takes you to emotional levels that you cannot imagine," the Kiwi added.

Fleming was all praise for Jadeja's firepower.

"He plays a great role with the ball, but we have got so much fire power, that some ways we use him down the order, but something has to give. MS (Dhoni) has been very supportive and proactive in getting him up there and today he repaid that faith," Fleming added.

The former New Zealand skipper explained Jadeja's shot selection.

"The six, I think, in particular of the ball which was pretty close to being perfect, was defining, and then left-handed drive to the fine leg. It was a great way to finish it. I could-

n't be more happy for him. There has been some frustration at times, but he is our gun player, he is a No 1 ranked player and today he delivered," Fleming added.

The CSK coach said his side was poor in the field in the first half, but kept getting better and confident as the rain-affected match panned out.

"215... I thought it was an excellent score but the rain came and we

had to change the momentum. We felt with the moisture around on the pitch, it was gettable. It was going to take a lot of batting.

"The start was really important because we were still shell-shocked from the fielding. The first four or six overs started to give us the belief and once we got a little bit of taste for it, it is that type of ground where it is very hard to defend, so we knew we

had a chance. It was going to be high octane all the way through," Fleming added.

Fleming praised Gujarat Titans bowlers Mohammad Shami and Mohit Sharma for taking the contest into the final ball of the match.

"The last couple of overs were very tight. Shami and Sharma bowled well, Mohit Sharma in particular has been very good," he said.

Cricket has always been a game of fine margins, believes Fleming, who has been CSK coach for a decade and half now.

"I think I said it a couple of days ago that this tournament is being defined by fine margins. I think the last couple of balls summed that up — if you just missed a yorker or go down the leg side.

"We have talked about that all the

Only you could do a miracle: Srinivasan tells Dhoni

PTI ■ CHENNAI

The thrilling last ball win by Chennai Super Kings in the IPL final against Gujarat Titans "is a miracle" and only the legend Mahendra Singh Dhoni could pull off such a show, noted industrialist and India Cements Vice Chairman N Srinivasan said on Tuesday.

Chennai-based India Cements Ltd is the principal sponsor of the Indian Premier League team Chennai Super Kings.

Srinivasan spoke to the CSK captain on Tuesday morning and congratulated him and his team for the 'great victory'.

Srinivasan's message to Dhoni was exclusively shared with PTI.

"Fantastic captain. You have done a miracle. Only you can do it. We are proud of the boys and the team," Srinivasan told Dhoni.

He advised Dhoni to take rest following the back-to-back match schedule over the past few days, and invited him to visit Chennai along with the team to celebrate the victory.

"This season has been one where the fans have demonstrated how much they love M S Dhoni. So do we," Srinivasan, who was overwhelmed by the affection shown by CSK fans, said.

way through, that if you can just get on the right side of those moments, then we can stay in and it was one of those days," Fleming said.

PRaise for RAHANE

Fleming heaped praise on senior India batter Ajinkya Rahane, who turned out to be one of the success stories for the CSK side with an incredibly successful season with the bat. What changed was Rahane's philosophy of not trying to be an anchor batter.

"My understanding is that we got rid of the tag of being the guy you bat around or bat through. I think that maybe hung over his head a little bit too much and didn't allow him to be the player that he can be.

"And once that tag was gone, when I turned up halfway through the pre-season training, I saw a guy who was in magnificent form," Fleming said.

Fleming said that Rahane didn't feature in their initial plan.

"He wasn't in our initial thoughts, but the game in Mumbai was really defining. It was one of our best wins in the tournament and he was the big

catalyst behind it, so he cemented that No. 3 spot.

"He has been unwavering the whole way through he's been nothing but positive, his nets have been positive. Anytime he's been caught on the boundary or out playing a big shot, we've just reinforced how good he's playing. So a little bit of belief and just sheer ability — he's been a wonderful player for us this year," he said.

'RAYUDU WOULD LEAVE A BIG HOLE'

The former New Zealand captain said Ambati Rayudu, who announced his retirement after this IPL final, will leave a big hole in their side.

"Ambati Rayudu has been an absolute legend. I rate him so highly as a batter and those three balls against Mohit Sharma today proved against one of the most in-form bowlers... to hit him for 6, 4 and 6 was sheer class.

"Rayudu will leave a hole, there is no doubt about it, but the game keeps moving. Doesn't it? We expected that for him to go out like that was pretty emotional within the group and for him as well," Fleming said.

Hard thing would be to work hard for nine months and try to play another IPL: Dhoni

PTI ■ AHMEDABAD

Chennai Super Kings' triumphant captain Mahendra Singh Dhoni has not yet ruled out playing in the IPL next year but said his body will have to hold up to feature in yet another season. Under the 41-year-old Dhoni's leadership, CSK won a record-equalling fifth IPL title with a five-wicket victory over

Gujarat Titans in the summit clash here on Monday.

"Circumstantially, this is the best time to announce my retirement. But the amount of love I have received all over, the easy thing would be to walk away from here, but the harder thing would be to work hard for nine months and try to play another IPL," Dhoni said after the final.

Dhoni has been the cyno-

sure of all eyes ever since the Indian Premier League began this year and in a fitting end to the finale, the captain finished with a record-leveilling fifth trophy. His fans from across the country went to the venues in large numbers to cheer for him, chanting his name wherever CSK have played this season.

"It would be a gift from me, won't be easy on the body. You do get emotional, the first game at CSK everyone was chanting my name. My eyes were full of water, I needed to take some time off in the dugout.

"I realised I need to enjoy this. I think they love me for what I am, I don't try to portray something I'm not. Just keep it simple," Dhoni said.

Speaking about the final, Dhoni said, "Every trophy is special, but what is special about IPL is every crunch game you need to be ready. There were lapses today, the bowling department didn't work, but it was the batting department that took the pressure off them today.

"I do get frustrated, it is human but I try to step into their shoes, every individual deals with pressure differently. Ajinkya (Rahane) and a few others are experienced, so you don't worry. If anyone is confused, then can always ask."

It will be a big challenge for India to come out of T20 mould and play WTC final: Gavaskar

PTI ■ AHMEDABAD

Legendary cricketer Sunil Gavaskar feels emerging from the IPL T20 mode will be the biggest challenge for the Indian players when they take on Australia in the World Test Championship (WTC) final against Australia next week.

Rohit Sharma's India will play the WTC final at The Oval from June 7 with a majority of the players having come through the rigours of IPL, which concluded on Monday with Chennai Super Kings lifting the trophy for a record-equalling fifth time.

"The biggest test will be the fact that just about everybody will be coming out of a T20 format, and Test cricket is a longer format. So, I think that's going to be the big challenge," said Gavaskar on Star Sports on Tuesday.

He added that among all the India players only veteran batter Cheteshwar Pujara was well acclimatised to the longer format as he has been playing county cricket.

"They (India) have only Cheteshwar Pujara who has

been playing in the English County Championship, so he will be the only guy who has played the longer format in these conditions, so that's going to be the big challenge for

them."

On Ajinkya Rahane, who after a long form slump has come back strongly in the IPL and helped CSK win the title this season, Gavaskar said the the 34-year-old's experience of English conditions will be beneficial to the side.

"He's got a lot of experience having played in England, having scored runs in England. So, yes, I think he is going to be crucial down at number 5. And yes, I do believe he has a point to

DEMAND NOTICE		
<p>Under Section 13(2) of the Securitisation And Reconstruction of Financial Assets And Enforcement of Security Interest Act, 2002 (the said Act) read with Rule 3 (1) of the Security Interest (Enforcement) Rules, 2002 (the said Rules). In exercise of powers conferred under Section 13(12) of the said Act read with Rule 3 of the said Rules, the Authorised Officer of IIFL Home Finance Ltd. (IIFL HFL) (Formerly known as India Infoline Housing Finance Ltd.) has issued Demand Notices under section 13(2) of the said Act, calling upon the Borrower(s), to repay the amount mentioned in the respective Demand Notice(s) issued to them. In connection with above, notice is hereby given, once again, to the Borrower(s) to pay within 60 days from the publication of this notice, the amounts indicated herein below, together with further interest from the date(s) of Demand Notice till the date of payment. The detail of the Borrower(s), amount due as on date of Demand Notice and security offered towards repayment of loan amount are as under:-</p>

Destiny had this written for him: Hardik on Dhoni leading CSK to fifth IPL title

PTI ■ AHMEDABAD

Gujarat Titans skipper Hardik Pandya paid rich tributes to his mentor and rival captain MS Dhoni, saying "destiny had this written for him" to lead Chennai Super Kings to a record-equalling fifth IPL title in what could be his last season in the lucrative league.

CSK beat GT by five wickets in a thrilling rain-affected summit showdown with Ravindra Jadeja smashing a six and a four off the last two balls to chase down a revised target of 171 in 15 overs here on Monday.

"I'm very happy for him (Dhoni). Destiny had this written for him," Pandya said after the heart-breaking loss.

"If I had to lose, I don't mind losing to him. Good things happen to good people and he's been one of the best people I know. God has been kind, God has been kind to me as well but today was his night,"

added the India white-ball all-rounder who led GT to title triumph in 2022.

Dhoni himself has not yet ruled out playing in the IPL next year but said for that to happen, his body will have to hold up.

Jadeja, who remained not out on 15 off just six balls, dedicated the title win to his skipper Dhoni. "I would like to dedicate this win to a special member of the CSK side, MS Dhoni," Jadeja said.

"Feels amazing, winning my fifth title in front of my home crowd. I'm from Gujarat, and it's a special feeling. This crowd has been amazing. They were waiting for rain to stop till late night, I'd like to say a big congratulations to the CSK fans who came to support us."

On his six and four off the last two balls, Jadeja said, "I was just thinking I need to swing hard, as much as I can. Where the ball will go, I was not thinking about that, just look-

ing to swing hard.

"I was backing myself and looking to hit straight, because I know Mohit can bowl those slower balls."

GT failed to defend their title but Pandya said he would not have asked more from the team.

"We tick a lot of boxes and played with our heart. We've always been a team that has stood together and no one gave up. We win together and we lose together. Maybe one of those games today. I'm not one of those guys who makes excuses. CSK played better cricket.

"Special mention to Sai as well. He is going to do wonders in his life. I'm really happy for the guys. We've been backing them and their success has been their success. Mohit, Shami, Rashid everyone, the way they put their hand up. Special mention to the coaching staff as well. I can't ask anything more from them."

MEDVEDEV OUT OF FRENCH OPEN

AP ■ PARIS

World number two Daniil Medvedev was knocked out of the French Open in the first round on Tuesday, losing in five sets to 172nd-ranked Thiago Seyboth Wild of Brazil.

Seyboth Wild, who came through the qualifiers and had never previously won a Grand Slam match, triumphed 7-6 (7/5), 6-7 (6/8), 2-6, 6-3, 6-4. It was Medvedev's fifth loss in the opening round at Roland Garros in seven appearances.

"I have watched Daniil play in my junior years. It's a dream come true to beat these kinds of players on this court," said the 23-year-old Brazilian who unleashed 69 winners past the Russian.

"I just wanted to get my angles right, get to the net as much as possible and use my forehand as much as possible against his — I guess it worked pretty well." He added: "I was cramping in the second set and couldn't really serve the way I wanted to but I tried to play my best tennis. I'm really happy with the way I played."

Seyboth Wild, without a win on the main tour since February 2022, had squandered two set points which would have given him a two-sets lead.

Medvedev made him pay, levelling the tie and then claiming a double break in the third set.

But the Brazilian hit back, a double break of his own in the fourth set levelling the clash as a fractious Medvedev bickered with the crowd.

In the final set, Seyboth Wild twice saw breaks retrieved by the Russian before he finally backed up a third break with a hold for 5-3.

He held his nerve to clinch the four-hour 15-minute match courtesy of two giant forehands and will face either Guido Pella or Quentin Halys for a place in the last 32.

Medvedev arrived in Paris buoyed by winning his first ever clay court title at the prestigious Italian Open last week for his fifth trophy of 2023.

But he has endured a bitter-sweet relationship with the French Open, losing in the first round in his first four visits. He ended that streak with a run to the quarter-finals in 2021.

ZVEREV WINS

Alexander Zverev made a winning return to Roland Garros on Tuesday with a straight-sets win over Lloyd Harris in the French Open first round,

12 months since suffering a serious ankle injury in the semi-finals.

The German had to retire injured from a dramatic last-four clash with Rafael Nadal last season after twisting his ankle and did not play again in 2022.

That match had already reached three hours and was locked at 6-6 in the second set after Nadal won a first-set tie-break when Zverev suffered torn ankle ligaments and had to be taken off Court Philippe Chatrier in a wheelchair.

Zverev, who was the third seed last

year, is only seeded 22nd this time around after struggling to recapture his best form since returning to the ATP Tour.

But the former US Open finalist had enough to beat South African Harris 7-6 (8/6), 7-6 (7/0), 6-1.

"It's nice to be back. I've marked this day in bold on my calendar since last year," Zverev said.

"I was obviously very disappointed with how that tournament ended for me (last year).

"That's why I think I appreciate even more when I play in a full stadium and the crowd is behind me."

Zverev went out in the first round in 2017 and needed five sets to win his opening tie at Roland Garros in both 2019 and 2021.

"No (not happy with his performance). But I'm happy that I won in three sets. Normally I start with five-set matches so I'm happy to win in three."

Zverev will next face Slovakia's Alex

Molcan as he tries to reach the third round for a sixth straight year.

He came back to the Tour at the start of 2023 but has since slipped from 12th to 27th in the rankings.

Zverev, who has won three of his five Masters titles on clay, failed to reach the quarter-finals in each of Monte Carlo, Madrid and Rome this season.

"Get some more wins. Get six more wins in the next two weeks," said the Olympic champion when asked what he wants to improve.

Van der Sar to quit as Ajax chief after 'tough period'

AP ■ THE HAGUE

Former Netherlands goalkeeper Edwin van der Sar on Tuesday announced that he was quitting as Ajax chief executive, after "an incredibly tough period" of more than a decade at the helm of the Amsterdam powerhouse.

Van der Sar's resignation comes on the back of the worst season in 14 years for the top Dutch club which finished third in the Eredivisie after a 3-1 drubbing by FC Twente on Sunday.

"After almost 11 years on the board, I am done," Van der Sar, 52, said in a statement.

"We have experienced wonderful things together, but it has also been an incredibly tough period," the former Manchester United 'keeper said, who retired from professional football in 2011. Ajax have failed to qualify for the Champions League after finishing third in the Eredivisie behind Feyenoord and PSV Eindhoven.

Media reports including the NOS public broadcaster and daily tabloid De Telegraaf said supporters held Van der Sar responsible for the club's drop in success, following the departure of sporting director Marc Overmars and trainer Erik ten Hag.

Former Dutch international Overmars quit after admitting sending inappropriate messages to female staff at Ajax, while the successful Ten Hag left for Manchester United in April last year.

Van der Sar said he needed to "take some distance, to get some rest, and to do other things."

Ajax supervisory board chairman Pier Eringa said the club "wanted Edwin to stay, but he had made his decision. We have to respect that."

Van der Sar's contract ran until June 30, 2025.

"The last season does not reflect the entire period that he has been in charge of Ajax," Eringa stressed.

Regarded as one of the world's all-time best goalkeepers, Van der Sar played for Ajax from 1990-1999, winning the Champions League in 1995.

He went on to lift the European Cup again in 2008 with Manchester United after spells at Juventus and Fulham.

Van der Sar returned to Ajax in 2012 as director of marketing before being promoted four years later to CEO. He is also the second-highest capped Netherlands player of all-time with 130 international appearances.

PERFECT MIX OF LOOKS, SAFETY & NATURE CARE

Advait couldn't have been more off the mark. At this Saturday's brunch, he was boasting to his Paso Doble class buddies they would miserably fail to find themselves an exquisite India-made car that was consummate, leave alone in convincing him that the virtues of solid safety, sleek design and care for the environment could be married together into one four-wheeler.

Soon after, the friends moodily took off and started checking various car showrooms. They didn't have to roam around much before a radiant **KIA EV6** entranced Advait and his gang. The good thing was that the premium sporty electric vehicle handily met his pretty rigorous and specific demands, too: An avid trekker on most weekends and during his biannual vacations, the top honcho liked to zoom off along with his partner to faraway sylvan surroundings. He was quite zealous about his individualism as well as possessions making a style statement without disturbing nature.

The EV6 was unlike any other electric vehicle Advait had seen before. It had a unique design (for example, viewing it from the front and back projected it as a different entity) with a sporty stance. But of course, based on KIA's new design philosophy, 'Opposite United', the EV6 left a distinct impression on every onlooker's mind.

Looks apart, the car successfully neutralises range anxiety with an ARAI certified, whopping 708 km/charge which was perfect for Advait's outings. Another important superior feature is EV6's fast-charging capability. It comes with a long-range 77.4 kWh battery pack with 800-volt ultra-fast charging capability; a 10-80 per cent charge taking barely 18 minutes with a 350-kW charger, making it perfect for long drives.

The car's powerful all-electric motor effortlessly churns out 605 Nm of torque. Its low centre of gravity makes EV6 a sporty handling experience, powering the vehicle to 0-100 in just 5.4 seconds. The EV6 also has the latest generation of KIA's Smart Regenerative Braking System that recuperates kinetic energy to

KIA EV6 ENCOMPASSES SOLID SAFETY, A SLEEK DESIGN AND CARE FOR THE ENVIRONMENT. ITS UNIQUE DESIGN, BASED ON 'OPPOSITE UNITED' PHILOSOPHY, AND AN ARAI-CERTIFIED JAW-DROPPING 708 KM/CHARGE RANGE IS BOLSTERED BY ULTRA-FAST CHARGING CAPABILITY AND A HOST OF ADVANCED SAFETY FEATURES

maximise driving range and efficiency. It comes equipped with four regenerative braking levels, where-in 'i-PEDAL' driving mode allows the car to harvest the maximum amount of energy from brakes and enables the driver to bring the vehicle to a gentle halt without needing to push the brake pedal.

KIA EV6 is one of the safest EVs available in India, with eight airbags, all-wheel disc brakes, ABS, ESC, HAC, MCBA, BAS, VSM, ESS, front and rear parking sensors, besides the ISOFIX child anchor. It also has advanced driver assistance systems (ADAS) such as Forward Collision Avoidance Assist (FCA) for car, pedestrian, cyclist, and

junction turning, Lane Keep Assist (LKA), Blind-spot Collision Avoidance Assist (BCA), Rear-cross Traffic Avoidance Assist (RCTA), Safe Exit Assist (SEA), Lane Follow Assist (LFA), Blind Spot Detection (BSD), Driver Attention Warning (DAW), and Smart Cruise Control (SCC) with Stop & Go Functionality.

Advait couldn't have been happier at being proved wrong. In the bargain, he found everything he wanted but didn't hope to find in an Indian electric vehicle - sporty design, long range, fast charging and advanced safety and driver assistance features. Now he can't wait for his next getaway in his new **KIA EV6!**
